

HUEY LONG ORDERS NEW SPECIAL SESSION TO CLAMP DOWN ON UTILITIES

LAWS TO CUT 'HIGH' RATES ARE PLANNED

UNIVERSITY TO HAVE A POWERFUL RADIO STATION

BATON ROUGE, La., Dec. 15. (AP)—Huey Long today ordered more laws for his dictatorship and his political ally, Governor O. K. Allen, immediately called the legislature into extraordinary session for tomorrow night at 8 o'clock.

Allen said the dictator of the third special session of 1934, "the legislators may need a little money for Christmas."

The call issued just before noon, enumerated 21 general subjects to be handled within a 12-day limit, but politicians said the time would be whittled down to five days if all went well and a new bale of bills would be passed in the minimum legal time; as in the last two sessions when the 300th new law for 1934 was written.

Outstanding was an item to regulate "powers, duties and authority of the Louisiana public service commission and for revenues therefor."

This was interpreted as more power for the public service commission in its investigation of rates for the utilities which Long says are "too high."

The pre-Christmas program to be enacted into law by the time the senator leaves for Washington to re-introduce his tax on capital wealth in congress includes:

- Tax and liquor subjects, building expansion at Louisiana State university including a "powerful radio broadcasting station," municipal law enforcement, state supervision over industrial pensions, elections, and authority to force corporations to keep their Louisiana records intact.

There was in addition suggestions of legislation affecting municipal New Orleans where Long is striving to squeeze out his foe, Mayor T. Semmes Walmesley and Walmesley's old regular politicians and annex New Orleans to the state political machine.

Long said LSU planned to build in two years a radio station that "all the world would want to listen to." He said it would be a 50,000 watt station.

Allison Teams Win Tournament

Allison's crack high school basketball teams won both divisions of the Miami invitation basketball tournament, played Friday and yesterday. Twenty-one teams competed in one of the most successful tournaments held in several years.

The Allison boys defeated LeFors in a hard-fought game last night to win the large loving cup. LeFors also received a trophy. The Allison girls nested out Miami to take first honors and the cup in that division.

The White Deer boys showed a reversal of form to defeat the Pampa Harvester "A" team for consolation and win the cup given in that division. The White Deer girls, also won a cup by defeating Canadian.

The Harvester "A" team defeated McLean 24 to 17 in their opening game of the tournament but fell before Allison 20 to 13 as Allison went into the finals. The Pampa team did not compete in the consolation round.

Pampa's Harvester "B" team lost 34 to 9 to Miami and then lost in a consolation game 27 to 4 to Canadian.

The Harvester "A" team downed White Deer 25 to 19 and the Harvester "B" team won from Canadian 23 to 10. The Harvester "C" team lost to Higgins 36 to 8. In the opening rounds of play White Deer came back last night to defeat the Harvesters for consolation.

This County Jail Is Popular Place On Christmas Day

LOCKPORT, N. Y., Dec. 15 (AP)—The annual rush of prisoners seeking terms in Niagara county jail is under way. Word has come that rounds the "cooking deputy sheriff," Edward Second, will don the white attire of a chef to prepare the jail's Christmas dinner.

A former hotelman, Second placed the Lockport jail on the map in the "jungle" of hoboland. Annually an influx of prisoners is noticed as the ground turns white with snow and the sun sets early.

Mrs. T. F. Smalling left recently to visit her daughter, Mrs. Billy Hyde, in Shreveport. Mr. Smalling is to join her there after a business trip to Detroit.

I Heard . . .

It remarked that pictures on 1935 calendars are extremely streamlined.

A. H. Doucette giving Otto Studer and Tom Perkins the horse laugh after he had broken 23 out of 25 clay pigeons in a heated match the other afternoon. At that, Otto did some fair shooting to break 22 out of 25. Trap shooting used to be popular here and there are some good trap shooters in Al. Dr. V. E. von Brunon, Louie Behrends, Er. Kinzer, and a few more.

Watching the progress of the U. S. S. Macon, naval dirigible, as it escorts the American battleship fleet into San Francisco bay. As shown in this air picture, the worker is perched on a tower of the Oakland-San Francisco bay bridge, with a view spread before him beyond the imagination of any mere earth dweller.

SENIORS WILL PRESENT PLAY MONDAY NIGHT

'Laugh Clown' Also To Be Staged on Tuesday Night

"Laugh Clown," the high school senior play, is ready for production. Final rehearsal will be held this evening, and the curtains will go up for the first night of this laugh riot tomorrow at 8 o'clock.

The three-act mystery comedy will be presented both Monday and Tuesday evenings in the city hall auditorium under the direction of Ben Guill, who coached the one-act play "Smokerreen," which won over 346 entries in the state wide contest last year.

Tickets, which are on sale for 20 and 35 cents, are good for either night. Seats will be reserved, first come will be first served.

Fourteen seniors have parts in the hilarious comedy of two ex-jailbirds in the employ of a wealthy society matron. Ella Faye O'Keefe, who won a scholarship to study dramatic arts in Northwestern university last summer and was selected as one of a small number to compete for a higher scholarship next summer, has the leading female role as Pat. She complicates the plot by falling in love with the family chauffeur, Roy Webb. Bill Parks plays the part of the other ex-jailbird, who furnishes much of the comedy. Elizabeth Graham is the very extensible, very proper society matron.

The cast is made up of seven girls and seven boys.

Elizabeth Graham, Mrs. Hurley, a widow who has learned to manage well.

Ella Faye O'Keefe, Patricia Hurley, the youngest daughter whom everyone calls Pat.

Virginia Lee, Bechtelheimer, Evelyn Hurley, Pat's sister, rather snobbish at times.

PAMPANS TAKE JUDGING EVENT AT PANHANDLE

Beat McLean Youths First Time in History

Pampa high school vocational poultry judging team yesterday afternoon won the loving cup at the Panhandle Future Farmers of America judging contest sponsored by Prof. George P. Grout and his F. F. A. boys.

It marked the first time that a Pampa high school judging team had defeated a team from the McLean high school. McLean ranked third in the contest, with second place going to Claude.

Earl Rice of the Pampa team ranked first with a total of 338 points out of a possible 450 points. Rice was 19 points ahead of the second-place boy. Other members of the Pampa team were Boyd Owens and Clyde Baird.

The Pampa alternate also made an excellent showing with Floyd Stevens scoring highest honors in that division. Foster Kinzer was the other alternate. There were 10 teams of alternates judging with the eight regular teams. There were 54 boys participating in the contest.

Prof. T. M. Moore of Canyon was the contest judge. Prof. J. L. Lester accompanied the Pampa boys to Panhandle.

The North Plains division of F. F. A. met following the judging contest. Reports were received and it was decided that a list of recommendations will be prepared for presentation to the Amarillo Tri-State Fair association for adoption regarding judging contests for F. F. A. boys.

Mr. and Mrs. R. M. "Boss" Johnson have returned from Lubbock to make their home in Pampa. Mr. Johnson will be with the Edmondson Cleaners.

ARTHUR HUEY IS ACQUITTED

FDR Okays New Jobless Insurance Tax Plan

EMPLOYER TO BEAR EXPENSE OF INSURANCE

ACT TO FOLLOW LINES OF WAGNER-LEWIS MEASURE

By W. B. RAGSDALE
Associated Press Staff Writer
WASHINGTON, Dec. 15 (AP)—An unemployment insurance plan under which the employer would bear the full expense—by means of a payroll tax—gained approval today of President Roosevelt's economic security advisory council.

A man thoroughly familiar with the work of the council, but who declined to be quoted, said the plan would follow the general lines of last year's Wagner-Lewis unemployment insurance bill. The council approved it by a close vote.

Under the plan, the federal government would exercise a wider control over the administration of the insurance funds by the states than it would have under the Wagner-Lewis bill.

This measure, which failed of enactment last session after sturdy opposition by employer interests, would have levied a federal payroll tax but would have deducted from this levy any contributions to state unemployment insurance funds, thus seeking to spur the creation of state systems.

The greater measure of federal control projected under the new plan, the same source said, had given rise to the impression in some quarters that the federal government would grant a subsidy to those states which enacted unemployment insurance that conformed to standards set up by the national law.

It was indicated that the cost of administration probably would be borne by the federal government.

The proposal that the employer bear the full expense had been advanced by the American Federation of Labor. Secretary Perkins advocated it in a speech last night. Both she and the federation said that if the employer bore the full expense he would pass it along to the consumer in the form of slightly increased prices and that in this manner the workers would bear a portion.

The amount of tax remained undecided.

See EMPLOYER, Page 8

Taos Indian Sends Painting To NEWS Employee

L. O. Johnson of the NEWS staff has received an unexpected Christmas greeting from a Taos Indian whom he met while guiding a group of NEWS carrier boys through New Mexico last summer.

The greeting is in the form of a water-color sketch of the northeast pueblo at Taos. It is signed "Juan," and carries the wish, on the back, for "my good wishes to all those kids for a healthy, long life." The painting, Juan wrote, came from his heart and head "to wish you a very happy Christmas." A heart and a head were drawn in place of words.

The greeting concluded with this sentence: "From the land of real Americans." Mr. Johnson was much pleased.

RANGERS HELP IN PROBE HERE AS MAN HELD

Felony Complaint Is Filed Against Striker

Three Texas Rangers were assisting in the probe of disorders in the Panhandle oil field yesterday as the first arrest was made jointly with the local sheriff's department. The state officials are Captain Hannah, Abernathy, and Hamilton.

They placed J. C. Meadows in jail after a complaint of robbery with firearms was placed against him. It is alleged that he was a member of a band of five armed men who disarmed two Texas company guards last week. A pistol was taken from Albert Jordan, the complainant.

Meadows formerly was a roustabout foreman for the Texas company in the LeFors area. His bond had not been set last night.

Cotton Returns From Japan Trip

WASHINGTON, Dec. 15 (AP)—The agreement adjustment of cotton production today revealed the story of how and why 17,500 bales of cotton went half way around the world just for the ride and now are back being packed into mattresses for the unemployed.

The story came out when Oscar Johnston, manager of the cotton producers' pool, denied the government was buying foreign cotton for relief purposes.

The globe-trotting cotton was shipped to Japan and elsewhere two years ago by Anderson Clayton and Co. of Houston, which last September was low bidder on a low grade cotton sale to the cotton pool for the Federal Surplus Relief corporation.

Low grade cotton is scarce in the United States. The cotton it had shipped to Japan was lying unused in warehouses there because of overproduction in India and low prices which the American could not meet.

Consequently, the company ordered 14,000 bales home from Japan and 3,500 bales from Europe. Ten thousand bales of the Japanese warehouse cotton were due in Houston today.

BRITISH STILL BELIEVE JAPS ARE BLUFFING IN NAVAL TILT

LONDON, Dec. 15. (AP)—Dressed in wet and soggy golf togs after a friendly game in a pouring rain, delegates of the world's three great powers reached another impasse in naval matters today.

After a round on the famous Walton Heath golf course, in which the Americans, Norman Davis and Admiral William H. Standley, lost a foursome to Ambassador Tsumo Matsudaira and Sir John Simon, they repaired to the clubhouse.

Davis told the British foreign secretary and Matsudaira that resumption of naval conversations next year depends entirely on a marked change of attitude in Tokyo during the next few days.

Incidentally it was the first discussion in which all three delegations had participated simultaneously.

During the talk Davis, aided by

'MESSIAH' TO BE PRESENTED HERE TONIGHT

LARGE SINGING GROUP TO TELL STORY OF CHRISTMAS

George Frederick Handel's "Messiah," a favorite religious work for presentation at the Christmas season, will be heard by Pampa; tonight at the First Baptist church at 8:30 o'clock.

The Philharmonic choir directed by Mrs. May Foreman Carr will present the oratorio, assisted by singers from Amarillo and Hereford and by an Amarillo orchestra. Prof. Emil F. Myers of Amarillo will be guest conductor. Church services will be concluded prior to the giving of the oratorio.

Soloists tonight will include Mrs. R. F. Jones, soprano; Mrs. Ethel Powell, soprano; Emmitt Smith, tenor; Robert Smellage, bass; Mrs. C. O. Huber, soprano; Mrs. Philip Wolfe, soprano; Miss Estelene Harris, soprano; Mrs. Earl Thomason, contralto; Mrs. T. W. Gilstrap, contralto; Clifton Janek, bass; Norman Carr, baritone; Howard Zimmerman, bass.

Accompanists will be Mrs. May Foreman Carr for most numbers, at the piano, Miss Eloise Lane, Mrs. John Hooper, and members of the Philharmonic orchestra of Amarillo.

The Rev. C. E. Lancaster will preside as the program opens. After the Adeste Fidelis by the chorus and congregation, the invocation will be given by the Rev. John Mullen.

See MESSIAH, Page 8

Christmas Tree Program Sunday Now Completed

An interesting program will be presented by the Twentieth Century Forum at the community Christmas tree for the poor children of Pampa next Sunday afternoon at 2:30 o'clock in the city auditorium. Other clubs, civic organizations, and citizens will assist in making Christmas a happy one for unfortunate children.

There will be a large Christmas tree and Santa Claus will appear to present the children candies and toys. Only children having tickets provided by the Gray county relief board, Mrs. W. H. Davis, administrator, will be eligible for presents.

The Pampa fire department has prepared hundreds of toys given by generous Pampans. It is doubtful if enough toys are available for the expected 650 children who will attend. Pampans can assist by purchasing toys and leaving them at relief headquarters in the basement of the city hall.

The interesting program will be opened with benediction by the Rev. Lance Webb, pastor of the Harrah and McCullough Memorial churches. A solo will follow, then the three small children who have delighted Pampa with their music on street corners will play. Mrs. Webb will read a Christmas story, which will be followed by singing of Christmas carols by chorists.

Mrs. Kathryn Vincent-Steel will give a Christmas dance. Then Santa Claus will arrive to distribute the gifts.

COTTON PLAN VOTE BRINGS UP QUESTION

Would Producers of Other Major Commodities Like Control of Production?

COLLEGE STATION, Dec. 15. (AP)—A majority of more than four to one in favor of keeping the Bankhead cotton allotment bill in effect through 1935 was recorded for Texas tonight with tabulation almost complete.

Shy reports from only 29 counties, the Texas cotton allotment board ran its last total for the day at 8:30 p. m. and reported the vote stood 240.119 in favor of retention of the measure and 53,641 against.

This tabulation included reports from 208 counties, 292 of them complete, 81.7 per cent of the 293,760 votes being for the act. They were 100 per cent for the act. They were Andrews, Ector, Frio, Jim Hogg, and Presidio, with a total vote of only 526.

The main strength in favor of the act was in east and central Texas. The lower Rio Grande Valley ran about 2 to 1 for it.

Chief opposition was registered on the south plains although Tyler county, in the heart of the east Texas area that gave the act its greatest Texas support, voted against continuance. Gillespie, in southwest Texas, was the banner opposition county with a vote of 76.5 per cent against continuance.

COLLEGE STATION, Dec. 15. (AP)—A deluge of Texas votes attested today to the popularity of the compulsory cotton control program in the vast growing state.

As votes poured in from yesterday's balloting on whether the Bankhead act should be continued next year, those in favor of the restrictive measure piled up 233,782 votes. Those opposed numbered 53,815.

The Texas cotton allotment board compiling votes here had received returns from 203 of the 237 cotton producing counties in Texas, of which 196 counties had supplied completed figures.

With the tabulation approaching completion, there remains little doubt but that the Bankhead act had been approved by a vote ratio of at least five to one.

Counties which returned majorities against retention of the Bankhead act were Stephens, Cameron, Rains, Eastland, Floyd, Tyler, Jack, Gaines, Farmer, Gonzales, Cochran, and others.

See COTTON PLAN, Page 8

JURY REACHES A VERDICT ON FIRST BALLOT

DELIBERATIONS LAST 2 HOURS AND 20 MINUTES

CANADIAN, Dec. 15. (AP)—Arthur Huey was acquitted tonight of a charge of murder in connection with the slaying of A. P. (Ace) Berger.

The jury deliberated but two hours and twenty minutes and reached its verdict on the first ballot.

"Thank you gentlemen," Huey said as the verdict was read. He walked from the courtroom with his wife. Only a few spectators were present.

The state had asked for the death penalty for the slaying of Berger in the postoffice of the town which bore his name. Huey, Hutchinson county tax assessor and collector, claimed self-defense as the motive for the killing.

Arguments ended with a stirring appeal by W. L. McConnell, district attorney, that the 42-year-old defendant be convicted for the fatal shooting of Berger in the Berger postoffice last Aug. 31.

The arguments of state prosecutors and defense counsel centered

See ACQUITTED, Page 8

Needy Families To Get Baskets

Needy families of Pampa will be given baskets through the local relief board. Pampa citizens and organizations desiring to make this Christmas a happy one for a number of local citizens can get names from Mrs. W. H. Davis at relief headquarters in the basement of the city hall. Her telephone number is 36.

Few baskets were distributed last year because most of the families had men working on C. W. A. projects. This year there are many families who do not have work and who will be without Christmas dinner unless through generosity of Pampans and Pampa organizations.

The response to the call has been gratifying. Mrs. Davis said yesterday.

I Saw . . .

Richard Bennett Hughes, 5, and his brother, Lynn, 3, sons of Mr. and Mrs. Dick Hughes, advancing on this writer. Bennett clutched a letter addressed to "Santa Claus, North Pole." Said he, "We know Santa reads the Pampa News so we are going to save two cents." Scotch, eh, Dick?

Miss Emil Brewer of the University of Missouri school of Journalism back in town for the Christmas holidays. Pampa has produced almost as many journalists as grid players in the last few years.

NEW MOVE BEGUN TO BUILD A CANAL ACROSS NICARAGUA

WASHINGTON, Dec. 15. (AP)—A new move was started today to get congress to authorize construction of a \$722,000,000 canal across Nicaragua for commercial and national defense advantages to the United States.

Announcing plans to push for adoption of the 30-year-old project, Chairman Carl Vinson of the house naval committee today said he would discuss the proposal soon with President Roosevelt.

The Georgia democrat said he had canvassed a large number of senators and representatives and found sentiment predominantly favored the project.

Vinson today completed drafting a resolution which called for creation of a "Nicaragua canal commission" of 11 to report as quickly as possible to congress on the feasibility and wisdom of constructing the canal.

The last report submitted to congress on the project, Dec. 10, 1931, by the United States army inter-oceanic canal board, advised against building the canal at that time.

"The time is near when the United States will have to construct the Nicaragua canal," Vinson said. "The Panama canal's locks are not large enough to accommodate with safety some ships now being built. They scarcely are large enough to handle the big aircraft carriers—the Saratoga and Lexington."

"From a commercial standpoint, the Nicaragua canal will shorten the route from the Atlantic to the Pacific coast and the Orient."

"From the national defense standpoint, it is to the advantage of the United States to have two canals through which to transfer the fleet from one ocean to another in time of war. There is always possibility that one might be destroyed."

The army board reported that the most practical route for the Nicaragua canal would be from Greytown on the Atlantic to Brito on the Pacific by way of the Desandoe and San Juan rivers and Lake Nicaragua. It would be 172 miles long, cost \$722,000,000 and the annual cost of maintenance was estimated at \$10,800,000.

Moores Get All Mixed Up But None Are Hurt

AMARILLO, Dec. 15. (AP)—More and more Moores today became involved in a motor car accident, in which no Moore was injured.

Henry Moore, and his sister, Miss Preble Moore, were riding in a car owned by S. D. Moore.

Moreover, they were riding at the south end of the Fillmore street underpass when the accident occurred.

"The car driven by Henry Moore and a car driven by R. D. "Dick" Moore collided.

When an officer was called to the scene, Motorcycle Officer R. C. Moore answered the call.

All three Moores explained the accident to the fourth Moore and then all four Moores went their way.

That's all, there isn't any more.

Cattle Buying To Be Resumed In Gray County

Federal cattle buying in Gray county will be resumed Monday here and Tuesday at the McLean stock yards.

About 900 head of cattle are yet to be purchased. If the demand reaches that figure, about 500 have been bought since the last extension of quota.

the Weather

WEST TEXAS: Cloudy, cooler in the Panhandle Sunday; Monday partly cloudy, cooler except in the Panhandle.

"Ha'n't you got somethin' with long sleeves in it?"

EDITORIAL

DEFAUD NOT: For this is the will of God, . . . that no man defraud his brother in any matter.—1 Thessalonians 4:3, 4.

WHAT IS FOOTBALL'S FUTURE?

As we see it, high school and college football must remain predominantly a student activity to survive. If wagering and fan interest keep on developing, the amateur sport is doomed. Fans demand perfection. Gamblers wish either a winning team or one that can be fixed. Mixing of school and community spirit will gambling is unsatisfactory. The gambler must be coolly detached from sentiment.

But, it may be asked, if amateur football declines, what will take its place? The answer is professional football. Pro ball is little known here but its strides in the east are comparable with the trend to professional baseball a few years ago. And who, now, pays any attention to high school and college baseball, which a few years ago was going strong?

The Chicago Bears are professional gridders. Ten years ago their franchise was valued at \$5,000. Today it is valued by their president, George Halas, at \$500,000. All the cunning of the professional sports promoter is used in getting customers through the gates. Tickets are sold more cheaply than for the college games. There is no scalping. Last year the Bears played 13 league games before a total of 280,000 persons—an average of more than 20,000 persons a game. Only 7,000 admissions were necessary to "break even" in home games. Five non-league games added 67,000 admissions and a six-game Pacific Coast tour 180,000 more.

In other words, the Bears played before 600,000 persons last year. The record this year is even greater. Games are played on Sunday afternoons when the fans are at ease. The rules are more liberal. The goal posts are on the goal line and a player's forward motion determines his gain. Field kicks are frequent.

Technically, the professional game is far better than the college brand. And fans are learning, to their astonishment, that their interest is in the game rather than the institution playing it. Even locally, there is reason to doubt that Harvester park is filled because of "backing the school spirit." The game is important, too, and you don't see the gymnasium over-crowded at many basketball games. Nor does track in the spring bring out 10,000 fans. Of course, the fans are interested in the athletes and the school—during football season.

Competition with professional football for public interest may, however, stop the amateur sport in its headlong strides toward absurd conditions.

THE FUTURE OF THE SOIL

An artificial over-supply of goods has led to many fallacies. It seemed by many that we have too much soil, too many factories, too many citizens, too few droughts in the world to cut down surpluses. Yet, if our people are to maintain a high standard of living and if unemployment is to be abolished, food must be made more plentiful and clothing more available to those who now have not enough.

The soil is the country's most important asset. Its destruction hits at the resource which has made America great. To a country like England, as M. K. Brown points out, lack of resources puts a tremendous dependence upon territorial possessions. America, on the other hand, has all the assets necessary for a great comeback.

But the soil is being ruined in many places. Europe long ago learned to conserve the fertility of the soil. Last September Owen P. White toured the country for Collier's. Here is an example of what he found:

"A century ago there was not a ruined acre in Georgia. Look at it today. I've just done so and was amazed at what I saw. I visited one county, for instance, where I went over 125,000 acres on which a goat couldn't even pick a living. Erosion did it. Either because they were ignorant, or shiftless, or perhaps both, the white men who originally cleared this land for cultivation plowed it in such a fashion as to encourage rain water to run downhill. It accepted the invitation with alacrity. With every downpour tons and tons of topsoil were washed off of every acre and nobody paid any attention to it. Or if they did they didn't worry about it.

"Why should they? There was plenty of land; it was cheap; if one farm was 'wore out' another could be had almost for the clearing of it, and so, with no human hindrance whatever, the erosion process went on until the topsoil was gone and the red-clay subsoil was exposed. That was the end of Stuart county, Georgia, most of which is now cut up with prodigious gullies that it will never again be of any use to anybody.

"These gullies represent total destruction of the land. Less than sixty years ago, for example, the drip from the roof of a barn started a small wash which the owner of the farm was too lazy, or too careless, to stop up. Just think what a wagonload of rock intelligently applied would have done! Today that little wash, known at Providence Gulley, has a record of having swallowed up not only the barn that gave it birth, but also a church, a schoolhouse, a graveyard, a couple of nice dwelling houses and several farms. In spots it is two hundred feet deep, in places it was two hundred yards wide and, taking all its prongs and meanderings into consideration, it is several miles long.

"In that one county there are hundreds of such gullies; throughout the south, it is said, there are a million, and from what I saw I have no doubt the figure is approximately correct. Of course these gullies are not all as huge and spectacular as the one called Providence, but for the fulfillment of their purpose, which is to destroy farm land totally, they don't have to be big. A few small ones, properly applied to a farm and consistently neglected by the farmer, can do his land as much damage as a miniature Grand Canyon."

ON FEDERAL CONTROL OF CRIME

It is nationally conceded that the un-coordinated law enforcement agencies of America are inadequate to handle the crime situation. A federal anti-crime drive with the power of the President behind it will include a permanent federal crime detection force.

Those who have a constitution prejudice against federal encroachment on states' rights are somewhat alarmed by the outlook. The best answer that any state can give is to provide some of the coordination and efficiency that the federal government desires. The old "get your man" spirit has been too much supplanted by the attitude that "I am not paid enough to justify facing those better armed gunmen." There are many brilliant exceptions to this statement, but it is a fact that many au-

thorities do not go to very great lengths to find thugs wanted by other states or other communities.

A state system of crime detection, with radio, high-powered cars, under-cover men, and constant training of officers seems to be the minimum requirement of our day.

FROM THE CITRUS COUNTRY

We have an interesting, 42-page special Citrus Fiesta edition of the Mission Times of Hidalgo county, Hidalgo county. Hidalgo has oil as well as fruit. The Times is rounding out its 25th year of service in the Valley. Joe T. Cook, former Pampa newspaper man, is editor and manager of the paper, which is published weekly. Joe is doing a very good job. . . There are, by the way, 14,091 newspapers in the United States and Canada.

Wage Conditions Are Indicted in Hearing by AFL

DETROIT, Dec. 15. (AP)—Through testimony of more than two score witnesses, the American Federation of Labor tonight laid before government representatives an indictment of employment conditions and wages in the motorcar industry, and then proposed a program which it asserted would go far toward stabilizing the industry from the workers' standpoint.

The program, in brief, called for: a basic 30-hour week, which might be increased to 36 hours for a 10-week peak production period of decreased to 24 hours in slack seasons; prohibition of lay-offs until plants are on a 24-hour week, and then on a strictly seniority basis, and a basic minimum annual wage of \$11,500.

The picture drawn by the workmen-witnesses in the unprecedented hearing touched upon such things as progressive wage and personnel reductions since the depression; inability to earn living wages, and inequalities of the bonus and piece-work system.

The hearing, conducted by Leon Henderson, director of research and planning for the NRA at the direction of President Roosevelt, has for its purpose the drafting of some method for leveling out peaks and valleys of automobile production and employment, and assuring employees adequate living wages. It will be continued here tomorrow, and then will move to other centers of auto production.

Miss Claudine Pope visited in Amarillo yesterday.

Glen Moore, son of Mrs. and Mrs. J. R. Moore, underwent an operation for appendicitis Friday evening at Pampa hospital.

Peace Plan for Chaco Fails as Fighting Begins

ASUNCION, Paraguay, Dec. 15. (AP)—Indications increased today that the League of Nations' latest plan to end the Chaco war would fail as Paraguayan and Bolivian troops faced each other in sweltering heat reaching 114 degrees (fahrenheit) in some places.

A momentary lull came in major military operations, while General Jose Estigarribia's Paraguayan troops gathered their forces preparing to renew the late season drive that has carried them to the western edges of the Chaco and the very borders of Brazil.

It was expected Estigarribia, hopeful an invasion of Bolivian territory would provide the finishing blow to the nearly three years of warfare, would lash out again at the retreating Bolivians within the next few days.

To official apathy the League of Nations' proposal for "peace by

Christmas," meanwhile, was added the open hostility of the press. The government here has not yet replied to the league's proposal, having submitted the plan to military leaders for study, but it was clear that political circles, optimistic over the outcome of Estigarribia's drive, were opposed.

Kenneth Nelson will return today to the home of his parents, Mr. and Mrs. C. R. Nelson, after spending two weeks in Pampa hospital.

Harold Gregory was a Miami visitor yesterday.

CLAUDE G. RAGSDALE, 59, DIES HERE AFTER LENGTHY ILLNESS

Claude G. Ragdsdale, 59, died at his home, 520 West Kingsmill avenue, at 3 o'clock Friday afternoon. A resident of Pampa for seven years, Mr. Ragdsdale had been in failing health most of that time.

Surviving Mr. Ragdsdale are his wife, one daughter, Geraldine, and two sons, Thomas K. Ragdsdale, and Claude L. (Bill) Ragdsdale, all of Pampa. Other survivors are his mother, Mrs. T. D. Ragdsdale of Newton, Kan., who arrived in Pampa yesterday, and two brothers, Glen Ragdsdale of Pampa, and L. W. Ragdsdale of Hanford, Calif.

Funeral services will be conducted at 3 o'clock this afternoon in the First Baptist church with the Rev. C. E. Lancaster, pastor, officiating. Burial will follow in Fairview cemetery under direction of the G. C. Malone Funeral home.

Pall bearers named were Frank Foster, Frank Hill, R. B. Thompson, George Hancock, M. S. Wise, and V. E. Fathere.

Flowers will be in charge of Mrs. R. B. Thompson.

Oil Allowable Will Be Raised Says Thompson

AUSTIN, Dec. 15. (AP)—An increase of 40,000 barrels daily in the Texas oil allowable early next week was indicated as probable today by E. O. Thompson, Texas railroad commissioner, in view of a promised boost in the federal estimate of current market demand for Texas crude.

Thompson returned from Washington with the promise of federal authorities that such a boost to the quota of 941,300 barrels daily for December would be granted immediately. He indicated strongly the commission would allocate it among Texas fields as soon as the increase was confirmed, which was expected early next week.

Current production allowed under state orders was about 3,000 barrels under the federal estimate. For several months the commission's orders have restricted Texas production below the federal quota.

E. B. Swanson, chief petroleum economist for the bureau of mines, decided December market demand exceeded estimates made last month, Thompson said, in view of greater consumption occasioned by open weather in the north and east.

Thompson noted that the commission would not be required to delay application of the increase to its orders until a statewide oil letting set for Dec. 22. Current orders, he explained, may be amended at any time so long as the original purpose was not exceeded.

Wheat fell 1 1/2 cents from the day's top, and landed abruptly at the day's bottom. Profit-taking low price record for the season had been reached in the Rotterdam wheat market today.

Wheat in Chicago closed weak at about the day's low point, 1/4-1/2 under yesterday's finish, May 100 1/2-101, corn 1/2-3/4 down, May 88 3/4-89, oats 1/2-3/4 off, and provisions varying from 2 cents setback to 5 cents advance.

Unfavorable weather prevailing in the domestic corn belt served as only a transient stimulus to buyers of corn. December oats, wanted by shorts, advanced to within 1/2 cent of the highest level of the season, but the oats market gave way at the last with corn and wheat.

Provisions were easy, responsive to a downward slant of the hog market.

CHICAGO GRAIN
CHICAGO, Dec. 15. (AP)—An end-of-the-week selling flurry late today much more than wiped out price gains scored earlier both by wheat and corn.

Wheat fell 1 1/2 cents from the day's top, and landed abruptly at the day's bottom. Profit-taking low price record for the season had been reached in the Rotterdam wheat market today.

Wheat in Chicago closed weak at about the day's low point, 1/4-1/2 under yesterday's finish, May 100 1/2-101, corn 1/2-3/4 down, May 88 3/4-89, oats 1/2-3/4 off, and provisions varying from 2 cents setback to 5 cents advance.

Unfavorable weather prevailing in the domestic corn belt served as only a transient stimulus to buyers of corn. December oats, wanted by shorts, advanced to within 1/2 cent of the highest level of the season, but the oats market gave way at the last with corn and wheat.

Provisions were easy, responsive to a downward slant of the hog market.

Forty caretakers of private game associations near Vancouver, B. C., were made provincial constables for duration of the hunting season.

MARKET BRIEFS

NEW YORK, Dec. 15. (AP)—Varying trade current swayed a few stocks today while the market generally steadied in a rift.

Tape-watchers detected a better tone to the share list. On the surface, however, average final prices showed little change.

Typical week-end peace prevailed in most markets. Turnover in the stock exchange totaled 464,060 shares compared with 458,740 last Saturday, but much was in a handful of issues, notably radio common.

NEW ORLEANS COTTON
NEW ORLEANS, Dec. 15. (AP)—The cotton market was fairly active in today's short week-end session with higher cables than due and Bankhead bill influences predominating.

Riding on the wave of the returns from the farmers' referendum showing the large majority given for continuance of the production

control act, the market gained an early advance of 7 to 12 points with October showing the highest gain.

But late in the session the market turned easy and prices declined rather sharply, losing 10 to 14 points from the highs.

In the late trading the market weakened on some doubt created that the farmer vote was not sufficiently large technically to continue the Bankhead law. Before the decline was checked March traded down to 12.57, May to 12.58, July to 12.59 and Oct. to 12.42 or 10 to 14 points below the earlier highs.

The market closed at the bottom with March and May 5 points net down for the day and July and Oct. 2 points net down.

KANSAS CITY LIVESTOCK
KANSAS CITY, Dec. 15. (AP)—U. S. Dept. Agr.—A total of 200,000 cattle have been received this week at eleven markets compared with 212,945 last week and 181,446 the corresponding period a year ago.

Although supplies of better grade steers and yearlings were comparatively light, the coming holiday trade was the principal factor in an advance of 14-40. The lower grades ruled steady to extremes 25 up at river points but at Chicago an oversupply of common and medium short-feds declined 25 or more.

Little change occurred in prices of fed steers and heifers and the better grade of beef cows while the less desirable she stock which predominated in the run went at weak to 25 lower figures. The country outlet for feeding classes continued extremely narrow and thin cattle moved only at comparatively low prices. The week's high figure was 10.10 paid at Chicago for strict-

choice 1,197 lb. steers. At Kansas City, a range of 2.50-4.75 secured most stockers and feeders. Some strictly choice stock steers calves realized 5.25.

The hog run shows a decrease of approximately 54,000 against last week's figures, but continued larger than the same total last year. The various markets were uneven as a result of the distribution of supplies. At Omaha and Chicago, closing rates were 10-35 lower while other principal points advanced 10-25.

A break of 25 to mostly 50 featured the week's trade in slaughter lambs. Sheep were reported strong to 25 above last week. Closing quotations, while feeding lambs followed the trend in fed lambs. An early top of 7.75 was made at St. Louis and Chicago for selected nannies, most late sales at 7:35 down.

Slaughter eases moved largely from 2.00-3.00, and good to choice feeding lambs at 6.00 and below.

**UCLA Students
Want Suds Sold
Right on Campus**

LOS ANGELES, Dec. 15. (AP)—Students at the University of California at Los Angeles want beer.

They want it sold in the campus cafeteria, and they see no reason why they shouldn't have it.

An application from the cafeteria for a license to sell beer was received today by the state board of equalization. It stated that faculty members want the beverage, too.

GRIDDERS ARE FALLBEARERS
MCCAMEY, Dec. 15. (AP)—Funeral services were held here today for Mrs. R. R. Rogers, with members of the McCamey football squad as pallbearers. Her son, Herman, a member of the team, who was injured in the Big Spring game three weeks ago, was unable to attend the funeral. The body was sent to Truscott, Texas, for burial tomorrow.

CLARK PLANS OWN BILL TO CRIPPLE MARS

INDUSTRIES WOULD BE DRAFTED AS WELL AS HUMANS

By NATHAN ROBERTSON Associated Press Staff Writer
WASHINGTON, Dec. 15. (AP)—A democratic member of the senate munitions committee announced today he was drafting a plan to take all the profits out of war, despite the fact that President Roosevelt has named a committee to frame such legislation.

Senator Clark (D-Mo.) said his program included taking charge of all the nation's resources—in other words literally drafting industry as well as human beings. He said he was studying also a plan for nationalization of military inventions. A group designated by the president to write an anti-war-profit measure is headed by Bernard Baruch, New York financier. Some of the republican members of the senate committee once said they regarded Mr. Roosevelt's move as an effort to bring the munitions investigation to an early end.

"A man drafted into the military service doesn't have a chance to argue with the government over hours or pay. Why should industry?" Clark said today.

Clark's proposal was added to half a dozen others which have been born or revived as a result of the senate committee's disclosures and the president's action.

Chairman Nye of the investigating group already has said he would reintroduce his bill to impose a 98 per cent tax on all incomes above \$10,000 after declaration of a war. The North Dakotan also has demanded nationalization of the munitions industry without waiting for another conflict.

Senator Vandenberg (R-Mich.), another member of the committee, is expected to reintroduce the recommendations of the old war policies commission, of which he was a member, to levy a 95 per cent wartime tax on all profits in excess of the average for the last three pre-war years.

For many years the war department has had a secret plan for mobilizing industry in time of war. The munitions committee will launch a public investigation of this next week in an effort to show it would not prevent excessive profits.

Clark's measure is the most drastic of all those put forward but the idea has long been favored by the American Legion and other service organizations.

TWO HIGH ARMY OFFICERS TO BE INDICTED, CLAIM

Shake-Up in the War Department Now Seems Sure

WASHINGTON, Dec. 15. (AP)—At least a partial "shake-up in war department personnel and procurement" methods, designed to decrease the effectiveness of lobbyists, was reported today to have been promised congressional investigators.

Likewise, said two informed sources who declined to let their names be used, a new grand jury investigation seeking indictment of at least two high army officers will be initiated when the house military affairs committee concludes its investigation of war department expenditures.

Committee members now are drafting their final report, which will be completed by the end of the month. In it they intend to point out certain lobbying practices and suggest changes in the war department methods by which things are bought.

The committee does not now plan to name any names, but merely to deal with general practices, hence its information over to Leslie G. Garnett, the district attorney here, for presentation to the grand jury.

The committee investigators have found, for instance, that one officer in a strategic war department post had accepted fees from companies which did or hoped to do business with the government. They compiled much testimony that men who openly were lobbyists had or claimed to have close contact with officers high in the war department.

Earlier this week, the committee spent several hours in conference with Secretary Dern, Harry H. Woodring, assistant secretary of war in charge of procurement, and General Douglas MacArthur, chief of staff.

That conference, it was said today, gave part of the basis for belief that a shake-up impended. The names of the individuals to be involved, however, were not disclosed, although committee members frequently have expressed their satisfaction at the attitudes of Dern, MacArthur and Woodring.

In the conference with Dern, committee members also talked over their previous recommendation that Maj. Gen. Benjamin D. Fulsby be removed as chief of the army air corps. Dern and the president have not yet removed Fulsby, but one committee member said today:

"We feel we have assurances that something is going to be done."

emergency relief administrator, and his assistant, Lawrence Westbrook, on Texas relief problems. His next objective was a conference with the bureau of animal husbandry with reference to reinstatement of federal allotments for tick eradication in Texas.

"In addition," Alred said, "I shall see other governmental officials for the purpose of developing the best possible coordination and relationship between federal and state governments."

POET SLAYER FREED

WOODLAND, Cal., Dec. 15. (AP)—The "unwritten law" had its way here today when a jury of eleven men and one woman acquitted Judson C. Dole of murder in the slaying of his attractive wife's verse-writing lover, Lamar Hollingshead.

Allreds to Make Washington Trip During Holidays

AUSTIN, Dec. 15. (AP)—James V. Alred, governor-elect of Texas announced today he would make a good will trip to Washington during the Christmas holidays.

He planned to leave tomorrow accompanied by Mrs. Alred, and to be gone a week.

Two specific problems shaped his plans. His first purpose was to confer with Harry Hopkins, federal

Anthony Co. THAT'S ALL

CHRISTMAS MAY LIVE ON AND ON

GIFTS TO WEAR ... ARE GIFTS OF CARE

Just to remind you—that the gift that remains longest in one's fond memory is the gift that serves longer — No gift does this so well as something to wear. A careful selection of something wearable for any one is indeed proof that your giving has been done with much forethought and consideration. This realization adds greatly to the lasting gratitude of the recipient for they know that, you know—a gift to wear is also a gift of care.

C. R. ANTHONY CO.

TODAY'S THOUGHT: IT'S THE SEASON OF GOOD CHEER, JUST THINK WHAT A WARM SMILE AND A CHERRY HELLO MAY MEAN TO YOU, TRY IT ON THE OTHER FELLOW!

C. R. ANTHONY CO. WILL MAKE YOUR SHOPPING PLEASANT

Much preparation has been given to the purpose of making your Christmas shopping one of pleasure. There is a pleasure and joy for all in giving gifts. There is sincere pride that comes from making others happy. Add to this, the joyous delight of shopping where selections are vast, stocks new and complete, service courteous and sincere, surroundings such that the spirit of Yuletide fills the air—these are the things we have striven to accomplish in our efforts to make your Christmas shopping more pleasant. A visit here—YOUR CHRISTMAS STORE will demonstrate that to shop here for your gifts is a pleasure almost identical with that of giving. To serve you pleasantly is as important with us during Christmas as it is in the other eleven months of the year.

STATES TO BE ASKED TO PASS NEW DEAL ACTS

President Calls for Passage of His Favorite Laws

WASHINGTON, Dec. 15. (AP)—The administration was shown today to be using the prestige demonstrated at the November election in an unprecedented effort to influence the states to enact laws reinforcing several phases of the new deal.

With 42 legislators meeting next month, President Roosevelt himself and prominent members of his official advisory family have been urging state legislation to facilitate NRA code enforcement, provide for unemployment insurance, maximum hours and minimum wages, and to make the PWA and housing programs more effective.

Mr. Roosevelt stressed himself directly and emphatically only yesterday in connection with the housing program. He wrote letters to the governors of virtually all the states asking laws that would permit larger loans for home construction and repair, to be insured by federal money.

His action was taken upon the suggestion of James A. Moffett, housing administrator, who explained that in numerous states loans on mortgages are limited to 50 per cent of value. His own belief was that with federal insurance behind such loans a maximum of 80 per cent would not be too much.

The idea of backing NRA with state legislation has been broadcast almost from the beginnings of that agency. Fourteen states already have laws providing penalties for code violations. Twelve of these will die automatically with the national industrial recovery act next June.

The NIRA, however, is to be re-enacted in a modified form, apparently retaining the principles of collective bargaining, maintenance of minimum wages and the ban on child labor. As soon as the details are settled the drive for new state laws will begin.

State legislation backing the codes removes entirely the knottiest constitutional question in NRA—the validity of the law as it applies to companies whose products do not pass beyond the boundaries of the state in which produced. That question is involved in a case now headed for supreme court adjudication.

Secretary Perkins spoke up only last night for state unemployment insurance laws and a five day 40-hour week as subjects the legislators should work on and approve this winter. They should, she said, "get busy without delay."

A 25 grain gold nugget was given by F. Gillit, miner, for his subscription to a Baker, Oregon, newspaper.

NAZIS SHOOT 2 AUSTRIANS IN ENCOUNTER

GERMANY AND AUSTRIA NOT DISTURBED BY INCIDENT

VIENNA, Dec. 15. (AP)—Austria and Germany tonight seemed equally determined not to let the slaying of two members of an Austrian border patrol disturb their increasing good relations.

Although the Vienna government earlier was considering immediate representations to Berlin, it was said officially this evening the German government was not held responsible for the death of the patrolmen, alleged to have been shot by "Austrian Legion" Nazis from Germany.

Chancellor Kurt Schuschnigg and his foreign minister, Egon Berger Waldeneck, left Budapest for Vienna after their two-day conference with Premier Julius Goemboos of Hungary, giving rise to rumors that the conferences had been cut short due to the possibility of Austro-German tension growing out of the incident.

Their return, however, was entirely in accordance with plans previously made, officials here stated, and had no connection with the border shooting.

The official version of the shooting, which occurred near the Austro-German border in the vicinity of Erl, was that the border patrol suddenly was confronted by three men who opened fire before the Austrians had time to remove their rifles from the shoulder straps.

One guard was killed instantly, it was said, and the other died later. At the foreign office it was admitted some confusion concerning the causes of the encounter still exists. A spokesman, however, said Austria had the assurance of Bavarian authorities that German officials were making vigorous attempts to take into custody the person who did the shooting.

Berlin dispatches quoted government officials as saying the two men shot were not members of the Austrian patrol, but two men who entered Austrian territory from Germany, met the patrol and were slain.

White Sox and Pirates to Play Twenty-One Tilts

CHICAGO, Dec. 15. (AP)—Chicago's White Sox and the Pittsburgh Pirates are going to get acquainted in a big way next spring. Schedules for next spring's training exhibitions, announced today, reveal that the two clubs will play each other in 21 games in 15 cities before settling down to their respective pennant campaigns. The White Sox, who went in for strictly minor league competition during their 1933 training jaunt, also will play four games against their Northside rivals, the Chicago Cubs, and two against Hollywood of the Pacific coast league.

The White Sox training trip schedule includes: March 30, Pittsburgh at El Paso; March 31 and April 1, Pittsburgh at San Antonio; April 2 and 3, Pittsburgh at Galveston; April 4, Pittsburgh at Houston; April 5 and 6, Pittsburgh at Ft. Worth; April 7, Pittsburgh at Dallas.

Lone Star and Texas Circuits Hold Meetings

DALLAS, Dec. 15. (AP)—The Lone Star and Texas conferences held meetings here today. The Texas conference attended to routine matters early and then most of the officials departed for Fort Worth to attend the Masonic Home-Highland Park football game.

The Lone Star conference awarded the West Texas Teachers college an honorary membership in athletic games played by the Teachers will not officially count in the conference standing. Texas A. and I. was admitted on a year's probation. Sul Ross was expected to ask for admission but did not have a representative. The West Texas Teachers and Texas A. and I. will play a few athletic games against bonafide members of the Lone Star circuit but none will be listed as championship tilts.

Sul Ross Will Play Buffaloes In '35 Season

DALLAS, Dec. 15. (AP)—The West Texas Teachers, Abilene Christian college and Texas Arts and Industries were added to the 1934 schedule of the Sul Ross State Teachers college grid team here today. A tentative game with Hardin-Simmons was booked by Coach B. C. Graves.

The schedule:
 Sept. 14—Randolph Field Fliers at Alpine.
 Sept. 21—New Mexico Teachers at Silver City.
 Oct. 1—Hardin-Simmons at Alpine (tentative).
 Oct. 12—Arizona State Teachers at Tempe, Ariz.
 Oct. 19—New Mexico A. and M. at Alpine.
 Oct. 26—Texas A. and I. at Alpine.
 Nov. 2—John Tarleton at Alpine.
 Nov. 9—Texas College of Mines at El Paso.

Japs Ask Envoy Group Be Made Liable to Arrest

WASHINGTON, Dec. 15. (AP)—Japan has requested the United States to withdraw diplomatic immunity privileges now accorded American army and navy officers assigned to the embassy in Tokyo as language students and make them liable to ordinary legal procedure.

Joseph C. Crew, the American ambassador to Japan, today forwarded a note from the Japanese foreign office to the state department requesting the removal of names of language officers from the diplomatic list.

The fourteen language officers are, by the list, entitled to immunity from arrest.

State department officials declined to comment.

Some Tokyo dispatches said the action was taken as a result of Japanese newspaper assertions that officers attached to the French embassy were guilty of espionage. They also reported the British government had been requested to change the status of its language officers.

Hitler Attacked From Air, Claims British Marquess

LONDON, Dec. 15. (AP)—The Marquess of Donegal, writing in tomorrow's Sunday Dispatch, says Adolf Hitler recently was attacked from the air while flying over East Prussia.

A traveler who just returned from Germany told him the tale, the Marquess writes.

An unidentified plane swooped down from the clouds on Der Fuehrer's craft, his account, said, sprayed it with bullets and then fled in the direction of Lithuania.

The Marquess' story says neither Hitler nor his pilot was hurt but those in charge of the realm leader's safety were greatly alarmed and precautions to protect him thereafter were redoubled.

Donegal, who is 32, writes a column for the Sunday Dispatch. Piloting his own plane, he recently wrote a series of articles and more recently was in Berlin.

In his article he also says that the traveler, whom he did not name, revealed that Paul Joseph Goebbels, Nazi minister of propaganda, is in terror of being poisoned and has his wife, Martha, prepare all his food with her own hands.

A turnip that broke the laws of nature by sprouting twin tops was grown by A. M. Cant of Franklin, Tenn.

France Battles To Keep Gold Bloc Together

PARIS, Dec. 15. (AP)—An unrelenting drive to get France to join most of the rest of the world in going off the gold standard today found the Flaminio government apparently still determined to keep the European gold bloc together.

With financial circles predicting disruption sooner or later of the tight little combine of nations still clinging to the yellow metal as their currency basis, sentiment for devaluation apparently was growing in Belgium and Holland, two members of the bloc.

In France, too, agitation for cheaper money continued with Paul Reynaud, former minister of finance, in the forefront of those advocating devaluation—or, failing that, deflation.

The former minister's attack on the new government's defense of the franc, delivered in the chamber of deputies early this month, served to put the issue squarely up to Premier Pierre-Etienne Flandin.

"France," Reynaud told the chamber, "must either devalue the franc or devalue its money," arguing that "the economic activity of the gold bloc countries is diminishing, although it is increasing elsewhere."

In previous statements Reynaud had urged direct negotiations with President Roosevelt looking to stabilization between the United States dollar and the gold currencies. Once an agreement is effected, Reynaud predicted, England would come into line.

"Dear Mr. Gould:
 I notice that Knox college of Bondville, Ill., has been given credit for a national record which does not belong to it, a record of losing the most football games in a row."
 "Not that we consider it any great honor but I think you ought to know that the record belongs to Arkansas City, Kas. Junior college which lost 22 consecutive games. The losing streak began in the season of 1931 and was ended this year with a 6-9 victory over the Chillicothe, Okla. Federal high school."
 "As a team seems to get considerable publicity for losing more games than it wins, I think we ought to get in on a little of it. After winning the Chillicothe game the college lost its two remaining games of the season to start out on another losing jamboozie that may even surpass the present record of 28."
 "Respectfully, etc."

KANSANS TAKE DEFEAT TITLE FROM SIWASH

ARKANSAS CITY JUNIOR COLLEGE CLAIMS 'DISHONOR'

NEW YORK, Dec. 15. (AP)—Move over, Knox and Hobart, on the mourner's bench of football. Here's a new claimant for the title of team losing most consecutive games.

More in sorrow than in anger Brian Coyne, sports editor of the Arkansas City, Kas., Daily Traveller, writes the Associated Press sports editor that Arkansas City Junior college completed a string of 28 consecutive losses, one more than Old Siwash and two more than Hobart, this fall and then started another streak by losing its last two games of the season.

"Alan Gould, General Sports Editor," Associated Press
 "Dear Mr. Gould:
 I notice that Knox college of Bondville, Ill., has been given credit for a national record which does not belong to it, a record of losing the most football games in a row."
 "Not that we consider it any great honor but I think you ought to know that the record belongs to Arkansas City, Kas. Junior college which lost 22 consecutive games. The losing streak began in the season of 1931 and was ended this year with a 6-9 victory over the Chillicothe, Okla. Federal high school."
 "As a team seems to get considerable publicity for losing more games than it wins, I think we ought to get in on a little of it. After winning the Chillicothe game the college lost its two remaining games of the season to start out on another losing jamboozie that may even surpass the present record of 28."
 "Respectfully, etc."

CHERRY HELPS BADGERS WIN STATE CROWN

SHAMROCK BOY IS ONE OF BRILLIANT STARS

(By a NEWS Staff Writer.)
 For a few days a quiet, bald-headed, well-built boy appeared on the hardwood floor at the Pampa high school gymnasium. That was a couple of years ago.

Later he appeared with the Shamrock high school basketball team and gave the Pampa team something to think about. His home was in Shamrock but he wanted to play some basketball and football with Pampa. He learned that he would be ineligible so went back home.

Friday afternoon that same quiet-looking fellow played one of the greatest football games this writer has had the pleasure of witnessing. He was Ed Cherry, 185-pound half-back for the Amarillo college Badgers, Texas junior college champions for the second consecutive time when they defeated Lamar college of Beaumont 34 to 7 on Butler field.

Cherry was not sent into the game until the third quarter. He was on the bench because of injuries. He pleaded with Coach Frank Kimbrough who finally sent him into the game. Cherry's first act was to intercept a pass and race 16 yards for a touchdown.

The big fellow carried the ball for long gains to place the ball in position for two more counters. Early in the fourth period he carried the ball and four Lamar tacklers 11 yards for another touchdown. Then he left the field amid the cheers of 2,500 fans.

A lanky individual who looked like anything but a football player when he took the field was Pletcher, Berger sensation. The elongated backfield star passed sensationally, intercepted passes, and ran the ends and through the line with apparent ease. Two of his passes to Forrester were sensational. Big Bob Howes, former Amarillo Sandie, was the power in the Badger backfield.

The Amarillo line played sensationally to wear down the big Lamar forwards. Crowell, Price, and Wombles were particularly in the line. The Badger line was weakened by the absence of Wayne Kelley, former Pampa Harvester star. Kelley sat on the sidelines with a badly injured shoulder, received in Texasiana last week. Clary, replacing Kelley, played nice ball but he could not handle the position like the great Kelley who can take passes from any direction, block, and play great defensive football.

Lamar had a speedster in Ash-bury, quarterback, and in Manning, fullback. The two made a great pass combination with Manning on the receiving end of some sensational tosses. Roy was a great fullback but the attitude appeared to get him. Fisher and Steel played great games in the Lamar line.

Fumbles were numerous, with the Badgers being the chief offenders. They lost the ball three times on miscues.

The Badgers scored early in the second quarter after a first stanza of fumbles, punts, and hard line play. Bob Howes crashed through Russell kicked goal. Lamar came back strong when they recovered a blocked quick kick. Ash-bury drew the entire Badger team to one side of the field and then passed to Manning who was downed on the 2-yard line. Creamer scored and Saunders added the extra point. Pletcher passed 27 yards to Forrester as Cherry entered the game in the third quarter. Cherry made some nice gains but fumbled. He redeemed himself a minute later when he intercepted a pass and raced 16 yards for a touchdown. Howes added the third touchdown when he crossed the goal line at the end of a 40-yard march. Cherry carried three plays 11 yards to score a minute later. Forrester passed to Russell over the goal line for the Badgers' fifth touchdown.

SOUTHWEST TO BAR ATTACKS ON OFFICIALS

'FIGHTING ATHLETES' DISQUALIFIED IN DECISION

DALLAS, Dec. 15. (AP)—The expectation that the Southwest conference would name an athletic commission similar to the Western conference did not materialize at today's annual meeting. The faculty athletic committee expressed regret over the resignation of President Dr. D. A. Penick and appointed Professor E. W. McDiarmid of Texas Tech to preside and serve the remainder of Dr. Penick's term which will end next spring.

The subject of a probable athletic commissioner was put to a straw vote, found little interest and shelved without a major discussion. It was the consensus that Professor McDiarmid would be elected president next spring when the annual meeting will be held at College Station. McDiarmid, in agreeing to serve in this capacity, said he did not expect to become the permanent president.

In order to curb conference athletes from fighting game officials, the conference added a by-law that will bar any athlete from Southwest conference competition who is guilty of abuse toward any officials if a coach is guilty instead of a player, the school employing him will be requested to dispense with his service. Two football players were guilty of slugging officials during the recent gridiron campaign. The new rule would prohibit a guilty player from conference competition for the entire duration of his school career whether the abuse occurred during or after a game.

A committee consisting of Harry Viner of Houston, Gaylord Johnson of Dallas and Dr. Penick will appoint football officials next season. The Southwest Football Officials association will send a list of capable officials to this trio. They in turn will send the list to coaches who will mark the men they favor and return to the committee and from the list will be selected next year's grid officials. This does not apply to 1934-35 basketball officials due to the fact that coaches have named officials.

This new rule will be in vogue for one year, it is expected it is to become permanent.

The conference football broadcasting subject was discussed but no proposal will be reported by the committee until the spring meeting. Dr. Penick said broadcasting companies had worked in perfect cooperation with the conference during progress of the 1934 grid season.

Coming out of the meeting, Dr. Penick said: "We didn't do very much, mostly talking."

HITLER ATTACKED FROM AIR, CLAIMS BRITISH MARQUESS

LONDON, Dec. 15. (AP)—The Marquess of Donegal, writing in tomorrow's Sunday Dispatch, says Adolf Hitler recently was attacked from the air while flying over East Prussia.

A traveler who just returned from Germany told him the tale, the Marquess writes.

An unidentified plane swooped down from the clouds on Der Fuehrer's craft, his account, said, sprayed it with bullets and then fled in the direction of Lithuania.

The Marquess' story says neither Hitler nor his pilot was hurt but those in charge of the realm leader's safety were greatly alarmed and precautions to protect him thereafter were redoubled.

Donegal, who is 32, writes a column for the Sunday Dispatch. Piloting his own plane, he recently wrote a series of articles and more recently was in Berlin.

In his article he also says that the traveler, whom he did not name, revealed that Paul Joseph Goebbels, Nazi minister of propaganda, is in terror of being poisoned and has his wife, Martha, prepare all his food with her own hands.

A turnip that broke the laws of nature by sprouting twin tops was grown by A. M. Cant of Franklin, Tenn.

France Battles To Keep Gold Bloc Together

PARIS, Dec. 15. (AP)—An unrelenting drive to get France to join most of the rest of the world in going off the gold standard today found the Flaminio government apparently still determined to keep the European gold bloc together.

With financial circles predicting disruption sooner or later of the tight little combine of nations still clinging to the yellow metal as their currency basis, sentiment for devaluation apparently was growing in Belgium and Holland, two members of the bloc.

Lamar had a speedster in Ash-bury, quarterback, and in Manning, fullback. The two made a great pass combination with Manning on the receiving end of some sensational tosses. Roy was a great fullback but the attitude appeared to get him. Fisher and Steel played great games in the Lamar line.

Fumbles were numerous, with the Badgers being the chief offenders. They lost the ball three times on miscues.

The Badgers scored early in the second quarter after a first stanza of fumbles, punts, and hard line play. Bob Howes crashed through Russell kicked goal. Lamar came back strong when they recovered a blocked quick kick. Ash-bury drew the entire Badger team to one side of the field and then passed to Manning who was downed on the 2-yard line. Creamer scored and Saunders added the extra point. Pletcher passed 27 yards to Forrester as Cherry entered the game in the third quarter. Cherry made some nice gains but fumbled. He redeemed himself a minute later when he intercepted a pass and raced 16 yards for a touchdown. Howes added the third touchdown when he crossed the goal line at the end of a 40-yard march. Cherry carried three plays 11 yards to score a minute later. Forrester passed to Russell over the goal line for the Badgers' fifth touchdown.

SANDIES ROUT BIG SPRING 31-20 WHILE MASONS BEAT DALLAS TEAM 13-0

MASONIC HOME WILL BE NEXT FOE OF AMARILLO ON BUTLER FIELD--PROBABLY SATURDAY

SANDSTORM RAGES FOR 30 MINUTES AND THEN LETS UP; MASONS ALSO SHOW THEY ARE GOOD ON RUNNING PLAYS

FRIDAY GAMES
Greenville 20; Corsicana 0.
Corpus Christi 33; Jeff Davis (Houston) 0.

FORT WORTH, Dec. 15.—(AP)—Battering a stout and stubborn Highland Park team into submission 13-0 at the T. C. U. Stadium this afternoon, the Masonic Home Masons advanced into the semifinals of the 1934 saw off for the state schoolboy grid title. The victory paired the Orange against the powerful Amarillo Sandies, victors over Big Spring in their quarter final game at Lubbock. The game will be played in Amarillo probably on Saturday.

The game against Highland Park was only a few minutes old when the Masons clearly demonstrated their superiority. They ripped through the Scot line for 263 yards, all on running plays. But so stout was the Scot defense when its goal was threatened that only once was the smashing Mason machine able to drive through it to pay dirt. The other score resulted from a blocked punt.

The Masons piled up 17 first downs, all on running plays while the Scots made only five, three on passes. The Scots gained 116 yards, 53 on passes. They never penetrated the Masons' 20-yard line. The game was won for all general purposes in the second period. Robert Cook, Mason tackle, blocked Husacker's punt and Lester Crocker, Mason end, fell on the leather for a touchdown. Hugh Handley tried to plunge for the point but was stopped, making the score 6-0.

The second Mason score resulted from an 89-yard drive at the start of the second half. Handley made the last two yards. This time Davis added the point with a place kick.

The starting lineups:
Highland Pk. Pos. Masonic Home
Ritchie ... Ia ... Crocker
Stephenson ... It ... Cook
Griesenbeck ... Ig ... Thomas
Wimmer ... c ... Smith
Sullivan ... rg ... Williams
Hughes ... rt ... White
Shart ... rg ... Conway
Rhodes ... rb ... McPadden
Busacker ... th ... Allsbrook
Thomason ... rh ... Davis
Crenshaw ... lb ... Handley

Officials — Boynton (Williams), referee; Minton (Indiana), umpire; Curtis (Texas), head linesman; Roach (Baylor) field judge.

Three Pampans On TCU Teams Given Letters
PORT WORTH, Dec. 16.—Awards of 24 varsity football letters, 19 reserve letters, 10 managers' letters and 25 freshman numerals were announced here last night by Prof. E. W. McDiarmid, chairman of Texas Christian university committee on athletics.

Varsity football "T's" went to Capt. Joe Coleman, Waco; Sam Baugh, Sweetwater; Drew Ellis, Perryton; Heard Floore, Fort Worth; Wilson Groseclose, Abilene; Manuel Godwin, Hot Springs, Ark.; PAUL HILL, PAMPA; Wilbert Harrison, Temple; Solon Holt, Henderson; Robert Jordan, Rose, Waco; Tracey Kellow, Lufkin; George Kline, Gregory; Jimmie Lawrence, Harlingen; Darrell Lester, Jacksboro; Taldon Manton, Fort Worth; Harold McCleure, Fort Worth; Vic Montgomery, Ozona; Scott McCall, Fort Worth; L. D. Meyer, Waco; Walker Roach, Fort Worth; Glenn Roberts, Fort Worth; Robert Stow, Fort Worth; Judy Truelson, Dallas; and Will Walls, Little Rock, Ark.

LUBBOCK, Dec. 15.—Turning on full steam in a powerhouse exhibition for 30 minutes, the Amarillo Sandies defeated Big Spring Steers 31 to 20 here this afternoon on a neutral field to win the schoolboy football championship of West Texas and the right to play Masonic Home of Fort Worth next week in Amarillo in a state semi-final contest.

After Stidger and Fyfe had scored in the first quarter after drives of 55 and 40 yards down the field, Fyfe got away with Cordill's short punt on the first play of the second quarter and ran 63 yards for another counter. After that Big Spring, scrapping hard, scored two touchdowns, Coburn picking up a blocked punt to run 25 yards and the first counter, and little George Neel passing 12 yards to Mills for the second. Just before the later play, Denton, substituting for the injured Harlow, ran 46 yards for the fourth Amarillo touchdown.

Stidger scored for Amarillo in the third after a 50-yard drive and Big Spring narrowed the margin again with an 18-yard pass, Cordill to Bob Flowers, with two minutes left in the final period.

First downs were 14 to 11 for Amarillo, and the Sandies gained 343 yards on running plays to 73 for the Steers.

The starting line-ups:
Amarillo Pos. Big Spring
Peterson RB Mills
Storath RT Coburn
Matthews RG Wilson
Sullivan C S. Flowers
Underwood LG Vines
Fitz LT Darwin
Cochrane LE Jones
Stidger QB B. Flowers
Fyfe RB Neel
Waggoner LH Cordill
Harlow FB Cauble

Scoring for:
Amarillo: Touchdowns, Stidger 2, Fyfe 2, Denton. Extra points, Stidger.
Big Spring: Touchdowns, Coburn, B. Flowers, Mills. Extra points, Cordill 2.
Officials: Referee, Meyers (TCU); umpire, Sears, (Ky. Mines); head linesman, Payne (Simmons); field judge, Chapman (Austin).

GINNING STATISTICS
Census reports show that there were 1,156 bales of cotton ginned in Gray county from the crop of 1934 prior to December 1, as compared with 4,441 bales ginned to December 1 from the crop of 1933, according to Royal H. Wilson of McLean, special agent.

LAMESA BEATS SHAMROCK 14 TO 0 ON TWO TRICK PASSES
LAMESA, Dec. 15.—Taking to the air to score both touchdowns, the Lamesa Tornados yesterday afternoon defeated the fast Shamrock Irishmen 14 to 0 to win their second successive Region 1, Class B football championship.

A battling Shamrock team stopped every attempt of the Tornados on the turf but they were caught napping on a couple of trick plays which spelled defeat. It was Shamrock's first try for a title and the little band of green-clad warriors from the Panhandle made a valiant attempt to the last whistle.

Kirk McKinnon, Lamesa's ace ball totter; Boswell, a deadly passer, and Harrell, a pass snaggling end, shone for the home team. Mitchem was the outstanding player for the Irishmen. "Big" McIntyre and Fields also played great ball. Mills and Chance played steady line games for the Irish. Shamrock was without the services of their ace ball carrier, "Little" McIntyre, much of the game because of injuries.

Lamesa scored late in the second quarter when Boswell passed to Harrell for 23 yards to place the ball on Shamrock's 17-yard line. Another pass, on a fourth down, sent Harrell across the goal line. Cozzins added the extra point.

Powell and Wise Played Capably

WISE, center

Missing from the Harvester line-up next season will be Skeet Wise, flashy little center, and Jack Powell, fullback. Wise was the most accurate passer on the team but his size kept him from being used

POWELL, fullback

more often. He was too light to back up the line as the Mitchell system demands. Powell was taken from the line and made into a fullback. He had plenty of power and lots of competition.

ANOTHER ATTEMPT MADE TO ORGANIZE BASEBALL LEAGUE

Another attempt to give this section of the Panhandle professional baseball will probably be made this winter. It is reported that Jess Crandorff, former major league star and now owner of a baseball "college" on the Pacific coast, will make the attempt.

Mr. Crandorff has already contacted El Paso, Roswell, Tucumcari, and Amarillo to join the league. He is anxious to get two more teams to make a 6-team league and will present his proposition to Pampa, Borger, Lubbock, LeFors, and Clovis. An 8-team league would be even more acceptable.

The teams would be farms for some of the major and minor league teams and would be placed in towns at the expense of the association and not of the city, it is understood. Mr. Crandorff has the assurance of six teams that they would use the league for farms.

El Paso, Roswell, and Tucumcari have already accepted the proposition, it has been learned. A deal to secure Metro park in Amarillo is under way and negotiations are expected to be closed soon.

Interested parties will visit Pampa later in the winter with the hope of securing Pampa as a league town. An attempt was made to organize the league last year but without success.

Pampa became "baseball-minded" last season when the Pampa Road Runners made an enviable record and when the Pampa Junior chamber of commerce held a successful baseball tournament. Pampa now has one of the best baseball plants in the southwest. Its lighting equipment is equal to that of any park in the country.

CATHOLICS TO HAVE ATHLETIC LOOP IN TEXAS

20 HIGH SCHOOLS WILL BE MEMBERS OF LEAGUE

DALLAS, Dec. 15.—The Texas Catholic high school athletic association was tentatively formed here today with Dr. L. J. Banck of St. Mary's university, San Antonio, as chairman of the temporary directing board.

Other members of the directing board are the Rev. Thomas Zachary of St. Joseph's high school, Dallas; and Bro. B. Patrick of Kirwin high school, Galveston.

One football and basketball will be embraced by the association's program, Dr. Banck said.

Under tentative rules league members would be restricted to ten

football games a season, to be played between the opening of class work and the Saturday after Thanksgiving. Players would be allowed four years participation but would be required to pass at least three half-unit credit courses in the semester preceding play. Freshman would be eligible but no student who had played at any other school of equal rank could participate. Eligibility would expire in ten semesters, and the age limit would be 20 years.

Game contracts would be on a two year, home-and-home basis. The basketball championship would be awarded the winner of a round-robin tournament to be held each March in San Antonio under auspices of St. Mary's university. The winner would be sent to the national championship tournament in Chicago. The first Texas tournament was tentatively planned for March, 1935.

Star Poloists In San Antonio

SAN ANTONIO, Dec. 15.—(AP)—Cecil Smith and Rube Williams, famous west polo players, and the other two members of the Austin polo team, George Miller and Gilly Gilmore, arrived here tonight for their regular winter stay. The Austin team is the chief cog in San Antonio's winter polo tournaments.

One minor tournament already has been held here and a second, a low goal handicap event, will be finished Sunday. Eight teams originally were in the tournament.

Berkeley Bell Ranked Third By ELTA Group

NEW YORK, Dec. 15.—(AP)—Frank Shields' tennis stock, weakened by an unimpressive season this year took its first fall today as the Eastern Lawn Tennis association, announcing its ranking for 1934, demoted the tall New Yorker to No. 2. Sidney B. Wood Jr., of New York, headed a list of 25 ranked players. Nationally, it is generally figured that Shields will drop to third place. The elevation of Wood to No. 1 is of importance with the lifting of Berkeley Bell, the erstwhile Texas firebrand, from No. 6 to No. 3. The eastern "first ten," announced by a committee of which M. Fischer is chairman, follows: No. 1 Sidney B. Wood Jr., New York.

No. 2 Frank X. Shields, New York.
No. 3 Berkeley Bell, New York.
No. 4 Clifford Sutter, New York.
No. 5 Gregory S. Mangin, New York.
No. 6 J. Gilbert Hall, South Orange, N. J.
No. 7 Dr. Eugene McCalliff, Yonkers, N. Y.
No. 8 Edward W. Debleman, New York.
No. 9 Leonard Hartman, New York.
No. 10 Frank J. Bowden, New York.

One November city officials of Miami, Fla., estimated there were 30 per cent more winter visitors there than had arrived at that time last year.

A WORD FROM HENRY FORD

We expect to announce our new 1935 cars, and have them in dealers' showrooms where you may see and examine them, on Saturday, December 29th. The cars are coming off the line now and distribution will soon commence.

I have never been very much in favor of the custom of yearly models. Good motor cars do not become obsolete simply because the calendar turns a leaf. Our former custom was to put improvements on our cars as soon as we developed and tested them, so that there was continuous refinement and progress. The custom of introducing new models annually is justified when they are really new, and not merely equipped with new talking points for the purposes of salesmanship.

Last year's Ford V-8 was a good car, the best we had built up to that time. We don't say to any customer with a last year's car that his car is out of date. If it is giving him service, and if he is not in the market for a new car, there is no reason for him to feel that he is behind the procession. He still drives the fundamentally latest thing in cars. The new car has all the qualities and advantages of last year's car, with something added.

The improvements we offer are not experimental in any sense; they were thoroughly tried out under every conceivable circumstance before we finally adopted them. That, in fact, is our job all the year 'round—refining, improving, making new balance of qualities, always adhering closely to our principle of continuous growth in the basic purpose of the Ford car.

The 1935 V-8 engine is practically the same engine we built in 1934, because we have not learned how to build a better one. It has, however, some refinements; amongst which are the copper-lead connecting rod bearings, and the new type of crankcase ventilation.

Most of the improvements concern the riding qualities of the car. There is now more comfort both in driving the car and riding in it—and it was always a very comfortable car to drive. This year we have paid particular attention to the comfort of the back seat rider. The rear seat is now forward of the rear axle, so that all passengers ride between the axles. With the new flexible springs, this gives what has been aptly described as "a front seat ride for the back seat passengers." Besides, it has permitted changes in the design of the body which have resulted in those lines of beauty so much in favor with automobile owners today.

We have always had three fundamentals—Durability, Economy of operation and maintenance, and Comfort. Safety, of course, is taken for granted. The Durability is just what it always was; no one needs to be told at this late day that Fords are built to last. The Economy is even greater than before—an 8-cylinder engine with the economy of a four. As to Comfort, however, there has been a very considerable advance, as I think you will agree when you have tried the car out.

We built more than 20,000,000 cars previous to the V-8. We have built 1,300,000 V-8 cars. The V-8, we believe, is the proper engine for the low-price car field, which is our field.

This 1935 car will be on display December 29th, with all details ready for your information. It is entirely probable that some of our prices will be lower than in 1934. We want them lower because we expect to build a million cars and better next year, and the price must be right. If the price is right, people will buy; men will go back to work; a thousand related businesses will feel the new impulse. At least, we are trying to make 1935 a busier, happier and more hopeful year.

Henry Ford

Long's Football Team Vanquishes Oregon 14 to 13

BATON ROUGE, La., Dec. 15. (AP)—Snapping back with flashy scoring thrills after being outclassed in an Oregon decision game with defeat starting starkly, Louisiana State university's gridmen overcame a 2-touchdown lead today to shade Oregon 14-13.

The accurate extra point kicking toe of Ernie Seago, the brilliant Abe Mickal's placement understudy, plus an Oregon decision game with a judicious faith in a pass instead of a kick for conversions, directly accounted for Louisiana's triumph.

PLAY

(Continued from page 1.)

John Martin—Arthur Hurley, Pat's brother, a regular fellow. Roy Webb—Danny Polling, a nice young man who got mixed up with jail. Bill Parks—Fritz Benton, an ex-burglar, Danny's pal.

COTTON PLAN

(Continued from page 1.)

Gray county went overwhelmingly for the continuance of the Bankhead act, or compulsory control of cotton production. The vote was 205 for the act and 17 against it. There were 126 farmers eligible to vote who did not do so.

EMPLOYER

(Continued from page 1.)

settled, with three per cent the most widely discussed figure. The committee still was working on studies of old age pension, health, child welfare and reemployment plans with the expectation that it would finish its work over the week-end.

With regard to child welfare, those familiar with the course of the council's work said it proposed a continuance of federal child work appropriations and aid for mothers. Under the unemployment insurance plan outlined by these persons the recommendations would follow closely the lines of the Wagner-Lewis bill of last year, except for the different manner in dealing with the tax collected on payrolls.

The Wagner-Lewis bill proposed a payroll tax, collected by the federal government. It would have been refunded to those concerns which contributed to state unemployment insurance funds.

As outlined, the new proposal would have the tax collected by the federal government, and direct grants be made from it to those states which enacted unemployment insurance laws conforming to standards.

BIFF TO QUIT? BATON ROUGE, La., Dec. 15. (AP)—Lawrence "Biff" Jones, Louisiana State university football coach, said tonight he had "nothing to say" about reports that he had resigned after today's game with the University of Oregon. Reports were current in Baton Rouge tonight that Jones, an army captain and former football coach at West Point, had resigned after an argument with Senator Huey P. Long.

If you want the best in PORTRAITS and best in service at now for your Christmas Photographs Make your deposit. Let us finish the work, without having to rush them, and they will be ready for you when you want them.

about the testimony of R. B. Cowan, Berger utilities official and Hutchinson county deputy sheriff. The defense vigorously attacked and the state defended Cowan's story which said Huey entered his coat, engaged Berger in a conversation and after a scuffle, fired four shots into his back.

The defense vigorously attacked and the state defended Cowan's story which said Huey entered his coat, engaged Berger in a conversation and after a scuffle, fired four shots into his back. The testimony of M. H. Chenault also figured prominently in arguments. Chenault testified Berger talked with his about 2 p. m. the day of the shooting and said "I will kill him (Huey) or he will kill me before night."

LIONS IN CLOVIS C. H. Walker, past district Lions governor, Sam Braswell of Clarendon, past international Lions director, and Gilmore N. Nunn, escorted International President Hascall of the Lions, Mrs. Hascall and their daughter, Anne, to Clovis, N. M., where all were guests at a zone meeting of the Lions club at the Clovis hotel. The Hascalls will go from Clovis to Roswell and from there to California to spend Christmas.

RACE MAN APOLOGIZES HOUSTON, Dec. 15. (AP)—Lou Smith, general manager of Epsom Downs, tonight expressed deep regret, Epsom Downs had offended S. M. U. officials by naming the fifth race of Tuesday's racing card here "The Southern Methodist." President Charles C. Seelman of S. M. U. today protested the use of the school's name in connection with the race track. "Eddie Mack, our publicity director, usually names the races," Mr. Smith explained. "Since last Tuesday was Dallas day at Epsom Downs, Mr. Mack was desirous of playing up outstanding institutions in Dallas. For example, one race was named the Oak Cliff."

RELATIVE SUCCEUMBS Mrs. F. E. Leach received word yesterday afternoon of the death of her brother's wife, Mrs. E. D. Kelly of Electra. Mrs. Kelly died in a Temple hospital where she had been a patient for several weeks. Funeral services will be conducted this afternoon at Itasca.

BABY FOR CLARA SANTA MONICA, Dec. 15. (AP)—Clara Bow entered a hospital here today to await the arrival of the star. The actress was calm and smiling, but Rex Bell, her actor-husband, wore a worried, nervous look.

F. D. Quinn, of the Veterans administration headquarters in Oklahoma City, was a visitor in Pampa yesterday.

Items for the Woman's Page are welcomed from Pampa and surrounding territory.

VOL. 28. NO. 217

CHRISTMAS PARTIES, FILL SOCIAL CALENDAR FOR NEXT WEEK

HOLIDAY COLOR MARKS PARTIES OF TWO CLUBS

CONTRACT, MAYFAIR CLUBS ENTERTAINED RECENTLY

A Christmas tree was the central feature of seasonable room decorations when Mrs. A. B. Gossler entertained the Contract bridge club in her home Friday afternoon. The tree held a favor for each guest.

Tables, cards, and tallies for the bridge games were in Yuletide colors, and the dining table was centered with a miniature village, snow-covered and garlanded for Christmas.

Two guest players, Mmes. Jarratt and O. T. Hunkapiller, were present with Mmes. A. B. Zahn, J. H. Kelley, J. M. Lybrand, Henry Thut, L. O. Johnson, Mel Davis, Siler Faulkner, Philip Pond, F. D. Keim, George Taylor.

Mrs. Zahn played Santa Claus to distribute gifts from the tree. The afternoon ended with the serving of a refreshment course that repeated the Christmas motif.

Mrs. Miller Hostess. All members of Club Mayfair were present for the Christmas party, at which Mrs. LeRoy Miller was hostess in her home Thursday afternoon.

Red, green, and gold decorations gave an air of Christmas hospitality to the home, and the same colors made the tables doubly inviting for games of bridge.

Mrs. Clyde Patherer received a Christmas package as winner of high score; Mrs. T. R. Martin was rewarded for second high, and Mrs. W. J. Smith consoled for low.

Refreshments in the holiday colors were served to them and to Misses Virginia Faulkner and Margaret Buckler, Mmes. Arthur Swanson, Edward Damon, Lynn Boyd, Julian Barrett, P. O. Sanders, John Sturgeon, and Arthur Holland.

Auction Is Novel Party Plan for Gifts Exchange

Gift packages were distributed in an amusing auction at the Christmas party given for Merry Mixers club and members' husbands Friday evening. Mmes. Otto Patton and Mack Harmon were hostesses.

Each time a player made his bid, he was given a penny. These were used later in the auction, in which everyone received a gift. High score prize for women went to Mrs. Dallas Culwell, and for men to B. C. Fahy; consolation packages to Mr. and Mrs. Joe Skirel, and traveling prizes to Mrs. Skirel and Mr. Harmon.

Salad, fruit cake, and coffee were served to Messrs. and Mmes. L. L. Dyer, Cullen, Fred Bozeman, Geo. Cotwell, Fahy, H. L. Downs, Skirel, Charles C. Clark, H. O. Simmons, Patton, and Harmon, and Mr. Childers.

Gifts Prepared When Class Has Christmas Party

Christmas packages were wrapped, and Christmas stockings were made by members of First Methodist Fidelity class Friday evening in preparation of a gift box to be presented a needy family.

Members met in the church parlors. Mrs. A. A. Kelly, teacher, was presented a colorful plaque as an expression of appreciation from the class. The evening was bright with music and songs of the Christmas season.

Refreshments were served to Misses Florence Jackson, Ida Mae Cox, Alice Bural, Lillian Mullinax, Juanita McCallister, Ila Pool, Bonnie Patton, Virginia Eysen, Cleo Fendrick, Irene Bolander, Mmes. Gaston Foote, Faye Plank, and Kelly.

Pupils Announce Chapel Program

Their Christmas chapel program is to be presented by Woodrow Wilson pupils at 2 p. m. Tuesday. Parents and friends are invited. Supt. R. B. Fisher will be the speaker.

All the children will sing, "Santa Claus Is Coming to Town," after the opening unison prayer. Evelyn Morehead will give a Christmas reading.

With Jean Lively playing the accordion accompaniment, Eula Taylor, Eleanor Ruth, Gillman, and Frances Koonce will sing. A reading will be given by Bruce Daugherty, and a tap dance by Frankie Lou Keahn.

Kenneth Jordan and John Muller will present a Christmas dialogue. Close club and band members will entertain before the feature talk by Mr. Fisher.

Checks Wintry Blasts

Handknitted of dark green wool, this Anny Blatt creation is designated a country suit, but looks warm enough for any spot where the summer breezes have stopped blowing. The scalloped fastenings are a noteworthy feature.

Dagmar's Adventures in Santa Claus Land

SYNOPSIS: Two dolls from Santa's toyshop, Dagmar and a tin soldier, are imprisoned by moles underground when they are found in the mole king's hall. They got their hunting clues to the blight which has ruined all Santa's holy wreath trees.

Chapter VI
The Dolls Meet Great Danger
Just as soon as the dolls were left alone in the underground prison of the mole kingdom the tin soldier set to work to find some way out. He examined every inch of the walls and floor. He tried to push the door open.

Dagmar was so frightened she sat near the candle and shivered. "Please forgive me," said the tin soldier. "It's all my fault we are locked up. I dropped the magic pebble that made us invisible." He looked so discouraged that Dagmar had to pretend she didn't care. "Why, it isn't your fault," she said. "I thought of teasing the moles, and then you lost the pebble. It's my fault."

As she spoke they heard the queerest, "crunch, crunch, crack," noise. The two dolls looked up, and right over them in the ceiling a long, brown root of a tree came pushing downward. The earth around it cracked and suddenly a whole heap of brown earth fell right on top of them.

The toy soldier scrambled out Monday—The Dolls Are Saved.

CLUBS AND CHURCHES OF NORTH PLAINS TOWNS BRING HOLIDAY CHEER TO THEIR COMMUNITIES

CLARENDON, Dec. 15.—Christmas programs will be presented in churches here next week. The Baptist choir is to present a cantata on the evening of Dec. 16, and a Christmas tree for children on Christmas Eve. Methodist church announced a candle light service on Dec. 23, and on the same evening the Presbyterian church will present a Christmas pageant. The Church of Christ will have a special vesper service next week.

Annual Christmas Breakfast
WHEELER, Dec. 15.—Christmas parties have been numerous the past week. Mmes. Nelson Porter

and Melvin Howe were hostesses with bridge; Mrs. Roe Green entertained the Contract bridge club; Business and Professional Women's club had its annual Christmas breakfast.

New officers of the Wheeler County Home Demonstration club council were installed yesterday, headed by Mrs. C. H. Chandler of Briscoe, chairman.

Schoolroom Teas
BORGER, Dec. 15.—An outstanding party of the week was given by Mrs. C. E. Williams, who entertained

CLASS ELECTS NEW OFFICERS AT BANQUET

DINNER IS ATTENDED BY MORE THAN HUNDRED

One of its most enjoyable occasions of the year was held by Every Man's Bible class, which meets at the city auditorium, Friday evening at the First Baptist church.

More than one hundred persons were present at the banquet, following which officers were elected. The president, C. V. Edwards, was re-elected. Other officers are: First vice-president, Virgil Hill; second vice-president, Marvin Lewis; secretary, Stanley Brake; fellowship committee, B. M. Montgomery, Lee Banks, D. B. Jameson; musical director, Bob Rose; pianist, Mrs. Tom Rose; teacher, the Rev. C. E. Lancaster.

Calvin Whatley was toastmaster. Music was furnished by a quartet composed of C. O. Huber, C. M. Gatlin, Ed Pierce, and Ernest Fletcher. Group singing was led by Mr. Huber, who is educational director of the church.

In a series of comedy acts, several "victims" with poor attendance records were "operated upon." Reg Farless underwent an operation and Jim Arwood was "executed." The president and group captains of the class formed a firing squad. Frank Hill directed a stunt on passing the buck. P. O. Anderson made a short talk on cooperation in class activities.

Then, after general comments, the occasion was closed by a benediction by Rev. Lancaster.

COMMUNITY TO JOIN FOR XMAS TREE IN MIAMI

Christmas Drama To Be Presented Tonight

MIAMI, Dec. 15.—A community Christmas tree will be arranged for the young and old of Miami this Christmas Eve. It has been the church for some time to have its own tree, but this year all the churches will unite in celebrating

A Christmas drama will be presented at the Methodist church Sunday evening. "The Search for the Christ Child," and is being directed by Mrs. Joe F. Coffee.

About 30 per cent of the wheat contract signers of Roberts county received 1933 and 1934 payments on their wheat contracts average this week. The amount totaled \$17,853. The remainder of the checks are expected this week.

The 33 corn-hog contract signers of Roberts county have all received their first benefit payments amounting to \$2,777.70. The second payments are expected this month. The final compliance has been brought to a close.

Mr. and Mrs. Vivian Wilkinson left Monday for an extended visit with her parents at Waxahachie.

Miss Dona Locke of Panhandle is spending the week-end in Miami.

Miss Velva Barnett arrived home Saturday from Columbia, Mo., where she is attending the university, for the holidays. She was accompanied home by Miss Kelly Bell, who will be her house guest.

Thrift Room to Close on Friday

After next week the school thrift room will close for the holidays, to reopen on Jan. 7, it was announced yesterday by the Parent-Teacher association, sponsors.

Members of Sam Houston association will have charge of the room on its open days, Monday, Wednesday, and Friday afternoon, next week.

Junior High association furnished workers last week. They were Mmes. R. A. Selby, W. Mullinax, A. L. Burgie, and Claude Laird, assisted by Mrs. L. L. McColm of Sam Houston.

Eastern Star to Exchange Gifts At Party Friday

A gay Christmas time is planned by members of the Eastern Star for a meeting at 8 p. m. Friday. After the business session, gifts will be exchanged from a Christmas tree. A cost limit of 15 cents has been set for the gifts.

Madge Murphy and Ida Burns are in charge of the program;

GIFTS SHARED BY AUXILIARY AND VISITORS

Boxes Are Packed, Christmas Tree Enjoyed

Gifts were packed for war veterans in the hospital at Legion; other gifts were presented to special guests and exchanged by members of the American Legion Auxiliary at their Christmas party Friday evening.

Gifts for the Tatapoehon Camp Fire group were among the guests and assisted in packing the Christmas boxes. Gifts were distributed from a beautifully decorated tree. Refreshments were served to Mary Seeds, Betty Horner, Edna Mills, Jessie Ardy, Gilbert Edin, and Herma Beckham, Anna Mae Jones, Katherine Ward, and Mrs. Bo Barrett, of the Camp Fire group; Claire Marie Hartell and Estelle Wolke, other guests.

Members present were Mmes. Neils Walberg, Polly Wallace, H. W. Kiser, W. C. de Cordova, A. Burns, H. C. Wilson, Scott Green, L. R. Hartell, W. W. Hartley, John I. Bradley, Hupp Clark, Johnson, Al Lawson, W. P. Vincent, F. E. Hoffman, and Roy Sewell.

National P-TA Convention Has Home as Theme

By MRS. JOHN M. FOX, State Publicity Director, Texas Congress of Parents and Teachers.

"Home, the Index of National Life," will be the theme of the 1935 national convention at Miami, Fla., in the spring.

Homemaking activities are to be especially emphasized during the administration of the recently elected national president, Mrs. B. F. Langworthy. Plans are being made for the completion of a sourcebook on the home.

"In order to connect," said Mrs. Langworthy in her unforgettable address at the Texas Congress of Parents and Teachers convention at Corpus Christi which closed recently, "the two most potent influences in the life of the American child, namely, the home and the school, the task was begun 40 years ago of building a bridge across this great gap. It resulted in the home and school movement of the present day."

"So 'The Bridge Across the Chasm' which touches both sides of a child's life is grounded in both home and school. If one side crumbles, then the foundations of the other are affected and made almost valueless."

"During the past few years the national congress and the state branches in carrying out the national program, have applied its most continuous and powerful effort to the least significant schools and toward actually keeping them open in certain sections of the nation especially where schools were faced with the possibility of closing their doors because of lack of funds years," asserts Mrs. Langworthy, "we must turn our attention to the home—to make it the center of joy, usefulness and happiness for the child, for only in this way can his welfare be ultimately assured."

Publicity records will not be exhibited at the 1935 convention at Miami, Fla. However, state publicity chairman, Mrs. John M. Fox, hopes that local units will continue to construct record books or procedure books and to exhibit them at district conferences, so that ideas mutually exchanged, and that publicity may be stimulated in the newly organized units over the state of Texas. A well planned publicity book is also of inestimable value to the incoming officers of a unit. The books should be compiled primarily for their value to the organization for which they are made. The practice of holding contests and grading these books should be discontinued.

Club Entertains Husbands, Other Guests at Party

Husbands of members and a table of other guests were entertained with the Happy Hour club Wednesday afternoon. Mrs. H. Q. Roberts was hostess at the Christmas party.

Party games with holiday appointments, a plate lunch was served to the special guests, Messrs. and Mmes. Walter Tinkler and Bill Kretzmeier, and to Messrs. and Mmes. Carl Baer, Roy Kretzmeier, Bill Biard, Verie Tinkler, and Harold Umer.

Mr. and Mrs. Tinkler received the high score awards and Mr. and Mrs. Kretzmeier consolation for guests. Mrs. Umer made high score and Mrs. Biard low among members.

Agnes Rose is chairman of the tree committee; Ruth Sewell, Stella Wilkes and Frankie Hughes form the refreshment committee.

All members and visiting members of the order are urged to be present.

In House Race

The widow of Frederick Landis, Logansport editor, has announced her candidacy for the House seat made vacant by Landis' death a short time after his election from the Second Indiana district Nov. 6. Her son, Kenneth, saw Mountain Landis II has withdrawn from the G. O. P. nomination race in her favor. The special election is set for January.

JUNIOR MUSIC CLUB TO HOLD AN OPEN HOUSE

Parents and Friends Are Invited to Program

Junior Van Katwijk club members will greet parents and friends at an open house program this afternoon at 4. Guests have been invited to the studio of Miss Lorene McClintock, club sponsor, in the Rose building.

The program will be in the form of a playlet, "Scenes From the Life of Beethoven," commemorating the birthday of that great composer, Dec. 16, 1770. Music by Beethoven and his contemporaries will predominate on the program.

Doris Ann Davis will have the role of the young Beethoven; Raymond Hannah will appear as Father Beethoven, Pauline Stewart as Mother Beethoven; Jean Lively as Pfeiffer, the music teacher; Anna Belle Lard as Abbe Stadler, Marquis Bratton as Wolfgang Mozart, Dorothy Thomas as Mrs. Mozart, Frances Thompson as the adult Beethoven; Peggy Mae Brown, Patricia Lively, and Arlene Saunders as guests.

In addition to these, club members who will assist in the open house are Dale Tut, Martha Frances Pierson, and Sara Frances Bourland.

Miss McClintock has directed the playlet, which will be presented in costume. This program will replace the holiday recital of the club.

CHRISTIAN SCIENCE SOCIETY
"God the Preserver of Man" is the subject of the lesson sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 16.

The Golden Text is: "The Lord preserveth all them that love him," Psalms 145:20.
Among the citations which comprise the lesson sermon is the following from the Bible: "The Lord is thy keeper; the Lord is thy shade upon thy right hand. The sun shall not smite thee by day, nor the moon by night. The Lord shall preserve thee from all evil." (Psalms 121:5, 6, 7).

The lesson sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Love gives to the least spiritual ideas, might, immortality, and goodness, which shine through all as the blossom shines through the bud. All the varied expressions of God reflect health, holiness, immortality, infinite life, truth, and love." (page 518).

Sunday 11 a. m.; Sunday school 9:30.
Wednesday 8 p. m.
Reading room open Mondays, Wednesdays and Fridays from 1 to 4 p. m. You and your friends are cordially invited to attend our services and use the reading room.

FRIDAY
Mrs. Roy Kilgore will entertain the New Deal club at her home, 2:30.
Order of Eastern Star will have a social and regular meeting at Masonic hall, 8 p. m. There will be a Christmas tree with exchange of gifts not to exceed 15 cents in cost.

PROGRAM FOR WOODROW WILSON P-TA IS IN CHRISTMAS SPIRIT

Music, entertainment, and a talk appropriate to the Christmas season were enjoyed by members of Woodrow Wilson Parent-Teacher association Thursday afternoon.

The Rev. C. E. Lancaster, First Baptist minister, was the speaker. His subject was Spiritual Training in the Home. Such training, he said, is most firmly instilled before the child's fifth year and the home bears the greatest part of the responsibility.

PRESIDENTS' DAY DINNER OF A A U W SCHEDULED; CLUBS ARE ACTIVE FOR CHARITIES

By SUE VINSON
Woman's Page Editor

"The annual Christmas party of . . ." a phrase recurring in social announcements this month, betokens a season of good cheer for organizations as well as individual families.

Prominent on next week's calendar are several club parties, with the A. A. U. W. presidents' day dinner of chief interest. It is scheduled at Schneider hotel Thursday evening. Presidents of all clubs in the Pampa council will be guests, and members will also invite guests.

Mrs. John M. Hooper is in charge of the program. A Christmas pantomime by a group of first grade children; songs by a quartet composed of Emmitt Smith, David Whittenberg, Norman Carr, and Howard Zimmerman; a piano solo by Mrs. May Foreman Carr; a reading by Mrs. Gaston Foote; and stories of Christmas customs in foreign countries, by club members who have visited in those countries, will be included.

Business and Professional Women's club will have its party Tuesday evening. Gifts will be exchanged from a Christmas tree, and toys will be collected for the community Christmas tree.

The social and emblem committees, with Dee Polson and LaVerna Wooley as respective chairmen, have planned the surprise program.

Husbands to Be Guests
Also on Tuesday evening is the Civic Culture club's annual party for husbands of members. This group will entertain with bridge and 42 at the city club rooms.

On Tuesday afternoon Child Conservation League members will meet at the home of Mrs. R. D. Morris for a gift exchange—value of the gifts limited to 10 cents—and collection of donations for a Christmas basket.

Church groups that have announced parties for the week include circle one of First Methodist Missionary society, Monday evening at the Texas Evans home, and Holy Souls Altar society Tuesday at the home of Mrs. R. E. McKernan.

Last week's Community Tea will have their party Friday evening, exchanging gifts with a 15 cent cost limit. This limit on the value of gifts has been general at parties this year, and almost every group has contributed baskets for charity.

Twentieth Century clubs are taking an even more active part in Christmas plans for the unfortunate of Pampa, and are preparing the program for the community Christmas tree that will be held next Sunday afternoon.

Last week's guest day dinner of El Progresso club, and Christmas programs by several other organizations, started the holiday season. The Treble Clef club's Christmas musicale was an outstanding event of the week-end.

While no further meetings until January, when an evening program is planned, and Central Baptist Women's Missionary society has also canceled further December sessions.

First Christian Women's council will meet in the church annex, 2:30, preceded by prayer group meeting at 2.

Women's Auxiliary of Episcopal church will meet in the parish house, 2:30.

Tatapoehon Camp Fire Girls will conduct their Christmas council fire at the American Legion hut, 8 p. m.

Vincent studio of dancing will present its annual Christmas charity program at city hall auditorium, 8 p. m.

THURSDAY
Mrs. Nell McCullough will entertain the Queen of Clubs at her home, 2:30.

Eight Hearts bridge club will have its Christmas party at the home of Mrs. Ruey Morgan.

Junior High Parent-Teacher association will meet at the school building.

Annual presidents' dinner of A. A. U. W. will begin at 7:30, Schneider hotel.

FRIDAY
Mrs. Roy Kilgore will entertain the New Deal club at her home, 2:30.

Order of Eastern Star will have a social and regular meeting at Masonic hall, 8 p. m. There will be a Christmas tree with exchange of gifts not to exceed 15 cents in cost.

A surprise birthday party was given for Dollie Comley Tuesday evening, with Mr. and Mrs. Ed Kennedy, Erma Lee and Moleta Kennedy, Mrs. Washington and daughter, Virginia, Mrs. Ruth Heider, Mr. and Mrs. Dan Williamson, Mr. Sampson, Mrs. Oscar Cost, and Mrs. Harrison Rush as hosts.

Refreshments were served to close the pleasant evening. Guests wished the honoree many more happy birthdays as they presented gifts.

LEAVE FOR MEXICO
Mr. and Mrs. Milo O'Laughlin of Miami, Mr. and Mrs. B. S. Via and daughter, Mrs. Maurice Pollard, with her two children, left yesterday for a Christmas trip to Monterrey, Mexico. They plan to hunt and fish in Mexico, and to visit friends in the Rio Grande valley in route.

'FLIRTATION WALK' SCENES ARE TAKEN AT WEST POINT FOR NEW PICTURE SHOWING AT LA NORA

DICK POWELL AND RUBY KEELER STARRED IN FILM

The colorful ceremonies of June Week, including the world famous graduation drill of the cadet corps, which mark commencement exercises of the United States Military Academy at West Point, form one of the interesting features of the First National production "Flirtation Walk" which comes to La Nora theater today. It is the first military musical ever filmed. After finishing that sequence in the story, the company on location at West Point began work against the backgrounds of the scenes of Washington's headquarters, Andres flight and capture and the 4-year home of the country's future military leaders.

The company consisted of Dick Powell, who has the stellar role with Ruby Keeler, Pat O'Brien, Henry O'Neil, John Eldridge, Ross Alexander, and Glen Boles; Frank Borzage, the director, Sol Polito, the chief cameraman, Jack Okey, the art director, Col. Tim Lonergan, technical adviser, who was graduated from West Point in 1908, and an assorted group of sound, electrical, wardrobe and other behind-the-scenes screen workers.

All of this followed a trip made by William Guthrie, the company's location manager, to West Point and Washington a few weeks before to confer with academy heads and war department officers.

The miniature of a Hollywood studio began to function at the academy, after the equipment and personnel had been augmented by reinforcements from the Warner Bros. Vitaphone studios in Brooklyn.

The first day of actual shooting was devoted almost entirely to the photographing of background scenes which were later to be used for shots when the company returned to Hollywood.

In the evening, however, scenes of Dick Powell among the cadets were filmed as the first of the "dialogue" shots. Powell, in two days, had been fitted for his uniforms and had his hair cut in approved West Point style.

The uniforms of the players were made in West Point's own shops by members of the academy's regular staff of 60 tailors. Eight barbers, incidentally, were in constant attendance on the cranial growths of the film cadets. The whites and the greys, the boots and sabres, the rifles and other equipment are thoroughly West Point.

Until graduation day there was no actual cast work, giving the recently arrived players a week-end in a metropolitan holiday, the director and his technical crews continued to photograph and record the sights and sounds of the academy.

The daily afternoon parade and the special reviews of June Week were transcribed to celluloid and sound track. The singing of the cadet corps in chapel was recorded as unobtrusively as possible. While the sound department gathered its sounds, Polito and his camera staff gathered its records, acquiring shots not yet filmed at West Point.

LATEST 'CHAN' FILM PACKED WITH THRILLS

Fox Mystery, Now Here, Is Said to Excel Others of Famous Series.

Judged by preview audiences on the coast as by far the most entertaining of the entire series of "Chan" thrillers, "Charlie Chan in London" will make its appearance on the screen of the Rex theater today. Warner Oland, whose name has become synonymous with the character of Charlie throughout the series, again portrays the role of the blind Chinese detective. Advance reports indicate that Oland's portrayal in this film is his most notable to date.

In his latest adventure, Charlie Chan invades Sherlock Holmes' realm, and journeys to London to solve the most amazing mystery of his remarkable career in criminology.

A man is doomed to hang for murder. His sister believes him innocent. She pleads with Chan to take the case and try to find the real murderer and exonerate her brother. With only sixty five hours remaining before the innocent man must meet his death, Chan gets to work. He finds he is working against time and a murderer who has the cunning of a fox. With only eight hours remaining in which to solve the mystery, Chan lays a clever trap and snares his human foe without the aid of hounds or horse.

Drue Leyton, who will be recalled as the feminine lead in "Charlie Chan's Courage," again portrays the role of the romantic lead opposite Ray Milland. Others in the cast assembled for this production are Mona Barrie, Alan Mowbray, Murray Kinnell, Douglas Walton, Walter Johnson, E. E. Clive, George Barrard, Madge Bellamy, David Torrence, John Rogers, Paul England, Elsa Buchanan and Perry Ivins.

John Stone produced the film, which was directed by Eugene Forde from the original screen play by Philip MacDonald.

H. D. Officers Elected

CANADIAN, Dec. 15.—Officers for next year were elected for the Hemphill County Home Demonstration council last week. Mrs. Glenn Hopkins of Tri-C club will be chairman. Mrs. George Locke vice chairman. Mrs. Ray Hopkins secretary-treasurer.

The W. C. T. U. realized more than \$321 from its annual bazaar last week-end. Visitors came from many towns of the Panhandle, including Mines, Corson, Ledrick, Todd, White, and Mrs. N. P. Willis and daughter, Miss Donna, and Miss Blair, all of Pampa.

Gifts For Children

SHAMROCK, Dec. 15.—Business and Professional Women's club will distribute gifts to 40 underprivileged children at a Christmas tree party in the home of Mrs. Earl Koger next Friday. The club's Christmas dance is to be on Dec. 31.

Club Christmas Party

LFORS, Dec. 15.—Mrs. J. F. York was hostess to Lucky Thirteen bridge club with a Christmas party Thursday afternoon.

Club Officers Chosen

WHITE DEER, Dec. 15.—A Christmas party was given at the Art club by Mrs. Harry Enderbrough, and one for the Evening bridge club by Mr. and Mrs. George Coffee. The worth while club elected officers last week, with Mrs. Roy Seitz chosen as president.

Race Named for S. M. U.; 'Prexy' Issues Protest

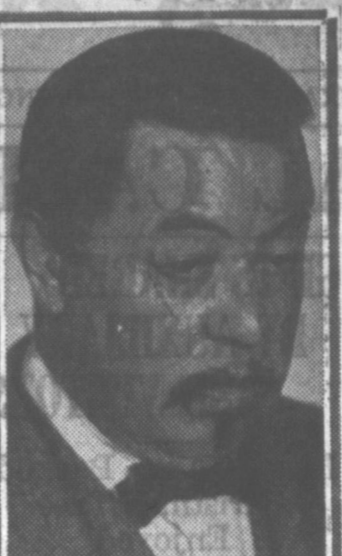

DALLAS, Dec. 14. (AP)—Southern Methodist university officials want it understood they have nothing to do with horse races. A race run at Epson, Downs Tuesday was named for the school.

President Charles C. Seelman wired a protest today to Lou Smith, director of the Houston track. He said use of the name was "unwarranted and unauthorized" and asked that Smith make it clear officials of the denominational institution did not know the name was to be used.

He said a flood of inquiries from indignant Methodist pastors and church people had resulted from publicity on the race.

Events on the Tuesday program at Epson were named for the seven schools in the Southwest conference.

Wily Sleuth

Warner Oland again plays the warty Chinese detective in "Charlie Chan in London," the thrilling new Fox mystery drama now at the Rex theater.

LOCAL THEATER PROGRAMS

The Pampa theater program of this week follows:

LA NORA—Today, Monday, and Tuesday, "Flirtation Walk," with Dick Powell and Ruby Keeler, also "Keep in Style," a Betty Boop comedy, "Going Places with Lowell Thomas," and Paramount news reel.

WEDNESDAY AND THURSDAY, "Marie Galante," with Spencer Tracy and Ketti Gallian, also "Paramount Pictorial" and "Them That Hills," with Laurel and Hardy. Friday and Saturday, "Heldorado," with Madge Evans and Richard Arlen; also "Another Wild Idea," a Charlie Chase comedy, and Paramount newsreel.

REX—Today, Monday, and Tuesday, "Charlie Chan in London," with Warner Oland and Drue Leyton; also "Service With a Smile," with Leon Errol, and Fox movie news. Wednesday and Thursday, "Father Brown Detective," with Paul Lukas, Walter Connolly, and Gertrude Michael; also "World's Fair and Warner," and Pampa Daily Newsreel. Friday and Saturday, "Down in Old Santa Fe," with Ken Maynard, also "Shake Your Powder Puff," a Merrie Melody, and chapter 6 of "The Red Rider."

STATE—Today, Monday, and Tuesday, "Now and Forever," with Shirley Temple, Gary Cooper, and Carole Lombard; also "Betty Boop's Prize Show," and "The Winnah." Wednesday and Thursday, "Ladies Should Listen," with Cary Grant and Frances Drake; also "Dad Minds the Baby," and "Who Is That Girl?" Friday and Saturday, "Man Trapper," with Buck Jones; also "Vincent Lopez and Orchestra," and "Smoked Ham."

horns, hired some vaqueros, and with much ballyhoo announced a public demonstration.

The cattlemen turned out in full force. Again and again Gates' vaqueros, whooping and yelling, drove the wild rangy steers against the barb-wire. It always turned them back. The demonstration was dramatically convincing; yet many of the cattlemen maligned the new-fangled fence and fought obstinately for the open range.

By act of the recent legislature, the governor of Kentucky is vested with power to discharge any appointive official of the state government.

Canyon's Banks Joined in Merger

CANYON, Dec. 15.—Merger of the two banks in Canyon has been completed following consideration of this question for several months. Offices were opened Monday morning for the First State bank in the banking house of the First National, where transfers of deposits from the First State to the First National were rapidly being made.

Directors of the First National have increased the board from five to seven, and added R. E. Wright and Grady Oldham to the board of directors for this institution. They were named vice-presidents at the same meeting. As constituted at present the following are officers and directors of the First National bank: J. W. Reid, president; R. H. Wright, Grady Oldham, Oscar Hunt, Clyde Warwick, vice-presidents; W. C. Black, cashier; L. W. Cole, assistant cashier.

Both banks were in splendid shape when the merger was effected. The assets and the furniture of the First State were bought for cash by the National, which gave this institution sufficient money to pay off their depositors and their stockholders in full.

From Nearby Towns

PANHANDLE, Dec. 15.—J. D. Weaver, Earl Rogers and Ernest Igo returned Sunday from a trip to the U. S. Naval recruiting station at Wichita Falls where they took entrance examinations for enlistment in the navy.

CLARENDON, Dec. 15.—Grading and drainage on the highway from Hedley to Memphis will begin next week.

Permission to purchase 2,700 distressed Donley county cattle between now and December 31 has been received.

WHEELER, Dec. 15.—Santa Claus is coming to Wheeler December 24, with a free bag of candy, nuts, fruit, etc., for every child who meets him there that afternoon.

G. B. Cole, prominent Wheeler citizen, died Thursday afternoon.

Thomas Baker, 12-year-old son of A. J. Baker, who passed away early last Saturday was the eighth victim of a malady which has practically wiped out three generations.

Jack Frye, a son of Will Frye, Sulphur, Okla., formerly of Wheeler, has been selected president of Transcontinental and Western Air, Inc., coast-to-coast airline. He is the youngest directing head of a major air organization in the U. S. He was born on the Henry Frye ranch, east of Wheeler.

MIAMI, Dec. 15.—Mrs. Jim Kefauver died in a hospital at Shattuck, Okla., Tuesday.

County Agent Jett McMurtry received another batch of wheat reduction payment checks this week totaling \$17,853.32.

CHARITY REVUE WILL BE GIVEN BY STUDENTS

TOYS FOR NEEDY WILL ADMIT CHILDREN TO PROGRAM

The annual charity revue of the Vincent Studio of dancing will be presented at the city auditorium Wednesday at 8 p. m., one of the numerous Christmas programs being presented both in and out of the studio this season.

Children will be admitted free to the revue if they present used clothing or wearable shoes to be distributed to the needy.

Dress rehearsals were conducted Friday and Saturday for the program in which about 60 costumed children will take part. Among the attractive group numbers planned are the "Mae West" dance, the "Santa Claus Is Coming to Town" number, "Turkey in the Straw" clog, advanced tap exhibition led by Kathryn Vincent Steele, and the studio ballet in a waltz medley featuring the "Merry Widow" waltz. Most entertaining for the children will be the personal appearance of Santa Claus.

The studio's annual party for smaller pupils will be given Friday afternoon. Kathryn Vincent Steele, director of the studio, is entertaining all her classes during the season. This series of parties began Saturday night when class number two enjoyed a waffle supper and Christmas tree.

Mrs. H. L. Powers, 79, fractured her right hip shortly before noon Friday, when she fell over a lighted gas stove in the living room of her home. She is the mother of Mrs. N. P. Willis of Pampa.

LEFORS, Dec. 15.—The Pirates defeated Miami 18 to 11 on the Miami court recently.

The local schools will be dismissed for 11 days during the holidays, beginning next Friday.

MEN'S BIBLE CLASS
First Christian Church
The class will present colored pictures, accompanied by a lecture, The Star of Bethlehem, Sunday morning at 9:45. Everyone is invited by members and the teacher, Ivy E. Duncan, to be present for this special program.

JOY OF SERVICE TO OTHERS IS STRESSED BY PRESIDENT OF LIONS CLUBS IN ADDRESS

Lions of the eastern Panhandle journeyed to Pampa Friday evening to honor their international president, Vincent G. Hascall of Omaha, Neb., who in a stirring address emphasized the spirit of giving as the basic for civic club work.

President Hascall stressed that "The most worthwhile things of life come to those who give." Lions, he said, put action behind dreams.

Among the examples he gave of the club's activities was that of publishing the only Junior Braille story magazine. He told of going through an institute for the blind and hearing blind children read their favorite stories swiftly and enthusiastically from the raised type. The thrill he received from the visit, he said, could not be purchased with money.

Mr. Hascall, one of the leading Nebraska attorneys, is the executive head of 2,700 Lions clubs of this continent. Last year these clubs carried on 19,668 activities. Lionism was conceived by the present executive secretary, Melvin Jones of Chicago, in 1914. The organization meeting was held in 1917 and the first annual convention in Dallas of that year, when 50 clubs were represented. The growth since that time has been extraordinary. Next year's convention will be held in Mexico City.

Mr. Hascall was introduced by

Past International Director Sam Brasswell of Clarendon, who was presented by C. H. Walker of Pampa, past district governor. Mr. Walker also presented Mrs. Hascall and Alice Ann Hascall, and Mrs. Brynwell. Dr. H. H. Hicks, president of the Pampa club, was toastmaster. The distinguished guests were met in Amarillo by more than a dozen members of the Pampa club, and escorted to this city.

It was a ladies' night occasion. Following the banquet, a number remained for dancing with Chick Talcott's orchestra furnishing the music.

Children were present from McLean, Clarendon, Miami, Panhandle, and Pampa, filling the dining room of the Schneider. The room was beautifully decorated.

Dr. E. A. Hopkins of Miami was a visitor in Pampa Friday.

DEAR SANTA

Dear Santa: I am a little girl 8 years old. I go to Horace Mann school in the third grade and my teacher's name is Miss Butcher. I want a doll, and doll buggy, and my little brother is 1 year old and he wants a ball and tinkler toys, and fruit, candy, and nuts. Your friend, Myrtle Doty.

Dear Santa Claus: I am a little girl 8 years and I live at Kellerville. I want you to bring me a rubber doll, clothes for my doll, a suit case, a set of dishes, and a new dress for myself. Also bring me a best, you old darling, if you can get it. Remember everyone. Love to you, Frances Hardin.

Dear Santa Claus: I am a little boy 7 years old. I want a tricycle and BB gun and knife. Your pal, Lloyd Romines.

Dear Santa Claus: I have been a good girl this year and I want you to bring me a doll, doll buggy, trunk, set of dishes. Be sure and not forget my sister, Corda Mae, and my little cousin, Delois. Your little friend, Billie Lee Romines.

Dear Santa Claus: I am a little girl 4 years old. I have been a good little girl. I won't ask for a big doll. All I want is a little glass doll and a little horse for it to ride on. I have four sisters, Evelyn, 8; Vada Sue, 10; Irene, 12; and Joyce, 14. Bring Evelyn a doll, Sue a dog, Irene a cat or doll, and Joyce a pair of gloves. Thank you, Santa Claus. Yours lovingly, Tommie Frances Westbrooks.

Dear Santa: I am a little blond-headed boy. I want a set of blocks, a tricycle, a bag of marbles, and a Popeye doll. My little sister Grace wants a doll and doll buggy. Goodbye. Your little friend, Recca Barham.

Dear Santa: I have been very good this year and here is what I want: Kiddie car, a Dick Tracy book, toy pistol, cowboy suit, and lots of candy and nuts. Don't forget my little brother, Gene. He wants a little red wagon. I love you dearly. Tabor Alford. P. S. I also want a set of blocks.

Dear Santa Claus: I am a little boy 7 years old, and my mother said if I would quit biting my fingernails you would bring me a BB gun, so I quit. Please bring me the gun and anything else you want me to have. I hope I see you when you visit Pampa. Love, D. B. Jameson, Jr.

Dear Santa Claus: I am a little boy, will be 2 years old Jan. 4. I have been a very good boy. I wish you would bring me some little house shoes, also a little car I can ride in, a book of horse. Don't forget my daddy and mother will get them. Hope I haven't asked for too much. Please don't forget the little poor children. Love to you and Mrs. Santa. Your little friend, Charles Cedric Hodge.

Dear Santa Claus: I am a little boy 4 years old. I want you to bring me a gun and holster, a watch, a bugle, a set of carpenter tools, nuts, fruit, and candy, and anything else you can bring me I sure will be proud of it. Your little friends, Kenneth Mitchell.

Dear Santa: Please bring me a football, tricycle, some leather gloves. I am 7 and go to Woodrow Wilson school. Carl Gilchrist.

Dear Santa Claus: My name is Patsy and I am 5 years old. I want you to bring me some nice presents, but bring my little baby brother the nicest thing you have for he sure is sweet. And don't forget my little cousin, Bobby Jack Phillips. Much love, Patsy Phillips.

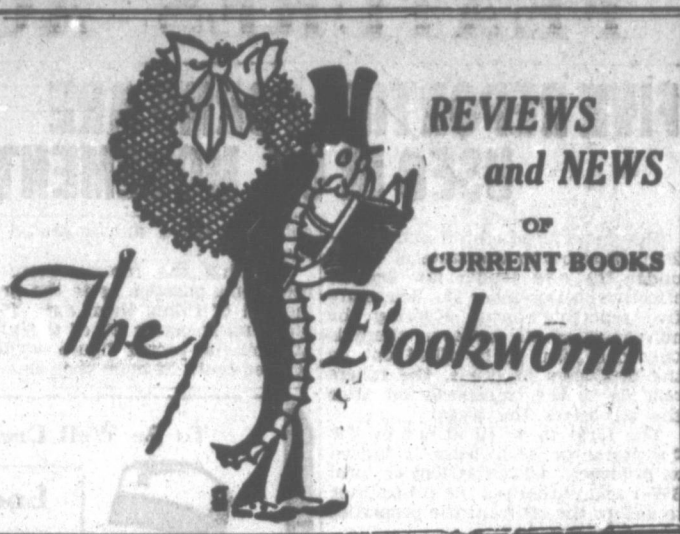

Dear Santa: I am a little boy 5 years old. I want a little peddle car that I can ride in. I want a red wagon also, with lots of candy, nuts, and fruit. Your little friend, Norris Campbell.

Dear Santa: We are two little girls. We have tried to be real good. We each want a Shirley Temple doll, set of dishes, and little Mickey Mouse washer. Don't forget our little friends, Betty Bell, Jessie Ellis, and Fay Dyer. We love you, Santa. Helen Sue Cooper and Marguerite Campbell.

Dear Santa Claus: I am a little girl 7 years old. I want a rubber baby doll, a table and some chairs, and some house slippers. My little sister, Jo Ann, is three years old. She wants a rubber baby doll too, a doll buggy, and some house slippers. We both would like some story books and don't forget our little brother. Your friend, Doris Jean Allen.

Dear Santa Claus: I am a little girl 5 years old. I can cook and sew. Please bring me a little machine, a blackberry, and a big rubber doll. Lots of love, Guinette Killingsworth.

Dear Santa: I am a little girl 7 years old. I am in the Sam Houston school. I have tried to be a good little girl this year and want you to please bring me a big curly haired doll, a sewing set, a Mickey Mouse game, some books and some boots, nuts, oranges, apples, candy and bananas. Don't forget to bring the train and boots and tinkler toys and cowboy set to my little brother. With love, Marion Whitten.

REVIEWS and NEWS OF CURRENT BOOKS

(Editor's Note:—This section of THE NEWS is dedicated to the betterment and furthering of literary efforts in Pampa and the North Plains. All bits of poetry, contemporary comment on books, and their authors, and reviews may be submitted for publication, and will be appreciated. The Literary Editor reserves the privilege to reject or edit.)

Newspaper people seem able to write about most things with reasonable veracity and conviction, excepting only the newspaper game itself. Stanley Walker is the exception.

A year or so ago Mr. Walker (who is city editor of the New York Herald Tribune and one of the best known practitioners of journalism) turned out a book called "Night Club Era" and amused a large number of people. Now he is the father of "City Editor" (Stokes), and likely to repeat his success.

Mr. Walker has filled his book with personalities, starting with some city editors of the past—nice, middling, and not so nice. But he has a good deal more than merely chatter about "characters" in "City Editor." One of the most important has to do with his own ideas of newspapers and the business of publishing them.

Any person so inclined can draw from the book an excellent, first-hand picture of the newspaper game as it is played today, illuminated hither and yon by Mr. Walker's always willing irony and spiced as well by some suggestions that might improve both papers and their readers. It is too bad to plaster "City Editor" with such an outworn adjective as "stimulating," yet it happens to fit—exactly.

AMONG AUTHORS AND NEW BOOKS BY MAY STEVENS ISAACS Canadian, Texas Caroline Miller's LAMB IN HIS BOSOM, published by Harper Brothers in 1933 and winner of the Pulitzer Prize awarded in 1934, is still on the Baker & Taylor company's list of "best sellers."

The author, a native of Georgia, was thirty years of age when this, her first literary effort, was published. Two months after graduating from high school, she married the English professor who, she says, and taught her what she knows of English.

Mrs. Miller has lived all her life in Georgia. Her husband, William D. Miller, is superintendent of schools in the town where they reside. They are the parents of two small sons, two of whom are twins.

The time that other women spent on clubs, parties, and the like, Mrs. Miller gave to writing for that was the thing she most desired to do. Much of the material for Lamb in His Bosom was gathered from conversations with the older people whom she found in her little excursions (the three children with her) into the backwoods country purchasing, occasionally, a hen, a few eggs, or some vegetables.

Because of her thorough knowledge of places and people, their history and their customs, she was able to write this compelling story of the "poor whites" in the South of the last century.

The perennial favorite, PEGGY AND PETER, is rapidly going Lena Towles's ALL AROUND THE ALPHABET, of last season, is now in its third printing.

Alfred Morgan's THE STORY OF SKYSCRAPERS is the only book on skyscrapers appearing in the Engineering section of Anne Carroll Moore's famous list, "The Choice of a Hobby."

The Leisure League of America, Incorporated, 30 Rockefeller Plaza, New York City, has printed this

Dilley's Cakes Sent as Far as Distant Samoa

There has always been a belief that the longer a fruit cake stands—the older it gets, the better it is when eaten. It is true, the person that eats his fruit cake Christmas ought to be sampling the "best."

A. N. Dilley, of the Dilley Baking company here, reports the farthest shipment he has ever made on one of his fruit cakes—all the way to the historic Pago Pago, Samoa. The cake was ordered before Thanksgiving, but will probably arrive at its destination in time for Christmas.

With exception of a shipment last year to China, Mr. Dilley said he thought this was the farthest, and a certainty to be the most isolated destination of any order he has ever received. The customers receiving Dilley cakes last year reported receiving them in excellent condition, and orders have been filled again to other foreign countries this year to Cuba, South America, and Mexico.

Canadian News

CANADIAN, Dec. 15.—Mrs. Harold Miller entertained Thursday evening with a bridge dinner in honor of Mrs. Gordon White of Chandler, Okla.

Mrs. F. H. Rathjen has returned to Sylvania, Wash., where she will spend the winter.

Roger Harris of Amarillo was in town Thursday and Friday.

Misses Vera and Velma Tepe visited in Amarillo yesterday.

BUILDING REPORTS DALLAS, Dec. 15. (AP)—Austin led Texas cities last week in volume of construction with a total of \$71,102.

Longview, one of the fast-growing centers of the east Texas oil field, was near the top with a week's total of \$67,495.

City Reporting Week Year Longview 67,495 1,228,690 Austin 71,102 1,076,835 Houston 47,855 4,591,865 Dallas 34,438 2,785,156 Tyler 17,962 788,182 Corsicana 17,485 174,925 Fort Worth 9,965 1,397,947 Galveston 8,955 528,980 Beaumont 6,188 315,892 Wichita Falls 3,760 240,128

At the same time, while shipments from the factory were heavier during the month, the bank of unfilled orders carried over into December was greater by more than 150 per cent than that on hand on October 31.

November sales were 163.1 per cent ahead of the same month last year. Mr. Hufstader said, and there was a good gain in volume as the month progressed. The last ten days say Buick retail volume more than one-third heavier than during the previous ten-day period.

Chevrolet Sales Here Show How Business Improves

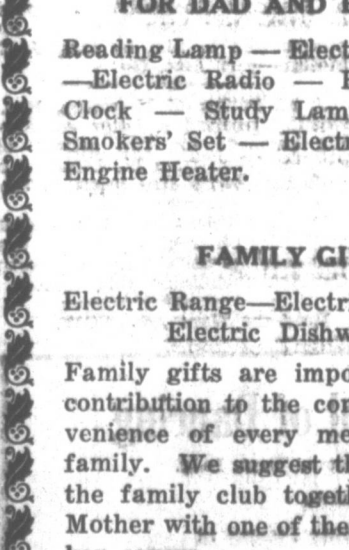

Improved business conditions in Pampa and this territory is shown in a report of new and used car sales recently compiled by Culbertson-Small Chevrolet company for the month of November.

There were 35 new cars sold compared to 2 the same month last year and 55 used cars sold compared to 40 for November, 1933. Sales are good this month and it is expected that a good increase will be shown for this month over December last year.

Read the classifieds today.

I did not kill Osborne

By VICTOR BRIDGES

SYNOPSIS: Nicholas Trench returns home after being acquitted of the charge of murdering the former school friend, Osborne. He finds a mysterious letter from Sir William Avon asking for an appointment. Then two strangers arrive and threaten him with death if he does not deliver to them a paper they say he has stolen from Osborne. What do they threaten him a young woman's voice is heard shouting the police, and the man leaves. Nicholas remembers the young woman as a spectator at his trial; she also has come for the mysterious paper, she tells him.

Chapter Ten. CURIOUS STORY

"Do you know who I am?" the girl asked. "I haven't the slightest idea," I answered. "I saw you in court, sitting in the gallery," she said. "I don't know why you were so interested in the case."

"My name," she said, "is O'Brien—Molly O'Brien. Does that suggest anything to you?" "I reflected," I said, "only a faint idea that you might possibly be Irish."

"I am Desmond O'Brien's daughter. There was another pause. "I'm sorry," he said, "but I'm still completely in the dark."

"I give you my word of honor that I've never heard of either of you," I almost inaudible sigh escaped my visitor, and for the first time the corner of his lips curled round. "It seems funny that I should be questioning you; it ought to be the other way about."

"Oh, there's no hurry," I protested. "Won't you sit down and have a cigarette? At the present moment that's the only hospitality I can offer."

"She seated herself in the chair which I had pulled forward, and leaning back against the arm of the sofa I produced my case. "I'm not inquisitive, as a rule," I continued, "but I should rather like to know where you came from, and how you managed to get into my bedroom."

"I shall be most interested," I assured her. "She accepted one of my cigarettes, and having lit it, sat for a moment looking down at the little curling trail of smoke. "The paper," she said slowly, "which those two men wanted to steal from you belonged to my father. He wrote it out the night before he died. It's the complete formula for a new metal, and there are people in the world—people interested in that kind of thing—who will give you almost any sum of money you liked to ask for it."

"Sir William Avon's letter, which was still lying on the desk, flashed back suddenly into my mind, and I whistled softly.

peared. Osborne had gone too. I don't know how he got away—in a car by night, I suppose—anyhow, nobody had seen him leave, and although inquiries were made all over the country the police were never able to find the smallest trace of him. He had just vanished and the formula with him.

"Well, whoever bashed his head in has my thorough sympathy. I observed. "If anyone did me a dirty trick like that I'd search the world until I ran the swine to earth."

"The University of Kentucky basketball team entered this season with a record of 24 straight victories to defend.

Tomorrow, Molly continues her curious story.

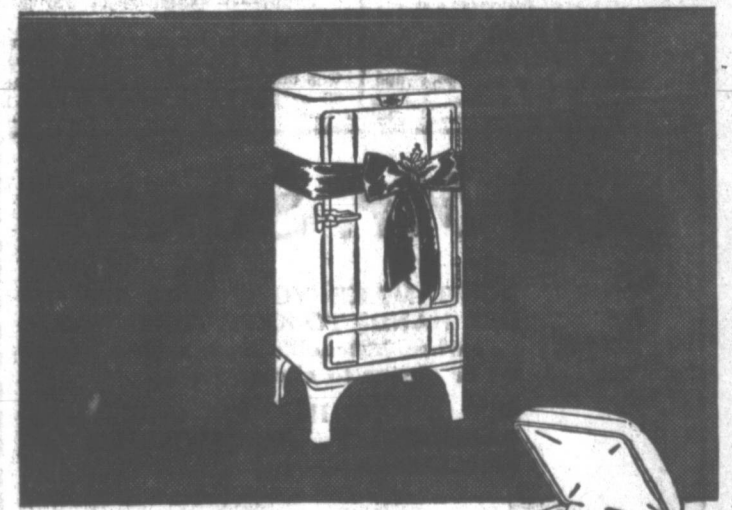

MAKE "HER" HAPPY WITH THE Christmas Frigidaire

Here's one Christmas offer you just cannot afford to overlook—because it means dollars and cents in the family pocketbook. Instead of making a lot of little gifts to the family this Christmas—concentrate on ONE—THE CHRISTMAS FRIGIDAIRE.

Your friends have told you how inexpensively Frigidaire operates—how much money it saves in food and ice bills. Christmas is the ideal time for making such an important gift. For THE CHRISTMAS FRIGIDAIRE keeps right on giving satisfaction through the years.

Come in to our showroom today and let us demonstrate how THE CHRISTMAS FRIGIDAIRE will actually pay for itself out of savings in food and ice. Let us work out a plan of monthly payments that fits your family budget and make arrangements for delivery on Christmas Eve of THE CHRISTMAS FRIGIDAIRE.

DISCOVERY OF OIL IN WILDCAT WELL FEATURES ACTIVITIES

13 LOCATIONS ARE REPORTED IN PANHANDLE

SECOND PAY IN NO. 1 TAYLOR IS BEST FOUND

The Texas company No. 1 'C' Taylor, a wildcat well five miles south of the prolific Bowers pool, was brought in this week and tested an initial production of 160 barrels of oil flowing with 3,000,000 feet of gas. Then then flow increased to 10 barrels an hour.

The first pay was in the granite wash from 2,991 to 2,993 feet which yielded an estimated 30 barrels and 1,000,000 cubic feet of gas. The second pay was in the granite wash from 2,999 to 3,004 feet and was estimated at 150 barrels with 2,000,000 cubic feet of gas. The company is contemplating deepening the well about six feet in an effort to pick up an increase in either gas or oil. This well was the second attempt of the company in this area in the last few months. Its No. 1 Furmace about 2 1/2 miles west of the Taylor well was dry and abandoned. Much credit is due H. E. "Doc" Schwartz, Texas company geologist, for this district who made the locations and has looked favorably on the south flank of the granite ridge as a potential producer for some time.

An interesting test is being put down in Wheeler county by Joe Rogers of McLean who has been drilling wells in the Panhandle for several years. The well, Rogers et al No. 1 Timberlake, is north and east of Shamrock and in a direct line with the trend. It is on the north side of the ridge and is considered by many to have very good possibilities. The rig, built on the locations and on the derrick this week and the well should spud in next week.

Production in the plains district averaged 52,422 barrels daily for the week ending December 7, 1934, a decrease of 7,337 barrels under the previous week.

Nine completions brought the potential of the field up 1,901 barrels daily during the week. There were 13 new locations staked during the week, which brought the number of active drilling locations up four.

COMPLETIONS

The Gulf Production company No. 1 "A" Combs-Worley in section 58, block 3, I&GN survey, averaged 504 barrels daily on railroad commission test with the pay from 2,960 to 3,098 feet, the bottom of the hole. It's No. 7 Thompson in section 128, block 3, I&GN survey, averaged 25 barrels daily.

The Empire Gas & Fuel company No. 2 Cunningham in section 128, block 3, I&GN survey, averaged 249 barrels daily on test from the pay, 3,245 to 3,260.

The Magnolia Petroleum company No. 5 Sailor in section 138, block 3, I&GN survey, averaged 243 barrels daily on test after a shot of 210 quarts from 3,205 to 3,265 feet with hole bottomed at 3,281 feet.

Will O'Brien No. 1 Morse in section 54, block 25, H&GN survey, averaged 35 barrels from the pay, 2,645 to 2,655 feet and 2,730 to 2,736 feet, where the hole was bottomed.

Eben D. Warner No. 1 Webb "B" in section 43, block 25, H&GN survey, was bottomed at 2,592 feet with pay from 2,392 to 2,308 feet and from 2,575 to 2,585 feet. The lower pay was shot with 30 quarts and the initial production was 25 barrels daily.

Wheeler County: The Modge Oil company No. 1 Dougherty in section 98, block 23, was dry and abandoned at 2,118 feet.

BRINGING THEM IN. Carson County: J. R. McGill Cooper in section 4, block 9, I&GN survey, is bottomed at 3,048 feet and was shot with 250 quarts from 3,005 to 3,055 feet and has 1,500 feet of oil in the hole. It is shut down for pipe line connection.

The Dixon Creek Oil & Refining company No. 1 McConnell in section 201, block 3, I&GN survey, is bottomed at 3,208 feet with 1,000 feet of oil in the hole.

Gray County: The Champion Refining company No. 8 McLaughlin in section 33, block B-2, H&GN survey, was bottomed at 3,040 feet with the pay from 2,920 to 2,970 and pumped 70 barrels in 10 hours.

The Danciger Oil & Refining company No. 4 Barrett in section 128, block 3, I&GN survey, is bottomed at 3,262 feet with 1,200 feet of oil in the hole. Its No. 5 Barrett on the same lease is bottomed at 3,312 feet with the pay from 3,228 to 3,312 feet made 400 barrels in 14 hours while cleaning out. It's No. 12 Powell-Baker in section 28, block B-2, was bottomed at 2,867 feet with pay from 2,857 to 2,863 and made 30 barrels an hour on gas lift.

Edwin S. Hopkins No. 2 Henry in section 114, block 3, I&GN survey, made 387 barrels the first day of its test after a shot of 230 quarts from 3,295 to 3,287 feet.

The Kewanee Oil & Gas company No. 2 Morgan in section 149, block 3, I&GN survey, shot the pay from 3,155 to 3,250 with 320 quarts and swabbed 183 barrels in 9 hours.

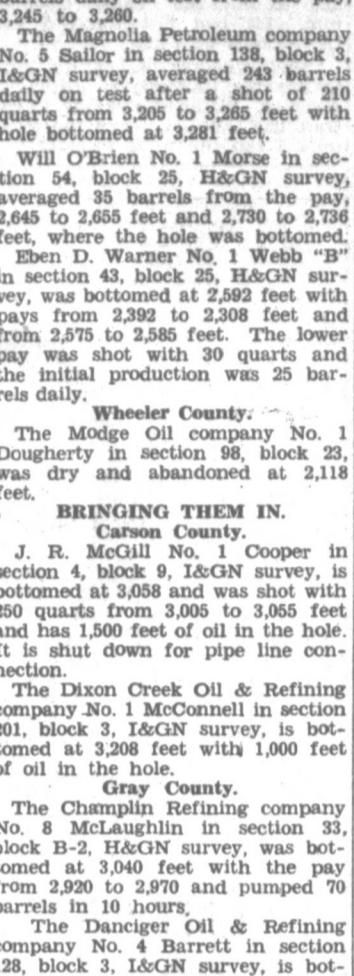

The Magnolia Petroleum company No. 2 Chapman in section 49, block A-9, I&GN survey, was bottomed at 2,707 feet with the pay from 2,635 to 2,705 feet and made 294 barrels the first day of its test.

The Sinclair-Prairie No. 2 Carey in section 114, block 3, I&GN survey, swabbed 474 barrels in 24 hours from the pay 3,270 to 3,280 feet. The hole was bottomed at 3,285 feet.

The Southern Petroleum Exploration company No. 3 Noel in section 138, block 3, I&GN survey, was bottomed at 3,225 feet and shot with 180 quarts and is cleaning out with a temporary potential of 375 barrels.

The Texas company No. 4 Barrett in section 130, block 3, I&GN survey, was bottomed at 3,200 feet and made 50 barrels the first day. Its No. 23

A Tragedy of Narcotic Slavery

Stark tragedy that has come to a mother enslaved by narcotics and the pitiful plight of her son are pictured vividly in this Murfreesboro, Tenn., jail scene, as one of the scores of addicts caught in a

national-wide roundup bids "good-bye for a long, long time," to her child, Jimmie, 4. She declared that she would end her life at the first chance, after a friend had promised to take care of the boy.

Saunders in section 3, B&B survey, made 628 barrels the first day on test and 507 on the second from the pay 2,605 to 2,645 feet.

Hutchinson County: The Triplehorn Brothers No. 3 Jordan-Brown in section 123, block 4, was bottomed at 3,100 feet with the pay from 2,988 feet to the bottom of the hole. It averaged about 248 barrels for the first four days of its test.

H. J. Wasson No. 3 Watkins in section 15, block M-21, TCRE survey, swabbed 219 barrels in 8 hours after a shot of 410 quarts from 2,991 to 3,028 feet with the hole bottomed at 3,088 feet.

Wheeler County: The Elbar Corporation No. 5 Noel in section 52, block 24, made 63 barrels in 8 hours after it was bottomed at 2,486 feet. It is cleaning out.

The Ohio Fuel No. 5 D'Spain in section 52, block 24, flowed 21 barrels an hour on gas lift the first day of its test. It was bottomed at 2,510 feet with the pay from 2,370 to 2,440 feet. Its No. 6 D'Spain in the same section made 288 barrels on the first day of its test. It was bottomed at 2,475 feet.

The Skelly Oil company No. 9 Derrick in section 53, block 24, flowed 487 barrels the first 24 hours with the pay from 2,400 to 2,420 feet and the hole bottomed at 2,515 feet. Its No. 10 Derrick on the same lease swabbed 596 barrels in 24 hours from the pay 2,433 to 2,450 feet with the hole bottomed at 2,515 feet.

The Texas company No. 2 Carville in section 51, block 24, flowed 116 barrels in 16 hours from the pays, 2,432 to 2,442 and 2,507 to 2,511 feet. The hole was bottomed at 2,514 feet. Its No. 4 Kellar in section 48, block 24, swabbed 100 barrels in 4 hours from the pay 2,400 to 2,435 feet, the bottom of the hole.

NEW LOCATIONS. Phillips Petroleum company has the location for No. 1 Olive Cooper 330 feet from the north line and 330 feet from the west line of the southeast quarter of section 4, block 9, I&GN survey.

Gray County: The I. T. O. Oil company is building the rig for No. 7 Smith 990 feet from the south line and 330 feet from the east line of the southeast quarter of section 139, block 3, I&GN survey.

The Magnolia Petroleum company No. 1 Olive Cooper 330 feet from the north line and 330 feet from the west line of the southeast quarter of section 4, block 9, I&GN survey.

Each Scout is to bring some other Scout or a new member to the next meeting.

Troop five met in the cafeteria and worked on the doll dresses which will be finished at the next meeting. They planned a candy sale which was conducted yesterday.

Mrs. R. A. Selby, leader, made an interesting report of the Scout leaders' study course she attended last week in Amarillo. Patrol leaders, scribe and treasurer met in a court of honor following the program.

Members present were Thelma Fae and Velma Mae Osborn, Wilma Willis, Virginia Callison, Mattie Brown, Martha Price, Sara Frances Bourland, Mary Lynn Schofield, Carolyn Surratt, Peggy Stephens, Bobby Lynn Robinson, Elizabeth Mullinax, and Mrs. Selby.

JUDGE EWING WILL RULE ON MOTION SOON

Move to End Injunction Is Under Advisement

After hearing the last of testimony on the motion of striking Danciger Oil & Refining company employes for lifting of the injunction against them, Judge W. R. Ewing yesterday took the question under advisement.

He said he would read the transcript of testimony taken on the last two Saturdays before ruling on the motion.

The injunction names certain persons and prohibits them from going on and interfering with operation of the company properties.

By CHARLES E. SIMONS. AUSTIN, December 16. (AP)—the legislature at its fourth special session to appropriate funds to aid in financing the Texas Centennial was like a cold shower to Centennial advocates but apparently did not dampen the fires burning in their hearts and leaders in the movement have gone ahead with alternate plans for the observance.

Centennial sponsors came back strongly, promptly organized a private corporation to promote the observance of Texas' 100th birthday and immediately set about planning it as an individual enterprise to be aided with \$3,000,000 in bonds, voted by the City of Dallas following Dallas' selection as the main Centennial city.

Doubtless the state will be asked, at the regular session next January, to contribute to the cause. Chances for favorable action on the part of the legislature have been materially enhanced by the initiative shown by the Centennial sponsors in striving to make headway against great odds and to work out their own salvation.

Much of the criticism directed at the Centennial commission at the last special session resulted from what was said to be an apparent lack of private enterprise in the matter of planning finances for the celebration. Some members of the legislature felt the commission should have sought private resources for the observance and, failing in that, come to the state as a last resort for support.

The plans of those who have dreamed for years of a Texas Centennial on a major scale would be given great impetus should the electorate of Dallas approve a proposal to permit use of the \$3,000,000 in bonds voted when there were hopes that the state would render substantial aid. The Texas Centennial Central Exposition, Inc., organized as a private corporation, hopes to be able to use the \$3,000,000 in city bonds and \$2,000,000 in its own bonds as the nest egg for the observance.

The plan also encompasses state aid in the form of a selective tax that would bear lightly on all concerned and might be suggested as the vehicle through which the legislature could obtain revenues for a Centennial appropriation.

Much criticism was directed at the legislature for its failure to take positive action, one way or another, on the proposition. Instead, bills to levy taxes for the Centennial and make an appropriation died in the house without ever having been brought to a vote.

Members, mindful of the fires that had been kindled in many sections by civic organization, in favor of a Centennial celebration but who were opposed to a state appropriation of the size suggested were relieved when they were not forced to register an "aye" or "no" vote on the question.

If the Centennial commission comes before the legislature with a more modest request mayhap the legislature will react favorably.

Individual members of the law making body are inclined to get the "shivers" when millions in appropriations are talked about.

A scrapbook containing newspaper clippings that cover all events of President Roosevelt's first year in office has been prepared for presentation to him by Mrs. J. E. McGahey of Aro, Ga.

J. M. Parker of Hiawatha, Kas., recently received a letter containing payment for two gallons of gasoline taken from his home by a stalled motorist five years before.

Forest wardens say bears, deer and many other kinds of game are unusually plentiful in the North Carolina mountains this season.

JUDGE EWING WILL RULE ON MOTION SOON

Move to End Injunction Is Under Advisement

After hearing the last of testimony on the motion of striking Danciger Oil & Refining company employes for lifting of the injunction against them, Judge W. R. Ewing yesterday took the question under advisement.

He said he would read the transcript of testimony taken on the last two Saturdays before ruling on the motion.

The injunction names certain persons and prohibits them from going on and interfering with operation of the company properties.

By CHARLES E. SIMONS. AUSTIN, December 16. (AP)—the legislature at its fourth special session to appropriate funds to aid in financing the Texas Centennial was like a cold shower to Centennial advocates but apparently did not dampen the fires burning in their hearts and leaders in the movement have gone ahead with alternate plans for the observance.

FIVE REPORTING FORMS ARE USED IN OIL MOVEMENTS

out form SW-1 duly executed and filed.

In filing the reports there has been some question as to the proper method of filling them out. If the pipe line is taking all of the allowable oil the proper figure would be 100 per cent. If more than one pipe

line is taking oil from the lease the percentage that each is taking should be set down.

Barrels in storage means the number of barrels of oil held in stock tanks or storage tanks on the lease at 7 a. m., on December 10 and not on the first.

These reports are not to be filled monthly as the first one filed will be in effect until such time as there is a change in the transporter of ppe line running the oil from the lease or there is a change in the owner of the lease.

Form SW-1 must be made out in four duplicate originals by the producer. All the forms will then be delivered to the local Railroad commission office which shall be checked and return two of the originals to the producer, one of these returned forms will then be delivered to the transporter of the crude and the other retained by the producer. However, these forms must be delivered to the commission, allowing time to return them so that the pipe line company or transporter shall receive them before the 30th of December, as no oil shall be moved from any lease after this date with-

out form SW-1 duly executed and filed.
