## Mayor Jimmie Walker Is Accused of Not Trying to Find Accountant

# TWO KILLED IN OKLAHOMA FLOOD

**Crime Never Pays.**  
Crime never pays in the long run. Texas people will not long tolerate attempts at bomb rule. The bomb smacks of anarchy. It exemplifies dastardly cowardice. It suggests the breakdown of civilized authority. Bombing and kidnaping go hand in hand with thug tactics, racketeering, and high crimes. It is a short step from bombing to murder. Bombing must be stopped at all costs. Bombing will not achieve an end because the means does not justify the end. The public is unafraid and the public must regard bombing as more than an offense against property—it is an offense against democratic government and must be dealt with as is all anarchy.

**Clean Up Pampa.**  
The Lions yard improvement contest is closing. Vast improvement in the number and appearance of Pampa yards has been noted in the two year history of the contest. Pampa's progress toward beauty is something inspiring. Yet withal we have many weeds. Some weeks ago there was a wave of weed-cutting, but the rains have produced a new and luxuriant crop. There are scores of men who are longing for the opportunity of cutting and burning the weeds about the vacant lots and some lots not so vacant.

**Keeping Promises.**  
Job surveys always produce a large number of promises to provide work. Many of these promises are never carried out. Are you one of those who said you would give a man a day's work? Did you do it? If you didn't, or if you have more work that needs attention, call the Welfare office in the city hall and ask that a reliable man be sent to your address. Keep your promise, and if you haven't made one, do right by your jobless neighbor and provide a bit of income for him. He deserves it.

### Doctor's Call Is To Wounded Son

LIDGERWOOD, S. D., Aug. 17. (AP)—Someone called Dr. E. G. Sasse at his office yesterday. "An unidentified boy," he was told, had been found dying from a bullet wound. Dr. Sasse hurried to the scene. There he found his 9-year-old son Wallace, fatally wounded. Apparently the boy had shot himself accidentally while hunting with a target pistol. He died soon after his father's arrival.

### HIS AID NEVER ASKED IN HUNT FOR SHERWOOD

DEFENDANT SAYS HE TOLD POLICE TO HELP

### WITNESS LONG MISSING

MAYOR IS ON STAND VERY BRIEFLY TODAY

EXECUTIVE CHAMBER, Albany, N. Y., Aug. 17. (AP)—A former assistant to Samuel Seabury, testifying at today's session of the Walker oyster hearing, said Chas. Kierrigan, aid to Mayor Walker, told him "I know the mayor did not expect you to find Sherwood." Russell T. Sherwood, missing accountant, handled \$1,000,000 for Mr. Walker, Seabury, counsel to the Hofstadter committee, holds.

The witness, was Jacob Gould Schurman Jr., who conducted the committee's investigation of Walker's financial affairs.

His conversation with Kierrigan, he explained, was a few days before a subpoena was issued for Sherwood. Mr. Walker was in Europe at that time (August, 1931).

On cross-examination, J. P. J. Curtin, chief legal adviser to Mr. Walker, introduced a record of the New York City police department, to show that Schurman advised the department to hold up serving subpoena on Sherwood.

A process server for the committee had found Sherwood in the Hotel Traymore at Atlantic City in September.

"No application for an order for Sherwood was ever made while he was in Atlantic City, was there?" Curtin asked.

"No, because he disappeared from there," replied Schurman.

Curtin's cross-examination was pointed to develop that Mr. Walker's aid was not sought.

Mr. Roosevelt yesterday subjected Walker to a severe examination into his reason for not throwing his influence behind the Sherwood search.

### Tulsa Attorney Shot To Death

TULSA, Okla., Aug. 17. (AP)—J. Earl Smith, 34-year-old Tulsa attorney, was found mysteriously slain alongside his motor car on a side road near the Indian hills Country club today.

There was a bullet hole in his head, another through the top of the car and a third in the windshield. No weapon was found. Smith had been dead about six hours.

Investigators found a woman's handkerchief on the robe-back of the sedan and a suitcase filled with letters and other papers in the tonneau. Rain had obliterated tracks or footprints.

The lawyer was a native of Jackson, Tenn., and a graduate of Cumberland university. He came to Tulsa in 1919 and lived later at Ponca City and Oklahoma City, returning here in 1928. His widow and two children survive.

### PROSECUTOR CLAIMS SLAYING OF LANCASTER WELL PLANNED

MIAMI, Fla., Aug. 17. (AP)—Arguments were concluded at 11:30 a. m. (E. S. T.) today in the trial of Captain W. N. Lancaster for the love triangle shooting of Haden Clarke, who succeeded Lancaster in the affections of Mrs. J. M. Keith-Miller.

The testimony of Lancaster and Mrs. Keith-Miller was "as carefully planned as this man's steps to plan every detail of the murder of Haden Clarke," State's Attorney N. Vernon Hawthorne told the jury in a final demand for Lancaster's conviction.

Enid, Okla., Aug. 17. (AP)—Two women were drowned and a half a dozen persons were reported missing today in flooded waters at Enid and Cherokee.

Maggie McFarland, 47, of Marshall, was swept to her death in Boggy creek a quarter of a mile east of Enid, after a 10.76 inch rain. Two men who tried in vain to rescue her—Andrew Brady and Luther Miller—clung to tree tops for hours before they were saved. An elderly couple living in a low section of Enid was unaccounted for.

### CRISIS NEARED AS STRIKERS BLOCK ROADS

IOWA COUNTY EXPECTS TO STOP BLOCKADING

EXTRA DEPUTIES HIRED

FARM MOVEMENT HAS AROUSED WIDE INTEREST

SIoux CITY, Ia., Aug. 17. (AP)—Orders to break the blockade of picketing farmers in Sioux City's milk strike went out from county authorities today as the controversy apparently approached a crisis.

Statements from officials that the blockade would be broken were made after a deadlock in negotiations between the distributors and producers. The distributors are asking \$2.17 per hundred pounds. The distributors offer \$1.70.

Sheriff John A. Davenport of Sioux City called for sixty special deputies to enforce the anti-blockade order, while Sheriff G. N. Slocum of Union county, S. D., and Sheriff Ralph E. Rippey of Plymouth county, Iowa, also marshalled their forces to escort through the picket lines truckers who have refused to make the attempt in the face of the farmers' determined opposition.

Members of the Milk Producers association said their fight was not connected with the selling strike being waged by farmers in other parts of Iowa and nearby states but it was difficult to distinguish the movements since pickets have been barring the paths of all highway shipping.

Some pickets informed the sheriffs they would allow livestock trucks to enter the city but intended to continue their fight to bar all others. The authorities answered with statements that the blockade would be broken and all trucks would go through.

Meanwhile at Des Moines representatives of midwestern states who attended a meeting to formulate plans for spreading the farm holiday movement of the National Farmers Holiday association returned to their homes prepared to encourage the strike.

Red ants are becoming numerous this season. There are several methods of killing the nuisances but great care must be used as the remedy is a deadly poison.

City Manager C. L. Stine is busy preparing a city budget for 1933. He expects to have the preliminary work finished sometime this week for presentation to the city commission at the next regular meeting.

Every phase of city expense is being taken into consideration in the preparation of the budget, which will be approved by the commission and then placed before the public for study. The budget must be adopted and filed one month before the tax rate is set.

Mr. Stine is using the budget method which was approved at the budget meeting in Lubbock several weeks ago. The meeting was under the auspices of the West Texas chamber of commerce.

Hundreds of rounds of ammunition was stolen from the Western Lumber & Hardware company in McLean last night, according to word received by Sheriff Lon L. Blansett this morning. Entry was made through the rear of the store where a window was broken.

Sheriff Blansett and Harris King of McLean, who visited in Pampa last night, left this morning to investigate the robbery. They advanced the idea that the robbery was committed by some of the prisoners who escaped from the state reformatory at Granite, Okla., Sunday night and who have been reported making their way into Texas.

NEW YORK, Aug. 17. (AP)—James A. Farley, democratic national chairman, emerged from a conference with former Chairman John J. Raskob today announcing that satisfactory arrangement had been made to liquidate the party's debts.

### MAJOR SIMPSON COMING HERE TOMORROW NIGHT FOR SPEECH IN BEHALF OF ROSS STERLING

Fiery Speaker Will Present Real Issues

Major E. A. Simpson of Amarillo, known as one of the smartest and best informed speakers in this section, will make an address here Thursday evening on the issues in the gubernatorial campaign.

Major Simpson, an Amarillo attorney and world war veteran, will be here in the interest of the candidacy of Governor Ross Sterling. He is not unknown to Pampa audiences, having been a familiar figure in district court here, as well as at other gatherings. His speech will begin at 8 p. m. on the east side of the courthouse.

Major Simpson is well known as a fiery and resourceful speaker, with a wide command of facts pertinent to Texas politics. He is expected to cut through the maze of confusing claims and present the true issues of the campaign. His services as a speaker are in much demand, and it has been noticed that "both sides" in the race give him respectful attention.

WASHINGTON, Aug. 17. (AP)—Speaker John N. Garner today conferred with old friends at his office before heading back to his Uvalde, Texas, home to await opening of the campaign in September.

Garner, who arrived from New York late last night after conferring with former Governor Alfred E. Smith yesterday, plans to leave tonight by train for Cincinnati, where he will board an airplane tomorrow morning to fly to San Antonio. From there he will go by automobile to his home.

"I'm going to await orders there," the vice-presidential candidate said when questioned about what speaking engagements were slated for him. He will speak in New Hampshire in September but the date and place has not been made public.

Mr. and Mrs. Zebulon Ingram left yesterday for Henderson where they will make their home. Mr. Ingram has been with the Railroad commission here for the past year.

MIAMI, Fla., Aug. 17. (AP)—The case of Captain W. N. Lancaster on trial for the love triangle slaying of Haden Clarke, was given to a circuit court jury of twelve men today after Judge H. F. Atkinson had read his instructions.

Judge Atkinson told the jurors that to find Lancaster guilty was a result of circumstantial evidence they must find circumstances inconsistent with innocence.

Mr. and Mrs. Chris Baer, Edward Schroeder, William Elder, and Waldo Kretzmeier left this morning to spend their vacation in Kansas.

### CHEROKEE AND ENID HARD HIT DURING NIGHT

SEVERAL ARE MISSING AND MANY ARE RESCUED

WATER FLOODS STORES

TRAINS AND CARS ARE PREVENTED FROM MOVING

ENID, Okla., Aug. 17. (AP)—Two women were drowned and a half a dozen persons were reported missing today in flooded waters at Enid and Cherokee.

Maggie McFarland, 47, of Marshall, was swept to her death in Boggy creek a quarter of a mile east of Enid, after a 10.76 inch rain. Two men who tried in vain to rescue her—Andrew Brady and Luther Miller—clung to tree tops for hours before they were saved. An elderly couple living in a low section of Enid was unaccounted for.

At Cherokee, where all but three square blocks were inundated overnight by 3 1/2 feet of water, Mrs. Sam Cellan, an elderly woman, was drowned in a swift current as she and her husband fled from their home in their nightclothes. Her body was found.

Four others were believed missing in gat Cherokee, where 3 1/2 inches of rain sent Cottonwood creek out of its banks, plunging the city into darkness, washed out bridges and highways, and caused perhaps \$300,000 livestock damage. Two hotels and every store in town were flooded and hundreds were made temporarily homeless.

Water Is Receding. Firemen and police continued to evacuate scores of persons at Enid from flooded homes early today as the water slowly receded.

Hundreds of homes and business houses were flooded. A few small shacks were washed away but occupants were believed to have fled to safety.

More than 40 prisoners were removed from the county jail as flood waters rose five feet deep in the building.

Basements in the business district which had not been flooded since 1919 were filled with water, bringing heavy damage.

Trains were disrupted. The Frisco reported two miles of track out and under water south of Drummond, 14 miles southwest of Enid.

Mrs. Odus Mitchell says she was glad to get back. Little Richard Shields Mitchell also was tickled to get "back home" as he said. The Mitchells arrived home from California yesterday.

Several citizens wondering where the inch of rain was that fell here last night. The Amarillo paper carried a story this morning that Pampa got an inch last night. It sure is needed, and badly at that.

## TWO HIGHWAY PLANS

There is no cause for confusion or misunderstanding regarding the effect of the Ferguson and Sterling plans with respect to the funds of the highway department. Ferguson advocates division of the gasoline tax fund into three equal portions—one-third to the public school, one-third to the general revenue fund, and the remaining third to the highway department.

The first and most serious effect of that division would be this: The one-third given to the highway department, plus the \$4,500,000 from license fees, would make the total for all highway purposes about \$14,500,000. It requires about \$12,000,000 for maintenance purposes, leaving only \$2,500,000 to be used in constructing new roads. That sum is not sufficient to match federal aid on federal-aid projects alone, much less carry on any other building. It would mean the wreck of the building program. If an effort were made to enlarge the building fund by cutting down on maintenance expenditures, the good roads already built would go to ruin, and the graded and graveled roads now kept in a high state of repair would be destroyed.

The one-third of the gasoline tax which Ferguson would put into the general revenue fund would give the legislature a chance to follow its usual course and extravagantly dissipate the funds as it saw fit. The presence of this \$10,000,000 additional in the general revenue fund, even granting that the legislature would not waste it, would not help the small farmer or home owner. Under a constitutional amendment to be voted on in November all homes (including, of course, farms) would be exempt from the state ad valorem tax up to an assessed value of \$3,000. Small home owners, therefore, won't have any state ad valorem to pay, and the presence of the extra \$10,000,000 of gasoline money in the general fund won't concern them at all. It will, however, be a help to the big property owners.

The Sterling plan is to apportion the constitutional one-fourth of the gasoline tax to the school system, use approximately one-fourth to take up and retire county and road district bonds used in building and maintaining a first class system of highways. The Sterling plan offers real relief to the small property owner without impairing the highway program. The amendment exempting small homes from the state ad valorem tax, coupled with the lifting of the burdensome local taxes for road bonds, would provide genuine relief to farmers and home owners.

That, in brief, is an outline of the Ferguson and Sterling plans for the disposition of the gasoline tax money. A comparison of the two should convince any thoughtful citizen that the Sterling plan is preeminently sound and wise, while the Ferguson proposal is full of dangers and faults.—Abilene NEWS.

### More Salesmanship.

State Press, the columnist in the Dallas NEWS, is after us again. He picked out this paragraph to talk a-

bout: "Salesmanship declines in boom periods. It is sadly lacking in the early and middle parts of depressions. Good salesmanship is the best ally of the business leaders who would restore normalcy."

State Press (J. J. Taylor), comments on this as follows:

Here most of the merchant world is scouting the woods and beating the bushes for buyers. Probably the Pampa NEWS is right. What is needed is sellers, the boys with confidence in the product and faith in themselves and the appetites of

the world. But something tells us that The NEWS man has not encountered the persistent succession of electric refrigerator, radio, car, life and fire insurance salesmen who beat their way to our door in sufficient numbers to make us think we must be the manufacturer or the world's greatest mousetrap. Just by way of neighborliness, however, the procession is hereby directed to the Pampa NEWS. Line forms on the right.

Help, help—we did not ask for neighborliness of the sort State Press would inspire. We weren't talking about salesmen of electric refrigerators, radios, insurance, and automobiles. These fellows perch on our desk several hours a day anyway. We were thinking of mass salesmanship, the kind you see in large stores where the rule is largely cash. These installment boys learn their salesmanship by rote and theory and tilting with customers who may already have pledged their incomes for a year or two—or ten—ahead. We are beginning to believe, however, that before long one will be able to sit at his desk and have every want satisfied by the simple custom of signing his name to the dotted line.

Recorded "I Do's". The modern marriage may soon be recorded on talking film for a nominal sum. We don't imagine the mere men in the pictures will be much interested. They might reflect too bitterly on how the sweet, soft little "I do" soon changed to an emphatic "You do (this and that). Not all of the science with which we are possessed can add anything to our peace of mind and memory. Of course, if our household companion reads this she will realize that we speak

## B. E. F. To Combat Bad Propaganda

WASHINGTON, Aug. 17. (AP)—The B. E. F. promised to say something "clearing up all this propaganda" and mentioning the indictment yesterday of three veterans for their parts in rioting on July 28.

Aides at headquarters here said a statement was being prepared discussing the indictments, accusations that communists were responsible for the riot and the charge by Representative Johnson (R., S. D.) that arms and ammunition had been found buried at one of the bonus marchers' camps.

The trial for the three veterans probably will be held in October. All were accused of felonious assault upon policemen. Bernard McCoy, 38, Chicago bricklayer, faced an additional charge of assault with intent to kill.

Government records showed men with names like those indicted served during the world war. McCoy was shown as in the navy from May, 1916, to October, 1919. John O. Olson, 44, Valparaiso, Nebraska, carpenter, was listed as the recipient of a distinguished service medal for "extraordinary heroism in action near Bois de Fontaine, France, May 11, 1928."

Broadus Faulkner, 32, Kentucky negro, record said, served overseas from March 29, 1918, until July 18, 1919. All three were honorably discharged.

## Eight Addresses In Sterling Program

DALLAS, Aug. 17. (AP)—Governor R. S. Sterling continued his campaign for re-election today with eight scheduled addresses on his itinerary which was to carry him into East Texas.

Starting early, he was to speak at Mansfield at 9 a. m.; Arlington, 10 a. m.; Grapevine, 11:30 a. m.; Carrollton, 1:30 p. m.; Richardson, 2:30 p. m.; Plano, 3:30 p. m.; Farmersville, 4:30 p. m.; Sulphur Springs, 8:30 p. m.

A swing through West Texas was closed with an address at Denton last night.

Herman Rosenstein of Los Angeles was in Pampa yesterday.

## Red Cross Helps Rebuild In Storm Area On Coast

HOUSTON, Aug. 17. (AP)—The work of rehabilitating the hurricane area of southern coastal Texas began today under the leadership of the American Red Cross while the list of dead in the storm, which struck last Saturday, stood at 39.

Already in Freeport, West Columbia and Angleton, the three Brazoria county towns devastated, men had taken heart again and were busily engaged in building up the ruins left by Saturday night's storm.

At the town of Brazoria, however, Frank Harris, banker, and others, declared the citizens "desperately hungry" and without food, save for private supplies owned by a few families and a sufficiency of flour, sent by the Red Cross.

Miss Edith Miller, representative of the Red Cross, expressed some surprise at the gravity of the situation in Brazoria as reported by Harris, saying she had been advised by field workers the immediate problem of providing food, shelter and medical attention had been adequately met by local relief organizations.

She directed that a further investigation of the situation be made in Brazoria today and promised immediate action if found necessary.

West Columbia, Angleton and Freeport reported sufficient supplies to last for the time being.

Meanwhile, three of Miss Miller's colleagues were in the hurricane area today to set in motion in the machinery for permanent rehabilitation—perhaps the most ultimate of the most pressing problem born of the storm, due to the fact more than 1,000 persons as estimated by local relief chairmen in the various localities, had lost their means of livelihood, many through the destruction of crops.

The first job for the Red Cross will be the setting up of stations for registering the victims and for determining the exact nature of their needs.

## Corporation Loans Will Be Reduced

WASHINGTON, Aug. 17. (AP)—Contrary to the expectation of President Hoover, the clerk of the house intends to make public the details of loans made by the reconstruction finance corporation since July 1.

The corporation's first report on the loans is due to be submitted to congress this week. South Trimble, house clerk, has written an eight-page brief giving his reasons for interpreting the relief law as making publicity mandatory.

Trimble feels, as do Speaker Garner and Representative Rainey, democratic leader, that he has no choice. He disagrees that further congressional action is necessary.

The publicity provision of the relief bill into a snarl that threatened to prevent adjournment. At the insistence of Garner and Rainey the measure included instructions that monthly reports of loans should be transmitted to the clerk of the house and the secretary of the senate.

## Excursion Steamer Is Badly Damaged

LOUISVILLE, Ky., Aug. 17. (AP)—The excursion steamer City of Memphis struck a rock and almost sank in the Ohio river here last night with 748 excursionists from New Albany, Ind., and the crew of 33 aboard. All were landed safely as the crippled craft limped to the Kentucky shore, her hull torn open and her stern half submerged.

Only the prompt action of the boat's officers averted a panic. As the steamer smashed her hull against a rock near a dam, the officers ordered orchestra to keep playing and the callope broke forth with a lively tune.

Harris King of McLean visited here yesterday and this morning.

## "Wild Bill" Wants To Be Governor

BUFFALO, N. Y., Aug. 17. (AP)—Col. William J. Donovan, who got the nickname "Wild Bill" in the world war, was ready today for another kind of campaign. He is seeking the republican nomination for governor. He tossed his hat into the ring last night.

Donovan, who commanded the old "fighting 688th" in the war, won the congressional medal of honor, the distinguished cross and other decorations. He served as assistant attorney general under President Coolidge and achieved wide publicity for his "trust busting" activities.

F. Trubee Davison, assistant secretary of war in President Hoover's cabinet, and Speaker Joseph A. McGinnis of the state assembly already have entered the contest, which will be decided at the state convention next month, and former United States Senator James W. Wadsworth and Mayor Rolland B. Marvin of Syracuse have been mentioned as possible contestants.

## Lindbergh Asks Less Publicity

ENGLEWOOD, N. J., Aug. 17. (AP)—In an atmosphere of quiet and peace, the new son of Col. and Mrs. Charles A. Lindbergh began his second day of life today.

In deference to the wishes of Col. Lindbergh, who said in a statement last night he desired as little publicity attention as possible centered on the baby born yesterday, the family was left in seclusion.

Friends seemed agreed that the baby would probably be named after his famous grandfather, the late Senator Dwight Morrow. No statement was forthcoming but the health of mother and child was believed to be good.

There was no official confirmation of a report that the Lindberghs planned to move soon to the mansion on Southland mountain from which their first child, the late Charles A. Lindbergh, Jr., was kidnaped.

In his statement last night Lindbergh said he and his wife "feel that our children have a right to grow up normally with other children."

"continued publicity," he said, "will make this impossible."

## Junior Baseball Team In Victory Over Cabot Nine

Playing almost errorless ball behind the effective pitching of W. C. "Slim" Dillman, the Pampa Junior ball team won an 11 to 3 game from the Cabot Shops at Kingsmill yesterday afternoon. Dillman allowed the heavy hitting seniors only one run in six innings. Two runs were made off Burke the inning he was in the box.

Caddy, Acock, and Heath all took turns in the box for the Shops but couldn't stop the juniors. Albert Laird robbed the Kingsmill boys of several hits when he went deep behind short to gather in five Texas leaguers. Acklam also robbed Caddy of a home run when he took his line drive with a one-handed stab.

The Juniors had their big inning in the second when nine runs crossed the plate. Seven hits, a walk and two errors accounted for the runs. Stokes, catcher, got two safe hits in that inning. The local lads scored one in the first and another in the fourth. Stokes with three hits was the big willow-wielder for the Juniors.

Furnie and Caddy got two safe blows each. Dillman allowed the cabot boys only four hits while in the box. He also struck out four men.

### Borger Tourney Is Taking Shape

BORGER, Aug. 17 (Sp.)—Two teams, Phillips of Alamo and Texola, formally entered, one being formed for entry, and at least three others regarded as certain to enter—that was the status of the Borger HERALD'S baseball tournament with the close of entries at midnight August 15 less than three days away. It was believed confidently by The HERALD'S baseball department that last-minute rush would put a total of more than 10 teams into the big event.

Phillips and Texola, the former runner-up and the latter winner of the Amarillo tournament, were the natural foundation for the event to begin August 20. With these two teams definitely in the fold, one being formed, and three apparently no more than strengthening the line-ups before entering, The HERALD is well satisfied with conditions so far. Indications are that the last minute rush will put the total of entries to more than 10.

The last minute is the favorite time for most teams to enter amateur or semi-pro tournaments. Entries were late in the last Amarillo tournament, Phillips Alamo did not enter until the last night.

The HERALD management is just sitting tight regarding entries, but it is in the middle of a campaign that is rapidly putting \$2.50 all-

### SHIP DRAGGED TO PORT

KIEL, Germany, Aug. 17 (AP)—The hull of the naval training ship Niobe was dragged back to port today with the bodies of 69 cadets who perished when the ship foundered off the coast 22 days ago.

Like the Niobe of mythology, whose children went unburied for twelve days, the hull lay under water here this morning and divers hoped to reach the bodies and bring them ashore late today.

Miss Dorothy Fern Duncan of Amarillo arrived Monday at 12:30 p. m. to visit Miss Ruth White. She will remain a week.

tournament tickets in the hands of Borger and Phillips baseball fans. The ticket selling campaign also is going to have a fast finish, because of a payday immediately preceding the tournament date. Many of the tickets are being sold, however, on promises to pay when the big companies turn loose the regular monthly sums.

The team being organized to enter the tournament is going to make Phillips and Texola move lively for victory if the plans of the organizer materialize. He is taking advantage of depression times in baseball and of the consequent number of first class players anxious to go into action on a field where some money is involved. All his plans probably will not materialize, but if they should he would have a team almost sure to grab one of the prospective prizes.

### German Rioting Is Continuing

BERLIN, Aug. 17 (AP)—Germany's new "speed" courts, authorized by the government to provide swift retribution for rioters, smashed at violence today but the rioting went on.

A farm woman and two farmers were sentenced to three years at Breslau for heckling at a meeting of Hitler's national socialists. At Erie the court was forced to adjourn because of the heat after hearing conflicting statements about a street fight between Nazis and republicans.

Two republicans at Rostock were sentenced to 19 months in jail for beating a Nazi.

In the meantime two persons were wounded by police in a communist demonstration here which was one of a series of such affairs throughout the night. Scattered clashes kept the police on the run in Berlin. In the provinces sporadic fist-fights in a number of places were squelched by the local authorities. A number of Nazi cafes were stoned and scores of members of opposing factions arrested.

Two policemen were fired on at Essen while they were searching the home of a communist for propaganda.

### Texas Champ Is Better Than Ever

DALLAS, Aug. 17 (AP)—Gus Moreland of Dallas, twice Texas amateur golf champion and recent winner of the trans-Mississippi crown, will leave tomorrow for the western amateur championship.

Moreland said today that after the western he would proceed to the national amateur. He qualified for the national amateur yesterday with 71-76-147. The Texas champion is playing the finest golf of his career and is confident he will make a good showing in both the western and national meets. The western starts Monday at Rockford, Ill.

DALLAS, Aug. 17 (AP)—Edwin A. McClure of Shreveport, La., Gus Moreland, Charles Dexter and Jack Munger, all of Dallas, will represent the southwest at the national amateur golf championship.

In the sectional thirty-six hole qualifying test yesterday over the par 35-35-70 Brook Hollow course here, McClure paced the field of eighty starters with 71-74-145. Moreland, Texas amateur and trans-Mississippi champion, was second with 71-76-147. Munger was third with 76-72-148, and Dexter, an official of the United States Golf association and former Texas and southern champion, won the fourth and final position with 76-74-150.

Miss Ethel Hamilton is spending a week with relatives in Electra.

# COACH MITCHELL, BACK FROM OLYMPICS, ISSUES CALL

## WOULD LIKE BOYS TO CALL AT HIS HOME

### FOOTBALL PRACTICE IS TO START NEXT TUESDAY

Pampa's heroes of the gridiron are coming back to Pampa from vacations in various parts of the country and one of the first to arrive is Coach Odus Mitchell. The coach arrived from California yesterday with a greater knowledge of the game and a determination to build another great Harvester machine despite serious losses by graduation.

The coach has been in California for the past two months, part of the time studying football under three great masters, Howard Jones, Tad Jones, and Pop Warner. Since there will be several changes in the system to be used this fall, the coach is anxious that every eligible man be present to receive a uniform Monday. Practice will start at Harvester park Tuesday afternoon at 4 o'clock.

Every boy in uniform will get a chance to try out wherever he desires. Every boy who wants to carry the ball will get an opportunity in the first few days before the serious work starts. Then the boys will be divided into positions and serious action will be in order. Boys from the Hopkins school will be eligible this year under the new ruling and Coach Mitchell is expecting much from some of the rural lads.

Students transferring from other schools, who have not played football, will be eligible for places on the team if they can make the grade. There are several promising newcomers to Pampa who are urged to get uniforms despite the fact that they will be new to the game. Coach Mitchell is eager to get in touch with new boys who will be eligible.

Several Arrive. Wayne Kelley, Miles Marbaugh, Jess Patton, and one or two boys who have been absent during the summer are back. Hoot Fullington and Philip Powell are expected any day. The boys who stayed at home part of the summer have also been thinking football the last few weeks and Coach Mitchell does not believe he will have to devote much time to conditioning this season.

The coach would like the boys to visit him at his home on North West street. He will not be able to call and see all of them, as he will be busy for a few days "cutting weeds and grass." The boys, however, will be welcome to watch him in action.

He is going to tell the boys how football is played on the west coast and about the new system he plans to try out this fall. Also the Olympics will come in for discussion. The coach attended nearly every performance in the track and field division. He also attended practice sessions and practiced with some of the stars. "The running of Eddie Toian was the wonder of the Olympics," Coach Mitchell said yesterday. "It looked as if his feet never touched the ground. Babe Didrikson of Dallas was the sensation of the meet and it kind of went to her head."

Nurmi Affected. "Nurmi sat in the stands and almost wept when he saw his records shattered and his countrymen fall by the way. Breaking of records became monotonous for a while. The American entrants, not given a very strong chance, showed up strongly. Eastman in the early trials was a flash but illness cut him from additional glory."

Coach Mitchell said the school at Southern California was attended by about 100 coaches. Pop Warner stated that the coaching school at Lubbock was the greatest he had ever attended. Assistant Coach Argus Fox was one of those present there. He reported that football was "lived" during the school and that everyone left with a greater knowledge of the one and only game.

Mitchell watched the West football team working out for the Olympic games by special permission of the coaches and the courtesy was appreciated. He learned things that didn't come out in the coaching school. The West defeated the East 7 to 6 in a thrilling encounter.

## Carnera Roughs Poreda But Loses

NEWARK, Aug. 17. (AP)—Stanley Poreda, 23-year-old blond boxer of Jersey City, spotted Primo Carnera 62½ pounds last night and won the referee's decision after ten rounds but the arbiter of the contest must explain why. Commissioner George E. Keenan, who was at the ringside, wants to know exactly why Referee Joe Mansgold of Atlantic City awarded the decision to Poreda. The 264-pound Italian was warned in four rounds for roughness that included back-hand blows, pulling and elbowing and drew the boss of the crowd of 15,000. Aside from that Carnera, exhibited a whipping left hand that jabbed Poreda's head time and again and the Jersey youngster supplied his own telling blows in the late rounds and reached Carnera's mid-section with elbows that made the big fellow wince.

## ON MAT PROGRAM TONIGHT

The main event in tonight's wrestling event at the Pla-Mor auditorium will bring together Rob Roy, above, one of the toughest middleweights in the game, and Roy Welch of Berger, a mauler of the same type. Both men have been winning bouts with monotonous regularity, but one winning streak will be broken tonight. Sammy George of Salt Lake City, 160 pounds, and Howard Belcher of Amarillo, 155 pounds, will meet in the semi-final bout and it should be a second headliner. Barber Kelley and J. C. Lewis will be the main attractions in the preliminary event which is scheduled for 8:30 o'clock.

### Rob Roy Faces Hard Job In Turning Back His Old Opposition.

Wrestling in Pampa will be resumed tonight with a strong card at the Pla-Mor auditorium. The first match has been set for 8:15 o'clock. Rob Roy of Amarillo and Goodnight, but now a Pampan, will meet Roy Welch of Berger in the main event, which will go the limit.

Both boys are well known in these parts. They have no love for each other and tonight will settle an old grudge. Roy always declared that Welch wouldn't meet him, while the Berger boy has had the same idea about the Pampan. Both wrestlers will enter the ring at about 165 pounds and in the best condition of their careers. The semi-final, a 30-minute affair, will show the fans George O'Brien and Howard Belcher battling. O'Brien comes from Salt Lake City with quite a reputation. Belcher is a young wildcat from Amarillo who is well known to Pampa fans.

## YANKEES ARE WELL ON WAY TO BALL FLAG

### INDIANS NEARLY TIED WITH ATHLETICS AT PRESENT

By HERBERT W. BARKER Associated Press Sports Writer. On wings of a nine-game winning streak, the New York Yankees have soared into their longest American league lead of the season and nothing short of a miracle, it seems, could prevent them from capturing the flag. A double triumph over the Detroit Tigers yesterday boosted the Yankee's advantage to 10 1-2 games over the Cleveland Indians and Philadelphia Athletics who were virtually tied for second place although the Indians had a slight edge in percentage.

Thanks to some lousy clotting by Tony Lazzeri, Bill Dickey and Joe Sewell, the Yankees staggered thru to win the first, 13-8. Johnny Allen hung up his third victory of the Yankees' current winning streak in the nightcap, 7-3, allowing the Tigers only six hits.

The National league program was marked by the temporary check of Brooklyn's high-powered Dodgers who fell before the Pittsburgh Pirates, 4-0. The defeat dropped Brooklyn to one and one-half games behind the second place Pirates. The Chicago Cubs retained their one-game lead over Pittsburgh by winning a sensational game from the Boston Braves, 4-3. The Braves drove Lon Warneke from the box in the eighth when they scored all their runs but the Cubs came back with four in the ninth to win. The St. Louis Cardinals beat the Phillies 3-2 as Paul Derringer had a slight edge over Flint Rhem in a pitcher's duel. Big Fred Fitzsimmons granted only four hits as the New York Giants nosed out Cincinnati, 2-1.

## WRESTLING LAST NIGHT

By The Associated Press. Baltimore—Rudy Dusek, 215, Omaha, threw Pat O'Shocker, 221, Salt Lake City, 30:05. Washington—Earl McCreedy, 225, Oklahoma, won two falls out of three from Frank Spear, 221, Georgia. San Francisco—John Pesek, 196, Ravenna, Ohio, defeated Hardy Krushkamp, 206, Columbus, Ohio. Ad Santei, 195, Oakland, tossed Nick Velcoff, 225, Bulgaria; Ira Dern, 200, Salt Lake City, defeated Dick Raines, 220, Texas.

## Many Former Title Holders To Compete

NEW YORK, Aug. 17. (AP)—All ten members of the Walker cup team and seven former title-holders will be on hand when the national amateur golf championship opens at Baltimore September 12. That much—and more—was determined yesterday in the section qualifying rounds played in 18 districts. Nine members of the squad qualified in one district or another. The tenth member of the team and its captain, Francis Oimmet, will be the defending champion at Baltimore and was exempt from qualifying.

## HELEN JACOBS HAS WEAKNESS --HER SERVICE

On Nearly Every Other Point She Is Perfection On The Courts.

By GAYLE TALBOT FOREST HILLS, N. Y., Aug. 17. (AP)—The difference between a champion and a near champion sometimes is so slight that it takes a professional observer to locate the dividing line. Take the case of Helen Jacobs, sometimes known as "Queen Helen II," who apparently is on the verge of winning the women's national tennis crown for the first time after six years of earnest effort.

Against almost any woman in the world except Mrs. Helen Wills Moody, whom she never has quite been able to beat, Miss Jacobs looks to the lay eye like a near perfect tennis player. Those who watched her subdue such a star as Virginia Rice by scores of 6-1, 6-0, in the second round of the championship tournament yesterday, found it difficult to understand why she never has been able to break through when the big title was at stake. But it is no mystery to George Agutter, veteran professional at the West Side tennis club here, who has known practically every famous

## MURRAY FIRST TO BEAT FOES IN 20 GAMES

### STEERS RALLY WELL TO OVERCOME LONG LEAD

By BILL PARKER Associated Press Sports Writer. George King Murray, husky right hander, has the distinction of being the first Texas league pitcher to win twenty games this season. Murray pitched superb relief ball last night to give Dallas a 9 to 7 victory over Beaumont. When Murray relieved McCabe in the third inning, the Exporters were leading 6 to 1.

DON WOOLTON, CLEVELAND CARICATURIST. CAUGHT 15 ROCK BASS ON 15 NIGHT CRAWLERS IN 15 MINUTES—APRIL 15, 1932. MOKONGS RIVER—MVERNON, OHIO.

While Murray was checking in with his 20th win, the Houston Buffaloes were busy knocking five home runs in one inning against Tyler to tie the league record for home runs in one inning by one club. On June 15, 1922, and August 6, 1920, five home runs were knocked in one inning, and last night the Buffaloes made it a third time in the history of the Texas league. The Buffaloes stamped in the fourth inning when home runs were contributed by Rye, Carey, Medwick and two by Narlesky. While all that was happening, the Beaumont Exporters' lead was cut to only one game over Dallas. It looked like a hopeless case for Dallas last night when Beaumont knocked McCabe from the mound in the third with a five-run rampage that gave the league leaders a 6 to 1 lead. Murray was rushed in and had everything needed to check the Exporters. After scoring two runs in the fourth, Dallas rallied for six tallies in the seventh to knock Collier and Sewell from the mound. Ralph Judd pitched steady ball for Houston to whip Tyler, 15 to 6. A big five-run fifth inning gave San Antonio a 5 to 4 victory over Longview. Cliff of Longview hit two singles and a home run. Galveston made a sweep of the Fort Worth series by winning the final game yesterday, 4 to 3. Darrow allowed the Cats eleven hits but kept them scattered. A two-run rally in the ninth failed to save the Cats.

## WILL SEIZE PROPERTY

MADRID, Aug. 17. (AP)—The Spanish national assembly prepared today to act speedily on Premier Azana's proposal for confiscating the property of monarchists implicated in last Wednesday's rebellion.

The decree, which provides swift and drastic expropriation of the property of the monarchists, was expected to be presented some time today to the assembly by the premier. As it is drawn, the confiscated property would be turned over to the government for "social purposes."

## County Juge Robbed

NACOGDOCHES, Aug. 17. (AP)—An armed negro held up County Judge Clayton Shofner in his home here early today and escaped with an undetermined sum of money. The robber threatened Judge Shofner's life if he gave an alarm. A suspect was arrested.

## Economy-

Whether times are good or bad, prosperous or otherwise, it is always good economy to own an ELECTRIC REFRIGERATOR.

Left overs are kept in a pure, appetizing condition, in fact are not thought of as left overs at all when preserved in an ELECTRIC REFRIGERATOR.

Larger cans of fruits, vegetables, and meats are more economical to buy than are the smaller cans. You get more for your money when you purchase larger cans. An ELECTRIC REFRIGERATOR enables you to take advantage of this fact because it will preserve the remaining portion of a can for an almost indefinite time.

It is always good economy to own an ELECTRIC REFRIGERATOR.

# CROWDS CONTINUE TO ATTEND REVIVALS

## MANY GUESTS FROM NEARBY TOWNS ATTEND

### SUNDAY WILL BE LAST DAY OF RELIGIOUS SESSIONS

Large crowds each evening are continuing to attend the revival meetings now in progress here, and a number of out-of-town persons have been seen. The meetings will close next Sunday.

"The Christ Should Come Back Now" will be discussed by Jesse F. Wiseman this evening at 8:30 o'clock at the Talley addition revival. He will speak on the general conditions of the time, will tell what, in his opinion, would be done with Christ if he should return, and what Christ himself would do.

**Sin Discussed**

A large crowd gathered at the revival last evening to hear Mr. Wiseman speak on "Presumptuous Sin," and the class for little folks also was well-attended. The children meet each evening at 8:15 o'clock.

Familiar songs are sung each evening under the direction of Clarence B. Williams of Estes Park.

A number of out-of-town visitors have attended the revival. White Deer, Kingsmill, LePon, and Spearman having been among the towns represented.

## "GILDED CAGE" GOES MODERN

Ingenious style garbs today's bird cages. Copyright, 1932, By The McCall Company, For Pampa News

Canaries with an eye to style demand something more than the distasteful apron once good enough to cover their cages.

There are a number of acceptable designs for covers in the latest mode—perhaps appealing to a canary's imagination.

Any kind of material which drapes easily—sateen, linen, silk or pongee—is suitable, and it need not be thick and heavy. Ventilate at the top or through the open sides, and with extra holes near the top if necessary.

The circus tent model has a wide scalloped overhang decorated with

three tassels, the sides straight down.

A prim effect is obtained with calico edged with fringe, with seams corded with a slip cover. For a bow top cage, a cover is slashed around the bottom, with applied slashed bands.

Much easier to make than the fitted cover is the unsophisticated style which is simply a square or circle with a hole in the middle and one side slashed to the center to make it easy to slip it on the cage.

Here the talent of the cage cover decorator may express itself in the fabric chosen. A print or a plain fabric applied and embroidered with some appropriate bird or unusual theme can be very effective.

## BEAUTY OF CAMPUS AT A. & M. COLLEGE DESCRIBED BY GRAY COUNTY WOMAN AFTER VISIT

By MRS. COLLINS PUCKETT, Merita Club Member

The first and lasting impression that I got of the campus at A. & M. college when I attended the recent short course was the plain and simple beauty of it all. As one steps from either of the two railroad stations he will see to the east a smooth straight drive to the main building. At the entrance of this drive is a large marble block in memory of the former students who died over seas during the last war. As one goes to the main building to his right will be the parade ground. Should he note the many trees around this ground he will find that each has a metal plate with the name of some former student who died during the world war.

The many walks and streets of the campus are lined with trees and among them one will find a large number of palm trees. There are many large fireproof dormitories conveniently located to the many large school buildings.

Shisa (mess) hall is located at the end of one long drive with Guion hall at the other.

Shisa hall is large enough to care for a crowd of 3,500. It was interesting to watch 1680 people file into one room and be promptly served and with the adjoining room caring for over 800.

We visited the extension building with interest as this is the state headquarters for all our club activities.

In visiting the engineering building we found where men are taught wood work, forging, principles of smelting and working with molten metals. The animal husbandry and veterinary science buildings were interesting.

The chemical engineering and the textile engineering buildings are near and in the later we saw the making of cloth.

The college has its own power and light plant, its fire department, Western Union, postoffice, dairy. In fact it is a town all on a college campus.

Kyle field is located about a fourth of a mile from the main building. The stadium will seat about 40,000 people. It was here at the nights that the programs were held. There is a large gymnasium and a track in this field. The new swimming pool is soon to be erected near.

On Saturday following of short course 14 of us were awakened at 4 o'clock for our day's trip to Galveston. When one wants a full day's job, he should try to see all around Galveston.

We arrived about 10 o'clock. Took a boat trip first to many in the party it was their first experience around water. We were out about two hours.

Seminole, a passenger ship, was about ready to sail to New York. We received permission to go thru. It is a very pretty little ship. Its capacity is 560 passengers, 300 of which are first class and the others are third class.

We secured taxis for our tours of the city seeing points of interest. After a late lunch and another short trip we then were in for a swim in the bay. This seemed to be a fitting close for a stay in Galveston, and we rushed from the swim to a 7 o'clock train.

Mr. and Mrs. Joe Berry and two daughters are expected home soon from a vacation trip to western points.

## My Beauty Hint

By JOAN BLONDELL

Walking and dancing are two of the best forms of exercise—but often one lacks time to go walking and opportunity to go dancing.

When this happens to me, I turn on the radio or phonograph in my spare moments and dance to the music. Especially, I have found, good results come from planting the feet firmly on the floor and swinging the body in a sort of figure eight from the ankles, in the rhythm of the music.

This exercise serves to strengthen the ankle, calf, hip and waist muscles and make them supple—and it's also fun!

# The Faithful Cheat

BY RUBY M. AYRES

**SYNOPSIS:** Sondra Kent meets her sister Flora for the first time since Sondra has made public her marriage to Mark Merriman. Mark has returned home ill, and Sondra has not told him that while he was away she realized the marriage was a mistake, and that she loved John Anderson.

### Chapter 33

**A ROMANTIC COUPLE**  
"Yes... you little fool, Sondra," Flora said. "I know you're married."

The hot blood rushed to Sondra's face.

"What do you mean?... she asked angrily. "I thought you of all people would approve of a romantic love match."

"Love match!" Flora shrugged her shoulders. "You don't love Mark any more than I love Ben, and yet... she paused a moment, then added half defiantly: "I'm going back to him."

"Going—back to him?"  
"Yes—Flora took off her hat and tossed it aside. "I'm sick of poverty and independence," she said in a hard voice. "... Wait till you've tried it for a month or two with Mark, and you'll hate it as much as I do. We're not meant to be the wives of poor men. Sondra Patrick was right."

Sondra was staring at her with

"So you're in love with him... you poor kid." For the first time there was a touch of genuine emotion in her voice.

"I'm not in love with him"—Sondra said defiantly. "I'm like you... I don't believe in love."

"And now we're both lying," Flora said. She laughed. "I wonder what will become of us, Sondra?"

She got up suddenly and crossing the room, laid both hands on her sister's shoulders. "Look at me," she said.

Sondra raised her eyes slowly. "And some day you'll run away—as I did," Flora said. "Only unlike me, you'll have someone to run to—someone who won't send you away."

Sondra's lips quivered into a smile.

"He wouldn't have me. I married Mark because I wanted to, and John said... It's cowardly to turn one's back on a mistake."

"How long has John been such a moralist?"  
"I don't know... but I think he's right," Sondra said. "I married Mark because I wanted him... and so I shall stay with him as long as he wants me."

Mark Merriman looked at his watch for the twentieth time in half an hour. Sondra was late. As a rule

"So you're in love with him, you poor kid," Flora said.

wide eyes; she had thought a great deal about her sister lately—thought of her with admiration, and now—after all, she was going back to Ben.

"You needn't stare like that," Flora said calmly. "You ought to be glad. It will make things better for you. I suppose you haven't any money, as you're living in this awful place... Sondra, why in heaven's name did you marry Mark Merriman?"

"I don't know."  
"You're not going to tell me you care for him?"  
Sondra winced. "Yes... in a way I do... I married him anyway."

"And John Anderson?"  
Sondra was silent and Flora said in a hard voice:

"I've learned a lot since I waved the flag of independence in Ben's face, and in a way I'm glad... she laughed. "Because now I'm quite willing to go back to feather-bed luxury."

"And Ben?" Sondra asked blankly.  
"I wrote to him at his bankers and they sent it on to him—he's still away. He sent me a cable, and he's on his way home."

"Flora's lip curled. "I believe he'd take me if I'd committed every sin in the Bible."  
"And—Jocelyn?"

For a moment a look of pain crossed Flora's face, then she laughed again. "That's all over... He wouldn't have me. I don't believe in love any more. Money's the only thing worth having in life, I've come to that conclusion."

She looked round the unpretentious little room.

"And so you're going to live like this for the rest of your life," she said. "I wonder."  
Sondra said defiantly: "When Mark is well again, John is going to find him another job. Of course he can't ever go back to the Congo."

"John is going to find him a job?" I call that very noble of him," Flora said cynically.

"John is kind," Sondra said. "He she broke off, conscious of the betrayal in her voice. She stood twisting her hands together.

There was an eloquent silence when Flora said—

The pictures were artistically displayed in a cheerful living room setting provided by Frank Foster. Guests attended at their convenience, and at 4 o'clock the following program was given:

## Rotarians Hear Sadler Talent

The Rotary club was entertained today by members of the Harley Sadler company with Harley in charge of the entertainment.

Little Billie Mack, though a little older and a little more grown up since his appearance in Pampa in previous years, is still the dancer extraordinary, with feet that travel as fast as lightning and little better. He entertained for several minutes with a variety of dances.  
Eddie Rutten presented two of his troupe of twelve trained "alley dogs." He showed one in a performance displaying human intelligence, carrying out suggestions made by Mr. Rutten. The other dog performed rather difficult stunts, the result of mechanical training.

Bart Couch and Joe Galfort, entertained with several musical numbers as the "Troubadours."  
Visitors today included W. C. Stevens, and Rotarians John Le Nisbet, Plainview; Ira L. Carpenter, Pampa, and Harley Sadler, Sweetwater.
