## DECISIVE MEXICAN FIGHTS NEAR WELFARE CAMPAIGN TO BE COMPLETED ON MONDAY MUCH PENDING LEGISLATION LIKELY DOOMED THIS SESSION

### QUORUM NEXT MONDAY WILL BE UNCERTAIN

Highway and Prison to Be Debated During Final Effort

### SCHOOL FUNDS ARE PROVIDED

But Four Days Left to Consider the Many Bills

AUSTIN, March 9. (P)—Prospects of no quorum ahead, the house adjourned tonight until Monday, when it hopes to solve such problems as the prison centralization plan and \$175,000,000 highway bond issue in the four days to remain before the 41st regular session ends.

An attempt to hold a Sunday session to tackle the huge mass of legislation yet undisposed of, failed when the house adjourned, who made the motion, withdrew it after being subjected to criticism by Forbes of Weatherford, minority member.

"This is a veritable outrage," Forbes shouted.

### Few to Report Monday

Belief in some circles that the 100 members necessary to constitute a quorum would not be present was based on a query of Acting Speaker Fred Minor as to what members intended to remain over for the final end of the session. Only 77 indicated they would answer the roll call Monday, but there was a belief somewhere that bond issue proponents, unwilling to see the plan die without being brought to another vote, would muster sufficient strength to transact business.

At the behest of Purl of Dallas, Speaker Minor was urged to request absent members to return to Austin in order that some bills which seemed likely to be brought to a ballot.

Both Purl and Snelgrove of Henderson said they would raise a point of order if no quorum were in the chamber Monday.

### Weights Bill Passes

Two bills affecting weights and measures were passed today. A measure by Senator Witt of Waco should make possession of false weights or measures a misdemeanor punishable by a fine from \$10 to \$100.

AUSTIN, March 9. (P)—In rapid succession both legislative houses today passed a measure appropriating \$900,000 to supplement the rural school aid fund and \$253,040 to provide for summer school courses in state institutions.

Action on the measure followed Governor Moody's veto of the \$300,000 rural aid item and allotments for summer schools in the educational emergency appropriation bill.

The sums carried in the bill, which did not receive a negative vote in either house, were agreed on today at a conference between Governor Moody, presidents of the various institutions, and chairmen of the senate finance and house appropriations committees.

Canyon Teachers, \$21,260  
Schools will receive the following amounts for summer school salaries: North Texas Teachers' college, \$46,000; East Texas Teachers' college, \$23,000; Stephen F. Austin Teachers' college, \$18,400; Southwest Texas Teachers' college, \$21,260; South Texas Teachers' college, \$13,800; Sul Ross Teachers' college, \$13,800; West Texas Teachers' college, \$21,260; Agricultural & Mechanical college, \$9,200; College of Industrial Arts, \$18,400; Texas Technological, \$23,000; North Texas Teachers' college, \$21,260.

(See AUSTIN—Page 6)

**THE WEATHER VANE**  
WEST TEXAS: Partly cloudy, warmer Sunday; Monday, partly cloudy.

### DOCTOR IS SLAIN BY FATHER OF BOY HE TREATED

GAINESVILLE, March 9. (P)—H. M. Dawson, wealthy farmer near here for 20 years, was in jail today and Dr. W. C. Cunningham, 64, pioneer physician of the Dexter community was dead from rifle bullets. The shooting occurred near Dr. Cunningham's home.

For years the two men have been friends and neighbors. Six months ago, Dawson's young son became ill and died. The doctor had treated the boy and given him serums.

A short time ago the two men had a heated discussion over it, according to townsmen.

Today, Wylie Butt, son of Sheriff Matt Butt, saw Dawson driving his automobile toward Dr. Cunningham's house in the Dexter community. A short time later, Ed McCormick saw a man get out of a car at the top of a hill near Dexter, take a rifle from his car and fire it once, he told Sheriff Butt. He said he did not recognize the man.

McCormick said he ran up the hill toward the car as the man disappeared down the other side of it, and heard several more shots.

Dawson later met the sheriff's son. He called to the boy: "Tell your father to come home and get me," he said. "I am ready to surrender."

### "ANTIS" TO FORM TOM LOVE CLUBS THROUGH STATE

DALLAS, March 9. (P)—The first crystallization of "anti" sentiments against the party bolters' bill now on Governor Moody's desk came today from the same source which started the Hoover democratic club movement in the state when 100 voters of precinct 88, Dallas county, banded together as the first "Tom Love-for-Governor club."

It was in this precinct immediately after the radio announcement of Hoover's nomination in Kansas City that the first Hoover-Democratic club was started by J. V. Hardy, present chairman of the Anti-Tammany democratic club of Dallas county and chairman of the finance committee of the state organization.

It was said that other clubs will be formed in the state, that headquarters already are open in a hotel here and that a state-wide conference will be held here April 1.

### Marland President Raps Oil Practice

SHAWNEE, Okla., Mar. 9. (P)—Criticalism of the multiplicity of meetings of oil company executives is made by D. J. Moran, president of the Marland Oil company, in an interview with Edson R. Waite, head of a press syndicate here.

"The leading executives of oil companies, accompanied by technical and statistical advisors are engaged totally in traveling from one meeting to another without concern to the geographical point of call," Mr. Waite quotes Mr. Moran as saying. "These same executives are, as a consequence spending less time in contact with their key men and their company operations than any periods in the history of the oil industry."

"A few meetings each year would suffice, provided a well manager, programmed and serious and business-like preparation is made."

**BUYS REFINERY SITE**  
SAN ANTONIO, Mar. 9. (P)—Silas M. Newton, president of the Grayburg Oil company, announced today that the purchase of 280 acres on the Missouri Pacific and Southern Pacific railroad tracks in San Antonio on which the company will build a modern refinery. Eventually the present refinery on Roosevelt avenue will be removed, he said.

### CANVASS NOT INTENSIVE AS FIRST PLANNED

Shortage of Men Is Only Reason for Extra Drive

### TOTAL OF \$1,700 HAS BEEN RAISED

Day Nursery Will Be Begun on Small Scale

Slightly more than \$1,700 had been received last night when the efforts in the Pampa Welfare association finance drive were suspended, Chairman Lynn Boyd told The News.

Far from discouraged, and determined not to stop with less than \$2,500, the committee in charge of the drive announced that a clean-up drive would be held Monday. It was emphasized that failure to get more funds was due solely to insufficient help in soliciting. Many parts of the city are yet untouched, and a large list of individual prospects awaits action.

Mr. Boyd praised the service rendered by the women from the churches, who were in charge of solicitations on the streets. Men from the Lions and Rotary clubs worked steadily, but they were not numerous enough to complete work in the business section.

Those who have not been seen may take or send their contributions to the Board of City Development, and the funds will be given to the treasurer of the association. It was asserted that a complete financial report on the drive would be prepared for publication early in the week, and that the names of all contributors would be given, with their amounts.

Two months of this year have elapsed, the funds will be used for the period ending in December, when the annual drive ordinarily is held. It had been hoped that enough money would be available to have an adequate day nursery, but the goal probably will not be reached. However, there will be enough support to start a nursery, so that expenses may be determined and the institution continued if possible.

### Steers and Horses Exceptionally Wild in Fat Stock Events

FORT WORTH, March 9. (P)—Southwestern exposition and fat stock show, presenting its first 1929 rodeo matinee and horse show, played to a capacity house today while tickets sold fast for the night show.

Those who witnessed the matinee saw for the first time the rodeo livestock which is said to be the best obtainable. The brahma and bulldogging steers were wild and the outlaw horses dealt misery to the cowboys.

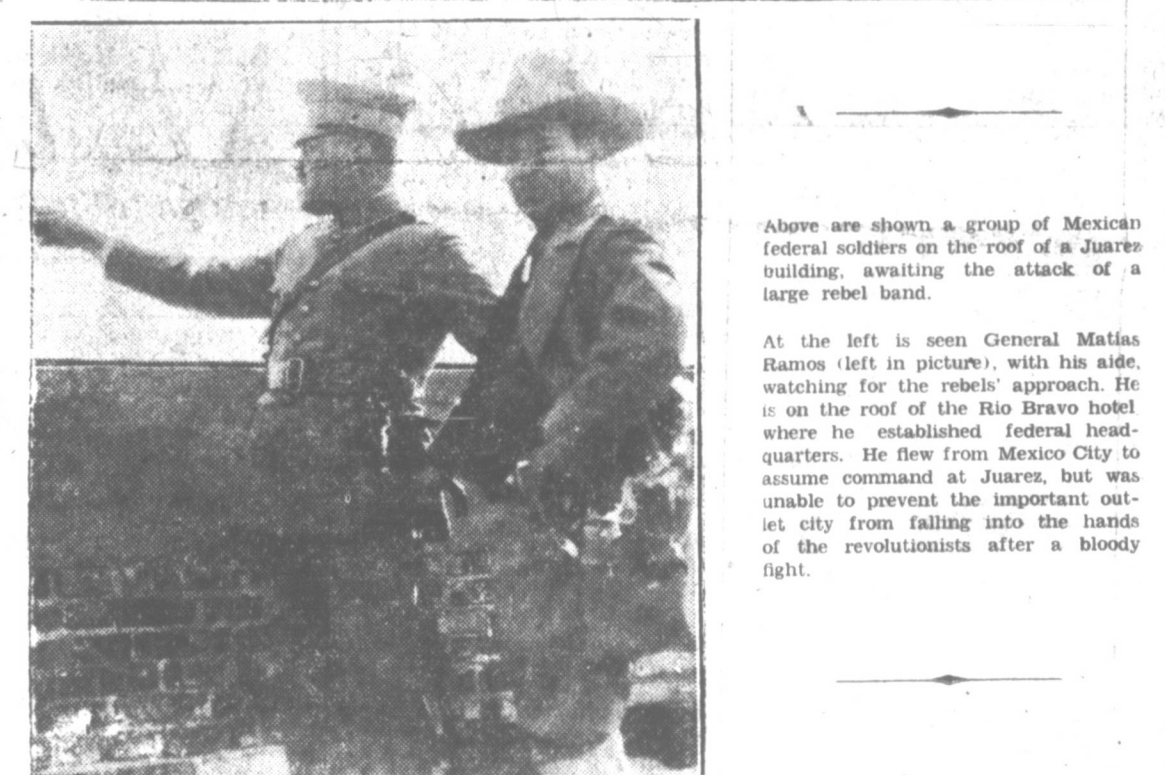

Just before the rodeo opened, it became known that 42 cowboys had entered the steer-riding contest, 12 cowgirls would be seen in bronc riding, 36 cowboys in world championship bronc riding contests, five cowgirls in trick riding and four cowboys in trick and fancy riding.

### Supply House to Open Next Week

The Pampa Pipe & Supply company will open an office, warehouse, and shop in Pampa next week. It was announced yesterday by R. Paul Conroy, manager of the new enterprise. Herman Axelrod of Bartlesville, Okla., is president of the company and Sam Freidman of Amarillo is secretary-treasurer.

A warehouse 75 by 100 feet is under construction on East Tule street. It will be ready for occupancy early next week. A large pipe yard will be in connection.

### Scenes Just Before Juarez Battle

## DAILY NEWS 2 YEARS OLD TODAY

Today is the second birthday of the Pampa Daily News.

Two years ago Vol. 1, No. 1 appeared on the streets of Pampa to confirm the predictions of the staff and confound the doubters who said a daily was not possible in Pampa.

The new-born infant started life with great hope but not exceptional possibilities. Even before it saw the light of a North Plains day, the oil market sagged sharply and began a slide that did not end for many months.

But the equipment of that day has been almost entirely junked. The six-column pages have given way to a seven-column "dress." New Ionic type, easy on the eyes, has been purchased. The full leaved wire of the Associated Press, augmented by the A. P. picture and feature service and NEA service, gives Pampa the same news facilities that the bigger dailies have. Three linotypes, and as many skilled operators, set up the copy as it leaves the editor's desk.

The advertising department, with two full-time solicitors and complete "mat" services, ranks with any department in the Southwest for a paper of similar size. A full-time circulation manager assures good service and constant expansion. A mammoth circulation campaign during the last year gave The News a commanding coverage, assuring merchants of a dependable sales medium and increasing the influence of the paper in boosting the community.

The job printing department has been given new type, new presses, and access to one of the largest job stock departments on the Plains. Separation of this division from the business

of publishing a daily and a weekly newspaper has meant rapid, artistic printing by men who give their entire time to this work.

Pampa is headquarters for the Nunn-Warren Publishing company—a fact that means not only stability for The News, but an augmented payroll and much shipping of newspaper supplies from the local storehouses. David M. Warren, general manager, and J. C. Phillips, general auditor for all the Nunn-Warren papers, live here.

Figures also tell what the Pampa Daily News means to this city. The presence of the daily paper means \$1,000 paid out every week—most of which is spent with local merchants. More than 22 families are supported by The News, and 40 persons are on the weekly payroll. In short, The News is an industry of no mean proportions, irrespective of the value of the newspaper as a community asset along purely journalistic lines.

West Texas has just lately begun to realize the function and possibilities of small dailies. There are papers of this size at Pampa, Borger, Childress, Vernon, Sweetwater, Cisco, Ranger, Eastland, Midland, and Roswell. Plainview and Clovis, N. M., which do not yet have daily newspapers, are contemplating consolidations which will mean dailies for them soon. This newspaper, on its second birthday, has facilities equal to practically any of the papers named, and is ready to enlarge its size as the city grows. The patronage to make a large capital investment based also on faith in the city's future, and the local staff, many of whose members have bought homes here, looks forward to even greater service in the future.

### JOHNSTON WILL "FIRE" STAFF IF NOT IMPEACHED

OKLAHOMA City, Mar. 9. (P)—If Henry S. Johnston is returned to the governor's chair, his administration will not include the services of several persons whose names have become involved in his trial on impeachment charges.

Johnston, who completed the third day of his testimony in defense of his administration before the court of impeachment today, related that if restored to office, he would accept the resignation of Robert Gilliam, secretary of the board of affairs.

Gilliam's resignation, directed to the suspended governor, was introduced as a defense exhibit.

### Lynch Davidson Oppose Anti-Bolter Bill—Wires Moody

DALLAS, March 9. (P)—A telegram of protest was sent to Governor Moody today by Lynch Davidson, Texas capitalist, saying that the proposed bolters' bill would read 250,000 people out of the democratic party and would crystallize the Hoover democrats into a powerful political machine.

Davidson, in the telegram, urged the governor to veto the measure. "It might destroy our party in Texas and only serve to gratify vengeance on supposed bolter leaders who were in truth not leaders at all but crafty enough to get out in front of the parade," he declared.

### CALLES HEADS FEDERAL ARMY TOWARD NORTH

Rebel General Quickly Executed After Capture

### JUAREZ MAY CHANGE HANDS

Some Successes Claimed for Revolutionary Cause

MEXICO CITY, March 9. (P)—The capture of the rebel general, Irineo Villarreal in a battle at Parais, Nuevo Leon, and his execution before a firing squad, was announced officially here tonight. Irineo was said not to be a relative of Antonio Villarreal, presidential candidate also with the insurgents.

MEXICO CITY, March 9. (P)—An oral digest in advance of tonight's official communique said rebels thus far encountered by federal troops had been without medals and had retreated at the first sign of battle. Therefore, the government reported, the federals had been unable to engage the insurgents in any important battle.

General Calles, who took the field in person last night, was reported to have advanced to Zacatecas, capital of the state of the same name, and to have halted to have halted to provision his many troops while his staff decided on a battle plan.

Zacatecas is about 100 miles south of Canitas, reported to be held by the rebel general, Urbalejo, with troops greatly outnumbered by the Calles forces.

NOGALES, Sonora, Mex., March 9. (P)—A military communique issued by General Francisco Borquez, rebel leader, from his headquarters here tonight stated that General Alberto Amayo, General Francisco Caraveo and General Francisco Urbalejo, famous Yaqui Indian chieftain, have united their forces and started a rebel drive toward the center of Mexico.

Sonora, Chihuahua, Coahuila, and Sinaloa were claimed in the communique as under rebel control.

The Mexican government launched a powerful drive under the personal command of Former President Calles Saturday against revolutionary forces, advancing southward steadily for the past week.

At the end of the first week of the rebel outbreak, the government was entrenched in Southern Mexico, having crushed the revolt at Vera Cruz, while insurgents had made important gains in the north.

Revolutionary armies were clustered (See REVOLUTION—Page 6)

"It's Like This"

FUN AT WOMEN'S expense may be reversed, at least if the fashion dictators have anything to say about it. A glance at any old family album shows a not unamusing contrast between the yardage of apparel worn by women of yesterday and of the present.

The male garments of half a century ago and today are certainly little changed in comparison with women's styles. The cuts are neater, at least in our opinion, and the general craftsmanship has improved.

Woman's garb has undergone, in recent years, a natural evolution: the suppression of the corset, the popularization of the thin silk stocking, the shortening of the skirt, the abandonment of the heavy, long chemise and of the many heavy petticoats, the increased exposure of the neck, etc., have given the modern woman a younger appearance—she is more alert, more 'sporting'.

While the modern woman has made such a fortunate change of clothes, what has man done along this line? Absolutely nothing; he has kept his flannels, his vests, his woolen drawers. He is literally smothered, and worse yet, smothered without knowing it.

So may it be. We hadn't thought much about it, and the subject makes us sort of self-conscious. It occurs just now that our collar is too tight, and it feels so much better looser. And our vest, come to think of it, is somewhat superfluous. But leave either off? Not and walk out into polite society. The bathrobe, which resembles a toga, is very comfortable, but we cannot recommend it out of its accepted sphere.

made much of this fact. Any move that adds to the beauty in the world is an asset.

Natural obstacles discourage a similar disposition of the problem in the case of the males. If we take off the collar, there's the Adam's apple. You can't talk it out of existence or regulate it by law or custom. And shanks! The rush to knickers was a false solution, for the things were no more comfortable nor airier than trousers and they impaired the manly dignity of most of those who essayed them.

Perhaps men should wear less, and we would go so far as to okeh an open collar in summer, but for the sake of art and dignity we refrain from venturing further into innovation. A less-clothes convention for men would, in our opinion, turn out to be one of the outstanding veto sessions of all time.

COMMENDABLE ENTHUSIASM is being shown in tree planting. In fact, the act of planting alive and full of possibilities inspires optimism. Growth is one of the most wholesome things in the world, because it presupposes health, leanliness, and vigor.

Everyone would be better off for having the opportunity of actually growing something. The productive habit is worthwhile. A city that looks green from a distance is one to depend upon. Green denotes civic pride and energy, particularly upon the plains where, before the coming of the white man, some counties had not a single tree.

Pampa needs more trees, more lawns, more flowers, a park or two, and a municipal swimming pool. Cheaper water would encourage all of these, and it is to be hoped that the new well will assure an abundance of cheaper water. Pampa is a new city, and nothing will more quickly lend the appearance of permanency than trees and lawns.

WASHINGTON LETTER

WASHINGTON—The story of Nicaraguan politics is not exactly like a fairy tale, perhaps, but it does go to show that sometimes everything comes out all right for some people and that even in real life the ogres and the big giants occasionally get it in the neck.

Dr. Juan B. Sacasa is now on the high seas, bound for Washington. He is the new Nicaraguan minister to the United States. In Nicaragua that post is second only to the presidency, and many Nicaraguan political leaders would

as soon have one job as the other.

A year or two ago, Dr. Sacasa was being more or less kicked around, finally being forced into exile after our State and Navy Departments had disarmed his liberal army. Dr. Sacasa four years ago was Nicaragua's vice president. The president abdicated under pressure and fled.

Dr. Sacasa fled, too, preferring life to death, but he set up shop on the Atlantic coast as constitutional president and organized an army. The army was successful until President Coolidge sent Henry M. Stimson down to tell it to quit, whereupon Dr. Sacasa left the country again.

Dr. Sacasa will stop right in to one of the nicest little legations in Washington, a handsome new building at the top of Fifteenth street, opposite Meridian Hill Park, just vacated by the Egyptian minister. It is one of a string of embassies in the French, Dutch, Italian and Mexican vicinity, including the French, Dutch, Italian and Mexican.

That's one success story. Another is that of General Jose Moncada, who gave Dr. Sacasa his fine new job. General Moncada, of course, is the new Nicaraguan president. He was the chief of Sacasa's army and so distinguished himself in the face of the conservative troops and the "neutral zones" and other obstacles set up by American marines that he became the national hero.

Moncada licked the conservatives on the Atlantic coast and made a terrific march through jungles and swamps into the interior toward Managua, the capital. It was a great military feat and success appeared in his grasp when Stimson appeared in the scene and told him he must disarm or be disarmed by the marines.

At the time this seemed very tough on the poor Nicaraguan liberals and certainly it must have seemed so to them. In the fact of all other kinds of opposition from Washington they had put up a brave fight against odds only to be robbed of the fruits of victory by a military force which it would have been suicide to oppose.

As it turned out, dear old Uncle Sam himself put things right by insisting upon "free and fair elections." Nicaraguan voters kicked out the old conservative crowd and elected Moncada, who certainly did the graceful thing by appointing his former boss to Washington.

The pleasant things that have happened to Moncada and Sacasa have happened to lesser Nicaraguan liberals who last year were either in exile or in a state of complete quiescence.

Meanwhile everything seems to be going with reasonable serenity in Nicaragua. The Quadra faction of the conservative party is working with the liberals and General Emi-

liano Chamorro, the big coffee and sugar man, has retired to his estate with apparently few hopes of regaining power.

The new Congress has just approved the bill which will make the national guard, with about 2000 men, the only armed force in the republic. The guard will be trained and supervised by American officers until further notice.

TWINKLES

Judging from some of the endorsements of this and that one reads about, they must have some way of making these wonderful remedies retroactive.

A woman is suing for divorce on the allegation that her husband deliberately ran over her with his car. Evidently no back-seat driving in this instance.

It is claimed that the talkies will force both the silent drama and the legitimate stage out of existence. How are we ever going to get a crack at some of those bum comedians?

Europe thinks we must have a world outlook if she is going to have a look-in.

Yessir, we need more trees for our sparrows to roost in—so we can shoot them more easily.

### Location Made On County Line in Section 187

Dye and Gillette have announced a location in the southeast corner of the northwest quarter of section 187, block 3, I. & G. N. survey. The location is on the line between Carson and Gray counties. It is half a mile west of the Southern Petroleum Exploration company's No. 2 McConnell in section 174, block 3, Gray county, which came in last month for 700 barrels.

The new location is on a portion of leases purchased from R. R. Osborne Dye and Gillette of Tulsa purchased 400 acres of leases from R. R. Osborne. All the land is in the West Pampa pool and consists of several leases where production has been proved.

Mr. Osborne has moved from Pampa to Amarillo, where he has an office in the Rule Building. He has several producing wells in the extreme edge of production in the central part of the county.

### DOG CATCHER HAS KILLED 189 UNFORTUNATE CANINES

There are still many stray dogs running around the streets of Pampa despite the number already captured by Lee Mullins, official dog-catcher, and his canine assistant, "Gene Tunney." Up to yesterday noon, the dog-catcher had destroyed 189 stray dogs captured since February 1.

Only 190 dog tags have been issued to date by Chief J. I. Downs, against 254 issued last year. Several owners have claimed pets from the pound by paying the regular state tax and having the canine vaccinated according to the city ordinance.

Because of the prevalence of rabies in the county, every dog must be vaccinated. To further safeguard people against being bitten by mad dogs, the county commission has placed a quarantine on all dogs in Gray county. The quarantine is to last 60 days unless sooner revoked.

### RECORD DAMAGES ASSESSED IN BUS ACCIDENT CASES

GROESBECK, March 9. (P)—E. L. Haygood of Boling, Texas, obtained a verdict for \$27,850 damages in his suit against the Harvey Brothers coach lines of Dallas here today. The figure is a record for this county.

Haygood was awarded \$7,500 for personal injuries, \$7,500 for the death of his daughter, \$12,500 for injuries to his wife, and \$350 for damages to his automobile.

### ALLEY PAVING COMPLETED

The last alley to be paved at this time was completed by the Stuckey Construction company yesterday afternoon. In all four alleys were paved with plain concrete. The one finished yesterday was at the rear of business houses on the east side of Cuyler street between Frost and Kingsmill avenues. Three alleys west of Cuyler were paved. Another day's run of vibrolithic concrete will be required to finish East Tyng street.

### C. C. FYLE ARRESTED

URBANA, Ill., March 9. (P)—Charles C. Fyle, sports promoter, today surrendered to the courthouse here and surrendered to authorities seeking him on charges of conspiracy in the collapse of the Illinois Savings & Trust bank of Champaign.

Fyle gave bond of \$25,000 and continued to make plans for his annual "union derby" in April.

A daughter was born to Mr. and Mrs. C. C. Fenoglio Friday evening. The little daughter has been named Winifred Irene. Mr. Fenoglio is an employe of the Roberts Trucking company here.

Restoration of the Saint-Romain tower of the cathedral at Rouen, France, is almost complete.

### DALLAS YOUTHS DETAIL KIDNAPING AND FLOGGING

DALLAS, March 9. (P)—Alleged to have kidnaped two 16-year-old Dallas youths last night and taken them to a creek bottom where one of the prisoners assertedly was lashed with a belt. Van Linsley and Blackie Martin were charged with assault and false imprisonment in complaints sworn against them late today.

Gentry T. Jones and Jack Hoyle said they were sitting in an automobile in front of Hoyle's home last night when two men approached and, at pistol point, forced them into their automobile and took them to the secluded spot. A pistol was held on Hoyle while his abductors took turns flogging him, the boys declared.

Jones and Hoyle said they were ordered to cease paying attention to a girl. After being brought back to the city, Hoyle said he was forced to hold a telephone conversation with the girl and tell her he had "been whipped."

### LEGION HEAD COMING

PARIS, March 9. (P)—Paul V. McNitt, of Indianapolis, national commander of the American Legion, will be entertained at Denison, Paris, and Dallas during a two-day visit to the state April 12 and 13. Sol. Rufus F. Scott of Paris, Texas Legion commander, announced today.

## PAMPA FURNITURE CO.

Pampa, Texas

Mr. Roston Phillips,  
c/o Phillips Motor Co.

Dear Mr. Phillips:

Having had the pleasure of herding one of the new Hudson motors over a fifteen hundred mile (1500) trip I felt as though the performance of the car during this trip deserved some comment.

Left Kansas City, Missouri, at 7:30 a. m., morning of March 8th, driving through the traffic out through Kansas City, Kansas, following the No. 50 U. S. Highway to Wichita, Kansas, and on No. 44 to Pampa; arrived at Pampa at 2:00 a. m. Saturday, March 9th, with an elapsed time of 18 hours and 50 minutes, actual driving time of fifteen hours and fifty minutes.

Careful check was kept on gasoline and oil consumed and gasoline mileage netted 165-8 miles per gallon; practically no oil used.

The roads covered were mostly loose gravel under construction with the exception of the paved stretches in and out of the larger towns. Experienced sixty miles of wet pavement out of Newton, Kansas, which caused loss of mile average and time.

After getting home and retiring around 3:00 a. m. the writer showed up for work on time with no particular feeling of having been driving an automobile over a stretch of 640 miles continuously. The trip to Kansas City was made on Tuesday, March 5th.

What your car "The Hudson" has is beyond me, but it is the nearest thing to my opinion of an automobile I have ever driven. Sorry you didn't go along.

Sincerely,  
J. J. CASSIDY.

### Estelline Loses on Inability to Toss Free Goals

COLLEGE STATION, March 9. (AP)—Athens high school, winner of the Texas interscholastic league basketball title in 1927 and a favorite to win the championship again this year, met the Denton high school team in the final game of the league's tourney here tonight.

In the semi-finals this morning Athens easily defeated Cisco, 31 to 17, while Denton barely won out over Estelline, 29 to 27, the same score by which the latter quintet won from Bryan yesterday. Inability to make free throws cost Estelline today's game.

Third honors also will be decided tonight with Cisco and Estelline opposing each other.

### New Coaches for Teachers Named

DENTON, March 9. (AP)—Jack Sisco and Terence Myracle are to be the new members of the Denton Teachers' college coaching staff, succeeding John B. Reid, who resigned to become head basketball coach at Texas A. & M., it was announced here today.

Sisco, freshman football and basketball coach at Baylor university since 1926, will be head football and freshman basketball coach here. Myracle will be head basketball and freshman football mentor.

### Giants Rally to Beat San Antonio

LAREDO, March 9. (AP)—Larry Benton, Curly Ogden, and Dutch Henry collaborated today in pitching the Giants to an 8-to-2 victory over the San Antonio team of the Texas league. The Texans collected only eight hits, one Otis Wetzel's home run. Andy Cohen and Jim Welsh hit homers for the Giants.

The score by innings: R. H. E. N. York, (Nat'l) - 300 101 210 - 8 13 1 S. Antonio (Tex.) 100 000 001 - 2 8 1 Batteries—Benton, Ogden, Henry and Hogan, Witry; Baker, Hatch, Carson and Orzatti.

### Joel Hunt Looks Promising to Buffs

HOUSTON, March 9. (AP)—The acute need of the Houston Buffs for more proved pitchers is the outstanding weakness developed in the first week of spring training. With other departments of the team shaping up nicely the sad state of the pitching corps assumes importance.

The Buffs have an outstanding infielder in Joel Hunt, former Texas Aggie football luminary. Joel is a much improved baseball player, fielding nicely and has his eye on the ball. His bid for the utility infield job is strengthened by the fact that he is a rookie.

### Spudder Pitchers Add to Prospects

WICHITA FALLS, March 9. (AP)—Arrival in the Spudder training camp today of Pitchers Milt Stengraf and Chick Galera leaves only one absentee, Stanley "Rabbit" Benton shortstop, and he is expected to report any day.

The first nine-inning game of the spring season is scheduled tomorrow, when Wichita Falls will take on the Abilene club of the West Texas league, which has been working out here with its parent team.

### Athens Is State Basketball Champ

COLLEGE STATION, March 9. (AP)—Athens high school won its second state basketball title in three years by defeating Denton, 29 to 27, in the final game of the interscholastic league tournament here tonight.

### Bill Fritz Tries to Kill Himself

ABILENE, March 9. (AP)—Bill Fritz attempted to commit suicide tonight while waiting in the jail cell at Anson for a verdict in his trial for the slaying of Earl Hamilton, near Rochester, last October, the Abilene Reporter-News was informed tonight by District Attorney Clem Calhoun.

### FURDUE DISTANCE STAR SETS NEW MILE MARK

IOWA FIELD HOUSE, Iowa City, Iowa, March 9. (AP)—Orval Martin, Purdue crack distance runner, opened the Western conference indoor track and field championships tonight by smashing the Big Ten record in the one-mile run.

Martin galloped to victory in 4:22 9-10, clipping a half second off the previous record established by H. B. Kennedy of the Ohio State in 1926.

### VIRGINIA NAMES COACH

HAMILTON, N. Y., March 9. (AP)—Earl C. Abel, head football coach at Colgate university, resigned to accept the position of head coach at the University of Virginia where he served on the football staff in 1921.

## BRUSHING UP SPORTS . . . By Laufer

The recent announcement of Walter Johnson that he will work as a pinch pitcher this summer as well as manage the Washington Senators comes as good news to the army of fans who hate to see the old favorites fade from the major league picture.

Johnson and his early contingent of pitchers and catchers were among the first of the big leaguers to start training in Florida, where the Big Train lost no time in setting a good example to the younger pitchers and rookies in his fold.

After a few workouts, Walter was convinced there is plenty of stuff left in his famous right arm to at least help out in the late innings if not occasionally to turn in a full game.

And, while on the subject of pinch pitching it is more than likely that Johnson will serve nearly as often as a pinch hitter. He always has been

a good batsman and during his long career broke up many a game with a timely bingle.

A few years back when called into the game as a pinch hitter in the ninth inning of a game with Cleveland at Dunn Field, he sent a screeching homer over the high right-field screen, a feat which had been accomplished but once before by a right-hand batter in the history of the park.

Last year with the Newark Bears illness prevented Johnson from showing what he could do as a manager. Also there was talk that the good-natured Walter was too easy-going with the bad boys of the team, which was generally accepted as the reason Newark finished second instead of winning the pennant.

This year Walter will stand for no fooling. With his full health once more and the old fast ball to rely upon in a pinch, you can scratch last year's history right off the books.

### Lindbergh Spends Night in Bownville

BROWNSVILLE, March 9. (AP)—Getting away from the throng of air enthusiasts who greeted him on his arrival from Mexico City today with the first official mail on the Pan-American company's New Mexico City-Brownsville route, Col. Charles A. Lindbergh made himself at home at the officers' club at Fort Brown while preparations were completed for his return flight to the Mexican capital tomorrow.

PORT WORTH, March 9. (AP)—The regular northbound Texas Air Transport, Inc., plane bearing Mexico City

airmail brought as far as Brownsville, Texas, today by Col. Charles A. Lindbergh was forced down early tonight at Austin because of bad weather, said a telegram to the Fort Worth airport tonight.

### AVIATOR LANDS SAFELY ON SAN MARCOS RESIDENCE

SAN MARCOS, March 9. (AP)—Harry Schroeder, Austin aviator, crashed into the roof of a San Marcos residence late today, with no resultant injuries.

One wing of his plane was crumpled and the roof of the house damaged. Schroeder was attempting to land in a vacant lot after his motor had ceased functioning.

Mrs. O. R. Williams, proprietor of the French shop, is seriously ill at her home.

### McLean Boxer to Meet Local Negro Here on Thursday

"Doc" Denebeim has been many months trying to get a boxer who would stand up to Calvin Jones, 155-pound local negro boxer. He believes he has someone who will give the fast stepping Jones a real battle.

Thursday night at the Pla-Mor auditorium, Elmer Rigdon, 158 pounds, of McLean, will enter the ring with the negro.

Both boys have been seen in action here and both are fast and hard hitters. Rigdon can take punishment and Thursday night will tell whether Jones can do the same.

The semi-final will bring together Kid Buster, local 150-pounder, and Roy Landrum, McLean's pride. Buster has been going good lately and feels that he is a match for Rigdon's partner.

Another bout that should show some real class will bring together Kid Knight and Jack Smith. Although these two have never met they are both well known in a local ring.

Preliminaries will open the big card.

### Fort Worth Cats Beaten by Sooners

PORT WORTH, Mar. 9. (AP)—The Fort Worth Panthers opened their baseball exhibition season here today with a defeat, falling before Oklahoma City of the Western league.

Score by innings: Oklahoma City 000 340 000 7 7 0 Fort Worth 311 100 000 6 11 3 Robinson, Brodie, Larson and Groft; Caldwell, Kearney, Devaney, and Rensa Baker.

### Estelline Beaten in Consolation Game

COLLEGE STATION, Mar. 9. (AP)—Rallying in the second half, the Cisco Lobos came from behind to defeat Estelline, 25 to 21, tonight in the final game of the consolation round of the state interscholastic league basketball tournament. Estelline held an 11 to 5 lead at the half. The victory gives Cisco third place in the tournament.

### CHICAGO CUBS BEATEN

LOS ANGELES, Mar. 9. (AP)—The Los Angeles Angels defeated the Chicago Cubs, 11 to 8, in a six-inning exhibition game here today. The Cubs attempted to have the game stopped at the end of the fifth on account of rain when they were leading, 8 to 7. Umpires permitted another inning, however, and the Angels made four runs to set up the game.

### Cincinnati Wins Over Philadelphia

MIAMI, Fla., March 9. (AP)—The Cincinnati Nationals today defeated the Philadelphia Americans, 7 to 5, and ran the Athletics' losing streak to three games. The Athletics opened the exhibition season by losing to the St. Louis Nationals, and dropped a second game to them yesterday.

Crabtree, in right field for Cincinnati, hit two home runs, one in the fourth and one in the fifth inning. Simmons clouted a homer in the fifth for the Athletics, and Hassler a triple in the fourth.

### "UPSET LAD" WINS

MIAMI, Fla., March 9. (AP)—Upset Lad, owned by the Belle Isle stable, today won the first \$10,000 added Florida derby at Hialeah park. Boris, owned by Harned Brothers, was second and Stand By, belonging to Frank Bray, finished third.

Daily News' want-ads bring results.

### Stanford Student Smashes Record in Discus Heave

STANFORD UNIVERSITY, Calif., March 9. (AP)—Eric Krenz, blonde giant of the Stanford track and field team, broke the world's record in the discus throw today with a heave of 163 feet, 8 3/4 inches. The throw was witnessed and checked by Amateur Athletic Union and Pacific Athletic association officials.

### NURMI IS REINSTATED

NEW YORK, March 9. (AP)—Paavo Nurmi, the "Phantom Finn," under a A. U. suspension for several weeks, was reinstated tonight.

J. J. Mezell of Slaton has moved his family here, and he will engage in business as agent for Southwestern Life Insurance company.

Antwerp soon is to have the first policewomen in Belgium.

# GRAY COUNTY HAS ONLY GAIN IN PRODUCTION IN PANHANDLE AND LEADS IN NEW LOCATIONS

With a gain of 946 barrels daily, Gray county showed the only increase in oil production in the Panhandle. The only reason given for the boost in Gray county is that several old producers were cleaned out. There were no new producers reported during the week.

Hutchinson county showed the biggest slump with 561 barrels a day. Other counties showed slight decreases to overcome Gray county's margin by 91 barrels.

Several new locations have been made during the last week, with Gray county leading the way with five.

Production by counties:

Carson—5,710 barrels, a loss of 56 barrels.

Gray—22,000 barrels, a gain of 946 barrels.

Hutchinson—26,564 barrels, a loss of 561 barrels.

Moore—1,486 barrels, a loss of 162 barrels.

Potter—20 barrels, a loss of 32 barrels.

Wheeler—530 barrels, a loss of 22 barrels.

Total—56,310 barrels, a loss of 91 barrels.

## REVOLUTION—

(Continued from Page 1)

In Central Mexico from Cuilaacan on the west coast of Saltillo in Coahuila and as far south as Canitas, Zacatecas.

A picked federal army estimated at 18,000 and described as the most powerful Mexican force put into the field since the days of the Pancho Villa revolt in 1915 was proceeding toward Zacatecas to strike the rebel center.

Advance columns of this army reached Zacatecas this afternoon. Rebel forces were 50 miles to the north at Canitas.

General Escobar, commander-in-chief of the rebels, in Chihuahua reported an insurgent victory along the Saltillo-Monterrey line. Nearly 300 prisoners were reported taken.

In Sinaloa, columns of rebel troops were reported advancing along the railway to Mazatlan, having already passed through Cuilaacan.

**May Recapture Juarez**

Juarez, captured by rebels Friday after a hot fight, was quiet but federal predictions were that it would be back under government control shortly.

Federal authorities in Baja California were preparing an offensive against the rebels in Northwest Sonora and there were some indications that air-line raids might be made on Nogales, Sonora.

The insurgents in Sonora said that a representative would leave for Washington on Sunday as envoy of their state. The purpose of the mission was not disclosed.

**EL PASO, March 9. (AP)—**Battle-scarred Juarez, historic city of the Rio Grande, was putting itself in order today while visitors flocked from the American side and saw only shattered windows, broken signs and bullet-pocks in the walls of buildings as evidence of yesterday's sanguinary clash which placed revolutionary forces in power at Juarez.

Business was resumed today, except in banks and the Tivoli gambling house, which remained closed.

The jail was empty. Federal authorities turned loose 80 prisoners, including 30 held for major offenses, soon before the rebel guns spat down the principal streets of the city in the conflict.

Rebel forces, in complete control of the city after the skirmish which lasted five hours yesterday morning, were stationed at Fort Hidalgo and other strategic points, apparently prepared for any attempt by the government to retake the city, although none was at least not momentarily expected.

Federal forces, driven from the city, were interned at Fort Bliss in El Paso.

A revised casualty list today showed that the total number of dead on both sides was 12, with 29 wounded.

**American's Death Mourned**

The death of Teddy Barnes, an American, popular bartender at the Mint cafe in Juarez, was mourned on both sides of the border. Barnes was hit by a stray bullet while in his room.

The interned government forces at Fort Bliss were wondering how long they would have to remain in American custody. Brig. Gen. George van Horn Moseley, commandant at Fort Bliss, said he had received no word from Washington after having reported that the Mexicans were interned at their own request. Officials in the federal building here expressed the view that the United States government would permit the return of the federal soldiers into Mexico in the near future.

Every official will continue to hold office in Juarez unless he is found unfit under the dictum of General Murricta. Mayor Augustin Gallo and Chief of Police Albino Frias and their assistants still were in office. Uniformed policemen patrolled the streets and ordinary tranquility prevailed.

**CHILDRESS, Mar. 9. (AP)—**R. C. Neely, Amarillo high school student, was elected president of the Older Boys' conference of the Texas Y. M. C. A. at a business session of the convention here today. Murrell Freels, Denison, was named vice-president, and Roy Baker, Denison, secretary-treasurer.

## AGGIE STUDENTS PRAISE BIBLE IN FAREWELL DINNER

PORT WORTH, March 9. (AP)—More than 400 former students of Texas A. & M. college and others assembled here tonight at a banquet honoring Dana X. Bible, popular former coach of the Aggies, who resigned to accept a similar position at Nebraska university.

In replying, Bible paid high tribute to Madison Bell, former Texas Christian university coach, who will succeed him at Texas A. & M. "My regret at leaving is lessened by knowledge that such capable hands as those of Matty Bell will direct athletics at the college," Bible said.

A revised casualty list today showed that the total number of dead on both sides was 12, with 29 wounded.

The death of Teddy Barnes, an American, popular bartender at the Mint cafe in Juarez, was mourned on both sides of the border. Barnes was hit by a stray bullet while in his room.

The interned government forces at Fort Bliss were wondering how long they would have to remain in American custody. Brig. Gen. George van Horn Moseley, commandant at Fort Bliss, said he had received no word from Washington after having reported that the Mexicans were interned at their own request. **ESSEX**  
the **CHALLENGER...sets**  
*C. C. Wimmerman* all these records...

**During Nation-wide CHALLENGER WEEK**

The Essex Town Sedan tested Friday morning showed speed from 2 miles per hour to 70 over all kinds of roads and where there were no roads. Reliable up steep hills, increasing speed with the climb. Showing gas consumption of slightly over three gallons for 65 miles. Through sand, mud and loose dirt without overheating or stopping.

Above we show some of the local records, officially observed by newspaper men, which Essex the Challenger established during Nationwide Challenger Week. Owners here, and owners by thousands all over the country, have duplicated these tests, or, at least, verified the capacity of their own Essex the Challenger to reproduce any or all of these proofs.

**IN FAST GET-AWAY**—no car is excepted. IN **SPEED**—anything the road offers up to 70 miles an hour. IN **HILL CLIMBING**—against any car you choose. IN **APPEARANCE**—match it for smartness with costlier cars. IN **EASE OF DRIVING**—note smoothness of motor—ease of steering—roadability and effectiveness of brakes. IN **ENDURANCE**—60 miles an hour all day long is well within its range.

One million owners know the special advantages of the Super-Six. They are best qualified to compare the Essex the Challenger. To them we offer first opportunity to test the most powerful, the largest, roomiest, smoothest, easiest riding—most complete Essex ever built. But all motordom must be assuaged that even with seventy-six notable improvements, the price is the lowest in Essex history—a price but little above the lowest-priced car on the market.

**AGRICULTURAL INDUSTRIES WILL BE STUDY TOPICS**  
 NEW YORK, Mar. 9. (AP)—The American Engineering Council is planning a nationwide study of the agricultural industries, similar in method of the Hoover committee on waste in industry.

Lawrence W. Wallace, executive secretary of the council in announcing plans tonight, said the study would encompass the economic, social, financial, and engineering phases of agriculture.

**Library Benefit Entertainment Is Authentic and Laughable Revival of Days That Were—Profit Over \$400**

Pampa citizens in numbers sufficient to fill the Central auditorium-gymnasium demonstrated their interest in the new public library and in home-talent entertainment by "turning out" Friday night for the benefit program given under the auspices of the A. A. U. W. and College club. The sum of \$408.15 was received through ticket sales. Mrs. George E. Wolfe, chairman of the ticket committee, reported yesterday. All profits will be used in developing the public library.

A program consisting of a womanless wedding; a skit, "It's Pampa;" "The Old Family Album," and a specialty dance number met with uproarious laughter and generous applause. More than a hundred persons took part in the all-comedy show, which, by consensus of opinion, was one of the most successful local talent performances this week, through the sale of milk staged here. The high school orchestra directed by T. A. Ansell, furnished excellent music before the program began.

**Characters Authentic**

Mrs. James Todd directed "The Old Family Album." Both the costuming and the make-up of the characters were authentic, and the poses were startlingly like those in the photographs that clutter every family album of any age. Mrs. W. T. Fraser, as a talkative little girl showing the album to "mama's company," gave an added spice to the act with her amusing comments and explanations.

The wedding had several distinguishing features: the charm of the bridal couple, the beauty of the attendants, and the renown of several of the guests.

The unblushing appearance of the gentlemen flower girls finally proved to one little corner of the world, at least, that men are not more modest than women. Their bouquets, donated by the Pampa floral company, were lovely, and the dresses were colorful.

Mrs. J. M. Dodson directed the wedding and the skit, "It's Pampa." The latter consisted of clever lines and a chorus. The cast for it included: Mrs. W. T. Fraser, Mrs. James Todd, Mrs. Ralph Dunbar, Mrs. Robert Chafin, Mrs. Marion Howard, Mrs. Dodson, Mrs. C. W. Stowell, Mrs. W. A. Bratton, Mrs. Robert Hisky, Miss Ruth

Abramson, Miss Fannie Sims, Miss Wilma Chapman, and Mrs. R. A. Webb, accompanist.

Mrs. Clyde Fatheree and Oscar Dia' executed a French doll dance in mechanical style. Others who appeared in some part of the program were as follows: Mrs. Robert Chafin, Mrs. Mary Jane Darnell, Mrs. H. D. Lewis, Mrs. T. E. Rose, both Mr. and Mrs. Sam Irwin, James Todd, both Mr. and Mrs. George E. Wolfe, Ray Wilson, R. B. Fisher, both Mr. and Mrs. De Lea Vicars.

Mr. and Mrs. M. A. Graham, Mrs. T. D. Hobart, George Walstad, Tom Rose, J. M. Dodson, F. C. Conwell, Mr. and Mrs. Marion Howard, Earl Lewis, J. L. Lester, both Dr. and Mrs. H. H. Hicks, C. S. Boston, Mr. and Mrs. F. M. Culbertson, W. A. Bratton, Ivy Duncan, W. A. Durr, T. F. Smalling, W. A. Durr, Mrs. C. P. Buckler, and Mrs. M. A. Finney, R. W. Mitchell.

Mrs. De Witt Courteney, Harrison C. Platter, Mrs. I. E. Kullman, Bob Rose, Boyce Smith, Mrs. Dorothy Pollard, Roy McMillin, Herman Zollar, W. T. Fraser, Miss Julia Mae Barnhart, R. A. Allen, Mrs. C. W. Stowell, R. C. Campbell.

**P-T. A. Finance Group to Continue School Lunch Sale**

A sum of a little more than \$138 was added to the fund for expenses of the sixth annual convention of the Eighth district Parent-Teacher associations, this week, through the sale of milk, candy bars, and home-made sandwiches at the school. The project was carried on under the direction of the convention finance committee, with other members of the P-T. A., members of church societies, study and social clubs and other individuals assisting. Sandwiches and money for supplies were donated by many generous persons, says Mrs. R. G. Campbell, chairman of the finance group.

Those who worked at the food counters during the past week were: Mrs. W. A. Gray Baker; Mrs. H. H. Heiskell, East Ward; Mrs. Bolder, West Ward; Mrs. Floyd A. Smith and Mrs. Campbell, Central. The sales were divided as follows: Baker, \$15.11; East Ward \$18.50; West Ward, \$21.20; Lamar and

Mr. and Mrs. R. G. Hughes, Robert Hisky, Paul Shepherd, Marvin Lewis, J. A. Meeke, Otto Studer, George Briggs, Rev. T. W. Brabham, Paul Kashike, W. L. Woodward, A. D. Johnston, John Willis, C. T. Hunkapillar, Wm. Gould, Frank Hill, Ralph Dunbar, Byron Dodson, and J. S. Byrd.

Central high, \$78.81. A small amount of this was received from sale of popcorn and candy at the benefit program Friday evening.

So satisfactory were the results of the week's work, the committee has decided to carry on the sales this week,

maintaining a food counter at each school. Mrs. H. E. Finley will be in charge Monday, and others will take charge on succeeding days. The finance committee will sell candy and sandwiches at the county interscholastic league meet, March 22 and 23.

 "Where Values Are Real"

It Is Cheaper to Build Features Into House at Start—Abundance of Help Is Offered by Modern Firms

The home-builder should determine, before letting his contracts for the new home, which of the modern conveniences, which add so much to the enjoyment of a home, he wishes built into the new house, says a bulletin from the National Retail Lumber Dealers Association. For while the majority of these conveniences can be very economically installed at the time of building the house, it will be more costly to build certain of them in after the house is completed.

Among the desirable features and conveniences which the home-builder should consider when planning his home are the following:

LIVING ROOM:

Hardwood floors, arched doorways or French doors, fireplace with electrical equipment or equipped for gas log or fuel, built-in book cases and radio cabinet, wall lights, wall and floor outlets for lamps, radio aerial and ground and electric sweeper.

The sun porch, if just off the living room, may be used to give an appearance of added spaciousness to the living room by having wide entrances to it with French doors. Casement windows (opening from the side) will admit more light and air and are more easily cleaned.

DINING ROOM:

Hardwood floors, built-in buffet, servette, china closet and window seats will add to the enjoyment of this room. Pannelled wall effects and beamed ceiling effects are popular in some localities. Swing doors between dining room and kitchen and pantries are great conveniences. There should be electric plugs properly placed for attaching toaster, percolator, waffle iron, and any other similar devices used in this room.

KITCHEN AND PANTRY:

The attractive built-in breakfast nook, with table and seats is a wonderful step saver for the busy housewife. Built-in kitchen cabinets, tables, broom closets, and ironing boards are installed in almost every well built home. Plugs for electrical equipment should be plentiful as electrical devices are indispensable in the modern kitchen. There should be a shelf for milk bottles, space for garbage container, and, if manufactured ice is used, an inset space for the refrigerator. Maple floors and enameled plaster board walls make a very attractive kitchen, the walls of which may be tinted in any color desired.

BATHROOM:

The medicine cabinet, towel cabinet, and a receptacle for soiled linen should be concealed in the wall. The pleat-

sure incident to having a well equipped bathroom warrants the use of best porcelain fixtures. These will include a built-in bath tub, pedestal basin clear of the wall, toilet without tank and built-in foot bath. Such a bathroom, with white or colored towel racks, soap dishes, tooth brush racks and other equipment will be very attractive.

BEDROOMS:

There should be plenty of windows to provide good ventilation. The plan of the house should provide ample closet space. The closets should have poles and hangers permitting easy access to clothing in the furthest recesses or special equipment manufactured for that purpose. Electric lights in the closet are a great convenience. Built-in dressing tables and window seats in the bedroom are attractive and save space. Electric fixtures should be placed to provide side lights for dressers and dressing tables, bed and night lamps.

MISCELLANEOUS:

Telephone niches for the telephone and its extensions save space and annoyance. Every home should be provided with a convenient linen closet and clothes chute to the basement. It sheet insulation is used for the roof, the attic can be very economically divided into rooms for storage and for children's playrooms. Screens for windows will be most serviceable when made with wood frames and copper bronze wire. Combination screen and storm doors are useful both in winter and summer. Warmer houses result from the use of storm sash and weather stripping.

Your retail lumber and electrical controller has these items. It will be a good idea to call on him and personally select the designs and fixtures you wish to use.

FINANCING:

When you think of building the problem of "How will I pay for it?" is usually the first thing that comes to mind. But with the modern building and loan plan it is an easy matter: Your local Building and Loan company can explain in detail how you can borrow sufficient money and the rate is unusually low, much lower than borrowing through other channels.

Richmond, Va., (AP)—The game warden of Rockingham county has decided bounty is being paid too frequently in his territory for the heads of weasels and goshawks. He believes heads are being shipped in from other states where no bounty is given.

Daily News want-ads bring results.

CHURCHES

METHODIST CHURCH

Fine programs have been arranged for all services today. Sunday school opens promptly at 10 o'clock, with J. O. Gillham. The Wesley Brotherhood class will have charge. A well planned program has been arranged.

Worship periods 11 o'clock, morning, and 7:45 evening. The pastor, Rev. Tom W. Brabham will speak at both hours. Morning theme "The Wise and Foolish Builders". Evening theme "Christianity the Source of Freedom."

The choir will bring a special message in song at the morning hour. The orchestra under the direction of Thomas Fannell will render some special numbers at the evening hour. The "sing-song" service at the evening hour will be one you will enjoy.

Make the Methodist church your church. We bid you welcome to all our services, and have so arranged our programs to meet the needs of every human heart.

CHURCH OF CHRIST C. C. MERRITT, Minister CONVERSATION

A scholar was once invited to a social gathering of noted people, "How did you like the company?" some one asked him afterwards. With a smile the wise man answered: "If they had been books, I would not have read them." It is amazing how much nonsense and pure folly comes to light in our conversation. If the loose talk of an evening were recorded, verbatim and submitted to us, we would not own it. We think lightly of it, but God attaches considerable importance to what we idly say.

"But fornication, and all uncleanness, or covetousness, let it not even be named among you, as becometh saints; nor filthiness, nor foolish talking, or jesting, which are not befitting; but rather giving of thanks." (Eph. 5:3-4)

Our talk, especially our unpremeditated spontaneous talk, is an index to our hearts; "for out of the abundance of the heart the mouth speaketh." Therefore, also, the "idle" unpremeditated words become the criterion of judgment.

"For by thy words thou shalt be tend all of these services."

justified, and by thy words thou shalt be condemned." (Matt. 12:35-37). "Let your speech be always with grace, seasoned with salt—not with sugar, nor yet with vinegar and gall. Not flattery, not bitterness, not cynicism; but gracious, helpful, uplifting speech should come forth from your lips. The mouth of the righteous is a wellspring of life. Subjects for March 10: "The four-fold Use of the Scriptures" and "An Approved Workman."

FIRST BAPTIST CHURCH

Sunday school ..... 9:45 a. m. Preaching service ..... 11:00 a. m. Mission Sunday school ..... 2:30 p. m. Mission sermon ..... 3:30 p. m. Jail service ..... 5:00 p. m. Training service ..... 6:30 p. m. Preaching service ..... 7:30 p. m. Last Sunday the attendance at our Sunday school was a 23 per cent increase over the attendance of the previous Sunday. We are hoping to continue to grow that soon we will have a capacity attendance for our new building. In our Sunday school is a class for every age group and a good teacher for each class.

The assistant pastor, John Lee Harris, will speak at both the morning and the evening services in the church auditorium. Special music has been arranged for both of these services.

The services at the Missions fostered by our church are proving very interesting and quite beneficial. The public is invited to take part in these mission services. Information concerning them may be obtained by telephoning 526-J or 193-J.

This afternoon at 3 o'clock a Sunday school and B. Y. P. U. rally for all age groups will be held in the auditorium of the First Baptist church of Miami. The meeting will continue only one and one-half hours so that all attendants may return home in time for the evening services.

We hope to hold the first services in our new church building on April 14. D. H. TRUHITE, Pastor

CHRISTIAN SCIENCE SOCIETY

Room 2, First National Bank building Sunday school, 9:45 o'clock. Sunday service, 11 o'clock. Subject, "Man". Wednesday service, 8 p. m. The public is cordially invited to attend all of these services.

Students Praise Luncheon Given by Mrs. McConnell

Boys of Agriculture III of Central high, accompanied by Prof. J. L. Lester, pruned the orchard at the farm of Mrs. Girtha McConnell Friday morning and enjoyed a feast served them at the elegant rural residence.

The boys worked hard and carefully and finished their tasks by 11:45 o'clock. A surprise awaited them as they were invited to prepare for lunch. They ate as hungry boys are noted for eating.

The class expressed their great appreciation of the treat, and on returning hinted to The News that if any other orchards need pruning they are willing to serve at any time under similar conditions.

Jackson Well to Be Plugged Back for High Shot

The Empire Gas & Fuel company's No. 1 Jackson, in the northeast corner of section 185, block B-2, H. & G. N. survey, will be plugged back to first pay and shot, according to company officials. The well was drilled to a total depth of 3,364 feet when water was encountered.

This important test is a diagonal offset to the United Eight O. & T. company's No. 1 E. Bass Clay, in section 177 of the same block. The United Eight test came in for more than 100 barrels a day from the upper pay at 3,115 feet.

Trees—Shrubs—Evergreens

The Texas Nursery company now has a yard at Foster and Gray street, north of Gulf filling station.

Here you will find a great variety of trees and shrubs to make your home more beautiful. Call and select your own plant.

TEXAS NURSERY CO. E. J. CURLESS, Mgr.

Braswell Endorsed by Club Convention for District Office

Sam Braswell, editor and publisher of the Clarendon News, was endorsed for Lions district governor at the convention of club members here Friday. He is chairman of the neighboring division of the organization.

The election of officers of this division will be held at the next meeting, which will be held at a city to be selected by the executive committee.

Entertainment features were much enjoyed at the session here. The Lions were delighted by the boy soprano and yodeling numbers by Howard Zimmerman of Pampa. Quartet numbers were rendered by Pampa and Dalhart groups.

Miss Margaret Doorley of Dalhart, soprano of great ability, and Mrs. Lillian Fountain, accompanist, were cho-

sen to be "sweethearts" of districts 10 and 11 at the state convention.

Wurzbach Released on \$2,500 Bond

SAN ANTONIO, March 9. (AP)—Congressman Harry M. Wurzbach was released under bond of \$2,500 after his arrest here today by Deputy United States Marshal White, on an indictment returned last week in Waco by a federal grand jury.

Wurzbach was indicted on six counts and the case against him has been transferred from the Waco to the San Antonio federal court. One of the counts alleges that he accepted \$100 June 28, 1926, from H. M. Holden, at that time United States district attorney at Houston, as a contribution for political purposes during the primary campaign that year, in violation of a federal statute.

## Social Calendar

### TUESDAY:

Mrs. C. E. Hutchins will entertain **Entire News** bridge club at her home at 2:15 o'clock.

Mrs. H. S. McConnell will entertain members of the **Night Owl** club, the game commencing at 8 o'clock.

The **Kongential Kard-Club** is to meet in the home of Mrs. W. H. Lang at 2:30 o'clock.

The **Progresso** club will meet at 2:30 o'clock in the home of Mrs. Siler Faulkner.

The **Royal Neighbors** lodge will hold a meeting in the home of Mrs. Nell Walberg, 621 East Kingsmill, beginning at 8:30 o'clock.

### WEDNESDAY:

Mrs. J. E. Dwyer and Mrs. Paul Hill will be hostesses to the members of the **Royal Women's** class of the First Christian Sunday school, at a social meeting in the class room. They announce the party for 2:30 o'clock.

Circle 2 of the Methodist W. M. S. will meet at 3 o'clock in the home of Mrs. Fred Cary for a lesson in "The Missionary Voice." Circle 4 will meet at the church at 3 o'clock.

The **Altar** society of Holy Souls church will meet at 2:30 o'clock in the home of Mrs. A. R. Sawyer, with Mrs. Ed Carriger as hostess.

### THURSDAY:

Circle 2 of the Baptist W. M. U. will hold an all day meeting at the home of Mrs. John McKamy. The day will be spent in quilting. Members of other circles are invited to attend.

The **Ladies' Aid** society of the First Christian church will give an apron and neck-tie benefit social at the church at 7:30 p. m. The public is invited.

The **Friendship** class for the Methodist church will hold a social meeting in the class room, beginning at 3 o'clock. The afternoon will be spent in sewing for the Easter bazaar.

### FRIDAY:

Mrs. M. W. Jones will entertain the **Blue Bonnet** bridge club. The game is announced for 2:30 o'clock.

The teachers of the schools of Pampa Independent school district will give a variety program at 8 o'clock at the Central auditorium, under the auspices of the finance committee for the Eighth district P.-T. A. convention.

## Teachers to Give Benefit Program Friday, March 15

The many and diverse talents of the teachers of Pampa Independent School district will be employed in presenting a variety program at the Central auditorium next Friday evening. Each of the five Pampa schools and Kingsmill school will have its own act, in which all of the faculty will take part. Members of the local branch of the Amarillo College of Music, which is maintained as a part of the public school system, also will appear on the program.

Vocal and instrumental music, skits, readings, and short comic acts will comprise the evening's entertainment. The program is being given under the auspices of the finance committee for the sixth annual convention of the Eighth district Parent-Teacher associations. A small charge will be made for tickets, and all money will go toward the convention fund. Mrs. E. C. Campbell is chairman of the finance committee.

### CARD OF THANKS

Mrs. James Todd, chairman, and other members of the A. A. U. W. committee which was in charge of presenting "The Old Family Album," Friday evening, wish to express their appreciation to all persons who contributed to the success of the act.

MRS. JAMES TODD.

Miss Kittie May Gill of LeFors and Mr. B. B. Bolds of Ima, N. M., were married here Friday, C. E. Cary, justice of the peace, performed the ceremony at his office. The couple will live on a ranch near Ima.

W. B. Haddock, an employe of the Prince Brothers Drilling company, sustained a serious foot injury Friday afternoon while at work on a well west of here. He is in the McKean & Connor hospital.

## Excellent Combined Programs Given by Child Study Club

Lessons on two interesting topics were had at the meeting of the Child Study club Friday afternoon. The first of these was on methods of interesting boys and girls in books of natural history. Mrs. S. A. Hurst directed the lesson and read an excellent paper dealing with proper approaches and presentation of subjects to children.

Mrs. J. M. Turner described Cobb's Island, a bird sanctuary. "The Giraffe and his Enemies" was a sketch given by Mrs. Ivy Duncan. In a delightful talk on "Queen Titania's Kingdom," Mrs. A. H. Doucette told the life history of the butterfly, and explained how study and observation of the fairy-like creature may stimulate the imagination of a child and increase his appreciation of the beautiful.

Mrs. H. D. Lewis had charge of the second half of the program, which was an historical study of Africa, ancient and modern. "Africa as the Seat of Past Greatness and Modern Progress" was presented in an interesting paper by Mrs. Lewis. Mrs. Roger McConnell described the work of Livingston and Stanley in Africa. Two descriptive sketches, "Prehistoric Times on the Nile and in Central Africa," and "A Visit to Karnak" were given by Mrs. Floyd McConnell.

The meeting was held in the home of Mrs. Joe M. Smith, with 13 members present. Members of the club decided in a business session to hold a social meeting on April 12.

## Party Honors Two Departing Members of Azor Class

Six hostesses entertained together Friday afternoon, paying a farewell courtesy to Mrs. Orville Davis and Mrs. Ernest Medkief, who will leave Pampa in a short time to make their homes in other cities. The party was given at the home of Mrs. Walter L. Davis, whose associate hostesses were: Mrs. H. L. Groves, Mrs. J. R. Beacom, Mrs. T. E. Hoffman, Mrs. Bonnie Rose, and Mrs. J. Powell Wehrung. Their guests were other members of the Azor class of the Baptist Sunday school.

Various delightful games were enjoyed, after which a handkerchief shower was presented each of the honorees. House decorations of green and white, suggestive of St. Patrick's day,

made a pretty setting for the affair.

The guest list included, besides the names of the honorees, the following: Mrs. D. H. Truhitt, Mrs. W. E. Jarvis, Mrs. Tracy Willis, Mrs. D. L. Langford, Mrs. Volle A. Holmes, Mrs. W. J. Turpin, Mrs. Vernon L. Dickerson, Mrs. Gladys Medkief, Mrs. Pearl Stephens, Mrs. H. M. Stokes, Mrs. G. E. Durham, Mrs. Ava Snell, Mrs. P. P. Ward, Mrs. E. L. Anderson, Mrs. H. L. Barnhart, Mrs. Fuller Barnett, Mrs. R. W. Wilde, Mrs. A. W. Mann, Mrs. Vail Carter, Mrs. Mary Bennett, Mrs. Cyril Hamilton, Mrs. W. H. Doyle, Mrs. R. W. Beardmore, Mrs. T. V. Jamison, Mrs. S. J. Spears, Mrs. J. W. Wallis, and Mrs. E. Bass Clay.

Mrs. Medkief will move to Dimmitt about the 15th of this month. Mrs. Davis is to make her home in Azar. Both have been members of the Azor class for the past several months and have been active workers in other Baptist church societies.

## Mrs. Lutz Hostess to Just We Club

Members of the Just We Bridge club were guests Friday afternoon of Mrs. J. H. Lutz, who entertained with three tables. The following were players: Mrs. H. C. Heinlein, Mrs. J. H. Lavender, Mrs. L. M. Williams, Mrs. S. L. Maynard, Mrs. G. E. McHenry, Mrs. J. J. Cassidy, Mrs. J. H. Hulme, Mrs. M. W. Jones, Mrs. Gilbert Wilkerson, Mrs. Robert Gilchrist, Mrs. W. E. Murphy, and Mrs. Dewey Johnson.

Score favors were given Mrs. Gilchrist, high guest, and Mrs. Williams high club. Consolation went to Mrs. Lavender. Suggestions of St. Patrick's day in the card table arrangements lent the meeting an added gaiety.

## LOCALS

Mrs. Z. T. Riley of Lockney is visiting her daughter, Miss Roy Riley, at the home of Mr. and Mrs. Floyd McConnell.

Miss Anna Brown visited in Panhandle Friday evening.

Mrs. J. M. McDowell underwent a critical operation at the McKean & Connor hospital yesterday afternoon.

Mrs. T. M. Gillham underwent a serious operation at the McKean & Connor hospital yesterday.

Clifford Taylor, injured in an automobile east of Miami more than two months ago, is doing well in the McKean & Connor hospital.

Mr. and Mrs. G. Taylor Cole are spending the week-end in LeFors with Mrs. Cole's brother.

## Legion Auxiliary to Organize 8-40 Salon Wednesday

An Eight and Forty salon will be instituted at a meeting of members of the American Legion auxiliary Wednesday afternoon at the Legion hall. Officers of the auxiliary unit who are members of salons elsewhere will be in charge. Among these are the president, Mrs. R. A. Webb, who is a member of the Fort Worth salon; Mrs. W. C. de Cordova, a member of the Wichita Falls salon, and Mrs. W. H. Lang, member of the Amarillo salon.

All women who have been active members of the Legion auxiliary for six months or more are eligible for membership in the Eight and Forty. Thirteen members are required to form a salon. More than that number already have said definitely they will join. Auxiliary officers urge that all who are eligible be present at the meeting Wednesday, to enroll as charter members of the Eight and Forty. The meeting opens at 2:30 o'clock. Mrs. W. M. Sparks of Wichita Falls, national organizer, will be in Pampa March 30 for final organization of the salon and installation of officers.

## Children's Parties Celebrate Birthday and Honor Visitor

Parties for the very youngest set were numerous in the last week. One of the most delightful of these was given by Mrs. J. C. Phillips, honoring her son, Jimmie, Jr., on his sixth birthday. Thirteen of the little boy's friends shared in the celebration. They were entertained with games and with fishing at a pond from which they drew chicks, bunnies, and other Easter favors.

The birthday cake was beautifully decorated. It was iced with pink, and in the center there was an Easter rabbit in a green nest, surrounded by colored candy eggs. Six lighted candles circled the cake. Each young guest cut his own piece of cake, finding in it a thimble, a ring, a dime, or another of the traditional birthday favors. After the refreshments were served, the children enjoyed an Easter hunt for candy "kisses."

Jimmie was given many attractive presents. The following were guests: Joyce Elaine Turner, Janet and Blanche McMullen, Javal Symonds, Joanna Jones, Ellen Ruhl and Helen Odell Gillham, Jamie Merriman, Howard and Melvin Davis, Jay O'Keefe, Junior Strickland, and LaVerne Vickers.

### SMALL VISITOR IS HONORED WITH PARTY

Mrs. J. M. McDonald gave a party Friday morning for her five-year-old niece, Dorothy Jean Askew, daughter of Mrs. W. L. Askew of Graham, who has been here three weeks. Games and

stunts furnished entertainment, and refreshments were served. Balloons and Easter chicks were given as favors.

The following little girls enjoyed the occasion with Dorothy Jean: Byrre and Donda Dodson, Anita Andrews, Joanna Jones, and Bonnie Lee Rose.

## Fred Moss Makes Most of Photographs for the Daily News

That the Daily News has used many pictorial illustrations of important events and persons in the news during the last fiscal year has been largely due the courtesy of Fred Moss of Fred's studio.

"Fred," as he is familiarly known, has always been ready to grab a camera and photograph things of interest. That more local individuals have not been seen in the News is due to the reticence in failing to have pictures made. It is hoped that during this year there will be less so-called modesty, and that many more pictures may be seen in print.

Fred's studio is now located in the post office block on West Kingsmill avenue. The attractive studio is equipped with the best facilities for artistic portraiture and quality kodak finishing.

Mrs. J. L. Stroope has returned from Woodward, Okla., where she has been visiting a sister.

Mrs. E. Gobelmann of Amarillo is spending the week-end with friends in this city.

Hollywood Sights

Sounds

By ROBBIN COONS

HOLLYWOOD—Hollywood seems to persist in turning its cameras upon itself.

Some time soon, if these self-examining excursions do not cease, there may be nothing left of that glamorous mystery behind studio gates which, thanks to watchful doorkeepers, has led many a curious tourist to devise ingenious schemes to secure admission.

Numerous have been Hollywood's introspective departures from its self-appointed task of dramatizing twists and turns in the affairs of the world at large.

To cite an example, Marion Davies and William Haines, collaborating in "Show People," gave impartially to Broadway, Pumpkin Center and Cotton Crossing an inside view of life behind the camera.

MORE INSIDE STUFF

Now Paramount has "The Studio Murder Mystery"—a gory tale, one surmises cleverly, even without having read the script or the Edington's story, and, more to the present point, a tale with a Hollywood setting, concerning the killing of a famous star on a studio set.

Which necessarily involves more exposition of these precious Hollywood "secrets." To add to the problems of the already talked up screen colony, what effect will all this self-revelation

TALKING GHOSTIES

Picture and audiences over the land may as well prepare to endure the unpleasantness of goose flesh, set a-tingle by the new mystery talkies.

Ghosties that formerly floated in noisily, more or less impressively solemnly about haunted castles now are equipped to demand greater respect because of their new tricks in the way of sepulchral groans, whispers and chain-clanking.

Barry Macollum, Broadway actor, is among the first to capitalize in the new movies a talent for weird noise. Producers of "The Hot" in the Wall," crook-spiritualist melodrama in production in New York, esteem it so highly the ghastly wail Macollum used as "The Banshee" in the stage play of that name that they have given him a part in the talking picture.

The dismal cry, it is hoped, will lull the senseless sequences with blood-chilling effect impossible to the voiceless screen.

Three students working their way through Parsons college at Fairfield Iowa—Lucille Schwick, Alice Bell and Earl Hesel—were the only students to receive all "A" grades for the first semester.

The fine arts section of the Belgian Royal academy has unanimously elected Whitney Warren, New York architect who planned the new Louvain library, a corresponding member.

A 13-month calendar has been adopted by a large London company to simplify the keeping of accounts.

THE BLACK PIGEON
© 1929 By NEA Service, Inc. BY ANNE AUSTIN

THIS HAS HAPPENED
The body of "HARRY" BORDEN, promoter and leader in the murder of Harry Borden, had been found Saturday afternoon, in front of the closed window of his private office Monday by his secretary, RUTH LESTER.

McMann leaned back in his chair, grinning and nodding with what seemed to Ruth, like ghoulish satisfaction.

still in that careful, hesitating manner which was branding her as a liar in McMann's eyes, as Ruth could clearly see. Her fear was confirmed when McMann asked, smiling twistedly: "You're sure he told you that Saturday afternoon, Rita? Wasn't it Saturday morning or Friday evening?"

den Saturday afternoon, yet Saturday night when the Golden Slipper opened at 11 o'clock, you were there with a \$500 bill which had been torn in two and pasted together, and which you had the club manager change into smaller bills for you. Now—that's all true, and there's no use your denying any of it. What I want to know is—how did you get the other half of the \$500 banknote? Come clean, Rita—and no hysterics!"

"I forgot to ask me for the key, I suppose," Rita retorted defiantly. "Anyway, he made a date to meet me at the station for the 5:32, the next train for Winter Haven. He wouldn't have needed the key before then anyway, since he told me he was going to stay in his office all afternoon."

"He'd given me the key Friday when I was having lunch with him. I was to meet him at the office about six Friday evening and go out to dinner with him, and he said as he might not be in when I got there, I'd better take the key and let myself in with it, so I would not have to wait in the hall. Later he phoned me to meet him at the Crillon, instead, and I did, and forgot to give him the key. But I didn't use it Saturday—didn't even remember I had it. I knocked and he let me in. He was expecting me, of course, but before he opened the door he asked who it was and when I showed 'Rita,' he let me in."

"No, no!" Rita screamed, beating the air with frantic, clenched fists. "I didn't rob a dead man! I'd die first! He was alive, I tell you—alive! He gave me his half of the bill, and not a cent more! Not a cent!"

Birdwell's weary, bored voice from the doorway interrupted Rita's passionate avowal. "Ferber's here with the pictures of the fingerprints, sir. And Borden's man-servant, Asha. Mrs. Borden's come back, too, sir."

(To Be Continued)
Fingerprints—tell a straight story. Be sure to read the part they play.

### City Drug Wins Big Agency for Famous Orgatone

First Allotment of Sensational New Treatment to Arrive Today—Arthur Mahan Issues Statement to Public.

Orgatone, the sensational new treatment which has been meeting with such phenomenal success everywhere it has been introduced, will be sold in Pampa, by the City Drug Store.

The important announcement was made last night by Arnie Brassart, special representative of Harry Kessinger, widely known as the Orgatone health teacher, after a long conference with their associates.

The first allotment of the celebrated medicine is expected to arrive here today and will be on sale at City Drug store, 309 West Foster avenue, Johnson hotel building, Monday morning.

The decision to appoint The City Drug store exclusive Orgatone representative, stated Mr. Brassart, was the result of a careful survey of the local field, to determine the stores best equipped to serve the public in distributing the famous medicine. It is the policy of those responsible for its distribution to have one thoroughly reliable and centrally located representative in each city.

"Everywhere you go," continued Mr. Brassart, "you will find Orgatone is distributed by the most reputable and progressive druggists in each city. They are naturally anxious to obtain the agency because they know what Orgatone will do and because of the distinction and prestige the agency gives them. However, I should like to congratulate the people of this city in having such a splendid, up-to-the-minute firm such as The City Drug store. It would be a credit to any city."

The management of this store has long known the remarkable health-building power of Orgatone and the wonderful results it has accomplished, and they were among the first to seek a supply of the medicine for distribu-

tion here. After looking over the field first hand we feel the special agency could not be better placed. Their reputation for courtesy and fair dealing extends far and wide.

Enthusiasm permeated the establishment of City Drug store as a result of the award and every one connected with this store seems keenly appreciative of the signal honor and prestige won by their company.

"Every one is elated," stated Mr. Arthur Mahan, with a broad smile. "To be awarded the Orgatone special agency is an honor which any firm would feel proud to have attained. However, I also want to say that we fully appreciate the responsibility the award placed upon us, for the appointment carries an obligation both to the public and to the manufacturers of the celebrated medicine.

"To guarantee the fair and impartial distribution of such a remarkable preparation as Orgatone, which involves handling hundreds of individual purchases every day, and to see that each person receives personal attention, is no small undertaking. But in order to secure the agency, we had to guarantee this and we are prepared to carry out our obligations to the letter. Orgatone is a medicine of such wonderful merit and reputation that for us to comment on it would be superfluous. It has met with astonishing success everywhere. We were fortunate enough to secure a few bottles of the medicine some weeks ago and distributed it among our customers. We therefore know first-hand the wonderful results it accomplished."

In order to meet the enormous demand for Orgatone that is anticipated here, an order for a big shipment of the medicine has been placed by the City Drug store, 309 West Foster, to supplement the initial allotment which is expected today.

Full and interesting facts about the new medicine will be announced from day to day starting tomorrow, it was stated.—(adv.)

Sam Carlton, local boy, has returned from Wink, where he has been associated with his brother in the trucking business. He will make Pampa his home again and he says he is glad to be back.

### LEFORS NEWS

BONNYE LASSYE CLUB ENTERTAINED WEDNESDAY

The Bonnye Lassye club met at the home of Mrs. Howard Blake Wednesday evening, and was beautifully entertained by Miss Nina McCoy. Bridge was played from 8 o'clock until 10.

At that time, refreshments were served to the following members: Miss Leona Stoner, Miss Mildred Stoner, Miss Maxine Lamb, Miss Chalfant Thompson, Miss Doris Paxton, Miss Nina McCoy, and Mr. and Mrs. Howard Blake.

Mr. and Mrs. A. Carpenter have returned after a business trip to Oklahoma City.

Mr. and Mrs. J. C. Short spent the week-end in Shamrock with Mrs. John Cox.

Frank Wall, Coltexco corporation employee, is in the West Texas sanitarium at Amarillo.

Mr. and Mrs. T. R. Watkins of Lefors visited friends in Borger Wednesday.

The Lefors basketball team will play McLean Friday night at McLean.

Miss Mary Gregory, Miss Leta Cayton, and Mrs. Josephine Sparks attended the West Texas State Teachers' college ex-student banquet at Shamrock Friday evening.

L. H. Jackson of Borger was a Lefors visitor Sunday.

Mrs. William Wall, Mrs. Frank Wall and son, Franklin, Mrs. Yeldell, Mrs. Walter Wise, and daughter, Ruth Wise, spent Wednesday in Amarillo.

Supt. R. C. Campbell and John B. Hessey, county superintendent, gave inspirational talks to the Lefors high school pupils Tuesday morning.

C. B. Akers, manager of the Rex theatre, made a business trip to Shamrock yesterday.

### Dallas Fire Is Most Damaging of Current Year

DALLAS, Mar. 9. (AP)—Dallas' largest and most spectacular fire of 1929 today destroyed the historic Lake Cliff Casino and eight nearby houses and injured nine persons. The cause has not been determined. The loss was \$100,000.

The building was occupied jointly by the James P. Simpson company, manufacturer of advertising motion picture film, and the King Scenic studio.

The building was a landmark, and years ago served as a mecca for Dallas music lovers and showgoers.

J. W. Lamb, 67, watchman, discovered the flames when he went to the top floor. The building was almost a mass of flame by the time he reached a telephone, he said.

"Pee Wee", a police dog which saved the lives of his masters, the C. H. Walker family, a week ago by awakening them when their home was burning, was burned to death when a spark ignited the dog house in which he was confined in the vicinity.

### AMUSEMENTS

AT THE REX  
Depths of tragedy are sounded by Al Jolson in "The Singing Fool," the special production in which he is presented by Warner Bros. at the Rex today, Monday, Tuesday and Wednesday.

In it he is revealed as one of the most powerful emotional actors on the screen. His creation is in decided contrast to his work as a comedian, though his former work has partially demonstrated the fervor of which he is capable.

In "The Singing Fool" he is first seen as a carefree, wise-cracking entertainer—a singing waiter in a New York cabaret—but eventually there comes to him a weight of sorrow and mental stress that entirely changes the course

of his life. Everything which he has attained through years of striving is suddenly stripped from him, and the way he meets and copes with his misfortunes makes a story of absorbing interest.

Married to a revue star who falls in love with another man, the singing waiter suffers torments, which include the death of the child to whom he is passionately devoted. "The Singing Fool" runs the whole scale of human emotions.

Jolson's amazing gift for recognizing those who have, like himself, the ability to transmit their feelings to others, was demonstrated in his choice of adorable three-year-old Davey Lee to play the part of Sonny Boy in "The Singing Fool". The child was chosen from among nearly two hundred applicants.

AT THE CRESCENT  
Nancy Carroll took the honors when Mahmoud Samy Pasha, envoy extraordinary and minister plenipotentiary of His Majesty Fuad I, King of Egypt, in Los Angeles for a visit of two weeks, was initiated into the mysteries and the beauties of the Paramount studio.

Miss Carroll was engaged in the production of "The Shopworn Angel" in which she stars with Gary Cooper, when the dignitary, with members of his family and his retinue, paused before the stage. Mahmoud Samy Pasha became so interested in Miss Carroll's performance that he remained watching her act for two hours and, as a result, missed seeing many other sights of interest about the studio.

George Kates, studio representative of the foreign department, conducted the diplomat, who is a student of motion picture development, around the

studio. The visitor displayed a lively interest in everything he saw but emphasized that he was most keenly impressed with Nancy Carroll's personality.

"The Shopworn Angel," which the Crescent theatre will present for four days, starting today, is a romantic

story of a Broadway butterfly and a backward country lad. Paul Lukas has an important role in the picture which is taken from the story by Dana Burton, popular magazine writer. Richard Wallace, who directed the famous "McFadden's Flats," handled the megaphone on this picture.

WHEN BETTER AUTOMOBILES ARE BUILT... BUICK WILL BUILD THEM

### Talks To Parents

**SHYNESS**  
By Alice Judson Peale

"Phillip is so shy, I don't know what to do with him. Come here, Phillip, shake hands with the lady. What's the matter? Can't you say how do you do? Well, well, I do believe the cat's got your tongue."

Meanwhile Phillip regarded the visitor in an agony of embarrassment and shame. It was incredible that his mother, who so evidently was fond of him, could have been so thoroughly unaware of what was going on in his soul.

What makes children shy? We might answer with another question. Would not anyone of us be shy if we were made the subject of such personal comment as Phillip was before a stranger? Fathers and mothers, regiments of relatives and armies of friends are under the peculiar delusion that it is with this sort of direct attack that one breaks the ice and starts making friends with a child. Only a youngster who has the hide of a rhinoceros could remain natural and responsive under such conditions.

There are, however, children who never have been subjected to such violation of their individuality who nevertheless are unwholesomely shy and reticent.

Usually these very shy children are over-protected children—reared alone—whose mothers have been afraid to allow them to mingle freely with those of their own age. The cure for this shyness is to provide companionship, either by inviting in the children of the neighborhood, or, preferably, by sending the child to a good nursery school.

If adult visitors to the home are the sort who can be relied on to treat him with respect and courtesy, he should be encouraged to come into the living room to make friends with them. But

### Six Men Drown as Cable Bucket Drops Into River

CHARLESTON, W. Va., March 9. (AP)—Six men at work on a new bridge across the Kanawha river here drowned today while crossing the stream in a cable bucket. A post to which the cable was attached broke, and the six occupants were thrown into the swiftly running water.

The bucket was near midstream when the cable collapsed. One of the men struck out for the riverbank but went down before he could reach it. The others sank almost immediately.

The men were employed by a construction company building the Patrick street bridge.

### STEERS SCORE IN FIFTH BUT ERRORS LOSE TILT

DALLAS, Mar. 9. (AP)—Outside of a brief onslaught in the fifth inning in which they scored five runs and drove young Ed Walsh to the showers, Dallas batters had little luck with the offerings of Chicago White Sox hurler today and dropped their second straight exhibition game to Manager Blackburn's athletes, 12 to 5.

The Steers paraded a quartet of young flingers to the mound but none of them were effective against Kamm, Jeffries, Walsh and other slingers of the Sox. Five errors afield didn't serve to steady the steer pitchers.

### SCHOOL GIRL BEATEN

ST. AUGUSTINE, Fla., Mar. 9. (AP)—Miss Virginia Van Wie, trim little "Wooden Indian" of the links, used her superior experience today to defeat Miss Helen Hicks, 18, Hempstead, L. I. school girl, 3 and 2 for the Florida east coast golf title.

If they are the sort who are likely to say that "the cat has his tongue" it is better for him not to see them at all.

### WASHINGTON DAYBOOK

By HERBERT C. PLUMMER

WASHINGTON—Ernest R. Ackerman of New Jersey is known on Capitol Hill as the "most widely traveled congressman." He could easily claim the title of the "world's best umbrella preserver" and be reasonably certain that it would go unchallenged.

For Ackerman has an umbrella that he has carried for more than 40 years. It has been his companion on 100 steamer voyages into all parts of the world during 600,000 miles of travel. It has protected him from the tropical sun and torrential rains for all of these years, and although in style it is somewhat antiquated, its owner is still confident that its period of usefulness is not yet over.

There are few places in the world that have not seen Ackerman and his famous umbrella. For a half century he has pursued a hobby from one end of the earth to the other. So successful has he been in his pursuit that he is known today in philatelic circles as one of the greatest collectors of stamps in the world.

### RARE STAMP COLLECTION

His collection includes stamps personally gathered in more than 100 stamp-issuing countries and is of incalculable value. He has been at the job since he was 15 years old. The medals and trophies awarded for his stamp displays at exhibitions include many most eagerly sought because of their significance, merit and prestige.

Perhaps there is another reason why the New Jersey representative is such an ardent philatelist. For in his last campaign his hobby played a part in re-electing him to congress.

from Russia. The postage on these stamps was paid by many sheets of Russian stamps—1,652 stamps in all. The letter was about 6x10 to begin with, and the extra stamps traded off. The value of the stamps was 406,250 rubles. Before the world war this number of rubles would have equaled \$207,137.50 in United States currency. However, at the time the letter was sent, they were only sufficient to pay the equivalent of 10 American cents worth of postage.

### POLITICAL WEAPON

Ackerman's knowledge of philately convinced him that he had a powerful weapon in these stamps. Accordingly he took the Russian envelope and displayed it at various places in his tour of the counties in his district, illustrating what he believed might happen to the United States if ever the American people permitted Bolshevism or unsound economic theories to obtain a foothold.

His majority over his opponent was in excess of 11,000 votes.

Incidentally, Ackerman is the man who first suggested that the post-office department issue a Lindbergh stamp. He also is responsible for keeping the head of Lincoln on our stamps, being one of those who led this fight in Cleveland's administration.

### High Schools of East Texas Form Baseball League

LONGVIEW, March 9. (AP)—East Texas high schools today organized a high school baseball league with J. E. Willis, Marshall, president, and S. Pollard, Henderson, secretary and statistician.

Longview, Marshall, Jefferson, Hallsville, Henderson, Gilmer, Mount Pleasant, and Tyler are the participating schools.

The season will open March 19 and close May 7.

A North Carolina trapper claims the distinction of catching a catfish in a steel trap.

### Baskets and Bankboards

By FORREST C. (PHOG) ALLEN  
President, National Basketball Coaches Association

"It is the season now to go about the country high and low"—to pick the winners.

Basket ball fans, page the University of California, on the western coast; Montana State College and the University of Colorado, in their respective divisions in the Rockies; Washington University (St. Louis) and the Missouri Valley region; Purdue University and the Universities of Michigan and Wisconsin, in the Big Ten; the Universities of Texas and Arkansas, in the southwest; and the University of Pennsylvania, Dartmouth and Fordham, in the east.

It is time for the final bow and the curtain call. These are the teams of championship calibre. They have proved their merits over many worthy foes.

Out of the University of California, Clarence "Nibs" Price, varsity football and basketball coach, planned, early last fall, of a successful basketball campaign. He held out four of his

gridiron warriors and placed them under the care of assistant coach "Hap" Houvinen, for seasoning.

Price's forethought was well rewarded in that he developed one of the high powered scoring teams of the country. Near-perfect team work has characterized his victories. Henceforth California serves notice to the rest of the basketball world that it must be considered for inter-sectional honors.

Perhaps, Montana State has the greatest goal shooting combination of any college in the country. Seldom are they held below a score of 40 points, and usually their scores run up into the fifties. This team has depended upon its offensive to win.

The University of Colorado has depended upon its low score zone defense to carry it through.

The basketball team of Washington University, under the tutelage of Don White, the old Purdue flash, has won the Missouri Valley conference championship, with a consecutive row of victories and then, in turn, has whipped the University of Oklahoma Sooners

Big Six conference champions in two straight games.

An all-around well balanced outfit is White's answer to success, while McDermott depends upon his offensive minded Oklahomians to turn the trick.

Both the Universities of Texas and of Arkansas have high powered scoring combinations. Both Coach Schmidt of Arkansas and Coach Fred Walker of Texas have teams composed of veritable giants.

Nowhere do upsets happen so regularly in basketball as in the Big Ten. The cellar champions, as likely as not, will topple the leaders from their perches.

Dr. Walter E. Meanwell, after a lapse of several years, has again brought his Wisconsin Badgers up to a top rung on the Big Ten ladder.

Eddie McNichol of the University of Pennsylvania, whose outfit is again leading the eastern intercollegiate, depends upon his wellknown quick-breaking and vicious guarding quintette to return the gonfalon to the Quakers.

### SPORTS WIN GAME

SHREVEPORT, Mar. 9. (AP)—A wild pitch by Joe Pate, Minneapolis hurler, in the tenth inning with a man on third gave the Shreveport Sports a 6 to 5 victory over the Minneapolis Millers in the first spring exhibition game here today.

RANDOLPH GIRLS WIN

DALLAS, March 9. (P)—Randolph college of Cisco won the championship of the A. A. U. woman's open basketball tournament tonight by defeating the Employers Casualty Golden Cyclones of Dallas, 37 to 33, in the deciding game.

Ray Wilson transacted business in Amarillo yesterday.

## Race Horse May Be Transported By Air Route

NEW ORLEANS, March 9. (P)—Vermajo, ace of the Three D's stable 3 year olds and recent winner of the \$25,000 New Orleans handicap, has been assigned top weight of 122 pounds for the eighth renewal of the Louisiana derby carrying \$15,000 added on March 22 at the Jefferson park track here.

In the weights, announced today, the Jedell stable's Laurie, Upset Lad of the Belle Isle stable, F. M. Bray's Stand By, and the Three D's Calf Roper were assigned 117 pounds for the race over the mile and a furlong route.

The rest of the field nominated were assigned 114 pounds, except two or three given 112-pound loads, if they start.

While Vermajo, if entered will be favorite, the 3-year-old is at Tiajuana and the time between the two events is so short that some doubted he could be returned here in time. There was a well founded report, however, that C. E. Darnell, trainer for the Three D's, Arlington, Texas, was considering returning the thoroughbred by airplane.

## Markets

### WHEAT PRICES SOAR

CHICAGO, March 9. (P)—Wheat prices ran up like a steepie-jack today, and corn followed in quick order. Speculators discovered they had sold themselves into a hole, and that to get out before the week-end they had bid against each other at such a lively rate as to force a sharp general rise in values. Drought advices from Canada and Australia, together with reports of seeding delays in Europe and of freezing temperatures in the United States winter wheat belt were all of some effect toward bringing about what resembled a stampede on the buying side. Closing quotations on wheat were

strong, 1 5-8 cents to 2 1-8 cents a bushel net higher. Corn finished 7-8 cent to 1 1-8 cents up. Oats unchanged to 5-8 cent advance, and provisions unchanged to a rise of 12 cents.

From the outset, the wheat pit was uneasy because of renewed cold weather threatening the safety of domestic winter wheat. Besides, Liverpool wheat quotations were higher than had been looked for.

### STOLEN CAR FOUND

A Chevrolet coupe owned by Charles Spurlock was stolen Friday night but recovered by officers of the sheriff's department yesterday morning. Evidently the persons who took the car just wanted to go for a joy ride as very few miles had been put on the speedometer. The car was found on the Berger road at the west edge of Talley addition. Nothing was missing from the car.

Tom Rose made a business trip to Amarillo yesterday.

### Concrete Work on Rose Building to Begin Tomorrow

Forms were being set at the new Rose building yesterday and John T. Glover, contractor, expects to be able to begin pouring concrete tomorrow. Steel was to arrive late yesterday from Dallas, and according to the contractor, work on the building will be rushed.

The building will be two stories high. It will be built of white brick and steel. A basement 50 by 90 feet will accommodate the bargain floor and stockroom of the J. C. Penney company, which will occupy a 50 by 100-foot space with mezzanine floor on the first floor. The building proper will be 75 feet wide by 140 feet long.

The First National bank has just completed installation of additional safety deposit boxes, which have been in great demand.

## GO TO CHURCH SUNDAY

### IS IT A SQUARE DEAL

Warren is right: the church when you would not live in a community without the church? If the church is the backbone of any community; the source of all our best life, thought and development; the greatest holder of power and public opinion; the seat of all our best character; the seat of all our best strength; and the glory through its membership of more than 50 per cent. of all mankind—is it a square deal for you to go to church on Sunday?

By THE REV. WILLIAM HENRY GEISTWEIT  
(Pastor, First Baptist Church, Dayton, Ohio)

I am thinking of the church—its mission and its function. It is not to be compared with anything in the world.

It isn't a lodge; the membership of a lodge is determined by a good name, a good, moral character.

The church isn't a club; membership in a club is determined by moral and social standing of a prescribed sort, and usually calls for the signed recommendation of some other member, which is done after supposedly careful investigation.

The church is at the other end of the pole. A man whose character may be as full of holes as a fisherman's net is welcomed in a church on one condition: that he desires a better character. The vilest sinner, desiring a new life, finds acceptance at the hands of Jesus Christ, and on the basis of his professed repentance and faith in Christ is accepted in any church of Christ.

The slogan of the church is not "the survival of the fittest", but the regeneration of the unfit!"

## Two-Story Building Will Be Erected on Smith Site

Workmen began to dismantle the old Pampa Daily News building, owned by Joe Smith, yesterday morning. The News building, along with the Radio newsstand and Talley addition offices, will be torn down to make way for a two-story building on the corner lot, Mr. Smith says.

Definite plans have not been made, but Mr. Smith says that in the near future a modern building will rise where the old stucco buildings were located.

## WANTED

Used Furniture of all kinds, gas stoves and floor coverings.
