## URGENT BULLINGTON FOR GOVERNOR

### Song Writing Pastor Facing Murder Case

THE PATHETIC picture below shows what happens to Pampa folk when they leave our delightful summer weather and seek "relief" at the distant watering places. Take our 24-hour temperatures and run an average for our summer months and you will note a truly "summer resort" figure. Don't lambast our climate, it's good.

#### On Adoration.

The menace of "Her Hero" advertising by the makers of Bull Durham tobacco is fast being removed. The signs were scheduled to be replaced this month anyway, but Mayor J. Fulmer Bright of Richmond, Va., gave the tobacco a lot of free advertising with his criticism. The complaint was, in brief, that a morals question was involved in the sight of bovine adoration (critics called it passion).

#### Psychology.

There is no better example of advertising psychology than tobacco advertising. The ads have run the gamut of suggestion, beginning with a time when advertisers did not dare to use the picture of a woman, however beautiful. Then women were shown in the presence of male smokers. Later women's interest in the aroma of tobacco was hinted. Then the women in the ads began admiring smoking Romeos, even lighting the cigarettes. Clever artists showed that ladies' dainty fingers could hold cigarettes skillfully and daintily. At last ladies began to smoke publicly, and the girls of the cigarette ads took up the habit, openly and brazenly. Today the ladies not only smoke in the ads, but dominate the males and openly admit that they in-

### Welfare Board Is Short of Funds

Finances and the future activity and policies of the Pampa Welfare Board were discussed at a meeting of directors this morning in the chamber of commerce rooms in the city hall. Chairman Alex Schneider presided.

Another meeting will be called for Saturday morning, when further financial affairs will be discussed.

The board is finding it difficult to divide its available funds so as to have enough money to operate the rest of the year.

### I HEARD--

Milton Clayman receiving congratulations as he passed out cigars this morning. Beverly Joan Clayman was born yesterday at Worley hospital. Sam "Dad" Clayman was also being congratulated and called "Granddad" instead of the usual "Dad."

That Skeet Stewart got a wooden spoon through the mail this morning. On it were instructions as to how to eat beans.

That no less than 60 Pampans drove to Miami Sunday to swim.

### INDICTED FOR FIRST WIFE'S POISON DEATH

#### MUSKOGEE PREACHER'S POETIZING AGAIN RESUMED

#### HAS NO DEFENSE MOVE GIRL WIFE NOT HELD— BELIEVED NOT IN PLOT

MUSKOGEE, Okla., Aug. 9. (AP)—The Rev. S. A. Berrie, song-writing pastor, was indicted today on a charge of first degree murder in connection with death of his first wife by a Muskogee county grand jury.

The 52-year-old minister was indicted after a day and a half of grand jury investigation into the alleged poisoning of the first Mrs. Berrie last March 21, which was followed in less than two months by the minister's marriage to Ida Jess Bright, 19-year-old Sunday school teacher in his church.

Mr. Berrie had been in jail since Saturday night, but his bride, to whom he allegedly penned amorous poems before the first Mrs. Berrie died, was not held, officers saying they believed she was "a victim of circumstances."

A few minutes after he had learned of the indictment, the preacher, who has composed many hymns, asked his girl wife to bring him some ruled music paper.

This done, he began to scribble notes into the lines.

He had employed no attorney and no move in his behalf had been announced.

### Red Cross Will Elect Thursday

Election of officers is scheduled to take place at the city hall Thursday evening at a meeting of the Pampa chapter of the Red Cross.

W. A. Bratton is the present chairman, with Olin E. Hinkle as secretary and J. O. Gilliam as treasurer.

Members of the executive committee include R. B. Fisher, C. H. Walker, Mrs. H. H. Isbell, Mrs. W. C. de Cordova, Mrs. A. B. Zahn, George Briggs, the Rev. A. A. Hyde, Paul D. Hill, Mrs. C. T. Hunkapillar, John Bradley, Mr. Bratton, and T. Bass Clay. Travis Lively is chairman of the disaster relief and the Rev. C. E. Lancaster was chairman of the last roll call.

It is hoped that representatives of all organizations of the city that are interested in welfare work will be present Thursday evening at 8 o'clock.

### Santa Fe Reduces California Rates

The Santa Fe has placed special rates on round-trip tickets to California, effective August 20 and 21.

Tickets to Los Angeles and San Diego will be \$35, while those to San Francisco will be \$44.

These tickets are first class and are limited to 21 days.

J. A. Sparks of McLean was a Pampa visitor yesterday.

OKLAHOMA: Partly cloudy tonight and Wednesday.

WEST TEXAS: Generally fair tonight and Wednesday.

—AND A SMILE

ALLEOAN, Mich. (AP)—Mrs. Lucile Morgan announces her candidacy for sheriff of Allegan county, presumably on the theory that if elected she will free her husband, in jail on a liquor violation charge. Mrs. Morgan announced her candidacy from hiding, fearing the officers might be looking for her, too.

### LANCASTER ON STAND TALKS ABOUT AFFAIR

Says Friend Promised To Care For Woman As Friendship Test.

MIAMI, Fla., Aug. 9. (AP)—Captain W. N. Lancaster testified in his murder trial today that Haden Clarke had promised him before he left on a business trip to the west that he would care for Mrs. J. M. Keith-Miller "so that I would remember his friendship."

The state charges Lancaster shot Clarke to death after the latter had replaced him in the affections of Mrs. Keith-Miller, his Australian flying partner.

Lancaster said Clarke made the promise after he had cautioned Clarke to keep Mrs. Keith-Miller from drinking too heavily during his absence.

"When she drank heavily her conduct was not normal," Lancaster testified.

"I spoke confidentially to Haden before I left about my love for Mrs. Keith-Miller and urged him to take care of her," the witness continued. Clarke was shot April 21, less than twelve hours after Lancaster returned from his western trip on learning the two planned to marry.

Lancaster told how his admiration for Mrs. J. M. Keith-Miller blossomed to love during their London to Australia flight in 1927-28.

"We were in the public eye at that time, of course, and after our arrival in Australia, and we had little opportunity to see each other," he testified.

"Since the long Australian flight, my love for Mrs. Keith-Miller has increased during the years."

Mrs. Keith-Miller testified yesterday she no longer loved the memory of Clarke who replaced Lancaster in her affections, and that she no longer loved Lancaster although she was intensely fond of him.

### Library Board Will Buy Books

Immediate purchase of \$50 worth of current fiction was authorized yesterday afternoon at a meeting of the Pampa Public Library board.

The book committee is composed of Mrs. B. E. Finley, Mrs. A. A. Hyde, and Olin E. Hinkle.

Mrs. James Todd Jr., librarian, reported a growing patronage. The listed patrons number 1,097, and many other persons read in the library without taking out a card.

Mrs. Todd recently received and catalogued 215 new books. Substantial gifts of books have been made lately by Judge and Mrs. W. R. Ewing and several other citizens.

July 2,300 books were checked out of the library. Constant repair work on the books is necessary to prevent their severe damage, many of them being well worn by constant use. The increasing patronage of adults is noticeable in the library.

Members of the board present yesterday were Mrs. C. P. Buckler, president, Mrs. Finley, Mrs. Hyde, Arthur M. Teed, D. E. Cecil, and Mr. Hinkle.

### Change of Venue In Ranch Slaying

MATADOR, Aug. 9. (AP)—Mrs. Ruth Kane will be tried at Flovilla in October for the axe slaying of J. A. Cunningham, elderly ranchman for whom she worked as housekeeper.

A defense motion for the change of venue was granted here late yesterday. Previously the trial of Mrs. Kane's daughter, Edith McComas, under indictment on the same charge, had been transferred to juvenile court.

Cunningham was killed with an axe April 23 at his ranch home near Matador.

### Commissioners In Bill Paying Session

County commissioners in a brief session yesterday afternoon passed a number of bills and then adjourned until tomorrow or Thursday, when other business will be transacted. All commissioners were present at yesterday's meeting in the courthouse.

The commission will also meet Monday when the budget prepared last week will be accepted or changed at a public hearing in the county court room. "The budget will be available to the public until that time."

### MORE FOR PICKERS

BROWNSVILLE, Aug. 9. (AP)—Rising prices were reflected today in boosted wages for cotton pickers in the Lower Rio Grande Valley. Pickers received an increase of five cents per hundred pounds.

## Boy Flier Is Away on Flight to Mexico

FORD'S NIECE TO WED

Miss Violet Raymond, above, niece of Henry Ford, will be married Aug. 18 to Francis Audi, Egyptian, at Adrian, Mich. It was announced by her parents, Mr. and Mrs. S. W. Raymond of Adrian, Mrs. Raymond is a sister of Mrs. Henry Ford. Since her graduation from Adrian high school in 1927, Violet has studied art in New York and Paris. Audi is a resident of Paris.

### BOY SCOUTS WILL OPEN CAMP IN NEW MEXICO AUGUST 22— FINE SITE HAS BEEN FOUND

Equipment Provided By Las Vegas Chamber

Boy Scouts of the Adobe Walls council will leave for Camp Ciudad del Mundo (Top of the World) Aug. 22. The camp will be located 18 miles northwest of Las Vegas, N. M., and 300 miles from Pampa. Means of transportation has not been arranged but efforts are being made to secure buses.

The camp will be located in the Sangre de Cristo range of mountains on the banks of the Gallinas river. The altitude at that point is 8,200 feet. Kitchen, sleeping quarters, campfires, and everything to make a successful camp has been erected by the Las Vegas chamber of commerce and have been placed at the disposal of the Adobe Walls council without cost.

C. A. Clark, executive of the council, located the camp last week while on a tour of inspection, and the camp committee approved the site at a meeting here Friday.

The camp will last 10 days. Pampa Scouts are urged to make reservations at once so that plans may be advanced. It will cost each boy \$10 for the period of the camp. Scoutmasters, adults leaders, cooks and first aid men will be on hand during the camp.

Situated in a "bowl" at the base of a mountain range with a stream flowing a short distance from the camp, the location is ideal for Scout work, Mr. Clark said. He urges parents to help their boys earn money for the trip, which will be the means of advancing them in their work.

### SUPREME COURT TO PROVIDE "HANDBOOK" FOR GOVERNORS ON USING MARTIAL LAW

Actions of Governors Sterling and Murray Are To Get Review by Tribunal.

WASHINGTON, Aug. 9. (AP)—A handbook for governors on the use of troops to enforce conservation laws probably will be written by the supreme court this fall.

The opportunity presents itself through the use of the militia in Texas by Governor R. S. Sterling to prevent what he thought was the over-production of oil. The court already has announced it would say whether Sterling was right or wrong, legally speaking.

### LATE NEWS

OLYMPIC SWIMMING POOL STADIUM, Los Angeles, Aug. 9. (AP)—Eleanor Holm, petite back stroke star of the United States women's swimming team, bettered the world record for the 100 meters and set a new Olympic record here today when she won her first heat of the tenth Olympiad in 1 minute 18.3 seconds. The old record was 1:21 flat.

OLYMPIC SWIMMING STADIUM, Los Angeles, Aug. 9. (AP)—The Olympic record for 400-meters free style today fell for the second time when Takaji Yokoyama, Japan, won the first semi-final heat in 4 minutes, 51.4 seconds.

LONDON, Aug. 9. (AP)—Nancy Hoyt, American writer of sophisticated novels, said today the death of Smith Reynolds at Winston-Salem, N. C., had sent her to London to plot out the memory of her love for the man whose death has resulted in murder indictments against two persons.

MARLIN, Aug. 9. (AP)—Senator Tom Connally in a message today to Chairman Adams of the home loan bank board at Washington urged establishment of a regional home loan bank in Texas.

Mr. and Mrs. E. M. Conley have as their guest, Mr. Conley's mother, Mrs. A. B. Conley, and their niece, Louise Jarratt, of Lubbock. The visitors arrived Saturday.

Mrs. John Hesse is ill at her home here.

### BOB BUCK IS 18 YEARS OLD BUT SKILLED

HOPES TO TRAVEL ALL WAY IN NOT OVER 30 HOURS

DISTANCE 2,250 MILES

STOPS IN RICHMOND TO RE-FUEL, OFF IN 20 MINUTES

NEWARK, N. J., Aug. 9. (AP)—Bob Buck, holder of many junior records for flying, got off at 2:05 a. m. central standard time, on his oft-postponed flight to Mexico City. His first scheduled stop on the 2,250-mile air route to the Mexican capital was Richmond, Va.

Before his Pitalco, sport multi-wing "The Yankee Clipper" soared off into the early dawn, the 13-year-old Westfield flier said he hoped to complete the flight in 30 hours total time, and 22 elapsed time, thus setting a new record for this route.

Buck arrived at the field at 11 o'clock last night and made final preparations for his flight. Then he scanned weather reports along the route of his flight and delayed the take-off from hour to hour until at last he was satisfied the weather was favorable to the start of his venture.

As a precaution in the event of a possible forced landing in the Mexican jungle, the young flier took with him a quantity of snake serum.

RICHMOND, Va., Aug. 9. (AP)—An uneventful flight to Richmond was reported by Bob Buck, 18-year-old flier who stopped here this morning en route from Newark, N. J., to Mexico City.

Leaving Newark at 2:05 a. m. central standard time, the young speed pilot made his first stop at Byrd airport here at 5 a. m. He took off again at 5:25 a. m.

### Sheriff to Wage War on Transient Callers in Pampa

Transients are not going to find Pampa a soft spot this year if Sheriff Lon L. Blansett has his way. The report seems to have been spread that Pampa is the best town in the country, hence transients like to make it their headquarters.

The last brush the sheriff had with transients was when he was called to South Pampa where a house had been entered. He uncovered the fact that a boy from a transient family had been the culprit. Rather than arrest the boy and have the family on the hands of the Welfare Board, Sheriff Blansett told the family to move on.

They informed him that they had no gas or groceries.

Upon investigation, the sheriff found that the family, 10 in all, owned a truck and trailer, two cows, three calves, and a goat. He found a buyer for the livestock so that the family would have money to which to travel to their destination. They refused to sell.

The sheriff has given them until tonight to leave town.

### HERE TODAY

Clarence S. Williams (above) of Iowa Park will conduct the singing tonight at the open-air revival meeting in Talley addition. Jesse F. Whisman, minister of the Church of Christ, is doing the preaching. Mr. Williams arrived this morning from Colorado, where he participated in revivals.

### ALLRED LIKELY TO CHALLENGE VOTE IN CITY

Prosecutor Said To Question South Pampa Box

There was considerable speculation here today over reports that District Attorney Raymond Allred would contest the vote in the South Pampa box, where his successful opponent, Lewis M. Goodrich, received 472 votes to his 419.

Mr. Allred was in Amarillo this morning, but this afternoon was reported en route to Wheeler, where the petition was expected to be filed. Since witnesses in the contest would be located here, a transfer of the hearing to the 114th district court in Pampa was considered likely.

The prosecutor trailed Goodrich by 24 votes in the district, hence a recount might overturn the nomination. There were 971 ballots cast in the South Pampa box.

### Rifle Club To Convene Tonight

Local "gunmen" will have their opportunity to join the Pampa Rifle club tonight.

Members and prospective members will meet at 8 o'clock in the board room of the Schneider hotel to discuss plans for the rest of the season. President Alden Speer will preside. He is anxious that members and interested parties be present on time.

The club range east of Pampa is in excellent condition and many matches will be held during the next two months.

The club has more than 60 members, but many of them have not paid their dues for this year. Those who still owe dues and have not received ammunition should be present tonight.

### American Girl Hurt by Bandits

SHANGHAI, Aug. 9. (AP)—Miss Helen Barchet, whose father was superintendent of the Ningpo American Baptist hospital, has been seriously injured by bandits who attempted to kidnap her. Peiping dispatches said today.

Dr. Harold Thomas, the present superintendent of the hospital, said she was shot through the hips. He gave her an even chance for recovery.

Barchet, a middle-aged woman who was born in China formerly was a nurse at the Rockefeller hospital in Peiping. She is not attached to any American mission in China.

HOOVER'S NAME BRINGS ACCLAIM FROM GROUP

BULLETIN

DALLAS, Aug. 9. (AP)—Orville Bellington Wichita Falls attorney, was nominated as the republican candidate for governor at the republican state convention here today. The nomination was by acclamation.

By R. W. Barry Associated Press Staff Writer

DALLAS, Aug. 9. (AP)—Texas Republican through Harvey Haines of Port Arthur, keynote at their state nominating convention, today predicted that Franklin D. Roosevelt, democratic nominee for president, would not carry his home state.

"The demerits have as much chance of electing a president as there is a possibility of transferring the presidency of Mexico to preserve over the destinies of the United States," Haines said.

"The Texan democrats nominated for vice-president, an alleged expert on fishing tackle, is so certain of being elected that he also is running for re-election to congress from his district."

The republicans planned to nominate a complete state slate to oppose the democrats in the November election.

Interest centered in a choice for governor. John P. Grant of Houston, Crville Bullington of Wichita Falls, George C. Hopkins of Dallas and Henry Zweifel of Fort Worth were mentioned as likely nominees.

Active in Campaign

Grant had been an active campaigner for the nomination for several months.

Bullington's stock as the convention's choice was soaring, however. It was believed he would have the

### Libby Holman Is Again In Hiding

REIDSVILLE, N. C., Aug. 9. (AP)—Her surrender completed and her bail arranged, Libby Holman, Broadway torch singer, speeded back into obscure retirement at 2 o'clock this morning.

Wearing dark glasses and accompanied by two unidentified young men, the singer dashed from the little country hotel here, stopped into a waiting automobile and left no clue or hint of her destination.

With her arrival here last night after the habeas corpus hearing to Wentworth, which resulted in her immediate release on bail of \$25,000, every effort was made to convey her into a waiting automobile to remain for the night. Her father Alfred Holman, departed for Winston-Salem early in the evening.

J. A. Frizell of Amarillo was here on business yesterday.

J. A. McRae of Amarillo, is a Pampa visitor today.

TALKS FOR NEW PARTY

DALLAS, Aug. 9. (AP)—William Lloyd (Chim) Harvey, 81-year-old presidential candidate, told a group of political followers today that his new party is the only solution of what ails the United States.

Need New Precincts.

A matter of equal importance is the need for creating new precincts for elections in Gray county. We think that this is a matter that county commissioners should take up this month.

The democratic state committee, meeting at Fort Worth, heard many complaints about loose enforcement of election laws at the polls. County chairmen have been instructed to assemble election judges for instructions and warnings before

THE ABC OF THE HOME LOAN PLAN

Here's the way the federal government's home loan plan will work in actual practice:

Mr. and Mrs. Jones decide to build a home, or they need to refinance a mortgage on a home they built several years ago.

Mr. Jones goes to his local building and loan association or insurance company to get the money needed for the building of the home or the refinancing of the mortgage.

How The Joneses Get The Money From R. F. C.

The building and loan official goes to the district home loan bank, or which he is a member and a stockholder, for 60 per cent of the total amount of the loan wanted by Mr. Jones.

In isolated cases, the home loan branch banks may make loans direct to homeowners who have been unable to get the money through a local building and loan or insurance firm.

Provision for this is still in vague and rather confusing terms and how it will work in actual practice remains to be seen.

Government officials expect that only a negligible portion of the loans will be handled direct.

The home loan bank gets its share of the \$25,000,000 set aside for that purpose by the Reconstruction Finance corporation and from this fund makes a loan to Mr. Jones' building and loan association.

The R. F. C. gets its money from bond sales by the U. S. Treasury, into which Mr. Jones pays his pro rata share of taxes. The home loan money, however, eventually is to be repaid by the homeowners, and, according to advocates of the plan, will not result in increased taxes.

THIS CURIOUS WORLD

IT IS ESTIMATED THAT ONE THUNDERBOLT HAS TEN TIMES MORE HORSEPOWER THAN ALL THE POWER PLANTS IN THE UNITED STATES.

IN SPITE OF the fact that a thunderbolt is so enormous, it would be worth only a few dollars, at average power prices, because it lasts only for an infinitesimal fraction of a second.

MISSOURIANS MOVE HERE - Mr. and Mrs. Ernest Slocum and son, Glen, of Anderson, Mo., arrived here Saturday to make their home.

MAN SURROUNDED - MARSHALL, Ark., Aug. 9. (AP)—Awaiting tear gas bombs from Little Rock, Searcy county officers today guarded an office building here in which the slayer of W. W. Fendley, 61, retired lumber dealer and former sheriff, was reported hiding.

BOY SCOUT KILLED - ELK MOUNT, Tenn., Aug. 9. (AP)—Leo White, 15-year-old Nashville Boy Scout, was killed and at least 12 other Scouts were injured today when a truck in which they were riding overturned on the scenic loop in the Great Smoky mountains.

MUSIC DEALER DIES - TEMPLE, Aug. 9. (AP)—Bismarck Heyer, former president of the Texas Music Dealers' association, died here last night. He had been critically ill several weeks. He was survived by his widow.

BLAZE IN SUBWAY - NEW YORK, Aug. 9. (AP)—Fire in the Eastside subway near Brooklyn bridge tied up underground traffic for hours today and forced 2,000 passengers to walk through the black tunnels temporary exits.

OIL MEN BEATEN - EAST ST. LOUIS, Ill., Aug. 9. (AP)—Three employees of the Phillips Petroleum company were beaten with revolvers in East St. Louis today after they had left the storage plant of the company on state highway No. 3, two miles south of the city limits.

SUPPORTS STERLING - WACO, Aug. 9. (AP)—A. W. Von Struve, managing editor of the Waco Times-Herald, announced today that he would support Governor H. S. Sterling against Mrs. Miriam A. Ferguson in the run-off campaign for the democratic nomination for governor. Von Struve was state director for Tom F. Hunter.

GOING TO BERGER - A number of Pampa oil men will go to Berger tonight for the regular session of the Panhandle chapter of the American Petroleum Institute. The main speaker, L. O. Patton of the Phillips company, will talk on the history of refining.

SOLAR ECLIPSE AUGUST 31 TO PROVIDE SCIENTIFIC SHOW FOR WHOLE CONTINENT

By ROBERT H. BAKER, Professor of Astronomy, University of Illinois

URBANA, Ill. (AP)—The eclipse of the sun on August 31 will be visible throughout the United States, Canada and Mexico...

But the total eclipse can be viewed only along a strip a hundred miles in width, the track of the moon's shadow over the earth's surface.

100 Seconds To Pass

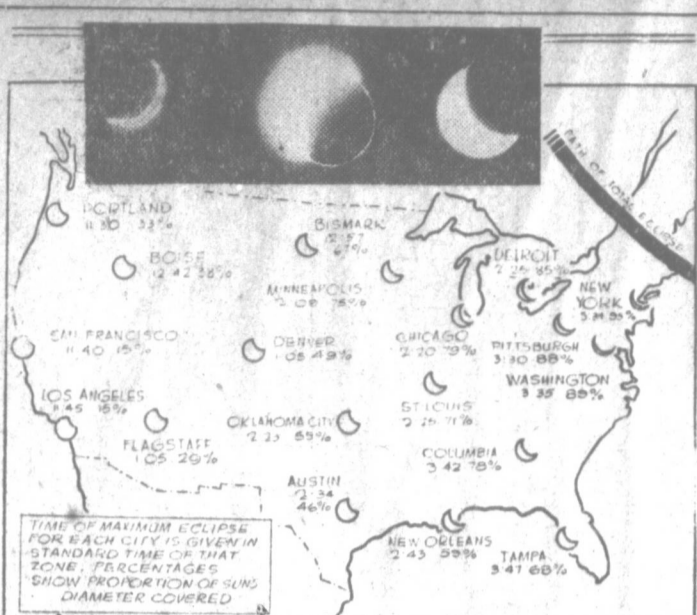

This track begins near the north pole, where the shadow strikes the earth at sunrise. It runs southeastward across Hudson Bay, Quebec, New England, and then out into the ocean, where the shadow leaves the earth at sunset.

After traversing the northeast corner of Vermont the center of the shadow will move swiftly past Lancaster and Conway, N. H. and will reach the coast about halfway between Portsmouth and Portland.

The shadow will arrive in this region about 3:30 p. m. eastern standard time, and will require only a minute and forty seconds to pass over any point on the central line.

Will See Corona Crowds of people will assemble along the track of the shadow on the afternoon of August 31 to watch the rare spectacle of a total solar eclipse. Totality will last only 100 seconds at any place, but if the sky is clear it will be a sight well worth going a long way to see.

During this short interval the moon will hide the sun completely. Day will be turned into night. Stars will come out. The mysterious corona and probably some of the flame-colored prominences surrounding the sun will burst into view.

The map shows the proportionate amount of the solar eclipse of August 31, to be seen at various American cities. Above are shown different phases of the eclipse of 1936, as seen from Lick observatory in California.

Preceding this principal feature of the exhibit the partial eclipse can be seen, beginning in New England about 2:20 p. m., eastern standard time; and after totality the moon will not withdraw entirely from before the sun's disk until 4:30 p. m.

At the edges of the shadow track, 50 miles from the central line, the total eclipse will last only a moment. The southern edge across New England is a line from the top of Lake Champlain to Salem, Mass. Parallel to it, the northern boundary passes through Boothbay, Me. Farther north or south the eclipse will be only partial.

Grimm To Pilot Cubs Next Year

CHICAGO, Aug. 9 (AP)—As far as William L. Veck, president of the Chicago Cubs, is concerned, Charlie Grimm is not just a stop-gap manager and will pilot the club next year.

Veck, just back from the East, was enthusiastic over the success of the Cubs since Grimm replaced Hornsby.

"I think," Veck said, "that Grimm's showing with the club since he took charge warrants his retention as manager next season."

He has nothing to say about the case of Hornsby but was willing to talk at length about the club and its chances for the National league championship which he thinks so good as to be regarded as a cinch.

GOLFER'S BRIDE

Broadway was afraid Peggy Joyce's old sister, Lucille Bushal Up-ton, perching her so prettily, wasn't learning her lessons from the mistress of the art of matrimony. But now comes the word that Lucille and T. Philip Perkins, the crack English golfer, were married in a quiet ceremony at her mother's home in Farmville, Va., and are honeymooning in Canada.

Keaton's Prowling Costs Him Wife

LOS ANGELES, Aug. 9 (AP)—The asserted nocturnal habits of Joseph P. (Buster) Keaton, solemn-faced film comedian which kept him away from home several times a week, have cost him his wife.

Accompanied by her sister, Constance Talmadge Netcher, Mrs. Natalie Keaton came to court and quietly testified at a divorce hearing of the neglect, the worry and the trouble she had been caused by the antics of her husband.

"My husband was impossible," testified Mrs. Keaton. "He would stay away from home, many times all night, and would not tell me where he had been. It upset me terribly. I could not sleep and would pace the floor for hours."

Mrs. Netcher corroborated the testimony of her sister, declaring Mrs. Keaton frequently telephoned her in the middle of the night, asking her to come over and stay with her because Buster was not at home.

REPUBLICANS GAIN VOTES IN ELECTORAL COLLEGE BECAUSE OF RECENT REAPPORTIONMENT

WASHINGTON, Aug. 9 (AP)—Reapportionment of house representation has resulted in a possible republican gain of 12 votes in the new electoral college.

This big shift in the voting strength of 32 states may have unusual bearing on the outcome of the approaching presidential election. It was brought about by the transfer of eight congressional seats from 21 to 11 states through reapportionment on the basis of the 1930 census.

Thirteen normally republican states lost 15 seats but seven gained 21, increasing their total by six. Eight normally democratic states lost 12 and four gained six, decreasing their total by six. That leaves a net republican gain of twelve.

With this apparent gain, and under ordinary political conditions, the republicans would be at an advantage in a close contest between President Hoover and Governor Franklin D. Roosevelt.

Should this eventuate, the election result might be thrown into dispute when the house and senate convene next February to poll the electoral college votes. They number 531, representing the 435 house and 96 senate seats.

Under the constitution, congress is required to reapportion the representatives every ten years on the basis of population and each state receives as many electoral votes as it has representatives and senators. A majority of the various states' electoral votes elects a president. Democratic gains included three in Texas.

HOOLYWOOD—Long-term contracts hold much less allure for movie stars than they once did, and there is a definite trend toward choosiness among the players regarding the agreements they sign.

Genevieve Tobin's foresight in her Columbia contract, calling for three pictures a year, has allowed her to go to England for the new Gloria Swanson film, whereas under the usual term agreement she would be on call at the studio constantly, and more and more stars are adopting this policy.

Earn Pin Money

It not only gives them more freedom, but enables them to earn extra pin money, and frequently, which is more important to some, gives them a chance to find roles they really want to play. If all their time is sold in advance to one studio, player must await the call to work.

When Robert Armstrong's contract with Radio expires in October, he expects to return either to the stage or to free-lancing, because of dissatisfaction with the roles given him. "I've been playing parts that won't do me any good," he says, "and I've missed others that would have helped me."

Armstrong came to the coast with Jimmy Gleason in "Is Zat So?" and remained for pictures, theatrical season since he has had offers to return to the stage, and if any are forthcoming this fall he may accept.

Parts Don't Aid Him

Armstrong recently appeared in "The Most Dangerous Game" and currently is working in "Kong," both films long in production. While "Kong" promises to be a sensational novelty, Armstrong does not expect it to make much of an impression for himself. "Lost World," he recalls, was a sensation in its time, but who remembers the players in it?

LOANS NEARLY READY

WASHINGTON, Aug. 9 (AP)—Hope that the resources of the Home Loan Discount bank will ease the situation on loans to home owners was expressed today by Franklin Fort, chairman of the board of directors as he convened the new board for its first session. Fort told newspapermen the organization would begin functioning within a reasonable time and added: "We hope we can ease the mortgage situation in this country."

Gradual Rise In Prices Is Likely

KANSAS CITY, Aug. 9 (AP)—Gradual improvement in commodity prices was forecast in the report of a committee appointed by officers and directors of the Midwest Retail Merchants council to survey general business conditions.

The report, submitted yesterday, says: "We are of the opinion that prices of all commodities, both farm and manufactured products, have seen the low mark, and that from now on there will be a gradual improvement in all commodity prices."

"Present prospects are good for all crops, with but few spotted exceptions. This condition, with the slight advance in farm products, including livestock, is the key-note for marked improvement and a more optimistic feeling in all lines of business, and especially with the farmer who now feels that he has an opportunity which makes it worthwhile to put forth his best efforts."

"While the recent advances in the stock market have had a stimulating effect, it is the opinion of your committee that the first requisite to the return of sound business is the employment of all labor, and we are of the opinion that the working man has a better opportunity to support himself and family on the farm and in the rural communities."

The report was signed by C. R. Calvert, Winfield, Kan., L. A. McAdams, Canadian, Tex., Earl J. Haas, Adrian, Mo., D. F. Patterson, Blue Mound, Kan., and Ed E. Ames, Moline, Kan.

Texas Dentist Is Badly Wounded

SAN ANTONIO, Aug. 9 (AP)—Dr. H. P. Beatty, San Antonio dentist, was near death today as a result of three bullet wounds received as he called on a patient last night.

Deputy sheriffs were told that Dr. Beatty was called to an address in Von Ormy to attend a woman said to be suffering severely and unable to travel. Upon arriving at the house, the doctor said he was fired on and felled with the first shot. Subsequent shots were fired into him as he begged the gunman to stop shooting.

Neighbors, hearing the shooting, rushed to the scene and the gunman fled.

Mayor Walker In Reply To Charges

NEW YORK, Aug. 9 (AP)—Mayor Walker—"Jimmy" to the seven million—is going up the Hudson to Albany Thursday to fight for his political life.

Governor Roosevelt, against whose nomination for the presidency Mayor Walker voted at Chicago to the last, will be his judge.

The final official word before the hearing begins was before the governor today—a brief sur-rebuttal filed by the mayor last night. It assails the attack on him by Samuel Seabury as "blatant hypocrisy."

Seabury, once an anti-Tammany candidate for governor, a jurist, and more recently the chief counsel to the legislative committee out of whose investigation have grown the charges against the mayor, has no comment today on the mayor's latest brief.

Elderly Man And Wife Are Killed

SAN ANTONIO, Aug. 9 (AP)—D. J. Markley, 65, civilian employe at Fort Sam Houston, and his wife, Mrs. Almina J. Markley, 55, were found shot to death beside their automobile in Harlandale last night. The shooting was believed to have been a double murder.

Neighbors across the street from the Markley home, heard a woman's screams, followed by five shots, according to Deputy Sheriff Frank Matthews, who investigated the case. They found Markley shot through the head, the bullet entering the mouth.

Mrs. Markley was lying on the ground on the other side of the car. She had been shot four times, two bullets entering the chest, a third striking her in the right elbow and the fourth piercing her right shoulder. Both were believed to have died instantly.

No one was seen to leave the scene. The motor of the car had been shut off, but the lights were burning and the radiator was warm, leading deputy sheriffs to believe that the couple had been accosted here as they were returning home. No gun was found.

Oklahoma Hikes Oil Production

TULSA, Okla., Aug. 9 (AP)—With Oklahoma production jumping 37,605 barrels daily, further curtailments in California, Kansas and Texas cut the average daily increase for the United States to 29,787 barrels, the Oil and Gas Journal says.

United States production was 2,161,453 barrels, as against 2,131,666 barrels on the daily average for the week ending July 30.

Oklahoma production was up to 431,420 barrels from 393,815. California output, which has held steady at 470,000 barrels the past three weeks, was reduced to 466,750.

Texas production remained virtually stationary, reporting 874,813 barrels. The previous week's report was 875,043. East Texas was down slightly from 330,626 to 329,312 barrels daily.

Eastern fields held at 117,000 barrels daily for another week. Rocky mountain production was down to 83,401 barrels from 84,250. Kansas output dropped from 95,855 barrels to 93,515.

Eccentric Scrubwoman Is Happy With Descendants of Pirates

GRAND ISLE, La., Aug. 9 (AP)—The scrubwoman of the middle west who piloted the nose of her skiff on the Mississippi river and rowed away from civilization, has cast her lot here with the descendants of the pirate, Jean Lafitte, and she likes it.

Randi Lerohi has found the peace she sought. To the natives of French, Spanish, German and other extractions, she is the "mystery woman." When she arrived three months ago, they welcomed her with their frugal hospitality but she would have none of it.

"I want to be left alone," she said. And she has been left alone.

The U. S. coast guard station has added her to its guarding duties. She first anchored a stone's throw from where Jean Lafitte and his crew once moored the fleet that preyed on Spanish galleons. The coast guard towed her into the sheltered waters of Bay Des Ilettes and anchored her craft, "The Wanderer," in the quiet waters back of this island.

Here she has stayed in the Gulf of Mexico's hot sun and soft breezes, which once she said she hoped would bring relief to a back bent from miles of floors scrubbed clean.

G. O. P. COUNSEL DIES SUDDENLY

WASHINGTON, Aug. 9 (AP)—The death last night of James Francis Burke of Pittsburgh, general counsel of the republican national committee, leaves a major vacancy to be filled in the previously nearly-completed party organization.

The 65-year-old committee officer died only a few hours after he had conferred twice with President Hoover. In announcing his death, the White House said the president noticed Burke appeared ill and directed his physician, Dr. Joel T. Boone, to attend him.

Removed to the hospital at Dr. Boone's orders, the committee counsel died before midnight. The cause of death was given as coronary thrombosis.

# STEEERS ARE TO START TRAINING ON AUGUST 22

## MICHELL TO BE HOME ON NEXT SUNDAY

**COACH URGES BOYS TO GET IN CONDITION FOR GRIND**

The Pampa Harvesters will go into training at Harvester park August 22, according to word received yesterday from Coach Odus Mitchell, who is attending a coaching school in California. Coach Mitchell will return Sunday or Monday to get ready for the fall season.

Uniforms will be given out up to 8:30 o'clock August 22. Coach Mitchell is anxious that every boy desirous of trying out for a place on the 1932 green and gold squad be on hand. Parents whose boys are out of the city are urged to inform them that training will start early this season.

"It is time for the boys to start getting in shape so that when we get into uniform there will be less chance for injuries and sickness," Coach Mitchell writes. "I have learned more about football than I ever thought possible for one man to know and I am hoping I can remember and teach the boys all I learned while at Southern California under Tad Jones, Howard Jones, and Pop Warner.

"Condition is one of the big factors in successful sports," the coach continues. "We are going to have a rough grind this season, trying to replace the stars who were lost through graduation. I believe we have enough good boys coming up to develop another great Harvester machine, but it is going to take work and plenty of it."

It is expected that 50 boys will report for training this fall, although some of them will not be able to be here on opening date. The team will have to be built from the ground up.

Assistant Coach Argus Fox is expected here before opening date. He attended coaching school in Lubbock where Pop Warner also instructed.

## Kelley Back And Hunting Job For Football Season

Wayne Kelley, local football star, returned from Oklahoma yesterday afternoon looking fit and ready for the football season to open. He weighed 182 pounds and every ounce was bone and muscle. He has been working on a farm in Oklahoma, getting in condition.

The energetic Harvester started out looking for work the minute he arrived in Pampa. Anyone having a job that Wayne could handle may get in touch with the NTWS. Several other boys are looking for work before the season opens. Practice will start August 22. The conference game scheduled is for October 1 with Plainview as the opposition. The game will be played at Harvester stadium.

## FIGHTS LAST NIGHT

(By The Associated Press.)  
CHICAGO—Art Lasky, Minneapolis, outpunched Tom Jones, Chicago, (10). Dick Daniels, Minneapolis, and Buck Everett, Gary Ind., drew, (8).

TERRE HAUTE, Ind.—William Brown, Indianapolis, outpointed Lou Terry, St. Louis, (10). Pat Murphy, Danville, outpointed Jimmy Fogarty, St. Louis, (6).

The tournament will begin August 20 and will last through what should be eight days of the most exciting baseball tournament in Pampa history.

In promoting the tournament the HERALD is answering the request of the people of Borger and surrounding communities. Borger long has had the reputation of being the baseball city in the Panhandle, and now, because the Phillips 66 Alamo team and the new Alamo stadium, that reputation is on a still firmer foundation.

The tournament will be August 20 and will last through what should be eight days of the most exciting baseball tournament in Pampa history. Applications for participation in the tournament must be in the hands of J. C. Phillips, manager of the Borger Daily HERALD not later than midnight, August 15.

Rules are the same as ordinarily govern tournaments. A copy of the rules may be obtained by writing Phillips in care of the HERALD. Forfeit money has been set at only \$50, as a check for that sum must accompany each application.

## GREAT FINISH

Above photo reveals closest finish in history of Olympics when Eddie Tolan passed out Ralph Metcalfe for the 100-meter gold medal. Metcalfe (top figure) got his foot on the finish line first, but Tolan threw his chest into the tape for a two-inch victory. Time 10.3, equal to world's record.

## PAMPA TEAM WILL POSSIBLY ENTER MEET

**Borger Tournament Will Be One Of Best Staged In This Section.**

Although a definite decision has not been reached, it is believed that Pampa will have a team in the Borger HERALD tournament which opens Aug. 20 and continues through Aug. 28. Both Rusty Cahill and Eddie Tolan are scouting around for a strong one to enter, and should the two get together Pampa would be well represented.

Two teams besides the Borger Alamo '66 club have entered the tournament. Amarillo and Texola have teams that have already sent forfeit checks. Texola won the Amarillo tournament a few weeks ago by squeezing Borger out. Borger then went to Denver and took third place in the big Denver tournament.

Pampa has never failed to get a team in nearby tournaments, and local fans are looking forward to seeing the tournament team in action. They believe the team should be assembled by Sunday to play an exhibition game here. The team that represented Pampa and LeFors in the Amarillo tournament showed lack of practice which caused a poor showing.

All games will be played in the new Alamo stadium, which is one of the best in these parts. A new grandstand with a seating capacity of 1,500 has been erected.

BORGER, Aug. 9.—(SP)—The Borger Daily HERALD, after two weeks of preliminary preparation, to be the most stirring baseball tournament in Pampa history.

The tournament will begin August 20 and will last through what should be eight days of the most exciting baseball tournament in Pampa history. Applications for participation in the tournament must be in the hands of J. C. Phillips, manager of the Borger Daily HERALD not later than midnight, August 15.

Rules are the same as ordinarily govern tournaments. A copy of the rules may be obtained by writing Phillips in care of the HERALD. Forfeit money has been set at only \$50, as a check for that sum must accompany each application.

Sixty per cent of gross proceeds of sale of admission tickets will go to the three high teams, divided on a 50-30-20 basis. Sixteen players will be permitted on the roster of each team, a play manager to be included in the 16. Crowds are what make successful baseball tournaments and bring in fat prize money. Borger's \$150,000 monthly oil and carbox black payroll and the payroll of a big business district will be the financial backing of the tournament. Phillips Petroleum company alone employs 700 men in the Borger district. These men financed the building of Alamo stadium. They are strong supporters of their team. They want to see their team win the tournament.

The tournament management is confident that a new Panhandle record for prize money will have been made at the end of the eight days of play.

## KRAFT GIVEN BIG HAND AS CAT'S PREXY BUT STEERS ARE NOT SO IMPRESSED BY CHANGE

**BY BILL PARKER, Associated Press Sports Writer.**

Claude Kraft, big puncher of the Fort Worth Oils who they won six consecutive pennants and holder of the all-time Texas league record for home runs at 55, was officially welcomed back to the league last night. Returning as president of the Cats, Kraft received a welcome from fifty-nine hundred Fort Worth and Dallas fans. Everybody made Kraft happy except the Steers who mopped up the party by winning the ball game, 7 to 2.

Hal McKain, one time sensation with the Chicago White Sox, had his slow curve breaking just right and Fort Worth could do nothing with it. Dick Whitworth and preacher Thurman could not stop the Steers.

The victory put the Steers back in the lead. Beaumont for first place since the Exporters lost a 2 to 1 game to Houston. George Payne bested Herring in a mound duel where both allowed six hits each. Minus the services of Debs Garms, hard hitting outfielder who left yesterday to join the St. Louis Browns, Longview dropped a 9 to 0 game to Tyler. Charlie Biggs of Tyler allowed eight hits but no two came in the same inning.

Although both clubs hit freely, San Antonio had the best of a 7 to 4 game against Galveston. Gabler outpitched Taylor and Cromer for the Buccaneers. San Antonio collected 13 hits against 9 for Galveston.

## Pressing Fatal At Water Holes

"Gee! this would be a swell course if it didn't have so many water hazards. I lose an average of two balls on every round!"

How to overcome this fear of getting your ball into the water? It is purely a matter of developing confidence.

Few water hazards of the tee are more than 100 yards carry, yet we frequently find a golfer who can drive 150 yards on a hole where there is no hazard, continually putting his ball in the lake.

The chief trouble lies in pressing and raising the head. The golfer who has developed the water hazard complex, is inclined to hit the ball harder, and is so anxious to see if his ball has carried the lake, that he raises his head too quickly.

You can easily overcome your fear by considering it as just another tee shot. Take a dozen or two old balls out to the water hole. Keep your head down and swing without pressing, and you'll have no difficulty clearing the lake.

## NEWS To Play Phillips Outfit On Wednesday

The Pampa NEWS playground ball team will play a return game with the Phillips Oilers from the South Pampa field at 5:15 o'clock tomorrow afternoon at Magnolia park. The game will be the deciding tussle of a five-game series between the two nines. Both have won two and lost two, the news-boys losing the fourth at Phillips camp last Friday afternoon.

Both nines will be strengthened for the game. A large crowd is expected to see the game. No admission will be charged. Playground ball is becoming popular throughout the country and this section is no exception.

High will be on the mound for Phillips with Herring behind the bat. High has developed since the spring season and has been hurling winning ball recently. Either Dillman or Acklan will start the game for the Pampans with Marshall relieving.

A playground league will be organized at a meeting in the chamber of commerce rooms at 8 o'clock Friday night. Phillips is anxious to get a team in the league. The Faculty and NEWS will be back in harness again and it is expected that five other teams will be organized. Persons interested in the organization are urged to attend the meeting. Team managers should be on hand also.

## Western Gridders Beat Easterners

LOS ANGELES, Aug. 9.—"Gus" Shaver of Southern California personally attended to snatching victory for the western "big three" eleven from an eastern team last evening in a demonstration game of American college football, played under the floodlights of the Olympic stadium with many of the 60,000 spectators seeing their first contest.

The final score was 7 to 6 in favor of the combined forces of U. S. C., California and Stanford against the aggregation representing Yale, Harvard and Princeton, but the far western players gave a more superior exhibition of offensive football than the margin indicated. All the scoring was confined to the last period and the West's winning spurt came with only three minutes left to play and the East fighting desperately to hold its touchdown lead.

**They Tell Me That—**  
Riggs Old Hoss Stephenson of the Cubs became so excited over the appointment of Charley Grimm as manager that he had a nightmare, dreaming that all his folks in Alabama were drowning in a big well, and that his roommate Grimm himself, had to wake him up with a glass of cold water administered externally.

Jack Sharkey was merely speaking for sound effects when he announced in Boston that he would really like to fight Johnny Risco. President Bill Veeck's insistence that Vince Barton be given another chance as an outfielder after Hornsby had quiet on the felled opened the breach that led to dismissal of the Rajah.

The illness of Chick Hafey cost the Cincinnati Reds ten ball games and about \$150,000 in gate receipts. Primo Carnera isn't so ambitious for a ring career since he has been tossed in with small fry at small clubs for small change.

Irv Paul Andrews, the pitcher sent by the Yankees to Boston in the deal for Danny MacFayden, probably will turn out to be the best pitcher involved in the trade.

Chuck Klein finds Dazzy Vance the toughest pitcher he does business with in the National league. Gene Sarazen and his manager expect to split \$300,000 in the next three years.

John McGraw, feeling much better now, watches the Giants in their games at the Polo Grounds, but no one is able to discover his point of vantage.

Dizzy Dean has been living up to his name in a different sort of way lately, the other clubs knocking him dizzy.

## ROOKIE LOOMS AS ACE MOUND MAN OF LOOPS

**MONTE WEAVER TOPS BOTH LEAGUES IN WINS**

**By HERBERT W. BARKER, Associated Press Sports Writer.**  
Walter Johnson perhaps has few visions now of winning an American League pennant with his Washington Senators this season but at least he has uncovered the most effective pitching rookie in the circuit.

Montie M. Weaver, who quit mathematical calculations to cast his lot with baseball, now leads both leagues in games won and lost with 18 victories and only five defeats.

Weaver has beaten every club in the American league at least once. What makes his record all the more remarkable is that he suffered three defeats in one five-day period and now has not lost a game since June 14.

He needed all sorts of luck yesterday, however, to chalk up his 18th triumph at the expense of the Cleveland Indians, 7-6. He was battered for ten hits and was driven to cover in the eighth inning when the Indians rallied for two runs, within one of a tie. Heorannd, Connelly, and Brown held the Senators to five hits out three Cleveland errors spelled defeat.

The only other clubs in action, the St. Louis Cardinals and Phillies, put in exactly five hours and seven minutes playing time as the Cards won two games, 7-6 and 6-4 in 11 innings. Three-run rallies in the eighth and ninth innings gave the Cardinals the opening game. Jimmy Collins' 18th homer with Bottomly on base won the nightcap.

**GAS WELL RUNS WILD CALGARY, Alta.** Aug. 8.—Adding a new complication to the troubled affairs of the Turner Valley oil field, Hyle No. 1 well, a powerful geyser of wet gas, was running wild today. The well exploded and the fire that followed destroyed the derrick and caused loss estimated at \$15,000.

# FRIENDLY SERVICE

Is Not "OUT OF DATE"

It may be "modern" to render only the service that is absolutely necessary, but Conoco thinks otherwise. We believe that a Service Station should live up to its title, wholeheartedly. Of course, you go to a service station primarily for oil and gasoline, but isn't it pleasing . . . and fitting . . . to have your windshield cleaned, the radiator filled, the tires checked, without having to ask?

Isn't it satisfying, too, to know that the service station affords clean, adequate rest-room accommodations; that the service men will check parcels for you, give you dependable road information and maps, and inform you fully concerning local hotels, camps and sports if you are traveling?

All these free services and many more are standard at Conoco stations. Conoco men do these things in a friendly, courteous manner. They are chosen because of their willingness to serve you . . . and trained to render their service expertly. Whenever you want gasoline, motor oil . . . or service . . . drive to the nearest Conoco station. It's easily identified by the sign of the Conoco Red Triangle.

# THE CONOCO TRIANGLE SYMBOL OF SERVICE

EVERY CONOCO STATION IS A BRANCH OF THE CONOCO TRAVEL BUREAU . . . A NATION-WIDE FREE SERVICE FOR MOTOR TRAVELERS

**BOUGHT IN SLAYING KILGORE, Aug. 9.**—(AP)—Officers searched today for Chester Doss, who fled into the countryside yesterday after the slaying of Charlie Rogers, 62, and the wounding of Homer (Red) Daniels. The shooting occurred at an oil camp near Kilgore. Rogers was slain when he attempted to take a shotgun away from Doss after Daniels had been wounded.

**BETTY GOW ON VISIT**  
PLYMOUTH, Eng., Aug. 9.—(AP)—Miss Betty Gow, Scottish nurse in the home of Colonel and Mrs. Charles A. Lindbergh, landed here today for a visit to her home in Scotland.

She was met by her mother and a group of friends from Glasgow and they planned to motor there from here.

A 60-day open season has been established on ducks, geese, brandt and coot in Florida this year.

# The Faithful Cheat

SYNOPSIS: When Sandra Kent leaves her first home in Pampa, she is being hunted by a man who has been told she is John Anderson's daughter. Sandra has been told she is John Anderson's daughter. Sandra has been told she is John Anderson's daughter.

## Chapter 25 THE GREATEST MISTAKE

"The doctor suggests that Mark come home." For a moment she could find no words; this was the last thing she had ever dreamed of or desired. Mark home again—

yourself," he answered unemotionally. She looked at him with blazing eyes. "You mean that I've always let you look after me I suppose," she stormed. How dare you say such things to me? I'll make you sorry for it—I'll make you sorry—

"Perhaps I'm sorry already, Sandra," Anderson answered. She hid her face in her hands, crying softly. "You're unkind; I don't understand you. You've never spoken to me like this before."

## COTTON EASY

**NEW ORLEANS, Aug. 9 (AP)—**The cotton market here was very active at the opening this morning but prices eased off owing to Liverpool coming in lower than due and because of considerable profit taking and a natural reaction to the sharp advance of yesterday. First trades showed losses of 9 to 10 points.

The market continued to ease off after the start owing to profit taking and some hedge selling. October dropped to 6.85 and December to 6.99, or 15 to 17 points down from yesterday's close. This decline, however, attracted a great deal of fresh buying and traders were also encouraged by reports that yesterday's advance would enable the country banks to liquidate large amounts frozen cotton loans. Prices rallied 8 to 9 points from the lows and near the end of the first hour the market was steady despite some slight reaction in stocks.

## GRAINS WEAKEN

**CHICAGO, Aug. 9 (AP)—**Sharp setbacks here in grain values early today followed a downturn of wheat quotations at Liverpool. Heavy general selling orders found the market here devoid of the aggressive new buying which recently had been much in evidence. Opening 1 1/2 to 5-8 off, Chicago wheat futures declined a little further and then rallied somewhat. Corn started 5-8 to 1-1-2 down and subsequently held near the initial range.

## COTTON CLOSES STEADY

**NEW ORLEANS, Aug. 9 (AP)—**Spot cotton closed steady at unchanged quotations. Sales 1,784; low middling 6.45; middling 6.90; good middling 7.25; receipts 2,096; stock 971,788.

## MOVING PRISONER

**SHERMAN, Aug. 9 (AP)—**James E. White, alias James E. Acker, under indictment for the robbery three weeks ago of W. A. Padlock, state prison board chairman, was en route to Houston today in custody of two deputy sheriffs from that city.

Shortly after the officers departed with their prisoner, Waco police announced they wished to question White in connection with an unnamed case.

## B. E. F. RIDES HOME—AND ON THE CUSHIONS

It was the beginning of the end for the Bonus Expeditionary Forces as the first trainload of veterans left Johnston, Pa. Mayor Eddie McCloskey, who had been their host after they were routed from Washington, had told the men they were no longer welcome—but that they could ride home in style. So here you see Mayor Eddie, in the dark suit, shaking hands with one of the veterans as a contingent of 1650 were started toward their home communities. Trains were being prepared to accommodate the remaining 5500 men and women.

## New Faction Is Formed In Texas

**DALLAS, Aug. 9 (AP)—**A new political faction to be known as the "good government" party was born here today when George W. Armstrong of Fort Worth and others met secretly to draw up a platform and nominate candidates.

Although the party fathers were behind closed doors but an hour and a half, they announced their agreement on a platform and a slate of candidates.

The platform declared against repeal of the eighteenth amendment or the Dean law. It also called for "free silver" at a ratio of 16 to 1.

Armstrong headed the ticket as the nominee for governor. He explained the organization meeting was secret because the party leaders preferred to launch their project beyond reach of the press and the public.

Charles P. Smith of Henderson was nominated for lieutenant governor. Oscar Callaway of Comanche for attorney general. John L. Andrews of Dallas for congressman-at-large and Waddy Thompson of Dallas for the six-year term as state railroad commissioner.

## Will Ask Sterling For Federal Aid

**AUSTIN, Aug. 9 (AP)—**The Texas legislative committee on unemployment relief today decided to recommend to Gov. R. S. Sterling that he make application to the federal government for funds to speed construction of public works and relieve unemployment.

No definite amount was recommended by the committee, the labor commissioner having been instructed to gather data on the needs of the various divisions of government, county, city and district, and compile the information for presentation to the governor.

Under the relief act passed by congress, the maximum amount that any state may receive is \$45,000,000.

Governor Sterling yesterday advised that any sub division needing funds should make application to him for forwarding to the reconstruction finance corporation. He asked that complete data relative to unemployment and conditions in the various communities accompany the applications for funds.

## Museum To Be Begun In Month

**CANYON, Aug. 9 (SP)—**Work on the museum building for the Panhandle-Plains Historical Society will begin within a month.

At a joint meeting of the board of directors of the Historical Society and the state board of teachers college regents here yesterday, plans for the building were approved and accepted and bids will be received within the next two weeks. The Historical Society has in the banks \$25,000 to match an equal amount appropriated by the last legislature.

The actual construction of this will bring to a climax a movement which was started almost five years ago and will give the Panhandle the first state-owned museum in Texas. The building will be erected on the campus of the West Texas State Teachers' college, where the property of the historical society has been housed since its organization in 1921.

In order to complete the \$25,000 fund the board of directors of the historical society borrowed \$600, but outstanding pledges which will be paid at the earliest possible moment will take care of this obligation.

At the meeting of the two boards were W. Z. Hayes, vice-president of the Republican National bank, Dallas; J. W. Fitzgerald of Tyler; and A. B. Mayhew of Uvalde represented the board of regents and President T. D. Hobart of Pampa, H. E. Hoover of Canadian, Mrs. W. T. Coble, and Horace M. Russell of Amarillo; R. P. Smyth, Plainview; J. D. Hamlin, Farwell; L. F. Sheffy and Dr. J. A. Hill, Canyon, representing the Panhandle-Plains Historical society.

C. H. Walker of Pampa accompanied Mr. Hobart here.

## SOUTH MADE HAPPY

**ATLANTA, Ga., Aug. 9 (AP)—**The South jingled new money in its pockets today and figured it was several million dollars richer, at least on paper, as a result of the \$5-a-bale upswing in cotton.

As the rise in price increased trading, appeals came from several sources for the federal farm board to withhold the stabilization cotton it controls from the market.

support of Rene B. Creager of Brownsville, Texas national committee man and longtime "G. O. P." power in Texas.

The nominee will oppose the democratic winner in the August runoff for governor between R. S. Sterling, incumbent, and Mrs. Miriam A. Ferguson, governor for a single term in 1924-26.

The republicans in 1914, when Mrs. Ferguson was the democratic nominee, mustered almost 300,000 votes for their nominee, Dr. George Butte. It was the largest republican vote to be counted for governor in Texas.

Eugene Nolte of Seguin called the convention to order.

Haines, who was the republican gubernatorial candidate in 1926, said the most important thing before the country was "to satisfy the demand of men and women for food and raiment and shelter."

**Raps Democrats**  
He criticized what he said was a democratic plan in the August runoff of public works and public works scores of public building sites as the only idea of stabilization economically.

"John Garner's idea of curtailing costs of government, was maintaining his own wife and boy on the public payroll," Haines shouted.

"Why did he not begin at home with his economy, that is a good place to start and to make an example."

Referring to the current Texas state democratic gubernatorial campaign between Governor Sterling and Mrs. Ferguson, Haines told the republicans "we have a duty to perform" and that neither should be permitted to sit in the governor's chair.

Haines was recommended for permanent chairman, E. G. Toothman of Dallas was proposed secretary. The convention recessed until afternoon to permit permanent committees to work. Chairmen of the committees were F. L. Thompson of San Antonio, resolutions; B. J. Peasley of Tyler, credentials; H. Zweifel nominations, and J. E.

## Sounds Different

**EXECUTIVE MANSION, ALBANY, N. Y., Aug. 9 (AP)—**To Governor Roosevelt, the democratic presidential nominee, "it seems pretty clear," he said today, "that in the present time the drift of political opinion is substantially the same in every state in the union."

After former Governor Byrd of Virginia told him the "solid south" and the border states could be counted on to be democratic next November, Roosevelt said:

"What he told me confirms reports to such an extent that it seems pretty clear that at the present time the drift of political opinion is substantially the same in every state in the union. There is the same drift in Vermont and Massachusetts as you'll find in Ohio and Illinois."

**SIGNS BOLD DECREE**  
**BERLIN, Aug. 9 (AP)—**President Von Hindenburg today approved a new emergency decree by which the German government hopes to put an end to political unrest which has cost more than one hundred lives in two months. The substance of the decree, prepared by the Von Papen cabinet, was telephoned to him at his summer estate at Neudeck. Its text will be published tonight.

Paul S. Tabor of Amarillo was here yesterday.

Raymond Allred transacted business in Amarillo this morning.

## Large Choir Aids In Revival Held At Local Church

All 40 seats in the First Methodist church choir have been filled for the revival meeting now being conducted at the church, and each night special music is furnished by individual members of the choir. Good singing also is provided by the children of the church, who are seated on the front rows.  
Mrs. L. O. Wrenching this evening will sing "He Knows It All," accompanied at the organ by Mrs. May Foreman Carr, and tomorrow evening Ralph Irwin will sing.  
G. E. Campbell of Alameda was in Pampa Monday.

## Mob Is Thwarted By Clever Deputy

**NEW MADRID, Mo., Aug. 9 (AP)—**Efforts of a mob to take Chim Houston, 17-year-old negro accused of attempting to assault an 18-year-old white girl, from the county jail here shortly before midnight last night were thwarted when Deputy Sheriff Sam Harris told the mob the negro had been removed.  
The negro actually was taken to the Cape Girardeau county jail at Jackson two hours later when the mob had dispersed. The mob consisted of about 100 men who came in cars from the vicinity of Wapak, in Mississippi county where the negro was arrested yesterday.
