Seek End of Aluminum Strike

Federal and labor officials are seeking a formula to terminate the strike of 10,000 workers which is tying up the production in four plants of the Aluminum company of America. Left to right are Fred Keightly, commissioner of conciliation; Boris Shishkin, of the American Federation of Labor, and Hugh L. Kerwin, director of conciliation for the U. S. department of labor, as they conferred in Washington.

TWELVE LOOT ARMORED CAR IN BROOKLYN

MOST DARING ROBBERY IN HISTORY IS COMMITTED

BROOKLYN, N. Y., Aug. 21 (AP) A band of at least a dozen robbers, armed with half a dozen or more sub-machine guns, today held up an armored truck in one of the most daring robberies in Brooklyn's police history and escaped with an estimated \$427,000. The robbers cleaned out the truck in three minutes, leaving only one bag containing \$29,000 in the truck as they sped away in two automobiles.

WIFE MISSING FROM HER HOME FOR FIVE HOURS

OKLAHOMA CITY, Aug. 21 (AP)—Mrs. Elmer Sartor, wife of the motorcycle officer who was killed while escorting Postmaster General Farley to Wichita yesterday, was found in Edgemere park here shortly after 10 a. m. today, after being missing from her home for five hours. She appeared dazed and grief-stricken.

Textile Chief

Head of the 850,000 textile workers who have voted to strike before Sept. 1 is Thomas F. McMahon, above, re-elected president of the United Textile Workers of America, at their recent convention in New York. McMahon, noted a conservative leader, also is a member of the NRA labor advisory board.

OFFICERS QUESTIONING IOWAN WHEN HE OPENED FIRE

CHILDRESS, Aug. 21 (AP)—In a gun fight here early today, Bob Ehringer was shot to death by Sid Partain, night policeman. Partain and another officer, Frank West, were questioning Ehringer, they said, when he pulled a pistol and opened fire. Partain shot Ehringer in the abdomen. Before dying in a hospital a few minutes later, Ehringer gave his name and asked the officers to communicate with his mother, Mrs. E. G. Ehringer of Iowa, La. Ehringer was about 30.

THE PARK IN WHICH THE YOUNG WIFE WAS WANDERING IS ABOUT TEN BLOCKS FROM HER HOME.

Police started searching for Mrs. Sartor after neighbors reported that she had left her residence at 5 a. m., clad only in her pajamas, and in a highly nervous condition.

The young woman collapsed at Ponca City yesterday when she learned her husband had died and was reported distracted throughout the night.

Her marriage to Sartor resulted from an unusual romance, since both were reared in the Masonic orphanage at Guthrie. Adopted by separate families, they met again and were wed several years ago. They expected a child in the near future.

Sartor, packing the motor car containing General Farley, was injured fatally near the 101 Ranch yesterday when a wheel on his motorcycle locked, dashing him to the pavement. He died a few hours later in a hospital at Ponca City. He had delayed his vacation, scheduled to begin Aug. 17, in order to help out during the Farley visit here.

HUNTER RALLY WILL BE HELD TOMORROW EVE

Amarillo and Wichita Lawyers to Speak In Pampa

Judge Jack Adkins of Amarillo and Judge John C. Kay of Wichita Falls, both lifelong friends of Tom Hunter, will be speakers at a Hunter-for-governor rally here tomorrow evening.

Bishop Lucey to Speak to Labor Here Wednesday

Bishop Robert E. Lucey of the Amarillo diocese, Catholic church, will address labor of this community—"manual, mechanical and white collar"—at 8 o'clock tomorrow evening at the First Baptist church.

Bishop Lucey, nationally known labor adviser and friend of labor, will speak here under the auspices of the International Association of Oil Field, Gas Well and Refinery Workers of America. He will be introduced by Fred L. Phillips of Fort Worth, vice-president.

The meeting is open to the general public. It was emphasized that everyone is invited to attend.

Bishop Lucey, a convincing speaker and learned minister, gained a reputation as an adviser of labor in California. He was a member of numerous state labor and charity boards while he lived and resided at Long Beach.

CLARENDON AND AMARILLO MEN PRAISE ALLRED

Big Crowd Includes Many from Nearby Communities

The difference between James V. Allred and Tom F. Hunter is the difference between Franklin D. Roosevelt and Herbert Hoover, Judge S. A. L. Morgan of Amarillo, formerly of Wichita Falls, told a crowd of 500 at an Allred rally here last night. The crowd cheered frenziedly.

"Allred is a born leader and Hunter is a bulldozer—and I ought to know because I've known both men since they moved to Wichita Falls," he declared. "If Hunter should be elected governor—and he won't—he would do exactly as he has repeatedly said he would do: have a bear fight with the legislature every morning before breakfast. He would attempt to drive the legislature, he would crack a big whip—and he would make a miserable failure as governor of Texas." The speaker said he officed in the same building with both men for several years and knew both well.

Judge Morgan who was once a candidate for congress from the Wichita Falls district was introduced by Sam Braswell, editor of the Clarendon News, who praised Allred as a man who would give West Texas a square deal. Mr. Braswell was preceded at the microphone by Riley Strickland, Amarillo attorney and former Pampa Mayor. Gilmore N. Nunn presided. Others seated on the platform were Tom Cotton, Panhandle manager for Allred; F. W. Fischer, Amarillo attorney and Judge H. E. Hoover of Canadian.

Preceding the speaking, the Panhandle band gave an hour-long concert with C. W. Beene, directing. The young musicians of Panhandle high school, about 25 in number, led a motorcade of 100 cars up and down the main streets of Pampa. The band hopes to play at the inauguration of Mr. Allred if he is elected governor. W. L. Boyles

HARVESTER PARK TO BE LIGHTED FOR NIGHT GAMES THIS SEASON

Harvester football park will be lighted for Pampa's first night football this fall.

The Athletic association in session yesterday appointed Joe Smith, Lynn Boyd, and R. B. Fisher to complete the plans and proceed with installation. Arrangements are being made to use the lights and reflectors of the Road Runner park installation during the football season. New standards adapted to football will be used. It is expected that the first four home games of the season can be played at night.

Concessions at the games this term will be jointly shared. The school will sell the cushions and programs but seats and drinks will be let to some bidder by Joe Smith. A 2-room cottage will be moved to the park and a care-taker placed there.

Reserved seats for the 6 home games will be sold in season tickets priced at \$1.25, a saving of 25 cents. Students will have a special reserved section (not seats) with season tickets priced at \$1.50 for all admission costs.

General admission prices of home games were fixed as follows: Quannah 50 cents, McLean 50 cents, Shawnee 75 cents, Fort Worth 75 cents, Lubbock 75 cents, Plainview 75 cents.

The following schedule will likely be changed to place night games on Friday instead of Saturday: Sept. 21—Oklahoma City, there. Sept. 29—Quannah, here. Oct. 5—Fort Worth (North Side), here. Oct. 13—Shawnee, Okla., here. Oct. 20—McLean, here. Oct. 28—El Paso (Bowling), there. Nov. 3—Plainview, here. Nov. 12—Borger, there. Nov. 23—Lubbock, here. November 29—Amarillo, there.

Twinkles

Politics has come to a pretty pass when second primary campaigns prove you were wrong in not voting for the other candidates in the first primary.

Skippy, the family pup, says he won't worry about a food shortage as long as the neighbors throw out almost as much food as they eat, in typical American style.

The West Foster grouch says that all this drought talk should have put football coaches in fine condition for their annual calamity stories.

Shining new cars remind us that Pampa's houses could with the help of about 500,000 gallons of paint, look shiny too.

Uncle Sam sends the reassuring news that there is plenty of food of all kinds. Distribution is the problem. Distribution of Panhandle dust by winds has made Iowa a fertile state.

Brevitorials

Musing of the moment: We have been asked: "Why have a baseball tournament?" And we ask: "Why have anything to make Pampa a territorial leader?" The answer is that leadership pays its own reward. Success is attractive. Success and good will go hand in hand. Recently a small village dweller said: "Don't make so much noise—we're dead down here." It was in fun, but there was a point to it. Life in a vital sense means action, movement, leadership. Pampa leads in sports, as in other things. In so doing she serves this territory, which is also peopled with lovers of sports.

MAY WE introduce (above) Skippy, the family pup who is quoted occasionally in these columns. Skippy aspires to be one of the prominent dogs of the community. He consented to pose on a foot-stool beside the tennis ball, which serves to show the size of his mouth, exceeded in prominence only by his bat-like ears.

OTHER prominent dogs will be introduced later. Today's subject is Skippy, who claims a pedigree. Skippy's papa is dead, we understand, but his mother lives with Mrs. C. W. Lawrence, as also does a sister. A brother, Skipper, lives at the John Hessey home. But despite such ancestry, Skippy is very democratic, with a liking for every passing canine.

One Completion, One Location on Monday Reported

BY GEORGE L. GUTHRIE, Consulting Geologist, Combs-Worley Bldg.

One completion and one new location were the only activities reported yesterday in the Panhandle field. In Wheeler county the Alma Oil company located its No. 6 Johnson 900 feet from the north line and 900 feet from the west line of the northwest quarter of section 47, block 24, T&GN.

Gray county showed the only completion. The Sun Oil company No. 6 Purviance in section 61, block B-2, H&GN, averaged 161 barrels a day on its 5-day test.

Tomorrow the allocation of crude oil production for the various fields in one state of Texas for the month of September will be discussed at Austin, where a state-wide hearing on conservation of crude oil and natural gas is being held. It is hoped that the Panhandle will again escape a cut as it did last month. It is quite probable that if it gets a cut it will be a small one, as the number of new wells will serve to cut it some. Last month without a cut in the allowable of the field, the new production cut the allowable factor from 15.09 per cent to 12.52 per cent.

There is also a possibility of getting a raise in the allowable to take care of the new wells which have been brought in; however, with the passing of the summer months in which the consumption of refined gasoline is greatest and the demand for stocks of fuel oil having gained, the best that can be expected is no change in the allowable for the field.

BOARD APPROVES COUNTY RELIEF BUDGET AND FIGURES ARE SENT TO STATE COMMISSION OFFICERS

302 Persons on List Last Month; Full Report Made

Budgetary requirements of the Gray county relief office were considered and a budget approved by the board in a session yesterday afternoon. The figures will not be released until the budget is approved by the state commission.

There were 302 persons registered for relief last month, most of them heads of families. About 75 are physically or otherwise unable to work, while the remainder receive 30 hours of work per week in five 6-hour days at 10 cents an hour. However, the carefully compiled case records of investigations determine the amount of relief given. Completing of placing caliche on highway 33 in South Pampa is the major local project.

There is a way, Mrs. W. H. Davis, county administrator, pointed out, to handle every kind of case. In some instances, medicine and clothing must be furnished in addition to food. The average case requirement for a family is \$20 a month, the records show. This sum covers the bare necessities.

The relief clients range from those instances of oil company employees recently laid off to the type of family which has never been self-supporting. It was emphasized that the public will do many score of able, honest, and efficient men a vast injustice if it is assumed that everyone receiving relief cannot be depended upon as employees.

The relief load, exclusive of CWA non-relief labor, has decreased from \$15,537.52 in January to \$4,842.94 in July.

The office has a solution for the transient problem if the public will cooperate by sending such persons to the relief board. Single men who are transients are given a meal and sent to Amarillo, where they are housed until they can be sent to their homes. Transient families are investigated through boards in their home counties. Unless they have relatives or well based hope of employment in this area, they are returned to the counties of their residence. The federal and state plan in relief is to rehabilitate as many

JACK CUNNINGHAM PROMOTED TO MANAGERSHIP OF UTILITY FIRM

J. E. (Jack) Cunningham, manager of the Southwestern Public Service company here, has been promoted to the district manager-ship of the company and will assume his new duties at Amarillo within a few days.

In moving, Mr. Cunningham will leave vacant the presidency of the Board of City Development. He came to Pampa in September of 1931 and has been successful in many civic enterprises. He served on the Welfare board and Red Cross board, and directed financial campaigns for each organization. For the last two months he has been president of the Pampa Rotary club.

His successor will be T. W. Gilstrap, formerly manager at McLean, where Mr. Gilstrap was president of the chamber of commerce and active in other civic affairs. The new manager for the last two years has been commercial manager of the company in the Panhandle district.

Mr. Gilstrap is a world war veteran. He entered the army at the age of 17 and participated in many of the major engagements on the western front in Europe, including St. Mihiel, Meuse-Argonne, and Alsace-Marne offensives as a member of the third division. He came to the Panhandle from Dallas.

Urge Panhandle Oil Allowable Be Kept Intact

Strong recommendation that the Panhandle oil allowable be not disturbed, unless for an increase, was made to the railroad commission today by the Board of City Development.

It was pointed out that, because of the drought in Panhandle oil counties, the oil industry is chiefly dependent upon to maintain employment. Any curtailment of oil activity would add to the relief burdens in the Panhandle, it was emphasized.

The B. C. D. also filed, with the cooperation of the relief office, an application for a federal capping plant. It was pointed out that facilities of the Amarillo plant are inadequate to care for the needs in this area of heavy buying.

Doug Fairbanks Will Make Epic Movie of China

HOLLYWOOD, Calif., Aug. 21 (AP)—Douglas Fairbanks returned to Hollywood bright and early today and briskly talked about romance, but it was real romance, not real life affairs.

About Mary Pickford, his estranged wife, he snappily declined to talk. Mary was not there to meet him.

"There is no use asking me about that," was his emphatic thrust with challenging eyes, when asked about rumors of a domestic reconciliation. "I have nothing to say at this time."

On the subject of real romance, however, he was as affable and voluble as of old. In fact he waxed enthusiastically as he exclaimed that he would stay in Hollywood indefinitely and had plans for his greatest picture.

"I expect to make an epic photograph that will be the 'Cavalade' of China," he said.

"This production will portray the wars of Kublai Khan, Genghis Khan, Tamerlane, and the other conquerors who led the hordes of ancient Cathay to the conquest of the most extensive territory ever controlled by one empire."

"I will play only a small part in this picture," he went on.

"My role will be that of Marco Polo, the Italian traveler whose writings have revealed to modern people most that we know about ancient China."

HEROES ARE MADE—NOT BORN.

A few years ago these money changers were posing as oracles and seers. They told us what men were fit persons to run the country, and what men were not.

They made solemn pronouncements on the issues of the day, and advised us sagely on governmental policies. We listened to them respectfully, and did as they suggested.

If we keep this whole story in mind, we shall be a less docile audience in the future—which will be a very good thing for us indeed.

In the meantime, and while the legislature was putting up bars that would effectually limit educational opportunity, the federal government was entering upon a program of unemployment relief, and substantially subsidizing college attendance—making a nationwide forward step toward the equalization of educational opportunity.

It does not take a wise man to determine which is the statesmanlike policy. The densest of us ought to be able to see that every consideration of both individual and social well-being demands that the opportunity for intellectual and spiritual growth through education should be guaranteed at public expense to every youth to at least 21 years of age.

CAPONE FATE BETTER THAN HIS PARTNERS

HUMPHREYS HAS FLED, JOHN DILLINGER IS DEAD

CHICAGO, Aug. 21 (AP)—"Scarface" Al Capone, reported riding westward to a new prison cell in San Francisco bay, can reflect that his fate is better than others of that brand of "public enemy" of which he is the prototype.

Prison for 11 years was the dish served him—Chicago's first "public enemy No. 1."

"Scarface" Al, who came to Chicago as plain Al Brown and made himself emperor of gangland in the heyday of prohibition terrorism, received his appellation of public enemy from Frank J. Loetsch, president of the Chicago crime commission. Loetsch, at 76, stepped into the vanguard of crime fighters and directed the preparation of a list of 28 notorious Chicago gangsters.

Heading the original list, brought out in 1930, was the name of Capone, who had lived for years on the profits of vice, gambling, illicit liquor and racketeering. But the federal government brought some chips in the game in 1931 and in a court showdown Capone was found guilty of having failed to share his profits as provided by the income tax law and was sentenced to 11 years in prison.

A new edition of the Chicago public enemy list brought out in January, 1933, gave No. 1 position to "Hurray Humphreys, a former lieutenant of the 'Scarface,' who had assumed command of the Capone forces. Humphreys, indicted on income tax counts by the government, is reputed to have gone to South America.

In 1933, a new figure arose in the world of crime and because of his emotional and ruthless forays, the title of public enemy No. 1 was bestowed by common consent upon the Indiana "cop hater"—John Dillinger.

Looking around for a successor on whom to pin the luckless No. 1 ribbon, department of justice officials decided on George (Baby Face) Nelson, machine gunner for Dillinger.

Mmes. E. G. Lunsford of Overton, Mrs. W. W. McDay of Wildorado, Okla., and Mrs. F. A. Lepell of Valparaiso, Ind., house guests of Mrs. Anderson, were visitors. Others present were Mmes. NRA Compliance May Be Shifted To Justice Unit

WASHINGTON, Aug. 21 (AP)—The Washington Post says administration officials are reported to be considering shifting the NRA compliance division to the department of justice.

Such a step would be one of the major changes in a proposed reorganization of the recovery unit. While it is generally recognized, the paper says, that an overwhelming majority of employers have been aided by their codes, officials are known to feel that compliance has not been all that it might have been. Tightening of the enforcement machinery is suggested as the most promising method of correcting future abuses.

Officials privately commented, the post adds, that the department of justice, with its large staff of lawyers and investigators, would be better prepared to win conformity than the compliance division as now constituted.

Wife Rejoices

Three days of agonized waiting ended and joy came to Mrs. John S. Labatt, above, when her husband was freed by kidnapers and returned to their London, Ont., home.

WISHING TREE IS CUT DOWN; HARLEM WEEPS

Floral NRA Is Sold In Pieces To Negroes

NEW YORK, Aug. 21 (AP)—Harlem's famous "wishing tree," in whose benign shade have sat many negro actors—Bert Williams, Bill Robinson, Florence Mills, Ethel Waters and the rest—has fallen to the axe.

Men came yesterday and cut it down. Each stroke of their steel left a scar in many a superstitious and sentimental heart. The tree meant much to negro troupers. For years it had stood there at 131st street and Seventh avenue in front of the Lafayette theater, a sturdy oak rooting in Harlem's soil. Lately it had begun to totter. Besides, it was in the way of the proposed widening of Seventh ave. That is why they cut it down.

Once there was a negro actor who stood beneath its branches, rubbed its rough bark, and made a wish for work. Immediately he got a job. Besides, it was in the way of the proposed widening of Seventh ave. That is why they cut it down.

Paul Robeson stood there, wishing perhaps to become one of the greatest baritone of his race. He called the greatest tap dancer of them all, has known its charm. The late Florence Mills, Harlem's songbird, made her wish there and found it granted. Ethel Waters, soon considered a resident of Port Haron Much, as saying a pine woods near Grand Bend, Ont., was the hideaway for Labatt's kidnapers.

The Michigan man, who asked that his name not be disclosed, said he saw "an automobile flashing signals in code with its headlights towards the pine woods" a few hours before Labatt was freed and a friend saw "two mysterious automobiles" in the vicinity.

Labatt, a London, Ont., brewer, was reported to have said he smelled pine wood while a captive.

GUESTS MEET WITH BAPTIST WNU CIRCLES

SEPARATE MEETINGS ARE CONDUCTED IN HOMES

Study hours, followed by brief social periods, were enjoyed by members of First Baptist Missionary union with several guests and one new member yesterday afternoon. Circles met separately in homes.

Mrs. Nolan Harris, hostess to the circle one, was also leader of the program from the book, Home Mission Trails. Mrs. J. A. Arwood gave the opening prayer and Mrs. T. B. Solomon the devotional from Romans.

Others present were Mrs. Beatrice Stevens, a guest, and Mmes. J. C. Bernard, D. B. Hamilton, C. L. Stephens, and E. M. Dean.

Bible study from the three last chapters of Hebrews was conducted for circle three by Mrs. Tom Duval, and Mrs. Mary Binford talked on stewardship. After the prayer by Mrs. E. L. Anderson, Mrs. Joe R. Foster conducted a business meeting.

Refreshments were served to them and to Mmes. P. O. Anderson, Dee Campbell, Floyd Young, and a new member, Mrs. K. C. McDonald. Mrs. R. Lutz was hostess to circle five. Mrs. H. K. Beard presented the devotional from Timothy; Mrs. R. C. Wood presided for the business hour; Mrs. O. C. Williams gave the closing prayer after a lesson directed by Mrs. W. B. Henry.

Guests of the circle were Mmes. Martin, Webb, and Lutz Sr.

Shakeup Due in Toronto Police—Official Ired

TORONTO, Aug. 21 (AP)—The Toronto Mail and Empire said today a shake-up in the Ontario provincial police force is likely following Attorney General Arthur W. Roebuck's expression of dissatisfaction with the handling of the John S. Labatt kidnaping case.

"It is understood the attorney-general spoke in very plain terms to the officers stationed at the Royal York hotel when he learned John S. Labatt, the kidnaped millionaire, had walked up to the room of his brother, Hugh, and had gone off again without the police on duty knowing anything about it," the newspaper said.

"The result was that Mr. Roebuck took complete charge of the case himself."

Labatt was released last week after three days in the hands of kidnapers. Negotiations with the abductors were carried on from the hotel by his brother.

A dispatch from Sarnia, Ont., where Labatt has a summer home, named a resident of Port Haron Much, as saying a pine woods near Grand Bend, Ont., was the hideaway for Labatt's kidnapers.

The Michigan man, who asked that his name not be disclosed, said he saw "an automobile flashing signals in code with its headlights towards the pine woods" a few hours before Labatt was freed and a friend saw "two mysterious automobiles" in the vicinity.

Labatt, a London, Ont., brewer, was reported to have said he smelled pine wood while a captive.

Jerry Jarnegin Called 'Suicide'

HOLLYWOOD, Aug. 21 (AP)—Still cloaked in mystery, the shooting of Jerry Jarnegin, song writer and husband of the musical comedy actress, Irene Franklin, was designated today by police as "suicide."

The report of an autopsy surgeon, combined with reports of detectives, led authorities to the conclusion that Jarnegin had fired a bullet into his brain early Sunday evening at his home on picturesque Lake Hollywood drive.

Police had not answered, however, the question of why Jarnegin chose such a dramatic moment, with his wife and her friends in the midst of a gay supper party to celebrate the prospect of attractive film roles for the couple, to end his life.

The grief-stricken widow hinted

at a motive when she told police that "Jerry had been low in his mind" of late over lack of work and finances. Friends professed to see the possibility that his mind may have been disturbed over the approaching trial of Lawrence Thomas, former houseboy of the couple, who was held two weeks ago on charges of hitting the actress with a liquor jug, table leg and telephone when she tried to intervene in a quarrel between Thomas and her husband.

There have been signs of some feeling between Johnson and Richberg. The latter has been mentioned as a successor to Johnson, but the White House has made it known Johnson is to carry on.

In calling in the executive council today Mr. Roosevelt indicated no particular concern about national affairs.

LOBSTERS ARE MORE CLOSELY RELATED TO SPIDERS THAN TO FISH!

YOUR SHADOW DOES NOT TRAVEL AWAY FROM YOU AT A FASTER RATE AS YOU GET FARTHER AND FARTHER PAST A LAMP POST!

AFTER making a careful study of ants and their speeds at varying temperatures, it is possible to come within one degree of the correct temperature, merely by determining the rate at which the ants are moving. Even a shadow, falling on a column of marching ants, slows them down.

At Camp, Aug. 16, 1934.

Sonny, can you ride a horse? Well, do you think you could stick on his back while he climbed a mountain? Boy, that sure is lots of fun.

A little red-headed boy brought a horse to my camp early yesterday morning so I could ride to the top of the mountain and fish in a great big lake. He tried to scare me—said the horse would buck me off and run away. He didn't know I lived in a cow country, where we learn to ride horses as soon as we learn to walk.

There was a trail part of the way up the mountain, for the shepherd had driven his sheep up there to graze, but near the top there were hundreds of great big trees lying across the trail, and everywhere I looked a big forest fire years ago had burned the trees and caused them to fall and die.

My horse had been up there a few times before I rode him up, so he seemed to know just how high to step to get over the big logs and brush. He got so hot, he was just wet with sweat, he let him stop and rest several times.

When we got to the top, it looked like someone had scooped out a big hole in the top of the mountain and filled it with water, and all around were the prettiest trees you could see. The water was so clear you could see big rocks way down deep in the lake, and the big trout were just jumping way up out of the water.

Yes sir, I caught 9 of those great big rainbows, even if I did pour rain and wet while I was up there. I didn't know what to do when I got the first one on my line, so I thought he was going to break my pole or pull me in the lake but I finally got him out. Boy, didn't he fight to get back into that lake. He was a big rainbow, 16 inches long. There were other people fishing on the other side of the lake but I could barely see them, for it was so far across the lake. I could hear every word they said, though.

A little boy and girl from Kansas came around to talk to me. They had walked up the trail with their daddy, and just carried little sweaters and a sandwich apiece.

democratic chairman of Carson county, was in charge of the delegation. A number of boosters were also present from Clarendon.

Before the series of addresses began, Mr. Beene had the audience stand while his hand played "The Eyes of Texas" in honor of Attorney General Allred.

The main address of the evening was made by Judge Morgan. In explaining why Tom Hunter carried Wichita county, the speaker said that Jimmie Allred angered several prominent citizens of Wichita Falls when he refused to lend his aid to them and to Ferguson in the latter's attempt to create a special oil and gas commission. "Because he would not bend the knee to the dictates of Jim Ferguson and because he would not fix it so his fellow townsmen would make a few dollars at the expense of the rest of

SPLIT MARRIAGE

SYNDICATE All that really stands between Bob and Marsha Powers is Bob's refusal to understand Marsha's relation with one of her old friends who is now in the region. But it is enough to bring tears to the eyes of a divorcee who considers whether it might be wise to ask Marsha to do with him.

Chapter 33
BOB IN TROUBLE

There was much to trouble Bob in his third week at home. He heard that Geoffrey Tarleton was attending a dinner who could hardly write her own name, but who, for one sort of male, had vast appeal.

With distaste, but thoroughly, Bob verified details to find that the rumors were based upon truth. Marsha, with that it was unthinkable! There were good things about her which were, he thought, too good to be wasted in such a way.

Again and again he decided he would have it out with her; ask her, no matter what else she did, to keep free from Tarleton's soiling touch. But she was obviously avoiding every chance for intimate talk with him and he did not once during the week, had the moment when he could force upon her the topic he wished to discuss—divorce.

He planned what he would say with opportunity for words given, as he lay awake by night, and as he saw, by the slit of light beneath her door, that she too lay awake.

She was even thinner and her frail appetite had dwindled yet more; that troubled Bob deeply. He supposed, with a chilling of his blood, suddenly did hear, that she had heard of Tarleton's defection and was wounded by it. Bob knew that Tarleton would always wonder that she had not, for the sake of her future and the peace that might be in her future, know it.

Conjecture, too, distressed him, that would Marsha had before she married him, engaged an unhappy life in her aunt's company in order that no aspersion be cast upon the acid maiden lady by those who might wonder too deeply about Marsha's living alone.

He did not want Marsha to live with Miss Gertrude, "I would be absolute hell for her!" he murmured aloud more than once, considering the matter that, with others which were equally unpleasant, dogged his weary footsteps.

He wanted to talk that over with her, and he had no chance to talk anything over with her she eluded him so deftly; she squirmed from every net he spread to trap her.

"She hates me," he thought; "it hurts her even to be in the same room with me!"

It did not seem quite fair to him that she should hate him; he felt he had been fairly atone about the blow that had come to him through his realization of how he had been cheated.

Of course, he reasoned, she had not known how hard the blow had been, still was. He presumed, when he was an old man, he would still be thinking of her with yearning and with the thought of her return to him which thrived despite every real and sometimes brutal discouragement.

MARSHA, on her side, kept from Bob's path as much as was possible, and she would not talk that night, the trip from him because, with him, she feared she might betray herself.

And then another bell for them, with her wanting more than he could give her, knowing her, and he forcing himself to give as a gesture of gratitude.

Marsha thought often: "If he had been as starved for love as I, he would know that the way I care does count, no matter how second-rate I am." She knew that no other woman would ever love Bob so deeply, wholly and truly; and she felt that any woman who knew him, must love him.

She was after the divorce he would marry again; that possibility appeared against the black curtain of dark, each night, to make her sit up in bed, tired on the light, try to read.

HUNTER TURNS DRIPPING WET IN BEXAR CITY

Texas and asserted "I had rather be over in Louisiana living under Huey P. Long than under the conditions here."

Hunter committed himself to active support for repeal of statutory prohibition and submission of an amendment to remove constitutional prohibition in Texas.

He again promised to veto any general sales tax legislation and urged his proposal to create a governor's cabinet. He also advocated a recall system to restore the government to the people.

ALLRED CALLS HUNTER CHARGES 'INANE AND SILLY'

BEAUMONT, Aug. 21 (AP)—Attorney General James B. Allred, accused by his gubernatorial foe, Tom F. Hunter, of being out of step with the national democratic administration, said here last night that the charges were "inane, and more effort to divert the spotlight from Hunter's platform."

Allred said he made speeches for President Roosevelt and Vice-President Garner and was one of the first Texans to contribute to the national campaign which elected Franklin D. Roosevelt.

The overflowing crowd was highly demonstrative. Allred attacked Hunter's platform, planks and demands that his opponent take an unequivocal stand on the controversial issues of prohibition and horse race betting.

Allred said "everyone knows how I stand on prohibition, but I challenge anyone who is authorized to speak for Hunter to say whether he is wet or dry. I am for repeal of the statute legislating race track gambling. Desperate Tom Hunter won't tell his stand on that."

Wide applause greeted his statement that he had ruled that negroes were not entitled to vote in democratic primaries. The possible voting of negroes was a live issue here several weeks ago.

Allred, referring to Hunter's announced intention of vetoing a sales tax if the legislature enacted one while he was in the governor's chair, said there was a "joker" in the statement.

"Hunter says he will veto a general sales tax for state revenues," Allred said, "but he doesn't say he will veto one for the school fund or for local purposes. The sales tax takes money from the pockets of the poor, regardless of where the revenue goes. I challenge Tom Hunter to say whether he will veto a sales tax for any purpose."

Allred said he would "take the administration of unemployment relief out of politics." He reviewed his stand on organized labor, stating that he fought to uphold the full crew law and was opposed to convict labor competing with outside labor.

SAN ANTONIO, Aug. 21 (AP)—The record of James V. Allred, his opponent, as Texas' attorney general, was assailed by Tom F. Hunter, gubernatorial candidate, in a speech here last night.

"Political racketeering in Texas must cease," Hunter shouted as he charged that Allred had used the office to further his personal ambitions.

He criticized Allred's administration concerning the appointment of receivers, his "dual role" in commencing gambling, alleged favoritism to outside lawyers, and the handling of the Lone Star Gas company rate case.

Hunter reiterated that he had refused to be signed with "either of the old factions in Texas politics when it might have been profitable and I am just as far from that alignment now as I was then."

Attacking the manner in which Allred handled the Lone Star Gas company suit, Hunter said the attorney general directed the two youngest kids in his office to try a lawsuit involving a saving of \$8,000,000 a year to Texas gas purchasers. He wouldn't forego even one day campaigning to go into the court room on that case."

W. W. McCrorey, district judge, introduced Hunter and drew applause when he attacked utility rates in

LIGHT ON THE SHADDOY

ST. LOUIS—"The Shadoy" has been captured and his three parts lectured and sent home to mother.

Twelve prominent East St. Louisans received letters with the grim message, "death is your pal," and signed "The Shadoy." Each note bore a crude drawing of a hooded figure leading a skeleton.

Police finally arrested two small boys and a girl who were "having fun."

Under a reorganization act of the Kentucky legislature, no agency of the state government can spend more money than the department of finance and budgetary control allows it.

ROAD RUNNERS WILL TOURNEY AND \$1,000. SHUTTING OUT PHILLIPS 5 TO 0

Road Runner Park Will Be Scene Of All-Negro Boxing Card This Evening

BOUT OF TEN ROUNDS WILL TOP PROGRAM

BATTLING BOZO WILL MEET McDONALD IN WINDUP

With baseball interest somewhat subsided through ending of the invitation tournament, and with the Harvesters en route to camp in New Mexico, sports interest today turned to the 28 rounds of leather-slugging to be offered tonight by Promoter B. W. Kelly.

An all-negro program such as that which was so pleasing a few weeks ago will be staged at Road Runner park, beginning at 8:30 o'clock. A big ring will be placed up close to the grandstand and well lighted. This has been shown to be very satisfactory to the public. The grandstand also furnishes protection in case of a severe rain.

Topping the program will be 10 rounds between Billy McDonald, Amarillo middle-weight, and Battling Bozo Brown of Joplin, Mo. Brown, a puncher of ability is not taken lightly. Mac has the fighting instinct and an abundance of power. Brown has much of the same temperament and style.

Kid Mitchell, the Jack-in-the-box, will meet Kid Wallace of Tulsa. This 8-round fight will likely be the fastest of the evening. Both men are clever dodgers who fill the air full of gloves.

The 4-round special event will introduce Charlie Deason of Amarillo, who will meet Yerdell Bowie of Berger. These are 120-pounders who like to mix it.

The 4-round preliminary will be between Eddie Rodgers of Pampa and Battling Louis of Amarillo.

Arkansawyers to Watch Schoolboy Win World Series

DETROIT, Aug. 21 (AP)—From El Dorado, Ark., comes word that arrangements already are being made for a special train to bring most of the population of El Dorado to Detroit to watch Lynwood (Schoolboy) Rowe, El Dorado's most famous citizen, win the world series for the Tigers.

And in a prominent place on that train—unless some such circumstance as the New York Yankees interferes with the plans—will be Miss Edna Mary Skinner, 21-year-old brunet whom the Schoolboy expects this fall to make Mrs. Rowe.

Miss Skinner went all the way to Chicago a few weeks ago to see her hero pitch and to Detroit this fall, the occasion by getting a home run.

A skeleton believed that of Black Kettle, Cheyenne Indian chief, was unearthed by workmen on a dam project near Cheyenne, Okla.

SOONER CLUBS DEFEAT TEXAS LOOP LEADERS

Associated Press Sports Writer.

The league leader San Antonio Missions and second place Galveston Buccaneers took it on their penultimate games last night. The last place Oklahoma City Indians smothered Galveston, 16 to 1. Jake Atz of Tulsa Oilers cooled off San Antonio, 7 to 4. In other league games, Houston Whitecaps beat Fort Worth, 5 to 0, and Dallas overwhelmed Beaumont, 9 to 2.

Today's league log shows San Antonio with a 3-game lead over the Whitecaps, and Dallas only four percentage points behind the third place Tulsa aggregation. Beaumont dropped out of the first division in its fifth position.

Tulsa cracked down with a 5-run rally in the eighth to beat San Antonio on 7 hits. Bill Seidel got away to an erratic start but he bridged them scores in the final five frames.

Unknown hitting power blossomed in the rank of the Oklahoma City Indians, who clouted Gumbert and Garcia for 20 bingles. The Bucs, after losing three straight to Dallas chiefly because of erratic fielding, continued by making six errors. The Indians scored 7 runs in the first 2 innings.

Celebrating "Joe Vance night," the Dallas Steers easily trimmed Beaumont behind Vance's 8-hit pitching. Dallas Warren and Bill McCulloch, catcher and outfielder, added Vance's cause by driving in 5 runs.

Gienn Spencer limited Fort Worth to 4 hits while his Houston mates hammered Babb and White for 13 timely blows. The Gals filled the bases in the eighth, but two were out and Spencer eased out of the difficult situation without any damage.

MORGAN LEADS BEAN BELL IN TEXAS LEAGUE

GAINS POINT IN CLOSE THREE-CORNERED BAT RACE

Associated Press Sports Writer.

DALLAS, Aug. 21 (AP)—By check-up two for four last night, Alex Hooks, Tulsa first baseman, gained 1 per centage point on Chester Morgan of San Antonio and Bean Bell of Galveston in the interesting Texas league hitting race.

Morgan, the pace-setter, set two for five to leave his average at .300, and Bell collected one for four, leaving his average at .359. Here's how the race looks today:

Player	AB	R	H	AVG
Chester Morgan	339	392	369	.351
Bean Bell	327	328	358	.359
Alex Hooks	420	470	363	.343

It was reported last night that Jim Thomas and Clarence Rowland, major league scouts, are with the Tulsa Oilers for the direct purpose of watching Hooks in hope he will reveal enough to be classified as big league material.

Yesterday was Uncle Rube Stuber's forty-ninth birthday. He owns the Beaumont Exporters and they let him down by losing to Dallas, 9 to 2. Their defeat failed to dampen Rube's pennant enthusiasm.

"Yes, you bet your sweet life that my boys will finish in the first division. They are young but that's not against them for they have enough hustle to get into the Shaughnessy play-off," Stuart said. The Beaumont mogul claims either club owners tossed him a curve when they voted against the transfer of Rudy York from Fort Worth to Beaumont even though Rudy was Beaumont's property.

"I think the rule was kinda stretched to cover the York case. We had hope of keeping the husky home run hitter in our league but after President Gardner's board of league directors voted against us playing him, I was glad to see Detroit pick him up."

Henry T. Rainey Will Be Buried On Illinois Farm

ST. LOUIS, Aug. 21 (AP)—The body of Henry T. Rainey, late speaker of the house of representatives, will leave St. Louis early tomorrow on a final trip to Walnut Hill, the Rainey estate near Carrolton, Ill.

The body will lie in state at the city's union courthouse in Carrolton, from 9 a. m. until 1 p. m. Wednesday.

Funeral services will be held at "Walnut Hill" at 4 p. m., a few minutes after the scheduled arrival of President Roosevelt from Washington. All expenses will be paid and Speaker Rainey will be buried in the Carrolton cemetery, beside his father and mother.

Mrs. Rainey, who was at home in Carrolton when the speaker died in St. Paul hospital Sunday night, said it is impossible to come here to aid in funeral arrangements, which were made by Senator William H. Dieterich, a close friend. She is expected here, however, to accompany the body home.

The speaker's wife, Mrs. Rainey had no children. Besides his widow he is survived by a sister, Mrs. Frank P. Williams of Carrolton, and a brother, William C. Rainey of Mexico, Mo.

Two Men Injured In Strike Fight

GULFPORT, Ont., Aug. 21 (AP)—Two men were seriously hurt today in a vigorous fighting between striking garment workers and employees of the Popular and Superior Clink companies. It was the first strike violence of the city's industrial history.

A vigorous encounter between strikers and workers took place on a central avenue of the city and police, experienced difficulty in bringing the situation under control. Several windows were smashed, automobiles suffered minor damage and ornamental lights were broken.

Trouble had been threatened for months, ever since the two companies moved here from Toronto. The strikers declared the move was a breach of a union agreement. They had been picketing the plants the last two months.

Girls going to work today were permitted to pass picket lines unimpeded but, at the appearance of the men against whom the strikers appeared to have a particular grievance, bricks began to fly.

CHICAGO, Aug. 21 (AP)—Charley Grimm, who was given sick leave so he could confer with his family physician at St. Louis, returned unexpectedly today again to take command of the Chicago Cubs.

Approximately 22,500 carloads of fruits and vegetables moved from the lower Rio Grande valley of Texas during the 1933-1934 shipping season.

Associated Press Sports Writer.

The Pampa-Dancer Road Runners won the first local invitation baseball tournament sponsored by the Junior chamber of commerce and managed by Ray Bourland. They took the \$1,000 first prize.

Berger's Phillips 66 outfit, which lost last night, 5 to 0, took second money and Huber Carbon of Berger was third.

Phillips 66 put Pewee Bass, ace hurler, into the game and let Ward Pampa, second baseman, rather confident of beating Bill Hardin, Road Runner hurler who on another occasion in the tournament was hit rather freely. Hardin fanned "em, blanked 'em, and sent the visitors home blaming their defeat on the Pampa pitcher.

Hardin indicated his selection with some of the best pitching of the tournament. He struck out four men, compared with eight for Bass, but he allowed only four scattered hits while Pewee was being touched for 14, two of them home runs.

Ward Pampa, second baseman, leveled out a hard-hit homer over almost exact center field in the first inning with one man on. Whitey Vaughn, right fielder, drove one out of his own territory in the eighth. He was the first man up that evening. Ward led the Pampans' hitting with three-out of four.

Pitcher Bass rapped out a single and a double for half of Phillips 66 hits. Deck, first baseman, got a double and Francis, catcher, a single. Phillips' play was errorless, while the Road Runners were guilty of lapses four times.

Hardin had a pleasant evening. His speed was dazzling, his control good, and his "stuff" almost unhittable. In the ninth inning he whiffed three Bergerites in a row to end the contest with a base on a shoulder, protesting that a bender wasn't a strike.

The largest crowd since the free game on the night before the tournament opened saw the contest and participated freely and vocally in the proceedings. The game in the game, Mr. and Mrs. Frank Howell were given prizes for being the most guests of the Eagle Buffet at a chicken dinner.

The Junior chamber is receiving congratulations for having promoted a highly successful tournament under adverse conditions. The event was conducted with harmony and a minimum of difficulty throughout, with many members giving their time to the details.

32 HARVESTERS AND COACHES LEAVE TO SPEND 10 DAYS IN NEW MEXICO TRAINING CAMP

They're off to a new season of brilliant gridiron accomplishments for Pampa high school.

The Harvesters, Coaches Odus Mitchell and Argus Fox, and Camp Director Ben Gull left in school buses early today for their Sacramento mountain camp 10 miles from Weed, N. M. They will be gone 8 or 10 days.

Nominated last night to make the trip were Edward Scott, Donal Sparill, George Nix, Skeet Wise, Bill Haner, Mayse Nash, W. J. Brown, Richard Montgomery, Bill Dunaway, Carl Smith, Chas. Johnson, J. F. Green, Lloyd Hamilton, Charles Welton, Reece Barham, Glen Edridge, Odell Walker, Chas. Fagin, Charles Johnson, Chubby Stewart, Tom Rose, Lester Stephenson, Bob Drake, Durwood Fanning, Ray Webb, Hazel Mackie, Ray Elkins, Gaston Harbour, Revisia Harvey, Fred Mumford, Leon Nobelet, Boyd Owens, Monroe Owens (captain), Bill Mack Parks, and Wolford Birns.

Neatly outfitted, with new shoes and sweat shirts, clean pants, and shoulder pads, the big squad warmed up yesterday afternoon at Harvesters park and received instructions about the trip. Coach Mitchell directed some running games which showed that most of the members of the squad were already in fair condition. A few were easily winded, but the camp will take care of that.

A good field and hot and cold showers will be among the accommodations at the camp near Weed, N. M. This is the site chosen but not used this year by the Adobe Walls Boy Scout council.

This year's squad looks unusually fast, not so heavy as some others, but more quiet and hard working.

The North Carolina Symphony orchestra composed of musicians recruited from the ranks of the unemployed, made a tour of that state recently, playing to large audiences in every city.

ROAD RUNNERS WIN TOURNEY AND \$1,000. SHUTTING OUT PHILLIPS 5 TO 0

Associated Press Sports Writer.

The Pampa-Dancer Road Runners won the first local invitation baseball tournament sponsored by the Junior chamber of commerce and managed by Ray Bourland. They took the \$1,000 first prize.

Berger's Phillips 66 outfit, which lost last night, 5 to 0, took second money and Huber Carbon of Berger was third.

Phillips 66 put Pewee Bass, ace hurler, into the game and let Ward Pampa, second baseman, rather confident of beating Bill Hardin, Road Runner hurler who on another occasion in the tournament was hit rather freely. Hardin fanned "em, blanked 'em, and sent the visitors home blaming their defeat on the Pampa pitcher.

Hardin indicated his selection with some of the best pitching of the tournament. He struck out four men, compared with eight for Bass, but he allowed only four scattered hits while Pewee was being touched for 14, two of them home runs.

Ward Pampa, second baseman, leveled out a hard-hit homer over almost exact center field in the first inning with one man on. Whitey Vaughn, right fielder, drove one out of his own territory in the eighth. He was the first man up that evening. Ward led the Pampans' hitting with three-out of four.

Pitcher Bass rapped out a single and a double for half of Phillips 66 hits. Deck

GENERAL TRANSPORTATION STRIKE CONSIDERED IN CHICAGO

WOMAN IN GAY CLOTHES GOADS FERA WORKERS

TEAR GAS BOMBS AND RIOT STICKS USED IN MILWAUKEE

By The Associated Press
 Union labor considered today a proposal for a general transportation strike in Chicago, where a police executive has described the bus drivers' walkout as "about ripe to blow wide open."

Chicago surface line employees are to ask the executive board of Amalgamated association of street and electric railway employees of America, meeting in Detroit, for permission to declare a sympathy strike. Elevated line unions advanced on a request yesterday.

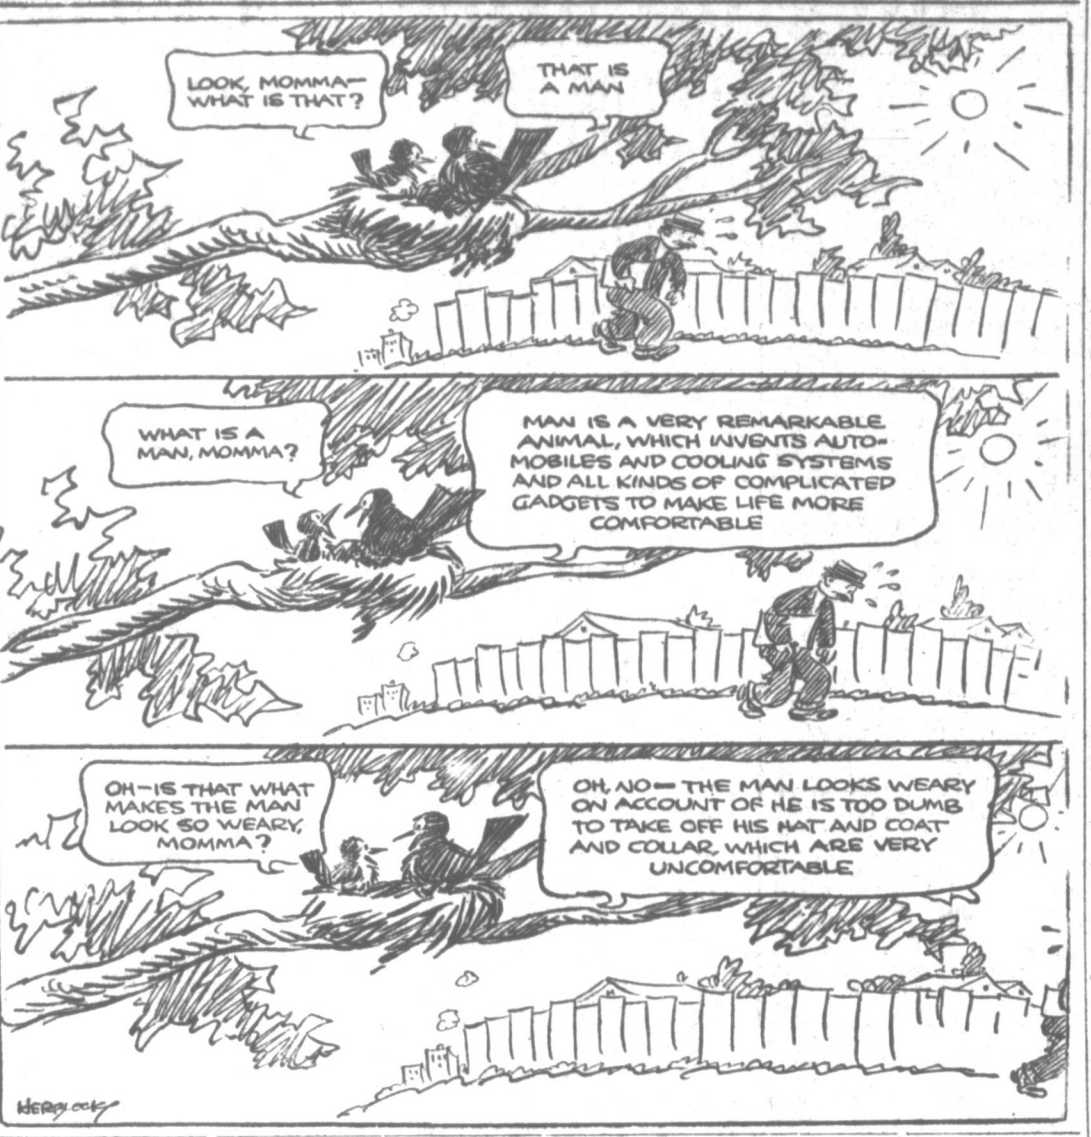

Should the executive board approve, 20,000 transportation workers will take a walkout poll.

Tear gas bombs and riot sticks were used to quell a riot in Milwaukee, where 250 FERA strikers sought to rescue a comrade from police yesterday. A woman in a gay dress goaded the workers into action.

Police at Portland, Ore., were told to arrest 23 men for questioning as a result of a clash between working longshoremen and strikers in which one man was shot to death.

Philippine island officials planned intervention to prevent the walkout of 8,000 cigar makers from growing into a general strike. Three thousand persons advanced on a police station to free 25 women

Francis J. Gorman, chairman of the United Textile Workers' strike committee, put the next move "up to the industry or the administration" as he pressed plans for a tie-up of the cotton textile industry by Sept. 1, with walkouts in other textile lines to follow.

The Minneapolis market district remained a "no man's land" as national guardsmen sought to forestall violence in the truck drivers' strike.

Government plans for the return to work of 8,500 employees were taken under consideration by the Aluminum Company of America, but with little prospect of acceptance.

Beginning Thursday and including the last three days of each week, the county administrator through an agent, John V. Andrews, will receive about 600 head of federally purchased cattle weekly.

Members of the board who attended yesterday were Alex Schneider, chairman, C. H. Walker, Hank Beining of LeFors, and Witt Springer of McLean.

HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS
 HOLLYWOOD — "It is impossible," the photographer said, "to photograph her to disadvantage."

He was referring to a small, slim, brown-haired girl who was wearing the shining black and white garb of a "minstrel girl" on a set where a bevy of other girls, similarly clad, were rehearsing.

Long A Movie Fan
 It wasn't long before Janice Jarrett was getting as many calls as she could answer, and more. She probably made more for a model than she will in pictures—for a time, at least.

"I've always been a movie fan," she says, "but I really didn't think about being an actress until I signed this contract. Now I want very much to try it. When I was little, the other girls and I used to pick our favorite actresses and 'act' their parts. I was always 'Betty Compson'—I wonder what Betty Compson would have thought of our 'performances'?"

CHICAGO GRAIN

CHICAGO, Aug. 21. (AP)—Grain prices moved upward again cautiously today on the stimulus of fresh advances in foreign markets. Although covering, the price of almost two cents in wheat and more than a cent in corn were scored at times, the net change was held to a slightly narrower range.

Interpretations of recent reports from Washington indicating an effort to discourage large food price profits were confusing. Failure of outside buying to broaden in sympathy with pronounced strength in wheat and corn abroad also was disquieting.

Wheat closed 1/2 to 1 1/2 cent higher compared with yesterday's finish. December closing at \$1.05 1/2 to \$1.06 1/2 off 1/4 from the day's high point. May deliveries closed at \$1.07 1/2 to 1/4, while September new ended at \$1.04 1/2 to 1/4.

Corn showed a day's gain of 1/4 to 1 1/2 cent, down 1/4 from the high. December closing at 78 1/2 to 78 3/4. Oats gained 1/4 to 1/2. Rye and barley were up more than a cent.

NEW ORLEANS COTTON

NEW ORLEANS, Aug. 21. (AP)—Cotton ruled quiet but steady most of the morning, keeping at or near the early highs, being supported by firmness in stocks and wheat. Late in the morning, however, prices reacted 7 points to 13.25 for October and 13.41 for December. This was attributed to a few rains in Oklahoma and Arkansas.

Near mid-session, the market was steadier again, recovering one to two points from the lows.

WOMAN HUSHED

NEW YORK—Court was becoming a bedlam as Mrs. Anna Katz, 21, disputed the charge that she left

the lid off her garbage can.

"You talk so much," interposed Magistrate William O'Swyer, "that I think it would be a good idea for you to sit here in absolute silence while I make up my mind just what to do about this case."

"Two and one-half hours later the judge broke the silence with a suspended sentence.

"He's the nicest man," gushed Mrs. Katz.

Mosaic disease at one time almost wiped out the American sugar cane industry until resistant types of cane were developed.
