### Back for Hauptmann Trial

Shielded by the most elaborate security provided for a transatlantic passenger in many years, Betty Gow, nursemaid who last saw Charles Augustus Lindbergh

Jr. alive, returned to the United States from Scotland to take the place of the state's mystery witness in the trial of Bruno Richard Hauptmann in connection with the baby's murder.

### WORLEY OFFERS SOLUTION TO PANHANDLE GAS CONTROVERSY

#### BANQUET TO BE GIVEN FOR 'OLD TIMERS' FRIDAY

Definition of an Old Timer Left up to Title-Bearer

Oldtimers of the Pampa community will gather at the Schneider hotel at 8 o'clock Friday night for a banquet, the first of its kind ever held in Pampa. Plans for the organization of a Pampa Oldtimers' association will be discussed.

The oldtimers will provide their own entertainment. It will be varied and unique. Sam Thomas, one of the originators of the idea, announced yesterday. The program is being kept under cover and will not be divulged until the night of the banquet.

A charge of 75 cents a plate will be made. Alex Schneider has promised that he will serve an old-fashioned Schneider hotel dinner.

The committee in charge is "leaving it up to the old-timers themselves to decide whether they are old-timers." An oldtimer, in the opinion of the committee, is a man who came to this section, say 15 years ago or before, and did something to settle the Panhandle, such as breaking land, taking up property, building homes, etc. He doesn't necessarily have to be an old man to be an oldtimer, but he should be one who helped improve this section.

Cards should be signed by Tuesday night so that an idea as to the number who will attend can be had. Signatures may be left at the City Fruit and Vegetable Market, Brown and Wise Barber shop, White Deer Land company, Kees and Thomas, and Pampa Hardware company.

### I Heard...

Extends heartiest congratulations to J. T. Crawford on this, his 90th birthday. Mr. Crawford is one of Pampa's pioneers. He is still active and one of Pampa's most ardent sports lovers. May you have many more birthdays. Mr. Crawford.

A group of Pampa sports fans figuring up that statistically the Harvesters had the second strongest football team in Texas. Although Amarillo gridders failed to defeat Masonic Home of Fort Worth by as large a score as they defeated Pampa, the Harvesters had the advantage in penalties, first downs, and yardage gained against the Sandies.

### Texas Senate Committee Advises A Sales Tax

### FDR INDICATES EXPANSION OF WORK AGENCIES

### FUNDS TO BE PROVIDED FOR WINTER RELIEF

### CENTRAL EMPLOYMENT AGENCY PLANNED BY PRESIDENT

BY W. B. RAGSDALE, Associated Press Staff Writer. WASHINGTON, Dec. 29 (AP)—A central employment agency to correlate the work giving of greatly expanded job supplying units was said today by officials to be up on the list of plans to which President Roosevelt is giving serious thought. This work came along with a series of developments that helped to shape Mr. Roosevelt's program for the winter toward completion. These included: Mr. Roosevelt went over the legislative program with Senator Robinson of Arkansas, the democratic leader who will handle the measures in the senate. Neither would talk after the conference. The president sent a letter to the 48 state heads offering the aid of the public works administration in working out state legislation to enable the cities and rural districts to obtain public works funds for slum clearing, low cost housing, rural electrification and for municipal improvements.

See FUNDS, Page 6

### PLANE IS SAFE BUT LOST; FOUR MEN NEED HELP

### Safety Wireless as Radio Seeks to Find Ship

ALBANY, N. Y., Dec. 29 (AP)—Radio, like a hand fumbling in the dark, reached into the bleak fastnesses of the Adirondack mountains today to find four men in a lost air liner who wireless ed their safety but could not give their location. But night fell over the snow-covered wilderness north of Gloversville with compass stations of four airports vainly trying to concentrate their beams on the fading voice of the NC-12633 which disappeared last night between Utica and Albany.

See PLANE, Page 6

### Charge Filed in Auto Theft Case

Lewis Scott has been returned here by officers of the sheriff's department from San Angelo on a complaint of car theft. Scott is alleged to have taken a car belonging to G. Cleveland on December 20. The car was recovered. Scott's bond was set at \$2,000 by Justice W. S. Bazler.

See WORLEY, Page 6

### Bufkin Is Papa Of Son Born on Saturday Morn

AMARILLO, Dec. 29 (AP)—While Glen Bufkin scored two touchdowns and gained yard after yard for the Golden Sandstorm in the Amarillo-Corpus Christi state football final at Dallas this afternoon, a newly-born son he had never seen could have, if he had cared, listened to a radio report of his father's performance. A seven and one-half pound son was born to the 19-year-old Bufkin at 3:30 a. m. today at the home of the mother's parents, Mr. and Mrs. Ben F. Harrison. Bufkin left Amarillo Wednesday night and will not see the child until he returns Sunday. Whether the son will be named Glenn Jr. will be decided "when Daddy gets home." Both mother and son were "doing nicely."

### WEATHER

WEST TEXAS: Partly cloudy, colder in southeast, warmer in the Panhandle Sunday; Monday partly cloudy, warmer in southeast portion.

### Miami Oldtimer Has NEWS Read To Him Daily

C. C. "Uncle Charlie" Harris of Miami, oldest resident of Roberts county, was in Pampa yesterday visiting friends and shopping. Mr. Harris celebrated his 90th birthday on September 11. More than 30 members of his family gathered at his home last week for a Christmas reunion. Although he has lost his sight, Mr. Harris keeps up with current happenings through the Pampa Daily NEWS, which he has read to him regularly, he said.

### COMMEMORATIVE HALF-DOLLARS ON SALE HERE

### First Two Coins for Museum Going to Highest Bidder

Texas Centennial half-dollars which will be sold to help build a Texas State memorial museum at Austin to perpetuate the immortal deeds done in Texas, are ready for distribution at the First National bank by the Kerley-Crossman post of the American Legion, it was announced by Legion officials yesterday.

See AUCTION, Page 7

### Stekoll Finishes Hutchinson Well As Good Producer

Harry Stekoll has completed his Canadian G-2 well in the center of his pool in North Hutchinson county, which swabbed 305 barrels in 11 hours. Pay was between 2,920 and 2,970 feet, 42 gravity. Filled a 120-quart shot, the hole filled to the 1,150-foot level. Rig is being moved in for the G-3 in section 3, Hannah Prewitt survey, 760 feet east of the G-1 well, which is estimated at 200 barrels a day. It is understood that Mr. Stekoll will drill 12 more wells in the pool in 1935.

### ONE OF DILLINGER'S TOUGHEST PALS IS CAPTURED BY U. S. AGENTS IN CALIFORNIA

Herman E. Hollis, Nelson and his wife presumably were the other two. Nelson was killed. His wife was taken later and sent to prison on a parole violation charge. Chase got away.

Northern California was supposed to have been a stamping ground for the remnants of the gang.

The federal agents set traps at various points where "Baby Face" and his confederate supposedly had been operating in northern California and Nevada.

Two nights ago one of the traps clicked, and John Paul Chase, denying his identity, was caught in it. The friend made six years ago. He was "broke."

Within three hours after the friends recognized him, Chase was in the Shasta jail, Guinane said.

See FUNDS, Page 6

### GOVERNOR MAY ADVOCATE NEW UTILITY BOARD

AUSTIN, Dec. 29 (AP)—Public utilities in Texas would be regulated by an appointive board of commissioners under a plan prepared by Dr. R. H. Montgomery, professor of economics in the University of Texas, for the attention of Governor-elect James V. Allred. Mr. Montgomery recently was asked by Mr. Allred to investigate and make recommendation in connection with utility regulation. Allred is expected to submit legislation on the subject to the forty-fourth legislature.

### REGULATION PROPOSAL IS SUBMITTED BY 'BRAIN-TRUSTER'

Following are other salient provisions of the Montgomery plan: Leaves all railroad and transportation utility control with the railroad commission. Shifts gas utility functions to the new commission. Empowers cities to transfer their primary rate power to the state commission. Makes appeal from a state order direct to the supreme court and on law questions only, with fact findings of the commission final. Gives the commission power to fix rates and control charges such as depreciation and elements of valuation. Permits a defined fair return on

### NEW 'SURPRISE' WITNESS CLAIMED BY PROSECUTION

FLEMINGTON N. J., Dec. 29 (AP)—The state of New Jersey has a surprise witness who, an authoritative source revealed today, will testify he was told on the day of the Lindbergh kidnaping that Bruno Richard Hauptmann had gone to New York and would not be back until late in the night. The witness, the source said, is a resident of the Bronx and a Spanish-American war veteran. He is asserted to have told prosecution officials he went to Hauptmann's home from the stranger that Hauptmann had gone to New Jersey. The source declined to disclose the name of the witness, or anything pertaining to him.

### REMINDED OF DATE

Officials of the Kerley-Crossman post of the American Legion reminded World War veterans yesterday that the expiration date for filing applications for adjusted service credit claims by dependents is Jan. 2, 1935. This is absolutely the final date, it was emphasized.

Mrs. Frances Sturgeon returned Friday from a holiday visit with her parents in McAlester, Okla.

### SETS AIR MARK

A new land speed record was set by Raymond Delmotte, French aviation ace, in a test at Istre, France, when he averaged 312 miles an hour over a closed course. The previous mark, 288 miles an hour was set by the late Jimmy Wedell.

### AIRPORT LAMPS STOLEN FROM PAMPA FIELD

### Federal Official on Probe—Penalty Severe

Malicious tampering with local airport lights, together with stealing of bulbs and reflectors, yesterday brought R. H. Clement of Fort Worth, assistant district manager of the 4th air navigation district, to Pampa for an investigation.

Last night he had carried the probe, with the assistance of local peace officers, to the point where it was known that boys were mainly responsible for the trouble.

Tampering with the airport lights is a federal offense carrying a penalty of imprisonment for one to seven years. The same statute that protects lighthouses along the coasts is that which applies to the airports. Removal of the lamps which guide the air mail planes on their routes is a very serious offense. Mr. Clement pointed out, and one that might result in the crash of a plane trying to land in a fog or snowstorm.

More trouble has been encountered here than at any other city in Texas. Damage amounted to more than \$300. Some lamps were broken with rifle bullets.

See JAPS DEFEY, Page 6

### GREATEST WAR GAME PLANNED BY U S NAVY

### PROGRESS SET BACK 12 YEARS—JAPAN KILLS TREATY

SAN PEDRO, Calif., Dec. 29 (AP)—The north Pacific ocean, from May 3 to June 10, 1935, will be the theater for the greatest game of mock naval warfare ever staged on the face of the globe. Admiral Japuzo N. Reeves, commander-in-chief of the United States fleet, made the project known today in announcing plans for the annual summer maneuvers of the navy. The announcement came on the eve of the formal notification to the United States department of state of Japan's denunciation of the Washington naval treaty.

On May 3, the full complement of American ships, airplanes, submarines, comprising the fleet, will sail from the mainland to operate in a "field" of 5,000,000 square miles. It will be bounded on the north by the Aleutian Islands, on the south by the Tropic of Cancer, on the east by the mainland of the United States, and on the west by the Midway Island, 1,200 miles west of Honolulu.

Included in the force will be 177 surface ships, 447 airplanes of the high-seas area force, the dirigible Macon, and approximately 55,000 officers and men.

Four airplane carriers, nine light

### New York Girl, Jailed by Nazis, Dances in Cell

WALDMOHR, Germany, Dec. 29 (AP)—Miss Elsa Sittel of New York held in jail here for a week, was revealed here tonight as an American Saarlander en route to vote in the Jan. 13 plebiscite against the Saar territory return to Germany.

The girl, held incommunicado in the village's one-room jail, was taken into custody by the town's one policeman and was charged with making derogatory remarks about the government of Reichsfuehrer Adolf Hitler.

American Vice Consul George Madkinson, at Frankfurt, arrived tonight at Zweibruecken en route to aid the American girl and was expected to reach here tomorrow.

Miss Sittel was born in the northwest part of the Saar territory near Merzig and came from Paris to cast her ballot at the plebiscite.

Earlier, officials said Miss Sittel was dancing merrily about in her cell, and they denied "atrocity" stories concerning her. "Her dancing around merrily in her cell," they said is the best proof that she is being well-treated.

After the visit of the vice consul, they added, "we will probably know better what disposition to make of the young lady."

### 14 Anti-Stalin Terrorists Face Red Firing Squad

MOSCOW, Dec. 29 (AP)—A Leningrad firing squad today ended the lives of 14 asserted anti-Stalin terrorists convicted of plotting and carrying out a "counter-revolutionary" plot against the Soviet government.

Other subjects, already being taught, are English, beginners' spelling, penmanship, arithmetic, grammar, public speaking, Spanish, and psychology.

### I Saw...

Allie Barnett trying to decide if he could qualify as a "building" Old Timer. He said that he once built a "swell dog house."

Gaston Foote compiling some "bushwack" to tell the Sandies when he makes the "tout-de force" speech at a banquet in their honor at Amarillo tomorrow.

Some of the outstanding events were the Pre-Centennial, building of the McClelland creek bridge and development of the "hot spot" in east central Gray county, opening of the new postoffice, the Shockey murder trial, the first annual Pampa baseball tournament, completion of the Pampa-McLean paving, oil field strikes, Santa Day, visits of such notables as Senator Tom Connally and Jimmie Allred, and the Pampa-Lubbock football game.

Governmental agencies poured more than a million dollars into the county through the cotton, wheat, corn-hog, cattle buying, FERA, CWA, FES, plans, and road paving. Federal agencies were interested also in proration and oil field labor troubles, though the activities were mainly observations. Proration continued tightly in effect, although the year closed with the daily allowable increased to 58,800 barrels because of very steady and profitable drilling activities during the year.

Much Highway Work County expenditures during the year included work of the Pampa-McLean road, part of which was with relief board assistance, building of the McClelland creek bridge, and routine outputs in the various precincts. Relief workers completed placing of culchis on highway 33 through South Pampa and began similar work on highway 88.

The state completed more than 6 miles of hard-surfacing on highway 152 and promised to finish the last 12 miles at an early date. Grading was begun on closing of the gap in highway 66 in the south part of the county. Highway 41 was tentatively designated from the end of the Pampa paving to Borger, where some work was done as a relief project.

Although the drought gripped the county, federal farm aid, buying of federal cattle, farm aid, buying of federal funds, and other factors. Oil development continued steadily, bringing to the immediate Pampa area some very good wells at the city's edge. The Texas company moved to Pampa under an 8 year lease, showing its faith in the long life of this field.

Electors Are Ousted The year brought ousting of the political and civic life of communities in the county. Changes during the year included the untimely deaths of Sheriff C. E. Pipes and City Secretary J. H. Blythe, the resignation of W. Barnes as tax assessor, and the election of Tom Kirby as commissioner of precinct 3 after litigation in district court.

Organizations of the city com

### E. E. School to Open New Term Here Tomorrow

A new term will begin for the Emergency Education school tomorrow evening, when nightly classes will be resumed after Christmas holidays.

New subjects will be offered for the next semester, as well as a continuation of classes already under way. All courses are open without cost, to persons over 16 years of age who are not enrolled in another school. Classes are not restricted to the unemployed.

Those who wish to enroll for the new term may do so between 6:30 and 8 p. m. daily at the office of Sup't. R. B. Fisher in the high school building. Information thru the day may be obtained by calling Mrs. Del Love at 9012.

In the wide range of subjects available now is included elementary music, beginners' reading, world geography, history, advanced English, pastel and charcoal drawing.

Other subjects, already being taught, are English, beginners' spelling, penmanship, arithmetic, grammar, public speaking, Spanish, and psychology.

# EDITORIAL

**RETURN TO THE LORD:** Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our Lord, for he will abundantly pardon.—Isaiah 55:7.

## THE OUTLOOK IN OIL

This year ends in the oil industry with the lowest volume of crude and refined oils in storage in many years, according to statistics compiled by Henry L. Doherty & company.

Production has been held near actual requirements and prices have been stabilized to the extent of making profits possible in many divisions of the industry. The Doherty statement points out that the price of refined products "has been disastrously lower than warranted by the crude prices" and ascribes this maladjustment to lack of cooperation within the industry.

At the same time, the statement says that the world's production of petroleum during the last year will equal, if not surpass, the peak output of 1929. Of the 21 important producing countries, all but eight had increased outputs. World consumption of petroleum and allied products also has reached figures that are the highest in four years.

What the company calls the "muddling through process" of regulation and cooperation will continue. It suggests that true stabilization will not arrive until the government and the people realize that America's oil reserves are unquestionably inadequate.

As the year ends, the Commodity exchange of New York has announced its intention to initiate trading in crude oil and gasoline on next February 5. The industry will no doubt watch with interest the operation of this new agency. Some observers hope that the plan will result in closer regulation of price fluctuations and keep gasoline more in line with crude oil prices. Others are frankly skeptical.

World stocks at the end of this year are estimated as follows:

Crude oil, 340,000,000 barrels; motor fuel, 50,000,700 barrels; fuel oil, 110,000,000 barrels; miscellaneous, 66,900,000 barrels; total, 566,000,000 barrels. This total compares with 603,207,000 barrels in 1933, 590,106,000 barrels in 1932, and 621,673,000 barrels in 1931.

Highlights of the year included the tightening of government restrictions in the United States, with special emphasis upon stopping of "hot oil" in East Texas, the price stabilization attempts, and more recently Japan's creation of a monopoly in Manchukuo, where the Japanese navy is making sure that it will have plenty of cheap fuel in the future.

Several foreign countries, notably France, have established refineries to take the business from American and British firms and keep it in domestic hands. Mexico, among other countries, has the policy of buying into favored domestic companies through stock deals.

World crude oil production in 1934 amounted to 1,489,990,000 barrels, compared with 1,416,867,000 barrels in 1933. Production in the United States was 898,870,000 barrels in 1933 and 908,000,000 this year. Russia was the second largest producer with 166,000,000 barrels. Other leading producing nations had totals as follows:

Venezuela, 139,000,000 barrels; Roumania, 60,000,000 barrels; Persia, 52,000,000 barrels; Dutch East Indies, 41,800,000 barrels; Mexico, 37,000,000 barrels; Columbia, 17,000,000 barrels; Argentina, 14,100,000 barrels; Peru, 14,000,000 barrels; Trinidad, 10,900,000 barrels; British India, 8,800,000 barrels; Iraq, 4,000,000 barrels; Poland, 3,600,000 barrels; Sakhalin, 2,600,000 barrels; Sarawak, 2,000,000 barrels; Japan, 2,000,000 barrels; Germany, 2,100,000 barrels; Ecuador, 1,800,000 barrels; Egypt, 1,450,000 barrels; Canada, 240,000 barrels; other countries, 1,600,000 barrels.

In order of consumption, the nations ranked as follows: United States (900,000,000 barrels), Russia (97,000,000 barrels), United Kingdom, France, Canada, Germany, Argentina, Japan, Mexico, Roumania, British India, Italy, Dutch East Indies, Australia, Persia, Dutch West Indies, China, Holland, Sweden, Venezuela, Spain, Egypt, Brazil, Denmark, Belgium, Cuba, Union of South Africa, Norway, Philippine Islands, Czechoslovakia, Switzerland, Poland, Hawaii, New Zealand, British Malay, Trinidad, Uruguay, Chile, Algeria, Panama Canal Zone, Austria, Iraq, Irish Free State, Hungary, Greece, Peru, Porto Rico, Portugal, Finland, French Morocco. All the other nations consumed only 26,500,000 barrels of crude oil and its products this year.

The hugely important place that the United States holds in the oil world, and the equally important part that oil plays in the lives of Americans, are well illustrated in the above figures. Oil, unless replaced by some other fuel, will be scarce and high-priced within a decade or two. Operators are already spending lavishly on leases in unproven but likely areas.

The outlook for Pampa is obviously very good. Orderly production here has lengthened for many years the stabilizing force which the city needs. To destroy the natural resources of this territory is to destroy much that is vitally needed in Pampa's future. But as long as there is oil in this territory, Pampa will be the center of field operations. As production declines, prices are expected to advance. For Pampa's field in many respects parallels the world picture in oil—plenty of it now but producers will need all they can get out of the ground in a few years as consumption goes up with return of better business.

Sidney Franklin, American fighter, sues a movie firm because one of its films referred to him as a bull thrower. And he wasn't even an insurance agent.

Ever since new methods of scientific crime detection were adopted, shyster lawyers and politicians have been worried.

The noises of New York have been recorded and put into the cornerstone of a new building there, so that posterity may have at least one reason why New York is no more.

President Roosevelt is planning to bombard Congress with a series of important messages that will make some of the members sorry they were elected.

## TEXAS HISTORY

Brushing Up on Facts You Ought to Recall

Father Manuel Garza stood in the doorway of his small wooden house near Rosario, and saw coming from beyond the hill messengers from the Viceroy. He watched them anxiously as they came closer. Were they bringing permission to build a mission? Or had his plans been defeated? It was December 31, 1791—over a month since the men had left with his letters to the Viceroy.

The messengers bowed to Father Garza, and gave praises with him when he read of his permission to build a church. Already a site had been selected, and as soon as possible, a suitable place of worship and home for the Indians would be built. The juncture of the San Antonio river and the Gaudalupe river had been selected as a tentative location as early as May, 1791.

Nothing could have pleased Father more than for the chiefs to request him to go with them to invite their kinsmen to become members of the mission at Rosario. Those who asked him were deserters of the church, true, but nothing could daunt the enthusiastic priest. Accompanied by a special escort from Governor Munez Gracia, he went to the rancheria of the kinsmen at San Xavier. His heart was full of joy that the governor was in sympathy with his plans.

As the leaves began to turn in the early autumn, Father Garza made another trip, this time along the coast. "Build a mission at the mouth of the Gaudalupe River," the chiefs said, "and the whole coast is yours." The encouragement received was all that Father Garza needed. He wrote letters at once to the Viceroy, and received his reply that last day of December.

A lack of sufficient, necessary supplies delayed the building of the church for more than a year. Beginnings had been made, however, and the Spanish mission was to be the home of the Karankawas, Orkiskas, Tawakanas, Towshas, and Comanches. Mission Nuestra Señora del Refugio—Our Lady of Refuge—was to be built, monument to one who believed in conversion of friends or foes, in spite of obstacles.

At the junction of the Guadalupe and San Antonio rivers Mission Nuestra Señora del Refugio had its formal beginning Jan. 31, 1793. Only the simplest sort of church had been constructed, but it meant much to Father Garza and Father Mariano Velasco, the first minister. Later in the year more buildings were added, until finally there were six small wooden buildings thatched with straw, a large frame shed, and the usual stockade. Corn,

potatoes, wheat, and beans were raised in the fertile land nearby.

All tribes of Indians mingled as one to greet Father Silva when he returned in August, 1793. Proudly Father Garza took his friend over the plot of land belonging to the mission, telling him all the while how many conversions had been made, and what his plans were for the future. Together they and Father Velasco decorated the plain altar with the ornaments and furnishings Father Silva had brought.

The second year had been hardly ended before Indians began deserting. They complained of mosquitoes and of need for more farming land. Not quite two years after the formal opening, the newly-founded mission was abandoned for a better location. This time it was south of the presidio of Espiritu Santo. Known as "Aranzazu," or "Santa Gertrudis," the new mission was successful. Eighty-two faithful Indians were on the roll by the end of the first year.

Four long years had been necessary to finally make Mission Nuestra Señora del Refugio permanent. Failure of the Spanish monarchy to support the mission left it struggling and weak, though existing. The Spanish had built their last mission. Henceforth political and colonization problems were to occupy the time of the Spanish rulers. A good foundation had been made for Christianity and civilization in the new Province of Texas. Failures were far over-shadowed by the successes. Significance was given to other things after 1795, and with the dawn of another century, Texas was to know rulership of many countries, and eventually become its own ruler as a State in the Union of the United States.

### CENTRAL CHURCH OF CHRIST

E. M. Borden, minister. A. C. Cox, song director.

Sunday school at 9:45 a. m. Preaching at 11 a. m. Subject: "A Day of Resolutions and Choices." Lord's supper at 11:45 a. m. Young people's meeting at 7 p. m.

Preaching at 7:30 p. m. Subject: "A Lesson on Forgiveness."

Ladies' Bible class at 3 p. m. Wednesday. The ladies are to meet next Wednesday in the basement of the church and do some work for those who are in need. The entire day will be spent in this work.

Mid-week Bible study at 7:30 p. m. Wednesday. Chapter: The 7th chapter of I Cor.

## Postoffices In 3 Towns Robbed

TYLER, Dec. 29. (AP)—Postoffices in three small towns—Ben Wheeler, Edom and Royston—were robbed of about \$366 in cash and stamps by burglars early today.

Explosives were used to open safes in the offices at Ben Wheeler and Edom. The burglars took \$300 in cash and stamps from Ben Wheeler and around \$6 from Edom. These towns are in Van Zandt county.

The postoffice at Royston, near Sweetwater, lost \$60.

F. L. Clamper, chief postal inspector in Fort Worth, rushed assistants to the three towns to investigate.

# SANDIES PILE UP RECORD SCORE IN WINNING STATE GRID TITLE 48 TO 0

## CORPUS' HAAS IS SMOTHERED DURING GAME

### AMARILLO BACKFIELD COVERS ITSELF WITH GLORY

DALLAS, Dec. 29. (AP) — The ghost of football's four horsemen rode again here today when the Amarillo Golden Sandies rolled over the Corpus Christi Buccaneers, 48 to 0, to win the Texas interscholastic league gridiron crown.

On official crowd of 21,986 paid persons saw Glenn Burkin, John Harlow, R. C. Waggoner and John Stidger churn and gallop the Fair park stadium gridiron for a phenomenal series of seven touchdowns. Nowhere along the route did Corpus Christi have a chance to stop these four ball carriers who scored 27 first downs against their opponents' 12.

Corpus Christi's defense was completely bewildered by an attack that featured most every kind of a long run.

Charging from double wing formations, Harlow scored the first touchdown with a 20-yard run. He plunged 3 yards for the second touchdown. He scored 26 yards for the third touchdown, and then turned the fourth touchdown job over to Stidger, who dropped behind on a pass formation, took the ball in one hand and tore through for 33 yards and a touchdown. This mad parade of runs gave Amarillo a 27-0 lead at the half.

Glenn Burkin started the Sandies' whirlwind attack in the second half. He slipped through the Corpus Christi line, saw a wide open field and raced 20 yards for a touchdown.

Harlow picked up where he left off in the fourth period, which he opened by galloping 15 yards for a touchdown. The final touchdown occurred when Burkin charged through for two yards after he had broken loose for a 38-yard run to put the ball in scoring position.

The man back of the touchdowns was Stidger. He successfully kicked six goals from placement, missing only his try in the second period after he had scored a touchdown.

**Haas Stopped**

Spectators saw Amarillo's line outcharge Corpus Christi's front wall. They saw Amarillo's wings, Peterson and Cochran, drop back and solve Haas' style of running. Charlie Haas, Corpus Christi's highly touted ball-carrier made just one bid for recognition. In the first period he carried the ball three times for three consecutive first downs. After being stopped, he could never again get started.

There was no stopping Amarillo's four horsemen. They went on to a touchdown parade and stayed there with a series of plays that gave the huge crowds thrills galore. It was the largest paid crowd to ever witness a Texas interscholastic league game.

But never could the Buccaneers show anything but Haas. To his everlasting credit, he tried. Even when he knew the cause was lost, he kept trying, but his stout heart and excellent ability simply found too much opposition.

Amarillo's amazing victory was the largest score ever made in a Texas interscholastic league championship final. By winning the title the Sandies finished the season undefeated and untied, and with a marvelous record of finishing first from a starting field of 86 teams.

Amarillo did not score a touchdown on a pass. The Sandies, noted for straight, powerhouse football, smashed their way to the championship in a starting and convincing manner.

**Starting lineup:**

Amarillo	Fos	Corpus Christi
Cochran	LE	Lawrence
Bicketts	LT	Bledsoe
Mathews	LG	Hinnant
Sullivan	C	Gresham
Widewood	RT	Fallen
Pitz	RG	Brennan
Peterson	RE	Edwards
Burkin	QB	Rackley
Harlow	LH	Allen
Stidger	RH	Haas
Waggoner	FB	Carey

**Score by periods:**

Amarillo	7	20	14	48
Corpus Christi	0	0	0	0

**Amarillo scoring, touchdowns:** Harlow 4, Burkin 2, Stidger. Points from placement: Stidger 6.

**Referee:** Meyer (Texas Christian); umpire: Viner (Missouri); headlinesman: Curtis (Texas); field judge: Littlefield (Texas).

**Summary:**

DALLAS, Dec. 29 (AP) — Here's how Amarillo won the Texas interscholastic league football championship today, beating Corpus Christi, 48 to 0.

**Scoring points:**

Amarillo	7	20	14	48
Corpus Christi	0	0	0	0

**First downs:**

Amarillo	6	7	7	27
Corpus Christi	3	3	5	11

**20-yard line penetrations:**

Amarillo	2	4	1	3
Corpus Christi	0	0	1	1

**Penalties:**

Amarillo	3	1	0	3
Corpus Christi	2	2	0	4

**Fouls (yards):**

Amarillo	10	5	9	35
Corpus Christi	10	20	0	30

**Rushing plays:**

Amarillo	21	11	13	45
Corpus Christi	7	8	9	37

**Running plays (yards gained):**

Amarillo	59	153	116	328
Corpus Christi	36	29	22	87

**Running plays (yards lost):**

Amarillo	3	10	0	13
Corpus Christi	2	10	2	14

**Passes attempted:**

Amarillo	2	2	0	4
Corpus Christi	9	2	7	29

**Passes completed:**

Amarillo	2	1	0	3
Corpus Christi	0	1	5	6

**Passes completed (yards gained):**

Amarillo	29	7	10	46
Corpus Christi	0	19	23	42

**Passes intercepted by opponent:**

Amarillo	0	0	0	0
Corpus Christi	2	4	1	7

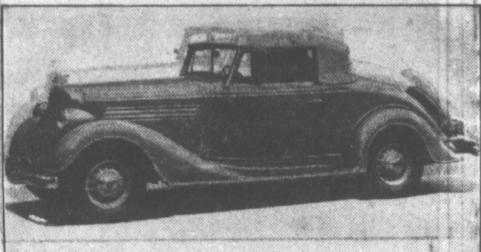

**Fumbles recovered by opponent:**

Amarillo	0	0	0	0
Corpus Christi	0	0	1	1

**Net yards gained from scrimmage:**

Amarillo	75	160	128	363
Corpus Christi	29	29	27	85

## New Model Added to Buick Line

Shown above is the 1935 series 40 convertible coupe which has been added to the line of Buick automobiles.

Four lines of motor cars are announced by the Buick Motor company for 1935, covering the broad range from the low medium to the high medium price fields and offering the largest variety of body types in the history of the Buick organization.

The new cars, keyed to modern requirements of style, comfort and performance, are being displayed simultaneously through the United States in the showrooms of Buick dealers and distributors. With the factory in full production in the 1935 models, adequate stocks are now in dealers' hands and representative models of the complete line are on display. Dealers, consequently are able to make prompt deliveries.

For the first time, the Buick Motor company enters a new year with four distinct groups of automobiles, all similar in design and construction, varying only in details of dimension and price class. The extensive line gives price coverage of approximately 27 per cent of the entire automobile market, a condition expected greatly to increase Buick during the coming year.

The Pampa sports world was given treats in every athletic line during 1934. An even more "athletic" 1935 is in prospect.

Football, baseball, basketball, track and field, boxing, wrestling, golf, and swimming were in the headlines in 1934. Perhaps the greatest stride of the year was in baseball. The Danziger Oil and Refining company led the way with the construction of a new baseball plant on West Brown avenue, and the installation of a lighting system for night baseball.

The Pampa Road Runner baseball team played 67 games in the new park, winning 49 and losing 18 games. The team was sponsored by the Danziger company, of which Earl LeFors is superintendent. Several professional teams of regulars were brought to Pampa and they failed to win a series from the Pampa nine. The only team to defeat the Road Runners in a series during 1934 was the Great House of Davis team.

The Road Runners played 17 games with their old rivals, the Phillips "66" Oilers of Borger, winning nine and losing eight games. The Pampa team won a series from the Fort Worth Cats, Texas league team, and from the Shell team of Arkansas City, Kansas State sandlot champions. The Road Runners' only games with Ponca City of the Western association, and El Reno, Oklahoma City commercial league team.

The Pampa Junior chamber of commerce sponsored one of the few successful baseball tournaments of 1934. It was won by the Pampa Road Runners, who received a purse of \$1,000. Phillips "66" Oilers of Borger took second place and the Huber company of Borger placed third. A group of Pampa merchants backed the Jaycees and made the tournament success a reality.

Pampa had other baseball teams, including the Busby Indians, Pampa Consumers, Pampa Merchants, and several kid teams that put Pampa on the map in a baseball way.

Gloom was cast over the baseball world by the untimely deaths of two of the Road Runner players. Raymond Ater, sensational shortstop and one of the most promising players out of organized baseball, died after being struck on the head by a pitched ball. Chuck Carroll, second baseman, died in a local hospital following an operation for appendicitis.

The Pampa high school football team had a successful season although not winning the district championship. The Harvesters lost their first and last games. The team ran up 306 points while holding their opponents to 63 points during the season. Their record in conference play was 132 points to 26 for their opponents.

The Harvesters lost their opening game to Capitol Hill of Oklahoma City and then followed by defeating such teams as Shawnee, Okla., Trinidad, Colo., North Side of Fort Worth, Quanah, Bowie of El Paso, Lubbock, Borger, and Plainview. Amarillo nosed out the Harvesters 13 to 6 in the last game of the season.

Key members of the Harvesters squad were placed on the mythical All-District team without a dissenting vote. They were Monroe Owens, 1933 All-State end, Lloyd Hamilton, J. R. Green, and Carl Smith. Smith and Green are being mentioned for All-State honors, although the Pampa team failed to get out of the district.

The Gorilla team had a successful season, as also did a team of Junior high boys and a team of Peewe Harvesters. Grade schools had teams and the youngsters played a series among themselves.

The high school basketball teams had successful seasons and the high school track and field squad met with much success although spring football training thinned the number of participants.

The time boxing was brought to Pampa by the Pampa Daily NEWS during the Junior chamber of commerce pre-Centennial celebration. Ralph Chong, Chinese middleweight, defeated Duke Tramel, claimant of the state middleweight title. The fight was held at Road Runner park before several thousand fans.

Wrestling was brought back to the city in 1934. Some of the best grapplers in the country paraded before Pampa audiences.

Pampa golf teams won many matches. Del Levy, well known professional, was brought to Pampa to become pro at the Country club. Several successful club tournaments were held and fame was brought to Pampa when Buck Tuley, high school student, won the Boys' Life trophy as the best Boy Scout golfer in the United States. Dale Leet was declared city champion for 1934.

The new swimming pool continued to be popular and several swimming and diving meets were held.

Pampa athletes attending colleges in various parts of the country, brought the name of Pampa to the front with their great play, especially in the football world.

He promised clear, cool weather. That will suit both teams.

Mrs. C. S. Rice and baby son, Jim Frank, were taken to the home, 628 N. Somerville, from Pampa hospital Friday.

## SPORTS HELD SPOTLIGHT IN CITY IN 1934

### PERFORMERS IN EVERY DIVISION RANKED NEAR TOP

The Pampa sports world was given treats in every athletic line during 1934. An even more "athletic" 1935 is in prospect.

Football, baseball, basketball, track and field, boxing, wrestling, golf, and swimming were in the headlines in 1934. Perhaps the greatest stride of the year was in baseball. The Danziger Oil and Refining company led the way with the construction of a new baseball plant on West Brown avenue, and the installation of a lighting system for night baseball.

The Pampa Road Runner baseball team played 67 games in the new park, winning 49 and losing 18 games. The team was sponsored by the Danziger company, of which Earl LeFors is superintendent. Several professional teams of regulars were brought to Pampa and they failed to win a series from the Pampa nine. The only team to defeat the Road Runners in a series during 1934 was the Great House of Davis team.

The Road Runners played 17 games with their old rivals, the Phillips "66" Oilers of Borger, winning nine and losing eight games. The Pampa team won a series from the Fort Worth Cats, Texas league team, and from the Shell team of Arkansas City, Kansas State sandlot champions. The Road Runners' only games with Ponca City of the Western association, and El Reno, Oklahoma City commercial league team.

The Pampa Junior chamber of commerce sponsored one of the few successful baseball tournaments of 1934. It was won by the Pampa Road Runners, who received a purse of \$1,000. Phillips "66" Oilers of Borger took second place and the Huber company of Borger placed third. A group of Pampa merchants backed the Jaycees and made the tournament success a reality.

Pampa had other baseball teams, including the Busby Indians, Pampa Consumers, Pampa Merchants, and several kid teams that put Pampa on the map in a baseball way.

Gloom was cast over the baseball world by the untimely deaths of two of the Road Runner players. Raymond Ater, sensational shortstop and one of the most promising players out of organized baseball, died after being struck on the head by a pitched ball. Chuck Carroll, second baseman, died in a local hospital following an operation for appendicitis.

The Pampa high school football team had a successful season although not winning the district championship. The Harvesters lost their first and last games. The team ran up 306 points while holding their opponents to 63 points during the season. Their record in conference play was 132 points to 26 for their opponents.

The Harvesters lost their opening game to Capitol Hill of Oklahoma City and then followed by defeating such teams as Shawnee, Okla., Trinidad, Colo., North Side of Fort Worth, Quanah, Bowie of El Paso, Lubbock, Borger, and Plainview. Amarillo nosed out the Harvesters 13 to 6 in the last game of the season.

Key members of the Harvesters squad were placed on the mythical All-District team without a dissenting vote. They were Monroe Owens, 1933 All-State end, Lloyd Hamilton, J. R. Green, and Carl Smith. Smith and Green are being mentioned for All-State honors, although the Pampa team failed to get out of the district.

The Gorilla team had a successful season, as also did a team of Junior high boys and a team of Peewe Harvesters. Grade schools had teams and the youngsters played a series among themselves.

The high school basketball teams had successful seasons and the high school track and field squad met with much success although spring football training thinned the number of participants.

The time boxing was brought to Pampa by the Pampa Daily NEWS during the Junior chamber of commerce pre-Centennial celebration. Ralph Chong, Chinese middleweight, defeated Duke Tramel, claimant of the state middleweight title. The fight was held at Road Runner park before several thousand fans.

Wrestling was brought back to the city in 1934. Some of the best grapplers in the country paraded before Pampa audiences.

Pampa golf teams won many matches. Del Levy, well known professional, was brought to Pampa to become pro at the Country club. Several successful club tournaments were held and fame was brought to Pampa when Buck Tuley, high school student, won the Boys' Life trophy as the best Boy Scout golfer in the United States. Dale Leet was declared city champion for 1934.

The new swimming pool continued to be popular and several swimming and diving meets were held.

Pampa athletes attending colleges in various parts of the country, brought the name of Pampa to the front with their great play, especially in the football world.

He promised clear, cool weather. That will suit both teams.

Mrs. C. S. Rice and baby son, Jim Frank, were taken to the home, 628 N. Somerville, from Pampa hospital Friday.

## STAR PLAYERS ARE ADDED TO COLTEXO NINE

### STEGMAN AND GORDON NELL ACQUIRED BY LEFORS

Although the calendar denotes winter, baseball is in the air not so much in Pampa as in LeFors and Borger. Amarillo also is becoming "baseball-minded." A great 1935 season is predicted.

LeFors is presenting the most baseball talk at present. The Coltexo gasoline division is quietly gathering some of the best baseball material in the country. All grapevine reports are reliable, and some of them certainly are true. Coltexo has Pete Stegman and Gordon Nell, two stars of the Pampa Road Runners last season, on the payroll. Stegman is a pitcher and Nell plays first base or in the outfield. It is reported that he will be an outfielder in 1935.

It is also rumored that Jimmie Wilson, former Pittsburgh and St. Louis pitcher, is with Coltexo. Benny Wilson, last year a catcher with Hollis, is also a Coltexo product and, along with Pointexter, will give the LeFors team a great catching staff.

The Huber Carbon company's team of Borger is reported to be gathering strength. It is likely to be the strong team of Borger in 1935. Phillips "66" is keeping its activities strictly to itself.

The Pampa Road Runners are also making no statement, although rumors are numerous. Jess Cliff, former House of David pitcher, wants to come to Pampa and may be in a Road Runner uniform next season.

Amarillo is willing to deal with professional interests again. A meeting of Panhandle teams will probably be held soon. Other plans are to have a strictly Panhandle semi-league.

## Road Runners' Baseball Record

The Pampa Road Runner baseball team had a remarkable season, playing 67 games, winning 49 and losing 18. Freddy Brickell led the batting among the regulars with 436 per cent for 87 games. Gordon Nell had the high average with 511 per cent, but he played in only 19 games.

Batting averages for the year follow:

Player	Games	At Bat	Hits	Runs	Pct.
Nell, 1b	19	90	46	34	.511
Brickell, 1f	87	251	109	91	.436
Seitz, cf	65	271	105	97	.387
Sain, c	47	168	61	38	.363
Bacus, rf	15	85	19	15	.345
McClary, 3b	57	255	87	84	.341
Ward, 2b	65	277	91	81	.333
Bulla, p	24	77	25	17	.328
Vaughn, rf	60	263	81	59	.308
Wells, ss	19	85	26	17	.306
Daney, p	9	28	8	2	.286
Cox, 1b	52	214	61	44	.285
Stegman, p	20	53	15	6	.284
Harlow, p	24	85	22	12	.259
Stewart, p	12	28	7	6	.250
Barclay, ss	6	24	6	10	.250
Benn, c	21	77	19	12	.247
Tate, p	11	22	3	6	.137

## HARVESTER FOOTBALL TEAM DEFEATED TWICE IN SEASON

### Beaten Only by Capitol Hill and Amarillo; Boys Scored 306 Points to 63.

The Pampa Harvester football team had a great 1934 season, winning eight out of 10 games played and placing second in the district, losing only to Amarillo, state finalists. Mayse Nash, midget fullback, led the Harvesters scoring with 60 points, one point more than Lloyd Hamilton, quarterback, who kicked 23 points after touchdowns.

The season record follows:

Season Scores

Pampa 0; Capitol 18.
Pampa 32; Quanah 7.
Pampa 32; North Side, Fort Worth 6.
Pampa 44; Shawnee 0.
Pampa 47; Trinidad 0.
Pampa 21; Bowie, El Paso 6.

Season Scoring (All games)

Pampa 306; opponents 63.
--------------------------

Season Scoring (Conference games)

Pampa 132; opponents 26.
--------------------------

Individual Scoring

Name	Techns.	X-pt.	Tot.
Nash	10	0	60
Hamilton	8	23	59
Dunaway	8	0	48
Panning	5	0	30
Mackie	4	1	25
Elkins	3	0	18
Powell	3	0	18
Mumford	2	0	12
Rose	1	2	8
Owens	1	0	6
Green	1	0	6
Stewart	1	0	6
Brown	1	0	6
Drake	1	0	6

## ALLISON, TURKEY AND TULIA TO PLAY HERE DURING WEEK

Three college basketball teams will be seen in action here this week when Allison, Tulia, and Turkey high school teams meet the Pampa Harvesters. Game time each night will be at 8 o'clock, with admission 25 cents for adults.

The opening game of the week will be played Tuesday night with Allison providing the opposition. The Tulia Hornets will be here for games Wednesday and Thursday nights. Turkey will play the closing game on Friday night.

The only Harvesters loss of the season was to Allison. The Pampa quintet will be out for revenge Tuesday night. Allison defeated the Harvesters by one point to enter the finals in the Miami invitation tournament two weeks ago. They later won the event with a victory over LeFors.

Allison has practically the same team that played wonderful basketball here last season. Allison was doped to win the district championship until "Red" Hayes, star forward, received a sprained ankle. The Harvesters nosed out the team in a great 25 to 26 victory. Hayes, back with the team this year, was responsible for the Harvesters loss in Miami.

Little is known of the strength of the Tulia team, but Coach Ochs Mitchell is anticipating his stiffest competition of the season from the Hornets. Tulia is known as a basketball town, and Tulia teams have ranked high in the state race every year.

## STAR PLAYERS ARE ADDED TO COLTEXO NINE

### STEGMAN AND GORDON NELL ACQUIRED BY LEFORS

Although the calendar denotes winter, baseball is in the air not so much in Pampa as in LeFors and Borger. Amarillo also is becoming "baseball-minded." A great 1935 season is predicted.

LeFors is presenting the most baseball talk at present. The Coltexo gasoline division is quietly gathering some of the best baseball material in the country. All grapevine reports are reliable, and some of them certainly are true. Coltexo has Pete Stegman and Gordon Nell, two stars of the Pampa Road Runners last season, on the payroll. Stegman is a pitcher and Nell plays first base or in the outfield. It is reported that he will be an outfielder in 1935.

It is also rumored that Jimmie Wilson, former Pittsburgh and St. Louis pitcher, is with Coltexo. Benny Wilson, last year a catcher with Hollis, is also a Coltexo product and, along with Pointexter, will give the LeFors team a great catching staff.

The Huber Carbon company's team of Borger is reported to be gathering strength. It is likely to be the strong team of Borger in 1935. Phillips "66" is keeping its activities strictly to itself.

The Pampa Road Runners are also making no statement, although rumors are numerous. Jess Cliff, former House of David pitcher, wants to come to Pampa and may be in a Road Runner uniform next season.

Amarillo is willing to deal with professional interests again. A meeting of Panhandle teams will probably be held soon. Other plans are to have a strictly Panhandle semi-league.

## BAER WASTES FIFTY GRAND ON LEVINSKY

CHICAGO, Dec. 29. (AP)—Knocking out King Levinsky knocked Max Baer, world's heavyweight champion, out of at least \$50,000. This was estimated tonight when it was learned that Baer had agreed to a ten-round battle with the free swinging young man-about-town in Chicago next summer, provided they had emerged from a scheduled four-round exhibition with honors fairly even. Instead of learning the \$50,000 Baer got about \$9,000 for dramatically flattening the Kingfish in two thrilling rounds.

The champion was risking his title—he could have lost it if he

## 'Kingfish' Knocked Out in Second Round Because He Was 'Too Fresh' Says Max

CHICAGO, Dec. 29. (AP)—Knocking out King Levinsky knocked Max Baer, world's heavyweight champion, out of at least \$50,000. This was estimated tonight when it was learned that Baer had agreed to a ten-round battle with the free swinging young man-about-town in Chicago next summer, provided they had emerged from a scheduled four-round exhibition with honors fairly even. Instead of learning the \$50,000 Baer got about \$9,000 for dramatically flattening the Kingfish in two thrilling rounds.

The champion was risking his title—he could have lost it if he

had been knocked out—and Levinsky was determined to do that very thing when he leveled terrific right-hand blows on Baer's chin in the first round.

"Leaping Lena" Levy, sister-manager of the reformed Maxwell street fish peddler, declared today that the Kingfish lost because he became too careless, but Baer said it was because he got too fresh.

"I didn't want to knock the guy out," Baer said. "I had hoped that we could go through with a nice fight. But the sucker tried to knock my ears off in the first round and tried to make me look foolish at the start of the second by standing in the middle of the ring and waving his arms at me yelling, 'come out and fight, so and so.'"

"I said to myself, 'Who does he think he is, he's talking the world's champion?' So I let him have it."

"Remember what I said about fighting Lasky or Hamas, or Levinsky and Lasky in one night? Well, it still goes."

Buick announces continuation of . . . its Smart Style . . . Proven Superiority . . . Established Prestige of Quality and Value . . . and every fundamental Buick Engineering Feature, already proved and now improved by further progress.

THE public, in the first 10 months of this year, by investing in new Buicks more millions of dollars than in any other car except the three of very lowest price, gives striking, even sensational recognition and approval to the superiority of Buick quality and Buick value.

It places its own estimate upon the Buick name and all that it means in utter dependability and satisfaction.

Buick was ahead of its time this year. Buick for 1935—already a proven product—is ahead now, continuing all the quality, style and features which have made Buick the sales leader among fine cars. The building this year of the finest cars Buick ever built, in a volume nearly double the 1933 output, has brought forth important new improvements and refinements, bearing upon performance, smoothness, dependability and general economy.

Compare the Buick for 1935 as you will, with anything else and everything else, if you choose. You will see here the value for your money. You will buy a better automobile only when Buick builds it.

## YOUNG GROWLERS ENTERTAINED WHEN DEMOLAYS GIVE BANQUET HONORING VISITING STUDENTS

### HUMOROUS PROGRAM IS FOLLOWED WITH A DANCE

Largest of the holiday events for visiting students and their friends here was the homecoming banquet of the De Molay order at Schneider hotel last evening. It was attended by 60 members and guests.

After the dinner program featuring humor, short talks, and greetings from associated orders, the guests enjoyed dancing in a room still decked with holiday colors and lighted with gay lanterns.

Dr. W. A. Seydler, chairman of the De Molay advisory board, introduced the toastmaster, Harry Barnett. He presented Gilmore Nunn, whose subject was announced as "De Morals of De Molay," but whose humorous talk covered a variety of topics.

Carson Loftus spoke briefly on character building, and Mrs. Loftus gave a reading. O. M. Anderson brought greetings from the Masonic lodge, Dick Myers from the Amarillo De Molay order, and Miss Willie Isbell from the Rainbow Girls.

An advisor's pin was presented to Dr. Seydler by Harry Davis. Wayne Hutchins, retiring master counselor, was also given a pin. The Rainbow advisory board presented gifts to Miss Isbell, worthy advisor; to Dorothy Adams Followell, Ruth Reynolds, Margaret Beck, Mildred Haggard Myatt, Lorraine Noel Fite, and Martha Jones, past worthy advisors; and to Mary Louise Adams, past recorder.

Guest Registry. Guests who registered were Ella Payne O'Keefe, Alvin Rothschild, Johnnie Maye Vaughn, Warren Finley, Sue Dodson, Leon Robinson, Mary Adams, Mary F. Hamlett, Joseph Hodge, Frances Hodge, Aaron Hunter, L. J. Coombes, Billy Bratton.

Elizabeth Graham, Ina Mae Dean, Charles Johnston, Charles Frazier, Martha Jones, Herbert Davis, Dorothy Harris, Miles Marbaugh, Mr. and Mrs. T. W. Sweatman, Mr. and Mrs. W. R. Anderson, Ruth Sewell, Ruby deCordova, Betty Jo Anderson, Ruth Reynolds, Joe Planagan, Wiley Reynolds, Harold Bray, J. G. Maundy, Claudia Attebury, and Dr. Seydler.

## Chart Will Show Lecture Points For Evangelist

Beginning Monday evening a new feature will be introduced in revival services being conducted at the Full Gospel Temple. Each evening Evangelist A. M. Alver will lecture on the Book of Revelation, using a large dispensational chart.

Fifteen minutes will be given to the study of this chart at the beginning of every service. The revival started last Sunday, and interested audiences have heard the evangelist each evening. The public is invited to future meetings.

Subjects announced for next week by Mr. Alver follow: Sunday morning, "The Mystery Revealed."

Sunday night, "Heaven, and Who Will Go There."

Monday night, "The End of the Church Age."

Tuesday night, "After the Rapture, What Then?"

Wednesday night, "The Opening of the Sixth Seal."

Thursday night, "The Seventh Seal."

Friday night, "The Mark of the Beast."

Saturday night, "What is the Anti-Christ?"

Sunday morning, "The Church." Sunday night, "Who Are the Foolish Virgins?"

## Triple Birthday Party Is Given

Birthdays of three young Pampans were celebrated recently at a party honoring Marie Carter, Helen Paulson, and J. B. Caldwell at the home of Mrs. Station.

## Yarn Trim

Barbara Schwinn, young American designer, makes this flattering street dress of rough brown woolen and trims it with cotton-colored drapery yarn. Buttons down the back of the bodice and down the front of the skirt are a novel feature.

Monday. Advisory board of the Rainbow Girls will meet at the home of Dr. W. A. Seydler at 7 p. m. All members asked to attend. Philharmonic choir will meet in the city club rooms, 8 p. m.

Tuesday. Mrs. T. W. Jamison will be hostess to Arno Art club at her home, 800 N. Gray, at 2 p. m.

Tuesday Bridge club will meet with Mrs. Felix J. Stalls.

Order of Rainbow or Girls will have election of officers and a regular meeting at Masonic hall, 7:30 p. m. All members urged to attend.

Wednesday. Episcopal Women's Auxiliary will meet at the parish house, 2:30 p. m. A general meeting of Central Baptist Missionary union is to start at 2:30 at the church.

Presbyterian Auxiliary will meet in the annex, 2:30.

Miss Cleo Fendrick will entertain No-Troun bridge club.

Treble Clef club will meet in city club rooms, 4 p. m.

Choir of First Methodist church meets at the church, 7:30 for rehearsal.

Thursday. Council of Women's clubs will meet in the city club rooms, 9 a. m.

City Parent-Teacher council meets in high school cafeteria, 3 p. m., preceded by a board meeting at 2:30.

Mrs. H. C. Wilson will entertain the Queen of Clubs at her home, 2:30.

Merry Mixers club will meet with Mrs. B. C. Fahy, 620 E. Browning.

Friday. Order of Eastern Star will have a regular meeting, Masonic hall, at 8 p. m. All members and visiting members asked to be present.

## Vets Get Gifts From Auxiliary

More than 100,000 World war veterans who were forced to spend Christmas day in hospitals received gifts from the American Legion Auxiliary.

Mrs. H. W. Kiser, chairman of the rehabilitation committee of the Pampa unit of the Auxiliary, has announced. Arrangements for presenting a gift to every veteran confined to a hospital were a part of the Auxiliary's continuous work for the war disabled.

The gifts, which were selected to meet the needs of the individual veterans as far as possible, were taken to the hospitals and presented personally by members of the Auxiliary units located near the federal, state, municipal and private institutions for veterans and their treatment. In many hospitals Christmas entertainment was given by the Auxiliary.

Christmas was made more cheerful for thousands of the disabled men through a nation-wide contact service by which their families left at home in need were visited by Auxiliary members and necessities for a happy Christmas provided. Last year more than 20,000 homes of hospitalized veterans were given this Christmas aid and this year the number was increased largely.

## REVIEW OF PASSING YEAR SHOWS WOMEN OF PAMPA BUSY

A New Year! Pampa women welcome it and its promise of wider activities, as they look back on 12 months filled with social, cultural, and welfare progress. Especial emphasis through the year was placed by women's organizations on welfare work.

A business-like beginning of the year saw elections in all federated clubs of the officers who are now serving them. The Council of Women's clubs launched, in a meeting January 25, the move for a county club welfare board that was later named by the commissioners' court and has functioned in many cases.

Members of the A. A. U. W. celebrated the chapter's seventh anniversary with a founders' day banquet with Josh Lee of Oklahoma University as speaker, on January 19. The "Twenty-first" Century club's dinner for husbands was a humorous event of the club year on January 23.

Ending a series of complimentary parties, Miss Virginia Rose and Euse Turner were married on January 24 at the home of her parents.

Other marriages of the month, each inspiring its share of parties, were those of Miss Mary Snead and Russell Kennedy, Miss Dorothy Mae Meers and Walter Nelson, Miss Gloria Sanders and Clarence Dunaway.

February was a month of club activity, climaxed by the official visit of Mrs. W. P. Avriett of Lamesa, president of seventh district federated clubs, who was honored

## MARRIAGE AT McLEAN JOINS OLD FAMILIES

Miss Biggers and Mr. Vernon Johnston Wed

McLEAN, Dec. 29.—Two prominent pioneer families of the McLean vicinity were united Saturday, December 22, when Miss Lavern Biggers, daughter of Hosea Biggers of the Heald community and Vernon Johnston, son of Mr. and Mrs. Scott Johnston of McLean were married at Sayre, Okla. The newly-weds are receiving congratulations at the home of the groom's parents. They will live in McLean.

Hostesses to well appointed Christmas parties were Miss Catherine Patterson and Miss Molita Turman.

Georgia Colebank Entertains. At the home of her parents, Mr. and Mrs. George Colebank, Georgia Colebank was hostess to a number of girls at a party Wednesday evening.

Order of Rainbow or Girls will have election of officers and a regular meeting at Masonic hall, 7:30 p. m. All members urged to attend.

Those present were: Jessie Mae Lynch, Winona Estes, Shirley Johnson, Mabel Back, Willie Louelle Cobb, and Georgia Colebank.

Dinner Enjoyed. Miss Mary Emma Back was hostess to a few friends at a 7:00 o'clock dinner Wednesday evening. After dinner the guests enjoyed several hours of bunco. Those present were: Miss Lavern Pettit, Miss Sybil Young, Miss Catherine George Ransen of Hawley, who is a house guest in the Christian home.

Messrs. Laveland and Crickett, Christian, Jura Woods, C. C. Bogan, and C. W. Bogan.

## 'WOMEN'S BLOC' IN CONGRESS IS AIDING SOCIAL LEGISLATION

BY BESS FURMAN. WASHINGTON, Dec. 29 (AP)—In the new congress, widely heralded as one of "woman interest," seven women seasoned in social welfare will press their views on "social security" legislation.

Never before has there been a national program so in line with the old suffrage arguments of why women should take part in politics. With old-age insurance, unemployment insurance, and child welfare uppermost, close cooperation is expected of the feminine contingent.

Seidman has a subject met such unanimity among feminine members, the "woman's bloc" for once seeming certain to function as such.

Small, soft-voiced Senator Hattie Caraway of Arkansas, who calls the feminine contingent "the women's bloc," is a champion of humanitarian measures and old-age pensions.

Sixteen years of social welfare campaigns in New York state politics lie behind the one woman newcomer, Mrs. Caroline O'Day. That was one reason behind a modest campaign for her. She and the president's wife have the same philosophy of making actual contact with the poor and their problems in order to lend practical aid.

For Child Welfare. Florence Kahn, Roosevelt's republican, has a vigorous, warm-hearted way of helping put across welfare measures. Capital hill well remembers how humanitarian she was as wartime helper of her late husband Julius Kahn, head of the house military affairs committee. He pushed the program of democratic Woodrow Wilson, and his widow has said she will back the social security and home protection measures of democrat Franklin D. Roosevelt.

Child welfare has a place in the heart of dark-eyed, red-cheeked Mary T. Norton of New Jersey. In fact, that was what took her into politics. To obtain better life for Jersey City babies she first went to the city hall. Later, she caused construction of a maternity hospital there.

As chairman of the house committee concerned with capital city government, she sponsored an old-age insurance bill.

Edith Nourse Rogers of Massachusetts is an exponent of the idea that the whole relief program of the federal government must be put on a permanent basis. She's also a friend of the unemployment insurance plan.

Helps Sick Veterans. Isabella Greenway of Arizona, brown-eyed, curly-haired, life-long Democrat, is a Roosevelt, and it's possible for the impoverished health-seeking veterans who came to her home state to turn the cactus plants and other woody products of the desert into useful hand-made articles. On her personal knowledge of the veteran problem, she based her vote for the bonus.

As owner of coal mines which had to be closed, and a representative of an Indiana bituminous district, enterprising Representative Virginia E. Jenckes came to close grips with the unemployment problem. She has gone personally into the mining towns to aid in welfare work, and has made a strong effort to place unemployed miners in other suitable jobs.

When Mrs. Jenckes wired Mrs. O'Day congratulating her on her election, she expressed the hope that the entire group of women might work together to advance "President Roosevelt's great plans for the social rehabilitation of stricken people."

Continuing, the "marry" month saw the weddings of Miss Isabel Bailey and S. A. Cousins, both of McLean; Miss Juanita McNett and Paul J. Wagner of Groom; Miss Doucette and Mr. Biery in a lovely ceremony at First Methodist church on June 16; Miss Nerine Smith and J. T. Hicks, both of McLean; Miss Audrey Covey and Ralph Shibley of Borger; Miss Josephine Downs and Leo Salsbury in Clovis, Miss Theresa Pospick of Dallas and "Whitey" Bacus at Wichita Falls; Mabel Young and Raymond Kirbie.

In additions to weddings, June produced the Garden club's annual yard tour with Miami women as guests, a building fund ball for the country club, and the county clothing contest of Home Demonstration club.

July. Month of brides or not, July was not a whit behind June in the number of marriages. Following each other in rapid succession were the weddings of Miss Lilly Modiging and E. C. McCullough of Dallas; Miss Lulla Jones and Travis Stokes, both of McLean; Miss Thelma Lane and Lester Attaway, Miss Fay Winget and Earl Plank, Miss Blanche Anderson and J. T. Hinkle of Overton, Miss Audrey Montgomery and Jack Sutherland, Miss Evelyn McDonald and H. E. Taylor, Miss Vela Chaffin and Doyle Roundtree.

On one day was announced the marriages of Miss Norma Jean White and Louis Talley, Miss Pearl Walborn and R. E. DeMaupin, Miss Kathleen Guinn and Ed Horne; Miss Melvina Nave and Jinks Brashers, both of Childress; Miss Violet Shaffer and Raymond Pollard; and in a double ceremony, Miss Thelma Scarborough and Ivan Yowell, Miss Gloria Herbst and Eldon Brazell.

Between weddings, Girl Scouts left for Camp Mary White in New Mexico, the Garden club held its summer flower show with Mrs. Harold Miller exhibiting the most perfect bloom, and home demonstration club members left on July 28 for the annual state short course.

August. Interest in weddings resulted, on August 28, in a Tom Thumb wedding presented at First Methodist church with Patty McDonald and Jerry

June was more than ordinarily a month of brides. A series of weddings started then to continue through the summer. On the first day announcement was made of the mar-

## STUDENTS TO DIRECT CHURCH NIGHT SERVICE

PUBLIC IS INVITED TO FIRST BAPTIST PROGRAM

Students of high school and colleges will be in charge of the service at First Baptist church this evening, the second program of this week-end devoted to young people of the church.

Four divisions have been made in the program, which is to begin at 7:30 and to which the public is invited. It is announced as follows:

Worship division: Prelude by Eloise Lane, pianist; song by choir. All Hall Trueman; Scripture reading by Ralph O'Keefe; prayer, offertory, and special music; recognition period conducted by C. O. Huber.

B. S. U. feature, The Connecting Link by the Rev. E. Lancaster, C. O. Huber, and Lois Barrett, illustrated by Mrs. Milton S. Leach of LeFors.

Testimonial division: What the B. S. U. Has Meant to Me, G. L. Stanley Jr.; What the B. S. U. Has Meant to My College, Lloyd Taylor; The Baptist Student Conference at Memphis, Marjorie Tucker.

Inspirational division: General Topic: An Analysis of the Student Religious Life; Salvation and Christian Witnessing, H. B. Taylor Jr.; Church Loyalty and Sabbath Observance, Harold Holmes; Prayer and Bible Study, Elizabeth Barrett; Dedication of Life and Substitution, Clifford Solomon; closing hymn, I Am Thine; benediction.

One of the few club parties in Christmas week was that of Hi-Lo bridge club Wednesday, with Mrs. E. P. Hollingshead hostess to members and extra guests.

Appointments were all in pink and white, and a shower of gifts wrapped in those colors was presented to Mrs. H. F. Beatty. Mrs. J. G. Teeters scored high, Mrs. R. A. Myers second high, and Mrs. Bill Dull low in the bridge games.

Mrs. Anna Way of Iowa was a tea guest; Mmes. J. H. Hollingshead and J. F. Dixon were good players, and other members present were Mmes. Tom Morris, Grady Slocum, Roy Dyon, George Alden, H. A. Wallace, Doug Wilson, C. C. Cockerill, and Beatty.

Marriage of Jewell Montague of Canyon and R. A. Selby; Miss Josephine Lewis and John Lawler married here, Miss Marguerite Terrell and Viri Ward at Dallas.

Continuing, the "marry" month saw the weddings of Miss Isabel Bailey and S. A. Cousins, both of McLean; Miss Juanita McNett and Paul J. Wagner of Groom; Miss Doucette and Mr. Biery in a lovely ceremony at First Methodist church on June 16; Miss Nerine Smith and J. T. Hicks, both of McLean; Miss Audrey Covey and Ralph Shibley of Borger; Miss Josephine Downs and Leo Salsbury in Clovis, Miss Theresa Pospick of Dallas and "Whitey" Bacus at Wichita Falls; Mabel Young and Raymond Kirbie.

## CITY COUNCILS OF CLUBS AND P-TA TO MEET

SOME GROUPS CHANGE OFFICERS, OTHERS WILL ELECT

Recovering from the giddy informality of holidays when scheduled meetings meant nothing at all, women's organizations will take up their serious business of work and study next week. Not until New Year's day is past, however, will the normal routine be resumed.

Two organizations, ignoring that holiday, have announced meetings for Tuesday. Arno Art club will return to its study of American art, meeting with Mrs. T. W. Jamison, and Rainbow Girls will elect officers Tuesday evening.

To start the month, the city club council and Parent-Teacher council both have meetings Thursday, the former in the morning and the latter in the afternoon. Although school will still be dismissed, Parent-Teacher members will meet to plan their work of the second semester. The chairman of local units are especially urged by Mrs. Claude Lard, president, to attend with officers, other committee heads, and members.

Church societies which meet on Mondays, the First Baptist and Methodist, will continue their holiday meetings, but those with Wednesday meetings are due to resume regular programs.

The new year will bring new officers to several church organizations, and to home demonstration clubs of the county. Annual elections are scheduled during the month for all federated clubs, but officers named there will not assume their duties until next summer.

## New Year's Day Calls for Gala Holiday Dinner

DENTON, Dec. 29.—New Year's day closely follows Christmas, but dentians at Texas State College for Women (CIA) feel that it is another day which requires a special dinner. The holiday spirit still persists; the family is probably still together. New Year's dinner is rather elaborate and usually baked chicken, roast goose, or even baked turkey are used. The rest of the meal is planned around this dish.

Dinner No. 1.—Oyster cocktail, celery curls, walrus, roast goose, covered eggs, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

Stuffing for the goose: 4 apples, 4 medium sized onions, 1/2 t. powder sage, 1/4 t. thyme, salt and pepper to taste, 1/2 c. milk, 2 1/2 c. hot rice, 2 c. butter, 1/2 c. cream, 1/2 c. butter, port jelly, English plum pudding, hard sauce, nuts, mints, coffee.

# THIRTEEN COMPLETIONS REPORTED IN PANHANDLE LAST WEEK

## OIL AREA HAS 3,000-BARREL GAIN IN WEEK

### DAILY PRODUCTION IS UP TO 61,120 BARRELS

BY GEORGE L. GUTHRIE  
Consulting Geologist, Combs-Worley Bldg.

Daily average production for the Panhandle in the last available report was 61,120 barrels, an increase of 3,031 barrels over the preceding week.

The percentage factor has been raised from 8.59 to 8.83 as of Jan. 1, 1935, with a field daily potential of 306,102 barrels as a basis.

### COMPLETIONS

#### Gray County

The Danciger Oil & Refining company No. 2 Webb in section 62, block 25, had an initial production of 10 barrels. The pay was from 2,475 to 2,501 feet and the hole was bottomed at 2,632 feet.

Edwin B. Hopkins No. 2 Henry in section 114, block 3, averaged 335 barrels a day on railroad commission test after a shot of 200 quarts. The pay was from 3,236 to 3,287 feet and the hole was bottomed at 3,293.

The Texas Company No. 23 Saunders in section 3, had an initial production of 490 barrels. The pay was from 2,605 to 2,640 feet. The hole was bottomed at 2,745 feet.

#### Hutchinson County

The Brownie Oil company No. 1 Ware in section 124, block 4, averaged 230 barrels on test after a shot of 630 quarts. The pay was from 2,975 to 3,075 feet, and the hole bottomed at 3,122 feet.

The Sinclair-Prairie No. 1 Johnson "D" in section 9, block Y-2, had an initial production of 14 million feet of gas and the hole was bottomed at 3,150 feet.

Tripplehorn Bros. No. 3 Jordan Brown in section 123, block 4, had an initial production of 241 barrels after a shot of 286 quarts. The pay was from 3,068 to 3,100 feet.

#### Wheeler County

Dyke Oil company No. 1 Sitter in section 28, block 24, had an initial production of 25 million feet of gas with pay from 2,060 to 2,088 feet. The hole was bottomed at 2,115 feet.

Elbar Corporation No. 5 Noel in section 52, block 24, had an initial production of 198 barrels with pay from 2,388 to 2,486 feet.

The Ohio Fuel company No. 5 D'Spain in section 52, block 24, averaged 222 barrels on a five day test. Pay was from 2,370 to 2,387 feet and from 2,402 to 2,440 feet and was bottomed at 2,510 feet.

The Ohio Fuel company No. 6 D'Spain in section 52, block 24, had an initial production of 230 barrels. Pay was from 2,410 to 2,475 feet and was bottomed at 2,475 feet.

Shell Petroleum company No. 5 Bush in section 48, block 24, had an initial production of 230 barrels. Pay was from 2,410 to 2,475 feet and was bottomed at 2,475 feet.

The Texas company No. 2 Carville in section 51, block 24, averaged 129 barrels on test with pay from 2,432 to 2,442 feet. The hole was bottomed at 2,514 feet.

Underwood & Cook No. 1 Johnson in section 34, block 24, was flowing 30 barrels and pay was from 2,230 to 2,235 feet the bottom of the hole.

### DRILLING IN

#### Gray County

Bell Oil & Gas company No. 5 Webb in section 1, block 26, drilling at 450 feet.

Cambrian Oil company No. 4 Webb in section 62, block 25, drilling at 850 feet.

Claude Drilling company No. 3 Byrum in section 188, block 3, made 130 barrels in 12 hours swabbing and cleaning. Pay was from 3,136 to 3,167 feet and was given a shot of 560 quarts from 3,086 to 3,258 feet. The hole was bottomed at 3,258 feet.

Continental Oil company No. 7 Wright in section 13, block 3, drilling at 2,960 feet.

Danciger Oil & Refining company No. 4 Barrett in section 128, block 3, was shot with 210 quarts and swabbed 195 barrels on a three day test. Hole was bottomed at 3,305 feet with pay from 3,205 to 3,246 feet.

H. C. McAuley No. 1 Smith, section 49, block B-2, spudding in.

Flains Drilling company No. 1 Chapman in section 49, block A-3, is averaging 207 barrels on a three day railroad commission test, with pay from 2,635 to 2,705 feet and the hole bottomed at 2,706.

The Southern Petroleum Exploration company No. 6 McConnell in section 174, block 3, spudding in.

Stanford Oil & Gas company No. 3 Cobb "B" in block 3, spudding in. Its No. 1 Culler in section 173, block 3, is also spudding in.

Hutchinson County  
Phillips Petroleum company No. 3 Lombard in section 3, block M-2, drilling at 2,325 feet. Its No. 4 Yake in section 36, block 47, is spudding in.

Stanford Oil & Gas company No. 5 Ware "A" in section 124, block 4, is spudding in.

H. J. Wasson No. 4 Watkins in section 13, block M-21, is spudding in.

Wheeler County  
Bell Oil & Gas company No. 1 Walker "B" in section 44, block 24, spudding in.

Champlain Oil & Refining company No. 6 Williams in section 49, block 24, is spudding in.

Elbar Corporation No. 6 Noel in

## TAYLOR WELL POTENTIAL IS 250 BARRELS

### Cloud and Doswell Strike a Spray of Oil and Much Gas in Farren Well.

Deepening of the Texas company's new well south of the "granite ridge" in Gray county has been completed and production is estimated at 250 barrels a day. The well is shut in waiting for pipeline connection, which are expected to reach the wildcat soon after the new year.

The well, located in the center of the northwest quarter of section 52, block B-2, on the W. H. Taylor lease, is nearly 4 miles from nearest production. It is located on the south edge of a granite ridge formation which before had been thought non-productive.

The Texas company has much acreage in that section. The Sinclair-Prairie Oil company also holds considerable acreage. They are the only companies to have leases close to the new well. Sinclair-Prairie has not yet announced the drilling of a test on any of its acreage.

First pay in the new well was found in the Dolomite formation from 2,768 to 2,900 feet. A granite wash pay was encountered from 2,990 to 2,993 feet. Drilling continued with a second granite wash pay encountered from 2,999 feet to total depth, 3,006 feet.

Graves of 10 barrels an hour with 2,000,000 cubic feet of gas was recorded when the flow was opened into storage. When all available storage was filled, the well was shut in and will not be opened until pipeline connection have been made.

Wheeler county showed considerable activity when the Smith Brothers No. 5 Harlan in the northwest corner of the northwest quarter of section 49, block 24, topped the pay at 2,530 feet. After drilling two feet into the pay formation, the test started flowing at the rate of 25 barrels an hour with a gas flow of approximately 1,000,000 cubic feet. The well has been shut in, waiting for storage.

Jim Cloud and Tom Doswell struck a spray of oil and an estimated 30,000,000 cubic feet of gas in their No. 1 Farren in the northwest quarter of section 34, block 24, Wheeler county. Total depth was 2,155 feet and setting of pipe was begun.

The test will not be deepened until after the new year. The well is located south of the Underwood lease, where a good producer was completed a few weeks ago.

Several other Wheeler county wells are drilling near the top of the pay and the new year will probably see considerable new production. A number of Gray county wells are also nearing pay.

Gray county got three new locations during the week, two east of LeFors and the other west of Pampa near the Carson county line.

The Skelly Oil company made a location for its No. 1 G. H. Saunders "B", 1,650 feet north and 330 feet east, from the southeast corner of the southwest quarter of section 12, block A6.

The Sullock Oil company of Amarillo will drill its No. 5 J. S. Morse in the southwest quarter of section 16, block A9.

Southern Petroleum Exploration company's No. 4 J. G. Noel will be drilled 1,320 feet each way from the

## TAYLOR WELL POTENTIAL IS 250 BARRELS

### Cloud and Doswell Strike a Spray of Oil and Much Gas in Farren Well.

Deepening of the Texas company's new well south of the "granite ridge" in Gray county has been completed and production is estimated at 250 barrels a day. The well is shut in waiting for pipeline connection, which are expected to reach the wildcat soon after the new year.

The well, located in the center of the northwest quarter of section 52, block B-2, on the W. H. Taylor lease, is nearly 4 miles from nearest production. It is located on the south edge of a granite ridge formation which before had been thought non-productive.

The Texas company has much acreage in that section. The Sinclair-Prairie Oil company also holds considerable acreage. They are the only companies to have leases close to the new well. Sinclair-Prairie has not yet announced the drilling of a test on any of its acreage.

First pay in the new well was found in the Dolomite formation from 2,768 to 2,900 feet. A granite wash pay was encountered from 2,990 to 2,993 feet. Drilling continued with a second granite wash pay encountered from 2,999 feet to total depth, 3,006 feet.

Graves of 10 barrels an hour with 2,000,000 cubic feet of gas was recorded when the flow was opened into storage. When all available storage was filled, the well was shut in and will not be opened until pipeline connection have been made.

Wheeler county showed considerable activity when the Smith Brothers No. 5 Harlan in the northwest corner of the northwest quarter of section 49, block 24, topped the pay at 2,530 feet. After drilling two feet into the pay formation, the test started flowing at the rate of 25 barrels an hour with a gas flow of approximately 1,000,000 cubic feet. The well has been shut in, waiting for storage.

Jim Cloud and Tom Doswell struck a spray of oil and an estimated 30,000,000 cubic feet of gas in their No. 1 Farren in the northwest quarter of section 34, block 24, Wheeler county. Total depth was 2,155 feet and setting of pipe was begun.

The test will not be deepened until after the new year. The well is located south of the Underwood lease, where a good producer was completed a few weeks ago.

Several other Wheeler county wells are drilling near the top of the pay and the new year will probably see considerable new production. A number of Gray county wells are also nearing pay.

Gray county got three new locations during the week, two east of LeFors and the other west of Pampa near the Carson county line.

The Skelly Oil company made a location for its No. 1 G. H. Saunders "B", 1,650 feet north and 330 feet east, from the southeast corner of the southwest quarter of section 12, block A6.

The Sullock Oil company of Amarillo will drill its No. 5 J. S. Morse in the southwest quarter of section 16, block A9.

Southern Petroleum Exploration company's No. 4 J. G. Noel will be drilled 1,320 feet each way from the

north and south line and 330 feet from the west line of the west 80 acres of the northwest quarter of section 138, block 3.

Temporary potential has been given three tests in the pool southwest of the city where active drilling has been in progress for some time and where production is nearing the city limits. Gardner Brothers No. 2 Barrett in section 128, block 3, was given a temporary potential of 400 barrels a day and is on railroad commission test; the Humble Oil company's No. 2 Haggard in section 112, block 3, has a temporary potential of 200 barrels and is on test. The Danciger Oil & Refining company's Barrett in section 128, block 3, has a temporary potential of 360 barrels a day and is on test. All the tests are bottomed at about 3,200 feet.

The Humble Oil company's No. 3 Palmer in section 31, block B-2, west of LeFors, has been given a temporary potential of 300 barrels and is now on railroad commission test.

The King Royalty company's Brown in section 28, block B-2, west of LeFors, has been given a temporary potential of 300 barrels and is now on railroad commission test.

Sullock Oil company's No. 3 Morse in section 16, block A9, is making 250 barrels from pay at 2,95 feet.

In Hutchinson county, Harry Siskoll has found pay in his No. 2 Whitteberg and the well appears good for about 450 barrels a day. Completing of the test is in progress and it will be played on commission test soon.

## FINAL COURT OF HONOR WILL BE HELD FOR SCOUTS MONDAY

Boy Scouts of Pampa will have their last court of honor of this year Monday evening at headquarters in the city hall. A number of boys will be advanced in rank and merit badges will be allowed.

Scout Executive C. A. Clark has been much pleased with the decision of the Shamrock Booster club to take over the sponsorship of Scouting in that district. A. C. Hallmark is president of the club and Lee Wallace is secretary.

## Alabama Tackle Leaves Hospital For Rose Bowl

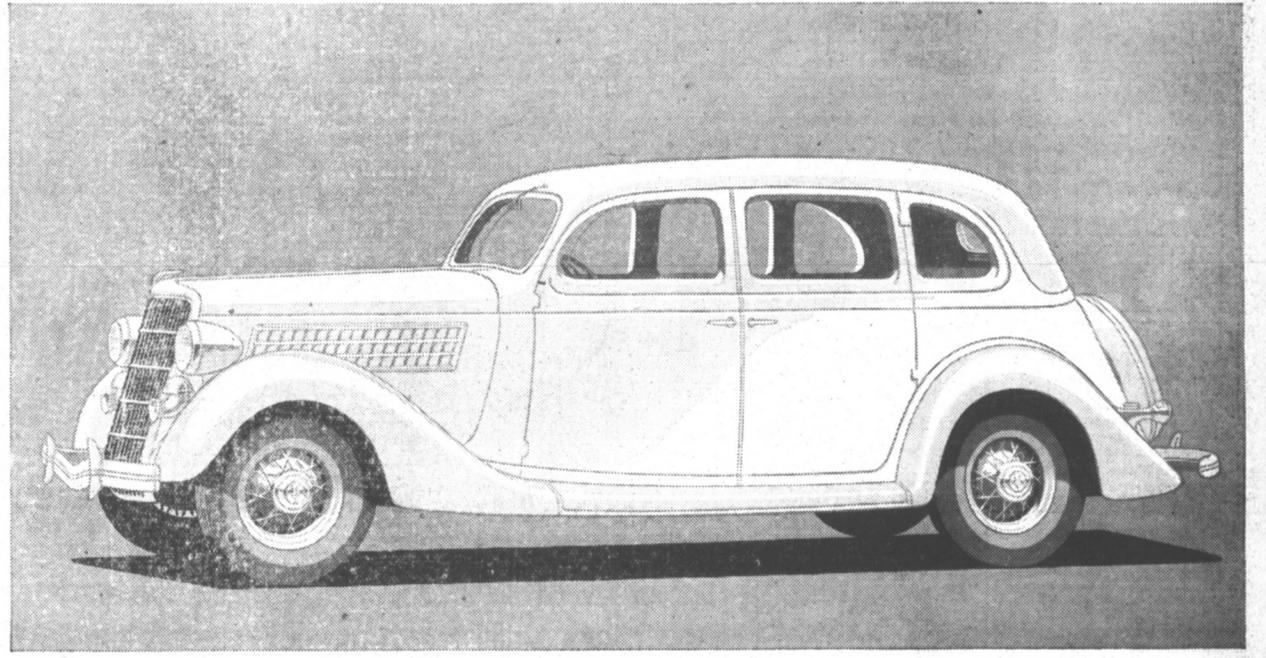

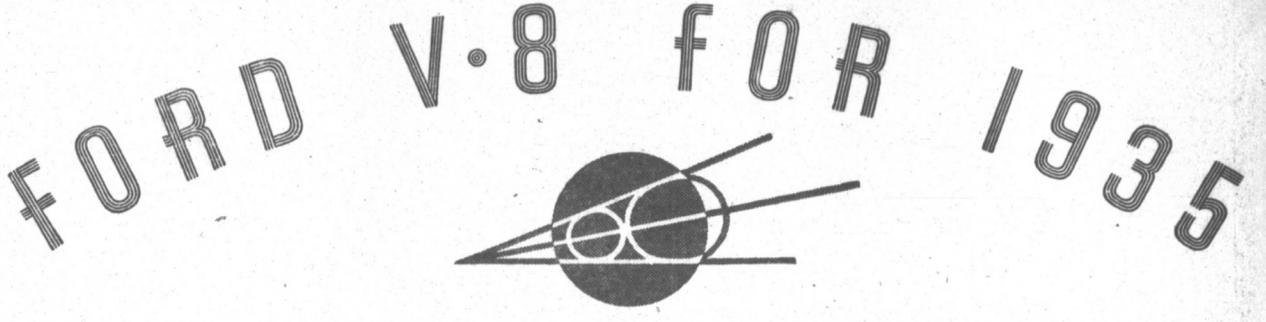

DEL RIO, Dec. 29. (P)—Speeding westward tonight was Bill Young, husky Alabama Crimson Tide reserve tackle, who will be on the sidelines with his mates when they clash with Stanford in the Rose Bowl classic New Year's Day.

Stricken near here on the Tide's special train last Saturday night, Young was rushed to a hospital for an emergency appendicitis operation.

All hope of his seeing the game was abandoned at first, but tonight physicians had him lifted from his sick bed and placed on the train—Pasadena bound. The young giant was all smiles.

His mother, Mrs. W. A. Young, departed for her Little Rock, Ark., home.

Mr. and Mrs. Otto Kretzmeier of Manhattan, Kan., their daughter, Miss Vera Kretzmeier of St. Louis, and Bob Daugherty of Kansas City, were to leave for their homes today after spending the Christmas holidays with Stanley, Roy, and Waldo Kretzmeier, sons of Mr. and M. I. Kretzmeier, and their families.

The New Ford V-8 for 1935 is a motor car designed for comfort as well as efficiency.

Three years ago, the Ford Motor Company brought a new standard of motor performance within reach of the average purchaser by introducing the Ford V-8. The outstanding reliability and economy of its V-8 engine have been proved in the service of more than a million motorists.

For 1935, the Ford Motor Company takes another pioneering step and gives you ease of riding to match that modern engine performance.

This achievement is Center Point Riding—accomplished by a fundamental change in car design—with new, correct weight distribution, new seat position and new springing. The improvement is especially noticeable in the back seat. You ride forward, toward the center of the car—away from the rear axle and away from the bumps. Rear-seat passengers now have the comfort of a "front-seat ride."

CORRECT WEIGHT DISTRIBUTION —SPRINGBASE OF 123 INCHES

Scientific distribution of weight has been effected by completely redesigning the chassis. Engine, frame

and body are all so balanced that their weight is about equally distributed on all four wheels. This permits the use of longer, more flexible springs, both front and rear.

The springbase of the New Ford V-8 is 123 inches, eleven inches longer than the wheelbase. The front spring is mounted forward of the front axle, instead of over it. The rear spring is mounted eight inches behind the rear axle. This long springbase gives increased comfort without sacrificing ease of handling.

Spring leaves are tapered to insure quiet operation as well as greater flexibility.

The Ford policy of constant improvement is reflected also in the

beautiful body lines of the New Ford V-8 for 1935. They are distinctively modern, yet not extreme. The whole appearance of the car is one of grace and substantial strength.

NEW BODY ROOM—NEW BRAKES —NEW CLUTCH—EASIER STEERING

The New Ford V-8 is longer and wider, with more leg room, more seat room and more luggage room. The front seats are 4 to 5 1/2 inches wider and seat three comfortably. The car is lower—easier to step in and out. Rear doors in sedans are wider. The new pillowed seats are unusually comfortable, with softer back springs and seat springs. The new interior finish, upholstery and appointments

are richer and more luxurious than anything you have ever seen in a low-price car.

Other important 1935 features are the newly designed brakes and clutch, with softer action, requiring less foot pressure on the pedals, easier steering and new lower X-type frame. The front doors now open forward. There are two new body types—Touring Sedans—with built-in trunk. All 1935 Ford cars are equipped with Safety Glass throughout, at no additional cost.

Ford V-8 Prices Are Low

12 BODY TYPES — Coupe (5 windows), \$495; Tudor Sedan, \$510; Fordor Sedan, \$575; DE LUXE—Roadster (with rumble seat) \$550; Coupe (3 windows), \$570; Coupe (5 windows), \$560; Phaeton, \$580; Tudor Sedan, \$575; Cabriolet, (with rumble seat), \$625; Fordor Sedan, \$535.

TOURING SEDANS, with built-in trunk—Tudor Touring Sedan, \$595; Fordor Touring Sedan, \$555

(F. O. B. Detroit. Standard accessory group including bumpers and spare tire extra. All body types have Safety Glass throughout, at no additional cost. Small down payment. Convenient, economical terms through the Universal Credit Co.)

MARKET BRIEFS

NEW YORK, Dec. 29 (AP)—The broad year-end rally in stocks slowed down today as the market encountered profit-taking.

Much of the force of the year-end surge of buying was diverted into bonds. Strong demand for income-producing securities also was apparent in the rise of numerous preferred shares.

A total of 762,091 shares was traded in the two-hour session. Last Saturday the volume was 503,460.

Table with market data: Am Can, Am Rad & SS, Colum G&E, Coml Sci, Am Sm&R, Am T&T, Anaconda, Atl Ref, Aviat Corp, Baidw Loc, B & O, Bdl, Bendix, Beth Stl, Borden, Case, Chrysler, Colum G&E, Goodell M, Coml Sci, Con Gas, Con Oil, Cont O Del, Cur Wri, El P & L, Gen Mot, Goodell M, Hous Oil, Iils Cent, Int Harv, Int T&T, Kennecott, M K T, M Ward, Murray, Nat Cash Ra, Nat P & L, NY NH&H, Nor Am, Ohio Oil, Packard, Pan P&R, Penn RR, Phil Pet, Pub S N J, Pure Oil, Radio, Rem R, Saur, Sears R, Shell, Simms, Soc-Vac, S Pac, Sou Ry, So Ind, So N, Etudbrk, Tex Corp, T P C&O, Un Carbide, U S Rubr, Ch Svc, El B&S, Humble.

CHICAGO GRAIN CHICAGO, Dec. 29 (AP)—Overwhelmed by a sudden rush to sell on the part of owners of December contracts about to expire, the corn market underwent sharp break today.

The outburst of corn-selling came just before the finish of the day's business, and appeared to result from signs that practically all urgent demand to meet month-end requirements of corn had been filled.

Liberal amounts of corn were delivered today on December contracts, and this was taken as evidence that there would be little likelihood of a last minute skyrocketing Monday when immediate settlement of speculative accounts became imperative.

Much of the late selling of corn was of a stop-loss character, and the close was weak at almost the day's bottom figures, 1 cent to 2 1/2 under yesterday's finish.

JAPS DEFY

WASHINGTON, Dec. 29 (AP)—Official word was flashed by the United States to the great powers of the world late today that Japan formally had signalled the death of the Washington naval limitations treaty.

A ferment of naval talk ensued around the globe. His genesis was the long-planned but quietly executed delivery by the Japanese ambassador—slim, suave Hiroshi Saito—of direct notice that his country would not be bound by the 5-5-3 pact after December 31, 1936.

Simultaneously, however, he expressed hope for a new treaty that would provide equality for Japan but a "radical reduction" for all.

From London came semi-official word that the Japanese had turned back the naval limitations clock a dozen years. There were intimations of a belief, however, that an Anglo-American alliance might shake Japan's stand.

From Tokyo there was a reiteration that the denouncement did not mean a navy, and a renewed call for naval slashes.

From Paris came expressions of pleasure that the end of the pact was assured two years from tomorrow.

"Japan will leave no stone unturned to achieve new agreements limiting naval strength," Saito declared.

"Will Japan take the lead in seeking a new agreement?" he was asked.

"Japan will not assume to take the leadship," Saito answered, "but will cooperate wholeheartedly in all international efforts. Collaboration—that's the thing."

The official statement of the Japanese foreign office spokesman proposed a new pact and suggested it "should be not upon a ratio principle, but on a basis of an agreed common upper limit for the armaments to be retained by each power."

This upper limit should be fixed as low as possible, the spokesman said, adding that in order to render it effective, the United States and another, but easy defense itself, the "offensive arms should be totally abolished or drastically reduced, and the defensive arms adequately provided."

Another bill Mr. Worley said he would introduce will provide for a cotton grades act.

This was the major plank in his platform during his campaign. He claimed that farmers lose thousands of dollars annually because their cotton is not accurately graded and classed and sold on the basis of standard grades.

The representative-elect expressed doubt that a large appropriation would be made for the Centennial. A maximum amount which the legislature will appropriate, he believes, will be \$3,000,000, although the legislators will regard more favorably a request for \$1,000,000, he believes.

He would look after Pampa's and Wheeler county's interests if there should be any money appropriated for subsidiary celebrations.

Mr. Worley urged all residents of this section "to look him up" when they come to Austin, and that he would be glad to show them around, especially during the inauguration and during the coming session.

WORLEY

(Continued from page 1.) The young University of Texas student who was elected to the legislature by a huge majority last summer, said that he had discussed his plans with scores of landowners in this field, and that they were enthusiastic in their approval of the general idea of the plan had been developed, and that such details as organization of landowners to sponsor the gas, and concrete steps to secure funds to finance building the pipeline have not been determined.

Dr. Worley could not express Mr. Allred's attitude toward the plan, it is believed that he might look upon it with favor, due to the close relationship between the governor-elect and the "brain-truster" adviser.

Believes It's Fair. The Panhandle gas situation is one of the most serious economic problems receiving much attention during the regular session. An intensive campaign to stop alleged gas wastage at "stripping" plants in the Panhandle has been waged in the press and on the radio in the last several months.

Mr. Worley in discussing the present situation said, "one of the most serious things about any controversial issue is that there are two sides to it." He believes his plan will answer the demands of both sides in that it will assure the landowners a profitable price for their gas, and will stop the alleged gas wastage at the gasoline "stripping" plants.

Mr. Worley left yesterday for Austin where he is a law student at the University. Anyone desiring to communicate with him before or during the regular session is asked to send messages to the governor's Representative or to the Student Publications, University Station, Austin.

To Support Calvert. Mr. Worley will support Rep. Bob Calvert, Allred's choice for speaker of the house. Mr. Calvert is under 30 years old, but is a postmaster of the old school. He is opposed for the biggest post of the legislature has to offer by the present speaker, Coke Stevenson, who claims he will be fair to Allred's legislation, but who is being supported by James E. Ferguson, husband of Governor Miriam A. Ferguson.

That decision, he said, would preclude the committee's recommendation of a sales tax to raise revenue for current state operations. Likewise, it would not conflict with the incoming administration's opposition to a sales tax in that the issue would be submitted to the people.

Senator Duggan said the committee's recommendations to the legislature would not call for any new tax of a substantial amount.

Mr. and Mrs. R. O. Pearce had as guests Thursday Mrs. Pearce's relatives, Mrs. B. W. Higginbotham and son, Arch, Mr. and Mrs. Claude Higginbotham and children, Billy Frank and Frances, of Chillicothe; Mr. and Mrs. Bill Crump of St. Jo, Texas; Roy Higginbotham, Mrs. Nell Walser and children, Joe Bob and Dorothy Nell, of Lubbock.

Senator Arthur P. Duggan of Littlefield, chairman, said today the committee chose that method as one which would give "real relief for property taxpayers." He said it would lift a \$30,000,000 annual burden from property, while abolition of the state ad valorem tax would remove only \$20,000,000.

Senator Duggan said the committee's recommendations to the legislature would not call for any new tax of a substantial amount.

Mr. and Mrs. R. O. Pearce had as guests Thursday Mrs. Pearce's relatives, Mrs. B. W. Higginbotham and son, Arch, Mr. and Mrs. Claude Higginbotham and children, Billy Frank and Frances, of Chillicothe; Mr. and Mrs. Bill Crump of St. Jo, Texas; Roy Higginbotham, Mrs. Nell Walser and children, Joe Bob and Dorothy Nell, of Lubbock.

Senator Arthur P. Duggan of Littlefield, chairman, said today the committee chose that method as one which would give "real relief for property taxpayers." He said it would lift a \$30,000,000 annual burden from property, while abolition of the state ad valorem tax would remove only \$20,000,000.

That decision, he said, would preclude the committee's recommendation of a sales tax to raise revenue for current state operations. Likewise, it would not conflict with the incoming administration's opposition to a sales tax in that the issue would be submitted to the people.

Senator Duggan said the committee's recommendations to the legislature would not call for any new tax of a substantial amount.

PLANE

(Continued from page 1.) the pained American Airlines twin motored Curtiss Condor was a chery: "We're all O. K."

The last as an early twilight frowned down on the mountains was: "It is very cold up here and we would like to have help soon." Then ominously "our battery is about dead now."

Three of the four men in the liner are pilots. Ernest Dryer of Cleveland was in command. His brother, Dale Dryer, co-pilot; Jack H. Brown of Boston, also co-pilot, and R. D. Handbrook of Washington, a federal education bureau attaché, were the others.

Fog and a low ceiling kept searching planes grounded and snow and sleet handicapped the posse of state troopers, national guardsmen, game wardens, and civilians that tramped the sparsely settled region of the Adirondack park preserve south of Speculator.

Sometimes during January an enumerator will call at every farm for a report.

The definition of a farm for census purposes is all the land which is directly farmed by one person, either by his own labor alone or with the assistance of members of his household, or hired employees. The land operated by a partnership is likewise considered a farm. A farm may consist of a single tract of land, or of a number of separate tracts, and these several tracts may be held under different tenures, as when one tract is owned by the farmer and another tract is rented by him.

When a landowner has one or more tenants, renters, croppers, or managers, the land operated by each is considered a farm. Thus on a plantation the land operated by the owner or manager by means of wage hands is likewise reported as a separate farm. No report is required of a farm of less than three acres, unless its products in 1934 were valued at \$250 or more.

Director Austin wishes to emphasize the fact that every supervisor and enumerator, as well as all census employees, are sworn to secrecy regarding the reports. The law provides that the individual return made by each farmer is absolutely a confidential government report. All employees are required to read the law and penalties imposed for disclosure of information. The director desires particularly to impress every farmer with the fact that his report will not be used as a basis for taxation nor communicated to any tax officials.

### SUBSIDIZING CODE ADOPTED BY NCAA BODY

#### HOPPE AGREEMENT WILL END HIRING OF ATHLETES

NEW YORK, Dec. 29. (AP)—The National Collegiate Athletic association adopted today a nine-point program which, it is hoped, will help solve the vexing problem of recruiting and subsidizing of athletes.

The code was recommended by Z. G. Clevenger, of the University of Indiana, who headed a committee appointed a year ago to study the matter and make a recommendation.

The program, which sets forth what is justifiable and what is unjustifiable in the recruiting and paying of athletes, was adopted by the convention after Prof. Herman Diederichs, of Cornell university, had asked that it be made a rule of the association and not merely a code. This was voted down.

The code follows:  
1. It is unjustifiable for a student to receive any subsidy of monetary value, either directly or indirectly, primarily for athletic services.

2. It is unjustifiable to employ prospective athletes before they matriculate in an institution or to make advance payment to prospective students for future services or to make any guarantee of payment which is not conditional upon the service being performed in advance of payment or to make any payment for services at a rate greater than the current rate for other students in the institutions.

3. It is unjustifiable to permit a boy to participate in intercollegiate contests who has ever received a loan, scholarship aid, remission of fees or employment primarily because he is an athlete through channels not open to non-athletes equally with athletes.

4. It is unjustifiable for members of athletic or physical education staffs to recruit athletes by initiating correspondence or conversation or by arranging for interviews with boys who are prospective athletes.

5. It is unjustifiable to promise prospective athletes employment, loans, scholarships, or remission of fees except as may be secured by other students through the regular channels of the institution and those channels should be outside the athletic or physical departments.

6. It is unjustifiable for alumni groups, clubs, fraternities or other organizations to make promise of direct or indirect subsidies to prospective student primarily for athletic ability.

7. It is unjustifiable to endeavor to persuade a prospective athlete by offers of scholarships or jobs or by any other means to transfer from a college where he has made application for admission and has been accepted.

8. It is justifiable to permit athletes to work in any department of the university so long as they give full return in work and receive the same rate of pay as is given to other students.

9. It is justifiable for members of the athletic or physical education staffs in speeches or in response to direct inquiries to point out what they believe to be the educational advantages of the institutions which they represent.

#### INJURY JINX PREVAILS

SAN FRANCISCO, Dec. 29. (AP)—Bad luck continued today to hound Eastern football stars in practice preparations for the annual East-West charity game here New Year's day. With Duane Purvis and Pug Lund, both halfbacks, in the hospital, the remaining Eastern players were hampered by a steady drizzle that minimized the workout at Berkeley.

### Century Of Progress Test Proves

GENERAL ELECTRIC COMPANY

1285 Boston Ave. BRIDGEPORT, CONN.

J. C. Penney Company, Inc. 330 West 34th Street New York, N. Y.

Gentlemen: This is to certify that, at your request, we have each tested 170 of your standard Nation-wide sheets. Each of these sheets was given the equivalent of 104 consecutive home washings, including double rinsings, dryings, ironings and foldings. These tests were made at the General Electric exhibit at the Century of Progress, Chicago, and at the General Electric Home Service Department, Bridgeport, Conn. The equipment used was regular activator-equipped home washing machines and General Electric Automatic Flatplate Ironers.

Upon completion of these rigid tests no wear was noticeable on the sheets and they gave the appearance of being good for many more years of service in the home.

The sheets were washed in a .65 soap solution, starting temperature of the water being 126 degrees Fahrenheit. No soda nor water softener was used.

Very truly yours,  
R. D. Littlefield  
HOME SERVICE DIRECTOR

## Penney's NATION-WIDE SHEETS Stand The Gaff!

READ what the General Electric Company says about Nation-Wide sheets—after washing them 104 times in their testing laboratories. 104 times! Equivalent to an average four years' wear test in your home—and Nation Wide sheets came through smiling.
