11 DISTRICTS IN COUNTY TO ELECT BOARDS

Gray county voters Saturday will elect trustees for seven common and four independent school districts, and two trustees for the county board.

There will be one trustee to be elected in each of the common school districts, except Grandview, where there are to be chosen.

Trustees for Davis, Farrington, Keplinger, and Huntsman are to be appointed by the county board, at the request of these districts.

Only five candidates have announced for office of trustee in the county: John Cooper, Back; R. W. (Pete) Talley, Hopkins, C. B. Epe-land, Bill Webb, county board, Ed Gehring, precinct 1. New trustees will be elected mainly by the write-in method.

Present trustees are: Ray Jones, Ben N. Lockhart, and Ransom Carter, Laketon. Carter is the retiring trustee. Back, Milton Carter, C. C. Thompson, L. L. Morse (retiring); Schaffer, Thomas O. Kirby, Claude Schaffer, Ed Schaffer (retiring); Bell, L. C. Neal, C. McKnight, Roland Dauer (retiring).

Farrington, C. C. Stockstill, (retiring); J. C. Farrington, J. J. Good; Grandview, R. G. Lehnick, A. C. Adams, Willard McAdams, Roy Loper, and retiring trustees, Roy Ritter, B. J. Hermesmyer, and J. M. McCracken. However, Farrington had not definitely announced this morning whether or not it would elect six trustees.

Hopkins, E. E. Edwards, B. V. Brummett, O. W. Bray (retiring); Webb, Fred Browning, C. M. Gatlin, B. L. Webb (retiring).

County board, Jesse Cobb, McLean, E. C. Schaffer, Jericho, Miller Faulkner, Pampa, chairman, and retiring trustees, G. M. Counts, Laketon, and C. F. Jones, Route 2, Pampa.

Trustees are also to be elected for the independent school districts of Pampa, Alareed, LeFors, and McLean Saturday. As these elections are handled by each district separately, a tabulation of the present boards and of candidates could not be obtained from the county superintendent's office. There are five members on each of the boards except Alareed, where the number of trustees is seven.

Charles Thut, county clerk, said that election returns are to be submitted within three days from the date of the election. Returns are made first to the county superintendent and then to the county clerk, according to the practices here, Mr. Thut said. Polls will open at 8 a. m. Saturday, close at 7 p. m.

WORK ON SEWER LINE PROGRESSING RAPIDLY

Work on the new city sewer line in the Wilcox addition and north to other additions in southeast Pampa is progressing rapidly, City Manager C. L. Stine reported today.

When work ceased at noon, more than 1,500 feet of the more than 6,000 feet of sewer ditch had been dug, more than 900 feet of pipe had been laid and more than 400 feet covered, the city manager reported.

"They're working so fast that I can hardly keep ahead of them surveying the route," declared the city manager, who is doing the engineer work.

The sewer line ranges from six to 16 feet in depth. It will serve more than 75 houses now with connections and give accommodations to hundreds of prospective home owners.

BISHOP SEAMAN TO ADDRESS KIWANIS

Bishop Eugene C. Seaman, head of the Northwest Texas Episcopal diocese, will be the principal speaker at the regular meeting of the Pampa Kiwanis club in Hotel Schneider tomorrow noon.

The Rt. Rev. Mr. Seaman will discuss a topic relating to the support of Christian ideals in civic club life. Jimmie Sullivan, tenor, and Mrs. Claude Motley, accompanist, will supply the musical portion of the program.

Temperatures In Pampa

Table with 2 columns: Time (Sunset, 7 a. m., 8 a. m., 9 a. m., 10 a. m., 11 a. m., 12 m., 1 p. m., 2 p. m., 3 p. m., 4 p. m., 5 p. m., 6 p. m., 7 p. m., 8 p. m., 9 p. m., 10 p. m., 11 p. m., Today's minimum) and Temperature (58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58, 58).

Membership Campaign Of C-C Will Be Held During Week April 11

MIDNIGHT TO BE DEADLINE

With only today and tomorrow remaining in which to purchase automobile licenses for 1938, the office of the tax collector-assessor at the Gray county courthouse this morning prepared for an avalanche of citizens who will secure new licenses before the deadline falls at midnight, April 1.

County Tax-Assessor-Collector F. E. Leech this morning was too busy to have time to make a check on the total of licenses issued to date. He said he would have this information in his report Monday.

An indication of the many licenses that are to be sold was seen this morning when Pampa Police Officer W. C. Dillman, while checking parking time of cars on six downtown Pampa streets, at 9 a. m., observed 114 automobiles having 1937 licenses. At 11 o'clock the number was 141, Officer Dillman reported.

Office of the tax collector will be kept open tomorrow night to accommodate license buyers, Mr. Leech said. Today's activity in the office was excessive, due to the fact that today is the time for the regular weekly driver's license examinations by Texas Highway patrol officers, who utilize the office as their headquarters for the tests here.

Sergeant R. H. Routh, Amarillo, of the Texas Highway patrol, in Pampa yesterday, reminded automobile owners that in addition to the 20 percent penalty for late motor vehicle registration, a citizen making late registration was also liable to a fine of from \$1 to \$100 and costs.

JUDGE HAMLIN WILL BE BANQUET TOASTMASTER

CANYON, March 31—Judge James V. Hamlin of Farwell will be the toastmaster for the annual banquet of the Panhandle-Plains Historical Society here on the evening of April 8.

Col. R. P. Smythe of Plainview, president of the Society, will preside at a business session beginning at 2:30 o'clock in the auditorium of the Education building.

The guest speaker for the banquet will be Dr. E. E. Dale, head of the history department of the University of Oklahoma. His subject will be "The Romantic Cow Country." Experience as a cowboy, home-steader, deputy sheriff and itinerant preacher in the plains country and extensive research make him one of the best qualified men in the Southwest with respect to his subject. He is the author of numerous books on western life, Indian lore, and the cattle industry.

'No Inclination To Be a Dictator,' Says Roosevelt In Letter

By D. HAROLD OLIVER, WARM SPRINGS, Ga., March 31 (AP)—President Roosevelt, charging organized opponents of his government reorganization program had "planted bogies under every bed," asserted in a letter made public today he had "no inclination to be a dictator."

The letter, addressed to an unnamed friend under date of March 29, urged approval of the measure "in its present form" and replied to charges that the legislation would make him a dictator by asserting: "As you well know, I am as much opposed to an American dictatorship as you are, for three simple reasons:

"(A) I have no inclination to be a dictator.

"(B) I have none of the qualifications which would make me a successful dictator.

"(C) I have too much historical background and too much knowledge of existing dictatorships to make me desire any form of dictatorship for a Democracy like the United States of America."

The 1938 membership campaign of the Pampa Chamber of Commerce will be staged during the week of April 11, President Reno Stinson and Finance Director Fred Thompson announced following a committee meeting at the city hall this morning.

Meanwhile officials of the chamber of commerce will organize an army of workers to make the annual canvass for members.

"We hope that we may have the same united cooperation from all business and professional men for the coming year," Stinson said. "The organization has certainly been getting worthwhile results and we predict a good year with the cooperation of all Pampa business men."

Every business and professional man should be a member of the chamber of commerce and a strenuous effort will be made to secure a membership from every business firm in the city during the week of April 11, Stinson said.

A graduated scale of dues has been worked out so that the larger stores and business institutions who have several employees who should be affiliated will pay more in proportion to the smaller firm or the individual citizen. No one's dues will be a financial burden as all will be of a nominal nature.

"What we want and need is man power," Stinson said. "Everyone should join the Chamber of Commerce and feel the responsibility enough to work when called upon. All members should feel this responsibility to the extent of volunteering to go on trips, to attend our monthly luncheons and to otherwise fit into the program that are carried out."

During the past several months the chamber of commerce took the lead in the promotion of many worthwhile projects including the Pampa-Borger road improvement on which two contractors are rushing \$155,000 worth of work; the Gray County lake for which \$325,000 has been appropriated to be spent this year; effective opposition to proposed increase in state taxes on oil, gas and carbon black; successful work in raising the oil allowance for the Panhandle, effective goodwill work, publicity, retail trade promotion, and other matters.

ROOSEVELT INVITED TO AMARILLO IN AUGUST

WASHINGTON, March 31 (AP)—Western congressmen at a dinner last night in honor of Gene Howe, southwest editor, endorsed a move to designate U. S. highway 66 as the Will Rogers Memorial highway.

Called together by Carl Hinton, manager of the Amarillo chamber of commerce and director of the Will Rogers Memorial Highway association, the group agreed to invite President Roosevelt to attend dedicatory ceremonies of the Los Angeles-Chicago route in Amarillo next August.

'No Inclination To Be a Dictator,' Says Roosevelt In Letter

WASHINGTON, March 31 (AP)—The United States formally notified Great Britain and France today of this country's intention to build battleships larger than 35,000 tons.

Secretary Hull sent notes to this effect to the British and French embassies and the Canadian legation.

The text of the notes will be made public tomorrow.

The United States expects a British note of the same character during the day.

A French note also is awaited but this, an informed source said, will state France's intention to abide by the 35,000 ton limit.

HIGH SCHOOL WILL BE SITE OF ELECTION

Qualified voters of the Pampa Independent school district, which comprises block 3 of the I&GN survey which is the northwest quarter of the county, will elect two trustees Saturday.

The district is bounded on the north by Roberts county, on the west by Carson county, on the east by a line 15 1/2 miles east of the Carson county line and on the south by a line 12 miles south of the Roberts county line.

The southeast corner of the district, as far as voters are concerned, is less than a mile from the LeFors townsite. However, pupils in that area attend school at LeFors although their parents vote in the Pampa district.

Names which will appear on the ballot will be L. L. McCollin and Roger McConnell, incumbents, and H. W. Waters and R. E. Gatlin.

The ballot box will be in the high school. Lee Ledrick will be election judge with B. W. Rose and J. S. Wynne, clerks. Polls will be open from 8 a. m. to 7 p. m., and any person in the district having a poll tax or exemption receipt will be eligible to vote.

All places in the county handling liquor or beer must close all day according to general election laws.

CULBERSON NAMES TWO CLERKS FOR ELECTION

Frank Culbertson, who will conduct Pampa's election Tuesday when a mayor and two commissioners will be elected, has named M. A. Graham and John T. Bradley as election clerks.

The ballot box will be located in the city commission room in the city hall between the hours of 8 a. m. and 7 p. m.

Any person within the city limits possessing a poll tax or exemption receipt will be eligible to vote in the election.

Names to appear on the ballot will be E. S. Carr and W. A. Bratton, incumbent, for mayor; Lynn Boyd and W. T. Fraser, incumbent, for commissioner No. 1; Dave Osborne and Marvin Lewis, incumbent, for commissioner No. 2.

Only three applications for absentee ballots had been filed with City Secretary W. M. Craven up to noon today. The deadline is tomorrow night at midnight.

NOTES TELL OF U. S. BATTLESHIP PROGRAM

WASHINGTON, March 31 (AP)—The United States formally notified Great Britain and France today of this country's intention to build battleships larger than 35,000 tons.

Secretary Hull sent notes to this effect to the British and French embassies and the Canadian legation.

The text of the notes will be made public tomorrow.

The United States expects a British note of the same character during the day.

A French note also is awaited but this, an informed source said, will state France's intention to abide by the 35,000 ton limit.

The United States note sets forth that a power outside the London naval treaty—Japan—has raised the presumption, by failure to answer the February note of this government, that it is building or intends to build battleships larger than 35,000 tons.

The note does not propose a new tonnage limit for superdreadnaughts. This will be left to further negotiation.

Where Largest Bomb Fell In Barcelona

Filmy matchboxes smashed by a single hammer blow. But they weren't matchboxes. They were buildings of stone and steel and wood, and filled with human beings. And the hammer blow was the crushing descent and terrific explosion of a bomb which is thought to be the largest bomb dropped during Spanish Rebel air raids when Barcelona was blasted by the world's worst aerial bombardment.

Pampa Wins Honorable Mention in National Safety Council Drive

LEGION BACK IN SALZBURG

SALZBURG, Austria, March 31 (AP)—The Austrian Legion came home today.

These Austrian Nazis fled into Germany in 1933 and 1934 as outlaws, tattered tramps—fugitives from the laws of Engelbert Dollfuss and Kurt Schuschnigg's independent Austria.

They returned a carefully drilled, motorized corps, neatly uniformed as Nazi storm troopers. How many returned was an official secret, but one estimate placed 14,000 in the line that thousands of cheering, weeping home folk greeted.

Over the former boundary—which tended to set at rest rumors that their return would bring vengeful action.

They crossed the Austrian border—now stripped of customs barriers—at Rott, near here, in a chilly rainstorm. Only a handful saw the actual crossing.

Over the former boundary was the banner: "The homeland greets you." The roads to Salzburg were lined by hundreds of school children, and mothers and fathers of some of the legionnaires. Now and then a child threw flowers into a lorry. Churchbells rang a welcome.

Truck after truck, each carrying 16 men with full military equipment.

HOLLAND HONORED AT A FAREWELL BANQUET

Friends of A. J. "Dutch" Holland, for eight years engineer for the Texas company here, honored him with a farewell banquet in the Schneider hotel last night, on the eve of his departure for West Texas where he will be chief engineer for his company.

Mr. Holland left this morning for his new headquarters which will be in Wink. He will have charge of the West Texas and New Mexico area for the company.

Judge Grant acted as toastmaster and called on dozens of friends of the departing official to "tell things". While a note of frivolity was maintained, it was forced because the transfer of the popular oil man was keenly felt.

Mr. Holland was president of the Panhandle chapter of the American Petroleum Institute and active in younger circles of the city. He was chairman of the general committee for the Mid-Continent convention of the API in Amarillo in February.

Mrs. Holland, the former Ruth Ann Mitchell, will join her husband later.

TROOPS FLEE INTO FRANCE

TARBES, France, March 31 (AP)—One thousand Spanish government militia, cut off from their base by a new insurgent advance east of Jaca, escaped across the Pyrenees today into the tiny French mountain hamlet of Hospice de France.

They surrendered their rifles and arms without resistance, and said a thousand others were on their way to France from the Pyrenees sector.

Mobile guardsmen rushed to the town at the call of the hamlet's mayor and found the weary, hungry soldiers stumbling down mountain trails from the mountain heights.

The militiamen said they had evaded guards placed by the Barcelona government to prevent deserters reaching France. They said they were convinced there was no other way of escaping the insurgent on-sweep.

As the numbers arriving increased

M'Grew Retires After 40 Years With Magnolia

Forty years of service ends tonight for C. E. "Dan" McGrew of Pampa, a dean of the Panhandle oil industry and a prince of good fellows, when he retires from active duties as superintendent of the Magnolia Petroleum company, pipe line department, at Kingsmill.

Coming from the early day oilfields of Ohio and West Virginia, Mr. McGrew pioneered with the Magnolia company in Texas and came to the Panhandle in 1928. Prior to that time he served in the Spindletop field, around Houston and other sections of the state.

On last Saturday night fifty employees of the different departments of the Magnolia Petroleum company honored Mr. McGrew with a banquet in the Schneider hotel at which time he presented him with a gold lapel button in the shape of a Magnolia flower with two diamonds imbedded in the face representing 40 years of service with the organization.

Company Officials Here Many gifts were given to the honoree with telegrams coming by the dozen, among which were messages of congratulations from D. A. Little, president of the company, Edward Brown, chairman of the board, and others.

Banquet arrangements were in charge of Aubrey Pollock, connection foreman, and Joe Burrow acted as toastmaster.

Among the out-of-town guests attending the banquet were J. L. Lettmer, acting manager and vice president, L. H. True, general superintendent of pipe lines, O. D. Stallard, superintendent of gaugers, W. I. Kent, supervisor of safety, and Joe Risinger, head of the safety department, all of Dallas.

Mr. McGrew expressed his thanks to those present for the remembrance and said he was not leaving the organization but merely taking a vacation and would "stick around" and be sort of a God father to the boys who had so

Purchase of Lower California Urged

LOS ANGELES, March 31 (AP)—A panacea for Mexico's financial ills was suggested today by Col. William H. Evans as the purchase of Lower California by the United States.

In telegrams to President Roosevelt, Secretary of State Hull and President Cardenas, Col. Evans urged consideration of the purchase plan, which is embodied in Rep. Charles Kramer's bill now pending in congress.

You Had Better Watch Your Step On Fool's Day

Mama, that day's heer again! Yessir, tomorrow is April 1, commonly known as All Fools' Day, when most anything can happen if you are to believe legendary writings.

It is the day when jocular souls call the newspaper offices and ask for Mr. Ink. They call the zoo and inquire after the health of Mr. Lion. They phone the morgue and ask if Mr. Slab is in.

Playful boys drop a purse, with a string attached, on the sidewalk for bait. Playfully, they put a brick inside an innocent-appearing bag where you'll kick it.

They do most anything tomorrow. Or at least, they used to. At any rate, you should watch your step tomorrow, or the gobblins of April Fool will get you.

NEW STORMS SPREAD DEATH DURING NIGHT

(By The Associated Press) Splintered homes in the wake of tornadoes that struck five midwestern states yielded more bodies today and raised the death total to 32 persons. Nearly 250 were injured, hundreds were homeless, and unofficial estimates placed the damage at more than \$1,000,000.

The twisting storms, laden with hail and torrential rain, struck hardest in central Illinois, where at least 10 were dead. Next hardest hit was southeastern Kansas, where seven, including three children were killed.

The Kansas storm struck about noon yesterday. It started in northwestern Oklahoma, later knifed into southwestern Missouri. Five were known dead in Missouri storms.

About sundown what apparently was a separate storm twisted across Illinois from the southeast, dipping to earth in the Pekin area. Rushville and Astoria also were hard hit.

Another twister lashed at Heber Springs, Ark., killing four persons. Then it swung up through south-eastern Missouri, accounting for three of Missouri's dead at Poplar Bluff. An earlier Arkansas blow had killed a woman at Conway.

Mr. and Mrs. Mitchell Baird, both about 35, were killed when wind demolished their home near Minturn, Ark., last night.

The three-mile wide Illinois storm left an estimated 85 persons injured. Six of the dead were at South Pekin. Mrs. Roger Morris was killed when her home was destroyed. Mrs. Homer Sullers was picked up and tossed to her death as she stepped from a church, and Ellice Johnson, father of six children, was killed when the wind demolished a railroad roundhouse.

Six others were killed in and

BRITISH PACT WITH IL DUCE NOT PROBABLE

NEW YORK, March 31. (P)—An excellent definition of optimism is contained in England's announced hope of countering the expanding power of German power in Central Europe by making a pact of friendship with Italy.

Mussolini may make an agreement which will ease the tension between Italy and Britain in the Mediterranean area. He is hardly likely, however, to enter any undertaking at this juncture which will bring him into conflict with Hitler.

It is difficult to imagine any treaty (baring a military alliance) which England could conclude with Italy that would make even a dent in Hitler's announced program.

An Anglo-Italian pact of friendship certainly might lower Europe's war temperature considerably, because Mussolini's challenge to Britain's domination of the Mediterranean area has created several crises. Such a pact will be merely a palliative, however; it won't cure.

Mussolini stands to win, so it would seem, in any agreement with England. Britain having long been mistress of the Mediterranean is obviously making a concession even to discuss the matter with Il Duce.

The Italian dictator is sitting rather pretty as regards London, but he isn't expected to crowd his luck too far in that direction. Hitler reputedly has promised his support to Mussolini in the latter's drive for power in the Mediterranean zone.

An early indication of this was Der Fuehrer's backing of Il Duce in the Ethiopian show. Mussolini will stop to think a few times before making with Britain any pact that would turn Hitler's friendship into hostility.

ONE OUT OF FOUR NEGROES IN ALABAMA TEST HAD SYPHILIS

In the November issue of the Ladies' Home Journal, "Microbe Hunter" Paul de Kruff wonders at some length: "Can We Now Fight Syphilis?"

His excursion into the facts behind the curtain of propriety long thrown before the disease is brutally frank. His story is built mainly about O. C. Wenger, the first veteran in the United States Public Health Service to make a national issue of the disease.

In 1921, Wenger, at Hot Springs, Ark., found in checking the diagnoses of indigents that 333 of every 1,000 were infected with syphilis. The clinic he set up, staffed without salary by leading Hot Springs doctors, was the labor of seven years but still stands as a monument of the possibilities of public treatment.

Wenger found in those 33,000 tests that for every four negroes, there was one clear case of syphilis. "In Macon county, Ga., four out of every 10 were tainted, one youngster out of every three, one young adult out of every two!"

Wenger felt as time moved along that he had proved his point; that something must be done nationally and on a far wider scope. With the crusading work of Surgeon General Parran, Chicago's Bundesen, a start has been made.

But even today, no exact knowledge of the extent of the disease of syphilis is accessible. The only thing actually conclusive to date is that the blood test dragnet alone can bring up all the cases; that the disease is 90 per cent curable if checked in its early stages.

McLean Elevens Will Scrimmage Again Tomorrow

McLEAN, March 30.—The McLean high school football squad has been divided and inter-squad scrimmages are now the order of business. On Friday afternoon at 4 o'clock the Whites and Golds will clash in a regulation battle.

Obstacles to May Adjournment Seen

WASHINGTON, March 31 (P)—Congressional leaders foresaw today three possible obstacles to a May adjournment—the wage-hour bill, the Hungarian debt settlement proposal, and railroad legislation.

PREHISTORIC SKELETON ITALY, March 31 (P)—WPA workers excavating gravel at an eight foot level on the west side of Chambers creek near Maypearl recently unearthed a skeleton of a huge prehistoric animal. The well-preserved rib bones were five feet long.

JAPANESE AND CHINESE BATTLE HAND TO HAND

SHANGHAI, March 31 (P)—Hand-to-hand fighting raged in the streets of Tsierschwang today as the 17-day battle between Japanese and Chinese along the Tientsin-Pukow railway went on without decisive result.

Tsierschwang, located on a narrow-gauge branch railway east of the main line, was in flames. Meanwhile, a new Japanese thrust at the vital east-west Lanchow railway corridor was directed from the south in hitherto unscathed north Kiangsu province.

Foreign military observers said a strong Japanese column had advanced more than 30 miles from Nantungchow, on the Yangtze river north of Shanghai, since March 17, and was moving against Luchwang, 10 miles south of the Lanchow.

COURT RECORD

AUSTIN, March 31 (P)—Proceedings in the Court of Criminal Appeals today included: George Manos from Jefferson; Lonnie Aydelott from Uvalde; R. O. Lafon from Clay; Jack Patterson from Shelby; Bessie Mae Rhodes, Alias Bessie Mae Lewis, from Jefferson; L. C. Skinner from Harrison.

Reversed and remanded: Charlie Murray from Navarro; Ed McGoodwin from Wise. Judgment remanding realtor to custody affirmed. Ex Parte Ebert Smith from Potter.

Judgment reversed and prosecution ordered dismissed: Dan Dillard from Hidalgo. Appeal dismissed at request of appellant: Frank Barfield from Tom Green. Appellant's motion for rehearing overruled.

Submitted on brief and oral argument: Lonnie Mitchell from Taylor; John P. Hamon from Coleman. Submitted on brief for both parties: Charlie Brooks from Cass; E. A. Wilcoxson from Collin (39 cases); E. A. Wilcoxson et al from Collin; Woody F. Connors from Jefferson.

Submitted on brief for state: Ollie Doston from Tom Green; Martha Opperman from Tom Green; Cleve Hendricks from Harrison; Silas W. Lewis from Collin; C. L. McTee from Collin (2 cases). Submitted on affidavit to withdraw appeal: K. E. Melton from Hale.

IN RADIO, TOO, THEY DISCUSS THIS SUBJECT:

BETTY MIDDLETON ASKS RAY WINTERS, THE ANNOUNCER: "RAY, ARE CAMELS REALLY SO DIFFERENT FROM OTHER CIGARETTES?"

WHEN RAY WINTERS signed off (above) he had a long, hard day behind him. Ray has thought a lot about which cigarette best fits in with the acting, nerve-and-energy-consuming work he does.

Advertisement for Camel cigarettes featuring a man smoking and text: "And many millions of other smokers find what they want in Camels, too. MORE and more experienced smokers are concluding 'Camel is the cigarette that agrees with me.'"

"The majority of tobacco growers favor Camels because we know what choice tobacco goes into them."

TOBACCO PLANTERS REPORT "The favorite with most men who grow tobacco," is what Vault Snowden, veteran planter, calls Camels.

B. F. Bivins, another experienced tobacco grower, knows what cigarette pays more for the choice leaf tobacco. "The Camel people sure do get the best grades," he says.

He's been growing tobacco for 10 years. "I'm in a position to know a lot about the quality of the tobacco that goes into various cigarettes," James Graves, another well-known planter, says.

ONE SMOKER TELLS ANOTHER "CAMELS AGREE WITH ME"

JOBLESS BENEFITS NOT TAKEN FROM SSA FUNDS

AMARILLO, March 31—No deductions are made from a worker's Social Security account, established in connection with the old-age insurance program, for payments to the individual under a State unemployment compensation law, Dewey Reed, manager of the Amarillo office of the Social Security Board, announced today.

"It should be clearly understood," Reed explained, "that out-of-work benefits from the State unemployment compensation agency come from a fund established by contributions from employers covered by the State unemployment compensation law."

"On the other hand, old-age insurance is a program administered by the Federal Government, and benefits to a worker accrue on the basis of wages from covered employment credited to his social security account. The fact that he receives unemployment compensation under a State law in no way affects his Federal social security account. The worker's wage credits remain on government books until his account is finally closed by death, Reed said.

The first motorcycle speed record was established in 1902 by Albert Champion. He rode the machine one mile in one minute, ten and two-fifths seconds.

Her parents, Captain and Mrs. H. B. Love of Paris, Texas, died when she was a child.

GOVERNOR'S WIDOW DIES IN SHREVEPORT

SHREVEPORT, La., March 31 (AP)—Mrs. Oscar Kelly Allen, 44, widow of Governor O. K. Allen, died at her home here last night of a heart ailment.

Mrs. Allen had been in ill health for several years and in recent months suffered several severe attacks.

Governor Allen met his wife, who was then Miss Florence Love, when he was a young bookkeeper for the construction company at Paris, Tex., in 1912. They became acquainted at a church gathering, and eight months later were married.

Survivors include: Sisters, Mrs. Foster, a new, pleasant alkaline powder, keeps teeth firmly set all day. Desodorizes. No gummy, sticky, pasty taste or feeling. To eat and laugh in comfort just sprinkle a little FASTEETH on your plates. Get it today at any drug store. Accept no substitute.

NEWSPAPERMAN TO BE FIRST RADIO 'CZAR'

WASHINGTON, March 31 (AP)—Mark Foster Etheridge, newspaperman for 25 years, became radio's first "czar" today.

The 41-year-old Etheridge, who now is general manager of the Louisville Courier Journal and Times, will serve without salary as president of the National Association of Broadcasters until the position is filled permanently.

The publishing company with which he is connected owns station WHAS at Louisville.

"In setting up their new organization," Etheridge said of his new work, "the broadcasters have been trying to create the instrument through which they may help to carve the destiny of an industry in which they, while recognizing the public interest, still have sizeable financial investments."

25,000 WELLS FORECAST IN 2 MONTHS IN TESTEX

KILGORE, arch 31 (AP)—The East Texas oil field, from which 1,212,459,360 barrels have been withdrawn, will have 25,000 wells within two months if drilling continues at the present rate.

Records of the East Texas division of the Railroad commission show that producer no. 24,750 has been completed. Completions average between 150 and 200 monthly. The field was opened seven and one half years ago.

For the first time since September, 1933, the field now has an all-out production.

Etheridge said of his new work, "the broadcasters have been trying to create the instrument through which they may help to carve the destiny of an industry in which they, while recognizing the public interest, still have sizeable financial investments."

lowable production of more than 500,000 barrels daily, the current allowable being 500,750. Potential production of the field is 14,951,502 barrels per hour.

In recent months, the railroad commission has enforced a Sunday shutdown order to keep the allowable figures down rather than reduce the percentage factor. The field had two shutdowns in November, two in December, two in January, four in February and has observed three in March.

While the commission records show that East Texas has 24,700 wells, actually 25,009 have been completed.

HOSPITAL DECISION DUE
WASHINGTON, March 31 (AP)—Rep. Mahon, Democrat, Texas, said today after a conference with Brigadier General Frank T. Hines, veterans administrator, that a decision would be made in a few weeks on requests for a general hospital in West Texas.

Is This the Reason You Are Constipated?
If you're wondering why your bowels don't work right—stop and think about what you eat. Bread, meat, eggs and potatoes. All good nourishing foods—but all concentrated, lacking in "bulk." And you need "bulk"! Some food that forms a soft, spongy mass in the bowels—helps them move.

Tex's Topics

Among the chores I look after during the day is a 15-minute radio newscast at 6:45 p. m. (beginning tomorrow) when all the rest of you are finished with the cares of the day and are at home reading the paper, or a book, or resting comfortably in your favorite fireside chair. . . . Last night Station KPND was off the air for 22 minutes, beginning at 6:20 which, of course, is five-minutes deep in my newscast. . . . Everything goes along all day until I get on the air, and then—pff-fff-fff! . . . The bulbs blow out, the station blows up and goes off the air, Chief Engineer Herman Kreiger blows up, John Sullivan, KPND production manager blows up, and I blow up (after talking to myself for five minutes before Sullivan finally informs me by Pony Express that I am being silly).

Finally, we get back on the air around 6:42, which is 12 minutes after my sign-off time. . . . Perhaps you heard the ducky conversation that passed between Sullivan at the radio station and me here in the Daily News broadcast room, just before I returned to the air to tell about yesterday's Kansas tornadoes. . . . That conversation was supposed to be between two men who thought nobody else could hear them. . . . After it was all over one of the station announcers called me to say that he knew I'd be tickled pink to learn that the little back-stage chat between Mr. Sullivan and me went drifting off into the ether and into thousands (I hope) of homes.

A mix-up like that couldn't possibly happen at any other time during the day. . . . I simply must pick the 15-minute period allotted to me. . . . One rabid fan of mine called up immediately after the broadcast finally ended, and told me it was the best newscast I had ever handled. . . . He said he enjoyed the entire 22 minutes I was off the air. . . . I thought for awhile that it takes a pretty hot newscast to blast a station clear off the air, but I finally found out the real cause of it. . . . The lines which carry the power to KPND's transmitter east of the city limits went floozy. . . . That was because some boys flew a kite into the power wires, pulled them together and caused a short circuit. . . . Well, anyway—it was nice going!

I am being chided about a prediction that something which would shock the nation would happen on or before March 28. . . . In fact, I am in the dog-house over it with many other forecasters and predictors who haven't been doing so well lately. . . . Anyhow, I was out of town on March 28 and couldn't look after things. . . . But turn back to March 28—If enough didn't happen that day to rock the nation, I'll eat it—and anyhow, again, I said I wouldn't count it, but didn't Germany absorb Austria in my prediction period? . . . But look—all this happened on March 28. . . . Col. Edward M. House, President Wilson's right-hand man died. . . . Italy warned France to stay out of Spain. . . . The senate approved the government reorganization bill. . . . The U. S. reduced its price on foreign-produced silver. . . . Ten women fought like mad in a Tokyo bath house. . . . Uncle Sam began recruiting soldiers, sailors and marines for war. . . . and a one and one-quarter inch rain fell in the Panhandle. . . . What more do you want?

Yesteryear In Pampa

TEN YEARS AGO TODAY
 Among the building activities under way was a new \$5,000 home for I. S. Jameson in the North addition. W. Mullinax was the building contractor.

A new Boy Scout council to include Pampa, Panhandle, White Deer, Miami, Canadian, Berger, Phillips, and other towns was to be formed here.

FIVE YEARS AGO TODAY
 Gray county towns were represented by a large group of children and adults at the literary contests which began here.

Half of the members of the Kiwanis club were "greeted with a delicious bean course" at the luncheon given for the winners of an attendance contest.

riders who told the voters Roosevelt was swell, but have since been knifing presidential policies consistently.

Following progressive advice to "fight," however, is a stark necessity for the President if he is to fulfill his ambition to name his successor in 1940 or even to maintain his present precarious hold on Congress during the last two years of his term. He himself doesn't know how far he will go in taking the offensive and he may well lose out. Just the same, the offensive has begun.

Significant Praise
 Correspondents with the President thought it was significant when, after Senator Walter F. George of Georgia introduced Roosevelt at Gainesville and called him "the greatest President since the Civil War," E. D. R. praised Gov. E. D. Rivers and ignored George.

It was significant, New Dealers secretly are trying to persuade Rivers to go after George's seat in the senatorial primaries. George has opposed "the greatest President since the Civil War" on the Court plan, the wage-hour bill, taxation and other major issues. Rivers is considered a "strong New Dealer" and is expected to run against George if he thinks he can win.

Although the Georgia primary doesn't come until Sept. 6, what happens to George may become an important item of political history. He is now the most conspicuous senatorial anti-New Deal Democrat facing the voters this year. He is especially outstanding in the southern Democracy group which seeks to wrest party control from Roosevelt.

Springtime In Washington

Man About Manhattan

—By GEORGE TUCKER

NEW YORK—William Seabrook thinks the foreign element in America is something to rejoice over and not, as you may have supposed, a matter to be cogitated in moments of anger. But whatever your private opinion may be, it is a hide-bound fact that New York owes much of its health, its culture, its building and its humor to visitors from overseas. . . . Here are a few pertinent observations gleaned from the pages of his new book, "These Foreigners":

There are 20,000 Italian barbers in New York and last year they did a \$38,000,000 business. . . . There are 45 Italian Roman Catholic churches and something like 100 priests. . . . Alfred Salmagundi, an ex-cobbler, is head of the Hippodrome and presents popular priced opera there, with elephants. . . . WOV is the only pure Italian radio station in America and all of its programs are broadcast in Italian. . . . Fiorello LaGuardia, the mayor, is also Italian.

Then there are 350,000 Russians in greater New York, three-fourths of which are Russian-Jews. . . . Many of these are White Russians, including executives of shipping lines, noted engineers, and doormen. . . . At least 10 members of the Romanov family are in this country, and former Russian generals are a drug on the market. . . . Hurrok, the famous tour manager, is Russian; Eddie Cantor and Irving Berlin are Russian. . . . The doorman at the Savoy-Plaza is a former Czarist general, said to be the greatest living authority on Russian aristocracy. . . . Another general is night watchman at a match factory and an admiral is the elevator man.

Probably the most diminutive group are the Dutch, the Holland Dutch, who are but 14,909 in number and are experts, as you might guess, in tulip culture and gardening. Seabrook says the Dutch are the most admirably controlled group in the states. They know exactly where every one of their countrymen lives, and his occupation. There are, for instance, only 24 Hollanders in South Carolina; Arkansas has 80; North Carolina has 201. . . .

The Germans hold high place in American universities and in scientific fields. . . . Seabrook thinks the Nazi element is maybe one per cent, 20,000 at most, a pest and an annoyance, he says, but in no sense dangerous. . . . The melting pot boils, says Seabrook, and gives over some scum. But what remains is pure gold and an asset to you and to me and the whole lot of us, whether we be highborn or low wops, Heinies, dumb Swedes, dumb English or dumb Americans. You may not be convinced by reading Seabrook, but you can't help being amazed at the tremendously fine piece of reporting he has done.

Cranium Crackers

One name or word in each of the following sets of words is unrelated to the others. Which words are out of place?

People You Know

—By BOBBIE LAMBRIGHT

One of the theme assignments in Miss Anna Louise Jones' English class this semester was a "People You Know," written in this one's style. I wish to thank Miss Jones for the opportunity of publishing the best of them in this space. I especially appreciate the vacation. The young authors range from first-half sophomores to last-half juniors. The themes do not appear in the order of their rankings.—Archer Fullington

R. G. Roberts thought that he was going to catch a lot of fish the other day when he went fishing, but he caught only three, each about six inches long. After a half-day he had caught three fish, but he was in high spirits and he kept on fishing, although he was impatient. Finally he got an impatient. He yanked the hook out of the water, and found he had caught a snake.

By AVALINE COPELAND.
 That red-faced Irishman, Harry Kelly, was giving his first biology class some notes on Pylorus 1, 2, 3, etc. The 17th of March rolled around and the class was still studying Pylorus. Mr. Kelly thought the subject was rather dry so he proceeded to tell the class some jokes about the two old Irishmen, Pat and Mike. The class thought the jokes were good, but couldn't laugh for thinking about the test next week.

How's Your Health?

By IAGO GILDSTON, M. D.

There is no need or warrant for exaggerating the marvelous achievements of modern medicine and surgery. They are wonderful enough, even when reviewed soberly.

Consider the operation corneal transplant, which has been reported frequently of late. This is a surgical procedure which has brought relief to many a previously blind person. But it is not an operation in which "an eye is transplanted," nor can every blind person be made to see by this or any other operation. This operation is also called corneal grafting. In it, a bit of cornea is transplanted from one eye to another, or "grafted" in the place of defective cornea. In this respect, corneal grafting is like skin grafting. However, the cornea represents highly specialized "skin" (or more correctly epithelium) and since the operation involves the eye, it demands superior skill and precision.

The cornea is that slightly bulging portion of the eye's outer covering which is located in front of the pupil and iris. It is transparent. The cornea is not permeated by any blood vessels. Its clarity and transparency are essential to good vision.

Sometimes, however, the cornea becomes opaque. Instead of being like clear glass, it looks like frosted glass. Such change may result from disease or accident. Under such circumstances, vision is seriously impaired. When both eyes are affected, the sufferer may be totally blind.

If the internal structures of the eye are in good condition, the victim of corneal opacity can be much benefited by having a piece of clear cornea grafted in the place of the opaque tissue. The clear cornea must be taken from a human eye—usually it comes from one removed because of injury or disease. A portion of clear cornea is taken from the donor's eye and pre-

The Capital Jigsaw

By HOWARD C. MARSHALL

AUSTIN, March 31 (AP)—Although he will not seek a third term, Gov. James V. Alford still has nearly a year to serve and therefore plenty of time to make appointments to vacancies caused by deaths and resignations.

The governor has appointed A. Royce Stout of Ennis, an assistant when Alford was attorney general and the governor's special representative at the senate investigation of the land office to a district judgeship paying \$5,000 a year.

Other of Alford's friends in lucrative posts include Edward Clark, Patrick D. Moreland and Charles R. Miller, his former secretaries and now, respectively, secretary of state and unemployment compensation commissioner; Orville S. Carpenter, chairman of the unemployment compensation commission, and Marvin Hall, state fire insurance commissioner and Alford's campaign manager in 1936.

"It is a grand and glorious feeling to be able and lie down in a barber's chair and, when asked a question, to reply with a grandeur," Gov. Alford said this at his first press conference after he announced he would retire from office next January.

"What a great relief it is!" he exclaimed. He pointed out this was the first time in about 12 years he has not been running for public office. Before he became governor in 1935, he was attorney general for four years, and prior to that was district attorney in Wichita county.

Other than that he and members of his family probably would spend about two weeks in Galveston. He said he had no plans for vacation. Nor does he have any plans, at least to announce, about his forthcoming law practice. There is curiosity, naturally, as to what his firm connection will be.

Some months ago there was talk he might form a partnership with Edward Clark and R. B. Anderson, then state tax commissioner. There still might be something to the Clark rumor for the governor and the secretary of state are the closest of personal and political friends. Anderson, however, has become general manager for the Waggoner estate at a salary reported to be \$15,000 a year.

The governor also might team up with Royce Stout of Ennis, a former assistant general under Alford and another staunch friend. Stout has stepped in from time to time during Alford's administration when the latter needed quick and capable assistance. One such occasion was the pecan shellers strike at San Antonio, when Stout was dispatched in efforts toward arbitration.

In deciding to retire from the governorship and live at Austin, Alford is taking a leaf from the book of former Gov. Dan Moody, who took his leave from office after his second term ending in 1930.

Moody represents some of the major oil companies in legal matters and is reported to have amassed an independent fortune. No lawyer in the state has more cases in the state supreme court than Moody, who might even be leading them all in this respect.

There is much speculation whether Alford also will pattern after Moody in getting out of state politics. While Moody has made speeches in behalf of the national Democratic party, and occasionally lost a bid during a gubernatorial campaign, witness his efforts in behalf of Gov. R. S. Sterling—for the most part he has stuck strictly to his law practice, as he likes to put it, "trying to make a living."

Some think Alford won't keep out of politics as completely as Moody has, if for no other reason, because of a difference in temperament. Alford seems to like a fight; he sees opposition often as a personal challenge; he speaks his mind quickly and pungently. Moody, while just as effective, or more so, when he has embarked on an aggressive tact, is more deliberate. His mind seems to control his speech and action.

The extent to which Alford will participate in the forthcoming gubernatorial campaign is something

News Clearing House

To the People of Pampa:
 In view of the city election to be held next Tuesday I hear a good many rumors on the streets as to what has been done and what will be done. I favor the re-election of Mr. Bratton, Mr. Fraser and Mr. Lewis because I think they have given us a fair, honest administration.

Some of the people who favor the building of recreational hall in Pampa, have gotten the impression that the present commission is either using city funds or directing the use of WPA funds to reconstruct the grandstand at the Recreational park, and this is the principal reason I am writing this letter. Such a rumor should be corrected and the truth should be known. The grandstand constructed by WPA and damaged and broken by WPA is being reconstructed without any expense to the city and entirely out of the WPA funds. The city commission has no control over this matter other than to permit the grandstand to be rebuilt. If this money which WPA intends to use to rebuild the grandstand is not used for that purpose, then it will not be available for use in the City of Pampa at all. It cannot be diverted and used for the construction of a recreational hall, or any other improvement, and it is only being spent by WPA because of the condition they left the present grandstand in.

We should remember that the Recreational Park was only purchased by the Commission after it was petitioned by a large number of tax payers and citizens to do so and for the purpose of entering into President Roosevelt's Unemployment Program. The improvement that the Commission first designed and requested WPA to build was a recreational hall, but its request was refused for the reason that the program required the employment of unskilled labor and only a small fraction of every WPA dollar could be spent for material. Possibly some of you do not know that a recreational hall was received and collected ten per cent of the money it has invested on Recreational Park.

The members of the present Commission are honest, capable and progressive, so let us not be governed by prejudice, mere rumors or bias and let us re-elect the present Commission for the benefit of Pampa.

Yours very truly,
J. N. DUNCAN.

The candidates especially would like to know. Alford said in his announcement of retirement he would not attempt to name his successor. His exact words were:

"I have no desire, and shall not attempt to dictate my successor. I am confident that the people of Texas will elect a good governor. Thinking people do not demand that a candidate agree with them on all of these propositions, but they feel as I do that a man big enough to be a governor certainly has some convictions of his own, and I possess the courage of his convictions."

In another paragraph he said he thought all candidates should express their views on all important issues, but none had done so, and again he said he would always stand ready to serve Texas if the occasion arose.

In a press conference, he said flatly he planned to take no active part in any campaign this summer, but qualified the declaration with the statement "at this time" such were his plans.

There unquestionably will be pressure to obtain his support for some candidate, especially Ernest O. Thompson, but friends say he really is tired and would like to keep out of political turmoil for the remainder of his term if such a thing is possible.

In view of his repeated attacks on Attorney General William McCraw, there seems little possibility he ever "make up" with that official. However, if he kept more or less silent, the road would definitely be cleared for many of his followers to go into the McCraw camp.

Some think Henry Hines, member of the State Highway Commission, would get Alford's support if he should decide to get into the race. Hines was appointed to the commission by Alford and is a good friend.

Side Glances

By George Clark

My son and his wife wanted to sell this place and move to the country, but I put a stop to that.

Order of Rainbow Girls to Sponsor Show Next Month

The local Order of the Rainbow Girls will sponsor the showing of the film, "Of Human Hearts," when it comes to the LaNora theater on April 6 and 7. Tickets for the picture may be obtained from any member of the Rainbow Girls.

In this month's issue of the Parent's magazine, "Of Human Hearts" is listed as one of the best parent-education pictures on the screen.

Rainbow girls who attended the private screening of the show were Donna Jo Berry, chairman of the committee selling tickets for the event, Dorothea Thomas, Helen Jean Shellabarger, Lois Foster, and Dorothy Burton, worthy advisor.

Teachers who were invited by the girls are Mrs. Bob Sanford, E. L. Norman, and Miss Margaret Jones. Rainbow advisory board members who attended were Mmes. W. B. Murphy and Burl Graham.

Mrs. Bynum Feted At Gift Shower Given Recently

Mrs. I. R. Bynum was honored with a gift shower Monday afternoon in the home of Mrs. J. W. Sexton with Mrs. E. F. Barnett and Mrs. J. Ellburn assisting.

Refreshments were served to Mmes. Erwin Cooper, Oriol Riley, W. S. Kiser, E. E. Holden, Murray Donald, I. W. Dodd, Bob McKee, D. C. Gant, J. S. Deaton, Fred Ferguson, John Pruitt, Otto Patton, Troy Taylor, Roy Fitch, H. H. Davis, Jeff Dye, and the honoree.

Gifts were sent by Mrs. Paul Kirkpatrick, Cecil Keith, Riley Carney, Barney Woods, Guess, and Harry Bradford.

Youngster Honored On First Birthday

Ray Don Ford, son of Mr. and Mrs. Ray Ford, was honored with a party on his first birthday at the home of his grandmother, Mrs. Lorene Harper, and great grandmother, Mrs. A. D. Cotten, Sr., 917 East Campbell street.

The table, which was spread with a white lace cloth, was lighted with tall white candles. The centerpiece was a large standing bunny driving tiny yellow cotton chickens with vari-colored ribbons, to a white cake topped with one candle. Pastel colored balloons covered the lights.

A chocolate Easter bunny, a basket filled with tiny colored candy eggs in green straw paper, and a snapper with a hat enclosed marked each place.

The refreshments of paper cup flower pots filled with ice cream were served on white lace doilies and cup cake Easter egg nests sprinkled with green coconut topped with candy eggs were served to Wanda Gail Cambell, Evelyn Murphy, Lester Dean Smith, DeLora Tucker, Jimmy Tucker, Maxine and Margaret Cotten of Laurel, Montana, and the guest of honor.

Others present were Mrs. Bob Smith, Troy Cambell, A. D. Cotten Jr., Gus Cotten, Elizabeth Smith, Lee Cotten, Ray Ford, and the hostesses.

Many gifts were presented to the guest of honor.

ACID INDIGESTION?

Austin, Texas—Mrs. A. N. Cooper, 806 W. W. says "I had no appetite and no digestion after eating. I felt tired and weary and hardly cared to do anything. Dr. Pierce's Golden Medical Discovery gave me a fine appetite and relieved me of the acid indigestion and sour stomach, and I felt stronger." Buy it at drug stores.

Mothersingers to Take Part in P-TA Conference Today

Sixteen Mothersingers left this morning for Childress to take part in the Eighth District Parent-Teacher conference there.

Miss Madge Sears of the B. M. Eaker school will lead the local group in singing "Lift Thine Eyes to the Mountains" from Elijah by Mendelssohn.

All Mothersingers at the conference will join in singing "Songs My Mother Taught Me" by Dvorak.

Pamphlets who made the trip are Mmes. F. L. Stallings, Sam Irwin, Simmons, C. H. Schulky, W. R. Kettler, Blair, Tom Bunting, H. H. Eoynton, Denhart, John Bradley, L. H. Anderson, T. F. Morton, Emory Noblitt, Elmer Carey, Misses Jimma Searcy, Josephine Thomas, and Charlotte Ratliff.

Mrs. Coffey Named Leader of Cottage Prayer Meeting

Members of the Faithful Workers' circle of the First Baptist church met this week in the home of Mrs. Dan Glaxner.

Following the opening song, "To the Work" a prayer was led by Mrs. Robert Hodge. The business meeting was conducted by Mrs. Wilson Hatcher, chairman.

After the missionary lesson was taught by Mrs. Ernest Fletcher. Mrs. D. H. Coffey was appointed to lead the cottage prayer meeting for the circle. A prayer by Mrs. R. E. Gatlin closed the meeting.

Attending were Mmes. V. L. Hobbs, C. L. Conrod, Ernest Fletcher, D. H. Coffey, E. M. Dean, Floyd Yeager, Rupert Orr, Carl Tillstrom, Dan Glaxner, J. O. Meyers, Joe Niver, Joe Foster, R. E. Gatlin, H. R. Hallmark, Wilson Hatcher, Hugh Ellis, and Robert Hodge.

Fruity Fritters

Fritters are a tasty accompaniment to meat and are also an excellent way to use left-over fruits and vegetables. Always drain the fruits or vegetables thoroughly before adding to the fritter batter. Fruity fritters are a delicious dessert, too, sprinkled with fine sugar or served with a sweet sauce.

THURSDAY

A regular meeting of the Rebekah lodge will be held in the I. O. O. F. hall at 7:30 o'clock.

FRIDAY

Royal Neighbors will meet at 2 o'clock in the I. O. O. F. hall.

McCallough-Harrah Methodist church will have a picnic supper at the Harrah chapel from 5:30 until 9 o'clock.

A regular meeting of the Order of the Eastern Star will be held at the Masonic hall at 8 o'clock. All members are urged to attend.

Busy Dose Sewing club will meet at 2 o'clock in the home of Mrs. J. D. Smith, 708 East Locust street.

Priceless Home Demonstration club will meet with Mrs. Norman Walberg at 2:30 o'clock.

Two Honored at Surprise Birthday Party on Tuesday

Honoring Mrs. A. B. Ottinger and Mrs. Harry L. Dilaney, ladies of the Shell camp entertained with a surprise birthday party Tuesday afternoon at the home of Mrs. Dilaney.

The afternoon was spent in doing needle work.

Refreshments of cake and punch were served to Mmes. Sam Wilson, Moody, E. Martin, Virgil Ward, Lesley Ward, Charles Wayne, Alfred Welder, Ben Steincamp, Margretta Puttercuter, Loreta Ward, Doris Ellen Ottinger, and the honorees.

AGREEMENT ENDS

DETROIT, March 31 (AP)—A one-year agreement between the Chrysler Corporation and the United Automobile Workers expires today and the Chrysler Corporation posted notices in its Detroit plants saying the management had been informed of "plans for a 'stop work' strike in the Plymouth plant on Thursday or Friday."

Group Four of Friendship Class Has Social Meeting

A social meeting in the home of Mrs. H. J. Davis was held yesterday afternoon entertaining members of group four of the Friendship class of the First Methodist church. Mrs. Fred Cary was co-hostess for the afternoon.

The afternoon was spent in sewing and in playing historical lotto. Refreshments of pineapple and cottage cheese sandwiches with wafers, and strawberry shortcake, were served with favors of Easter ducks in baskets by the hostess.

Those attending were Mmes. J. H. E. Gilbert, A. L. Patrick, J. I. Howard, W. D. Walters, Fred Cary, D. W. Lawrence, Paul Cunningham, Bricker, W. B. Stincamp, H. J. Davis, and one guest, Mrs. W. Purviance.

Mrs. Gilbert and Mrs. Stincamp will be hostesses at the next social meeting of the group.

TWO CHAPEL PROGRAMS PRESENTED BY SCHOOL

Students in Miss Helen Massengale's room presented the program yesterday afternoon at the primary assembly for Woodrow Wilson school. Loye Ruckman had charge of the program given for the upper grades.

A play, "Snow White and the Seven Dwarfs," was presented at the assembly for the lower group. Betty Jane Allston announced the numbers in which other students took part. Characters were Snow White, played by Martha Ann Maguire; Snow White's mother, Betty Jean Egan; queen, Roseanne Buxall; prince, Roy Va. Winkle; hunter, Bobby Joe Boyles; witch, Yvonne Pickering; Grumpy, Jack Oliphant; Doc, Merle Tennant; Sneezy, Bobby Baird; Happy, Buddy Slusher; Dopey, Bobby Ray Walker; Sleepy, Monty Allison; Bashful, Glen Gary. Animals were Nancy McCallahan, rabbit; Joe Dell Elliot and Wanda Lou Morris, deer; Shirley Barton, bird; Doris Janet Salmon, squirrel. Other pupils took part in the chorus which presented the songs taken from the Walt Disney picture. The singing students were trees in the forest.

Selections by Winston Savage and a cornet quartet from the high school opened the program for the upper grades. The contest number to be played in the Spring Music contest and novelty selections were included.

A cornet solo, composed by Kenneth Bennett of the Horace Mann school, was played by Sammy Taylor of the Woodrow Wilson school. Mr. Bennett played the accompaniment.

A skit showing the events in the month of April in the past years was dramatized by Marjorie Fox, Helen Dennis, Jack Morgan, Emma Lee Paxton, Alva Lee Upton, Dean Lovell, Carlos Grisson, Marion Whitten, and Eodo Mae O'Hare.

Two songs, "Home, Sweet Home" by Dvorak and "Venice," an Italian folk hymn, were sung by Annie Barnett which were accompanied by Miss Charlotte Ratliff.

A demonstration on etiquette was presented by Lavoy Hinkle, Austin Egan, Nancy Taylor, Joe Cree, Frank Tounsin, Clauden Mulligan, Connie Maeck Hefflin, Lyle Sharp, Jimmie Jeanne Hamilton, Eernadine Breining, and Billie Joe Kuehl.

An April Fool stunt and scenes from "Snow White and the Seven Dwarfs" were given. The program was announced by Gearold Stewart.

State President Mrs. M. A. Taylor

Mrs. M. A. Taylor, state president of the Texas Congress of Parents and Teachers of Bonham, is the state representative to the Eighth District conference meeting today and tomorrow at Childress. On Friday morning Mrs. Taylor will bring greetings from the state Congress and she will discuss "The Parent-Teacher Association in Action." A Gypsy tea at 8 o'clock will honor her. On Friday morning the state president will be chairman of the surprise conference for the city and county council presidents. Mrs. Cliff Vincent of LeFors, Gray county council president, is secretary for the conference. At the Friday luncheon Mrs. Taylor will present certificates to the procedure course graduates.

John Beverly Feted At Surprise Birthday Dinner Last Evening

Mr. and Mrs. Guy Dunwoody entertained with a surprise birthday dinner last evening honoring John Beverly at his home.

Centering the dinner table was a bouquet of red tulips and fern and happy birthday greetings marked the places.

The hostess presented several gifts to the guest of honor preceding the serving of the dinner which consisted of fried chicken, cream gravy, green beans, pickles, salad, apple sauce, Babarian cream, and a birthday cake which was cut by the honored guest.

After dinner the group returned to the living room where the evening was spent informally. Those who enjoyed the affair were Mr. and Mrs. Beverly and Mr. and Mrs. Dunwoody.

Cool-looking Shades

Plain lamp shades of off-white cream or light beige silk or linen or a plain light parchment look fresh and cool for spring and are easy to keep free of dust.

Japanese have reopened the Lung-yen iron mines in Chaihar, North China.

Mrs. Burrows Has Bridge-Luncheon

A luncheon in the home of Mrs. Joe Burrows entertained members and guests of the Queen of Clubs Wednesday afternoon. Spring flowers in bright colors set the color note for the occasion.

High score in the bridge games which followed was made by Mrs. Carl Boston and second high by Mrs. I. B. Hughey.

Two guests for the afternoon were Mrs. C. N. Ochiltree and Mrs. T. B. Bliss. Members playing were Mmes. I. B. Hughey, A. B. Goldston, Crawford Atkinson, Carl Boston, Howard Buckingham, Raymond Harral, W. V. James, H. D. Keys, B. O. Lilly, R. S. Lawrence, Carl M. Smith, H. C. Wilson, F. A. Howard, and Bert Curry.

FDR'S LETTER AROUSES APPROVAL, CRITICISM

WASHINGTON, March 31 (AP)—Foes and friends of the administration's reorganization bill termed "perfect fakes" and "an admirable statement" today the letter in which President Roosevelt asserted "I have no inclination to be a dictator."

Representative Snell (R-NY), the House Republican leader, used the "perfect fakes" and "an admirable statement" to tell reporters the President's letter to an unnamed correspondent was "purely an effort to get the front page" and "get people's mind off" the controversial reorganization bill.

Snell added that "I don't see what there was to get the people up in the middle of the night for. He's said that a million times."

Mr. Roosevelt's letter was given to newsmen after midnight at Warm Springs, Ga., and charged organized opposition to the administration's reorganization program had "planted bogies under every bed."

Senator Barkley of Kentucky, the Democratic senate leader, in terminating the letter "a very admirable statement," said it was one "the sincerity of which will be conceded by everybody who knows the President."

40 AND 8 TO SPONSOR DANCE AT HUT TONIGHT

A dance, sponsored by the local vulture of La Societe de 40 Hommes et 8 Cheveaux, will be given at 8 o'clock tonight in the American Legion hall.

The dance is an invitation affair to guests of the American Legion. All Legion members are invited and no admittance card will be required of the Legion members, but cards will be asked of other guests.

Bill Jesse's orchestra will play for the dance.

7TH WOMAN DIES AFTER INJECTIONS OF SERUM

ORLANDO, Fla., March 31 (AP)—A seventh woman died today while a coroner's jury assembled medical witnesses in an investigation of a series of deaths which followed injections of a serum in cancer treatments.

Mrs. F. E. Mooner, 63, of Winter Park, Fla., succumbed early today. Six women who had been given in-

jections of the serum died yesterday. Four other persons are in hospitals with symptoms resembling those of tetanus.

Dr. T. A. Neal said the seven dead and the four presently ill had been given injections at his clinic. The serum came from one bottle. Physicians said one other person may have been treated from this container.

could determine who will do river and harbor work, and that forestry service was to be "hamstrung—hamstrung I suppose by the best friend forestry ever had in the United States."

He mentioned other like charges and added: "I cite these merely as examples of a score of equally silly nightmares conjured up at the instigation either of those who would restore the government to those who owned it between 1921 and 1933, or those who for one reason or another seek deliberately to wreck the present administration of the government of the United States."

Referring to the bill's provision making executive orders on bureau shifting subject to disapproval by congressional "joint" resolution within 60 days, the President said if such a resolution were passed he would "in the overwhelming majority of cases go along with carefully considered congressional action."

"I can think of no cases where the President would not gladly yield to a clear expression of congressional opinion."

Two Reasons Given

In giving two "cogent" reasons why the bill should be passed in the present form, he said a "concurrent" resolution turning down Presidential orders—which some opponents have proposed—was questionable constitutionally because it was only an expression of congressional "sentiment" and could not repeal executive action taken in pursuance of law.

A "joint" resolution must be favored or rejected by the President, whereas a "concurrent" resolution does not go to him for action. Some opponents favor the "concurrent" form to prevent the possibility of a veto, thus forcing Congress to reject an executive order by a two-thirds vote.

In stating his second reason, the President referred to the "remote possibility" of a veto, adding: "I repeat that I visualize no such possibility between now and 1940 when the authority given is to end."

"Thus," his letter concluded, "you will see that charges of dictatorship are made out of the whole cloth—even if I wanted to be a dictator, which, heaven knows, I do not."

CLERKS ANNUAL MEET POSTPONED TO FALL

Members of the County and District Clerks Association of Texas will hold their 1938 convention in the autumn, instead of in the summer, as has been done in the past, according to a letter from Marshall Morgan, Sweetwater, president of the association, to District Clerk Miriam Wilson.

Reason for the change in the convention date was given as due to the fact that clerks would be busy with elections this summer, and a greater attendance would be possible, therefore in the autumn.

Austin will be the convention city, but the exact date has not been announced. Last year the convention was held in Houston, on June 17-19. Gray County District Clerk Miriam Wilson attended the meeting last year.

Reason for the change in the convention date was given as due to the fact that clerks would be busy with elections this summer, and a greater attendance would be possible, therefore in the autumn.

ment, passed the former frontier during the morning.

From Salzburg they will be transported to their own towns for welcoming ceremonies.

The first contingent of Salzburgers, all of whom appeared to be about 35 years old, gathered at the Cathedral square for a colorful ceremony, return of the old Salzburg storm troop flags.

One of them had been given by Herman Goering, No. 2 Nazi, to the Salzburg storm troop corps in 1923. It and others were smuggled into Germany in 1933 when the Nazi party was outlawed in Austria.

French mobile guardsmen escorted them down snow-covered trails to the nearby town of Bagneres de Luchon.

Arrangements were made for temporary camps in which the refugees will be sheltered and fed until the interior ministry decides what to do with them.

The mayor of Bagneres de Luchon said the militiamen all belonged to the Pyrenees division and included a number of officers, who said they decided to cross into France rather than risk capture.

"The battle of upper Aragon is lost," the mayor quoted one officer as saying. "Our ammunition and food supplies were captured. We knew we had little chance of escaping to the southeast before being overtaken."

BRITAIN OFFERS PLAN ON NON-INTERVENTION

LONDON, March 31 (AP)—Britain today laid before representatives of Europe's major powers new proposals for obtaining early withdrawal of foreign troops from the Spanish civil war.

The British plan to end foreign intervention in Spain, where insurgent armies—with Italian and German aid—are sweeping toward the Mediterranean and apparently toward final victory, was submitted to the chairman's subcommittee of the non-intervention committee in its first meeting in nearly two months.

Informed persons said Britain proposed first, a "new formula" for deciding when belligerent rights should be granted; second, restoration of control on Spain's frontiers.

Faced with an opposition motion of censure on its Spanish policy, to come before the House of Commons Monday, the British government was eager to obtain quick action.

Market Briefs

NEW YORK, March 31 (AP)—A late selling drive concentrated mainly on "blue chip" stocks, turned a morning market rally into a release today and scribbled a run to 4 points or so at the worst over a broad terrain. New-year lows were numerous.

Dealings picked up on the tail-end of the morning, for a brief interval, the ticker tape was behind. Transfers were in the neighborhood of 1,400,000 shares.

faithfully served the company during his time with them.

Although retiring from active service with the company, Mr. McGrew will not "go away." He has leased a house in Pampa and will spend much of his time here and with "his boys" at Kingsmill.

First a Water Boy

Mr. McGrew was born in the black hills of Butler county, Penn. Feb. 27, 1879 but at the age of nine years moved to Washington, Pa., where he graduated from high school. In 1897 he moved to Eureka, W. Va., and a year later, on April 1, began his first job in the oil industry as water boy in a connection gang for the Eureka-Buckeye Pipe Line company of Parkersburg, W. Va. He later worked for the same company as laborer, engineer, telegraph operator and gauger in and around Parkersburg and Eureka, W. Va., and Marietta and Newport, Ohio.

The Lucas gusher opened the Spindletop field at Beaumont in 1901, and by 1902 boomed oil into the limelight of the Southwest and the nation. It was on April 5, 1903 when young McGrew landed in Beaumont to participate in the oil activities of the Southwest. He started on that date with the George A. Burt Company, then building a refinery on the Neches River at Beaumont. He was placed in charge of the boat-loading terminals at Sabine Pass in 1905. In 1915 he was promoted to chief engineer of the Pipe Line Station at Cleveland, Texas. He remained on this job until 1920, when he became district superintendent for his company and was placed in charge of the main lines from Corsicana to Beaumont. Mr. McGrew came to the Panhandle in 1928 to assume charge of the Pipe Line transportation system for Magnolia Petroleum Company.

Mr. McGrew has spent his entire life in the oil industry. He has seen it grow in the Southwest from the beginning to its widespread activities of the present time. He is a pioneer of pioneers in the transportation of oil by pipe line.

Although diligently engaged in his

NO. 5— Continued From Page One

around Pekin. At Venice, Val Stevens was hurled from a railroad trestle 50 feet to his death.

Doctors and nurses were rushed to Pekin, where more than 250 homes were destroyed. The Pekin fire station and the Chicago and North-western railroad depot and roundhouse were demolished. About 150 passenger and freight cars were strewn in fragments alongside tracks.

Injured from towns around Pekin were being concentrated there. Sixty were taken from South Pekin, a village of 500 five miles south.

Sheriff Ralph Goad mobilized 50 deputies for relief duty around Pekin and the state highway patrol sent 62 men.

Total damage in Illinois was not estimated, but Police Chief Paul Smith of Alton, where the storm

TWO NEW CLASSES IN OIL FIELD MATHEMATICS ORGANIZED HERE

struck later, said damage there would exceed \$200,000.

Columbus, Kas., bore the brunt of the Kansas-Oklahoma-Arkansas-Missouri storm. All seven Kansas known dead were killed there. A strip ten blocks wide was virtually leveled. At least 50 buildings were destroyed and 100 persons were injured.

Sheriff Fred Simkins of Cherokee county said 200 families were homeless. He estimated damage at Columbus at \$100,000 but other sources said it would be at least \$300,000.

Pupils Saved

Quick work by teachers saved 100 pupils at Highland grade school in Columbus. The building was virtually wrecked. Nefr Chetopa, Kas., Miss Virginia Sappington led 20 pupils out of her rural school and ordered them to lie in a ditch. The building was heavily damaged.

Three inches of rain added a threat of floods in Oklahoma and Kansas. There were no fatalities in Oklahoma, but 15 persons were injured in the five counties the storm covered. The village of Hollow was razed.

Six Red Cross workers from mid-western division headquarters at St. Louis were at Columbus, five at Pekin, four in Missouri, 12 in Arkansas and 10 in the Alton, Ill. district.

Weather bureau officials at Kansas City said the storm began when warm air from the Gulf of Mexico clashed with a cold low pressure area.

Three-year-old Buddy Palmer died today of injuries he suffered at Columbus.

At Kellerville, 28 employees of the Skelly company studied math and science courses last month, and an equal number were in classes taught at LeFors, by Dean Murray, Texas A. & M. electrical engineer and Texas company employee.

Employees of the Phillips company, numbering 250, completed courses in science, mathematics, natural gas, and care and operation of internal combustion engines on Feb. 15.

HORSEMAN KILLED

BROWNSWOOD, March 31 (AP)—Rome Hall, 42, railroad employee, was fatally injured late yesterday when his horse bucked into a passing automobile driven by W. H. Wortham of Houston. Funeral services were to be this afternoon.

TORNADO KILLS TWO

WALNUT RIDGE, Ark., March 31 (AP)—Two persons were killed and at least six others injured by a tornado that swept through this section of northeast Arkansas last night. Mr. and Mrs. Mitchell Baird, both about 35, were killed instantly when their home near Minturn, south of here, was demolished. Their bodies were found in a field 150 yards from the wrecked dwelling.

NEW YORK CURB

CHICAGO, March 31 (AP)—Setbacks of 1 1/2 cents a bushel in Chicago wheat values late today accompanied five year low price record for securities.

At the close, Chicago wheat futures were 1 1/2 under yesterday's finish, May 85 1/2, July 81 1/2, corn 1 1/2 down, May 89 1/2, July 81 1/2, and oats 1/2 off.

KANSAS CITY LIVESTOCK

KANSAS CITY, March 31 (AP)—(USDA)—Hogs 1,000, small lot 8.85; good to choice 160-280 lbs. 8.60-8.00. Cattle 1,000, calves 300; most fed steers of quality to sell 7.60-7.75, choice 7.40 lb. Colorado heifers 8.75; selected vealers 9.50-10.00, most good to choice lots 7.00-8.00. Sheep 4,000; practically nothing sold early; opening bids on slaughter lambs around 25 lower; choice fed lambs held show 8.00.

OKLAHOMA CITY LIVESTOCK

OKLAHOMA CITY, March 31 (AP)—(USDA)—Cattle 2,500, calves 800; steels early 7.75; butcher cows 4.75-5.50; few vealers above 8.00; slaughter calves mostly by 6.50-7.50.

Hogs 2,400; early market steady at yesterday's close. Few selected heavyweights to local butchers around 8.50; packing ones steady; mostly 7.00-7.25.

Sheep 1,500; few early sales; indications about steady, with choice light springers upward to 9.25, and winter spring lambs 8.25-9.00; wool fed lambs early 7.50 down.

CHICAGO PRODUCE

CHICAGO, March 31 (AP)—Poultry live, 1 car, 25 trucks, steady to firm; hens 8 lbs. and under 22; leghorn hens 19 1/2; Plymouth and white rock fryers 26; Plymouth and white rock springers 28 1/2; other prices unchanged.

Butter 576,469, steady; creamery-seconds (84187 1/2 score) 22-23; other prices unchanged.

Eggs 33,448, steady; fresh graded, firsts cars 17-17 1/2; storage packed extras 19, firsts 19.

NEW ORLEANS COTTON

NEW ORLEANS, March 31 (AP)—Incentives were lacking during the morning and business tapered off almost to a standstill. Demand drifted up as net advances of about 50 cents a bale and earlier buyers took profits.

There was some selling for foreign accounts and near mid-session May traded at 8.70, July 8.72, Oct. 8.76 and Dec. at 8.84, or unchanged to 7 points above the previous close.

Advices from textile centers said trading was confined to minor spot lots with second hands and mills evenly divided the available business.

The turnover, here yesterday was 16,450 bales and open commitments 402,100 bales, a decrease of 5,300 bales from the previous day.

NBC FOUNDER NAMED PUBLISHER OF PAPER

NEW YORK, March 31 (AP)—Merlin H. Aylesworth, founder and first president of the National Broadcasting company, was named today by Roy W. Howard as publisher of the World-Telegram, the New York unit of the Scripps-Howard chain of newspapers.

Howard said the editorial and news departments of the World-Telegram would continue under his direction as editor and Lee B. Wood as executive editor.

Aylesworth replaces Ray A. Huber, who returns to the general management of the Scripps-Howard chain, continuing, however, as a director of the World-Telegram Corporation.

About a year ago, Aylesworth entered the business branch of the Scripps-Howard newspapers.

CARLSBAD, N. M., March 31 (AP)

Bob Cox, former Duke University athlete and recently assistant football, basketball coach at West Texas State Teachers college, has been appointed Carlsbad, high coach succeeding Rupert Smith, resigned.

PARDON GIVEN MAN WHO LIED WAY TO ROCK

WASHINGTON, March 30 (AP)—Rolle (Hardrock Roy) Reator, who lied to get a federal prison term and then sent to rockbound Alcatraz Island, won a full presidential pardon today.

President Roosevelt, the justice department announced, acted on Hardrock Roy's substantiated assertion that he already was in jail at the time of the St. Joe, Tex., bank robbery for which Hardrock got 20 years. Hardrock's story to the President was full of the Paducah, Tex., jail, where he was confined on a robbery charge, he said, which he "confessed" in 1935 to the St. Joe robbery and kidnapping. He had heard Atlanta federal penitentiary was "soft" and he hoped to be sent there. He hadn't even thought of being sent to Alcatraz.

The fact that he was already in jail at the time of the St. Joe bank robbery did not come up when he pleaded guilty in federal court, and Hardrock was sentenced to this country's devil's island.

Hardrock's hard luck didn't stop there. When he found Alcatraz less to his liking than the Paducah jail he was unable at first to prove that he was behind bars at the time of the federal bank robbery.

The jail had been hit by a tornado and its records blown away. Then, somebody remembered—maybe it was the bride—that Hardrock was married while serving that particular jail term. Marriage records showed his wedding took place while he was in custody of a turnkey.

Hardrock Roy cannot, however, go back to the bride who saved him from 18 years more at Alcatraz. He was shipped from the federal penitentiary in San Francisco Bay to El Paso, Tex., where he must finish out the old state robbery term.

There is one bright spot in Hardrock's story. He was the first Alcatraz inmate to win a pardon.

BACHELOR TO BE KING OF SMALL 'GAUSTARK'

VADUZ, Liechtenstein, March 31 (AP)—Bachelor Prince Franz Joseph, 32 today ruled the tiny principality of Liechtenstein. Authority was delegated to him by his grand-uncle, Prince Franz I, ruler of the 63-square-mile kingdom.

Renewing worn Golf Cleats
If you wear the cleats on your golf shoes unevenly, new sets can be purchased together with a special tool for removing the worn ones.

As Fire Blazoned Houston Skies

Flames roared defiance to firemen at every window in the six-story furniture establishment above when the cameraman snapped this spectacular picture of a half-million-dollar fire in Houston, Tex. Shooting flames in weird contortions emphasized by the blackness of surrounding night, surged through the roof and spread rapidly to an adjoining church and 25 other business establishments. Cause of the fire was not determined immediately.

NEW MEXICAN PARTY FORMED IN OIL CRISIS

MEXICO CITY, March 31 (AP)—A new "party of the revolution" came into being today to carry on the nation's Mexico for Mexicans program, looking toward a society without classes in a Socialist state.

The new party of laborers, farmers and soldiers is an intensified government party, taking over the organization of President Cardenas' former national revolutionary party. Barba Gonzalez, head of the old party, was named president of the new.

Its proposed platform, presented in convention last night, carries a call for "progressive nationalization of big industry" (like expro-

propriation of the \$100,000,000 foreign-owned oil industry.)

The taking over of the oil industry from 17 American, British, and Netherlands owners brought vigorous United States representations asking how Mexico would pay indemnity, and today there were indications of a possible split in Cardenas' hitherto solid congressional support.

A special session of Congress will take up the oil question April 11. It was ascertained that before then at least ten senators were preparing to ask the President how Mexico would find foreign markets for the oil; what would the government do about the mining industry, likely to be hard hit by United States suspension of silver purchases and a drop in the world price; and how would Mexico pay for the oil properties.

There has been speculation, without official action, that the oil companies might be paid in oil, although their spokesman did not favor this; or that the company management might continue to operate the wells, applying profits to the debt.

Should no way be found to open British and American markets,

UNSEATING OF GRAVES FAILS

AUSTIN, March 31 (AP)—Motions seeking to unseat Judge Harry N. Graves of Georgetown from the state court of criminal appeals failed in that court yesterday.

Judge Graves' eligibility was challenged in motions for rehearing of two minor criminal cases from Ellis county. Attorneys for the appellants said he could not continue on the court because when appointed he was a member of the legislature which raised salaries of the judges.

Presiding Judge W. C. Morrow and Judge F. L. Hawkins decided the question, with Hawkins writing the opinion, Judge Graves disqualified himself.

Judge Hawkins said Graves' eligibility could be attacked only through quo warranto proceedings and the court of criminal appeals was not the proper tribunal for such a case. He cited several precedents of both the United States and state supreme courts.

"If this court is without power to determine the eligibility of Judge Graves," he wrote, "any expression thereon would not amount to an adjudication of the question, and we have no disposition to attempt the exercise of a jurisdiction which we do not have."

"The present effort to raise the question of the eligibility of Judge Graves is a collateral and not a direct attack. The holding of the courts is quite uniform in all jurisdictions and that such question may not be raised collaterally."

The opinion sustained the contentions of Lloyd Davidson, state's attorney before the criminal appeals court, and such widely known lawyers as former Governor Dan Moody and Charles L. Black of Austin.

Normally buying 60 per cent of Mexican oil exports, there is a possibility Mexico might conclude a barter of trade agreement with Japan, Germany or Italy.

The newly formed revolutionary party by its projected platform would pledge the party to the Socialist doctrines of Marx and to retain the present constitution and Democratic form of government.

SEWING HINTS

Basting threads may be removed easily by clipping them at six-inch intervals and pulling them out with the blunt ends of scissors. In sewing snaps on garments sew all the halves on one side. Brush them over with chalk. Press against the other side of the garment and the chalk marks will show where each additional half should be attached.

TEXAS CONFISCATION LAWS DIRECTLY UPHELD

AUSTIN, March 31 (AP)—The Austin court of civil appeals yesterday ruled directly the state's oil confiscation laws were constitutional.

It had held the statutes valid on several occasions in an indirect manner.

The appellate court affirmed an Austin trial court's ruling confiscating 10,000 barrels of oil which had been found to be illegal in that it was produced in violation of conservation laws.

Appeal from the district court ruling was by the Skipper-Bivens Oil company and the court said validity of the regulations was attacked on two grounds:

(1) The oil, being in storage tanks and a useful commodity in commerce and not inherently hazardous, was not a nuisance and could not be made so by the legislature.

(2) The oil was produced prior to the effective date (May 11, 1935) of the act and therefore, as to it, the act was retroactive and void.

"Probably no legal principle is more firmly grounded in our jurisprudence," the court said, "than that the state has power to conserve the natural resources within its boundaries, and to enact such laws and through proper constituted legislative agencies promulgate such regulations thereunder, as may be necessary or appropriate to effectuate that objective."

CAMP MEETING REMAINS FACTOR IN TEXAS LIFE

BAIRD, March 31 (AP)—The "camp-meeting," a between-planting-and-harvest outdoor religious revival that had its greatest vogue in pre-jazz days, still is an important factor in the summer life at Deep Creek, between Baird and Putnam in Callahan county.

The camp grounds, near the "Broadway of America," U. S. highway No. 80, soon will be populated by hundreds of campers, some from 100 miles distant, who erect tents and cut down beds to enjoy ten days or two weeks of three-a-day meetings.

The tabernacle, sitting in a grove of pecans on the bank of Deep Creek is the gathering place for hundreds of persons to listen to evangelists who give their time to arousing a return to the "old-time" religion.

A pipe and spigot leading from a spring was placed against a young tree in Bedford, Ohio, years ago. Today water seems to come from the tree, which grew around the pipe and left the spigot protruding.

TEXAS HAS ONE OF 10 HIGHEST DAMS IN WORLD

AUSTIN, March 31 (AP)—Described by builders as one of the ten highest dams in the world, Marshall Ford Dam, one of the Colorado river structures, is taking shape rapidly on the Colorado River 10 miles above Austin.

Engineers label it the biggest man-made structure between Boulder Dam and the Tennessee Valley project.

Workmen pour 12,000,000 pounds of concrete into it daily—approximately the material for the struc-

ture of a "six-story office building. Completion is expected about March 31, 1939.

One of five proposed or completed dams on the once unharmed river whose annual property toll was counted in millions of dollars, the Marshall Ford structure is almost a reproduction of the Norris Dam of the Tennessee Valley authority which is nearing completion.

However, the Norris Dam is somewhat longer and includes locks and facilities not in the Texas span. Marshall Ford is a bit higher—193 feet and 2,300 feet long.

A considerable part of it has reached maximum height and other sections are being poured in forms in a series of steps that rise from normal river level.

A million barrels of cement and more than 4,000,000 pounds of reinforcing steel will go into the structure. Its completed weight will be more than 3,000,000,000 pounds. The dam will back up a lake about 60 miles long, with a sharply in-

creased shoreline more than 200 miles in length.

When full, the reservoir will store 250,000,000,000 gallons of water.

Deep-fry by Thermometer
To avoid greasiness when frying in deep fat keeps the fat as near as possible to the correct frying temperature given in the recipe. Testing with a cooking thermometer is the safest method. After removing the cooked food always test the temperature of the hot fat before starting to cook the second batch.

HARVESTER FOOTBALLERS DIVIDED INTO ALLEY RATS AND RINKY DINKS

INTER-SQUAD SCRIMMAGES WILL BE HELD

Harvester coaches yesterday afternoon divided their squads for the purpose of inter-squad scrimmages with J. W. Graham being elected captain of the Rinky Dink and Jack Hesse captain of the Alley Rats. The two teams will meet in a full length scrimmage this afternoon at 4 o'clock.

The first string line, with the exception of the ends, will be on the Alley Rat side with the first string backfield and ends playing for the Rinky Dinks.

Following a lengthy workout yesterday afternoon, coaches changed Pete Dunaway and Albert Kemp, placing Kemp at the short position with Dunaway going to left half-back. They will play these positions this afternoon with Captain Graham at right half and Bob Karr at full.

In front of the first string backfield will be Andis and Kyle, ends, Ripple and L. Dull, tackles, Giddens and L. C. Bailey, guards, and Candler, center.

The Alley Rats will line up with Doyle Auld, quarter, Watkins and Miller, halves, Word full, the Clemmons cousins at ends, Essey and Brown, tackles, Parish and Rumpole or Stiles, halves, Solomon center.

20 Schools Asked To Send Boxers to Canadian Tourney

CANADIAN, March 30—The second of a series of boxing tournaments sponsored by the Canadian high school will be held Friday and Saturday nights. Invitations have been extended to 20 schools to send boys.

Among those already entered are Pampa, Wheeler, Shamrock, Kel-

SPORTS

Pampa Daily News THURSDAY EVENING, MARCH 31, 1938. PAGE EIGHT

Abilene Golden Gloves Champs To Fight Here

Winners in the Pampa Daily News Golden Gloves boxing tournament who will meet Abilene's champions at the Pampa Athletic arena on the night of April 22 are working out daily here and in White Deer, Shamrock and Aalanced from where champions came to the local arena. The night of boxing will not be confined to bouts between the eight

champions but will feature several other bouts between local and visiting boys between local youngsters who want to see "who is the best."

In all, 15 or 16 bouts are being arranged for the night of amateur boxing. Sale of reserve seat tickets will be placed on sale. Although the entire arena seating area has been reinforced, and in some cases rebuilt, only 1,500 fans will be admitted before the doors are closed so "first come will be first served."

The dual meeting of champions will be under supervision of the Pampa Amateur Athletic association of which Paul D. Hill is president. Proceeds, after expenses, prizes and percentage to the visiting city have been deducted, will go into the fund started for advancement of amateur sports by the Golden Glove tournament. The invitation meet is not being staged for personal gain of any person but to give fans more amateur boxing, which they desire, and to swell the fund to give Pampa youth someplace to enjoy athletics.

The dual meeting of champions will be under supervision of the Pampa Amateur Athletic association of which Paul D. Hill is president. Proceeds, after expenses, prizes and percentage to the visiting city have been deducted, will go into the fund started for advancement of amateur sports by the Golden Glove tournament. The invitation meet is not being staged for personal gain of any person but to give fans more amateur boxing, which they desire, and to swell the fund to give Pampa youth someplace to enjoy athletics.

Bill Terry, boss of the Giants, concedes "a team like the Yankees can beat the cars off anybody," but adds: "A man who can bust up a ball game with a hit is a great asset, but he is worth twice as much if he also can save a game by being a fine defensive player. That's the way we play ball in our league. We do not plan to give the other team runs and then count on scoring more by sheer power. We stress defense. All the teams in our league play that kind of ball and we believe it to be the best baseball there is."

Terry's remarks, occasioned by Walter Hoyt's magazine thesis that the A. L. exploits power and liberalism, as opposed to N. L. defensive tactics and conservatism, cover only part of the general rebuttal. The fact is that the powerhouse idea is vastly over-rated. For example, the Yankees converted their power into pennants only when they had the defensive skill and pitching to support it. The Yankees were outbid in their own league last year by Detroit, and even St. Louis, the last-place club, but won the pennant by a 13-game margin. In the world series, their defense was critically as vital a winning factor as their batting power.

Golfers Warm Up For Tourney on Augusta Course

AUGUSTA, Ga., March 31 (AP)—The nation's golf leaders got in final warmup rounds today for the renewal of the Augusta national tournament which features the annual competitive appearance of Bobby Jones, retired golf king.

The Atlanta lawyer, who has never come closer than a tie for 13th in the Augusta competition, shot a two under par 70 in practice yesterday.

The tournament, starting Friday, attracted a field of some 50 players, including all members of the United States Ryder cup team. 19 U. S. open champions, five professional champions and four who have won the national amateur title.

Meeting here last night with George R. Jacobus, president of the Professional Golfers' association, some 35 leading players agreed that only tournaments with purses of \$55,000 or more should be scheduled by the association. At present the minimum limit for P. G. A. purses is \$3,000.

The suggestion must be presented before the executive committee of the P. G. A. for final approval and adoption. The committee is expected to meet within a week or ten days.

TRAINING CAMP BRIEFS

ORLANDO, Fla.—Emil (Dutch) Leonard is in line for a starting assignment on the Washington Senators' mound staff largely because of Rookie Pitchers Joe Krakauskas and Ken Chase haven't come up to expectations. Leonard's knuckler is the most impressive pitch in the Senators' camp, too good, perhaps, to save only for relief roles.

NEW ORLEANS—The Cleveland Indians play their last game in New Orleans today before breaking camp tomorrow. They meet the New Orleans Pelicans, with Bob Feller, Bill Zuber, and Al Milnar scheduled to pitch.

BILOXI, Miss.—Eddie Morgan, the outfielder obtained from Brooklyn in the Camilli deal, is attracting the attention of Manager Jimmy Wilson, of the Philadelphia Phillies. Morgan collected two doubles against Cleveland yesterday and exhibited an accurate throwing arm.

ST. PETERSBURG, Fla.—The New York Yankees, still minus Joe DiMaggio, break camp today and head for Tallahassee. They will reach New York by a previous route and will

ALLISON WILL MEET SABIN IN HOUSTON MEET

By OLEN W. CLEMENTS HOUSTON, March 31 (AP)—Texas' Wilmer Allison steeled his aging legs today for his match with up and coming Wayne Sabin of Hollywood.

Quarter-finalists in the River Oaks tourney with six other crack players, the two will meet in one of the two matches carded today. The winner must take three out of five sets.

Defeat for Allison, once the nation's top ranking player and now bent on a comeback, could mean voluntary retirement from a brilliant tennis career that began when Sabin wore knee breeches. To Sabin victory could be extra sweet—few men have taken Allison's measure in tennis.

Neither showed any signs of slipping yesterday. Allison polishing off Edwood Cooke of Portland, Ore., in straight sets, 6-1, 6-2, and Sabin defeating Jake Hess of Houston, 6-2, 6-2.

While Allison and Sabin were going about their chores, the post-tourney favorites, Bobby Riggs of Chicago, and Bryan (Bitsy) Grant of Atlanta, the defending champion, had their hands full for a while.

Off to a slow start, Grant came from behind to defeat Warren Christner of Austin, 7-5, 8-6, 8-6. Riggs came from behind to whip Bobby Kamrath, of Austin 8-6, 6-4.

Grant will play Bernie Coghlan of Santa Monica, Cal., today in the only other match scheduled. Coghlan yesterday beat Ed Loring of Austin, 7-5, 6-2.

Tomorrow Riggs will play Arthur Hendrix of Lakeland, Fla., who yesterday beat Edgar Weller of Austin, 6-2, 6-4. Hal Surface of Kansas City, who yesterday beat Paschal Walthall of San Antonio, 9-7, 6-2, will play Ernie Sutter of New Orleans, intercollegiate champion, victor over Frank Guernsey of Houston, 6-2, 6-2.

play minor league teams exclusively on the junket. Their next big league opposition will be the Dodgers on April 15 at Ebbets field.

SAN ANTONIO—While managers of several major league teams bemoaned epidemics of sore arms, Manager Gabby Street of the St. Louis Browns crossed his fingers, grinned and commented, "we haven't an ailment in camp and haven't had one all season that has worried us."

Longhorns Will Open Conference Schedule Today

(By The Associated Press) Uncle Billy Dusch's University of Texas Longhorns were set to open the Southwest Conference baseball

schedule at Austin today, with the Texas Christian University Frogs of Fort Worth as opponents. Garnett was expected to take the mound for the Longhorns with Woodrow Duckworth hurling for the visitors. Tomorrow and Saturday Baylor and Southern Methodist will cross bats in Dallas while the Texas Aggies entertain Rice at College Station for a two-game series.

DIFFERENCE IN LEAGUES SEEN AS NEGLIGIBLE

NEW YORK, March 31 (AP)—The literary gins that have been pounding home this spring the popular notion of the American league superiority over the National, as a prelude to the 1938 baseball pennant battles, seem to have misfired on a number of salient points.

It is quite true that harassed National leaguers have found no adequate escape from the demolishing No. 1 argument of their tormentors, who point to seven victories in the last ten world series and four conquests in five mid-summer all-star games.

These are the payoff events, but ton, Erick, Okla. Every weight between 85 pounds and the heavyweights will be presented. The school winning the most bouts will be given a 17-inch trophy and miniature gold and bronze gloves will be given winner and runner up in each weight, respectively.

Century's FLEET STREET STRAIGHT RYE WHISKEY 90 Proof CENTURY DISTILLING CO., PEORIA, ILL.

Film Removed From Right Eye Of Augie Galan

LOS ANGELES, March 31 (AP)—Outfielder Augie Galan of the Chicago Cubs baseball team was traveling around today with a bandage over his right eye.

Galan, whose fielding and hitting has been one of the bright spots of the Cubs' fine showing in spring exhibition games in Southern California, underwent a minor operation yesterday for removal of a film that had grown over his right eye.

Dr. W. A. Morrison said Galan would be able to resume his duties with the Cubs within a week.

ON WELL-REMEMBERED OCCASIONS... Tradition Calls for T.W. Samuels

SINCE 1844, men of affairs have called for "T.W." when discussing an exciting event. T.W. Samuels' smooth taste, rich body and memory-awakening aroma have given it a place of honor when fine whiskies are discussed. That's why it is the called-for whiskey on special occasions.

Every drop of T. W. Samuels is distilled and bottled at the T. W. Samuels Distillery. For 93 years, a Samuels has supervised its distillation.

High Hurdles Events Top Texas Relays Saturday

AUSTIN, March 31 (AP)—Sparkling high hurdles at rations top the list of events for the 11th running Saturday of the Texas relays—the Southwestern premier track and field carnival.

A battle was forecast in a special duel between Alan Tomlich, agile amateur indoor champion from Wayne university at Detroit, and Sam Allen, stellar sick-stepper from Oklahoma Baptist university, co-holders of the relays 120-yard hurdles record at 14.3 seconds.

Forest Townes, celebrated world champion from Georgia, will run in an exhibition against an unnamed opponent. Director Clyde Littlefield cancelled a three-way affair for the stars since Townes' professional standing might impair the Olympic team chance of Tomlich and Allen.

Outshone by the great trio but considered potential Olympic material were three record-smashing timber toppers in the regular university event. The phenomenal sophomores Fred Welcott of Rice Institute and Boyce Gatewood of Texas will test their speed against Jack Patterson, veteran Rice pace-setter. Eldon Frank of Nebraska and Marsh Farmer, Texas Tech's one-armed star, also are entered.

Bob Hubbard of Minnesota, Harvin Dawson of Nebraska and Jud Atchison of Texas each has bettered 24 feet in the broad jump, an event attracting keen interest, while William Graham, a Texas sophomore, might endanger the javelin record set at 219 feet, 8 1/2 inches, by Alton Terry of Olympic fame. Graham has hurled the spear more than 216 feet.

A Minnesota squad, arriving two weeks early for conditioning, led 19 teams including Drake, Kansas State, Nebraska, Kansas, Missouri, Louisiana State, Arkansas, Oklahoma and others in the university division.

The college class of 15 schools, headed by the North Texas Teachers college double twin entry of Wayne and Blaine Rideout, distance men, and Elmer and Delmer Brown, sprinters, included the usually strong Oklahoma Baptist college and Yankton college of South Dakota, a newcomer.

Thirteen institutions have entered junior college and freshman squads and 74 high schools will be represented.

The relays boast six best performances out of 13 common to the Penn. Drake and Kansas relays. Littlefield has pointed out. He said Drake was second with three.

Black Hawks to Play Americans

CHICAGO, March 31 (AP)—Chicago's unpredictable Black Hawks will do or die tonight against the surprising New York Americans, in the battle for the right to meet the Toronto Maple Leafs for hockey's grand prize, the Stanley cup.

One up due to their 3 to 1 triumph on New York ice Tuesday night, the Americans were favored to ultimately win the best of three.

CHAMBERS LINES UP ANOTHER 'NATURAL' FOR MONDAY NIGHT

Promoter Cliff B. Chambers has lined up another "natural" for Monday night at the Pampa Athletic arena when he will give fans scientific grappling and roughing, both on the same card. Headline attraction will be George Hartay, the Hungarian sensation, and Wild Bill Venable, the Tuscaloosa woodchopper.

Andy Tremaine, who left the country for a couple of weeks after toppling Venable from the undefeated list, will be on the semi-final with the returning Barriem Pasha Bey, the terrible Turk. Tremaine was dropped from the main event card for disappearing just when needed and the flash will have to work back up to a main event.

Opening the card at 8 o'clock will be Bob Cummings and Dick Sampson in the scientific battle of the evening. Cummings has been on a road trip but will return Monday.

Hartay has been showing the clean, scientific boys new wrinkles in wrestling and Promoter Chambers has decided to give him a chance to show his stuff against a roughster. Fans want to know whether Hartay can get tough if the occasion arises, and it will arise Monday night with Venable in the ring.

The semi-final will feature speed and cunning against roughness with Tremaine the speedster. Bey, who kneels on a prayer rug and talks with Allah before each bout, likes to mix it.

four reason, were primed for a

rousing effort on their own rink.

80 PROSPECTS WORKING OUT WITH HOUSTON

HOUSTON, March 31 (AP)—Tough job this writing about your own ball club.

Right now I don't know what the Houston Buffs will look like as a 1938 machine, but I'll give these thumbnail sketches on the possibilities we have in a camp of more than 80 players. Out of this bunch is bound to come a baseball team.

John Watwood, first base: two years in the league makes his story short. He is in splendid shape and definitely is our first sacker.

John (Brudder) Grodzicki, pitcher: a fireballer. Needs control to be a major leaguer, but has a great fast ball and is improving.

Jim (Cowboy) Winford, pitcher: with the St. Louis Cards several years, Winford will be a great pitcher for us if his health, bad last year, improves. He's working hard with an eye on getting back into the majors.

George (Red) Munger, pitcher: last year was his first in baseball—with New Iberia. A good fast baller, he should help tremendously. Should be a major leaguer within two seasons. Righthanded.

D. L. (Country) Smith, outfielder: lefthanded hitter, fast and a great throwing arm. Two years in pro ball—both very good. He'll make a fine player in this league.

Victor (Red) Oehler, outfielder: righthanded hitter and thrower. Great arm, power at the plate and very fast.

Lynn Meyers, infielder: with Asheville, N. C., last year. Small but has a fine arm and is speedy. May play third or second. Been in pro ball several years so has experience enough.

Jack (Red) Davis, shortstop: with us last year, Red has the possibilities of becoming a great player. A superlative fielder, he has a whippy arm plus grace and coordination that makes him a stand-out. Hits the ball hard—but not often enough.

Thomas Turner: rangy, with a good arm. One of the best young receivers I have seen in some time. Same weakness as many others—hitting. Power?—but will he hit Texas league pitching?

We have three lefthanded pitchers in camp—Brechuen, with Galveston two years ago and Ado Severi and Tom Perry from Springfield. Know nothing about these boys except they have fine records.

Today's Answers to Cranium Crackers 1. Gastronomy is the science for good eating, while Sheridan, Grant, and Sherman were northern generals in the Civil War.

2. The Cherokee tribe was an American Indian tribe, while Bull Run, Gettysburg, and Chancellorsville were famous Civil War battle sites.

3. Hamilton was the first U. S. secretary of the treasury but never was president, while Madison, Jefferson and Washington were early U. S. Presidents.

4. The Bosphorus is the strait connecting the Black Sea and the Sea of Marmora, while Lee, Beauregard, and Longstreet were Confederate generals during the Civil War.

5. A marathon is a long foot race, while Hull, Morgenthau and Wallace are members of the present U. S. cabinet.

LIL ABNER Having Wonderful Time

THIS CURIOUS WORLD

A SPECIMEN of the giant turtle that once swam the Kansas seas may be seen at the Peabody Museum, at Yale University. It far exceeds in size any turtle living today. The creature probably became extinct when larger and more voracious animals developed in the ancient seas.

SCIENTISTS SAY: THAT THERE IS NO SUCH THING AS A SPECIAL BRAIN FOOD!

COWTOWN NINE BETTER THAN LAST SEASON By FLEM HALL Fort Worth Star-Telegram Sports Writer

FORT WORTH, March 31 (AP)—The Fort Worth Cats finished third over the full season run in the Texas League in 1937, won the Shaugnessy playoff series to capture the pennant and then went on to rout Little Rock, Southern Association champion, in the Dixie series.

This spring the Panthers are starting with a team which Manager Homer Peel rates equal to, if not actually superior, to the one which finished so sensationally last season.

The team appears to be improved in two respects—catching and pitching—and weakened in none.

With the exception of Ed Selway, the Tulsa castoff who came to life after a useless season to pitch fantastically well in the post-season series, the pitching staff is the same, plus one addition—Joe Gibbs, former Galveston star, who was brought from Kansas City, Selway was drafted by Detroit, Jackie Reid and Ed Greer are back to bid for another 40 games between them.

From a flock of youngsters including Clyde Small, Paul Le Blanc and Jim Gravin, Peel will select the supporting cast, while the veteran Dick Whitworth is likely to fill the role of chief relief and rescue man.

For, worth first call at a split-second ridding himself of Bill Jackson and Frank Krole as soon as possible after the season closed. In their places he has Vernon Mackie, ace receiver of the Oklahoma City Indians who was purchased during the winter and George Butler, a promising youngster who came up from the Cotton States League late last year to bat 324. Manuel Oris is likely to be traded to Shreveport or some other class A club in need of a seasoned catcher who can throw.

Les Stebbins and Clyde McDowell will be back at first and second bases respectively, where they did grand jobs all of the 37 care.

Connie Flippen, flashy young star from the Western League who finished the last race with a .300 batting average, will be replaced by a stop-over the veteran Jimmy McLeod, who is to be moved to third base.

Les Mallon, obtained in a late \$5,000 deal from Dallas, is expected to make good his threat to retire from the game. While he was a life-saving influence in the closing weeks of last summer Les is considered "through" and his absence will not weaken the club.

Peel, Jerry Moore, and Fisher Hugh Shelley or Freddie Frink will form the outfield.

Peel last year led the league in hitting. Moore is a youngster who came along rapidly in the late stages of the 1937 campaign and may

RIDEOUT TWINS STAR IN MEET

DENTON, March 31 (AP)—The Rideout twins, performed outstandingly yesterday in a dual track meet between the North Texas Teachers college and the Oklahoma A. & M. college.

Although the Teachers lost the meet, with 59 points against 66 for the visitors, their individual showing was more conspicuous.

Blaine Rideout ran a mile in 4 minutes 11.8 seconds, which bettered the Southwest conference record by about 10 seconds. Brother Wayne ran the half-mile in 1:54.3, faster than the Southwest conference record.

The North Texas mile relay team ran the mile in 3:19.5.
