Miss Phyllis Mosier Weds Gaylon Dickey

Miss Phyllis Coralynne Mosier and Gaylon Edward Dickey were married on Friday, June 7 at 7 P.M. in the Fairmount United Methodist Church in Abilene, Texas; the Reverend Ralph Odom, officiating.

Phyllis is the daughter of Mr. and Mrs. V.A. Mosier of Deming, New Mexico. The mother of the bridegroom is Mrs. Ruth Dickey, 2617 Marshal St.--Abilene, Texas.

Escorted down the aisle by her father--the bride wore a floor-length gown--made of crystal miramist--over organza and was accented with venice lace. The scooped sabina neckline and lantern style sleeves were edged in lace. The fitted bodice of solid venice lace was sewn to a full skirt. The attached chapel length train was framed in swallowed venice lace and a ruffide flounce. The elbo length veil with lace and pearls accented the headpiece.

She carried two dozen pink breath and long white streamers.

The matron of honor, Mrs. Peter J. Wong, of San Antonio, sister of the bride wore a pink crepe gown with lace and velvet trim. Her pink picture hat was also trimmed in velvet--she carried a bouquet of pink daisies and babybreath--accent-

ed with pink satin streamers.

Flower girl was Tara Mosier, niece of the bride, of Deming N.M. She wore a floor length white dotted swiss dress and carried a white basket filled with pink and white daisies. Michael Wong, ring bearer, wore a black tuxedo.

Charles Dickey, brother of the groom, was organist. He was attired in a tuxedo--black pants--white coat--white ruffled shirt and black velvet tie. He played the traditional wedding march Lohengrin by Wagon--UnSuspiro by Franz Liszt--Exit music was Jesu Joy of Man's Desiring by Bach.

The groom was attended by Clark Shirey of Abilene. They wore tuxedos--black pants, blue coats trimmed with velvet lapels white ruffled shirts and velvet black ties. Gaylon wore a single pink rose in his lapel. Morris Johnson and Alan Lud-

ington--wearing black tuxedos--seated guest and lighted the candles.

The couple exchanged vows before an alter of pinkgladiolas and white mums with green fern and white candelabras.

Mrs. Mosier, mother of the bride wore a lavender crepe full length gown with white lace

Car Totaled By Truck

Mmes. Inez Williams, Midland, Gwenth Meadow, San Antonio, Clara Johnson, Snyder, and Lillie Johnson of Midland were in a car-truck wreck Wednesday June 12. They had been to Monahans visiting Mrs. Vie Moore and started back to Midland about 2:30 P.M. when a large truck hit them from behind. All four women were taken to the Monahans hospital. Gwenth and Clara were treated and released. Inez suffered three broken ribs, but was released Wednesday night. Lillie Johnson who was driving, remains in Midland hospital for observation of internal bruises. The car in which the four women were traveling was completely totaled.

Youth Drowns

The fire departments from several surrounding towns are dragging Lake J.B. Thomas for a seventeen year old boy from Big Spring that drown Sunday.

There were no other details at press time.

Area Man Drowns

Ronald Martin drowned Sunday morning, June 16, in the Sam Rayburn Reservoir in East Texas. Ronald died while in a boating mishap at approximately 7:00 a.m. It is assumed that he drowned while attempting to recover fishing equipment that had been dropped overboard.

Ronald is survived by his wife Carol, one daughter, Tawania, age 6; and one son, Shannon, age 3. His parents, Mr. and Mrs. Ralph Martin of Borden County, Texas, and three sisters; Jo Ann, a student at Texas Tech, Mrs. Bobby Owen of Lubbock, and Mrs. Weldon Fannon of New Castle, Oklahoma.

The Ronald Martins had made their home in Center, Texas for the past five years. Ronald was a Certified Public Accountant and was employed by the Rite Care Company.

Last rites were given in the First Baptist Church in Center Texas on Tuesday, June 18 at 10:00 a.m. A memorial service was also held in the Gail Baptist Church at 10:00 a.m.

Churches Form Bible Study

This last Thursday the youth group traveled to Gail Mountain for their service. We had 66 youth attending from all around. Tech students from Lubbock and the Post youth joined in the meeting as well as the Gail people. It is a great blessing and all ya'll come to the next one. Friday, June 21, 8:00 p.m. at the Posse Building.

There will be a non-denominational Bible study for all interested people, Thursday, June 20. The meeting will be at the Posse Building at 8:00 P.M. David Briggs will lead the group in this community venture. BRING YOUR BIBLES!!!

Wonderful West Texas

Texas history from a century ago and scenery shaped through the ages dominate the vacation opportunities of Far West Texas, that region rolling west of the Hill Country to El Paso.

And today's 55 mph speed limit stretches the fuel far enough to see it all: the Sonora Caverns, Langtry, Big Bend,

restored old Fort Davis, and Guadalupe National Park and El Capitan.

These and more than five dozen travel stops are mentioned in the new 'Wonderful West Texas Fun and Adventure Map' says J. Fike Godfrey, executive vice president of the West Texas Chamber of Commerce.

Sonora Caverns, best known of the Edwards Plateau caves, was discovered only in 1961.

Langtry is the home of Judge Roy Bean's frontier court and an attractive Texas Highway Department tourist information center. It shares the Rio Grande region with Amistad (Friendship) Reservoir and the Texas-Mexico towns of Del Rio and Ciudad Acuna.

Up river is Big Bend, one of Texas two national parks, a blend of desert and mountains, horseback trails and house trailers, and the canyon waters of Santa Elena, Mariscal and Boquillas.

Plenteous air currents make Marfa the site in early summer of the national sail plane meet. Twenty-one miles north, 19th Century Fort Davis isn't far from the 20th Century's McDonald Observatory, both open to the public.

The Texas Highway Department also recommends a scenic 74 mile drive, looping through the Davis Mountains.

More mountains lie across Interstate 10 between Van Horn and Ysleta, location the Tigua Indian Reservation, the only one in West Texas.

PUBLIC HEARING NOTICE
A Hearing Commission of the Texas Water Quality Board will hold a public hearing beginning at 1:00 A.M. July 15, 1974 in the Council Chamber 1974 in the Council Chamber Abilene, Texas, in order to consider evidence relative to the Waste Load Evaluations for the following segments:

Segment No. 1232-Clear Fork Brazos River, Segment No. 1236 -Lake Fort Phantom Hill Segment No. 1239- White River-Salt Fork Brazos River confluence to White River dam Segment No. 1240-White River Lake, Segment No. 1241-Double Mountain Fork Brazos River-Salt Fork Brazos River Confluence to North Fork Double Mountain Fork Brazos River confluence, Segment No. 1413-Lake J.B. Thomas (Colorado River Basin)
The evaluations have been made pursuant to Title 40, Code of Federal Regulations, Part 130, Sections 130.24, 130.25, and 130.26, and the State of Texas Continuing Planning Process which requires a waste load allocation for those segments classified as water quality limiting. Segments classified as water quality segments are defined as those segments in which the measured instream quality does not meet the Texas Water Quality Standards.

The Purpose of the Waste Load Evaluation is to define waste treatment levels that will result in the stream segment meeting applicable stream standards. The general approach followed is: a) described the stream segment, b) define the water quality problem, c) calculate the segment assimilative capacity, d) define the localized assimilative capacity by mathematical modeling, and e) establish acceptable waste discharges and schedules of implementation.

Copies of the evaluations are available upon request. Persons having questions or desiring to make comments in regard to this matter may contact Mr. Jerry Mullican, Administrative Operations Division, Texas Water Quality Board, p.o. box 13246 Capital Station, Austin, Texas 78711; telephone (512) 475-3454. This hearing may be continued if necessary.

Issued this 10th day of June, 1974.

and treat all wounds," Meadows says.

Until the beginning of May, only 282 of the flesh-eating worm cases had been identified in the Lone Star State.

Only 54 positive cases were reported by the Mission Lab in May, 1973.

With in the past several weeks, Cottle County, in the Rolling Plains area near the Oklahoma line, recorded two screwworm cases, first for the season there. New cases also have been confirmed recently in El Paso, Reagan, Reeves and Crane Counties in the Trans-Pecos and far West Texas areas.

Earlier, cases had moved north from the Hill Country to Concho, Runnels, and Haskell Counties, which probably accounts for the cases now occurring in Cattle," says Meadows.

Non-screwworm samples submitted by producers dipped somewhat in May.

With the Gulf Coast ticks create additional worm problems especially the southern portion of Texas, all producers should join in the battle against screwworms, adds Meadows.

To make the battle more effective, producers should carefully check animals regularly for wounds, submit samples from worms found in wounds, treat all wounds, and spray or dip livestock on a regular basis.

LEADERSHIP LAB

Eight Borden County 4-H'ers are attending the District 2 Leadership Lab at South Plains College, Levelland.

The Lab will stress growth through 4-H by human relations, citizenship, careers, and leadership.

The youth will participate in group meetings, flag ceremonies, swimming, active sports and evening ceremonies.

Those attending the lab are Lesa Hensley, Martha Anderson, Lisa McLeroy, Rhessa Wolf, Philena Farmer, Richard Long, Ted Johnson & Matt Farmer. Also accompanying the 4-H'ers are Lesa Hensley and Matt Farmer.

CROP REPORT

In early July, over 24,000 Texas farmers will receive an acreage and production questionnaire from Charles Caudill, Agricultural Statistician for the Texas Crop and Livestock Reporting Service, Austin, Texas.

Information from this survey will be used to determine harvested acreage and production of early harvested crops for the state of Texas and for each county. There are 254 counties in Texas, and reports are needed from many farmers so that each county will be well represented. Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas agriculture.

The Texas Legislature has provided a program of estimates for each county. Texas covers such a wide area that state totals alone do not provide adequate information on Texas' most basic industry--agriculture. This is a cooperative effort of USDA's Statistical Reporting Service and the Texas Department of Agriculture.

SCREWWORMS

COLLEGE STATION--Screwworm cases are continuing their northward trek across Texas, and producers are reminded to re-double their efforts against the costly livestock pest.

'Texas has just recorded 590 positive cases in May, or 67 per cent of the total cases it has experienced this year to date,' says Dr. M.E. Meadows, Jr., veterinarian in charge of the Southwest Screwworm Eradication Program at Mission.

'With rains received over a number of areas recently, the moisture is expected to increase the opportunities for more worm cases, unless producers really watch their animal

as adult leaders are Vickie Newton and Earnest Kiker, County Agent.

SUMMER HELP

'The summer months offer farmers a chance to save on income tax by paying their children for farm work and by combining vacation and business trips.'

This word comes from Dr. Wayne Hayenga, economist in agribusiness management for the Texas Agricultural Extension Service at Texas A&M University.

'A farmer can deduct wages he provides over half of their support. The wages must actually be paid for work performed. To establish a employer-employee relationship definite jobs should be performed, regular hours should be established, and wages should be agreed upon and paid by check.'

Just beyond there's populous El Paso and Juarez. A tank of gasoline goes a long way there, with the handy concentration of border shopping, bullfights, dog and horse racing and the Mt. Franklin scenic tramway.

Between El Paso and Carlsbad Caverns rise El Capitan and Guadalupe Peak, both above 8,000 feet, and Guadalupe Mountains National Park.

To the east, the wind has sculptured 4,000 acres at Monahans Sandhills State Park. Oil town Odessa has America's second largest meteor crater and Globe of the Southwest, an authentic replica of the original Shakespeare Globe Theatre, with professional talent.

And there's Balmorhea State Park with one of the world's largest swimming pools, Fantasyland in Iraan with Alley Oop and dinosaur tracks beside U.S. 67 between McCamey and Fort Stockton.

Details are available in a library of 200 brochures available from the West Texas Chamber of Commerce, Box 1561, Abilene, Texas 79604.

Borden Co. School Board Meets

The Board of Trustees of the Borden County Independent School District convened in regular session on June 17, 1974. After approval of the minutes, bills and routine business, Superintendent McLeroy presented the year-to-date financial report.

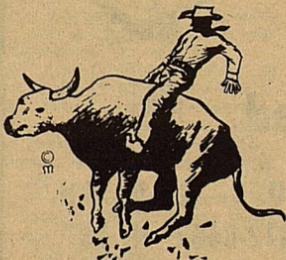

The report on attendance for the 1973-74 school year was made by Superintendent McLeroy. The final average daily attendance was 189.6 for grades Kindergarten through 12.

Superintendent McLeroy presented the proposed budget for the 1974-75 school year. After discussion of the budget, the board recommended that it be prepared as presented.

The board approved the purchase of blazers for the band rather than new uniforms which had previously been approved.

The motion carried to appoint Joan Briggs as Authorized Representative for the U.S.D.A. commodities.

There being no further business to be brought before the board the meeting was adjourned.

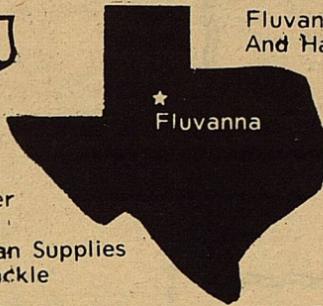

May I take this means to thank you, the voters of Borden County for your support in the June 1 Runoff. With your continued support in November we can give the 63rd Legislative District an effective voice in Austin.
