Horses and dogs were in demand today as scores of persons prepared to participate in a coyote hunt in the Hoover community east of here tomorrow morning...

Girl's Custody Stirs Row

Like young Gloria Vanderbilt, Constance Brock, 9, is the center of a custody dispute among relatives. Constance's grandmother, Mrs. Libby Starr, Mamarenek society matron, faced a warrant for kidnaping when she refused to surrender the child to Mrs. Helen Josephson, her daughter. Constance is pictured with her mother and step-father, Robert Josephson.

'KINGFISH' TO LEAVE KINGDOM ON 'HONEYMOON'

'Going So Far It'll Take \$10 Stamp To Reach Me'

BATON ROUGE, La., Nov. 19 (AP)—United States Senator Huey P. Long, Louisiana's political dictator who plans to run for president in 1936 on a third-party ticket, announced today he was leaving Louisiana for an unstated time and an unrevealed destination for "a honeymoon that will be 21 years and 7 months long."

"I'm going so far," the "Kingfish" said, "it will take a \$10 postage stamp to reach me. We're going out west."

Indicating he was through for a while with law-making and campaigning, which have kept him on the go since he returned to Louisiana from congress last summer, the "Kingfish" declared he and Mrs. Long would leave tomorrow.

"Mrs. Long and I never had a honeymoon and we're going to have one now," Long said. "I'm fulfilling a promise I made."

"I'm getting out of Louisiana," said the state's political dictator winking, "to show whether it can get on without me."

He declined to say where they were going or how long they would be gone.

There would be no politics in the trip, the "Kingfish" indicated.

But politics was in the air, with the "Kingfish" making no secret of his plans to run for president on the strength of his creation of a model state out of Louisiana with the powers of his dictatorship.

Ticket Buying For Banquet On Friday Starts

Former students of Pampa high school today began buying tickets for their annual banquet, to be held Friday, Nov. 23, at 11:30 a. m. in the "red building" cafeteria on the high school campus...

POSSES HUNT FUGITIVES IN HEAVY BRUSH

Youths Are Seen At Farm Houses; Are Believed To Be Fleeing On Foot.

WACO, Nov. 19 (AP)—Hampered by mud and rain, officers searched with difficulty today in the heavy brush between Hillsboro and Coolidge for two gunmen charged with slaying James Macolm Stewart, 35, of Katy.

The fugitives, Joe Averett, 23, and Roy Curry, 26, were believed hiding in a tangled section with which both were familiar.

Beside the murder case, authorities sought them for kidnaping four persons and stealing several cars in their desperate efforts to escape after Stewart's body was abandoned Saturday in his car a few miles out of Waco.

Officers found a barn where the fugitives slept Saturday night. In it was a pistol, the gun was a .38 caliber police service, bullets which killed Stewart were fired from a gun of this caliber and type, officers said.

Last night Averett and Curry were seen near Coolidge when they slipped out of the brush and tried to steal a car at two farm houses. At the farm they tried had three cars parked near the house but they could not start any of them. Finally the farmer saw them and they ran to another farm about 500 yards away. The farmer there also saw them and they again fled on foot.

Averett has a Collie dog, officers said, which is a great pet of his and follows him around. Deputy Sheriff H. F. Leke found his dog hanging around a barn late yesterday. There were fresh tracks about the barn and the fugitives, it was believed, just escaped capture there.

Harry Richards and Mrs. Lucian Davis were abducted by the two men near Waco and carried away in Richards' car. When it ran out of gasoline, Averett and Curry took the car and they again fled on foot. They held McWhorter captive for a time and interfered with mail deliveries. A postal inspector was working with the state and county officers today in the search for the two men.

3-DAY BUSINESS INSTITUTE WILL START TONIGHT

Economist Will Talk On Merchandising, Salesmanship

Final arrangements have been made for the opening tonight of a 3-day Institute of Business and Merchandising which is to be presented here by Henry W. Stanley, nationally known economist, under the auspices of the Trade Division of the Dallas Chamber of Commerce and the Pampa B. C. D.

Evening sessions will be held at the city hall beginning at 7:30 and closing promptly at 9:30. The subjects pertaining to merchandising or salesmanship will be presented in the form of lectures each evening, and following each talk there will be a brief round-table discussion.

Mr. Stanley is being presented to the merchants of this city through an arrangement effected between the B. C. D. the Dallas Chamber of Commerce and the Dallas Wholesale Merchants association. The latter organization is offering the services of this merchandising authority in the belief that as Dallas is a recognized market center, it should assist in every way possible the merchants who patronize it. No charge will be made for the course and all persons engaged in merchandising, selling, and advertising are invited to be present each night.

An unusual feature of the Dallas chamber of commerce representative's visit here will be a confidential service to the individual merchant. Mr. Stanley, during the day, is arranging to devote his time to a study of the problems of the individual merchant.

In view of the fact that the speaker who bears a national reputation...

JAPS' EMPEROR TAKEN OVER WRONG ROAD; CRISIS ARISES

TOKYO, Nov. 19. (AP)—The government's apologies for an inconvenience caused Emperor Hirohito when his entourage was directed over an incorrect route were conveyed to his majesty today by Fumio Goto, minister of home affairs.

Goto, who is in charge of police, conferred with Premier Okada as to whether Goto should resign as a result of the incident. It was understood from an authoritative source the resignation was decided to be unnecessary and it was deemed desirable to avoid weakening the cabinet when the naval...

JAPS REJECT A COMPROMISE NAVAL TREATY

DUPONTS PROPOSE TO CONTROL WAR PROFITS

PARIS, Nov. 19 (AP)—The declaration that Germany could put an army of 5,500,000 men into the field in 1935 was made today by Leon Archimbaud, reporter of the budget, in a report on the French war budget asking credits of 5,682,215,000 francs (\$376,200,000) for next year.

"In a few months," said the budget reporter, "Germany will be stronger on the land than in 1914."

"We are far from the treaty of Versailles. Despite the treaty, the League of Nations and the disarmament conference, the enemies of France are intensively preparing for war, as though it were to be in the near future. It is by maintaining a strong and well-equipped army that we can hope peace will not be threatened."

PHILADELPHIA, Nov. 19 (AP)—A double-barreled proposal to wipe out "extraordinary" war profits in munitions and set up strict governmental control of international trade in arms has been placed before the senate munitions investigation committee by E. I. DuPont de Nemours and company.

This stand was advocated by the huge munitions producing firm in a letter to the committee which the company made public last night, just as Senator Gerald P. Nye, North Dakota republican and chairman of the investigating group, in an address here, declared for destruction of the profit motive in the manufacture of munitions.

The DuPont letter signed by the president of the firm, Lamont D. Port, urged appointment by congress of a governmental commission which would have sole direction over arms export from this country, and advocated such governmental control, "preferably by international agreement."

TOKYO, Nov. 19 (AP)—Ambassador Tsunoo Matsudaira of Japan today, on behalf of his nation, rejected the British suggestion for a compromise in the proposed naval treaty.

The ambassador told Sir John Simon, British foreign secretary, that Japan could not accept the British offer of a treaty which would recognize only equality in principle for Japan. Japan wants the right to equality in actual tonnage.

At the same time, Matsudaira urged that the British consider new ways of approaching a compromise which would recognize Japanese equality.

Paul Luttrell Shot On Hunt

Paul Luttrell, son of Mr. and Mrs. E. F. Luttrell who reside four miles north of Pampa is in Pampa hospital recovering from a gunshot wound received yesterday afternoon while he was hunting on his father's farm.

A bullet from a 22 caliber rifle entered his arm near the elbow and emerged from his shoulder without touching a bone. He said he had placed the rifle against a fence and that it "went off."

Mrs. Gibbons held her son tightly in her arms. He has been missing since last Thursday afternoon. He was found yesterday. The Gibbons girl admitted he accompanied her from Lexington to Tennessee. She claimed she intended "to take him back home after awhile."

Answers Questions Sergeant Emory and the boy had a berth from Chattanooga, Embury said Jackie was unwilling to go to bed last night. He wanted to stay up and look out of the window.

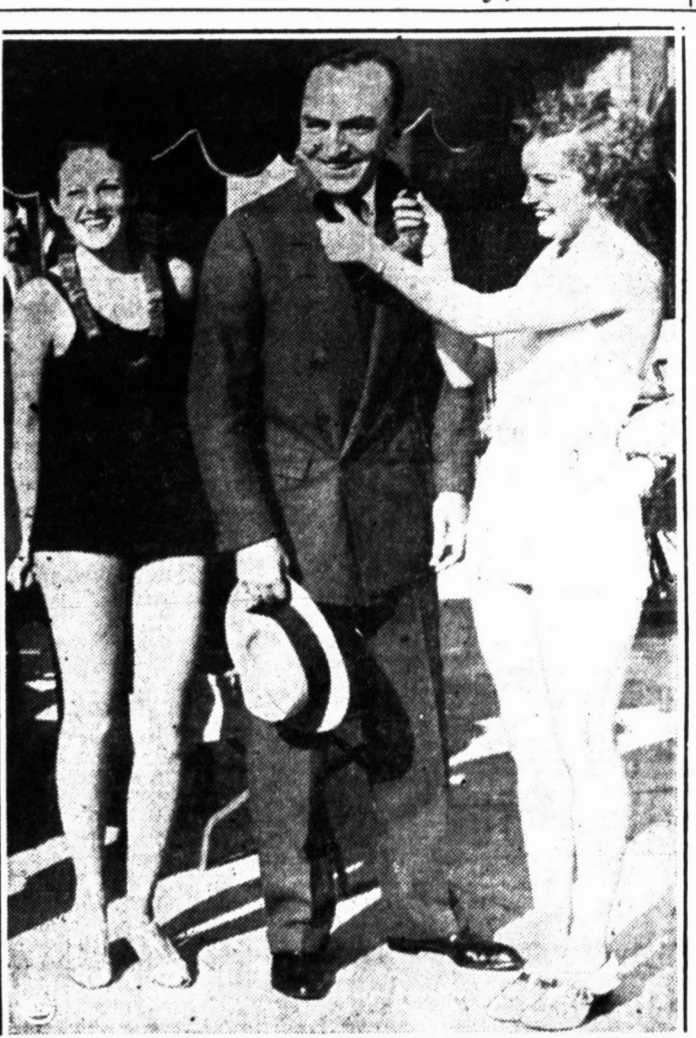

Before dawn he was up, asking questions. "How long will it be before we get to Lexington?" He said again and again, "I want to see my mother and daddy."

All during the short drive home Jackie chattered about his experience with the bodies.

See KIDNAPERS, Page 8

There were no other developments.

His Record Is a Beauty, Too

Eddie Rickenbacker, who has been the central figure in recent epoch-making transport plans, tonight, found that making the record round-trip hop to Florida would have been worth while even without setting a mark. He was greeted at Miami by a group of debutantes and decorated with garlands in true tropical fashion. Left to right are Jessie Smith, Rickenbacker, and Betty Dodge.

FOUR-YEAR OLD BOY KIDNAPED BY GIRL HITCH-HIKER WHO IS BEING HELD FOR AUTHORITIES

Alert Child Defends 'Strange Girl' To His Father

LEXINGTON, Ky., Nov. 19. (AP)—Kidnaped four-year-old Jackie Gibbons was restored to his parents here today by Detective Clarence Emory who brought him from Chattanooga, Tennessee, where he had been taken by Bernice Lou Gibbons, 20-year-old hitch-hiker.

The girl is held in Chattanooga for Kentucky authorities. "Hi Daddy, did you come down to meet me?" shouted Jackie as he ran down the station platform toward his father, John Lawrence Gibbons, Northern States Contracting company employe.

"Hello Jackie," Gibbons replied. "I came in on that big train," Jackie shouted happily. "My boy, my boy." His mother almost sobbed as she came up. Jackie had gotten off the length of the train away from his parents.

Mrs. Gibbons held her son tightly in her arms. He has been missing since last Thursday afternoon. He was found yesterday. The Gibbons girl admitted he accompanied her from Lexington to Tennessee. She claimed she intended "to take him back home after awhile."

Answers Questions Sergeant Emory and the boy had a berth from Chattanooga, Embury said Jackie was unwilling to go to bed last night. He wanted to stay up and look out of the window.

Before dawn he was up, asking questions. "How long will it be before we get to Lexington?" He said again and again, "I want to see my mother and daddy."

All during the short drive home Jackie chattered about his experience with the bodies.

ROYALL REGRETS ROW BETWEEN ICKES AND ERNEST THOMPSON

DALLAS, Nov. 19 (AP)—Tucker Royall, chairman of the Texas oil tender board, today deplored in a statement before the Cole congressional oil committee friction between Secretary Ickes and the Texas railroad commission as evidenced by testimony of E. O. Thompson, junior member of the committee.

Royall said it was "to be regretted" and expressed hope that "some of us not angry" could effect a harmonious agreement for federal cooperation with state efforts.

He predicted that with a proper working agreement between the state and federal administrations and operators interested in conserving the natural resources "in less than 60 days hot oil in East Texas will be only a matter of history."

Royall took issue with statements attributed to Normal L. Meyers, chairman of the federal tender board, that he was more interested in low price products for consumers than high prices for crude oil. He called on Secretary Ickes for a declaration of his attitude on Meyers' statement.

4 OTHERS AT FRUIT CELLAR BADLY BURNED

J. C. CROSS, HUSBAND IS IN CRITICAL CONDITION

An explosion of accumulated gas in a community fruit cellar caused the death of two persons and injury of four others last night in the oil field southeast of Pampa. The dead are Mrs. J. P. Cross, 26, and her daughter, Mary La Verne, age 2.

Those injured were J. C. Cross; his father, J. P. Cross; his brother, H. Cross of Amarillo; and a sister, Miss Daisy Cross. They are in Worley hospital, where they were taken following the explosion and fire which followed.

The child died at 10 o'clock last night and Mrs. Cross about 2 o'clock this morning.

The family, with the exception of Miss Cross, had gone into the cellar to get fruit and vegetables. They had gathered at the foot of the stairs when a match was struck. Gas, which in some unknown manner had accumulated in the cellar, exploded violently.

All present, with the exception of the child, were blown from the cellar. J. H. Cross rushed back into the blazing cellar and brought the child out. Miss Cross, who had remained at the top of the steps, was less seriously burned by the flames. J. H. Cross placed all the victims in a car and despite bad burns drove to the hospital before he lost consciousness.

Condition of J. C. Cross, husband of the dead woman, was still critical this morning. He was badly shocked by the explosion, besides being badly burned. His father, J. P. Cross spent a fair night and his injuries are not considered major. Miss Cross was the least seriously injured.

J. H. Cross, is court reporter for the 64th judicial district and lives in Amarillo. He came to Pampa yesterday afternoon and was visiting his relatives at the time of the accident. He was to have accompanied Judge W. R. Ewing of the 31st judicial district to Canadian this morning.

Judge Ewing is presiding in place of Judge E. C. Picketts, who was disqualified in the case now being tried.

An examination of the cellar showed it had no gas fittings and there were no gas pipelines nearby. The cellar was a community cellar where residents kept fruit and vegetables. Belief was expressed that gas from wells some distance...

NEGRO ADMITS KILLING TWO SMALL GIRLS

Bodies Of Children Found In Ravine In Virginia; Pair Spirited Out Of Town.

SPRINGDALE, Va., Nov. 19. (AP)—Commonwealth's Attorney H. J. Putnam today announced he had obtained a full confession from Philip Jones, 25-year-old negro, that he had killed Alice Hill, 13, and her eight-year-old sister, Ellen, whose bodies were found today near Chilton Forge.

Putnam made this statement as he was leaving the jail here after having spent several hours questioning Jones, his wife and two negro men.

A few minutes later two police cars left here with the four negroes. The cars were manned by four Roanoke policemen under orders not to tell their destination.

Ida Damewood, a member of a searching party of 40, found the bodies of the children in a ravine about 100 yards from the house. No attempt had been made to cover up the bodies.

The hands of the older girl were tied together with cord, her clothes were torn and there were bruises all over her body. The only wound of the younger child was the head wound which the coroner said caused her death.

The Hill children were members of a family of 17 children, of whom 12 are now living.

I Saw...

A woman who said that a bunch of "nitwits" on her street sat up all last night playing bridge so that they could get down to the courthouse in time to buy tickets to the Amarillo-Pampa game. She said they didn't go down in time and didn't get any tickets after all.

EDITORIAL

WOMEN NOTICE GAS WASTE

An Austin dispatch says that the Texas Federation of Women's clubs has adopted a resolution condemning waste of natural gas in the Panhandle and recommending a campaign for legislation to stop such waste.

The resolution was presented by Miss Maude Overbaker, president of the Dallas federation and recommended by Mrs. Bob Barker of Fort Worth, state legislative chairman of the association. Such a subject usually has a strong appeal to such groups.

But while the subject may seem simple to the club women downstate, it is far from that status here on the ground. The bill allowing stripping, admittedly experimental and temporary, was a desperate gesture of protest against inequitable taking from gas lands and low prices paid for the fuel. Some gas land owners were receiving nothing while their reserves were drained, others received very little, and major pipeline companies reaped the profits, if any.

Outright repeal of the offending laws seems, to many observers, merely a retreat to the same old status. No happy solution is in sight.

Yet the waste is tragic, hard to justify, and in a sense treason to the thousands of citizens who within a few decades will be paying unreasonable prices for gas or finding it necessary to use some less desirable fuel. . . . The Panhandle once fought the entrance of carbon black plants as wasteful of "our birthright." But stripping is so much more wasteful that the carbon plants are enjoying considerable popularity as payroll supporters.

Something must be done about gas waste, but also about the problems which led up to the present conditions. Mr. Ickes speaks loudly but not very wisely, about the problem.

A Washington Daybook

BY RODNEY DUTCHER
NEA Service Staff Correspondent

WASHINGTON.—A spirit of brotherly love and mutual affection envelops the National Industrial recovery Board.

So much can be said, even though the board, observing at the outset that thousands of curious eyes were turned upon it because of doubt whether seven men could function harmoniously in an administrative unit, virtually went into hiding.

Speaking privately and individually, NIRB members vie in high praise of one another. The liberal members butter the conservative members and the conservative members pour treacle on the liberal members.

And each privately boasts that the board has achieved a splendid unanimity on nearly—not quite—every issue.

But there's one big wedge which drives the boys far apart whenever it comes in view—the labor problem.

The instant a labor question arises, Members Williams and Whiteside of industry and Member Hillman of labor set their teeth and begin to glare.

Members Hamilton, Marshall, Henderson and Smith take sides or start trying to compromise.

Lately, though not a word has leaked out about it, NIRB has been grappling with an issue involving wages and hours of a group of 3,000,000 persons.

Months ago, an executive order was prepared abandoning service codes for industries employing those men and women—cleaning and dyeing, garages, barber shops, shoe repairing, laundries, and the like. General Johnson neglected to sign it.

The document came before NIRB and only sheer luck kept it from being signed as a routine matter. It was Hillman who raised a terrible roar and insisted that the 3,000,000 must not be deprived of the protection offered by minimum wage and maximum hours provisions.

At last reports, Hamilton and Henderson were backing him—Smith and Marshall on the fence and nobody being sure whether Henderson and Smith—appointed as ex-officio members—were to have votes. Roosevelt may have to decide.

Dr. Tugwell is back with more than a large earful for Roosevelt. That was one of the considerations which sent him to Europe weeks before his arrival at Rome for the international agricultural conference.

Tugwell stopped in at our embassies in London, Paris and Rome and most insiders are sure he met foreign statesmen privately at each point. It isn't commonly known, but Tugwell was in on the deliberations here which preceded the celebrated abortive London conference at which Dr. Mohley stubbed his toe.

There were several trans-Atlantic telephone conversations between Tugwell and Washington and only one had to do with his Rome speech, in which he implied that future world trade would be narrowed down to raw materials. That speech, incidentally, had been checked over by Roosevelt and Secretaries Wallas and Hull.

Funny that Andrew Mellon should be indignant over the government's suit for \$2,000,000 back taxes, when most of us would feel highly complimented.

Santa Claus decided to make an early trip this year to the Dionne quintuplets, so he'll be able to make it for the rest of us on Christmas.

Another reason Princess Marina might have for selecting only 13 costumes for her trousseau is that she'd like to devote a little of her time to Prince George.

The Nebraska farmer who ran his truck into the Burlington's streamlined Zephyr will tell you it was no Zephyr at all; it was a cyclone.

A British scientist has discovered the key to the shorthand of ancient Greece. Nevertheless, the writings will remain Greek to most of us.

TEXAS HISTORY

Brushing Up on Facts You Ought to Recall

The friars at Mission San Antonio de Valero were pretending for the coming of Fray Mariano Francisco de Valero were preparing for the friends. For days they had had the mission Indians work to make the courtyard and the quarters spotless. They had gathered the truck from the little gardens and prepared good food for the tired travelers. June 2, 1745, four Indian chiefs, thirteen leading warriors of the tribes, and Fray Mariano reached San Antonio. They had come from north of San Antonio (in the present Williamson county), to obtain permission for a mission in their part of Texas, at whatever site Fray Mariano should select.

As early as 1734 Fray Mariano had visited Texas, making friends with the Indians. He felt the need of a church between the ones at San Antonio and the North and East Texas missions. It was not until 1745, however, that his plan to appeal for the mission materialized. The result of his careful planning and thinking was the trip with the chiefs to San Antonio de Valero.

Fray Francisco Xavier Ortiz, commissary visitor at San Antonio, listened to the eloquent plea of Mariano. Fray Mariano cited the advantages: The Indians would get a better knowledge of the true God, and more tribes would be converted; there would be less expense, because some garisons could be brought from the Mission Adaes in North-east Texas; and only 30 soldiers were needed; if this mission were built, strong, lasting friendships could be made with tribes that might otherwise be enemies.

What joy there must have been among the visiting chiefs when Fray Ortiz gave his consent to the proposed project! Captain Vautia of San Antonio de Valero suggested that the Indians remain there, but they would have none of his ideas. Promising to be subordinate to the missionaries to labor in the fields, attend religious services, receive instruction, and fight enemies of Spain, the little group went back to the San Xavier (San Gabriel) river to build their mission.

Oil Found In Mission Area

MISSION Nov. 19 (AP)—Two of four tests which picked up the pay sand in the Sam Fordyce Hidalgo county oil field last week have been completed. They are the Edwards & Alford's No. 1 Eusebio Flores in tract 267 portion 38 about 1000 feet west of the discovery well and King-Woods Oil company Porter Evans et al's No. 1 David Flores in tract 262 portion 38 about 2000 feet west of the discovery well.

The Edwards-Alford test cored a heavily saturated sand at 2,801-07 feet. On drill stem test it blew oil over the crown block in 4 minutes. The hole was immediately reamed down and casing set and cemented Monday, November 5.

The King-Woods-Evans test picked up the sand at 2,776 feet and cored to 2,780 feet, the core showing heavy oil saturation. On drill stem test it blew oil past the four-board and painted the derrick.

These two tests became successive extensions of the field to the west. The King-Woods-Evans test was an extension of about 800 feet west and south from the Heep Oil corporation's No. 1 Seabury et al in tract 256, portion 38.

First extension of the field in an easterly direction was assured when the Moncrief & Showers' No. 1

John Lawrence in the northwest, of the east 37.53 acres of tract 274, portion 39, the discovery drilling block, cored a heavily saturated sand at 2,771-84 feet. The sand was so rich that no drill stem test was deemed necessary. The rat-hole was reamed down and casing set and cemented at top of the sand at 2,772 feet. Completion is scheduled this week.

The second, and most important extension of the new field to the west was made November 8 when K. D. Harrison et al No. 1 Francisco Guerra in tract 12 portion 41, more than 5,000 feet nearly due east of the discovery well showed heavily saturated sand in a core at 2,740-46 feet. An excellent gas show was obtained in sand at 2,723.71 feet. Gas pressure of 400 pounds built up in two minutes through quarter-inch choke, blue gas blowing higher than the crown block.

Four new locations were made last week with new producing wells in the field.

STORK VS. MOVING MAN
NEW YORK (AP)—The stork and the moving man are running a close race in the Bronx, says tenement Commissioner Langdon W. Post.

A survey of population increases shows there are 354,082 families in the Bronx now, to 198,371 in 1920, and families with children outnumber childless couples three to one. "The stork," says Post, "is giving the moving men real competition up there."

Croslin To Be Mahon Secretary

LUBBOCK, Nov. 19 (AP)—Lloyd Croslin, Lubbock, will be private secretary to Congressman George Mahon, Colorado, the first congressman from the new 10th district of Texas, Mr. Mahon has announced.

Croslin, a teacher in the Colorado schools the past two years, graduated from Texas Tech in 1930 with a B. A. degree and obtained an A. M. in 1933. After graduation he taught two years in the Post high school and then went to Colorado. During the summer he was associated with Mr. Mahon in his primary campaign.

A German scientist has invented shoes made of boards with a metal float which will permit the wearer to walk on the surface of water, according to a report to the department of commerce from Berlin.

HORNED FROGS MENACE OWLS' TITLE HOPES

TCU IS EXPECTED TO GIVE TROUBLE TO RICE

BY BILL PARKER. Associated Press Sports Writer. Saturday afternoon at Houston the Rice Institute gridiron warriors will endeavor to accomplish something they haven't been able to do for the last five years—defeat the Texas Christian university Horned Frogs.

If the Owls win they will become the 1934 Southwest conference football champions. If defeated, they will face the necessity of beating Baylor December 1 to clinch the championship. Rice needs one more win to take the title and it seems certain that within three weeks, perhaps Saturday, Coach Jimmy Kitts and his undefeated Rice team will take a championship bow—their first in conference history.

Competition this week starts Friday when the University of Texas plays the University of Arkansas at Fayetteville. This game is being played early in order to give the Longhorns an opportunity to rest for their traditional Thanksgiving day game against Texas A. and M. Southern Methodist and Baylor tangle Saturday at Waco in the third conference game of the season. Texas A. C. M. remains idle until Thursday.

Even though they were battered and crippled Saturday when they dropped a 20 to 19 game to the University of Texas, the Christian Frogs will have their determination fever high when they tie into the Owls. In their last five meetings, Rice Christian scored 93 points against Rice's 15. One thing is sure, the Owls will look over an assortment of the conference's best passing when Sam Baugh starts tossing the ball. The Christians gained 206 yards on Texas by completing 15 out of 34 passes.

Rice experienced no trouble Saturday defeating Texas A. M. 25 to 6. Wallace, Steen, Friedman, and Fouke ripped through three weeks for touchdowns that gave the Owls their eighth victory this season and their fourth conference win. Coach Kitts' men escaped from Saturday's tussle in good condition and will be ready to rid themselves of the Texas Christian jinx.

The remainder of the conference race isn't much. Texas Christian, Baylor, Arkansas, and Texas A. M. are definitely out of the running. Southern Methodist and the University of Texas are clinging to a faint hope that Rice will lose to Texas Christian and Baylor.

The Longhorns will have their hands full Friday at Fayetteville. The Razorbacks dropped a heart-breaking 10 to 6 game Saturday to Southern Methodist that eliminated them out of the running regardless of how Rice fares against the Christians. It promises to be easy for Southern Methodist against a weak Baylor team which dropped a 7 to 0 game Saturday to Centenary.

Next to the Owls' steady march to the championship, the conference scoring race is the center of interest. Little Robert Wilson, Southern Methodist halfback, continues to set the pace with 98 points. In nine games, Wilson ripped through eight touchdowns. Bill Wallace, Rice halfback; Jim Lawrence, Texas Christian halfback; and Harry Shuford, Southern Methodist quarterback, are next in line with 36 points each. Bohn Hilliard, the University of Texas backfield star, has scored four touchdowns, one field goal and six points from placement for a total of 33 points.

HARVESTERS IN WORKOUTS TO STOP WHITE, CALHOUN, ET AL

Westerners To Be At Their Full Strength Friday, Is Belief Of Local Coaches.

Working behind closed gates, the Pampa Harvesters will spend a hard week preparing for their game with the Lubbock Westerners here Friday afternoon, and the Amarillo Sandies in Amarillo Thanksgiving day. Even though Amarillo defeated Lubbock 25 to 0, the Harvesters are worried about the Westerners, led by Morris White of White Deer.

Mr. White and company failed to make an impressive showing against Amarillo but the Harvesters are not fooled about the strength of the Lubbock team. Mr. White will have his blocking partner, Calhoun, back in uniform Friday and arguments are already numerous as to whether Calhoun can clear the way for White to get into the open to show his wonderful stepping ability and great speed. Calhoun was missing from the lineup when the Westerners and Sandies clashed.

With the exception of Red Fanning, fullback, the Harvesters will be in fairly good shape for their battle Friday afternoon. Fanning is in uniform but it is doubtful if he will be able to play because of his injured elbow.

Monroe Owens has a bandaged nose where it was flattened in a wild scrimmage Friday afternoon. The injured nose will not keep Owens out of the starting lineup Friday.

Many bruises were reported following the scrimmage, which was declared the most violent since the season opened. This week will be spent mostly in devising ways and means of stopping Mr. White and the Lubbock aerial attack, which is not to be overlooked in case White is effectively bottled.

Coaches were non-committal about the method they would use in stopping the "White Planets." The secret will be to keep him from getting past the line of scrimmage. With Calhoun there to pave the way, the job will be much harder than it was found to be by the Sandies.

When comes from the Hub city that the Westerners are working many hours a day on defense and tackling. They believe that their offense will elude against the Harvesters and that it is the defense that will have to be bolstered. The game will be called at 2:30 o'clock. Tickets went on sale this morning and from the interest being taken, a packed grandstand will witness the important game.

Scotch Comedian To Entertain API Thursday Evening

The November meeting of the Panhandle chapter of the American Petroleum Institute will be held in the city auditorium Thursday night, November 22.

The meeting will be in charge of the president, C. E. (Dan) McGrew, and the program will be sponsored by the Joseph Reed Gas Engine company.

O. C. Staples of the company will deliver the main address, using as his subject pumping power and rod lines.

The entertainment feature will be by W. J. Finley, who is a Scotch comedian of prominence. His musical and entertaining ability is highly praised by those who have had the pleasure of seeing him on the stage.

"As this will be the last meeting before the annual election, we urge a large attendance and will assure you that you will be well entertained both by Mr. Staples as well as Mr. Finley," President McGrew said.

Harvester

GLEN ELDRIDGE

Although Glen doesn't get into many games, he is one of the most valuable reserves on the squad. He is tough and likes his football so well that he is used constantly in practice sessions to demonstrate plays. He is one of the reasons why the Harvester line charges hard and is able to take out larger players. Glen plays at tackle. This is his last season with the Harvesters.

GOLDEN GRAVEL
SACO, Mont. (AP)—For 24 years the Charles Palm family eked out an existence on their dryland farm, but now Mrs. Palm calls it a "gold mine."

Geologists, seeking sand and gravel for construction of Fort Peck dam, found a million cubic yards of it on the Palm property. Mrs. Palm, a widow with nine children, will realize \$100,000 in the next five years on the gravel contracts.

MINNESOTA TO PLAY BADGERS ON SATURDAY

STANFORD TO BATTLE CALIFORNIA'S ELEVEN

By HERBERT W. BARKER Associated Press Sports Writer NEW YORK, Nov. 19. (AP)—The dullest football season in memory enters its final stages this week with sectional championships still far from ultimate solution.

There will be a definite slackening of the rapid pace except in the mid-west where the Big Ten winds up the campaign with a five-game program but such individual classics as the Army-Notre Dame duel at New York, the tussle of Harvard and Yale's giant-killing Elis, and Stanford's crucial joust with California will serve to keep interest at a high pitch in the east and far west.

Out of the latest cannonading which struck down Princeton, Illinois, Syracuse, Navy and Santa Clara, only Alabama's mighty crimson and the powerful Cophers of Minnesota emerged unscathed. These two alone among major teams still could point with legitimate pride to unbeaten and untied records. They were odds-on favorites to finish that way, Minnesota against the dangerous Wisconsin Badgers this week and Alabama against Vanderbilt on Thanksgiving day.

Minnesota flashed the same overwhelming power it has shown all season in walloping Chicago, 35-7, last week but the Cophers will need to be wary of Doc Spears' dangerous Badgers who summarily removed Illinois from the ranks of the unbeaten and from the Big Ten title ranks as well, 7 to 3. Alabama, now considered the leading contender for an invitation to the Rose Bowl, swamped Georgia Tech, 40-0, and should roll over Vanderbilt's Commodores who lost their second game of the season when Tennessee pounded out a 13-6 victory.

Stanford, punching through the San Francisco Olympic club, 40-0, will be heavily favored to trip California, but Bobby Grayson and his Cardinal jugs anticipate no walk away. Disappointing most of the season, California has come back with a bang the last two weeks, whipping Southern California, 7-2, and burying Idaho's strong eleven under a 45-13. If Stanford wins, as expected, the Cardinals are almost certain to be named far western representatives for the Rose Bowl game.

Yale Astounded Experts
Yale's astonishing feat in handling Princeton's Tigers their first beating in 16 games still had the football world reeling today and served to establish the Elis as well-defined favorites over Harvard this week. Playing throughout the game without a substitution, the eleven men in blue put on a magnificent defense against Princeton's vaunted power and won 7-0 as the result of one dazzling forward passing play by Jerry Roscoe, quarterback, and Lawrence Kelley, end.

New Interest was added to the Army-Notre game when Elmer Layden's Hoosiers finally discovered a scoring, as well as a grounding, punch and trounced Northwestern, 20-7.

Developments over the week-end found Rice's Owls protecting their hold on the Southwestern conference lead by trouncing Texas A. and M., 25-6; Utah State continued its drive toward Rocky Mountain conference honors with a 37-0 rout of Colorado Mines; Tulane and Louisiana State kept pace with Arkansas for the Southeastern crown by walloping Kentucky, 20-7, and Mississippi, 14-0, respectively.

The defeat of Princeton, Navy and Syracuse left the eastern situation in a terrific muddle. Not one major team in the sector was left in the "perfect record" class although Temple and Western Maryland both were undefeated but tied once. Most critics were inclined to rate Pittsburgh and Colgate at the top especially in view of the Panthers' 31-7 drubbing of Navy and Colgate's well-earned 13-2 decision over its traditional rival, Syracuse, in the many of the outstanding teams taking the week off to prepare for Thanksgiving day combat, this week's program lined up as follows:

East: Yale and Harvard, Army and Notre Dame will be the leading fixtures. Temple will try to protect its undefeated record against Villanova. Colgate's Red Raiders deploy against Rutgers with Columbia and Syracuse, Princeton

DEAR OLD KNOX LOSES 27TH STRAIGHT GAME ON SATURDAY

Bradley Gives Team Worst Beating It Has Ever Received On Home Lot.

and Dartmouth, Bucknell and Penn State, and Duquesne and Catholic as other leading pairings. Rice vs. T. C. U. Mid West: Wisconsin is the final obstacle in Minnesota's drive to the Big Ten title with Purdue's Boilermakers hoping to whip Indiana and thus gain at least a share in the crown. Ohio State, regarded in some quarters as the second best team in the conference despite the one-point defeat by Illinois, plays Iowa, while Chicago collides with Illinois, and Michigan with Northwestern. Nebraska and Kansas State, if they beat Missouri and Iowa State, respectively, this week, will meet Thanksgiving day in the game that will decide the Big Six title.

Southwest: Rice, unbeaten leader, tangles with Texas Christian which dropped a 20-19 decision to Texas last week. Baylor and Southern Methodist meet in only one other conference game. Far West: Stanford's duel with California is the prime feature but Washington State can gain at least a share in the championship by halting Washington. The only other conference game involves U. C. L. A. and Oregon State.

South: Championship races will be at a standstill with only five games involving major teams. Auburn and Georgia, Florida and Georgia Tech, and Tulane and Sewanee, clash in Southeastern conference engagements while Mississippi plays Centenary. Maryland, alone of Southern conference teams, will see action, playing Georgetown University.

Rocky Mountain: The only game involves Colorado Aggies, still contenders for the title, and Colorado college.

Negro Executed For Slaying Of Devers Farmer

HUNTSVILLE, Nov. 19. (AP)—Jack Jackson, alias Dallas White, negro slayer, calmly walked to death in the state penitentiary's electric chair here early today for the killing of Jesse Andress, Devers, Tex., farmer.

The negro, who twice had been saved from a mob's violence at the Liberty county jail and who attempted to take his own life by slashing his throat, said he had nothing to say as he entered the death chamber.

He had told prison attaches that "I believe I'll be able to walk right on in there to the chair and get it over with."

Mrs. Andress was beaten over the head by the negro after her husband was slain but recovered.

Five year from sowing time are required to get a stand of bluegrass suitable for grazing in the livestock belts of the southern Appalachians.

Babe Didrikson Entered In Fort Worth's Tourney

PORT WORTH, Nov. 19. (AP)—Several of the southwest's outstanding women golfers were included in the field which teed off here today in the second annual invitation tournament of the Fort Worth Women's Golf association.

Mrs. Frank Goldthwaite, Texas champion and member of the United States women's team; Mrs. J. Lee Wilson of San Antonio, state municipal champion; Miss Edna Saenger of Shreveport, 18-year-old

Louisiana champion; Mrs. Aubrey Cahn, 1932 Louisiana titleist and Mrs. Tom Wallace of Tulsa, Okla., who defeated Mrs. Goldthwaite in the National women's tournament this year, were entered.

Babe Didrikson, the famous woman athlete of Dallas, was on hand. The qualifying lay was over the 18-hole route.

J. O'Neal, pioneer Holdenville, Okla., resident, owns a walking cane that has been in his family more than 100 years and a hat bought before Oklahoma was a state.

Although some writers have described Daniel Boone as a tall man of huge frame, authentic documents indicate he was only 5 feet, 8 inches high.

The PERFECT MEAL

Different occasions call for different foods on your table. * The lecturer at the Cooking School sponsored by this newspaper will demonstrate the preparation and serving of the foods best suited to please your family and guests—but the perfect meal calls for a perfect cup of coffee, and to secure that you should start with oven-fresh Admiration Coffee, for the rich, winery beverage, most people prefer. * Admiration is now vacuum packed in glass jars for the most discriminating housewife and hostess. Let the lecturer at the Cooking School tell you of the many uses of the glass jar, besides that of the ideal coffee container. * The frugal buyer will get a pound of Admiration in a glass jar, preserve the jar and then buy Admiration in tin, or paper bags, at a little less per pound, keeping it fresh in her glass jar. The jars are easy to open, easy to close. * For those who prefer a mild, mellow cup, Duncan's Bright & Early Coffee in cellophane wrapped paper bags, at a few cents less per pound, makes a delicious beverage.

DUNCAN . COFFEE . COMPANY

COOKING SCHOOL OPENS THIS AFTERNOON FOR THREE DAYS

DIRECTOR AND PAPER INVITE PAMPA WOMEN

PROGRAMS START AT 2:30 IN CITY AUDITORIUM

Today's the day! The road to romance and happiness in the kitchen beckons to you—and this newspaper and Beulah Mackey Yates, nationally known expert on foods and home economics extend you a most cordial invitation to attend their Happy Kitchen cooking school at the city auditorium. The time is 2:30 each afternoon through Wednesday, so plan to be on hand, and bring your friends.

These will be days of real enjoyment for you. Mrs. Yates will delve thoroughly into the matter of food preparation. She will draw from her years of experience both at home and abroad to advise you concerning your kitchen and general home problems. She will bring you new and tested recipes, discuss with you the correct way to prepare your

LAKETON CLUB REVIEWS YEAR, HAS ELECTION

Officers Are Named; Achievement Day Is Planned

"What have I gleaned from my year's work in the club?" was the question predominant with the program committee of Laketon Home Demonstration club when they planned a special program for the home of Mrs. M. L. Roberts Thursday. Facts were brought out as each member gave the high points received from some demonstration of the year.

New officers were elected during the business session with Mrs. Leo Paris presiding. Mrs. Lawton Hofer was named president, Mrs. Roberts vice president, Mrs. C. V. Talley secretary-treasurer, Mrs. H. I. Gillespie reporter, Mrs. L. E. Tackett parliamentarian, Mrs. Edgar Gray, council representative, and Mrs. Clyde Gray alternate.

When the guests arrived they were led to the dining room where tea was served informally from a table prettily appointed in the Thanksgiving motif. Mrs. Talley assisted the hostess in serving. Plate favors were illustrated copies of an original poem by Mrs. Roberts.

Demonstrations reviewed during the afternoon were as follows: Table etiquette, Mrs. Edgar Gray; yeast breads, Mrs. Chess Terry; cookies, Mrs. Talley; candy making, Mrs. Roberts; dry cleaning, Mrs. Paris; wise shopping, Mrs. Talley, bed making, Mrs. Clyde Gray.

"How I spend my leisure time" was the subject for roll call. Reading proved to be the favorite pastime, but the study of music, writing poetry, piecing quilts, and sewing were mentioned.

The club will celebrate their 4-H pantry achievement day November 28 with a turkey dinner honoring their husbands, followed by open house from 2:30 to 4 at the home of Mrs. Hofer.

The program was closed by singing "The Eyes of Texas," led by the recreation chairman, Mrs. Edgar Gray.

Attending the meeting were Mrs. Mart Cunningham, a new member, Mrs. Edgar Gray, Clyde Gray, Paris, Tackett, Terry, Talley, and the hostess.

food and serve it. She will show you the countless little short-cuts leading to culinary success. She will show you how to prepare new delicacies for your table at a small cost; how to balance your menus; how to serve the proper things for each occasion.

Mrs. Yates will show you how your kitchen can be made one of the happiest places in your household—how there can be more fun and less work, with meals better than ever! Surely that is something to be desired in any home!

This newspaper has gone to considerable expense to bring Mrs. Yates to Pampa to supervise its Happy Kitchen cooking school, and will feel keenly disappointed if you do not take full advantage of her cooking and home economic talks; hear about the new methods and see them demonstrated before your very eyes. You will be disappointed, too, if you fail to avail yourself of "The Question Box," new Happy Kitchen feature. Just drop your questions in the box—signed or unsigned—and they will receive the expert attention of a world authority on matters pertaining to the home.

Mrs. Dyer Gives Party for Club

Mrs. L. L. Dyer entertained the Merry Mixers bridge club at her home Friday afternoon, when three tables were arranged for the games. Mrs. Dallas Culwell scored high, Mrs. H. O. Simmons second high, and Mrs. George Nix received the guest award.

Refreshments were served to them and to Meses. Charles Clark, Mack Harmon, H. E. Downs, Otto Patton, B. C. Fahy, George Spletzky, Fred Bozeman, Walter Sill, and Joe Skeril.

Daughter Becomes Clothes Conscious

And Acquires All Kinds Dress Privileges at Early Age

By ELLEN WORTH

Mother cannot be so insistent about those little girl styles, but must allow a little more sophistication for growing daughter.

And smart—is today's pattern for home sewing in two-piece dress of bright plain woolen with velvet trim.

This blouse and skirt is most adaptable. Another idea she'll love is plain woolen skirt and plaided woolen blouse trimmed with the plain woolen.

The blouse has the favored shirt-waist collar. Plaits supply plenty fullness to the straight skirt. It's such a simple little affair to make.

Style No. 600 is designed for sizes 8, 10, 12 and 14 years. Size 8 requires 1 1/2 yards of 54-inch material with 3/4 yard of 39-inch contrasting and 1/4 yard of 35-inch lining.

The Guide to Chic

You can have a very smart wardrobe at little expense of time and effort—our attractive Fall and Winter BOOK OF FASHIONS is just bulging with ideas that you can turn into chic wearable clothes. Send for your copy today.

Price of BOOK 10 cents.

Price of PATTERN 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

To order, address New York Pattern Bureau, Pampa Daily NEWS, Fifth Avenue at 23rd Street, New York City. Write name and address plainly, giving number and size of pattern wanted. Your order will be filled the day it is received by our New York pattern bureau.

HAPPY KITCHEN CHATS BY Beulah Mackey Yates

Making Kitchen Work a Pleasure

Today's housewife expects her cooking utensils to be in keeping with her up-to-date kitchen. They must enhance the beauty of her worship. They must be efficient—and above all, they must be convenient to use. And appearance, convenience and efficiency all are available in the cooking utensils of today.

Today's cook likes her recipes where she can find them quickly and use them easily. She likes to make her own book of favorites, clipped from this and that. She has the choice of a loose leaf book, or a box file of cards, with her recipes alphabetically arranged.

The automatic time and temperature controls on today's ranges render most important service to the cook. With a dependable temperature control she can put her food in the oven and forget about it until time to take it out. With the added convenience of the time control, cooking can go on even in her absence. Dinner put in the oven at noon, can be cooked when she wishes and can be ready to serve when she returns. An added feature in temperature regulation is provided in one range. For instance, it gives a high searing temperature for meats for a certain time, then automatically gives lower temperature for the rest of the time of the cooking period.

There is a combination aluminum pot roaster and steamer that will please the most exacting cook. Utensils that serve more than one purpose are one of the latest conveniences. This one does an admirable job in any one of its several roles. Several vegetables can be cooked together in the steamer inset without their flavors mixing. No dripping from the cover fall back on the food. The lower section—the kettle itself—is excellent for all kettle needs—as for pot roasts, stews, large quantities of vegetables or whatever you wish. Its cover fits closely and heavy enough not to dance up and down when the food is cooking.

One line of glass cooking utensils has appeared with a decorative note in the permanent frosted design—which emphasizes that these dishes are something more than cooking utensils. Always used for serving dishes as well as for cooking, they fit that role better than ever. They keep food hot a long time after it comes out of the oven, and washing only one dish for both cooking and serving has its obvious advantages. Always used for serving, the two-in-one idea, with the plates forming the cover for casseroles—a most practical scheme. These covered dishes may also be used for storing cake after it is baked in them with excellent results. After several days stored in the cake is almost as fresh as if just baked.

New coffee makers are always of interest, especially the new glass ones. You put water in the lower section and coffee in the top, then set the coffee-maker on the electric unit which comes with it, or if you prefer, set it over a gas flame. Coffee from these coffee-makers never reaches the boiling point and has an excellent fresh flavor.

Supper at the school building. Carr school of music will present the first of two recitals at First Methodist church.

PASTORS ARE RETURNED TO METHODIST CHURCHES HERE BY NORTHWEST CONFERENCE

FATHER-SON SERVICE IS CONDUCTED AT ONE CHURCH

Pampa's two Methodist pastors were returned for another year when assignments were made in the Northwest Texas conference at Abilene last night. A new presiding elder was assigned to this district. T. S. Barcus will replace M. M. Beavers, residing at Clarendon.

Gaslon Foote was returned to the First Methodist church here, and Lance Webb was named pastor of the McCullough and Harrah churches, a new conference charge which he served last year as assistant First Methodist minister.

N. U. Stout was returned to McLean, H. H. Bratcher to Skellytown, and L. H. Jones was assigned to LeFors, where the Rev. M. Williams has been pastor.

No preaching services were conducted at the Methodist churches yesterday, as pastors and several lay leaders were attending the closing conference session.

A special father and son service was featured at First Christian church, with a large attendance.

The father and son program will continue with a chuck wagon dinner Tuesday evening at the church.

Other churches here had regular services with resident ministers preaching, except the Presbyterian church, which is awaiting the arrival of a new pastor next month.

Sunday school attendance reports follow: First Christian, 418; First Methodist, 463; Central Baptist, 136; Francis Avenue Church of Christ, 187; First Baptist, 830, and 205 in training service.

Increased attendance was reported in all services at the Central Church of Christ, with six additions to membership.

Announcements of Methodist pastors in this section follow:

Amarillo district—Presiding elder, J. O. Haynes; Amarillo Buchanan Street, J. C. Huckabee; Amarillo Polk Street, C. C. Grimes; Amarillo San Jacinto, R. N. Huckabee; Amarillo Tenth Street, O. M. Addison; Adrian and Wildorado, J. Paul Morgan; Bovina and Okla. Lane, I. E. Biggs; Canyon, J. O. Quattlebaum Jr.; Canadian, A. R. English; Claude, John H. Crow; Dimmitt Station, Joe Strother; Dimmitt circuit, E. C. Armstrong; Fiona, H. L. Thurston; Groom, U. S. Sherrill; Happy, E. C. Ralney; Hereford, T. C. Willett; Miami, Joe E. Boyd; Panhandle, C. C. Armstrong; Vega, Marvin Boyd; Vico Park, N. S. Daniel; White Deer, B. M. Stradley; Y. L. circuit, F. R. Pickens, and general evangelist, F. M. Neal.

Clarendon district—Presiding elder, T. S. Barcus; Alamo and Head, W. B. Gilham; Brice and Allison, Adrian Rea;

Surprise Party Is Given on Birthday

Mrs. G. D. Holmes gave her daughter, Rita, a surprise party Wednesday night in honor of her fifteenth birthday. Games were directed by Miss Fae Davis, and hot punch, cake, and jello were served.

Guests were Avanel Mathis, Ruby Scalet, Alberten Schukey, Pauline Barrett, Cleo Barrett, Fae Davis, Sybil Davis, Edith Beckham, Clifton Simmons, Joe Hawkins, David Barrett, Finley Vanderburg, Autra Holmes, Raymond Johnson, Calvin Diltzmore, Junior McElrath, Jack Allison, G. D. Holmes Jr., Mmes. Ben Barrett, E. L. Mathis.

CIVIC CULTURE CLUB

Civic Culture club will meet tomorrow afternoon with Mrs. Luther Pierson, 1121 Mary Ellen, instead of with Mrs. Jensen as announced in yesterday's News. The program is scheduled to start at 2:30.

PARTY POSTPONED

A party planned by the Wesley Friendship class of First Methodist church for Wednesday of this week has been indefinitely postponed because of a death in the family of a member, it was announced today.

Auto Glass, replaced by Pampa Glass and Paint Co. (Adv.)

Beulah Yates Says Good Food Deserves Good Lighting
The modern merchant buys good serviceable merchandise, attractively styled, and then displays it under good light in order that its value and beauty may be seen. The appeal of good food is greatly increased when it is so arranged that it is pleasing to the eye.
Good, even, shadowless light has its place at the dining table. Without light no vision would be possible. With proper light, the chinaware, the silver, flowers, and other decorations appear to their best advantage. And all of the rich colors, natural in good foods are easily intensified under good lighting. Designs, and general arrangement of the food may be subtly emphasized. The beauty of the food and the whole table assembly depends directly on lighting.
Good lighting decreases eyestrain, nervousness and vertigo. It is an aid to good digestion.

ILLNESS TAKES SENATOR-ENEMY OF HUEY LONG

Edwin S. Broussard Taken By Death In Louisiana

NEW IBERIA, La., Nov. 19 (AP)—Former United States Senator Edwin S. Broussard, of Louisiana, died today at his residence here. He was defeated for re-election in the last senatorial election by Senator John H. Overton, of Alexandria, who was supported by the political organization of Huey P. Long.

Mr. Broussard died from a sudden attack after several days of illness. He was 59 years old and was a native of New Iberia parish.

He was a veteran of the Spanish American war and served with the Taft commission in the Philippine Islands at Manila in 1899-1901.

The veteran legislator was a law graduate of Tulane university. He was elected United States senator in 1920 and was re-elected in 1926. He was defeated in 1932 by Senator Overton. He filed charges with the senate which brought a prolonged senate investigation into the Overton election.

He charged corruption at the ballot boxes by the forces of Senator Huey Long in the election of his successor, Overton, and these charges led to exhaustive senate committee investigations in which

enemies of the Long organization sought to oust both Long and Overton from the senate. To date no action has been taken by the senate against either Long or Overton. Senator Broussard married Miss Marie Patout in 1905. He is survived by his widow, five sons and one daughter.

West Texas Mohair Pool Is Planned

SAN ANGELO, Nov. 19 (AP)—Various plans for forming a mohair pool in West Texas to seek government aid are being discussed. Warhousemen representing half the 12,000,000 pounds of mohair in the state met recently at Del Rio but no action was announced. Among those at the meeting were: L. A. Schreiner of Kerrville, Jake Schwartz and Fred Horner of Uvalde, C. B. Wardlaw, George O'Neill and L. G. Dubus of Del Rio and Fred Earwood of Sonora.

Mohair leaders estimate that it will be necessary to reduce the normal mohair production of 16,000,000 to 10,000,000 pounds annually for consumption to catch up with production by 1937.

Goatsmen are said to be dissatisfied with the government drought purchasing which took only 360,000 female goats. Most of them feel that the government should buy at least 1,250,000 head of muttons leaving 1,500,000 head in the state. It is pointed out that this would cost the government about \$2,500,000.

It is estimated there are about 20,000 growers in the United States most of them being in the hill country of Texas.

Friends Honor Judge Hoover in Barbecue Event

E. W. Hogan, who attended a barbecue at Canadian Friday for Judge H. E. Hoover, on the latter's 71st birthday, today brought THE NEWS a bit of philosophical verse which the dean of Panhandle jurists gave to his friends. It follows:

What a beautiful world, this world of ours: Filled with love, friends, hope and flowers; When three-score years and ten have come and gone, And Father Time creeps on and on, And silver locks on the head appear, Beseek the passage of another year, Life is not over, nor the battle won, If one deed of kindness is left undone.

At 71, we look back without shame, Upon the deeds done, all written in our name;

We see love and care for our fellow-man;

Thank God for an open, bountiful hand;

Time is short; sun is sinking in the west,

With my sun is set, say: "He did his best;"

He loved and he served his fellow man,

And fought and served with an open hand.

The great battle of life is never won;

The true soldier still fights at 71; Old age is but a term, there is no time;

The frost of age is but a crown sublime;

Age is lost in eternity somewhere, And deeds of charity are written there;

Remember, the battle is never won, If one deed of kindness is left undone.

The delicious barbecue was cooked by Lee Strader. During the day, friends of Mr. Hoover erected an old-fashioned log cabin, logs for which had been prepared in advance.

Student Brings Death To Four, Including Self

NORCO, La., Nov. 19 (AP)—Warren A. Mackie Jr., 17-year-old Tulane university student, who wrecked his grandmother's automobile and then, officers said, stole a second car in which he crashed into another machine killing three people, died last night. Mackie, after driving off in the automobile he found parked on a street shortly after midnight Saturday, was being trailed by a state highway policeman and the owner of the car when he crashed into a machine occupied by three couples, who were driving slowly along the highway during the intermission of a dance here.

The car occupied by the couples burst into flames and two young women, Miss Myrtle Berteau, 21, of Geismar, and Miss Martha Landry, 19, of Lusher, were burned to death.

Harold L. Bowman, 18, of Lusher, was seriously burned in attempting to rescue the young women, and died several hours later.

500 HEAD OF CATTLE PURCHASED IN COUNTY Five hundred head of cattle have been purchased under the latest federal order, but there is no evidence as to when and if other such orders will be received. Some of the cattle bought were condemned and the others, numbering about 419, shipped to Oklahoma City and Kansas City.

Forest fires often are an aftermath of serious insect outbreaks which kill the timber, leaving a debris of leaves, dry branches and tinder for stray sparks.

WITNESS

(Continued from page 1.)

Royall expressed favor for an interstate compact plan with "federal cooperation rather than federal supervision." He said the most effective federal cooperation would result from the stopping of interstate movement of "hot oil" and its products by closing outlets. Ob- serving that without a market, "hot oil" runners would have neither an incentive nor a motive to over-produce.

Urging a permanent policy of conservation fair to both independent and majors alike, Royall condemned a "lawless minority" which he said was instrumental in destroying the effectiveness of certain state legislation through amendments. He termed a recent state enactment, that which would empower the commission to regulate the movement of products, a "Christmas gift," as it becomes effective December 25.

DALLAS, Nov. 19 (AP)—The Cole congressional oil inquiry committee today heard widely-differing opinions from two members of the Texas oil tender board on the question of federal control of the industry.

E. W. Fair, Tyler business man and oil land owner, unqualifiedly advocated rigid federal control as the only means of regulating production in the giant East Texas field. Tucke, Royall, Palestine banker and chairman of the board, followed the lead of E. O. Thompson, Texas railroad commission member in opposing outright federal control, and favoring an interstate compact plan, with "federal cooperation rather than federal supervision."

Another Coach Who Is Trying To Live Down Superstition

ALICE, Nov. 19 (AP)—Coach Grady Reynolds of the local high school football team has a superstition he is trying to live down.

When he began coaching his brother, Carl Reynolds, baseball player with the Boston Braves the past season, presented him with a baseball cap. Coach Reynolds wore the skull piece—at all the games played by his teams and they piled up victory after victory.

When he came to Alice his cap was stolen and his Coyote football team won no games last season.

He is now trying to forget the superstition and his team has en-

Num Marries

(Continued from page 1.)

A romance that bloomed on Tres Marias Island, the political prison colony off the coast of Mexico, reached its climax in the marriage of "Mother Conchita," above, the nun convicted of implication in the assassination of President-elect Oregon in 1928, and Carlos Casira Balda, sentenced for bombing "the chamber of deputies. Mother Conchita's is one of the rare cases of a nun retracting her vows to marry.

COUPLE PERISH OF THIRST ON DESERT ISLAND

Pair Believed To Be German Father And Mother

LOS ANGELES, Nov. 18 (AP)—Two bodies, one a man's the other a woman's, lie today on the sun-burned beach of Marchena Island in the Gallapagos group, just as a fishing boat captain found them Saturday.

The couple, tentatively identified as Arthur Wittmer, a German, and his wife, presumably died of starvation and thirst when they were marooned after venturing from their home on Charles Island in the same island group.

Manuel Rodriguez, skipper of the tuna clipper Santa Amaro, and his radio operator, James Ellis, prowling the beach on the barren island, found the bodies, which were in such conditions that identification was difficult.

However, furnished with descriptions of the German couple by Capt. G. Allen Hancock, a Los Angeles explorer who knew them, Captain Rodriguez advised MacKay Radio station here he had definitely identified one of the bodies as Wittmer, and said the second body was probably that of a woman, the wife of the adventurer.

There was also a possibility the second body might be that of Alfred Rudolph Lorenz of Paris, France, who was one of a group of adventurers who sought solitude on Charles Island.

A passport bearing Lorenz's name was found on the body of the man identified as Wittmer. A packet of letters was found near the body of the woman.

From a letter addressed by Mrs. Wittmer to Captain Hancock at his home in Los Angeles was read this excerpt:

"Must hurry now and complete this, because Arthur is waiting to take it to Lorenz, who is waiting in his sloop off Santa Maria Island to take the mail to San Cristobal."

"It seems to me Mr. and Mrs. Wittmer started out from Charles Island to contact Lorenz on one of the other islands," said Captain Hancock. "They apparently were swept northward across the equator by a sudden storm. At any rate, the meagre description of the bodies received here indicate to me the vic-

ims are Mr. and Mrs. Wittmer." The Wittmers were the parents of a two-year old child and a 14-year-old boy. They lived on the lonely equatorial island with Dr. Frederiek Ritter and Dora Karwin, German nudists.

There was also a possibility, providing the skipper of the tuna boat had erred in making his identification of Wittmer, that the bodies might be those of Baroness von Wagner and a man named Phillipson, who lived on Charles Island until two months ago. Their present whereabouts is unknown.

M. M. Newman of McLean trans-

acted business in Pampa this morning. Approximately 100000 school children in 46 Kansas towns entered an accident prevention contest sponsored by the Kansas safety council.

MRS. YATES SAYS: "Every woman in Pampa owes it to herself to pay a visit to Furr Food stores. I was truly amazed to find such modern and up-to-date stores—really they are as fine as any I have seen in the largest cities. Everything is spotlessly clean—and the variety of nationally advertised foods, fresh fruits and vegetables and quality meats are really a treat to the shopping housewife who has to look after the meals for a family."

"I am really proud of the Furr Food stores and I can see a wonderful school ahead."

MARKET BRIEFS

NEW YORK, Nov. 19. (AP)—Advancing industrial issues held the attention of today's stock market despite the renewed heaviness of utilities. The firm undertone displayed by selected equities did much to overcome the pessimism caused by the sagging power and light group.

Tobacco.. there are just as many kinds as there are kinds of folks

long · short · thick
heavy · dark · light
all kinds and styles
... but it takes mild ripe tobacco — Turkish and home-grown — to make a milder better-tasting cigarette.
... and that's the kind you get in every Chesterfield package.

Down South in the tobacco country, where they grow and know tobacco — in most places Chesterfield is the largest-selling cigarette.

A bale of aromatic Chesterfield Turkish tobacco.

Mild ripe home-grown tobacco used in Chesterfield Cigarettes.
