

# CERTIFICATES IN FIVE-POINT HEALTH PROGRAM AWARDED

Five-point health project certificates were awarded to 23 students of San Houston, Woodrow Wilson and Horace Mann schools yesterday by Miss Ivan Mayfield, school health supervisor. Winners of the certificates were announced Friday.

Requirements for the certificates were as follows: (1) Physically free from remediable defects as to throat, teeth, eyes, hearing and posture; showing satisfactory growth, and a statement from doctor and dentist; (2) Satisfactory behavior and attitudes in the home and school; statements from parents and teachers; (3) Immunization against diphtheria and vaccination against small pox; statement from doctor; (4) Reasonable cooperation in the practice of health habits; statements from principals and teachers; (5) Satisfactory school work—minimum grade of 75; statement from teacher.

Certificates were awarded to the following children:

Sam Houston—Lorraine Blachley, Marilyn Harten, Raymond Harrah, Johnny Colman, Eleanor Allen, Martin, Betty A. Culbertson, John Furella, Carolyn Surratt, Virginia Callison, Marquis Bratten.

Woodrow Wilson—Mattie Brown, Derna Jo Berry, Lola Mae Bell, Betty Ann McTaggart, Jess Lloyd Walker, Sybil Davis, Sybil Richards, Betty Jean Tleman, Jean Brown, Horace Mann—Joyce Turner, Harold Wisley, Doris Davenport, Robert Wisley.

The Five-Point project was sponsored by the State Department of Health for the purpose of maintaining this is signed by the state health among the pupils. The Lone Star in the Texas flag was the inspiration for its name. When the child complete for the five requirements, one for each point of the star, he is given a five-point project certificate by the State Department of Health. This is signed by the state health officer, Dr. J. C. Anderson of the Bureau of Child Hygiene, Dr. H. W. Barnett and the school nurse.

## LINDBERGH--

(Continued From Page 1)

the liquor traffic in New Jersey. Two days before the broken body of Charles Augustus Lindbergh, Jr., was found by chance in the woods five miles from his parents' estate, the run-runner discussed the mystery with Mills.

He told the identification expert the child had been killed by blows on the head and hidden within five miles of where the kidnapping occurred.

He said, Mills repeated, that three or four persons had been involved in the crime and that he knew several of them.

He placed these disclosures with a complaint that police activities in the case were hampering his liquor business.

"If somebody doesn't do something about the case soon, I will," Mills quoted the man as saying.

"I didn't pay any attention to it at the time," Mills said, "but later when I read that the body had been found I communicated my information to Col. H. Norman Schwarzkopf of the New Jersey state police.

"Two officers came here yesterday to investigate it."

Although the run-runner's name has not been made public, those hunting him know his identity.

## Woman's Death Remains Puzzle

AUSTIN, May 21. (AP)—Opinions of investigators differed widely tonight as to the cause of death of Mrs. Emma Elliott, 66, whose charred body with a bullet wound in the head, was found in her burned farm home near here early today.

Justice of the Peace Frank Tannhill filed a verdict stating the woman "was burned to death or murdered and the house set on fire and the body burned."

A postscript had been added to "the coroner's verdict, stating "Sheriff White thinks the death was suicide, following an investigation."

## FERGUSON--

(Continued From Page 1)

he usually does, he said it was desired to "have a record of what was said, because often when one enunciates initially a gubernatorial platform it is distorted and misrepresented."

Turner E. Hubby, state fish, game and oyster commissioner under one of the Ferguson administrations, presided at the meeting. There was a large delegation on the stage with the speakers, among them being former Lieutenant Governor Barry Miller of Dallas.

W. V. Dunnam, Waco lawyer, who introduced the Fergusons, brought a demonstration when he accused the administration of Gov. E. S. Sterling, who defeated Mrs. Ferguson in the run-off primary two years ago, of being dominated by Jacob P. Wolters of Houston and the big oil companies.

That was the only reference made to martial law administration of oil conservation measures in the East Texas field, except when Mrs. Ferguson said she believed the people would be better satisfied if she took the advice of her husband "Than if I took the advice of a corporation general," and that she felt they would feel "safer with my Jim than you would with their Jack."

Dunnam was cheered when he said martial law administration of the East Texas oil field had amounted to despoliation of the independents and been the instrument of raising the price of gasoline from eight cents per gallon to fourteen cents, thus "taking from the pockets of the people and giving to big oil concerns \$180,000,000 they should not have had."

He ridiculed the "business man

governor" slogan of two years ago when Sterling was elected and said as a result of the administration of affairs under the present regime "Texas bankers will not cash drafts on the state treasury."

George Limerick, manager of the La Nora theater, and Tom Blair of Enid, district manager for the Griffith Amusement company, are spending the week-end in Lubbock.

## ATTITUDE--

(Continued From Page 2)

clear, strong baritone with an appeal in it.

Diplomas were handed to the seniors by J. M. Daugherty, president of the school board. There was handshaking between other members of the board and the seniors. Mrs. May F. Carr played a piano solo. The professional was a march from "Rigoletto," played by Ernest Krueger on the violin, and Mrs. Carr at the piano.

Principal L. L. Sone introduced Dr. Condon. Supt. R. B. Fisher presented scholarships to Frank Wood and Miss Eloise Lane, valedictorian. Miss Marjorie Tucker was honored by the superintendent as salutatorian.

A sad note in the commencement exercises was the necessary mention of the death of Miss Eleanor Jane Bradley, senior, last winner. Her parents were given their daughter's diploma, signed by school officials, after the program. Miss Bradley was beloved by the students and a favorite of high school students, Principal Sone said.

Invocation was delivered by the Rev. C. E. Lancaster and the benediction by the Rev. Newton C. Smith.

Dr. Condon consented to make to make the address after it was learned physicians' orders would keep Dr. T. D. Brooks of Baylor university, Waco, from keeping his appointment as commencement speaker. Members of the school board, Roger McConnell, Roy McMillen, J. M. Daugherty, C. D. Backler, C. T. Hunkapiller, and Joe M. Smith business manager, sat in a body on the platform. The graduates were then called and given their diplomas.

The graduates are: Isabelle Baer, Woodrow Bain, Bertha Bagerman, Pauline Barnard, Ivie Berry, Wallace Best, Beryl Botkins, Jewel Bradley, Robert Breeding, Athene Brewer, Robert Brown, Parks Brunley, Edward

# FRONTIER DAYS HAVE FIRST PLACE IN SOCIAL EVENTS

## MEETINGS ARE SCHEDULED FOR FIRST OF WEEK

### LAST DAYS ARE TO BE FEATURED ONLY BY CELEBRATION

Pampa women will be "much too busy" the latter part of this week for parties and club meetings. There will be time for nothing except to join wholeheartedly into the Frontier Days celebration.

Hence practically all meetings usually held Thursday, Friday, and Saturday have been either postponed or moved to the first days of the week. Following is the calendar:

**TODAY**  
The Episcopal church membership will leave the church at 2:30 o'clock for LeFors, where a picnic will be held.

**MONDAY**  
Presidents and delegates for this year and last year in the city council of Parent-Teacher associations are asked to meet in the high school cafeteria at 3 o'clock.

The last chapel service of the year at Horace Mann school will be held at 2 o'clock. It will be followed by a Parent-Teacher association meeting.

First Baptist W. M. S. circles will meet as follows: Circle 1, Mrs. T. W. Jamison, 800 N. Gray; Circle 2, Mrs. J. E. Ayres; Circle 3, Mrs. Robert Hodge, 835 E. Kingsmill; Circle 4, Mrs. G. H. Covington.

Methodist W. M. S. will meet at 2:30 o'clock for a business meeting.

Teachers in Woodrow Wilson school will be special guests for a dinner to be given on the school lawn by the Parent-Teacher association.

Piano pupils of Mrs. May Foreman Carr and Mrs. Ramon Wilson will be presented in recital at 8 o'clock at the Methodist church.

Eastern Star study club will meet at 7:30 o'clock in the home of Mrs. Harry Barnard and go from there to the home of Mrs. Yealy.

**TUESDAY**  
Business and Professional Women's club will meet at 7:30 o'clock for a social and business session.

El Progresso club will meet with Mrs. John K. Sweet.

Opera house will be held by the Twentieth Century Culture club in the home of Mrs. E. C. Will at 2:30 o'clock. Each member is entitled to bring one guest.

Business meeting will be held by the senior Twentieth Century club in the home of Mrs. W. A. Bratton.

Junior Twentieth Century club will have a picnic with husbands as special guests.

Merten Parent-Teacher association will hold an installation service at 3 o'clock.

B'Nai Israel Sisterhood will meet at 2:30 with Mrs. Sam Fenberg.

Merry Mixers club will meet at 2:30 with Mrs. Clyde Oswald.

Madonna Sunday school class will meet with Mrs. E. V. Davis.

Silver Spade Bridge club will meet at 2 o'clock with Mrs. W. M. Voyles.

Order of the Eastern Star will give a banquet at the Schneider hotel honoring Mrs. W. C. de Cordova.

Royal Neighbors will meet at 2 o'clock at the First Baptist church. They will make plans regarding the school of instruction which will be held the following day in Borger.

Winsome class, First Baptist church, will have a 1 o'clock luncheon at the church.

**WEDNESDAY**  
Trebble Clef club will have a 1 o'clock luncheon at the Schneider hotel.

A number of Royal Neighbors will attend the school of instruction in Borger.

Central Baptist W. M. S. will meet at 2:30 o'clock.

**THURSDAY**  
Musical program for women spending Frontier Days in Pampa will be held at 4 o'clock at the high school auditorium.

Club Mayfair will meet with Mrs. Lynn Boyd.

Strict-Nine Bridge club will meet with Mrs. Louis P. Clarke.

Women of the Church of Christ will meet at 3 o'clock for Bible study.

## SCENE IN POPPY MAKING

Every poppy made means a penny for a needy family at home. Although flat on his back in a government hospital, this disabled World War veteran and thousands of his comrades are able to help support their dependents by making paper poppies for the American Legion Auxiliary's memorial poppy sale, to be held throughout the country on May 28th, the Saturday before Memorial Day. Disabled veterans are making poppies for the Auxiliary this year in 33 hospitals and convalescent workrooms in 34 different states. By "Poppy Day" they will have completed more than ten million of the little flowers and earned \$100,000 for themselves and families. The poppies will be sold by volunteer workers from the Auxiliary to be worn in honor of the war dead, with all money received going to the welfare of the disabled and their families.

## "The Style Shoppe" Is Presented Skillfully At La Nora Theater; Is Directed by Mrs. T. F. Morton

A delight to children and adults alike was the presentation of the "Style Shoppe," under the direction of Mrs. T. F. Morton Friday afternoon at La Nora theater.

Beauty of the costumes added much to the entertainment. The pantaloons frocks, prettily designed, were typical of those worn in days gone by, while one of the most attractive of the modern costumes was a pair of tuck-in pajamas made of silver cloth and worn by the director's little daughter, Evelyn.

The first scene, "Alley Row" was presented by Anita Andrews, Evelyn Morton, Dorothy Jo Moore, Bonnie Lee Rose, Shirley Jeanne Hampton, and Irene Stallings.

Madame Francene's shop was the setting for scene 2, which included: Indian song, Catherine Culbertson; First American, Bonnie Lee Rose; When Grannie Was Little, Shirley Jeanne Hampton and Anita Andrews; Should Old Acquaintance, Velma Stallings; Little Old Fashioned Girl, Irene Stallings; Dream Song, "Turdoots," Anita Andrews; Evelyn Morton; Dance Caprice, Russell Roof; The Patch Work Quilt, Dorothy Jo Moore; Swallows Song, Anita Andrews; Sassy Faced Hosiery, Mary Jean Hill; Baby's Song, Shirley Peanne Hampton; Pixies Good-night Waltz, Catherine Culbertson; Watermelon, Bonnie Lee Rose; Songs My Mother Sang, Anita Andrews.

**ANDERSON'S WIFE DIES**  
AUSTIN, May 21 (AP)—The body of Mrs. J. C. Anderson, 59, wife of Dr. J. C. Anderson, state health officer, will be returned here Monday. Mrs. Anderson died in Rochester, Minn.

Invite your friends to Frontier Days, May 26-28.

## FIRST CHRISTIAN CHURCH

500 East Kingsmill Ave.  
Everybody try to be on time—9:45 for Bible school, going directly to your department. Every member of the church should be in Bible school and every member of the Bible school in the church service following.

**FIRST BAPTIST CHURCH**  
Corner Kingsmill & West Streets—County Court House  
Order, Bible school at 9:45, worship at 11. Training service 7 and evening worship at 8. The pastor will preach each hour.

The attendance last Sunday was off a bit in the Bible school, but a larger number is expected this Sunday. A class and teacher for everyone who comes.

**MEN'S BIBLE CLASS**  
Many have not found the Bible too narrow a pasture. It is the world and every man in miniature, the hard book of life for countless millions. This book we continue our studies in with a large number of stable men. Special features for the opening program each Sunday, together with thirty minutes of Bible study. To this class a most cordial welcome is always extended.

**EVANGELICAL LUTHERAN**  
Services every first and third Sundays of the month at 8 o'clock in the evening.

Because of unfavorable weather conditions last Sunday evening services were not held as scheduled. There will be services this evening beginning at 8 o'clock. Friends and visitors are always welcome. We preach Christ crucified for the sins of the world.

**ST. MATTHEWS EPISCOPAL**  
Corner W. Ward & W. Browning  
Trinity Sunday, Church School, 9:45. Morning Prayer, 11. Hunger for Righteousness will be the topic for the sermon.

At 2:30 in the afternoon members of the parish will meet at the Parish House to go out to LeFors for a picnic.

**PUMPS TAKE LEAD—14**

**BY DIANA MERWIN**  
(Associated Press Fashion Editor)  
PARIS (AP)—Pumps have stolen the lead in the shoe style show, with new colors and materials used to achieve their chic.

The new pump has a new heel—a cross between a spike and a Cuban, and its lines are unusually plain. A little leather roll like the scrolls used centuries ago is used instead of a buckle, and the seams are often stitched by leather thongs.

Kid leads the leathers as an economical substitute for the expensive antelope which smart Parisians preferred last spring. A new leather laced in colors to resemble lizard has replaced reptile skins for street wear, and a new heavy grosgrain silk is much used for after-noon wear.

Blue is the color which has swept shoe fashions this spring. Navy is the tint most often used, although sapphire and royal are also seen. Brown and dark green come next on the color card, with black playing a minor role this season.

For evening wear there is a new dull metal kid pump which appears silver when worn with a silver frock, gold when worn with gold and which designers offer as a boon to the traveler who does not wish to take a shoe trunk.

To match the frock remain the favorite of the average smart Parisian.

Pony skin—such as that used for riding boots—is the latest novelty in sports shoes leathers.

Another novelty of the sports shoe mode which slings to oxford and sandal designs is the ventilated sandal, which has small holes worked with leather embroidery near the sole to allow air to enter the shoe.

**EPWORTH LEAGUE**  
At 6:30 o'clock Sunday evening there will be a joint meeting of the Epworth League and the Business and Professional Young People's class in the basement of the Methodist church.

An attractive program has been arranged for this occasion, with the teachers as honor guests. Each member of both the League and the class is urged to come and bring a guest.

**PRESBYTERIAN MUSIC**  
Morning: Prelude, Andante Religioso (Chlaeger); offertory, Meditation (Ritter); vocal solo, Mrs. John V. Andrews, "Father in Heaven" (Briggs).

Evening: Offertory, "Day's End" (Protivinsky).

**CHURCH OF CHRIST**  
Francis and Warren  
Bible study, 9:45 o'clock; preaching at 11 o'clock on The Lord's Side; communion, 11:45; young people's meeting for juniors, 7 o'clock; for seniors, 7:30; preaching at 8:30 on

## GOOD PUPIL

Three Great Religions. Every one is invited.

**PRESBYTERIAN CHURCH**  
It is an easy matter to say no and it is often as easy to say yes. The two answers may lead in entirely different directions.

It is exactly so in a matter of Christianity. The call of Jesus Christ comes to everyone. Some answer "yes," and follow Him. Others answer "no," and go the way of the world and are lost.

Hear our sermon Sunday morning, "Saying 'yes' to the Master." Morning worship hour at 11 o'clock. Other services for the day:

Sunday School at 10 a. m.  
Intermediate Endeavor at 6:30 p. m.  
Evening worship and sermon, "Which deferret?" 8 p. m.  
We welcome you to all these services.

—A. A. Hyde, minister.

**CENTRAL BAPTIST**  
Sunday school, 9:45. G. C. Stark, superintendent; preaching at 11 o'clock on Cooperation; men's prayer meeting at 6 o'clock; training service at 7 o'clock; evening service at 8 o'clock, the subject being Substituting.

Sunbeams, Monday afternoon at 3 o'clock; W. M. S. at 2:30, combined business and mission study; prayer meeting Wednesday at 8 o'clock; teachers meeting Thursday at 8 o'clock; Boy Scouts Friday at 8 o'clock.

Mrs. R. D. Land, LeFors music instructor, was in Pampa yesterday.

Dr. de Zita, astrologist, has returned to Pampa for a stay of a week or 10 days. He is at the Johnson hotel.

# Tyler Nine Drops First Home Game Before Sterling

**SPORTS FAIL TO HIT BALL ON SATURDAY**

**BEAUMONT RUNS IN 14 TALLIES TO BEAT BUFFS**

**TYLER, May 21 (AP)—**Inability to hit with men on bases caused the Tyler Sports to drop their opening day game here today to Longview, 5-6. Four thousand persons witnessed the contest.

Gov. R. S. Sterling and other Texas officials attended. Governor Sterling threw the first ball to Gus F. Taylor, president of the East Texas chamber of commerce. It was the first game here since Tyler obtained the Shreveport franchise after the Shreveport park burned.

**Can't Hold Lead**  
**SAN ANTONIO, May 21 (AP)—**Setting the pace twice, the San Antonio Indians were unable to hold the lead as the Galveston Buccaneers came from behind with two runs in the ninth inning to win the opening game of the series 5-4 here today.

**Enormous Inning**  
**BEAUMONT, May 21 (AP)—**One enormous inning in which the Beaumont Exporters scored twelve runs at the expense of four Houston Buff pitchers was enough to win for Beaumont 12-2 this afternoon, gaining a full game on their closest rivals, Greenberg and Eastering hit successive home runs early in the fourth and this seemed to completely demoralize the opposition, who made five errors before they finally got the Baker boys out.

**Stiers Beat Cats**  
**FORT WORTH, May 22 (AP)—**Scoring two runs in the tenth inning, the Dallas Stiers defeated Ft. Worth, 3-1, in the first of a four game series between the two clubs here tonight. Oscar Fuhr and Dick Whitworth hooked up in a hurling duel that resulted in a one-all deadlock at the end of the regular nine innings.

**STRIKE OIL PAY**  
**CONROE, May 21 (AP)—**Oil in paying quantities was discovered in Montgomery county this afternoon when the Strike Oil corporation's south Texas development company No. 2, on drill stem test showed from 1,000 to 5,000 barrels daily of low gravity oil.

**CHILDREN, May 21 (AP)—**Clifton Reynolds, 10, was killed and three other persons were injured seriously last night when the automobile in which they rode overturned on the highway eight miles north of Childers. The accident was caused by a tire blowing out.

**GALVESTON, May 21 (AP)—**A harrowing tale of a gangster ride in which he was whisked from a beach hotel to a boat and carried into the Gulf where he was knocked unconscious and thrown into the sea, was told here today by Lyman C. Coffin, federal narcotic undercover man.

Coffin, his head bruised, a wrist sprained, ligaments broken in his shoulder and suffering from shock and exposure, from hours in the water, was being held in a secret place as federal officers feared another attempt on his life.

## PERKINS AND WHITE WILL GO 36 HOLES TODAY WITH GOLFING TITLE AT STAKE

**Southpaw Player Contends For Honors—Contest To Be Held In Driving.**

Tom Perkins and Tommy White will play for the city amateur championship over the Red Deer golf course today. White went into the finals following two close matches. He defeated Hoffman one up in 20 holes Friday and came back yesterday to defeat Skeet Stewart two up.

The two flight one players will tee off on the first 18 holes at 8:30 o'clock this morning. They will start the final 18 holes at 2 o'clock. Perkins is the first left-handed golfer to play for city honors in some time. Both players are long drivers and accurate putters. The match should be close with White having the odds because of past victories. However, many of the dopsters see a victory for Perkins.

Ray Lawrence and John McCall will play 36 holes to decide the winner of the second flight. Lawrence went into the finals yesterday with a surprising win over Clyde Oswald. McCall had to defeat Tom Darby to get his chance at Lawrence who has been playing ace-high golf.

**Odd Fellows To Play at Hoover**  
 The Pampa Odd Fellows ball team will go to Hoover for a return game this afternoon. The game was scheduled for 2:30 o'clock. The Hoover boys won a close decision from the Odd Fellows here three weeks ago. Since that time the Pampans have been strengthening their team.

**WOMEN STARS BEAT ENGLAND**  
**WENT WORTH, Surrey, Eng., May 21 (AP)—**Although her stars met defeat, America's strongly balanced team of women golfers today fought its way through a mélange of English weather to defeat England's best 5 1/2 to 3 1/2, in their first official team match.

The invaders made a clean sweep of three Scotch foursomes in the morning and piled up a sufficient lead to stand off a determined stand by the English women in singles in the afternoon. Victory in two of the six singles matches and a half in another established the Americans' team triumph.

England's only consolation lay in the driving administered Mrs. Glenna Collett Vane by her old nemesis, the great Joyce Wethered. The American star was an easy victim, 6 and 4.

## NEWS Team Defeats Phillips In Close Game

The Pampa NEWS playground ball team won another close game from the Phillips '66' Bowers City team on Phillips' lot yesterday afternoon. When the dust of battle had cleared away, the NEWS was in the lead 8 to 6.

Patrick, NEWS hurler, was in fine form and struck out seven of the Phillips sluggers. He sent three men to the showers in the seventh inning. His support, although erratic at times, rallied and pulled him out of several tough spots. Horn started in the box for the '66' boys, but was relieved in the fifth after a barrage of hits had accounted for three runs. High finished the game in fine style but was wild.

**Walks a Win**  
**CINCINNATI, O., May 21 (AP)—**Guy Bush, Cubs' pitcher, won a game for the Cincinnati Reds today by walking Heath while the bases were loaded in the ninth to give Cincinnati a 6 to 5 decision.

**Braves Take One**  
**BOSTON, May 21 (AP)—**The Boston Braves defeated Philadelphia, 6-4, in a 14-inning game today. Schulmerich was the big star at bat, driving in two of the Braves' runs in the third inning and the winning tally in the 14th.

**White Sox of Amarillo Will Play Magnolia**  
 The Magnolia baseball team will go to Amarillo tomorrow night to play a game under the lights. The 'Mags' will meet the Amarillo White Sox managed by 'Dirty' Walker. The game was scheduled for Friday night but the Texas League will arrive unexpectedly and the game was postponed.

**SUNTICA IS VICTOR**  
**LOUISVILLE, Ky., May 21 (AP)—**Suntica, owned by Dr. Willis Sharpe Kilmer, Birmingham, N.C., won the 58th running of the Kentucky Oaks here today.

## LONGHORNS IN TITLE ROLE AS AGGIES LOSE

**TEXAS HAD DROPPED FIRST GAME OF SERIES**

**AUSTIN, May 21 (AP)—**The University of Texas won its 19th southwest conference baseball championship here today by defeating Texas A. & M. 11-4, in the last of a two-game series. Texas was forced of win today's game to claim the title, since a loss would have given Rice Institute first place in the conference standing.

Texas lost the first game of the series yesterday, 13-9. Charley Winton of Waco allowed the Aggies only four hits. He went the entire route for Texas. Scheer started on the mound for the Aggies but was taken out for one inning and replaced by Moon. Scheer again assuming the pitching duties.

**World Marks Fall at Meet**  
**DYCHE STADIUM, Evanston, Ill., May 21 (AP)—**Michigan's plucky track team, scoring in 13 of the 16 events, carried off the western conference outdoor track and field championship today to the accompaniment of record-breaking performances.

Two world records were eclipsed, two others were tied, and three Big Ten marks were shattered as the events raged off. The record breaking however, including the new conference marks, may not, and in the cases of the world marks undoubtedly will not stand, as a 25 or 30 mile wind blew at the backs of the runners.

**MADDOO IS CHAIRMAN**  
**LOS ANGELES, May 21 (AP)—**William Gibbs McDoo, former secretary of the treasury, today was elected chairman of the California delegation to the democratic national convention, pledged to support John N. Garner of Texas for president. The delegates organized in a meeting here.

Invite your friends to Frontier Days, May 26-28.

## in the American

**Yanks Invincible**  
**NEW YORK, May 21 (AP)—**The Yankees treated close to 60,000 fans to an exhibition of an unbeatable baseball combination, excellent pitching and heavy hitting, today as they defeated the Washington Senators in a double-header.

The Senators collected only 11 hits in the two games, getting six from Herb Pennock in the opener and five from Johnny Allen in the second contest.

**PHILADELPHIA, May 21 (AP)—**The Athletics took two games from the Boston Red Sox today, the first 18-6 and the second 6-3. Jimmy Fox hit his 12th and 13th homers of the season in the two games. Webb, Williams and Jolley each had two homers in the two games.

**Magnolia Will Battle in LeFors**  
 The Magnolia 'Mags' will attempt to make it two in a row from the Colfax-Phillips-LeFors nine in LeFors this afternoon at 3 o'clock. Manager Rusty Cahill is expected to send Casey, a new hurler, to the mound. Casey has been showing plenty of ability in workouts the past week. Burke and Voss will be held in reserve.

**St. Louis Wins**  
**CLEVELAND, May 21 (AP)—**St. Louis put on a four-run rally in the ninth inning today to nose out Cleveland 8-7.

**Frank Carideo Goes to Mizzou**  
**COLUMBIA, Mo., May 21 (AP)—**The same Frank Carideo who directed the late Knute Rockne's two teams to 19 straight victories as a player will direct the University of Missouri football team next fall in the role of head coach.

**Cross Country Golf Is Next**  
**AMARILLO, May 21 (AP)—**And now it's cross-country golf. Paul Denson and Bill Laidley, al- ternate a professional, today announced plans to drive golf balls ahead of them from Amarillo to Los Angeles. They will leave here July 4 and expect to be in California by Thanksgiving.

The Marathon golfers are arranging matches in each city along the route as 'rest periods.' They will keep a record of their strokes en route. The distance is about 1,500 miles over the course planned. Denson and Laidley said they had played trial stretches resulting in the estimate that they can cover about 15 to 18 miles a day.

### Clearing Title To Postal Site Is Cause of Delay

Only last week was the title for the site for the new post office at the corner of Ballard and Foster completely cleared, it was learned here yesterday. The necessary procedure of clearing the title caused the delay at Washington in advertising for bids and letting the contract, it was learned from a local man who assisted in completing the title.

It was believed that political pressure brought to bear upon Washington officials would have been useless until the title was completed. Two months ago, it was believed that the title was clear but a claim filed on one of the lots had to be disposed of.

It is understood that architect's plans for the structure have not been completed, but that Panhandle republican leaders will bring the Pampa post office project to the attention of the fourth assistant postmaster general, in charge of Texas buildings, at the republican state convention in Mineral Wells next week.

### Mrs. Goldston Bridge Hostess

Colorful blossoms adorned Mrs. A. B. Goldston's home Friday afternoon when members of the Queen of Clubs gathered for a series of bridge games.

Mrs. E. M. Corley was awarded for high score among the members, Mrs. Leroy Miller for high among the guests, and Mrs. Raymond Allred for low. Three cut prizes also were given.

A refreshment course included stuffed tomatoes, frozen fruit salad, cream cheese sandwiches, minced ham sandwiches, olives, and iced tea.

The following attended: Mesdames Raymond Allred, O. T. Burckapillar, Carl Boston, E. M. Conley, R. S. Lawrence, I. E. Hughey, John T. Glover, J. H. Kelley, L. N. McCubough, Jack Mason, J. W. Lybrand, and Leroy Miller.

### Denworth Talking School District—Town Lots Sell

DENWORTH, May 21 (Sp)—The Fort Worth & Denver, Northern having laid the steel to this new townsite on the Pampa-Childress line, now is constructing a 3,000-foot passing track.

B. L. Webb has started a post-office, mercantile store, and filling station in celebration. Mrs. B. L. Marshall will be postmistress.

R. L. Patton moved a house from LeFors and started a junk yard. He will do plumbing and general repair work.

Rev. Early preached at the townsite office last Sunday and on May 22 will preach at 3:30 p. m. and organize a Sunday school.

C. E. House sold 26 town lots in one day. There is talk of having a consolidated school there. Active drilling is going on within sight of the new town, with a few other rigs going up.

### School Closing Marked by Gay Event on Friday

A celebration long to be remembered by pupils of Merten school was the festive gathering on the campus Friday afternoon as a climax of the year's activities. A large crowd of parents and friends attended.

Every child of the school took part in the event, and many of them wore gay costumes appropriate for the program numbers.

The following selections were given: First grade Evidon bands directed by Miss Mildred Smith; gymnastic drill by pupils taught by Miss Anne Fry and Miss Willie Jo Priest; clown dance, Ruby Harsh, Billie Swale, Virginia Nelson, Clifton Ray Zorn, and Jean Edden; third grade rhythm band numbers; Raggedy Ann, a doll dance by Edith Hazard and Clarine Faulks; folk dances by the first and second grades; numbers by the fourth grade Rhythm bands; soldiers drill, second and third grade boys.

### Bridge Blaze Is Investigated On Labor Angle

Denver Northern railroad officials were reported as taking very seriously Saturday the burning of the Fort Worth & Denver Northern bridge across Buck creek in Collinsworth county.

The 700-foot bridge was badly damaged and must be re-built, delaying completion of the line into Pampa a short length of time.

That incendiarism was suspected was indicated by the talk of placing guards at all bridges along the line.

COMPLIMENTARY TICKET TO LANORA THEATRE  
This Ticket and one paid 35c Ticket will admit one FREE to The Lanora Theatre, Thursday, May 26, between 10:30 a. m. and 1 p. m.

### Beauty Contest To Be In July

Miss Jacquie Downs, crowned Miss North Plains in the beauty contest held here two weeks ago, will compete for the title of "Queen of the West" at Roswell, N. M., the first week in July, it was announced here yesterday.

The winner of the Roswell contest will be given a free trip to California. Miss Downs won the North Plains title over 15 Pampa contestants, and entries from Clarendon, Borger, White Deer, and Panhandle. Miss Downs has red-sold hair.

### Orchestra Will Be In City On Monday

Chet Sheldon and his orchestra will be at the Pla-Mor Monday.

This orchestra has just returned from a "round the world" cruise on the S. S. President Polk. On this trip it played in several of the larger European and Oriental cities.

The orchestra now is playing at the "Nat" in Amarillo. Previous to the engagement in Amarillo, it played at the "Aladdin" in San Francisco. While on the Pacific coast it completed two engagements over K P I, Los Angeles, and K G O, Oakland.

Mrs. George Hume of White Deer was a Pampa shopper yesterday.

### Corpus Christi Guest Favored

Mrs. Hollis Rabb entertained her house guest, Mrs. Jack de Cordova of Corpus Christi, with a bridge party Thursday afternoon.

After the games, in which Mrs. Jimmie Hopkins scored high, a dainty salad course was passed to the following guests: Mrs. Jack de Cordova, Mrs. Jack Baker, Mrs. Jimmie Hopkins, Mrs. A. C. Rabb, Mrs. E. J. Pafford, and Mrs. E. P. Hollingshead.

Mrs. and Mrs. J. M. Mercer of Pampa are the parents of a son born at Pampa hospital yesterday morning.

### Local Man Hunting For "Jafsie" Who Tethered His "Steed" Friday

J. C. (Jimmie) Wheeler of the Father's Drug on Kingsmill is hunting for "Jafsie" and what Jimmie wants with "Jafsie" has nothing to do with the Lindbergh case.

Here's the low down. Friday morning, Jimmie came down town feeling fit toinker with watches, jewelry, diamonds. He was all dressed up in his hat, boots, and other regalia to remind hurrying, busy citizens of Pampa of Frontier Days. He parked his Ford at the rear of the store.

When he got ready to leave in the evening there was a note on his windshield which said, "Good cow-

boys teach their steeds to stand with out being tied to a post." Four times Jimmie tried to back out. Then he saw the trouble and untied the wire holding the bumper to an iron post.

Yesterday, Jimmie got a letter which said in part, "Don't try to find out who tied your cayuse to a post. You can't. You can find out only by leaving at midnight \$5 in pennies at the foot of the tallest monument in the cemetery. (Signed) 'Jafsie.'"

Invite your friends to Frontier Days, May 26-28.

### Shower Given as Surprise Event

A "trip to Treasure Island" resulted in many beautiful gifts for Mrs. C. B. Haney when Mrs. C. R. Nelson and Mrs. J. C. Browning joined in giving a surprise shower Friday afternoon in the Nelson home.

Following lively contests and the presentation of the gifts, refreshments were served to Miss Allie Taylor and Mesdames T. D. Alford, Collin Puckett, B. T. Hargis, J. H. Smith, V. R. Banhauen, W. E. Jordan, Fannie Searcy, C. O. Bridges, C. C. Woodward, Charles Vernal, John Brandon, Burns Moore, W. V. McArthur, Arlie Proc-

JAKE HESS IS CHAMP HOUSTON, May 21 (Sp)—Jake Hess of Fort Worth today gave Rice Institute its first southwest conference angles side, beating Karl Kanrath of Texas University in the finals, 11-9, 6-1, 6-4.

JURY DISAGREES DALHART, May 21 (Sp)—Unable to agree after deliberating 72 hours, jurors in the case of Jack Hogan, tried for attempt to commit criminal assault, were dismissed here at 7 o'clock tonight. The last ballot stood nine for conviction and three for acquittal, it was reported.

## Watch That Cowboy RIDE!

FRONTIER DAYS TO DRAW BIG CROWDS TO CITY

Hundreds of Citizens Helping to Stage Local Celebration

OLD SETTLERS ARE URGED TO 'COME HOME'

FRONTIER DAYS TALKED ALL OVER THIS TERRITORY

Pampa's first annual Frontier Days celebration is being made possible through the efforts of the Pampa Junior Chamber of Commerce and the Pampa Board of City Development.

Pampa Frontier Days was first suggested here by the Pampa Daily News columnist. The idea spread rapidly and in great favor.

Business men have left their stores to make trips throughout the southwest to advertise the celebration. Radio broadcasts have told about the big get-together.

Men who lived in the Panhandle when there was not a fence to break the scenery and who have been away from these parts for many years plan to return for the celebration and renew acquaintances.

Surprises in Store Many who lived in Pampa when there was nothing here but a few houses will return to see one of the most thriving cities in the United States.

Not only will oldtimers be welcomed to Pampa during the celebration. Everyone is invited. There will be fun for all and lots of it.

Chairmen of the various committees assisting the general chairman have worked faithfully to make the celebration a success.

Mrs. Raymond Harrah, in charge of costumes, has gathered many items of clothing worn in early days. A number of old side saddles will be available.

George W. Briggs, manager of the finance committee, and Frank Hill, treasurer, have had all the worries of securing the money to make the celebration a success.

Earl Brashers, president of the Junior Chamber of Commerce, and C. H. Walker, president of the Board of City Development, with their memberships have worked hard to see success.

In fact, as Judge Ewing says, "There isn't a man, woman or child in Pampa, who has not had some part in making the celebration a reality."

LOCAL WOMEN TO BE ACTIVE IN BIG EVENT

Costumes to Suggest Those Worn in Old Days—Mrs. Harrah Leads.

A hospitality characteristic of that extended year ago will await the visitors to Pampa on Frontier Days, May 26, 27, and 28.

Costumes also will be suggestive of those worn years ago. Some of them have a real history. The one to be worn by Mrs. Harrah, for instance, was worn by the wife of a captain in the revolutionary war.

Hostesses will be in the Schneider hotel, Frontier Days headquarters, during the entire three days. Some will serve in the day time and others in the night.

Thursday—Mrs. E. A. Shackleton, chairman, Mrs. Katie Vincent, Mrs. Claude Ledrick, Mrs. Neils Walberg, Mrs. W. R. Ewing of Miami, and Miss Kathryn Vincent.

Friday—Mrs. Lee Ledrick, chairman, Mrs. C. P. Buckler, Mrs. Tom Lane, Mrs. B. E. Finley, and Mrs. H. J. Lippold.

Saturday—Mrs. Emma LePors, chairman, Mrs. John Henry, Mrs. H. B. Lovett, Mrs. Gregg, and Mrs. C. W. Bowers of Miami.

Sunday—Mrs. C. T. Hunkapillar, chairman, Mrs. George Walstad, Mrs. Siler Faulkner, Mrs. A. Cole, and Mrs. W. Purviance.

From a recent inventory report made from Randolph Field was absent an item of "4 DeH Airplanes," the last of the famous "old crates" to be put to rest.

From 1920 to 1923, a period that produced some remarkable flying records, the DH8B was supreme.

Archie McGaughy, 13-year-old negro boy, literally danced his way out of jail here.

George W. Briggs, manager of the finance committee, and Frank Hill, treasurer, have had all the worries of securing the money to make the celebration a success.

Advance sale of tickets to the rodeo performances will close at midnight Wednesday. A book of six tickets may be purchased for \$3 in advance.

Sponsors of the celebration have done everything possible to keep "cuckumbers" away from the merchants and they have succeeded.

WOMAN WILL RIDE STEERS

Myrtle Butler of Fort Worth, who is shown above riding a big Brahma steer, will be a feature attraction at the Frontier Days rodeo, May 26-28.

FIRST CLASS RODEO WILL BE LEADING ATTRACTION WHILE CELEBRATION IS HELD HERE

Cattle and Horses in Event Are Fine Animals

All visitors to the first annual Frontier Days celebration Thursday, Friday and Saturday will wish to attend the big rodeo under the supervision of Lon L. Blanscet.

Some of the best known cowboys and cowgirls in the country have entered the various events.

When the frost leveled a large part of the young watermelon crop of the county to the ground in March the late vegetable dealer in Willy county this year instead of watermelons, for the first time.

Willy county is expected to ship 200 carloads of cucumbers this season, which will be four times as much as the county ever shipped in any one season in the past.

This year there will be only a few cars, as most of the crop was killed by the frost. A few watermelon fields were replanted, but generally the fields were replanted to cucumbers because of the more rapid maturity.

A successful cucumber deal, coming on top of the most successful onion deal in its history, is giving Willy county farmers a fine financial return on their season's produce.

Last year a total of 206 carloads of watermelons was shipped from the Valley, most of this tonnage moving from Willy county. This year there will be only a few cars, as the frost practically wiped out the crop, and only a few acres were replanted to watermelons.

Willy county's onion deal is practically over.

TRIAL IS POSTPONED BRYAN, May 21. (AP)—The trial of Wayne Davis, Brazos county dairyman, charged with shooting his 20-year-old son-in-law to death, after marching him more than a mile at the point of a gun, set for May 26, has been postponed to June 2.

MOBEETIE HAS UNIQUE PLACE IN PANHANDLE

TOWN BIRTHPLACE OF INSTITUTIONS OF PLAINS

Every territorial development must have a starting point, and for the Panhandle that point was Mobeetie. There it all began.

Right after the civil war, hardy souls began to push into the plains area looking for grazing land and, in many cases, to kill buffaloes for the hides.

Their meat supply menaced, the imperfectly subdued redskins began a series of depredations which were climaxed by the battles of Adobe Walls, Buffalo Wallow, Tule canyon, and others.

Today only the low ridges formed by the crumbled adobe walls of a mule corral mark the location of the group of buildings which symbolized wide and safety to Panhandle citizens of that day.

Much trouble with the Indians was encountered after the establishment of Fort Elliott. The bucks usually were accompanied on their hunting expeditions by soldiers.

Wheeler county is not only the home of many pioneers, but is the "mother county" of the Panhandle. When it was organized in 1879 it secured jurisdiction over 28 unorganized counties.

Mobeetie an Indian word meaning sweet-water, became the county seat. Materials for the courthouse were hauled from Fort Dodge.

Mobeetie declined in population and importance, though recently a nearby railroad, the C. & O. W. came by and attracted new population.

Mobeetie folk do not worry. The people are satisfied to know that their rank first in a very real sense.

Mobeetie was the first county organized, the first court held, the first school established, and the first dime paid into a Panhandle treasury.

Particular interest attaches to the first horn, and for that reason Mobeetie is one of the most interesting towns of the Panhandle—the birthplace of most of our institutions.

CHAIRMAN OF FRONTIER DAYS

Lon L. Blanscet, above, as chairman of Pampa's first Frontier Days, has been working night and day for several weeks complete plans, for the celebration and rodeo. He also is sheriff of Gray county.

OLDTIMERS WILL REGISTER AND INDICATE DATE WHEN THEY ARRIVED ON PLAINS

Oldest Pioneer Will Lead Parade on Big Days

When oldtimers register at the Schneider hotel during Pampa's first annual Frontier Days celebration, the date of their first arrival in the Panhandle will be noted and recorded.

As each oldtimer registers, he will be given a badge on which will be printed his name and the date of his arrival in the Panhandle.

The names of every man and woman registering during the days of the celebration will be carried in THE NEWS so that friends will know how to look up friends.

Visiting oldtimers will be guests at all rodeo performances and other entertainment features. A special section of the grandstand will be reserved for visiting oldtimers.

Heifers and steers from the ranch of Frank and Howard Paul in Baller county topped the market in Los Angeles Monday. Six cars of stock were shipped to the Los Angeles market.

A new top high for the season at \$6.75 was received for the heifer calves. A price of \$7.10 was obtained for the steers, which were the top high for the car load lots.

The stock was in the feed lots for six months. Ground kafir and maize, the Panhandle has amazing opportunities for full feeding of cattle, said Frank Paul.

FINE PROGRAM AND RODEO TO BE ATTRACTIVE

OLDTIMERS; OLD DAYS TO BE HONORED IN EVENT

All trails and public highways will lead to Pampa next Thursday, Friday, Saturday—May 26-28—when thousands will come here to attend Pampa's first annual Frontier Days.

Registration will start at noon Wednesday in the Schneider hotel where Alex Schneider will set aside a room on the first floor, close to the lobby, where old friends may meet and talk over experiences in years gone by.

Chairman Lon L. Blanscet and his committees have mapped out a varied program that will not be monotonous. The Junior Chamber of Commerce and the Board of City Development have put their forces to the wheel to make Pampa's first celebration one to be remembered.

The celebration will officially open at 10 o'clock Thursday morning with a big parade. The parade will form in front of the Tulsa Big & Reel on South Cuyler street.

There will be oldtimers, newcomers, officials of the city and county, bands, cowboys, floats, old and new types of vehicles and everything else that makes a parade interesting.

Free Barbecue The high light on Friday will be the big free barbecue under the supervision of Mel B. Davis. Beesves have been secured and the veteran "barbecue" says everything is in readiness.

The six rodeo performances under the personal supervision of Sheriff Blanscet, his brother Herbert Blanscet, and Siler Hopkins will top the celebration. The rodeo will be held in Harvester park.

There many "pigskin" has been kicked around unmercifully and where 13,000 people have gathered to see a football game.

One seat in the huge grandstand will be as good as another. No seats will be reserved. A section will be reserved, however, for oldtimers who now reside away from Gray county.

Anyone who lived in the Panhandle of Texas prior to 1890, Gray county oldtimers will be declared hosts and will have to look out for themselves and see that their friends are given a royal reception and the key to the city.

Following the parade Thursday morning the Junior Chamber of Commerce frolic will be held on the vacant lot across the street from the courthouse. The youth of the celebration will attempt to ride steers, horses, the bucking automobile, rope calves, do trick roping and anything else that comes into their heads.

Rodeo at 2 p. m. Promptly at 2 o'clock, the first big rodeo performance will start at Harvester park. Oldtimers will be taken to the park in cars furnished by the Junior Chamber of Commerce and Board of City Development.

Judges will be introduced and famous cowboys and cowgirls from all points of the United States will pass in review. The first event on the program will be bareback bronc riding. Some of the best known horses in the southwest have been secured for that event.

Beaumont Vote on Milk Supply Being Suggested

BEAUMONT, May 21. (AP)—Whether foreign milk, produced in an area outside a 100-mile radius, will be barred from shipment into Beaumont for local consumption may be decided by a vote of the citizenship.

Milk producers have petitioned the city commission to restrict milk importation to a distance within the 100-mile area. Should the program fail to receive support of the commission it will then be taken before the city council.

Should the council refuse to act, producers say the question will be put before the people in a vote. Beaumont now has a daily surplus of milk which is being shipped to market in Dallas, while approximately an equal amount of milk is being imported from the Dallas area for sale and consumption here.

By barring importation of milk, local producers claim they can furnish the city's needs and not be faced with the existing problem of exporting a surplus.

Invite your friends in other towns to Frontier Days.

(See PROGRAM, Page 3)

Subscription rates table with columns for One Year, One Month, One Week, Six Months, and One Year, with sub-headers for 'BY CARRIER OR MAIL IN PAMPA' and 'By Mail Elsewhere'.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should, the management will appreciate having attention called to same, and will gladly and fully correct any erroneous statement made.

MORE LIGHT ON THE FEDERAL BUILDING delay has been shed by Marvin Jones, congressman from this district, in a letter to B. E. Finley. Congressman Jones writes that he found the specifications for the Pampa building about one-third finished.

Mr. Jones concluded: "I realize that it is altogether desirable that work should be begun at the earliest possible minute, and shall keep in touch with the matter in an effort to expedite action." Thus again it is shown that private enterprises are speeded up far beyond the government's system of red tape.

Strange, indeed, are the arguments used against an oil tariff—any kind of tariff, excise tax, or embargo. Young Bob LaFollette, in a tirade against Standard Oil, links that big concern with the drive for the tariff. That must be news to S. O., and certainly to Wirt Franklin and the others who are seeking to lessen the flood of foreign oil being imported.

When a fellow walks up to the editor clad in western style, with chaps, guns, broad-brimmed hat, and an amazingly steady gaze, there is cause for alarm. But if the fellow happens to be young Walter Brashears, small son of Carl, your reaction may be one of amusement and considerable admiration.

Maybe, at last, the country has a good 5-cent cigar. We refer to the ladies' cigar mounted on patent holder. Somehow, however, we cannot imagine a dainty little lady puffing one of the things—not without something akin to a shudder of disgust.

Saturday was Dad's day, but dad likely did not know it was. Yet there never was a time when so many dads were in need of sympathy and recognition. For many centuries it has been the province of the father to earn the living for his family, and for the mother to keep the home and rear the children.

Big political news is ahead. Your Pampa Daily NEWS will be right on top of it with the Associated Press breaking all records for complete coverage of the huge party conventions. The NEWS will be connected with a direct wire to the ring-side. More than one hundred writers, telegraphers, photographers, cartoonists, and columnists will be concentrated in Chicago while the conventions are in session.

Let bandits plan a ride for— We're alluding now to dad; He tells how girly cried for him When he was a young lad. —Buffalo News.

Ma smiles incredulously then She takes the floor with pride, And tells how many hearts of men She broke to be his bride. —Newark Advocate.

At this smart Bill (Who's 23)

ABOUT NEW YORK

Information that 90 per cent of her prize crop of group dancers of this year hail from other places than New York. She lists some of the girls' birthplaces, and among them those whose careers home town folk might watch with satisfaction: Vida McLain is from Portland, Oregon; Mabel Barry, Minneapolis; Mary and Kathleen Vannoy, Atlanta; Melva Cornell, Santa Barbara, Cal; Virginia Bethel, Yakima, Wash.; Valerie Huff, San Francisco; Dorothy Lane, Amsterdam, N. Y.; Liza Guegan, Richmond, Va.; Francis Wise, Newark; Georgiana Orr, Springfield, Mass.; Florence Nelson, ditto, Portland, Oregon; Mary Wilkinson, Denver; Helene Carson, Oklahoma City; Rose Gale, Des Moines; Ruth Fisher, Salt Lake City; Gertrude Gerard, South Manchester, Conn.; and Marguerite Eisele, Cincinnati.

More business kept coming her way. On top of it all, she had to prepare meals for her family. So she found herself running back and forth, from kitchen to counter, politely dismissing each talkative customer with: "Excuse me, please, I've got to get back to the stove." People like to talk to Mrs. Pohlmueller. She's that kind.

Where Dancers Come From From Albertina Rasch comes the

PANHANDLE

Santa Fe in 1941, but this was ill-fated and was lost in the breaks for days. Captain R. B. Marcy led a group from Fort Smith, Ark., to Santa Fe in 1849, and in his records told of the birth of male twins to a family in the caravan—the first record of white children being born in the Panhandle.

Without trying to estimate the significance of the announced importance of the A. F. of L., one may say that it rudely shocked some gents here who assumed that organized labor's patience was inexhaustible.

Ed McGrady, who has been legislative agent for the federation on Capitol Hill for years and usually acts as its spokesman at congressional hearings, actually told the LaFollette-Costigan subcommittee that if Congress adjourned still ignoring the unemployed he, personally, would "do nothing to close the doors of revolt if it starts."

Local unions meet in 29,000 centers once each fortnight or month, McGrady said, "and it is safe to say that 70 per cent of the time of those meetings is taken up denouncing those who could and will not give relief."

And Sis—19 three weeks— Apply the gold old razzberree— (They know THEY ARE the sheikhs!) —Lubbock Avalanche.

To which we gravely add: But as a lot they're not so hot, (If hist'ry we peruse); Ancestors played around a lot Without the aid of shoes.

You Can't Marry

by Julia Cleft-Addams

SYNOPSIS: Eddie Townsend refuses to live on his wife's "pussy" now that he is able to support her. Eddie, his wife, wants to keep her secret, since her employer discharges women who marry.

"So gimme" Eddie continued, "fixed up a room for me with this old soul—ugliest old figure-head you've ever seen but darn good sort—and Jenny comes for me every morning and returns me at ten every night."

"And I guess I'll stay on with her while you're finishing things off with the Old Man and maybe helping to find someone to take your place."

"If you never meant to be poor with me, Georgie, what did you marry me for?"

"Well, then, girl—sweetheart—" "No, no wait!" she opened her eyes and got up, moving away from him "until the table was between them."

"I told Jen you wouldn't have any use for me now."

"That's not what I'm saying!" she cried passionately. But there was a cold breath in her heart. Wasn't it true that the old thrill of him had vanished, only to return when he held her and kissed her and looked vital and big? What did she feel for him when he clung, terrified, to a window-curtain while something clattered in the street below? Pity, perhaps...

TO ASK SMALL AID ABILENE, May 21. (P)—Not more than 91 Taylor county farmers will take federal aid in producing their 1932 crops, for a total consideration of less than \$8,000, figures in the office of a five-county area here revealed at the close of the application period.

PUBLISHERS TO MEET ODESSA, May 21. (P)—Ralph Shuffler, editor-manager of the Odessa NEWS TIMES and vice-president of the West Texas Press association, stated that the city of Big Spring will be host at the coming meeting of the association August 19-20. Shuffler is being named as president of the association at the election of officers. Charles Guy, Lubbock AVALANCHE-JOURNAL, is president now.

BEST OIL NEWS VERNON, May 21. (P)—What is believed the best oil news in this section since the rise of crude to one dollar per barrel, was the recent announcement that 19 new wells will be drilled in the Grayback area in south Wilbarger county. The new drilling will mean employment of 150 additional men in the oil fields.

SPECIAL AID LITTLEFIELD, May 21. (P)—The Littlefield school has been promised \$2,500 special aid by the state department of education to aid in operating its school buses. It will receive an additional \$2,500 later.

# GOVERNMENT WHEAT CALLED MALADY OF GRAIN MARKET

FORT WORTH, May 21. — Conditions in the grain business will not be improved until the farm board's depressing load of hoarded grain is disposed of and the government abdicates from the business.

That was a statement made Tuesday morning by Frank A. Thies, retiring president of the Kansas City Board of Trade, at the closing session of the annual convention of the Texas Grain Dealers' association here.

"Government in business," he declared, "is the greatest malady in business today. It is spreading rapidly and now has submerged itself in more than 100 different industries. It is up to every one of us to let our representatives in congress know that we will not entertain rotten partisan politics and that this is no time for raw party lines."

Thies said the distressed conditions in the grain production and handling business have been brought about by the domination of the farm board.

"For nearly three years," he declared, "wheat markets of the world have been in constant fear of the United States' attempt to mix wheat and politics. The apprehension of domestic and foreign markets is clearly reflected in conditions never before to confront this generation."

This condemned the "futile attempts of the farm board to peg wheat prices." He resented the board's transactions as the "biggest gamble in history" and insisted that "every fundamental law of business has been violated" by the board.

"We hear little," Thies said, about the 35,000,000 bushels of government wheat turned back to American exporters at the market prices and the recent sale of 5,000,000 bushels to the Kansas City elevator interests. No, we hear little about these transactions for this wheat is now in strong hands and the foreigner or other buyer cannot expect it to be dumped on the market."

## Sister Mary's KITCHEN

BY SISTER MARY  
NEA Service Writer

As the weather grows warmer, the salad gradually acquires greater importance in the menu. Each month brings new greens and a wider variety of salad materials from which to choose.

There is no other line of cookery in which there have been so many innovations and delightful discoveries of tempting combinations as in the realm of salads. They can be arranged so appetizingly that they are usually one of the most popular features of a dinner or luncheon.

To be quite perfect, the lettuce or "green" preferred must be thoroughly chilled and crisped without a trace of water clinging to its surface.

In some parts of the country housewives like to serve the salad immediately after the soup course. This custom has several points in its favor. In this case the salad acts as an appetizer and whets the appetite. Of course this type of salad should never be substantial and must be very piquant. However, authorities on "just how" to do things seem to be agreed that the proper place for the salad course is following the meat course in the dinner menu.

Hearty spring salads are welcome for Saturday night suppers and noon luncheons. The combination of meat and vegetables is excellent and the following salads are nourishing examples.

**Ham Salad**  
One and one-half cups diced cold boiled ham, 1 1/2 cups diced cold boiled potatoes, 1 cup diced celery, 1 hard cooked egg, mayonnaise, lettuce.

Combine ham, potatoes and celery, tossing lightly with a fork.

**TOMORROW'S MENU**  
Breakfast: Steamed figs, cereal, cream, waffles with marmalade, milk, coffee.

Luncheon: Tomato bouillon, toasted crackers, potato salad a la Russe, rye bread, strawberries, vanilla cookies, milk, tea.

Dinner: Salmon steak, peas, stuffed tomato salad, date and walnut pudding, milk, coffee.

Add mayonnaise to make moist and serve on crisp lettuce. Garnish with slices of hard cooked egg and serve.

**Potato Salad a la Russe**  
Two cups diced cooked potatoes, 1-2 teaspoon grated onion, 1-2 cup diced pickled beets, 4 sardines, 4 hard cooked eggs, mayonnaise, lettuce.

Use small new potatoes. Scrub and boil in salted water until tender. Peel as soon as cool enough and chill. Remove skin and bones from sardines and separate into small pieces. Cut eggs into slices. Combine materials lightly with mayonnaise and serve on crisp lettuce.

A salad of tuna fish, celery and hard cooked eggs is another good combination.

Canned salmon and green peas, either canned or fresh, makes an inviting salad for luncheon.

Veal, diced carrots and celery is another good meat and vegetable combination.

**PHILIPPINES YIELD GOLD**  
MANILA, May 21. (AP)—The insular government estimates that the Benguet mineral district north of Manila mined \$3,505,000 in gold last year. Other gold districts have not reached the production stage.

## Czechs Employ Trade Surgery To Halt Slump

PRAGUE, May 21. (AP)—Indications of economic crisis certainly do not strike the eye in bustling, colorful Prague.

The outward appearance of prosperity is so marked that the traveler coming from Berlin or Vienna instinctively asks how Czechoslovakia managed to remain immune from world troubles.

Vacant, staring shop-windows and dusty "For Rent" signs are almost non-existent. One can stroll about the city for hours without meeting a beggar. New automobiles congest the traffic.

**Sales Tax Raised**  
Yet Czechoslovakia is fighting hard to maintain her economic equilibrium. Longer than many another country she remains comparatively free from unemployment, but now more than 600,000 of her 13,500,000 citizens are jobless.

To balance the budget the sales tax recently was raised to three per cent; the luxury tax is to be increased from 12 per cent to 18.

To keep money at home for the support of home industry, importation of foreign products was made dependent on special permits from a government commission.

To prevent citizens from carrying money out of the country in needless travel, a limit of \$90 was placed on the traveler's purse; this limit then was reduced to \$30, making anything more than a week-end abroad impossible without permission from the national bank.

**Banks Cut Capital**  
Both the government railways quickly felt the drop in industry and the throttling of international trade and travel. A new minister of railways was appointed who could bring business and engineering experience to the task of keeping the roads out of the red. The new minister, M. Hula, is paying particular attention to bus competition.

The country's banking system naturally felt the stress. Big banks reduced their capitalization by buying large blocks of their own shares and writing these off the books.

That some of these measures were producing positive results was indicated in the opinion of government experts, when the trade balance for March again turned deficit, after showing an alarming deficit earlier in the year.

## Mammoth Cave Found In Texas

Waco News-Tribune: Place Dr. Frank Ernest Nicholson in the explorer's big picture. He has discovered a 25,000,000 year old cavern under the skies of Texas and the cavern contains blind fish, white bats and milk colored frogs. This cave of caves is 20 miles northwest of San Antonio on the old Spanish Trail in the hills near Boerne. It ends with a body of water 500 feet from its mouth. Giant formations hanging from the ceiling into the water give the impression of a back wall. Garner headquarters were taken away from the Alamo City and transferred to Dallas, and just in the nick of time an explorer who will be immortalized in Texas history has saved the day by the discovery of a cave on the fringe of San Antonio which is said to be more than a rival to Carlsbad or the famous Mammoth Cave of Kentucky. It is a wonder of wonders and will be opened to tourists and curiosity seekers this summer.

Daily Old Man Texas faces a new discovery of natural resource wealth that is almost staggering to his youthful mind. Why go to Kentucky? Or why to New Mexico when there are blind fish, white bats and milk colored frogs and a vast of subterranean lake with all its amazing wonders here at home?

Tickets, please. Last night, your step—this is Cascade Cavern.

**WINTER WHEAT CROP ESTIMATES DECLINES**  
17,000,000 BUSHELS

WASHINGTON, May 21.—Winter wheat production this year as indicated by conditions May 1, was estimated here by the Department of Agriculture at 440,781,000 bushels, compared with 457,370,000 bushels a month ago and 787,465,000 bushels last year.

The condition of winter wheat April 1 was 75.1 per cent of normal, compared with 75.8 a month ago and 90.3 a year ago.

The area sown to winter wheat last fall was 38,682,000 acres, of which there remain for harvest 32,277,000 acres, making the abandonment 16.5 per cent, compared with 42,149,000 acres sown, 41,000,000 acres remaining for harvest and an abandonment of 5.0 per cent for the 1931 crop.

The indicated production of rye is 39,464,000 bushels, compared with 32,746,000 bushels last year.

Condition of rye May 1 was 83.2 per cent of a normal, compared with 79.0 April 1 and 85.4 a year ago.

Rye acreage remaining for harvest was 3,282,000 acres, the abandonment having been 11.6 per cent, compared with 3,143,000 acres remaining last year and the abandonment 21.13 per cent.

**BOARD IS NAMED**  
VERNON, May 21. (AP)—An advisory board to assist in the liquidation of the Farmers' State bank of Vernon has been named by depositors. The board, announced by Whit George, liquidating agent, is composed of Emory Rhoads, R. M. Fielder, Knox Kinard, Ed Lehman, and Walter Hofmann.

## Other Powers Oppose France On All Fronts

BY M. K. WHITELEATHER

PARIS, May 21. (AP)—Krotty problems, left over by the old chamber of deputies and the expiring government of Andre Tardieu, will confront France's new cabinet and lower house when they "take over" early in June.

There is grief ahead for the incoming premier, whoever he may be. Edouard Herriot, as leader of the largest party in the chamber, probably will draw the first invitation to form a cabinet.

Foreign relations form a pretty puzzle in themselves, but it is the domestic situation that is likely to give the new administration its first headache. A glance at that explains in a large measure the talk of a "transitional" cabinet, to hold office until the new chamber gets its bearings.

There is, at the top of the list, a budget deficit. It is estimated at from two to nine billion francs, which translate into American money at from \$80,000,000 to \$360,000,000.

**Must Step Warily**  
Balancing this involves, among other factors, a decrease in the cost of government, and lowering the salaries of public employees is just as ticklish an affair here as on other republics.

Another tender subject is the social insurance law, the French combination version of unemployment dole, workmen's compensation and old age pensions. Examples of this statute are asking revisions to reduce the state's contributions, a measure which would not exactly appeal to wage earners.

Foreign affairs can be approached only by a path containing the deadly pitfall of possible isolation of France. On all sides the republic finds itself confronted with these which, on their face, seem diametrically opposed to French ideas.

**Powers Oppose French**  
At Lausanne on June 16, the French delegates to the reparations parley must meet demands of Germany, Italy and Great Britain for complete cancellation of reparations. The new legislature must wrestle with a possible change in the French policy relative to the war debt owed to the United States.

Linked with this big question, is the situation at the disarmament conference in Geneva. There was developed an almost untied front against the French proposal for an international army. There is also on file the Italian demand for naval parity.

**WILL HEAR POET**  
EDINBURG, May 21. (AP)—Lexis Dean Robertson, well-known Texas poet, will be heard by Lower Rio Grande Valley women when he speaks at the thirty-seventh annual meeting of the Rio Grande Valley Federation of Women's clubs, to be held in Rio Grande City May 10.

Mrs. Lois Meek of Amarillo made a shopping trip to the city yesterday.

**FREE Ambulance Service**

We operate the newest and most modernly equipped custom-built Ambulance in Pampa. We offer this ambulance, with fresh linens and two thoroughly experienced attendants FREE to anyone within the Pampa trade territory.

Price reductions have already been made in every department of our business.

## GRAY COUNTY—

(Continued from Page 2)

For Pampa, 3,672 voters cast their ballots, and 1,886 were against removal. This time the county seat was moved. Opponents of the move sought an injunction to prevent removal of the records, but this was denied by Judge Newton P. Willis. At the election contest subsequently was decided in favor of the county and against those who sought to overturn it.

One-half interest in the McLean city jail was purchased by the county on February 13, 1928 at a cost of \$1,323.75. Road grading was begun to make it easier for south county residents to come to the courthouse at Pampa.

Back to the early history of the county, bounties were offered for coyote scalps—\$1 for grown animals and 50 cents for pups. The bounty was \$10 for grown lobes, \$15 for the hinch, and \$5 each for pups. One dollar was paid for eagles, 5 cents for cotton tails, and 10 cents on jackrabbits.

Jackrabbit scalps were used as a medium of exchange. A man would order a drink of whiskey, throw down two jackrabbit scalps, and receive a cottontail scalp in exchange. The bounty was taken off of eagles and coyotes in 1911.

Predominantly dry, Gray county citizens never had much trouble over prohibition after it became an issue. In the statewide election in 1911, Gray cast 280 votes for prohibition and 86 votes against booze.

In August of 1902, Gray county on a special election to see whether sale of intoxicating liquor would be permitted. At the very beginning, December 22, 1902, local option had been defeated by vote of 38 to 23. McLean was incorporated in 1911 with the following officials: Mayor, C. S. Rice; marshal, J. B. Paschall; and aldermen, William Abernathy, J. R. Hindman, J. N. Phillips, J. L. Crabtree, and C. G. Upham. Pampa incorporated in November of that year, voting to do so 34 to 28. In the mayoralty election of March 5, 1912, J. N. Duncan was elected. George Kerley became marshal, and aldermen were J. T. Crawford, J. R. Brown, S. S. Thomas, Claude Ledrick, and O. A. Barrett.

Precinct 2, of which Pampa is the center, was divided into voting precincts 2, 9, 10, and 11 on August 16, 1928.

Commissioners court minutes are full of references to road surveys and grading work. The first paving was not seriously contemplated, however, until a county wide election was held December 30, 1926, on a \$1,200,000 issue. This failed to secure the two-thirds majority, the vote being 359 for and 202 against.

The McLean-Alameda precinct then called a \$250,000 election on July 16, 1927 and carried the bonds by a vote of 327 to 44.

The Pampa special road district followed suit and voted \$400,000 on August 10, 1927. Road district No. 1 was created in February of 1928 to vote bridges but a move to vote the necessary bonds failed. Pampa precinct bond issues failed in the summer of 1930, and negotiations looking toward a countywide election was begun and the election called, campaigned for, and carried.

## DAILY NEWS, REX THEATER ANNOUNCE BIRTHDAY PARTIES FREE TO CHILDREN UNDER 11

Here is good news for children of Pampa under 11 years of age. The Pampa Daily News and the Rex theater will give free birthday parties to every child under 11 years of age, beginning this week. To do this, however, it will be necessary to have registration of all these children in advance. The names will be filed and announced each week, together with the day on which the free show will be given. Just fill in, or have your parents fill in, the blank below and bring it or mail it to Birthday Editor, Pampa Daily News, immediately. Each child will be allowed to take two guests FREE.

**Daily NEWS-REX Theater Party**

Please register my name with the children under 11 years old.

I am ..... years old. My birthday is ..... day of ..... month.

My Mail Address Is .....

My Full Name Is ..... (write plainly)

(Bring or mail this blank to Birthday Editor, Daily NEWS, Pampa.)

The need for good roads was never an issue but disagreements arose over routes and size of bond issues. Differences also with the state highway commission delayed receipt of state and federal aid.

Gray county now has among the best schools in Texas. The county received its grant of school land in Gaines county, and in September of 1902 H. B. Lovett was sent to inspect, classify, and estimate its value. In November of that year, leagues Nos. 287, 288, 289, and 290—17,712 acres—were leased to the Scharbauer Cattle company for 5 cents an acre. In 1907 a commission composed of T. M. Wolfe, N. A. Steed, and J. B. Baird sold Gray county school land in Gaines and Dawson counties to W. L. Sayre for \$61,992, the notes being for 40 years at 6 per cent interest.

The Pampa independent school district was created. John B. Hessey became the first county superintendent August 13, 1928.

**HAS GERMAN FILM JOB**  
STOCKHOLM, May 21. (AP)—Prince Sigvard, 24-year-old second son of Sweden's crown prince, is going into the German movies.

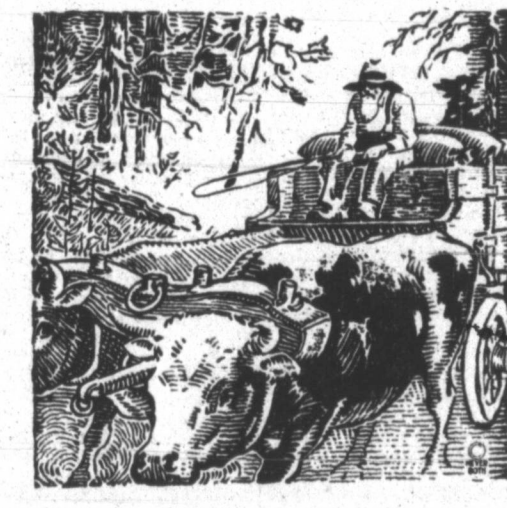

He has a job as a stage manager and assistant director of a light opera film to be started by UFA at Munich on July 1.

The prince scored successes here painting scenery for several dramatic productions. As a student at the University of Upsala he was rated a good actor.

**PLANTING IS DELAYED**  
QUANAH, May 21. (AP)—Less than 20 per cent of the cotton to be planted in Hardeman county has been planted to date, by the estimate of farmers. On the sandy land, where planting is usually delayed until the middle of May, there has been little cotton planted.

Many raisers complain of the coolness of the night, and contend that the ground is yet too cold to make planting safe. Most of the acreage in this section will be put in within the next two weeks.

A bumper feed crop is in prospect. Large acreages of maize, kafir and other feeds have been planted.

Gardens have been damaged by cut worms to greater extent than for many years.

Boost Frontier Days, May 26-28.

W. R. Barrett, superintendent of the Phillips Petroleum company, returned Friday from a business trip to Tulsa, Okla.

**COMPLIMENTARY TICKET TO LANORA THEATRE**  
This Ticket and one paid 35c Ticket will admit one FREE to The Lanora Theatre Thursday, May 26, between 10:30 a. m. and 1 p. m.

### Panhandle Boy Breeds Blooded Racing Horses

In an agricultural and live stock state like Kentucky one might expect to find a high school boy breeding American saddle horses for his vocational agriculture project, but one would hardly expect a boy from the state where once the Longhorns roamed to undertake the breeding of fancy show horses.

About nine months ago when Tom Deahl, Panhandle, entered the high school in charge of his agriculture instructor and his father, C. E. and with the aid of his vocational project the breeding of fancy horses.

Deahl, banker, selected five fine mares, destined in color to be mated to a high bred saddle horse also chestnut in color to reproduce a fancy line of breeding.

The stallion selected, Astral King G. No. 10841, is a fine three year old double grandson of the grand champion, Astral King No. 2800. Astral King G is owned by Geo. P. Grout and C. E. Deahl, Panhandle.

In color and way of going Astral King G is an exact counterpart of the old horse. He has the same high head and tall carriage of the grand old champion and the same bold trot.

At the close of the school year Tom has five beautiful colts from the five brood mares selected, four fillies and one horse colt.

These five colts are all chestnut with white markings, most of them stocking leg and blaze face.

The five mares are thoroughbreds, several of them by the registered thoroughbred, Fletcher 56. The colts have been given Spanish names fitting for horses bred in the North Panhandle of Texas.

Bald Stocking's filly is Sandia, Sunshine's little mare is San Jose, the filly out of the registered Fletcher M. mare is called Santa Clara, while the filly from another Fletcher M. mare, Cooper Bottom, is called Hindoo Maid and the little horse colt which is just a few days old is called Ration.

Tom Deahl is very much interested in his colts and with his brother is starting to handle them at from one to two months old.

The Carson County Fair and Race Meet this fall will show a wonderful lot of foals, yearlings and two year old colts all strongly bred in the Astral King line of breeding. These colts are from Astral McDonald G. son of Astral King; Astral King G., a double grandson of Astral King and My Astral King out of Polyantha G., by Astral King.

Those who will show colts this fall are as follows: Tom Deahl, C. E. Deahl, J. F. Ellis, Edwin B. Carroll, and Geo. P. Grout, all of Panhandle. Lindsey Nuris of Amarillo also has some grandsons and daughters of Astral King and has promised to exhibit with the Carson county saddle horse breeders.

### An Appreciation

We, the members of the cooking school staff wish to thank Pampa people for the wonderful reception they have afforded us during the past week.

Your attendance and interest at the cooking school has been most gratifying; your cooperation in making the school a success has been most hearty; and your personal friendliness has given us a pleasure which we cannot express in words.

The splendid work of all those connected with the school made it a success. We wish to thank all the members of the Pampa NEWS staff, and especially Mr. Brashear, Mr. and Mrs. Pond, Mrs. Hinkle, and Mr. Reno.

Without the support of Pampa's merchants, we would have been unable to have given you as good a school, as we feel you have received. The credit is due to your own merchants.

We are greatly indebted to the representatives of our nationally advertised products, for the invaluable assistance given by "Morton's Salt", Lander, "Mrs. Tucker's" Montgomery, "Red Wing", King, "Folger's" Johnson, and "Coca Cola" Hancock. Their generous gifts added to the success, and enjoyment of the school.

And in your next cross-word puzzle, if you encounter a six-letter word meaning "an expression of gratitude, friendliness, and appreciation for favors received," try "thanks!"

We hope to return again, next year.

Thanks!  
Mrs. Leona Rusk Thrig,  
Tommy Horner.

### COTTON COMMENCEMENTS WIDELY COMMENDED

AUSTIN, May 21. (AP)—J. E. McDonald, Texas commissioner of agriculture, is warm in his commendation of schools that are sponsoring "Cotton commencements" in the campaign to remove a portion of the cotton surplus from the market. He urged other schools to follow the example, halting it as a step toward increasing the price of Texas' greatest commodity.

"Cotton frocks adorning both teachers and students, with a bluebonnet, Texas' state flower, pinned upon them, should be a sight that should make Texas parents proud to behold," McDonald stated. "It would be an excellent exhibition of the utilization of the resources of the state, vitally needed at this time."

McDonald commended textile engineers and cotton goods manufacturers for their efforts to make "cotton commencements" more stylish and economical.

It would be a wonderful sight to see Old Man Texas to see 1932 graduates wear his cotton frocks at their commencement exercises.

The cotton commencement movement was started last year, and has gained considerable momentum this year, McDonald reported.

Mrs. Mary Sligar of McLean made a business trip to Pampa yesterday.

### CIVILIZATION, 1932!

### LACK OF AUTHORITY TO KEEP WHITE AMERICANS ON JOBS IS OUTLINED IN OFFICIAL LETTER

Statutory limitations on state regulation of labor, particularly with relation to the nationality of the workers, are described in a letter from H. C. Colley, chief deputy of labor statistics at Austin, to R. O. McDowell, president of the Gray County Home Labor organization.

The communication signed by yourself and the three other principal officers of the Gray County Home Labor Union of Pampa and addressed to Governor Sterling or the Labor Commissioner, has been referred to this department for attention.

"The communication complains of the alleged unfair and inexcusable labor policy of the Fort Worth and Denver Northern railroad contractor by which home workers are denied employment while imported crews are work long and unreasonable hours, and was accompanied by a petition to the governor signed by practically all the public officials and other leading citizens of Pampa and Gray county asking his operation in dismissing all Mexican laborers on railroads and other public works, so white citizens may be employed in their stead.

"At the very outset we want to be frank to say that, as a state department, we have no authority under which to act in the situation prevailing on the railroad at Pampa, or any similar situation that might exist in any other locality, and, too, it should be said that the governor has no legal right or power to 'dismiss' all Mexican labor in Gray county," as requested in the petition accompanying your letter.

"The foregoing statement should not be taken to indicate any lack of interest on the part of the governor or the labor commissioner in the welfare of the working people of Pampa and Gray county nor as a dearth of sympathy for the good citizens out there in their distressed concern over the manifest unfair and indifferent attitude toward local labor of those responsible in the matter of hiring and organizing working crews. The governor is concerned, and the labor commissioner is highly incensed, not only over the problem with which the Pampa people are confronted, but because like conditions in greater or lesser degree, prevail at many points throughout the state where projects of any magnitude are in the course of development. And his concern and feelings are intensified by the fact that there is no legal resource open to him by which to move for correction of these unjust and unfair practices so inconsistent with good public policy at any time, and more especially so at this time of widespread unemployment when workers are being urged to remain at home and contractors and all other employers are importuned to co-operate by giving preference to home labor.

"Only recently when the labor commissioner sought to protect mechanics and laborers engaged on the University of Texas buildings now in the course of construction by compelling contractors on those structures to pay their workers the prevailing wage for Austin, the affected contractors rushed to the federal court and secured on technical grounds an injunction restraining the commissioner from carrying out his plans to secure for the workers their rights. The prevailing wage law under which the commissioner was proceeding in this case applies only to public work, and until the injunction is completely in respect to wages and working conditions obtaining on public projects. And in this connection, for the information of all concerned, it should be pointed out that the labor commissioner has no jurisdiction over that feature of private construction work out of which the protests of the Pampa citizens have arisen.

Therefore, in view of the facts as we have stated them, the situation at Pampa is of necessity a local problem, and we venture to suggest that the citizens of that community and Gray county should throw their united strength behind a protest direct to the railroad officials responsible for the unfair treatment of local labor. There is represented by the signatures to the petition and those attached to the letter from the Gray County Home Labor union, a vast amount of influence, which if exercised in a direct appeal, should impress the railroad heads with the spirit of your resentment and convince them of your determination to establish in the public mind the righteousness of your cause. After all that may be said and done, public opinion is the most potent influence that can be brought to bear in determining questions of right and equity.

In conclusion may we say that the suggestions embodied in the preceding paragraph are not offered in an attempt to "pass the buck," a subterfuge common with too many individuals in both public and private life. The labor commissioner wants you to know that he holds the welfare of the working people a sacred obligation of all good patriotic citizens, and he is conscious of the double responsibility resting upon him as a private citizen and public official, and I can say that he has no desire or inclination to shirk in either capacity. We want to be of whatever assistance we can, and will send a representative of the department to Pampa at the earliest possible moment to work in conjunction with your organization and the citizens generally to bring about an amicable and satisfactory adjustment of your problem, if in your judgment you believe the desired end could be accomplished in that way.

"In our efforts to determine the proper course to pursue in responding to your request, we conferred with the governor, the attorney general's department, and a member of the railroad commission, and with our exception the opinion expressed was that, in view of all the circumstances, the conditions prevailing at Pampa is a local problem, though, morally speaking, of statewide concern. We requested the railroad commissioner with whom we talked to have that body write the officials of the Fort Worth and Denver Northern railroad and urge them to cooperate with the State Unemployment organization and the Labor department in spreading employment and giving preference to home labor, and to make particular reference to your protest. He agreed to lay the proposition before the next meeting of the commission."

### Goat Skins Leak Liquor In River

ALPINE, May 21.—Residents of the Big Bend country who buy smuggled liquor can attribute that strange aroma to the fact it was brought across the Rio Grande river in a goat's skin.

At least, Grover Webb, chief mounted customs inspector, says smugglers in this district are using the same method to transport liquor that was used in Biblical times.

"Liquor is easy to carry in a goat's skin, especially on horseback," Webb said. "It's also cheaper than buying a keg. Beef bladders also are used as containers.

"The smugglers don't even take time to wash the skins, as a rule, the hairy part of the skin being on the inside. The skin is sewed and the liquor is poured in through a leg."

### Hardware Firm to Present Program On Radio Sunday

Pampa Hardware company, one of the McCormick-Deering machinery dealers of the Panhandle, will join other dealers in presenting a radio broadcast over KGRS Sunday.

The Pampa dealer contributions will be music from 12:45 p. m. to 1 p. m. Miss Jackie Jones will play piano solos and accompany Miss Dorothy Doucette, soprano. Albert Doucette will play the saxophone. George Briggs will make a brief talk about Pampa.

The Pampa part of the program is in charge of H. R. Thompson of Pampa Hardware company.

# COUNTY AGENT WARNS CITIZENS THERE IS STRONG POSSIBILITY OF INFESTATION OF GRASSHOPPERS EQUAL TO THAT IN 1923

## FARMERS SHOULD PUT OUT POISON TO SAVE CROPS

Strong possibility of a general infestation of grasshoppers equal in intensity of that of 1923 for all Texas except the eastern portion is indicated in a letter received by County Agent Ralph R. Thomas, from R. R. Reppert, Entomologist of the Texas A. & M. College Extension Service. "Following the recent warm rains eggs are hatching, and small grasshoppers appearing," he says, "and as soon as infested areas are located the immediate application of control measures may save later damage. Places to be watched are sloping pasture land and areas next to ditches, creeks, grassy fence rows, etc."

Grasshoppers are already beginning to appear in the southeastern part of Gray county, and farmers should apply poison as soon as possible to save the crops that are just coming up according to County Agent Thomas.

Poison bran mash has been highly successful in fighting grasshoppers and this has become the standard control measure, the county agent states. The formula he gives consists of 25 pounds coarse wheat bran, 1 pound Paris green or white arsenic, 1 ounce high grade amyl acetate (avoid cheap grades of banana oil or bronzing liquids), 2 quarts cane or sorghum molasses, 1 pound common salt, and enough water to make a moist mash.

"Mix the bran and poison together thoroughly, dilute the amyl acetate and molasses in 2 gallons of water. Pour this liquid over the mixture of poison and bran until every particle is moist. Make further additions of water and mix thoroughly until a mash is obtained that is quite moist, yet will fall apart after being lightly squeezed. This is the form it will broadcast easily."

"This quality should cover about five acres. A good practice is to mix at night and sow in the morning before nine o'clock. To kill hoppers in grass land sow over the entire acreage to be protected. Where they are migrating from fence rows or pastures into cultivated crops, sow the fence row or a fairly broad margin of pasture, and also a broad margin of the cultivated crop to be protected."

"If amyl acetate cannot be obtained substitute 6 lemons for 1 ounce of the former. Both juice and rind should be used, the rind being ground in a fine food chopper. The lemons should be diluted with water the same as with the amyl acetate."

"In sowing, mash should not be placed in piles. Lead arsenate is valueless for grasshopper poisoning."

**BEAUMONT, May 21.**—Possibility of a grasshopper infestation this year in the eastern portion of Texas is foreseen by R. R. Reppert, entomologist of A. and M. College, who has requested County Agricultural Agent J. F. Combs to keep on a lookout for the pests. Recent rains have caused hatching of eggs to increase, it was said.

**SCHOOL AID ESTIMATED MULESHOE, May 21.**—State aid amounting to \$5,215 will be given this school district for next year, based on the scholastic enumeration just completed. There are 144 boys and 154 girls, a total of 298, between six and 18 years, R. J. Klump, enumerator, reports. This is an increase of six over last year.

### HANDS DOWN

Meet Topsy of Texas and Turkey, who in real life is none other than Georgia Coleman, national woman's diving champion. Between training sessions at the Olympic games pool in Los Angeles, Georgia posed for this picture in what she termed a "dry dive."

## Dig Trench Silos, Plant Sorghums and Dairy Farmers Will Make More Money, Says Grout; Davis Farm Held Example

"Dig trench silos and you will make more money out of dairy farming," advises Prof. Geo. P. Grout of the vocational agricultural department of the Panhandle high school.

Dr. Grout does not believe that it is necessary to have an investment of hundreds of dollars in a concrete silo these days. A striking example of a silo with an expenditure of about \$15 is on the Gus Davis farm six miles northeast of Groom. This silo is about eight feet wide, six feet deep and about 75 feet long. It holds an estimate of 200 tons of feed, and the value of Mr. Davis' dairy herd during the past winter was unusually great.

The feed should be cut, it is advised. When the trench is filled, it should be covered with about six inches of dirt, preferably on a little straw. One need not fear that water will flood the trench and spoil the feed.

Emphasis upon the trench silo should be placed now, Dr. Grout holds. Farmers must decide at once if they are going to plant the sorghums, feterita, sudan and other feed that will make good ensilage.

People in this section should go to the Davis farm, he urges, and see what has been done there. Dairy farming will make many more dollars next year, if a trench silo is included in the activities.—Panhandle Herald.

**PRESS PROGRAM LARGE DALLAS, May 21.**—The program for the departmental sessions of the Texas Press association convention at Mineral Wells June 9, 10 and 11 shows a wide range of topics prepared for discussion. Members decided last year to discuss different activities in separate meetings—these for dailies, weeklies and for periodicals—and the arrangements for the Mineral Wells meeting followed that plan. In the daily division subjects to be discussed are the postal laws and regulations affecting newspapers, laws pertinent to advertising, value of country correspondence and developing advertising for the first session Thursday afternoon, and for Friday circulation audits and outlook for national advertising, newspaper economies, the budget law and the differential between local and national advertising rates. Handling these subjects are Superintendent S. M. Gaines of the railway mail service of Fort Worth, Judge J. C. Muse of Dallas, Sidney Samuels of Fort Worth, Fred I. Massengill of Terrell, Buford O. Brown of Leland Stanford University, A. C. Upleger of Waco, Shelley Tracy of Dallas, J. Lee Green of Denison, William C. Edwards of Dallas, and C. A. Jay of Dallas.

**HINDENBURG HONORS GROW MUREMBERG, May 21.**—This ancient German city has added one to the honorary citizenships of President von Hindenburg and has named a street "Hindenburg avenue."

### Three Cities Race In Moving Products

**WESLACO, May 21.**—With only a few more weeks to go, the Valley shipping season of 1931-32 is developing into a three-way race between San Benito, Weslaco and Mercedes for honors in the largest total movement.

So far Weslaco still leads with 2,008 carloads, against 1,996 from San Benito and 1, 828 from Mercedes.

San Benito is conceded a good chance to end the season at the top of the list, unless green corn shipments here later are heavy enough to keep Weslaco ahead.

Mr. and Mrs. J. H. Patterson and daughter, Arvilla, of Medicine Park, Okla., are visiting Mrs. Patterson's sister, Mrs. P. O. Sanders.

### 'MOTHER'

Mrs. Marian Walsad has lived in the Panhandle over 40 years. She was born in Norway. She has many descendants in Pampa and community.

### Hollywood Sights

BY ROBBIN COONS

**HOLLYWOOD**—In the reel parade: M. H. Hoffman, producer, is filming "Madame Bovary." It's to be re-titled "Indecent." The movie must be pure at any cost!

Marian Nixon, as tiny Janet Gaynor, has a delectable role now which Janet refused to play. Several years ago, when Marian was getting her start as a leading lady in "westerns" and Janet was just a struggling extra, the two met for the first time when they went to see the stage production of "Seventh Heaven" with friends.

Janet didn't dream then that she was to rise to overnight fame in the screen version of that play, and was glad when Marian helped her to get extra work at her studio. If this story were typical of many like it in

Hollywood, we could report that the two are estranged now that Janet is at the top and Marian is making a fresh start with great success, too. But it isn't typical—they are still good friends.

"I know the science of words," averred an old-time movie star pompously the other day. "In fact, I'm well versed in wordology!"

**A Wig For Jean**—Jean Harlow as "The Red-Headed Woman" is not sacrificing her platinum-blond preeminence permanently. She'll wear a wig.

Like calling Clark Gable "a second Valentino" is the send-off they're giving Cary Grant, the new and handsome youth from the stage who appears in "This Is The Night". The advertising catchline on his is, "Girls, how your hearts will flutter when you see him." Ugh!

Hobart Bosworth's middle-name is Van Zandt. And it's Anna Quercinia Nilsson, if you didn't know.

**In France And Hollywood**—Andre Luguet is a star in France, but in Hollywood he has been engaged principally for French versions, although he speaks English well. That is strange, for as an actor Luguet is as famous in France as a Barrymore in America. He does have an English-speaking role in "The Great Jewel Robbery."

Lyda Roberti, that blond panicle in "Dancers in the Dark," is back again, this time in the feminine lead of "Million Dollar Legs," the Olympic Games slapstick comedy.

Mrs. J. G. Williams and Mrs. W. A. Breining of LeFors were visitors in Pampa yesterday.

### CHAMBER ELECTS

**COLEMAN, May 21.**—The Coleman Chamber of Commerce has elected officers for the ensuing year. R. B. Williams was chosen president to succeed R. I. Bowen and Charles R. Wilson was elected vice president. J. Lee Mayes was elected treasurer to succeed Lamar Evans. S. W. Cooper, who came here recently from Wintona, has been retained as secretary and Miss Louise Miller as office secretary.

# Picking the PRESIDENTS 1856 - 1932

By ALEXANDER GEORGE  
WASHINGTON, May 21. (AP)—While there will be speeches and yet more speeches during the coming campaign it is doubtful if the candidates will even come close to equalling the remarkable record of Theodore Roosevelt in 1900.

Roosevelt, candidate for vice-president as William McKinley was seeking his second presidential term, made 673 speeches, traveling 21,209 miles in 24 states and visiting 567 towns and cities. Bryan had hung up the high mark of 569 speeches in his 1896 campaign.

President McKinley, like Calvin Coolidge, grew politically stranger in the sunshine of a rising tide of prosperity. Sagacious Mark Hanna, then generalissimo of the republican political forces, saw in prosperity the most potent campaign weapon of the G. O. P.

To offset the plutocracy charges of Bryan, the "full dinner-pail" slogan of 1900 was pounded into the ears of the voters.

**Bryan Makes Strong Race**  
Despite prosperity, Bryan made a remarkably strong race. Some political observers were of the opinion that Bryan might have won the presidency if Theodore Roosevelt had not been McKinley's running mate and campaigner extraordinary.

Roosevelt, rough-riding exponent of "rugged individualism" and "sound nationalism," breezed through the country, winning favor particularly in the west and offsetting the strength of Bryan among the plain people.

McKinley was placid in triumph and "the cowboy" resting at Oyster Bay dreamed of greater glory—glory that came most unexpectedly.

**Hoover Then in China**  
Along about this time there was a mining engineer in China who was uninterested in his name was Herbert C. Hoover. Coming up in the New York democracy was Alfred E. Smith, clerk of the commissioner of jurics.

In vogue were electric belts, fleece-lined women's underwear, taffy-pulls, hypnotists and enamelled beds. Horsewalks, songs and rag-time syncopation were "all the rage." Coony "Slat" Mack was the aggressive catcher-manager of the Milwaukee baseball club.

In 1901 an assassin's bullet killed President McKinley. Vice-President Roosevelt, fifth cousin of the then young Franklin D. Roosevelt, present New York governor, stepped up to McKinley's chair at the age of 43.

**'Teddy' A Colorful President**  
The bronzed and "bully" Roosevelt, his graceful wife and lively children moved into the White House to spend seven of the most colorful years that historic mansion has ever known. The "great showman" of the presidents was astride the G. O. P. elephant and he rode him as vigorously as a cowboy rides a horse.

By his espousal of the people's cause in the big coal strike and by other progressive actions, Roosevelt stole much of Bryan's thunder. He came to be regarded as a radical and so the democrats turned to the conservative wing and gave Bryan his first defeat despite his dramatic appeals for a progressive platform.

With the "great commoner" out of the race, Alton B. Parker, conservative New York judge, defeated William Randolph Hearst, then a 41-year-old congressman, for the democratic nomination. But the 1904 campaign was tame, Roosevelt won by the unprecedented plurality of 2,544,000 votes.

Eastern democratic papers described Bryan as a broken pathetic figure but four years later he again was a presidential nominee and for almost 20 years a powerful personality in the democracy.

**Shearing Goes at Rapid Clip**  
SAN ANGELO, May 21. (AP)—Shearing of sheep, delayed by the heavy rains, is resuming in West Texas while the accumulators continue to move to Boston. Nearly 2,000,000 pounds are estimated to have been shipped out of West Texas thus far this season. Some by truck but the bulk by rail.

Twenty-five carloads have been moved from San Angelo, while 13 cars have been billed from Sonora. Buyers are visiting the warehouses, but few purchases are being made. Efforts to obtain wool on consignment are meeting with limited response.

No mohair sales have been reported, the bulk of the clip being tied up in the huge pool of the Texas warehouses.

Sol Mayer, president of the National Wool Marketing Corporation, just back from a month in Boston and Washington, says that the market is in the best technical position in years—with the smallest carryover in 20 years. He urged ranchmen not to consign their wool to Boston.

"We have a tariff that is good from 11 to 14 cents on some of our wools," he said, "and not only is the but bankers have agreed to handle the entire wool clip of the country, but bankers have agreed to handle summer banks upon warehouse receipts issued by responsible concerns in West Texas."

"The mills are running only about 30 per cent capacity and they're buying only enough wool to take up their orders. This year we are going to sell our clip as fast as woolen goods are consumed by the public."

"The National Wool Marketing Corporation is in better shape today than ever before."  
"This clip will be handled and accounted for separately and will have no relation to the clips already handled by the corporation, and no expense prior to this season will be charged against the 1932 clip," he said.

Speaking tours in political campaigns of today scarcely compare with that made by Theodore Roosevelt in 1900 when he was candidate for vice-president. He made 673 addresses. He is shown below in a typical pose and above addressing a crowd. The woman at the right and the boys in the center give an idea of the styles of that day.

## FINE COLLECTION OF OLD GUNS IS PLACED ON DISPLAY BY HOBART

T. D. Hobart, cattleman and antique collector, has one of the finest collections of old guns seen here in the window at Father's Drug store No. 4. Mr. Hobart also has a modern rifle owned by Dr. A. Cole in the window in contrast to the antique weapons.

There are old buffalo guns, musket loaders, pump guns, carbines, pistols and guns without names. Some of them have interesting histories.

Mr. Hobart has an old buffalo gun and shells that were owned by E. H. Fletcher, civil war veteran and buffalo and Indian hunter. He was the first man to settle in Hemphill county. On one trip into the buffalo country, Mr. Fletcher shot 3,700 buffaloes. The late T. S. Bugbee of Clarendon told Mr. Hobart some years ago that he saw Fletcher shoot 100 buffaloes at one stand with the gun.

Mr. Hobart was given the gun one hour before Mr. Fletcher died. One of the guns is an old flint lock made in London, Eng., in 1780. Mr. Hobart doesn't remember where the gun came from.

An old 12-pound shrapnel shell found in McLellan creek is believed to have been dropped by the Miles expedition which came through these parts in 1874. The shell is still loaded.

## Confections Made By Texas Girl Sold Everywhere

Bandera New Era: In a recent issue of The Texas Weekly we read a very interesting article by Florie Wade, telling of a unique industry created by four Texas girls, Misses Esther, Violet, Blanche and Sarah Gross, of Waco who produce in their own kitchen some of the finest and most distinct confections produced anywhere in the world, "artistically packed in Texas-made gold lacquered baskets, not only the aristocrats of their kind, but from the ribbon and perfectly arranged white cotton ball on the top to the last toothsome sweet they are distinctly Texan in every respect. Their contents include the old fashioned fruit cake, from a recipe handed down in the family from the days of the republic; creamed Texas pecans; crystallized grapefruit from the Rio Grande valley; large and luscious figs from South Texas, spiced and crystallized; conserved fruits and specialties prepared in candies. These are attractively arranged in baskets—some of them shaped in a five-pointed star, and some other shapes and of different colors and sizes—and they constitute about the most artistic and altogether pleasing gift from Texas one could imagine.

Governors, senators and a president of the United States have tasted and praised these Lone Star State products. They have been shipped all over the United States, to England, Ireland, France, the Philippines, the Canal Zone, and as far south as Sidney, Australia. In the most temperamental of weather, and in each case they have arrived as fresh and dainty as the day they left the Gross kitchen. Food experts have sampled them at home and in foreign countries and say their equal is not found even in the older countries where cuisine has been considered one

**COMPLIMENTARY TICKET TO LANORA THEATRE**  
This Ticket and one paid 35c Ticket will admit one FREE to The LaNora Theatre Thursday, May 26, between 10:30 a. m. and 1 p. m.

## BUILDER

Mr. Brown was not a pioneer of Pampa in the original sense of the word but he was a pioneer builder. He has been associated with every civic cause in Pampa since he came here 29 years ago.

## Dr. Goldston Is Kiwanis Speaker Tells of Science

Dr. A. B. Goldston presented an interesting program at the Kiwanis club luncheon Friday. He made a talk on "Preventive Medicine" pointing out the great advancement in the age limit in America.

"When America was discovered the average life was 18 years," he said. "In 1832 the figure had increased to 33 years, and today the average in America is 57.7 years. This increase is undoubtedly due to preventive medicine. Vaccination has played a big part in improving conditions and eliminating the spread of many diseases."

Miss Madeline Topley gave a piano solo and Miss Joyce Turner entertained with singing and dancing. Mrs. Helen Turner gave two readings.

President Pete Post deposited \$10.00 in the underprivileged child fund which was given to the club by the Magnolia baseball nine. The ball team is giving all receipts from their games over the actual expenses of the games. A committee composed of Lewis Cox, Dan McCrew, Don Conley, Robert Woodward and Hal Grady was appointed to invite the Magnolia baseball players to attend a club meeting June 3.

New members taken in Friday were Dr. R. M. Johnson and Ensign J. F. Kirkman. Bob Brashears was among the visitors.

## SCOUTS WILL CAMP

SAN ANGELO, May 21. (AP)—Boy Scouts and Camp Fire girls of the Concho Valley Council will camp near Mertzon next month. The scouts will go into camp on May 30 and remain until June 5, with the girls following a week afterwards.

Several hundred boys and girls will attend the camp, under the direction of Mr. and Mrs. B. W. Draper, Concho Valley executives. Stunts, games, contests and other attractions have been arranged.

## Attack on Two-Thirds Rule Holds Possibility of Convention Drama

BY BYRON PRICE  
The dramatic possibilities of the Chicago Democratic convention will be vastly increased if anything comes of current talk of an effort to cast overboard the bewhiskered two-thirds rule, and nominate the candidate by a simple majority.

Presumably, had reached to such heroic medicine would be taken only if matters had resorted to a pitch of extreme bitterness. The resentments which would accompany decision of that question might make the Madison Square Garden tempest look like a spring zephyr.

The odds are all against any such thing ever happening. Abolition of the two-thirds requirement, and nomination by majority has been talked about for many years without tangible result.

For one thing, almost everyone agrees that if Governor Roosevelt or anyone else once attains an actual majority, it will be next to impossible to keep him from going on to two-thirds. Conversely, if any candidate got to the majority and then blocked, it might easily mean that his lines were too shaky to risk a rule-changing vote.

That is the reason the rule has stood so long.

**Harmony Plank Sought**  
The newest plank for a republican harmony plank on prohibition proposes that the party agree to a referendum, if and when a majority of the states ask for it.

Thus far, all discussions of this project have been in executive session. Whether the idea ever sees the light of public debate probably depends on the attitude of the dry organizations, whose support many party leaders are anxious to keep.

Unless the dry leaders will agree to it in advance, there would appear to be no point in bringing it out at all. It does not go nearly as far as the modificationists would like to go, and if the dries are to be lost to the party anyway, the modification leaders doubtless will demand something more sweeping.

With warnings from both wets and dries pouring in almost daily, the whole party organization is approaching the subject cautiously. The next two weeks probably will show whether this latest of many pending plans can accomplish the desired end of keeping the dries in line without at the same time closing the door entirely in the face of the wets.

**Want To Be Home**  
In fairness to a much-criticized congress, the voters should understand that if the present session is resumed after the national conventions, it will not be because the members desire it.

Most senators and representatives would rather be back in their home balliwicks during the coming summer for various potent reasons directly connected with the November election.

Never has there been greater worry about reelections, for it is a year when much is being blamed on the "ins," whatever their party.

Furthermore, it has been a long time since members have been able to do so little individual service for their districts. Senate and house calendars have been jammed with measures of vast national import, and little bills for local projects haven't had a chance.

If congress adjourns, members

**HE GOT NO BEANS**  
FORT SMITH, Ark., May 21. (AP)—"Good," said a prisoner just fined \$36 by Municipal Judge James A. Gallaher for being drunk, "that means 36 days of good eating for me."  
"Haven't you any money to pay your fine?" asked the Judge.  
"No, I'll just have to bean it out," replied the prisoner.  
"No, you'll not; you're not going to have the county feeding you that way," Judge Gallaher declared. "Defendant discharged."

**MANY ENTER CONTEST**  
AUSTIN, May 21. (AP)—Twenty schools in Amarillo have submitted 203 entries in the state fire prevention poster contest, Raymond S. Mauk, state fire insurance commissioner, announced in urging other schools to submit their exhibits immediately.  
The poster contest is held annually by the fire insurance commission as part of the educational campaign to acquaint Texas children and their parents with the dangers of fire and the best prevention methods.  
Contests are conducted in three classes, high school, intermediate and primary. No school can submit more than one poster, from each grade.
