

# SHOOTS DAUGHTER; KILLS SELF

## Pampa Fall Festival Offers Three Days of Unusual Attractions

**AIR EVENTS OF TONIGHT WILL BE THRILLING**  
Three Planes Here for Death-Defying Sky Stunts

**STYLE SHOW IS ARRANGED**  
Special Orchestra Is Brought From Oklahoma City

The first Pampa Fall Festival will officially get under way tonight at 8 o'clock at Fair park, on the Miami road north of the city. The event will last three days and will include aerial displays, fireworks, fashion show, vaudeville acts and a football game.

Tonight Shifflett's aerial artists will be featured in sky writing, battle in the sky, and aerial fireworks. A mammoth display of fireworks will be set off in front of the grandstand. This will include a bombing battle with airplanes dropping bombs from the sky.

Ray Shifflett and his three American Eagle planes arrived over the city at 10 o'clock this morning and after doing a few trips around the city landed at the local airport. Mr. Shifflett was surprised at the excellent condition and location of the field and said he would have no difficulty in making his landings at night following his aerial attractions at the fair grounds.

Tomorrow afternoon the Pampa Harvesters, high school football team will meet Canadian Hill in a conference game, at 2:30 o'clock.

Promptly at 8 o'clock tomorrow evening the big style show and vaudeville attractions will begin. Latest models for women, misses, and children will be displayed. Furms taking part in the style show are Murfee's Mitchell's and Hill's stores.

As an added attraction, Harry Wynn and his music makers from Oklahoma City will be present. Other acts during the evening will feature Miss Hazel Fletcher, Miss Catherine Vincent, and chorus, Mrs. A. H. Doucet and chorus, and Miss Betty Jane Edwards. LaMan and Weldon will do act featuring song and dance. Mr. Leod and McLeod as trick rope artists and a short sketch, "Why Mer Stay Home," will be the other attractions of the evening.

On Saturday afternoon Paul Bewell, daredevil of the Shifflett's air circus, will do wing walking and plan changing and will be landed to the ground in front of the grandstand from a plane without the use of parachute.

The closing performance will include a mammoth fireworks display in charge of "Red" Bosche, and aerial flights.

The Pampa Fall Festival is being sponsored by the Pampa Fair association. Because of the late date of organization, the officials decided to hold a fall festival instead of a fair. The proceeds of the festival will be used to further equip the park for holding fall fair next year.

**Ordinance on Sign Boards Is Now in Effect**

City Manager F. M. Crain announced this morning that the city ordinance affecting the removal of sign boards from the streets is legally in effect and that it will be enforced. The ordinance to do away with the nuisance of sign boards and advertisements on the sidewalks and fronts was passed by the city commission last month.

The city manager notified his officers that the ordinance was now in effect and that they were to warn the owners that sign boards must be removed, otherwise they will be collected and destroyed.

**THE WEATHER VANE**  
Clear, calm, and WEST TEXAS, tonight and Friday fair.

### State's Claims to Oil Land in Gray Defined

AUSTIN, Oct. 18.—(AP)—Assistant Attorney General C. W. Trueheart said today that he has been brought to the attention of the State's legal department, "that there is some misunderstanding as to the extent of the State's claim in the pending case of the State vs. C. W. Bradford et al, involving the river bed area of the North Fork of the Red river through Wheeler county, and the greater part of Gray county, Texas."

"The area claimed by the state," Trueheart said, "is that lying between the inner cut banks, same being generally defined by the grave area on one side and the vegetation area on the other."

"This information is intended for the benefit of those who might have supposed the area claimed more extensive, though information as to the exact location of the line at any particular point will have to be had from Mr. Arthur A. Stiles, who can be reached through the Schneider hotel at Pampa."

Mr. Stiles is not now at the New Schneider, and it is believed by his acquaintances here that he will not return to the city for about two weeks.

### HICKMAN WILL DIE ON FRIDAY

**Slayer Is Composed as He Walks Into Death Cell**

SAN QUENTIN, Cal., Oct. 18.—(AP)—William Edward Hickman, Kansas City murderer, today awaited his fate in the death cell of San Quentin prison.

His execution for the kidnaping and brutal murder of 12-year-old Marion Parker in Los Angeles last December is set for 10 a. m. tomorrow.

His removal to the bare cell in the execution chamber last night was regarded as having closed his last chance of a stay of execution although Jerome Walsh and Richard Cantillon, his attorneys, continued their efforts to save him. They worked for into the night collecting affidavits as a possible means of bringing about a sanity hearing within the prison walls today that would delay the hanging.

Warden James B. Holohan, in whose hands calling of such a hearing rests, has said informally that he would not act.

Hickman has declared he is ready to die, and seemed resigned as he was led away from condemned row to the death house.

The preliminary death march was a weird one. A bright autumn moon illuminated the quadrangle containing the tiers of cells in which condemned row is located. Although it was time for "taps," every prisoner was on his feet, pressing against the bars. Yard Captain John H. Carpenter unlocked the cell in which Hickman and Russell Beltzel, another convicted slayer from Los Angeles, were housed.

"Good bye, Ed," said Beltzel.

Erect and apparently composed Hickman walked with Carpenter and two guards to the steps leading to the execution chamber, climbed them and went in.

Thomas Hickman of El Paso, who personally appealed to Gov. C. C. Young Tuesday to spare his son's life, bade Hickman farewell yesterday. Mrs. Hickman told her son goodbye some time ago.

### AIRPLANE ACCIDENT RESULTS IN DEATH

OKLAHOMA CITY, Oct. 18.—(AP)—Richard de Roche, 20, died here today from injuries he suffered yesterday in an airplane crash near the Oklahoma City municipal airport.

De Roche was a passenger in a plane piloted by Vernon Kuvitsky of Norman, student pilot. The plane flew while Kuvitsky was trying to make a landing. The pilot suffered only slight injuries.

### MORE ENTRIES ARE WANTED IN CAMPAIGN

**Splendid Opportunity To Start and Win Any Car**

**CREDIT NOW VERY LARGE**

**Fifteen Prizes For Less Than 6 Workers Is Situation**

**NOW IS THE TIME**

Less than a dozen entrants have been in to see the Contest Manager since the big campaign was announced. Apparently, everybody thinks everybody else is in the race, and as a result hardly anybody is! Actually there are not half as many active contestants as there are prizes to be given. Now is the time to plunge in and get busy. Come in and see the Contest Manager at the News office any time between 9 a. m. and 6 p. m.

Men and women of Pampa and surrounding towns and communities who are contemplating entering the Daily News' big \$5,000 automobile and prize voting contest, should send or bring their nomination in at once to the Contest Manager at the News office. Those who have friends they intend to nominate should do so at once.

All nominations made will receive credit for 2000 votes.

Remember, there is only one way to make nominations. Contestants must either nominate themselves, or be the choice of some friend who will do it for them. The management is not going to place any names in the list and if you want to be sure that your name is among those from which the winners of the Buick, the Whippet and the Chevrolet are chosen, the best way is to send or bring in your nomination yourself.

**Campaign Is Short**

During the big prize campaign, the Contest Manager's office at the News office will be open from 9 a. m. until 3 p. m., daily. Votes may be deposited in the ballot box any time between these hours. Prospective entrants should bear in mind that the Daily News campaign is one of the shortest of its kind on record. Just eight weeks—16 days—from Saturday, the big Buick together with all the other wonderful prizes will be given away in front of the News office. It costs nothing to enter—to compete—to win. Every prize is free in return for your efforts in helping to advertise and increase the circulation of the Daily News among your friends and acquaintances. Vote getting is easy and pleasurable for those who will make the attempt. Votes can be secured from both new and old subscribers to the Daily News. They cannot be purchased, nor can they be transferred. They come only with subscriptions and in the free coupons which are published in each issue of the paper.

**No Outside Entrants**

There are fifteen big prizes allotted to win them. No single vote has dozen contestants are making any effort, and thus far less than a half of the smaller prizes are to be given in yet one of the cars, and a full set of tools received from District No. 2, this district. The chances to plunge in and win a car in either district is wide open. Now is the time for you to get busy. There are no obligations in any way. The Daily News is not putting on this campaign for money, but for increased circulation. What the News wants is more subscribers. And we are willing to give away \$5000 in prizes and commissions to those who help in the work.

**Big Earning Power**

If you think that you are to busy to get in this campaign, reflect that the earning power of the winner of the Buick will be \$200 per week, with \$100 a week for the winners of both other cars. Few people are too big or too busy to pass up an opportunity like this.

In connection with the taking of subscriptions, the News wants to impress upon its subscribers that they may pay

(See—NEWS CAMPAIGN, Page 8)

### SMITH-ROBINSON DEMOCRATS TO RALLY TONIGHT TO HEAR PROMINENT VISITORS TALK

Pampa Democrats supporting the full party ticket will rally tonight at a mass meeting to be held at the Pla-Mor auditorium at 8 o'clock. The Smith-Robinson club members will gather at the Cuyler-Poole intersection and be led by the Pampa band to the meeting place. A 15-minute band concert will precede the speaking.

A large crowd is desired to hear Former-Congressman James Young, C. Kaufman and Judge Clint C. Small state senator-elect from Wellington.

Mr. Young, heralded as a life-long Democrat, prohibitionist, and member of the Baptist church, will make a dignified, Democratic speech on the issues of the national campaign, according to members of the local club.

Mr. Young is expected to discuss Governor Alfred E. Smith's life and accomplishments, the record of recent Republican administrations, and the status of prohibition with respect to claims of the two major parties.

### JAILER AT POST IS CHARGED IN KILLING OF PRISONER TODAY

**Hoover-Curtis Group to Meet Tomorrow Night**

Supporters of Hoover and Curtis will meet at the Chamber of Commerce tomorrow night at 8:30 o'clock. Several local speakers will make short addresses and there is a likelihood that an out-of-town speaker will address the audience.

At the meeting, statements made by James Young in his address at the Pla-Mor auditorium tonight answered it was said today will be Chairman Ben S. Baldwin urges that a large gathering be present at the meeting.

### ED LYNCH IS BADLY HURT BY ENGINE HERE

Ed Lynch, 70-year-old local retiree cow puncher, is of a contemplative nature. He walks along with his thoughts many miles away and often is oblivious of his surroundings. Yesterday he walked into a Santa Fe passenger engine and sustained a broken shoulder and broken arm.

The man was on his way to the Santa Fe depot with some mail and was taking a short cut across the Santa Fe tracks from Barnes street to the depot. He and his faithful dog failed to hear the approaching west bound No. 1, due here at 4:20 p. m.

Mr. Lynch had just stepped on the ties to cross the track when a cross beam of the engine hit him. He was hurled to the ground clear of the wheels. The train was stopped immediately and Mr. Lynch taken to the depot, where Dr. Cole, Santa Fe physician, gave him first aid treatment before moving the injured man to his office.

Examination showed that Mr. Lynch was suffering from shock, a broken right arm, and fractured shoulder. He was later removed to the home of John Henry, where he has lived for the last seven years.

Mr. Lynch is a well known figure here. He has been a resident of Pampa for the last seven years. He has some land east of here and several lots in the city. He came to Texas from Mississippi 27 years ago. Upon his arrival, Mr. Lynch commenced punching cows for Joe Billie Davidson of Amarillo. He later moved to Gray county, where he was with A. B. McAfee in the ranching business.

His dog has been his pride for several years. The dog adopted Mr. Lynch as his master after his owner had been killed. Everywhere Mr. Lynch goes his dog follows. The canine stayed with him yesterday until he was taken to the doctors office, waiting outside the door until Mr. Lynch was taken home.

Although suffering great pain and shock, Mr. Lynch is doing nicely this morning, Dr. Cole reported.

Joe M. Dorwell is in Higgins, where he is building a booster plant for a gas company.

C. D. Hodges of White Deer, who has been seriously ill in the Pampa hospital, is doing nicely.

### LOCKHART PHOTOGRAPHER IS SAID TO HAVE OBJECTED TO HER MARRIAGE TO OIL MAN

**E. E. White Dies Instantly After Sending Bullet Through Neck of Mrs. Frank Clark**

**LITTLE HOPE IS HELD FOR INJURED WOMAN BY DOCTORS**

**Clue to Killing Is Gleaned From Almost Inaudible Mumbling of the Suffering Girl**

LOCKHART, Oct. 18.—(AP)—E. E. White seriously wounded his daughter, Mrs. Frank Clark, 22, and then took his own life with a pistol here today. The shooting was believed to have resulted from the girl's marriage two weeks ago, to which the father was said to have objected.

Mrs. Clark, whose husband is a worker in the oil fields near Lockhart, was struck in the neck, the bullet ranging upward and coming out her right eye. Hospital attendants held little hope for her recovery.

After shooting his daughter, White fired a bullet through his own brain. White was a photographer here and the young couple lived in an apartment over his studio.

Supposition that the shooting was a result of the girl's marriage was gleaned from her almost inaudible mumblings.

### ENGLISHMAN IS MISSING TODAY

**MacDonald and Tiny Plane Last Seen Last Night**

LONDON, Oct. 18.—(AP)—Last reported far north of his course, Lieutenant Commander H. C. MacDonald, daring British aviator, who yesterday set out from Harbor Grace in a tiny Gypsy Moth plane on a non-stop solo flight to England, was long overdue this afternoon.

Anxiety for his safety increased an hour after hour went by without his arrival and this worry was in no way decreased by the receipt of first news of his being sighted at sea at 7:30 p. m., Eastern Standard time last night.

This news came from the Dutch steamer Hardenberg by way of the Leviathan and placed the intrepid flier about 840 miles east of Belle Isle and about 200 miles north of the Great Circle route from Harbor Grace to England.

LONDON, Oct. 18.—(AP)—Watchers on this side of the Atlantic today were having an anxious wait for Lieutenant Commander D. H. MacDonald attempting to span the Atlantic alone from Newfoundland in a tiny moth plane—a feat never before accomplished.

At 11:34 a. m. (6:34 a. m. Eastern Standard time) there had been no report of his progress since hopping off from Harbor Grace, Newfoundland, yesterday. Unfavorable weather reported off the Irish coast. He had been in the air almost 19 hours.

Commander MacDonald's wife sat up all night in her Kensington apartment.

NEW YORK, Oct. 18.—(AP)—Sallen facts on the Gypsy moth de Havilland biplane in which Lieut. Commander H. C. MacDonald took off from Newfoundland for England follow:

It is the smallest plane in which a long ocean flight ever has been attempted.

It has an open cockpit thereby exposing its lone pilot to the elements. The majority of previous ocean flights have been in cabin planes.

It has a wing spread of only thirty feet and when folded this is reduced to nine feet, ten inches.

Its weight when empty is 800 pounds.

Its single motor is a four-cylinder of 35-horsepower.

It carries no wireless.

waiting for news of her husband while her baby son slept peacefully. At 7 a. m. today she fell asleep, exhausted.

The Gypsy moth de Havilland biplane.

(See—ENGLISHMAN, Page 8)

### Citizenship Restored to Wheeler County Man by Governor

AUSTIN, Oct. 18.—(AP)—Earl Wilbur, who served a year in the penitentiary after conviction in Wheeler county of violation of the prohibition law, was restored to full citizenship by Gov. Dan Moody today.

The Governor's proclamation stated that Wilbur is a material witness for the prosecution in a cattle theft case pending in the district court at Sayre, Okla., and restoration of his citizenship was desired so he can testify.

Wilbur was discharged from the penitentiary on October 11, 1925, and his record while there was good, the governor was informed.

### Sheppard Says G. O. P. Has Failed in Pro Enforcement

KANSAS CITY, Oct. 18.—(AP)—Senator Morris Sheppard, Democrat, of Texas, author of the Eighteenth amendment, assailed what he termed "the lax enforcement of the prohibition laws by the Republicans" in a Smith campaign address here last night.

"The record of the Republican party is more a record of nullification than the position assumed by Governor Smith," he said. "Smith is bound by the party plank to enforce the laws."

Discussing opposition to Governor Smith because of his association with Tammany Hall, Senator Sheppard said:

"I hold no brief for Tammany Hall but I am sure of this: There are among its members men as upright and patriotic as any in the United States. To those who condemn the Tammany aid of Governor Smith, I commend consideration of the fact that the thing turned the tide to Hoover at Kansas City Republican national convention to Hoover was the announcement in his behalf of Vire of Pennsylvania, head and foot of the Philadelphia wet machine."

**HUENEFELD PLANE DAMAGED**

TOKYO, Oct. 18.—(AP)—Baron Hohenfried Gunther von Huenefeld, flying to Tokyo from Germany, made a forced landing in a southern suburb today after a non-stop flight from Shanghai. The Baron, his co-pilot and mechanic were not hurt although the machine was badly damaged. The airmen lost their way in a rainstorm.

The condition of Mrs. Phoebe Worley seriously injured in an automobile accident two weeks ago, is favorable and she will be able to leave the hospital in the near future.

Roy Cloniger of Amarillo, district manager of the North Texas building and loan company, is in Pampa today.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

English Journalism

Barton Braley, if he is accurate in his observations, has exploded some of the popular ideas about English journalism.

We are brought to believe, he says, that English reporting is dull but very accurate. On the contrary, he finds it interesting but highly inaccurate.

Braley flays English newspaper men for alleged underplaying of constructive American news and overemphasizing detrimental facts.

Accounting for this American's prejudices, there still remains the conviction that our ideas about the garden variety of English reporting were rather too much exalted.

Forced Education

According to the Moscow correspondent of the Associated Press, the Russian government has decreed that everyone in the Soviet republics must learn to read and write.

Russia is commonly regarded as a menace in this country that we are not in a receptive mood for items on her progress. Yet it is interesting to know that a people is trying to arrive at some goal, if only to read and write.

Education in Russia is closely associated with military affairs, and nearly every boy sees military service.

Here's the First Television Wedding

When men first discovered how to use a buggy, a couple were married in one. Then came successively the automobile and balloon and airplane, and couples were married in them. Now television is being perfected, so it was perfectly natural that a wedding should be broadcast. Here it is: They are Miss Coar Demmon of Chicago and James Fowlkes of Kansas City, Mo., married before the microphone and television apparatus at the Chicago radio exposition.

write it is to open up to them the world of ideas. And all that any idea needs is a chance to be heard. Democracy grows best in intelligent minds.

DALLAS AND TEXAS.

Pampa Daily News: The Dallas News convinces us that the State Fair is just about the biggest thing in Texas, but it is equally convincing in making us realize that Old Man Texas and his family are necessary to making a go of it.

Right, entirely. Without Texas, Dallas and the Dallas fair would be like Hamlet with the ham left out. The people of this town patronize the fair largely and often. But it is the people who come from the distance, near and far, who make the fair a perennial event.

And that is what a fair is for—to stimulate the eyes and mind with new impressions or old impressions newly clothed. Life can not be unique every day, but it can be enjoyed every day by those with the normal capacity for enjoyment.

Barbs

(By NEA Service, Inc.)

A New York gangster was buried the other day in a \$10,000 casket. He must have been one of the lesser satellites.

The Graf Zeppelin, on its flight to the United States, carried a stock of aged wines and liquor which was dispensed by two stewards. Every time we pass a roadside hot dog stand, it becomes harder and harder to realize who won the war.

Mayor Bossy Gillis of Newburyport, sent to jail for leading a brave battle with the city council, is working in the prison laundry. Bossy probably will learn there the value of a little soft soap.

Lindbergh has been given an automobile driver's license in New York state. Nothing's too dangerous for that fellow.

Girls, when in doubt ask him if he drinks—if he doesn't he's a bootlegger.

Mussolini told the Italian editors the other day that the Italian press is the freest in the world. Can it be that Il Duce never has read a tabloid story of a divorce suit?

A driverless car injured eleven people the other day. Just think how many it might have hurt if it had a driver!

After thirty people died of the majority. Texas needs a place and time for citizens of all the four great quarters to come together. Dallas affords that place and that time through its fair. And 1,000,000 happy people accept the time and place.

Twinkles

A reader suggests the unusual paradox that one of the dirtiest places in town is within a few yards of the city street sweeper. He suggests that the city department sweep "under the hood."

Another asks why his no garage been built for the costly sweeper. Maybe it is used to the dirt and dust, but anyway, lots of folk are making wise cracks about the sweeper.

This is a colorful year. Might mention the Green Jackets—our own—Al's Gies, the brilliant airplane cloth foot suits the big teams are wearing and the negro and Indian in politics.

If many more radio programs are aimed at the farmers, they may need some relief sure enough.

Spain's mud is bad enough, but the small towns over the country are reported to have changed to over-ripe fruit, including the hen variety.

President Coolidge had a telephone talk with the king of Spain the other night. He knew more than most people if he could call His Highness by his real name.

"Out of the Mud" is a fine slogan, but no native ever suggested it to apply to Panhandle roads.

Strict Rules of Green Jacket Club Are Announced

The group of high school students that all football fans have heard so much noise rooting for the Pampa Harvesters was the Green Jacket club. The uniforms for the club are here and the entire club will appear in uniform Friday at the Canadian game.

Last Friday G. J. C.'s and the band occupied the bleachers on the 50-yard line. Those bleachers will be their place for the rest of the football season.

The Green Jacket club will have a booth in the school carnival which will be held in the Central high school building Friday, November 2, in the booth belonging to the Green Jacket club. "Blue Beard's Wives" will be presented.

The Pep Squad has been divided into six teams. A council has been formed of the following Green Jacketers: Paul Camp, Bob Gilliland, Gene Fatheree, yell leaders: LeFors Doucette, secretary: Henry Reynolds, Mary Kay Martin, Helen Meers, Myrtle White, Mary Wolf, and LeVeda Fendrick, Captains.

The club will be divided into active and associate members according to the following rules:

Active members will be judged by regular attendance at drills, yell practices, and games. In compliance with the rule, all club members must pass all their subjects.

Those who fail to make passing grades in one or more subjects will be classed as associate members and will not be entitled to the privileges of the active members. Together with this penalty, suspension from the club for one week carries with it the prohibition of wearing the uniform. Associate members may sit in the Green Jacket rooting section, but they shall not be permitted to take part in the drills which take place between halves of the game.

The terms of the club will be given to all members, who will wear it on the front of the jersey. Additional insignia will be given to the boys. The same insignia named above together with the surrendering of all the insignia of the club applies to those who fail to observe strictly the following rules:

- 1. Members must not wear the official uniform except on special days which will be set aside for that purpose. The uniform must not be worn after school or in the street unless required.
2. All members must make passing grades in all subjects taken. Members are required to make up all work regardless. Failure to do this will result in a week's suspension.
3. All members must not fail to be at drill practices every Wednesday at 4 p. m. All members are also expected to be at every yell practice. Members must always notify the director beforehand of any reason for absence.

Two Millions Paid for Classroom Idea

The latest development of science in the field of household appliances, a refrigerator that freezes by heat, with the "heat" being used for cooking is available in Pampa thru the Pampa Hardware Co. Implement company, which has been appointed dealer for the Rexolux refrigerator.

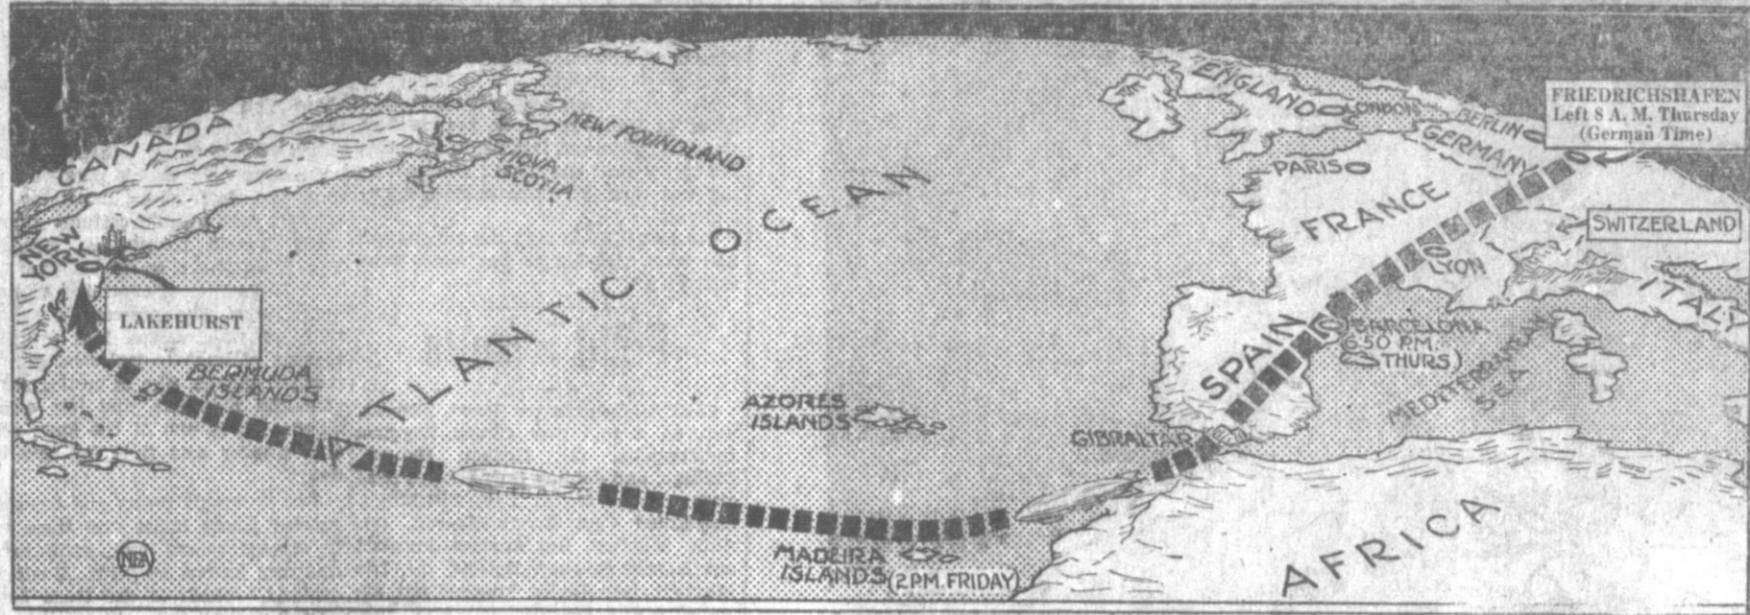

The most paradoxical of inventions—free from heat—was the discovery of two Pampa students who developed the idea while attending the Royal Institute of Technology at Stockholm. With the completion of their device they solved a problem that had baffled scientists for more than a hundred years—freezing without the aid of machinery, valves, or moving parts.

So perfect is the invention that once the tiny jet has been lighted the refrigerator continues to operate indefinitely without further thought or concern. The reason for its noiselessness lies in the fact that it is entirely without moving parts. In other words, heat is applied to a steel unit containing a refrigerating liquid which causes it to change form—from liquid to vapor to gas, to liquid. In the process, the refrigerator absorbs the warm air from the box in which the unit is installed. As the system functions as long as the heat is applied, the result is a constant low temperature which protects food from germs, yeast spores and decay.

A short time after the student completed their invention the American rights were acquired by Servel, Inc. for more than \$2,000,000—probably the highest price ever paid for a classroom idea. After giving it a thermos-like gas and water control it was ready for the American market.

NOTICE TO PATRONS: You are earnestly requested to examine carefully each report card and then put yourself in a position to be able to state the reasons in ensuring the student and maintaining the standard. The signing of this report without examination may result in moral discipline for both parent and pupil at the end of the school session. Cards will be issued this week in both grades and high school and parents should

Map Shows Route of Zeppelin's Voyage

Distance: From Friedrichshafen, Germany, to Barcelona, Spain, 642 miles; Barcelona to Gibraltar, 592 miles; Gibraltar to Madeira Islands, 708 miles; Madeira Islands to Bermuda, 2812 miles; Bermuda to New York 784 miles. Total, 5488 miles.

This map shows the route chosen by the Graf Zeppelin in its long voyage from Friedrichshafen, Germany (near Berlin) to Lakehurst, N. J., where all arrangements had been made for its landing at the naval air station. Originally, it had been planned to fly directly across France and head for Lakehurst via the Azores, but the route has changed to avoid storms. The Azores route was taken by the Los Angeles, now a U. S. navy airship, when it was flown from Germany to Lakehurst several years ago.

Mexican Troops Battle Insurgents

MEXICO CITY, Oct. 18.—(AP)—Fierce hand to hand fighting between insurgents and government troops was chronicled today in Mexico City newspapers. A dispatch from Queretaro said ten insurgents were killed when a band

of 180 was overtaken by Leguna federal troops under Colonel Baltzar Leyva. One soldier was killed and eight wounded.

The troops had been pursuing the band since an attack on the town of Colon and when the soldiers approached the insurgents withdrew to a hill and entrenched themselves behind an adobe wall.

and then Colonel Leyva personally led his men in storming the insurgent position. Desperate hand to hand fighting took place. The band was ejected from the entrenched position and fled, abandoning ten dead and carrying wounded away.

A New Wonder of the World

Strange things happen, even if Christmas still is a long way off, and these two boys seem to prove it. At the top Sam La Monica is hanging his washing; below, Edward Wherry is performing the magic feat of washing dishes. The boys belong to Mother's Aid Clubs organized by the Chicago Y. M. C. A.

ask for same. During the year cards will be issued every six weeks and no parent should blame the school if they do not receive the cards.

Students of the high school should have about 3 hours study at night and those of the intermediate grades should have about 2 hours. The above rule should be adhered to strictly in all cases where the child has made a grade of "C."

The scale of grading is as follows: "A" is excellent. "B" is good. "C" is fair. "D" is poor. "E" is a failure. "F" is excellent.

Any other letters below "C" are very poor and not passing. R. C. Campbell Superintendent. E. B. Fisher, Principal.

MACHINE GUNS CIP DOWN TWO CHICAGOANS

CHICAGO, Oct. 18.—(AP)—Machine guns peppered slugs into a sedan yesterday, near the spot where "Spitz" O'Donnell escaped an attack last week. Two men dropped. Ralph Murphy, a bartender, was dead; Michael Quinlan described as a gambling resort proprietor, may not live. The men had entered Quinlan's car parked outside the saloon where Murphy worked. A moment later bullets ripped into the machine.

PROMINENT PYTHIAN MEMBER IS DEAD

DALLAS, Oct. 18.—(AP)—George B. Shaw, 65, a past grand chancellor of the Knights of Pythias in Texas, died at his home here last night.

Death came as a result of a stroke of paralysis. Besides the high post with F. Lights of Pythias, he also had held offices in Masonic organizations. He once was worshipful master of the Masonic Lodge at Kaufman, as well as mayor of that town. He is survived by his widow, two sisters and two nephews.

FEAR AIRPLANE LOST

MENOMONEE, Mich., Oct. 18.—(AP)—Fear that Thomas Mitchell, son and his wife, if Sturgeon Bay may have been drowned in Green Bay through a forced landing of their airplane was growing today as coasguardmen and fishing tugs ventured out into the fog, which shrouded the bay to search for them.

More and less for your money—more service and value and less cause for complaint. W. E. Coffee Grocery Co. Third floor west of Post Office, we deliver, just call 625.

High Flight by Ruth Dewey Groves. 1928 by NEA Service Inc. AUTHOR OF 'WHEN A GIRL LOVES LOVE FOR TWO' etc.

THIS HAS HAPPENED: Jerry Ray decides that love is a delusion, and after observing some of the wrecked love messages in her own circle, calmly tells her room-mate, MYRTLE, that she intends to marry for money. Jerry denies herself all the little everyday luxuries and saves her money carefully for a vacation at Atlantic City in five weeks. But the money is stolen from her room the night she dines at the bank before her departure. Jerry is stunned at her loss. All her plans for the wonderful two weeks at the shore resort are spoiled, but Myrtle stantly persuades her to go camping with her on the north shore of Long Island.

They get a cheap camp site and Myrtle's sweetheart, GEORGE, drives them out and assists in getting their tent and equipment arranged before he has to return to the city. Left alone, the girls take a swim and then are busy enjoying their evening meal when Jerry is startled at the sound of an airplane's whirring over their heads. She looks up, cries for Myrtle to run and springs backward, but too late!

NOW GO ON WITH THE STORY CHAPTER II: DAN HARVEY'S wasn't a commonplace face at all. Jerry realized vaguely that she had never seen it before. Yet it did not surprise her that it was there. It wore such a friendly expression she felt quite at ease with it. Only it shouldn't have looked so unhappy.

"How are you now?" an anxious voice inquired. "Lord, I hope you haven't any broken bones," it added fervently. Jerry moved to sit up. The young man helped her. Suddenly she thought of Myrtle. "Is anybody hurt?" she cried. "Everybody's all right but you," he answered. "I'm afraid your outfit is wrecked, though. And I think we'd better take you to a doctor. Do you think you can stand?"

Jerry wasn't sure that she could, but he assisted her to her feet so she could try. She wavered a little and then steadied herself with his help. "How did you escape?" she asked when her glance fell upon the crumpled plane. "A bit of luck. It isn't as bad as it looks. Now you wait until I get something for you to sit on and then I'll go for a car." He left her, to hunt round for a stool or chair. Jerry saw Myrtle searching in the wreckage also, and a second young man poking around in the cockpit of the airplane. She called Myrtle. The latter came running over. She had been searching for the iodine. It was the only remedy at hand and she thought Jerry ought to have something. "I thought maybe you were dead," Myrtle said cheerfully. "You were such a long time comin' to. Say, what do you think of this..."

Dan Harvey's wasn't a commonplace face. Jerry realized vaguely that she had never seen it before.

with his fee. A doctor way out here, he'd charge a fortune! But the young man called Dan was off without further words. "Where's your drinking water?" the other asked of Myrtle. "We haven't boiled any yet," she told him. "The stove wouldn't work. But we've got some ginger ale." "Better get it for your friend, then," he advised, looking at Jerry. She was leaning over, her elbow on her knee and her head in the palm of her hand, obviously in great pain. If she was badly hurt he'd have the devil to pay with his old man, he was telling himself. Jerry took a sip of the ginger ale when Myrtle held the glass to her lips and then pushed it away. The sweet taste sickened her.

"I'll get a blanket and you can lie down," Myrtle said and went to dig in the wreckage again. "How do you feel?" the young man queried anxiously of Jerry. "It's my head. I got a bump," Jerry told him. "I'll be all right in a minute. I don't want a doctor." "Yes you do," very authoritatively. "I'm responsible for this and I'll see that you get the proper care." "Were you flying the plane?" Jerry inquired curiously. Somehow she'd have said, so she told herself, that the other man was the flyer. The young man before her appeared to be slightly embarrassed. "Well, yes, yes, that is, it's my ship but my pilot was at the controls," he answered, not deeming it necessary to explain that he also had a hand on the joy stick and that he had "frozen" on it at a

Empire Completes Fifteen Oil Wells During September

BARTLESVILLE, Oct. 18.—Special—The oil production division of the Empire companies completed a total of 15 wells during the month of September. Nine were oil wells in Kansas with a total initial production of 1,453 barrels. One was a gas well in the Texas Panhandle with an initial production of 10,300,000 cubic feet and five were dry holes in Kansas. At the close of the month the division had a total of 35 wells drilling which were divided as follows: Kansas 19, Oklahoma 8 and Texas 8. Four of the nine wells completed in Kansas were in Haverhill block in Butler County. The two outstanding wells in this district were Cranston No. 4 with an initial of 217 barrels, and Willis No. 2 with an initial of 406 barrels. These two wells are located in Section 22-27-5, respectively. The Empire was drilling seven wells in this area, as of October 1, and practically all of them should be good producers.

The Cities Service Gas company completed its Pope No. 1 gas well, located in Section 242, Block 2, H. & G. N. Ry. survey, Carson county, Texas October 2 at a total depth of 2675 feet for 37,000,000 cubic feet per day. This well is the first to be drilled on the company's 169 acre lease. The completion of the Pope well gives the Cities Service Gas company, an Empire subsidiary, a total open flow in Texas of 719,000,000 cubic feet per day from 27 wells.

Jerry. She shook her head. "I'd rather not," Jerry protested and turned to Myrtle. "Please wet the towel again," she begged. "It felt good." "Perhaps the young lady would like some smelling salts sir," the butler interposed as his master showed signs of pressing the unwanted drink upon the girl. "I've some here." "Let's have them then," his master snapped. Jerry found the aromatic crystals delightfully pleasant. She must, she thought, get some to send to her mother. They would help her, maybe, when she had one of those dizzy spells.

MYRTLE had retrieved a pillow from a clump of wild blackberry bushes and Jerry was resting quite comfortably when Dan returned with Dr. Belden. Her head ached with dull persistency but she had spent an agreeable half-hour talking with Alester. She knew his name now—he had finally got round to introducing himself—and she thought whimsically that the mountain had come at least half way to Mahomet. For who didn't know that Alester Carstairs was one of the most eligible young men in the best four hundred in New York society?

She couldn't have done better if she'd had a year at Atlantic City. He was nice looking, too, and everything that he said and did showed that he probably didn't know there were such things in the world as fandrilled wall paper, oil cloth tablecovers, 10-cent bath towels and unfulfilled desires. He seemed to have noticed, too, that she was rather nice even with her head in a towel and her face unpowdered, just as she had come from her swim in the Sound. Jerry knew perfectly well that she had a lovely complexion and a perfect body. She hoped Alester liked gold green eyes and burnished hair.

"Nothing serious," the doctor pronounced after a few minutes; "but I'd like you to come to my office tomorrow for a more thorough examination." Jerry looked at him helplessly. How could she get to his office? Apparently one of the group at least must have read her thoughts. Dan looked at his employer. "You won't need me, Alester," he said, "until the plane is repaired. I'll be glad to drive Miss... Ray isn't it?... to the doctor's office if she will let me." Alester nodded, then suddenly a change came over his face and he said shortly: "I can do that much for Miss Ray myself. What hour, doctor?"

JERRY turned her eyes to Dan. She saw a grimace settle about his lips. It puzzled her. Surely he could not mind having his offer rejected when obviously he had made it in courtesy only. But it was remarkable, the way he had understood her unspoken need. His blue-gray eyes were watching her intently. She liked his eyes. Jerry brought her mind sharply back to the decision that faced her. She must say something—make her choice. "Three o'clock," the doctor said and both Alester and Dan turned to Jerry for her answer. (To Be Continued)

### Harvesters Are Ready To Show Canadian Things

The Harvesters are in excellent condition for their battle here tomorrow afternoon with the Canadian eleven. Coaches Mitchell and Fox reported last evening after the team had been put through a stiff practice.

With the exception of Chastain who injured his finger in practice Tuesday night the Harvesters are in excellent physical condition and with the cool weather should make their best appearance of the year. With the line nicely balanced and an aerial attack that should be a success the coaches believe their eleven is ready for all comers.

Canadian's strength is unknown here, on losing a conference game and will but the coaches are taking no chance start the first string team. Last season the Harvesters won from Canadian on the local field, 79 to 0. The score at half time was 40 to 0. The boys from the river are reported to have a revamped team and are expected to prove a tough outfit.

Several new plays will be used in the battle tomorrow. The coaches have been working hard to complete their aerial attack and a sample of the new offensive will be given tomorrow. With Bob Kahl on one end and Saulsbury on the other, the passing machine looks strong. Ayres, Carson and Robinson are reserve strength on the receiving end.

The game has been called for 3:30 o'clock at Fair Park, the new home of the Harvesters. Because of the carnival on the fair grounds, cars will not be allowed to park along the east side of the field, so the bleachers will have to be used by spectators.

A fence encloses two sides of the field and cable has been stretched along the east side to keep cars and spectators from crowding on the playing ground.

### Kicking of Goals Gives Hume Lead in Point Scoring

Leading point scorers in Southwest conference:

PLAYER	TEAM	T. P. A. T. TOTAL	
Hume, S. M. U.	6	5	41
Burgess, A. & M.	6	0	36
Griffith, T. C. U.	4	1	25
King, Texas	3	2	20
Saratofinis, A. & M.	2	7	19
Heaver, Arkansas	5	0	16
Shelley, Texas	5	0	16
McKee, Baylor	3	0	18
McIntosh, Baylor	2	3	15
Bradley, Rice	2	1	13
Thayer, T. C. U.	2	1	13

Wesley Hume, Southern Methodist University, leads all scorers in the Southwest conference by five points as the conference football season gets underway in earnest this week. The five point margin is due entirely to Hume's ability to kick goals as Burgess of A. & M. with six touchdowns tied with Hume in that department.

Zerant is of A. & M. with seven points after touchdowns and Atkins of T. C. U. with six are the only conference players who have scored more points after touchdowns than Hume.

A curious aspect of the records is that in the 25 opposition which conference teams have had to score, not one field goal has been made. Hume almost did it in 5 M. U. by kicking 14 to 13 defeat by Army when his 45-yard drop kick was short by inches. The attempt was made after a five-yard penalty which apparently put Hume just far enough away from the standards to miss. Simmons scored a field goal against T. C. U. the only successful attempt that has been made in a game in which a conference team participated.

A. & M. has profited more by break and unusual points than other conference teams. Against Trinity the farm school scored a safety and repeated against Sewanee. Another gratuitous point fell into the Aggie laps when Southwestern was penalized on an Aggie field goal after touchdown and the point forfeited to A. & M.

A. & M. has run up the biggest team score but T. C. U. which is third in total points scored is undefeated, has an unpassed goal line and has held opponents' points lower than any other conference team. The three points registered by Simmons' field goal are the only points scored against the Christians.

As only one conference game has been played, Arkansas' 14 to 6 triumph over Baylor, the Razorbacks at the top of the conference and the Bears at the bottom, are the only teams having a percentage rating.

Team scoring:

TEAM	W. L.	POINTS	S. OPPONENT	
A. & M.	3	1	111	6
Baylor	3	1	109	14
S. M. U.	3	1	83	26
T. C. U.	4	0	82	2
Texas	2	1	56	13
Rice	2	1	44	21
Arkansas	2	1	35	25

From vegetables? Yes, sir, the new, freshest, and a very fine assortment is being delivered to you daily in store for dinner. Phone 623, W. E. Miller Grocery Co.

### OUTLOOK DARK IN BOXING WORLD AS WINTER SEASON APPROACHES

Blight on the cauliflower has developed into a malignant growth that threatens the game, especially as it affects Tex Rickard. Sharkey and Godfrey are two of the biggest battlers. Among the others unavailable for one reason or another are Walker, Loughran, Paulino and Stribling.

By EDWARD J. NEEL (Associated Press Sports Writer)

NEW YORK, Oct. 18 (AP)—Nurturing of the cauliflower to a robust and remunerative maturity has become so difficult in recent months that Tex Rickard has been forced to turn now and then to other vegetables for profit. Occasionally he dips into the wheat market to make up buying and selling futures the inroads that have threatened to pull his fortune down to a mere million dollars.

The winter season gets underway with many difficulties besetting the star of Madison Square Garden, who like Jack Dempsey, seems to be softening under the load of success. Opposition is springing up in the lower Tex used to rule without question and edge is off the public taste for cauliflower.

The departure of King Tunney from affairs started the blight of its way. The heavyweight division, the one big consistent moneymaker, is a scrambled mess, studded with men who offered nothing but mediocrity when opportunity knocked. Now they do not choose to fight, preferring to argue their respective rights to the empty throne rather than fight for the honor.

Jack Sharkey, one of the twisted knee and the one outstanding heavyweight, despite the crushing defeat by Dempsey, is a medical problem now. The ailments torn in training almost two months ago have been slow in healing. He may never again reach the heights he achieved in heading Dempsey to his will for the better part of four rounds. Even at his best, with both legs sound, the Boston sailor was a proud problem, prone to battle languidly as often as he startled the ringworms with his speed, power and viciousness.

The rest of the crop have failed entirely to flower or have gone to seed in the public mind.

Johnny Risko appears to have

### Bustin' Babe—Larrupin' Lou

Babe Ruth and Lou Gehrig, those home-run hitting twins of the New York Yankees, are now barnstorming about the country, showing the baseball fans how they socked those terrific clouts that ruined the St. Louis Cardinals. Babe's team is called the "Bustin' Babes" and Lou's the "Larrupin' Lou's."

passed his best.

Tom Heenan got his chance and his drubbing from Tunney.

Dempsey is through with the game forever.

George Godfrey, because of his negro blood, has never received serious consideration.

Paulino Uscudun and Young Stribling are "too tough" for the boys.

Robert Von Porat, Dortal, Hansen, Marriner, Roebuck, De Kuh, either have not ripened or have gone to seed entirely.

So, while Tex waits a flaming youngster to plow up the ground all over again, Jess McMahon, retired Garden match-maker, is planning the opening of a new indoor arena, and Humbert Pugay, for the first time seems assured of a place to stage shows in the winter time. The newcomers have popularized "popular" prices, which do not jibe with the Garden scheme of things.

The best scrap of the indoor season appears to be a match between Tommy Loughran, the light heavyweight champion, and Mickey Walker, middleweight king, who has created

### George Moriarty Quits as Manager of Detroit Team

DETROIT, Oct. 18 (AP)—Falling, after two years of effort, to build up the Detroit baseball team to a place of prominence it one enjoyed as a winning combination, George Moriarty has resigned as manager.

The resignation was contained in a letter to Frank J. Navin, president of the club, given out last night, in which Moriarty said the team's poor showing was due to "unfavorable circumstances."

President Navin said the resignation had been accepted or was under consideration.

### Fight Results

CHICAGO—Otto von Porat, Norway, won on a foul over Chuck Wiggins, Indianapolis, (3). Haakon Hansen, Chicago, and Johnny Burns, San Francisco, drew. (6). Al Fay, Pittsburgh, outpointed Tom Sayers, Detroit, (6). Andy Mitchell, Los Angeles, knocked out Harold Scarney, Detroit, (5). Leo Mitchell, Los Angeles, knocked out Big Swick, Milwaukee, (4).

a sensation by bowling over light heavyweights. That is one Tex can't make because of the ancient feud between himself and Jack Kearns, Mickey's manager, which dates back to Kearns' split with Dempsey and accusations that Rickard widened the breach.

Kearns says that Walker will fight Loughran in the Garden for \$100,000, an offer which should have been accompanied with smelling salts for the thin-thatched Texan. The final word was said by the New York State Athletic Commission with a ruling that Walker could fight only at 160 pounds. Mickey has more than a little trouble doing that.

Just when the welterweight situation seemed boiling into a pot of gold Young Corbett, southpaw sensation from California, came east and fought two disappointing battles with Sammy Baker. That eliminated him.

The negro star, young Jack Thompson, sprung into fame by knocking out the champion, Joe Dundee, in two rounds in a non-title match. As soon as Tex mated this pair for a genuine championship tussle in the Garden Nov. 16 Jackie Fields took the edge off the bout by whipping Thompson.

### Three Big Acts of Vaudeville at Rex This Week

The second of a series of vaudeville acts will play at the Rex theatre tomorrow and Saturday. The three acts last week-end were much liked and Roy Sinor, manager of the Rex has received many congratulations on bringing this type of amusement to Pampa.

The program this week will include three high class acts three times every day. Act number one is Leste Leigh and LeGrace, which includes boomerang hats, double pass work with discs and devil sticks, balancing neat comedy, talking, and costume changes.

Miss Jewell Howard is "Songs As You Like Them" is the second act. Miss Howard is a charming singer of sweet songs. She possesses a splendid voice of wide range. Her repertoire consists of semiclassical selection, and popular ballads. She is pretty, personable and magnetic, and her offering stands out as one of the most enjoyable singing acts thus far this season.

Two strikingly pretty and beautifully gowned young ladies and three neatly dressed young men comprise the company known as "Gus King's Melodyland," which is the third act. In a rich setting this quintet of artists will display their talents in vocal, dancing and instrumental selections.

### Last of Outdoor Boxing Shows to Come Tonight

NEW YORK, Oct. 18.—(AP)—The lid will come down on a disastrous outdoor boxing season at Ebbets Field tonight. In the final outdoor show, Paulino Uscudun, rough and tough Basque heavyweight, will meet Big Boy Peterson of New Orleans. The encounter is scheduled to go ten rounds and to start at 10 p. m., unless the weather, further injuries or other difficulties that have made it as hard to end the outdoor season as it was to start it hold up the proceedings.

using violin, piano, trumpets, trombones and saxophones. Their repertoire includes classical and popular music, all presented with an individual artistry.

## A FAST GETAWAY to High Compression Performance

**FIRST**, a quick, easy start. Then, high-compression performance from any motor.

That's what happens when Conoco Ethyl goes through the carburetor. This super motor fuel gets the best from all types of motors in all kinds of weather.

By performing perfectly in the new high-compression motors, it releases the full power which these motors were designed to develop. By "turning carbon into power" it makes motors of lower compression deliver high-compression performance.

Conoco Ethyl is indeed the miracle motor fuel. It is giving thousands of motorists an added pleasure in car ownership. When you try it, you'll quickly understand what a difference Conoco Ethyl can make in the general operation of your car. Get it at the familiar Conoco Ethyl Sign.

## Concrete Pavements "Stand the Gaff"!

The Bates Road, built by Illinois Highway Officials to test pavements, contained 63 sections of three principal paving materials in various combinations and thicknesses.

At the end of the tests, after 377,460 tons had passed—motor trucks gradually loaded until each rear wheel carried 8,000 pounds—only 13 sections remained undamaged.

Ten were portland cement concrete; the other three had heavy portland cement concrete foundations.

Concrete pavements are always level, smooth and rigid—safest in all weather. Remember these facts when roads or streets are to be paved in your community.

## THE DAILY NEWS' \$5,000 PRIZE VOTING CONTEST

More active contestants are wanted at once to participate in the News' big \$5000 automobile and prize voting campaign. Although the campaign has aroused deep interest in Pampa and the surrounding territory, YET THERE ARE NOT HALF AS MANY CONTESTANTS ACTIVE IN THEIR OWN BEHALF IN VOTE GATHERING AS THERE ARE PRIZES! Apparently everybody thinks everybody else is in the contest, and is leaving it for the other to do. Only two or three are actually gathering votes. Some are busy collecting only coupons. What is needed is a few read honest-to-goodness live wires—folks with pep, ambition and determination—with the stamming to take hold of the campaign as a business proposition, and get out and obtain subscriptions.

Are there a half dozen men or women, in Pampa, or any place within a 40-mile radius of News office who will forego their routine pleasure and troubles and get out and obtain subscriptions for the next few weeks? If there are, will they please step forward, nominate themselves, and get busy?

The News is offering a tremendous list of handsome prizes. Every one of them is well worth working for. The work is easy, pleasant, and will become intensely interesting for those who try. The "Nomination Blank" below will bring full details by return mail. Pampa persons should bring theirs in person to The News office and obtain their "working outfit", consisting of receipt book, supplies, etc.

### HOW PRIZES WILL BE AWARDED

The prizes will be given away absolutely free on December 15, 1928 in front of the Pampa Daily News office to the contestants polling highest number of votes by that time. Every car will be fully equipped with spare tire, bumpers, motometer, rear view mirror, etc.

THE CONTESTANT polling HIGHEST number of votes will receive the 1928 Model Silver Anniversary Buick, costing \$1,550.00.

THEN the contestant in the OPPOSITE DISTRICT FROM WHICH THE BUICK IS WON may choose between the \$778.00 Whippet Sedan and the \$736.50 Chevrolet Coach.

THEN the contestant in the opposite district from which the SECOND car is won, will receive the remaining car.

BEAR IN MIND THAT PLACE OF RESIDENCE MAKES NO DIFFERENCE. EVERY ENTRANT HAS THE SAME OPPORTUNITY TO WIN THE BUICK WHETHER THEY LIVE IN PAMPA OR IN LEFORS, WHITE DEER, KINGSMILL, McLEAN, ALANREED, SKELLYTOWN OR ANY OTHER COMMUNITY. AFTER THE BUICK IS AWARDED THERE IS STILL ONE CAR FOR EACH DISTRICT BESIDES A FULL SET OF THE SMALLER PRIZES. TWO CARS MAY BE WON IN PAMPA OR TWO CARS MAY BE WON OUTSIDE.

AFTER the winners of the automobiles have been decided the next highest contestant in each district will each receive one of the \$225.00 genuine diamond rings. As one of the rings is a solitaire and the other contains three stones, the HIGHEST will have choice between the two.

THEN the next highest contestant in each district will receive a \$80 genuine Bulova Watch. THEN the next highest in each district will receive a \$50 genuine Bulova watch. THEN the next highest in each district will receive a \$37.50 genuine Bulova watch. THEN the next highest contestant in each district will receive a \$29.75 genuine Bulova Watch, and the next highest in each district will receive a \$24.75 genuine Bulova Watch.

Cash commissions will then be paid to all qualified under the rules as printed in this announcement.

### Rules and Regulations—How to Enter

Fill out the nomination blank opposite with your name or the name of the person to be nominated. Bring or mail this blank to the Campaign Manager and you will be credited with 2,000 votes as a starter.

Any man or woman, either married or single, of good character may become a candidate in this campaign and is entitled to one nomination credit of 2,000 votes.

The Campaign Manager reserves the right to reject objectionable nominations.

There are no obligations attached to entering this campaign, and it costs absolutely nothing to try for a prize.

No candidate will be permitted to transfer votes to another candidate after receiving them.

Subscriptions cannot be transferred. All subscriptions must be paid in cash before votes are issued.

No subscriptions for a period longer than three years will be accepted.

In accepting nominations all contestants agree to abide by the conditions named. The Daily News reserves the right to place additional prizes on the list.

All prizes will be delivered to winners at Pampa, Texas, just as soon as the winners are announced by the official judges.

In case of a tie for any of the prizes, the candidates tying will receive prizes identical with the one tied for.

This campaign opens Monday, October 15, and closes Saturday, December 15 at 9 p. m.

No agreements or promises, either written or verbal, made by solicitors other than those published in The Pampa Daily News will be recognized.

No salaried employe of The Pampa Daily News will be allowed to compete in this contest or supply coupons to any contestant.

Every contestant who fails to win one of the regular prizes will receive 10 per cent of the total amount of money he or she has turned in.

This Bulova Watch value ----- \$60.00	FIFTH	SIXTH
	Bulova Watch Value \$29.75	Bulova Watch Value \$24.75

PURCHASED FROM THE DIAMOND SHOP

### How Votes Are Secured

Votes cannot be purchased and they cannot be transferred. Once issued to the credit of a contestant they must stay issued. This rule is imperative. There are just two ways to obtain votes. One is by clipping the free vote coupons which will appear in each issue of the Pampa Daily News until further notice. The other is by securing new and renewal prepaid subscriptions to this newspaper. The coupons must be deposited in the ballot box in the campaign office before the expiration date printed on them. All subscriptions must be paid in advance before votes are issued on them.

From October 15 to November 17 inclusive every \$20 in subscriptions turned in will count 100,000 extra votes.

### How Subscriptions Count in Votes

PAMPA DAILY NEWS  
The following scale shows the subscription rates and the number of votes given according to the amount paid. Note especially the tremendous voting power of 3 year subscriptions.

(BY CARRIER BOY IN PAMPA)		
6 months	\$3.25	1,000
1 year	6.00	5,000
2 years	12.00	20,000
3 years	18.00	50,000
BY MAIL		
By mail in Gray county outside the city of Pampa, and in the following counties: Hutchinson, Roberts, Hemphill, Wheeler, Collingworth, Donley, Armstrong and Carson. NO MAIL SUBSCRIPTIONS FOR LESS THAN 1 YEAR.		
1 year	\$ 5.00	5,000
2 years	10.00	15,000
3 years	15.00	40,000
Elsewhere than above mentioned		
1 year	\$7.00	5,000
The above regular schedule of votes will never change throughout the campaign.

### Pampa Social News

BY MISS WILLETTE DOLE PHONE 666

Today's Social Events Include Bridal Shower for Mrs. W. J. Vasey and Meeting of Panhandle Sunday School Class

#### Social Calendar

**Thursday**  
Mrs. Robert Chafin will entertain the Ace High club. The bridge game begins at 2:15 o'clock.  
The Comus club will give a dance at the Schneider hotel. Dancing will begin at 8 p. m.

**Friday**  
The Just We bridge club will be entertained by Mrs. J. H. Lavender, who has announced that the game will start at 7:30 o'clock.

The Order of the Eastern Star will hold a regular meeting at the Hall. The meeting opens at 7 p. m.  
The Ajar class of the Baptist Sunday school will have a social meeting at the home of Mrs. Marvin Lewis, North Gray street. All members of the class are invited. The party begins at 2:30 o'clock.

#### Episcopal Women's Auxiliary Meets at Delaney Home

The Woman's Auxiliary of the Episcopal church met yesterday afternoon for a devotional period and a short business session in the home of Mrs. N. G. Delaney. The Auxiliary is adopting a course of study for the winter months, and during the business session yesterday the members discussed several books. Mrs. W. M. Craven led the devotional and presided over the business meeting.  
After the adjournment of the business session, the hostess served delicious refreshments and a social hour was enjoyed.

#### Baptist W. M. S. to Support Native Missionary in China

The Baptist Women's Missionary Society, in a general business meeting yesterday, voted to support a native missionary in China. This important action was taken after a careful study of present day conditions and needs in the missionary field.

The Society decided to send a box of supplies to the Baptist hospital at Dallas. The president urged that each member of the organization contribute a suitable article. The box will be sent some time in the near future. Attendance and financial reports were given by officers of the various circles, after which a program from Royal Service was given.

Mrs. T. B. Solomon was in charge of the program. She was assisted by Mrs. J. P. Wehrung, Mrs. John McKamy, Mrs. G. C. Stark, Mrs. Barton, and Mrs. C. L. McKinney. The devotional was led by Mrs. S. L. Anderson.  
The meeting was held at the church, with good representations from the four circles. Mrs. T. H. Barnard, president, urged that all members of the Society attend the general meetings which are held once a month, as business matters are transacted there that cannot be conveniently settled in the circle meetings.

#### Members of First Christian Church Attend Convention

Eleven members of the First Christian church of Pampa are attending the one-day convention of pastors and lay leaders of the district, which is in session at the First Christian church of Amarillo. The morning session was given over to a mission program. A discussion on educational work and the home and foreign mission programs of the church is being held this afternoon. There will be a banquet this evening and an address by a missionary to foreign fields.

The following members of the local church are in attendance: The Rev. and Mrs. James Todd, Mr. and Mrs. Charles Thomas, Mr. and Mrs. DeLes Vickers, Mr. and Mrs. Lee Ledrick, Mrs. W. S. Taylor, Mrs. Hugh Isbell, and Mrs. B. C. Faby.

ed by Mrs. C. P. Mullen, Mrs. Tom Sweatman described the government schools in Alaska, and Mrs. Edw. McJunkin told of the educational work being done by the churches. Mrs. Dave Pope gave an interesting talk on The Church of the Northern Lights.  
The meeting was held in the home of Mrs. Thomas Clayton, with Mrs. McJunkin as associate hostess. Nineteen members and two visitors were present. An enjoyable social hour followed the business session and programs and dainty refreshments were served.

#### TEXAS JERSEY WINS

MEMPHIS, Tenn., Oct. 18.—(P)—Imperial Matilda's Bell, owned by the Taft ranch Jersey farm of Taft, Tex., was selected as the grand champion Jersey cow at the national dairy show today. The junior championship went to suppers' Jolly Star, owned by Mrs. George D. Eatis, of Madisonville, Ohio.

#### MANY SEE SHOWS

The Lachman-Carson shows will continue here until Saturday night in connection with the Fall Festival. Although the weather has been unsatisfactory large crowds have been visiting the numerous attractions and enjoying the rides. This is the last appearance of the shows before going to winter quarters at El Reno, Okla.

PARIS (AP)—Circular skirts which flare smartly below a low swathed hipline are a recent manifestation of Paris influence. Bernard et Cie use such a silhouette for an afternoon dress of black satin. It has a simple surplice bodice and tight sleeves buttoned at the hand. There is a puff and long ends of satin at the side back of the skirt.

#### Women's Auxiliary Plan Important Work for Autumn

The Women's Auxiliary of the Presbyterian church yesterday made plans for increasing the fund for building a manse and voted to hold a special meeting to do charitable work.

It was decided that each member starting with one dollar, would earn ten dollars to be applied to the building fund. Some members will sew, others will bake, while others will earn their money through art craft work. Each will finance her first undertaking with a dollar. The money will be turned into the treasury by Jan. 1.

Members of the Auxiliary will sew for needy children of the community at a special meeting in the home of Mrs. J. M. McDonald next Wednesday. All women of the church are invited to attend and assist in the work.

The mission study lesson of yesterday was on Alaska. Mrs. P. O. Ledrick was in charge of the program. Missionary work in Alaska was discussed.

#### School of Cookery to Open Nov. 5

Mrs. Leona Rusk Ihrig

A golden opportunity for mother to keep up with daughter is to be offered in the Cooking School to be conducted by Mrs. Ihrig, Nov. 5-9 at the Methodist church basement.

For the "flapper daughter" knows much more about the science of cookery and home economics than many of her circumspect elders, leading educators declare.

It is the belief of Mrs. Ihrig that "this business of being a woman" should in truth be treated as a business. It is Mrs. Ihrig's mission in life to teach women the fundamentals of homemaking and point out to them the new and more scientific ways of preparing foods into tempting dishes.

"The biggest single factor in health and happiness is food," says Mrs. Ihrig. "Beginning in the seventh grade and continuing through high school and college, girls are taught the scientific planning of meals, perfectly balanced and attractive to the eye. This is done with the thought that such training is essential to those girls who expect to make a success of their home management."

The five day school of cookery will give to the women of Pampa an opportunity of receiving first hand information from a recognized expert along these lines. Economy will be stressed in these lectures by Mrs. Ihrig for she feels that the woman who can excel in the art of cookery and at the same time save something from the family budget is, after all, the true artist.

The lecture will be free and all women are invited to hear this series of illuminating talks.

#### Methodist W. M. S. Has Program on Social Service

A program on social service and community life was given yesterday at the meeting of the Methodist Women's Missionary Society. The 16th chapter of Mark was read by Mrs. R. C. Campbell, social service chairman and program leader. Mrs. W. Purviance read the devotional lesson from Th Missionary Voice, and gave an interesting talk on the topic, "How by Losing May We Find Life?"

Community life was discussed by Mrs. T. W. Brabham. Mrs. R. W. Kane outlined a plan for the betterment and enrichment of the social and religious life of the community, stressing the importance of home life and maternal influence. Vocal solos by Mrs. Frank Elliott and Miss Janice Purviance were enjoyable features of the program.

In a short business session, the Society planned a social and business meeting for next Wednesday afternoon. Arrangements for the party which is to be given in the church parlors, will be made by Mrs. R. C. Campbell, Mrs. Joe Shelton, and Mrs. J. E. Ward.

Crossing Death Has Elements of Insurance Plot

TUSCOLA, Ill., Oct. 18.—(AP)—Walter McAllister's death in a grade crossing crash last week had become today something of a mystery.

McAllister was a farm hand, working on Emil Carroll's place. He was killed about 2 o'clock last Friday morning when the automobile in which he and Carroll were riding was struck by a train at the crossing of a lonely country road.

There was nothing about the accident, a coroner's investigation found to mark it from any other grade-crossing tragedy. Since the inquest, however, the state's attorney's office has become interested, chiefly because of five insurance policies on the farm hand's life.

Each policy names a beneficiary Mrs. Emil Carroll, wife of the dead man's employer, or "the McAllister estate." There also were three other policies on McAllister's life, but it was not indicated in whose favor they were drawn, or the amounts.

There are other circumstances under investigation. A mysterious attack upon McAllister two weeks ago at the Carroll farm is one of them. Another circumstance was the manner in which McAllister's body was found following the automobile accident. Dr. Lorrar, who took the farm helper's body from the machine, said it was wrapped in a blanket.

Dr. Eckener Hopes to Form Company to Build Dirigibles NEW YORK, Oct. 18.—(AP)—Dr. Hugo Eckener, commander of the Great Zepplin, hopes that before he sails for home next week his dream of a regular trans-Atlantic air service will be nearer reality.

**Unit Operation in Oil Fields Is Cited as Need**

BARTLESVILLE, Okla., Oct. 18.—Special—The necessity for co-operative or unit operation of oil fields to develop fully the usefulness of repressuring methods was stressed by C. E. Beecher, chief production engineer for the Empire Oil and Refining Company, in a discussion of "Re-Pressuring During the Early Stages of Development," before the Petroleum division meeting of the A. I. M. E. held at Tulsa on Thursday, October 18.

"As pointed out by Henry L. Doherty several years ago, increased efficiency in the recovery of oil can be obtained only by some form of unit operation that will make possible the application of improved methods involving the maintenance of pressure," Mr. Beecher said.

"It is clearly evident that neither back pressure control nor repressuring can be successfully applied to single leases of average size in any oil field. Oil producers are beginning to realize this fact as evidenced by the growing tendency toward co-operative agreements, especially for repressuring operations.

"As the advantage of co-operative unit operation becomes more evident it will be only a matter of time until entire pools will be developed under conditions of pressure control. When this period is reached, we can expect to see a marked increase in the efficiency of recovering oil, both as to volume recovered and the cost per barrel."

A. W. Ambrose, manager of production for the Empire companies, chairman of the Petroleum division of the A. I. M. E. and presided at the sessions of the organization.

**FUEL TANK FOUND MAY BE AMUNDSEN'S**

COPENHAGEN, Oct. 18.—(AP)—A fuel tank believed to belong to the French Latham plane in which Roald Amundsen and five companions are presumed to have perished in an attempt to reach survivors of the ill-fated dirigible Italia has been found.

The motorboat Keif arrived at Waldersund with the tank last night having found it Saturday at latitude 64-53 north, longitude 8-50 east, about 200 miles north of Christiansund, Norway.

Mrs. Henry Thut is confined to her bed with influenza.

Floyd V. Studer of Amarillo is a visitor here today.

**SMITH-ROBINSON News' Campaign--- City Manager Beaten to Fire--- By Some Cars**

**DEMOCRATIC CLUB COLUMN**

Governor Smith is a friend of the farmers. He stands squarely upon the Democratic platform. Many Republicans have openly declared for Smith on the farm relief situation solely. If elected President, he promised in his Omaha speech action for inaction, and friendliness for hostility by his Administration toward the farmers of the wheat and corn and cotton belts.

Where does Mr. Hoover stand? Who can tell? Let ex-Governor Gifford Pinchot of Pennsylvania answer in his statement of last spring: "I am against Mr. Hoover because of what I learned during my service under him in the Food Administration. I do not believe he is a friend to farmers of any kind, whether live stock men, grain raisers or those engaged in mixed farming." What an indictment by the former Republican Governor!

Let Mr. Hoover in his own words while acting as Food Administrator and during the year answer Gifford Hoover in 1928. In May 1918, Mr. Hoover wrote: "I agree with the contention of some farmers that they would be getting \$5.00 per bushel for their wheat if it had not been for the restraints imposed by his Food Administration work. Let the farmers of Texas realize that this campaign is not so much political as it is economic. You have seen farm values decrease 20 billion dollars since Woodrow Wilson went out of office. Also 4,000 banks have failed during the Harding-Coolidge Administration! Don't you want a change?"

During this same period of Republican Administration in the nation the most influential maker of government politics toward the farmer has been secretary Herbert Hoover. Mr. Hoover has been the chief adviser of the last two republican Administrations in matters having to do with agriculture!

The above space is reserved by the Smith-Robinson Club. Watch and read it day by day.

**Andrew Mellon Says Smith Had Wrong Figures**

WASHINGTON, Oct. 18.—(AP)—Taking issue with Governor Alfred E. Smith on the latter's criticism of "Coolidge economy," Secretary Mellon has flung back at the Democratic presidential nominee charges that his speech of Tuesday night at Sedalia, Mo., contained inaccuracies in citation of figures and exhibited a "most superficial knowledge" of government fiscal affairs.

On two points in particular he disagreed with the New York governor. These had to do with Smith's assertion that the difference between the cost of operating the government in 1921 and 1928 was the difference between wartime and peacetime costs and that the cost of all the departments of the government was \$200,000,000 more in 1927 than in 1924.

"The trouble with the first contention," Mr. Mellon said, "is that the half years when the Republican administration took control of the government in 1921." He went on to ask believe, "the reductions in expenditures between 1921 and 1928 were inevitable, 'why hadn't they already been more largely effected?'"

To the budget bureau in the first year of its operation, Mr. Mellon gave credit for "paring and pruning costs that had already actually been appropriated for the fiscal year 1922 to the extent of \$755,000,000."

Turning to Smith's statement with respect to increased expenditures between 1924 and 1927, Mr. Mellon declared that Governor Smith had been grossly misinformed.

"The total ordinary expenditures of the government, which does not include the expenditures payable from postal revenues," he said, "aggregated in 1924 \$1,228,000,000, and in 1927 \$1,257,000,000 or an increase of \$29,000,000, and not \$200,000,000."

Mrs. M. Bradley left this morning for her home in Slaton, after a short visit with her parents, Mr. and Mrs. O. W. Ferguson. Mr. Ferguson accompanied her to Amarillo.

**DISTURBED SLEEP IS NATURE'S WARNING OF "DANGER AHEAD"**

Mrs. J. N. Alexander, Sugden, Okla.

Says: "I will tell or write how for 20 years I was bothered with burning and bladder acting 10 to 15 times each night and how I was relieved with Lithiated Buchu (Keller Formula). It acts on bladder as opium salts do on bowels. Drives out foreign deposits and lessens excessive activity. This relieves the irritation that causes getting up nights. The tablets cost 2c each at all drug stores, Keller Laboratory, Manchesterburg, Ohio or locally at Pathree Drug Co."

**City Manager Beaten to Fire--- By Some Cars**

City Manager F. M. Gwin is of the opinion that motorists who follow fire trucks to fires should be fined and jailed. Until yesterday he did not fully realize the handicap under which the local department is working, he said this morning when discussing the fire of yesterday afternoon.

The city manager decided to drive the chemical truck to the fire. He left the station in the wake of the American-La France pumper, but before reaching the fire, a drive of six blocks, he had lost the big truck and was hindered by faster cars breaking in ahead of him.

"Although I was blowing the siren on the truck, motorists continued to drive ahead without moving to the side," he said. "Determined to reach the fire I drove ahead and as a result there are some damaged fenders to be repaired."

Mr. Gwin is instructing his officers to enforce the city ordinance regarding the following of fire trucks to fires and arrest and fine all offenders.

A daughter was born to Mr. and Mrs. J. O. Stovall of White Deer in Pampa hospital this morning.

**Englishman...**

plane in which MacDonald flew is a midjet compared to the Spirit of St. Louis of Col. Charles A. Lindbergh—the only man ever to make a solo flight across the Atlantic. MacDonald's engine had only 80 to 100 horsepower compared with Lindbergh's 250.

MacDonald in starting said he planned to head straight for Ireland and when he reached there intended to continue on to London approximately 450 miles further on.

The airman took a quart of coffee in a thermos bottle and two dozen sandwiches.

The moth plane has a maximum speed of about 105 miles an hour and a cruising speed of 85 miles an hour. On the assumption that he would take advantage of the 20 mile wind and throttle his machine down to 85 miles an hour, giving the plane a speed of about 105 miles an hour to save his scant supply of fuel, he should reach the Irish coast between 18 and 19 hours after his hopoff.

**Cut Down Gas Supply**

When he left Great Britain with his plane MacDonald had extra fuel tanks installed to give it a flying radius of 35 hours, which would allow him to remain in the air until 10:31 Eastern Standard time tonight under normal conditions. Advises from Grace Harbor were that he had taken only enough fuel in these tanks for 20 hours of flying which would indicate that he had cut down his margin of safety so

**Smith Is Given Great Ovation at Chicago Station**

CHICAGO, Oct. 18.—(AP)—Spurred by the arrival of the party standard bearer in their midst for a 60-hour visit, Illinois Democracy was rallying around the banner of Governor Smith today awaiting the word he brings to this normally Republican state in the seventh and last campaign speech of his present stumping tour.

Tomorrow night in the 131st regiment armory the Democratic presidential nominee will deliver his Chicago address, and Saturday morning will find him trailing homeward to muster his reserve strength for the final drive of the campaign.

Arriving in Chicago at 10 o'clock last night after an all-day ride from Sedalia, Mo., Governor Smith was given a noisy ovation by a throng that crammed every available space in the Union Station.

"Hello boys, how are you?" was his greeting, and as flashlights boomed and a tremendous cheer went up from the well wishers, he doffed his brown derby and smiled his best campaign smile to those on the floor, the marble stairways, and the steel rafters, to which scores of youngsters had climbed to get a better view.

**QUEEN MARIE ILL**

BUCHAREST, Rumania, Oct. 18.—(AP)—Three medical professors were rushed to the royal residence at Balck on the Black Sea today to attend Queen Marie, who is confined to her room there by an attack of influenza. It was stated at noon that the queen's condition had shown no improvement.

W. M. Murphy, whose leg was broken in seven places Monday when sand reel fell on him, today was reported to be improving. The accident occurred in Berger and Mr. Murphy was in a Berger hospital, Mrs. Murphy and her daughter, Miss Heiler, visited him yesterday.

# Friday and Saturday
