## YOUNG MAN IS STRUCK BY TRUCK PIPE

Walter H. Doyle of Wichita Falls Victim

WAS ASLEEP IN ANOTHER'S CAR Peculiar Accident Is on Road West of City

While he was sleeping in the rear seat of an automobile, Walter H. Doyle, 23, of Wichita Falls, was instantly killed in a collision when a four-inch pipe which jutted out four inches from the side of a truck struck him squarely in the forehead, crushing his skull. The accident occurred about a mile west of Pampa on the border road at 12:30 o'clock near a culvert.

Doyle was sitting on the left side of the car, which was headed toward Pampa. The driver of the truck, Sam Cosper of Kingsmill, who said he believed that no one in the car was injured when the two vehicles collided, was brought to Pampa for questioning by officers of the sheriff's department. Declaring that he did not feel the shock of the collision, Cosper said he drove on after he glanced back and noticed that the other car was continuing down the road toward Pampa. The rear of the automobile which was being driven by A. Milner was badly smashed.

Cosper said that his machine was an ordinary crane truck, equipped with a gin-pole which was hoisted 20 feet in the air at the rear. Glass and one splatter of blood were found on the projecting pipe. Cosper said the accident occurred when both started to pull out of the road at the same time. "I saw that the other car was going to hit me and I pulled out as far as I could. I was going about six miles per hour when I pulled out, the back end of the truck jutting out forming an angle. To miss it, the other driver pulled out at the same time and threw the back of his car into the rear end of my truck," he stated at the sheriff's office.

Mr. Milner said the truck driver turned in sharply just as the two vehicles were passing each other. Four men were riding in the car with Doyle. The two who were riding in the rear seat with Doyle said that he was asleep. Milner said that the projecting piece of pipe almost struck him. Cosper was in the employ of Bill Nichols.

The body was brought to the G. C. Malone funeral home in a Malone ambulance. Funeral arrangements are pending, but it was believed that burial will be made at Wichita Falls.

Doyle and the other four occupants of the car, were employees of the Smith and McDonald Drilling company. He had been living in Pampa three months at the home of his sister, Mrs. Robert L. Banks, wife of former Deputy Lee Banks. He is survived by five brothers and sisters. He was born and reared at Wichita Falls. He was unmarried.

## Oklahoma Bank Is Looted Today

PAWNEE, Okla., July 3. (AP)—Two men robbed the First State bank of Maramee, 12 miles southeast of here of approximately \$1,000 shortly after noon today and escaped in an automobile, the motor of which they had left running during the holdup.

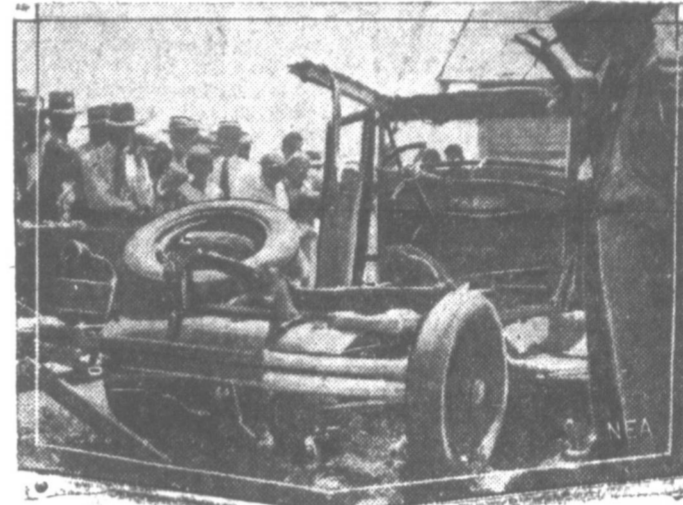

## WEATHER

TEXAS—Generally fair tonight and Friday. Light to fresh southerly winds on the coast.

—AND A SMILE

POCANTICO HILLS, N. Y. (AP)—In the home town of John D. Rockefeller, Sr., there has been no crime for years; there are no roadhouses or speakeasies. Therefore the town board of Mount Pleasant is firing its police force, all of them. The Rockefeller estate has private police.

## Auto Bomb Kills Lawyer's Wife

The wreckage of the auto in which Mrs. A. D. Payne, wife of a widely known Amarillo, Tex., criminal lawyer, was killed and their son, A. D. Jr., injured when a bomb planted beneath the seat exploded, is pictured here. Payne has handled several sensational criminal cases recently.

## PAMPA BANK DEPOSITS ARE LARGEST OF RECORD—WHEAT MONEY NOT YET IN VAULTS

That the nation-wide business depression has steered clear of Pampa territory is revealed in statements concerning the financial condition of the two Pampa banks, which were released today by President B. E. Finley of the First National and President J. M. Dodson, of the Pampa National.

The combined deposits of both banks on June 30 of this year were larger than at any time in previous years and totaled \$4,665,202.48. Very little of the wheat money, approximately one-tenth, had yet found its way to the bank vaults, and bankers declared that since the wheat crop cannot be responsible for the fine financial condition existing here, good business in Pampa must account for it.

Usually, at this season the banks are flooded with wheat money, but this year prevailing low prices have caused farmers to hold from 35 to 75 per cent of their grain. Business here has felt very little of the depression which resulted from the successive crashes of the stock market last fall and winter, according to opinions expressed by various merchants and business men of the city. Wheat money which had found its way to the two banks at the end of June totaled approximately \$85,000.

On June 30, 1929, deposits of the two banks totaled \$3,263,539.98.

## Borger Golfers Coming Sunday to Play Local Men

All hands are called to be ready for battle at the Pampa Country club golf course next Sunday when the local men will attempt to repel an invasion of the powerful Borger delegation headed by Boney Bonebrake.

Humiliatingly defeated at Borger recently, the Pampa golfers are practicing hard in the hope of defeating the Hutchinson county artists on the difficult local course. The Pampa club has a tricky countryside and the visitors are expected to run into trouble.

Play will start at 1:30, according to H. Otto Studer, after the visitors have had luncheon as guests of the Pampa club. About thirty Borgerites will make the trip.

## Stone Fails to Arrive for Central High Addition

After setting a fast record in completing excavations, running the concrete foundation, and starting brick work, the firm of Gray & Jaynes is being delayed in construction of the Central High school addition through failure of stone to arrive.

A carload of Bedford natural stone is overdue from Houston, according to Art Jaynes, and it is necessary to continuation of work.

William Faulkes of Amarillo was a business visitor in Pampa Wednesday.

## Chicago Flight Menaced

### SUIT AGAINST HUNTER BOYS AWAITS TRIAL

Brothers Suggesting That Hearing Be Held in Air

### RECEIVERSHIP BEING ASKED

Fliers Are Riled by Publicity Given Message

CHICAGO, July 3. (AP)—In an unusual request that hearing in a receivership suit against them be held in a 21-passenger transport plane, the Hunter brothers today indicated they intended to remain in the air over Sky Harbor for perhaps another week, on their second breaking endurance flight.

At 11:40 a. m. (CST) they passed the 524th hour aloft and were 104 hours ahead of the previous record.

Judge Michael Feinberg in circuit court today refused to interfere with the endurance flight for the time being, setting aside until Tuesday the injunction proceedings started yesterday by stockholders who claim to be original owners of the record making ship. The suit called for a receivership and accounting of the "City of Chicago's" earnings.

E. L. Mewski, flight secretary, sent the following telegram to Judge Feinberg:

"Upon continuance of the matter involving the Hunter boys until Tuesday I rushed to the airport and communicated you action to them. The note from them commenting on your action, follows:

"Dear Barney—pleased to receive your report on what happened in Judge Feinberg's court this a. m. Looks like if Judge insists upon our being in court Tuesday, we'll have to come down Monday afternoon, because we ought to have a chance to get some sleep, a bath and a shave. We'd like to stay up longer if Judge permits. Suggest you get Casey Jones to let the judge hold court in his big Curtiss Condor plane which will hold 20 passengers. Can talk to Judge and jury on two-way intercommunicating telephone. Let us know as soon as you can what Judge says.

"Ken (Beans)" "Please send me your commentary by return wire."

CHICAGO, July 3. (AP)—John and Kenneth Hunter, co-pilots of the "City of Chicago" which started today on the 520th hour aloft at 6:40 a. m. (CST) threatened a half hour later to bring down the plane which has exceeded the previous non-stop record by almost 100 hours, unless published reports of Kenneth's desire to quit were corrected.

John dropped a note today expressing keen disappointment and dissatisfaction because of the partial publication of confidential messages between the brothers. Yesterday the contents of a note to Walter and Albert Hunter, pilots of the refueling plane, were not made public, but one of the brothers was quoted as saying that Kenneth, the youngest brother, was "getting tired and wanted to land" at 520 hours.

John and Kenneth previously had expressed a determination to remain in the air until after July 4, today's message, signed by John, follows:

"Say who in the hell put that slush in the paper about Beans getting worried and nervous. Whoever done it had dam little to do after him crawling around on this ship night and day trying to bring the record to Chicago. Then somebody put that line of slush in the paper. Can't write a damn thing to you guys without it getting in paper. Only told you that he was hard to wussy up and so on. This caused plenty of hell between me and him. He came dam near jumping out in a chute and it wouldn't take a hell of a lot to make me do the same. Now I want this corrected or this ship may lang quick. If he was that way anybody had dam little to do after him staying this long.

"We want this stuff stopped and put in right stuff."

## MEMORIES OF JULY 4 TWELVE YEARS AGO ARE INTERESTINGLY TOLD BY RESIDENTS OF PAMPA

Commander of Legion Was Learning How to Use Heavy Artillery— Tales of Alaska

Twelve years ago, July 4, 1918, found many Pampa citizens busy doing everything from drilling on sun-baked fields of training camps to boarding tractors for the front. Naturally, after an elapse of 12 years, ex-service men find it difficult to remember exactly where they were at that date, and their words on the subject of "where I was on July 4, 1918" are nearly all proceeded with the statement: "July 4, 1918? Let's see, now. I left Camp Wheeler, and we landed at —on such a date. Yeah, guess I was in —that time." Some could recall exactly where they were but it required some thought on the part of each one to remember July 4, 1918 and what happened to them on that date.

Paul D. Hill, commander of the local post of the American Legion, was going to school on July 4, 12 years ago, but he was not studying the usual prosaic lessons. As a member of the 55th ammunition train, coast artillery corps, he was in Chaumont, France, learning all the facts about ammunition—and how to use it. Preparations were being made for a "big push" at that time, and work of the ammunition school was continued far into the night. Nothing of special import occurred on that day to remind Mr. Hill that it was Independence Day; it was "just another day" to him and his fellow students.

W. R. Warner was climbing aboard a tractor at Dijon, France, bound for the front. His outfit, the 40th Engineers, 60th C. A. C. of the 86th division, was a motorized one, and the steel limousines were used for their "hike" to the front.

D. W. Thurman, adjutant of the local American Legion post, was near St. Omer, France. He was on detached service with the 28th Aero Squadron, headquarters flight, with the British. "If we had raised a flag that day it would have been the Union Jack," said D. W. It was just another day to him but he realized it was the Fourth. Capt. Vernon Castle was once a member of the same squadron to which D. W. belonged.

L. B. Autry was at Camp Travis on July 4, 1918, in the 45th depot service company, a part of the 31st "Dixie" division. "Boy, it was hot down there," said L. B., "sun beating down like it has here the past three weeks, minus the wind. It was plenty warm doing 'squad east and west, double time' out there on the drill ground.

G. W. Wisler seemed to have the best time of all the ex-service men interviewed. He was fishing with some friends near Green Bay, Wis., having been granted leave for the day from Camp Grant, Ill., where he was in the quartermasters corps, 86th division.

L. O. Johnson and E. H. Hamlett were in Fort Worth on the "gr-rand and glo-ri-ous" Fourth, 1918, parading with the 142nd Infantry of Ft. St. Sheriff Blocks Two.

Sheriff Walter W. Covington, above, of Beaumont, Texas, doesn't believe in lynching parties. When a mob stormed the county jail there to remove a negro charged with attacking a white woman, the sheriff quelled the disturbance with tear gas and revolver fire. Two days later, he broke up another lynching party by dealing the mob leader a hefty slap on the jaw. The 36th "Arrowhead" division. "I believe it was the biggest parade ever held in Fort Worth," said Mr. Hamlett.

Despite hot winds, dust, heat and boasts of Amarillo as being the capital of the oil fields of this section,

## AL SMITH IS NOT TO SPEAK THIS FOURTH

Tammany Society Is Causing Much Comment

## NATION PLANS MANY EVENTS

Big Stone Face of Washington to Be Unveiled

NEW YORK, July 3. (AP)—America today prepared to celebrate the nation's birthday with hundreds of thousands of the celebrators journeying to seashore, mountain, and lake resorts for a three-day holiday.

Railways, steamship lines, buses, private motorcars, and air transports operating out of New York City prepared to handle an exodus of 2,000,000 persons.

The traditional celebration of the day by the Tammany society in New York this year will include dedication of Independence flagpole erected in Union square by the Charles F. Murphy memorial committee.

Omission of the name of former Governor Alfred E. Smith from the list of speakers was the subject of considerable comment in political circles. For several years past Mr. Smith has been given a prominent place on the program.

Independence hall where the Declaration of Independence was signed 154 years ago, will be the scene of the municipal celebration in Philadelphia.

Celebration of the day will take on special significance for Americans in France because of the presence of hundreds of gold star mothers at the graves of the American war dead. Decoration of the graves of their sons will make the Fourth of July a day of commemoration for the mothers rather than an occasion for celebration.

In Peru the government has decreed the Fourth of July a holiday in honor of the anniversary of American independence.

RAPID CITY, S. D., July 3. (AP)—George Washington's great stone face, carved in Black Hills granite, will be unveiled Fourth of July noon.

Drilled on Mount Rushmore by Gutzon Borglum, the sculptor, the head is three score feet from wig to chin, scaled to the size of a man 420 feet tall—equivalent to a 42-story skyscraper.

Borglum compared the unveiling to the completion of the Sphinx by the Egyptian pharaohs. However, the Sphinx could perch on the shoulder of the granite figure and scarcely reach to Washington's ear.

The American flag used to veil the head is 72 by 40 feet. It will be undraped by little Billy Doane Robinson of Pierre, S. D., grandson of Doane Robinson, South Dakota's state historian who first suggested the Rushmore memorial.

Stone portraits of four presidents—Washington, Jefferson, Lincoln and Roosevelt—will be carved on the granite wall, authorized by congress to American ideals.

## MEXICAN POLO PLAYERS ARRIVE AT SAN ANGELO

SAN ANGELO, July 3. (AP)—Here to represent Mexico in an international polo tournament with an all-star San Angelo team, five Mexican army officers today prepared for the first matches to be played tomorrow, in a series of two weeks, tending over a period of two weeks. Play was planned on the new half million dollar polo field of George A. Henshaw, Jr.

## SENATOR SMALL TO SPEAK IN PAMPA ABOUT JULY 15 IN BIG RALLY FOR ENTIRE PANHANDLE

Senator Clint Small, candidate for governor, will make one more political speech in the Panhandle and that will be in Pampa on or about July 15.

This announcement came from Lee Satterwhite, Mr. Small's campaign manager, in a letter received today by Judge Newton F. Willis, president of the local Small-for-Governor club.

porters will come "for miles around" to hear the senator.

In a telegram received today, Mr. Satterwhite declared that Senator Small was gaining ground faster than any other candidate in the race. Close observers denounce this fact and assert that it is precisely assured that Mr. Small will be in the run-off if his Panhandle vote is 60 per cent of the total cast in this section.

"That's gold in these here prairies."

Tomorrow, calendar experts assert, will be the 70th of July.

To judge by the firing of sky-rockets and firecrackers, however, you would think this Independence week. And maybe it is—the lads have been rather independent of restraint in making sundry noises at assorted hours.

This brings up the subject of Chief of Police Downs and that city ordinance relating to and forbidding exploding of fireworks. We take it that this is just another American law, and that enforcement won't be any more rigid than that concerning laws against speeding, running with cut-outs open, and the like. In fact, Chief Downs informs us that he has no intention of becoming the prize villain by running around looking for boys armed with firecrackers and matches. The chief is a little deaf, we understand, but he can hear perfectly over the telephone should irate neighbors make complaints.

The boys are urged to use discretion. The Pampa is quite grown up, at least in theory, and he has never seen much of this discretion stuff, either in "kids" or grownups. He thinks it ought to be a mutual proposition. The adults started this noise fad when they were young; let them use discretion in chasing youngsters who are observing July 4 in the way that custom and the older generation have dictated.

The Pampa offers sympathy for those who "nearly froze" in the last few cold nights. He recommends patience, plenty of sunshine, and two or three bottles of Aragonia. And those expecting to have visitors from other sections should remember to provide plenty of blankets for the newcomers.

These civic problems just will arise. This column is solicited to make mention of the fact that the bridge below the Cook-Adams addition forms a pocket that catches barrels of water in every rain and affords discomfort, showerbaths, and alleged dangers to motorists. This indeed is a grave problem in this rainy country, and something should certainly be done about it.

The Pampa, however, is no engineer. He started out to be one, but became intensely interested in nouns and verbs about the same time he encountered integral calculus and other such pedagogic absurdities. He will say, however, that in most cases a water container can be emptied by punching a hole in the bottom thereof, and he recommends a refinement of this process to the engineer who designed the bridge complained of and at.

For the benefit of those who are wondering whether the Daily News serial story will end before cold weather, The Pampa will advise that, in two or three more installments this thrilling (?) and stupendous (?) novel will come to a most satisfactory end, indeed.

And if you do not receive your Pampa Daily News tomorrow, remember that two times a year the "force" of this newspaper allows the dear public to suffer while national holidays are observed. Advertising of foodstuffs and other necessities, usually carried Friday, is printed today. Publication will be resumed Sunday, when a review of Fourth of July casualties will be published.

Experts—what would we talk about without them?—claim that in a few years we will work four hours a day five days a week. Some people may, but not newspaper folk. It will require fifteen hours a day to run down all the sports, accidents, and other activities of those who have so much leisure. When half the folk loaf, the other half must watch them, and that's work.

Chicago will do well to arrest Ling's murderer by the time the endurance plane comes down. England would probably have the offender hanged in the same length of time.

WHAT WILL \$4,000 BUY?

Texas wants a good governor. After several administrations which proved bitterly disappointing, this state is in mood to desire real calibre and efficient leadership in its highest office.

But what is it willing to pay? And who is willing to accept the office at that price?

Texas governors get \$4,000 per year and some expense allowances. The Dallas News reveals that the Dallas county sheriff gets three times that amount, and the district attorney earns twice as much.

Texas, biggest of states and huge in resources, is one of the world's largest corporations. There is not a corporation of similar size in the world which would not pay from \$25,000 to \$75,000 for a chief executive of the type demanded.

The professional politician finds ways of remuneration beyond what the state pays. If the people of Texas will not pay their governors, there are always "interests" who will.

Friends of Clint Small know the reluctance with which the senator entered the race for governor. He is a man of modest means, and could ill afford to bear the cost of a campaign for the governorship.

The governor and a legislature of men getting \$5 per day are charged with the responsibility of spending millions and of making decisions which determine the taxes, the legal security, and to a certain extent the prosperity of the state.

SCHUMANN-HEINK'S FAREWELL

Madame Schumann-Heink, whose voice has spilled liquid magic through the years, knows that some day now she will sing her last song.

But she does not intend to see that final audience leave the theater, slowly and reverently. She does not want to hear its last congratulations.

For Schumann-Heink has said that she will sing unto the last. She wants her last breath to be a note of music. And then she would like to slip back of the stage, into the wings, and die quietly.

The plans of the gray-haired prima donna for that inevitable departure are very beautiful. There is something queenly, something almost royal, in going to death straight from the stage of action.

The famous artist has drawn her crowds from cities where music halls sent spangled lights across the sky; from villages where men and women went to do their shopping and stayed to listen to the shining, golden voice that wove wonder across the street.

Playing the game to the end is always a challenge. No matter how lowly the task may be, there is a fine courage in those who keep trust.

Schumann-Heink, if she has her wish, will count her last breath in songbeats, not in heartbeats. She will not spoil the concert. She will make her departure easier for everyone, as a good trouper should always do.

The world which admires the courage of those who play to the end hopes that Schumann-Heink may have her wish, that she may sing until the curtain falls.

But it wonders if there will be a moment just before, when it will sense the closing drama, that it may ring out its "hall, well done, and long farewell, as her soul goes quietly away on the breath of a song.

Rex Will Have Preview Tonight of Carroll Movie

A preview of Nancy Carroll's latest movie release, "The Devil's Holiday," will be shown tonight at the Rex theatre, it was announced this morning by C. B. Akers, manager.

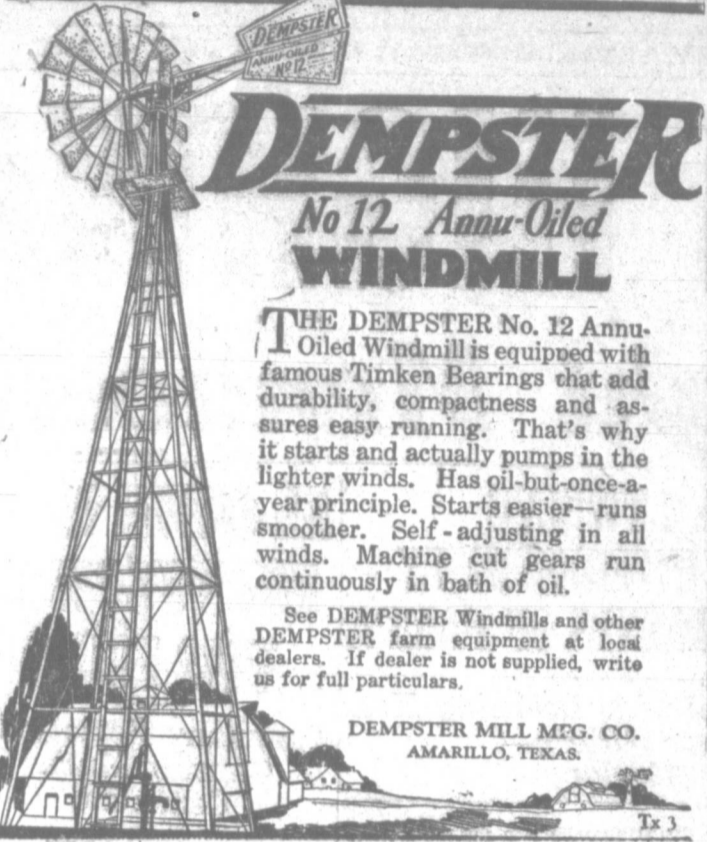

"Show Girl in Hollywood," which is coming to the Rex theatre today with Alice White, Jack Mulhall, Blanche Sweet, Ford Sterling, John Miljan and other notables in its stellar cast, goes behind the scenes of Hollywood life.

According to Mervyn LeRoy, who directed it, the picture is the first that combines with a realistic and human love story an accurate picture of what goes on in the studios, and the Hollywood cafes, the stars' and directors' apartments and homes.

Much of the action is filmed from behind a line of cameras that are actually talking film which, the next instant, is flashed on the screen. Many famous stars and directors not in the cast are seen in the picture, at work on their own films, or out "partying."

"So far most of the stories with a film studio background have been too burlesque," LeRoy observes. "I think that people are seriously interested in how movies are made, so while we poke a great deal of fun at famous personalities in the business, we are careful in 'Show Girl in Hollywood' to show the making of films and the life of the people accurately. We know it better than any other life; naturally we can portray it realistically."

### Miniature Golf and Fire Works Display Features of Party

One of the most delightful children's parties of the summer was given last evening by Mrs. A. C. Lovell, honoring her son, Everett, on his tenth birthday anniversary. Twenty-five young friends of the celebrant were entertained.

Miniature golf on a course adjoining the lighted lawn of the Lovell home was enjoyed by the entire group of children, with playing continuing until 8:30 o'clock. Readings were then given by Carolyn Surratt, Jamie Weems Antry, Clarice de Cordova, and Ernest Barkdale, Jr. Litty Miss Surratt executed a toe dance, also. Individual lunch boxes were passed, and the supper spread on the lawn. Later, Everett and his little cousin, Billie Dean Lovell, 5, each cut a birthday cake. Ice cream was served with the cake.

The closing event of the evening was a fire works display, conducted by Mr. Lovell. Mrs. Lovell was assisted in entertaining by Mrs. W. C. de Cordova, Mrs. Frank Hopkins, Mrs. E. P. Antry, and Miss Kathleen Woodrow.

The guests were as follows: Raymond Kenneth and Ernest Barkdale, Jr., I. D. Sewell, Howard and Melvin Lewis, George and NeVa Lou Woodhouse, Billie and Winnie Pearson, Jamie Weems and E. P. ### Central Baptist W. M. S. Discusses Social Welfare Work

Plans for beginning social welfare activity in the city in the immediate future were made by the Women's Missionary society of the Central Baptist church yesterday afternoon, after Mrs. O. H. Gilstrap, chairman of the society's social service committee, had reported on the work outlined at a recent meeting of the chairmen from the several churches of the city. Mrs. Gilstrap asked that more workers be placed on her committee.

Mrs. S. L. Anderson, chairman of mission study, reported for her committee that one course had been completed and that another was to be started next week. Reports of interest to the membership were given by other committees.

The meeting of the society was held at Mrs. D. H. Coffey's home. Mrs. S. L. Anderson led the devotional, reading parts of the ninth and tenth chapters of Acts. Her theme was "Personal Service." Mrs. John H. Dalton, president, was in charge of the business session.

The following members answered roll call with a Scriptural quotation: Mrs. R. V. Burns, Mrs. C. L. Lunsford, Mrs. Walter Kirbie, Mrs. S. L. Anderson, Mrs. W. E. Cobb, Mrs. O. H. Gilstrap, Mrs. H. W. Hardcastle, Mrs. R. M. Mitchell, Mrs. Ray R. Hingate, Mrs. O. D. Holmes, Mrs. John H. Dalton, Mrs. L. P. Starrett, Mrs. Cleo Coffee, Mrs. E. G. Stark, and the hostess, Mrs. J. W. **NOTICE OF ELECTION**

WHEREAS, under date of June 27th, 1930, Earl Talley, et al duly presented their petition to the County Judge of Gray County, Texas, praying for an election to be called under the provisions of Chapters One and Eleven of Title 28 Vernon's Annotated Texas Statutes, 1925 Revision, to determine whether or not the city or town of "Talley" should be incorporated, and,

WHEREAS, on the 27th day of June, 1930, the said County Judge of Gray County, Texas, duly entered an order of election calling for an election to be held as provided by the aforesaid provisions of said Revised Statutes to determine whether or not the said town of Talley should be incorporated, the confines of said proposed town being designated as all the original Talley Addition to the City of Pampa, Texas, as shown by map or plat of said addition on file in the office of the County Clerk of Gray County, to which said record plat reference is hereby made, said order of election specifying that said election shall be held at the residence of Earl Talley in Block "A" of said Talley Addition to the City of Pampa, Texas, on Tuesday, July 15th, 1930, and in which order the undersigned was appointed as the presiding judge of said election:

NOW, THEREFORE, notice is hereby given that the undersigned, as presiding judge of said election, will hold an election in the town of Talley, at the residence of Earl Talley in Block "A" of the Talley Addition to the City of Pampa, Texas, on the 15th Day of July, 1930, to determine whether or not said City or Town of Talley will be incorporated as aforesaid.

IN TESTIMONY WHEREOF, WITNESS my signature this 2nd Day of July 1930.

EARL TALLEY,  
Presiding Judge of Election.

### Clubs Assist in State Scholarships

Gray county clubs have contributed 100 per cent to the scholarship fund sponsored by the Home Demonstration association of Texas. A \$300 scholarship is made available to a 4-H club girl annually through the clubs' contributing 50c a year. Third and fourth-year club girls are eligible to compete, the award being based on leadership and achievement.

Hazel McClure of Collingsworth county was awarded the 1930 scholarship.

Mrs. W. A. Duerr and children and Miss Mae McPherson have returned home, after spending two months in El Porvenir, N. M.

## Skellytown Rallies in Ninth But Fails to Tie Magnolia; Score 8-7

It seemed that the Skellytown club was due to suffer a humiliating defeat at Magnolia park yesterday afternoon until the ninth inning when a desperate rally staged by the visitors netted five runs and lacked only one of tying the game. The final count was Magnolia 8, Skellytown 7. When Skellytown's last man, Voll, struck out, the team had one man on third and another on second.

Magnolia's Blankenship hit three times in the ninth. Three of the runs made in this inning were on walks. Blankenship pitched admirable ball in the first seven innings, although the Magnolia infield was kept busy picking up easy ones.

Stockman, the Skelly center, slammed out a one-base hit in the first of the eighth. Green followed with what might have been a safe Cooper to the left center-field, but Lister, the Mag center, who must have contortist ambitions, jumped sideways and backward a couple of feet and bagged it. This circus catch saved the inning for Magnolia. Cannon, the next man, cracked a grounder to Robinson at third, who sent it to Mitchell at second where Stockman went out in time to let Kozelski put out Cannon at first. Exceptionally good fielding won the game for Magnolia. The visitors hit Blankenship 9 times, while the Magnolias drove Lane off the mound and hit Dillon freely. Mag hits totaled 10. Blankenship struck out four and Lane and Dillon five.

A homer by Varnell in the sixth brought in Shriver and Kozelski. Magnolia scored two in the fourth, four in the sixth, one in the seventh and one in the eighth. Skelly ran in two in the third and five in the ninth.

Four errors, made by Skelly men, two at first, one by the short stop and the other at second, indicated that the Skelly team was not playing up to standard. Several misplays also suggested that the team was having an off-day. Only one Magnolia made an error.

## Bobby Jones Is Still Modest Man

NEW YORK, July 3. (AP)—Flushed with a stirring welcome celebrating his dual victory abroad, Bobby Jones today turned his face westward seeking new golf worlds to conquer.

The modest lawyer and bank director of Atlanta, stepped off the liner Europa yesterday to be accorded a reception befitting the first American to win both the British amateur and open championships.

Above the din of shrieking sirens popping firecrackers, and cheers of thousands, Bobby managed to say that he had no plans for retirement from competitive golf; that he had given no thought to winning all four major championships this year, which include the American open and amateur yet to be played; that he did not leave his bag of famous clubs behind in England; and that luck played a large part in his triumphs at St. Andrews and Hoylake.

## Canyon to Pave Several Blocks

CANYON, July 2.—An agreement was reached between the Canyon city commission and C. W. Harrison, contractor, at a meeting of the commission on Monday night in regard to the proposed paving of 12 city blocks, the cost of which is estimated at \$32,265.14.

Although no contract has been signed, it is expected that it will be signed within a few days. An official notice addressed to the property owners is being published this week.

The cost of the city's part of the paving is expected to be cared for out of the 1930 taxes, thus eliminating either the calling of a bond issue or the issuing of emergency warrants to care for the cost. The amount of the paving affecting the college has already been cared for through an appropriation of the last session of the legislature.

The paving is to be with three-inch vertical fibre brick on a natural foundation.

Ralph R. Thomas was in McLean yesterday.

## SAILOR TEX WATKINS IS FAVORITE FOR MATCH WITH TERRIBLE KOPECKY TONIGHT

Joe Kopecky, the destructive cotton picker, and Tex Watkins, the eye-gouging sailor, arrived in town this morning on the same car for their match at the Pla-Mor tonight, but they rode from St. Francis under the hard-boiled eye of a driver who repeatedly threatened to throw them out "the minute the struck a blow."

The two wrestlers did not notice each other until the bus reached St. Francis, where they began quarrelling. The fuss began when Tex sneered, "So it's you, ain't it? Yo look funny out of the cotton-patch... I'll bet you have striped many a row of cane. I must say again that you look funny off a go-devil!"

Both wrestlers are well-known and thoroughly despised here, but one of the biggest crowds of the

year is expected. That the sympathy of the crowd will be with Tex tonight was evident yesterday when opinions of several local fans were learned. The high sheriff of Gray county, who never misses a match stated positively that he wants Tex to win. Dr. Wallace and Mr. Atterberry favor the sailor. Otis Clingman wants the glory of the navy to be upheld.

The match is certain to be rough. It is doubtful if the referee will bar anything except one-finger and strange holds—it is doubtful if barring unnecessary roughness would do any good. Whether they like it or not, the fans are certain to smell blood, observe much slugging, biting and grimacing—that is, if Tex and Joe have not recently "got religion and joined the church."

## McLean Club to Entertain Women

The McLean club will be hostess to the county council of home demonstration clubs at McLean Tuesday, July 2. Representatives are expected to attend from Bluebonnet, Wayside, Laketon, Grandview and Alareed. A covered dish dinner has been arranged, and a special program for those who arrive in the morning. The afternoon will be devoted to county club work.

Mr. and Mrs. C. C. Boles, Mr. and Mrs. W. R. Warner, and Mr. and Mrs. Paul D. Hill will attend the rodeo in Canadian tomorrow.

IT'S A PITY TO BE FAT!

When tempted to over-indulge "Reach for a Lucky instead"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted" Your Throat Protection—against irritation—against cough

"In his famous book entitled "Foods For the Fat" Dr. Yorke-Davies gives this advice: "Any system for reducing fat will be of no avail if the patient persists in eating between meals." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgences, maintain a modern, graceful form.

### Wholesale Prices to Retail Customers Plan of Store

Handling a complete stock of ready-to-wear, suits, work clothing, men's furnishings, shoes, notions, clothing at wholesale prices to the retail trade, the "Wholesale Syndicate" located in the Rose building, first door south of the Amarillo Furniture company, will be opened for business on Saturday July 5.

Sid Tisseur of Dallas is manager of the store. Miss Allie Dyer, is buyer of women's ready-to-wear. The store will employ eight persons.

Many standard brands will be carried in stock, including Nunn-Bush shoes, Haynes underwear, Lead All work clothing, and Rubissac suits.

A novel feature of the new store is their policy of selling in lots at wholesale prices.

W. J. Smith left Wednesday on a business trip to New Mexico.

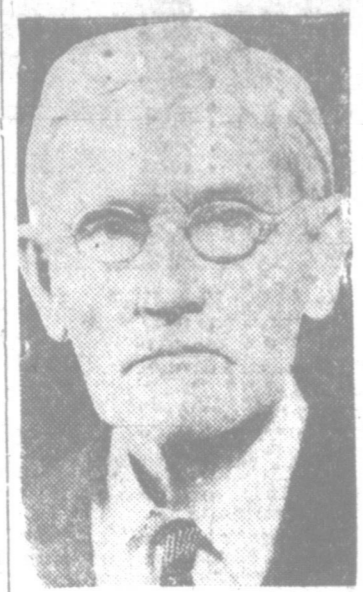

W. A. Coffee of Oklahoma City, with the L. T. Hill company, transacted business here Wednesday.

Miss Florence Bolar will spend the Fourth in Canadian.

through my back and always dosing myself for constipation made life miserable. Sargon drove every rheumatic pain out of my body, rid me of my other ailments and I'm a strong well man! It's easy to understand now why so many people praise Sargon.

"Sargon Pills put my liver in good shape and ended every trace of constipation, and that's more than any other laxative I ever took even began to do."—J. C. Piland, Box 582, Route 4, Fort Worth.

### CITATION BY PUBLICATION THE STATE OF TEXAS, To the Sheriff or any Constable of Gray County, Greeting:

YOU ARE HEREBY COMMANDED to summon Nicanor Reyes by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published there, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 114th District Court of Gray County, to be held at the Court House thereof, in Pampa, Texas, on the 4th Monday in July A. D., 1930, the same being the 28th day of July A. D., 1930, then and there to answer a petition filed in said Court on the 21st day of February A. D., 1930, in a suit numbered on the docket of said Court as No. 2339, wherein Anselma Mata Reyes is Plaintiff, and Nicanor Reyes is Defendant, and Nicanor Reyes is Plaintiff, and said petition alleging that plaintiff and defendant were lawfully married, and that defendant abandoned this plaintiff on or about the Month of November A. D., 1928; that during the time of his leaving this plaintiff treated plaintiff unkindly, harshly and cruelly, and due to such excesses of cruelty and harsh treatment of defendant toward plaintiff, and due to his failure to furnish plaintiff with the necessities of life, plaintiff seeks the dissolution of her marriage relations with defendant.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Pampa, Texas, this 26th day of June A. D., 1930.

CHARLIE THUT, Clerk, 114th District Court Gray County. By OLA GREGORY, Deputy.

### Happy Mother Enthusiastic About Konjola

Relates How New and Different Medicine Did Wonders for Her Little Boy of Twelve.

**HARMON GLAZE**

Results are what count, and Konjola can be counted on for results. Sufferers want relief, not promises. Konjola has made a matchless record simply because it does the things it is designed to do. Take, as a typical example of Konjola at work, the case of Harmon Glaze, 12, whose mother, Mrs. Annie Glaze, Route 4, Lonoke near Little Rock, Ark., says:

"My boy, Harmon, 12, had typhoid about five years ago, and his health since then was not good. He frequently had fever and had attacks of nausea. He had no desire to play and his appetite was poor. Nothing I gave him seemed to do any good. Konjola had helped me so much that I decided to give it to Harmon. Today, he is like a different person. He eats, sleeps, and plays like other children and is no longer subject to fever. I am still giving him Konjola for it has done so much for both of us."

So it goes; victory after victory wherever Konjola is given. The chance to prove its merits. You can put your faith in Konjola feeling that you will be rewarded abundantly.

Konjola is sold in Pampa, Texas, at the City Drug Store, and by all the best druggists in all towns throughout this entire section.
