DENTON CO-ED BURNS SELF TO DEATH IN BATHTUB; LETTER TELLS OF LONELINESS

The towels and newspapers had been soaked in rubbing alcohol. A note the girl left in a typewriter in the bedroom adjoining the bathroom told of her loneliness. She also left six letters, one of them addressed to her mother, Mrs. H. W. Gardner of Wichita Falls.

First reports were to the effect that her body was unclotted when found in the bathtub by the landlady, Mrs. M. C. Henry, but investigation showed she had worn pajamas and a robe, which were almost destroyed. Screams of the girl attracted Mrs. Henry to the bathroom. The girl died last night in a hospital.

Brevitorials

THE TRADITION of Butler field is intact, but it took all the power that a surprisingly powerful and consistent Amarillo eleven could muster to protect the field. Pampa's tradition was that of putting up a mighty battle, despite the odds, and playing 60 minutes of football which the fans of the Panhandle like to see.

UNEMPLOYMENT MORE SERIOUS THAN IN PAST

Half-Million More Jobless Than Last Year

WASHINGTON, Nov. 30. (AP)—Officials assembling today at Warm Springs, Ga., to discuss relief had a warning from President William Green of the American Federation of Labor that the problem this winter will be the most serious this nation has ever faced.

I Heard...

GIRL SLASHES WRISTS, BINDS SELF HAND AND FOOT, THEN IGNITES PAPERS, TOWELS

DENTON, Nov. 30 (AP)—The flaming death of Miss Helen Gardner, attractive brunette co-ed at North Texas State Teachers college, was described today as a case of suicide.

DUNSWORTH IS BETTER

The Rev. E. M. Dunsworth, ill in a Canadian hospital, is improving. He is pastor of the Salem Baptist church near Pampa and is well-known here.

From the Fortales junior college this morning and they want to play the Pampa Harvesters a post-season game; also from El Paso where an El Paso All Star team is being selected to play some good-team Christmas Day and they want to play the Harvesters.

THIS COLUMN could not contain all the comment which logically could be made. But certainly the great work of the Pampa band and pep squad should be extolled. The girls and sponsors of the huge Pampa pep squad again demonstrated their precision and originality. On this occasion, they divided and approached the center of the field from the corners, reminding one of some of the elaborate movie sets of the musicals.

The serious implications of this increase in unemployment cannot be over-emphasized," he said. "Relief need this winter is already higher than it was last year. Reports from urban areas show that in October, 1934, the number on relief rolls was 30 per cent greater than in October, 1933."

The girl's mother and a younger brother and sister rushed to Denton before Miss Gardner's death. They accompanied the body home to Wichita Falls last night.

A powerful Amarillo high school football team yesterday afternoon preserved the tradition of never having been defeated on Butler field through a 13 to 6 victory over a scrapping team of Pampa Harvesters who, despite injuries and sickness, battled to the last minute in an effort to win. More than 15,000 witnessed the game.

Both teams were nervous at the opening of the game, but before many minutes had elapsed, they settled down to straight hard, line-plunging football, the like of which has seldom been seen in school games. The two lines crashed into each other with sustained fury. Backs were tackled with such force that both the ball carrier and tackler were driven many yards from the point of contact.

This game was truly the greatest ever played in the Panhandle and the Harvesters fought a wonderful uphill battle to tie the score and hold the Amarillo attack until the last three minutes of play, when a

GRUDGE FIGHT BETWEEN ARMY AND NAVY HOLDS SPOTLIGHT

Kansas State's Last Period Rally Beats Nebraska 19 To 7; Texas Beats Aggies.

AMARILLO scored early in the first quarter after Owens' punt was blocked, following a bad pass from center, and Nash's quick kick was short. The Sandies marked the 4-yard line but a 15 yard penalty for holding set them back. Two line plays picked up five yards and then Stidger faked back as if to pass but instead raced around his own right end to score standing up.

The Harvesters performed one of the prettiest plays of the game to even the count in the second quarter. Drake started around his right end but faded back and passed to Owens across the field. Owens took the ball out of the hands of two Sandie tacklers, side-stepped a stiff-armed two more, and raced 41 yards for a touchdown. The pass made 20 yards. Hamilton failed to kick the extra point.

Amarillo's final counter came late in the game when Stidger passed 15 yards to Peterson, who ran 20 yards across the goal line. The Pampa secondary had been drawn in when Stidger faked the ball to Harlow and then faked back to pass. Stidger kicked the extra point.

With less than a minute to play, Stidger attempted a field goal from the 20-yard line, but it was wide. Pampa took to the air with the minutes passing quickly, but John Harlow intercepted two heaves.

To Carl Smith, Pampa's great guard, went the honor of being the outstanding player on Butler field yesterday afternoon. Smith got more tackles and broke up more plays than any other of the boys on the team. He received the unanimous vote of every sports writer in the press box as being of all-state caliber.

Beside Smith in the line, and another great star was J. R. Green, Pampa's 200-pound tackle. Leon Noblitt, over on the other tackle, played his outstanding game of the year. It was through Noblitt that Harlow tried to make his gains. Little Bill Parks was outweighed nearly 50 pounds but he went under his opponent to make many tackles. Captain Monroe Owens was another star of the game. He ranged far and wide and was on the bottom of many of the plays. Mumford, Walker, and Stephenson alternated on the other end position, with Walker outstanding.

The Harvester backfield fought valiantly, but was able to gain only 98 yards from scrimmage. Bill Dunaway, in the game less than a quarter because of a hip injury, raced 38 yards on a beautiful run to make the most yardage for the Harvesters. Bob Drake, who started the game in place of Dunaway, gained 19 yards for second high honors. He also passed for Pampa's first touchdown on Butler field.

Lloyd Hamilton, weakened more than anticipated by an attack of influenza, carried the ball only twice during the game. He made five yards on one attempt and was held to no gain on his other try. Hamilton did some nice blocking and his defensive work was outstanding until he was injured early in the last quarter, when he tackled the hard-charging Harlow on an end run. Hamilton was unable to stand the impact in his weakened condition. Mackie turned in some very effective work.

Mayse Nash was a marked man from the opening whistle. He tried valiantly the first half but was unable to gain much ground. Red Panning went into the game despite his injured elbow and poor condition

CHILDRESS IS WINNER OVER VERNON TEAM

13 DISTRICT ELEVEN ARE DECIDED ON THURSDAY

BY BILL PARKER, Associated Press Sports Writer.

Through a long process of eliminations, thirteen of the sixteen class A interscholastic football districts have decided championships. Two additional titles will be settled today when Longview battles Kilgore, and two Fort Worth schools, Masonic Home and Polytechnic, play on the Texas Christian field.

No definite date has been announced for the play-off between Quannah and Vernon for the district five championship. Leading the race and meeting yesterday's game to clinch the title the Vernon Lions lost a 13 to 6 game to Childress. The loss dropped the Lions into a tie with Quannah, forcing a play-off.

The game was a blood-soaked pugil in the opening period, and with a smashing, running attack in the fourth session, Mitchell registered the first counter and Lyde the second. The game was a powerful pre-game favorite.

The district 10 race was muddled yesterday when Tyler and Marshall played a scoreless tie on a muddy gridiron. The scheduled game between Longview and Kilgore was postponed until today. If Longview trims Kilgore, the result would eliminate Tyler and give Longview the title. Tyler insisted on playing yesterday despite Marshall's request for a postponement.

The most stunning upset of any district was recorded yesterday when Beaumont's royal purple beat Port Arthur, 2 to 0, to win the district fourteen crown. Playing before a crowd of six thousand persons, Owens scored the only point, but fumbled a pass from center on a punt formation. He was tackled behind his goal line by Germond, Beaumont end, for a safety. Port Arthur was a powerful pre-game favorite.

Clicking with a running attack that was balanced with a few successful passes, the Amarillo Golden Sandies played the Pampa Harvesters, 13 to 6, yesterday to win the district one crown. The Sandies finished with an undefeated record that boosted four district wins.

Cracking down in a terrific offense led by Anderson, Payton and Britt, the Ranger Bulldogs won the district two championship by beating the Breckenridge Bucaroos, 42 to 7. The game was played in rain and mud.

The Corsicana Tigers scored a 12 to 0 victory over Cleburne to win their fifth consecutive district title.

Staging a 77-yard march that started in the first period and ended early in the second period when Captain E. A. Termin raced across for a touchdown, the Dallas Tech Wolves beat Forest, 7 to 0, to win the district eight championship.

Another Dallas team breezed home when Highland Park, employing a Notre Dame attack, beat McKinney, 31 to 14, to grab off the district six title.

As expected, the Corpus Christi Buccaneers swept aside Robstown, 33 to 0, to retain their district seven championship with ease. The Buccaneers played straight football to finish five conference victories.

The game scheduled yesterday between Big Spring and district three and Colorado, cellarite, was postponed until Saturday. Big Spring is a tremendous favorite to beat Colorado, a team without a district victory in three start.

District champions follow:

- 1—Amarillo.
- 2—Ranger.
- 3—Not decided. (Big Spring meets Colorado Saturday).
- 4—El Paso.
- 5—Not decided. (Quannah and Vernon tied).
- 6—Dallas Highland Park.
- 7—Not decided. (Polytechnic and Masonic Home tied).
- 8—Dallas Tech.
- 9—Greenville (1933 state champion).
- 10—Not decided.
- 11—Athens.
- 12—Corsicana.
- 13—Houston Jeff Davis.
- 14—Beaumont.
- 15—San Antonio Thomas Jefferson.
- 16—Corpus Christi.

In the initial round of bi-district eliminations which will be played next week, the winners of districts 1-2 will play, as will the winners of 3-4 opposite each other, and etc., on down the list.

GRID TEAM TO LOSE 26 BOYS THIS SEASON

HARVESTERS SQUAD OF 36 REDUCED TO TEN

Yesterday's football game was the last for 26 members of the Harvester football squad of 36 boys. Any more football glory for the 26 will have to be under college colors, or in high schools of other states where the age limit, semester, and transfer rules are not so strict.

Only 10 members of this year's large squad will return next year. Eight of them will be playing their last year. The other two boys will have two more years of high school football. Four of the returning players could be classed as regulars this season.

Next year, Harvester coaches will have to build a backfield ground fley-shatched Fanning. The red head was going great this season until he received a dislocated elbow which placed him on the bench for the last month of the season. Fanning can hit the line, run the ends, pass, and punt.

Two veterans will return for the tackle jobs in J. R. Green, candidate for all-state honors, and Leon Noblitt, who is expected to be an ace in the Harvester line next season, may be at center. The other veteran to return will be Fred Mumford, end, who will be eligible for two more years of competition with the Harvesters. Mumford is one of the most promising players on the squad.

Three versatile little backfield substitutes will return to the colors next year. In Bob Drake, W. J. Brown, each with one more year, and Chubby Stewart, with two years before him. Drake and Brown started the season as green ex-Gro-rillas but soon developed into slashing halfbacks with plenty of speed. Both are expected to be good next season. Stewart is a big husky who should make a fullback of all-state caliber if he tries.

George Nix and Reece Barham are two ends who will make things uncomfortable for young hopefuls. Nix is particularly strong on pass receiving and Barham on defense.

Phillip Nolan is the guard who will return next year. He has an other season and should develop into a fine prospect next season. He did some great relief work during the past season.

Captain Monroe Owens, all-state end last year and a candidate for his second term, will go out of the picture. With Owens will go Odell Lewis, Lester Stephenson, Edward Scott, and Reece Barham, fellow ends.

The three Harvester centers will be gone next season. Bill Haner, Skepp Wise, and Richard Montgomery are the boys who will be gone.

Along with the center job, the guard position will be a worry to Harvester coaches. Seven guards leave the eligible roll, headed by Carl Smith and Bill Parks, two of the best in many years. Wolford Bivins, Charlie Welton, Glen Eldridge, Earl Rice and Revista Harvey are the other guards graduating.

Charlie Johnston, Gaston Harbour, Charles Fagens, and Howard Felner are the tackles who will not return next season.

Eight of the 12 Harvester backfield men sing their swan-song this year. They are Lloyd Hamilton, Bill Dunaway, Hazel Mackie, Jack Powell, Roy Webb, Raymond Elkins, Tom Rose, and Mayse Nash.

KNOX SUFFERS 27TH STRAIGHT DEFEAT BY LOSING GRID GAME

Ties Record Of Hobart College as the Losingest Club in Grid History.

GALESBURG, Ill., Nov. 30. (AP)—The victory bell in the belfry of "old main," historic principal building at Knox college, remained silent today, joining in the general sorrow for the sons of old St. Louis, who finished the 1934 football season yesterday, with record-breaking honors of the wrong kind.

The fainting Phil Scotts of American football, who haven't won a game in three years, wound up their season with another wallop on the whiskers, Monmouth college beating them, 39-0. This enabled the sons of old St. Louis to tie the record of Hobart college, Geneva, N. Y., as the losingest team in football history. Yesterday was their twenty-seventh straight defeat.

PANHANDLE IS DEFEATED BY IRISH ELEVEN

McIntyre Brothers Take 20 To 0 Game From Panthers; Memphis Gains Title.

Shamrock's fighting Irishmen won the District 2 Class B football title yesterday afternoon by swamping a fighting band of Panhandle Panthers, 20 to 0.

The McIntyre brothers, known over the Panhandle as "Little" and "Big" McIntyre, led the Shamrock attack. "Little" McIntyre opened the scoring in the second period when he rounded end for 48 yards and a touchdown. "Big" McIntyre ended a long drive by crossing the pay line in the third quarter. "Big" McIntyre also ended the scoring in the last quarter with a 72-yard jaunt for a touchdown. Mitcham added two extra points on place kicks.

Davidson was outstanding for the Panthers, but his team appeared to collapse before him. Gentry and Cleek also were outstanding at times.

Shamrock will meet Hereford in a bi-district battle, the date and place to be decided. Hereford won bi-district honors last week.

Memphis coasted to a 33 to 13 win over Marshall yesterday to win the district 4 title. Memphis passed for two touchdowns, plunged for two more, and punter raced 77 yards for the other counter.

Memphis will meet Kansas 45 to 7 winner over Ralls yesterday in a bi-district game. The place and date are yet to be named.

HOWARD PAYNE WINS 9TH STRAIGHT GAME

BROWNWOOD, Nov. 30 (AP)—Howard Payne's Yellowjackets beat the Southwestern University Pirates, 14 to 0, to win their ninth consecutive game and end the season one of the nation's few unbeaten teams in a Texas conference game here yesterday.

The Jackets struck quickly in the opening and closing minutes to score. Two minutes after the first kickoff Nunnally, halfback, snagged a pass from Taylor that ended in a touchdown. Harlow added the point.

Thirty seconds before the game ended Marshall gathered in a Pirate pass and ran 45 yards for the second score. Nunnally converted. The winners had 15 first downs to two for the Pirates.

For the sixth time in the last seven years the Jackets clinched the conference title. They were tied once this season.

FOOTBALL

(Continued from Page 3)
and his passing, punting, and occasional punts through the line were menacing. Clubby Stewart also got his chance and made good on two plays but fumbled and lost the ball following Dunaway's long run.

Johnnie Stidger was Amarillo's star, along with John Harlow. The two accounted for 151 yards of the 217 yards the Sandies gained from scrimmage. Bufkin gained 53 yards and Fife added the balance of the distance.

The entire Amarillo line played great football. Time after time it opened huge holes in the Pampa forward wall and the yardage gained from scrimmage would have been much greater excepting for the Harvester defense, used by Coaches Odus Mitchell and Angus Fox for the game. The defense was a 3-3-2-1 formation which went into an eight man line on plunges.

Harlow and Bufkin, Peterson, Sullivan, and Mathews were the strongest points in the Sandie forward wall. They charged hard on offense and on defense were hard to take out of plays.

The starting lineups:
Pampa: Pos. Amarillo
Owens LE Cochran
Green LT Fife
Smith LG Mathews
Haner C Sullivan
Parke RG Underwood
Nobilit RT Ricketts
Mumford RE Peterson
Hamilton RB Stidger
Drake LH Waggoner
Mackie RH Bufkin
Nash PB Harlow
Substitutions—Amarillo: 1st quarter, none; 2nd quarter, Brunson for Underwood; White for Brunson; Cannon for Cochran; 3rd quarter, White for Underwood; 4th quarter, Underwood for White; Cannon for Cochran; Pampa: 1st quarter, Elkins for Drake; Walker for Mumford; Brown for Mackie; 2nd quarter, Drake for Elkins; Fanning for Nash; Stidger for Drake; Walker for Mumford; Stewart for Nash; Powell for Stewart; 4th quarter, Drake for Dunaway; Fanning for Powell; Nash for Hamilton; Elkins for Drake; Webb for Nash; Scott for Walker; Nix for Owens; Fife for Haner; Rose for Elkins; Barham for Nix.

Score by quarters:
Amarillo 6 0 0 7—13
Pampa 0 6 0 0—6
Officials: referee, Holton (Notre Dame); umpire, Dayvay (O'Connell); head linesman, Lovorn (T. C. U.); field judge, Ballard (Austin College).

PLAY BY PLAY

FIRST QUARTER.
Stidger for Amarillo kicked off from the south end against the wind to Nash, on the 20. He returned to the 40. Drake and Nash lost 5 and Owens booted to the Pampa 45 where Waggoner received. The kick was partially blocked. Two runs and a pass failed and Bufkin punted to the 25 where it was kicked.

After two plays, Harlow, Underwood blocked Owens' punt, and Cochran recovered for Amarillo on the 19. Bufkin lost 4 on a ball pass. Three plays by Bufkin and Harlow failed and Pampa took the ball on the 17.

Mackie and Hamilton lost three and Owens kicked out on Amarillo's 34. Two plays made 5 and Bufkin punted to Pampa's 34 where it was kicked by Peterson.

Nash's pass to Mackie was short. Nash quick-kicked out on his 44. Harlow and Stidger made a first down in 3 plays, going to the 31.

Bufkin, Stidger and Harlow rumbled to the 15 in 3 more plays. Three more plays with Stidger and Harlow totaling made a first down on the 7.

Harlow made 1 but Amarillo drew a 15-yard penalty for holding. Bufkin went to the 1 and around right end, right end to the touchdown after Harlow had lost 2 at left end. Stidger's place kick was wide to the right.

Hamilton brought Stidger's kick from his 10 to his 30 as the quarter ended.

SECOND QUARTER.
Nash and Drake made a first down in 3 plays. After 2 plays made 3 yards, Owens kicked to Stidger on the 21. Stidger returned to the 35, but Amarillo was penalized 5 for roughing the kicker.

Nash rumbled left guard for 7, then added 2 and lost one on the third. Owens kicked to Stidger on the 5 and he returned to his 24. Bufkin rushed off for 13 yards. Harlow lost 5 when Smith broke through. Bufkin punted to Hamilton on the 35 and Peterson nailed him on the 39.

Drake passed to Owens who evaded Stidger and Bufkin to carry the ball 40 yards for a touchdown. Hamilton's place kick was blocked.

Green kicked for Pampa to Stidger on the 15 and he returned to the 34. Three plays made 5 as the run sounded for the half.

THIRD QUARTER.
Green kicked for Pampa to Stidger on the 9. He returned to his 30. Stidger went to the 26 in 3 plays. Stidger and Harlow made a first down on the 47. Stidger and Fife carried it to the Pampa 30 in 3 plays.

Stidger and Harlow made another first down on the 35 in 3 plays. Two plays and a pass failed when Fife dropped Stidger's pass. Stidger tried to pass on fourth down and was downed on Pampa's 55, where the ball went over.

Dunaway broke through right tackle and went to Amarillo's 28 before Peterson

which makes Panhandle school events take rank with the best of college activities. The southwest has thrilled to news of Pampa victories over teams from a wide area. True, we didn't beat Amarillo, but we played the game and our team proved that it can "take it" as well as win gracefully. And, what is equally significant, the fans can "take it."

BUT THERE IS more than football. Two thirds of the school year remains. Let us not forget that the students still live here, that they have other activities, that they deserve public support. Do we like the students, or are we simply football mad? The only right answer is in the continued support of other student activities.

The Losses Caused By the WASTE of Texas Natural Gas

The shocking waste of Texas Natural Gas now blowing into the air by the billions of cubic feet, not only means quick destruction of what is considered one of Texas' greatest natural resources, but entails many other economic losses of incalculable value. Some of these losses are as follows:

Loss to Landowners . . . When Natural Gas is "stripped" of its gasoline content and turned loose into the air, owners of the land, the royalty and the leases receive only 2% of what they would receive if the gas were used for heat and power as would be done in the course of normal operations. They get 2c and lose 98c on each \$1.00 value!

Loss in Oil . . . Gas pressure in the well is essential to the recovery of oil. It is estimated that the waste of gas now going on in the Panhandle field alone will result in the loss of 400,000,000 barrels of oil. If some one poured this much oil out on the ground and set it afire the waste would be no worse than what is going on at present.

Loss in Taxes . . . "Stripped" gas yields in taxes slightly over 2% of the taxes that would be paid if the same gas were used by homes and industries. The wastage of gas in the Panhandle, for instance, entails a loss in tax revenues of \$391.00 every day, in the year.

Personal Losses . . . Every person in Texas either directly or indirectly shares this loss . . . 600,000 home owners who depend upon gas for fuel; thousands of industries which use gas for power; hundreds of communities which consider Natural Gas as their greatest asset in bidding for new industries; mothers who will have to chop wood or shovel coal for cooking unless this waste is stopped!

The question for the people of Texas to decide is: Shall we let this wastage continue and destroy our supply of Natural Gas in a few years or months . . . or shall we stop the wastage and be assured of an abundance of Natural Gas for us and our children and their children.

COW BUSINESS, MONKEY BUSINESS

Next week's issue of the Saturday Evening Post will carry an article by J. Evetts Haley, written under the above title. The magazine may change the title, but the sentiment will be substantially as submitted.

Mr. Haley is a ranch-reared Midland man who now is research director for the History department of the University of Texas. Formerly, he was field secretary of the Panhandle-Plains Historical society at Canyon. He is well known to most of the oldtimers of the Panhandle. Though young in years, he is a veteran of the cow business and spends considerable time every year on ranches over the state. His work takes him to every corner of the cow country, and to Old Mexico.

Right now Mr. Haley is on a 6-month leave of absence to finish a life history of Col. Charles Goodnight, who before his death expressed a desire that Mr. Haley should do this. More material is in Haley's possession than he can use. The history will be one of the most important that could be written on this section.

The Saturday Evening Post article was written before the current federal buying of distress stock was begun. It bears on the previous policies of the government relating to the cattle industry. Mr. Haley, an individualist of the frontier school, disagrees with many of the federal policies. We have not read his article, but we have talked with him about it and we feel sure it will be read with wide interest in this section, regardless of whether the readers agree with his viewpoint.

WASHINGTON.—There's a mountain of inside stuff in the background of the housing row between Jim Moffett, federal housing administrator, and Secretary Harold Ickes.

The two men stuck their necks out simultaneously and the two necks were simultaneously cracked. The result was that remarkable joint statement issued from the White House wherein Jimmy and Harold publicly discovered themselves to be merely a couple of little brothers marching arm in arm in the front ranks of the New Deal.

And once again was demonstrated that amazing facility which Mr. Roosevelt has for making the lion and the lamb and the hyena and the brindle cow and the ring-tailed whangoodle and the man-eating tiger lie down together in sweet peace and amity—until the next time some member of the menagerie decides it's time to take a chew or a kick at one of the others.

Moffett and Ickes are symbols of the division in administration ranks between—just to identify them quickly and tritely—the conservatives and the liberals.

Moffett, who got in on the New Deal apparently for no better reason than that he was a "good fellow," a campaign contributor, and an admirer of Roosevelt's, has lately come to be regarded as the Living Buddha of the big business crowd in the New Deal set-up.

If the widespread impression here that Jim is something of a "stuffed shirt" happens to be correct, that's probably a tough break for big business. But the tendency to regard him as the voice of conservative industry has grown along with the mounting controversy as to whether F. D. has been taking the bankers and industrialists into camp or vice versa.

Leaving personalities aside, the great weakness of Moffett in and test of strength here is the fact that his Federal Housing Administration's program—which was supposed to restore prosperity—has been a decided flop.

The best boast of Jim's highly expensive organization to date is that home modernization loans since its campaign began four months ago have totaled \$20,000,000.

On the other hand, Moffett has the enthusiastic support of the important building materials industries. Long ago he announced there was no reason why prices of their products should come down.

So, although Ickes promises them far more business with his talk of housing programs running into the billions as against Moffett's mere millions, those industries stand grimly for Jim and their present profit margins.

Ickes says those prices should go down. Moffett also holds high cards through the fact that "Assistant President" Don Richberg is permanently sour on Ickes and that White House Secretary Marvin McIntyre, who is such a "good fellow" that nearly every lobbyist in town just simply adores him, is one of Jim's chief backers.

What may be keeping Huey Long from taking in more territory than Louisiana is his inability to find the American equivalent for Il Duce or Der Fuehrer.

President Roosevelt's constant smile is due perhaps to his amusement at the way people try to figure out what he means by what he says.

Germany must bake only one kind of bread, except by special permission. If it's white bread, what will people have for their limburger? And if it's rye, what will they do for toast?

United States has been increasing its sales of scrap iron to Japan, which is good enough so long as it remains iron.

Paying for surgical operations on the installment plan is a new idea in Boston. And if the patient stops paying, the appendix will be put back.

Princess Barbara Hutton Mdivani is coming back to America, and Prince Alexis is going to India, which is about the distance they need to make their hearts grow fonder.

TEXAS HISTORY Brushing Up on Facts You Ought to Recall

In January, 1746, Fray Mariano, a few soldiers, some Huison de Valero Indians, and the original petitioners for a mission on San Xavier river put down their shovels and rade picks, took stipples out of their oncours, and stopped on the banks of the San Xavier river. Fray Mariano thought it an excellent spot for the new mission. He noted that the fields were spacious, well-watered, and the soil rich and fertile. Without doubt, no better place could be selected. After prayers and thanksgiving, the Indians at once broke the soil and planted corn, potatoes, wheat, and beans.

By the middle of April Fray Mariano found it necessary to return to San Antonio. Leaving trustworthy Indians in charge, he promised to come back to them, with more Fathers. While he was gone the next few months, the faithful Indians carried staves, sand, and other building material to the site. They tended the crops, fished, and hunted while awaiting Mariano's return.

But, when Fray Mariano had not returned by June, and the less faithful ones were becoming restless, the chief decided something must be done. The "Principal Chief" was sent to San Antonio de Valero to appeal once more for missionaries. Six months later, in the spring of 1747, mission Indians from Valero and several neophytes were received with dancing and feasting by the ones who had remained at San Xavier. This time San Francisco mission became a reality. More crops were planted, and from the surrounding country Indians from other tribes came to join their friends.

Later, two other missions were established, but none of them was successful. Lacking in enthusiasm or perhaps lacking in encouragement, the padres and chiefs failed to make a success of their mission. Nevertheless, Spanish ownership of Texas was strengthened, and invaluable friendships made with tribes that might have been enemies.

POLITICS at Random

By BYRON PRICE
Chief of Bureau, The Associated Press, Washington

WASHINGTON.—One way of epitomizing the presentment of party strategists, as they look forward to 1936, is to put the whole problem into one question: Just how radical has the country really become?

If either major party knew the answer to that, it could begin now the preparation of definite party policy for the next campaign.

It could foresee which group within its ranks will dominate, how much can be salvaged from the wreckage of the old party lines, whether a complete realignment will be necessary.

Neither party, however, pretends to be able to tell with certainty how far the sweep to the left actually has gone, or how receptive the voters are to a further swing in that direction.

A great deal of time and effort will be spent during coming months trying to find out.

No Real Choice

There is an important reason why the politicians do not accept the election returns as a conclusive answer. It is that, in most congressional districts, the voters had no real choice except between the republican party and the democratic party.

The figures show that a large majority preferred the democrats to the republicans. But how many would have preferred a more radical party to either?

Outwardly, there is this evidence: In Wisconsin, the new Progressive party won against the democrats in the state elections.

Minnesota voted for the farmer-labor party with its government ownership ideas, and defeated a democratic ticket.

A local democratic organization pledged to policies far and away more liberal than those of the national democratic party swept Washington state.

In California hundreds of thousands of voters have voted for the plan of Upton Sinclair, in spite of frowns from the White House.

Spirit of Unrest

In Louisiana, Huey Long, apostle of the redistribution-of-wealth movement, tightened his hold on the votes of the state.

The Mississippi electorate sent to the senate Theodore Bilbo, whose ideas about property far out run anything Dr. Tugwell ever hinted at.

Nebraska, under the leadership of George Norris, consolidated its two legislative bodies, abolishing an American tradition as old as the federal constitution.

In various parts of the west and northwest, the spirit of unrest against the old two-party system

stirred with an undeniable vigor. The country elected a new congress, embodying within itself a formidable sentiment for such proposals as direct inflation, the 30-hour week, and payment of the bonus.

Roosevelt As Conservative?

It is safe to say that many democratic politicians are thinking less today about attacks from the republican-American Liberty League right, than about the potential driving power of the various elements massing on the left.

Already the farmer-labor and progressive parties—both going concerns—are talking about national forays in 1936.

That is why the political planners are asking one another some unusual questions:

Will 1936 see a three-way struggle, with the republicans on the right, a new radical party on the left, and the democrats in between?

Or if it is a two-party affair, is it possible that when he runs for reelection Mr. Roosevelt will appear in the role of the conservative candidate?

Or, finally, is the whole left wing set-up just a will-o'-the-wisp of politics—an incidental outcropping of discontent incapable of more than sporadic and ineffectual effort?

BETTER NOW THAN LATER?

BUTLER, Pa.—With the deer hunting season only a few days away, Butler county hunters are suspecting the deer of forming a "suicide club" to escape the hunters' rifles. Three large bucks have been killed recently by automobiles on nearby highways.
