FDR Forces Elect Barkley Demo Leader; Court Bill Compromise Reported

SUPPORTER OF BILL WINS BY SINGLE BALLOT

HARRISON LOSES IN 38 TO 37 VOTE IN SENATE

WASHINGTON, July 21 (AP)—Reports of possible drastic modification of the administration's court bill spread among senators today simultaneously with the election of Alben W. Barkley of Kentucky to be Democratic leader in the senate.

Barkley won over Pat Harrison of Mississippi by a one vote margin—38 to 37. The Kentuckyan drew his chief support from proponents of the court bill. Harrison's votes came largely from those who opposed it.

"Harmony" was the word spoken most frequently by those who elected Barkley.

What sort of settlement of the court issue would produce lasting unity in Democratic ranks, however, remained to be worked out by the new leader and his associates.

There were reports—emanating from opponents of the court bill—that the administration might scrap those portions of the measure which provided for setting new justices to the supreme court.

Other Rumors Heard There were other rumors, equally unconfirmed in administration quarters, that the President had given Vice-President Garner broad discretion to settle the court dispute in the best way he can.

A shift of voting strength lent credence to the reports that a modification of the court bill was imminent. Just before a conference yesterday between the President and senate leaders, including Garner and Barkley, seven Democratic senators, all but one hitherto uncommitted on the bill, were reported to have advised Garner they would vote to recommit the measure unless the issue was settled speedily.

Barkley refused to comment on the court bill situation which has found Democrat pitted bitterly

LANDING FIELD HERE AGAIN GIVEN APPROVAL

With removal of the fence between the government emergency landing field and the Pampa Municipal airport, Pampa again has been named as having approved landing field on government bulletins.

The chamber of commerce appropriated \$100 for purchase of the fence and its removal was accomplished through efforts of the Cabot company. The city landing field was reduced in size and the new fence has already been erected. Hangars will soon be moved to the southwest corner of the airport.

Yesterday George W. Bennett of Amarillo, department of commerce maintenance engineer, was in Pampa. He informed R. G. Allen, chairman of the Board of City Development aviation committee, that he would have workmen in Pampa next week to "touch up the landing field."

3 Panhandle Truck Lines Being Urged

Hearing of applications of three Panhandle truck lines for a state permit to operate between Pampa and Childress were scheduled for hearing before representatives of the Texas Railroad commission.

A committee from the Pampa chamber of commerce composed of Farris Oden, Rayburn Thompson and Tom Smalling were in Amarillo to present testimony regarding the need for such a truck line.

BAND CONCERT TO BE GIVEN FRIDAY NIGHT

Summer bandmaster A. C. Cox today announced that the Junior High School recreational band would be presented in a concert in the city park Friday evening at 7:30. If the wind is too high in the park the concert will be given on the school campus. There is no admission charge and the public is invited to attend.

Mr. Cox also gave notice of a change in the schedule for band practice this week. The Junior High band will meet at 5:30 tomorrow, and the Senior High band will have practice at 7 o'clock. The concert will replace the usual high school practice. The latter band will present a concert on the following Friday.

Both of the large bands are a part of the summer play program and the courses are offered to students free. Several pieces of new music have been received through an order of the recreation committee, and will be heard on both concerts.

Besides the high school bands, there is also a ward school division which meets on Mondays, Wednesdays, and Fridays. This band was under the direction of C. O. Crosson who is attending a band school in Greeley Colorado. Mr. Cox is now in charge of that group.

There are four more weeks in the present program, but the bandmaster said that if there is interest enough, he will continue the class on until the fall term of school, particularly the Junior High musicians.

SPIRITUAL SCIENCE CHURCH CHARTER IS REVOKED BY COURT

LOS ANGELES, July 21 (AP)—The Spiritual Science Church, which assertedly issued religious degrees for fees ranging from \$5 upward, today had lost its charter under court decree.

After U. L. Ghilini, an investigator for the Los Angeles Ministerial Association had told how for \$10 he arranged for the "ordination" of Joe Penner's duck as the Rev. Erake "GoGoGo" superior Judge Thomas Gould ordered late yesterday the church's state franchise be revoked.

VFW PICNIC WILL BE HELD ON AUGUST 8

Tentative date for the Pampa chapter, Veterans of Foreign Wars, picnic was set for August 8 at a regular meeting last night in the American Legion hut on West Post-avenue.

Commander H. P. Lusby appointed a steering committee of L. S. Hall, I. J. Huvall and Frank Thomas to make arrangements and appoint other committees.

After the business session, bingo was enjoyed. The meeting closed with refreshments being served.

Clint Sanders Trial Begins

Clint Sanders, 24, of Pampa, went on trial in Gray county district court shortly before noon today on a charge of murder without malice in connection with the death of Merle Leth, 21, of LeFors last June 8.

Leth was killed when he fell from a truck, driven by Sanders, as the two were returning from Amarillo. The accident occurred near the west city limits.

In the indictment, which District Attorney Lewis Goodrich read to the jury, Sanders is charged with "murder without malice in the perpetration of a felony and operating a motor vehicle on the public highway while intoxicated."

Sanders is being defended by Attorneys Walter Rogers and Aaron Sturgeon.

Members of the jury are: G. C. Austin, Oad Gatlin, Charles Talley, J. W. Renner, F. A. Peck, J. B. Bourland, Barney Fairbright, F. E. Stewart, Homer Gibson, P. A. Hukill, W. F. Taylor, and O. V. Hall.

AUSTIN, July 21 (AP)—The railroad commission today set the basic Texas oil allowable for next month at 1,485,491 barrels daily, which is 100,000 barrels a day more than the recommendation of the United States Bureau of Mines.

The allowable was the largest in recent years. Oil operators had expected it to be considerably over 1,400,000 barrels but the size of the increase was surprising.

The basic allowable this month was only 1,385,476 barrels daily.

The bulk of the increase went to fields in the West Texas, south-west Texas and gulf coast districts.

In a statement issued with the order, C. V. Terrell, commission chairman, said more Texas oil should be run to storage.

He stated that figures released last week by the United States Bureau of Mines showed the nation had only about 200,000,000 barrels of stored crude immediately available for refining "or just a little over 60 days' supply."

"The bulk of these 200,000,000 barrels," he said, "is in the hands of a few strong companies. It is not the policy of the law or of the railroad commission to make oil scarce in order to make it high. The law specifically charges us with protecting the consumer of gasoline."

Terrell said Texas oil in storage was much less in proportion to demand than that in Oklahoma and this state "should be more nearly a line."

MILICIANOS ATTACKED BY INSURGENTS, LOSE STRATEGIC "PEAK 660"

MADRID, July 21 (AP)—Insurgent forces, struggling to plug a hole gouged in their lines west of Madrid by Gen. Jose Miaja's offensive surprise government charges us with protecting the consumer of gasoline."

Their massed drive wrested a strategic hill from Miaja's Milicianos—"Peak 660" from which they dominated Villanueva de la Canada a village about 15 miles west of Madrid.

The government asserted it still held Valdemorilla and Villanueva del Pardillo at the mouth of the "pocket" which Madrid's "Milicianos" cut into the flank of the eight- and one half month old siege lines on the capital's western front.

Miaja's salient extends southward and completion of its curving sweep back toward Madrid would trap the insurgents or force their evacuation.

Reports from the Guadalajara front, northeast of the capital, told of a continued concentration attack to break them up.

ELKS CLUB WILL HELP SEND TEAM TO DENVER

Pampa's Elks club wants to see the Pampa Oilers go to the Denver Post baseball tournament and as their contribution to the expense of the trip the club will sponsor a dance at the Southern club on next Tuesday night, beginning at 9 o'clock. The Brownies will furnish the music.

Tickets are now on sale by members at \$1, tax included. Members of the Oilier club and the Seminole Redbirds, who will furnish opposition for the locals on that night, will be guests of the club at the dance immediately following the game.

Trail's End

An end to their wild dash as fugitives from Eastham, Texas, prison came today for Pete Traxler (top) and Fred Tindol, escaped convicts, when they were overpowered by two farmers and shot down with their own guns near Boswell, Okla., shortly before noon. Tindol was killed instantly and Traxler, shot through the lung, was believed to have been injured in a hospital at Antlers, Okla.

FARMERS URGE NEW BILL AT AAA MEETING

Gray county delegates to a meeting in Amarillo yesterday heard Cully A. Cobb, southern director of the AAA, declare that Uncle Sam's farm program is "pretty good, such as it is and what there is of it," but it is still inadequate.

Gray county Farm Agent Ralph Thomas, his assistant, M. S. Simms, John Turcotte, chairman of the Gray county soil conservation committee, of Pampa, and John Carpenter and T. H. Andrews, of McLean, represented Gray county at the meeting held in the Herring hotel at Amarillo.

Growing out of yesterday's meeting was a plan for a mass meeting of farmers to be held in Amarillo on July 28 for the purpose of stimulating "pressure" on congress to pass the new federal farm bill at this session.

The meeting is being called by the Texas Agricultural Association, an affiliate of the American Farm Bureau, according to Cliff Day, of Plainview, official of the organization.

STATE SCHOOL HEAD TO VISIT HERE JULY 29

L. A. Woods, state superintendent of public schools, will come to Pampa on Thursday, July 29, to address trustees, officials, patrons and others interested in educational programs relative to the new state equalization law and other school laws recently enacted by the state legislature.

Dr. Woods will be accompanied by John W. Cunningham, deputy state superintendent in district 1 of which Gray county is a part.

The Pampa meeting it was announced today by County Superintendent W. B. Weathered, will be held for school officials from surrounding counties including Wheeler, Donley, Roberts, Hemphill and Carson. The meeting will be held at 10 a. m. in the county court room, second floor of the Gray county court house.

The state superintendent, making a tour of the state, is scheduled to speak in Amarillo at 3 p. m. of the same day. Mr. Weathered stated.

"Anyone connected with state aid districts will be interested in what Mr. Woods has to say," Mr. Weathered said.

TWENTIETH CENTURY FUND REPORTS DEBT PAYMENT RESEARCH

NEW YORK, July 21 (AP)—It would take the working population of the United States 11 months, laboring six days a week to pay off the public debt with its wages a research report of the Twentieth Century fund said today.

The committee that prepared the report—including Donald Richberg, former adviser to President Roosevelt, and James W. Angell, Columbia University economics professor—agreed the present public debt of approximately \$36,000,000,000 was not a cause for alarm.

"The British population, it pointed out, would have to work two and a quarter years to pay off its public debt. It would take the French population even longer to wipe out France's obligations.

MRS. ROOSEVELT WILL AID IN CHARITY WORK

WASHINGTON, July 21 (AP)—An agreement with a movie producer led Mrs. Franklin D. Roosevelt this week into the sixth field of paid employment which she has undertaken for charity since entering the White House.

Other activities were lecture tours, radio broadcasts, book publication, magazine editing and writing, and newspaper column conducting.

The new assignment is a 200-word article on motherhood which George Bye, Mrs. Roosevelt's agent, said yesterday she has agreed to write for Sam Goldwyn, film producer.

Goldwyn said the article would be used in promoting a forthcoming movie "Stella Dallas" he did not name the sum paid, but said it would go to charity.

American Aviator Detained in Russia

MOSCOW, July 21 (AP)—Clyde Pangburn, American aviator, planned to fly here today from Belkluiki airport, where he had been held by Soviet authorities for two days.

Pangburn entered Russia without a visa and was immediately placed in detention at the airport, near the Latvian frontier. His companion, Congressman William I. Stovrich, of New York, came on to Moscow and obtained the necessary visa.

MONTECELLO, Ark., July 21 (AP)—An escaped Texas convict fled through dense southeast Arkansas woods today from a posse which killed one of his companions and captured another in a swift gun fight 12 miles east of here.

The slain convict was W. K. Bybee, 26 who seriously wounded Sgt. Neil Shannon of the state police in a shotgun exchange yesterday. Sgt. Buck Money, Shannon's aide, mowed down Bybee with a machine gun fusillade and captured, unharmed, another escaped convict James Rice, 30.

The third escapee, who ran during the gunfight was described by state police as Harry Roberts, 34. A posse of 30 officers, led by two sheriffs, trailed him with bloodhounds.

The trio suspected of robbing the bank of Weiner in northeast Arkansas two weeks ago, played hide-and seek with officers in this section for days.

Bybee, Rice and Roberts escaped a Texas prison farm with 16 other convicts June 15.

Gray county officers breathed a sigh of relief today as they read the news of the death of W. H. Bybee, escaped convict, who was killed by machine gun bullets in a battle with officers near Monticello, Ark., yesterday.

The 26-year-old Bybee, a former resident of Pampa and LeFors, had given local officers plenty of trouble, including an escape from the Gray county jail here in 1932.

The bandit first was arrested here in 1930, by O. T. Lindsey and Bud Cottrell, then members of the city police force. At that time he was fined for breaking to a box car on the Santa Fe railroad siding.

Bybee again was lodged in the county jail here in 1932 when he was picked up as an army deserter. Shortly after his arrest, he and three

VIOLENT DEATHS TAKE TEN LIVES ON TUESDAY

(By The Associated Press) Swift death came to 10 Texans yesterday, victims of lightning, highway accidents and drowning.

N. W. Snow, of Dallas, was killed by a lightning bolt which coursed along a light wire he carried under a house, whose foundation he was examining. Ed Ford, 11, and his brother Billie, Joe, 6, died before their parents' eyes of lightning which struck at their Buffalo Springs home in Clay county.

Two other brothers, Oscar Henderson, 6, and Roy, 12, of Kingsville, drowned in Medina river. Divers recovered the bodies after the boys had fallen into a deep hole, which Bruce Drake, 60, Crockett county resident, was killed when his car turned over 35 miles west of Ozona.

A tire blow-out was blamed. Two negroes, Annice Skillion, 16, and Morris McKinley, 16, and a white man, E. E. Grimes of Tyler, was injured when two cars crashed head-on near Kilgore.

In another head-on collision, Bick Hooper, 29, and E. R. Alexander, 45, both of Whitewright were injured fatally. Three were injured in the crash of a bus and automobile during a rain.

HOSTAGES DISARM CONVICTS AND SHOOT THEM DOWN ALONG HIGHWAY NEAR BOSWELL, OKLA.

BOSWELL, Okla., July 21 (AP)—Fred Tindol, escaped Texas convict, was shot to death and his companion, Pete Traxler, Oklahoma outlaw, was seriously wounded today by two farmers they were holding as hostages.

Benton was kidnaped by the desperate convicts while the automobile in which the desperadoes were attempting to elude a huge network of officers was parked on a highway eight miles northwest of here, the farmers grabbed the guns of their captors and shot them down.

Traxler was shot above the right lung and was reported to be in critical condition. He was rushed to an Antlers, Okla., hospital.

The hostages, Frank Trimmer and J. E. Benton, brought the outlaws into Boswell after the shooting. They said the car in which they were riding had a low tire and the convicts were forced to pull off the highway to fix it. They grabbed the guns as the men climbed out of the car.

The shooting occurred unexpectedly in an area outside of the river bottom sector around which almost 1,000 federal, state and local officers had thrown a tight network.

A short time earlier, Traxler and Tindol were believed to have been trapped in a rough 10-mile area around Caddo, Oklahoma. Boswell is located about 25 miles southwest of Caddo.

early this morning in the Washita river bottoms near Durant, into which officers had driven them after a gunfight in which Mrs. Traxler was captured.

Driving Benton's car, the convicts broke through an officers' patrol and drove in zig-zag fashion to near Caddo, where they wrecked the car at the dead end of a country lane.

Walking a half mile to the Trimmer home, they kidnaped Trimmer and raced back through Caddo. After six hours of wild driving, during which they were pressed by officers many times, the convicts finally reached Boswell, where they were forced to stop with a low tire.

DURANT, Okla., July 21 (AP)—Officers and highway patrolmen from two states drew an armed network today over a rough 50-mile area in which Pete Traxler, Oklahoma outlaw, and his fellow convict fugitive, Fred Tindol, raced madly back and forth over country roads with two farmer hostages.

Officers first reported the farmers, J. E. Benton and Frank Trimmer, were released but a later check disclosed they still were held.

While the desperadoes raced dizzily back and forth over a series of narrow lanes, most of which led nowhere, officers established patrols at all points in the surrounding area through which the pair might attempt to escape.

Eventually they expect to trap the convicts on one of the country roads or force them out onto one of the main highways encircling the vicinity.

After speeding out of Caddo with a posse of patrolmen close behind, the convicts reeled back to within two miles of Caddo, then turned northeast toward the town of Ma-toy.

Patrolmen said the road on which they were last seen has a "dead end."

Short on Gas Mrs. Frank Trimmer, wife of one of the kidnaped farmers, told officers in Caddo her husband's car had only two gallons of gasoline in the tank when taken by the convicts.

She said Traxler and Tindol, accompanied by Benton, came to her house on foot after wrecking Ben-

BOARD IGNORES SCHOOL ORDER

AUSTIN, July 21 (AP)—The automatic tax board today set an ad-valorem tax rate of seven cents per \$100 valuation for per capita aid to Texas public schools next year.

The board fixed the rate for general revenue purposes at the constitutional maximum of 35 cents which with the constitutional rate of seven cents for Confederate pensions gave a total of 42 cents, the lowest rate in years.

Statisticians for the comptroller's department estimated the seven-cent levy would take care of \$2,000,000 allotment for purchase of free textbooks and also would permit payment of \$20 scholastic allotment.

The apportionment for education was \$19, but recently of education was \$18.

## Miss Coffey, Bride-Elect, Honored At Clever Shower

Another of the numerous parties planned for Miss Frances Coffey, bride-elect of Ivan Noblitt, was a shower given yesterday in the home of Miss Petesie Cason, 219 North Nelson street, with Miss Edwina Gilbert and Miss Cason as hostesses.

Clever games were played, one of which was a telegram written to the engaged couple each word had to start with the letters in their names. All the gifts were hidden and the bride-elect started her hunt after she was the winner of a puzzle and was presented with a corsage containing the first clue. Each gift held a clue for the next place of another.

Refreshments of open face sandwiches, punch and cookies were served to the guests. On each plate was a toast to the bride that read: "A long life, a happy life, with friends that are fond and true, abundant health and plenty of wealth is the wish we bring to you."

Those attending were: Misses Betty Shryock, Leona Hurst, Charlotte Malone, Margie Coffey, Elaine Murphy, Helen Shoulbarger, Donna Jo Berry, Katharine Walters, Betty Bell, Betty Ann McTaggart, Dorothy Jo Moore, Betty Curtis, Elizabeth Mullinax, Ethel Wilder, Boots Cason, the honoree and the hostesses.

## Glorifying Yourself

By ALICIA HART.

A head which is thrust forward so that chin seems to arrive before the rest of the body is just as unattractive as one which droops with chin almost touching the chest. And the way to correct either of these posture defects is to learn to make the muscles at the sides of the neck support the head and to straighten the top vertebrae of the spinal column.

To straighten the neck and at the same time eliminate the dowager's hump on the back of it, simply relax your neck, letting head fall backward as far as it will go. Now place fingertips below ears and pull heads upward. Make your hands—not neck muscles—do most of the lifting jobs. Keep shoulders back and up. Place your hand on the back of your neck and see whether or not it is straight. If not, repeat the exercise until it is.

Shoulders should not be held back stiffly, of course. Neither should they be allowed to slouch. Plenty of hollows above collar bones would disappear if shoulders were carried correctly.

Two things make a woman's figure graceless: too many extra pounds and a surplus of muscles in legs and waistline. If you want to walk lightly and look younger than you are, watch your weight. And, whether you are fat, slim or just right, get in the habit of doing a few simple unburdening and stretching exercises every morning.

Stand before an open window with arms outstretched. Swing to the right as far as possible, then to the left. Keeping knees still, bend forward touching feet with right hand. Reverse, grasping right ankle with left hand. Repeat ten times.

## PAMPA TEACHER HIGHLY PRAISED IN ART SCHOOL

(Special to the Pampa News)  
CANYON, July 16—Carroll Killbrew, a member of the Pampa Public School staff, has attracted much attention to the Palo Duro School of Art by the marionettes which he has constructed and helped others to construct. Mr. Killbrew taught metal work at the Art School as well as the marionettes received widest commendation.

At the close of the six weeks term Mr. Killbrew directed a marionette show which drew a capacity house at the West Texas State Teachers College. The main show, "Robinson Crusoe" was followed by a vaudeville featuring Dr. J. A. Hill, president of the college, old Tack of the Amarillo News-Globe, and "Dusty," the clown. Dr. Hill's miniature double was so life-like that his small grand-daughter, who was in the audience, cried out: "There's my Grandpa, where's my grandma?" Mr. Killbrew constructed the stage for the marionette show, and the scenes were painted by other art students.

Although the Palo Duro School of Art has closed its session, most of the 44 students enrolled in it will spend much of the remainder of the summer completing projects which they have started.

Superintendent R. B. Fisher, Mrs. Fisher and Brent were interested visitors at the Colony which is located in Palo Duro State Park.

## Modern Menus

By MRS. GAYNOR MADDOX

Out in Hollywood where beauty is a habit, salad are a passport to any well considered meal. The collection given below originates in that fabulous land of pulchritude and activity.

**Etiquette note:** use your knife and fork with these salads if you want to. And in preparing the lettuce, tear the heads to desired size which should mean—mouth size pieces. Toss in the bowl and serve from bowl or arrange on plates before serving at table.

### Dude Ranch Lettuce Bowl (6 servings)

Two heads of iceberg head lettuce, torn into pieces; 1-2 cup mayonnaise, 1 teaspoon scraped onion, 2 teaspoons lemon juice, 1-4 teaspoon mustard, dash white pepper, 1-2 cup cabbage and apples. Toss with salt, 1 cup buttermilk, 1 cup chopped cabbage, 1 cup cubed apples.

Blend mayonnaise, onion, seasonings, and buttermilk, chill well. Place lettuce in salad bowl, and mix with cabbage and apples. Toss with the well-chilled buttermilk dressing.

### Lettuce Bowl Leo Carrillo with Mexican Dressing (6 servings)

Two heads firm lettuce, torn into pieces; 2 tomatoes, cut in dices; a few radishes, sliced; 1 cup chopped celery; Mexican dressing. Mix ingredients lightly in salad bowl with Leo Carrillo's own Mexican dressing recipe as follows:

Four tablespoons mayonnaise, 2 tablespoons catsup, 1 tablespoon chili sauce, 1-8 teaspoon paprika, 1 tablespoon tarragon vinegar, 1-2 teaspoon chopped chives or onion, 1 teaspoon chopped parsley.

### Carl's Palm Springs Lettuce Bowl (6 servings)

One head of iceberg head lettuce, torn into pieces; 1 cup diced bread fried in oil; 1 clove of garlic, chopped in 1 teaspoon salt; 1 onion, sliced thin; 1 pickle, sliced 3 chopped green olives; 1-2 cup cold cooked peas; cooked cauliflower flowerets; 1 cold boiled potato, cubed; 1 hard-cooked egg, sliced; 1 peeled tomato, cut into eighths.

The dressing: 3 tablespoons salad oil, 1 tablespoon vinegar, 1 teaspoon salt, 1 teaspoon brown sugar, 1-8 teaspoon black pepper. In a mixing bowl put the bread,

## Shamrock News

The selection of candidates for the title of "Miss Eastern Panhandle" at the Bathing Beauty Revue and Water Carnival to be held at the Shamrock Municipal Swimming pool Thursday evening, July 29th, will be made by popular ballot. It is the desire of those sponsoring the bathing beauty revue to have a young lady in the contest from every school district in Wheeler county, Northern Collingsworth and Eastern Gray counties. Committee members have announced that a handsome trophy is to be awarded the young lady who is adjudged most fitting to wear the name "Miss Eastern Panhandle" has been ordered and will be given instead of ribbons to winners in diving and swimming contests. Diving and swimming contests will be in charge of Gilbert Guthrie, who will be assisted by Bob Clark and Frank Mitchell, Jr. All proceeds from the carnival will go into the fund to provide milk for needy children of the city.

Dave Skidmore, who has recently been employed in a drug store at Pampa, has been employed by Corner Drug Store. Dave and Mrs. Skidmore have returned to Shamrock and he has taken up his duties at the pharmacy. He succeeds Ansel McDowell, who has recently become associated with a Wellington drug store and has moved to that city.

Mrs. Ruth Agnes Glenn 66, died suddenly following a heart attack Sunday night while visiting her daughter, Mrs. Travis Shirley at Pampa. She was a resident of Magic City, having lived there the past six years. Clay-Youngblood Funeral Home is in charge of funeral arrangements. Interment will be in the Shamrock cemetery.

Members of the Tree Leaf Home Demonstration club had an all-day meeting at the home of Mrs. J. C. Tinsley. Roll call was answered with "How and When to Serve Muffins." Mrs. C. G. Cantrell gave a report of the council meeting and during the business session Mrs.

# WOMEN FIGURE CLOSE

She drives to my place past a dozen stations

She wouldn't go to the wrong grocery or meat market that's three steps nearer... and she's just as keen going after her big money's worth of mileage. I've told her how I own this business myself, and can't be nearest to everybody, so my way of drawing good regular trade is by giving them the mileage. And she said anyway her husband wants her to come here especially for Conoco Germ Processed oil—the only kind he'll have, because he wants an Oil-Plated engine. Other oils go draining back down to the crankcase, but this patent Germ Processed oil leaves a rich, slippery layer of lubricant strongly plated all over the insides of the engine. That's Oil-Plating. It doesn't get used up like just some thin spray of oil. It can't leave "dry spots" because it can't drain off. No matter if your engine is stopped, or if it's making time, it stays 100% Oil-Plated. Wear won't get a toe-hold, and you'll see you're not using up much of your Conoco Germ Processed oil. But the few times you need any, you will be coming here to my place to get it.

## Real tony folks have taken up drinking Our Family's Whiskey now!

You can't hardly set your foot inside of a store but what you hear folks asking for Our Family's Whiskey, and commenting on how mild and tasty it is. But here's a funny thing. Some way or another I never saw the real tony folks asking for it up until only just lately. Tom says they couldn't help but of heard how this is the personal recipe of our Family and how we've been a family of distillers since way back in the early days. But Tom says maybe they had their mind set on paying a lot for their whiskey, and Our Family's Whiskey didn't cost them enough. Well anyway, they've caught on now—and I say the more the merrier!

TEX'S TOPICS

There were a few sore arms left over today from the Jaycee annual picnic yesterday evening. . . . Walter Daugherty, the credit bureau manager, soon will be pretty well qualified for a secretarial job. . . . Mr. Daugherty now is secretary of four separate organizations. . . . The wind blew on Fred Cary, the lawyer, the other night and now he has a code id his 'ed. . . . John Osborne, another legal light, can drive at night and stay awake. . . . He drove home from Dallas night before last, arriving here at 4 a. m. . . . With him was Bob Gordon, the attorney, who couldn't stay awake for the life of him.

Burford Reed, the deputy sheriff, likes to "get the draw" on newspapersmen. . . . In other words, he always tries to ask them first just what the news is. . . . Arlie Carpenter, the county commissioner, has a "big hand" for you, and no foolin'. . . . Only other man we know who has paw equal to Carpenter's is Jess Willard, the former world heavyweight champion, who crippled us once through a hand-shake. . . . There ought to be a law against crusher-handshakers, though. . . . And that's one thing Carpenter doesn't do—use his massive mitt to maim you. . . . Charlie Maisel, the legion mogul, couldn't serve on a jury the other day because he is in the gasoline business. . . . Defendant in case was charged with transporting drip gas without a manifest.

L. D. Coulter, 30, Houston, owes his life to grim determination to hang onto it. . . . when a truck sideswiped his car and cut his left arm off above the elbow, he drove at top speed for hospital, five miles away. . . . he collapsed as he drove to the hospital door. . . . doctors said he would have died from loss of blood in five more minutes. . . . Reggie, 2,000-pound elephant seal at Chicago's Brookfield zoo, knows latest wrinkles in labor disputes. . . . he went on three-day hunger sit-down last week. . . . protested against sharing cage with birds. . . . birds were taken away, Reggie went back to his regular diet of 100 pounds of mackerel per meal.

A chuckling comment on the workings of slot machines was provided by a Chattanooga, Tenn., restaurateur, who put a sign over cigar box with slot in top. . . . sign read: "Slot machine gone; please put your money here." . . . A flock of wild ducks and a swarm of bees recently had a fight to the death at Shanghai, China. . . . bees settled on tree where many ducks nested. . . . in fight that followed, many on both sides were killed.

Grover Lytle brought down a bird that he attempted to miss. . . . driving along a country road, he observed a covey of quail in the way. . . . he swerved, but one of the birds flew into his car, and was killed. . . . They've ordered new colors for automobiles being produced in Russia. . . . old color, black, is now considered too sombre for spirit of people. . . . so the factories are turning out yellows, blues and greens—and, of course, reds, in cars.

Russia is experimenting with the domestic use of elk for farm and industrial work in the far north. . . . experiments lead to belief that elk may become the camel of the Arctic. . . . Texas burglars are not ones to become nervous, it seems. . . . after looting a drug store cash register of \$90 and taking contents from a safe, two burglars in Borger tarried long enough to guzzle a couple bottles of pop.

Even with adoption of "liar" and "traitor" in regular diplomatic language, some European neighbors can't take a hint anymore. . . . Although John L. Lewis and Tom Girdler were flying west at the same time, they took different ships. Seemed they just weren't on the same plane. . . . Just as Japan's army and navy get a god fight started in their own back yard, some bully like Russia comes along and breaks it up with a border incident.

A kiss was Stalin's reward for one of the North Pole pioneers, who wasn't given the alternative of the usual firing squad. . . . Southern Michigan prison inmates are to be taught dancing and stage presence. Nothing like being completely ready for the coming out party. . . . Japan and Russia might take a cue from the literary critics who say that a mere incident hardly ever contains a plot. . . . Funny thing, the boys think, that almost every game of scrub that they start on the corner lot ends up at the kitchen sink at home.

Michigan opened a cherry festival with bonks, which may lead some to expect this year's shipments to be ready-pitted. . . . Speakers at a dental convention criticized useless tooth-pulling, a measure which will meet the approval of every taxpayer.

more land bank deficiency judgments and is asking senators to do likewise.

Incidentally, don't cackle up your sleeve at the "bachelor taxes" in Italy used by Mussolini in an effort to boost the birth rate. The United States has had a bachelor tax for years.

Glance over an income tax blank. Married persons get \$2,500 exemption. Bachelors and others single for any reason, get only \$1,000 exemption. And the birth increase angle is there, too. For every child you don't have, you lose \$400 exemption. And the states carry on the trick with their tax laws.

ROCK-A-BYE BABY IN THE TREE TOP

Man About Manhattan

By GEORGE TUCKER

NEW YORK—The recent demise of Sir James M. Barrie, who wrote "Peter Pan," brings to light the interesting fact that almost without exception the upper-bracket writers in the London literary scene graduated to literature from the news rooms of Fleet Street newspapers.

Barrie began life as a journalist and his record of those days is set down in one of his loveliest, though not so well known, books—"My Lady Nicotine."

Kipling, who died within the last year, was a news scribe in India before becoming famous as a fictionist and a poet, and so was Gilbert Chesterton; with spent most of his life actively engaged in writing for the press. Up to the time of his death he never failed to turn in at least one column a week.

The king-pins of them all, of course, are Shaw and H. G. Wells, who, with Kipling, for years constituted the "big three" of English letters. Shaw began his career as a critic and went on from there to become world-famous as a cynic and a playwright. But Wells was a big man in letters before he ever wrote a line for the newspapers. He was the only one of that select British group who did not begin in the Fleet Street shops. That is, except the late John Galsworthy. Galsworthy was born rich; he had no need to work for his living.

The other day they tagged Enzo Fiermonte, a fancy dancer of the prizing ring, with a fancy sentence for ignoring a traffic summons. And did that make good boys out of the Broadway crowd—well, two of them anyway. It wasn't 24 hours after Enzo received the bad news that a liveried chauffeur arrived in traffic court to pay a dollar fine for Milton Berle, the stage and radio comic. Berle was fined for parking his automobile in a restricted area opposite 49 West 50th street.

Then, five minutes later, Herman Shuman, the producer, came legging it into court. He, too, forked over a buck, that being the damage levied against him by Magistrate Louis B. Brodsky for ignoring city traffic laws during a forgetful moment the day before.

Strangers wandering past that little leathery-smelling nook that little boys will notice any number of used boxing gloves, baseball mitts, leather aprons hanging on the walls. To all the world is looks like a second-hand shop where one may purchase such bric-a-brac. But it isn't. The proprietor is a "book" and takes bets on horses, but the boxing gloves et al. aren't for sale. They fascinate him and that's just his way of decorating his office. Paintings and flowers leave him cold, but to his way of thinking, nothing is so attractive as a row of nice, smelly catcher's mitts.

IT'S POCKET GOLF NOW

OREGON CITY, Ore.—William Teague's "pocket-in-one" golf shot set a pacer for the rule book.

Teague's drive off the 14th tee split the fairway, but neither he nor other members of the foursome could find the ball. About this time George Swafford, looking for a ball he had sliced onto the 14th fairway, felt a jar in his pocket and found Teague's ball had landed there.

People You Know

By ARCHER FULLINGIM

The directors of the summer program have a merry time in keeping the hundreds of children who come to the ward schools busy. They have to keep about three jumps ahead of the children from school because then it is all work and no play and now it is all play and no work. Well, the other morning Mrs. Eugene Seastrand saw the kids coming in droves to Woodrow Wilson school, yelling, jumping running and some were catching, and mutilating grasshoppers with enthusiastic savagery. That gave her an idea, so she proclaimed "Grasshopper day." Then 45 children opened the hostilities on the grasshoppers. They slaughtered right and left and kept the unusual specimens. They brought back an astounding variety of the pests. They killed them by dipping them in kerosene. Then they stuck the insects on cards. The children carried the insects by the hundreds. Soon Mrs. Seastrand had "compiled" a card of fifty outstanding specimens, which she placed on the school bulletin board, and many children have started collections of their own.

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—Think everybody wants to be in pictures? Then meet Dave Chasen. . . . Dave's the tummy fellow. . . . Was with Joe Cook for years, eight of 'em. . . . Played in pictures too. . . . But Dave got tired of acting. . . . He wanted to run a restaurant. . . .

Back in New York he used to putter around kitchens and wow the gang with after-theater feeds. . . . But he never got a chance to turn pro until he came out here. . . . He pattered around movie kitchens so much that Frank Capra and Lew Gensler, the producer, talked him into opening a place. . . .

It's going over big. . . . Dave figures the only star he hasn't fed so far is Gable. . . . It's a hang-out for the New York crowd, movie writers and newspapermen like Benchley, Dorothy Parker and Alan Campbell. Arthur Caesar, Joel Sayre, Marc Connelly, Ward Morehouse, Winchell. . . . So what happens? They try to get him back into pictures. . . . He gets more offers than he could handle if he wanted to, and he doesn't. . . . He'd rather run a restaurant. . . . You'd like Dave at his patio backyard. . . . Wagner's using his spot in "Stand-In," his Hollywood movie. . . .

That's the Clarence Budington Kelland story. . . . Lots of others could be written about Hollywood stand-ins. . . . You'd like Dave at the Century club by night. . . . Ginger Rogers' stand-in is Marie Osborne, the one-time child star. . . . Joan Crawford's is her former sister-in-law, Kasha LeSueur. . . . Evelyn Daw's is Marvella Andre. . . . How's Your Health?

Edited by DR. JACO GILDSTON for New York Academy of Medicine

ABOUT SMOKING This column is intended to be the very soul of neutrality. Dealing as it does with a controversial subject, it argues neither with nor against those who believe that smoking is a vile habit or those who look with affection on Lady Nicotine.

We are concerned with statements which are not supported by facts or dependable experimental evidence. Certain misstatements about the evil effects of tobacco should be contradicted because many individuals continue smoking even though they would rather give up the weed. It is bad enough for them to be subject to this conflict, without having imposed upon them the added fictitious threat of various dire consequences.

Thus, it is untrue that pregnant women who smoke are especially likely to give birth to dead babies, or that if they smoke while nursing they will poison their children "by the nicotine excreted in their milk."

Nor has it been proved that smoking, even excessively, contributes to the development of gastric ulcers. It is true that individuals with rather intensive personalities are likely to develop gastric ulcers. Such individuals are also likely to smoke to excess. The two are associated phenomena, but it has not been shown that they have any causative relation.

Smoking, as many a war veteran will attest from his experience, tends to dull the pangs of hunger, but it is very questionable whether tobacco can help a fatigued constitution to draw upon new reserves of energy.

In some individuals smoking may cause a drop in temperature in their extremities. Those suffering with impediments to circulation in their arms and legs do better when they give up tobacco. It has not been established that smoking has any causative relation to high blood pressure or to angina pectoris.

All of which need not be construed as an argument in favor of smoking, but merely as a contradiction of the exaggerated and unsupported statements made about the evil effects resulting from the use of tobacco.

Those interested in "authorities" can turn to the American Journal of Pharmacy for December, 1935, wherein they will find an excellent review of all recent literature on the effects, good, bad and indifferent of tobacco smoking.

against Democrat. He was expected to begin immediate conferences with colleagues and probably President Roosevelt in an effort to unite the two factions of the party in the senate again and settle the court issue.

Barkley was supported by most friends of the Roosevelt court bill. Harrison had the backing of those against that measure.

The entire caucus took less than an hour. There were no nominations, but a quick secret ballot. Harrison then moved to make the selection unanimous.

Before the meeting broke up Barkley made a brief speech in which he promised to support Democratic policies and work for the nation and the party. He was cheered by his colleagues.

variations in prices might come about under a different law," he said.

The original "Triple A" program carried a crop control provision and a tax on processors, but the act was declared unconstitutional by the United States supreme court.

Without making a definite suggestion to the farmers, Cobb said "the farmers have the power to make adjustments to stabilize prices at reasonable levels and to make agriculture profitable."

"We can stand a lot of imagined punishment if the results come out all right," he said.

He asked farmers who believed the 1938 Panhandle wheat acreage will be no larger than the 1937 acreage to hold up their hands and no hands went up.

Then he asked: "What is that going to mean?"

And a farmer replied: "Too much wheat and not enough price."

Cotton Crop Good

Cobb said that this is one of the most promising cotton years, 1937 in the history of Texas and predicted that there will be a large carry-over this winter—in addition to a carry-over from the 1936 crop of six million bales.

"We are facing another serious situation possibly as bad as 1932 or 1933—though I do not think so," he said.

But he said, many inadequacies of the present program must be eliminated before full results can be accomplished.

"I believe that when the equality of income is reached, then we can begin to stabilize agriculture," he said.

Then he indicated that the tendency of farmers to plant greater acreage when prices rise is the greatest stumbling block to the program.

50,000 FILE BY BIER OF WIRELESS INVENTOR

ROME, July 21 (AP)—Thousands of Romans of high and low estate filed past the bier of Guglielmo Marconi today in hushed farewell to the genius that gave wireless telegraphy to the world.

The body lay in state in the blue uniform of an Academician under the Raphael fresco of the mythical Galatea in the Galatea chamber of the Royal Academy.

The famous scientist died at the age of 63 at his residence here early yesterday of heart paralysis.

About 50,000 persons filed past Marconi's body on its candle-lit bier up to midnight last night.

Other thousands continued the sad procession today until time for the state funeral and transportation of the body some 200 miles northward in Belgium for burial.

The only one of its type in the world, the balloon in the middle photo, developed by the U. S. Army, is expected to become a very mobile unit of the artillery's "seeing-eye" department.

ELEANOR HOLM JARRETT DISCUSSES APPROACHING DIVORCE WITH HUSBAND

CLEVELAND, July 21 (AP)—Vivacious Eleanor Holm Jarrett said today she's having a second discussion with her singing husband, Art Jarrett, about a divorce.

She promptly denied rumors of a romance with Billy Rose, producer of the kaleidoscopic Lakeland show where she swam before a capacity audience last night to the tune of "Happy Birthday to Love."

"Happy Birthday to Love" with "What has poor Billy to do with it?"

The 23-year-old backstroke champion, who explained that original discussion was confined to the "calm conversation of two people interested in their futures," said she was making a new telephone call to her husband at the Dallas exposition.

"I'm going to call up Arthur and talk to him further," she said.

"It would be very ungentle on my part," Jarrett commented, "to make any sort of comment. Situations like this are extremely personal and require considerable tact."

Rose asserted in New York "I am married to Miss (Fanny) Brice and I intend to stay so." Miss Brice, the stage comedienne, was in California but could not be reached.

Lawyer Indicted in Policy Racket

Target of searching investigations by Special Prosecutor Dewey, J. Richard "Dixie" Davis (above), lawyer for the late Dutch Schultz and other underworld characters, has been indicted with 11 others on charges of conspiring to operate the \$100,000,000-a-year numbers racket that impoverishes thousands in Harlem.

companions escaped by wrecking the jail blocks and going down blankets to liberty from the fourth floor of the county courthouse.

Bybee and the men later were cornered in a South Side place and escaped when they backed officers out at the points of guns and fled.

Bybee, one of 19 convicts who escaped from the Eastham prison farm last June 22, made his final appearance in Pampa a few days later when he stopped early one morning at a South Side cafe.

"It's a good riddance," Sheriff Earl Talley said today. "Bybee was a notorious character and a bad man who would stop at no end to save his own neck."

PRESIDENT REELECTED BY IRISH FREE STATE

DUBLIN, July 21 (AP)—Eamon de Valera was re-elected president of the Irish Free State today by a vote of 52 to 52.

William T. Cosgrave, opposition leader, vigorously opposed the election, contending that the majority of votes cast in the recent general election were against de Valera's policies.

SUCCESS CLAIMED BY PROFESSIONAL WOMEN IN NATIONAL MEETING

ATLANTIC CITY, N. J., July 21 (AP)—The serpent has swallowed its tail, the cycle is ended, and the men may soon have to tie themselves to the kitchen and scrub the linoleum, say delegates to the national federation of Business and Professional Women's convention.

They took stock today of an 80-year-old fight to throw off male dominance and resolved that victory was in sight.

Throughout the land women are climbing into high public office, and everywhere they are being recognized as ideal business leaders, the delegates overrode today.

They know how to handle men better than men know how to handle themselves.

Home Town Girl Gets Film Role

Not temperamental, but just plain bossy is Hollywood's newest feminine star, above, guaranteed to put a kick into the new movie about the great Chicago fire. Her name is Daisy and she was chosen from scores of candidates for her ability to stick her foot into trouble, mainly by upsetting the lantern in Mrs. O'Leary's stable.

MORMONS CELEBRATE

SALT LAKE CITY, Utah, July 21 (AP)—Mormon communities of four states have captured for a week the color of the old west to the vast entertainment of thousands of tourists.

CHICAGO, July 21 (AP)—A speeding roller coaster train hurtled down a steep incline into the rear of an uncontrolled train at Riverside amusement park last night, injured 24 of the terror-stricken riders.

Only three persons were reported seriously injured.

Police investigated a report by passengers that a cog wheel safety device intended to prevent cars from going backward failed.

OFFICERS CAPTURE THREE BURGLARS IN HOUSTON GUN FIGHT

HOUSTON, July 21 (AP)—Three men attempting to hold up a drug store were captured late last night in a gunfight in which two of them and a policeman were wounded slightly.

The captives said they were ex-convicts and identified themselves and John Ivy, 48, Oscar Frazier, 36, and Dan Sims, 46. Frazier said he lived in Beaumont but his companions refused to give their home addresses.

Eight officers engaged the men in a gun fight at the store. Policeman B. F. Roberts, was shot in the left arm.

Charges of robbery by firearms were filed against the trio.

WAKE UP YOUR LIVER BILE

Without Colomel—And You'll Jump Out of Bed in the Morning Rain!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else.

# LARGEST OIL ALLOWANCE TO BE IN AUGUST

AUSTIN, July 21 (AP)—Texas, which sends more oil to market than any two other states, hopes for its largest production allowance next month in recent years.

Statements of Railroad Commissioner Ernest O. Thompson, chairman of the Interstate Oil Compact commission, at the monthly production hearing here Monday were generally interpreted as indicating a substantial increase in the Texas allowance.

The United States Bureau of Mines recommended Texas output of 1,395,200 barrels daily in August, 20,100 barrels higher than the July recommendation. The bureau's estimates of market requirements from other states also were higher.

Thompson said at the hearing that figures released last week by the Bureau of Mines showed national storage was not excessive and this state's storage was less in proportion to demand for Texas oil than that in Oklahoma and some of the other states.

On his recent trip to Europe, Thompson said, he found demand for United States oil strong, particularly that for Texas coast production.

Bottomhole pressure in the vast East Texas field showed an above average decline in late June and early July, but there was no indication of an immediate reduction in the area's allowable.

Leaders of the oil industry remained confident congress would ratify a two-year extension of the interstate compact but were viewing the situation from consideration of the court bill and the fact the compact will expire in a little more than a month unless congress acts.

A bill introduced in the national house to divorce the marketing segment of the industry from the producing and refining branches had attracted considerable attention.

# Grasshoppers Find Food Better Here Than on Farm

Remember the story about the country mouse who was lured by his city cousin to come to town where the food was better? Well, that story has come to life here, but the subjects are not the small rodents, but the much-publicized grasshoppers.

County Agent Ralph Thomas today told the story of how the leaping orthopterous insects had deserted the barren wheat fields and made Pampa their home.

The Vice President scarcely had unpacked his bags yesterday after a five-week Texas vacation when he became the center of negotiations for a court bill compromise.

One Senator after another walked into his roomy capitol office. Seven came in a body.

A little later the bushy-eyed Texan went to the White House. Apparently he delivered the Senator's message.

His own view on the court bill has not been disclosed. Before he left suddenly on his vacation in the middle of the congressional session.

Insiders said he had urged Mr. Roosevelt to yield in his advocacy of additional Supreme Court justices.

# Garner Doing Lot of Talking Behind Scenes

WASHINGTON, July 21 (AP)—"Cactus Jack" Garner, who calls himself President Roosevelt's silent partner, is doing a lot of talking this week—but it's all behind the scenes.

The Vice President scarcely had unpacked his bags yesterday after a five-week Texas vacation when he became the center of negotiations for a court bill compromise.

One Senator after another walked into his roomy capitol office. Seven came in a body.

A little later the bushy-eyed Texan went to the White House. Apparently he delivered the Senator's message.

His own view on the court bill has not been disclosed. Before he left suddenly on his vacation in the middle of the congressional session.

Insiders said he had urged Mr. Roosevelt to yield in his advocacy of additional Supreme Court justices.

That was what led observers today to believe that Garner was taking a hand trying to end the disagreement among the leadership Democratic Senators.

# EL PASO CLAIMS BEST MARKSMEN IN TEXAS

LAREDO, July 21 (AP)—El Paso lay claim today to a preponderant share of the best police marksmen of Texas, as judged by the pistol and rifle shoot which ended here yesterday.

R. P. Jackson, El Paso border patrolman, led his team to top honors in competition with 12 other teams and successfully defended his individual rating in a shoot-off with leaders of the 12 other teams.

In match competition his score was 860. His fellow teammates were L. D. Knesek and Charles Askins of El Paso and Sam McKone of Laredo.

Another border patrol team was second with 3,253 and the Dallas police team with 3,290.

Knesek and Askins were second and third respectively in individual scoring in the team matches.

In the women's shoots Mrs. C. M. Platt of Austin was first with a 22-caliber pistol and Miss Virginia Tate of San Antonio was first in 38-caliber revolver competition.

Trophies will be awarded tonight.

# American Women Disput Story of Japanese Soldiers

PEIPING, July 21 (AP)—Two American women were at odds with the Japanese embassy today on whether Japanese soldiers kicked them or merely "pushed them on their way."

A Japanese embassy spokesman declared investigation showed Japanese sentries did not use violence in forcing the women to leave the vicinity of the embassy yesterday.

The women, Mrs. Helen R. Jones, of Detroit, and Miss Carol Lathrop, of Washington, D. C., told United States officials that the guards kicked and shoved them.

Japanese sources, however, said the lieutenant in charge of the guards said one of the women slipped on wet pavement.

The lieutenant's view was that the women crossed the street and tried to look inside sandbag barricades and that when sentries asked them to leave they refused and the sentries "merely pushed" them on their way.

When she heard the Japanese version of the incident Mrs. Jones declared: "If being kicked and shoved as we were isn't violence, then I'd hate to meet the real article."

"It was my impression that the street was perfectly dry," she added.

Part of the family had not been together for 16 years until this meeting.

Wilks Chapman and Henry Culum left today for a three weeks' stay in California.

Mrs. J. L. Wheatley and daughters Kay, Maxine and Janice, are expected to arrive home today from a few week's vacation in New Mexico.

# FIVE MOTHERS' -IN-LAW GIVEN TEXAS CHARTER

AUSTIN, July 21 (AP)—Five Texas mothers-in-law bade their jibed-at sisters throughout the nation today to become members of the incorporated "National Association of Mothers-in-Law Clubs," but Gene Howe wasn't on hand to cheer them.

Gene Howe, editor-philosopher of an Amarillo newspaper, has been saying nice things about mothers-in-law since 1934. That year he made the country mother-in-law conscious by launching an annual celebration to honor all such relatives, in penance for the jibes he made at the expense of his own wife's mother, Mrs. Nellie Donald.

Yesterday Mrs. Donald and four colleagues were granted a charter for a corporation under Texas laws, designed to "preserve the American home."

This was taking place while Editor Howe was visiting his mother in Westport, Conn., according to Amarillo sources.

Incorporators with Mrs. Donald were Mrs. Melissa Griggs, Mrs. Lee Anna Thompson, Mrs. Sadie Curtis and Mrs. Willie Griggs. They will be directors.

They and hundreds of other mothers-in-law have gathered in Amarillo annually since Howe's first efforts to make amends in 1934.

So much to do was made over their celebrations that Governor James

# Hot Weather is Here— Beware of Biliousness!

Have you ever noticed that in very hot weather your organs of digestion and elimination seem to become torpid or lazy? Your food sours, forms gas, causes belching, heartburn, and a feeling of restlessness and irritability. Perhaps you may have such headache, nausea and dizziness or blind spots on suddenly rising. Your tongue may be coated, your complexion bilious and your bowel actions sluggish or insufficient.

These are some of the more common symptoms or warnings of biliousness or so-called "torpid liver," so prevalent in hot climates. Don't neglect them. Take Calomel, the improved calomel compound tablets that give you the effects of calomel and salts, combined. You will be delighted with the prompt relief they afford. # STREAMLINED BASEBALL POPULAR WITH FANS

GAINESVILLE, Fla., July 21 (AP)—There was plenty of debate today on the merits of "streamlined" baseball, but no one questioned that it proved its speed in its professional debut.

Gainesville defeated Leesburg, 2-1, in a Florida State league game last night with only one hour and 19 minutes required for the play. Average length of six other games played by the same teams this season was two hours, 23 minutes.

Ninety-one out of 154 ballots turned in by fans were called as unfavorable and 63 as favorable, but managers and umpires were unanimous in their approval.

"Streamlined baseball proved itself," said Manager Bob McShane of Gainesville, "and professional baseball will do well to look into it."

Frank S. McWright, University of Florida public relations man, drew up the new rules, which forbid the between-outs "throw around," eliminate preliminary pitching, puts ball and strike penalties on stalling, calls for inning changes at double-quick and provides for immediate substitution of pitchers and catchers when they become base runners.

# MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Are fancy sandals suitable for wear in an office?
2. When working in an office, is it permissible to wear a smock over a dress?
3. When a letter is addressed to a person living in the same city, is it correct to write "City?"
4. How does good business practice say the second sheet of a letter should be headed?
5. Should a second sheet of paper be used only for the complimentary close of a business letter?

What would you do if—

- (a) You are a secretary to a big executive. You have to work with him late at the office. He matter-of-factly suggests that the two of you go to dinner at a nearby restaurant often frequented by the office force. Should you—

- (a) Refuse him?
- (b) Say, "Thank you, I'll be glad to."
- (c) Plead another engagement?

1. No.
2. No, unless work is in a dusty and dirty place.
3. No. Use name of town.
4. With the full name of the addressee in the upper left hand corner, as "Mr. F. D. Fuller."
5. No. There should be at least three lines of copy.

Best "What Would You Do?" solution—(b) certainly. This is quite different from a social invitation!

# ENTIRE PANHANDLE INTERESTED IN SEEING OILERS ASSAIL CARRITHERS

## HURLER BRAGS NO LOCAL NINE CAN BEAT HIM

A baseball game that will draw the entire Panhandle, it is believed, will be staged here on Thursday night when the Huber Blackfaces and the Pampa Oilers clash in an "On to Beaver" attraction which will feature a left-handers' mound duel between Lefty Drefs of Pampa and Lefty Carrithers of Borger. Game time will be 8:30 o'clock at Road Runner park with admission only 40 cents to everyone.

Already requests for tickets have been received from Amarillo, Borger, Miami, Canadian, Spearman, LeFors and McLean. Never before has a ball game in Pampa attracted such wide attention and it all started when Lefty Carrithers announced that no Pampa ball club could beat him if he got a chance to pitch against it.

Announcement that Carrithers would hurl for Huber brought a great deal of attention. Pampa faithfuls who have gotten sick and tired of seeing Old Cy Young toddle to the mound and throw his hitting ball. Four times this season the Pampans have had to watch Young throw. Pampa's Lefty Drefs made a big hit with the customers last week when he hurled the Oilers to a 12 to 8 win over the Blackfaces. Drefs took the mound with one day of rest following a 2,000-mile drive and whiffed 13 Blackface batters. He let up a dozen hits, however, which is usually too many to win a ball game.

With the Blackfaces when they invade Pampa Thursday night will be Al Summers, former Oil second baseman, who left the club last week to join Huber. His successor has not been named and Ben McLary will hold down second base. The useful McLary, who plays nearly everywhere on a diamond, looked good at second last week. It is doubtful if Sam Scaling will be back in time for the game which will leave Beason in right field and Baugh at short. Sam Hale will be on third.

## Sports Roundup

By Eddie Breitz

NEW YORK, July 21 (AP)—When John A. Heydler, former president of the National League, goes to a ball game these days he sits in the bleachers to get the sun. He doesn't know it yet, but Al Schacht, the baseball clown, is going to get a fat offer. Some folks think his jokes would go good over the air. Young Mr. Don Budge played himself a game of tennis, didn't he? Looks like Johnny Bronca is all washed up with the Yanks. Joe McCarthy says Johnny (who jumped the team) will never throw another ball for the Yankees. So it may be Newark or points west to the bespectacled Yale graduate. Collyer's Eye is getting letters for rating Henry Hester as Pampa's best pitcher and Lauri Stevens above Lou Ambers in its lightweight ratings. Giant flag chances have been hard hit with Scrapy Dick Bartell, Gus Mancuso and Harry Danning all on the self at the same time tomorrow. Danning is working with a bad ankle, however. Down in Selma, Ala., the No. 1 ball player is not Dizzy Dean or Joe DiMaggio, but Rip Radcliff of the White Sox. Rip got his baseball start down there seven years ago and continued the good work by marrying a Selma gal. You can look for Tommy Farr to furnish a lot of good newspaper copy before he leaves these shores, either under his own power or on a stretcher. That guy's a card. Means business, too. When the scribbles asked him what his weight was, Tommy replied: "Eighteen stone, twelve gents (28 pounds to you lugs) and wot of hit?"

## Cooperation in Building Field At Park Praised

The men and clubs that made possible the construction of a lighted softball diamond at Recreation park east of the city have asked the NEWS to publicly express their thanks to companies and individuals who worked and supplied material for the park. M. A. Graham and the Pampa Junior chamber of commerce steered the project and the City of Pampa gave use of the park free of charge until the lighting equipment was paid out. The lights were secured from Oklahoma City through efforts of E. M. Dean of the King Oil company. Pipe for the reflectors was donated by King Oil, Cities Service Gas company, Phillips Petroleum company, Kewanee Oil & Gas company, Moran Drilling company. Boyles and Luten, contractors, hoisted the pipe. Texas company supplied a welder. Hinderliter Tool company supplied a welder and a truck. The Southwestern Public Service company and Pampa Frank Hunt provided an electrician.

## White Sox, Tigers Try To Keep On Yanks' Trail

By BILL BONI, Associated Press Sports Writer. Trying to catch the galloping Yankees these days is about as hopeful as trying to keep up with Gar Wood in a one-lug outboard, but you can't rule the White Sox or the Tigers off the track for trying.

The Sox have won six in a row to maintain their pace as runners-up to the champions, now six and a half games in front after dropping the Browns in both ends of a double header yesterday.

The Tigers, encouraged by the promising recovery of Manager Mickey Cochrane, who for the first time since his injury put on a uniform during morning workout yesterday, have won five straight since handing the Yanks the lone setback of their current road trip.

Both have been fairly easy pickings the last few days. The Sox caught first the Red Sox and now the Senators in the throes of a losing streak, making it ten defeats in a row for the Nats yesterday with a 4-3 triumph in 10 innings. The Red Sox aren't proving too tough for the Tigers, either. The Hub crew was up in second place last week but has hit the skids again, that 10-inning, 10-9 licking by Detroit being its fifth in a row.

Even the fact that Jimmy Foxx chimed in with his nineteenth and twentieth homers and Colonel Mills and Eric McNair came up with one each couldn't save the Sox. The extra-inning virus even affected the Yanks, who won the opener from the Browns in the tenth, 5-4, then belted four St. Louis flingers for 11 hits to win the nightcap, 9-6. Joe DiMaggio's twenty-fifth homer, with two on, was the big blow in the first game, but shared importance with Tom Henkel's peg from right field for a double play in the tenth.

The other American league game saw George Caster go the route while his fellow Athletics bagged 15 hits off Cleveland pitchers to win, 7-5. The Giants, climbing back to within half a game of the rained out Cubs and the Dodgers, recovering from four straight trimmings by Chicago, also needed ten innings to win. Cliff Melton held the Reds to five hits as the Terrymen copped, 4-3, for their eighteenth victory.

Max Baer named the Pirates with eight safeties to give Brooklyn a 2-1 decision. The Cardinals threw in a few mis-pitches and bowed to the Bees, 5-3.

## YESTERDAY'S STARS

Cliff Melton, Giants: Pitched five-hit ball for 10 innings to halt Reds, 3-2.  
Hennie Manush and Jack Winslet, Dodgers: Former doubled in tenth and scored on latter's single with run that topped Pirates, 2-1.  
Tony Cucinello, Bees: Two-bagger and single drove in three runs in 5-3 triumphing of Cards.  
Bill Werber, Athletics: His three singles led 15-hit attack in 7-5 triumph over Indians.  
Thornton Lee and Luke Appling, White Sox: Former fanned eight and allowed only two bases on balls, latter hit three singles and drove in winning run in 10-inning, 4-3 defeat of Senators.  
Hank Greenberg, Tigers: His tenth-inning single scored run that beat Red Sox, 10-9.  
Frank Makosky and Tony Lazzeri, Yankees: Makosky's two-hit, three-inning relief pitching saved 10-inning opener of doubleheader, 5-4; latter drove in four runs with double and single in 9-6 trimming of Browns in nightcap.

## FRANKIE PARKER MAY REPLACE GRANT IN DAVIS CUP FINALS

WIMBLEDON, Eng. July 20 (AP)—While the cheers rolled out over Wimbledon's storied courts for Don Budge, the man who had achieved the impossible, Bryant Grant, the atom from Atlanta, sat sadly in the shadows. He had suffered the most crushing defeat of his career.

Budge had beaten Baron Gottfried von Cramm, 6-3, 5-7, 6-4, 6-2, 8-6, to win the inter-zone finals for the United States Davis Cup team and send it into the challenge round against England with a fine chance of winning and returning the cup to America for the first time since 1927.

But Grant had lost to Heinrich Henkel, 7-5, 2-6, 6-3, 6-4. For Bity it was the big chance. In past years when he had not been chosen for the team, the little man had made vociferous complaint. Chosen at last, he went abroad with high hopes but dropped both his matches and put upon Budge and Gene Mako the full burden of staying off the German bid.

The defeats, first by von Cramm and then by Henkel, may mean more than just the loss of two matches for Bity. Fresh and confident, Frankie Parker of Milwaukee, walks on the sidelines for a chance at Davis Cup glory. Walter L. Pate, non-playing captain of the American team, may pick him for the second singles job against England.

America's strategy in the challenge round is simple. As long as Budge can keep firing America can win. The British team, reduced to Bunny Austin, R. C. D. Tuckey and a brace of new comers seems to have little in its favor.

Austin is England's best bet, but he cannot hope to match Budge, after the latter's victory over von Cramm, a greater player than Austin. Tuckey is paired with Charles E. Hare, an untried player.

## Golf Tourney Qualifying to Begin Thursday

Qualifying for the Pampa Country Club's handicap tournament will begin tomorrow and last through August 1. Play will begin on August 3. Local players desiring to enter the tournament, and who do not have a handicap, are urged to see Del Love, pro at the Country club, immediately.

Entry fee for the tournament will be only 50 cents, plus green fees. A large cup, presented by H. Ootto Studer, will be given the winner. It will become the permanent possession of the players holding it three years in succession.

The low 64 entries will be matched and handicaps will be revised after each round of play. Match play will be featured.

Del Love urges the top 25 players who made the trip to Shamrock Sunday to do some thorough practicing in preparation for the return game on August 1. Shamrock won 15 out of 25 matches in Shamrock, eight of them from the first 10 matches.

## INDIANS HOLD 11-GAME LEAD OVER LEAGUE

If anybody intends heading off Oklahoma City as Texas league kingly, now is the time to begin doing something about it. From this mid-season point it seems the Indians have a strangle-hold on first place and much relentless opposition will be needed to annihilate their 11-game lead.

The Indians won another last night, relying on Ralph Buxton and Ash Hillin for pitching and justly 11-hit batting to turn back Galveston 5 to 3. The feature of the game was Stanley Sperry's good fortune in hitting in his thirty-fifth consecutive game. The Indian second baseman can tie the all-time league record if he hits in 37 straight games, as did Ike Boone for San Antonio in 1923.

Because of the Shaughnessy playoff system, Oklahoma City's wide lead did not make the pennant fight too lullish. San Antonio again entered contention with their fourth straight victory, which pulled them to within a game and a half of Port Worth and the first division. The Missions hit less frequently but farther than Dallas to win 4 to 3. Port Worth had dropped three straight to San Antonio.

## PHILLIPS 66 DEFEATED IN PLAYOFF GAME

Staging their most brilliant performance of the year, the Cities Service softball team last night knocked off the favored Phillips 66 5-0 in a city playoff to decide a softball champion for 1937. Skelly swamped Clasy Dusters 27 to 5 in the other game played at Recreation park a mile east of the city.

Two more bang-up games are scheduled for tonight with the Pampa Jaycees tangling with the Clasy Dusters at 8:30 o'clock and King Oil and Cities Service playing the second game. Admission will be 10 cents for women and children and 15 cents for men.

No games will be played tomorrow night because of the big baseball game between Huber of Borger and the Pampa Oilers. The schedule for Friday night will be Stanolind vs. Phillips in the first game and Texas vs. Skelly in the nightcap.

Campbell held the Phillips hitters to three singles while his teammates took everything behind him. He fanned only two Phillips batters while Chewing, Phillips ace, whiffed nine but allowed six hits. Word was the Cities Service receiver with R. Dewey catching Chewing. Halbig for Cities Service hit a triple.

Twentier had the Clasy Dusters eating out of his hand all the way as the Skelly 10 made merry at the expense of a pair of Clasy hurlers.

## COOPER FAVORITE TO WIN \$10,000 TOURNEY

By WILLIAM WEEKES. CHICAGO, July 21 (AP)—Anyone who can turn out a 72-hole total of 284 strokes over the Medinah Country club's number one and three courses Friday, Saturday and Sunday, says Erarry Cooper, can win himself the \$3,000 prize in Chicago's \$10,000 open golf tournament.

Cooper is the wagering favorite, at 9 to 1, to keep his Medinah night streak alive. The national open champion, big Ralph Guldahl, is listed at 10 to 1, with Sam Snead who finished runnerup to Guldahl in the open, and Henry Picard quoted at 12 to 1.

## Deadline For Entering Tennis Meet Is Friday

More than thirty entries have been received thus far in the Pampa News-Summer Recreational Third Annual Tennis tournament, it was announced yesterday. However, there are many persons who plan to take part in the contests who have not yet registered, and will not be permitted to play unless they do so, at once. Deadline for entering is Friday night, July 23. No entries will be accepted after that time.

Judging by the list of entrants received to date, competition will be close, and matches will prove interesting. Trophies will be given for each division by Mrs. Raymond Harrah, R. B. Fisher, Pampa Daily News, City of Pampa, and others as being arranged by Wilmer Postma, head of the meet. Regal, former students of Pampa and nearby oil field camps are eligible to participate, and the age of 16 is division line for all men's contests. There are no junior and senior divisions in women's matches.

Number of entries in the men's singles had reached the dozen mark, with the same number for men's doubles. In the mixed doubles, evidently the most popular of the divisions, 14 players had signified their desire to enter the meet, Junior divisions had only six entries. In the women's games, seven persons have applied for permission to compete.

Matches will begin on Monday, July 26. Arranging of matches and time for each will be completed by Mr. Postma and announced soon. Prospective players are urged to fill out entry blank and send it to the Tennis Editor, Pampa Daily News, as soon as possible.

Entries to date include Ralph Hamilton, Leo Recknagle, Hugh Stennis, Francis Smith, Leon Holmes, H. E. Jameyson, Charles Still, G. R. Roberts, Jim Brown and O. C. Summers, in the men's senior singles. In the men's doubles, senior division, are entered G. R. Roberts and J. M. Hatfield, O. C. Summers and partner not yet named, H. E. Jameyson and J. H. Hulme, Francis Smith and unnamed partner, Hugh Stennis and Jim Brown, and Ralph Hamilton and Barker. Junior divisions list Dick Kennedy, Howard Jensen, Jack Brown, and Bill Richy. In the women's divisions, doubles rivals will be the Virginia Posey-Flora Deen Finley team against the Doris Gee-Lilly Mae Redman com-

## REGAL TO BOX YOUNG BORGAN FRIDAY NIGHT

Unless some unforeseen happening keeps him from arriving here, Pete Regal will meet Ray Young of Borger in the semi-final of Del O'Neal's boxing card at the Pampa Athletic arena Friday night. Regal, former Borger, is boxing out of El Paso.

The main event, over the 10 round distance, or less, will pit Tiger Jess Baugh, 182, of Carthage, Mo., against Chuck O'Brien, 186, of Dallas. The two should be evenly matched, having met the same boxers on several occasions. Each hold division. These women are also entering the singles contests.

If you have not yet entered, do so now.

## STONE IN TULANE

LARAMIE, Wyo., July 21 (AP)—Dr. Ferdinand Stone, instructor in law and political economy at the University of Wyoming, announced today he had resigned to accept an associate professorship in the Tulane college of law at New Orleans, La. Dr. Stone recently returned from Dallas, Texas, where he was guest lecturer at Southern Methodist University law school during the first term of the summer session.
