\$200,000 HAS BEEN SPENT IN GRAY BY WPA

DISTRICT SUPERVISOR CONFERS WITH PAMPANS

Approximately \$200,000 has been spent on work relief projects in Gray county under WPA supervision since the government's works program was launched here in the latter part of 1935.

This figure was released here yesterday afternoon by A. A. Meredith, of Amarillo, district WPA supervisor for the Panhandle.

Mr. Meredith came here to confer with County Judge Sherman White and county commissioners over future WPA activities.

Of the \$200,000 spent in Gray county on WPA projects, the federal government supplied \$152,922.08, and the county furnished funds totaling \$46,255.22, according to Mr. Meredith.

The district supervisor said these figures included work completed up to Feb. 1 this year.

Since the WPA program was set in motion here late in 1935, Mr. Meredith stated, 339,680 man hours of labor have been put in by relief workers.

Mr. Meredith stated that there are now 4,600 persons registered on WPA eligibility rolls and of this number there is employment for only 2,600, due to recent fund curtailment in the WPA program.

However, Mr. Meredith pointed out that at this time one year ago there were nearly 7,000 persons on the WPA rolls in the district.

"Conditions in Gray county are exceptionally good," Mr. Meredith stated, "and the problems of this county are not nearly so great as those of other counties throughout the district."

Mr. Meredith praised Gray county officials for their splendid cooperation with the federal program and their liberal sponsorship of projects to supplement the government's activities.

BISHOP MOUZON DIES, BODY SENT TO TEXAS

CHARLOTTE, N. C., Feb. 11 (AP)—Bishop Edwin DuBose Mouzon, long a leader in Southern Methodism, died with his dream of a unified Methodist church in America still unfulfilled.

For years the 68-year-old religious leader who succumbed to a heart attack at his home yesterday, had urged the three branches of his church to unite. In recent months he had seen the movement progress swiftly.

His body, after funeral services this afternoon, will be taken to Dallas, Texas, for burial.

Scout Campaign Workers Asked To Meet Friday

Men who will assist in the local drive for funds with which to operate the Adobe Walls Boy Scout council during 1937 have been called by Guy McTaggart, drive chairman, to meet in Boy Scout headquarters in city hall at 3 o'clock tomorrow afternoon.

Mr. McTaggart has issued a call for eight workers from each of the following organizations: Rotary club, Kiwanis club, Lions club, Junior chamber of commerce, Veterans of Foreign Wars and American Legion. If presidents or commanders have not yet appointed their workers, they are urged to do so immediately by Mr. McTaggart.

Pampa's quota is \$3,500 and drive heads hope to raise that amount in four days.

ICKES TO SPEAK

WASHINGTON, Feb. 11 (AP)—Secretary Ickes accepted today an invitation from the Texas legislature to address a joint session the night of February 19. The speech will be one of seven he will make on a speaking tour the latter part of the month. He will leave Washington Monday and reach San Antonio to speak to the Association of General Contractors on February 17.

I Heard...

Bill Johnson, former Pampa but now of Amarillo, telling the "old gang" today that Danno McShane, the wrestling demon, is making a picture for Twentieth Century which will be released soon. Bill also reported that the Mickey McGuire who is a sensation on the Pacific coast is none other than Pampa's own Red Michael. The redhead is billed as the fastest human on the mat. Sailor Otis Clingman and Bob Roy, former Pampans, are going to fight in Montana and Wyoming.

Chimney-Whizz

So far so good, but how's Dave Woods, daring steeple-jack, going to get the rest of the way up that 285-foot chimney? However, it's not quite as impossible as it looks, for he'll use the same method that got him as high in the world as he is—by pulling up and fastening to the chimney 10-foot sections of ladder. He made the hazardous ascent at Washington, D. C., to repair a disabled lightning rod.

MOTORS STOCK DEMAND SOARS

PROFIT-SELLING FOLLOWS BIG BUYING SPLURGE

NEW YORK, Feb. 11 (AP)—An opening burst of strength in New York stock exchange trading on announcement of the General Motors strike peace was followed by some profit selling.

After a 16-minute pause caused by congestion of buying orders General Motors shares opened up \$2.50 at \$70 on a block of 10,000 shares. In earlier London dealings the issue had jumped \$4.

In the opening gap, however, the general market drove forward about \$1 to \$3 or more a share on trading so heavy the stock ticker fell about five minutes behind the market.

So great was the rush of demand for General Motors on the floor that a governor of the exchange had to help iron out the crush and adjust a price at which buying and selling orders could meet.

New Grand Piano Bought for School

The Pampa school board yesterday contracted for the purchase of a Mason-Hamlin concern grand piano for the new auditorium which will be dedicated on Feb. 18. The piano was purchased from the Tarpely Music company of Pampa.

Mason-Hamlin company gave the school a 15 per cent discount and The Tarpely Music company made a donation to the school.

The new piano will arrive in time for use at the dedication. It will be an ebony concert grand 6 feet 11 1/2 inch size.

FRENCH WOULD INTERVENE IN SPANISH WAR

CLAIM GERMANY, ITALY STILL AIDING FASCISTS

PARIS, Feb. 11 (AP)—France renewed her threats today to intervene in the Spanish civil war in behalf of the faltering Republican government unless Germany and Italy halt their aid to insurgent Fascists.

Reports of recent landings of 12,000 Italian troops at Cadiz and foreign support in the Fascist capture of Malaga stimulated evident impatience in government quarters over delay of the non-intervention committee to isolate the civil conflict.

Socialist Deputy Joseph Rous declared he would raise the point in the chamber of deputies today and ask the government what were prospects for halting all foreign aid from either side in the more than seven months old peninsula conflict.

A general meeting of the council of ministers—presumably to deal with the new situation—was called for Saturday morning.

Premier Leon Blum's newspaper Le Populaire issued a frank warning to Germany and Italy that French popular opinion might force the government to take a hand on the side of the Socialist government.

PANHANDLE GAS FIELD INJUNCTIONS PLANNED

(By The Associated Press) AUSTIN, Feb. 11 (AP)—A three-judge federal court here said today it would issue injunctions enjoining the state railroad commission from enforcing conservation orders in the Panhandle and Cole-Bruni fields.

The decision was in accordance with a recent United States Supreme Court ruling to the effect such conservation orders were invalid.

The cases were filed by the Canadian River Gas company, the Henderson company and the Cities Service gas company in the Panhandle area and the Cole Petroleum company in the Cole-Bruni field of Webb county. They attacked the state gas conservation law.

Trial of the cases awaited the outcome of similar suits filed by the Texhoma Gas company and the Consolidated Gas company in the United States Supreme Court.

Two Claim Same Office 'O Them Golden Slippers!'

Muskogee, Okla., Has Pair of City Managers

MUSKOGEE, Okla., Feb. 11 (AP)—City Manager No. 1, the man with the key to the office, peeped out from his sanctum through the letter drop City manager No. 2, the man the city council appointed, smiled at him from the reception room.

The problem of which held the post today still was unsolved. W. H. Pritchett entered his office through an outside door, using the key he kept after he defied a city council vote of 8 to 7 declaring his job vacant. Pritchett contends nine votes were needed to fire him.

He lifted the letter drop. There in the reception room was Phifer B. Boetic, appointed as his successor. "Hello," said Boetic.

"Pop," went the letter drop. Confused also were citizens as to who was city attorney. Boetic ruled out D. Haden Linebaugh, city attorney under Pritchett, and appointed W. F. Rampendahl.

The cook in the city-federal jail threw in his \$80 a month job, adding to the muddle.

N. C. Freeman resigned because he said "I can no longer listen to dictation from this and that councilman."

His resignation, effective March 1, was addressed: "To the city manager, whosoever he may be."

PLANE CRASH IN BERLIN IS FATAL TO FIVE

CRACKS UP IN BUSY THOROUGHFARE IN CAPITAL

WASHINGTON, Feb. 11 (AP)—New White House conferences prompted administration sources today to forecast a no-compromise battle by President Roosevelt in behalf of his court reorganization plan.

Summoned to discuss the Roosevelt bill which includes authority to increase the Supreme Court membership to a maximum of 15 justices, were:

Senators Pittman of Nevada, McAdoo of California and Wagner of New York—all Democrats.

Senator Norris of Nebraska, veteran independent who has said he would favor a constitutional amendment to limit the terms of Supreme Court justices.

These added two more talks across Mr. Roosevelt's desk to the unusual series of conferences over the controversial court plan which began last Friday before a special message went to the capital. Those attending have said the meetings permitted the President to amplify his views.

Senators fighting the proposed Supreme Court change claimed 32 "sure" opposition votes and that a score of others were possible. About 30 have declared in favor of the reorganization.

Administration officials close to the President said his court plan had been offered after deliberate study and a full realization it would meet with strong opposition. They were emphatic in telling reporters there was no talk of compromise at the White House.

Pending the White House discussions, formal action at the capital on court legislation was at a standstill. Chairman Sumners (D., Tex.) delayed until next Tuesday a meeting of the House judiciary committee on the reorganization program.

Reichsfuehrer Adolf Hitler, who ordinarily travels by air, was en route to his Berchtesgaden villa at the time of the storm. However, he was on a train today.

The burning gasoline was scattered over a wide area around the wrecked plane. Several street cars in the immediate vicinity were doused.

The plane fell at the busy corner of Muellerstrasse and Zeestrasse. It crumpled off a street car, severing trolley wires, which were short-circuited. An automobile on the street caught fire and burned.

The air ministry said the plane was a military reconnaissance plane en route from Stargard, Pomerania, to Jueterbog. Five air force fliers in the plane were killed.

Observers saw flames bursting from the plane when it crashed. The pilot apparently was trying to reach Schiller park, a nearby recreation ground.

(The intersection of Muellerstrasse and Zeestrasse is in the Nordpark (North Park) district of Berlin, approximately a dozen blocks north-west of the Ploesen See, a popular resort lake.)

The plane, an old-type Junkers, crashed almost in front of a cage containing 15 lions belonging to a traveling menagerie.

The roaring of the frightened animals added to the confusion at the scene.

JEAN FROST TO SING OVER LOCAL STATION

Jean Frost, charming personality singer, will make a one-time appearance as guest artist before KPND's microphones this afternoon at 6:15.

Miss Frost, an engaging entertainer with Buddy Rogers and his orchestra a short time ago, and is in Pampa visiting relatives for several days.

Gene Finkbeiner, well-known Pampa pianist, will handle the accompaniment for this afternoon's program.

STRIKE ENDS

PORT HURON, Mich., Feb. 11 (AP)—A strike at the Holmes Foundry Co. plant here manufacturing cylinder blocks for the Hudson Motor Car Co., ended today. Company officials announced they had granted a demand of the United Automobile workers for a 5 cents an hour increase in wages for those earning less than 50 cents an hour.

PLAINS FIELD ASKS FOR '38 API MEETING

According to the rotation rule, the Panhandle is scheduled to get the Mid-Continent division, American Petroleum Institute, convention in 1938. This information was contained in a telegram received yesterday by Max Mahaffey, past chairman of the Panhandle chapter, signed by Van D. Bennett, general chairman, C. H. Keplinger, program chairman and Paul S. Hedrick, publicity chairman, of the 1937 convention to be held in Tulsa, Okla., Feb. 25 and 26.

The previous night at a meeting of the local chapter, it was voted to ask that the 1938 convention be awarded to Amarillo, Pampa, the natural location for the convention, does not have sufficient accommodations to care for a convention of that size, it was brought out in a lengthy discussion at the meeting.

Mr. Mahaffey and Jay Taylor of Amarillo were appointed on a committee to contact the convention committee of the Amarillo chapter of commerce to determine whether or not Amarillo would entertain the convention if it was awarded to the Panhandle chapter.

A large delegation of Panhandle oilmen, headed by Chairman C. E. Sturdevant of the Panhandle API chapter, will go to Tulsa and ask for the convention for 1938.

Max Mahaffey of Pampa has been named a member of the general committee for the Tulsa convention and Harry E. Hoare of the Pampa Daily News has been placed on the publicity committee.

The program chairman now has under consideration papers on the following subjects to be presented at the convention:

Taxation. The Panhandle Gas Situation in Regard to Conservation. Recent Developments in Water Flooding in the Mid-Continent. The Future of Petroleum. The Fills Pool. Rotary Drilling Outfits. Methods of Taking Potentials. Practical Uses of Bottom Hole Pressure Instruments. Modern Well Completion Methods. Use of Decline Curves in Evaluation of Oil Properties.

EMMETT HAGGARD DIES IN DALLAS OF ILLNESS

Emmett Haggard, 62, brother of John Haggard, Gray county commissioner, died this morning at his home in Dallas, following a two-week illness.

Another brother, L. B. Haggard, and two sisters, Mrs. Nova Welton and Mrs. Becky Berryman, also reside in Pampa.

John Haggard went to Dallas Tuesday, following word of his brother's serious illness.

In the immediate family Mr. Haggard is survived by his widow, Laura, and one daughter, Isabelle. The decedent has been a resident of Dallas for many years.

INSPECT PRICELESS FOLIOS

VIENNA, Feb. 11 (AP)—The Duke of Windsor and his sightseeing sister Mary, the British princess royal, and her husband, the Earl of Harewood, did a little Shakespearean research today in the Austrian national library. They examined first and fourth folios, dated 1623 and 1685, which Edward said were the envy of the British museum. Later they inspected another Shakespearean collection in the downtown Hapsburg palace.

STRIKE ENDS AS WAGE HIKE IS ANNOUNCED

UNION IS BARGAINING AGENCY FOR OWN MEMBERS

DETROIT, Feb. 11 (AP)—The costliest strike in American automobile history ended formally today with the signing here at 10:45 a.m. (CST) of a peace agreement between General Motors Corporation and the United Automobile Workers union.

The signing occurred as the strike, estimated to have cost one million dollars a day in wages alone to General Motors employees, entered its forty-fourth day.

Shortly before the agreement was signed, General Motors announced a 5-cent hourly wage increase for all its employees effective Feb. 15, estimated to aggregate approximately \$25,000,000 a year.

Union Recognized. Under the terms of the agreement—

1.—The Corporation recognizes the union as the collective bargaining agency for those employees belonging to the union.

2.—The Corporation and the union agree to commence collective bargaining negotiations on February 18 with regards to the issues set forth in the letter of January 4 of the union and the Corporation.

3.—The union agrees to end the present strike and evacuate the plants now occupied by strikers.

4.—The Corporation promises to resume operations in all strike-bound or idle plants "as rapidly as possible."

5.—All employees are to return to work and without discrimination against strikers.

Training Class Brings Plan For Girl Scouts Nearer Realization

Needs of Pampa girls and possibilities of an active Girl Scout program to meet those needs, were discussed by 30 women yesterday at an all-day school of instruction in the Girl Scout house.

Miss Elizabeth Sampson, director of Girl Scouting in Amarillo, was in charge. She was accompanied here by Mrs. E. C. Will, former Pampaian who has been prominent in girls' work in the two cities.

The organizing committee which arranged for the school yesterday and for an open meeting of girls' parents recently was asked to take charge of plans for forming a central organization that may develop into a Girl Scout council here. Committee members are R. A. Selby, Mmes. L. J. McCarty, Luther Pierson, Frank Cuberson, J. M. Turner.

Morning and afternoon classes were conducted yesterday. Miss Sampson gave the history and purpose of scouting, the duties of troop leaders and committeemen, organization of troops, and then taught games and songs.

The Amarillo women repeated an invitation to Pampans to attend the annual Girl Scout banquet in Polk Street Methodist church there Feb. 16 at 7 p. m. Reservations must be made by Feb. 13 to Mrs. W. W. Gibson, 1210 Georgia, Amarillo. The banquet will celebrate the silver anniversary of Girl Scouting in America.

Women registered for the school yesterday were Mmes. H. W. Sherrieb and Max Hause of Skellytown; Mmes. Melvin L. Roberts, Roy Calvert, Jerry Lockard and A. C. Pruitt of LeFors; the following women:

Mmes. C. C. Ford, A. D. Robinson, E. L. Emerson, Mabel Hasten, R. K. Douglas, S. L. Rowland, Wade Thomason, Jim Devore, Roy Bourland, C. A. Rhea, Jack Ross, R. L. Moseley, J. R. Posey, F. C. McFarlane, D. A. Caldwell, H. O. Roberts, Turner, Cuberson, McCarty, A. A. Day, Burl Graham, W. R. Wanner, Mmes. E. W. Voss, Karle, Nichols, J. K. Longacre, Paul Kasiskie, R. B. Fisher, J. B. Blanton, Katie Vincent, Roy Holt, Claude Lard.

KITCHEN PLANS ARE DISCUSSED

Merten Club Hears Of Ideal Home Workshop

The kitchen is a food workshop, a place that should be sanitary, cheerful, compact, convenient, and used only for the preparation and serving of food. Mrs. Julia E. Kelley, county home demonstration agent, emphasized as she spoke to Merten club in the home of Mrs. W. A. Pickering Wednesday.

A kitchen is never right by accident, Mrs. Kelley said, but a convenient room comes from thoughtful planning and careful choice of furnishings. She suggested at least two windows for ventilation, built high enough to permit use of wall space beneath for a table surface or sink. Various types of kitchen wallpaper and curtain materials were shown and discussed.

Mrs. Alva Phillips presided for the business meeting. Roll call was answered by 15 members with "What I need most of 1937 club goals." Mrs. J. L. Burba and Mrs. E. M. Hope were new members.

Mrs. C. O. Bridges was appointed executive chairman to replace Mrs. Alva Phillips.

After the meeting, a Valentine party was enjoyed. A dainty salad course was served, carrying out the Valentine colors of red and white.

Advices Girls

Mrs. Ethel Travis, pictured here, is the speaker this afternoon at the vocational guidance program sponsored by the A. A. U. W. for senior girls. She is assistant dean of women at West Texas Teachers college, Canyon. Her subject is, Why Girls Should Go to College.

Girl News Scout

The new troop of Girl Scouts sponsored by Woodrow Wilson P-TA met yesterday afternoon at the Little House. Four girls, Louise Almond, Evelyn Kidwell, Marjorie Lou Blanton, and Doris Jean Caldwell, passed tests on the Girl Scout motto, law, and promise.

Scout games and songs completed the meeting hour. Afterward, the troop leaders and officers in a short business session planned a St. Patrick's party.

Girls present in addition to those named were Julia Marie Bell, Clarine Faulk, Vivian Lafferty, Lorene Canfield, Jenn Pickering, Kathleen Robinson, Anna Laurie McFarlane, Bobbie Lou Posey, Minnie Bell Williams, Betty Jean Lovell, Mary Dean Wilkerson, Sara Ann Russell, Louise Shaddux, Gloria Robinson, Dorothea Keller, Florence Mae Dillman, Betty Ann Drake, Imogene Keller, Mildred Austin.

Leaders present were Mmes. L. J. McCarty, Elanton, and D. A. Caldwell.

Troop 6
The Valentine party for troop six tomorrow afternoon will begin at 4 o'clock instead of at 5 as first planned. It was announced today. The change was made so the party could end by 6 o'clock. It will be at the Little House, and marks the end of an attendance contest with the losers as hostesses.

First Graders to Present 'Shirley' Chorus at Chapel
First grades at Woodrow Wilson school will have charge of the chapel program tomorrow at 2 p. m., when parents and friends are invited. The following program is announced.

Rhythm band music directed by Josephine Catterton.
Minuet, third grade pupils.
Accordion solo, Wanda Lou Morris.
Readings, Nancy McClelland, Julia Mary Dawes, Nicky Fraser.
Songs, first grade.
Shirley Temple chorus, with solo by Barbara Stockton and dance by Nicky Fraser.

CLUB HUSBANDS ARE GUESTS AT BUFFET SUPPER

Treble Clef Gives Annual Party at Club Room

Supper was served buffet style to Treble Clef club members, their husbands, and a number of guests at a city club room last evening at an annual party honoring the men.

Mrs. J. C. McWilliams was chairman of the hostesses committee, assisted by Mrs. W. R. Ewing and Mrs. Harry Hoare. Mmes. H. O. Roberts, E. W. Voss and Walter Stein were in charge of entertainment after the supper.

Miss Tabitha Addison, new club member, sang two solos, Only a Rose, and Gypsy Love Song. The club chorus sang Forget-Me-Not, and Royal Minuet. An impromptu song by the men started an informal hour of games and conversation.

Valentine crossword puzzles were first, then card games and bingo were enjoyed. The club room was decorated in hearts and the table was laid in red and white.

In addition to club members and their husbands, guests included Mr. and Mrs. Robert Ewing, Mr. and Mrs. M. H. Hash, Mr. and Mrs. H. T. Hampton, Mrs. G. C. Walstad, Mrs. Kate Zachry.

Chapel Program to Show Transportation History Tomorrow
A history of transportation in story and song will be presented in the chapel program at 2:30, and a Santa Fe official from Amarillo will speak on railroads, modern carriers.

Miss Lema Jane Butcher's room will be in charge. The program will climax a unit of study on transportation. Beginning at 2:30, the assembly will be open to the public. A violin solo by Phil McCrate and a piano solo by Joyce Hunter will vary the program.

P-TA STUDY CLUB
The study club of Horace Mann P-TA will meet immediately after the chapel program tomorrow afternoon, for a program led by Mrs. T. H. Henry. The subject is Alcohol and Its Effects. All members are invited to be present at 3:45.

Business Meeting Held by P-TA
WEBB, Feb. 11.—A founders day program was planned for Feb. 23 in Webb Parent-Teacher association, which met in a business session at the school Tuesday afternoon. Miss Bonnie Purcell, program chairman, will be in charge.

Mmes. E. E. Gething, R. R. Rath, and L. L. Morse were named on a nominating committee to choose officers for next term. Mrs. Emmitt Gatlin presided for the meeting.

Australia has been settled by Europeans for only about 150 years.

The Social CALENDAR

Friend Is Given Farewell Shower

Mrs. Harley Sical, who left yesterday to make her home in Amarillo, was complimented Tuesday afternoon with a farewell party at the home of Mrs. C. F. Bastion. Mmes. Emory Noblitt, J. K. Longacre, and Howard C. Jones were co-hostesses.

Games, music by Elsie Ruth Graham, Mrs. C. Stewart, and Tracy Cary, and a refreshment course were enjoyed. A shower of handkerchiefs was presented to Mrs. Sical.

Guests, members with the honoree of group four of the Christian Women's council and other friends were Mmes. C. E. Cary, Fred Whipple, Jack Landry, Bert Isbell, C. L. Shearer, George Porter Jr., Jack Whitten, L. E. Bastion, H. F. Maxey, Bruce Cobb, John Beverly, L. C. Childers, R. B. Allen, Charlotte Moore, Jack Starkey, Burt Graham, Stewart, Misses Ola Barrett and Alice Jones.

P-TA Banquet in Magic City Has Attendance of 50

By Mrs. C. A. Hodges
MAGIC CITY, Feb. 11.—Supt. R. B. Fisher of Pampa was guest speaker at a P-TA banquet in the school auditorium Monday evening, when about 50 members attended. Tables were decorated to honor Washington's birthday.

Living conditions and political problems in Russia, Germany, and Fisher, who toured these countries last year. Mrs. Fisher accompanied Mr. Fisher here.

Bud Agent was toastmaster for the evening. Local speakers were Mrs. Joe Burton, who told how the Magic City P-TA has increased in membership from 31 to 71 this year, and A. S. Wharton spoke of the organization's benefit to the school.

Mrs. Wharton played a piano solo. Jokes by Tom Beck, A. B. Pinnell, Sam Brown, Messrs. McDonald, Frye, Hilton, and Harless added spice to the program.

Boy Is Injured
Jerry, 6-year old son of Glen King, was injured when he was playing on a stack of lumber and a section of 12 by 12 rolled over on his leg. It caught the leg below the knee, breaking the bone and pulling flesh from the bone between the knee and ankle.

James Stewart was struck by a car Saturday evening in Shamrock and painfully hurt. One leg was broken and one side of his face was bruised seriously.

Church Announcements
Presbyterian and Baptist women here will meet at a joint covered dish luncheon and all-day prayer service tomorrow at the church, observing a world day of prayer for peace.

A trip which the Christian Endeavor had planned to White Deer Friday has been postponed, and the new date will be announced Sunday.

Bible class at the Presbyterian church will meet Saturday at 6:30. Sunday school at 10 a. m. and preaching at 11 a. m. Sunday are scheduled. The Rev. M. McInness of White Deer will be in charge of services. Everyone is invited.

Alford Yocum has returned from Missouri, where he was called by the illness of his father, Mrs. Vera Fry, who accompanied him to Missouri, remained there.

Carl Curr and his mother were called to New Mexico Monday by a message telling of the illness of his uncle.

Joe Johnson is seriously ill of a throat infection.

Mr. and Mrs. C. B. McCoy took their daughter, Ella June, to Pampa Monday for treatment of her ear.

Book Review Will Aid A. A. U. W. Fund For Women's Fellowship

Interest in the book and the speaker are expected to bring many hearers to the program which the A. A. U. W. fellowship committee will sponsor in city club room tomorrow evening, but members wish the public to know something of the fund to which proceeds will go.

Mrs. Ruth Midyette, who has recently come to Pampa as journalism instructor in the high school, will review Dorothea Brande's book, Wake Up and Live. Mrs. R. G. Christopher is in charge of arrangements.

Concrete accomplishments made possible by the A. A. U. W. fellowship fund will give an idea of its purpose. Charlotte A. Hankin, attorney in Washington, D. C., is engaged in legal research with a fellowship which the Texas branch of A. A. U. W. helped furnish. She is making comparative study of judicial reviews in several European countries, to find to what extent the exercise of judicial power over legislation tends to stand in the way of national progress. This question has an important bearing on attempts to curb powers of the U. S. Supreme Court.

Many college scholarships are available for study toward bachelors, masters, or doctors degrees, but the A. A. U. W. has gone a step further with its fellowships, which give financial aid to women who have obtained doctors degrees and desire to do research.

It is the only organization in the nation offering such help. Ten fellowships will be given this year. Non-members of the A. A. U. W. are eligible and foreign women as well as Americans may receive them. The Pampa chapter each year contributes a sum to this international fund.

New Bridge Club Formed, Named The Bide-A-Wee

A new bridge club, organized two weeks ago at the home of Mrs. Ted White, had its first party Tuesday with Mrs. Albert Brannon as hostess. Mrs. Brannon was elected president. Mrs. W. B. Murphy reporter. The Bide-A-Wee club was selected as the name.

Mmes. Earl Noel, Paul McNamara, and Eva Mae Embury were named as a by-laws committee to report at the next meeting, Feb. 23 at the home of the latter.

Other members are Mmes. Hazel Rainis, Luke McClellan, Hugh Isbell, Angela Wilkie, Tom Wade, and Miss Thelma Patterson. Bridge games were enjoyed Tuesday at tables decorated in a Washington theme, and Colonial hats were favored. Cherry pie and coffee were served.

Beautiful Girls Come in About Equal Numbers

HOLLYWOOD, Feb. 11 (AP)—Neither movie directors, movie cameramen, nor movie statistics agree with Arthur O'Neill, New York photographer, who says that America's most beautiful girls come from the middle west.

"They come from the south," said Earl Carroll.

"They come from the west," said Seymour Felix.

"They're more beautiful on Broadway," said Dave Gould.

But the record-book shows they come in about equal proportions from the far west and the middle west, with down east an easy third over the deep south.

Carroll, Felix and Gould served long terms in the New York revue world before they came to Hollywood. Between them, they have almost selected enough beauties to fill the Yale bowl and overflow to the 12-yard line. Gould, alone, estimates he has hired 10,000 girls.

Of course, it's a matter of personal taste," he said.

Some evidence was derived from the chorus of "The Great Ziegfeld," a beauty lineup considered to have set a new high in Hollywood. Of the 44 charmers, 17 were from the west, 12 from the middle west, eight from the eastern states, and seven from the south.

Boy Wants Radio To Play While He Burns in Chair

OSISING, N. Y., Feb. 11 (AP)—A 21-year old violinist and former choir member of a Catskill mountain church today sought the consolation of music in the hours that speeded him closer to death in Sing Sing prison's electric chair.

"He is Alfred E. Volckmann, Jr., scheduled to die tonight for the murder in 1934 of 9-year old Helen Glenn, daughter of his former pastor at Greenville, N. Y.

In the meantime he expressed the hope that prison officials would "leave the radio turned on."

Boy Scouts Adopt Jamboree Insignia

In connection with the 27th annual Boy Scout Week, Feb. 7 to 13, the Boy Scouts of America has released the design of the official insignia more than 25,000 boys will wear at the National Scout Jamboree at Washington, D. C., where they will camp together from June 30 to July 9.

The compass is used in the design because the Scouts will come from "every nook and cranny" of the nation in response to President Roosevelt's invitation.

Scout Council Is Observing Official Week

Boy Scout week is being observed over the entire Adobe Walls council, reports received today from the various towns over the huge area indicated.

Tuesday night, Scout Executive Fred M. Roberts attended a father and son banquet in Borger; Wednesday night he attended a joint

Court of Honor of the Borger and Whittenburg troops at Borger. Tonight he will be present at the Court of Honor-banquet at LeFors where three Scouts and the Scoutmaster, J. H. Durcan, will be made Eagle Scouts and 114 merit badges will be awarded, setting a new record for a single troop.

Scout celebrations are being held in Perryton, Spearman, McLean, Kellerville, Wheeler, Canadian, Miami and other towns in the council.

Parade Is Saturday

Scout week will end climactically Saturday when local Scouts and Cubs will occupy city offices and will parade and visit business places. Led by the band of troop 19 of LeFors and the 45 uniformed Scouts of the city and all other Scouts who wish, will parade in Pampa. The Scouts will meet at nine o'clock at the high school gym where the parade will start.

The parade will break up at the city hall where the boys will go to Scout headquarters immediately for business place assignments. Every boy will be assigned to spend one hour at a business place in town. From 10 o'clock on, Scouts will hold city, county and federal offices.

Each troop will furnish Scouts for the various offices as follows: Mayor and county judge, troop 23 of McCullough church; troop 14, chief of police and Scout executive; troop 80, fire chief and tax collector; troop 4, city judge and county attorney; troop 21, city secretary and city manager, sponsored by VFW; troop 20, secretary of chamber of commerce and county clerk; troop 17, postmaster and justice of peace; troop 15, county agent and county tax collector, sponsored by Presbyterian church; troop 16, manager and chief announcer of station KPDM; troop 19, LeFors, sheriff and district judge.

The troops were assigned the offices at a drawing at the father and son banquet Monday night which was attended by 250 men and boys. Scoutmaster W. Postma was chairman of the committee. His troop sponsored the banquet. Dr. S. H. Condon was principal speaker. Bob Clark, Wheeler athletic coach and magician, was unable to be present.

Clark Praised Scout headquarters this week issued a statement praising Mr. Clark for his interest in boys and for his support of the Boy Scout movement. It cited that Mr. Clark gave his time unparingly to the Scout work and to furnishing free entertainment for the various troops. He is in great demand as an entertainer this week over the council.

The Scout office also announced that the Borger and Whittenburg troops have a week-end camping trip scheduled for this week-end.

POPE REJOICES

VATICAN CITY, Feb. 11 (AP)—Pope Pius XI rejoiced at official news of the occupation of Malaga by Spanish insurgents, according to a semi-official statement. The pontiff was reported to have expressed great interest in the advance of Generalissimo Francisco Franco's troops believing this would shorten the period of bloodshed in the civil war.

What Congress Is Doing

(By The Associated Press)

Today: Senate: Routine business. Finance committee hears Secretary Wallace on reciprocal tariffs. Banking committee takes up flood relief bill. LaFollette committee continues investigation of labor espionage. House: Consider renewal of government's right to guarantee federal housing authority debentures. Merchant Marine committee opens hearing on allowing government to purchase fish for flood sufferers. Judiciary committee meets, probably to discuss legislation authorizing attorney general to intervene in suits involving constitutionality of federal laws. Yesterday: House passed legislation permitting Supreme Court justices to retire on full pay at 70 after ten years service. House flood control committee asked chief engineers for revised recommendations for flood control on Ohio and Mississippi.

MISSISSIPPI VICTORY CLAIMED BY WORKERS

MEMPHIS, Tenn., Feb. 11 (AP)—Dwellers along the mid-Mississippi hailed victory over the flood today while the lower valley waited calmly for crests now rolling into the sector.

Cautious army engineers maintained a sharp watch on levees from Memphis down but the jubilation of women and children returning to unharmed homes in Cairo, Ill., set the tone for a feeling of relief all along the river.

The Mississippi began a slow recession here after standing for two days at a record peak of 48.67 feet and the danger zone shifted southward where the pick and shovel brigade confidently manned the levee line.

Madrid Shelled In New Barrage

MADRID, Feb. 11 (AP)—Fascist batteries rained an intensive fire on all sides of Madrid today in answer to a dawn attack by its Socialist defenders.

A continuous roar of cannon and the crackling of rifle and machine gun fire could be heard throughout the city from the whole length of the siege line.

Insurgent troops, which earlier launched one of the fiercest attacks of recent weeks against the village of Fuencarral on the capital's northern border, centered their fire on government lines in nearby University City and West Park.

The day dawned bright and sunny, rekindling Madrilenos' fears that insurgent aviation and artillery would use the great visibility for a renewal of their bombardments.

Despite air raids on the outskirts, however, the center of the city was not bombed.

A strong fascist column, attacking southward towards Fuencarral from Elplantia along the Coruna road while insurgent airplanes bombed the community to terrorize its inhabitants, were said to have

PERKINS GIVES PRAISE TO GOVERNOR MURPHY

WASHINGTON, Feb. 11 (AP)—Secretary Perkins said early today, after learning of the agreement to settle the General Motors strike: "It is very gratifying to know that an adjustment has been reached in the automobile dispute. It has been obvious from the outset that once the parties concerned could sit down together and discuss their differences that the path could be cleared for a fair and honorable agreement."

Governor Murphy is to be congratulated for his wise, fair, impartial, patient and untiring efforts in handling a most difficult situation, and the representatives of General Motors and the United Automobile Workers in the conferences are to be praised for their give-and-take spirit and for their sober sense of fairness and responsibility to those they represented and to the general public.

LOCAL VIEW TO JOIN IN HELLO AMERICA HOUR

NATIONWIDE OBSERVANCE TO BE HELD ON MONDAY

Members of Pampa Post No. 1657, Veterans of Foreign Wars of the United States, of this city, will join with approximately 3,500 local units of the V.F.W. in a nation-wide observance of the sixth annual "Hello America" radio broadcast at 11:30 p.m. (EST) Monday evening, Feb. 15, over the blue network of the National Broadcasting Company.

Emanating from the banquet room of the Hotel Astor, New York City, the program will be picked up by groups of members assembled in the Post headquarters in thousands of cities and towns throughout the country. The climax of the program will be the oath of obligation into membership which Commander-in-Chief Bernard W. Kearney, Cloversville, N. Y., will administer, via radio, to a class of approximately 30,000 recruits.

One of the most unusual veteran programs of the year, the annual "Hello America" broadcast this year will feature addresses by Senator Bennett C. Clark, of Missouri, Commander-in-Chief Kearney and National V.F.W. Auxiliary President Gladys Mooney, Detroit, Mich. Its widespread popular appeal also will be enhanced by appropriate music selections presented by the V.F.W. Denver County Council band, Denver, Colo., which will play familiar A. E. F. airs; and the nationally known dance orchestras of Henry Busse, playing from the Chez Paree, Chicago; Glen Gray and his Casa Loma orchestra, playing at the Rainbow Room, Radio City, New York; and Gus Arnheim's orchestra, which will be picked up at the Congress Hotel, Chicago. In addition to these entertainment features, the "Hello America" hour will include an unique "radio contest" in which the National Broadcasting Company's "Norsemen," famous male quartet, will lead the radio audience from one end of the country to the other, in the singing of popular war-time melodies.

Commander-in-Chief Kearney announced today that Post No. 1657 will hold open house the evening of Feb. 15 in the basement of the First Baptist church and that the public of this city is cordially invited to join with the V.F.W. in observing the event.

Allred Disagrees With 30-Day Rule

AUSTIN, Feb. 11 (AP)—Gov. James V. Allred said today he was convinced the constitutional rule setting aside the first 30 days of a general legislative session for the introduction of bills was a mistake.

"There is no good reason why consideration of bills should not begin immediately," he said. "The constitution should enunciate principles, not rules."

Nevertheless, he said the legislature was making good progress and "working hard." He noted tax bills had been reported "which two years ago did not even get out of committees."

Important tax bills favorably reported by House committees would boost levies on crude oil and corporation franchisees.

The governor also said he thought there was "a good chance" to repeal the pari-mutuel horse race wagering law, recommended by a House committee. An effort at repeal failed at the last general session.

BAND PARENTS CLUB
Band Parents club of Woodrow Wilson P-TA will meet at the school building this evening at 7:30—a meeting date that has been changed from the usual Friday evening. A more varied program than has been heard by the band parents is promised by Director Eugene Seastrand and Mrs. Barber, who are in charge of entertainment. Visitors and friends are invited.

ELKS GIVE \$27
Pampa Elks, through voluntary contributions, gave \$27 to the flood relief fund. The amount has been sent to Exalted Ruler David Scholtz at Jacksonville, Fla., where an Elks club fund is being raised. Many Elks from other lodges were guests at this week's meeting.

How to EASE a COLD FOR 15¢

TWO SIMPLE RULES
INSTEAD of buying costly medicines to relieve the discomforts of a cold, try the way almost any doctor you ask will approve as the modern way—genuine BAYER ASPIRIN. It now costs only 15¢ for a dozen tablets, or two full dozen for a quarter.

The way you use it is this: Two BAYER tablets the moment you feel a cold coming on, taken with a full glass of water. Repeat, if necessary, according to directions in package. If at the same time, throat is sore, gargle with three Bayer tablets in 1/2 glass water for almost instant relief. Bayer Aspirin acts to fight fever, and the aches and pains of a cold. Relief comes quickly. Ask your druggist for genuine BAYER ASPIRIN by its full name—not the name "aspirin" alone.

Liquor Decisions Cited as Serious Obstacles to Law

AUSTIN, Feb. 11 (AP)—Bert Ford, liquor administrator, in a report to the legislature today, cited two recent court decisions which he said were "serious obstacles" in the path of law enforcement.

The court of civil appeals in Galveston, he said, held inspectors could not seize contraband liquors, and the Austin criminal appellate court ruled search warrants could not be used in detection and confiscation work.

Ford also reported two permanent injunctions against the board. A Galveston county district court restrained inspectors from seizing liquors at an establishment and a Beaumont court set aside a package store permit cancellation.

The report showed liquor revenues fell from \$812,856 in December to \$572,584 in January. Ford attributed the decline to December's holiday season and the new tax schedules in January.

In January, inspectors filed 339 criminal cases, 110 convictions were obtained and \$10,245 in fines assessed. Fines imposed in December amounted to \$13,468.

BEAUMONT, Feb. 11 (AP)—Beaumont had its coldest weather of the winter last night when the mercury registered 29. There was frost.

STOCK MARKET FLOODED WITH BUYING ORDERS

NEW YORK, Feb. 11 (AP)—General Motors Corp. common shares opened with a transfer of 10,000 shares in the New York stock exchange today at \$70 a share, up \$2.50, following announcement last night in Detroit of the strike peace.

The market generally was flooded with buying orders, many leading issues opening with transfers of 1,000 to 5,000 shares up \$1 to \$3.

So heavy was the trading that governors of the exchange had to intercede at several trading posts to agree upon opening prices. The opening price of General Motors was not yet fixed until 16 minutes after the opening gong.

U. S. Steel opened with a transfer of 5,000 shares at \$107.25, up \$1.62. Chrysler opened at \$135.25, up \$1.50. These issues then slipped back somewhat from their first prices.

The ticker tape fell five minutes behind transactions on the floor of the exchange soon after the opening. After the first rush of buying, profit taking sales appeared in several parts of the list.

JAP TEAM NAMED

TOKYO, Feb. 11 (AP)—Re-entering Davis cup competition after a year's absence, Japan's international tennis team will be made up of Hideo Nishitamura and Jiro Yamagishi of Keio university and Fumiteru Nakano of Hosei university, it was announced today. Japan failed to compete last year because of lack of funds and shortage of players.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about a pint a day or about 25 pounds of waste. Frequent or steady passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of raging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Don's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Don's Pills.

BOOKS AND MAGAZINES RECEIVED BY LIBRARY

Forty-three volumes of fiction and two subscriptions to magazines have been presented to the Pampa library. It was reported at the regular meeting this week, Mrs. James Todd, Jr., also reported that 2,940 books had been checked out during the month of January.

R. E. Williams gave the library 22 volumes of fiction and Afton Hinson donated 21 volumes. A year's subscription to the Readers Digest was given by Mrs. B. E. Finley and Mrs. Donald A. Powell gave a year's subscription to the Catholic World.

The board authorized Mrs. Todd to

subscribe to "Books in Brief" magazine. Announcement will be made soon regarding the date when Mrs. Hol Wagner will give a book review on one of the new books, proceeds to go to the library fund.

The buying power of North Carolina farmers is, reported by agricultural statisticians as being materially greater than at any other time in recent years.

Peasant Modes Are Finding Favor

You may as well make up your mind to like these novel play clothes that fashionists have been talking about these recent months. For they have the approval of the society women, the country's style setters, who actually are wearing them at Palm Beach and Miami.

Jene and Florence Moorshead, attractive daughters of Alfred L. Moorsheads of St. Louis and New York, are partial to peasant touches. In linen dresses, finished with buttons to match the gayly embroidered Dalmatian belts, they are shining examples of smartness.

Valentine Gifts Of Men Needn't Be Too Personal

AP Feature Service Writer. With Valentine's Day reminders staring at him from every other shop window these days many a young man is wondering what to do about Valentine's Day.

He can't make up his mind about whether to send the object (or objects) of his attentions flowers, candy or books, more personal gifts, or nothing at all.

According to generally-accepted rules, he shouldn't send gifts which are too personal to anyone except his fiancée. (That means lingerie, hose, and so on.) Books or candy—those old standbys—are perfectly in order if he really wants to send something. Flowers more or less denote "beau" in the old-fashioned sense of the word.

The art of giving in general is fairly complicated. To repay hospitality. Gifts for instance, are an excellent means of paying back hospitality, although most hostesses would much prefer to have a pleasant guest than to receive the most handsome gifts.

The individual who is without a home in which he or she can entertain will find more occasion to present gifts. But it will take a little thought and tact on his part to make the gift both acceptable and not to I've-got-to-pay-you-back-this-way.

The value of the gift should depend upon the purse of the donor and whether he has been a guest for a single evening or as long as several weeks. Gifts are not necessary, for the most part, in the former case. They are nearly compulsory in the latter.

Way To Hostess's Heart. Often the way to a hostess's heart is through her children. Consequently, a convenient medium through which gifts may be given to her may be her children, if she has any. The guest may take them candy or well-chosen toys, first checking with their mother—before giving them to the children—to see that she doesn't object. Or he may send them something a short time after he leaves.

The point is to do gift-giving inconspicuously. The moment the guest is greeted he shouldn't thrust a package at his hostess. And he shouldn't pull it out in a roomful of other guests—to the embarrassment of those who may not have bought gifts. In other words, he should make his presentation as casual as possible.

New Questions Will Be Hurlled At Ex-Convict

SEATTLE, Feb. 11 (AP)—Federal, state and city officers today devised new questions to hurl at an ex-convict jailed here in their hunt for the kidnaper and killer of Charles Mattson.

A detective, refusing the use of his name, said the prisoner booked as H. A. Post, 32, seaman, would be asked to clarify "conflicting points" about his movements during and after the kidnaping of the 10-year-old Tacoma boy.

Post, also known as James G. McDonald, a former convict in the San Quentin, Calif., prison, denied all knowledge of the kidnaping of December 27 but failed to satisfy officers.

The detective expressed doubt Post was implicated in the kidnaping.

Chief William Cole of the state police said they sought a red-headed woman in connection with Post's interrogation. Cole said she had been Post's companion.

A grand larceny warrant was on file in Tacoma against Post.

Police said Post registered as "Tim Donovan" at a hotel where he was arrested Tuesday. "Tim" was the signature used on the ransom note left in the Mattson home and was the name used by the kidnaper in negotiations with the family.

Governors Favor Water Program

CHICAGO, Feb. 11 (AP)—President Roosevelt's proposal for a long range land and water conservation program for the semi-arid west had the approval today of many governors of prairie states.

Chief executives who would comment on the plan promised the cooperation of their states. The program called for the development of a new agricultural economy through legislation assuring proper farming methods, surveys to determine proper use of land, reclamation of misused land, consolidation of local government units, and similar methods.

Gov. William Langer of North Dakota said the program would be "the salvation of northwest states" which suffer from droughts. He said his state would "go all the way" with the President.

The program drew favorable comment in the southwest's "dust bowl." Gov. E. W. Mariand of Oklahoma said the President "hit the nail on the head," adding "the people of the nation should share our fear that the bread basket of the nation will be destroyed unless Congress acts promptly." Governor Alford of Texas declined to comment.

DRIVERS LICENSE BILL PASSED BY COMMITTEE

AUSTIN, Feb. 11 (AP)—The House of Representatives today set itself for floor discussion of a bill which would extend Texas' market demand oil proration law four years after September 1.

By Rep. George A. Davison Jr. of Eastland the proposal was recommended favorably by the oil, gas and mining committee with but one dissenting vote.

A bill proposing to abolish the department of agriculture and transfer its duties to Texas A. & M. college was scheduled for consideration by the state affairs committee.

The highest oil tax ever to reach the floor of the House—10 cents a barrel or 10 per cent of value—was reported favorably yesterday by a vote of 10 to 8 in the revenue and taxation committee. The present levy is 2 1/2 cents or 2 1/2 per cent of its value.

Bitter controversy was expected over the proposal since the House went no higher than 3 1/2 cents and the Senate declined to increase the tax beyond 2 1/2 cents in the session last fall.

A hearing on a proposal to increase the sulphur tax from \$1.03 to \$2 a ton was announced for next Wednesday before the revenue and taxation committee.

Reported favorably by a committee was a bill by Rep. Earl Huddleston of Oglesby reducing poll taxes from \$1.75 to \$1.

The highways and motor transportation committee gave unanimous approval to a bill by Rep. Fred Harris of Dallas requiring examination of applicants for driver's licenses and authorizing suspension or revocation of licenses.

WHY BE A SUCKER

Now as never before, with boom times predicted "just around the corner," it is essential that the small investor and the public fully appreciate dangers of blind speculation.

It is easy to blame Wall Street and big business for depressions, yet Wall Street and the stock exchange simply serve as a market place for the people's securities.

Depressions cannot be legislated out of existence. The public as a whole and individually must heed the lessons of the past if severe future depressions are to be avoided.

During a period when nearly all thought has been turned toward attaining complete economic security through Washington, it must not be forgotten that in the last analysis it is the initiative and common sense of the individual upon which the welfare of the nation finally depends.

WASHINGTON LETTER

By RODNEY DUTCHER

WASHINGTON—The administration's five-billion-dollar public works program, in its function as something to be used quickly against any future depression emergency, comes as a relief to many economists here who are none too sure that the next depression is a long way off.

Predominant administration policy is now based on the gamble that the upward swing in business activity will continue for the next two or three years.

Economists here differ in their speculations and predictions, but their charts and tables show that if the present upturn continues more than three or four months longer it will break the previous longevity records.

The two big previous upturns were that of 1861-65 which lasted 46 months, and that of 1915-18, which continued 44 months. War figured in each instance.

Records—which of course do not govern the future—show that a business expansion period usually runs about one-seventh longer than the preceding contraction period, which in the 1929-33 period lasted for 45 months.

Roughly speaking, administration policymakers tend to divide into two groups at this time. One is a fiscal group which bets on steadily increasing production, bigger profits and rising federal revenue.

The other group, including many of the more liberal New Deal economists, believes that mass purchasing power has been and still is the key to recovery, and fears that the rising price level, spurred by the profit urge and made possible by accelerated business activity, is now endangering purchasing power and hence the upswing of business recovery.

Big profits are necessary to carry the budget, the fiscal group figures. It also believes that with expansion of the capital goods industry, a forecast of 60 per cent more building this year and other favorable factors, federal expenditures for stimulation of industry may now practically stop.

Various government policies are conditioned by the fiscal group's theories. One postulate is that government should be careful to do nothing to interfere with the continuing upturn—"Don't rock the boat!"

The other group is primarily anxious for action which will keep the cost of living curve on the economists' charts below the curve denoting average earnings for workers.

There has been a big price advance since last October, since election the former curve has come right up alongside the latter. When plants get to operating near capacity the usual tendency is to give prices the gun for bigger profits.

The fiscal group doesn't seem to mind, holding that the profits will be well skimmed for taxes. But the other group says that if prices get ahead of purchasing power the goose which has been laying the golden egg will be killed.

Consequently, it urges brakes on prices and a curb on monopolies which control prices, while favoring any measures which will tend to increase wages and purchasing power, to the end that all factors making for recovery may be kept in even balance.

Burglars entered the Dallas home of Daffy Dean and stole a \$300 watch. He took it calmly; after all, it's a snafue shrdletao shrdlsudrducmfwyshrdrsh it wasn't a base.

Madrid survivors are above the Spanish average in health, it is reported. It must be because of all that fresh air coming in from where the windows were.

Eleven hats are prescribed for wear by the man-about-town. The politician, of course, will have 12, counting the one to talk through.

TEX'S TOPICS

One day has passed since we mentioned here yesterday that modern men are sissies compared with their grandpaws. . . . And none has stepped forward to accept our challenge.

The challenge had to do with an idea that popped into our mind that there is none among Pampa men who has enough of the old pioneer spirit to go out and rough it for four or five days without the aid of society and modern gadgets.

In other words, you can't find a man today who is willing to go back 75 years and live in a covered wagon, do for himself, and make his own way with crude implements of that period. . . . There appears to be not a single male who would tackle a proposition of that sort and go along the old beaten paths that the pioneers trailed. . . . Get right out and cope with nature and the elements without buying his way through.

We said yesterday we didn't think there is any of the old pioneer spirit left. . . . So far, there hasn't come a peep from anybody to indicate that we are wrong about it. . . . Just a bunch of softies—that's what we are.

Sotto voce, if the party who took that two-bit gift cigar out of our top desk drawer will come back, we'll give him a book of matches to go with it.

Chick Hickman, short-stop in the Lions Club quartet, has an idea that dancing comes under the heading of vigorous exercise. . . . Henry Thut can tell you many interesting stories of Pampa's old-timers. . . . How many of you remember Tex Crosse, a Panhandle cowboy way back when?

One of our Cuyler street scouts dropped into the office today to report that women are going in for antiques. . . . He says he knows of at least one local feminine bar habitue who has been collecting old fashioned ones.

Over in Gilmore Nunn's home state, five men have just been indicted for stealing a barn. . . . Now, what is one supposed to do in a case like that—lock the horse?

Today's Safety Message: Observe road signs and traffic lights. The signs you see along the highways and the stop-and-go lights in cities are placed there not to annoy you but to protect you. Observe them.

There was no sit-down strike in the office of the county farm agent yesterday. . . . Eight chairs, loaned to the office, were sold by the owner. . . . Result was that County Judge Sherman White had to scour the court house for extra chairs.

Speaking of the strikes. . . . It probably is not wise for an auto plant employee back East to make a date these days. . . . Since hades hath no fury like a girl stood up by a sit-downer.

The relief load in 20 Panhandle counties is much lighter now than a year ago, according to A. A. Meredith, of Amarillo, district WPA director, who dropped in for a little visit with us yesterday afternoon.

Mr. Meredith reports that today there are approximately 4,600 persons registered for WPA jobs in the district, contrasted to a high of nearly 7,000 at this time last year. . . . Because of depleted funds only about 2,600 persons are employed on WPA jobs at this time.

Gray county's relief troubles are not nearly so great as other Panhandle counties, according to Mr. Meredith, who also had a word of praise for the manner in which county, city and other agencies here have been assisting and supplementing federal relief plans.

Not so many folks will get lost in the Alps this year. . . . The famous dogs of St. Bernard aren't carrying flasks of brandy any more. . . . It's thermos bottles of coffee, according to latest reports.

Tornadoes have struck 2,800 times in past 19 years. . . . according to Science Service. . . . with death toll of 5,224, two to every tornado. . . . five killed more than 100 each.

Oil well rig workers in Kansas encase themselves in a "coat of ice" for protection against extreme cold. . . . they wear an inner garment and an outer garment, the outer having been dipped in water. . . . water freezes before soaking thru.

Hens of the country have started 1937 by laying more eggs, according to the gov't. . . . poultry experts credit mild winter. . . . which has let chickens scratch for their meals.

As sign of changing times is seen discontinuance of the raw onion bowl at McSorley's Old Ale House on 7th-av, New York. . . . the onion bowl is relic of days when men felt they had to conceal smell of liquor from friend wife. . . . raw onions being best camouflage.

BALDNESS

Among the minor plagues which human beings, notably the males, are subject, baldness is outstanding. In most instances nothing can be done to prevent its ultimate development.

There are different kinds of baldness, distinguished by cause and type. Children may be born without any hair at all and fall to grow any during life. Individuals may develop large or small patches of baldness in the midst of a luxuriant head of hair.

Certain diseases of the body, such as typhoid fever, pneumonia, influenza and other febrile diseases, may be followed by a marked loss of hair, sometimes amounting to total baldness.

The thinning out of hair usually begins at the temple regions and on the crown. The process proceeds with varying degrees of rapidity until the entire top of the head becomes denuded.

The treatment of baldness depends upon its specific cause, when that can be determined. Attention to one's personal hygiene, the elimination of disease processes and of foci of infection, may contribute to the retardation of the development of premature baldness.

Scalp hygiene, to be discussed in this column tomorrow, is of importance. Beyond that, it seems the best safeguard is to choose the right sort of forefathers.

Most Beautiful Girls Come From The Middle West

NEW YORK, Feb. 11 (AP)—Where do America's most beautiful girls come from?

Without hesitation—but not without a shudder, anticipating storm blasts of protest from the famed "sun-kissed" beauties of Florida and Southern California—Arthur O'Neill, New York photographer of magazine cover girls, made this answer today:

"The middle west!"

He hastened to explain: "They may not look prettier, but for camera purposes, they've got more natural beauty."

On his list of the 1937 "All America beauty model" team—the highest-paid of their profession—is Mary Oakes, born in Pulaski, Tenn., a resident of San Antonio, Texas, when not in New York, widow of a U. S. Army officer who was killed during aerial maneuvers over Hawaii.

A movement is under way to enact legislation to set up a state police system in Georgia.

ANSWERS TO QUESTIONS

FREDERIC J. HASKINS

A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskins, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. Why were cities in the middle reaches of the Ohio river harder hit than Pittsburgh near its head? C. R.

A. The rains responsible for the floods were much heavier along the middle and lower Ohio river and the tributaries which empty into it.

Q. What religion has the greatest number of adherents in the world? T. M.

A. The Christian religion, to which about 682,400,000 people subscribe.

A. The New York Gazette was established in 1725 by William Bradford, the first printer in the Colony of New York.

Everybody's Cook Book

An especially valuable feature of Everybody's Cook Book is the fact that these tested recipes are practically all measured for small family units of from four to six. The cook does not have to worry about how many people a certain recipe will serve, or how to reduce the quantities so that the dish produced will fit her family. Young housewives, in particular, will find this helpful.

This handy service booklet is available only through the Pampa Daily News Information Bureau: 330 recipes; 64 pages fully indexed, with heavy durable cover; special sections on laying the table, rules for smart service, marketing advice, time tables for cooking and baking—the last word in scientific culinary aids. Mailed postpaid to any reader for a cost and handling charge of 15 cents. Order your copy today.

This, That and Everything

By JESS KELLEY

The idea of boogie at a contender in an athletic contest when the athlete is doing his best to play a fair game has little consideration in the minds of sensible people. At a recent prize fight in one of our areas from the crowd of disappointed spectators when a certain boxer failed to score a knock-out as the crowd had expected him to do. It shows poor sportsmanship for any one to boo a contender who is doing his best to entertain his audience like the crowd wishes it done, even though he fails to get over.

It makes no difference how expert the athletes are, there are those who would be extra smart fellows among the spectators as a general rule, who think they know more about the athlete knows himself. We often talk about the necessity for good sportsmanship among athletes, but a lack of it in the arena is no more conspicuously out of place than a lack of it among the crowd looking on. Let us all remember this well established fact: it takes a good sport to watch a contest with proper grace and a right attitude.

We are all familiar with that old principle that says the thing that counts is not "Who won, but how we played the game." Let us alter the last few words of that old slogan to fit the need of us who love to watch games. After all it won't matter much whether our side lost or won but "how did we watch the game."

AROUND HOLLYWOOD

By ROBBIN COONS

HOLLYWOOD—Film factory. Fred Astaire dances even when dancing is not required. For a scene in "Stepping Out" the star has a walk-off role, leaving the spotlight on a comic exchange between Edward Everett Horton and Eric Blore.

The scene is taken three times, and always as soon as he is out of camera range, Fred breaks into a humorous miming step to the sidelines.

The Horton-Blore scene, not unlike many these two have done in previous Astaire-Rogers films, is funny as always because it represents the meeting of two masters of what Hollywood calls the "takeum." This can be described as "a serene countenance suddenly ruffled by delayed perception," but "takeum" is handler.

After the scene, the slightly bulging Mr. Blore takes himself to his dressing room, and sits there studying his lines while he plays a phonograph several times. It is a scene he explains later that he wrote during the war. Only recently he picked up the record.

Ship Scenes in Tank. Out in the "tank" the big ship of "Souls at Sea" is foundering, and Gary Cooper and Frances Dee are doing their best to save the vessel, obedient to mechanical devices, slowly rolls and sinks and rises. The only way to see what they are doing is to wade out, and this is pneumonia weather.

Even distant observation is soon hindered, however, because I am now surrounded by a bit player, a "ribber." The poor fellow, who can't talk English but excels in gibberish and gesticulation, thinks I'm a make-up man, and insists on help. But what he wants, exactly, is hopeless to learn. My face gets redder as crude bystanders, with no hearts for his plight, breaks into unfeeling laughter. This only heightens determination to help.

I draw diagrams, make signs, finally suggest he go to see Zukor, see anybody else. By now I'm desperate, eager to get it over.

And this is the moment he reveals himself: Sid D'Arbrook, Hollywood "ribber." It's much more fun when the victim is someone else.

"Spontaneous" Snake Dance. On the "Escadrille" set the French aviators are having an informal banquet in a tavern, and at the end they break into a spontaneous snake-dance around the table, singing "Madelon" to Miriam Hopkins, who has entered with Paul Muni.

All the boys grab kettles, pots, or hats to simulate musical instruments as they march. It is all to the very gay and spontaneous snake-dance around the table, singing "Madelon" to Miriam Hopkins, who has entered with Paul Muni.

Some 22,660 needy California children under the age of 16 received assistance amounting to \$384,489.22 in November, the state department of social welfare reports.

SIDELIGHTS ON CONGRESS BY REP. JONES

Member of Congress from Texas
There are many angles to the farm tenancy problem. Land tenancy has been increasing gradually for a number of years, and every thinking person will agree that it is desirable to check this increase and turn the trend back in the other direction. There are more than two million farm tenants, many of whom desire to be and are capable of being farm owners. But securing a solution to the problem is not easy. The damage of half a century cannot be repaired in a day.

Any approach toward a solution of the tenancy problem must take into consideration these points: It must be made financially profitable to own a small farm home, and a way must be found to finance the purchase of small farm homes by owner-operators on a long-time payments at low interest rates.

The most important step in making farm ownership profitable is to maintain a fair price for farm products.

STOMACH GOES DOWN SIX INCHES; VAN-TAGE WORKS OUT AWFUL GAS & BLOAT

Well - Known Texas Says: "I was Terribly Bloat with Gas. Kidneys were So Sluggish They Got Me Up All Night. But Now My Swollen Stomach Has Gone Down and My Other Suffering Is Relieved. Van-Tage Is Wonderful!"

"I never saw ANYTHING act like Van-Tage! The way it cleans a person's system—the way it eases gas and bloat misery—the way it helps weak, sluggish kidneys—the Blessed Relief it gives from headaches, rheumatic pains, backache, clogged bowels—oh! It's simply WONDERFUL! May many others take it and get relief like I did!"
All over this section people are talking like that about VAN-TAGE, the Amazing New Medicine now being introduced to the local public at Cretney Drug Store. For instance, just a few days ago, Mr. W. I. Hedrick, of 411 Olive St., Dallas, Tex., said:

"I Am Simply Amazed at What VAN-TAGE Did For Me. This Medicine is Nothing Short of Wonderful and I Want to Endorse it to Others Who Suffer as I Did."—MR. W. I. HEDRICK, 411 Olive St., Dallas, Tex.

Swollen, Gassy Stomach Kept Him in Misery
"I don't think I'll ever be able to praise Van-Tage enough," said Mr. Hedrick. "For many years I had a gassy, upset stomach. My food wouldn't digest, but fermented and turned into gas and regular rolls of bloat would form around my waistline. I even suffered with gas pressure around my heart and had a miserable feeling at the pit of my stomach continually. I had weak, sluggish kidneys which kept me rising all night long."
Works 6 Inches of Gas From Swollen Stomach!
"Well, finally I found Van-Tage, and I want to endorse it for I think

it would be awful for any such miserable person to not know about it. It worked so much gas and bloat from my stomach organs that my waistline has gone down SIX INCHES. Oh! what relief! Now my gas pains, heavy feeling at pit of my stomach, and it also acted on my bowels as a laxative; and even my night rising, due to weak, sluggish kidneys, has gradually stopped. This medicine is nothing short of wonderful!"
Is Like Taking Several Medicines at Once
VAN-TAGE contains over 30 ingredients. So it is like taking several medicines at once. Moves loads of gas and bloat, helps cleanse the bowels, invigorates sluggish liver and kidneys, so that people declare it made them feel different ALL OVER. And—due to the immense volume in which it sells, the price of Van-Tage is reasonable. So get it—Today—at The Cretney Drug Store, next to LaNora Theatre. Adv.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Feb. 3 (AP)—The "hottest" bill introduced in the legislature in the first two weeks, and it probably will hold the record for the entire session, was by Rep. Harry N. Graves of Georgetown.
Containing 139 typewritten pages, measuring about two inches in thickness and weighing several pounds, it would consolidate various state agencies into 17 departments, each headed by an appointee of the governor, and would abolish elective officers except the governor and the lieutenant governor.
The same bill was introduced in the legislature six years ago, passed without reading by the House—some said out of regard for the hard work of the committee which prepared it—and then was killed by the Senate.

The monumental work recalled one of the most famous amendments to a bill ever introduced in a Texas legislature.

At one of the special sessions which considered setting up the Centennial celebration and finally voted \$3,000,000 for it, a representative from Houston was irked at the large number of additions made to the Centennial commission.

So he offered the Houston city director as an amendment to the bill and asked that all the names in it be added as honorary commissioners.
Former Speaker Coke Stevenson, powerful leader of the House in the last two legislatures, has a seat at the rear of the representatives' hall.
The only man in recent years who was speaker twice, Stevenson did not seek re-election and was succeeded by Robert W. Calvert of Hillsboro, elected without a contest.

Calvert gave Stevenson all the committee posts he asked for. The former House presiding officer is a member of the committees on appropriations, constitutional amendments, game and fisheries, livestock and stockraising, and public lands and buildings.

Committee appointments brought a protest from another source. Rep. Frank Mann of Houston introduced a resolution which would grant Harris county the right to secede from Texas.

Not a Harris county man was named chairman of a committee and not one originally was placed on an important committee. J. E. Winfree of Houston was appointed to the state affairs committee, one of the most important, after another man said he did not want the job.
Later a granddaughter of Winfree was appointed a House "sweetheart" and George F. Howard of Houston arose and thanked the speaker for his recognition of Harris county.

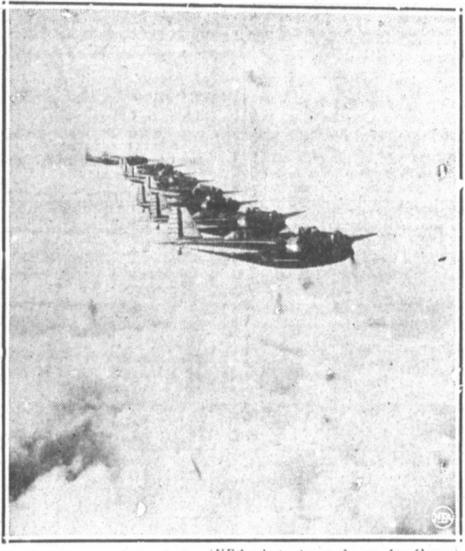

HASTY BUT NOT SPEDY
DANVILLE, Va. (AP)—W. D. Hasty, arrested for speeding, told the judge a governor on his car prevented it from going 45 miles an hour, as charged.
The judge sent the two arresting policemen out to test the automobile.

In such perfect alignment that they give the appearance of a weird serpent rather than airplanes, a squadron of U. S. Army bombers poised above the clouds over Langley Field, Va., ready for the 2000-mile "routine flight" to France Field, Panama Canal Zone. After an 810-mile hop to Miami the bombers were to nose out over the Caribbean for the last 1140 miles, mostly over water.

MILLION ACRES TERRACED AND CONTOURED IN 21 COUNTIES

COLLEGE STATION, Feb. 11—The 1,411,343 acres terraced and contoured during 1936 under the supervision of county agricultural agents in the 21 Panhandle counties which comprise District 1 represent an increase of 1,304,947 acres over the 1935 figures, according to the annual report of P. D. Hanna, district agent supervising the work.
The annual reports of the field agents in Hanna's district indicate a sum total of accomplishments far exceeding the results obtained in any previous year.
The administration of the wind erosion control program, under J. K. Edwards, assistant district agent in soil conservation work, was affected at a cost of seven-tenths of a cent per acre. The direct result of the emergency wind erosion program was the saving of from five to eight million bushels of wheat and a great

decrease in damage from wind erosion to more than a million acres. Work with 4-H Club boys in the district produced an enrolment of 1,148 boys. Trench silo demonstrations were popular, and 260 trench silos were constructed during the year as compared with 161 in 1935.
The terracing and contouring campaign reached 4,824 farms in 1936 against 2,143 the preceding year. Agents made 9,655 farm visits to 5,852 different farms as contrasted with 5,737 visits to 3,540 farms in 1935.

County agricultural agents in District 1, in carrying the conservation work to farmers in their counties, spent a cumulative total of 5,581 days in the field as compared with 3,464 in 1935.
Counties in District 1 and their county agricultural agents are: Armstrong, J. F. Ford; Carson, M. P. Leaming; Childress, V. E. Hafner; Collingsworth, W. K. ROBERT TAYLOR SENDS CASH TO GRANDFATHER

(By The Associated Press)
BEATRICE, Neb., Feb. 11—Dwight Dalby of Beatrice, longtime friend of Robert Taylor and his family, disclosed today the movie star sent money to his aged grandfather, Jacob A. Brugh, "within the last few days" in an effort to prevent him being a state pensioner.
"I don't know how much it was," Dalby said, "but I do know the boy intends to take care of his grandfather all right."
Dalby, who knows Taylor as young Arlington Brugh—the name he bore before entering film work—said he talked with the actor by telephone. Taylor wanted him to act as his agent or obtain some other agent at Beatrice, Dalby said, but finally decided it would be better to send the money direct to his grandfather by registered letter.

LA FOLLETTE CLAIMS DETECTIVE AGENCY EVADED STRICT LAW

WASHINGTON, Feb. 11 (AP) — Chairman LaFollette (Prog-Wis) of the Senate civil liberties committee charged today the Pinkerton National Detective Agency had "evaded" a strict Wisconsin law requiring registration of detectives.

He asserted the agency "got around" the statute by listing its informants as "watchmen" rather than detectives.

LaFollette made the charge after J. O. Camden, Chicago division manager for the agency, described its labor espionage work for the General Motors Corporation and other employers in Wisconsin.

Camden said General Motors paid for labor information purchased from a Chevrolet plant worker at Janesville.

Pinkerton also conducted an investigation into "radicalism" and labor activity in Wisconsin for the national metal trades association, Camden said.

LET'S KNOW TEXAS AND TEXANS

BY WILL H. MAYES.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquiries must give names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Is electric power consumption increasing in Texas?

A. There was an increase of 12.6 per cent in 1936 over the previous year, as follows: Commercial production 14.3 per cent, industrial 13.2, residential 10.5, miscellaneous, 9.6. These figures are based on reports of 17 electric power companies that produce the bulk of such power in the state.

Q. Was Jean LaFollette a typical pirate?

A. LaFollette was well educated, spoke several languages, was immaculate in dress, polished in manners, and made many friends. He held letters of marque and reprisal from the government of Venezuela permitting him to prey upon the commerce and shipping of Spain with which Venezuela was at war. He sailed under the flag of Venezuela and by many historians was classed as a "privateer" under protection of that government.

Q. Who was Adolphus Sterne?

A. He was a German Jew, who settled at or near San Augustine in 1826 and was active in the Fredonian rebellion in 1827, at which time he was arrested by Mexican military forces, kept chained for two weeks

and sentenced to be shot, but later was pardoned. He served Texas throughout the revolution and after annexation was a member of the Texas Legislature. He died in New Orleans in 1852.

Q. How did the present-day, popular rodeo originate?

A. From necessary cattle roping, cowboys began having roping contests on cattle ranches, first between the men on a ranch and then in competition with neighboring ranches. With the advent of county fairs the roping contest became a feature presented by neighborhood cowboys and soon experts found it profitable to engage in various exhibitions showing their skill with cattle and horses, these known as "rodeos" to indicate the wired field of the exhibitions.

FINANCING.

Why all the rush for United States Steel shares? Here's the reason: New financing is expected. It will be done via the sale of additional common stock. The company's charter prevents new shares being sold under part which is \$100 a share. And that's the story.

Not long ago the company announced a \$50,000,000 expansion program. The preferred dividend accumulations total \$33,000,000. Insiders say that the sale of 1,000,000 shares at \$100 a share would give the organization ample additional funds. This will take care of the preferred stock arrearages and pay for the expansion program.

The last time United States Steel did financing was in 1929. At that time 1,016,905 shares were offered at \$140 a share. Stockholders subscribed to all but 6,738 shares which were sold in the open market.

In order to make the new offering attractive directors are expected to place the common on a dividend paying basis. A net of \$2.90 was earned during 1936. Insiders say that this year's first three months' net will run better than \$2 a share.

PEACE.

Trading interests wonder why the bad action of the airplane manufacturing securities. Here's the answer: Hitler's recent broadcast was of conciliatory tone. "A new era of cooperation," eases the threats of a European war. With peace in the political air it is construed to mean that European governments may reduce buying of American made airplanes.

CLEAN-UP.

For some months your correspondent has disclosed that a British group had control of the world cocoa supply. That group is the United African Company. The clique forced prices to 13 cents per pound in order to squeeze the shorts who dared to take such positions. But with the higher prices Gold Coast growers refused to sell output. The result was that the British clique started dumping. That is why cocoa prices dipped sharply.

The sustained strength of cocoa—moving from five cents to 13 cents per pound—brought a huge speculative following into the market. But with the four cent shake-out most of these accounts are reported to have been wiped off the market. It has also frightened Gold Coast growers into offering holdings. Thus—according to informed circles—the British clique did away with the speculative following and obtained a hold on the unsold African crop.

Commodity traders say that the well planned move strengthened the technical position of the cocoa market. Manufacturing consumers are again on the buying side after having remained on the sidelines for weeks. The clean-up is expected to bring about a renewal of the upward movement.

WAITING.

International bankers look for a tightening of money conditions in the British capital. It is noted that there has been an easing of high-grade bond prices in London. It is also noted that common securities have been running into profit-taking. Some regard it as an omen of what might be expected in domestic markets. For that reason new investment commitments are being withheld pending the outcome of effects on world markets.

OVERVALED.

Because of an anticipated favorable 1936 financial report the common shares of Peoria & Eastern Railway have more than doubled in price since the turn of the year.

Insiders don't expect that any payment will be made on the second consolidated mortgage income four per cent bonds. They say the income will be used for the reducing of loans obtained from the New York Central and the Big Four. There's a mystery in the price movements of the Peoria & Eastern shares. At the price of \$9 the 99,942 shares of common have a value of about \$899,000. With the four per cent bonds quoted at only 20 the outstanding issue has a market value of only \$800,000. That is, market prices indicate that the common shares have a \$100,000 greater value than the bonds. Insiders say that the difference is due to speculative enthusiasm and not long-term buying.

TWINS.

Glen L. Martin Aircraft will soon start working on a new \$625,000 contract. It's from the Kingdom of Siam. The planes will be twin-motored naturally.

REPORTS ARE THAT:

Paris has been a buyer of internationally traded securities as a hedge against possible further devaluation of the franc. . . . Semi-investment buying evident in Standard Brands. . . . Crucible-Steel insiders look for large per share earnings during first six months this year. . . . Plymouth Oil being switched into Socony-Vacuum. . . . John Morrell & Company has a large inventory position which will show up beneficially in financial report. . . . Important accounts accumulating International Nickel—don't expect Hayden estate to initiate liquidating. . . . Investment managers like long-pull prospects of Detroit Edison. . . . Pacific Lighting has a promising future. . . . Possible unfavorable chain store tax legislation account for uncertain market action of Woolworth and S. H. Kress. . . . Floating supply of Shell Union Oil is small—Dutch and British interests control bulk of outstanding stock. . . . Hecker Products has a new public following—this one formerly known as Gold Dust. . . . Goodyear Tire can manufacture 24 tires per year per share. . . . Bulk of United States Steel share buying traced to short covering. . . . Current market price of Pure Oil is at book value of properties. . . . Sparks-Washington being switched into Transamerica. . . . And, that by increasing bank reserve requirements the Federal Reserve Board now has full control of the country's market. (Copyright, McClure Newspaper Syndicate.)

Why is Uncle Thud in such a big rush, is it Town Hall tonight?

No, he knows the auto strike will cause a shortage of good used cars "trade ins" because some makes of new cars are not "comin' thru" and, as his old bus is just a repair bill and highway menace, he is going to trade before scarcity raises prices. Social Security and safety first. Yes, Virginia, there is a Santa Claus.

STRIKE LASTED 40 DAYS AND COST MILLIONS

SIT-DOWN MANEUVER IS SUCCESSFUL EXPERIMENT

DETROIT, Feb. 11 (AP)—The automobile industry's "contest of the century" was a struggle of more than 40 days, marked by more apprehension than violence, more threats than action and a marathon of conferences.

In the lists as opposing gladiators were the automotive giant, the billion dollar General Motors corporation, and the United Automobile Workers of America, lusty infant of John L. Lewis' Committee for Industrial Organization.

Unique in that it was the first great strike in the industry as well as the first widespread and correlated use of the "sit-down" maneuver in this country, the dispute involved through a single corporation nearly half the nation's automobile production.

The cost was far up in the millions. Approximately 135,000 employees of General Motors and subsidiaries missed pay checks. The daily loss in wages was estimated at \$1,000,000.

Effects of the strike paralyzed at times 40 plants in 35 cities and 14 states from New Jersey to California. Flint, Mich., with 38,000 of its 165,000 residents thrown into idleness, became the strike capital. The daily loss in wages there was estimated at \$300,000, and the city's economic life was seriously impaired.

The issues were secured at times by hurries of statements from both sides.

Briefly, they were: The demand of the United Automobile Workers of America for recognition as the sole bargaining agent for General Motors employees; abolition of piece-work in favor of straight hourly rates; a 30-hour week and 6-hour day, with time and a half for overtime and a "minimum rate of pay commensurate with an American standard of living"; seniority rights based on length of service; reinstatement of all employees who had been "unjustly discharged"; mutual agreement on "speed of production."

One issue appeared transcendent—the union's demand for recognition as the sole bargaining agency. There stood as an obstacle in the path to negotiations General Motors' rigid demand that the plants be evacuated before it would arbitrate, while the union was steadfast in its insistence on recognition.

Violence was near a minimum. Only two serious outbursts occurred, both at Flint. In the first 27 persons were hurt. A dozen persons were injured in the second.

The story of the strike goes back to August, 1935, when the United Automobile Workers union was organized at an American Federation of Labor convention in Detroit. More than a year before, President Roosevelt had averted serious trouble in the industry by direct intervention and out of that came the short-lived National Automobile Labor board.

Homer Martin, union president, made his first overture for a conference on collective bargaining last Dec. 21. The next day, William S. Knicker, executive vice president of General Motors, advised him the matter should be taken up with plant superintendents. Martin repeated his request.

From then on the strikes spread and idleness grew in the far flung plants controlled by the world's largest producer of motor cars.

Vegetation, combined with terracing and other mechanical methods of erosion control, is said to reduce soil erosion to a minimum.

EARL TALLEY, Sheriff of Gray County, Texas. BY BUFORD REED, Deputy. (Feb. 4-11-37)

Red Cross Relief Forces Active in 10 States

Left: Red Cross Chairman, Cary T. Grayson, leaves White House after conferring with President Roosevelt on flood relief. Right: Red Cross supply station at Cincinnati rushes blankets and bedding to flood sufferers.

WITH 800 nurses and 300 trained disaster workers in the field the American Red Cross is easing the plight of flood sufferers in 10 inundated states in the Ohio and Mississippi Valleys. The Red Cross reports that 625,000 persons have been driven from their homes and need urgent assistance. Admiral Grayson, chairman of the Red Cross, has been ap-

pointed by President Roosevelt to coordinate all relief effort and has instructed Red Cross Chapters and personnel to spare no expense in meeting needs. Contributing \$1,000,000 from its disaster reserve and asking the public to contribute without delay to a \$11,000,000 relief fund, the Red Cross is concentrating on allaying the acute health situation. Red

Cross nurses and doctors work feverishly, immunization centers have been set up, refugee camps established to minimize the dangers of exposure, food, clothing and bedding rushed to key points. More than 39 Red Cross emergency hospitals have been established to prevent epidemic and treat sickness, and serums and anti-toxins have been sped to points where the situation is grave.

Around Hollywood

BY ROBBIN COONS.

HOLLYWOOD—Tyrone Power drops in from the skies and his first visit to New York since the movies made him a target for autograph addicts, and he reports that the big city's sign-here specialists make the local clan look like pale amateurs.

He deplores among other things, that he was approached by some organization that promised, for a consideration, to protect him from the excessive adulation of fans during his visit. He did not subscribe, and he did not learn how the protective society functions. Hence he cannot be of much help to anyone wishing to establish a local chapter. In Hollywood (if some stars could be believed) a society like that should flourish. Personal observation inclines me to the belief, however, that it would stave to death.

These Loud Checks. An ebullient young man of singular gusto, Power unconsciously puts on a one-man show for us with his narration of high points in his return to the famous side-walks on which, before Hollywood, he scraped his soles paper-thin.

He is a booster for "Stage Door,"

the Margaret Sullivan vehicle on Broadway, and relates this from his viewing of it. He is sitting "way down front, howling over the flamboyant Hollywoodians of the piece, over their flashy garb and talk, and having a whale of a good time. On comes a character in the loudest checked coat, the smoothest fawn-colored trousers with razor creases, and the airiest handkerchief floating from his coat pocket.

"And a woman next to me starts tittering and whispering to her companion and looking at me," he says, "and I sink down in my seat. Because—this is the pay-off—I'm wearing the loudest checked suit you ever saw!"

HULK OF BIG PLANE LIFTED FROM WATER

ONE VICTIM DROWNED INVESTIGATORS BELIEVE

SAN FRANCISCO, Feb. 11 (AP)—Four groups of investigators sought to learn from torn and twisted wreckage today why a giant airliner, only seconds away from its destination, plunged 11 persons to death Tuesday night in San Francisco bay.

Grimly and silent the inquiry progressed while searchers dragged muddy waters for the bodies of seven victims, who may have drowned rather than died instantly when the sleek ship crashed and sank three miles offshore in 26 feet of water.

The shattered hulk of the 12-ton, 21-passenger plane, lifted from the bay yesterday, offered no immediate prospect of solution of the bay area's worst airplane tragedy but experienced pilots unofficially advanced two possible theories.

They said Pilot A. R. Thompson, veteran aviator who overshot the field coming in from Los Angeles, may have banked too sharply when he circled out over the bay to come in again, thus causing the right wing to buckle and catapult the plane into the water.

Other aviators considered more probably the theory that Thompson, misjudging his altitude in the darkness, banked too sharply and the right wing struck the water, somersaulting the plane into its tragic plunge.

Officials of United Airlines, operators of the ship; the Douglas Aircraft Co., its builders; the department of commerce and San Mateo county coroner's office did not comment.

32 OPPOSITION VOTES CLAIMED BY COURT FOES

Approval of Entire Program Foreseen By Leaders

WASHINGTON, Feb. 11 (AP)—Senators leading the fight against the President's court reorganization program claimed 32 "sure" opposition votes today and declared a score of others were possible.

Members of the latter group, they said, were not definitely committed. About 30 Senators have declared openly in favor of the proposals. Forty-nine votes will be required to defeat the program if all members are present when the roll finally is called, probably after long debate.

Conferences between Mr. Roosevelt and several Democrats, however, brought renewed predictions from administration leaders of approval for the entire program, including enlargement of the Supreme Court if justices over 70 do not retire.

The President went over his recommendations in detail late yesterday with five Democratic members of the Senate judiciary committee: Neely of West Virginia, McCarran of Nevada, McGill of Kansas, Hatch of New Mexico, and Hughes of Delaware.

Senate leaders indicated quick approval by that body of the proposal to permit Supreme Court justices to retire voluntarily at 70 with full pay for life.

The House approved the bill yesterday 315 to 75 after defeating a Republican amendment to raise the retirement age to 75.

Dr. James Reinhart, who performed an autopsy on Thompson's body, said the pilot's death "undoubtedly was due to drowning."

The bodies of Thompson, Co-pilot Joe de Cesaro, and Stewardess Ruth Kimmel, who also apparently drowned, were in the wreckage when a powerful salvage derrick hauled it from the bay. Fontana was found nearby.
