McLean Special Road District Votes \$250,000 Bonds

SEVEN TO ONE BALLOT CAST IN TWO BOXES

Total Is 326 For and
Only Forty-four
Against

INTEREST HIGH IN SOUTH GRAY

Pampa Petition Going
Rounds For New
Call

(Special to The News.)

McLEAN, July 16.—In one of the heaviest votes ever cast in this precinct, South Gray county Saturday passed her \$250,000 bond issue by a vote of 326 for and 44 votes against.

McLean cast 255 ballots for the bonds and 2 against them, while in Alanreed, the only other box, the affirmative decision was 71 to 18. This vote of more than 7 to 1 for the bonds assures this community of many substantial improvements, including 16 miles of paved roads, three bridges, road machinery, and improvements on lateral roads. The paving will be on Highway No. 66.

There was much satisfaction expressed here tonight over the fact that the passage of the bonds will enable McLean to take advantage of the oil development that is coming this way. Particularly have the bridges been needed, and the paving will make bad weather less troublesome and eventually will connect with other paving on Highway 66.

The road bond question in the Pampa special road district again will be taken before the county commissioners in a special meeting tomorrow. Last week a petition for an election was virtually thrown out because of an error. An opposition petition was also in the hands of the commissioners.

A new petition believed to be correct was circulated yesterday.

Water Contract Extended, Includes Bond Projects

At a meeting of the city council Wednesday it was decided to extend the city's contract with McCall Engineering company to continue its work on the installation of the new water system for which the bonds were voted Tuesday.

H. C. McCall is in the city and this necessary material to start the extension work.

City Engineer A. H. Doucette expects the work to be finished in about two months' time, when water will be adequate to supply all parts of the city. New fire plugs will be added which will lower the fire hazards in Pampa.

This plan will prevent delays.

Women of Pampa Churches are Busy Raising Funds for Various Projects

The summer months find the ladies of the various churches of this city busy doing things worth while.

Women of the Christian church have been sewing for the local hospital, as well as for their orphan's home at Dallas. They have agreed to furnish a room at the Pampa hospital and will begin a campaign next week to raise the necessary funds.

Ladies of the Methodist church are also furnishing a room at the hospital, and have already raised \$200 by private subscription of the church members. The project will require another \$100.

Ladies of the Catholic denomination are raising money for a new church building with the "mile of

Rev. Baker Called By Local Church

The Rev. W. M. Baker, minister in charge of the local Presbyterian church, has been called to the Pampa pastorate, but has not given an answer.

Rev. Baker has been serving the church here since its organization, and until two weeks ago services were held in the Rex theatre, to which the church voted its thanks last Sunday.

The new church building is finished and regular services are being held there.

NEW HIGHWAY HEARING SET

Commissioners to Hear Request for Vote August 8

A new hearing for August 8 was set Monday by the county commissioners on the proposal to call a Pampa special road district election.

A petition containing 60 names was presented to the commissioners, and their action followed. The election likely will be ordered on the date set, for a time probably a little more than a month thereafter.

The recent hearing on the same matter resulted in the finding of an error in the petition, and a new petition was requested.

Roxana Well Is Making 500 Bbls. Following Shot

The Roxana Petroleum corporation's No. 3, Mrs. Phoebe Worley in section 39, block 3, was shot Wednesday with 240 quarts of nitro from 2,980 to 3,080 feet.

Before shooting, the well was making about 200 barrels a day, and after the shot the flow increased to over 500 barrels. The exact quantity is not known, as the company had some difficulty in connecting the gauge. It is in the Saunders extension.

The Empire Gas and Fuel company's No. 1 Saunders in section 40, block 3, is making 200 barrels a day at 3,113 feet. The company plans to shoot the well the first of next week.

Flash Lights Cause Unique Dance Effect

LONDON (AP)—Mrs. Charles Marshall, the American hostess of Grosvenor square, has introduced a novelty to London society.

During a dance she distributed flashlights to all her guests. The electric lighting system was turned off, and the ballroom then became a spectacle of tiny rays bobbing hither and thither.

Mrs. Marshall is the mother-in-law of Marshall Field of Chicago.

50 TEACHERS EMPLOYED FOR SCHOOLS HERE

High Quality Teaching
Assured, Asserts
Supt. Campbell

FEW PLACES YET UNFILLED

South Ward—Principal
and Librarian Are
Sought

Fifty teachers will take their places when schools of the Independent district open next fall. Practically all of these have been employed.

In the high school department will be Supt. R. C. Campbell; R. B. Fisher, principal; Bernice R. Whitely, English; Addie Lee Smith, English assistant; Frasier Taylor, history; Gladys Carter, history assistant; Oscar Dial, science and economics; Verde Dickey, mathematics and athletics coach; Harrison C. Platter, bookkeeping, commercial law, and mathematics; Louise Magee, stenography and mathematics assistant; Velora Reed, Latin and Spanish; Harriet Rieves, home economics; John L. Lester, vocational agriculture and hall study. Mr. Fisher will teach mathematics and assist in coaching.

At the central ward, for the intermediate grades, will be Byrd Whitely, English; Miss Beaty, arithmetic; Mable Campbell, reading; Ruth Barrett, history; Miss Baker, civics and health and Miss Calvin, geography and spelling.

In the central ward primary department will be Mrs. J. L. Lester, first grade; Lucy Nobles, second grade; and Lucy Herlacher, fourth grade.

In the intermediate grades are J. L. McKay, principal; Josephine Cariker, English; Louise Durrenberger, history; Irma Crowe, reading; Mrs. Strickland, civics and health; and Freda Dillon, geography and spelling.

For the primary department of the red building are Wilma Chapman, first grade; Miss Barnhart, second grade; Ruth Stalls, third grade; and Mrs. Anna Daniels, fourth grade.

Miss Mary Nail will have the first grade in the north shack, and Miss Laura V. Brown the second grade. Helen Anderson will teach the third grade and Mrs. J. W. Morris the fourth grade of the east shack.

The intermediate grades at the south ward will be taught by Mrs. J. B. Austin, English and spelling; Mrs. Helen Kullmann, reading and history; Mrs. L. K. Stout, geography and health; and Mrs. Stowell also likely will be assigned to work there. No principal and arithmetic instructor has been employed. The primary grades will be in charge of Mrs. Bradley, first grade; Mrs. Cockerill, second grade; Mrs. Alice Chilton, supply for first and second grades; Mrs. Ferguson, third grade; and Mrs. Sam Irwin, fourth grade.

Mattie Guinn will be principal at Kingsmill and Mrs. M. I. Goodfellow at Hoover.

Miss Leora Brown probably will teach a second grade, Harrison C. Platter, B. S., B. A., has been employed as a teacher of business administration.

Yet to be employed are the librarian for the central school, the principal of the South Pampa school, and the supervisor of penmanship and drawing.

A total of 50 teachers has been engaged, and, according to Supt. Campbell, an unusually large number of them have either college degrees or much special training for their work.

J. D. Wrather of Amarillo spent Saturday with his daughter, Mrs. George C. Walters.

Arthur and Otis Simmons, formerly of Pampa, and Jeff Adams were in the city Friday on a business trip.

FARM ACCOUNTING AS IMPORTANT AS MACHINERY, AUTHORITIES SAY

The pen is as mighty as the plowshare, the scientific farmer has learned.

By keeping dairies, inventories and profit and loss statements farmers can tell which crop yields the best on the "back forty", whether "Brown Bess" gives enough milk to pay for her keep and whether "Bub's" farming project ought to be chickens or pigs.

"Farmers always are confronted," says H. M. Dixon, in charge of federal farm management work, with the problem of determining what combinations of crops and livestock will pay best under individual situations. In this connection they have found that cost accounting points out means of increasing their profits and provides information for adjustment of their business to market demands.

"By keeping records of annual net worth and summaries of income from each source, expenses and receipts, the farmer is able to tell just where he has gained or lost and under what circumstances.

"Sometimes he has found that he received only half as much money on his livestock as their feed was worth. Systematized accounts detect such conditions and show minutely why a farm does or does not pay."

NO OPPOSITION TO RAILWAY IS MADE MONDAY

I. C. C. Hears Kell On Proposed Pampa Road

OIL, FARMING AREA SERVED

Another Hearing May Be Called Before Decision

Examiner Sullivan of the Interstate Commerce Commission heard Monday the application of the Clinton and Oklahoma Western for authority to extend its line from Cheyenne, Okla., to Pampa, a distance of 95 miles.

The application was not opposed. Frank Kell of Wichita Falls, president of the company, informed the commission that 85 per cent of the territory to be opened was suitable for agriculture.

Mr. Kell, who was here a few weeks ago, asked no support to his claim, and consequently the local Chamber of Commerce delayed presentation of its brief. Failure of opposition to appear before the commission gives an uncertainty to the probable next proceeding. Another hearing may be called before final action is taken, or a decision may be made by the commission after a private investigation of the needs along the proposed route.

Dallas Man Killed By Boat Propeller

DALLAS, July 21.—Grover Crabb, 80, city fireman, was killed last night when struck by the propeller of a motor boat at White Rock lake following the collision between the boat and a skiff.

The body was recovered today.

Mr. and Mrs. M. S. Wise were Amarillo visitors Sunday.

Scout Troops To Be Formed Soon; To Train Leaders

Growing interest is being manifested in the B. Scout drive now being completed in the city for the organization of troops here.

Thursday afternoon Otto Studer, chairman of the organization committee, held a meeting at the new Schneider hotel with his assistants to map out plans for organizing the troops.

W. H. Curry, chairman of the activities committee, has called his workers together for a meeting this afternoon to discuss plans for launching a community boys' training conference in Pampa for fathers and those interested in Boy Scout work. This school will be to train those who are willing to take a part in Scout work as Scout patrol leaders, assistants, and executives.

There is a wide field here for Scout work and much interest is being taken by the boys of Scout age in Pampa. Tom Nelson, Pampa area executive, is in the city and will form the troops before leaving here for other fields.

Mr. and Mrs. John Gray of Elk City, Okla., were in this city Friday on business.

O. W. Lyman of Chicago, Ill., was a business visitor in this city Saturday.

Ranger DeGraftenreid Charged With Intent to Kill Borger Man He Was Attempting to Arrest

Jack DeGraftenreid, Ranger private, is charged with assault with intent to kill and has been released on \$5,000 bond, the Pampa Daily News' correspondent in Borger said yesterday.

DeGraftenreid, whose family lives in Pampa, is charged with pistol-whipping W. H. Bates, whom he sought to arrest, and Bates' trousers also are said to

BALLOTING ON ISSUE NEARLY IS UNANIMOUS

Ratio Is 100 to 1 On
Water—216 Persons
Vote

WORK TO START WITHIN 60 DAYS

Council Will Meet To-
night To Perfect
Details

Pampa taxpayers Tuesday went to the polls with a single thought—to provide water and sewer facilities for the city—and the result was a remarkable example of unanimity.

The vote on the three propositions was as follows:

1. For water extensions, 209; against, 2.
2. For sewer extensions, 212; against, 4.
3. For refunding bonds, 210; against, 8.

A total of 216 votes were cast, and only eight ballots were mutilated. Voting was light up to 4 o'clock, but a late rush pushed the total above the 200-mark.

Tonight the city council will meet to canvass the election and go through the legal procedure of calling for bids and advertising the city work. City Engineer Doucette has practically all of the engineering specifications completed, and no delay is expected.

Several weeks ago the proposed bond issue was sold—conditional upon its passage—to the United States Bond company of Denver and Amarillo. The price was 6 per cent at par, and accrued interest. This company handled the \$125,000 issue of public improvement warrants, which by the third election proposition were converted into longtime bonds. The warrants were accepted as issued and no delay was occasioned at any time.

Advertising for bids on the sewer and water extensions will require a month, and contracts likely will be let in the next 45 days. The funds from the bond issue will be available by that time.

Before the snow flies, the sewer and water extensions will be well toward completion. Work on the water mains will be started first, because cold weather would hinder this construction but will not affect the laying of the sewer and the building of the two new disposal plants.

Water improvements will cost \$70,000 and sewer extensions \$160,000.

Issuance of bonds is based upon new city valuations of more than \$4,000,000, and bond buyers regard Pampa paper as the best obtainable in this area.

Eighteen Hurt When Train Leaves Rails

TRINIDAD, Colo., July 21.—Eighteen persons were injured, none seriously, when the Colorado Southern train No. 1 left the tracks at Branson here today.

Arkansas Hen Breaks World's Egg-Laying Record

(By The Associated Press.)
FAYETTEVILLE, Ark., July 21.—Establishing a new world record for egg laying, Lady Lindy of Inglenook, a single-comb white Leghorn, recently completed her marathon with a record of 149 consecutive days, in the 13th Egg Laying contest conducted by the Experiment Station, College of Agriculture, University of Arkansas. The new champion broke the former record of 441 consecutive days, established by a hen owned by Homer Collins of Ozark, Mo., entered in the National Egg-Laying contest at Mountain Grove, Mo., in 1925.

Lady Lindy is one of a pen of five hens entered in the university contest, and is officially listed as hen No. 367, Pen 28, in the contest which includes 30 pens of five hens, each entered by the poultrymen of the state. Dr. R. Stout, assistant professor of animal industry, is in charge of the annual affair, and is authority for the record made. The white Leghorn pullet's foundation stock came from D. Tankred, Kent, Wash.

The former Arkansas egg-laying record for consecutive days was held by the C. L. Moore and Son's white Leghorn of Rogers. She laid for 121 consecutive days in the 11th contest. In that contest the Moore hen was in a pen of five pullets that established a national production record of 1,472 eggs, the record based on the five highest hens in the pen.

Swollen, Red Eyes

LAVOPTIK MADE THEM WELL.
"My eyes were blood-shot and swollen. A few applications of LAVOPTIK removed all redness."—W. W. Wheeler.

LAVOPTIK is a mild, soothing antiseptic which helps eye pains and inflammation surprisingly quick. Makes tired and weak eyes feel strong and fresh. Pampa Drug Company.

NOTICE OF HEARING OF PETITION FOR BOND ELECTION

THE STATE OF TEXAS
COUNTY OF GRAY

To the Resident Property Taxpaying Voters of Pampa Road District, in Gray County, Texas:

Take notice that a hearing will be held before the Commissioners' Court of Gray County, Texas, at the court house of Gray County, Texas, at LeFors, at ten o'clock a. m. on the 8th day of August, 1927, of a petition presented to said Commissioners' Court by M. K. Brown and 59 other persons, resident property taxpaying voters of the Pampa Road District in Gray County, Texas, in obedience to an order entered by said Commissioners' Court on the 18th day of July, 1927, which is as follows:

ORDER SETTING PETITION DOWN FOR HEARING

THE STATE OF TEXAS
COUNTY OF GRAY

On this 18th day of July, 1927, the County Commissioners' Court of Gray County, Texas, was convened in special session at the regular meeting place thereof in the Court House at LeFors, Texas, with all the members of said Court present, viz:

T. M. Wolfe, County Judge.
C. W. Bowers, Commissioner Precinct No. 1.
W. A. Taylor, Commissioner Precinct No. 2.

M. M. Newman, Commissioner Precinct No. 4.
Charlie Thut, County Clerk.

When there was presented to said court the following petition of 60 resident property taxpaying voters of Pampa Road District of said County, to-wit:

THE STATE OF TEXAS

To the Honorable Commissioners' Court of Gray County, Texas:

We, the undersigned resident property taxpaying voters of Pampa Road District in Gray County, Texas, respectfully pray your Honorable Court to order an election to be held in and throughout said Pampa Road District of Gray County, Texas, to determine whether or not the bonds of said Pampa Road District of Gray County, Texas, shall be issued in the amount of \$400,000.00, bearing interest at the rate of 5 1-2 per cent per annum, and maturing at such time or times as may be deemed most expedient by the Commissioners' Court of said County, not later than thirty years from their date, for the purpose of construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said Pampa Road District of Gray County, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said road district subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Said Pampa Road District of Gray County, Texas, is situated wholly within said county and is described by metes and bounds as follows, to-wit:

Beginning at the Northwest corner of Gray County, located in Section 12, Block 3, of the H. & G. N. Ry. Co. Surveys; thence East with the North line of Gray County, about 15 1-2 miles to an intersection of the East line of Section 1 in said Block 3; thence South with the East line of said Block 3, 12 miles to the Southeast corner of Section 12, same being also the Southeast corner of said Block 3, and the Northeast corner of Section 1, Block B-2, of the H. & G. N. Ry. Co. Surveys; thence South with the East line of said Block B-2, 3 miles to the Southeast corner of Section 4 in said Block B-2; thence West 4 miles to the Southwest corner of Section 57 in said Block B-2; thence South 1-4 mile to the Southeast corner of Section 64 in said Block B-2; thence West about 11 1-2 miles to the point of intersection of the North line of Section 28, Block B-2, with the West line of Gray County; thence North with the West line of Gray County 15 miles to the place of beginning, said District containing approximately 330.02 square miles, or 147,214.6 acres of land, be the same more or less.

We further pray your Honorable Body to make expenditures from the funds derived from the sale of the

above bonds only on the roads in said road district scheduled as follows:

Highway No. 33, otherwise known as Southwest Trail, 14 miles.

Highway No. 33-A, otherwise known as Ft. Elliot Highway, 8 miles, from the City of Pampa to the Eastern edge of said road district.

Highway No. 88, otherwise known as Clarendon Highway, from a point where said highway intersects the Southern boundary line of said road district, the same being the Northeast corner of Survey 146 in Block B-2 of the lands originally granted to the H. & G. N. Ry. Co., four miles North to a point, the Northeast corner of Survey 109 in Block No. 3 of the lands originally granted to the H. & G. N. Ry. Co. in said county; thence leaving said Clarendon Highway one mile East with the Northern boundary line of Survey 108 in said Block 3; thence due North with the section lines to the City of Pampa, said road being about 9 1-2 miles in length.

A highway five miles in length beginning at the Northwest corner of survey 88 in said Block 3; thence East with section lines 2 1-2 miles to a point in the Northern boundary line of Survey 64 in said Block 3; thence South one-half mile to a point, the Southwest corner of the Northeast Quarter of said Survey 64, thence East two miles parallel with the Northern boundary lines of Surveys 62, 58 and 59 in said Block 3 to a point, the Northeast corner of the Southwest Quarter of Survey No. 40 in said Block 3.

Approximately 5 1-2 miles on what is commonly known as the Borger Highway leading West from the City of Pampa, beginning at a point in the Western boundary line of said road district, the same being the Northwest corner of Survey 175 in said Block 3; thence due East with section lines to the City of Pampa.

Dated this 12th day of July, A. D. 1927.

Signed by M. K. Brown and 59 other persons.

And it appearing to the Court that said Pampa Road District of Gray County, Texas, has heretofore been created and established by order of this Court and that said petition is in proper form and signed by the requisite number of property taxpaying voters;

It is therefore ordered by the Court that said petition be and the same is hereby set down for hearing before the Commissioners' Court of Gray County, Texas, and one at the Court House door of said County, at ten o'clock a. m. on the 8th day of August, 1927, which date is not less than fifteen, nor more than thirty days from the date of this order.

The Clerk of this Court shall forthwith issue a notice of such time and place of hearing, which notice shall inform all persons concerned of the time and place of hearing and of their right to appear at such hearing, and contend for or protest the ordering of such bond election, which notice shall consist of a copy of this order, including a copy of said petition, or shall contain the substance thereof. Said Clerk shall execute said notice by posting true copies thereof in three public places within said Pampa Road District of Gray County, Texas, and one at the Court House door of said County, which notices shall be posted at least ten days prior to the date of said hearing, and shall also cause such notice to be published in a newspaper of general circulation in said Pampa Road District, if a newspaper be published therein, one time at least five days prior to such hearing; and if no newspaper is published in such district, then such notice shall be published in some newspaper published in said County.

At such hearing, any person interested may appear before the Court in person or by Attorney and contend for or protest the calling of such proposed bond election, and it is understood that such hearing may be adjourned from day to day and time to time as the Court may deem necessary.

Passed by vote of three votes for its passage and no votes against its passage.

Given under my hand with the seal of the Commissioners' Court affixed this 18th day of July, 1927.

(SEAL) CHARLIE THUT,
County Clerk of Gray County, Texas, and Ex-Officio Clerk of the Commissioners' Court of said County.

225 Carloads Of Wheat Shipped, But Farmers Hold Third

About 225 cars of wheat, averaging 1,400 bushels to the car, have been shipped from Pampa this year, according to the estimates of grain dealers here.

Although harvesting has been completed, more than one-third of the grain is believed to be still in the hands of the farmers, and the elevators are practically full. Wheat prices have varied very little this season, the average price being \$1.25 per bushels.

The Gray county crop will average 12 bushels to the acre elevator men estimate. This is about one-third of the 1926 crop.

According to J. N. Beasley, Amarillo wholesale grain dealer the 1927 wheat crop in the Panhandle is 75 per cent normal, and the territory will produce at least 8,000,000 bushels. A production of 8,000,000 bushels at prevailing prices will bring \$10,000,000 of new money into the territory Mr. Beasley estimates. This amount will greatly stimulate business activities throughout the Panhandle.

Sharpe's Car Is Recovered In Joplin

C. H. Sharpe's automobile, stolen here July 5 from in front of the New Schneider hotel, has been recovered in Joplin, Mo., according to a message from officers there. The car was left in a Joplin garage.

The car was also reported to have been seen in Roswell, N. M., El Paso, and Little Rock, Ark. The tire cover, giving the name of the sales firm, had not been removed. Mr. Sharpe will send for the car this week.

White Deer police last night recovered the Chevrolet roadster owned by Fred E. Maynard, local man, which was stolen Friday night. The car was stolen from Foster avenue. It was not damaged while out of the owner's hands.

J. T. Elliott, deputy supervisor of the Amarillo district-Gas and Oil division of the railroad commission, is in the city today and Thursday. During the absence of J. M. MacDonald, who is on his vacation, Mr. Elliott will be in Pampa every Wednesday and Thursday.

Fifty New Phones Installed Here; New Directory Planned

Fifty new telephones have been installed in Pampa by the Southwestern Public Service company, the majority of which are in South Pampa.

The company is now able to supply anyone wishing telephones and expect to have 100 installed by August, when the names for the new telephone directory will be handed in for printing. Even if the phone is not in the residence by that date, an application in the hands of the company will cause the name and number to be in the phone book.

Additional cables have been strung in Pampa to accommodate all the telephones that will be installed for some time and the service will be improved in the near future.

Grover Morris of this city spent the week-end in Woodward, Okla., visiting relatives and friends.

American Legion Plans Rodeo For Next Labor Day

The American Legion is planning to have a rodeo in Pampa Labor Day, and at last night's meeting a committee was appointed to secure information and make plans for the event, which will last two days.

The members were also unanimous in their support of the Pampa Grays baseball club and intend taking a collection from the members to swell the tournament fund.

It was decided to assist the city in beautifying the block in which the new city hall and the Legion building are to be situated. The block will be cleaned up, grass planted and a fence built. A small park is being planned, with benches and trees at the rear and side of the proposed Legion and city hall.

GOOD WRITING IS
HARD TASKMASTER

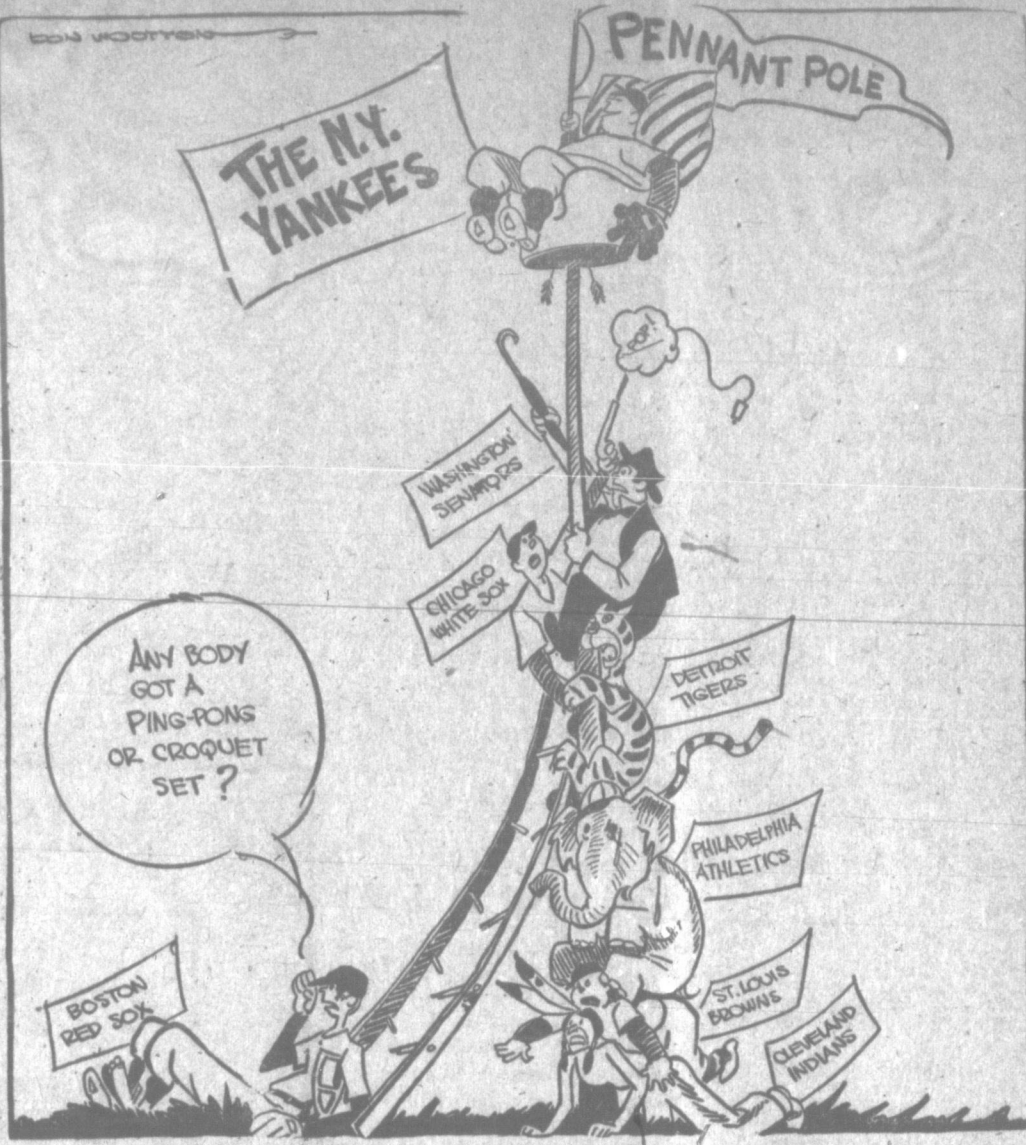

The Panhandle Penwomen are anxious to develop Panhandle writers. They don't like the fact that outside talent is beginning to exploit the Panhandle-Plains setting and to get all the credit. Besides, magazine articles about this section usually distort the facts and turn the light in the corners that we natives would like to keep out of the public gaze.

This is an admirable desire, but there are conditions which must be changed before this region can be properly represented by its own writers. About the only writers active on the Plains are the newspaper men and scattered club women. The country editor, giving most of his time to job printing and putting out his paper in spasmodic efforts covering two or three days of the week, is not likely to have the time or training to write literature. The daily newspaper man is similarly busy, and while he may have won occasional laurels with his pen, his purpose is not to create lasting arrangements of words. Newspaper men write their efforts not into permanent phrases, but in creation of better citizens, passing of bond issues for public improvements and in guiding and reflecting public thought. Like the school teachers, they can see their handiwork better than the general public, which not often appreciates the service rendered.

And those who have leisure must use it in more literary occupations than a fiction bridge to produce the literature desired; not that bridge is undesirable, but that writing is a hard master. The study clubs, often affiliated with a college which gives academic credit for completed courses of study, are doing a work that is producing results. The study club is a modern institution, and offers women of a community a chance for self betterment. Unfortunately, however, the number which will follow a course to its conclusion is small.

Another factor to be considered is the growing number of college trained young men and women who are returning to live in the Panhandle communities. Most of these have studied the world's literature, and should they continue their reading with the intention of writing, the desire of the Penwomen should be achieved. Panhandle people have good taste and being largely white American born individuals their literacy is high. But expression of territorial spirit in literature develops slowly. Its

The Champion Long Distance Flagpole Sitter

growth may be hastened by the activities of study clubs and writing clubs. The Penwomen do well to sound the desire for better fiction and feature writing by Panhandle residents.

REAL RADICAL HAS
WORLD BROTHERHOOD

Persecution, real or imagined, creates a brotherhood often closer than blood kinship. Persecution, to some people, means anything which defeats or hinders their desires, such, for example, as criticism.

The so-called radical finds no difficulty in sympathizing with any other, anywhere, who has been taken up by the law. The Sacco-Vanzetti case offers a good example. Not only are exhibitions and threats being made in this country, but American ambassadors and consuls throughout the world are endangered. Big demonstrations are being staged "in sympathy" in foreign countries. Occasionally a bomber sets off his weapon of venom at some consulate, trying to attract attention and help the cause of brethren in this country.

Anarchists and similar radicals act viciously over imaginary wrongs, but given a real one their indignation is prodigious in quantity. It may be that Sacco and Vanzetti are wrongly accused. They are not as dangerous as many of their sympathizers. Yet the facts should come out in the investigation being made and then justice should prevail. The men are voluntarily starving themselves to add fuel to the flames of passion in the minds of their kind.

Justice is the only weapon effective against factions such as this case brings into the news. Injustice and sympathy alike encourage them. Communications now make it possible for vicious cliques all over the world to profit by the ill fortune of their kind.

"TREELESS PLAINS" NOT
NECESSARILY TREELESS

Geographies of only a few years ago spoke of the Panhandle-Plains area as a treeless territory, adapted to grazing but, it was implied, of little use for anything else.

The pictures chosen to illustrate the subject matter were convincing evidence—showing barren ranch scenes with a few cattle scattered about. Later books are including farm scenes, especially of the type showing grain crops.

But it is true that the days of trees on the Plains proper are hundreds, perhaps thousands of years past. The oil, which is of animal and plant origin, is buried virtually to the level of the original inland sea which was this region. Fortunately, however, a deep, fertile soil throughout the Plains area will support trees, and not far below the surface is an abundant supply of necessary good water.

Trees are not desirable, necessarily, as timber or perhaps as wood lots, but from the standpoint of beautifying Plains cities there is no substitute. Pampa needs a tree-planting campaign and it is not too early to begin plans for one. With paving, white way, and other public improvements going forward, the private homes, many of them new, should keep pace by planting trees and shrubs and giving them the water necessary for life. A city of trees cannot be ugly, and greenness is a distinct civic asset.

Those who made the All-Texas Special tour have reported their astonishment at the immense sums being used to keep up and develop parks. Millions are thus being used, and the "keep off the grass" signs are going out of style; the grass is placed to enjoy.

Within a few years Pampa expects to develop the admirably located city block upon which the new city hall will be located. That should be designated as a landscape which will be the principal beauty

spot of the business district. Ultimately, perhaps, it may be the location of a city auditorium, women's rest room, organization rooms, public library, and small park. One has only to recall similar beauty spots in other cities to visualize this development.

Let's begin an all-city beautification program by not only cleaning and painting up, but by planting trees for the beauty of the future Pampa.

EDUCATIONAL IDEALS
ARE RAPIDLY CHANGING

Modern education is influenced by two great factors; training in health and training in the art of making an honest living by use of the hands.

Only a few years ago the curriculum contained only the names of the bones of the body, the function of the organs, and the way the blood circulates. Little was taught about health problems except dental hygiene and practical health training was little considered. A highly defective student might sit in the class and never have his own troubles diagnosed. His eyes might be strained, his teeth decayed, and his tonsils rotten, but if he washed his teeth and sat up straight there would be no complaint.

Health education of today, as it exists in the larger schools, really means the bringing up of the pupils as healthy individuals. They are examined and corrective treatments are given. And while athletics has too far developed as a competitive sport, yet the gymnasium is becoming more of an educational center, and in it many are finding ways to permanent health. Women, as well as men, are being taken in hand and taught valuable exercises and physical facts.

That same oldtime education, excellent in emphasizing fundamentals—the three r's—failed, however, to the extent that it discouraged use of the hands for gainful employment and glorified the white collar job. There is growing senti-

WHY AMENDMENT IS
DANGER TO PAMPA

It is unfortunate, in connection with the proposed constitutional tax amendment that many of those for it are thinking not of the wording of the amendment itself, but of an imaginary bill which they desire to have passed under its provisions. In other words, in giving the Legislature the powers to pass such a bill, the gates would be let down on many other kinds of measures, which might be very detrimental to parts of the state.

The author of the tax amendment is J. W. Stevenson, state representative from the Victoria district. Mr. Stevenson, being a Legislator, sees in his amendment authorization of a bill which would be a tax reform. But as to its application, that is not so simple. There is no assurance that such a bill would be passed. For example, Stevenson says: "There are two most important sources of taxation. One is tangible property. Tangible property is what you can see, and you can see everything about the farm, the ranch and the home.

"Intangible property is invisible; that is, business value, the value of the privilege of public service corporations—in other words, practically everything out of which big money is now made. It is this intangible stuff I want to reach and I want the taxes from it to go to the state so that the counties can rely on the ad valorem tax on physical property, and create their own taxable values without one county doing an injustice to another county by different scales of taxation."

Where does this logic break down? First, it is a plain admission that in counties like Gray the railroad, public utility, pipeline and oil corporations, which are concentrated around Pampa, would be taxed "for state purposes only." Does not Stevenson admit too much when he says "practically everything out of which big money is made?"

Pampa is the oil center. Oil is a big industry and most of the companies following it find corporation expedient. These big industries, by bringing many people here, have placed a responsibility upon the community, of which their employees are a part. Roads, schools, paving, sewer, waterworks—these are necessities. Stevenson would leave the burden on Pampa and yet take away the tax on the very cause of the demands of progress. Stevenson is not thinking of these results; his mind is on the old counties of other parts of the state, where public improvements are not so much needed and taxes on small properties are sufficient for most needs.

Moreover, in practical application, the amendment would force counties to lobby to protect their valuations from "separation for state purposes only." The lobbyists would outnumber the Legislators that Austin hotels would not accommodate the crowds. Counties of varying development would oppose each other.

And as for the lowering of farm and home taxes, it appears that if the heavy corporate properties are removed from local assessment the valuations of all remaining property must be hiked to restore the proper ratio between the bonded indebtedness and the assessments. In order to build good roads for oil field use, Gray county would have to force the small property owner to pay the cost, while the state would reap the harvest of taxes from the big corporations of this community. The danger is so obvious that Gray county and the Panhandle should vote solidly against an amendment fraught with so many possibilities inimical to our interests.

TWINKLES

An idea with some people is a long sermon; to others the beginning of a flood of unrelated words; and a few people can state the thing in a few sentences or a verse of poetry.

Mad Indians are scalping cattle in California, which is some better than the former custom in scalping.

Sharkey fans are at least better informed than Dempsey fans, knowing their favorite and the former champion, too.

SALARY AMENDMENT IS
BELIEVED IN ERROR

Advance predictions are that the amendments abolishing the county fee system and reforming the judiciary will pass in the election of August 1 unless they are overwhelmed in the opposition to the tax amendment, which would let down the bars for all kinds of revenue schemes.

A fourth amendment proposes "removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

Obviously, state officers are meant, or at least many persons were led to believe that was the meaning when the amendment was before the Legislature. Yet in section 30A of the amendment it says "all provisions of the present Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed."

In other words, the omission of the word "state" before the word "officers" above will prevent the amendment's covering many \$2,000 a year men, such as state treasurer, comptroller, and others. Representative John F. Wallace asserts that to carry the meaning intended the amendment should have read "state officers and members of the Legislature."

The governor's salary can be raised to \$10,000 because it is specifically mentioned. A maximum of \$1,500 is set for the compensation of members of the Legislature, and may be paid them whether they meet or not. The raise in the governor's salary will be generally favored, as will adequate pay for legislators, although it will occur to some that pay should be scaled to days of service in any given year.

It is regrettable that the amendment should be defective, for it has desirable provisions. Yet the voters have the choice of defeating the proposal or passing it with incomplete provisions and no details as to the giving of salaries under the maximum set.

It appears very much like the Legislature reads a Marvin Jones to suggest corrections on proposed amendments.

Crash of Oil Company Involves Millions

Above is shown the field where the Julian Petroleum Corporation brought in its greatest producing wells. Lower, left to right—C. C. Julian, S. C. Lewis and Charles Stern.

LOS ANGELES, July 21. (AP)—Receivership proceedings that threw the Julian Petroleum corporation into the courts, developed into a so-called "\$100,000,000 stock scandal."

Prominent business men of the southwest are among those indicted on various charges, including usury, conspiracy to defraud and illegal acceptance by bankers of bonuses for making loans.

The defendants include men well known in banking, brokerage and insurance and the motion picture and oil industries. Among them are C. C. Julian, organizer and first president of the Julian corporation; S. C. Lewis, who succeeded him as president, and Charles F. Stern, president of the Pacific Southwest

Ladies Aid Plans Work

The Ladies Aid society met Wednesday afternoon at the Christian church with Mrs. Hugh Isbell and Mrs. Jas. Todd Jr., as hostesses. Mrs. Isbell presided over the business session, and plans were made for the summer work.

Mrs. H. J. Lippold was appointed reporter of the society. At the close of the meeting delicious refreshments were served to the 11 members present.

Mr. and Mrs. Back Entertain Friends

Mr. and Mrs. Jack Back entertained a number of friends Monday evening with a farewell dinner honoring Mr. A. Hubbs, who is leaving today for Cameron, West Va.

The guests included Mr. and Mrs. James Marie, Mr. and Mrs. Will Seitz, Mr. and Mrs. J. E. Wright, Mrs. Ida Watson, Miss Carrie Watson and the honor guest, Mr. Hubbs.

Miss Mabel Davis Is Hostess

Miss Mabel Davis very charmingly entertained a number of friends Monday evening at her home.

Three tables were arranged for bridge. Miss Wilma Chapman won high score prize for the ladies and William Gould for the men. Miss Jewel Flannigan received consolation.

After several interesting games, an enjoyable ice course with punch was served to Mr. and Mrs. F. Morton, Miss Bernice Chapman, Miss Margaret Schmidt, Miss Jewel Flannigan, Miss Wilma Chapman and M. L. Middleton, William Gould, William Raser, Tom Simmons and Herb Henry.

Mrs. Dodson Honors Mother and Friends

Mrs. J. M. Dodson honored her mother, Mrs. Florence Wilson of Claude, and Mrs. Ira Webster of Brownsville with a one-o'clock luncheon Friday afternoon, at the Dodson home.

Besides the honorees, the guests included Mrs. W. Purviance, Mrs. R. C. Campbell, and Mrs. Marion Howard.

Mr. and Mrs. James Logan returned to this city Sunday from California.

SOCIAL NEWS

By MRS. J. M. SMITH, Jr. PHONE 72

Mrs. I. N. White, Mrs. C. P. Ledrick, and Miss Elizabeth Corson returned Wednesday from a visit with relatives and friends at Higgins, Canadian and Miami.

Miss Virginia Thomas of Weatherford, Okla., is visiting her cousin, Yvonne Thomas in this city.

Mr. and Mrs. J. E. Morgan and children returned Wednesday from Tulsa and other points in Oklahoma.

Mrs. W. A. Stuckey and Mrs. Grace Higgins left Thursday morning for their home in Wichita Falls.

Mrs. C. W. Lawrence and son, Vernon, and Albert Doucette, Jr., were Amarillo visitors Thursday.

Mrs. C. T. Hunkapillar and Miss Eloise Van Kirk returned Wednesday evening from a short visit with relatives and friends in Amarillo.

Mrs. P. B. Carlson was an Amarillo visitor today.

Mr. and Mrs. W. F. Clausing have returned from a visit with relatives in Tulsa, Okla.

L. N. Ballew has gone to Eldorado and Oklahoma City on a vacation trip.

Mr. and Mrs. J. O. Marie were Canadian visitors today.

N. W. Adams left Tuesday on a business trip to the Odessa oil field.

J. B. Brown returned Wednesday night from Marshfield, Mo., where he attended the funeral of his father. Mr. Brown is connected with the Hammed Dry Goods company.

Mrs. Lanett Bird of Los Angeles, Calif., is visiting her aunt, Mrs. W. A. Gray of this city.

Miss Velora Reed left Wednesday for her home at Anadarko, Okla., to visit her parents.

Mrs. Frankie Shugart of Panhandle was in this city on business Wednesday. She will return here Monday to accept a position with the Mitchell store.

Mr. and Mrs. W. P. Masters were Amarillo visitors today.

Mrs. W. L. Wilson and daughters left Thursday morning for their home in Sweetwater, after visiting Miss Ruth Hill in this city.

Mrs. J. H. Coffee of White Deer was shopping in Pampa Thursday.

C. F. Anderson and H. E. Beese of Oklahoma City, were in this city Wednesday on business.

Mrs. Grace Roby, Mrs. Joe Lewis, and Miss Emma Lasater were Amarillo visitors today.

Mr. and Mrs. Siler Faulkner, and Mr. and Mrs. Henry Thut returned Wednesday from Kerrville, where they visited Siler Faulkner, Jr., at the Stuart's Boys camp.

Making Woman's Work Easier Aim of Home Equipment Survey

OAKLAND, Neb. (AP)—A Nebraska farm woman, with plumbing facilities available at her very door, carries water 400 feet for the family washing—200 feet from the well to the house for heating it and 200 feet back to the wash house by the well.

This is one of a number of findings made to the people of Nebraska through the home equipment survey, which the General Federation of Women's Clubs has just completed. Nebraska was the first state to complete its survey. It was also the first to get under way the campaign for the improvement of conditions and the raising of standards of living within the state.

Mrs. William E. Minter of Oakland, president of the Nebraska Federation of Women's Clubs, is the moving spirit in Nebraska's campaign for better homes. She has developed a program into which she has drawn cooperation and assistance from public utilities companies, the state agricultural college and other institutions and organizations.

"The day is at hand," said Mrs. Minter, "when the conservation of woman power will become as vital a consideration as the piping of water to the chicken yard, the hog lot and the barn."

Missionary Society Has a Lesson

The Woman's Missionary society of the Methodist church met Wednesday afternoon at the home of Mrs. O. W. Ferguson, with Mrs. C. C. Dodd, Mrs. Kygar and Mrs. Wehling as assistant hostesses.

The lesson was taken from the Missionary Voice, and was lead by the president, Mrs. W. Purviance, with special topics by Mrs. H. F. Barnhart and Mrs. J. Burgess.

A short business session was held followed by a social hour, during which time delicious refreshments of sherbet, cake and ice tea were served the 30 present.

Disagreement over the price of oranges yesterday culminated in a neighborhood riot in Chicago's West Side, which ended only after two men and a woman had been shot.

Underwood-McKay Wedding Announced

Miss Daphne Pauline Underwood and William McKay were united in marriage Friday evening at 8:30 o'clock by the Rev. D. D. McSkimming at the home of the latter.

Mrs. McKay has been employed at the post office for several months and has many friends in this city. She is an enthusiastic worker in the Presbyterian church.

Mr. McKay is employed by the Wilcox Oil company here and is a well known athlete, playing first base with the Oilers.

The couple will make their home in this city.

Virginia Rose Entertains Friends

Virginia Rose entertained a number of friends Wednesday afternoon at her home in East Pampa with "42" as the favored diversion.

After several interesting games refreshments of punch, sandwiches and salad were served the following girls: Dorothy Doucette, Frances Campbell, Eloise Lane, Yvonne Thomas, Virginia Thomas, Wanda and Pauline Barnard, Mary Ellen Cook, Esther Stark, Cenita Spurlock, Dary Meador and Mary McCamy.

W. M. U. Hears Rev. Truhitte

The W. M. U. held their regular monthly business meeting at the Baptist church Wednesday afternoon with the president, Mrs. John McCamy, presiding.

Rev. Truhitte gave a talk relative to the local church paper. Special music was rendered by Mrs. Gilstrap and Mrs. Sark. The ladies voted to give \$25.00 from the W. M. U. fund to the colored Baptist church of this city. About 35 persons attended the meeting.

Miss Bessie Jackson and Miss Elizabeth Hayter have returned to their homes in Fort Worth and Dallas after a week's visit with Mr. and Mrs. John Henry.

Local Man Weds Lubbock Girl

Bernard Schmidt son of Mr. and Mrs. J. F. Schmidt of this city, and Miss Thelma Hastings of Lubbock, were united in marriage at the Baptist parsonage in Lubbock, Monday, July 11.

Mrs. Smith is associated with the Lubbock Clinic. Mr. Schmidt has been a resident of this city for the past ten years, and has attended Texas Tech the last two years. The couple left immediately for a wedding trip to Colorado. Upon their return they will make their home at Lubbock.

Missionary Society To Study Voice

The women's Missionary Society of the Methodist church will meet with Mrs. O. W. Ferguson next Wednesday afternoon at 3 o'clock for a business and social session.

The voice lesson also will be presented at this time. The following is the program:

Hymn, "Jesus Calls Us".
Bible study, "A Call to Repentance," Joel 2:13.
Prayer by Mrs. Tom Brabham.
Leader, Mrs. W. Purviance.
Topic, A report of our foreign mission enterprises, Mrs. H. E. Barnhart, Mrs. J. G. Burgess and Mrs. J. E. Ward.

Mrs. Don Davis Entertains Friends

Mrs. Don C. Davis delightfully entertained a number of friends Friday afternoon at the Adams hotel. Three tables were arranged for bridge on the mezzanine floor.

High score was won by Mrs. William Lang, and consolation by Mrs. James Ensign. After several games, an enjoyable ice course was served the following: Mrs. Raymond Hartell, Mrs. Carl Taylor, Mrs. W. Lang, Mrs. Kelly Holt, Mrs. G. W. Thomas, Mrs. C. M. Carlock, Mrs. James Ensign, Mrs. Harry Younger, Mrs. McMillan, Mrs. Chas. E. Orr, the latter of Dallas, and Mrs. Lyons of Fort Collins, Colo.

Mr. and Mrs. L. A. Dennison left Saturday by motor for a visit with relatives and friends at Los Angeles, Calif. They expect to be gone two weeks. Mr. Dennison is with the Oil Well Supply company.

SECOND SHEETS

A GOOD QUALITY SECOND SHEET IN BOTH

CANARY and WHITE REGULAR LETTERHEAD SIZE

We have secured several thousand good grade second sheets in the two most wanted colors, Canary and White, and can supply them at an unusually low price.

Take this opportunity to get your supply of second sheets for the next few months at these low prices.

Pampa Daily News

NOTICE

By making publication of the hereinafter set out ordinance notice is given of all matters and facts therein contained, which said ordinance is as follows, to-wit:

Ordinance determining to assess a part of the cost of improving portions of Francis Avenue and sundry streets and avenues in the City of Pampa, Texas, against abutting property and the owners thereof, adopting engineer's rolls, providing for notice of hearing and hearing and declaring an emergency.

Whereas, the City Council of the City of Pampa has heretofore ordered that the following portions of streets and avenues in said City be improved by raising, grading and filling, and installing concrete curbs and gutters, and paving with three inch Vertical Fibre Brick on 5 inch Concrete Base, with necessary incidentals and appurtenances, and in accordance with the plans now on file with the City and in accordance with the specifications therefore attached to the contract between said City and Stuckey Construction Company hereinafter referred to, said portions of streets and avenues being as follows, to-wit:

Francis Avenue, from its intersection with the West property line of Cuyler Street to its intersection with the West property line of Frost Street, known and designated as Unit or District No. 8.

Frost Street from its intersection with the South property line of Kingsmill Avenue, to its intersection with the North property line of Foster Avenue, known and designated as Unit or District No. 9.

Frost Street, from its intersection with the South property line of Foster Avenue to its intersection with the North property line of Atchison Avenue, known and designated as Unit or District No. 10.

Atchison Avenue, from its intersection with the West property line of Frost Street to its intersection with the East property line of the alley

between Cuyler street and Russell Street, known and designated as Unit or District No. 11.

Russell Street, from its intersection with the South property line of Foster Avenue to its intersection with the North property line of Atchison Avenue, known and designated as Unit or District No. 12.

Foster Avenue, from its intersection with the East property line of Somerville Street to its intersection with the East property line of Gray Street, known and designated as Unit or District No. 13.

Foster Avenue, from its intersection with the West property line of the alley between Cuyler Street and Ballard Street to its intersection with the West property line of Ballard Street, known and designated as Unit or District No. 14.

Ballard Street, from its intersection with the North property line of Kingsmill Avenue to its intersection with the North property line of Atchison Avenue, known and designated as Unit or District No. 15.

Kingsmill Avenue, from its intersection with the West property line of the alley between Cuyler Street and Ballard Street to the West property line of Ballard Street, known and designated as Unit or District No. 16.

Kingsmill Avenue, from its intersection with the East property line of the alley between Cuyler Street and Russell Street to its intersection with the West property line of Frost Street, known and designated as Unit or District No. 17.

Atchison Avenue, from its intersection with the West property line of the alley between Cuyler Street and Ballard Street, to its intersection with the East property line of Ballard Street, known and designated as Unit or District No. 18, and

Whereas, contract was let and entered into with Stuckey Construction Company for the making and construction of such improvements, and the City Engineer has prepared and filed rolls or statements concerning

the improvements and assessments therefor in each unit, and same have been examined and all errors found therein by the City Council corrected; and,

WHEREAS, the City Council has determined to assess a portion of the cost of such improvements against the owners of property abutting thereon, and against such property;

Now, therefore, be it ordained by the City Council of the City of Pampa, Texas; that,

I. The City Council of the City of Pampa, Texas, does hereby determine to assess a portion of the cost of said improvements on said portions of streets against abutting property thereon and against the owners of such property, said assessments to be levied in exercise of the powers granted by Charter and by Articles 1085 to 1096, both inclusive, and Articles 1104 and 1105 of the Revised Civil Statutes of the State of Texas, of 1925, heretofore adopted by this City.

II. Said rolls or statements, as corrected, be and the same are hereby adopted and approved.

III. Assessments when levied shall be and constitute the first enforceable lien and claim on the property against which such assessments are levied, superior in all respects to all other liens and claims, except state, county and municipal taxes, and shall also be a personal liability and charge against the real and true owners thereof. The descriptions of the parcels and tracts of the abutting property, the several amounts proposed to be assessed against such parcels of property, and the owners thereof, the total estimated cost of improvements in each district the total amount proposed to be assessed against each parcel of property, and other matters and things as shown on said rolls or statements being as follows, to-wit:
