PAMPA, GRAY COUNTY, TEXAS, SUNDAY MORNING, JANUARY 20, 1929

PRICE FIVE CENTS

IMPEACHMENT CAUSES CHOSEN

Gray County's New Wells Send Production Upward 1,620 Barrels

THREE LARGE GUSHERS WILL HALT DECLINE

Gulf's Bowers A-6 Is Gaining As It Cleans Out

CARSON COUNTY SHOWS SLOWING

Panhandle Area Boost Is 1,105 Barrels for Week Daily

Augmented by three new producers and an increase in one brought in more than a week ago, Gray county's daily production jumped 1,620 barrels during the last week. Gray was the only county in the Panhandle to show a daily gain.

Gray county's increase was due to the bringing in of the Texas company's No. 7 Saunders, in section 4, block 1, in the LeFors area; the Plains Drilling company's No. 2 Saunders, in the same section, and the George Ray and Plains Drilling company's No. 1 Chapman, in section 50, block A-9, with an increase in the Gulf Production company's No. 6-A Bowers, in section 29, block B-2, in the Bowers-McGee pool. Hutchinson county practically held its own, with a decrease of only 15 barrels; Carson slumped the most, with a drop of 245 barrels.

LEGISLATORS IN HOUSTON TO SEE SIGHTS AND REST

AUSTIN, Jan. 19. (P)—Legislative work was almost at a standstill today as a majority of both houses took a holiday in Houston. A few senators and representatives, who did not make the Houston trip, took advantage of the lull to whip bills into shape for the assembling of the lawmakers Monday.

Representative Leonard Tillotson of Sealy, who has submitted bills containing his highway program spent the day preparing prison reform measures which he hopes will find favor when that issue is fought through.

AUSTIN, Jan. 19. (P)—Testimony indicating that Land Commissioner J. T. Robison never issued formal notice that he was withdrawing a portion of the 103,000 acres of mineral leases advertised for January 2 was given here today in hearings on the suit of Texas university regents to restrain the land office from selling any lands advertised for that date.

On the stand, Robison identified a document presented by the attorney general as a notice of withdrawal, or postponement which he said he had prepared, but which he said never was issued because he discovered an error in the document when it came from the mimeographer.

The attorney general brought out this testimony in an effort to support its contention that the January 2 sale was not advertised adequately.

It went into the record piecemeal with attorneys pausing at each question for protracted arguments over objections.

POLL TAXES ARE SLOW AS USUAL IN THIS COUNTY

With only 10 days left to pay poll taxes, less than one-quarter of the number expected this year have been paid, it was announced yesterday. In the entire county only 761 poll tax receipts have been issued. Of that number, 364 were taken out in the three Pampa voting precincts.

'RIP', EASTLAND'S FAMOUS HORNED TOAD, IS DEAD AT LAST

EASTLAND, Jan. 19. (P)—Rip is dead. The old boy, world famed horned frog taken from the Eastland county courthouse cornerstone months ago amid allegations that he had lived therein for 31 years without food or water and mayhap without air, left the cytosure gracefully and with dignified unostentation.

Landowners Think Desired Bills Are Sure to Be Passed

Gray county's delegation that attended the hearings on the land and title bills in Austin have returned, bringing optimistic reports on the likelihood of the bills being adopted.

Pleasant Saturday Weather Routed Very Suddenly by Drop of 35 Degrees

Between 5 and 8 p. m. last evening the thermometer here took a 35 degree drop. At 5 o'clock Pampa was experiencing semi-spring weather with the thermometer registering 55 degrees.

Three Routes Will Be Possible—Walks Necessary

A letter addressed to John H. Barton, first assistant postmaster general and signed by the board of city development, yesterday stated that Pampa is ready for free mail delivery. Following a check-up conducted by Postmaster W. A. Crawford and George W. Briggs, manager of the B. C. D., maps were prepared showing where pavement or sidewalks had been or will be laid.

Skellytown Body Taken to Colorado

The body of Mrs. Beulah Laveque, who was burned to death at her home in Skellytown Wednesday morning, was taken overland to Springfield, Colo., yesterday by S. J. Spears of the G. C. Malone Undertaking company.

JOHNSTON TO HOLD POSITION UNTIL OUSTED

Five Grounds for His Suspension Passed in House

SENATE IS TO ACT MONDAY

Upper House Is Court For the Final Decision

OKLAHOMA CITY, Jan. 19. (P)—Governor Henry S. Johnston in a signed statement tonight, answered the charges of impeachment voted against him by the house of representatives by declaring the governor "is given authority by constitution or statute to do all I have done, and other governors have exercised similar powers without question."

The governor charged in his statement, that the purpose of these men has not been to investigate, but to impeach.

Under five charges of impeachment adopted by the Oklahoma house of representatives, Gov. Henry S. Johnston continued today to administer the state's executive affairs.

Suspension from office, asked by the house investigating committee which returned 10 impeachment articles against the governor yesterday awaited action of the senate, constituted court of impeachment. It was expected impeachment charges would be submitted to the senate soon after it convened Monday afternoon at 1:30 o'clock as a committee for that purpose was appointed in the house after the first article was adopted yesterday.

Student Slayer Given Death-To Die March 15

ATLANTA, Ga., Jan. 19. (P)—A jury here today found George R. Harsh, wealthy former collegian, guilty of the murder of Allard Smith, drug store clerk, and sentenced Harsh to die in the electric chair March 15.

Student Slayer Given Death-To Die March 15

The defense announced motion for a new trial would be filed immediately. Harsh, scion of a wealthy Milwaukee family, and frequenter of exclusive clubs here, while attending Oglethorpe university killed Smith, 34-year-old drug store manager, during an attempted robbery last October 16.

Seven Periods in New Schedule at Central School

A seven-period day has been adopted by Central high school, with classes beginning at 8:45 o'clock in the morning and closing at 3:15 in the afternoon. The period between 3:15 and 4 o'clock, formerly used for regular classes, is now given for conferences and detention class.

Students who are absent or tardy without acceptable reason or who fail to have their assignments are held in the detention room until 4 o'clock.

The school is being reorganized into home room system for closer supervision of student activities. Less time will be given under this system to study halls and more to supervised work. Students who are slow in their work for any reason will be given special attention. The entire high school has been grouped in classes according to the ability or scholastic rating of the students. That is, A grade students are in one class, B students in another, and C students in still another. School officials say that students and faculty members are well pleased with this arrangement, feeling that better work can be done under the stricter classification.

After giving all students the so-called diagnostic test in grammar, which the University of Texas advocates and uses, the English department of Central high has organized a class in technical grammar for those who are weak in this essential study.

LEFORS NEWS

NEW STUDY CLUB IS ORGANIZED

A number of women of the community and teachers in the LeFors school met Tuesday afternoon in the home of Mrs. Ira Varnarsdall for the purpose of organizing a study club. Mrs. Varnarsdall was appointed as temporary chairman, and following officers were elected: President, Mrs. D. A. Mosner; vice-president, Mrs. Josephine Sparks; secretary-treasurer, Mrs. A. Carpenter; and reporter, Miss Lucille Stratton.

A program committee composed of Mrs. A. Carpenter, chairman; Miss Faye Joyce, Miss Mary Gregory and Mrs. J. Harris, was appointed to select a lesson for each meeting. The subject decided upon for the next meeting was "Table Service and Etiquette." At the close of the business session, dainty refreshments were served.

The following were present: Mrs. Joe Garlay, Mrs. Jim Harris, Mrs. Ralph Ogden, Mrs. D. A. Mosner, Mrs. Vernon Stewart, Mrs. A. Carpenter, Mrs. W. A. Breining, Mrs. Josephine Sparks, Miss Leta Cayton, Miss Mary Gregory, Miss Faye Joyce and Miss Lucille Stratton.

MRS. W. R. COMBS HOSTESS TO CLUB

Mrs. W. R. Combs delightfully entertained members of the Idle-a-While Bridge club Thursday afternoon, with four tables in the game. At the close of the playing a short business meeting was held. Mrs. Ralph Ogden was elected president and Mrs. Ira Varnarsdall, reporter. Mrs. George Thut, Mrs. James Harris, Mrs. C. A. Clark and Mrs. D. A. Mosner were elected to membership in the club.

The party was enjoyed by the following members and guests: Mrs. A. Carpenter, Mrs. Ira Varnarsdall, Mrs. Joe Garlay, Mrs. Ralph Ogden, Mrs. L. P. Keough, Mrs. E. O. Van Winkle, Mrs. W. A. ELDERLY FOLK MEET

Lindley and Mace Harris are visiting their sister, Mrs. Sarah George, at the home of the latter's daughter, Mrs. J. G. Noel. Mrs. George, who is 83 years of age, and Lindley Harris, who is 74 years old, have not met in 46 years. Two daughters and a son of Mace Harris are also guests in the Noel home.

Mrs. Henry L. Lemons was able to leave the McKean and Connor hospital Friday afternoon after a serious operation.

Instructions on Planting Trees Are Given by Expert

The Chinese elm trees ordered from the state experimental farm at Lubbock through the chamber of commerce will arrive here within the next two weeks, George Briggs announced yesterday. More than 300 trees were ordered by local citizens.

Numerous citizens who ordered trees asked for information on planting them. Donald L. Jones, superintendent of the experimental farm, gives the following directions:

Dig a hole at least 5 feet in diameter, as grass roots around the young trees tend to steal the moisture.

Trim the trees throughout the year as the lateral growth becomes heavy—a good way to do that is to pinch the terminal bud. In this way the tree will grow tall as well as branch out.

Water well, don't water too often, but when you do water around the trees do it thoroughly.

Brace the young trees against the forces of the wind so that they will not grow bent and crooked.

Mr. Jones was also asked how to kill locust trees. He stated in his letter to Mr. Briggs that he believed the pouring of arsenic solution in a cut in the tree would kill it. He is causing experiments to be made along that line, he said.

SUNDAY SCHOOL MAN GETS LONG SENTENCE

Will Appeal Case—Killed Man and Claimed He Was Threatened

PITTSBURGH, Jan. 19. (AP)—Sentenced today to from 10 to 20 years for killing Phillip F. Clark in the First Christian church of Munhall, May 13, Fayette J. Tyrrell, Sunday school superintendent, will appeal to the state supreme court.

Tyrrell admitted the killing, but pleaded self-defense. He said Clark had threatened to "get" him because he had represented Mrs. Clark in a divorce action.

The many friends of Newton Blackwood, superintendent of the Champlin Refining company, will be glad to learn that he was able to be taken to his home Friday. Mr. Blackwood underwent a serious operation in the McKean and Connor hospital nearly two months ago.

Mr. and Mrs. W. A. Gray returned Friday evening, after spending a week with relatives and friends in Sulphur and Keystone, Okla. Mr. Gray's father, J. T. Gray, accompanied them home and will make an extended visit here.

OFFERED POP FOR "A'S"—IS SWAMPED

Colorado Bottler Probably to Lose Interest in Scholarship

COLORADO SPRINGS, Colo., Jan. 19. (AP)—Arthur E. Paugh, a bottler, offered a bottle of pop to every school child having a "A" on his midterm report card.

Today he was beset by 1,100 grade school children, some having as many as nine A's.

OKLAHOMA CITY, Jan. 19. (AP)—Shell Petroleum, formerly the Rokana, is to open district offices in Oklahoma City about Feb. 1, it was learned here today.

With Maude pool looming into the limelight with new high production peaks daily, and Mission pool steadily gaining despite a number of wells being shut in, Greater Seminole field was maintaining its high level, declining only 375 barrels today from its record peak of the year of 291,783 barrels, reached yesterday.

CHEVROLET

A SIX IN THE PRICE RANGE OF THE FOUR

Smoothness

Never Before Achieved in a Low-Priced Automobile

Of all the exceptional performance qualities resulting from the advanced design of the new Chevrolet Six, none is more impressive than its remarkably smooth operation.

Although the new six-cylinder motor develops 32% more power with correspondingly higher speed and faster acceleration... although it delivers better than twenty miles to the gallon of gasoline—

—its outstanding feature of performance is a degree of smoothness never before achieved in any low-priced automobile.

To achieve such remarkable performance in a car of such low price, Chevrolet spent years in development work. Over 100 different engines were designed, built and subjected to over a million miles of testing at the General Motors Proving Ground before the present motor was adopted. The new power plant has many unusual features, such as the new acceleration pump, the new gasoline pump and filter, and the new automatic lubrication of the rocker arms.

The four-wheel brakes have been newly designed to assure positive, quiet action. Steering has been made easier. And the new Fisher bodies with their new lines, new colors, adjustable driver's seats and new appointments represent new heights of style, distinction, comfort and value.

We extend you a cordial invitation to see and drive the new Chevrolet Six. We believe it an experience that every motorist should have—and we want you to know how finely the new Chevrolet Six is built and how smoothly it performs!

MITCHELL'S
"APPAREL FOR WOMEN"

Mrs. Miller Has Gained 26 Pounds; Health Restored

"Since I began taking Sargon I have gained 26 pounds," was the remarkable statement made a few days ago by Mrs. Nellie Miller, residing at 407 North Main street, Memphis, Tenn. Mrs. Miller is a prominent church worker.

"When I commenced taking Sargon I only weighed 90 pounds," she said, "and I now weigh 116. I feel better than I have in 10 years."

"For years I suffered with a bad form of stomach trouble, constipation and pains in my side. I became so weak I could hardly get around."

"I had no appetite at all scarcely, and what little I did eat caused gas on my stomach, and palpitation of the heart, headaches and dizzy spells. I was awfully nervous. I worried about myself until I could sleep a rest but little. I never knew what it was to retire at night without taking some kind of strong purgative."

"After I had given up all hope of ever being well again a friend of mine persuaded me to give Sargon a trial. I shall always thank this friend from the bottom of my heart, for Sargon helped me from the very first day. I have taken 17 bottles of Sargon and now I feel like I have been made all over again."

"I now have a splendid appetite. Those terrible pains in my side have disappeared and I sleep like a child. I am no longer nervous, and when I get up mornings I feel refreshed, cheerful and bright. I really feel as if I had started life all over again."

"I believe Sargon Soft Mass Pills had a lot to do with my recovery, and think they should always be taken in connection with Sargon. They are entirely different from any other laxative I ever took, because they are so mild and easy in action."

Sargon may be obtained in Pampa from Fatheree Drug Co., and in McLean from Erwin Drug Co. —Adv.

GO TO CHURCH SUNDAY

IS IT A SQUARE DEAL? For you to neglect the church where you would not like to be a community without the church? If the church is the backbone of any community, the center of all our best life, thought and development; the greatest bulwark of peace and public sentiment; the soul's school for a character that will live through eternity; and the giver through its membership, of more than 50 per cent, of all charity in the world, and for you to neglect it, is it for you to neglect every good deed under heaven?

THE REMARKABLE NEW "FINGER-TIP CONTROL"

Greater beauty and improved design in new Whippets and Willys-Knights

The ultra-modern lines and larger bodies of the new Superior Whippet and light Six buyers, while the new style Willys-Knight Six is the largest, most beautiful and most powerful Knight-engined car ever offered at so low a price.

See and examine these superb cars without delay! An immediate order will aid in early delivery.

What it means to you in driving convenience and safety

Willys-Overland is the first producer of automobiles to equip all its passenger cars and commercial vehicles with the wonderful new "Finger-Tip Control."

A single button, conveniently located in the center of the steering wheel, controls all functions of starting the motor, operating the lights and sounding the horn.

This fundamental improvement does away with all troublesome foot fumbling for the starting button. You can keep your foot always on the brake when starting or re-starting on a hill—an obvious safety advantage of major importance.

"Finger-Tip Control" also avoids changing from the comfortable driving position to reach a light switch on the dash. You can at all times keep your eyes on the road, and the hand that operates the button flashes back to the rim of the wheel in any steering emergency.

PUBLIC FORUM

Editor, Pampa Daily News:

Will you please print this in answer to the letter published in Wednesday issue of the News signed, "Old Fanatic?"

I have no quarrel or argument for "Old Fanatic" or anyone else. In fact, I denounce all dissensions that are calculated to bring strife and discord in the church and in religious matters. I am only interested in trying to promote the Kingdom of God in my small way, without criticism of anyone, whether they be church, preacher, or self styled, "Old Fanatic."

I am a layman, a member of one of the churches of this community and I do all in my power to be present at every service of my church and do my part in building up the church instead of trying to tear it down. I have visited all the churches of our little city and have heard all our local ministers preach and I therefore want to say right here that the charge brought by "Old Fanatic" against our preachers is entirely out of line and without foundation.

My pastor is a young man, filled with the Spirit of God, imbued with power from on high, and preaches what I term the "old time gospel." Now he does not believe that folks should still come to church in an ox cart, and that a preacher should stand for an hour or more "trying to get over" what he wants to say. His sermons are powerful, delivered from the very depths of his soul to the hearts of men. I would like to inform "Old Fanatic" that hundreds of souls have been born into the Kingdom of God under his ministry. Time after time I have seen strong young men, and fine young women walk down the aisle after he had delivered his message, and surrender their lives and hearts to God. Perhaps this took place while "Old Fanatic" was taking his nap or "figuring his bills."

We usually get out of a church service just what we put into it. If we go to church to find fault with the preacher, instead of being built up "in the most holy faith," we go away criticizing the preacher and making light of the services instead of thanking God that we have been permitted to worship in His holy temple again. Let me call your attention to one picture found in the teachings of God's word: "Two men went up into the temple to pray: the one a Pharisee, and the other a publican. The Pharisee stood and prayed thus with himself, 'God, I thank Thee, that I am not as other men are, extortioners, unjust, adulter-

ers, or even as this publican. I fast twice a week, I give tithes of all that I possess.' And the publican, standing afar off, would not lift so much as his eyes unto heaven, but smote upon his breast saying, 'God be merciful to me a sinner.' I tell you, this man went down to his house justified rather than the other: Luke 18:10-14. It might do some of us good to realize that we need a blessing rather than the other fellow.

In this wonderful age of the world's history, who wants the church to go back "to the good old days" of long ago? The young people of today are demanding a different church program to that of 50 years ago. If "Old Fanatic" would study his Bible more carefully, no doubt he would have a different conception of Christ's commission. I find that the "commission" of Jesus Christ carries with it the responsibility of "teaching" as well as that of "preaching." The church that fails to teach as well as preach will soon loose her grip upon the hearts and lives of men.

Now "Old Fanatic," according to your own statement and desires, you are ready to pass on. Those of us who are enjoying the wonderful programs of our churches, and working at the job, are satisfied with the preachers of our town and community. We are not "homesick" for death to all us on. Lots of times when we are wrong, we come to believe, that we are the only fellows who are right and all the rest of the world has gone to the "bow-wow's." Just this picture "Old Fanatic" then I close. When Elijah became despondent and blue he prayed, "that he might die." All the children of Israel, and all the prophets

of God, (according to his views) had gone to the devil and lost their power. The prophets were not preaching as they did "in the good old days." He was sick, disgusted with the whole world. He hid himself away in a cave, his work was finished, and there was no use of going to church anyway. The prophets would talk about the goodness of God; but had no "fire in their sermons." God stepped upon the scene and revealed unto Elijah the fact that there were 7,000 souls in Israel who had not bowed their knees unto Baal. I venture the assertion if you or any other "Old Fanatic" will get in the harness for God, go to praying, you will soon discover that the preachers of today are just as powerful and are preaching a Gospel that saves to the uttermost, the same as the preachers did in the "good old days, of long ago."

"Yours truly,
"A LAYMAN.
"Who believes that a church should teach as well as pr each."

Legion to Have Charge of Auto Show for Dealers

Kerley-Crossman post of the American Legion will sponsor the Pampa Automobile Dealers' association automobile show to be held in the Pampa auditorium February 21, 22 and 23. The Legion will be in charge of decorations, entertainment, and the caravan.

The local dealers' association is to co-operate with the Legion to assist that organization in clearing an indebtedness on the home.

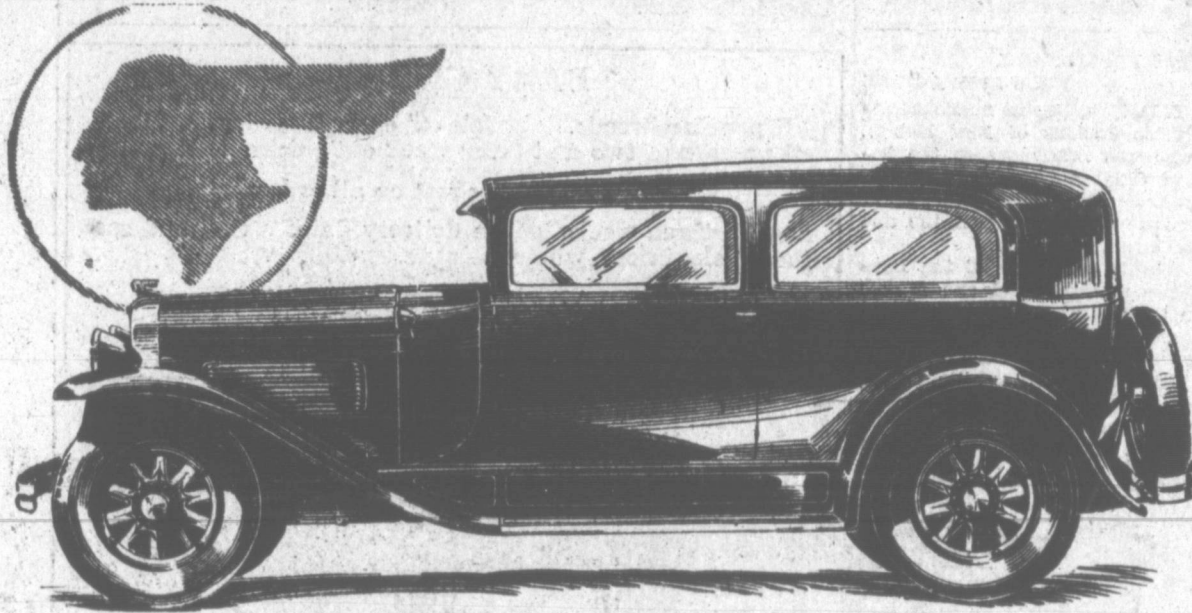

There are 10 dealers in the city who will participate in the display. February 18 has been set as a tentative date for the caravan to visit all neighboring towns.

Mrs. H. C. Heinlen returned Thursday evening from Murray, Iowa, where she has visited relatives since the first of December.

announcing The New PONTIAC BIG SIX

Introducing Big Car Standards of Luxury, Style and Performance at \$745

TODAY a new type of low cost motoring luxury is available. It embraces big car style. It provides big car riding comfort. It embodies big car quality in unseen parts. It includes big car performance even to the point of developing big car power and traveling at big car speed. It is offered by a brand new automobile—the New Pontiac Big Six.

Frankly, the New Pontiac Big Six was designed to appeal to a certain group. True, every motor car owner in America will find in it many things to admire. Two-car families will find it an ideal second car. But the group for which it is primarily intended is made up of people who are beginning to move up in the world. Many of them will soon make the first important step up in the quality of their cars. All are progressive. The New Pontiac Big Six was designed for them.

It comes to them entirely new in appearance. Stunning new bodies by Fisher contribute to the big car beauty and big car style presented by the car as a whole.

Prices, \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

tribute to the big car beauty and big car style presented by the car as a whole.

Progressive people are seeking greater luxury. The Pontiac Big Six offers them the luxury, the deep, richly upholstered cushions and the charming appointments for which bodies by Fisher are famous the world over. It provides the smooth-riding qualities of a car 167 inches in overall length, with accurately balanced rotating mechanical parts and such advance comfort features as adjustable drivers' seats.

It is a six, but more than just a six. It is a six with the added power of a larger L-head engine and the added smoothness imparted by a dynamically balanced, counter-weighted crankshaft and the famous Harmonic Balance. It is a six with the added efficiency and silence achieved by means of the G-M-R cylinder head. It is a six with the added cold-weather advantages provided by the cross-flow radiator, thermostatically controlled.

Fan to rear axle, its "line of drive" is in accurate dynamic balance. Its new brakes are of the internal four-wheel type which neither mud nor rain nor ice can prevent from operating efficiently.

As for its performance, you can drive it at express train speed. You can watch it accelerate alongside the finest cars on the road. You can test its power under any conditions, confident of its ability to pull through. Meanwhile it continues to provide that unmatched dependability for which every Pontiac has been famed.

Only a few highlights in its construction have been mentioned. Just enough to prove that the Pontiac Big Six is entirely new and capable of meeting progressive Americans' demand. But the amazing thing about it is that it gives so much big car luxury, style and performance at prices which come within practically everyone's reach!

GRAY COUNTY STATE BANK

Colorado Likely to Get Walker on Murder Charge

ALBANY, N. Y., Jan. 19. (P)—The advance guard of a company of at least four western police officers seeking to return to their respective states with Clyde Roberts, alias Whitey Walker, and Fred Nave, wanted in a series of murders and robberies, arrived here today.

Roberts and Nave were arrested a few days ago in Buffalo when they displayed large rolls of money. Their description was broadcast by Buffalo police and immediate replies were received from four western states—Kansas, Oklahoma, Texas and Colorado.

Hugh D. Harper, chief of police of Colorado Springs, called at the office of Governor Roosevelt today to present the formal request of his state for the extradition of Roberts, who, he asserts, was a member of a band that killed the president and cashier of a bank in Lamar last summer and escaped with several thousand dollars.

Harper was told to return to the executive offices on Monday when the matter would be taken up. It is expected that before that time representatives of the other states will be on hand to present their claims.

HOOPER SPEAKS TO FRIENDS IN BELGIUM

WASHINGTON, Jan. 19. (P)—President-elect Hoover closed his temporary headquarters here today preparatory to his departure Monday for Florida, where he will spend a month before returning for his inauguration, March 4.

Besides conferring with republican leaders, Mr. Hoover delivered a speech with the telephone and radio as a medium, to a gathering in the public square at Brussels, arranged by friends in Belgium in celebration of his election to the presidency.

Mrs. L. E. Legon underwent a major operation in the McKean & Connor hospital yesterday.

Mellon's Attitude on Prohibition Is Questioned Sharply

WASHINGTON, Jan. 19. (P)—Three prominent dry leaders in a telegram to Secretary Mellon today requested a "prompt reconsideration" by the treasury head of his opposition to a proposed additional appropriation of \$25,000,000 for prohibition enforcement.

The dry leaders declared in their communication, read in the senate by Sheppard, Democrat, Texas, author of the eighteenth amendment, that unless Mellon rescinds his disapproval of the increase, questions inevitably will arise whether the treasury department "sincerely desires efficient enforcement" and whether it is able to develop an adequate program.

Sterling Gives \$10,000 to Union Building

AUSTIN, Jan. 19. (P)—The Texas university union building fund has been swelled by a \$10,000 gift from R. S. Sterling, Houston publisher and chairman of the state highway commission, offices of the Ex-Student's association announced today.

This contribution, with others from Houston have raised the fund to approximately \$500,000.

Negroes Held in Death of Merchant

LINDEN, Ala., Jan. 19. (P)—Twelve negroes were being held here tonight for questioning as officers unleashed bloodhounds on the trail of the slayer of J. R. Moss, 70, postmaster and storekeeper at Hugo, Ala.

Moss' body, beaten and hacked, was found early today outside the small postoffice.

MILAN PIONEER DIES

CAMERON, Jan. 19. (P)—W. H. "Uncle Billy" Duke, 79, Milam county pioneer, died here today of heart disease.

TARIFF ON SUGAR OF UNIVERSAL INTEREST

WASHINGTON, Jan. 19. (P)—A discussion in which every family in the United States will have an interest will be begun Monday before the house ways and means committee when the tariff on sugar will be taken up for consideration.

American producers are understood to be asking for a world rate of 3 cents and a restriction on Philippine imports.

Former Legislator Dies in San Angelo

SAN ANGELO, Jan. 19. (P)—W. J. "Cowboy" Carson, 63, member of the legislature from this district in 1923 and 1925, died here tonight after a short illness.

A typical cowboy, the legislator did not discard his broad brimmed hat when he went to Austin. Neither did he change his dress of the range.

In his ranching career Carson had owned ranch land in Crockett, Irion and Schleher counties and was one of the organizers of the First National bank at Mertzon.

INJUNCTION HALTS CITY ICE PLANT CONSTRUCTION

TEXARKANA, Jan. 19. (P)—Hearing on an injunction suit brought in Texas federal court by the Louisiana Ice and Utilities company against the city of Denton, will be delayed pending trial on similar issues in the state courts, Judge W. Lee Estes ruled today.

The company, which operates two ice factories in Denton, asked that the city be restrained from constructing or receiving bids on a municipal ice plant.

BUS PERMIT GRANTED

AUSTIN, Jan. 19. (P)—The state railroad commission today authorized the Missouri Pacific Transportation company to take over seven bus lines in the lower Rio Grande valley and merge them into one system. These lines, officials have said, are but the nucleus for a coordinated system of bus lines the company hopes to establish in the valley.

Triple Crash of Autos Responsible for Many Injuries

DALLAS, Jan. 19. (P)—Ten persons were injured, two probably fatally, in an automobile collision on the Dallas-Oak Cliff viaduct tonight in which three machines figured.

The critically injured: W. O. Warner, 28, Waco, fractured skull and bruises; Charles Brannon, 21, Dallas, both legs lacerated, almost severed.

Others injured: William Richburg, 24, Dallas, fractured leg; Mrs. W. O. Warner, 26, Waco, lacerations and bruises.

Richard Scott, Frost, Trinity university football player, lacerations and bruises; Sam E. Garrothers, 22, Austin, bruises, possible internal injuries.

W. C. Viverett, 20, Dallas, lacerated arm; John Ed Punched, Waco, Baylor university student, lacerations and bruises.

George Flournoy, Stamford, Trinity university student, cuts and bruises; Charles Fanning and D. Killingsworth, Dallas policemen, cuts and bruises.

The accident occurred shortly after two automobiles had collided with slight damage. A third automobile, said to have been traveling at a high rate of speed, crashed into the first two. The three machines were wrecked.

MORGAN AND YOUNG ACCEPT APPOINTMENTS

NEW YORK, Jan. 19. (P)—J. P. Morgan and Owen D. Young formally accepted today the invitation to represent the United States at next month's Paris conference to decide how much war reparations Germany must pay and how long she can have to pay it in.

Their alternates will be Thomas Lamot of the Morgan banking house and Thomas Nelson Perkins of Boston. The Americans are to be unofficial participants. America is not involved officially.

MORE "DRY" PLANS

TOPEKA, Kan., Jan. 19. (P)—Taking another step in his announced program to "dry up Kansas," Governor Reed today announced he would ask the legislature to establish rewards for the capture of airplanes, and other vehicles used in transporting liquor.

CRUSHED TO DEATH

FORT WORTH, Jan. 19. (P)—Terrell Parrish, 28, of Bridgeport, was injured fatally tonight when he was crushed between two box cars while switching a train near here.

Miss Leora May and her uncle, W. T. Coble of Amarillo were here yesterday.

Mrs. A. L. Winsett of Higgins is visiting her sisters, Mrs. J. E. Corson, Mrs. P. C. Ledrick and Mrs. Dave Pope.

LEGISLATORS ARE ROASTED AT GRIDIRON BANQUET

State Officials "Done Up Brown" While Sejourning in Houston

HOUSTON, Jan. 19. (P)—The frailties of members of the 41st legislature and state officials were exposed in the glare of a gridiron dinner staged tonight by the Houston Salesmanship club honoring members of the house and senate who spent the day here in sightseeing.

From the most prominent of several state officials present, including Lieut. Gov. Barry Miller, State Treasurer Gregory Hatcher and Ross Sterling, chairman of the state highway commission, to the most inauspicious member of the lower house, few escaped the darts haled at them. What secrets of state were not dragged from darkened closets by participants on the gridiron program were bared in special editions of Houston newspapers.

Senator Walter Woodul presided in the role of toastmaster while the lawmakers were "roasted" to a brown.

The dinner was the concluding event of a program which included a dinner at the Houston club, a 30-mile boat ride down the ship channel, a buffet luncheon at a yacht club and a bus trip over the city.

The 125 legislators who made the trip departed for Austin in their special train at midnight.

Homer Beaton underwent an operation at the McKean and Connor hospital Friday afternoon.

POSES AS ALDRIDGE AND COLLECTS FEES

DALLAS, Jan. 19. (P)—A Dallas jail-bird had a new "racket."

He was in the same jail with Bennie Aldridge, sentenced to electrocution for an attack on a 17-year-old girl. Crowds had thronged the jail, looking at Aldridge, until he refused to step forward when one of the visitors would ask: "Which is Aldridge?"

Aldridge's cellmate decide he would capitalize on the doomed man's bashfulness, when the next group of sight-seers entered, he stepped forward with this chatter: "Step right up this way, folks, and see the man facing the electric chair. If you want to see how a man facing death acts, I will point him out to you for only a dime, 10 cents."

He got 80 cents before Jailer Gorman interrupted.

KILLER GIVEN LIFE

COLUMBIA, S. C., Jan. 19. (P)—Charles R. Vaughn, Jacksonville, Fla., mechanic, tonight was found guilty of the murder of Samuel J. Bickley, a hotel detective. The jury in returning the verdict recommended mercy which carries with it a sentence of life imprisonment.

C. L. Hasie left yesterday morning for Dallas, where he will spend several days.

Mrs. Tom Perkins and five-week-old daughter, Carol Jeanine, have arrived from Augusta, Kan.

FRIDAY

Mrs. H. C. Heinlen will entertain members of the Just We Bridge club in her apartment at the Hotel Davis. She has announced the game for 2 o'clock.

Blue Bonnet Club Elects New President and Member

Mrs. Carl Taylor will succeed Mrs. Don Wakeman as president of the Blue Bonnet Bridge club, according to an election held Friday at the regular meeting of the organization. Mrs. Wakeman recently moved from the city. Mrs. M. W. Jones was elected to membership, filling the vacancy thus made in the club roll. Mrs. J. H. Lavender presided in the business session.

The meeting was held in the home of Mrs. C. E. McHenry, where bridge was played at two attractively appointed tables. Those present were Mrs. C. M. Carlock, a special guest, Mrs. Carl Taylor, Mrs. J. H. Lavender, Mrs. S. L. Maynard, Mrs. H. C. Heinlen, Mrs. J. C. Christy, and Mrs. M. W. Jones. High score favor went to Mrs. Taylor and consolation for low score to Mrs. Christy.

The Rev. and Mrs. D. H. Truhitte attended the south-wide Baptist Sunday school convention in Tulsa last week, where they heard Dr. George Truett of Dallas and other eminent Baptist ministers speak. During their two weeks' absence they and their little daughter, Mary Anne, also visited Rev. Truhitte's mother in Monette, Mo. They returned home Friday evening.

Mr. and Mrs. M. D. Oden returned Friday evening from Oklahoma City, where Mr. Oden attended a meeting of radio dealers and Mrs. Oden visited friends.

Parent-Teachers Association Begins Plans for District Convention Here; Mrs. C. E. Hutchins Heads Committee

Mrs. C. E. Hutchins was named chairman of a general steering committee for the annual convention of the Eighth district Parent-Teacher associations to be held here April 3, 4 and 5, at a meeting of the Central P. T. A. Friday afternoon. Other members of the committee appointed by the president, Mrs. Clyde Atteberry, are: Mrs. E. A. Shackleton, Mrs. B. E. Finley, Mrs. W. Purviance, Mrs. R. C. Campbell, Mrs. Annie Daniels and Mrs. C. T. Hunkapillar.

The general committee will secure the co-operation of the service and study clubs of the city, as well as civic and church organizations, in holding the convention; and will plan entertainment, transportation, and housing for the several hundred delegates who are expected to attend the three-day meeting. Mrs. Hutchins will name sub-committees within the next few days, after the president of the Baker School association has appointed members from that organization to the general committee. Shortly afterward, the steering committee will submit plans to the local executive board and, finally, to the associations at large.

Mrs. J. M. Crane, president of the Eighth district, Mrs. T. J. Page, district chairman of publicity, and other members of the district executive board met in Amarillo early this week and made tentative plans for the convention program. Mrs. Crane and Mrs. Page, both of Claude, plan to visit Pampa in a few days and confer with local officers on arrangements for the spring meeting. They will also assist in organizing new associations in the county.

Two suggested plans for raising funds to defray expenses of the convention and to carry on other P. T. A. work were considered at the Friday meeting. Mrs. G. C. Walstad was appointed chairman of a committee to investigate the advisability of holding a benefit luncheon at the basketball tournament to be held here February 1 and 2. She will be in charge of arrangements for the luncheon in the event it is given.

The Central association, with a present membership of only 50 or 60 and a possible membership of more than 200, will open a campaign tomorrow to enroll all parents of children in the Central school group. The drive will close February 8, when a patriotic program, sponsored by the P. T. A., will be given in the new auditorium by the

students. The program will offer parents and other patrons an opportunity of seeing some of the work being done in the schools. Mrs. A. H. Doucette, permanent program chairman, and Mrs. Annie Daniels, who is co-principal of Lamar school, will jointly direct the preparation of this program.

Baptist Y. W. A. Will Give Party Tuesday Evening

Members of the Young Women's auxiliary of the Baptist church will entertain Tuesday evening with a party at the home of their sponsor, Mrs. J. P. Wehrung, North Somerville. Mrs. Wehrung, Miss Helen Anderson, president, and all members of the organization cordially invite all young women of the city who are interested in the work of the auxiliary and who are 17 years of age or above to attend the special affair and join the auxiliary. An attractive program of games, contests and music has been arranged for the evening. The party is announced for 7:30 o'clock.

The Young Women's auxiliary was organized a few months ago by the Baptist Women's Missionary Union. A small, but enthusiastic group of members meets each second and fourth Saturday afternoon in the month for a mission study program. A creditable amount of social service has been rendered by the auxiliary.

Miss Mabel Davis Hostess Friday

Miss Mabel Davis entertained a few friends informally Friday evening, with two tables of bridge. Miss Wilma Behrends was given an attractive set of bridge tablets for high score, and H. W. Henry received a box of cigars as high score trophy for men.

Guests, other than those mentioned, were: Mr. and Mrs. E. R. McDonald, Miss Wilma Chapman, Miss Julia Mae Barnhart, Mr. Johnston and Harry E. Hoare. Refreshments were served at the close of the game.

Frank Seliger, I. Katsch, and A. Evans, Berger merchants and all former residents of Pampa, visited Sam Penberg and Frank Soodhalter Friday.

'It's Like This—'

GRAY COUNTY'S gas resources are tremendous, but over a period of years the terrific demands made upon the subterranean stores will lead to gradual exhaustion.

A bill likely will be voted upon by the legislature to limit sales of gas outside the state. Such proposals have often been heard in the past. Restrictions placed upon use of natural gas have effects of far consequence.

Louisiana is said to have imposed a tax which will cause many of her carbon black manufacturers to move their plants to the Panhandle. Several years ago a determined fight was waged against establishment of carbon black plants in this section.

Much of the residue gas of Gray county is being used by carbon black plants. But there are millions of cubic feet of residue gas going to waste daily in Gray county. Of this, carbon black plants under construction will use 70,000,000 cubic feet when in operation.

The only way to cut down use of natural gas in this respect is to limit the number of gasoline plants. But the gas market will attend to that, at least for the present.

The importance of convenient fuel to the South is being emphasized by those studying the industrial situation. Arthur Coleman, writing in Holland's puts it thus:

"It is the power that lies in generated electricity, power that moves the machinery of the New South's great industries. It is the power that lies in her mountain torrents, in her coal deposits, in her voluminous natural gas. It is the power that constitutes one of the fundamental reasons for the New South's starting industrial growth.

"It is the reason which will justify, in all probability, the existence in the South of approximately 100,500 square miles of coal land, its five-billion-barrel oil reserves, its untold natural gas supply, and its vast waterpower resources."

PHYSICIANS of the county tell us that present methods of handling activities that properly would come under a county health unit are costing Gray county more than \$5,000 per year.

The state department of health offers to lower this cost if the county will duplicate an appropriation for a county health unit. We see no reason why this state aid should not be made use of, particularly when both the commissioners

Along Hoover's Trail SOUTH AMERICA

WASHINGTON—The Argentine Republic is our biggest customer in South America. With a third the area of the United States, she has a population of over 10,000,000 and room for many millions more.

In 1928 her imports from the United States increased 10 per cent. In 1913 Argentina bought twice as much from Britain as from us; now the margin is in our favor and Britain's relative position has suffered severely as Germany has regained her pre-war share of Argentine imports since the war.

One hears a great deal here about anti-American propaganda inspired by the British for trade purposes and one also hears denials.

The Argentinians themselves however, have been more independent in their relations with the United States than any other Latin-American people. They have not been disposed to accept dictation from Washington nor to heed advice when it didn't appeal to them.

They have resented our claims to special rights in this hemisphere and have on occasion defended the claims of weaker republics based on sovereignty. Argentina never has and never will bow willingly to any foreign nation which adopts a dictatorial attitude toward her.

Anti-American demonstrations in Buenos Aires, however, and individuals are contributing heavily to carry on a program through the haphazard methods now employed.

Physicians tell us they are glad to help those in destitute circumstances and to perform the other functions they are asked to do, but that the work is heavy enough to warrant a county physician. The health unit plan is by no means an experiment. It is the answer of modern science to the demands for organized public health work in epidemics, in the sanitation phases, in the schools, in teaching health principles, and in promoting physical well being.

Since the fund available for state aid to county health units is nearing exhaustion as to distribution, Gray county must act at once to secure this free assistance. Dr. J. C. Anderson, state health officer, has repeatedly offered his cooperation, and will be glad to grant the aid if given an immediate opportunity.

may be traced to the large number of anarchists and other radicals who have come in with the great tide of European immigration. This element is held to have been responsible for Argentina's perilous labor troubles a few years ago.

Export and import, Argentina look forward to further rapidly increased trade with the United States. We are buying much less from her than she from us because we export to many of the same products. Argentina swaps agricultural commodities for manufactured goods. From us she imports automobiles, iron and steel manufactures, cotton fabrics and textiles, lumber, raw iron and steel and agricultural machinery.

Development of highways and of intensive farming will stimulate the demand here for such products. The country took 55,000 of our automobiles in 1928, a 50 per cent increase for passenger cars and 97 per cent for trucks. The Argentine takes 19 per cent of our exported motor cars. There are now about 300,000 cars and trucks here and one might mention at this point that there are 593 telephone instruments per 10,000 inhabitants, more than twice as many as in Chile or Uruguay—next in line—and that she has more telegraph wire and more railroad mileage in proportion to area than any other of the 21 Latin-American republics.

Argentine exports, principally, are corn, wheat, linseed, chilled and frozen beef, wool and hides. The big money crops are wheat and linseed and record crops are predicted for this year.

American investment in Argentina is above \$500,000,000 and steadily increasing. The British investment is larger, controlling the railroads among other properties, but Argentina is borrowing more and more in New York to finance her development and our bankers are always willing to lend. The country is bound to depend heavily on our capital for some time to come.

Patriotism in Poetry

The American poets have received equal shares in the preliminary prize of the national anthem competition sponsored by Florence Brooks-Aten of New York; and ten poems which presumably reflect the highest patriotic sentiment of the citizenry of the United States are destined, in the nature of things, to be widely quoted.

It is almost axiomatic that, even as a man is known by the company he keeps, a nation is judged by the songs

sings. The United States, therefore, is to be congratulated on having fostered an idealism, expressed by these makers of song, which transcends the familiar war figure so pervasive in many national anthems and which conceives of a patriotism so broad as to embrace in its sentiment a friendly hand held out to all the world.

Whether any of the poems will be generally adopted as a national anthem cannot, at the present, be foretold. Even should none of them gain a place in the country's hymnology, the significance of the remarkable unity of sentiment favorable to the brotherhood of man discernible in most of them should be of great encouragement to those contributing to the movement universally peaceward.

Whatever the nation voicing it; there is much to be expected of a patriotism which is broad enough to proclaim—as winners in the anthem contest have proclaimed—that,

All races here in friendship meet And here united plan On justice and good will to build The Commonwealth of Man;

which is forward-looking enough to sing of its flag,

A song for thy stars when the bugles are blowing The peace of the world;

and which is Christian enough to accept as a national precept,

Freedom, we throng your gate To mold a friendly fate, To mold the Brother State That God has willed. —Christian Science Monitor.

TWINKLES

Physically, people begin the decline at 30, says a noted physician. Then life must be just one long slide after another.

What worries us is what some of the naughty comedians are going to say in the talks when they do what they do now and can't leave it to the fertile imagination of the listeners. In the past, you could frame your own epithets, and the good folks would not be offended.

Grandpop used to say marry in haste and repent at leisure; now he says people marry with companionate leisure and divorce in haste.

'Tis funny, indeed, that the game wardens have not done something to prevent oil pollution from killing the fish in the North Fork.

The next bunion derby will miss this section, but we will still be in the running, nevertheless.

AMUSEMENTS

AT THE CRESCENT

"Hit of the Show" starring Gertrude Olmstead is a drama that will live with "Variety" and "He Who Gets Slapped." It is a soul-stirring masterpiece that tears away the grinning mask that hides the feelings of the people on the stage and proves them human like the rest of us. It will be shown both today and tomorrow.

Ches Davis and company playing big-time vaudeville acts will be on the stage at the Crescent all week.

The picture for Tuesday is "Golden Yukon;" Wednesday and Thursday "Geraldine;" Friday "Stolen Love."

For the first time in two years, the presses of a Los Angeles daily newspaper were stopped when an edition

CHICAGO GRAIN

CHICAGO, Jan. 19. (AP)—It was a nip and tuck race for grain market leadership today between wheat and corn. Temporarily wheat was foremost, and the July delivery of wheat went above any former high price record this season. At the end of the day's trading, however, corn was dominating, and as a result of free profit-taking and because of rain reports from the drought district in Argentina both corn and wheat finished unsettled and lower.

Closing quotations on wheat and corn alike were nervous, wheat at 1-4c to 5-8c net decline, corn 13-8c to 13-4c down, oats 1-8c to 11-8c off, and provisions varying from 7c setback to a rise of 5c.

Evidence of a decided increase of interest in wheat trading became manifest shortly after business opened. Active buying for some of the largest houses here was in progress, and was said to come from interests that were outspoken in asserting that price advances for all grain would be limited only by the size of speculative demand.

FORT WORTH, Jan. 19. (AP)—It only took a very short session today to clear the livestock yards here of the few cattle and hogs offered. It was strictly a clean-up affair and generally lacking in quality.

A load of light steers that arrived late yesterday sold this morning at \$10.25. The other cattle represented by less than half a dozen loads of mixed classes that sold about in line with yesterday's offering.

A few cows sold at \$4.50@7.15, or about in line with sales through the latter part of the week.

Odd lots of heifers sold at \$8.00 to \$9.00, with a few yearlings at \$10.00@11.50.

Stocker cattle represented by about three loads of stocker steers that sold at \$10.00. Nothing of any consequence offered in other classes of stocker cattle.

No sheep offered, but values considered steady.

Trade in hogs was in line with yesterday's market and the best rail butchers sold at \$9.25—two loads of medium butchers. The best truck butchers at \$8.25@8.65. One or two head at \$8.75. Packing sows sold at \$7.50@8.00, and pigs continue to find a narrow demand at values at \$5.50@6.50.

was in the process of printing. The stop was caused by the making of the Columbia production, "The Power of the Press," a powerful newspaper drama, which will be the attraction at the Crescent theatre next Saturday.

Douglas Fairbanks, Jr., Johyna Ralston, Robert Edson, Del Henderson, Mildred Harris, Philo McCullough and Wheeler Oakman are members of the cast in this splendid newspaper drama.

Jazz Band of Girls Features Show

Toby Nevius is master of ceremonies with the Jazz Pirates, coming to the Rex theatre tomorrow.

Fourteen girls and two men, make up a most unique company.

Traveling in their own \$10,000 dollar International Deluxe club bus, the famous Jazz Pirate all-girl presentation is headed for this city. This snappy all girl revue, presenting the latest type of stage entertainment, so

popular in all of the larger cities today, comes direct from successful engagements all over the United States. The Jazz Pirates are known as one of the most talented companies on tour today, combining beautiful wardrobe, scenery, and special effects with the very best talent obtainable.

Featured with the Jazz Pirates are the sensational dancing artists, the Mahavier sisters. Their diversified novelty dancing is one of the many hits of the show. Then comes Toby Nevius, the master of ceremonies.

**Fine Ambulance
Is Being Built
for G. C. Malone**

G. C. Malone has placed an order for a new private ambulance which will be delivered here within the next three weeks. The body for the ambulance is being built now according to the specifications of Mr. Malone. It will be mounted on a straight-eight Packard chassis.

When the new ambulance arrives Mr. Malone plans to hold a formal opening of the funeral home on Kingsmill avenue. He will then have two ambulances, one hearse, and a funeral car.

The equipment of the G. C. Malone funeral home is said to be the best in West Texas. Mr. Malone says that he is sparing no expense to make and keep his equipment as good as can be found anywhere.

Two ambulance drivers are kept on the job at all hours of the day and night in order to give the quickest service that is possible.

Toby keeps the act coming along in rapid succession, and his comedy will provide tumults of laughter, while his musical ability is a rare treat. Leo Francis a "red hot" buck dancer, never fails to stop the show. Flossie Rose, the sweet jazz singer, easy to look at, Polly Jessup who entertains with her xylophone, saxophone, and accordion, Ruth Bowden, a drummer and specialty artist, comprise this clever company, along with the eight beautiful girls in the Pirate orchestra. This famous band radiates with rhythm and melody, from the tops of their pretty heads to the tips of their twinkling toes.
