

TWO MEN ROB SHAMROCK BANK

Lindberghs, Desperate, in Appeal for Contact With Baby's Kidnapers

Warning
P. S. Bailey, division highway engineer, has issued a warning against dumping trash along highways. We repeat it with our sincere approval. Some day, we hope, we shall have a highway beautification program. Tree-lined highways seem impossible now, yet are they? Read this again in 1950.

Strange
Wheat thieves are busy in New Mexico communities. But Gray county farmers wonder why anyone would steal what bring so little when sold. Perhaps the thieves were hungry for food, not dollars.

And Unusual
The Borger HERALD recently held a successful bury-the-hatchet banquet. In most cities, factions are sharpening the axe. And in the East the Smith and Roosevelt forces are doing everything possible to cut throats. Selfish interests are going to make every attempt to capitalize on unrest. It takes much intelligence to be a skillful voter in this age of hooley.

For Warmakers
Will Robinson, well known New Mexico writer, suggests a code of rules for warmakers. Here it is:
That the manufacturers of army raincoats be compelled to wear their own product, pay their own doctor bills when stricken with pneumonia, and defray their own funeral expenses.

That all congressmen and senators voting for war be given the choice of enlisting in the shock troops or being shot on the Capitol steps.

That all manufacturers of war supplies be hanged when their profits reach the million-dollar mark.

That uplift agencies, charged with the mortal welfare of the troops, be prohibited from shipping cash registers into the war zone.

That each battleship, cruiser, destroyer, and submarine shall carry, as excess baggage, one or more stockholders in battleship building concerns.

That the secret service be restrained from the discovery of "enemy plots" every time somebody turn on a light in the parlor.

That paper manufacturers be prohibited from entering the shoemaking trade.

That restaurant proprietors near concentration camps be enjoined from having two menus—one for civilians and one with higher prices for soldiers.

That college professors be stopped from delving into history to prove that the ene-

(Continued on page 2)

THE WEATHER
WEST TEXAS: Partly cloudy, preceded by snow in the Panhandle this afternoon, cold wave in north and east portions, temperatures 14 to 24 degrees in north and freezing in south portion tonight, with strong northerly winds; Saturday generally fair, colder in south-east portion. Livestock warnings.

NO PROGRESS YET REPORTED IN HUGE HUNT

CHILD'S NURSE UNDER GRILLING ABOUT THE CASE

APPEAL IS SENT HOOVER

RETURN OF BABY NOW ONLY CONCERN OF PARENTS

HOPEWELL, N. J., March 4.—The Lindberghs offered today to negotiate directly with the kidnapers of their baby. In a statement issued to the press, Colonel Lindbergh and his wife announced they wanted to make personal contact with the kidnapers and said the child's return was their only interest.

The kidnapers were assured no harm would come to any representative they might send to open negotiations and that any promises the Lindberghs might make would be faithfully observed.

A few minutes after this appeal was made public, Gov. Moore announced he had sent telegrams to President Hoover and to the mayor of larger cities as far west as Chicago inviting their representatives to a conference tomorrow to arrange for coordination of all the efforts being made to run down the kidnapers.

Long Examination
Police at the Lindbergh estate had little to report today, but it was learned they had made a long examination of Betty Gow, the baby's nurse.

Miss Gow, a pretty, black-haired woman with a cheerful smiling face and the spry step of an athlete, was selected for the position by Elizabeth Morrow, Mrs. Lindbergh's sister.

The appeal follows: "Mrs. Lindbergh and I desire to make personal contact with the kidnapers of our child. Our only interest is in his immediate and safe return. We feel certain that the kidnapers will realize that this interest is strong enough to justify them in having complete confidence and trust in any promise that we may make in connection with his return. We urge those who have the child to send any representative that they desire to meet a representative of ours who will be suitable to them at any time and at any place that they may designate."

"If this is accepted we promise that we will keep whatever arrangements that may be made by their representative and ours strictly confidential and we further pledge ourselves that we will not try to injure in anyway those connected with return of the child."

High School Players to Give Benefit Drama

In order to earn expense money to take the play to the tournament at Amarillo and to provide costumes for the players, Miss Arless O'Keefe, high school dramatics teacher, will present "The High Heart," at chapel in the high school gym, March 10, beginning at 9:30 o'clock.

Admission will be 15 cents each for people of the town and 10 cents each for students.

I SAW--

Violets growing profusely along the walks in Mrs. DeLea Vicars' yard, Mrs. J. S. Wynne's yard. There are more violets than usual this year—that is, more blossoms per plant.

Harry Hoare, who writes the column on the other side of the page, sitting in an easy chair on the sidewalk in front of the G. C. Malone funeral home, smoking a cigar, drinking a coke, and watching G. C. Hubbard and Charlie Duenk's spade up that plot of grass in front.

On March 2, the anniversary of Texan Independence, a beautiful Texas flag waving from the flagpole above the Brunow building. That flag means a lot to Mrs. Brunow. Her ancestors fought at the Alamo and San Jacinto, and her uncle, A. J. Sowell was a famous Texas ranger, patriot and "Texan" in the early days of the Republic. He was also the author of several books on early days in Texas.

Lions Minstrel and Revue Get Wide Applause

NEWS FLASHES AT PRESS TIME

GENEVA, March 4.—(AP)—Cessation of hostilities at Shanghai and withdrawal of the Japanese troops was demanded in a resolution unanimously adopted tonight by the League of Nations assembly.

WASHINGTON, March 4.—(AP)—The senate today ordered a broad investigation of stock market operations.

WASHINGTON, March 3.—(AP)—A senate elections sub-committee found today that Senator John H. Bankhead of Alabama was not elected in 1920 and that his seat should be declared vacant.

NEW YORK, March 4.—(AP)—The stock market crept up close to the best levels of 1932 today as bulls were encouraged by turner evidence of the restoration of banking stability.

SHANGHAI, March 4.—(AP)—The Chinese national government late today rejected the new Japanese demands presented yesterday as a basis for further peace parleys just outside the city of Shanghai, surrounded by war for a month, had begun quietly to get down to work again.

AUSTIN, March 4.—(AP)—Temple, Dallas Tech, and McCamey won in first round play of the Texas interscholastic basketball tournament to determine the state high school basketball championship today.

WASHINGTON, March 4.—(AP)—W. L. Pearson of Houston and W. L. Pearson & Company of Corpus Christi, Texas, were indicted today by a federal grand jury for failure to inform the internal revenue bureau of payments of \$1,593,372 made to 16 persons.

Sturgeon Is Director
The show was staged under the direction of John Sturgeon, local attorney and member of the club, who also played a stellar role in several acts. Both as an East Texas "darkie" and as a musical janitor in the "Back Stage" act with the girls' chorus, he was tuneful and laugh-provoking.

An orchestra prelude was played with H. E. Kreiger, violinist, directing. Mrs. Roy A. Webb was pianist. Robert Daugherty played the trumpet, and Earl Anderson the drums.

W. A. Wilder, Clarence the center of the double half-circles as interlocutor. As the curtain parted, the attractively attired chorus launched the theme song, "Start the Ball a Rollin'" and continued through a musical overture without a pause. The promptly responding clubmen revealed musical talents which even they did not know they had six weeks ago. Solos and gags alternately held the attention of the capacity audience. Solists were Miss Dorothy Doucette, R. B. Fisher, E. H. Zimmerman, and E. J. Thomas. All performed well, and Mr. Thomas' number was especially popular. Encores were numerous. During this act the antics and anecdotes of the black-faced end men were especially humorous. The end men were Dr. W. L. Walker, W. H. (Bert) Curry, Dr. R. A. Webb, and Director Sturgeon.

And Pretty Girls
Balladists were Miss Eura Rose, Miss Pauline Barnard, Miss Jackie Jones, Miss Louise Walstad, Miss Melba Graham, and Florida Freeman. Miss Esther Stark, Miss Lorene Nicholson, Miss Marjorie Buckler, Bob Watson, Ewing Leech, R. A. Thompson, W. T. Fraser, Clarence Kennedy, H. A. Neath, Ralph

(See MINSTREL, page 6.)

SIGNS MARVIN'S BILL
WASHINGTON, March 4.—(AP)—President Hoover today signed the Jones resolution setting aside \$10,000,000 for the secretary of agriculture to aid in the establishment of agricultural credit corporations.

SNOWS IN COLORADO
DENVER, Colo., March 4.—(AP)—March winds roared across Colorado today, accompanied by drifting snows which blocked highways in the northeastern part of the state.

KING WIN...R IS BACK FROM VACATION, CARRYING SNOW ON STRONG, CHILLING NORTH WIND

Spring, usurper of the season, was summarily ousted last night by a northerly which today bore snow flurries over the entire Panhandle section. Weather forecasters expected a temperature of perhaps as low as 15 degrees tonight.

It was snowing from the New Mexico line at Clovis north to Texline, Texas, and Boise City, Okla., and the storm was moving eastward. Minimum temperatures at Boise City was 16, at Texline 18, Amarillo 23, and Clovis 26. Temperatures were dropping along the Santa Fe line to the northeast, but little snow had fallen.

The United States weather bureau forecast a minimum temperature of 15 degrees for tonight, with snow continuing most of the day. The forecast was colder and partly cloudy tonight and fair tomorrow with little change in temperature.

SECOND SHOW WILL BE GIVEN THIS EVENING

SPARKLING HUMOR AND MELODIES ARE BLENDED

END MEN VERY CLEVER

DANCING AND MAGIC IN PROGRAM TO AID CHILDREN

Ripples of laughter, which rose to crescendos of approval as the performance proceeded, marked the very successful presentation last night of the Lions Club Musical Revue and Minstrel Show of 1932 at the city hall.

Pronounced a success when the curtain closed the opening overture, the show continued with similar interest through several additional acts. It was the first of two consecutive performances for the benefit of the crippled children's work by the club. The second show will begin at 8:15 p. m. at the city hall this evening.

The short delay in starting last night was occasioned by late seating of the crowd, the cast having been ready for the curtain raising at 8:15 p. m.

The show was staged under the direction of John Sturgeon, local attorney and member of the club, who also played a stellar role in several acts. Both as an East Texas "darkie" and as a musical janitor in the "Back Stage" act with the girls' chorus, he was tuneful and laugh-provoking.

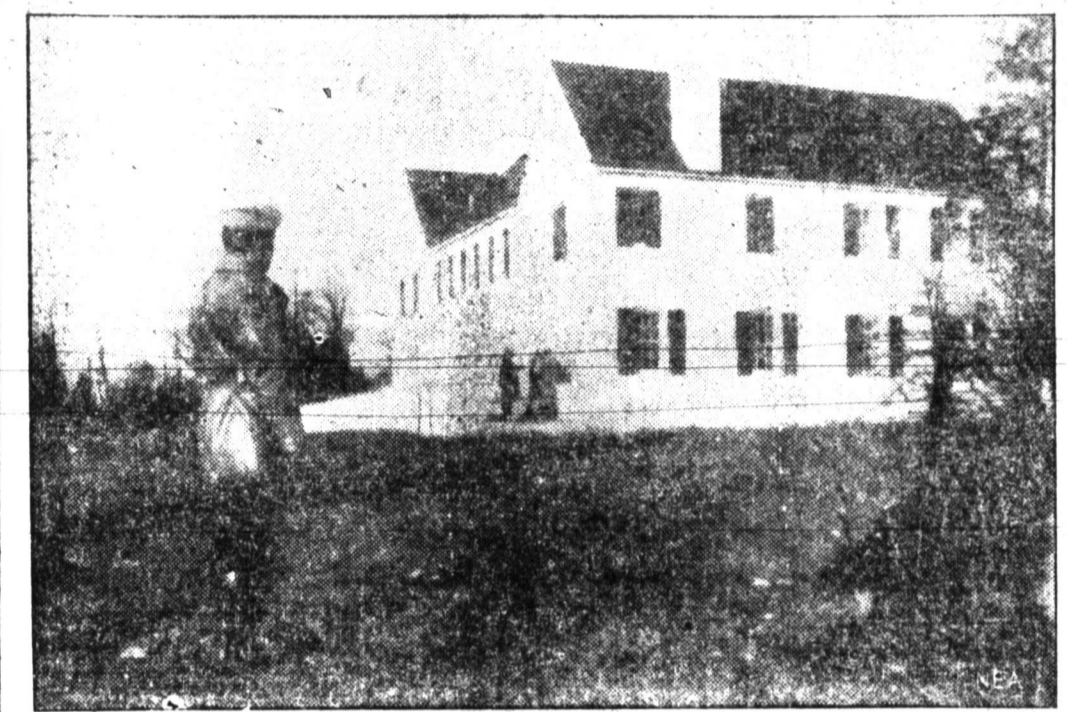

An orchestra prelude was played with H. E. Kreiger, violinist, directing. Mrs. Roy A. Webb was pianist. Robert Daugherty played the trumpet, and Earl Anderson the drums.

SCENES AT COL. LINDBERGH'S ESTATE

The top photo shows a state trooper in the foreground and a small child being held for ransom in the background in which the kidnapers escaped. Below is a general view of the Lindbergh estate taken from a specially chartered plane. It shows the woods in the background in which the kidnapers escaped.

Gravel Payments Changed

A majority of the county commissioners yesterday afternoon denied payment of a bill in the amount of \$2,908 to Tom Jackson for graveling portions of the Pampa-Kingsmill and Pampa-LeFors road recently, and instead approved a motion that every person performing work upon the job be requested to make out a bill for the work done by him and present it to the county auditor for the latter's approval. The motion stipulated that if the bills were approved by the auditor they would be presented to the court for action.

The motion was made by Commissioner John R. White, seconded by Commissioner H. G. McCleskey. Commissioner Lewis O. Cox voted against the motion. He had previously made a motion that the bill be paid. It was not seconded.

The job comprised graveling of railroad approaches on the Pampa-Kingsmill road and of washed-out portions on the Pampa-LeFors road. The bill submitted by Mr. Jackson was for 1,163.32 yards of gravel at \$2.50 per yard.

Payment of the bill was temporarily held up Tuesday when an affidavit was filed by Tom Smith who stated that he offered to haul the gravel for \$1.50 per yard. In a hearing held yesterday afternoon Mr. Smith testified that J. B. Barrett asked him to make the affidavit and paid the cost of making it. He emphasized in his testimony that his affidavit was a statement of facts and was not intended to be a complaint.

Price Bailey, checker, in a sworn statement, stated that the number of yards of gravel mentioned in the bill was correct.

Mr. Cox made a verbal statement in which he explained that he let the contract to Mr. Jackson so local laborers could perform the work. He said that 27 local men were hired out that the Court of Civil Ap-

(See GRAVEL, page 6.)

How to Continue Precinct Work Under Ruling Is Problem Today

A motion passed by county commissioners yesterday that in the future no contracts be awarded except by competitive bidding automatically placed a total of 80 men, most of them listed at the Welfare Board office, on the unemployment list again, Commissioner Lewis O. Cox asserted this morning.

For the last two months, the men had been working in shifts with eight wagons and teams, moving dirt on roads which pass through lakes in this precinct. The dirt was placed in fills where water from the lakes runs over the road. Their wage was 45c per hour. The work would have lasted about two months longer.

Welfare Board officials announced, soon after the men reported they had been laid off, that if this filling-in work were shut down the finances of the Board would be so severely taxed it would be necessary to conduct another drive for funds before the winter is over. Twenty-two of the men were Welfare Board cases before they were given work.

In the course of two weeks, about 80 men received employment on the dirt job, J. E. Beard, foreman said. The men were paid by County Treasurer Mabel Davis and not by the Phillips Petroleum company.

Everyone interested in the oil and gas industry in the Panhandle is cordially invited to attend the meeting and take part in the discussions, H. E. Rodgers, secretary, writes.

More than 300 attended the organization meeting last month.

WARDEN IS MOVING
ABILENE, March 4.—(AP)—Pale, and carrying his left arm in a 35-pound cast, Thos. E. White, former warden of the Leavenworth federal penitentiary, is en route to El Paso to take charge of a new federal prison.

With Mrs. White, he arrived last night and continued his journey this morning.

CIVIC WORKER DIES
DALLAS, March 4.—(AP)—Funeral rites were arranged this afternoon for Mrs. Laura D. Wilson, 77, pioneer Dallas civic and social leader

PAIR ESCAPES AFTER SEIZING TEN THOUSAND

JANITOR AND EMPLOYEES ARE BOUND BY BANDITS

ENTERED DURING NIGHT

GRAY COUNTY'S PEACE OFFICERS TAKE UP HUNT

SHAMROCK, March 4.—(AP)—Two men who planted themselves in the First National bank here some time during the night, bound and gagged employees of the bank as they arrived at work today, then escaped with \$10,000 after the time lock had sprung the combination.

The masked bandits, who were believed to have entered through a back door, were in the bank when the negro porter came to work at 5 a. m. Jim Smith, teller, arrived at 7:30, Charles Perry, assistant cashier, at 8 o'clock, and Frank Sanders, cashier, a few minutes later.

The bank employees were bound with copper wire, their eyes, ears, mouths were taped, and all were piled in a corner of the room. Earl Koger, vice-president, was added to the group when he arrived at 10:30.

Wait For Time Lock
When the time lock worked at 9 o'clock, the bandits released Smith and forced him to open the vault door, then rebound him. The robbers obtained \$9,000 in currency and \$1,000 in silver.

Soon after the bandits had secured one of the employees partly freed himself and tapped on a window pane to attract the attention of passers-by.

One of the men wore overalls and the other coveralls, which they removed before leaving the bank. They were polite and courteous in their movements, bank employees said, and were anxious about how long the captives could remain in their bound positions.

Spend Night in Bank
The robbers told their captives they had been in the bank most of the night.

Officers were investigating the report that two women had been seen about the bank just before the robbers escaped, and that they might have been lookouts.

Only the janitor, who saw the men before they masked themselves, was able to give a description of them. He said one was dark, the other a blond. The dark man was about 25, weight 155 pounds, and was 5 feet 8 inches tall. He wore tan low quarters and a heavy black brim hat. The blond was described as being 32, five feet 11 inches tall, and weight about 150 pounds. He wore cream colored coveralls, black shoes and a snap brim hat of light shade.

The bank was protected by \$40,000 worth of insurance.

Sheriff Lon L. Blansett received a report about 10:30 o'clock this morning that the Shamrock bank robbers had been seen in McLean and that Deputy Harris King had given chase. The sheriff immediately left for McLean by way of LeFors in the chance that they might be back. He sent Deputy Floyd Archer and Constable Frank Jordan to McLean over the Clarendon road.

Deputy Archer and Constable Jordan returned to Pampa about 10 o'clock, not having found any trace of the robbers. The sheriff had not returned at press time.

A. P. I. Chapter Is To Meet Tuesday

The second meeting of the Panhandle chapter of the American Petroleum Institute will be held in the city auditorium at 7:30 o'clock Tuesday night. Ed Warren, superintendent of the Continental Oil company, newly elected president, will preside.

Two interesting papers will be read and discussed: "The History and Development of Oil and Gas in the Panhandle Field," will be read by Jack Davis of the Humble Oil & Refining company. "Paraffin problems in the Panhandle," will be read by K. E. Kennedy of the Phillips Petroleum company.

Everyone interested in the oil and gas industry in the Panhandle is cordially invited to attend the meeting and take part in the discussions, H. E. Rodgers, secretary, writes.

More than 300 attended the organization meeting last month.

WARDEN IS MOVING

Sales Day Will Be Topic Monday

A sales day for Pampa will be discussed by merchants, their clerks, and members of the Pampa Board of City Development and Junior Chamber of Commerce at 8 o'clock Monday night in the city hall. Members of the two organizations will see that every merchant and clerk will be present as the meeting is of vital interest to everyone.

At a preliminary meeting last week more than 40 attended. More should have been present, committee members say. For example, there are about 40 grocery stores in Pampa and only six owners were at the meeting. An effort will be made to get every business man in the city to the session. Every line of business will benefit from the proposed sales day.

Physicians Will Convene in July

AMARILLO, March 4. (AP)—The Amarillo-Southwestern Clinical Society, a new regional organization of physicians, will hold its first annual clinic in Amarillo July 5 and 6.

The new group was organized after the Texas Medical Society, which voted at its last session to hold its 1932 convention in Amarillo, announced several months ago that the convention would be taken to Waco instead.

Dr. W. H. Flamm, president of the Potter County Medical Society, stated at the time the change in the convention city was announced that "the Panhandle gets little consideration from the state organization. We should have our own society out here to serve physicians of the Texas and Oklahoma Panhandles, eastern New Mexico and western Oklahoma."

Officials of the new society said they would bring at least four nationally-known instructors here for the first clinic. They said probably 300 would attend the meeting.

Dr. A. P. Lumpkin of Amarillo is president.

ON CASH BASIS

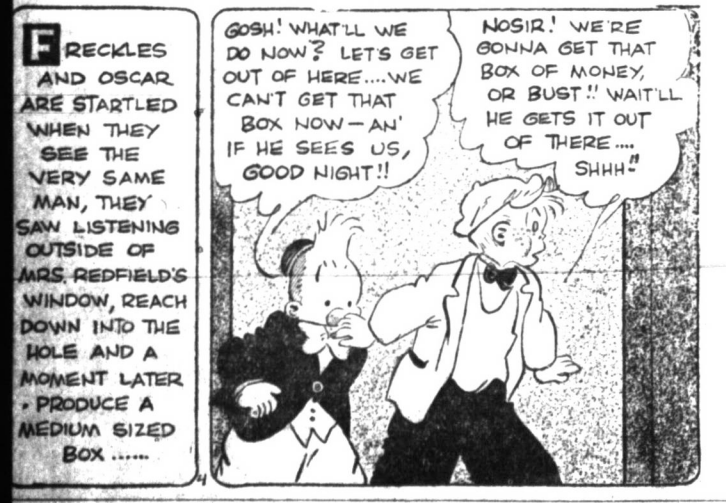

MEMPHIS, March 4. (AP)—Mayor Allen S. Grundy has announced that Memphis will operate on a cash basis in 1932, although not more than 58 per cent of the city taxes have been paid.

"We are going to effect economies that will reduce the city's expenditures to correspond with the income from taxes," Grundy said. He announced that more than \$10,000 had been cut from the city's expenses during the last year.

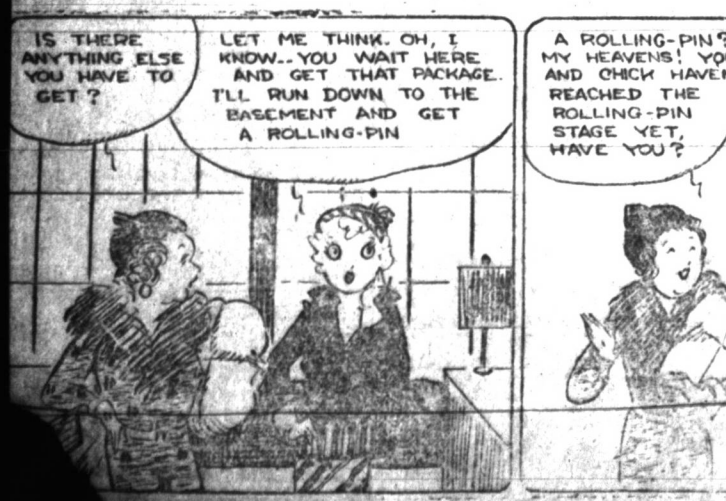

Ten western forests averaged 10,000 daily visitors each during the last recreational season.

Students are enrolled at Brigham Young University, Provo, Utah, from 17 states and five foreign nations.

FRECKLES AND HIS FRIENDS

THE NEWFANGLES (Mom'n Pop)

Big Bull Bonded

Here is Mickey, who is under \$300 bond in a San Antonio court, because two different women think he belongs to them. Miss Edwina Kelly has had Mickey for some time, but the court decided that he really belongs to Mrs. J. J. Ross, who proved she lost him when he was a small pup. When Miss Kelly appealed the decision, he was placed under \$300 bond so he would be sure to appear at the hearing of the appeal.

RUSSIA CLAIMS JAPAN PLANS TO ANNEX PORTION OF SIBERIA

MOSCOW, March 4. (AP)—Soviet Russia is increasing its army in the Far East for defense of the Siberian frontier "against Japanese attack," the government newspaper Izvestia said today.

In this first official acknowledgment that Russia is engaged in defensive military preparations, Izvestia asserted that the Soviet government had come into possession of documents attributed to high Japanese military officials, containing proposals not only for the invasion of Siberia but also for combination with other nations in an attack on the Soviet Union.

"Recent events in Manchuria, particularly the serious increase in the number of anti-Soviet provocations, compel us to strengthen our defensive capacity for safety at our borders," the newspaper said. "We cannot ignore the fact that responsible representatives of Japanese military and non-military circles openly have raised the question of a raid on the Soviet Union and annexation of border provinces."

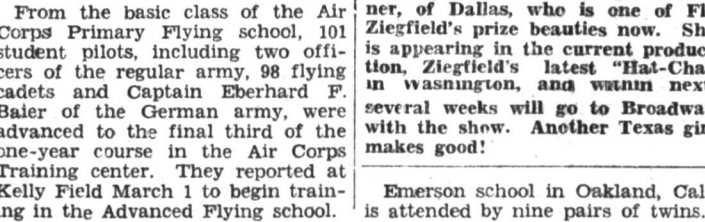

The newspaper then quoted documents it attributed to unidentified Japanese officials.

New Pilot Class Will Open Soon

SAN ANTONIO, March 4. (AP)—Randolph Field, West Point of the air, will welcome a new class of 200 students before March 14, when the air tyros will start training.

The most recently opened of Uncle Sam's air schools recently advanced its first two classes with a perfect record. Not a student or instructor was injured in an airplane accident during the four months of the two courses.

From the basic class of the Air Corps Primary Flying school, 101 student pilots, including two officers of the regular army, 98 flying cadets and Captain Eberhard F. Baier of the German army, were advanced to the final third of the one-year course in the Air Corps Training center. They reported at Kelly Field March 1 to begin training in the Advanced Flying school.

SCHOOL AS CHARACTER BUILDING AGENCY DISCUSSED

PRINCIPAL PATRICK SPEAKS TO HORACE-MANN TEACHERS AND PARENTS ON THURSDAY

MISS THOMAS PRAISED FOR SUCCESS OF CAFETERIA

The school as an agency of juvenile protection was discussed by Principal A. L. Patrick of Sam Houston school at a meeting of the Horace Mann Parent-Teacher association yesterday afternoon.

Among qualities developed in the child by the school, he said, are discipline, punctuality, respectability, sportsmanship, philosophy of life, intelligent curiosity, ability to think clearly, self-reliance, and judgment of values. Good teachers, he said, are good examples.

The program, directed by Mrs. E. M. Dean, proceeded as follows: Songs, "America the Beautiful" and "America," led by Miss Josephine Thomas, principal of the school, with Miss Frances McCue as pianist; Lord's prayer led by Mrs. T. A. Cox; song, "If I Were a Boy," Joyce Turner and Peggy Webb, accompanied by Miss Wilma Chapman; play, "Review of the Thirteen Colonies," Mrs. M. E. Griffith's room; talk on the protection the church gives the child, Mrs. Dee Campbell; talk on the protection the home gives the child, Mrs. J. E. Cunningham.

It was announced that in keeping with the Washington bi-centennial celebration, tree planting and open house would be held from 2 to 4 o'clock on March 24.

Mrs. J. M. Turner briefly told of the outstanding success of the school cafeteria, and principal Thomas was given a rising vote of thanks. A vote of thanks also was given Mrs. H. C. Price, who is in charge of the cafeteria.

"The More We Get Together" was sung as the closing number. About 45 persons attended.

Mrs. Clyde Reed Hostess to Club

Mrs. C. F. Naylor was favored for high score, Mrs. Claude Lard for high among the guests, and Mrs. J. E. McKenzie for low at a party given for the Kongalund Club Wednesday afternoon. Mrs. Clyde Reed was hostess for the occasion. Angel food cake and ice cream were served at the close of the games.

Members attending were Mesdames Bert Moore, Bert Wilhelm, C. F. Naylor, J. E. McKenzie, and J. L. Whitlock. Guests were Mesdames E. F. Horner, Cecil E. Troxel, A. M. Martin, Ed Mazey, G. W. Teed, and Gladys Lard.

Mrs. Wilhelm will entertain the club next week.

Old Officials to Assist in Court House Dedication

WELLINGTON, March 4. (P)—Collingsworth county's oldest public official, Justice P. W. Myers, who has been in office 40 years, will help dedicate the county's new courthouse.

Coming to the county as a cowboy, Myers has served as county judge, county commissioner, deputy sheriff and justice of the peace and is now in his fortieth year of service to the public. Myers was the second county judge and completed his first term in the county's first courthouse.

From the time he entered politics in 1892, Myers has not been out of office. He has held an elective office a greater part of the time, although he served as a deputy sheriff in the gun-toting 90's, when a feud existed between cowboys in the north part of the county and settlers in the south part. He also was the second postmaster in West Texas.

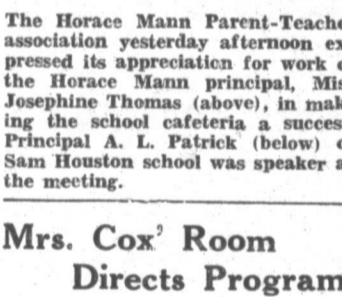

When Myers came to Collingsworth county in the early 80's, there were not more than 10 families on the entire 200,000 acres of land, he said. He is the only resident of that day now living.

"I guess it is just sentiment, but I do want to serve in the new courthouse," Myers said. "We are mighty proud of that old building. The people of the county built the old courthouse with their own hands. A kiln was erected on Buck creek and the bricks that went into that building were made from native clay."

PRINCIPALS

Mrs. Cox' Room Directs Program

A George Washington theme was featured in the program directed by Mrs. T. A. Cox yesterday at Woodrow Wilson school's chapel service.

Group singing opened the chapel, and the Scripture was read by Lois Murphy. Prayer followed.

Physical culture exercises were given by pupils of Mrs. R. E. Kolner and Miss Willena May. An acoustic then held interest, and a piano solo was given by Ellen Louise Cotton. A play, "Why We Celebrate Washington's Birthday," closed the program.

Eddie Genung, the University of Washington's great half-mile runner, began training in February for the Olympic Games.

Monday, when clocks have run down, is the busy day at the time bureau of the Cleveland telephone office.

TRIALS ARE DELAYED

EDINBURG, March 3. (P)—Postponement again today delayed the examining trials at Rio Grande City, Starr county, of eight Donna men charged with conspiracy to murder six prominent Donna residents as revenge for an election defeat.

The justice of the peace at Rio Grande City was out of town on other business and the trials were reset for Friday. They first were set for Feb. 25.

RETURN FROM CHICAGO

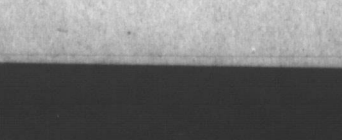

Mr. and Mrs. B. S. Via returned this morning from a three weeks business trip to Chicago. They also went to Twin Lakes, Wis., on a fishing trip through the ice and were successful in landing some silver bass and pickerel. The weather in Chicago was beautiful throughout their stay. Flowers are blooming in profusion and robins and other summer birds numerous.

Mr. Via has opened a law office here.

RECENT WEDDING OF MISS DOWDLE

Although one of Pampa's newest residents, Mrs. H. L. Polley, shown in the accompanying picture, already has made numerous friends here. The following account of her wedding was sent to the Pampa News.

MRS. POLLEY

Prayer Book Is Study of Local Episcopal Group

The Women's auxiliary of the Episcopal church met in the home of Mrs. William M. Craven Wednesday afternoon and spent a period of study of the prayer book.

During a business session, interior decoration for the new parish house, which is nearing completion, was discussed.

Another meeting was set for Wednesday afternoon of next week in the home of Mrs. J. E. Cunningham, and a full attendance was urged.

Three guests, Mrs. R. C. Sowder, Mrs. C. G. Wagner, and Mrs. John Burrows, and the following members attended: Mesdames L. Scheig, J. E. Cunningham, S. G. Surraff, Paul C. Jones, F. M. Perry, Julian Barrett, M. K. Brown, Newton C. Smith, C. P. Buckler, Henry Thut Sr., and E. H. Hamlett.

Mrs. Hugh Edwards of White Deer made a shopping trip to Pampa yesterday.

Judge and Mrs. E. F. Ritchey of Miami were Pampa visitors yesterday.

Mrs. W. Dowell of LeFors was a Pampa shopping visitor Thursday.

Mrs. Jessie Lowe of Miami visited in the city yesterday.

Frank Babcock of Groom made a business trip to Pampa Thursday.

Mrs. Lee Newman of Miami spent some time here yesterday.

F. L. Abraham of LeFors made a shopping trip to the city Thursday.

Mrs. E. R. Pickens of Miami visited in Pampa yesterday.

Mrs. Era Witt of LeFors was shopping in Pampa yesterday.

Mrs. W. H. Brady of White Deer visited in Pampa Thursday.

Ray Weedman has returned from a visit at Canyon.

Deputy Harris King of McLean visited and transacted business here yesterday.

Mrs. Walter R. Wise of LeFors was a business visitor in Pampa Thursday.

C. Reginal Hardy of Aleshred made a trip to Pampa the first of the week.

"DAD" DAY IS PLANNED FOR NEXT TUESDAY

FATHERS WILL ATTEND GATHERING AT SCHOOL

"Dad" day, which will be held next Tuesday evening at 8 o'clock, was planned by the Woodrow Wilson Parent-Teacher association yesterday afternoon. Forty-five persons attended.

The following program also was given: Songs, "America," reading exercises by first grade pupils of Miss Willena May's room; two piano solos, Mrs. May Foreman Carr; physical culture stunt, Miss Vida Cox's room; piano duet, Eleanor Ruth Gillham and Eula Taylor of Miss Nell Crain's room; dialogue, two boys from Mrs. T. C. Humphrey's room.

A business session followed the program.

Mitchell's Style Revue Is Tonight

Invitations have been received for the special showing of Fashion Studio dresses and suits this evening from 7:45 to 9:45 o'clock at Mitchell's store. At that time, Felicia Dempsey, New York designer, will present her entire Easter style revue.

Road Building Done With Care

AUSTIN, March 4. (P)—When the Texas highway department lays a strip of paving it wants to be reasonably sure the paving will stay where it is laid without bulging or creeping.

To effect this, exacting tests of the material in the sub-soil of the grade are made and if the material shrinks when subjected to the test, non-shrinking substances are added to obtain the proper consistency.

The test of the sub-soil is made by taking a sample of the earth, thoroughly wetting it and placing it in a mold to dry. If it shrinks or cracks it is unsuitable and a road built on it has little chance of keeping its smoothness.

The department has experienced great difficulty in obtaining the proper sub-soil materials in the heavy black land areas.

Samples of the sub-soil have been obtained from several places in each county, enabling the engineers to ascertain without much difficulty the type of sub-surface treatments necessary before it will sustain a top properly.

Mr. and Mrs. B. S. Via returned this morning from a three weeks business trip to Chicago. They also went to Twin Lakes, Wis., on a fishing trip through the ice and were successful in landing some silver bass and pickerel. The weather in Chicago was beautiful throughout their stay. Flowers are blooming in profusion and robins and other summer birds numerous.

RECENT WEDDING OF MISS DOWDLE

Although one of Pampa's newest residents, Mrs. H. L. Polley, shown in the accompanying picture, already has made numerous friends here. The following account of her wedding was sent to the Pampa News.

MRS. POLLEY

The marriage of Miss Dale Dowdle of Graham and H. L. Polley of Pampa was solemnized at the First Methodist church here the afternoon of Feb. 22. The Rev. R. C. Edwards, pastor of the church, read the beautiful ring ceremony.

The organ with lighted tapers formed a background for the altar, which consisted of a tall candelabrum bearing 14 tapers. On either side stood large baskets of fern and white snapdragons.

Miss Kathleen Criswell, wearing a white chair robe, played Lohengrin's wedding music as the bride party entered, the bride entering with her maid of honor, Miss Edna Pearl Dowdle, the groom with his best man, H. L. Polley. The ushers were Billy Dowdle and Deak Matthews.

The bride was lovely in a Chanel model of silver combined with white Batiste lace and rhinestone buttons, wearing a cap-shaped head dress of white with short veil of blue tulle. She carried the prayer book in white with marker ribbons, caught with fern and lilies of the valley, and a rose point lace handkerchief. Her attendant, Miss Edna Pearl Dowdle, wore sun-rose with accessories to match and carried an arm bouquet of white roses.

As recessional, Miss Criswell played Mendelssohn's wedding march. Immediately following the ceremony Mr. and Mrs. Polley left for a short wedding trip. The bride's going away costume was of Gurline red with brown fur trimming and brown accessories.

The couple will reside in Pampa, where Mr. Polley is manager of Murfee's department store.

Mrs. Polley is the daughter of Mr. and Mrs. Sam Dowdle, and was reared in Graham. Mr. Polley is the son of J. O. Polley of Mathis.

Recent Wedding of Miss Dowdle of Graham and H. L. Polley One of Beauty; Bride Welcomed to City

FORMER PRESIDENT W. T. S. T. COLLEGE DIES OF INFLUENZA

KINGSVILLE, March 4. (P)—Dr. Robert Barto Cousins, widely-known educator and president of the College of Arts and Industries here, died last night of pneumonia.

Dr. Cousins was stricken with influenza Wednesday and it developed into pneumonia yesterday.

He formerly was state superintendent of public instruction, headed the Houston public school system for several years and at one time was president of West Texas Teachers' college.

The widow, three sons, Major Ralph Cousins of the United States army, R. B. Cousins Jr., former state insurance commissioner and Kelly Cousins, newspaper man, and one daughter, Miss Edith Cousins of Kingsville, survived.

Rev. Robinson Is To Speak Tonight

The Rev. A. E. Robinson of Amarillo will speak at the Holy Souls church this evening at 7:30 o'clock. The public is invited to attend.

A question box will be maintained and all religious questions will be answered.

Rev. Robinson will remain in Pampa for Sunday services. On that day the Rev. Joseph Wonderly will be in Groom.

E. G. Gordon of Miami was looking after interests here yesterday.

MYSTERY PAINTING

O'DONNELL, March 4. (P)—O'Donnell's famous mystery cowboy painting now hangs from the walls of the O'Donnell Index office, its creator still unknown.

The painting depicts a cowboy of the early days leaving mail at the T-Bar ranch mail box. It is now considered valuable because of the incident it portrays, although the story which has followed the painting describes its author as a "tramp" painter.

Charlie Doak, "daddy" of O'Donnell and the first sheriff of Lynn county, had the painting done 20 years ago when accosted by a transient painter for money. It now attracts lots of attention.

Mrs. Pearl Fish is ill at her home of influenza.

Mrs. George Stevens and baby were discharged from Worley hospital Wednesday.

The couple will reside in Pampa, where Mr. Polley is manager of Murfee's department store.

Scouting Is Topic of Kiwanis Talk

C. A. Clark, executive of the Adobe Walls Scout council, told members of the Kiwanis club about Scout work in this territory at a regular meeting of the club today.

"Your investments have depreciated in practically everything," said Mr. Clark, "your investment in boys and Boy Scout work is worth as much or more than ever before."

Lindsay White of the state highway department told of the road work in this community and stated that within another year there would be much better roads leading into Pampa.

The various committees are meeting every few nights now in perfecting plans for the second annual Kiwanis Easter egg hunt which will be held at Harvester park, March 26. Every child in Gray county is invited to attend the hunt and participate in the prizes.

About 15,000 eggs will be hidden at the park when the children start the hunt. The eggs will be dyed numerous colors.

Visitors today included Mrs. Glen Pool, C. A. Clark and Lindsay White. E. W. Voss was introduced as a new member of the club. Other new members during the month are Howard Buckingham, Jimmie Grigsby, and Henry Reynolds. Six new members were added last month by the club.

Study of Marital Span Is Urged

SAN ANTONIO, March 4. (P)—If boys and girls would consider before they decide to get married just how long the natural span of marital companionship could be, there would be fewer hasty marriages and therefore fewer divorces.

This is the opinion of Bill Hiller, San Antonio's only life insurance actuary, who bases his knowledge of how long a marriage will last on the mortality table.

A 20-year-old husband and wife are given 35.5 years to travel life's pathway hand in hand until separated by death. A husband 60 and a wife 50 may expect to live together 12.6 years, if they don't go to Reno in the meantime.

Don Zimmerman, Tulane half-back and pole vaulter, and Percy Barber, Columbia university discus thrower, prepped together at Mitchell, S. D., high school.

C. Y. Douglass of LeFors was looking after interests in Pampa yesterday.

CONNIE KEEPS MEN IN CAMP

PORT MYERS, Fla., March 4. (AP)—Connie Mack will stay in camp with the Athletics' three biggest winners, Lefty Grove, Rube Walberg, and Leroy Mahaffey while the other boys go to Miami to play the Cardinals Saturday and Sunday.

Connie has picked Rommel, Stein, Krausse, Cain, Bowman, Deshong, Dumford, Haas, Miller, Coleman, and Cramer for the Miami trip. Captain Eddie Collins will be in charge.

The regulars won the season's first practice game from the Yankees, 5 to 3. Both teams used three pitchers, each for two innings. Joe Bowman, Lew Krausse, and Lou Harbour pitched for the winners, and Irvin Stein, Wilbur Dumford and "Sugar" Cain for the losers.

Dallas Teams in Tourney Battle

DALLAS, March 4. (AP)—Three Dallas teams and the Brown Paper Mill five of Monroes, La., defending champion, remained in the running today in the Southern A. A. U. men's open basketball tournament.

The Gifford-Hill quintet of Forest Hill, La., was beaten last night, 52 to 43, by the Morris Clothiers of Dallas. Tonight the Clothiers will meet the Dr. Pepper squad of Dallas.

In the other semi-final, the Monroe team will meet the University Garage aggregation, made up of Southern Methodist university second string players. The Brown Paper Mill quintet reached the semi-finals by beating Texas Military college of Terrell 37 to 23, and the University Garage five smothered the Frisco Independents of Frisco, Tex., 55 to 17.

His "Make Good" Drive Is Started

PALO ALTO, Calif., March 4. (AP)—Gerald Walker, who was brought back from the minors this spring for another chance with Detroit, has opened his "make good" campaign. Aiming at the left field fence of the Stanford university sunken grounds while at bat yesterday he drove one ball over it and hit it with his next two swings.

The fence is 460 feet from the plate, the top is 20 feet above the playing surface and no one else except Dale Alexander, giant Tiger first baseman, has ever driven a ball over it.

Western League To Open Earlier

WICHITA, Kas., March 4. (AP)—The 1932 Western league baseball season will open nine days earlier than the 1931 inaugural, club owners decided at a meeting here last night.

A schedule calling for 154 games with the openers, April 21 and the final tilts Sept. 7 was adopted. Previously the owners had decided to abandon the split season in favor of a three-club playoff to determine the championship. The team with the highest percentage will be pitted against the winner of a semi-final series involving the second and third place contenders.

Outfielders Are M. Carey's Need

CLEARWATER, Fla., March 4. (AP)—All would be well with Manager Max Carey of the Brooklyn Dodgers if he could lay his hands on a couple of outfielders.

In particular, Carey would be delighted to welcome to camp Frank (Lefty) O'Doul, Floyd C. (Babe) Herman, and Johnny Frederick. Herman is still trying to persuade the club he's worth \$18,000 but the other two should be in camp.

Browns Late in Arriving at Camp

WEST PALM BEACH, Fla., March 4. (AP)—Arrival late yesterday of Tom Jenkins, in-and-out gardener, Massachusetts, reduced to the number of players missing from the St. Louis Browns' training camp.

Despite the fact he has only 15 men in camp, Manager Bill Killefer is confident he has the making of a better team than he had last year.

Outsider at Top FRENCH LICK, Ind., March 4. (AP)—Dale H. Goslin, youthful Los Angeles cuedist, holds top position at the end of four days of play in the national amateur 18.2 balkline billiards championship tournament here.

An outsider in the field of seven, the Pacific Southerner has won four of his five games and has a half-game lead over Edgar T. Appleby of New York, the defending champion, and Percy N. Collins of Chicago, six times a holder of the crown. Goslin can assure himself of a tie for the title by a victory over Collins today.

GETS STRONG RIVAL ST. PETERSBURG, Fla., March 4. (AP)—Beau Brummel Duffy Lewis has found a worthy rival in the Boston Braves camp, Art Shires' new Sunday go to meeting outfit is a pip. It consists of a green serge coat with large pearl buttons, green striped white flannels, and green shirt and tie and a pair of very loud sport shoes.

The 1931 gross cash income from the average South Dakota farm was estimated at \$1,117, nearly \$1,000 more than the 1930 average.

Lindstrom Has Real Dilemma

LOS ANGELES, March 4. (AP)—Freddie Lindstrom of the New York Giants is in just about the most serious quandary of his career.

Lindstrom is considerably overweight but doesn't want to pare himself down until he finds out just where he is going to play this season. If he is to return to the outfield then he'll need a little more weight than he would carry should Manager John McGraw elect to send him in at second base in the event that Hughie Critz's arm fails to hold up.

Appling May Try to Change Position

SAN ANTONIO, March 4. (AP)—Luke Appling, who was somewhat of a bust as a shortstop last season, has the makings of a third baseman, Manager Lew Fonseca of the White Sox believes.

Fonseca is the youngest work at third a couple of times last week and decided to let him compete with Carey Selph for the job of handling that corner. Wet grounds kept the Sox from holding their first drill here yesterday but a couple of two-hour sessions were prescribed for today.

Jimmy Wilson Is Much Too Heavy

BRADENTON, Fla., March 4. (AP)—Jimmy Wilson, Cardinal catcher, here for his second day's workout in the spring training camp, is weighing 20 pounds more than he weighed when the season ended last year.

He is not worrying about it, however, and intends to let the summer sun and work behind the plate get him back to his normal weight of around 175 pounds. A slight injury to his arm in the world series last fall is entirely cured, he said.

Phillies to Begin Heavier Practices

WINTER HAVEN, Fla., March 4. —Practice for the Phillies was due to start in earnest today with the arrival of infielders and outfielders who have not yet come to camp.

Manager Burt Shotton was elated over the condition of his men, who have been favored by fine weather.

"My pitchers are in better shape right now than they were after three weeks of work last year," he said. "Some of the boys are ready to put something on the ball right now. The rest are in fine shape, and there isn't a sore arm in camp."

SPORTS BRIEFS

A "ping pong palace" has been opened in Houston, Texas, with a former Texas A. & M. athlete as part owner.

Frank Gabler, pitching his first season in organized baseball for Bartlesville, Okla., in 1931, struck out 201 batters.

Charley Barrett, veteran Cardinal scout, once rode into the country on a tractor to look over a prospect.

To hold down expenses in sport activities at the University of Washington this year the annual western Washington high school relay track carnival has been cancelled.

Pete Cawthon, football coach at Texas Tech, also teaches boxing and wrestling.

Dr. A. R. Morley, Atchison, Kas., dentist, has been named assistant football coach under "Moon" Mullins at St. Benedict's college.

Roswell Higginbotham, Texas A. & M. baseball coach, was a pre-season casualty when a bat slipped from a player's hands in practice, striking the men or in the face.

Four of the I. C. A. A. track and field records are held by the University of Southern California, and a fifth is tied by a Trojan performer.

Ineligibility of Paul Young, giant Oklahoma center, due to failure to enroll the second semester, will handicap the 1932 Sooner grid team.

Plans are under way to revive automobile racing at Houston, Texas.

REPAYING BONDS BROWNSVILLE, March 4. (AP)—Cameron county has started paying off her \$6,000,000 road bond issue voted in 1927 and before the year is out \$76,000 will have been repaid.

Recently the county paid out \$40,000 on bonds which were to have matured March 1. A small item of interest will be saved by early payment.

All the money has been spent on a road system.

The United States has more than 75 per cent of the world's total of 34,575,000 motor vehicles, according to the Chicago Motor club.

BAYLOR WINS CAGE TITLE AS FROGS FALTER

MUSTANGS RISE OUT OF CELLAR TO BEAT T. C. U.

DALLAS, March 4. (AP)—The Southwest conference basketball race ended here last night with a surprise victory that gave the old grays a great shock.

The Baylor Bears are 1932 conference champions because Southern Methodist whipped Texas Christian last night, 32 to 30, in an over-time game. Had Texas Christian won, the race would have ended in a tie of 10 wins and 2 defeats each for Baylor and T. C. U.

Last night's game saw a fighting, hard playing Southern Methodist team rise from its cellar position and play inspired ball. Only two times in the first minutes did T. C. U. enjoy as much as a two-point lead. At the half, S. M. U. led, 14 to 12. It was 6 minutes before the Mustangs jumped into a 18 to 12 lead in the second half. Then with 8 minutes to play, the Ponies had a 20 to 15 advantage. It was then that Adolph Ditzel, T. C. U. center and record breaker for conference scoring, went to work.

Ditzel started off by making a difficult over-head, backward shot and he kept banging at the basket with success. With three minutes to play, the score was 21 to 21. Both sides poured shots at the net and the game ended 26 to 26.

In the extra five minutes, Williams, Southern Methodist forward, got away with a crisp shot after Ditzel's charity toss had put the Frogs in front, 27 to 26. On the next tip-off, Williams received the ball, found himself unguarded and again dribbled under the basket for another crisp. That was the ball game for another goal followed for a 32 to 30 lead with 45 seconds to play. The Mustangs pulled a stalling game that let them finish victorious.

Ditzel added to his new conference scoring record when he solved the S. M. U. defense for 7 field goals and 6 charity shots for 20 points. He finished the season with a scoring total of 191 points. It beat his old record by 23 points.

The closing conference game will be held Saturday night between the University of Texas and Texas A. & M.

CUBAN NETTER WINS AND TO BATTLE HALL

DEFEATS RAINVILLE OF CANADA; ALLISON IN VICTORY

HAVANA, March 4. (AP)—Four singles matches were on the program today in the international tennis tournament at the Vedado tennis club. The winners will go into the semi-finals.

Canada's entry, Marcel Rainville of Montreal, was eliminated yesterday so far as the singles are concerned but still is in the running in the doubles with his partner, George M. Lott, Jr., United States Davis Cup player.

Gustavo Vollmer, Cuban champion, eliminated Rainville, 6-4, 6-2, yesterday and today faced J. Gilbert Hall, South Orange, N. J., veteran. Wilmer Allison of Austin, Tex., the other first round singles winner, came up against Jonquin Pardo in his second match. Allison eliminated Jose Agutero, young Cuban, 6-3, 6-0.

The rivals in today's other two matches are Lott against Lorenzo Nodarse and Clifford Sutter of New Orleans against Ricardo Morales, second ranking Cuban player.

Hard to Travel With Baby Now

CLEVELAND, March 4. (AP)—It's a bad time to travel far from home with a baby in your automobile, unless you're prepared for delays by police.

That is the conclusion of Albert Menzies of Saginaw, Mich., who with his wife and four small children has been trying to drive from Boston, Mass., to Saginaw since Monday.

So intent have police and citizens been to watch for possible suspects in the Lindbergh kidnaping, that Menzies told Cleveland authorities last night he had been stopped and questioned eight times since he left Massachusetts.

The Cleveland police got on Menzies' trail when he went into a restaurant and telephoned someone asking if they had "milk for the baby." An alert waiter copied the telephone number and gave it to the police.

It didn't take the authorities long to find Mr. and Mrs. Menzies and their children at the home of his brother-in-law, Gene Young. The travel-worn tourist then explained his family was staying overnight and that the telephone call was merely to learn whether Young had milk in the ice-box or whether he would have to buy some in the restaurant.

FIGHTS LAST NIGHT

By the Associated Press
Bridgeport, Conn.—Jack Delaney, Bridgeport, knocked out Phil Johnson, Bayonne, N. J., (2).
Waterbury, Conn.—George Courtney, Oklahoma, outpointed Al Gainer, New Haven, Conn., (10).
Cincinnati—Tracy Cox, Indianapolis, stopped Mickey Doyle, Philadelphia, (4). Jess Caldwell, Akron, O., stopped Ted Graham, New Richmond, O., (4).
Fort Wayne, Ind.—Frankie Jarr, Fort Wayne, knocked out Frankie Murphy, Detroit, (5).

BABE RUTH IS TRYING STANCE JUST LEARNED

HOLDS FEET TOGETHER MORE AND HITS HARDER

ST. PETERSBURG, Fla., March 4. (AP)—George Herman Ruth has been in the big leagues since 1914 but he's not too old to learn new tricks.

The New York Yankees' great slugger is experimenting with a new batting stance in which he stands with his feet not quite so far apart and grips the bat a little shorter than he has in the past.

"I tried it out on the coast in some games last fall," he explained, "and found I could hit the ball just as far and also harder. So I'm giving the new stance a thorough trial this spring."

WRESTLING

By the Associated Press
Boston — Charley Strack, 220, Spring Valley, N. Y., won two out of three falls from Leo Wykoff, 215, St. Louis; Al Morell, 210, Boston, threw Andy Brown, 200, New York, 21:36; Harry Cornsweet, 205, Cleveland, and Stanley Pinto, 206, Chicago, drew; Jack Ferguson, 206, Sweden, threw Eddie Elzear, 205, Denmark, 6:30; Louis Loom, 212, France, and Pat Reilly, 205, Texas, drew; Pat McKay, 215, Memphis, threw Frank Lurich, 210, Russia, 5:59; Jake Patterson, 210, Syracuse, and Casey Zakanjian, 212, Los Angeles, drew; Bull Martin, Newark, and Leo Numa, Tacoma, Wash., drew; Marin Plestina, New York, threw Frank Yusko, Boston, 7:00; Len Hall, San Francisco, and Rudy Laditzi, New York, drew.

Harrisburg, Pa.—Dick Shikat, 223, Philadelphia, defeated Sandor Szabo, 204, Hungary, 38; Sammy Stein, 204, New York, threw Don De Leon, 226, Canada, 15:36; Fritz Kley, 222, Germany, threw Vanka Zelesniak, 224, New York, 25:05.

Vancouver, B. C.—Joe Stecher, 222, Dodge, Neb., took two out of three falls from Ronald Kirchmeyer, 228.

Vallejo, Calif.—Leo Papino, 210, Vallejo, defeated Jerry Monahan, 230, Colorado, in straight falls.

Pampa Bowlers Beat Amarillo

The Schneider hotel bowling team won two out of three games from the Earl Wyatt stores team in Amarillo last night. A return game will be played here at 8 o'clock Wednesday night. Besides winning in games the Pampans dropped 2,654 pins to 2,861 pins for the Amarilloans.

T. Thompson of the Schneider team was high scorer of the night with single game of 222 pins and total of 683 pins. The hotel team is well out in front in the Commercial league here while the Earl Wyatt team is also ahead in the Amarillo league.

Slump Helps Manila Autos
MANILA (AP)—Motorists of the Philippine capital find some balm for business conditions in the fact that 700 caramotas, the two-wheeled pony carts which were a problem in Manila's narrow streets, were withdrawn from service when their owners failed to raise the license fee of \$4.

GRID BATTLE SCHEDULED ON FIELD TODAY

THEN ATTENTION WILL TURN TO TRACK TRAINING

Track and field material that came out of the football game this afternoon will resume work Monday afternoon and forget football for the present, Coach Odus Mitchell announced yesterday afternoon. The speed artists were to meet the spring football boys this afternoon at Harvester Park.

Coach Mitchell has little promising material for his track and field squad but he is working hard to find suitable boys for each event before he starts intensive training. When he has decided on his team, he will make each boy work at his allotted task without letup and by the time of the first meet expects to have a tough little team whipped into shape.

Only three lettermen remain on the squad. They are Wayne Kelly, Robert Woodward and Leon Robinson. Kelly has no peer in throwing javelin. He hurled it 154 feet Wednesday afternoon to the delight of the coach. Woodward is making the pole vault look easy and should be heard from. Robinson is working on the dashes and is gaining speed every day.

THEN ATTENTION WILL TURN TO TRACK TRAINING

Track and field material that came out of the football game this afternoon will resume work Monday afternoon and forget football for the present, Coach Odus Mitchell announced yesterday afternoon. The speed artists were to meet the spring football boys this afternoon at Harvester Park.

Coach Mitchell has little promising material for his track and field squad but he is working hard to find suitable boys for each event before he starts intensive training. When he has decided on his team, he will make each boy work at his allotted task without letup and by the time of the first meet expects to have a tough little team whipped into shape.

Only three lettermen remain on the squad. They are Wayne Kelly, Robert Woodward and Leon Robinson. Kelly has no peer in throwing javelin. He hurled it 154 feet Wednesday afternoon to the delight of the coach. Woodward is making the pole vault look easy and should be heard from. Robinson is working on the dashes and is gaining speed every day.

Bill Finley looks like the big bet in the distance events. He had developed since last year and should show some great performances this spring. Hoot Fullingim, Jess Patton, and Parks Brumley are working on the hurdles, and may develop surprisingly.

The sprint men are numerous and new. Coach Mitchell believes that they will make some good speeders out of them. Weight men are missing, Jim Pool being the best bet.

BASKETBALL RESULTS

Wyoming 37, Brigham Young 33.

Dairy Show to Be April Event

PLAINVIEW, March 4. (AP)—Plans for the fifth annual Texas Panhandle-Plains Dairy show, including the awarding of \$3,500 in cash prizes and numerous trophies and the sale of 25 selected animals, have been approved by the officers and directors.

Dates for the show, which will be held at the permanent quarters erected in Plainview three years ago, are approved for April 11 to 14. The sale will be held in the afternoon of April 14.

C. H. Staples of Texas Agricultural and Mechanical college will be invited to judge entries in the show.

Advance interest indicating a greater exhibit of dairy products, Mrs. Julia Kelley, superintendent of the division, has petitioned the directors for additional show space.

Her department was one of the features of the show last year.

Any student eligible to compete in stock judging contests sponsored by Texas Agricultural and Mechanical college will be declared eligible for competition in the stock judging contests for vocational students held in connection with the show. Eligibility rules last year forced out the winning team after the awards had been made.

Competition will be open this year to dairy operators and stock judging teams of Eastern New Mexico, this territory having been annexed to the Panhandle counties last year.

Lenin Portrait Slashed
PARIS (AP)—A portrait of Lenin at the Independent's art show there was slashed by a vandal. The face of the Soviet leader was cut as was the signature of the artist, Jean Galland, who has done other works on Communist themes.

Heralding the Smart New Modes for Spring

MINSTREL--

(Continued from page 1.)

Thomas, Roger McConnell, L. L. Some, Roy McMillan, Elbert Thomas, Dr. C. H. Schudrey, P. L. Stallins, George Briggs, J. O. Gillham, Dr. C. P. Callison, Arthur M. Teed, Olin E. Hinkle, Sherman White, Walter Sill, Roy Bourland, and D. E. Cecil.

In the second part, an amazing display was given by "Prince Zerk" (El Hicks), who, through blindfolded, identified articles in the audience and told the numbers of keys and bank notes. He was assisted by H. Otto Studer and Sam Fenberg. Later this same trio appeared in a startling hypnotic exhibition, in which a member of the audience was made to do amazing things. Because of the performance tonight details cannot be told here.

Great Dancing

Leslie Nurne, Pampa and Amarillo dancing teacher, gave an exhibition of the tap and eccentric dance ability which took him to Hollywood, New York, and other large cities. He is undoubtedly a performer of high professional ability. And his pupil, Young Glen Turnbull of Amarillo, was appealing as a juvenile tap marvel.

As a group of girls as any for director could desire assisted Mr. Sturgeon in the final act, "Back Stage." Miss Doucette took the part of an actress in rehearsal, with Miss Jackie Jones as her skillful pianist. The wise-cracking janitor lent his baritone and in a duet with the actress, then the girls' chorus took the stage. Followed more banter, then the entire company sauntered back for the finale.

Many Citizens Mentioned

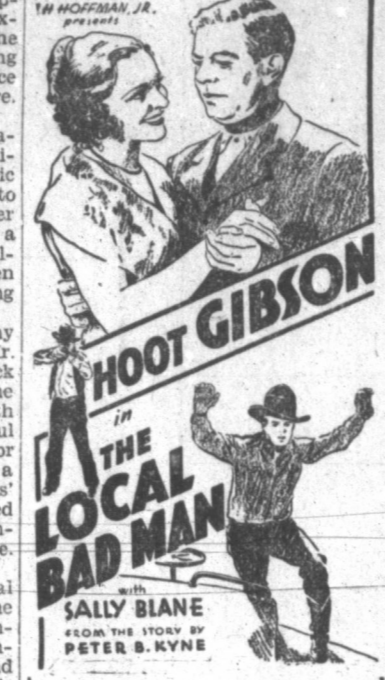

The laughs were on many local men whose names were used in the anecdotes and in the magician's answers. Questions taken from members of the audience were read, and a number will be answered this evening. Of the end men, Dr. H. L. Wilder as the male subject of the song, "Mama's Grown Young, Papa's Grown Old" was "a scream." His actions were no less amusing to the audience than to the cast during rehearsals. Brownie Akers proved to be a dancer and singer of surprising skill, and was watched throughout the first act.

Altogether, the audience saw a performance of some talent well above the average minstrel, and it was a show of contrasting acts which left no monotony. An identical performance will be given this evening.

The cast practiced four times a week with attention focused on the cause—welfare of crippled children. Ramon Wilson was in charge of costuming, J. A. Meek of stage properties, and Olin E. Hinkle of publicity.

UNIVERSAL NEWS

GRAVEL--

(Continued from page 1.)

20 of them through the Welfare Board, to assist 27 truck drivers. Each truck hauled about five loads per day he said, covering a total distance of 38 miles each trip. The laborers were paid on an average of \$3 per day, it was learned. Mr. Smith said the cost of hauling gravel by truck was 6 cents per mile. He also testified that it was necessary to make about \$20 per day in order to "come out even."

At the conclusion of the hearing, a motion offered by Commissioner M. M. Newman of McLean that in the future no contracts over \$500 be let unless competitive bids were received was unanimously adopted by the court. Mr. Cox then specified that bids not be split up in order to conform to the motion.

Not Legal Question

The Pampa commissioner said that 54 men with families were given the contract for four days, and contended that they likely would not have been given a chance at the job if the contract had been let by competitive bidding. Four days were required to complete the job.

County Auditor R. C. Wilson and the three other commissioners said that in their opinion Mr. Cox acted within his rights and within the law in letting the contract to Mr. Jackson without competitive bidding. In January, 1931, the county was restrained by an injunction from paying Mr. Jackson a gravel bill in the amount of \$3,840, and another over \$500. The Court of Civil Appeals at Amarillo later dissolved the injunction.

Welfare Board officials expressed the hope that some action would be taken to continue the work. Chamber of commerce officials also were studying the situation. Placing the men back in care of the Board would result in a serious drain on the Board's funds, it was said. The drive conducted last fall fell short of the \$10,000 goal by \$4,000. Most of the men were receiving groceries from the Board before they were given the work by Commissioner Cox. Mrs. W. H. Davis, manager, said.

On 12 farms in Ohio in 1931 the official yield of corn was in excess of 100 bushels per acre.

Commissioner White explained during the hearing it was his understanding that when the court approved Mr. Cox's plan for graveling the roads, the cost would not be over \$700. Mr. Cox denied that any sum of money was mentioned. The hearing was attended by the 54 men employed on the job and many others. It was held in the county court room. Judge S. D. Stennis presided at the meeting. He referred to let the commissioners handle the matter and made few comments or suggestions. He indicated however, that he favored Mr. White's plan for paying the bill.

ROAD WORK--

(Continued from page 1.)

peals upheld his action of letting contracts of over \$500 without competitive bidding, and that the crucial state of unemployment existing in Pampa now demanded giving all road jobs to local men.

Welfare Board officials expressed the hope that some action would be taken to continue the work. Chamber of commerce officials also were studying the situation. Placing the men back in care of the Board would result in a serious drain on the Board's funds, it was said. The drive conducted last fall fell short of the \$10,000 goal by \$4,000. Most of the men were receiving groceries from the Board before they were given the work by Commissioner Cox. Mrs. W. H. Davis, manager, said.

On 12 farms in Ohio in 1931 the official yield of corn was in excess of 100 bushels per acre.

What CONGRESS is doing

FRIDAY:

SENATE: Continues debate on agriculture department appropriation bill. Commerce sub-committee considers measures to curb "cruises to nowhere." Elections committee considers Heflin-Bankhead election contest.

HOUSE: Continues consideration of treasury-post office appropriations. Ways and means committee studies tax program. Judiciary committee considers short selling regulation. Post Office committee considers air mail contracts. Elections committee takes testimony on Granata-Kunz contest in Illinois.

Local Men Buy Prize Baby Beef at Amarillo Show

Emmett LeFors, Pampa cattleman, was the leading purchaser at the baby beef auction of the Amarillo fat stock show yesterday. Mr. LeFors bought a total of 36 baby heaves. A total of 146 calves in the show sold for an average of \$9.30 per hundred pounds.

Other buyers from Pampa were Carl Boston and I. Baum. Mr. Baum

QUAIL INCREASING

AUSTIN, March 4. (AP)—A tremendous improvement in the quail situation in Texas in recent years was noted by H. C. Oberholser of the federal biological survey on a recent inspection tour of the state.

Oberholser especially was concerned about the migratory bird sanctuaries.

Mrs. Brining of LeFors was a Pampa shopping visitor yesterday.

paid \$8 per hundred for a calf of John Mackie of the Hopkins community, and \$10 per hundred for a calf owned by Edward Vanderburg also of the Hopkins community. Six of the 10 Gray county calves in the show were bought by the purchasers from Pampa.

Jim Farley's senior and grand champion calf sold for \$66 per hundred to the Phillips Petroleum company. The third prize calf in the senior division, owned by Andrew Wilson of McLean sold for \$10.50 to the First National bank of Amarillo. Two calves owned by Betty Farley were sold to the Shamrock Cotton Oil company and the Amarillo Livestock Loan company for \$8 and \$8.50.

The eight members of County Agent Ralph R. Thomas' 4-H clubs who entered calves in the show were Everett Vanderburg, John Mackie, Joe Wagoner, Betty Farley, Jim Farley, Andrew Wilson, Billy Wilson, and Wilbur Lee Ison. Jim Farley won \$55 in prize money. The proceeds from the sale of his calf amounted to \$633.60. He was also presented with a suit of clothes, hat and shoes by Phillips company. Andrew Ison whose calf was the first \$25 for third prize. Betty Farley won \$8 for 11th place in the junior division.

questions and failed to have them answered by the prince will return for the answers tonight.

The two who sang the entire cast singing, and how they could sing. And has Pampa a bevy of beautiful girls? The audience gasped when the curtain rose. The men came in for their share of the applause as many of the homeliest looking like the proverbial million dollars. And not all the good looking men were in the front row. The back row contained such as George Briggs, Roy McMillan, Ralph Thomas, Roger McConnell, and others.

Albert Bratton as interlocutor was a wisp and the end men were unbeatible. Hub Walker and Doc Wilder took the cake. Brownie Akers didn't know he could even carry a tune until last night, but his number, "Nobody's Business" was a big hit. He even thought a double was being sung.

To hear the comments of Pampa's critics would do the heart good. Everybody was delighted. "It was a wonder," Rev. James Todd Jr., declared this morning. "The best performance I have ever attended."

P. M. win said. "I can be put over anywhere, and John Sturgeon and the cast cannot be given enough credit," remarked Tom Perkins.

Several well known business men met on a street corner, out of the wind, this morning and held a beauty contest. Every girl in the chorus received votes and a winner could not be declared. It was a good thing their wives weren't around.

Some of the wives are going to make their husbands use rouge and lipstick. They positively looked "pretty" last night. A single girl sitting behind this columnist was heard to remark, "Isn't Mr. handsome, and why is he married? Oh, dear."

The duet sung by Miss Dorothy Doucette and John Sturgeon was one big hit of the show. It was worth the price of admission, Lynn Boyd declared this morning.

ROOSTER HURTS CHILD

LITTLEFIELD, March 4. (AP)—Alma Flanagan, 18 months old, was attacked by a Cornish game rooster and seriously injured. Surgical stitches were required to close some of the cuts the rooster inflicted with his spurs.

The federal government will be asked to help terrace Indian land in Seminole county, Oklahoma.

MINNESOTA MOTORISTS CONSUMED

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: JESUS WASHES HIS DISCIPLES' FEET.

Scripture Lesson: John 13:1-15.

1. Now before the feast of the passover, Jesus knowing that his hour was come that he should depart out of this world unto the Father, having loved His own that were in the world. He loved them unto the end.

2. And during supper, the devil having already put into the heart of Judas Iscariot, Simon's son, to betray him,

3. Jesus, knowing that the Father had given all things into His hands, and that he came forth from God, and goeth unto God,

4. Riset from supper, and layeth aside his garments; and he took a towel, and girded himself.

5. Then He poureth water into the basin, and began to wash the disciples' feet, and to wipe them with the towel wherewith he was girded.

6. So He cometh to Simon Peter. He saith unto Him, Lord, dost thou wash my feet?

7. Jesus answered and said unto him, What I do thou knowest not now; but thou shalt understand hereafter.

8. Peter saith unto Him, Thou shalt never wash my feet. Jesus answered him, If I wash thee not, thou hast no part with Me.

9. Simon Peter saith unto Him, Lord, not my feet only, but also my hands and my head.

10. Jesus saith to him, He that is bathed needeth not save to wash his feet, but is clean every whit; and ye are clean, but not all.

11. For He knew him that should betray Him; therefore said he, Ye are not all clean.

12. So when he had washed their feet, and taken his garments, and sat down again, He said unto them, Know ye what I have done to you?

13. Ye call me Teacher, and Lord: And ye say well; for so I am.

14. If I then, the Lord and the Teacher, have washed your feet, ye also ought to wash one another's feet.

15. For I have given you an example, that ye also should do as I have done to you.

Golden Text: The Son of man came not to be ministered unto, but to minister, and to give His life a ransom for many.—Matt. 20:28.

Time: The triumphal entry, Sunday, April 2. The cleansing of the temple, Monday, April 3. Controversy and teaching, Tuesday, April 4. Retirement in Bethany, Wednesday, April 5. The last supper, Thursday, April 6.

Place: Bethany and Jerusalem.

INTRODUCTION Six days before the passover Jesus returned to Bethany, the home of Lazarus and his sisters. It is now the beginning of the last week of His ministry. John, after telling of the Triumphal Entry into Jerusalem on Sunday and the cleansing of the temple on Monday, with the discourse that followed, hastens on to the events and teachings in the upper room on Thursday evening before the crucifixion on Friday. The events of our lesson occurred soon after they entered that sacred room.

As John looked back over the long years to that never-to-be-forgotten night the one thing that hung like a halo over all that Jesus said and did, was His love. "Having loved His own He loved them unto the end." He loved them, in spite of their guiltiness and their spiritual failures.

The "Upper Room" in Jerusalem The upper room had been prepared for the coming of Jesus and His disciples. There was the table about which the couches were arranged; there was the little table with the lamp; and over near the door the basin, a pitcher of water and a towel, put there for the washing of the feet of the group who would come in from the dusty streets. But there was no servant, and one of the disciples would have to perform the lowly duty of foot washing. We do not doubt that often one of them had thus served his Master and brethren. On this evening, however, none volunteered. As they entered every man went to his place, waiting only, perhaps, until the Master himself had reclined. None was in a mood for being a servant since they had been disputing about who was greatest.

MORE The Self-Seeking Disciples Luke tells us that even in this last evening there was a contention among them as to which was greatest. "And there was also a strife among them, in which of them should be accounted the greatest." Luke 22:24. A most lamentable and discouraging fact, but he loved them just the same. His own mind and heart were burdened by the knowledge that "his hour was come," he saw clearly the sufferings which lay just ahead of him, but he was not too burdened to teach and comfort those whom the Father had given him. They were on the brink of the darkest valley they would ever pass through; and he gave them his love's best gifts. So it was all through his ministry—just when they needed him most he was near. And so it has been all through the ages.

Jesus' Act of Humility, V. 4. "Riset from supper, and layeth aside his garments." The immediate cause of our Lord's act of humility and service was undoubtedly the unworthy strife that had occurred—as to which of them should have precedence in the kingdom of which Christ's triumphal entry into Jerusalem and His popularity since had given them renewed hope (Luke 22:24-27). Very likely this strife was brought to a head by some foolish struggle for the chief seats at the table, those on the right and the left of Jesus. "And he took a towel, and girded himself." With the towel for a girdle, he fastened up his long robe out of the way. He waited till it was clear that no one else would do it, and then he did it himself.

Jesus Washes the Disciples' Feet V. 5. "Then he poureth water into the basin." A pitcher of water was ready as part of the arrangements

of the room made in advance by Peter and John, and the usual large copper basin lay beside it. "And began to wash the disciples' feet." He began to wash them as they reclined on their couches at the low table, their bare feet stretched outward, away from the tables. "And to wipe them with the towel wherewith he was girded." How plainly do all these details mark the narrative as that of an eye-witness!

"We have a principle laid down; the same that the Romans referred to in the proverb, 'Service est regnum.' To serve is indeed to reign. Where will you find a nobler legend than that on the escutcheon of the Prince of Wales? 'I Serve.'"—Rev. David James Burrell, D. D.

"Christ had full knowledge of his glory and dignity and in spite of that—nay, because of that—he emptied himself of his glory and took upon himself the form of a servant. What is the meaning of this to us? It means that here we have a sample of the divine life, and therefore a standard for all human life."—Prof. Hugh Black. "Service—that is the key-word for life, for Christ, and for all his followers. And mark, further, that it is service in order to cleanse."—Alexander McClaren.

"So he cometh to Simon Peter." v. 6. Something notable always happens when the narrative reaches this forthright apostle! "He saith unto Him, Lord, dost thou wash my feet?" "The negative is in order, thou, my stand together at the beginning of the sentence in emphatic contrast: 'Dost that of me wash the feet?'—Prof. Marvin R. Vincent. It was characteristic of Peter to be the first to protest against Christ's act—and doubtless to be proud that he was the first to protest! This deed of Christ's gives us "the full substance of a single lesson, the whole of practical Christianity in a single symbolic act."—Rev. George Whitefield Fisher.

"Peter saith unto him, Thou shalt never wash my feet." The negative is very strong, and is translated by Weymouth, "Never while the world lasts shall you wash my feet." Jesus answered him, "If I wash thee not, thou hast no part with me."

"Simon Peter saith unto him." He speaks with the impetuosity that marks all his appearances in the first three Gospels also. "Lord, not my feet only, but also my hands and my head." "To have no part with Christ—that was more than he could bear. It is as though he would say, 'A great part in the First of all, he had had wished to differ from the others in not being washed at all. Now that he must be washed, he would be the most washed of all. Ah, the subtle danger of wanting to be first, even in goodness!'—Prof. W. G. Eimsie.

The Example of Jesus, v. 15

"Christ had full knowledge of his glory and dignity and in spite of that—nay, because of that—he emptied himself of his glory and took upon himself the form of a servant. What is the meaning of this to us? It means that here we have a sample of the divine life, and therefore a standard for all human life."—Prof. Hugh Black. "Service—that is the key-word for life, for Christ, and for all his followers. And mark, further, that it is service in order to cleanse."—Alexander McClaren.

"So he cometh to Simon Peter." v. 6. Something notable always happens when the narrative reaches this forthright apostle! "He saith unto Him, Lord, dost thou wash my feet?" "The negative is in order, thou, my stand together at the beginning of the sentence in emphatic contrast: 'Dost that of me wash the feet?'—Prof. Marvin R. Vincent. It was characteristic of Peter to be the first to protest against Christ's act—and doubtless to be proud that he was the first to protest! This deed of Christ's gives us "the full substance of a single lesson, the whole of practical Christianity in a single symbolic act."—Rev. George Whitefield Fisher.

"Peter saith unto him, Thou shalt never wash my feet." The negative is very strong, and is translated by Weymouth, "Never while the world lasts shall you wash my feet." Jesus answered him, "If I wash thee not, thou hast no part with me."

"Simon Peter saith unto him." He speaks with the impetuosity that marks all his appearances in the first three Gospels also. "Lord, not my feet only, but also my hands and my head." "To have no part with Christ—that was more than he could bear. It is as though he would say, 'A great part in the First of all, he had had wished to differ from the others in not being washed at all. Now that he must be washed, he would be the most washed of all. Ah, the subtle danger of wanting to be first, even in goodness!'—Prof. W. G. Eimsie.

The Example of Jesus, v. 15

of the room made in advance by Peter and John, and the usual large copper basin lay beside it. "And began to wash the disciples' feet." He began to wash them as they reclined on their couches at the low table, their bare feet stretched outward, away from the tables. "And to wipe them with the towel wherewith he was girded." How plainly do all these details mark the narrative as that of an eye-witness!

"We have a principle laid down; the same that the Romans referred to in the proverb, 'Service est regnum.' To serve is indeed to reign. Where will you find a nobler legend than that on the escutcheon of the Prince of Wales? 'I Serve.'"—Rev. David James Burrell, D. D.

"Christ had full knowledge of his glory and dignity and in spite of that—nay, because of that—he emptied himself of his glory and took upon himself the form of a servant. What is the meaning of this to us? It means that here we have a sample of the divine life, and therefore a standard for all human life."—Prof. Hugh Black. "Service—that is the key-word for life, for Christ, and for all his followers. And mark, further, that it is service in order to cleanse."—Alexander McClaren.

"So he cometh to Simon Peter." v. 6. Something notable always happens when the narrative reaches this forthright apostle! "He saith unto Him, Lord, dost thou wash my feet?" "The negative is in order, thou, my stand together at the beginning of the sentence in emphatic contrast: 'Dost that of me wash the feet?'—Prof. Marvin R. Vincent. It was characteristic of Peter to be the first to protest against Christ's act—and doubtless to be proud that he was the first to protest! This deed of Christ's gives us "the full substance of a single lesson, the whole of practical Christianity in a single symbolic act."—Rev. George Whitefield Fisher.

"Peter saith unto him, Thou shalt never wash my feet." The negative is very strong, and is translated by Weymouth, "Never while the world lasts shall you wash my feet." Jesus answered him, "If I wash thee not, thou hast no part with me."

Our Lord's words (vs. 14, 15), might be paraphrased: If I, whom you regard as your leader and teacher, am willing to be your servant, and in lowly ways, why, it follows that you, if you are to be my true disciples, must imitate me in humble paths of service, and especially in the path of self-sacrifice.

"For I have given you an example, that ye also should do as I have done to you." "We should never lose sight of the fact that Christ is our pattern. We are called to imitate him. Some one has said, 'If you would become a painter, take the pencil and study Phidias; if you would become a poet, take the pen and study Homer; but if you would become a Christian, take the New Testament and study Christ.' He gives us an example, and binds us down to that, only that by the closeness of our servitude our souls may expand."—Henry W. Clark.

"At the battle of Waterloo, Lord Hill pointed to a bursting shell and said to the Duke of Wellington, 'What are your instructions, and what orders do you leave us, if you are killed?' 'Do as I am doing,' quietly responded the great commander."

Special Lessons The Italians have a proverb: "There is only one way that goes upward, and it goes downward." "My master's example teaches me to be willing to lay aside every thought of personal superiority, if I can do the humblest of my brethren good. If my brother needs it, I am, even literally, to wash his feet; but, whether it be by washing his feet, or filling his hand, or drying his tears, or covering his infirmities, or forgiving his faults, or praying for his soul, I am to imitate my Lord's perfect lowliness and perfect love."

HEAVY SLUGGING PASO ROBLES, Calif., March 4. (AP)—Heavy slugging of Gus Suhr and the Warner brothers is the center of interest in the Pittsburgh Pirate camp. All three have been slamming the ball to far corners of the lot.

BUYS PRIZE BEEVES I. Bean, owner of Helpy Selvy, returned last night from Amarillo after purchasing two prize winning Gray County entries in the Amarillo Fat Stock Show. The beeves were entries by Edward Vanderburg and John Mackie and will be butchered and sold from the local Helpy Selvy store.

"JUST THE MAN" SAVANAH, Ga., March 4. (AP)—John "Lefty" Michaels, southpaw, pitcher who won 13 games for Buffalo of the international league last season, was more than just the man for the Red Sox manager, has been looking for. Shono wants a left hander and he thinks "Lefty" may fill the bill. Michaels weighs only 162 pounds but he has a smooth graceful delivery and is not nearly as erratic as southpaws are generally reputed.

that these animals from the temperate zone has occupied the country after the departure of the ice which had brought the musk ox.

Superimposed on these strata was a stratum of Indian basket weaver culture. The problem now, Dr. Ray said, is to connect the musk ox with co-existent humans which would prove a theory long held by a few pioneers in southwestern archaeology—that mankind inhabited West Texas in the ice age. The stone spear point has been definitely connected with the musk ox bones.

Dr. Ray said that Dr. Howard and his party are expected to return to this area soon.

MAY FORM LEAGUE QUANAHA, March 4. (AP)—An Isaak Walton league chapter will soon be organized in Hardeman county if plans of interested sportsmen and landowners are carried out. Announcement of the date and place of the organization meeting will be announced in the near future.

During the last two years more game birds and fish have been brought into the county and distributed than during any similar period.

BONES OF ICE AGE MAN FOUND

ABILENE, March 4.—Recent announcements from Washington that Dr. Edgar B. Howard of the University of Pennsylvania had discovered evidences of ice-age man in a West Texas cave brought the information from officers of the Texas Archeological and Paleontological society that all the data gathered by the Howard party will be published in the annual bulletin of the society this fall. Dr. Cyrus N. Ray of this city is president of the Texas society. Dr. Howard and four other University of Pennsylvania scientists spent a week in the Abilene territory in 1929, paying particular attention to a site on Clear Fork river, where Dr. Ray had discovered some curious human bones believed to be of extreme antiquity. The Howard party at that time also found what they said were human bones far below the surface of the earth.

The party found musk ox bones around primitive hearths, indicating human beings had cooked and eaten these Arctic animals. At a shallow depth, they found camel and horse bones, apparently showing

that these animals from the temperate zone has occupied the country after the departure of the ice which had brought the musk ox.

Superimposed on these strata was a stratum of Indian basket weaver culture. The problem now, Dr. Ray said, is to connect the musk ox with co-existent humans which would prove a theory long held by a few pioneers in southwestern archaeology—that mankind inhabited West Texas in the ice age. The stone spear point has been definitely connected with the musk ox bones.

Dr. Ray said that Dr. Howard and his party are expected to return to this area soon.

Northwest Sets Up Defenses For Summer "Hopper" Invasion

MINNEAPOLIS, Mar. 4.—farmers started to erect defenses for an expected return engagement of a devastating grasshopper army next summer.

Agriculturists predict that millions of the strong-winged insects—even more than the hordes which made the 1931 visitation one of the most disastrous in history—are now in the egg stage and will make their appearance as spring turns into summer.

"The number of eggs laid in the soil last summer and fall in certain districts is alarming," says Dr. A. G. Ruggles, Minnesota entomologist. "In some areas as many as 180 egg pods have been found per square foot."

"This means that from 100 to 9,000 young grasshoppers will be hatching out of the round per square foot in May and June. Roadsides, ditch banks, edges of fields and pastures are the most thickly infested areas."

Out of last year's devastation came intensified study by county agents, agricultural colleges, and workaday farmers as to the habits and possible means of control of the hoppers.

As a result the northwest will not be caught unprepared again this year.

Tons and tons of poison bran mash, made attractive by including molasses in the mixture, will be offered to the hungry insects in lieu of less tasteful but more valuable grain.

This fare, prescribed by entomologists and agricultural scientists, can be spread over the grasshoppers' path at a cost of about 30 cents an acre, and it probably will constitute man's chief implement of battle.

On one hope only is reliance placed that the war may be successful waged without great expense—that the weather may be wet in the spring, for long continued rains during the hatching season, in May and June, may greatly reduce the num-

bers of the invaders.

Winter temperatures, no matter how severe, apparently have no effect on the egg pods, Dr. Ruggles said. Thus if nature is going to come to the farmers' rescue effectively it will have to be in the form of wet weather during May and June.

QUARTET RECALLED AUSTIN, March 4. (AP)—Two members of the famous O. Henry quartet, organized by the noted short story writer, still are alive. They are B. H. Edmonston of Morgan-town, W. Va., and C. E. Hillier of Belton, Texas.

The quartet gained considerable fame around Austin.

Both Edmonston and Hillier still are active.

ROBBERS ESCAPED BURTON, March 4. (AP)—A lone robber who took about \$1,800 from the Burton State bank yesterday eluded officers of this section. The man was unmasked when he held up the cashier, G. W. Weeren, and his assistant just before closing time.

The man left in an automobile, driving towards Brenham. The bank had been burglarized several times but this was the first daylight robbery.

JACKIE FIELDS TO MEET RIVAL

BOSTON, March 4. (AP)—Johnny Indrisano of East Boston, inspired by the hope that he may proclaim himself an uncrowned king, tonight meets Jackie Fields, welterweight champion, in a 10-round non-title bout.

The champion's last appearance in Boston was a rather sad affair. His performance against Gorilla Jones brought his dismissal from the ring by the referee, who declared the bout "no contest" and Jackie promises to do better against Indrisano, who holds decisions over two former welterweight rulers, Joe Dundee and Tommy Freeman. Both the decisions were gained by the East Boston lad in non-title bouts.

CITES THIRTS

DALLAS, March 3. (AP)—A appeal for protection against gangsters who threatened her life because she aided Patrolman J. B. Bell in capturing two drunken gunmen who fired shots at buildings in the business district was made to police yesterday by Mrs. Maude Lynch.

Sre said two men told her they intended to "cure her of helping police to make arrests by putting her on the spot." She was afraid they would kidnap her.

Mrs. Lynch picked up Bell Monday night in her car and overtook the automobile in which the two gunmen were riding. She forced the car to a halt at a curb and aided Bell in arresting the men.

Seek Return of Bank Deposits

LUBBOCK, March 4. (AP)—Suits asking that more than \$33,000 allegedly withdrawn from the Plainview National bank after it had reached a state of insolvency be returned to the bank's funds have been filed in federal district court here by F. A. Blankenbeckler, receiver. The bank closed last September.

Petitions filed in the suits charge that the depositors were not paid in the regular course of business, "but on the contrary were paid by such bank in contemplation of insolvency and with the intent on the part of said bank and its officers thereof to prefer said creditors over its other creditors."

Almost half of the total amount the receiver seeks to recover is included in a suit against Judge Charles Clements of the sixty-fourth judicial district.

Sister MARY'S KITCHEN

By SISTER MARY NEA Service Writer

There's something about a soufflé that captures everyone's interest and admiration. And while soufflé making seems most mysterious to the uninitiated, there's no conjuring trick about it. A few simple rules lead the way to a perfect soufflé.

The mixing is of prime importance. Whites and yolks of eggs must be beaten separately, the yolks with a rotary beater until thick and lemon colored and the whites on a platter with a wire whisk until stiff. Be sure to carefully "fold" the whites into yolk mixture. The fluffy consistency of the finished soufflé depends upon this "folding" which prevents the breaking of the air bubbles in the egg whites.

Long, slow baking is also one of the secrets of soufflé making. Of course, the size of the baking dish must be considered, but forty to fifty minutes in an average oven should be allowed for baking. Three hundred fifty degrees Fahrenheit is the correct temperature.

When firm to the touch or when a sharp knife inserted in the center of the soufflé comes out clean, the soufflé is done.

Serve AT ONCE. If a soufflé is allowed to stand even a short time after removing from the oven it will fall.

Fruit and custard soufflés make fashionable and delicate desserts, while those made with cheese, minced meat, flaked fish and vegetable puree are excellent for luncheon or supper main dishes.

Chocolate soufflé is always popular and makes a splendid dessert to follow a light meal.

Chocolate Soufflé
Two tablespoons butter, 2 tablespoons flour, 1 cup milk, 2 squares bitter chocolate, 6 tablespoons granulated sugar, 2 tablespoons hot water, 1/4 teaspoon salt, 1 teaspoon vanilla, 4 eggs.

Melt butter and stir in flour. Slowly add milk, stirring constantly. Cook and stir until mixture boils. Melt chocolate over hot water, add sugar and hot water and stir until smooth. Add to first mixture, and add yolks of eggs beaten until thick and lemon color. Beat until cool. Add salt to whites of eggs and beat until stiff. Add vanilla to cook-

Spinach Soufflé
Spinach soufflé served with creamed mushrooms is ideal for a Lenten luncheon.

Use two tablespoons butter, 3 tablespoons flour, 1 cup milk, 1 teaspoon salt, 3 eggs, 1 cup finely chopped cooked spinach, 1/4 teaspoon pepper.

Make a sauce of butter, flour and milk. Season with salt and pepper and add spinach and well-beaten yolks of eggs. Fold in whites of eggs beaten until stiff and bake as in preceding recipe. Serve from baking dish and pass creamed mushrooms in a separate dish.

NEW AGENT AT WORK

PLAINVIEW, March 4. (AP)—W. W. Evans, former Dawson county agent, has moved to Plainview to assume the duties of farm agent for Hale county, which include supervision of the Texas Panhandle-Plains Dairy show.

Evans will direct the 1932 show, which will be held April 11 to 14. Roy B. Davis, former Hale county agent, resigned to become manager of the Plains Co-operative, Inc., an organization of Texas and New Mexico dairy farmers.

ed mixture and fold in whites of eggs. Turn into a buttered baking dish and bake forty-five minutes in a moderate oven. Serve with whipped cream sweetened and flavored.

Tomorrow's Menu
BREAKFAST: Grapefruit juice, cereal, cream, toasted codfish strips, corn bread, milk, coffee.

LUNCHEON: Fish soufflé with creamed green beans, cabbage and pineapple salad, rye muffins, marmalade, milk, tea.

DINNER: Cream of tomato soup, fresh cod steaks broiled, shoe string potatoes, creamed asparagus, cottage cheese and chive salad, canned peaches on sponge cake with red raspberry sauce, milk, coffee.

Fish soufflé is delicious served with a creamed vegetable or Hollandaise sauce.

Use one cup flaked fish, 3 eggs, 1 cup soft stale bread crumbs, 1/2 cup cream, 1/2 teaspoon salt, 1 tablespoon minced parsley, 1 teaspoon lemon juice, 1/4 teaspoon pepper.

Force fish through a coarse sieve or ricer. Combine cream and crumbs and cook, stirring constantly for five minutes. Add salt, pepper and parsley. Sprinkle lemon juice over fish and add to cooked crumbs. Add well-beaten yolks of eggs and fold in whites beaten stiff. Turn into a buttered baking dish and bake 40 minutes in a moderate oven.

ATTENDANCE NORMAL

Attendance in the city schools is back to normal, that is around 95 per cent, Supt. R. B. Fisher announced this morning. An epidemic of mild influenza kept the attendance down to about 88 per cent during the last two weeks. Principals of the various schools reported that attendance was about average this morning.

PLAN TURKEY SCHOOL

McKINNEY, March 4. (AP)—Plans for an all-day turkey school, county-wide in its scope, are being worked out here by Collin county's two farm agents, Miss Helen Dunlap and Jack McCullough.

The school will be held at the McKinney chamber of commerce Saturday, March 12. Collin farmers and their wives attending are asked to bring with them two turkey hens and a gobble for demonstration purposes.

A turkey grading school will be held here this fall to get birds ready for the market.

GIRL NETTERS ORGANIZE

SHERMAN, March 4. (AP)—Organization of a co-ed tennis club for Austin college has been effected, with an enrollment of 25 members. Elizabeth Campbell of Sherman, who went to bi-district tennis finals in the interscholastic league twice during her days at Sherman high school, is president of the club.

EDDIE MORGAN GIVEN A RIVAL

NEW ORLEANS, La., March 4. (P)—The first base job of the Cleveland Indians is being counted upon manager Roger Peckinpaugh to give Eddie Morgan one of the best hitting sakers in the league. The capable rival for the job is Bruce Connater.

Morgan is one of the heaviest and most timely hitters on the Cleveland club, but last year his fielding became ragged, in sharp contrast to his good form in 1930. Peckinpaugh believes Morgan's trouble last year was the lack of sharp rivalry for his job.

Stephenson Sets Fast Pace and Is Slated to Start

SANTA CATALINA ISLAND, Calif., March 4. (P)—Going at the clip he has maintained since the opening of the training season, Riggs Stephenson seems certain to start in left field for the Cubs when the National league championship campaign opens.

Stephenson suffered an ankle fracture last August and joined the voluntarily retired list. The ankle felt better as the training trip approached and he decided to try again. He has not favored the member and apparently can pick out hitting balls as well as when he was a member of the 1929 murderers' row, which batted the Cubs to the senior league title.

Mrs. N. M. Maddox of Miami was shopping here yesterday.

State Will Aid County Projects

AUSTIN, March 4. (P)—The state highway commission yesterday acted to relieve the distressed condition of counties unable to utilize funds from bond issues for highway construction.

The commission agreed to advance counties sufficient money to reimburse when county funds are available. Orders were issued to state highway engineers to begin construction of several projects which had been delayed by failure of the counties to post their money with the commission.

Numerous counties have been unable to obtain their money from county depositories and other counties can not find a market for their bonds.

Highway aid allotments totaling \$1,198,043 were made by the commission. Most of the money will be expended on widening shoulders, ditches, resurfacing and other betterment work.

DE-PISTOLIING EAGLE PASS, March 4. (P)—

As a result of the fatal shooting of men and the wounding of a third February 14, when a cowboy fought two policemen in a north side saloon, Piedras Negras civil and military authorities have been conducting a city-wide depistolization campaign.

Soldiers are sent out at intervals every day to search civilians in saloons, on the street, and everywhere except in their homes. All pistols found on them are confiscated.

The movement is in accord with the recent order by Secretary of War Clegg requiring that all who wear pistols must show certificates authorizing them to do so.

Y. G. Johnson of Kingsmill made a business trip to the city Thursday.

RED LUCAS TO TAKE HIS CUT

TAMPA, Fla., March 4. (P)—Yielding on the eve of the exhibition season, "Red" Lucas, ace of the Cincinnati Red's pitching staff, will be in camp Saturday, ready to take a \$2,500 cut in salary.

He phoned Manager Howley of his capitulation yesterday. His acceptance of a salary of \$14,000 completes the Red Bird's pitching staff, leaving only four infielders among the irreconcilables. They are Cucinello, Stripp, Hendrick, and Morrissey, a recruit from St. Paul.

NEWS MEN TO MEET

FORT WORTH, March 4. (P)—Newspaper men and women are to have their day at the Southwestern Exposition and Fat Stack Show on Saturday, March 5. During the morning they will register at a local hotel which will be their headquarters. They will be guests at a luncheon to be served at noon, after which they will be taken to the Exposition grounds to visit the many exhibits and shows.

During the afternoon they will be guests at a rodeo matinee party. A section in the coliseum will be reserved for them. W. N. Beard, general chairman of arrangements, expects 350 visiting newspaper men and women to be here. The entertainment is being arranged by Fort Worth newspaper men, the Exposition and the chamber of commerce.

BURIAL IN NEW MEXICO

The body of Mrs. Thelma Boos, 24, wife of Jack Boos, local filling station proprietor, was taken overland to Elida, N. M., by the Stephenson county Mortuary last night for burial there this afternoon. Mrs. Boos died in a local hospital yesterday afternoon following an illness of more than two months.

Scout Board Is to Meet Monday

The executive board of the Adobe Walls Boy Scout council has been called to meet with the finance committee in Panhandle at 7:30 o'clock Monday night. The meeting will be held in the First National bank building. Rev. A. F. Johnson of Borger is chairman of the finance committee.

The budget for 1932 will be discussed and plans for a drive made. Pampa, Panhandle, Borger, and Whittensberg are the largest cities in the council. Rev. A. A. Hyde of Pampa is president of the council.

British To Cut Russian Credit

LONDON, March 4. (P)—Credits for longer than one year will no longer be extended to Soviet Russia on British exports, except under more stringent conditions than have prevailed in the past, the government had declared.

The announcement was made in the house of commons yesterday. The exact nature of the conditions was not set out and it was explained they were still under negotiation with Moscow.

The general assumption in political quarters was that Great Britain is insisting on greater purchases of British manufactures.

Five Youngsters Will Get Chance To Prove Metal

BILOXI, Miss., March 4. (P)—A quintet of younger players will be given ample opportunity to prove their big-league mettle in Washington's spring exhibition games.

Fitchers Frank Ragland, Lynn Griffith, and Johnny Friedrich, Catcher Cliff Bolton and outfielder Ralph Boyle are the youngsters promised a full share of action.

Walter Johnson wants to see how Bolton will stack up for the second-string catching berth, where his hitting would make him valuable.

ASK SEPARATE PRORATION

DUMAS, March 4. (P)—Moore county citizens and interested oil operators have petitioned the Texas railroad commission to designate this county as a separate field for purposes of proration.

Moore county at present is prorated on the same basis as the Hutchinson and Gray county pools. Local citizens have pointed out in their petitions to the railroad commission that both the last mentioned pools have reached maximum development, while the development of the Moore county field has scarcely begun.

They contend that Moore county should be allowed 10,000 barrels daily before proration applies and that independent development of the field is being hampered by present regulations.

WELL FINANCED

CANADIAN, March 4. (P)—This little city of 2,500 population is not worried about business, so far as its own financial conditions are concerned.

The city owns its water, sewer and light plants, and is operating all of them at a profit and making them pay for themselves. Its utility rates are among the lowest in Texas, and its financial condition is said to rate third among Texas towns.

Canadian has assets of \$402,400, and a bonded indebtedness of \$147,500. Its property valuations are \$2,150,000 and tax levy \$1. With enough money on which to operate, the city extended the payment of taxes until August 1, but 52 per cent of them were paid at the usual time.

R. A. Holmes of White Deer transacted business here Thursday.

OXYDOL THE COMPLETE HOUSEHOLD SOAP

MADE BY THE MAKERS OF IVORY SOAP

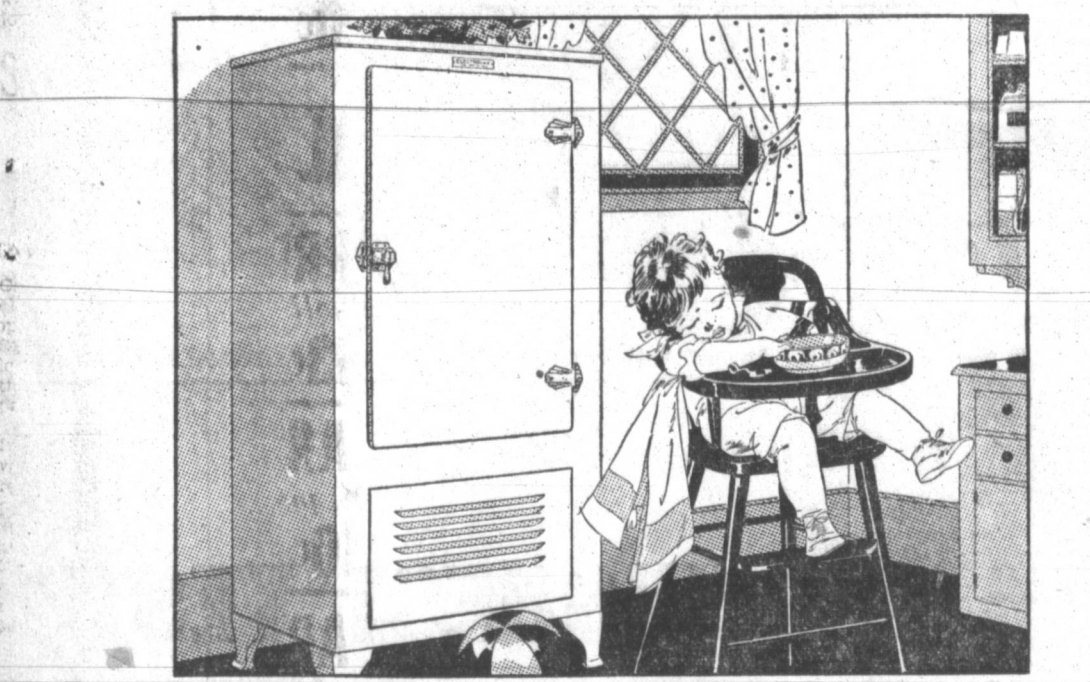

50% MORE SUDS MEANS 47% LESS WORK

We agree, Madam. Nothing could make dishwashing a pleasure.

BUT see how much easier it is with the New Oxydol

● If you want sparkling, clean dishes use the New Oxydol that makes 50% more suds—rich, long lasting suds that cut grease like a flash and rinse off clean, leaving no scum, so dishes are clean in a jiffy. And so easy on the hands! Procter & Gamble

ELECTROLUX

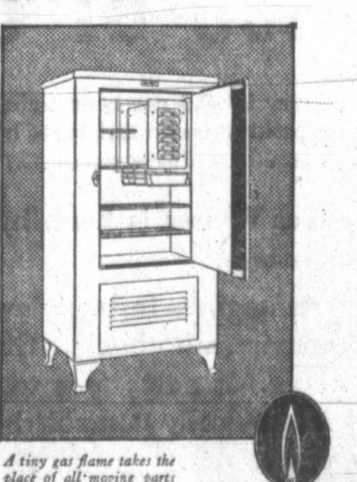

makes never a sound!

ELECTROLUX freezes without machinery—that's the big new idea in automatic refrigeration today. And because it has no moving parts—nothing that could possibly cause vibration or wear—Electrolux is absolutely silent. There's no alternate stopping and starting, either. A tiny gas flame and a tiny flow of water circulate the refrigerant that produces constant cold... freezes plenty of pure, sparkling ice cubes.

And it's just this simplicity of operation that also accounts for its low operating cost. Gas and water—and very little of each—are all that's required. A few cents a day covers the cost of both.

Installation is quickly and easily made. And should your Electrolux ever require adjustment, you may expect the same prompt and efficient service you are accustomed to receive from your gas company.

Plan to see Electrolux today. Prices are no higher. Terms are liberal. A complete line of beautiful models is on display in our showrooms now.

State Officer

Here is Raymond S. Mauk, newly installed state fire insurance commissioner of Texas.

One Littlefield Girl Is Native

LITTLEFIELD, March 4. (P)—Among the 4,598 persons who paid their poll taxes for 1932 and are permitted to vote in all elections in Lamb county this year, including the special county seat election on March 19, there is but one voter, a young woman, who is a native of Lamb county.

She is Miss Fern Hoover, daughter of Constable Fred Hoover, a former cowboy and ranch foreman, and Mrs. Hoover, active in affairs here. Authority for this claim is Everett Whicker, who checked all of the poll-tax receipts issued by the county clerk.

Records show Miss Hoover, 22, has lived in this county "twenty-two years."

Born on a ranch, she was for many years the only baby in the county south of the sand hills and her mother was the only woman. Only cowboys lived in the county then.

OFFENDER IS ROPED

DALHART, March 4. (P)—An alleged "horse thief," roped and tied in the true manner of the old West, recently was delivered at the Dalhart county jail to Sheriff Harvey D. Foust.

The delivery was made by Holt Holloway and Arthur Farmer, for whom the man had been working. The victim had been run down near the New Mexico line after taking a horse and saddle that belonged to Holloway and Farmer.

Tied with a lariat, the man was hauled before the sheriff in the turtle back of a car.

TO ASSIST IN PROGRAM

SHERMAN, March 4. (P)—Austin and Kidd-Key colleges of Sherman have been invited to participate in the East Texas chamber of commerce program in April.

Checkers Claim Much Attention in Abilene Territory

ABILENE, March 4. (P)—Veterans of the recently revived game of checkers, meeting here recently in their semi-annual tournament for sectional honors, took with them memories of a hard-fought tournament, in which Raymond Dittich, of Winters, title defender and reigning favorite, was dethroned by the much younger Clarence Ellison of Sweetwater, who last August failed to qualify for finals of the tournament.

The final round of the most recent tourney, starting at 9 p. m. in a hotel lobby, was not finished until 3 a. m., and very few spectators were present to help crown the new champion.

Defeat of Dittich left him tied with two others, Grady Flint of Winters and C. T. Darness of Colorado, for second place.

STRANGE DUTIES

SAN ANTONIO, March 4. (P)—Policemen are asked to perform many strange jobs. In the line of duty recently a detective administered water and birdseed to a canary.

The call to the detective department came from a landlady on Solaced street, who said that the owners of the bird were out of town and she did not want to commit burglary by entering the apartment.

OLDEST UNDERTAKER

CONWAY, Ark., March 4. (P)—Claiming the title of Arkansas' oldest undertaker, J. A. Pence has been his fifty-fifth year in business here.

Attracted by a stray copy of The Arkansas Traveler, then published in Conway by the novelist Ople Reed, Pence left his Virginia home for Conway in 1878. He stayed after he arrived. Pence is 77 years old.

COYOTES NUMEROUS

QUANAH, March 4. (P)—More Coyotes are being reported in Hardeman county than have been seen in many years. Farmers are out hunting with dogs and guns and killing many of them. Bill Green, who lives on his farm on Groesbeck creek, has killed six coyotes with a rifle during the past two months. He says they prowl very close to the buildings.

"Newsboy" Brown of Los Angeles, recognized California bantam champion, has signed to appear in two boxing contests in the Philippines.

Agricultural Conditions Are Continuing Favorable Through Greater Parts of The State

DALLAS, March 4. —Agricultural conditions continue generally favorable and present prospects are encouraging, although unseasonably warm weather and frequent rains had an adverse effect upon business and industry in the Eleventh Federal District in the month ending February 15, the monthly business review of the Federal Reserve Bank showed today.

"The heavy and persistent rains over much of the district since the first of the year have retarded considerably the preparation of soil for spring planting," the report said, "and this work is considerably behind schedule in most areas. Practically all sections of the district have a deep subsoil season and plowing and planting operations can go forward rapidly with the advent of dry weather. An unfavorable factor, however, has been the lack of freezing temperatures to pulverize the soil and kill insects.

"Small grains have continued to make good progress under the stimulus of ample moisture and favorable temperatures. These grains have furnished an abundance of pasturage for livestock. The planting of corn and cotton has begun in the extreme Southern part of Texas and should make rapid headway in the next two weeks."

The report pointed out that department store sales in larger centers reflected a seasonal decline of 59 per cent as compared with the previous month and were 29 per cent smaller than in the opening month of 1931.

"Consumer buying in rural sections has been slow," the report related, "due in part to the difficulty of travel over bad roads in some areas. Retailers are adhering strictly

to the policy of maintaining low inventories and of making replacement orders as consumer demand arises. Collections were generally slow during the month."

"Effective January 28, the Federal Reserve Bank of Dallas reduced its discount rate from 4 per cent to 3 1-2 per cent. The daily average of combined net demand and time deposits of member banks amounted to \$664,594,000 in January, compared to \$669,029,000 in December and \$798,354,000 in January, 1931.

A seasonal decrease of 4.8 per cent was reflected in the amount of charges to depositors' accounts during January at banks in principal centers in the Eleventh District. The volume was \$596,515,000 as compared with \$626,484,000 in the preceding month and \$770,689,000 in January, 1931. At Abilene, Beattont, Shreveport and Texarkana total debits to individual accounts were larger than in December. For the third consecutive month, all cities registered declines from a year ago.

All reporting centers, with the exception of Fort Worth, participated in a general recession in savings deposits during January. On the last day of the month, there was a total of \$126,640,258 on deposit in savings departments of 76 banks in the Eleventh District, compared to \$131,088,524 at the close of December and \$149,573,792 on January 31, 1931. There were 275,830 savings depositors on record at 70 of these banks at the end of the month, as against 277,526 on December 31 and 297,256 a year ago.

January exports of raw cotton showed a noticeably large seasonal recession, the report noted, after heavy foreign shipments in December, but they were substantially

above the low volume shipped in January, 1931, and compared favorably with the same month of earlier years. Receipts of cotton at Houston during January were fractionally smaller than those a month earlier, while at Galveston an unseasonably increase was recorded. Receipts at both ports reflected considerable increases over January a year ago.

Aggregate foreign exports of cotton from the United States also evidenced a perceptible seasonal decline during January but again were materially above those in the same month of the previous season. They were larger than in any corresponding month since 1927.

Total exports for the month amounted to 919,338 bales, as against 1,181,011 bales in December and 532,821 bales in January, 1931. Japan and China have taken approximately 40 per cent of this season's exports and Germany, 19 per cent. As compared to the previous season, takings by Germany, France and the United Kingdom were substantially smaller.

For the third consecutive month, crude petroleum output in the Eleventh District showed a substantial decrease during January. The month's production totaled 28,336,550 barrels, compared to 30,722,400 barrels in December and 23,349,000 barrels in January a year ago.

Drilling operations showed a gain over December, as evidenced by the larger number of completions. There were 490 producing wells completed in January, as against 444 in the preceding month and 203 in the same month last year. The initial yield of new wells, of which 99 per cent was reported from East Texas, increased from 3,049,498 barrels in December to 3,365,767 barrels in January. All major producing areas in Texas registered curtailments in daily average output.

College to Reduce Annual Budget

DENTON, Feb. 4. (P)—A reduction of approximately \$30,000 in the budget for next year, with students benefiting through reduced fees, was voted by the Board of Regents of the Texas State College for Women (C. I. A.) in their spring meeting.

The new schedule of reduced prices to students will go into effect with the beginning of the summer session in June. The fixed charges for this session have been reduced to \$83.75 including tuition, book- rental, laboratory, medical, student- activity fees and board and room. For the three-week summer session which follows the longer session, the charges for these items have been reduced to \$29.

For the regular nine-month session of 1932-33, the total charges for fees, room and board has been reduced to \$321, payable in installments with \$160.50 being charged for each semester.

Under this new price schedule the chief saving to the student will be in the amount paid for board, which has been reduced to \$22.75 per month for the school year consisting of eight and a half months.

College to Reduce Annual Budget

QUANAH, March 4. (P)—The large plaster mills and wall board plant of the Certainted Products company at Acme, 4 miles west of Quanah, are undergoing extensive repairs and remodeling preparatory to the spring business. Kettles are being overhauled, brick work being replaced, and machinery in mills and mines gone over.

These mills and board plant have been working only short crews and on irregular schedule for the past several months. Business has shown a decided increase in orders during the past 30 days.

Farming is the oldest profession.

Feminine Jaws Are Stronger

SAN ANTONIO, March 4. (P)—Feminine jaws are stronger than are masculine ones, in the opinion of Mrs. J. D. Brady, head of the Brackenridge school cafeteria.

Boys always buy soft, easily masticated foods, while girls go in for such difficult foods as peanut brittle. Boys eat more mashed potatoes and milk, while girls favor ice cream and candy.

Farming is the oldest profession.

WRITES ON COLLEGES

CANYON, March 4. (P)—The place and service of the many denominational schools which existed in the Panhandle during the years past will be made a matter of permanent record by Newton Crain, a graduate student of the West Texas State Teachers' college.

Crain has taken "Denominational Schools in the Educational Development of the Panhandle" as his subject for his master's thesis. It will give a history of schools which were located at Canadian, Clarendon, Plainview, Floydada, Hereford, and other points and which have now been superseded by public schools.

Famous FAST STARTERS

DEATH DEFYING SPEED 500 POUNDS OF BOBSLED, 800 POUNDS OF DARE-DEVIL RIDERS, SWISH AROUND HAIR-PIN CURVES AT A MILE A MINUTE, DIVE DOWN STRAIGHTWAYS AT 75 MILES AN HOUR—IN THE OLYMPIC BOBSLED RUN AT LAKE PLACID, NEW YORK. IT TAKES HIGH COURAGE, OF COURSE, BUT SKILL PLAYS A MAJOR PART. SIMILARLY IN GASOLINES, THE SKILL OF THE REFINER DETERMINES THE KIND OF PERFORMANCE YOUR ENGINE DELIVERS. WITH PHILLIPS 66 YOU GET SPLIT-SECOND STARTING IN FREEZING WEATHER; ADDED POWER, PEP, AND MILEAGE, BECAUSE PHILLIPS' SKILL AND RESOURCES MAKE IT SENSATIONALLY HIGH TEST, FROM 65° TO 71.4°.

"HIGHEST TEST" at the price of ordinary gasoline

Phillips 66 volatility is 69.6 per cent higher than the average of 28 competitive gasolines. Proved by unbiased laboratory tests based on distillation at 212 degrees.

Make your motor forget that Winter is here, by filling the tank with Phillips 66 . . . the greater gasoline. Its amazing high test starts engines instantly even in coldest weather. Makes them run with Summer smoothness. Gives added power and pep. Delivers longer mileage. It never fails to bring out the best in your motor, because we scientifically control the volatility, making it higher when your weather is colder.

Try a tankful tomorrow. And don't forget to look carefully for the Orange and Black 66 shield, because that is where you get higher test without higher price—as offered by Phillips, world's largest producer of natural high gravity gasoline.

For those who prefer it . . . Phillips 66 Ethyl . . . at the regular price of Ethyl Gasoline

The WORLD'S FINEST OIL for your motor. Cold weather does not affect the stabilized oiliness of this new, scientific lubricant. It remains fluid in the crankcase even at 32° below freezing. 100% paraffin base. Minus wax, water, and carbon. A product of Phillips quality, priced by Phillips to give greater value. Only 30¢ a quart.
