DUGGAN URGES DAIRYING FOR WEST TEXAS

Diversification Held Only Salvation for Farmers Here

FORT WORTH MAY GET CONVENTION

Oil Industry, Taxation, Immigration, Roads, Important

By DAVID M. WARREN
(Special to The News.)

WICHITA FALLS, May 16.—With the practical assurance that Fort Worth will win the 1928 gathering, interest in the 1927 convention is centering largely in the question of the next president and winners in the Home Town speaking contest.

Clinton C. Small of Wellington, A. M. Bourland of Vernon, and R. W. Haynie of Abilene are mentioned as candidates, with their names to be presented, it is expected, this afternoon before the nominating committee. The Pampa delegation will vote for Judge Small.

The Pampa group is headed by F. P. Reid, Secretary Scott Barcus, Miss Moleta LeFors, sponsor, and Miss Catherine Vincent, Home Town speaker.

High lights of this morning's program were addresses by Governor Moody and Secretary of Labor Davis. Thousands were in attendance. The congress of nations and the delegations parade were witnessed by tens of thousands this afternoon.

Pampa, White Deer, Shamrock, McLean, Wellington, and other North Plains cities are represented by good-sized delegations.

(By The Associated Press.)

WICHITA FALLS, May 16.—Four serious problems confront the business life of West Texas, it was declared as the West Texas Chamber of Commerce convention went into its ninth annual session here today.

The problems are protection for oil and gas development, state taxation, hard roads, and immigration. The resolutions committee at the opening of its session this afternoon dealt with some of the largest issues the sectional commercial body ever faced, according to leaders.

C. C. Small of Wellington is mentioned as a likely candidate for president. The next convention likely will go to Fort Worth.

WICHITA FALLS, May 16. (AP)—A plea for further diversification of crops as the only salvation for the farmer was made by Arthur P. Duggan of Littlefield today in his annual address as president of the West Texas Chamber of Commerce. Especially did he appeal to West Texas farmers to develop the state's dairy industry.

Children's Program Will Be Presented Here This Evening

Tonight at 8 o'clock the Children's program, under the auspices of the Parent-Teachers' association, will be held in the high school auditorium. The school orchestra will play.

Mrs. Emma Daniels will have charge of the program, which will feature dances, drills, choruses and pageants by the first four grades of the public schools.

Tuesday evening the junior and senior classes will have their banquet in the new Schneider hotel, and the graduation exercises will be Thursday night at the high school auditorium.

Mr. and Mrs. Bill King are on an extended visit to Holladay, Tenn.

Likes Pampa

MISS Catherine Vincent, Pampa high school junior, won the right to represent Pampa in the "My Own Home Town" contest at the West Texas Chamber of Commerce convention.

GOOD WILL IS BROUGHT HERE

Oklahoma City Men Marvel At Growth Of Pampa

Oklahoma City good-will tourists, energetic at the start of their 26th annual trade trip, spent a lively hour and a half in Pampa this morning.

The train arrived promptly at 8:40 a. m., and the delegates, headed by their Central school ball, marched up Cuyler street, distributing many souvenirs. There were approximately 150 men on the train.

The band gave a concert at the corner of Cuyler street and Foster avenue, while more souvenirs were distributed, and the visitors became acquainted with local men. C. C. Cook, president of the local Chamber of Commerce welcomed the visitors to Pampa, and introduced G. A. Davis, a member of last year's delegation. Mr. Davis said he was surprised with the growth of Pampa, and that the key to Pampa, presented to the visitors last year by Mayor F. P. Reid, now hangs on the wall of the C. C. in their city, as a memento of their former visit.

The Rev. Joseph Platt said he considered Pampa the greatest city in the Panhandle, and with paved streets, good schools and the opportunity surrounding the city, great development was looked for.

Cars were supplied by local men, and many of the visitors went to the Wilcox oil field. The train left for White Deer at 10:10.

Among those present were: Luke O'Neil, in command of the trip; Edwin Starkey, head of the speakers' bureau; former Governor M. E. Trapp, Ed Overholser, president of the Oklahoma City C. of C., and R. G. Miller, representative of the Daily Oklahoman.

Legion To Present Picture for Fund

To insure the completion of the Pampa quota of the Legion endowment fund, the local Legion has secured the Crescent theatre for Wednesday afternoon and evening, and will show that great play, "The Dark Angel," featuring Ronald Coleman and Vilma Banky.

The play is a sensational post-war story of blind love, and features the screen's greatest lover. The funds are to be used in the keeping of war orphans and disabled soldiers.

MARINES ARE KILLED WHEN REBELS FIRE

Captain Buchanan And Private Jackson Die In Nicaragua

6 LIBERALS IN CASUALTY LIST

Armed Natives Attack Another Camp, But None Injured

(By The Associated Press.)

MANAGUA, Nicaragua, May 16.—Captain Bell Buchanan, and Private Marvin Jackson of the U. S. Marines were killed last night in a clash with a band of Liberals near Leon. It was announced today. Six Liberals were reported killed and several marines injured.

WASHINGTON, May 16.—(AP)—An attack upon the American Marine camp at Chinandega, Nicaragua was made Saturday night by armed natives who fled when Americans returned the fire, the navy department reported today. No casualties resulted.

REVOLT HAS FALLEN
MANILA, May 16.—(AP)—A revolt by rebels whose domain included perhaps as many as 40,000 subjects seemed today to have fallen. Fifty-eight leaders of the revolt are reported to have been arrested.

Senator Demands Investigation Into Marrs' Department

(By The Associated Press.)

AUSTIN, May 16.—A demand for an investigation of the activities of S. M. N. Marrs, superintendent of public instruction, was made in the Senate today by Senator Moore, who charged that Marrs is openly advertising himself as a candidate for governor.

He demanded a halt in Senate business for an investigation of the department.

French Fliers Are Sought In Fortune Lake In Canada

(By The Associated Press.)

SAINT JOHN'S, Newfoundland, May 16.—Fortune Bay has the hopes of Canadian authorities today in their search for the "White Bird" and Captains Nungesser and Gail, missing trans-Atlantic fliers.

A report has been received here that the plane was seen in that vicinity last Monday.

All-City News Stand Opens Here

The second largest all-city newspaper stand in the Panhandle opened here this morning with Sam Fine in charge. It is situated in front of Ball Brothers' cafe, and will be known as the All-City News Stand, giving 24 hours service.

Fine will receive daily and weekly papers from more than 100 cities and towns throughout the United States and Canada. The only other all-city stand is in Amarillo.

WOULD SLASH APPROPRIATIONS

AUSTIN, May 16. (AP)—Proposed slashes totaling \$471,920 to eleemosynary appropriations bills were proposed in a bill offered in the House today.

Sea Scouts Arctic Bound

THE SEA SCOUTS, LEFT TO RIGHT—STANDING: JOHNSTON POWER, BRUNO ANDREWS, KENNETH MCCLELLAND, STEVEN RAMI, JACK HOLBROOK, SITTING: JAMES RYAN, THEODORE PURCELL, OTTO CARSTENSEN AND "ROCKY"

OAKLAND, Cal., May 16. (AP)—Eight in number, as virile, vigorous and full of vim as a Cook county election were the Chicago Sea Scouts who sailed through the Golden Gate on the "Northern Light" and headed for Arctic regions.

The Sea Scouts, maritime cousins of the Boy Scouts, range in age from 15 to 20 years. They are the guests of John Borden, wealthy Chicagoan, member of the National Sea Scout Council, who has made several trips into the far north, exploring, hunting big game and whaling.

The "Northern Light" was built by Borden expressly for the Borden-Field Museum Alaska Arctic expedition. It is a yacht of the auxiliary power schooner type, displacing 500 tons.

A polar bear hunt in the frozen wastes has been promised the juvenile adventurers.

The six or seven months in the frozen north will not be a "dog's life" for the husky young sailors

and their mascot, a St. Charles Spaniel. It isn't that kind of a ship. Approximately \$1,000 went into the gold plating and marble top of one wash bowl. Faucets and pipes that show are of heavy plated gold.

It is not only the first time the cold waters at the top of the world have been invaded by Sea Scouts but also it probably will be the most luxuriously equipped expedition to break Polar ice. The 104-foot yacht was constructed at a cost of \$250,000.

With two radio receiving sets aboard, the young explorers will not know the loneliness of the old days of Peary and Cook; the cutter "Bear" and the "Boxer."

"What do we call the pooch? He's no pooch," said the spokesman. "He's a \$10,000 dog and his name's 'Sky Rocket'."

The "Northern Light" will proceed through the inland passage, through the Aleutians and then in the direction of Point Barrow into the realm of the polar bear.

British Believe Soviets Possessed Valuable Document

(Special to The News.)

LONDON, May 16.—Questioned regarding the police raid on the Soviet house, Sir William Johnson Hicks, home secretary, today told the House of Commons that information sent him by the secretary of war Wednesday had satisfied him that certain official documents were, or had been, in the possession of someone of the premises occupied by Aroos, Ltd., Soviet commercial organization. The papers in question were not found.

Balloon Sets Record For Highest Flight Made by Man

(By The Associated Press.)

BELLVILLE, Ill., May 16.—Captain Hawthorne Gray's balloon ascension here May 4 to 42,470 feet was authenticated by the bureau of standards as the highest altitude ever reached by man, according to notification received here today from Washington.

Panhandle Professor Becomes Minister

PANHANDLE, May 16.—Prof. A. L. White, who taught in Panhandle high school this year, has been ordained as a minister, and will devote his time henceforth to the Christian church work.

He intends to spend the summer with his father at Pecos, and preach as occasion offers, then will probably take seminary work.

Frank Thomas, local man, has leased the Pampa Dance club for a period of three months in the absence of Bill King.

WILDCAT HAS HEAVY FLOWS AFTER BLAST

Makes 2,100 Barrels Of 42 Gravity Oil In 12 Hours

TEST LOCATED ON LEFORS ROAD

Tag-End of South Field Has Sensational Producer

Another wildcat heard from! The Gulf Production company's No. 1, located in section 40, block 8, came through yesterday afternoon, in response to a 410 quart shot, with a flow of oil that made 2,100 barrels in the first 12 hours. During the first three hours it made 200, 195, and 210 barrels respectively. The shot was laid from a depth of 2,960 to 3,080.

This extends the Pampa field still further, the well being 5 miles east of the nearest production. Of late there have been a number of extensions to the south and west by the completions of the Bowers and Humble wells, and this development is important in bringing a vast territory on the east side of the Wilcox field into the play. Furthermore opinion has had it of late that the east side was the tag-end of the Wilcox field, due to the smaller flow from wells in this locality. Coming in as this test does, with a 4,000 barrel flow, it will stimulate drilling operations toward this end of the structure.

The Humble Pipe line company is tapping this production with its line having the well hooked up already.

The oil produced is of 42-gravity being the same oil found in the Bowers well. This quality of oil is exceptionally high for this field.

Widow and Eight Children Drown In Louisiana Flood

(By The Associated Press.)

NEW ORLEANS, May 16.—A widow and her eight children were drowned in their home as the flood waters continued to widen and inundated Plaquemine bayou de Claiborne, Louisiana, today.

Freedom, Service, Vision, Are Called Factors of Success

Three guiding factors in education and life are freedom, vision and service, declared the Rev. R. E. L. Morgan, president of Clarendon college, in his baccalaureate sermon yesterday to the graduating class of Pampa high school.

The educator and preacher delivered a simple message abounding in wisdom.

Members of the class, led by Principal J. T. Glass, marched into the Rex theatre, where the service was held, to places of honor.

RELIEF PLANS

President Coolidge has definitely decided that the Mississippi flood control project is too large for a special session of Congress to solve.

This means, in effect, that relief and rehabilitation rest almost entirely with the mercy of the people not living in that section. Imagine a lake covering more than a million acres, from which hundreds of thousands of persons have been driven hurriedly.

Their crops for the year are lost, giving them little immediate prospect of having revenue from their flood-swept land. They will find stock, machinery, homes and smaller buildings badly damaged or swept away.

Under these conditions millions will be necessary to give any semblance of relief, and only an organization like the Red Cross, with the government directing the work, can properly meet the demands. Other cities are giving to help their neighbors along the Mississippi. Pampa must not fail to do her share.

REVIVE THE FAIR

With about \$800 in the treasury, Pampa's fair cannot be classed as dead, although it has been dormant a few seasons.

Fairs are lots of trouble, but they are worth it. Nothing better shows the enterprise of a community, nor illustrates the various opportunities which exist.

Although oil is taking the major attention in this county at this time, that subject should not be allowed to overshadow the activities of the agricultural interests. Reviving of the fair would bring much publicity to Pampa, would aid the diversification program, would provide an annual social gathering, and would give merchants an opportunity to advertise their products with clever displays.

Even on a small scale at first, the fair would be worth reviving. Think it through.

TRADE TRIPPERS

Trade excursionists do themselves more good than they do others, although the purpose of the trips is to carry good will. It is well that the large cities, which depend in part upon wholesale business for their stability, sent their business heads frequently through their trade territory.

The Panhandle at this time offers trippers an eye-full; for example, the Pampa of today was no mean contrast with that of a year ago. Newspaper men marvelled at the growth of the Pampa News while inspecting the plant and reading the special edition, and other business men saw similar growth in their particular lines.

Such trips are very much worthwhile, and should be encouraged by the towns and cities visited.

A doctor urges nerve specialists instead of police to check crime. First we knew that there was anything wrong with the nerve of modern criminals.—St. Louis Star.

The Chinese as a race, a prominent student of the subject informs us, possess the wonderful faculty of being able to sleep anywhere at any time, and we wish they'd give us a good thorough demonstration.—Ohio State Journal.

Let's Hope They Live Happily Ever After

WASHINGTON LETTER

BY RODNEY DUTCHER
NEA Service Writer.

WASHINGTON. — In complete charge of relief in the Mississippi valley, is Henry M. Baker, national director of disaster relief for the American Red Cross.

At relief headquarters in Memphis, Baker is directing movement of flood refugees to safe territory, housing them in tent cities and seeing that they receive food, clothing and medical care.

This is by far the biggest job Baker or the Red Cross ever tackled, but Baker has had more experience at this sort of thing than any other American. Since he joined the Red Cross force he has personally directed relief operations in more than 140 stricken communities and administered total relief funds of \$10,0.

He has held his present job since 1922. He was educated in Australia, worked his way through a university and did post-graduate work in social economy at the University of Missouri and the St. Louis School of Social Economy, entering Red Cross work in the old southwestern division in 1919. He is 44 years old.

"The annual Mississippi floods are the big river problem of the United States," Baker remarked in private conversation shortly before this year's floods began.

"With knowledge of this fact and through co-operation with the government and the weather bureau, we are able to save any number of lives by warning people in sections about to be flooded.

"Weather bureaus all along the river telephone to the St. Louis bureau as the river rises each day. The St. Louis bureau is then able to draw its deductions.

"We know that a normal rise of three feet in 24 hours at Cairo, Ill., will mean so many acres flooded along the lower Mississippi.

"The Red Cross then wires the danger zones so that people can get out of the bottom lands. We are able to give 48 hours notice on possible floods. This system of co-operation has been working for five years."

Soon after Baker spoke, the Red Cross was doing this very same thing and preparing to cope with its major peacetime job.

Baker told of levees 50 feet high at New Orleans, built in five tiers. Thousands of persons, he said, lived between the tiers, where the land is very fertile because of river silt.

"Red Cross officials watch the newspapers for storm news," he explained. "Suppose they get word that a hurricane is coming up from the Caribbean sea to hit the Texas coast tomorrow afternoon. Immediately it wires its chapters to mobilize canteens, doctors, nurses and various facilities.

"In 1921 word of a possible hurricane was flashed to the Texas coast. The word 'mobilize' was wired to Red Cross headquarters in each town and to the commander of the Eighth army corps area at San Antonio. Supplies, including rolling kitchens and first aid materials, were prepared for removal to storm areas within a 100-mile radius.

"The hurricane failed to arrive. But a flood struck San Antonio next day and the preparations for hurricane aid were used for flood relief. The flood was due to an unpredicted cloudburst 50 to 100 miles away which caused a wall of water to sweep over the town."

TWINKLES

A Pampa man is accused of trying to wean his flivver; he cranked an hour in front of a store before looking into the gas tank. And he is not Scotch, either.

It's too bad there aren't moral victories in summer baseball.

The spirit of press agency has invaded the universities, and on a new Princeton building will be placed several petting-party gargoyles.

The National Fire Protective association says that women who smoke increase the fire hazards. But never, perhaps, on cold winter mornings.

America is a powerful nation, France should know, but we don't yet control our weather.

Ha, a sailor has received a dose of his own medicine—he discovered that his wife had married four other sailors.

He who never takes advice from others should beware of his own.

Fame is fleeting—who remembers the once much-headlined Mr. Bok?

Then, again, when one observes certain types of the new and perky generation, one is moved to repeat with the poet the line: "Oh, for the smack of a vanished hand on the place where the spunk ought to be." —Lafayette Journal and Courier.

PRESS FORUM

In its latest report, that excellent Rockefeller creation, the General Education board, observes, "Both in Europe and in America the general education level is highest where research is most active and where advanced opportunities are most abundant."

Democracy, like every form of government, must have its characteristic faults, contrasting with its characteristic merits. It sometimes overlooks the principle just stated about the necessity of the highest forms of education if the lower forms are to have vitality. The Russian government, in forcing universities to admit ill prepared students and instructors because they come from the "proletariat," is doing a poor service to the masses. Often in this country can be found distrust of the spending of money on research unless "practical" results are seen.

Galileo wrote in a letter: "My dear Kepler, how I wish we might have one laugh together! Here at Padua I have repeatedly urged the principal professor of philosophy to look through my glass at the planets and the moon; he steadfastly refuses!" Who is affecting our ideas today more than any other one person? The answer may be found in the words of the British scientist Haldane:

"At present physical theory is in a state of profound suspense. This is principally due to Einstein—the greatest Jew since Jesus."

The average is important, but the average rises insofar as we are full of enthusiasm for the Galileos and the Einsteins. The good cannot remain good, except as we honor and seek the best.—Okmulgee Times.

merce in an eastern city to protest against girls' exposed knees. Which may be called a joint protest.—Arkansas Gazette.

The Red Cross of the Philippines has sent contributions for the Mississippi Valley flood sufferers.

Treatment of the soil with lime or acid phosphate, especially where the chickens kill off the grass, is a good practice.

You can't paint a house with "apple-sauce"

When anyone tells you that a "cheap," low price, inferior paint will cost you less than good old SWP—the best house paint money can buy—that's plain "apple-sauce," bunk, taffy, soft soap—or whatever you want to call it.

No cheap, inferior paint is as economical as SWP—because you need nearly twice as many gallons to do the job—and your paint job lasts only about half as long.

Don't be fooled by a low price per gallon. If you want the real truth about paint economy we have the facts. Come in and talk it over.

GUARANTEED!

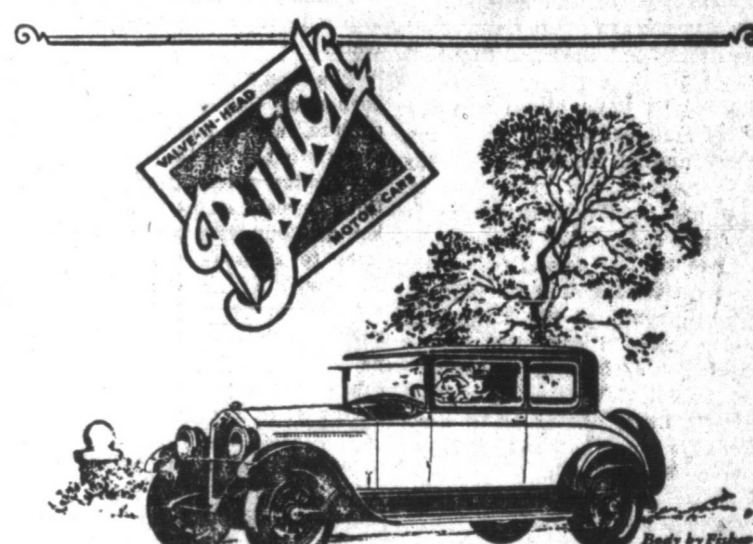

SWP House Paint is guaranteed to look better, last longer, cost less per job and per year than any paint on the market.

American Golfers Lead In Bucharest

(By The Associated Press.)
BUCHAREST—Rumania is one country in which the Scottish and English colony waited for Americans to start a golf club.

The game was introduced here by Colonel E. St. John Grebel, who after the war came to Bucharest to sell locomotives. In 1922 he organized a golf club at Bucharest, the government granting land for a nine hole course.

Spruill Fouché of Georgia, the American commercial attaché, is the club men's champion and Mrs. Robert E. Patterson of Ann Arbor, Mich., wife of the secretary of legation, is the leading feminine player.

Our umpire got so much abuse and advice that he quit in the eighth inning and Ed Beville finished the game.

SPORT TALK

Well, Borger did it again and we have no alibis this time unless those two dropped flies were in the sun, and they were not.

After Martin had a ball game won, it was lost. Lefty sure is a hard luck pitcher. This is the second loss in the same manner.

A week's hard practice should get the boys used to their new positions and better ball will be dished up next time. Manager Ed Gober has some new players lined up that should make a difference in results.

Johnnie Weeks and Sam Scaling had a good day at bat. Weeks got two singles and a triple, making his batting an even 1.000, while Sam has a single, double and triple to his credit.

Hunter in right field played a nice game pulling down three hard hit flies, and "Hook" Shaw caught the best game seen on the home diamond this year.

The boys went like a house on fire for seven innings and then blew up like a balloon stuck with a pin. It was just an off day.

The boys are not getting support enough to purchase an umpire's outfit. Nor are they being given positions. It will not come as a surprise if we wake up some day and find Pampa without a ball team. It would be a crime if that were to happen after the honor they have brought to Pampa. Can't we do something?

Our new tennis club officially opened its courts yesterday and several fast games were played. The courts are in fair shape and members will now have a chance to enjoy the results of their labor.

Clark Shuts Out Lincoln, But Game Was Already Lost

AMARILLO, May 16.—The tail-enders from Lincoln played an inspired game here Sunday to tame the ambitious Texans, 12 to 4.

Bob Clarke, called to the mound in the sixth after twelve runs had been scored off Newton, shut off the visitors' steam and allowed them one lone hit and no scores.

Bernie Vaught of Amarillo took an emergency place at short-stop and fielded well, although unable to connect with the ball.

Umpires, Matton and Harper.

Seven May Be Lucky Digit for Stanford

SAN FRANCISCO—If numerology has anything to do with college athletics then lucky seven may be propitious for Stanford University.

R. L. ("Dink") Templeton, one of seven brothers who have been more or less prominently identified with Stanford athletics, is coaching the track and field team for the seventh season, and the year of the Cardinal squad's brightest prospect in the I. C. 4-A competition ends in "seven", preceded by "192" it is generally agreed.

Before graduation Templeton made a mark of 6 feet 4 1/4 inches in the high jump, which stood as the Pacific Coast Conference record from 1920 to 1925, when it was broken by Tom Work, one of his pupils.

Grays "Blow Up" To Lose Second Game To Borger

A ball game won, and finally lost, was the result of yesterday's hectic struggle, when Borger again defeated the Grays 13 to 9.

The home club played "heads up" ball until the eighth, when they went to pieces. Eckhardt dropped an easy fly on the first man up, and Carter did likewise with the next one, and before the smoke had cleared away, five runs had crossed the plate. The ninth was a repetition of the former innings, when an error by Cahill paved the way for five more, and a total of thirteen.

Things looked bright for the home club when Weeks walked in the first went to third on two outs, and scored when Eckhardt hit a single. Eckhardt was caught trying to make home on Gober's single. The second was uneventful but the third netted the hoe club another, when Weeks got his second base on balls, and scored when Scaling hit a triple to the left field fence. Eckhardt struck out and Gober filed out, leaving Scaling stranded on third.

It looked like a runaway in the

fifth, when Weeks doubled, Cahill singled and Scaling doubled as did Carter, and three runs were tallied. The Grays made four in the eighth, Cahill, Scaling, Eckhardt and Gober crossing the plate.

Borger got two in the fourth when Hind was safe on an error and Sane rattled off a home-run off the left field fence. Eckhardt and Carter each dropped fly balls to start the eighth. Martin weakened and walked Sane. A double by Newton scored three, and two came in on Ruth's double. The ninth saw five more runs cross the plate, and the end of what started out to be a good ball game.

Both pitchers looked good but Fuller won his second start against the Grays, and hopes to make it three in a row next Sunday in Borger, but Manager Ed Gober of the locals has other plans for not letting the left hander make it three.

The box score:

Carolina Grid Star To Enter Michigan

GASTONIA, N. C. — Bernard Schneider, center on the Gastonia high school football team, champions of North Carolina last season, and chosen as an All-Southern player, will enter the University of Michigan at Ann Arbor, this fall.

Schneider, who is also a letter man in baseball, basketball and track as well as a star in wrestling and boxing, hopes to follow in the footsteps of his kinsman, Benny Freidman, All American center at Michigan.

Two Sprint Chaps Help Michigan State

EAST LANSING, Mich.—Two world champion sprinters in the Michigan State college relay team make that quartet something for rival coaches to worry about.

Captain Fred Alderman is joint holder of the world indoor 300 yard dash mark at 31.2 seconds, and Bohm Grim holds jointly the indoor mark for the 75 yard dash at 7.6 seconds.

The team turned the quarter mile event in 42.3 seconds and the half mile in 1:27.4 at the Rice relays, only two-fifths of a second short of the world intercollegiate mark in each race. Lang is the third member and Kroil and Henderson alternate in the other post.

Drive the car that established 10 world records—5000 miles in less than 5000 minutes!

The COMMANDER

A STUDEBAKER BIG SIX

Only by owning a Commander can you avoid taking Commander dust on hills and highways

FROM one Coast to the other, The Commander is smashing records of speed, records of hill climbing, records of sales!

5000 miles in less than 5000 minutes

In a recent sensational test at Culver City, California, under the auspices of the American Automobile Association, Harry Hartz and three other noted pilots drove The Commander—a strictly stock, fully-equipped enclosed car—5000 miles in 4909 minutes, total elapsed time, establishing ten new world records.

This is better than mile-a-minute speed for 81 consecutive hours and 49 minutes—the fastest speed for the farthest distance ever attained by any stock car!

It is equivalent in stress and strain to 25,000 miles of ordinary driving. Yet in establishing this and nine intervening world records, the only mechanical repairs necessary on The Commander were three grease cups (damaged in hasty greasing), and one spark plug.

The Commander Out-climbs All Other Cars

In another public contest, five automobile dealers in Batavia, N. Y.,

building by inviting all the automobile dealers to engage in an indoor hill-climbing contest—a climb of twenty ramps, ten stories in height.

The Commander wound its way easily up the steep ramps in high gear—and 5000 people cheered its victory over the field. After the contest, 102 drivers of different cars tried to equal The Commander's time-record—but every one failed!

What These Records Mean to You

You probably will never need mile-a-minute speed for 5000 miles—you may never want to enter a hill-climbing contest. But these remarkable records are proof of what we have demonstrated time and again on Studebaker's 800-acre Proving Ground—that The Commander in every phase of every-day driving will out-perform and out-live any other car, six or eight, selling for less than \$2500.

Drive The Commander Yourself

The best evidence for you of the thrilling performance of The Commander is what the car will do in your own hands. Get behind the wheel of a Commander as our guest, without strings or obligation. Learn for yourself why the Stude-

At Batavia, N. Y.

At Washington, D. C.

At Culver City, Cal.

Harry Hartz wired us after setting 10 world records in The Commander:

"Based on my experience driving my personal Studebaker Commander and in making the recent record run at Culver City Speedway with a Studebaker Commander strictly stock model, it is my opinion that it will maintain any given speed, up to sixty-five miles per hour, longer, more smoothly, and at less expense per hour traveled, for gasoline, oil and repairs, than any other stock automobile now being built in the United States."

Prices of The Studebaker Commander:

Commander Sedan, \$1585; Commander Victoria, \$1575; (brocade upholstery, \$1645); Commander Coupe, \$1545; (with rumble seat, \$1645).

All prices f. o. b. factory, including front and rear bumpers, mudbers all around, and four-wheel brakes. More than \$100 worth of extra equipment included at no extra cost.

Other Studebaker models from \$1165 to \$2245; Erling Six models, \$945 and \$995.

SOCIAL NEWS (Phone 72 Mornings)

Rev. and Mrs. J. T. Hicks and family will leave Wednesday for Memphis, where they will visit before going to the mountains to spend the summer.

Mr. and Mrs. J. A. Clough are the happy parents of a baby girl, born Sunday morning at 8:15. Mother and baby are at the Hillcrest Sanitarium, and doing nicely.

Mr. and Mrs. P. J. McNamara spent Sunday in Amarillo.

Mr. and Mrs. J. M. Ford are the happy parents of a baby boy born at the Hillcrest Sanitarium Monday morning at 10 o'clock.

Mr. and Mrs. Lynn Boyd left Monday for a business trip to Oklahoma City.

Mr. and Mrs. Ben White spent Sunday in White Deer.

L. M. Guy of the McMan Oil and Gas company who was hurt recently in an automobile accident is reported to be able to leave the Hillcrest sanitarium.

Mr. and Mrs. R. H. Fornes are parents of a baby girl, born May 9.

Little Teddy Drown, who recently underwent a mastoid operation, is getting along nicely.

Virgil Threet is spending a few days in Lockney with relatives and friends.

Miss Eloise Van Kirk of Mountain View, Okla., is here for the summer visiting Mr. and Mrs. C. T. Hunkapillar.

Mr. and Mrs. Wayne Drown are the happy parents of a baby boy, born May 14.

Miss Elsie Lard and Mr. and Mrs. Lee McConnell spent the week-end in Amarillo.

Morris Levine and Frank Soodhalter are in Wichita Falls attending the W. T. C. C. meeting.

Mr. and Mrs. John Roby spent Sunday in Amarillo.

Mr. and Mrs. Houston Parks were visitors in Amarillo Sunday.

Mrs. Baker Salsbury went to Amarillo to spend Sunday.

Mr. and Mrs. Roy Dyson were visitors in Amarillo over Sunday.

Miss Bettie Williams and Charlie Williams are ill this week.

Mr. and Mrs. J. C. Carter were in Amarillo Sunday.

Mr. and Mrs. Leonard Bailey spent Sunday in Amarillo.

Mrs. Bob Morrison has returned from a week's visit in Mobeetie.

Mr. and Mrs. W. L. Woodward have returned from a trip to Cincinnati.

M. H. Moore was a visitor in Panhandle Sunday.

Roy Harris spent Sunday in Panhandle.

Miss Fannie Hogan of Miami spent Monday here visiting friends and relatives.

Mrs. E. M. Green of Miami was in the city on Monday shopping.

Victor Hunter of Elk City, Okla., was a visitor here Sunday.

Mrs. Leonard Seither of Berger spent Sunday and Monday here with friends.

Ernest Wilson of Elk City, Okla., spent Sunday here with friends.

Mrs. Jerry McKinney of Clinton, Okla., has moved here and will make her home.

Dance Given For Teachers

Mr. and Mrs. L. C. McMurtry gave a farewell dance to the teachers who are leaving this week-end for their different homes.

A most enjoyable time was had by the following guests: Misses Josephine Cariker, Marguerite Kennedy, VeLora Reed, Harriet Rieves, Mae Morrison, Dilma Pyron, Nellie Bird Richey, and Messrs. M. L. Niddleton, Hayden Balthrope, Louis Hardin, Ed Peters, H. A. McDonadi, W. M. Gould, A. D. McNaira and Lees Durrenberger.

Childhood Subject Of Society Lesson

The W. M. S. of the Methodist church will have the following program Wednesday afternoon May 18 at the church.

Hymn, "Savior Like a Shepherd Lead Us"

Bible lesson, "The Nationalist"

Prayer, Z. H. Munday.

Subject, "The Child and the New Earth"

Discussion topic in missionary program, "Why Should We Give Our Major Attention to the Training of Childhood."

Leader, Mrs. W. Purviance, assisted by Mrs. H. Twiford, Mrs. Fred Cary and Mrs. Joe Shelton.

Brattons Have Picnic For Few Friends

Mr. and Mrs. W. A. Bratton entertained a few friends Sunday with a picnic at LeFors. Those enjoying the hospitality were Mr. and Mrs. Armstrong of Amarillo, Mr. and Mrs. Lynn of Amarillo, Mr. and Mrs. Jack Little, Mr. and Mrs. Foy Bird, Mr. and Mrs. Neal McCullough of Pampa.

Mr. and Mrs. Kinzer Given Shower

Mr. and Mrs. W. G. Kinzer were given a miscellaneous shower by friends Friday evening at the home of Mrs. Bert Isbell.

Many nice things were received. Refreshments were served by Mrs. R. E. Kinzer and Mrs. Isbell to 36 guests.

Youngsters Enjoy Picnic At LeFors

Mrs. Stowell's class and a number of the parents enjoyed a delightful picnic at LeFors Saturday.

Even though the day was a little cloudy, many snap-shots were taken of the youngsters wading, climbing, playing ball, and eating lunch.

Besides lemonade, sandwiches, pickles, cakes, and fruit brought by the children, ice cream and cones were given to the class by the P.-T.-A. for winning the banner this year.

FRANK ROBINSON PURCHASES ADAMS HOTEL

The Adams hotel was taken over this morning by Frank L. Robinson, manager of the hotel, who will operate it.

A sister of Mr. Robinson's, Miss Hattie Robinson of Galt, Mo., will come here to assist him.

The coffee shop was opened April 30 by Mrs. Florence M. Taylor. It is one of the most beautifully decorated places of the kind on the Plains and the new manager intends to make full use of it for various social purposes, in addition to high class food service. He also will continue as manager of the Adams hotel.

FOUR GUESS CORRECT WEIGHT OF ANIMAL

Four residents of Pampa are good guessers. That number made the correct guess as to the weight of the bull that was tied in front of Younger Brothers' butcher shop Saturday.

There were 1,516 registered guessers, and four were correct. The four lucky names were placed in a hat and Paul Forbis was the lucky one picked, winning the \$10 prize. The weight of the animal was 946 pounds and the per cent of dressing was 60. The calf was 10 months old and was fed by Boyce Land and Cattle company, with headquarters north of this city.

Del Rio Wind Strongest In April

(By The Associated Press.)

HOUSTON, May 16.—Del Rio heads the April record for wind velocity, L. H. Daingerfield, government meteorologist here, says in his monthly weather report and notes that it blew at the rate of 70 miles an hour there on the 11th.

Likewise Eagle Pass and Fort McIntosh were the warmest spots in the state with a temperature of 106 degrees on the 8th and 28th, respectively. Dalhart was the coldest point with a temperature of 24 degrees on the 21st. The Winfield region and Trinidad were wettest, the one with 11.38 inches of rainfall during the month and the other with 7.38 inches, on the 13th and 14th, which was the greatest amount of precipitation at any point in the state during 24 hours.

For the state as a whole, however, the monthly mean temperature was 69.4 degrees which was 3.4 degrees above normal. The monthly range was 82 degrees and the greatest daily range was at Blanco on April 2.

Average rainfall for the state was 3.14 inches or 11-100 of an inch less than the state normal. At Cline no rain fell in April, which made it the most arid point. As for snow fall, one inch fell at Ramero during the month, which gave it the state record for April.

Fifteen April days were clear, 10 were cloudy and five partly cloudy. Prevailing direction of the wind, weather sharps may be interested in knowing, was from the south.

Panhandle Proposes Much More Paving

(Special to The News.)

PANHANDLE, May 16.—Mass meetings are being held here to discuss the \$136,000 bond issue proposed to refund outstanding warrants and pave 20 additional blocks here. The bond election will be held May 18.

CORSICANA, May 16. (AP)—Mrs. Sarah Bratcher, 22 years old, was killed near Ennis today when her automobile overturned.
