## CASH JUDGMENT IS FIXED IN OIL SUIT

### Panhandle Crude Totals to Be Boosted by Gray County Oil Soon

### J. J. RASKOB FAVORS USE OF LIQUOR IN HOMES

#### TELLS VIEWS IN LETTERS TO COMMITTEEMEN

##### Says Respect for Law Conditioned Upon Modification

#### SMITH ANSWERS ATTACK ON HIM

##### Declares W. A. White Is Mislead In Statements

BOSTON, July 14.—(AP)—A system which would make intoxicating liquor available for home consumption is advocated in a letter sent by John J. Raskob, chairman of the Democratic National committee, to committeemen throughout the country and delegates to the Democratic convention at Houston. The letter was made public here today as members of the Massachusetts Democratic committee met here for reorganization.

The letter, which is thought to have been the outcome of a letter from P. H. Callahan, of Louisville, Ky., regarding Raskob's stand on prohibition, follows:

"Social conditions throughout our country have reached a state of decadence that demands correction. My feelings is that a scheme of control of the manufacture, sale, transportation and consumption of intoxicating liquor, under which it may be had for home consumption, and prevent the return of the saloon, which was the medium through which the use of liquor was abused, in such communities as vote therefore under a local option law, would be welcomed by all.

Talks of Respect  
"All right thinking people, are for temperance, law and order, but we must have respectable laws if we expect them to be respected.

"All must agree that there is a wide lack of respect for the eighteenth amendment and the Volstead act, and so that it behooves all of us to endeavor to secure such modification of existing laws as will result in the restoration of respect for ourselves, our law and our great constitution.

"I would appreciate having your views on this important question after reading the enclosed copy of letters to Mr. P. H. Callahan.

ALBANY, N. Y., July 14.—(AP)—Governor Smith turned today on an old political foe—the Rev. O. R. Miller, superintendent of the New York State Civic league—and accused him of circulating false information about his legislative record.

He also trained his guns on William Allen White, the Kansas editor, who in a campaign speech the other night attacked the Democratic presidential nominee.

#### Flood of Waters in Chicago Sewer Kills Three Men

CHICAGO, Ill., July 14.—(AP)—Bodies of three men were taken this afternoon from the underground tomb, a new mile long sewer tunnel where they were trapped by a flood of water just before last midnight.

Fear that four other workmen had met death by the triple menace of drowning, asphyxiation or electrocution was abandoned after a squad of firemen searched the tunnel and found only three bodies.

Arrest of Richard Keating, a sanitary district employe who, through an error, is believed to have turned on the valve that loosed the flood was ordered.

#### BOY SCOUTS TO PITCH SUMMER CAMP MONDAY

More than 100 Boy Scouts leave the Methodist church tomorrow morning at 9 o'clock for Camp Carl Freeman on the Canadian river, 25 miles north of Canadian. They will be in camp ten days under the supervision of E. D. McIver, area executive of the new Adobe Walls council, assisted by the Rev. Tom Brabham and Jimmie Sackett of Pampa and leaders from other troops in the council.

With 30 registered, Pampa will have the largest delegation at the camp. Members from Panhandle, White Deer, Berger Phillips, Miami, Canadian, and Pampa will be among the troops represented.

Swimming and life saving will be supervised by a Red Cross representative, who will accompany the boys to camp. Boy Scout activities will be under the personal supervision of Mr. McIver, assisted by scoutmasters attending. A well known Pampa chef has been employed to have charge of the kitchen during the term in camp.

Anyone who has a car and can take some of the boys to camp is asked to be at the Methodist church before 9 o'clock tomorrow morning.

#### Print Shop Raid Is Blamed Upon Smith Supporters

SYRACUSE, N. Y., July 14.—(AP)—Printing of pamphlets attacking Governor Alfred E. Smith is believed to have led to the wrecking early today of the printing plant of H. Edward Newton.

The plant was entered by forcing open a door. All windows were shattered, type was thrown into the street, printed matter was destroyed and a large number of the anti-Smith pamphlets carried away. Damage was estimated by Newton at \$500.

The attack on Governor Smith is captioned, "when," it begins, "when a jackass learns to sing tenor and the rattlesnake walks on legs," continues in this vein for a number of lines and ends, "Then Al Smith will be president and the country won't be worth a damn."

#### Mrs. John Fry Is Injured in Fall

Mrs. John Fry, owner and manager of the Ranger hotel, was seriously injured early yesterday morning when she fell down the stairs. She suffered injuries to her head and back. According to Mrs. Fry she has started down stairs when she slipped.

A request has been sent to Gov. Dan Moody, signed by Sheriff E. S. Graves, County Judge T. M. Wolf, County Attorney John Studer and Dr. V. E. von Brunow, physician attending Mrs. Fry, asking that Mr. Fry be given a month's furlough to return to Pampa to look after the business. Mr. Fry is serving a one-year term in Huntville for violation of the liquor act.

#### PRODUCTION IS OFF DESPITE 3 COMPLETIONS

##### Pampa Field Losses to Be Offset Through Drilling - In

#### TO PLUG BACK WILDCAT TESTS

##### LeFors Petroleum Co. Makes Location for Its No. 4.

Panhandle production took another drop last week although three new wells were reported. Gray county had one completion and Hutchinson two. Production was off 664 barrels a day. Hutchinson county showed an increase of 200 barrels, while Gray had a drop of 664 barrels.

The Panhandle total was 63,000 barrels from 1,441 wells.

Production by counties:  
Carson—158 wells, 6,005 barrels.  
Gray—230 wells, 20,216 barrels.  
Hutchinson—1,011 wells, 35,751 barrels.  
Moore—3 wells, 189 barrels.  
Potter—1 well, 25 barrels.  
Wheeler—38 wells, 907 barrels.

The Delmar Oil company's No. 1 Foster in the northwest corner of the southwest quarter of section 55, block B-2, two miles southeast of production in the Bowers-McGehee pool, is being plugged back to 2,900 feet and will be shot. The well was drilled to 3,755 feet but no pay was found lower than the granite wash picked up from 2,835 to 2,900 feet.

About 4,000,000 cubic feet of gas was picked up with the show of oil in granite wash.

The Danciger Oil and Gas company plan to plug back its No. 1 Webb in the northwest corner of the northwest quarter of section 62, block 25, to 2,620 feet and complete as a small gasser. The well is about two miles east of any production.

The Prairie Oil and Gas company's No. 1 Thur in the Henry Thur survey, is drilling ahead at 1,725 feet. This location is an offset to the LeFors Petroleum company's No. 2 Shaw in the Travis survey, which came in several weeks ago. Yesterday the Shaw well flowed 2,230 barrels.

A location has been made for the LeFors Petroleum company's No. 4 Shaw in the Travis Leach survey, occupied by the LeFors townsite and owned by the LeFors development company. It is near the center of the southeast quarter of the survey and an offset to the Danciger Oil and Gas company's location.

The location is within the limits of LeFors.

The Magnolia Petroleum company has made a location to drill its No. 2 Fee land in section 11, block 3, I and G. N. survey. The company owns outright four sections of land covering sections 10, 11, 14, and 15 situated north of LeFors.

The company has one well pumping a few barrels a day in section 11 and is offset by the Roxana Petroleum company's No. 1 Chaney in section 17, block 8, two miles due north of LeFors.

The drilling of this well may mean the opening of a new field as geologists are optimistic of this location.

#### W. P. HEAD, WELL KNOWN TEXAN, KILLED BY TRAIN

ABILENE, July 14.—(AP)—W. P. Head, 60, pioneer Texas landowner and candidate for state representative from Taylor county in the coming Democratic primary, was instantly killed today when his automobile was struck by a northbound Santa Fe passenger train at Cozart crossing, in southwestern Taylor county.

#### Rain Damage to Wheat Will Be Noticeable

Continued rains at almost regular intervals are cutting the quality of the wheat being received at the local elevators. The first wheat of the season graded between 62 and 64 bushels, while the present grade is nearing the 50 mark.

Accompanied by a wind of almost hurricane violence, about an inch of rain fell during Friday night and early Saturday morning. Wheat in some cases was borne to the ground by the violence of the wind and beat of rain.

#### Carranza Honored By Two Nations And Their Heads

WASHINGTON, July 14.—(AP)—The body of Captain Emilio Carranza the Mexican aviator, will be taken to Mexico City from New York by train and not aboard the Battleship Florida which had been placed at the disposal of the Mexican government by President Coolidge.

WASHINGTON, July 14.—(AP)—By direction of President Coolidge, the Washington government was preparing tonight to pay homage officially to Captain Emilio Carranza, Mexican air ace, and the high purposes of international amity for which he gave his life.

Both during the time the casket remains in New York before it is placed aboard a special train and when it is turned over to the keeping of his Mexican comrades at Vera Cruz, full military and naval honors will be accorded the air hero by the Army and Navy of the United States.

The offer from President Coolidge to President Galles of Mexico placing the Florida at the disposal of the Mexican government as a funeral ship went direct from the Summer White House in Wisconsin to Mexico City.

MEXICO CITY, July 14.—(AP)—All Mexico was in mourning today for Captain Emilio Carranza.

In many towns motion picture theatres were closed and social entertainments suspended. President-elect Obregon for whom a great celebration had been arranged for his arrival in Mexico City on Sunday telegraphed from Guadalajara directing his supporters to abandon festivities in his honor saying that he felt that Captain Carranza was the only man the Mexicans just now should honor and mourn.

The French colony made a graceful gesture which the Mexicans must appreciate by calling off an elaborate program celebrating Bastille day.

Sincere grief shown by Dwight W. Morrow, American ambassador, has touched the Mexican people deeply. The fact that the ambassador rushed to the foreign office as soon as he heard of the tragedy to present his formal condolences in addition to his clear manifestation of personal sorrow and sympathy has appealed tremendously to people of all classes.

#### 91 YEARS OLD

MRS. I. N. WHITE

July 9 marked the 91st birthday of one of the well beloved pioneer citizens of the Panhandle, Mrs. I. N. White of this city. The occasion was fittingly celebrated with a family reunion at the home of Mrs. White's daughter, Mrs. J. E. Corson.

On the day before the anniversary, Mrs. White attended church services, as she does every Sunday when the weather permits her to go out of doors. She is member of the Presbyterian church, and in her more active years took a leading part in church work. She taught a Sunday school class for many years and was a leader in the work of the Auxiliary or Missionary society, as the organization was then called.

Born in Scotland  
Her membership in the Presbyterian church, she says, dates back to her residence in Glasgow, Scotland, where she was born and spent the first few years of her life.

She was born Elizabeth Dougherty. The Dougherty family came to the United States and settled in Cincinnati, Ohio, when she was twelve years of age. She grew up in that city, and there married Isaac Newton White.

After the ceremony Mr. and Mrs. Marland left on a long honeymoon motor trip that will take them through Canada to California. They will be at home at Ponca City, Okla., after Sept. 15.

#### Formed Canadian W. C. T. U.

Although the Indian fighting days were already past, still there was much pioneering work to be done, and Mr. and Mrs. White did their full share of it. In Canadian, Mrs. White is remembered as the founder of the local chapter of the Women's Christian Temperance Union. The chapter was organized during the time when the West was really wild, when, literally, about every other store in every town in the Panhandle was a saloon, and when the W. C. T. U. had more opposition than support. The Canadian chapter was one of the most active in this section of Texas, and is said to be the only chapter in the state to own its building. As a member of the W. C. T. U. chapter, Mrs. White was one of the founders of Canadian's excellent public library, which is still supported by the organization. A large picture of Mrs. White hangs on the walls of the W. C. T. U. building.

Interested in Young  
Mrs. White and her family lived in Canadian for a number of years. There she was identified with all movements for the advancement and progress of the community. She maintained her own home until after she was eighty years old, when she came to Pampa.

#### Hoover Quits His Post and Leaves for Pacific Coast

WASHINGTON, July 14.—(AP)—Having said farewell to the men with whom he had labored in the Commerce department for seven years, Herbert Hoover tonight turned westward. The first presidential candidate from the Pacific coast was going home to receive the formal notification of his selection as the standard bearer of the Republican party.

Closing up of his affairs as Commerce Secretary occupied his final hours in Washington, and his last act of the day was to express to the heads of divisions in the department his appreciation of their co-operation in turning "the arm of commerce away from the narrow channel of business into the great service of public welfare."

#### E. W. MARLIN NOW MARRIED TO HIS NIECE

PHILADELPHIA, July 14.—(AP)—Ernest Whitworth Marland, millionaire oil man of Oklahoma, was married today to Miss Lydie Miller Roberts, niece.

Their engagement was announced last winter, but the wedding was later postponed because of the illness of Miss Roberts, who was formerly Marland's adopted daughter.

Intimation that the pair were to be married today did not become public until their marriage license was recorded at the county court house a Norristown this forenoon. Mr. Marland's age was given as 53 and that of his bride as 28.

#### Amarillo Gives Up Charter in Western League

AMARILLO, July 14.—(AP)—At a meeting here tonight with Dale Gear, president of the Western league owners of the Amarillo baseball club decided to give up their franchise in that loop, giving as reason the fact that they had put all the money they could afford into the club, and were unable to finance it further.

They turned the franchise over to Mr. Gear and authorized him to dispose of it as he wished, in the belief the season was too far advanced to sell it. They declared they had put more than \$130,000 into the club, and while they had assumed all debts of the organization to date were unwilling to continue operations.

The owners included R. H. Ames, president, J. T. Whittington, vice-president, Cal. Farley, secretary-treasurer and J. H. Coker and H. Al Wither spoon, directors.

Reports were heard that Amarillo and another team might be dropped from the circuit and that the league would continue with six clubs but were unconfirmed.

Morris Levine has just returned from the eastern markets, where he has been on a buying trip. He will leave for New York about August 5 on another buying trip.

#### JUDGE HANDS DOWN AWARD TO THE STATE

##### Hutchinson Land Was Recently Found Not to Have Title

#### 3 COMPANIES LOSE PROFITS

##### Ed. B. Trigg Holds Right to Purchase Lands

AUSTIN, July 14.—(AP)—Judgment for cash totaling \$617,146 from three oil companies and for 419.3 acres of valuable oil lands in Hutchinson county, was awarded the State late Saturday by District Judge Geo. Calhoun in the State's suit for the land, which recently was found by a jury to be vacant of title and consequently owned by the state.

The cash award was in settlement for profits made by oil companies during their operations on the acreage. The State got judgment for \$309,969.48 from the Gulf Production company, \$216,728.65 from the Phillips Petroleum company and \$30,428.43 from the Marland Oil company of Texas.

Claims of Robert E. O'Keefe and Burt E. Hinkley, Jr., to rights in the land because of having filed mineral permits application and of J. A. Whittenburg, because of application to purchase outright, were disallowed and thrown out. Judgment given against Ed. B. Trigg, one of the fifty-odd defendant companies and individuals, was made subject to his right to purchase the land from the State under his application of inquiry March 1, 1926.

Judgment was given to the Johnson Ranch Royalty company, Devonian Oil company, Skelly Oil company, and Spie Wetzel and her husband, William E. Wetzel, quieting their title to the unawarded land described in the State's third amended petition. This acreage is inside the 419 acres which the State recovers.

Judge Calhoun found that O'Keefe and Hinkley had no fixed rights in the disputed lands because their applications for mineral prospecting permits were filed after the land had begun to be held and claimed adversely to the State. The judge also found that Whittenburg had abandoned his application to purchase the land and consequently could not recover on it in this suit.

Motions for rehearing are expected to be filed by the defendants early next week. The present court term ends next week-end.

#### Big Spring Will Get Large Refinery

FORT WORTH, July 14.—(AP)—Contracts for construction of a 10,000 barrel refinery at Big Spring has been let by Cosen and company, according to announcement by J. S. Goaden, president, at Fort Worth headquarters.

Contracts were let to the Foster-Wheeler corporation of New York and to the Graver Corporation of Chicago and Fort Worth. The plant is to operate on Howard county crude Cosen and company is one of the principal owners of proven, semi-wildcat acreage acquired over a period of months at an investment running well into seven figures.

The refinery will be served by a twelve-mile line from the field, which will probably be an eight-inch line and will have a carrying capacity up to 35,000 barrels.

#### THE WEATHER

WEST TEXAS Sunday and Monday, partly cloudy.

Pampa Daily News

SEARCHING FOR GENIUS is no mean pastime.

Native genius is so scarce that manifestations of it are seldom seen. The adage that genius is the infinite capacity for taking pains largely holds true.

Gutten Borglum, now of San Antonio, is a name not too well fortified in good will in the South. The man, sculptor and artist, has been accused of horse play for the sake of publicity.

The story current in the press is that a North Carolina lad journeyed to San Antonio to sit for a day watching the skilled sculptor at his work.

Genius looked upon genius, and started perforce back to North Carolina. Days afterward the sculptor read the poems and examined the sketch and models.

Now Borglum is in North Carolina hunting the small lad and issuing statements that he will teach him.

The Birdmen Fly

Aviation is having its ups and downs. No pun is intended, for any new profession must undergo the experiential and popularizing stage.

Nobile's ill-fated dirigible adventure casts a blot upon that division of aviation and draws a world of criticism.

Nearer home, airplane manufacture is going forward at a rate which indicates the future of the business in the Southwest.

The age of aviation is here. The Southwest is favored by topography and the very fact of distance.

The figures were correct when the story was written, but more factories may have sprung up overnight.

The town and city which does not add an aviation program to its civic list is going to have plenty of regrets within the next decade.

CAPITOL News

By RODNEY DUTCHER

WASHINGTON — Herbert Hoover is running for elective office for the first time in his life.

Whether the fact that Hoover was never chosen for a Senate seat or a governorship and that Smith has repeatedly demonstrated a phenomenal capacity as a vote-getter will mean anything in this campaign one does not know.

But while the Democrats are happy over a candidate "with a personality," the Republicans are no quite so enthusiastic in that respect.

He is not, of course, at all at home before a crowd. He is no rabble-rousing, slambang fighter at all.

On the other hand, certain smart persons make the claim that Hoover is nearer to the hearts of the people than anyone else in public life.

He is America's big "drive man". We all helped him save food. Nearly all of us have helped him relieve everyone and everything that ever needed relief.

He is America's big "drive man". We all helped him save food. Nearly all of us have helped him relieve everyone and everything that ever needed relief.

Speech is powerful, but politicians now days can't get an audience unless by radio, and then here is the suspicion that some jazz hound is hogging the attention.

Democrats are counting on the so-called German vote to turn almost solidly against Hoover. They hope voters of German descent will recall Hoover's anti-German propaganda during his Belgian relief work.

London babies have been asked to refrain from chewing gum. What is the world will a copper do for his night stick?

Lacoste beat Tilden again the other day, and not a few tennis writers made the startling discovery that youth will be served.

The Geology of Character

By REV. ERNEST LYMAN MILLS, D. D. (Pastor, Boston Street M. E. Church, Lynn, Mass.)

TIME, pressure and fire make granite. Granite souls come by the same processes.

We wish to be rock—at once. Character comes not so. Failure, hard knocks, these work patience and help to make Peter into a Rock.

Pressure adds strength to shale and sand. The man who can stand the strain, the man who can face losses and setbacks and not get out from under and go back to lower ideals, that man has the stuff in him out of which granite is made.

Sorrow has strength for those who will endure. Weak men avoid pressure and strain, giants bend under weight, but when they stand their muscles are like the seams of granite.

Time waits for the rock, pressure pounds it down to solid dimensions and fire fuses it. We discount spiritual fire today. Emotion is in disrepute.

One thing we especially like about candidates is that they are too tired to wring one's hand off, regardless of their fervor.

We hate drivers who cross intersections rapidly — they make it necessary for us to look and jump when we prefer not to thus interrupt a conversation.

Hoover ignores the farmers. Perhaps the inside of it is that he is trying to think some sense into the Republican farm plank.

A big public utility company has been fighting public ownership ideas by issuing parodies of wellknown songs.

Water was up to the ears of the man who crossed Niagara Falls in a rubber ball the other day when he was rescued.

London babies have been asked to refrain from chewing gum. What is the world will a copper do for his night stick?

Lacoste beat Tilden again the other day, and not a few tennis writers made the startling discovery that youth will be served.

TWINKLES

A reader suggests the caption: "Amarillo Ships 100 Cars of Oranges". The point of origin is immaterial, he says.

In taking pot-shots at any other city, we reserve the right to crack down on any local citizen who falls into the attitude criticized.

Heard: A candidate say he had sent his wife away so she couldn't criticize him for coming in late after a hard day of hand shaking.

Speech is powerful, but politicians now days can't get an audience unless by radio, and then here is the suspicion that some jazz hound is hogging the attention.

Democrats are counting on the so-called German vote to turn almost solidly against Hoover. They hope voters of German descent will recall Hoover's anti-German propaganda during his Belgian relief work.

London babies have been asked to refrain from chewing gum. What is the world will a copper do for his night stick?

Lacoste beat Tilden again the other day, and not a few tennis writers made the startling discovery that youth will be served.

# Cowboy and Rodeo Star---That's New Mexico's Attorney General

## Bob Dow Is Real Son of the Old West

SANTA FE, N. M., July 14.—The old days of the American west, when high hats and spurs were worn and spurs were worn to their offices in the capitol building, may have passed; but Attorney General Bob Dow still is a member in good standing of the great, formal brotherhood of working cowboys.

Furthermore, the attorney general of New Mexico is a good one. He took part in three rodeos during the last week in July, acquitting himself with such credit that he is now preparing to enter Tex Austin's great national rodeo at Chicago next month.

Meeting Bob Dow, you'd never think that the picturesque old west had passed. He is part and parcel of the old west, and shows it.

He was born in Carlsbad, where his father was sheriff. A New Mexico sheriff in those days wore six six-shooters all the time, and knew how to use them; the job wasn't just a lark. The west had its bad men, then, and sheriffs were elected to exterminate them.

Bob Dow, for instance, can remember the time when his father overtook a gang of outlaws led by the famous, or notorious, Black Jack Cochran, one of the worst bad men of the southwest. Black Jack managed to escape, but his horse was shot under him and his chief lieutenant was killed.

Father Was Slain

This and similar exploits won the sheriff the enmity of a number of men. And the present attorney general can remember what happened one day when he was a boy of eight, in 1899.

He was walking down the street of Carlsbad with his father one morning. A horseman galloped up from behind, drew rein abreast of them and emptied his revolver into the boy's father. Sheriff Dow fell dead, and the horseman galloped away to escape in the plains beyond the town.

Such are the boyhood memories of the attorney general. They help to explain why, years ago, he decided to devote his life to establishing the reign of law and order in the southwest.

When he became attorney general he did not forget the tricks of the cowboy's trade. "Two or three evenings a week he slips away from his office a few minutes early, goes home, saddles a horse and brushes up on them. He is known throughout the state for his skill.

This spring a group of tall, rangy

## HE CAN DO THIS IN 25 SECONDS

Attorney General Dow can perform this feat of roping a calf in just 25 seconds. At the right, is a close-up of New Mexico's attorney general and his cowboy togs.

## Saw Father Slain By Notorious Bad Man

cowboys from the Estancia country in eastern New Mexico rode into Santa Fe—a trip of several hundred miles—and came clattering up to the state house. They dismounted and trooped into Attorney General Dow's office.

Is Real Calf Roper

"If you think you're so good," they said, "come on over to Estancia next month and meet a real calf roper."

The attorney general grinned.

"I'll rope the breeches off of him," he replied.

On the appointed day he laid aside the dignity of his office, donned cowboy regalia and went to Estancia, to prove that his capabilities as a cowboy were equal to his reputation.

Some time ago, while a member of the state legislature, Dow entered a calf roping contest in a rodeo at his home town, Carlsbad, and won first money setting the remarkably fast time of 25 seconds for the feat. As a horseman he has few equals, even in this state of born horsemen; friends relate that up until a few years ago one of his favorite recreations was the riding and breaking of wild, savage bronchos.

Just now the attorney general is looking forward to the Chicago rodeo with great anticipation.

"What do you think your chances for winning are?" he was asked.

"Good," he replied. "I may not get as much practice as the other fellows who follow the business, but I have natural ability."

That's Bob Dow all over—confidence. His friends believe he will make his boast good when the time comes.

## OREGON WELL KNOWN IN U. S.

### Calls Yankee Attache by Name of "Sandy"

BY CLARENCE DUBOSE

Chief of Associated Press Bureau, Mexico City

MEXICO CITY, July 14.—(AP)—Mexico's president-elect, Gen. Alvaro Obregon, has an extensive first-hand knowledge of the United States.

He has been there more and has had more contacts with Americans in their own land than any other president of Mexico. This acquaintance with the neighboring nation and with its citizens as individuals is, expected to have an important bearing upon the official relations of the country.

President Calles has had some close Mexican contacts, too. He has an American son-in-law, Thoms A. Ronin, who was born in Michigan, flew in from Cuba, studied at Columbia, lived in New York, came to Mexico City, went into business, and married the president's daughter, Ernestina Calles. No resident of Mexico has ever had friendlier relations with an American ambassador than Calles has had with Obregon since they first breakfasted together on ham and eggs.

Fal of American

The president-to-be calls the American military attache "Sandy." Every city who knows Col. Alexander Meabury well calls him "Sandy." Obregon has known the colonel for years; they were pals on the border when Meabury was stationed at Nogales close to Obregon's Mexican home. If ever before a president of Mexico was thick with a U. S. military attache, it is now.

Obregon, who was elected July 1 to the office Dec. 1 for a six-year term, succeeding Calles, also preceded Calles as a officer, having been president from 1910 to 1913. He is the only man since Porfirio Diaz, who was dictator thirty years ago, in youth he was a day laborer in Mexico.

Was School Teacher

Obregon is a soldier, farmer, poet, business man, politician, historian, essayist. In youth he was a day laborer

## A Duke Can Dance With a Queen

Never see an honest-to-god queen doing a fox-trot? Here's one, and she is none other than Victoria Eugenia, Queen of Spain. The Duke of Leceira is her partner. They were attending an open-air society fete.

One of his close American friends is Harry Chandler, publisher of the Los Angeles Times. They have been associated in business. At different times when in the United States Obregon talked with President Wilson and with various Washington officials. During the World War, in Washington to discuss import and export restrictions as they affected Mexico, Obregon conferred a good deal with Herbert Hoover, and has publicly expressed his admiration of him.

Visited West Point

When Obregon was President Carranza's secretary of war he visited the United States officially. Brig. Gen. Frank McCoy, then U. S. military attache at Mexico City, was assigned to act as his aide during the tour. Gen. Obregon visited U. S. training camps, munitions factories and ship yards, and received a review at West Point, being one of the few Mexicans who have had that distinction.

Gen. Obregon and Ambassador Morrow have met frequently and there is personal and official will be close and cordial after Obregon is president.

Obregon has a reputation for personal bravery which he has lived up to on many occasions. He has been wounded several times in action, lost an arm in battle, and attempts to assassinate him have been made many times. He disdains being guarded. It is whispered that he is always armed and that he can pull his pistol as quickly with his left hand as he could with the right that was shot away.

## Posed as Brakeman

Railroad men love to tell of an occurrence when Obregon, before becoming president for the first time, had reason to believe his life was in danger. He was in Mexico City against the advice of his closest friends. Enemies were determined to kill him. Escape seemed impossible. Obregon put on overalls and a workman's cap, borrowed a brakeman's lantern, sauntered to the railroad yards, boarded a freight train as one of the crew and calmly rode away. When he returned to the capitol he was virtually ruler of Mexico, and he still was wearing the same overalls. The brakeman made him an honorary member of the reunion, and the story so intrigued the late Samuel Gompers that the American labor leader sought Obregon's acquaintance and they became close friends.

While President, Obregon was riding along the principal avenue of Mexico City when he recognized upon the sidewalk a notorious and desperate criminal who was being sought by the police. The president stopped his automobile, walked over and personally arrested the cut-throat, who seemed to have resisted, took him on to the national palace and turned him over to the police.

Rode With Lindbergh

Obregon took his first airplane ride with Lindbergh when the famous flyer was here last December.

"It wasn't as excited as I expected," he commented.

Gen. Obregon's wife has a spirit no less recalcitrant than that of her husband.

## Olympic Team Is in Better Spirits as Voyage Proceeds

BY ALAN J. GOULD

S. S. PRESIDENT ROOSEVELT en Route to Amsterdam, July 14.—(AP)—A sharp rise in team spirit among the United States Olympic athletes on their way to the international games was apparent today as a result of the move of Major-General Douglas MacArthur, president of the United States Olympic committee, in striking back at criticism which has kept controversial issues alive.

Athletes who previously had been discussing the protests now are thinking about the chances at Amsterdam and steadying down to training routine.

An indication that further protest in behalf of five New York A. C. athletes who are being sent to Amsterdam by that organization is unlikely was seen in a radiogram received by General MacArthur.

When asked why she said: "I do not want even God to see me afraid."

MacArthur from William Kennelly, president of the club, which included "best wishes to the team. Regards."

Cooler weather and a smooth sea aided workouts in which all squads are indulging. There have been a few slight casualties including Jackson Scholz, Olympic 200 meter champion, who has a sore ankle and Walter Colbath, diver, who sprained an ankle in practice.

## MUST TRIM APPROPRIATIONS

AUSTIN, July 14.—(AP)—The board of control's blue pencil probably will fall heavily on state department's and institutions appropriations request for the coming biennium, R. B. Walthall, chairman, said today.

For the two fiscal years just ended, the Board trimmed money pleas before they reached the legislature, by more than \$19,000,000. Walthall said indications are that better than \$20,000,000 must come off this time.

### Oldsmobile Headlights Adjusted to Best Illumination

As a contribution to safety in night driving, Oldsmobile headlights are so closely adjusted that the light beam at ten feet from the car is not more than one inch above the center of the road. This adjustment guarantees a light that fully illuminates the road more than 300 feet ahead and across its entire width without glare or discomfort to approaching motorists.

Every headlight used on Oldsmobiles is tested and adjusted before it is accepted. The inspection takes place in a semi-dark room where the light beam can be accurately gauged and measured.

The headlights are placed on a permanent fixture which exactly duplicates the position of the light after it has been placed on the car. This brings the center of the lamp 37 3/4 inches above the floor. Twenty-five feet distance is a target with a vertical and horizontal line forming a cross in the center. The horizontal line is 34 3/4 inches above the floor.

When the headlight is placed in the fixture it is electrically connected and turned on. Inspectors adjust the focus to its brightest point by means of a second screw so that the top of the beam just touches the horizontal line. The vertical line shows that the beam is correctly centered.

After the lights have been adjusted they go to the assembly line where a corresponding fixture is used to assure their correct position on the car. This method of testing and assembly by the use of companion fixtures does not permit the slightest variation.

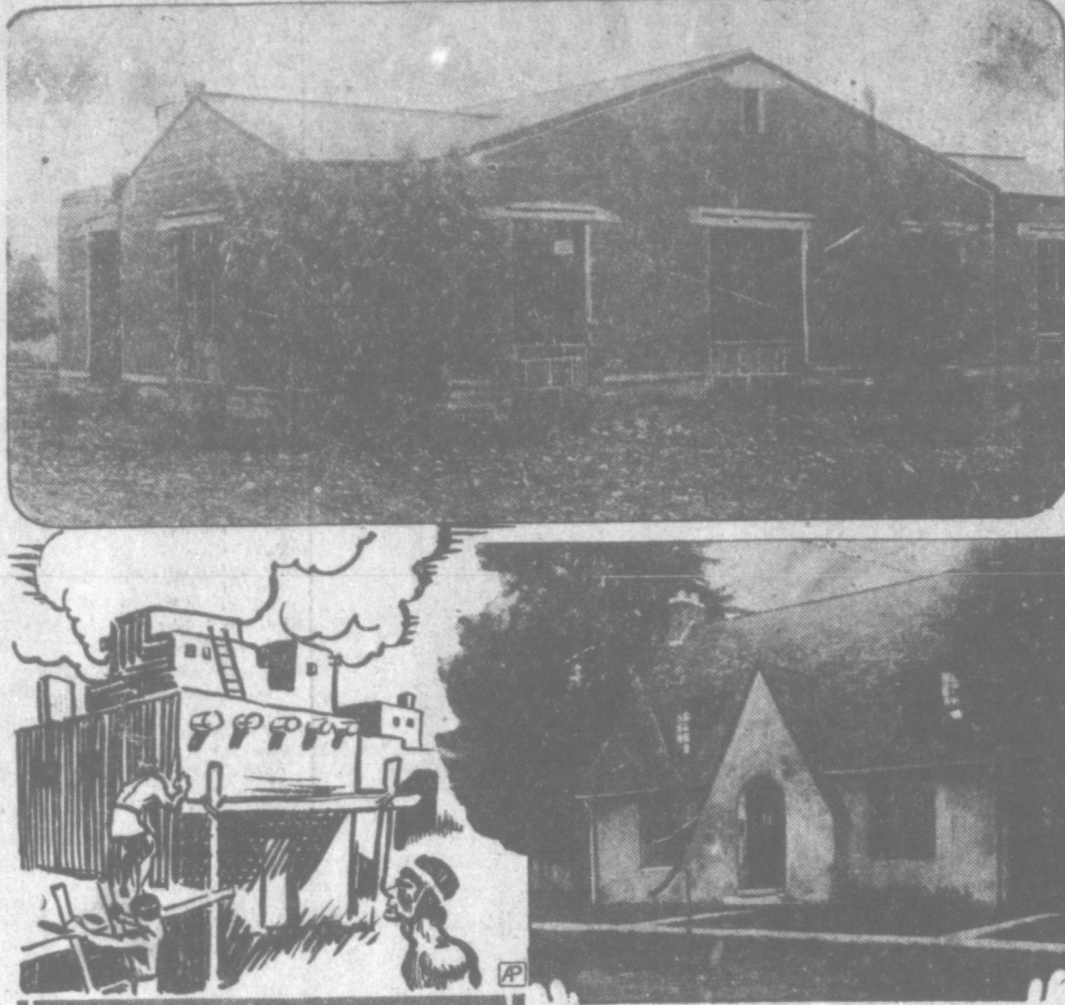

The headlamps have double filament bulbs. In place of the customary "dim," the angle of the light is thrown down in front of the car where it lights the road fully for the Oldsmobile driver without confusing approaching drivers. The "bright" action throws the light farther ahead on the road for cross-country driving. The main headlamps also carry offset parking lights at the front end of the car where they belong.

The light control switches are increased in the top of the steering column for convenience.

#### BUILDING NEW HOME

A. C. Husted is having a \$4,000 home erected in his lot in the West End addition. The contract has been awarded to Frank Thomas, local building contractor.

### Homes Of Earth Found Strong As Concrete

Ordinary earth used by prairie pioneers for sod houses and by desert Indians in adobe dwellings, is building material of merit, University of Michigan experimenters found. They built the two homes shown above from dirt tramped in wooden forms, and found walls to have the strength of concrete. But instead of being cheaper than dwellings of wood, brick and stone, the earthen homes cost a little more to build than frame houses.

ANN ARBOR, Mich. —(AP)—Homes, but they found that the cost of putting up an earthen dwelling exceeded slightly the cost of an ordinary dwelling.

F. E. Menefee and R. E. Franklin of the engineering mechanics staff of the university built the homes from earth turned up when excavation was made for the basements. The dirt was rammed by pneumatic tampers in forms set up for sidewalls, similar to those used in pouring concrete, and the walls were found to have the strength of concrete when the dirt was compressed to half its normal size.

The pair thought it would be much cheaper to erect such houses than to build them of conventional materials.

They planned to make the lot provide everything but roofing materials for the exterior construction, and to build a home as sturdy and as handsome as those built of wood, brick or stone. Built along modern architectural lines, with the earth walls coated with glazed paint, the houses resembled stucco dwellings and a casual examination would never have revealed them to be glorified "sod shanties."

The first house had only the walls and the gable end of an ornamental doorway built of earth. In the second the earth walls were carried to the

roof, which was erected with only the walls as supports.

### NOTICE TO THE STOCKHOLDERS OF THE PANDANLE AND SANTA FE RAILWAY COMPANY.

You are hereby notified that the Board of Directors of Pandanle and Santa Fe Railway Company, have called a meeting of the Stockholders of the company to convene at the principal office of the company in the City of Amarillo, County of Potter, in the State of Texas, the 30th day of August, 1928, between the hours of 10:00 a. m. and 4:00 p. m. to consider and act upon a proposition to authorize the execution by the Company of a Mortgage or Deed of Trust to be called a "General Mortgage or Deed of Trust" or by such other name as may be determined, on all of its railroad and properties now or hereafter owned, to secure bonds to be issued in whole or in part for the purpose of raising the funding or refunding the indebtedness of the Company for money advanced to or expenditures made on its behalf, for the construction of its railroads and properties and additions or betterments thereto, and indebtedness constituting a prior lien on its railroads and properties now or hereafter owned, and to provide funds for the future extension of and additions and betterments to its properties, for the purchase of equipment therefor, for the reimbursement of its Treasury for expenditures so made and for other lawful purposes; such bonds to be issued at such times, in such amounts, of such series, and at a lawful rate of interest payable at stated periods, and maturing on such date or dates, subject or not subject to redemption, tax-free or not tax-free, convertible or not convertible into shares of capital stock of the company, subject or not subject to sinking fund provisions, and containing such other terms and conditions as may be determined or prescribed by the Board of Directors; so limited in amount that bonds at any time outstanding, together with all the then outstanding prior debt of this Company and the par value of its then outstanding shares of capital stock shall not exceed the sum of Fifteen Million Dollars (\$15,000,000) plus the amount expended after December 31, 1927 for the acquisition, construction, or extension of railroads and railroad property and for additions and betterments to such railroads and properties now or hereafter owned by the Company; such mortgage or deed of trust to contain also such terms and conditions as may be prescribed by the Board of Directors, authorized by the Stockholders at a meeting; and to authorize the issuance under said mortgage or deed of trust of one bond for Nine Million Dollars (\$9,000,000) or such sum not exceeding said amount as may be approved by the Interstate Commerce Commission, and to cause the same to be dated July 1, 1928, and to mature July 1, 1933.

J. N. Freeman, Secretary.

## WHAT A DIFFERENCE REAL COMFORT MAKES

You'll notice it first when you settle yourself comfortably into the deep-cushioned, form-fitting seat and stretch your legs in its roomy interior. You'll be still more deeply impressed when you take a drive and discover how its four Lovejoy hydraulic shock absorbers transform even the roughest roads into smooth-riding boulevards. And you'll appreciate the complete restfulness—the final touch of fine-car luxury—which results from a rubber-cushioned chassis, a silenced interior and a new, vibrationless 55-horsepower engine. Come drive the car that thousands are buying. Find out what difference real comfort makes!

THE FINE CAR OF LOW PRICE

**Do you know the price range of the Packard Eight?**

IT IS from \$3450 to \$3850 at the factory for the Standard Eight—from \$3875 to \$4550 for Packard's own custom models.

Aren't these prices lower by many hundreds of dollars than you had thought?

Packard has placed the superb new Packard Eight within the reach of additional thousands of motorists. For while this great car has been constantly refined and developed since its introduction in 1923, a growing demand and increased manufacturing facilities have made possible marked reductions in price.

For example, the Seven Passenger Sedan in the Standard line sells today at a price which is lower than the introductory figure of 1923 by \$1150—while in the Custom line it lists at \$450 less. And the car is by far the finest Packard has ever built.

Is it any wonder that Packard Eight production has been doubled during the past five months to satisfy the new demand?

When may we serve you? Our payment plan is business-like and liberal—so is our appraisal of your present car.

### Packards Will Be Seen at Coronation of Japan Emperor

American motor cars will have an important part in what is expected to be the most spectacular royal pageant in the history of Japan. They will participate in the parade which is to be a big feature of the coronation ceremonies with which Prince Hirohito will be officially crowned emperor.

At the New York office of the Packard Motors Export corporation, the export organization of the Packard Motor Car company, it was learned that 15 Packard cars have been purchased by members of the royal family and nationally known men in Japan with shipping instructions specifying that they be in Tokyo in time for the coronation ceremonies. Three of the cars were ordered by princes of the royal house.

Gay colors feature nearly all of the cars ordered for the big fête. Most of them also are open vehicles which will be used in the coronation parade.

### Scouts Give Coolidge Trout Rod

President Coolidge received a fine trout rod the other day from the Boy Scouts of Superior, Wis., council. Scout Donald Kunzshah is shown making the presentation at the summer White House on Brule river.

### Willys-Knight Line Breaks 1927 Record

Sales figures announced today by officials of Willys-Overland Inc., reveal that more Whippet and Willys-Knight automobiles were shipped in the first six months of 1928 than in the entire twelve months of 1927. Slightly more than 200,000 cars were marketed by the Toledo Manufacturer exceeding the entire output of 171,743 cars for 1927 by a wide margin.

June 1928 proved to be the largest June in the history of the company, total cars shipped being more than the combined totals for June 1926 and June 1927.

According to factory officials, the demand for the Whippet Six announced in April has always exceeded production, while the reduction in price of the Willys-Knight Standard Six, now listing under one thousand dollars,

greatly stimulated sales in the sleeve valve cars. Unusually heavy demand continues for the Whippet four and six cylinder four-door sedans, which company officials ascribe partly to the fact that these models are the lowest priced four-door enclosed cars on the market.

#### STILL THE ANNOYANCE

As usual, when the fire siren sounded Friday evening a string of Pampa motorists fell in behind the fire truck and followed it to the vacant lot near the city water wells where a pile of boxes was burning.

A fast run was made from the station and in record time a stream of water was playing on the boxes.

#### ABOUT OUR GEORGE

George W. Briggs, former C. of C. secretary at Eastland, turns up at Pampa, and is according to the Daily News of that young city, cranking up for his annual visit to Northwestern University, Evanston, Ill., where, every summer, commercial club executives are taught to do their stuff by old masters of the game. Mrs. Briggs is going along, too, and we hope the Pampa C. of C. is footing the bill. Education always pays—Abilene-News.

Mr. and Mrs. Raymond Harrah left Saturday morning for Red River, N. M. It is probable that they will spend a part of their vacation in Colorado.

### Markets

CHICAGO, July 14.—(AP)—General selling of wheat and corn resulted today from favorable weather and from prospects that Monday would witness record-breaking big receipts of wheat Southwest. Besides, European demand today for wheat from North America appeared to be virtually at a standstill.

Closing quotations on wheat were unsettled at the same as yesterday's finish to 1-2c lower, with corn 1 1/8c to 2 1/2c down, oats at 3-4c decline to 1-3c advance, and provisions varying from 2c setback to a rise of 50c.

KANSAS CITY, July 14.—(U. S. D. A.)—Cattle trade around the 11 market circuit this week was featured by the increased movement of grass cattle. Quality of the range offerings was generally plain with only a limited number of well bred steers that would elicit competition from feeder buyers. Price declines of 25 cents to \$1.00 were put into effect, common southwestern grass steers showing the most loss. Trade on native fed steers and yearlings was somewhat uneven, with the better kind steady to 25c higher, while prices on short fed lots were shaded as much as 50c. Chicago scored 16.25 on choice yearlings and realized 16.00 on heavy steers. Fed 1092 lb. Texas steers at Kansas City brought 14.65, but most of the cake feds turned at 12.75 to 14.00. Common southwestern grassers were numerous at 10.00 to 11.25. Aggregate receipts were round 205,250 as compared with 142,033 last week and 217,335 the same period a year ago.

Sharply lower values prevailed in the hog market are forepart of the week but on late sessions curtailed receipts sponsored a reaction. Closing price levels were 5 to 15 cents lower, with the closing lot of 11,500 paid at Chicago. Total offerings this week approximated 460,650, an increase of 64,300 over last week, but a shortage of 10,000 from the same period a year ago.

The week's supply of sheep totaled around 225,900 as compared with 185,273 last week and 200,159 the same week a year ago.

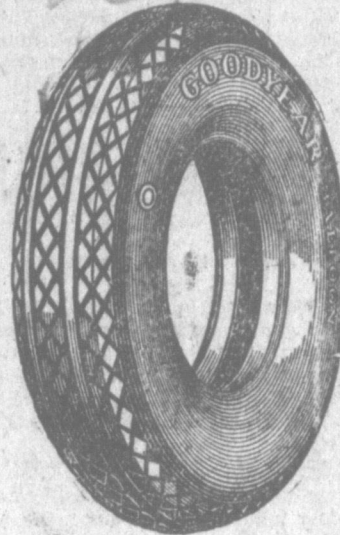

Increased receipts had a very depressing effect on fat lambs, packers enforcing a 50 cent to \$1.00 decline.

## Six Big Advantages —yet it costs no more!

The new All-Weather Tread Goodyear Balloon Tire costs no more than any other standard brand tire —yet it has six outstanding points of superiority. The

Goodyear—the world's greatest tire—actually improves the performance and value of any car. It does this because of these six important advantages:

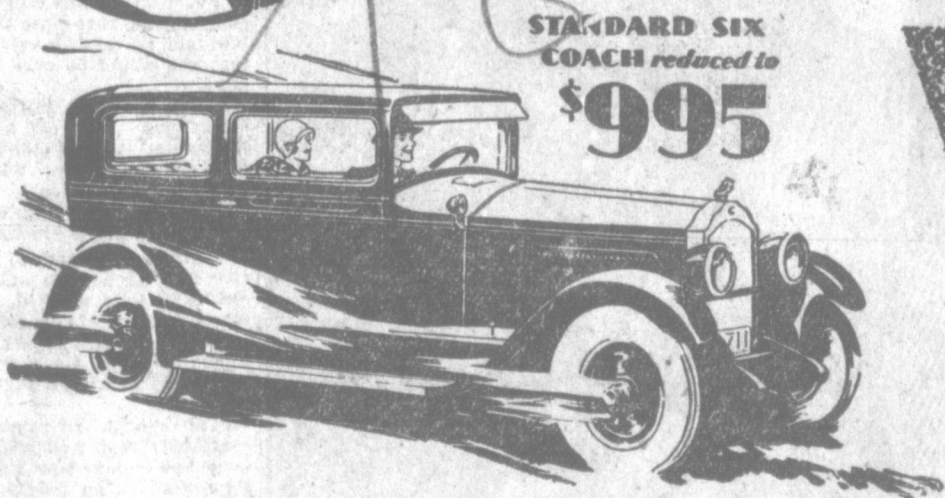

- 1—Traction
- 2—Safety
- 3—Slow, Even Tread Wear
- 4—SUPERTWIST carcass
- 5—Quietness
- 6—Appearance

Let us show you this new tire—tell you what it will cost to equip your car—we'll take your old tires in trade, crediting you with every mile that's left in them.

STANDARD SIX COACH reduced to \$995

2,000,000 WILLYS-OVERLAND CARS AND GOING STRONG!

#### Superiorities of patented double sleeve-valve engine now enjoyed by new thousands

Lightning pick-up—a smooth, unflinching flow of power, effortlessly delivered mile after mile, year after year—an engine that is always at its best, as fresh at the end of a hard day's run as at the start—simplicity of design that insures remarkable freedom from repairs and carbon troubles—these are some of the many advantages enjoyed by more than 225,000 enthusiastic drivers of Willys-Knights.

Now, at a record low price, the new Standard Six brings you the quality supremacy for which Willys-Knight is famous. Mounting sales and greatly increased facilities enable us to offer this beautiful Six at a price never before possible.

#### HIGH COMPRESSION WITH ANY GAS

In this patented engine, two metal sleeves in each cylinder combine with the spherical cylinder head to form a perfectly sealed combustion chamber. This head directs the full force of the explosion straight downward, making the most efficient use of the highly compressed gas. As a result, the Willys-Knight engine gives high uniform compression at all speeds and with any gas.

#### TWO OTHER FINE SIXES

##### SPECIAL SIX

Now still further improved by such advanced features as full crown fenders, window reveals, steel-clad roof and optional new color harmonies of richness and charm. Prices range from the Coach at \$1295 to the Sedan at \$1495

##### GREAT SIX

Distinguished by finer bodies, a wider selection of beautiful color combinations, and a larger, more powerful engine, insuring even higher and smoother speed and even livelier acceleration. Prices range from \$1850 to \$1995; the Sedan . . . \$1995

All prices f. o. b. Toledo, Ohio, and specifications subject to change without notice. Willys-Overland, Inc., Toledo, Ohio.

Mr. and Mrs. Berry Entertain at Bridge Thursday Evening

Mr. and Mrs. Joseph Berry entertained with four tables of bridge at their homes on the Wilcox lease, Thursday evening.

Those present were as follows: Mr. and Mrs. H. W. Hickman, Mr. and Mrs. A. Johnson, Mr. and Mrs. Ed Ober, Mr. and Mrs. C. M. Bryson, Mr. and Mrs. John Weeks, Mr. and Mrs. C. E. Hutchins, Mrs. C. S. Boston and Mrs. Mitchell. Paces were awarded for combined scores and these went to Mr. and Mrs. "Gober," high and Mrs. Johnson, second high. Mrs. Boston was consoled for low score with a favor.

Delicious refreshments were served.

Mr. and Mrs. Earl Powell spent a few days of the week with friends in Woodward, Okla., returning home Thursday afternoon.

W. T. Hayter, who was called to Mesquite last week, on account of the illness of his father, returned to Pampa Friday afternoon.

Theatre Party Given Friday Honoring Visitor

Miss Margaret Davis entertained with a theatre party Friday evening, honoring her guest, Miss Gladys Roberts of Elms. The party included, besides the honoree and the hostess; Misses Georgia and Ruby Guest, Miss Ariell Stone, Miss Helen Sullins, Misses Bonnie and Edith Davis.

Miss Roberts has been a guest in the home of Mr. and Mrs. W. P. Davis since their return from Phoenix, Ariz. She returned to her home this morning.

CHURCHES

FIRST BAPTIST CHURCH

We are still in business at the same old stand, meeting every Sunday morning for Sunday school at 9:45, preaching at 11, B. Y. F. U's at 7, and preaching at 8. We invite the public to worship with us, special music at both services.

The pastor and assistant are in a fine revival meeting at the Baptist mission, four miles south of Pampa. We invite you to attend service out there some this week.

Dr. J. Walton Moore, missionary from China, will speak for us Sunday, July 22. Don't fail to hear him.

Come on over to the Baptist church, we still are fighting Tammany Hall, Al Smith and the Devil.

D. H. TRUHITE, Pastor.

METHODIST CHURCH

Sunday school, 9:45; H. McBe, superintendent. Preaching hours 11 a. m. and 8:30 p. m.

There will be two special programs for your edification and instruction. The pastor, the Rev. Tom W. Brabham, will speak at both hours. Morning theme, "The Strength of Jehovah." Evening theme, "The Drifter."

Are you drifting or going somewhere? Have you a goal in life or are you just passing in through?

Mrs. J. M. Dodson will sing at the morning hour.

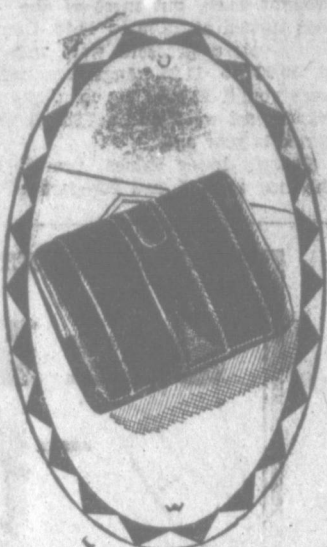

PRESBYTERIAN CHURCH

The Rev. Henry C. Schneider of Breckenridge will occupy the pulpit at both services today.

Sunday school at 10 o'clock. Morning service 11 o'clock. Subject: "The Print of the Nails." Evening services, 8 o'clock. Subject: "Our Need of a Revelation."

Everyone is invited to hear Rev. Schneider, as he comes highly recommended from his charge in Breckenridge. Come out and give him a hearty welcome.

The Board of Elders.

A TAILORED BAG of black shotfall is made in wide pleats and has a silver metal frame.

REID GETS APPOINTMENT

Word has been received that F. P. Reid has been appointed on the immigration committee of the West Texas Chamber of Commerce.

Mr. Reid is a pioneer member of the organization, having joined it while he was field secretary of the Panhandle-Plains Chamber of Commerce.

Mr. and Mrs. W. P. Davis and family and their house guests, Miss Gladys Roberts of Elms, left this morning for Fort Worth, Ennis, Glen Rose, and other points in Central and South Texas.

Fred Hobart of Canadian is visiting his parents, Mr. and Mrs. T. D. Hobart.

Charlie Thut was a McLean visitor yesterday.

ATTENTION! PROSPECTIVE BUYERS OF WHEAT LAND

Here is an outstanding buy in a choice tract of land. Well improved, 1700 acres, in a short drive of hereford. Has 1000 acres in cultivation, shallow water, good fences, located in the best wheat section of Deaf Smith county. Other business obligates owner to sell. Price \$18.00 per acre. \$3,500 cash, unusual terms on balance.

Buy in land like this are not offered every day. If you are on the market for a real wheat farm, you will save money by investigating this. No trade considered.

MOVIES

CRESCENT

Out of an army of six-million soldiers they picked "Ham and Eggs" to patrol the cemetery at midnight. Popular comedy appeal spiced by the greatest novelty idea ever conceived.

Tuesday "Heroes in Blue" with John Bowers, a dedication to the firemen of the world.

Wednesday "Cry of the North" from the glittering footlights of San Francisco to the frozen vastness of the north.

Thursday That clothes make the man and sometimes wreck the woman is the theme of "The Play Girl" starring Madge Bellamy.

Friday A freckle-faced Lindbergh of the saddle that never takes a dare and never says "enough" in "The Fighting Redhead."

Saturday Action is the keynote of the story and mix, with the aid of Tony, brings to the screen one of his best fighting pictures.

REX

"7th Heaven" is the story of two of the lowest types of Parisians, a worker in the sewer of Paris and a wait of the Paris streets. But because of the glorious doctrine of courage that it preaches and the marvelous things it

does to both characters it has been called one of the most beautiful love stories ever written.

Tuesday "Nameless Men" is a human interest story of a man who first falls in love, is trapped, caught and finds that dreams don't always come true.

Wednesday Thursday Lon Chaney probably scored one of his biggest hits in "The Hunchback of Notre Dame." The story centers around the life of "Quasimodo," the deformed bell ringer of the famous cathedral of Notre Dame in Paris.

Quasimodo is caught trying to kidnap the ward of the king of the underworld. He is sentenced to be lashed in the public square, and it is here that he makes one friend while being scorned by thousands of enemies.

Friday Charles Ray gets his in "The Count of Tota" without a little effort. Comedy in the ring adds unusual life to the picture.

Saturday Unparalleled thrills, drama, comedy! Never has Hot Gibson given you such a gripping role as in "The Rawhide Kid."

Mr. and Mrs. W. P. Masters, formerly owners of Master's cafe here, were visitors in the city yesterday from Midland, where they have a large dining room in the Scarborough hotel there.

J. E. Murfee is in Dallas on business. He will return sometime this week.

F. P. Reid transacted business in Amarillo, Friday.

PAPER DRESS BURNS AND CHILD IS KILLED

CRAWFORD, July 14.—(AP)—Katherine Cousins, 9, daughter of Mr. and Mrs. John Cousins of Crawford, succumbed today from burns received this morning when the paper dress she was wearing was accidentally ignited by her baby brother.

PAPER DRESS BURNS AND CHILD IS KILLED

The children were playing dolls.

### Hornsby Boosts His Batting Over 400 Mark Again

NEW YORK, July 14.—(AP)—Rogers Hornsby not only remains well in the lead over Paul Waner for individual batting honors in the National league, but also owns once more a percentage figure above 400. Averages, issued today and including games of last Wednesday show the Boston manager at 403 for 72 engagements, in which he has made 56 singles, 28 doubles, two triples and 10 home runs.

Hornsby's 28 doubles constitute the best mark in the league in that detail, while his 16 home runs entitle him to fourth place behind the pace setters; Hack Wilson, Chicago 22; Jim Bottomley, St. Louis, 20, and Del Bissonette, Brooklyn, 17.

St. Louis players again figure prominently in individual achievement. In addition to ranking second in heavy runs, Bottomley leads in runs scored with 76 and in triples with 12, he also is tied with Bissonette for the greatest number of runs batted in—73. Frank Frisch tops the base thieves with a string of 16, and Taylor Douthitt still sets the pace with the greatest number of hits—120. Individual honors in pitching go to Cincinnati once more. Red Lucas, recovered from a broken wrist suffered some weeks ago when he was hit by a ball in batting practice, rushed to the rescue of the Rhinelanders in a game against the Phillies the other day, and picked up credit for a victory when his team pulled out of the decision, 6 to 5, with a rally in the ninth.

That gave Red a record of nine victories and two defeats, enabling him to oust Larry Benton of New York from the pinnacle. Benton's records came crashing down about his head in Pittsburgh after he had done two rounds of rescue work, and his record for innings without relief was at an 192 2-3. Next he was hammered out of a game of his own in St. Louis when Cardinal home run hitters became unruly in the opening inning, snapping his string of consecutive complete games at seventeen.

In the first of these poundings Benton was charged with defeat. In the other, Bill Walker pitched fine ball to win and save a game lost for the sore-top. But the dip was sufficient to reduce the Giant ace to second place with fourteen victories and four defeats.

Following Hornsby are these regular batters: P. Waner, Pittsburgh, .363; Grantham, Pittsburgh, .362; Herman, Brooklyn, .358; Bottomley, St. Louis, .350; Siler, Boston, .348; Douthitt, St. Louis, .346; Lindstrom, New York, .344; Callaghan, Cincinnati, .343; and Roetger, St. Louis, .341.

The Pirates are on top in team batting with a mark of .304, followed by the Cardinals ten points lower. Cincinnati, league leader in double plays with 102, continues to set the fielding pace at .974, with this margin over Chicago and St. Louis, which follow in order, each at an interval of one point.

### Bufs and Panthers Tied for Fielding Honors at Half

DALLAS, July 14.—(AP)—The Houston Bufs and Fort Worth Panthers tied for fielding honors during the first half of the Texas League season, each with an average of .907. Other clubs followed in this order: Waco .907; San Antonio .903; Wichita Falls .903; Dallas .902; Beaumont .901; Shreveport .901.

Following are individual averages for the first half:

First basemen: Shiren .906; Schittebner .904; Stanton .903; Grimes .902; Whelan .901; Walker .900; Riley; Ellison, .988.

Second basemen: Selph .973; Kilduff .969; Morse .965; Philbin .964; Odum .959; Pratt .957; Woehrs .953; Bailey .952; Harrington .946; Turgeon .930.

Third basemen: Essell .965; Swanson .950; Tate .949; Holman .933; Boggs .931; Hook .917; Richardson .917; Battle .895.

Shortstops: Mann .970; Morse .965; Windle .963; Fladhammer .947; Marshall .948; Benton .941; Schuble .932; Deviveros .924; Kibbie .922; Roets .875.

Left fielders: Jenkins .981; Ginglard .980; Mulvey .979; Bonowitz .977; Petrie .972; Peel .970; Nason .969; Powell .962; Sears .946; Johnson .941.

Center fielders: Petrie .1000; Lamb .991; Randy Moore .989; Fitzgerald .983; Eddie Moore .978; Najo .963; Watkins .942; Wilson .937; O'Brien .929.

Right fielders: Miller .990; Worthington .977; Shiffers .974; Cox .969; Swanson .968; Blackerby .953; Eldred .951.

### Finns Concentrate On Light Athletics; Ready For Olympics

VAINO KOKKINEN TRUMP THAT! FIN SPORTS FAN

Flashing a formidable group of runners, Finland expects to win five victories in the 1928 Olympics and repeat its performance of 1924 when it won 10 gold medals in the light athletic events to the 11 medals awarded America. The indomitable Paavo Nurmi (right) will head the Finnish delegation. Vaino Kokkinen, light middleweight wrestler (left) figures the Dane, C. Jacobsen, is the only one standing in his way of the Olympic championship in his class.

HELSINGFORS (AP)—This land of a thousand lakes and interminable winters has gathered together an Olympic team which, it believes, will bring fame and honor to the Finnish nation. Although a little country of only 3,000,000 inhabitants, Finland's hardy climate has produced a race of athletes who have given a good account of themselves in previous Olympiads.

In the Paris Olympics in 1924, little Finland won ten gold medals in the light athletic events, compared to the 11 medals won by the United States. Finland thus feels it has a position and reputation to defend this year. The whole Finnish troupe will consist of only 75 to 80 persons, including trainers and business managers, but each man is a picked athlete. Finland figures that her chances will be best in the light athletic sports, as was the case in previous Olympic contests, and in wrestling. This latter sport is very popular in this country and several of the best amateur wrestlers of Europe are Finns. Swimming and boxing will also bring forward Finnish competitors, but the home land does not pin many hopes upon them.

Finland, summing all up, calculates on five victories as quite certain—the javelin throw, decathlon, 5,000 and 10,000 meter runs, the steeple chase and believes herself capable of getting good placing in the marathon, hop-step-and-jump, putting the shot, discus and 1,500-meter race.

The celebrated Paavo Nurmi will be the salient figure of Finland's team. His own countrymen know very little of his form this year. He won the Finn cross-country championship easily. In Finland there is no doubt he will win the 5,000 and 10,000 meter races.

Wille Ritola, who won two gold medals in Paris, 1924, will also take part in Amsterdam, running the same distances as Nurmi, 5,000 and 10,000 meters. He is expected to give Nurmi a very hot fight on the long distances. A third man on the same distance is Kale Mattilainen, who has developed a tremendous sprint. He should be good for 14.45 minutes on 5,000 meters, and 31 minutes on 10,000 meters.

Finland expects to win the javelin throwing matches as she has done more or less consistently in the past. Eino Penttila is Finland's hope in this contest.

For the decathlon Finland will offer a farmer boy who has turned out to be a phenomenon. Uvaavo Yrjolo is considered unbeatable in Finland as an all-around athlete in the different events which make up the decathlon—running, hurdling, putting the shot, throwing the javelin, throwing the discus, the running high jump, running broad jump and pole jump.

Other athletes on whom Finland is relying are Armas Wahlstedt, shot-putter; Hannes Kolemalmen, Eric Rastas, Martti Martelin and Waino Sipila, marathon runners; Phil Kimunen, 1,500 meter runner; P. Lagerstrom, 800 meters; Bengt Sjoberg, 110 meter hurdles; Erka Wilen, 400 meter hurdles, and Raul Hellberg, bicycle racer.

In the wrestling events, Finland is entering men for all classes. Hjalmar Nyström, winner of the European championship, will be among its grapplers. Others will be: Edward Versterlund, former Olympic northern European and Finnish champion lightweight and Vaino Kokkinen, light middleweight.

When the Finn athletic delegates leave Helsingfors for Amsterdam, one of the last things they will see in Helsingfors is the statue erected to Nurmi, which shows how enthusiastic the Finns are for sport.

### Bissonette's Homer Beats Cardinals in St. Louis Game

ST. LOUIS, July 14.—(AP)—Del Bissonette's eighteenth home run off Grover Alexander with one on in the 7th, and his triple in the ninth enabled the Robins to defeat the Cardinals 5 to 2, here today in the first game of the series.

Brooklyn 000 000 302—1; 0; 1  
St. Louis 001 001 000—2;13; 0  
Petty and Gooch; Alexander, Johnson, and Wilson.

Benton Defeats Reds  
CINCINNATI, July 14.—(AP)—Larry Benton returned to form with a bang here today and the Giants stopped the Reds, 4 to 2, in the opening game of the series. In winning his 15th victory, Benton gave the Reds only five hits and permitted only 4 men to reach base after the first inning.

New York 002 100 001—4; 9; 0  
Cincinnati 200 000 000—2; 5; 2  
Benton and Hogan; Rixey, Kolp and Pietnich.

Cuyler's Homer Wins  
CHICAGO, July 14.—(AP)—Kiki Cuyler's home run in the last half of the eighth inning broke up a pitching duel between Nehf and Pruett, and the Chicago Cubs won the second game of today's doubleheader, with Philadelphia, 3 to 2, after taking the first, 10 to 3.

Philadelphia 010 000 200—3; 12; 1  
Chicago 500 012 02x—10; 12; 0  
FERGUSON, Walsh, Lemon and Schulte; Malone and Harnett.

Second:  
Philadelphia 001 000 100—2; 12; 0  
Chicago 200 000 01x—3; 7; 0  
Pruett, Sweetland and Lertan; Nehf and Gonzales.

PITTSBURGH, July 14.—(AP)—Grimes held Boston to 6 scattered hits today and Pittsburgh blanked the Braves, 10 to 0.  
Boston 000 000 000—0; 6; 4  
Pittsburgh 030 101 14x—10;15; 1  
Brandt, Hollingsworth and Sporer; Grimes and Hargraves.

### Granite to Meet Wildcat Monte in Wichita Monday

Kid Granite, boxing idol of Pampa and Rockana, left yesterday for Wichita, Kans., where he will meet Wildcat Monte in a ten-round bout for the championship of the Southwest Monday night. These two boys have met several times but never in a commissioned state.

They will both enter the ring at 126 pounds and one of the best fights in the history of Wichita is expected. Granite is in the best of condition and the champion is in for a rough battle. Granite beat Monte here the last time they met, but the crown was not at stake.

Granite was accompanied by his manager Virgil Hill, local man.

### Defending Champ

CARL KAUFFMANN

PITTSBURGH (AP)—Carl Kauffmann, Pittsburgh National Public Links Golf champion, is all set to defend his title on the Cobb's Creek course at Philadelphia, July 31.

In the qualifying play on the Schenley links here, the champion finished in a tie for first place with Sam Graham, Pittsburgh policeman. Both had cards of 137, but the most sensational round was Kauffmann's 65 to tie the copper, who, on the first day out had a lead of five strokes. Graham faltered on the last round, taking a 70.

### Young Ed Walsh Wins First Game in Major League

BOSTON, July 14.—(AP)—The Chicago White Sox took two games from the Red Sox today, young Ed Walsh turning in his first victory of his major league career in the second game, 11 to 2.

The White Sox took the first game 11 to 4.  
Chicago 053 030 000—11; 15; 0  
Boston 002 002 000—4; 13; 2  
Thomas and Berg; Russell, Bradley, Simmons and Berry; Hoffman.

Second:  
Chicago 003 102 032—11; 11; 1  
Boston 209 000 000—2; 16; 3  
Walsh and Crouse; Morris, Settlement, Heaving.

ST. LOUIS, July 14.—(AP)—St. Louis took the series opener today from Washington, 4 to 2.  
St. Louis 110 000 020—4; 7; 1  
Washington 000 1000 010—2; 8; 1  
Gray and Schang; Brown, McGon and Ruel.

### Houston Defeats Cats and Steers Beat San Antonio

FORT WORTH, July 14.—(AP)—Barnes held the Cats to two hits Saturday and Houston took the second game of the series, 5 to 0. Barnes did not allow a hit for six innings.

Houston 004 010 000—5  
Fort Worth 000 000 000—0  
Barnes and Snyder; Burns, Fate, and Cobb.

San Antonio Let Down

DALLAS, July 14.—(AP)—Solid and timely hitting behind the good pitching of Robertson, enabled the Steers to knock San Antonio off Saturday in the second meet of their three-game series, 5 to 3. The local herd piled up a total of fourteen bingles to six for the opposition, every man in the line-up except Robertson connecting safely at least once.

San Antonio 300 010 000—3  
Dallas 103 100 00x—5  
Fillngim, Schuman, and Gibson; Robertson and Menley.  
Cubs 7, Sports 2.

SHREVEPORT, La., July 14.—(AP)—The Cubs bunched hits behind poor fielding and won the second game of the series from the Sports, 7 to 2.  
Waco 000 210 130—3  
Shreveport 000 200 000—3  
Barnabe and Wolgamot; Owens, Brown and Hayworth.

Spudders Take Another

WICHITA FALLS, July 14.—Hubbell's farewell Texas league game was a 6 to 0 loss today when the Spudders made it two straight over Beaumont. Hubbell was hit hard through the early innings, while Kiefer pitched effectively all the way.  
Beaumont 000 000 000—0  
Wichita Falls 030 210 00x—6  
Hubbell and Campbell; Kiefer and Lapan.

### Jinx Again Hits Junior Title Bout

NEW YORK, July 14.—(AP)—The much delayed junior-lightweight title battle between Tod Morgan, Seattle titleholder, and Cannonball Eddie Martin, suffered another postponement tonight.

Humbert J. Fugazy, metropolitan promotional rival of Tex Rickard, said intermittent rains that lasted all day made it impossible to stage the show at Ebbets field tonight as he had planned. He set next Wednesday as a new date.

### Walker Back in City, Declares He Will Beat Varner

Young Mickey Walker arrived in the city from Wink Friday with blood in his eye, stating that he is not afraid of Walter Varner or any other boxer his weight. He is starting his training immediately and will be ready to meet Varner in their return match within the next two weeks.

"Accidents will happen in the best boxing matches and it was an accidental foul when last I met Varner. I am going into training immediately and Varner is going to get a surprise when I step in the ring next time", Walker said yesterday.

Walker is in the pink of condition and is training lightly for the return match. He states that he is ready to meet the battler any time at the Plamnor auditorium.

These two boys met two weeks ago when Varner was accidentally fouled in the first round. Both boxers agreed to meet again and finish the match, but Walker was called out of town and fans believed he was dodging the return match. Walker is now under new management and left this morning for the country to train. With him he took three husky sparring partners whom he plans to knock around in preparation for his big fight.

INDICTMENTS IN POSTAL SERVICE ARE RETURNED

BILOXI, Miss., July 14.—(P)—Sensational disclosures are expected from the Federal grand jury here investigating distribution of federal patronage by state Republican leaders following the return before adjournment today of a fourth indictment against a person whom federal officials decline to name pending his arrest. The nature of the charge also was kept secret.

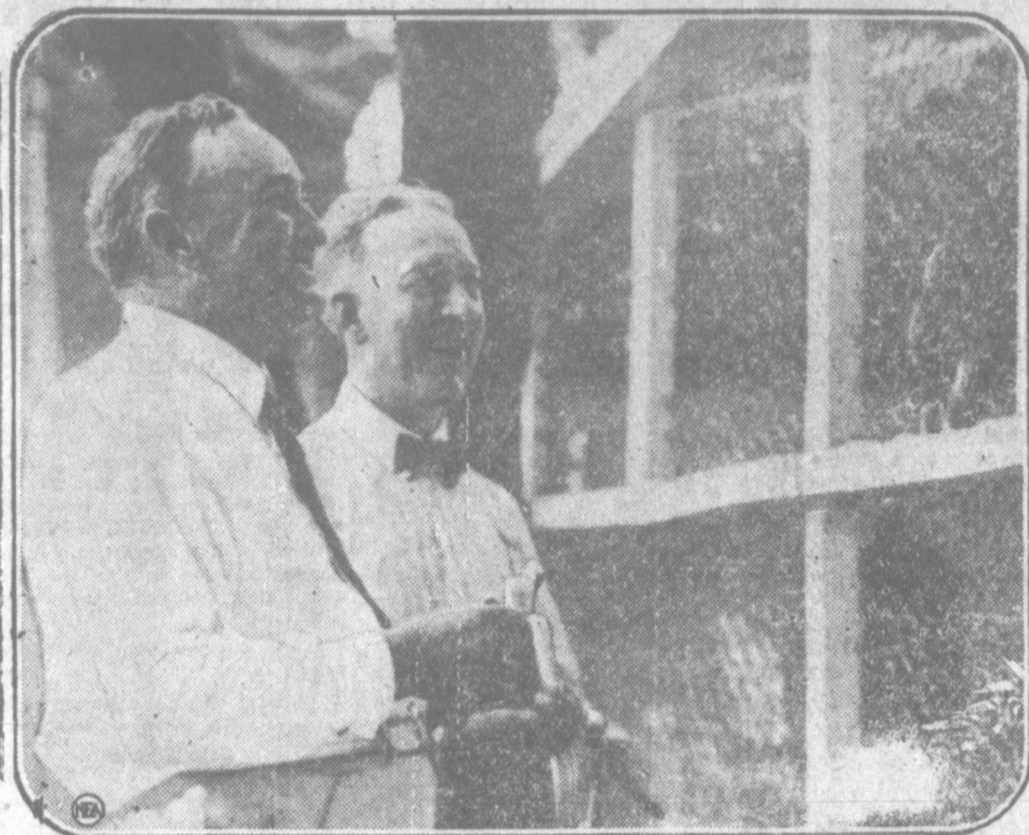

Two men, J. C. Tannehill, former U. S. marshal for the southern district of the state, and E. L. Patton, negro Republican leader, are in custody of federal officers following their arrest in Jackson early today on six indictments charging "purchase and sale of public offices." An announcement from the district attorney's office late today said immediate trials will be sought for the men after their arraignment here.

RANGES IN WEST AND SOUTH TEXAS NEEDING RAIN

AUSTIN, Tex., July 14.—(P)—Range conditions have improved over most of Texas during the last month with the exception of west and south Texas where grass has deteriorated because of high temperature, hot dry winds, and lack of rain. H. H. Schutz, federal livestock and crop statistician reported Saturday.

Condition of the ranges on July 1, was 88 per cent, a point better than last month and 1.4 point better than the average of the last five years. Cattle conditions at 89 per cent is 2 points better than last month and had reached the high point of the year. Cattle and calves have put on flesh rapidly and many cattle already are fat. Prices are satisfactory and demand for stocker cattle continues strong. Sheep and goats are in good condition.

Democratic Pilots Serve Lunch to Al Smith's Pets

When the standard-bearers of the Democratic party met in Albany, N. Y., for the first time since their nomination, they spent most of their visit playing hooky from all the things political. Senator Joseph T. Robinson (left) and Governor Al Smith are pictured here before the monkey cage in the executive's private zoo. Seeking sanctuary from the heat (which the senator declared was the equal of Arkansas temperature), they wandered coatless about the enclosure and gleefully fed bananas to the pets.

Tenth Person Is Rescued In Arctic

ROME, July 14.—(P)—The Stefani news agency tonight made public a report received by the Noble Base Ship Clitta Di Milano to the effect that the Danish guide Varming had been rescued from the ice near Cape Brun by the Norwegian ice breaker Braganza.

Leaders of West Texas to Assemble in Coleman Monday

COLEMAN, July 14.—One hundred West Texas leaders from points all over the territory are expected to be in attendance at the first quarterly board meeting of the executive officers of the West Texas Chamber of Commerce which convenes here July 16.

Those present will consist of members of the new directorate, members of the various committees to be officially announced Monday for the first time, newspaper representatives, and executives of local chambers of commerce over the West.

A special feature of the day will be a showing of the Pathe News Reel which depicts events of the recent record Tenth Annual Convention in Fort Worth. The picture, filmed during the convention, is now being shown throughout the nation.

During the session, personals of all bureaus and committees will confer individually upon resolutions referred to them, these being upon matters pertinent to the various groups. As a result of the conference committee chairman will make recommendations during the afternoon, and these recommendations will be incorporated into the work program for the year.

FORD ON HOOVER GROUP

WASHINGTON, July 14.—(P)—Acceptance by Henry Ford of the vice-presidency of the Hoover-for-President engineers' national committee was announced today by Chairman Work, of the Republican national committee.

EXTORTION ATTEMPT FAILS

LOS ANGELES, July 14.—(P)—An attempt to obtain \$2,000 from Fay Wray, motion picture actress, by a threat to kill her mother, today resulted in a man who gave his name as Lyon I. Banard walking into a police trap.

Attorney and Wife Both Win Judeships in Miami, Fla., Courts

A judicial family is that of Mr. and Mrs. H. F. Atkinson of Miami, Fla. While Mr. Atkinson presides over the Dade county circuit court as senior judge, Mrs. Edith M. Atkinson, his wife, serves as judge of the juvenile court. Both wonrenomination in June.

MIAMI, Fla. (P)—H. F. Atkinson of Miami and his wife, Mrs. Edith M. Atkinson, both answer when anybody calls "Judge Atkinson."

Mr. Atkinson is senior judge of the Dade circuit court and Mrs. Atkinson presides over the juvenile court. Both were named again for office in the June Democratic state primary, over opposition, and Mrs. Atkinson led the ticket.

The parallel of their life work, however, ends almost where it began with the title of "Judge." Not even the breakfast table conversation runs to legal affairs, Mrs. Atkinson says.

HOUSTON BOY WINS

HOUSTON, July 14.—(P)—Holding an advantage over his opponent from the first green of the scheduled 36-hole match Joe Greenwood, Houston, today dropped a long putt on the thirty-second hole that brought him the Texas Junior golf association championship and runner up honors to Forrest Lee Andrews, another Houston youth.

For Sale or Trade Filling Station and rooms, all furnished, ready to move in. Good income. Terms or will take in vacant lot or sewer. NEIDEMIRE ADAMS HOTEL

Many Counties to Seek Road Aid

AUSTIN, July 14.—(P)—When the highway commission meets here Monday to let about \$800,000 worth of road contracts for five counties, 17 others will appear, by delegations, to request state aid, designations and advice.

They are: Brazos, Navarro, Midland, Upton, Crockett, Webb, Jones, Bexar, Atascosa, McMullen, Duval, Jim Hogg, Starr, Guadalupe, Wilbarger, Young, Walker.

Court Saves Woman Is Entitled to Get Half Mate's Wages

FORT WORTH, July 14.—(P)—A far-reaching decision affecting marital rights and duties was handed down Saturday by Associate Justice Irby Dunklin of the second Court of Civil Appeals in affirming the case of Stokley Martin, appellant, vs. Alameda Martin, appellee, from Tarrant county.

Varied Rains Fall Over West Texas

FORT WORTH, July 14.—(P)—Rain varying from more than half an inch at Clarendon to .12 of an inch at Eastland fell Friday and early Saturday at seven points in the Panhandle, West Texas and southeast portion of the state, reports to the weather bureau disclose.

Moisture fell at the following places: Amarillo 44; Clarendon 54; Eastland 12; Lufkin 26; Miami 20; Riverland 14; and San Angelo 30 of an inch.

WHITE

(Continued From Page 1) to Pampa to make her home with three daughters who live here. Mrs. White retains a lively interest in church and community affairs and is very fond of young people. These facts, perhaps, account for her good health. Her own mother, she says, lived to be 90 years old.

Mrs. White has six daughters, Mrs. Dave Pope, Mrs. P. C. Ledrick, and Mrs. J. E. Corson of Pampa, Mrs. R. M. Brown of Whittier, Calif., Mrs. A. L. Winsett of Higgins, and Mrs. J. A. Mead of Miami; and one son, T. E. White, who lives in Chanute, Kas. She has twenty-two grandchildren and five grand children.

Those who were present for the anniversary party were: Mr. and Mrs. Corson and their daughter, Miss Elizabeth, Mr. and Mrs. Ledrick, Mr. and Mrs. Pope and their daughters, Mrs. Clinton Henry of Clarendon, and Miss Claudine of this city; Mr. and Mrs. R. M. Brown and daughter, Miss Bessie O.

Office Seeker

In this issue of the News appears the announcement of District Attorney Clifford Braly, as a candidate for the office of district attorney of the 31st judicial district to succeed himself, subject to the Democratic primary, July 28.

Mr. Braly was appointed to the office of District Attorney of the 31st judicial district, by Governor Moody, upon the resignation of J. A. Holmes, of Miami, and the creation of the new 84th judicial district, which blankets with the 31st judicial district.

Clifford Braly was born on a farm in Milam county, Texas, and remained on the farm until 17 years of age, attending the country schools.

He attended commercial department of Patterson's Institute at Hillsboro, Texas, and studied law at the University of Virginia and University of Texas, paying all of his own expenses from savings while working as a clerk in both the Attorney General's department and treasury departments at Austin.

District attorney Braly represented Milam and Robertson counties, Texas, in the 30th Legislature of Texas, where he was author of the "Braly Substitute Elementary Agriculture Bill," which became a law.

In September, 1907, he moved to Amarillo, and there resided and practiced law until July, 1909, when he removed to Dalhart, continuing to engage in the general practice of law.

Judge Braly served the people as district attorney of the 69th judicial district of Texas, composed of the counties of Dallam, Sherman, Moore, Hartley, Oldham, Deal Smith and Parmer, for several consecutive terms, voluntarily retiring as district attorney of the 69th district in December, 1926, to again enter the general practice of law.

He removed to Panhandle, Texas, in April, 1927.

Within being an applicant and with out solicitation upon his part Mr. Braly was appointed by the Governor as District Attorney of the 31st Judicial District, (Judge W. R. Ewing's court), about the first of May, 1927, and has since been performing the duties of the office.

Mr. Braly believes in no favoritism, but a fair and vigorous prosecution of violation of all laws. If elected he promises fairness and diligence in the performance of his official duties in the future as in the past.

Brown, of Whittier, California; Mr. and Mrs. Jim White and daughter, Miss Myrtle Mae; and Miss Mae Blair of Washington, D. C. a friend who will spend the remainder of the summer here with Mrs. White.
