

POLICE CALLED AT BONUS HEARING

This column opens today with a suggestion to its readers. It concerns the Pampa public library. The suggestion is to give the library books which you do not need and use.

Active Patrons
The library has 646 active patrons, in addition to those in frequent attendance at the reading room. And we mean active—those patrons check out as many as a hundred books daily. At that rate, they will have read everything in the library before long. During March, 2,314 books were checked out. Sixty-seven books were mended; 23 were over-due. Fifty per cent of the patrons were men and boys.

Children Eager
It is obvious that the library is too small for a demand of that magnitude. The demand for children's classics, fairy tales, and books of adventure is tremendous. Who has a copy of Robinson Crusoe? Who has boys' books not in use? Who has any volumes of appeal to the youngsters who will soon be vacationing and reading?

Funds Inadequate
The library board is getting up a list of books to buy. The funds for new books will not be sufficient to meet every need. Each book contributed to the library will enable the board to buy that many other books not listed as necessities. How to meet the needs of juvenile readers during the vacation period is a big problem. Will not the citizenship help by giving the institution some of the adventure and children's stories which always are popular?

Need Duplicates
The library can use a large number of identical volumes. The books in most demand do not stay on the shelves more than a few hours, often only a few minutes. Miss Naoma Owen has given the library seven books of fiction and a German dictionary. Who'll be next?

Pardon Us!
At the risk of being accused of patting himself on the back, the Pampan is going to congratulate the Pampa Lions and their president, C. Herbert Walker, on the fine impression made at Lubbock. They brought home the governorship, placed in the capable hands of "Hub" Walker. Amarillo got the next meeting. El Paso was a strong rival, but the numbers and enthusiasm of the locals was unbeatable. In seconding Mr. Walker's nomination, an Amarillo Lion declared that Pampa had the best Lions club in the state.

Proud Pampan
It is becoming axiomatic

NIPPONESE REFUSE TO SEEK PEACE THRU LEAGUE

LOCAL TREATY IS URGED

BREAKDOWN OF TRUCE IS OBVIOUS AT SHANGHAI

SHANGHAI, April 14. (AP)—Mamoru Shigemitsu, Japanese minister, said today the action of the Chinese in referring the peace proposals to the League of Nations, signifies the collapse of the peace parleys here and leaves the way open for Japan to take any action she may deem necessary to protect her interests here.

The way is open for military action, if necessary, he said, and he added that the armistice negotiations must be carried on here or not at all. The minister described the Chinese action as "a typical case of avoidance of responsibility by Chinese officials." He said no new military steps will be taken "unless there was provocation."

TOKYO, April 14. (AP)—Sir Eric Drummond, secretary general of the League of Nations, has informed W. W. Yen, Chinese spokesman, that China must seek peace with Japan in conferences at Shanghai and not appeal to the League, the Japanese delegation as Geneva telegraphed the foreign office today.

The telegram said Sir Eric told Naotake Sato, Japanese representative, last Tuesday that Mr. Yen the day before had requested that the league commission of 19 be convened as soon as possible to consider the Shanghai situation. Sir Eric advised Mr. Yen, according to M. Sato, that the Chinese should continue to try to reach an agreement with the Japanese locally instead of appealing to Geneva.

Slander Suit to Last All Week

Testimony of M. P. Downs was heard Tuesday afternoon, yesterday and part of this morning, in his \$75,000 slander suit against the Panhandle Building & Loan association of Amarillo. Mr. Downs occupied the stand most all of the time since trial of the case started.

J. F. Jones of Amarillo, manager of the Association, testified in his own behalf this morning. Attorneys indicated that the trial would last the rest of this week. Mr. Downs, claiming that he was slandered, testified that Mr. Jones, verbally and in writing, told customers of the Downs Insurance agency that he owed the Association approximately \$23 and wouldn't pay it. He claimed that the Association refused to accept insurance policies written by his agency, and that as a consequence he suffered financial injury.

The defense, through Mr. Jones, sought to introduce testimony intended to disprove Mr. Downs' statement and sustain its claim against him.

Hemphill Slab Near Completion

Paving of 17 miles of U. S. Highway 69 and state highway 33 from Glazier through Higgins to the Oklahoma state line will be completed within the next few days. P. S. Bailey, state highway engineer told P. P. Reid and George Briggs yesterday afternoon. The concrete has been laid past Higgins.

Bonds to pass from the Roberts county line north of Pampa to Glazier have been voted and contract will probably be let soon for some of that distance.

PUTNAM IN RACE

HOUSTON, April 14. (AP)—Frank Putnam, Houston newspaper man, has announced his candidacy for governor, subject to the democratic primaries, on a platform advocating repeal of the prohibition laws. He was defeated in a similar race two years ago. He would extend the \$3,000 homestead exemption to include county, city and district taxes.

BROMLEYS

Their names are the same, but they aren't related, even by marriage. In fact that's the complaint of Miss Eva Bromley, pretty manicurist of Minneapolis, Minn., who has filed a breach of promise suit against Kenneth Bromley, publicity agent for a Hollywood film company. She asks \$50,000 bail, alleging Kenneth promised to marry her two months ago but wed another girl a week before the suit was filed.

COAL FIELDS RIOT IS FATAL

Ohio National Guard Ready To Invade Zone of Striking Miners.

STEWARTSVILLE, O., April 14. (AP)—A riot, incident to the strike of bituminous coal miners in the eastern Ohio field, resulted in the fatal shooting of one man near Adena today and the wounding of another.

By order of Governor George White who communicated with Adjutant General Frank D. Henderson by telephone from Washington, D. C., a battalion of the 145th infantry, Ohio national guard, stood ready to invade the troubled district if necessary.

The rioting occurred at the Somers mine of the Goodyear Tire and Rubber company early this morning when several hundred men attempted to halt working miners as they prepared to go into the pit. Authorities said the dead man, Walter Kumbel, 50, alleged to have threatened the workers, was shot by an unidentified person when he held a pistol aloft. Maurice Woodstock of Harrison county. An unidentified man was shot in the leg.

Gasoline Price Here Advanced

The price of gasoline advanced one cent per gallon yesterday at local filling stations owned by major companies. It was believed that the new price would become general today and tomorrow.

White gas was selling today at 18c and red gas for 21c. Former prices were 17c and 20c per gallon. Some of the stations owned by major companies put the new prices into effect yesterday, and other stations posted the new prices this morning.

The increase was the second within a week. An advance of one cent per gallon was made last week.

CLUB HOUSE BURNS

HOUSTON, April 14. (AP)—A fire which destroyed the young men's Christian association club house here was investigated today for possible incendiary origin. Thirty newboys barely escaped as flames swept the structure late last night. A fireman was injured by a falling rafter.

OFFICER'S CAR FOUND ABANDONED NEAR CITY LATER

ELECTRA, April 14. (AP)—Three men armed with pistols today kidnaped James T. Taylor, chief of police; J. C. Harris, employee of the water department; and A. F. McCormick, oil agent. The captives were taken in McCormick's car to a point 8 miles south of Electra, where they were released. The abductors escaped in the car but later abandoned it east of Electra.

The Electra men made their way to the Lazy J ranch, where they notified officers and were returned to town. Chief Taylor said the kidnapers gave no reason for their act, except that they "could not afford to go to jail." They took Taylor's pistol but nothing else from their captives.

Taylor and Harris were held to a place near an oil company plant about 9 a. m., when it was reported that the three men had been acting in a suspicious manner. McCormick drove up in his car about the time the three men cornered Taylor and Harris with pistols. Two of the men ordered Taylor and Harris to enter McCormick's car, and then drove them out of town. The third man was believed to be hiding in Electra or vicinity.

Officers were conducting a thorough search of the region around Electra. Officers in Southern Oklahoma also were notified to be on the lookout for the three men in case they should escape from Texas.

O'Donnell Bank Robbed by Trio

LUBBOCK, April 14. (AP)—Taking advantage of a substitute cashier and the noon-day lull, three armed and unmasked bandits held up and robbed the First National bank of O'Donnell, Lynn County town 39 miles south of here, at 5:00 today.

J. Mack Noble Jr., O'Donnell garage man who was acting as cashier while bank employees were off for lunch, was alone in the bank at 12:45 p. m., when he looked up from his work to be confronted by pistols in the hands of two men. Noble perceived a third man behind the wheel of a light coupe which was parked at the curb with motor running.

Previously she had burst into tears at the mention of Mrs. Massie's name by a jail matron who testified she had asked Mrs. Fortescue if her daughter had recovered from the attack.

His Defense May Plead the Unwritten Law, But He Holds His Fire.

HONOLULU, April 14. (AP)—Enmeshed by many threads of the prosecution's story of the lynching of Joseph Kahahawai, four persons accused of the killing watched today for Clarence Darrow to go into action for their defense with tactics shrouded in secrecy up to the last minute.

Except for one witness, the public prosecutor finished his case yesterday with testimony that broke the frigid composure of the accused society matron, Mrs. Granville Fortescue.

KIDNAPERS ARE SHREWD

Lindbergh Is Rumored To Be Flying in Martha's Vineyard Vicinity.

NEW YORK, April 14. (AP)—Dr. J. P. Condon, aged educator who paid a \$20,000 ransom for supposed kidnapers of the Lindbergh baby, told reporters today the kidnapers comprised the shrewdest band ever organized in this country.

About noon he walked from his Bronx home to a nearby drugstore and bought 100 stamps he said were for replies to letters he received about the kidnaping.

ST. THOMAS, April 14. (AP)—D. D. Dickerson of Detroit, arrested here yesterday in connection with the Lindbergh kidnaping, will be released and returned to Detroit today.

VINEYARD HAVEN, Mass., April 14. (AP)—A seaplane, which residents of Martha's Vineyard were prone to believe carried Colonel Charles A. Lindbergh in his search for trace of his kidnapped son, flew over the Vineyard today.

MEMBER OF BOARD IN OBJECTION TO PRECEDENT

FUNERAL IN AFTERNOON

MANY NOTABLES WILL BE AT SERVICE TODAY

LUBBOCK, April 14. (AP)—After a member of the board of directors had objected to burial on the campus, plans were made for an interment of Dr. Paul W. Horn, president of Texas Technological college at 5 p. m. today in a cemetery here.

Although other members of the board had agreed to original suggestions that the noted educator be buried on the campus, some of his most distinguished work, a change was agreed on when J. W. Carpenter of Dallas expressed objection.

Carpenter eulogized Dr. Horn as one of the outstanding educators of his time but said he opposed as a matter of principle and precedent the burial of anyone within the college boundaries.

The Rev. Joe Haynes, pastor of the First Methodist church, of which Dr. Horn was a member, was chosen to conduct the funeral services in the college administration building. All classes were suspended for the day.

Other institutions of higher learn-

Meanwhile, messages of respect and condolence continued to be received by members of the family and officials of the school.

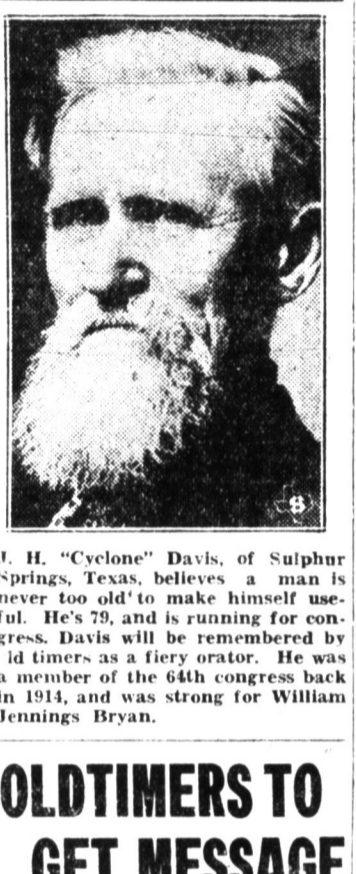

Dr. Horn, 62, died after a heart attack at his home yesterday.

The college band, the cadet corps, and other student organizations will attend the services along with former students residing in this territory were beginning to arrive in Lubbock for the funeral.

A funeral procession to the cemetery will follow the services.

Explosion Does Huge Damage to State's Building

COLUMBUS, O., April 14. (AP)—Three men were known to have been killed, many others were reported buried under heavy stone, and more than a score were in hospitals, as a result of an explosion in Ohio's new \$6,000,000 state office building this afternoon.

Assistant Safety Director Darrell Jones, of the Columbus police department, said he believed that at least 30 men had been caught under the falling wall and were killed.

The explosion centered in the basement of the structure, which is in the final stages of construction. Those injured were said to have been workmen.

Contractors estimated the damage as high as \$1,000,000. At least a dozen strikes occurred while the building was being built.

DEMOCRATS ELATED
LINCOLN, Neb., April 14. (AP)—Nebraska's democrats today proclaimed 1932 "a democratic year" as claimed over the results of Tuesday's primary, they pointed out that three-fourth of the vote cast in the expression of presidential preference was democratic. The sweeping victory of Gov. Franklin D. Roosevelt of New York as the democratic presidential preference and the nearly two-to-one victory of Gov. Charles W. Bryan for the democratic gubernatorial nomination pleased the partisans most.

STEVENS SAID TO STRAY FAR FROM TRUTH

VETERANS CLAIMED TO BE STRONG FOR PAYMENT

COMMANDER HAS REPLY

DECLARES CONVENTION RESTRAINED HIS GROUP

WASHINGTON, April 14. (AP)—With policemen standing close at hand, the ways and means committee today listened to appeals for full payment of the bonus from a delegation which a little earlier had interrupted the session with demands to be heard.

J. W. Ford, a negro who said he was a candidate for the vice-presidential nomination on the Communist ticket, said the veterans "get no sympathy from the millionaire congress of today." Samuel J. Stenber identified himself as representing the Workers' Service Men's league. He said Henry L. Stevens, National Commander of the American Legion "lies when he says the majority of the men do not want the bonus."

At the insistence of Acting Chairman Crisp, he amended his language to say Stevens "strays from the truth."

INDIANAPOLIS, Ind., April 14. (AP)—Henry L. Stevens Jr., national commander of the American Legion, in a statement today declared action taken at the Legion's last national convention "clearly restrains" the organization "from asking for the immediate issuance of veterans' adjusted service certificates."

The national commander said today's statement was issued because a previous statement in which he had defined the position of the Legion had been "made the basis of improper inferences or assumptions." "During the last week the press of the country has carried varying news articles purporting to give the attitude of the national commander and the American Legion on the immediate payment of the adjusted service certificates issued to veterans of the world war. Having made a statement which defined the position of the Legion I find that my statement has been, in some instances, amplified, and has been made the basis of improper conjecture or assumptions. To clarify the situation I believe a further statement of the position of the American Legion on the subject should be made.

The attitude of the American Legion on this subject was determined by the action of the national convention in Detroit last September. A resolution endorsing the principle of immediate cash retirement upon application of the ad-

"Fire Chief" Will Be Name Used For New Fuel

"Fire Chief" will be the name of the new gasoline to be placed on the market by the Texas company, it was learned at a meeting of Texas company employees in this territory yesterday in the city hall auditorium.

Captain A. A. Nicholson of New York superintendent of the educational department of the company, was the chief speaker at the meeting.

More than 150 employees of the Texas company pipeline, gasoline production, refining and sales departments, and the Texhoma and Coltex companies attended the session. O'bers on the program were A. S. Bailey of Houston, vice-president of the Texas Pipe Line company, and O. R. Burden of Wichita Falls, superintendent of the North Texas division of the Texas Pipe Line company.

Captain Nicholson told of the first organization of the Texas company and traced its growth to the present time. He then told about the new Fire Chief gasoline which is recommended for use in fire trucks and ambulances. The gasoline will be put on the market for general use, he said.

All speakers were optimistic about the future. They declared that the recent hike in crude oil price was the first step upward.

The meeting was sponsored by the local branch of the Texas Pipe Line company.

# KIWANIS CLUB BASEBALL TEAM BEATS INSURANCE NINE

## FACULTY AND DAILY NEWS IN WIN COLUMNS

### SCHOOL TEACHERS IN VICTORY OVER CLERKS

The Kiwanis club sprang a surprise and defeated the Panhandle Insurance agency while the Faculty and Pampa News were continuing their winning streak in the Play-ground league yesterday afternoon. The Panhandle boys were short of men and the club boys took advantage to sock the ball.

The NEWS won a 12 to 8 decision over the Lions, who were held to one run until the sixth inning. Home runs by Kelly and Hicks accounted for four runs and the roaring gentlemen scored three more in the final inning.

Dillman pitched bang-up ball for the newsmen. Besides striking out four batters, Dillman caught three men out on pop flies in the fourth and had five assists during the game. Jones and Myrick played fast games in the outfield, while Wagner and Root-Whittington were strong infield players.

Penberg started in the box for the losers but gave way to Hicks, who later stepped out in place of Lard, who finished the game in good shape. Red Watkins, 43-year-old substitute, was the star of the game. The little fellow caught everything that came his way in left field. Baurland played a great game at third and his pick-ups saved several sure spots. Poly was also strong defensively.

**Three Big Innings**  
The Faculty scored all but one of their 22 runs in the first three innings against the postoffice. The mail carriers held the fast Faculty nine scoreless in the fourth, fifth and sixth innings, while they were gathering in 10 scores.

The early batting of Weathered who knocked two home runs and Kelley with one homer mixed in with solid base blows by Workman, Patrick, Mitchell, and the others gave the Faculty their lead. The hitting of the Faculty outfield, Gordon, Sone, and Moore was outstanding while Mitchell at shortstop made many saves.

Wallace pitched good ball for the Postoffice after the second inning. Flaherty, catcher, led the attack with a home run and double. Sanford, Wallace and Darnell also did some timely hitting.

Carter, Oden, Meyers, and Pafford were the hitters for the insurance men, while Ford, Collins, Thompson, and Waggoner were the big noises for the clubmen. Ford catcher and manager of the Kiwanians, hit for four bases to score two runs ahead of him.

Collins did some fast stepping at first to cut off several sure insurance runs. Carter did some fast stepping for the Panhandlers.

## VETERANS OF BIG LEAGUES ARE SHINING

### ROOKIES SLOW UP AS HURLERS BEAR DOWN

**BY HUGH S. FULLERTON JR., Associated Press Sports Writer**

Where the rookies were shining in baseball training camps a few days ago, the old established players are shining out in the first days of the major league campaign.

Monday at Washington it was Heinie Manush, in his tenth season in the American League, who took the honors. Tuesday Babe Ruth, a man of 18 big league summers, was the star, and yesterday Manush was back in the limelight along with other veterans.

The other "big guns" included Frank Frisch, Pat Malone, big pitcher of the Chicago Cubs, an established star who is not far short of 30 years old, Al Thomas of the White Sox, who has been around a few years longer, and Lloyd Waner, somewhat younger but a veteran of five campaigns.

Manush gave Washington a 7 to 6 victory over the Boston Red Sox.

He hit a home run in the ninth inning with two on base to top off a four-run rally.

Frisch hit a double with two on base to provide the champion St. Louis Cardinals with the runs that beat Pittsburgh, 9-8. The Cards had to score five times in that final rally after Pittsburgh had made three runs in the ninth.

Malone got the better of Owen Carroll of Cincinnati in a mound duel and gave the Cubs a 3 to 2 victory.

Thomas performed less sensationally on the mound but he pitched a steady game and received some great support from the White Sox both at bat and in the field. Although outlit 12-9, the Sox made it two straight over the St. Louis Browns, 7 to 3.

Wesley Ferrell pitched eleven in-

nings in weather so cold it held the attendance at Detroit to 15,000 and came out ahead, 5 to 5.

Cold weather stopped two games in the National League, where the Phillies were scheduled to play the New York Giants and Brooklyn was to play host to the Boston Braves, and one in the American which called for the New York Yankees to play the Athletics at Philadelphia.

Sun Beau's record winnings on the American turf will be tougher to beat now than ever, not only because of the death of the Kilmer veteran's nearest rival, Phar Lap, but because of the dwindling size of many of the big stakes for 1932 on nearly all tracks.

If the Agua Caliente Handicap, won by Phar Lap, had not had its added value cut in half, the great Australian gelding would have menaced Sun Beau's total of \$376,714. The race was worth \$109,000 in 1931.

As it was Phar Lap wound up his career with a grand total of \$332,250, in second place.

The two stars of the American handicap division this season, Mate and Twenty Grand, have a chance to surpass Sun Beau's total this season and so has the renowned filly, Top Flight, with over \$200,000 already to her credit and engagements to run this year in most of the big three-year-old events.

Mate needs about \$104,000 to go ahead of Sun Beau and Twenty Grand must win \$118,000 to turn the trick.

Here's how the first ten rank now on the money-winning list, including all horse-racing territory:

Races Won	Money Won
Sun Beau (U. S.)	33 \$376,744
Phar Lap (Aus.)	37 332,250
Gallant Fox (U. S.)	11 328,165

Donovan (Eng.)	18 277,215
Mate (U. S.)	15 273,425

## Insull Utilities Are in Trouble

CHICAGO, April 14. (AP)—Both morning newspapers said today a receivership appeared likely for middle west utilities, the holding company for Samuel Insull's vast interests, and reported virtual abandonment of efforts bankers have been making to reorganize it.

The TRIBUNE quoted unnamed bankers as saying there was little likelihood the upward of \$2,500,000,000 concern would be able to make arrangements for meeting its pressing financial problems, the foremost of which is a \$10,000,000 note maturity due June 1.

The paper said inasmuch as it appeared the company also would be unable to meet similar funded maturities in the next few years, the probable outcome is appointment of a receiver for at least five years.

## EARL'S KIN IS BOAT TOUT

LONDON, (AP)—To the odd jobs members of the British aristocracy have been forced to take up add that of the Honorable Mrs. Swainston Stirlingways, widowed cousin of the Earl of Inchester.

She has become a boat tout, walking up and down the beach at Badcombe, near Torquay, urging resort visitors to "have a trip around the bay" in a launch piloted by "Old Sam" Bagcott, her business partner.

In winter she tends boats for hire and helps mend the nets of the fishermen.

# KITTY FREW

by JANE ABBOTT

**SYNOPSIS:** After her husband, Paul Somerset, who is not expected to survive an automobile accident, Kitty Frew returns to her husband's home in the town of Pampa. She goes out with Marge Crosby secretly. Kitty is sure, but she is ready to forgive him now that he needs her.

Chapter 38

## MARGE'S PLOT IS REVEALED

They're going to operate on Mr. Somerset today. Guess maybe they're doing it now," Miss Bixby whispered to Kitty.

While Gar slept, Kitty, sitting beside him, pondered on the consequences of Carol's marriage. If Paul Somerset lived, would she regret it? No—she knew Carol well enough, now, to answer that. Happiness of any sort, the simple fact of belonging to some one, would make Carol over.

Gar stirred in his sleep, muttered. His brows drew sharply together. His face had thinned, lost its boyishness. Kitty noticed little lines about his mouth. For a moment she was all maternal, leaning toward him, yearning over him. And then a great anger mounted in her heart against the woman who was his mother; every weakness in Gar—ah, she knew them, now—was that of mother's making.

"And I almost failed him!" He turned his head slowly. Kitty saw a little terror in his eyes.

"I guess I was dreaming. I thought you'd gone!" He swung to her hand.

She stroked his hands, his face, his hair. She kissed him.

His voice lifted, excitedly. "Kitty, I've got to tell you—"

"Gar, darling, you don't need to tell me anything now. Wait—"

"I don't want to wait. I want you to know. It'll bother me until you do. But, Kit, you've got to help me get it straight."

She held his hand in both of hers to give herself courage as well as to steady him.

Gar had turned his face away from her. She had to lean closer to him to catch his low, halting voice.

"I don't know how I got started, Kit. I do know this—I loved you all the time. Marge was always getting me up to her house about one thing and another. And she began talking about going away—staying away—It sort of got me. I'd always liked her a lot. We'd been—well, you see, before I met you I always thought she was the only girl."

"Gar, I understand—"

He shook his head, his face still averted from hers.

"It was all right until I began lying to you about where I'd been. I hated it but I was afraid to tell you. It was easier to let you think I was at rehearsals. It was so easy—God, Kit, guess I'm a rotter."

"Gar, Gar, please!" Kitty's hands shook over his.

"Marge told me she was going away because—because of us." He was silent for an interval. And Kitty's throat went dry and stiff so that she could say no word. "She was—I thought she was terribly unhappy. It bothered me a lot. I kissed her—oh, sort of on the hand. And after that things were different. She said she didn't care what happened. And there was Somerset. She told me she might run away with him. That got me, Kit. Am I making you see?"

"Yes, Gar."

"That night—when we quarreled so—I went home. I told mother we were through, you and I. You'd said so, Kit. And I was—I guess I was crazy. Mother was wonderful—she was so calm. She told me—you see Marge had told her how things were—Kit, I can't believe it, now. We talked about my getting a divorce. Marrying Marge. And the next day—Marge called me—she wanted me to come over to say good-by—"

And we talked—"

She asked me to go to Paris—she asked me to meet her there—she said if I didn't she would—I didn't say I'd go, Kit. Believe me. But I felt desperate. I thought I'd lost you. And, when I wouldn't promise, Marge got angry. She told me she was going to run off with Somerset. She called me later from the Rainbow Gardens—she's gone there with him—she called me to say—"

Well, it got me. It was after midnight—I drove out there and I told her I'd come for her. We got into my car—and Somerset followed us in hers. He was mad. I don't know just what happened—he tried to stop me and the cars sideswiped and that's all—"

Gar's halting voice finished on a long fretful sigh.

Kitty was shaking. She tried to make a sound but her throat, her lips were too stiff. She burned with anger at his mother, at Marge

who had schemed so to play on his heedlessness.

"I won't fall for you, I won't fall for you!" her heart was crying while her lips kept their stiff silence.

Gar drew his hand from hers. "Did you get it straight, Kit? I loved you all the time. But I guess it doesn't matter, now. I guess, now that you know, you're through."

But, Gar, I'm not. I'm not! We're just beginning. We're just knowing one another—now. We're together!"

His head turned slowly. There were tears in his eyes and a boyish unbelief. She laughed shakily, put her lips to his.

"Oh, Gar, that we should have been afraid of one another! There were things I didn't tell you because I was afraid, little things that didn't matter. I was seeing David often, and my friends, and Carol and I was afraid to tell you because you wouldn't understand. And I was too critical and—oh, Gar, we were just stumbling! And we love one another so—"

Her tears wet his face; her lips clung to his.

"Kit—" his voice was scarcely above a whisper. "Kit, I swear to God that I'm going to be worthy of you. I'm going to be a man."

"Gar, let's move away from that apartment—"

"You're going to have everything your way, sweet. I'll do whatever you want me to."

"I love you, Gar."

"Kit, did — did Somerset — Marge?"

"Marge wasn't hurt, Gar. She's gone away, with her mother. And Somerset—they don't know, yet."

She could not risk telling him of Carol's and Somerset's marriage.

"Poor devil—I hope he gets out of it." Gar's brows drew together. "Kit—I think Marge used him. I don't think she intended for a minute—going off with him."

Kitty dropped her eyes to conceal her satisfaction. That Gar, now, should see that! Oh, he had come to wisdom.

The afternoon wore on, drowsily. Miss Bixby found an opportunity to tell Kitty that the "other fellow" had stood the operation better than the doctors had expected.

At four o'clock Mrs. Frew came in with Doctor Harrington. She smiled sweetly at Kitty. "Aren't you exhausting yourself, my dear?"

She kissed Gar's forehead. She was composed, gracious, charming. "Do you think by tomorrow he can be moved, Doctor?" she asked when he had examined Gar.

"If his chart shows another good night. With a nurse—" The doctor looked at Miss Bixby.

"I have asked Miss Bixby if she'll come to the house. And I will take a night nurse, too."

"I don't see any reason for him to stay here," the doctor affirmed. Gar's glance went questioning to his mother.

"What's it all about?"

"I am taking you home, dear boy." She beamed fondly down at him.

Gar smiled, boyishly.

"Home? That'd be great—to get out of here. But—" his glance sought out Kitty where she stood, straight, sober-faced, behind the others. "It's all up to Kit! She's my boss, you know. What say, Kit?"

Sweet words—they flooded her. She took a little step forward. She did not look at Mrs. Frew.

"We'll do whatever will make you most comfortable, Gar. I think it will be nice if ye can go to your mother's house until you're all well." She was clean swept with a great joy. She wasn't afraid!

She shared Gar's boyish eagerness. They talked after Mrs. Frew and the doctor went away. "I'll stick close to me, won't you, sweet?"

She promised.

She left him at nine o'clock and went to the next room. She lay for awhile on the narrow bed, thinking over all that the day had brought—Carol's strange marriage, Gar's confession, her own sudden yielding to Mrs. Frew's wishes, with its moment of triumph when she knew she was not afraid.

It had been an exhausting day, yet, though physically, emotionally weary, Kitty was strangely happy and at peace. "I'm strong enough for anything!" she thought as she closed her eyes to seek sleep.

She was awakened by Miss Bixby shaking her. Miss Bixby wore a thin kimono over her night clothes. Her hair was hanging down over her back. Her lips hung open and her eyes were frightened.

## MOTHERS! If Your Child Is Kept Out of the School Swimming Tank Because of Athlete's Foot

What Are You Doing About It?

Are you trusting to the teachers and the school nurse to cure him? Or are you seeing to it yourself that he gets the proper medication?

Are you taking measures to safeguard the rest of the family—including yourself—from infection? Athlete's Foot, remember, is very catching.

See that your child's soles are feet thoroughly with Emerald Oil BEFORE and AFTER his bath; and that he treats his feet with it regularly every night and morning.

Don't let him run around bare-foot, especially in the bathroom.

Sterilize the tub after him, and the bathroom floor. Don't let him put on any one else's shoes or stockings. Boil the sheets from his bed.

Have the rest of the family use plenty of Emerald Oil on their feet as a precautionary measure. Use it yourself.

One bottle of Emerald Oil is guaranteed to end every symptom of Athlete's Foot or money back. Richards Drug Co., and all other first-class druggists sell it with that guarantee—adv.

## COUNT IS REFUSED

WASHINGTON, April 14. (AP)—A house elections committee today voted to disallow a recount asked by Charles O'Connor, republican, and declares Wesley E. Disney, democrat, elected as a member of the house from the first Oklahoma congressional district.

## PROHIBITION CHANGE ASKED

### WOMEN ADVOCATES IN UNITED STATES ARE MANY

WASHINGTON, April 14. (AP)—Mrs. Charles H. Sabin has numbered the membership of the women's organization for national prohibition reform at "over half a million voting women."

The chairman of the repeal-advocating group opened its third annual conference with a challenge to politicians and to women's dry organizations. She linked the Lindbergh kidnaping with bootleg activities, saying "the answer" to the section of "acknowledged criminals" as aids in the baby-hunt lies in a Wickertsham commissioner's statement that enormous revenue are enabling the criminal element to organize.

In a speech written for the first session at which more than 1100 delegates from 41 states were expected, Mrs. Sabin, a former republican national committeewoman, said:

"I would like to call to the attention of the parties and their candidates that as an organization we are not republicans, we are not democrats; we are patriots! If either or both parties urge a plank for the repeal of the eighteenth amendment to be submitted to the people, we will not be satisfied with a pathetic acquiescence to such a plank on the part of a candidate. We demand militant support!"

## Oklahoma Man Held for Ransom

DABEL, Okla., April 14. (AP)—An appealing letter declaring that Clyde Messer, of Hugo, Okla., is the captive of Mexican bandits who demand \$1,000 ransom led today to an investigation on both sides of the international border.

Messer's father, C. G. Messer of Hugo, who asked Judge George Arnett's aid after being informed by Holloway of the letter, was quoted by the judge as saying he had received a letter from his son April 8, stating the latter was in El Paso with a friend.

## JURY STILL OUT

SAN ANGELO, April 14. (AP)—The jury, before which Charles Fuller is being tried for the murder of Hugh Rutledge at McGarney in 1929 came into the courtroom at 10 o'clock this morning and asked a certain portion of the testimony be read. There was no report as to how it stood.

## Love's Suit Now in Supreme Court

AUSTIN, April 14. (AP)—Test of the Texas democratic executive committee's legal authority to require a party fealty pledge of participants in the presidential primaries of May 7 was brought to the state supreme court today.

The fifth court of civil appeals of Dallas certified to the court the question of the legality of a pledge prescribed by the executive committee at a meeting in Fort Worth March 9.

It is likely the court would set the matter down for a hearing within the next few days, since time for consideration and determination before the May primaries is brief.

## MRS. MOODY CAPTAIN NOW

### Veteran Team Will Enter British Tournament on June 10 and 11.

NEW YORK, April 14. (AP)—Mrs. Helen Willis Moody, who was just beginning to win international tennis laurels in 1923 when she helped inaugurate the Wightman cup matches against the leading women players of Great Britain, will engage in her eighth international team struggle this year as captain of the American team.

Mrs. Moody has missed only two of the nine matches and has suffered only two single defeats in the international series.

"Queen Helen" will lead a veteran team against the British stars June 10 and 11. The three other players named were Mrs. Anna Harper of San Francisco, Helen Ja-

## Smith Rapped by County Chairman

Al Smith's attitude toward Franklin D. Roosevelt's candidacy for the democratic presidential nomination as expressed at the Jefferson Day dinner at New York City last night was flayed by Siler Faulkner, democratic county chairman, this morning.

Mr. Faulkner who has never scratched the democratic ticket, made clear that he was not especially for Roosevelt but that he was opposed to the Brown Derby's apparent attempt to split the democratic forces.

"It looks like Al is going to do his best to keep Roosevelt from being nominated, even at the expense of splitting the party," he said. "It might be that Smith can keep New

cobs of Berkeley, Calif., and Sarah Fairley of Boston. With Mrs. Hazel Hotchkiss Wightman, donor of the cup, this quartet made up last year's team which defeated great Britain to take a 5-4 lead in the series.

## CHURCH GOES TO BEACH

MELBOURNE (AP)—For the first time in this country a full cathedral choir of the Australian church sang a service on Edithvale Beach, Victoria, before a congregation clad in beach pajamas and bathing suits.

## FRENCH READY TO MOP UP

ORAN, Algeria. (AP)—French troops having pacified the whole Atlas area of French Morocco except the line of summits from Tadia to Farika, are preparing a mopping up campaign of two years in that region.

York, New Jersey, Massachusetts, and other eastern democrats from backing Roosevelt—I hope not. Al has had his chance. He should keep out now. I voted for him in 1928 but I'm opposed to his attitude now. I'm for the democrat that's got the best chance of winning. That man might be Garner and it might be Roosevelt or somebody else. Time will tell. But one thing is certain Al Smith is not acting like a good democrat if he is trying to keep Roosevelt from being nominated at the cost of splitting the party."

## Murray Sticks to His Charges

DENVER, April 14. (AP)—Volatile on some subjects, reticent on others, Governor William H. Murray of Oklahoma sojourned in Denver four hours yesterday and left these distinct impressions behind him.

He has not abandoned his campaign for the democratic presidential nomination.

He still charges democratic votes were purchased for Governor Franklin D. Roosevelt of New York.

He will not discuss in anyway his reasons for abruptly abandoning a speaking tour in Oregon.

Governor Murray said he had made statements of vote buying in private conversations, but "I did not intend them to be made public at the moment. I did say money was being spent in North Dakota to buy the state's delegation for Roosevelt, and I said, also in private conversations, that some money was being spent for this purpose in Iowa."

### COTTON ACTIVE

NEW ORLEANS, April 14 (P)—The cotton market opened steady today with fairly active trading. First trades showed losses of one point although Liverpool was much lower than due. Prices rallied slightly after the start on some short covering and on fairly good domestic consumption during March. The consumption total for March was 488,655 bales against 450,018 bales during February. Prices rallied 2 to 3 points right after the start, but as the stock market opened easier and the textile statistics for March proved bearish the market soon eased off with July dropping to 6.35 and October to 6.58, or 5 to 7 points below the previous high and 3 to 4 points below yesterday's close. Sales of cotton goods during March proved to be only 58.1 per cent of production while the unfilled orders at the end of March had decreased 24.4 per cent. At the end of the first hour the market was steady and at the lows.

### WHEAT OPENS HIGHER

CHICAGO, April 14 (P)—Wheat prices rose early today, influenced by failure of expected rains and by reports that the condition of domestic winter wheat crops southwest was deteriorating daily. Further stimulus to buyers resulted from announcement that Italy would raise her wheat import quota 10 to 25 per cent beginning April 26. Opening unchanged to 1/2 higher, wheat afterward scored an all-around advance. Corn started unchanged to 1/2 off and subsequently ended upward.

## Boxing Exhibition Will Be Held in Pla-Mor Soon

The first boxing exhibition of the season will be held in the Pla-Mor auditorium April 29, B. W. Kelly announced this morning. The charity match will consist of four good bouts.

Young Kid Granite has been secured as one of the participants in the headliner. His opponent has not been selected, although an effort is being made to secure Pug Grub as his opponent. A semi-final of six rounds will see two more good boys in action. Preliminaries will be four round events.

The exhibition will be the first in Pampa for two years. Young Granite has been a headliner in Oklahoma City for some time. He is a brother of the Kid Granite that was popular here years ago. He is faster and better than the kid ever was, according to reports.

## Thompson Gets Much Attention For Electroflux

The Thompson Hardware company has a gas Electroflux refrigerator in a window that is drawing much comment. The big white box is chained shut and will be for ten days.

At the end of that period, the Electroflux will be opened and the food placed in it yesterday by the Standard Food Market will be examined to see whether it can be kept 10 days in a refrigerator without spoiling.

The big box was sealed by the Rev. C. E. Lanester, Sheriff Lon Blansett, and L. O. Johnson of the NEWS. Gas and water meters were installed so that an accurate check on the amounts used in the 10 days will be available.

The big gas refrigerator will be opened at 8 p. m. April 23 and the public is invited to inspect then the food that was placed in the refrigerator yesterday.

## James J. Cully Hurt in Accident

James J. Cully, local geologist and oil operator, was injured yesterday when the car in which he was riding crashed through a guard rail and plunged into a canyon on P. & C. hill, 35 miles west of Roswell, N. M., according to word received here this morning.

Mr. Cully left here nearly three weeks ago with a party to look after mining interests in New Mexico and Arizona.

Extent of Mr. Cully's injuries has not been learned. He was taken to a hospital in Roswell with five other injured in the crash. Mr. Cully has been a resident of Pampa for more than two years. He made his headquarters at the Schneider hotel.

## Many Men Used in Pipeline Project

Maddux Brothers, pipeline contractors, gave 54 unemployed Pampa men work yesterday and today. The men were put to work constructing a pipeline from the Phillips camp in the Bowers pool to the Texas Elf Carbon company's plant which was partially destroyed by fire yesterday morning.

Seventy-five men applied for work and Mr. Maddux used as many men as possible. The line is being constructed as the supply at the carbon plant was exhausted checking the fire.

Loss in the fire is estimated at more than \$100,000. Part of a huge ware house and more than 750,000 pounds of carbon black was destroyed.

## Students Provide Rotary Program

High school students furnished a thoroughly interesting program at the meeting of the Rotary club yesterday. "A High Heart," a Civil War drama, was presented by students, coached by Miss Frances O'Keefe. The characters were played by James Groom, Malcolm Carr, Florida Freeman, Dorothy Doucette, Paul Camp, Allen Evans, Joe Kahl and Siler Faulkner Jr.

Malcolm Carr delivered an oration, "The Modern Constitution," preceding the play. Frank Foster was in charge of the program.

Visitors yesterday were J. O. Gillham, Miss Inez Barrett and Rotarian S. F. Sullenburger of Amarillo.

Justed service certificates' was presented to this convention and after lengthy debate, during which those favoring the resolution and those opposed were given full opportunity to present their views, the resolution was defeated on a roll call vote of 902 to 507.

"Following this action a resolution submitted as a majority report of the convention committee on legislation was adopted. The resolving clause of this resolution is as follows:

"Therefore, be it resolved: That the American Legion, in full possession of its limitless faith in the destiny of the nation we fought to preserve, calls upon the able bodied men of America, rich and poor, veteran, civilian and statesman, to refrain from placing unnecessary financial burdens upon national state or municipal governments and to unite their efforts as they all did in 1917 to the end that the war against depression be victoriously concluded and prosperity and happiness restored."

"The above action constitutes the mandate given me by our highest legislative authority, and the American Legion is bound by it.

"This mandate is clear cut and unmistakable. It authorizes no action but clearly restrains the American Legion from asking for the immediate payment of the adjusted service certificates.

"All my statements to the press or otherwise have been in accord with the above."

## Many Entering NEWS Contest

Copies of Wednesday's NEWS, with typographical errors marked as pouring in the prize contest, were pouring into the office today.

All entrants are asked to have their marked copies in by Friday evening. Some time will be required to check the errors marked and those missed.

Many of the markings concerned newspaper style and are not, in

newspaper circles, classed as errors. These include punctuation and spacing. The Linotype, as a matter of necessity, leaves spaces of varying size between words, and there are no standard spaces as the typewriter has.

The number of markings were as few as seven in the papers submitted, but many entrants found scores of broad spaces which they marked as errors. Others marked usages not classified as typographical. Prizes, consisting of theater tickets, will be awarded the persons having most nearly marked all the typographical errors.
