ROOSEVELT TALKS TO FARLEY ABOUT SUBJECT

ALBANY, N. Y., July 19 (AP)—Governor Franklin D. Roosevelt's campaign for the presidency got under way in earnest today as the democratic nominee conferred with his campaign advisers, Louis Howe, his personal secretary, and National Chairman James A. Farley regarding the machinery to be set up.

Two plans have been proposed for the conduct of the campaign and democratic thought has been divided regarding them. One plan, followed in other years, contemplates the creation of a headquarters office in New York with regional offices at other strategic centers, such as Chicago and some point on the Pacific coast.

The other plan, and one which is understood to be favored by Chairman Farley, is for establishment of a central headquarters office, preferably in New York, to have general direction of the campaign, and turn over to the dem-

Water Turned Into Gas Lines Causes Much Annoyance

Inadvertent connecting of a water pipe to a gas line on North West street flooded the fuel mains with water last night, it was reported by J. W. Garman, manager of the gas company, today.

The mistake was not made by employees of the utility. After pumping water all night, most of the trouble was cleared up. However, should pockets of water form and cause any more trouble, patrons are asked to notify the gas company.

Water in gas mains can cause more trouble than any other factor, Mr. Garman said.

Sidetrack Everything! The Political Special

Remember Duncan. Attention, voters! You Oklahomans must remember that we scratch names in this state, instead of placing a check mark after the one favored. In every election many well-meaning persons learn too late of their mistakes. . . . And remember that a Pampa man—Judge Ivy E. Duncan—is in the race for state representative from the 122nd district. Don't overlook Judge Duncan when marking your ballot—this oil area needs able representation.

Siamese Melons. George Muller of the Consumers' Market has sent THE NEWS another contribution to the freaks department. It is a double cantaloupe, both well developed and joined like Siamese twins. It was the only pairing in a carload, so the habit of twins in the animal kingdom evidently isn't well advanced.

Hopes for Slide. It is astonishing how famous men overlook the craving of the public for intimate information. For instance, President Ralph Budd of the Burlington system spent eight months in Soviet Russia as an observer. He could talk interestingly on Russia, although he does not often do so. He had a part in the building of the Panama canal. He used to worry, as an engineer, over whether they would have a slide in the canal. Now, at the head of a competing railroad system, he worries for fear they won't have any more

LUBBOCK, July 19. (P)—Seating arrangements for 6,000 persons were made here today incidental to a South Plains-wide Sterling rally scheduled for tonight. The principal speaker will be Dr. Amon G. Carter, publisher of the Fort Worth STAR-TELEGRAM.

Doctor Carter is making the trip from Fort Worth to Lubbock by plane and will be accompanied by Wyatt C. Hedrick, Fort Worth architect and son-in-law of Governor Sterling.

AUSTIN, July 19. (AP)—Governor R. S. Sterling and Tom F. Hunter, two of the four most active candidates for the democratic gubernatorial nomination, crossed each other's campaign tracks today as they sought favor of the voters in a final canvass.

Governor Sterling, seeking reelection, invaded his home town—Houston—for a speech, moving in from Port Arthur and Beaumont, where he spoke yesterday, as Hunter, who spoke to a Houston audience last night, visited those two cities.

Fergusons at Austin

A rally for Mrs. Miriam A. Ferguson was booked for Austin. The capital city meeting was arranged after the Fergusons, the candidate herself and her former governor husband, James E. Ferguson, originally had planned to speak only

Absentee Voting Will End Today

The county clerk's office in the courthouse looked like a polling place this morning as voters cast their ballots on the last day allowed by law for absentee voting.

By the middle of the morning, approximately 175 persons who were not planning to be in the county Saturday had cast votes. Of that number, about 75 had voted since 8 o'clock Monday morning. County Clerk Charlie Thut has been a busy man for two days. After today, no absentee votes can be cast.

On election day, the absentee votes will be counted.

GYPSIES GOING MODERN, SELECT COMMONER COLLEGE GRADUATE TO BE THEIR KING

DETROIT, July 19. (AP)—Even the gypsies are going modern. Turning back on tradition, they have elected as their king a commoner. Steve Stanley, a graduate of New York City college, over the head of Joseph Marks, son of the late King Steve.

Upon his coronation yesterday, the new King Steve served notice of drastic changes in the customs of his people. His will encourage education in American trades and professions to take the place of fortune-telling, horse-trading and copper-smithing as means of livelihood. Women will be encouraged to discard their flashy tribal garb for the dress of other American women. Sale of daughters in marriage to the highest bidder is taboo and dishonesty will not be tolerated.

Equally as drastic was King Steve's announcement that after he has ruled ten years, his subjects will be given opportunity to vote again on a ruler.

DR. THACKER'S ARREST TOLD

Oklahoma City Man Wanted In Connection With Illegal Operation Probe.

SPRINGDALE, Ark., July 19. (AP)—A man whom officers said they were certain was Dr. Richard E. Thacker, widely sought for the death of a University of Oklahoma co-ed and an Oklahoma City girl, was arrested at a farmhouse 10 miles east of here today.

Dr. Thacker is charged specifically with the murder of Robbie Lou Thompson, telegraph company employe, but also has been accused by Oklahoma City officers of the death of Mrs. Frank Lee, wife of an Oklahoma university football player. Both girls died several months ago, following alleged illegal operations.

The man was taken into custody by Chief of Police G. D. Lichtenhan and Marshal M. Beck on information from Oklahoma officers.

Officers said Dr. Thacker had been near Springdale for several weeks.

Court To Start Monday In Busy Session Here

Notices to members of the jury pool for the jury week of 114th district court which opens for an eight-week term here next Monday are being mailed this week.

Indications are now that the court will be busy every day of the term. Last Thursday was the last day for serving notices of suits to be tried during the term. In addition to old cases, approximately 50 new suits were filed within the legal time limit. Almost half of the actions on the docket are petitions for divorces.

The first business to be transacted Monday will be election of a judge. E. F. Ritchey of Miami served as judge at the two last sessions of the court. Judge Clifford Braly is recuperating from an illness in south Texas.

ILLINOIS AND PENNSYLVANIA ASK MILLIONS

DIRECT HELP COUPLED WITH IMPROVEMENTS

LOANS TO BE LIMITED

TEXAS UNDECIDED ON WHAT TO OBTAIN FROM U. S.

By J. H. JENKINS Associated Press Staff Writer

WASHINGTON, July 19. (AP)—Thirty states today had signified the probability that they will ask a portion of the \$300,000,000 provided in the closing hours of congress for direct relief of unemployment.

The first eight definitely to indicate the amounts needed gave a total of \$117,050,000 to be asked immediately. Governor Pinchot of Pennsylvania has written the reconstruction corporation assuring his state needs \$45,000,000 and Representative Britten said Illinois doubtless will need as much.

The fund is to be distributed in the form of loans to states which will distribute the money among their relief agencies.

President Hoover planned to sign the bill today. Immediately afterward the corporation is expected to formulate regulations under which applications are to be made by the governors of the states.

Although no method of procedure would be outlined now by the corporation, it was regarded there as likely that the directorate would waive its rule that loan applications must be made to the nearest of 33 district offices.

Quick Action Likely

In this event the applications would be direct to the corporation here and quickly passed upon. All applications, whether for aid of a city, county or other political subdivision must be attested, under the act, by the governor of the state.

The bill provides that not more than 15 per cent of the \$300,000,000 may be allotted to any one state. Governor Pinchot, who last year appealed for federal aid to stem destitution in the Pennsylvania coal

Voting Place On South Side To Be Named Soon

Where will voters of precinct No. 2 (the south side of Pampa) cast their ballots this year?—a question that everybody has asked for five or six years a week before election.

The question is beginning to be asked again this year, and as yet election officials have no answer for certain. They have a place spotted but they haven't made contact with the owners. They are waiting to see him. By Thursday, Siler Faulkner, county democratic chairman, and L. C. McMurtry, presiding officer for that precinct, hope to have an answer to the question. The 1930 primaries were held in the Church of God building.

Instead of casting their ballots in the Mutual Hail insurance office at the rear of the First National bank, voters of precinct No. 9 will troop to the polls this year at the Saunders building at the corner of Kingsmill and Ballard. The election will be held in the display room of the building with P. C. Ledrick in charge.

Numbers, names, voting places and presiding officers of other boxes in the county follow:

CROWDS ON STREETS AND IN STORES AS SECOND PAMPA DAY HERE IS OBVIOUSLY SUCCESS

Joe Lazarus Writes Of Project For Magazine In the OIL FIELDS

Another successful PAMPA DAY was in progress today, the streets crowded with cars and pedestrians and the stores filled with people.

Both the La Nora and the Rex theaters played to capacity houses this morning when free snows were presented.

Visitors from out of the city came early to attend the shows and to shop, and stayed late to hear the music during the noon hour and attend the entertainment across the street from the courthouse. Tonight a big dance will be given at the Bi-Mor auditorium. Admission will be 25 cents with dancing free.

PAMPA DAY was started last month by the Pampa NEWS, assisted by local merchants. The idea came from Joe Lazarus, manager of the Brownbill Shoe store. Through PAMPA DAY, Mr. Lazarus has become somewhat famous through having a story and his picture published in the Boot and Shoe REORDER, the largest international shoe magazine in the country.

The story, written by Mr. Lazarus, covers two pages. He starts his story by saying, "One of the biggest troubles with the merchant of today is that in too many instances he has given up the fight. He is waving the white flag and waiting for someone to give him a gentle push. I say stay in and pitch and don't say die."

The story continues, saying that PAMPA DAY is sponsored in Pampa by the Pampa Daily NEWS, assisted by energetic merchants. Mr. Lazarus quotes several stories from "the progressive newspaper that is always in front."

Mr. Lazarus says what takes the eye of the mass of people is the fact that they are not bagedered to buy, but to look things over, and that the merchants are not under any obligation to take ads in the paper. Progressive merchants take advertisements though, Mr. Lazarus writes.

Bernie Hinkle of Laketon left today on a vacation trip to north Texas cities where he will visit relatives and friends.

'IF THAT BOY EVER MISSES'

Reader interest is what makes persons READ a newspaper after they get it. Reader interest is what makes the advertising effective. Just an instance: Mrs. C. L. Mullen is still a constant reader of the Pampa Daily NEWS as she was of the first Pampa NEWS printed in 1907, the year Mr. and Mrs. Mullen moved here to make their home. Mrs. Mullen had post-office box 184 at that time and she still has the same box number.

At that time the office was in the Brunow building and Dr. V. E. von Brunow was postmaster. Every Friday the Pampa NEWS would be placed in the boxes and there was always a "run" on the office, Mrs. Mullen said yesterday while reminiscing about early Pampa.

Mrs. Mullen has just celebrated her 87th birthday. She resides at 101 Wynne street. "I look forward to getting THE NEWS every night and if that boy ever misses he is going to hear about it," Mrs. Mullen smilingly remarked.

IMPORTANT TO TEXAS

The Austin STATESMAN reminds Texans that it is of equal importance, if not greater, to Texas to continue common sense and public honesty in the government at Austin as it is to enshrine these qualities in the government at Washington. Naming Roosevelt and Garner on the national Democratic ticket and Ross Sterling as a candidate for the Democratic nomination to succeed himself at Austin, the Statesman asserts that "there is a striking similarity among the three men—that is, when the surface of things is stripped down to the ultimate truth." This similarity, says the Statesman, lies in the fact that "all three of these men are honest."

This is a time when honesty in government is at a premium. Deviousness of whatever sort, anything that makes less straight the path between the people and their government, anything that makes less open and aboveboard the transactions of government offices, should be thrust aside by the vote of the people as something belonging in the dark ages of politics. This is a time when public servants who have been honest and courageous in the performance of their duties under the public trust should be encouraged by a vote of public confidence. It is a time when self-seekers in politics who have demonstrated in the past the ability and disposition to betray the public trust should be rebuked in no uncertain terms.

Texans should record their preference for sound government, for responsible government, for honest government, by casting their ballots for Ross Sterling in the Democratic primary on July 23. That is of importance equally as great as voting for the same qualities in National Government represented by the Democratic ticket which will be voted upon in November.—Star-Telegram.

slides in the famous cuts of the canal.

Very Strange.

The railroad celebration put a lot of persons in an optimistic frame of mind. We even heard Amos G. Carter, publisher of the Ft. Worth STAR-TELEGRAM, say a few nice things about Dallas. Ordinarily Mr. Carter's references to Dallas are not fit for publication. Mr. Carter, however, did not say anything nice about the Ferguson, who are termed by him as menaces to honesty in Texas government.

Football Vs. Reds.

This isn't football weather, but we are reminded by Travis Lively that football has at least one claim

to distinction in this country—it takes the students' minds off governmental theories and makes them harmless from the standpoint of politics. It is not so in Europe, where students are red-hot on political theories and often are allied with radicals. Most of the riots abroad are inspired or led by the universities. Even in China, the university graduates are the disturbing influence and the chief stimuli to progress. American students are often called mentally lazy and football mad. Many a European statesman would like to have the same kind of students. Football enthusiasm and that lean, hungry, alert look of the student of sociology do not blend well, it seems.

Impediments.

The Claude NEWS remarks that the right to vote may be inviolable, but that many impediments are put in its way. Which is correct, taking into consideration that \$1.75 poll tax ex-

acted from voters. The sum is too great for times like this. The privilege of voting should not be so heavily burdened as to invalidate the right. A reduction in the poll tax should be the goal of legislators.

Getting the Vote.

Junior chambers of commerce have a nationwide get-out-the-vote campaign. In connection with this drive, we quote the Vernon RECORD:

"Never was there a time when the responsibility of the American voter was greater than it is this year. At the same time it is doubtful if there ever was a time when this task was more complex and difficult to perform intelligently.

"There are so many conflicting claims, promises, analyses, explanations, theories and programs bearing upon the troubles of the nation that only by the most thorough and unbiased thought can the voter hope to separate the good from the chaff.

"Today more than ever before selfish ambition is being presented to us in the guise of patriotic zeal; political chicanery calculated to stir up strong emotions and prejudices are more dexterously obscured back of pretensions of public interest. Because selfish interest, stimulated by economic pressure, is more widespread than ever, the voter this year cannot safely depend upon the advice of others. Reason must be his chief aid if he would demonstrate the efficiency and capacity of democracy in the solution of great difficulties.

"This year, integrity, cap-

ability, comprehension of the needs of the times must dictate the vote of the sincere, right-thinking people of the country. We must analyze and weigh the qualifications of the candidates more carefully than ever.

"And it is time to begin the analysis. We ought to study every campaign utterance, compare it with past actions and records of the individual. This is no time to accept a man's utterances, much less his promises, upon his unsupported statement. It may be a reflection upon the honest candidates to say this, but the times require curtailment of formality in the interest of public welfare.

"Think—then vote as your conscience dictates. If we do that, we shall have taken one decisive step toward restoration of normalcy in this country."

—Vernon RECORD.

duction in various fields fluctuated last week, but the increases and decreases balanced themselves so nearly that total United States oil output was down only 3,468 barrels to a total of 2,146,731 barrels daily, reports to the Oil and Gas Journal show. Oklahoma production dropped from 423,530 to 406,335 barrels a day. Texas production was up from 868,610 to 877,269 barrels daily, due in part to East Texas, which showed an increase from 335,908 to 337,308 barrels a day. California increased its output 3,000 barrels a day at 471,000. The Rocky mountain area showed a further decline, output dropping from 82,191 barrels to 79,930. Eastern production was down 1,000 at 118,000 barrels, while Kansas production increased from 95,315 barrels to 97,120.

The Roosevelt candidacy along with each state committee would boost again, it was pointed out, and the candidacies of its native sons for state and congressional offices. One important post yet to be filled is that of the party's national treasurer. Melvin A. fields, was the first to take direct action. But representatives of Governor Emmerson of Illinois have been in Washington several days and have discussed their situation with directors of the corporation. Pinchot wrote the board last night asking that \$15,000,000 be made immediately available for Pennsylvania.

William H. Sexton, of Chicago, and Dewitt Bilman, of Springfield, urged Governor Emmerson over the telephone to hasten an application to Washington so the corporation could pass on a loan to Illinois by Friday.

Cook County Desperate. This application, they said, is imperative to prevent closing of relief agencies in the state, particularly in Cook county.

The states which have signified their definite intention of making destitution loans and the amounts they probably will ask follow: Idaho, \$1,500,000; Illinois, \$45,000,000; Indiana, \$9,000,000; Kansas, \$2,750,000; Michigan, \$11,800,000; Missouri, \$2,000,000; Pennsylvania, \$45,000,000; Utah, \$2,000,000; West Virginia, \$500,000.

In addition to the "destitution" loans most of the states will ask large sums for public works and to match federal aid highway money under the terms of the act permitting such borrowing, the money to be repaid over a term of years.

There are a few states which probably cannot take advantage of the law. Florida's constitution forbids any bond issues or borrowing. Nebraska operates on a "pay as you go" plan and has no bond issue and no loan will be asked.

New Jersey seeks to obtain \$10,000,000 for relief by means of borrowing \$35,000,000 to \$45,000,000 for retirement of bonds of the Delaware river joint commission, which owns the bridge across the Delaware between Philadelphia and Camden. Of the money the commission would pay to the state, \$10,000,000 to be used for relief.

West Virginia has a bill in the state legislature authorizing borrowing of \$500,000 under the destitution section and \$2,500,000 for meeting the state deficit. Arkansas plans to borrow \$2,750,000 for highway work and \$350,000 to complete a state insane asylum. Whether any destitution relief will be asked was not stated.

Florida, Maine, Maryland, Massachusetts, Nebraska, Nevada, New Hampshire, North Dakota, Oklahoma, South Carolina and Vermont officials indicated in response to inquiries that they would ask no loans.

Information by the Associated Press from the various state capitals also shows that Alabama, Arizona, California, New Mexico and Tennessee governors are awaiting the text of the bill before deciding what to do. Officials in Colorado, Connecticut, Georgia, Idaho, Minnesota, Mississippi, North Carolina, Oregon, Rhode Island, Texas, Virginia and Wisconsin, as yet are undecided as to how much will be asked, if any, for destitution aid.

Resubmission Is To Be Voted On Next Saturday

The official resubmission ballots for the democratic primary election in Gray county next Saturday have been received by Siler Faulkner, county democratic chairman. The ballots are small, measuring two inches wide and four inches long. The issue is stated for and against the submission by the 73rd Congress of the question of retaining or repealing the 18th amendment to the constitution of the United States to the people through conventions especially elected in the separate states to consider that issue by itself, as provided in Article 5 of the constitution of the United States.

To vote for submission, the voter must mark through the paragraph commencing with "against," and to vote against the issue must mark through the paragraph commencing with "for."

HISTORY-MAKING SESSION OF CONGRESS FEATURES RELIEF

WASHINGTON, July 19. (AP)—The precedent-setting first session of the seventy-second congress is over—and President Hoover tomorrow will sign the \$2,122,000,000 relief bill, writing "mine" if not well done? No one of the legislators' biggest jobs.

Thus will become law another of the pieces of legislation that defied tradition and stretched this last hectic month before adjournment at 11:35 Saturday night.

Like most of the congressmen, Mr. Hoover took advantage of the let-up in business to leave town. He went to his Rapidan camp.

The relief bill in itself would entitle congress to emphasize in the history books. But unusual as are its provisions, it is matched in newness by many other things that kept Washington in a flurry from Dec. 7, 1931, until July 16, 1932.

The closing hours of Saturday's session were anything but calm. They saw:

The senate made its first business for the December session a resolution sponsored by Senator Glass (D., Va.), to replace the eighteenth amendment with another barring the saloon and giving liquor control to the states.

Scores of veterans milling about the capitol and heading for the White House in a demand for the bonus.

A final house vote making adjournment possible by passing the administration's home loan bank bill carrying a currency expansion rider upon which the senate insisted.

Senator Couzens (R., Mich.) saying on the floor that he hoped the republican leader, Watson of Indiana, would be defeated in the fall elections.

Many minor pieces of legislation go to the White House for approval.

The weary lawmakers left behind them records that showed these things approved since December:

The \$270,000,000 Hoover debt moratorium.

The two acts setting up a \$3,800,000,000 reconstruction finance corporation.

The Glass-Steagall bill to liberalize banking laws and create additional credit.

The \$1,118,500,000 tax law.

An "economy" bill to save around \$156,000,000.

The Norris bill to minimize the use of injunctions in labor disputes.

The addition of \$125,000,000 to farm loan bank capital.

Submission to states of a constitutional amendment to abolish "lame duck" sessions.

They left on the president's veto record:

The democratic tariff bill.

The first Garner-Wagner relief bill.

They saw approved by one house but not the other:

Philippine independence.

The Goldborough bill directing the treasury and federal reserve board to stabilize the dollar.

A proposal to cash the bonus.

A bill for the leasing of government operation of Muscle Shoals.

A proposed expenditure of about a billion dollars for a twenty navy.

They left awaiting action:

The world court treaty.

A bill by Senator Glass to reform banking laws.

Demands for farm relief legislation.

Proposals in both houses to repeal the eighteenth amendment and modify the Volstead act.

They had established committees to:

Investigate the farm board.

Study veterans benefits.

Inquire into reconstruction corporation loans.

Seek additional means of reducing federal expenses.

Study the St. Lawrence waterway treaty.

Watch campaign expenditures.

Review tax laws, searching out federal statutes that duplicate state laws.

Old Argument Raging As Film Of Fight Show

Did three judges rob Max Schmeling of his title and give it to Jack Sharkey in the championship bout a few weeks ago?

Joe Jacobs, Schmeling's manager, said they did. The ringside boys said they did. Jack Dempsey said they did. The Dempsey men to a man said they did. Schmeling didn't say. Sharkey didn't say, but he looked surprised when his hand was lifted. The two radio announcers described the fight in such a manner that millions of listeners were inclined to agree with Jacobs. "Time" magazine said there wasn't any fight, and if there was Sharkey put a little better job of winning it than Schmeling.

Now comes George Limerick, manager of the LaNora theater, saying that after all the people of this community were at the mercy of the radio announcers, the judges, the sports scribes, and that the only way to satisfy themselves as to who won the fight is to see it on the screen at the LaNora theater Thursday and Friday.

The cinema account of the Sharkey-Schmeling fight will not look like the old-time movies of fights in the Dempsey days. It will show every blow that was struck in the fight. The disputed and telling blows will be shown in slow motion, and the most heated portions of the "boxing exhibition." The picture is in three reels and will last 30 minutes. The fight was photographed in close-up fashion. The picture will show the crowds, the bores, the cheers and all the participants in the affair.

Bob Logan, southpaw sensation of the Knoxville, Tenn. Smokies, has been recalled by the Indianapolis club of the American association.

Junior Chamber Reviews History And Plans Work

After summarizing activities during its brief history, members of the Junior Chamber of Commerce last night started plans for other projects of benefit to the community.

Things the Jaysees have sponsored or assisted in holding include Santa day, a job survey, Frontier Days celebration, B. C. D. banquets, bankers convention, railroad celebration, Boy Scout drive, and the good will trips. The first project of the chamber was the Santa day celebration of last December.

President J. M. Collins urged every member to pay his dues and stand ready for assignment of work. An entertainment program consisted of trombone solos by Ensign J. P. Kirkman, accompanied by Miss Inez Barrett, and group singing led by Mr. Kirkman.

Better Price for Eggs Is Indicated For Coming Fall

A fair price for eggs this fall due to the shortage of pullets on farm throughout the United States, was predicted by E. N. Holmgren, extension poultry husbandman of Texas A. & M. college who was here during last week-end. Mr. Holmgren advises farmers to give the pullets special care in order to get them into production this fall.

The poultry specialist and County Agent Ralph E. Thomas made a tour of some of Gray county's poultry farms. Mr. Holmgren's particular message to poultry raisers on this tour was the importance of green stuff for poultry at all times.

He found all that could be hoped for when the Charles Talley farm in the Lakota community was visited. A sudan patch ran up to the back of both the laying house and the brooder house, and lawn clippings were used to supplement the sudan grass.

At the farm of Frank Davis in the Hopkins community, Mr. Holmgren found a brooder house located in the middle of a half-acre of alfalfa. "Well, that sure is the way to raise chickens," he exclaimed. "See your farmers are using advanced methods in poultry raising." Mr. Holmgren called attention to the golden legs on the pullets. "No nutritional soup here," he said after examining one of the pullets for symptoms.

Former Champion Will Be Paroled

SAN QUENTIN PRISON, Calif., July 19. (AP)—"Kid" McCoy—christened Norman Selby—one time welterweight boxing champion of the world, former soldier and motion picture actor, and man of many marriages, looked forward here today to a new change of role—from convict to restaurant employe.

His release from prison, probably this week, on parole was announced last night by Parole Officer Ed Whyte. Freedom for the fallen ring idol of more than 20 years ago, Whyte said, was made possible by an offer of an old friend—to give "Kid" McCoy now 59, a job in Rochester, N. Y., restaurant. Under the law he must have a job before he can be paroled.

It was eight years ago in Los Angeles that McCoy's eventful career, which had taken him to the capitol of Europe as a fighter, to the Mexican border as a soldier and to Hollywood as an actor, crashed against a slaying charge. He was convicted of manslaughter for killing his reputed sweetheart, Mrs. Thress Mors, and of assault and robbery of other persons after the shooting of Mrs. Mors.

Report of Hearing To Be Expedited

A "rush order" for a stenographic report of the proceedings at the oil hearing here last Saturday was received today from the state road commission.

The commission expects to make a decision as quickly as possible. Previously, the commission has waited from six to eight weeks or longer before ruling. Mr. Holmes said the proceedings would contain about 100 typewritten pages.

Japanese Army Moving To Rescue

TOKYO, July 19. (AP)—The Japanese army has begun an invasion of the province of Jehol, last unoccupied section of Manchuria, and clashed there with Chinese troops.

Dispatches from Mukden said a battle occurred just inside the Jehol boundary line. Although details were lacking, the Japanese were said to have driven back the troops and started to march to Peipiao, a branch terminus of the Mukden-Chinchow railway.

The purpose of the expedition was reported to be the rescue of Gonshiro Ishimoto, a former Japanese army officer, believed captured by the Chinese near Peipiao.

Kid Chocolate Slipping Again

NEW YORK, July 19. (AP)—Kid Chocolate, the glistening Cuban negro, was further than ever today from his most cherished dream the lightweight championship.

The "Kid's" latest comeback attempt was halted last night by Jackie (Kid) Berb, Briton, who received the decision after 15 rounds at the Garden Bowl.

The referee and one judge cast their votes for Berb, the other official though Chocolate had turned the tables on his old nemesis. The Associated Press score sheet credited the Cuban with seven rounds to Berb's six.

TELEPHONING IS BEST WAY FOR REPORTING FIRE

The floor of an abandoned building formerly occupied by the Pampa Electric company on the alley between Somerville and Gray streets north of Kingsmill avenue caught fire from some unknown reason about 2 o'clock this morning. The fire department answered a call and with water from the booster tank put out the blaze with little damage resulting.

The person who turned in the alarm went to the fire station and stood on the door instead of telephoning. Fire Chief Clyde Gold says that anyone reporting a fire use the telephone instead of going to the station. When the fire station telephone is, it wakes all the men and they are ready at one time.

When someone rattles the door it may be that only one fireman hears and he may believe it is the wind. If he gets the alarm he has to arouse the various members of the department and that causes delay.

"Use the telephone," Chief Gold says.

LIVESTOCK INDUSTRY IS MOST OPTIMISTIC BUSINESS WHILE PRICES GO STEADILY HIGHER

CHICAGO, July 19. (AP)—Just about the most optimistic industry at this stage of the economic situation is that which deals with livestock.

In the "yards" of Chicago, focus of this great business, a steady advance of record length in the value of hogs has been closely watched. Observed, too, has been the gain which has made battle the first farm commodity to top 1931 best prices.

And on the farms, although an estimated \$100,000,000 has been added to valuations by these gains, no stampede to sell has developed.

Last week there was a reaction in hogs but it did not take place until 34 successive daily price advances had raised the top from \$3.30 on May 28 to \$5.55 a week ago. Cattle averaged \$8.25 last week compared with \$7.65 for the corresponding week last year.

President Charles A. Wilson of the Chicago Livestock exchange terms the livestock gains "seasonal" but added: "The rise from the lows of last winter has been very marked. Hogs, which reached the lowest price in 35 years, and cattle have made a good recovery."

Others at the yards claim the upward movement has only started and some enthusiasts assert livestock may usurp the position forecasters usually reserve to grains as well-weather for a forward movement of commodity prices generally.

They point out that the shortage of meat is still acute and cite that June hogs receipts were the smallest since 1883. The cattle shortage is accounted the most pronounced since 1884.

The packers rejoice along with the producers and the railroads. And the farmers takes courage at these concrete results of the recent movement.

A carload of hogs sells \$300 higher than a month ago; A carload of cattle brings \$650 more than at the low point in May.

Cooler Weather Very Acceptable

By The Associated Press

Temperatures were slipping back to normal today in East Texas and parts of West Texas as the heat wave which caused six deaths was broken by scattered showers and cooling breezes.

Although yesterday was another scorcher, maximum temperatures in a number of cities were several degrees below those of Sunday, when the sun bore down most severely. Houston, with a top reading of 96 yesterday, was 6 degrees under the preceding day. San Antonio from 104 to 102, Dallas from 99 to 98, Galveston from 98 to 90, Palestine from 102 to 100, Port Arthur from 100 to 94, Corpus Christi from 96 to 92. Today's readings were even lower at most points.

On the other hand, several West Texas cities continued hot. Abilene and Amarillo had the same maximums for two days. Abilene was 100 and Amarillo's 98. Austin had 104 on both days and El Paso climbed two degrees to 102 yesterday. Pampa reported cooler weather today.

The forecast for tonight and tomorrow promised partly cloudy weather with thundershowers for many sections of east and southwest Texas. West Texas was in line for fair weather.

A cool breeze today was received in Pampa with many sighs of relief following several days of terrific heat. Although the reading yesterday topped at 102 degrees, it was almost as hot as Sunday when the hottest day of the season was recorded. At noon today the temperature had not passed the 90 degree mark very far.

As Wrestlers, Negroes Best At Oldtime Socking

Negroes just won't "rattle," as was demonstrated at the Pla-Mor auditorium last night when an all-negro card was presented. The colored boys tried hard but their knowledge of the game and their inability to take punishment was apparent.

The card opened with a battle royal that turned out to be the headline of the evening. The five dusky warriors started out like a bunch of wild Indians on the warpath. They slugged anything that came their way whether it was a head, shoulder, back, hip, or face. At a knee hit the participant was disqualified. It took two rounds for Snowball to take the first honors of the evening.

Sonny Boy of El Paso and Young Kid Brown of Houston won one fall each in the opening wrestling match and then decided to quit with honors even. Brown won the first fall with an unknown hold that might have been a type of cradle hold. The boys took the second fall with a pressure hold. He came off his opponent, jumped up and yelled, and then both boys left the ring, never to return.

Dynamite DePriest of Oklahoma City won two straight falls over his stocky opponent, Walter Wallace of San Antonio. Few holds were displayed but plenty of "faces" resulted. The two boys started fast and the fans sat up to enjoy things. The first flurry lasted about three minutes and that ended things until DePriest came out with a hammerlock which won him the fall. It took seven minutes.

Much encouraged, the tall Oklahoman came back and worried his opponent for a few minutes with headlocks and body scissors. Wallace retaliated with a slam and some hand holds. Suddenly DePriest flipped over and came up with a toe hold. He added a second toe to the hold a minute later and Wallace patted the mat.

STERLING IS QUERIED

DALLAS, July 19. (AP)—A questionaire asking Governor R. S. Sterling if he favors repeal or re-submission of the eighteenth amendment was submitted to him today by Mrs. Abel D. Hardin, an officer of the Dallas district Women's Christian Temperance Union. They also asked the governor if he had declined to answer the query of Mrs. J. T. Bloodworth, district president of the Women's Christian Temperance Union, as to his stand on the eighteenth amendment.

John W. King, Goldsboro, N. C., asked \$10,000 for personal damages caused by the alleged explosion of a cigarette.

WOMEN ARE WORKING DILIGENTLY AS ELECTION NEARS

Garden Club Is Organized This Morning; Will Help to Beautify Pampa

QUALIFICATIONS POSSESSED BY MRS. WARNER AGAIN ARE EMPHASIZED AT RALLY HERE

CAMPAIGN IN BEHALF OF WOMAN HELD IN COUNTY

Women of Pampa who favor Mrs. Phebe K. Warner for the office of congresswoman-at-large, placed her qualifications before the people and urged that all voters leave her name on the ballot next Saturday.

While one group of women was holding a rally yesterday afternoon at the Presbyterian church, other women were campaigning for Mrs. Warner in other parts of Gray county.

Mrs. J. M. Dodson, chairman of the Phebe K. Warner club, presided at the rally, which was opened by a song, "Marching to Congress With Phebe K. Warner," and music by Vern Springer's orchestra.

Reasons of Support
"It is not because Mrs. Warner is a woman and it is not because she is a member of the federated clubs that West Texas women are supporting her," said Mrs. Dodson. "It is because of her platform and because of the valuable life she has lived from the time she moved to Texas to become the bride of a small-town physician.

"As a doctor's wife she was called upon to render many services, and this she did willingly. She organized the first junior league and the first rural club in her community, thereby finding talents in people who thought they could do nothing out of housework.

Such was the beginning of Mrs. Warner's service to Texas. She has increased until now she is asking to render truly great services as congresswoman-at-large."

Usefulness Stressed
Usefulness in service also was stressed in a short talk by Mrs. Walker. "Mrs. Warner has always worked for the other fellow, and she is still doing it," said Mrs. Walker.

"Mrs. Warner's personality and writings have caused me to admire her a great deal," she said. "I am sure that West Texas will be strong for her, but we must work untiringly in order to make up for any lack of support which may exist in other parts of the state."

Mrs. H. H. Hicks was unable to be present, but she urged by proxy that the women believe in Mrs. Warner vote according to their own convictions and that they refuse to be influenced by other persons.

"True 35 Years"
"Mrs. Warner's life has rung true for 35 years. Will it not ring true a few years more," she said.

The challenging question was asked by Mrs. C. T. Hunkapillar, who discussed Mrs. Warner's platform as resembling a 6-point star. The "points of the star" are as follows:
1. A united Texas. (By selling Texas to all Texans, by cultivating more state-wide interest and enthusiasm in Texas for Texas, and by practicing closer cooperation between all inter-related state industries.)
2. Not "farm relief" but a farm credit. (By favoring government loans and more profits on the farm; by both town and country people practicing a more rigid "live at home" program; by placing a county farm agent and a county home demonstration agent in every agricultural county before we buy any more foreign war debts or loan any more billions to other foreign countries to wage more wars; by doing more to Americanize the foreigners within our own borders and less to foreignize America by aping foreign customs that might bring more millions to a few and more poverty to millions of our own people.)
3. Asks Representation
4. Direct representation of our six million farm homes in our national congress. (By sending to congress at least one member to represent the personal rights and views of our 5,000,000 farm women and our 15,000,000 farm children.)
5. Mrs. Raymond W. Harrah, in speaking for Mrs. Warner, said: "She is disqualified, she is true, and she is one of us."

Circle Meetings Held by W. M. S. Here on Monday

Yesterday afternoon was spent in study, followed by brief social periods, by the First Methodist W. M. S. circles.

Missions in China were discussed by Circle 1, meeting in the home of Mrs. H. R. Thompson. Following the devotional by Mrs. George Walstad, assisted by Mrs. D. M. Lowrance, the following talks were given: "China Traveled Forward," Mrs. S. C. Evans; "A Pioneer Missionary," Mrs. Luther Pierson; "Interesting Government Facts of China," Mrs. R. W. Lane.

Refreshments were served to Mesdames D. M. Lowrance, R. W. Lane, W. M. Castleberry, S. C. Evans, J. H. Marshall, Luther Pierson, W. Purviance, W. H. Peters, Roy Tinsley, George Walstad, and H. R. Thompson.

Missions Studied
Chinese missions also were studied by Circle 2, which met at the church. Following a devotional based on the second chapter of Corinthians by Mrs. C. T. Hunkapillar, Mrs. John B. Hessey spoke on "Present-Day Conditions in China," and Mrs. Sherman White spoke on "Golden Deeds of Missionary Women."

Those present were Mesdames C. V. McArthur, C. T. Hunkapillar, C. E. McHenry, John B. Hessey, Sherman White, and Frank Allen.

"Finding God"
Finding God in daily life was the subject of a devotion led by Mrs. H. F. Barnhart, opening a meeting of Circle 3 at the church. Discussions were as follows: Conditions in China, Mrs. A. E. Goldston, the future of missions in China, Mrs. H. T. Wohlgemuth; "Woman with the Golden Deeds," Mrs. C. A. Burton, Mrs. C. C. Dodd and Miss Dorothy Dodd, accompanied at the piano by Mrs. May Foreman Carr, favored the group with a duet.

The hostesses, Mrs. Long and Mrs. Goldston, served refreshments to three visitors, Mrs. Carr, Miss Dodd, and Mrs. de Tar, and the following members: Mesdames H. F. Barnhart, R. K. Elkins, H. L. Wilder, Fred Culler, Zora Burke, T. Wohlgemuth, Roy Kretzmeier, C. C. Dodd, J. M. Turner, C. O. Seeds, C. A. Burton, Paul Gentry, Nat Lunsford, and B. F. Brown.

Mrs. Hurst Hostess
Mrs. S. A. Hurst was hostess in her home to members of circle 4. The meeting proceeded as follows: Devotional, Mrs. T. L. Certain, assisted by Mrs. Albert Wood; discussion of Dr. Margaret Polk, a pioneer missionary, by Mrs. J. M. Fitzgerald; "Do Movies Promote Lawlessness?" Mrs. J. M. Walton; "This Goes Forward," Mrs. W. R. Campbell.
Refreshments were served to Mesdames Frank Bryan, Albert Wood, A. B. McAfee, H. B. Carson, J. M. Fitzgerald, W. R. Campbell, T. L. Certain, A. Hurst, I. M. Walton, and Siler Faulkner.

COMING EVENTS

WEDNESDAY
Central Baptist W. M. S. will meet at 3 o'clock at the church for mission study.

Treble Clef club will rehearse at 9:30 a. m. at the First Baptist church.
Women's council of the Christian church will meet at the church at 2:30 o'clock.

The Presbyterian auxiliary will meet at 3 o'clock in the home of Mrs. Dave Pope, with Mrs. Pone and Mrs. T. W. Sweatman as co-hostesses.

CLUB WILL MEET
A rehearsal meeting of the Treble Clef club will be held tomorrow morning at 9:30 o'clock at the First Baptist church. Mrs. Philip Wolfe, president, is asking that all members attend.

ENJOYS PLANS—WANTS ONE
Ever since he could talk, Junior Duenkel, 3-year-old son of Mr. and Mrs. Claude Duenkel, would beg to ride in an airplane when he would see one fly overhead. Yesterday afternoon, he got the thrill of his young life when his mother accompanied him on a flight in Boyd Kennedy's plane. Junior was so enthusiastic about flying that he not only wanted to get out of the snip when Boyd landed. Said Junior, "Mother we don't have to ride in trains and cars any more now, do we . . . when I get big I'm going to get me an airplane, just like this one."
Unable to start the car after they had robbed Thomas Weather's, Raleigh, N. C., taxi-driver, bandits forced the driver to start the motor so they might escape.
"Mrs. Warner is true to her convictions and is a Christian woman," said Mrs. W. Purviance. "Those things speak well for her."
Mrs. Glen Pool declared she favored Mrs. Warner first of all because Mrs. Warner was a professional woman, not a politician.

My Beauty Hint

By JOAN CRAWFORD
In the looking glass we see ourselves as others do, but it's a bit difficult to get a glimpse of the back we turn to the public during the evening hours.
This often results in our giving more attention to our faces and less to our backs—a serious oversight. I have found daily soap and water baths very beneficial to the back, especially when the water is warm and lots of soap is used. A long-handled back brush insures reaching the spinal column while a rough bath towel freshens the skin. A dusting of powder adds to the beauty of the back.

Tips on CONTRACT

Card Reading BY TOM O'NEIL
Ability to deduce which cards are held by opponents is necessary for success with many contracts. Discards leads and plays furnish inferences to the declarer even when opponents have not bid.
In point is a hand on which Al Morehead made game in no trump at the Bridge House, New York. By able card reading he made a vienna coup—that is set up a card in the hand of an opponent deliberately in order to squeeze him with discards in other suits.
Morehead found his partner with nothing but a five-card suit headed by the queen-king. This was after Morehead had made a jump bid in order to force a response from partner. Here was the hand:

South opened the bidding with one diamond, west passed and north, with his weak cards, decided the best way to keep the bidding open would be to offer one spade instead of raising the diamonds. East passed and south bid three hearts, one more than necessary. This was a force upon partner, requiring that the bidding be kept open until a game contract should be reached. North rebid his spades and then south went to three no trump.
The declarer saw he had his problems when the dummy went down with his lack of certain entries, weakness of clubs in both hands and dubious finesses even if he could get into dummy. He decided the best course was to force leads from the west hand. The defense helped him.

IS SPONSORED BY PAMPA ART ORGANIZATION

MRS. J. M. LYBRAND IS FIRST PRESIDENT OF GROUP

To beautify Pampa is the aim of the Pampa Garden club, an organization formed in the home of Mrs. G. C. Malone this morning under the sponsorship of the Arno Art club. Mrs. O. H. Booth, president of the Arno Art club, and Mrs. Jack Mason, secretary, were present and helped with the process of organization.

Mrs. J. M. Lybrand was chosen as president of the new club; Mrs. R. S. Lawrence, vice-president; Mrs. R. F. Dirksen, secretary; Mrs. A. M. Martini, treasurer; Mrs. Jim White, reporter; Mrs. F. Ewing Leech, parliamentarian.

The group is to be in no way a social club. It will devote its time to exchanging plants and to the care of flowers, the best choice of flowers for the best choice of shrubs, trees, rock gardens, lily ponds, birds, cultivation of soil, and killing of harmful insects. Vegetables will not be included in the study.

The next meeting will be held at the Presbyterian church, but the date of the gathering has not been announced. It was stated that the club had between 60 and 100 slides relating to its study to be shown by means of a stereoscope.

Following is a partial membership of the club: Mesdames Raymond Harrah, F. Ewing Leech, A. M. Martini, A. A. Hyde, E. M. Conard, W. Purviance, Nels Walberg, R. F. Dirksen, J. M. Lybrand, Tom E. Rose, Raymond Allred, R. S. Lawrence, and Jim White.

Katherine and Ruthie Langston of Hutchinson, Kan., are visiting their grandmother, Mrs. Katherine Liebman, as well as Mrs. G. E. Sigle and Mrs. E. C. Barrett and other Pampa friends.

Here are Mr. Morehead's comments on the hand:
1—West should have unblocked with the club knave. He should deduce that his partner held four clubs and allow him to lead clubs again. West doesn't want to lead himself.
2—Throwing the lead back to the opponents. South does not like to lead himself.
3—The fall of the diamond ten makes the declarer realize that west held a diamond doubleton. If west holds the king of diamonds, south must lead the nine in order to have a diamond entry in dummy.
4—When the queen of spades takes the trick the declarer deduces that the knave of hearts is in the west hand, as well as the king of spades. West would not lead a spade away from his king if his heart holding were not worth protecting. And so the declarer, rather than attempting a losing finesse of the heart ten, choose the squeeze, leading the ace of spade before the diamond. This is the vienna coup, establishing a card in an opponent's hand in order to squeeze him and make the contract.

If south had led his diamond before playing the spade ace he would have lost a heart trick. The play of the spade ace first, setting up the king in the west hand, squeezed west. If he had discarded his king of spades on the diamond in order to protect hearts, the knave of spades in the north hand would have been good.
The lead of the diamond on the eleventh trick forced west to unguard his knave of hearts so that it dropped on south's queen and the ten of hearts took the last trick.

SCHOOL ANNUAL TRULY PROPHESED HER SUCCESS

CINCINNATI, Ohio (AP)—Tobacco, king of North Carolina, rolled into millions of cigarettes and in turn producing a fortune variously estimated to from \$50,000,000 to \$100,000,000.

Smith Reynolds, the heir, a strange youth who loved aviation but scorned a formal education, died at 20, the victim of "hands unknown."

The grand opera house in Cincinnati where in the chorus began the career of Libby Holman, beautiful and talented daughter of a Cincinnati lawyer. Her deep-throated voice made her name bright on Broadway as a "torch-singer."

"These are the elements fitted into romance that ended in mysterious tragedy—a tragedy that Libby Holman called "that crash of the universe, everything falling around me."

The annual of Hughes high school here, where Libby was born, gives the world its first glimpse of the girl who was to preside over the beautiful estate of Smith Reynolds at Winston-Salem.

The 1929 annual, the year she was graduated, said:
"Elizabeth is one of the most original girls in our class. But, O, she dances such a way. Her contributions to old Hughes have made her famous. She is a talented actress, too. We all expect to see 'Libby' before the footlights some day. Indeed, she has already given us many manifestations of the art."

From Hughes she went to the University of Cincinnati, where she finished her four-year course in three years.

A full page in the university annual of 1923 was devoted to her activities. Prominent was a picture of her as "Violet Fields" in a comedy, "Fresh Paint." She was a member of the Woman's league, Mummies Dramatic society, Y. W. C. A. Varsity vanities, French club, History club, and took part in Greek games and interclass athletics.
William Fields, a former Cincinnati theatrical man, tells how she entered the show business. Fields was connected with the Greenwich Follies, playing Cincinnati in 1926, when Libby applied to Paul Hillman, manager of the show. There was a vacancy in the chorus, and she was given the job.
Soon she took the place of Rosalie Claire, the comedienne of the show.

Then she replaced Florence Moore at the Shubert in New York.

The slip of a surgeon's knife, it was believed, ruined her voice for singing, but by accident she discovered that her odd contralto put a new "blues" not in "blues songs." She became famous with her "Moanin' Low" and "Body and Soul."

BABE RUTH, LEGS GOING, SEES FOXF ASSUME PLACE

OLD MASTER'S INJURY DROPS HIM ON BENCH

BAMBINO TWELVE HITS BEHIND YOUNG ADVERSARY

By GAYLE TALBOT
Associated Press Sports Writer

The stanchions that carried him to baseball's heights finally giving way under the strain, Babe Ruth today faced the prospect of relinquishing his home run title to Jimmie Foxx without a struggle.

Even before his right leg collapsed while going after a fly ball yesterday, it was extremely doubtful the old war horse could catch his youthful adversary. He was twelve homers behind the Athletic star. There's scarcely a chance now. The bambino will be on the bench probably three weeks, physicians say.

The Babe's injury, a torn ligament above the knee, resulted when he pulled up too short after missing Selby's fly in the seventh inning against Chicago. The Yankees won, 6 to 4, thanks to round trip wallops by Gehrig, Lazzeri, and Sewell.

Washington's winning streak of nine straight was broken by Detroit who won a double header, 3 to 6, and 2 to 1. The St. Louis Browns suffered their six consecutive loss when they were set down, 8 to 1, by Tony Freitas, Athletic recruit. Led by Smead Jolley again, Boston trimmed Cleveland, 4 to 2.

The Pittsburgh Pirates were noosed out by the Phillies, 5 to 4, in eleven frames. Chicago failed to take advantage of the Yankees' reverse, dropping a 13 to 3 decision to the Giants.

Timely hitting by Hack Wilson and Glenn Wright gave Brooklyn a 7 to 4 win over the Cardinals.

Cincinnati and Boston were not scheduled.

MY LIFE and the OLYMPICS

by PAAVO NURMI

Paavo Nurmi, a hat concealing his thinning hair, is shown above in photo taken on his recent arrival in New York for his last track invasion of America. Nurmi hopes victories in the Olympic marathon. With Nurmi is Lauri Lehtinen, Finnish 5,000-meter record breaker. Insets reveal two of Finland's best, Achilles Jarvinen (left), decathlon champion, and Volmari Iso-Hollo, 10,000-meter ace.

(Written for The Associated Press)

FINNISH HOPES

The gold medal for the 5000 m event will be won by my compatriot Lauri Lehtinen. The question is only how far the other men will have strength to follow him.

Lauri Lehtinen just recently broke the world's record for the 5000 m. He is a powerful and fast runner, who will now follow in Ritola's footsteps and mine. He may happen to be a hard nut on the 1500 m, also, but the 5000 m. he is sure of winning. In the renowned two mile match last summer in Helsinki I won over him only thanks to my experience.

The Finn Iso-Hollo, the "Polish Courier" Kusocinski, and perhaps also the Finn Virtanen, are the best after Lehtinen, obviously in the above order. Kusocinski is a good runner, better than one believes, of that I was convinced last summer. It is a pity that the man in running matches is so obstinately stupid, so that a competitor who knows how to use his common sense will easily set a trap for him.

Finland is certain of at least two places in the 10,000 m. My compatriots, Iso-Hollo and Lauri Virtanen, will see to this. Iso-Hollo is fairly unknown to the world at large, but he can be counted among the three best in the world. He runs 10 kilo-

meters in about 33:30; believe me or summer in 9:01, or below the world's record to then of Wide.

Finland Hopes for Marathon

Twice Finland has won the laurels in the classical Marathon run, and now the Finnish nation is hoping that they may get the victory for the third time. In my view, the winning candidates must lie between Ritola, if he should run, the Argentine Zabala, myself and a couple of Japanese.

I can quite imagine seeing the large number of runners coming out from the gate of the Stadium. The fore troupe keeps the speed up, a speed which is sure to bring disaster, exhaustion, suffering, and the collapse of the great dreams. The warm California air will soon force the sweat out on the powerful bodies, the speed increases automatically, without notice. There are many who do not see the danger. They are thinking that perhaps they may be able this day to realize their great object. Particularly the small and supple boys from Nippon feel the high speed, as they draw ahead on the wide asphalt road, and draw others with them. At the half-way point, the front men are considerably ahead of the rest, and this group continues the same speedy running on the return journey. Everything appears to be quite clear.

You can get an idea of Virtanen's calibre when you remember that he ran the two miles in 12:15.

Early Leaders Lag

But now the last quarter begins to tell, and the wide gap between the first men and their followers begins to get filled up. They who have understood to regulate their speed according to their strength are beginning to catch up with strays from the first group. When the distance to the Stadium is some 5 to 6 miles, new men are found in front, and now the speed begins to improve. Those who had already begun to believe in their own chances, find out their mistake. They either fall out or, fighting bravely to last, have to give way to those who at this stage are able to improve their speed. The final prospective candidates now have the combat to themselves, and this match, I believe, will be such as has never been seen before.

Though the Stadium gate will enter as the first Ritola, Zabala and perhaps I myself. Who of them will be the first, the second and the third, I do not wish to say. Nor do I wish to say by how much the one is ahead of the other.

That will be seen in early August in sunny California.

The End

Slow Back Swing Disrupts Rhythm

That all important factor—rhythm—is ruined if the back swing is too slow. You will notice that whenever a golfer brings his club back very slowly he has a tendency to lose his balance on the follow through.

If the clubhead lacks the right momentum as it contacts with the ball, the shot is always dubbed. By hesitating too long over the swing and deliberating too closely as you bring the clubhead back you give yourself just that much more time in which to think of all the bad points of your game.

The swing is complicated just a little further, and in the effort to do three things right you are quite certain to do six things wrong.

Speed up your swing, get the clubhead in to the ball ahead of your hands and keep your head down and don't try to think of anything else. These are the essentials.

HOLMAN HITS TIMELY WITH TWO MEN ON

MANAGER BAKER DOES FANCY FUTILE GUESSING

By BILL PARKER
Associated Press Sports Writer

Manager Del Baker of Beaumont made a wrong guess last night and it cost him a ball game. For a while his guess was perfect, but with the count three-two and two batters out, Ernie Holman, Dallas third baseman, clouted the ball out of Steer stadium to give Dallas a 5 to 3 victory.

Baker made his move in the eighth inning. Beaumont was leading 3 to 2. Radcliff, Dallas right-fielder, was on second with two men out. Zeke Bonura, first sacker who drove in seven runs Sunday to beat Beaumont 9 to 8, was at bat. Here, the manager ordered Baker to walk Bonura. Holman came to bat. He whiffed at the first two pitches. Then he hit three more balls. Then Holman sent one over the middle field fence, scoring Radcliff and Bonura in front of him. In the second inning Holman drove in a run. It was

MIDDLE SECTION FURNISHES FINE SPRINT TALENT AGAIN

Metcalfe, Tolan, Simpson In First Three Places For Olympic Competition.

By ALAN GOULD
Associated Press Sports Editor

LOS ANGELES, July 19. (AP)—The American midlands, which produced the last American Olympic sprint victor eight years ago in Jackson Scholz of Missouri, has come forward with a trio of brilliant dash men for the fight to regain lost prestige on the international speedways.

Lawson Robertson, American head coach, regards Ralph Metcalfe, Eddie Tolan, and George Simpson as the best and most consistent sprinting combination the United States has had for the Olympics since Scholz and Charley Paddock were in their prime.

American has learned not to be over-confident of its sprint talent. Consistency has not been its crowning jewel. Most of the 100-meter discussion revolved around whether Frank Wykoff or Emmett Toppino would romp off with the main honors, yet these two aces failed to turn up among the first three in the final. They were clearly out-raced by a trio possessing class and experience.

Metcalfe, a rangy, powerful negro youth weighing 175 pounds, is the youngest of the trio and newest to reach national championship heights but he looms as the chief American contender. Tolan and Simpson, although also on the team for the first time have six years of big league competition behind them, going back to the days when they were Big Ten rivals at Michigan and Ohio State.

The 100-meters, in which American coaches regard Jonath of Germany as outstanding, will be the toughest for the home forces to capture. Their chances of taking the 200 should be an odds-on bet.

A tough defeat for Pitcher Herring who held the Steers to five hits.

The Houston Buffaloes lost a 7 to 2 affair to Longview, the Canbrians breaking a four-game losing streak. Lil Stoner and George Payne could not save the situation for Houston.

REYNOLDS FIT FOR BIG BOUT ON THURSDAY

Jack Reynolds, welterweight champion of the world and looking his part, arrived in Amarillo Monday from Dallas for his title match with Blacksmith Pedigo, Kentucky strong man and throbber, at the Tri-State Fair grounds Thursday evening.

Reynolds, who has held the championship with honor continually since 1920, announced he was prepared to show all his sensational skill. He will have to bear down, however, for the Kentucky Hercules is good enough to give anybody a tough time of it.

Amarillo is all agog over the Reynolds-Pedigo championship match. The famous "Fox of the Mat" has been the owner of the Richard K. Fox belt and acknowledged champion of the welterweights by 37 state athletics commissions for the last 12 years.

Some one will have to invent something better than the "Rocking Cradle" hold if he is to be dethroned as the world's welterweight champion. The Cincinnati "Fox" (Reynold's home city) isn't going to be beaten by wrist, arm, or head locks.

Reynolds has a most colorful career. He never minimizes his opponent, on the contrary he takes him seriously, and perhaps, that is one reason why he has held the championship all these years. Reynolds wrestled Pedigo about three years ago, the bout resulting in a draw, with Reynolds retaining the championship. The match went the limit, two hours and twenty minutes with neither man scoring a fall.

These are the points that have set the sport world afire over the big bout. Another thing, much in favor of the champ, he has never side-stepped a worthy opponent.

Jack Reynolds is not only a great champion and a skillful grappler, but he is a fine gentleman when out of the ring, and without doubt, ranks on a par with all great champions of the squared circle.

MATHEWSON'S COURAGE WILL MAKE HISTORY

M'GRAW PRAISES HIM AND ALSO HONUS WAGER

By EDWARD J. NEIL
Associated Press Sports Writer

NEW YORK, July 19. (AP)—Wandering back over 50 years of baseball, John McGraw sees two unsurpassable figures—Christy Mathewson and Honus Wagner.

The "big six" was the greatest pitcher McGraw ever hopes to see, calm, courageous, baffling in skill and control. Honus, the "Flying Dutchman" of Pittsburgh, was the game's greatest all-around ball player.

"Did you ever realize," he asked, "that Mathewson had all the stuff of both right and left-handed pitchers?"

The idea seemed to be brand new. "That fadeaway was almost the exact duplicate of a southpaw's curve. In other words, it broke in on a right handed batter, instead of away from as a right hand pitcher's curve normally does."

"Christy threw the fadeaway between his third and fourth fingers, twisting his wrist to the left as he let the ball roll off the fourth finger."

"The result was a curve he kept low, and that broke slowly toward a right hand hitter. If it had been faster it would have been what we
