CITIZENSHIP IS RAPED FOR NOT HELPING ENFORCE LAWS

In its report to Judge W. R. Ewing, released today for publication, the Gray county grand jury which recently finished its extended investigations charged that laxity on the part of peace officers and citizens generally had permitted the establishment in Gray county of a liquor and gambling ring.

The most scathing and pointed report ever written in this county, the grand jury called on citizens to demand a right-about-face which would rid the county of flagrant disregard for law.

The report in full follows: Hon: W. R. Ewing, Judge, 31st District Court. The grand jury wishes to make this final report of its activities and findings since we began our labors at the beginning of this term of court.

We have been in session since the beginning of the term 16 days and have investigated many complaints brought to our attention and have returned indictments for felonies in 20 cases, while others have been dismissed for lack of sufficient evidence, in our opinion, to warrant an indictment.

By your charge to us at the beginning of the term, you called our attention to many alleged violations of the laws of our state and asked us to investigate these allegations, which we have done and find that the laws of the state of Texas are being flagrantly violated.

Not only do we have an entrenched ring of bootleggers but we have wide open gambling through out our county. The gamblers are closely associated with the liquor interests and in most cases drinking places and gambling halls are run in the same building by the same proprietors.

Not only do we have these open gambling games where most every known gambling device is used, but we have large numbers of slot machines and other devices operated for the purpose of getting money without giving anything back in return through out the county.

J. C. ESTLACK in Donley County Leader—As a rule, very little attention is paid to the record of the candidate for lieutenant governor, and yet, from an actual legislative point of view, he is of more importance than the governor.

When the second primary election arrives Aug. 25, Gray county ballots will likely show about equal vote for the candidates, including those for sheriff, tax assessor-collector, commissioner of Precincts 1 and 4, and constable of Precinct 2.

Here Is How Gray Voted In State Races

STATUS OF CANDIDATES' VOTE
In Some Commissioners Races Still in Doubt.

When the second primary election arrives Aug. 25, Gray county ballots will likely show about equal vote for the candidates, including those for sheriff, tax assessor-collector, commissioner of Precincts 1 and 4, and constable of Precinct 2.

Although it appeared late Saturday night that M. M. Newman of McLean had defeated Commissioner W. W. Wilson without necessity of a run-off, the final unofficial tabulation showed that Mr. Newman lacked 5 votes of this status.

In races of only two candidates each, Judge W. R. Ewing, District Attorney Lewis Goodrich, District Clerk Frank Hill, County Judge C. E. Cary, County Clerk Charlie Thut, and James Todd Jr., were elected.

W. B. Weathered, teacher in the Hopkins school, ran a strong race to defeat County Supt. John B. Hesse. Two new men, Harry Schwartz and E. F. Young, sought the office of Justice of the Peace of Precinct 2, Place 2. Mr. Young was elected.

The approximately 4200 votes cast in the county fell 300 or more short of the expected total. Interest, however, was exceptionally keen. Hundreds of Pampans saw and

COUNTY GIVES CLINT SMALL 600 MAJORITY

HUNTER IS SECOND IN RACE WITH 1,210 VOTES

Gray county voters gave Senator Clint C. Small a 600-majority in Saturday's primary and it was not Jimmie Allred who came out second, but Tom F. Hunter. Small received 1807 votes, Hunter 1210, Hughes 76.

Senator Tom Connally, running for re-election to his federal post, also carried Gray county by a vote of 2034 to 1578 ballots for Joseph W. Bailey Jr.

Joe Moore, running for lieutenant governor, must have made good use of his time when campaigning here. He led R. M. Johnson and Walter Woodul in this county.

Walter Woodward received 400 more votes for attorney general than William McCraw. George Sheppard for state comptroller, Charley Lockhart for state treasurer, J. E. McDonald for commissioner of agriculture, J. H. Walker for commissioner of the general land office, Lon A. Smith for re-election to the railroad commission, H. S. Lattimore for associate justice of the Texas supreme court, and Phillip Wolfe, candidate for state representative also were given majorities by voters of the county.

Senator Small's friends lambasted the attorney general severely toward the end of the campaign, but Tom Hunter, the fiery Wichita Falls man who talks like a socialist and promises everything, and mixes bitter sarcasm with his speeches, had won the interest and support of more than twice as many citizens as voted for the attorney general.

JIM FERGUSON 'NOT IN HURRY' TO TAKE SIDES

ATTORNEY GENERAL IS LEADING OPPONENT BY 46,000 VOTES

DALLAS, July 30 (AP)—Returns to the Texas Election Bureau at 1 p. m. today from 245 counties, 88 complete, showed the following totals in Saturday's democratic primary.

Governor: Allred 249,797; Hughes 40,035, Hunter 192,571, McDonald 169,163, Russell 3,592, Small 101,937.

Railroad Commissioner: Hatcher 149,848, McNeess 59,019, Johnson 104,643, Pundt 171,678, Smith 207,059.

The bureau announced that results in all other state races were apparent and that no further tabulations in them would be issued.

AUSTIN, July 30 (AP)—James E. Ferguson, spokesman for Governor Miriam A. Ferguson, today said Texans should not be in a hurry to commit themselves to candidates in the run-off for governor between Attorney General James V. Allred and Tom F. Hunter.

"I want to hear them articulate a little," he said. "Texans should be in no hurry to commit themselves. Neither has ever mentioned, in his platform, labor, business, or farming. I'd like to know what they think about problems that confront us."

"I await with impatience their new platforms and their opening remarks. I hear Hunter has gone to Marlin. He must be pretty tired. Jimmie probably is in the shade of some tree and will be ready to start the thing over."

Ferguson said it was apparent that the voters no longer regard prohibition as a material issue in Texas.

"You can buy hard liquor anywhere now and no one expects or wants the law against sale of intoxicants enforced," he said. "We are getting no revenue from its sale, but, apparently, that is what the voters want."

DALLAS, July 30 (AP)—Returns to the Texas Election Bureau at 9 a. m. today showed the following vote from 239 counties out of 254, including 68 complete, in Saturday's primary:

Senator—Bally 259,125, Connally 406,506, Fisher 28,516.

Governor—Allred 221,782, Hughes 43,470, Hunter 180,411, McDonald 154,310, Russell 3,260, Small 97,977, Witt 46,158.

Lieutenant Governor: Berkley 54,056, Hornsby 93,303, Johnson 70,972, Moore 128,845, Rogers 55,019, Woodul 236,930.

U. S. DAVIS CUP DOUBLES TEAM BEATS ENGLISH

Americans Still Have Fighting Chance to Win Tomorrow

WIMBLEDON, Eng., July 30 (AP)—George M. Lott, Jr., and Lester Stoefer, as expected, today defeated Harold G. N. Lee and George Patrick Hughes in the doubles encounter of the Davis cup challenge round, 7-6, 6-0, 4-6, 9-7, to give the United States a fighting chance against Great Britain in the five match series.

Their victory in the third encounter sent the decision to the final two singles matches tomorrow between Sidney B. Wood, Jr., and Henry Wilfred "Bunny" Austin, and Frank X. Shields and Fred Perry.

Perry defeated Wood in a bristling five-set encounter Saturday in the opening singles and Austin humbled Shields in straight sets.

Lott and Stoefer received unexpected opposition from the make-shift English team. Lee having been substituted for Perry at the last minute to save the latter for singles duty.

LATE NEWS

HOUSTON, July 30 (AP)—Nine convicts, one a life term from Dallas, cut their way out of the Houston state prison farm, in Fort Bend county about 30 miles from here, this morning.

LONDON, July 30 (AP)—A reliable source stated tonight that the British government has learned that an official statement was issued in Berlin last Wednesday evening, claiming the overthrow of Chancellor Dollfus of Austria in "a great popular revolt... as important as it is welcome." This statement, according to the same source, was withdrawn a half hour later before it could be published in any of the newspapers of Germany.

AMARILLO, July 30 (AP)—The "sour gas" bill permitting the "stripping" of natural gas of its gasoline content has been held constitutional by United States District Judge Thomas M. Kennedy of Houston. In an opinion filed in United States district court here today, Kennedy also held that orders and permits of the railroad commission authorizing "stripping" were regular and legal.

MINDEN, Nev., July 30 (AP)—Mrs. Anna Roosevelt Dall obtained a divorce from Curtis B. Dall today in the small brick court house where her brother, Elliott, was divorced little more than a year ago from Elizabeth Donner Roosevelt. Judge Guild said that although he is opposed to the Nevada law which permits private trial in any divorce case, upon demand, "this is an unusual situation. Out of deference to the president of the United States, I order that the trial be held behind closed doors."

SHIPPERS WIN DOUBLEHEADER FROM SOONERS

FORT WORTH LOSES TO GALVESTON 3 TO 1

BY BILL PARKER, Associated Press Sports Writer.
Skipper Dutch Lorbeer's hustling Beaumont Exporters have started a desperate drive for a first division berth in the Texas league flag mar-athon which has 38 more playing days scheduled. The Exporters fur-nished food for thought Sunday when they flashed a brilliant de-fense and strong offense to take Oklahoma City, 2 to 0 and 2 to 0. Joe Hare, backed by sparkling sup-ports, won a mound duel from Charley Monerief in the initial con-test when he stopped the Indians with 7 hits.

A triple of speedy double plays saved the combined pitching of Vic Fraser and Steve Larkin in the thrill-packed eighth in which Ok-la-homa City was again limited to 7 hits. It marked Fraser's second consecutive victory since being sent to Beaumont by Detroit in exchange for Red Phillips.

and place position the Galveston Buccaneers whipped Fort Worth, 3 to 1. Slim Jim Bivin smothered the Cats with four hits, which allowed the Buccaneers to make a clean sweep of the 3-game series. Bivin, baffling with a sharp breaking curve, fanned 9 batters. C. J. Jen-nard pitched well for the Cats but allowed three of Galveston's nine hits to come in the fourth for one score, and three more in the eighth for the winning tallies.

Tulsa received a severe jolt by losing a doubleheader to Houston, 4 to 3 and 8 to 1. Phippen and Payne combined on the mound to pitch the Buffaloes to victory in the first game which Houston won on eight hits. Mike Cvengros' south-paw curves completely baffled the Oilers in the second melee which Houston easily won by scoring five runs in the fourth inning.

A dozen persons were injured when the leftfield bleachers collapse during progress of the double-header between San Antonio and Dallas at Tech field. The accident occurred while the Missions were busy winning the first game, 6 to 5, behind the good pitching of Abe Miller. San Antonio came back to win the final game 14 to 6, pounding three Dallas hurlers for 16 hits. Dallas played under protest after the fourth inning. Both teams agreed to stop at 11:30 o'clock to allow Dallas to catch a train, but Umpires Defate and Ballanfant forced them to play on, claiming that Dallas tried to stall in the fourth inning with the score 10 to 2 in favor of San Antonio.

G-MEN MAKE NEW THREAT IN WAR ON CRIME

ARMY OF 600 FEDERAL SLEUTHS BEING TRAINED

By ALEXANDER R. GEORGE
WASHINGTON, July 30 (AP)—In a sedate brick building on Vermont avenue a short, compactly-muscular man sits at a desk. In a crisp voice he speaks into one after another of a battery of telephones.
A few miles away machine gun bullets splatter on a target, shatter-
ing the smoldering peace of the Maryland countryside—sounding a warning to "Baby Face" Nelson and other killers of his ilk.
The man at the desk in the old brick building is J. Edgar Hoover, 39-year-old chief of the "G-men"—the gangsters' name for government men-giving directions, suggestions and encouragement by telephone to the leaders of some 480 federal agents in the nation-wide offensive against crime, which has been re-galvanized by the "taking" of Dil-linger.
Training to Meet Gangsters
The bullets raining on targets at nearby Fort Meade are propelled from guns similar to gangdom's own "rubbing out" weapons and the men wielding the guns are "federals."
Not so long ago the federal agents engaged in tracking down some of the most desperate criminals were sparsely equipped with pistols and a few rifles. Now they are being rapidly supplied with machine guns, high powered rifles and shotguns while instructors are teaching them to handle these weapons expertly.
At Fort Meade and other army rifle ranges throughout the country, target practice and sharpshooting drill has been going on quietly for several months.
An Army of 600
When the full strength of the division of investigation is mustered this summer it is expected some 600 agents will be in the well-drilled army fighting kidnapers, bank rob-
bers and roving outlaws of all types. They will be assisted in their clean-up by 17 new federal laws with jagged teeth.
While department of justice of-ficials were disappointed in the

failure of congress to provide an ad-ditional \$700,000 for equipping them with armored cars for use in the main arteries of interstate highway traffic and with planes close at hand for speedy pursuit, the agents will be provided with a fleet of light, fast cars such as the gangsters use.
The educational qualifications of the agents—some of them are gifted linguists and about 80 per cent of the investigators have had legal training or work in expert account-
ing—have prompted some critics to call them "high-brows", "campus de-tectives" and "boy scouts."
Must Have 'Horse Sense'
But Hoover cites their record of 95 per cent convictions in court, not to mention the Dillinger coup, and the crushing of several kidnaping rings and racketeering gangs, as justification for the high require-ments of personnel. One of his prime requisites is that an investigator have the knowledge and experience to gather evidence that will "stick" when an offender is brought to trial.
The dynamic director's definition of an ideal agent is an "operator who combines intelligence and ex-perience with courage, loyalty and horse sense."
The force includes a number of former chiefs of detective bureaus, chiefs of police, Texas rangers, sheriffs, state troopers and plain de-tectives.
Only Young Men Enraged
An applicant for service as a "G-man" must be between 25 and 35 years of age; personnel records of the department show that the aver-age age of an investigator is slight-ly over 35.
While the division has no air-planes there are six agents who can pilot a plane and one investigator has been a parachute jumper. Others have been teachers in col-
leges and high schools, truck driv-ers, newspaper-reporters, bank clerks, professional baseball play-ers, football stars and expert box-ers.

LUBBOCK GRID SCHOOL WILL BEGIN MONDAY

CZARS OF FOOTBALL IN CITY TO INSTRUCT MENTORS

LUBBOCK, July 30 (AP)—The stage was being set and "students" were beginning to arrive today for another "world's largest" coaching school at Texas Tech. Upwards of 300 visitors are expected to be quartered by Sunday night for the fourth annual school beginning today and ending August 10.

Noble Kizer, former star gridder at Notre Dame university and successful coach of Purdue's Boilermakers will take the podium this afternoon at 1 o'clock as one of the school's head masters. He will lecture and demonstrate for the benefit of followers of Kuntze Rockne's system during the early part of the school.

Belaboring themselves in an effort to build a "coaching school" to end all other coaching schools, Pete Cawthon and Dutchy Smith of Texas Tech coaching staff have assembled a staff of instructors for this school that includes foremost coaches, lecturers and demonstrators of the nation.

Following Kizer on the football program will be Fritz Crisler of Princeton, exponent of the single wingback formations; Harry Kipke of Michigan, whose short punt system is one of the most popular in use; and "Lone Star" Denton, coach of the Boston professional team and former pupil of Pop Warner, who will give his versions of the double wingback system.

Kipke and Kizer are repeaters, having taught at the 1933 school with such success that their reappearance was demanded by popular vote of coaches all over the nation. To assist Kipke in getting his Michigan style will be Harry Newman, former Wolverine star who went in for professional football with the New York Giants last year. Kipke will use Newman in teaching quarterback strategy and forward passing. Presence of Newman is expected to prove an additional drawing card this season.

Tim Moyihan, giant all-America center at Notre Dame in former times, now line coach at the University of Texas, will assist Kizer in teaching Notre Dame line play. Things other than football will share in the spotlight at the school this year. To head the basketball staff is George Keogan of Notre Dame, whose Irish stars won 22 straight games and did not suffer a single loss.

Another all-America athlete will assist Keogan in basketball and Kizer in football. He is Ed "Moose" Krause, one of the most popular names in Notre Dame athletics for the past three years. Three times all-America basketball and twice all-America basketball and twice here on a wave of nation-wide voting.

Track and field instruction, physical education and training will come in for full consideration. "Indian" Shilte, successful coach of University of Nebraska track and field teams will head that department of the school. Barry Whitaker of the University of Texas will lecture on physical education. D. M. Bullock of the University of Illinois will treat with training of athletes. Roy Henderson, head of the Texas interscholastic league, will be in great demand by Texas high school coaches and will lecture on rules of the league and planned developments.

TIGERS REGAIN LEAGUE LEAD OVER YANKEES

DETROIT WINS GOOFY GAME WITH WHITE SOX 16-15

BY HUGH S. FULLERTON Jr., The Detroit Tigers regained the American league lead over the past week-end and picked up the margin of a full game over the Yankees, they got into the "goofiest" sort of an affair in the first half of yesterday's bill with the White Sox.

Leading 5-0 going into the fifth, they fell behind when the host scored 6 runs. The stunt was repeated at the seventh scoring 7 times to gain a 13-11 lead and finally Lynwood (Schoolboy) Rowe, who had pitched a 3-hit game the day before, was called in to check the Sox' eighth inning rally and won another decision for himself by belting a home run to put the Tigers on the right side of a 16-15 score.

The second game was a different tale when Les Tietje outpitched Fred Marberry to give Chicago a 6-4 victory.

The Athletics came to Detroit's aid by smashing the Yankees down into 6-3 defeat as they put on a 5-run inning behind Alton Benton's 6-hit flinging.

The third-place Indians registered the day's big gain when they twice defeated St. Louis 11 to 5 and 5 to 3, and placed themselves 5 1/2 games behind the lead. The double defeat dropped St. Louis to seventh place, two points behind Washington, whose game with Boston was rained out.

The National league's Sunday program brought several items in the standing but none of them bore upon the New York-Chicago battle for the lead as both the top-ranking clubs divided double bills. The Giants dropped the opener to the Phillies 4 to 2, with Dolph Camilli's homer at the deciding blow, but came back to win 2 to 0 when Charlie Hubbell broke his 3-game losing streak by holding the Phils to 4 hits in a duel with Cyl Johnson.

The Cubs reversed the order. They almost ruined Chuck Dressen's debut as Cincinnati manager by trimming the Reds 7 to 5 in a free hitting contest which saw Pat Malone as a more effective flinger than St. Johnson. Cincinnati saved the afterpiece, 4 to 2, as Chick Hafey swatted a homer at the right time to help Tony Freitas out.

The third-place Cardinals bumped around 9 to 5 with a 16-hit attack featured by Jim Collins' twenty-third circuit swat. That decision, coupled with Boston's brilliantly pitched double victory over Brooklyn, put the Bucs in fifth place behind the Braves. At the same time the Dodgers dropped back of the Phils into seventh.

After winning the opener 5-2 behind Ed Brandt's 7-hit hurling, the Braves got the benefit of a 1-hit game by Flint Rhem and won, 1 to 0 when Pinky Whitney drove home Randy Moore with the only run young Johnny Babich allowed.

SCHOOLBOY TO SHOW BELT IN CITY TUESDAY

NEGROES' RECORDS ARE INDICATIVE OF GREAT BOUTS

Information received about fighters on the all-negro card to be presented by Promoter B. W. Kelly at Road Runner park tomorrow night at 8:30 o'clock, points to some great battles. The dusky leather-slingers have real records of which they or any other fighters should be proud.

Schoolboy of El Paso, claimant of the negro light heavyweight title in Texas, will meet K. O. Brown of Amarillo in the 10-round main event. Schoolboy returned recently from the Florida islands where he lifted the light heavyweight belt which will be placed on display at the City Drug store tomorrow morning. Advance sale of reserve seat tickets are on sale at the drug store.

Brown, confident after winning recent fights by knockouts, says he will defeat the El Paso champion and annex the state crown. Brown is the fighter and slugger while Schoolboy depends on his knowledge of the game and boxing ability. He is tough and can take lots of punishment.

One of Pampa's own boys, Smiling Jack, will be in the ring for the 8-round semi-final. He will meet Kid Wallace of Tulsa in what promises to be the wildest battle of the night. They will be settling an old feud started in Oklahoma last year when they fought a draw.

K. O. Mitchell of Hot Springs, Ark., will replace Tiger Smith of Denver in the 6-round special event with Billy McDonald of Amarillo. Mitchell is a higher ranking fighter than the Denver scrapper. He recently kayaked Jack Shanks in Memphis and won decisions over Kid Ellis, Battling Slinger, Eddie Hall, and several others. McDonald is a mighty atom who never quits.

Charlie Dodson of Amarillo and One Round Jackson of Dallas will open the card.

Despite the fact that yesterday's game between Abernathy and the Roadrunners required less time than any other game played this year, and that it was a pretty good game from a mechanical standpoint, it turned out to be a rather listless affair with the Roadrunners emerging victors by the score of 7 to 4.

McSHAIN AND DON HILL TO MEET TONIGHT

FANS ANXIOUS TO SEE IF HILL WILL GET MAD AND TOUGH

The weekly wrestling card at the Road Runner park tonight is of "big league caliber." Some of the best grapplers in the country will appear on the program, which will open at 8:30 o'clock under the stars. The big main event will see Danny McShain, wild but likeable Irishman from Seattle, Wash., meet the pride of the Pacific coast, Don Hill of Hollywood. Hill is the fast, good looking boy who likes to wrestle cleanly but who usually has to "go modern" to hold his own. This modern style of grappling was never made for scientific wrestlers.

McShain's type of mauling, which has swept the country in the last year or two, is to forget that there are wrestling holds and to get the other fellow any way you can. Ropes are meant for choking purposes, or to hold the other fellow over while you choke him, instead of to keep maulers on the mat, under the new style of wrestling. Chairs are not for spectators but to throw at the opposition. Eyes are not to see with but are to be gouged.

Tonight fans will see both styles of grappling because Hill will stick to wrestling until he sees he is getting the worst of the bargain. Then he will go after McShain in the late fashion of grappling. Danny will naturally start out in his own style and remain that way.

Two really scientific grapplers have been matched for the semifinal. They are Doug Henderson of Dallas, former lightweight champion of the world, and Cyclone Mackey, Amarillo's veteran welterweight. Henderson relinquished his crown when he became overweight. He is now meeting all welterweights in the country, hoping to get a chance at Jack Reynolds' crown. Mackey is standing in his way, however, and tonight's battle means a lot to the Dallasite.

Wildcat Willie of LePors and Pampa's Swede mauler, Andy Gump, will tangle in the preliminary at 8:30 o'clock. The two are old rivals and have not met for many, many moons.

RUNYAN WINS P. G. A. TITLE

Craig Wood Loses One up in Putting Duel; Title Worth About \$15,000 Ultimately

PARK CLUB, Buffalo, N. Y., July 30 (AP)—Paul Runyan, whose introduction to golf consisted of chasing balls for four bits an hour, ruled the American professional ranks today.

Doing it the hard way, the 26-year-old former Arkansas caddy conquered Craig Wood, the betting beauty of Hollywood, N. J., one up in a putting duel yesterday over the short park course.

The 38-hole final tied the record for extra-hole finals in the 17-year-old tournament, matching the 38-hole battle of 1923, when Gene Sarazen won from Walter Hagen. It also marked the second time that Wood had come

close to a major title. He was denied the birth title in an extra-inning with Denny Shute. The most important point whole show was that the 190-pound Runyan—for four big shots—had arrived in 1933-34 winter as a campaign he won \$750 as victory yesterday netted him other \$1,000 with the title, mately estimated to be worth \$15,000.

DR. RINTELEN IN HOSPITAL AND NOT DEAD

(Continued from Page 1) ed in order that our youth may have a fair chance to grow up into useful citizens.

REPORT

The deplorable conditions of our county exist either because the citizenship want them as they are.

FORTY NAZIS TRY TO KIDNAP HIM; SOME ARE CAPTURED

VIENNA, July 30. (AP)—Forty Nazis early today raided the general hospital in an unsuccessful effort to kidnap Dr. Anton Rintelen.

Rintelen, known to have "pro-Nazi leanings," was announced as "new chancellor" by the Nazis when they assassinated Chancellor Dollfuss last Wednesday.

Because of the extraordinary measures of defense against a threatened Nazi Putsch taken throughout the city last night, the general hospital temporarily was left without its strong guard while police and Heimwehr members were concentrated around such strategic public buildings as the war ministry and police headquarters.

Restoration rumors flared that the city again with the arrival of unverified reports from Laccenburg, near Vienna, that the Hapsburg summer palace was being renovated prior to its reoccupation.

A world war field marshal was placed under arrest for Nazi activities. He is Karl Burdolf, one-time chief of the military cabinet of the Grandduke Franz Ferdinand.

Under the leadership of Dr. Kurt Schuschnigg, newly-appointed chancellor, the fourth cabinet without a week began its work.

While Schuschnigg has an army of Catholic storm troops, the semi-military organization which he leads, his vice-chancellor could practically checkmate this power by his own control of the police, Gendarmerie, and large Heimwehr force.

That the Heimwehr, which is fascist, does not propose to yield one iota of its power is indicated by two facts: First, the Tyrolean Heimwehr, in a manifesto, demanded that the green and white Heimwehr flag be made the second national emblem besides the present national colors of red, white and red.

Having finished our labors, we respectfully request that our report be accepted, and the grand jury discharged.

Respectfully submitted, J. O. Gillham, Foreman.

E. J. Christenson of Noletta spent yesterday afternoon in Pampa.

L. M. Kitchens of Miami was in the city Saturday night.

G. F. Romines of LeFors was a Pampa visitor Saturday.

PWA AND RFC LENT AROUND \$750,000,000

IMPOSSIBLE TO GUESS TOTAL AMOUNT OF LOANS

WASHINGTON, July 30. (AP)—A survey showed today that American states, cities and other local units will owe the federal government about \$1,200,000,000 when they get through borrowing all the government is empowered to lend.

Loans and commitments already amount to more than \$800,000,000.

not counting around \$225,000,000 of outright grants.

The public works administration has lent around \$450,000,000. It will have \$250,000,000 more to lend, because congress authorized the reconstruction finance corporation to take over that amount of municipal securities held by the PWA. The RFC which lent \$300,000,000 under the emergency relief and construction act of 1932, was authorized by the last congress to make loans totaling \$128,000,000 to refinance drainage, levee and irrigation districts, and \$75,000,000 to school districts with "adequate security."

Its commitments in the first category exceed \$82,000,000 to date. The Chicago board of education now seeks \$27,000,000 from the latter fund.

Officials agree it is impossible to "justly" guess as to what the total of loans is worth. Those made to cities and other political subdivisions whose publicly-held obligations are quoted regularly in the financial centers are only a small proportion of the total. So disorganized is the market for lower grade municipal securities that it is sometimes difficult to get an actual bid-and-asked price.

Sale of a small amount of high-grade bonds by PWA some months ago brought a premium over the price paid. This agency now holds a number of similar securities which are expected to find a quick market at satisfactory figures.

On the other hand, loans and commitments have been made to municipalities already in default on other debt, whose publicly-held bonds are quoted at a fraction of par. In many cases where the borrowers were in distress, the loan will be secured by revenues of a municipal utility to be acquired with the proceeds.

Bonds accepted as security for loans are generally long-term, around 30 years, except the \$300,000,000 loans made by the RFC. These were to be paid back, one-fifth each year, by withholding federal highway grants to states, beginning in 1934. The last congress, however, in laying down a three-year highway program, specifically deferred the beginning of repayment deductions.

Kimbrell Wins Medal Handicap Tourney Here

Bill Kimbrell, shooting his best game of golf, won the 18-hole medal handicap tournament at the Country club yesterday afternoon. Kimbrell turned in a score of 73, two strokes over par, to make his net score 66 strokes.

A. C. Midkiff shot a 70, one stroke under par, to make his net score 78. Bus Kaufman turned in a 69 to defeat old man par and win third place. C. T. Hunkapillar was the other winner when he shot an 82 to give him a net score of 70.

Del Love, club professional, missed a 3 1/2 foot putt on the 18th hole to keep him from breaking the course record of 63 strokes.

Next Sunday Country club players will go to Clarendon for a return match. The Pampa team defeated the Clarendon golfers here two weeks ago. Local golfers who can go to Clarendon Sunday are asked to register with Del Love at the club house. They should also tell Mr. Love if they will take their own car or if they desire a ride. The cars will leave here before noon.

Typhoid Menace Is Increasing

WASHINGTON, July 30 (AP)—Public health service officials, noting what they termed a "slight" increase in typhoid in the drought area, cautioned the public today to boil drinking water when its source is unknown.

New cases totaled 1,128 in the past 8 weeks. This was 174 more than in the corresponding period last year, but officials consider it a normal variation.

Increases were greatest in Texas, Missouri and Illinois, while decreases were reported in Oklahoma, North and South Dakota, and Indiana.

Besides boiling water, officials said, the public should boil or pasteurize all milk, and wash food with care.

American-designed airplanes are proving to be the most popular on many European air lines because of their speed.

The following merchants have entries in the beauty revue: Al's Confectionette, Joe Burrow Tire Co., Levine's, Cooper's Cafe, Clayton Floral Co., Pampa Motor Co., The Diamond Shop, Pampa Bus Terminal, De Luxe Dry Cleaners, Norge Sales Co., Furr Food Stores, City Bakery, Voss Cleaners, Adams Hotel, Rex Dry Cleaners, Phillips "66", Ex-Cel-Cis Cosmetics, by Mrs. Ruth Certain, Tex Evans Buick Co., Inc., Adkinson & Gunn Tire Co., Powder Puff Beauty Shop, Cullum & Son Motor Co., Pampa Brake & Electric, Behrman's Schubert Frock & Bonnet Shoppe, Roadrunner, Daninger Refinery, Irene's Buffet & Post Office Bar, Fox Paint & Wall Paper Co., Southwestern Public Service, and Kees & Thomas.

In addition to the Bathing Beauty pageant the screen feature "Murder on the Blackboard" with Edna May Oliver and James Gleason will be shown for both nights of the pageant.

Harvester Field Fence Is Partly Ruined by Fire

More than 200 feet of board fence around Harvester field was partially destroyed by fire late Saturday afternoon. The fire started on the highway north of the field and spread south, first catching the fence at the northeast corner of the field.

The caretaker, who discovered the blaze, called the fire department. By using water from the booster tank with sickers, the firemen were able to extinguish the blaze. The fence will probably have to be replaced.

Yesterday afternoon firemen extinguished a grass fire in the 800 block, North West street. Early this morning the department received a call to 104 South Hobart street, where a truck had caught fire. The blaze was out when the truck arrived.

The local department has answered 18 calls inside the city limits and three calls out of the city limits this month. Losses have been light and hose was strung only once.

SPITE MARRIAGE by Katherine Hamilton Taylor

Bob Powers because the man she really loved, Geoffrey Tarleton had she believed, married another girl. But Marsha speedily realized that she loved Bob far more deeply than she had Geoffrey. Geoffrey calls, and she consents the truth about her marriage—which Bob overhears. You see they are headed back to New York, and divorce.

Chapter 22 SLOW TORTURE

BOB sat back of a raised paper, which Marsha knew he did not read, as they went by train to town.

Durham, his mother's chauffeur, would come for the maids and see that the car was taken to town. Bob had said; Marsha knew that he did not trust himself to drive.

Their start had been early; so much had happened in so short a time! They would reach New York in early evening, when people, for the most part happy people, hurried to theatres. Bob had not eaten lunch, Marsha realized and with worry. That she also had not eaten, was a fact she did not consider.

He lowered his paper. Her heart beat hard, sickeningly. He leaned toward her, chafing. "My mother is sensitive," he be-

Was she crying? A cinder, perhaps.

gan, "feels atmospheres intensely, you know. So I feel it would be best for us to put up at some hotel for a few days, and until affairs are somewhat adjusted. I don't want her troubled, worried."

"No, of course not." "I'll evade explanation for the present. Then when the matter is decided, our course of action, I mean, I'll tell her the truth."

Marsha said nothing; he glanced once into her eyes. They hurt him anew; the hurt was a pin prick to numbed flesh. She was probably sorry to have knocked him as she must know she had, he decided.

He heard her say "Bob—" in a muted, frightened way that made her seem a child. Yet again he lowered the paper. "Where are we going?" she asked.

"I don't know. Would Murray Hall suit you? It's quiet. We want to avoid seeing people we know, of course."

Her chin raised, her face stiffened. "It will suit me as well as anywhere," she answered.

SHE stared then from a misted window and upon a darkening world. In their many talks Bob had told her of how he, with his mother, had often stopped at that hotel while the house was being opened or closed, or refurbished and of how, there, there was a reassuring feeling of solidity and of old New York and of years lived well.

There was irony in stopping there. But she realized that cruelty had had no part in his naming of the place; that he was incapable of such cruelty. He had mentioned it because he knew it well; because the stricken, dulled, krasp blindly, the first suggestion that is near to hand.

Bob was conscious of a dull anger at himself as they rode up town. He should have thought of where they would put up; it was awkward to head where they headed. Yet what difference? Nothing could change, lighten or intensify the situation. It had its bold, black, solid form.

Nebraska Shaken By an Earthquake

CHADRON, Neb., July 30 (AP)—The entire breadth of the Nebraska panhandle southward to Sterling, Colo., felt a light earthquake shortly after midnight Sunday night, but there were no reports of injuries or serious damage.

Chadron felt the first tremor at 12:14 a. m. (MST) and a second half a minute later. Each lasted about 10 seconds. Scottsbluff reported feeling one quake at 12:12 a. m. (MST).

Other cities of Nebraska to report feeling the shock were Gordon, Rushville, Hay Springs, Crawford, and Alliance. Sterling, Colo., also reported experiencing the vibrations. Residents of the Nebraska panhandle were aroused from their sleep

RESULT OF BATTLE BETWEEN CATS, GASOLINERS DISPUTED

Gasoliners Claims They Won 8 to 7; Cats Claim Game Ended in 7 to 7 Tie.

Who won the ball game in LeFors yesterday afternoon, ask baseball fans who jammed Shaw park to see the Coltex baseball teams play for the company championship. The Gasoliners claim they won 8 to 7. The Black Cats claim the game was a tie, 7 to 7. A number of fans declare one team won 9 to 0 when one team, no one knows which, refused to play more ball.

The score was tied 7 to 7 when the gasoline division team went to bat in the last half of the ninth. With one man out and runners on second and third, a gasoline division batter hit to short and was thrown out at first. The first baseman tried to get the man off third but threw wild.

The ball hit a post and bounced back into the playing field and the runner was caught between third and home.

The Gasoliners declared the man was safe because he should get a base on an overthrow—but there were no ground rules so he was eligible to only what he could make. The referees, Cobb and Isley, called safe at home which gave the Gasoliners the game. They were wrong in their decision, however, according to rules.

It has been suggested that the game be replayed and the Black Cats have expressed their willingness. The Gasoliners could not be contacted this morning.

Tranthum allowed the Black Cats only 9 hits but they bunched them enough to keep the outcome of the game in doubt until the last inning.

Jack Knight, imported to hurl for the Black Cats, allowed 14 hits but kept them scattered. Each pitcher allowed three bases on balls and each team made three errors. Tranthum had the better of the strikeouts with seven to three for McKnight.

Ike Lister was behind the bat for the Gasoliners, replacing Poindester who received a badly injured shoulder in a game in Pampa last week. Lister caught a nice game. Gaitner went to first base and W. E. "Red" Weathered was in right field.

Freddy Newsome left field, was the batting star of the game, getting four hits on five trips to the plate. Ded Gaitner got three singles and Weathered connected for two hits. Other gasoliners got one hit each. All the Black Cats hit safely once.

The Gasoliners lineup included Baldwin, 2b; McMahan, ss; Gaitner, 1b; Lister, c; Newsome, lf; Thomas, cf; Bellah, 3b; Weathered, rf; Tranthum, p.

The Black Cats used Van Meter, lf; Hickey, 3b; Moore, 1b; J. Mar-
