State Halts Gas Price Change With Writ

UNFAIRNESS IN HIKE AT THIS TIME CLAIMED

TOWNS COMPLAINTS TO BE HEARD SOON IN MATTER

AUSTIN, June 25 (AP)—The state moved today to prevent a purported increase in gas rates in approximately 90 towns of less than 500 population served by the Community Natural Gas company.

J. D. Moore, judge of the 96th Texas county district court, granted the state's application for a temporary injunction restraining the company from revising its present rates. No hearing date was set on a motion to make the temporary injunction permanent.

The suit was instituted by the attorney general's department at the request of the Texas railroad commission and its gas utilities division. It was alleged the company planned to make the revised rates effective on July bills. The railroad commission is empowered to administer laws regulating gas utilities.

The petition charges the proposed change was unjust and unwarranted and was planned without the consent of the railroad commission or without the company first having filed an application with the commission for its revision.

Laten Stanberry, chief of the gas utilities division, said the proposed rates would be an increase on two thirds of the consumers and would lower the cost to the remaining one third.

Traylor Stems Run on Bank by Timely Speech

CHICAGO, June 25 (AP)—Melvin A. Traylor, considered by many democratic presidential timbers, stemmed an incipient run on his \$25,000,000 First National bank and \$10,000,000 First Union Trust and Savings bank today by appearing on the banking floors and pleading for faith.

Traylor, who is president of both banks—among the three largest in the city—declared a well-planned plot for a demonstration against the banks had been laid by "enemies" and said the banks had taken steps to put themselves in a more liquid condition than ever before.

Both banking floors were crowded with customers, a large number of whom apparently intended withdrawing accounts because of fear engendered by recent closings. Four closings today: one in the loop, brought to 39 the number of banks here that have shut down this month.

The crowds quickly thinned after he had spoken and within an hour, bank attaches said, normalcy had been restored.

The Loop bank to close was the Chicago bank of commerce with \$5,200,000 deposits.

It had absorbed the Union bank of Chicago last September. Its assets are understood to cover deposits.

PRODUCTION IS MUCH HIGHER

Panhandle Total, Boosted By New Wells, Goes Over Allowable Last Week.

For the first time since the Texas railway commission took over producing of Texas oil fields, the production from the Panhandle field went over the allowable last week. With an increase of 2,820 barrels over the previous week, the Panhandle oil production soared to 55,888 barrels.

The allowable for several months has been 55,000 barrels. Gray county's production increased 1,903 barrels daily over the preceding week. The large increase was largely due to the completing of several wells during this month from which oil was calculated last week for the first time.

During the month to date, more than 5,000 barrels of production has been added to the Gray county output. Three wells were completed on the Wright lease, one on the Webb lease and one on the Barrett lease. Only part of the production is being taken, however.

Moore county showed the only decrease of the week. Hutchinson county's output was approximately 1,000 barrels up.

Daily production by counties:

County	Wells	Last Week	This Week
Gray	239	5,249	5,721
Hutchinson	790	33,282	35,185
Moore	849	12,659	13,487

Submission Plan Seems Assured

CHICAGO, June 25 (AP)—Concluding a long, blistering session over prohibition, punctuated by cheers and boos for a score of wet and dry orators, the democratic resolutions committee tonight went to work on a tentative draft calling among other things, for submission of the question of repeal to the states.

Roosevelt leaders dominated the subcommittee of nine which was appointed to rear the platform in as brief a space as possible. They were confident of beating down all moves to commit the party to repeal, although several such proposals were applauded vigorously at today's session of the full provisional committee.

The first session of the subcommittee lasted only about an hour and no conclusions were reached on any planks.

The group was called to meet again tomorrow to get to work in earnest on the drafting task. Some committee members thought a rough draft of the entire platform would be ready for the full committee by tomorrow night.

Hundreds of spectators jammed into a stifling hot, smoke-filled room in the Congress hotel to see the wet-dry show.

Boos drowned out scattered applause from the galleries when Bishop James Cannon, Jr., an anti-Smith leader in 1928, declared for a dry plank. He said the southern states which still moralize in the Congress would go along with a "similar issue."

As the boosing subsided, Bishop Cannon said: "Oh, you don't like facts?"

"We don't like traitors either," shouted a committeeman near the front.

Leo Fletcher and Rosalie Schaffer were discharged as patients at Pampa hospital yesterday.

"OLDTIME RAINS" SET RECORD IN JUNE AND MAKE GRASS MUCH GREENER THAN USUALLY FOUND

There is, too, something new under the sun, and it is the amount of rain that has fallen here in June. The all-time record for June was broken days ago, and there are still left five days until the first of July.

Such weather is what makes it difficult for Panhandle weather prophets. "Friday" Brandin said. There is nothing to base a prediction upon when precedents are broken as they were this June.

Not counting the rain that fell yesterday, precipitation since the first of June, excluding hail, totaled 6.97 inches. Rain fell on 13 of the first 25 days of June. Oldtimers like J. E. (Jim) Williams, Jim

RAIL OPENING DECIDED

JULY 15 WILL BRING TRAINS TO THIS CITY

DALLAS, FORT WORTH WICHITA FALLS INTERESTED

MAIN CELEBRATION HERE

ARRANGEMENTS TO BE MADE BY B. C. D. TUESDAY

July 15 will mark the formal opening of the Fort Worth & Denver Northern line from Childress to Pampa and bring several trains and hundreds of people to this city. Heralded as an occasion "annexing the north plains to Texas" from a north-south transportation standpoint, the celebration will afford an opportunity for people along the line and business men of the bigger cities of Texas to "get acquainted" with Pampa.

Although all the stations along the line will not have been completed, the road will be accepting traffic before the formal opening. Invitations to Fort Worth, Dallas, and Wichita Falls to bring special trains will likely be accepted. These cities have shown much interest in the new outlet to the north plains. Fort Worth and Dallas trains would probably be started on the afternoon of the 14th, making the trip in easy stages so as to arrive in Pampa between 11 and 12 o'clock on Friday, July 15. The Wichita Falls special could make the round trip in one day with stops en route.

State Currency Plan Advocated In Campaign Talk

His plan for a state currency system provides for a state central bank to act as the depository for the state and its institutions, and as a reserve bank for the state banks, with the power to issue currency receivable for credit and taxes, was explained in detail by George W. Armstrong of Fort Worth, candidate for governor to an audience at the courthouse yesterday afternoon.

Mr. Armstrong declared that his system would provide the currency and credit "that we so desperately need, will restore values and prosperity to the State of Texas and will free us from the domination and control of Wall Street and the Federal Reserve Board."

The speaker also argued for a new state constitution, abolition of the state ad valorem tax upon real estate, and of the pardon board.

Mr. Armstrong devoted the greater part of his speech to an exposition of his state currency system which he recently explained at Washington to a house of representatives committee whose chairman was Henry T. Rainey of Illinois, floor leader. He attacked the methods of the Federal Reserve system and Wall street.

TAX PAYMENT TIME IS HERE

Second Installments Must Be Paid In Next Few Days To Avoid Penalties.

Taxpayers were reminded yesterday that they have only one more week in which to make their second "split" tax payment.

Next Thursday is the last day for remitting the revenue. After that date, a \$2 cost charge will be assessed against each piece of property, in addition to the interest and penalty which will amount to 19 per cent of the valuation. Such taxes will also become delinquent after June 30.

Tax Collector T. W. (Tom) Barnes said that the taxes in this category have been slow in coming in. Last fall many taxpayers, chief oil companies, took advantage of the split payment plan. However, many of these did not make the second payment. The last legislature passed a law permitting taxpayers to make their first payment in November and the second in June.

All property owners who did not pay half in November were not affected by the statute.

Kiwanis Night To Be Observed Here on Monday

The Pampa Kiwanis club will observe "All Kiwanis Night" here tomorrow evening, at 8:15 o'clock, and join with the 1886 Kiwanis clubs in the U. S. and Canada in a simultaneous meeting for a united expression of fellowship throughout the organization.

This special meeting will be held during the 16th annual convention of Kiwanis International, to be held in Detroit, June 26 to 30. Kiwanians A. G. (Petel) Post, Dan McGrew, and Sam Clayman from the Pampa club left yesterday as delegates to the convention.

"All the 89,000 Kiwanians on the North American continent will meet to observe the fellowship hour on Monday night," Mr. Post said before he left. "All clubs have arranged the time of their meetings so that a 15-minute period will be observed simultaneously with the convention in session in Detroit, and during this time there will be a moment of silent fellowship and singing, and a message from the international president, William O. Harris of Los Angeles will be heard on the radio." A club program will follow. Members of other civic clubs in the city will be guests.

Abernathy Has Parade for Bonus

ABERNATHY, June 25 (AP)—Between 800 and 1,000 residents of Abernathy and its trade territory this afternoon marched behind a large banner reading "if you are for the bonus, fall in line."

Customers left the stores and the merchants followed them. The parade began after Fritz Struve, former Abernathy mayor, urged a demonstration for the bonus payment, during a trades day program.

A large American flag and the sign headed the marchers. Between 15 and 20 automobiles carrying tourists stopped, and the occupants of the cars joined the demonstration, which began almost spontaneously. Pictures of the crowd were taken and will be sent to congress and to the democratic convention.

Mrs. H. L. Shriver was admitted as a patient at Worley hospital yesterday.

HOOVER DRAWS CRITICISM ON RELIEF STAND

TO SERVE PEOPLE IS "PORK" IN HIS SIGHT

AGREEMENT DOUBTFUL

PLANS TO ADJOURN IN DOUBT—HOUSE IS THROUGH

BY NATHAN ROBERTSON
Associated Press Staff Writer

WASHINGTON, June 25 (AP)—The possibility of revising the huge \$2,300,000 unemployment relief bill to meet President Hoover's wishes almost vanished today as its sponsors shot back hot retorts to the chief executive's charge of "pork barrel" legislation.

The bill was vigorously defended by Speaker Garner if he and Senator Wagner (D., N. Y.), as the house and senate conference began negotiations which President Hoover hopes will result in a re-written measure.

Wagner rose in the senate to reply to the president and advised the public to reject the criticism of "one who has throughout the depression been wrong, late and futile."

Speaker Garner, at his daily conference with newspapermen, said: "We loan the shipping interests many millions of dollars at a very low rate of interest and it's all right. When we try to do something for all the people it's 'pork barrel.' To serve special interests is statesmanship; to serve the people is pork."

Texans Arouse Much Pep With Chicago Parade

By FRED DYE
Associated Press Staff Writer

CHICAGO, June 25 (AP)—The Texas delegation to the democratic national convention arrived late today and immediately installed into the gathering the outward pep missing while the candidates, managers, leaders, et cetera, had been putting the punch into the gathering behind closed doors.

Some 300 Texans piled off a special train, climbed into waiting taxis and went to Michigan Avenue and 8th street to form their parade. In columns of four they marched up Michigan Avenue, one of the world's greatest arteries, while the usual hurry and rush of traffic was absent.

Texans already here were dismayed when the "Old Gray Mare" band from Abilene alighted from the train clad in natty, new blue uniforms instead of their widely known habits of the cowland. The only mark to distinguish the musicians

Achievement Day Will Be Discussed

Holding of an Achievement Day instead of the Pampa fair this year will be discussed by the agricultural committee of the Board of City Development at 8 o'clock tomorrow night. Travis Lively is chairman of the committee.

Funds are not available to sponsor a fair this year. The plan being formulated is to display agricultural products in home demonstration clubs, 4-H clubs, and vocational agricultural clubs in store windows and to give prizes for winners in each division.

Gray county clubs have accomplished wonders during the last year. They have made and grown things in quality and quantity that will surprise the public. Miss Ruby Adams, home demonstration agent, and Ralph R. Thomas, county agent, assert.

PAMPA VETERANS SEND FOUR MEN TO WASHINGTON TO GET INFORMATION ON BONUS PLAN

Funds To Pay Way Raised On Saturday

Pampa's first bonus marchers will leave for Washington at 8 o'clock tomorrow morning. The advance guard will be composed of four members, Sgt. Jim Logan, D. C. Farnshell, Noah Milliken, and Per Kiesow. They will go to Washington by car.

Money to defray their trip was raised by subscription among the business men and ex-service men. Enough funds to pay their expenses to the nation capital was raised yesterday in a few hours. One man is supplying the trippers with a tent and cooking utensils.

Many Pampa ex-service men are behind the move to have their adjusted compensation certificates honored. Several meetings have been held during the past few weeks.

These men are being sent to Washington to learn the state of affairs there. Leaders in the move said yesterday. "We desire information as to the number of men in Washington, the way they are being treated and the advisability of sending reinforcements."

Federal Flour Will Be Sought

The Pampa Welfare Board and the Salvation Army have made application through the local Red Cross chapter for an issue of flour from the government which has placed 50,000,000 bushels of wheat at the disposal of the Red Cross. The applications were mailed Friday afternoon.

Mrs. W. H. Davis of the Welfare board applied for 150 barrels of flour, 196 pounds to the barrel. Ensign J. P. Kirkman of the Salvation Army asked for 50 barrels. The Welfare board received several barrels from the last issue but it has nearly all been used.

If the request of the local organizations is accepted in full, the flour should go a long way in looking after the local situation.

CHOICE FOR CHAIRMAN AND RULES VOTE COSTLY

ILLINOIS VOTES FREED

TAMMANY IS LIKELY TO SWING TO HIGH CANDIDATE

BY EDWARD J. DUFFY
Associated Press Staff Writer

CHICAGO, June 25 (AP)—An offensive for a Roosevelt stampede in next week's democratic convention started from the headquarters of the New York governor tonight as Lewis of Illinois withdrew and Tammany wavered, but the opposition ranks tightened quickly and fought desperately on.

Claiming at least 25 votes of the 58 Illinois delegates released by Senator Lewis, the Roosevelt managers lifted their claimed column above 700 votes and nibbled toward the sum needed to nominate under the old two-thirds rule.

Simultaneously, word leaked out that the 50 or more New York votes which Tammany says it controls would very likely go to whatever candidate comes within striking distance of the nomination goal. One Tammany leader said "of course we won't stand out against the nomination of the candidate who needs only our votes to win."

But the immediate effect of all of this was to spur to new activity an opposition, increased over the Roosevelt move to set aside the two-third tradition entirely, and adopt a rule permitting nomination by simple majority.

Hard to Hold
Not only were many of the Roosevelt figures disputed—including the 25 claimed in Illinois but the circle of rival candidates expressed doubt whether the present Roosevelt strength can be held in line until the nominations are reached, probably Thursday.

Meanwhile, the platform committee set about polishing a plank submitted by a majority group which favors submission of a prohibition repeal amendment to state convention.

In concise form, it would give the electorate a chance to choose between national prohibition and state liquor control.

After the opening preliminaries Monday, the Roosevelt candidacy must run the gauntlet of two resentment-stirring battles on Tuesday.

Churches Will Meet Tuesday To Talk Evangelism

The churches of the Panhandle section will meet at the First Baptist church Tuesday for an all day conference on evangelism. This meeting is part of a plan of the entire Southern Baptist convention territory to arrange revival meetings in all communities where there are no churches, or where there is a church without a pastor.

A very large delegation is expected. The program will begin at 9:30 a. m. with a devotional. Pastors from the Panhandle territory will speak at various hours. The meeting will adjourn at 4 p. m. The adjournment at 4 p. m. The local missionary society will serve a light lunch at noon.

Gambler's Throw by Eustace L. Adams

STUPIDITY? Two men have been awarded in one night on Ashwood's table, where he is holding six prisoners for ransom...

Chapter 24 FOOTPRINTS "No gun on him, eh?" Stevens' voice was almost casual.

"No, not ammunition, either," declared the guard. "Huh?" The detective scratched himself in melancholy meditation.

"It was one of the men in the house," stated Ashwood, positively. "My men are tough, but they aren't cutting throats, if they wanted to kill, they have guns."

"Uh, huh," Stevens was noncommittal. "Well, there ought to be some tracks around." The cripple snapped on his searchlight and the three cut a wide circle about the body.

"Did you walk here?" demanded Ashwood of the guard. "No, boss, I cut around to the right there."

Stevens strolled over in the direction indicated and proved the accuracy of the guard's statement. Then he returned to the suspected footprints and examined each of them minutely as the three worked their slow way to the house.

"No use," mourned the detective when they had almost reached the porch steps. "We can't trace a thing. This sand's loose as dry ashes. Can't tell whether these prints are from a number seven shoe or a twelve. Let's see if he went through the living room or into a window."

The tracks led directly to the porch steps. A few grains of sand made a faintly distinguishable path on the fibre rag of the living room but they did not extend into the hall. Nor was there any way of being certain that the outside guard had not brought the sand in when he had come to give the alarm.

"Let's have a drink, Steve," suggested Ashwood, pressing a button. "In the morning I'll search the house until a needle couldn't remain hidden in a mattress. We'll turn up that gun and then decide what to do with the man who has it."

The steward, Alfred, appeared, as neat and efficient as though he were just coming on duty after a full night's sleep. Ashwood gave his order. "Tell you what I'll do, Limpy," said the detective slyly, "I'll match you for the gun."

Ashwood stared at him. "Uh, huh," repeated Stevens, comfortably. "I'll match you for it. You need it to prevent your prisoners from getting loose or knocking each other off. I need it as sort of a key to get out of here myself."

The cripple watched Alfred place a heavily loaded tray on the table. He poured out two stiff highballs with methodical care and passed one to the detective. "Do you know where that gun is, Steve?" Ashwood's face was set in deep lines as he studied the untroubled countenance of the other.

"No not yet, beyond the fact that the murderer has cached it away where we can't find it and he can." "All right, then, who is the murderer? Mallory? Lucci?" "The cripple's thin fingers drummed restlessly against the frosted tumbler. Stevens shook his glass to cool the highball more swiftly.

"That's up to both of us to find out," he said after a satisfying taste of the excellent whiskey. "I got a hunch that if we don't find out pretty soon, he's going right on enjoying his killing jag. Besides, I want that gun and so do you. Finders keepers."

"Let's try to find him together," suggested Ashwood grimly. "We both owe that much to the other. So far as the gun's concerned, it would do you no good if you did find it. If I even suspect you have it, I'll have you searched, hide and hair, every twenty minutes, day and night, until you leave this island with my permission. But if we

PICKETT MUST SERVE IN JAIL AND PAY FINE

DALLAS, June 25. (AP)—Thomas Y. Pickett, head of an auditing company, was sentenced today to serve four months in jail and pay a \$5,000 fine for evading the federal income tax.

Sentence was passed by United States District Judge William Hawley Atwell after a jury found Pickett guilty on two counts of evading taxes in 1928 and 1929. The four months will be served in the Ellis county jail.

Before opening or arguments today Judge Atwell overruled a defense motion for an instructed verdict.

Government testimony was presented yesterday to the effect that Pickett received more than \$112,000 from the road constructing firm of W. L. Pearson of Houston in connection with a highway bond election in Hutchinson county. It was also testified that Pickett deposited \$25,000 in an 1828 bank.

Pickett testified that he thought the Pearson company had paid taxes on the money. Before being sentenced he said he had paid the taxes as soon as he learned Pearson had not paid.

Agriculture Asks 5-Point Program

CHICAGO, June 25. (AP)—Organized agriculture is demanding of the democratic party the five pointed plan of farm relief it sought of the republicans.

The program of the Illinois agricultural association and its parent body, the American Farm Bureau Federation, as outlined by Earl Smith, president of the Illinois federation, emphasizes protection of such farm crops as involve exportable surpluses.

The other four pledges asked are for tariff revision to give agriculture true parity of protection with other industries; restoration of the general price level of commodities through revision of monetary laws; adjustments in the federal reserve and farm loan systems to provide agriculture with credits easily available, and tax relief through government economy.

These leaders said the Farm board and agricultural marketing act sponsored by the republican platform are good as far as they go, but that they do not go far enough.

In the early hearings before the platform committee Peter B. Gaway of the Chicago Board of Trade attacked the Farm board and said it has "wasted" half a billion dollars in two years while wheat prices tumbled.

Charles A. Ewing, representing the National Livestock Marketing association, asked the party to favor the federal government "taking over the farm debt at a rate of not more than one per cent."

State's Rights Is Bailey's Plea In Campaign Speech

FORT WORTH, June 25. (AP)—Joseph Weldon Bailey, Jr., Dallas, candidate for congressman-at-large, pleader No. 2, denounced the federal government's participation in business and advocated restoration of state's rights in an address before a large audience here tonight.

He stressed the need for an economical government operated under strict construction of the constitution, delegating to the sovereign states their proper rights.

He criticized the department of agriculture's extensive list of pamphlets and mentioned as one of their subjects "the love adventures of the American bull frog."

As an example of the government's business acumen, Bailey mentioned that \$84,000,000 had been spent for construction of 15 ships, that these vessels had been sold to a steamship line for \$12,775,000, that the government had then loaned the company \$13,000,000 at one per cent interest for 20 years and given it contract to carry the mails.

Bailey said he would vote for repeal of the 18th amendment.

Alfred Talks on Record in Office

MCKINNEY, June 25. (AP)—Attorney General James V. Alfred reviewed his record of office in an address here tonight.

He discussed his position on fraudulent insurance companies, conservation of natural resources and operation of the free school fund.

He was introduced by John D. Reese, former city attorney, Oscar Holcombe, former mayor of Houston, and candidate for congressman-at-large, also spoke.

Alfred said he did not intend to campaign for re-election by indulging in personalities. Instead, he asked voters of Texas to base their judgment of his fitness for public office on his record.

HOUSTON LEADS CITIES

DALLAS, June 25. (AP)—Houston set the pace for Texas cities in new construction last week with a total of \$62,390. Fort Worth was second with \$42,350 and Austin third with \$27,225.

McADOO IS HONORED

CHICAGO, June 25. (AP)—William G. McAdoo was named national committeeman from California today.

John B. Elliott of Los Angeles, who had been chosen at a previous meeting and had taken the committee under advisement, told the delegation he had decided not to serve.

McAdoo, twice a formidable candidate for president, was named unanimously.

Sister Mary's Kitchen

BY SISTER MARY NEA Service-Writer

During the summer, menus must be considered for a new angle. Careful eating will do much toward keeping one cool and comfortable no matter how hot the day, and the intelligent choice of foods will go far toward preventing discomfort from excessive heat.

The energy requirements are naturally less with warm weather, so the caloric consumption of the winter months should be reduced. The heat and humidity as well as the tendency toward physical inactivity makes unnecessary and inadvisable provide a diet rich in heat producing foods.

However, it is vastly important to eat nourishing foods which will regulate the functions of the body and guard against the annoying digestive troubles characteristic of hot weather. The stomach is as sensitive to the heat as any part of the human organism and overloading or overtaxing it in any way may cause much unnecessary unpleasantness.

A balanced diet must be maintained, using the minimum amount of fat and carbohydrates possible to keep the correct proportions. Protein is always needed to take care of the wear and tear of the body, but since protein foods tend to increase energy production in the system, it's advisable to use only as much protein as is actually needed.

Avoid Rich Foods

There are certain types of foods it is wise to avoid. Rich sauces and gravies, fried foods, rich cakes and desserts, hot breads, and all kinds of sweets have a decided heating effect on the body. All fats are heat producers and some are difficult to digest as well.

The foods to eat are fresh fruits and vegetables, meat or its substitute not often than once a day, and plenty of milk and water.

Fresh fruits are refreshing and cooling because they are low in calories which produce heat and energy. Vitamins and mineral constituents, so essential for maintaining health, are supplied in abundance. They are also valuable on account of their leafy structure, which acts as "ballast" or roughage, always an important factor in a healthful diet.

Plenty of liquids are of course always needed. But as heat causes more rapid evaporation from the surface of the body, a larger amount of milk and water and fruit juices are required in warm weather in order to insure adequate elimination.

Iced beverages are tempting on a hot day, but keep in mind, that if they are drunk rapidly they may cause discomfort by the sudden chilling of the stomach. Slowly sipping very cold drinks and slowly eating frozen dishes is the safest way—and the most effective, too, since it brings a more lasting coolness.

Ices and sherbets are more cooling than ice creams. The higher

Maury Hughes Is Put on Committee

CHICAGO, June 25. (AP)—Maury Hughes, Dallas attorney, was unanimously chosen the Texas representative on the important resolutions committee of the democratic national convention in a caucus of the delegation.

Hughes' selection was made unanimously only after a very bitter fight in which the delegation split on the west and dry issue, the wets as represented by Hughes and the dries by Judge Grover Sellers, Texas. Judge Sellers withdrew after Ted O. Adams, the national committeeman, explained Silliman Evans, Fort Worth, national director of publicity for Speak John N. Garner had acted without authorization in informing Judge Sellers he had been chosen for the resolutions committee post.

The delegation voted to abide by instructions of the recent state convention at Houston which decided upon recommending re-submission of the prohibition issue.

After midnight the delegation also voted its opposition to overthrow of the two-thirds rule for nominations by the convention and also voted its support for J. J. Shouse as chairman of the convention.

Taken to Wheeler

OKLAHOMA CITY, June 25. (AP)—Clifton Davis, arrested here in connection with the robbery of a bank at Shamrock, Tex., six months ago, was taken to Wheeler, Tex., by officers today. He waived extradition.

Navy Fliers Are Believed Down

DOUGLAS, Ariz., June 25. (AP)—Two navy lieutenants on a flight from San Diego to Hampton Roads, Va., were believed to have made a forced landing late today in the Chiricahua mountains northeast of here.

Reports here said the plane, part of a flight of five ships, was piloted by a Lieutenant Nichols, with a Lieutenant Arroyo as passenger.

The airplane disappeared in a heavy mist over the mountains while it was bringing up the rear of the formation.

The other planes circled over the territory for some time, but no trace was seen of the missing ship. The flight came to Douglas to report its disappearance.

The flight commander said the missing fliers wore parachutes and that the ship carried a large bottle of drinking water, but no food. He added the flight was near Rodeo, N. M., when Lieutenant Nichols' plane was seen. It was believed here the ships were near Hatch, N. M. The terrain thereabouts is rough, but interspersed with level areas where a plane might land with safety.

Mistrial Results In Murder Case

BROWNWOOD, June 25. (AP)—A mistrial was declared late today in the case of Mrs. Willie Meichinger and her daughter, Eva Nell, 17, charged with murder for the slaying of Joe Meichinger, their husband and father.

The case went to the jury last night. It reported that it had stood nine to three for acquittal through-

HOOPER AIDE IS SUED

NEW YORK, June 25. (AP)—Paul S. Clapp, aide to Herbert Hoover in the American relief administration of world war times, was sued for \$500,000 damages in a breach of promise action today, interrupting his plans to marry Mrs. Rosalind Wainwright Deutsch, daughter of Ellis Wainwright, Louisville, Ky.

The women and other defense witnesses testified that Meighinger was known as a violent man and that he had beaten his wife and daughter many times.

Katherine Leary Bond, beauty operator, brought the suit.

Miss Bond said Clapp promised to marry her on April 8, last, and in the period of his courtship she had been a "loving and devoted fiancée." Three weeks before the wedding day, she said, Clapp withdrew his offer.

Clapp said it was Miss Bond who offered to marry him, that he had made no offer to her, nor had he accepted her proposal of marriage.

THIS CURIOUS WORLD

AIRPLANE PROPELLERS ARE BEING MADE OF COTTON! (COTTON AND SYNTHETIC RESIN, PRESSED TOGETHER IN THIN PLATES)

GEYSERS, THE WORLD OVER, ARE NAMED AFTER THE "GREAT GEYSIR" OF ISLAND, WHICH IS NOW ONLY A STEAMING POOL.

The WHITE ANT, OF AFRICA, BUILDS A HOME TWO THOUSAND TIMES ITS OWN HEIGHT! IN ORDER TO EQUAL THIS FEAT, MAN WOULD HAVE TO ERECT A STRUCTURE OVER TWO MILES IN HEIGHT.

GREAT GEYSIR once was a giant spouter, and all like phenomena throughout the world came to be known as geysers, named for this fantastic wonder. But Great Geysir gradually lost its power and, finally, it could be persuaded to spout only by dumping some 40 pounds of soap down its throat.

THE FORTRESS OF THE WHITE ANT is built so securely that infuriated rhinoceroses can charge it full speed and make little impression.

He's your Carrier Boy -- Know Him!

Your newspaper boy is healthfully and profitably occupied—happy in the occupation of his choosing and eagerly preparing himself for the work of the future. Encourage him!

YOU would be lost without your carrier boy. It is only through his loyalty to you and his sense of responsibility that you are kept informed of the daily happenings throughout the world. He renders a matchless service and should be recognized as an important factor in the welfare of his community.

It is through the 279,000 carrier boys in the country that the modern newspaper is able to serve the public. These boys are under 18 years of age—"the stuff that men are made of"—happy, enthusiastic and industrious. Recognizing them as the business men of tomorrow, the newspapers of the country have combined to train them in the way of good citizenship. In their profession they learn to be loyal—to accept responsibility and the importance of regularity and service.

Know your carrier boy. His youthful enthusiasm will refresh you and your personal interest will encourage him in the execution of his important task.

Styles of Long Ago Are Revived at "Tacky" Party Here LIBRARY IS SOURCE OF PLEASURE FOR PAMPANS

STUDENTS IN CITY READING MUCH FICTION

SCHOOL REQUIREMENTS ARE READ BY SOME YOUNG PEOPLE

A comfortable chair, a cool breeze, and a good book. Such luxuries, inexpensive as they are, already have turned many otherwise dull hours into happy experiences for Pampa residents this summer.

"Most of the reading during the summer months is done for entertainment," said Mrs. James Todd, who is the local librarian, and the books of fiction are by far the most popular books on the shelves. During the winter, many women were working in the library preparing club programs, and students apply themselves to their studies. But in the summer, there is a general relaxation and reading for the fun of the reading is the expected thing.

Students Read "College students, home after a year of difficult studies, are finding much pleasure reading the lighter forms of literature to be found in the library. Some of the high school students, however, are doing their required readings for next year."

For those who live in the city limits, there is no charge for the use of library books. The only requirement is that a card, taken from the library, be signed by a city taxpayer. For those living outside the city limits, it is necessary to have the signature of a taxpayer and to pay a fee of 5 cents for each book taken from the library.

Most of the books may be kept for 14 days, but there are about one hundred which may be kept for only 7 days. A fine of 2 cents a day is charged those who keep books overdue.

The library is open during the morning of every week day from 9 to 12 o'clock and every day from 2 to 5 o'clock. On the evenings, except Saturday and Sunday, the library is open from 7 to 9 o'clock.

Last month, 2,550 books, or an average of 102 books a day were taken from the library.

Kongential Kard Klub Is Favored

An afternoon of bridge was enjoyed by members of the Kongential Kard Klub Thursday afternoon in the home of Mrs. Claude Lard, Mrs. T. A. Robinson was awarded for high score at the close of the games, and Mrs. Clyde Peed received the trophy for low.

A delicious luncheon was served to Mesdames Bert Wilhelm, Roy Kilgore, J. L. Whitlock, Bert Moore, Clyde Peed, T. A. Robinson, J. A. McKinzie, and the hostess.

On the afternoon of July 7, Mrs. Moore will entertain the club at 2 o'clock.

Bostonian Visits Cousins In Pampa

Miss Minnie Kelsh of Boston, Mass., is visiting in the homes of her cousins, C. V. Lane, W. M. Lane, and R. W. Lane. She arrived Friday and will remain for several days. She is on an extensive western trip, which will include such scenic spots as the Carlsbad caverns, Grand canyon, and points in California.

Local Teacher Is Enjoying Summer Visit In Ruidoso

Miss Nell Crain, teacher in Woodrow Wilson school, is enjoying her summer vacation stay in Ruidoso, N. M.

Miss Crain recently bought a lot in Ruidoso and this summer she built on the lot an up-to-date summer cottage, with an inviting sun porch. She has five girls as her guests.

Swimming, riding, and practically all other vacation sports are available at Ruidoso.

Pampans Return After Long Trip

Mr. and Mrs. T. A. Cox are home after a 3-week vacation trip. They visited Mrs. Cox's sister in Milwaukee, Wis., and then went to Toronto, Ontario, Canada and Niagara Falls, New York. They made the trip by rail.

Watermelon Supper Given on Friday

Mr. and Mrs. E. F. Odén entertained several friends with a watermelon supper and a bridge party at their home Friday night at 312 East Browning.

HONORED

Formerly of Pampa, Mrs. Ruth Wallace, above, now of San Antonio, has been welcomed by scores of friends during her visit here. She has been guest of honor at several parties and has attended several others. She plans to leave today for Amarillo to visit a girlhood friend before returning to San Antonio.

MRS. WALLACE IS HONOREE AT BRIDGE PARTY

Mrs. Ruth Wallace of San Antonio, who has been guest of honor at several parties during a visit in Pampa, again was honored Friday afternoon when Mrs. H. H. Hicks was hostess at bridge. Mrs. Wallace will leave the first of this week for her home. She is a former Pampian and has many friends here.

Mrs. W. A. Bratton won high score in the games on Friday, and Mrs. J. H. Kelley was awarded for both low score and out. A gift also was presented to the honoree.

A salad course was served at the close of the playing. Mrs. Wallace's guest list included Mesdames Raymond W. Harrah, Siler Faulkner, W. A. Bratton, Frank Foster, O. H. Booth, T. B. Huggins, A. B. Goldston, Charlie Thunt, J. H. Kelley, C. P. Buckler, A. H. Doucette, Tom E. Rose, Geo. Walstad, C. T. Hunipillar and J. W. Klinglesmith.

Business Women Are To Install

Members of the Business and Professional Women's club will hold installation of officers Tuesday evening at 7:30 o'clock in the club rooms of the Rose building.

Miss Clara Lee Shewmaker was re-elected president; Mrs. M. P. Downs was chosen vice-president; Miss Mildred Overall, secretary; Mrs. Frank Lard, treasurer; Mrs. Mabel Gee, parliamentary.

Charimen also have been selected and are to announce their committees soon.

Pampa Residents Leave for Tulsa

Mr. and Mrs. E. A. Palmer and Mr. and Mrs. Alex Lutetkin left Friday evening for Tulsa, where they will make their home. Their new address will be 416 E. 14th Place. Mr. Lutetkin was transferred to Tulsa by the Bell Oil and Gas company.

Mrs. Lutetkin was a member of local branch of the A. A. U. W. and of the Pampa Little Theater. She was formerly associated with Mrs. Virginia Duerr at the Pampa Gift shop.

FLAPPERS ALSO SEEN AGAIN AT PARTY FRIDAY

WINSOME CLASS GROUP AND GUESTS ATTEND LIVELY EVENT

Care-free flappers of ten years ago and modest maidens of 1932 were among the impersonations at "tacky" party held for the Winsome class of the First Baptist church Friday afternoon in the home of Mrs. W. E. Jordan. Mrs. R. L. Bolding was co-hostess.

Greeting the guests at the door with the characteristic baby-kissing graciousness of old-time political candidates, Mrs. L. K. Stout presented cards announcing her candidacy for constable. She wore an old-fashioned coat and a flop hat, and was aided in looking her part by red cheeks, a mustache, and a long pipe. Her promise, if elected, was to "clean up the town."

Another masculine role was taken by Mrs. H. N. Clay. A missing tooth, breeches extending just below the knees, ribbed hose, and shoes with red strings made her attire outstanding.

Worn 31 Years Ago Quite a contrast was furnished by Mrs. J. Powell Wehrung, frocked in a ruffled dress of white organdy which was purchased in the summer of 1901. With this was worn a full, ruffled petticoat, adorned with insertion and pin tucks. Finned with a cameo pin to the waist of the frock was an old-fashioned gold watch.

First prize for the tackiest costume went to Mrs. N. B. Cota. She wore her hair in a knot high on her head, which was partly covered with an old-time shawl. She wore glasses, which she often looked over or below, and carried a brown velvet bag with tassels. Worn-out sandals were worn with stockings, which, with all the holes, would barely stay on the feet.

Mrs. Fritz Waechter took second place. She had donned a 19-year-old black dress with a collar which was edged with narrow white lace. She wore a hat about 25 years old, a veil, and a bustle.

Red ribbon adorned the rolled hose of Mrs. Bolding, who was dressed as a scarlet-cheeked flapper of 10 years ago.

Mrs. Jordan's high-top shoes of 1917 received much attention. She also wore a black taffeta ruffled shirt, a gray georgette blouse, and a bustle. Her hair was braided.

Helen Sue Jordan, daughter of the hostess, wore braided hair and old-time clothes.

Backward games were played, with prizes going to Mrs. U. E. Thorne and Mrs. T. J. Worrell.

The colors yellow and pink were stressed throughout the party, and refreshments of candle salad, cake, lemonade, and minis were served.

Visitors were Mesdames R. D. Yowell, E. A. Heard, U. E. Thorne, Fritz Waechter, and J. Powell Wehrung, substitute teacher. Members were Mesdames H. N. Clay, A. D. Bourland, Allen Williams, N. B. Cota, Pats Crossman, J. Worrell, D. C. Caldwell, Ivan M. Stout, J. H. Osborne Jr., Jam Dale, and H. H. Thraatt.

Mrs. Babione Is To Have Vacation

Mrs. A. W. Babione and children, Hubert and Frances, are to leave Thursday morning for Webb City, Mo., to spend their vacation with Mrs. R. Farmer, mother of Mrs. Babione. They will also visit at Branson, Mo., and other summer resorts in the Ozarks before returning home.

ACTRESS-WRITER

Because she wanted to learn and write about Broadway life, Katherine Mauk left San Angelo, Texas, for New York. Now she's in a musical show getting her information first hand. She likes the stage, but writing comes first with her.

YEN TO WRITE BRINGS TEXAS GIRL TO STAGE

BY WILLIAM GAINES

NEW YORK, (AP)—Katherine Mauk came to New York from San Angelo, Texas, last November, with a desire to succeed as an author.

She wanted to know New York life, and write about it. She had no illusion that publishers were waiting to grab up her manuscripts, so she looked in the "want ads" columns for a job. She found one, as a secretary in an orphanage.

Liked Broadway Broadway and the people of the show world fascinated her. Theirs was the life she wanted to write about. Soon it occurred to Miss Mauk that the best way to learn about any sort of life is to live it.

She came here equipped with beauty, brown eyes and golden hair, as well as her knowledge of stenography. Carrying on at the orphanage, she got an engagement to appear in the floor show at a restaurant. The hours did not conflict. She was able to see Broadway from the inside.

—And Was Liked Broadway also saw Miss Mauk, and recognized the charm of the 22-year-old Texas girl (maybe in all fairness it should be recorded that she was born in Clovis, N. M.).

Florenz Ziegfeld heard about her. Now she is in his revival of "Show Boat," and her beauty stands out in an ensemble that includes such glorified girls as Marcelle Edwards, Cajo Eric and Elsie Ross. The experience at the orphanage is something of the past.

"But," says Miss Mauk, who also says she is Scotch-Irish, "I learned a lot about life there, too."

Writes Always The stage is thrilling, she finds, she can sing and dance, and she can turn down opportunities to get ahead in musical productions. But whatever she does, wherever she goes, on the stage or off, Miss Mauk will be writing about life as she lives it.

Only when she knows success as an author will her fondest dream come true.

Regular meetings of the Order of Eastern Star will be held at 3 o'clock at the Masonic hall. Members and visitors are asked to attend.

Bluebonnet club will meet at 2 o'clock with Mrs. Robert Woodward.

MUCH BENEFIT TO FAMILIES IS REPORTED

ACTIVITY ORGANIZED BY MISS M'INNIS OF COLLEGE STATION

Hard work, not useless mumble of complaint, is the answer of Texas farm women to the challenge of the depression, according to Miss Zetha McInnis of College Station, home industry specialist, who was a Pampa visitor Thursday and Friday. Miss McInnis conferred with several home demonstration agents of this section on Thursday, and on Friday she gave an all-day pickle demonstration in Laketon for 4-H pantry demonstrators in Gray and Roberts counties.

"In my travels I see gardens where I never saw them before. It seems everyone has a garden," said Miss McInnis. "Gardening also is done on a larger scale and with more scientific knowledge."

Assists Women

Miss McInnis devotes her time to assisting women in marketing their meats and vegetables. She goes into their homes and helps them to achieve high standards in their products. She assists in the forming of small associations for selling. Also she helps to organize farm home-makers markets.

It is the aim of Miss McInnis to establish one farm home-makers market in each of the nine home demonstration club districts of Texas this year, and it is believed the work will spread into other parts of the various districts. Already such markets are being conducted in Amarillo, Lubbock, Austin, and Gainesville. Some are open one day a week, Saturday, and others are open on Wednesday and Saturday of each week.

The one at Amarillo, Miss McInnis said, is located in the foyer of the city auditorium.

Plan Explained In explaining the home-makers market, the specialist said: "Women stand behind tables arranged in a U-shape and sell their own products, including dressed chickens, eggs, canned goods, fresh vegetables, meats, and other types of food. The purchaser after receiving an article from one of the women, is given a ticket bearing the cost of the article and the name of the woman who sells it. When she has completed her shopping, the purchaser presents the tickets and the money to a manager, who is seated at a separate table. The manager, who is one of the women selected by the other women participating in the market, is responsible for the care of the building and for the bookkeeping. All sales are on a commission basis.

In order that all may have their correct share in paying for the cost of the building or in bearing any other expense that may arise, the purchaser presents the tickets and the money to a manager, who is seated at a separate table. The manager, who is one of the women selected by the other women participating in the market, is responsible for the care of the building and for the bookkeeping. All sales are on a commission basis.

From Pampa, Miss McInnis will go to Amarillo to give pickle demonstrations. Next month she will demonstrate profitable uses of tomatoes before women near Houston.

Gives Demonstration

Twenty-three women gathered in the home of Mrs. John White of Laketon Friday for the all-day pickle demonstration given by Miss Zetha McInnis of College Station.

Miss McInnis explained the grading of cucumbers, peas, beans, and other vegetables to aid in gaining standard products in canning. She demonstrated the making of brine for fermented pickles, stressing the use of the salinometer to assure a more uniform brine. She showed various fancy cuts in cucumber pickles and packed jars. Better cucumber pickles, she said, can be made by first curing and then making a sour pickle before adding the sweet pickle syrup.

Those attending were Miss McInnis, Miss Bessie L. Sikes, home demonstration agent of Roberts county; Miss Ruby Adams, home demonstration agent of Gray county; and the following other women:

Roberts county—Mesdames W. R. Foreman, W. W. Davis, J. C. Terry, W. B. Walker, W. F. Holland, C. P. Purley, W. E. Stacker, David Striling, and Lucille Saxon.

Gray county—Mesdames E. J. Gething, N. M. Parker, Hubert Keashey, John White, Joe Looper, Marvin Daugherty, J. H. Smith, C. M. Carpenter, Sam McClellan, and G. C. Springer.

Hall county—Miss Maude Worthman.

Mrs. L. N. McCullough and children are visiting in Fort Worth.

Mrs. Eugene Johnson and son left Thursday for Childress to visit relatives. They probably will be gone about a week.

Interest Cut on German Debts Is Under Discussion

LAUSANNE, Switzerland, June 25 (AP)—The possibility of reducing interest on Germany's private debts, a large part of which are owed in the United States, has been discussed by the German and British delegates to the reparations conference here, it was learned today from German sources. The suggested reduction would be part of a general agreement to be reached at the conference. A general pool to support public credit by guaranteeing the debts of nations now on the verge of financial bankruptcy was suggested today for study by delegates to the conference, which is in recess over the weekend. The French, who believe the failing countries of the Danube need credit more than they do cash, were the prime movers in this plan. Experts of several governments collaborated in formulating the proposal.

Wales' Flag Follows Trade

LONDON (AP)—The Prince of Wales is to fly a new flag carrying the Cornish motto "One and All" over Fort Belvidere, his country house, and also above the properties he owns in Cornwall and from which most of his income comes.

WOMEN CANDIDATES MEET

AMARILLO, June 25 (AP)—Two women candidates for congressman-at-large with opposite views on prohibition, Mrs. Ida M. Darden of Fort Worth and Mrs. Phebe K. Warner of Claude, met here today in the activities of their campaign. "We had a very nice visit," said Mrs. Darden. "We talked mostly about the hardships of the campaign. We differ so much on political issues we couldn't very well discuss politics."

HOLLYWOOD—Peggy Shannon

of Arkansas and New York has been in Hollywood a year, has appeared in seven features during that time, and thinks she is "just getting started." A friendly, pretty girl is Peggy, with her red hair and dark green eyes and warm smile to match her warmth of personality. She has had a varied career in this one year in movieland—with never a failure, but still, never an outstanding success.

When she first came, in response to a hurry-call for an actress to take Clara Bow's place in "The Secret Call," she started out at a pace that might have killed anyone less sturdy and determined.

Plenty of Work

She even survived her publicity billing as "the successor of Clara Bow," which she never pretended to be. She scarcely finished one picture before she was rushed into another, and once even she was working in two at once, snatching sleep whenever she could. This kept on, until one day Peggy took stock of her achievements and decided she was on a treadmill working hard, but apparently getting nowhere. That often happens in studios. She was loaned by Paramount to Tiffany for "Hotel Continental"—a picture, incidentally, that grossed heavily—and was in line for loans to other independents when she asked for her release. She gave up quite a lot of salary to obtain it.

After taking tests at various studios, a month or two ago she signed at Fox. She has made the "new start" in "Society Girl" with James Dunn and next is to play the lead in "After the Rain."

She doesn't regard herself as having "arrived" yet, by far.

Likes Hollywood "But Hollywood has been good to me, and I like it," she says. "In another year I think I'll know whether or not I'm going to do all I want to do."

Curiously, Peggy left Paramount where she was called "a second Clara Bow," and went to Fox where now Clara Bow is to make her first film in her return from retirement.

HEARS FATHER

There was more than the usual justification for fatherly advice in the commencement address at the recent graduation exercises at Sarah Lawrence College for Women, Bronxville, N. Y. For Newton D. Baker of Cleveland, O., former secretary of war and now a Democratic presidential candidate, was the commencement speaker, and his daughter, Margaret, above, one of the graduates.

Sister MARY'S KITCHEN

BY SISTER MARY NEA Service Writer

When cottage cheese is at its best, it is a delightful addition to the summer menu. It may be served in many attractive ways, combined readily with appetizing accessories, and is withal a nourishing and wholesome food.

Many of the city markets and dairies offer a very good usually had in two forms, mixed with cream ready for use, or unmixed. The unmixed is, of course, cheaper to buy; although if cream must be purchased for the mixing, the final cost is practically the same.

However, cottage cheese can be made at home and it's an excellent way to use milk when it sours. If you follow the rules carefully, you can't help but have successful results and the cheese will be most desirable. Because it is the protein part of the milk, cottage cheese will take the place of meat or eggs for luncheon or supper or the picnic meal.

How Cheese Is Made Thick, curdled milk that has soured quickly is the best foundation for a good quality of cottage cheese, and while there are several ways of making the cheese, perhaps the easiest is the following: Place the bowl containing the thick sour milk into a large pan of hot water. Never let the milk become more than lukewarm. Too high a temperature toughens and hardens the curd. Let stand until thorough separation takes place. Then pour into a large square of double cheesecloth placed over a colander. Gather up the four corners of the cheesecloth and hang to drain. Let it drain until the curd is firm and all the whey is drained out. Remove from cheesecloth to a bowl and beat with a fork, adding the mixture of the right consistency. Add salt "to taste," usually about 1-2 teaspoon to 2 cups of cheese.

An unusual and delicious dessert for summer meals combines unmixed cottage cheese with whipped cream and cheese. Serve with strawberry or currant preserves and crisp crackers.

Small tomatoes peeled and hollowed make a delicious salad filled with cottage cheese which has been moistened with French dressing and mixed with finely chopped chives. Chopped olives, diced cucumber, shredded green pepper and shredded pimento can be used in place of chives—alone or in combination—with the cheese.

Farm Relief Plan Passes Committee

WASHINGTON, June 25 (AP)—An emergency farm relief plan designed to boost agriculture's income for one year was approved today by the house agriculture committee.

It was sponsored by Representative Rainey, the democratic leader, and was ordered reported to the house by an 11 to 10 committee vote that split party lines.

Despite its authorship by the majority leader, the close committee vote was interpreted as holding little hope for further advancement in the house this session.

A rule first would have to be obtained for its consideration. For two weeks, the powerful rules committee has declined to act on two other relief bills approved earlier this session by the same agriculture committee.

The Rainey bill, prepared by farm organization leaders, is intended to give farmers the world price plus the tariff on that portion of their produce consumed domestically.

OLD MILL DAMAGED TERRELL, June 25 (AP)—The Terrell flour mill, the oldest business establishment here, was partially burned tonight. Losses were estimated at \$20,000. Origin of the fire was unknown. Two loaded box cars on a track nearby were also burned.

The mill belonged to the Horton Milling company of Greenville.

Remaining ingredients and serve at once.

Frozen Cheese Salad One cup mixed cheese, 1 cup whipping cream, 1-2 teaspoon salt, 1-8 teaspoon white pepper, 2 table-spoons lemon juice, 4 slices pineapple, strawberries or red raspberries.

Put cheese through a fine sieve and combine with whipped cream, salt, pepper and lemon juice. Put into a mold and pack in eight parts ice to one part ice cream salt and freeze until firm. Cut in slices or scoop cut in half. Serve on pineapple slices arranged on a bed of lettuce. Garnish with strawberries or red raspberries and serve with whipped cream dressing.

Another excellent way to serve cottage cheese is to make it in small balls and roll them in minced nuts or minced parsley. Serve them with salads made of sliced pineapple or tomatoes or in nests of lettuce. They are also attractive used as a garnish on the side of a plate of fruit or vegetable salad.

New Yorker at End of Private Wire Constantly

ALBANY, N. Y., June 25 (AP)—Cancelling midway a week-end holiday at his Hyde Park home, Gov. Franklin D. Roosevelt hurried back to Albany tonight to resume his private telephone wire, bringing him tiding of his battle at Chicago for the democratic presidential nomination.

The New York executive had reached his home 75 miles south of Albany, intending to remain there quietly until tomorrow night, when he suddenly changed his mind and decided to return to the executive mansion where the special telephone circuit recently was installed.

Mr. Roosevelt explained he believed telephone facilities at Hyde Park were insufficient for his needs. Arriving at the mansion at dinner hour, the governor was in contact with his strategists at Chicago within five minutes after entering his study.

The return of the governor back at Albany placed him in position to advise directly and immediately with James A. Farley, leader of the Roosevelt forces on the field, on all development in the "no compromise" fight for the Roosevelt camp for the two-thirds rule.

Reports from the convention city that Farley was pushing ahead, apparently confident of winning the opposition of Alfred E. Smith to the abolition effort, produced from the New York governor a tightening of the lips, a look of determination—and no public comment.

The fact that Roosevelt has abided by Farley's decision to toss the challenge to the Smith forces at the very outset of the convention was viewed at Albany as reflecting on the part of the governor himself confidence of a successful outcome.

Mr. Roosevelt left Albany this morning, motored to Hyde Park and remained there two hours before setting out for Newburgh.

Sterling Claims Economy Feats

PARIS, June 25. (AP)—Governor R. S. Sterling, seeking re-election, outlined his administrative policies in a speech here today, criticized the federal government for not reducing taxes, and voiced support of Speaker John N. Garner for the democratic presidential nomination.

After his address he told newspapermen that he was "absolutely in favor of" the two-thirds nomination rule for the democratic national convention at Chicago. He will not attend the convention.

The governor explained how under his administration two million dollars had been saved for the state by admitting of accounts. He criticized the federal government for failing to abolish wasteful bureaus and departments. He explained reforms in the state prison system and said that by better management the prison farms were becoming largely self supporting.

He deplored overtaxation of counties for road bond issues and reiterated his stand for a refund to counties of taxes voted for state roads. He said the traffic which uses the highways should pay for them and that railroads should be taxed to build the highways which were taking away their business.

Sterling said that although declaration of martial law in the East Texas oil field had brought criticism for him he had been vindicated in the courts, which found his action constitutional. He said he believed other cases now pending would be decided in his favor.

OUT OUR WAY By WILLIAMS

Wet Candidate Attracts' Legger

SAN ANGELO, June 25. (AP)—It pays to advertise, Monte Warner, San Angelo oil man, in an address here Friday night in the interest of his candidacy for congressman-at-large, place No. 3, declared "I vote wet and drink wet."

A bootlegger read it in the morning TIMES, he told Warner, when he offered his goods by telephone. Warner declined and said had he wanted a drink he knew of plenty of friends who make their own.

Advocate of the payment of the soldier bonus in new currency as the most practical way to bring about inflation and relieve the depression, Warner plans to join the bonus marchers in North Texas early in the week and make addresses en route to the state line.

Tentative Plank On Re-Submission

CHICAGO, June 25. (AP)—The tentative prohibition plank submitted to the democratic platform committee tonight by a majority group provides:

"We favor immediate submission to state conventions of an amendment repealing the eighteenth amendment submitted to the people in such a manner as to assure a choice between the present system and the return to the states of the power and responsibilities to prohibit liquors by such means as will promote temperance, prevent the return of the saloon and sale to minors, and protect the dry states in the enforcement of their laws and permit the taxing of liquor by federal or state governments."

"We favor immediate submission of the anti-dumping law; and a permanent international economic conference designed to encourage international trade and to facilitate the exchange of goods."

Other planks to be included in the platform call for encouragement of employment insurance and old age pensions under state supervision; reduction of the hours of labor; re-financing of agriculture mortgage; enforcement of the anti-trust laws; an international monetary conference for the aid of silver; and the protection of investors in foreign bonds by regulated publicity of all details of the transactions.

California Bonus Army Will Move

SWEETWATER, June 25 (AP)—The California bonus army, here since Friday, will move out this morning, reduced to about 300 strong, making a non-stop to Rancho.

The motorcade, about 80 cars under command of Royal W. Robertson, broken-pecked ex-seaman, will leave as soon after 8 o'clock as "gassing" is completed. A tank wagon will be driven to "camp bonus" early, and ten balloons will be poured into every car given the commander's O. K. Sweetwater and Abilene city officials agreed this afternoon, in a conference here, to provide the gasoline.

The army's "air force," two planes, will follow the march, "spotting" broken-down automobiles and notifying the head of the caravan at the next town.

The army's leaders defended their personnel, which includes a dozen women and as many children, as "not bums or hoodlums, but just average good Americans, mostly from Los Angeles, who have lost their home and jobs and are broke."

American Given Catholic Honor

DUBLIN, June 25 (AP)—A signal honor was conferred on American Catholicism today when Archbishop Michael J. Curley was selected to celebrate the solemn pontifical high mass which will climax and conclude the Eucharistic congress tomorrow.

The archbishop characterized the congress as the greatest demonstration of faith he ever had seen. Today was children's day. Some 150,000 of them gathered in Phoenix Park at noon when Archbishop Killy, of Sydney, celebrated pontifical mass.

During the service the vast crowd of children was disciplined and reverent. The girls were in white dresses with gay sashes and the boys were attired in their Sunday best.

Cardinal Lauri, the papal legate to the congress, presided over the service. Among the Americans present were Cardinal Hayes of New York and Cardinal O'Connell of Boston. Each child was granted an indulgence of 800 days.

As the cardinal legate blessed the children in the Pope's name he told them they were the "pride and hope of the Catholic church" and asked their prayers for the Holy Father.

Texas Delegation Rows Over Plank

CHICAGO, June 25 (AP)—A fight on prohibition broke out in the caucus tonight of the Texas delegation to the democratic national convention when the selection of a member for the platform and resolutions committee was reached.

Things humming along smoothly on committee appointments and it looked as though a storm which had threatened for weeks would not break. Then, as the last committee appointment was reached, Lt. Gov. Edgar Witt, Waco, presented a resolution to instruct the representatives to be selected for the resolutions committee to carry out the instructions of the Houston state convention, which were for resumption of prohibition to the people.

That cracked things wide open. Delegate after delegate attempted to get the floor and there was confusion as when a storm strikes suddenly in the great cattle state.

Mayor C. M. Chambers, San Antonio, said the delegation should follow the steps of Speaker John N. Garner and declare for outright repeal. If the delegation did not do so, said Chambers, it would be repudiating Garner.

Witt jumped to his feet and said there was nothing in motion that would be repudiating Garner. Major Richard Burgess, El Paso, offered a substitute motion which in effect declared for beer and light wines. It was not substituted however as when the roll call was half over it was evident it would be defeated so by approval it was unanimously voted down.

Long's Delegates Win First Tussle

CHICAGO, June 25 (AP)—The clamorous floor of the democratic convention probably will decide which Louisiana delegation shall be seated there.

The group headed by Senator Huey Long triumphed temporarily before the democratic national committee. Indications tonight were an appeal would be taken beyond the credentials committee, which passed on it next, to the court of last resort—the delegates in convention assembled.

Outwardly the issue is between a delegation led by Louisiana and former governor, and another by Jared Y. Sanders, also a former governor.

But some democratic leaders said today the question was deeper than that and revolved on the issue of convention elected delegates against state central committee selected delegates and that the party should decide it.

The case could be called up on the convention floor on a minority report of the credentials committee, which Monday night will take up the Lofgren contest along with others from Minnesota, Puerto Rico, and one district in Pennsylvania.

The Sanders' delegation leaders were determined today to go to the floor if they lost before the credentials committee as they did before the democratic national committee.

Huggins Stands Pat On Referendum Vote

HOUSTON, June 25. (AP)—Informed of the statement from Carr P. Collins of Dallas, detailing a poll of the state democratic executive committee and requesting that he recall the committee, to consider cancelling its order for a referendum on prohibition, W. O. Huggins, chairman, tonight reiterated that the next meeting of the committee would be to canvass the returns of the July primary.

After mentioning that he had not yet received the request of Collins, which was reported to have been made in a letter, Chairman Huggins added:

"Nearly all of the counties have gone forward with preparations for holding the referendum ballot. The executive committee of not more than two counties have indicated a willingness to disobey the instruction of the party and to disfranchise their counties in this manner."

"The next meeting of the state democratic executive committee will be convened for the purpose of canvassing the returns of the first primary as provided by law."

Ferguson Speaks On Wife's Campaign

CROCKFORD, June 25. (AP)—James E. Ferguson spoke here tonight in behalf of his wife's candidacy for the democratic nomination for governor.

His speech was along lines of those he delivered in other places recently. He criticized the state highway department for its management of highway affairs and mentioned proration briefly, declaring the public was paying much more for gasoline since proration went into effect.

Delegations attended from Palestine, Bryan, Trinity, Huntsville, Madisonville, Nacogdoches, Corsicana, and Lufkin.

Hunter Gives His Planks on Economy

NAVASOTA, June 25. (AP)—In a campaign speech prepared for delivery here tonight, Tom Hunter of Wichita Falls, candidate for the democratic nomination for governor, outlined his policies concerning governmental economy and taxation.

He said he favored abolition of the state ad valorem tax, control of public utilities, reduction of the poll tax rate, retrenchment of state expenses by elimination of unnecessary commissions and bureaus, and the placing of a graduated tax on chair stores. He voiced opposition to a state bond issue.

Curtis Will Not Have Testimony Of Colleagues

FLEMINGTON, N. J., June 25 (AP)—John Hughes Curtis, confessed hoaxer to the Lindbergh case, next week will battle a charge of obstructing justice and without the personal assistance of the two Norfolk, Va., men once associated with him.

Lloyd Fisher, attorney for the Norfolk shipbuilder, sought unsuccessfully today for a bill of particulars in the case and then let it be known Rear Admiral Guy H. Murrage of Norfolk had declined to come to Flemington as a witness for Curtis, who recently repudiated his sensational confession.

Curtis' other associate, the Rev. H. Dobson-Peacock, declines to come here for questioning by authorities but offered to meet their representatives in New York.

Simultaneously, Fisher announced plans to seek dismissal of the Curtis indictment.

Burrage made known his position in a letter to Fisher.

"I am an interested party," the letter written from his summer home at Cotocook, N. H., said. "I have little or no confidence that the New Jersey authorities will not treat me in the same manner as the dean (The Rev. H. Dobson-Peacock) has threatened, and find myself held on the same charge as that laid against Curtis."

"Under the circumstances and much to my regret it seems inadvisable to appear. I am ready to make any legal writings which may be of assistance. This is a bad commentary on present conditions. I am convinced Mr. Curtis acted from the highest motives."

Fisher, who expressed confidence Curtis would be acquitted if Col. Charles A. Lindbergh tells on the witness stand a complete story of their association in the search for the Lindbergh baby, was given permission by Judge Adam O. Robbins to renew his request for a bill of particulars when the trial opens.

Fisher said the bill of particulars would ask the state to name the kidnappers if they are known and to give their address.

It also would demand an explanation of the false information Curtis is alleged in the indictment to have given to Colonel Lindbergh and members of the Lindbergh and Morrow households.

Snake Bite Fatal

ABILENE, June 24 (AP)—Bitten on the leg by a large rattlesnake while gathering beans in her garden at Eldorado, near here, early Friday, Mrs. E. P. Hicks, 49, died late today. Four serum injections were unavailing. Doctors said the venom led to heart involvement.

After being struck by the reptile, which had ten or twelve rattles, Mrs. Hicks tore her bonnet into strips and bound her leg above the wound before going to the house. Her husband and six children survive.

SARAZEN WINS AMERICAN OPEN CROWN IN GREAT SPORT

SMASHES PAR TO END THREE BLOWS AHEAD

CRACKS RECORD THAT SEEMED TO BE SAFE

BY ALAN GOULD
Associated Press Sports Editor
FRESH MEADOW COUNTRY CLUB, FLUSHING, N. Y., June 25. (AP)—Gene Sarazen, the king himself, settled his right of succession to the world championship throne of golf today with the greatest finish in all the history of the game.

With a spurt that left galleries roaring and riotous, the expert and player gasping, Gene came down the stretch like a man on a hot wire, shot a record-smashing 56, four under par, on his final round and captured the United States open championship with three full strokes to spare.

Barely two weeks after his triumph in the British open with a record score of 283, Sarazen struck his stride on the final day and furnished an amazing climax to one of the most thrilling tournaments in the American tournament, has known in years.

Gene finished the 72 holes with rounds of 74-76-70-66 for a total of 286 that equaled the all-time record set by Charles Sikes, Evans, Chicago, at Minneapolis in 1916. His final, dazzling, round, made under the sort of pressure that has stamped him as the game's greatest finisher, clipped two strokes off the Fresh Meadow course's competitive record, and smashed by one stroke the previous tournament record, a 67 by Willie McFarlane in 1925.

Just ten years ago Sarazen won his last and only other American open championship with a last round of 68 for a total of 288, but the "boy wonder" of 1922, just turned 31, was aided by a combination with the masterful shot maker who whipped everything in sight to a frazzle today over the toughest stretch in tournament golf.

Thomas Phillip Perkins, the former British amateur champion, lately turned professional, and Bobby Cruickshank, the English-born, Scotch-born, finished exactly three strokes behind Sarazen, with 289 each, despite exhibitions of golf that would have been good enough to have captured nine out of ten national open championships.

Perkins finished with a hole tally of 76-69-74-70—289.

"FOUR FRIENDS" WINS
CORPUS CHRISTI, Tex., June 25 (AP)—The yacht "Four Friends" sailed into port here at 7:41 a. m. today to win a 177-mile race from Galveston. Her time was 31 hours and 10 minutes. The "Four Friends" was the entry of John Kennedy of Corpus Christi.

Second place honors went to the Oshawsnee, entered by Rex Frazier of Houston. She reached here at 8:52 a. m. The "Siesta," owned by Beagan Houston, Jr., of Galveston, came in last.

STREET SIGNED AGAIN
ST. LOUIS, June 25 (AP)—Gabby Street has signed to manage the Cardinals again in 1933. President Sam Breadon of the St. Louis Nation announced late today. Next season will be the "old sergeant's" fourth at the helm of the St. Louis club.

Breaks of the Game
Danny MacFayden was traded from the tall-end Red Sox to the Yankees, a team that seems destined to win the American League pennant this year. After all the years of toiling for a second division ball club, Danny MacFayden must find life lovely now, with the prospect of sharing in the world series cut.

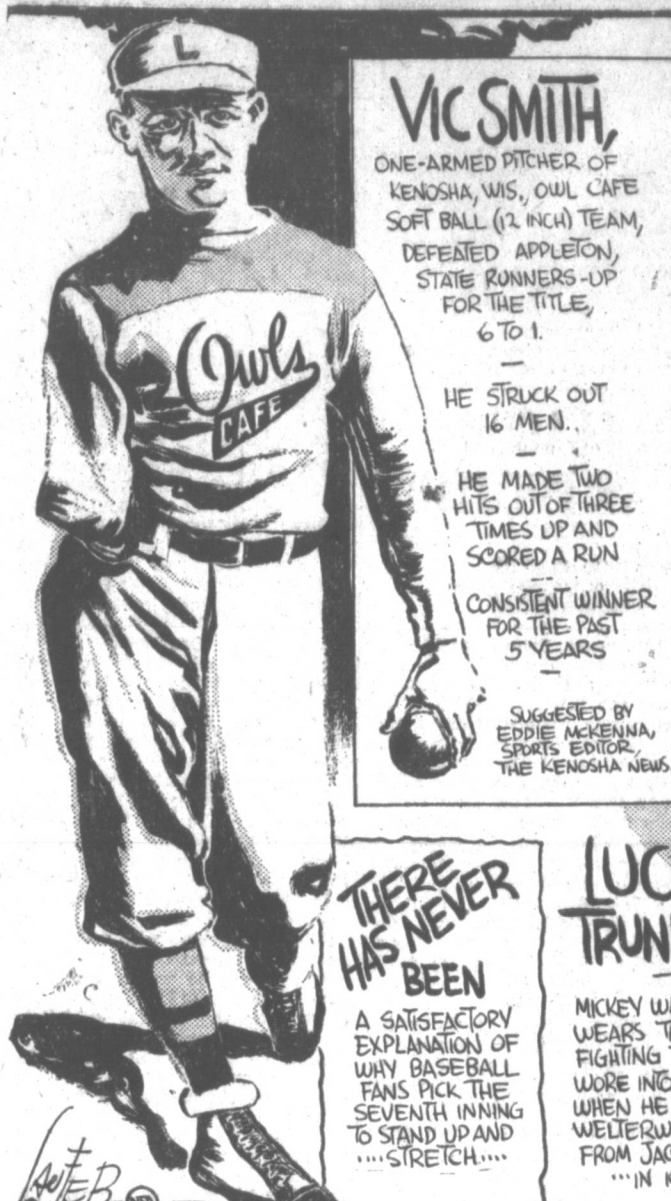

But how about young Henry Johnson and Paul Andrews, the Yankee pitchers who were sent to the Red Sox in the exchange for MacFayden?

Andrews, a recruit, took his medicine like a major. He has turned in a couple of fine performances since joining the Fenway Fusiliers.

It's a Cruel World
Johnson, however, feels that the world has been unkind to him. His faith in justice has been rudely jolted. Henry has gone to his home at Bradenton, Fla., ostensibly to recover from an appendicitis operation he underwent during the spring training season, but really to brood and wonder.

"I'm on the voluntarily retired list," Henry told friends in Bradenton, "and I may be here the rest of the year under medical treatment."

SUTTER AGAIN NET CHAMPION

Tulane Star Defeats North Carolina's Entry Easily in College Finals.

HAVERFORD, Pa., June 25. (AP)—Cliff Sutter, Tulane university net star, today regained the national intercollegiate tennis crown by defeating Bryan Grant, University of North Carolina, in straight sets, 7-5, 6-2, 6-4.

The doubles championship was won by Keith Gledhill and Joseph Coughlan of Stanford university, who defeated Jack Tidball and Elbert Lewis of the University of California (Los Angeles) 6-0, 6-4, 6-1.

Sutter, sixth ranking player in the nation, took the championship after a year's absence from the petition.

It was the second meeting between the two in two weeks. Grant's victory over Sutter in the semifinals of the national clay court tournament at Memphis had given him an even chance in advance prediction.

In winning the doubles title, Gledhill and Coughlan succeeded to the crown won last year by Karl Kamrath and Bruce Barnes, of Texas.

Moreland, who set a new course record of 65, seven under par and four under the previous low mark, in his quarter-final match, shot seven birdies today. Golden had four.

The unusual trophy to the winner was a twelve-cylinder sport roadster.

Talk of Accident—Fatality Happens
DALLAS, June 25. (AP)—Dorothy Keiman, 12, was killed today in an automobile collision a few minutes after she had told a friend that she was not ready to die yet.

The girl was the only child of Mr. and Mrs. Herman Keiman of Dallas. She was returning with a group of friends from a Y. W. C. A. camp near Glen Rose. The bus in which they were riding collided with an oil truck near Arlington.

MORELAND OF DALLAS AGAIN WINS TOURNEY

Youngster is Victor Over Home City Rival

OKLAHOMA CITY GOLF AND COUNTRY CLUB, June 25. (AP)—Gue Moreland of Dallas, 21-year-old golfer extraordinary, took the 32nd annual Trans-Mississippi championship here today, winning a one-up victory on the 36th green from his home town rival, Dave (Spec) Goldman, whom he has beaten but twice in six tournament matches.

Both had identical medal scores of 144 for the 36 holes.

A spectacular break of the game gave Moreland a birdie deuce on the 31st hole when "Spec" stymied, knoed in his rival's ball.

Goldman's great fight could not overcome the advantage of Moreland's successive birdies on the 31st and 32nd holes, although he came back to win the 34th and doggedly halved the remaining holes.

Moreland, who set a new course record of 65, seven under par and four under the previous low mark, in his quarter-final match, shot seven birdies today. Golden had four.

The unusual trophy to the winner was a twelve-cylinder sport roadster.

BORGER TEAM LOOMS STRONG

LeFors Outfit Will Battle At Dedication Ceremony In Borger Today.

The LeFors ball club, strengthened by several members of the disbanded Magnolia "Mags," will meet the Phillips "66" team in Borger this afternoon to dedicate the new Borger ball park. The stadium is one of the most modern and well equipped in this section of the Panhandle.

Lefty Freshour, Indian ace, will occupy the mound with Manager Addie Pulliam behind the bat. Clemmons and Meeks will be held in reserve. Rusty Cahill, Leo Shriver and Johnnie Meeks will be additional players.

Borger has a real ball club this season and the LeFors boys will probably meet a snag when they come up against the Oilers. LeFors is getting ready to enter the Amarillo tournament.

The only ball game to be played in Pampa today will see the Odd Fellows meeting the Miami Warriors on the Talley addition diamond. The game will be called at 3 o'clock.

Manager Lunsford has not selected his batteries for the game.

Bib Dillman and Andrews will be available for mound duty with Michael Lunsford eligible for relieving duty. Miami won a 5 to 4 game from the Pampa team the first time they met this season.

Cats and Buffs Split Double Bill

HOUSTON, June 25. (AP)—After Ralph Judd of Houston had bested Dick McCabe, 4-3 in a ten inning hurling duel, the Fort Worth Cats came back to whip the Buffs, 4-2, in the second game of the double bill and make everything all square for the evening.

Lee Stebbins' terrific liner in the tenth inning broke up in the opening contest in favor of the local outfit, while in the second game, Bill Steenegrave, Tyler castoff, "buffaloid," the Buffs for six innings. He cracked in the seventh and Dick Whitworth had to take over the duties with two runs across, all bases occupied, two out and Rye at bat. Gene flew to right to bring an end to the ceremonies.

In the National

To Second Place
PITTSBURGH, June 25. (AP)—The hustling Pittsburgh Pirates climbed into second place in the National league today by dropping the Cincinnati Reds in a double header, 5 to 4 and 3 to 5.

Long hits featured the second encounter, with the Waner act as the headliner. Paul drove out two homers, a double and two singles, while Lloyd hit two singles and a double. The Reds led the first game when a wild throw by Catcher Lombardi allowed Piet to score from first in the eleventh inning.

PHILADELPHIA, June 25. (AP)—The Phillies cleaned up their two game series with the New York Giants by slugging Hy Bell and Adolfo Luque for six runs in the seventh inning and a 9-8 victory. New York ... 031 001 003-8 13 1
Philadelphia ... 300 000 009-9 14 1
Bell, Luque, Schumacher and Hogan; Benge, H. Ellicott and Davis.

Good Beginning
ST. LOUIS, June 25. (AP)—Jake Flowers, playing his first game for the Cardinals, bunted for a squeeze play in the ninth inning with the score tied and allowed Gelbert to score from third, St. Louis defeating the Chicago Cubs 7-5.

Braves to Front
BOSTON, June 25. (AP)—The Braves overcame Brooklyn's 5-2 lead in the late innings today and won the odd game of the series 6-5.

"SHOT" HEARD ROUND WORLD

Here's what a weight star looks like as he unrolls like a coiled spring to catapult a 10-pound shot to a new world record. Leo Sexton of the New York Athletic Club, a former Georgetown athlete, is shown in action at the Olympic semi-final meet in Harvard Stadium, Cambridge, Mass. He tossed the shot 52 feet, 8 5/8 inches.

COUNTRY CLUB WILL CONTEST AT CLARENDON

The Pampa Country Club golf team will leave here at 10 o'clock this morning to play a scheduled game in Clarendon this afternoon. At least 15 local men will make the trip. Cars will leave from Pampa Drug No. 1 and Father's Drug No. 4.

Many of the golfers will study the Clarendon course with the idea of entering the Clarendon open golf tournament July 3 and 4. The Clarendon course is one of the toughest, yet prettiest in this section. It is a combination wood and iron course with the holes nicely arranged.

Dr. H. H. Hicks, chairman of the tournament committee, is anxious to have members make the trip whether they registered in advance or not. Some who did not register because they were undecided may make the trip and matches will be secured for them.

The local club is in fourth place in the Cap Rock league standing.

Rifle Club Will Meet Tuesday

Another meeting of the Pampa Rifle club will be held in the board room at the Schneider hotel Tuesday night, it was decided at a club meeting Friday night, when plans for a drive on membership payments were made.

The club is badly in need of funds and only 21 out of the 65 members have paid their dues and secured their issue of ammunition for this year. Sixty rounds of free ammunition awaits every member when he pays his dues. Another 60 rounds is available for practice work and record shoots on the club range.

Every member is urged to be present at 8 o'clock Tuesday night with his money. Range Officer Barrow will then be authorized to give out the ammunition. Plans for sending a team to the state shoot will be discussed at the next meeting.

Dues this year are only \$3. It is not necessary to join the National Rifle association this year.

SEEK SITE FOR GREAT ASTRONOMICAL PROJECT

AUSTIN, June 25. (AP)—Investigation of prospective sites on which to locate the McDonald astronomical observatory of the University of Texas was planned to start within the next few days.

Dr. H. Y. Bendish, president of the university, announced Dr. C. T. Elvey and T. G. Mehlin of the Yale observatory of Chicago would have charge of the investigation. Observations on available sites were expected to extend through the summer.

Numerous offers of free sites have been received by the university. Drs. Elvey and Mehlin planned to start key observations around Austin and El Paso and the Davis mountains.

Wilmer Allison Loses to Perry

WIMBLEDON, Eng., June 25. (AP)—Three American youngsters, Ellsworth Vines, Sidney Wood and Frank Shields, paced the field into quarter-finals of the men's singles today while Mrs. Helen Wills Moody and Helen Jacobs, already in the same bracket of the women's play, contented themselves with mixed doubles matches to close the first week of the annual Wimbledon tennis championships.

A crowd of 24,000 with the king and queen in the royal box, broke all previous records for attendance in the big stadium. The men's field held the center of the international tennis stage with a pair of Englishmen, Fred Perry and Bunny Austin, the Japan-Jiro match, Jack Crawford of Australia and a Spaniard, Ernest Maier, reaching the final fight with the Americans.

Wood, the defending champion, was forced to eliminate his fellow countryman, Gregory Mangin, 6-1, 9-7, 6-3 today. Frank Shields dropped but one set in defeating the Czechoslovakian, Roderich Menzel, in a hard driving contest, 6-3, 6-4, 10-2, 6-4.

The American champion, Ellsworth Vines, won his place yesterday by eliminating the Japanese, I. O. Ocki, but Major caught Jean Borotra, one of the French Musketeers, in an erratic mood today and belted out his victory 6-3, 6-3, 2-6, 6-2. Perry nipped the American casualty of the day, Wilmer Allison, Austin, Texas, 6-4, 6-1, 4-6, 9-2. Crawford eliminated J. S. Ohliff of England in straight sets.

Breaks of the Game
Danny MacFayden was traded from the tall-end Red Sox to the Yankees, a team that seems destined to win the American League pennant this year. After all the years of toiling for a second division ball club, Danny MacFayden must find life lovely now, with the prospect of sharing in the world series cut.

But how about young Henry Johnson and Paul Andrews, the Yankee pitchers who were sent to the Red Sox in the exchange for MacFayden?

Andrews, a recruit, took his medicine like a major. He has turned in a couple of fine performances since joining the Fenway Fusiliers.

It's a Cruel World
Johnson, however, feels that the world has been unkind to him. His faith in justice has been rudely jolted. Henry has gone to his home at Bradenton, Fla., ostensibly to recover from an appendicitis operation he underwent during the spring training season, but really to brood and wonder.

"I'm on the voluntarily retired list," Henry told friends in Bradenton, "and I may be here the rest of the year under medical treatment."

Henry needs not only physical treatment, but mental. And you would, too if you were leaded away from what looks to be a certain pennant winner this year.

Johnson has been knocking at the door of greatness for seven years. He first appeared in the training camp of the Yankees in 1925. He was then only 18 years old. Huggins liked his work. He told the youngster that he had the stuff to become one of the best pitchers in the major leagues. Year after year, Johnson has repeated the promise of his first appearance. He pitched some remarkable games, but at other times his work was only fair. Certain teams bothered him. Certain hitters did, too.

With lots of courage, a good curve ball and a fast ball that had the hope that players call "take-off," Henry still could not win consistently. What the Yankees needed this year was a consistent pitcher, and McCarthy thinks he has the man in MacFayden, an experienced campaigner.

Returning from the 1928 world series, the Yankees were celebrating their fourth straight victory over the Cardinals. Johnson sat with Huggins. Herb Pennock was in the group.

"I wish I had been given a chance to pitch in the world series," said Johnson.

To which Huggins made reply: "Boy, I'd give plenty to have your pitching arm and youth. You've got many years of baseball ahead of you and one of the best arms I ever saw."

McCarthy to Quinn
That prospect has changed now. Johnson sees ahead of his years of working for a second division ball club. And he doesn't feel so very rosy about it. Johnson's father owns a cattle ranch near Bradenton, Henry is there now, riding herd on the animated steaks, and following his hobby of collecting old coins.

When Bob Quinn learned of Johnson's intention to spend the summer as a cowboy, he is said to have appealed to Joe McCarthy. "I need another pitcher," said Quinn. "So do I," was McCarthy's reply.

DULL IN STOCKS

NEW YORK, June 25. (AP)—With incentive for fresh buying lacking, the market sagged July today, but showed strong resistance when previous low prices of the bear market were threatened.

Transactions reached the meager total of 210,400 shares, recognized as a dull Saturday as far back as 1924.

Prices at the close were little changed; most leading stocks confining gains or losses to fractions. The composite average of 90 leading stocks showed a net loss of only one-tenth of a point.

The feeling that next week would be a rather crucial period, what with congress in Chicago, final session on the huge relief projects, the democratic party to announce its economic program, probably developments at Lausanne, and a number of important dividend meetings, was sufficient to keep traders of the sidelines.

It was notable, however, that any uneasiness resulting from the small bank closing in Chicago, which may contribute to yesterday's late selling, appeared to have been completely calmed.

The most encouraging aspect of the market was the halt in its decline before the averages penetrated the bear market low of June 1. Ending the day at 364, the composite of 90 representative issues still 14 points above the low. Market theorists have been inclined to the view that the downswing of the spring months had ended June 1, and regardless of whether the absolute lows of depression had been reached, an irregular recovery would be in order over a period of several weeks, if the market is to follow a typical pattern. But a plunge into new low ground would set these calculations awry.

GRAINS IN RALLY

CHICAGO, June 25. (AP)—Rallying power showed itself in the grain markets today after wheat had thumped down to equal the season's low price record.

Throughout the day, wheat traders took their cue largely from the action of securities, weakness at first being succeeded by renewal of strength. Word that the senate had made a sharp cut in operating funds of the Farm Board had a late stimulating effect, and so too did reports of harvest delays southwest of account of persistent wet weather.

Wheat closed firm at the day's high point, 1-1/4 to 1-1/2 above yesterday's finish, corn 3-8 to 3-4 up, oats 1-8 to 3-8 advanced, and provisions showing a rise of 5 to 26 cents.

Bulls laid stress on the fact that domestic receipts of wheat were unusually scant for this time of year, totaling but 475,000 bushels today against 1,193,000 a year ago.

Corn, oats and rye rose with wheat after an early dip. Corn was aided by the advancing trend both in hog and cattle prices. Rural selling of corn continued meager and receipts also were light.

Closing indicators: Wheat: July 47-8 to 48, 50 1-4; Sep. 50 3-4 to 7-8, 53 1-4 to 3-8; Dec. 53 5-8 to 3-4, 55 7-8 to 56. Corn—July 30, 31; Sept. 32 1-4, 33; Dec. 32 3-4, 33 1-2.

WOMEN JOKINGLY AGREE TO LET NEW YORK PROVE BOOZE IS BETTER THAN PRO LAWS

CHICAGO, June 25. (AP)—Several hundred women prohibitionists jokingly agreed today to the proposition of Mrs. W. Peabody of Beverly, Mass., that New York be allowed to "prove itself the perfectly model wet state" to demonstrate to the rest of the states what conditions would be without prohibition.

Mrs. Peabody made the proposal at a luncheon rally of women dress-makers, suggesting that before the rest of the states considered repealing prohibition that all federal prohibition control be removed from New York until 1936 to see how that state fared.

"The trouble lies in New York with Nicholas Murray Butler, Mrs. Charles Sabin, and Al Smith," she said, adding that New York was "not in the union anyhow."

She predicted that New York would be in the position of the little boy who wanted—and got—a boy, suggesting that before the rest of the states considered repealing prohibition that all federal prohibition control be removed from New York until 1936 to see how that state fared.

"I beg of you all to go back to the old temperance lectures, or to frame new ones that are better, to keep the people informed of the evils of alcoholism, and to take us out of this queer no man's land in which the prohibition movement at present is," said Miss Adams.

Miss Adams told the several hundred dry women she had never known a settlement or welfare worker who "lived among working people and knew their problems day by day" who was wet.

"Charity people all say conditions are enormously improved by the present arrangement," she said.

Siam Monarchs Accept New Plan

WASHINGTON, June 25. (AP)—From far away Siam, word came today to the state department that King Prajadhipok would continue to hold the reins of power in that country—but not as an absolute monarch.

A cablegram from Kenneth Potter, American charge d'affaires at Bangkok, said the king had accepted the terms of the provisional government set up through a revolt of the army and the navy yesterday and will head a constitutional monarchy.

The brief message added that the king's action had been greeted enthusiastically by the people of Siam.

Potter gave no indication as to what conditions were imposed. Neither did the Siamese legation have any information as to the nature of the constitutional monarchy which has been established to replace the last monarchy of importance in the far east.

partment must quit looking to the counties for aid in the form of bond issues. The designated state highways should be built at state expense out of the gasoline tax and the legislature must appropriate enough of the gasoline tax to pay the interest and sinking funds on county bonds.

"By so doing, the taxpayer will be given some direct and tangible relief that will be reflected by a substantial reduction of his tax bill. The income from the present gas tax is amply sufficient to enable the state to pay the interest and sinking funds on county bonds, maintain the roads, meet Federal aid and to carry forward a road building program commensurate with the conditions of the state. This policy will not retard road building in the Panhandle where we now have a splendid program on foot.

"Events of the last two years thoroughly demonstrated the wisdom of a pay as you go policy. I am glad that my efforts in the senate of Texas saved the state from the affliction of a two or three hundred million dollar bond issue. The big bond issue people have quit their program and have come to the plan I advocated in the senate two years ago. The state must live within its income and the income must be limited to what the people can pay."

Senator Small also announced that he had accepted an invitation to be in Pampa when the Port Worth & Denver Northern railway is formally opened. The date for the opening has been set for July 15. The senator was accompanied to Pampa by his son.

Banker Will Be Nominated Early

CHICAGO, June 25. (AP)—Melvin Traylor, the Chicago banker, will be placed in nomination at the outset of the rail call of the states.

This was decided upon tonight by Frank Schofield, the Texas rancher, and manager of the Traylor campaign, after the Illinois delegation was released by Senator James Hamilton Lewis, its favorite candidate. Someone from Illinois will place Traylor's name in nomination. The delegate has not as yet been selected for the task.

This step was decided upon after Mayor Anton Cermak of Chicago indicated Traylor would get the bulk of the Cook county delegates. The Texas rancher originally had planned to await a hoped-for deadlock before placing Traylor's name in nomination.

JOE BAILEY TO SPEAK HERE NEXT WEDNESDAY 2:30 P. M.

Friends of Joseph Weldon Bailey Jr., candidate for Congressman-at-Large, Place No. 2, are making preparations to welcome him when he speaks at Pampa next Wednesday. It is planned that he will address the voters at the courthouse. Mr. Bailey is a son of the late U. S. Senator Joseph Weldon Bailey and is an able public speaker.

Although this is Mr. Bailey's first campaign for office, he is thoroughly versed in the problems and questions now before the public. He will discuss the paramount issues of the campaign and give his position on them. He is a states-rights Democrat who believes in reducing the cost of government by keeping the government out of business. He stands upon the doctrine that only those powers are granted to the Federal Government which are enumerated specifically in the U. S. Constitution, and that all others were meant to be reserved to the separate states. He believes that the budget of expenditures of the Federal government should be balanced by reduction in such expenditures and not by an increase in taxation.

Mr. Bailey was born at Gainesville and was educated in the public schools of Cook county. He served as First Lieutenant in the 314th Field Artillery, serving overseas for more than a year and participating in all of the major offenses of the A. E. F. For the last ten years he and his family have resided in Dallas, where he has made an enviable record in the practice of law.

It is hoped that every voter interested, will avail himself of this opportunity to hear a fair and full discussion of the political questions of the day.

GAS HIKE--

is seeking to maintain provides for a net charge of \$1.18 for the first 1,000 cubic feet and 67 and one half cents for each 1,000 feet thereafter.

The proposed rate, as set out in the petition, provided for \$1.50 net for the first 1,000 cubic feet; \$1.25 for the next 1,000; seventy five cents per 1,000 for the next 3,000; 50 cents per 1,000 for the next 20,000 and 45 cents per 1,000 for consumption over 25,000 cubic feet.

Several towns have filed complaints against the proposed rates. The petition stated the commission expected to hear the complaints in the immediate future.

The state alleged the revised rates were unjust and unwarranted in the light of present conditions, the petition stating the potential supply of natural gas is larger now than at any time in the past and that the cost of delivering gas had been reduced because of lower levels for labor, material, supplies, and equipment.

The petition states "great chaos and confusion" among the consumers would follow if the proposed rate was made effective.

C. V. Terrell, chairman of the railroad commission, stated he did not believe the rates should be raised until a hearing is held and a showing made that the raise is necessary. This statement was the commission original jurisdiction over gas rates in unincorporated cities and towns of 500 population or less.

Missing also was the fabulous old gray mare, although it had been tipped about that a substitute had been optioned here.

"There must be a close agreement between the Texans and the Californians since the far westerners fell into line with the Texans and the standards they carried this morning were found quite suitable for a second tour of duty.

"Garner for jobs," "recall," "against debt cancellations," and "Labor is for Garner," some of them read.

Each Texan carried a state flag and the California bear flag also was raised aloft.

Chicago's official greeter, with his white car, was at the station to meet the Texans, as were Jed Adams and Mrs. Clara Driscoll Seyler, the national commissioner already here for the week's preliminary work.

Farm Board Cut Favorably Voted

WASHINGTON, June 25. (AP)—A 40 per cent slash in operating funds of the Farm Board was voted today by the senate but the action immediately encountered a move for reconsideration on the ground it would cause dismissal of many employees and cripple the board.

The \$1,000,000 appropriation voted by the house was stricken out and a provision substituted that the board may use up to \$600,000 of the unspent surplus remaining from the present fiscal year. The appropriations committee had recommended the board be allowed to use the surplus without any limitation but Senator Byrnes (D., S. C.) moved the \$600,000 restriction.

Opposing the action, Senator Nye (R., N. D.), read a letter from Chairman Stone of the board, saying the cut would force dismissal of 150 to 175 employees comprising half the force and compel all the others including members of the board to take a payless furlough.

VALUE OF TAXPAYERS' LEAGUE IS STRESSED AT INSTITUTE

RAILROAD--

(Continued from Page 1)

Little about county budget-making was discussed at the Lubbock institute of that name Friday, but those who attended were constantly urged to encourage organization of taxpayers' leagues, County Auditor R. C. Wilson said yesterday.

He was accompanied by Judge S. D. Stennis to the Lubbock meeting.

Mr. Wilson himself favors a taxpayers' league and believes there should be one organized in Pampa. "The citizenship, properly organized, can help county officials more than any institute, lectures, theories or any institute, lectures, theories to economize," Mr. Wilson said. Taxpayers' leagues have been formed recently at Panhandle and Amarillo.

"Officials," said Mr. Wilson, "are often inclined to forget that if they take care of their expenditures, they need not worry about taxes. A taxpayers' league can encourage officials not to raise the taxes but to get along with what they have. Such an organization could serve as a check upon budget-makers and the spenders of the county's money. It stands to reason that they people who pay the taxes should have some say-so as to how that money is spent.

"There should be a taxpayers' league in every city. It encourages the citizens to become vitally interested in how their money is spent. The new budget law is a good thing, too. A budget will reveal the weaknesses and strength in administration expenditures."

Gray county's budget for next year will be finished and placed on file in the county clerk's office in August. It will be discussed at a public hearing before it is adopted.

Mr. Wilson said the Lubbock institute was of greater help to city officials than to county officials, and that a greater part of the time was devoted to studying city finances and budgets.

Street Cars Tied Up By Strike In Mexico City Now

MEXICO CITY, June 25. (AP)—Street car traffic in Mexico City and its suburbs was stopped completely at noon today when 2,000 employees of the Mexican Light and Power company walked out in protest against plans of the company, a Canadian corporation, to reduce personnel and wages.

A member of the Street Car Workers' committee told newspapers if the strike were prolonged the workers would petition the government to be allowed to take over the company and operate the lines on a cooperative basis such as that recently worked out in Vera Cruz, Monterrey, and San Luis Potosi.

Choice Stock Is Always Feature At Anvil Park

CANADIAN, June 25.—Rapid progress is being made in the preliminary arrangements of the 10th annual rodeo to be held here July 20-22. The stock is being rounded up, grained, and conditional for this yearly occasion.

Flying hoofs—swirling ropes—daredevil riders—speed—bucking broncs—twisting steers—bawling calves.

And over it all the romantic atmosphere of a bygone day in old time Texas Panhandle—a day when the round-up became a rodeo, and while the top cowhands of the country side vied in the spectacular sports of the frontier.

This will be the setting for the Anvil Park Rodeo, the famous show of the Panhandle.

It is a recognized affair, and brings to Canadian the foremost contenders in the rodeo game.

One of the greatest measurements of a good rodeo is the choice of stock used in the riding and roping events. Here again the Anvil Park rodeo will be outstanding, because this association has never been successfully ridden according to the rules of the game.

The association has its own string of Brahma cattle, and has gathered together the wildest bucking Brahma steers, which means that there will not be much loading on the part of the boys who plan to ride these hump-backed, cross-sections of devilment.

All the events will not be the straight cow and man competitions however, as the wet's finest riding and roping talent have been acquired for the special exhibition. As these trick riders tear across the arena, the crowds will rise in their seats in applause, as they have distinguished themselves in fat company for years.

No show is complete without its entertainment features. The leading cowboy entertainer will be strutting his stuff in the arena between events. Among others will be Red Sublette, and his pinto mule, which sometimes seems to know more than his master, both expert mirth provokers.

ences between the Garner house bill and the Wagner senate measure, made little progress and agreed to resume their work Monday.

Chairman Norbeck of the senate group, however, said it would be virtually impossible to write the bill as the president has asked.

To do this, he added, "would be very much resented by the authors of the bill" and "would be difficult to the point of impossible."

Meanwhile plans for the adjournment of congress next week hung largely on the outcome of the relief controversy.

The senate worked on the remaining appropriation bills which must be approved by June 30 while the house, with nothing to do, was in adjournment over the week end.

day. One is over the convention chairmanship. The other will decide whether the party is to keep the precedent of a century and adopt the two-thirds nominating rule, or cast it aside as the Roosevelt men want to do.

Talk of Bolting

So bitter is the feeling over the rule-changing proposal that talk of a bolt went about tonight as parading delegations and noisy bands gave a real convention air to politics row along Michigan avenue.

The feeling of those who declare the Roosevelt people seek unfair advantage was fed by a statement opposing a change, issued by John W. Davis on his arrival in Chicago, and by similar statements in Ohio by Newton D. Baker and James M. Cox.

Both sides to that controversy claimed tonight a pledged majority, but both were checking and re-checking every vote.

Seeking to apply to the rule dispute any advantage they may gain from the split-up of the big Illinoismelon, the Roosevelt men sent scouts scurrying everywhere, raising the band-wagon call.

They met other scouts, led by Frank Hague of New Jersey, floor manager for Alfred E. Smith, counter-selling the opposition ranks to stand fast.

Mayor Cermak of Chicago, said the claim of 25 Roosevelt votes in Illinois was exaggerated, and made the total would not be above a dozen.

Meanwhile, the army's food funds were diminishing so rapidly today that it appeared likely they would be exhausted early next week. Donations are about \$50 a day while expenditures are several hundred dollars.

The hen is the only animal that delivers breakfast food in a natural sanitary wrapper.
