PAMPA, GRAY COUNTY, TEXAS MONDAY EVENING, NOVEMBER 12, 1934

(Six Pages Today)

PRICE FIVE CENTS

BY OTHER WRITERS  
L. D. and MOLLIE SHAW in Higgins News—A youngster with the big head usually gets bigness taken out of his head by the time he knocks about the world a while.

MAX WADE in Groom News—Let's not forget, in our study of new theories that the dollars that are spent in Groom are the dollars that make business here.

J. C. ESTLACK in Doolley County Leader—An Amarillo show advertised a chorus of 60, but very few looked a day older than 46.

A. C. JOHNSON in Dalhart Texan—Yes, I got that alleged seven year itch which is temporarily marring my pulchritudinous physiognomy by hanging around the Texan office too much in association with those loosed columnists and tabloid dispensers.

CHARLES E. GUY in Lubbock Journal—That Girl on Broadway says Shakespeare's plays will never become really modern until they start showing Lady McBeth pleading insanity.

J. C. PHILLIPS in Borger Herald—All things considered, the Bulldogs are having about an average season. They have had some tough luck to weaken the team, and such luck counts heavily in football. Against all class B teams they go into the game as underdogs, and that often weighs against a group of athletes. In their own class they are weak, and that is something that can't be helped. They are playing the games as best they can, taking their victories and their defeats as they come, trying to do better all the time. That's win or lose—the spirit of sports.

HAROLD V. RATLIFF in Cleburne Times-Review—Europe is shipping. There hasn't been an assassination of a king in over two weeks.

CHESTER E. CLARK in Childress Daily Index—A friend of mine tells me about seeing a woman the other day leave a beauty parlor, where she had purchased a permanent wave, go out to the garbage cans in the alleys of the business section of Childress fumbling for crusts of bread to take home.

J. C. PHILLIPS in Borger Herald—One of the most valuable contributions of parent-teacher organizations is the removal of the dullness of blank walls from the buildings where boys and girls study. Time was when pictures were the last thing anyone thought of putting into a school building, but that time was years ago.

TUCUMCARI DAILY NEWS—Lee Sadley says woman first tempted man to eat. He took to drink of his own accord.

DOUGLAS MEADOR in Matador Tribune—It would be interesting to know how many of the divorces that are charged to incompatibility really belong to the first two syllables of the word.

JOHN L. MCCARTHY in Dalhart Texan—Old age pension plans and schemes for making money out of the present movement are springing up over the country. These take various forms including the subscription to a magazine or paper. Be on your guard for any scheme in connection with a plan of old age pensions. Investigate it carefully.

Cyrus Eaton To Talk For Insull

CHICAGO, Nov. 12 (AP)—Cyrus S. Eaton, Cleveland capitalist, took the stand today as a defense witness for Samuel Insull, Chicago utilities magnate, and denied that he bested Insull in a \$56,000,000 stock market duel in 1930.

Eaton, couching his answers in rather formal language, was led by attorney Thompson into discussion of his own business connections.

"I am a director in the Inland Steel company and of Sherwin Williams," said Eaton. He mentioned that he was also a trustee of the University of Chicago.

## Huey P. Long Out For President On Utopian Platform

PRELIMINARY A.P.I. MEETINGS START TODAY

DALLAS, Nov. 12 (AP)—The oil men at the well and at the refinery had his day at the American Petroleum Institute today as 27 technical committee meetings offered him an opportunity to review current practices and learn methods which may come into common usage this year.

While the first general session of the institute's fifteenth annual meeting will not be held until tomorrow, leaders in the industry considered the divisional conferences of paramount importance, with the possibility that some of the best reports emanating from them would be submitted to the board of directors for formal approval as examples to follow.

The subjects for discussion ranged from refinery technology and standardization of oil field equipment to accident and fire prevention.

The board of directors was called into session to consider election of a new president to succeed Axtell J. Byles and of an executive council while the board of councillors laid plans to choose leaders in the industry to fill 39 places on the board of directors. Both of those groups will report to the institute as a whole tomorrow.

A delegation of 100, headed by Harry F. Sinclair, arrived from California yesterday determined to have Los Angeles named as the 1935 convention city. A similar group arrived earlier in the day from New York on another special train. More than 3,000 persons had registered.

The highlights of the convention will be held tomorrow and Wednesday afternoon. Byles, W. R. Boyd, Jr., executive secretary of the A.P.I., and Baird H. Markham of the American Petroleum Industries committee will make addresses, accident-prevention certificate awards will be made and the councillors' and directors' reports will be heard.

Secretary takes oil code administration, and Amos L. Beatty, chairman of the planning and co-ordination committee, will speak Wednesday.

## Family Loses 3 Children, \$300 In Gorman Fire

GORMAN, Nov. 12 (AP)—Two children of Mr. and Mrs. R. C. Koerner were burned to death, a third was not expected to live and the parents were burned severely in a fire which started from the explosion of a kerosene can early yesterday.

Koerner was expected to lose at least one of his hands.

Only one member of the family, a 2-year-old boy, was uninjured. The baby was thrown through the window by the father when the flames enveloped the 3-room home. The family resided 4 miles east of here.

Hospital attendants said the clothing was burned from the bodies of all the family when they were brought here. Neighbors were unable to save anything from the blazing house.

Grocers to Meet Tuesday Evening For Code Session

Grocery merchants of the Pampa district will meet at the Schneider hotel Tuesday evening at 8 o'clock for a discussion of mutual problems and the grocery code.

## EMPLOYEES OF TEXAS STRIKE IN PANHANDLE

CHARGE VIOLATION OF SECTION 7-A OF NRA CODE

Demanding full recognition, they said, of the Oil Workers union as their collective bargaining agency, a number of employees of the Texas company in various pools of the Panhandle field went on strike today.

It was charged that the company had violated section 7-A of the NRA code. The demands included one that no supervisor, foreman, or other official hiring and firing men be allowed to circulate petitions for formation of company unions, and one that no discrimination be made against any employee for his union or strike activities.

No estimate of the number of men involved could be obtained, although Texas company officials said not more than one-fifth of their employees were off duty. Some operations were shut down and others continued. Strikers said they would continue to operate gas and water properties where household needs were involved. They said their strike would be strictly peaceful.

## 'Pet' Bear Kills Only Farmer In Crockett County

SAN ANGELO, Nov. 12 (AP)—W. Tom Bland, 67, farmer in Crockett county, was clawed and bitten to death Sunday afternoon by a three-year-old bear that had been a pet since a cub. His legs and arms broken and his chest crushed, Brown died shortly after being taken to a hospital in Frank from his falling state of five Oak Creek, eight miles east of Sheffield, where he was injured.

J. F. Brachene, employe at the Brown filling station, witnessed the attack and futilely attempted to beat off the bear with rocks.

Brachene hit the bear's chain and attacked its keeper when Brown endeavored to coax it from beneath a bridge with sugar and corn bread. Later, the animal, still bloody, was tracked down and shot.

## Roosevelt Honors Unknown Soldier

WASHINGTON, Nov. 12 (AP)—Armistice day—16 years after—moved President and Mrs. Roosevelt to lay tribute to the soldier dead. It prompted the first lady, too, to say word of the miseries of war.

"The glory of war," she said, "has been constantly emphasized and rarely sordidized. The filth, the cold, the horror of wounds and slow death—they are all things behind a veil of comradeship and patriotism."

## PARAGUAY REJECTS TRUCE IN WAR AS PROPOSED BY LEAGUE

LA PAZ, Paraguay, Nov. 12 (AP)—A great cavalry attack against the Paraguayans in the Piratuna-Carandait section resulted in victory for the Bolivians after a week's fighting, a government communique said today.

The communique said there were 220,000 soldiers on each side, in the latest heavy engagement in the Chaco war. The Bolivians attributed the rout of the Paraguayans to the cavalry attack and said the work of cleaning up the region continued today. They reported a detachment of Paraguayans was surrounded in the jungle and was momentarily expected to surrender.

Capture of 500 prisoners, including seven officers, 70 motor trucks, 70 water and food tanks, artillery, mortars, hand grenades, and machine gun equipment, was reported.

## Marvin Jones Is Not Candidate For House Speaker; To Support Rayburn

Best Husker

Fifty thousand spectators followed fourteen contestants in the national corn husking bee near Fairmont, Minn., last night. 29, above, won the contest by husking 257 bushels in 80 minutes.

## HAUPTMANN TO GET LENIENCY IF HE'LL TALK

U. S. Believes More Than One Committed Crime

FLEMINGTON, N. J., Nov. 12 (AP)—While the state stood pat on its theory that the kidnap-murder of Charles A. Lindberch Jr. was a one-man crime, Bruno Hauptmann's defense boldly sought today to make use of a department of justice belief that accomplices were involved.

Leniency to the suspect would be granted by the state, an authoritative source revealed, should Hauptmann volunteer evidence implicating others and putting himself in a lesser role, probably as a fence for disposal of the ransom money.

Hauptmann kept silent in his cell while Harry Whitney, defense investigator, left for Washington to confer with department of justice officials whose own study of the crime has indicated their belief that more than one man took part in it.

The state continued to build its case against Hauptmann as sole author and perpetrator of the murder.

Betty Gow, former Lindbergh nursemaid who pleaded the child in the crib from which he was stolen and who found and identified his thumb guard in the yard outside the house after the crime, will give evidence on this point.

Miss Gow's testimony will have no direct bearing on the case against Hauptmann, one high state official commented.

"So far as Hauptmann is concerned, Miss Gow's testimony is unimportant," this official said. "The defendant's name might as well be John Smith."

Miss Gow is in Scotland. The state, Attorney General David T. Wilentz said, "expects" she will be back in time to testify.

## SEVEN TEXANS ARE KILLED IN VARIOUS WAYS

DEATH TAKES NO HOLIDAY ON TEXAS HIGHWAYS

Automobile mishaps, shootings and a freak accident brought death to seven persons in Texas over the week-end.

The joint of an oil well pipe fell from a truck and struck Mrs. John Sobly, 43, as she walked on the Jefferson highway near Gilmer, killing her. Her husband, walking by her side, was cut and bruised.

J. J. Montgomery, 73, of Wichita Falls, burned to death when trapped beneath a blazing, overturned automobile in a ditch at a highway three miles east of Bellevue. R. V. Gwinn, Wichita Falls justice of the peace and driver of the machine, was rescued by passing motorists.

An automobile collision on the Southern Pacific railroad tracks 20 miles north of Garrison took the life of H. P. Copeland, 40, a Dayton farmer.

K. O. Winfrey of Austin was fatally injured when struck by an automobile as he stood at the rear of his own machine, parked at a curb. William McVey, Navarro county negro, was killed and six other negroes injured when they rode overturned south of Corsicana.

A. J. McCarty, an 18-year-old saxophone player, was shot to death at Burk Burnett and Bill Garland, police chief, was charged with the slaying and released under \$1,000 bond. Garland said he fired at Gordon Woolley, also shot in the stomach, in self defense and that McCarty was accidentally killed.

Jim Davis, 56, of Dublin, was held on a charge of slaying Kinchen Sanders, 59, a Greens Creek community farmer, at Dublin. Witnesses said a bullet passed through Sanders' back.

## Supreme Court Intervenes In Mooney's Case

WASHINGTON, Nov. 12 (AP)—The supreme court today ordered California to show within 40 days why a review should not be granted Charles J. Mooney, a 19-year campaign to escape serving the remainder of his life sentence for complicity in the 1916 San Francisco preparedness day parade bombing.

Through his attorneys, the 51-year-old San Quentin penitentiary convict asked that he be brought to Washington in an effort to convince the court at a hearing that he was convicted on perjured evidence following the death of 10 persons and the injury of 4 in the bombing.

He declared the state admitted the evidence was perjured but powerless under its statutes to set aside the verdict if there had been no error of law in the trial.

Mooney originally was sentenced to death but it was commuted to life imprisonment following appeals by President Woodrow Wilson and others.

In 1918 the supreme court refused to interfere in the Mooney case. It declined to pass on the refusal of California courts to grant him a new trial.

Mooney had sought unsuccessfully to obtain a writ of habeas corpus from the lower federal courts before he appealed to the high court.

## TWO CAN'T RUN FROM TEXAS, SAYS HE

Texas Delegation To Vote Solidly For Rayburn

WASHINGTON, Nov. 12 (AP)—Rep. Marvin Jones (D., Texas), who for weeks had contemplated running for the speakerhip in the next congress, announced today he would not make the race. He said he would support Rep. Jones, chairman of the house agriculture committee, disclosed his decision in this brief statement:

"I am not a candidate for speaker. Two can't very well run from the same state. Naturally I shall support my colleague Mr. Rayburn. I consider him qualified in every way."

Rayburn, head of the house interstate commerce committee, announced his candidacy several weeks ago. Jones expected his withdrawal would assure a solid vote from the 21-member Texas delegation for Rayburn and likewise probably would line up behind him a number of doubtful votes from other states, particularly those which are mainly agricultural.

## Seven Arrested During Week-End For Intoxication

Seven arrests, all for intoxication, were made by the Pampa police department during the week-end.

County officers made one arrest. A man in the county jail charged with criminal assault. He was released from the Wichita Falls state hospital April 18, according to papers shown officers.

A petition, asking that citizenship right be restored to a Wheeler county man, who served a one-year sentence in the state penitentiary for transporting liquor, was being circulated in the courthouse this morning. The petition states that a half-pint of liquor, found in the man's car, was the basis of the "transporting" charge.

Pampa firemen answered 2 calls, one Saturday, and one Sunday. Both fires were under control when they reached the scene. A gasoline stove explosion caused an alarm at the Central Baptist church, 304 North Starkweather, at 10:15 a. m. yesterday, but the fire was put out before the firemen arrived. Saturday morning, the firemen were called to South Hobart street where a truck was on fire, but the fire was extinguished when they arrived.

## Mexican Police Told To Arrest Papal Delegate

MEXICO, D. F., Nov. 12 (AP)—Charges of incitement to rebellion against the government of Mexico, now in exile, resulted today from an investigation of an alleged church campaign to overthrow the government.

Police were ordered to arrest Leopoldo Ruiz Y Flores, papal delegate to Mexico, and Jose De Jesus Manrique Y Zarate, bishop of Huejutla, Hidalgo state, should they try to re-enter the country. They are now in the United States.

The charges were brought by Attorney General Portes Gil after an investigation ordered by President Calles. Rodriguez, Rodriguez claims church leaders planned a seditious movement because of the government's anti-church and socialist education programs.

Portes Gil said the clergy is "attempting to restore the church to its former position as a wealthy caste" but Catholics found satisfaction in his statement that the government has no intention of persecuting or taking reprisals against religious beliefs or sentiments.

## Nine Precincts In N. Mexico Missing

SANTA FE, N. M., Nov. 12 (AP)—Senator Bronson Cutting's lead over Rep. Dennis Chavez, his democratic opponent in the race for the United States senate, stood at 1,298 votes today with nine of the 76 precincts in N. Mexico missing. Senator Cutting had 74,850 to 73,552 for Chavez.

Absentee ballots will be counted today and tomorrow by canvassing boards.

## TEXAS IS ONE OF 3 STATES NOW BONE DRY

KANSAS, TEXAS, OKLAHOMA BAN LIQUOR IN CONSTITUTIONS

WASHINGTON, Nov. 12 (AP)—Nearly a year has passed since President Roosevelt proclaimed the passing of prohibition and the birth of a new era of liquor control.

Something like 50,000,000 gallons of distilled spirits and over a billion gallons of beer have passed through the government's tax turnstiles since then.

State barriers against the legal liquor traffic have fallen until now only Kansas, Oklahoma, and Texas have prohibition written in both their constitutions and their statute books.

Distillers have built up their stocks of distilled spirits and say aged whisky at lower prices is in sight.

The government is chasing the bootlegger at a \$10,000,000-a-year pace and debating lower liquor taxes to get legitimate dealers. It says it is confiscating more stills than in some prohibition years.

Members of the new congress are preparing for a stiff fight over the tax question and a permanent system of federal liquor control.

The alcohol control administration, set up hurriedly under the national industrial recovery act to hold the mushrooming industry in check, regards repeal as a success and wants code control of distillers, brewers, wholesalers and wine-makers to continue.

Emphatically denying that repeal is a success, F. Scott McBride, general superintendent of the Anti-Saloon League of America, says "everything that belonged to the old order of the 1930s is coming back."

Leading distillers, anxious to avert abuses that might revive a demand for government monopoly of the liquor business, stand ready to submit to continued regulation by the FACA.

Since the hour that national prohibition ended last December 5, the number of states in which liquor can be sold legally has increased from 17 to 30. The number still with statutory prohibition stands at 15. Three remain beneath the "bone dry" banner of dual prohibition—constitutional and statutory.

## Lubbock-Sandie Battle Will Be Received Here

A play-by-play account of the Amarillo-Lubbock football game will be received here this afternoon and presented in the school building over a public address system.

The account will be furnished by The NEWS from Texas Tech stadium, with Harry E. Hoare, sports editor, dictating the plays. The telegraph facilities of Julian Barrett's office will be used here, together with loudspeakers furnished by Dilley Bakeries. It was announced definitely that the game would not be broadcast. The telegraphic report will begin at 2:30 o'clock, with preliminary descriptions starting about 2 p. m.

Pampa buildings were closed today in observance of Armistice day, but a number of retail stores were open as usual. It was erroneously announced yesterday that the postoffice would close. This office was open however, since closing from Saturday night until Tuesday morning would have been too long, department officials ruled.

Early this morning that Lee Bowden's smile was a little wider than usual. Reason: An eight-pound daughter born Friday afternoon. Her mother named her Donalds Lee, R. L. and Mrs. Bowden now have two daughters.

Eight people join the church last night after Gaston Foote said he had an extra ticket to the Amarillo-Lubbock game and that he might consider disposing of it to new members. (Aham!)

PHOENIX, Ariz., Nov. 12 (AP)—Arizona national guardsmen were ordered to mobilize and to proceed tonight to the Arizona side of the Colorado river at the Parker dam site, to take control of a zone of which Gov. B. B. Moeur declared martial law Saturday.

## GRID PLAYER KILLED

EL PASO, Nov. 12 (AP)—Charles Lemon, 16, died in an El Paso hospital today of injuries he received while playing in the annual football game between the Phoenix Union high school and the El Paso high school Saturday. Lemon, substitute center on the Phoenix team, received a broken neck when he crashed into Ed Burner, El Paso half-back. The accident occurred in mid-field in the second quarter of the game.

Well supplied with membership cards and buttons, nearly one hundred canvassers will launch the annual roll call of the Pampa chapter of the American Red Cross tomorrow. Workers will have a 30-minute rally at the city hall at 10 o'clock tomorrow morning before beginning the campaign.

Roll Call Chairman Jim Collins urges every collector to be at tomorrow's meeting promptly. Those who have not been given a territory to cover and supplies for the work will be cared for immediately after the session.

Inasmuch as this drive will be vital to work among disabled veterans and especially school children, it is hoped that citizens will join gladly. Scores of school children lack shoes and clothing to enable them to continue in school during the severe winter months. The relief office cannot meet this need, but the Red Cross, with assistance of Parent-Teacher associations, can do so.

P. T. A. members, civic club members, Jaycees, and others will be doing the soliciting. Records will be kept at the B. C. D. office.

See RED CROSS, Page 5

## BUSINESS FIRMS' EMPLOYEES ANSWER CALL OF RED CROSS

The Pampa fire department was first to join the Red Cross 100 per cent in its membership, but today the distinction also was held by Foxworth-Galbraith Lumber company, Harvester Drug store, B. & B. Lubricating company, Panhandle Insurance agency, Cullum's shoe repair shop, Southwestern Public Service company, B. C. D. office, and Texas Furniture company.

Well supplied with membership cards and buttons, nearly one hundred canvassers will launch the annual roll call of the Pampa chapter of the American Red Cross tomorrow. Workers will have a 30-minute rally at the city hall at 10 o'clock tomorrow morning before beginning the campaign.

Roll Call Chairman Jim Collins urges every collector to be at tomorrow's meeting promptly. Those who have not been given a territory to cover and supplies for the work will be cared for immediately after the session.

Inasmuch as this drive will be vital to work among disabled veterans and especially school children, it is hoped that citizens will join gladly. See RED CROSS, Page 5

## I Heard...

Many expressions of surprise when certain rabid football fans said they were not going to Lubbock today. The decisions to remain at home, however, were made with reluctance under the pressing demands of something or other.

## I Saw...

Early this morning that Lee Bowden's smile was a little wider than usual. Reason: An eight-pound daughter born Friday afternoon. Her mother named her Donalds Lee, R. L. and Mrs. Bowden now have two daughters.

Eight people join the church last night after Gaston Foote said he had an extra ticket to the Amarillo-Lubbock game and that he might consider disposing of it to new members. (Aham!)

# EDITORIAL

## VETERANS CAN STRENGTHEN PEACE

Startling and significant revelations concerning the part that munitions makers have had in the making of wars, or at least the hatreds and military pride which breed wars will be kept fresh in the public memory through the efforts of war veterans organizations.

There is a sort of parallel interest in the fact that the veterans are asking for adjusted compensation at the same time that they are asking congress to take the profits out of war. The soldiers remember their former pay of \$30 per month, of which they really received little, while the munitions makers were making billions. Today, as the nation observes Armistice day, is a good time to remember this contrast.

It is not a question of preparedness. Most of the veterans are avowed lobbyists for an adequate defense. Naturally, the munitions makers profit from this powerful influence in behalf of their industry. With this outcome the ex-soldiers have no quarrel. It is not the peacetime profits which disgust them, but the huge wartime profits which make munitions manufacturers long for war.

In curbing the activities of manufacturers to whom war is good business, it must be remembered that the munitions industry is essential to preparedness and cannot be abolished. The United States has fought more than one war that was more for profit than principal, although the people didn't know it at the time.

The veterans can render no greater service than to calm the jingo-minded persons who begin to talk of war every time a greedy munitions maker begins to sow seeds of war propaganda. Declaration of war should "freeze" prices and profit-margins, conscripting industry as well as man-power. To do so would be to strengthen peace.

## Doctors to Meet at El Paso for Regional Parley

EL PASO, Nov. 13 (AP)—Annual features have been planned for the annual convention of the Medical and Surgical Association of the Southwest to be held here on Nov. 22, 23 and 24, under the auspices of the El Paso County Medical Society. In addition to addresses by nationally known physicians and surgeons,

there will be scientific exhibits of national recognition.

The committee in charge of arrangements is confident that the convention will be one of the best ever held. Dr. W. A. Gekler, of Albuquerque, president of the association, says that doctors attending will have not only a "bang-up medical meeting," but also "a mighty good time."

Outstanding medical men from throughout the nation are on the program. These include: Dr. R. G. Ireland of Chicago, director of the Bureau of Medical Economics; Dr. Holman Taylor of Fort Worth, secretary-treasurer of the Texas Medical Society; Dr. John R. Caulk, professor of urology, Washington University, St. Louis; Dr. J. H. Musser, professor of internal medicine, Tulane University, New Orleans; Dr. Harry L. Baum, Denver, otolaryngologist; Dr. George Pinness, Berkeley, lecturer on allergy at the University of California; Dr. Dudley Smith, San Francisco, authority on proctology; and Dr. John de Jarratte Pemberton, associate professor of surgery, Mayo Clinic, Rochester, Minn.

## RECORDS OF WAR FAIL TO TELL TRUTH IN TRAGEDY

By DALE HARRISON  
Associated Press Staff Writer

The records tell he was killed in action, but the records may be wrong.

He fell at Bras. A bullet, straight and true, found his head; but no enemy fired the shot. It came from...

Call him Lieutenant C. To name him might hurt those who cherish his memory in hearts that still grieve.

Many survivors of the gallant 26th Division, U. S. A., recall, perhaps, the bustling, efficient lieutenant. He was so precise, so exact; a stickler for detail.

Even before the dawn of November 11, 1918, soldiers along the line held by the 26th division northwest of Bras knew it was Armistice day; that the war was to end at 11 o'clock that morning.

A Final Volley  
Orders went down that a final volley should be fired at one minute before 11. It was to be a thundering adieu to war and a jubilant halo to Peace.

Lieutenant C. noted the orders with care. Precise and exact, intent upon maintaining his reputation for detail to the very last shot, he made ready.

Painstakingly he issued orders for the gunpowder frequently to horrible war. For hours before the time set he glanced frequently at his watch. When the moment came his order would be spoken, always, on time to the very second.

Exactly on the dot, as shown by a watch, he gave the command to fire.

Farewell To Arms  
The guns responded, roaring farewell to arms.

The precise, efficient, lieutenant smiled. The war was over. The guns of his company had just spoken. He had done his bit well, perfect to the last detail.

The scho of hot volley died away. His soldiers, the weight of war lifted suddenly from weary bodies and weary souls, leaped from their trenches and stood there in the open, waving their hands in delirious relief and joy, and shouting: "The war's over! Armistice! The war's over!"

From across no-man's land poured suddenly the deadly lead of a dozen machine guns.

Seven soldiers of Lieutenant C.'s command fell dead.

The smile faded from the lieutenant's face. What was happening?

Was it not Armistice? Was not the war ended? But the Germans were still firing! They had killed his men!

No Armistice Here  
The officer ran down the trench to where another officer stood. Even as he ran the entire line of New England soldiers rang with a simultaneous fire.

To the officer, Lieutenant C. said: "Lieutenant, tell me—in God's name tell me—what time is it?"

It was exactly one minute to 11 o'clock. Lieutenant C., white and shaking, looked at his own time-piece, strapped to his wrist. It was five minutes past 11.

He walked slowly back to his company. The seven men who had shouted their joy short minutes ago lay there dead.

End of the War  
Along the entire line—around the entire world—war-fatigued people screamed, danced, cheered, went mad with joy.

The Armistice!  
The war is over! It is over, over! I tell you, the war is over!

Lieutenant C. stood beside the seven dead.

Slowly, precisely, expertly, he drew his pistol from its holster.

Up and down the line there was such pandemonium as few generations know. Leaping, running men were shouting, crying, laughing: "The war's over!"

The lieutenant put the gun to his head and pulled the trigger.

The county relief board reported 40 per cent of the population of Eagle Pass, Tex., living on funds supplied by state relief this summer.

## Oldest Bible In World Is Located

VIENNA, Nov. 13 (AP)—Discovery of the "world's oldest Bible," said to have been written in the second century, was announced today by the Austrian National Library.

Hans Gerstinger, chief of the library's manuscript section, said the pile of dusty manuscripts was found in a Cairo bookshop by Herman Junker, director of the German Archaeological Institute there. They were brought here for study and their importance confirmed.

The entire Bible was not included in the manuscripts, bound in the form of a book, but the gospels of Matthew and Paul's epistles, and

portions of the Old Testament were there. Scholars said the oldest Bible previously known dated from the fourth century.

Poultrymen have found Italian rye grass, crimson clover or a mixture of both furnished excellent grazing for their flocks during the mild winters in the south.

# ARMISTICE DAY IS MARKED BY TRIPS TO GAME AND VISITS

## HOLIDAY GOAL OF MOST WILL BE LUBBOCK

STUDENTS ARE HERE THIS WEEK-END FROM SCHOOLS

Holiday visits are of major interest to Pampans this week-end, with Lubbock, scene of the district's big Armistice day grid game, as the objective of most.

Students are at home from nearby colleges, and the week-end holiday has afforded many opportunities for short trips.

Supt. R. B. Fisher, Mrs. Fisher and son left this morning for the game at Lubbock.

Clarence Barrett is another of the many Pampans who will attend the Amarillo-Lubbock game.

Miss Lucille Cole, student at West Texas Teachers college of Canyon, is spending the holiday with her mother, Mrs. A. Cole.

Miss Alma Ruth Schulkey is visiting her brother in Borger this week-end.

Mrs. John McKamey and son, J. R., Mrs. L. H. Green, and Mrs. Ayres visited Miss Mary McKamey, student in the teachers college at Canyon, yesterday.

Mrs. J. G. Ganiz and Miss Josephine Thomas returned Saturday night from Erick, Okla., where they were called by illness of a relative.

Bill Noble is attending the Amarillo-Lubbock football game in Lubbock today.

Miss Lena Mae Larson visited her parents at Higgins over the week-end.

Mr. and Mrs. Harold Gable and children of Muleshoe visited Mr. and Mrs. A. L. Thibodeaux during the week-end.

## The Social CALENDAR

TUESDAY

Central Baptist Madonna class meets at the church, 10 a. m., for all-day sewing program and covered dish lunch.

Mrs. J. M. Dodson will be hostess to El Progreso club.

Twentieth Century Forum will meet with Mrs. Edward Damon.

Twentieth Century Culture club will meet with Mrs. Carl Boston.

Mrs. John Hessey will be hostess to Child Study club.

Mrs. Earl Scheig will entertain Le Bon Temps contract club with a luncheon at Courthouse cafe, 1 p. m., followed with bridge at her home.

Francis Street Church of Christ Bible class will meet at 2:30.

B. M. Baker Parent-Teacher association will meet at 3 p. m.

Woodrow Wilson PTA will hold an open meeting with educational program, 7:30.

Business and Professional Women's club will have a business meeting at the city club room, 7:30.

WEDNESDAY

Central Baptist W. M. U. meets in circles: Bethany circle with Mrs. D. H. Coffey, Anna Bagby circle with Mrs. G. C. Stark, Lottie Moon circle with Mrs. D. M. Scaife.

Women's Bible class meets at Central Church of Christ, 3 p. m.

Girl Scouts of troop four meet at the school, and troop five at the home of Byron Dodson, both at 4 p. m.

Treble Clef club meets for rehearsal at city club room, 4 p. m.

Iyega Camp Fire girls meet at Horace Mann school, 4 p. m.

THURSDAY

Mrs. Raymond Harrah will entertain the Queen of Clubs at her home.

Merry Mixers club will be guests of Mrs. L. L. Dyer, 415 N. Stark-weather.

Junior High PTA will have its regular meeting.

Tatapochon Camp Fire girls meet at American Legion hut, 4:15.

Junior Treble Clef club will meet at city hall club room, 4:15.

A. A. U. W. will meet in city hall club rooms, with Mrs. Dingus of Lubbock as guest speaker.

## Cooking School Leader to Give Helpful Advice

Vegetable cookery now ranks in importance with that of making fine pastries," says Beulah Mackey Yates nationally known expert on foods and home economics, "and when once upon a time a cook was judged mostly by her cakes and pastries, today's cook must add to her repertoire the latest and most approved methods of cooking well-known vegetables, as well as the lesser known and scarcer varieties."

Housewives of this city have an undoubted pleasure in store for them for this newspaper is bringing Mrs. Yates here to conduct and supervise its Happy Kitchen-cooking school, which will be held at city hall auditorium on Nov. 19, 20 and 21.

To quote further from Mrs. Yates: "Green beans, for instance, cooked so they will keep their greenness is a problem. Some authorities insist that cooking rapidly in a large quantity of boiling salt water for a brief time is very helpful. Those same beans cut into three or four strips lengthwise of the beans instead of snapping across as usual and then cooked, uncovered, in a quantity of rapidly boiling salted water, for from 10 to 12 minutes will rival the fresh product in color."

Mrs. Yates will offer many happy suggestions for the cooking of vegetables during the progress of the Happy Kitchen cooking school. She will tell you for instance, that spinach must be cooked only a few minutes—from four to eight—covered, using only the water which adheres to the leaves from washing. She will explain why yellow vegetables are less difficult to cook from a color standpoint, because their color is much more permanent.

Plan to be with Mrs. Yates from the very first session through the last. This newspaper assures you this will be the very finest exposition of cookery and home economics ever brought to this city.

FRIDAY

Regular meeting of the Order of Eastern Star starts at 8 p. m., Masonic hall. All members urged to be present.

## Opens New Bid for Fame

After two strenuous years in which she became, in turn, a widow by tragedy, a mother, and a recluse from the gay life she had known, Mrs. Libby Holman Reynolds, above, in new portrait, is striking now for both fame and fortune. It is as Mrs. Reynolds, and in the name of little Christopher Smith Reynolds, that she is petitioning for a right to share in the \$20,000,000 estate left by her young tobacco-heir husband, whose death in Winston-Salem, N. C., was a nation-wide sensation. And as Libby Holman—she same husky-voiced Libby that Broadway once acclaimed—she is bidding for a new place in the theater. No longer just a torch-singer, she now has become a dramatic actress.

## YEAR CLOSES IN METHODIST CHURCHES. SERMONS STRESS NATIONAL EDUCATION WEEK

WAR VETERANS ATTEND ARMISTICE DAY SERVICE

Ending a year of work, Methodist churches prepared yesterday for representation at the annual Northwest Texas conference this week. The two new chapels here will become a separate charge then, having a pastor assigned to them to replace the First Methodist assistant pastor, now serving them.

Gaston Poole, First Methodist minister, preached his last sermon of the year to a crowded auditorium last evening, when eight additions to the church were reported. His morning sermon was on an Armistice day theme.

Education week, closing after a city-wide observance, was stressed in most churches. Supt. R. B. Fisher spoke at First Baptist church yesterday morning. The Rev. C. E. Lancaster, pastor, is attending the state Baptist convention in San Antonio this week.

At Central Baptist church about 300 parents heard E. H. McGaha, pastor, stress the meaning and need of true education.

"Education is not writing on a blank page, but putting life into a completed painting," he said in part. "Jesus, the greatest teacher, used parables of everyday things to carry his hearers from the well known to the unknown. In his injunction to 'See with the eyes... understand with the heart, and turn again,' he summed up education as sight, insight and action."

"Education is both a process and a product. Man's heritage gives him a hold on life; the development of this heritage is education. Education is training to think and to apply knowledge, to develop habits that will lead to the fullest life." The speaker closed by urging closer cooperation between home and school in training children.

Another Armistice day sermon was by John S. Mullen, First Christian minister, who spoke especially to the veterans of foreign wars attending that church in a body yesterday morning. Next Sunday will be observed as fathers' day at First Christian church.

Central Baptist church reported 139 in Sunday school, Francis Avenue Church of Christ 197, with one baptism, First Methodist church 477, McCullough chapel 82, Harrah chapel 67, First Christian 138.

The evening service at First Baptist church was a religious drama directed by Mrs. R. E. Gatlin and Mrs. T. F. Morton, with special musical accompaniment.

Three Birthdays In Family Celebrated Together at Party

A joint birthday party was given by Arthur Jr., J. W., and Ima Jeanne Thibodeaux Saturday, celebrating birthdays that fall within a few weeks. Their ages are 3, 5, and 7 years.

Games and contests were enjoyed in a room decorated with red, white, and blue. Winners in the contest were Warren Starks and Mary June Hunter.

Refreshments were served by the hosts' mother, Mrs. A. L. Thibodeaux, assisted by Mrs. E. L. Kelly, Mrs. Kit Autry, Mrs. Reed, and Willetta Starks.

Guests were Nadine and Norma Jo Kelly, Lowella Goodman, Mary June and Carroll Hunter, Joe and Jime Autry, Margeretta Wilson, Kenneth and Wanda Reed, Wedda Jeanne Scott, Robert Horton, Warren Willis, Lillian, and Powell Starks, Howard Byrne and Peggy Kelly, Junior Jones, Patey Ruth Miller.

The public health service annually supervises the purity of \$10,000,000 worth of medical products sold to the public and the medical profession.

Assessed valuation on improved farm lands in Utah has decreased nearly 50 per cent since 1920.

**Nebraska Given Worst Beating**

LINCOLN, Neb., Nov. 13 (AP)—Back on the same midland gridiron jungle where they had been starved on a scorched diet through three successive hunts the slashing Panthers from Pittsburgh held one of the sweetest feasts Saturday by routing Nebraska's valiant but outclassed Cornhuskers, 25 to 6, before 35,000 spectators.

The defeat, sealed and certified during the first three periods when Mike Nickick raced through the Nebraska defense for all four Panther touchdowns was the second worst ever suffered by the Cornhuskers at home and gave the Panthers full revenge for the scoreless tie fought on the same field in 1928-30, and 32. The worst Nebraska rout at home was turned in by Notre Dame 18 years ago, 29 to 0, but the Panthers had that one shaded up until the final period when "Chief" Henry Bauer flipped a 22-yard pass to Ray Toman for the only Cornhusker score.

**Greenville May Play Chicagoans**

GREENVILLE, Nov. 12 (AP)—The Greenville high lions, 1933 Texas interscholastic league champions, probably will play Harrison Technical high school of Chicago here on Saturday, November 24. Harrison Technical was runner-up this year for the Chicago championship. Greenville officials said a definite decision on the game would be reached tomorrow. Coach R. F. Dougherty of Harrison Technical has advised Greenville officials that his school board has granted his team permission to play the game. Greenville won the district nine title Friday by defeating Sulphur Springs.

**Homing Pigeons Believed Dead**

FORT WORTH, Nov. 12 (AP)—Unaccounted for today were 105 fine young racing pigeons—believed lost or dead somewhere between here and Brownsville.

Late Friday 107 homing pigeons, entered in a long distance flight of the Fort Worth Racing Pigeon club, were turned loose at Brownsville for a flight back home.

To date only two birds, Jim Malone's Texas 912 and Leroy Black's Texas 617, have arrived here. Club officials believe the others had been lost or shot when they landed for water. Malone's bird, the winner, reached its home loft late Sunday-worn out. The second bird came in a few minutes later.

**HUEY LONG**

(Continued from page 1.)

and in the face of hostility from the national administration of his own party.

But that is Huey Long. He doesn't bend to opposition. All of his life, from the day he was born on a mid-Louisiana pig farm, he has fought for existence.

"I am Huey Long, the Kingfish of Louisiana," he will tell you. "I have lifted the yoke of grasping, broken-down aristocrats from the neck of Louisiana and given the state back to the people."

Now he figures the yoke of the aristocrats is on the neck of the nation and he is out to lift it.

## Farmers To Vote On Bankhead Act

WASHINGTON, Nov. 13 (AP)—Compulsory control of cotton production, most radical of the new deal farm plans, will face the acid test of a popular vote during the second week in December.

After a year's trial of the Bankhead act, which sought to limit production to 10,460,251 bales this year, the farm administration announced today that it will ask cotton farmers: "Are you in favor of continuing the Bankhead act for next year?"

The exact date on which the poll will be taken at 8,000 balloting points throughout the south has not been finally determined. It hinges now upon completion of printing of the ballots, information, and tally sheets.

Secretary Wallace, in a statement accompanying the sample ballot, declared results of the vote will have no effect on the voluntary control program which will be reopened for new signs in a few weeks. Program and benefit payments for acreage adjustment next year will continue on much the same basis as prevailed this year, he added.

"Cotton farmers must decide whether, in their opinion, the adjustment of cotton production under the voluntary contracts is sufficient to meet the requirements of the present emergency," the secretary said.

## Ted Clark Wins Arlington Race And Sets Mark

ARLINGTON DOWNS, Nov. 13 (AP)—Shattering the track record by two-fifths of a second, Ted Clark, N. C. Mooney's 4-year-old son of Chatterton out of Uncle's, won the \$10,000 added Waggoner handicap Saturday under a brilliant ride by Nickle Walt. The winner carried 109 pounds.

An estimated crowd of 30,000 persons saw the winner race one mile and a furlong in 1:49 flat on a sun-baked track that was exceptionally fast. Pot Au Broom's, with D. McCown up, finished second. Amazing, a field horse with F. Grill up, got third place.

Breaking like a shot and taking the inside rail before others reached the judge's stand, Ted Clark took command and easily held his advantage for a mile then weakened, but without Pot Au Broom's desperate rush.

Amazing was a strong factor after the first quarter but weakened near the end. Amazing, however, outstayed Rip Van Winkle, which finished fourth.

Ted Clark paid mutuels of \$21.80, \$13.70, and \$8.40.

It was Ted Clark's second victory here. He won the Arlington handicap by setting a new track record of 1:36 4-5 for a mile, and in that race paid a mutual of \$162 on each \$2 ticket.

## Month And a Half Old Boy Succumbs

Patrick Joseph Lyng, one and one-half months old, died at the home of his parents, Mr. and Mrs. Patrick Lyng on the Combs-Worley lease southeast of Pampa Friday afternoon. Mr. Lyng is with the Texas company.

The child is survived by his parents and one brother, Eugene, and three sisters, Patsy, Peggy, and Irene.

Funeral services were conducted at 4 o'clock p. m. yesterday in the chapel of the Pampa Mortuary with the Rev. H. E. Comstock, pastor of the Assembly of God church, officiating. Burial followed in Fairview cemetery.

A hunter near Kirbyville, Tex., killed a rattlesnake 61 inches long, four inches in diameter, weighing nearly 20 pounds and bearing 10 rattles and a button.

## THIS CURIOUS WORLD

By William Ferguson

IF THE ENTIRE PERIOD OF THE EARTH'S EXISTENCE WERE REPRESENTED AS ONE DAY OF TWENTY-FOUR HOURS, MAN, IN THE FORM WE KNOW HIM, TODAY, WOULD HAVE LIVED ONLY DURING THE LAST MINUTE.

**LUTHER BURBANK DEVELOPED THE WORLD-FAMOUS BURBANK POTATO THROUGH THE ACCIDENTAL FINDING OF A POTATO SEED BALL GROWING ON A VINE.**

The age of the earth is estimated by many scientists to be as much as two billion years. Nothing is known about the length of time which elapsed before the world came into being. True men of the Cro-Magnon type appeared only within the last 50,000 years.

## IT LOOKS LIKE CHAMPIONSHIP FOR FEATHERS

**OWLS HAVE ONLY ONE MORE TOUGH GAME AHEAD OF THEM**

DALLAS, Nov. 13 (AP)—It looks like the Rice Owls in this year's Southwest conference championship. The feathered tribe accomplished three things by beating the University of Arkansas, 7 to 0. They returned their undefeated season record, first place in the conference marathon and practically eliminated Arkansas from the race.

With three wins and no defeats, the Owls have only one more tough conference assignment, their clash with Texas Christian on November 24 at Huston. Every team in the conference except Texas as Christian and Rice is practically out of the running because of losses and ties. The latter counting one-half game won and one-half lost. In climbing to the conference pinnacle the Owls have smothered Southern Methodist, the University of Texas and Arkansas, three of the strongest entries.

As a result of today's games which saw Southern Methodist trample Texas A. and M., 28 to 0, and the University of Texas wreck Baylor with a 25 to 6 plastering, the Texas Christian Frogs moved into second. The Frogs played and won a 7 to 0 non-conference game from Loyola at New Orleans. It was a pre-game claim of wisecracks that if Arkansas failed to stop Rice the Owls would not be headed off in their determined drive for the championship. Arkansas failed, and now it looks like the first conference crown for the Owls.

Conference standing:

Team	W	L	T	Pct.
Rice	3	0	0	1.000
Texas Christian	2	1	0	.667
Arkansas	2	1	1	.625
Texas	1	1	1	.500
Southern Methodist	1	1	1	.500

## Month And a Half Old Boy Succumbs

Patrick Joseph Lyng, one and one-half months old, died at the home of his parents, Mr. and Mrs. Patrick Lyng on the Combs-Worley lease southeast of Pampa Friday afternoon. Mr. Lyng is with the Texas company.

The child is survived by his parents and one brother, Eugene, and three sisters, Patsy, Peggy, and Irene.

Funeral services were conducted at 4 o'clock p. m. yesterday in the chapel of the Pampa Mortuary with the Rev. H. E. Comstock, pastor of the Assembly of God church, officiating. Burial followed in Fairview cemetery.

A hunter near Kirbyville, Tex., killed a rattlesnake 61 inches long, four inches in diameter, weighing nearly 20 pounds and bearing 10 rattles and a button.

## Marian Gordon

by JEANNE BOWMAN

SYNOPSIS: Marian's husband, Lon Casad, will not believe Marian when she tells him that his employer, McSwain, is a crook, nor will Lon believe his wife when she says that she had proof of her assertion, and through Lon's stupidity, McSwain was able to steal it. In addition, although McSwain's daughter, is obviously in league with her father, Lon refuses to see that. Marian is starting to get a detective's help when she sees a man lurking nearby.

Chapter 31  
**HELP SECURED**

Marian's first impulse was flight, anything to place distance between herself and the man who had trespassed on their property and hidden when he realized he was being observed.

She measured the distance between the house and her hill top. For the first time it seemed miles away. In reality it was only a few yards. There was a revolver at the house.

Marian was not confused by her present trouble. After the first fright her mind worked with clear precision. That person behind the house was a Kanaka boy, dressed in the foppish town clothes they affected. . . . McSwain had Kanaka boys working for him . . . that was it.

He had seen her leaving the house, probably thought she was taking some short cut over the hill, and had started to follow. It didn't mean that she was in any immediate danger, it meant she was being followed.

She must go on some place now; do something to throw him off the track. She would walk to town, that would lead McSwain to believe she was merely going shopping. Once in there she would go to Waki's house, and see if his wife May would return with her, presumably to clean house. The two Japanese, man and wife had worked for her folks before they moved to the ranch and now had a small place of their own.

John King way would get word to John King . . . telephone . . . no, she would write him, but where was she going down the hill, taking a short cut she had never before thought of taking. She could hear Hero bark; her pursuer had evidently passed the house.

All the way into town she pondered on how to reach King without letting McSwain know. Among the cars which swished passed her, was one neat station wagon. Marian only glancing at it, believed the man who was trailing her, was in it. She saw it parked on the roadside a little further along, the man bending over the engine, as if having trouble with it. It passed her again as she neared town.

And then as she reached the main street she knew what she would do. Sanderson, her former city editor, had a brother who had recently purchased the valley's weekly paper. She would go in there, write a letter to John King and have Sanderson mail it.

She found Sanderson in his office, explained that she had been having prowlers around her house and wanted to reach this detective friend of hers without anyone's knowing what she was doing.

He was eager to help her, took her into an inner cubby-hole he used as an office and left her there to write her letter. He returned with excitement in his manner.

"Say, Mrs. Casad, there's a Kanaka boy outside and I'll bet a dollar to a bunch of spinach he's got his eye on you."

"Probably," returned Marian calmly.

"Then listen, while you're about it, write me a little squib about the valley and if there's any questions asked I can say you were doing a yarn for me."

"Fine," Marian agreed, and did as he suggested.

"I hope you'll be run in here again," said Sanderson when he read it. "It'll feature this next edition."

"And be sure no one sees you mail this," she begged as she left the letter with him.

The Waki's were delighted to see her. While the little woman dressed, Waki took her about his garden, then showed her with great pride the car in which he would drive her back to the lodge.

They stopped in town again for Marian to do some shopping, and Sanderson, casually meeting her at the green-grocer's, told her the Kanaka had stopped in soon after she left, supposedly to ask for the most recent copy of the newspaper.

## Football Player Is Seriously Injured

EL PASO, Nov. 13 (AP)—Charles Leomons, 16-year-old Phoenix high school griddler, was dangerously injured here during a game between El Paso high and Phoenix, won by El Paso, 44 to 13.

Leomons, a substitute center, received a dislocated vertebrae when he tackled an El Paso ball carrier early in the contest. Although the vertebrae had been put back in place tonight, Leomons was numb from his neck down and his condition was considered critical. Physicians said he probably would have to wear a cast for several months if he survives the injury.

# MAJOR TEAMS NOW UNBEATEN REDUCED TO 6

## MICHIGAN STATE AND TULANE VICTIMS ON SATURDAY

NEW YORK, Nov. 12. (AP)—It is Minnesota, Alabama, Navy, Princeton, Syracuse and Illinois against the football world today.

Sole major college teams neither beaten nor tied, these six stood at the top, wondering anxiously whether the luck would hold to the end of the season.

Navy and Syracuse were in especially precarious positions. The fans could look back with considerable satisfaction to their fine performance of Saturday when they capitalized on two scoring opportunities and whipped Notre Dame, 10-6, although outplayed by a wide margin.

Syracuse, victor over Michigan state, 10-0, in a tussle of unbeaten eleven, now faces its annual duel with Colgate's Red Raiders who put on a grand aerial show in handing Tulane its first defeat of the season, 20-6, here Saturday.

Minnesota's Gophers, regarded by some critics as the nation's most powerful array, have only Chicago this week and Wisconsin next to finish with a perfect record and at least a share in the Big Ten title with Illinois and Purdue as possible co-holders.

Princeton, with Yale and Dartmouth still remaining, and Alabama, still to face Georgia Tech and Vanderbilt, both were odds-on choices to finish their regular campaigns with perfect records.

Rated on close to even terms, if not right up with these gridiron giants, were such stalwarts as Stanford and Santa Clara in the far west; Rice in the southwest; Louisiana state in the south; and Pittsburgh, Colgate and Pop Warner's Temple Owls in the east.

Stanford, the only blot on whose record is a tie with unbeaten Santa Clara, seems to be heading straight for the coast conference championship and another Rose Bowl assignment. The Cardinals, with big Bobby Grayson again leading the charge, snowed under Washington, 24-0, and now has only the Olympic club this Saturday and California next week to hurdle.

California did not show enough in its 7-2 triumph over Southern California to warrant any belief the Bears can halt Stanford.

The sectional lineup for this week follows: East—Yale, beaten by Georgia, 14-7, for the fifth successive time, seems to have small chance of stopping Princeton, sweeping toward its second undefeated campaign in a row. The Syracuse-Colgate battle looks like a tossup from any angle it's viewed, and the Pitt-Navy angle comes under the same heading.

Otherwise, Fordham, pressed to whip West Virginia, tackles Purdue in an outstanding inter-sectional game, while Dartmouth and Cornell, Brown and Holy Cross, Penn and Columbia, West Virginia and George Washington, Carnegie and Duquesne, and Bucknell and Western Maryland, are colliding in all-eastern contests.

Middle west—Minnesota and Illinois seek to maintain their perfect records against Chicago and Wisconsin, respectively, while Ohio state, which "murdered" Chicago, plays Michigan, Northwestern encounters Notre Dame, and Indiana tackles Maryland. Nebraska returns to Big Six competition against Kansas, while Kansas State, co-leader with Cornhuskers, battles Oklahoma.

Far west—St. Mary's game with U. C. L. A., today opens a colorless schedule, marked by conference games involving only Southern California and Oregon; California and Idaho, and Oregon State and Montana. Stanford meets the Olympic club as a tuneup for the finale against California.

Southwest—Rice, the undisputed leader after its 7-0 victory over Arkansas, should get past Texas A. and M. easily but close competition looms in the Texas Christian-Texas and Arkansas-Southern Methodist games.

South—Alabama, Tulane and Louisiana State all will be expected to move ahead in southeastern conference games with Georgia Tech, Kentucky and Mississippi, respectively. Other conference games involve Auburn and Florida, and Vanderbilt and Tennessee. North Carolina and Duke and matched in a crucial southern conference game while Washington & Lee, the other contenders, plays William and Mary of the Virginia conference. Maryland and Virginia Military today, and Virginia Poly and Virginia on Saturday complete the conference card.

Georgia plays North Carolina State in an inter-conference engagement. Rocky Mountain—Despite the tie with the Colorado Aggies, Utah Aggies continue to lead the parade. They play Colorado Mines next while Utah, beaten by Colorado university, meets the Colorado Aggies, Colorado university, meanwhile, will play Colorado college while the Colorado Teachers, possible contenders, battle Wyoming.

Joe Kopecky, old campaigner and a favorite in this section despite his unorthodox wrestling system, will return to the Pampa mat Tuesday night when he meets Cleyone Bobby Burns, Tennessee's gift to the wrestling game. The two will tangle in the main event at the Plamor auditorium.

Burns is recognized as one of the outstanding middleweights in the nation. He has taken on all comers, with the exception of Gus Kallilo, and he has been chasing the champion all over the country. Burns arrived in the Panhandle after Kallilo had left for Honolulu.

The cotton picker, Gentleman Joe Kopecky, has been touring the central states for many months. He took all the money out of the cotton towns in Mississippi, Louisiana, and Alabama, and then headed for the Panhandle for the winter season. Kopecky is in great condition and should give Burns a merry evening.

The big main event will be supported by a semi-final between Jack Purdin of Florida and Art Perkins of Detroit. The Detroit flash will be outweighed but he is used to that handicap.

Sonny O'Sullivan of Kansas City will tangle with Lobo Brown of Amarillo in a preliminary, getting under way at 8:15 o'clock.

Walter Sullivan, Louisiana State—His 62-year run led to touchdown that beat Georgia Washington 6-0.

Archie Williams, California—Ran 28 yards for touchdown and kicked punt to beat Southern California, 7-2.

Former Star Slain—JACKSONVILLE, Fla., Nov. 13 (AP)—Carl Schuman, 23, former star guard of the University of Florida football team, was shot and killed by a negro holdup man while his fiancée tried to aid him.

Schuman and Miss Dora Browning, sitting in a store which he operated, were discussing plans for their wedding next month when the gunman entered. Schuman grappled with the holdup man and Miss Browning clubbed him with a bottle. The negro escaped.

## RICE TO PLAY TEXAS AGGIES ON SATURDAY

### TEXAS CHRISTIAN AND LONGHORNS WILL MEET

By BILL PARKER Associated Press Sports Writer. This week's three conference games may determine several important issues in the Southwest conference.

The University of Texas and Texas Christian battle Saturday at Fort Worth will definitely erase the loser from the race. It is a "ditto" for the University of Arkansas and Southern Methodist combat at Dallas.

Victorious over Southern Methodist, the University of Texas and the University of Arkansas, the Rice Owls proved their scoring power again Saturday at Fayetteville when Bill Wallace tossed a ten yard pass to John McCauley for a touchdown and a 7 to 0 victory over Arkansas.

Concerning today's challenge to the Red Cross, W. M. Baxter Jr., St. Louis manager of the midwestern area, writes as follows: "The Red Cross has continued its normal activities. Soon the organization will open its thirteenth annual roll call. During that period it will extend an invitation to every adult citizen to enroll. While economic conditions must be reckoned with they are not the determining factor in the results of such a campaign."

## Plemons Noses Out Junior High By Freak Score

The Plemons high school football team nosed out a 6 to 0 win over the Pampa junior high eleven in Plemons Friday afternoon.

Plemons will come to Pampa for a return game Friday afternoon at 2:30 o'clock. A small admission price of 15 cents for students and 25 cents for adults will be charged to defray expenses of bringing the Plemons team here.

The little Pampa players hit the line and ran the ends with Graham, 100-pound quarterback, being the outstanding player on the field. The midget worked a spinner every time he carried the ball, but was unable to get across the goal line because of penalties and a fumble. Carr, halfback, also made some nice gains for the Pampans.

**THE BLUE AND THE GRAY**  
FRANKFORT, Ky.—Heroic statues of Abraham Lincoln and Jefferson Davis—Lincoln looking to the north and Davis to the south—will stand back to back in the rotunda of Kentucky's state capital. The Lincoln statue, a gift from the late J. E. Speed, has stood in the rotunda for 23 years. The state legislature appropriated \$5,000 to be supplemented by private subscriptions, for the Davis statue. Kentucky gave both the Confederacy and the Union their presidents, and furnished soldiers to both armies.

From 636 whales two companies operating off the coast of Alaska derived more than 28,000 barrels of oil and 2,000 tons of by-products this season.

Haleakala (House of the Sun), an extinct volcano on the island of Maui, Hawaii, is more than 10,000 feet in elevation and has a crater measuring 3 by 8 miles.

**REVIEWS and NEWS OF CURRENT BOOKS**

*The Bookworm*

(Editor's Note:—This section of THE NEWS is dedicated to the betterment and furthering of literary efforts in Pampa and the North Plains. All bits of poetry, contemporary comment on books, and their authors, and reviews may be submitted for publication, and will be appreciated. The Literary Editor reserves the privilege to reject or edit.)

**"MY CONFESSIONAL,"** by Havelock Ellis; (Houghton Mifflin)

Favelock Ellis has turned to his correspondents for material. "My Confessional" is a set of little essays, each predicted on a question or a statement from a letter. Some of the kernels from which he grows his pieces are odd. Witness: "Will you kindly give me a little knowledge on the biological, social, moral, and eugenic reasons why I should love a woman?" And a young American (the first question came from Springfield, Mass., by the way) writes Ellis attacking the latter's advocacy of eugenics. The result of the eugenics remark is a delightful essay on the transitory nature of opinions. Ellis was not, he declares, much "put out" by the attack. After a little thought he remembered an article he had written long before in which eugenics comes a piece on Betty's baby. And a literary agent writes Mr. Ellis from Paris that he had been unable to place Ellis' "The Dance of Life" because French publishers felt it would be too sentimental for their public.

That opinion caused me surprise, and a little amusement. It contrasted so strongly with the charges I had for many years been accustomed to hear brought against the work of one who, it was sometimes declared, had in the most outrageous manner torn away the veils of sentiment to reveal the actual facts of life.

Some of the remarks turned up will surprise many. This one, for example: "The dance is the final justification of Man, and the justification of whatever Power it was that made Man." All in all, the book is like a series of 5-minute chats with Havelock Ellis. Many persons would cross the ocean for one such chat, and there are 71 in the book.

**AMONG THE NEW BOOKS.**  
By Mae Stevens Isaacs, Canadian, Texas.

Ruth Suckow's **THE FOLKS** is receiving so much favorable comment from the press across the country that the increasing sales seem to indicate it as a great best seller for this autumn.

Carl Marmer's **STARS FELL ON ALABAMA** sales are such that the sixth printing is off the press and a seventh has been ordered.

**ANTHONY ADVERSE** has become the great best seller in English. Bridge fans will be interested to learn that Major Barton's book, called **THE BARTON SYSTEM OF CONTRACT BIDDING** has been edited by Middleton Blake for American readers and has recently been published by Farrar & Rinehart. Mr. Blake is in charge of the Bridge Rooms at the Park Lane Hotel (New York City).

Publication of Fulton Oursler's new novel, **JOSHUA TODD**, has been postponed until January. Christa Winsloe, author of **MAEDCHEN IN UNIFORM**, has recently returned from abroad bringing with her the manuscript of her new novel, **Henry Seidel Canby**, author of **THE AGE OF CONFIDENCE**, will appear in Cleveland and Detroit at the Book Fair at Halle Brothers and J. L. Hudson company during Book Week.

R. C. Hutchinson, author of **THE UNFORGOTTEN PRISONER**, one of last season's best sellers, has just finished another novel the title of which will be announced later.

Faith Baldwin is now in Hollywood where she is at work on a picture for Metro-Goldwyn-Mayer. Her new novel, **AMERICAN FAMILY**, is to be published by Farrar & Rinehart in January.

**GREAT RICHES** is the title of the latest by Mateel Howe Farnham, who has previously written several books, including the prize novel, "Rebellion."

**FHA DIVIDED INTO TWELVE NEW REGIONS**

**SAMUEL SAYERS WILL BE DIRECTOR FOR THIS DISTRICT**

WASHINGTON, Nov. 12 (AP)—A new setup all its own, to handle insurance of mortgages on new houses, was announced today by the housing administration.

The FHA had paralleled the national emergency council, and used some of its men, but today it announced the division of the country into 12 regions and the appointment of 11 regional and 48 state directors.

Deputy Administrator J. Howard Ardrey is in charge of the work and selected the directors.

The first step, it was stated, will be the listing of lending institutions which will be able to make insured loans. These may be banks, loan companies and other financial corporations, but must be approved by the administration before they will have any assurance of being able to get insurance.

The modernization and repair of the housing act has been in operation approximately 90 days. During that period 36,098 loans totalling \$15,300,000 have been reported by banks for insurance. These are known as character loans and do not involve mortgages.

The mortgage insurance plan just getting under way is a long-range housing plan which the administration hopes will result in billions of dollars of new housing being constructed during the next few years. Loans up to 80 per cent of the appraised value of property, but not exceeding \$16,000, will be insured for premiums ranging from half of one per cent to one per cent. These loans must be made at not over 5 per cent interest.

The regions and the regional directors include:

Eighth—Oklahoma, Texas, New Mexico, Walter D. Cline (813 National bank building), Dallas.

Field officers of the administration other than the regional and deputy regional directors include:

New Mexico: J. V. Duffin, state director, Santa Fe.  
Texas: Tom B. Yorbrough, state director, Fort Worth. Robert A. Stuart, deputy state director, Fort Worth. Northwestern district: Galway Calhoun, district director, Dallas. Mabry Seay, associate district director, Dallas. Southeastern district: Samuel R. Sayers, district director, Houston. Southwestern district: Richard A. Tullis, district director, San Antonio.

Three million people are estimated to have died of typhus in five years following the World war. It is carried by body lice.

**America Suffers Eighty Times Each Year From Major Disasters, Red Cross Reports**

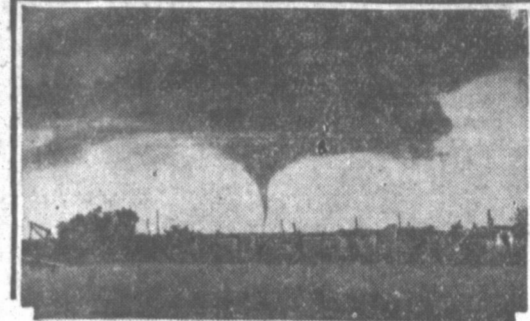

**RECORDS** which date back a quarter of a century listing the disaster relief operations of the American Red Cross show that an average of eighty major catastrophes, menacing life and property, occur each year in the United States.

The type of disaster hazard of greatest frequency is the tornado. Red Cross records show that these dangerous windstorms, originating largely in the hills and mountains of the Middle West, occur most often in the spring months, but also may wreak havoc in southern states in winter months.

During the past year 25 such storms occurred. For the first time in decades the frequency of the tornado was equalled by another type of catastrophe—forest fires. Due to the drought stricken condition of the west, 25 grave forest fires occurred and but for the vigilance of various agencies, including the forest rangers, the Red Cross and the work of the Civilian Conservation Corps, vast acreage of forests would have been denuded by the flames.

Red Cross records show, however, that the two most devastating disasters of the year resulted from a hurricane and tidal wave which struck the Gulf Coast of Texas, taking 36 lives and a freak flood which washed down from the mountains in Los Angeles County sweeping 44 persons to death.

The tornado is the most frequent catastrophe causing loss of life and property. These remarkable photographs show three stages of one of these storms which struck in Oklahoma.

A new record for frequency of hurricanes was established during the year when the Weather Bureau recorded 21 of these tropical cyclones. Five reached the United States mainland, striking between August 4 and September 16, 1933. For the first time in many years one of these tropical disturbances caused devastation as far up the Atlantic Coast as Maryland. In the latter storm the Red Cross aided 1,564 families, of whom 1,069 were in the Chesapeake Bay region.

In all, 32 states suffered some type of disaster during the year. The Red Cross aided 119,000 persons in these states and expended \$1,567,048 in relief to them. Of this sum \$647,300 was appropriated from the treasury of the national organization.

Serious floods in Idaho, Washington and in Iowa; a malarial epidemic in Louisiana; typhoid in Vermont; a

school bus crash in Florida, which killed eleven children; and two explosions—one of oil tanks in Rhode Island and another of a sawmill boiler in Missouri—all required their measures of Red Cross assistance.

An important task undertaken by the Disaster Relief Service of the Red Cross during the year was development of broader preventive measures against catastrophes, through holding 28 training schools in which were assembled more than two thousand persons. They discussed particular hazards of the areas represented, and plans for meeting calls should disaster strike.

All of the Red Cross disaster work is supported through the annual roll call, held from Armistice Day to Thanksgiving. By joining the Red Cross as a member every adult citizen participates in this vital humanitarian work of relief.

**EMERSON BAND TO RETURN TO PLAMOR SOON**

What is billed as "the peer of all dance bands" will furnish the music for an Armistice dance at the Pla-Mor auditorium Monday. Ralph Emerson and his Gulf Coast recording orchestra will return to Pampa for the big gala Monday night affair.

The dance will be a balloon dance and the regular price of 25 cents admission and 5 cents per dance will be charged.

Emerson and his orchestra has provided music for dances in Pampa previously and many have claimed that his was the best orchestra which has played in Pampa. The orchestra is a national favorite, containing eleven of America's leading musicians, and is conceded by many to be the biggest dance attraction of the year.

The orchestra is a favorite of the Hotel Holt, Wichita Falls; Capitol Beach, Lincoln, Neb.; Club Ticondo, Chicago; Del Rio, Dallas; Rosehill Club, New York; and the Venetian Ballroom, Lake County, St. Joseph, Mo.

A big evening is planned for those who attend the ballroom dance at the Pla-Mor Monday night. Plans are being made to care for a large crowd and to provide for a "large" evening. (Adv.)

**Banker Returns From Woods Hut To Face Charge**

CHICAGO, Nov. 12 (AP)—A banker turned hermit emerged from his two-year hide-out from the law to face justice today.

He is Nicholas A. Schwall, absconding Wilmette bank cashier charged with a \$56,000 embezzlement, who awaited his arraignment in federal court with the assertion: "I am glad it is all over. I want to pay my debt and be finished with it all."

He wept, however, when he asked eagerly for news of his family, and was told that his mother is dead. His brothers told him they had broadcast word of his mother's death in hopes that he would hear it. But Schwall said he had no money to buy a radio; that he had lost everything in investments in the companies of Samuel Insull.

From the time of his disappearance soon after the closing of the First National bank of Wilmette, where he was employed as assistant cashier, Schwall lost nearly all contact with the outside world, fleeing to a shanty in the depths of the Wisconsin woods near Conover.

and his hands gnarled, Schwall confessed his real identity to his captors and explained he earned a livelihood clearing timber.

**Fair enough**

**WE** tell you that Chesterfield Cigarettes are made of mild, ripe tobaccos. We've told you about the paper—that it's pure and burns right, without taste or odor.

We have said that Chesterfields are made right. The tobaccos are aged, then blended and cross-blended, and cut into shreds the right width and length to smoke right.

These things are done to make what people want—a cigarette that's milder, a cigarette that tastes better—a cigarette that satisfies.

*You can prove what we tell you about Chesterfield. May we ask you to try them—that would seem to be fair enough.*

*Strictly on their merits*
