WE MUST GET TO ROOT OF GENERAL STRIKE

A general strike is a fight in which labor transfers its efforts from the economic to the political field.

It is a fight in which the original issue has become transformed into a symbol, so that men whom the original issue in no way concerns become ready to go into action for the sake of an abstraction. Ultimately, the thing at stake is a thing ordinarily sought at the ballot box.

These things being so, the general strike becomes a fearful social phenomenon—a development which bespeaks a profound discontent lurking below the surface. It is industrial warfare transformed into something perilously like class war. Push it far enough and you get to the very edge of revolution.

Looking at the San Francisco dispute, therefore, is like gazing into a microscope in which some of the major social maladjustments of our time are magnified on one side. What we are seeing is no longer a disagreement between employers and employes about one particular point, but a knock-down struggle in which all kinds of unmentioned grievances are operating, on both sides, to produce determination and bitterness.

And it becomes, for the moment at least, relatively unimportant who "wins" in this fight—for, as a matter of fact, nobody can really win, and the general public is bound to lose.

The important thing is that all of the complex issues which combined to make such a disaster possible shall be passed in review and straightened out; all of the things which made organized labor, on the one hand, ready to go to almost any extreme in order to gain its point and which made the employers, on the other hand, ready to fight to the last ditch before surrendering.

For a disaster of this kind does not burst on a community out of a clear sky. Employers don't forego dividends in order to win a labor dispute out of pure cussedness, workmen don't quit their jobs and get out on the picket lines just because the cool breezes off the Pacific have gone to their heads.

Somewhere underneath the attractive surface of San Francisco's civic life there have been very deep and serious maladjustments. The general strike will be unrelieved catastrophe unless it jars the general public into a determination to find out precisely what those troubles were and get them set right.

OUT OUR WAY

280 Due To Drown In '34

AUSTIN, July 21 (AP)—"Ole swimmin' holes" of Texas will claim the lives of about 280 people this year, if statistics are accurate. Sixty-one per cent of each year's fatalities by drowning occur from May to August. Dr. W. A. Davis, registrar of vital statistics, has calculated. In the last 10 years 2,443 persons drowned in Texas. The rate increased 38 per cent during the last half of the decade in which 1,420 people lost their lives in Texas waters. The death toll of Texas waters in 1932 was 338 but in 1933 it dropped to 283, of whom 175 died during the four-months swimming season.

Meteor Sets Fire To Wheat Field

CANYON, July 21 (AP)—What R. B. Gist, Randall county farmer, believes was a small meteor recently set fire to wheat stubble on his farm in seven places. Gist said he was awakened about 2:30 a. m. by the fire which spread over a strip 100 yards wide and 300 yards long. He said his entire field probably would have burned had the wheat been standing. No meteor fragments were found. Gist said, but the fact that the fire started in seven spots simultaneously indicated that the "falling star" probably exploded just before it struck the earth.

Original Flag Design Obtained

AUSTIN, July 20 (AP)—An original water color, one of many designs submitted when the southern confederacy selected its flag in May, 1861, has been obtained for the Wrenn library at the University of Texas. S. M. Knight of New Orleans was the designer. It was brought to Texas from the American Antiquarian Society at Worcester, Mass. Its owner was Madame De Clouet of Lafayette, La., whose father was a member of the Confederate senate. One hundred and twenty-nine of the proposed flag designs are preserved in the library of congress.

AUSTRALIAN DAVIS CUP TEAM CAPTURES 2 SINGLES MATCHES FROM U. S.

DOPE UPSET AS AMERICA'S WOOD FALTERS

'CRAZY' GENIUS FROM DOWN UNDER DEALS SHOCKING BLOW

BY GAYLE TALBOT.
WIMBLEDON, Eng., July 21 (AP)—Bringing across a tremendous upset from an unexpected quarter, Australia's Davis cup team today captured both singles matches from the United States in the opening of their interzone series to deal what probably is a knockout blow to American hopes of regaining the famous international tennis trophy this year.

Vivian McGrath, 21-year-old star from down under, knocked the advance dope into a cocked hat by humbling Sidney B. Wood Jr., Uncle Sam's ace, 7-5, 6-4, 1-6, 9-7, after Jack Crawford, the Aussie's top-ranking player, had scored an almost casual victory over Frank X. Shields, 6-1, 6-2, 12-10.

The double setback left Captain

R. Norris (Dick) Williams' disappointed warriors facing what looked like an impossible task of sweeping the remaining doubles match on Monday and the two singles on Tuesday, when Shields engages McGrath and Wood takes on Crawford.

The players themselves seem to feel that the task is too great.

"It's up to you, George, to get in there and win Monday, a fan told George M. Litt Jr., as the players went to their dressing rooms.

Litt, who will pair with towering Lester Stofen against Crawford and Adrian Quist, replied in a somewhat downcast tone:

"Yes, but what's the use? It's the same old story."

Nobody was particularly surprised at Crawford's victory over Shields, as he had vanquished the No. 1 ranking American in the semifinals of the all-England championships here two weeks ago, but McGrath's magnificent play against Wood, who is regarded in England as one of the world's greatest shot-makers, came as a double-barreled shock.

McGrath, a little fellow with an unorthodox, two-handed back-hand, never has shown American tennis spectators anything like the dazzling all-court game he employed against Wood.

The slender New Yorker looked like a man trying to fight a swayer of horns with a fly swatter as he swung widely and wildly at McGrath's assorted returns.

Missions Boost Lead In Beating Dallas Steers

DALLAS, July 21. (AP)—Tied at five-all in the eighth inning tonight, the San Antonio Missions pushed across an additional tally to boost the Dallas Steers 6 to 5. The Steers' news spark-plug, Stanley Echne, stopped cold in his quest for an all-time Texas league consecutive hit record, lining out against the right field fence on his first appearance at the plate.

Score by innings: R H E
 San Antonio 000 030 210—6 9 1
 Dallas 110 000 300—5 11 3
 Witte, H. Mills, Fritlin and Heath; Glatto, Vance and Pasek.

OKLAHOMA CITY, July 21. (AP)—Harry Matuzak, Indian pitcher, chalked up his second victory of the season tonight when Oklahoma City defeated the Beaumont Exporters, 7 to 5.

Score by innings: R H E
 Beaumont 000 130 001—5 8 1
 Oklahoma City 020 040 108—7 13 3
 Linkin and Tresh; Matuzak, Evans and Horton.

First game: Score by innings: R H E
 Houston 000 010 310—7 11 0
 Tulsa 000 000 110—2 8 1

 little he was introduced by Gary Sanford, a former student under him and a member of the legislature during Witt's years in the senate. Where Witt served three terms before election to the lieutenant governorship.

"Here is a man," said Sanford, "the one man who can rid Texas of the factional feud that has cost us so much in the past twenty years."

Edgar Witt has served through stormy periods in Austin and he knows how to meet situations. Witt can bring results in his program and he is the only man in the field who can do what he says he will do.

Witt then took occasion to express his opinion that "the people and not propaganda will decide the governorship in the primary voting next Saturday."

"Some special interests have prodigal sons and prodigal stepsons in this race, but all their money hasn't been enough to buy the friends of Edgar Witt. People want an era of political good will and economic good will, and, as governor, Edgar Witt will bring these about."

AYRES-FAYE IN 'SHE LEARNED ABOUT SAILORS'

Romantic Pair Opens Today At Rex Theater

Lew Ayres has the enviable task of making love to Alice Faye in "She Learned About Sailors," the Fox comedy-romance which opens today at the Rex theater. Lew is the champion heart-breaker of the U. S. Navy and Alice is a night club entertainer in the picture.

This gives Alice a splendid opportunity to sing "Here's the Key to My Heart" in a manner that is reminiscent of her "Nasty Man" number in George White's "Scandals."

Aiding and abetting these two with the comedy are those knockout slapstick artists, Mitchell and Durant, who are Lew's shipmates in the pictures, and Harry Green, a South American impresario. The story takes them from an Asiatic port, through the vicissitudes of life on shipboard to a cafe in San Pedro, California.

Alice Faye made her film debut in George White's "Scandals," and was later seen in "Now Till Then," by Mrs. Arnold Rothstein. Lew Ayres shares the star honors with Miss Faye.

Under the supervision of John Stone, producer for Fox, George Marshall directed from the screen play by William Conselman and Henry Johnson. Richard Whiting and Sidney Clare are responsible for the song numbers.

Ater Injured As Cocks Win Game

The Road Runners took the second game of the series with Shawnee, Okla., last night by a 12 to 4 score. The win, however, was marred by the loss of Ray Ater, sensational little shortstop, who was struck on the head by a pitched ball in the fifth inning.

He was taken to Worley hospital where attending physicians reported that although he received a terrible blow on the head, they did not believe there was a concussion or fracture, and that if no further trouble developed, Ater should be able to be out in a few days.

The shortstop was struck by one of Smith's fast balls which got away from him. The accident unnerved the youthful Shawnee pitcher and the Road Runners coasted to victory. Up to that time Pampa was leading by a three to one count.

Shawnee opened the scoring in the second when Manager Ucla Clanton doubled and scored on Clark's single to center and Seitz's wild throw to third. The Road Runners evened the count in their half when McLarry walked and scored on Cox's double.

Shawnee added two runs in the sixth on three singles and an error. The Oklahomans countered again in the eighth on a single and two errors.

Score by innings: R H E
 Shawnee 010 002 010—4 9 4
 Pampa 012 030 338—12 10 4
 Batteries: Smith and Clark; Stegman and Foindexter.

Entrants For Beauty Show Are Requested

A large number of ladies 16 years or older and not married are still needed to appear on the La Nora theater stage July 31 and August 1 in the annual bathing beauty pageant and beach fashion show.

The winner of this year's contest will be given the title of "Miss Pampa 1934" and will also be given a trip to Albuquerque, N. M., for three days and nights to compete in the final contest in the beautiful Kimo theater for title of "Miss Queen of the West". Arrangements are being made in Albuquerque to obtain movie screen tests for the winners. "Miss Pampa 1934" will also be eligible for a movie screen test that will be held in Dallas.

"Miss Queen of the West" will receive a most enjoyable trip to the world's fair in Chicago with all her expenses paid for about 10 days, which will include sightseeing trips, special world's fair passes, and an official welcome by directors of the world's fair and many other things too numerous to mention.

The contestants will be judged on charm, unusual personality, and figure, however, no certain measurements will constitute a perfect figure.

Applicants are needed and will be appreciated by the management of the La Nora and every girl is invited to get in touch at once with the theater regarding details on the bathing beauty pageant. All entries will be given special prizes, while two winners will be declared.

TEXAN PROMOTED
 WASHINGTON, July 21. (AP)—Capt. John W. Thompson Jr., well-known author and native Texan, was promoted today from captain to major in the marine corps. Thompson, born in Huntsville, Tex., lists Terrell, Tex., as his home. He now is assigned an aide to the assistant secretary of the navy.

TEXAN IN FINALS
 CHARLOTTE, N. C., July 21. (AP)—Robert "Lefty" Bryan, of Chattanooga, seeded No. 1, and Wilbur Hess of Fort Worth, seeded No. 2, are the finalists in the men's singles of the mid-Atlantic tennis tournament here. The final matches will be played tomorrow.

GARY COOPER IN WAR STORY WITH DAVIES

'OPERATOR 13' OPENS FOR THREE DAYS AT LA NORA

Marion Davies and Gary Cooper are co-starred in Robert W. Chambers' immortal story "Operator 13" now playing at the La Nora thru Tuesday.

"Operator 13" ran serially in the Cosmopolitan magazine and was one of the best of Chambers' romances of the Civil War days.

The story presents two popular song hits by the Mills brothers, "Once in a Lifetime" and "Jungle Fever," and the tunes have become popular overnight.

Marion Davies plays the role of a Yankee spy, while Cooper is a Confederate officer. Of course, Davies must eventually choose between Cooper and her country and she proves herself a woman in making her choice.

Like all spy stories, "Operator 13" starts out with only one purpose in mind—to make Cooper fall in love with her and then obtain valuable information about the Southern troop plans from him. And like all spy stories, he falls in love with her and she reciprocates.

Cooper will be seen at the local theater today for the first time in almost two years. The last picture he appeared in here was "The Devil and the Deep."

HEAT

(Continued from Page 1)
 Friday's record-breaking highs in some cities, Saturday's onslaught brought scores of heat prostrations along with the 70 deaths attributed to the discomfort.

The toll for three days in Chicago rose to 29. Missouri's list of heat victims struck 42. Nebraska blamed the wave for 31 deaths.

Elsewhere totals were: Kansas 11, Oklahoma 7, Connecticut 2, Minnesota 8, Illinois 25, Iowa 12, New York 4, Texas 10, Pennsylvania 2, Ohio 10, Michigan 3, one each in Arkansas, Indiana, Maryland, Mississippi, Rhode Island, Kentucky 3, Georgia 2, Massachusetts 3, Washington, D. C. 2.

According to relief agencies in Oakland, Calif., 15 per cent of the destitute "transients" in California arrived in the state in their own automobiles.

SKELLY COMES TO PAMPA

NOW YOU CAN BUY SKELLY PRODUCTS AT THE

P K ONE-STOP STATION

After investigating the leading lines of petroleum products, we are pleased to announce that we have made arrangements with Skelly Oil Company to handle the complete line of Skelly petroleum products. We are satisfied we have chosen the best.

Skelly Aromax Gasoline is TAILOR-MADE. Skelly's fleet of test cars, traveling over the middle west, have gathered facts which are the basis for tailor-making Skelly Aromax Gasoline to exactly fit the driving conditions in this state and this community.

Only Skelly has the facts and plant facilities for tailor-making Skelly Gasoline. No tests in a lab-

oratory can duplicate this information. No other oil company tailor-makes its gasoline.

Skelly's Tagolene Motor Oil is made to stand abuse—to stand the extra strains of the hardest driving. Winter grades of Tagolene are free-flowing to give you easier starting and instant lubrication. Besides, we have the Skelly line of chassis lubricants with a reputation for keeping your car new when properly applied, and we know just exactly how to apply them.

Come in and try our new Skelly line. Skelly products must give you complete satisfaction. You are the sole judge. If you do not get complete satisfaction, we will gladly give you back your money.

W. G. SKELLY
President, Skelly Oil Company

At zero, Skelly starts in 3 1/2 revolutions. Most others need 4 to 10.

YOUR MONEY BACK

If you find a gasoline at any price that STARTS QUICKER than
TAILOR-MADE AROMAX

Here is the sincere, daring, fair-square guarantee Skelly makes to Pampa motorists.

Buy enough Skelly Aromax Gasoline to make a fair test of your car. Get a purchase receipt. On the next few mornings, as you step on the starter, notice the starting time. Then, if you have used any other well known gasoline at any price that starts faster in similar weather, return to the station where you made the purchase and get your money back. That's simple, and fair, and to the point.

3 1/2 Revolutions to Start
If Skelly test cars and in Skelly's laboratory, Skelly tests all gasolines. At zero, tests show Skelly Aromax Gasoline needs only 3 1/2 revolutions to start in the average car in good me-

chanical condition. Most other gasolines need from 4 to 10, and some as many as 15 and 40.

At zero, also, Skelly uses only 73% as much gasoline to start as the average of the 10 next best gasolines.

Slow starting is costly. Twelve cold-weather starts with poor gasoline consumes as much as one mile of average driving. Batteries run down. Gasoline floods in to the crankcase, thinning your motor oil. Yes, it costs you money to start slowly.

Try Tailor-Made Aromax Today
You can't lose. You win, no matter which way your own starting test in your own car comes out.

So drive into the P. K. One Stop Station right away.

70 Octane, of Course

Tailor-Made Skelly Aromax Gasoline is full 70 octane, meaning of course highest anti-knock rating. 70 is the maximum anti-knock rating for most regular-grade gasolines, which give you high anti-knock quality by the same method used in most premium gasolines. But 70 octane has nothing to do with the winter starting qualities of gasoline. So, Skelly Tailor-Made Aromax for your own state and your own changing weather conditions, besides giving you highest anti-knock for smooth, silent performance.

"Tune in! . . . I'm on the air in a new adventure."

WEST TEXAS

CLINT C. SMALL

The outstanding candidate in the race, whose years of governmental work has qualified this Panhandle citizen for the governorship of Texas. He has served in this section of the state as City Attorney, County Attorney, County Judge, District Judge and State Senator. His record is unsurpassed for service to his district, among the many pieces of constructive legislation are:

- HIS SUCCESSFUL FIGHT FOR THE SMALL RIVER BILL. 9240
- THE SMALL LAND TITLE VALIDATING BILL.
- THE GASOLINE REFUND TAX BILL.

His work made safe for the farmers and landowners of Texas, patents to the lands they purchased of the State.

The tax refund on gasoline means a million dollars each year to the farmers of the Panhandle. We need a governor who understands our needs, who will protect our rights, and who has proven his merits.

17 OIL WELLS ARE READY TO BE COMPLETED

PANHANDLE OIL AREA SEES INTENSE ACTIVITY

By GEORGIE L. GUTHRIE Consulting Geologist, Combs-Worley Bldg.

There was a slight increase in activity for the field during the week with 15 new locations to 12 completions, the number of active wells being increased by three. Gray county was even in active operations, Carson and Hutchinson counties each added 3 and 2 wells to their sum of active operations respectively.

The new wells completed added 6,680 barrels daily to the potential of the field.

Gray county completions.

The British American No. 7 Phillips in section 127 block 3 I&GN completed its test for an average of 213 barrels.

The Magnolia Petroleum company No. 2 Haggard in section 113 block 3 I&GN averaged 284 barrels.

The Phillips Petroleum company No. 6 Pox averaged 386 barrels from a total depth of 2960 pumping. The well is in section 36, block 3 I&GN.

The Skelly Oil company No. 7 Webb was bottomed at 2507 in section 52, block 25 H&GN and averaged 62 barrels daily.

The Southern Petroleum Exploration company No. 4 Baird in section 127 block 3 I&GN was bottomed at 3232 and averaged 197 barrels.

The Wilcox Oil and Gas company No. 28 Combs-Worley in section 35, block 3 I&GN averaged 1,438 barrels for Gray county's largest producer of the week. It was bottomed at 2932 and the pay was from 2908-22. It is a pumping well.

The Stanolind Oil and Gas company No. 1 Cobb in section 165 block 3 I&GN, averaged 238 barrels after a shot of 200 quarts from 3265 to 3330 the total depth.

Bringing Them In

Wrestling Card To Be Staged At Baseball Park

Wrestling will "take to the open air" Monday night when an all star wrestling card will be presented at Road Runner park. The main event will see Don Hill, Californian favorite, meeting the wild Canadian, Lightning Rod Fenton. A semi-final of the roughest order is expected when Danny McShain, Irish bear tamer, meets Rob Roy, Goodnight's roughest and toughest son. The preliminary will see Andy Gump meeting his old rival, Barber Kelly. The first match is scheduled for 9:30 o'clock.

Much will be at stake in the main event. Both grapplers have lost matches to Otis Clingman since he returned from the north and the winner will probably be matched with Clingman now fighting for a chance to get back in the middle-weight elimination tournament.

Fenton has resolved to get rougher and tougher with all opponents, regardless of the style of grappling they prefer. The Canadian learned a lesson in roughness last week when he lost to Danny McShain, and the referee, as he claims, Fenton won two falls, one while the referee was under the ring, but McShain was given the match by the referee who didn't know anything about Fenton's extra fall.

Hill likes to wrestle clean but it is absolutely impossible to remain within the law when a mauler like Fenton is providing the opposition. Hill is fast, clever, and tough, although he doesn't look like one who can take punishment galore. He is a real favorite with Pampan fans.

Hay fever, asthma, eczema, food idiosyncrasy, etc., have been found to be family weaknesses in 32 per cent of 7,000 students studied by the University of Michigan health service.
