TURNER SETS FLIGHT PAGE ON FIRST LEG

HOLLYWOOD FLIER IS MAKING 275 MILES PER HOUR
STRIKE IS THREATENED
SIXTY ENTRANTS WANT MORE MONEY AT CLEVELAND

CLEVELAND, O., Aug. 29. (AP) A threatened strike of pilots participating in the national air races here was averted today when a compromise between them and air race officials was reached after an all-morning conference.

KANSAS CITY, Aug. 29. (AP)—Living up their advance predictions of record-breaking speeds, four pilots rocketed eastward toward Cleveland today at 250 miles an hour and upwards in the transcontinental air race from Los Angeles.

Unofficial figures showed that Col. Roscoe Turner of Hollywood was setting the pace on the first leg of the dash with an average of about 275 miles per hour up to his first refueling point, Colorado Springs, Colorado.

James Hatzlap of St. Louis ripped off an average of approximately 256 miles per hour in reaching Goodland, Kansas. Lee Gehlbach, Detroit, and Jimmie Wedell, New Orleans, were racing along at about 250 miles an hour.

When the event last year when he continued on to Newark, N. J., to establish a transcontinental record of 11 hours and 15 minutes, Major James H. Doolittle, former army ace, had an average of nearly 224 miles an hour.

Turner Leads. COLORADO SPRINGS, Aug. 29. (AP)—Colonel Roscoe Turner, competing in the Los Angeles to Cleveland air race, landed at the municipal airport here for refueling at 7:55 a. m. (Mountain Standard Time) today and took off at 8:16 for Quincy, Ill., his second refueling point. Turner said he was ten minutes (See FLIERS, page 2.)

DAMAGE SMALL WHEN PAVEY'S SHIP CRASHES

Parachute Jump Is Watched by Many People
The Wright-powered Swallow airplane owned by Art Pavey crashed and was slightly damaged Sunday morning at the Pampa airport.

A student flier on solo came in for a landing and gunned the motor as his wheels touched the ground. The ship took to the air again to go about 50 feet high in a stall before dropping to the ground on one wheel. The undercarriage and one wing smashed. The fuselage was also bent.

Pavey left early last night for Wichita, Kans., taking his plane in a truck. The ship will be rebuilt. The practice jump scheduled by Eddie Winfield yesterday, evening was made just before dark. The jumper landed a mile and a half from the airport. Extremely high winds made it impossible to get him into the field. A good crowd saw the jump.

As soon as Mr. Pavey arrives back with his ship, he and Winfield will give a series of stunts with the 19-year-old boy demonstrating a difficult kind of a jump every Sunday. These will include double and triple jumps, open and land with two and three parachutes, changing parachutes in mid-air, half-mile free fall jumps, cut-away jumps. They are planning to give wing-walking and stunt-flying exhibitions every Sunday.

AND ANOTHER SMILE BERLIN, Aug. 29. (AP)—Chancellor von Papen, who assailed Adolf Hitler's "impulsive recklessness" in a speech yesterday, had luncheon with the Nazi chief today. General Kurt von Schleicher, minister of defense, said to be the most powerful man in the Von Papen cabinet, also was present. They talked over the political situation but observed complete secrecy regarding their conversation.

CLAIM CRIME ADMITTED BY CAPTURED MAN

GIRL FOUND BOUND AND GAGGED AFTER ROBBERY
ATTACK IS ATTEMPTED
TRAVELERS ARE FORCED FROM CAR BY TWO MEN

TISHOMINGO, Okla., Aug. 29. (AP)—A man who said he was Oscar Brandon, was captured near Rovia today by officers searching for two men who robbed a Fort Worth, Tex., family and kidnaped an 18-year-old girl.

Brandon was alleged to have admitted to Deputy Sheriff Robert Donaldson of Johnson county that he and his brother-in-law, Aussie Elliott, held up John Weber of Ft. Worth and his family last night while the Webers were returning from a trip to Sulphur and abducted Weber's 18-year-old daughter, Johanna.

Poses from Johnston, Carter and Marshall counties continued the search for Elliott. The fugitive was believed to be armed. Brandon, 45, was arrested while walking down railroad tracks. He was taken to Tishomingo. The Weber girl, bound and gagged, was found several hours after the robbery last night at Lone Cedar cemetery. Later the desperado abandoned the motor car and looted they had taken from the family.

Mrs. George Waters, warden of the granite reformatory, said Elliott, one of seven convicts still at large, sentenced for 20 years for robbery with firearms in Muskogee county. She said she knew nothing of Brandon, although possesmen said they understood he was a Granite fugitive.

High altitudes are no novelty to Captain James A. Mollison, but sky-scrapers are. That's Al, pointing proudly to the peak of the building's mooring mast, while Mollison, smiling appreciatively, is seen at the right of him.

FOUR MEMBERS OF FRIONA FAMILY DROWN IN FLOODED GULCH AFTER 6-INCH RAIN

Bodies of Two Girls And Mother Hunted Near Bovina
BOVINA, Aug. 29. (AP)—Four persons were drowned in a small creek today, after a six-inch rain had converted the usually dry gulch into a maelstrom.

Mrs. C. B. Waddell and two small daughters, Vivian and Virginia, of Friona, were drowned about 2 a. m., when the family car was caught by a wall of water and washed down stream. Waddell escaped with a baby daughter.

Later in the day, while searching for the bodies of Mrs. Waddell and her children, Richard Caldwell, 21, either fell or was thrown from his horse into the stream and drowned. Waddell, Friona gin owner, said there was water in the creek when he started to drive across with his family. The car stopped, then was washed down stream, he said. He escaped from the automobile with the baby and reached the bank of the stream. When he returned for his wife and daughter they were gone.

Searching parties had been unable to locate the bodies of Mrs. Waddell and her children. The body of Caldwell was recovered. The Santa Fe railroad reported that a short gap of its track was washed out between 4 and 5 a. m., but had been repaired without any delay in service. State highway No. 33 also was damaged in the vicinity of Bovina.

Partial Eclipse Of Sun Wednesday
Pampa will not witness the total eclipse of the sun Wednesday afternoon, but a partial eclipse will be visible with the most pronounced part at approximately 2:28 p. m. The lunar shadow will first appear at about 1 o'clock. About 50 per cent of the sun's surface will be obscured at this point. The maximum will last more than one minute. According to weather observatories, the atmosphere in this section will assume a peculiar aspect, bordering on those few moments before a West Texas sunset. Citizens are urged to use heavily smoked glasses or fogged film in looking at the eclipse in order not to injure the eyes.

SESSION WILL BEGIN TUESDAY

'Lame Ducks' Arriving For Tax Relief Term Called By Sterling.
AUSTIN, Aug. 29. (AP)—Members of the Texas legislature began arriving today for the start of a "tax relief" session called by Governor R. S. Sterling.

The meeting, set to convene at 10 a. m. tomorrow, has been dubbed the "lame duck" session of the Texas legislature since a goodly portion of the members either were defeated or did not choose to run in the recent primary elections. Successful candidates in the July and August primaries will not be inducted until next January.

Governor Sterling called the session primarily to enact a law to permit the state highway fund to assume payment of interest and principal on county and district bonds issued to aid state highway construction. The proposed law was an issue in the second primary campaign. (See LEGISLATURE, page 2.)

Radio Comedians To Give Acts In Pampa
Two Texas boys who have made good on the air and on the stage will appear at the La Nora theater Friday and Saturday George Limerick, manager, is telling the world. Honey Boy and Saffaras started their careers in Wichita Falls and after a short but successful series of programs they went on up the ladder of success.

Citizens of this community have heard the two famous blackfaced comedians over radio stations KMOX, St. Louis, WFAA, Dallas, KGKO, Wichita Falls, WBAP, Fort Worth, and other stations. The two men are appearing now under the auspices of the Griffith Amusement company at all its theaters.

Manager Limerick has not set the hours the two will appear on the stage here.

LUBBOCK AND DALLAS GIVE GOVERNOR LEAD TODAY

DALLAS, Aug. 29. (AP)—Governor R. S. Sterling's lead over Mrs. Miriam A. (Ma) Ferguson for the democratic gubernatorial nomination was reduced to 1,375 votes in a tabulation made by the Texas election bureau at 2:45 o'clock this afternoon. The latest count gave Sterling 476,692 and Mrs. Ferguson 465,317. This tabulation was for 252 out of 254 counties in the state, of which 191 were complete.

DALLAS, Aug. 29. (AP)—The spectacular race for the democratic gubernatorial nomination turned decidedly in favor of R. S. Sterling, incumbent, as late returns were tabulated today by the Texas election bureau.

Trailing his opponent, Mrs. Miriam A. Ferguson formerly the state's only woman governor, by 493 votes when the bureau stopped its work at 8 p. m. last night, the governor stepped into a commanding lead on the first tabulation today.

On the second tabulation at 11 a. m., the incumbent's lead was further increased by 423 votes, the standing at that hour being: Sterling, 466,318; Ferguson, 462,899. It brought the governor's lead to 3,420 votes.

The last figures, which the bureau said may differ from the official count, were from 251 of the 254 counties, 169 reporting their counts complete.

Based on the bureau's estimate that 950,000 votes were cast in the run-off primary, a little more than 15,000 votes short of the record-breaking number cast in the July primary, 20,000 ballots still were to be accounted for, and enough to further change the standing of the candidates. The Sterling lead resulted chiefly from further compilations from (See STERLING, page 2.)

PROFESSIONAL CAR RACES AT WESTERN FAIR

ELK CITY PLANS FULL PROGRAM FOR EXHIBITION

Program for the Western Oklahoma fair to be held in Elk City September 16 to 19 has been announced by the directors.

Outstanding this year will be the professional auto races, the first time professional cars have competed on the track here. Heretofore stripped down stock cars driven by local and visiting drivers have competed in the events.

The car races with horse racing which is promised to attract some of the best animals in the state will be major points of excitement for the exhibition crowds, the directors declare. Relay horse races will be run each afternoon, it was announced following the meeting of the directors.

Two Days to Prepare.

Thursday and Friday, September 15 and 16, will be preparatory days for the fair. One these days all exhibits must be brought to the grounds and entered with the superintendent of the various departments. All exhibits must be in place not later than 6 p. m. Friday.

At 7 o'clock Saturday morning, September 17, the gates of the fairgrounds will open for the first day of entertainment in front of the grandstand. The afternoon program of horse racing and band music will begin at 2 p. m.

Indians from the reservation near Hammon are to give an hour and a half program before the grandstand Saturday night. Songs and a short speech in the Cheyenne language are to be features of this entertainment number. An interpreter will relay the speech to the audience.

A beauty contest for the Indian girls in costume is arranged.

War Dances.

War dances, stomp dances and rabbit dances will be given by the Indian boys and braves.

The address of Will Rogers, schoolmaster-candidate, on Sunday and the appearance of Rev. James R. Orr, independent party candidate for president, on Monday are other major events for the closing days of the fair.

BEHIND THE SCENES IN Washington

WASHINGTON.—President Hoover's acceptance speech and the division among the dry leaders as to how to act in this presidential campaign, have stimulated everybody to speculating again on the question when the country really can expect to get rid of its prohibition laws.

The wet want to know whether there is any hope that the present congress, which stayed good and dry—but not as dry as usual—in its last session, will not kindly modify the Volstead act at its next session, which begins in December after the elections. Some of them even propose a hope for passage of some amendment repealing the 18th amendment which could be submitted forthwith to the states.

The mechanics of the situation are chiefly:

That majority votes in House and Senate can change the Volstead act assuming there is no presidential veto whereas two-thirds votes in both houses plus ratification in three-fourths of the states is necessary for any change in the constitution. Some wet believe it will be several years before repeal or revision can be attained.

The situation in Congress.

The next congress is certain to be wetter than the present one and is likely to have a wet house majority, but it won't meet for at least 15 months unless called into special session after coming into existence next March.

In test votes during the last session the wets got from 169 to 187 votes in the house and a top strength of 26 in the Senate, indicating the greater difficulty of passing wet legislation through the upper chamber whose members, furthermore, come up for re-election only once every six years.

The question now is whether, in view of the wet declarations of both party platforms and both party presidential candidates, wet victories in primaries and elections which indicate the rapid general trend, enough members will be willing to switch next winter to create wet majorities.

Not many candidates this year will be found completely repudiating their party platform and presidential candidates, but whether or not enough of them can get together on any specific measure between November and March remains to be seen.

The Political Angle.

Politics may complicate the congressional situation. Roosevelt is out for modification and light wines and beer as soon as it can be achieved, whereas Hoover has dealt only with resubmission of the amendment.

This obvious possibility is that many Democrats, following party leadership, might support modification next December with 90 of 100 wet Republicans falling in line. The parties are jealous of each other, and modification probably could not be passed over Hoover veto.

The question of a constitutional amendment of light wines and beer, established his claim to the presidency.

PAMPA ON U. S. HIGHWAY 60, SHORTEST SCENIC ROUTE

The above map shows the route of Highway 60, the federal road which is being advertised as the shortest and most interesting way to cross the nation.

A national travelogue featuring this route will be made in sound movies soon in 6,000 feet of film showing scenes from Norfolk, Va., to Los Angeles.

The project is part of a national campaign to familiarize the country with Route 60. D. W. Baird, photographer, is in charge. It is proposed to show the pictures in

theaters along the route, numbering about 300. Scenes will be "shot" around this city, California, Arizona, and New Mexico parts of the travelogue already have been completed.

Robber Says He's 'Pretty Boy' Floyd

FORT WORTH, Aug. 29. (AP)—A county-wide hunt was under way today for a slightly-built robber who kidnaped a man, robbed a couple and finally abandoned a stolen automobile at a farm east of Fort Worth.

W. D. May, 37, at whose farm two men escaped officers, was questioned but stated he had been forced to accompany a man through a field to elude police.

The robber told his kidnaping victim, W. M. Wilkinson, 45, Arlington, that he was "Pretty Boy" Floyd. Police were inclined to doubt, however, he was the Oklahoma bandit.

DROWNS IN RIVER

BRENSHAM, Aug. 29. (AP)—Joe Flournoir, 20, of Fort Worth was drowned in the Brazos river yesterday. He had gone swimming with several men with whom he had been picking cotton.

The Glass Amendment

If the present Congress doesn't do anything about prohibition there is a good chance that the next one will be called into special session next spring to take action, especially in case Roosevelt is elected.

Prohibition comes up in the senate right at the start of the session in December. The Senate will have before it, as unfinished business, the resolution of Senator Carter Glass of Virginia for submission of an amendment which would repeal the amendment but prohibit the saloon and prevent transportation of liquor into a dry state. This is just the sort of thing President Hoover advocates and the first vote is expected to be a motion of Senator Norris to refer the resolution to the judiciary committee.

Several states will hold November referenda on their state prohibition laws and the wets anticipate victory in most of them. Unless such laws are repealed, only about ten states would be legally non-prohibitory of what was done

Davis To Delay Answer To Demand That He Resign

HARRISBURG, Pa., Aug. 29. (AP)—Governor Gifford Pinchot's demand that Senator James J. Davis be asked to resign his candidacy for re-election because of his indictment by a federal jury for participation in an alleged national lottery will remain unanswered for at least a week.

Senator Davis said recently in Cleveland, where he is attending a convention of the Loyal Order of the Moose, of which he is director general, he would make no statement, in any event, until sometime next week.

In urging Davis to quit, Governor Pinchot's letter said "the whole country is aroused against racketeering in all its forms. Davis stands indicted as a lottery racketeer."

"Ever since he first became a candidate for the senate, and even before that time, James J. Davis, junior senator from Pennsylvania, has been under suspicion," the governor stated.

Judge Declares Couple Should Be Horsewhipped

GALLIPOLIS, O., Aug. 29. (AP)—A man and woman whom a probate judge said should be "publicly horsewhipped" were summoned to appear in court today to explain the pitiful condition of a 3-year-old boy found speechless, half-starved and naked, in a dark, dingy room of their house.

The boy, Loren Hochter, was taken from the couple, Mr. and Mrs. Sylvester Hochter of Addison, near here, Saturday night and was placed under treatment in the Gallia county children's home.

Loren, described by officers as not having had a bath for over a year, had washed away to the weight of a year-old. With proper nourishment and care it was considered likely he would live and probably recover his speech.

The boy, Mrs. Hochter said, was the illegitimate child of her husband and was placed in the upstairs room "to keep him out of trouble." He was discovered there in an old wooden bed after other children in the house told neighbors they had "a new baby" at their home.

An examination showed Loren probably had no permanent physical defects but was suffering from malnutrition. Yesterday he was treated to sunshine only for brief periods, for it was feared the bright light might injure the eyes that so long had experienced only semi-darkness.

DEAD TOTAL MOUNTS

HOUSTON, Aug. 29. (AP)—The list of the dead in the Southeast Texas gulf coast hurricane of August 13 had mounted today to 47. A. R. Carr, 22, of Chenango and Victor Monseves, 32, of Angleton, were the latest victims. They died in a Houston hospital yesterday of injuries suffered in the storm.

Lightning caused the clock of Postmaster Hal M. Ricketts at Covington, Ky., to run backwards.

Mrs. Ada Butler of Grand Rapids, Mich., made a voyage of 125 miles by a rowboat over waters of her home county.

Senate Control In Doubt After Senator's Death

WASHINGTON, Aug. 29. (AP)—Charles Dinfield Waterman, United States senator from Colorado, died here Saturday threatening republican control of the senate for the remainder of President Hoover's term.

If a democrat should be elected in November to succeed Waterman for the remainder of the seventy-second congress, the democrats would have a voting strength of 48, while the republicans would have 47, with one farmer-labor senator, Shipstead of Minnesota, holding the balance of power.

Senator Waterman had announced he was not a candidate for re-election. His term would have ended next March 4.

Republicans would not necessarily lose control of the senate even if a democrat were elected to succeed Waterman. Senator Shipstead has voted with the republicans for organization purposes in the past, and if he continued, the republicans could tie the democratic strength and Vice President Curtis would have the deciding vote.

In event of election of a democrat, though Shipstead could throw the control to the democrats by refraining from voting or casting his ballot with them.

Private funeral services will be held at the hotel Monday at 2 p. m. The body will be cremated.

Senator Waterman's term began March 4, 1927. He had been in ill health two years.

Sun's Corona May Give Up Secrets

CHICAGO, Aug. 29. (AP)—Science hopes to find out more about the nature of atoms through a study of corona which is composed of gaseous flames that surround the sun during an eclipse.

This was revealed by Dr. F. W. Aston, professor at Trinity college, Cambridge, England, and winner of the Nobel prize in chemistry for 1922, who arrived here with a party of 17 members of the Royal Astronomical Society of London en route to eastern North American points to study the eclipse August 31.

"We plan to center our attention on the corona," Dr. Aston said. "The green chromium line (in the spectrum) previously has been considered an element. We hope to determine during this eclipse what atom composes that line and thus add to our knowledge of the structure of the atom. The observations will also help us to calculate how fast the universe is dying."

FIRST BALE COTTON

SWEETWATER, Aug. 29. (AP)—The first bale of cotton produced in this section this year was raised by M. T. Head, living nine miles northeast of Sweetwater. It was auctioned for 20 cents a pound.

Mrs. T. W. Barnes, who was brought to her home here Saturday from an Amarillo hospital, stood much improved today. "It seems like home again," said T. W., who is county tax collector, this morning.

Discharge Papers Of Bonus Army Claim Forged

NEW YORK, Aug. 29. (AP)—An assertion by F. Tubee Davidson, assistant secretary of war, that members of the Washington bonus army had been forged by a communist press disrupted the state convention of the American Legion tomorrow Saturday.

In a mixture of boos, cheers, and applause the delegates made so much noise Davidson was unable to continue for several minutes. He also was interrupted frequently during the remainder of his speech.

State Commander Moses G. Hubbard pleaded for "fair play" threatened several times to call a meeting to keep order. The assistant secretary of war, who also is candidate for the republican nomination for governor of New York, was applauded as he finished.

The state organization voted 499 to 138 in favor of immediate payment of the bonus.

Davidson told the delegates President Hoover averted a disturbance by sending army troops to disperse the stragglers of bonus expeditionary forces.

"If Mr. Hoover's capacity for quick decision had not prevented destruction of property, would have been appalling," he said.

Elements Damage City In Mexico

MEXICO CITY, Aug. 29. (AP)—A tornado, a cloudburst and an earthquake struck the city of Colima today, destroying many houses and flattening trees. No casualties were reported. Colima was badly damaged by the same elements in June. Dispatches from the west reported that cyclonic winds were lashing the middle of the Mexican Pacific coast. Manzanillo and Agapulle reported damage and it was feared there has been loss of life.

LITTLE PLAY RESUMED

SAN ANTONIO, Aug. 29. (AP)—Earl Taylor, giant Austin tennis phenom, set out today to retain his southwest Texas invitation tennis championship laurels at the San Antonio country club in his match with Dolph Muehler, state champion in the final men's singles match. Their scheduled match was washed out yesterday by rain. Matches also were scheduled in the mixed doubles.

Winners of the major athletic "W" at Wisconsin who have not been out of school more than five years will receive complimentary tickets to football games.

Thank You..

I wish to take this method of thanking the voters of Precinct No. 2 for the splendid support given me on Saturday primaries. Regardless of how you voted I hold malice toward none.

CHAMPIONSHIP JUST A MATTER OF GAMES TO LEADERS

YANKEES MUST TAKE EIGHTEEN GAMES TO WIN

YANKEES NEED 22 TO COP NATIONAL LEAGUE PENNANT

By HERBERT W. PARKER, Associated Press Sports Writer.

The New York Yankees can clinch the American league flag with 18 victories while the Chicago Cubs need 22 to assume themselves National league pennant.

How the leaders in each stand today:

American League.	To
Yankees	18

The Yankees, by winning 18 of the remaining games, can clinch the pennant regardless of what Philadelphia accomplishes.

National league, Pittsburgh still leads with 11 victories. The Phillies, 2-1, and the St. Louis Cardinals, 3-2, are in the race.

The Sox won the first game in five days in the 10-1, but dropped the 3, when Benny Tate doubled in the 11th inning.

Steers Split Bill While Exporters Take Double-Header From Longview.

By BILL PARKER, Associated Press Sports Writer.

The Dallas Steers dropped one ball game behind Beaumont in the second half pennant race by splitting a doubleheader yesterday with Galveston while Beaumont defeated Longview in a twin bill.

With fourteen more days to play before the season ends, indications are that the pennant issue will be definitely determined in the Dallas and Beaumont series at Beaumont Friday, Saturday, and Sunday, of this week. Four games will be played in three days.

Galveston whipped Dallas 1 to 0 in the first game when Lefty Darrow limited the Hedremen to six hits to outpitch George Murray and Jimmy Minogue. Darrow tried the iron man stunt when he returned to the mound for the second game.

He lasted until the fifth when he was routed by a Dallas rally of two hits and five walks for four runs, enough to win the nightcapper, 6 to 4.

Home for the rest of the season, Beaumont yesterday hung up a 14 to 3 and 10 to 0 double victory over Longview. Schoolboy Rowe buried the 14 to 3 game for Beaumont.

The Exporters hit five home runs, Henry Greenberg, the league leader, getting his two.

Art Herring hurled Beaumont to the 10 to 0 win. He stopped the cannibals with five hits.

The doubleheader scheduled between Houston and Tyler was cut to one game when rain stopped the nightcap affair. Houston won the first game, 7 to 1.

The doubleheader scheduled between Fort Worth and San Antonio was rained out.

KIWANIANS SEEM UNUSUALLY 'GIFTED' TO PLAY BASEBALL

Californians Beat Van Ryn And Texas Star

Baseball in Pampa will flourish again Wednesday afternoon when the Lions and Kiwanis club ball teams will clash in an important fixture. The Kiwanis club challenged the winner of the Lions-Rotarians game of last week and the roaring gentlemen were the winners.

Ernie Voss, manager of the Kiwanis nine, has gathered a strong team and secret practices are in order. Voss will also hurl the game in 59 minutes flat in the 51st national doubles final Saturday at Longwood.

Allison and Van Ryn were slaughtered today in straight sets, 6-4, 6-3, 6-2. Their rout was humiliating. Vines and Gledhill were expected to be out of form, but they had a terrific five-set battle yesterday against Henri Cochet and Marcel Bernard of France.

The magic of Vines racket was short-lived, for he and Helen Jacobs, Berkeley, Calif., the new women's singles champion, were decisively beaten by Sarah Palfrey, Brookline, and Perry, in the mixed doubles final, 7-5, 6-3.

The United States and England divided the mixed titles for the second straight year. George Lott and Betty Nuthall captured the 1931 title.

J. D. E. and Arnold Jones of Providence, who have unbreakable grip on the national father-son championships, won for the fifth consecutive year, and the seventh time in years, against E. W. Burns and E. W. Burns Jr., of New York, 6-3, 6-4.

The same teams that clashed in the 1931 veterans' final were in action again today but the results were reversed. S. Jarvis Adams and Henry W. Bassford, New York, regaining the championships from Dr. William Rosenbaum and Fred C. Baggs, New York, 3-6, 11-9, 6-2.

Texas Kidnapers Flee To Oklahoma

ARLINGTON, Okla., Aug. 29 (AP)—Two desperadoes who robbed a Ft. Worth, Tex., family and kidnaped an 18-year-old girl were hunted in the rugged country north of Madill, Okla., today.

The girl, Joanna Weber, daughter of John Weber, Fort Worth pawnbroker, was found bound and gagged nine miles from the point on the old sulphur road where the family was robbed last night. With a posse close behind, the abductors abandoned the car they had stolen from Weber south of where the girl was left.

FOURTH MONEY WON BY GRAY COUNTY TEAM

PRIZE OF \$100 GIVEN BY BORGER CHAMBER OF COMMERCE

The Pampa-LeFors club that battled uphill all the way during the Borger HERALD baseball tournament last week came out of the fray "worn to a frazzle" but with fourth money in their pockets.

The total amount of fourth money was \$100, donated by the chamber of commerce.

Manager R. R. Kirkpatrick and his boys got away to a bad start but had the pleasure of pulling the surprise of the tournament when they defeated the Texola stars to let Borger take the lead in the race.

"I am well pleased with the showing made by the boys," Manager Kirkpatrick said this morning. "They were fatten together in a hurry and did not have time to practice."

Troops Hem In Ecuador Rebels

GUAYAQUIL, Ecuador, Aug. 29 (AP)—A rebellious political group aided by a contingent of soldiers today had set up a new provisional government in Quito, the capital of the nation, but, apparently hemmed in by loyal troops, they were asking for a parley.

This information was contained in the first dispatches received from the capital since the revolt occurred Saturday. At that time part of the regular Quito garrison gained control of the city after heavy fighting.

The rebels were supporting the movement of Neptali Bonifaz, who was elected president last fall and was to take office next month. The provisional government of President Moreno, however, argued that Bonifaz was ineligible because he was born of Peruvian parentage. Congress agreed with him last month.

President Moreno was reported to have taken refuge in the Argentine legation at Quito. The rebels were said to be under the command of Col. Jose Maria Gomez Jurado.

Fred F. Stennett, all-Pacific coast halfback in 1929 and 1930 with St. Mary's, has signed with the Chicago Cardinals of the National pro football league.

Jack Bramhall, Chicago bandmaster, has conducted his organization through the tenures of 16 different managers of the Chicago Cubs baseball team.

Babe didn't go for that chatter. The business men of Dallas had paid her expenses to the meet and had sent along a chaperon, Mrs. Henry Woods, who insisted on putting in her two cents' worth in the general argument.

Babe's Dallas coach was Colonel McCombs, and he told her she stood a chance to win every event in which women participated in the Olympics. As it turned out, she couldn't, of course, but the Babe did win the 80-meter hurdles, the javelin throw and came second in the high jump, which was won by Jean Shiley.

After the Chicago events, Babe charged that the events had been arranged chronologically so that Babe couldn't compete in some, because the human body can be in only one place at a time.

Mrs. Woods helps. Mrs. Woods intermittently dashed onto the field to tell Babe that another event was just about to be run and for her to please hurry. Steers finally bade Mrs. Wood to scam and promised to have her arrested if she didn't keep off the field.

Any way, it seems that Steers was the boss. At least Babe went to Los Angeles as competitor in three events instead of eight. But, while there, Miss Didrikson wrote the following letter to her mother:

"Dearest Mom— 'Won't be able to write much. Have a little time to write, so am gonna try to answer all my letters. All the girls went down to the dining room and are, I suppose, enjoying a program. I thought I would sneak up and get some letters off. 'Mom, Steers hates me like hell

FIRST GAMES IN PLAYGROUND BALL LEAGUE TO BE TUESDAY

Team Managers To Make Final Preparations in Meeting Tonight.

Final preparations for opening of the Pampa Playground ball league will be made at a meeting of team managers in the chamber of commerce in the chamber of commerce rooms at 8 o'clock tonight. Eight teams will participate in the race which will last seven weeks.

Team managers will turn in their rosters to the president at tonight's meeting. Diamonds will receive final touches tomorrow preceding the games. Final selection of umpires will also be made before the opening game.

Five diamonds will be available for games. The Phillips Petroleum company will have a diamond at its plant in the South Pampa field. A certain number of games will be played at the Phillips diamond so that the "home" team can be seen in action by Phillips fans.

The Daniger diamond will be located at the Daniger Refinery one mile east of Pampa and south of the Country club golf course. The Magnolia diamond at the east end of Foster avenue will be available as home diamond for the Kiwanis clubs, Pampa NEWS and Rose building.

The official Santa Fe diamond is located east of the Phillips loading rack in southeast Pampa. The Jays have laid out a good diamond south of the new Fort Worth & Denver depot.

A silver collection will be taken at each game with the idea of partially defraying expenses of buying balls and bats. The money will be split 60-40.

Games scheduled for tomorrow are: Thursday afternoons and where to be played: August 30.

SOCIETY IS BASKING AT STYLISH RESORTS

Economy Is Observed In Living at Newport

NEWPORT, R. I., Aug. 29—“Economic readjustment” has come to Newport, but it's the kind of readjustment that is measured in terms of beach villas and power yachts.

Visitors who are easily dazzled by such things will hardly realize that it has been an off-year for this summer capital of the rich. Bailey's Beach still displays as much luxury as one of Cecil DeMille's sets, but Bailey's Beach feels a bit poor, all the same.

The beach cottages of 40 rooms may look as magnificent as ever—those that are not boarded up—but the owners know that zeros have been falling off the back end of fantastic rental figures.

“Tennis week,” the peak of the season, brought out a virtual millionaires' convention in the galleries, but old-timers noted the absence of many of the “regulars.”

Fleet of Yachts Reduced
The New York Yacht club fleet sailed into Newport harbor the same week, with the trim Westamoo and Vantile—America's cup defenders—behind Vincent Astor's liner-like Nourmahal, but the host of white-winged playthings won only a sigh from the fashionable. The fleet wasn't a shadow of its former self.

The same week, too, saw the announcement that Mrs. Oliver H. P. Belmont had sold Marble House, the famous home built for her by the late William K. Vanderbilt, then her husband. Newport speculated on the price paid by Frederick H. Prince of Boston, knowing that the property was taxed at \$382,500.

Cabinet Members There.
But despite the numerous boarded-up mansions and despite the sighs over the size of the yacht club fleet Newport in tennis week still seemed, to the unpracticed eye, fairly prosperous.

Ogden L. Mills, secretary of the treasury, was present on board his yacht, the Avalon. Another cabinet officer, Charles Francis Adams, arrived aboard the towering sloop Vantile, assisting Harold Vanderbilt at the wheel. Acting Commodore William A. W. Stewart arrived on Vincent Astor's Nourmahal, flagship for the yacht club cruise.

With Frank Shields, Ellsworth Vines, George Lott and Gregory Mancin all playing at the same time, the tennis galleries looked like the Social Register come to life.

Mrs. Vincent Astor was present with Mr. Astor. Mrs. William Goodyb Low watched the tournament with her daughter, Mrs. Loew Burrill. William Van Alen was there with his titian-haired bride, daughter of Mr. and Mrs. A. Atwater Kent. There were many others, too, whose names are

On the surface, exclusive Bailey's Beach at Newport, R. I. (above) looks as prosperous as ever, but the spacious beach villas aren't commanding the rents they did in more prosperous times, and some of them are closed. The yacht fleet was smaller this year, too, and parties are less expensive. Members of society still are seen in large numbers at the Atlantic resorts, however. Betty Morris (left) and Mrs. Whitehouse Walker (right) are shown at Newport and Dorothea Gay (center) at Southampton, L. I. All are of New York.

prominent on Wall street or Park avenue.

Economy Is Fashion.
Whether depression is largely a mental state or something more real to the colonists, it is apparent that it has become fashionable to economize. There is more entertaining, but the parties are smaller, more intimate, less expensive.

Released from the necessity for keeping up the fast pace set in more expensive days, the colonists are employing their leisure more largely in behalf of Newport's many charities, church bazaars and benefit entertainments.

The same situation holds true at other society resorts along the Atlantic coast, including Southampton, Bar Harbor and Watch Hill. But there is at least one consolation—tun is just as inexpensive as ever at the exclusive beaches.

MISS ADAMS OFFERS RECIPE FOR CARROTS EVEN MEN WILL ENJOY--GIVES KRAUT IDEAS

ONLY MATURE, SOUND CABBAGE SHOULD BE USED

Pampa men do not like carrots, or so it seems from recent remarks, and Pampa women are experiencing much difficulty in persuading husbands to eat this lowly, yet beneficial, vegetable. But Miss Ruby Adams, county home demonstration agent, comes to the rescue with a recipe for sweet pickled carrots, which she declares will be relished even by the men. She also offers her favorite recipe for sauer kraut.

Sauer Kraut

“Sauer kraut is a clean, sound, product of characteristic acid flavor, obtained by the full fermentation, chiefly lactic, of properly prepared and shredded cabbage in the presence of not less than 2 per cent nor more than 3 per cent of salt. It contains upon the completion of fermentation, not less than 1.5 percent of acid, expressed as lactic acid.

Select only mature, sound heads of cabbage. Remove outside leaves and wash in a spray if possible. Drain well, core and shred. Use two and one half pounds of salt to 100 pounds of shredded cabbage, or two ounces of salt to each five pounds of cabbage. Mix the salt thoroughly through the cabbage and pack in a stone jar or keg. Press firmly out all air. Cover with a board which fits down inside the keg and weight that will keep the cover level. The salt soon extracts a considerable amount of the juice from the cabbage and this brine will rise above the surface of the board. Do not use lime or sandstone weight for the acid produced by fermentation attacks the lime and destroys the keeping quality of the brine. It is necessary that the cabbage be en-

tirely covered at all times. Remove from time to time any scum that may form on the surface.

When fermentation is complete it is then ready for use or canning. Canning is by far the best way to keep it. It may be packed in lacquer-lined cans or glass jars, covered with strained kraut juice. Heat the filled cans in hot water bath 22 minutes in boiling water, or pressure cooker for 5 minutes at 230 degrees.

Kraut Juice
Kraut juice is the juice of the kraut as it stands in the vats after kraut has been packed. Strain and heat to 200 degrees F., or just under the boiling point. Fill into cans and close immediately. If this procedure is followed no cooking need be given. Cool thoroughly in cold water. Failure to cool sauer kraut or kraut juice causes the acid to attack the tin, liberating hydrogen and causing a condition known as “hydrogen swell.”

Sweet Pickled Carrots
Boil young tender carrots until three-fourths done, scrape, cut in thin slices, and pour a boiling syrup over them, made by boiling together one quart vinegar, one quart sugar, one tablespoon cinnamon and one tablespoon cloves, one teaspoonful each of mace and all spice. Allow to stand over night in this syrup. Next morning boil for five minutes. Cool quickly, pack into jars, strain syrup over them, seal and process 15 minutes, 25 minutes.

Rainbow Girls To Initiate Thursday

The initiation service for Rainbow Girls will be held Thursday evening at 7:30 o'clock instead of Friday evening, as was announced Sunday. The girls will practice tomorrow afternoon at 2 o'clock.

The organization was to be presented its charter tomorrow by Mrs. Daisy Cushing of San Antonio, supreme inspector of Texas, but word was received that Mrs. Cushing went to Maine for health reasons and would not return before the last week in September. She is expected, however, either to visit Pampa or to send a deputy when she returns to Texas.

Mr. and Mrs. Tom Clayton, Ann Clayton, Thomas Clayton, Mr. and Mrs. Ewing Leech, and J. C. Cobb spent Sunday picnicking on McClelland creek.

Mother of Two Finds Pleasure In Flying Plane

ANCHORAGE, Alaska, Aug. 29—Mrs. Mary Barrows, mother of two children and wife of W. J. Barrows, airway official, is the first Alaska woman to make a solo airplane flight and she did it after less than eight hours' instruction.

Veteran of thousands of miles of Alaska, flying as a passenger, Mrs. Barrows said she often had asked her husband to teach her to pilot a plane, but somehow he “just never got around to it, although perfectly willing.”

Consequently while Barrows was on a trip to the States, Mrs. Barrows took matters into her own hands and learned to fly at the aviation school here, the only institution in Alaska teaching flying.

“I never realized while riding with my husband what a kick it would be to pilot a ship myself,” she said.

Mrs. Barrow took her two small children to the field with her when she went to take her lessons.

NEWS ABOUT LOCAL CHURCHES

There was an attendance of 105 at the Presbyterian Sunday school yesterday. Preaching services were not held at the church and many of the members attended the Crimm revival.

Presbyterian women are making plans for friendship day which is to be observed Wednesday. Each member of the auxiliary is to have a guest at the 1 o'clock luncheon at the church annex. The meeting will be of a social nature and the women will bring sewing.

Having returned after a trip to Temple, the Rev. F. W. O'Malley occupied the First Christian pulpit at both services yesterday.

The Rev. Newton C. Smith spoke on “The Water of Life” at St. Matthew's Episcopal church yesterday.

Attendance at the First Baptist Sunday school yesterday was 743, and there were 117 persons at the training service. Evening preaching service was dismissed for the Crimm revival.

Central Baptist Sunday school attendance yesterday was 108. There was no evening church service because of the Crimm revival, and this week's prayer service was dismissed for the same reason. Teachers meeting will be held Thursday evening at 7 o'clock.

The Methodist church service last evening was dismissed because of the Crimm revival.

Bible school attendance at the Church of Christ yesterday morning was about 10.

Women of the Church of Christ will gather at the church at 9 o'clock Thursday morning to sew for needy children who will attend school this year. A covered dish luncheon will be served at noon and in the afternoon a Bible class will be conducted by Jesse F. Wiseman.

“Christ Jesus” was the subject of the lesson-sermon in all Church of Christ, Scientist, Sunday, August 8.

The Golden Text was from Hebrews 13:8. “Jesus Christ the same yesterday, and today, and for ever.” Scriptural passages included the following from Matthew 4:23: “And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people.”

The following from “Science and Health with Key to the Scriptures,” by Mary Baker Eddy, was also read as a part of the service. (p.131). “The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were not understood. Jesus' words contained his claim to the Messiahship.”

My Beauty Hint

By BARBARA WEEKS

The girl who drinks plenty of water and refuses to diet will stay young and fresh-looking longer than the girl who does not follow these simple rules.

I eat every kind of food. My favorite dishes are lamb chops, Boston baked beans and banana frozen cream. Drinking plenty of water helps keep my skin clear.

Young Woman, 25, Works as Butcher

NEW ORLEANS, Aug. 29 (AP)—Here's a break for housewives of New Orleans—a girl butcher.

Nellie Styron, 25, is a regular meat cutter in one of the city's Canal street markets and says she knows “how women who cook like their meats.”

Miss Styron is pretty, with dreamy blue eyes, daintily manicured pink nails and round dimpled arms.

Her boss declares Nellie is “one of the best butchers on the place.”

Mr. and Mrs. Frank McNeil and son, Ray, of Tonkawa, Okla., visited friends yesterday while en route to Red River, N. M. They were joined on the trip to the mountains by LeFors Doucette and Frank Kelley.
