## Little Interest Shown in Pampa in "Bonus Marches" to Washington RE-DISTRICTING OF COMMISSIONERS' PRECINCTS PLANNED

### QUESTION TO BE DISCUSSED NEXT JUNE 13

CITIZENS REQUESTED TO GIVE VIEWS ON SUBJECT  
WARM DEBATE EXPECTED  
TWO COMMISSIONERS TO OFFER TOPIC FOR AIRING

Re-districting of Gray county as to commissioners' precincts is proposed by at least two commissioners and will be brought up by them June 13 for discussion, it is reliably learned by THE NEWS.

Commissioners John White and M. M. Newman, of precincts 1 and 4, respectively, are expected to bring the subject before the session on June 13. They expect that citizens of the various precincts will be present to air their views on the subject.

Re-districting, which may be done by the commissioners, would involve the voting population, road funds and maintenance, and other factors. There has been a feeling for several years that precinct 2 has top-heavy values and voting strength. This is vigorously disputed in Pampa, however, and compensating factors, especially allocation of vehicle license funds, are mentioned.

Property valuations in the precincts are approximately as follows, as of 1931: Precinct 1, \$3,781,000; precinct 2, \$2,074,000; precinct 3, \$484,000; precinct 4, \$2,031,000.

Development of oil resources in the future is expected to alter the relative financial assets of the several precincts, but to have relatively small effect on concentration of population. Voting of the county-wide bond issue for road improvement eliminated precinct inequities in precincts 2 and 4.

### Thut Creek Gets New Rail Span

Pastoral and honorable Thut creek was spanned by steel lengths of the Fort Worth & Denver Northern railway this morning as the population was out to see it. Completion of the railroad to LeFors was watched by almost the entire population.

Today short branch lines are being built at LeFors, also switching track. H. H. Durston estimated this morning that the road would reach Pampa next Wednesday.

She got it for toting pupils to Paddonia school.

Two enthusiastic supporters of Speaker Garner are shown above as they headed for Chicago where they intend to aid the Garner-for-president boom during the Democratic convention. They take turn about at riding and are confident they will make Chicago in time for the big show.

## Delinquent Tax List Large

But County Record Better Than Most Parts of State, Barnes Says.

Delinquent taxes owed by Gray county property owners from 1885 to 1930 total \$85,867.59, according to a report just completed by Tax Collector T. W. Barnes. The report was the first made in several years. The immense size of the report can be indicated in the fact that it contains 11,145 lines.

The report contained delinquent taxes as follows: Road, \$18,911.98; school, \$7,414.01; state ad valorem, \$27,276.22; and county \$31,465.50.

Mr. Barnes said Gray county's delinquent tax record over a period of 47 years is good compared with that of many counties in Texas. Most of the delinquencies occurred in the last 10 years. In 1930 alone, delinquent taxes amounted to approximately \$8,000.

Between now and June 30, property owners must pay \$120,000 in (See DELINQUENT, Page 8)

### 'Thou Shalt Not' List For Drivers Of Vehicles Given

Ignorance is no alibi when it comes to law violations, but City Manager C. L. Stine is anxious that Pampa motorists know the laws that should not be broken in the city of Pampa. Starting yesterday, the police department began a war on traffic violations.

**Thou Shalt Not:**  
Drive a car more than 20 miles an hour within the city limits.  
Leave a car parked on any sidewalk.

Leave a car parked on the wrong side of the street.  
Cross a street excepting at intersections.  
Pass a car on an intersection.  
Park closer than 10 feet to a fire hydrant.

Park on any street between 1 a. m. and 5 a. m. (Cars may be parked in the middle of the street excepting on Frost and Russell streets).

Pass a stop sign without coming to a dead stop.  
Make a "U" turn where a sign says NO U TURN.  
Drive faster than 15 miles per hour in school zones.

Park in the downtown section more than 2 hours on Saturdays excepting on a street in front of post office where limit is 15 minutes.  
Leave a vehicle on street or alley more than 24 hours.  
Turn to the left out of any alley.  
Park at a 45 degree angle on Russell or Frost streets.  
Park double.

### Definition Quashed

Jim Williams called up yesterday, somewhat excited and not a little pleased. He had learned that the Texas Supreme Court had sustained the Small river bed title validating bill. The statutory "navigable" stream is no more. Dan Moody and his cohorts will never sail up the North Fork on a definition passed by men who had never seen West Texas' dry streams.

Of course, the litigation may be drawn out a little longer, but it surely looks like the long battle for the rights of our landowners has been won. The pioneers who fought difficulties to pay for their land must be protected, and likewise those who have purchased the land in good faith in more recent years.

### Not To Schools

It is a somewhat ironical by-product of the fight that the proceeds of development of the really navigable streams will go to the general fund of the state, instead of to the permanent school fund. The "Battle of the North Fork" appears not to have been for the school children on the state's part, after all. And if any Austin resident thinks the North Fork is navigable let him inspect it on one of these hot, windy days.

## NEWS FLASHES AT PRESS TIME

**AMARILLO,** June 2 (AP)—Herman Selby, 16-year-old son of Rev. Oscar Selby of Wildhorse, Okla., was killed here today when he fell beneath the wheels of a freight train as he attempted to board it. Thomas Gibson, 17, young Selby's companion, said the two were en route to California.

**NEW YORK,** June 2 (AP)—American, Continental and Russian executives today announced that they could not reach an agreement for stabilization of the world's export markets.

**WASHINGTON,** June 2 (AP)—Busy behind closed doors, their lips tightly shut on occasional trips outside, senate and house conferees today began adjustment of differences over the billion dollar revenue bill.

**McKINNEY,** June 2 (AP)—Ralph Howard Alsop was convicted today on a charge of robbery with firearms and was sentenced to 25 years imprisonment. The 23-year-old Denton man was tried in connection with a series of store robberies at Celina the night of April 20 when Mayor Francis and several other citizens were held captive.

**AUTEUIL,** France, June 2 (AP)—Mrs. Helen Willis Moody, seeking her fourth French tennis single title, today advanced to the final round with a 6-3, 10-8 victory over the German girl, Hilda Krahwinkel, in the semi-finals. Helen Jacobs, second ranking woman player of the United States, was eliminated from the French tennis championships today in the quarter-final round by Mme. Rene Mathieu of France, 4-6, 4-6.

## NO AUTHORITY FOR MOVE IS TO BE GIVEN

BUT VETERANS STRONG FOR PAYMENT OF CLAIMS

CONCENTRATION GOES ON

AMARILLO MAY BE ONE CENTER OF BIG "PUSH"

In the absence of any accredited national movement such as the "bonus march" plan, local veterans' organizations today indicated no interest in the "On to Washington" project.

Many Pampa veterans expressed fear that radical elements of the east would bring discredit upon the former soldiers, and added that the movement was not likely to have any influence unless efficiently organized and furnished with official spokesmen.

Local veterans, however, are strongly behind Congressman Wright Patman and his bonus bills, and are critical of their national commander.

By The Associated Press

From all sections of the state today came reports of world war veterans gathering for a "march" on Washington to demand of congress speedy payment of veterans compensation certificates.

It was not a march in fact, for former service men indicated through leaders they would travel by automobile, trucks and freight trains. By any and every means they sought transportation which would place them in the national capital quickly to back congressmen who advocated immediated cash payment of the soldiers' bonus.

**Forced Off Train**  
In Fort Worth last night, the veterans' camped action with words by boarding an east-bound freight train, in what numbers was not definitely established. Special railway officers forced F. R. Compton, a leader, and 11 comrades to leave the train, as well as some 50 "ho-boes," but it was reported many of

## "Tent Slayer Is Given Acquittal

**CONROE,** June 2 (AP)—Durrell Kendall of Mississippi was acquitted by a jury here today of the murder of L. H. Brownlee, head of a small time itinerant minstrel show.

The verdict was returned on the first ballot. Kendall, motion picture projectionist for the show, was accused of slaying both Brownlee and Martha Smith but was tried specifically for the murder of Brownlee.

The bodies were discovered in the show tent at New Caney, Texas, Dec. 10 last, several days, presumably, after the killings, through the screams of a hungry parrot which led New Caney residents to go into the tent and investigate.

**APPEAL OF NEW RAILROAD ON DAMAGES AWARD FOR PROPERTY IS BEGUN IN COUNTY COURT**

C. T. McCarty First To Take Stand In Suit

The appeal of the Fort Worth & Denver Northern railway company against an award for right-of-way damages made on the property of C. T. McCarty on Barnes street in the Moreland addition was started in county court this morning.

A committee comprising W. S. Baxter, W. D. Martin, and J. E. Williams fixed the amount of damages to Mr. McCarty's property at \$3,250. Of this amount \$180 was ordered paid to the Stuckey Construction company. The railroad company appealed the case for trial before a jury in county court, claiming that the award was excessive and unjust. Approximately 20 witnesses were sworn in just before testimony started about 11 o'clock.

The first witness due to be called to the stand was Mr. McCarty.

The railroad company alleged that the property damages should not exceed \$1,200. The property includes lots 21 and 22 in block one of the Moreland addition. The Fort Worth & Denver Northern railroad

### Fire Department Soaks City Park

The City park got a real soaking last night when the fire department turned several lines of hose on it and soaked the ground thoroughly. Sprays will be used to hold the moisture until another thorough watering in two weeks.

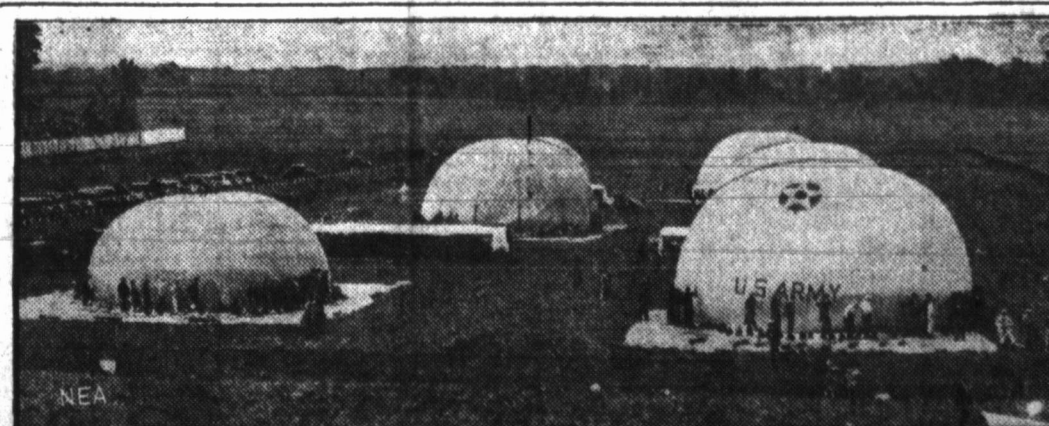

The idea of using fire hose to water the park was reached at 2,458 feet in the line formation. The granite wash pay was topped at 2,495. Total depth is 2,505 feet. The well swabbed 80 barrels the first three hours but failed to continue. A shot of 120 quarts was pumped from 2,442 to 2,505 feet and the response was gratifying.

Marion Travis has made a location for a west office on the same lease. The cellar is being dug for the test.

Cree and Hoover will shoot their No. 1 snare net on section 112, block 3, south of Pampa, tomorrow afternoon according to George Cree. The test is making 5 barrels an hour natural from total depth of 2,500 feet today.

The Jewell Oil company's No. 1 Meers in section 107, block 3, three-quarters of a mile from the Cree and Hoover test, is shut down on top of pay with the tools in the hole and no water.

### HIGH WINDS BATTER RACING BALLOONS

Ordered to carry pistols because prevailing winds threatened to carry them far over the Canadian wilderness, 12 daring balloonists in six racing bags soared 4 way from Omaha, Neb., in the annual national balloon race for the coveted Litchfield trophy. Photo shows the six balloons being inflated before the start, with the U. S. Army bag, last year's winner, in the right foreground. They all landed safely.

## ATTEMPT TO OBTAIN FUNDS ENDS FUTILELY

SCION OF BIG-SPRING FAMILY SHOOTS HIMSELF

SHERIFF OVERTAKES HIM

FUGITIVE FALLS DEAD TO AVOID BEING TAKEN

**BIG SPRING,** June 2. (AP)—Kather than submit to arrest for an attempted robbery of the First National bank of Stanton today, Clinton Hat, 30, shot and killed himself.

His death climaxed a ten-mile automobile chase in which he vainly tried to escape pursuing officers. As the car in which he rode came to a halt, he whipped out an automatic pistol and fired six times, one bullet penetrating his head.

He apparently made no effort to shoot at the car load of officers, who stopped on his left side. Three of his bullets tore through the top of his car and the two other

shots punctured the right door as he toppled, over dead. Checking back on Hat's venture, it was found he had rented an automobile at Big Spring, his home town, about 6:30 o'clock this morning. An hour later he walked into the bank at Stanton, 20 miles to the west.

## Most Easterly County Well Is Good Producer

Gray county's most easterly test has been brought in a nice producer. The Mid-Kansas Petroleum company has just completed its No. 1 Webb in section 61, block 25, 2 miles from the Wheeler county line for between 300 and 400 barrels a day. The well is shut in waiting for connections which should be completed soon.

First pay in the new producer was reached at 2,458 feet in the line formation. The granite wash pay was topped at 2,495. Total depth is 2,505 feet. The well swabbed 80 barrels the first three hours but failed to continue. A shot of 120 quarts was pumped from 2,442 to 2,505 feet and the response was gratifying.

MISJUDGE NEW YORK?

It is beginning to look very much as if the nation at large had done the people of New York a grave injustice.

New York is popularly supposed to be a hard-boiled city. Broadway is supposed to be a street where your best friend will put a knife in your back as soon as he gets a chance.

Here we have the mayor of New York, the over-worked and harassed Jimmy Walker. Mayor Walker, filling one of the most arduous of jobs, seems to have found the world filled with devoted and thoughtful friends, all eager to do what they might to make his path a little smoother.

One friend cuts him in on a stock-trading account. Mayor Walker puts up no money of his own; but he takes out, in the end, \$246,000. Could there be a finer testimonial to the value of sincere friendship?

Nor does that incident stand alone. A friend meets him at a banquet in Atlantic City and suggests his participation in an oil stock pool. Mayor Jimmy thinks no more about it; later, he finds that his friend put him in it anyway, and made \$26,000 for him.

Then there was another friend who made a similar sort of investment for him, netting him \$10,000; and there was a conversation with some kindly soul on a train, which also resulted in a \$10,000 profit; nor may we overlook the friend who bought a \$10,000 letter of credit so that the mayor could take a trip to Europe.

All of this is immensely heartening. Friendship, after all, is the most precious thing on earth. It can mitigate the severities of an otherwise dull and monotonous existence, it can make a life of toil seem pleasant and refreshing, it

can sustain the soul in times of need. Mayor Walker, plunked down by fate in the heart of the world's most hard-boiled city, found his way fairly cluttered up with friends. Which of us can refrain from envying him?

(Continued from Page 1)

worked hard at their new responsibility, and the records show not a single traffic accident around the schools. The result so far has been exemplary, but the lasting result of teaching impressionable youngsters the meaning of careful driving will be even more significant.

Bad Examples But while the school boys have been doing well, the lads and lassies, men and women older in years and experience have not cooperated. Examine your own mind and you will recall violations you have made in the last year.

The most dangerous is speeding, and there is far too much of it. It is not uncommon to see some driver tear down a residential street at 35 to 45 miles an hour. This is exceedingly dangerous now that school is out and children are around their homes.

No Favorites Traffic control is not worth the efforts unless it is enforced without exceptions. There should be no favorites, no excuses in cases of willful violations, however careless. A few professions are of such a nature that special permits

should be issued. Most of us are not in a hurry. There are some who believe the speed limit is too low, that it should be 25 miles per hour in the residential section. This may be true for those who have good, four-wheel brakes. The margin between 25 and 35, however, is not very big. One speed leads to another. There are many violators who habitually drive 10 miles or more above the limit.

should be issued. Most of us are not in a hurry. There are some who believe the speed limit is too low, that it should be 25 miles per hour in the residential section.

Hard Luck Hard luck stories are getting a lot of attention these days. Downstate papers have made much of the personal financial bad breaks which Gov. Ross Sterling has had since assuming his executive position.

Puppet Shows Politics is funny. Since we first took an interest in a presidential race in 1912, we have been amused as well as instructed by the asinine tactics of political factions.

But this year Goodyears give even more. They give you safety and silence both in the first noiseless non-skid tread, the new Silent All-Weather.  
What with new cars becoming faster, more powerful every year, it's well to remember that *brakes may stop the wheels, but only TIRES can stop the car*—and those tires *must* have traction.  
What with engines and bodies built quieter than ever before, it's worth while to watch the tires you buy, and make sure they roll without rumble or hum.  
Millions of motorists have discovered the superior safety of the All-Weather Tread. That is one of the big reasons why more people ride on Goodyear Tires than on any other kind.  
When you buy tires, get the newest and safest and best. All you need to do is ask yourself the simple question: "Why be satisfied with any second-choice tire when first-choice costs no more?"

**Prices Record-breakingly Low!**  
Never in Goodyear experience—never in all tire history—have the prices of Goodyear Tires been as low as they are today. Don't try to guess them by what you last paid for tires. They're 50% lower than they were five years ago—30% lower than in 1929. And your money today buys the hand-somest, toughest, longest-wearing Goodyear All-Weather ever built. Think of that, and ask yourself: Why buy any second-choice tire when first-choice costs no more!

**MISJUDGE NEW YORK?**  
It is beginning to look very much as if the nation at large had done the people of New York a grave injustice.

New York is popularly supposed to be a hardboiled city. Broadway is supposed to be a street where your best friend will put a knife in your back as soon as he gets a chance. The big town, in short, is looked upon as one of those places where the milk of human kindness has gone a wee mite sour.

But behold! How we have been misjudging the place!

Here we have the mayor of New York, the overworked and harassed Jimmy Walker. Mayor Walker, filling one of the most arduous of jobs, seems to have found the world filled with devoted and thoughtful friends, all eager to do what they might to make his path a little smoother.

One friend cuts him in on a stock-trading account. Mayor Walker puts up no money of his own; but he takes out, in the end, \$246,000. Could there be a finer testimonial to the value of sincere friendship?

Now does that incident stand alone. A friend meets him at a banquet in Atlantic City and suggests his participation in an oil stock pool. Mayor Jimmy thinks no more about it; later, he finds that his friend put him in it anyway, and made \$26,000 for him.

Then there was another friend who made a similar sort of investment for him, netting him \$10,000; and there was a conversation with some kindly soul on a train, which also resulted in a \$10,000 profit; nor may we overlook the friend who bought a \$10,000 letter of credit so that the mayor could take a trip to Europe.

All of this is immensely heartening. Friendship, after all, is the most precious thing on earth. It can mitigate the severities of an otherwise dull and monotonous existence. A few make a life of toil seem pleasant and refreshing, it

can sustain the soul in time of need. Mayor Walker, plunked down by fate in the heart of the world's most hard-boiled city, found his way fairly cluttered up with friends. Which of us can refrain from envying him?

worked hard at their new responsibility, and the records show not a single traffic accident around the schools. The result so far has been exemplary, but the lasting result of teaching impressionable youngsters the meaning of careful driving will be even more significant.

**Bad Examples**  
But while the school boys have been doing well, the lads and lassies, men and women older in years and experience have not cooperated. Examine your own mind and you will recall violations you have made in the last year. The most dangerous is speeding, and there is far too much of it. It is not uncommon to see some driver tear down a residential street at 35 to 45 miles an hour. This is exceedingly dangerous now that school is out and children are around their homes. With trees and buildings on corners obstructing intersection views, speeding is too menacing to countenance. Moreover, to allow it is to set a bad example before the young patrolmen and the children they teach.

**No Favorites**  
Traffic control is not worth the efforts unless it is enforced without exceptions. There should be no favorites, no excuses in the otherwise dull and monotonous existence. A few make a life of toil seem pleasant and refreshing, it

Politics is funny. Since we first took an interest in a presidential race in 1912, we have been amused as well as instructed by the assassin tactics of political factions. The "ins" are always prone to stick thumbs in vests, light a fat cigar, and approve

**CHILDREN ARE STILL MISSING IN PERRYTON CASE**  
PERRYTON, June 2 (AP)—The search for two missing children of J. M. Cone, 41, who shot himself yesterday, centered today in the brushy Wolf Creek area, 30 miles southwest of Perryton.

The children, J. M. Cone, Jr., 9, and Vernon Cone, 6, disappeared under strange circumstances Tuesday night. Relatives said they were taken from their home by their father. One died at a hospital after being found in the garage at his home with two pistol bullet wounds in his chest. A coroner's verdict of suicide was returned.

Acting on a report that Cone had been seen with the children along Wolf Creek Tuesday night, searchers concentrated their hunt there but failed to locate the children.

However, searchers found tracks of an automobile and a man's footprints. Officers said they also found sand in Cone's shoes and trousers leading to the belief he might have been wading in the creek.

Cone had operated a radiator repair shop here until several weeks ago, when he sold the business.

**HARD LUCK**  
Hard luck stories are getting a lot of attention these days. Downstate papers have made much of the personal financial bad breaks which Gov. Ross Sterling has had since assuming his executive position. Governor Ross will make his campaign with a voice broken with sobs over his personal losses but steadied by his willingness to make another sacrifice to his state. Ferguson will nullify that plea with recitals of how the major oil companies will take care of the governor. The chief worry of Jim and Ma is, however, that the "Ferguson crowd" is not possessed of the normal supply of poll tax receipts. Austin rumors are that a "dark horse" is being roomed to oppose Jim and Ross.

**AMARILLO**, June 2 (AP)—A small field of the Panhandle's young liekmen this morning tackled the difficult municipal golf course here in qualifying rounds of the second annual American Legion junior championship. Eighteen hole qualifying rounds were scheduled for today, with match play starting tomorrow. Finals will be played Sunday.

everything the brethren are doing. The "outs" are the thinkers, for they have to think hard and deeply to get at the root of current evils. The Mineral Wells G. O. ## GIVE TWO DEGREES

ABILENE, June 2 (AP)—Two honorary degrees were conferred at the fortieth annual conference of Simmons university here today. Dean W. S. Allen, of Baylor university, who addressed the graduates, was made a doctor of laws. Charles Francis Horner of Kansas City was given the degree of doctor of music in education. Degrees were conferred on 66 members of the class, 27 others were who are to receive their diplomas in a August, were recognized in the ceremonies.

**HELEN HAYES SUED**  
CHICAGO, June 2 (AP)—Helen Hayes, stage and screen actress, has sued made defendant in a suit for \$100,000 instituted in circuit court by Carl Frink MacArthur, first wife of the actress's husband, Charles MacArthur, playwright.

The basis of the suit, it was learned, will be a charge of generated affections. Attorney for the first Mrs. MacArthur said he would file the declaration within a week.

**GANG IS ACCUSED**  
MINNEAPOLIS, June 2 (AP)—The Hayes-Shelton game of St. Louis was named by C. D. Brown today as the band responsible for the \$200,000 robbery March 29 last of a northwestern nation branch bank here.

**FATHERS, SONS FIGHT**  
MCRRISTOWN, Tenn., June 2 (AP)—Two fathers took up a fight of their sons over a love affair last night and one was killed and the other was imprisoned on a charge of homicide.

William M. Raines, 32-year-old farmer, and John Senter, a neighbor, fought the youths battling over attention young Raines had been paying attention to the other's sister.

Shots were fired and William Raines fell dead.

**VANCE BEATS BRAVES**  
BROOKLYN, June 2 (AP)—Davy Vance held the Boston Braves to five hits to give the Dodgers the first game of today's doubleheader, 8 to 1. The victory sent the Dodgers in to a tie for fourth place. Hack Wilson hit his sixteenth home run of the season with two men on base in the seventh inning.

## SALARY SLASHES ARGUED

WASHINGTON, June 2 (AP)—Whether to save government funds by slashing the salaries of its employees was debated today by the Senate while administration spokesmen assailed democratic relief proposals on both sides of the capitol.

As arguments for and against a ten per cent salary cut were advanced, Senator Norris (R., Neb.) proposed as a substitute the exemption of employees receiving under \$1,500 a year and a scale of reductions ranging from five to 25 per cent for those getting more.

ST. LOUIS, June 2 (AP)—A spending spree caused the arrest of Bruce O'Dell, 22, here today and resulted in his confessing complicity in the robbery of the bank of Portland, Ark., recently.

**WITNESS IS GUARDED**  
LOWELL, Mich., June 2 (AP)—Brimmen guarded the homes of witnesses in the Henry Marshall murder case today and vigilantes planned to continue an armed night patrol of the village to thwart reported gangsters who have intimated one witness in the case causing his flight.

**CLASSIFICATION WARS**  
HOT SPRINGS, Ark., June 2 (AP)—Ending a sparkling round with a 15-foot putt on the seventeenth green, Mrs. Ben Pritchett of Vicksburg, Mississippi champion and medalist, eliminated Miss Margaret Maddox of Atlanta, two and one, in the Southern Women's Golf tournament today.

THURSDAY  
TEXAS

HOUSTON, June 2 (AP)—The latest and broadest attack on proration in the east Texas oil field was ended today but the decision of a three-judge court that heard the case was at least a month away. Hearing on a consolidated case brought by a number of oil operators to test the validity of the Texas state railroad commission's production restrictions in the field was completed late yesterday. The court then allowed counsel for each side 15 days, or a total of 30 days, to file supplemental briefs. Sam Brooks of Enid is here on business today.

### Gridiron's Turf To Be Improved

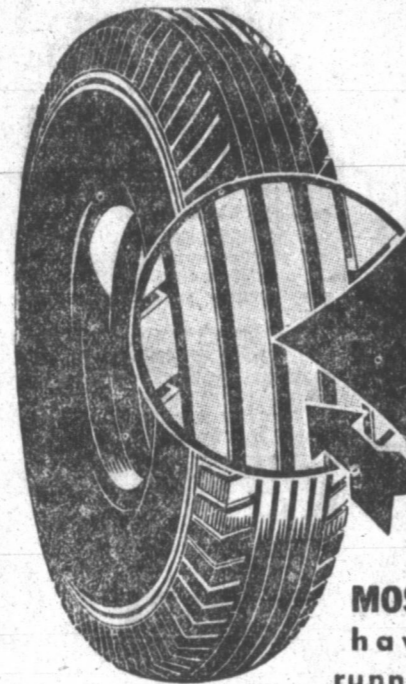

Harvester pair will have a good turf for football players to fall on next season if Sheriff Lon L. Blanscet knows anything about planting grass. The sheriff and a committee on the Frontier Days celebration informed the school board that they would leave the Harvester park in better condition than it previously was if they could hold the rodeo there. Yesterday Sheriff Blanscet and a number of men took down fences and corals. They then went over the playing field, a harrow, worked a thick mulch up, and planted 100 pounds of dry weather blue

grass seed. Then a wire drag was used and the seed covered. It will be left that way until a rain, after which the turf will be watered regularly. Within the next six weeks a thick crop of grass should be covering Harvester park and by the time the football season arrives the playing field should be one of the best in this section. Grass already on the field was not damaged by the rodeo performances, Sheriff Blanscet said. Germany recently put into effect a requirement for all milk bottles to be standardized, each to have on it the name and address of the producer of the milk and the date produced. The minimum butterfat is fixed at three per cent, and only persons can handle milk who have passed a health examination.

## —: Buy Non-Skid Tires :— PRICES LOWEST IN HISTORY

The car owners who buy Goodyear Tires this year will get better tires than ever before. Better in mileage, an average of 30%. Better in non-skid tread-wear 35%, better value, 45%—yes, better tires, first choice tires, yet they cost no more than second-choice tires. No wonder, is it, that "more people ride on Goodyear tires than on any other kind."

## If you know your SILENCE and SAFETY

UNLESS you're willing to pay your good money for a back number when you buy tires—here are two pictures of vital interest to you.

In these pictures you see the two types of treads used on all the tires offered for sale today.

At the left is the smooth center tread, politely called by the tire industry a "rib center."

At the right—the Goodyear All-Weather.

Look at the "rib center" tire and you see gripless sled-runners of rubber in the middle of the tread where the tire contacts the road.

Look at this new Goodyear and you see traction in the tread center—big husky blocks of rubber—keen-edged—deep-slotted at an angle which means grip and stop, no matter which way a car wants to slide.

Goodyear All-Weather Tread Tires give you the type of tread shown at the right—Goodyears provide the complete and sure-footed safety of traction in the center of the tread where it belongs.

But this year Goodyears give even more. They give you safety and silence both in the first noiseless non-skid tread, the new Silent All-Weather.

**Prices Record-breakingly Low!**  
Never in Goodyear experience—never in all tire history—have the prices of Goodyear Tires been as low as they are today. Don't try to guess them by what you last paid for tires. They're 50% lower than they were five years ago—30% lower than in 1929. And your money today buys the hand-somest, toughest, longest-wearing Goodyear All-Weather ever built. Think of that, and ask yourself: Why buy any second-choice tire when first-choice costs no more!

What with new cars becoming faster, more powerful every year, it's well to remember that *brakes may stop the wheels, but only TIRES can stop the car*—and those tires *must* have traction.

What with engines and bodies built quieter than ever before, it's worth while to watch the tires you buy, and make sure they roll without rumble or hum.

Millions of motorists have discovered the superior safety of the All-Weather Tread. That is one of the big reasons why more people ride on Goodyear Tires than on any other kind.

### PLANS MADE TO ENTERTAIN IN TWO WEEKS

#### SUMMER SCHOOL FOR CHILDREN IS ANNOUNCED

Whatacre, the ranch home of Mr. and Mrs. M. F. Roche, located seven miles west of Pampa, was the scene for an attractive 1 o'clock luncheon given by Mrs. Roche yesterday as a courtesy to the Altar society of the Holy Souls church of Pampa.

The luncheon was served in three courses at tables prettily decorated in garden flowers.

In the early afternoon hours games were played and a business session was held by the group. Plans were made for a party at which husbands will be special guests. It will be held at 8 o'clock the evening of June 15 in the home of Mrs. L. H. Sullivan. Various table games will be played.

Announcement also was made of a summer school for children to be held at the church beginning Monday.

Those attending the gathering were Mesdames C. C. Alexander, Lynn Boyd, H. B. Carlson, Ed Curran, Mary Conley, William Cunningham, William Dee, Emmett Dwyer, Ed Fitzgerald, J. W. Garman, F. J. ### Mrs. Buckler Is Hostess To Episcopalians

An interesting review of the prayer book took place under the direction of Mrs. Julian Barrett at a meeting of the Woman's auxiliary of the Episcopal church yesterday afternoon at the parish house. Mrs. C. P. Buckler was hostess for the occasion.

The meeting was opened with prayer and scripture reading by Mrs. J. E. Cunningham, and following the prayer book study plans were made to conduct a food sale Saturday at C & G System.

Mrs. Buckler served refreshments at the close of the meeting to Mesdames F. E. Scheig, F. M. Perry, E. A. Palmer, Julian Barrett, M. K. Brown, Clyde Gold, C. C. Wagner, Louie F. Clark, S. P. Thornton, J. E. Cunningham, R. E. Frazier, and N. C. Smith.

### Bible Class Is Entertained At Social Meeting

Pink and white flowers were used to decorate the home of Mrs. T. A. Perkins and Mrs. M. J. Green. Otto Wilson, L. E. Hawkins, Alice Surlis, Betty Kennedy, Anna Brooks, E. H. Shannon, the teacher, Mrs. J. J. Long, one visitor, Mrs. John B. Ayres, and the hostess.

### G. O. P. BOOZE STAND AWAITED WITH INTEREST

By The Associated Press

Speculation in Washington over the republican convention's prohibition stand was at fever heat today as observers mullied over Postmaster General Brown's declaration that the plank would be satisfactory all around.

That this statement coincided with the issuance by the war council of the dry forces of a warning that any party's move in a wet direction would be met with relentless, active opposition, was not overlooked.

A meeting of Illinois' democratic delegates in Springfield today was watched for indications of how much aid Franklin D. Roosevelt could expect from favorite son delegations. Though ostensibly for other purposes, the important question at this meet was agreement on convention procedure after the declaration has done its duty by Senator J. Hamilton Lewis, the state's candidate. Pro-Roosevelt men apparently are slightly in the majority.

E. G. Saunders of LeFors was a visitor at the NEWS this morning.

### PAMPANS LAUGHED AT FRONTIER DAY FROCKS—BUT RUFFLES AND FRILLS OF 60'S ARE RETURNING

By HOLLYCEE SELLERS HINKLE

"Lovely, yes but so quaint," thought we modern, sophisticated Pampans as we viewed those old-time garments worn by hostesses for the Frontier Days celebration. But alas, the tables have turned, and the laugh is on us.

The Associated Press has carried the news straight from Paris that all the ruffles and frills and long skirts so charming when worn by our grandmothers—were also grace the maids and matrons during the summer of 1932 on out-of-door party occasions.

So nothing could be more elegant and appropriate for a smart garden party than the p-sach brocade satin ball gown, trimmed with lace, beads, and pearls, worn by Mrs. Clyde Fatheree when she served as Frontier Days hostess. The long, full skirt and the big bow in the back are both old and modern, and the half-length sleeves seem to be quite the thing in fashionable circles.

The white summer dress of 1890 worn by Mrs. Katie Vincent at the celebration could be worn again today with no adverse criticism, as could the figured frock with long, full skirt worn by Mrs. Smith Gragg and the ruffled dress of Mrs. Raymond W. Harrah. Not even the colonial costume worn by Mrs. E. M. Conley be entirely out of order.

Says Diana Merwin, Associated Press fashion editor:

"Frocks which Paris has designed this year for garden parties and outdoor teas have drawn their inspiration from the sophisticated sixties."

"Sprigged dimities, candy striped voiles and sheer organdies of Maude Muller's day are the fabrics of the mode. A number of them are made with skirts which almost touch the ground finished with the ruffled tiers in vogue sixty years ago."

"Big picture hats of milan or leghorn straw, crocheted lace mitts or gloves and abbreviated jackets add to the picture which recalls the sixties, while a demure manner and subdued makeup put the finishing touches to the mode."

"One of the glamorous afternoon costumes is made of white muslin sprinkled with tiny blue blossoms. The hat to wear with it is a drooping leghorn trimmed with blue velvet ribbons which end in short streamers, while its jacket is a little elbow sleeved design of blue velvet."

"For the woman who wants a less frivolous tea party frock, Paris has produced more modern designs. One of them is of dull black crepe with a simple close fitting skirt eight inches from the floor.

"Another is of gray flamsiole, designed with a sleeveless frock and a waist-length cape to match, and worn with a big black milan hat of merry widow proportions."

### Singer Arrives For Services

Robert Ferguson of Hedley, evangelist singer, has arrived to conduct the singing in connection with the revival meeting at Hopkins No. 1 Rev. Hendricks, Methodist preacher of Hedley, is doing the preaching.

### GRIEVED BY CURTIS' HOAX

"I was apparently brought back to my senses when my wife told me how the children missed me," said John H. Curtis (inset), the Norfolk Va. boat-builder in confessing to New Jersey authorities that all his "negotiations" with the supposed kidnapers of the Lindbergh baby were a hoax. This picture shows Mrs. Curtis and their two children Constance and John Hughes Curtis, Jr. in their Norfolk home.

### COUPLE PLANS TO MAKE HOME IN THIS CITY

#### BRIDE'S SISTER, FRIENDS ACCOMPANY THEM TO SAYRE

The marriage of Miss Lucille Agan, popular nurse at Pampa hospital, and Arthur Stapleton, an employe of the G. C. Malone funeral home, was to be performed at Sayre, Okla., today, it was learned here this morning.

Accompanied by the bride's sister, Miss Isabel Agan, and a friend, Miss Ella Harmon, the young couple drove to the Beckham county seat, scene of many a marriage of Panhandle residents, where the vows were to be taken. Close friends of the young couple have known of their matrimonial intentions for some time, but no public announcement was made.

The bride has been a nurse at Pampa hospital for over two years. She took her training at the Shamrock General hospital. Her sister, Miss Opal Agan, is also well-known here.

Mr. Stapleton has been with the Malone furriers home for over a year. Mrs. Stapleton's parents, Mr. and Mrs. J. W. Agan live in Donna in the Rio Grande valley. They formerly lived at Shamrock.

When the young couple return to Pampa they will make their home at the Malone apartments, above the funeral home.

Mrs. Stapleton's wedding frock was of blue silk crepe with white accessories, this costume being ideal for her dark type of beauty.

### EAST TEXAN IN CANYON SPEECH TO BIG CLASS

CANYON, June 2—Dr. S. H. Whitley, president of the East Texas State Teachers college at Commerce, delivered the commencement address here before a class of 135 seniors of the West Texas State Teachers college.

Dr. Whitley's subject was "Status of Education on the Present Economic Crisis." He developed the idea that the hope of economic stability lies in an educated citizenry. Recalling that an ignorant, illiterate people has few needs, and provides few markets, he insisted that there is no over-production of educated citizens. Dr. Whitley said also "our system of education has done nothing to teach people to be happy" and wished for a system which might bring both efficiency and wholesome contentment.

Following the address, degrees were conferred by President J. A. Hill upon 75 members of the class; the remainder will receive their degrees at the close of the summer session.

Scholarships, each valued at \$100 were awarded Dorothy Martin, Berger, Mrs. Lila H. Dean, Canadian; Miss Ruth Truss, Fluvanna; Gullford Miller, Hereford; and Eulalia Burrus, Floydada. The Olin E. Hinkle award for journalistic effort went to Miss Elva Lee Bagwell of Canyon.

### Mellon Appears In Knee Breeches

LONDON, June 2 (P)—United States Ambassador Mellon appeared in silk knee breeches last night at the derby day dinner given by Lady Ellesmere at Bridgewater house. Queen Mary and the Duchess of York were there but the king was entertaining racing friends at the traditional derby day stag dinner in Buckingham palace.

Invitations to the dinner at Bridgewater house specified court dress. It was understood Mr. Mellon has decided that when he attends a palace function as the American Ambassador he will dress as he would at a similar affair at the White House, but when he is invited merely as Mr. Mellon to places where court dress is prescribed he will wear breeches.

#### Of Nellida in Purple

Strange that a fuchsia-colored frock can throw  
The languorous glamour of manilla-lace  
About the pliant oval of her face,  
A smoky dusk of parted hair, and slow,  
Provocative eyes; strange that my thoughts should know  
The urgent beauty of a brilliant place,  
Where yellow sun and bougainvillea trace  
Sharp shadows in a red-wallic patio.

She walks the tedious round of every day  
And hums a fragment of a flippant strain;  
But in my fancy moon-lit fingers stir  
To toss a dark, significant flower away,  
And a faint, frail aroma of old Spain  
Drifts through this unromantic room, with her.

### Luncheon Given Here Wednesday

A lovely covered dish luncheon was served to members of division 3 of the women's council, First Christian church, yesterday in the home of Mrs. Ora Dueckel. Mrs. Clyde Oswalt was hostess and presiding officer for the occasion.

The regular meeting, held in the early afternoon, was opened with a song, More About Jesus, and a devotion led by Mrs. Otto Patton. A lesson then was studied by the group.

The division presented its leader, Mrs. Oswalt, a beautiful coral necklace as a token of appreciation for her services.

Those attending were Mesdames B. C. Fahy, Otto Patton, Nute Thomas, T. F. Smalting, D. C. Houk, Morey, Williams, Perry, C. P. Woodward, Jake Stiles, H. H. Isbell, and Clyde Oswalt.

### Dr. Smith Will Open Panhandle Hospital Soon

Dr. Stephen E. Smith has acquired the Garland hospital at Panhandle, and will be in charge of an opening celebration on June 11, he announced yesterday. Dr. Smith has moved to Panhandle and will assume personal management of the hospital.

The opening will be given publicity at Berger, Panhandle and in the Panhandle community. The public was invited and urged to attend the celebration.

The Garland hospital was built when the Hutchinson county oil boom brought thousands to Panhandle in 1926. It has 22 rooms. The hospital has been closed nearly a year. It was formerly operated by Mrs. Estelle Tarrant, nurse. The hospital is well-equipped and is thoroughly modern. Dr. Smith will be chief surgeon.

Visitors will be received at the Garland hospital on the opening day from 8:30 o'clock in the morning until 8 o'clock in the evening.

### Trips To Mexico To Be Pleasant And Easy Soon

DALLAS, June 2—Compulsory teaching of Spanish in the public schools of Texas beginning with the third grade, met approval of editors and publishers of over fifty daily newspapers in Texas at a meeting held Sunday in the Baker Hotel of Dallas.

The suggestion was offered by Houston Harte, editor and owner of the San Angelo Standard, also interested in a number of leading Texas dailies. Harte is the retiring president of the West Texas Chamber of Commerce.

The editors also voiced approval of a plan to create great friendship between the people of Texas, Oklahoma, New Mexico, Colorado, Arkansas and Louisiana with all Latin republics in Central and South America, as well as island republics in the West Indies.

It was also voted to give particular attention to fostering better relations with Mexico and to lend support of Texas daily newspapers in creating tourist travel into Texas and Mexico. Also, to create greater interest in the northern and Eastern States in bringing people to Texas and Mexico winter and health resorts.

### Steel Gang At LeFors Pushes On Toward Pampa

The headquarters of the gang laying rails on the Fort Worth and Denver railway line from Childress to Pampa will be located in LeFors after tomorrow. The headquarters has been in Denworth since steel reached that point.

Laying of steel reached LeFors yesterday morning. The tie gang continued through LeFors while track was being laid for switches in the LeFors yard. Material will be brought to LeFors for work on the line to Pampa.

Steel should be in Pampa within the next week, construction officials say. Steel is being laid at the rate of two miles a day and the distance to LeFors is less than 12 miles.

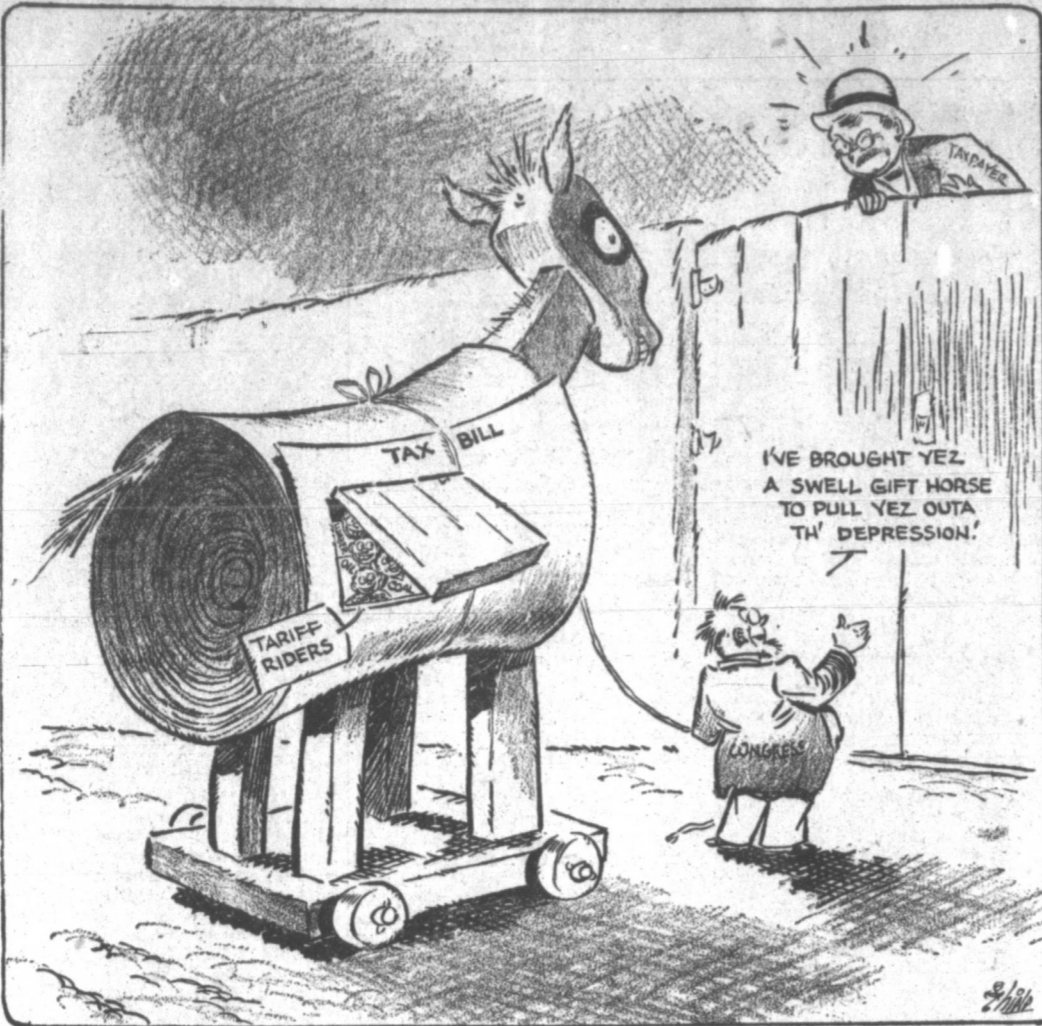

Additional local labor will be used on the line now that work is nearing Pampa. Construction of the depot is being delayed for lack of material. Glover and Boyington are ready to start work immediately. The foundation work has been completed.

### Huey Long Both Flayed and Praised

BATON ROUGE, La., June 2. (AP)—A resolution charging United States Senator Huey P. Long with "lobbying and meddling in legislative matters," and "hampering the orderly procedure of the legislature," and urging Long to return to Washington was introduced today by State Representative Malcolm Dougherty, East Feliciana.

Another resolution recommending Long's return to his senate seat in order that Louisiana might be better represented in congress was introduced by Representative Rupert Peyton.

### THE NEW TROJAN HORSE

### TRAGEDY BEGINNING IN WAR CULMINATED HERE AS LEGION SENDS VETERAN TO HOSPITAL

A tragedy that began at the battle of Chateau-Thierry during the world war reached an intense climax here this week when a former soldier boy was taken to the state hospital at Wichita Falls.

He was one of 17 men out of 240 who came out of the battle alive, and he was gassed and shell-shocked. Since 1918, eight of the 17 men have died from wounds, mental and physical, suffered in that battle.

For 14 years after the war, he never referred to his experiences once. He evaded answering any questions concerning his experiences. As far as his relatives, friends and acquaintances were concerned he never fought in the battle of Chateau-Thierry.

He avoided mention of the war. It seemed that he was intensely trying to forget terrible experiences, harrowing scenes, brutal and inhuman memories, and that however much he tried to forget, he couldn't. Meanwhile, he patiently tried to gain treatment at a veterans hospital at Oklahoma City. He had to get affidavits from men who saw him gassed that he had been gassed. These were hard to get, almost impossible, because only 9 of the 17 survivors of the battle were living. They were hard to locate. Then, there were yards more of red tape to go through. It was a discouraging task. For 14 years, he

held tenaciously to his mind and job. Two months ago, the strain became too great, the tension too great. Something that had been stretched taut snapped. Then he began to tell of his experiences, the horrible and terrible things he had seen at Chateau-Thierry, of many men captured, of many men killed, of men mutilated, of soldiers who lived but who were dead—Living Death. The dreadful picture of the war that he had held locked in his mind for 14 years was painted in words that dripped with the blood of dead soldiers.

A telegram sent to the veterans hospital at Oklahoma City, asking that he be admitted as a patient, was answered in the negative. "There is no bed available; suggest that you send to a state institution." It appeared to his relatives who are old settlers of this section that the government for whom he had fought had steadily evaded a promise, had shirked a duty, had because of maddening red tape seemed ungrateful.

Keiley-Crossman, post-of-the American Legion is steadily working to give the man and several other ex-soldiers in this community who are suffering because of gas and shell shocks, the best medical attention that can be had. Congressman Marvin Jones will be told of the situation when he returns from Washington, and his aid solicited.

### Charges Against "Ohio Gang" Are Dropped In Motion

WASHINGTON, June 2. (AP)—Criminal charges against Albert B. Fall, Harry P. Sinclair, Edward L. Doheny and Edward L. Doheny, Jr., were dismissed today by Justice

James M. Proctor in the District of Columbia Supreme court. Pomerene, government prosecutor wiped the docket clean of charges growing out of the celebrated oil trials following the Harding administration. Three indictments were quashed—two against Fall and Sinclair and the other against the Dohenys and Fall—all charging conspiracy.

### Panhandle Gas Case In Court

AUSTIN, June 2. (AP)—The Texas Railroad commission today held a hearing on a protest filed by the R. B. Masterson estate against the Canadian River Gas company, based on an allegation that the pipe line has not taken Masterson's ratable share of gas from the west

Panhandle field in Potter and Moore counties. The protest involves the manner of taking gas from two adjoining leases in one field, whether the output occupied should be based on the total acreage under lease or on the acreage of proven gas production. Masterson claims the pipe line is taking a smaller share of his gas than the acreage involved demands under ratable taking. Clara D. Allen of Borger made a shopping trip to the city yesterday.

### LAND FOR REPATRIATES

MEXICO CITY, June 2. (AP)—The governor of nearby every state in Mexico has pledged from 10,000 to 100,000 acres of land for use of repatriates and unemployed, according to reports received here today. Reports from Zacatecas said the state government recently turned over approximately 22,000 acres of state lands to a large group of unemployed and repatriated Mexicans and was engaged in rehabilitating them.

### DOCTOR IN TROUBLE

LOS ANGELES, June 2. (AP)—Accused on a federal narcotic charge, Dr. I. Jesse Citron, Hollywood physician, faced possible action today by the state board of medical examiners. Dr. Citron had been charged with prescribing narcotics for the late Alma Rubens, motion picture star. United States District Judge William J. James, in acquitting Dr. Citron, ruled the Harrison narcotic act, under which the physician was brought to trial, is "essentially a revenue measure."

Mrs. Jess Triplehorn of McLean spent some time here Wednesday. Miss Margie Lyon of Panhandle, county home demonstration agent of Carson county, and Miss Ruby M. Adams, Gray agent, are at McLean today where Miss Lyon is to judge a quilt show.

Meade Griffin of Plainview, district attorney, was a Pampa visitor yesterday.

### Picking the PRESIDENTS 1856 - 1932

By ALEXANDER GEORGE

WASHINGTON (AP)—Presidential candidates of today were just getting a start in life when the political spotlight shone upon the rugged features and massive body of Grover Cleveland, anti-Tammany, reform governor of New York.

Cleveland led the democrats out of a wilderness of defeat that had endured 28 years by beating James G. Blaine of Maine, the "plumed knight," in the 1884 presidential race.

Appearing on the G. O. P. horizon were two men destined to play tremendously important roles in national affairs. They were the "young reformer" New York City, Theodore Roosevelt, and the likewise youthful, yellow-bearded Henry Cabot Lodge of Massachusetts.

**Enthusiastic Convention**  
The republicans nominated Blaine "amid a perfect hurricane of unchained enthusiasm," one frenzied rallyer climbing out on a ceiling girder and seizing a flag in his teeth, waved it high above the cheering convention multitude.

Young Roosevelt opposed the nomination, and after Blaine's victory the press said: "Roosevelt feels very sad and is going to Dakota to become a cowboy."

Cleveland, easily nominated, also won the election after a bitter campaign. The republican platform of 1884 called for a high protective tariff, international bimetallism, the regulation of interstate tariff and the upbuilding of the navy. The democrats denounced the tariff, pledged civil service reform and reduction of taxes.

Lily Langtry and Mary Anderson were stage favorites of the period, and a boy named Calvin Coolidge was toiling on his father's tiny farm at Plymouth, Franklin D. Roosevelt, now a candidate for the democratic presidential nomination, was a 2-year-old baby in New York city when Cleveland was elected.

Preceding Cleveland had been James A. Garfield of Ohio, artist while carpenter, who had defeated General Winfield S. Hancock of Pennsylvania by a mere 7,000 popular votes.

**Railways Being Expanded**  
This was the era of rapid railway expansion and commercial development. Nine out of ten stocks listed on the New York exchange were

were republican, and the McKinley tariff bill, raising duties about 50 per cent, was enacted.

The prohibition party gaining steadily in adherents, held its national convention at Indianapolis with Frances Willard, the founder of the Women's Christian Temperance Union, the heroine of the meeting. A news story of the convention carried the caption: "Drinkers of Water Convention Begins with Lemonade and Speeches."

Ladies' summer shoes then were of extra high cut, either buttoned or laced, and sold for \$3.45. Women's hats were so high carriage tops in New York had to be raised to accommodate them.

Follow the June shopping crowds. They're all heading for Penney's. They're applauding one of the most dramatic demonstrations in value-giving this community has ever known. They're agreed that these are VALUES wholly deserving the spotlight. They're convinced that Penney's quality is better by test—and Penney's prices lower by comparison. They know—

## RIVALRY SHOWN REAL PROOF IN YANK DEFEAT

FIRST DIVISION GROWS  
SO TIGHT SOME  
CLUB TO DROP

By GAYLE TALBOT  
Associated Press Sports Writer  
Rival American League managers can sit back now and cease worrying about the Philadelphia Athletics.

All spring Joe McCarthy, Walter Johnson, Buckie Harris and the others have worn a troubled expression every time the A's were mentioned. Even when Connie Mack's club looked its worst the boys didn't like to discuss the subject.

They greatly feared it was all a mistake, that they would awaken some morning to find they had been dreaming. It was tough on the nervous systems. Therefore, their probable relief today to learn that everything was all right again, that the elephants were coming right along.

By knocking off the leading Yankees twice yesterday, 8 to 7 in 16 innings and 7 to 6, the Mackmen pushed into the middle of the flag fight and wrapped the first division up tighter than a drum. In fourth place, they were only four games back of the Yankees and one game behind the second-place Washington Senators, with the Detroit Tigers lodged between.

Washington eased into second place by virtue of a hard-won 2 to 1 verdict over Boston while Detroit was being raised out of St. Louis. Loyd Brown registered his sixth win for the Senators when he blanked the Red Sox until the ninth inning.

The Chicago Cubs, facing a long road trip, saw their lead over the idle Boston Braves reduced to two games in the National League when they were whitewashed by Dizzy Dean of the Cardinals, 1 to 0. Dean, notified by Manager Gabby Street he was overdue with his bright, young promise, held the Cubs to five hits.

The Phillies rallied against Bill Walker to score three runs in the eighth, beat the Giants, 4 to 2, and sent John McGraw's troupe tumbling into last place.

## MAGS TO GO TO AMARILLO NEXT SUNDAY

Burlington Railroads To Be Opponents — Locals In Victory Previously.

The Magnolia "Mags" are scheduled to go to Amarillo Sunday for a return game with the Burlington Railroaders. The Pampa nine won the game here with a two-run rally in the ninth inning to make the score 7 to 0. The game had been tied three times during the nine innings, but the "Mags" had never been in the lead.

Manager Rusty Cahill says he will probably start Casor against the Railroaders. Although only a youngster, Casor has pitched two winning games this season, letting LeFors down with only two hits in one game. He is just rounding into form and has not been used much. Freddy Bozeman will probably be able to catch the game.

Bozeman received a badly sprained ankle in a game with LeFors two weeks ago and has been out since. With Bozeman in the game, Ike Lester will be able to go to the outfield, where he is badly needed. Ridgeway will be used at shortstop to replace Weathered, who is on his vacation.

The Railroaders have five of Sled Allen's old players in the lineup, with Freddy Niehaus one of the hurlers. Ammon is behind the bat. Guy Hayden and Bernie Vaughn are two other players well known to Pampa fans.

## WINS FAME—AND \$20,000

Smashing a speed record that has stood since 1925, Fred Fitzmaurice, Los Angeles race driver, flashed across the finish line at Indianapolis to win the annual Memorial Day 500-mile race at an average speed of 104 miles an hour. The previous record was 101 miles an hour, set by Peter De Paolo. The finish of the race was thrilling, as Howdy Wilcox, of Indianapolis, finished less than 40 seconds behind Frame. The winner received \$20,000 as first prize, and stands to collect a total of \$250,000 as featured driver in other races during the year. Frame is shown above crawling from his car at the finish.

## Japan Fears No Soviet Troubles

Tokyo, June 2. (AP)—Viscount Minoru Saito, Japan's premier and foreign minister, asserted today in a written statement that there is absolutely no danger of war between his country and Soviet Russia. "The Japanese government has started repeatedly that no danger of war with the Soviet Union exists," he said. "The attitude of the soviet government respecting affairs in Manchuria has been perfectly correct, and we only wish that the Soviet government might see a way to repress such a further measure of confidence in Japan's sincerity as would enable the Soviet Union to discontinue all concentration of troops in the Far East."

## OLD CHAMPS TRY FOR BIG GOLF HONORS

Texas Champion Is Beaten At Hot Springs by Mississippi Titlist.

HOT SPRINGS, Ark., June 2. (AP)—Seven of the eight golfers who entered the quarter-finals of the Women's Southern Golf association tournament today after near-par and sub-par second round performances were past or present state or sectional champions.

Mrs. Ben Fitzhugh of Vicksburg, co-medalist and Mississippi state champion, disposed of Mrs. Dan Chandler of Dallas, the Texas champion, yesterday, 2 and 1, and today met Miss Margaret Maddox of Atlanta, Georgia titleholder, who won over Mrs. S. G. Hopkins of Texas, 6 and 5.

Mrs. Solomon of Memphis, Tennessee champion, was paired with Mrs. Tom Wallace of Savannah, the trans-Mississippi runner-up last week, and a former Oklahoma state title holder. In the other upper bracket match:

Mrs. Solomon defeated Mrs. C. J. Gaffrey of Little Rock, 5 and 4, while Mrs. Wallace was forced to the nineteen hole to win one up from Mrs. F. E. Pharr of Texas.

In the lower bracket Miss Margaret Smith of Birmingham, the Alabama champion, was paired with Mrs. Ralph Randolph of Dallas and Mrs. Walter Beyer of Tulsa, Okla., met a veteran of southern tournaments in Mrs. Dave Gaut of Memphis.

Miss Smith won 2 and 1 from Miss Anelia Gorczyca of Fort Worth, Texas, after a hard battle to overcome an early lead.

## This Game of GOLF

By O. B. KEELER

As the boys go to bat, by two and by two, in the 1932 British open golf championship at the Princess course, Sandwich, our British club appears to have their best chance in several years to upset an American record which in the last decade has grown to almost shocking proportions—ten American victories in the last eleven championships.

For one thing, the American delegation is the smallest in years. For another, Walter Hagen's entry was received a dozen hours too late; and Henry Gulick, secretary of the Royal and Ancient Golf club, may very well have smiled a quiet little smile, all to himself, as he announced its disqualification.

The most implacable and inveterate foe of the British Lion was not to have his shot at a fifth title—this year.

U. S. Trio Strong  
Among the 14 American entries are three, any one of whom is quite capable of winning, however: Tommy Armour, defending champion; Macdonald Smith, who came so close in 1925 and 1931—also in 1930; and Gene Sarazen, in hard training for a major event in which he never has appeared particularly formidable, compose the trio.

The others are for the most part American amateurs visiting or temporarily resident in the British Isles, none with a reputation that warrants much consideration in this company.

## Babe's Idea of Price

Friends of Quinn, asking him to name his price, have reported he is willing to take \$1,705,000 for the team. That seems a little bit high. Babe is said to be harboring the idea that the club could be bought for a half million cheaper than that. If anything more happens to the Red Sox, which hardly seems possible, perhaps Ruth's figures will be nearer accuracy.

But at this time, it seems that the Guggenheims, who are reported to be ready to support Ruth's desires, are waiting for a further drop in the baseball market.

## BEAUMONT AT END OF LONG WINNING PAGE

Galveston Halts 'EM Neatly by Score of 5-0

By BILL PARKER  
Associated Press Sports Writer  
There is an end to all things good or bad and Beaumont discovered that fact last night when a winning streak was halted at 15 straight. The Exporters could not prolong their victory parade any longer and lost a 5 to 0 affair to the Galveston Buccaneers.

But even in defeat, the Exporters did not lose ground in their mad stampede for the probably first half pennant. The second place Dallas Steers could not grasp opportunity, losing a 3 to 0 game to Longview. It left the Steers over six games behind.

Carroll limited the Exporters to four hits in a fine mound feat. Galveston knocked Merry from the mound and Hamlin wasn't any great mystery.

Presnell of Longview and Fuhr of Dallas staged a mound battle at Dallas where these two clubs played their third straight extra-inning game. Tuesday night they played a 13 and 10 inning double-header. Last night it required ten innings for the Cannibals to defeat the Steers. Dallas played perfect ball behind the 7-hit pitching of Fuhr but Longview got timely hits.

Tyler went on a spree to defeat Fort Worth, 7 to 3. Pinch hitter Ward drove across the winning run in the ninth inning. Three other runs were scored after this timely blow but they were not necessary. Estell went the route for the Panthers.

In the only day game, San Antonio mauled Houston, 7 to 1. The victory ended a ten-game losing streak for the Indians. Jack Mealey, newly acquired catcher, made his debut with San Antonio and doubles to drive in the Indians' first run.

How They Went  
A brief review of the British open championships, since 1920 reveals only Arthur Havers, English professional, as making the string of victory by American homebreds and transplanted Britons. It reads:  
1921—Jock Hutchison, St. Andrews Scot, transplanted to Chicago, won at his original home course, St. Andrews.  
1922—Walter Hagen, homebred, won the first of his two victories at the Sandwich course, and started the string that has reached four titles.

1923—Arthur Havers, English professional, saved the bacon.  
1924—Walter Hagen again.  
1925—James M. Barnes, transplanted Cornishman, nosed out Macdonald Smith, transplanted Scot.  
1926—Bobby Jones led a coterie of Americans who took their first five places at Lytham and St. Anne's.  
1927—The Jones boy again, at old St. Andrews.  
1928—Walter Hagen in his third triumph.  
1929—Walter Hagen makes it four.  
1930—Jones, closely pushed by Mac Smith and Leo Diegel, at Hoylake.  
1931—Tommy Armour, transplanted Scot, nosed out Mac Smith, another one, and an old Carmouste boy, at Mac's original home course, and Jose Jurado, from the Argentine.

In the last nine years, a startling replica is noted of the great days when the Immortal Triumphvirate, Vardon and Taylor and Braid, won sixteen out of twenty consecutive British championships. Beginning with 1922, Walter Hagen and Bobby Jones have won seven out of nine of the same.

The mere fact that Jones and Hagen are out of the Sandwich affair should encourage our British cousins no little.

## JACOBY OUT OF 'HORSEMEN' BRIDGE TEAM

Lenz' Former Partner Now Lecturing as Part of Culbertson Set-Up.

NEW YORK, June 2. (AP)—"The Four Horsemen," who have won more contract bridge championships as a team of four than any other combination, today announced they had dropped Oswald Jacoby and replaced him with Howard Schenken. Jacoby was the first partner of Sidney S. Lenz in the great contract match with Ely Culbertson and various partners. He quit the match after a dispute over his own psychic bids and what he regarded as misplays by Lenz. Since then he has been lecturing under the auspices of the Culbertson organization.

The "Horsemen's" announcement, signed by P. H. Sims, the captain; Willard S. Karn and David Burstin, refers to "objectionable activities" on Jacoby's part without elucidation as to whether his association with Culbertson was meant.

Political Follies of 1932

By RODNEY DUTCHER NEA Service Writer

WASHINGTON.—Sometime along toward the middle of the summer the politicians will start worrying about the negro vote.

They usually do in any contest that looks as if it might be close, and the friends and leaders of the negro race have been prophesying that there will be more than the usual reason for concern in 1932 because the negro is becoming increasingly independent and articulate in those states where he is permitted to use the ballot.

Any time they begin voting as a group the negroes will theoretically hold a balance of power between the majority parties in several states—13 states, according to the National Association for the Advancement of Colored People, which lists them as Delaware, Illinois, Kentucky, Maryland, Missouri, Massachusetts, New York, Oklahoma, Rhode Island, Tennessee, Virginia, West Virginia and New Jersey—with a total of 187 electoral votes.

The Raskob Gesture

The Republican party has generally considered the negro vote as its own. Democratic Chairman John J. Raskob made some attempt to organize it for his party in 1928, but the results were inconclusive. Now the N. A. A. C. P. is trying to get it out of the Republican camp and use it, not for the Democrats, but as an independent force which can be wielded for the benefit of the race.

It is contended that the negroes, since they are normally employed in greater proportion than whites and nearly all dependent on wages, have been suffering disproportionately during the depression. They are being urged to vote with especial reference to social or economic measures such as unemployment relief, old age insurance, enfranchisement and abolition of lynching.

The Parker Case

The most convincing demonstration of any stirring of negro political consequences thus far observed came with the rejection of President Hoover's nomination of Judge John J. Parker to the supreme court. Walter White, secretary of the association, startled a lot of people here in the demonstration of pressure politics which he exerted on northern senators from states with large colored populations during the preliminary lobbying against Parker. White apparently caused several senatorial votes to switch.

The N. A. A. C. P. cites the defeat of ex-Senator Baird of New Jersey when he ran for governor, claiming evidence of an overwhelming negro vote against him because of his vote for Parker in the Senate.

Capper's Advice

Meanwhile Congress continues to have a negro member and there are negroes in the Illinois and New York legislatures. There are congressional districts in three or four other northern states where the colored vote comes close to a majority or better.

The negro press, it is said, shows an increasing disposition to support colored candidates when other candidates of the regular parties do not suit it.

No Enthusiasm for Hoover

White says negroes are no longer succumbing to "blandishments and lies of professional politicians, white or black," and predicts that they will "come into their own in this year of depression." He says neither party appears to be going to present a candidate who stirs negro enthusiasm.

Hoover, according to negro leaders at the recent N. A. A. C. P. convention here who might or might not be able to swerve the race for its traditional Republican path, has caused resentment by dealing with lily-white southern Republicans, by refusing to consider appointing negroes to office, by the Parker nomination, through the War Department's "jim crowing" of Gold Star mothers and the suffering of negroes from unemployment and depression.

The Roosevelt Angle

Also, they say, negroes remember that Governor Franklin Roosevelt wrote the constitution of Haiti after directing the invasion of that black republic by marines, who are still there.

In the south, where the situation differs from that in the north in various ways, there is a considerable belief that such states as Indiana, Illinois and Ohio will eventually become Democratic if negroes undertake to exercise independent power.

Communist Charge Flung at Veterans

WASHINGTON, June 2 (AP)—An investigation of reports that communists have urged all members of their party to support the veterans bonus march to Washington and mass for a demonstration here June 8 has been begun by government agencies.

Stenographic reports of communistic meetings in various sections of the country are now in the hands of investigators. Emanuel Levin, a communist leader, who says he is chairman of the national bonus march committee of the workers' ex-service men's league has claimed that the nationwide bonus movement originated with the league.

Police have press and private reports that more than 5,000 former soldiers are now on their way here.

A tented city is being arranged to house the new arrivals who will join the estimated 1,000 to 1,500 already here.

BANDITRY TRIAL OPENS

MCKINNEY, June 2 (AP)—In a swiftly moving trial, the state sought today to send Ralph Howard Alsop, 21, of Denton to the electric chair for robbery with firearms.

A Jury was selected and testimony completed yesterday. Byron Douglas, Carl Patrick and Clint Starr, a deputy sheriff of Denton, were witnesses. Douglas and Patrick were robbed in Celina June 20, while Starr arrested Alsop at Lake Dallas, eight miles southeast of Denton.

J. W. Douglas of Lipscomb was a Pampa visitor Wednesday.

C. K. Smith of Amarillo was in Pampa this morning.

TWO DIE IN WRECK

LCWELL, Ark., June 2 (AP)—Two men were killed and another was burned seriously in a collision of a Frisco passenger train and a truck loaded with gasoline at a crossing here early today. The truck exploded. J. W. Thomas of Fort Worth, train fireman, and Cecil Allen, 22, driver of the truck, were killed. Engineer Moore of Monette, Mo., was burned seriously.

FARISH IDENTIFIED

NEW ORLEANS, June 2 (AP)—The body of a young man who shot and killed himself here last week has been identified by a relative as that of William W. Farish, Jr., wealthy New Yorker who disappeared from his ranch at Las Cruces, N. M., two weeks ago.

Miss Bertha Bagerman left Wednesday afternoon for Paris, to visit her brother, Garrett L. Bagerman.

Local Beauty Is Not Enjoying Her New Prominence

Miss Jacquie Downs who won the "Miss North Plains" beauty contest here a month ago over 24 girls from six counties, does not enjoy being a beauty contest winner. She came to that conclusion two weeks after the contest, she said.

Despite her aversion to being known as "the prettiest woman on the North Plains," Miss Downs intends to compete in the finals at Roswell, N. M., in July for the title of "Queen of the West."

"The judges selected me and I'm going, but not because I want to go," she declared. "I'm going because I feel it is my duty. I'll do my best to win, by my efforts will be more for Pampa and my friends than for myself."

"At first," Miss Downs said, "I didn't know how to act nor what to say or to do. I just wondered. Then people I met on the street or anywhere else began to stare. It has become most embarrassing. Even my friends are acquiring an impersonal attitude toward me. I'm not going because I want to go, but because I feel it is my duty. I'll do my best to win, by my efforts will be more for Pampa and my friends than for myself."

CABINET SWORN IN

BERLIN, June 2 (AP)—President Von Hindenburg personally administered the oath of office to Chancellor Franz Von Papen and his cabinet this evening. Immediately thereafter the members went into conference.
