GOVERNOR WOULD HELP COUNTY

Betty Compton Hinted As "Unknown Person" In Walker's Finances

NAME IS KEPT FROM PUBLIC THRU PROTEST

MAYOR ADMITS WOMAN FRIEND RECEIVED SOME MONEY

OVER \$41,000 INVOLVED

DEFENDANT SAYS HE HAS NOT SEEN SHERWOOD

EXECUTIVE CHAMBER, ALBANY, N. Y., Aug. 16. (AP)—The name of Betty Compton, the address, was unofficially linked with the "unknown person" of the Walker investigation today when Mayor Walker, answering reporters' inquiries if it were Miss Compton, replied:

"Who do you suppose it was?" "You told some reporters during the moon recess that the 'unknown person' was Betty Compton, did you not?" the mayor was asked by a reporter.

"I was asked," the mayor replied, "if it were not Miss Betty Compton and I answered 'who do you suppose it was?'"

The mayor said he was restrained from any further comment by the outer hearing procedure before Governor Roosevelt which was not recorded the identity of the "unknown person."

Mr. Walker, himself, testified that the mysterious individual to whom Russell T. Sherwood paid money, was a woman friend. Until he revealed that much of the identity, the "unknown person" was officially known only to Samuel Seabury, chief counsel of the Hofstadter legislative committee, and committee members.

The governor was close to making public the woman's name when, interrogating Walker about the transfer of Brooklyn-Manhattan transit stock by Sherwood, missing accountant, to the unnamed person, he inquired:

"I ask you if you know the name of the person to whom the stock was transferred."

Speaker for 'Ma' Coming Tonight

The candidacy of Miriam "Ma" Ferguson for the office of governor of Texas will be advanced in Pampa tonight when Jim Hair, speaker for Mrs. Ferguson, will make an address at 8:15 o'clock in front of the courthouse. Lee E. Pierson of Amarillo, chairman of the Ferguson forces in the Panhandle, will probably preside and introduce the speaker.

Mr. Hair is scheduled to "tell things" about Governor Ross Sterling and to laud Mrs. Ferguson in her attempted comeback.

County Court Is Under Way Here

County court convened this morning at 10 o'clock with Judge S. D. Stennis presiding. Calling of the docket and setting of cases was started soon after the opening of court. The docket is light this term.

A jury panel was excused until tomorrow morning when a case will probably be called. The first two weeks of court will try jury cases and suits with the final week scheduled as non-jury week.

Several criminal cases are on the docket. One is on appeal from justice court. County Attorney Sherman White will represent the state in criminal cases.

the Weather

West Texas: Generally fair tonight and Wednesday.

Oklahoma: Partly cloudy and somewhat unsettled tonight and Wednesday.

NEW YORK (AP)—John Fraser, staunch democrat is more certain than ever he'll vote the democratic ticket in November. An elephant named "G. O. P." kicked him at a Brooklyn zoo.

NEW SON BORN TO LINDBERGH'S FIVE MONTHS AFTER TRAGEDY WHICH TOOK FIRST OFFSPRING

Just plain torture—that is what B. S. Via is doing to us. The local attorney, who seems to be first a fisherman and camper, writes as follows:

The writer is wondering if it is possible for you and Mrs. Hinkle to pay a visit this summer. The fishing is getting good and will continue to do so for the next 90 days. We now have a run of cut throat and with the start of the silverside salmon shortly you can catch all the fish you desire. We have four new cedar boats, also a Johnson outboard motor, and the use of a power boat which makes 28 miles per hour. We also have deep water from our home 20 miles up the Siletz river, and as no road serves this country you will find nature at her best. Try and arrange to come out, as we have ample room, plenty to eat, and will be more than glad to show you both a good time.

To all the citizens of Gray county: This is an invitation for you to pay us a visit at our home on the Siletz river at Kernville, Ore. within the next 90 days as our guests. We will give you free accommodations, including your meals, motor boat, and fishing tackle, and we guarantee every one of you will hook a big salmon.

Mr. and Mrs. B. S. Via. We know that this invitation is sincere, and any Pampans who are in Oregon soon are assured of a real welcome at the Via home.

Electoral. Recently THE NEWS said: The democratic state committee at Fort Worth heard many complaints about loose enforcement of the election laws at the polls. It is remarkable how unfamiliar many election officials are with routine they are supposed to follow.

To this our frequent critic, "State Press" of the Dallas NEWS, replies:

How remarkable? At all private. (Continued on Page 2)

Clark And Hyde To Manage Scout Summer Camp

(A. A. Clark, executive of the Adobe Walls Boy Scout council with offices here, will be in charge of the summer camp which opens at Cima Del Mundo, N. M., next Monday. The Rev. A. A. Hyde, president of the council, will be second in command.

Scoutmasters of each troop represented and many adult leaders and troop committeemen will be present to care for the boys. Each man at the camp will have a duty to perform and every boy attending will have personal care and attention during his tests and regular program work.

Safety will be one of the keynotes of the camp. A medical doctor will be in attendance during the 10-day period and regular medical inspections will be conducted. Whenever boys go on hikes they will be accompanied by adult leaders who will look after them.

Furniture Stolen At Local House

Theft of a quantity of household furniture from the residence of Mrs. O. L. Reeder, Browning and Wynne, was reported this morning to city officers by Mrs. J. G. Grass, who discovered the loss. Mrs. Reeder is out of the city. Time of the theft is not known.

Mrs. Reeder reported that an ice box, smoking stand, mattress and springs, 42-piece set of dishes, all-weather and bed linen were missing. The furniture was in a garage apartment. Officers are investigating the theft.

GARNER CALLS TO SEE SMITH IN NEW YORK

MUCH IMPORTANCE IS PLACED IN HIS PLANS

HE CONTACTS TAMMANY

DINES WITH CURRY IN INFORMAL WAY LAST NIGHT

NEW YORK, Aug. 16. (AP)—Speaker John N. Garner, democratic candidate for the vice-presidency, called on former Gov. Alfred E. Smith today and was received in private conference.

Both Garner and Smith were candidates for the presidential nomination at the recent Chicago convention which selected Gov. Franklin D. Roosevelt and gave Garner second place.

Such a meeting is regarded as of first importance in the democratic campaign. Former Governor Smith, himself a candidate at the convention for the nomination, some time later issued a statement that he would support the party but his statement did not mention the democratic nominees by name. Asked about it, he explained that he could not very well support the party without also supporting its candidates.

Asked at press conference in his hotel room whether he had seen Tammany Leader John P. Curry since his arrival yesterday, Speaker Garner replied:

"Yes, I had dinner with Mr. Curry last night and we had a very pleasant talk."

"Have you seen Governor Smith?" he was asked. "No," he replied, "but I would like very much to see Mr. Smith and I will go down to the Empire State building to see him if I can catch him in."

The speaker has known Curry for a number of years and saw him several times in Washington during the last session of congress. He said his conversation with Curry last night was largely personal.

James A. Farley today announced the appointment of Bettv Hawley, vice president of the New York state federation of labor as joint chairman of the labor division of the democratic national committee. He will share the chairmanship of the labor division with Daniel Tobin, Farley said.

DERRICKS MAY SHADE CAPITOL

OKLAHOMA CITY, Aug. 16. (AP)—Shadows of oil derricks may fall close to Oklahoma's domeless capitol if residents of a large district near-by have their way. They petitioned the city planning board today to permit drilling for oil in the area. The action promises a new fight in the city's efforts to halt the march of oil development into residential sections.

Governor William H. Murray has threatened to declare martial law if city authorities fail to keep out the derricks.

MEETING POSTPONED

The regular weekly meeting of the city commission scheduled for 2 o'clock this afternoon was postponed until tomorrow afternoon at the same hour. Mayor W. A. Bratton postponed the meeting when he learned that one of the commissioners would be out of the city this afternoon. Only routine business is scheduled to come before the commission when it meets.

Light Rain Falls—More Is Needed

Another light shower fell here during the night to give continued relief from the heat which has been prevalent during the past month. The fall registered was 40 of an inch.

Row crops are badly in need of a heavy rain, farmers report. The light fall Saturday and last night was not sufficient. Plowing is almost at a standstill because of dry weather. Farmers say that it is almost impossible to keep a plow in the ground.

FOUR MORE DEATHS RAISE STORM TOLL TO 36 PERSONS AND INJURED AT OVER 200

Mound, and two unidentified Mexican children at Freeport.

The exact number of injured still was undetermined but reports from relief workers indicated it would be well over 200, excluding many who suffered slight hurts and did not report for medical attention.

FIRST PHOTOS OF HURRICANE DAMAGE

WITH 18 lives known lost, the fury of the wind which played havoc around Freeport, Tex. Above, a section of the city showing what happened to the Ford Motor company plant, and the city's firehall. Below, a lodging house which was jammed on top of the Chevrolet motor company.

Bomb Menace Is Removed

Dynamite Is Removed At Midnight From Rex—To Prevent Recurrence.

Traffic was halted in the vicinity of the Rex theater; last midnight by local peace officers while Sheriff Lon L. Blanscet directed the removal of a timed dynamite bomb found on the roof over the projection room.

The Ingersoll watch wired to a small radio battery had stopped without detonating the 15 sticks of dynamite. Jimmie King, local nitro expert, used scissors and risked his life in clipping the wiring and removing the watch and battery.

The bomb evidently was placed so as to destroy the Vitaphone equipment in the booth. The plotters seemed familiar with theater architecture and, in the instance of the successful bombing of the Rex theater in Borger Saturday, with the layout of the Borger booth.

Bombings in West Texas started with minor blasts at the Griffith theaters in Lubbock. There has been no labor trouble, however, in Borger and Pampa.

An intensive investigation of the nearly successful bomb outrage here is underway. Officers of several cities are expected to join officials.

SATTERWHITE MAKES TARGET OF TERRELL IN TALK HERE

Lee Satterwhite, candidate for the six-year term as state railroad commissioner, addressed a small audience here yesterday, laying the alleged extravagance and practices of his opponent, C. V. Terrell.

Mr. Satterwhite in strong language said that Commissioner Terrell was using state-owned automobiles, using state gasoline, and state paid employees for his own purposes in his campaign for re-election, and that he was employing men and women who had political "pull" and giving them easy positions to campaign for him.

"One East Texas school superintendent is being employed every summer to feel out the people at election time and I challenge Mr. Terrell or any of his employees to deny the fact," Mr. Satterwhite stated.

He further declared that Mr. Terrell and one other member of the commission were working to perpetuate themselves in power. He told of actions started by the commission more than a year ago and still hanging fire because it was election year. He told of the people's fight against the Lone Star Gas company more than a year ago and the appropriation of special funds to appraise the property at that time.

"No action has been taken to appraise the property even though a company was given \$45,000 to do the job when a bid of \$39,000 was entered and refused," he shouted the candidate. Mr. Terrell is playing politics and dilly-dallying with business and what the people of Texas are paying for is action."

STERLING WILL CALL SPECIAL SESSION SOON

SEPTEMBER 5 MAY BE DATE—BONDS TO BE LIFTED

MEANS MUCH TO CITY

OVER MILLION WOULD BE SAVED BY COUNTY

Governor Ross Sterling, if successful in his plan to have the state take over hard-surfacing costs on designated roads, will save Gray county taxpayers about \$41,500 this year and relieve the county of nearly a million dollars worth of bonds voted but not yet sold.

These figures are based on data furnished by County Auditor Eamon Wilson. The Sterling plan would cut about 15 cents off the county tax rate immediately. The beneficial result in this county would be tremendous.

VERNON, Aug. 16. (AP)—Governor R. S. Sterling will issue a proclamation tomorrow calling a special session of the legislature to meet on September 5, "or earlier," to hear his proposal for the state to assume county highway bonds. He told a Vernon audience today.

In his address here the governor again outlined his plans to have one cent of the gasoline tax set aside to pay off bonds which counties have voted to pave their roads. He said it was in line with his contention for years that counties should not be asked to place a burden upon themselves to have good highways, but that those who use the roads should pay for them.

"Taxpayers in every county in Texas where the roads are paved are having to pay from 19 cents to \$3 on the hundred dollars valuation to keep up the interest and sinking funds on their bonds," Sterling said. "It will mean a saving of \$20 to \$25 a year to the average home owner in the state, or approximately \$1,000 for the life of the bonds."

Sterling said his plan was to provide immediate relief by removing the taxes from the counties this year.

Governor Sterling was studying the proclamation today. He said it would be couched in language that

(See STERLING, page 2.)

Jayses Will Not Convene Tonight

There will be no meeting of the Junior chamber of commerce tonight because of the absence from the city of so many members. President Jim Collins has decided to mix business with pleasure at the regular monthly luncheon meeting September 6 in the Schneider hotel dining room, rather than call a later meeting this month.

Committee chairmen are urged to have their reports ready to present at the next regular meeting. The business session will be short and will not interfere with the entertainment part of the evening, the president said.

Several future activities of the organization will be mentioned briefly at the next meeting.

NOTED LAWYER DIES

RAYMONDVILLE, Aug. 16. (AP)—The unusual career of Judge Davis E. Decker, 66, as a lawyer, legislator and military officer ended in death last night. He had been a resident of Wilbrey county nine years, coming to the Rio Grande valley from Hardeman county, where he was district judge.

I HEARD--

Everybody talking about the attempted bombing of the Rex theater and of the work of Sheriff Lon L. Blanscet and Jimmie King in removing the menace.

Otto Rice and Tom Sweetman discussing the Boy Scout camp at Cima Del Mundo. The boys will leave Monday morning and live in the mountains of New Mexico for 10 days under adult leadership.

A couple of candidates discussing the lack of interest in the second primary. "To much doing," was the opinion expressed.

LATE NEWS

SPRINGFIELD, Mass., Aug. 16. (AP)—Russell N. Boardman, trans-Atlantic flier, was seriously injured this afternoon as an airplane he was trying out crashed into the woods near here from a height of 2,000 feet. Boardman was in a semi-conscious condition when taken from the plane and hurried to a hospital.

NEW YORK, Aug. 16. (AP)—The stock market refused to be more than temporarily depressed by disappointing action of wheat today and came up in the late trading to close with numerous advances of 1 to more than 4 points a share. The final tone was strong and the turnover approximated 3,700,000 shares.

MIAMI, Fla., Aug. 16. (AP)—Defense Attorney James M. Carson, pleading for the life of Captain W. N. Lancaster, in the British film's trial for murder, today criticized the state's case as the sum of "five disconnected and sketchy circumstances in no way sufficient to give you any reason for believing he killed Clarke."

DALLAS, Aug. 16. (AP)—Gus Moreland of Dallas and Edwin McClure of Shreveport shot 71's on their first 18 holes today to lead competitors in the 36-hole medal play, contested for the four starting places in the coming national amateur golf tournament.

Only seven players remained in the contest, which was being decided this afternoon. J. W. Bostick of Dallas withdrew after shooting an 85. Johnny Avon of Dallas, another entrant, did not play.

Mrs. Howard Piersall of Catsy Okla. has been called to the bedside of her mother, Mrs. W. S. Haggard, who has been very ill here for several days.

Students Ousted In Coal Fields

MT. VERNON, Ill., Aug. 16. (AP)—Southern Illinois coal fields, preoccupied with the factional strife of union miners, witnessed today the homeward trek of a caravan of investigating university students who had been ordered to depart immediately on threat of arrest.

The students, most of them from mid-western universities, had intended spending five days in the coal fields. They were met here last night—their first in the coal belt—and given the option of immediate departure or arrest. They chose to leave.

National guard troops were moved to the Dixie Bee mine, near Terre Haute in Indiana, where union miners have threatened trouble over the operation of a mine with non-union diggers.

Woolen Industry Looking Better

NEW YORK, Aug. 16. (AP)—Financial interests close to the woolen industry now see a faint light on the depression horizon although there are many "ifs" between the present status and a condition approximating prosperity.

Wool started toward the bottom of the commodity scale along about 1928. The first sign of a real pick-up came in July this year at the London auctions when prices formed all along the line. Both the spot and futures markets have since shown an improvement, some of the large mills are now working three shifts a day and, as one wool dealer expressed it, there are "threats of a threatened shortage."

Treatments For Cancer Are Few

Surgery, radium, and x-rays, in the hands of skilled physicians, are the only effective methods of treatment for cancer.

The relative merit of these methods depends upon the variety and the location of the cancer to be treated. In some cases surgery alone is the most suitable method. In other cases, radium or x-rays are preferable. Sometimes a combination of surgery or x-rays, and radium gives the best results. The choice of method in every case should be a matter of medical judgment.

The early application of proper treatment is very necessary for the cure of cancer. In some forms of the disease the chance for a favorable result decreases considerably with each week's delay. In the face of such a rapidly advancing condition it is evident that a case which may be curable during the first month becomes hopeless within six months.

In breast cancer, for example, the time of operation is the most important factor in its treatment. Results have shown that when the operation is performed in the early stage of the disease, 70 per cent of the patients are still alive and well after five years. Whereas if the disease is far advanced, 96 per cent will not be alive at the end of five years. Thus, with the nature of the disease the same, and the operation the same, the stage of the disease makes all the difference between success or failure.

Production Down In United States

TULSA, Okla., Aug. 16. (AP)—A mid-month drop of 14,525 barrels in Oklahoma and a further curtailment in Texas production brought the total crude output of the United States down 33,383 barrels in the daily average, the Oil and Gas Journal says.

United States production was 2,128,070, which is near the low figures established during the time Texas and Oklahoma fields were under martial law.

Oklahoma production was down to 416,895 barrels from 431,420 barrels. California output increased from 466,750 to 475,750 barrels.

Texas production, after holding virtually steady during the early summer, dropped from 874,813 to 859,441 barrels. East Texas was down from 329,312 to 322,135 barrels daily.

Eastern fields were down 2,000 barrels from 117,000 barrels. Rocky Mountain output fell to 79,986 barrels from 83,401 barrels daily. Kansas production dropped from 98,515 barrels to 92,740 barrels daily.

HOOPER STILL FISHES WASHINGTON, Aug. 16. (AP)—When Herbert Hoover again today kept President Hoover vacationing.

On Chesapeake bay the president-fisherman spent the night aboard the 110-foot commerce department boat Scotoia. Whether he ate for breakfast some of the "nice mess" of trout and bluefish the White House here said he would not say.

Frank Babcock of Green was a visitor here this morning.

WHERE NEW CRISIS IMPENDS AS JAPS MASS FORCES

This map shows the territory around Peiping, newest trouble center in China. Cabinet resignations in Nanking, and reports from Peiping indicate that the people of North China hold grave fears of a second Japanese invasion. Japanese forces are reported concentrating north of the Great Wall, near Jehol, from which point they might easily advance on Peiping, as indicated by the arrows.

The young war lord, General Chang, who has been urged to resign because of accusations that he has not more forcibly resisted Japanese invasion in Manchuria. Colonel R. O. Hoeker, above, commandant of the American marine legion guard in Peiping, is the senior officer of all foreign troops in the Chinese city, and in case of trouble the safety of all foreigners in the vicinity would be his problem. All foreign governments have kept troops in the legion quarter since the Boxer rebellion. U. S. forces number 500. Lo Wen-Kan, foreign minister of the Nanking government, who has resigned as protest against China's passive acceptance of Manchurian occupation.

GRAIN CORPORATION CLAIMS ITS MOST SUCCESSFUL YEAR

CHICAGO, Aug. 16. (AP)—Etched in statistics and figures, a rosy picture of the Farmers' National Grain Corporation's activities for the past year was presented to stockholders in annual session here today.

Reviewing the past, officers predicted ultimate success for the corporation in the face of attacks and adverse criticism toward its activities.

George S. Milnor, general manager of the corporation, reported that for the fiscal year ending May 31 the corporation purchased and handled in excess of 148,000,000 bushels of grain not including that purchased from or handled for the Grain Stabilization corporation.

Merchandising policies of the corporation, Milnor said, not only had returned higher prices to its members than those paid by competitors but had placed grain producers in a better position to market their commodities.

"The duty to which we are primarily giving our time and effort," said Milnor, "is to market producer members' grain efficiently, economically, and at better prices." His report showed that at the end of the fiscal year the corporation controlled more than 75,000,000 bushels of country and terminal warehouse storage space, a gain of more than 55,000,000 bushels over the previous year.

Walker I. Beam, vice-president and treasurer, reported that the close of the fiscal year found the corporation had completed its liquidation of bank loans and that "for the second consecutive year was entirely out of debt to all of its bankers." He said net earnings were in excess of \$1,000,000 and termed the two outstanding events of the year's operations the funding of the corporation's \$16,000,000 debt to the federal farm board and the development of the national organization as the single grain marketing medium of its regional stockholders.

Nebraska Man Is Killed In Crash

FORT WORTH, Aug. 16. (AP)—Hugh S. Old, 32, Omaha, Neb., was killed instantly at 5:15 a. m. today when his large touring car collided head-on with a truck on a bridge over Trinity river here.

N. Lawrence, 24, Foolville, the truck driver, said Old evidently dozed at the wheel.

Old was identified through cards in his pocket. Chester Wilson, Omaha, brother-in-law of Old, communicated with local authorities by telephone. He said the victim was survived by his sister, Mrs. Wilson, and his mother, who also live in Omaha.

Sales Tax Issue May Be Re-Born

WASHINGTON, Aug. 16. (AP)—The sales tax, cause of many a bitter congressional debate, right now is being warmed up for another start through the legislative mill.

Of course, before congress meets the fire may get out, but there still are members who think a general sales tax, say 1 1/2 per cent, should be substituted for the many special excise levies now in the law.

Senator Smoot, chairman of his branch's finance committee, predicts that the December session will see a new study of the tax situation. In the house, where all tax legislation must originate, democrats already have a special committee surveying the problem.

Mrs. L. N. Patton of LeFors shopped here yesterday.

TO WHOM IT MAY CONCERN:

Anyone having any claims for bills of whatsoever nature against the General Contractors, or any of the Subcontractors on the Fort Worth & Denver Northern Railway company as result of any of the construction work done by them on that railway, are requested to communicate immediately with the General Contractors, i. e., Hamilton & Gleason company and Roberts Bros., at their office, Childress Hotel, Childress, Texas.

CAN'T KEEP FEET ON GROUND

Judge Kenesaw Mountain Landis, high commissioner of baseball, apparently didn't "keep his feet on the ground" during all the excitement over reports that horse race gambling disrupted the Chicago Cubs under Manager Roger Hornsby's regime—at least, this informal picture seems to indicate as much. It was taken at Pittsburgh when Judge Landis visited that city, where the Cubs were playing, shortly after news of the "scandal" broke. The "baseball czar" did not admit that his visit had anything to do with the resultant investigation.

RAPS JOHN GARNER DALLAS, Aug. 16. (AP)—M. H. Wolfe of Dallas, recent candidate for the democratic gubernatorial nomination, predicted today that speeches made last night in New York by John Nance Garner, democratic vice-presidential nominee, would drive Texas into the republican column again this fall.

"I do not believe the people of Texas are religious bigots" because they favor prohibition," said Wolfe. "Nor because they oppose Tammany hall sitting in the president's chair. Texans have not authorized John Garner to apologize to the wet democrats of the East about Texas voting dry."

WILL MAKE PAYMENT DALLAS, Aug. 16. (AP)—R. J. Murray, general manager of the Texas Cotton Cooperative association, announced that the board of directors in meeting here today had authorized immediate distribution of \$325,000 to cotton growing members of the association. A similar distribution of \$270,000 was made two months ago, Murray said.

Dr. J. D. Howze of the Worley hospital medical staff underwent an appendicitis operation this morning at the hospital. He was reported doing nicely.

DALLAS GOES TWO GAMES TO REAR AS BEAUMONT WINS

GOLDSTEIN IN SECOND GREAT MOUND FEAT

CASTOFF THORMAHLEN TAMES FORMER MATES

By BILL PARKER

Associated Press Sports Writer

Corned, the Dallas Steers have their backs to the wall in a hard fight to re out Beaumont for the second half pennant. Beaumont went two full games in front last night by whipping Dallas 9 to 2. With less than a month to play, Dallas must win and fast to overtake the Exporters.

Last night's victory for Beaumont was the first of three crucial games against Dallas. Roy Goldstein, returned to Beaumont a couple of weeks ago by Detroit, pitched his second consecutive victory since pulling on a Beaumont uniform. He allowed the Steers only eight hits. He let up in the ninth and was nicked for two runs. Dallas started George Murray, who tried for his 20th win this season, but he failed to last the first inning. Beaumont's five runs in the first inning erased whatever winning spirit the Steers entered the game with and it was a slow, listless affair with Goldstein breezing along without trouble.

Thormahlen, a Fort Worth cast-off now pitching for Galveston, and Preacher Thurman, a Galveston cast-off picked up by Fort Worth, engaged in a mound duel last night. Thormahlen had the better of the affair, 3 to 1. Thurman was blasted from the mound in the seventh when the Buccaneers scored their three runs. Thormahlen stopped his ex-buddies with four hits.

With Joe Medwick, the league's leading hitter, batting in eight runs, Houston jumped against Tyler for a 15 to 3 decision. Medwick got two home runs and a double for one of his biggest hitting nights this season.

Taking advantage of Longview's three errors, San Antonio beat the Cannibals, 4 to 3.

Engineer Slugged And Then Robbed

SHREVEPORT, La., Aug. 16 (AP)—T. W. Brunson, 55, engineer for the Texas and Pacific railway, employed on the run between Shreveport and Texarkana, was slugged and robbed this morning in his room at a hotel in Hollywood, railroad subdivision, several miles west of Shreveport. The burglar, a white man, escaped with about \$400.

Brunson, according to reports, awoke to discover an intruder in his room. As he opened the door he struggled with the burglar, the latter struck him over the head with a pistol, rendering him almost helpless, and escaped. In his rush, however, the burglar left his hat behind, and also his tie, which was pulled from around his neck by the engineer.

SAYS WITNESS "BADGERED" SAN ANTONIO, Aug. 16 (AP)—What trial Judge Advocate Captain J. F. R. Scott called "clearly an attempt on the part of defense counsel to badger a witness" led to clashes today between counsel at the court martial trial of Lieut. Herbert C. Lichtenberger, former Randolph field flying instructor.

Lieut. Lichtenberger is charged in two specifications under the 98th article of war with robbing the First State bank of about \$650 and with assault on W. W. Lehr, who entered the bank at the conclusion of the holdup.

INDICTED IN RIOT WASHINGTON, Aug. 16 (AP)—Three men were indicted by a grand jury today for their part in the fighting between veterans and police which led to the ejection of the bonus army from the capital. Police said one of the men indicted, Eronius Faulkner, 32, a Kentucky negro, had served a prison term in Michigan for breaking and entering and that he was sentenced to 90 days this year in Philadelphia as a professional thief.

FARMERS CLAIM SUCCESS SIOUX CITY, Ia., Aug. 16 (AP)—Striking farmers of the Sioux City territory were claiming at least a temporary victory Tuesday as their blockade of the highways leading into the city succeeded in cutting off from the market all but a few truck loads of farm products.

DR. THACKER ARRAIGNED OKLAHOMA CITY, Aug. 16 (AP)—Dr. Richard E. Thacker, former army physician, was given a preliminary examination today on a murder charge for the death, following an alleged illegal operation, of an Oklahoma City girl.

BRITISH ARE PLEASED LONDON, Aug. 16 (AP)—British political leaders were rejoicing today over the government's announcement that the conversion of the country's war loan bonds was nearly 90 per cent complete and included about \$6,447,000,000 worth.

Princess Ileana Has Husky Son

MOEDLING, Austria, Aug. 15 (AP)—The newest member of the 900-year-old Hapsburg family, an 8-pound boy, was born today to Princess Ileana of Rumania and her husband, Archduke Anton.

It was a birth befitting the tiny descendant of a line of powerful kings. The princess was attended by two queens, her mother, Dowager Queen Marie, and her sister, Queen Marie of Yugoslavia. His father also was in the household.

The baby was born at 4 a. m., just before dawn broke over the ancient walls of Moedling castle, which was closely guarded. For several days Austrian police have taken every precaution against troublemakers who, it was thought, might seize upon the presence of so much royalty to make a demonstration.

The princess and the baby were both doing well, it was announced. The boy will be named Stephan. He is 21 inches long and has the traditional Hapsburg blond hair.

Russian Miners Quit Their Jobs

MOSCOW, Aug. 15 (AP)—Dissatisfied with low wages and inferior living conditions, between 20,000 and 25,000 miners in the Donbas coal field have quit their jobs in the past two months.

This is Russia's chief coal producing area and if its output continues to decline there might be a serious shortage of fuel this winter, placing the nation's industry in a precarious position.

Unskilled workers are now paid 75 to 100 rubles a month. Their food costs a minimum of 70 to 120 rubles monthly.

FRANCES STARR WED TO BANKER

NEW YORK, Aug. 16 (AP)—Frances Starr, leading actress in many of the late David Belasco's stage productions, and her day-old husband, Robert Golden Donaldson, Washington banker, were on a honeymoon today somewhere in the White Mountains of New Hampshire.

They were married yesterday at her apartment.

It was Miss Starr's second marriage, she and William Haskell Coffin, illustrator and portrait painter were divorced in Reno in 1930. Donaldson, who is 55 years old, is a widower. Miss Starr said she was 42.

ALONZO STAGG 70 TODAY AND FEELS GREAT

WILL COACH HIS 41ST MAROON TEAM IN FALL

By CHARLES DUNKLEY.

CHICAGO, Aug. 16 (AP)—Amos Alonzo Stagg, dean of America's football coaches, celebrated his 70th birthday today, hale, hearty and happy—the most engaging figure in the game.

The grand old man of the midway, now working at a movie lot at Los Angeles as technical adviser to a gridiron thriller, will return to the University of Chicago next week to develop his forty-first maroon team, which advance reports indicate, may be the thriller of the 1932 Western Conference season. The tide is due to turn, Stagg believes, after years of defeats.

Despite his 70 years, Stagg's face, tanned and seared by the life that has been rugged and clean, is not wrinkled, nor drawn, nor old. His body is vibrant and tough, just as tough as it was when he made "end rush" on Walter Camp's first All-American team back in 1889, pitched Yale to five successive baseball championships, lived on bread and milk and spent his night hours studying for the Presbyterian ministry.

Stagg's thatch of hair is as black as it is gray. His daily tennis game is as fast and seriously played as it was 20 years ago. The man who first thought of using the forward pass, the fake pass, and the triple pass, looks no older than 50 years. He is a marvel of physical fitness, capable today of undertaking exercises that would weary an ordinary individual.

Stagg's skill as a coach is universally conceded but it has been a sincere and effective crusader of sportsmanship and high standards in amateur sports that Stagg has been internationally known. Stagg has always insisted that victory at the price of unfair method was not worth having; that sport which did not contribute to character had no justification.

Helen Jacobs Will Be In Action Today

FOREST HILLS, N. Y., Aug. 16 (AP)—The field cut to 3 players, the second day's program of the women's tennis championships today featured the initial appearance of Helen Jacobs, prime favorite to succeed the title relinquished by Helen Wills Moody.

First round play yesterday was uneventful and marked by no upsets although the second seeded player, Mrs. L. A. Harper of Oakland, was carried to three sets by Eleanor Goss of New York, 6-2, 5-7, 6-3.

Miss Jacobs, given a first round bye, drew Virginia Rice of Boston for her first opponent.

ONLY NINE ARE EXEMPT FROM QUALIFYING ROUNDS NEW YORK, Aug. 16 (AP)—Nearly 600 golfers sought places in the National Amateur championship in a nation-wide qualifying round played on 18 widely separated courses today.

Of the total of 589 players who would like to compete in the championship starting at Baltimore Sept. 12, only nine were granted exemption from the qualifying test. These included the defending champion, Francis Ouimet, and members of the British Walker cup team.

The other 580 were to play 36 holes of medal competition today for one of the maximum of 175 places still remaining to be filled.

Only 150 places were awarded to be filled in the district qualifying round but 25 more were held open to provide for players seeking to qualify in some district other than that in which they are entered. Such players will be considered to have qualified if they return scores equal to or lower than the qualifying score in the district in which they actually compete.

The New York district with 100 entries and 27 places to be filled leads all the rest. Entries and places to be filled in each district follow: Boston, 46 entries and 12 places; New York, 100 and 27; Philadelphia, 77 and 20; Washington, 89 and 19; Atlanta, 17 and 5; Dallas, 9 and 4; Pittsburgh, 23 and 6; Cleveland, 38 and 10; Chicago, 51 and 14; St. Paul, 5 and 2; St. Louis, 7 and 2; Kansas City, 14 and 4; Denver, 16 and 4; Los Angeles, 11 and 4; San Francisco, 6 and 3; Portland, Ore., 15 and 5; Omaha, 5 and 2; Cincinnati, 25 and 7.

Hobbs Unit Pool Plan Is Discussed FORT WORTH, Aug. 15 (AP)—Hobbs pool operators were in session here today discussing a plan for unification of the eastern New Mexico oil field.

E. G. Allen of Dallas, chairman of the operators committee, presided at the meeting and L. E. Barrows of Fort Worth, chairman of the sub-committee which drafted the unit plan, was taking an active part in explaining details.

The unit plan for the Hobbs pool has been in process of formation for more than six months.

ROY ASPIRING TO BE LOCAL MAT LEADER

He And Roy Welch Will Open Wrestling Event Here On Wednesday.

Wrestling in the artificially cooled Pla-Mor auditorium will be inaugurated Wednesday night with the popular Roy Welch meeting powerful Roy Welch in the main event.

The first preliminary is scheduled to start at 8:30 o'clock. No wrestling having been attempted here in some time, a nice turnout of the mat fans is anticipated. Roy Welch, who on recent tours has been winning most of his matches, aspires to take the place vacated by Otis Clingman, now of Ohio. He has come back from the Pacific coast and intends to make Pampa his home.

Welch is popular in Amarillo, where his rough and ready tactics have afforded the rabid fans much amusement.

General admission will be 25 cents, with ringside seats \$1.10 and women 25 cents.

San Francisco—Milio Milletti, Omaha, won technical knockout victory over Ralph Chong, New Orleans, (8). Chick Raines, St. Louis, outpointed Ray Acts, San Francisco, (6).

NEWPORT, R. I., Aug. 16 (AP)—Play in the Newport Casino tennis tournament advanced to the third round today with the favorites still in the running.

George Lott of Chicago, seeded fourth, and Ted Avery of England, fifth on the foreign list, were one bracket ahead of the field. Both had first round byes and two victories.

Ellsworth Vines, national champion and last year's Casino winner, failed to show his skill in his opening rounds. He got a scare in his second round match with Arnold Jones of Providence, R. I., however, and settled down to some serious playing after Jones had taken the first set, 9-7. Vines took 12 of the next thirteen games to win the match, 7-9, 6-1, 6-0.

JOB PRINTING DEPARTMENT

WOMEN OF ALL BAPTIST CHURCHES ATTEND LUNCHEON

INSTALLATION DIRECTED BY STATE LEADER

OFFICERS' DUTIES ARE EXPLAINED BY MRS. J. E. LEIGH

Several members of the Central Baptist and Calvary Baptist Women's Missionary societies were guests of the First Baptist W. M. S., at a 1 o'clock luncheon yesterday at the First church.

The crowd joined in singing "O. Zion, Hasten" and Mrs. W. B. Henry led in prayer. Mrs. J. A. Meek, local president of the First Baptist W. M. S., introduced other officers to Mrs. Leigh, who explained the duties of each.

"We are not faithful enough to our young people," Mrs. Leigh declared. "The young people of today will make up the church of tomorrow. They should be encouraged to serve in the church today and should be given definite places to fill."

"The purpose of the W. M. S. is not Bible study. That is taken care of in Sunday school. The W. M. S. should study mission books, which explain how far we have progressed in regard to the commandment in the Bible to go into all the world and preach the gospel. To encourage missions is the purpose of the W. M. S."

To the officers, Mrs. Leigh said: "Magnify your office. Magnify the church. Magnify Christ." She encouraged publicity, stating that "information makes the work go forward."

Following are the new officers: President, Mrs. Meek; recording secretary, Mrs. W. A. Keneey; corresponding secretary and treasurer, Mrs. F. E. Hoffman; pianist, Mrs. C. H. Schulkey; chorister, Mrs. D. T. McIntosh; young people's leader, Mrs. C. E. Langan; Sunbeam leader, Mrs. Buster Bailey; G. A. leader, Mrs. Eugene Johnson.

Committee chairmen are as follows: Education, Mrs. W. O. Workman; missions, Mrs. F. Ewing Leach; mission study, Mrs. Ernest Fletcher; personal service, Mrs. W. D. Benton; periodicals, Mrs. W. B. Henry; benevolence, Mrs. Wilson Hatcher; social, Mrs. C. W. Parker; publicity, Mrs. J. Powell Wehrung; Stewardship, Mrs. R. W. Tucker.

Circle chairmen are: Circle 1, Mrs. C. L. Stephens; Circle 2, Mrs. E. F. Brake; Circle 3, Mrs. E. L. Anderson; Circle 4, Mrs. J. A. Arwood. The following attended the luncheon:

(The Rev. and Mrs. C. E. Lancaster, the Rev. and Mrs. Ratcliff; Misses Geneva Groom, Ruth Henry, Mary Lois Barrett, Cornelia Barrett, and Elizabeth Barrett; Mesdames J. H. Osborne, Jr., Ivan M. Stout, Troy Mance, F. E. Hoffman, J. A. Oakes, R. H. Kitchings, Corn Tucker, A. C. Shaw (of Amarillo), G. D. Holmes, M. E. Price, G. H. Covington, J. B. Chisum, W. A. Keneey, Ima Brooks, C. W. Parker, M. M. Rutherford, J. E. Roberts, S. O. Garner, L. J. Sheridan (of Amarillo).

Mesdames W. O. Workman, E. L. Anderson, Joe R. Foster, J. A. Arwood, R. E. Lantz, J. J. Long, J. T. Morrow, Claude Crane, S. L. Anderson, F. Ewing Leach, J. E. Leigh (of Dallas), J. A. Meek, R. W. Tucker, C. H. Schulkey, W. B. Henry, R. M. Mitchell, J. H. Ayres, L. H. Greene, C. L. McKinney, T. W. Jamison, Eugene Johnson, H. C. Wilkie.

Mesdames L. A. Baxter, Mary Binford, J. C. Barnard, E. F. Brake, Buster Bailey, R. L. Young, G. C. Durham, Tom E. Rose, W. D. Benton, T. B. Solomon, W. J. Brown, Forest Cecil, V. E. Fathere, R. E. Gatlin, R. W. Lyons, T. F. Morton, and J. Powell Wehrung.

Moody Suggests Reading of Chapter On Jim Ferguson

GATESVILLE, Aug. 16 (AP)—Former Gov. Dan Moody, today invited Coryell county parents to borrow their children's Texas history books, read the chapter on James E. Ferguson and decide for themselves "whether they want to set the example before their children on endorsing the sort of ideals of government expressed in the whole record of Ferguson's record with the state."

"Gov. R. S. Sterling in 19 months has done more for actual tax relief than was done in the two Ferguson terms, the one in Jim's name and the one in his wife's," Moody said.

"Sterling gave the state the \$3,000 homestead exemption amendment, a reduction in the tax rate, a call for legislative action to reduce county taxes by assuming bond issues for highway work, veto of \$3,000,000 in appropriations, a return of \$1,800,000 in unexpended appropriations to the general fund, \$7,000 more in oil and cigarette taxes, and \$1,000,000 reduction in fee officers' claims against the state."

Leake Ayres, attorney, introduced Moody to the Gatesville audience. Moody is stumping in behalf of the renomination of Governor Sterling. Moody planned to speak later today at Hamilton. Tonight he was expected to talk at a joint Dublin-Stephenville rally.

D. Witherspoon of Amarillo was a Pampa visitor this morning.

MOVIES SOUGHT JACQUEE LYN

Little Jacquie Lyn, 4, didn't experience the trouble in becoming a movie actress that many girls do. So many asked why she wasn't in films that her mother decided maybe she should be. The directors took a liking to Jacquie and now she's under contract.

HOLLYWOOD (AP)—When you see 4-year-old Jacquie Lyn on the screen you may not know it but you're really watching two actresses.

One, of course, is Jacquie, who has already proved her genius as a trouper. The other is Gauzy Wings. You won't see Gauzy Wings, actually, for she is, as Jacquie explains earnestly, the good fairy that she keeps in her heart.

Jacquie, with large blue eyes and golden curls, was one of those rare children who are almost forced into movie-acting by directors and producers. She has been something of a prodigy since her birth—in London in September, 1928—according to her mother, Eve Lyn.

Mrs. Lyn and her mother brought Jacquie to America when she was 15 months old, and they soon moved to Los Angeles. Here so many people asked the mother why Jacquie wasn't in films that she decided to try them.

She was the child who appeared with Elissa Landi in "Wicked" after that other studio called for her, and now she is under contract to Hal Roach, a member of his "Our Gang."

An active, perfectly mannered child, Jacquie has a reputation about the lot for knowing her lines and those of other players as well after only one rehearsal. She has been known to prompt Stan Laurel and Oliver Hardy from the sidelines if by chance they forgot them while making "Pack Up Your Troubles," their new feature.

She began "talking" over her mother and grandmother, at the age of six months, and she already knows her alphabet and how to spell simple words.

ITEMS OF PERSONAL INTEREST

Mr. and Mrs. C. H. Walker are visiting in Dalhart for a few days.

Mr. and Mrs. E. C. Will and two children left yesterday morning for points of interest in New Mexico.

Mr. and Mrs. C. H. Todd will leave tomorrow morning to visit relatives in Kaw, Okla., and Youngstown, O. They will be gone a month.

M. E. Hale of Dallas is here visiting his daughter, Mrs. Bill Alexander, 609 N. Gray.

Miss Ruby Adams, county home demonstration agent, had on her calendar for today a meeting with the Grandview 4-H girls' club and the Bluebonnet home demonstration club.

The Twentieth Century Culture club's yearbook committee held a meeting yesterday afternoon in the home of Mrs. Carl Boston. Work on the yearbook is nearing completion and will be printed in ample time for the presidents' breakfast, which is given by the three Twentieth Century clubs in September.

After serving as pastor of the Church of the Brethren since its organization three years ago, the Rev. George E. Hallett has resigned. He offered his resignation a year ago but it was rejected. Mr. Hallett built the first Church of the Brethren in this part of the Panhandle.

The Methodist W. M. S. meeting was not held yesterday in order that all interest might be centered on the revival meeting now in progress. Next Monday circle meetings will be held.

Mr. and Mrs. W. R. Campbell have as their guests Mr. and Mrs. W. H. Campbell and son, Eldridge, and William Ames Garnett, of Gainesville, and Bill Herblin of Wichita Falls. The visitors will remain several days.

Dorothy Wheeler of Vernon is visiting her aunts, Mrs. W. R. Campbell and Mrs. J. M. Fitzgerald.

Mrs. A. C. Shaw and children, Carrie Lee and Mary Katherine, are visiting in Pampa. They moved from this city to Amarillo recently.

Mrs. C. A. Shellbarger and daughter will return to their home in Cassa, Wyo., Saturday after visiting Dr. and Mrs. W. A. Seydler.

B. G. Blonkivist was dismissed yesterday afternoon from Worley hospital, where he received treatment for tomaline poison.

S. J. Blackburn of LeFors left the Worley hospital yesterday afternoon. He suffered the loss of three fingers last Tuesday night when his left hand became tangled in the cog of a water drilling machine on the Texas company lease.

C. A. Capers was admitted for treatment at the Worley hospital this morning.

BUSINESS CLUB HAS GAME SET FOR THURSDAY

TO MEET KIRKMAN'S TEAM ON MAGNOLIA PARK DIAMOND

Defeat of girls between the ages of 11 and 18 is the next goal of the Pampa Business and Professional Women's softball team, and a game has been set for Thursday evening at 8:10 o'clock at the Magnolia park.

The girls' team is composed of members of the Lifesaving Guards of the World and is coached by Ensign J. F. Kirkman. The team practiced last evening and has another practice scheduled for this evening.

Manager Mabel Gee of the business women was greatly encouraged following her team's last practice. She stated that the players were in first-class condition and that some of the new players secured showed brilliant prospects.

Panhandle and Miami both have women's teams and it is the desire of the locals to meet them in the near future.

HAS AN IDEA

Here is John F. Finerty, eminent Washington (D. C.) lawyer, who contends there's nothing in the 18th amendment to prevent states from engaging in the manufacture, transportation and sale of liquor within their own borders. He has submitted his opinion to governors of three states where legislative action to set up state-controlled liquor industries for revenue purposes might change the complexion of the prohibition controversy over night.

Barrett To Contest Kleberg's Victory

SAN ANTONIO, Aug. 16 (AP)—Thurman Barrett, defeated candidate for nomination on the Democratic ticket for congressman from the fourteenth congressional district, announced Tuesday he would file proceedings contesting the re-nomination of Richard M. Kleberg of Corpus Christi.

Barrett made his announcement following a meeting of the district democratic committee at which tabulations of votes cast in the July primaries were made. The vote as announced gave Kleberg a majority over three opponents of 3,462. His total vote in the 11 counties of the district was 35,037; Barrett 26,762; Ivan A. Britt 3,936, and B. S. Maloney 876.

H. L. Polley returned last night from St. Louis, where he has been buying for Murree's, Inc. He reports prospects bright with every one doing increased buying and prices advancing.

The brush? That's for the eyebrows. They, too, must be perfectly smooth. If they are not, one may appear unkempt.

Missionaries In Revival Here Now

The Rev. and Mrs. Hugh P. Jeter, missionaries, who are booked to sail for South America next month, have started a revival meeting at the Assembly of God church, corner of Brown and Cuyler streets.

The missionaries are both graduates of the Southwestern Bible school, Enid, Okla., and are accomplished musicians. Special music and singing will be a feature of each service.

Mr. Jeter will preach on the following subjects: "The Existence of God," "The Bible, the Inspired Word of God," and "Why I Believe in Speaking in Tongues."

Services are held each evening at 8:15 o'clock. The public is invited to attend.

SUES ON STORED WHEAT Suit was in 31st district court this morning by attorneys for I. B. Hughey asking for the market value of wheat stored in L. C. McMurry elevators in Gray county 1928, 1929, and 1930. The Fort Worth Elevator and Warehouse and L. C. McMurry are named as defendants.

Mr. Hughey is being represented by Willis Studer, and Studer and Gordon and Gordon of Pampa, and Hoover and Hoover of Canadian.

SPEAKING OF WOODEN KIMONOS

All spruced up for a high dive, Miss Billy Johnson of Hoquiam, Wash., is just a chip off the old block for her pond lily model bathing suit is made entirely of wood. Billy displayed the novel suit at the inventors' congress in Greeley, Colo. Both the bride and groom are residents of Cheyenne, Okla.

MRS. LULU A. SEALS, FORMER PAMPAN, MARRIES IN GREELEY

Mrs. Lulu A. Seals, a former Pampa resident and employe of Mitchell's store, became the bride of Ralph Robertson recently in the Baptist parsonage in Greeley, Colo. Both the bride and groom are residents of Cheyenne, Okla.

The wedding was attended by close friends and relatives, including Mr. and Mrs. C. T. Perrin, Mrs. Irene Peterson and Mr. and Mrs. W. T. King, Jr., of Denver. Mrs. King and Mrs. Perrin are daughters of Mrs. Robertson.

Mr. Robertson has been a resident of Cheyenne for many years and is an engineer for the Union Pacific railroad. Mrs. Robertson has lived there for the past two years.

After the ceremony the wedding party was entertained at a dinner at the home of Mr. and Mrs. Perrin. Mr. Perrin was the manager of the Paramount theater in Cheyenne for several years, and is now connected with a motion picture house in Greeley.

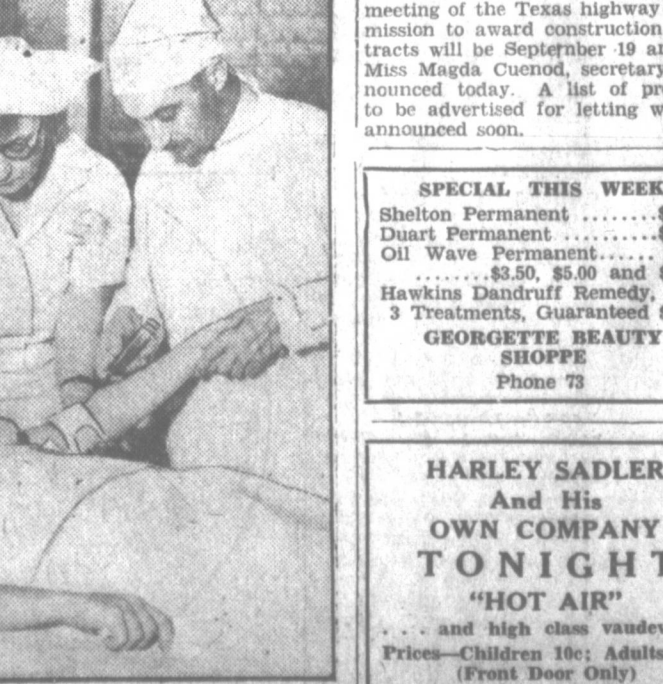

Mr. and Mrs. Robertson left Cheyenne Tuesday evening for a honeymoon trip on the west coast. During their absence they will visit Seattle, Portland and San Francisco. After September 1 they will be at home in the Jensen apartment, Cheyenne.

SHIPS REPORTED LOST MARSEILLES, France, Aug. 16 (AP)—Twenty-two men are feared to have drowned in the reported sinking of a fast dispatch boat in the aerial mail service to South America on Saturday.

The vessel was en route from Natal, Brazil, to Dakar, Senegal, when she ran into a storm. Thus far efforts to learn the fate of the crew have failed.

Editor and Mrs. R. B. Haynes of the Miami CHIEF were here on business today.

FILM ACTRESS GIVES BLOOD

In an effort to save the life of her father-in-law, Fred W. Enderly, Pearl Eaton, blond film and stage actress, gave a pint and a half of her blood in a transfusion operation. The photo shows Mrs. Eaton, Nurse Margaret Hammer and Dr. Gerald Smith, ready for the transfusion operation in a Los Angeles hospital. Enderly was found unconscious in a gas-filled room of his apartment.

Girls' Program At Short Course Praised Highly

By BETH WORD, Eldridge 4-H Club.

To be a 4-H club member has always meant a lot to me, but since going to short course and enjoying every minute it now means more.

Each morning while there we had what is called "Inspirational Program" at Gault hall. This was a meeting of all the 4-H boys and girls of this state who were at the short course. There were 736 boys and 491 girls. When a group like this gets together things would begin to "hum." Our meetings were started by a lot of singing, yells, etc.

Monday we elected our own chairman, secretary as well as other officers of the week from our own delegates.

Pat Neff, former governor, spoke on Monday morning on personality. Our programs were so varied and so many I will only list those attended.

Miss Blain, extension food specialist, lectured on food preservation, giving us many new ideas to ask for in our next year's work in our counties.

Mr. Rosborough, extension specialist in horticulture, had as his subject, "How Does Your Garden Grow?" He suggested the size of the garden plot, kinds of seeds, and cultivation. Two more splendid programs were given by Mrs. Jennie Moore, on "Looking Your Best," and Misses Reeves and Sage on "Song and Play."

Mrs. L. C. Cooper in her part on the program made us realize our voices really did have a lot of influence upon us as well as upon other people. Her talk was "Your Voice and Its Influence."

Miss Erwin of Lubbock gave a demonstration and talk on "Better Bed and Bedding" suggesting many color schemes and materials.

Our most interesting tour of the campus took place when Miss Ruby Adams accompanied us to the museum which Dr. Barnes has in charge. Here we saw a mummy, parts of pre-historical animals, and other things.

Mrs. Barnes' lecture on wardrobe demonstration and modeling clothes, Miss Heflin "Understanding Little Sister," and Miss Skelly's "Road to Daintiness" were very interesting.

To rub our eyes on the program, Miss Goree spoke on "Book You Will Enjoy." Beauty inside and out of our home was shown by the demonstration on yard work to complete the programs started by other demonstrations.

"I will speak for myself as well as all the other county girls. We had a very enjoyable time and it would not have been near so enjoyable had it not been for Miss Adams' and County Agent Thomas' cooperation. We are all hoping that we can go next year."

WOMEN'S CLUB LEADER WEARS BLUE SUIT. WASHINGTON (AP)—Mrs. Grace Morrison Peole, new president of the General Federation of Women's clubs, is wearing a suit of blue silk, trimmed with gray fur. With this she wears a small blue straw hat.

Mr. and Mrs. A. Reese of Amarillo spent Sunday with Mr. and Mrs. D. A. Finklestein.

LARGE CROWDS AT METHODIST REVIVAL HERE

RECONSECRATIONS ON MONDAY NIGHT OVER 20

Monday has been the peak day this far for the revival at the Methodist church. There were excellent congregations at both hours. If the second Monday services are an indication of the progress of the revival, there is much ground for expectation. The morning service was given over largely to prayer. Almost the entire congregation was in the altar praying for the success of the meeting or for individual loved ones. There was one conversion and accession to the church at this service.

At the evening hour Evangelist Ray Johnson preached on conversion. There were over 20 that came for reconsecration or for the first time and every one that came received the blessing sought. There were two accessions to the church at the evening service, with one giving his name for membership in another church. The public is cordially invited to attend all services and hear the messages of the preacher.

Airplane Ride Is Thrill for Local Child Here Sunday

No other thrill in the young life of 19-month-old Hubert Sheldon Finklestein was comparable to the one he received Sunday afternoon when he was taken for an airplane ride with his father, D. A. Finklestein and Ben Aracder. When he reached the ground he let it be known in no uncertain terms that he wanted another ride.

Better Band This Year Is Expected By "Pop" Frazier

A bigger and better high school band than ever before is expected for this year by R. E. "Pop" Frazier, director.

The band will be composed of about fifty musicians. Eighteen of them were instructed this summer by Mr. Frazier. Five are newcomers, two being from Perryton, two from Las Vegas, N. M., and one from Portales, N. M.

MacDONALD'S DAUGHTER PASSES MEDICAL EXAMS

EDINBURGH, Scotland (AP)—Joan MacDonald, the prime minister's daughter, can get married now. She has passed her last medical exams. She became engaged to Dr. Alastair MacKinnon while both were students in Edinburgh university in 1930. They met while doing surgical work as students in the Royal Infirmary.

But Joan announced that she wouldn't marry until she had passed her examinations. Now she's entitled to M. B. and Ch. B. after her name.

The Faithful Cheat

BY RUBY M. AYRES SYNOPSIS: Though Sondra had not seen Mark since she had left him, she was surprised to find him in the city...

Chapter 32 A DIFFERENT MAN I SUPPOSE we all do things on the impulse sometimes—" Beatrice sighed. "I very nearly eloped myself once. So thankful I didn't think!"

"I very nearly eloped myself once," Beatrice told Cass. "I really don't know—I always thought myself that she must have gone away with Jocelyn Farr, but that can't be right, because he's still in town."

"I don't see why, because a woman chooses to leave her husband, it must necessarily be with another man," Cass objected. Beatrice laughed. "You dear funny old thing—what other reason could there be?"

He was unutterably thankful when Beatrice said she must go. He breathed a great sigh of relief as she joined a party of friends who had just come in.

A nasty, dangerous girl, that's what she was, he decided; he hoped devoutly she would not make it her business to talk to every one as she had just done to him. Of course he had always known that John was in love with Sondra—but well, if she didn't wish to marry him, and preferred another fellow, it couldn't be helped. Cass liked Sondra and was sorry for her—she hadn't had much of a life. There wouldn't be any harm in warning John anyway; if Sondra was happy with Mark Merriman it was no use taking chances that might lead to the destruction of that happiness.

Mark smiled—"I feel a different man already, since I found you again, Sondra—it was rotten being ill, but all the time at the back of my mind there was an ungrateful sort of thought that if only I was ill enough, I might be sent home to you."

COTTON IS ACTIVE

NEW ORLEANS, Aug. 16 (AP)—The cotton market had a strong and active opening this morning. Liverpool cables were much better than due and there were reports of too much rain in the greater portion of the belt. First trades showed gains of 2 to 5 points. The market continued to advance after the start partly on the rain report but mainly on the strong opening of the stock market. October advanced to \$7.75 and December to \$7.72, or 13 to 14 points above yesterday's close. These prices represented new high levels for the movement, fully \$13 a bale above the low prices of the year reached June 10. Near the end of the first hour, the market continued firm and tending upward.

COTTON FACTS RELEASED

WASHINGTON, Aug. 16 (AP)—The supply of cotton in the United States for the cotton year which ended July 31 was reported today by the census bureau to have been 23,170,748 bales, exclusive of linters. Consumption was 4,869,103 bales. Net exports 8,706,890 bales, and the carry-over on July 31 was 9,622,316 bales. The supply for the previous year was 18,314,674 bales, consumption was 5,262,974, net exports 6,757,475 bales and the carry-over 6,369,993 bales. This year's cotton crop, as estimated by the department of agriculture last week, is indicated as 11,306,000 bales.

GRAINS STRONGER

CHICAGO, Aug. 16 (AP)—Lively advances in grain values early today resulted from steep upturns in securities. Offerings on a liberal scale failed to check the rise of wheat, opening 1-2 to 1 higher, wheat afterward continued to mount. Corn started 1-4 to 5-8 up, and developed additional strength.

CHICAGO GRAIN

CHICAGO, Aug. 16 (AP)—Wheat: No. 2 red 44 1/2-45; No. 2 hard 54; No. 1 northern spring 54 1/2; No. 2 northern spring 54; No. 1 mixed 55; No. 2 mixed 53 1/2-54; corn: No. 3 mixed 33; No. 1 yellow 33-33 1/2; No. 2 yellow 33 1/2; No. 1 white 33 1/2; No. 2 white 33 1/2; oats: No. 2 white 16-16 1/2; No. 3 white 16 1/2-17 1/4. Wheat closed unsettled, 1/4-1/2 under yesterday's finish, corn unchanged to 1/4-1/2 lower, oats 1/4-1/2 off, and provisions unchanged to a rise of 20 cents.

COTTON IS STEADY

NEW ORLEANS, Aug. 16 (AP)—Spot cotton closed steady 7 points up. Sales 995; low middling 69 1/2.

TRAPSHOOTERS NEVER COME BACK? NINE FORMER CHAMPS TO ANSWER CHALLENGE

VANDALLA, O. (AP)—The adage "they never come back" seems to hold true in trapshooting more than in any other sport.

They've been holding Grand American Handicap trapshooting tournaments since 1900, but no marksman has ever been able to score two victories. This year the thirty-third Grand American will be held here at the permanent home of trapshooting, Aug. 18-27, and there will be nine former champions entered, all trying to do what no marksman has ever been able to accomplish—win the Grand American a second time.

Minister Holds Title Rev. Garrison Roebuck, United Brethren minister of Defiance, O., who won the 1931 title by breaking 96 targets from the 17 yard line, will be back on the firing line.

So will little Rufus King, Jr., the Wichita Falls, Tex., youngster who shattered 97 from the 16 yard line in 1930 to win top honors. Another Texan, Mose Newman, catleman from Sweetwater, who broke 98 from 20 yards in 1929 to win from a field of 1,000 marksmen, will try again this year.

Iko Andrews, Spartanburg, S. C., a director of the American Trapshooting Association, won the big classic in 1928 with 98 from 20 yards, and will be a certain starter again.

Otto Newlin, former major league baseball player from Georgetown, Ill., figures another 98 such as he made from the 20-yard line in 1927 will be good enough to give him a repeat.

Farmer's Score Unequaled They will all have a hard time stopping Charley Young, retired farmer of Springfield, O., who won in 1926 and 1900 straight from 23 yards. This score has never been equaled at that distance, although B. Thompson of Gainesville, Mo., shattered 100 straight from 19 yards in 1910.

HUDSPETH DIRECTORY COMPANY WILL ISSUE CITY DIRECTORY

T. H. Hudspeth, manager of the Hudspeth Directory company of El Paso, Texas, has been in the city for several days completing preliminary work for the next Pampa city directory.

As announced some months ago, the canvass for information will not be made until later in the year and the directory will be issued within about 60 days after the name taking commences. This will be the fourth directory of Pampa issued by the Hudspeth Directory company. It was in 1928 that a representative of this company was scouting around for new business and discovered that Pampa was in the city directory class, but there were very few houses numbered. Preliminary arrangements were made for issuing a directory as soon as the houses were numbered, but it was more than a year before this was done. Pampa was too busy building houses, paving streets, and doing countless other things that confront a growing city. The numbers were finally put up and before the men doing this work were out of town, the canvass for Pampa's first real directory was commenced.

The Hudspeth firm has been supplying southwestern cities with directories for more than fifteen years. It is well equipped and being a member of the Association of North American Directory Publishers, uses the standard make-up form of information, classifications and abbreviations as recommended by this association. The firm depends upon its own efforts for getting the information, making a thorough house-to-house canvass of both business and residence districts.

The employees are selected for accuracy and reliability, they know how to make a systematic canvass what questions to ask in order to get correct information and how to write it for the printer. The compilation is the most particular part of the work and requires an unusual degree of accuracy and concentration. This is done by the more experienced men selected because of their adaptability to this kind of work.

middling 7.41; good middling 7.76; receipts 2,898; stock 880,895.

SEAT SELLS HIGHER

NEW YORK, Aug. 16 (AP)—A New York stock exchange seat today sold for \$150,000, an increase of \$30,000 over the previous sale.

Not since March have seats sold at \$150,000 or better and since that time they fell to \$68,000, a record low for several years.

I. Coltz of Amarillo visited in Pampa this morning.

Specify Pampa-made products.

These winners in the Grand American handicap trapshooting meet in the last three tournaments, with six other champions, will be present at Vandalla for this year's shoot to attempt to break the jinx which has prevented any Grand American winner from repeating in the last 31 years.

Mark Arie, of Champaign, Ill., who is always up among the leaders, will be trying to repeat his victory of 1923 when he broke 96 from 23 yards. Mark Hootman of Hickoryville, O., is another who will be here, as will Fred Harlow, of Newark, O., who won in 1908 with 92 from 16 yards.

Radioactivity Now Definite Theory

ANN ARBOR, Mich., Aug. 16 (AP)—A theory which explains the disintegration of radioactive elements, such as radium, has been advanced by Prof. Werner Heisenberg of the University of Leipzig, eminent German physicist who is at the University of Michigan for the annual summer physics conference.

The Heisenberg theory accounts for the most important known paradoxes in nuclear physics by the existence of neutrons, discovered within the last year by European physicists. According to the old atomic theory each atom of matter is composed of protons, which are positively charged particles, and electrons, which are negatively charged. A neutron might be described as a "married" proton and electron, "living as one." Existing in this state of coalition, neither proton nor electron acts the same as when single.

The scientists who discovered the neutron believed that neutrons exist in atoms along with protons and electrons but Prof. Heisenberg's theory eliminates electrons from the nucleus, leaving only protons and neutrons. The proton is the particle which gives the atom most of its weight and electrons may be regarded as almost weightless. So, if a neutron is broken up for any reason, the lighter electron is thrown a considerable distance, while the neutron remains in the nucleus. These "divorces" explain radioactivity, with electrons, called beta particles, thrown into space. "Divorces" are frequent in radioactive elements because of their high number of neutrons per proton.

TO JOIN SICK SON

FORT WORTH, Aug. 16 (AP)—Mrs. Elvie L. Light is coming from Nashville, Tenn., to the bedside of her son, George, 11, in a hospital here with both feet amputated and policemen who are raising a fund hope that she will not be too late for hospital attendants reported today that gangrene had developed in the boy's left leg and that his condition was very dangerous. George had both legs cut off by the wheels of a freight train last Thursday night.

I. Coltz of Amarillo visited in Pampa this morning.

Texans Ask More Haste In Placing Livestock Loans

WASHINGTON, Aug. 16 (AP)—The reconstruction corporation is expediting plans for twelve regional agricultural credit corporations to make loans to farms and stockmen. Board members have sought information from agricultural and livestock leaders from virtually all sections of the country during the past few days.

Indications are that the corporation will announce shortly its program for creating the corporations, ordered by the huge relief bill.

Under the act, each institution is to have a paid up capital of not less than \$3,000,000, to be subscribed by the reconstruction corporation.

The agencies are to be managed by officers and agents appointed by the reconstruction corporation, which is seeking men qualified to undertake the work.

The corporations may make loans for crop production and for the raising, breeding, fattening, and marketing of livestock. Paper they acquire will be eligible for discount or rediscount at any federal reserve or intermediate credit bank. The rates of interest on loans are not fixed, being left to the credit organizations.

A Texas delegation headed by Representative Richard Kleberg, southwestern rancher, has placed information before the reconstruction board as to the need for urgent action.

The Texans, including Herbert King of Corpus Christi, Richard Kokernot of San Antonio and John Lyons, of Fort Worth, said that by getting the corporations to functioning livestock men of the west would be greatly benefited.

The loans must be adequately secured and not be for more than three years, with extensions not to exceed five years from the date of the original loan.

RAY STECKER MARRIES

HUDSON, N. Y., Aug. 16 (AP)—Second Lieut. Raymond J. Stecker, former West Point gridiron star and now stationed at Randolph field, San Antonio, Texas, was married here yesterday to Miss Jacquelyn Denton of Brookline, Mass. The ceremony was performed at the city hall by City Judge Tristram Caffin. Stecker gave his age as 22 and the bride said she was 21.

TEXTILES OUTLOOK GOOD

WARREN, Mass., Aug. 16 (AP)—The outlook of the textile industry in this town is brighter than for many years. Ohio Carpet company, West Warren, is soon to operate to full capacity; Warren Woolen company is on day and night schedule, and Maryland Silk Mills is soon to add a night force.

Specify Pampa-made products.

WILL GET DIVORCE

CHICAGO, Aug. 16 (AP)—Jesse L. Livermore, speculator and capitalist, today confirmed reports that Dorothy Fox Wendt Livermore was seeking a divorce from him in Reno. "It is by no means news to our friends, as we have been separated more than a year," he said. "Mrs. Livermore is a splendid woman, and we both tried sincerely to harmonize our conflicting views and personalities."

BACKFIRE STARTS BLAZE

HENDERSON, Aug. 16 (AP)—John S. Russell, 32, was burned fatally last night when the backfire from an automobile ignited gas near an oil well where he was working. The fire occurred near Selman City. He was brought to a Henderson hospital, dying today. His body will be sent to Shreveport for burial. Surviving were his widow and two sisters.

MANY LIVES LOST

LONDON, Aug. 16 (AP)—A message of Lloyds today from Tokyo said nineteen lives were lost when the steamer Hidemaru collided with the Nichifukumaru on the inland sea this morning. The Nichifukumaru sank shortly afterward.

STREET OF WOMEN

With KAY FRANCIS ROLAND YOUNG

British Plan On Five-Year Basis

OTTAWA, Aug. 16 (AP)—The empire trade conference was moving today toward a British five-year plan.

Trade agreements negotiated here, it was proposed, will have a duration of five years and will then be terminable at six months notice. Only the important agreement between Great Britain and Canada remained uncompleted today but there was no move to change the date of the final session ending the conference, which is set for Thursday, and, consequently, it was indicated the British and Canadians in, tended to reach a final agreement by tomorrow night.

General Kai-Shek May Assume Lead

NANKING, Aug. 16 (AP)—Out of the months-old internal strife in the Chinese Nationalist government today appeared the likelihood of return to active politics of General Chiang Kai-Shek, 44-year-old former president of the republic and for several years generalissimo of the armies.

The latest turn of affairs in the governing councils of the nation followed the resignation of Wang Cheung-Wel, who quit the post of president of the executive Yuan and virtual premiership of the government in protest against what he termed a too lenient policy toward Japanese occupancy of Manchuria. Wang urged a final fight with the Japanese and General Chiang Kai-Shek for purging a passive policy.

Child Is Sought — May Be Kidnaped

LAWRENCE, Mass., Aug. 16 (AP)—Lawrence police since last Friday have been investigating the disappearance of 10-year-old John Hall, who, police believe, was kidnaped and taken to Maryland.

The child, returning from a theater, August 8, told his parents that he had met a man who gave him money to "buy overalls and other things," so that he might go with him to a farm in Maryland.

The parents warned the child against the stranger, but last Friday, while the child's mother was absent from the house, a man in an automobile bearing Maryland registration plates drove up to the house and the child went with him.

Miss Oila Gregory has returned from a visit with relatives in Missouri.

Talented Sadler Company Draws Usual Applause

The Sadler family, as talented as ever, had a typically large "house" last night in their opening performance.

The famous comedian was as popular as ever, teamed with such other notable comedians as Billie Sadler, Bart Couch, Ethel Snow, and the talented Sadler child, who has fast grown up.

The old appeals have been linked with new acts of professional merit. Clammy predominates, of course, but for universal interest there is a super act.

WOMAN KILLS PRINCE

PARIS, Aug. 16 (AP)—A man whose papers identified him as Prince Edgard de Bourbon was found dead in a hotel room today, his throat slashed with a razor. At about the same time a Spanish woman who gave her name as Condesaria Frau-Soler appeared at police headquarters and said she had killed the prince in self defense after a quarrel during which he threatened her with a razor.

Ethiopia, with an area of 347,490 square miles and a population estimated at 10,000,000, has less than 2700 miles of highways.

but for universal interest there is a super act. Tonight's drama will be "Hot Air."

KIDNAPS CHILD FROM "TOO LARGE FAMILY"

The mystery of 4-year-old Florence Markowski's disappearance from her Brooklyn, N. Y., home had been solved when, as shown at the right, police took into custody Rita Levine, 19, a typist, Miss Levine, a neighbor, admitted having kidnaped the child because Florence's parents "had too many other children." Florence, seen at the left after being returned to her mother, apparently had enjoyed the experience, for her abductor had bought the little girl a complete new set of clothing and plenty of ice cream and candy.

An Announcement:-

A rumor has been circulated that the Hudspeth Directory company would not make a City Directory for Pampa this year. This rumor was unwarranted and without foundation and, in spite of the fact that letters were sent out advising the canvass would be made in the Autumn, it still persists. Again to assure our many patrons, and the public in general, that name taking for a new directory will commence not later than November.

BOMB FOUND ON REX

FARM STRIKE IS GAINING HEADWAY

PICKETING HAS DEVELOPED ON MANY ROADS

PRODUCE DEALERS ARE TOLD TO REMAIN CLOSED

MARKETING SLOWING UP

WHEAT MAY BE HELD FOR DOLLAR PER BUSHEL

LA MARS, Ia., Aug. 15. (AP)—More intensive picketing of highways and boycotts were reported today as farmers in this section of Iowa attempted to enforce their edict against marketing of farm products during a 30-day "strike" designed to raise prices.

From Kingsley came reports that 400 farmers had visited all produce dealers of that town and warned them not to open for business today under penalty of having all their goods thrown into the street.

At Sioux City hundreds of farmers and their wives improvised barriers with their automobiles drawn across the highways and effectively bottled part of the city against trucks bearing farm produce. Stockyards officials reported that no livestock truck traveling to the city from the north had reached its destination.

Although dozens of trucks were stopped, no violence had been reported.

Milk Poured Out.

Other farmers acting as pickets on the highway stopped a milk truck from Cherokee and poured 100 gallons of milk into the street. Another truck load of milk was reported dumped near Kingsley.

Meanwhile farmers of this vicinity were carrying on a passive resistance campaign following last week's disturbance when two farmers emptied 300 pounds of cream from a truck. Since then armed deputy sheriffs have accompanied collection trucks from local produce houses.

Milo Reno of Des Moines, president of the Farmers Holding association, said a decrease in hog supplies at Iowa markets and a ten cent increase in hog prices showed that the "strike" was meeting with success.

BISMARCK, N. D., Aug. 15. (AP)—The North Dakota wheat "strike" (See STRIKE, Page 6)

Pythians Plan Special Meeting For Members

Knights of Pythias members, whether in good standing or not, will be welcomed to a dinner and entertainment meeting in the city hall at 8 o'clock tomorrow night, Chancellor Commander Dan McGrew announced this morning. He is anxious that every Pythian in this section be present.

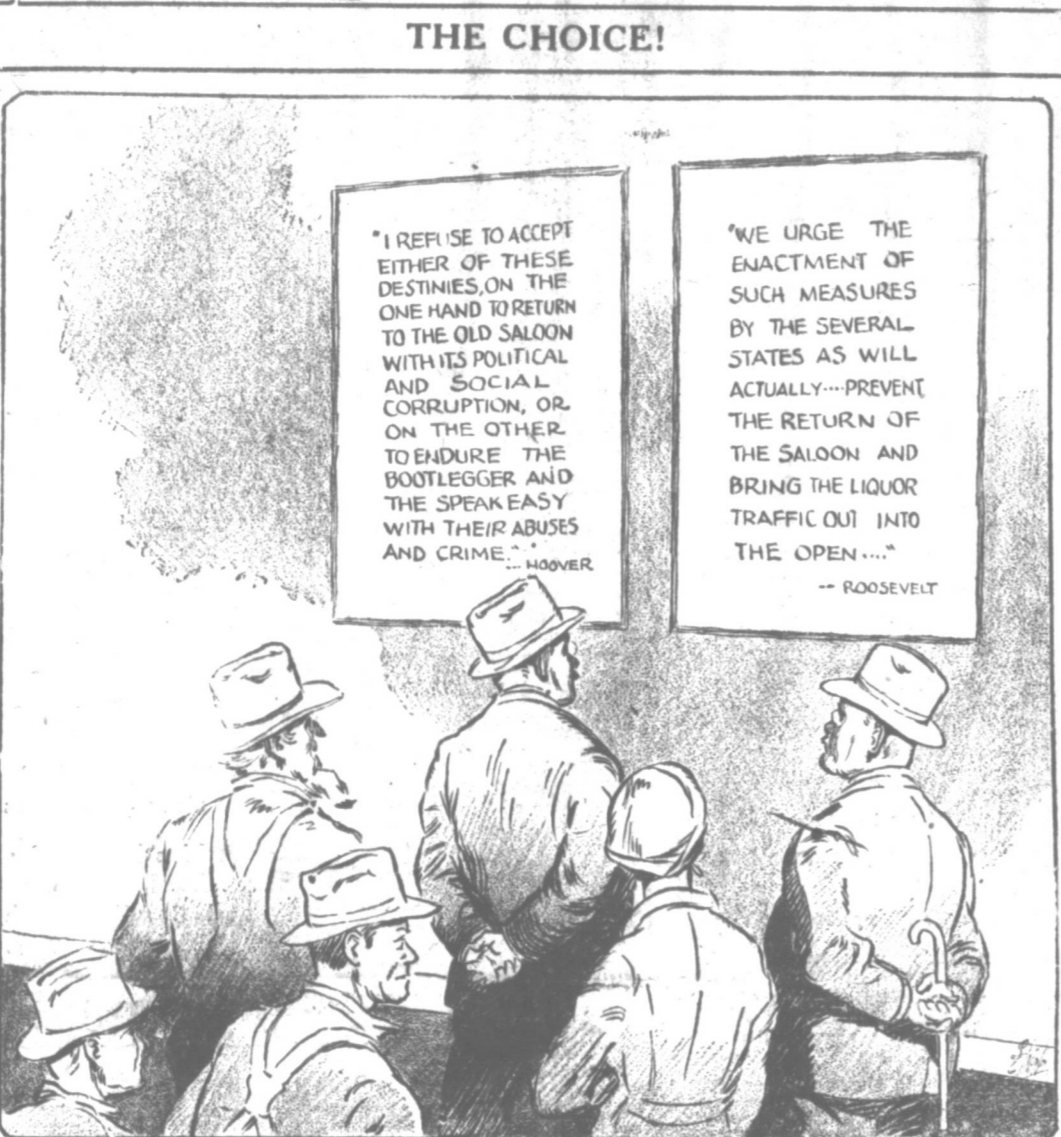

John Sturgeon, local attorney and well known orator, will be the chief speaker on the program. There will be music and songs and other brief talks during the evening, which will be in the order of a get-together.

The lodge meets in the club room on the second floor of the city hall.

the Weather

West Texas: Partly cloudy, probably showers in the Panhandle tonight and Tuesday.

—AND A SMILE.
JOHNSON CITY, Tenn., Aug. 15.—The excitement started when Gen. Hays and two little sons touched a match to an old hen's feathers. Squawking, she scuttled toward the barn and set it afire, with \$5,000 loss.

THE CHOICE!

"I REFUSE TO ACCEPT EITHER OF THESE DESTINIES, ON THE ONE HAND TO RETURN TO THE OLD SALOON WITH ITS POLITICAL AND SOCIAL CORRUPTION, OR ON THE OTHER, TO ENDURE THE BOOTLEGGING AND THE SPEAK EASY WITH THEIR ABUSES AND CRIME." — HOOVER

"WE URGE THE ENACTMENT OF SUCH MEASURES BY THE SEVERAL STATES AS WILL ACTUALLY PREVENT THE RETURN OF THE SALOON AND BRING THE LIQUOR TRAFFIC OUT INTO THE OPEN..." — ROOSEVELT

Air Traffic.

Aviation is a wonderful thing. Aviation noise can, however, become obnoxious. Flying is no longer a fad. It stands on its own feet as a success. It is able to stand reasonable regulation. The time is not far distant when flying over Pampa will have to be regulated as to noise and distance of planes above residences. There are safety factors to be considered as well as that of annoyance. It would be wise for aviators to take remedial steps without necessity of lawmaking. We need less noise from the air.

Book on Bailey.

Be it politics or not, this column welcomes the gift of a copy of Sam Hanna Acheson's new biography, "Joe Bailey, the Last Democrat," published by the McMillan company. The book comes from District Attorney William McCraw of Dallas. Although the volume is issued concurrently with the congressional candidacy of Joe Bailey Jr., it is quite able to justify itself as a valuable contribution to Texas history. Thoroughly documented from newspapers, particularly the Dallas NEWS, and from countless official and private sources, it is complete enough to allow one to draw his own conclusions apart from the conclusions of the author.

Oldtime Dress.

Senator Joseph Weldon Bailey, as unique a character as ever came to Texas, went to Congress as the youngest representative in the country, amused the capitol with his old-time dress (See COLUMN, Page 2)

TIRE THIEVES AGAIN ACTIVE IN CITY, LEAVING NEW JACKS UNDER WHEELS OF CARS LOOTED

Stolen Car Burned On Road South Of City

Tire thieves were busy again in Pampa last night when eight tires and tubes were stolen, according to reports received at the sheriff's office. Deputy Floyd Archer was again a victim of the thieves. His car was jacked up and two new tires were taken.

New jacks were left under each axle where the car was stripped. The car was parked in front of the Haggard apartments. The thieves then went a block up the street and stole one casing from Stormy Jordan's car. A new jack was left there also.

Mr. Readman on East Browning avenue also reported the theft of a tire and rim from his car.

While officers were investigating theft reports, a report of the loss of four casings was received at the sheriff's office, but the trusty who answered the telephone failed to get the name of the man reporting the theft.

Jack Sutherland of Skellytown reported to officers yesterday morning that his 1930 blue Ford coupe had been stolen some time Saturday night in Skellytown. He works for the Cabot Co.

A 1930 Chrysler royal sedan stolen from Dr. C. C. Rutherford of LeFors from a garage on South Nelson street was found burned 12 miles south of Pampa on Highway 88 late Saturday night. The car was discovered by Siler Hopkins,

Legion To Install Official Staff Tuesday Evening

American Legion officers for the next year will be installed in a ceremony at the Legion on West Foster avenue starting promptly at 8 o'clock tomorrow night. Commander C. M. Carlock will be in charge of installation exercises.

W. H. "Bert" Curry will be the incoming commander and Frank J. Thomas, vice-commander. Other officers will be returned to office for another year.

RANCHMAN DIES

ARCHER CITY, Aug. 15. (AP)—J. Ben Hull, 52, pioneer Archer county cattleman, died at his ranch home today of acute indigestion. In the "nineties" he was associated with the late Tex Rickard, boxing promoter, in the cattle business in Archer county. Funeral services were planned for tomorrow.

who notified Sheriff Lon L. Blanscet.

The car had been pushed from the garage into the street and then towed away or started by wiring around the switch. Sheriff Blanscet found the switch taken out and wired back in place, which probably was the cause of the fire.

CANADA AND BRITAIN REACH AGREEMENT ON PREFERENCES

OTTAWA, Ont., Aug. 15. (AP)—Canada and Great Britain were reported today to have solved most of their important differences and virtually to have reached an accord on a trade agreement which would include preference in Britain for Canadian farm products and reciprocal favors by Canada for British iron, steel, and coal.

Delegates estimated that with all the agreements completed the diversion of trade from the United States was not likely to reach more than one-third of the \$200,000,000 additional business Great Britain might expect from the dominions.

HUGE DAMAGE DONE BY WIND ALONG COAST

WHARTON'S TREES ARE LEEVED, CROPS ARE RUINED

COAST GUARD WILL HELP

GENTLE RAIN HERE IS REACTION TO BAD STORM

HOUSTON, Aug. 15. (AP)—A steadily mounting death list from Saturday night's Gulf storm was recorded today as reports trickled in from isolated sections.

Twenty-five were known to have lost their lives in the hurricane which swept 200 miles of the Texas coast—from Sabine to Seadrift—and then entered the interior to devastate large areas of the rich farming country of South Texas.

The known injured numbered around 150, but this list was expected to be greatly increased as a more general survey is made. No estimate of property damage was available, but it will run into thousands of dollars.

Today rescue workers and others were bent upon bringing immediate relief to the homeless. Emergency rations were rushed to Angleton, apparently the hardest hit of the towns, and Eagle Lake.

Hospital Necessary.

At Angleton, 30 miles north of Freeport where the storm struck the coast with its greatest force, an emergency hospital was established. Reports from there said some of the injured were not expected to recover.

Wharton county reported tremendous damage to cotton, rice and corn crops. No estimate was made of the total. Wharton, called "the forest city," had been left almost treeless by the hurricane.

Houston and Galveston, the largest cities to feel the blow, escaped with very little damage, most of it being confined to plate glass windows and flimsy homes and temporary beach structures.

Vessel Battered.

The only damage to sea craft reported was the destruction of the "Wild Duck," a pleasure yacht, which was battered to pieces on the jetties at Sabine, near Beaumont.

PORT LAUDERDALE, Fla., Aug. 15. (AP)—The first class coast guard cutter Unalga, left the coast guarder cutter, left the coast guarder, for relief work in the Gulf here today with 60 men in command of Capt. L. C. Mueller, for relief work in the Texas coast storm area.

The vessel was dispatched by C. F. Howell, commander of the (See STORM, Page 2)

John Bowers Sued For Big Damages By His Uncle

Alleging his health is permanently impaired as the result of injuries sustained in an altercation last February 27, J. T. Bowers has filed suit in 31st district court asking \$100,000 damages of John T. Bowers, his nephew.

TEXAN BIDDING FOR VOTES OF EASTERN AREA

HE AND ROOSEVELT IN CONFERENCE ON CAMPAIGN

WILL LISTEN AND LEARN

WILL SEE EACH OTHER OFTEN DURING BIG DRIVE

NEW YORK, Aug. 15. (AP)—John N. Garner, democratic candidate for vice-president, told a democratic luncheon today that he still believed Alfred E. Smith "would have made one of the greatest presidents this country has ever known," in answering a question concerning a rumor that he had not voted for Roosevelt in 1928.

Mr. Roosevelt described the democratic drive for votes as a "look, listen, and learn campaign." He said: "The primary objective of the campaign is to talk to the people and find out the needs of the sections although I probably will have to make one or two speeches."

Mr. Roosevelt waved away a ques. (See GARNER, Page 6)

NEW YORK, Aug. 15. (AP)—Stocks bulged up rather impressively again today although the turnover was the smallest for a full session in nearly two weeks. Several prominent issues gained two to more than five points. The closing tone was strong and transfers were close to 2,000,000 shares.

AUSTIN, Aug. 15. (AP)—The Texas supreme court today dismissed without answer a question certified to it whether the Texas democratic party was within its rights in excluding negroes from participating in its primaries.

RIO DE JANEIRO, Aug. 15. (AP)—Eleven rebels were killed today in a battle with federal troops in the Sao Paulo front, in which the rebels failed to retake the Parana river port of Taboado. The port, which is in western Sao Paulo state, was occupied yesterday by the federals, an official statement said.

MIAMI, Fla., Aug. 15. (AP)—Evidence was completed today in the case of Capt. W. N. Lancaster charged with the murder of Haden Gueller, after the young writer replaced him in the affection of Mrs. M. Keith-Miller, Australian aviator.

Arguments were opened immediately with no stipulated time limit for attorneys' addresses.

AUSTIN, Aug. 15. (AP)—The Texas Railroad Commission today set the per well production in the East Texas oil field during the next 15-day period at 43 barrels per day.

HOUSTON, Aug. 15. (AP)—A reporter for the Houston Chronicle today telephoned here from Angleton that between \$5,000 and \$10,000 worth of food should be sent there immediately. He also said at least three more nurses were needed there.

John J. Osborne of White Deer was a Pampa visitor Saturday night.

Dynamite Is Removed Here at Midnight

Timed Machine Found Late Yesterday And Is Rendered Harmless By Jimmie King, Nitro Expert

Sheriff Lon L. Blanscet and his deputies, assisted by Jimmie King, last midnight removed a timed dynamite bomb from the roof of the Rex theater here.

The bomb was timed to explode at 3 a. m., but was discovered several hours earlier and the news suppressed to prevent assembling of a crowd during removal. As it was, traffic was halted in the vicinity of the theater while King, taking his life in his hands, approached the bomb, cut its wiring and removed the timing watch and radio "C" battery placed to detonate the 15-stick charge.

The package containing the dynamite, about 8 by 14 inches in size, was damp, indicating that the machine was in placed Sunday night. It may have been timed to explode Sunday, for the watch had stopped without detonating the charge. The theaters were inspected following the blasting of the projection booth of the Rex theater in Borger Saturday morning at 3 o'clock, and at intervals since that time. Last night armed guards were placed at each local theater.

The placing of the bomb here was over the projection room so that the explosion would have demolished the projection machines but, not being confined, probably would have done no other extensive damage. The dynamite was 60 per cent.

A new, cheap Ingersoll watch had been wired so that the hour hand would make a 12-hour revolution and strike a wire peg in the face. The method is well known, but difficulty of removing the bomb was caused by the fact that the bottom of the watch looked like the bottom of a jar, giving rise to the belief that chemicals might be present, making a jar dangerous. Mr. King quickly saw the wiring, however, and in a very short time announced that "the baby is born."

King has had experience in "shooting" oil wells, and when the bomb was discovered he was consulted as the best way to remove it.

In the Borger blasting, the charge was lowered through a ventilator into the projection room, but the arrangement of the local theater is such that this could not be done. Similar bombings at Lubbock was linked with a labor dispute, but no trouble of this nature has developed at Borger and Pampa, although the theaters are all owned by the Griffith Amusement company. An investigation is under way.

Policeman Who Shot Veteran Is Killed By Negro

WASHINGTON, Aug. 15. (AP)—Detectives decided early today that chance and nothing else last night sent George Sinaut, policeman slayer of a bonus marcher, to his death.

Sinaut, exonerated by a coroner's jury for shooting William Hushka, Chicago veteran, in the rioting July 28, was cruising about the capital last night in a scout car when there came radio orders to go to the third block on F street, Northwest, to stop a fight. Soon after arriving there he fell over dead with two pistol bullet wounds in his chest.

The killing was in a negro neighborhood, just a few blocks from where Sinaut shot Hushka when veterans, hurling bricks, advanced on him.

ELDERLY MAN SHOT

FREDERICKSBURG, Aug. 15. (AP)—Gottlieb Bauer, 79-year-old farmer, was found shot to death at his home today. A coroner's verdict of suicide was returned. He was survived by his widow and four children.

F. J. Jeannette of Skellytown

spent yesterday in Pampa.

Hair Will Speak For Ferguson In Pampa Tomorrow

Jim Hair, state speaker for Mrs. Miriam A. (Ma) Ferguson, will speak on behalf of her candidacy for governor at 8:15 o'clock tomorrow night at the court house, according to word received this morning from R. P. Bomer and Lee P. Flerson of Amarillo. Mr. Flerson is Panhandle manager for Mrs. Ferguson.

COUNTY AUDITOR DIES

VERNON, Aug. 15. (AP)—E. L. McHugh, 63, county auditor since 1923, died suddenly today. He had served as a Wilbarger county official in various capacities for more than 40 years.

Mrs. F. L. Stallings, 614 N. West street, underwent an operation yesterday at the Worley hospital.

Anonymous Letters Will Not Be Printed

The NEWS cannot consider for publication anonymous letters addressed to its public forum column. Names will be withheld if desired, but they must be signed in the signature of the writer and will be filed for reference or public inspection.

The Dallas Morning NEWS regulations, printed here, are typical of rules imposed by reputable papers.

ILLINOIS COUNTY WILL STOP INVASION OF STRIKING MINERS

TAYLORVILLE, Ill., Aug. 15. (AP)—A Christian county resembled an armed camp today as 1,500 men, deputized by Sheriff Charles Wienke, barricaded every road leading into the county to prevent a threatened "march on Taylorville" by striking Illinois coal miners.

CAPTAINS WARNED

NEW ORLEANS, Aug. 15. (AP)—Vessels were warned today by the hydrographic office to use caution in approaching Galveston and vicinity as it was probable that many markers and aids to navigation had been moved or destroyed by the recent storm.

ILLINOIS COUNTY WILL STOP INVASION OF STRIKING MINERS

A faction of the union coal diggers, dissatisfied with the \$5 daily scale recently declared in effect by state mine officials, has threatened to invade Christian county to stop 2,000 miners who returned to work at the new scale.

The dissatisfied miners, meeting at Benid last night, called for a state-wide strike against the new scale. They also voted to hold a state convention at which they will seek to repudiate the leadership of John L. Lewis, international president of the United Mine Workers of America, and John H. Walker, president of the Illinois district.

Telephone 666 and 667. NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should.

FOLLY OF WEALTH

The oddest news stories that ever get into the papers, perhaps, are those which tell about misers. A new version of this old type of story appeared not long ago when Chicago courts investigated the affairs of an aged rag picker who had just died.

This rag picker, who worked at the very bottom of the scale and lived in a one-room flat, had an estate worth more than \$1,000,000—not on paper, but in actual cash and government bonds.

Stories of this kind aren't exactly rare; and they always set one musing about the peculiar way in which the human mind can work occasionally.

Any man of ordinary intelligence knows perfectly well that money, by itself, isn't worth anything. It is of value only because of the things it will buy.

The man who piles up a fortune because he wants those things—because he realizes that wealth is only a means to an end—knows what he is doing.

But what are we to think of the man who rolls up an enormous bank account but refuses to take advantage of it—the man who is rich but who persists in living under the handicap of poverty?

A man like that is more to be pitied than the penniless vagrant. He has failed to glimpse the real meaning of life.

(Continued from page 1)

and long hair, shocked his seniors with impudent suggestions, and with his brilliant oratory blazed his way to wide popularity in Texas, a senatorship, and rank as one of the most conspicuous and influential democrats at Washington during the administrations of McKinley, Roosevelt, and Taft.

trine of Jeffersonian democracy.

Led Opposition.

Bailey's theories led him to strongly oppose the protective tariff, national prohibition, and woman suffrage, and to attract a great deal of enmity on these grounds.

Quite a Critic.

Bailey's enemies remember him as a carping critic. Legal students regard him as a very able constitutional

lawyer. The nation as a whole best remembers him as a great orator. Mr. Acheson says that "The keystone in his political creed was a belief in the system of dual sovereignty around which the constitution of the United States was formed.

Mr. Hoover is, in his own opinion, still the super-man, believes the Vernon RECORD, quoting the president: "Two courses were open. We might have done nothing. Instead, we met the situation with proposals to private business the congress of the most gigantic program of economic defense and counter-attack ever evolved in the history of the republic.

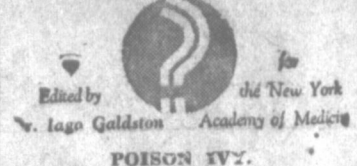

And Don Quixote tilted with windmills!

Delayed justice ordinarily is condemned, but we probably won't hear much complaint out of Mr. Roosevelt if the Walker decision is delayed until after the general election.

The farmer, who gets more sympathy and less help from the government than anybody else, is more resourceful than generally imagined. Statistics show the farmer pays back money borrowed from the government much more rapidly than the city business men who get such aid.

Somewhat Humbled? The Claude NEWS says Mr. Sterling must think as millionaires think because he worked 20 years to make

HOW'S your HEALTH

POISON IVY. Poison ivy is a general name given to an inflammation of the skin, due to contact with certain plants whose resins irritate the skin. A classical example of this type of plant is poison ivy. There are many other plants, however, that may produce the irritation.

Associated with this skin irritation may be headache, a rise in temperature, acute intestinal upset and general but indefinite feeling of illness. The prevention of poison ivy, of course, depends primarily upon avoiding contact with the plant.

Schleicher, May Be New Chancellor

BERLIN, Aug. 15. (AP)—A possibility that General Kurt von Schleicher, the affable soldier-junker who is minister of defense and the recognized power in the present cabinet, might be Germany's new chancellor appeared today.

BOGUS PLANT SEIZED

LUFKIN, Aug. 15. (AP)—The passing of two counterfeit \$20 bills at stores here had resulted today in the arrest of a man and a woman and the confiscation of a plant where bogus money apparently had been printed.

POLICY OF POLITICAL ACTION TO BE FRAMED FOR W. C. T. U.

SEATTLE, Aug. 15. (AP)—Organization of an informal committee by leaders of the Women's Christian Temperance Union, in convention here, to develop a "policy of political action" indicated today that although unable to endorse either of the two major presidential candidates the union would not remain idle while the forces of prohibition repeal seek victory.

The "political action" committee is composed of two Republicans, three Democrats and Mrs. D. Leigh Colvin of New York City, a member of the newly formed law preservation party in New York state. The Republicans are Mrs. Ella A. Boole of Brooklyn, N. Y., national president, and Mrs. Ida B. Wise Smith, vice-president, of Des Moines, Iowa. The Democrats are Mrs. Nelle Burger of Springfield, Mo., Mrs. Minnie Welch of Chattanooga, Tenn., and Mrs. Mary Harris Arner of Atlanta.

The strategy discussed by the committee would call for election of drys to Congress with the understanding they would seek to prevent passage of any resolutions to repeal or weaken national prohibition. However, should such resolutions pass Congress, then the committee believes an attempt should be made to see that state legislatures, rather than state conventions, act upon the proposed charges, feeling that conventions might be stampeded.

A telegram from Commander Evangeline Booth of the Salvation Army to the union convention, assured the union of the army's support in its stand against either the Republican or Democratic liquor planks.

Arthur M. Barnhart, chairman of the Illinois Conference of Dry Organizations, told the delegates President Herbert Hoover "morally, if not legally, has abdicated his right to hold the office" chief executive in the United States; the president has backed down at a moment when every prohibitionist must fight more firmly than ever for the cause of temperance.

WASHINGTON, Aug. 15. (AP)—While wet and dry organizations work to elect this fall members of Congress who will represent their

CHRISTIAN SCIENCE CHURCHES

"Soul" was the lesson-sermon subject in the Churches of Christ, Eccl., Sunday, August 14. The golden text was from Hebrews 10:38, 39: "Now the just shall live by faith; but if any man draw back, my soul shall have no pleasure in him. But we are not of them who draw back unto perdition; but of them that believe to the saving of the soul."

The service also included the following from "Science and Health with Key to the Scriptures," by Mary Baker Eddy (p. 259): "The evidence of the existence of Spirit, Soul, is palpable only to spiritual sense, and is not apparent to the material senses, which cognize only that which is the opposite of Spirit."

views, Attorney General Mitchell intends there shall be no relaxation in federal prohibition enforcement. The cabinet member dispatched a circular to departmental chiefs carrying these orders. He said the department had received suggestions from "those who should know our collector calls" for some changes in the prohibition system are under discussion and may be adopted, the department of justice should relax its efforts to enforce the existing laws.

Mitchell's memorandum adds that a federal easing up "without substitution of any lawful state control would produce chaos and orgy of uncontrolled excesses."

CHARITY BENEFITS AS PHILLIPS 66 OF BORGER WINS

LOOSE GAME PRODUCES HITS -- MANY ERRORS

LOCAL LIONS CLUB HAS CHARGE OF SUNDAY CONTEST

It was all for charity's sake—the barrage of hits, runs, errors, and occasional feats of brilliance in the Sunday baseball game here between a Phillips 66 team of Berger and a local Phillips 66 outfit. Both teams were assembled hurriedly for the game. The score was 12 to 9.

Freshour went the route for the locals, but his support was erratic from the first inning. Balls were bobbled or misjudged in particularly every inning and as a result Berger got 21 hits, five of them for extra bases. Bozeman caught a nice game, but his hitting was off yesterday.

Shriver did the big hitting for the Pampa 66 with a home run, double, and single in four trips to the plate, but his fielding was erratic. Warren and Newsome each got two hits, one of Warren's going for a home run. Jimmie Coburn, pinch hitting for Caddy, hit a triple on his first trip to the plate. Cahill and Bozeman each got three bases on easy outs when the fielders misjudged the ball.

Pitcher Haddock of Berger was the slinger of the game with four clean hits, one a double. Holland, Emery, and Collard each collected three safe blows. With the exception of Lindsey, catcher, every man on the Berger team crossed the plate twice. Holland hit two triples, Nelson a triple, Emery a double, and Emery got a double for the extra base blows.

The Berger infield played nice ball most of the game. The fielders were getting nice hops. The outfield failed to show up to expectations.

The game was sponsored by the Pampa Lions club with Roy Bourland, Ben Williams, and R. J. Hagen in charge.

Score by innings: **B** **E**
 Berger 403 032 140—17 21 4
 Pampa 021 216 300—12 9 6
 Batteries—Berger: Haddock and Lindsey; Pampa: Freshour and Bozeman. Umpires—Story and Ruddy.

Italy Is Nearest Rival To Yankees

LOS ANGELES, Aug. 15. (AP)—The athletes forces of the United States emerged today from 16 days of unprecedented Olympic competition with the greatest collection of victories gained in this quadrennial carnival in at least 20 years.

They won no less than eight of the 17 competitions where, officially, team championships were involved. Italy, with three titles, was the nearest rival.

The Americans ran away with the track and field for both men and women and came down the stretch to add the chief prize of rowing and boxing. They yielded the supremacy in men's swimming for the first time, to Japan's spectacular young team but American mermaids continued their unbroken succession of team triumphs.

All sections of the United States contributed to theousting. Track and field stars of the American midlands, including the great Jim Bausch of Kansas, world record buster in the decaathlon; Eddie Toland of Detroit, the double sprint king; and Bill Carr of Arkansas, covering used much to the sweeping victories of an American team that captured 11 out of 23 men's events.

Texas sent the redoubtable Babe Didrikson, double winner and world record breaker in women's track and field sports, while the Pacific northwest contributed Helene Madison, only double winner of the swimming battle. Eastern stalwarts like Leo Sexton and John Anderson asserted their supremacy in the weight tossing duels, besides the contribution of Philadelphia's earnestly to the nation's rowing triumph. The south's Eddie Flynn of New Orleans gave a skillful boxing exhibition that helped add another team victory to the big list.

As a climax California's unbeaten crew came along to beat off Italy's remarkable challenge and make safe another long-cherished item of American supremacy. It was only by the fleeting margin of one-fifth of a second the Americans won the big boat race, with Canada and Great Britain a close third and fourth, but it was enough to keep intact their own and their country's undefeated record of this competition.

MILK WAGON SILENCED

MINNEAPOLIS, Aug. 15. (AP)—Minnesota residents now can get their milk and have their sleep at the same time.

Heretofore early morning milk wagons awakened light sleepers. Now all will be changed.

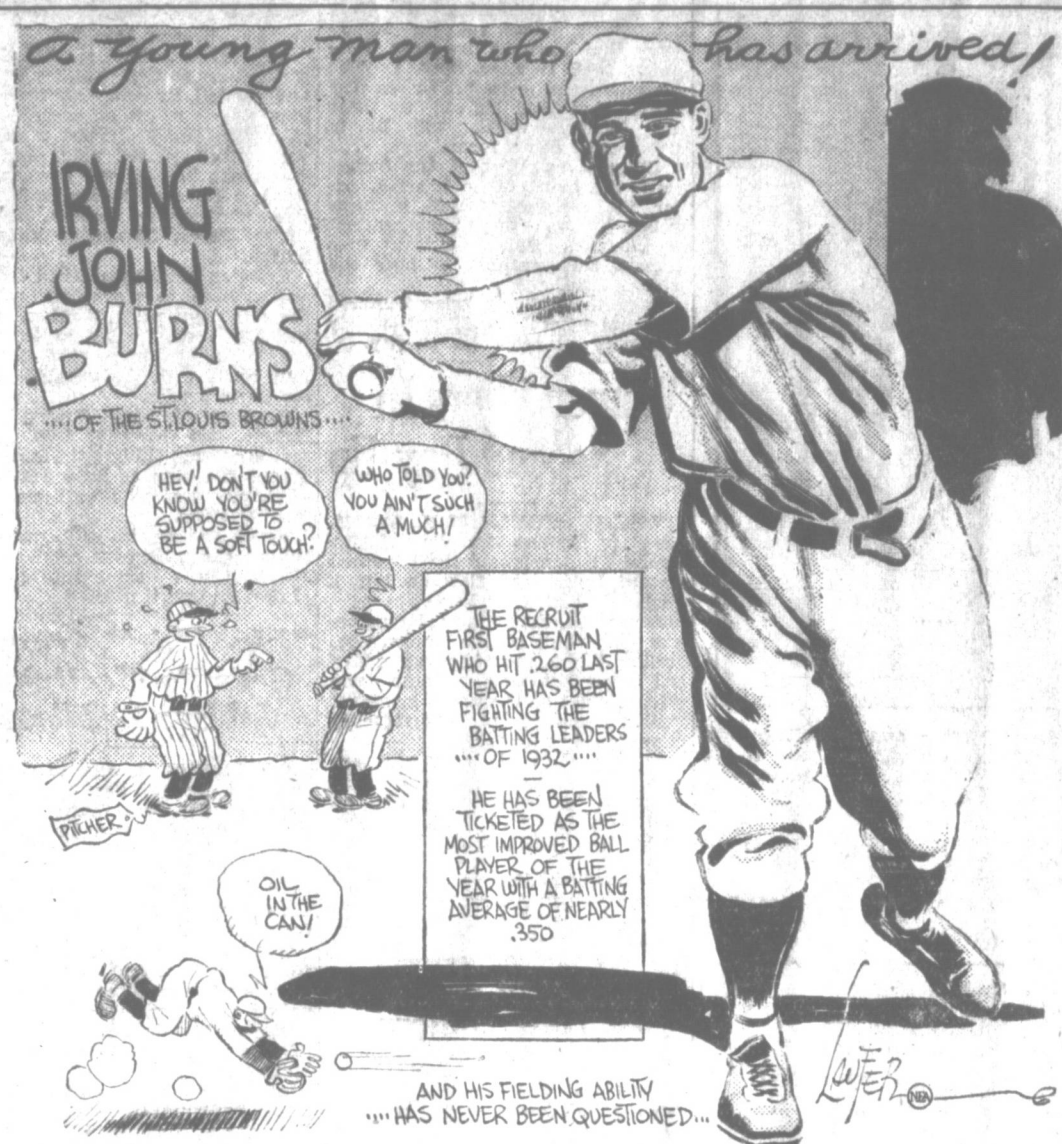

Milk companies are "silencing" (as they may) steel tire wagons with pneumatic tires and hoses (are being shod with rubber shoes. Some firms even are equipping their drivers with rubber lined bottle carriers.

A spring board for divers, adjustable as to resiliency to suit each user's weight, has been invented by a San Francisco swimmer.

About one fourth of the population of Argentina is of European origin.

BRUSHING UP ON SPORTS

By LAUFER

CARLETON AND DEAN IN PAIR OF TRIUMPHS

ST. LOUIS, Aug. 15. (AP)—Two Texans, both rookie pitchers, were heroes of the hour to baseball fans of St. Louis today.

Tex Carleton and Dizzy Dean, both from the Lone Star State, hurled the Cardinals to victories over the league-leading Chicago Cubs yesterday in a doubleheader to give their team one of its outstanding triumphs of the season.

Carleton blanked the Cubs in the first game, allowing seven hits, to win 2 to 0, and Dean held them to six hits in the second contest, which went ten innings, for a 2-1 victory. He struck out six men in a row, just one short of the world record.

American Boxing Team In Victory

LOS ANGELES, Aug. 15. (AP)—The United States regained the team title from Italy and eight new champions were crowned in 1932 Olympic boxing contests.

Two individual and three three places enabled the host nation to regain the top position it held in 1920 and 1924 while the Italians, with two defeated finalists, tallied only four points.

Next, after America's nine points, came Argentina with eight, having two title holders and a defeated finalist. Trailing were South Africa, Germany, Italy, Canada, Hungary, Mexico, Finland, Philippines and Denmark.

The United States standard was raised mainly through the efforts of Eddie Flynn of New Orleans and Carmen Barth of Cleveland, winners of the welterweight and middleweight crowns respectively.

There was only one knockout in the 80 bouts.

The 1932 Olympic champions: 112 Pounds—Stephen Enekes, 21 years old, Budapest, Hungary, railroad conductor. 118 Pounds—Horace Gwynne, 19, Toronto, Canada. Race horse trainer. 126 Pounds—Carmelo Robledo, 22, Buenos Aires, Argentina. Office clerk. 135 Pounds—Lawrence Stevens, 20, Johannesburg, South Africa. Mechanic. 147 Pounds—Eddie Flynn, 20, New Orleans. Dental student, Loyola university. 160 Pounds—Carmen Barth, 19, Cleveland, Ohio. Automobile mechanic. 175 Pounds—David Carstens, 18, Johannesburg, South Africa. Diamond cutter. Heavyweight—Santiago Lovell, 20, Buenos Aires, Argentina. Factory timekeeper.

NAVAL SCOUTS GET ORDER ON WAY TO LOSE

WASHINGTON, Aug. 15. (AP)—The boys who sail with the navy's scouting force cruisers have a new ten commandments telling them to make fair play and clean tactics the rule in athletics contests.

The commandments, promulgated in an order by Rear Admiral W. H. Standley, commander of the force: "Consider all athletic opponents as guests and treat them as such. Accept all decisions of officials without protest. Never hiss or boo a player or official. Never utter abusive or irritating remarks from the sidelines. Applaud opponents for good plays and good sportsmanship. Never rattle an opposing player. Seek to win by fair means only. Love sport for the game's sake and not for what a victory may bring. Apply the Golden Rule. Win without boasting and lose without excuse."

Helene Madison May Enter Movies

LOS ANGELES, Aug. 15. (AP)—Ray Daughters, coach of Helene Madison, the double Olympic champion who admitted to the Associated Press that she might turn film actress, believes his 19-year-old protege is all through shattering swimming marks.

"The girl worked with only one thought in mind the last year—the Olympic games. Now that it is all over the let-down will be terrific and I don't believe she can ever muster the ambition or interest to make any more records.

"Helene had hoped to break every free style mark in the book but she fell five short. She will never get them."

Miss Madison has captured all 16 of the world's free style records, 60 of the 65 American marks and both the 100-meter and 400-meter Olympic championships.

Michigan is growing 40,000,000 pine seedlings for reforestation of areas in the northern part of the state.

NATIONAL HAS BUT 6 WEEKS TO UNTANGLE

CUBS LOSE GROUND IN DROPPING PAIR TO CARDS

By HERBERT W. BARBER, Associated Press Sports Writer.

The eight clubs of the National League, with the end of the season only six weeks away, are so closely bunched that an attempt to pick the winner could be classed as suicide.

Chicago's Cubs still lead the parade but their margin over the Pittsburgh Pirates is only half a game with the Brooklyn Dodgers another game and a half to the bad. The Phillies, Boston Braves, and St. Louis Cardinals follow at such brief intervals that the Cardinals are only six games out of first place.

The Cubs lost valuable ground yesterday as they surrendered two games to the Cardinals, 2-0 and 2-1 in 10 innings. Tex Carleton spaced seven Cub batters in the opener and Dizzy Dean gave up only six in the nightcap and struck out eight men, six in a row.

Brooklyn marked time by splitting two games with the New York Giants, winning the first 2-1 in 10 innings and dropping the second, 3-4. John J. Reardon set up a new major league record when he clouted a home run in a pinch-hitter's role for the fourth time this season. Frederick's homer coming with two out in the ninth frame of the first game, tied the score and the Dodgers then won the battle in the next frame. The Giants mated three Dodger pitchers for 13 hits to win the second game.

The Cincinnati Reds, in last place, defeated the Boston Braves twice, 3-1 and 9-3, getting excellent pitching from Red Lucas and St. Johnson.

The New York Yankees stretched their American league lead to nine games by whipping Washington 5-4. Lefty Gomez won his 20th victory of the season although he was knocked out of the box in the ninth when a Senator rally fell one run short of tying the score.

The Philadelphia Athletics clubbed out a 6-1 victory over the Boston Red Sox in the first game, as Jimmie Foxx hit his 43rd homer but Johnny Welch pitched the Sox to a 2-0 shutout in the nightcap, allowing eight scattered hits.

Tom Bridges stopped the Cleveland Indians with five hits and drove in two runs as Detroit won a 3-0 triumph that dropped the Indians another half game behind the Athletics.

The St. Louis Browns won two games from the Chicago White Sox, 5-0 and 9-5.

 Pitching—Gomez, Yankees, 20-6; Weaver, Senators, 18-6.

Stricken Dodgers

Considering the ball club he directs, Max Carey has been doing more than just fair in Brooklyn. The aging Mr. Vance lately has been suffering one ailment after another. Left-hander Watson Clark is stricken by frequent nose bleed. Ray Phelps has been trying to wiggle through the season with considerable fat around the mid-section and first nine innings of pitching a most irksome task. Beyond the fact that Mungo is uncertain and Thurston is given to erratic interludes, the Brooklyn club has a rattling good pitching staff.

Little Fellows.

A number of gentlemen of halving proportions are doing some pretty good days' work in the majors. The runt, Joe Sewell, has been having a great season at third for the Yankees. The two Waners are very helpful at Pittsburgh. Bantam-weight Joe Moore is one of the heaviest hitters in the line-up of the Giants. Tony Frietas, a tiny southpaw, has stepped right out of the Coast league to the Athletics—and seems to be proving that he belongs. And scouts passed up Tony

BEAUMONT ON HIGHER GROUND AFTER WINNING

DALLAS RESUMES FINE WORK BACK AT HOME

By The Associated Press.

The Texas league saw two shake-ups yesterday when Beaumont gained a full game lead over Dallas for first place by winning a doubleheader from the last place San Antonio team while Dallas could win only one game, and Longview, near Wichita Falls, bumped Tyler, formerly Shreveport, into the second division.

Beaumont encountered but slight difficulty in downing the lowly Indians, 5-2 and 11-1, the big scoring event being limited to seven innings. Paul Easterling helped considerably in the after piece by cracking out two homers.

Dallas, a washout, as a road team, came home to its own pasture and made it 19 out of 20 home town victories by downing Fort Worth 6-0 behind the superb left-hand throwing of Oscar Pugh.

The aftermath of the Gulf storm rained out the Galveston-Houston encounter at the canal city.

Tot Pressnell held Tyler to seven hits while Longview got eleven off Nicholas to beat Tyler, 6 to 1. Longview scored five runs in the sixth to salt the game away.

The big series starts today at Dallas between the Steers and Beaumont. In their last series at Dallas, Beaumont lost two straight and then Dallas lost two straight at Beaumont. Should either club get a two-game lead in the current series, it will be of material help in winning the second half pennant.

SNAKE CAUSES DISASTER

BOMBAY, Aug. 15. (AP)—The fear of snakes, which is deep-rooted in India, was responsible for the drowning of more than 100 Indian ferryboat passengers near Kolhapur today.

A snake sprang from a floating log in the swollen river and landed on the boat's deck, among the passengers. Horrified, they all dashed to one side turning the ferry over.

Part of the crew and 120 passengers reached shore.

The Faithful Cheat

BY RUBY M. AYRES

SYNOPSIS: *Sandra Kent and John Anderson, until together for the first time, find that Sandra has secretly married Mark Merriman, whom Sandra has loved since childhood. Sandra expects to keep Mark, who has been ill, happy and secure on the ranch. John's honorable attitude toward her strengthens her purpose.*

Chapter 31

BEATRICE MAKES TROUBLE

"You haven't made a muddle of your life," Sandra told John, "you've got everything you can possibly want."

He let that pass, and after a moment she broke out again.

"I don't know why you bother about us at all. We're not your responsibility."

"I naturally feel an interest in Merriman, seeing that I sent him out. I want to do the best I can for him."

Her mouth quivered, but she answered bitterly. "I'm sure I am very grateful to you on his behalf."

He leaned his arms on the table looking across at her with steady eyes.

"Sandra, why will you persist in hurting me so? Can't you—can't we both think a little of the poor fellow who is counting the moments till he sees you again. Don't let's be cowardly."

Her eyes flashed angrily. "I don't know why you say 'we,' it's nothing to do with you. I don't want you to carry my troubles, and anyway I am a coward! It's the way I've been brought up. I suppose, it's all very well for you to talk. You're free—but I wonder how you would like to be me—tied hand and foot to someone you don't care for?"

"Don't you think I've experienced it? But I always tried not to forget that it was my own fault."

"I don't see how that helps," she said almost sullenly; she pushed back her chair and rose as Mrs. Merriman came hurrying back to them. "If she asks any more questions I shall scream," Sandra said half hysterically.

Mrs. Merriman was flushed and excited; the boat was sighted, she said to Anderson in a trembling voice. She ignored Sandra. She sped away, a pathetic, anxious figure, and Sandra and Anderson looked at one another silently.

"How she hates me!" Sandra said. "Well, I don't care!" She picked up her coat. "I suppose we must go—" but when he moved she spoke his name, "John!"

"Yes."

"If I can't bear it—if I haven't got the courage?"

"You will have."

She laughed miserably. You say that because you don't want me any more, I suppose—she said fiercely. "I suppose you'll marry somebody else and forget all about me."

Anderson said nothing but his face twisted into lines of pain. She made a half movement towards him, then checked herself and together they went out again into the rain.

"All I can say is that you could have knocked me down with a feather," Beatrice Taylor said emphatically. She stirred theiced drink before her slowly, her sharp eyes on Stephen Cassidy's face.

Beatrice did not like Cass, but there were occasions when she found him useful because he knew all the titbits of scandal which added so greatly to her interest in life.

She had run into Cass in a restaurant, and had invited herself to aniced drink.

Cass looked a little uncomfortable; he was afraid of Beatrice, she had a disagreeable knack of making him say more than he intended to. He had tried to steer the conversation in ordinary channels, but she had skillfully led it round to the only subject that was interesting her at the moment—Sandra's marriage.

"You could have knocked me down with a feather—" she said again, lifting the long spoon from the glass and sipping the cool drink.

"I always thought that Sandra was waiting for Mr. Anderson to get his freedom—we all thought so! and then—directly his wife conveniently died Sandra throws a thunderbolt amongst us and says she is Mark Merriman's wife." She

looked at Cass searchingly. "I suppose it is the truth?"

Cass fidgeted; he was not at all a subtle man, and he did not know how to fence.

"I suppose so," he said helplessly. "I was a bit surprised myself, I must admit, but these you are—it's Sandra's own business and Merriman's a decent fellow."

"And he is so terribly ill," Beatrice said with exaggerated sorrow. "They say it will be months before he is fit and well again—if ever he is."

Cass made an elaborate business of lighting a cigarette.

"Oh, he'll get all right again," he said cheerfully. "He's young and as strong as a horse. People don't die so easily."

"They never die when they're expected to," Beatrice answered.

He looked at her suspiciously. "What does that mean?" he asked bluntly.

She smiled and looked at herself in a little mirror which she took from her hand-bag.

"Well, between you and me and the door-post, Sandra made a mistake when she married him. Of course I know you won't let it go any further or I shouldn't be telling you, but she was down at the shore in Mr. Anderson's house there, only a week or two before poor Mark came home."

"Well?" Cass said bluntly. "John often lends his house to friends; why shouldn't Sandra have it?"

"No reason at all, of course, only I don't imagine that he generally stays there at the same time, does he? I looked in one day for a cup of tea when—" she laughed. "They seemed so very happy—at least, we interrupted quite an emotional little scene. Poor darling Sandra was crying."

Cass flushed and stared down at the floor. He wanted to get up and go, but it seemed difficult, and he could think of no adequate excuse.

Beatrice smiled with satisfaction as she noticed his embarrassment. "Don't think I'm blaming Sandra"—she said. "I simply adore Mr. Anderson myself, and it is bad luck, isn't it?"

"That is?" Cass asked bluntly. "That she should have made such a mistake. You see, I'm her best friend, and she does tell me lots of things she wouldn't tell anyone else! They'll be so poor—poor Mark hasn't a cent and unless Mr. Anderson does the sporting thing and goes on giving Sandra an allowance, I simply can't imagine what they'll do."

"Look here—" Cass said, rousing himself with an effort. "I don't think we ought to talk about them like this—it's their own affair after all. And I'm sure Anderson has never given any woman an allowance—not a woman who wasn't his wife, I mean—" he floundered helplessly. "Sandra must have money of her own—can't dress and go about as she does on nothing a year, you know."

Beatrice laughed cruelly.

"My dear man, she hasn't a cent, take it from me. Flora used to give her money when she was living with that dreadful Ben, but I know for a fact that since she went away, supplies have been cut off. Of course I'm full of sympathy for her, but all the same—I mark ever hands out what the true position is."

Cass broke in sharply. "I don't see how he can find out, unless he is told."

Beatrice powdered her nose thoughtfully. "Things always come out, don't you think?" she asked calmly. "Especially things you want kept quiet. It's a nasty little way they have."

Cass fidgeted with his tie; he knew there was a lot of truth in what Beatrice had said, but to his way of thinking it was nobody's business, certainly not hers. A fine sort of "best friend" she was to Sandra, he thought grimly.

"I want to see Merriman yesterday," he said after a moment. "He's in a hospital, you know... Didn't look so bad I thought—a bit thin and white, but the chap's been ill. Always liked Merriman myself."

"I simply love him," Beatrice agreed. "But I can't help seeing that it was a mistake for Sandra to marry him."

(Copyright, 1932, by Ruby M. Ayres)

Sandra tries to adapt herself to being Mark's wife, and to encourage him to get well, in the next installment.

MARKETS AT A GLANCE

New York:

Stocks: Strong; rails lead quiet rally.

Bonds: Firm; rails advance.

Curb: Strong, utilities lead rise.

Foreign Exchanges: Steady.

French franc gains.

Cotton: Higher, trade and New Orleans buying; higher cables.

Sugar: Quiet; steady spot market.

Coffee: Higher; trade buying.

Chicago:

Wheat: Firm; renewed strength stock market; firm close Liverpool.

Corn: Steady; storm damage Texas; steady cash market.

Cattle: Irregular with very little done.

Hogs: About steady.

COTTON IS FIRM

NEW ORLEANS, Aug. 15. (AP)—

Cotton had a firm opening today. Liverpool cables were better than due traders were influenced by advices concerning the damage done by the tropical storm on the Texas coast. First trades showed gains of 7 to 10 points.

Although the stock market opened somewhat firmer, prices soon eased off on the idea that the storm had brought needed rain to many portions of south-central Texas. October, which had opened at \$7.38, dropped to \$7.30 and December traded down to \$7.47, or 3 to 8 points down from the opening highs.

Near the end of the first hour, the market showed a tendency to ease off owing to the rains in Texas. The textile statistics for July, released this morning, were considered quite bullish as sales of cotton goods showed an increase of 57.1 per cent over production.

Cattle, 23,000; calves, 3,000; killing classes opening fully steady; stock weight Colorado steers \$9.25. Steers, good and choice 600-150 lbs. \$6.75-\$8.25; heifers good and choice \$5.80-\$8.50; cows, good and choice \$3.00-4.75; vealers (milk fed), medium to choice \$3.00-6.00; stocker and feeder steers, good and choice \$4.50-7.25.

Sheep, 6,000 lambs active 10-25 higher; yearlings 10-15 up; sheep steady; top Arizona and Kansas lambs \$5.50; best natives \$5.35. Lambs, good and choice 90 lbs. down \$5.00-60; ewes, medium to choice, 150 lbs. down, \$1.00-2.00.

WHEAT IS HIGHER

CHICAGO, Aug. 15. (AP)—Opturns in grain prices here resulted early today from higher wheat quotations at Liverpool and sharp reduction of the amount of wheat on ocean passage. Advances, however, more than wiped out gains. Opening unchanged to 1/4 higher, Chicago wheat futures declined afterward to below Saturday finish. Corn started unchanged to 1/4 up, and later receded all around.

CHICAGO GRAIN

CHICAGO, Aug. 15. (AP)—Wheat, No. 2 red weekly 52 1/2; No. 1 hard 53 1/2; No. 2 hard 53 1/2; No. 1 northern spring 52 1/2-53; No. 2 northern spring 52 1/2-53; No. 2 mixed 52 1/2; corn No. 2 mixed 32 1/2; No. 1 yellow 32 1/2; No. 2 yellow 32 1/2-33; No. 1 white 33; No. 2 white 32 1/2; oats No. 2 mixed 17; No. 2 white 17 1/2-18 1/2; No. 3 white 18 1/2-17 1/2. Wheat closed unsettled, 3/4-1/4 above Saturday's finish, corn 1/4 up, oats at 1/4 decline to 1/4 advance and provisions unchanged to 5 cents higher.

SCHOOL DEAN KILLED

MINNEAPOLIS, Minn., Aug. 15. (AP)—Death from monoxide gas has ended the career of Dean James C. Lawrence, 42, executive assistant to Dr. Lotus D. Coffman, president of the University of Minnesota. He was found dead in a garage at the school last night. He was in the back seat of an automobile, the motor of which was running. A deputy coroner returned a verdict of suicide.

Dean Lawrence's colleagues said he had been worried about his health.

WORRIED? NOT JIMMY AND MRS.

It was an apparently unworried Jimmy Walker and a smiling Mrs. Walker whom the cameraman found, as shown here, at Albany, N. Y., shortly before they went to the state capitol and Walker answered charges seeking his removal as mayor of New York.

GERSHWIN WRITES NEW "RUMBA" FOR PLAYING TOMORROW NIGHT

NEW YORK, Aug. 15. (AP)—Despite the choreography, George Gershwin calls his new "Rumba" an older brother to his 8-year-old "Rhapsody in Blue."

He wrote and orchestrated it in three weeks and it will be played for the first time tomorrow night at the Levittown stadium, when the composer will receive the signal distinction—for a living man—of an entire concert devoted to his works by the Philharmonic Symphony orchestra.

"Rumba" will not be a bigger brother to the rhapsody, Gershwin said, because it is not as long, but it will be older because it will be more experienced and have many elements that were not in "Rhapsody in Blue."

Conceived as a matter of gratitude—"I thought the least I could do for a whole concert was to provide something new"—the piece will be the most modern of all his work. He got the idea from La Prita street in Havana where native musicians play for the patrons of little street cafes. It is called a symphonic overture and scored for full orchestra augmented by native instruments, such as the maracas (a kind of Cuban rattle), Cuban sticks, the gourd and bongo, which is a double tom-tom.

Playing time is about nine minutes. It is based on rhythmic idioms of Cuba and the chief theme, "Sostenuto," is preceded by a lively introduction with typical rhythmic and melodic figures, Gershwin explained.

Because he will play the piano three times during the concert, Gershwin will not conduct the piece. This will be done by Albert Coates, who also will conduct Gershwin's "Second Rhapsody," and "An American in Paris." William Daly, guest conductor, will lead the overture of "Of Thee I Sing," the concerto in F, "Wintergreen for President" and a medley of popular tunes.

Gershwin is 33 years old and looks even younger. He composes and paints in a penthouse apartment on Riverside Drive and finds great satisfaction in both arts.

"It's all a search for perfection," he said. "Sometimes you hit something like perfection. If you are talented you hit it oftener than if you aren't."

He thinks music should be close to nature.

Hijackings Occur Near McLean; Cash And Dresses Taken

Two hijackings east of McLean were reported to officers of the sheriff's department this morning but complete information was lacking. Word from McLean said that two men driving a Ford coupe equipped with a siren stopped a car a few miles east of that city and robbed the driver of \$30 in cash.

Later a traveling salesman was robbed of a sample case containing 12 ladies dresses. He reported that the car came abreast of him with the siren blowing. Two men left the car saying they were highway officers. One man carried a .45 caliber automatic and the other man a Colt, he said.

Officers have a description of the men and car.

THIS CURIOUS WORLD

THE EMPEROR PENGUIN, when not swimming in the open water for food, is content to spend its time on solid ice. Even the nesting takes place on ice, the solitary egg of each pair of penguins being incubated between the legs of the parents. The egg, as soon as it is laid, is transferred to the back of the mother's feet, and covered with the soft feathers of the abdomen. If the baby perishes, the mother insists on helping her neighbors raise their offspring.

JOHN HOWARD PAYNE

AUTHOR OF "HOME, SWEET HOME," WAS REJECTED IN MARRIAGE BY MARY HARDEN BECAUSE HE HAD NO HOME TO OFFER HER.

KATY GERBEN, ANEBRASKA HOLSTEIN COW, GAVE 166,456 POUNDS OF MILK IN HER LIFETIME OF 21 YEARS.

Budget Hearing Is Postponed To September First

The budget hearing of Gray county's finances set for 10 o'clock this morning has been postponed until 10 a. m. Sept. 1. The commissioners met briefly in the county court room.

Citizens may inspect the budget until the date of the hearing. After its adoption, which is compelled by law, the budget cannot be changed. Several citizens were present this morning to hear the budget read.

Interest locally is being centered on the general fund, particularly the part set aside for charity.

Women Fliers In Second Day Up

VALLEY STREAM, N. Y., Aug. 15. (AP)—Mrs. Frances Marsalis and Mrs. Louise Thaden passed the breakfast hazard today and flew on into a realm of heightened hope.

Last week, the young matrons began an assault on the women's record of 122 hours but were brought down after a night aloft when a breakfast bucket lowered from their refueling ship ripped wing fabric.

They went up at 1 p. m., Eastern Standard Time, yesterday. This morning they refueled in the air and then succeeded in grabbing the coffee pail before it did any damage.

At breakfast time today the women had been in the air 20 hours and the way seemed clear for another day of calm sailing.

Boy's Arm Broken At New Underpass

Edward Sowder, 11, suffered a broken arm and sprained ankle when he fell from the girders of the Fort Worth and Denver overhead bridge across Barnes street last night. He was taken to the office of a local physician and x-ray pictures were taken.

He is a son of Mrs. Jesse Sowder, residing at 1225 South Clark street.

The child, with some other boys, was playing around the bridge when he lost his footing and fell to the street 14 feet below. Parents are urged to warn their children to stay away from the railroad tracks, and particularly the underpass.
