

MISSING AIRLINER LOCATED BY ARMY SHIP

Complete World's Largest Earth-Filled Dam

The largest earth-filled dam in the world, the structure shown above, designed to regulate flood control in the San Gabriel valley, California, was completed at a cost of \$16,860,000. It is as high as a 27-story building. In length, the crest would extend over four city blocks, and it is wide enough for a 40-foot roadway.

The dam is 2,715 feet long and 264 feet high. It will be completed in 1940. The dam will regulate the flow of the San Gabriel river, which has caused much trouble in the past. The dam will also provide a source of water for irrigation.

Derrick Fall Injuries Kill Rig Builder

Mackie Files Suit Against Truck Owner

Damages in the sum of \$3,400 are asked by J. S. Mackie, 63, in a lawsuit filed yesterday in Gray county district court against C. M. Jeffries. The plaintiff's petition alleges that the car which he was driving was struck by one of the defendant's trucks on the highway seven miles south of Pampa last March 23.

Oregon Train Wreck Sends 6 to Hospital

PORTLAND, Ore., Aug. 3 (AP)—A train wreck in Southern Oregon which sent 6 persons to a hospital and injured at least 16 others, failed to interrupt an American Express tour today. Six cars of a special train carrying 137 sleeping members of the tour left the rails on the Southern Pacific main line near Yamsay, Ore., yesterday. None of the cars turned over. Railroad officials said they believed a broken rail caused the mishap.

Dalhart Day DALLAS, Aug. 3 (AP)—Headed by Roy Taffinder of the Dalhart chamber of commerce, a delegation from that Panhandle city today celebrated Dalhart Day at the Pan-American Exposition.

I HEARD—

Jaycee officials announcing that pass out slips issued at one park will not be honored at another park. Any fan desiring to visit both parks in one night will have to pay double admission. A resident of the east portion of the city figuring out that he had five newly married couples in his block.

Waller L. Bryan, 33, died in a local hospital yesterday afternoon from injuries received in a fall from an oilwell derrick yesterday morning. He was an employe of the Albert Crenshaw Rig Building company and had been a Pampa resident for several years.

The accident happened when Bryan was at work on a derrick in the West Pampa field. He was rushing to a hospital where examination showed a broken pelvis, thigh fracture, three fractures of one leg and other injuries. Surviving Mr. Bryan are his father, J. M. Bryan, Pampa; a sister, Mrs. Cleo Hopper, Wellington; and Jim Parish, Clyde Jones, Harold Richardson, Wade Carr and Rutus Walker.

KIWANIS PICNIC TO BE HELD NEAR CANADIAN

Committeemen today were putting final touches to plans for the annual Kiwanis club picnic and frolic to be held Thursday afternoon at the White House Country club grounds, on the Canadian river near Canadian. Kiwanians and members of their families will assemble early in the afternoon to participate in games and contests. At 4:30 a steak supper will be served. "This is one picnic," said Chris Martin, club president, "where you won't have to bring anything but yourself and members of your family." Food and entertainment will be provided.

FOREIGN WAR VETS TO HOLD MEETING TONIGHT

The Veterans of Foreign Wars will meet tonight at the Legion Hut to plan a picnic for August 15. The meeting will be at 8 o'clock, with refreshments at the close. A short business session will be held, and members will play bingo afterward.

Talley Returning Pair From Dallas

Sheriff Earl Talley left this forenoon for Dallas to take into custody there C. L. Hamilton and H. E. Huster, indicted by the grand jury last week on charges of receiving and concealing stolen property. Hamilton and Huster are accused in complaints of having received 42 stolen oil well hoists from the Gray county oil fields. Sheriff Talley planned to bring the men back here for trial.

BIGGEST CORN CROPS IN EIGHT YEARS RIPENS

CHICAGO, Aug. 3 (AP)—A corn crop valued at \$1,750,000,000, the biggest money crop farmers have had since 1929, was ripening in the corn belt today, the August estimates of six Chicago grain experts indicated.

The private crop authorities here, most of whom have just returned from personal field inspection trips, forecast 1937 domestic corn production would total 2,771,000,000 bushels. This would be the biggest United States crop since the record breaking harvest in 1932 of 2,962,000 bushels. It would be more than a billion bushels larger than the crop of 1,524,317,000 harvested in 1936.

The estimates of the private authorities ranged from 2,715,000,000 bushels to 2,834,000,000, but the average was 2,771,000,000. This represents an increase of 200,000,000 bushels compared with the latest government figures based on condition as of July 1. Although corn prices tumbled within a month from above \$1 a bushel in Chicago to around 60 cents for the new crop market observers said the price depreciation was offset by the crop's improvement. Based on current prices for December corn, the crop had a market value of \$1,828,860,000, which has been unequalled since 1929.

Estimated production of winter wheat was below the latest government's figures although the average of the six forecasts indicated a crop of 648,000,000 bushels, the largest since 1931. The total crop of 841,000,000 bushels, at current market prices, had a value of \$1,000,000,000.

LEGION TO MAKE PLANS TO BUILD BANDSTAND

Plans for constructing a bandstand in Central Park will be discussed tomorrow night in the Kelly-Crossman American Legion post meeting. Ways of financing and possibility of completion of the project by fall will be considered in the session, which begins at 8 o'clock.

FORMER PAMPAN DIES IN AUTO ACCIDENT

W. B. Stafford of Baton Rouge, La., former Pampam, was killed in a car accident Sunday night near Baton Rouge, according to a message received by a sister, Mrs. John Weeks. While here, Mr. Stafford was with the Magnolia Petroleum company service station at five points. Besides his sister, Mrs. Weeks, a brother F. S. Stafford of Frier, former Pampam, survives. Details of the accident were not contained in the message received by Mrs. Weeks.

ELOPERS HELD AFTER 'FIGHT' ON HIGHWAY

KIDNAPING CHARGES FILED AGAINST YOUTH

WICHITA FALLS, Aug. 3 (AP)—Olive Carr, 13, missing Tonopah, Nev., girl, was picked up on the streets of Electra this morning by Police Chief Walter Suttle. Her elopement companion, Earl Wilson, 24, was being held in jail at Archer City following his arrest near Olney, Archer county, early Monday night by Police Chief U. D. Graves of Olney.

Electra authorities communicated with the girl's father, Edward Earl Carr, Tonopah merchant, who has filed kidnaping charges against Wilson. He said to hold the girl and the Tonopah sheriff would make arrangements for her transfer home. The girl said she and Wilson eloped July 28 from her father's grocery store, taking \$7 from the cash register, but that her companion had never offered to carry out his promise to marry her. A quarrel which originated because she thought Wilson was drinking too much, the girl said, caused a separation in Archer county late Monday afternoon. A few minutes later Wilson was picked up by officers but the girl herself had caught a ride to Wichita Falls, where she slept in a filling station. The girl caught a ride early today to Electra. She told officers she left voluntarily with Wilson. She said she did not know her parents had been looking for her, and that she had a pleasant trip until the quarrel developed Monday. "I don't want to marry him now."

PRODUCTION OF CRUDE OIL SHOWS INCREASE

TULSA, Okla., Aug. 3 (AP)—Production of crude oil in the United States increased 16,401 barrels daily during the week ended July 31, to an average of 3,597,673 barrels daily. The Oil and Gas Journal reported today. Oklahoma's production increased 375 barrels daily to 637,650. East Texas had an increase of 988 to 476,785 barrels and total daily production in Texas increased 14,217 barrels to 1,439,047.

TEXAS RANGERS GATHER FOR 18TH CONVENTION

SANTA ANNA, Aug. 3 (AP)—Tales of bold, bad men and cattle rustlers who held sway in Texas before the turn of the century were recounted today as Texas Rangers of the 70's gathered here for their 18th annual three-day reunion. Registration started this morning, and approximately 40 ex-rangers and their families were expected. Entertainment will include an old fiddlers' contest and square dancing in the streets. Speakers invited were Major George B. Black of Comanche, State Representative Ross K. Prescott, J. K. Baker and Sheriff Frank Mills, all of Coleman.

Cassidy's Wind up In Court After Trouble at Club

Three Cassidy's, two brothers and their nephew, wound up in justice court yesterday as the aftermath of what was described as a "young riot" at a night club Saturday night. Sheriff Earl Talley and Deputy Sheriff O. T. Lindsey said the trouble originated in a kin-folk squabble between Eli and Elmer Cassidy, brothers, and their nephew, Arthur Cassidy. Banged-up a bit, the three faced Justice of the Peace E. F. Young on charges of disturbing the peace. Arthur Cassidy pleaded guilty and was fined \$32.15. The brothers pleaded not guilty and bond in each case was fixed at \$250.

Free-for-All Lands 3 Negroes In County Jail

Three negroes, two men and a woman, were arrested by Deputy Sheriff George Inman in the "flats" yesterday afternoon following what the officer described as a free-for-all community melee.

The officers charged that Clay Davis shot at Joe Smith and that Mrs. Smith retaliated by attempting to slash Davis with a knife. Davis, taken before Justice of the Peace E. F. Young, pleaded guilty of disturbing the peace and was fined \$38.15. Mr. and Mrs. Smith entered bonds for \$200 each and today still were in the county jail in lieu of furnishing \$200 bond each.

EDWARD CLARK MAY RUN FOR TERRELL POST

AUSTIN, Aug. 3 (AP)—Edward Clark, secretary of state and close friend of Gov. James V. Allred, grinned today and said nothing when asked if he would be a candidate against C. V. Terrell, chairman of the railroad commission, next year. Various rumors about Clark's intentions have been floating about the capitol and the one that he would seek a place on the railroad commission was the latest. There also have been reports he would run for the attorney generalship. When Allred was attorney general, Clark was his assistant, and when the former became governor Clark was made his secretary. Later he was appointed secretary of state. While he had made no definite public statement in that connection, it was generally regarded as settling Clark's future, at least for the time being. Clark is 47 years old and is a Democrat. He is mentioned as possible candidates, in addition to Clark, include: W. N. Martin of Hillsboro and R. A. Start of Fort Worth, former state senators; County Judge Roy Hofbauer of Houston, Rep. Harry McKee of Fort Arthur and J. O. Johnson of Houston.

RESTRAINING ORDER IN EDUCATION CASE SOUGHT

AUSTIN, Aug. 3 (AP)—The Attorney General's department will seek to have a temporary restraining order against the state board of education set aside in a hearing before District Judge W. W. McCrory in San Antonio tomorrow. At a meeting here yesterday, the board authorized the department to act for it in opposing the order, which, forbidding any change in the per capita scholastic apportionment of \$22 recently set by the board, was granted on petition of the San Antonio Independent school district. Should the order be vacated there was every likelihood the controversy over the amount of the apportionment would be renewed.

HARLAN DEPUTY TALKS BEFORE LABOR BOARD

HARLAN, Ky., Aug. 3 (AP)—Testimony by Ben Unthank, former Harlan county deputy sheriff who was sought unsuccessfully by senate investigators three months ago, was before national labor relations board examiners today as they began the second day of a hearing on Wagner labor act violation charges against the Clover Fork Coal company, Kitts, Ky. Unthank, described before the senate civil liberties committee as "head road killer" for the Harlan County Coal Operators' Association, in his alleged efforts to keep the United Mine Workers of America out of the county, was the star witness at yesterday's session. Unthank described himself as chief detective for the association, and said 12 or 15 investigators, whose names he could not recall, were employed under him to check up on union activities. Leonard Shore, Cincinnati, an NLRB attorney, inquired: "Was it your purpose to prevent the organization of the United Mine Workers?" "I guess it was," Unthank replied.

FIGHT OVER HEIRESS HALTED TEMPORARILY

LOS ANGELES, Aug. 3 (AP)—A legal tug-of-war for Winifred Scott, 10-year-old oil heiress, halted temporarily today. Principals in the dispute are her grandmothers, Mrs. Lillie Morgan of Los Angeles and Mrs. Elizabeth Scott, Fort Worth, society matron. Mrs. Morgan's chief argument for keeping Winifred with her was that she would enjoy a more healthful climate here than in Texas. Superior Judge Robert Scott, granted a continuance until Thursday to permit a doctor to examine the young heiress and report on her physical and mental condition.

KNOWLES CHANGES JOBS

MUNDAY, Aug. 3 (AP)—Superintendent W. C. Cunningham has announced the election of J. M. Knowles as football coach and athletic instructor of the Benjamin schools. Knowles has been an instructor at Mobeetie the past six years.

Pampa Woman's Sister Killed; 3 Others Dead

The sister of a Pampa woman and three other residents of the Tell community near Childress were killed in an auto crash 15 miles south of Childress today. Mrs. Dixie Duncan, operator of the Santa Fe Coffee Shop left this morning for the scene of the tragedy, where another sister was seriously injured.

The dead: J. T. "Cot" Garrison, 25. John Byrnes, 37. Mrs. John Byrnes, about 30. Mrs. Zava Ashby, about 30, sister of the Pampa woman. The automobile crashed into an abutment of a bridge. All occupants of the car were well-known by Mrs. Duncan. Mrs. Jewel Smith, about 30, also a sister of Mrs. Duncan, suffered fractures of an arm and a leg. Mrs. Byrnes and Mrs. Ashby were killed instantly. Byrnes died en route to a hospital and Garrison died four hours later.

After the automobile had been wrecked and the five occupants thrown to the pavement, another automobile, coming down a hill, struck the wreckage, but there were no additional injuries. The group with Garrison as driver, were en route from Paducah, Tex., where they had been swimming to Childress. The survivor said she "believed something went wrong with the steering wheel" as the automobile went down the long hill to the bridge.

CIO CLAIMS GAINS ON SEVERAL LABOR FRONTS

WASHINGTON, Aug. 3 (AP)—Both John L. Lewis' C. I. O. and the American Federation of Labor reported gains today on several fronts in their battle for supremacy in the organized labor movement. The Committee for Industrial Organization said in its weekly bulletin that various affiliated unions had signed contracts in the last six weeks covering 23,000 workers in the Ohio valley without a single strike.

It also recorded the Transport Workers union, an affiliate, had signed a closed shop agreement with the New York City Omnibus corporation to cover 1,800 bus drivers and mechanics. The Textile Workers organizing committee, C. I. O. subsidiary, reported gains in the south, asserting it signed 42 contracts with a membership drive is now concentrated. The A. F. of L., however, said Marlboro mills employes in Bensenville, S. C. had asked the court to "release them from tyranny of the C. I. O. textile workers organizing committee and to stop check-off dues collecting system."

OLSEN CHARGED WITH THEFT OF \$48 HERE

Clarence Olsen was arrested by sheriff's officers yesterday on a charge of theft, following a complaint, filed by J. W. Ebb, a Pampa, who charges that Olsen took \$48 from him. Olsen waived examining trial before Justice of the Peace E. F. Young and was released under \$1,000 bond.

NO SIGNS OF LIFE NEAR IT SAYS REPORT

NINE PASSENGERS ON PLANE EN ROUTE FOR PANAMA

BALBOA, Canal Zone, Aug. 3 (AP)—The United States destroyers Babbitt and Taylor steamed at top speed today toward a point 20 miles off Colon breakwater where, airplane observers reported, the submerged, luxury amphibian Santa Maria was seen in the sea. A Pan-American-Grace air line spokesman said there was no indication as to whether any of the 11 passengers and 3 crewmen had survived.

Shortly afterwards, the navy said the aircraft tender Teal had been ordered to the place where the airliner submerged. A message to the navy department said a fleet airbase plane also had sighted the missing plane. "Fleet airbase plane sighted an engine section minus engine of missing plane about 265 degrees, 20 miles from Colon breakwater light," the navy message said. "No personnel or additional wreckage sighted. Search being continued for possible survivors."

Earlier, naval authorities in the Canal Zone had ordered out the submarines S-43, S-45 S-46, to join other surface vessels and aircraft in the search for the missing airliner. The full text of the terse message sent to the chief of army signal corps here by the signal officer of the Panama Canal department said: "Missing Pan American plane located 30 miles northeast Cristobal, totally under water. No sign of life."

War department officials expressed the belief any army plane participating in the search for the missing liner had made the report, but they were not advised as to this detail. BALBOA, Canal Zone, Aug. 3 (AP)—Twenty-two United States navy planes fanned out over isthmus and coastline today in search of a missing Pan-American-Grace Airways flying boat with three passengers and a crew of nine.

Two squadrons from the navy air base here searched the area south of here for the plane, which had not been heard from since it reported bad weather at 7:15 p. m. last night. A radio message then indicated the ship was nearing Cristobal, its destination on the Atlantic Ocean side of the Canal. It was not descending search of an opening in a heavy cloud bank.

The Pan-American Clipper, scheduled to take off at 6 a. m. today for Miami, Fla., and with which the missing ship was to have made contact, cancelled its flight and joined the search. All other Pan-American-Grace Airways ships also were taken from regular service to hunt the big Sikorsky amphibian which was flying from Guayaquil, Ecuador. The pilot was Steven Dunn. It was 24 hours behind schedule before leaving Guayaquil because of an overnight lay-over on a flight that started at Lima, Peru. The plane reported in its last radio message it was circling downward because of overcast skies. Because there was no report after that, it was thought the ship had alighted on the sea, possibly damaging its radio. Panagra and Pan American officials were confident of the pilot's ability to handle the craft safely under the circumstances.

(The navy department at Washington said a total of 65 planes, the navy aircraft tender Teal, the

TEED CHOSEN CHAIRMAN OF ARMY BOARD

Arthur Teed Pampa attorney, was named president of the local Salvation army advisory board, formed here late yesterday afternoon at a meeting in the Chamber of Commerce rooms. Other officers elected were: Tex DeWeese, vice president; R. B. Fisher, secretary, and James M. Collins, treasurer.

Envoys F. E. Lange, state public relations officer of the Army, was in the city to assist in formation of the board. Also present at the conference were Capt. Herman Lambrecht, head of the Pampa post, and his father, Major G. Lambrecht, of the Amarillo post. The advisory board, Capt. Lambrecht stated, will consist of from 12 to 18 Pampa residents who will counsel regularly with the Army officials here on post policies and expenditures. Other members of the board, named yesterday, include County Judge Sherman White, Charles Maisei, Mayor W. A. Bratton, Postmaster C. H. Walker, Paul Kaschky, Aaron Meek, J. S. Wynne, and Dan Gribbon.

Plans also were discussed at yesterday's meeting for a financial drive to be made for the Salvation army early in September. Capt. Lambrecht is expected to prepare a budget of the local post's needs for a year. This budget will be submitted to the advisory board members for discussion, and the goal for the drive will be set in the manner. It was estimated at yesterday's meeting that the first year's needs of the Army probably will be around \$3,000. The drive will start around Sept. 10.

EX-CONVICT CHARGED IN HOUSTON SLAYING

HOUSTON, Aug. 3 (AP)—W. L. Smith, 42, an ex-convict, was charged with murder today in connection with the slaying last Friday of J. C. Stiff, cafe operator. Detective Lieut. Cecil Priest said Smith was a companion of Fred Williams, Louisiana ex-convict who was shot to death by a posse a few hours after Stiff was killed. A second man was arrested with Smith. Officers selected by the army man was suspected of pointing Stiff to the other two for a planned robbery. No charges were filed against Smith's companion. Priest said Williams was identified as the "bringer" man in the Stiff slaying. He added he was convinced the two men intended to rob Stiff and the shooting was incidental.

TO NAME DELEGATES TO STATE JAYCEE MEETING

Five delegates to the state convention of the Junior Chamber of Commerce at Wichita Falls, Sept. 16 and 17, will be selected by Pampa Jaycees at their regular meeting, Tuesday, Aug. 17. President Dick Hughes announced at the weekly luncheon today. Jack Kreisinger, softball commissioner, made a brief report on the current softball tournament now under way here and urged support of the venture which is going on nightly at Recreation and Road-runner parks with some excellent games. Jack Foster, of Pampa, entertained luncheon attendants today with a reading.

JULY POSTAL RECEIPTS SHOW \$155 INCREASE

Pampa's postal receipts continue to climb with the July 1937 record passing that of the same month last year by \$155.18, according to a report released today from the local office. Receipts for last month totaled \$7,337.54 compared with \$7,182.36 for the same month last year. Other departments showed nice gains over last year, according to Postmaster C. H. Walker.

TEED CHOSEN CHAIRMAN OF ARMY BOARD

Arthur Teed Pampa attorney, was named president of the local Salvation army advisory board, formed here late yesterday afternoon at a meeting in the Chamber of Commerce rooms. Other officers elected were: Tex DeWeese, vice president; R. B. Fisher, secretary, and James M. Collins, treasurer.

Envoys F. E. Lange, state public relations officer of the Army, was in the city to assist in formation of the board. Also present at the conference were Capt. DOLLAR STABILIZATION DISCUSSED IN LETTER

WASHINGTON, Aug. 3 (AP)—President Roosevelt said in a letter to Senator Thomas (D-Okla.) made public today, that "it would be dangerous to adjust ourselves to any rigid pattern" in seeking to stabilize the value of the dollar. Mr. Roosevelt referred to "the complexity of the rapidly shifting international scene at present" in raising objections to Thomas' proposal to create a sliding scale of values by altering the dollar's theoretical gold content. Thomas made public the president's views at a senate hearing on his bill.

I SAW—

A greeting card from John S. Muller who last Thursday visited Garfield cavern.

THEY ALL AGREE = = =

THE GOODYEAR 'R-1'

IS THE VALUE OF THE YEAR

WHY?

LOOK!
HERE'S WHY
THE NEW
"R-1"
IS GREAT!

See these safe-mileage, big-value features which you get at this new low price because of Goodyear's unequalled facilities, experience and leadership.

FLATTER, WIDER TREAD gives you more road-contact, more traction

12% MORE RUBBER IN TREAD gives you longer wear, greater mileage

HIGHER, BROADER SHOULDERS give you more "hold" on curves

CENTER TRACTION gives you the Goodyear Margin of Safety

SUPERTWIST CORD IN EVERY PLY gives you maximum blowout protection

HANDSOME, STREAMLINED SIDEWALLS give your car smart, modern looks

Remember-
THE CHEAPEST THING ON YOUR CAR IS THE BEST TIRES YOU CAN BUY!

DID YOU KNOW-

THAT GOODYEAR CONSUMES NEARLY 1-7th OF THE RUBBER IN THE WORLD TODAY and approximately 1-3 OF THE TIRES SOLD IN THE UNITED STATES.

These facts may sound like exaggerated assertions, but they are conservative statistics of the American Tire Market.

Citizens thruout the United States have accepted the name GOODYEAR as meaning QUALITY in rubber merchandise.

When you buy—PUT GOODYEAR all the way around and be free from worry when your car is speeding down the highway.

... THIS IS WHY—Every week you hear the cry that prices are going UP! UP! UP! And it's the truth. Groceries, rent, all car expenses are much higher than even six months ago. YET THE WORLD'S LARGEST TIRE MANUFACTURER FACES THESE FACTS WITH A NEW TIRE at the price you're used to paying! And Gunn-Hinerman brings this tire to the people of Pampa and the Texas Panhandle because they—Along with the Goodyear, realize the necessity of a GOOD tire at the old price. The New "R-1" contains the incorporate principles of the "G-3" All-Weather, has 12 per cent more rubber in the tread than the ordinary tire, and the flatter, wider tread gives you that Goodyear Extra Margin of Safety!

THE IDEAL COMBINATION

... for any car or truck, no matter how large or small, is a brand new set of GOODYEAR "R-1" or "G-3" tires coupled with the new "LIFEGUARD" Tubes. In addition to having the extra blowout protection of the Supertwist Cord in every ply of the tire, Lifeguard Tubes offer you the added safety needed in every car. Let Gunn-Hinerman show you these sensationally new tires and tubes TODAY. Don't delay—it may mean the life of a member of your family.

The CHEAPEST THING on Your Car Is The BEST TIRES You Can Buy ... 501 W. Foster

RAKETEERING UNIONS PLAY A SMOOTH GAME

No matter how the individual citizen stands on the organizational rights of employes or employers, he will find it advantageous to be aware of the practices and principles—or lack of them—which distinguish racketeering from legitimate activity.

New York City has been going through a stiff course in these fundamentals with Thomas E. Dewey, special prosecutor of rackets, as teacher. And often the revelations have been startling.

The recent trial of a group of men for conspiracy to put out of business such bakeries as failed to abide by certain rules and prices established by an "association" provides some good examples of complications that may arise.

One witness testified that when a price-cutting baker was to be chastized, the organization put a "black wagon" on his route. The "black wagon," bearing no firm name, was to follow the route trucks of the price-cutter and underseal him.

A Bronx baker who suspected, but could not prove that union officials and officers of a bakers' association were conspiring to drive him out of business, told how his shop was picketed and one of his trucks burned. Other witnesses testified to payments they made to assure continuation of "protection" and to enforce the organization's rules.

A typical feature of the rackets is that their promoters are adept at picking out the right spot and the right time to begin without attracting attention. Usually, the best openings come when the public is enormously occupied with some other problem.

Right now, then, when scores of new unions are being formed, and uncertainty over industrial readjustments is diverting the attention of a nervous public, the field is perfectly smoke-screened for all shades and varieties of illegitimate organization projects.

The racketeer has been chased down and prosecuted, sporadically, in many communities. But he always comes back, and he always exactly the same toll from the common man, who usually already has had as much expense as his pocketbook will bear.

Therein lies an object lesson which may be painfully administered to any person unless he is forewarned and forearmed. There must be a weeding of the bad from the good, and all the good sense and discernment of everyone will be needed to do it properly.

In fact, besides those who are victimized by the chiseling imitators, many another honest person is likely to wake up some day and find himself actually affiliated with such a bunch of outlaws. That's just how smoothly the game is played.

Washington Letter

By PRESTON GROVER

WASHINGTON—Without being able to put a finger on the exact spot, readers of the report of the National Resources Committee on "Technical Trends and National Policy" are likely to get a distinct feeling that the writers of this latest national brain tome want the federal government to have more control of the employment of new inventions.

There is much diligent research in the 388 pages of the document, but much of it reads as if it had been clawed out of the piles of theses that any university has in a back room, left there by scholars who wrote them for Ph.D.'s.

You go for a scholarly gullip charts and graphs to come to this through polysyllabic words and prosaic conclusion:

"The outlook for the immediate future seems to be in the direction of further technological progress toward a level of productivity substantially higher than that attained prior to 1929. The rate of advance of course differs in different industries, but since our economic system has not evinced an ability to make this necessary adjustment fast enough, it may be expected that the dislocation occasioned by technological progress will continue to present serious problems of industrial economic and social readjustments."

Somewhat, we have felt nearly everybody knew that all along.

But somewhat more exciting is the conclusion of Bernard J. Stern of Columbia university department of social science. He tells an enthralling story of the difficulty various inventions, such as the steam engine, railroads, gasoline motors, and airplanes, had in overcoming public and governmental resistance.

As each new invention has come along, he records, there has been opposition to it on the ground it would create unemployment, would destroy existing industry, or present such a preposterous aspect as to drive people insane in droves.

"In most countries," he says, of recent times, "there have been requests for 'scientific holidays' and a moratorium on inventions," which have found echo in business and scientific circles."

He then steps out boldly to comment Soviet methods of fostering technological progress as

TEX'S TOPICS

Somebody writes into say that "Nick Totalloss," who had a signed letter in this space Sunday about the wrestling situation in Pampa, is merely a creature of the imagination, and that there is no such person. . . Sorry, but we have known Nick for more than 15 years now, and he has grown to be a very real person. . . Sunday was the first we had heard of him in more than two years. . . In fact, he was a regular contributor to our column in those days, and it made us very happy to hear from him again. . . We suspect that Nick will be very unhappy when he reads that he is under suspicion.

If Nick is so unreal, then there never was a Tom Sawyer, nor a Huckleberry Finn, nor a Peck's Bad Boy. . . In the days gone by, we used to accompany Nick to wrestling matches and it was from him that we got our ring-side low-down on the art of grunt and moan. . . He was as indispensable at a wrestling match as ham is to ham and eggs. . . Nick, by the way, is nobody's dumb-bell. . . He not only knows the wrestling game, but he can take a very serious interest in the civic affairs of a community, and he can discuss with remarkable thoroughness the goings on over in Europe and tell you right off what he thinks about the current Sino-Jap scuffle, and the reasons for it. . . I suspect we shall hear more from him. . . Yes, Virginia, there is a Nick Totalloss.

District Attorney Lewis Goodrich, the candidate for state's attorney general, put in some good campaign liks over in his home-town of Shamrock the other night when he acted a master of ceremonies at a beauty pageant and then presented the pulchritudinous winner with a trophy. . . It was the occasion of the annual Bathing Beauty and Water Pageant at which Miss Marian Smith, charming Magic City girl, carried off top honors, winning the coveted title of "Miss Eastern Panhandle". . . It is needless to say that Mr Goodrich, in his presentation speech, congratulated the comely young lady with a few well-chosen words, so to speak.

Having anything to do with beauty contests, however, is a hazardous business. . . Once we served as a judge in a bathing beauty contest and some of the mothers of the losing contestants to this day insist that we ought to be examined for bum eyesight. . . Pampa Oilers are giving Pampa plenty of publicity on the Denver sports pages these days. . . According to the Colorado sports writers, Pampa is the best drawing attraction up there—due to the fact that the roster of the team is more colorful. . . Much of this is due to the appearance of the name of Slinging Sammy Baugh, of All-American grid fame, who holds down the sizzling corner for the Pampans. . . Pampa, fresh from an opening victory, goes into tournament action again tonight against the Haliburton Cementers, of Duncan, Okla.

Hitler has set himself up as an art exponent, and, like some of the moderns, he seems to be spreading it on too thick. . . Science still hasn't succeeded in doing anything for the fellow who leaves an unsigned note under your door saying "See Me". . . The Marines now propel "hand" grenades with a gun, which is the answer to the jester who starts his letter with, "I take my typewriter in hand. . ." Picture the embarrassment of the actioneering school graduate who couldn't even get a bid to the commencement ball. . . President Roosevelt has taken another outing down Chesapeake Bay, site of the futile party love feast, probably on the theory that lightning doesn't strike twice in the same place.

Yesteryear In Pampa

TEN YEARS AGO TODAY

Pampa Harvesters had arranged their schedule to play the Amarillo Golden Sandstorm at the Tri-State fair on September 13. They were planning a 10 day camp, their first, to somewhere on the Canadian river.

Don Jones had suffered a slight fracture of the skull while diving in the Talley addition swimming pool. He struck a swimmer who was coming out of the water.

FIVE YEARS AGO TODAY

A house in the Merten lease burned, and when the ruins were examined, 25 pounds of ice were found where the ice box, burned to pieces, had been.

County officials announced that delinquent taxes could be paid in part by September, the rest later, in installments.

a means of achieving the governmental (Soviet) objective of a socialist, planned, large-scale economy for the satisfaction of "expanding consumers' needs."

He concludes with an assertion that the economic structure of a society is the principal factor in determining the speed of overcoming public and industrial inertia against new inventions. He hints that a planned economy which calls for government control, offers the best scheme under which the masses of the population may realize the benefit of new inventions. He says:

"Capitalism has inherent in its structure and functioning, factors which militate against such realization, and thus prevent industrial practice from keeping pace with scientific knowledge."

If that isn't a bid for the ouster of red-baiters, we've muffed it.

The Back View Isn't So Good Either

Man About Manhattan

By GEORGE TUCKER

NEW YORK—George Ross, on a late prow, happened by Lindy's the other night and fell in with a gang of insolpines. As usual the talk centered around the show, shops, what new plays were coming up, producers, Broadway characters in general.

Then somebody mentioned how tall Robert Sherwood is. He's the tallest playwright on earth, standing something over six six. Somebody else said A. C. Blumenthal was Broadway's shortest character, and from there they went on to identify Broadway, thusly:

Alexander Woolcott, heaviest; Irving Berlin, leanest; Fannie Hurst, most sedate; Vincent Hart, quietest; Robert Sherwood, tallest; A. C. Blumenthal, shortest; Hope Hampton, most glamorous; Anna May Wong, oddest dressed; Bide Dudley, Jr., youngest; Oscar Levant, most quick-witted; Vincent Freedley, suavest; Jack Osterman most typical Broadwayite; Sherman Billingsley, most gracious; Dick Maney, most eloquent "and a major poet at heart!" Maney is Billy Rose's, Noel Coward's and Guthrie McClintic's press-agent. He's up in Maine now.

Private lives: The girl who announces the show at El Toreador, Little Spain's contribution to the after dark Flamenco motif of Manhattan, is winsome and dark. But her features are less than precisely Latin. Nevertheless, she whangs a corking accordion and contributes Spanish airs with charming abandon.

Just what is your real name, one asks, idly. "Well," she says, "when I'm here it's Juanita, but when I go home it's Jean Peglar."

Gallows note: Al Woods is an imaginative producer. . . Although gentlemanly, his office is frequently a startling adventure to those seeing it for the first time. On his desk is a miniature gallows, with a tiny simulacrum dangling from a noose!

Jungle note: Two of New York's better press agents are Monty Proser and Carle Erbe. . . Sixteen years ago they met in a box car, on a railroad siding, near Butte, Montana. . . Both were Road Kids, living in freight jungle camps, traveling with hobos, riding the rods. . . Neither had ever heard of a percolator. They thought coffee was always brewed in tomato cans. . . So they stuck together, and the friendship has lasted all these years. . . Today Proser represents the interests behind the French Casino, most successful of New York theater-cabarets. . . Erbe handles Ben Marden's Riviera, the most beautiful night spot in the world!

STREAMLINED TRAINS TIE UP TRAFFIC

HOLDREDGE, Neb., (AP)—Maybe streamliner trains speed up railroad traffic but they appear to be slowing down Holdrege city traffic. So many automobiles have jammed the streets near the railroad station to watch the streamliner arrive every night that police have warned citizens they would take court action unless the practice of blocking traffic is discontinued.

NICE HORSE!

CONDON, Ore.—The main problem seems to be how to get the horse to stand still and to arrange for the lightning. Anyhow, John F. Crane, rancher, says a good jolt of lightning can cure deafness, in horses at least. An old horse of his, he said, was floored by a heavy bolt and struggled to his feet able to hear as well as a colt.

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—Slight variations on an old movie theme, catalogued under the "Madame X" formula, are to be found in the new Kay Francis picture, "Confession." More important to those fans who are weary of this formula, the film also contains interesting novelties in the technique of screen narration.

These, credited to Joe May's direction, save "Confession" from the "just another movie" list. Its story is banally tear-jerking, but May's method of telling it is different, and his use of the camera is interesting and often exciting. You are likely to leave the theater, therefore, wondering if you haven't seen something new after all.

Kay plays the wife and mother done wrong by Basil Rathbone, the charming snake. When she discovers, years later, her own long-lost daughter being beguiled by her betrayer, she says it with bullets. At the trial comes the "confession" which tells all, and—here is May's camera at work—neatly ties in and illuminates scenes from the movie's earlier stages.

Miss Francis, like Ruth Chatterton when she played these roles, wears blonde hair. If you cry easily, she'll jerk your tears. To me, the best acting is by Jane Bryan, as the daughter, and Rathbone, Ian Hunter, is there in a brief and thankless role.

Jean's Farewell The posthumous farewell tour of Jean Harlow is to be taken in a bright, raucous and very funny vehicle expertly tailored to her measure and Clark Gable's. Jean had practically completed her role of daughter of a horse-racing family when her fatal illness took her from the cast. Adroit editing, plus the use of a double in certain minor connecting scenes, enabled the film to be completed. And "Saratoga"—with a supporting cast including Lionel Barrymore, Frank Morgan, Walter Pidgeon, Una Merkel—is good comedy. Whether in the circumstances it will be enjoyed to the fullest depends, of course, on the emotional makeup of the individual seeing it.

An Intriguing Title Often movie titles intrigue me far beyond their importance, by their remoteness from any connection with the picture they adorn. "One Mile from Heaven" is one of these.

This is the story of the negress who adopts a white child and fights to keep it as her own. Fredi Washington, remembered from "Imitation of Life," plays the role. Claire Trevor is the newspaper reporter (strangely minus romantic lead) who brings up the issue to make a story. Bill Robinson, as a cop, dances as nimbly as usual, and as generously. And that's all there is—there isn't any more to give it point and substance. But Miss Trevor's amusing.

ANNA HAUPTMANN SURE BRUNO WAS INNOCENT

NEW YORK, Aug. 3 (AP)—Mrs. Anna Hauptmann, widow of Bruno Richard Hauptmann, executed kidnaper of the Lindbergh baby, came back from Germany on the Bremen today and said she was "more convinced than ever" of her husband's innocence.

Julius B. Bran, a private detective who said he represented her, asserted Mrs. Hauptmann had learned valuable information about the case while in Germany visiting relatives for two months.

How's Your Health?

Edited by DR. IAGO GALTSTON for New York Academy of Medicine

THE DOG DAYS MYTH

According to the ancient belief, dogs are particularly likely to go mad during the "dog days"—that period in the sultry, close part of summer.

Like so many common beliefs, this one is not supported by facts or experience. On the contrary, more rabid dogs are encountered in spring and winter than during the hot summer season. In fact, rabies is not a seasonal disease, but an all-year-round menace.

The rabies menace is a challenge to all dog lovers. The consequences of the disease are tragic to animals and to human beings. A dog does not become rabid spontaneously, but is infected by another dog (occasionally by some other animal). Man becomes infected most commonly by the bite of a rabid dog.

When the disease is once established in a human being, it is hopelessly incurable. We have no means for curing it, but we do have an effective preventive treatment. This is based upon Pasteur's famous experiments, by which he demonstrated that by the injection of modified Hydrophobia (rabies) virus, it is possible to render an individual resistant to the disease.

This prophylactic treatment (Pasteur's anti-rabies inoculation) has been subjected to many years of trial and there is nothing experimental about it now. The Pasteur Institute in Paris, for example, reports that in 10 years it prophylactically treated 6,156 individuals exposed to rabies. Of this number only one died.

To be effective, however, the treatment must be given as soon as possible. It should be administered whether the animal inflicting the bite is merely suspected or is known to be rabid.

A further contribution to the prevention of rabies lies in the muzzling of dogs. If all dogs were muzzled, the hazard of rabies would be substantially reduced.

Dogs may also be immunized against rabies. Such immunization requires but a single injection, and the immunity lasts about a year.

WHAT CONGRESS IS DOING

(By The Associated Press) Today

Senate: Debates Wagner housing bill. Rail finance committee inquires into Van Sweringen purchase.

House: Considers minor bills. Labor committee resumes study of wage and hour bill.

Agriculture committee considers wheat insurance bill. Joint committee considers tax evasion legislation.

Rivers and harbors committee continues hearing on power legislation.

Interstate commerce committee considers food and drug bill.

Yesterday: Senate began housing bill debate; House passed minor bills.

Answers to Questions

By FREDERICK J. HASKIN

A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. What type of automobile is most popular in the United States? R. E. R.

A. According to 1936 sales, the 4-door sedan came first, 2-door sedan second, and coupe third.

Q. Who furnished the money for the Mount Rushmore Memorial? S. E. F.

A. The money was furnished in part by the Mount Rushmore Society in the Black Hills, South Dakota, in part by an appropriation by Congress, and in part by popular subscription. The figures of George Washington, Thomas Jefferson, Abraham Lincoln, and Theodore Roosevelt are being cut into the mountain 230 feet deep and are to be 420 feet high.

Q. Is affect ever a noun? W. H. A. In psychology, affect is used as a noun meaning feeling, emotion, and desire with an implication of their importance in determining thought and conduct.

Q. In real life did Mrs. O'Shea marry Farnell? J. McG.

A. O'Shea filed a petition for divorce in December, 1889, and after the decree was granted, Farnell and Mrs. O'Shea were married. The marriage took place in Jun, 1891. Farnell was deserted afterwards by his party and his political career was ended. He became ill from worry and physical ailments, and left Ireland. He died at Brighton, England, October 6, 1891.

Q. What percentage of the family income is spent for housing, clothing, food, etc? H. W. M.

A. The current index of the National Industrial Conference Board shows that 33 per cent of the family budget is spent for food, 20 per cent for housing, 12 per cent for clothing, 5 per cent for light and fuel, and as much as 30 per cent for miscellaneous expenditures.

Q. Who owns the railroads in Trinidad? J. E. C.

A. They are all government owned.

Q. Please give some information about the Filipino Siamese twins. C. H.

A. Lucio and Simplicio Godino (1908-1936) were the Filipino Siamese twins. An operation to separate his brother from Lucio, who died of pneumonia, failed because he contracted spinal meningitis after eleven days.

There's Good Fun Telling Fortunes

Here is a booklet showing how to read fortunes in a variety of ways. It tells what the stars predict, what the lines of your hand foreshadow, and what your dreams mean. In addition to all this, "Fortune Telling" shows how to read cards and dice; how to interpret tea leaves and coffee grounds, and adds a wealth of interesting facts on omens, and superstitions.

This booklet will provide endless amusement at any party. Even the most serious-minded must relax occasionally, so why not tell fortunes? It's good fun. Enclose ten cents to cover cost and handling. Use this coupon.

USE THIS COUPON The Pampa Daily News Information Bureau, Frederic J. Haskin, Director, Washington, D.C. I enclose herewith TEN CENTS in coin (carefully wrapped in paper) for a copy of the booklet FORTUNE TELLING. Name: Street: City: State: (Mail to Washington, D.C.)

SIDE GLANCES

By George Clark

"After all this rain, we have only two days left to swim, hike, ride, play tennis and golf, and get a dark tan."

Book a Day

By BRUCE CATTON

Two better-than-average mysteries are offered currently by the Crime Club in Joel Y. Dane's "The Cabana Murders" (#2) and William Edward Hayes' "Before the Cock Crows" (#2). Lippincott adds another thriller to the list, although it's not so well done as the first two, in "Round Robin" (#2) by Graham Ward Bain.

"The Cabana Murders" again features Dane's wisecracking, hardboiled member of the New York homicide squad, Sgt. Cass Harty, and is as fast moving and well constructed as his first mystery, "Murder Cum Laude." In Harty's solution of some particularly gory murders will satisfy even the most exacting of mystery readers.

"Before the Cock Crows" is another "second" and the author again offers his star character, Arthur Halsland, a private detective, excellent opportunities for action and deduction. There's a hint of the supernatural in the book that adds to the mystery, and as you've guessed by the title, a fighting cock plays an important part in the solution.

"Round Robin" offers a modern Robin Hood in the business of stealing from the rich to give to the poor. But it doesn't click as well as it might and is pretty dull in spots. However, if you like young Englishmen who are carrying this business of cricket into the realms of police work and second-story activities, you'll probably enjoy it.

So They Say

Finding happiness in Hollywood is like finding contentment after a 16-course dinner. Everyone gorges himself in living and wonders why real happiness escapes him.—Borah Minnech, film comedian and musician.

The English galleries (at Ryder cup matches) were lumen sports. Personally, it's okay with me if I never go back to England.—Ralph Guiland, United States Open Golf champion.

Employers are duty bound to listen to the grievances of their employees.—Bishop James Schrems, Cleveland, O.

The American conception of decency, morality and respect of government is far more important than a billion dollars' worth of revenue.—Gov. Frank Murphy, Michigan.

Let us realize that once war has begun there must be no looking backward and that we must fight to the bitter end.—Gen. Chiang Kai-Shek of China.

Bahama Negroes Celebrate Their Freedom Today

NASSAU, Bahamas, Aug. 3 (AP)—The thump of goatskin drums and the wail of bottle-and-comb music roused the usually drowsy Fox Hill parade this morning, for today was emancipation day and all the Bahamians celebrated.

The parade, a sunny green shad- ing, aside, a sunny green shaded by two enormous silk cotton trees at either end, was the scene of day-long festivities by which the predominant Negro populace commemorated with singing and dancing their freedom from slavery in 1834.

CIVIL SERVICE EXAMINATIONS The United States Civil Service Commission has announced open competitive examinations for the following positions:

Associate naval architect, \$3,200 a year; assistant naval architect, \$2,600 a year; dental laboratory mechanic, \$2,000 a year; assistant dental laboratory mechanic, \$1,440 a year; dental hygienist, \$1,620 a year; Public Health Service, Treasury Department, and Veterans' Administration.

Full information may be obtained from O. K. Kaylor, Secretary of the U. S. Civil Service Board of Examiners, at the post office or customhouse in this city.

KING OIL AND CITIES TEAMS TO CLASH IN 'DREAM' GAME TONIGHT

TEXACO TEAMS TO BATTLE AT PARK DIAMOND

Thrill-night in the Panhandle District Softball tournament is scheduled to be tonight at both parks after elimination games last night. Six undefeated and two beaten teams will meet in tonight's schedule of games as follows:

At Road Runner Park
King Oil vs Cities Service, 8:30 p. m.
Shamrock of LeFors vs Gulf of Borger.

At Recreational Park
Jaycee Juniors vs Taylor Grocery of Amarillo, 8:30 p. m.
Texas of Pampa vs Texaco Firechiefs of Amarillo.

In games last night Gerhart Creamery eliminated the Universal Oilers of Panhandle, 7 to 6, and Stanolind sent Coltex "B" of LeFors home with a 7 to 3 drubbing in games at Road Runner park. Danciger routed the Leftovers from competition with a 21 to 6 beating while Coltex "A" of LeFors sent Harris Food home with a 7 to 3 lacing in games at Recreational park.

Tonight at both parks, results of the baseball game between the Pampa Oilers and the Halliburton Cementers of Duncan, Okla., in a feature game in the Denver Post baseball tournament. Last night Huber of Borger swamped Eason Oilers of Enid, Okla., 11 to 2.

A play-by-play account of tonight's game will be flashed on the Pampa Junior chamber of commerce electric scoreboard in city auditorium. The game will be called at 9:30 o'clock, Pampa time. Admission will be 15 cents for women and children and 25 cents for men.

Pampa and Duncan ball clubs have already met five times this season with Duncan having a 4 to 1 victory standing. Tonight Manager Fred Brickell will probably send Lefty Herman Drefs to the mound in an effort to win over the Cementers. Drefs points to the curveball artist Harry White getting the call for Halliburton, with Lefty Jimmie Walkup second choice, chiefly because of the numerous left-handed hitters in the Pampa lineup.

There might be a chance that Brickell will start little Bud Rose against the Cementers. Rose is a newcomer to the Oilers. He won the Wichita State tournament for Kansas City police last week and is said to be one of the best left-handers in semi-pro ball.

Needing all the power possible, Sam Sealing will more than likely be sent into the game tonight, either in place of McNabb or Brickell, if there is a possible chance that Dutch Prather will be sent to first and that Sealing will resume his old position in right field. All will depend on whether Manager Brickell thinks he or McNabb can outpitch Cox and whether Lefty Jimmie Walkup can handle the mound.

Auditorium will be cool by 9:30 tonight and fans will have a comfortable place in which to witness the play-by-play account of the game being given through courtesy of the Jaycees. All windows in the auditorium will be opened at sundown to allow the wind to blow through.

Oilers Will Face Rough Foes At 9:30 Tonight

BORGER BEATS EASON OILERS IN 11-2 ROUT

DENVER, Aug. 3 (AP)—Venerable Grover Cleveland Alexander sent his Springfield, Ill., team out today for the victory it needs to stay in the Denver Post baseball tournament. The invaders from the Illinois capital were booked for a clash with Minnesota Mines from Empire, in Colorado's gold-bearing mountains. Each team has won one and lost one.

In other games today two Denver teams, Midget and Goalstone, face each other, and Duncan, Okla., Halliburton, national semi-pro tournament title last year with tangle with the Pampa, Texas Oilers.

Yesterday's results: Worland, Wyo., 7, Duval-Davidson, Golden, Colo., 6, Denver American Beauty 0.

Huber Carbon, Borger, Texas, 11, Eason Oilers, Enid, Okla., 2.

Byron Chody, Borger's speed ball right hander, hurled one of the best games of the tourney last night, holding the Enid crew to five hits and whiffing 11 batters.

A home run by King, one of Enid's best pitchers, was the only potent hit made off Chody. The losers' other run resulted from a dropped fly ball.

At Summers and Hack Wilson pooled three hits apiece in Borger's 13-hit spree. The Texans backed Chody's great pitching with three double plays. Jack Baer, Oklahoma University quarterback who patrols centerfield, and Claude Giehrst, shortstop, made sparkling plays for Enid.

HERO JOHNSON BEATS VILLAIN MEXICAN HERE

Gust Johnson demonstrated to Senor Pancho El Pulpo that it doesn't pay to get rough with a real wrestler when he won the main event at Cliff Chambers wrestling show last night. The Mexican won the opener, lost the second on a foul and then dropped the deciding fall.

The big Mexican battered Johnson into submission to win the first fall in 13 minutes with an airplane spin. Proceedings started off nicely but Johnson got the Mexican in an arm hold and the dirty work started. Pulpo did a little choking, one-finger pulling and generally went unorthodox. He had Johnson on the run and won handsly.

Starting fast, Johnson got the Mexican in a hammerlock to open the second fall and he worked on the same arm for six minutes. Pulpo used all the tricks in the game to break loose, but couldn't, so resorted to hitting low. That drew down the wrath of Referee Johnson who battered Pulpo around the ring when he showed fight. Johnson regained his feet although badly injured. Pulpo started roughing him and the referee gave the fall to the Swede, much to the Mexican's disgust.

Johnson continued to work on El Pulpo's arm in opening the third fall and the fireworks started. Both used elbows to jaw and solar plexis until El Pulpo apparently had Johnson out cold. When he came in for the kill, however, Johnson had enough left to side step and pick the Mexican up for a mighty slam and victory in eight minutes.

Wrestling's Frankenstein, in every day life Frank Wolff, made his first appearance and it was a stormy one. He wrestled and roughed his way to a 26-minute victory over Olie Erickson in the semifinal. When in head trouble, Wolff would pull his massive head into a huge pair of shoulders and his opponent's hold would slip loose. His big arms got him into trouble consistently and it was necessary to go ropeward or get unorthodox to get loose.

Olie got mad a couple of times and gave the fans a treat but mostly he took it and came out on top. If Olie would get mad and stay mad a few minutes, he wouldn't have a peer in the game. Wolff used his terrific strength to pull Erickson's arm up behind his head in a beautiful hammerlock and then smothered him for the fall.

Holds were exchanged like lightning in the preliminary which saw little Tex Hagar stay the limit with Tarzan Krause. It was a beautiful sight to see the two perfectly built boys wrestle.

Bradley Makes Annual Offer to Race Gamblers

SARATOGA SPRING, N. Y., Aug. 3 (AP)—Society and horsemen from all walks of life pulled the string from bountiful purses today for sportdom's biggest gamble—the purchase of yearling race horses.

As prospective bidders thumbed stud books for blood lines of the offerings of the Fasig-Tipton Company's sales, Col. Edward R. Bradley, the only man ever to win four Kentucky derbies, made his annual offer to the betting fraternity.

"I will wager even money you can't name a single horse in the sales that will win one race on any race track in the entire country next year," Bradley said.

Because the young horses sold have never faced the barrier and because most of them are still unbroken to the saddle, Bradley calls the sales "the biggest gamble in sports."

Scheduled to continue for two weeks after tonight's opening, the sales once sent a \$65,000 horse out to die trying to win a race and several times turned out champions for a song.

HOOPER WAS RIGHT
MAYSVILLE, Ky.—Eugene Merz wrote a letter to former President Herbert Hoover and enclosed a newspaper clipping about grass growing a Maysville street.

He recalled, he said, hearing Hoover predict during the campaign that would happen.

Today he showed friends a letter. It read: "Dear Mr. Merz: That was very important news which you sent me. I am obliged for it. (Signed) Herbert Hoover."

TOURNAMENT SCHEDULE

Tonight's schedule in the Panhandle District Softball schedule is loaded with dynamite, as follows: (First game at 8:15 o'clock at each park).

At Road Runner Park
Cities Service vs King Oil.
Shamrock of LeFors vs Gulf of Borger.

At Recreational Park
Pampa Jaycees vs Taylor Grocery of Amarillo.
Texas Firechiefs of Amarillo vs Texas of Pampa.

Wednesday night's schedule will be:
Skelly vs Phillips
Bordens of Amarillo vs Roberts-Oliver of Amarillo.

At Recreational Park
Panhandle Laundry of Amarillo vs Gerhart Creamery.
Smith Brothers Refinery of McLean vs Rig Service station of Borger.

TENNIS STARS LOSE IN MEADOW CLUB WEET

SOUTHAMPTON, N. Y., Aug. 3 (AP)—Minus three of its stars, the 47th men's invitation tennis tournament at the Meadow club entered its second round today.

Jack McDiamid, the Princeton professor who was seeded third, Charles Harris of West Palm Beach, Fla., No. 4, and Fumiteru Nakano, Japanese Davis cup player, found the first round opposition too tough yesterday.

McDiamid ran into Gardner Mulloy of Miami took a 6-1, 6-4 beating; Harris lost to Don McNeil, National Junior indoor champion from Oklahoma City, 8-6, 6-1. Nakano blew a match to Owen Anderson of Hollywood, Calif., 6-8, 6-2, 8-6.

KID MCCOY WEDS 9TH WIFE AT BIRTH PLACE

RUSHVILLE, Ind., Aug. 3 (AP)—Kid McCoy, former world's middle-weight champion, embarked today on his ninth and last honeymoon, he said, because "they count me out at ten."

The 63-year old "Kid," born Norman Selby in Moscow, Ind., near Rushville, came back to his home county yesterday to be married to Mrs. Sue Cobb Cowley of Detroit, Mich.

His bride, distant relative to the humorist, Irvin S. Cobb, herself has been married three times previously. She gave her age as 44 when the couple obtained a marriage license.

The former pugilist and his bride here, planning to leave today on a week's trip through Michigan before returning to Detroit, where Selby is employed in the personnel department of the Ford Motor company.

All his former wives are living, Selby said.

White Sox And Cubs To Begin New York Series

(By The Associated Press)

The White Sox, who claim to be Baseball's best apple-cart kickers, are in New York to meet the Yankees and teach them there's more than one club in the American league.

Only grandpappy remembers when the American league first and second place clubs were running closer than the National league leaders at this stage of the game. That's the situation today as, after a day's rest, the big league teams reopen hostilities with the White Sox-Yankee double bill heading the list.

The Sox are trailing the Yankees by five games while the Cubs top the National league and the Giants by six.

The first game of the double bill will be Lou Gehrig's 1,900th straight at first base for the Yanks. Lou will be presented a watch for having won the American league's most valuable player award in 1936.

The Sox have won eight of their 14 games with the champions and they were very hot when the Yanks last visited Chicago, taking three out of four from the world champions.

Chief offensive weapon in Jimmy Dykes' locker is an outfield of Mike Kreevich, Dixie Walker, ex-Yankee and Rip Radcliff, hitting .315, .305, and .338, respectively.

The New Yorker's own sophomore prize, Joe DiMaggio, has done pretty well against the Sox. Joe has bombarded Sox hurling for six of his 31 homers.

The Cubs will try to add to their lead in a three-game series with the Phillies, which opens today, while the Giants move on to the more hopeful precincts of Cincinnati and a series with the Reds. The Dodgers meet the Pirates in a doubleheader and the Bees and Cards open at St. Louis. In the other American League games today Cleveland plays at Boston, the Athletics entertain Detroit, and the Browns invade Washington.

SNAKY FEELING

ARAPAHOE, Neb.—Dr. L. E. Sykes told friends about a snakey and snakey feeling he had when he stepped on something cold and squirming in his bathroom. He switched on the light and discovered a three foot snake curled up on the carpet.

KNOCKOUT DEAL TO CLIMBING COSTS BY GOODYEAR'S NEW SURPRISE TIRE "R-1"

RIGHT ON THE NOSE! New "R-1" is built-to-order for millions who want tires with real nation-wide reputation — THE leading make—at the price they're used to paying!

RUSH! It took less time to get here than it took to get there. Stepping to beat jumping prices but Goodyear did it—no give you First-Class Travel at Reduced Rates!

Rubber Industry's Leader Meets Challenge of Rising Prices with Startling New Product that Hits Value Bull's-Eye for Millions!

—is based on the principles of long-wearing economy, safe going and super-mileage learned in building more than 23,000,000 Pathfinders—and "G-3" All-Weather tires, most famous in the world!

HERE'S something done about "higher prices" — while millions of car-owners stand up and cheer! Labor is up—so are materials and all kinds of production costs—and that's no secret.

But Goodyear—greatest tire-maker in the world — has been fighting and working to solve that problem for you. With brilliant success, as these facts show!

At the first real threat of rising costs, Goodyear went to work — using all the resources, facilities and experience that have made Goodyear the greatest name in rubber. Brains and ingenuity went into that job — won with a knockout of a new tire, AT THE PRICE YOU'RE USED TO PAYING!

Biggest tire-thrill in years!

This husky new wear-defying big fellow — the "R-1"

THIS PICTURE SHOWS THE GOODYEAR LINE-UP TODAY

- GOODYEAR ALL-WEATHER
- GOODYEAR SPEEDWAY
- GOODYEAR R-1
- "G-3" Greatest safety and mileage money can buy
- "R-1" Gives you first-class travel at reduced rates
- SPEEDWAY Lowest possible price at which a good tire can be built

You'll get a thrill out of the size and brawn and beauty of the new "R-1." Lots of "beef" for more mileage — 12% more rubber in the tread. Super-footed on the turns—because shoulders are higher and broader. More traction—more road-contact—because the tread's flatter and wider.

It's packed with top-value Goodyear features: Center Traction—the Goodyear Margin of Safety; wider riding-ribs for easier steering and slow, equalized wear; patented Supertwist Cord in every ply for maximum blowout protection.

See it for yourself! Ask your nearby Goodyear dealer or Goodyear Service Store to show you the "R-1" in the right size for your car. Don't wait—see it and start saving now!

LOOK WHAT YOUR MONEY BUYS IN GREAT NEW "R-1"!

Here are some of the safe-mileage, big-value features which you get at this new low price because Goodyear facilities and experience have no equals in the whole tire industry: FLATTER, WIDER TREAD gives you more road-contact, more traction

12% MORE RUBBER IN TREAD gives you longer wear, greater mileage

HIGHER, BROADER SHOULDERS give you more "hold" on curves

CENTER TRACTION gives you the Goodyear Margin of Safety

SUPERTWIST CORD IN EVERY PLY gives you maximum blowout protection

HANDSOME, STREAMLINED SIDEWALLS give you a car smart modern looks

Remember—THE CHEAPEST THING ON YOUR CAR IS THE BEST TIRES YOU CAN BUY!

Ohio Town Tries Barrel Justice

The whipping post in another form has returned to Powhatan, O., as the picture above proves. In the last five years Marshal Edward Carpenter has laid approximately 200 boys across a barrel and soundly whipped or paddled them, and as a result, juvenile misdemeanors have been greatly minimized. Although Judge Harry L. Albright, county juvenile agent, has "heard reports" of the "barrel justice" whippings, he knows only that Powhatan's juvenile delinquency somehow has become less of a problem.

Farmer-Labor Party Bee Buzzing Busily Daily

By RODNEY DUTCHER Pampa Daily News Washington Correspondent WASHINGTON, Aug. 3—A substantial farmer-labor party is in the stage of discussion and planning by leaders of farmer and labor groups. Labor's Non-Partisan league, a coalition of C. I. O. and A. F. of L. groups organized for political action, is going to have a little brother, the Farmers' Non-Partisan League. Probably there will be no farmer-labor presidential ticket in 1940, although insiders of the movement hazard the guess that there will be such a ticket in 1944. Meanwhile the two leagues will work closely together in seeking to elect progressive candidates in 1938, and will hold themselves ready for any kind of a political alignment in 1940—such as the likely split between conservatives and progressives in the Democratic party.

Organization Planned A conference at St. Paul, before long, at which farm delegates will predominate and both progressive congressmen and leaders of the labor league will attend, is being planned. States where preliminary organization is planned are Minnesota, Wisconsin, the two Dakotas, Nebraska and Montana. Assurances have been received that in each county of those states can be found a man who will be active in a farmer political movement. It may have escaped notice, but William M. Thatcher, a leader in the Farmers' Union, and other farm organization men—including the head of the North Dakota Farmers' Union—appeared at the Labor's Non-Partisan League convention here a few months ago. The labor league has announced it would open regional offices which would organize in all counties, urban and rural. Already it has a paid representative at Des Moines, Ia., who will attempt to organize farmers as well as workers.

Close Tie to C. I. O. One factor which may hurt the movement is a widespread report that the LNPL is a political appendage of John Lewis and the C. I. O. But the LNPL claims it has more than 50 officials of A. F. of L. unions on its executive boards—none of whom have resigned—and that more than half its officials are A. F. of L. men.

E. L. Oliver, executive vice-president who is in charge of the movement since Senator George Berry quit as president, is the former director of research of the Brotherhood of Railway Clerks, and A. F. of L. union. Nevertheless, Lewis and Sidney Hillman of the Amalgamated Clothing Workers were the prime movers behind the league's organization and installed Berry, head of an A. F. of L. union, as president.

Labor Increasingly Active Labor has taken an active part in more campaigns than ever before, and helped elect many friendly officials last year. In previous decades farmers have shown they can take political action, as in the Populist, Granger and Bryan movements and recent defections from the Republican party. There is still much radical feeling in Iowa, Nebraska, the Dakotas and Montana—or so one hears—as well as Farmer-Labor

PLAINVIEW WPA WORKER STRUCK BY CAR, KILLED

PLAINVIEW, Aug. 3 (AP)—Vernon Wright, 52, WPA worker, died here Monday of injuries received when he was struck by an automobile. Police said Miss Laverne Funk of Duncan, Okla., was the driver of the automobile. Her father, M. P. Funk and other members of the family, en route to Albuquerque, N. M., on vacation, remained here of their own violation. Chief of Police Ote Martine said that witnesses with whom he had talked said the accident was unavoidable.

'Ranger Went Like Train,' Says Wife Of British Skipper

NEWPORT, R. I., Aug. 3 (AP)—Blonde Phyllis Sopwith, wife of the skipper of Endeavour II, said after the second defeat of the British sloop, "Ranger went like a train." "Nobody minds being beaten by a better boat," said Mrs. Sopwith, who sails in each race as her husband's timekeeper in the America's Cup series off Newport. The series, she added quickly, is not over—"one always has hopes to the last breath."

In the lounge of their palatial yacht Philante, named for her and the Skipper's 5-year-old son, Thomas Edward, she said of the race: "We're not a bit unhappy about it. It would be a pretty poor sport who didn't say to the victor, 'Jolly good luck to you!'"

JOY KILLER BALAIR, Neb.—Jonas Burcham, guard at the municipal swimming pool here, would like to get his hands on a certain bather with a vicious sense of humor. Burcham discovered someone sprinkled tacks around the dressing room. He's especially angry because he stepped on a few.

Stamp News

The competition is for the design of a one-cent United States postage stamp picturing George Washington. It is proposed to issue a series of various denominations which shall be related in design, and eventually to picture each of the presidents. Five hundred dollars will be awarded as the first prize; \$300 for second prize and \$200 for third place.

All American artists, amateur and professional alike, are invited to enter the contest. The competition closes Sept. 15. Detailed information may be obtained from the Treasury Department, Procurement Division or the Post-office Department, Washington.

The new Constitution stamp will have as its central design a reproduction of J. B. Stearns' painting showing the actual signing of the Constitution. Further details as to size, color, first-day covers on her disastrous 6970-the-world flight. Collectors the world over had subscribed for these in advance.

The annual American Philatelic Society convention will be held in Detroit, Aug. 31 to Sept. 3.

Amelia Earhart carried 6970 covers on her disastrous 6970-the-world flight. Collectors the world over had subscribed for these in advance.

JAP INFANTRY MARCHING TO MEET CHINESE

TIENTSIN, Aug. 3 (AP)—Japanese warplanes rained bombs on the van-guard of the advancing Chinese armies today at Tchowou on the border of Hopeh and Shantung provinces 80 miles south of here.

JAPS REJECT SOVIET RAID ON CONSULATE

MOSCOW, Aug. 3 (AP)—The newspaper Izvestia, official organ of the Soviet government, today charged Japan was trying "to provoke a conflict with the U. S. S. R. by any means" in a denunciation of the wrecking of the Russian consulate at Tientsin.

The entire Soviet press blazed with indignation as Japan rejected a "determined" Russian protest against the raid on the Russian consulate during the fighting between Chinese and Japanese for possession of the city.

Izvestia declared the attack on the consulate by white Russians opposed to the present Soviet regime was inspired by the "insolent, cowardly action of Japanese militarists" and charged it was made in revenge for the failure of frequent attempts to raid Soviet frontiers.

"The white guard provocateurs' Japanese masters should know their vile provocations toward the U. S. S. R. will fall and not remain unchallenged," Izvestia said, "organ of the Communist party."

The Russian press expressed open sympathy for China in the conflict with Japan over the rich north China provinces of Hopeh and Chahar.

"It is not enough that the Japanese army is bombing Chinese cities and occupying a peaceful territory," Pravda asserted.

"It is using every occasion to try to provoke new conflicts. The path of the Japanese troops is strewn with bodies," Pravda said, "and Chinese quarters they are strolling all over the city like hungry wolves searching for objects to attack."

The press also attacked the Chinese administration of the Eastern Railway and accused it of again withholding pensions due former Soviet employes of the line.

Soviet moves had failed to obtain payment of pensions for more than 1,500 Soviet citizens under the terms of the Soviet cession of the road to Manchoukuo, the press dispatch declared. These arrears, which had been previously suspended in April, 1935, and January, 1937.

The Japanese ambassador to Moscow, Mamoru Shigemitsu, told the Russian foreign office last night his government could not comply with Russian demands that arrears be published, property seized by them returned and compensation paid for the damages.

The Soviet charged the attack was made by White Russians, who are opposed to the Soviet regime, and organized by the Japanese intelligence service.

"Japan has no interest in troubles between the Russians," the ambassador said, pointing out the raid was executed by White Russians and denying Japanese intelligence was behind the attack.

Verbal representations were made to the Japanese embassy in Moscow while a formal protest was lodged with the Japanese government in Tokyo. Soviet officials described their protest as "determined" but gave no indication as to how far they would carry the demands.

The incident added further strain to the delicate relations which have existed between the two governments since Russian and Japanese troops clashed in June over the islands in the Amur river, northeastern frontier of Manchoukuo and Siberia.

(Continued From Page One)

and I am ready to go home," the girl said.

A check-up search which carried Federal and Nevada officers over the southwestern portion of the nation was climaxed at Olney, 18 miles from here last night, with the capture of Wilson.

Wilson, who faced a charge of kidnaping in Nevada, was taken by Chief of Police A. D. Graves of Olney shortly after dark on the outskirts of the city after he had been notified by a woman and a man were fighting on a highway.

Graves arrived too late to apprehend the girl, who witnesses and Wilson told the officer, had entered another automobile with three men and driven off toward Wichita Falls.

Sheriff Alvie H. Goshier of Archer City, who took Wilson into custody, said the slender six-footer told him the following story:

He and the girl had gone from Tonopah to Los Angeles, Calif., and had been married under assumed names. They then hitch-hiked to Helena, Montana, and from there to Texas.

Yesterday, he told Goshier, they had taken up with three men he did not know who were in a small sedan. Goshier said the license indicated it had been obtained in Young county, Texas.

Wilson told the sheriff there had been "some drinking" resulting in a quarrel with his "wife." On the outskirts of Olney he called for help but failed to stop the girl from leaving with the men.

A woman's clothing, said by Graves to belong to the girl, later was found by Goshier on a roadside one mile north of Olney.

E. E. Carr, Tonopah merchant and father of the girl, has filed kidnaping charges against Wilson.

EMILIE DIONNE ILL
CALLANDAR, Ont., Aug. 3 (Canadian Press)—An upper respiratory infection today put Emilie Dionne on the quintuplets' sick list and isolated her from her four lively sisters. A Toronto children's specialist, Dr. Alan Brown, called into consultation by Dr. Alan Dafoe, said Emilie should recover in a few days from the infection apparently "obtained from outside sources."

Flying Codona Kills Self, Wife

Brooding over his retirement from the circus after a fall two years ago and divorce from his wife, Vera Bruce, he was blamed for the suicide of Alfred Codona, above, the "Man on the Flying Trapeze." Codona turned a gun on himself after he had fired four shots at

GERALD MANN TOUTED AS NEXT ATTORNEY GENERAL OF TEXAS

Gerald Mann, former Texas college football hero, "broke into print" in a recent issue of the San Francisco Call-Bulletin which came to the NEWS yesterday. In fact, the story predicted that Mann would be Texas' next attorney general.

Back on the afternoon of January 1, 1928, Gerald Mann of S. M. U. kept throwing passes to Rags Matthews of Texas Christian for the greater glory of the West's All-Star football team. It is a great display of football fireworks, which many fans still remember as one of the outstanding feats of many of the Shrine East vs West classics.

Mann spent 1925, 1926 and 1927 at S. M. U. under Ray Morrison, was backfield coach for two years and then graduated from Harvard law school in 1930.

The present governor of Texas, James V. Allred, when attorney general, appointed Gerald as assistant and later moved him into the position of secretary of state for Texas. He authored the present Texas securities act, which has saved investors in Texas millions of dollars.

Mann resigned from the secretary of state's job to represent Texas as before the administrative bodies in Washington and secured \$100,000 in federal profits for his state, returning to Dallas in 1935 to enter into private practice of law.

No modern football player has traveled as far as has Gerald Mann. Folks down in Dallas and throughout the state of Texas report to him now that he will be the next attorney general of Texas. He'll have thousands of northern California football fans pulling for him as well as those reconstructed kids from the Shrine Hospital for Crippled Children.

Typhoon Signals Aloft in Luzon

MANILA, Aug. 3 (AP)—Typhoon signals remained aloft in northern Luzon today, adding further fear for residents of provinces around Manila, beset for nearly two weeks by torrential rains.

The death toll as a result of floods caused by the incessant rainfall remained officially at 17 although it was believed others had drowned or succumbed to disease.

In addition to the deaths, tremendous property damage was reported in the provinces of La Union, Bulacan, Pangasinan, Batangas, Tarlac, Pampanga, and Nueva Ecija. In these areas the staple crops, rice and sugar cane, have been particularly hard hit.

Defends China

Abandoning hope of peaceful settlement of the Far East crisis, Gen. Sun Chen-Yuan, chief of the North China government, summoned all troops in the northern provinces to the defense of Peiping. Soldiers from Nanyuan moved northward to the ancient capital to man the 25-mile wall and 13 gates which surround Peiping.

REBELS CLAIM VICTORIES IN SPANISH WAR

HENDAYE, Franco - Spanish Frontier, Aug. 3 (AP)—Two insurgent brigades were reported today to have driven Madrid-Valencia troops from their principal mountain fortification on the Teruel front near Bezas and to have cut their main communications artery.

An official insurgent communique recounted in detail the twin operations, the latest developments in Generalissimo Francisco Franco's effort to hammer a wedge into government territory in Eastern Spain and split the liaison between inland Madrid and coastal Valencia, temporary seat of the Republican government.

The two-headed thrust brought capture of the government field headquarters at the summit of a 4,000-foot pine clad mountain and huge stocks of munitions and supplies, the communique said. At least 100 government dead were left in Bezas by the routed troops.

Perhaps the most important result of the attack was the government's loss of a secondary roadway linking four forces in that sector of the Teruel front.

Bezas, southwest of Teruel, is about 15 miles north of the Cuenca road, an immediate objective of Franco's drive toward the main Madrid-Valencia highway.

The Cuenca highway, an important thoroughfare, offered Franco's legions full play for their mechanized equipment—if they could break it. Once on it Franco might quickly paralyze the provincial capital, Cuenca, and then strike directly at the Madrid-Valencia highway with which the road connects.

But between the spearhead of the insurgent Aragon or Teruel offensive lay desolate stretches of mountainous country such as was the setting for yesterday's fighting near Beza.

NO. TWO

survey ship Nokomis and the destroyers Taylor and Babbitt had been ordered into the search.

(On the Atlantic side of the Canal, officials said 20 navy patrol planes, three navy amphibians and 14 army planes were ordered out to the Pacific side two navy patrol planes, one navy amphibian and 25 army craft.)

NEW YORK, Aug. 3 (AP)—Two Department of Commerce Department officials from Washington, a representative of the National City Bank of New York, and an employee of the Ford Motor Company were among the 11 passengers aboard the Pan American-Grace airliner reported missing today in the Canal Zone.

Thomas Wakely, National City Bank, New York.

Rex Martin, department of commerce, Washington.

G. O. Caldwell, department of commerce, Washington.

Oscar Miller, Ford Motor company.

Mrs. Amy Levering, wife of a Pan American-Grace employee, and her son, Jimmie, and daughter, Jemie.

Ernest Wood, Pan American Grace employee.

Isador Souza.

Sam Oliver.

F. W. Kumble.

The crew consisted of Stephen Dunn, pilot; Lawrence Arnold Bickford, co-pilot; and Herman Diez Canesco, steward.

WASHINGTON, Aug. 3 (AP)—The War Department received a message from its Panama military establishment today asserting an Army plane had located the missing Pan American-Grace Airways flying boat 30 miles northeast of Cristobal but had found no signs of life near it.

The brief radio message said merely that the air liner which carried the passengers and a crew of three, was located "totally under water with no sign of life."

The Pan American-Grace ship took off yesterday from Guayaquil, Ecuador, for Balboa in the Canal Zone.

In its last radio message to Panama, it reported it was circling downward because of low fuel.

If the Pan American-Grace airliner reported overdue at Cristobal on a flight from Guayaquil, Ecuador, made a safe landing along the Pacific coastline south of Panama its passengers need not suffer any real hardship.

From Vuensventura, Colombia, the last stop on the flight from Guayaquil to Cristobal, northward to the Panama side of the isthmus, the area is dotted with small Indian villages and friendly little harbors. Many of them have no means of communicating with the outside world.

The Sikorsky E-43 type plane used on the Guayaquil to Cristobal flight is one of the most comfortable in service. It carries emergency rations sufficient to feed the passengers for several days. The rations include canned beef, baked beans, tomatoes, even cigarettes and fishing tackle.

It is one of the latest type ships

Traitor Seized

Missing from public activity for more than a month, Jacob J. Doletzky (above), head of the official Soviet news agency, was under arrest on charges of being a Trotskyite. The newspaper condemned Doletzky as having done "considerable damage to the Russian press."

FBI DEFENDED BY CONNALLY IN COURT ROW

WASHINGTON, Aug. 3 (AP)—A senate row over President Roosevelt's right to make a recess appointment to the Supreme Court served as a prelude to consideration today of the judiciary procedure bill.

Administration leaders decided to call up that measure after a vote on the Wagner Housing bill, expected in mid-afternoon.

It provides for speeding appeals from lower federal courts and for letting the attorney general enter suits involving constitutionality of federal laws.

Little controversy was expected over its provisions, in contrast to the furor created yesterday by Attorney General Cummings' opinion the president could appoint a successor to Justice Van Devanter while congress is not in session.

Senator Burke (D-Neb.) nerved to place the senate in a recess confirmation of any appointee who took office without waiting for senate confirmation. Senator Vandenberg (R-Mich.) hinted he might take the same position.

Vandenberg offered a resolution to place the senate in a recess against any recess appointment. Administration chiefs indicated, however, there was little chance for a vote on the proposal.

Senator Connally (D-Tex.) started the debate by attacking Vandenberg for the sake of politics, as an attempt to "dictate" to the president.

"It is not within the province of this body," Connally said, "to tell the president when to make an appointment."

"I am just as much opposed, for the sake of politics, as any other member in the dry section of the house," while continued showers were reported in the eastern belt which has complained of too much rain.

By the middle hour, Oct. sold up to 10.72, Dec. to 10.76, Jan. to 10.73, March to 10.67, and July to 10.64.

Two private crop estimates were issued during the morning but failed to arouse sentiment on either side. One placed the probable production at 14,980,000 bushels and the other at 14,000,000 bushels.

At the close, wheat was 1 1/2-1 1/2, Dec. 1.18 1/2-1.19, corn 1 1/2-1 1/2, soybeans 1.12-1.13, cotton 1.12-1.13, rice 1.12-1.13, sugar 1.12-1.13.

CHICAGO GRAIN
CHICAGO, Aug. 3 (AP)—Prompted by a sharp setback in quotations at Winnipeg, the Chicago wheat market tumbled late today to a new low price record for the season.

Disappointingly small export business in Canadian wheat was announced, and October futures at Winnipeg fell to the furthest permissible immediate limit, five cents at \$1.27. Overseas taking of United States wheat today were also meager, 200,000 bushels.

At the close, wheat was 1 1/2-1 1/2, Dec. 1.18 1/2-1.19, corn 1 1/2-1 1/2, soybeans 1.12-1.13, cotton 1.12-1.13, rice 1.12-1.13, sugar 1.12-1.13.

Market Briefs

NEW YORK, Aug. 3 (AP)—Stocks straggled the price fence today, with bid and trends were highly contradictory. Coppers, rubbers and specialties attracted followings for gains of fractions in a point or more at one time, but losses of as much were plentiful among yesterday's buoyant steels and motors. Rails displayed weakness from the start.

News, marketwise, was somewhat spoty. Individual issues found stimulation in bright earnings statements while others were depressed by lower profit margins.

Volume picked up on the churning movement, with several low-priced issues accounting for much of the expanded turnover. Transfers were in the neighborhood of 850,000 shares.

NEW ORLEANS COTTON
NEW ORLEANS, Aug. 3 (AP)—Reports of movements in the southwest and to Washington to ask the government to lend up to 12 a pound on cotton in 1937 were construed as bullish and the buying price lifted prices 1/2 to 1 1/2 points net higher by midnoon.

Another bullish factor was the failure of the official weather map to show any moisture in the dry section of the United States while continued showers were reported in the eastern belt which has complained of too much rain.

By the middle hour, Oct. sold up to 10.72, Dec. to 10.76, Jan. to 10.73, March to 10.67, and July to 10.64.

Two private crop estimates were issued during the morning but failed to arouse sentiment on either side. One placed the probable production at 14,980,000 bushels and the other at 14,000,000 bushels.

SOPWITH ASKS POSTPONEMENT OF CUP RACE

NEWPORT, R. I., Aug. 3 (AP)—A one-day halt in the yachting battle for the America's cup was called today, in the wake of a second rout of the British challenger, Endeavour II, by Harold S. Vanderbilt's defending sloop, Ranger.

Both yachts were taken to the Herreshoff yard at Bristol for inspection after F. O. M. Sopwith, thoroughly trounced by Vanderbilt in the two races already held, asked for a postponement of today's scheduled race. Ranger needs only two more races to retain the historic cup.

Sopwith ordered the British sloop hauled out because of a remote suspicion she might have fouled a lobster pot line with her center board, a circumstance which might easily explain her poor showing against Ranger.

Sopwith, suggesting no alibi otherwise, was rather hopeful such might have been the case. Otherwise he was ready to concede Ranger is a much faster boat than his big blue challenger and admit his pursuit of yachting's biggest prize is hopeless, at least for 1937.

Endeavour trailed Ranger home yesterday in the second race of the international series by 18 minutes and 32 seconds. In the opening contest Saturday the coat of shellac was thinner only by about a minute and a half.

In discussing the two races, Sopwith freely admitted Ranger can point higher on the wind and at the same time foot faster than Endeavour II.

"Mr. Vanderbilt," he said, "sailed her higher than we could sail, and faster."

There was in Sopwith's praise for Ranger the sincere admiration of a yachtsman for a fine vessel.

"It is quite extraordinary," he said, "the way that boat foots it. I think you have a remarkably fast boat. That's that."

"We would like to try it in a little more breeze," he said.

Ranger's victory yesterday of 18 minutes, 32 seconds, broke a record for a 30-mile triangular course established by Val Kyri of Sandyhook in 1929 when he beat the British challenger Vigilant by 12 minutes, 23 seconds.

ENFORCEMENT OF NEW DRIVERS' LAW DELAYED

Enforcement of the new Texas drivers' license law requiring examination of all new applicants, effective Aug. 22, will be delayed possibly a month.

Officials of the public safety department said at Austin today funds would not be available before Sept. 1, beginning of a new fiscal year, and in addition, there would not be enough highway patrolmen to supervise the examination of the complete lot late in September of a training school for new officers.

INFANT DIES
The infant daughter of Mr. and Mrs. J. F. Bullock of Spearman died today in the home early this morning. She was a granddaughter of Mr. and Mrs. J. L. Noel of Pampa.

The body was to be brought overland today with services set for 10 o'clock tomorrow morning in the chapel at Pampa Mortuary. Interment will be in Fairview cemetery.

22ND FOR GEHRIG
NEW YORK, Aug. 3 (AP)—Playing in his 1900th successive game, Lou Gehrig, the Yankees "iron man" first baseman, cracked out his 22nd home run of the season on the first inning of the opening game of today's doubleheader with the Chicago White Sox.

up 21, less than 4 1/2 lbs. 20; leghorn hens 14 1/2; fryers, plymouth and white rock 23 1/2; bro
