

Streamlined Wreck, Too

Unfortunately it had to happen eventually—the wreck of one of the speedy new streamline trains. And above cranes try to put the modernistic 240-ton distance eater back on the tracks after it crashed into a freight train at West Philadelphia, Pa., enroute to Akron, O. A hundred passengers were badly shaken up, but only the engineer was seriously injured.

That Noise? It's Just 'Cracker' On Loose At Refinery

BY THE ROVING REPORTER

"What is that terrible noise?" If you didn't ask that question last night, you probably were asked to answer it several times. The noise came from the east, and, though it has been heard here before, relatively few persons knew what caused it.

McCRAW TO AID BLANTON HUNT

AUSTIN, Aug. 4 (AP)—Another state department had a role today in the investigation of the Blanton disappearance mystery.

Attorney General William McCraw announced yesterday that, according to requests of Governor James V. Allred and County Judge W. E. McClaren of Willacy county, he had assigned an assistant to aid in a court of inquiry designed to shed light on the puzzling case.

He said Assistant Attorney General George Kirkpatrick, an experienced criminal prosecutor, would be in Raymondville Monday to assist Judge McClaren in questioning witnesses. In addition, Col. H. H. Carmichael, public safety department chief, agreed to assign two Rangers to the court, McCraw said.

The attorney general made public letters of Governor Allred to himself and Judge McClaren suggesting the court of inquiry and participation by McCraw's department.

Judge McClaren promptly accepted the suggestion and asked that Ranger Bob Best be detailed to the investigation, asserting the people had confidence in him but had lost it in certain other Rangers. McCraw termed the inquiry an "invitation to all who may have information to disclose it under the most favorable circumstances."

A widespread search has been conducted for Luther and John Blanton, father and son, since they left their farm home near San Perito to hunt last Nov. 18.

HUNT PUSHED FOR 14 ON WRECKED AIRSHIP

CRISTOBAL, Canal Zone, Aug. 4 (AP)—Two squadrons of navy planes reinforced an intensive search today in the waters 20 miles west of Colon for the fuselage of a wrecked Pan American-Grace plane which seemingly carried fourteen persons to an unexplained death.

Reports that the plane's fuselage itself had been located proved unfounded today. Other debris was located.

Assisting two destroyers and three submarines, the planes concentrated on an area five hundred miles square.

The grim search from the sky and the surface of the sea has as yet uncovered no evidence that any of the persons aboard the plane survived what probably was the greatest plane disaster on water.

I HEARD

That Slingin' Sam Baugh, the Pampa Oiler, gave nearly 4,000 Denver baseball fans an exhibition of passing and punting preceding last night's game in which the Oilers downed Halliburton Cementers of Duncan, 6 to 5. Baugh passed and punted to players from the Colorado university team.

HEAT PLAGUE GRIPS ENTIRE STATE JAPS BLAST PATH FOR NORTH CHINA MARCH

CHINESE ARMY FLEEING UNDER AERIAL ATTACK

(By The Associated Press.) Continuous aerial bombardments, Japanese authorities declared today, have routed western concentrations of the Chinese army and blasted a clear path for Japan's march across north China.

A pamphlet scattered by Japanese warplanes said "all northern Hopeh has been occupied" and that the northward march of central Chinese government forces has been stopped. A Chinese concentration at Paotingku, 85 miles south of Peiping, "perished or fled" in an aerial bombardment.

Press Southward Parallel columns of Japanese pressed southward in eastern and western Hopeh towards the border of Shantung province near where the main Chinese armies were believed to be centered. Another Japanese force of 4,000 troops, driving north of Peiping, approached Chinese positions around China's great wall.

Peiping itself was quiet. Foreign residents began returning to their homes from embassy compounds.

Japan continued pouring troops into the area from the Manchoukuo border and through the great wall passes north of Peiping. The reinforcements, fully mechanized and well-equipped, were believed to have raised the number of Japan's effective in north China to 25,000.

Chinese Forces Split The Chinese forces were reported divided into an east Hopeh contingent of about 50,000 men and a somewhat smaller but faster and more mobile west Hopeh army.

Villages to the south and even the capital, Nanking, were reported panic-stricken with fear of Japanese air raids.

In Tokyo, the influential newspaper Nichi Nichi urged the government to settle Japan's issues with China once and for all by smashing the Nanking government.

At Foochow, China, port authorities were reported to have arranged to sink ships in the mouth of the Ming river as a barricade against feared Japanese naval attack.

At the refinery today, genial P. E. Shryock, superintendent of the plant guided the writer through the complicated maze of tanks, warehouses, and huge "somethings" to the "scene of the crime." As explained by Mr. Shryock, the noise originated with cleaning of the high pressure tubes in the cracking plant.

In case that is about as clear to you as it was to the Roving Reporter, perhaps more explanation is due. Crude gas, oil, even top rate, needs to be cracked before using it as a gasoline fuel. "Cracking" simply means heating the oil in large pipes (the tubes) so that a majority of gasoline is obtained from the crude product.

This is accomplished by running the oil through the high pressure tubes over a furnace. In the Danziger Refinery, there are several hundred such pipes located over or under huge furnaces. Naturally, as the oil is cracked for a few months, waste is left on the inside of the pipes, and must be cleaned.

Here's What Happens This cleaning process, known as "rattling" tubes, is what caused the noise. An air drill is inserted in the tubes, and scrapes the petroleum coke, which has collected inside from the pipes. When the drill is

THREE CARS AND TRUCK TANGLE IN CRASH HERE

Three cars and a truck figured in an accident at the corner of Ballard and Francis streets this morning. No one was injured but the cars were damaged.

City officers who investigated the crash reported that Miss Lois Barrett was driving east on Francis avenue and that she swerved to avoid striking a taxi making a turn onto Ballard street. Her car was in a collision with a truck driven by O. V. Vance who was making a right turn from Ballard to Francis. The Barrett car then swerved across the street and was in collision with a car driven by Mrs. I. P. Graves of Crowell.

Mr. and Mrs. L. L. McCoolm and family left this morning for Cherokee, Kan., upon the word of the sudden death of his mother early this morning. His mother, Mrs. J. H. McCoolm, 76, had been ill only a week and it was not thought her condition was serious.

Mrs. McCoolm will be buried tomorrow afternoon at Cherokee, 12 miles from Pittsburg. Time of services had not been set when the message was sent. L. L. McCoolm is with the Hinderliter Tool company.

MAN KILLED AS TRAIN HITS HIS OIL TRUCK

SABINAL, Aug. 4 (AP)—A Southern Pacific passenger train tore into a heavy oil truck at a grade-crossing two miles from here last night and killed J. W. Richey, 64.

The truck was dragged for 25 yards and demolished. Richey had lived here 40 years. His widow and a son, Leonard Richey, of Sabinal, survive.

If At First---

Gracie Barrie, musical comedy star, believes if at first you don't succeed try again. She and Dick Stable, young orchestra leader, have set their wedding date four times, and it failed to click because either she or he was on the road or she was working in a show. But they're going to try a second time in January, even if she has to give up the stage and travel with Dick's band as a singer.

SLOAN SALARY HITS \$561,311 IN TOP PLACE

WASHINGTON, Aug. 4 (AP)—Alfred P. Sloan, Jr., chairman of General Motors Corporation, ranked today as the highest paid executive in 1936 among corporations reporting to the securities commission. He was paid \$561,311, including a \$411,161 bonus.

From the available statistics, publisher William Randolph Hearst was Sloan's chief salary competitor.

The only Hearst salary listed is \$500,000 from Hearst Consolidated Publications, Inc., but securities officials said he may have received other paychecks from the score of other corporations.

Among the few large corporations which do not have to report to the S. E. C. is the Ford Motor company, because its securities are not traded on a national securities exchange.

Walter P. Chrysler, another auto manufacturer, drew \$200,700 from Chrysler.

General Motors made President William S. Knudsen a contender for top honors with \$507,645 and reported \$353,755 for vice President Charles F. Kettering.

Nicholas M. Schenck, president of Metro-Goldwyn-Mayer pictures, topped the list.

(See NO. 2, Page 3)

KING SENDS GEMS TO QUEEN FOR BIRTHDAY

BALMORAL, Scotland, Aug. 4 (AP)—King George gave Queen Elizabeth a diamond and emerald bracelet for her 37th birthday present today. The gems were linked together in a design of Tudor roses and Scottish thistles.

MOTHER OF PAMPA MAN DIES IN CHEROKEE, KAN.

Mr. and Mrs. L. L. McCoolm and family left this morning for Cherokee, Kan., upon the word of the sudden death of his mother early this morning. His mother, Mrs. J. H. McCoolm, 76, had been ill only a week and it was not thought her condition was serious.

Mrs. McCoolm will be buried tomorrow afternoon at Cherokee, 12 miles from Pittsburg. Time of services had not been set when the message was sent. L. L. McCoolm is with the Hinderliter Tool company.

MAN KILLED AS TRAIN HITS HIS OIL TRUCK

SABINAL, Aug. 4 (AP)—A Southern Pacific passenger train tore into a heavy oil truck at a grade-crossing two miles from here last night and killed J. W. Richey, 64.

The truck was dragged for 25 yards and demolished. Richey had lived here 40 years. His widow and a son, Leonard Richey, of Sabinal, survive.

MONTGOMERY TO BE TEXAS HIGHWAY BOSS

AUSTIN, Aug. 4 (AP)—The highway commission announced today appointment of Julian Montgomery of Fort Worth to succeed Gibb Gilchrist as state highway engineer.

The three members of the commission were unanimous in the choice of Montgomery, they said, and Montgomery accepted the position effective October 1.

A commission statement said Montgomery was not an applicant to succeed Gilchrist, who resigned recently after being engineer 11 years, to become dean of engineering at Texas A. & M. college.

Montgomery, a native of Texas, has served as county engineer, division engineer and chief office engineer for the department in recent years.

Lately he resigned as engineer with the public works administration to become engineer for a reclamation project in the lower Rio Grande valley.

In a formal statement, the commission said there would be no disruption of personnel in the department.

This determination and policy on the part of the commission is fully shared and will be followed by the new state highway engineer," it said.

"Mr. Gilchrist leaves the department with the appreciation and best wishes of the commission and members of the department. He has rendered to the department and people of Texas honest and efficient service and the commission has exercised its best efforts and judgment in selecting a new highway engineer who will continue this high standard of public service in all respects."

Pampa Board of City Development officials today wired messages of congratulation to Mr. Montgomery on his appointment. He is well known in Pampa, having visited here on several occasions, once as a speaker.

GIRL, 11, SORRY THAT SHE MARRIED MAN, 67

POPULAR BLUFF, Mo., Aug. 4 (AP)—Mary Frances Grimes, 11, sobbed to authorities today she is sorry she married 67-year old William H. Grimes, because she "didn't love anyone but her doll."

Grimes, held in Butler county jail on charges of perjury in falsifying the girl's age and of contributing to the delinquency of a minor, told sheriff Edgar Hammons: "If they'll just leave me alone, I'll give the girl a good home and make her a good husband."

Mary Frances was married to Grimes, a cotton picker, last week. Grimes told the sheriff he had been living the past two weeks at the home of the girl's parents. Her father, J. J. Alexander, consented to the marriage, he said.

The sheriff said Grimes gave Mary Frances' age as 18 when he obtained the marriage license.

NEBRASKA JURIST DIES LINCOLN, Neb., Aug. 4 (AP)—Justice Edward E. Good, 75, of the Nebraska Supreme Court, died at his home here early today. He had been a member of the state's highest tribunal since 1923. His widow survives.

Stolen Base By M'Nabb Steals Show At Denver

Halliburton catcher, walked in front of the plate and tossed the ball to Munnis. McNabb broke for home and caught the Cemerier battery asleep. Sam Hale was at bat with two strikes on him.

A story from Denver said that McNabb took a long lead and that when Munnis started to wind up he took out for home and made the plate. Hale, it was reported, shielded McNabb without swinging at the ball.

Sam Baugh is hitting in story book fashion. The question now up is "Is Baugh a money player." He left here with a batting average of slightly more than .350 and in two games in the tournament he has bagged six hits on eight trips to the plate, one a triple and two doubles, for an average of .750.

Hale and Prather are also hitting at a merry and timely clip. Time of the next Oiler game and opponent had not been announced up to noon today.

Try Sound Picket Plan

A unique form of picketing was introduced by Otto Rose and Morris Silver, right, projectionists in a New York City theater. A record of their protest against working conditions was broadcast over the theater sound system, the audience being urged not to patronize the house. Then they locked themselves in the projection booth, forced the management to refund admissions. Note that Rose works in shorts because of the intense heat in the booth.

Abilene also reported 102 degrees. A negro was prostrated at Dallas, where 100.3 degrees brought a new high for the year.

Other readings: Plainview 99; Amarillo, Palestine and San Antonio, 98; Port Arthur and Brownsville, 92, and Corpus Christi and Galveston, 90.

SHOWER BRINGS TEMPORARY COOLING OFF TO PAMPANS Terrible heat of the last few weeks was lessened some in Pampa yesterday evening by a few minutes' rain. The precipitation began about 5 o'clock and lasted less than a half hour, but succeeded in cooling

Britain Pushes Arms Race On Declaration Of War Anniversary

LONDON, Aug. 4 (AP)—Great Britain pushed its race to regain supremacy at arms in Europe today as the nation celebrated the 23rd anniversary of that salutary August 4, 1914 when the government of Premier H. H. Asquith declared war on Germany.

Every ounce of Britain's industrial capacity and patriotic spirit was mobilized to whip the country's armed might into shape for the "next war" which is being openly discussed. Not since 1914 has there been such a "war mentality" in the United Kingdom. People have become accustomed to talk of a new world war with a faded resignation.

Newspaper accounts of the world's greatest rearmament program, involving Britain in expenditure of \$1,318,965,000 for the current year alone and approximately \$7,500,000,000 over a five year period, and stories of the horrors and aerial attack will bring in the future no longer produce a trace of the tumultuous protest that would have been heard only two years ago.

A recent announcement in the House of Commons showed that 148 new warships will be under construction by the royal navy before the end of the year; a monster drive for recruiting is under way to add 112,000 men to the territorial army. This would bring them up to their 1914 strength.

Aircraft production has been so stimulated that the country will soon reach its goal of 1750 first line planes. Already 1542 of them are in service.

More than 122 blast furnaces throughout the country are in full production turning out steel for warships and guns.

The Stouix tribe was credited with inspiring a black felt model, the wide turnback brim of which was fluted. From the Iroquois came a hat that looked like a head-on wind had blown the wide brim, edged with ostrich feathers, backwards.

Much color was injected into a hat attributed to Algonquin influence. On the wide turn-back brim of russet felt were stitched four colorful quills about four inches long.

More than 122 blast furnaces throughout the country are in full production turning out steel for warships and guns.

SUSPECT ARRESTED IN \$2,000 EARHART HOAX

WASHINGTON, Aug. 4 (AP)—J. Edgar Hoover disclosed today that federal agents had arrested Wilbur Roth of New York in connection with an attempt to extort \$2,000 from George Palmer Putnam for the safe return of his missing aviatrix wife, Amelia Earhart.

Hoover, director of the federal bureau of investigation, said Putnam received a letter last Sunday advising him his wife was on a ship and that the writer would contact him the following day.

The man who subsequently talked with Putnam said he was a seaman on a ship out of New Guinea engaged in smuggling narcotics.

While at sea, the man told Putnam, the ship sighted a wrecked plane and took off an injured woman who members of the crew later identified as Miss Earhart. The man demanded \$2,000 for her safe return.

DISCUSS FARM PROGRAM WASHINGTON, Aug. 4 (AP)—Thirty-five southern congressmen decided today to send a committee of six to the White House to discuss with President Roosevelt a general farm program, particularly loans on cotton.

CONVENTION REPORT TO FEATURE LIONS PROGRAM In the regular meeting of the Pampa Lions club tomorrow, President R. B. Fisher will report on the International Lions convention in Chicago. Mr. Fisher, accompanied by his wife, has just returned from the convention which was attended by Lions club members from all over the world. He will talk on many different phases of the meeting.

LITTLE RELIEF IN SIGHT FOR SEARED CITIES

(By The Associated Press.) Sun-baked Texas was pledged little, if any, relief today from the searing heat plague which yesterday shot temperatures over most of the state to seasonal highs.

A forecast of generally fair for West Texas and partly cloudy for East Texas occasioned but a minimum of hope for a break in the wave which prostrated two persons and sent the Wichita Falls reading to the second highest in the nation, 105 degrees.

Many Above 100 Degrees Recordings above 100 degrees were commonplace. Pampa had a maximum of 103 degrees before yesterday evening's shower.

The Wichita Falls mark, high for the year thus far, had been equaled four times in the past two months.

Corpus Christi reported 104 and Fort Worth 103.2. Leland Doss, 30, of Rockdale, was overcome on a Fort Worth street.

The Austin weather bureau said yesterday's seasonal record of 102 would be broken or equaled today. The previous mark of 101 had been set the day before.

Abilene also reported 102 degrees. A negro was prostrated at Dallas, where 100.3 degrees brought a new high for the year.

Other readings: Plainview 99; Amarillo, Palestine and San Antonio, 98; Port Arthur and Brownsville, 92, and Corpus Christi and Galveston, 90.

'KIDNAP' BABY SAFE IN MIXUP

CHICAGO, Aug. 4 (AP)—Assistant State's Attorney Wilbert F. Crowley said a 20-month-old boy police believed had been kidnaped last night from the home of Mr. and Mrs. Otto Horst was found today at the home of another couple who claimed to be his real parents.

The boy, Donald Horst, was recovered by Crowley and state's attorney's police at the west side home of John Regan, 26, a machinist, and his wife, Lydia, 25.

Crowley said the Regans came to his office voluntarily this morning after reading newspaper accounts of the taking of Donald from the Horst residence in an exclusive Northwest side section and told him they had the child.

Mr. and Mrs. Regan admitted, Crowley said, they took the child while Mrs. Horst battled, screaming, to prevent it.

The Regans denied, however, making any telephone call purporting to be a demand for \$5,000 ransom. Mrs. Horst reported such a call to police shortly after the child was taken.

The amazing circumstances which Crowley said the Regans related and

Higgins Couple Retires After 32 Years on Paper

SPECIAL TO THE NEWS. HIGGINS, Aug. 4.—Mr. and Mrs. L. D. Shaw, for many years publishers of The Higgins News, have recently disposed of their business and will leave the Shaw's members of the Panhandle Press Association and well known to newspapermen of this section, came here in 1905 and have edited their own paper each week continuously without assistance for 32 years.

The new owner is John N. Morrison of Santa Rosa, editor of the Booker News for eight years and the Santa Rosa News for the past two years.

I SAW

Five little tots—clothed in the promptly bathing suits—gazing longingly at yesterday's menacing storm clouds. A block away an elderly man was polishing a car.

PRISCILLA HOME DEMONSTRATION CLUB WINS CONTEST PRIZE

HOPKINS AND BELL SECOND FOR \$25 TRIP

The Priscilla Home Demonstration club is the winner of a trip offered by the Chamber of Commerce and the Board of City Development for taking first place in the accomplishment of club work.

Very definite accomplishments were made by all of the nine home demonstration clubs. The Bell and Hopkins were high second in accomplishment.

The Merten club was highest in helping others. The expansion work of the club helped in getting 72 non-club members.

Bluebonnet club won first place in obtaining new members. The Kingsmill group took first place in recreational work.

More labor saving devices than anything else were offered by the Wayside club. All home demonstration clubs completed many projects as individuals and clubs as a whole.

Laketon laid over 80 feet of tile for sub irrigation in the gardens.

McLean has offered the most conscientious reporting work.

Mrs. Cecil Goff Honored at Home Of Mrs. Bogan

By MRS. BAKK

McLEAN, Aug. 4.—Mrs. Cecil G. Goff, who has gone to make her home in Iran, Texas, was honored Tuesday by members of the Pioneer Study club with a breakfast at the home of Mrs. W. E. Bogan.

Guests were seated at quartet tables and served a two-course breakfast by Ruth Thacker, Willie Louelle Cobb, Georgia Colebank, and Mabel Beck members of the Future Home Makers club of the home economics department of the local high school.

Center pieces were small vases filled with pink and orchid flowers, the club flower. Twin hand-painted plaques made by a member of the club, were presented to the honoree.

Other special guests were Mrs. Jesse Cobb and the following former members of the club who have been associated with Mrs. Goff in club work: Mrs. Evan Sitter, Mrs. D. A. Davis, Mrs. H. E. Franks, Mrs. W. B. Upham, Mrs. R. L. Appaling, Mrs. Chas. E. Cooke and Mrs. W. L. Campbell.

Higgins News

Earnest Babb was brought back Tuesday from Wichita, Kansas, by Lipscomb county authorities to face grain theft charges in Lipscomb county. In the presence of Sheriff J. E. Shahan, Deputy Sheriff Everett Tarbox and County Attorney Sensing, Babb signed a confession stating he had taken two loads of grain from the wheat bin of Walter Gadberry on the Gigger place east of Follett and trucked and sold it on an elevator at May Okla. He then drove immediately to Wichita where he was arrested. Babb, an ex-convict, completed a six-year term for cattle theft about a year ago at the Texas state penitentiary.

Mr. and Mrs. Roy Landers honored their nephew Jim Landers, Hobbs, New Mexico, who is visiting here, with a picnic supper on the lawn at their home Friday evening. Others enjoying the occasion were Mrs. Jim Gilkinson and daughter, Mrs. Earl Blankenship, Amarillo, Mrs. H. R. Landers, Mrs. W. C. Saunders, Mr. and Mrs. LeRoy McAdoo and sons Kenneth and Leslie Don, Mr. and Mrs. Boone Tyson and son Bill, Miss Agnes Belew, Perry Landers and Russell Landers.

The Lipscomb County voluntary parole board appointed recently by Gov. James V. Alfred, includes John Douglas, Lipscomb; A. R. Turner, Booker, A. H. Montgomery, Darrington, John J. Cox, Follett, and J. T. Lattimer, Higgins.

An airplane would pass over four states, a foreign country and a sea if it would take an airline route to the five corners of Texas. The distance flown would be nearly as far as from Los Angeles to New York.

First Baptist Union Has Program On Indian People

The First Baptist Missionary Union met on the lawn of the church at 8 o'clock Monday evening for a Royal Service program on "The Indian People."

Mrs. T. F. Morton presided over the business meeting. Mrs. N. B. Ellis led the group in songs. Mrs. T. F. Morton led the devotional. Then Mrs. Tom Dvall presented a program on Indians in which all members were dressed as Indians.

There was a musical reading composed by Eloise Lane. Ernestine Holmes gave an accordion solo. Mrs. Garnet Reeves gave a talk on the first families of American. Mrs. E. Anderson spoke on the treaties and treatment of the Indians. Mrs. R. E. Gatlin sang "The Indian Love Call" and "From the Land of the Sky Blue Waters." Mrs. G. C. Durham spoke on the present day problems of the Indian people. Mrs. L. Anderson spoke on the Indian missions of today.

Mrs. N. D. Ellis presented Mrs. T. F. Morton some "love tokens" that were hidden in the wigwag near the campfire. Mrs. R. W. Tucker and Mrs. E. Sudham sent gifts. There were 22 members present.

Skellytown News

SKELLYTOWN Aug. 4.—Friend of Virginia Lee Satterfield, daughter of Mr. and Mrs. O. L. Satterfield, gathered at the Satterfield home to help celebrate Virginia's birthday. Contests were won by Alladen Wereth, Daurha Tomlinson, James Jett, and Walter Lewis Roberts, who were given awards.

Marie Stansell was honored on her 12th birthday when her mother, Mrs. J. R. Stansell, entertained with a party at her home.

Out-door games and contests were enjoyed with prizes going to Virginia Lee Satterfield, Barbara Stansell, Junior Crocker, Royce Beck, and James Rose.

Mr. and Mrs. M. R. Church and children left Saturday for a vacation in New Mexico.

Miss Bernice Westbrook, county home demonstration agent of Panhandle met with the ladies of the Cabot camp of Skellytown, to organize the Women's Home Demonstration club.

The meeting days for the 15 members enrolled will be the first and third Wednesday of each month. The following officers were elected: Mrs. B. F. Bulls, president; Mrs. William Watt, vice president; Mrs. G. W. James, secretary and treasurer; Mrs. Bill McDonald, assistant secretary and treasurer; Mrs. B. E. Hayes, reporter; Mrs. C. L. Guerry, council representative; and Mrs. Bill Studenbaker, alternate representative. Others present were Mmes. L. Austin, Paul McDonald, Ed Tomlinson, Joe Bond, R. A. Gilbert, and T. N. Hastings.

Mrs. Con Paulson will be hostess to the club at the next meeting at her home in the Cabot camp.

Mr. and Mrs. Jim Goines and son, Bobby, of New Mexico are the guests of Mr. and Mrs. Doyle Goines this week.

Mr. and Mrs. Jim Faris and daughter, Charlotte, are vacationing in Hot Springs, Ark.

Mr. and Mrs. M. S. Pike had as guests this week Mr. Pike's sister, Mrs. L. W. Skinner of Woodward, Okla.

Mrs. F. E. Crawford entertained the Pleasant Hour sewing club at her home in Skellytown. Sewing and games were enjoyed. With Mrs. M. L. Roberts receiving the award.

Mrs. Roberts, president, was in charge of a short business meeting, at which time names were drawn for Christmas gift exchange. Mrs. Hall will be hostess to the club Friday, Aug. 13, at her home in the Skelly camp.

The Assembly of God church will start a revival here August 8 with the Rev. Stanley of Amarillo conducting the meetings. There will be both evening and morning services, with special music at each. The message Sunday morning will be on "Faith."

Mrs. Roy Gilbert has as guest this week her mother, Mrs. Preston of El Reno, Okla.

Mrs. Tom McArthur and daughter, Edna Ruth, of Vivian, La., are visiting friends in the Skelly Camp this week.

Mrs. Joe Wedge returned home in an ambulance Monday from a Pampa hospital where she had been receiving treatment of injuries received in an automobile accident last weekend.

Mrs. Bob Polson and daughters, of Bay City, are visiting relatives in Pampa, and friends in Skellytown and LeFors this week.

TAKES OVER OLD PAPER RUSK, Aug. 4 (P)—Quannah Price, head of the Price Enterprises, assumed control this week of the Rusk Cherokee, a weekly newspaper which had its origin in the Rusk Pioneer, established in 1847.

FLAPPER FANNY By Sylvia

"Oh, gosh! That reminds me—I forgot to feed the cat before we left!"

FRIENDS GUESTS OF MISS DAVIS AT SMALL PARTY LAST EVENING

Miss Johnnie Davis entertained a small group of friends at her home last evening.

After interesting games were finished, refreshments of sandwiches, salad and tea were served. Guests were Mrs. W. L. Davis, Messrs. and Mmes. Jack Money, Winters, Messrs. Marjorie Coker and Davis, Messrs. Gib Loring, Wilbur Prescott, and John Phelps.

Alanreed News

ALANREED, Aug. 4.—Mr. and Mrs. E. N. Hammer and family of Wheeler enroute to San Antonio spent the week-end in the home of Mr. Hammer's sister, Mrs. F. R. Crisp.

Miss Ada Marie Shaffer and Mrs. Jud Aichley who have been ill in a Pampa hospital have returned home. They are both doing nicely.

Mr. Olen Castleberry of Clarendon and Pierce Castleberry of McLean visited in the home of their parents Sunday.

Mrs. Homer Smith of Clarendon, is visiting friends and relatives this week.

W. W. Thompson Conducts Revival

"Three Religions of the Bible" is the subject to be discussed tonight at the gospel meeting which is being sponsored by the Central Church of Christ, 500 North Somerville street.

The preaching is being done by Wallace W. Thompson of LeFors, and Luke Price is conducting the song service. Services are held each night three blocks east of Baker School and two blocks south of the Coffee Apartments. A special invitation has been extended to the public.

Mr. and Mrs. Pete Mayfield of Gageby, Mr. and Mrs. Monroe Forests of Canadian, Mr. and Mrs. A. B. Smith, Mr. and Mrs. Maurice Bentley of Sunnet, Mr. and Mrs. Guy Grippe of Panhandle, Mr. and Mrs. John Whittington, Mr. and Mrs. Ed Kinslow, and Mrs. Lola Moore all of Hedley, and Mr. and Mrs. Dean Collins of Borger.

The Social CALENDAR Friday

Members and associate members of the Dorcas class of the First Baptist church will have a covered dish luncheon in the home of Mrs. P. O. Anderson at 421 North Ray, Friday at one o'clock.

The Order of the Eastern Star will meet in the Masonic hall at 8 o'clock. All members are especially urged to be present.

SUNDAY

The Christian Endeavorers of the First Christian church will meet at the church at 5 o'clock Sunday afternoon. From there they will go on a picnic and hold their service out in the open.

PRICE SWEEPS 8-1 WIN IN VIRGINIA CONTEST

RICHMOND, Va., Aug. 4 (AP)—Late returns from the Virginia Democratic primary pushed the nearly unprecedented majority of James H. Price, candidate for governor, past the 124,000 mark today.

Sweeping every congressional district, the popular Richmond Non-inde, now lieutenant governor, topped the vote of State Senator Vivian L. Page, his Norfolk opponent, about 8 to 1.

The incomplete unofficial returns gave Price 142,762, Page 18,705.

Helen Stephenson of Elk City is visiting Betty Lee Thomas at 1314 Rhian Street.

Mrs. Roy Hallman attended J. B. Nash funeral at Perryton Monday.

Mr. and Mrs. Roy Hallman visited Walter Hayes at St. Anthony's Hospital Thursday. Mr. Hayes underwent an emergency appendectomy Thursday, but his condition is good.

Jack Henry of Washington, D. C., is visiting in the home of his parents, Mr. and Mrs. John Henry.

Mrs. Bill Bramer of Hamlin is visiting in the home of her parents, Mr. and Mrs. W. H. Peters.

Mr. and Mrs. Bill Robinson of Borger, who have been visiting her parents here, left yesterday to spend several days in Taos and Red River, New Mexico. They were accompanied by Mr. and Mrs. Weidon Stuart.

J. D. Lisenbee, 60, resident of LeFors, died in a local hospital this morning. The body is at rest at Pampa Mortuary. Funeral arrangements had not been made early this afternoon.

Miss Rose La Nell Williams left today with her uncle, B. W. Rose, for a week's vacation in Idlewild, New Mexico. They will stay in the Rose Lodge there, where Mrs. Rose and Bonnie Lee are spending the summer.

Mrs. Joe Young is confined to her home on Alcock street with illness.

A marriage license was issued to Miss Verna Mae Haney and Al Scott yesterday.

Marlin Cobb of Texarkana is visiting his parents here.

Kiwanis club members will hold their annual picnic at the White House Country club grounds on the Canadian river tomorrow evening. The gates will open at 4:30 p. m., and a steak supper will be served at 7 o'clock to members and their families.

BEER VOTED OUT LUFKIN, Aug. 4 (P)—By a vote of 207 to 28, Precinct No. 3, Angelina county, voted against the sale of beer. Communities affected were Clawson, Pollock, Allen, Gln, Redtown, Bethlehem and Hudson. Lufkin vicinity is the only remaining wet area in the county.

Shamrock News

SHAMROCK, Aug. 4.—Mrs. John B. Harvey, assisted by her daughter, Miss Virginia Harvey, entertained Friday morning at their home with a breakfast announcing the engagement and approaching marriage on August 22 of her daughter, Beverly, to Mr. C. A. Whittle of Lawn, Texas. Miss Harvey has been a member of the local high school faculty for several years. Mr. Whittle will be basketball and track coach at San Benito, Texas, this year, where the bride and groom will make their home.

Miss Sally Mae Staggs and Mr. Floyd Martin Daring of this city were married Friday evening in a wedding ceremony at the home of Rev. Brown C. Welsh. The bride is the daughter of Mr. and Mrs. John Staggs of this city. Mr. Daring is an employee of the Shamrock Produce company.

The first motion picture with sound was shown in 1896.

HOW OFTEN CAN YOU KISS AND MAKE UP?

NEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up earlier before marriage than after. If you're wise and if you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to go "smoothing through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife. Take LYDIA E. PINKHAM'S "VEGETABLE COMPOUND" and go "Smoothing Through."

King Empire Withstands All Attempts Of Heirs And State To Divide Acres

By GORDON TURRENTINE
NRA Special Correspondent

KINGVILLE, Aug. 4.—The great King empire, which has withstood armed assault by riders from across the border, has also just withstood a legal assault on the unity of the fence-walled kingdom.

There is little surprise in Texas at the failure of the first attempt to divide the almost feudal kingdom founded by Captain Richard King in 1854. The people here would be no more amazed if the Lone Star state were cut in two than if the King Ranch dropped even one brush-covered county.

Nations fall, the budget is unbalanced, and crises shake the four corners of the world, but this private empire which spills its acres over part of all eight counties goes right on its own—some say—autonomic way.

Receivership Is Denied
A federal court's denial to Edwin and Ethel Atwood of an application to place the ranch in receivership was just one more sign to clinch the fact that the empire raises a solid front against any dissolution. The Atwoods, who live in Chicago, are grandchildren of the late Richard King and Mrs. Henrietta King, whose suit for \$40,000,000 accounting is still pending.

The will provided that the Atwoods should receive one-eighth each of the combined 323,790-acre Novias East and El Sauz ranches, a subdivision, so to speak, of the entire King empire.

This division, however, and other family bequests, was to be preceded by a 10-year trusteeship during which the entire King holdings were to be administered by a board of trustees. Mrs. King died in 1925. The trusteeship was to end in March, 1935.

During those 10 years the Atwoods were to receive \$250 monthly. Another Atwood, a brother of the two involved in the litigation, also was given one-eighth of El Sauz ranch and was to receive \$300 monthly.

Heirs Charge Maladministration
The Atwood suit sought a receivership and an accounting of the \$40,000,000 ranch properties. It charged that the trusteeship had clouded the title of the Atwood properties; that the trusteeship failed to dissolve in 1935 as provided in the will, but kept right on operating; that the Atwood property is the poorest of the empire, consisting of barren brushland over which "stocker" steers roam, the land supporting one cow to about 10 acres, an almost unbelievably low ratio.

The trustees are Robert J. Kleberg, Jr., ranch manager, and Representative Richard Kleberg, both King grandchildren; Caesar Kleberg, cousin of Robert; John D. Finnegan, Samuel G. Ragland, and Richard King, Jr.

Huge Mortgage Made
They contend that the suit was the result of an old enmity between the late Mrs. Henrietta King and the Atwood family, and that the trusteeship continues because it is the most efficient way of handling the ranch's far-flung affairs.

Also brought out was a mortgage of \$3,000,000 to pay inheritance taxes, and to provide working capital. This, the trustees say, does not cloud the Atwood title in case they should wish to sell. There is an arrangement with Humble Oil Co., which loaned the money and accepted oil as collateral for 20 years' interest. By paying \$4 an acre to the estate as a whole, any section or part of the ranch properties may be cleared of the mortgage. The two Atwoods with their two-eighths of the lower ranch,

inherited 80,948 acres. Presumably by paying something over \$23,000 the Atwoods could clear their inheritance.

Accounting Demanded
Their request that the King ranch be thrown into receivership being denied, the Atwoods still have a suit for an accounting of the period from management for the period from

Richard M. Kleberg

1925 to 1935. The trustees answer this request by saying they gave an accounting in 1935.

Then they say, the Atwoods did not answer requests for advice on the division of the property, so the will was followed. The Atwoods could sell to the King trustees, and probably will, observers believe.

In the meantime, the trusteeship continues to administer the affairs in the mesquite-studded two-eighths in remote El Sauz ranch, where a

Robert J. Kleberg, Jr.

few Mexicans watch amiably and sleepily over a few scattered head of none-too-good cattle; where towns are 40 miles or more apart and where perhaps not one resident in 20 speaks English, where water is scarcer and often more valuable than gasoline and where the ground bakes under an over-zealous sun; where deer and wild turkey and jackrabbits are the chief crop and the greatest attractions.

TEXAS TO KEEP INSIDE BOUNDS ON OIL OUTPUT

AUSTIN, Aug. 4 (AP)—Ernest O. Thompson, chairman of the Interstate Oil Compact Commission and also a member of the Texas Railroad Commission, oil regulatory body in this state, assured the industry today that Texas had no intention of getting out of bounds on the matter of crude production.

"While oil circles still buzzed with talk of the Railroad Commission's action two weeks ago in granting a big increase in production for August, Thompson said that body was in close touch with the situation, that demand had justified the boost and that September would see a reduction.

"The Texas commission will undoubtedly cut the Texas allowances for September so as to not build up too much oil in storage above ground when consumption begins to drop off," he said.

Hearing Set August 19th
Thompson noted that the next regular proration hearing at which Texas oil allowances would be set for September had been called for August 19, but said the commission could legally issue supplementary orders curbing down production even prior to that date if oil appears to be increasing in storage at too great a rate.

He also observed that stocks of oil above ground, after deducting amounts to fill pipelines, tankers en route, gathering lines and necessary operating stocks at refineries, amounted to only about 200,000,000 barrels and asserted these were held by a "very of major oil companies."

The hearing on August 19 will develop who holds this crude oil, he said, because the commission has sent out a questionnaire to show how many days supply the refiners have on hand and what supply they deem a safe operating basis, all things considered.

"The point is," he said, "the Texas commission is not guessing. Their action was taken and will in the future be based on demonstrable facts which the industry can furnish to it for the industry's own protection and protection of the consuming public."

BODY OF INFANT TAKEN TO AMES FOR BURIAL

The body of John William McCracken, infant son of Mr. and Mrs. Jim M. McCracken of the Grandview community, was taken overland to Ames, Okla., where burial was to be this afternoon under direction of Dr. Dunkel-Garnichael funeral home. The child died at the family home yesterday afternoon.

The McCrackens have been residents of the Grandview community for more than 10 years. The child is survived by his parents, two sisters, Margaret Lorene and Betty Jean, and a brother, James R.

Sleep while you want-ad works.

ped the Hollywood film colony last year with \$312,785.

In other companies, actors usually drew more than executives including: Warner Baxter, \$284,384; Gary Cooper, \$285,494; George Raft, \$205,668; Kay Francis, \$227,500; Joe E. Brown, \$201,862; Leslie Howard, \$188,000; Ronald Coleman, \$162,500; and Irene Dunne, \$102,777.

Many a business executive shared pay raises given employees of many companies last year. Sloan's pay, for instance, was about \$190,000 more than in 1935.

NO. THREE

(Continued From Page One)

Pampa's heat sufferers last night. Only about .06 of an inch was reported here.

Uncle Sam's weather man was fooled, however, because he had predicted fair weather for the Panhandle. In other parts of Texas, a searing heat wave raised temperature records to new highs. Wichita Falls was second high in the nation with 105 degrees, while Ft. Worth reported 103 in the shade, Corsicana 104.

Tomorrow's prediction is for fair

NO. FOUR

(Continued From Page One)

which solved the "kidnaping" but left a baby mixup to be investigated were these:

Donald was born to Mrs. Regan Jan. 6, 1936 and Regan was the father but they were not then married. The attending physician, Dr. John A. Rose, told the mother he knew a "wealthy man" who wanted a child.

Mrs. Regan agreed to let Dr. Rose arrange for care of the child but believed it was a temporary arrangement and signed no papers.

The child was taken from Mrs. Regan 15 minutes after its birth at the home of Mr. and Mrs. Fred Ewert. Ewert was a chauffeur for Dr. Rose.

In divulging the above Crowley added his investigation indicated the baby then was given into the care of Mr. and Mrs. Horst and a birth certificate was filed purporting to show the Horsts were the natural parents.

Recently Ewert told Mrs. Regan the Horst's child was here, Crowley said, and Mrs. Regan decided to take it "at the first opportunity."

Capt. Daniel Gilbert of the state's attorney's police said he had ordered his men to round up "everybody who had any connection whatever with the birth of this child."

While Crowley said Mrs. Regan told him the child was born at Ewert's home a birth certificate for Donald Otto Horst asserted the boy was born to Mrs. Horst on Jan. 4, 1935, at another residence, home of friends of the Horsts.

Capt. Gilbert added another baffling phase to the case by declaring that "Horst was the victim of a fraud perpetrated by his wife."

Gilbert said that Horst was notified he was a father and found Mrs. Horst in bed with a child and was congratulated by friends.

Capt. Gilbert said his investigators intended to question Dr. Rose, now visiting in Batavia, N. Y., as well as the Regans, the Horsts, the Ewerts and "all others concerned."

Time Takes It Toll Of Old Texas Rangers

SANTA ANNA, Aug. 4 (AP)—Patient Father Time is taking a heavier toll among fear-scoring former Texas Rangers than the redskins of Texas' wild and woolly days ever did.

A never-say-die band of the old-timers, who many years ago rode hard and shot straight to bring law and order to this state, carried on their yearly celebration today. But their presence emphasized the fact many of their fellows were gone.

There were only 11 who showed up this year for the eighteenth annual reunion. It was typical of their traditionary determination, though, that they already were planning for next year's meeting—and another chance to trade reminiscences of fights against Indians and the lawless back in the 70's.

One who could not be there today to talk about the old days was C. M. Brady of Brownwood, usually the guiding spirit of the reunions. He fell recently and critically injured his hip. Another missing figure was Capt. John R. Hughes of El Paso, who always traveled in a Model-T. He suffered a sunstroke and likewise was critically ill. Past 80, he had not missed a previous reunion.

Those here were Maj. George B. Black of Comanche, president; John Menges, 85, of Menard; J. Allen Newton, 73, of Galveston; M. R. Chrentham, 87, of Rockwood; A. T. Mitchell, 83, of Lampasas; S. N. Sparks, 87, of Milburn, Okla.; Noah Armstrong of Coleman, R. W. Hardesty of Houston and E. F. Campbell of Brownwood.

FUNERAL RITES HELD FOR ACCIDENT VICTIM

Funeral services were conducted yesterday afternoon at 4 o'clock in the chapel at Pampa Mortuary for Walter L. Bryan, 33, who died of injuries received in an oilfield accident Monday morning. Burial was in Fairview cemetery.

Mr. Bryan was a roustabout for the Albert Crenshaw Oil company of Wichita Falls. When the accident happened he was assisting in re-logging a derrick four miles south of Pampa.

Surviving Mr. Bryan are his father, a sister and three brothers.

SMOKE ALARMS SEND FIREMEN ON TWO RUNS

City firemen last night made two runs but failed to locate fires.

The first calls were received about 8:30 o'clock to the corner of North Cuyler and West Francis. All the firemen found was a smoking trash barrel.

About 3 o'clock this morning a truck was sent to the vicinity of the Port Worth and Denver depot on West Brown street where residents said they smelled smoke. A lengthy search revealed a trash fire in the alley east of Cuyler street but no fire to put out.

During July the firemen made only four runs. There was no fire loss, Chief Ben White announced today.

TEXAS RA STAFF CUT IN NEW ECONOMY MOVE

DALLAS, Aug. 4 (AP)—The Resettlement Administration in Texas and Oklahoma went ahead with its work on a stream-lined basis today.

Acting Regional Director Paul V. Maris announced 173 RA employees had been cut from the payroll, leaving an administrative and field staff of 1,018 workers. The reduction was in line with orders for economy recently issued from Washington. Several cuts had been made previously.

Haiti's 2,000,000 negroes speak a French patois.

GETTIN' THE BUSINESS

means giving the mileage

It's strictly up to me to make this business go, because I own it myself. I never did a smarter thing for my place than featuring Conoco Germ Processed oil, with all its long mileage for you. We both know that talk doesn't make mileage for customers, but I can tell you what does... Oil-Plating your engine with Germ Processed oil. The patent Germ Process makes oil actually take hold of every working part and keep it coated with a durable Oil-Plating. This Oil-Plating is entirely extra to the regular so-called moving type of oil film. Oil-Plating backs up the oil film while the car is running, and never drains down during hours of parking. Then you'll never make one start—or a hundred—without good lubrication. And at the end of your longest run on a scorching hot day, your engine will still have its full safe plating of Conoco Germ Processed oil. The way it lasts will make you say I've got a good right to be called Your Mileage Merchant.

CONOCO GERM PROCESSED OIL

from Your Mileage Merchant

OLD QUAKER

The Harmony of a Smooth Drink

Note the soft-smooth tone of Old Quaker It needs no chaser. Makes cock-tails, croon and hum, highballs.

RICH, SMOOTH, SOFT OLD QUAKER

TRY OLD QUAKER straight... without a chaser. Mild, rich, smooth whiskey... one sip of it and you'll agree you don't have to be rich to enjoy rich OLD QUAKER. That's why folks sing: "There's A Barrel Of Quality In Every Bottle, But It Doesn't Take A Barrel Of Dough-Res-Mi-To Buy It." That's why IF IT'S OLD QUAKER, IT'S OK!

Tex's Topics

Many Pampans will go to Dalhart next week to join with the thousands who will pay tribute to cowboys, living and dead, at the second annual XIT Reunion to be held there Monday and Tuesday. The spirit of the Old West will be revived, featured with a daily rodeo and an historical pageant depicting days gone by. A reunion parade at 11 a. m. Monday will open the celebration. In the places of honor will ride Judge James B. Hamlin, Farwell, president of the XIT Association; Lieutenant Governor Walter Wood-ul, Attorney General William McCraw, Speaker of the House Coke Stevenson, Railroad Commissioner Lon A. Smith, and W. A. Askew, Amarillo, XIT secretary.

A special guest of honor, if he is able to make the trip, will be Ab Blocker of Big Wells, Texas, who in 1885 trailed the first herd of South Texas Longhorns onto the XIT range at Old Yellow House, near Lubbock, and pushed them on to the then only adequately watered range, the No. 1 division headquarters at Buffalo Springs, 30 miles north of Dalhart. Squating against the old corals, were built that year and still stand. Blocker and B. H. (Barbecue) Campbell, first general manager of the ranch, in July 1885 figured out XIT in the dust at their feet and decided that no rustler could burn it over successfully.

Miss Synda Yokley, 14-year-old Canadian, Texas, girl, who is a rodeo sensation in riding Brahma steers and roping, will carry the U. S. flag at the head of the parade. With her will ride Mayor Frank B. Farwell, an old XIT hand, carrying a specially-made XIT flag; four by six feet, black letter against a white background, bordered in red. The colors are reminiscent of the famous three-million acre ranch in its heyday. All houses were painted white; corals, windmills and barns were red, and the best-known herds of early Longhorns with which the ranch stocked up in the 1880's were black.

The rodeo, at 2 p. m. each day, will open Monday with taps for the XIT boys who are riding "over yonder," followed by a silent moment in memory of their achievements. The XIT Historical Pageant, a glittering spectacle that turns back the pages of time to reenact the most notable episodes of the XIT ranch of this part of the West, will be presented each night at 8:30.

Brilliant with gorgeous splendor, the Creation Ballet, symbolizing the birth of the world, will open the pageant. Indicating the tramp of the centuries will be a Comanche Indian encampment, pioneers in covered wagons, an early church service, a night at a cow camp, a brief parade of Old Tascosa, once the proudest and still the best known cowboy capital of the Old West. Recalled will be the scene of 1881 at Austin when the State agreed to pay for a \$3,000,000 red granite capital with three million acres of Panhandle land that became the XIT. The first night's pageant will include crowning of the Queen of the XIT, recognition of her Court of Honor and of a Princess of the XIT from all surrounding towns. Modern and old-time dances will be held each night, and a baseball game each morning at 10:30 o'clock.

Research indicates sod homes may make a comeback on the prairies, which seems to assure a greater measure of harmony for the next grass roots convention. The Trailer Training for the Young committee will next take up the serious difficulties involved in sending bad boys upstairs to bed without supper. And another mighty issue has been decided with a herpetologist's flat statement that copper-colored snakes do not smell like cucumbers. The really modern householder is the one who asked for a photo finish when he had his house painted.

Yesteryear In Pampa

TEN YEARS AGO TODAY
A Chevrolet coupé owned by J. E. Hamilton was stolen while parked in front of the White House cafe and later used by two men in a hold-up in Canadian.

Methodists voted in a mass meeting to erect a \$60,000 building on the present premises. The Baptists voted to erect a \$20,000 Sunday school annex of brick and tile construction.

The Pampa Oil company's No. 1 W. R. Campbell in section 90, block 3 in the Wilcox addition, was drilling ahead at record speed and was in the 2,350 feet in red bed. The eight inch casing had been set and the average drilling per day was 165 feet.

FIVE YEARS AGO TODAY
Judge Ivy E. Duncan accepted an appointment as county chairman of the Texas Centennial Committee for Gray County. Appointments were made at an early date to acquaint voters with the pending centennial constitutional amendment.

R. A. Knox or the Magnolia filling station at the five points reported that his 1925 Ford coupe had been stolen from in front of the city hall the previous night.

Well, good luck, Cinderella. If you've got a glass jaw, or a glass slipper, you better send them right home to Blighty. O've got a 'unch Twelve O'Clock is going to get 'er sooner than you expect. Oi 'ave!

CHINESE MADE EASY
SHANHAI, China (AP)—Another attempt has been made to Romanize the written Chinese language. The latest system is not for the benefit of foreigners, but for illiterate coolies. According to supporters, it is possible for a Chinese-speaking person to learn to read and write "Latin Hua" in a month.

TRYING TO ORGANIZE A FARMER-LABOR PARTY

Man About Manhattan

—By GEORGE TUCKER

NEW YORK—Tommy Farr got off on the right foot when he met the New York sports writers. Farr is the reformed Welch coal miner who has come from London to "foight" Joe Louis for the world's heavyweight championship.

"O'll bash in 'is bloody face in a round or two. O've studied pictures of your Louie and O'ave what it takes to stop 'em. You'll see."

"Where in the world did you get that?" somebody inquired, pointing admiringly to Tommy's cauliflower ear, one of numerous badges of courage that testifies to his mine and ring wars.

"Oh, me ear. Oi got it in a blasted rugby match," he yelled. "Oi was playing three-quarter 'alf-back, and when scrum was called Oi pitched 'ead first after the bloody ball an' got this blasted bash on the ear."

The real delight to this dock-welder is his vocabulary. It is a whole bloody sea to give your Louie the "barlsted," he drops his "hatches." He has hands like hams and is a vast, rugged specimen with the grit-tastic exterior of Wales in his features yet with a strange vein of wit in his make-up. "O've come across this bloody sea to give your Louie the "barlsted," he drops his "hatches." He has hands like hams and is a vast, rugged specimen with the grit-tastic exterior of Wales in his features yet with a strange vein of wit in his make-up. "O've come across this bloody sea to give your Louie the "barlsted," he drops his "hatches." POISON BY PROBLEM
Only those who have suffered a severe attack of poison ivy can fully appreciate what a plague this condition can prove. Many have almost frantically sought to avoid all contact with poison ivy, and with other of the plants which produce dermatitis venenata.

Poison ivy is the principal offender, but some poison plant lists run to 280 varieties.

Although those who are very sensitive to poison ivy will go to the extreme of avoiding all excursions likely to bring them into the vicinity of the plant, they sometimes develop poison ivy by "indirection." A stick or cane, skirts or trousers brushing against the injured plant may gather up poison ivy sap which, when touched later, will produce the characteristic inflammation.

In olden days the colonists tried chewing poison ivy leaves to acquire immunity. A standard text on dermatology said: "Some persons persist in claiming that this practice (chewing poison ivy leaves) prevents eruption after contact with the plant."

More recently, a leading dermatologist stated that successful experiments have been made that show rather conclusively that preventive treatment of poison ivy dermatitis is possible. This can be accomplished most simply by giving the patient the remedy of tincture of rhubarb, toxicodendron by mouth. Treatment should be under the supervision of a physician. It is begun by taking a few drops of the tincture three times a day. The dose is increased daily until one teaspoon a day has been taken. This treatment can be continued during the poison ivy season, the dosage being a single teaspoonful once a day.

Another method of preventive treatment consists of administering three or four intramuscular injections of a poison ivy extract prepared by a responsible pharmaceutical house. These injections may be taken at intervals of four or five days and may be combined with the administration of the tincture by mouth.

Unfortunately, any immunity that is produced is short-lived and the procedure must be repeated each year. Furthermore, the immunity developed is apparently not absolute, for contact with much of the poison ivy sap may still give rise to inflammatory reactions.

Flash From Life

Pittsburgh, Aug. 4 (AP)—Allegheny county offered a tribe of Salamanca, N. Y., Indians \$3 a day each to perform tribal dances at the annual fair. They refused.

"These Indians won't give a whoop except at prevailing union rates," a fair representative reported back.

He explained the braves were earning \$4 a day from the WPA. The county hired 40 at the \$4 rate.

GOOD JOKE ON ME, SAYS JILTED GROOM

HINTON, W. Va. (AP)—Here is one bridegroom who was jilted but didn't take it seriously.

County Clerk Harold Price said a Pipestem resident returned an unused marriage license with this note:

"I am returning the license. Not married. She has got one good joke on me."

Around Hollywood

—By ROBBIN COONS

HOLLYWOOD—One by one the movie comedians are going on the air, and the cry from all of them is "material, good material." There isn't enough humor, apparently, to go around, not when the show has to be changed as often as it must.

Joe Egan Brown, flirting with a medium wherein his most famous comic asset can be heard but not seen, admits to a bit of an inferiority complex about it. Told he would not mind if he could be sure of good material, but didn't want to go on with "oldies."

"The old gags are all right occasionally, if you can kid 'em," he said, "but I dunno, I dunno."

Meanwhile there's a deal on for his "commercialization" in the fall, and if he goes on, he'll leave Chaplin and Lloyd about the only major film comedians attending strictly to their film knitting. And pretty soon that's going to be a distinction in itself.

Anne Likes Plane Rides

Big new sign at the entrance to Culver City proclaims: "Culver City—where Hollywood's Movies Are Made." This rather lets out Burbank Universal City, Hollywood and North Hollywood, but so far has drawn no return in this continued tale of two cities.

I don't care either, but it seems to be established that Ann Southern is the town's leading air traveler since her marriage to Roger Pryor—and it might as well be recorded here, too.

Alan Dinehart, playing a movie director in "All Baba Goes to Town," is sure that David Butler, his director, won't find fault with his performance—because Dinehart is acting Butler's real performance as a director in the reels.

Warm and Cold

Joan Crawford's gold bracelet, with links spelling "I Love You," was stolen from Franchot. But no tokens of affection are being exchanged between Joan Blondell and Errol Flynn, her leading man in "The Perfect Specimen." Joan's lack of enthusiasm for her screen hero is in contrast to the interest she is supposed to show in him for the picture, which makes her a real actress. Flynn and his director, Mike Curtiz, have been going 'round and 'round on the set, too. Some of the boys were taking bets one day on whether Curtiz would sail into Flynn that day or wait until the end of production. If it comes off, it ought to be a good match: the "perfect specimen" vs. the professional strong man. Curtiz is the director who made Flynn a star in "Captain Blood" although he didn't want him for the part at first. Directed him also in "Charge of the Light Brigade." But now Errol is telling Mike . . . or trying to.

WRITING NO KEY TO CHARACTER SCIENTIST SAYS

LEXINGTON, Ky. (AP)—Don't judge a man's character by his portrait or his handwriting, advises Prof. Herman W. Martin of the University of Kentucky department of psychology.

While he believes there may be some truth in the old saying that the camera doesn't lie, "it doesn't say much either," Professor Martin says.

Tests conducted by his classes, the psychologist asserts, have demonstrated that it is impossible to judge general ability and character by a photograph and that handwriting is not an accurate means of analyzing character.

Answers To Questions

—By Frederick J. Haskins

A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskins, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. How many flights have been made across the Pacific by the clipper ships? R. P.

A. On July 20, 1937, 126 flights across the Pacific had been completed by the clipper ships since they began carrying mail in November 1935. A trip one way is considered one flight.

Q. Where were the scenes in Captain Courageous taken? H. B. W.

A. The Metro-Goldwyn-Mayer Corporation sent cameramen to the Grand Banks after having bought ships and hired a crew of deep-sea fishermen, so that every action would be correct. For fifteen months the crew of cameramen filmed the changing moods of the sea. Shots were made at the Grand Banks and at Gloucester, Massachusetts.

Q. Does a hostess or a house guest suggest retiring for the night? V. M. S.

A. It is correct for a hostess to indicate that it is time to retire. It is also correct for a guest to ask whether she may be excused.

Q. How did the gardenia get its name? M. S.

A. It was named for Alexander Garden, an American naturalist and physician of South Carolina, who lived from 1730 to 1791.

Q. What states have post offices named Roosevelt? W. H. S.

A. Arizona, Arkansas, Louisiana, Minnesota, Missouri, New York, Oklahoma, Texas, Utah, and Washington.

Q. What is the largest type of locomotive in service in the United States? L. A.

A. The largest locomotive in service in the United States is the Yellowstone type of the Northern Pacific Railroad.

Q. How is the term, widow of a veteran of the World War, interpreted by the Veteran's Bureau? J. D. H.

A. It means a person married to the veteran prior to July 3, 1931, who has not remarried.

Q. What is Glenn Frank, former president of the University of Wisconsin, doing? E. J.

A. Dr. Krank is now editor of Rural Progress, a monthly agricultural magazine. He is also writing a syndicated newspaper column.

Book A Day

—By BRUCE CATTON

Ned M. Gunn, the Scottish author, must have taken a deep delight in writing "Highland River," for in it he describes the part of Scotland from which he came, and the scenes in which he must have reveled as a child.

"Highland River" (Lippincott; \$2.50) is the story of a river and of the growth of a man. In it, a man of 37, now a scientist, looks back on himself as a growing boy in a north Scottish fishing village. A magnificent, victorious battle with a huge salmon imbued the lad with a feeling of intimacy with the river that was to prove a lasting one.

In the years that followed, the boy, Kenn Sutherland, set out on many exploratory trips along the river. Avoiding the keen eyes of the seeping of a picture of Scottish life, and this Gunn does very handsomely. While occasional digressions mar the chronological sequence of the story, "Highland River" leaves the reader with a vivid impression of the splendid traits of the Scottish folk, and of the rugged natural beauty that abounds in the north Highlands. Altogether it is a serene, well-written story.—G. P.

The story of Kenn apparently is used by the author as a vehicle for supplying a picture of Scottish life, and this Gunn does very handsomely. While occasional digressions mar the chronological sequence of the story, "Highland River" leaves the reader with a vivid impression of the splendid traits of the Scottish folk, and of the rugged natural beauty that abounds in the north Highlands. Altogether it is a serene, well-written story.—G. P.

So They Say

I told grandma not to smoke. "I'll get you sick," I said.

—Charles Norman, Jr., 6, of West Patterson, N. J., a student for about four years, who disapproves of women smoking.

A wife cannot escape the competition of other women, but she shares the same privileges at the beauty parlor.

—Myrna Loy, actress, expressing her philosophy of a happy marriage.

We have shown a definite plan for bringing reverence and spiritual interpretation into the courtship practice.

—Dr. W. A. McKeever, Oklahoma City, founder of the "Love Church."

It may be impolite to say so, but father's speech failed to impress me.

—Fumitaka Konoye, son of Japan's premier commenting on his father's first speech to the Diet.

LIGHTNING DOES STRIKE TWICE IN SAME PLACE

BROADUS, Mont. (AP)—Lightning never strikes twice in the same place.

"Well, it did me," said William Davis, shepherd.

A bolt struck him and knocked off his hat. Two minutes later, recovered from his daze, he was struck again as he stood in the same spot. His socks and shoes were torn away, and he was deaf for days.

FARMER INVENTS DEVICE TO END TRACTORS' SKIDS

PALMER, Neb. (AP)—Leroy Bahensky found a way to keep tractors from slipping sideways during cultivation of hillside corn.

He bolted steel discs slightly larger than the wheels on the outside of the tractor drive wheels. The discs sink into the ground enough to keep the machine from slipping.

Side Glances . . . George Clark

"I went without lunch today just to get that feeling of suffering that Van Gogh experienced."

MCNABB, BAUGH LEAD OILERS TO 6-5 WIN OVER DUNCAN CEMENTERS

ROSE PITCHES SENSATIONAL RELIEF BALL

(Special to the Pampa News)
DENVER, Aug. 4.—The Pampa Oilers staged one of the most exciting finishes the Post tourney has seen in years to grab a 6-5 win over the Duncan and Okla. Halliburtons. They tied the score in the eighth with a two-run rally and won in the ninth when McNabb stole home.

The Texans apparently intended trying a squeeze play but Hale didn't even swing at the pitch as McNabb caught the Duncan pitcher and catcher by surprise.

Three runs behind as the result of two errors, Lowell's single and Cliff's homer over the fence for Duncan in the first, Pampa scored one in the second on Hale's triple and Brickell's infield out and two in the sixth on doubles by Prather, Hale and Baugh. Baugh also batted in the tying run in the eighth with a long fly to Sloan after Sealing, Hale and Brickell singled to score Pampa's fourth run and drive White from the hill.

Baugh and Hale got three hits apiece. Rose relieved Hutton after Cliff's homer and pitched six hit ball for eight innings. Prior to McNabb's steal of home, Welch, Duncan shortstop, prevented a run by diving to knock down Prather's hot hit, which filled the bases.

Box scores:

HALLIBURTON		A	B	R	H	O	A	E
Welch, ss	4	2	2	2	1	0	0	0
Lowell, 1b	5	0	2	10	2	0	0	0
Sloan, cf	3	1	0	1	0	0	0	0
Hassler, 3b	4	0	1	1	1	0	0	0
Hill, rf	3	1	1	0	0	0	0	0
Seitz, 2b	3	0	3	0	0	0	0	0
Holley, 2b	4	1	1	0	0	0	0	0
Cepnock, c	3	0	1	6	0	0	0	0
White, p	3	0	0	2	1	0	0	0
Muns, p	0	0	0	0	0	0	0	0
Totals	31	5	8	25	10	0	0	0

—Batted for McLarry in 8th.

Score by innings:

Duncan	300	001	100-5
Pampa	010	002	021-6

Summary: Two-base hits—Baugh 3, Prather, Hale. Three-base hit—Hale. Home run—Cliff. Sacrifice hits—Sloan, Seitz. Stolen bases—Sloan, McNabb. Struck out—by White six, by Rose six. Base on balls—off Rose 4, off Muns 3. Double plays—Hutton to Baugh; Brickell to Prather. Passed ball—Coppock. Hit by pitched ball—by Rose (Sloan). Hits on base—Duncan 6, Pampa 9. Left—off Hutton 2 in 2-3 innings. Off White—11 in 7-1-3 innings. Winning pitcher—Rose. Losing pitcher—Muns. Umpires—Darnell, Left and Shelton. Time of game—2:07.

SIMMS BEATS TEXAN

LOS ANGELES, Calif., Aug. 4 (AP)—Hammer-fisted Eddie Simms of Cleveland nailed crepe on Tom Beaupre's Pacific Coast debut by winning 10 straight rounds from the lanky Dallas heavyweight last night. Up a gainst a foe favored to knock him out, Beaupre stayed mostly on the defensive.

SPARKS RUN HIS FARM

ARLINGTON, Neb. (AP)—Electricity does a lot of farm chores on C. U. Cook's farm here. Hay is lifted to the loft by electric power, the dairy barn has a radio, tools are powered by electricity, and the house is equipped with modern conveniences.

Quality cigarettes for men who could pay more if they wanted.

Home runs—DiMaggio, 32; Fox, Red Sox, 26.

Pitching—Ruffing, Yankees, 14-3; Murphy, Yankees, 9-2.

Higgins Youth Is Tennis Champ

HIGGINS, Aug. 4.—Marshall Gordon, Lubbock, Border Conference Tennis champion, son of the Rev. and Mrs. A. W. Gordon, Higgins, won the New Mexico-West Texas tournament held recently at Clovis, in the men's singles division.

He beat his opponent Vance Vorhees, Roswell, Colorado State College champion with a score of 9-7, 6-1, 6-1.

The term cloudburst first was used in the United States about 1840, and in India about 1860. It seldom is used unless at least 6 inches of rain fall in an hour.

Open Match Play At Broadmoor

COLORADO SPRINGS, Aug. 4 (AP)—Golfers from nine states and the District of Columbia opened match play today in the 17th annual Broadmoor invitation tournament, the most representative assortment ever to qualify in the event.

The 69 shot Monday by Ray Lowell, Jr., Broadmoor club member, stood as the medal score through yesterday's qualifying rounds, but Art Blomquist, another Colorado Springs entrant, came within one shot of Lowell's card with a par 70.

George Matson, of Wichita, Kas., was third in the medal score lineup with a 71.

With Harry Strasburger of Coffeyville, Kas., in the 73 group were Rufus King, Jr., of Wichita Falls, Texas, who flew here yesterday just in time to qualify; John Zermatten, Colorado Springs; Jack Malloy, Tulsa, Okla.; Frank J. English, of Denver, and Eddie Held, former Trans-Mississippi champion who recently moved from St. Louis to Denver.

Pope's diary, invaluable as a record of the court and times of Charles II, was written from 1660-68.

Oklahoma City Wins in Ninth

(By The Associated Press)

Today's games: Fort Worth at Dallas; San Antonio at Galveston; Oklahoma City at Tulsa (off night games); Houston at Beaumont (day).

It was nip-and-tuck baseball for the fans watching Texas league encounters last night Oklahoma City, jauntily leading the circuit sprung a three-run rally in the third inning against Tulsa to win a 4 to 3 thriller. Easterling, Keesy Stoneham and Mackie got hits in that hectic frame to submerge Pitcher Max Thomas of Tulsa.

Third baseman Tony Florito of Tulsa went to a hospital after he was knocked cold by one of Kim Moore's fast ones.

Fort Worth also relied on a last-inning bombardment to overpower Dallas' striving Steers, 5 to 2. The teams were even after nine innings of first-rate baseball but in the tenth the Steer third baseman let a ball get through him and three men scored. It made it seem third basemen were on the spot for the evening.

Jim Bivin of Galveston's Buccaneers pitched a no-hitter against San Antonio in the second game of a doubleheader. The Missions scored on him, the run accruing from two errors and a sacrifice. The score was 3 to 1, the same margin by which San Antonio won the opener.

Houston and Beaumont were idle.

Lola Roach and Opal Summers Win Net Title

Lola Roach and Opal Summers are women's doubles champions in the Pampa Daily News-Summer Recreational Program tennis tournament. The pair defeated Cotten and Abernathy, 6-1, 6-4, in final matches of their division.

The women's singles bracket is down to the finals with Summers scheduled to meet Virginia Posey. Summers went into the finals by defeating McKay, 6-4, 6-4. Posey won from Gee, 6-3, 7-5.

Only two matches in the second round of the men's doubles have been played. Recknagel defeating Still, 6-2, 6-3, and Neel winning from Summers, 6-4, 7-5.

In the men's doubles, second round, Smith and Recknagel won from Adams and Brown, 6-2, 6-1.

Jensen and Brown staged a torrid battle in the semi-finals of the junior singles with Jensen finally winning, 6-2, 4-6, 11-9.

STRIKEOUT OF 22 MEN SETS TOURNEY PAGE

DENVER, Aug. 4 (AP)—Two strong favorites for the first place money in the Denver Post baseball tournament—Denver Refiners, led by Rogers Hornsby, and the Negro All-Stars from the Dominican Republic—will tangle at 8:30 o'clock, Mountain Standard Time, tonight.

Each has won its first two games. This afternoon's schedule, matching of our teams with one defeat already charged against each and another loss spelling elimination, is: 1. p. m.—Seminole, Okla., Red-birds vs Worland, Wyo. 3. p. m.—Leyden, Colo., Miners vs Eason Oilers, Enid, Okla. Yesterday's results: Springfield, Ill., 6, Minnesota Mines, Emporium, 2. Denver Midget 8, Denver Goalstone 5.

Pampa, Texas, Oilers 6, Duncan, Okla., Halliburtons 5. The tournament's most tingling play so far—theft of home by Hershel McNabb, little centerfielder, in the last of the ninth inning—gave Pampa its triumph over Duncan, national semi-pro tournament champion in 1936.

Jim Goff, 24-year-old southpaw from Bloomington, Ill., struck out 22 batters for a tournament record in keeping Grover Cleveland Alexander's Springfield club in the meet. Pampa, which had tied the count at 5-5 with a two-run attack in the eighth, filled the bases in the ninth when Leslie Muns, Duncan's relief pitcher who once wore a Brooklyn Dodgers uniform, walked McNabb and Bonduant, and Dutch Prather lined a single.

Britons Lessen Load on Yacht For Third Race

NEWPORT, R. L., Aug. 4 (AP)—Lightened of more than 5,000 pounds of lead Ballast, Endeavour II, T. O. M. Sopwith's challenger for the America's cup, faced today her third sailing engagement with Harold S. Vanderbilt's twice victorious Ranger, which continued an overwhelming favorite to retain the trophy in four straight races.

Ranger needed two more triumphs to turn back the 16th attempt of the British Empire to recover the cup, held in this country since 1851.

Sopwith had the greater part of three tons of inside ballast removed yesterday in the hope the big blue invader would become a more formidable contender as a "light air" boat. Gentle zephyrs and a calm prevailed during the first two races of the best four out of seven series. Sopwith has hoped for livelier weather and, apparently despairing of it, now has tried to adapt the Challenger to old Boreas' parsimony.

The change in Endeavour failed to impress observers, who were in general agreement that dumping of two or three tons would have little effect on the sailing qualities of the big metal hull.

Gambrinus, a mythical Flemish king, is credited with the first brewing of beer.

Yankees Down Sox Twice Chicago Cubs Take One

By DREX MIDDLETON Associated Press Sports Writer They're there in the clutch—the Yankees.

A series for the league lead, an all-star game, or a world series gives many a team the blind staggers. But no Colonel Rupert's boys in white. The Yanks just swing their bludgeons and bring home the bacon. They reserve their most momentous feats for days when the competition is tight and the stands are full.

Employing their time-honored home run technique—"Hit 'em where they can't possibly be,"—The Yanks blew down the Chicago White Sox in both game of a double header yesterday, 7 to 2 and 5 to 3, and pushed their league lead to 10-7 over the Sox.

Home runs, trade mark of the Yankees since 1921, won both games. Bill Dickey hit his 19th with three on in the eighth inning of the second game to climax a bombardment that had begun when Lou Gehrig, starting his 1,900th consecutive game, had shot his No. 22 into the stands with two mates aboard in the first inning of the opener. In between these two wallops the Yanks batting bandit, Joe DiMaggio and Tony Lazzari, took care of the scoring. Joe hit No. 32 with two mates aboard in the seventh inning of the first contest and Tony got one in each game.

Red Ruffing muffed the Sox in the opener for his 14th victory and Vernon Gomez seemed headed the same in the second game when the South Side's heroes ganged him for three runs in the seventh and eighth but when the Yanks came up in the latter inning Rolfe singled, DiMaggio doubled, Gehrig walked and Dickey lined one into the stands.

Boxer's Death Quiz Ordered

PITTSBURGH, Aug. 4 (AP)—Deputy Coroner J. L. Davidson ordered a "thorough investigation" today in the death last night of Johnny Page, Chicago lightweight, 24 hours after he was knocked out by Eddie Zivic.

Davidson said a post mortem would be held and that he would question Zivic, Page's handlers, the examining physicians and ring officials.

A brain concussion caused the death of 22-year-old fighter who crumpled under a smashing blow to the head in the ninth round of a scheduled 10-round semi-final match Monday night.

Page transferred his headquarters from Los Angeles to Chicago two weeks ago. He was born in Dallas, Texas where his mother, Mrs. Minnie Cubley now resides. Since 1934, he had won 13 fights, eight by knockouts, and had lost five.

There are more than 1,000 asteroids, or minor planets, revolving around the sun.

TOURNAMENT SCHEDULE

Tonight's schedule in the Panhandle District Softball schedule is loaded with dynamite, as follows: (First game at 8:15 at each park)

At Road Runner Park
Cities Service vs King Oil, Shamrock of LeFors vs Gulf of Borger.

At Recreational Park
Pampa Jaycees vs Taylor Grocery of Amarillo.

Texas Firechiefs of Amarillo vs Texas of Pampa.

Thursday night's schedule will be:

At Road Runner Park
Skelly vs Phillips, Borden of Amarillo vs Roberts-Oliver of Amarillo.

At Recreational Park
Panhandle Laundry of Amarillo vs Gerhart Creamery, Smith Brothers Refinery of McLean vs Rig Service Station of Borger.

What Can Air Conditioning Do For You?

1. It will give you comfort that cannot be had in any other way except through expensive trips to summer resorts.
2. Everyone agrees that nothing is more conducive to health than plenty of good, clean air of proper humidity at the right temperature. Air conditioning will give you this.
3. Air conditioning will improve the efficiency of those who use it. It will be possible for them to work faster and more accurately. If used at home they will rest or recreate more surely and more rapidly.
4. Air conditioning will increase your profits. This has been proved to the satisfaction of thousands of merchants who have found that air conditioning more than pays for itself and by home owners who find that perfect rest insures work-day efficiency.
5. Air conditioning will definitely identify you with that group who are modern, progressive and alert to the opportunity of improvement. In business it will increase your prestige.

Scottsboro Boys Far From Dixie

The six years they spent in Alabama prisons seemed like a bad dream to the four Scottsboro case defendants who gaze at the Statue of Liberty, which attorney Samuel Leibowitz points out from his office window after arrival in New York.

The boys are, left to right in rear, Roy Wright and Olen Montgomer, in front, Willie Roberson and Eugene Williams, all unexpectedly freed at the fourth trial on charges of attacking two white women.

BUSY CONGRESS MAY STICK IT OUT SATURDAY

WASHINGTON, Aug. 4 (AP)—House leaders talked today of holding the first Saturday session in months in an effort to enact sugar and housing bills at once.

They tentatively linked up wage and hour and tax loophole legislation for house attention next week. The session will end, they hope, between August 21 and 25.

The senate still was struggling with amendments to the housing bill but members of the house banking committee told Democratic chiefs they might be able to recommend the legislation by Friday. In that event, an attempt will be made to pass it Saturday.

The bill would allow federal loans to assist public, semi-public and private agencies in providing inexpensive housing for families in the low income group.

The sugar bill, a storm center for weeks, probably will be debated tomorrow in the house. Democratic leaders said it probably would pass with a restriction on imports of refined sugar from Hawaii and Puerto Rico to which the administration has objected.

The same leaders were putting pressure on the house labor committee to recommend the wage and hour bill in the form approved by the senate.

Chairman Doughton (D-NC) predicted the senate-house tax committee will have a bill ready by the first of next week. The measure will seek to seal revenue law loopholes and reduce the effectiveness of tax avoidance devices.

Committee members looked over the tax returns of James Roosevelt and Secretary Morgenthau. That action had been suggested by Representative Fish (R-NY) with a view to determining whether either of the men had used tax avoidance methods.

Doughton said it would be illegal for him to assert what conclusions were reached about the returns.

Administrators leaders said they no longer regarded the toned-down court bill as a barrier to adjournment. The senate probably will take it up in a few days.

The chamber was developed by Joseph Christopher Denner at Nuremberg in 1909.

Church and State in France have been separated by laws since 1905.

AUSTIN, Aug. 4 (AP)—Many oil men feel the large increase in Texas production authorized by the Railroad Commission, effective Aug. 1, may have dashed the hope for a general crude price raise before the end of summer.

The Commission set the basic August allowable at 1,495,491 barrels a day, 119,000 higher than for July and 100,000 barrels above the recommendation of the United States Bureau of Mines.

C. V. Terrell, chairman of the body, said one purpose of the increase was to "protect the consumer."

"It is not the policy of the law or of the Railroad Commission," he said, "to make oil scarce in order to make it high. We feel the time to give our producers an opportunity to increase their production is during the heavy consuming season. This is that season."

Some in the oil industry believe the long-discussed boost in the price of crude may not arrive if it is not forthcoming in consumption ends on labor day.

Texas next month will have a legal average daily production of more than one and one-half million barrels for the first time. If demand for petroleum products keeps increasing the figure some day probably will pass 2,000,000.

Information at this month's production hearing that average bottom-hole pressure in the huge East Texas field decreased 8.2 pounds in the 30-day period ending July 11 may have been highly significant. The drop means that two and one-half times as great as the average.

Engineers have recommended that East Texas output be held to between 425,000 and 450,000 barrels daily. The field's allowable at the start of the next month will be 470,734 and will be slightly higher by the month's end.

Notwithstanding statements by V. E. Cottingham, the Commission's chief engineers that the pressure decline was not alarming and by Commission chairman Terrell that East Texas was in "splendid physical condition" considering the amount of oil withdrawn, a cut in the field's proration factor in August or September would not be surprising.

Terrell called attention to some interesting things concerning the famed East Texas field in a fact digest he prepared on the Texas oil, gas and allied industries.

At the beginning of this year, he said, the field had produced approximately as much oil as had been produced by both Louisiana and Arkansas to that date and more than five times as much as New Mexico and Michigan combined.

Notwithstanding that the area has sent more than one billion barrels to market, only a little more than 4,000 of its 23,197 wells were on the pump July 18.

Tattooing is regarded as a fine art in Burma.

CUPID FINDS HIS WAY AROUND--EVEN IN ZOO

PITTSBURGH, Pa., Aug. 4 (AP)—Loud growls and wof-wofs disclosed a courtship in the zoo's bear pit today.

Papa grizzly bear, gift of Yellowstone Park, arrived a month ago. Mama bear came yesterday. Lovemaking began immediately.

Park Superintendent Ralph E. Griswold smiled. "It's a bit deafening, but it's a fine romance."

CHARGES FILED IN BRASS, COPPER THEFTS

Two Mexican boys were taken to authorities today for the alleged theft of brass and copper from factories, owned by Dave Osborne, Pampa.

The youths were arrested by Deputy Sheriffs O. T. Lindsey and George Inman, and complaints against them were signed by Mr. Osborne.

Church and State in France have been separated by laws since 1905.

ON THE GALAPAGOS ISLANDS, EVERY BIRD INHABITANT IS SONLESS! THE diameter of the sun is 864,400 miles, while the moon's average distance from the earth is about 240,800 miles. Thus, it may be seen that the moon would stray almost twice its present distance and still make its monthly journey inside a sphere the size of the sun.

Scouts Off For Camp Outing In Colorado

With much hilarity and high spirits, Troop 80 Boy Scouts left at 5 o'clock this morning for a two week camping trip to Colorado. 14 scouts and two leaders were in the group who will go to the Rocky Mountain National park near Grand Lake, 90 miles northwest of Denver.

Since early yesterday morning, the boys had been waiting to leave. Although the trip was not scheduled to begin until this morning, most of the troop was waiting at the First Methodist church, with equipment already packed, at noon yesterday. As they left this morning the youngsters let go their pent-up emotions and sang and yelled themselves out of town. Scoutmaster Archer Fullington undoubtedly joined in the chorus.

The trip is the object toward which the lads have worked all during the summer. Strict requirements were adhered to, before they became eligible to attend. One of these was that each scout should make his own money, which included \$8 for food, and such spending money as would be needed. Another necessary merit was the attendance of each scout meeting and court of honor during the summer, and passing three merit badges during the summer, unless the scout already had 21. Every scout, no matter how high advanced, must pass at least one badge. Youths who went were all first class scouts or of higher rank. There were four Eagles, five Lifes, three Stars, and the rest first class.

Troop 80 has in the last year become the outstanding group of scouting, in that they have made more advancement and merit badges than all troops in the Adobe Walls Council have together. Seven scouts have been elevated to the rank of Eagle, and 14 out of 29 Honor Courts have been won by them.

The boys will stop tonight in Colorado Springs. This will provide an opportunity to see Pike's Peak. They will spend Thursday night in Estes Park or Grand Lake.

The trip was made possible by the aid of several persons interested in the boys. The Methodist church, sponsors of the troop, paid for the sideboards and equipment of the truck which was used for transportation, and bought all gas and oil. Mrs. E. L. Tarpley of the Tarpley Music Store made a generous donation so that the lads could enjoy the outing. One boy, Soren Jensen, lived up to the strenuous qualifications of eligibility, but was unable to make the trip because of a proposed trip to Nebraska with his parents.

The scouts will cook their own food, on a cooperative basis. Scouts who left for the trip are Jack Crout, Golden Smith, James Archer, Bill Coons, Billy Mounts, Keeton Rhoades, Omer Harrel, Junior Foster, L. V. McDonald, Jimmy Shofner, Max Brewer, Kent McDonald, Bert Ibbell, Jr., and Walter Word, Jr. A. M. Lockhart is driving the truck and assisting Scoutmaster Archer Fullington in directing the youngsters.

FATHER KILLS HIS 4 CHILDREN WITH KNIFE

COLUMBUS, Ky., Aug. 4 (AP)—Accused by his wife of slaying their four children to death with a butcher knife and stabbing her, W. J. Morse, 45, was rushed away from a crowd of threatening neighbors late last night, it was learned today.

The wife, Mrs. James Morse, 42, was stabbed in the back five times and a physician who examined her today said she might not live. Mrs. Morse said her husband became enraged in an argument when she remonstrated with him, over his treatment of the children. She said Morse grabbed the knife, ran to a bed and slashed the throats of their son, James Theodore, 5, and their daughters, Inez, 8, and Margaret Elizabeth, 1. She said he next plunged the blade into the back of the oldest child, Billy Lee, 8, five times.

CROP CONTROL DELAYS FEDERAL FARM LOANS

WASHINGTON, Aug. 4 (AP)—White house disapproval impeded congressional efforts today to authorize immediate federal loans for farmers who have piled up surpluses in cotton and other crops.

President Roosevelt said at his press conference he would not ask Congress to make such loans until new crop control legislation is passed.

Hot Weather is Here—Beware of Biliousness!

Have you ever noticed that in very hot weather your organs of digestion and elimination seem to become torpid or lazy? Your food sours, forms gas, causes belching, heartburn, and a feeling of restlessness and irritability. Perhaps you may have sick headache, nausea and dizziness or blind spells on suddenly rising. Your tongue may be coated, your complexion bilious and your bowel actions sluggish or insufficient.

Market Briefs

NEW YORK, Aug. 4 (AP)—Ralls steamed forward briskly today hauling the market ahead fractions to a point or more.

After a drab start carriers picked up momentum on a Wall Street rumor that coal war negotiations would be less burdensome on rails than earlier feared by some observers.

Buying in the group released demand for industrials and metals, oils, steels and specialties, all of which moved aggressively along the upgrade.

Providing a generally bright background for the rise, brokers said, was the good backlog of favorable trade and industrial news, stouter earnings and a scattering of improved dividends.

Lack of stamina in the utilities arrested Wall Street's attention and some commentators said they believed this group was stopping for a breathing spell following recent advances.

Transactions approximated 900,000 shares.

CHICAGO, Aug. 4 (AP)—Poultry, live, 1 car, 10 trucks; steady; hens 4 1/2 lbs. up 21, less than 4 1/2 lbs. 20; feghons here

ROTARY CLUB HEARS SCOUT CAMP REPORT

Reports on the camping trip taken by Troop 20 featured the regular meeting of the Pampa Rotary club today. The troop is sponsored by the local club and has just returned from a week's stay in the mountains of Colorado. Reports were given by Scoutmaster Lee Bowden, and Dick Kilgore, W. A. Meyers questioned two other scouts who made the trip, Kenneth Laird, and Bill Grossman in regards to the outing and received many humorous replies. Mickey Ledrick spoke on "Pampa, My Home Town."

After a luncheon of ham, peas, potatoes, salad and lemon pie, members enjoyed singing led by Frank Foster. Mr. and Mrs. Tom Rose were welcomed back after two month's absence. Mrs. Rose is pianist for the club, and she and Mr. Rose have recently returned from a vacation in Alaska. Ely Porville was in charge of the program, and Dan Gribbon presided at the meeting.

The first city directory in the United States was printed in New York in 1786.

ards (90 centralized carlots) 80 1/2. Eggs, 10,750, steady, prices unchanged. CHICAGO GRAIN CHICAGO, Aug. 4 (AP)—Buying credited to exporters and domestic mills did much less today for spring wheat. Market rallies to above yesterday's final prices. There was talk here of domestic winter wheat fall off, but the domestic spring wheat harvest was progressing favorably. At the close, wheat was unchanged to 1/4 cent higher compared with yesterday's

finish, Sept. 1.18 1/2-1 1/4, Dec. 1.15 1/2-1.14 1/2, corn 1 cent to 3/4 up, Sept. 9 1/2-9 1/2, Dec. 8 1/2-8 1/2, and oats unchanged to 1/4 advance. Sept. 1.18 1/2-1.11 1.18 1/2-1 1/4 Dec. 1.14 1/2-1.12 1.18 1/2-1 1/4 1.18 1/2-1 1/4

Disyle is a composition in classic architecture showing two columns in front. Sleep while your want-ad works.
