

THE PAMPA DAILY NEWS

Published evenings except Saturday and Sunday morning by Pampa Daily News, Inc., 322 West Foster, Pampa, Texas. PHILIP R. POND, Business Manager OLIN E. HINKLE, Managing Editor

MEMBER OF THE ASSOCIATED PRESS—Full Leased Wire. The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to or not otherwise credited in this paper and also the local news published herein.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should, the management will appreciate having attention called to same, and will gladly and fully correct any erroneous statement made.

AND THE WORST IS OVER

A reader of THE NEWS found so much comfort in an article by Mark Sullivan, noted Washington newspaper correspondent, that he brought it to the editorial department. It is too long for use in its entirety, but we present extracts which give the gist of it.

"Probably the question the people would most like answer is whether this depression is ended. To the writer of this article it seems over, in the sense that no further material shocks are in sight.

"The shocks, since about March of last year, came from Europe. The depression, from its beginning in October, 1929, until about March, 1931, might be considered a consequence of conditions within the United States, of over-expansion, including over-speculation, among our own people accentuated by the drought of the summer of 1930.

"From all that we are now completely free. Nothing further from Europe can again seriously set us back. . . . We are free from shock from Europe for the best of all reasons, that we have paid Europe all the debts due from us. Some time ago we Americans owed Europeans a balance (in short term obligations) of three billion dollars. . . . Europe demanded and took from us gold in large quantities. . . . Europe sold our dollars short. All that storm from Europe we withstood.

"With Europe paid off we are now free to resume the recovery which was already beginning in the spring of 1931 when the shocks from Europe began. We must begin now, of course, from the lower level than where we were then. . . . To say all that is, of course, far from saying that boom times are coming right away.

"What is needed now is confidence—not confidence that 1933 is going to be a duplicate of 1929, but confidence that the worst is over, that men can begin to buy and sell."

And in this connection, THE NEWS wishes that all business men and employes could and would read "Only Yesterday," by Frederick Lewis Allen. This book describes accurately and with utmost candor the enormous mistakes of the decade from 1920-30 and interprets our own times as we may not have seen them in reading the newspapers day by day. There is a copy in the Pampa Public Library.

OUT OUR WAY . . . . . By WILLIAMS

BORN THIRTY YEARS TOO SOON

Light precipitation about .02 of an inch, accompanied the north wind, and heavy clouds threatened additional moisture. The forecast was for partly cloudy skies. There was little chance that an sun eclipse would be visible here this afternoon. The maximum temperature in Amarillo yesterday was 80 degrees.

(By The Associated Press.) Waning summer, as it to display its versatility, presented a weather medley as it blew hot and cold across the nation.

While Chicago, Detroit, Cleveland and Cincinnati sweltered under a heat wave yesterday and Oklahoma City felt the gusty blasts of a sand storm, old timers in the Rockies were seeking to recall when, if ever, they had seen an earlier snow fall. Texas and Kansas reported normal weather. Elsewhere, however, the unusual farewell of August resulted in heat prostrations. One death was reported in Chicago and another at Cleveland.

A 20-day drought was broken at Baltimore by a 1.3 inch rain fall. The mercury climbed to 94. Northwest winds were counted on for relief to the middlewest but Detroit, where the mercury reached 94 degrees yesterday, had no promise of respite today.

CONFIDENCE— (Continued from page 1) somewhat increased, and with better agricultural conditions in prospect, a long step toward normalcy is expected to be taken.

Merchants have relatively little complaint about unit turnover. But unit turnover which produces a percentage of profit below the overhead cost of operating has long been the "bug-bear" of the merchant. "White space" is beginning to appear in eastern advertising, meaning that the price appeal—a price which made merchants lose sleep—is no longer the dominant theme.

The steady decline in prices was something entirely beyond control of the local merchants everywhere, it was pointed out. "And no merchant wanted to cut prices, none wishes to cut salaries, one business man declared. "But what else can you do when factory quotations continually drop and you must sell for less than you paid? That is a difficulty which the salaried man is all too prone to overlook. But

TABULATION—

(Continued from page 1) Eastland county were: Ferguson, 3,129; Sterling, 3,363.

Tabulation of votes was completed in two more counties today. In San Jacinto the final count was 732 for Mrs. Ferguson and 389 for Sterling. Scurry county gave Mrs. Ferguson 927 and Sterling 1,330.

Only five counties of 254 in the state remained to be completed. They were Leon, Kimble, Live Oak, Reagan and Zavalla.

Both Candidates Silent Governor E. S. Sterling said this morning he may have a statement sometime today bearing an outcome of Saturday's primary election.

He had no comment on the latest standing of the vote as announced by the election bureau.

He arrived at the capitol early. Tom Love of Dallas, former state senator, left the mansion grounds with the governor but left him before he reached the capitol. Love spent sometime yesterday in conference with Gov. Sterling.

Friends of the chief executive were predicting that the election result would be contested, but they refused to permit use of their names in connection with such statements.

Mrs. Miriam A. Ferguson, state's first woman governor again an apparent victor, this time over Governor Sterling, said she preferred not to discuss the outcome.

James E. Ferguson, her former governor husband and chief campaigner, also remained silent.

Mrs. Ferguson had received long distance telephone calls from many states offering congratulations on her apparent victory.

Farmers Plan To Avenge Wounding Of 14 Comrades

CHEROKEE, Iowa., Aug. 31 (AP)—Every vigilante in the vicinity gathered behind locked doors today to map battle plans in the face of a wholesale invasion of Cherokee by farm strikers to avenge the wounding of 14 of their comrades early today by gun fire from an unidentified automobile.

They prepared for "any eventuality" and foresaw a crisis as developments here moved swiftly and tensely in the holiday strike for higher farm prices.

The farm pickets were wounded when two mystery cars charged through their ranks. Tear gas bombs were hurled from the cars and shot guns sprayed lead into the pickets' ranks.

Officials failed to identify the automobiles and can not explain the attack.

Circulation of false rumors that the Iowa national guard was en route added tinder to the inflamed situation. Iowa national guard leaders and Governor Dan Turner denied that the militia had been dispatched and the chief asserted he believed local officials would handle the situation.

Planes Qualify For Speed Race

CLEVELAND, Aug. 31. (AP)—Two more planes were qualified for the Labor Day high speed race closing the national air races today when Robert L. Hall, Springfield, Mass., averaged 222.97 miles an hour and Ben O. Howard, Chicago-Kansas City mail pilot, averaged 213.855 miles an hour.

Hall, flying a gull-wing monoplane of his own design, reached a maximum of 245,799 miles an hour on one of the four dashes over the three kilometer straightaway but was forced to cut his speed on the other dashes when the streamliner cowlings around his engine came loose.

SMITH LEADING COLUMBIA, S. C., Aug. 31 (AP)—Returns from 1,295 of the state's 1,446 precincts give for senate: Smith 86,150; Bleasie 72,810; Williams 40,474; Harris 37,184.

Chicken Season To Be Open In Gray

Gray and Hutchinson counties will not be closed during the four-day prairie chicken season this year, according to a digest of game, fish, fur animals, and salt water laws of the State of Texas received here this morning. Several local hunters were of the opinion that the two counties would be closed.

A request to the state to have Gray county closed for three years was made last year but the appeal was too late. Only Collingsworth and Wheeler counties will be closed. The season opens tomorrow morning and closes Sunday night.

Mrs. C. C. Miller of LeFors shop here this morning.

W. C. T. U.—

(Continued from page 1)

control of everything. It makes no difference to the corrupt city political organization which party wins this election, as long as state control comes along with it.

Governor Roosevelt makes much of the promise of a liquor-soaked nation without saloons. Liquor, no matter how sold, has a universal and uniform debauching effect. However, the liquor business wants and will have saloons in case of repeal. Right now, according to newspaper advices liquor people are taking options on property they hope to turn into saloons. We are informed that the brewers are laughing in their sleeves at the gullibility of the American people who think the saloon can be prohibited.

Leaders of high standing may promise there will be no saloons—but the Chicago and New York crowd that convicts a political empire based on booze know that the strong points of their power will be the saloon, no matter what its name.

In many larger cities the gangs which attempted defiance of the federal government, have sold out their depleted business to smaller fry of the underworld and have taken up gambling, commercial racketeering, and vice; dissipation which are covered mainly by state law.

Chides Roosevelt. "These gangs, working closely with state and city political organizations, know they can not successfully buck federal law but can, will and do defy state law by their control of state and city political organizations. So also the small bootleggers. All they want is a wet majority in politics, withdrawal of federal law and state control. That's why so many babbling politicians have reverted to the traditional slogan of state's rights."

Governor Roosevelt's intentions may be honest; but if so, he is exposing abysmal ignorance of the liquor power and the liquor problem. His premise is wrong, his policy constitutes a surrender to the lower powers. He is asking to restore the thing that made him oppose Tammany and won for him a place in

WATERS IN OKLAHOMA Assailing Hurley

OKLAHOMA CITY, Aug. 31 (AP)—Assailing Secretary of War Patrick J. Hurley for his part in evicting bonus marchers from Washington, Walter W. Waters, commander of the bonus expeditionary force, came here today "to tell the truth about Hurley."

Waters was at Muskogee yesterday for the final session of the state American Legion convention where Secretary Hurley, an Oklahoman, was scheduled to speak. The cabinet member sent his regrets, however.

A resolution commending Waters for his splendid and patriotic leadership displayed in Washington, and his "efforts in preserving law and order and a high regard for the nation's welfare," was adopted by the convention after the veteran addressed it.

Secretary Hurley said he would go into his home state and tell the truth about Washington. Waters said here today, "I thought I would meet him in his own state at Muskogee but he wasn't there. I may have an opportunity to tell about him before I leave Oklahoma."

CHICKEN SEASON TO BE OPEN IN GRAY

Gray and Hutchinson counties will not be closed during the four-day prairie chicken season this year, according to a digest of game, fish, fur animals, and salt water laws of the State of Texas received here this morning. Several local hunters were of the opinion that the two counties would be closed.

A request to the state to have Gray county closed for three years was made last year but the appeal was too late. Only Collingsworth and Wheeler counties will be closed. The season opens tomorrow morning and closes Sunday night.

STUNTS—

(Continued from page 1)

initially becomes a member of the Caterpillar club. Since your balloon was on fire and you were forced to jump, you are certainly a member of the Caterpillar club."

Breaks An Arm. In Austin, last May, Eddie set a new junior free fall record of over 3,000 feet. Jumping without pulling the loop at 3,500 feet, he was only 500 feet up when he gave a tug. The parachute opened full at 200 feet. Eddie's arm was broken in the feat. But on June 13 he was up again, doing a double chute stunt with the arm in splints. He nearly lost his life in that feat through inability to jerk the cord hard enough to keep the second chute from fouling the first. On June 20

he and Miss Eris Daniels gave a jump together. Eddie expects a serious injury every 6 months on the average. He hurt an ankle on his first professional drop. Before he leaves Pampa he expects to reveal a lot of tricks not yet attempted here. Where he will go next is not decided. He comes from nowhere in particular and is headed the same way—but don't get the idea he isn't ambitious. He is eager to learn a fact that keeps him moving about. He will be famous some day—if it doesn't break his young neck!

SALES LOWER PRICES

NEW YORK, Aug. 31 (AP)—The financial markets encountered a flurry of selling today which brought substantial recessions in prices of stocks and such commodities as wheat and cotton.

O. Baker of Lubbock is visiting here for a few days. Mrs. Eva M. Rogers of McLean was a Pampa shopper Tuesday.

CITATION BY PUBLICATION

The State of Texas, County of Gray. To the Sheriff or any Constable of Gray County—Greeting: You are hereby commanded to summon Mary L. Murray and husband, A. G. Murray by making publication of this Citation once in each week for four consecutive weeks previous to the return of the writ, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 31st Judicial District Court of Gray County, to be held at the Court House thereof, in Pampa, on the Third Monday in September, A. D. 1933, the same being the 19th day of September, A. D. 1933, then and there to answer a petition filed in said Court on the 11th day of February, A. D. 1932, in a suit, numbered on the docket of said Court No. 3095, wherein Stuckey Construction Company, a Texas Corporation, is Plaintiff, and Mary L. Murray and husband, A. G. Murray, are Defendants, and a brief statement of plaintiff's cause of action, being as follows:

That heretofore, to-wit, on March 6, 1930, the City of Pampa, Gray County, Texas, a municipal corporation, according to law and as provided for in its charter, levied and assessed special assessment against the property abutting on Barnes Street to pay for the paving of said street, and as duly authorized said City of Pampa declared said assessment to be a lien against property abutting on said Barnes Street, that thereafter, on June 17th, 1930, said City of Pampa executed and delivered certificates of special assessment payable to plaintiff, said certificate being in the amount of \$42.50, and being a lien against the following described property abutting on Barnes Street: Lot Six (6), in Block Four (4), of the Haggard Addition to the City of Pampa, according to the map or plat of said Addition now on file in the office of the County Clerk of Gray County, Texas. Said certificate further providing that the amount due thereunder was a personal charge against Robt. M. Cook, the then owner of said property, and that thereafter on or about July 16, 1930, said Cook conveyed said property to Mary L. Murray, the present owner of said property; said certificate further providing that the said assessment was payable in five equal installments after June 17, 1930, as follows: 1-5th thirty days after said date, and 1-5th each successive year after said date until said amount was paid. Said certificate providing for interest thereon at the rate of 8 per cent per annum from date until paid, and that in the event default was made in the payment of any installment the owner of said certificate could declare the total amount due. That the plaintiff herein is the present legal and equitable owner and holder of said certificate; that said defendants have defaulted in the first installment of such certificate; that this plaintiff has performed the work for which the assessment was levied, and said work has been accepted by the City of Pampa; that said certificate provided for reasonable attorney's fees if placed in the hands of an attorney for collection, and this plaintiff has placed said certificate in the hands of Cook, Smith, Teed, Sturgeon & Wade, attorneys of Pampa, for collection, and has contracted to pay said attorney's fee in

# NEGRO HEAVYWEIGHT TITLE FIGHT WILL BE AT LAREDO

### Dream of Tex Rickard's Is Realized With Completion Of Arena.

Boxing fans trekking to Nuevo Laredo on September 4 to witness the world's negro heavyweight championship fight between George Godfrey and Ace Clark, will see the realization of something that Tex Rickard planned before his death. It will be the arena.

Shortly before his death, the great Tex visited the Nuevo Laredo spot as a sports paradise for the United States and Mexico. He had planned to erect a huge arena there. The arena, now known as the Tex Rickard arena, was built to commemorate his idea. It is not much to look at but is built on substantial lines and will seat five to six thousand spectators.

Rickard, of course, would have built a larger and finer arena, but there is no Rickard to promote big fights or to pay for mammoth stadiums, and officials of the September 4 program will be satisfied if the Godfrey-Clark bout fills but the smaller enclosure.

**Dobbs Talks**  
"Maybe you think I am crazy, but I wouldn't trade my ball club for any southwest conference team."

That's the way Dick Dobbs explained about his Jefferson university football aggregation. Dobbs, former coach of the Dallas Highland Park high school team, believes he will have one of the strongest playing and greatest show teams in the country this season.

A fine coach of the Notre Dame system and aerial football a La Rey Morrison, Dobbs has collected material for his Jefferson University team that would put a conference team to shame. He doesn't have to bother with eligibility rules this season, except that all players must attend school. From the far corners of the football world, Dobbs has collected players to wear Jefferson colors the next four years. Next season there will be freshman rule at Jefferson. The Jefferson team is not a "ringer outfit" and players are not paid. There isn't a university graduate on the team. The boys are former high school, prep and freshmen from larger universities.

"There's one thing I want the public to understand," confided Dobbs, "that my tea mis Simcun and each boy is a regular student at Jefferson where he studies law. We simply offered a law education to a flock of boys unable to attend universities, and believe me there was plenty desiring the chance. Such a plan not only gave us marvelous material, but offered many youngsters a chance for further education, and that's the human way to help—education."

Jefferson will play mostly night games. They went against Durant Savages on September 16.

# British Walker Cup Team Named

**BROOKLINE, Mass., Aug. 31.** (AP)—The British Walker Cup Golf team, which has yet to gain a victory, today stole a lead on its American rivals. The Britons were first in announcing their line-ups for tomorrow's foursome matches at the country club.

The sturdy veteran, Cyril Tolley, twice a British amateur champion and a member of five international teams, named the British pairings as follows:

- 1—Captain Tivy Torrance and Leonard Crawley
- 2—John Burke and John Stout
- 3—Rex and Lister Hartley
- 4—John Fiddian and Eric McRuvie

Although he has probably definitely decided on his foursome selections, Francis Quimet, national amateur titleist and American team leader, said he would not name them until tonight.

Quimet has five inexperienced international match players in his squad of eleven. His top strength appears to include himself, George Volgt, Jess Swincer, Maurice McCarthy, Dan Moore and Harrison R. (Jimmy) Johnston. The latter is handicapped by a twisted ankle and he may not play.

# Chicago's World Fair Is Success

**CHICAGO, Aug. 31.** (AP)—Half a million sightseers have paid their way into Chicago's Century of Progress Exposition, although the opening date is still nine months away.

Their curiosity has furnished the management with a nest egg of about \$150,000, a sum which, officials say, probably will be considerably increased by June 1, 1933, when the gates open.

Public interest at ten cents a person and the sale of floor space to exhibitors and concessionaries have inspired its promoters to predict the fair's success regardless of business conditions next year.

"If we don't sell another foot of floor space we'll have the best fair yet," said Rufus C. Dawes, president.

"If we don't get another dollar we won't have to ask the guarantors for any more," said Col. Robert Jeham Randolph, director of operations.

The public was first admitted to the grounds in June. Since then gate receipts have shown a continuous gain. Last Sunday 10,000 persons paid the dime admittance fee.

Thousands of dollars already have been spent at the concessions, the proprietors of which have turned back \$45,500 to the fair management. Visitors have paid nearly \$75,000 to inspect the reproduction of old Fort Dearborn. It cost \$85,000 to construct.

Exhibitors have purchased \$4,000,000 worth of floor space and concessionaires have signed contracts for \$3,000,000.

# Political Foes Are Opponents In Senate Race

**COLUMBIA, S. C., Aug. 31.** (AP)—Senator E. D. Smith and former political enemies and once colleagues in the United States senate, apparently will fight ever again a battle they waged in 1914 for the democratic senatorial nomination from South Carolina.

Smith, known to thousands as "Cotton Ed", and Blease, stormy petrel of South Carolina politics since he was old enough to vote led a field of four candidates in yesterday's primary. They will enter a second race two weeks hence to decide the nominee.

The vote compiled from unofficial returns from 1,267 of the state's 1,446 precincts was:

- Smith, 85,844
- Blease, 71,240

Ashton H. Williams, who paraded repeal of the 18th amendment, 4,967.

Leon W. Harris, the only out and out dry in the race, 36,772.

The senate race was the only state-wide contest, but the primary apparently ended the 16-year-old careers of two of South Carolina's five representatives in congress who had opposition.

On the face of returns from 262 of the 312 precincts in the third district, John C. Taylor, on Anderson, had defeated representative Fred H. Dominick, former law partner of Blease.

**Minor's Need Knife**  
Branch Rickey, astute manager of the St. Louis Cardinals chain store system of baseball, who should know says that the failure of several minor leagues this year was not due to loss of interest by the fans but to failure of the management to take proper account of changed economic conditions.

"Not long ago I attended a banquet at Elmira, N. Y., where the Cardinals have a club," Rickey said.

"The hall was filled with citizens from every walk of life. The presence of these men was a tribute to professional baseball, since it was a baseball gathering and nothing else."

"There is no lack of interest in baseball. It has been affected by an economic depression but it is no different from any other business. The minors must meet the conditions with a more economic program. They must reorganize on a strictly business basis, taking care that the expenditures are no greater than the income."

Economies, of course, must be made in players' salaries. Rickey said, but he pointed out that there were many other ways in which the minors can and have not trimmed their sails. Many minor league clubs, he said, annually purchase much more equipment than they have any use for and spend money foolishly in other ways.

**Semi-Pros Flourish**  
The flourishing condition of semi-professional baseball in Brooklyn proved that the game has lost none of its fascination for the public if a "good racket" is offered and the price is right.

On a recent evening a crowd estimated at between 15,000 and 20,000 persons jammed Dixie Park, in east Brooklyn, to see a fast semi-professional game. The crowd was not uncommon. Admission is 30 and 55 cents, tax included. Games are played sometimes as often as three or four times a week.

With the breakup of the Eastern league several young players with no major league or other minor league affiliations tied up with semi-pro teams through the east, several of them joining Brooklyn teams, and the grade of play is fully as high as that of an organized minor league of "d" classification. Several of the players are making as much playing only three or four times a week now as they were working seven days a week on a salary inside the league.

**Young Teddy Not To Help Hoover**  
**MANILA, Aug. 31.** (AP)—Governor General Theodore Roosevelt today cancelled plans to participate in this year's republican presidential campaign because of the press of official duties and advice from Washington that he remain here.

Announcement of the cancellation was made after Governor Roosevelt had received a cablegram from Secretary of War Patrick J. Hurley, saying President Hoover thought it best he remain in the Philippine Islands.

For several weeks the insular legislature has been struggling to balance the budget and reorganize the government and Governor Roosevelt has indicated he was loath to leave under these conditions. He was known to have advised republican chiefs against the trip.

Globe Clothiers are coming to Pampa.

**London Blockaded To Stop Bandits**  
**LONDON, Aug. 31.** (AP)—Scotland Yard raged London today with a blockade against "motor bandits." Several hundred motor cars were stopped by policemen called secretly into action by Lord Trenchard, Scotland Yard's new chief.

At dawn the secrecy was still strictly maintained and it was not disclosed whether any arrests had been made in the most impressive combing out of its kind London has ever known.

The action was taken on the heels of demands for drastic methods to cope with increasing criminal violence. In recent months almost every day has brought fresh stories of brutal holdups and assaults by "motor gunmen" who cruise about in automobiles.

Lord Trenchard launched his blockade in the early morning hours. There were flying squads of speed cars and motorcycle pat-

**Doesn't need rest.**  
He was reminded that perhaps Gabby's idea was to give him a little rest after a hard trip on the road.

"I don't need rest," replied Dizzy. "Every night I go home thinking I'm the next day's pitcher. I go to bed about 7:30 or 8 o'clock so I'll get a good night's rest, and even pass up the early batting practice so I won't be tired when it's time to do my stuff on the hill. Imagine my disappointment when I find out I've been kidded again."

It was this observer's thought that perhaps Gabby's idea was to give young Mr. Dean an incentive to go to bed tonight. But that wasn't mentioned, and Dean continued:

"I won't think this is a good year if I don't win 18 or 20 games. Besides I have some side bets on hitting and stealing bases with Tex Carlton and Jimmy Wilson, and I won't have a chance to cash in unless Gabby uses me more often."

"If I could pitch often I could win seven more games and come in with 20 victories."

**And Is That All?**  
To achieve his purpose, Dizzy wants to pitch only one-third of the Cardinals' remaining games.

"I've lost some hard luck games lately," he said. "Last week against the Phils, I pitched three innings and was taken out when the Phils got lucky and scored five runs off me. I could have come back the next day or at least two days later, but I was held over until Sunday and then I had to go in as a relief pitcher, working only for six innings. I lost a game that I wasn't given the privilege of starting, by a tough break in the field, and I figured I would be allowed to get even in the second game. Instead, Stutz got the job."

Dean pointed out that when he was pitching for Houston in the Texas league last year, he always was given the "courtesy" of pitching at least one Sunday doubleheader at home.

"If the Cards only will let me pitch a doubleheader at home before the season is over, I won't say another word," said Dizzy. "And I'll try to forget that I've been slighted."

Clifford Bednorz of White Deer was in Pampa yesterday.

C. C. Alexander of LeFors was in Pampa this morning.

# ELECTION PREDICTION

**NEW YORK, Aug. 31.** (AP)—Opinion that Governor Franklin D. Roosevelt is sure to carry Missouri in the presidential election was brought to Chairman James A. Farley of the democratic national committee today by Thomas Pendergast, democratic leader of Kansas City.

Pendergast also predicted that the vote in Missouri would be heavier than it was in 1928.

**FIGHTING RESUMED**  
**GUAYAQUIL, Ecuador, Aug. 31.** (AP)—Fighting was renewed in the vicinity of Guayaquil today despite reports that federal troops had ended the rebellious movement by supporters of Neptali Bonifaz, contender for the presidency.

C. W. Gibson of LeFors was a visitor here yesterday afternoon.

rolmen and a large force of patrolmen. Hundreds of motorists were stopped and questioned, and their cars searched.

# Search For Murder Suspect Continued

**FORT WORTH, Aug. 31.** (AP)—Fort Worth and Dallas police continued searching today for Herbert W. McBride, charged with murder and robbery after a gun fight here Monday night.

Emmett Britz, 29, of Oklahoma City and Jack Nabors of Fort Worth were killed in the fight. McBride is charged with killing Britz, reported by a witness to have quarreled with him and Nabors over division of money. The man robbed was Ben Riddle, from whom \$900 was taken. McBride also faces a charge of assault to murder for shooting at W. E. Lanster, Dallas taxi driver, who fled when the man who hired his cab began fighting.

A woman alleged to have been with the men was held for questioning. Funeral arrangements were made for Nabors today.

# East Texas Oil Allowable Is Raised In Order

**AUSTIN, Aug. 31.** (AP)—The Texas railroad commission today fixed the per well daily allowable in the East Texas oil field at 50 barrels. Under an order expiring tonight the allowable was 43 barrels per well.

The new order provided that the field should operate under a top allowable of 315,000 barrels daily. The existing regulation had fixed the maximum field allowable production at 325,000 barrels daily.

The 50-barrel order will hold for fifteen days. The order provided that each well should contribute an equal share of oil to the maximum field production, the per well allowable to be readjusted at the end of each fifteen day period according to the number of wells in the field.

R. D. Parker, chief of the oil and gas division of the commission, estimated there were 7,500 producing wells in the area at present.

The commission did not issue orders governing production in any of the other fields considered in hearings held this week.

The order provided that regulations promulgated by it should obtain until November 1.

# R. F. C. Loan Wanted For Welfare Work

**HOUSTON, Aug. 31.** (AP)—W. G. Winters, head of the city's unemployment relief committee, left today for Austin to ask the aid of Gov. R. S. Sterling in obtaining a \$450,000 loan from the reconstruction finance corporation to be used in winter relief work here.

A total of \$900,000 will be required for emergency relief and social welfare work here during the coming year, charity agencies estimated and attempts will be made, under present plans, to raise half that sum by local subscription.

Municipalities seeking aid from the reconstruction finance corporation must proceed through the governor of the state.

**Two Typhoid Cases Are Reported Here**  
Contagious disease in Pampa include two cases of typhoid fever and one of scarlet fever, but the general health of the community is well above par, according to Dr. T. J. Worrall, assistant city health officer.

The children who have typhoid contracted it on a visit to an Oklahoma community where the disease has been rather widespread. The source of the scarlet fever is not known.

More weed cutting than usual has been noted by the city health department this year, although there is room for improvement and recent rains will start a new crop. Sanitation, a subject for constant study and inspection, is generally satisfactory.

Dr. Worrall, after testing samples of mountain stream water, advises trippers to boil it before drinking.

Dr. Worrall, after testing samples of mountain stream water, advises trippers to boil it before drinking.

# Mellison Will Return by Ship

**SYDNEY, N. S. W., Aug. 31.** (AP)—Captain J. A. Mellison said today he had abandoned his plan for a transatlantic flight to England and would sail for home from Quebec September 3.

Dr. Freeman O'Neill, captain Mellison's host here, said he had recommended that the flier rest at least three or four weeks.

**LONDON, Aug. 31.** (AP)—Amy Johnson announced today that her husband, Captain J. A. Mellison, had definitely decided to return to England by steamer, abandoning his plan to fly back across the Atlantic.

Mrs. G. W. Holt has returned from Taos, N. M., where she spent the past two weeks painting. One of her new paintings is hanging in the lobby of the Adams hotel. It shows a portion of the Taos Pueblo.

**OFFICE OF THE COLLECTOR OF INTERNAL REVENUE, DALLAS, TEXAS.**  
August 30, 1932.

The following described real property, seized from W. J. Ball under warrant for distraint for the non-payment of assessed taxes due, will be sold as provided by section 3190, Revised Statutes of the United States at public auction, on Tuesday, Sept. 20, 1932, at 2 p. m., on the premises, at Almarred, Texas.

All rights, title and interest in and to lots 8 and 9, block No. 28, as per town plat of Almarred, Texas.

GEO. C. HOPKINS,  
Collector of Internal Revenue.

## THANKS FRIENDS

To the voters of Gray county who gave me a nice vote in Saturday's primary.

I hold no ill will toward my opponent or to the ones that voted for him. I will represent you the same as the ones who voted for me.

# JOHN PURYEAR

# SUN ECLIPSE BRINGS FLOOD OF ASTRONOMERS TO AREAS

By HOWARD W. BLAKESLEE  
Associated Press Science Editor  
BOSTON, Mass., Aug. 31 (AP)—Fifty one astronomical expeditions were lined up at dawn today awaiting this afternoon's total eclipse of the sun.

In a string 300 miles long and 30 wide from Montreal to Cape Cod, they dotted the landscape, mostly in flat New England valleys. Their telescopes were trained low toward the horizon, where the moon will cover the sun at 2:30 p. m. (CST).

Around these astronomers spectators from many states massed in great numbers, several million people scattered picnic fashion throughout the eclipse areas. They came by special trains but mostly in a stream of automobiles.

Never before have highway police faced a problem like today's—auto caravans caught, by the sudden night of a total eclipse. Varied instructions for safety were issued. In some places lights were ordered on for security. There were general orders to stop traffic during totality.

Overnight reports indicated almost every hotel in eclipse territory booked to capacity and many farm and town houses opening their doors to sightseers.

Inland Pond, Vt., one of the first places to see the shadow coming across the Canadian border, reported several airplanes were expected to bring visitors from Chicago. Yerkes observatory, Drake University, the University of Indiana and a number of eminent astronomers were attractions there.

**Intentions Varied**  
Probably never before have so many new pieces of apparatus been turned on an eclipse. At Seabrook Beach, N. H., an electrical echo is steadily bumping back and forth between the earth and the empty sky today. It is a radio signal which flies upward to strike the mysterious, invisible kelly-heavside layer which reflects radio waves and then comes back to earth. An instrument to time it approximately has been set up by its author, Prof. G. W. Pickard.

By the timing device he is recording the fluctuating height of this radio "roof." The whole experiment is timed to see what will happen during total eclipse, when the roof may go shooting aloft or drop low like a flopping blanket.

The majority of telescopes are measuring sunlight. Ordinarily the intense glare of the sun is overwhelming for sensitive instruments. A total eclipse furnishes rays in small parcels, which can be analyzed to amazing fractions of accuracy.

Astronomers call the moon's shadow sometimes the "celestial express" by which they time more exactly the movements of sun, moon, planets and other celestial bodies. This leads them to more accurate computations of distances to other planets and to stars.

This eclipse begins north of Siberia. Actually it starts on the other side of the line where international time changes, so that the eclipse begins Thursday and ends Wednesday, starts in September and ends in August. It travels 2,000 miles an hour and ends out in mid-Atlantic, where it meets the sunset.

## Papen Has Right To Kill Reich

BERLIN, Aug. 31. (AP)—The Junker chancellor, Franz von Papen, returned to the capital today with a blanket death warrant for the new reichstag in his pocket and permission to use the document the minute the government's economic program is threatened.

The warrant was in the form of an emergency decree signed without date by President Paul von Hindenburg even before the infant parliament officially had seen the light of day.

The chancellor came back from East Prussia to confer with the cabinet on his economic program, which contemplates risking more than \$50,000,000 in tax refunds on the imminent return of prosperity. Employment would be furnished nearly 7,000,000 if the plan were to be utilized completely.

In an effort to stave off dissipation and neutralize the chancellor's talks with the president at the latter's country residence near Neudeck, East Prussia, the newly elected Nazi president of the reichstag, Hermann Goering, telegraphed a demand for an immediate audience with the chief executive.

Herr Goering adjourned the reichstag organized yesterday until it should be called, which probably will be next week, possibly Saturday. The new Prussian landtag, which also met yesterday, was adjourned until September 29.

Indications in parliamentary circles today seemed to point to at least a little longer life for the reichstag, the newspaper Zwoelfuhrblatt intimating the Nazis and Communists were unwilling to give von Papen a chance to apply his dissolution order immediately.

If this were correct, an adjournment probably would follow the chancellor's keynote speech at the next session.

## Bodies of Flood Victims Recovered

BOVINA, Aug. 31. (AP)—The bodies of four persons drowned in Running Water creek Monday have been recovered. That of Richard Caldwell, 39, was the last found.

Caldwell drowned when he fell or was thrown from his horse while looking for the bodies of the first three to drown. They were Mrs. G. B. Waddell and her small daughter, Vivian and Virginia. Their car was swept away as they started to cross the creek. Waddell escaped with a third daughter.

Globe Clothiers are coming to Pampa

## McAdoo Before Primary Voters In California

SAN FRANCISCO, Aug. 31. (AP)—The political fortunes of William O. McAdoo, general of the democratic Roosevelt-Garner ticket on the western front, and of Senator Samuel Shortridge, republican and friend of the administration, were at stake along with many others in California's state primary election today.

Throughout the campaign, both McAdoo and Shortridge were in the sector where the firing was the hottest—the many-sided contest for the United States senatorial nominations.

Echoes of the rivalry in the democratic national convention sounded within the democratic ranks, with McAdoo and Justice S. Wardell, both candidates for the democratic senatorial nomination heading the factions.

A last minute report, said by Wardell managers to have been brought from New York by David F. Supple, local Smith supporter in the California presidential primary, quoting Alfred E. Smith as having suggested that democrats who supported the happy warrior in the presidential preference balloting, support Wardell, was denied in New York by Smith.

Unusual interest was manifested in the republican senatorial race because Shortridge is the first senator to go before the voters seeking re-election since the launching of the prohibition question and stressed what he termed "far reaching effects" of the reconstruction finance corporation.

## Sister MARY'S KITCHEN

By SISTER MARY, NEA Service Writer.

There is no doubt but that potatoes 365 days in the year become monotonous and a change is heartily welcomed. This is a good time to use potato substitutes for they combine admirably with the late fall vegetables and contribute pleasing variety to vegetable menus. However, when we plan to substitute rice or one of the paste-foods, certain fundamental differences should be kept in mind.

Properly cooked potatoes furnish minerals which are lacking in the cereal foods, but at this season of the year when vegetables are so abundant, this deficiency can be taken care of easily and cheaply.

Then the tendency to serve macaroni or noodles in a rich sauce leads to the addition of many calories to the dish that simply cooked and served potatoes would not provide.

When the meat course is light a zesty dish of macaroni, spaghetti, rice or noodles does much to eke out the dinner. The noodle ring, with its eggs and milk, adds many protein calories to the menu. Macaroni in a tomato and cheese sauce does its share toward increasing the calories.

**Flain boiled rice** is suitable to serve with a heartier meat course. Unless rice is cooked in milk or richly dressed with butter, three-fourths cup is required to make one hundred calories.

**Noodle ring** is sure to please when meat or full-flavored vegetable. It is excellent for an early autumn luncheon.

**Needle Ring.**  
Two cups noodles, 1 tablespoon butter, 2 tablespoons flour, 1 cup

**Tomorrow's Menu.**  
BREAKFAST: Apricots, cereal cooked with raisins, cream, crisp bacon, toast, milk coffee.

LUNCHEON: Baked macaroni and onions, tomato and celery salad, Boston brown bread, berries with sugar and cream, grape juice.

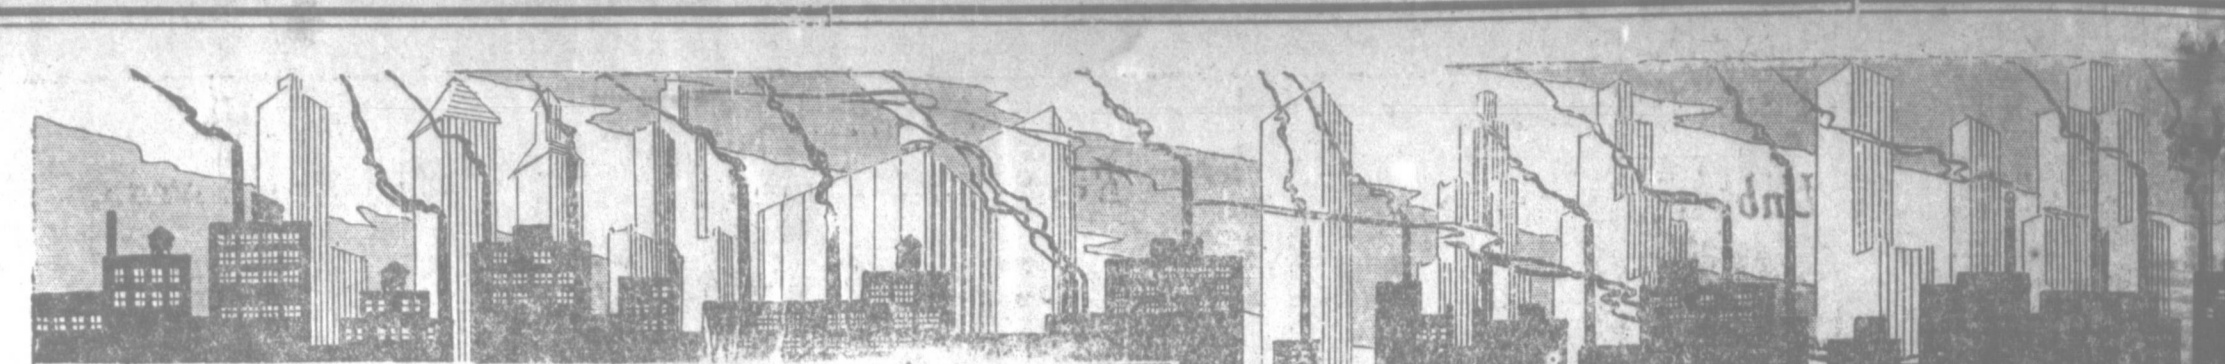

DINNER: Rolled and stuffed mutton shoulder, rice coquettes with currant jelly, Kentucky wonder beans, Boston head lettuce, one-crust apple pie, milk, coffee.

milk, 1/2 cup grated cheese, 2 eggs, 1/2 teaspoon Worcestershire sauce, 1/2 teaspoon salt, 1/2 teaspoon pepper.

Cook noodles in boiling salted water for ten minutes. Drain. Melt butter, stir in flour and slowly add milk, stirring constantly. Season with salt, pepper and Worcestershire sauce. Remove from fire and add noodles and well beaten yolks of eggs. Fold in whites of eggs beaten until stiff and dry. Turn into a well-buttered mold and bake 45 minutes in a moderate oven. Unmold and serve with any preferred creamed mixture.

**RETURN TO PAMPA**  
Miss Virginia Fullingim and Alfred Fullingim returned to Pampa last night from Galveston, Houston and Dallas where they visited relatives and friends. Miss Fullingim will teach school at Panhandle during the next term. She will leave this week-end. Her brother will leave soon for Norman, Okla., where he will attend the state university another year. He will be a sophomore.

**LOAN RECEIVED**  
NEW YORK, Aug. 31. (AP)—The St. Louis-San Francisco Railway company has received \$1,000,000 from the Railroad Credit corporation to meet its September 1 interest payment, it was announced today.

# Our Buyers are back from Market!

Being back from market isn't the big thing... it's the merchandise that we sent back that makes this an event of interest to everyone in this entire community....

## Introducing— Your New Fall Suit \$16.00

(Extra Pants \$3.50)

New Oxford Greys and Blue Herring Bone Weaves in young mens and conservative styles. Every suit 100% all wool... and you can take your choice of double or single breasted styles. Every piece represents standard tailoring with celanese silk linings.

We searched the markets for a suit that would reach the standard of Murfee's quality... and we found it in this particular suit. You'll get a perfect fit too... for we bought plenty in stubs, regulars and... slims! WE CAN FIT YOU!

## Men! Here are Your Shoes!

Bostomians \$7.00 to \$9.00  
Freeman's \$5.00

**Men's Dress Socks 25c**  
—You'll choose these Stanswear Socks for style and appearance and they're just made to go with the new Fall Suits and Shoes!

## Men's Hi-Pointe SHORTS 35c

Best quality broadcloth materials, comfortably tailored... full cut, smooth seams! A regular 50c value elsewhere... but our price is only 35 cents!

## KNOX HATS \$5.00

The new Pearl Greys and Light Tans... and they're presented by Knox at only \$5. Just the snap to the brim to be at the top of any new Fall Suit! Styles for the young man, the father and grandfather.

## Men's Hi-Pointe DRESS SHIRTS 79c

Solid color, quality broadcloths in blues, tans and greens... and of course plenty of whites in broadcloth. Full cut, correct in size with pre-shrunk collars. Pleated sleeves, four-hole bevel edge buttons, seven-button front, cellophane wrapped. Here's more in a shirt for 79c than any manufacturer heretofore has ever conceived. You'll never really believe that a shirt could be so fine for so little money until you see the popular new Hi-Pointes!

## MEN'S "TEST" OVERALLS 89c

High and low back styles, well made from 8-ounce blue denim. These are absolutely guaranteed to be better than any overall in this price range!

## BOYS' NEW SCHOOL PANTS 79c

Cotton novelty pants in dark blues with neat stripes. Wide bottom styles with quarter side pockets.

Tweeds, Oxfords, Grey and Blue, hip-zip style. Ages 8 to 16.

## Men's Hi-Pointe DRESS SHIRTS 49c

Fast color broadcloths in neatly tailored shirts for the boy. Ideal for school wear... and very savingly priced.

## BOYS' DRESS SHIRTS 69c

Solid colors and fancy broadcloths, sizes 6 to 14 1/2. Your boy will want several of these.

## CHILDREN'S PLAY SUITS 79c

Genuine "Donkey" Hickory strips, rayon. Full cut in.

## Piece Good Staple Every Need

NEW PRINTS—Shown in the Fall. We bought them at a low price and sell them accordingly.

10c 12c 15c

PEPPERELL SHEETS—Size 81—quality. EACH

PEPPERELL PILLOW CASES—ly finished. EACH

**PREPARED BY LEGISLATORS**

**Government to**  
**Keep Own Cotton**  
**Off The Market**

WASHINGTON, Aug. 31. (AP)—A \$50,000,000 fund was available today to keep government-controlled cotton off the market until 1933. For six or seven months at least all sales would be halted under a plan devised by the farm board and financed by the Reconstruction corporation.

Jesse H. Jones, director in the corporation, announced the program last night in a radio address on the National Broadcasting system. He said: "We have authorized \$50,000,000 for cotton co-operative and cotton stabilization corporations to enable them to hold their cotton until 1933."

This statement was added to an advance copy of his address on general policies of the corporation just before Jones began to speak. He did not elaborate on it and in a later interview would say only that the loan was requested by the Farm Board.

Carl Williams, vice chairman and cotton member of the board, also declined comment "at this time" but it was learned that present plans would have the sales-suspension period last half a year at the minimum.

The \$50,000,000 fund aggregates loans of \$25 a bale on up to 2,000,000 bales of cotton and will be advanced as needed to meet finance, carrying and other charges.

**VERTIGO**

Vertigo, or dizziness, is a condition which may arise from an extensive number of causes. Among these are disturbances in the hearing and the visual mechanisms, in the gastro-intestinal tract, circulatory disturbances and toxic conditions. It may also be associated with fever and certain cerebral disturbances.

The dizziness associated with height is essentially neuroasthenic in character, being in some ways associated with the fear of falling, and with the fear of steep descent.

Sickness and train sickness or the giddiness from a swaying floor result from reception of extraordinary stimuli. One becomes sick because in a large measure one is not used to having the floor sway, nor to see the horizon rise and fall.

In a certain number of cases an individual can become habituated to a swaying floor so that he is no longer train sick or seasick, even though the train or ship keeps on swaying.

The most intense form of vertigo is usually due to disturbance of the so-called vestibular nerve. This nerve is associated with what is known as the semi-circular canals, a mechanism located within the skull and serving to give us orientation in relation to our immediate surroundings.

It is through these canals that we appreciate the position of our body, whether lying down or standing up, bending or turning.

Because vertigo may have so many causes, some of which may be of a very serious nature while others are insignificant, it is advisable, when suffering from unaccounted-for vertigo to have a careful examination.

Even so insignificant and common a condition as the large block of wax in the ear may give rise to vertigo.

On the other hand, one should not become unduly alarmed when vertigo results from sudden change in posture or to physical strain leading to an increase in blood pressure.

**Two Confessions**  
**In Weber Attack**

TISHOMINGO, Okla., Aug. 30. (AP)—Albert Ellis, arrested last night at Wagonmuck as a suspect in the robbery of a Port Worth family and an attack on an 18-year-old girl, was jailed at Ardmore today. Officers said he confessed after members of the family identified him as one of two men who stopped them on a road in Carter county Monday night.

Oscar Brandon, a second suspect, was arrested near here yesterday and is being held at the McAlester penitentiary. Officers said he also confessed and named Aussie Elliott as his accomplice.

However, the man sought as Elliott, a Granite reformitory fugitive gave the name of Ellis. Authorities said both suspects were former convicts.

Miss Joan Weber, who was mistreated after the robbery, is still in Ardmore with her father, John Weber, Port Worth stock broker.

**Two Confessions**  
**In Weber Attack**

TISHOMINGO, Okla., Aug. 30. (AP)—Albert Ellis, arrested last night at Wagonmuck as a suspect in the robbery of a Port Worth family and an attack on an 18-year-old girl, was jailed at Ardmore today. Officers said he confessed after members of the family identified him as one of two men who stopped them on a road in Carter county Monday night.

Oscar Brandon, a second suspect, was arrested near here yesterday and is being held at the McAlester penitentiary. Officers said he also confessed and named Aussie Elliott as his accomplice.

However, the man sought as Elliott, a Granite reformitory fugitive gave the name of Ellis. Authorities said both suspects were former convicts.

Miss Joan Weber, who was mistreated after the robbery, is still in Ardmore with her father, John Weber, Port Worth stock broker.

INCREASE ADVOCATED  
AUSTIN, Aug. 31. (AP)—Testimony that an increase in the allowable of the Yates Field in West Texas from 65,000 barrels per day to a point between 75,000 and 95,000 barrels would minimize waste was offered Tuesday at a hearing of the Texas Railroad commission.

**Government to**  
**Keep Own Cotton**  
**Off The Market**

WASHINGTON, Aug. 31. (AP)—A \$50,000,000 fund was available today to keep government-controlled cotton off the market until 1933. For six or seven months at least all sales would be halted under a plan devised by the farm board and financed by the Reconstruction corporation.

Jesse H. Jones, director in the corporation, announced the program last night in a radio address on the National Broadcasting system. He said: "We have authorized \$50,000,000 for cotton co-operative and cotton stabilization corporations to enable them to hold their cotton until 1933."

This statement was added to an advance copy of his address on general policies of the corporation just before Jones began to speak. He did not elaborate on it and in a later interview would say only that the loan was requested by the Farm Board.

Carl Williams, vice chairman and cotton member of the board, also declined comment "at this time" but it was learned that present plans would have the sales-suspension period last half a year at the minimum.

The \$50,000,000 fund aggregates loans of \$25 a bale on up to 2,000,000 bales of cotton and will be advanced as needed to meet finance, carrying and other charges.

**VERTIGO**

Vertigo, or dizziness, is a condition which may arise from an extensive number of causes. Among these are disturbances in the hearing and the visual mechanisms, in the gastro-intestinal tract, circulatory disturbances and toxic conditions. It may also be associated with fever and certain cerebral disturbances.

The dizziness associated with height is essentially neuroasthenic in character, being in some ways associated with the fear of falling, and with the fear of steep descent.

Sickness and train sickness or the giddiness from a swaying floor result from reception of extraordinary stimuli. One becomes sick because in a large measure one is not used to having the floor sway, nor to see the horizon rise and fall.

In a certain number of cases an individual can become habituated to a swaying floor so that he is no longer train sick or seasick, even though the train or ship keeps on swaying.

The most intense form of vertigo is usually due to disturbance of the so-called vestibular nerve. This nerve is associated with what is known as the semi-circular canals, a mechanism located within the skull and serving to give us orientation in relation to our immediate surroundings.

It is through these canals that we appreciate the position of our body, whether lying down or standing up, bending or turning.

Because vertigo may have so many causes, some of which may be of a very serious nature while others are insignificant, it is advisable, when suffering from unaccounted-for vertigo to have a careful examination.

Even so insignificant and common a condition as the large block of wax in the ear may give rise to vertigo.

# STYLE REVUE TO BE BIG UNDERTAKING IN SEPTEMBER

## PLANS FORMED BY DIRECTORS TUESDAY NIGHT

### SOMETHING DIFFERENT TO BE OFFERED THIS YEAR

Stepping from the pages of huge magazines, local men, women, and children, were living pictures of fashion last year as they took part in the style revue sponsored by the Pampa Business and Professional Women's club.

A full house witnessed the event, and as far as style was concerned, the occasion was the formal opening of fall in Gray county.

This year another style show will be given, probably about the middle of September, but the undertaking this year will be much greater than ever before. The women will not be hampered for lack of space, as a greatly enlarged stage at the La Nora theater has been placed at their disposal, and special scenery has been promised. With added facilities, the club expects to arrange something entirely different from the previous presentations. It is making plans to have a theme running through the entire revue, thus providing entertainment as well as a showing of styles. Talented stage artists are to be secured for the occasion.

Local merchants are to cooperate in the undertaking, their duty being to provide garments which are indicative of the latest style trends.

A meeting was held last evening at La Nora theater by those in charge of the revue. Those present were members of the public relations committee, Mrs. Jack Dunn, chairman, Miss Marie Bastin, and Mrs. Olin E. Hinkle, and members of the finance committee, Mrs. Glen Pool, Mrs. Ernest Gee, and Mrs. D. E. Robinson, as well as George Timmerick, theater manager, and Mrs. H. H. Hicks. Another meeting will be held at the theater tomorrow morning.

## Rainbow Girls Will Initiate

Rainbow Girls will attend a called meeting for initiatory work this evening at 7:30 o'clock at the Masonic hall, the meeting having been changed from Thursday.

## PERSONAL PARAGRAPHS

Fred Amon of Boston is in Pampa on business.

Miss Maurine Jones of Kilgore is visiting her parents, Mr. and Mrs. J. H. Jones.

Mrs. L. S. Buzbee of LeFors, former Pampa resident, visited here yesterday.

Miss Violet Durrett, local teacher, is expected today from Coleman, where she spent the summer with her family.

Mrs. Frank Allison and son, Jack, will leave today for Denver, where they will visit Mrs. Allison's mother.

Mrs. Ed Fowler, Mrs. Charles Woolley, and Mrs. Lee Vannoy are to have charge of publicity and advertising for the fall style show to be sponsored by the Business and Professional Women's club.

Mrs. J. A. Jeffus and son, Harry, of Reno, Nev., are visiting Mrs. A. J. Crocker this week.

## Storm Damage In Florida Is Slight

TAMPA, Fla., Aug. 31. (AP)—The tropical storm that swept the southern tip of Florida yesterday moved northwestward over the Gulf of Mexico today after striking the lower Florida west coast without serious damage.

Storm warnings were ordered down Tampa at 6 a. m. today but the weather bureau at Washington announced to vessels in the northern Gulf and off the coasts of west Florida, Alabama, Mississippi, and Louisiana.

Boats from Pensacola early today said the barometer there stood at 30.1, a drop from 29.92 at 8 p. m.

## PROFANITARIAN OPERA STARS TAILORED MODE

MORTZ, Aug. 31. (AP)—Rosa Metropolitan Opera soloist who is among Americans to climb the Alps, adopted a strictly tailored C. G. P. mountain habit.

She wore a dark tailored wool top, a matching beret and a red, matching blouse a wide two-piece suit with a wide white waist and a wide white skirt.

She wore a wide white waist and a wide white skirt.

She wore a wide white waist and a wide white skirt.

## TOUCH OF WHITE ON BLUE

THIS NAVY BLUE WOOL TWO-PIECE DRESS ADDS A TOUCH OF WHITE ON NECK AND SLEEVES, LARGE BUTTONS, HIP POCKETS, AND CENTER FRONT CLOSINGS ARE INTERESTING DETAILS — Liana Merwin

## One Thousand Persons Hear Crimm Speak on Experimental Religion

Despite the threatening rain, a crowd of 1,000 persons gathered in the tabernacle on West Kingsmill last evening to hear Evangelist B. B. Crimm discuss experimental religion.

The evangelist told the story of Pharaoh and the plagues, Pharaoh representing the devil, and stated that just as surely as the people were under the bondage of Pharaoh, so people today are under bondage of the devil. He declared the tragedy of the situation was in the fact that many names coming in that class were on the church rolls. He scored the worldliness of many church people and urged them to break away from Satan. He said that Moses represented the son of God in delivering the children of Israel, and nothing but the son of God and His atonement could set free those under bondage of Satan.

Forty-one young people attended the young people's revival last evening at 7 o'clock. It will continue each evening at the same hour. "Services will be held tonight, rain or shine, sleet or snow," declared members of the evangelistic party.

## Birthday Party Given Tiny Pipes

C. E. "Tiny" Pipes, elected Sheriff of Montenegro attended a recent smart luncheon wearing a tailored suit of soft gray crinkled tweed designed with a straight skirt and a blouse of white crepon having a vee shaped yoke.

The semi-fitted packet was finished with a wide raised collar and fastened with "shell pushed" silver clips.

Globe Clothiers are coming to Pampa

Miss E. C. Will and children visited in Amarillo yesterday.

## PRIZE PILOTS DERBY

Proud winners of the Lord Cup race—a transcontinental handicap air derby—were the four pilots who are pictured here after they had landed at Cleveland's Municipal Airport. Roy Hunt (second from right), stunt flyer of Norman, Okla., roared to victory in the Grand Sweepstakes, and Stanley C. Huffman (extreme right), Cincinnati derbyist in the Atlantic wing of the race, earned the Junior Sweepstakes trophy. Mrs. Gladys O'Donnell (extreme left) of Long Beach, Cal., led the feminine flyers in the western division of the derby, and Helen McCloskey (second from left) of Pittsburgh led the women in the eastern division.

## FOOD PRODUCED AT HOME USED FOR LUNCHEON

### YELLOW FLOWERS ARE EMPLOYED BY MRS. DICK WALKER

The luncheon given by Mrs. Dick Walker yesterday as a courtesy to members of the Amusu club was unusual in that practically every item on the delicious menu was produced at home, fried chicken being the meat dish.

Served at 1 o'clock in a setting suggestive of autumn through the use of yellow garden flowers, the luncheon was very attractive. The blossoms included marigolds, zinnias, calendulas, and golden glow, all in shades of yellow.

Bridge games provided diversion for the early afternoon hours.

One special guest, Mrs. T. R. Martin, and the following members attended: Mesdames J. H. Felley, Lynn Boyd, J. M. McDonald, Siler Faulkner, C. T. Hunkapillar, William M. Craven, George Walstad, C. P. Buckler, Alex Schneider, W. A. Bratton, L. N. McMillough, Tom E. Rose, Charles C. Cook, Clifford Braly, Charlie Thut, and the hostess.

## Large Crowd at Club Encampment

CHILDRESS, Aug. 31. (SP)—A record enrollment of more than 300 and an attendance of more than 400 was reported by Miss Helen Cowan and V. E. Hafner, county agricultural agents, in 4-H Club encampment held Friday and Saturday at the Fair Park.

Although there were only 300 enrolled, there were many others present for the programs which included musical numbers and readings last night by local artists, and the program today which included recreational games and swimming and demonstrations on how to make relishes for the women and to make hog self-feeders for the boys.

The main feature of Saturday's program was a talk by the Rev. Uel D. Crosby on the subject of "Work, Love and Worship."

This encampment was the largest which has ever been held in Childress, according to those in charge.

## Miss Vincent Is To Return Soon

Miss Kathryn Vincent is expected home the latter part of this week or the first of next week from Dallas, where she has been studying dancing. She took work at the only branch in Texas of the Alvertina Rasch School of Dancing of Los Angeles, and studied tap dancing under a graduate of the Ned Wayburn school of New York.

## Flying Family at Labrador Town

ELLIS BAY, Anticosti, Island, Que., Aug. 31. (AP)—The flying family of Hutchinsons en route from New York to Europe in the Albatross via Greenland, were in Labrador today after completing the third leg of their flight.

The Hutchinsons, comprising a party of eight, including four outsiders in the crew, flew yesterday from Port Moresby, Anticosti, Island, to Hopedale, a distance of 500 miles, in a little over four hours.

## Passenger Strikes Car, Kills Five

LA GRANGE, Ky., Aug. 31. (AP)—Five persons were killed today when an automobile in which they were riding was struck by a Louisville & Nashville passenger train three miles west of here.

The dead: Walter Douglas, 62, farmer; Mrs. Lula Douglas, 49, his wife; Prentice Douglas, 39, a son of Walter.

Miss Mabel Douglas, 19, and Miss Madeline Douglas, 15, daughters of Prentice.

MRS. MITCHELL WEARS WHITE COTTON CHIFFON WASHINGTON, Aug. 31. (AP)—Mrs. William D. Mitchell, wife of the Attorney General, is wearing a dress of white cotton chiffon in blue with a wide-brimmed white hat.

O. L. Winnegar of Borger was a Pampa visitor yesterday.

Clyde King of Miami looked after business interests here yesterday.

## IN THE MODE

Mrs. William Wright Harts Jr., the former Lillian Emerson, chose the new style hat that dips on the right and sweeps away from the face on the left, when she arrived in New York recently, with her husband, after a European honeymoon. Her two-piece traveling dress featured the cape that is a distinctive part of the fall mode, and she tied a black scarf in an audacious bow on her left shoulder.

## Lodge Initiates At Gathering On Tuesday Evening

Miss Hazel Baker and Miss Victoria Anderson were initiated at a regular meeting of the Royal Neighbors last evening at the First Baptist church. Mrs. Emma J. Branston, district deputy, and her daughter, Rose Beth, of Denison were in attendance.

Plans were made for an initiation service to be held next Tuesday evening, and a regular meeting was announced for Thursday afternoon of this week at 2 o'clock at the First Baptist church. Oracle Ida Anderson requested that every member be present at the meeting Thursday.

## Watermelon Feast Set for Tomorrow

F. M. Culbertson, T. F. Smallhr, Roy Barnard, and Bob Fuller last evening attended a district meeting of Chevrolet dealers and sales managers. About 70 persons attended.

Because of the meeting in Amarillo, the watermelon feast scheduled to be held by employees of the Culbertson-smalling motor company was postponed. If weather permits, however, it will be held tomorrow evening on the lawn of the Culbertson home.

## Local Pianist To Give Instruction

Sid Merton, well known pianist, has opened a studio to teach popular music at his home, 430 North Russell street. He recently returned from California, where he played several times over the radio. He uses a modern method of instruction that is easy to learn.

The new teacher has played with such well known orchestras as the Black Diamond Syncopaters of Toronto, Canada, Houston Harmony Boys, Brice Hotel, Houston, and others. He also spent a year on the Lowes Northern vaudeville circuit.

Jar and Mrs. T. E. Simmons returned yesterday after a 2-week trip to Casper, Wyo., and Yellowstone national park.

## MANYS VISITS ARE MADE BY LOCAL CLASS

### SIXTEEN TEACHERS ARE PROVIDED DURING ONE MONTH

Two hundred forty-one visits were made this month by members of the Doreas Sunday school class, First Baptist church, it was left-ferred at a meeting held Monday afternoon at the church.

Reports also were made that the month's offering amounted to \$37.19 and that the class had furnished 16 substitute teachers. Sixty per cent of the members have signed pledge cards for the coming year, and two members joined the church last week.

Mrs. Jack Neeves and Mrs. S. O. Garner were appointed to order spoons for new babies of class members.

It was decided to hold a class meeting each Wednesday afternoon at 2:30 o'clock at the church.

These at Monday's meeting were Mrs. Tom E. Rose, teacher, Mrs. Roy Wight, president, who presided at the meeting, and Mesdames Bo Barrett, S. O. Garner, G. H. Covington, V. L. Dickinson, Earl Hinkle, Lee Banks, John Oakes, Gower, E. Stidum, B. G. Stone, W. O. Workman, Dee Campbell, T. B. Rogers, J. Powell Wehrung, and Ova White.

## COMING EVENTS

**THURSDAY**  
Women of the Church of Christ will meet for Bible study.

American Legion auxiliary will hold a regular evening meeting at the Legion hall.

Club Mayfair will meet at 3 o'clock in the home of Mrs. T. R. Martin.

Community fair will be held in Laketon by the home demonstration club of that community.

Miss Loma Groom, instructor in Horace Mann school, is expected to arrive in Pampa today. She spent the summer attending West Texas State Teachers college, Canyon, and has just returned after a trip to Carlsbad caverns.
