Senator Small Is to "Shoot From Hip" If Sterling Should Retire

PLANS READY BUT DECISION IS GOVERNOR'S

COURTESY OF SECOND
TERM CONCEDED
GOVERNOR

AMARILLOAN HAS LEAD

CLINT WOULD HOLD ALL
VOTES PREVIOUSLY
GARNERED

AUSTIN, April 29 (AP)—Senator
Clint C. Small of Amarillo revealed
here today that he is prepared to
announce for the democratic nomi-
nation for governor of Texas. Im-
mediately should Governor R. S.
Sterling decide not to ask for a
second term.

Senator Small said he had com-
pleted his plans and was ready to
"shoot from the hip" the minute the
governor reached a decision.

"I shall not run against Govern-
or Sterling, believing that he is
entitled to the courtesy of a second
term should he desire one," Senator
Small said.

"But, if he does not make the
race, I shall become a candidate the
minute he announces such a deci-
sion, regardless of other aspirants."

Senator Small, who was third
high man in the campaign for gov-
ernor in the 1930 primary, said he
did not intend to surrender what-
ever advantage he obtained through
"hard work" in his race of two years
ago.

"It does not matter to me who the
administration would favor as a
successor to Governor Sterling in
the event he does not stand for re-
election. I am all ready and pre-
pared to shoot from the hip the
very minute Sterling says he will
not be a candidate, if he does de-
cide not to ask for a second term,"
Senator Small said.

In the first primary of 1930 Mrs.
Miriam A. Ferguson received the
most votes, Governor Sterling was
second and Small third, the latter
running 32,000 votes behind Sterling.

City Operating Under Budget

The City of Pampa operated the
first three months of 1932 under
the budget set at the first of the
year. The budget was set at \$24,
142.50 for the quarter but only \$23,-
040.38 was used for operations, mak-
ing a saving of \$1,102.12.

Last month the city employees took
a voluntary salary cut ranging from
eight to 12 per cent. As a result of
the cut, a marked saving was made
in the city office results. Other offices
that showed on the right side of the
budget figures were the fire depart-
ment, water department, health de-
partment, street and lighting, as-
sessor and collector, and the park
department. Departments going in-
to the red were the police depart-
ment, street department, disposal
plant, city attorney and court, and
the inspector's department for which
no allowance had been made.

Last Chance to File for Loans Is To Come Tomorrow

Tomorrow will be the last chance
farmers will have to make applica-
tion for farm crop loans. C. L. Ge-
esey, representative for seven coun-
ties including Gray, reminded appli-
cants this morning. Applications
must be in the hands of the county
committee by tomorrow night to be
acted upon.

Forty applications for relief have
been made by Gray county farmers.
Mr. Geesey reported this morning.
All of the applications were from
the central and south part of the
county. Only two applications were
received from farmers in the Pampa
area and both were rejected.

COLUMBUS BLAST SUSPECTS GRILLED

Caught in an automobile said to have been stolen in Columbus, O., and in which police say they found dynamite and tools, Frank Wilson, 22, left, and E. J. Wallace, 30, center, were held in Chicago for ques-
tioning. Their story led police to Paul Keltner, right, who was found in the Chicago House of Corre-
ction. He was said to have been with Wallace and Wilson in Columbus the day before the explosion that
ripped a huge hole out of the side of Ohio state's new office building at the capital, with the loss of 10
lives and more than \$1,000,000 damage April 13. Wallace is said to be an expert with dynamite and to have
worked formerly for the contractor erecting the building. Caps and explosives in the auto, which poli-
ce say the men admitted stealing, were said to be identical with those used by the contractor. Telephoto
above shows trio as they awaited police questioning.

ROUND-UP OF PRE-SCHOOL CHILDREN WILL BE STARTED MONDAY AND CLOSE FRIDAY

Parents Are Requested To
Accompany Youngsters to
Get Findings.

The summer round-up of pre-
school children, sponsored by the
Parent-Teacher associations of
Pampa school district will be held
in the basement of the First Metho-
dist church, beginning May 2 and
extending through May 6. Miss Eva
Mayfield, health supervisor an-
nounced today.

Every child who will attend school
for the first time next September
should attend. Only these children
will be eligible.

A free physical examination will
be given each child by local physi-
cians and dentists who are do-
nating their services.

It is urged that each child be ac-
companied by a parent in order that
a complete understanding of the
findings of the examinations may
be possible. Miss Mayfield said. It
is necessary that everyone attend
these clinics as early as possible.

The following schedule for the five-
day period beginning Monday was
fixed:

- Monday—Baker pre-school group.
- Tuesday—Sam Houston pre-school group.
- Wednesday—Horace Mann pre-school group.
- Thursday—Woodrow Wilson pre-school group.
- Friday—Merten, Hoover, and Kingsmill pre-school group.

KILLS FORMER CONVICT

HOUSTON, April 29 (AP)—Walter
B. May, 49, railroad employe, was
free under \$1500 bail today in the
dilling yesterday of H. B. Crowder,
2, former convict. May, charged
with murder, said he shot in self-
defense. "Crowder had been slip-
ping it over on the police, but he
couldn't do it on me," May said.
He added that Crowder had caused
him financial loss by defaulting on
notes.

DENWORTH TOWNSITE ON NEW RAIL ROAD, TO OPEN SUNDAY

Denworth, new townsite on the
Fort Worth & Denver Northern
railroad, will be opened for develop-
ment May 1.

C. E. House, druggist of LeFlore,
and D. E. Davis of the Economy
grocery of LeFlore, are the developers.
Both have had experience in real

estate work.
The new town is 39 miles south-
east of Pampa in a good farming
vicinity, with oil and gas nearby.
Special inducements to investors
have been advertised. Many visi-
tors are expected to view the town-
site Sunday.

Frontier Days Advertised Every Tuesday on Radio by Pampa Folk

The Frontier Days celebration to
be staged here May 26-28 will be
advertised every Tuesday night over
Station WDAQ, Amarillo, from 5
until 6 o'clock by Jimmie King
and Bert Pritchett, it was announced
today.

The event was advertised last
night by Pritchett and King during
a program given by a group of Pam-
pans, including Harry Kelley, Vern
Springer and his Hawaiian orches-
tra, James King Jr., and Chester
Cross.

Pritchett and King are singers of
the popular "lonesome cowboy"
songs. They had many requests last
night for songs, and several hours
would have been required to sing all
requested. Pampa people were urged
by Lon L. Blansett to listen in
every Tuesday night, and if they
can't afford to telephone or tele-
graph praise of the program to
write a letter to the station.

Some of the most popular of the
"lonesome cowboy" songs will be
sung next Tuesday night, Pritchett
said. In addition to Mr. Springer's
program of Hawaiian music, Harry
Kelley and Mr. Springer played a
banjo duet, and Junior King, Cross
and Springer comprised a banjoo-
guitar trio.

One morning when the thermom-
eter of the weather bureau at San
Antonio, Tex., registered 55 degrees
the mercury at Kelly Field, six mil-
es away, read 37.

Smoking Motor in Grocery Is Found

Smoke from an electric motor
in the White House Grocery last
night gave the fire department a
puzzling difficulty in finding the
smoking motor was encountered be-
cause of the dense smoke. A pall of
water thrown on the motor by the
firemen caused steam to mix with
the smoke, and it was sometime be-
fore the extent of the damage was
found.
The motor was destroyed. The
loss will not be great, according to
Fire Chief Clyde Gold.

Yes or No?

There is no harm in mak-
ing a suggestion, or rather
repeating one, is there?
Well, why not have a no-
shave week just prior to
and lasting through Frontier
Days?

"Terrible"

"What do you think of
the idea?" we asked Mrs.
Pampan. "Terrible," said
she. And there the matter
rests. There are those, how-
ever, who believe the no-
shave idea is a good one
and one which would give
an oldtime atmosphere. It
might be well to omit the
custom the first year, but to
keep it in mind.

Next: Pageantry

Eventually, we believe
we should introduce page-
ntry into the Frontier
Days celebrations. There
have been a number of im-
portant Indian battles in
this territory. Why not re-
enact the battle of Adob.
Walls one year. Buffalo
Wallow the next, and so
on? Done at night, these
battles would be extremely
interesting as well as in-
structive. The casts would
not have to be large, since
the Indians did not attack
large bodies of troops on
the plains.

MUCH INTEREST IS TAKEN IN TRIAL OF NEGRO--WHO IS GIVEN VERDICT OF ACQUITTAL QUICKLY

LARGE CROWDS LISTEN
TO TESTIMONY IN
CASE

BUSINESS MEN TESTIFY

SELF DEFENSE PLEA IS
USED IN TRIANGLE
REVELATION

A verdict of acquittal was returned
yesterday afternoon in the trial
of Arthur Johnson, negro, charged
with murder in connection with the
fatal shooting of another negro,
Lewis Stewart, five weeks ago. The
31st district court jury deliberated
approximately 30 minutes.

On the previous day, a jury
found Mike Maladin guilty of pos-
session of intoxicating liquor for
the purpose of sale and fixed his
punishment at three years confinement
in the penitentiary.

The largest crowd since the Carl
Hefer trial filled the courtroom.
The gallery was covered to capacity
with negroes, and whites filled every
seat and most of the aisle space in
the lower floor.

Testimony of a number of Pam-
pa business men featured the de-
fendant's side of the case. Among
those who testified that Johnson's
reputation for truth and veracity
was good were T. F. Smalling, Tom
Fosse, Jack Mason, all former em-
ployees, Floyd Shaw, Jr., B. W. Rose,
J. I. Downs, James Todd Jr., Nels
Dodson.

The defendant took the stand in
the afternoon and related briefly
his story of the killing. He said he
sought out Stewart at a local hotel
where Stewart was porter to remon-
strate with him regarding his atti-
tude toward a negro woman, Bessie
Lee, who previously testified she
was Johnson's sweetheart. After a
few remarks were exchanged, Ste-
ward reached with his right hand to
his hip pocket, the defendant tes-
tified.

He said he then drew a pis-
tol and shot Stewart. Mr. Todd
testified he found a pocket knife a few
inches from the dead negro's out-
stretched hand. Bessie Lee said
Johnson had been drinking that
evening. She was with him when
the shooting occurred, Johnson said.
He killed Stewart because he
thought the negro porter was going
to kill him.

John Sturgeon defended Johnson,
and County Attorney Sherman
White directed the prosecution.

Local Men Sued for Prosecution

Mima Rhinesmith Gibson and her
husband, R. E. Gibson, filed suit in
the 84th district court at Pampa
Wednesday against Lon and Earl
Noel for \$90,000 damages on the
grounds of malicious prosecution.
The petition asks for \$60,000 ac-
tual and \$30,000 punitive damages,
and states that Lon Noel is a resi-
dent of Gray county and Earl Noel
is a resident of Hansford county.
Both are sons of J. L. Noel, pioneer
rancher and oil man, who established
the city of Noelton during the oil
boom in 1926.

The suit is based on dealings per-
taining to a wooden building, valued
at \$600 in the petition. The
plaintiff said that she was in the
real estate business at the time,
but since then she has been mar-
ried to R. E. Gibson.

She alleges that she was indicted
by the 84th district grand jury on
August 13, 1930, that the suit was
transferred to the 114th district
court, then transferred back to the
84th district and finally she was
discharged on January 25, 1932.

The plaintiff alleges that a
civil suit was filed in Gray county
against her and that she won this
suit.

drawing federal contributions to
vocational education.

MATADOR, April 29 (AP)—At the
conclusion of a habeas corpus hear-
ing for Mrs. Ruth McComas in 110th
district court here, Judge Kenneth
Bain of Floydada at noon ruled
that the woman, charged with the
murder of her employer, J. A.
Cunningham, Melley county ranch-
er, was entitled to bail. Judge
Bain set it at \$10,000. Mrs. Mc-
Comas was returned to Motley coun-
ty jail and was expected to gain her
release before nightfall.

DALLAS, April 29 (AP)—Salary re-
ductions ranging from \$5 to \$10 a

W. McCrory in ninety-fourth dis-
trict court here this afternoon.

Webb Will Tell of Frontier Days

Legionnaires in the Dimmitt com-
munity will learn all about the
Pampa Frontier Days celebration to
be staged May 26-28 when Dr. R.
A. Webb, 18th district committee-
man, attends a celebration in Dim-
mitt tonight. Dr. Webb will be
dressed in cowboy regalia when he
makes the visit to Dimmitt.

Dr. Webb will be accompanied by
Jimmie King, who will sing cow-
boy songs during the evening. Dr.
Webb will make an announcement
about the celebration. Jimmie will
also be a cowboy for the evening.
Cards will be placed in Dimmitt
store windows and an invitation to
attend will be given everyone in
that community.

TRIP TO WEBB TO BE TONIGHT

Roads will be in good condition
for the trip to Webb school house
tonight, Travis Lively, chairman of
the good will committee of the B.
C. D., and Jaysees, announces this
morning. The roads are drying
fast, he said.

Arrangements have been made to
take Kreigher's orchestra to the "pie
supper." Other entertainment fea-
tures will be selected. The trippers
will leave the chamber of commerce
rooms in the city hall at 7 o'clock.
T. A. Freeman will be on hand with
his imitations.

The Webb community folk heard

COLLECTOR IN CONFESSION OF TAKING FUNDS

Beaumont Man Had
Desire to Have
Riches

BEAUMONT, April 29 (AP)—County
Tax Collector R. G. LeClere today
confessed embezzlement of a
sum of between \$25,000 and \$30,000.
He made the confession to a group
of newspaper men while the grand
jury was preparing to investigate a
reported shortage in his accounts.

LeClere exonerated all other mem-
bers of his department.

He said he did not know the ex-
act amount he had taken. He said
three county funds were involved,
the county tax fund, the fee ac-
count and the automobile tax ac-
count.

LeClere said he wanted to be
rich and had lost money because of
poor business conditions. He said
the shortage began about February,
1931.

MAN HUNT STARTED

WASHINGTON, April 29 (AP)—
A determined man hunt was set
under way today by the bureau of
customs as it received reports that
one of its agents had been slain by
run runners after he refused a bribe
of \$2,000. The officer was Daniel
A. Romberger, whose body was
found at Santa Beach, Florida, sev-
eral days ago.

DAILY NEWS IS KEY PAPER IN KEY CITY OF PLAINS

Senator Clint C. Small, keynoter of the recent cham-
ber of commerce banquet here, said that Pampa's future
depended much upon the extent to which the city be-
comes the key center for this territory.

Blessed with the right location, good roads, and three
railroads, Pampa has an opportunity to serve this ter-
ritory in a big way if the citizens and the business men
look at their opportunities in a big way. Big ideas, con-
servatively but energetically worked out, will build a key
city here.

And of course a key city must have a daily paper
with a vision—there can be no substitute. The Pampa
Daily News is the key newspaper for the upper plains
of the Panhandle. Readers want it, buy it, depend upon
it, and every member of the family finds it interesting.
No other city of this size in the southwest is getting more
newspaper-value.

RANKING MEN ARE HIT

COMPLICATIONS ARISE
IN MOVE TOWARD
PEACE

SHANGHAI, China, April 29.
(AP)—Five high ranking Japanese
army, navy and diplomatic offi-
cials were critically wounded
today when a bomb burst among
them as they sat in a review-
ing stand watching a military
parade in honor of the birthday
of Emperor Hirohito.

All of them were in serious condi-
tion tonight but doctors thought
they had a chance to recover.

Japanese troops appeared in the
streets of the Hongkew district im-
mediately, remaining the military
patrol which was withdrawn after
the fight in this area stopped two
months ago. No one knew what
the effect of this incident would be
on the long-drawn-out peace par-
leys between the Chinese and Japa-
nese, but it appeared certain that
these negotiations would suffer.

A mob of spectators swarmed about
the man someone spotted as the
bomb thrower and beat him severely
before the police broke through
and dragged him away.

Later the military authorities said
they had wrung a confession from
a Korean that he was the man
who threw the bomb. Six other
men, said to be Chinese, also were
under investigation.

The most seriously injured Japa-
nese official was Mamoru Shigemitsu,
the Japanese minister of China,
who may lose one of his legs.

Karamatsu, the Japanese
consul-general, also was badly hurt,
his left leg shattered by a fragment
of the bomb.

Another piece struck General Ho-
shinori Shirakawa, the Japanese
commander in chief, knocking out
all his teeth. General Kenichiro
Uyeda, who was in command at the
beginning of the Shanghai battle,
lost three toes and received serious
injuries.

That Precipitation
We've seen rains, but none more blinding than one met on highway 33 between here and Canadian Wednesday night. And how it did precipitate! That sort of rain does not fall really often enough, but when it does one surely has good road enthusiasm. "We get so little, we have to raise so much," says the cotton growers. "And," adds Mrs. Phebe K. Warner, "raising much they get even less—it's a crime!"

Something Good
Tonight for a very small sum you can hear "The Lass of Limerick Town" at the city auditorium. It will be presented by Central high school students under the direction of Miss Iva June Willis. We've been hearing of this production for weeks and of how Miss Willis insisted drastically on members of the cast appearing promptly and without fail for practice. Knowing Miss Willis' ability and that of the students, we strongly recommend that the house be packed. Seeing home talent at its best is an opportunity for real enjoyment. Don't pass this up, folks. The time, 8:15; the place, city auditorium; the admission, 10 and 20 cents.

Not Yet—Soon
Straw hat day has been temporarily delayed. It was to have been Saturday, but the norther and rains made a delay advisable. A few hot days will make straws very acceptable, and a special day for donning them in unison will be announced. We predict it won't be long.

ECONOMY BLOC IS OVERRULED

WASHINGTON, April 29 (AP)—By an overwhelming vote, the pilots of the general economy measure were brushed aside in the first dispute in the house today and a proposal to withdraw federal funds from vocational education was defeated.

The vote placed insurgents in control of the house again, recalling the tempestuous days of a few weeks ago when they tore asunder plans of administration and democratic leaders on the billion dollar tax bill.

The section which they voted out of the economy bill would have gradually reduced the federal contributions to vocational education, amounting to more than \$7,000,000 a year, to end it entirely after ten years.

During the course of debate, Representative LaGuardia (R., N. Y.), one of the insurgent leaders, called for the farm and the city people to join together to prevent themselves from being exploited by the people sponsoring this economy hysteria.

BAKERS CLAIM THEY HAVE BEEN LOCKED OUT

DALLAS, April 29 (AP)—Oto E. Fischer of Chicago, representing the international organization, said today that the current disagreement between Dallas and Fort Worth bakers and their employers was not a strike but a lockout.

He said 15 Dallas bakers were deprived of employment last night and ten per cent taken from their pay checks, though under the terms of the expiring contract no reduction could have become effective until midnight tomorrow.

Fischer told of conferences recently held between representatives of the union and employers. He said the union agreed to a ten per cent wage reduction but refused to accept 20 per cent. He also claimed that the union contract expiring tomorrow should have remained in operation until a new agreement was reached, its terms to be retroactive.

He estimated that 150 men were involved in the lockout.

The spirit of song is deep in the souls of the negroes, and their melody-making is inspiring as well as tuneful.

OUT OUR WAY..... By WILLIAMS

Flier Is Certain of His Ability

HAVANA, April 29 (AP)—Lou Reichert, N. J. flier, has satisfied himself today that he will be able to make the transatlantic flight he plans to make this summer from Newark, N. J., to Paris, by way of Harbor Grace, Newfoundland.

Reichert landed here at 6:25 p. m. last night at the end of a non-stop flight from Montreal, Canada. This flight was made to test the plane in which he plans to make his transatlantic hop, perhaps beginning May 10.

He made the trip from Montreal in nine hours and three minutes. The length of this flight, he said, 1,789 miles, is approximately the distance he would have to fly over water from Harbor Grace to Ireland.

BISHOP CANNON ASKS DISMISSAL OF INDICTMENT

WASHINGTON, April 29 (AP)—Bishop James Cannon Jr. today asked the dismissal of the appeal by the government from a decision which invalidated the indictment against him, charging violation of the election laws.

The dismissal plea, addressed to the District of Columbia court of appeals, also asked the same action with regard to the case of Miss Ada L. Burroughs, of Richmond, Va., treasurer of the anti-Smith committee in Virginia during 1928.

The churchman, through his attorneys, argued the appeal should have been taken directly to the United States supreme court, and that the court of appeals had no jurisdiction.

The original indictments were held invalid by Justice James M. Proctor.

Aspirants Dine With Cordiality

WASHINGTON, April 29 (AP)—In all amity and social cordiality, presidential aspirants and political foes of President Hoover dined last night with the chief executive.

A sparkling White House banquet for the state executives who had taken part in the governors' conference at Richmond found Governor Franklin D. Roosevelt of New York seated midway between the President and Mrs. Hoover. At the board also were Albert C. Ritchie of Maryland and Governor White of Ohio, potential democratic nominees, and Pennsylvania's Gifford Pinchot, conspicuous republican foe of Mr. Hoover.

The 22 governors who attended with the first ladies of their respective states emerged in high good humor, full of quips for busting and inquisitive newspapermen. Did they talk politics?

"Not a pol and not a tick," said Pinchot. Roosevelt and Ritchie admitted of having talked national affairs with the man they hope to supplant as White House host.

"But you know, one cannot dis-

Doctor Sought in Death Caused by an Operation

OKLAHOMA CITY, April 29 (AP)—An osteopath was in jail and a missing surgeon was hunted as forces of the law delved deeper today into circumstances attending the deaths, allegedly from criminal operations, of two university of Oklahoma co-eds.

Deaths of five other young women, all of Oklahoma City, also were laid by Lewis R. Morris, county attorney here to illegal operations and were being investigated.

The osteopath, J. W. Eisminger, was held without bond on a murder charge in connection with the death of Miss Virginia Lee Wyckoff, 21, university student, who died in a hospital here Saturday. She was buried yesterday at Centerville, Iowa.

A wide search was pressed for Dr. Richard E. Thacker, Oklahoma City physician, linked by investigators with the death of Mrs. Frank Lee, 17-year-old university freshman and secret bride of a Sooner athlete.

Authorities of Oklahoma and Cleveland counties absolved the university administration of all blame in connection with the deaths of the two girls.

Dr. Thacker has been missing since Saturday, when he was charged with murder as a result of the death of Miss Robbie Lou Thompson, 21, telegraph company employee on whom he was alleged to have performed an illegal operation.

Dr. Eisminger said he treated Miss Wyckoff for another ailment and did not know she was an expectant mother. He pleaded not guilty when arraigned yesterday before a justice of the peace. Preliminary hearing was set for May 6.

Lee, questioned at Norman yesterday after he had driven all night from Bonham, Texas, where his bride was buried, told of a visit of Dr. Thacker's office on advice of friends. He said he and his wife did not live together after returning to school "because we were afraid our folks would have the marriage annulled if they knew about it."

"We were both nervous and we didn't know what we were doing," he said. Thacker, he asserted, made no physical examination of his wife and said he did not witness the operation. He said he paid Dr. Thacker \$30.

Tariff Levies to Be Restored Soon

WASHINGTON, April 29 (AP)—Although a sudden upset in the senate finance committee resulted in every one of the proposed tariff levies being thrown out of the new billion dollar revenue bill, prospects were today that they would be re-instated shortly.

The action, toward the close of an executive session yesterday, apparently was the result of bad feeling because lumber was shut out from the small and select list of products to get new protection. That, at least, was the intimation given to explain the reversal of the previous position.

"We'll put them back tomorrow," observed Senator Watson of Indiana, the republican leader, with a smile, and today the group went back to work on the measure.

The products affected were oil and coal, protected under the house bill; and copper, selected for inclusion by the senate committee. Restoration of the levies was hoped for because otherwise prospects for speedy passage through the senate would be badly upset.

Thomas Ready to Filibuster for Oil Protection

WASHINGTON, April 29 (AP)—Senator Thomas (D., Okla.) declared today unless congress voted an import tax on oil "we'll be here until late fall."

Asked by newspaper men for his opinion of the chance of restoring the tax bill yesterday by the finance committee, Thomas said:

"Unless some steps are taken to protect the oil industry, I will have amendments enough to try to keep us here until fall."

"I will start with Maine and run through the tariff schedules by states."

"I am not a high tariff man but as long as we have the system, it should be equalized so that oil will receive the protection to which it is entitled."

Long a fighter for an oil tariff, Thomas indicated he was ready to filibuster as part of the campaign

Ballot Recount Is Nearly Certain at San Angelo

SAN ANGELO, April 29 (AP)—A recount of the ballots and a test of the validity of the city election of April 5 appeared certain here today when Tom Green county and district attorneys agreed to join quo warranto proceedings brought in behalf of C. L. Sharp, defeated for commissioner No. 1.

The attorneys agreed on the basis of allegations that the voters had not been checked against the poll lists and asked that the petition be presented including the name of Paul Q. Mills, defeated for commissioner No. 2.

BRAWLEY, CAL., FEELS QUAKE

BRAWLEY, Cal., April 29 (AP)—An earthquake of sharp and heavy intensity shook the city at 8:50 a. m. today.

The city was thrown into nervous excitement, recalling that just about two years ago a disastrous series of earthquakes shook the city, tumbling buildings and causing extensive damage.

However, the first strong shock was not followed immediately as occurred in the previous disturbances, which began with comparatively strong vibrations until they reached a destruction force and then subsided.

Forty-nine thousand school buses, it is estimated, are in use carrying pupils to rural schools in the United States.

EXPERIENCED STUDENT SINGERS WILL BE IN OPERETTA Parent-Teacher Council Will Sponsor Contest in Pampa News School

PRODUCTION WILL BE GIVEN THIS EVENING

TO CLIMAX REHEARSALS OF LAST TWO MONTHS

The annual high school operetta, "The Lass of Limerick Town" by Arthur Penn, will be presented this evening under the direction of Miss Iva June Willis, school music supervisor. Many of the characters in last year's operetta will be seen again in this latest production. Also, many of them have been in various plays presented by the school in the last few years.

The cast and the director have been working for two months on this operetta, so the evening promises to be filled with an attraction unusually well presented. Subtle humor and charming romance should make "The Lass of Limerick Town" one of the outstanding productions of the year.

The cast includes some of the best talent the high school has to offer. All members of the cast have been seen in performances many times on local stages.

Joe Kahl plays the role of the lover, Captain Pomeroy Worthington. He was a member of the cast of "The Yallant," which won first in the Panhandle Speech tournament last year. He was also a member of the cast of "The High Heart," this year's contest play, which won so much favor in and around Pampa.

Dorothy Doucette, who plays the role of Betty McCoy, was also seen in "The Yallant" and "The High Heart." She had previously played in "The Thirteenth Chair" which won the district one-act play tournament a few years ago.

Malcolm Carr, who plays the part of Judge Hooley, the guardian of Rose and Betty McCoy, was in "Submerged" last year, and in "The High Heart" this year.

Edmund Whittenburg played very creditably a comic part in last year's junior play. This evening he will be seen as Justin O'Flynn, a Limerick attorney.

Dorothy Dodd, who has had much experience in dramatic, musical, and declamatory work, will play the part of Rose McCoy, Betty's wealthy cousin.

Florida Freeman, who has played excellently in "Sauce for the King," "The High Heart" and "The High Heart" will be seen this evening as Lady Worthington, the Captain's mother.

Others who have taken part in numerous local productions are: Curtis Stark, who will be Sir Charles Worthington; Eura Rose, playing the part of Molly, about whom a very clever song is sung by C. A. Rogers, who plays the role of Molly's lover; Hester Lester, who has the part of Justin O'Flynn's mother; Ralph O'Keefe, who is very convincing in his interpretations of the jovial old inn-keeper; Charles Frost and Norman Carr sing very well the parts of Charles' servant and of Partington, Judge Hooley's butler, respectively.

CHILD HEALTH 'GOES ON PARADE' MAY DAY

Child Health Day

MAY 1, 1932

YOUNG AMERICA'S "PLATFORM"

1. A home for every child
2. Proper diet
3. Clean milk
4. Rest and sunshine
5. Adequate care of mother

The health of the nation's children will command attention on May day this year, for President Hoover has proclaimed it Child Health day. Parades and pageants will stress the program made in bettering children's health and preventing disease.

WASHINGTON, (AP)—The distasteful bags which grandmothers used to hang around children's necks have been replaced by community effort to prevent disease.

On May 1, proclaimed by President Hoover as child health day, programs will be presented in all parts of the nation stressing the progress made in disease prevention.

Pageants and parades will show the value of pure milk, proper diet and happy home surroundings—the modern child health program which has supplanted anodyne necklaces, once deemed sure promoters of teething and the sprinkling of vinegar to ward off epidemics.

The American Child Health association, sponsoring the movement, reports noticeable improvement in

MRS. HIRIG, DAILY NEWS' COOKING EXPERT, WILL TELL HOW TO GET MOST FOR LEAST

In the opinion of Mrs. Leona Rusk, the home economist who is to conduct the NEWS cooking school of the days beginning May 17, housewives must know much these days.

Recently Mrs. Hirig asked an audience of two thousand women what they considered the most important thing in cooking. The answer offered most persistently was "How to get most out of one's food dollar." Some may think this is an easy problem. But Mrs. Hirig declares that getting the most out of a dollar is a fine art that a housewife must know more and more according to her sound knowledge. This requires experience and study. Years ago fewer concerns were selling various commodities than today.

Competition is keener, new inventions come out daily, thousands of the best brains are turned to the solution of household problems, and every conceivable ingenuity is used to offer value, bidding for the food dollar.

It is a wise woman who knows just what to buy in the way of food, clothes and appliances and personal service.

It is to assist the women of Pampa in becoming better "purchasing agents" that THE NEWS is bringing Mrs. Hirig to this city for three days. She will tell local housewives from the platform just how to meet these household management problems.

The housewife must learn to discriminate and the Happy Kitchen Cooking School is not content to go only half way; but covers the marketing problem as well as the cooking problem.

tions of pre-school children were complete. The examinations will begin Monday morning at 9:30 o'clock, when pre-school children of the Baker school district will be examined. The Sam Houston group will be examined Tuesday; Horace Mann, Wednesday; Woodrow Wilson, Thursday; Merten and Hoover, Friday.

It was announced that all local physicians and dentists had consented to their services free of charge.

REPORTS GIVEN

Reports of child welfare activities were given by the following women: Mrs. Frank McNeill, high school president; Mrs. Claude Lard, Baker president; Mrs. N. F. Maddux, Horace Mann president; Mrs. J. W. Browning, Merten president; Mrs. T. M. Sanders, Woodrow Wilson delegate.

It was voted to refund the money used by Mrs. J. B. Townsend to attend the recent district conference in Panhandle.

Papers Presented

Splendid papers were given on the following points of the Children's Charter.

Point 9, "For every child a community which recognizes and plans for his needs, protects him against physical dangers, moral hazards, and disease; provides him with safe and wholesome place for play and recreation, and makes provision for his cultural and social needs," Mrs. N. F. Maddux.

Point 10, "For every child an education which, through the discovery and development of his individual abilities, prepares him for life, and through training and vocational guidance, prepares him for living which will yield him the maximum of satisfaction," Mrs. Claude Lard.

Point 11, "For every child such teaching and training as will prepare him for successful parenthood, homemaking, and the rights of citizenship; and for parents, supplementary training to fit them to direct wisely with the problems of parenthood," Mrs. Dee Campbell.

Supt. R. B. Fisher spoke on the school budget and announced that 93 teachers had been employed for next year.

Presbyterial to Meet in Wichita Falls Next Year

SHERMAN, April 29. (AP)—Wichita Falls was designated today as the next meeting place of the women's auxiliary of the north Texas Presbyterial. Election of officers closed a three-day session here.

Mrs. Fred Chamberlain of Clarendon was named vice-president; Mrs. W. E. Evers of Denton, recording secretary; Mrs. J. D. Smith of Dallas, treasurer; Mrs. Irwin Vogel of Wichita Falls, historian; Mrs. S. B. Elliott of Vernon, assembly's home missions; Mrs. Roscoe Russell of Sherman, religious education; and Mrs. J. T. Hall of Bowie, Christian social service.

District chairmen selected were Mrs. Tom Bell of Midford, Mrs. John Harris of Dallas, Mrs. H. A. Turner of McKinney, Mrs. B. F. Looney of Denton, Miss Clara Lowrance of Iowa Park and Mrs. A. Kennedy of Clarendon. Miss Lois Bailey of Dallas was appointed as chairman of business women's work.

Other officers, including Mrs. J. C. Oblers Jr., of Dallas, president, were holdovers for another year.

Evening Gown Forecast Made By Specialists

PARIS, April 29. (AP)—Gowns that drape closely about the hips are being shown for evening wear this summer by both Chanel and Worth.

Chanel's evening skirts add fullness below the tight hip line, to end at instep length in an umbrella flare. Worth features very full evening skirts, with some uneven hems.

Among new summer materials, Worth employs embroidered linen for evening and also eyelid muslin, printed satin and striped chiffons. Striped chiffons are found in Chanel's collection, as well as striped organdies and colored pique.

Black is popular for evening, two outstanding costumes being Chanel's black organdie evening dress with uncurled ostrich boa and a black chiffon dinner dress with elbow puff sleeves. A black silk net dinner dress trimmed with white Irish motives is shown by Worth.

The low backs for evening dresses are varied by Chanel with a diagonal line. Strap backs continue popular. Chanel shows no evening belts and uses some shirred trims. Fur trimmed boleros are featured at both houses.

Stripes appear in daytime wear as well as evening among patterns for both blouses and dresses. Fabric sailor hats, matching dresses, are numerous in Chanel's collection.

CHILD

children's health since it was started in 1924.

In every state a May Day chairman will co-operate with churches, schools and various health agencies in focusing public attention on child health. Doctors and dentists will give their services free at clinics. Children will be weighed and mothers of under-nourished ones given proper diet lists.

Those who have high health scores will be given blue ribbons. Efforts this year will be concentrated on five objectives as a means of protecting child health. The first is a home and secure family life for each child.

The second is proper diet. Government agencies such as the children's bureau and the home economics bureau now distribute this information. Definite gains in this aspect of child health are anticipated this year.

The third is clean milk. May day chairmen will stress the need of a pint and a half a day for every child. Fourth is rest and sunshine, recreation and freedom from worry.

Fifth is adequate care of the mother before the child is born.

In addition President Hoover's Children's Charter with its 19 points is cited as a guide to community effort.

The need of recreation for rural children will be emphasized in May Day programs. Of 11,000,000 farm boys and girls in America only one in 14 belongs to 4H clubs. Employment of rural teachers who appreciate country surroundings and will instill this into the children will be urged.

War Diary Will Be Given School

EDINBURG, April 29. (AP)—The Civil War diary of James J. Kirkpatrick, father of J. W. Kirkpatrick of this city, is to be presented to the University of Texas, to be added to the historical archives of that institution, the local man said.

The diary is one of the most remarkable records of its kind, being a daily story of the war as seen by an actual participant. Photostatic copies of the diary will be made by the university and will be given to Kirkpatrick.

After graduation from college, James J. Kirkpatrick went to short-cut where his elder brother was engaged in the practice of law. After reading law in his brothers' office for a time he went to Mississippi and took over a subscription school. While he was teaching there the Civil War broke out.

One morning when young Kirkpatrick prepared to give the usual class work to his class of 19 boys studying Homer's Iliad, he found no boys present to teach. The young men had all gone to enlist. Young Kirkpatrick joined them in short time, serving with the sixteenth Mississippi Volunteers.

Drilling, maneuvers, battles, hardships, all are described in the little record which was kept from day to day. In it is told a first-hand story of the crossing of the Potomac, the march to Gettysburg and the disastrous defeat there, followed by a heart-rending retreat to Southern soil.

Then there is the story of the grueling days at Petersburg, where Kirkpatrick was blown up by a mine under the Confederate trenches. Miraculously he escaped death, but was captured, and sent to a northern prison.

In later days, following his release, he returned to Mississippi, and became a successful cotton planter and buyer. Later he moved to Missouri and settled on a farm in that state.

INSURGENTS KILLED

WASHINGTON, April 29. (AP)—The killing of ten Nicaraguan insurgents including Florencio Silva, a leader of the insurrectionist Sandino, in a three-hour fight between a Guardia patrol and 250 insurrectionists, was reported to the navy today by Lieutenant Colonel Calvin B. Matthews, commanding the Nicaraguan national guard detachment.

Bridge Played In Haggard Home by Silver Spade Club

Mrs. John Haggard was hostess Thursday afternoon to members of the Silver Spade Bridge club. Mrs. W. Wilkes was favored for high score, Mrs. Archie Ralsky for high among the guests, and Mrs. Ralph Linnon for low.

Pie, whipped cream, and coffee were served at the close of the afternoon.

Special guests were Mrs. L. L. Dyer, Mrs. H. H. Kelley, and Mrs. Archie Ralsky. Members attending were Mesdames Robert Montgomery, W. M. Murphy, W. Wilkes, Fred C. Fischer, Ralph Linnon, J. E. Weeks, and John Haggard.

This Visitor Is Proud of Sand

Proud plainsmen who poke fun at that rather dreary landscape (to some) along the Fort Worth & Denver from Henryetta to Decatur, in Clay, Montague and Wise counties won't make much off W. E. Archer of Bowie, who is visiting his brother Deputy Floyd Archer.

Mr. Archer, a Sinclair official, not only admits that he has lived most of his life surrounded by red hills, post oaks, and black jacks, but he's proud of it. "Bowie and Decatur have been on the map a long time and they still are," he said. "When the Denver starts running trains to Pampa, you people are going to have more contact with us."

Mr. Archer pointed out that the Striplings, Waggoners, Burnets, Alreds, came from that section, and that there's plenty more of their kind left.

You Can't Marry

by Julia Cleft-Addams

SYNOPSIS: A crash—and Eddie Townsend's car crumples against a bus. He has just married George Reilly, and she and her cousin Jenny get out of the back of the car, to find him and on the pavement. Besides a bruise over Eddie's condition, George is worried because the accident will call attention to her marriage. Her only hope is to pretend that Jenny is the bride, which she may be able to do successfully, since they both have the same name. Jenny has agreed to let George use this deception if necessary, as she believes George's anxiety is in love with George instead of her. But she dislikes to be in a false position.

Chapter 11
JENNY FEELS MENACED

"Is he dead?" Either she or George, just behind her, asked it. She couldn't honestly say which.

"Oh, Lord, no!" The kneeling man sounded so professional she uncurled ostrich boa and a black about a lot, of course, but no bones broken. Concussion, probably, isn't he Townsend, the pilot? Eddie Fowensend, the star flying-man?"

There was a ripple of interest in the swelling crowd as Jenny nodded. A policeman thrust his way into the centre. He peered at

George and at Jenny, both down in the dust beside the doctor, helping him with rough first-aid, tearing George's silk scarf into strips. "You two ladies with the gentleman?" he enquired. "Mr. Eddie Townsend, did I hear? I've sent for the ambulance." He pushed toward the street, and the doctor followed him.

George twitched at Jenny's sleeve; her rich color had gone and the bruise above her eye stood out balefully.

"There's still a chance, Jen!"

"Honestly, George, it's not so terribly bad if Eddie has no bones broken. Concussion isn't dangerous!" Then something in George's look checked her. "Good-bye to my job!" rang in her memory. And now "still a chance?"

Jenny, flushing, bent again over Eddie.

"There's the ambulance!" announced the doctor, returning. "Now we'll soon get him put to rights!" He glanced from George, who got to her feet, to Jenny, still huddled down by Eddie. "I take it you'll go with the patient, Miss—er—Mrs.?"

"You go, Jenny, will you? I'll have to give our names and addresses to the policeman."

"That's right, miss." The policeman had returned and was opening his note-book. "The ambulance'll look after the gentleman."

"You'll go with Ed, then, Jenny?"

Jenny bit her lip. She was not unwilling—left alone, she would have offered, anyway; for although Eddie was still unconscious, she had the fancy that he needed one of them near him. Only, of course, he must wait withdrawing into the background of this business just as she had withdrawn into the rear of the car, and she was pushing Jenny—oh, very gently, but it was pushing!—into a limelight that was not hers. . . . George touched her arm.

"Jenny!" pleaded her voice, very low. "Honey! Please!"

Jenny nodded. Impossible to refuse. She made her way out of the crowd towards the ambulance, now

drawing up against the curb. By the open door she stood waiting for them to carry Eddie in. She looked along the side of the ambulance—the bus was being moved away, and another was coming up into its place. On the rear platform was the young clerk who had watched Eddie and George being married.

Jenny recognized him at once—he had followed them out of the building and had stood staring while Eddie started the car. Even while she hoped that he would not get off, she saw him drop alertly off the step and mingle with the crowd.

"Now then, move along, please!" The crowd was being forced apart to make a passage for the ambulance-men who were carrying Eddie out. George and the policeman had withdrawn to a doorway and Jenny noted the turn of George's head as she followed the official pencil moving across the official page. The clerk was not to be seen but he was no doubt among the loiterers.

"Would he gossip, wondered Jenny miserably?"

And then, more miserably still, she wished he would. If he did, surely all this secrecy would be at an end!

Commissioner Is Given 20 Years

MIDLAND, April 29. (AP)—A jury in district court here deliberated only two hours yesterday in convicting W. K. Wilson, Winkler county commissioner, of murder and sentencing him to 20 years imprisonment.

Wilson and W. E. Jennings, Wink peace officer, were alleged to have killed W. M. "Blackie" Laughlin, purported bootlegger, at Wink after Laughlin refused to pay "protection money." Jennings had been assessed a 25-year sentence.

Wilson's counsel gave notice of appeal.

TAX RATES RAISED

WASHINGTON, April 29. (AP)—Carbonated waters, unfermented fruit juices, grape concentrates and brewers' wort were given increased tax-rates today by the senate finance committee in revising the house revenue bill. Cereal beverages was the only product in the list of beverages to get any reduction. The committee cut down this tax from two cents to one and one quarter cent a gallon.

Women's Club Formed at Bell

A woman's home demonstration club was organized at Bell yesterday by Miss Ruby M. Adams, county home demonstration agent. A dozen women joined and more expected to become members in the near future. On account of the muddy condition of the roads some women were unable to be present.

Officers elected were as follows: Mrs. John Bell, Jr., president; Mrs. C. M. Doss, vice president; Mrs. H. Kealey, secretary-treasurer; Mrs. R. E. Dauter, council representative; Mrs. C. McKnight, parliamentary.

The club will meet on the first and third Mondays in each month.

Woman Dies at Skellytown Today

Mrs. C. G. Gould, 38, died at her home at Skellytown this morning at 8:10 o'clock after a long illness. Funeral services will be held tomorrow afternoon at 3 o'clock at White Deer under the direction of G. C. Malone Funeral home.

Mrs. Gould is survived by her husband and one son, Danmie; her father, W. M. McElvane, Duncan, Okla.; three brothers, Homer, Estel, and two sisters, Mrs. Pete Palmer, Arkansas City, Kan., and Mrs. Gus Martin, Shawnee, Okla.

Decommissioning of the light-house tender "Holly" after 50 years' service removed that last sidewheel vessel from the coast service.

ENDORSES FEE IDEA

WASHINGTON, April 29. (AP)—A letter from Bernard Baruch, New York financier, endorsing the principle of the "qualification fee" was read today to the senate agricultural committee. Edward A. O'Neal, president of the American farm bureau federation, which backs the fee and departure plan for farm relief, read the letter. Baruch blamed "doubt and uncertainty" about the future of money for present economic troubles.

J. V. FOURMY DIES

HOUSTON, April 29. (AP)—J. V. Fourmy, 83, co-founder of the Morrison and Fourmy Director company, publishers of city directories in a number of Texas cities, died at his home here today. He had been ill two months.

LEGION'S CHARITY BOXING EXHIBITION WILL ATTRACT FANS

STRONG PUGS ARRIVE HERE FOR BATTLES

WELTERS APPEAR FIT FOR TERRIFIC FIGHT

The sock-em boys who will be seen in the American Legion charity boxing exhibition in the Pampa auditorium tonight are here and they are good lookers. The opening fistie engagement between Hugs and Freddie is scheduled for 8:15 o'clock.

Sam Fenberg will be the third man in the ring unless he is knocked out before the evening is over. Rusty Cahill, veteran glove artist, will handle the bell. W. M. Andrews will do the announcing. Matchmaker C. A. Heath will supervise the show.

Sandy Robinson, welterweight, arrived from Joplin, Mo., covered with mud but in the pink of condition. George Windham of Fort Worth, his opponent, is also a good looking hombre. If looks and build have anything to do with the battle, it should be a "hum-dinger."

Joe Vernon of Pampa topped off his training yesterday afternoon in a burst of speed not expected of a 160-pounder. Cowboy Maddox of El Paso will be in the opposite corner. He is also a good looking boy and should put up a great battle.

Bert Flemming, better known as "Penny Ante" will replace Curly Lewis in the other six-round preliminary. Lewis lost too much weight in training to go up against Kid Whittington of Washington. Whittington is a brother of the late Freddy Whittington. Penny Ante recently won a 10-round decision from El Toro of Old Mexico in El Paso.

Shet Sherrod, pride of Pampa, will tangle with Rip Collins of Childress in a three-round preliminary and it should be the battle of the evening. Both are known as hitters of no mean ability.

Ladies will be admitted to the match at half price.

Inside Baseball Is Coming Back

BOSTON, April 29 (AP)—Inside baseball, which went out with the "rabbit" ball, is coming back with the new ball in the National League, says Manager Bill McKechnie of the Boston Braves.

"I'm strong for the old army game of sacrifice bunting," McKechnie declared, "probably because I happen to have just the type of players to make it go. Every time I have ordered a bunt this year, my batter has obliged and if you will recall our recent six-game winning streak, you will not that most of them started from a neat bunt that was perfectly timed and executed."

Because of the less lively ball in the older circuit this season, McKechnie believes that most of his rival pilots will resort to "smart" baseball before the season is far advanced.

YOUTHS QUICKLY SENTENCED
FREDERICK, Okla., April 29 (AP)—Two youths who drove into the arms of the law at the end of a day of kidnaping and bank robbery were sentenced to prison today—48 hours after the escape. Sentences of seven years each were pressed upon Glenn Wilkerson, 18, and Clyde Meadows, 20, Oklahoma City, in district court by Judge Frank Matthews on their pleas of guilty to robbery with firearms.

Roger, 15-year-old son of Mr. and Mrs. L. B. McGee of St. Louis, has won five first prizes in baby shows.

The Derby Parade

In more than 50 years of Kentucky Derby history, only one filly has ever won the Blue Grass event, but Top Flight, above, hopes to be the second. The dainty little queen of Cornelia V. (Sonny) Whitney's stables, world champion money-winner among horses of her sex, is the outstanding favorite for the Derby May 7. Top Flight spent a quiet winter, during which she added 400 pounds to her trim little frame. With the added weight, she is expected to be much stronger, a better fitted to compete over the mile and a quarter Derby route. In winning \$219,000 in her juvenile season, Top Flight ran to victory in the Clover, Lassie, Saratoga Steeplechase, Spinaway, Matron, Belmont Futurity and Pimlico Futurity stake events. Sonny Workman will pilot her in the derby.

Rain Postpones Most of Games

By The Associated Press
All except one game in the Texas league were postponed yesterday because of rain. Nothing else could halt the pennant pace of the Fort Worth Cats who were finally kept from winning a game by a down-pour.

Houston made hay while it rained elsewhere by beating Shreveport, 1 to 0. Milton Steensgard, Shreveport pitcher who had won three consecutive games, suffered first defeat when Houston collected eight hits and one run. Ralph Judd hurled for Houston.

Joe Medwick's triple that scored Narlesky in the first of the fourth was all the scoring the fans saw in a fast one hour and twenty-one minute ball game. The victory allowed Houston to gain a few points on the leading Cats.

Most clubs spent yesterday cutting down to the required Texas league player limit of seventeen men, not more than eleven of whom shall be class men. Every team from today on must play within a monthly salary limit of \$8,200 exclusive of the bench manager.

DOUBLES TEAM WINS
WASHINGTON, April 29 (AP)—America won its Davis Cup tennis series with Canada today with a smashing doubles victory by John Van Ryn and Wilmer Allison over Dr. Jack Wright and Mariot Rainville, 6-2, 6-1, 6-2.

Local Diamond Will Be Fast

The Magnolia diamond will be in excellent condition for the scheduled game between the "Mags" and the Texaco Stars of Amarillo at 2:30 o'clock Sunday afternoon. The recent rains have settled the diamond and a drag will be put on it tomorrow.

Practices scheduled for this week have been rained out but the team is in great shape. The pitching staff needs a good lefthander to round out the team, however. Burke will probably get the call to oppose Freeman, Texaco Ace.

REDS BOAST OUTFIELD OF GREAT STARS

HERMAN, CHICK HAFEY AND DOUTHIT ARE WONDERFUL

By GAYLE TALBOT
Associated Press Sports Writer
Seven of the eight National League clubs double-shuffled their outfielders before the start of the current race as there is reason to believe Cincinnati picked up the winning hand.

In Babe Herman, Chick Hafey, and Taylor Douthit the Reds appear to have the greatest combination in the circuit, barring possibly the holdover outfield of the Wanderers and Comorsky at Pittsburgh. Dan Howley's big three were the big guns yesterday as the Reds opened at Pittsburgh with a 7 to 6 victory. Herman knocked in three runs with a home run and a single. Hafey smacked a double and two singles and Douthit came up with a pair of singles.

Brooklyn broke a five-game losing streak at the Phillies' expense, 11 to 5. Max Carey's pupils finally got their batting eyes and pounded four pitchers for 14 safeties.

The celebrated "Dizzy" Dean made his maiden start for the St. Louis Cardinals and went out after five innings under a hail of hits as the league leading Chicago Cubs won another, 12 to 7. Cold weather held up the Giants' opener at Boston.

The Yankees fell on Danny Mas-Fayden, ace of the Boston staff, for 10 hits to take the opener with the Red Sox, 5 to 1. Lefty Gomez pitched a brilliant game, allowing only three singles.

Cleveland ran its winning streak to five straight with an 11 to 2 decision over the luckless Chicago White Sox. Earl Averill featured the Indians' attack with his fourth home run.

Detroit's prize rookie, Whitlow Wyatt, met his first reverse when the St. Louis Browns jumped him for seven hits and five runs in the first four innings and then held on behind George Blaeholder to win, 5 to 4.

GOLF TOURNNEY BEGINS SUNDAY FOR ALL FANS

The Annual Invitation handicap golf tournament sponsored by the Pampa Country club will get under way Sunday morning and will end the following Sunday, Dr. H. H. Hicks, tournament committee chairman, announced this morning. Handicap match play will feature the tournament. Qualifying scores from last week will be used to match players. Those who have not qualified will be given a handicap.

A valuable list of prizes has been collected. The prize winner will be given a set of golf clubs. The second place man will receive a leather golf bag. No. 3 man in will get knickerbocker and sweater, while the fourth place man will receive a pair of golf shoes.

A partial list of the merchants who will donate prizes for longest and most birdies, most pars in one round, runner-up in each bracket and other events follow: Father's Day, Dan Howley's big three were the big guns yesterday as the Reds opened at Pittsburgh with a 7 to 6 victory. Herman knocked in three runs with a home run and a single. Hafey smacked a double and two singles and Douthit came up with a pair of singles.

Brooklyn broke a five-game losing streak at the Phillies' expense, 11 to 5. Max Carey's pupils finally got their batting eyes and pounded four pitchers for 14 safeties.

The celebrated "Dizzy" Dean made his maiden start for the St. Louis Cardinals and went out after five innings under a hail of hits as the league leading Chicago Cubs won another, 12 to 7. Cold weather held up the Giants' opener at Boston.

The Yankees fell on Danny Mas-Fayden, ace of the Boston staff, for 10 hits to take the opener with the Red Sox, 5 to 1. Lefty Gomez pitched a brilliant game, allowing only three singles.

Cleveland ran its winning streak to five straight with an 11 to 2 decision over the luckless Chicago White Sox. Earl Averill featured the Indians' attack with his fourth home run.

Detroit's prize rookie, Whitlow Wyatt, met his first reverse when the St. Louis Browns jumped him for seven hits and five runs in the first four innings and then held on behind George Blaeholder to win, 5 to 4.

DRAKE RELAYS TO OPEN TODAY

DES MOINES, Ia., April 29 (AP)—Olympic prospects from 14 states crowded into the Drake university stadium today to open the 23rd annual Drake relays.

Attention was closely focused on Jack Burnett of Mississippi and Ralph Metcalfe of Marquette in the dashes. Then there was Bryde Becher of Indiana, just coming into his own as one of the nation's finest pole vaulters, and the Hoosier veteran, Henry Bracksmith, reaching the peak of his distance running career.

GRID TRAINING OF SPRING HAS BEEN STOPPED

Football uniforms have been rolled up and put away until fall and basketball suits have been issued to the squad of 1932-33. Coaches Odus Mitchell and Argus Fox decided that the weather is unsuitable for football, so they decided to devote the extra week to basketball.

With the exception of Flash Enloe and Parks Brumley, the entire squad from last season will be back. Midget Woodward will captain the squad.

Training is scheduled to start this afternoon and last three weeks. Coaches are trying to schedule home games with the Amarillo Sandies for spring practice but Coach Davis Hill is somewhat doubtful as he will be coaching a team of comparative newcomers.

Members of last season's squad who will be eligible are Captain Woodward, Wayne Kelley, Jess Patton, Miles Marbaugh, Hoot Fullington, Dick Sullins, Reginald Brown, Jim Pool, and Siler Faulkner.

Several of last year's Cavaliers will make basketball players next season. The kids had good practice last season and they should make real substitutes if some of them do not break into the regular lineup.

CHICAGO GRAIN

CHICAGO, April 29 (AP)—Wheat—No. 2 red 54 1/2; No. 1 yellow 31 1/2; No. 2 white 31 1/2-32. Oats—No. 2 white 21 1/2-24. Wheat closed irregular, 1/4 off to 1/2 up compared with yesterday's finish. Corn 3/4 down, oats unchanged to 1/2 down and provisions varying from 12 cents decline to a rise of 2 cents.

LIVERPOOL DROPS

CHICAGO, April 29 (AP)—Fresh downturns in grain prices early today followed lower quotations on wheat at Liverpool and on securities at New York. Continued rainy weather in domestic winter wheat territory was an additional bearish influence leading to general liquidation, with corn, oats and rye cutting seasonal low price records. Opening 1/4 to 3/8 off, wheat afterward sagged further. Corn started unchanged to 1/2 down and subsequently decline all around.

COTTON ACTIVE, EASIER

NEW ORLEANS, April 29 (AP)—The cotton market had an active but easy opening today. Cables were lower than due and first trades here showed losses of 3 to 5 points. The market continued to ease off after the start on cables and opening of stocks and weakness in wheat due to good rains in the grain and western cotton belts. Prices made new lows for the present movement on new crop months and July duplicated the previous low. July dropped to 6.05, October to 6.25 and December to 6.41, or 6 to 8 points down from yesterday's close. Near the end of the first hour the market continued active and at the lows.

Outdoor Shoot Is Planned by Club

The Pampa Rifle club's next shoot will be on the outdoor range Sunday afternoon starting at 1:30 o'clock. Range Officer S. C. "Red" Barrow will be in charge. The 1932 issue of ammunition has been received and will be given to members who have paid their dues for the year. The match will be held on the club range two miles east of the city limits. The range is less than a mile east of the Bell Refinery and between the Santa Fe and C. & O. W. tracks. Mrs. F. E. Smith shot a score of 269 out of a possible 300 at three positions at the last indoor match. She made a perfect score shooting from the prone position. Other marksmen were Pipkin, Kendall, Hobart, Cole, Smith, Speas, and Barrow.

FREE CAFETERIA

HOUSTON, April 29 (AP)—A little cafeteria, serving a select clientele of 30 men, spends nothing for food, charges nothing for the one meal served daily and is making a go of it. The cook is skilled chef formerly employed in a large hotel.

Tom Mix Back in Favorite Role

Bellowing pistols, cracking whips, wild riding—the roaring West turned inside out in a whirlwind of screen action. That is the sort of tidal wave of movie excitement upon which the great cowboy star, Tom Mix, comes back to the screen. "Destry Rides Again" is the title of the highly exciting film and it will open at the La Nora theater today. The popular Max Brand novel of a wildcat cowboy who was framed to prison by a ring of unscrupulous politicians and who emerged from the bars, years later, to pay his debt to each member of the jury, is a perfect vehicle for the virile cowpuncher. The millions of fans who wondered how Mix was going to fare with the microphones when the talkies came into vogue, will be pleased to the core when they hear him speak in a most pleasing, manly voice. Mix is superb in his newest role and he seems destined to bring back to motion picture the stick of dynamite film action that they need so badly. His reputed one million fans will grow into tens of millions and one of the greatest screen stars is ever appeared before a camera who is going to become even greater, as his celebrated cowboy character rides and shoots his way through our present-day film entertainment when the sound of his voice adds to the many other realisms. The pictorial excellence of the picture is greatly enhanced by one of the prettiest leading ladies in Hollywood—blonde Claudie Dell and the Texas beauty distinguish herself in Ziegfeld's Follies before screaming claimed her. Earle Foxe and Stanley Fields are convincing villains and Francis Ford, Frederick Howard and Edward Peale all contribute to the completeness of the picture. Tony, Mix's wister horse and inseparable pal of many a movie campaign, is back too, and even he may prove to be smarter, more alert and agile by reason of his circus experience.

Eastern Texas Gets Big Rains

Soaking rain storms swept over eastern Texas last night and yesterday. The western part of the state was fairly clear and dry, only a few points receiving traces of rain. Port Arthur was visited by a driving thunder storm which precipitated 6.61 inches. Houston had 2.34 inches, Austin 1.46, Galveston 1.32, San Antonio 1.32, Dallas 1.39, Palestine 1.20, Victoria 4, Cuero 2.88, San Marcos 2.24, Lampasas 1.72, Kerrville 3.20, Nacogdoche 1.48, and Corpus Christi 80. Del Rio reported .04. It was clear there today. There was no rain at Amarillo or El Paso. Abilene had .02. Brownsville was cloudy. The weather bureau predicted cloudy weather for East Texas tonight and tomorrow, with thunder showers in the east portion. Lower temperatures were expected in northwest East Texas. West Texas was promised fair weather tonight and tomorrow. Weather bureau observers said the storm probably would abate in East Texas by Sunday.

Team Will Face Financial Crisis

BY ALAN GOULD
Associated Press Sports Writer
PHILADELPHIA, April 29 (AP)—The American Olympic team faces a financial crisis which, if not relieved by the campaign for funds between now and July, will result in sharp reduction of the athletic force representing this country in the international sports at Los Angeles. In connection with his call for a special meeting of the American Olympic committee here Sunday to consider this critical situation, Avery Brundage of Chicago, president of the committee as well as president of the national amateur athletic union, told the Associated Press today: "This meeting has been called to discuss ways and means of cutting down the United States team, depending on the outcome of our campaign for money. In any event we are faced with the sharp necessity for economy. "My associates, I am sure, agree with me that we must not prepare to spend money that we will not collect. "To date approximately \$40,000 has been obtained toward the aggregate 1932 American Olympic fund of full delegation in all sports. Most of this, to the extent of upwards of \$30,000, is already involved as the Olympic committee's share of team expenses for the winter sports at Lake Placid. Although a country-wide organization embracing cities of 25,000 and over, has been set up, metropolitan centers are looked to by Olympic officials as their main hope for funds. Aside from the results of popular appeal, gate receipts from the various trouts will help the Olympic fund.

BEARS STILL STRONG

NEW YORK, April 29 (AP)—Stocks averaged into new low ground for the bear cycle today. The decline was slow and dull, but occasional rallying tendencies failed to develop much stamina and closing prices were around the day's lowest with losses ranging from 1 to 3 points in many leaders.

LABOR COMMISSION ASSISTED BY HIGHWAY DEPARTMENT WITH REASONABLE WAGES AS GOAL

AUSTIN, April 29 (AP)—Two agencies of the state government are working toward a common goal—the betterment of wage conditions among workmen on state projects who labor with their hands. The two agencies are the state labor commission and the state highway commission. Officials of both departments are confident their efforts will produce results and will set an example to other employers. The labor department has initiated a move of force contractors, on the nine buildings being constructed at the University of Texas to comply with the law requiring contractors on public improvements to pay the current average scale of wages for all classifications of labor. Robert B. Gragg, labor chief, recently held a hearing to investigate complaints that the law was being violated by contractors on university buildings. The investigation disclosed, Gragg stated, that certain of the contractors were paying 25 cents an hour for common labor and in some cases even less than this figure. Gragg's inquiry revealed the current average wage scale for common labor was 31 and one-quarter cents an hour and fixed this as the amount to be paid university laborers. An effort will be made to obtain the cooperation of contractors in paying this scale. If they fail to cooperate, prosecutions will be started. The fine on conviction is from \$50 to \$1,000 or six months in jail. Each day is classed as a separate offense. The highway commission is investigating complaints that certain contractors on highway construction projects are violating the law passed by the forty-second legislature setting the minimum wage at 30 cents an hour for common labor. Complaint was made by the highway division of the Association of General Contractors, officials of the organization reporting certain of the contractors were resorting to subterfuge and were not paying the prescribed scale of wages. Association officials asserted the law, as it now operated, was working a hardship on honest contractors who abided by its terms and was being used to unfair advantage by unscrupulous contractors. They said they approved the spirit of the law but requested that steps be taken to enforce it on all contractors alike. A split has developed in the commission on the merits of the minimum wage law. Commissioner Cone Johnson voicing his disapproval on the ground it was causing dissatisfaction among farmers, since they were unable to obtain any help because they could not meet the wage schedule set by the state. It was given the hearty approval, however, of W. R. Ely of Abilene, commission chairman, who asserted that a man who toiled with his hands was entitled to a little more than a living wage, otherwise all hope of progress within the individual would be smothered and a state of virtual peonage and slavery arise.

Apportionment Is to Be Maintained

It would be wise for the budgets of the school districts which are required to be made prior to Aug. 20 to be based upon \$17.50, according to a communication received yesterday from the state department of education to Supr. R. B. Fisher. The Pampa superintendent was informed that he could safely count on a minimum per capita apportionment of \$16 for the year 1932-33 and that if the probable income will justify the board in maintaining the per capita income at \$17.50 it will be done. The committee on accredited schools has set a minimum salary of \$100 in the high schools and \$80 in the grades for those school systems that maintain affiliated high schools. The school census of this district, recently completed by Mrs. J. H. Blythe, showed a total of 2,860 scholastics.

Woman's Rage Causes Deaths

LOS ANGELES, April 29 (AP)—A woman's rage at the sound of a neighbor's lawn mower has caused two deaths. Miss Ella Mae Thompson, 29, shot and killed Paul Donath, policeman, when he came to her home to investigate her reported attempt to shoot the lawn mowing neighbor, Mrs. Pauline Phil. In a subsequent gun battle with police, Miss Thompson, a mental case, was killed. After shooting the officer, Miss Thompson barricaded herself in her home. She defied more than 50 officers, taking occasional shots at them from the windows. Police finally threw tear bombs into the house shortly before the police arrived. She had been suffering from a nervous breakdown. The pistol she used was the property of F. A. Pilcher, Lincoln Heights jailer, who had been suspended by the police department earlier in the day on charges of intoxication. Leo Enjoyed It

BOSTON, April 29 (AP)—Leo's radio debut was a huge success from the viewpoint of Leo but to 200 persons who gathered to hear the 800-pound lion roar it was no joke. Four of the audience were hurt, none seriously, as Leo deserted the "mike" to crash through two plate glass windows and roam the corridors on the fifth floor of the downtown hotel in which the studio is located. A squad of police armed with long whips and aided by a trainer finally placed the beast in a cage.

body wounds. Admiral Kichisaburo Nomura, the naval commander-in-chief, lost an eye.

SHANGHAI, Saturday, April 30
The man who threw a bomb into the midst of the highest ranking Japanese officials in China, seriously wounding five of them yesterday, was identified by the police today as Yin Kitsu, a Korean revolutionary who came here last August from Manchuria. The man was dragged off to a police station immediately after he had thrown the bomb, but not before he had been severely beaten by the mob which closed in around him. Today there were reports that he had died of his injuries, but these were not confirmed. His victims hovered between life and death in hospitals early this morning. Y. Kawabata, president of the Shanghai Japanese Residents' association, was worse off than the others and the doctors feared that he would die before the end of the day. Mamoru Shigemitsu, the Japanese minister to China, has thirty-two pieces of shrapnel in his body, Kitsu, the Japanese said, belonged to a Chinese-Korean revolutionary society which has been working for a long time to overthrow established governments in various oriental countries. Smith Is Near Control Status

NEW HAVEN, Conn., April 29 (AP)—Alfred E. Smith stood within 75 votes today of controlling the democratic state convention May 16 and 17. With six of the ten district delegates to the national meeting definitely in the former New York governor's column, his forces also were confident of pledging to him the six delegates at large. Four hundred and ten delegates to the state convention were instructed for Smith in town caucuses last night, while Franklin D. Roosevelt received the pledges of only 61. To control the convention, Smith's supporters need 425 votes. They felt assured they could easily garner the remaining 75 from among the 434 uninstructed delegates and the 63 not yet selected. While Roosevelt leaders would not concede defeat, it was apparent they did need to gain the support of virtually all the unpledged groups to control the selection of delegates-at-large.

Robinson Replies

WASHINGTON, April 29 (AP)—Defending his leadership against a vigorous assault from Senator Huey P. Long of Louisiana, Senator Robinson offered in the senate today to quit his post as minority leader whenever a majority of the democrats desire it. SHERIFF FOUND GUILTY
AUSTIN, April 29 (AP)—A. J. Remert, sheriff of Austin county, today was found guilty of a charge of extortion in the collection of fees of office and sentenced to two years in the penitentiary. He was the sixth person to be convicted by a Travis county jury on charges involving irregular collection of fees.

Return Man Secretly

KANSAS CITY, April 29 (AP)—James R. Page, county prosecutor said today Martin Depew, charged with the kidnaping of Mrs. Nell Donnelly, would be returned secretly to Kansas City from Johannesburg, South Africa, where he is held as a deserter from the steamship, City of New York. The steamship company is required by law to remove its deserter from South Africa. Page said, and the company is working in co-operation with Prosecutor Page. The 1931 Yangtze river flood drowned 150,000 persons, according to a survey conducted by the University of Nanking.

Credit System Begins to Thaw

DALLAS, April 29 (AP)—Evidence of "thawing" in the credit system were seen today by officials of the regional seed loan branch of the reconstruction finance corporation as the deadline for agricultural loan applications from the federal emergency fund approached. Tom Field, chairman of the county committee, and H. L. Atkins, field supervisor, said several insurance companies which had been signing prior claims on crops in order that farmers might obtain funds from the government, are refusing to sign the waivers and making the loans themselves. "That is a healthy condition," Field said. "It indicates the insurance companies and other credit sources are thawing. The real purpose of the seed loans has always been to put money in circulation and thus aid frozen credits." Tomorrow night is the deadline for making application for seed loans. Applications postmarked before that time, and bearing the approval of county advisory committees, will be handled by the regional branch. Atkins said farmers experiencing delays in obtaining necessary waivers in favor of the government mortgages, may proceed to make application and get approval subject of the proper waivers. In this way, a number may be able to take advantage of the seed loans before deadline time.

Big Hats Become Common in City

Big hats are becoming popular in Pampa. Such dignitaries as George Briggs, Bob Brashears, Elbert Thomas, H. L. Polley, Paul LeBeuf, Harry Hoare, and others are strolling about town with the 10-gallon specials. People are asking questions and learning what everybody else is in Texas, Oklahoma, and New Mexico. Big hats are going to have a Frontier Days celebration May 26-28. The "big hats" will make numerous trips to other cities advertising the big events. The big toppers were received at Marfess' Inc., yesterday. J. C. Penney expects a shipment tomorrow. Lon L. Blansett, chairman of the celebration, urges everyone to wear big hats from now on. A dinner celebrating big hat day will be given by the Jaycees at 7:45 o'clock in the Schneider hotel dining room Monday. Admission will be 50 cents. Everyone is invited.

HOW DO YOU LIKE THAT BIG CAKE OF KIRK'S, BOB? IT'S CERTAINLY MARVELOUS FOR SHAMPOO - AND SO ECONOMICAL!

JUST LOOK AT IT LATHER, MARY. THAT TELLS THE STORY. AND HOW IT DOES SOFTEN AND GET THE DIRT! I NEVER USED A SOAP THAT CLEANS SO EASILY.

Oceans of lather, quick!

What an effort—trying to get clean with ordinary soaps! Even after you wash your hands—even after you bathe or shampoo your hair—a dirty, soapy film remains. Ordinary soaps will not remove that dirty film—especially if the water is the least bit hard! That's why thousands of families are turning to Kirk's Coco Hardwater Castile. Try it today—for hands, for bath, for a wonderful shampoo. You'll be amazed at the difference. Handfuls of foamy lather, instantly. Hard-working lather that quickly softens and loosens that grimy film. Quick-rinsing lather that washes it away completely, leaving skin and hair as fresh and clean as a spring morning. You can't get really clean in this hard water without it.

Body odor vanishes like magic

Made from 100% pure coconut oil, Kirk's Castile makes instant lather—even in water hard as the hardest... even in water cold as ice. And what a saving! Of the four leading toilet soaps Kirk's is half again larger, half again heavier. Yet the price is the same! There are many imitations; so be sure to ask for Kirk's by name.

Largest Soap Makers in America

Quality at a Bargain 3 for 25c

Even the costliest imported toilet soap couldn't give you more pure lather than you get from a large-size cake of Kirk's Coco Castile. Mild and deep-cleaning, it lathers instantly, in hard or soft water, because it's made from

PROMINENT TEXAS WOMEN TO FIGHT FOR GOLF TITLE SOON

(Editor's Note: This is the first of a series of brief sketches on probable winners of the 1932 Texas Woman's Golf association state tournament at Fort Worth from May 9 through May 14. These sketches by The Associated Press.)

Mrs. E. R. Fisk, Wichita Falls—Satisfactory off the tee. Accurate with approach. A good, sound putter. That's the game Mrs. Fisk will offer in this year's state championship in defense of her title won last year at the San Antonio Country club when she beat Mrs. Ruth Meyers of Fort Worth, one up.

Mrs. Fisk plays a slow, careful game of golf. She is a large woman with endurance to keep going at top stride through the entire tournament without weakening in getting down the middle. On the putting green she is sure to be one of the favorites at the starting tee May 9.

Inability to keep playing at top speed throughout a state title tournament is her biggest handicap. She usually tires after the second or third round of match competition. She was eliminated from last year's meet in a 21-hole match. She qualified with a card of 52-49-101. Her golf is short but accurate, and almost perfect when it comes to staying down the middle. On the putting green she has few peers in Texas. Like most women golfers, she is much better at match than medal play.

Mrs. F. C. Roehen, Wichita Falls—Current holder of the Texas Woman's Municipal Golf championship. Mrs. Roehen will play under the Wichita Falls Country club banner in this year's Texas Woman's Golf association state meet at Fort Worth. Mrs. Roehen easily takes rank as one of the outstanding favorites. She has a substantial tee shot, but her iron is the best part of her fine game. Once down the fairway where iron must be used, she is deadly and always straight. Her fine putting touch attracted attention last year at Dallas when she won the Texas Municipal title. She qualified in last year's tournament at San Antonio with a card of 48-47-95. She plays a rather fast game of golf. She seldom speaks during a tournament match and is often nettled when the gallery is unruly around the putting green.

Mrs. M. M. Van Wormer, Beaumont—This may be Mrs. Van Wormer's year to win the Texas Woman's Golf association state championship. She has been knocking at the door for several seasons. A veteran in playing experience who has competed in some of the country's biggest events, this diminutive Beaumont star is sure to be one of the favorites at the starting tee May 9.

Texas Longhorn in Last Stand

LAWTON, Okla., April 29. (AP)—The Texas longhorn, that wild creature of the Southwest's stirring days when cowboys caught cold unless they wore six-shooters, is making a last stand—in Oklahoma.

In the Wichita National Forest and game preserve near Lawton, Uncle Sam has rounded up a small herd of the longhorns, now nearly extinct, and intends to perpetuate their breed.

Decline of the longhorn, which once roamed the ranges of Texas in mighty numbers, began when cattlemen became impressed with the advantages of sleek, fat steers, built for beef. The longhorn was tall, rangy and built for speed. It has been described as tough to eat and tougher to handle.

Credit for preserving the longhorn goes largely to Will C. Barnes, old-time Arizona and New Mexico cowboy and former chief of grazing in the United States Forest. With the assistance of Senator John H. Kendrick of Wyoming, he succeeded in obtaining a small congressional appropriation for purchase of the foundation herd.

So rapid had been the decline of the longhorn, however, that it proved difficult to find specimens. It took Barnes and others two months of tireless searching through Texas to assemble a herd of 30.

Recently the herd lost its fighting leader, Old Broad. His horns, measuring seven feet from tip to tip, drooped so low he was unable to eat and his hatred of man made it impossible to feed him by hand. He was shot.

The longhorn made the southwest's first major industry. Its heyday began about 1865 and lasted for 30 years. That was the period of the old cattle trails to northern markets. George W. Saunders, president of the Old-time Trail Drivers' association, estimates that 10,000,000 of the rugged creatures were herded over trails to market.

But things changed rapidly with the coming of the railroad and its cattle cars. The proud steers whose horns sometimes had a sweep of as much as eight feet had to be dehorned for shipment in the cars. Then came the wire fence and the open ranges soon passed.

The longhorn's hard constitution and long legs were not needed for the long trail to market. The railroads had shortened the trip to a matter of days instead of weeks. And, unable to compete with the fat, short-legged cattle, the longhorn gave way to the modern beef breeds.

FIREMEN PLAN MEETING

VERNON, April 29. (AP)—Plan for the annual Panhandle Firemen's convention were discussed at a recent meeting here of about 40 representatives of eight cities in the association. The 1932 convention will be held in Vernon August 9-10. Cities represented here were Electra, Childress, Memphis, Claude, Iowa Park, Chillicothe, Quanah, and Vernon.

The Panhandle organization includes about 50 cities.

Railroads Heavily Assessed in Texas

AUSTIN, April 29. (AP)—Texas railroads were assessed for tax purposes for the year 1931 for \$269,605,796, and their combined tax bill—state, county, school and special—was \$5,603,946, the annual report of George H. Sheppard, state comptroller, reveals.

The railroad mileage was given as 17,204, with the road beds and appurtenances valued at \$17,231,016 for tax purposes. Rolling stock was valued at \$30,597,236 and intangible assets were put in at \$68,776,518.

State taxes amounted to \$1,970,371, county taxes \$2,485,732, special taxes \$556,448 and school taxes, \$591,333.

What CONGRESS is Doing

SENATE: Resumes consideration of \$112,000,000 supply bill for departments of justice, commerce, labor and state. Finance committee pushes work on tax bill. Agriculture committee continues farm relief conference. Mining sub-committee goes ahead with hearings on Davis-Kelly coal bill.

HOUSE: Considers special economy bill. Ways and means committee continues bonus hearings. Rules committee considers Muscle Shoals.

Old Missionary Is Recalled in Article

AUSTIN, April 29. (AP)—The heroic labors and virtues of Fray Antonio Margil de Jesus, eighteenth century Texas missionary, form a large part of an article written by the Rev. Dr. Peter P. Forrestal, C. S. C., professor of Spanish at St. Edward's university, being republished in booklet form by the Texas Knight of Columbus Historical commission. Copies will be sent to all the colleges in Texas and to the major universities of the country, the Rev. Paul J. Folk, C. S. C., chairman of the historical commission, said.

Fray Margil labored in Texas but his missionary efforts carried him into all parts of Mexico and also into Central America. He came to Texas in 1716 to re-establish in the eastern part the missions that had been abandoned by the Spanish some quarter of a century earlier. In 1719 he founded the Mission San Jose near the present city of San Antonio. San Jose has recently been reoccupied by the Franciscan Fathers, the order to which Fray Margil belonged.

SIX MODERN PORTIAS

AUSTIN, April 29. (AP)—Six co-eds are registered in the College of Law at the University of Texas. All plan to practice actively after completing their studies. Included in the group are Mary Elizabeth Sultzer of Winnsboro; Hazel Kling of Marlin and Tylene Gentry of Houston.

PHYSICIANS TOO FREE
SAN ANTONIO, April 29. (AP)—San Antonio physicians accused of being too free with liquor prescriptions recently were given a hearing before S. N. Collier, attorney for the bureau of industrial alcohol sent here by O. D. Jackson, supervisor for the bureau. Collier refused to say how many doctors he examined and explained that his decision would be kept secret between himself and physicians concerned.

Harry Hughes has begun his 25th year as athletic director of Colorado Agricultural college, although he's only 44 years old.

POPEJOY SENTENCED
STINNETT, April 29. (AP)—"Shine" Popejoy, who is under indictment for alleged participation in the March robbery of the First State bank of this city, recently was given a two-year term for violation of the liquor laws on a two-year-old indictment.

IT DOESN'T PAY

CLARENDON, April 29. (AP)—The moral of this story is that "crime doesn't pay", although in this case the violator is still at large. A thief who removed several hens from the poultry yard of Mrs. George Lutz lost a ring containing a small diamond said to be worth several times as much as the chickens.

DR. SIMMONS HONORED
ABILENE, April 29. (AP)—A program commemorating the 104th anniversary of the birth of Dr. James B. Simmons, founder of Simmons university, was held by students and alumni of the university at the chapel hour recently. Dr. J. D. Sandefer, president, related the life of Dr. Simmons and told how a letter of appeal written from Abilene in the 1890's to a New Yorker, resulted in the first large material gift to the school.

When the editor of the Porter NEWS learned that it takes an income of \$3,000 a year for one to live, he candidly admits being dead for a long time.

SIX EMPLOYEES DISCHARGED
BRADY, April 29. (AP)—In a move for economy, which includes the proposed consolidation of certain city officers, the newly elected city council has asked the resignation of six city employees, to become effective May 1. The council's demand for resignations includes the superintendent of the municipal light and water plant, who has served for the past four years, the bookkeeper for the water and light plant who has served for the past six years, the chief electrician, whose resignation is to become effective within 60 days, one of the three engineers of the light plant, one street man, and the city pound man.

NEW BANK OPENED
ROBY, April 29. (AP)—This city is enjoying the facilities of a new banking institution, the Roby State, which was recently organized and purchased assets of the First State bank at Roby and is occupying the same building. J. J. Steele, president of the First National of Anson, is president of the new institution. W. J. Behrens and J. B. McWhirter, vice-presidents, and Marvin Carille, cashier. The set-up includes capital stock of \$25,000 and surplus of \$5,000. All deposits of the First State were transferred to the new bank.

J. H. Blankenship visited his brother, J. W. Blankenship, Sunday.

OWSLEY WILL SPEAK
QUANAH, April 29. (AP)—Colonel Alvin M. Owsley, past national commander of the American Legion, will be the principal speaker at the annual convention of the eighteenth district in Quanah May 7 and 8. Other notables who will attend the convention include Department Commander V. Earl Earp, Swainwater, R. O. Whitaker, Austin, department adjutant, and W. S. Goode, Austin, state service manager.

The Marquette university hockey team for the second straight year invaded northern Minnesota and Ontario for a series of games during the Christmas holidays.

FIRE LOSSES HEAVY
HOUSTON, April 29. (AP)—The month of March saw heavier fire losses in Houston than for any similar period in a decade, Fire Marshal John Steele said. There were 127 fires, causing a total property loss of \$199,056 and resulting in the death of one person and injuries to three others, he reported. Defective wiring and bad flues caused most of the fires.

OCCUPANCY DELAYED
DUMAS, April 29. (AP)—This city's new \$150,000 school building is occupied after a delay of three months because of financial difficulties. The building was completed in February but a mixup in finances kept the structure from being occupied.

COMPLETING BRIDGE
VERNON, April 29. (AP)—Final pouring of concrete on the Red river bridge, 20 miles north of Vernon, connecting Texas state highway 28 and Oklahoma state highway 24 has been completed and the structure will be opened about May 10. D. M. Puckett, district engineer said. The new bridge, financed jointly by Texas and Oklahoma at a cost of \$122,500, is considered an important addition to highway development in this section.

When given an opportunity to sign a petition seeking old-age pensions, the Kingfisher TIMES refused on the grounds that "such legislation is loaded with dynamite, nitroglycerine and black powder."

The following recipes for rhubarb dishes may be helpful to you when you are planning your spring-time meals. Rhubarb pie and rhubarb sauce are good but they become monotonous if repeated too often, so try something different for the sake of variety.

Rhubarb With Dumplings

Rhubarb with dumplings is a rather unusual dish and very good. One pound rhubarb, 1 cup flour, 2 teaspoons baking powder, 1-2 teaspoon salt, 1 tablespoon melted butter, 2 tablespoons sugar, 1 egg, 2 to 4 tablespoons milk.

Wash rhubarb and peel if necessary. Cut in inch lengths and put into a covered casserole. Add a few tablespoons water or fruit juice of any kind from canned fruit. Make the dumplings by mixing and sifting flour, salt, baking powder and sugar. Add melted butter. Beat egg until light and add to dry ingredients with enough milk to make a stiff dough. Drop in spoonful over the rhubarb, cover casserole and bake in a hot oven for twenty minutes. Serve warm with sugar to slightly sweeten rhubarb.

Rhubarb and Raisin Pie

Two cups rhubarb cut in inch pieces, 1 cup seeded raisins, 2 table-

spoons flour, 2 tablespoons butter, 3-4 cup sugar, 1 egg.
Combine rhubarb and raisins and let simmer in water to cover until rhubarb is tender and raisins are plump. Strain and thicken the liquid with flour and butter blended. Cook and stir a few minutes after mixture boils. Add sugar and egg well beaten. Mix well and add cooked rhubarb and raisins. Pour into a baked pie shell and serve when cold.

Rhubarb Float

Two cups stewed and sweetened rhubarb, 4 tablespoons flour, 3 egg whites.

Sift flour into one-half cup rhubarb. When perfectly smooth add to rest of rhubarb and cook, stirring constantly until mixture boils.

TOMORROW'S MENU

BREAKFAST: Orange juice, cereal, cream, creamed dried beef on toast, milk, coffee.
LUNCHEON: Parsnip and tomato ring, graham rolls, rhubarb with dumplings, milk, tea.
DINNER: Planked calf's liver, tomatoes stuffed with spinach, endive and orange salad, maple parfait, milk, coffee.

Remove from fire and cool slightly. Beat in the whites of eggs beaten until stiff. Continue to beat until mixture stands up in peaks. Chill in refrigerator for several hours and serve with a custard sauce made with the yolks of the eggs.

Rhubarb Turnovers

Two cups rhubarb cut in inch lengths, 1 cup sugar, 1-2 cup water, 2 cups flour, 4 teaspoons baking powder, 1 teaspoon salt, 4 tablespoons butter or other shortening,

3-4 cup milk.
Make a heavy syrup of sugar and water and add rhubarb. Cook slowly until rhubarb is tender. Make dough of the flour, baking powder and salt sifted together. Cut in shortening and add milk to make a soft dough. Roll on a floured moulding board into a sheet not more than one-half inch thick. Cut into rounds about four inches in diameter. Put 2 tablespoons of the rhubarb sauce in the center of each round of dough and fold over. Moistened the edges and press firmly together. Bake twenty-five minutes in a moderately hot oven. Serve warm.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: ISAAC AND HIS WELLS.
Scripture Lesson: Genesis 26:12-25.

12. And Isaac sowed in that land, and found in the same year a hundredfold: and Jehovah blessed him.

13. And the man waxed great, and grew more and more until he became very great.

14. And he had possessions of flocks and possessions of herds, and a great household: and the Philistines envied him.

15. Now all the wells which his father's servants had digged in the days of Abraham, his father, the Philistines had stopped, and filled with earth.

16. And Abimelech said unto Isaac, Go from us; for thou art much mightier than we.

17. And Isaac departed thence, and encamped in the valley of Gerar and dwelt there.

18. And Isaac digged again the well of water, which they had digged in the days of Abraham his father; for the Philistines had stopped them after the death of Abraham: and he called their names as the names by which his father had called them.

19. And Isaac's servants digged in the valley, and found there a well of springing water.

20. And the herdsmen of Gerar strove with Isaac's herdsmen, saying, The water is ours; and he called the name of the well Esek, because they contended with him.

21. And they digged another well, and they strove for that also; and he called the name of it Sitnah.

22. And he removed from thence, and digged another well; and for that they strove not, and he called the name of it Rehoboth: and he said, For now Jehovah hath made room for us, and we shall be fruitful in the land.

23. And he went up from thence to Beersheba.

24. And Jehovah appeared unto him the same night, and said, I am the God of Abraham thy father: fear not, for I am with thee, and will bless thee, and multiply thy seed for my servant Abraham's sake.

25. And he builded an altar there, and called upon the name of Jehovah, and pitched his tent there: and there Isaac's servants digged a well.

Golden Text: A soft answer turneth away wrath: but a grievous word stirreth up anger.—Prov. 15:1.

Time: Birth of Isaac, B. C. 1903. The Isaac sacrifice, B. C. 1879. Isaac marries Rebekah, B. C. 1864. Birth of Jacob and Esau, B. C. 1844. Death of Abraham, B. C. 1828. Isaac at Gerar, B. C. 1826, and the struggle for the wells, followed by the removal to Beersheba.

Place: Hebron, Beerlahairol (Gen. 25:11). Gerar, Beersheba.

INTRODUCTION
Let's choice of Sodom proved most unfortunate for him. The wickedness of Sodom led to its destruction, and he was saved, probably only through the prayers of his uncle, Abram lived at Hebron perhaps a

quarter of a century, receiving during that time the promise of an heir in his old age. Unable to believe that a child would be given to the aged Sarai, Abram married Hagar, who gave birth to Ishmael, that child of ill fortune. At last Sarai gave birth to Isaac, the child of promise, and the covenant sign of circumcision was appointed, observed by the Jews to this day. Then Abram became Abraham, and Sarai, Sarah. The climax of Abraham's faith was his readiness to sacrifice the beloved Isaac at God's command, the sacrifice being prevented by the providential substitution of a ram. The death of the faithful wife, Sarah, led to Abraham's purchase for a burial place of the cave of Machpelah near Hebron, the only land the patriarch ever owned in Canaan. In that same year Isaac himself was buried, passing away at the age of one hundred and seventy-five.

Abraham's Supreme Test
"Abraham was really a pioneer in the religious realm. He had to feel his way along, as it were, groping in the dark sometimes, but he found the path of obedience to God, the path of blessing and the condition of further disclosures of his will. He had his hours of wavering faith, but God dealt kindly and patiently with him. So his faith in the sacrifice being prevented, until at last he was able to endure the severest ordeal or test which could possibly come to any one."

The marvellous event of Isaac's youth and the supreme test of Abraham's faith took place when Isaac was about twenty-five years old, Abraham's willingness to sacrifice his beloved son on the altar at God's command. Isaac acquiesced in this obedience and faith, and shared the great joy of his father when the ram was put in place of the child of the covenant. Gen. 22:13.

Isaac in Gerar, Gen. 26:6-12.
Isaac, like his father, was confronted with the horrors of a famine, and removed to Gerar, a Philistine city ruled by King Abimelech. There he was foolish enough to imitate Abraham's sin and try to pass off Rebekah as his sister, but was mercifully discovered in the lie. While he was at Gerar, the Lord appeared to him and bade him not yield to the temptation to go down into fertile Egypt, but to remain where Jehovah placed him and trust in his God. At the same time the Lord renewed to Isaac the promises he had given Abraham, that his posterity should be a great nation should possess the land, and should be richly blessed.

Isaac's Prosperity, vs. 12-14.
"And Isaac sowed in that land." "Though a distinct advance on the purely nomadic life pursued by Abraham, this did not imply fixed property in, or even permanent settlement on, the soil, but only annual tenancy thereof. "The Biblical patriarchs, says Thomson in 'The Land of the Book' were not mere Bedouin wanderers, like those who now occupy the Eastern deserts. They had large herds of cattle,

rights? The answer is that he was a man of peace. Putting the primary values upon peace and gentleness and the word of the Lord, he felt that he could give up the rule of the strong hand and all that depended upon it. After the Philistines stopped pursuing him he voluntarily moved again from Rehoboth back to Beersheba, the home of his father.

We must honor Isaac, therefore, for his love of peace. George MacDonald said, "The grandest thing in having rights is that, being our rights we can give them up." Another has said, "Nothing can be sweeter than this ancient tale, with its apparent moral for those who think that the strongest thing is to retaliate, to assert every claim, to cede no possible advantage." Isaac did not lose the best things. If Abraham approached

the New Testament plane of faith, Isaac knew its spirit of self-sacrifice and peace.

Beersheba
About twenty-five miles south of Hebron, near the southern border of Palestine, modern travelers find two very deep wells, about two hundred yards apart. They mark the site of the ancient town of Beersheba, and the place so often the temporary abode of the ancient patriarchs.

"The larger one is twelve and a half feet in diameter, and forty-four and half feet deep to the surface of the water; sixteen feet of which at the bottom is excavated in the solid rock. The water in both is pure and sweet, and in great abundance. Both wells are surrounded with drinking-troughs of stone for camels and flocks. The curb-stones are deeply worn by the friction of

the ropes in drawing up water by hand." "Here then is the place where the patriarchs, Abraham, Isaac, and Jacob often dwelt, and here Abraham dug perhaps this very well."—Robinson's Biblical Researches.

The "God of Abraham" Appears
"And Jehovah appeared unto him the same night." The night of his arrival. "And said, I am the God of Abraham thy father." Isaac wanted no more inspiring statement than that. "Fear not." Do not fear the near-by Philistines, and have no fear for the future. "For I am with thee." God was invisible, but Isaac, like Moses, "endured, as seeing him who is invisible." (Heb. 11:27). "And will bless thee, and multiply thy seed." The possession of many children was the greatest blessing God could bestow on Isaac. He had only two sons, but

their descendants were numerous even in Isaac's lifetime. "For my servant Abraham's sake." Because Abraham was the friend of God, and because God had more than once made him a promise which involved his descendants (Gen 12:1-3, etc.). How often blessings come to us, not because of any merit in ourselves, but as a reward to our Godly parents and in answer to their prayers.

Isaac's Reward, vs. 23, 24.
"Men will not call Isaac heroic, but God called him blessed. At Beersheba the Lord appeared to him, and there had been any misgivings or any sense of hardship and forsakenness, all was cleared up in that reassuring word, 'I am with thee and will bless thee, and multiply thy seed for my servant Abraham's sake.' It was a sacred hour, therefore, and significant of

FERRY MUCH USED
GALVESTON, April 29. (AP)—A steady increase in traffic over the Galveston-Port Bolivar ferry was shown at the end of the second year of operation this month. During the two years ending in April, the ferry has carried a total of 185,292 passengers. Fumber for the year just ended was 99,950 and for the preceding 12 months was 85,342. The ferry is on the Hug-the-Coast route between Galveston, Port Arthur and Beaumont, the road follows the beach for 20 miles along the Bolivar Peninsula.

REMARKABLE DREAM RECALLED AS RE-BURIAL IS PERFORMED

AUSTIN, April 29. (AP)—Reburial in the state cemetery here on San Jacinto Day of Josiah Wilbarger, Texas patriot who was scalped by the Indians in 1833 and lived 11 years afterwards, recalled a remarkable dream that came to Mrs. Sarah Morrison Hornsby, a pioneer, that enabled rescuers to find Wilbarger and save his life after he had been set on by the Red Skins.

Mrs. J. L. Mims of Fort Worth related the dream that came to her great grandmother, Mrs. Hornsby, in connection with the incident.

After Wilbarger had been scalped and wounded by the Indians at a point near Austin, where he and other newly arrived home-seekers out to see the country had stopped to eat lunch, Mrs. Hornsby in a dream saw Wilbarger alive beneath a tree so vividly that after she dreamed it for the third time she awoke and sent her husband and sons to his rescue.

After the Indian attacked and scalped him, leaving him for dead, Wilbarger had managed to drag him self to a pool of water.

It was there that Wilbarger was found after Mrs. Hornsby's dream had directed searchers to that spot.

Mrs. Mims said that Mrs. Hornsby nursed Wilbarger for four months and after he had recovered sufficiently he was pulled on a sled to his home at Bastrop.

She said a sleigh was used because the road from a horse or wagon was too painful to him.

Eleven years later Wilbarger died from effects of a hurt on his head that became infected. He had won a silver plate on his head.

Mrs. Mims said that John Henry Brown's "Indian Wars and Pioneers," also "Indian Depredations in Texas," by J. W. Wilbarger, the scalped man's preacher brother, would verify the dream incident.

"This dream about the scalping of Wilbarger is the only dream that I know of that takes its place in our history with authentic incidents," Mrs. Mims said.

"Those who marvel at radio should read it to really appreciate what God can do through the human mind."

Lon A. Smith, member of the Texas railroad commission, has uncovered the election returns in Rusk county—his home bailiwick—for 1857 and 1859, when General Sam Houston and Hardin R. Runnels were opposing each other for Governor of Texas.

The 75-year-old returns show that Runnels polled an even thousand votes in the county for the governorship to Houston's 748 in 1857.

But, two years later the winner of the Battle of San Jacinto did better, receiving 918 votes to Runnels' 968. Houston was successful in his second race.

The returns for 1859 show that John H. Reagan was opposing William B. Ochiltree for the congress that year.

The candidates for lieutenant governor were Edward Clark and Frank R. Lubbock. Webster Finagane was running for the legislature.

TENNIS LEAGUE FORMED

VERNON, April 29. (AP)—The opening date of the play in the tennis league recently organized in this section has been changed from May 1 to May 7. The league has been definitely formed with six teams, two from Wichita Falls, and one each from Vernon, Childress, Quanah and Byers. The schedule has not been completed. Each team will play another member team each Sunday in two singles matches and one doubles affair.

California Has Power to Beat F. D. Roosevelt

WASHINGTON, April 29. (AP)—California, which tipped the electoral balance to Woodrow Wilson with a dramatic flourish 16 years ago, may now be destined to write another unforgettable page of democratic history as arbiter of the fortunes of Franklin D. Roosevelt.

Next Tuesday's three-sided primary comes just at the moment of greatest suspense for the New York governor and his adversaries.

The Roosevelt parade is at its first halt. Roosevelt follows and is expected to be far more sweeping than expected by the Roosevelt followers and the divided vote in Pennsylvania surprised them.

Al Smith's victory in Massachusetts was far more sweeping than expected by the Roosevelt followers and the divided vote in Pennsylvania surprised them.

In his effort to regain the prestige he has lost, Roosevelt faces both Smith and Speaker John N. Garner in California. The campaign has been a hammer and tongs chorus for weeks.

Roosevelt has the advantage of having made the earliest start. Smith has the advantage of the shove given him by his eastern showing this week.

For the Garner supporters, it is a desperate battle to win for their candidate his first convention votes outside of Texas.

The forty-two delegates alone numerical strength does not tell make a sizeable prize, but their whole story.

If Roosevelt wins, he will have put psychology of victory again on his side; reduced the stop-Roosevelt bloc to a margin so thin that it must depend on the staying qualities of most of the favorite son delegations for success; struck back at Smith for what Smith did to him in Massachusetts; and brought the Garner boom to such a state that Garner may decide to get out and put the Texas delegation also into the Roosevelt basket.

If Roosevelt loses in California, it will mean almost certainly that his rush to foreclose the nomination has failed and that the question will be thrown into the convention itself, with results no one can foresee.

New Bridge on Canadian Needed

AMARILLO, April 29. (AP)—A new bridge may be constructed across the Canadian river, on highway No. 5 in Potter county, to replace the 19-year-old steel and wood bridge now in use.

Gibb Gilchrist, state highway engineer, on a recent visit to the Panhandle, inspected the bridge and advised Potter county commissioners that he would recommend an immediate survey and an estimate of costs on a new structure.

The old bridge has never been completed, but it has been carrying heavy traffic a good many years.

Potter county has just completed a new stretch of paving from Amarillo Creek to the river bridge from the outh, and construction is under way north of the bridge to the Moore county line.

"Strong Man" of Argentina Dies

PARIS, April 29. (AP)—General Jose Francisco Uriburu, leader of Argentina's 1930 revolution and its provisional president from that time until last Feb. 20, died here today at the age of 64, after an operation for stomach ulcers last Saturday.

General Uriburu, Argentina's "strong man," came to France only a short time ago for a long rest after his strenuous years as provision president, and to seek the medical treatment he had neglected because of press of governmental affairs.

He was taken suddenly ill Saturday and an emergency operation was decided upon. He failed to rally after it, however, and yesterday his condition was complicated by uremia.

Eskimo Boy Is Hailed as Hero

OTTAWA, April 29. (AP)—A 12-year-old Eskimo boy took a high place today in the long roster of heroes of the far north.

Harnessed to a sled with two ailing dogs, he saved his sick mother's life by pulling her over 100 miles of ice and snow to safety at Wager Inlet post.

The feat, performed in the midst of winter, the wildest time of the year, was described by Constable J. W. McCormack of the Chertfield Inlet post in the annual report of the Royal Canadian Mounted Police.

THIS WEEVIL HELPS

SONORA, April 29. (AP)—A newly discovered weevil, whose first cousin is the cotton man's greatest scourge, has come to the aid of West Texas stockmen.

The new weevil, says W. H. Dameron, superintendent of the Ranch Experiment Station near Sonora, attacks the seed heads of the bittermead, from one to eight weevils infest each head, Dameron said, and they are considered one of the greatest aids in the fight against the plant.

THIS CURIOUS WORLD

DE LISLE, a young French artillery officer, wrote the Marseillaise, in April, 1792. He was a faithful Royalist, and did not dream that his song would be the inspirational hymn of the Revolutionary army. He was twice thrown in prison, and it was not until just before his death that he was decorated with a ribbon of the Legion of Honor.

THE WATER SPIDER builds a bell-shaped home beneath the water. When the nest is complete, the spider goes to the surface, lifts its body partly out, and then quickly jerks back. A bubble of air clings to its legs and is taken below to the dwelling. This procedure is kept up until enough air is placed inside for the brood of young that is to be raised.

OFFER SCHOLARSHIPS MONEY IS EASIER

LUBBOCK, April 29. (AP)—Two scholarships for the Texas Technological college, valued at \$100 each will be awarded to counties having the largest delegations here for the Texas Farm Bureau Federation convention May 5 and 6.

W. L. Ellwood of Lubbock will award a scholarship to the county in district 18 having the largest delegation, while the scholarship offered by R. J. Murray, Dallas, manager of the Texas Cotton Cooperative Association, is open to any county in Texas.

NEW YORK, April 29. (AP)—Leading New York commercial bankers do not relish the prospect of a sensational quiz, as suggested by Senator Norbeck, but some of them insist such an inquiry might have good moral effect. Those bankers who particularly favor the present federal reserve effort to loosen up credit say a generally easier tone already is apparent in money. They point to the \$81,000,000 increase in loans and investments by member banks of the reserve system last week.

New Airport Is To Be Dedicated

GALVESTON, April 29. (AP) With a number of leading United States aviators taking part, Galveston's new municipal airport will be formally dedicated on May 14.

Major J. H. Doolittle, internationally known flier, has accepted an invitation to be present and other famed flyers are being invited.

Planes of the army's Third Attack Group, stationed here at Fort Crockett, are being asked to put on a special aerial exhibition and Major Davenport, commanding officer, has been invited to be a speaker, as has Lieutenant Colonel John H. Jouett, retired, the former commanding officer.

General Charles H. Danforth, commanding officer of the eighth corps area at San Antonio and formerly stationed here, has been invited and also asked to send a number of army planes.

The new airport is now in use but formal dedicatory services have been delayed until completion of the building program.

ANOTHER "SQUEEZE PLAY"

Here's a "squeeze play" that brings no returns except small boys who can wriggle. The management of the Clarksburg, W. Va., baseball park in the Middle Atlantic League, cut a hole 6 1/2 by 10 inches in the fence of the ball park and all the boys who can squeeze through there can see the game free. The others must pay. Above you see Richard Forinash, young diamond fan, squeezing through for a single.
