NO ADMISSION CHARGE MADE

City Manager Gwin to Make Address of Welcome

Final preparations are being made for the opening of the Pampa Automobile Dealers' association show being sponsored by the American Legion.

The large room is being decorated by Legion members, and when the doors are opened tomorrow afternoon at 1:30 o'clock 15 makes of automobiles handled by local dealers will be on display.

There will be no charge made to visit the show. Everyone entering will receive a card with a number, and each afternoon and evening three prizes will be given away by the dealers.

The second good-will and advertising trip of the dealers was made yesterday when 18 cars visited Kingsmill, White Deer, Panhandle, Borger, Phillips and Skellytown.

The caravan was well received at each town and many people declared they were coming to Pampa for the show the last three days of this week.

The second annual automobile show being sponsored by the Pampa Automobile Dealers' association and the American Legion will open tomorrow at 1 o'clock with a monster parade of new model cars.

After the parade the show will be officially opened by City Manager F. M. Gwin in an address of welcome. Responses will be made by Henry Thut, president of the Pampa Automobile Dealers' association, and F. M. Culbertson, commander of the American Legion.

During the evening hours the Pampa band will give a concert, Ralph Butterfield will give several numbers and three prizes will be given away to the holders of lucky numbers which will be presented at the door.

The Pampa high school orchestra and the boys' and girls' glee clubs under the direction of T. A. Fannell, musical director at the high school, will be in charge of the program Friday night.

On Saturday afternoon an orchestra will furnish music and three additional prizes will be given away. The program of the show will be given Saturday night beginning at 8:30 o'clock. It will be dealers' night and each local dealer will have a part in the program which will include skits, plays and novelty numbers, and stunts.

STUDENTS GIVE OPINIONS ABOUT FRAT MEASURE

AUSTIN, Feb. 20. (P)—Several hundred students of the university of Texas last night attended a hearing on the anti-fraternity bill before the senate committee on state affairs.

Byron Skelton, president of the students association of the university, and H. E. Fletcher of Grand Saline, a non-fraternity man, spoke for the Thompson bill which would bar fraternities from the University of Texas.

Marvin Brown of Fort Worth, former district judge and member of Delta Kappa Epsilon, defended the fraternities. "You can't legislate against social distinction," Judge Brown said.

Secret Tip Is Given in Chicago

CHICAGO, Feb. 20. (P)—The enforcement agencies of the United States government, Cook county and the City of Chicago expressed a united belief today that last Thursday's mass murder of gangsters was approaching solution.

A secret informant gave significant information to federal investigators last night. It lent corroborative color to the theory, first expressed by a federal official, that Chicago police officers may have had a part in the sevenfold slayings.

"Moran's gang (the seven who were killed were members of the George Moran crowd) stole \$12,000 worth of a policeman's liquor," said the informant, "and that's what the shooting's all about."

He went into detail. "The policeman who owned the liquor has a partner and a sweetheart. The girl runs a beauty shop and the partner runs a roadhouse northwest of Chicago. The officer has a half interest in the road house.

"Find the policeman who fits this picture, and you've got something." It was explained that the informant had overheard a conversation between the policeman and the girls through a partition of the beauty shop.

Irate Farmer Chases Pair Who Took His Auto

COLUMBUS, Ohio, Feb. 20. (P)—Three of five convicts who sawed their way to freedom from Ohio state penitentiary yesterday were captured and returned to solitary confinement today.

Pat McDermott, gunman of the Don R. Mellett slaying in Canton, and Mike Jacko, who murdered a Cleveland butcher, were cornered in a power-house five miles north of here at midnight and captured by J. S. Crumley and Charles Williams, Franklin county deputy sheriffs. Joe Rosso, Cleveland robber, was taken a few hours later at a farm south of here by Deputy Sheriff John Guy. McDermott and Jacko were serving life terms.

The others sought were William W. Young, sentenced to life for the murder of a Marietta, Ohio, policeman and James A. Walden, Cleveland robber reputedly wanted in Philadelphia for murder.

Rosso was captured after he and a companion had been driven from a general store near the farm where he was captured. The owner of the store heard the men as they discarded their prison uniforms for overalls from his shelves and opened fire.

McDermott and Jacko were first sighted by Charles Gardner, who overtook them in a truck after they had stolen his automobile. He notified authorities, who trailed them to a power-house in a rock quarry. The deputies found them crouching at the head of a stairway, and captured them without difficulty.

Rifle Club Is Organized Here

The Pampa Rifle club became an organization last night when enthusiastically in the office of Studer, Stennis & Studer. Dr. A. Cole was chosen president of the new association. Other officers are: Vice-president, John Studer; secretary, George Wolfe; treasurer, P. O. Sanders, and executive officer, J. Spels.

Charter membership fees will be \$5 and will include the \$3 fee for membership in the National Rifleman's association. The charter membership list will remain open for one week and will be in the hands of P. O. Sanders at the Gray County Abstract company. After the first week memberships to the new organization will be \$10.

The club will receive four rifles for the organization and 350 rounds of ammunition per member from the National association for the club's affiliation. After the charter membership list is obtained ammunition and guns can be purchased at a small cost.

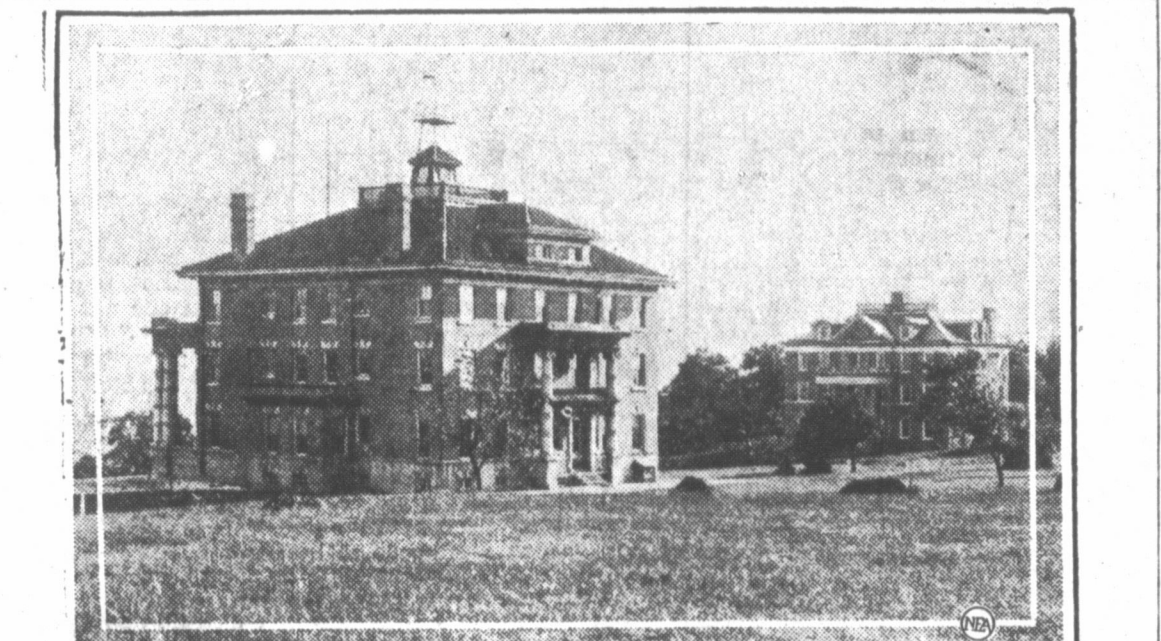

The shooting range will be on the Ralph Arnold ranch, four miles west of here.

—AND A SMILE

WASHINGTON. (P)—Bert Acosta is to be a good boy in the air and not do hair-raising stunts any more. He has been fined \$500 twice and his license has been suspended for six months, but after April 18 he will be permitted to take an examination for renewal of his license.

Mr. and Mrs. Clinton Henry of the J. A. ranch visited relatives and friends here Monday and Tuesday.

These unused weather bureau buildings may have a fair and warmer future. Sited only 56 miles from Washington, at Mt. Weather, Va., they have been suggested by President Coolidge as an ideal summer White House for future presidents.

Rail Line Opening Uncertain

MRS. HAMMONDS IS OBJECT OF NEW CHARGE

OKLAHOMA CITY, Feb. 20. (P)—A midnight entry of the governor's office through a window was charged today against Mrs. O. O. Hammonds, former confidential secretary to Henry S. Johnston, suspended governor in testimony before the Oklahoma house of representatives investigating committee.

C. A. Wallace, former night watchman at the state house, said he saw Mrs. Hammonds walk along an outside ledge of the capitol, swing back a screen on the window of the governor's office and enter. The office is on the second floor of the capitol. Wallace said the incident occurred at about 11:30 o'clock on a spring night in 1927.

The following day, Wallace related, J. E. Edwards, chief of capitol police, told him Mrs. Hammonds had called Edwards to her office and informed him he would have to discharge the watchman on duty at night as he had gone to sleep and allowed someone to enter the governor's office and take some valuable papers.

"I took Edwards to one side and told him I had seen Mrs. Hammonds enter the office," Wallace said. "Edwards told me to keep my mouth shut if I wanted to keep my job."

Weather Briefs

FORT STOCKTON, Feb. 20. (P)—A slow rain, which started last night, continued to fall today in a 40-degree temperature. Ranchers expected this moisture to benefit ranges.

WICHITA FALLS, Feb. 20. (P)—The season's heaviest fall of sleet, covered Northwest Texas and Southern Oklahoma today. The temperature began rising toward noon after having slipped to a minimum of 22 last night.

COLORADO, Feb. 20. (P)—A precipitation of .5 inches was recorded here last night in a heavy downfall of sleet and snow. Farmers say it will aid materially in preparing the land for planting. A light rain was falling here today.

BROWNSVILLE, Feb. 20. (P)—A minimum temperature of 48 was recorded here last night. The sky was overcast, and showers and a temperature of 45 are predicted for tonight. Rain would prove beneficial to truck crops and to the cotton already planted.

Welfare Body Is to Convene Monday

Officers and directors of the Pampa Welfare association have been called by President T. D. Hobart to meet Monday at 4 p. m., at the B. C. D. auditorium.

Directors include representatives from the churches, the Lions and Rotary clubs, American Legion, City of Pampa, the press, and labor unions.

The coming meeting is regarded as highly important, because the association has completed a fiscal year and must raise funds to carry on the work.

Winter's Return in Texas Broken as Skies Clear

(By the Associated Press.) A reinvigorated winter held Texas today, and sleet and snow that fell in many portions of the state were expected to prove beneficial to crops and ranges.

North Texas last night and today got the heaviest sleet of the season, but temperatures which began rising toward noon melted most of the ice.

Warmer weather was promised for tomorrow. Minimum temperatures reported: Amarillo 16, Austin 56, Brownsville 48, Corpus Christi 36, Dallas 23, Del Rio 38, El Paso 40, Galveston 38, Houston 32, Palestine 24, Port Arthur 40, San Antonio 34, Shreveport 28, Breckenridge 22, Corsicana 24, Fort Stockton 40, and Wichita Falls 22.

Negro Minister Dies on Tuesday

Funeral services for C. W. Williams, former minister of the negro Baptist church, was to be conducted in the church this afternoon at 3:30 o'clock. The negro minister died at his home here yesterday afternoon following a long illness.

He had been indicted by an 84th district grand jury for murder following the shooting of another negro by the name of Cooley, last fall. A negro minister from Amarillo will be here to preach the funeral services. Burial will be in Fairview cemetery.

SIX MINERS IN ACCIDENT ARE DEAD; 200 HURT

Four Cars Go Over an Embankment 25 Feet High

ZERO WEATHER ADDS SUFFERING

Several Badly Burned By Stove Carried for Warmth

PEORIA, Ill., Feb. 20. (P)—At least six miners were killed in a train wreck today and about 200 others were injured, some so seriously they may die.

The accident occurred near Hollis, Ill., five miles south of here. Four cars of an 11-car Peoria Terminal railway train carrying 900 miners went over a 25-foot embankment.

One of the cars caught fire from an overturned stove but the fire was extinguished. Jim Clark, a miner, probably was fatally burned when he was knocked unconscious and fell across the stove. He was rescued by a fellow worker.

The train was known as miners' train No. 1 and was bound for the Crescent coal mines 15 miles south of here. Engineer F. O. Fisher of Peoria said he was proceeding between 12 and 15 miles an hour and did not know anything was wrong until he glanced over his shoulder and saw the cars tumbling over the embankment.

He cut his engine from the train and ran to Hollis where help was summoned, doctors, ambulances and nurses coming from Peoria and from Martinville. Within a few minutes scores of wives and children of the miners were on the scene, some of them only half dressed braving the 5 below zero weather.

There was much confusion due to the fact that persons living nearby rushed to the wreck in automobiles and took many of the injured to Peoria hospitals so that relatives were unable to find them.

Officials of the railway attributed the accident to a broken "fish plate," the iron bar holding the rails together.

The identified dead included George Jones, William Brown, Cecil Walker, and George Wilkinson, all miners living in or near Peoria. Brown was killed when he smashed a window of a coach and leaped, the car falling on him as he struck the ground.

The railroad was used only to carry miners to work. NEW YORK, Feb. 20. (P)—A train loaded with 900 rush hour commuters caught fire in the Hudson tubes last night, causing a panic in which scores were injured, six seriously, as passengers fought their way out of smoke-filled cars.

Fourteen persons remained in hospitals today, recovering from the effects of inhaling smoke or injuries suffered when they were knocked down and trampled in the mass of hysterical humanity seeking escape.

The accident happened at 6:10 p. m., about 1,000 feet west of the Christopher street station and 75 feet under the street level, on the Manhattan side before the tubes dip under the river.

Officials of the Hudson and Manhattan railroad, in a statement blamed the fire on a short circuit in a power cable under one of the cars of the seven-car Jersey City local.

IMPEACHMENT ASKED

SACRAMENTO, Feb. 20. (P)—The impeachment of Superior Judge Carlos S. Hardy of Los Angeles was asked today in a report filed with the assembly by a special committee appointed to investigate charges of misdeemeanor in office, in connection with the acceptance by the jurist of a \$2,500 check from Mrs. Almee Semple McPherson, the evangelist.

WELFARE BODY IS TO CONVENE MONDAY

Officers and directors of the Pampa Welfare association have been called by President T. D. Hobart to meet Monday at 4 p. m., at the B. C. D. auditorium.

Directors include representatives from the churches, the Lions and Rotary clubs, American Legion, City of Pampa, the press, and labor unions.

The coming meeting is regarded as highly important, because the association has completed a fiscal year and must raise funds to carry on the work.

"Texas Two" to Give Program in Central Gym

Mr. and Mrs. Homer G. Shirey of Amarillo, known as the "Texas Two", will give a program of vocal and instrumental solos and duets, dialog, and popular readings at the Central auditorium tomorrow evening, beginning at 8 o'clock.

In a tour of Texas, Oklahoma, and New Mexico and through radio broadcast the "Texas Two" have achieved distinction as versatile and talented entertainers, whose repertoire is broad enough to please an audience of mixed tastes.

Their program here will be given under the auspices of the Parent-Teacher convention steering committee and the committee's share of the proceeds will be used in holding the annual convention of the Eighth district, P.-T. A. in Pampa next April. The various Parent-Teacher associations of the city solicit a full attendance of the public at the Thursday evening program.

Mrs. Hicks Will Talk to Children

Mrs. H. H. Hicks, graduate of Baylor Dental college, will give lectures on the care of the teeth to children at the county school, Supt. John B. Hesse stated this morning.

"Mrs. Hicks has kindly consented to give almost a week of her time to the county visiting all the schools in Gray county," Supt. Hesse said this morning. "Mrs. Hicks will do this work without remuneration and the children of the schools are looking forward to her visit."

'It's Like This'

LAW AFFECTING newspapers and journalists in general are coming to the front in various legislatures. The Kansas senate, vexed by some criticisms that were being made of it...

It is significant that the Kansas lower house, taking cognizance of this situation, immediately passed a resolution proclaiming the necessity for freedom of the press and inviting all newspaper men to hear and see its every act.

If it were the practice and privilege of every official body to bar from its chambers and from its minutes those who oppose the action taken, corruption could go far toward perpetuating itself and the people back home would have no means for knowing what their representatives were doing.

The Colorado legislature has before it a bill which would make it an offense to give wrong information to any publication for the purpose of attaining some illegal end. Although this seems going a bit far, yet it emphasizes the extent to which unfettered and uninfluenced sources of information should be protected.

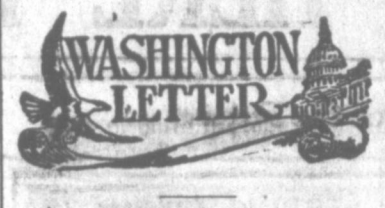

THE PURPOSE of the Pampa Automobile Dealers' association trip was explained repeatedly before the caravan started, and it was generally understood that the tour was not a sales proposition, but an endeavor to advertise the auto show to be held here Feb. 21, 22, and 23.

The auto show is being promoted for the same reason. Last year, dealers from cities with a 100-mile radius came to Pampa's show and characterized it as the equal of anything similar every attempted

in the Panhandle. Residents from surrounding territory were interested in comparing the various lines and models—an opportunity of a sort not obtainable in ordinary procedure.

A few individuals who thought the Pampa caravan presumptuous in visiting their towns simply misconstrued the intention. It was noticeable that citizens of towns visited last year were eager to see this parade of new cars.

The success of last year's show warrants the statement that an event such as it held here is nothing less than a meritorious performance.

BY RODNEY DUTCHER WASHINGTON — Senator J. Boombloom McWhorter has been his own press agent of late.

You must know, if you don't that many members of Congress are accustomed to mail out weekly Washington news letters to the newspapers in their home states.

A few of the congressmen even write regular columns under their own signatures for their home town newspapers and it is to be noted that these journalists are almost invariably returned to office, so the effort must be worth while.

Senator McWhorter, of course, does not write under a signature. He was not born to blush unseen, but he is altogether too modest for that.

WASHINGTON—The secretary of the treasury has been reported ill at his home for the past few days. That is the official version. But those "in the know" are well aware that he isn't very sick.

Such flights are experimental. The development of the air routes will come from commercial planes. Tonnage for

planes will determine to some extent routes to be taken. The advantages of towns producing tonnage of air mail and air express and freight and passenger business are marked. Routes that are well charted, that have good landing facilities and that will produce heavy tonnage will be the first developed.

It is commonly understood on Capitol Hill that Senator McWhorter is prepared to engage in a one-man filibuster which would block all other legislation during this session of Congress if his demands are not met.

WASHINGTON — President-elect Herbert Hoover is expected soon to return to Washington to confer with Senator J. Boombloom McWhorter concerning the makeup of the Hoover cabinet.

Washington meanwhile continues to see the with reports that Senator McWhorter has been offered his choice of cabinet posts, but those "in the know" sometimes discount these rumors because of the well-known fact that Mr. Hoover will not select men of outstanding ability but only those best adapted to taking orders.

Transcontinental Air Routes It is portent that Captain Frank M. Hawks in his transcontinental flight Monday and Tuesday chose a route from the Pacific Coast to New York which included Plainview on his itinerary.

Mrs. Jim White is Hostess to Club Members and Others

George Washington's birthday was an inspiration for a charming, decorative dinner followed by Mrs. Jim White in appointments for a bridge party yesterday afternoon. The patriotic color scheme of red, white and blue was featured in tallies and score pads, as well as in the menu of a luncheon served at the end of the game.

An exquisite crystal cherry tree was given each of the sixteen guests, among whom were members of the Kong-nial Kard Klub and several out-of-town friends of the hostess. High score favors were cartons of colored bath salts, with the individual packages arranged to form a flag. These went to Miss Edith Simmons of White Deer and Mrs. P. M. Culbertson, Low cut favor, a framed picture of George and Martha Washington, was won by Mrs. Van Carter.

Other players included: Mrs. Harry Edendorough and Mrs. J. C. Jackson of White Deer, Mrs. W. E. Coffee, Mrs. H. H. Hicks, Mrs. Lee Ledrick, Mrs. Charles Thomas, Mrs. De Lea Vicars, Mrs. J. S. Wynn, Mrs. C. E. Beckton, Mrs. Lloyd Bennett, Mrs. R. A. Webb, Mrs. W. H. Lang, and Mrs. Roger McConnell.

Mrs. J. S. Stroppe left this afternoon for Woodson, in response to a message that her sister living there is very seriously ill.

Mrs. T. K. Underwood and Mrs. Hampton Waddell left yesterday noon, driving to Gainesville to bring home Mr. Waddell. The latter, with Frank Shaw, went to Gainesville by airplane a week ago, but the continued foggy weather made return by plane impracticable.

Invention of Light Bulb by Edison to Be Reenacted Oct. 21

FORT MYERS, Fla., Feb. 20. (AP)—In the same little frame building in which the electric light first burned, Thomas A. Edison will recreate his history-making invention on the fiftieth anniversary of its perfection.

Henry Ford, the electrical wizard's close friend, yesterday revealed that Mr. Edison has agreed to go to Detroit, Mich., for the anniversary celebration on October 21. In the original Menlo Park, N. J., laboratory, now in Ford's Museum, Edison will gather around him the aged assistants who helped develop the incandescent lamp, and with a brief ceremony will reenact its creation.

Mr. Ford discussed a wide variety of subjects in a two-hour interview yesterday.

The motor magnate believes conditions in the automobile industry are satisfactory and that there is little danger of overproduction. In his own factories, he said, 7,000 cars a day are being turned out.

Ford reiterated his confidence in the ability of Edison to find a plant that can produce a rubber supply for the United States within its borders.

Expressing pleasure at learning of the engagement of Col. Charles A. Lindbergh, the automobile magnate said he hoped the famous flier would give up flying himself.

"He is too valuable to risk his life," Ford said.

Discussing aviation, Ford expressed the belief that airplanes "are far from perfection" and that aircraft of the future would be combination of lighter than air ships, the helicopter, and present type of planes.

The manufacturer reiterated his previously expressed views on prohibition, declaring the United States would "see real enforcement in the next two or three years."

TWO YOUTHS EXECUTED FOR ILLINOIS SLAYING

CHICAGO, Feb. 20. (AP)—The execution of two youths in their teens today introduced the electric chair to Cook county, it supplanted hanging.

Anthony Grecco and Charles Walz died within ten minutes of each other shortly after midnight for the murder of patrolman Arthur Esau during a drugstore holdup last April.

The executions were carried out with precision and were completed within 20 minutes after Grecco, the first to die, had been led into the death chamber, blindfolded, by two guards.

Talks To Parents

THE CHILD'S FIRST STEPS
By Alice Judson Peale
Since the ability to walk is sooner or later acquired by every child, parents think little about the conditions under which their child takes his first steps, or worry much if he is long delayed in learning and afraid to try again after one or two failures.

Yet it is of the utmost importance for the child's whole development that he learn to walk as soon as he is able and that the process be accompanied by as little fear and as few failures as possible. The observance of a few simple rules will help him.

When he makes his first attempt at walking his shoes should be soft with soft, flexible soles. Stiff shoes prevent him from properly using his foot muscles to keep his balance.

The very best place for him to learn to walk is on the thick soft grass of the lawn. The softness under foot makes it easy for him to keep his balance, and when he tumbles he will not be hurt or frightened. The next best thing to the lawn is a thick soft carpet which is well laid down so that there is no possibility of its slipping under his foot nor of rumpling up, ready to trip his unsteady steps.

If a thick carpet is not available a linoleum covered floor will prove a fair substitute. Linoleum neither slips, is not slippery and has the additional virtue of being washable.

Polished wood floors covered with little rugs are a treacherous field and the hard bumps the child is sure to get may cause such fear that his learning to walk may be retarded for weeks or even months. The fear acquired in learning to walk may spread to other new experiences thus setting up a whole chain of highly undesirable timidity.

Johnston's Clemency Record Opened By Senate Court of Impeachment Now

OKLAHOMA CITY, Feb. 20. (AP)—Activities of subordinates and advisors of Henry S. Johnston, suspended governor, are playing a more prominent part in Johnston's trial before a senate court on 11 articles of impeachment preferred against him by the House of Representatives, as the prosecution seeks to support its contention that Johnston is incompetent to conduct affairs of state.

The name of Mrs. C. O. Hammond, former confidential secretary to the governor, and long an aggressive storm center of affairs political, appears frequently in testimony presented before the senate court, but interest in her activities has dwindled, temporarily, as the senate turns to hear of additional acts of clemency granted by Johnston.

Johnston's granting of a leave of absence to Clyde Collins, convicted of a statutory offense, as a favor to D. A. Stovall, Choctaw county representative is the latest action developed by the house board of managers, prosecuting the case.

Wayne Wheeling, Fort Towson, Okla. attorney, told the senate court that Johnston, during a visit at Hugo, signed an order granting a leave of absence to Collins, who at that time was in the Choctaw county jail, awaiting commitment to the state penitentiary to serve a sentence for a statutory crime.

Johnston commented, Wheeling testified, that he was granting the leave as a favor to Stovall, and urged a group of persons who were present to support Stovall's candidacy for the legislature.

SAN ANTONIO IS PESSIMISTIC AS OPENING NEARS

By FRED MOSERACH, Sports Editor, the San Antonio Express. (Written for the Associated Press.)
 SAN ANTONIO, Feb. 20. (AP)—If there's any enthusiasm over the outlook for the San Antonio Bears in the Texas league race this year it is among the club owners only, and they are not shouting from the housetops. There's none among the fans.
 "Who have we got on the team that we can look to for results?" asked one fan, adding: "We've got one fairly good pitcher, and that's Andy Messenger."
 The line-up was discussed in detail. Here it is:
 Catchers: Bill Warwick, Frank Meyers, and Pete Arzatti.
 Pitchers: Andy Messenger, Norman Glaser, Gene Walker, Rudy Kneisch, Bert Hinkle, Herbert Arigcola, Leissner Poth, Olin Perry, and "Hobo" Carson.
 First base: Ray Grimes and Lee Stebbins.
 Second base: Tommy Connolly.
 Shortstop: Floyd Flippin.
 Third base: Joe Tate and Harvey Ballew.
 Outfield: Chief Lyman Nason, Hank Emmett Mulvey, Frank Wetzal, and Harry Taylor.

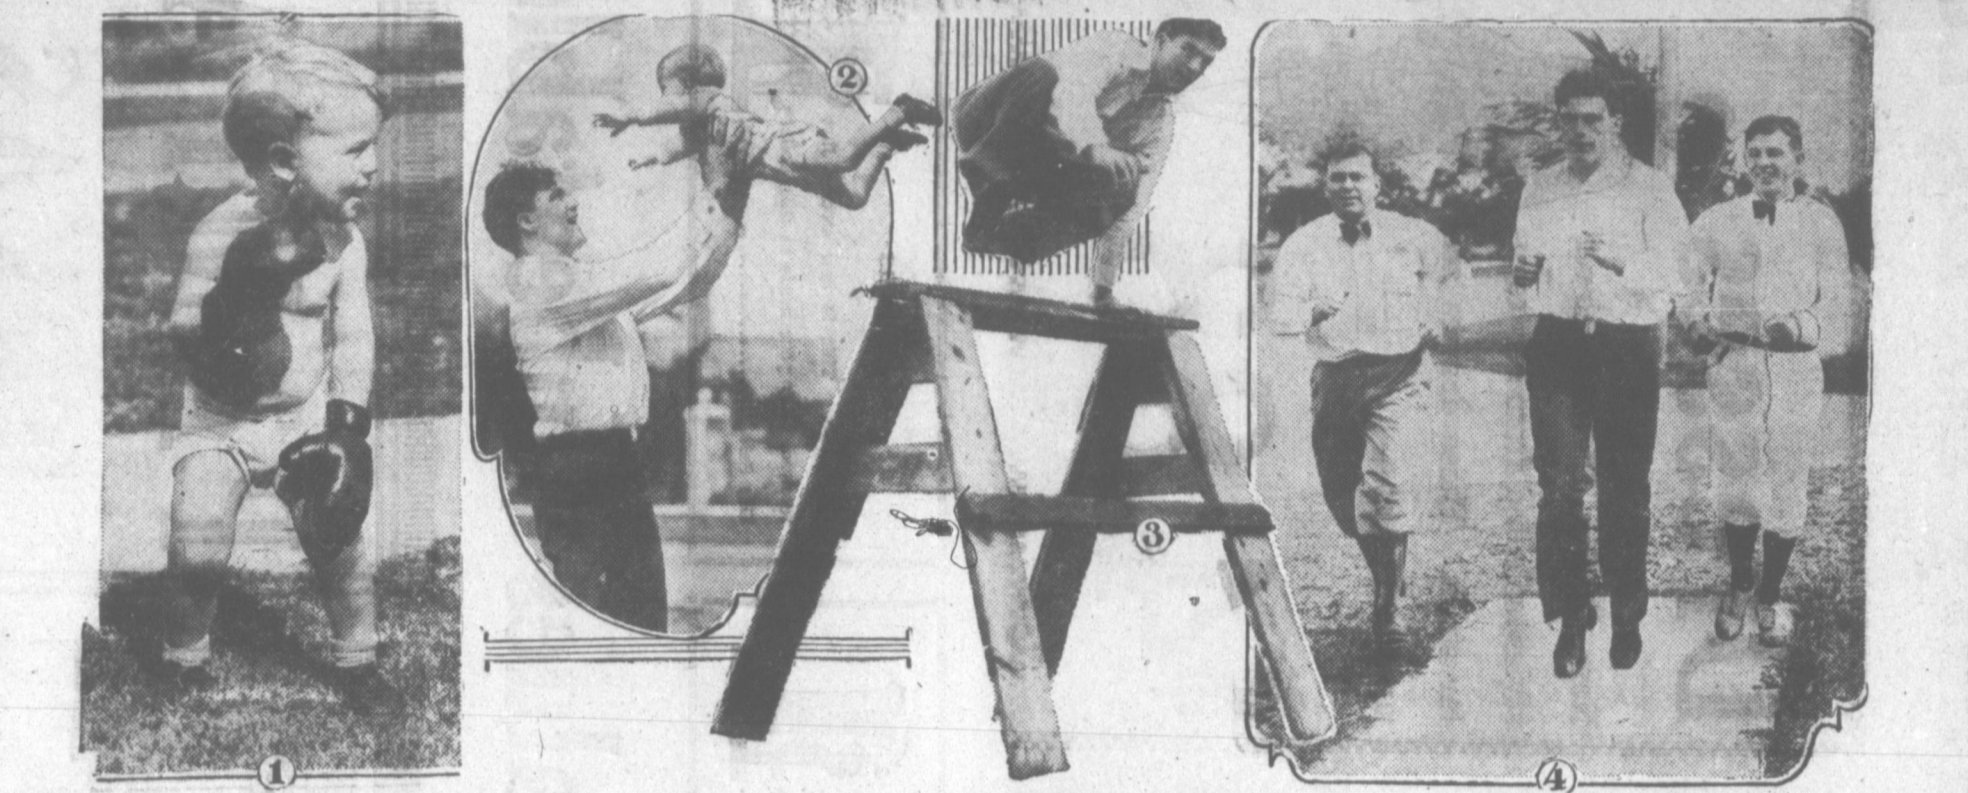

The main attack centered on the pitchers. It was claimed that with the exception of Messenger there is not one proven hurler in the lot. The rest of the team was accepted as fairly good.
 "Grimes will be all right if his legs carry him through," said one fan, who agreed that the big first baseman proved to be one of the most timely hitters in the league last year.
 "Connolly was good in his day, but he's about through," said another, who agreed that if Tommy plays the game he did with Shreveport a couple of years ago, he will prove a tower of strength.
 "Flippin will never fill Flaskamper's shoes," was the verdict for shortstop, although all agreed that Flippin is a clever ball player but weak at the bat.
 "Dallas wouldn't have let Tate go if the Steers hadn't got a better man in Bill Huber," was the consensus on third base, although he saw great promise in Young Ballew, Southwestern university Pirate star, both as a fielder and batter.
 The outfield was regarded as an improvement in hitting over last year with the addition of Frank Wetzal, obtained from the Western league, in a trade for Leo Najo, although Najo was rated one of the finest fielders in the country and lightning fast on the bases.

Behind the bat Warwick could not be beaten when he was with the Bears in 1925, but the question was raised as to his present standard since Mike Kelley of the Minneapolis Millers let him go.
 Meyers was rated a good average minor league catcher, while Arzatti was rated as a class D catcher.
 Among the pitchers Agricola, Poth, Perry, and Carson are youngsters, Agricola being on trial with the Bears for the third time, while Poth, Perry, and Carson came from the West Texas league. Carson having formerly pitched for the Texas Christian university team.
 Stebbins also came from the West Texas league, where he batted .391 last season.
 Then came the crux of the situation—the big hope on which Bear changes are pinned,—the management of the club.
 This department is in the hands of William S. Alexander and Robert Patrick Newman, both former players in the Texas league. Both have played on two San Antonio pennant winners—in 1903 and 1908—and Newman has won a number of pennants for Houston as Buff pilot.
 Both have been aggressive ball players and with this spirit to guide them the Bruins cannot be counted out of the Texas league race even before the start of the season. And the skeptics were fair enough to admit this.

It is on the managerial ability of the firm of Newman and Alexander that the club owners largely bank on making a dent in the Texas league race this year, and they are shouting this from the housetops.

THE STRIBBLINGS ALL OBSERVE TRAINING

From the manner in which all four Stribblings are getting a bit of exercise every day in Miami now, you would think all four of them were going to be in the ring against Jack Sharkey on Feb. 27. Of course, Sharkey won't have any one but Young Stribbling to watch in the ring that day. However, here are some photographs showing the Stribblings. No. 1 pictures W. L. Stribbling, Jr., son of the Macon, Ga., heavyweight; No. 2 shows Stribbling tossing W. L. Jr., up and down in a playful mood; No. 3 shows a medium of exercising Stribbling is using in conditioning himself, and Pa. W. L., Sr., and Herbert, who will fight one of the preliminaries, are taking a bit of road work in No. 4.

Wrangle Over Rules of Fight Is Now Expected

MIAMI BEACH, Fla., Feb. 20. (AP)—Now that a referee has been named who is satisfactory to both Jack Sharkey and Young Stribbling, it would seem that the way is paved for a peaceful conclusion of the fight Jack Dempsey built.
 It would seem so, but the under currents that brought about the naming of Lou Magnolia, New Yorker, in place of Johnny Brassil, Boston veteran, as a referee really indicate the opposite.
 Magnolia, one of the most capable referees in the east, gained the assignment unexpectedly after a protested and somewhat violent meeting last night of the fighters' managers and Dempsey.
 The possible complications are manifold. Since Florida has no boxing commission and no ring code, a set of regulations acceptable to both boxers must be arranged. Conferences started today with the Sharkey camp set stubbornly against any but Massachusetts rules, which preclude draw decisions, and the Stribbling forces equally determined that New York State regulations shall rule the contest.

Par Is Untouched in Houston Golf Tourney Tuesday

HOUSTON, Feb. 20. (AP)—With par still an untouched goal the field in the annual Houston Country club invitation got away today for the final qualifying round of the event.
 John Dawson of Chicago and the veteran, George Rotan of Houston, were one stroke ahead of their nearest competitors as the round started, by virtue of 73's yesterday in the first round. This figure was two strokes above par.

Two other Houstonians, Ossie Carlson, the defending titleholder, with a 74, and Willie Hunt, with a 75 in the first day's play, occupied strategic positions.
 Jack Speer, Texas amateur champion, with a 79, had a good opportunity to gain a place in the championship bracket today, but Keefe Carter, Oklahoma titlist; Walter Crowe, amateur king in Illinois, and Edwin McClure, Louisiana champion, did not fare so well. Carter picked up, Crowe shot an 87, and McClure an 81. Don Armstrong of Chicago, another favorite, came in with chilled fingers and an 82.

Wildcats From Canadian Give Harvesters Trouble in Beginning of Game, Which Locals Win, 22-16

An over-confident, slow-moving Harvester quintet had to lengthen its stride in the closing moments of last night's game to defeat the visiting Canadian Wildcats, 22-16.
 The game was roughly played, and the deliberation with which the locals attempted to loop the baskets resulted in dozens of muffed shots. Not being keyed up to a fighting pitch, the Harvesters saw the score at 3-2 against them at the end of the first quarter, 7-5, in their favor at the half, and 13-11 at three-quarter time.
 The low score was not so much the result of tight defense as it was due to poor shooting and ragged passing. Stalls missed many possible shots before he got correct aim and tossed his team out of danger. He threw 15 of the Mitchellites' 22 points. Kahl found the basket with long shots for four points and tossed a free basket for a single tally. James was off his game, and had to be content with a single field goal.
 Carver and Caldwell for Canadian likewise had hard luck with their heaves, but they broke away often enough to keep the score nearly even. The Wildcats were lightning in mid-court, but lacked scoring punch near the basket.
 After the Pampa-Canadian game, the junior high school teams of Pampa and Panhandle engaged in a lively encounter.
 Panhandle's boys won, 10 to 7, in a

BRUSHING UP SPORTS By Laufer

The dopsters picking the Detroit baseball club as the dark horse in the coming American League pennant chase are taking into consideration the right arm of George Uhle.
 If Uhle can regain the form of two years ago, the already strengthened Tigers should be in a nice spot to make a strong bid against the Yankees and Athletics.
 Uhle, who came to Detroit from Cleveland in exchange for Jackie Tavener and Ken Holloway, has been taking treatments for his arm under a bright California sun and is reported eager for the gun.

HOOKS AND SLIDES HENRY L. FARRELL

BURKE BEATS DEMPSEY
 Martin Burke, a good fighter in his day and still too smart for a lot of the young skiffers has turned promoter in New Orleans, his home town, and he got the jump on the Dempsey fellow in their new line by put over his first show with a bang.
 Martin's first venture may not have been an artistic success but it made dough and that's what promoters are in the business for. He had Willie Stribbling and one of the Smiths in there and it was kind of a bust but Dempsey's thing in Miami Beach may be worse from a pure mechanical standpoint.
 Burke, because of his high standing with the home folks and his fine reputation in the racket, has succeeded in getting the use of the New Orleans ball park for outdoor shows and the cards he has in mind, and probably can get, may put New Orleans in there with Detroit, Boston and Chicago as the new fight centers of real importance.

MARTIN GOT THE REWARD
 Harry McCormick, a gentleman well fixed with the world's goods, is backing Burke. McCormick is the man who helped Tunney in his first step to become the Duke of Queensbury. McCormick put him in with the swell society people down around Red Bank, Fairhaven, Esbriht, and Rumson, where society is real society, and Tunney rewarded him by giving him the high hat when James Joseph became acquainted with the princess.
 Burke was the intimate and boon companion of Tunney at that time and McCormick got to know Martin real well and, as it has turned out, Mike's modest plunge into society didn't do him any harm.

Burke goes into his new business with many advantages. He is going to continue fighting here and there and the butcher and the grocer will not be in line when he is counting up his end after his shows.
 He also knows the business from both ends and he is probably the best liked man, in a quiet way, in the business. Managers of the big time boxers will knock off a grand for him where they would add one to their price for another fighter and they know that the "works" never will be applied with this honest Mick in the office.

Nurmi May Try To Break World's Hour Sprint Mark

NEW YORK, Feb. 20. (AP)—Paavo Nurmi has been invited to try his hand at establishing a new running record for one hour at the New York county American Legion meet at the 102nd engineers armory on February 27.
 The present record for one hour's running was set at 11 miles, 1,442 yards by Jean Bouin of France in 1913 in Sweden. Nurmi has expressed the opinion that he can cover at least 12 miles and possibly more. If he accepts the invitation the Legion meet extended to him, it is planned to obtain use of Intercollegiate A. A. A. A. banked track, considered the fastest indoor track in the country.

CLEVELAND—Johnny Datto, Philippine Islands, and Phil Zwick, Cleveland, no contest, (6). Bob Moody, Pittsburgh, knocked out Jack Huber, Buffalo, (1).

Shell Employees Start Plans for Baseball Nine—Officers Elected

Baseball training camps are opening in the south and in Pampa employees of the Shell Petroleum corporation have also turned to thoughts of baseball. At an enthusiastic meeting held in the Shell office Monday night officers for the coming season were elected.
 Frank McNeill was chosen business manager of the club. Other officers were: Secretary-treasurer, Carl Winters; publicity manager, Ken Manning; team manager, Duffy Jones; field captain, Tom Clayton, and score keeper, Ted Spencer.

Last year's team, then the Roxana team, won the city league championship in a play-off series with the Magnolia Petroleum company's nine. Duffy Jones former big league star, reports that he has a stronger aggregation than last season and that his team will be hard to beat. He has several new players on his roster that he believes will show some fast baseball in and around Pampa this summer.
 The team will begin practice as soon as weather permits and by the time the season opens the outfit will be ready to meet all-comers.

Fight Results

INDIANAPOLIS—Spug Myers, Pocatello, Idaho, outpointed Harry Kid Brown, Philadelphia, (10). Jackie London, Chicago, knocked out Jimmie Brown, Cincinnati, (7).

WILKESBARRE, Pa.—Mickey Doyle, Pittston, knocked out Frankie Garcia, Utica, N. Y., (1). Maxie Rosenbloom, New York, outpointed Garfield Johnson Pittsburgh, (10).

Bailey and Love Disagree Bitterly in Senate Tilt

AUSTIN, Feb. 20 (P)—Two war horses in Texas politics crossed each other's path in the Texas senate yesterday, when Former U. S. Senator Joseph W. Bailey and State Senator Thomas B. Love disagreed on what constitutes "good democracy."

Senator Bailey, speaking on invitation of the senate, enumerated five principles which he said all good democrats should endorse, and admonished the senators that if they adhered to those fundamentals they would "not lose any real democrats."

"You will lose some counterfeited democrats, but we should rejoice at their leaving," Senator Bailey declared.

He laid down the rule that "only democrats should make democratic nominations and promulgate democratic doctrines."

Rising to a point of personal privilege, Senator Love charged that Bailey had indicted the "majority of voters of Texas" and declared Bailey had overstepped the bounds of courtesy extended him by the senate.

"He asserted that there is no room in the democratic party for a zealous prohibitionist," Love stated. "Every time in recent years that Bailey has come in conflict with me and the people with whose ideals with whom I am in accord he has been overwhelmingly defeated."

OIL NEWS and NOTES

Texas Oil Notes

DALLAS, Feb. 20 (P)—A test well, it is announced, will be drilled by the Sherman Oil corporation of Tulsa on a location 20 miles northeast of Coleman. The well will be 357 feet south and 20 feet east of the southwest corner of block 32, sub-division of Victoria county school land.

The Lizzie Smith No. 3, in the Carey lake oil field has been completed as a "good producer," it is announced by the Humble Oil company, owner of the well.

A shallow well good for 300 barrels a day has been brought in by the Golden Rule Oil company on the Pomykal tract at the Mill creek field, nine miles southwest of Brenham. The well nearly doubles the production of the new field.

Material for rebuilding the burned rig on the Marland Production company's No. 1 Brown-Finley, in the northwest corner of the east half of section 32, block B-2, H. & G. N. survey, is being moved in today, and construction work is expected to begin tomorrow.

After striking the big gas fire destroyed the derrick and ignited the flow. The fire was shot out successfully the morning after the gas had

ignited.

This important test is midway between production in the Bowers-McCee and LeFors pools.

FOOD FOR SNOWED-IN TOWN TO BE SLEDDED

DURANGO, Colo., Feb. 20 (P)—Plans were made today for men on snowshoes to haul provisions on sleds into the snowbound region around Silverton, near here, if railroads are unable to clear their tracks into the district within the next few days.

Inhabitants of Silverton and several other mining settlements, isolated since February 2 when snowdrifts blocked the railroads and highway leading into the mountainous country, have been on short rations several days, and the food supplies were almost exhausted, according to last reports.

Railroad crews had almost penetrated the snow, 100 feet deep in places, when new slides were caused by Monday night's storm. They estimated they would reach Silverton late Friday if no more slides occur.

MAN HELD FOR RANSOM

DETROIT, Feb. 20 (P)—Isadore Feuring, 37, a dealer in bottles, went into his back yard last night to meet a man he believed a customer. He failed to return and his wife reported she had received a message saying Feuring was held for \$25,000 ransom. The ransom message came by telephone, a man saying "We are holding your husband. You'll have to pay us \$25,000."

STOCK MEN AROUSED

FORT WORTH, Feb. 20. (AP)—Threat of a change of rules governing the weighing of livestock moving between country points which would impose a penalty of 10 per cent of the freight charges on shippers who fail or refuse to furnish actual weights on such shipments has aroused the cattle and sheep raisers of Texas to action.

The Livestock Traffic association, backed by the Texas & Southwestern Cattle Raisers' association, the Sheep & Goat Raisers' Association of Texas, and the Highland Hereford Breeders' association, has filed a petition with the I. C. C. asking for a suspension of the proposed change which the railroads seek to make effective March 1.

OKLAHOMA POLITICS BESET BY TROUBLES FOR SIX GOVERNORS

J. C. (Jack) Walton (upper left) had a stormy time in Oklahoma politics which resulted in his impeachment as governor. Robert L. Williams (upper right), the wartime governor, had smooth sailing, but M. E. Trapp (lower right) got into difficulties following Walton. Henry S. Johnston (lower left) now is fighting impeachment.

OKLAHOMA CITY (AP)—Only one of Oklahoma's seven democratic governors has escaped stormy political skies which this time have wrought their furies on Henry S. Johnston, who now is fighting impeachment.

It was the wartime governor, Robert Williams' tranquil administration alone was unblemished by legal mix-ups or impeachment proceedings.

While J. C. (Jack) Walton's open war on the Ku Klux Klan and his removal from office in 1923 was perhaps the most sensational chapter in Sooner history, each of his four predecessors had their troubles.

Charles N. Haskell, who wrote his own campaign songs, led the list. Two years after his inauguration in 1907 he was indicted for conspiracy to defraud. He sued William Randolph Hearst for \$600,000, alleging Hearst had called him a "tool" of the Standard Oil company.

Following Haskell was Lee Cruise, whom Haskell had defeated in the state's first election. In 1913 the Oklahoma criminal court of appeals charged Governor Cruise with contempt of court and "expressed regret the chief executive could not be punished."

After William's tranquil administration J. A. B. Robertson was elected in 1919. Charges of graft and inefficiency marked the last two years of his term, and a recommendation for impeachment was defeated in a Republican legislature by one vote. An indictment charging Robertson with bribery was dismissed.

No sooner had Robertson left than "Jack" Walton's turbulent term began. Martial law was declared in several counties as floggings by masked bands led to Walton's fight against the Klan. Charges of corruption piled up. Walton was impeached and ousted a year after his election.

M. E. Trapp, who succeeded Walton, had his own difficulties as lieutenant governor. In 1921 impeachment articles against him were quashed the following year he was charged with perjury.

A public argument arose between Trapp and Ex-Governor Williams when Trapp wanted to succeed himself as governor. A federal judge Williams said Trapp was ineligible for election, and the supreme court sided with Williams.

OFFERS FOR MERGED PRESBYTERIAN COLLEGE MADE

AUSTIN, Feb. 20. (AP)—Offers from Texas communities seeking to become the home of the new consolidated college of the Presbyterian church, South, as a result of the Texas synod deciding to combine three of its colleges into one, will be considered by a sub-committee of the commission of eight ministers and eight laymen.

The commission, meeting here yesterday, decided that the college, which will replace Daniel Baker college of Brownwood, Austin college of Sherman, and Texas Presbyterian college of Milford, will have a capacity of 1,000 students. It was estimated that it would require from \$2,000,000 to \$5,000,000 to found it, exclusive of lands. It will be co-educational.

Another meeting of the commission will be held in 30 days, it was announced.

PERJURY IS CHARGED

DALLAS, Feb. 20. (AP)—Three witnesses who attempted to establish an alibi for William (Dagger) Pruitt, on trial for robbery, were ordered arrested for perjury after they had testified this afternoon.

Pythian Lodge Has Banquet at New Schneider

Honoring the 65th birthday of the organization of the Knights of Pythias lodge, Pampa lodge No. 480 entertained 75 members and friends at a banquet at the Schneider hotel last night. An excellent program and a dance followed the dinner.

The speaker of the evening was Bro. James Bowen of Amarillo, who spoke on "Twentieth Century Knighthood." Mr. Bowen told of the organization of the first lodge by Judge Henry Rathbone in Washington, D. C., in the year 1844. He related the good the twentieth century Knights of Pythias were doing in supporting a children's home at Weatherford and other great work.

Those taking part in the program included Miss Eleanor Frey, Mrs. Dorothy Ives, Miss Audrey Noel, R. B. Fisher, and T. A. Fannell, Mrs. T. A. Fannell, Ray Parr and Billie's trio.

Eldridge School Wants New Plant

A petition will be presented to Judge Ivy E. Duncan by residents of the Eldridge school district asking that a \$6,000 bond election be called to vote on construction of a brick school for that district.

At a meeting of residents last night in the Eldridge school, there was not a dissenting vote to the motion to ask for a bond issue. Supt. John B. Hesse made a short talk on the need of a larger building.

Miss Mary Snyder of Alanreed was elected as an extra teacher at the school where in the past one teacher has been instructing 60 pupils.

Eldridge is the place where the first postoffice in Gray county was located and where the only stop was made in stage service between Clarendon and Mobeetie.

Hugh P. Johnson, manager of the Pampa Buick company, is one of the prominent business men of the city. Under his supervision, the company here has sold and serviced more Buick motor cars than any of the Buick agencies of nearby cities.

Hollywood Sights

NEW YORK—The newest little movie theater in Manhattan is built like a camera and so it adds another novelty to the city's freak playhouse equipment which includes:

One ping-pong court, one dance room, one game room, one art exhibit, two coffee urns, two cigaret humidors, and modernistic trimmings too numerous to count.

The Film Guild Cinema in Greenwich Village is the newest of those theaters devoted to the showing of "artistic" pictures and its auditorium construction makes it one of the most unique of the lot.

Where the camera's lens would be, the theater has its circular screen. The curtains that shield the so-called silver sheet close and open like a shutter, and the walls and ceiling slope away from it in such a manner that they, too, may be used for screens. By so using them, the management hopes to magnify the effect of moving spectacles. While a war film was being projected, for instance, stereopticon views of tanks and troops and airplanes would enlarge the panorama.

The lobby, like that of the Little Carnegie Playhouse, is furnished with cushioned benches along the walls where those who come to see may stay to talk. It lacks, however, the lobby buffets of the other two houses, where coffee and cigars are served with the compliments of the makers.

TEXAS PIONEER DIES

SAN ANGELO, Feb. 20. (AP)—D. J. (Joe) Wyatt, 65, millionaire banker and stockman, died of pneumonia at his ranch home 10 miles south of Sonora, today. Burial will be at Sonora, but arrangements are incomplete. A native Texan, he had spent most of his life in developing the cattle industry in West Texas.

HOLD MEMORIAL SERVICE

WASHINGTON, Feb. 20. (AP)—House members forgot politics and legislative quarrels today while they joined in paying homage to their dead colleagues of house and senate in the first group memorial exercises ever held in that chamber.

NEGRO SHOTS GROCER

FORT WORTH, Feb. 20. (AP)—G. L. Young, 60, grocer, was shot and probably fatally wounded by an unidentified negro last night. He was found at the rear of his store. He said a negro had done the shooting.

AIRPLANE VICTIM DIES

SAN ANGELO, Feb. 20. (AP)—An airplane barnstorming tour by which two Springfield, Mo., youths had hoped to see the country ended yesterday at McCamey with the death of Fred Sorrell and the wreck of the plane. E. E. Sorrell, younger brother, was en route back to Springfield today with the body. Sorrell was injured fatally when the ship nosedived from 75 feet. Two passengers, Roy and Elmer Cox of Iraan, escaped with minor injuries.

VOLCANO ERUPTING

HILO, Hawaii, Feb. 20. (AP)—Kilauea, world's largest active volcano, began erupting today. Fire broke out at 4:50 a. m. Two large fountains of flame playing continuously east and west 250 to 300 feet in the Halemau pit which is 1,800 feet across.

WASHINGTON DAYBOOK

By HERBERT C. PLUMMER
 WASHINGTON.—President and Mrs. Coolidge are confronted with a knotty problem as the two pack up their personal belongings and prepare to move out of the White House on March 4.

They are at a loss to decide what shall be done with the many portraits of them that have accumulated during their occupancy of the executive mansion.

The president of the United States is the recipient of all sorts of gifts while he is in office. Mr. Coolidge has been no exception. Everything from pet coons to Czechoslovakian crystal glass bowls have found their way to the White House during the past six years. Portraits of the president and first lady have not been the least of these gifts. Artists and organizations alike have been generous.

TOO MANY PORTRAITS
 Disposition of things like crystal bowls is a comparatively easy matter. A painting of one's self, however, is a different matter. At least Mr. and Mrs. Coolidge think so. They are opposed to the idea of storing such possessions in an attic or cellar.

Yet, if the return to the modest home at Northampton, which apparently is their plan, there is no place for all of these paintings. It is simply out of the question to take all of them along.

There is now a place ready for one portrait of each.

Custom has decreed that the retiring chief executive and first lady leave behind a painting of their likeness for the presidential gallery in the White House. Two portraits each of Mr. and Mrs. Coolidge now hang from the walls of the executive mansion.

Those to be left behind have not yet been selected. Congress, at the end of each administration, appropriates money for the purchase of these official portraits, and the selection is left to the president.

PROSPECTIVE SOLDIERS
 When you are inclined to grow impatient with the antics of congress, just remember that after all the larger part of the membership is composed of younger men.

Senator McMaster's rider to the cruiser bill, providing that all legislators under the age of 55 be included in the draft law in times of war, prompted an investigation along this line.

If such a bill were passed, 39 senators and 233 representatives would be subject to call.

The senate would contribute 17 republicans, 21 democrats and one farm-laborite. Such a law would take 23 representatives from New York state alone. Pennsylvania has 21 eligibles, Ohio 14, Indiana and Illinois 11 each, California 10 and Texas 9. The remainder of the 233 are scattered generally throughout the country.

Vice President-elect Charles Curtis would escape, and so would Joe Robinson and Jim Reed of Missouri.

G. G. Frasier of Kingsmill is recuperating after undergoing a major operation at a local hospital.

A bill introduced in the Missouri General Assembly would bar all carnivals which have gambling devices.

MOTHER NATURE'S GURIO SHOP

THE SPORES OF BLACK RUST, BY MEANS OF WHICH THIS PLANT DISEASE SPREADS, HAVE BEEN CAUGHT ON SLIDES EXPOSED ON AIRPLANES FLYING AT AN ALTITUDE OF TEN THOUSAND FEET ABOVE THE GROUND.

THE LOBSTER'S CLAWS ARE NOT MATES. ONE BEING OF THE CRUSHING TYPE, WHILE THE OTHER IS USED FOR SEIZING. IF IN COMBAT HE IS CAUGHT BY A PINCER HE CAN DROP IT AT THE ELBOW AND ESCAPE. AND A NEW CLAW WILL GROW ON TO TAKE ITS PLACE.

SILVERTON METHODISTS TO BUILD CHURCH SOON

SILVERTON, Feb. 20. (Special)—Definite plans for the construction of a new church building will be offered the congregation of the Silverton Methodist church in the near future, and actual work will probably be started immediately afterward.

The appointment of a building committee, composed of the pastor, the Rev. Brotherton, and three laymen, was made at the last quarterly conference.

No decision as to the cost of the new building has been reached by either the congregation or the building committee, but the plan is to build a modern structure that will do credit to the congregation and the town, it was said by the pastor.

SLATON CHARTER PROPOSED

SLATON, Feb. 20. (Special)—In an election to be held March 19, Slaton citizens will accept or reject a city charter drafted by a charter commission composed of 15 leading citizens. The commission, which was selected last November, has only recently completed its work and is now making copies of the proposed charter printed to be distributed to all voters.

SNYDER BUILDING BRISK

SNYDER, Feb. 20. (Special)—Snyder's building permit totals for January reached the highest peak in the history of the city this year when a total of \$33,150 was taken out. The exceptional growth of the town is to be seen by comparing this figure with that of January, 1928, which was \$7,550.

PASTOR CAPTURES AN EAGLE

ELIZABETHTON, Tenn. (AP)—The Rev. W. L. Hall claims the most successful hunt on Roan mountain this year. A gray eagle weighing 15 pounds was captured by the minister when it flew into a fence and was stunned.

SMACKING ON SMACKOVER

SMACKOVER, Ark. (AP)—What's in a name? This town has a licensed fight club and presents its citizens professional bouts.

NEW YORK NARCOTIC CENTER

WASHINGTON, (AP)—Federal agents estimate that 95 to 98 per cent of the narcotic drugs sold or dispensed illicitly in the country enter through the port of New York.

A STUDY IN BOATS

NORFOLK, Va. (AP)—Steamships do not have young, although this looked possible in Hampton Roads when two German vessels of the same name anchored side by side. The North German Lloyd liner, Westfalen, was just 10 times the size of a vessel of the same name.

Mrs. Elsie Burrough, who underwent a major operation at a local hospital a week ago, is reported to be recovering rapidly.

Mrs. J. A. Jeffus is recuperating at a local hospital, after undergoing a major operation several days ago.

Miss Pearl Marchant, who has been a patient in a local hospital the last two weeks, will be able to return to her home in a few days, it is thought.

W. E. Greniger underwent a major operation Monday at a local hospital.

Road Bond Bill Must Win More Votes to Pass

AUSTIN, Feb. 20. (AP)—In engrossing the joint resolution calling for submission of a constitutional amendment which would authorize the legislature to issue bonds up to \$175,000,000 for building highways and reimbursing counties which have already constructed roads on the state system, the senate by its votes indicated yesterday there must be converts to the plan or it will fall short of the two-thirds majority necessary to final passage.

The vote on engrossment was 16 to 11, with one pair. The affirmative vote can be regarded as 17 to 10, since Sen. W. R. Cousins of Beaumont, who voted against it, said he did so to be in a position to move reconsideration in the event the resolution failed. Two absentees were said to be for and against the resolution.

The house dealt a blow to the administration when it voted to engross the Young-Turney-Loy prison concentration measure and failed to substitute the Graves bill, endorsed by Governor Moody. The vote was 70 to 59.

The bill engrossed would concentrate the system on the Darrington and Ramsey farms in Brazoria county, and provide for a sale of the other properties. The central plant at Huntsville would be dismantled.

A flaw in surveying notes made by George Washington showing 30 per cent more acreage than a plot actually contained, has been discovered by a University of Wisconsin student.

For 20 years David Stitsel has kept the homes of Brunersburg, Ohio clean. Stitsel is now 71 but still makes brooms to order, raising the straw and performing all the labor.

Sun bathers from 13 states and three Canadian provinces at St. Petersburg, Fla., formed a club and elected officers.

President-elect Hoover has presented the historical society of St. Augustine with a copy of his translation from the Latin of an ancient account on mining and metallurgy.

More than 380,000 passengers arrive or depart from Chicago by rail each day. They are carried by 2,050 trains over 23 trunk lines and 15 switching lines.

Polish Pippin

So Poland got into the swim, too. Here is the pippin picked as Pilsudkiland's envoy to the international beauty show at Paris. Her name is Wladislawa Kosciakown—But don't let that scare you. She is 21 years old and of the complexion that Warsaw gentlemen prefer.

The skeleton of primitive Arkansas man was recently found, the bones being considerably larger than those of a 6-foot man.

CANYON EPISCOPAL CHURCH EMPLOYS STUDENT WORKER

CANYON, Feb. 20. (Special)—Mrs. Elizabeth Fry Page of Tennessee has been chosen by the Episcopal church of Northwest Texas to be their student worker at the West Texas State Teachers' college. She succeeds Mrs. E. H. J. Andrews, now of Houston, Texas.

Her appointment was announced by Bishop E. Cecil Seaman of the Northwest Texas diocese; she will take up her duties about the first of March.

COLLEGE DELEGATES WILL ATTEND DENTON MEETING

CANYON, Feb. 20. (Special)—Miss Edna Graham of the college faculty, and Miss Lorna Stock, representative of the Lloyd Green Allen Scholarship society of the State Teachers' college here, will leave Thursday for Denton where they will attend the annual meeting of the Texas branches of the Scholarship societies of the South.

Miss Edna Graham is sponsor of the society at Canyon, which is one of the oldest in the state of Texas.

The Canyon delegation will make a strong bid to bring the 1930 meeting to the West Texas Teachers' college here.

When next Mrs. Martha Gilligan of Cambridge, Mass., slips on the ice she will be less prompt in thanking the man who saves her from a fall. After a stranger steadied her the other day she found her handbag open and \$11 gone.

RACKET, BUT NO NOISE

CHICAGO. (AP)—A sign in a speaking-rack reads: "We're in the racket, but we don't want any noise."

TRAINING CAMP COSTS

WASHINGTON. (AP)—The per capita cost to the government of the citizens' military training camps is \$78.76.

HORSE KNEW HIS TRAFFIC

CAMBRIDGE, Mass. (AP)—A driverless horse hauling a milk wagon wandered into the churning traffic of Harvard Square. Ted O'Hearn, traffic officer, blew his whistle and put up his hand. O'Hearn swears the horse stopped from force of habit.
