

# LINDBERGH TO FLY EAST; OHIO CONVICT GIVES CODE LETTER AS CLUE

## SUSPECT VERY COOL AS DATA ENVELOPS HIM

### "MASTER MIND" IN CASE SOUGHT—REICH CONSULTED

By FRANCIS A. JAMISEN  
(Copyright, 1934, By The Associated Press)

NEW YORK, Sept. 22.—Colonel Charles A. Lindbergh will hurry east to lead his aid against Bruno Richard Hauptmann, the alien-convict linked by a chain of incriminating evidence to the kidnap-killing of the flier's first son.

Lindbergh telephoned this word from the Pacific coast to H. Norman Schwarzkopf, superintendent of the New Jersey state police. Dramatically, it came in the same afternoon with the spectacular statement of an Ohio convict that Hauptmann wrote him before the abduction, in a code letter, of a plan to kidnap the Lindberghs' first born and the disclosure by District Attorney Samuel Foley of the Bronx, that every one of the ransom notes had been positively identified by experts as the writing of Hauptmann.

### Plane Warm Up

Colonel Schwarzkopf hurried to the Bronx from New Jersey after his message from Lindbergh, and conferred with Foley.

At Santa Monica, Calif., the airplane in which Col. and Mrs. Lindbergh flew eastward last week was taken from a hangar and refueled. The District Attorney announced Lindbergh would testify before the grand jury Wednesday. Evidence is presented to substantiate the charges that Hauptmann extorted the \$50,000 ransom paid fruitlessly for the Lindbergh baby.

"We have," Foley declared, "an airtight extortion case against Hauptmann."

It was presumed, too, that Lindbergh would give his fullest aid to clearing up other phases of the case. Department of Justice agents expressed keen interest in the statement of George Paulin, inmate of the Ohio state prison in Columbus who gave Warden Preston Thomas the code letter which contained this information.

"Will kidnap Lindy baby. Hope for me."

### Clue Is Ignored

In relating the convict's story, the warden said Paulin volunteered the information soon after the kidnaping, on March 1, 1932, in the hope of saving the baby.

Paulin knew Hauptmann at Perth Amboy, New Jersey; that they were both in the same gang of pick-pockets and petty racketeers.

The warden said he a guard, and Paulin went to Hopewell to tell New Jersey authorities about the code letter, but that the officials did not appear much interested.

While the letter Paulin said Hauptmann wrote him, at the time it was seen by the warden, had no signature on it, the convict declared he had torn off the signature.

This was corroborated by the warden's daughter, Amanda Thomas, the prison censor, who said she remembered the signature of "Bruno."

## Gas Waste to Be Probed Soon

WASHINGTON, Sept. 22.—A broad dissent from the administration's request for federal oil production control legislation came today as the Cole house committee conducted its Washington hearings in its investigation to determine whether such legislation is necessary.

The Standard Oil company of New Jersey, a two-billion dollar enterprise, entered its objection to federal control through W. S. Parish, its chairman, and a number of the oil code authority, John E. Shattford, of Eldorado, Ark., told the committee there must be "complete regulation" of the industry in all its branches, "or none."

Winding up a week's session here, Representation Cole (D., Md.), chairman, disclosed the committee would inspect fields in the Panhandle of Texas to determine for itself whether gas waste was occurring as had been charged before that body.

Cole said the committee would open hearings in Oklahoma City Nov. 12, in Dallas Nov. 16 or 17, and then would go to Amarillo, Texas, to inspect the Panhandle fields before moving on to Los Angeles for the last hearing.

Cole could not give the exact date for starting the California sessions or for the committee's visit to Amarillo. Both would depend, he explained, on the time required in the Dallas inquiry.

## I HEARD—

That Mel B. Davis is carrying a cushion around with him. It seems that Friday was Mel's birthday and he was inveigled into an office in the Rose building and paddled.

Members of the Pampa Junior Chamber of Commerce, and Pampans in general, bemoaning the loss of Elmer Conley from Pampa. We announced last week that a young Pampan would leave soon and it was Elmer Conley, who will become district manager of the Oklahoma district for Montgomery Ward. He will make headquarters in Muskogee. "We're sure going to miss you, Elmer."

## Move To Bar Allred Off Ballot Is Halted By Court's Decision

### NO MERIT IS SEEN IN CLAIM OF PLAINTIFFS

### GOVERNOR WAS SAID TO HAVE SPENT \$100,000

SAN ANTONIO, Sept. 22.—The fourth court of civil appeals today, in an unanimous decision, dissolved an interlocutory injunction issued by Judge W. W. McCray of the 94th district court to bar the name of James V. Allred, democratic nominee for governor, from the general election ballot because of alleged excessive expenditure for campaign funds.

The main opinion was written by Chief Justice John H. Bleckett Jr., and concurrences were written by Associate Justices W. O. Murray and Edward W. Smith.

Suit was brought by three plaintiffs who sought to keep Allred's name from the ballot on allegations he had spent more than \$100,000 in campaigning during the two party primaries, the limit allowed by law. It was claimed Allred had spent as much as \$100,000.

One of the plaintiffs was present when the appellate court handed down its decision late Saturday, but none of the attorneys of the complainants was present. It was expected, however, that a motion for rehearing would be presented and an effort made to take the case immediately to the supreme court.

District Attorney Walter Tynan, through whom, as an officer of the state, the suit was filed, said Sunday night he would not be a party to a motion for a rehearing. He said, in his opinion, the suit could not be prosecuted further, unless he joined in it.

The court held that "it is to be distinctly understood that the effect of this decision is limited to holding unconstitutional the article of the civil statutes attempting to prescribe disqualification for one, a candidate in the general election, for the office of governor and to jurisdiction upon the courts to determine such an alleged disqualification."

Chief Justice Bleckett wrote: "The constitutional provisions regarding expenditures in primary elections and in general elections are, of course, unaffected by this decision."

## Jim Collins Is Vice President in Junior Chamber

MINERAL WELLS, Sept. 22.—Walter D. Cline of Wichita Falls told the Texas Junior Chamber of Commerce convention today that the modern definition of government consisted of peaceful control of the people by representation and by enforcement of legislation first enacted by them.

"Business is the necessary interchange of spoils of the hunt, or in modern words, the exchange of products of the land or articles made by hand, which later brought an interchange of commerce," the district director of the national housing act said.

During the depression years we looked to our government but inviting the government to help us in our business. Now we have the paradox of inviting the government to enter business, then howling because we have it.

"The things that gave us our greatest worries in recent years were our quotas off the gray trains running out of Washington. We looked upon them as our only means of relief, but we need to reform and socialize our government."

Theo Wels of San Antonio was elected president of the Texas Junior Chamber and Tyler was selected for the 1935 convention as the annual meeting drew to a close. District vice-presidents named were: Jim Collins of Pampa, the Panhandle; Henry Mason of Wichita Falls, North Texas; Jack Barnes of Longview, East Texas; Hawk Grant of Houston, south Texas.

Cline, a member of the Texas Centennial committee, praised the convention for passing a resolution pledging support and cooperating to make the exposition a success and stressed the fact that this state was neglecting its greatest crop—"the crop of annual tourists inside its borders."

## CATS DEFEAT ROAD RUNNERS LAST EVENING

### Davis, Fort Worth Ace, Is Effective; Some Teams to Meet This Afternoon.

"Preacher" Davis, ace of the Ft. Worth pitching staff, held the hard-hitting Pampa Road Runners to five runs last night while his teammates pounded the offerings of Bill Hardin and Manager George Bulla for eight outers.

The same teams will meet at 3 o'clock this afternoon in the final game of the local 1934 baseball season. Lee Daney, Indian hurler, will take the mound for the Road Runners. Manager Art Shires had not definitely decided on his pitching selection.

Manager Art Shires and Catcher Broskie led the Fort Worth assault with three hits each. Shires gathered two singles and a home run while Broskie got two singles and a double. Pitcher Davis helped his cause with a triple.

Gordon Nell got his hitting eye back again last night to gather in three hits, one a home run in the first inning. Benn got two singles and McLary connected for a double.

The Cats also fanned 11 Road Runners, with Ward being a victim on his first four trips to the plate. Seven Cats fanned.

## Childress Girl Is Given Parole In Extortion Plot

OKLAHOMA CITY, Sept. 22.—After pleading guilty to a federal charge of extortion, Mamie Crouch, 17-year-old girl of Childress, Tex., was sentenced to a year and a day and then was paroled by Federal Judge Edgar S. Vaught.

The girl was charged with threatening Jane Anne Slaughter, the invalid daughter of E. M. Slaughter, a Hollis banker, in a letter demanding \$500. She said she needed the money for an operation for her mother.

Judge Vaught said he did not believe the girl realized the seriousness of her act. She will make reports monthly to the probation officer.

## Negro Wounded—Woman Is Held

Loftin Samuels, negro, received treatment for gunshot wounds in Pampa hospital late Friday night following an altercation in the "bars." A negro woman was later arrested by city officers. Charges have not been filed.

The negro was shot in the arm, the bullet going through the fleshy part and lodging in the shoulder. It was removed and the negro later went to his home.

Witnesses said three shots were fired but only one took effect.

## MESSAGES ARE WITHHELD

WASHINGTON, Sept. 22.—Five mysterious cablegrams withheld from the public by the senate munitions committee because of their war-provoking potentialities today were ordered delivered to the government, they concern—the republic of Argentina.

Mrs. Roy Custer, resident of the Peers-Lee carbon black plant east of LeFors, left Friday for Chicago, where she will visit for two weeks.

## Relief Workers To Be Shifted From Highway 33, Which Is Nearly Finished.

Authorization of work on Highway 88 out of Pampa by the Texas Relief commission will be received soon, according to a letter received yesterday, by George W. Briggs, manager of the Board of City Development, from J. B. Kelley, assistant engineer for the commission. The work will be conducted as a relief project and will give

## POLLARD GETS ACQUITTAL ON TAX CHARGES

### HAD NO KNOWLEDGE OF COUNTERFEIT PLANS

AUSTIN, Sept. 22.—Claude Pollard, former attorney general of Texas, was acquitted today of charges that he consented to use of counterfeit cigar tax stamps.

Pollard has been prominent in Texas political legal circles for many years. He is general counsel for Texas railroads and is a former president of the Texas state bar association. He was elected attorney general in 1926 and 1928, resigning before expiration of the second term.

The state charged he participated in a conspiracy by which thousands of counterfeit tax stamps were distributed over Texas. He was accused of arranging protection for users of such stamps while serving as attorney for a wholesale tobacco jobbers association.

The defense maintained Pollard accepted employment with the jobbers association for the purpose of cooperating with the state comptroller in enforcing the cigar tax law, and that any violations of the law by members of the association, or others, were without his knowledge.

Several other persons have been indicted in the case.

## Johnson Called "Through" With His NRA Work

NEW YORK, Sept. 22.—The New York Herald Tribune in a special dispatch from Washington tonight asserted that friends of General Hugh S. Johnson said he was "through" as national recovery administrator.

General Johnson, the dispatch says, returned to Washington Friday night after an absence of several weeks but did not go near the NRA then or today.

"The White House records showed that since the general left the capital, President Roosevelt for first time has been dealing directly with his subordinate in the NRA," the article continues.

The Pampa fire department received a call to the corner of Cuyler street and Foster avenue last night at 9 o'clock but it was a false alarm.

P. C. Ellis of White Deer transported business here yesterday.

## CIVIL SUITS ARE TO CLAIM MOST ATTENTION IN COURT TERM OF 7 WEEKS IN PAMPA

Thirty-first district court will open a 7-week fall term here tomorrow, Judge W. R. Ewing, District Attorney Lewis Goodrich, Reporter W. R. Frazee, and many attorneys will be present at the opening.

Judge Ewing will deliver his charge to the grand jury Monday morning. Investigations will be fewer than usual this term.

Saturdays, immediately preceding each jury week, will be motion days. All motions, demurrers, exceptions, and the like in cases set for trial in the following week must be filed and the attention of the court called to them by 10 a. m. on these Saturdays. If this requirement is

not met, all such motions, etc., will be considered unless good cause is shown to the contrary.

The appearance docket will be set upon calling of the cases. The non-jury docket will be called for trial at 9 a. m. Wednesday. All cases that are not disposed of by judgment during the week (that is cases in which final judgment might be properly entered, either by default or on hearing), will be re-set for another non-jury week of the term, or for some jury week, subject to the jury docket. Cases in which there is no appearance, upon call

and Junior Chamber of Commerce highway committees and Mr. Briggs took up the matter with the highway department and received approval of the Highway 88 project. Then followed correspondence with the Texas Relief commission which resulted in the letter received yesterday, which stated that "you will receive authorization soon to start work on Highway 88 south from Pampa."

Work of grading and placing of caliche will start at the south city limits and will progress south, it is believed. It is also expected that topping will be authorized soon after a strip of base has been laid.

Approval of the project means much to Pampa. If the project had not been approved, the men and their families would have been put back on direct relief.

Highway 88 is an important thoroughfare to Pampa. It connects Pampa with the south and will eventually, it is believed, be continued north across the river to the north plains.

## The Old and New in School Bus Transportation Here

History of the growth of the Pampa Independent school district enrollment is illustrated by the buses which daily carry 750 pupils to and from their homes as they participate in educational activities here. At the left above is the old Model T Ford bus put into service in 1925. The body, made by the Wayne body works at Richmond, Ind., is being mounted on a used Chevrolet chassis.

At the right is one of the new 75-passenger, all-steel GMC buses, which also has a Wayne body. Seventeen buses travel an average of 525 miles daily to transport the pupils.

## County Entrants At Fair Turn in Splendid Record

Out of 21 entries made by individual farmers in the Gray county booth at the Tri-State fair at Amarillo this year, thirteen received ribbons and cash awards, including 6 first places.

The Gray county winners were: L. O. Floyd, McLean, 1st, 10 heads of kafir; Wayland Floyd, McLean, 2nd, 10 heads of kafir; B. C. Dennis, 1st, 10 heads of kafir; Vernon Dennis, Laketon, 1st, one pumpkin; Mrs. Victoria Barnes, 1st, Honey Dew Melons; T. T. Griffin, Alameda, 2nd, apples; L. L. Palmer, Alameda, 1st, bundle alfalfa, 3rd, pears 4th, apples; Mrs. L. V. Dunbar, Pampa, 2nd, field pumpkin, 4th, cushaw.

There were other first places in the Gray county booth than in any county with the exception of Hale.

## FLEET OF BUSES NECESSARY TO CARRY PUPILS TO PAMPA SCHOOLS—17 MACHINES USED

### Joe Shelton Directs Drivers, Urges Safety

By OLIN E. HINKLE  
Managing Editor, THE NEWS

Seventeen buses carry a daily average of 750 pupils to the educational advantages of Pampa schools, traveling about 525 miles daily and more than 100,000 annually, but this is the first year that no Model T Ford is in operation!

The last Model T, if it could talk might have some remarks about losing its identity, but the fact is that the body is being mounted on another chassis, a used Chevrolet. Joe Shelton, superintendent of buses, had hoped to keep the Model T in reserve, but the increased enrollment of this term blocked this plan.

It was a model of dependability this old Model T, and the pride of the system back in 1925 when it was purchased. It was driven more than 50,000 miles and the body while lacking in comfort compared with the new all-steel bodies made by the same Wayne bodyworks at Richmond, Ind., is still in sound condition. The remodeled bus will be used to bring the Kingsmill pupils. It has been found more economical and satisfactory to close the school there and bring the pupils here.

The Kingsmill school now houses bus No. 14, and Carl Smith lives in the teacherage to look after the property.

Have Speed Limit  
The old bus carries a maximum of 35 pupils. The fine new buses carry 75 in far greater comfort. The GMC machines have a top speed of 50 miles an hour, but, like all Pampa buses, are limited to 25 miles an hour for the sake of safety.

Mr. Shelton who has been with the school system since 1923, has the satisfaction of knowing that no serious accident has ever happened to a bus under his supervision. There are dangers, of course. Traffic is heavy in this oil field area. Drunken driving sometimes causes collisions. Seven buses use the Cuyler street' street crossing and six the

## PRISON BREAK ENDS QUICKLY

(Copyright, 1934, by The Associated Press)

COLUMBUS, O., Sept. 22.—Bullets spitting from riot guns of prison guards killed one John Dillinger gangster and wounded another today when they used weapons fashioned from soap in an attempted break from Ohio penitentiary's death row.

The effort to repeat Dillinger's "wooden gun" getaway brought death to Charles Mackley, and serious wounds to Harry Pierpont. A guard's hand was grazed by a bullet.

Elaborate precautions taken by Preston E. Thomas and his guards ever since Pierpont and Mackley were brought here to await execution foiled the effort of the pair to bluff their way out.

Where Dillinger's "wooden gun" cowed guards at the Crown Point, Ind., jail and enabled him to walk to freedom, the alert Ohio guards answered the threat of the fake soap weapons with lead.

Mackley and Pierpont had been condemned to die for the murder of Sheriff Jess L. Sarber of Lima, O., last Oct. 12. The sheriff was slain in a successful attempt of the condemned men and Russell Clark to free their leader from the Allen county jail.

Mackley died of his wounds within an hour today. Pierpont was at first believed seriously wounded but within five hours after the attempted break was returned to his cell in death row.

They had tried to break down a steel door at the end of the cage outside the "death house" after overpowering a guard and taking the key to their cell from him.

## WORKERS WILL START LOOMS WITH CHEERS

### GORMAN SAYS GAINS AS GOOD AS COULD BE HAD

By RICHARD L. TURNER  
Associated Press Staff Writer  
WASHINGTON, Sept. 22.—The great textile strike is ended. Hundreds of thousands of workers, who responded to the call of union leaders, tonight were ordered by those leaders to man the looms on Monday.

The decision to terminate the most gigantic walkout of modern times followed a thorough study and discussion of a settlement plan advanced by the mediation board and endorsed by President Roosevelt.

Jubilant rejoiced at strike headquarters. Officials from all sections of the industry, some bearing the scars of strike combat, slipped each other on the shoulders.

With William Green, president of the American Federation of Labor, at his side, Francis J. Gorman, energetic generalissimo of the strike forces, smilingly told newspapermen:

"We have gained every substantial thing that we can gain from this strike. Our strike has torn apart the whole unjust structure of NRA, lifting a load from all labor as well as from our selves."

The strike committee, in a later statement, asserted:

"We have secured these definite things:

"1. An end to the stretchout.  
"2. A method of determining hours on a fair basis.  
"3. A method of determining wages upon a basis of fact.  
"4. Practical recognition of our union.  
"5. Reform in the whole administration of the labor provisions of the code, on a scale so sweeping that we must confess ourselves surprised at the sweeping character of the victory we have won."

Only a militant minority stood out for a continuation of the strike. It insisted the employers first guarantee unconditionally, the reinstatement of all strikers without discrimination of all who quit the mills.

Others held that such a guarantee was implicit in the settlement plan, which President Roosevelt, at Hyde Park, was preparing, meanwhile, to put into execution.

Green issued a statement expressing confidence that much good would flow from the settlement plan, "if applied and carried out in good faith." He added that in his opinion the textile workers won a great moral victory.

The first step, expected soon, was the appointment of a board of three—one laborite, one employer, one impartial—to settle the recurrent disputes of the industry.

Following a preliminary hearing before Justice W. S. Baxter Friday afternoon, bond for Bill Austin, negro, was set at \$2,000 when Justice Baxter decided that enough testimony had been presented to hold Austin over to appear before the grand jury on a charge of statutory rape in connection with an attack upon an 11-year-old negro girl.

The alleged attack was said to have taken place about 8:30 o'clock between two rows of box cars on the Fort Worth & Denver siding south of the depot. The child said she was on her way to school when the alleged attack was made.

The complaint was signed by the child's step-father, Ernest Williams.

**THE EVILS OF ANGER:** Matthew 5:21-26.

We have heard that it was said by them of old time, Thou shalt not kill, and whosoever shall kill shall be in danger of the judgment: But I say unto you, That whosoever is angry with his brother without a cause shall be in danger of the judgment: and whosoever shall say to his brother, Raca, shall be in danger of the council: but whosoever shall say, Thou fool, shall be in danger of hell fire. Therefore if thou bring thy gift to the altar, and there rememberest that thy brother hath aught against thee; Leave there thy gift before the altar, and go thy way; first be reconciled to thy brother, and then come and offer thy gift. Agree with thine adversary quickly, while thou art in the way with him; lest at any time the adversary may deliver thee to the judge, and the judge deliver thee to the officer, and thou be cast into prison. Verily I say unto thee, Thou shalt by no means come out hence, till thou hast paid the uttermost farthing.

WHEN an oil boom begins in a town, the citizens are in dire need of good advice. And when Crockett found oil in its back yard recently, it asked such advice of M. D. Abernathy, manager of the Longview chamber of commerce. We quote the Crockett Courier:

"Mr. Abernathy first discussed the proposition of housing, which includes hotels, boarding houses, rooming houses, tourist courts and private homes. He urged that rates be held to a reasonable figure. Exorbitant rates will tend to drive people away from the town. The chamber of commerce and the citizenship generally should offer every service, and many homes should be opened to these people.

"The business side of the proposition affects stores, offices and even vacant lots. Stores should likewise guard against excessive prices. Offices are perhaps plentiful here, but they should be improved to make them satisfactory, and rentals should be held to a reasonable figure. Prices on vacant lots should also be held to a reasonable figure, else development will be held back and retarded.

"From an industrial standpoint, Mr. Abernathy urged that the chamber of commerce locate available land near town with railroad frontage which can be secured at its true worth and write industrial units, inviting refineries, supply houses, pipe lines and machine shops to be brought here. These letters should be followed up by committees calling on the industrial concerns. He emphasized that these companies do not ask bonuses and are willing to pay what property is worth, but will not pay several prices or a location.

BETWEEN October 7 and 13 Fire Prevention week will be observed again. The week, which has become a national custom, will be normally initiated by proclamations by the president, governors of states, mayors of cities and other prominent persons in public and private life.

During the week every citizen will have a splendid opportunity to learn the fundamentals of fire prevention and control. Through speeches, newspaper and magazine articles, exhibits and other means, an intensive effort will be made to enlist the citizen's interest. He can blame no one but himself if he fails to learn.

Fire prevention is a civic duty which every citizen owes to himself and to every other person. We all pay for fire—we pay for it in lost business, destroyed jobs, higher taxes and insurance rates. On the average, each family contributes \$4.00 a year as a tribute to Moloch—dollars which are destroyed as surely as if we tossed them into a stove. Worse still, three people—two adults and a child—out of each 39,000 of our population, are sacrificed to the pagan god—because we are ignorant and careless when it comes to fire.

In the past, it has often been the experience that fire losses dropped during the week and for a short period thereafter, only to rise again as the public gradually forgot the information gleaned. This year we should look forward to the week and devote a little time during it to really learning the fundamentals of fire prevention, then remember and practice them in the future.

## OUT OUR WAY By WILLIAMS

### Over Thousand Students Enrol in Teachers College

CANYON, Sept. 22 (AP)—For more than 1,000 young people, happy days are here again at the West Texas State Teachers college where the are enrolled and have begun their recitations.

Seven hundred eight-four students have registered in the college and 325 in the demonstration high school and grade school.

The new department of archaeology has two classes already established under the direction of C. Stuart Johnson, late arrival from the University of Oklahoma. Old established departments find their

classes overflowing, and new sections are being formed.

Commenting on the twenty-fifth opening, Dr. J. A. Hill said "I was never more happy in my life. This group of young people would inspire anybody."

### INFANT IS BURIED

Funeral services for the infant son of Mr. and Mrs. Gross of McLean were conducted at 4 o'clock yesterday afternoon at the Baby garden, Fairview cemetery, by the Rev. E. C. ### Fred Frame Is Helpful in Talks To City Motorists

Fred Frame, famous automobile race driver, entertained a large audience of interested listeners here yesterday with reminiscences of the many thrilling races in which he has participated.

The famous racer was the guest of Tom Rose, local Ford dealer. Frame had the distinction of having made the greatest speed that had ever been made in the annual Memorial Day race on the Indianapolis speedway when he won in 1932. His average for that 500-mile grind was 104.144 miles per hour, slightly more than three miles per hour more than the best previous records made in 1925 by Peter De Paolo.

Frame showed motion pictures of last year's revival of the Elgin road race which he won with a Ford V-8 stock car, averaging 80.22 miles per hour on the 203-mile run.

"There are four sharp turns in the paved and gravel road at Elgin which naturally slowed the time considerably," he said. "On the straight-aways that Ford V-8 attained a speed of better than 100 miles per hour. The performance of the V-8 engine was marvelous.

# RELIEF BILL'S FATE IN HANDS OF COMMITTEE

## OIL CONTROL LAW IS APPARENTLY TO BE LOST

AUSTIN, Sept. 22 (AP)—The Texas legislature tonight drew near the end of a thirty-day special session called to enact relief laws with final action lacking on bills of major importance. The session will end by constitutional limitation at midnight Tuesday.

Thus far the legislature has failed to accomplish the principal purpose of which it was convened—issuance of state bonds to match federal grants for relief of destitute unemployed and drought-stricken counties. The bill is in conference committee and agreement has been tentatively reached on all differences between the houses.

Relief bond conferences planned to meet tomorrow to approve the final draft of the agreed bill and hoped to present its report to both houses Monday.

After a long harangue the house passed finally a senate bill to establish the lower Colorado river authority to assume development, with aid of PWA funds, of a hydro-electric project near Burnett. The house amended the bill extensively, adopting 38 of 50 changes proposed, and it appeared likely the bill would go to a conference committee for adjustment.

Hopes of passing a bill to broaden powers of the Texas railroad commission to control the shipment of refined petroleum products from the east Texas field were dealt a crushing blow when the house refused to suspend its rules to permit consideration. The motion to suspend received a 61 to 42 majority but lacked the two-thirds necessary to suspend.

Most of the legislation pending on house and senate calendars was accorded only a meager chance of passage.

In this category were bills to permit the highway commission to construct toll bridges with federal aid; to strengthen enforcement of the state tax on oil; to repeal the pari-mutuel race track wagering law; establishment of a special court to handle conservation law violations in east Texas; to remit general revenue fund taxes in the Brazos river district to facilitate a PWA loan; to appropriate \$30,000 for the lower Neches valley, authority to prepare data on which to request a government grant.

A bill to remit penalties and interest on taxes delinquent on August 1 of this year was in a precarious position. It had been passed by the house and reported, with amendments, from a senate committee. The rules must be suspended in the senate before it can be considered.

A stubborn filibuster was credited with having killed many bills in the position. It was aimed at blocking passage of the Colorado river authority bill and the bill asked by the railroad commission as necessary to curb illegal petroleum production by blockading outlets for products produced from hot oil.

The filibuster finally was broken when a resolution that had gained a commanding position as pending business and was being used to impede the contested legislation was tabled subject to call. The resolution proposed an inquiry into enforcement of oil conservation laws in east Texas.

The governor has signed three bills, one of them being the routine appropriation for expenses of the session. Another bill appropriated \$505,500 for emergency building constructional state elementary institutions while a third levied a tax of ten cents per pound on oleomargarine.

The house and senate bond bill conferences had agreed on issuance of \$6,000,000 in bonds and on budget

the proceeds to spread the appropriation through next February. The state board of control would assume supervision over relief activities, replacing the nine-member Texas relief commission that has been racked by political strife. County administrators would be appointed by the state instead of by county boards.

The bonds would bear four and one-fourth per cent interest, one-fourth less than the constitutional maximum.

The bill would require expenditure of at least 35 per cent of bond funds in work relief with a maximum of twenty per cent for material and equipment.

NEW ORLEANS COTTON  
NEW ORLEANS, Sept. 22 (AP)—After advancing slightly during initial trading cotton later today encountered hedge selling and some selling influenced by reports of a weakened spot basis. Values eased 11 to 16 points and reached the lows in the final trading. The close was steady, net 8 to 13 points.

More liberal offerings in the interior were reported to have weakened the spot basis. Before the offerings were absorbed October traded down to 12.87, December to 12.78 and March to 12.86, or 11 to 14 points down from the highs. The close was at the bottom with October and December 10 points net down, March 12 points and July the maximum of 15 points down.

Port receipts, 28,778, for season, 915,142, last season, 1,405,167. Exports, 4,450, for season, 530,787, last season, 1,078,315. Port stock, 2,710, 965, last year, 3,288,215. MIDWESTERN LIVESTOCK REVIEW  
KANSAS CITY, Sept. 22 (AP)—(U. S. D. A.)—Desirable grades of fed steers and yearlings were rather scarce at all markets, resulting in a stronger undertone. Most offerings sold at strong to 25 higher rates. Fed steers made 10.90 at Chicago while numerous lots of well finished offerings ranged from 9.00-10.00 at river markets. In between fed steers and grass fat kinds moved slowly at weak to 25 lower prices. Fed heifers held at mostly steady levels. Slaughter cows were scarce and values ruled 15-25 higher.

Receipts of commercial cattle at eleven markets totaled 225,600 against 265,642 last week and 208,930 a year ago.

Hogs continued to show weakness, especially the lighter weight offerings. Closing values were weak to unevenly low. Buyers displayed a decided preference for finished grades selling 190 lbs. and above all week. These were mostly 5-15 lower, lighter weights declined 25-50 at most markets. Total offerings for the week totaled 296,600 as compared with 295,048 last week and 348,194 a year ago.

Fat lambs met a broad demand throughout the week and final prices were from 25-75 higher. Range lambs predominated in the supply at river markets. Quality was much improved. Choice natives sold up to 7.10 at Chicago, while numerous sales of range lambs at western points were at 6.50-75. Aired sheep held fairly steady, while feeding lambs were firm. Arrivals around the circuit totaled 461,300 as compared with 427,964 last week and 386,186 a year ago.

# THIS CURIOUS WORLD

EARLY American Indians were adept at securing fishworms by tapping lightly on the earth. Charles Darwin made an extensive study of the earthworm's habits, but he was unsuccessful in bringing them to the surface by the Indian's methods. The Indians tried to imitate the pitter of raindrops on the ground.

# THE SPORTS HORN

The Detroit Tigers seem headed for a pennant—their first since 1909—and Tiger City fans are hoping they will be able to shake off their world's series jinx against the Giants or Cardinals.

Three times Hughie Jennings led Tiger teams to the world's series and three times they were repulsed by Frank Chance, the "Peerless Leader," and his Cubs in 1907 and 1908 and by the Pittsburgh Pirates under Fred Clarke in 1909.

While the Tigers of 25 years ago breezed through three American league campaigns with comparative ease, they were not equal to the task of rebelling Chance's great Chicago team. They battled the heart out of the Pirates in 1909 and but for young Adams' magnificent hurrying feet might have come thru in one of their three bids for the world's title.

There is not much chance of the turf's big three—Equipoise, Cavalcade, and Discovery—clashing this year. Discovery, Alfred G. Vanderbilt's flying chestnut, is only one of the trio in condition to run and he is down in Maryland preparing for several of the big fall stakes.

Both Equipoise and Cavalcade are back galloping after suffering leg injuries that forced them to the sidelines, but it will be some time before either is ready to face the barrier. In fact it is doubtful if Tom Healy will be in shape for another race this year. Cavalcade, king of the 3-year-olds from Mrs. Dodge Sloane's Brookmeade stable, probably will be ready for the racing wars by late October.

# MARKET BRIEFS

STOCKS ARE SLOW  
NEW YORK, Sept. 22 (AP)—While financial markets seemed animated by greater hope, the pace of recovery in stocks slowed down almost to a standstill at the weekend. But rather active buying of corporate bonds moved prices forward in the investment list for the fourth consecutive session.

Speculation marked time in commodities as well as stocks and most active staples remained in a steady range. Grains were narrow, wheat finishing about unchanged. A setback in cotton dropped prices 65 to 80 cents a bale.

Minor gains were the rule in stocks. The Standard Statistics Co. average for 90 selected issues, at 71.2 up one-tenth of a point, was higher for the fifth consecutive session. Turnover decreased to 238,570 shares compared with 344,670 last Saturday.

Automobile output statistics and accounts of slackening demand for cars, in conformity with seasonal trends, contrasted with reports estimated automobile output this week at 38,328 units, a decline of 4,631 from the preceding week and 9,320 below the total a year ago.

# Revival Speaker

The Rev. Guy Shields of Amarillo, well known in Pampa as an evangelist, is starting today at the Full Gospel Temple a revival to continue with daily services at 7:30.

He has preached here on many occasions, and has conducted other revivals. He founded and heads the Shield of Faith Bible school in Amarillo.

H. E. Comstock, pastor of the Gospel Temple, invites the public to attend this series of revival services.

Contributing to the upward trend was announcement that wheat production in 40 reporting countries this season is now estimated at 2,856,316,000 bushels, 9 per cent under the total harvested in 1933. Acting also as a drag at times were trade predictions of 15 per cent increase of winter wheat acreage in Texas. It was pointed out that Texas wheat could be grazed until March, and still make a crop.

Wheat closed steady, 1/2 lower to 1/2 higher, compared with yesterday's finish. Dec. new 1.03 1/2-1.04, corn 1/2 off to 3/4 up, Dec. new 78 1/2-78 3/4, oats 1/2-1/2 advanced, and provisions unchanged to a rise of 5 cents.

Woman's Body Is Found on Engine  
BOSTON, Sept. 22 (AP)—Police identified the body of a young woman, found tonight above the cow-catcher of a New York, New Haven and Hartford passenger train with the head and one leg missing, as that of Mrs. Marie Schofield, 23, of Ellington, Mass.

The body was discovered on the train as it pulled into the Back Bay station by Henry Mahler, baggage master. Police were informed by the woman's husband, Clifford Schofield, that his wife had either fallen or jumped from an overhead bridge near the West-Wood-Canton line. The train passed through there from Providence, R. I., the last stop made before reaching the Back Bay station.

# Oil Ruling Has Broad Effect

OKLAHOMA CITY, Sept. 22 (AP)—A ruling affecting approximately 400 new oil pools in fourteen states, Federal Judge Edgar S. Vaughn today held unconstitutional the "orderly development" clause of the federal petroleum code.

Some oil operators here said the ruling of the district court, if permitted to stand upon appeal, would throw open the doors for unrestricted development and wildcatting in new oil pools.

appeal of the case to the circuit court of appeals or the U. S. States supreme court is deemed vain by all men here although several attorneys who instigated a case against the Esso Oil company had issued no definite word tonight as to the government's next step.

"This court is of the opinion Judge Vaughn stated in a lengthy decision, "that portion of the code which is involved in this case was not ever authorized or contemplated by the act of congress and would be clearly unconstitutional if it had been and is, therefore, merely an unauthorized order of the secretary of the interior."

He denied an injunction asked by the government to prevent the Esso Oil company from drilling in the Crescent field in Logan county.

# STATE FEDERATED CLUB HEAD WILL BE HONOR GUEST HERE

## Twentieth Century Club Will Open Season At Breakfast

### THREE GROUPS WILL MEET IN ANNUAL EVENT

#### COMMITTEES COMPLETE WORK FOR THE PROGRAM

Annually, members of the Twentieth Century club here anticipate the fall breakfast which opens the season for all three groups. The 1934 breakfast will be given Tuesday morning at 9, at Schneider steel dining room.

New presidents, Mrs. R. B. Fisher of the Twentieth Century, Mrs. Marvin Lewis of Twentieth Century Culture, and Mrs. Roy Bourland of Junior Twentieth Century, will take office at this time and will briefly present their hopes for the year's accomplishments.

Mrs. W. R. Campbell is general chairman of breakfast preparations this year, assisted by committees of members from each of the three clubs.

Mrs. John Sturgeon is program chairman, with Mrs. R. F. Dirksen and Mrs. F. E. Leech as committee members. Mmes. B. C. Low, Jack Dunn, and Julian Barrett are in charge of decorations; Mmes. W. A. Beston, J. P. Wehrung, and Dick Walker of menu planning.

Following the breakfast regular study programs of the three clubs will begin next month.

### Priscilla Club And Guests Meet In Stroppe Home

Mrs. J. I. Stroppe and Miss Donnie Lee Stroppe were hostesses to the Priscilla Home Demonstration club Friday, when Miss Ruby Adams demonstrated the home canning of tomato juice.

"Tomatoes preheated at a high temperature in order to extract the juice may result in a juice having an inferior flavor, poor color, and tendency to separate," the county demonstration agent said when she used a siphon to extract juice from cold tomatoes.

The juice was heated and processed in a hot water bath. Women sampled various brands of tomato juice on the market. A business session was conducted by Mrs. C. A. Tignor.

Delicious refreshments were served to four guests and 16 members: Mmes. C. C. Stockstill, W. D. Stockstill, John Lawler, J. L. Kelly, Tignor, E. A. Shackleton, Guy Farrington, Clyde Carruth, Joe Lewis, Minnie Jackson, Ira Spearman, J. M. Daugherty, and the hostesses.

### Box Supper for Husbands Given By Fidelis Class

An old-fashioned box supper was given by Fidelis Matrons class of First Baptist church Friday evening at the church, with husbands of members as honor guests.

Stunts and a sing-song entertained the group. Little Misses Wanda and Virginia Bess Giles presented an amusing moving picture skit.

Supper was served to Messrs. and Mmes. E. M. Dean, W. M. Moore, D. B. Jameson, H. E. Crocker, W. R. Hallmark, C. P. Fisher, K. T. May, V. L. Hobbs, David Childress, R. E. Gatlin, Joe R. Foster, J. A. Arwood, Mmes. Robert F. Hodges, R. L. Edmondson, and Lee Banks; Mr. Roy Sullivan.

### Fourth Birthday Of Girl Honored

A birthday party for Colleen Cockerill was given by her mother, Mrs. C. C. Cockerill, Thursday afternoon. The honoree was four years old.

After numerous games, a pink birthday cake was served with cocoa, and favors of Mickey Mouse lollipops and balloons were given.

Guests were Joan Applebay, Barbara Denson, Norma Ann Pirtle, Veda Lee Alden, Lucy Bell and Carolyn Sue Lewright, Julia Fae and Val Dee Woods, Gerald Johnson, Peggy Ann Thomas, Jimmy and Jerry White, Kitty O'Keefe, Edwina Joyce Cook, Neva June Bowden, Mary Jo Cockerill.

### Gene Heard Has Party Honoring Seventh Birthday

A birthday party was given Friday afternoon in honor of Gene Heard, seven years old, at the home of his parents, Mr. and Mrs. Harvey Heard.

Gifts were presented and refreshments served. Mrs. Heard, Mrs. G. O. Craig in. Guests were Doris and Sammie Craig, son, Kathleen Heard, Bobbie Windsor, J.

### Pianist

Elizabeth Rose Jameson, pianist, will be the pianist in a recital to be presented at First Methodist church Tuesday evening jointly with Christine Dyche Thompson. Both are from Amarillo.

### PROGRAM FOR JOINT RECITAL IS ANNOUNCED

Public Invited For Event at M. E. Church

Program numbers for the joint recital to be given Tuesday evening by Elizabeth Rose Jameson, pianist, and Christine Dyche Thompson, recital, will be at 8:15 at First Methodist church, and the public is invited.

Miss Jameson's first group of solos will be Toccata and Fugue in D Minor, Bach-Taubig; Berceuse, Chopin; and Etude (Black keys).

Mrs. Thompson will read the familiar "I Takes a Heap o' Livin'." Guests: Oh, Dentist! Burlin; and Mrs. Ralston's Telephone Extension, Kimball, as her first offerings.

Etude, Liszt; Texan Notturmo, Saar; Jeux d'Eau, Ravel; and Fiedermaus Paraphrase, Strauss-Schutt, will be played by Miss Jameson, and the program will end with the cutting of Lilac Time, arranged by Jane Murfin and Jane Cowi, by Mrs. Thompson.

The two entertainers, both of Amarillo, plan to open a studio in Pampa soon. Both are experienced teachers. Mrs. Thompson has conducted classes in Amarillo the last two years, and Miss Jameson taught in Dallas, where she was prominent in musical and Little Theater circles.

Both have had extensive training with well-known teachers in the southwest and other sections, and have appeared in numerous public recitals. Mrs. Thompson has been director and actor on Little Theater and radio programs in Amarillo.

### Christian Church Holds Rally Day

Rally day will be observed in First Christian church Sunday, with annual promotion day in the Sunday school and a campaign for increased attendance at all services.

The Sunday school attendance goal is 606, a total of quotas set by each class. All members of the church, other Pampa residents of that denomination, and visitors are invited by John S. Mullen, minister, and the congregation to be present.

Sermon subjects and special music have been arranged for the day's services in keeping with the rally day there.

### New Adult School at Hopkins Is Believed to Be Unique in State

With classes in English meeting for two hours on Tuesday and Thursday evening at 7 p. m., civics classes meeting on Tuesday evening and business arithmetic classes meeting on Thursday evening, and chemistry classes holding a two-hour session on Wednesday evening, the adult classes being conducted at Hopkins school building are growing in interest.

Shorthand and typing will get under way within the next week. Mrs. M. B. Bird, a former office employe of the Texas company and at present a school patron living on the shorthand and typing classes as soon as supplies can be obtained.

Orison Jones, a recent addition to the Phillips employes, will give a course in general science for those who are not far enough advanced to carry on advanced chemistry. Mr. Jones will also give instruction in primary English and arithmetic for those not prepared to proceed.

Classes are being organized and look after routine work has been done by the chemistry and P. E. Simpson laboratory for the first

### LIST OF SHOE CLUB MEMBERS IS ANNOUNCED

#### MORE CLOTHING FOR NEEDY PUPILS WANTED

Listing "charter members" of the Dollar-a-Year Shoe club, the Parent-Teacher association's welfare committee announces that funds have been secured to provide footwear for many school children, but that more is needed.

More wearable school clothing for pupils of all ages is also needed in the thrift room maintained by the welfare committee to furnish the garments that keep many children adequately clothed for school.

Children are turned away daily because they cannot be fitted from supplies on hand. Mrs. J. H. Hulme, chairman, reports. Boy Scouts have volunteered to collect clothing for the room from anyone who has used garments to donate and will call Mrs. Hulme or members of her committee.

In addition to contributions to the Shoe club, a new project designed to meet one of the most pressing clothing problems, several other donations have been made recently.

Montgomery Ward gave a pair of new shoes; Ben Bolton gave shoes, stockings, and a cap for a boy; Mr. Hughey at the Brown barber shop gave two boys badly needed hair cuts; Dr. Walters gave three pairs of boys' trousers.

The following list of Shoe club members is not complete, as full reports have not been secured from all workers:

### McLEAN CLUB MEMBERS WIN FAIR AWARDS

#### Record in Exhibits Is Unusually Good

McLEAN, Sept. 22.—The McLean Home Demonstration club won the club award with 94 points in the recent county fair held in the First Christian church at Pampa.

A cash prize was awarded by the Board of City Development there, which also gave a prize to Mrs. C. T. O'Neal of McLean for tying with Mrs. Frank Knight with the most entries. Each entered 42 products.

Many visitors saw the food products, household linens, and clothing made by the club women.

Mrs. O'Neal took first place on field peas, beets, sour cucumber pickles, sweet cucumber pickles, dill pickles, bread and butter pickles, green tomato pickles, fruit butter, berry jelly, and canned balanced meal with menu for the day.

She was second on these entries: Pickled peaches, greens, red pepper relish, green tomato mince, orange marmalade, and third on miscellaneous vegetables, apples, fruit pickles, pickled onions, red pepper hash, watermelon rind preserves, cherry preserves, apple jelly, miscellaneous jelly, and tomato jelly.

Mrs. John B. Vannoy won first on apple jelly, miscellaneous jelly, fruit pickles; second place on miscellaneous vegetables, fruit pickles; second place on miscellaneous vegetables and peach preserves.

Mrs. E. R. Rigden placed third on pickled pears and grape jelly.

In the clothing division, Mrs. O'Neal was first on dresser scarf; Mrs. Walter Smith first and Mrs. C. M. Eudy second on boy's cotton shirt; Mrs. O'Neal first and third, Mrs. Rigden second on girl's cotton dress; Mrs. Smith first and Mrs. O'Neal second on women's cotton dress.

Members of the McLean club took the following awards at the Amarillo Tri-State fair, home demonstration division:

Pears, Mrs. Rigden first; bread and butter pickles, Mrs. O'Neal first; apricot jelly, Mrs. Vannoy first; pepper hash, Mrs. Rigden second; cured cucumber pickles, Mrs. O'Neal second.

### Class Lunches in Kingsmill Home

Dorcas class of Central Baptist church met Thursday with Mrs. Carl Smith at Kingsmill for their weekly 1 o'clock luncheon. Each contributed a covered dish for the meal.

A business session followed the luncheon, then time was spent sewing and talking. Plans were made for a grab bag sale at the next meeting.

Mrs. L. L. Robertson of Shamrock was a guest, and members present were Mmes. T. M. Gillham, Owen Johnson, W. W. Hughes, Earl Griffin, Lewis Tarpley, Keith Caldwell, and the hostess.

Mr. and Mrs. F. B. Whitaker of Memphis, Tenn., are visiting their son, F. B. Whitaker Jr. and grandson F. B. III.

V. W. Stuebeon of Noletta transacted business in Pampa yesterday.

### Yes, Tela Has a Sweet Tooth

(NEWS Staff Photo and Engraving)

"Hungry, Tela? Then sit up and try a bite of this peanut brittle." Thus Marjory and her Boston bulldog spend many happy moments on the grass and in the shade of cherry trees at the home of the petite owner's parents, Mr. and Mrs. C. W. Laurence, 421 North Gray street.

Tela is one dog who believes in minding her own business, and does not even bother to cross the street and visit her neighbors. What's more, she does not care for automobile rides, but stays at home to keep watch while her owner is away. She carefully scrutinizes everyone who enters the yard. If she finds the person satisfactory she shows her approval and delights in having this affection returned. She is very careful with her offspring, even going so far as to bite anyone, regardless of who it is, if she believes he might cause trouble. She is the proud mother of several fine puppies, including Skippy, who is known to THE NEWS readers as "the family pup."

### Fur and Fabric

The newest fashion quirk is that fur and fabric must match each other perfectly. Vergara has dyed the white fox used in the collar a soft military blue to match the woolen suit.

### WORK OF NEXT YEAR PLANNED BY H. D. CLUB

#### Laketon Women Will Start Financial Project

Laketon Home Demonstration club met at the home of Mrs. Harry Gillespie Thursday. Plans for the 1935 scrap book were discussed and adopted.

Reports were made by different committees. Mrs. C. V. Talley, chairman of the exhibit committee, read in full the results of scoring of the entries made at the Tri-State fair in Amarillo, from a relay letter by Miss Ruby Adams, county agent.

Mrs. M. L. Roberts, finance chairman, gave a concise plan for re-financing the club, which all members approved. Her plan was adopted and a date was set for the Goodwill Troupers of Laketon to make their first appearance. This date will be announced later. For the project, the finance, program, and recreation committees will work cooperatively, holding joint meetings.

Mrs. C. E. Murrell was appointed wardrobe demonstrator for the club this year and Mrs. Edgar Gray chairman of the recreation committee.

The club is working to help organize a Parent-Teacher association at Laketon, and in connection with this an article was read by Mrs. Gillespie.

Mrs. Talley led the reading of the club collect, and an enthusiastic song practice followed with every one joining. Refreshments were served to four guests, Mmes. Tom G. R. Siocum low.

Breeding, L. E. Tackett, L. E. Kheeny, and Sam Arnette, and 10 club members, Mrs. Leo Paris Talley, Nattie Atterway, Clyde Gray, Robt. Chess Terry, Edgar Gray, Murrell, Lawton Hoffer, and the hostess.

Mrs. Carr will play Black Key Etude, Chopin, and Trosyette Balade, Chopin, as her piano numbers. Miss Stover will play two groups of violin solos. She will first play Toy Soldier March, Kreisler; Passepied, Delibes; and Meditation, Massenet; then Preludium and Allegro, Pugnani-Kreisler.

### PAMPA'S EIGHT CLUBS TO GIVE HER RECEPTION

#### MRS. TAYLOR WILL BE WELCOMED AT TEA THURSDAY

BY SUE VINSON, Woman's Page Editor.

Mrs. Volney Taylor of Brownwood, president of the Texas Federation of Women's club, will pay her first official visit to Pampa Thursday and will be honored at a seated tea that evening in the women's club rooms.

The eight federated clubs here are centering their attention this week on entertaining for her. Federated club women from surrounding towns will be invited to join them in greeting the state head and hearing her message to the seventh district.

Accompanying her will be Mrs. W. P. Avriett of Lamesa, district president, and Mrs. Ardelle George of Dawn, district chairman of music, who will present to the Pampa Triple Trio the silver loving cup that became their permanent property when they won the district choral contest for the third time last spring.

Mrs. Thut in Charge.

Mrs. Charles Thut is general chairman of reception preparations. She is being assisted by Mrs. John V. Andrews, chairman of decorations; Mrs. W. B. Campbell, heading the refreshment committee; and Miss Margaret Buckler, program chairman.

Girls of the city's newest federated club, the Junior Civic Culture, will assist in serving.

Presidents of the eight federated clubs, El Progresso, Twentieth Century, Junior Twentieth Century, Twentieth Century Culture, and Child Study clubs, will form the receiving line with district board members who reside here.

All members of the Pampa federated clubs are invited to attend this program.

### Sioux Baritone Will Appear in Program Monday

A musical program by an unusual family group will be presented at First Baptist church Monday at 8 p. m. George Wilson, Sioux Indian baritone, and his three small children will appear.

Wilson has appeared in concert in many cities, and sang with Marian Talley in Kansas City when the American prima donna was at the beginning of her career. The children, girls 3 and 7 years of age and a boy 4, are all gifted musicians.

The public is invited to hear this program, which the family is giving as a part of a tour taking them back to their home in North Dakota.

No admission will be charged. The program will be conducted by the public by the Rev. C. E. Lancaster, pastor of the church, who praises Wilson's voice as one of the best of its type ever to be heard here.

### Club Woman Takes Sweepstakes Prize

One of the sweepstakes prizes in the Amarillo Tri-State fair was won by Mrs. Frank Knight, Bluebonnet Home Demonstration club member who received a large number of ribbons in the home demonstration and home economics divisions. She tied for first place for the sweepstakes prize offered by the Ball Fruit Jar company for the woman winning the most prizes on products canned in their jars. Mrs. Knight was one of the major winners in the recent county home demonstration club fair.

### Hole Is Burned In Hotel Floor

Probably a dropped lighted cigaret caused fire which burned a hole in the floor of one of the rooms of the Marie hotel on West Foster avenue early yesterday afternoon. The fire had been put out when the department arrived. Before the blaze was discovered, a small hole had been burned in the floor of the room. The blaze did not get through the ceiling of the first floor building. Damage was estimated at about \$10.

### New Hospital for Quintuplets

Proximity of the "Dafoe Hospital for the Dionne Quintuplets" to the home in which the babies first saw the light of day is revealed clearly in this striking view from the air. Dr. Dafoe has been awaiting an early opportunity to move the celebrated infants from the house in which they were born (in foreground) to their winter home, with its complete health-guarding equipment. Note the stony, uninviting aspect of the soil from which the Dionnes have wrested a living for themselves and their brood.

### CAMPAIGN ENMITIES DESTINED TO CAUSE ALLRED POLITICAL MISERY

AUSTIN, Sept. 22.—At the time the late state political campaign was just beginning to warm up it was predicted by seasoned observers that the enmities it would bring forth and fan into flame would be long time in dying out. That suspicion appears to have been well founded by events following the runoff primary, in which James V. Allred was declared the democratic nominee, with probabilities that it will continue through at least the early part of his term.

The first incident was that of Tom Hunter's failure to send the usual congratulatory message to the winner. Hunter maintained an absolute silence for several days, broken only when he visited the capitol and was queried about his attitude by newspapermen. Hunter said he felt Allred's campaign did not merit a congratulatory message.

The second event was the filing of a suit in the Texas county district court to enjoin the state democratic executive committee and the secretary of state from proceeding with the routine steps of placing Allred's name on the ballot. Allred referred to the suit as the work of "a bunch of hard losers" and attributed it to a desire to cause him a little political misery.

Prediction has been made that Allred may have tough sledding during the first months of his administration. Several major problems, including the ever growing question of relief to the destitute, must be grappled with immediately. In fact Allred already has started studying them and hopes to have a program drafted for presentation to the legislature on his inauguration.

Other knotty problems include public utilities regulation and strengthening of the laws governing the practices of lobbyists before the legislature. Legislators interested in the lobby question got off to an

early start during the special session now in progress by offering a resolution proposing a searching investigation into the activities of the "third house," a cognomen attached to that group of professional representatives who keep watchful eyes on legislative proceedings.

Hunter has said his services would be available to the people whenever needed. The statement has left a question mark in many minds as to whether it portends another bid for the governorship despite his two previously ill-starred expeditions.

### Extension Work To Begin Monday

CANYON, Sept. 22.—Extension classes offered by the West Texas State Teachers College will begin their work in Pampa Monday, September 24. An advanced course in problems of curriculum has already been arranged for and will have its first lecture at 4:15 Monday at the senior high school building. This course will be taught by a member of the college education department.

It is probable, according to Mrs. T. V. Reeves, who is organizing the classes, that a second class will be arranged for next Monday and all who are interested in this work are invited to meet at the same place and time.

Superintendent R. B. Fisher and his staff have given valuable support to this type of work, which enables the Pampa teachers to improve their work from week to week by constant study while their everyday problems are being solved. Last year classes continued during the entire nine months session. Mrs. J. T. Bradley of Pampa will answer many questions teachers or others wish to ask about this work. Her telephone is 386.

### Schoolgirls Will Be Won Over Instantly

By Charm of Today's Pattern  
By ELLEN WORTH

It is a darling two-piece dress with "tuck-in" blouse. Plaits lend youthful air to the cute skirt with hip yoke. The boxy top jacket is given smart individuality by its round shoulder yoke.

Imagine it as it was carried out in navy blue woolen, eye-dear to the heart of schoolgirl, with Scotch plaid blouse in red and blue with crisp white starched linen collar like the grown-ups are wearing. For a smart change, a pale blue cambrie blouse could be worn.

Another cute scheme is to simulate a one-piece dress by making it of one material as Scotch plaided woolen with the jacket of plain toning woolen.  
You can make it at a saving.  
Style No. 652 is designed in sizes 6, 8, 10, 12 and 14 years.  
Size 8 requires 2 1/4 yards of 39-inch material for skirt and jacket and 1 1/4 yards of 35-inch material with 1/4 yard 32-inch contrasting for blouse.

### TIGER ISLAND

By GOUVERNEUR MORRIS

SYNOPSIS: Harvey Bowers and Ivy Green are taking a cargo of wild animals to Singapore on the ancient S. S. Boldero. They also are taking a considerable interest in each other. They have gone below to escape a sudden rain: Wong Bo, captain, and Flint radio operator of the Boldero, have headed the ship for a reef. And themselves for the insurance.

Chapter 22  
LOCKED IN  
Persons who live in four-seasoned countries can never know the exhilaration of a first rain. When there has not been a drop for six or eight months, the first rain is one of the most thrilling and exciting things in the world.

And when it had struck them, fresh and cold, Ivy and Bowers, delighting in the sensation, had sneezed and laughed like two children. But the rain was more than cold. In comparison to the temperature in which they had been living, it was icy cold.

You couldn't stay out in it, and then they came to the cabin stairs, they were covered with gooseflesh, and Ivy's teeth had begun to chatter. She flew to her cabin, shuddered out of her pyjamas, grabbed a rough bath-towel and began to rub herself furiously.

A cheap watch pinned with a safety-pin to the pillow in her bunk showed that it was nearly half-past three o'clock in the morning. There would be no more sleep, and she began to dress for the business of the day. A plain duck skirt, a cotton shirt, sneakers and nothing much else.

Bowers had already dressed. Except that he wore shorts instead of a skirt, and no shoes, his costume was similar to Ivy's. He knocked on the door of her cabin, and she called for him to come in.

For no other reason than because he had been brought up that way, Bowers when he had entered her cabin, pulled the door shut behind him. It made him smile to think that he had done so. He remembered as a child romping into his father's house on cold days and leaving the front door open, and hearing his father ask in a sarcastic voice if he had been brought up in a barn.

The storm had excited him. His eyes shone, and there was high color in his cheeks.  
"Wasn't that marvelous," he said. "Are you cold? Your teeth were chattering like a magpie."  
"Magpies chatter," she said, "but their teeth don't. They haven't got any teeth."

They both laughed, and then he said:  
"Funny how great minds think alike. I thought maybe you'd turn in and try for another pinch of sleep."

"Look at the time," she said. "It's after half-past three. Fine chance to sleep with all the thunder and lightning!"  
"No use braving the deck again," stuffy in the smoking-room. These storms don't last long. The thunder isn't nearly as loud as it was. By said Bowers. "But it won't be so and by we can go on deck, and it will be as fresh and cool for the next two or three hours as the Garden of Eden on the first morning."

He turned the handle of the door and pushed, but the door did not open. He had only pushed in the casual habitual way in which one pushes against a well-hung door with easy hinges. But now he pushed hard, and still the door did not give.

"What the hell!" he said. "The damn thing's jammed."  
At that moment the Boldero smashed into the reef, and both Ivy and Bowers were thrown to the floor. Above their heads came the sound of bare feet running, shouts, cries and imperious orders. The monotonous ubiquitous chunking of the engine had stopped.

In a moment it started up again with a different note of halting in its speech. It had been put into reverse. As Bowers got to his feet and helped Ivy to hers, he noted with a first thrill of fear that the floor-boards of the little cabin were no longer level.

The thrill of fear was for Ivy and not for himself.

### Couldn't Resist

Four years ago Evelyn Laye, above, quit Hollywood disgusted with her film, and vowing never to return. She's back, however, and bubbling with excitement over her new picture. The English actress just couldn't resist the temptation, that's all.

### HEAR THE NEW RADIOS AT YOUR DEALERS

The new all wave radios have been improved consistently during the past year. Now it is easy to obtain programs from all parts of the world. Imagine a symphony from Germany, an operetta from France. Educational talks from England, Hawaiian bands and popular music from all parts of the United States all in one evening. These and many more interesting features may be your from the time the all wave radio enters your home.

The fidelity with which programs are reproduced by the all wave radios is marvelous were it possible for you to first hear bits of the actual program in the studio and alternately hear this same production over the new all wave radio it would be difficult to distinguish one from the other.

When you hear the all wave radio you will instantly realize that your old set is now obsolete. The new radios are reasonably priced. Perhaps your dealer can arrange convenient terms for you.

### McLean Tigers Look Strong in Defeating Miami

The McLean Tigers opened the 1934 football season under the lights at Tiger field Friday night with a 30 to 0 win over the Miami Warriors. The Tigers battered the smaller Warriors through the entire game but it was a still fighting Warrior team that left the field.

The work of Tolliver, fullback and captain, was outstanding. The big fellow did just about everything to lead the scoring. Christian, midquarterback, was the other scoring ace on the Tiger team. The line work of Cunningham, tackle; Stratton, end; and McCarty, center, was outstanding, especially the work of McCarty.

Miami did not handle the ball enough to make a showing but the work of Morrison and Locke was good.

More than 700 fans attended the game despite a cold wind. The new lighting system, with 48,000 watts of power, made the field light as day. The band and pep squad were on hand to cheer the team and their uniforms showed up beautifully under the lights.

Next Friday night, the conference season will open with Shamrock laying in McLean. More than 1,200 tickets have been sold. Last year both teams were ruled out of competition because of ineligible players.

## GORILLAS HOLD BIG RANGERS TO 6 POINTS

### Coach Harry Kelley's Team Weakened By Ruling on a Transfer Gridders.

Cutwinded in every department a scrappy Pampa Gorilla football team yesterday afternoon held the stout Perryton Rangers to a single touchdown in Perryton.

Tucker, Perryton quarterback, scored the only touchdown late in the third quarter when he raced around a Gorilla substitute end for 20 yards. The try for extra point failed. The Gorillas marched the ball from their own 20-yard line to the Perryton 20-yard in the last minutes of play but didn't have time to take it across.

Perryton presented a 190-pound fullback, a 6-foot 5-inch end weighing 190 pounds, a pair of 190-pound tackles, a pair of 180-pound guards and a 150-pound center. The boys of Coach Harry Kelley averaged about 150 pounds.

The Gorillas were badly handicapped by the loss of six first string men, including ineligible Friday thru a telegram from Roy Henderson, director of athletics, who said that players ineligible through transfer or other causes could not play in any game.

The ruling, which was uncovered at a meeting in Amarillo last week, caused Coach Kelley to lose Harry Coe, 190-pound fullback; Bossler, 175-pound center; Wasson, 165-pound fullback; Sparling, tall lineman; Hutchison, lineman; and Stokes, Green lineman. The six boys were loaned to Pampa high school last season but are ineligible for this because of the one-year transfer rule.

The ruling will hurt Pampa and Borer more than any other schools in the district. There are large numbers of transfers coming to the two thriving cities, while other cities have little or none.

Coach Kelley was well pleased with the showing of his youngsters who played together for the first time yesterday. The work of Roy Showers, fullback; Woody Woodruff, halfback; Jack Walstad, center; and Bruce Green, tackle, was outstanding. Showers saved countless yards by his sensational blocking. He punted six times for an average of 50 yards.

The lineup:

Pampa	Pos.	Perryton
Nolett, (C)	LE	Corrall
B. Green	LT	Harris
Groovin	LG	Henderson
Cooper	C	Jones
Hamlett	RG	Nowlen
Olms	RT	Ferguson
Ellins	RE	Morris
Manford	QB	Tucker
Woodruff	HB (C)	Butler
Fisher	RB	Walkefield
Shaw	FB	McWilliams
Substitutes—Pampa:	Strickland, L. V. Hodges, Stevens, Kitchens and Maxey.	

## Texas Aggies Win Game 28-0

COLLEGE STATION, Sept. 22.—Behind a powerful line, Bill Coover, slugging tackle of Breckenridge, led the Texas A. and M. Aggies to a 28-0 victory over Sam Houston Teachers' college on Kyle Field today in an evening day crowd of more than 5,000.

The Aggies scored in each quarter except the first. Coover gained an even hundred yards in running plays, netted two extra points and started several long pass plays. The Aggies scored on 24 first downs while holding the Bearkats to four.

## Lefors in Great Showing as Her Season Opens

Lefors opened the 1934 football season Friday night with a 25 to 0 win over the White Deer Bucs. Lefors dominated the play from the kick-off, making eight first downs to one for the visitors.

Robertson, 127-pound quarterback and Morgan, hard-hitting right halfback, each scored two touchdowns. Robertson made two 20-yard jaunts for touchdowns. Morgan ran 35 yards for one of his counters and crashed eight yards for the other.

The tackling of Morgan was the outstanding defensive feature of the game. Twice he jarred the ball from White Deer players by fierce tackling. Still at fullback also played a steady game with his pass receiving outstanding. In the line, Horn and Morgan, a defensive star, Moore, Mathis and Harris also played good ball.

White Deer failed to gain possession of the ball enough to show offensive strength. The Bucs put up a determined defensive fight that bogged the Pirate attack several times. Horner and Mauldin played good games in the backfield with Watt and Urbanczyk doing some nice line work. The first down was the result of a 15 yard pass.

Dumas will play in Lefors next Saturday night so that the game will not interfere with the Pampa-Quannah game in Pampa. Lefors has changed several games so that they will not conflict with games in Pampa. White Deer does not have a game scheduled this week.

## Mustangs Beat Denton Eleven By 33-0 Score

DALLAS, Sept. 22 (AP)—Southern Methodist university today avenged defeat in last season's opener by downing the North Texas Teachers college football team 33 to 0 in the 1934 curtain raiser at Owenby stadium, the Methodist Mustangs' home field.

The Mustangs displayed a line so powerful that the Denton Teachers were unable to make a first down. An eight-yard sprint by P. B. Stovall in the third period was the longest gain of the afternoon for the Denton Eagles. At no other time did the Eagles have a chance for a first down.

The Methodist second string team played throughout the third period and in it there was no scoring, but with the first stringers on the field the Mustangs faced over one touchdown in the first period and two in each of the second and fourth.

## TEXAS TECH GIVES GREAT EXHIBITION THOUGH LOSING TO UNIVERSITY LAST NIGHT

### Matadors Score on Passes— Hilliard Gallops 90 Yards For Touchdown.

LUBBOCK, Sept. 22 (AP)—A perfectly blocked punt by Phil Sanger and a 94-yard gallop by Bohm Hilliard resulted in a 12 to 6 victory by the University of Texas Longhorns over the Texas Tech Matadors here tonight before a season opener crowd of about 9,000 touchdown hungry fans.

The Matadors were forced backward from their own 35-yard line to their 10-yard line in three plays by a fast-charging Longhorn line in the second quarter. D. M. McElroy, Tech halfback, dropped back to punt and Sanger, Texas right end, brushed through to block it and kicked it out of bounds on the 6-yard line. On the next play, Buster Jurecka, substitute halfback, climbed the middle of Tech's line for the touchdown. Wolfe failed to kick goal.

Toward the end of the third period, Adrian Clark, Tech quarterback, made his third beautiful punt of the evening. Two others had gone out of bounds within the 10-yard line. The third was out on the 2-foot line, but Tech drew a penalty from that point because of substitutes entering the field as play started.

Hilliard received the snap-back, standing on inside the end zone. He charged straight ahead, shifted to the right, and grazed the sidelines on a beautiful run, more than 100 yards in all, and he went over standing up, his nearest pursuer 10 yards behind him.

But they carried away from there. As he stooped to ground the ball, he collapsed with a groan. An old ankle injury had cropped out. Except for the long run he had been well bottled up all evening.

Thus was the Jack Chevigny coaching regime and the Notre Dame system ushered in for the University of Texas. And it was a grand ushering act, fine blocking, deadly tackling and a hard charging line were prominent.

Tech's touchdown came via the air in the fourth quarter. Falling to gain through Texas' line—although they counted 8 first downs to 4 for Texas—the Matadors opened with an aerial attack. Gwynn Dowell passed to quarterback Ed McKeever for 28 yards, placing the ball on the Longhorn 12. Dowell drew back again, flipped a short forward to McElroy, who lateraled to McKeever, who stepped over for the count. Gains Davies failed to convert.

# HARVESTERS BOW TO OKLAHOMA CHAMPIONS IN PREDICTED LOSS

## PAMPANS ARE NOT PREPARED FOR BIG FOES

LOCALS NEED MORE TIME TO DEVELOP REAL TALENT

BY OLIN E. HINKLE, Managing Editor, The News. OKLAHOMA CITY, Sept. 22.—Capitol Hill Redskins, 1933 Oklahoma schoolboy champions, struck with mid-season form here Friday night against Pampa's Harvesters, who had new men in key positions and were in the scrimmage stage and in their first game of the season. The result was never in doubt.

The Sooners won, 18 to 0, before a crowd of 8,000 persons who had heard of the touted Texans, who last year held the locals to a 7-6 score. It was Capitol Hill's 14th consecutive victory. The Redskins beat the Central Teachers freshmen last week, 12 to 0.

After glimpsing the crushing weight, speed, and precision of the Oklahoma boys, the Pampa fans were ready for anything. The Redskins outweighed the Pampa starters 10 pounds to the man and there was a 15-pound handicap in the line. The Sooners, waving hamlike hands instead of tomahawks, looked like harvesters themselves as their blocking mowed down the lighter opposition.

How They Scored. Yet the Pampans held the Redskins to 6 points in the first three quarters. Barton, Sooner fullback, tossed a 22-yard pass to Pepper for the first touchdown. For the second, Arvil Lyons cut around end and dodged Dunaway and Drake to score standing after a 55-yard sprint. Reynolds followed with a lateral to score after a march into Pampa's 10-yard line. All tries for extra points failed.

The first score came early in the first quarter. Reynolds returned a Pampa punt 24 yards to midfield to start the fireworks. The drive bogged down on the 30-yard line and with fourth down and a yard to go, a pass was tried. The Pampa safety intercepted the ball and fumbled it and Speegle recovered on the 24-yard line. A line buck netted two yards and Burton dropped back and tossed a long toss to Pepper just as he crossed the goal line. Reynolds' try for point was blocked.

Center Pass is Bad. The remainder of the first half was listless with the only exciting moments coming when Speegle's pass to Stoner in punt formation was poor and it ran back toward the goal line. Speegle went back and recovered on the 3-yard line and Woodson attempted to punt out. The punt was poor but Pampa was off-side and on the next play Woodson kicked out of danger.

Pampa once took the ball to the Hill 7-yard line, but fumbled. Dunaway, Drake, and Hamilton made most of Pampa's yardage. Another long punt return by Reynolds led to the next score. He caught Dunaway's punt on his 15-yard line and returned it to the 45-yard marker as the quarter ended. On the second play of the fourth quarter, Lyons broke through off tackle, eluded the secondary defense and sprinted to the goal line 55 yards away. Woodson's try for point was wide.

Reynolds Scores on Lateral. The Redskins kicked off to Pampa and the Harvesters, unable to gain, punted back. Reynolds took the kick on his own 30-yard line, sidestepped on end, and twisted his way down the sideline to the goal, cutting back and eluding the last man. As he was nearing the goal line, a teammate clipped a Pampa man, 15 yards back of the play and the ball was brought back and Capitol Hill penalized 15 yards.

Reynolds got his scores a moment later, however. Walter Corn, who went in for Lyons, took the ball to the 7-yard line and, on a lateral, Reynolds crossed the line untouched. Ralph Beaver tried for goal but missed. Reynolds went over for the touchdown after the game was over, the horn having sounded as the play started.

Reynolds was the outstanding Sooner star of the game but came in for some close competition from the diminutive Lyons. Reynolds returned 8 punts 199 yards, counting the 70-yard return.

Lyons Gains 129 Yards. Lyons gained 129 yards from scrimmage, weighing only 133 pounds, he fought his way for nearly 12 yards every time he took the ball.

The entire Capitol Hill backfield was smart, fast, and wiry. Of the Pampans, Dunaway and Green attracted the most favorable attention. Dunaway out-punted his rival badly and turned in some nice runs. Green, Harvester tackle, was big enough and aggressive enough to cope with his giant foes. He broke up plays, gathered in fumbles, and gave little ground. The battle put up by the Pampa line was, in fact, not appreciated except by those who knew the weight and experience of the Oklahoma champs. Captain Monroe Owens backed up the line with flashes of his old form, but he was a marked man on plays going his way.

That Capitol Hill hogged the statistics is explained in part by the fact that the Redskins held the ball most of the time. The Pampa offensive had only one chance and fumbles ruined it. Each side fumbled five times. Pampa passes were broken up or were wild on all nine heaves.

The was so much difference in the development of the two clubs that the comparison is nearly worthless. The Harvesters usually start slowly.

# Road Runners Defeat Cats In Opener Friday BRITISH SKIPPER, BEATEN, PROTESTS

## SAME CLUBS CLOSE SEASON IN TILT TODAY

### HUGE CROWD TO BE SEATED HERE IN AFTERNOON

The Pampa Road Runners played their oldtime baseball Friday night to defeat Art Shires and his Fort Worth Cats, 10 to 6, in the opening game of a series to close the 1934 season. The two teams will clash in the last local baseball game of the year at 3 o'clock this afternoon.

The Road Runners outthit the visitors 13 to 10, with Freddy Brickell and Grover Seitz leading the attack, with three hits each. Brickell collected a single, double and triple, walked once, and sacrificed the other time at bat. Seitz gathered a single, triple, and home run, on five trips to the plate. Vaughn was the other distance hitter with a double and triple and Wells added a single and triple to the barrage. Fort Worth left fielder, led the Cats' attack with two doubles. Smith and Binder also got doubles. The great Shires was held to a scratch single. He hit a hard grounder to Ward which got away from him.

Old Wind Batters Pete Stegman started on the mound for the Road Runners and went to the fifth inning, when he was relieved by Stewart. Stegman was not knocked from the mound but retired because the cold wind appeared to be affecting him. He allowed only runs and 7 hits. Stewart was nicked for the other two runs and five hits.

Claude Jonnard went the route for Fort Worth with his twin brothers, Clarence Jonnard, behind the bat. The big batter was wild, striking five men, but getting six strikeouts.

The two first basemen, Nell of Pampa and Shires of Fort Worth, provided the best fielding plays. Nell went deep into right field to take a fly ball and Shires took a second and third base for a score. Sammy Hale, former Athletic star, was on the hot corner for the Road Runners. He was a little erratic in the field and failed to hit cleanly. He pulled a clever play, however, in the opening inning to score. Brickell's first batter up, tripled. Seitz's single for a score, Brickell and then stole two bases in succession. Nell walked and Ward fanned, but Hale also walked. Vaughn then rattled the boards for a double. Nell, believing the ball would be caught, hesitated between second and third base. He let the ball go and it hit the fence. Seitz and crowded Nell around third. Seitz hit home but was caught several feet off the base. Hale was so close behind Nell that he went across the plate to score while Jonnard was tagging Nell for a putout.

The score was tied three times during the game but Seitz broke the tie in the sixth with his home run, which scored Stewart ahead of him. The battling Shires, manager of the Cats, had a run-in with Umpire Rusty Cahill on a third called strike.

Seats to accommodate more than 2,500 fans will be available this afternoon for the closing game of the season. The Road Runners have brought real baseball to Pampa, built a wonderful park, and are playing a great team to close the season. Accomplishments of the Road Runners will be talked all winter and fans will be looking forward to the opening of the 1935 baseball season.

## RAINBOW IS SURPRISING EXPERTS IN FAST PACE

By EDWARD J. NEIL, Associated Press Sports Writer NEWSPONT, R. I., Sept. 22.—(AP)—One sensation piled on another today as, soundly beaten in the fourth race for the America's cup, T. O. Sopwith, skipper of the British challenger Endeavour, protested the victory that pulled Harold S. Vanderbilt's defending Rainbow up on even terms with the Englishman at two each.

It was the first protest filed in an America's cup contest since C. Oliver Isen broke out a red flag in the series of 1895 between Defender and Lord Dunraven's British challenger Valkyrie III, a protest that brought disqualification of the British boat and almost caused international complications.

Not understanding Sopwith's action, the cup committee waited for his written protest to be filed. The Englishman has until 6 p. m. Monday to place his claim of foul but it was considered likely that with no race scheduled for Sunday the matter would be threshed out tonight or tomorrow.

If Sopwith's protest against Vanderbilt, known throughout American yachting as a stickler and a quick protester himself, is upheld by the committee, the challenging Endeavour will lead 3 to 1 in the best four out of seven series and will be within one victory of lifting the cup the United States has held since it was won off England in 1851.

Apparently Sopwith based his claim on the allegation that Vanderbilt failed to meet his luff, a highly technical situation, shortly after the British sloop rounded the first mark of today's 30-mile race over a triangular course 23 seconds ahead of the Rainbow. Racing by swift breeze and boisterous sea, the sloop gained on both the second and third legs in the 11 to 12 miles an hour wind to cross the finish line one minute, 15 seconds ahead of the Endeavour, the second race in a series for Rainbow after losing the first two races.

Instead of giving way to the luff, as the rules call for inasmuch as Sopwith still was leading, Vanderbilt seemed to hold the Rainbow straight on the course he had chosen and for a moment there was the danger of a collision. Sopwith had to fall off and slaken his sails. Then he straightened away again, the American was off to a lead that never again was relinquished.

In a fairly heavy breeze, the kind Endeavour likes best, Rainbow, supposedly only a light air sailor, bent the invader at her own game in startling fashion. Rainbow's elapsed time was 3:15.38, Endeavour's 3:16.53. The American's time was fairly close to the new record for a triangular course, Endeavour's set at 3:09.01 Tuesday.

Junior Champs Have Full Control of First Three Quarters of Contest. AMARILLO, Sept. 22.—(AP)—Piloted by Lady Luck, who took them in hand in the fourth quarter, and aided by some intensive scrapping, the Simmons university Cowboys made 13 points in the final period to tie the Badgers of Amarillo college, 13 to 13, here this afternoon.

The state junior college champions, making their 1934 debut, had complete charge of the game for the first three periods. Big Ed Cherry scored the first counter in the second period, plunging the final two yards. Passes from Captain Jack Russell to Conway Forrester had placed the leather in scoring position. He was Cherry who in the third quarter scored the Badgers' other counter, plunging across after Forrester had taken the ball to the two-yard line on an end around play.

Tyler crashed through for Simmons' first marker in the fourth after a punt by the Cowboys. Neely took Murphy's pass for 10 yards and the final counter. Their first games are not indicative of their mid-season form. Against a veteran squad which was at its best offensively, they looked as they really were—in the early scrimmage stage. That they were able to hold the locals as well as they did before the substitutes streamed into the game was proof of their courage.

The team traveled to Oklahoma City with fans, some of whom remained here while other drove back to Pampa after the game. Starting Lineups: Capitol Hill P. Owen, W. Woodson, L. E. (c) Owen, Beaver, L. Wild and woolly wrestling is in store for Pampa fans tomorrow night at the Pin-Mor auditorium. Even the two women grapplers on the card are said to be roughsters. An all-star card will open at 8:15 o'clock with Barber Kelly and Dan Carver resuming hostilities. The preliminary will be followed by a time limit affair between Mollie O'Shea and Billie Morrison, two women ear-bysisters. Rex Mobley will meet Gene La Belle, French-Canadian, in the semifinal, while Charlie Carr of Shreveport will angle with Cyclone Mackey of Amarillo in the main event. Mackey needs no lauding. So a Pampa wrestling audience. He is fast, clever, and can meet the other fellow at his own game, whether it be rough or clean. The veteran learned a lot about wrestling when

# 'I'M NO ANGEL' IS TYPICAL MAE WEST SENSATION WITH THE STAR DOMINATING FILM

## LaNORA TO INTRODUCE WEST TO PAMPA THIS WEEK

Mae West, screendom's current sensation comes to town today to present a picturesque characterization of Tira, famous character in "I'm No Angel," booked at the La Nora theatre for three days.

That is real news for picture fans.

Miss West soared to the greatest heights of popularity any screen actress ever has attained, revolutionized feminine styles as the result of her last film, "She Done Him Wrong." The imagination fails in an attempt to figure what her last picture will accomplish.

For it is superior to her first starring film in every respect—story, star performance, excellence of production, wisecracks and songs.

Miss West gives a splendid performance—she portrays a colorful character, Tira, a hardboiled, carnival-dancer who becomes a New York sensation. On her rise to fame and fortune, she vamps any number of men, finally ending up bested by her "tail dragger and handsome," a society millionaire.

She sings five sensational songs, dances the "midway"—a spectacular variation of that same shimmy which, we are told, she herself originated, wears lovely clothes, and she scintillates with wit in an hilarious courtroom scene.

Since the movies were in their swaddling clothes, no star ever has so completely dominated a film as Miss West, but Paramount cleverly has surrounded her with a capable cast including Cary Grant, Kent Taylor, Edward Arnold, Ralph Harpole, Gregory Hatoff, Dorothy Peterson, Gertrude Michael, Russell Hopton, William B. Davidson and others.

"I'm No Angel" was made from a story by Miss West herself, the tale of Tira, a carnival dancer.

She becomes famous by putting her curves into a lion-tamer's act, goes to New York as the Million Dollar Beauty, Cary Grant, a society millionaire, falls in love with her, and they are going to be married, when crooks frame her, and she breaks the engagement. She sues Grant for breach of promise, collects \$250,000 in an amusing trial. But they still love each other, and after the heavies try to kill Mae by turning a killer lion on her, Grant discovers she has been innocent of all wrongdoing, and the film ends happily.

She becomes famous by putting her curves into a lion-tamer's act, goes to New York as the Million Dollar Beauty, Cary Grant, a society millionaire, falls in love with her, and they are going to be married, when crooks frame her, and she breaks the engagement. She sues Grant for breach of promise, collects \$250,000 in an amusing trial. But they still love each other, and after the heavies try to kill Mae by turning a killer lion on her, Grant discovers she has been innocent of all wrongdoing, and the film ends happily.

"I'm No Angel" was made from a story by Miss West herself, the tale of Tira, a carnival dancer.

## SCHOOL BUSES

(Continued from page 1.)

Hobart street crossing. These 13 buses average carrying 45 pupils each. Drivers are careful and constantly are being urged to use caution rather than speed.

Cite Traffic Law

One kind of traffic hazard is always present—that of cars and trucks which illegally pass buses stopped for taking on or discharging pupils. This is an infraction of state law and heavy penalties are given for it. Drivers have instructions to take the vehicle numbers of those who endanger the lives of the children.

Between runs, the drivers clean, oil, refuel, and inspect their buses. Mr. Shelton and Albert Baer, full-time employes, do the repair and maintenance work. They usually have something which needs doing.

Drivers begin arriving at the school garage at 7:05 a. m. They must gather up the pupils and have them at the schools by 8:30 a. m. In the afternoon, some of the buses assemble the pupils from the ward schools so that the tots may find their own bus with the least trouble.

The buses depart at 4:10 p. m., taking the students as close to their home as possible. Every day that there is school this schedule is followed. Very seldom is the weather severe enough to stop the buses, which never stopped last year.

There are 12 International buses, three Chevrolet, one Model A Ford, and the two new GMC buses. In addition, there is the Harvester bus, driven when needed by Bus Benton.

The other drivers are Wellington Stewart, Billie Green, Jess Morris, Carl Baer, Sam Keith, Dick Benton, Frank Hillis, Emmett Osborne, Ole Pipes, Joe Brown, Floyd Young, Pete Cole, Roy Kretzmeier, Carl Smith, Emory Noblett, Joe Shelton, and Albert Baer.

Bus failures are infrequent, but when they do occur the drivers "double up" until the machine is repaired. Sometimes an axle parts or a gear is stripped in wet weather. The buses bear and pull heavy loads and must be powerful and well kept.

Two District Buses

The Wayside and Hopkins bus districts send a bus each here with pupils on whom tuition is paid. It is more economical to transport and pay tuition on a small number of pupils than to operate a high school.

Bus failures are infrequent, but when they do occur the drivers gradually declined as numbers increased. Formerly, the cost per pupil here was 15 cents or more, while this year it is expected to be under 12 cents.

Mr. Shelton, out of ten years' contact with pupils, is a defender of the present school generation. He finds the pupils no harder to manage than those of a decade ago. The oil boom brought some "tough little nuts," but recent years have shown that oil field pupils can be just as polite and refined as country or city children.

Mr. Shelton, hauling 80 oil field pupils daily, is in a position to know. The bus drivers have full authority over the children and can punish them if necessary to preserve order. But most discipline is referred to the principals of the various schools. No rough, loud talking is permitted on the buses, and no scuffling.
