Railroad Commission Hears Plan on Unitization of Gas Production

FORAN THINKS SOLUTION CAN BE OUTLINED

PERMANENT REMEDIES WILL REQUIRE MORE WORK

STRIPPING OF FUEL IS CALLED PUREST WASTE

AUSTIN, Aug. 10. (AP)—Accord has been reached by a committee of persons interested in the Panhandle gas field on the fundamental principle to be included in any permanent plan to govern operations in the field, E. V. Foran, engineer for the Texas railroad commission, testified today at a hearing of the commission called to consider conservation orders.

Foran said the basic principle called for operation of the entire area as a unit. There was considerable argument at the hearing over whether a temporary plan would be feasible pending perfection of a permanent solution. It appeared to be the consensus among operators in the field that a temporary plan would be unworkable and would be destructive to any permanent plan that might be placed in operation.

Foran took the position that a temporary plan, embodying the fundamentals of a permanent order but minus many of its details, would be an inestimable help in conserving the gas energy of the field and in preventing actual physical waste. Foran said he believed he could outline a temporary proposal within 15 days that would be workable from an engineering standpoint. He admitted that any temporary effort would be fraught with inequalities and imperfections but expressed belief those details should be sacrificed to workability.

He estimated it would require from three to six months to draft a plan that would permanently solve the situation. Foran proposed that in the temporary order only the area now being effectively drained be taken into consideration. The permanent plan, however, would treat the entire area capable of production as a unit and

Burglars Flee Without Loot

MCKINNEY, Aug. 10. (AP)—Two men who tried to rob the depot at Anna today escaped after a running gun fight with Nightwatchman E. G. McCrary. Anna is 12 miles north of McKinney.

McCrary warned the McKinney officers to be on the lookout for the men, who fled south. Shortly afterward, a large car entered McKinney from the north. Deputy Sheriff Claude West and Policeman Jim Hollandworth followed it. They came upon an overturned car near Thompson's gin. The car was in flames. Persons living near by said two men climbed out of the car after it wrecked and ran away. The car bore license plates issued at Dallas.

FORT WORTH & DENVER'S STATION IS ONE OF FINEST IN SYSTEM—BUILDING COMPLETED

Brick Structure Is Attractive And Large—Grounds Will Be Made Pretty With Flowers

Pampa has one of the most modern and up-to-date Fort Worth and Denver railroad stations in the system. The building has just been completed and occupied by the office staff. Furniture for the waiting rooms is en route. The station, including the freight and express quarters, is 40 feet wide by 100 feet long. It is of buff mangle brick with red asbestos roof. The passenger section is divided into waiting rooms for whites and negroes. The white waiting room has terrazo floors with brown com-

position walls and ceiling. The lavatories are of tile. The large office is accessible from both waiting rooms and from inside entrances. All business will be handled from the one office, with U. G. Kerss in charge. The station was erected by Glover and Boyington, local contractors. It took 50 working days to finish the building. Curb and gutter and sidewalks on Brown and Frost

SPLASHES MADE BY Pampa folk in neighboring towns' swimming pools remind us again of the need for an adequate place to swim here. Such a pool, large enough to accommodate substantial self-supporting with a nominal fee. Well-regulated and under municipal management, it should not be objectionable.

Today's congratulations go to President T. D. Hobart of the Panhandle-Plains Historical society and his museum building committee. Their raising of \$25,000 to match the state's similar appropriation was a monumental feat during this Hoover era. The local man, long president of the society, will have the pleasure of dedicating the fine building in early winter. It will be the only state-owned museum in the state. Those persons having old relics should save them for the museum's permanent collection.

The museum drive has had the highly valued assistance of the Teachers college staff, of Prof. L. F. Sheffe as field secretary, and of dozens of oldtimers who assisted in the drive. The pioneering work of J. Everts Haley, now of the University of Texas, should not be overlooked. He acquainted hundreds of oldtimers with the work of the society and gathered tons of old records and relics.

We recall with interest the origin of the historical society. Miss Hattie M. Anderson, professor of history at the Teachers college, is the originator of the movement. This writer, as a student in her American history class back in 1922, noticed one day on her desk a publication of the Missouri Historical society. Conversation drifted to the need of such an organization in and for the Panhandle. Miss Anderson revealed that she had plans for such a society, and shortly afterward a meeting of

NAZI LEADER MOVES TROOPS NEAR BERLIN

WILL STRESS DEMAND FOR "ALL OR NOTHING"

SOME ALARM IS FELT

VIOLENT SITUATION HAS AGED STATESMAN WORRIED

BERLIN, Aug. 10. (AP)—Adolf Hitler, head of the powerful National Socialist party, loomed more prominently than ever today as President Van Hindenburg's choice for chancellor of Germany. Chancellor Franz Von Papen reported the political situation to the president this afternoon when the aging field marshal returned from his summer estate at Neudeck. All those concerned in the negotiations for organizing a new cabinet did their best to prevent any information from leaking out, but they did not succeed entirely and there was evidence that the president was wavering in his previous determination to maintain a non-partisan cabinet.

The facts of the situation were known before him not only by Chancellor Von Papen but also by Otto Meissner, the presidential secretary who was an important figure behind the scenes in unseating the Brüning cabinet. On the basis of these facts, the president was reported as inclining toward asking Hitler to form a cabinet.

Thousands of Adolf Hitler's Nazi storm troops were reported concentrating today in the vicinity of Berlin and Central Germany. The Nazi commander himself was understood to be ready to lay down a final demand for the right to lead the German government.

"All or nothing" is the reply Hitler was understood to have made to General Kurt Von Schleicher, defense minister, when asked for a statement of his attitude. Leftist newspaper made much of concentrations of storm troops. Many persons felt alarm over the situation but others regarded it as a tactical movement.

Rotary Influence Is World-Wide

That the influence of Rotary clubs all over the world was being felt more and more was brought out in talks before the Rotary club today. Bill Smith and M. K. Brown, talked on various high lights of the international meeting in Seattle, Wash., in June.

Mr. Smith told of the various talks and discussions at the meeting and Mr. Brown told of the recent world-wide trip made by Sidney Pascel, past president of the international body. Visitors today were Roy Bell, Amarillo, and Rotarians Tom Hudspeth, El Paso; and W. E. Beardon of Monroe, La.

Warning on Double Parking Is Given

Action will have to be taken to restrict parking on East Kingsmill avenue in front of the post office unless motorists decide to follow the city ordinance regarding length of parking and double parking on that part of the street, City Manager C. L. Stine said this morning. The city commission discussed the situation at length yesterday afternoon.

Double parking is a violation of the city ordinance and Traffic Officer Wayne Nickelson has been instructed to keep traffic in front of the post office and see that it is not allowed. The time limit for parking in front of the postoffice is 15 minutes.

NEW PICTURES IN REYNOLDS MYSTERY

This is Alfred Holman of Cincinnati, father of Libby Holman, caught by the camera at Winston-Salem, N. C., as he appeared and declared his daughter will be brought to this city as soon as her condition improves.

This is the latest picture of Ab Walker, released under \$25,000 bail since he was indicted for murder in the shooting of Z. Smith Reynolds, husband of Libby Holman.

Judge A. M. Stack, above, of Winston-Salem, set bail for Ab Walker at \$25,000 when the 19-year-old youth, charged with murder, was brought before him. The youth's father signed the bail bond under which Walker was released.

ILLEGAL VOTE SAID TO HAVE MAIN BEARING

LACK OF POLL TAXES SAID TO HAVE BEEN FOUND

MARGIN VERY NARROW

PROSECUTOR WANTS NO ADVANTAGE HE IS NOT DUE

District Attorney Raymond Allred, brother of the Texas attorney general, late yesterday filed in Wheeler county a petition alleging that illegal votes were cast against him in the South Pampa voting precinct, No. 2. He traced Lewis M. Goodrich of Shamrock by between 18 and 24 votes in the first primary, but it is believed by him and his friends that illegal votes in the South Pampa box would, if thrown out, make him the democratic nominee. This belief is based on a study of the list of voters who said they had poll taxes but who are alleged not to have them.

Judge W. R. Ewing received the petition at 5 o'clock yesterday and set it for a hearing at Wheeler August 18. Mr. Goodrich was given notice of the filing of the contest last night. Both men will be represented by other attorneys when the contest is held. While he is willing to have the hearing at Wheeler, Mr. Allred told THE NEWS this morning that he would suggest the transfer of the contest to Pampa, where the witnesses reside. The petition was filed, as the law requires, in the county where the candidate claiming the nomination resides. Whether there will be a re-count of the South Pampa box is discretionary with the presiding judge.

"I have no desire to remain in office through a technicality," Mr. Allred emphasized. "If Mr. Goodrich won fairly, even by one vote, I want him to have the place. I believe, however, after a study of the activities of unqualified voters in precinct 2 of Gray county, that I was fairly elected and will be able to show why." The reference to a technicality was based on reports from Lipscomb county that the boxes were illegally opened to obtain the total county results, after presiding judges had failed to keep records of several races.

Trial of Negro To Be "Staged"

Another negro trial will be "staged" in justice court with James Todd, Jr., presiding at 1:30 o'clock tomorrow afternoon. Sheriff's officers and Constable Frank Jordan "rounded up" six negroes last night and charged them with venancy. Three of them have decided to fight the charge. One of the negro women charged was found guilty of drunkenness last week and fined \$10 and costs by a justice court jury during a second trial. She gave notice of appeal.

The officers also arrested one man on a charge of drunkenness and three juveniles for theft.

BYRD IS DISAPPOINTED

PUBLIC HEARING ON SCHOOL BUDGET FOR NEXT TERM WILL BE HELD AUGUST 16, 2 P. M.

Drastic Economy Of Operation Will Be Needed

Residents of the Pampa independent school district are invited to attend a public hearing August 16 on the budget prepared by Business Manager Joe Smith and the trustees for the coming school term. The hearing will begin at 2 p. m. The budget shows that the total receipts last year were \$267,550.55, compared with estimated receipts for next term of \$226,216.76. It is estimated that the state apportionment, if paid in full, will total \$45,700, although full payment is regarded as unlikely. The apportionment for the last term was approximately \$60,000, but of this sum only \$48,710.50 has been required.

Stork May Halt Trial of Libby

WINSTON-SALEM, N. C., Aug. 10. (AP)—The expected birth of a child possibly may delay Libby Holman's murder trial several months. Although her attorney said Miss Holman, seeking "vindication as soon as possible," wants a trial before the baby is born, headed the phrase "if physicians decide it will not endanger the infant."

The young widow, who is accused with Ab Walker in the shooting of her husband, Smith Reynolds, tobacco heir, has dropped from public sight again. One of her attorneys suggested the Broadway blues singer, who left Reidsville by auto early Tuesday after being released in \$25,000 bail, may be traveling by night and sleeping by day to avoid starting throngs.

Alfred Holman, her father, left Winston-Salem yesterday for Cincinnati.

Corner Traffic Problem Studied

Which motorist has the right-of-way at the corner of North Somerville street and Francis avenue, the one driving on Somerville or the one proceeding along Francis avenue? The corner is a death trap and many bad accidents have happened at that corner recently. Chief of Police J. L. Downs is endeavoring to find a suitable way to control traffic at that intersection without placing too many "stop" signs.

Most motorists agree that the driver on his right has the right-of-way, but a few seem to disagree and accidents result. A motorist driving west on Francis avenue has the right-of-way over the motorist going north on Somerville street, in the belief of the police chief.

LATE NEWS

NEW YORK, Aug. 10. (AP)—The stock market boiled up afresh today, with many of the leading issues up 2 to 8 points in the second most active day of the year. There were numerous reactions of 1 to 3 from the lead in the middle of the afternoon, but the decline was checked when motors were given a whirl in the late dealings. The closing tone was strong, and the turnover about 4,500,000 shares.

MADRID, Aug. 10. (AP)—Royalist army leaders plunged Spain into rebellion today, attacking the ministry of war at Madrid and seizing control of the city of Seville. General Jose Sanjurjo, the man who escorted Queen Victoria into exile, appeared to be an outstanding figure in the movement. It was he who took Seville and the smaller town of Jerez de la Frontera.

OLYMPIC STADIUM Los Angeles, Aug. 10. (AP)—Three American girls led the five foreign contestants today in the first event of the women's Olympic springboard diving finals with Katherine Rawls, 14-year-old sensation, tying Georgia Coleman, United States diving queen, for first place.

LITTLE ROCK, Ark., Aug. 10. (AP)—Lacking only five thousand votes of having as many as the combined total of her six male opponents, Senator Hattie W. Caraway was re-elected increasing her plurality for re-election as returns were received from yesterday's democratic primary in more than half the precincts in the state.

NEW YORK, Aug. 10. (AP)—Jed C. Adams, democratic national committeeman for Texas, announced today that Roy Miller of Corpus Christi has been selected as state campaign manager for Texas and that within the next few days a woman co-manager will be named.

JAPANESE AMBASSADOR TALKS TO STIMSON; SAYS GOODBYE

WASHINGTON, Aug. 10. (AP)—Ambassador Debutchi of Japan spent almost an hour discussing the Manchurian question with Secretary Stimson today but told newspapermen when he left that he had not asked the secretary for an explanation of his speech on the Kellogg-Briand peace pact in New York Monday night and that he had not been instructed by his government to do so.

The ambassador declined to say, however, whether the secretary had taken up of his own volition the matters discussed in his speech. Dispatches from Tokyo have said Debutchi has been instructed to seek an explanation of portions of the Stimson speech relating to the Sino-Japanese developments.

Debutchi said he had called on the secretary to tell him goodbye preparatory to his forthcoming visit to Japan. He reiterated his recent assertions that he had received no intimation that he was to return to this county as ambassador. "I expect to be back before Christmas," he added. The ambassador said he believed that reports of impending renewed military activities in the Peiping-Tientsin area were exaggerated.

TEXAS AND GOVERNORSHIP

Texas comes to its run-off primary with two candidates for governor. These have definite proposals for the use of gasoline tax revenues.

One, Mrs. Miriam Ferguson, gives forth her stand on public questions through her husband, who is her campaign speaker and manager. Ferguson would split the gasoline revenues three ways, schools getting a third, the general fund a third, the highway department a third. This might cut the state tax levy a cent or two.

The other, Ross Sterling, would continue giving the schools a fourth, assume all county bonds issued for construction of state highways and use the balance for building and maintaining highways.

The Sterling program WILL CUT tax rates in each county.

Consider the effect in Hale county. This county has issued \$710,000 in bonds for the construction of state designated highways. Under the Sterling plan the state in assuming these maturities, would, for 1933, relieve Hale county of payment of an immense sum. The tax rate has not yet been set for 1932. But last year we had a levy for the retirement of the highway bonds and for payment of interest on them of 30 cents on the \$100 valuation. This cost tax payers of the county, largely the owners of real estate, approximately \$50,000. Thus the Sterling plan would save tax payers in Hale county an immense sum, while the conversion of one-third of the gasoline tax to the state general fund, as proposed by Ferguson, would leave that burden on Hale county and all other counties which have paved their highways and have bonds outstanding.

Mark the prediction, if that money from the highway gasoline tax ever gets into the state general fund IT WILL BE SPENT. It will be the target of every form of pet local bills for appropriations and will be dissipated.

In dollars, over the full period of the bond issue, Hale county will save its \$710,000. And so will every other progressive West Texas county which has paved its roads. Other counties, which have not yet paved, will receive benefits, for reasonable construction of cardinal, designated highways will continue without cost to the counties, except as derived from the gasoline tax.

Ferguson would halt the building of essential highways for two years or longer.

Sterling would preserve a sane highway building program, connecting up gaps on the cardinal highways.

A vote for Ferguson is a vote for a one-cent or two-cent tax cut—maybe.

A vote for Sterling is a vote for a 30-cent tax cut—FOR CERTAIN—in Hale county, and in other counties in proportion.

Remember, the Governor of Texas APPOINTS the Highway Commission. Cone Johnson's commission expires in 1933, Judge Ely's in 1935, and D. K. Maartin's in 1937. When you vote for a governor, friend, you are voting for a highway commission, too.

The contrast is sharp and distinct between the two proposals on distribution of highway funds. Do we want two or three cents reduction in general taxes through the circuitous route of sending it to Austin and then getting it back, maybe, or certain reduction in the taxes we pay HERE and for a sum that will help? It will appropriate \$48 per section of land and on other property in proportion.

The issue is clear. The choice between plans is easy.—Plainview HERALD.

The depression is nearly over for the football fans! Their attention is beginning to turn toward the football training camp which Coach Odus Mitchell will open here on August 22. Coaches Mitchell and Argus Fox have been studying the game intensively this summer. As coaches, they will have to be teachers next fall. Losses by graduation have been very heavy. But win or lose, the Harvesters will have the support of the city as usual next fall. This is a "football town" de luxe.

Ray V. Davis, noted photographer and custodian of part of the Palo Duro canyon, submits the following:

EL PALO DURO
O! father time for some years past
Was makin' Palo Duro,
Way out on the Texas plain
He cut a deep, deep furrow.

Here all the ages can be seen,
An' color deep an' gorg'us,
An' time clean back to plicene
Lays right out there before us.

A quiet, peaceful sparkling stream
Winds down this rugged chasm,
Yet cuts its way to deeper soil
As time goes on to fathom.

Tho' father time has carved an' carved
Mother nature can be seen
To add her bit with flowers an' birds
An' springs, an' cedars green.

Here fleet-foot deer and buffalo herd
An' the Indian with his squaw
Have come, then gone with the pioneer
Who brought with him the law.

An' yet the change we see today
Has not the color taken,
For rainbow hues are on display
In this great Canyon's makin'.

For all these years an' all the change
Has only made more beauty,
An' cowboys ridin' on the range
Enjoyed it while on duty.

An' now we hail the passer by,
To see this gorg'us Canyon
An' ease the tired business eye,
Be nature's close companion.

The choice between Sterling and Ferguson in Gray county should be easy. Sterling would save Gray county a million dollars in bonds for paving; Ferguson would save a few thousand in the ad valorem levy. Turn to the article on the editorial page, showing a parallel case in Hale county.

CAPTAIN LANCASTER DENIES HE SLEW RIVAL IN LOVE AFFAIR

MIAMI, Fla., Aug. 10. (AP)—Captain W. N. Lancaster, with voice steady and unemotional, today described for a jury what he called the suicide of Haden Clarke, for whose murder he is on trial.

Previously he had returned a claim "no" to a point blank question by James M. Carson, chief of defense counsel, whether he killed the young writer who supplanted him as fiance of Mrs. Keith-Miller, Lancaster's flying companion for five years.

"I was awakened by a bang," Lancaster said. "I thought it was a window. I called 'What is that, Haden?' I heard a gurgling noise from his bed."

He leaped from his bed, he related, to find blood streaming from Clarke's face, and a pistol lying beside the fatally wounded man.

"Haden, what have you done?" he said as his best recollection of his next words. There was no answer.

The former British army pilot said he and Clarke, after going to bed in their room at Mrs. Keith-Miller's home had talked at length over their tangled love affairs.

Red Cross Asks Full Attendance

Full attendance, not only of officers and directors but of the general membership and of interested citizens, is desired by Chairman W. A. Bratton of the Pampa chapter of the Red Cross at a meeting Thursday evening.

The session will be held in the city hall at 8 p. m. Election of officers and consideration of reports on the last year's activities will be among the items of business.

SCOUT NEWS
All members of troop 3 are urged to meet at 8 o'clock Friday night. Parents and friends interested in the scouting movement are also urged to be present. The meeting will be held in the basement of the First Baptist church.

Gangs' Nemesis Gets His Reward

CHICAGO, Aug. 10. (AP)—George E. Q. Johnson, the man who was largely instrumental in putting Al Capone behind prison bars, last named by President Hoover as federal district judge, for northern Illinois.

The appointment, announced in Washington yesterday, was interpreted by Chicago friends of the federal district attorney as a reward for his 100 per cent record in sending a dozen other gangsters and politicians to prison for evading their income taxes.

At the same time, the president named Assistant U. S. Attorney Dwight H. Green to take Mr. Johnson's place as chief federal prosecutor in Chicago. Both are recess appointments and must be confirmed by the senate when it meets in its short session in December.

For three years Johnson, a quiet slender little man, has stood as a thorn in the side of Chicago's gangland. The way to designate gangland's ranks, he reasoned, was to strike at them with the income tax, and strike he did.

FUGITIVE SURRENDERS

MARSHALL, Ark., Aug. 10. (AP)—The siege of an office building to arrest Leland Henley, 35, for murder in the ambushing of W. W. Fendley, 61, former county official and retired lumber dealer, was ended with his voluntary surrender. Henley gave himself up yesterday after officers sent for today gas briquets to hurl into the hide-out and was taken by Sheriff George Hogt to Little Rock for safe-keeping in the state prison because of feeling against him here.

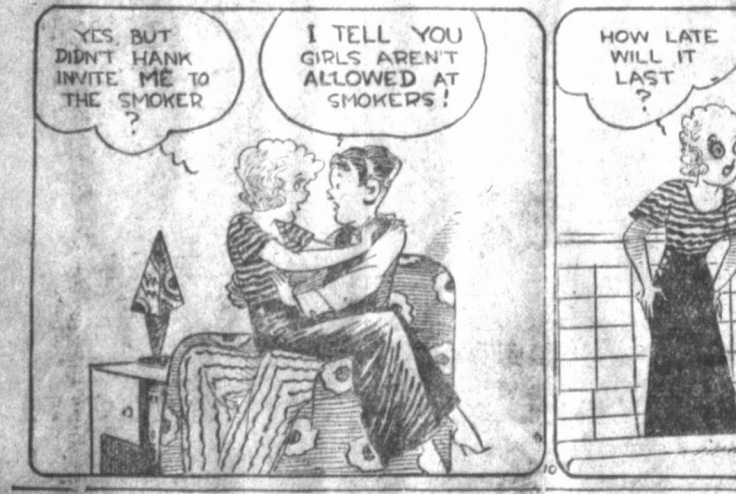

DIVORCES GRANTED

Jettie Mae Jackson was granted a divorce from Clarence Jackson by Judge Braly in 114th district court yesterday afternoon. Mrs. Jackson was also given the custody of a small child with the understanding that the father could visit the child.

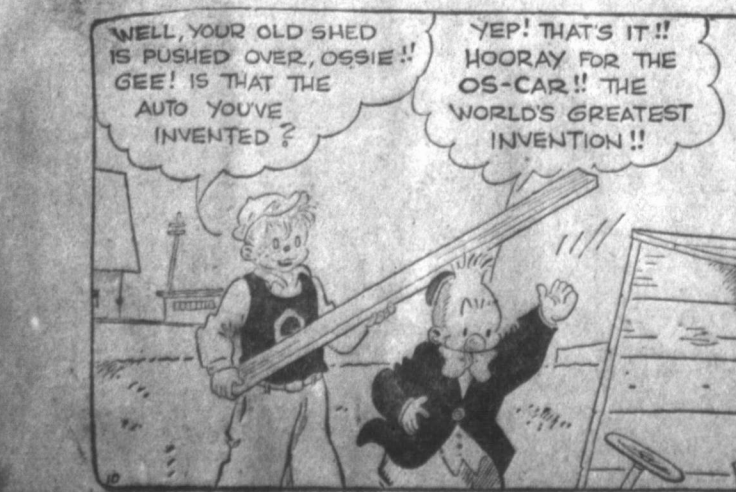

Judge Braly also granted a divorce to Joe Bishop from Clara Bishop yesterday afternoon. Testimony was heard Aug. 1 but the judge reserved judgment.

Court then recessed until Friday when the damage suit of Pete Zello versus J. R. Glover has been set.

Woman Believed To Be Murderer

SAN ANTONIO, Aug. 10. (AP)—Officers today said they knew the name of the woman who killed Mr. and Mrs. D. J. Markley Monday night. No arrest had been made as the investigation continued.

The couple was shot as Mrs. Markley opened the door of the garage at their home to let her husband put their automobile away. Neighbors said they heard Mrs. Markley call out the woman's name before the shooting began.

Officers attributed the shooting to a killing in which Markley was involved several years ago.

IDENTIFY "LADY AND GENT" MYSTERY STARS

Who are these romantic "ladies and gents"? Here are six of the most famous romantic teams of motion picture history. You've seen them all. Can you remember their names? The first ten persons who send correct identifications of these six ladies and six gents to the "Lady and Gent" Mystery Star Contest Editor of the Pampa Daily News, will be awarded, by courtesy of The NEWS and the Rex theater, guest tickets to see "Lady and Gent," the George Bancroft-Wynne Gibson film which opens on Sunday at the Rex theater.

They were all familiar stars a very few years ago. Some of them are still at the heights of their profession; some have retired, and one is dead. Here are a few tips for you: In the top row, reading left to right: The first pair made a glamorous team of underworld lovers. The girl recently made a sensational retirement from pictures, but has now been announced for a come-back. The center team became famous in several pictures of the

latter days of the silent era. She has been one of the foremost stars almost from the beginning of pictures, and she gave him his first job. The pair at the right are shown in a scene from one of the big spectacles of silent days. The man has been equally successful in talking films, but the woman has retired. The picture at the left in the lower row shows a pair who became more famous as individual stars than as a team. The woman has reached even greater heights in talkies than in the old days. The

man, now dead, occupied a unique position in film history. No male star, before or since, has ever equaled his popularity. The center picture shows two famous stars in a scene from a famous picture. The man's identity is obvious. The woman has long since retired. The final picture, on the right, is also from a famous picture—one of the so-called milestones in cinema production. You don't need any further hints, do you? Who are they?

Wanamaker And New Bride Are On Secret Trip

RENO, Nev., Aug. 10. (AP)—Mr. and Mrs. John Wanamaker Jr. were on their wedding trip today, no one knew, or would say, exactly where. John Wanamaker Jr., of a wealthy Philadelphia family, married Mrs. Elizabeth Pelz Warburton, divorced wife of his cousin, C. Edgar Warburton of Philadelphia, a few hours after he obtained a divorce from Mrs. Pauline Disston Wanamaker here yesterday. The divorce decree was granted in the afternoon by Superior Judge Thomas F. Moran on grounds of desertion. Last night Judge Moran officiated at the wedding at the home of Clyde D. Souter, Wanamaker's attorney.

SONG-WRITING PREACHER TRIES TO RAISE FUNDS

MUSKOGEE, Okla., Aug. 10. (AP)—Facing arraignment on a charge of murdering his first wife by poisoning her last March 21, the Rev. S. A. Berrie, song writing pastor, turned his attention today from composition of a new hymn to raising money. He sold his Bethel tabernacle, to which he led a group of his followers after being ousted as pastor of the Cumberland Presbyterian church several months ago, and began negotiations to borrow on his life insurance.

HELEN MEETS SUZANNE

Watching the Davis Cup matches in Paris, recently were these two former rivals of the tennis courts, Mrs. Helen Wills Moody and Miss Suzanne Lenglen. The American girl, present world's champion, and the French star of a few years ago exchanged reminiscences during the men's matches.

Mr. and Mrs. E. W. Curtis of Abilene are visiting friends here.

Hoover's Plank On Prohibition Is Pleasing To 'Wet'

WASHINGTON, Aug. 10. (AP)—Republicans today mapped out a vigorous Eastern campaign in support of their prohibition submission plank against the democratic repealer. The tentative program called for a speech by President Hoover in Franklin D. Roosevelt's own state of New York and another in New England, possibly Boston. Victory in the entire strategic section was predicted by G. O. P. leaders as they scanned the acceptance speech Mr. Hoover will make tomorrow night. To Senator Herbert of Rhode Island, an opponent of prohibition and Eastern campaign manager for the republicans, President Hoover's much-awaited reference in that speech to prohibition is "satisfactory." Herbert added that the reference would "back the republican resubmission plank."

ATTACKS TERRELL. FORT WORTH, Aug. 10. (AP)—Charging his opponent, C. V. Terrell of Austin, with using employees of the Texas Railroad commission and state-owned automobiles in the furtherance of his campaign, Lee Satterwhite, Odessa, candidate for railroad commissioner, spoke in the interest of his candidacy at Mansfield last night. David Manners In Current Film

A fine job of casting, bespeaking excellent entertainment, is evident in the list of players in "Stranger in Town," the Warner Bros. picture which comes to the La Nora theater today, with "Chic" Sale, Ann Dvorak, David Manners, Noah Beery and Raymond Hatton in the leading roles. This story of competition between "Chic's" country store and a chain store which opens in his town affords him an excellent opportunity to deliver the finest characterization he has yet done on the screen. His is a fighting role—a fight of a pioneer against two irresistible forces. For the first time in his career, Sale will be seen as he really appears—off-screen, minus whiskers and white wig. The opening sequences of "Stranger in Town" show him in the covered wagon days as a young man when he starts the town which later supports his general store, and in which he becomes the leading citizen. Playing the part of his granddaughter is Ann Dvorak, the sensational screen "find" of this year. This young actress, who started as a chorus girl in musical pictures, has climbed rapidly with each succeeding picture, beginning with "Sky Devils" and "Scarface," and later with "The Crowd Roars," "The Strange Love of Molly Louvain," and now "Stranger in Town." David Manners plays the masculine juvenile lead opposite Ann Dvorak. This popular young leading man has given some fine and even memorable performances in such pictures as "Journey's End," "The Last Flight," "The Millionaire," "Dracula" and "Man Wanted." He carries a very important role in "Stranger in Town," which promises to eclipse his previous successes.

"Hell Divers" at Rex Theater Now

The thrills of naval aviation unroll themselves in a sensational panorama, as a background for poignant romance, and a drama of heroism and sacrifice that has something of an epic quality to it, in "Hell Divers," now playing at the Rex theater with Wallace Beery and Clark Gable in the starring roles. Thrills pile upon thrills, and all of the genuine thrills, filmed during the actual maneuvers of ships and planes at Panama. One sees the whole navy in action; firing deafening salvos at a "sham battle" enemy; sending planes aloft from a giant aircraft carrier to locate and attack a great Zeppelin. Planes in Combat. One sees the "Hell Divers," sensational combat planes, hurt themselves downward, two miles in less than half a minute, at their targets. Filmed with the cooperation of the navy, his picture gives a new idea of the navy in the air. Like a silver thread, through the spectacles and excitement, runs a story of love, heroism and sacrifice. There is the love of the grizzled veteran, played by Beery, and the Panama divekeeper, played by Marjorie Rambeau, that actually has something heroic in it. There is the sacrifice, and the struggle between the ideals of the old and the new navy—in itself a mighty element of drama. Many famous navy aviators appear. In addition to a huge and powerful cast, Beery, Gable and Conrad Nagel play the principal male roles splendidly; Miss Rambeau, Dorothy Jordan, and Marie Prevost score in the chief feminine parts.

IGNORES POLITICS. ALBANY, N. Y., Aug. 10. (AP)—Governor Roosevelt's last word on the Walker case before tomorrow's hearing on the charges against the New York mayor was a reiteration that politics will have no bearing on his decision.

Bennett Holds Key To Parley's Success

OTTAWA, Ont., Aug. 10. (AP)—The prospect for broad success of the imperial trade conference lay today largely in the hands of Premier Bennett of Canada. Upon his reply to Great Britain may depend the outcome of the effort to conclude a trade agreement between Canada and Britain. This proposed accord has achieved a key position in the conference work. If the accord is to go through, as matters now stand, it is up to Bennett to make further concessions to British industrial imports into Canada. Unofficial observers, for the most part, inclined to the belief he had nothing further to offer. Conservative newspapers, however, insisted he was ready to give wider concessions to British iron, steel, coal, and textile products. Mr. and Mrs. W. F. Reeves of Dallas are visiting here today.

Spain Rocked by Open Rebellion

MADRID, Ape. 10. (AP)—Rebellion flared in four Spanish cities today, resulting in at least seven deaths in Madrid during a surprise attack at dawn on the building which houses the ministry of war and the office of the premier. Fragmentary reports from Seville, in the southwest, said a rebel force under General Sanjurjo had captured the communications building. From Algericas, in the south, near Gibraltar, reports said an army detachment had mutinied in the nearby town of Lalinea. The naval garrison at Cartagena, on the southeast coast, also was reported to have mutinied. I. L. Boaz of LeFors was dismissed from the Worley hospital this morning, following an operation.

Garner To Travel By Plane Monday

WASHINGTON, Aug. 10. (AP)—Weather permitting, Speaker John N. Garner will go by airplane from his home at Uvalde, Texas, to New York for his conference with Governor Franklin D. Roosevelt. Attaches at the speaker's office here said the democratic vice-presidential candidate would make the flight in a privately-operated plane if it was possible. In the event weather conditions are bad, Garner will go by train. Garner, who is 63 years old, made his first airplane flight last October when he flew to Washington in an army plane to attend the conference called by President Hoover to outline the economic rehabilitation program. E. C. McDowell of White Deer was in Pampa this morning. Floyd Read of LeFors looked after business here yesterday.

My Beauty Hint

By FRANCES DEE.
When the swimming season is over, many women wish to get rid of the sun-tan acquired during hot hours on the beaches. I have an old-fashioned recipe which I have found helps me to remove both a tan and freckles.
I mix enough buttermilk with sufficient germinal to create a paste. Then I apply the paste to my face, neck and arms.
I permit it to remain on for 15 minutes, keeping it moist with the buttermilk, then let the mixture dry into a mask for at least 20 minutes. Next I remove it with warm water. I have found three applications will make my skin much fairer.

LOCAL EASTERN STAR OFFICERS

Attention today centers upon the school of instruction for the Order of the Eastern Star. Among the local O. E. S. officials are Mrs. W. C. Mitchell, upper left, worthy matron; Mrs. M. P. Down, upper right, treasurer; M. P. Down, lower left, worthy patron.

VISITOR IN PAMPA SURPRISED AT GOOD ECONOMIC CONDITION

Mr. and Mrs. James H. Isbell and daughter, Frances, and son, Jack, of Houston are in Pampa visiting Mr. and Mrs. B. M. Montgomery and family. For the last two months the Isbells have been touring the Pacific coast and visiting points of interest in the west. Franklin Montgomery of this city joined them in Los Angeles, where they attended the Olympic games. The return trip brought them through the Grand canyon, the Painted desert, the petrified forests, and Carlsbad cavern.

Mr. Isbell, a Houston financier, expressed surprise at the economic condition of Pampa and the Panhandle. He remarked that Pampa seemed as busy and as prosperous as any city on his entire 10,400-mile trip.

Party Is Given For Ina Mae Dean

Ina Mae Dean was honored with a party in the home of Mr. and Mrs. D. E. Dean Saturday evening. Complimenting the O. D. O. club, Mrs. Lon L. Blanscet entertained with an afternoon of bridge yesterday.

Mrs. George Nix was awarded for high score, Mrs. J. H. Dehnert, second high, and Mrs. L. G. Ritter, house low. Mrs. R. S. Lawrence was given a prize for taking the first trick with a duce.

Sandwiches, pie, and coffee made delicious refreshments for the following members: Mesdames Ritter, Archer, P. J. Landry, Nix, the hostess, and one special guest, Mrs. Lawrence.

The next meeting will be on Aug. 23 with Mrs. J. H. Dehnert.

Mrs. M'Cormick Arbitrator In Society Of Chicago, Sick

CHICAGO, Aug. 10. (AP)—Mrs. Edith Rockefeller McCormick, daughter of John D. Rockefeller, Sr., and successor to the late Mrs. Potter Palmer as arbiter of Chicago society, lies seriously ill in an exclusive Gold Coast hospital whither she went a few weeks ago when financial adversities caused her to close her castled stone mansion.

America's richest woman, as she was often called, was said to be in no immediate danger but recovery was regarded as doubtful by friends and attendants.

Her illness, the serious nature of which has been revealed during the past few days, resulted in a general reconciliation with her estranged children. Her divorced husband, Harold Fowler McCormick, harvester king, was reported en route to her bedside from the Pacific coast.

M. Hafter of Dallas was here on business yesterday.

Carl Benefield of Borger visited in Pampa yesterday afternoon.

LARGE GROUPS ATTEND LOCAL REVIVAL MEET

PRAYER SERVICES HELD EACH NIGHT BEFORE—PREACHING

The revival at the Methodist church is having an auspicious beginning. Evangelist Ray N. Johnson is bringing splendid messages at each hour. The morning service is at 10 o'clock and the evening service begins at 8:15. Women's and men's prayer meetings and young peoples' services are held at 7:45. The attendance has been good from the beginning and is increasing with each service.

There were three public professions at the service yesterday morning, and a large number of requests for prayer last evening. At the morning service today Evangelist Johnson preached from the subject of why prayers sometimes are not answered, and announced that he will preach tonight from the subject, "Some Modern Plagues in a Modern Egypt." The singing has been excellent under leadership of the local choir. Mrs. Philip Wolfe is choir director and the singing is being led by Horace McBea and C. E. Ward. There are specials each evening by local talent. The choir left was entirely filled last evening with the young people of the church. The public is invited to these revival services.

Mr. and Mrs. H. G. Gull of Alareed were Pampa visitors yesterday. Mrs. Gull is spending the rest of this week with Mrs. John Hesse, who is ill at her home here.

ST. LOUIS CARDINALS GET 25 HITS IN SPREE AT BAT

CUBS SPURT TO NEAR LEAD IN BIG RALLY

YANKEES ADD TO BIG MARGIN WITH VICTORY

By HERBERT W. BARKER
Associated Press Sports Writer

The St. Louis Cardinals, if would seem, finally have located the batting punch they mislaid at the close of the 1931 season. Yesterday they walloped five Philly pitchers for 25 hits to gain an 11-13 victory and strengthen their hold on sixth place. Frisch, Bottomley and Collins collected four hits each, Bottomley's string including two home runs. The Phils did some effective batting themselves, collecting 19 hits.

The Chicago Cubs moved to within a half game of the National league lead by nipping New York, 4-3, with a two-run rally in the ninth while the Pittsburgh Pirates were submitting to their tenth consecutive defeat, a 4-0 shout plastered on them by Buck Betts and the Boston Braves. Harvey Hendricks clouted a double and three singles as Cincinnati tripped Brooklyn, 9-8 in 10 innings.

The New York Yankees added another half game to their already impressive American league lead by beating St. Louis, 5-3. Vernon Gomez held the Browns to eight hits to win his 19th victory of the year. Washington turned back Cleveland, 4-2 although Fred Marberry had to relieve Alvin Crowder in the ninth and put down a threatening Indian rally that scored one run and put the tying runs on base.

Detroit pounded Boston pitching for 26 hits and won both ends of a double-header, 5-2 and 9-7.

TURKEY-BEAN EVENT TO BE THIS EVENING

Forty Losers Will Be Out Of Luck as Victors Dine In Big Style.

Forty Pampa golfers will eat beans tonight while another 40 will partake of chicken and all the trimmings. Not until the beans are placed on the table will the result of the Red Deer "Bean and Turkey" tournament be known.

The players will enter the dining room at the Schneider hotel at 3 o'clock with Captain Tom Perkins and his team directed to one side of the table and Captain Coet Stewart and his team at the other side.

There will be two toastmasters, one representing each team. Dan McGrew will be toastmaster for the Perkins crew, while Charles C. Cook will have the same position with the Stewart aggregation. Captains and toastmasters will sit opposite each other.

The matches closed yesterday afternoon with three postponed games. According to Mark Heath, owner of the Red Deer course and sponsor of the tournament, the race for honors were close, but he refused to divulge which side won.

Both captains are optimistic and are getting ready to enjoy the meal.

FUHR BEATS LEFTY JOHNS AGAIN AS DALLAS WINS OVER FORT WORTH, 9-0

By BILL PARKER, Associated Press Sports Writer.

Ten years ago, Oscar Fuhr and Augustus Johns, southpaw pitchers for Mobile and Fort Worth, were opposing hurlers in a Dixie series game. Fuhr beat Johns, 5 and 4. Since that game, both have tossed many a curve. Last night brought them together again—for Dallas and Fort Worth. And the Dallas southpaw was victorious, 9 to 0.

More Swimming Records Beaten

(By The Associated Press.)

Swimming records continued to fall with Japan's crack male quartet slashing 38.2 seconds off the 800-meter relay record, beating United States by five meters in 8:58 4, and Clare Dennis, 14-year-old Sydney, Australia, girl, winning the 200-meter breast stroke race in 3:06.3. United States girls finished fifth, sixth and seventh. Germany and United States played to a 4 to 4 tie at water polo, while Japan was soaking three to the United States one into today's 400-meter free style final for men.

United States failed in three races to place a boat in the finals, while Bobby Pearce of Australia, won his single sculls trial convincingly, indicating he would retain the title he won at Amsterdam. Leslie Southwood, Great Britain, won the other singles heat, while Poland and Italy won four oar, with coxswain, trials, and Poland and Great Britain, pair oar, without coxswain, heats.

Fencing. Duelling sword championship won by Giancarlo Carnaggia-Medici, "the gentleman of Milan" and a descendant of a branch of ancient Medici family, by defeating Georges Buchard, of France. Lieut. George C. Calnan, United States navy, tied for sixth place.

Yachting. Tore Holm, of Sweden, piloted his six meter boat, Bissi, home in front to win the six meter race series. Ted Conant, skipper of American Galant, took second for United States. Jan Maas, Holland, still led in the monotype series, while Gilbert Gray, United States, virtually cinched the star boat competition.

Boxing. United States team intact after first round of elimination bouts in 112, 118, and 147 pound classes. All three entries won.

Gymnastics. Stephen Pelle, Hungary, won his second championship, taking first in horizontal bar. George Roth, United States, the side horse.

Packey McFarland, pride of Chicago's stockyards, who scaled 135 to 140 pounds in his fighting days, now weighs more than 200 pounds.

Oklahoma Agricultural and Mechanical college placed three men—Pearce, Clodfelter and Van Beber—on the seven-man American Olympic wrestling line-up.

Phil Collins, Chicago boxing referee, is a capable radio fight broadcaster. In his fighting days he was a leading featherweight.

It was Fuhr's fifteenth win this season. Beaumont lost valuable pennant ground by dropping a 7 to 5 game to Houston. Homer Peel hit a double that scored Hanson and Stebbins in the eighth inning, breaking a 5-5 deadlock and giving Houston victory.

YESTERDAY'S STARS

(By The Associated Press.)

Jim Bottomley, Cardinals—Hit homers and two singles, batting in six runs in 18-13 slugfest against Phillies.
Muck Betts, Braves—Shut out Pirates with four hits.
Harvey Hendrick, Reds—Scored tying run in ninth and drove in winning tally in tenth against Brooklyn.
Vernon Gomez, Yankees—Held Browns to eight hits and fanned five to win 19th victory of season.
Woody English, Cubs—Singled in ninth to drive in run that beat Giants, 4-3.

Naval Battle In Olympic Program

LONG BEACH, Calif., Aug. 10. (AP)—This was "dreadnaught day" in the Olympic naval battle with the University of California's powerful, undefeated crew a favorite to defend America's eight-oared championship, despite unusually strong competition.

After three straight setbacks for the United States in the first day's engagements among smaller craft, the big California battleship was relied upon to fire a broadside to offset these reversals.

The Americans had a fight on their hands with the formidable Canadian crew, besides the eight of Germany and New Zealand, to contend with in the first trials. Under conditions that send only the winner into the finals Saturday without further argument, the U. S. eight figured to "shoot the works" along the 2,000-meter straightaway.

Victory today would ease the Californian's fight to retain the title won by another golden bear boatload four years ago.

The Americans most serious opposition otherwise figured to come from the Cambridge university crew, representing Great Britain, a top-heavy choice to beat Japan, Italy, and Brazil in today's second heat.

NOVLIN TOPS MORELAND IN RECORD TIME

SCHOOL BOY PLAYER'S TIME AND LUCK MERGED

By BILL PARKER, Associated Press Sports Writer.

Gus Moreland, Texas and Trans-Mississippi golf champion, and Louis Nowlin, a coming youngster who attends Woodrow Wilson high school at Dallas, first met in a golf combat in 1931. It was at the Fort Worth Glen Garden invitation. Moreland, experienced in many tournaments, defeated Nowlin, the inexperienced, 4 and 3.

Their next encounter was at Texas-Arkansas May 24, at the 1932 Texas Golf association state championship. Nowlin led the first day and tied with a 69. Moreland had four strokes more. The second qualifying day, Nowlin shot a 77 for even par total of 146. Moreland breezed through with a 71, two under par with 144, making him the medalist. It was just another victory for Moreland. It was mental torture for Nowlin.

"Someday," predicted Nowlin, "I'll square things with Gus. Some day it will be just us two in a tournament and that will be my day."

In the state tournament, Nowlin was eliminated in the semi-finals by "Shorty" Long of Austin. Moreland won by beating Long, 10 and 9. It hurt Nowlin to think that the man who eliminated him could be such easy prey for Moreland.

After the tournament, the various winners are in the club house receiving prizes. When Nowlin was called to the trophy stand for his semi-final prize, Jack Jackson, a well-known golfer, said to Moreland: "There's the boy you have to watch, Gus. He's a comer."

Gus smiled and said: "I will not worry about him until about three years from now. He is far from being championship ripe."

Somebody told Nowlin what Gus said. The high school boy tightened his lips and set one goal for himself—a tournament match against Moreland.

He trailed Moreland to the Fort Worth River Crest tournament. He entered the Dallas Country club invitation, and tied up at the Trans-Mississippi with Moreland, but never could realize his ambition of getting a chance at the champion in match competition. Moreland's victory at Fort Worth and at Texas-Arkansas, and the champion's "three-ars" prediction irked Nowlin. But he was willing to wait for his chance. He knew it would come.

Last week they tied up in the Glen Garden-All Southwestern event at Fort Worth. Both won their first and second round matches, and the third round featured a Nowlin and Moreland combat. The kid's chance had arrived—his long pursuit of Moreland was over.

Through twelve holes they played and it was all-square between a

NOT YOUR LIGHT BILL but your ELECTRIC SERVICE BILL

If we itemized your Electric bill you would then see that lighting is really only a small part. So accustomed have we become to the other electric services that we sometimes forget how many times a day electricity serves us. It makes our toast in the morning. It sweeps the rugs. It washes the clothes. Then it irons them. It preserves our foods in Electric Refrigerators.

And almost every one of the many services Electricity performs in the home cost only a cent or so—many cost less. In fact, if you paid for Electricity as you use it, you could really let your pennies pay your Electric bill. Considering the time and labor it saves you, what other money you spend brings greater return in comfort and convenience?

Once it was a "light bill."

Now it is a laundry, cleaning, cooking, refrigeration, amusement (radio), and general service bill.

Local Teams In Action Tonight

Phillips and The NEWS will clash in the fifth playground ball game of the season at 5:30 o'clock tonight at Magnolia park while the B. & P. W. team is meeting the Skellytown ladies in Skellytown. The game here is the end of a series which stands tied at the present time.

The NEWS will have several new faces in the line-up this afternoon while Phillips will use the same line-up that defeated the Pampanans last Thursday night. High is the Phillips ace hurler with Herring receiving.

Who will hurl for the local nine is unknown but the choice will lie between Dillman and Hoare.

A Playground ball league will be organized at a meeting in the chamber of commerce rooms at 8 o'clock Friday night. Several teams are being organized.

Negro Murderers Are Electrocuted

HUNTSVILLE, Aug. 10. (AP)—Richard Brown and Richard Johnson, negroes who killed Ted Noddruff of Fort Worth and attacked his fiancée at Wichita Falls last year, were electrocuted at the state prison here early today.

Brown, convicted of robbery with firearms, was the first to be executed. Johnson, convicted of murdering Noddruff, went to the chair a few minutes afterwards. He sang the chorus of "Swing Low, Sweet Chariot."

A priest attended the men.

confident champion and an eager, revenge-seeking high school boy. At the thirteenth, Nowlin laid Moreland a partial stymie. Moreland tried to curve around but missed, and his ball knocked Nowlin's into the cup. "That was the putt that sent Nowlin one up. In the lead, the cotton-headed Nowlin started shooting like a veteran. He banged into tremendous shots. He sent accurate approaches flying to the carpet. His putting blade was keen and true. He fought to combine three future years of golf into a final few holes—to retain a precious lead. He won 3 and 1.

He laughed. He had defeated the champion. He had arrived at the top about two years and seven months ahead of Moreland's prophecy.

Three Rice Stars To Be Ineligible

HOUSTON, Aug. 10. (AP)—Published reports here say three football men from Rice Institute's team of last year, two lettermen and one squad man, will not be scholastically eligible next season.

The reports which could not be verified officially, were that Seaman Souyers, quarterback, of Cleburne; Malden McArthur, tackle of Beaumont, and Anton Martinkus, half-back of Streator, Ill., would not return.

It is estimated that feed makes up from 70 to 80 per cent of the total cost of producing pork.

PHILLIPS NINES ARE TO MEET TO AID NEEDY

MAGNOLIA PARK HERE TO BE SCENE OF TILT

A charity ball game will be played at Magnolia park at 3 o'clock Sunday afternoon between the Phillips Alamo 66 of Borger and the Phillips 66 of Pampa. The Pampa Lions club will sponsor the game and turn the proceeds over to charity. Admission will be 50 cents.

The Borger team will be composed of players who participated in the Denver tournament and took third money. Manager Eiler of the local nine will have a strengthened line-up to oppose the Borgerites. He refused to announce his batteries this morning, declaring that he would leave that surprise until Sunday afternoon.

Magnolia diamond is in excellent condition and fans should see a fast game of ball. Borger will likely have such stars as Roy Gollard, Ellis, Spures, Haddock, Dillon, and others in their line-up.

The Pampa line-up is not available, but Manager Eiler says he will have it complete within the next day or two.
