VOL. 2, NO. 171

(P)—Means Associated Press

PAMPA, GRAY COUNTY, TEXAS, WEDNESDAY EVENING, SEPTEMBER 26, 1928

PRICE FIVE CENTS

## A. & M. HAZERS ARE SUSPENDED

### Gray County's Exhibit Is Ranked Fifth, Winning Prize of \$100

#### RANDALL WINS AND HEMPHILL TAKES SECOND

Hartley and Wheeler in Third and Fourth Notches

#### COMPETITION IS UNUSUALLY KEEN

#### This Community Is Placed Above Other Good Areas

Gray county's agricultural exhibit at the Tri-State fair took fifth place and a prize of \$100 in the judging completed yesterday. The score was 839.8 out of possible 1,000. Last year's exhibit took seventh place, for which the cash award was the same as for fifth place this year.

As many had predicted, including representatives of The News, Randall county 964.7 took first place and Hemphill 914.7 second. Hartley 899 was third and Wheeler 867.6 fourth, followed by Gray 839.8, Swisher 830.7, Roosevelt, N. M. 821.8, Donley 777.1, Collingsworth 775.3, Armstrongs 776.3, Bailey 729.9, and Hall 729. The judges were R. E. Dickson, superintendent of the experiment station at Spur; E. W. Thomas, manager of the Lovelock experiment farm; and J. B. Wellness, U. S. grain inspector at Plainfield.

Competition between counties was unusually keen this year. Much care had been exercised in the selection and arrangement of products. Gray county's booth attracted much attention for its clever arrangement, and only the lack of highest grade farm produce prevented a higher rank. As it was, Gray placed above some of the best counties of the Panhandle. The winning exhibit was gathered by W. H. Opechurch, agricultural agent of Randall county, who furnished much of the seed from which the unusually good exhibit materials were taken. Randall has made a specialty of growing products for her exhibit, and prizes have been won everywhere the booth has been taken. Although this year was the first in which the Randall exhibit has taken first place at the Tri-State fair, the rank has rarely been below second or third place, and the same exhibits have won even higher honors at other fairs, including the state fair.

#### Widow of Oil Man Gives Big Sum to Baptists

CORSICANA, Sept. 26.—(P)—Mrs. W. J. McKie, widow of the late Captain W. J. McKie, lawyer and millionaire oil man of Corsicana, has announced a gift of \$100,000 to present Baylor university campaign among Baptists of Texas.

Announcement of the gift was made at the conclusion of an address here last night by the Rev. L. E. Gates of San Antonio, who spoke in the interest of the campaign.

Mrs. McKie and her four children own the famous McKie ranch in the heart of the Corsicana-Powell oil field.

#### SLAYER OF DEPUTY IS WANTED IN LOUISIANA

BEAUMONT, Sept. 26.—(P)—Though bond of \$5,000 was set yesterday for Sue Cobb, held at Woodville, Texas, in the slaying of Deputy Sheriff L. N. Walker, the prisoner faced no prospect today of obtaining his liberty. Officers said if Cobb completed bail in the murder charge he still would be held for Louisiana authorities, who assert that he served only two years of a 20-year term.

#### THE WEATHER VANE

EAST AND WEST TEXAS: Tonight and Thursday, cloudy, occasional rains, not much change in temperature. Light to moderate northerly to easterly winds on the coast.

#### CRAVEN WILL NOT SERVE AS G. O. P. NOMINEE

Denying that he is willing to become a nominee of the Republican party in Gray county, W. M. Craven, local man, today asked The News to publish the following statement:

"I am not a candidate for commissioner of Precinct No. 2, as published by the Republican committee in the Pampa Daily News of Monday, Sept. 24.

"The announcement was made without my consent, as I am and have always been a Democrat."

#### Elk City Man Becomes Manager of Gas Company

M. P. Donahue of Elk City, Okla., has arrived here to take over his duties as manager of the Central States Power and Light company, replacing Donald Farrar, who has been transferred to Okemah, Okla. Mr. Donahue has been with the company in Elk City since January 1 of this year. He is experienced in the gas business.

"I have enjoyed my stay in Pampa and have been treated with great courtesy since I arrived here last January. I am sure my successor will receive the same courteous treatment that has been afforded me by the citizens of Pampa," Mr. Farrar said. He will leave for his new headquarters Friday.

#### Two Blocks on South Cuyler Are Opened to Traffic

Two blocks of paving on South Cuyler street were opened to traffic this morning by the Stuckey Construction company on the city engineer's approval, who approved the work and set the opening date.

The section opened this morning extends from the intersection of Cuyler and Barnes streets to the corner north of the Sykes, Merrick, and Boyd Lumber company. The paving on these blocks is 21 feet wide without curb or gutter and is left in such a condition that widening may be done at anytime. The rest of the street will be opened the latter part of next week.

Paving operations are under way on North Front street and will be completed next week, leaving only two blocks of North Somerville street to be paved. Curb and gutter are being laid on those two blocks at the present time. The 6-inch vibrolithic will be used on the above two blocks.

#### Hoover Receives Many Invitations to Make Speeches

WASHINGTON, Sept. 26.—(P)—Beyond the commitments he already has made for speeches in the South and East, Herbert Hoover is awaiting developments in this unusual struggle for the presidency.

Future events will influence to a large degree decision as to the route the Republican presidential candidate will follow in making his second trans-continental trip since his nomination just as they will influence the question of enlarging his itinerary in the East before he starts for his California home late next month to vote.

#### Injured Man In Serious Condition

The condition of William Hill, seriously injured yesterday morning when the truck he was driving crashed into the rear of a building being moved along the Amarillo highway, is still serious, attending physicians and hospital officials announced this morning.

He sustained fractured ribs, broken arm, and severe chest injuries. He was rushed to the Pampa hospital and relatives called.

He is an employee of the Plains Drilling company and was driving a company truck when the accident occurred. The crash occurred at 3 o'clock yesterday morning four miles west of here.

#### Fidac Leader

Mrs. Adalin Wright Macauley of Menominee, Wis., will represent the women's auxiliary of Fidac, interrelated veterans' federation, at the American Legion convention in San Antonio, Oct. 8 to 12. Mrs. Macauley, former head of the Legion auxiliary, was elected president of the Fidac auxiliary in a recent convention in Bucharest, Rumania.

#### HOOVERITES TO MEET FRIDAY

#### Will Try to Carry Gray County for Ticket

Hoover-Curtis supporters today called a special meeting to be held Friday evening at 8 o'clock in the Chamber of Commerce auditorium.

The purpose of the meeting, it is said is to organize to carry Gray county for the Republican nominee.

"Every supporter of the Hoover-Curtis ticket will be welcomed at this meeting, regardless of previous political affiliation," said Judge Ben S. Baldwin in discussing the meeting call.

#### New Paving Bids Will Be Opened Tomorrow Morning

Bids for the paving of 27 blocks will be opened by the city commission tomorrow morning at 10 o'clock. The bids will include prices on brick, vibrolithic concrete, and re-inforced concrete paving. Several companies have signified their intentions of bidding for the job, which will be the third paving program here.

The Stuckey Construction company is completing the laying of 26 blocks, the amount of the second contract let by the commission last spring. The first paving, 24 blocks, was brick on a 5-inch concrete base. The second program, nearing completion, is of 5-inch and 6-inch vibrolithic concrete. The thick paving was used on the thoroughfares open to heavy traffic and the 5-inch concrete on the residential streets.

The Stuckey Construction company will again make a bid for the third paving program.

#### Farm Hand Charged in Woman's Murder

SPOKANE, Wash., Sept. 26.—(P)—With Archie F. Much, farmhand formally charged with the murder of Mrs. Katherine Clark, police today believed the mystery surrounding the slaying of the Boston divorcee in a lonely orchard 15 miles east of here last Saturday night has been solved.

Prosecutor C. W. Greenough brought the formal charge last night after Sheriff Floyd Bower had unearthed bills totaling \$1,200 and a package of Mrs. Clark's love letters in Much's backyard. Police said Much lured the woman here from Boston on promises, made under the fictitious name of "Jim Murphy," of marriage and then killed and robbed her.

#### MUCH CHARITY WORK DONE BY WELFARE BODY

Association Report Shows Many Activities in City

#### NURSING IS ONE SERVICE GIVEN

#### Cooperation of Public Is Commended by Directors

Encouraging reports on the activities of the Pampa Welfare association were made yesterday afternoon at a meeting of the directors.

Nursing, helping beggars to leave the city in an effort to lessen soliciting, helping parents to go to their children or to bring their little ones here, buying groceries for women and children whose husbands and fathers are either ill or absent, finding work for men, women, and children in destitute circumstances, providing clothing for children who otherwise could not go to school, buying medicine for the sick, making needed operations possible—these are some of the activities in the regular routine of the Welfare Association.

Mrs. M. P. Downs, community nurse for the organization, is combining her nursing skill with the administration of charity. The corporation of business men, church women, and others in donating clothing and service has greatly augmented the work.

Begging has been greatly decreased as shown by the record of how many destitutes have been intercepted and sent on their way. The association however, does not have authority to prohibit begging, and the city administration has refrained from totally prohibiting soliciting on the ground that it would be too expensive to pay off each applicant. The matter of entirely prohibiting begging is still under advisement by the city, however.

The report of J. C. Gillham, treasurer of the association, showed a balance of \$574.46 on hand. The annual finance drive will be held about December 1.

#### LEFORS MEN SENTENCED

Lee Hodges of LeFors was sentenced to 30 days in the Potter county jail when he pleaded guilty in federal court yesterday to selling liquor. The sale was said to have been made in Pampa.

B. J. Christian of LeFors also drew a 30-day sentence in the Potter county jail when he pleaded guilty to a charge of selling a pint of corn whiskey. He had been operating a sandwich shop only 14 days when arrested. He was given the light sentence when he told the court he had a wife and baby to support.

#### Herbert Hoover Passes Al Smith in Daily News Presidential Balloting

The shower of straw votes is turning into a downpour in the Daily News presidential poll.

Al Smith, who took an early lead, was passed by Hoover late yesterday, and today the Republican nominee was rapidly approaching the 2 to 1 status over his Democratic rival.

Readers of The News are urged to clip out the ballot below, mark it, and mail as directed.

#### Presidential "Straw Vote" Ballot

For President—

ALFRED E. SMITH (Democrat)  
HERBERT C. HOOVER (Republican)

Scratch out the name of the candidate you do NOT prefer. Mail or bring your vote to The Straw Vote Editor, Pampa Daily News, Box 448, Pampa, Texas. In the interest of accuracy, do not vote more than once. The ballots need not be signed, and only picked election judges will see them. Final results of the poll will be announced in Daily News September 30.

#### Red Cross on Job in Florida

Here are two scenes from Florida, after the hurricane swept its path of death and destruction across the state. At the top a coffin containing the body of a victim of the storm is being loaded on a truck at Pahokee, in the lake district, where the loss of life was heaviest. Below another truck is unloading foodstuffs rushed by the Red Cross for the relief of survivors in the same district.

#### JURY GETS MURDER CASE OF GIRL SLAYER OF BORGER MAN

#### TWO MEN KILL SELVES

BALLINGER, Sept. 26.—(P)—Two men, Barney Eakin, 49, and Will Drake, 25, took their lives today, according to a coroner's verdict.

Eakin almost severed his head with a pocket knife here and Drake died from drinking poison at his home at Winters.

#### Borger Bureau

Pampa Daily News

BORGER, Sept. 26.—By 3 o'clock today the jury is expected to have the case of Clarice Barber, 19-year-old slayer of Harry Losey, Borger roadhouse proprietor.

Only Miss Barber and her sister, Marie Trent, were used as witnesses by Curtis Douglass, defense attorney in his charge to the jury. Special Judge G. C. Harney was liberal in matters of self defense, but said if the jury felt that deliberate murder was committed, a death sentence or life imprisonment might be given.

Henry Myers, assistant to District Attorney J. A. Holmes, opened for the prosecution, followed by Douglass, who spoke one hour and 15 minutes. This afternoon Holmes was to close for the State in 45 minutes.

#### FIVE MEN CHARGED WITH OVER MURDER

Following death late yesterday of Johnny Over, who was shot Friday at Stinnett, five men held for investigation were charged with murder. They are: Clarence Crump, G. W. Lott, W. E. Scott, Jim Evans, and Scott Bates, all of Stinnett.

Crump admits having held the gun which discharged to kill Over, but claims it was an accidental death, due to his twirling the pistol on his finger.

C. F. Gault, seriously burned in an oil well fire south of here last Sunday morning, was able to leave the hospital this morning. Lester Bell, was burned to death at the time.

#### SIX STUDENTS EXPELLED FOR ENTIRE TERM

Dismissal Is Announced by President Walton Today

#### TWO FRESHMEN ALLEGE HAZING

#### Waco Youths Ask to Resign on Basis of Roughness

COLLEGE STATION, Sept. 26.—(P)—Suspension of six students accused of hazing from Texas A. & M. college was announced today by President T. O. Walton after a hearing before the school discipline committee.

Five were members of the Sophomore class and one was a junior. The under classmen, who will be barred from attending the institution until September 1, 1929, were G. L. Cardwell, Lockhart; W. F. Coleman, Houston; G. H. McCarty, Houston; R. H. Phillips, Houston; T. E. Wooten, Thorndale; and E. M. Moore, Houston.

The hearing which was reported at the hearing to have occurred on the night of September 19, two days prior to the formal opening of the college, was brought to light when two freshmen, J. R. Hatter and J. W. N. Youngblood of Waco, applied to resign from the school, giving hazing as their reasons for withdrawing.

#### Dr. Straton Will Speak at Pla-Mor Instead of Church

Dr. John Rosh Straton, Fundamentalist leader of New York, will speak at the Pla-Mor auditorium Sunday at 10 o'clock, instead of at the First Methodist church, it was announced today by "Hoover Democrats" who are bringing him here.

The arrangement, it was stated was made to accommodate the large crowd which is expected to attend. Word has come to Hoover leaders from neighboring towns that delegations will come to Pampa to hear the New Yorker. A minimum seating capacity of 2,500 will be made possible through renting of the Pla-Mor for the day.

Dr. Straton and Mrs. Straton are in Texas on a ten-day speaking tour. Mrs. Straton will speak briefly from the local platform before her husband takes the floor. Twenty-five years ago Dr. Straton took Mrs. Straton to Waco as a bride. He was then a professor in Baylor university.

#### School Orchestra Makes Appearance in Choral Concert

Central high school's orchestra, directed by Prof. Thomas Fannell, made its first appearance of the season at chapel yesterday morning.

The following members appeared in this concert:

- Violins—Lora Harrell, solo, LaVerne Twiford, Evelyn Zimmerman, Violet Schaefer, LaVerne Vickers, Jane Hamilton, Maxine Gwin, Ruth Wakeman.
- Trumpets—Don Zimmerman, Curtis Stark.
- Saxophones—B-flat, Audrey Noel, Albert Doucette; E-flat, Herbert Owens.
- Guitar—LeFors Doucette.
- Trombone—Ralph Irwin.
- Melophones—Vernon Lawrence.
- Baritone—Bob Mullen.
- Piano—Clara Bremer.

#### FIGGLY-WIGGLY MEETING SET

BRECKENRIDGE, Sept. 26.—(P)—Operators of Figgly Wiggly stores throughout West Texas will hold their regional convention at Breckenridge, Oct. 23. It was announced here today H. G. Garrett of Brownwood is president of the group.

Pampa Daily News

Published every evening (except Saturday) and on Sunday morning by the Pampa Daily News Publishing Company, Inc., corner of West Taylor and Broadway.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

Rates Vs. Service

Telephone rates are going up October 6.

This information is not new to anyone who has been following the telephone development here. More than a year ago, when telephone service was admittedly rotten, the city council went on record as favoring an increase in rates should good service be provided.

Since that time the flash system has been installed in a \$10,000 building. Admittedly, such a plant cannot be built and operated without commensurate revenue, just as taxes are assessed for roads, schools, or other projects. The increase in residence phone charges is nominal, but the hike for service to business houses appears to have reached at least the maximum likely to be set for the conditions obtaining. True, there are but 526 business telephones, yet the long distance tolls through this exchange are enormous.

Compared to other similar cities having the flash system, the local rates are claimed by the telephone people to be "in line." Furthermore, it is said the schedule is experimental and that a year's trial will be necessary to learn whether the rates will produce more or less than the estimated 7.4 per cent profit on the investment.

Pampa residents certainly will agree that the rates should be for trial only. Poor service is too expensive at any price. But on the other hand, if the improved service is permanent and the vicinity is given adequate and efficient service, few will object to a schedule necessary for a "fair return." There are thousands of holders of telephone stocks who must have their dividends. But first there are thousands of patrons who must have good service.

The city council which said Pampa would willingly pay more to get good service was right, but that service must be maintained.

Women in Business

An organized movement to help older women find employment and fit themselves to the business world has been launched.

Older women face several distinct handicaps in the business world, although they are often impelled by dire necessity to make their own way and possibly to support dependents. Youth, beauty, and the general power of girls to interest the average business patron are normal assets of the woman in business. The older women naturally lack some of these qualities of attractiveness which are desired for certain tasks. The sex factor is now an accepted quality, not a problem or disturbing element.

But the peculiar sex advantages of the young women, which cause them to become accepted laborers at certain jobs, are continually warring with the question of efficiency in other types of employment. Sex equality in business is far, far away, but there is enough of it to encourage the older

women to forge to the front with the claim of efficiency and judgment.

Yet the biggest problem arises because so many older women are unskilled, having had the necessity for employment thrust upon them unexpectedly. Educating these women along practical lines is the aim of the movement mentioned herein. The cooperation of industries seeking efficiency will make quicker adjustments possible.

The age distinction has been drawn too tightly. The necessity for a degree of differentiation is passing as women learn to control their business emotions and play the polite pypoorite when necessary, as men do. Perhaps appropriate is not necessary but the poker face policy is in. Women can develop that quality, even after middle age. It is being done.

Mexico Has It, Too

Mexico has the spirit of independence, too.

Quietly, so modestly that Chicago got more publicity on that day, that neighboring republic last week celebrated the 118th anniversary of the declaration of independence from Spain. There were fiestas all over Mexico, and President Calles spoke to 40,000 of his countrymen.

It is well that that unhappy country, torn by religious and political strife, can pause and friend and foe alike thank God for their freedom to rule themselves, imperfectly though they may.

Perhaps very few knew that American school children, who read interesting things about Mexico in their histories and readers, sent 30,000 gifts to Mexican children on that day. The spirit of liberty is strong in many republics of the new world.

WASHINGTON—For a few blissful days the good people of Washington, who are forever at the mercy of crusading congressmen, went happily about in the belief that they had been definitely relieved of four of the most ambitious reformers in Congress.

Final returns from Georgia, however, showed that Congressman William C. Lankford of Douglas had narrowly edged through in the primaries, after appearing to have been beaten. Lankford is the author of the Blue Sunday bill which would close up everything in the District of Columbia except the chimneys and which causes an annual row at committee hearings.

Nevertheless, it is certain that Congressman T. Webber Wilson of Mississippi and

former Congressman D. Upshaw of Georgia not be among the

the Seventy-first Wilson, a handsome, pleasant young man, author of a bill providing a federal magazine censorship board with fearful penalties and drastic restrictions. Last year for the Democratic senatorial nomination against Senator Stephens, this year was licked. Upshaw is the famous dry crusader, who was regarded by both wets and dries as the outstanding fanatic of the prohibition cause until the voters defeated him two years ago. He went back after his old job this year and was again defeated in the primaries.

Congressman Tom Blanton, defeated previously in the Texas senatorial race, is also a crusading reformer in Washington's local affairs. He is a supporter of Lankford's bill, but has generally confined himself to raising rumpuses in connection with the district government and its policies.

One hears many strange things over the radio these nights. For instance, there is Congressman Fred Purnell of Attica, Ind., who says:

"Herbert Hoover knows more about more things than any other living man."

Well, how about Gene Tunney?

When a man gets to be vice president he has earned it. The vice presidency is the softest job in Congress because there are no constitutencies or constant fears about re-election fears about re-election to worry a fellow and there are always plenty of senators who can sub in the chair to preside over the Senate. The job is unquestionably an honor and there's always a chance that something will happen to the president.

Both Charlie Curtis and Joe Robinson were tickled silly to get their nominations. Curtis has been grinning his pleasure ever since because he thinks he is as good as elected.

But how those boys do have to work! One finds that the Curtis speaking program gives him 13 speeches in 13 states in 13 days. Robinson has been plugging away with equal vigor.

The parties always make their second-place candidates work like that, giving the two leaders plenty of rest between speeches. Roosevelt sold himself to the country while plugging for McKinley in 1900. Senator Wheeler of Montana, La Follette's running mate in 1924, had to carry a great burden alone when La Follette's health broke down.

The vice presidential candidate's hope of reward is a four-year-old rest in the Senate, but he needs it.

The millions that Philadelphia bootleggers are said to have in the banks no longer can be called liquid assets.

TWINKLES

Hutchinson county and Stinnett will soon have one of the finest courthouses any man ever got "sent up" from.

Anticipation: Thinking of that fine gym that's going to keep the frigid "northerners" away from the bays of our basket ball boys. And considering how hard we yelled for that gym, they had better reserve us a nice press seat where the seeing is good and the acoustics is bearable.

Our idea of acoustics in a gym is to have a hole somewhere for the noise to get out at. High school indoor yelling is an octave too high for sonant comfort, as it were.

Our idea of a pathetic situation would be for a heckler to try to compete with these new fangled loud speakers the politicians use. We have seen a few leather-lunged wind jammers try to compete with the automatic "big voices", and it didn't work impressively.

School fashion hint: Simple clothes for simpler students.

Only 65 subjects have been suggested for legislation at the coming winter session of Texas solons. We must be better off than we thought.

From a publicity standpoint, and since he seems to enjoy doing it anyway, we hope Dr. Straton still has a few fresh charges to air while he is here.

BARBS

A London newspaper prints a story about a man who has had the same umbrella for 20 years. About time he'd return it.

A German scientist tells the world that food can be made of wood. That was discovered long ago in this country by the breakfast food manufacturers.

Many an innocent lamb is drowned in a stock pool.

An Indiana congressman says Hoover "knows more about things" than any other man. The very man for a traffic cop.

A 15-year-old girl evangelist has arrived in Detroit "to chase the devil away." Probably he'll go back to Chicago, where he belongs.

We know one woman who won't vote for president. One neighbor told her Al Smith was a drunkard and the woman across the opposite fence has shown her that Hoover was a high-grade horse thief.

SOCIETY

El Progresso Has Study in Modern Drama and Dramatists

An interesting program on modern drama was enjoyed by members of El Progresso club when they met yesterday at the Joyce ranch north of Pampa.

Among the members who were present, other than those who took part in the program, were: Mrs. H. L. Ledrick, Mrs. A. Cole, Mrs. Siler Faulkner, Mrs. T. D. Hobart, Mrs. John V. Andrews, Mrs. P. C. Ledrick, Mrs. C. T. Bunkapillar, Mrs. J. M. McDonald, Mrs. George Walstad and Mrs. Carson Loftus.

A delicious luncheon was served at the conclusion of the program. Mrs. House's home was attractively decorated with dahlia.

Mrs. W. H. Lang Entertains Royalty Bridge Club Tuesday

Members of the Royalty bridge club were guests of Mrs. W. H. Lang on Tuesday afternoon. Five tables were arranged for cards, with the following members and special guests as players: Mrs. H. W. Johns, Mrs. Roger McConnell, Mrs. Jim White, Mrs. Lloyd Bennett, Mrs. P. M. Culberson, Mrs. R. A. Webb, Mrs. A. P. Clark, Mrs. C. S. Boston, Mrs. J. D. Sugg, Mrs. A. H. Doucette, Mrs. H. Howan of Denver, Mrs. N. A. Heistand, Mrs. W. A. Gray, Mrs. H. H. Hicks, Mrs. Ivy Duncan, Mrs. W. A. Bratton, Mrs. Raymond Harris, and Mrs. Robert Osborne.

Five charming favors were presented. Mrs. Sugg, special guest, and Mrs. Bennett, club member, scored high for the afternoon. Low score favors went to Mrs. Doucette, guest, and Mrs. White, member. Mrs. Howan was fortunate in the cut.

A salad course was served at the tea hour. Asters in tones of orchid and ivory formed pleasing decorations for the occasion. Mrs. Mildred Fahy gave a reading which was greatly enjoyed.

SOCIAL CALENDAR

There will be an important meeting of the Altar Society of Holy Souls church on Wednesday afternoon. All members are urged to be at the church at 9 o'clock.

The Methodist Women's Missionary Society will meet in the church chapel at 8 o'clock Wednesday afternoon. An interesting program has been planned.

The American Legion Auxiliary, Kerley-Crossman post, will hold an election of officers at a meeting in the Legion hall, Thursday evening. All members are urged to attend the meeting, which will be one of the most important of the year. The meeting opens at 7:30 o'clock.

Polly Sails to Meet Gene

This is the farewell American appearance of Miss Mary Josephine Rowland "Polly" Lauder. When she returns to this country, that name, which now carries so much prestige of wealth and social position, will have been changed to "Mrs. Gene Tunney." Polly here is shown aboard the S. S. Saturnia, on which, with her mother, brother and ten friends, she sailed for Italy to meet her fiance. There she will become the wife of the retired heavyweight champion of the world.

Guiding Your Child

BY MRS. AGNES LYNE

When children play together in the presence of their elders there is likely to be trouble.

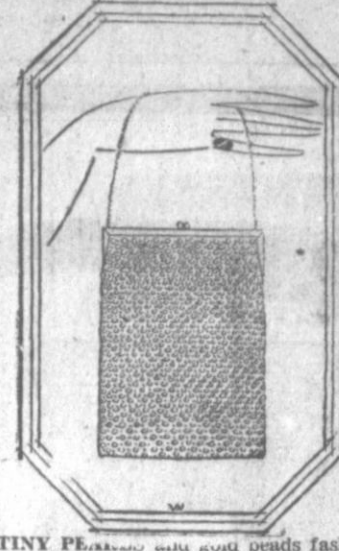

Mothers and fathers often so complicate the situation that their children can not become wholeheartedly absorbed in their play nor are they able to settle their own difficulties for themselves.

When Patsy and her mother called at Barbara's home the children were allowed to play in the living room. Conversation between the grown ups became impossible because Barbara, jealous of her mother, found all sorts of naughty and clever ways of focusing attention on herself.

Some days later on a similar visit the children were sent at once to another room with enough play materials to keep them busy. The door was shut. For an hour or more nothing was heard but the voices of children deep in play.

Removed from the disturbing influence of grown ups, children become thoroughly absorbed in their play. They learn the give and take of social relationships. They civilize each other.

Mr. and Mrs. L. A. Freeman left today for Fort Worth following a month's stay in Pampa.

TINY PLEASURES make good trends fashion an exquisite little bag for evening.

Plains Specials

PERRYTON—Old Glory waved over the new courthouse for the first time Tuesday morning, when it was raised on the new flag pole that has just been set in front of the now nearly completed edifice.

The new flag pole is 80 feet high. The base of the pole is set in concrete while the pole itself is so built that it has the strength to withstand a hurricane.

A number of Perryton merchants have decided to close their respective places of business at 6:30 o'clock in the evening.

There were a number of business houses that were not seen by the committee making the closing arrangements, but they will no doubt join with the others in closing.

Fifteen cars of Woodwardites, members of the Chamber of Commerce on their annual good will tour, will be here September 28, to spend the night in Perryton.

The crack municipal band under the direction of Prof. George I. Hyde will play a concert and there will be entertainment specialties. Billy Patterson, comedian and slight of hand performer, will be a special attraction.

The names of twenty-four Perryton young men and women have been obtained, who have either left for college or are planning on going this fall. This list includes forty-five per cent of the graduates of the Perryton High school '28. A number of others are now making arrangements to attend other schools.

Block 51 on the east side of Perryton has been purchased by the Perryton Independent School district as a location for an east ward school. The block was purchased in anticipation of the demand for more school facilities here.

With the large increase in school enrollment and the possibility of even more pupils in years to come the buying of the block was a splendid move on the part of the board. The establishment of a ward school on the east side of the city will save the many pupils living in that section of Perryton a long walk and will relieve a congested situation in the main buildings, in the future, when such a condition as may develop here.

The block of land was merely bought with the future in mind, when increasing property prices and the sale of desirable locations would make the situation a real problem to meet.

HASSELL WILL TRY HOP TO STOCKHOLM NEXT YEAR

COPENHAGEN, Denmark, Sept. 26.—(AP)—Bert Hassell, American flyer, who arrived here today from Greenland with his trans-Atlantic companion, Parker Cramer, announced he would make another attempt next year to fly from the United States to Stockholm by way of Greenland.

Hassell and Cramer who were rescued in Greenland after having been stranded in the arctic wastes, arrived at Copenhagen aboard the steamer Fulton. They were accompanied by Prof. William H. Hobbs, leader of the University of Michigan Greenland expedition, which had brought them to safety.

CLEANING SHOT WELL

The Dancinger Oil and Gas company's No. 1 Shaw in section 5, block 1, a southeast offset to the LePore Petroleum company's gusher, is cleaning out following a shut of 280 quarts placed Monday afternoon. The shut was placed from 2:30 to 2:50 p. m. Cleaning out is eighteen feet off bottom this morning. The well is spraying lightly.

### Look-Step Pace Prevails—5 More Days Remaining

BY HERBERT W. BARKER  
Associated Press Sports Writer  
As if by mutual consent, contenders in baseball's two major league pennant battles have settled into a perfect look-step which, if unbroken, automatically will carry the St. Louis Cardinals and the New York Yankees into the world's series.

The Cardinals and the New York Giants have matched strides for several days with McClellan's men always a jump ahead in their fight for their second National league pennant in three years. In the American league Huggins' Yankees have been content to win when the Philadelphia Athletics was and to lose when their rivals saw fit to do likewise.

With the end of the campaign only five days away, the Cards today led the Giants by a single game while the Yankees enjoyed a two-game margin over the Athletics.

There was no change in the situation yesterday for the leaders in each league were returned victorious.

The Giants and the Cardinals, however, both had close calls.

The Giants apparently were doomed to defeat at the hands of Rixey and the Cincinnati Reds when the last half of the ninth opened. Her Rixey gave Bob O'Farrell, a pinch hitter, the only pass he issued. O'Dou ran for O'Farrell but was forced at second by Welsh. The latter, however, scored the tying run on Andy Cohen's triple to right field. Andy Beebe came through with a single scoring Cober with the run that gave the Giants a 4 to 3 victory.

The Cardinals were given a terrific battle at Brooklyn but finally edged out a 4 to 3 win in 15 innings. Douthett's Texas league double scored Maranville with the winning run.

The Chicago Cubs all but passed out of the pennant picture when they were beaten by the Phillies, 5 to 2. It was the Phils' first win in their last 18 games.

The Pittsburgh Pirates needed most of their 17 hits to score a 13 to 8 victory over the Boston Braves.

The Yanks socked George Grant and Bill Byrne for six runs in the first inning and had no trouble coasting to a 10 to 1 triumph over the Cleveland Indians. Lou Gehrig clouded out his 25th homer of the season.

Dykes got five straight hits as the Athletics crushed St. Louis 9 to 5. He drove in four runs and scored two himself.

In the only other American league engagement, Washington strengthened its hold on fourth place by turning back the Chicago White Sox again, 3 to 0.

### Hallahan Will Open Dixie Series for Houston Buffs

BIRMINGHAM, Ala., Sept. 26.—(AP)—Two sterling southpaws of the minor leagues, Eddie Wells of Birmingham and "Wild Bill" Hallahan of the Houston Buffaloes are to oppose each other today in the opening of the eighth Dixie series for the baseball championship of the South.

A record crowd of around 15,000 is expected to witness the opening battle between the champions of the Southern association and the Texas league.

The series opening today is the first for each of the two teams, this being the first time either has won a pennant since the championship battles for the South were inaugurated in 1921.

Houston won the Texas league championship battles in a playoff with Wichita Falls, while Birmingham won through a play-off victory over Memphis.

The two first games are scheduled here and will be followed by three in Houston Saturday, Sunday and Monday, with a sixth game set for Birmingham next Tuesday.

Both Wells and Hallahan appeared in fine fettle in workouts held yesterday. Outcome of the first game with the ace of the two staffs in action is expected to have a marked bearing on the final outcome of the series.

Offensively the Buffaloes appear to have a marked edge on the Birmingham gathering, a team batting average of .332 in the season, just closed as against .289 for the Texans. Averages show the defensive records nearly the same, with the Buffaloes apparently having an edge on the pitching side of the ledger.

Both teams go into the series opening today in almost perfect physical condition. There is only one casualty, Bill Morrell, of Birmingham and Morrell has been out of the Birmingham lineup for several days.

In only one year has a southern association team won out in battles with Texas league champions. That was in 1923, when the Mobile Bears were victorious.

The Buffalo aggregation arrived in Birmingham yesterday morning and practiced yesterday in the Baron park after first being denied use of the field.

The game starts at 3 p. m. with the probable following lineups:

### STAR BATSMEN IN CLOSE FINISH FOR BIG LEAGUE CHAMPIONSHIPS

Rogers Hornby (right), trying for his seventh National League batting title, is finding Paul Waner (center) stubborn challenger. Goose Goslin (inset), Heinie Manush (upper left) and Lou Gehrig (lower left) are running nearly neck and neck for the American League crown.

By JAY R. VESSELS  
(Feature Service Sports Editor)

NEW YORK (AP)—Five kings of clout are locked in as gripping a struggle for major league batting honors as has stirred the present generation of baseball fans.

The battle is so close that at one time only 17 points separated the quintet of sluggers. They're bunched as closely as the pennant contenders, themselves. This has established the remarkable contest as a sort of third ring attraction for the big two ring flag fight.

Rogers Hornby, Paul Waner, Lou Gehrig, Goose Goslin, Heinie Manush—there's the Big Five which, with the sprint boys eliminated by mid-season pitching, has settled down to a day-by-day test.

The National League batting czar—Waner and Hornby—at times so close that only one or two points stood between them, have kept a slight advantage in points over the American League triumvirate.

A few years back it was Hornby in the National and Cobb in the American and a 400 mark at the finish was not uncommon. Cobb has all but vanished from the game but the great Rajah is still up there, shooting for a seventh league batting championship.

One of Cobb's former teammates—Manush of the Browns—has pounded his way into the heart of the titanic tussle to make a belated bid for the American League crown, adding spice to a race that for the greater part of the season was monopolized by Goslin and Gehrig.

Cobb wasn't the only championship company that Heinie ever kept, for Harry Hellman, another former fellow flycatcher at Detroit, topped the junior circuit clubbers in 1927, duplicating his successes of 1921, 1923 and 1925.

Paul Waner, Hornby's only competitor for the National League title, not only has kept up with the hard-hitting Boston manager, but he has actually paced him at times. As an all-around batsman, Waner, the most valuable player in his league in 1927, has surpassed the field. For a long period he topped his circuit in batting, runs scored, two base hits, three base hits and total hits. Similar honors in the senior loop were shared by five players in the American League.

For several weeks, Goslin headed the procession with an average of .400 but the combination of tighter pitching and his own injured right arm which was useless in the field, and at least a minor handicap at bat, drove his average down some 20 points as the season tapered off.

Lou Gehrig, the American League's most valuable player in 1927, has the added incentive of battling for a pennant contender. He is getting his hits when his count and leads the league in runs batted in, which means more to the harassed Yankees than a dozen batting title to Lou Gehrig.

Lou still will be sending them across right up to the finish. So will the other master clubbers and the honor in batting like team honors in the pennant fight, may rest on the very last games of the year.

Next instant I thought something had blown up," said Francis. "Something had," Mr. Von Elm testified. "It was a cherry tree about 20 yards away. It was struck by lightning and came all apart."

"The bolt then came right over to the fence by the tee," said Mr. Sweetser. "The fence seemed to stop it before it got to us. I was never so scared in my life."

"Well, what about me?" inquired Mr. Quimet. "I seemed to be just regaining consciousness when I heard George say: 'Hurry up and drive; it's raining!' Can you beat that?"

I asked what Mr. Quimet had done, and he said he was so dazed by the shock and by Mr. Von Elm's apparent coolness that he went ahead and drove. "And I never hit a better drive in my life," he added. "But I don't want any storage battery hitched to me for future tee-shots."

WASHINGTON, Sept. 26.—(AP)—President Coolidge expects to deliver addresses at Fredericksburg, Va., on October 6 and at an Armistice Day ceremony November 11.

### World Series of North to Open at Rochester, N. Y.

ROCHESTER, N. Y., Sept. 26.—(AP)—The little world series for the class AA championship of organized baseball opens here this afternoon.

Rochester of the International League and Indianapolis of the American Association won their respective circuits races by narrow margins and look to be evenly matched.

### Search On For Sons of Banker Missing in Chicago

Chicago, Sept. 26.—(AP)—Two small sons of a Chicago banker were missing today from the Todd school at Woodstock, Ill., a private academy.

The boys, who disappeared following the noon recess yesterday, were Robert Spring, 11, and Joseph, 8.

The boys' father, Benjamin J. Spring, president of a Chicago finance corporation said he had received no kidnaping threats. Police however, did not believe the boys had run away, because no clothes had been taken from their rooms.

### Athletics Boast Best Hitters in Major Leagues

BY ALAN J. GOULD  
Associated Press Sports Editor

NEW YORK, Sept. 26.—(AP)—It wouldn't have taken more than one guess to pick the heaviest hitting outfield in baseball last year. The Yankee combination of Ruth, Meusel and Combs wrought havoc on all sides. This season, however, its siege gun power has waned, especially since July, so much so that the Athletics now boast the heaviest attack of any of the four clubs in the closing pennant scramble.

The Yankee trio boasted a combined average of .350 with the stick in 1927 but the latest unofficial averages show a falling off to .317, with the chief reservist, Ben Paschal, around the same notch. The Athletics are ten points higher with a mark of .327 for the four who have seen the most service—Simmons, Miller, Cobb, and French.

The reversible Giant outfield forces offer considerable contrast. The strongest trio at bat, averaging around .330, consists of Welsh, Ott, and O'Doul. The combination of Welsh, Reese, and Mann is barely able to muster an average of .300 but it is more effective against southpaw pitching.

The Cardinals have a great slugger in Hafey, who hits them far but it takes his excellent mark of around .340 to pull the St. Louis average up to .304 for the outer garden as a whole. Douthett covers a lot of ground in center but has not been hitting consistently. Harper and Holm will divide the right field responsibilities also are somewhat erratic. Defensively the veteran Yankee trio is the best of the lot. There aren't two better throwing arms in the business than those of Ruth and Meusel while Combs is a ball-hawk. The loss of Eddie Roush cut down some of the defensive skill of the Giant outfield, but Welsh has proved a capable successor.

### Horned Frogs Are Priming for Tilt With the Cowboys

FORT WORTH, Sept. 26.—The Texas Christian university Horned Frogs will invade West Texas for the first time in four years Oct. 29, when they journey to Breckenridge for a game with the Simmons Cowboys.

The Cowboys, coached by Frank Bridges, former Baylor mentor, are making a strong bid for the place in the Southwestern Conference that will be left by the withdrawal of the University of Arkansas, and the showing of the team this year will materially affect their chances. The game with T. C. U. will be the Cowboys' first tilt with a member of the Conference, and from indications the throng of coaches, fans and critics that will follow the teams to Breckenridge Oct. 6, will form one of the largest crowds to see a football game in that section.

Coaches Hearty Bell and Ed Kubala are already pointing their charges toward the fray and reports from the Simmons camp have it that the Bridgemen will do all in their power to ride the Frogs. With both sides primed for the game fans are promised one of the most hard-fought and interesting games of the season.

Special trains are being chartered to bring the Frog student body and Fort Worth rooters to Breckenridge.

### FEAR FOUL PLAY IN JEWELER'S DISAPPEARANCE

NEW YORK, Sept. 26.—(AP)—The disappearance since Tuesday of Aaron Zilver, 43, wholesale jeweler, has been reported to police by his wife, who said she believed he had gems and cash totaling \$100,000 in value on his person.

Mrs. Zilver said he was last seen leaving his office carrying a bag containing the gems.

She believes he may have been robbed and slain.

Battle for Old Gray Mare Warm This Year

SAN ANTONIO, Sept. 26.—(P)—The battle for the historic "old gray mare" is on again. Texas and Oklahoma have taken to their trenches and the war is at crescendo. It is expected to reach its culmination during the tenth national convention of the American Legion at San Antonio Oct. 8-12 when the Oklahoma Legions plays the rollicking tune as its marching song.

Restriction in Use of Rotary Method Asked for LeFors

Rules governing the use of rotary rigs in the LeFors area, the conservation of gas in the drilling of oil wells in the Panhandle and the use of the swab in the Panhandle fields will be the outcome of a meeting of oil men yesterday in Amarillo, presided over by R. D. Parker, chief supervisor of the oil and gas department of the railway commission. The three important questions have been taken under advisement and will be reported upon within the next few weeks Mr. Parker stated.
