A Star At 'Sweet Sixteen'

Not many young women reach stardom so young as pretty Jane Rhodes, who at 'Sweet Sixteen' is a radio singing star in her own right with a popular broadcast band. Her director, Johnny Green, is only 29 and famous, too.

Pampa Man Bitten By 'Rattler' As He Sleeps On Ground

Frank Culberson, widely known Pampian, today attributed the saving of his life to Mayor W. A. Bratton, and other members of their fishing party, after he was bitten on the nose by a rattlesnake while sleeping on the ground 38 miles from Albuquerque, N. M., early Monday morning.

UNUSUAL SHOW IN SKY TONIGHT

The Perseid meteors, which Irish peasants called the "Tears of St. Lawrence," partly because they are shaped like tear drops, will be seen by the hundreds tonight at their annual "shower."

Away from city lights, and where skies are very clear, these meteors can be seen at rates of anywhere from a dozen to 50 an hour, after 9 p. m. Pampa time. They are fast streaks of light across the sky which are seen only by the person who happens to be looking directly upward before the meteor appears.

Astronomers want a million laymen to count these meteors by the hour tonight. The counts should be mailed to Professor Charles P. Olivier, of the Flower Observatory, Upper Darby, Pa.

ESTIMATE COTTON AT FOUR MILLION BALES

AUSTIN, Aug. 11 (AP)—The department of agriculture today forecast a Texas cotton crop of 4,314,000 bales of 500 pounds gross weight.

The crop reporting board of the department said the forecast was based on conditions August 1 and the final outcome would depend upon various influences affecting cotton during the remainder of the season.

I HEARD ---

That the blue bugs are getting Chinch Barrett's cotton and that he is very, very unhappy.

What should be one for his ribs, Mr. Ripley. It happened Sunday when a few local golfers went to Canadian for a friendly game. Jimmie Richesin, representing Pampa in a match, drew an opponent who carded a 41 on the first nine holes, yet Jimmie had him eight holes down. Although he wouldn't admit it, Jimmie shot a 33 or three under par.

Break In Texas Heat Wave Predicted

STATE SIZZLES; MERCURY HITS 106 IN PAMPA

Dr. Jos. L. Cline, U. S. weather forecaster at Dallas, said today that he expected the worst of the present heat wave Wednesday, but Thursday may bring some relief from the record-breaking temperatures.

While predicting partly cloudy weather for both east and west Texas Wednesday and Thursday, he emphasized that plenty of hot weather is still in store before permanent relief is felt. New highs for the summer were set Tuesday in a number of Texas cities. In Pampa, yesterday's high was 106 degrees at 3 p. m.

The partly cloudy condition predicted for the entire state coupled with moderate breezes were seen as possible alleviating factors. Sleep was fitful for residents of many urban areas. At Dallas the minimum for the night was 83 and many residents wailed modestly and camped out on lawns and porches. Corsicana Tuesday had an official reading of 106, equalling the 18th consecutive day in which a temperature of 100 or higher was recorded. Wichita Falls had 108, high for the state. Abilene had its 15th consecutive day of temperature of 100 or better. The mercury hit 100 at Houston—very hot for a coastal city—for the first time this summer. San Angelo Tuesday also had 106.

Perryton Group To Visit City

A motorcade of Perryton business men, accompanied by the Perryton high school band, will visit Pampa Tuesday, August 17, to extend an invitation to local citizens to attend Perryton's 18th Birthday Celebration.

The group will be welcomed by a committee of the local Chamber of Commerce under the direction of Chairman Frank Culberson. They will arrange a reception for the Perryton people and extend the goodwill of Pampa for the success of the celebration. Garnet Reeves, local head of the Board of City Development, announced today. As usual, a delegation of Pampa men will attend the celebration in a body. The Perryton motorcade will make a two-day tour of the Panhandle. In the trippers' group will be the quartet, Jess (Bob Burns) Woodward, president of that organization, and the Honorable Max W. Beyer, state representative who lives at Perryton. The two well-known men will speak at the visit at 3 o'clock. Mr. Woodward is said to be an entertaining speaker with a remarkable imitation of the radio star, Burns.

In Perryton, the stage is set for the affair, and plans are being made for entertaining thousands of visitors. Many new features are being planned for this year's event, scheduled for Monday, Aug. 23.

She's His Heroine For Life

If Marjorie Murray of Woodmere, L. I., and Arland McCloa go through with their marriage plans, she will start with one advantage few brides have—her husband owes his life to her. The boat in which they sought relief from the heat in a midnight sail was overturned by heavy seas, so she kicked off her clothes and swam nude for a mile through heavy seas to summon aid. Coast guards rescued McCloa and their two companions.

C-C Puts Sports In Spotlight

An activities program was presented at the regular monthly chamber of commerce luncheon yesterday afternoon in the basement of First Methodist church when President James Collins presented leaders of the Pampa Summer Recreational program, county home demonstration clubs and 4-H clubs, winners of trophies in the Pampa Daily News-Summer Recreational Program (tennis tournament, and members of the Pampa Oilers baseball team.

Music was furnished by a saxophone and clarinet quintet directed by A. C. Cox, junior high band director and musical director of the junior high and high school summer recreational bands.

Mrs. Julia Kelsey, county home demonstration agent, presented Mrs. Norman Wulberg of the Priscilla club, winner of a trip to the A. & M. short course, and Lola Prock, 12-year-old Alameda girl, a 4-H club winner, who outlined their work and thanked the Board of City Development for its interest and assistance in their activities.

Wilmer Postma, Summer Recreational Program director, before presenting tennis trophies announced that up to that time 30,000 children had attended the program.

Tennis trophies were presented to Mrs. Opal Summers, the Mrs. Raymond Harrah trophy, for women's singles champion, Mrs. Summers and Mrs. Lola Roach, the C. T.

FIRE SPREADS THRU BATTLE TORN NANKOW

TOKYO, Aug. 11 (AP)—Domei, (Japanese) news agency reported tonight that a major engagement had broken out between Chinese and Japanese troops at Nankow pass, 30 miles northwest of Peiping. The Chinese city of Nankow was said to be in flames.

(By The Associated Press) Tokyo answered today with a warlike display of naval power what Japan considered the assassinations of a Japanese naval officer and seaman at Shanghai Monday.

The advance of the Japanese first fleet—12 destroyers and three light cruisers—anchored at Shanghai and landed a detachment of 500 marines to reinforce the Japanese garrison. The resulting increased tension in central China was matched by a reported major battle between Chinese and Japanese troops at Nankow Pass, 30 miles northwest of Peiping.

Unconfirmed Chinese reports were that the Japanese army was being defeated. Japanese said the Chinese city of Nankow, core of the area where forces of the two nations have been massing for two weeks, was in flames.

Arrival of the Japanese warships at Shanghai, coupled with evacuation of Japanese civilians along the Yangtze river, indicated Nippon was prepared for a large scale undeclared war in the rich Central China commercial area.

Tokyo considered the slaying of the two Japanese as having gravely endangered the slender chances for peace between the two oriental nations. Chinese contended the Japanese were at fault in the clash.

Japan also cited as an indication that the Chinese government intended to wage war, two dispatch reports from China—that Chinese would attempt to recapture Tientsin and Peiping, and that the Central

Frank Culberson, widely known Pampian, today attributed the saving of his life to Mayor W. A. Bratton, and other members of their fishing party, after he was bitten on the nose by a rattlesnake while sleeping on the ground 38 miles from Albuquerque, N. M., early Monday morning.

Mr. Culberson, with other members of the party, returned to Pampa last night and related the harrowing experience which nearly cost his life. Culberson, City Attorney John Sturgeon, Mayor Bratton, Claude Motley and Clarence Kennedy, of Pampa, and Carl Benefield, former Pampian, now residing in Enid, Okla., were members of the fishing party which left here nearly two weeks ago.

The men had taken with them a trailer which had sleeping accommodations for four, making it necessary for two of them to "sleep out" each night. This was settled nightly by a cut of the cards. Sunday night Mr. Culberson and Mr. Sturgeon drew the "sleeping out" assignment. The four others went to their berths in the nearby trailer.

Shortly before retiring, the men in the trailer chided Mr. Culberson and Mr. Sturgeon about "sleeping with the snakes."

At 4 a. m. Monday, Mr. Culberson reached over and shook Mr. Sturgeon.

"Something bit me," he said. When he got up and turned on a flashlight, the city attorney saw a rattlesnake crawling away. The

FRANCO SHELLS CITY TO PUT DOWN REVOLT

MADRID, Aug. 11 (AP)—Spanish government sources reported today Generalissimo Francisco Franco's artillery had shelled his own city of Segovia to put down a revolt in the insurgent ranks. The rebellion was said to be spreading through province after province.

Government observation posts reported a brisk conflict was going on in the city 43 miles northwest of Madrid. The crackle of machine gun and rifle fire within Segovia, the observers reported, could be heard from the nearby government lines.

HAMBLETONIAN POSTPONED GOSHEN, N. Y., Aug. 11 (AP)—The Hambletonian, rich stake for three-year old trotters, today was postponed until tomorrow due to rain storm which left the track at Good Time park in no condition to race over.

HINTON FINDS FUND OPPOSED

Carl Hinton, manager of the Texas Agricultural Conservation district, said today in Washington he expected Secretary Wallace to appear before the House appropriations committee in behalf of the sub-marginal land purchase provision of the farm tenure bill.

Hinton, who went to Washington from Amarillo to further drought control work for the dust bowl area, said acting chairman Clarence Cannon (D-Mo) of the appropriations committee has taken "an arbitrary stand against the provision and does not want to approve a \$10,000,000 appropriation for its administration."

"Cannon seems to be against appropriating the money because we don't know just what lands will be purchased," said Hinton. "I understand from the agriculture department that Wallace may appear before the committee to explain how the provision can be administered."

PRICE-PEGGING LOANS BILL GETS APPROVAL

WASHINGTON, Aug. 11 (AP)—A senate agriculture sub-committee recommended today a bill providing for price-pegging loans on five major crops, including cotton.

Chairman Smith (D-SC) said the full committee would consider the measure later in the day and predicted it would be reported favorably to the senate.

Simultaneously a similar measure was placed before the house agriculture committee by commissioners of agriculture from 13 southern states. There, however, Chairman Jones (D-Tex) said he believed its passage would be futile and that is probably would meet a Presidential veto if unaccompanied by crop control legislation.

EAST CRAVEN STREET HOME IS BURGLARIZED

A guitar, woman's jacket, and a pair of trousers were taken last night when a home on East Craven street was burglarized. The house was occupied by Mr. and Mrs. Homer Wilson and Mr. and Mrs. Glen Smith. Police were notified of the robbery and investigation which followed led them to believe an arrest will be made soon.

The two families live at 103 E. Craven street. No money was taken.

'Community Rally' To Be City Picnic Theme On Labor Day

Plans for Pampa's community picnic to be held on Labor Day were discussed when more than 20 representatives from local civic clubs and American Legion committees met last night in the Chamber of Commerce offices in the city hall. Present were members of Rotary, Kiwanis, and Lions clubs, representatives from picnic committees, and various school and county officials.

Object of the meeting was to explain in detail the outing, which is being planned for the entire community, so that each delegate might in turn explain the plans to his own organization. Charles Matsell, commander of the Kerley-Crossman post, was in charge.

The picnic will be in the form of an old-fashioned community rally. It will be similar to the ones many Pampans enjoyed in "the old days." There will be no admission charge, each family bringing its own dinner basket. The aim of the outing is to build a bandstand in the city park with proceeds of concessions on the grounds.

There will be plenty of entertainment provided. Letters have been written to Governor Alfred, Vice-President John Garner, Chairman of Railroad Commission Col. Ernest Thompson, Attorney-General William McCraw, Marvin Jones, Tom Connally, and the governors of the states of Oklahoma, New Mexico, Kansas, and Colorado, signed by the Pampa mayor, city attorney, both commissioners, postmaster, district judge, and commander of the Legion post, asking their attendance at the rally as guests-of-honor. Other forms of entertainment be-

It's Hot In Norway, Too

OSLO, Norway, Aug. 11 (AP)—Norwegian glaciers melted, it was so hot today.

A huge section of the base of Hardanger glacier disintegrated under the intense heat and fell off into Demme lake.

The Splash created a tidal wave 160 feet high which washed away twelve houses, destroyed nearby crops and filled fields with large boulders.

No casualties were reported, however.

JUSTICE HAS BUSIEST DAY WITH TEN CASES

Justice of the Peace E. F. Young had his busiest morning of the year today when he disposed of 10 cases. With Justice Charles I. Hughes away on his vacation, it fell to Judge Young to handle all the work.

Officers of the sheriff's department and constable's department made the arrests last night and charges included intoxication, fighting, vagrancy and disturbing the peace.

JUDICIARY REFORM BILL IS SENT TO PRESIDENT

WASHINGTON, Aug. 11 (AP)—The house ended this session's bitter court controversy today by approving the lower court procedure bill and sending it to the White House.

The legislation was embodied in a conference report, which the senate had accepted yesterday without a word of debate. Deleted from the measure were President Roosevelt's recommendations relating to the supreme court—the cause of a bitter senate fight.

WARN AGAINST FALSE ALARMS

It is a violation of the law to turn in a false alarm to a fire department and unless the practice here is stopped, court proceedings will follow. Fire Chief Ben White announced today.

To date this month, the fire department has made five calls and every one of them was a false alarm. The false alarms were not made deliberately, it is believed, but regardless of whether they are or not, charges will be filed if the practice continues.

Last night's alarm was to the corner of South Cuyler and Tyng streets and was turned in from a point five blocks away. The party making the call saw dust rising in front of the lights at Road Runner park and thought it was smoke, Chief White said.

"Once again I ask residents of Pampa to make sure there is a fire before they turn in an alarm," Chief White said. "The calls to date this month have cost the city in excess of \$50. The practice must stop if we have to take harsh measures."

This 'Death Baby' Thrives

Not all post-mortem babies meet the tragic fate of tiny Frances Boccassini of Philadelphia, who died two days after surgery had brought her into the world following her mother's death. Husky Seraphine Antoinette Sordl of Niagara Falls, N. Y., now four months old, above, enjoys a bottle proffered by Sister Jennie. Seraphine was born after her mother had died of convulsions.

GRAY COUNTY RECEIVES SCHOOL LANDS CHECK

Officers of the Gray county school board were enriched by receipt of a check for \$1,237.41 yesterday from County Attorney Joe Gordon. It followed arrival of a check for \$1,600 a few weeks ago.

The money was a portion of delinquent payment on Gray county school lands in Gaines and Dawson counties. The land was given the school district in 1900 and a few years later it was sold. Much of the land payments are delinquent and recently the county attorney was authorized to notify purchasers that unless delinquent payments were made foreclosure proceedings would be started.

Yesterday's payment was from one of the purchasers whose payments had become delinquent.

UNLISTED EMPLOYEES FACE SECURITY LOSS

AUSTIN, Aug. 11 (AP)—Approximately 80,000 Texas employees, inaccurately listed or unlisted, are being notified to obtain their compensation commission, face a loss of credit for work performed in the past three months.

Orville S. Carpenter, chairman-director, said those without social security numbers could obtain them from district offices in Austin, Dallas, Fort Worth, Houston, San Antonio, El Paso and Beaumont or at post offices except those in the district headquarters cities.

Carpenter said the Texas fund stood at \$1,115,159 on Aug. 7, indicating \$20,000,000 would be paid in by 1938.

40 AND 8 MEETS TONIGHT The regular meeting of the Voturn 40 and 8 will be held tonight in the Legion Hut at 8 o'clock. A delegate will be selected to the Executive National to be held in New York City, Sept. 21 to 24.

LOS ANGELES, Aug. 11 (AP)—Another man is being hunted in the triple child murder for which Albert Dyer is standing trial for his life. Deputy Public Defender Elery Cuff disclosed today.

As Dyer pleaded for permission to deny on the witness stand his repudiated confession that he strangled and ravished three little Inglewood girls, Cuff said: "We are trying to locate Fred Godsey, former Utah convict." Godsey, Cuff asserted, was identified from photographs by several persons who claimed he was seen in Inglewood's Centineia park for several days prior to the slaying of Madeline and Melba Everett and Jeanette Stephens.

MARY ELIZABETH NEES AND CLIFFORD LEWIS WED SATURDAY

DINNER HONORS PAMPA COUPLE AFTER WEDDING

Mr. and Mrs. W. F. Kaiser announce the marriage of their niece, Mary Elizabeth Nees, to Clifford Lewis in Amarillo last Saturday at noon. The solemn words of the Episcopal marriage rites were read by the minister in his study.

The bride was attractive in a blue chiffon dress with white accessories. Her bouquet was of sweetheart roses with lilies of the valley.

Her only attendant was a close friend, Miss Virginia Mason. R. C. Evans of Amarillo served as best man.

Mrs. Lewis was a graduate of Pampa high school in the class of 1934. She was active in the pep squad and was a member of the National Honor society. For the past two years, she has been employed as secretary to R. A. Selby principal of the Junior high school.

Mr. Lewis is the son of Mr. and Mrs. Earl Lewis, prominent pioneers. He is employed by the Cabot company.

Immediately following the ceremony, an informal dinner was served at the home of Mr. and Mrs. R. C. Evans, senior in Amarillo.

Teachers College To Use Modified Colonial Design

CANYON, August 11—A modified colonial type of architecture has been chosen for the home management house which is to be erected on the campus of the West Texas State Teachers College.

Higgins News

HIGGINS, August 11—Miss Betty Jones entertained with a birthday dinner Sunday complimenting her mother, Mrs. C. W. Jones, who is 62 years old. Mrs. Jones has her county residence for 30 years. Her family lives on the Jones ranch of two sections 14 miles west of Higgins where the Ruby oil well was drilled about 10 years ago.

Dr. C. W. Jones, until his recent retirement, was a practicing dentist in Higgins and Canadian for a number of years. Guests enjoying the occasion were Mr. and Mrs. Frank Bratton and daughter, Canadian, Mr. and Mrs. Billy Holmes, Mr. and Mrs. E. T. Word, Fletcher Jones and C. W. Crouch, Higgins.

Mr. and Mrs. J. E. Tarbox honored their son and his wife, Mr. and Mrs. Clyde Tarbox, with a dinner Sunday before their departure for their home in Hutchinson, Kas. Guests other than the hosts and honorees were Deputy Sheriff and Mrs. Everett Tarbox, Mr. and Mrs. Oscar Peterson and family, Mr. and Mrs. Ora Vauters and children, Mr. and Mrs. A. L. Gaynor and son and Mr. and Mrs. Jacob Vauters.

Mrs. F. G. Collins, teacher in the Spur, Texas, schools, is visiting her parents, Mr. and Mrs. J. N. Millhollen, and sister, Mrs. C. A. Slack, Higgins school instructor.

Dick Walker of El Paso arrived yesterday for a few days visit with his parents, Mr. and Mrs. Bud Walker. His brother, Kelley Walker, will arrive in a few days from his home in Los Angeles.

Mmes. Tommy Bruce, Fannie Rader and Dora Wathen were in Pampa recently looking after business interests. Miss Opal Cook accompanied them as far as Canadian.

Winton Wayne Jett, son of Mrs. Mirande Jett of Follett, has been released from the Shattuck hospital where he has spent the past six weeks.

LeFors News

LEFORS, Aug. 11—Mrs. L. A. Oldfather, Mrs. Walt Johnson, Mrs. Earl Ing, and Mrs. Earl Courtney honored Mrs. Clyde Manos with a shower in the home of Mrs. Oldfather Monday evening.

The home was beautifully decorated with carnations and carnations mixed with fern and baby breath. Contests were given the guests after which a large stork bearing the gifts in his mouth, was brought in and presented to the honoree. Small storks sitting around the room carried out the theme of the shower.

After the gifts were inspected, watermelon was served to Mmes. Lucy Cox, J. P. Cox, Venus Collum, Frank Smith, Otto Pate, J. H. Smith, Bill Mullens, Elmer Wilson, S. Fowler and the hostesses.

Girls Will Use Eyeshadow, Mascara

Eyeshadow, in a shade you never thought of trying before, applied painstakingly with a tiny camel's

hair brush, may make your eyes seem larger and more attractive—perhaps even glamorous. The idea is worth a trial anyway.

Long, curly eyelashes are something every glamor-minded girl wants. If yours are straight and none too long at that, try using a

tiny amount of mascara, then clamping them into a little curler gadget for a few moments.

The Social CALENDAR

Thursday
The Priscilla and Laketon Home Demonstration clubs will meet at 2 o'clock with Miss Donna Lee Stroppe. The Rebecca lodge will meet at 8 o'clock in the hall over the Chevrolet garage.

Friday
The Garden club will have a regular meeting at 9:30 in the city club room.

Training for All Games Is Offered

CANYON, Aug. 11—Women who are interested in girls athletics are being trained at the West Texas State Teachers College to officiate in all kinds of games suitable for women.

The rules which they become familiar include those for tennis, basketball, volleyball, badminton, archery, and swimming. Women who apply for membership in the West Texas State Teachers College Board of College Women Officials will be required to wear the official uniform of the organization when their services are used in connection with games.

The Rev. Truhitte Will Speak Here

The Rev. D. H. Truhitte of Riverside Park Baptist church in San Antonio will lead the midweek prayer service this evening at the Central Baptist church in the absence of Rev. Scott who is in a revival.

Rev. Truhitte, former pastor of this church, is on his way to Raton, N. M., where he will conduct a revival.

NAVAL HERO DIES

SAN DIEGO, Calif., Aug. 11 (AP)—Rear Admiral Noble Edward Irwin, 67, U. S. navy, retired, decorated with the Navy Cross and by the French Legion of Honor for bravery in the World War, died at Warner Springs last night of a heart attack.

And how about curling your eyelashes? You can, you know, get a fine little gadget which makes even the straightest, shortest lashes seem longer and more alluring. It's a good idea to apply mascara sparingly, then to clamp the curler gadget right on moist lashes.

Try this anyway. You may not

TENTH ANNIVERSARY CELEBRATED BY MR. AND MRS. PAUL KASISHKE

Auxiliary Meets At Legion Hall

The Veterans of Foreign Wars Auxiliary had its regularly monthly meeting last evening in the Legion hall with Mrs. D. A. Bartlett, president, in charge of the business session. Plans were made for a picnic which is to be next Sunday.

Mrs. Bartlett thanked the group for the many gifts which she received at a recent kitchen shower for her new home at 820 North Frost street.

Gifts of tin were given the host and hostess in keeping with the anniversary year. Friends who celebrated with Mr. and Mrs. Kasishke were Messrs. and Mmes. Finis Jordan, A. B. Zahn, A. D. McNamara, M. C. Montgomery of McLean, Marvin Lewis and daughters, Marjorie Ruth and Bonnie Bell, R. B. Fisher and son, Brent, C. C. Wilson, Mrs. J. P. Wehrung and Miss Marjorie Smith.

Canadian Baptist Encampment Ends

By E. W. Dunsworth

The twelfth annual session of the Canadian Baptist encampment closed Sunday night, August 8. This was one of the best if not the greatest session ever held. The fine spirit of fellowship and cooperation has never been greater; there were some hundred and fifty young people camping on the ground, with about two hundred and fifty people camping during the week. Dr. J. Howard Williams, pastor of the First Baptist church in Amarillo, and the Rev. Lem Hodges, pastor of the San Jacinto Baptist church of Amarillo, were the camp pastors.

The messages were inspiring and uplifting to all who attended. There were a number of large groups who camped on the ground. The pastor of the First Baptist church at Memphis brought a large group. Other churches, Pollett, Lake View, Spearman, Perryton, Hedley, White Deer camped out. The Calvary Baptist church, Pampa had the largest number present by a small margin; the Central Baptist church had a fine group.

The name of the Encampment was changed from the Canadian Baptist Encampment, to District No. 10 Baptist Encampment.

Rev. S. R. McClung, pastor of the First Baptist church at Perryton, Texas was elected president, and Mr. James I. Payton, Canadian, was elected business manager.

WAKE UP YOUR LIVER BILE—

Without Colman—And You'll Jump Out of Bed in the Morning! Rise in Co.

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks pink. Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making life flow freely. RAISE THE ROOF and you'll GET THE AIR

If it were possible to roll up your roof and allow it to remain suspended several feet above the room for an hour or so each evening, your home would cool off quickly. For it is that stagnant layer of air, radiating heat to your rooms from the sunbaked roof, that causes such distress when real hot weather comes.

But there's another way to blow out that heat-drenched air from the space just beneath your roof—COMFORT COOLING BY AN ATTIC VENTILATING FAN... EFFECTIVE BECAUSE IT'S NATURE'S WAY TO ACHIEVE COOLNESS.

Once this quiet fan is installed in the attic (and installation is an easy job) in come gentle currents of fresh outside air making every room as cool as a lakeside resort... Gone are the hot sleepless nights that leave you fagged, meals that heat has robbed of their zest, days that send you scurrying hither and yon to escape the heat. Whether you are building a new home or reconditioning an old one, look into COMFORT COOLING... It's not a costly investment, yet yields tremendous dividends in family enjoyment.

TEXACO FIRECHIEFS OF AMARILLO ESTABLISHED TOURNAMENT FAVORITE

RECREATIONAL PARK SCENE OF FUTURE GAMES

The Texaco Firechiefs of Amarillo last night established themselves as favorites in the Panhandle District Softball tournament with a 5 to 3 victory over King Oil of Pampa in a thrilling game played before more than 500 fans. Five errors almost turned victory into defeat but King had a bad case of theitters and couldn't take advantage of the breaks.

Tonight, games will be played only at Recreational park, a mile east of the city. Admission will remain the same, 10 cents for women and children and 25 cents for men. The schedule will be:

King Oil vs Gulf of Borger, 8:15 p. m.

Taylor Grocery of Amarillo vs Daneger.

Wearing natty new maroon satinfish uniforms to be the best dressed team in the tournament, Big Service Station of Borger showed that they could play ball as well as look snappy by downing Gulf of Borger, 10 to 3, in the other game at Road Runner park.

Taylor Upsets Skelly

Taylor Grocery of Amarillo provided another upset last night when they eliminated Skelly from the tournament, 7 to 5, leaving only two Pampa teams in the running—King and Daneger. Chubby Wilson again pitched Canadian to victory, his team eliminating Bordens of Amarillo, 7 to 2.

Singles by Morrison and Sharp after a stolen base put King one up on the Firechiefs in the first inning. Three hits and two walks put the visitors in front with three runs in their half of the first but they saw the advantage disappear in the third when three errors and Sheridan's single put the King Oil on even terms.

Single and Error

The game went to Texas in the fourth on Buchanan's single and an error by Sheridan. Firechiefs added another in the seventh when Berry and Bannon hit doubles in succession.

Norton of the Firechiefs pitched 4-hit ball but five errors behind him were dangerous. Atkinson was badly off, allowing six hits and walking five. Norton fanned six to Atkinson's three.

Rig Service station came from behind with a four-run barrage in the third to go ahead of Gulf. From then on Hamm pitched winning ball. Williams of Gulf was relieved by Rogers in the sixth.

Rig Shows Speed

The Rig youngsters stole bases and ran wild on their slower opponents. H. Buntin helped the cause with a homer in the fourth with one on base.

Taylor Grocery of Amarillo made eight hits count for seven runs while Skelly could get only five runs from four hits as Taylors sent their second favored Pampa competitor home in two nights. The surprising youngsters, headed by old "Speed" Ravey, dumped Cities Service Monday night. Shock went the distance for the winners, opposed by J. Mayo.

Canadian Winner

Canadian mixed five hits in with walks and errors to count seven runs in eliminating Borger of Amarillo. Sol Strauss met him at the Almac by 7. . . . Which simply slays Mr. Strauss, who likes to have his coffee in bed two hours later.

Ace Parker, former Duke star now with the Athletics, definitely has decided not to play pro football. . . . Extra! Here's a guy who can stop Joe Medwick. . . . Orville Jorgens of the Phils gives Joe a base on balls, then generally catches him napping off the base.

ANGEL CRASHES

ATLANTA. (AP)—An angel fell out of Heaven last night and lost a tooth, dented her harp and crumpled a wing.

MILEY STILL LEADING WESTERN GOLF DERBY

CHICAGO, Aug. 11 (AP)—The women's Western 72-hole medal play golf derby picture looked familiar again today, with Marion Miley of Cincinnati, and Patty Berg of Minneapolis, battling for the prize.

Miss Miley, winner of the 1935 and 1936 tournaments, was in front with a 36-hole score of 154.

Miss Berg, who took 83 strokes on her opening round, came back yesterday with a spectacular 36-38-74, for a new Onwentsia club women's competitive course record, and second place at 157.

In third place, with 80-79-156, was Mrs. Dan Chandler of Dallas, Tex.

JACK MALLOY FAVORED IN AMATEUR TOURNEY

DENVER, Aug. 11 (AP)—Jack Malloy of Tulsa, Okla., entered the first round of match play in the Rocky Mountain amateur invitation tournament today as the favorite among 64 qualifiers.

Malloy turned in a medal score of 69, two under par, in the qualifying round yesterday.

J. L. Taylor, of Houston, took second spot on the long medal lineup with a par 71. Rufus King, Southern Methodist University student from Wichita Falls, Texas, was third with 72.

Today's pairings included: King vs. R. M. Dergance, Denver; W. A. Moncrief, Fort Worth, Texas, vs. W. C. Nevin, Denver.

YESTERDAY'S STARS

(By The Associated Press)

Danny MacFayden and Tony Cucinello, Bees: Former held Giants to six hits in 6-1 triumph; latter clouted homer and two singles, drove in four runs.

Clint Brown, White Sox: Pitched no-hit ball in relief row and fanned three to check Tigers, 6-4.

Johnny Mize and Ducky Medwick, Cardinals—combined to bat in three runs with two out for 3-2 victory over the Reds.

Monte Weaver and Al Simmons, Senators—Weaver bagged double and scored two runs besides pitching team to 15-7 triumph in first game; latter drove in three runs with double and single in 8-6 nightcap win.

Lloyd Waner, Pirates—his second double of afternoon brought in run that topped the Cubs, 6-3.

Jack Winsett, Dodgers—two singles, both with bases loaded, drove home four runs in 7-3 shellacking of Phillies.

STAN SPERRY STARRING IN BALL LEAGUE

(By The Associated Press)

It's a bit early to predict Oklahoma City's Indians have tomahawked the rest of the league for first-place honors, but as long as the Stan Sperrys of the club keep up their dazzling work no team has more than a mathematical chance of overhauling the pace-setters.

Twenty-two-year-old Sperry, who came to Oklahoma City as the undistinguished part of a trade, has sparked a crew of formidable batters. As such he is the fair-haired lead of a team which has a 13-4 game lead over the field. Today Sperry's batting average was only seven points below that of Manager Homer Peel of Fort Worth, the league's best batter.

The young Indian helped his team sink Dallas 9 to 5 last night. He hit two singles in four attempts.

The lesser lights of the league meanwhile were battling among themselves for the runner-up position. Fort Worth inched closer to second-place San Antonio, dropping Tulsa 6 to 5 for their eighth straight win. The Cats had to score thrice in the ninth inning to do it.

San Antonio rallied but couldn't make it in their game with Houston, which won 4 to 3. Galveston whipped Beaumont 3 to 2.

MATCH PLAY BEGINS IN GOLF TOURNAMENT

SAN FRANCISCO, Aug. 11 (AP)—Match play in the National Public Links tournament starts today with 64 golfers banging along the championship roll on the Harding course.

Yesterday's wind-up of the 36-hole qualifying play saw the tournament team record smashed and the medal score mark tied. Today's warfare includes 18 holes of play this morning and 18 holes in the afternoon.

Pat Abbott, defending champion from Pasadena and runner-up medalist yesterday with a total score of 141, faced Ralph Presby of Sacramento, who scored 142.

Don Erickson of Alhambra, Calif., who shot a spectacular 67-72-139 to tie the meet medal record set in 1922 at Pasadena by George Aulbach, drew as his opponent Paul Jensen of Toledo, who carded 74-73-147.

Bill Terry Signs 2-Year Contract

NEW YORK, Aug. 11 (AP)—The New York Journal-American today said Bill Terry, manager of the New York Giants, has been signed to a new two-year contract at \$37,500 per annum, which added to his \$5,000 annual salary as head of the club's farm system, makes him the highest paid big league pilot at \$42,500 per annum.

The newspaper said stout owner Horace Stoneham of the Giants tore up Terry's old agreement, which was to expire next year, to tender him a new contract as a gesture of his appreciation of Terry's service. Under the terms of the old contract, Terry drew \$10,000 less per year.

ALICE MARBLE MEETS JANE STANTON TODAY

RYE, N. Y., Aug. 11 (AP)—Jane Stanton of Los Angeles will meet Alice Marble of San Francisco, national women's titleholder, in the Eastern Grass Court championships today.

Besides Miss Stanton only one unseeded player reached the round of eight yesterday. Barbara Winslow, who eliminated third-seeded Helen Pedersen, continued to fill the Stamford, Conn., girl's place.

In the men's singles with the third round not yet completed, only Jack McDiarmid, Princeton university professor from Texas who was eighth on the list, had been eliminated. He fell before the up-and-coming Hal Surface of Kansas City, 6-1, 6-1, yesterday.

Joe Hunt, No. 5, had to go three sets to beat McNeill, but Frank Parker, Bobby Riggs and John Van Ryn came through with straight-set triumphs.

SOFTBALL STAR KILLED IN BURGLARY ATTEMPT

BIG SPRING, Aug. 11 (AP)—Bennie (Buster) Chaney, 17, was shot to death in a downtown store early today by one of three policemen who said the softball star fled when he was commanded to halt.

City Officers Denver Duhn, J. M. Choate and Alfred Moody said they discovered someone in the store about 1:30 a. m. Moody fired when the man ran toward a door, the officers said. A bullet struck Chaney in the back of the head.

Chapter XII

Basil Rogers, Marta's divorced husband, stood in the doorway of the sitting room where Judith, Marta and Phil sat.

"Hello, my sweet," he greeted Marta. He leered. "So this—the is the gentleman who's going to give you an honest million. Congratulations, my dear, congratulations! Didn't I think you could do it? Better girl! I thought you. He turned to Judith. "And you and I get jilted, eh? Don't you fret. She'll give him a devil's life—a devil's own life."

He laughed loudly as though he appreciated his humor.

"Phil was on his feet. 'That's about enough out of you!' He grasped the man's arm, but Basil Rogers pushed him back.

"Going, going soon," he said.

"Get out!" Phil commanded, but the man only laughed.

"Patience, please, patience. I've got to talk to this young lady—my wife she was. Might as well say it in front of you people. She got rid of me—didn't want to stay in my racket—not good enough for her." His voice grew uglier. He addressed Marta directly. "But you took a string of pearls on your own, my dear! Pretty pearls, I saw them."

"You're lying," Marta said, but her face was as white as her hat. "I won't stand it."

Phil noticed it. He began to speak, then paused.

"Kick him out," Marta ordered Phil.

"Let's hear him through," Phil answered. Judith saw Marta clench her hands and look toward the door. "I want to hear it."

"You bet you want to hear it!" the man challenged. "The police got on my trail because my ex-wife was at your house when the pearls went. I was innocent. Funny! I was innocent this time. But I had an idea. So I've been following Marta to find out where she leaves her house and come here. So followed." He held up a warning hand. "Didn't give you away to the cops, Marta. Not at all. Gentleman to the end. Just gave them your address. But be careful, Marta, be careful!"

Judith spoke quietly. "How did the police happen to know I lost my pearls?"

"Yes—how?" Marta asked.

"It was the jewel detectives from the insurance agency," Phil told them. "I reported Judith's loss, naturally. I wanted to clear Marta completely and I also wanted to regain the pearls."

"Better get going, Marta. The police are about up with you. Come to warn you," Basil Rogers said and turned to go.

"You took those pearls?" Phil looked straight at Marta.

"No. He's lying. He didn't want to divorce him. I couldn't stay with him when I found out he was a jewel thief. I never saw the pearls."

The maid came in then to announce other callers. It was Basil Rogers who nodded to her. "Show 'em in. The detectives, Marta, my love. They talked to me a while ago and I thought it would be sort of nice for all of us to get together, so I told 'em to come along. Have a nice talk—get things settled—and you can marry this gentleman."

"Detectives? Here?" Phil asked.

The next 30 minutes were a blur to Judith—a blur that would come back with clarity later. She knew that the detectives confronted Marta with evidence she couldn't withstand. She had sold the pearls, one here and one there, thinking she ran no danger. She admitted, sobbingly that she had needed the money to maintain her apartment and wardrobe until she and Phil were married. She had been in constant fear that she would be discovered.

"I did it because I love you so," she pleaded with Phil. "I was going to redeem them—every pearl—as soon as I was married and had a checking account."

"I'll call you later, Judith," Phil said abruptly, and engineered the group into the outer hall and the elevator.

Judith noticed that the rain was abating. She slipped into her white raincoat and black beret that matched the rain. She went to the door and went into the park, knowing her face high to catch the wet, sweet wind. She walked and walked and walked.

At last, the ugliness of the afternoon quite gone, she went home. Suddenly it did not matter if Phil kept his faith with Marta or not. He knew her now, for what she was. If he wanted her, then some power wiser and stronger than any with which he could cope was directing him.

She had her telephone turned off the next day. She and her maid busied themselves with packing, and late in the day, when the last bag had gone to the station, she went over to Anne's to wait until train time. If Phil called, she did not know. She didn't want to know.

for clothes? You'll need things, Darling—"

Judith's eyes smiled but her lips were grave. She remembered the boxes that were following her from New York. They mattered little now. She would wire to have them sent on to San Francisco, and she would choose only a few things for the trip, from among the collection.

"Let's travel light, my dearest," she whispered. "Clothes can be such a burden!"

PAMPA SCENES SHOWN IN G-C FIESTA FILMS

The West Texas Chamber of Commerce Motion Picture Theater in the Natural Resource Exhibit of that organization at the Fort Worth Frontier Fiesta is attracting many interesting visitors again this season.

The films—40 of them—provided by that many West Texas towns depict their industries, business, life, home, educational and recreational facilities.

The 200 feet of movie films shown the major business, schools, office, hotel, and public buildings of Pampa, as well as interesting shots of oil wells pumping, carbon black, gasoline, and other agricultural products.

The film was made in July, 1936, and takes approximately seven minutes to be presented to the crowds at the theater.

The film was made by the Pampa Chamber of Commerce and Board of City Development and is being shown at Fort Worth through the cooperation of the Frontier Fiesta and the West Texas Chamber of Commerce.

snake was killed. Other members of the party were awakened and immediately began to administer first aid.

Mayor Bratton made two incisions with a safety razor blade in the nose in an effort to drain the venom. Mr. Culbertson was placed in the car and a break-neck speed trip to Albuquerque to reach a physician began.

Enroute, Mr. Bratton and other members of the party drew as much blood from the incisions as possible to keep the poisonous venom from going to the brain.

When they reached the hospital in Albuquerque, a physician informed the Pampa men that their presence of mind in draining the venom had saved Mr. Culbertson's life.

Physicians who attended Mr. Culbertson at the hospital said that the incisions made by Mayor Bratton with a razor blade hit the poison sacs, which probably saved Mr. Culbertson's life.

Mr. Culbertson's face became badly swollen and for a time his life was in danger, but the serum started its work and the swelling subsided rapidly and yesterday he was able to be brought home.

The party had been on a successful fishing and sightseeing trip which took them to points in Colorado and New Mexico including Aztec, Durango, Gallup and other interesting places.

Market Briefs

NEW YORK, Aug. 11 (AP)—A thin dropped fractions to a point or more. From the start slumpy activity and the uneven behavior of stocks provided a yardstick of traders' lethargy and the dampening influence of pending legislation, brokers said.

Recent reductions in gasoline inventories for a time inspired oils, but as the afternoon wore on this group came under the shadow of declines in other sections of the list.

Relieving the drab color of trading were gains in some announcements, sugars, rails, aircrafts and specialties.

WEEKLY OIL REVIEW

By ALFRED WALL.

Oilmen busy filling a record national requirement for motor fuel were pleased today with the volume of their business but still insisted that tank wagon prices were too low.

Indications were August demand would exceed that of July, usually the peak month. High temperatures put countless automobiles on the open road.

Many mid-continent refiners, noting that a June 10 general reduction of a half cent to a cent a gallon in the tank wagon price never had been restored, were hopeful an advance would occur during the heavy consumption period.

Some operators insisted that increased operating costs had cut profits to the point that they scarcely had achieved a balance, although gasoline orders were pouring in so fast they were behind in deliveries.

The kerosene market was improving with demand for fall and winter. Burning oils were more active.

Natural gasoline producers also found business brisk as refiners started building up their stocks.

Crude oil producers were completing a major peak in production, estimated by American Petroleum Institute at 3,651,150 barrels daily for the week ending Aug. 7.

Field work continued brisk but with a notable lack of important discoveries.

The Oil and Gas Journal's compilation showed 629 new wells completed in the United States during the past week, 12 fewer than the week before, while the year's total to date was 18,279, compared to 14,688 for the same period last year.

Chinese government was ready to move its capital from Nanking to Nankow for greater safety.

In Russia, the Irkutsk newspaper "East Siberia Pravda" reported the execution of 72 alleged Siberian railroad wreckers accused of conniving with the Japanese secret service to weaken Soviet transportation in case the Soviet, vitally concerned in the Far East, goes to war.

BOY GOLF CHAMPIONS CROWNED IN CITY MEET

Marvin Gray of Woodrow Wilson and Duane Hogsett of Baker were crowned city junior and boy's golf champions, respectively, after winning the final matches in the city tournament at Woodrow Wilson this morning.

Both lads received belts as prizes. Duane beat Randall Clay 3 and 2 in 19 holes of a 21 hole final. Marvin defeated Charles Boyles by the same score.

Most exciting match was the semi-final between Boyles and Darrell Hogsett. Down 4 holes in the first round, Darrell drew even with one to go only to lose the final hole.

Other scores of the tournament: Juniors (11-15 years)—Gray beat Riley, 4 and 3; Boyles beat Williams, 3 and 1; Williams beat Benefield, 6 and 5; Curtis beat Hughes, 3 and 1; Hogsett won from Showell, 4 and 3, and Gray defeated Curtis in semi-final, 4 and 3.

Boys (10 and under)—Hogsett beat A. Hughes, 1 up, and Clay beat D. Gray, 3 and 2.

A hole in one was registered by Charles Boyles in the match with Williams.

sides the speakers are being provided. The Legion post here is in complete charge of planning and sponsoring the picnic.

Mr. Maisei pointed out that Pampa is not too large for an outing of this kind. Many larger cities have had such affairs annually for a number of years.

The grounds committee has selected an ideal spot for the affair, where there will be plenty of shade and good roads to the place. It is the Morrow ranch 7 miles south of Laketon. The place is easily found, and provides an excellent picnic ground large enough for the several thousand people who are expected to attend.

Two roads, one by way of Laketon, the other by LeFors, lead to the place and will be in good condition by the date, September 6.

Arrangements are being made with local merchants and owners of all business establishments in Pampa to close for the day. As it will occur on a legal holiday, probably no local store will be open that day.

Several companies in the oil field have signified their intention of closing down, and others are expected to do so soon.

The picnic will begin at 9 o'clock in the morning and continue all day. In the evening, there will be two dances held in town, one of which will possibly be an old-fashioned square dance.

The cooperation of every citizen is being asked in attendance at the giant rally. Mr. Maisei explained that the need for

TEACHER SAYS THEORY "JOKE"

WAYNESBURG, Pa., Aug. 11 (AP)—In a hot, gas-lit country school jammed with overall-clad farmers and gingham housewives, a discharged school mistress testified early today she had told pupils evolution was a "joke."

Middle-aged Mrs. Laura Elms Morris, charged with cruelty and incompetency, admitted she struck a 14-year-old student with a three-foot board.

A hearing on the charges turned for the second time to an investigation of the teaching of Darwin's theory after counsel for the Whiteley township school board recalled four pupils to "get at the bottom of this monkey business."

A student testified at a session last week that Mrs. Morris taught "men came from monkeys."

The hearing moved on past midnight and testimony was completed but the board of farmers and a state highway department mechanic re-

ported on earnings. CHICAGO, Aug. 11 (AP)—West Texas Utilities Company reported today earnings of \$195,792 against \$198,370 in the first half of 1936.

Dividend requirements for a quarter on the preferred stock amount to \$109,000.

FREE DAYS AT SWIM POOL TO END FRIDAY

There will be no more free days for children in the city swimming pool after Friday, Mrs. Josie Young, operator, announced today.

Due to the fact that the season is nearly over, Mrs. Young has been asked by patrons to open the pool for regular use on that day. This Friday, Aug. 13, will be the last free day for the kiddies.

For Thursday night, Mrs. Young said has planned a "Bargain Night" whereby one person is admitted free with each paid adult admission.

She plans to operate the pool until the first week in September, and later if the weather is still warm and there is popular demand for added days of swimming.

Hot Weather is Here— Beware of Biliousness!

Have you ever noticed that in very hot weather your organs of digestion and elimination seem to become torpid or lazy? Your food sours, forms gas, causes belching, heartburn, and a feeling of restlessness and irritability.

Perhaps you may have sick headache, nausea, or indigestion or blind spells on suddenly rising. Your tongue may be coated, your complexion bilious and your bowel actions sluggish or insufficient.

These are some of the more common symptoms or warnings of biliousness or so-called "torpid liver," so prevalent in hot climates. Don't neglect them! Take Calo-Labs, the improved calomel compound tablets that give you the effects of calomel and salts, combined. You will be delighted with the prompt relief they afford.
