

215 LINER PASSENGERS FOUND. CRIPPLED CHILDREN'S CLINIC IS DECLARED SUCCESS. EXTENSION POOL IS INDICATED BY CLAY WELL

HEAVY SPRAY PICKED UP BY UNITED EIGHT

Granite Wash Looks Promising at 3,034 Feet

TEST IS SIX MILES FROM OIL

Wilcox No. 29 Making 300 Barrels on Swab

A heavy spray of oil was picked up in the United Eight O. and T. company's No. 1 E. B. Clay in the southeast corner of the west half of the southwest quarter of section 177, block B-2, H. & G. N. Survey, last night.

The well is temporarily shut in while storage is being erected. It was closed for a short time this morning and a heavier spray produced than when capped last night.

This well is situated six miles southwest of production in the south end of the Bowers-McGee pool of the south Pampa field. If brought in it will mean the opening of a new pool in the south Pampa area.

The lease on the Clay land is owned by W. W. Merten and Baker Sausbury, local men. Mr. Clay, owner of the land, is connected with the First National bank.

In the Wilcox pool of the south Pampa field, the Wilcox Oil and Gas company's No. 29 Combs-Worley was placed on the swab yesterday morning to make 300 barrels the first 24 hours. This well is situated in the northeast corner of the southwest quarter of section 61, block 2, I. & G. N. survey.

Fay was encountered in granite wash formation at 3,132 feet.

The same company's No. 30 in the same section was a fishing job at 2,940 feet after picking up a small flow of oil.

Marmon Completes Endurance Drive in Pampa on Monday

Unable to move a muscle in his body, with black rings under his eyes and practically unconscious, Dick Marmon, internationally known endurance driver, completed his 125 hour non-motor-stop, non-sleep endurance test in front of the Culbertson-Smallage garage last night at 7:15 o'clock.

Marmon drove a Chevrolet coach equipped with Dayton tires and used Grayco gasoline on the trip. Hundreds of persons cheered Marmon as he was taken from the car.

Marmon was locked to the steering wheel of the car last Wednesday afternoon at 2:15 o'clock. He neither slept nor ate solid foods during the trip, drinking only coffee, malted milk, and coca-cola.

During the test, Marmon drove 2,340 miles for an average of almost twenty miles per hour for five days and nights. He averaged better than 25 miles to the gallon of gasoline. On the entire trip he only had one puncture, that a nail picked up near White Deer Sunday morning.

In the near future, Marmon will make a speed run between Elk City and a point west yet to be named. He will pass through Pampa on the drive.

THE WEATHER VANE

WEST TEXAS: Tonight and Wednesday cloudy, probably local rains not much change in temperature.

EX-SERVICE MEN AND FAMILIES DINE

More than 150 ex-service men and their families attended a banquet at the Schneider hotel last night sponsored by the local American Legion post. Because of the absence of Commander F. M. Culbertson, who was detained at his home by illness of his daughter, Lynn Hoyd acted as toastmaster.

Each ex-service man was called upon to introduce himself and his guests and many were the strange introductions. The Rev. T. M. Brabham said he was only the private while Mrs. Brabham was top sergeant. J. W. Graham introduced himself as Private Graham, Mrs. Graham as first lieutenant, and his two sons as his line of defense.

W. T. (Tanlac) Strange, the chief speaker of the evening announced that he was not raised to be a soldier so he joined the coast artillery. Among the musical numbers were piano solos by Mrs. T. W. Brabham; readings by Miss Ruth Abramson; violin solos by Mrs. Ives, and solos by the "Cantata of Pampa," Ralph Butterfield.

J. Gill, former post commander of the Rockford, Ill. post who is visiting here, was called on and expressed himself as being surprised at the large gathering. He told of the hardships encountered in his city during the 1926 tornado and flood and the great work of the American Legion post of that city in the emergency.

The toastmaster then presented W. T. "Tanlac" Strange of Lubbock, humorist and after dinner speaker. He opened his address by stating that the Bible was replete with stories of modernism; as Pharaoh went into insolvency on the bank of the Red Sea; that Sampson took down the house with only two oxen; that Hyram of Tyre sold Solomon the lumber bill to build his temple and parked his camel very close to the tent so that he wouldn't have "to walk a mile for a camel."

In his opening remarks, he stated that most of what he would say would be good and the rest would be original. He landed the work of the American Legion as the guardian of peace. He ended his remarks with a sales talk on Tanlac. He then gave his famous receipt which he copied from the radio for his wife.

The toastmaster called attention to the special meeting at the Legion home tonight at 8:30 o'clock.

Boy Scout Charter Will Be Presented at Meeting Tonight

Lahroy C. White of Amarillo will present the charter to the Adobe Walls council Boy Scouts at a banquet at the Schneider hotel tonight at 8 o'clock. Mr. White is a member of the executive board of the Amarillo council. The charter will be received by President J. Sid O'Keefe of the Adobe Walls council.

Executive members and leaders from all towns in the council will be present. Representatives will be here from Borger, Phillips Panhandle, White Deer, Miami, and Canadian. All who are interested in the Boy Scout movement are asked to attend.

Miami Asks Aid of Pampa Men on Highway Problem

George W. Briggs and W. A. Taylor attended the Lions club in Miami yesterday when the road situation pertaining to highway 33 was discussed. According to information received here traffic will be routed south of Pampa when grading of highway 33 toward Miami is begun.

MANY PRESENT CAN BE AIDED BY TREATMENT

Dr. Earl McBride Much Pleased by Results Obtained

MUCH WORK IS YET IN VIEW

Steps to Send Each Child to Specialist Planned

Pampa's first clinic for crippled children, held yesterday at the First Methodist church, was characterized by Dr. Earl D. McBride of Oklahoma City and Joe N. Hamilton, executive secretary of the Oklahoma Society for Crippled Children, as the best they had ever attended.

By "most successful" they meant especially the percentage of cripples who can be helped or cured. The Lions and Rotary joint committee had advance notice of fourteen cripples to attend, but 27 were assembled during the day. Careful records were made or blanks furnished by Mr. Hamilton, and these are being kept by Mrs. M. P. Downs, nurse for the Public Welfare association.

Work Just Starting The important work, it is pointed out, is just beginning. Member of the civic clubs will write or see personally every cripple examined. The recommendations of the noted surgeon will be discussed with the parents or guardians of the children, and steps will be taken to make the proper treatment possible. Hospitals make special rates for cases sponsored in this manner and some railroads grant reduced fares.

Dr. McBride and Mr. Hamilton were delighted with the interest of local members and other local people, and they declared that their trip would have been worthwhile had only a single cripple appeared. As it was, cripples were brought from Lubbock, Miami, Groom, McLennan, and the immediate Pampa territory as the result of extensive publicity given the event. The Oklahomans also were surprised at the growth of Pampa and the evidences of solid civic development.

Local Doctors Help The clinic began at 10 o'clock and lasted until 5 o'clock. Local physicians stayed almost the entire time and offered their services and equipment. The local committee expressed its gratitude for the assistance rendered. The Methodist church furnished the building for the clinic, and the Public Welfare association furnished the nurse, Mrs. Downs, who will continue to assist the local clubs in their work for the cripples.

Charges No Fee The coming of Dr. McBride was made possible by the extensive program of the Oklahoma Society for Crippled Children. Only the expenses of the surgeon and Mr. Hamilton were added to the expense of the local clubs. Considerable funds will be necessary in follow-up work, and in these efforts several Pampa men are offering to assist by sponsoring the treatment of one cripple each.

It is expected that another clinic will be held next year. The recommendations of these clinics do not include mention of any specific surgeon or hospital. Dr. McBride himself specializes in bone deformities, while other physicians and surgeons treat other classes of cripples.

Word was received here this afternoon that Mrs. Tom Rose had undergone an operation at Baylor Hospital, Dallas, at 9:30 o'clock this morning and that she was doing nicely. Mr. Rose is in Dallas with her.

Cal Merchant and J. W. Gordon of Claremore were business visitors in this city yesterday.

New Faces in U. S. Senate

There will be a number of new faces in the U. S. Senate as the result of the November election. A checkup of the returns shows. Among the newcomers are (1) Theodore E. Burton, Ohio, who is returning to the Senate after several years spent in the lower house; (2) Tom Connally, Texas congressman, who was elected as successor to Senator Earle B. Mayfield; (3) O. A. Larrazola, elected in New Mexico; (4) Roscoe C. Patterson, Missouri, Republican, who succeeds Senator Jim Reed, fiery Democrat; (5) Hamilton F. Kean, Republican, who succeeds Senator Edward I. Edwards, Democrat, in New Jersey; (6) Otis G. Glenn, Illinois; (7) Phillip Lee Goldsborough, Maryland, Republican, who defeated Senator William Cabell Bruce, Democrat, for re-election.

EXTRA BONUS OFFER IS BEST WINNING CHANCE IN CONTEST

Opportunity Will Close Promptly at 9 o'clock Saturday Night—Vote Schedule to Be Reduced

Table listing names and vote counts for District No. 1 and District No. 2. District No. 1 includes names like Earl Blythe, Miss Beth Blythe, Mrs. F. G. Browne, etc. District No. 2 includes names like H. M. Anderson, Mrs. W. D. Benton, Mrs. Shirley Cox, etc.

Spurred on by the wonderful possibilities of the liberal 100,000 extra vote offer, contestants in the Pampa Daily News' big \$5,000 automobile and prize campaign are beginning to make the fur fly in their rush to build \$20 clubs of subscription and turn them in before the clock strikes 9 next Saturday night. Every combination of subscription payments totaling \$20 turned in by that time wins a bonus of 100,000 extra votes, over and above all regular votes, and there is scarcely a contestant in the list but who has voiced the intention to have a club so before the time expires.

MORE THAN HUNDRED MISSING FROM STEAMER VESTRIS WITH MANY SHIPS AIDING SEARCH

Dirigible Los Angeles Ordered to Assist and Giant Airship Will Leave on Ertrand at Dusk

MOST OF LIFEBOATS PICKED UP FROM ROUGH OCEAN TODAY

One Man Dies of Exposure—Several Rescued as They Float on Wreckage—No Disaster Explanation

By The Associated Press One man was known to be dead, a woman and child were reported floating in the rolling waves and other deaths seemed probable as reports from the rescue fleet off the Virginia Capes today slowly pieced out the story of the sinking of the liner Vestris.

At noon, almost a full day and night since the 339 passengers and crew went over the tilting side of the stricken vessel into lifeboats and rafts; only 215 had been definitely accounted for, and most of the lifeboats had been picked up. One man taken from the water by the steamer Berlin told of seeing a woman with a child in her arms floating near him. Search was begun for them and lookout was kept for others who had found no room in the boats or who been washed from the rafts.

The dead man, unidentified in first reports, was found by the battleship Wyoming, lying on the raft where he had died of exposure. The rescue began before dawn, the ships that had turned from their paths on their errand of mercy being led to the life boats by flares sent up by the chilled persons who all night long had tossed on angry waves left from a week-end gale.

Lifeboat after lifeboat was sighted and as the morning passed taken aboard with its shivering complement of the men and women. The American Shipper got the most, the liner Berlin got some, the Tanker Myriam others, and the battleship Wyoming still more. But at noon more than 100 others were apparently still to be accounted for and there was a growing fear death would claim many of these before they could be saved.

Shortly after noon the navy department ordered the dirigible Los Angeles to prepare to leave its hangar at Lakehurst, N. J., at 6 o'clock tonight to join the rescue fleet. It could not leave sooner because it had been undergoing a general overhauling and was not ready to take the air.

NEW YORK, Nov. 13.—(P)—Indications were today that most of the 339 passengers who were aboard the liner Vestris had been saved. The Vestris, which left New York Saturday bound for Barbados of the Woodward Island group and South American ports, reported herself in trouble at 6 a. m. yesterday but said she needed no assistance. Then at 10:05 a. m. came the SOS. Subsequent messages for help during the next three hours and a half said that she had hope to in a gale Sunday, that she had then developed a list to starboard and that she was sinking slowly. No reason for the trouble was given; but officials of the line believed she had either sprung a leak Sunday or had struck a submerged derelict, causing in her bulkheads and allowing the seas to rush in which would have given her the 32 degree list she reported.

Many Rush to Rescue At the first SOS several commercial ships, including the Ohio Maru, the San Juan and the motorship Santa Barbara started to her assistance. The Ohio Maru was nearest to the Vestris and wireless she should reach the position by 5 p. m. "Oh, please come at once. We need immediate attention" was the answer from the Vestris radio operator M. J. O'Loughlin. The United States Navy then ordered the coast guard destroyer Davis and the battleship Wyoming, flagship of Vice Admiral M. M. Taylor, to go to the rescue. The Wyoming, which was at war maneuvers off the Virginia Capes, turned at once toward the Vestris under forced draft.

Couldn't Find Lifeboats The Ohio Maru was first to reach the position last given by the Vestris but reported there was no trace of the ship or her lifeboats. The San Juan also reported no sign of the Vestris, or the lifeboats where she arrived at the position given at 5:45. Then at 8 p. m. came a message from the Santa Barbara which said: "In vicinity of wreck of Vestris Searchlights working but no sign of wreck or lifeboats. Will cruise around." The Wyoming reported late in the night that the was near the scene and early this morning the Berlin of the North German Lloyd line said she had reached the position of the wreck. None of the ships reported any success in sighting wreckage or lifeboats.

Americans on Board Among the passengers were several women and children, William W. Davies, New York correspondent of La Nación, Buenos Aires newspaper; Yoshiko Inuyoe, Japanese consul at Buenos Aires; Paul A. Dana, secretary of the Cuban legation at Montevideo; Harry Fay, a Pittsburgh prize fighter two missionaries and engineers and officials of commercial companies in the United States bound for South America on business. The officers of the ship, including Captain William J. Carey, Commodore of the Lamport and Holt line, were all British except Dr. W. Sears, an American, whose address was given here as College Hospital, Brooklyn, O'Loughlin, the radio operator, who stayed at his post until the decks of the ship were awash. He is 30 years old and of Irish extraction. He has been a radio operator 12 years. Captain Carey, who has been with the Lamport and Holt line 50 years, was making his last trip on the Vestris. He was to have taken command of the Voltair, flagship of the line, at Buenos Aires. The Voltair, making her maiden voyage, is one of the ships rushing to the scene of the wreck. Million-Dollar Cargo The Vestris was built in Ireland in 1912 and was valued at \$2,000,000. Her cargo, which included automobiles (See LINER, Page 8)

Business to Friendship. The old code of the business world was much concerned with shows of force.

Business as a means by which America and Britain may become more closely associated as friends was the recent subject of Home Secretary Sir William Joynson-Hicks at the opening of the Firestone tire factory at Brentford, England.

Business as a means by which America and Britain may become more closely associated as friends was the recent subject of Home Secretary Sir William Joynson-Hicks at the opening of the Firestone tire factory at Brentford, England.

ters" will exist only so long as the aggravating causes exist, especially prohibition, which is dangerous as the recent election showed. People no longer vote strictly on a party basis.

Terminal Facilities. The Optical Society of America has aroused our gratitude. It has arranged a stop-and-go signal for the public speaker suffering the lack of terminal facilities.

Where to get off is the big problem of the average speaker. We suppose everyone who deigns to inflict his ideas upon an audience is something of an egotist, or he wouldn't do it.

Not that we do not need speakers to mix with the activities of modern club-dom, but that we need more speakers who know when to stop.

The Optical Society aforementioned has invented a device upon which are mounted red, yellow and green lights. Green, upon which the speaker should gaze occasionally as his eye travels to the back of the room or auditorium, means that in the toastmaster's opinion he is on safe ground and that if the audience is not satisfied there is nothing that it can legally do about it.

As time passes, and scientific calculation shows that the speaker should have made most of his points if he has any, the yellow light shows and the green light of safety disappears.

Lastly, when that time comes that every sentence falls upon barren ground and the crowd isn't waiting for anything but the finale, the red light shows. Red is the most easily and quickly seen of all colors. If it cannot stop the speaker, he should be disgraced from public utterance, for he is color blind and a menace to luncheon society.

There should be a greater demand than supply of the Society's device.

TWINKLES. Holes in cheese are made by bacteria. Guess we'd better not eat the holes.

Talking during a public program is our idea of a poor exhibition of good sense. And the next time we note a few of our school teachers doing it we are going to be more specific in this column. Nearly all of them are fine, cultured individuals—and a few disturb in the fashion mentioned.

They now dry milk into sheets like paper. Maybe, one of these scientific days, we will print colored syrup and give a square meal along with the news. If the paper should be late then, a lot of people would be hungry, as well as ignorant.

Our idea of luck would be to have been a news reel photographer vacationing at Mt. Etna when it started erupting.

If Mars is trying to get in touch with this globe, maybe they merely want to know how the election came out.

Want ads get results. If you rent a house and then can't find it, try another want ad, as a Syracuse couple did.

Some of the best opportunities, history shows, are on the road to the poor house.

BARBS. Indignation is the noble emotion that seizes a housewife when she discovers the laundress has stolen some of her best hotel towels.

A Pennsylvania seer predicts a mild winter, judging by the condition of the weeds. We differ—it's going to be a terrible winter judging by some of the weeds we've smelled lately.

Among the many ways in which a man can make his pile, don't overlook the junkyard.

In Chicago continuation schools courses in the use of rouge and make-up have been started. Maybe that rule should be changed to "readin', ritin' and roughin'."

A man in England complained because his wife threw a custard pie at him. What did he want—pumpkin?

Lindbergh bagged an antelope from an airplane the other day down in Mexico. What's that—some kind of publicity stunt?

WASHINGTON LETTER. WASHINGTON — No one ever knows how much is spent to elect the candidates in a presidential campaign, but there is reason to suppose that the 1928 bill has been higher than \$15,000,000.

Difficult as it is to obtain accurate data for comparison, there is little question that this year's campaign costs set a record.

In the first place, the Democrats had a large wad, which is most unusual for them. New requirements for expenditure and expansion of the old ones was another reason. Lastly and very importantly, certain powerful organizations which ordinarily keep out of national elections poured money into this one.

The two national committees have spent somewhere around \$10,000,000 of the suggested \$15,000,000. Such organizations as the Anti-Saloon League, Methodist Board of Temperance, Prohibition and Public Morals and the Ku Klux Klan made a great and costly effort. The sum total of their political expenditures cannot now be told.

It must further be remembered that the national committee is only the one big collecting unit. There are many smaller ones. Money given to and used by the state and local organizations instead of to the national committee is not included in the national committee budgets. All sorts of scattered volunteer organizations raise and handle their own money. In effect, some of them are so many holding companies for the cash.

It is regarded as common knowledge that a great deal of secret contribution and expenditure goes on, ordinarily and for the most part in doubtful states and the largest centers of population.

How is all the money used? Let's confine ourselves to the official budget money of the national committees, because that's much easier to trace.

It is too early to learn the respective financial apportionments of the national committees for 1928, but they run pretty well along the lines of previous expenditures by whatever party had money to spend and the only important change is in the amount spent for radio.

The Democrats had this writer their radio bill would reach \$650,000. The Republicans owned up to \$350,000. The Democrats say the Republican bill must have been far above \$350,000.

Methodist Board of Temperance, Prohibition and Public Morals and the Ku Klux Klan made a great and costly effort. The sum total of their political expenditures cannot now be told.

Father May Live, But He'll Never Look the Same

OUT OUR WAY

MOM POP. It may be recalled that Mr. Roosevelt made something of the same sort in 1924, which resulted in a united Democratic front in the South.

FRECKLES and His FRIENDS. This year the Democratic national ticket received 40 per cent of the popular vote, as compared to 29 per cent in 1924 and 31 per cent in 1920.

YOU'VE BEEN OUT TO ONE LODGE MEETING THIS WEEK—MY STARS YOU MIGHT SPEND AT LEAST ONE NIGHT AT YOUR OWN HOME—I'VE BEEN LONESOME ALL DAY AND NOW YOU GO TRAMPING OFF ALL NIGHT ON A POKER PARTY.

YOU'VE HEARD OF LINDBERGH, HAVEN'T YOU? YOU'VE HEARD OF LINDBERGH, HAVEN'T YOU?

DID I? MOM BROADCAST PLENTY STATIC WHEN I BROKE THE NEWS THAT I WAS GOING TONIGHT—I LEFT HER SORE AS A THUMPED THUMB.

WELL, THEN YOU KNOW HOW HE DONE—HE DONE!!

MURTLE, I'M GOING OVER TO TRY LOCKWOOD'S TO PLAY POKER.

NO—HOW HE DIDN'T GO ROUND BRASSIN' WHAT HE WAS GOING TO DO!!

IS THAT SO? WELL—THE ONLY POKER YOU'LL PLAY TONIGHT IS WITH THE FURNACE IF YOU THINK FOR ONE MINUTE THAT I'M GOING TO STAY HERE ALONE, YOU'RE WRONG AS SNOW IN JULY—I DON'T CARE IF POP IS GOING EVERY ONE KNOWS HE GETS AWAY WITH MURDER, YOU'LL NOT LEAVE THIS HOUSE TONIGHT!

THAT'S THE REASON EVERYBODY LIKES HIM SO WELL—BECAUSE HE DIDN'T GO ROUND BRASSIN'!!

OH, CANDY, ILL BET! WHY POP, WHAT HAPPENED TO YOUR PARTY?

—I DIDN'T CARE ABOUT GOING—AFTER YOU SAID YOU'D BE LONESOME, I GOT TOO FINE A LITTLE WOMAN TO TREAT HER THAT WAY—

**Wednesday**  
Circle No. 1 of the Baptist Women's Missionary Union meets at 12:30 o'clock in the home of Mrs. Ernest Medziel for mission study. Circle No. 2 it to meet in the home of Mrs. G. C. Stark at 2 o'clock, with Mrs. Roy McMiller as hostess. Mrs. T. B. Moulder will be hostess to Circle No. 3, which meets at 2 o'clock. Circle No. 4 will meet at 2 o'clock in Mrs. D. H. Truhitt's home.

**Thursday**  
The Methodist Women's Missionary society will meet at the church at 1 o'clock, the meeting having been postponed from Wednesday because of the banquet to be served by the class Wednesday evening.

The Ace High bridge club meets at 2:15 o'clock in the home of Mrs. F. A. Hollenbeck.  
Mrs. Porter Malone will entertain the London Bridge club and has announced the game to begin at 2:30 o'clock.

The Friendship class of the Methodist Sunday school will hold a social meeting in the class room at 3 o'clock. All members of the class are invited to attend.

**Friday**  
Mrs. Don Wakeman will be hostess to the Just We bridge club. The game opens at 2 o'clock.

## Mrs. Kahala and Mrs. Wolfe Give Pretty Party

November days find chrysanthemums the favored flowers for the smart social events, with tea table appointments and bridge accessories repeating the colors of the blossoms. Mrs. George Kahala and Mrs. George E. Wolfe, co-hostesses yesterday at a delightful five-table party, chose lovely pink and white pom-poms for the occasion. Tallies and score pads were decorated in the same colors, and when refreshments were served at the close of the game, fall pink tapers tied with bows of pink tulle stood on each of the tables.

Score awards of the afternoon went to Mrs. A. D. McNamara, high and Mrs. Lynn Boyd, second high. Mrs. I. B. Hughey received consolation favor. Other guests were: Mrs. W. M. Craven, Mrs. J. M. Dodson, Mrs. M. A. Finney, Mrs. H. H. Hicks, Mrs. Floyd Smith, Mrs. L. N. McCullough, Mrs. H. W. Johns, Mrs. J. M. McDonald, Mrs. Joe M. Smith, Mrs. A. B. Zahn, Mrs. W. A. Bratton, Mrs. Siler Faulkner, Mrs. E. J. Dunagan, Jr., Mrs. J. T. Clark, Mrs. Frank Keim, and Miss Mabel Davis.

## Club Federation Opens Convention at Denton College

DENTON, Nov. 13.—(P)—The general session of the thirty-first annual convention of the Texas Federation of Women's clubs formally was opened last night in the College of Industrial Arts auditorium. The president of the General Federation of Women's clubs opening evening was in observance of honor.

In keeping with the custom of several years, the formal address of the opening evening was in observance of Armistice Day and Former-Governor Pat M. Neff was the speaker. His inspirational theme was "lest we forget."

Mrs. Sippel had a few minutes at the board meeting of the morning, but her formal greetings were reserved for the night program. She expressed her very great pleasure at being able to return so soon to Texas, recalling the happy experiences of the recent biennial convention in San Antonio. She brought greetings of a general nature from the national club women's organization.

Miss Jessie H. Humphries, associate dean of C. I. A. and chairman of Central committee for the convention presided at the opening meeting. The invocation was given by Rev. W. F. Galbraith. Addresses of welcome were extended by Dr. L. H. Hubbard, president of C. I. A., introduced by Miss Bessie Shook of the Teachers college.

Harold McCall and Glen Cassie spent Sunday and the holiday with relatives in Helena, Okla.

Mrs. J. L. Nance is spending a few days with relatives in Hobart and Granfield, Okla.

Mrs. Houston Park spent Sunday in Amarillo with her parents.

Mrs. F. E. Hoffman is spending the week with friends in Vici, Okla.

**PAMPA FORM NO. 7. NOTICE**

TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINAFTER MENTIONED PORTIONS OF ALLEYS IN THE CITY OF PAMPA, TEXAS AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY.

The Governing Body of the City of Pampa, has ordered that the hereinbefore mentioned alleys be improved by raising, grading and filling and paving with six inch plain concrete pavement, together with incidentals and appurtenances, as provided in the plans and specifications prepared by the Engineer for said City and now on file with the City.

A hearing will be given and held by and before the Governing Body of the City of Pampa, Texas, on the 26th day of Nov. A. D. 1928, at 7:30 o'clock p. m. in the City Hall in the City of Pampa, Texas, at all owning or claiming any property abutting upon said portions of alleys and highways, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning said improvements the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of alley highway upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessment therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the city and under the proceedings of the City with reference to said matters. Following such hearing Assessments will be levied against abutting property and the owners thereof, and such assessments, when levied, shall be a personal liability of the owners of such property, and a first and prior lien upon the property

The portions of alleys or highways so to be improved, together with the estimated cost of the improvements for each such portion of alley or highway, and the amount or amounts per front foot proposed to be assessed against the abutting property and the owners thereof, on each such portion of alleys, are as follows:

Alley in block 4 from its intersection with the North property line of Atchison Avenue to its intersection with the South property line of Foster Avenue, known and designated as Unit of District No. 44, estimated cost of the improvements is \$1849.33 total estimated amount per front foot to be assessed against abutting property and owners thereof is \$2.774. There is no assessment for curbs as curbs are not to be constructed in this unit.

Alley in Block 15 from its intersection with the North property line of Foster Avenue to its intersection with the South property line of Kingsmill Avenue, known and designated as Unit or District No. 45, estimated cost of the improvements is \$1766.33 total estimated amount per front foot to be assessed against abutting property and owners thereof is \$2.6025. There is no assessment for curbs as curbs are not to be constructed in this unit.

Alley in Block 16 from its intersection with the North property line of Foster Avenue to its intersection with the South property line of Kingsmill Avenue, known and designated as Unit or District No. 46, estimated cost of the improvements is \$1780.33 total estimated amount per front foot to be assessed against abutting property and owners thereof is \$2.6705. There is no assessment for curbs as curbs are not to be constructed in this unit.

The paving on alleys above set forth shall be six inch plain concrete pavement.

ment.

Said alleys are to be improved by raising, grading, and filling and paving with six inch plain concrete pavement, together with incidentals and appurtenances, as provided in the plans and specifications prepared by the Engineer for said City and now on file with the City.

A hearing will be given and held by and before the Governing Body of the City of Pampa, Texas, on the 26th day of Nov. A. D. 1928, at 7:30 o'clock p. m. in the City Hall in the City of Pampa, Texas, at all owning or claiming any property abutting upon said portions of alleys and highways, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning said improvements the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of alley highway upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessment therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the city and under the proceedings of the City with reference to said matters. Following such hearing Assessments will be levied against abutting property and the owners thereof, and such assessments, when levied, shall be a personal liability of the owners of such property, and a first and prior lien upon the property

THIS HAS HAPPENED

Fate introduces JERRY RAY to wealthy ALESTER CARSTAIRS when he crashes his airplane into the camp she is sharing with her roommate, BEYONCE. She likes her pilot, DAN HARVEY, but Alester is struck with her beauty and shows her attention.

Unable to buy a new gown for a party Alester has invited her to Jerry's to take one from the store—intending to slip it back next day.

Jerry is shocked from the store when she confesses that she has returned to work when Dan happens along the beach. Under cover of his presence, Jerry forces Alester to take her home. He is contrite and when she says she will let her job on his account, he promises to try to get her in a chorus. Next day he takes her to a party.

**NOW GO ON WITH THE STORY**

CHAPTER XXIV

THE theater was dimly lit and silently vast, it seemed to Jerry, who never before had been in a empty auditorium. They walked down to the front row of seats and stopped. Jerry could hear voices coming across the bare stage from the region that had always been a fascinating world of mystery to her.

"Lights," Mr. Weinertz hawled, and there was a scurry of feet in answer. A few seconds later the stage was flooded with light and the producer turned to Jerry with a smile.

"Will you walk through that door over there and go up on the stage, please?" he said.

Jerry glanced at Alester, her heart in her slippers. He took her by the arm and moved with her to the door.

"Don't forget what I told you, kiddy," he whispered. "Close your eyes while you dance and program. You're a prima donna stopping the show."

Jerry forced a smile. Alester accompanied her to the stage and stood by while a piano was moved onto it at Mr. Weinertz's order. Then he left her after dragging a chair from the wings and placing it near him.

More lights were turned on and she feared that the trembling in her knees could be seen from the front seats, where Alester had joined Mr. Weinertz.

SUDDENLY a jazz tune jangled out from the piano and Jerry heard a voice calling to her to dance. She closed her eyes and attempted to obey. But her feet had become glued to the floor.

"All right, all right," Mr. Weinertz shouted to the piano player. Then to Alester: "Go up and get your little friend, Al."

The music crashed to a stop. Jerry's heart turned to ice. She had failed, but they'd given her such a little time. Alester was leading her off the stage in silence. She was too humiliated to look at him.

Mr. Weinertz was standing. He put out a hand and took one of hers.

"My my," he said, "what a cold head it is. But that is fine, fine. All the true artists have stage fright. The others—poor—no imagination. I would not want a girl even in my chorus who was like that." He pushed Jerry gently into a seat. "Now you will sit here and rest up to the theater," he went on, "while we hear some singers."

Jerry felt a surge of relief come

as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of alley or highway, and the assessments against the property abutting upon any unit shall be and are in no wise affected by any fact or circumstance relating to or connected with the improvements in other units.

Of all said matters and things, all owning or claiming any such property or any interest therein, as well as all others in anywise interested or affected, will take notice.

Done by order of the City Commission of the City of Pampa, Texas, this 10th day of Nov. 1928.

C. O. BUSBY, City Secretary, City of Pampa, Texas. 13-16-28 (SEAL)

over her that brought tears to her eyes. She sank back in the seat with a sigh. Alester began to talk rapidly, inconsequentially, and she knew that he, too, had been misled by Jake Weinertz's calling her off the stage; that he was evincing relief.

They had to wait a few minutes before the singers arrived. Mr. Weinertz turned to Jerry and told her with unaffected frankness that her figure was good, very good. She guessed that was why he was giving her a second trial. Apparently she had passed the first test. "We're going to hear the singers," he went on, "who got by the auditions."

JERRY was glad she hadn't been asked to sing, doubly so when, a little later, several young women came onto the stage and hovered nervously around the piano. The pianist was called and again took his place. One of the singers stepped forth at a signal from a staid, dark man with gray hair at his temples whom Jerry had not seen step out of the wings, and took a place nearer the proscenium. The pianist struck up a lyric air and the aspirant for stage honors opened her mouth to sing. Jerry

thought she must surely be frightened to death, but her notes came true, and pure. Mr. Weinertz nodded his head. Jerry could see that the dark-haired man was watching him expectantly. She held her breath for the girl on the stage.

"Too bad, too bad," he muttered sadly. "A lovely voice, but bandy legs."

He gave some signal that Jerry did not see. Mr. Arradone—she guessed it must be he—motioned the singer back to the piano when the music stopped abruptly in the middle of her song.

Then another girl walked down stage and Jerry felt Mr. Weinertz's arm brush against hers as he jerked himself forward in his seat, his eyes on the scene before him.

"Arradone," he called, before the girl could start singing. "Come here."

The dark man came to the footlights and Jerry could hear plainly what passed between him and Mr. Weinertz when the latter went over to talk to him.

She looked curiously at the girl on the stage. Surely she was good looking enough and she was very smartly dressed.

"She can't sing—she's a piece of

linen, I tell you," Mr. Weinertz was saying angrily to Mr. Arradone.

The latter turned to look at the girl. His brows came together in a black line.

"I don't remember having seen her before," he said.

"No, of course you don't," Mr. Weinertz answered excitedly. "It's her old trick. She wants to get out of the chorus so she slipped into the office with your fingers after you'd heard them and... here she is," he added, "but she tried the same thing last year with Mr. Shields. I remember her."

HE raised his face to the girl. "If you had a voice to match your nerve," he said to her. "I'd go into grand opera and sign you up for life. Get off the stage. Come around for regular rehearsal tomorrow if you want a place in the chorus."

"You go to hell," the girl retorted and shrugged her way off the stage.

Jerry's mouth was O-shaped in surprise. She pulled away from the producer when he came back to his seat. Was that the way he talked to girls who didn't have rich young friends to introduce them?

The theater had lost some of its glamour already.

Two of the remaining singers were rudely stopped and motioned away. Jerry's heart bled for them, and for the poor creatures hopelessly occupying the hard benches in Mr. Weinertz's waiting room.

She was glad when the tryouts for the singers were over. It didn't matter quite so much to her now whether she failed or succeeded. She had begun to perceive that one must have a love for the stage greater than hers not to mind its soamy side.

But she'd started and she'd make good if she could come back to her seamstress to working in a department store, too; the cranky customers, for instance.

When she found herself on the stage the second time she was able to dance not as well as she could, but well enough to satisfy Mr. Weinertz that she possessed grace and a sense of rhythm.

SHE and Alester left the theater alone, Mr. Weinertz had other business there.

"Let's go to the Ambassador and dance," he said eagerly. "I'm proud of you, Jerry."

It was the first time Alester had taken Jerry to a fashionable hotel. Perhaps he was still making amends, she thought. Well, she wasn't ashamed of her appearance, and she was going to be somebody now. He might really be proud of her some day.

The tea room with its air of richness delighted her. She had to pinch herself once or twice to make sure that she wasn't dreaming and that she would not wake up presently and find herself back in her furnished room, with a day at Pano's ahead of her.

The women she saw at nearby tables were beautifully gowned and all of them wore at least one jewel. Jerry glanced at her own hands. They looked as bare without even a single ring.

Perhaps Alester followed her glance and read her thoughts for he reached into his pockets and pulled out the emerald ring she had given back to him. He put it on the table between them and Jerry wondered what he was going to say.

# HARVESTERS LOSE TO PERRYTON AS OFFENSIVE CRACKS

## Rangers Win Right to Play Memphis Friday by Defeating Locals 17 to 7—Pampa Ends Skirted for Big Yardage

**By HARRY E. HOARE**  
Playing their poorest brand of football of the season at a time when only their smashing offensive could have won, the Pampa Harvesters saw their ship of district championship hope sunk by the invading Perryton Rangers here yesterday, 17 to 7.

With several men out of condition, the team never struck its usual offensive stride. Passes either failed or fell into Ranger hands, line bucks fell short, and end runs were smothered with the exception of occasional long gains Jones Harvester left half, Walstad, quarter, and Roberts, fullback, were the only Harvesters who could gain consistently.

Tucker, rangy Perryton left half, was the whole team. He made both the Perryton touchdowns and was the only man the Harvesters couldn't stop within a certain distance. Witt, fullback, also was a large ground gainer and a tricky runner.

**Roberts Played**  
Skeet Roberts was in the entire game but his effectiveness was not as noticeable as in former games. He was still suffering from a crushed rib. He was examined before the game by Dr. Earl McBride of Oklahoma City, who announced that the rib injured in the Wheeler game was of broken but badly bruised Albert (Germing) Lard had to leave the game early in the third quarter from injuries. He played a fast game of football but was out-luck nearly every time he carried the ball.

Troy Stalls, Harvester left guard, was the whole Pampa line. He stopped more plays than the rest of the line put together. Mullen, playing beside Stalls, also was a tower of strength. The Harvester ends never looked worse. Tucker gained at least 75 yards around the ends.

**Easy Passes Fall**  
The local aerial attack went haywire early in the game, the ends letting easy passes go through their arms. Walstad was the only man on the team who could take a pass. He received three nice ones for good gains. His last receive making twelve to the local six.

Summed up, the loss of the game may be attributed to the local team's playing "set-up" games all season and when up against a team of their own class they were lost. Confused, the men jumbled many plays. The line would make holes big enough for a truck to pass through, but the backfield would blindly hit a stone wall. When in a pinch, the line would hold, but at other times was ripped open like paper.

The Harvesters took first blood four minutes after play when Walstad grabbed the ball on his 35-yard line and raced 65 yards without interference for a touchdown. Stalls added the point on a nice kick.

**Both Teams Crippled**  
Then the Harvesters crumpled and except for short periods failed to show their old offensive. It was a crippled team, but so were the Rangers.

The Rangers scored their first touchdown soon after the first quarter when Tucker put the ball under his arm after a triple criss-cross and stroled 33 yards for a touchdown. Perry added the extra point.

That ended the scoring until after half time, when the Rangers bucked the ball up the field to the Harvesters 1-yard line. The locals held for three downs and Perryton kicked a field goal. Perry put the ball through the uprights.

The last score of the game came one minute later when Tucker ran 15 yards off tackle for a touchdown, to which Perry added the point.

**(GAME PLAY BY PLAY)**  
**(BY LAVERNE LAVENDER)**

Kahl won the toss and elected to receive, Pampa taking the south end of the field. The visitors kicked off to the 20-yard line and Skeet Roberts returned it to the 31. On the third down after two short line plunges, Jones completed a pass to Lard for 10 yards and a first down. After failing to make yardage over the line, Walstad punted to Perryton's 10-yard line, the ball being returned to the 30. With the ball in their possession, Witt drove through tackle for eight yards and another pair of short line smashes gave the visitors their first, first down. Three tries over the line lost the Rangers a half a yard, and on the fourth down Witt punted to Pampa's 36-yard line where Walstad was stopped in his tracks. The first play consisted of a 65-yard run by Walstad around the right end of the line for Pampa's touchdown. Stalls made the extra point. Score Pampa 7, Perryton 0.

**Pampa Backed Up**  
Witt kicked off to Pampa's 20-yard line, Roberts returning it to the 30. The Harvester backs failed to gain over the line, and a pass being incomplete Pampa was in the position of fourth down and ten to go. Walstad punted

downs on off-tackle plays and lost the ball on a pass that was intercepted by Captain Kahl on Perryton's 45-yard line. After two incomplete passes Tucker intercepted one on the 50-yard line. A pass from Witt to Tucker was completed for a gain of 11 yards and the visitors followed it up with a 4 yard gain on a pass from Tucker to Shearer. With three yards to go on the fourth down, Witt punted to the 10-yard line. Jones and Walstad gained 9 yards via the aerial route, and Jones drove off left tackle for a gain of 15 yards and a first down.

Walstad made 8 yards off right tackle, but a pass intercepted by Tucker gave Perryton the ball on the 40 yard line. Three line bucks failed to gain and Witt's punt rolled out of bounds on Perryton's 43 yard line. Pampa had the ball as the whistle blew. Final score: Perryton 17, Pampa 7.

**The Line-up:**  
**PAMPA (7)**  
Kahl (Capt.) LE  
Stalls LT  
Mullen LG  
Seitz C  
Barnard RG  
Willis RL  
Saulsbury RT  
Jones RE  
Lard LH  
Roberts RH  
Walstad FB  
Perry QB  
Substitutes—Pampa: Tracy, Chastain, Saltzman, Irwin Clinger, Ayres; Perryton: Wilson, Withers, L. Tucker, G. Laster Lewis.

**Criss-Cross**  
On the second play, Tucker flashed around the right end of his line to a 33 yard pass for a touchdown on a triple criss-cross. Perry kicked the extra point. With the score 7-7 Witt kicked off to Jones on the 3-yard line from which he returned it to the 11. On a fake punt, Roberts gained 9 yards through right tackle and repeated for a gain of 7 through the same place. Walstad shot around left end for a gain of 30 yards. Jones went through the same place for 3 yards and Roberts for 4, accounting for 3 first downs. Perryton's line tightened up and two bucks netted no gain. A pass intercepted by Perry left the ball in Perryton's possession on the 27-yard line. Tucker made 7 yards off right end and Shearer 4 over left tackle, and repeated with gains of 4 and 14 yards over left end for 17 yards and still another first down. Willis replaced Irwin in the line, Tucker made 9 yards around right end, but two failures to gain over the line and a five yard penalty on an offside forced Witt to punt into the end zone.

**Carrying It Back**  
The ball was returned to the 20-yard line. Three line bucks gained only 1 yard and Kahl punted to Perryton's 46. Lee Tucker went in for Lewis and a march down the field started up for first downs but stopped when Witt punted out of bounds on Pampa's 11 yard line. Jones gained 9 yards in two line smashes and Roberts went over right tackle for 8 yards and a first down. The ball was on Pampa's 22-yard line at half time.

Tracy and Chastain replaced Jones and Lard at half-time. Perryton kicked to the 8-yard line, and Chastain returned it to the 16. Walstad was thrown for a loss of 4 yards, and line bucks failed to gain. Kahl punted to Pampa's 45-yard line, kicking against the wind. Witt went around right end for 11 yards and a first down and the parade was on for four first downs carrying the ball to Pampa's 1-yard line. Two line smashes failed to gain. Witt dropped the ball neatly between the bars for a field goal on the third down. Score Perryton 10, Pampa 7.

Perryton kicked off to the 18-yard line, and the ball was returned by Roberts to the 26. Line bucks through the left side of the line failed to gain, and Kahl was forced to punt the ball rolling back to Pampa's 25-yard line due to the wind. Witt and Shearer made 6 and 5-yard gains, respectively, around the ends for a first down and Tucker drove off right tackle 15 yards for a touchdown. Score 16-7. Witt easily kicked the extra point.

**Stalls Recovers One**  
Witt kicked off to the 10-yard line and Walstad returned the ball to the 31. Chastain got caught for a 9-yard loss attempting to circle right end, and Kahl punted to the 50-yard line. Perryton made first downs over the line and attempted a pass which was fumbled. Stalls recovered, giving Pampa the ball on the 53-yard line. At the end of the quarter, the ball was in Pampa's possession on Perryton's 47-yard line.

Jones and Lard replaced Chastain and Tracy. On the third down, Walstad's punt was blocked, giving Perryton the ball on Pampa's 44-yard line. The Harvester's line held the visitors to no gain for 3 downs and Witt punted to Pampa's 33 yard line. On the first down Jones passed the ball 15 yards to Walstad who ran it 22 yards before being stopped. Jones then attempted two passes both incomplete and the Harvesters lost 5 yards on the penalty. After a gain by Walstad of 8 yards around right end, Jones tried another pass which was knocked down and the ball went to Perryton on downs of their 38-yard line. After failing to gain over the line, Witt punted to Walstad on Pampa's 30-yard line. Ayres went into the game and Seitz went out. On a fake delay play, Stalls went off left tackle for a gain of 11 yards.

**Use Shift Play**  
The Harvesters then pulled a modified Minnesota shift and gained 5 yards off right tackle. The Harvesters failed to complete two passes and were penalized. Jones and Walstad completed a pass over the right side of the line for a gain of 5 yards and on the fourth down Walstad was forced to punt to the end zone. The visitors rumbled down the field for two first

## Glimpses From the Sidelines

**BY TWINK**  
Six years ago, according to sideline talk, a Pampa eleven defeated a Perryton team 18 to 0. In that year the Harvesters were powerful, and it took three games with Amarillo to decide which was which. Amarillo won the first and last games.

The presence of Skeet Roberts, who was not as badly injured in the Hinton game as feared, was a great stimulus to the Harvesters. He can almost always be depended upon for several yards gain.

Perryton played an alert, heady game of the kind that prevents disaster. And it is the kind of game which confounds the best efforts of the boys across the line.

Walstad made some errors in judgment, but he was far and away the best ground gainer for the locals, besides completing the only passes of the day. Bob Kahl never tried harder and had less opportunities and luck. Bob's kicking was steady, however, and at times fairly long.

The Rangers ran well behind interference, rarely outrunning it, but Tucker, left half, and Witt, fullback, could show their heels when opportunity knocked.

Walstad's 65-yard run in the first quarter was almost equaled by his sensational grabbing of a pass as the game ended. A few grabs like that during the game to put the Harvesters in striking distance might have told a different story.

Criss-cross plays made most of Perryton's long gains, and, strangely enough, the same tactics by Kahl & Company also were effective at times. The secondary defense rarely stopped the ball carriers without a gain if the runner passed the line of scrimmage.

Lard's fumble came in the midst of his best work of the day, and his teammates averted disaster for the moment by forcing the visitors to place-kick for points. Three times the Harvester forward wall stopped the Ranger backs a pace from the goal.

Work of the Perryton line in boxing, Pampa ends and tackles was outstanding. Often the Ranger backfield men joggled up behind their linemen for several-yard gains.

Big Boy Stalls was in almost every play, as usual, losing the heavy Perryton plungers back, making tackles in open play, and even, on a fake, carrying the ball 11 yards.

The Harvesters, on the field and off were anguished by their inability to get going. There were tears aplenty of the kind that make football distinctly in a class by itself.

second meeting between a Yale Bulldog, battered by Army and Maryland and a Princeton Tiger held to a draw by Virginia and Ohio State.

Pennsylvania will be favored to defeat Columbia in their 19th meeting at Philadelphia, and Cornell, despite a defeat by Princeton and scoreless ties with Columbia and St. Bonaventure, may be the public choice against O Dartmouth eleven beaten by Harvard Yale, and Brown on successive Saturdays.

## Basketball Season Coming on Heels of Closing Football

**(By The Associated Press.)**  
CHICAGO—Charley Berlinger, Torontario, out-punted Harry Dillon, Winthrop, (10); Billy Frens, Grand Rapids Mich., out-punted Walter Mashey, Chicago, (6).

**Ray Schalk Will Help John McGraw Overworks Staff**  
NEW YORK, Nov. 13.—(AP)—Ray Schalk, one of the greatest catchers the major leagues have ever seen, has signed to assist John J. McGraw in his "master-minding" next year. Schalk, who resigned as manager of the Chicago White Sox in July of the 1928 campaign, affixed his signature to contract which makes him first assistant to the "Little Napoleon" of the New York Giants.

## COOKING SCHOOL NEWS

**What tasting showed Mrs. Betty Kelly about Fried Foods**

**WE** suggested to housekeepers that they taste Crisco—just as it comes from the can. Mrs. Betty Kelly wrote us how agreeably she was surprised when she made this test. But read her letter.

"I always thought that a cooking fat would be rather unpleasant to taste, but after reading your suggestion I decided just to try it myself.  
"What a real surprise I got when I tasted Crisco. It is so good—such a fresh, pure taste.  
"And the fact that Crisco does not smoke or make unpleasant odors in the kitchen makes it wonderful for deep frying."  
If you have never tasted Crisco, we suggest that you do so. See if you do not get the same pleasant feeling that Mrs. Kelly did. We believe you'll understand then why Crisco's sweet taste makes such an improvement in the flavor of your fried foods, cakes, biscuits and pies.

Try some of the recipes for fried foods given below. Just notice how the delicate, sweet flavor of Crisco has brought out to best advantage the natural flavors of these fried foods.

**Fried Oysters Supreme**  
You can use all milk but the ketchup gives a tasty flavor. Don't be afraid to fry doughnuts in the same Crisco you have just used to fry the oysters. They will not taste of the oysters or anything else you may have fried. And neither will the oysters lose their delicate flavor if they are fried in Crisco which has been used for frying other foods.  
1 1/2 cup flour  
1/2 cup ketchup  
2 dozen oysters  
1/2 cup milk  
Cracker dust or fine dried bread crumbs  
1/2 teaspoon salt  
Mix flour and ketchup together, stir in milk slowly. Add salt. Drop each oyster into this batter, then roll in cracker dust or bread crumbs. Drop in deep kettle of hot Crisco 375° to 385° F. or when a small piece of bread browns in 40 seconds. Fry until a rich brown, 2 or 3 minutes. Serve very hot.

**Fricadellen**  
Served with creamed potatoes, this will make a really fine luncheon, or even dinner, by adding another vegetable and a salad. You can easily put them together while doing up the morning work and fry in hot deep Crisco in two minutes at meal time.  
2 cups cold cooked beef, chopped fine  
1 tablespoon minced onion  
2 beaten eggs  
1 teaspoon salt  
2 slices bacon, chopped  
2 teaspoons lemon juice  
2 tablespoons parsley, minced  
2 tablespoons tomato ketchup  
Mix all together. Shape into balls. Drop in hot Crisco 360° F. or when a small piece of bread browns in 60 seconds. Fry until brown. Serve with tomato, cream or brown sauce. Serve 4 to 5 people.  
(All measurements level)

You taste your milk—  
You test your eggs—  
NOW...  
taste your shortening

**CRISCO**  
Crisco's sweet flavor will delight you!

Crisco was used by Mrs. Leona Rusk Ihrig in the Daily News Cooking School last week.

### CONTEST—

(Continued From Page 1)

scriptions will count MUCH LESS in votes—the schedule will be slashed, and never again will effort gain as much as it does now. Contestants are warned to see all their friends and collect on all promises and turn them in before 9 p. m. Saturday, as the same subscriptions, if turned in next week, or any time after 9 p. m. Saturday, will count less than they do if turned in now.

The 100,000 offer presents a splendid opportunity for new contestants to enter and with just a little earnest effort, force far ahead. So many extra votes are given that it is a simple matter to get a flying start.

Energetic candidates who realize that this is the best vote getting opportunity they will ever have, will lay aside everything this week and devote practically every spare moment of time to the gathering of subscriptions. It is not necessary, nor is it advisable for contestants to hold their subscriptions until they have completed a 200 club before turning them in. Contestants can turn in \$5.00 today, \$3.25 tomorrow, \$10.00 the next day, and so on, and on November 17, the Contest Manager will issue each contestant one extra vote ballot to cover all extra votes due. Under this system, new subscribers receive their paper promptly, and the Campaign Department is able to keep right up to date on all votes and subscriptions.

The best feature of the offer, according to many, is the fact that there is NO LIMIT to the number of times any individual can earn the bonus. It comes with every \$20, and \$40 worth of subscriptions mean 200,000 extra and so on. Also, prorata number of votes will be issued on all portions of a club after the first one is turned in. After 9 o'clock next Saturday night, and at no time in the future, will subscriptions count as much as right now, so it behooves every contestant to do his and her level best this week.

In the outside towns of LeFors, White Deer, Miami and Nicolette, and on the rural routes activity is becoming intense for the Buick, the Whippet and the Chevrolet. Also, a new entrant from Mobeetie is in today's list and it will pay the others to keep an eye on her. These will all have to be reckoned with strongly in the finals.

New contestants will find today a good time to enter the race. A club or so of subscriptions will place any new entrant on a voting basis with all the others. But time is flying, and if you hesitate too long, all opportunity will be lost.

Clip a "Nomination Blank," send it in today and get the details.

### Third Program of Paving Is Started

Pampa's third paving program officially got under way this morning when the large grader began work on Russell street along the court house property. The Stuckey Construction company was awarded a contract last month to pave 27 additional blocks. Vibrolite concrete will be used throughout this program.

The Stuckey company announced this morning that a large warehouse would be erected on South Cuyler street immediately. The warehouse will be adjoining the Western Supply company's headquarters. All machinery not in use will be stored in the new building.

Painters are at work adding the name "Pampa" to all company equipment. The company name will now read: The Stuckey Construction company of Wichita Falls and Pampa.

Miss Vada Waldron of Clarendon spent yesterday morning in this city

### Old Friends of McDonald Think He Was Sane

PARIS, Nov. 13.—(AP)—Two old friends of the late W. J. McDonald, Paris capitalist, from the witness stand in district court here yesterday sought to defend him from allegations that his mental powers were wavering when, in this will, he bequeathed \$1,250,000 to Texas university for establishment of an astronomical observatory.

Relatives of the dead financier seek in the second lower court trial of a contesting action, to set aside his testament on the theory that he was a victim of hallucinations when he drew up the document, cutting them off with relatively small portions of his fortune.

R. M. Walker of Lubbock, formerly of Cooper, Tex., though saying McDonald had "peculiarities," swore the latter was interested in astronomy for 25 years and was, in Walker's opinion, a rational and balanced man.

Dan Roberts, Paris, another witness for the university, who said he long was associated with the testator in business affairs, declared Mr. McDonald had the best "judgment and mentality" of any man he ever had known.

On cross examination, Roberts testified that he had read a part of a will McDonald had made and that, in the portion he examined, there was no reference to an observatory.

### Train Crew Is Held Responsible for Bad Wreck

WASHINGTON, Nov. 13.—(AP)—The Bureau of Safety of the Interstate Commerce Commission today held Engineerman Young and Conductor Davis responsible for a head-on collision between a passenger and freight train on the Missouri Pacific railroad near Waring, Kansas last August 20. Three employees of the railroad were killed and 32 passengers, three trainmen, and one hobo were hurt in the wreck.

### Doheny Is Selling Last of His Oil Interests to Bankers

NEW YORK, Nov. 13.—(AP)—Edward L. Doheny, who amassed a huge fortune in oil after an accidental "strike" while prospecting in California 37 years ago, has taken final steps to quit the industry.

The New York banking houses of Blythe, Whittier & company, and J. & W. Seligman & company, have virtually completed arrangements for the acquisition of nearly all the oil producing properties in California owned by the Petroleum Securities company which is controlled by Mr. Doheny and is valued by the banking group at \$43,000,000.

The pending sale is the latest of three which Mr. Doheny, who is 72 years old, is divesting himself of his petroleum holdings.

In 1925, he sold control of his Mexican properties to the Standard Oil company of Indiana, while last May he sold the marketing end of his California properties and some producing fields to the Richfield Oil company of California.

### Sun Oil Gets Gusher in Acreage Near Independence

Austin, Nov. 13.—(AP)—A gusher productive of an estimated 5,000 barrels of oil a day was roaring out its wealth in Sun Petroleum acreage, some 12 miles north of Brenham, today.

The test "came in" yesterday. W. B. Ferguson, Sun official, said the well, known as the Grote No. 2, is situated near Independence, where the company has leased thousands of acres.

### Former Missionary Ends Own Life

OKLAHOMA CITY, Nov. 13.—(AP)—Nancy Jones, 43, of Sherman, Texas, former missionary to China, was found dead today in her room at a hotel here. She apparently died from the effects of self-administered poison.

Belief was expressed that the woman had been dead since Sunday afternoon, when she registered at the hotel after telling friends at a boarding house where she lived that she intended "to end it all."

In a will scribbled on a post card found on her dressing table Mrs. Jones mentioned a sister, Mrs. O. J. S. Ellington of Sherman, wife of the city manager of that city. No other relatives were mentioned.

### CANADIANS BELIEVED LOST

WINNIPEG, Man., Nov. 13.—(AP)—Six employees of the dominion department of Marine and Fisheries were missing today in the "Barren lands" between Fort Churchill and the end of the Hudson Bay Railway company's line in Northern Manitoba. Search was made by airplane and land parties.

### Governor Smith to Make His "Parting Address" Tonight

NEW YORK, Nov. 13.—(AP)—Governor Alfred E. Smith tonight in a half hour radio address will give his parting message to the American people.

The governor upon his arrival here from Albany announced that no advance copies of his talk would be given out nor would he intimate just what would be its nature. He will speak from the National Broadcasting company studio starting at 8 o'clock.

Tomorrow he will leave with several friends for a vacation of several weeks "somewhere in the south" he said he did not know where he was going. "I haven't seen Bill Kenny yet," he said. "He is fixing things up. We are going where the temperature is 75 in the shade."

He said he did not think he would stop at Warm Springs, Ga., to see Franklin D. Roosevelt, governor-elect.

"I am trying to get away from politics. I've had a lot of it for four months."

### Leading Actors in McPherson Case to Face Grand Jury

LOS ANGELES, Nov. 13.—(AP)—Three persons who played leading roles in the Almeer Semple McPherson conspiracy case here two years ago were reported to have been ordered to appear today before the Los Angeles county grand jury investigating charges of corruption in the office of District Attorney Asa Keyes.

It was understood that the trio would be questioned about evidence previously unearthed indicating that a large sum of money was spent in clearing Angelus Temple, evangelist of charges of conspiracy to defraud justice by telling an alleged false story to a grand jury about her disappearance in 1926.

The three persons reported called were Mrs. Minnie Kennedy, mother of the evangelist, who has been at odds with her daughter for some months; Kenneth G. Ormiston, former radio operator at Angelus Temple, who was alleged to have occupied a cottage at Carmel, Cal, with the evangelist during her absence; and Mrs. Lorraine Wisemann-Sielaff, the "Miss X" of the disappearance case, who said it was she and not Mrs. McPherson who was in Carmel with Ormiston.

Frank Hill and Robert Rose made a business trip to Hall county yesterday.

Daily News' Want Ads bring results.

### Many Countries Asks Hoover for Informal Visit

STANFORD UNIVERSITY, Cal., Nov. 13.—(AP)—Herbert Hoover may find it necessary to extend the scope of his good will tour of Latin-America considerably beyond the scope contemplated when he decided to embark upon his journey.

Mexico, Columbia and Ecuador are among the Southern republics which have asked that the president-elect include them in his tour, their invitations being joined with that from the Bolivia. The visit to which would involve a considerable trip, in addition to that which must be made by the good will mission in moving from Valparaiso to Buenos Aires.

### Business Men Are Involved in Shooting of Football Star

CHICAGO, Nov. 13.—(AP)—One of those series of circumstances so frequent in detective fiction and so rare in reality had drawn two businessmen today into the case of John Acher, Northwestern university football player severely wounded by gunfire early Sunday.

Phillip L. McKee, president of the American Greenhouse Manufacturing company and reputedly well-to-do, D. T. Church a real estate dealer with a "Gold Coast" address, were taken to detective headquarters during the night for questioning by Commissioner Stege.

It was the opinion of Stege, who ordered McKee held, that McKee was in the automobile from which Young Archer was shot and either fatally wounded or crippled for life. The shots were fired, the commissioner believes, by gangster guests of McKee.

McKee's arrest came after he had telephoned police that his automobile, which answers the description of the car from which Archer was shot, had been stolen sometime Saturday night or Sunday morning. Detectives found the car last night a short distance from where McKee reported it had been parked when it was stolen.

The condition of Young Acher, a substitute fullback who played in part of the Northwestern-Purdue game Saturday, was reported today by his physician as "dangerous." One of the bullets was removed from against his spine.

Frank Hill and Robert Rose made a business trip to Hall county yesterday.

### Lava Stream at Mount Etna Slows

CATANIA, Sicily, Nov. 13.—(AP)—The velocity of the lava streams flowing from Mount Etna decreased today. This and the optimistic view expressed by Prof. G. Ponte, director of the Vulcanological Institute, that the eruption was entering its final phase brought joy to the populace of stricken region.

People of all the towns in the neighborhood were vying with another to bring aid and comfort to the homeless.

### LINER—

machinery, silks, barrel oil, and fruit, and 1,097 sacks of mail was valued at approximately \$1,000,000.

Ashore, it was a night of suspense and hope. Until well after midnight the rescue vessels, poking into the gloom, with their long white fingers of light, reported only failure. With the exception of some little wreckage there was nothing to be found. There was not a trace of the vessels' 336 passengers and crew who had taken to the sea in open boats.

And then, at half past three came the first hopeful word. At that hour the steamship American Shipper sent out a message saying that red flares had been sighted. The communication was intercepted by the naval radio station here and by the Radio Marine Corporation at New York.

A tense half hour followed. At 5 o'clock the American shipper reported that the first life boat had been found. The vessel's radio message said: "Now on scene. One life boat alongside us now."

U. S. Ship to Rescue  
Just a little while later the Myriam sent out word that it too, had located a life boat and a little later still told of others in the offing. A message from the Myriam to the steamship Sunewick urged that vessel hurry to the thick of the hunt. It said: "Come on. More boats to pick up. Am bound New York myself. Have rescued boat No. 5."

Another message from the American shipper was the next to be received. It went on the air shortly after 5 o'clock and said "About five miles north of position where found first life boat approaching four other life boats now."

And then, at 5:40 the American Shipper summed up what she and the Myriam had accomplished in a report to the battleship Wyoming which said that between the two, they had ac-

counted for five life boats and one raft. The survivors in three of the life boats were taken aboard the American Shipper while the Myriam cared for the rest.

**A NEW LOCATION!**

On and after Monday, Nov. 12, the

**CENTRAL STATES POWER AND LIGHT CORPORATION**

will be located in its new home on North Cuyler street, opposite the Panhandle Lumber Co.

**RIGHT LIVING IS 90% RIGHT EATING**

Eat right, if you wish to live long, prosper and enjoy life to the very limit. You don't have to go on a restricted diet or eat things you do not care for. There are scores and scores of delicious, healthful, nourishing foods that can be made with Calumet Baking Powder. Foods that you will relish. That are rich with body and vigor building elements of the highest value. Eat your way to health. Let Calumet help you.

**DOUBLE ACTING MAKES BAKING EASIER.**
