GILMORE N. NUNN, General Manager; PHILIP R. POND, Business Manager; OLIN E. HINKLE, Managing Editor.

MEMBER OF THE ASSOCIATED PRESS—Full Leased Wire. The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

Entered as second-class matter March 15, 1927, at the post office at Pampa, Texas, under the Act of March 3, 1879.

Subscription rates table with columns for 'BY CARRIER OR MAIL IN PAMPA' and 'By Mail in Gray and Adjoining Counties'.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should, the management will appreciate having attention called to same, and will gladly and fully correct any erroneous statement made.

TRAGEDY OF DIVORCE

A New York woman and her divorced husband got into court not long ago to squabble over the custody of their 8-year-old daughter.

Their divorce decree had ordered that the child stay with one parent for six months and then with the other for an equal length of time.

Taking the matter under advisement, the court remarked that "parental affection cannot be instilled by court orders."

The increase in divorce in this country in the last decade or two is tragic chiefly because of the children involved.

A child whose parents cannot go on living together is robbed of something unexpressed precious, something to which it is by right entitled.

A man and a woman who decide that they must separate take a heavy responsibility on their shoulders when they agree to take that right from their child.

And it is the welfare of the child that is usually lost sight of in the tussle. The bewilderment and loneliness that a youngster must suffer in such circumstances are hard to think of calmly.

LOWER RIO GRANDE VALLEY RIVAL OF FLORIDA IN FRUIT

HARLINGEN (AP)—With a crop of 20,000 or more carloads of citrus fruit the lower Rio Grande valley will take its place during the 1932-33 season along with Florida as one of the world's leading citrus shipping sections.

Hart T. Leavelle, supervisor of state and federal inspection work in Texas, estimates that the crop the next season will reach that proportion, barring unfavorable weather.

The estimate for next season was based on the fact that the 3,282,000 trees now bearing would be supplemented by 1,231,000 trees planted during the 1928-29 season.

These million and a half trees will not produce a large crop, but the number will add materially to the total.

The total number of trees in the valley on April 1 of this year was 7,854,000. Next season will be the first time that more than half the citrus trees in the area will be in bearing.

A number of changes in the handling of the 1933-34 crop are expected, if the crop is as large as now indicated.

"At the present time only about one-fifth of the citrus shipments out of the valley move under federal and state certification," Mr. Lon-

OUT OUR WAY..... By WILLIAMS

Huge Ranch Has Woman Manager

SAN ANGELO (AP)—Located 40 miles from a post office, the K. C. ranch of 200,000 acres in Jeff Davis, Culberson and Reeves counties is believed to be the largest ranch under the active management of a woman.

Mrs. W. D. Casey, wife of the owner of the ranch, was in San Angelo recently arranging for the sale of 1,000 calves. She has taken over the active management of the business because of the illness of her husband.

Mrs. Casey has handled the sale of about 700 head of horses this year and said she had more inquiries for horses than in any time during the last ten years.

The University of Pittsburgh 1933 football schedule calls for games against Navy, Minnesota and Notre Dame on successive week-ends in October.

gino said. "There is so little fruit, and the market so broad, that certification does not appear necessary to the shippers in many instances."

A conference between the two states was planned to work out an agreement this year, but the light crops made it unnecessary.

There will be a meeting during the coming spring or summer, however, to work out such a plan. The plan will probably permit the valley to have almost a clear field during December, January and February.

Tobacco To Be Tried in Valley

SAN AUGUSTINE (AP)—An important step toward the establishment of tobacco growing on a commercial basis was made here after a visit of H. W. Finck of San Antonio.

Mr. Finck became interested in San Augustine tobacco after having examined samples sent him through the office of the commissioner of agriculture.

Among thousands of samples of Texas grown tobacco inspected by him over a period of thirty-five years the San Augustine growth was the only tobacco that offered commercial possibilities.

Appearance and burning qualities of San Augustine tobacco were excellent, according to Mr. Finck, but it has not yet been determined whether it would stand the fermentation or sweating process required in the manufacturing process.

Cattle Trading in Texas Is Slower

SAN ANGELO (AP)—With around 80 per cent of the lambs and 25 per cent of the cattle sold from the West Texas range country, trading has slowed down.

Jim Ramsey, Berley, Kansas who has bought around 4,000 head of lambs in West Texas this fall, has returned home.

W. H. Bales, buyer for the Drum Standish Commission company, has purchased five loads of steer calves from James Brooks in the Brady country.

Joe Espy of Fort Davis has shipped nine loads of calves to the corn belt, average weights 465 pounds.

Texas Dries Organize, DALLAS, Nov. 30. (AP)—Resolutions petitioning both the state legislature and congress to stand firm against the return of legalized alcoholic beverages resulted from a rally of allied forces for prohibition of Texas at the First Baptist church here last night.

BALLOT TOTAL AT NEW HIGH FOR COUNTRY

Minor Candidates in Race Are Near Forgotten

WASHINGTON, Nov. 30. (AP)—Nearly complete returns from the November elections show the American electorate toppled three records in casting a total vote of at least 39,000,000 and giving Governor Roosevelt 22,314,038 and President Hoover 15,575,474.

This huge total with more than 30 states complete to date is an increase of more than 2,000,000 over the previous high of 36,789,688 polled in the 1928 Hoover-Smith election; Roosevelt's vote is the most ever given a winning candidate, and Hoover's is a new top figure for a losing nominee.

Seven minor party candidates received 1,008,164 on the basis of returns from all but about one-twelfth of the nation's 119,643 voting precincts or districts—tripling the minor party balloting of four years ago.

Norman Thomas, the socialist presidential candidate, kept pace with the total gain, his 805,813 being more than three times the 267,835 he got in 1928 and bringing him within probable reach of the socialist record of 1920 when Eugene Debs polled 919,799.

William Z. Foster, communist candidate, received 59,104 votes compared with his 48,228 four years ago when he ran as the Workers' party candidate, while William D. Upshaw, prohibition party nominee, polled 59,656 on the basis of 104,000 precincts to nearly double that party's vote of four years ago.

The total is the largest ever given the prohibition ticket since the first election after constitutional prohibition was adopted in 1920.

Railway Wages May Be Reduced

WASHINGTON, Nov. 30. (AP)—A further reduction in railway wages upon expiration of the present agreement next February is expected to be recommended by the national transportation committee, headed by Calvin Coolidge, in its study of the nation's railway structure.

Alarmed at the present low estate of railroad securities, and confronted with a new low level of earnings during the first six months of the year, the former president was prevailed upon by a rail security-holding group to lead a committee in seeking remedies for a situation which directly affects holders of more than \$11,000,000,000 in railroad bonds, notes and other promissory paper, 70 per cent of which was held by banks, insurance companies, universities and similar institutions.

The Little Theater's second production of the year, "Love-in-a-Mist," three-act comedy, will be presented Friday evening, Dec. 30, at the LaNora theater, George Limerick, manager of the LaNora and a director of the Little Theater, announced today.

Try-outs were held after a meeting of the board of directors in the offices of Julian Barrett, Rose building, Monday evening. Mrs. T. F. Morton, local teacher of dramatic art, will direct the play. The cast as announced by Mrs. Morton is as follows: Diane Wynne; Mrs. Julian Barrett; Gregory Farnham; Gilmore Nunn; Count Selplone Varelch; Howard Nellis; Sidney Rose Wynne; Miss Florida Freeman; Anna Moore Wynne; Miss Louie Barton; Klzzy; Miss Peggy Arnold; Colin, James Todd, Jr.

The romantic comedy was written by Amelle Rives (Princess Trobeizkey) and Gilbert Emery. First rehearsal was held last night.

The play was so successful when produced in New York that it was presented in leading show towns of the country by a stock company. The dialogue is amusing, light. The plot revolves about a girl who is so tactful that she cannot tell the truth. Her "little white lies" lead her into many an amusing situation from which she extricates herself by telling even greater lies.

Mrs. Raymond Harrah's resignation as property manager was accepted, and a resolution praising her work was unanimously passed. Mrs. Harrah is seriously ill at her home on North Frost street.

George Limerick, manager of the LaNora and Rex theaters, was elected to succeed Mrs. Harrah.

SAY IT WITH CHRISTMAS SEALS

CAST OF NEXT LITTLE THEATER PLAY, "LOVE-IN-A-MIST," IS ANNOUNCED; DATE IS DEC. 30

The Little Theater's second production of the year, "Love-in-a-Mist," three-act comedy, will be presented Friday evening, Dec. 30, at the LaNora theater, George Limerick, manager of the LaNora and a director of the Little Theater, announced today.

Try-outs were held after a meeting of the board of directors in the offices of Julian Barrett, Rose building, Monday evening. Mrs. T. F. Morton, local teacher of dramatic art, will direct the play. The secret of why John B. Hesse, county superintendent of schools, who is invited to give the closing address at the annual convention of the county teachers association, is that he is a very popular speaker who says the same thing each time under a different subject. Mr. Hesse not only has different subjects but different speeches, it was indicated.

Old Man Par Is Still Victor in Golf Tournament

Hessey Popular Speaker of Late

On Thursday evening at 8 o'clock, Mr. Hesse will address the Hutchinson county Parent-Teacher association council at Berger on the subject, "Character Training." On Friday evening at the same hour, the superintendent will go to Conway in Carson county to address another P.-T. A. meeting on the subject, "Parental Education."

AMUSUS EVENT CHANGED

Amusus club members and their husbands will be entertained by Mrs. Alex Schneider Monday evening at 8:15 o'clock at the Schneider hotel. The meeting time was changed from Tuesday.

Bermuda Planting Now Under Way

LAREDO (AP)—With favorable weather conditions having advanced the growth of the young bermuda onions in seedbeds, transplanting to the open fields in the Laredo district is under full headway. Estimate is that about 1,800 acres or approximately the same as last season, will be set out.

The onion transplanting work will do much to relieve unemployment in the Laredo area. Hundreds of Mexican families engage in this work, as well as in the harvesting, packing and shipping of the crop in the late spring season.

WARD FAMILY HERE Mr. and Mrs. Ben Ward and children, Glorian Jean and J. E., are visiting Mr. Ward's parents, Mr. and Mrs. J. E. Ward, for a few days. They are en route to their home in Spearman, having visited in Oklahoma City. Little J. E. is only a month old.

BOYS ARE LECTURED Two Alameda boys, each about 16 years old, were released by county officers here last night to the custody of their parents after they had been brought to the courthouse by Sheriff Lon L. Blancet in connection with breaking into the Alameda school building. The boys had not been in trouble before. They were given an impressive lecture.

SWITCHMAN BEHEADED AMARILLO, Nov. 30. (AP)—James C. Phares, 55, switchman for the Fort Worth & Denver railway, was beheaded in the local yards at 6:50 a. m. today when he apparently stumbled and fell beneath a slowly moving freight car. He had been employed here since 1921.

KILLED BY TRAIN BIG SPRING, Nov. 30. (AP)—J. D. Ritchie of Big Spring, district manager of an oil tank refinery, was killed last night when a train hit his automobile at a grade crossing seven miles west of here.

Bids on Federal Building High - Delay Possible

Construction of the Pampa post-office building may be delayed again, many local citizens believe. When bids were opened in Washington Monday afternoon, the low bid was several thousand dollars more than the amount of money available after the 10 per cent decrease in the appropriation, which was originally \$180,000.

Unless some means can be found to overcome the difference, it is believed locally that new plans will have to be drawn and bids asked a second time. The authorities in charge of construction have five days from the opening of the bids to accept or reject the bids offered.

The 16 bids submitted follow: Stibbard Construction Co., Detroit, \$145,140.

Nathan Wohlfeld, Dallas, \$153,000. Glover & Boyington, Pampa, \$155,000.

Duval Const. Co., Chicago, \$155,793. D. C. Bass & Sons, Enid, \$157,333. Chas. Wetiz Sons, Inc., Des Moines, \$157,975.

Christy-Dolph Const. Co., Dallas, \$158,846. H. W. Underhill Const. Co., Wichita, \$159,000.

Hiram Loud Bld. & Constr. Co., St. Louis, \$181,000. Eckert-Burton Constr. Co., Dallas, \$182,500.

F. A. Mote, Dallas, \$165,000. Rosen & Fischel Inc., Chicago, \$169,711.

Quisel & Andrews, Fort Worth, \$168,000. James T. Taylor, Fort Worth, \$171,100.

J. F. Johnson, Austin, \$173,000. James McHugh Sons, Inc., Chicago, \$174,000.

Mountain Sheep Increasing Now

SAN ANGELO (AP)—Mountain sheep, on which there is a perpetual closed season in Texas, are increasing in number in the Diabolo, Baylor and Beech mountains west of here, according to H. L. George, surveyor, who visited that section recently.

He said one small ranch has about 100 head on it, and once he saw 22 of these sheep in one bunch. The bucks are almost the color of deer and are much larger than the domestic sheep. Many, he said, had full curled horns.

HERE FROM PHOENIX Mr. and Mrs. G. H. Gray and family of Phoenix, Ariz., are visiting Mr. and Mrs. H. E. Johnson, 807 N. Frost street, and other relatives.

Oklahoma Oil Production Drops

TULSA, Okla., Nov. 30. (AP)—A 20,720 barrel reduction in Oklahoma production offset increases elsewhere in the United States to cut total output last week 14,861 barrels, to 2,102,272 barrels daily, the Oil and Gas Journal estimates. Previous average production was 2,117,133 daily.

Oklahoma output dropped from 387,560 barrels to 366,840 barrels a day. Eastern production dropped 3,000 barrels to 130,000 barrels a day, but there were increases in other major fields.

Texas production increased from 866,917 barrels to 869,628 barrels daily; California output was up 2,000 barrels to 471,000 barrels daily; Kansas production increased from 96,720 to 102,320 barrels; Rocky Mountain production increased from 74,286 barrels to 74,922 barrels a day.

The Minimax Shield stands for MINIMUM RATES MAXIMUM SERVICE. When we announced that we would put the Minimax Plan of operation in effect and adopt it in each Hilton Hotel, many people thought that it could not be done, thought it impossible to establish and maintain minimum, never changing rates, regardless of seasons, conventions or what ever else might happen. We have proven that it can be done. Today our Minimax Plan is acclaimed by travelers all over the country. Rates, \$2.00, \$2.50, \$3.00. HILTON HOTELS Incorporated C.N. HILTON, Pres.

Hollywood Sights and Sounds. HOLLYWOOD—One hears often, especially among movie casting directors, the lament about the terrific shortage of leading men and women. In view of the thousands of would-be stars the countless actors and actresses looking for jobs the wall would seem to be without much foundation, and yet the problem grows. The why of it? I talked to a casting director recently who was CONSTANCE CUMMINGS in a peculiarly appropriate position to talk about the "shortage." He had four or five pictures set to start the following month and confessed he didn't know where he was going to get the players. "Sure, there are plenty of actors out of work," he admitted, "but they're all actors we don't want and nobody else wants. Why don't we want 'em? Because they're hard to sell to directors, even when they're good. "A director wants a good 'name' in his cast—a player with experience and ability, well known to the public—and he remembers some player he's seen recently. That's how it happens that those who work steadily keep on getting jobs and have all the studios after them, while those who haven't worked much don't get the breaks. The vicious circle idea again. The closed corporation." Directors sometimes argue that they will use an unknown if the proper name can't be found, but it was this caster's observation that directors who actually start shooting with such an obscure player are very rare. They hold out for the "name." All of which is very true. Constance Cummings is a leading lady much in demand now, yet a couple of years ago she was just another actress, a beginner whom directors probably were turning down more often than they accepted. Some of them took her, and the unknown became the Constance Cummings who seemingly is wanted by all the studios. Have You Seen The BARGAIN SQUARE At The Brown Shoe Store Odd sizes from our regular shoe stock at Greatly REDUCED PRICES

Are you hesitating about buying the things you need and really can afford? DOES TIMIDITY OR FEAR OF CRITICISM KEEP YOU FROM DOING A REAL SERVICE TO THE COUNTRY AND TO THE UNEMPLOYED? It is true that many people have been hard hit by the depression and are struggling to make both ends meet. We all know it is difficult for them to make purchases beyond the bare needs of existence. There are many thousands of men and women, however, who are still receiving a fair income and who could be of tremendous help in aiding the business revival. All you need to do is to buy things you need and can actually afford. That doesn't mean that you should buy extravagantly, wastefully, or recklessly. It simply means buying what you need when you need it in a normal, natural way. Have you been hesitating about buying of timidity or a fear that you might be criticized? Exactly the reverse should be true. You are doing a real service to the country, to the unemployed and to yourself when you purchase the things you need and can afford to buy. Every purchase that you make now—large or small—helps to create work and wages for those less fortunate than yourself. When you buy a new dress or a new pair of shoes or a new radio or a new refrigerator or a new car you help to give work and wages to people in many sections of the country. When you have the house repainted, rooms repapered or the roof fixed you directly assist other deserving workmen—perhaps in your very neighborhood. Nothing you could possibly do for those who need help could be more helpful or resultful than this. Sincere, honest, deserving people everywhere would rather have work than charity. That's the big, broad humanitarian side of it. The other side is what it means to you personally to buy the things you need and can afford to purchase now. Never were such bargains available. Never were prices so low. But price isn't everything. Today, as always, quality is the important thing to look for. It pays to buy standard, trade-marked merchandise from firms you can depend on. You're almost always disappointed when you experiment with some unknown brand just because it is cheap. From day to day in this newspaper are advertisements featuring many unusual values. Read them and take advantage of the opportunities they offer. Business revival will be speeded up if people will again buy the useful, necessary things they need and can afford to purchase.

POPULAR D. X. BIBLE TO BRING 'HUSKERS TO DALLAS

TEXAS FANDOM PLAD TO MEET MENTOR AGAIN

FORMER AGGIE COACH IS SUCCESS AT NEBRASKA

By BILL PARKER
Associated Press Sports Writer

The always popular D. X. Bible, who coached at the University of Nebraska, returns to Texas, the state where he first won coaching fame, Saturday when he invades Dallas with his Nebraska Cornhuskers to battle the Southern Methodist Mustangs.

It will be Bible's first return to a Southwest conference team since he left Texas A. and M. college at the end of the 1928 season to accept his present coaching position at Nebraska.

But the years have made no difference to Texas football fans. Bible still ranks high in popularity, and one of the finest coaches to show teams in Southwest conference competition. He coached for twelve years at Texas A. and M., and in that period, won five Southwest conference football championships. Bible developed some of the greatest all-time stars in the conference. It will be good to see a Bible coached team play again on a Texas gridiron. Bible has been very successful at Nebraska where his teams have won Big Six conference championships. He was recently recommended to Athletic Director T. N. Heston of Chicago, as successor to Alonzo Stagg, but Bible stopped the move with a statement that he would not consider the position unless he was contented and happy at Nebraska.

Bible will invade Dallas with a big, powerful championship team that is expected to trounce the Southern Methodist Mustangs. The game will be good, but it will be a safe wager that many fans will be there just to see Dana X. Bible, trot his players on the gridiron, and when he does, memories of his great days at Texas A. and M. Aggie land will float back.

Captain of Big Six All-Stars Is Sooner Back

KANSAS CITY, Nov. 30. (AP)—Four members of the champion Nebraska football squad won places on the 1932 honorary all-star first team selected for the Associated Press by coaches, athletic directors and sports writers from the gridiron ranks of the Big Six conference.

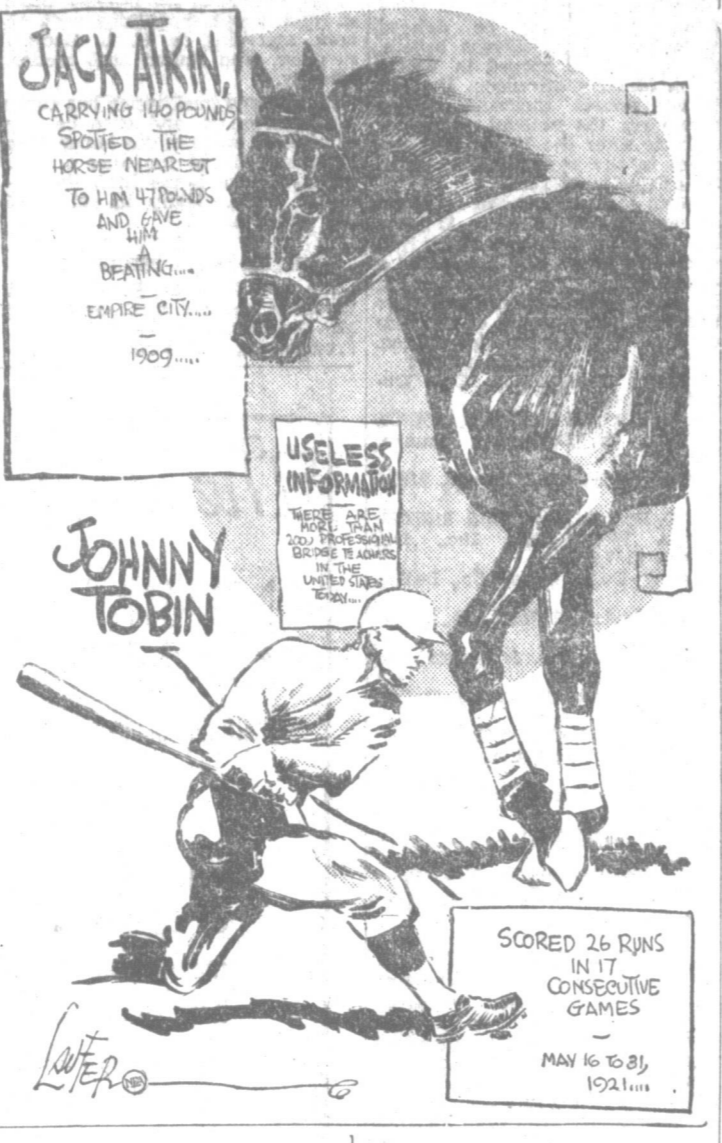

The 30 observers awarded first team places to three men of the University of Kansas, two representing Kansas State college and one each from Oklahoma and Missouri.

The captaincy of the first eleven went to Bob Dunlap, Oklahoma's 173-pound quarterback, in a contest with four others. Paul Young of Oklahoma ran second to Lawrence Ely of Nebraska for the first team center position and second to Dunlap for the captaincy, and he is thus both captain and center of the reserve eleven.

As quarterback, Dunlap would be director of three of the heaviest backs in the circuit, all of whom have played quarterback.

Elmer Schaake, of Kansas, was scorer for conference games with 34 points. Ralph Graham, Kansas State halfback with 85 points scored in conference and non-conference play, ranked second among the nation's scorers.

Trojans Place Four Men on First Team

SAN FRANCISCO, Nov. 30. (AP)—Southern California's Trojans, conference champions for two successive years and aiming for another national mythical title, claimed a majority of positions in the 1932 all-Pacific coast football eleven selected by the Associated Press.

The Trojans placed four men on the first team, one on the second and two on the third.

Ernie Smith, Southern California tackle, was the only player making the first team for the second straight year.

Not Wrestling Is Set for Tonight

There will be no wrestling match at the Pla-Mor auditorium tonight. Promoters had hope of getting a good man for Ted Travis, the youth who threw the great Joseph Kopecky here last Wednesday night, but were not successful when Roy Roy, local boy, got snowbound near Durango, Colorado.

It was decided to match Mueller and the Californian, but Kopecky threw the doctor and promoters decided not to complete the arrangements as formerly announced.

Word has sifted into the Panhandle that Sheikh Marallah is en route to the Panhandle and if that is true, he may be matched with the popular Travis. Promoters are also trying to get Tex Thrower of Borger to come to terms for a match with Red Michael, local flash. Thrower wants too much money.

Some excellent matches are being arranged for the future.

All regulars of last season will be in uniform again this year for the University of Arkansas basketball team.

CAGE TEAM TO OPEN SEASON FRIDAY NIGHT

CLARENDON EXPECTED TO FURNISH FAST QUINTET

The 1932 basketball season will be ushered in Friday night at 7:30 o'clock when the Pampa Harvesters play the fast Clarendon Branches. The Pampa girls will swing into action an hour later against White Deer.

The change in the time was announced so that fans remaining over from the Spearman-McLean football game Friday afternoon would not be kept late to see the boys' teams in action.

The game is expected to be exceedingly fast and it will give fans their first opportunity to see the Harvesters in action. An entire letterman squad is available with Robert "Midget" Woodward in charge. The "midget" stands about 5 feet 6 inches while his companion on the forward line, Miles Marbaugh, is 6 feet 5 inches. Hoot Pullingm at center is 6 feet 3 inches while the two guards, Jess Patton and Wayne Kelley are 6 feet even.

Bill Kelley could be thrown into the forward line and he is 6 feet tall. Clovis Green could go to center and he is 6 feet 4 inches tall. Woodward is the speed member of the outfit and a deadly shot. He also appears to have springs on his shoes when he jumps and often his hands are seen above any of the other players.

The strength of the Clarendon team is unknown but it is understood that the Branches are tougher than last year and the Harvesters had a tough job defeating them. Coach Frank Stocking has been working his five several weeks and they are said to be in great shape.

Coach Harry Kelley has not selected a starting lineup among his girls. They are slow rounding into form but he is working hard and long for a winning combination. White Deer has always been a formidable rival.

Bowling Scores

New records were set during games in the Commercial Bowling league last night, when the Thirty Footers took three straight games from the Schneider hotel and the Country club won two out of three from the Cullum Motor.

Three new records went to the Thirty Footers. Hap Baxter set two records when he rolled a single game of 267 pins and a series of 701. His games were 222, 267 and 212 pins. The team rolled high three games for the season with 2,976 pins and came within six pins of equalling his single game held by the Schneider hotel with 1,929 pins.

Thirty Footers—
Baxter 222 267 212—701
Darby 170 166 194—530
Powell 198 190 182—570

SAM HOUSTON GRIDIRON TEAM MOPS UP ON WILSON 12 TO 0

Youngsters Have Exciting Game During Noon Hour Tuesday.

The Sam Houston midgets won a 12 to 0 game from the Woodrow Wilson team at noon yesterday when the two ward school teams clashed on the Woodrow Wilson diamond. Carl Brown went off tackle on four smashes to score the first touchdown of the game while J. W. Graham, midget halfback, scooted 35 yards returning a punt for the second counter.

Jim Groom, former Harvester star, is coach of the Sam Houston team and Winston Savage is mentor of the Woodrow Wilson eleven. The Woodrow Wilson pep squad was on hand and cheered their team to the last whistle.

Playing on a 70-yard field and allowing four downs for seven yards, the youngsters played stellar football. The Sam Houston offense clicked well with little Bobby Sullivan calling signals. He used off tackle slashes, end runs and a spinner. Eugene Weatherford and Doyl Hulse were strong in the line.

Durwood Mumford called a nice game for the Woodrow Wilson boys but his eleven lacked a scoring punch. Grover Heiskell, halfback, and Charles Pafford, fullback, were the pick of the ball carriers while the work of Jess Hamilton and Ray Boyles was outstanding in line play. With more practice the team will hard to beat.

H. L. "Chicken Creek" Ledrick has charge of the Horace Mann eleven while Gerdis Schmidt is at the head of the Baker school team. Those elevens will play an exhibition game during the regular schedule starts. Starting line-ups in yesterday's game:

Sam Houston—Doyl Auld, le; Eugene Weatherford, lt; Lemuel Higginbotham, lg; Leon Holloway, c; Jack Spangler, rg; Lloyd Hulse, rt; James Graves, re; Bobby Sullivan, qb; Kenneth Kyle, lb; J. W. Graham, rb; Carl Brown, fb.
Woodrow Wilson—Ray Boyles, le; John Kidwell, lt; Odell Frair, lg;

SPEARMAN AND M'LEAN READY FOR GRID DUEL

COACHES RELYING UPON TEAM-WORK TO WIN VICTORY

Two Class B football teams will battle for a district championship at Harvester park Friday afternoon at 2:30 o'clock. The Spearman Lynx and the McLean Tigers will be the two teams on the field and both have gone through the season without a defeat. Both cities will send large delegations to the game and many Pampa fans are planning to be in the stands when the teams kick-off.

Confident of victory, the game is expected to develop into a battle of great offensive elevens with few outstanding stars. However, McLean will have its Cricket Christian and Crockett while Spearman will have Madden, big fullback, who has accounted for 108 points or more than all the other players on the field.

Coach Billie Jarvis of the Lynx attributes the power of his team to team-work rather than individual stars. A powerful line makes holes for the backfield which does not lack any of the power necessary for

The Junior chamber of commerce bowling team won three straight games from the Texas company Monday night to go into second place, a few points behind the Klansmen No. 2 team. The Jaysees won the first two games without a handicap but needed it to tie the third game which they won on a toss. Sam Fenberg of the Jaysees rolled high series with 571 pins. Thoms of the oilmen had high single game with 202 pins.

This Christmas

Here is the Christmas gift idea that will bring freedom from the drudging tasks of housework; and a more complete, happier living.

See your electrical dealer. Let him show you how you can at a very minimum of cost, buy and use these electrical servants. Percolators, Toasters, Mixers, Washing Machines, Vacuum Cleaners, and many other useful electrical items await your selection. They are real Xmas gifts because they add to your home and comfort—because you can use them EVERY DAY!

Percolators that make delicious coffee, and toasters that turn out crisp, inviting toast! Egg cookers that fix the eggs just the way you want them. All at a low operating cost.

There has never been a time when you could, at so little cost, buy so much genuine comfort. Whether you buy for yourself or for others, make it an electrical Christmas!

FATS-LEANS-

(Continued from page 1)

H. Hicks for the Leans. Weldon Wilson, former Harvest star, will center the ball for the Fats with Marshall Oden looking after the same job for the Leans.

The Leans will be outweighed but are much faster than their opponents. A leak from the thin headquarters has given the opinion that instead of trying to run all the way around the Fats, they will go thru the line.

New formations, never seen in Pampa, will be used during the game. The Fats have gone "way back" to give the Leans a lot of trouble.

The Leans have been drilling on a combination football-soccer play brought to town by C. P. Buckler from old Hoxford.

The teams have finally agreed on the officials. Odus Mitchell will act as referee. Warren Moore as head linesman and Argus Fox as umpire.

OIL BODY-

(Continued from page 1)

Rowley said further that "many nominations appeared to have been made for the plain purpose of trying to break the price of structure."

Price is Issue. For six weeks the majority of the large independent purchasers of the Midcontinent have been deadlocked with two major firms over the prevailing price to be paid for crude oil.

Some observers detected a weakening of the fabric of the independent structure when one small company recently revised prices to the majors' scale and it drew comment in eastern financial circles.

Reeser commented on the fact that this is the first experience of the Texas regulatory body on fixing allowances under the market demand law, which was passed at a special session of the legislature recently.

COTTON MORE FIRM. NEW ORLEANS, Nov. 30. (AP)—The cotton market opened steady today. While Liverpool cables were hardly as good as due, sterling was firmer and cables reported the political situation abroad improved.
