LIGHTS GO OUT AT GALVESTON; WIND BATTERS

HEAVY BLOW EXPECTED BETWEEN GALVESTON AND PORT ARTHUR

HOUSTON, Aug. 27. (AP)—High tides and strong winds, forerunners of a Gulf storm, struck the Texas coast from Port Arthur to the west end of Galveston Island at noon today, Government weather observers predicted that the center of the disturbance would pass inland near Galveston in a few hours.

Telephone reports to Houston said that the wind was blowing 40 miles an hour out of the north at Galveston at noon and that the rain was falling in a deluge. The barometer was 29.68, having dropped steadily from 29.84 at 8 a. m. The wind has uprooted small trees in the residential section and crippled street car service, it was reported.

Power lines of the Galveston-Houston Electric company went out of service at 11:05 a. m. and an Interurban was stalled at the mainland end of the causeway.

While the tide was some higher than usual, there was little danger from the surge, G. E. Rumsel, weatherman, said. A coast guard patrol boat was rushed shortly before noon to the aid of a crew of 76 men aboard a dredge tied up in the ferry channel in the Bolivar road. The men were to be removed as a precautionary measure in view of the fact that the dredge was in danger from high tides and wind.

Third attack group officials at Fort Crockett near Galveston joined other agencies in spreading the warning of the approaching storm when a plane was sent out from the airport to notify citizens in towns along the Texas coast west of Galveston.

Officials of the Galveston-Houston Interurban lines announced that traffic was unusually heavy this morning as many persons evacuated the city in face of the storm warning. The last car to leave Galveston before the power lines went down was at 10 a. m. At that time two cars were operated to care for the large number of passengers. The chamber of commerce, co-operating with the Red Cross corps sent a squad of members to scour both the east and west beaches and other rendezvous of campers, warning them to leave for safer ground.

DALLAS, Aug. 27. (AP)—City electric power in Galveston, failed at 10:43 a. m. because of the hurricane, Southwestern Bell Telephone company employees reported. Efforts to get into Galveston via long distance from Fort Worth were ineffective at 12:15 p. m. the telephone company operator reported the hurricane was "hitting badly."

DALLAS, Aug. 27. (AP)—The wind was high but no apprehension was felt at Galveston because of the approach of a Gulf hurricane. Silas B. Ragsdale, managing editor of the Galveston News and Tribune, said in a telephone conversation at 12:30 p. m. City electric power remained off at that hour.

CAR, TRUCK STOLEN
Officers today were seeking to recover a car and a truck stolen here during the week-end. J. W. Thompson reported theft of his 1934 Chevrolet truck and Earl Noel of his 1931 model Buick coupe.

SHOWERS CONTINUE
Gentle showers from overcast skies accounted for rainfall totaling one-third of an inch up to noon. A drizzle continued this afternoon. Roads are passable but slippery.

I SAW--
Only tracks of the thief who stole two quarts of milk and a pound of butter off my front porch early Sunday morning. The stinky cans might have left one bottle, anyway. Others who had milk stolen from their doors yesterday included Carl Brashears and F. C. Oden. My next door neighbor's boy, young Doyle Auld, had a bicycle stolen. Wonder how many quarts of milk were stolen Sunday morning? Call me up.

Ernest Caba back from New York City where he attended Columbia university this summer. "Do I look like a hick?" he asked. I admitted it might be possible, and he said a Golman crook evidently thought so because he picked his, Ernest's pocket, of a purse containing \$15 in Times Square one night.

Decency League Pledge Cards To Be Circulated Here
To create a sentiment for better motion pictures, the Pampa League of Decency today decided to order 5,000 pledge cards for local distribution.

It is not a boycott, but an effort to secure the pledges of citizens not to patronize pictures deemed unfit. The pledge cards will be obtained from the Federated Council of churches.

A committee composed of Rev. John Mullen, Rev. Gaton Foot, Rev. Joseph Wonders, Philip Pond, and Mrs. J. B. Townsend was appointed to seek advance information concerning desirable and undesirable pictures. This will not, however, be a censorship board.

Others present today were Rev. C. E. Lancaster, Rev. Lance Webb, L. L. Sone, R. A. Selby, R. B. Fisher, and Mrs. Annie Daniels. Supt. Fisher was asked to present the subject to the civic clubs this week.

Mr. and Mrs. A. N. Dilley Jr. and daughter, Dorothy Ann, have returned from a vacation trip to Colorado.

THE PLAINSMAN in Lubbock Journal—It's easy to recognize a genius. He always needs a haircut.

J. C. ESTLACK in Donley County Leader—If some method could be devised to absolutely stop mudslinging in a campaign, a lot of candidates would be dumb.

JOHN McCARTY in Dalhart Texas—When you agree with a newspaper and its news policy the paper is fair and the editor is a fine fellow, but when you disagree, as a general rule, the same paper is unfair and the same editor is not so hot. That is an old newspaper saying which as a general rule, works out.

C. N. C. in Wellington Leader—I saw Dave Jones wondering how long it takes to become an old settler—he's afraid he won't live that long.

SHAMROCK TEXAN observes that nobody complained about mud being tracked in.

D. A. DAVIS in McLean News—Why do all the country folks come to town Saturdays and take up all the parking space on Main street so our town fellows can't find a place to park when we come down with our cars to watch the crowd go by?

O. L. D. TIMER in McLean News—I wish to say that the man that stops his home paper because he disagrees with the editor, is highly prejudicial and un-American and does not believe in a free press and free speech.

HONEST BILL in Spearman Reporter—The Spearman Reporter is offering \$1.50 each for any nationally known mail order catalogue that was shipped into Spearman this week. The regular price of the Reporter is \$2.00 a year. Any individual who will bring us one of these new catalogues and fifty cents on Saturday afternoon, August 25, election day, will be credited with a full year's subscription. If the Reporter gets a very large number of these catalogues we will make a big bon fire with them in front of the office while the election returns are being posted.

JOHN L. McCARTY in Dalhart Texas—I read where members of the Dillinger family are going on the stage. It is regrettable that they should do so. The quicker we forget persons of the type of Dillinger, the better it is for our country. Dillinger's father is said to be a fine type of Christian man, but his son certainly cut a black path of crime across this country, killing almost a score of officers and others who chanced to get in his way. Criminals should be pruned out of this country just like a nurseryman prunes a rotten limb from a tree or cuts the weeds out of the orchard. Every person convicted the second time of a felony should be sterilized.

Danciger Brings In 1,254-Barrel Well In County

BY GEORGE L. GUTHRIE
Consulting Geologist, Combs-Worley Bldg.

Danciger Oil and Refining company completed a good well over the week end. No. 11 Powell-Beck in section 28, block B-2 Gray county averaged 1,254 barrels daily flowing on five day test.

Several other wells were brought in and given temporary potentials while they are getting ready to test.

Cambrian Oil company No. 3 Cambrian Oil company No. 3 Webb in section 62, block 25, H&GN, Gray county, has a temporary potential of 300 barrels.

Skelly Oil company No. 16 vicars in section 127, block 3, I&GN, completed testing with an average of 192 barrels daily.

Kewanee Oil and Gas company No. 1 Morgan in section 149, block 3, I&GN, was given a temporary potential of 300 barrels.

Wilcox Oil and Gas company No. 32 Combs-Worley in section 35, block 3, I&GN, has a temporary potential set up of 850 barrels.

One new location was filed over the week end. No. 1 Worley-Combs was started by the Gulf Production company. It is 330 feet from the south line and 262 feet from the east line of the south west quarter of section 58, block 3, I&GN survey, Gray county.

In Wheeler county the Texas company is starting a test on its No. 2 Keller in section 48, block 24, H&GN. It is flowing and was given a temporary potential of 1,200 barrels.

SPECIAL SESSION OPENS

Officer Wounds Refinery Employee, Fleeing After Arrest

MISTAKE MAY HAVE CAUSED AFFAIR HERE

NO CHARGES FILED AND MAN RELEASED TODAY

Circumstances surrounding the wounding early last night of J. C. Woodall, employe of the Danciger refinery, were under investigation today, as well as evidence of an Amarillo robbery which led up to the affair. No charges have been filed.

Woodall was shot by Younger Cockerell, deputy constable, when he ran from the sheriff's office where he had been taken after being arrested by the officer on the south side. When the fleeing man did not obey an order to halt, Cockerell fired once, followed by two more shots as the fugitive continued to run. The officer said he was firing "at the heels" of the man.

Arm is shattered. Woodall was not serious, but another bullet struck him in the left forearm and ranged downward to the wrist, breaking one of the arm bones and fracturing it. Physicians said it was a "bad break."

Woodall was arrested for investigation in connection with an Amarillo robbery and was to have been held until today, when Clark Cain, Amarillo chief of detectives, was to view the suspect. The description of the wanted man was said by Cockerell to coincide with that of Woodall, who maintained his innocence.

When Woodall asked on what charge he was to be held, he was answered "easily" by the officers to keep him from knowing what the state expected to prove. With two other suspects at large, officers refused to let Woodall use a telephone, lest he tip the others.

Feared for Job. Woodall was to go to work at the refinery at 1:30 a. m. today. He became fearful he would lose his job, he told an attorney, and was puzzled and alarmed by a remark by one of the officers at the courthouse that he "could be fined for being where he was" on a south side street. When he was left alone for a moment, he ran his attorney said, hoping to be able to report for work.

Cockerell ran after him as Woodall ran outside the east entrance from the sheriff's office and turned north on the walk outside. The officer said he cried "Halt!" three times then fired at the man's heels.

Man Is Overtaken. Woodall turned south at the northwest corner of the courthouse and ran into a railing, where Cockerell seized him as he reeled backward. The injured man was given emergency treatment by Dr.

Gasoline Price-Fixing Group To Meet Wednesday

Representatives of oil refineries, jobbers, and service station operators are urged to attend a meeting in Amarillo at 9 a. m. Wednesday, Aug. 29, at the Herring hotel to organize a gasoline stabilization committee to represent this district in a national-wide setup.

It is the purpose of the national-wide organization to stabilize gasoline prices and prevent it from selling below cost, according to F. A. Howard, chairman of this district. A Mr. Rew and a Mr. Dyer, members of the Texas state committee, will attend the party.

Countries to be represented are Oklahoma, Sherman, Hansford, Ochiltree, Moore, Hutchinson, Dallam, Potter, Carson, Deaf Smith, Randall, Armstrong, Donley, Parmer, Castro, Swisher, Briscoe, Gray, Roberts, Hemphill, Wheeler, and Lipscomb.

CHORUS TO MEET
The first fall session of the Philharmonic choir will be held at the First Methodist church to-night at 8 p. m. Rehearsal of Handel's "Messiah" will be begun. This will be presented in collaboration with the Amarillo chorus for programs in the two cities.

MAN IS DEAD FROM STINGS OF HORNETS

Commits Suicide By Sitting Nude In Midst Of Thousands of Stinging Hornets

TAMPA, Fla., Aug. 27. (AP)—Death was the goal sought by Ramon Perez and he attained it by sitting nude in the midst of thousands of hornets.

Their poisonous stings proved fatal to Perez, 34-year-old cigar maker without work, last night after hours of agony. His body in some places was swollen to more than twice normal size by the stings.

Perez first attempted to kill himself, his relatives said, by jumping into Hillsborough river. He remained in the water just a few minutes and then swam out.

Later he left his home and went to an adjoining lot which was infested with hornets. There Perez removed his clothing, sat down in the midst of the swarming insects and refused all pleas to come back home.

Someone called the fire department and firemen began burning weeds in order to smoke out the hornets.

When the weeds started burning, Mrs. Perez rushed to her son's side and dragged him from the lot. He had sat among the hornets about 10 minutes. She was attacked by the hornets also but fought them off.

The firemen reported they dove thousands of hornets from the field with smoke.

Teachers Asked To Register At Relief Office

All unemployed teachers in Gray county interested in employment through emergency classes are requested to register with Mrs. W. H. Davis, county relief administrator, at once.

The number of teachers and subjects they can teach must be known before further action is taken toward establishing the school for adults.

Mrs. Davis and school officials met at length this morning and reached the above conclusion. Present were Supt. R. B. Fisher, Supt. C. A. Crier of McLean, Supt. M. L. H. Baze, of Hopkins, and Alex Schneider, president of the relief board.

TWA Plane And Flier Are Safe

ALBUQUERQUE, N. M., Aug. 27. (AP)—A telegram was received at the Transcontinental Western Air, Inc., airport today from Pilot Earl Fleet of Kansas City, saying he had safely landed his plane at 1:30 p. m. Sunday at La Chapelle, N. M.

Fleet's telegram gave no further information regarding his forced landing.

Richberg Declares NRA Was 'Dominant Influence' In Business Advance.

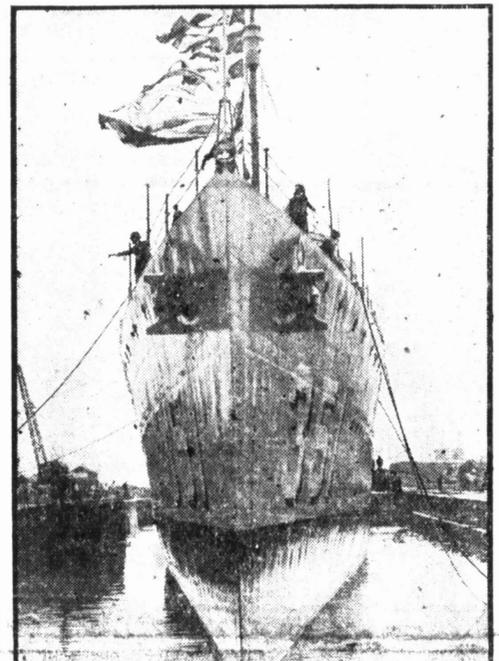

WASHINGTON, Aug. 27. (AP)—President Roosevelt has received a report saying employment has increased 4,120,000 since he took office.

The document, submitted by Donald R. Richberg as head of the executive council, also cites figures to show a substantial business advance and declares that in this improvement NRA was a "dominant influence."

"Reliable figures," said the report made public last night, "indicate that 40,180,000 persons were employed in the United States in June, 1934, an increase of 4,120,000 over the low figures of March, 1933, and an increase of 2,320,000 over June, 1933. The latter in-

RAILROADS ASK INCREASE OF 3 CENTS PER HUNDRED POUNDS ON GRAIN, OTHER FARM PRODUCTS

Petition Takes Shot At Coordinator Statute

WASHINGTON, Aug. 27. (AP)—The larger railroads of the country asked the interstate commerce commission today to authorize an \$170,000,000 increase in the nation's freight bill.

Citing mounting costs, they pleaded for a general increase on every commodity and class of freight, ranging upward to 10 per cent on first class freight. They said an estimated \$293,000,000 increase in costs in 1935 would "jeopardize" the solvency of a larger number of important railway systems unless relief is given.

The proposed boosts touch all manufactured products, major farm products which of recent years have been exempted from increases, and products of forest and mine.

The petition was filed by the Association of Railway Executives for all class 1 carriers—railroads doing \$1,000,000 or more business.

SHARP LEADS LATTIMORE BY 12,000 VOTES

Allred Says Texas Won Election; Issues First Statement Since Run-Off.

DALLAS, Aug. 27. (AP)—The latest tabulation by the Texas Election Bureau, of returns of the run-off primary Saturday, gave Attorney General James V. Allred a lead of 45,478 votes over his opponent, Tom F. Hunter.

The count was 487,266 for Allred and 441,788 for Hunter with 156 counties complete out of the 250 counties which have reported their returns.

The only other race on which the election bureau made a tabulation at 11:15 a. m. was that for associate justice of the supreme court. John H. Sharp of Ennis was credited with 432,309 votes in this contest and Hal S. Lattimore of Fort Worth with 419,789.

Returns were dribbling into the election bureau very slowly and tabulators said it was unlikely another count would be made until late in the afternoon. Practically all votes cast in the election have been accounted for.

Allred Thanks Friends. WICHITA FALLS, Aug. 27. (AP)—James V. Allred today credited his nomination for governor to the "unselfish sacrifices and untiring efforts of a host of loyal friends."

In his first formal statement since being apprised of the democratic voters' action, he said:

"Practically complete returns indicate my nomination for governor by a majority of approximately 50 per cent. It is to a host of friends, the standard bearer of a party which has ever borne the burdens of the common people. This battle could not have been won, however, without the unselfish sacrifices and untiring efforts of a host of friends. May I assure them of my heartfelt appreciation.

"The joy of winning is somewhat

Youth Charged With Criminal Assault In City

A series of night rides by a party of young Pampans had an aftermath in court today.

A local youth was charged with criminal assault on the testimony of a 14-year-old girl. The young man made a statement to the county attorney.

The statement said the party had been "necking" at intervals during the evening, part of the time near Harvester park and at other times on country roads.

When it broke up, the couple involved remained, the statement said, because the girl had told her mother she was going to a show and she didn't wish to reach home before 11 p. m.

There were drinks, but the 14-year-old girl did not drink. Her escort did.

The accused youth was to be arraigned today.

Parents Refuse To Permit Son With Infected Leg To Be Taken To Hospital.

FORT PAYNE, Ala., Aug. 27. (AP)—Parents of Wallace Doyle Sharp, 8, today refused to allow a physician to take the child to a hospital at Gadsden, Ala., for an operation on his infected leg after they had been warned that further delay might prove fatal.

More than 150 persons surrounded the Sharp home this morning, praying for a "faith" cure of the infection which had swollen the boy's leg to twice its normal size.

Deputy Sheriff Rufus Smith and Dr. R. J. Guest, who went to the Sharp home today to take the child to a hospital for an operation on the leg, were informed the boy "will never be taken from this house except by force."

ASKS ISSUANCE OF \$9,500,000 IN BONDS NOW

GOVERNOR DECLARES SITUATION IS CRITICAL

AUSTIN, Aug. 27. (AP)—Governor Miriam A. Ferguson today urged the legislature to promptly authorize issuance of \$9,500,000 in state bonds so that relief could continue without interruption.

The governor's first message to the special session declared the relief situation was critical and that issuance of the \$9,500,000 in bonds, all that remains unsold from an authorized issue of \$20,000,000 would be inadequate to meet anticipated needs. She estimated requirements at \$35,000,000 with only \$19,000,000 in sight.

The message hinted that additional subjects would be submitted if the relief question was solved with dispatch.

In connection with this call I beg to advise that official discussion with the Texas relief director develops the fact that funds now available will be fully exhausted by October 1, the message stated.

"Further discussion develops the fact that the relief rolls are growing every day and it is now taking \$3,500,000 per month to afford only meager relief to the indigent people of the state.

"It appears from the best information and estimates obtainable that beginning on the first of October it will take at least \$5,000,000 a month to afford anything like adequate relief to the people. We need not be surprised if the amount reaches \$7,000,000 a month and I do not think there is any doubt but that it will reach \$5,000,000 a month beginning October 1.

"Therefore, assuming that it will take \$5,000,000 a month for October, November, December, January, plus a quantity of 'Armaqua' (the total sum to be made in some way available will be \$35,000,000. The issuance of the remaining \$9,500,000 of relief bonds, which if matched by the federal government, will amount to only \$19,000,000 or \$16,000,000 less than the amount which in all probability will have to be provided.

"It will take in all probability fully \$20,000,000 to take care of the situation before funds could be made available by the regular session of the legislature in 1935 and for that reason it will take all of the remaining \$9,500,000 of bonds and an equal sum from the federal government to take care of the situation until the convening of the legislature in regular session.

"The issuance of these bonds at this time is highly imperative and I trust that the legislature will act in the premises with prompt dispatch, by so doing we may have time to consider other important matters."

SMITH 'ENCOURAGED'

AUSTIN, Aug. 27. (AP)—Lon A. Smith, chairman of the Texas railroad commission who was renominated in the democratic primary over John Pundt, said today he was "encouraged by the positive expression at the polls to continue my fight for the preservation and conservation of our great natural resources." He said his victory assured "continuance of the most cherished principle to every citizen of the southland, 'state rights.'"

CAN YOU BEAT IT?

Wake up Northeast Panhandle! The West Texas Chamber of Commerce, Lubbock et al., are trying to have our 'Shelterbelt' taken away from us. Can you imagine anyone getting jealous over that project?
Of course, we feel kind of proud over that proposal of President Roosevelt's to put up a windbreak to keep Kansas winds out of the sandy regions of the Panhandle. The Record suggested the idea way back last March. The President has a way about him of finding out all the good suggestions.

The August issue of West Texas Today tells of the plot in no uncertain terms. The article is entitled: "About the Shelterbelt."

It states that as the plan now stands the Shelterbelt would enter Texas, roughly, halfway between two lines marking the average 25-inch rainfall belt. That would be along the northeastern line of the Panhandle, north to south, taking in parts of Ochiltree, Roberts, Donley, Gray and Hall Counties, and all of Lipscomb, Hemphill, Wheeler, Collingsworth and Childress counties. The writer of the article contends that the central and western Panhandle counties and all the South Plains counties would be left unprotected. Dr. Bradford Knapp, president of Texas Tech at Lubbock, is quoted as saying that the belt should include all or parts of the following counties, from north to south: Dallam, Hartley, Oldham, Deaf Smith, Parmer, Castro, Bailey, Lamb, Cochran, Hockley, Yoakum, Terry, Gaines, Andrews, Loving, Winkler, Ector, Midland, Ward, Crane, Upton and Crockett.

That would be taking in a lot of territory and the project is going to be expensive enough as it is. Besides what about protection to the northeast Panhandle from Kansas zephyrs? Another thing to be considered is that it is going to be difficult enough to get trees to grow in this part of the Panhandle but the Department of Agriculture would not have a chance to get trees to grow in the devastated area along the northwest border of the Panhandle.

The writer of the article in the West Texas Today states that the West Texas Chamber of Commerce already is protesting that the plan for northeast Panhandle is inadequate, and the organization is working on the U. S. Department of Agriculture through Senator Tom Connally.

Let's get together Northeast Panhandle folks, and fight for our right. What do you say?—Canadian Record.

VACATIONISTS RETURN

TEXAS CONVICTS MANUFACTURING CAR LICENSE PLATES IN PRISON

AUSTIN, Aug. 26. (AP)—Convict manufacture of Texas automobile license plates, the state's latest industrial enterprise in its prison system, is under way within "the walls" at Huntsville.

February 15 next has been set as the deadline for delivery of 1,389,000 pairs of 1935 plates to county tax collectors. A new pair must be attached to each vehicle in use on or before April 1. The state highway commission will fix the date on which sales will start.

Material for the work, including 25 carloads of sheet steel, enamel

labor costs due to code regulations, likely will increase the cost substantially this year, Wallace said. Passenger cars, for which 1,100,000 pairs were ordered, will bear plates with white numerals on maroon background. Quantities and colors of other types are: Commercial vehicles, 150,000, green numbers on gray background; farm vehicles, 75,000, black on orange; trailers, 40,000, orange on black; dealers, 6,500, black on green; motor buses, 1,500, gray on green; tax exempt (government owned) automobiles, trucks and trailers, 12,000, white on black and motorcycles, 400, black on white; motorcycles, 4,000, black on orange and sidecars 500, orange on black.

The same number of plates used this year were ordered for all classifications except dealers, motorcycle

sidecars and tax exempt vehicles, which were reduced by 1,300. All plates will be five by 13 inches except motorcycle and sidecar tags which will be three and three-fourths by seven and one-half inches.

The legislative appropriation stipulated the board of control should determine the rate charged the Texas highway commission on the basis of manufacturing costs. The cost is paid from automobile registration fee collections.

'ABE LINCOLN OF RIO GRANDE' CONQUERS PARR

'Duke Of Duval' Goes Down In Defeat For Senate

By The Associated Press.

Jim Neal, a six-foot, five-inch, ranchman known as the "Abe Lincoln of the Rio Grande," furnished the most stunning upset in the Texas senatorial races, overwhelming the veteran Archie Parr of Benavides, for 20 years a political power in Texas, in his attempt at re-election.

Parr congratulated Neal after returns in the 27th district showed Neal's total at 23,398 to 20,800 for Parr.

In the 11th district at Dallas, Claude Westerfield clung to a 35-vote lead over Senator George Purl. Westerfield had 78,635 votes while Purl trailed with 78,600.

Senator Ben G. O'Neal carried all of nine counties in the 33rd district to roll up 21,170 votes to 12,580 for his opponent, Rube Loftin. Rep. Weaver Moore, youthful Houston attorney, defeated John Mathis in the 46th district. Moore had a 5,000 lead.

John Hill of Henderson won the nomination in the second district over Walter Holloway of Longview, counting 18,123 votes to Holloway's 12,978. Clay Cotten, Palestine, attorney, defeated Julian P. Greer in the 6th district. Cotten tallied 17,888 votes to 13,457 for Greer.

L. J. Sulak of La Grange defeated J. W. Wilson in the 15th by approximately 1,000 votes. Wallace Hughton of McKinney apparently had a small but safe lead over Claude Isbell in the 10th district with his count of 8,753 to Isbell's 8,632.

Frank Rawlings was re-elected in the 28th district, receiving 20,757

votes to 12,707 cast for Representative Frank Patterson Jr.

Admiral Byrd May Return In Monoplane Soon

LITTLE AMERICA, Antarctica, Aug. 27. (AP)—A monoplane has been prepared for a flight to the advance weather base where Rear Admiral Richard E. Byrd is recuperating from an illness suffered during his solitary vigil of nearly five months. It has not been determined finally whether the flight will be made. Ice conditions about the advance base are not favorable for a landing.

If the hop is made, it is assumed Admiral Byrd will return in the plane, which would leave two observers at the weather observation post. The latest radio report from Dr. Thomas C. Poulter, who headed a tractor party of three which went to Byrd's relief two weeks ago, said the expedition leader is making slow daily progress.

SWEET AND LOW
BOISE, Idaho—Ada county police have recorded what they believe is one of the world's "sweetest" accidents.

Dick Stevenson, Mountain Home apiculturist, was driving to Boise when a fire and his truck blew out and his cargo—five tons of honey—was dumped onto the highway as the truck overturned.

RECIPE FOR PROSPERITY
LOUISVILLE, Ky.—To increase business, raise prices, is the recipe of one beer hall proprietor.

Beer at 10 cents a 32-ounce glass didn't go so well. So he got some 64-ounce glasses and raised the price to 25 cents. Now business is booming.

MISS COOLEY AND MR. HEROD WED IN WEEK-END CEREMONY

SERVICE READ AT PANHANDLE FRIDAY NIGHT

TEACHER AND BRIDE ARE NOW AT HOME IN PAMPA

The marriage of Miss Florence Cooley and Tom Herod was solemnized Friday evening at Panhandle in the home of Rev. Mr. Armstrong, who read the ceremony. Announcement of the wedding Saturday was a surprise to friends.

Miss Cooley wore a suit of black moire taffeta with white trimming, and black accessories. The couple was unattended. They returned immediately to Pampa and are at home at 704 N. Someville.

The bride is a daughter of the Rev. and Mrs. W. O. Cooley of Roaring Springs, formerly of Pampa where Rev. Cooley was pastor of Central Baptist church. She has attended Wayland college at Plainview, and has been employed as office assistant to Dr. J. H. Kelley.

Mr. Herod, son of Mr. and Mrs. Mack Herod of Abilene, is a teacher in junior high school here. He was graduated from high school at Abilene and from McMurry college.

SPITE MARRIAGE

Chapter 4. AGREEMENT

"BUT you wanted to destroy the note?" Bob probed on, baffled. She dropped back to turn her face from him; her muted "Yes" failed to reach him.

"What, dear?" he asked, as he leaned over her. She turned to look up into the eyes that were so close. "Yes" she repeated.

"Why did you want to destroy it?" he went on. "Can you tell me that, or would you rather not?"

"I didn't want you to take me if you didn't want to, and I felt sure you didn't want to—" her voice broke, and faded to nothing.

"But Marsha—" "I want to go with you! But I don't want you to take me unless you want—" "I won't bother you in any way, you know, Marsha?"

She laughed shortly; mirthlessly. "You don't have to explain," she said. "I know how you feel about me!"

"No you don't," he combated. "No human ever knows what another thinks. I realized that, Marsha, after I left you last night. Will you go back with me and go with me wherever I go for as long as you feel you can stand it? I want you to love me."

She hesitated. She drew a sharp breath, and turned to him eyes in which were question and some fright. When she at length spoke it was to say "Yes!" and a trifle over loudly.

"So you feel that way!" he thought, certain of her fear. "It won't be so bad," he promised; "I shall do my best to make things pleasant for you. We'll have a piano. We'll go to Mexico City whenever I can get away—you'll like the place."

(He saw that she was listening to him hungrily) "and we'll try to be good friends, and I'll boss things . . . probably tell you not to step from the porch when I'm off working. How will you like that?" he ended.

"Very well," she answered in a whisper. She hesitated; she said, "Suppose you want to marry some one else?"

"I am married," he answered coldly. "Don't make me feel your disapproval of me so thoroughly!" she begged.

"I didn't mean to; but it's once for me. It could be only once for me," he said heavily.

"And for me!" she assured him with a leaning toward her old diplomacy, "so I presume we might as well make the best of a bad job!"

"If you look at it so," he replied, and again coldly.

He moved in a daze for hours that followed their "deciding upon what to do." The miracle of which he had dreamed was going to be, but the happiness that he had felt must come with it was denied him. Myriads of disturbing questions buzzed within him. Then, with a squaring of tired shoulders he dismissed the doubts that he saw as a weakling's "God!" he thought, "I am no good! But I will make a go of it."

EVERYTHING was being done for Marsha that could be done. Hub reasoned a week later (and as he had a hundred times each day of that week) and she did not grow better.

The fever persisted; she was losing weight with alarming rapidity and during the morning, suburban hours, she was piteously white and chill. Bob was badly worried and his one outlet was sitting by her bed; caring for her as he could; planning small diversions for her; remembering everything bright he heard, to tell her.

As he learned sitting by her bed his utter certainty which was his; deep, and enduring love for her; a love that would live no matter what she did, or thought of him.

She depended upon him, he saw and it helped her to have him near. "Shall I read to you?" he asked often.

She usually answered with "No." Early in his vigil she had said, "Not unless you want to; unless it's too stupid for you to be here with nothing to entertain?"

"I love it!" he had said that day. "So do I," she agreed.

"You see, we're becoming friends!" he said triumphantly and to his surprise and his consternation, her eyes brimmed.

Tomorrow, Marsha tells her pitiful story.

Surprise Birthday Party Given Friday At John Hall Home

John Hall was surprised Friday evening by a large number of friends who gathered at his home near Pampa to help celebrate his birthday. Gifts were presented, and cake and punch were served.

Guests were Mrs. Tom Jackson, Mrs. Clara Johnson, and Howard Johnson of Oklahoma City; Owen Moore, Miss Opal Moore, Mr. and Mrs. Dennis of McLean; Mr. and Mrs. Louie Huntman of Stillwater, Okla.; Messrs. and Mrs. J. J. Broom, Cecil Clausen, Enis Cypers, Emory Noblett, Pat Hickman, Floyd Humphries, Owen Young;

Little Theater Meeting Called

Little Theater members and those who wish to be members for the coming season are asked to attend the first general meeting this evening at the city hall club rooms. It is to start at 8 o'clock.

Plans for completing the membership list and choosing plays for the season will be discussed. Ed L. Mon, acting president, will be in charge of the meeting.

WEEK'S ACTIVITY PROGRAM IN CHURCHES INCLUDES SONG AND STUDY COURSES AND SOCIALS

SERVICES SUNDAY ARE OF UNUSUAL INTEREST

Varied church activities for this week were announced yesterday, with services out of the ordinary were conducted in several churches. Visiting ministers continued to hold interest of some congregations.

The Rev. A. B. Haynes of Houston, preached at the Presbyterian church last evening, and Dr. Atteus Webb of Dallas in the morning. A lawn social and watermelon feast on the church grounds was announced for Tuesday at 7:30, for the entire membership.

Central Baptist members heard Howard Bristol of Mobeile in two unusually interesting services. Members responded to a stirring message in the morning, when W. C. Brown was received as a candidate to the ministry.

Entire Church Picnic Following their morning service, the congregation of First Baptist church went to the Gething ranch for a basket picnic. A training class for Sunday school teachers will start in that church this evening at 7:30, to continue through Friday. It will be conducted by Mrs. C. C. Badgett of Childress, experienced leader, and is open to teachers in all church schools here.

Another feature starting tonight is the 15-day song drill at the Church of Christ, planned to further interest in gospel singing and open to everyone.

Church officers for the year will be elected at First Baptist church Wednesday evening following the usual mid-week service. Yearly reports of work will be heard also. The monthly conference of the B. Y. P. U. will be conducted this evening.

First Christian church reported 351 in Sunday school, Presbyterian church 126, First Methodist 470 and 72 in Epworth League, McCullough Memorial church 70 in Sunday school, Central Baptist church 107, Church of Christ 159, and two in the church, First Baptist 371, with 151 in training school.

JUNIOR CIVIC CULTURE CLUB HAS ELECTION

Roberta Montgomery Will Be the New President

Miss Roberta Montgomery was elected president of the Junior Civic Culture club, when officers were chosen at a meeting Thursday at her home. Willie Isbell is to be vice president, Walden Dickinson, secretary, Grace New, treasurer, Anna Mae Gotcher reporter, and Ethel Hamilton representative to the Council of Clubs.

After the short business session refreshments of sandwiches, Coca-Cola, and iced watermelon were served to the new officers and Misses Helen Jo Daugherty, Ann Clayton, Mary McKamey, Mrs. Ed Burch; a guest, Miss Roberta Hawkins, and the hostesses, Minnie Olive and Roberta Montgomery.

The club is starting its first regular season since it became a federated junior club, sponsored by the Civic Culture club, and joined the local Council of Women's clubs.

Song Recital by Baritone Pleases Hearers Friday

Introducing the fall music season, a program by Verlon Twaddell, baritone, assisted by Miss Hermine Stover as accompanist, was presented Friday evening to an audience that filled the auditorium of the women's club rooms.

Program numbers revealed the power and beauty of Mr. Twaddell's voice, his refreshing clear diction and his capable interpretation of varied types of song.

While each number was well received, perhaps his best performance was of the aria, Vision Fugitive from "Herodiade," given in French. Most popular was the negro spiritual, The Glory Road, Wolfe.

Added variety was given the program by two encores, The Song of the Flea from "Faust," and the popular cowboy song, Old Chisholm Trail.

Miss Stover proved a sympathetic accompanist as well as a fine soloist at the piano. The stage presence and versatility of both artists made the program, Mr. Twaddell's first since coming to Pampa, more enjoyable to the audience.

Gilliland-McConnell Marriage Solemnized

Mrs. Ruth Hall McConnell and H. A. Gilliland were married at 7 o'clock Saturday evening at Schneider hotel. The Rev. James Todd Jr., long-time friend of the couple, read the simple ceremony.

Following the wedding dinner was served at the hotel with a few intimate friends as guests. The couple are at home here.

Burlesque Act? Horrors, No!

Daughters of a clergyman and descended from a long line of pastors, the four singing Frohne sisters were mortified beyond imagination when they saw their pictures—in this very photograph—adorning the billboard of a Detroit burlesque theater. So they

impersonators of nearly a dozen movie stars have already been secured for the Hollywood premiere at La Nora theater September 7 and 8, and applications are being received from other Pampans who resemble or can imitate the peculiarities of actors.

More talent is needed, however, for the skits that will enliven the opening of Paramount films here. Those who have friends that could be mistaken for Bing Crosby or Grace Allen or Greta Garbo are urged to write or telephone the Hollywood editor of the Daily NEWS, reporting names and addresses.

Skits are being prepared by the directors chosen from Little Theater members. Each "star" this year is to appear in a brief comedy or dramatic skit on the stage in addition to being introduced by the master of ceremonies at the theater entrance.

Impersonations already arranged are for Claudette Colbert and Warren William as Cleopatra and Caesar, the Mechanical Man, Paul Muni, Chic Sale, Joe Penner, and Shirley Temple.

BAND STUDENTS RETURN

Roy Wallrabenstein, high school music director, Paul Schneider, and George Cree Jr. returned last week from Interlochen, N. Y., where they spent eight weeks in the annual summer camp of American musicians. All studied band work, heard and played in bands directed by famous bandmasters, Schneider and Cree are members of Pampa school bands.

Foster Writes of Work in New Home

Estill Foster, teacher and band director at Sam Houston school last year, writes friends here that he has just finished two weeks at Camp Hutten, Palacios, as bugler for an Amarillo company of the 142nd Infantry, Texas National Guard, in its summer camp.

He and Mrs. Foster, the former Miss Jean Burgess of Amarillo, plan to spend a few days at Bishop before starting the school year at Raymondville, in the lower Rio Grande valley, where he will teach music and direct the school bands this term. He wished to be remembered to his friends and students here.

GAMMILL-SAWYER

The marriage of Miss Nell Sawyer and J. N. Gammill was solemnized Saturday evening by the Rev. James Todd Jr., at his home.

LAST SUMMER BAND CONCERT IS TOMORROW

ALL-SCHOOL BAND TO PLAY INDOORS IF RAIN FALLS

Tomorrow evening the summer school band under direction of Walter Hurst will say good-bye to summer and welcome to a new school year with a lively hour of music on the high school campus.

The 80-piece band will start playing at 7:30, and invites the public to listen. Lights and amplifying system will assure clear seeing and hearing. There is plenty of curt room for cars and grassy lawn for spectators.

In case of continued rain, arrangements are under way to present the concert in either the school gymnasium or the city hall auditorium. Definite announcement will be made tomorrow afternoon.

Many of last year's high school band students have been added to the representatives from all other city schools who have worked on their music through the summer. A fast program has been arranged, including a trombone solo by Clarence Frazee and the popular "Song of the Islands" arranged by Director Hurst for the reed section.

This concert is being presented to the people of Pampa with the compliments of Supt. R. B. Fisher of the city schools, and the Board of City Development.

RAILROAD

(Continued from Page 1) nesa a year. Similar petitions will be presented to all state railroad commissions, the proposal being to raise intrastate rates also. An early hearing is asked.

The roads ask an increase of 3 cents per hundred pounds on grain and grain products except in the east where there would be no raise; 3 cents to 30 cents a ton on coal and 3 to 45 cents on coke; 10 per cent on cotton with a maximum of 5 cents per 100 pounds; 10 per cent on tobacco with a maximum of 4 cents; and other products in proportion.

There are some exceptions in the far west and sections where truck competition is keen. Some rates which were raised August 20 are exempted.

The action is prompted, says the petition, by the restoration of the 10 per cent cut in railroad wages in 1933 and increasing costs of materials. The wage restoration is estimated to add \$100,000,000 to costs this year, increasing to \$165,000,000 in 1935, and material costs are expected to add \$137,000,000 in 1935.

It is known that the carriers also are thinking of the \$60,000,000 a year they say will be added to costs by the railroad retirement act should it be declared conditional. This item, however, was omitted from the petition because court action is pending.

The petition took a shot at the railroad coordinator law. It referred to a statement by the commission on July 31, 1933, that the carriers must make economies.

WASHINGTON, Aug. 27 (AP)—The principal items in the proposed freight increase laid before the interstate commerce commission today by class 1 railroads included:

No increase in grain and grain products in the section east of the Mississippi and north of the Ohio and Potomac rivers. Wheat, corn, oats, barley, rye, flour, meal, and other grain and grain products—increase of 3 cents per 100 pounds except in the east.

Rice—10 per cent, maximum 3 cents. Hay—10 per cent, maximum 4 cents. Cotton—10 per cent from south-eastern and Mississippi valley points but no increase from or within the southwest.

At the closing hour last night, the election returns in the state total 26,950 votes remained to be counted, a total of 916,113 votes, representing reports from 246 of the state's 254 counties, including 149 complete, had been tabulated.

"Campaign Classic" William McCraw, the Dallas attorney who veteran observers claim waged a "campaign classic" with the nomination for attorney general over state Senator Walter Woodward of Houston. McCraw's vote total was 474,947, while Woodward tallied 396,486 in the last count.

Walter Woodward, Houston, easily outdistanced his opponent, Joe Moore of Greenville, an anti-Ferguson man. In the race for lieutenant governor, tallying 498,150 votes to Moore's 358,528.

Lon A. Smith, with 483,953 votes, defeated John F. Frantz of Dallas, 378,554, for state railroad commissioner.

The contest for the supreme court justice remained bitter to the finish. John H. Sharp of Ellis county holding a slight lead over Earl S. Lattimore of Fort Worth. Sharp's total was 429,919 while Lattimore had 418,003.

D. E. Waggoner of Dallas, will be elected justice.

Ferguson said the drought had added additional thousands to relief rolls. He said relief now was costing about \$3,500,000 monthly and that requirements after Oct. 1 probably would be from five to seven million monthly.

SHOOTING

(Continued from Page 1) W. Purviance, county health officer, and held in jail last night. Today he was released. His attorney said he would be available when Amarillo officers wished to see him. He was treated by Dr. W. B. Wild. Dan Williams and Earl Roff of the refinery interested themselves in the case.

Woodall has been here with his family for several weeks. He was transferred from Wichita Falls, where he was employed about a year and a half at the Danziger refinery there. His associates said he had been on duty without fail and they were much surprised to learn that he had been suspected of robbery because of a similarity of description. He has a family here.

Woodall's attorney said no action would be taken until the extent of the injuries had been ascertained more definitely and until Amarillo officers had seen Woodall. It was stated emphatically that they "would not let the matter drop."

Woodall was arrested by Deputy Constable Cookwell and H. L. Kernner. He was searched and fingerprinted. The officers thought they had found evidence on Woodall that he had expected to find, but Woodall's explanation today seemed to clear up that point.

Cockwell noted Woodall as apologizing for running and as saying, "It's all my fault."

Alfred's cohorts planned a stubborn fight against any attempt at affirmation of the state democratic executive committee's recommendation that Ferguson be designated national committeeman.

"Farmer Jim," cast into the evening of a checkered political career by Allred's triumph, was endorsed as the national committeeman last March 24 after Ted C. Adams, of Dallas, resigned. The national committee has never accepted Ferguson as a member.

McDonald of Wichita Falls, lagged behind in third position. Ferguson took up the torch for Hunter in the run-off. But his strongholds were not enough to defeat Allred—whom he termed "just a boy."

MORROW MAY BE SELECTED COMMITTEEMAN

NOMINEE EXPECTED TO CONTROL MEETING AT GALVESTON

By FELIX E. M'KNIGHT Associated Press Staff Writer DALLAS, Aug. 27 (AP)—Voted into the governorship of Texas by a half million rebellious "anays" against Fergusonism, youthful James V. Allred pointed today to the fact that in the crucial contest the power James E. Ferguson has held over state politics for two decades.

"The attorney general, who will merely be going through the motions in the Nov. 6 general election against a republican opponent, eyed the next skirmish centered in the democratic state convention to be held Sept. 11 at Galveston.

Allred's nomination in the second democratic primary over Tom F. Hunter, a Wichita Falls neighbor, was equivalent to election. Texas voters use their ballots to overwhelmingly elect democrats.

Allred's cohorts planned a stubborn fight against any attempt at affirmation of the state democratic executive committee's recommendation that Ferguson be designated national committeeman.

ROAD RUNNERS DEFEAT OKLAHOMA CITY CHAMPIONS SECOND TIME 9 TO 4

NELL'S HOMER IN 3RD NETS THREE SCORES

BRICKELL PUTS LOCAL NINE AHEAD IN FOURTH

Road Runners Nell and Brickell welded their bats well and often Sunday to lead their mates in defeating the Baker-Hanna-Blake Commercial league champions of Oklahoma City a second time Sunday, 9 to 4. They won Saturday night, 12 to 11.

The Oklahoma City team scored three runs in the second inning and once in the third. In the last of the third, Nell punched out a homer over nearly exact center field with Brickell and Seitz ahead of him.

In the fourth, Brickell scored Bann with a single and put the Road Runners ahead. B-H-B tied the score with another score in the sixth. Brickell saw that that would not do, so he singled, stole second, and made home on a double steal with Nell. And just to set things up, Nell doubled in the eighth, scoring McLary, Wells, and Seitz. Then Vaughn singled to right field, scoring Nell.

Visitors Peppery Of course, all the locals were out there on duty, but the above are the highlights. The youthful visitors batted but they met a difficult defense and three or four men with very, very big bats.

The game in detail: First Inning B-H-B-C. Pickens hit through second but was caught at second trying to make it a double. Robb rolled out to first unassisted. Buff was thrown out in a great play, Wells to Nell. One hit, no runs, no errors, none left.

Road Runners-Brickell doubled to field. Seitz fanned. Nell fled out to left field. Ward was safe on a freak hop to third base, Brickell going to third. Vaughn fled out to center. Two hits, no runs, no errors, two left.

Second Inning B-H-B-Collman doubled down left field with the score on a throw to first, the latter making to second on the play. King singled to right field, scoring Greg. M. Pickens rolled out to first, King going to second. Lutz fled out to Brickell in left. Arnett fanned. Two hits, two runs, one error, one left.

Road Runners-Benn was thrown out. Buff to Robb, McLary singled to center. Wells lined out to first, forcing McLary. One hit, no runs, no errors, none left.

Third Inning B-H-B-C. Pickens grounded out. Ward to Nell. Robb went out the same way. Buff singled over third, then scored on Collman's triple. Collman was caught off third. Two hits, one run, no errors, none left.

Road Runners-Stewart fled out to left. Brickell singled through third base. Seitz walked. Nell scored Brickell and Seitz with a terrific homer over the center field fence. Ward singled through short. Vaughn popped out to Arnett. Three hits, three runs, no errors, one left.

Fourth Inning B-H-B-Greg grounded out, Wells to Nell. King did the same. M. Pickens likewise. No hits, no runs, no errors, none left.

Road Runners-Benn was safe on Buff's bad throw to first. McLary fled out to King. Wells singled to right field, advancing Benn. Stewart forced Seitz.

DALLAS AND BEAUMONT STRUGGLE FOR 4TH PLACE

By The Associated Press

Tearing along at the top of the Texas league pennant chase, the San Antonio Missions and Galveston Buccaneers advanced across two wins each in last night's games. San Antonio smothered the lowly Oklahoma City Indians, 4-3 and 7-0, while Galveston dumped the Tulsa Oilers, 4-1 and 3-0.

Earl Caldwell took a pretty slab duel from Evans and Matuzak in the first game at San Antonio, both teams driving out but seven bingles. Lanky Abe Miller twisted them across in the nightcap for a whitewash victory, his puzzlers being solved for but six safeties.

After Jim Bivin had tossed a seven hitter to drag the first game into the bag, Gibbs came back and tossed a two-hitter in the abbreviated second to give the Buccaneers their twin killing. Grimes' double and single was the best Tulsa could do off Gibbs, rookie right hander making his first start in six weeks.

Dallas and Beaumont, engaged in a rather crucial series for fourth place position, split a double bill. Joe Vance hurled four-hit ball but lost the opener to the Exporters, 1-0. The run came in on an error. Sal Glatto tamed the Shippers in his second meze, allowing five bingles as his mates romped on Judge Schulz for a 5-1 win.

Houston's Buffaloes, slowly creeping into the right for a Shingnessy playoff berth, advanced to within five games of Beaumont by beating Fort Worth, 2-1. Glenn Spencer hurled sweet ball for the Buffs, allowing 3 bingles. It was Houston's sixth consecutive victory.

PERRY'S CZECHMATER?

WHO IS AT FOREST HILLS TO BID FOR U.S. SINGLES CHAMPIONSHIP, SEPT. 1-8

GEORGE LOTT, PREMIER DOUBLES PLAYER, SAYS THE GIANT MENZEL HAS BEST CHANCE TO LIFT CROWN FROM FRED PERRY, ENGLAND'S GREAT CHAMPION WHO ALSO IS HERE TO DEFEND THE TITLE.

SCHMELING WHIPS NEUSEL IN SAVAGE BOUT; MAY BOX BAER

Possibility of Match With Champion Looms; Teuton Is Badly Battered.

HAMBURG, Germany, Aug. 27 (AP)—Undisputed kingpin of German heavyweights once more, Max Schmeling turned his attention today to the United States and the possibility of a world championship match with Max Baer.

The Black Ulfen of the Rhine emerged from comparative fistic obscurity yesterday to batter down Walter Neusel, blond Teuton youngster, in a savage bout before more than 100,000 spectators.

Schmeling's victory, gained on a technical knockout when Neusel failed to answer the bell for the ninth round, carried with it the German heavyweight title.

Max fought a heady fight. He let Neusel do all the leading and then stepped in with stiff body counters that sapped the youngster's strength. As Neusel obviously was tiring fast, Schmeling leaped to the attack in the eighth round, battered his foe to the ropes and handed him a terrific trouncing until the bell sounded.

Rain Falls All Day In Mexico Football Camp

WITH THE HARVESTERS. Aug. 27.—Training of the ampa Harvesters was largely confined to the mental side Friday, when it rained all day. No workout was held.

It is cold here, especially at night. The boys were most interested in some guests. Three beams came up close to camp Thursday.

A chicken dinner was enjoyed Friday. All the boys are in good health, which means work for the cook.

Some concern is being felt about the weather, since the boys are eager to work their legs and arms as well as their heads. The rules, with new interpretations, are being given much study.

Low Passenger Rate Extended

The railroads have decided to extend until September 30, 1935, the present low passenger fares, based on three cents per mile for first class tickets, and two cents per mile for coach travel according to announcement made by T. B. Gallaher, general passenger agent, Santa Fe lines, Amarillo.

Round trip first class tickets cost two cents per mile traveled when the limit is ten days, or two and one half cents per mile traveled when the limit is six months. The round trip coach tickets with limit of ten days in addition to date of sale, cost but one and one-eighth cents per mile. These rates are not applicable to points in territory east of Chicago and St. Louis, however, through passengers are given benefit of the low fares up to those points.

Convention travel is accorded, when reduced fares are arranged for specific meetings, rates based on one and one-third of the first class fare, which nets two cents per mile traveled in western or southeastern territory.

POSTAL STRIKE IN CUBA IS IN ITS 15TH DAY

2 LETTERS IN 2 WEEKS RECEIVED BY A. P. IN HAVANA

HAVANA, Aug. 27 (AP)—Letters were a rarity today as Cuba's postal strike entered its fifteenth day.

Commerce suffered from lack of mail deliveries. Policemen are trying to handle mail but few of the letters get to their destinations.

For example, only 2 letters from the United States were received by the Associated Press bureau here during the 15 days. One of them was picked up on the post office floor by a reporter covering the strike.

Postal employees and the telegraph agents joined the strike, demanding that the government restore three months' back pay and dismiss executives allied with regime of former President Machado.

The telegraph system in the interior is partly paralyzed. Soldiers who are trying to operate it are having little success, largely because the strikers carried off important equipment and charts showing hookups of the various circuits.

The first week of the strike saw corner mail boxes overflowing, but soldiers manage now to gather up most of the outgoing mail and get it to the post office, where floors are littered with incoming mail.

Rustic Building To House Men In W.T.T. College

CANYON, Aug. 27.—The men students of West Texas State Teachers college and especially the athletes will have a campus meeting place when a new recreational hall which has just been started is completed.

Native stone and petrified wood will be used in the construction of the building which is to be low, rambling type such as is commonly used for ranch buildings in the southwest. Most of the work on the building will be done by college students under the provisions of the Federal Educational Relief aid.

Even the furniture of the building will be largely home made, constructed of heavy lumber suitable to the general style of the building.

Coch A Baggett planned the building with the assistance of a competent architect. In connection with the building a desert garden 122x44 feet is planned.

Rooms in the completed building will rent for \$4 per month per man. When this project is complete, it will provide quarters for about 40 men.

Hitler Is Religion, Says Lewis' Wife

PARIS, Aug. 27 (AP)—Germany, in the opinion of Dorothy Thompson, American newspaperwoman who was asked to leave it, "is becoming the most comfortable and most hygienic prison in the world."

Miss Thompson arrived in Paris yesterday, the day after secret police in Berlin asked her to leave the country immediately.

The request, she said "is evidently a part of a campaign of terrorism against foreign correspondents" but apparently was based on an interview she had with Adolf Hitler in 1931, before he became chancellor.

"Hitler is no longer a man, he is a religion," she asserted. "Perhaps my expulsion is a direct application of the system of propaganda minister Goebbels," she continued. "He thinks the best way to conciliate foreign opinion is to suppress all information about Germany which does not emanate from him."

Miss Thompson, the wife of the novelist Sinclair Lewis, plans to go to the Saar territory within a few days. Her case attracted wide interest here and many newspapermen interviewed her when she arrived. She had memorized verbatim the letter asking her to leave.

Shell Petroleum Nine One of Strongest Semi-Pro Outfits in Southwest.

More first class baseball in scheduled here this week.

The Shell Petroleum team of Arkansas City, Ka., winners of the Wichita, Kans., tournament, will play at Road Runner park Wednesday and Thursday nights.

The first night's contest will be at 8:30 and that of the second night at 8. In his efforts to compare the Road Runners, winners of the Pampa tournament, with winners of other tournaments, Earl Roff is having to make some stiff guarantees.

He has guaranteed the Shell team \$150 for each night here, or \$300 for the two games. He believes the fans will appreciate the kind of baseball such efforts will assure.

Like many of the oil company outfits, the Kansas will bring a number of former big league celebrities, including Outfielder Mitchell, formerly with the New York Giants. The Shell team placed third in 1932, second in 1933, and first this year in the Wichita tournament.

The Road Runners are getting a wide reputation for being tough. They have both hitting and pitching. It took a big rally in the last of the ninth to defeat the Oklahoma City invaders, but they showed clear superiority in their 9-4 victory yesterday.

The games of Wednesday and Thursday nights will give a further test of the local and likely will force them to use all their resources to take the short series.

JOHNSON ANGRILY WALKED OUT ON PRESIDENT LAST MONDAY

HE RESIGNED BUT CHANGED PLANS LATER

PRESIDENT WROTE HIM LETTER IN LONG-HAND

(Copyright, 1934, by The Associated Press.)
 WASHINGTON, Aug. 27 (AP)—The deep-seated character of NRA's latest troubles became apparent today when it was learned that General Hugh S. Johnson angrily walked out on last Monday's White House conference, resigned in writing and reconsidered only on the firm insistence of President Roosevelt.

The dispute arose over an NRA reorganization plan submitted to the president by Donald Richberg, the NRA counsel, and Francis Perkins, the secretary of labor. Among other things, the plan was interpreted by Johnson as contemplating his own retirement to private life.

The general walked out when Mr. Roosevelt, seeking to soothe the ruffled spirits of his conferees, suggested that a decision be postponed while Johnson took a rest and a trip to Europe.

The reconciliation, so far as Johnson is concerned, was consummated just before Mr. Roosevelt's departure Saturday for Hyde Park. Under its terms, Johnson stays on as administrator and probably will become, later on, chairman of a board controlling NRA.

The implicating respecting Mr. Richberg and Miss Perkins are less clear. Richberg's friends say he will remain as NRA counsel, although there will be no further doubt that Johnson is boss. Miss Perkins is expected to confine her activities

Strike Leader Seized by Mob

Climaxing weeks of warfare in the Ohio onion fields near McGuffey, a mob of 200 men abducted Okey Odell, militant strike leader, above, beat him and ejected him from the district. Odell, wounded, was reported to have returned to the trouble center as authorities moved to halt hostilities.

more closely to the labor department.

Inside Story Told.
 The inside story of the incident, as related to the Associated Press authoritatively this:

Relations between Johnson and Richberg, although outwardly friendly, have been undergoing a change over a period of months. Johnson had heard whispers that people were saying it really was Richberg who ruled NRA. On his side, Richberg felt slighted when Johnson, last June, submitted a reorganization plan to the White House without giving him a copy.

Acting under the president's later authorization to draft a program for general co-ordinating of all recovery activities, Richberg prepared plans of his own for NRA. Miss Perkins became interested because of the labor angles. Together they saw the president last Monday.

Later that day they were asked to return. Johnson also was present. He told the president bluntly that he felt an effort was being made to drive him out of NRA. There were denials and further words. Finally, Mr. Roosevelt suggested that the general needed a rest after his unremitting service, and might take a vacation trip abroad, surveying meantime recovery efforts in Europe.

Johnson exploded. He said he would do no such thing and, without ceremony, departed. An hour later Richberg and Miss Perkins slipped out of a side door, evading questioners.

President Replies.
 Late that night, just before the president retired, he received a letter from General Johnson, delivered by messenger. It covered three typewritten pages. It recalled Johnson's labors for NRA, paid his respects to his enemies, stated directly his determination to quit and ended with one of Mr. Roosevelt's own favorite Latin phrases meaning, in free translation, "the situation speaks for itself."

The president replied at once. Writing in long-hand, he reiterated his regard and appreciation, asked that the resignation be withdrawn and returning proverb for proverb, said he liked that old saying that friends always must be friends.

So matters stood when the president left Tuesday for Illinois, to attend the funeral of Speaker Rainey. It was because of this undetermined situation that he changed an already-announced plan and returned from Illinois to Washington instead of going straight to Hyde Park.

Break Healed.
 He saw Johnson again and the break was healed. He did insist, however, that the general take two weeks rest and Johnson consented and departed for the beach. At the end of the two weeks he will see the president at Hyde Park and they will settle details of the new NRA set-up. And in it the fiery soldier will have first rank.

This does not mean a break between Richberg and the president.

or between Miss Perkins and the president. In her own field, Mr. Roosevelt highly regards the secretary of labor. He greatly admires Richberg and will have other work for him should he retire from NRA. He even is said to have him in mind for elevation, some day, to the supreme court.

For Johnson it means he will be staying on when he had been planning for months to get out. Because of the demands of his private business, and because he has completed the particular phase of NRA which led him to take the job, he has been asking for release. The president, apparently was ready to agree.

But neither liked the manner of his going, as it shaped up during the past week. So he stays.

Mrs. H. F. Barnhart came in yesterday from West Columbia, where she has visited Mr. and Mrs. John Barnhart. She also visited in other coast and East Texas cities.

James Todd Jr. and daughter, Emma Boone, have returned from a trip to the home of relatives in Illinois.

Saar To Return To Germany, Is Hitler Forecast

EHRENBREITSTEIN Germany, Aug. 27 (AP)—The Saar territory, soon to participate in a momentous plebiscite, had the word of Chancellor Hitler today that "the whole German nation is behind you."

More than half a million persons jammed together here yesterday for a great demonstration of loyalty to the Saar and to give Hitler a tremendous ovation.

It is inevitable, Hitler said, that the reich region would vote Jan. 13 to return to Germany, in preference to remaining under the mandate of the League of Nations or becoming part of France. He said this should improve Franco-German relations.

"The Saar is the greatest problem now separating France from us," he asserted. "We shall not give up the conviction that the other side

eventually will view this problem as it really is and that France will not deny her assistance in solving it.

"There is no reason whatever why two great nations should remain forever hostile on this issue."

"Be of good cheer," der Fuehrer advised residents of the Saar. "The whole German nation is behind you."

Despite rumors that he fears assassination, Hitler strolled unconcernedly through the huge crowd before his speech, greeting many friends.

Sponsors of a "liberty front" mass meeting at Sulzbach, the Saar, said 70,000 residents pledged to vote against return to Germany Jan. 13. Two nazis were arrested for throwing bottles of evil smelling liquid.

Manufacturing remained practically unchanged but that there was an average reduction of six hours in the industrial work week. It declared many small businesses had been saved from failure, larger industries stabilized and corporation profits increased.

The report was in the nature of a birdseye view of the economic recovery. It dealt largely with unemployment which it called the "primary problem of recovery."

Richberg pointed to "most significant" figures showing that business failures from February to May, 1934, were more than 40 per cent lower than in 1929. He said the index of corporation profits rose from "the deficient figure of 6.9 in the first quarter of 1933 to the profit figure of 38.2 in the second quarter of 1934."

is taken to a hospital.

"An immediate operation is necessary if the body is to have any chance of saving the leg," he said.

Texas, with 47 of the nation's population, had 5.2 per cent of the births, according to a recent census bureau compilation.

Residents of towns near Brady, Tex., reported appearance of numerous tarantulas, believed driven toward lawns in search of moisture.

It is cooling and soothing—and all you swallow is the delightfully beneficial mint flavor, helpful saline juices, and a tasteless laxative ingredient which doctors regularly prescribe. And, because you chew Feen-a-mint, the laxative ingredient is distributed gently and uniformly into the intestines to give you more natural but thorough action. Delay is dangerous so today get back on schedule and stay there—chew non-habit forming Feen-a-mint for constipation.
