12 Out-of-Town Bands And 10 Floats Enter Parade

MAN SEIZED IN FLORIDA KIDNAPING

FAMED MEAD EXHIBITS MAY BE DISPLAYED

With the entry of three more bands to march in the Top O' Texas parade here on the morning of June 9, the total number of out-of-town bands that will participate in the parade was brought up to an even dozen today.

New band entries are Berger, Perryton, and Plainview. With the Pampa bands, there will be 18 bands in the parade.

In addition to entering their bands in the parade, neighboring towns are showing considerable interest in the floats that will represent their towns. There have been ten floats already entered; those of McLean, Wheeler, Miami, Ferryton, Berger, Panhandle, White, Deer Groom, Clarendon, and Shamrock.

These floats are being built by the Pampa Junior Chamber of Commerce, sponsors of the fiesta at no cost to the towns.

Three Miami citizens were in Pampa yesterday conferring with fiesta committees concerning Miami's float. Judge J. A. Mead, one of the three Miamians, also talked to E. D. Yowell, chairman of the exhibits committee, about entering his historical collection in the exhibits contests. Judge Mead has one of the finest collections in the Panhandle.

The floats are being constructed in accordance with the wishes of the communities they represent. They will be housed at the Magnolia Petroleum Company's camp in the east part of Pampa, the same location as was used for this purpose last year.

McLean's float will depict the rolling plains of southeastern Gray county, and will carry "corn of plenty" from which will issue representation of fruits, vegetables, and oil, emphasizing the theme of McLean as the "Community of Diversified Interests."

Ferryton's float will have a model of Coronado searching for the buried city, located in Ochiltree county, now the object of an archeological search.

Miami's float will have representation of three historic periods; the Stone Age, the time of the Indians, and the era of the cowboy.

7 BOYS GET AWARDS AT SCOUT COURT OF HONOR

Two boys were advanced to first class rank, one to second class rank and five received 12 merit badges at the monthly Scout Court of Honor Monday night in the district court room. L. L. McColm presided in the absence of the Rev. Robert Bishop, court of honor chairman.

Incident weather and absence of many boys at summer camp reduced attendance.

Named first class Scouts were Everett Sparks, troop 18, and Bobby McClendon, troop 14. Second class Scout was Oley Broun, troop 21.

Receiving merit badges were: Troop 18—Ray DeOrleans, capcity, cement work and wood carving.

Troop 14—Robert Brandon, handicraft and woodwork. Kenneth Nelson, handicraft and cooking.

Troop 18—Everett Sparks, personal health, first aid to animals and safety.

Troop 21—John Shelton, handicraft and bookbinding.

1,000 Cabin Boats Hunted for Clues

NEW ROCHELLE, N. Y., June 1 (AP)—Seeking the boat in which they believe kidnaped 12-year-old Peter Levine was kept prisoner, police began today a systematic check of 1,000 cabin cruisers based near Davy-croft Neck in Long Island Sound.

They also continued to drag portions of the sound in the hope of finding the head, feet and hands of the boy whose wire-baited torso was washed ashore last Sunday, a short distance from his home.

I HEARD ---

That Mrs. Marshall Oden received word this morning that her brother, Harvey Dillow of Beed-Town, Calif., held a sweepstakes ticket on Scottish Union, second horse in the Epsom Downs Derby run in England today. The amount he will receive on his ticket had not been learned.

Wins 500-Mile Race With New Record

Seyd Roberts, 38-year-old Californian, as he pulled into the pits after winning the Indianapolis Speedway 500-mile race with a new record, an average speed of 117.2 miles per hour.

Recreational Program For Adults to Begin Here on Friday Night

Pampa's adult and teen-age recreational program, a project entirely separate from the children's summer playground set-up, will get under way with its first activity Friday night, it was announced today by Mrs. Roy A. Wallrabenstein, director.

The first activity will be the formation of an art class which will meet Friday night in Room 213 of the high school. The class, which will be limited to 25 persons, will touch on almost every medium in the field of art. The class will meet every Friday night through June, July and August.

Like all other activities under the adult-teen-age program, there will be no entry fee or charges of any kind in the class.

This phase of Pampa's recreational program has been organized by Mrs. Wallrabenstein, acting for the Council of Clubs, its sponsor, under three main divisions—cultural, home-making and recreational.

All expense of the entire program will be borne by the Council of Clubs.

In the home-making division of the program a group, limited to 30 women, will meet, beginning June 8, each Wednesday night in the City Club rooms at the City Hall where they will be supplied with free quilting material. This class is open only to women who need

Drive For Air Mail Feeder Lines Started By Panhandle Towns

Pampa and Amarillo men who took an active part in the Air Mail week program May 15 to 21 were guests of Postmaster C. H. Walker of Pampa and Postmaster W. D. DeGrass of Amarillo at a dinner in the Schneider hotel last night.

Immediate steps to secure permanent feeder air mail lines in the Panhandles of Texas and Oklahoma were advocated by Postmaster Frank DeWolfe of Guynon, Okla., guest speaker. He urged every town and city in the two Pan-

handles to work toward such a program. "We in the Panhandle of Oklahoma are just the stepchildren of Oklahoma City while you in the Panhandle of Texas are the stepchildren of Austin and unless we get together and do something ourselves we'll continue to be forgotten except on election years and when tax payment time comes around," the Guynon postmaster declared.

"Feeder routes are going to be established," he said.

See NO. 3, Page 5

SADDLE TO BE BEST CUTTING HORSE PRIZE

A fifth event was added to the Top O' Texas Fiesta rodeos yesterday, when it was decided that a cutting horse contest would be held at the afternoon performance on June 10. The rodeo performances are scheduled for 2:30 o'clock in the afternoons, and 8:15 o'clock in the evenings of June 9 and 10, at Road-runner park. Calf roping, bulldogging, bronc riding, and steer riding are other rodeo contests.

The cutting horse contest will be held only at the afternoon rodeo of June 10. In the contest, cattle are bunched in one end of the arena. Each contestant is to cut out three animals. He is allowed to cut out one animal in practice.

A fine saddle will be awarded as first prize, \$40 as second prize, and \$30 for the third place winner.

Names of the rider and his horse must be submitted to the rodeo headquarters office, at the Pampa Chamber of Commerce, by midnight, June 8.

Plans for the cutting horse contest were formed yesterday afternoon at a conference of H. C. Coffey, R. G. Hughes, and Sid Patterson, chairman of the rodeo committee.

LIONS AND KIWANIS TO HOLD JOINT MEETING

An extemporaneous program will be given when the Lions and Kiwanis clubs hold a joint meeting at noon Friday in the basement of the First Methodist church.

Frank Culbertson, will be in charge of the program with Dr. H. H. Hicks presiding over the meeting.

Program leader Culbertson this morning said he could not describe the program without revealing the surprises that are in store. Members of the Lions club are to present the program, but talks will be made by members of both the Lions and the Kiwanis clubs.

Temperatures In Pampa

See NO. 3, Page 5

QUICK PASSAGE OF RELIEF ACT URGED BY FDR

WASHINGTON, June 1 (AP)—President Roosevelt personally intervened today in the fight over earmarking proposed new federal public works funds with a warning that unemployment has grown more acute in recent weeks and that a flexible relief program is essential to check it.

The Chief Executive expressed his views in a letter to Senator Adams (D-Colo.), floor manager for the administration's \$3,247,000,000 spending-lending bill now being debated.

His action was quickly interpreted by administration Senators as greatly strengthening their stand against demands of Republicans and conservative Democrats that the funds be earmarked by assigning them for use on specified projects.

Mr. Roosevelt wrote Adams that unemployment has "grown worse" since he sent his relief message to Congress six weeks ago.

"Emergency employment, therefore should come right away instead of being deferred," the President said, adding, "I greatly hope that the emergency appropriation bill in its final form will put no restrictions on the immediate starting of works projects, and that it will make possible the selection of these projects which can be got under way most speedily."

Meanwhile "little business" gained assurance in the other big issue before Congress—wages and hours—that Senate conferees would fight for elastic standards in order to protect its interests.

MRS. JOE GORDON HURT IN VERNON CAR CRASH

Lewis Goodrich, Shamrock's candidate for attorney general of Texas, was held up at Vernon as the result of a minor automobile accident near that city Monday night. He was on his way to Fort Worth to carry his campaign into the North Texas area.

Goodrich informed his wife by telephone the accident occurred when his car stopped abruptly in front of him on the pavement near Vernon.

Damage to Goodrich's car consisted of a crumpled fender, crushed radiator and shattered right windshield. Mr. and Mrs. Joe Gordon of Pampa were riding with the candidate when the mishap occurred. Mrs. Gordon sustained a wrenched ankle, but the two men were unhurt.

Goodrich left Vernon this afternoon to continue his campaign tour.

VOLUNTEERS NEEDED TO OPERATE BIG 'ANIMALS'

More volunteers are needed to operate the huge monstrosities which will be marched through downtown Pampa streets as a Fiesta parade feature next Thursday and Friday.

This was the word today of Howard Armerik, in charge of arrangements for moving the giant figures of animals, reptiles and other characters in this particular division of the parade.

One hundred and fifty men are needed to operate the more than a score of parade figures and any persons willing to assist the Junior Chamber of Commerce are urged to list their names at Fiesta headquarters in the City Hall.

FIESTA TRIPPERS TO SOUTHEAST TOMORROW

The goodwill committee of the Top O' Texas Fiesta will complete its pre-celebration work tomorrow when a large delegation of Panhandle trippers, accompanied by the Junior high school band, will visit LeFors, McLean, Alameda, Shamrock, Wheeler and Mobeetie.

Gathering place will be at the high school at 7:30 o'clock with LeFors the first stop at 8:30 o'clock. The return to Pampa will be at 4:30 p. m.

Mayor E. S. Carr will accompany the trippers and will invite "very-one" to Pampa on June 8, 10 and 11 when the celebration will be held.

5 Mo. to Pay, Motor repairing, etc. Motor Inn Auto Supply.—Adv.

Fiesta Rodeo Fun-Maker

Here you see John Lindsey, at a clown, having trouble throwing the bull. Lindsey is the fellow who will keep crowds in laughter at the Top O' Texas rodeo here June 9 and 10. He is one of the foremost fun-makers in the business and, he gets into plenty of difficulties trying to emulate the work of the rodeo stars.

3,000 Pounds' Hopper Poison Scattered On Two County Highways

Four employees of the Texas Highway Department are co-operating in the fight against grasshoppers in Gray county. Since Friday the four men have been scattering 3,000 pounds of grasshopper poison compound along Highway 152, and east toward Miami of Highway 33.

A total of 25,900 pounds of the compound has been sold to Gray county farmers and other citizens to date. A single order at Pampa today was for 1,500 pounds.

At McLean, 1,700 pounds have been sold. At the Pampa mixing station, located in the vocational agriculture building on the high school campus, 1,499 pounds were sold on Monday to 25 Pampa citizens, and 5,892 pounds were sold to 11 Gray County farmers. On the following day, Gray County farmers bought 4,200 pounds from the Pampa station.

Work of the 16 men employed at the two stations, Pampa and McLean, has not yet been definitely assigned, due to the need of keeping their records straight. The men had previously acquired time on other WPA projects. Tentative plans call for keeping the stations open from 9 to 6 p. m. The men work in shifts of four, eight men to the station.

Barnes Kinzer is timekeeper and cashier at the Pampa station, and J. D. Back has the same position at McLean.

There are eight mechanical spreaders in operation in Gray county, spreading the poison. The Highway Department employees are spreading the compound by hand. The compound is in sacks and the men spread the compound as if sowing.

GEDILLO'S REBELLION REGARDED AS ENDED

MEXICO CITY, June 1 (AP)—The Mexican government apparently has written final to the revolt of Saturnino Cedillo which broke out May 20 in San Luis Potosi state.

Dispatches from San Luis Potosi City said Cedillo's sister had visited President Lazaro Cardenas in an attempt to arrange a surrender of the agrarian overlord.

President Cardenas was quoted as saying in an address at Matehuala in the northern part of the state, "Let us leave the sick man (Cedillo) to his flight through the hills."

Strike Protests High Court NLRB Decision

ILION, N. Y., June 1 (AP)—A "standup strike" by Remington Rand employees in protest against refusal of the United States Supreme Court to review a National Labor Relations Board order reinstating strikers ended quickly today in plants at Middletown, Conn., and Ilion, Syracuse, and Elmira, N. Y.

Employees returned to their jobs after being told that the company would do "everything possible" to meet demands of the Remington Rand employee association that the group be recognized as the sole bargaining agent for workers.

W. W. Willis, assistant to the manager of the Elmira plant, said "peaceful cessation of work" ended there after 25 minutes. Harold Day, manager at Ilion, said work was resumed after an hour's delay.

BOY GIVEN UP FOR DEAD AS POSSES HUNT

PRINCETON, Fla., June 1 (AP)—Abandoning hope for the safe return of kidnaped Jimmy Cash, hundreds of men undertook a hunt in poses of 15 today while federal agents dramatically rescued one of their number.

Emerging from a conference with the father, James Bailey Cash, Sr., in his home, the G-Men seized M. P. Braxton, a bald, portly carpenter about 55 years old, who was in the throng formed into posses in a school yard 100 yards away.

Shielding him with their bodies, they hustled him to an automobile and sped northward to a secret destination. They did not take him to the Miami F. B. I. office immediately and spokesmen there refused to discuss the development.

A general call was sent out for volunteers to start a thorough search of the farms and groves in this vicinity for some trace of the five-year-old youngster, stolen Saturday for \$10,000 ransom which was paid early yesterday. The highway through the center of Princeton was lined with automobiles for a mile in each direction as the aroused farmers responded.

E. I. Connolly, FBI inspector in charge of the case, personally directed search of the area around the spot where Cash tossed the \$10,000 in small bills from his car in accordance with a ransom note. Sheriff D. C. Coleman and deputies joined him.

"I talked with the family last night," said W. P. Cash, the boy's uncle. "The case is exactly where it was yesterday only it is one day worse."

"I've given up all hope the boy will be found alive. I didn't have much hope from the start but I feel that last night was the last chance for him to return alive."

The returned Cash, who runs a rival filling station next door to James Cash, Sr., indicated his brother now was willing for the posses to take to the fields since his hours had elapsed after he paid the \$10,000 ransom with no word from the abductors.

Crowd Impatient

The temper of the crowd, however, was to start searching regardless of what happened "last night," said W. P. Cash, the boy's uncle. "The case is exactly where it was yesterday only it is one day worse."

The returned Cash, who runs a rival filling station next door to James Cash, Sr., indicated his brother now was willing for the posses to take to the fields since his hours had elapsed after he paid the \$10,000 ransom with no word from the abductors.

National guardsmen, war veterans and 1,600 Boy Scouts were ready to join the farmers in the search. They were pessimistic about catching kidnapers now but sought to find the youngster dead or alive.

The territory to be searched was sparsely settled. East of the main highway, which runs north and south through Princeton, Wide vegetable fields, weed-grown this season, cover the flat country to the coast. West of the highway is a district of lima, orange and grapefruit groves and west of that lie the everglades.

REORGANIZATION BILL NEXT CONGRESS ISSUE

WASHINGTON, June 1 (AP)—Government reorganization became an issue today for the next Congress and possibly for the November elections.

Congressional leaders, with the approval of President Roosevelt, formally abandoned for this session the legislation which had aroused nationwide controversy and resulted in a major defeat for the administration.

A statement issued late yesterday by Senator Byrnes, Democrat, E. O. and Representative Warren, Democrat, N. C., chairmen of the Senate and House reorganization committees, said some form of a reorganization bill would be placed before the new 1939 Congress.

I SAW ---

The entire motorcade of the goodwill trip to Amarillo and vicinity coming to a halt as the school bus, one of two carrying the Junior high school band, pedaled. It became necessary to the bus to stop a moment to fight between two small boys.

MISS TIEMANN COMPLIMENTED BY MRS. VINCENT

Complimenting Miss Madge Tiemann, whose marriage to Johnny Zuerker will be solemnized on June 8, Mrs. Joe Vincent entertained with a shower in her home yesterday afternoon.

Spring flowers decorated the house and corsages of roses were presented to the bride-elect and her mothers, Mrs. A. A. Tiemann. Refreshments of raspberry sherbert, angel food cake, and ice tea were served to Misses J. S. Wynne, J. M. Bell, De Lea Vicars, Minnie Russell, John Tate, Charlie Thomas, John K. Sweet, Dave Pope, Clinton Henry, Claude Dunbar, Tom Bunting, Bill Dull, W. P. Vincent, A. A. Tiemann, Misses May Blair, Betty Jean Tiemann, Evelyn Bunting, and the honoree.

Gifts were sent by Misses Cecil Miller, J. E. Cronan, A. T. Case, Misses Belva Dull and Dorothea Thomas.

Saidie Orr Dunbar Sees Women as Potential Force

By THE AP SERVICE

PORTLAND, Ore., June 1.—Saidie Orr Dunbar believes organized womanhood should solve the social problems of the United States. Because she worked to put this belief into practice, Miss Dunbar has just been elected president of the General Federation of Women's clubs.

The new head of the world's foremost organization of women is a large woman with soft, brown hair slightly gray and unobscured. She has blue eyes and a ready smile. Friends say she has a comforting personality, and that one's first impression on meeting her is that "you could sit down and talk to her anytime."

The 57-year-old Mrs. Dunbar is considerably more than a confidante. Missouri-born, she came to Oregon as a child, was graduated from Portland university, and started her club work in 1908, three years after her marriage. (Her husband died in 1928; they had two children.)

Interested primarily in public health, she was chairman of public health for the Oregon Federation of Women's clubs, and in 1915 became executive secretary of the Oregon tuberculosis association. She held that post until her recent election. Oregonians say she made the tuberculosis association one of the state's most vital organizations. Her work won her an honorary degree of doctor of humane letters from Oregon's Linfield college last year—the first ever given to a woman by that school.

Besides her work with the association, she instructs in community organizations in the University of Oregon's department of nursing education.

In 1935, elected first vice-president of the General Federation, she expressed her creed this way:

Women must "plumb to the very depths their own potential force as organized women of the definite solution of some of our unsolved social problems."

Girl Scouts of Troop Seven Will Meet at City Park

Girl Scouts of Troop seven met Tuesday at the Horace Mann club for a session opened with the pledge of the flag and the singing of "The Star Spangled Banner."

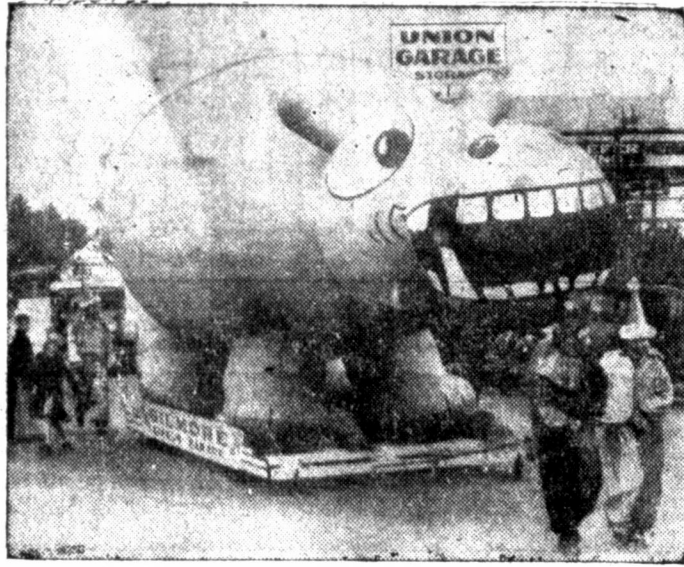

Mary Helen Hays told the group of her Scout work in another state and about her leader who went to Switzerland with other Girl Scout workers.

Mary Myatt, Marylyn Hasten, and Beverly Burba passed the five points of health. Arlean Stark told a pet story and Nadine Kelley and Patricia Roff passed their cooking tests.

Plans were made to give Joivanna Nix a handkerchief shower on Wednesday morning. The troop will hold its regular meeting next Tuesday at the park at which time a first aid demonstration will be given. A picnic lunch is to be served after the meeting, which is to begin at 4 o'clock.

Thirteen Girl Scouts, two visitors, and Mrs. L. Steward and Mrs. Hugh Morrow were present.

Jungleland Visitor Coming to Pampa for Fiesta Parades

Top of Texas Fiesta visitors in Pampa next Thursday and Friday will see this giant Whatsit ambling down Cuyler Street in the huge street parade. But, they won't have to worry because there will be more than 100 guards looking after it and a score of other mammoth members of the animal and reptile kingdom. This section, which is only one of the many features of the two-day Fiesta parades, will provide something never before seen in the Southwest.

The Social CALENDAR

THURSDAY
Clark Hill Class of the First Methodist Church will have a Sunday School party in the home of Mrs. Roy Pearce, 223 West Francis street, at 8 o'clock. Rebekah Lodge will have an election of officers at the regular meeting at 8 o'clock in the I. O. O. F. hall. Triple Four Bridge Club will meet with Mrs. Bob Thompson, 425 Young street, at 2:30 o'clock.

FRIDAY
Alpha Mu Chapter of the Delphian Society will meet at 2:30 o'clock in the city club rooms. Rays Down Sewing Club will meet at 3 o'clock in the home of Mrs. Lewis Tarpoly, 1402 East Francis street. A regular meeting of the Order of the Eastern Star will be held in the Masonic hall at 8 o'clock. All members are urged to attend. Fraternity Demonstration Club will meet at 2:30 o'clock with Mrs. W. D. Benton.

Modern Menus

By MRS. GAYNOR MADDOX

Use your head instead of the stove in hot weather. Cook less and plan more for peaceful dinners after a sweltering day. The two meat recipes given below will simplify your dinner-getting, for they combine many foods into a satisfying dish.

Lamb Steak Sauté
(Serves 4 to 6)
Six lamb steaks cut about 1-2 inch thick, 5 ounces each, 2 tablespoons butter, 1-2 teaspoon pepper, 1 teaspoon salt, 1-2 pound mushrooms. Feel mushrooms, remove stems. Season lamb and lay in a baking pan. Put mushrooms on top and dot with butter. Cook in a moderate oven (350 degrees F) for about 20 minutes. Turn frequently during cooking.

Serve with hashed brown potatoes. Boil the potatoes in the morning. Hash them in the oven while the lamb steaks are cooking.

Casserole of Liver
(Serves 4 to 6)
One and one-half pounds lamb or beef liver (do not slice), 1-4 cup lard, 1-4 cup flour, 1 cup onion, 1 carrot, 1-2 bay leaf, 1 cup celery, 3 cups raw potatoes, 1 teaspoon salt, 1-8 teaspoon pepper, 1 small piece salt pork, 1 No. 2 can tomatoes.

Wash liver, dry, and roll in flour. Put bacon grease in a frying pan. When hot fry liver quickly on both sides until brown. Lay liver in a casserole and add onion finely chopped, sliced carrot, bay leaf, celery which has been cut fine, diced potatoes and seasonings. Pour tomatoes over all and then add finely cut salt pork. Cover casserole and bake in a moderate oven (350 degrees F) for about 3 hours.

Use liver in this menu—fresh fruit cup, casserole of liver, hearts of lettuce with French dressing, rye melba toast, Washington pie, coffee or milk.

PICNIC AT PARK FETES WINNERS IN CLASS EVENT

Members of the Friendship group of the Reaper's Class of the First Baptist Church, who won in a contest conducted by the class for the past two months, were honored with a fried chicken picnic at the city park last evening.

Each one on the winning team received individual envelopes in the class colors and the associate members were presented with the class colors.

During the business meeting the monthly reports were given, and Mrs. A. L. Prigmore was welcomed as the new president. Officers elected were enlargement vice-president, Mrs. Ira Westbrook; stewardship, Mrs. V. S. Sapp; class ministries, Mrs. Viola Vandover; fellowship, Ray Beasley; secretary, Mrs. D. T. Lowe; group captains, Mrs. Milton Ford, Tommie Yoes, and E. L. Yeargan.

Those attending were Misses H. P. Dyson of Mobeette; the honored group, Misses E. L. Tarrant, E. B. Bridges, Violet Vandover, H. M. Vandover, E. L. Yeargan, associate members, Misses Webster Johnson, Bob Alford, and O. C. Brandon; others, Misses M. S. Johnson, V. S. Sepp, A. L. Prigmore, L. B. Warren, C. B. Stone, Roy Dyson, Harney Dowson, E. J. Overall, D. T. Lowe, C. B. Whitefield, Robert Carr, E. C. Cox, T. Hines, and Owen Johnson.

58 Skelly Grade Pupils Graduate

SKELLYTOWN, June 1.—Fifty-eight boys and girls graduated this week from the Skellytown grade school in a very impressive exercise. Rev. Robert Boshen, pastor of the Presbyterian church of Pampa delivered the address, which was on "Knowledge, and Being Able to Use It Efficiently."

The procession was played by Mrs. John Beigle, and the following program was rendered: Invocation, Rev. Lee C. Emory; class song, by the graduates; salutatory, Nadean Romack; valedictory, Neil Reoch; special cornet trio, Billy Gurney, Charles Fowler, and Billy Roy Price; introduction of speakers, Ogden Stroud; special address, given by the American Legion, were presented by Rhusal Smith to Neil Reoch and William Franks. Principal Chester Strickland presented the diplomas.

John Beigle made by Supt. Geo. Heath of White Deer. The program closed with the benediction by Rev. Emory.

These receiving diplomas were: Neil Reoch, Nadean Romack, Billy Price, Billy Gurney, Charles Fowler, Bowler, William Franks, Lyle Pearl, Boyd, Forrest Carr, J. D. Cossey, Jean Dale; Cossey, Marjorie Crawford, Reece Davis, Rayburne DeLong, Helen Duckworth, Aaron Edwards, Neena Filippo, Inez Ford, Jack Beley, William Franks, Lyle B. Graham, Dalton Green, Lyle Fripe, Tony Bivins, L. F. Hand, Gene Harlan, Merl Harlan, Dupre Hasen, Olive Anna Henshaw, Wesley Honaker, Dorothy Willford, Sam Houston, Jack Johnson, J. C. Kaylin, Leroy Kelly, Thelma Lampkin, Lois Mae Laznick, Clarence Leonard, Edwin Letnard, W. C. Martin, Bob Marlar, Kenneth Melton, Jack Moeley, Jack Parcher, George Patti, Lois Beale, Fanny Austin, Willie Lee Aubert, Virgil Romack, Jack Sargent, Virginia Lee Satterfield, Mary Ruth Slavens, Daurina Tomlinson, Charline Wall, Martha Merrick, Dorothy Marlar, and Louise Snyder.

Old men, dirty but cheerful, push flowers about in nails decorated with paper hearts flying little flags. Yellow flowers at fifteen cents a bunch. Young husbands out with a small son or daughter buy the flowers—and let the proud "kid" take them home to mother. High-minded girls whose little hearts shriek their political beliefs stride by.

And then you reach Fifth Avenue—where suddenly cleanliness takes the place of dirt and drabness. And the tables of sidewalk cafes spring up like gay umbrellas on a white beach.

You stare unashamed at the people eating at the tables—knowing they don't mind being stared at (and like to stare themselves). Else why would they be eating on a sidewalk when there are empty tables inside?

You pass a park—and the trees are greener than you have ever seen. Greener than they could ever look at home—where trees are a commonplace, like sky. You wonder for just a moment if they are real.

You watch the children playing in the small "squares"—parks so little that the earth is cement-covered. And you can only think of the good-natured paths of the song in the labor song, "Pins and Needles"—the song called "Sunday in the Park."

You pass neighborhood movies where people are filling in and drug stores where people are having 2 p. m. breakfasts, all the while reading their morning paper.

Buses pass you, and on top of every bus are couples, hunting romance in the sunshine high above Fifth Avenue. New York romance which to those of us who grew up in smaller places has always seemed an especially glamorous brand.

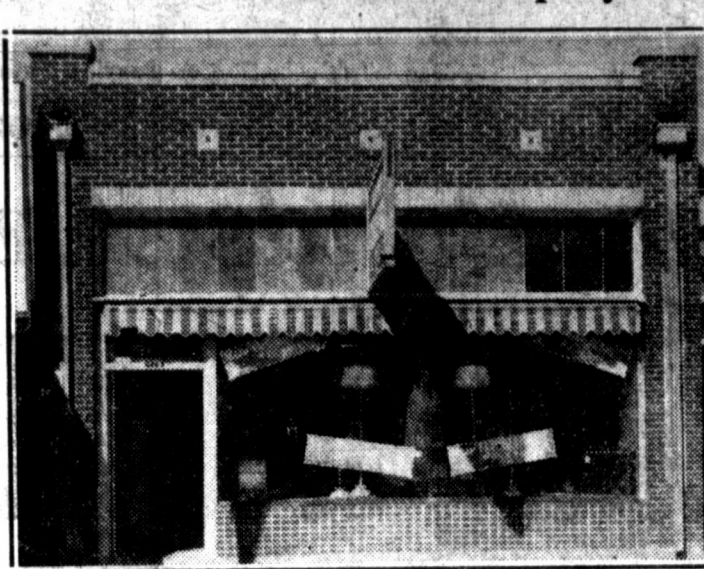

Members of Texas Elf Club Report On Short Course

The Texas Elf Home Demonstration Club met in regular session and the club members studied children's diseases. Mrs. Clarence Poe spoke on whooping cough; Mrs. Roger Pace, measles; and a general discussion on diseases and how to care for them followed.

Mrs. I. Brown and Mrs. C. C. Cockrane gave talks on the short course which they attended at Canyon.

Members present were Misses Ray Gibson, Clarence Poe, Roger Pace, C. C. Cockrane, Isham Brown, Owen Young, Julian Johns, and one visitor, Mrs. J. C. Smith.

New Home of Mann Company

Pampa's oldest furniture store is now located in Pampa's newest building, a modern, well-designed and equipped structure at 406 South Cuyler. A complete stock of fine, new furniture is carried in the new home of the Mann Furniture Company.

Glorifying Yourself

By ALICIA HART.

Bathing suits and short-play clothes do nothing to conceal the fact that legs aren't as smooth as they should be. This is the time to resolve to scrub your legs with a bath or foot brush each time you bathe, to massage them with body lotion or hand lotion afterward and to keep them absolutely free of superfluous hair.

The daily brushing will remove bits of dirt skin, stimulate circulation, thereby eliminating those annoying little bumps, and of course, discouraging callouses.

If you decide to let the sun turn your legs a warm, golden brown, then try to get an even coat of tan all the way around. Legs which are dark brown in front, pale beige on the sides and faintly yellow at the back aren't nice.

If you always remove superfluous hair with razor, cover your legs with light, soapy lather before you begin, and apply lotion and bath powder afterward. If you use a commercially prepared depilatory, be sure to follow directions carefully. The majority of the paste varieties are not to be left on one minute longer than directions state. And the wax types, although fairly simple to use, are not satisfactory unless you take the trouble to learn to use them correctly.

A very young girl who wants to bleach the faint down on her legs—instead of removing it may use a solution of equal parts and toilet ammonia, peroxide and plain water as often as desired. This will tend to weaken as well as bleach fine hairs.

Sixth Birthday of John Philip Bruce Celebrated at Party

Mrs. L. G. Bruce, 920 Jordan street, assisted by Mrs. W. B. Hash, entertained Monday honoring her son, John Philip Bruce, on his sixth birthday.

Punch, ice cream, and cake were served to John Austin, Gene Rosalind, Cornelius, Jacqueline Ross, Shirley Ross, John Philip Darby, Don Ross, Bobby Ray Brown, Nona Lyn Cornelius, and the guest of honor.

Calvary WMS Will Present Pageant At Church Tonight

A pageant, "So Great a Crowd of Witnesses," will be presented by the Women's Missionary Society of the Calvary Baptist Church at the church this evening at 8 o'clock.

This presentation will take the place of the regular mid-week prayer service.

Erecting the pageant is Mrs. Clayton Teague.

Treble Clef Will Donate Articles to Recreation Program

Mrs. Alex Schneider, president of the Treble Clef Club, has asked that all members of the club bring any old silk hose which they may have and quilt scraps, pressed and sorted, to her at the Schneider hotel.

These articles will be used in the summer recreational program.

Worthy Matron

Mrs. W. B. Murphy, above, is the new worthy matron of the Order of the Eastern Star who was installed at a public installation last evening in the high school gymnasium.

NEW OFFICERS FOR EASTERN STAR INSTALLED

At a public installation in the high school gymnasium last evening, new officers of the Order of the Eastern Star were installed with Mrs. Lela Kersh, district deputy grand matron of Shamrock, as the grand installing officer.

Mrs. W. C. DeCordova presided as the grand installing marshal, Mrs. Katie Vincent as grand installing chaplain, and Mrs. L. C. Neely as grand installing secretary.

Officers installed were Lillian Murphy, worthy matron; Frankie L. Hughes, associate matron; W. W. Hughes, worthy patron; L. C. G. O'million, associate patron; Lou G. O'million, secretary; Ruth Sewell, treasurer; Maude Voyles, conductress; Edrie Colvin, associate conductress; Nell Rankin, chaplain; Cora Yeates, marshal; Hazel Parker, organist; Mildred Garrison, adak; Juanita Roberts, Ruth; Stella Wagner, Esther; Beatrice Foster, Electra; Ruth Cassy, Martha; Agnes Rose, warden; and O. M. Anderson, centennial.

Preceding the installation, a program, opened with three numbers by the Sam Houston and Woodrow Wilson bands combined, was presented. Other numbers included a tap dance and song by Virginia McNaughton; an acrobatic dance by Virginia McNaughton; a reading, John Philip Bruce; song and dance, Bill Thompson; vocal duet, John Robert Lane and Billy Thompson; and a song by Mrs. W. M. Murphy and Mrs. F. E. Hoffman.

A splendid example of faith in the new Pampa will be demonstrated tomorrow, when the Mann Furniture company, oldest furniture store in this city, opens its new store at 406 South Cuyler.

Fire destroyed the Mann building on March 16. Undismayed, by this misfortune, Mrs. Mann planned a larger and finer store. The building at 406 South Cuyler was erected in 1932, purchased by the company in 1935, and has been re-modeled for the new store.

A complete stock of fine, new furniture is handled in the new home of the company, including such nationally-advertised lines as Stewart-Warner refrigerators and radiators, Lane cedar chests, Frogil ranges, Mohawk, Bigelow and Higglow rugs, Congolectum rugs, and Sleep Master mattresses.

Mrs. Lela Mann is owner of the new store, as well as owner of the store at 513 South Cuyler. The latter store handles mostly used furniture. The business was established in 1926.

Clarence Windsor is general manager of the new store. Other employees are B. H. Doughy, Charles Kentling, Bob Windsor, Gene Barrie, Jim King and Luther Terry are employees at the other store of the company.

GRAND RE-OPENING SALE

GRAND RE-OPENING SPECIAL

9x12 Genuine Gold Seal

Congoleum Rug

Regular \$9.45 Value

\$6⁹⁵

Millions of housewives buy Congoleum Rugs because they know they get the most for their money in quality, style and long wear. The patterns are lovelier than ever and at this low price they are one of our greatest bargains.

Special for 10 Days Only

The Mann Furniture Company is the oldest furniture store in Pampa. During their Re-Opening Sale they are featuring values such as Pampa has never seen.

When fire destroyed the Mann Building on March 16, 1938, Mrs. Lela Mann decided to erect a larger and finer store. This she has accomplished and re-opened tomorrow with such nationally advertised lines as: Abernathy Furniture, Stewart Warner Refrigerators and Radios, Congoleum Gold Seal Rugs, Lane Cedar Chests, and Frogil Ranges.

Mrs. Mann came to Pampa in 1926 and opened a store at 513 South Cuyler Street which she still operates, handling mostly used furniture. The building at 406 South Cuyler was erected in 1932 and purchased by the Mann Furniture Company in 1935. This building has been remodeled and is the site of the re-opening sale.

In order to show her appreciation for the loyalty and friendship the people of Pampa and surrounding communities have given her, Mrs. Mann is offering these special prices for the duration of her sale. Each and every piece of merchandise is brand new... all of it having been purchased at the present low market prices.

The personnel of the store are looking forward to a real reception of its sale and to continuing to serve the community with the same kind of values the Mann Furniture Company has always given.

FIRE SEASON IS COMING

Fire always is dangerous. It's doubly dangerous in summer.

We are close to that menacing "fire season" now. Vacant lots and fields, if left uncut, are ready to burst into flame at the touch of a match. Woodlands are drying out and when this dehydrating process reaches a certain stage, trees literally will explode when attacked by fire, and start conflagrations that may extend over tens of thousands of acres. Crown fires, running with hurricane speed and force along the tops of great trees, will extinguish all life, human or animal, in the area they cover.

These halocausts can be prevented, and easily prevented, if only well kept. Keep fire in mind and act accordingly. When traveling about, never throw matches outdoors, never build fires near trees or other inflammables. Never leave a fire until it has been thoroughly extinguished, preferable with both water and dirt. Obey the fire laws. They were made for your protection, not to annoy you.

As a matter of fact, the greatest tragedy of fire is that it is almost always unnecessary. Every year we burn up resources and property valued at hundreds of millions of dollars. We destroy thousands of lives. This toll is the result of carelessness, ignorance or just plain laziness. It may be that the unpreventable fire exists, but it is a very rare exception indeed. Human failure underlies at least nine fires out of ten.

A little care and thought on your part may save thousands upon thousands of dollars. It may save a life. Don't forget that.

HOLIDAY REFORM

The people of New Jersey have worked themselves into a considerable lather over the issue of shuffling the official holidays around, and you can't blame them.

Passed by the state assembly was a bill moving every holiday to the nearest Monday. The people in favor of bigger and better weekends were tickled to death, but the people who didn't want to be waving flags and shooting off firecrackers some July morning three days after the rest of the nation weren't tickled at all.

Whatever you think of the every-holiday-a-Monday idea, however, there is definitely a need, not merely in New Jersey but everywhere, for a few sensible reforms in the whole year-long holiday schedule.

Heads of families have been wishing for generations, for instance, that New Year could be placed just a few pay days further removed from Christmas. And take the matter of wedding anniversaries; how much easier it would be to remember, men, if all wedding anniversaries could be scheduled for the same day all over the country. And how about keeping April 1 moving around all the time so that the kids wouldn't ever know just when to get set? And the 4th of July; never let it start till after 11 a. m., say. Somebody get to work on this idea.

Behind the Scenes In Washington

By RODNEY DUTCHER

Pampa Daily News Washington Correspondent
WASHINGTON, June 1.—Jim Farley's last-minute leap into the Pennsylvania Democratic primary brawl, although its compromise phases were tied up with the November election, was part of a widespread administration campaign to nominate New Dealers which has been greatly intensified in recent weeks.

The White House game is to pretend a hands-off policy in intra-party contests while letting it be known, unofficially but emphatically, that Mr. Roosevelt has certain preferences. Less and less effort is being made to conceal these choices.

When Secretary Steve Early publicly denied the statement of Gov. Charles H. Martin, conservative Democrat, that President Roosevelt had once described himself and Martin as a "good pair", insiders knew that the administration already had sent word to Oregon that it wanted State Senator Henry L. Hess, labor-supported liberal, to beat Martin for renomination.

"Senator for a Day"
Another White House favorite is Congressman Otha D. Wearin of Iowa, a leader in the House progressive bloc who seeks the toga of Senator Guy M. Gillette, anti-New Deal Democrat. Wearin will have important Washington aid.

Gillette previously has claimed White House backing. He voted for the reorganization bill, whereupon an Iowa newspaper proclaimed Wearin "senator for a day," asserting his candidacy had frightened Gillette into temporary support of the President.

New Deal endorsement of Senator Barkley in Kentucky, McAdoo in California, Duffy in

Tex's Topics

I must be getting a bit creaky in the joints. I was so all-in at the end of yesterday's Fiesta Goodwill tour that I could scarcely stay awake at Postmaster Hub Walker's very excellent and interesting Airman banquet and party last night. This is no reflection, at all, on Mr. Walker's party. We just got home in time to change from winter to summer clothes again and dash right off. You know early yesterday morning it was cold, and for awhile I thought it would snow, so I got my winter suit out of the moth balls and wore it. By noon, I found I had been a sucker for the weatherman.

Melting through stop after stop during the afternoon had me worn down to a frazzle when Pampa finally was reached in the twilight hours. I had to have an extra helping of my favorite summertime cooler-off, iced coffee, to keep the heat goblins away. That banquet was plenty enjoyable and it was the first time I ever had an opportunity to get a close-up of so many airplane pilots all at one and the same time. They appear to be human just as you and I or at least—just you. In addition to the praise for the others, quite a tribute was paid to 17-year-old Howard Buckingham, of Pampa, the youngest airman pilot in the United States. Dr. John Sullivan, the bone-twister, had the banquet crowd holding its sides during his discourse on the wheres and whyfores of the spinal column.

Among ex-Pampans encountered yesterday was the Rev. James Todd, Jr., who was on hand with his fellow townsmen to greet the Fiesta goodwill trippers in Panhandle. Editor Max Wade beamed hospitality on the stop at Groom. Other points included White Deer, Claude, Amarillo, Goodnight, and Clarendon where splendid crowds turned out to welcome the trippers. Tomorrow the en tourage will visit LeFors, McLean, Alameda, Shamrock, Wheeler and Mobeetle. They will leave the High school at 7:30 a. m. There remain only six more shopping days before Fiesta time in Pampa.

Dee Graham, the aviator-operator of Pampa's airport, is one of the town's swiftest personalities. Mr. Graham and his personable co-pilot, Frank Hall, recently completed, in cooperation with picture-snapper Foster Fletcher, a 400-mile tour across the Top of Texas shooting towns and cities from the air. It required three hours and 40 minutes of flying time to get the job done, and these aerial photographs will be presented as one of the many features to be found in the Special Daily News Fiesta edition which will come off the presses next week. Incidentally Photographer Fletcher put another notch in his photographic gun when he came through with flying colors to produce the only complete air picture ever made of the Top of Texas especially for the Daily News Fiesta edition.

Yesteryear In Pampa

TEN YEARS AGO TODAY

Pampa Independent School district's \$125,000 bond election carried by a vote of 142 to 24. Two ward buildings and a gymnasium-auditorium were to be constructed with the funds.

Schedules for the summer session at the Central High School campus were being made and those planning to take summer work were asked to report.

FIVE YEARS AGO TODAY

Most of the crop loan applications were filed, in the belief of Ralph Thomas, county agent. There had been about 85 applications.

Gray County, with paving to be done on highways 152 and 88 and with bonds for the cross-county road not salable, expected to receive some federal assistance under new bills passed by Congress.

Wisconsin and Pepper in Florida was chronicle long ago. Now Gov. Olin D. Johnston of South Carolina has seen Roosevelt and announces his pro-administration candidacy against conservative Senator "Cotton Ed" Smith, who has left Washington before congressional adjournment for the first time in 30 years to test the strength of his fences. And Governor Rivers of Georgia has lunched conspicuously at the White House as a prelude to announcement of his candidacy against anti-New Deal Senator Walter George.

NLRB Wins 22 Out of 25

The National Labor Relations Board has been catching more abuse than any other government agency—which is quite a distinction. But it seems to be the Supreme Court's darling just the same.

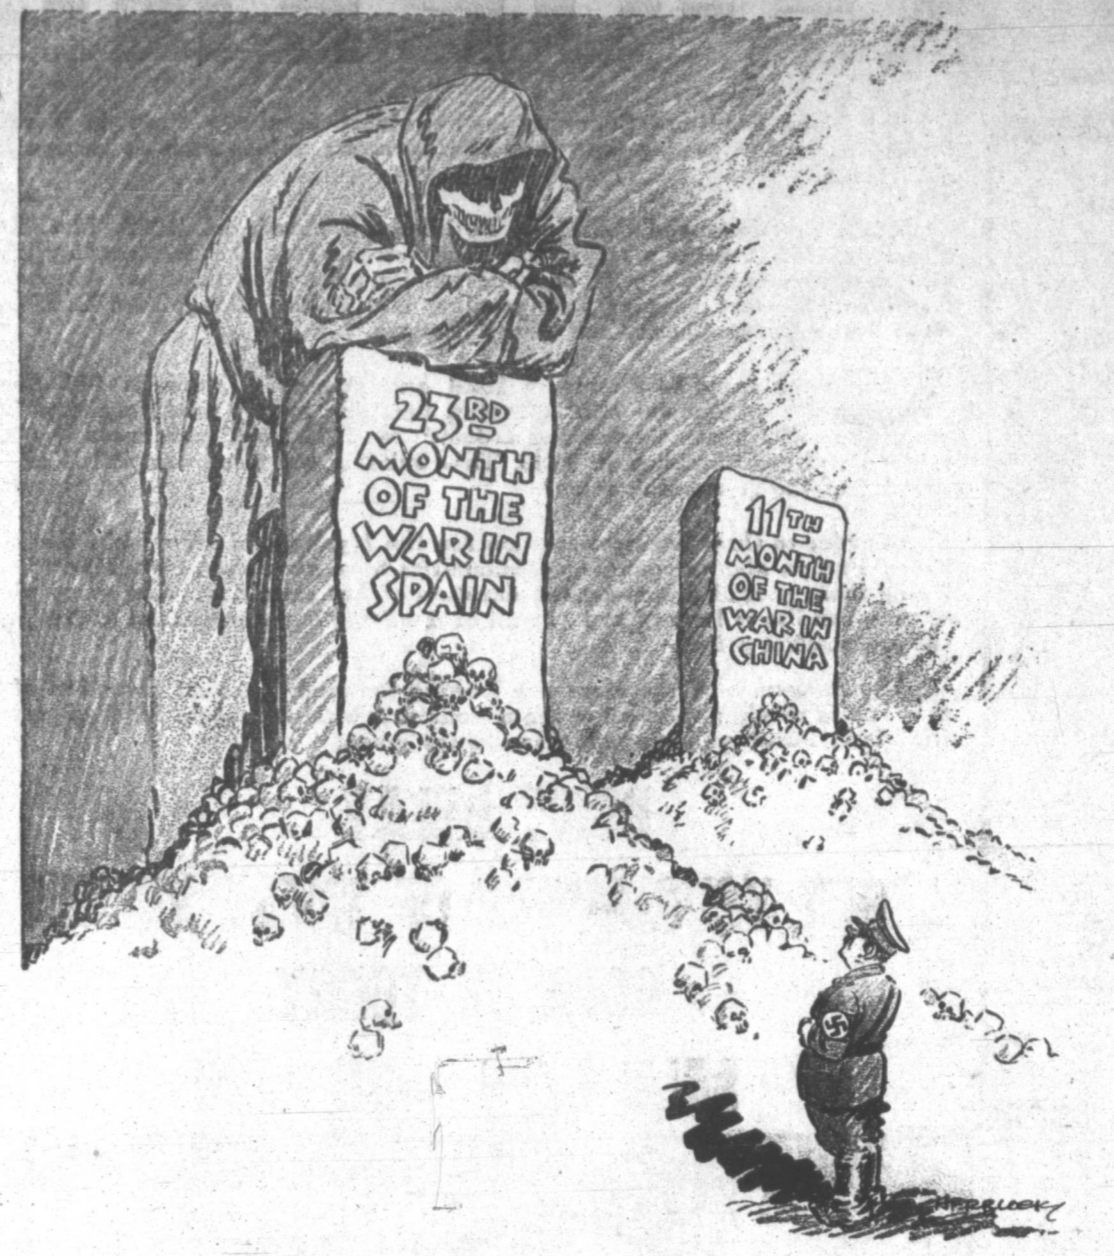

Even the lower federal courts have been upholding the NLRB in test cases with almost monotonous regularity. Nine circuit courts of appeal have decided in favor of the board 22 times out of 25. One of the three unfavorable decisions has just been reversed by the Supreme Court and another was lost by default.

In the Supreme Court itself NLRB lawyers have chalked up 10 straight victories, sustaining no defeats despite contention by some of the country's most expensive attorneys that the Wagner act was unconstitutional.

In the Mackay Radio & Telegraph case involving NLRB's order to reinstate union leaders after a strike and in its order to the Third Circuit Court to show cause why its refusal to let the board bolster its procedural record shouldn't be overruled, the Court went far to defend NLRB from recent charges of sloppiness or unfairness in its procedure.

Although dead cats still fly, the atmosphere around NLRB continues serene.

'Care To Try A Quick European War?'

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Those who lament the humdrum existence of our mechanized waterfront today should take up a position on South Street, or anywhere along the East River, and watch the old lunkers come in. The East river docks are the last stronghold of romantic shipping, in the metropolitan area at least, for it is there that the battered old hulls of freighters and tankers, fruit boats and oilers, show up every day. Their arrivals aren't listed in the shipping news as those of the big liners are listed.

When the Queen Mary docks, that is news. When the Normandie is warped into a Hudson waterfront pier, it makes headlines. The passengers are photographed and interviewed; the captain has something to say about his crossing; and everybody goes aboard and gives parties.

But on East River, which actually means "the other side of the tracks," it's a different story. Not long ago a whaler came in after two years in Ficar waters. Her crew was bearded and gaunt, itching to touch dry land. But there wasn't a word about her in the papers or in the radio reports.

On sunny days a section of East river might be a Mediterranean port, with swarthy Portuguese, blond Norwegians, olive-skinned Italians, dark-eyed Spaniards, and Germans uttering hearty "jas," rolling ashore in that sea-blown gait peculiar to sailors everywhere. There are Latvians and Scots and Irishmen and Russians. But for me the banana boats from the hot climes are the most fascinating. They smell good. They give up a cargo of golden fruit and the whole waterfront, for a little while, seems perfumed with some breath from the tropics, exotic and exhilarating.

For five cents you can get an armload of ripe bananas, if you know the right docks and can get there at just the right time. And ripe bananas are the only bananas that are good eating. They should be mellow and speckled and aromatic. They should be soft and flaky.

One of the waterfront's most colorful figures is Captain Larsen, master of a freighter that plies between New York and a couple of Texas ports, with a stop-off at New Orleans. He is a grained, weather-beaten but hearty old coddler who has been making this run for 15 years. From time to time I have been invited to take the run with him, a voyage lasting a couple of weeks, and this summer I'm going to take him up on it. Captain Larsen sets a good table, but carries no passengers. Occasionally he invites a few friends along, but they are always men. Women aren't allowed on the Captain's ship.

Cranium Crackers

How's your mathematics? Well, never mind; try these anyway.

1. If John has one Dinar and Mary three, John and Mary have four pieces of what country's currency?
 2. Thomas Alva Edison minus () equals the name of the man who was America's best known inventor.
 3. Harpo plus Groucho plus () plus () equals the Marx Brothers comedy team before () left the team.
 4. The diameter of the earth (times) (divided by) 4 equals the approximate diameter of the moon.
 5. Nathaniel Hawthorne plus () equals the name of the author of "The Scarlet Letter."

People You Know

By ARCHER FULLINGIM

For several years this one had been intending to go down to Miami and see Judge J. A. Mead's collection of Indian relics. This one only thought they were of recent American Indian origin. Well, one day last week, this one visited the exhibits on display in the Robertis County courthouse, and he immediately became aware that he had been harboring a delusion—the relics are prehistoric in origin. They prove that huge epiplains and perhaps savage, wild men once inhabited the Panhandle of Texas. Judge Mead's work has been recognized by the best authorities of the nation. The story of his excavations and of other findings in the Miami community and their historical significance will be told in detail in the News' Fiesta edition to be published June 7. Pictures will also accompany the article. The edition will be filled with "new stuff." Among the features of the edition will be amazingly graphic pictures of a dozen towns in this territory taken by Foster Fletcher from Dec. Graham's plane. You can pick out your own home in the pictures or your place of business. The edition will show pictures of saw mills being operated in the Panhandle—the first one by Dave Lard. Another story will describe the "buried city" of Oehlitzre County. The edition will feature pictures of persons, scenes and buildings of all towns in this area. It will be one of the most interesting editions ever published by The News.

Garbo sittings are infrequent, but she never breaks an appointment, and is never late. She arrives early in the morning, accompanied by a maid and hairdresser to help with costume and coiffure changes. They work all day with lunch sent in, and sometimes late into the evening. There are rest periods, of course, during which they talk and listen to radio and phonograph music. During her last sitting Miss Garbo had Bull play "Broadway Rhythm" over and over again. Bull says she has a swell sense of humor because she can and does laugh at herself. He believes she is more inclined to be lazy than temperamental.

"She and Norma Shearer and Joan Crawford are the only ones whose features can stand photographing by a single light pointed down at them from above," Bull said. "Most American actresses want straight portraits, and to look beautiful, although they're gradually beginning to realize that the camera can present personality as well as good looks. Laise Rainer is one of the best subjects for mood lighting and unconventional attitudes."

"But if foreign women are easier to photograph," Bull continued, "I'll take Americans among the men. Foreign men pose too consciously. I hate male fashion plates. Pretty-boy pictures would ruin Robert Taylor just as they helped kill Lew Cody—remember, the 'Butterfly Man'? Every handsome star or leading man has two strikes on him anyway, because he's hated by the husbands and boy-friends of women fans."

Clark Gable is a subject Clarence Bull likes. Spencer Tracy, although no fashion plate, is not good at posing, and is the most difficult of all to get into the portrait studio at M-C-M.

William Powell is all right after he becomes interested, but he's stiff during the first dozen poses. Lionel Barrymore will remain for 24 pictures only; then he just gets up and walks out.

A simple and frequently effective method for temporarily over-coming the disfigurement of vitiligo is by means of tinted powders. Vitiligo is sometimes confused with chloasma (described yesterday). When the "liver spots" are large, the normal skin may appear "abnormally white." Temporary blotching of the skin sometimes results from applying cosmetic agents.

of non-toxic dyes, mild solutions of tincture of iodine, or the juice of fresh walnut hulls. In some cases even tattooing has been tried. But this process is seldom advisable because the tattoo markings are hard to remove and because vitiligo has a tendency to spread.

The Capital Jigsaw

AUSTIN, June 1 (AP)—After studying the recent decision of the United States Supreme Court in the Lone Star Gas rate case, lawyers here seem to be coming around to agreement on this:

Neither the state nor the company gained complete victory or suffered final defeat. The state received a setback in some respects but it scored in others. The same can be said for the company.

The attorney general's department, representing the Railroad Commission, is going to ask the Supreme Court to reconsider its action sending the case back to the Austin Court of Civil Appeals, but this petition probably will not be heard until next fall.

It was in September, 1933, that the commission ordered the Lone Star Gas Company to reduce its wholesale rate for gas delivered at city "gates," that is, to retail distributing companies from 40 to 32 cents per 1,000 cubic feet.

A Travis County district court jury, after hearing voluminous testimony on the location of the company's properties in Texas and Oklahoma, their value and the rates, rendered a verdict that the commission's order would, in effect, be confiscatory.

The Austin Court of Civil Appeals, sitting aside the district court judgment, sustained the commission's order, and the Texas Supreme Court allowed the Civil Appeals action to stand. The company then appealed to the United States Supreme Court.

Chief Justice Charles Evans Hughes wrote the opinion of the country's highest court. Justice Black dissented and Justice Cardozo took no part in the consideration and decision.

An outstanding point in the opinion is the declaration the Court of Civil Appeals had no right to set aside the jury verdict. Attorneys differ as to how far reaching this assertion may be.

In one place the opinion said "we are of the opinion that the issue for the jury to determine was in substance whether the rate was confiscatory." Further on it said that "under the state practice, the issues of fact were determined in the trial court and on the appeal the Court of Civil Appeals had no authority to make findings of fact."

It reiterated a view expressed in another case that "where the evidence is without conflict, the Court of Civil Appeals 'may render judgment,' but 'where there is conflict' the court 'cannot substitute its findings of fact for those of the trial court.'"

In the final paragraph, the court asserted the "determination of the court of first instance as the trier of the facts that the commissions rate was confiscatory could not properly be set aside by the application of an untenable standard of proof and in disregard of the evidence which had been properly submitted to the jury."

The effect of this part of the opinion, one legal authority here said, might be to make a district court jury decision final where confiscation of property was charged in rate cases; in other words, determination of the reasonableness of a rate might rest with the jury. This authority said Texas courts long had held that the commission, not the jury, should determine whether a rate was reasonable.

Another view was that perhaps the Supreme Court did not intend by its reversal to say the jury always has the right to pass finally on rates, instead, objected to the reasons the court of Civil Appeals assigned for disregarding the jury's verdict in the instant case.

This contention based heavily on the words of the Supreme Court in the concluding paragraph of the opinion, namely, "by the application of an untenable standard of proof."

The Civil Appeals Court reversed the district court, the Supreme Court said, because of claimed failure of the company, in its evidence attack on the order, to make a proper segregation of its interstate and intrastate properties and operations.

The question is being asked why the Supreme Court sent the case back to the Court of Civil Appeals, instead of rendering judgment for

Sharing the Comforts Of Life

By R. C. HOILES

Fear Concentration of Wealth.

We are aware that many working people, who do not understand how wealth is created, are fearful lest too much of the wealth of the world comes into too few hands. We were rather surprised to have a college instructor or executive being alarmed that this might happen and if it did would hurt the rest of the people. We were amazed that this college professor even has the opinion that laws are made by the wealthy. He could not, however, name one single law that was made by the wealthy, with the exception of the tariffs. But few of the professors make any attempt to be consistent.

But it is possible for any man or group of men, to become too wealthy for the general welfare, even if they are not retarded from accumulating capital by laws?

Those people who have had practical experience in operating businesses realize that as business gets too large, it gets unwieldy and cannot operate economically and so cannot grow or even hold its own. As the business gets larger it cannot hire all the brains available and quite often hires the wrong people and lets people with talent get out of their organization. So, there seems to be no possibility of anybody getting so much wealth that they will hurt the rest of society. And if they become extremely wealthy because they have been more efficient than others and as a result saved wealth, instead of having dissipated it, this, instead of hurting the working people, benefits the working people because it makes more capital and makes all capital compete and work for less return and, thus, self-produce for less so that all workers are benefited by this additional saving as a result of efficient and good management.

Would these people who object to men saving and accumulating large wealth have this individual destroy wealth, or spend it in riotous living, or have it taken from him by law so it will be consumed and not conserved? Would the workers be benefited by any such move as this? Certainly not. These people who protest that they are afraid of accumulation of capital cannot name one single possible way that wages can be raised other than by the accumulation of capital. Yet, they, in the same breath, are afraid of the accumulation of capital.

It is reasonable to expect that men without training go who have never given the subject any thought would be confused.

It is this fear that the wealthy will hurt the poor, that is largely responsible for the laws passed that has brought on the worst depression in our history.

the company, if it did not intend to give the appellate court opportunity to reconsider its reasons for overruling the jury.

In other words, the opinion plainly favored the state's contentions. "We agree with the state court that the commission's order did not violate the constitutional rights of appellant under the commerce clause," it said.

"The commission did not attempt to regulate the interstate transportation of gas. Not in view of the circumstances in the instant case, can it be said that the commission was undertaking to regulate sales and deliveries of gas in interstate commerce."

It stated virtually all the distributing companies and the Lone Star were "but arms of the same organization doing an intrastate business in Texas and the commission was entitled to ascertain and determine what was a reasonable charge for the gas supplied through this organization to consumers within the state."

Again it declared the fact a pipeline of the company cut across a corner of Oklahoma did not make it any the less a part of the system serving Texas gas to Texas communities.

The commission's order was presumptively valid, as the state court held, it added, but the order was open to attack.

Side Glances

By George Clark

"Now, listen, Harry—you gave your consent to this marriage months ago and nothing you say now is going to stop it."

BOIS ROUSSEL WINS EPSOM DOWNS DERBY

EPSOM, England, June 1 (AP)—Bois Roussel, French-bred horse owned by P. Beatty, today won the 15th derby before the king and queen and some 400,000 of their subjects.

Scottish Union, owned by J. V. Rank, was second and H. E. Morris' heavily favored favorite, Pasch, third in the field of 22 three-year-olds.

Bois Roussel's victory came as a decided surprise since Pasch had been considered a "sure thing." Pasch did not start as a two-year-old, won his first race in April and then accounted for the 2,000 guineas at Newmarket. He had been heavily played in the future books as well as at the track today.

Two American-owned horses, J. E. Wicener's Unbreakable and William Woodward's Valerian 3rd, were among the also-rans.

Bois Roussel started poorly and trailed far behind in the run down the back stretch. With Pasch leading as the field headed into the final straightaway, the French horse made his bid. He charged forward at the dip, a quarter-mile from the finish, quickly took the lead and

then pulled away to win the purse of \$44,140.

The winner was sired by Vatout, a French rose. He formerly was owned by Leon Volterra and was recently purchased by Peter Beatty.

Cave Man was fifth, Golden Sovereign sixth and Portmarnock seventh. Malabar was the last horse to finish.

Pampa streets. It had previously been used by the county.

Mrs. L. A. Blythe, who has the lease on the municipal swimming pool for the summer, talked to the commission on the need of new mats on the diving boards, modern hangars, and other swimming pool accessories. Her requests were referred to the city manager.

Permission was granted R. B. Allen, general chairman, and Sid Patterson, rodeo committee chairman of the Top O' Texas Fiesta, to obtain electric current for the lights at Roadrunner Park, during the two night rodeo performances, at city rates.

NO. 2-- Continued From Page One

Under the recreational set-up of the plan, teen-age boys and girls will find prospects for their entertainment throughout the summer months.

Monday, Tuesday, Wednesday and Thursday nights will be known as play nights for this schedule.

On Monday nights on the lawn of

the Episcopal Church there will be croquet, Chinese checkers, checkers, dominoes and other games. This will begin Monday, June 6.

Tuesday nights a similar recreational program will be carried out at Harrah Chapel, and Thursday nights at McCullough Chapel grounds. The Harrah program will be launched June 14, and the McCullough program on June 16. These, too, will be carried out weekly throughout the summer.

On Wednesday nights, Mrs. Wall-rabenstein said, it is planned to hold a town roller skating party for everybody. The plan is to rope off a street which the skaters may occupy without molestation by traffic.

"The idea of this Wednesday night party each week," Mrs. Wall-rabenstein said, "is for everybody to have a good time. It will be for adults and youths alike."

The time and place for the roller-skating party will be announced later, the director stated. Many have volunteered to aid in the program and names of various assistant directors also will be announced within a few days.

come a part of our air mail service so let us in this section get something first. At least two routes could be established out of Amarillo which is the logical center because of its air facilities.

The idea advanced by the Guy-mon official was almost unanimously accepted. Some thought the idea was far fetched but Postmaster Dewolf pointed out that the air mail was started a few years ago and that everything that happens is far fetched at the beginning.

Postmaster Walker and Postmaster DeGrassl lauded the work of the pilots and ground crews which made the flights possible. They thanked everyone who in any way took part in the air mail week program, even though it was just the sending of an airmail letter.

The excellent safety record established by the Pampa and Amarillo pilots and ground crews was pointed out by R. G. Allen of the Cabot company who furnished one of the Pampa planes. Mr. Allen urged development of airport facilities in every community in the Panhandle as one of the major necessities of establishment of feeder air mail routes.

Pilots Praised

Unprecedented amount of air mail was sent on TWA planes from Amarillo on that day, according to Vernon L. Gunn of Amarillo, who revealed that 1,091 pounds of mail, 16 letters to the pound, was loaded on planes. On one trip it was necessary to dump many gallons of gasoline so that additional mail could be carried.

Tribute was paid the pilots, especially Howard Buckingham, Jr., believed to have been the youngest air mail pilot in the United States on that day. The Pampa youth is only 17 years old.

"Dr." John Sullivan of radio station KPND gave a humorous talk on the human spine.

Attending the dinner from Pampa were Postmaster G. H. Walker, who acted as master of ceremonies and welcomed the guests, John Sullivan, Tex DeWeese, Assistant Postmaster O. K. Gaylor, Claude McTley, Howard Arnberg, F. A. Hall, Howard Buckingham, Jr., Dan H. Litch, Jno. F. Dixon, Garnet Reeves, R. G. Allen, W. Donald, V. A. Howell, Wesley Lewis, Harry E. Hoare, Sid Patterson, I. E. Byars, Tony Davis, Ray Stephens, J. Frank Shaw and Doc Craham in charge of ships.

Present from Amarillo were Postmaster DeGrassl, Irving O. Tolzier, G. K. Weaver, F. B. McLeod, Olaf Baldwin, C. J. Boyd, D. B. Williams, Jas. C. Ely, Vernon L. Gunn, Carl M. Benton, A. C. McKay.

NO. 4-- Continued From Page One

difficult to stop the hoppers with poisoning.

It is estimated that it will cost the county \$360 to spread the poisoning on the roads one time. That is the amount it will take if the white 600 miles are treated. However, it is not believed that poisoning will be required over such a large area.

The court is asking farmers to cooperate with neighbors and to poison an area of several sections at one time. The court will not allow any labor charge for dropping poison in the barrow pits, but most of the farmers are glad to do the work because of the protection to their crops and pasture.

Geo. P. Groat, who has returned from New Mexico, told the court that 30,000 pounds were distributed in one day at Raton, and that there are 17 mixing stations in a five-county area. He reported nearly all the conversation was to the prospective damage by grasshoppers.

Cooperation of Governor Alfred was asked in the following telegram sent Monday:

"Carson and several other counties in this immediate vicinity are in serious conflict from grasshopper menace. Crops and livestock industry are seriously threatened. May be wiped out unless drastic action is immediately taken. We need financial emergency appropriation. Have just returned from infested area in New Mexico. Governor Tingley is giving material aid there. Col. George P. Groat, cooperating with the commissioners court."

It is expected that the state or some other agency will be asked to furnish the poison and ingredients in order to get the work started quicker.

Glass for Traffic Lights Plentiful

WASHINGTON, June 1 (AP)—Without a smile, the Bureau of Standards announced today there is no danger of running out of red traffic lights. Experts found domestic potash supplies are sufficient for supplying the kind of red glass needed for traffic equipment.

VICTORY CLAIMED BY WALLACE IN DECISION

WASHINGTON, June 1 (AP)—Secretary Wallace, claiming a government "victory" in the litigation, prepared today to ask the courts to allow him to determine what should be done with approximately \$700,000 in commission fees impounded in the Kansas City stockyards case.

The court refused yesterday to reopen the case, but Wallace found cause for encouragement in its announcement that further proceedings must decide how the money should be distributed.

He had contended the court acted wrongly in invalidating his schedule of reduced commission fees, insisting the sum of money under dispute "naturally belongs" to farmers and shippers.

Continuing his efforts to prevent distribution of the \$700,000 to stockyards commission men, Wallace said he would ask the federal district court in Missouri to authorize an agriculture department hearing to determine who to get the money.

The district court, he suggested, then could pass on findings developed in the hearing.

The Supreme Court, in refusing to reconsider its previous decision, declared in an opinion written by Chief Justice Hughes, that the secretary was "unwarranted" in assertions that the tribunal had reversed itself from a previous position.

In reply Wallace said the court used "involved reasoning, which both the farmers and the livestock commission men will find difficult to follow."

PANHANDLE FISHING SEASON OPENS TODAY

Fishermen of 24 Panhandle counties today can take rod and reel and enjoy their favorite sport. They have waited impatiently for one month while other sections of the state enjoyed the fun.

Late season in the Panhandle is because of late spawning. Act of the legislature regulated the time of closed season in the Panhandle. There is no fishing license required in Texas at the present time although a law passed requiring fishermen to have a license. However, there is a "blue" license in Texas. A license is required of all who use artificial lure. Cost is \$1.10 to residents of Texas. Non-resident license costs \$5. A non-resident license is a five-day license for \$1.10.

Such licenses may be obtained at hardware stores or wherever fishing equipment is sold.

Today the fishing season opens on bass and crappie and for the use of artificial lure in the following counties: Dallam, Sherman, Ochiltree, Hansford, Hartley, Lipscomb, Moore, Roberts, Hutchinson, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Farmer, Swisher, Briscoe, Castro and Hall.

PRESBYTERIANS FLAY U. S. ARMAMENT RACE

PHILADELPHIA, June 1 (AP)—The Presbyterian Church in the U. S. A., deploring "the armament race into which our nation has been drawn," turned to President Roosevelt today with an appeal for an international conference on disarmament.

"The increasing armament of the nations, wars and the preparation for war everywhere in progress, invite the judgment of God, said a report of the committee on social education and action, adopted by the 150th general assembly.

"Governments have apparently turned their backs on the hope of a world community based on peace and justice. . . We, as Christians, however, dare not surrender the hope of peace, for we follow one who is the Prince of Peace."

The 7,000-word report noted a "widening breach" between classes in America and urged "ceaseless vigilance in safeguarding the civil liberties of all people."

MCCULLOUGH-HARRAH PLANS VACATION SCHOOL

At a meeting at Harrah Chapel Monday morning, plans were formulated and a definite date set for a vacation church school to be held in the McCullough Memorial and Harrah Chapel between June 13 and 25.

Mrs. A. N. Rogers and Mrs. B. C. LaPrade were chosen directors of the McCullough school and Mrs. D. A. Suckner and Mrs. J. E. Beard were named directors of the Harrah school.

Plans have also been made for a homecoming day on June 26 when the churches will celebrate their fourth birthday. Lance Webb, former pastor, will be one of the speakers of the occasion and a visiting evangelist will begin a series of services on that date.

FARM PRICES LOWEST

WASHINGTON, June 1 (AP)—The level of farm prices declined in May to the lowest point in four years, the Bureau of Agricultural Economics reported today. Surpluses and lower consumer demand growing out of the business recession sent the price level down 30 per cent since a year ago. All major farm commodities participated in the decline.

T. E. Wheeler of Kellerville underwent a major operation at noon today at Pampa-Jarratt hospital.

MILLIONAIRE WEDS HIS NURSE IN CALIFORNIA

PASADENA, Calif., June 1 (AP)—Harold Fowler McCormick, 66-year-old convalescent millionaire, and his 34-year-old nurse, the former Adah Wilson, began a stay-at-home honeymoon today in the guarded estate of his sister.

Sixty watchmen patrolled the grounds last night to enforce the strictest privacy for McCormick's third wedding—the culmination of a "June and December" romance.

Once wed to the late Edith Rockefeller, by whom he had four children, and to Madame Ganna Walska, Polish singer, McCormick met Miss Wilson at a Pasadena musical when she was nurse to the late Jean Harlow.

She attended him during an illness in 1930 and again this year, when his arthritic condition was complicated by a heart attack. Still too weak to appear in person, McCormick applied for a marriage license last week through his attorney.

MRS. RENO FOLLOWS DAUGHTER IN DEATH

Mrs. J. W. Reno, 26, died this morning in a local hospital. She had been a resident of Pampa for 10 years, coming here from Borger. The family resides at the Standish Edge Line camp west of Pampa. An infant daughter died Sunday and was buried yesterday afternoon in a private cemetery.

Surviving Mrs. Reno are her husband, a daughter, Peggy Laverne, a son, Charles Dwin, four sisters, Mrs. Juanita McCracken and Mrs. Zelma Blair, both of Pampa; Mrs. Thelma Flecher, Dumas; Mrs. Opal Whitley, Austin, and two brothers, C. A. "Skeet" Stinson, Okmulgee, Okla., and Douglas Stinson, Hobbs, N. M.

The body lies at rest at Duenkel-Carmichael Funeral Home pending funeral arrangements.

SNIDER WILL PREPARE BARBECUE AT FIESTA

John Snider of Amarillo, the man who is the George Rector of barbecue, who prepared barbecue for Vice President John Nance Garner recently in Washington, and whose skill is known all over the Top O' Texas, will prepare the barbecue served to old timers at noon June 10 at Harvester park.

Arrangements for the barbecue were completed today by the fiesta committee in charge of the affair. More than 1,000 persons are expected to attend.

AUSTIN, June 1 (AP)—In a proclamation Governor James V. Allred today urged statewide observance of Jefferson Davis birthday June 3, a legal holiday in Texas.

WORLD SEEKS FORMULA FOR AIR BOMBINGS

base hospital is built bang-up against one of the biggest ammunition dumps on your front. Why, you've even had the nerve to run a railway in here to the dump.

"I wasn't shooting at the hospital, and you know it. We don't want to be hit that. But we are going to keep coming over after that dump until we get it, and don't forget that. So long as you folk build hospitals up against munitions dumps, you can't complain if the hospitals are bombed."

Charge Quite True. The Englishman didn't reply. He felt there was an answer but he didn't know what it was, for the German's charge about the ammunition dump was quite true.

The incident illustrates rather well the difficulty the British government is encountering in trying to find an acceptable international formula to prevent the bombing of civilians.

Is it permissible to bomb military objectives if civilian lives are endangered in the process? That is the tough question to be answered, and it is interesting that British Premier Chamberlain sidestepped it during debate in the House of Commons. Laborite Philip Noel-Baker asked him if the government accepted "the universally admitted principle that bombardment of military objectives is not permissible if it involves danger to civilian population." Mr. Chamberlain declined to reply.

ICE WATER HELD HEALTH MENACE

MIAMI, Fla. (AP)—Add to the list of America's terrible mistakes: Ice Water.

"You reckless Americans," said Dr. Arnold Leonard, health specialist of Carlsbad, Czechoslovakia, to an audience here recently. "You are the finest people in the world, but the most reckless in the matter of health."

"Ice water is a terrible mistake. It stops the natural elimination of toxic poison through perspiration."

Consider the evidence . . .

TUCKER PROPOSES NEW FISHING LAWS

AUSTIN, June 1 (AP)—Even the sucker should have a better break, believes Will J. Tucker, secretary of the Texas Game, Fish and Oyster Commission.

In a statement Tucker advocated revision of fresh water fishing laws to insure a better supply of all species and provide better angling opportunities.

First, he would have a maximum open season of seven months, compared with the present 10-month season, because many species, including bass, have not completed spawning when the season opens in May.

In addition, he proposes that the sale of all species be prohibited. At present only bass and crappie are protected against commercialization.

He would give catfish a protected season. They are protected under special laws applying to certain counties.

In fact, he said, there is such a diversity of fish laws in addition to the general statutes "it is difficult for the best informed lawyer to understand them."

Other proposals he believes would benefit Texas estimated 500,000 anglers:

Restrict or outlaw seines, nets, trotlines and snag-lines.

Permit seining of rough fish (buffalo, garfish, bullheads, suckers, bowfin and carp) under strict regulations.

Revise size limits, a 12-inch minimum for bass instead of the present 11; eight inches for crappie instead of seven; prohibit taking catfish, except bullheads, under 12 inches; bluegill, other bream, goggle-eye and yellow bass under five and white bass under nine.

Prohibit commercialization of minnows and other forage foods in public waters.

POLITICAL ENEMIES SCORED BY THOMPSON

AUSTIN, June 1 (AP)—Railroad Commissioner Ernest O. Thompson of Amarillo, candidate for Governor, charged today his political enemies hoped the candidacy of Ernest O. Thompson of Dallas would "confuse and mislead the voting public."

Ernest O. Thompson, a virtual "unknown" in state politics, paid his \$100 filing fee yesterday.

"My political enemies," the commissioner said, "hope that this name will confuse, mislead and deceive the voting public and this new candidate may get votes that were intended for me. It is complete evidence that my political enemies recognize Ernest O. Thompson as the leading candidate in this race.

"Is such a program and such a move good sportsmanship? No one heretofore ever heard of this man having 'Ernest' for a first name.

"All of my life I have tried to build up and protect my family name. I have never done anything to discredit that name. I would have preferred that my enemies steal my slender purse."

The possibility arose that the State Democratic Executive Committee at its meeting June 13 would consider protests against placing the names of Ernest O. Thompson on the ballot. These protests would be based on the contention he formerly had not used the name "Ernest."

THRILLS AWAIT FIESTA RODEO CROWD

There'll be plenty of action at the Top O' Texas Rodeo which will be staged at Road Runner baseball park next Thursday and Friday, June 9 and 10. Here you see a cowboy contestant doing his best, which appears to be not good enough. Some of the nation's top hands have already entered the bronc and steer riding contest for which there will be approximately \$1,400 in cash prizes given during the four rodeo performances, afternoon and night.

Market Briefs

NEW YORK, June 1 (AP)—The stock market greeted June in a hopeful mood today, reversing its recent stride for a leisurely rally.

Buying converted mainly on leading industrials and lifted many of them fractions to around 3 points, restoring some of the ground lost on the dragging decline in the last two weeks of May.

Transactions, while a little more active on the rally, totaled only about 550,000 shares.

Rails and utilities, at a slower rate, joined industrials on the recovery.

Heading the upturn were such issues as DuPont, General Electric, Westinghouse Electric, Union Carbide, Eastman Kodak, U. S. Steel, Bethlehem and Texas Corp.

NEW ORLEANS COTTON
NEW ORLEANS, June 1 (AP)—A closing rally in Liverpool and advancing securities attracted active trade and commission house buying which absorbed profit taking by longs and some hedge selling.

Towards mid-session July advanced to 7.98, Oct. to 8.02, Dec. to 8.03, Jan. to 8.02, March to 8.07, and May to 8.08, or eight to fourteen points above the previous close.

REFUSAL OF JAPS TO RETURN PROPERTIES IN CHINA AGAIN SCORED

WASHINGTON, June 1 (AP)—The United States sharply expressed its "increasing concern" today over Japan's refusal to permit American citizens in China to return to properties from which they were forced by the Sino-Jap conflict.

The American view was set out in a note presented by Ambassador Joseph C. Grew to Japanese Foreign Minister Utsugi on instructions from Secretary of State Hull.

The note said that "the problem of enabling American citizens in China to re-enter and repossess their properties from which they have been excluded by the Japanese military and of which the Japanese military have been and in some cases still are in occupation is giving the government of the United States increasing concern."

"It is difficult," Japan was told, "to perceive any warrant for the continued placing by the Japanese authorities of obstacles in the way of return by Americans who have legitimate reason for proceeding to the areas in question."

The United States specifically demanded the return of the University of Shanghai to the Northern and Southern Baptist Missionary Societies. The university has been occupied by Japanese military and naval units, the note said, since shortly after the outbreak of hostilities at Shanghai, August, 1927.

FRANCO AIMS AT CAPTURE OF VALENCIA

HENDAYE, France (at the Spanish Frontier) June 1 (AP)—Insurgents scaled precipitous mountains on the front east of Teruel today, fighting hand to hand with government militiamen in a general offensive aimed at the capture of Valencia.

On land and in the air, the fighting in this new drive by General Francisco Franco's army assured proportions equal in severity to any in the nearly two-year-old civil war.

His warplanes pounded cities and concentrations on the eastern coast while the full power of his infantry, cavalry, and artillery slowly dislodged government troops from their bristling positions north of the highway that reaches from Teruel to Sagunto and Valencia.

Reports reaching the frontier said the death roll from yesterday's fighting was heavy.

His warplanes pounded cities and concentrations on the eastern coast while the full power of his infantry, cavalry, and artillery slowly dislodged government troops from their bristling positions north of the highway that reaches from Teruel to Sagunto and Valencia.

Reports reaching the frontier said the death roll from yesterday's fighting was heavy.

surgent bombing of Granollers, 16 miles north of Barcelona, would reach more than 500. Many other hundreds were injured.

High heaps of stone and rubbish on the main street of the town of 9,000 marked the scene of slaughter. Buildings still standing were pitted with steel fragments. One building was split in two.

This terrible forty, crashing death among long queues of women and children waiting in the market place for potato rations, was only one of many such raids yesterday.

Sagunto, most-bombed town in eastern Spain, again was visited.

The British ship Pentlithias was sunk and a Spanish vessel damaged in Valencia harbor by bombs. This brought to five the ships sunk or set afire at Valencia within a week, but the harbor remained the busiest in government Spain with 14 foreign vessels in port.

MODERN WILLIAM TELL CALLED BRAVEST MAN

HOLLYWOOD, June 1 (AP)—Razberry-voiced Pete Smith nominated Captain Fred G. Somers today as the bravest man in Hollywood.

Smith advertised for some one to hold an apple on his head, while Howard Hill, champion archer, shoots at it from a distance of 50 yards.

Somers volunteered. A slow-motion camera will record the feat for a Smith Film specialty.

GUNSHOT WOUND FATAL TO NEW MEXICO MAN

EL RENO, Okla., June 1 (AP)—Vick Glasener, 24-year-old Grand N. M. resident, died here today of a gunshot wound inflicted when officers at nearby Yukon sought to question him and his brother about an abandoned automobile.

In an El Reno hospital with a "fifty-fifty chance to recover" was 16-year-old Frank Glasener, who said he and his brother had bumped their way here en route to visit relatives in the East.

Sheriff John Harrison said I. A. Floyd, Yukon city marshal, told him he shot Vick Glasener when the two youths resisted an attempt to question them. No charges have been filed.

Art Fanning, Yukon water superintendent who accompanied Floyd to the Yukon depot to question the pair, fired the shot that wounded Frank Glasener, Harrison said Floyd later told him.

Abandoned near a Yukon cemetery was an automobile reported taken at gun point from J. D. Moore of Amarillo, Texas, Monday night.

It was a report that two men, acting suspiciously, had abandoned the car that led Floyd and Fanning to the depot.

VFW AND LEGION WILL HAVE JOINT MEETING

Members of the Veterans of Foreign Wars and of the American Legion will have a joint meeting at 8 o'clock tomorrow night at the American Legion hut. Thursday is the regular meeting night for the Legion.

Harry L. Casey of Albuquerque, N. M., will have an important announcement to make to the veterans. Mr. Casey was one of the delegates attending the American Legion 18th district convention, held here May 21-22.

GERMAN DIES RATHER THAN BE DEPORTED

NEW YORK, June 1 (AP)—This is the story Albert Heinz said his sweetheart would see in the newspapers—if he died.

The body of Heinz, a young German who had been brought from Miami, Fla., for deportation to Germany, was found floating in the Hudson river off Hoboken, N. J.

In his pocket was a letter addressed to Lou Annice Summers, of Miami.

"Dear honey," it began. "They are taking me away from you, from America and from all the happiness which you have given me."

"They will send me back to Germany, but I never will get there—I love you like I never did before. I have cried so that I have no more tears left."

"Whatever happens from now on may cost me my life, but I will not let anyone take me away from you alive. If I die you will read it in the newspapers. If I am alive you will hear from me."

Then, in a postscript, he wrote: "I gave up my country, Germany, for America and its honorable flag, for its freedom and history, and for my girl from Mississippi."

"They didn't believe what I said. They sent me back to Hitler. But I will prove, alive or dead, my honesty and the mistake they make. Yours forever, Albert."

Enclosed with the letter, dated April 6, was a warrant for his arrest on a charge of assault, issued in Miami on Christmas Day, 1937, on the complaint of Louis J. Summers.

There was no indication of the relationship between Lou Annice Summers and the man who signed the assault complaint.

MIAMI, Fla., June 1 (AP)—Municipal court records showed an assault and battery charge against Albert Heinz, whose body was found in the Hudson river off Hoboken, N. J., today, was dismissed last December when the complainant, Louis J. Summers, failed to appear and prosecute. Details of the case were not of record.

Nothing was known of Lou Annice Summers at the address given in a letter in Heinz's pocket, and neither she nor Summers could be located.

JUSTICE McREYNOLDS DISSENTS 28 TIMES

WASHINGTON, June 1 (AP)—Justice Hugo L. Black has drawn frequent headlines for his dissenting opinions in the Supreme Court since just ended, but the title of the year's chief dissenter has been quietly won by Justice James C. McReynolds.

During the eight months' session which closed yesterday, Black entered dissents in 16 cases, in 12 of which he stood alone. McReynolds, however, dissented 28 times, including five solitary opinions.

Justice Pierce Butler also out-ranked Black with 21 dissents, in all of which he was joined by at least one associate—usually McReynolds. The two are the justices whom administration officials term conservative.

In contrast, Chief Justice Hughes went through the entire session without a dissent.

Black ended his first term yesterday by disagreeing with his colleagues' refusal to reconsider their decision condemning Secretary Wallace's procedure in ordering lower charges by commission men at the Kansas City stockyards.

He concurred in an 8 to 0 opinion approving an order by the agriculture department fixing maximum rates to be charged by the Denver Union Stockyards Company.

FARMER LUGS COFFIN TO CRASH HOLLYWOOD

HUGO, Okla., June 1 (AP)—Grizzled Chas Hunter shoved his own hand-whittled pine coffin down the road toward Hollywood, and he hopes fame and fortune.

When night overtakes him, he will crawl under the ornate lid of his casket and go to sleep.

The 55-year-old farmer, farmer and deputy sheriff said today he had a dream and a "warning of death came to me."

"I don't think I'll die soon, but I got up before daybreak next morning, had the lumber cut and in three days the coffin was finished. And now, I'm on my way to Hollywood to have moving pictures made."

Hunter pushed the cart bearing the coffin here from his home at Idabel, Okla., 56 miles away, in three days. His feet, he said, are sore—"there's a bunton coming."

Hunter frankly said he is out to make money. He carves out canes, snakes and wooden figurines to pay expenses. He left his wife and five children at Idabel.

Czech Nazis Cheer as Elections Widen Schism

Visual evidence of the growing numerical strength of Konrad Henlein's insurgent Sudeten-German party in Czechoslovakia is given in the above scene showing a mass meeting of his supporters completely packing the town square. In the recent elections in German-Czechoslovakia he gained 10 per cent over the 1936 vote, while the Czech majority showed increases in its own areas, thus highlighting the growing schism between Czechs and such minority groups as those pictured above.

OIL OUTLOOK NOW BEST SO FAR THIS YEAR

TULSA, Okla., June 1 (AP)—Hopeful signs of expanding business have brought a wave of optimism to the petroleum industry. The word was out today that gasoline inquiry and movement was on the upswing. That condition brought frequent observations that at present the outlook was the best so far this year.

Marketing reports were that some refiners already were asking an eighth to a quarter of a cent above posted prices for gasoline. In some quarters there was more and more talk of a general rise in the tank car, or wholesale, price of gasoline.

On top of unusual gasoline demands for the three-day Memorial holiday, refiners reported, wholesale buying against the summer motoring season was reaching a greater volume than anticipated earlier. Motor fuel requirements were said to be pyramiding into a summer business that seemed much like the good seasons of '36 and '37.

"Mark you," said one oil company executive, "we are far from out of this business slump yet. But things do look infinitely better at the moment."

The strength in the refined products division came on the heels of drastic measures to halt mounting crude stocks. Curtailment of state allowables had cut the crude output something like 250,000 barrels daily in the past three weeks.

Field activity remained relatively steady. The Oil and Gas Journal reported 338 completions for the week, 22 less than the week before.

HARRY WOODRING ALSO HAS BIRTHDAY TUESDAY

WASHINGTON, June 1 (AP)—Harry H. Woodring reached 48 Tuesday, proud of being secretary of war but eager to be known as a man of peace.

"With the possible exception of Newton D. Baker, I'm the least militaristic of any secretary of war," said the cabinet member whose recent speech against aggression stirred the ire of Premier Mussolini and German officials.

Mild-mannered, sometimes almost shy, Woodring is no habitual sabre rattler. Yet the nation's land defenses have been increased during his five-year service in the war department.

JAPS' AERIAL POWER PUSHING CHINESE BACK

By ELMER W. PETERSON.

SHANGHAI, June 1 (AP)—Japanese said today Generalissimo Chiang Kai-Shek's latest defense lines along the cross country Lunghai railway were giving way gradually before Japanese aerial power.

Japanese army planes intensively bombed Chinese troops near Lanfeng, although the army of Nippon still appeared to be balked in its efforts to reach Kaifeng and Chengchow, railway points on the central China front which are important to the Japanese offensive planned against Hankow, China's provisional capital.

Japanese claimed capture of Ningling, 20 miles west of Kweichow, as a further step in strengthening their way ahead to a marked degree, and some Japanese units about Lanfeng were cut off from communication with each other.

No one could say definitely what was the fate of the division headed by the colorful veteran of many campaigns, Lieut. Gen. Kenji Dohara. Chinese said it had been cut to "mere remnants" and Japanese admitted the possibility Dohara had been encircled on three sides.

The division yesterday was reported by Chinese to be trapped with scarcely a chance of escape.

In attacking from the air, the Japanese admitted they were being forced to bomb heavy artillery positions west of Lanfeng, indicating the extent to which the Chinese were prepared to defend Kaifeng.

Still refusing to admit the loss of Pohnien, Chinese said Japanese were attacking there and trying repeatedly to smash through the city gates with tanks.

Pirates Rob Vessel. Although unable to make sweeping advances along the Lunghai since their capture of Suohow May 19, the Japanese have been causing considerable damage with their aerial attacks.

Japanese naval communiques declared 30 Japanese planes yesterday raided Generalissimo Chiang's capital at Hankow and shot down 20 Chinese planes, losing one ship of their own. Chinese said 54 Japanese planes were in the raid, and that 15 of them were shot down. Canton also was bombed.

An aside of the war—river pirates reasserted themselves on the lower Yangtze, robbing the Dollar Company river vessel "Dollar" and two lighter craft under tow of more than 1,000 bags of rice and stripping the passengers of cash and valuables.

Using an old trick, the pirates boarded the Dollar as passengers and used their guns to force the vessel to an island where the rice was transferred to waiting junkies. An Indian watchman was injured in the leg and arm when he resisted. There were no foreign passengers aboard.

PHILADELPHIANS MAY NOW FEED ANIMALS

PHILADELPHIA, June 1 (AP)—Zoo officials tomorrow will discard a custom of 60 years and urge visitors to feed the animals. However, they may feed them only a specially-prepared ration obtained at five cents a bag.

AID PROMISED 'LITTLE MEN' IN WAGE FIGHT

WASHINGTON, June 1 (AP)—"Little business" won assurances from Senate conferees today that they would fight for easier wage-hour standards in order to protect its interests.

Senators Thomas, Democrat, Utah; Walsh, Democrat, Mass., and Pepper, Democrat, Fla., said many small merchants and manufacturers had declared the same minimum wages and maximum hours as larger firms.

The three Senators are among members of a joint committee which will begin tomorrow to draft compromise wage-hour legislation.

The major issue is whether nationally uniform standards shall be ordered.

Walsh, pointing out that 68 per cent of the nation's business firms employ less than 20 persons, said any compromise bill should consider the ability of an employer to adjust himself to its provisions over a period of months or years.

Thomas, chairman of the Senate labor committee, urged that a board be created to make exceptions where rigid standards would bring unemployment.

Noting that the Senate-House committee has wide powers to rewrite the legislation, Senator Pepper said he thought it should be broadened to provide some stimulation for small businesses in remote sections of the country.

Although some committeemen forecast a long struggle over the measure, administration leaders said that yesterday's decision to abandon the government reorganization bill until next year virtually assured adjournment by June 10.

Senate chief clerk H. C. Jones today said the Senate will call into session at 11 a. m. (EST), an hour earlier than usual, to hasten a vote.

The Senate voted yesterday to make \$50,000,000 of WPA funds available for cities should an emergency arise. It turned down a suggestion by Senator Vandenberg, Republican, Michigan, that \$150,000,000 be set aside from work-relief funds for direct relief payments.

One of the biggest fights remaining centered on a committee amendment to restrict use of PWA funds for constructing utility systems which would compete with privately-owned plants. Senator Norris, Independent, Neb., so-called "father" of the TVA, was leading an attempt to eliminate the restriction.

"YOU SHOULD SEE WHAT I SAW WHERE CAMELS ARE MADE" BY Eddie Cantor

AMERICA'S LAUGH KING, Eddie Cantor, has his serious moments too. His uproarious "Cantor's Camel Caravan" broadcasts (every Monday night—Columbia Network) command respect because of his sincerity in his work. And Eddie's truly sincere in his self-termed job of "Camel Radio Salesman." Says salesman Cantor, "Everything isn't too much to know about a cigarette like Camel." Eddie took a trip to Winston-Salem, home of Camel cigarettes. Here is what he saw—

by insurance. When you reach retirement under the Reynolds plan, the company sends you a check each month for the rest of your life. It's certainly great to be a Camel worker! COSTLIER TOBACCO? Has Camel got costlier tobacco? Listen—I'm looking at it, folks, in the picture above. And there's a hundred million dollars' worth of it right here at Winston-Salem. That tobacco looks so g-o-o-d, smells so g-o-o-d. If you're smoking a Camel, you're smoking some of those finer, costlier tobaccos right now. How do they keep this tobacco 'just right,' the way you like it? They make the workroom 'weather' themselves with a wonderful air-conditioning plant. And, besides, they actually wash the air every few minutes. Do the Camel folks like to work in that place! In the last pic-

"HELLO EVERYBODY! Here I am in Camel town. Am I impressed! Everybody looks so happy—so enthusiastic! You'd think each one of the 13,000 Reynolds workers owned the plant. And say, thousands of them are owners—they've got Camel stock! And they really get fun out of making Camels. Maybe that's a reason people get so much fun out of smoking Camels. Wouldn't you like to work here? Nobody's been laid off by Camels in 12 years. When that old whistle blows the officials in this place are right on the job too. And they have only one job—making Camels so good that more people smoke them than any other cigarette. Yes—that's everybody's job at Camels. Imagine a place like this Camel plant. They had social security here years ago. When you're sick, you get a nice healthy check each week. If you die, your family is protected."

Have a Camel! See for yourself why there's more real pleasure—more out-and-out enjoyment—in Camel's matchless blend of finer, more expensive tobaccos—Turkish and Domestic.

See why tobacco planters, men who grow and know tobacco, make Camel their cigarette. You'll say, as millions of smokers do, "Camels agree with me." Camel is America's largest-selling cigarette!

Don't miss Cantor's Camel Caravan Monday nights! See radio listing in your local paper for time.

This Man, Joe Murray

BY WILLIAM CORCORAN Copyright, 1938, by William Corcoran, NEA Service, Inc.

CAST OF CHARACTERS
JOE MURRAY—like a new
blaze, new jobs, new girls,
HELEN—fell in love—hard—
and kept it!
TERRY MALLOW—found love
and kept it!

Yesterday: Wandering, likeable
Joe Murray settles in Sparksburg
and for the first time in his
life is heard over heels in love—with
Helen.

CHAPTER II

HELEN had been kissed before,
but with little meaning in it;
now it became very important. It
was terribly important to Joe. It
was something that even scared
him a little in its strange, intense
importance, which is one of the
curious things that being in love
does to a young man who has
taken his kisses like the air he
breathes.

Joe could not understand it or
explain what had happened to
him. But what happened to Joe
was a number of things: he was
growing up, he had fought and
loved and traveled and adventured
and proved himself a man,
and had had come to the time
when, that question settled, he
must prove further things—his
substance as a grown man, his
ability to harbor and cherish others
beside himself in his ample
strength.

The things the two young ones
talked about and the plans they
made do not matter here. Everyone
living has talked them and
planned them at one time, without
calculation or cunning or anything
to set them apart. Joe gave her
his pay to save, and dropped his
extravagant habits entirely. Helen
took a sudden interest in the prices of things,
small houses and furniture and
bedding, and being of a practical
people, in the cost of having babies
and caring for them. She made
up a frugal, warm lunch for

Illustration by E. H. Gunder.
Then moments came when their hearts pounded in them out of
hand, and there were no words to say.

him in the middle of the day, instead
of filling his dinner pail
cold in the early morning as she
did for the other boarders, and she
walked down the mile of track on
his section to be with him while
he ate it.

All that spring the two of them
were together; and the plans they
made do not matter here. Everyone
living has talked them and
planned them at one time, without
calculation or cunning or anything
to set them apart. Joe gave her
his pay to save, and dropped his
extravagant habits entirely. Helen
took a sudden interest in the prices of things,
small houses and furniture and
bedding, and being of a practical
people, in the cost of having babies
and caring for them. She made
up a frugal, warm lunch for

I know this doesn't seem like
much of a story, all about two
youngsters wanting to get married
and nothing in the world to
stop them. I know there is no
conflict for you to follow, wondering
why I can't tell it like an
ordinary love story, with dialog
and scenes and pieces that fall together
in a pattern that comes
clear only at the end. Their dialog
has nothing at all to do with this
story, which I have told you is
about love. They talked about
themselves.

FOR instance, Joe coming home
in the late afternoon and walking
in the kitchen door. Everybody
used the kitchen door in working
clothes; the front door only after
they cleaned up. He usually found
Helen standing over the coal range
just inside the door, watching a
great pot of stew with Polish trimmings
that the old lady had put on
a couple of hours before, or
testing steaming potatoes or something
similar, her color high with

the heat and her eyes bright with
the moment. She could watch out
the door from there. And Joe
could stop in the door, leaning
against the door jamb, out of the
way of the kitchen activity and
yet in the midst of it. He always
smiled as if he'd just told the boss
exactly what to do or a cop where
to go, looking conceded as could
be, yet really not.

"Lo, kid!"
Then, always quite taken by
surprise at her work and a little
jauntily proud of herself, she
smiled a big, blue-eyed, radiant
blond smile. "Home again, Joe?"
"Right side up, kid." He eyed
the stove, sniffing hungrily. "Stew?
You make it?"
"It's mama's stew, Joe. Hurry!"

He drawled, "Well, I'll have to take
the ma along, Polack. I think it's
the stew has got me. If she was
free I'd marry her instead!"
Across the kitchen the slight,
wiry mother colored with pleasure
and made disapproving, deprecating
sounds. Helen laughed a little
and said, "Hish! You wait, I'll
make you stew, and you'll like
them."

Joe looked at her, his brown
eyes gleaming and narrowing a
little, his lean lips quivering
slightly with malicious and ominous
words. Then, passing inside
to go upstairs and giving her a
small, make-believe punch on the
arm of in the side that posed for
being handballed with her, he said,
"Lots of things I like, Polack. I'm
only waiting."

THAT was the way Joe and
Helen were. That was one way.
There were others: there was the
way when they danced a long
time, close and full of music and
moving like one inseparable living
body, or seen a moving picture
that put them in a mood, or after
a walk in Spring Creek Park
when the time of the year and the
smell of the warm earth and the
green grass and the thick dark
leaves was strong in their blood.
Then moments came when their
hearts pounded in them out of

hand, and there were no words
to say, though both understood
well enough and were equally
firm in their love for each other
and in their impatient plans.

Sometimes Joe wondered brood-
ingly yet never moodily why it
was he waited so, who never had
before, exactly speaking. He was
neither very religious minded nor
tolerant of those who did not.
And yet he knew well enough: it
was a kind of payment you laid
on the line with life; life gave
you just so much as you paid for,
and he wanted all there was of
Helen, without stint. All of life
lay ahead. It was a thought more
heavy than whisky, and worth the
payment easily. Many thoughts
Joe entertained, such as that one,
were more clear in the mind than
they could be in speech—were a
man in the habit of discussing
such things, which he was not.

And that was the way they
were. And time passed, and they
were together as much as possible,
and their roots grew closer to-
gether, deeper and deeper, growing
away from loneliness forever.
They were daily the more in love.
I wish I could stop right there.
This would not be a real story and
no one would listen to it, but I
wish I could leave them right
there . . . growing away from
loneliness forever.

But I have nothing to do with
it. I've got to go on, just as their
lives went on without me. You
may not believe it, and you may
think all story telling is like some-
thing done with mirrors on a
stage, but all this actually hap-
pened and I'm only putting it
down in a logical order of events
because no one ever did before
and I think there's a significance
to it all. I'm telling this like a
doctor, or a recorder of vital sta-
tistics, or a professor explaining
the molecules.

As a matter of fact, I am stall-
ing. I dread going on, which no
professor of molecules would for
a moment. You will understand
why.

SUPREME COURT OKAYS MAXIMUM RATE ORDER

WASHINGTON, June 1 (AP)—The
Supreme Court approved today an
order issued by Harry L. Brown,
acting Secretary of Agriculture on
February 17, 1937, fixing maximum
rates to be charged by the D. Waver
Union Stock Yard Company.
In a decision by Justice Butler,
the tribunal affirmed a ruling by a
three-judge federal district court in
Colorado dismissing the litigation
and ordering the Stock Yard Com-
pany to refund to its customers the
difference between the higher ac-
count collected and the charges
specified in the order.
The reduced rates were not put
into effect pending disposition of
the litigation.
New rates were ordered after the
acting Secretary of Agriculture de-
cided that the proper valuation of
the stock yard was \$2,792,581 on

CALIFORNIA SHAKEN BY GIANT EARTH SLIPPAGE

LOS ANGELES, June 1 (AP)—A
giant earth slippage jolted a mil-
lion southern California homes at
12:35 a. m. yesterday morning, but
spared the area of damage.
The quake, one of the most severe
since the disastrous one in 1933, was
felt for 200 miles along the Pacific
coast from Santa Barbara to San
Diego and inland 150 miles to the
Mojave desert and the Coachella
valley.
Alarmed families were frightened
out of sleep by the rippling, side-
wise motion of the earth. Dishes
rattled in cupboards. Lights swayed.
Houses creaked.
Long Beach, center of the destruc-
tion in '33, quickly reported
"all's well," and other cities, such
as Santa Barbara and San Jacinto,
which were hard hit by past earth-
quakes, went through today's with-
out harm.
The earth shocks, three in num-
ber, lasted several seconds. They
were strongest on the Los Angeles
ocean front, stirring up high waves.

COURT DECLINES TO RECONSIDER REBUKE TO HENRY WALLACE

WASHINGTON, June 1 (AP)—The
Supreme Court refused today to re-
consider its April 25 decision hold-
ing "patently defective" procedure
employed by Secretary Wallace in
cutting a reduction of charges per-
mitted at the Kansas City stock-
yards.
In asking a rehearing, Solicitor
General Robert H. Jackson contend-
ed the court had reversed a decision
in the same case two years
earlier which he said found no ob-
jection to the procedure employed.
Chief Justice Hughes, who wrote
the recent six to one opinion (Just-
ice Black dissenting) said the Sec-
retary of Agriculture had not given
the commission merchants an op-
portunity to learn the government
contentions and to contest them.
Following this decision, the Na-
tional Labor Relations Board at-
tempted to withdraw from Federal
Circuit Courts litigation involving
the Republic Steel Corporation,
Ford Motor Company and other
concerns in order to adopt new pro-
cedure. The court ruled today that
the board could withdraw the Re-
public Steel case.
Wallace has contended in a series
of statements that the procedure
condemned was put into effect
and has now been abandoned.

IN CYCLONE TIME TRY A HITCH
TOPEKA, Kas. (AP)—If a tornado
or cyclone catches you too far from
the nearest cyclone cellar, make a
dash and jump into a ditch or de-
pression.
That is the advice of S. D. Flora,
federal meteorologist for Kansas.
A storm cellar or cave is the safe-
st refuge, he says, but its any port
in a prairie "blow" and a depres-
sion in the ground where a person
may lie flat usually brings the re-
fugee through alive.

28,290 Attend New York Bout NEW YORK, June 1 (AP)-The attendance and receipts of last night's welterweight championship bout at Madison Square Garden bowl between Henry Armstrong and Barney Ross:

Gross attendance: 28,290. Net paid attendance: 26,430. Gross receipts: \$160,860.64. Net receipts: \$136,015.58.

Paul Dean Turned Over to St. Louis HOUSTON, June 1 (AP)-Paul Dean, who helped write big league baseball history with his brother Diz, has reached the end of the professional baseball trail as far as Houston of the Texas League was concerned.

Houston yesterday turned Dean back to the St. Louis Cardinals where several years ago he was a great world series star with his brother Jerome (Dizzy) Dean. The big right-hander left the Buffs at Shreveport for St. Louis where he will confer with Branch Rickey, Cardinal official, regarding his future.

The Cardinals optioned him to Houston this season with the hope that he would regain winning form while an ailing arm mended under curative rays of the Texas sun, but Dean had won but one game and lost four, and the Buff officials did not consider him of potential value to them in the pennant drive.

Today's Answers to Cranium Crackers (Questions on editorial page) 1. The Dinar is the monetary unit of Yugoslavia. 2. Alvah minus the h was Edison's middle name. 3. Harpo plus Groucho plus Chico plus Zeppo equals the Marx Brothers comedy team before Zeppo left the team. The diameter of the earth divided by 4 equals the approximate diameter of the moon. 5. Nathaniel Hawthorne plus the letter c (making "Hawthorne") is the name of the author of "The Scarlet Letter."

Political Calendar

The Pampa Daily News has been authorized to present the names of the following citizens as candidates for office subject to the action of the Democratic Voters in their primary election on Saturday, July 23, 1938.

For State Representative - 122nd District: EUGENE WORLEY.

For District Judge: W. R. EWING. For District Attorney: W. R. FRAZEE. CLIFFORD BRALY. C. E. CARY.

For District Judge: MIRIAM A. WILSON. For County Judge: SHERMAN WHITE.

For County Attorney: JOE GORDON. For Sheriff: J. C. (Ced) ROSE. EARL TALLEY. BEN LOCKHART. H. C. "Bud" COTTRELL.

For Tax Assessor-Collector: F. E. LEECH. For County Clerk: J. V. NEW. CHARLIE THUT.

For County Treasurer: D. R. HENRY. JOHN M. TATE. W. E. JAMES.

For County School Superintendent: W. B. REDD WEATHERED. For County Commissioner: Precinct 2: ROBERT SEEDS. JOHN HAGGARD. Precinct 3: E. C. SCHAFER. THOS. O. KIRBY. LON L. BLANSCHET. Precinct 4: E. C. CREWS. For Justice of the Peace: Precinct 2: E. F. YOUNG.

For Constable: OTIS HENDRIX.

GALVESTON GOLDEN GLOVES CHAMPS TO BOX PAMPANS FRIDAY NIGHT

FIVE TITILISTS TO GET REAL TEST IN CITY

Five district Golden Gloves champions and three boys who defeated winners in a recent tournament will represent the Galveston Amateur Athletic Federation in a dual amateur boxing tournament with Pampa boys Friday night at 8:30 o'clock at the Pampa Athletic arena.

The champions are Frank Sullivan, light heavyweight; Raymond Oest, middleweight; Jimmy Foytik, lightweight; Swede Enoksen, featherweight; and John Santerelli, flyweight.

Trainer Manny Areviello and 10 Galveston boys will arrive here Friday morning after traveling more than 300 miles to compete against the local titilists being trained by Cliff Chambers.

The little trainer reported today that Ray "Dippy" Norman is in excellent condition, weighing 146 pounds, and will be ready to take the place of Red Drake, who will not be able to compete in the meet. Norman suffered a shoulder injury in the Golden Gloves tournament and has been resting ever since. Norman will meet Ruben Guzman of Galveston.

Frank Brown, another boy who was unable to appear in the tournament, has returned to Pampa and has been working long and hard for his battle with Swede Enoksen at 130 pounds. Enoksen is the pride of the Galveston team.

Other local boys working daily are J. P. Mathews, Arvol Hix, Ed Cassada, Richard Stevens, and others. Down in Shamrock, Frankie Bills and Benny Moore are getting in top shape while Alanreed's Jake Bible is working day and night.

Reserve rinkside seats at \$1 are now on sale at the Pampa Daily News and at Creney Drug.

Pampans Boat Places Second In Snipe Race

Frank Pemberton, new Pampa resident moved here from Wichita Falls, returned yesterday from Fort Worth where he and his partner, Cleo Payne of Wichita Falls, placed second in the Snipe Boat team races in Fort Worth Saturday and Sunday. First place went to the Dallas team, led by Howard Chilton who places first in all three heats.

Two boats were entered from each of eight sailing clubs in Texas and

WEDNESDAY EVENING, JUNE 1, 1938.

GEHRIG PLAYED IN FIRST GAME 13 YEARS AGO

NEW YORK, June 1 (AP)—Thirteen years ago today, June 1, 1925, Jack Dempsey was heavyweight champion, Charlie Paddock was the world's fastest human, people were talking Rogers Hornsby, flying ebony, the four horsemen and the Dolly sisters—and a fresh-faced kid named Henry Louis Gehrig pinch-hit for Pee Wee Wanninger of the Yankees in the first game he replaced Wally Pipp at first base.

Considering the starts and stops, the throws and slides, the shot days and the cold ones, 2,000 is a lot of tall games. But Gehrig doesn't think it has done him any harm.

"If I'm out of even an exhibition game, I'm nervous," he says. "Some of the fellows tell me to take a couple of days off. I'd burn up more energy doing nothing, fishing or hunting, than I would playing ball. I hit ten and seven points over my lifetime average (344) in 1936 and 1937. I didn't hit early this season but I'm hitting now."

Lou has seen a couple of generations of ballplayers come and go. Ty Cobb, Walter Johnson, Eddie Collins and Grover Cleveland Alexander were around when he broke in. He played in the shadow of his idol, Babe Ruth, for ten years, then emerged to be recognized as the greatest first baseman of his time, perhaps of all time.

His biggest thrill? The home run he hit off Carl Hubbell in the world series of 1936. That beats even the time he wallpopped four home runs in one game.

Oklahoma, Pemberton and his crew, Russell Franks of Wichita Falls, placed second in the opening heat Saturday afternoon. Payne and his crew, Dr. Lampert, took fourth. In choppy water Sunday afternoon, which held up starting of the races for several hours, Pemberton took fourth and Payne second. The Pampans won a fifth place in the final heat but Payne was disqualified. The two, however, had oiled up enough points to take second place in the meet.

Pemberton's little sail boat is named Dark Nite. He is with M. M. Rutherford company here.

Coast Boxers

Above is pictured two of the Galveston amateur boxers who will be here Friday night to battle the Pampa champions. At the left is Jimmy Foytik, lightweight, who defeated the Golden Gloves champion a week ago. Pictured at the right is Raymond Oest, middleweight, one of the best in the state. Galveston will send 10 boxers to Pampa.

Longview Beats Marshall While Texarkana Wins

(By The Associated Press) Marshall held a shaky lead in the East Texas League today after losing to Longview 5-3 last night, and second place Texarkana moved to within 14 points of the top with a 13-9 victory over Tyler.

Young Orval Grove held Marshall to three hits despite wildness. Texarkana swept a two-game series with Tyler in a slug-fest in which four homers were hit, three of them by the losers.

The Henderson Oilers clouted the ball to all corners of the lot to blast Palestine 12-5. The winners rung up 17 blows among which were homers by Curtwright, E. Hall and Abbott.

Hits were scarce as Jacksonville beat Kilgore 4-3. Truman Mayes allowing Jacksonville but four hits and Bob Crow giving Kilgore five.

YANKEES AND CUBS SHOWING METTLE NOW

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer.

A new picture of the major league situation is on display today as the leaders of the two circuits start into foreign territory and old Lou Gehrig starts another thousand or so consecutive games.

"Iron Hoss" Lou, playing his 20,000th game without a miss, and those big Memorial day crowds pushed a few other important items into the background during the past two days.

Now it's coming to light that the Cleveland Indians and Giants aren't out there all alone as they were a short time ago.

The Yankees, as attested by their doings of the last two days, are coming right along in old-time form and Chicago's Cubs are doing just as well. The Indians and Giants haven't shown many signs of slipping, but they don't have far to fall.

The Yankees really began to show their mettle in the just-concluded series with the Boston Red Sox. On Monday 83,529 fans came out to see the Yanks move into second place with a double victory over the Sox.

Yesterday the consolidated their position by whipping Boston again, 12 to 5, in the only game on the big league program. Lou hit a homer Monday, but only a single yesterday.

Homers by Tommy Henrich and Bill Dickey started the Yankees off to a 3-0 lead yesterday, but Jimmie Fox wiped that out in the fifth by belting his eleventh homer of the season with the bases full. Then, while Johnny Murphy gave Boston only one hit in the last 4 2/3 innings they proceeded to blast Footsie Marcum and Fritz Ostermeier right out of the park.

Four-runners after giving three runs, including a Red Rolfe homer, in the sixth, and Ostermeier and Emerson Dickman yielded the last four in the eighth.

That's a sample of the kind of thing the Indians, minus the valuable services of Catcher Rollie Hemley, will have to face in the East. The Tribe opens at Philadelphia today against the Athletics, who are up in sixth place after winning four of their last five games. Then comes Boston; Washington, where the Senators have been beaten only five times in 21 games; and finally the Yanks.

In the National league the Gaints go west with the memory of a double shut-out administered by the Boston Bees Monday and the knowledge that the Cubs have racked up 10 victories in their last 13 games. Before tackling the Cubs, however, the Gaints meet the uncertain Pittsburgh Pirates and the fourth-place Cincinnati Reds.

The Cubs begin their home stand today against Boston, Cincinnati tackles Brooklyn and the St. Louis Cardinals entertain the Phillies.

Missions Beat Beaumont 5 to 0

(By The Associated Press)

Rain helped Tulsa retake first place in the Texas League race last night. While the Tulsa-Dallas encounter was being postponed the San Antonio Missions edged to within eight points of the Oilers with a 5-0 victory over Beaumont, dropping the Exporters a game and a half behind San Antonio.

Chill Wagner limited Beaumont to six scattered singles while the Missions clouted Quinn Lee for a dozen safeties. Ed Silber clouted a homer with one on in the sixth.

Shreveport ended an eight-game losing streak with a 10-7 win over Houston, overcoming a four-run deficit in the opening inning to drive John Grodzicki to the showers, and clouting Ira Smith in the clinches the rest of the way.

Frank Lamanske pitched Oklahoma City to a 5-4 win over the Fort Worth Cats. He figured in the hitting with three of the thirteen blows amassed by the Indians. Les Monaco, who batted in three runs, drove home the winning tally in the ninth.

Tennis Club Plans Ladder Tournament

The Pampa Raquet Club held its first 1938 meeting last night in the city hall and decided to hold a ladder tournament as its first activity of the season. Plans will be completed at a meeting on next Tuesday night.

Membership dues will be 50 cents this year and only those who have paid their dues to Rob Brown or Lefty Hamilton by next Tuesday night will be eligible to compete in the ladder event.

The club also passed a rule whereby only paid members of the club will be eligible to compete in inter-city matches being planned. New officers of the club will be elected at a meeting on June 14. Tentative plans were made to sponsor an open invitation tournament late in the summer.

FIFTY GOLFERS REGISTER FOR CITY TOURNEY

Fifty local golfers have registered for the City Golf tournament to begin over the Pampa Country club course on June 12. Qualifying will begin on next Sunday and last through June 11. The tournament committee composed of Charlie Thut, Dan McGrew and Joe Gordon hope to have more than 128 players in the tournament.

Players planning to enter are urged to register with Del Love, club professional. The entry fee is only \$2 and players regardless of whether they are eliminated after the first round of play will receive a minimum of \$2.50 in green fees.

The best prize list ever offered in a city tournament will be on display soon. Awards will go to the winner and runner up in each flight and the winner of the consolation round in each flight.

Lengthening of the course to 6,200 yards is under way by adding many yards to two holes. Hole No. 5, now 160 yards, will be lengthened to 365 yards and hole No. 13, now 160 yards, will be 240 yards or 10 yards short of the 3-par yard limit, when completed.

Players registered up to last night were: Dr. Calvin Jones, Gus Howard, Gene Green, E. G. Allen, Lynn Boyd, Joe Gordon, Charlie Thut, Robert Enright, Bill Miskin, Sr., M. N. Cox, Joe Parkinson, Larry Trenary, H. C. Foy, Paul Hawthorne.

O. Payne, A. F. Hawthorne, Ray Hagan, Marvin Harris, Haskell Maguire, W. E. Mitchell, Mark Heath, Jim Myers, Bob Jordan, Raymond Radcliff, John Austin, Grover Austin Jr.

L. B. Warren, Jack Goldston, Chinch Barrett, Art Swanson, Mack Graham, Dan McGrew, Mike Hanam, Jim Hatfield, Dick Hodges, Tom Perkins, Fred Thompson, Jeff Beard.

C. F. McGinnis, Dr. H. H. Hicks, W. R. Potts, Floyd Hoffman, Jet

Armstrong Beats Barney Ross Into Bloody Pulp

By GAYLE TALBOT.

NEW YORK, June 1 (AP)—If you see a little blond man running today like his coat-tails were on fire and glancing back fearfully over his left shoulder every now and then, the odds are you are looking at Lou Ambers, the lightweight boxing champion, who agreed in a moment of avareice to fight Henry Armstrong this coming July.

Lou, like a lot of other amazed persons, watched Armstrong beat Barney Ross into a bleeding, stricken pulp in 15 rounds last night at Madison Square Garden bowl to add Barney's featherweight championship to the featherweight crown he already held.

The consensus of those who sat through the slow, agonizing destruction of Ross, one of the truly great little fighters of the decade, was that Ambers had a similar fate in store as soon as he faced the relentless Los Angeles negro.

Armstrong gave Ross such a terrible beating that Barney, the right side of his face swollen like a half-moon and his eye tightly clenched, muttered in his dressing room that he would never fight again.

It wasn't Ross' 28 years or failing legs that cost him the title. It was a left hook that for 15 rounds almost ripped his head from his shoulders. For the last half of the fight he was intent only on lasting the distance.

He tried to fight back in flurries, but his blows after the fifth round had nothing behind them. Armstrong, amazingly strong, merely bore in the harder. At the finish he accepted his new championship completely unmarked and as fresh as paint. It was the first time he had fought more than 10 rounds.

If he whips Ambers, Armstrong will have captured championships in three different weight divisions in less than a year.

Last night the human pinwheel weighed 138 1/2 to Ross' 142. Even so, Armstrong was the stronger man. Brumley, W. B. Weathered, Bill Jarratt, R. C. DeWoody, Roy Peeler, B. M. Behrman, Jim Richens.

every second of the way. He pulled Ross about in the clinches and never allowed Barney to take the play except for brief flurries. The only thing he lacked was a stiffening punch.

Left Hook Fatal.

The Associated Press score sheet credited Armstrong with 11 rounds, Ross with four, and one of those went to the Jewish lad because Referee Arthur Donovan thought he had been struck low. After the eighth round it was all Armstrong. Several times Barney's managers, Art Winch and Sam Flan, begged him to quit, and at the start of the twelfth round the referee added his plea, but Barney shook his head and went out to take his medicine.

The most surprising thing about the fight was Ross' inability to escape Armstrong's left hooks to the head. Those who had established Ross a 7 to 5 favorite in the betting had banked on his defensive skill to thwart Henry's attack. But gradually these lefts wrenched Ross' face out of shape and left him all but helpless.

For the first half, Armstrong mostly pumped his right into Barney's ribs. Slowly Barney's guard came down to protect his side, and then the dark destroyer blazed away at Barney's left jaw.

"I wasn't going to go out lying down," Ross said later. "Armstrong is a hell of a fighter, but I would have got up if he had knocked me down a dozen times."

Far from finding Ross tough, Armstrong told newsmen it was one of his easiest fights. He said Barney's blows never bothered him, even in the opening rounds when the heavier man was landing with everything he had.

There was considerable talk immediately after the scrap that Ross had been handicapped by injured hands, but Barney denied it.

COX TO CARLSBAD CANYON, June 1. — Freshman Coach Bob Cox of West Texas State College will leave this week for

NASH'S HOMER IN 8TH FRAME BEATS SKELLY

King won an extra inning 7 to 4 game from Skelly in an Industrial league softball battle last night while the Jaycees handed the News a 14 to 8 beating in a City League fixture. Cities Service forfeited to Phillips when only six of their players arrived for the game.

A home run by Mayse "Boogee" Nash in the eighth with two men on base gave King the win over Skelly in a well-played game. It was Nash's second four-ply wallop of the game.

Brown and Sheridan worked for King with Twitler and Ray the battery for Skelly.

The Jaycees broke in front in the fifth inning to down the newsmen. Erwin and Hall was the battery for the winners with Bill Barnett and Pete Dunaway dividing the pitching for the newsmen with Hamilton behind the plate.

The schedule for tonight is: 6 p. m.—Supply Boys vs. Gray County Creamery. 8:15 p. m.—Stanolind vs. Skelly. 9:30 p. m.—Diamond Shop vs. Christians.

Carlsbad, N. M., where he will become high school coach.

Cox was a famous fullback at Duke University, where he won All-Southern honors and was high scorer of the conference in football. He was recommended for his new work by Coach Al Baggett of W. T. and Coach Wallace Wade of Duke.

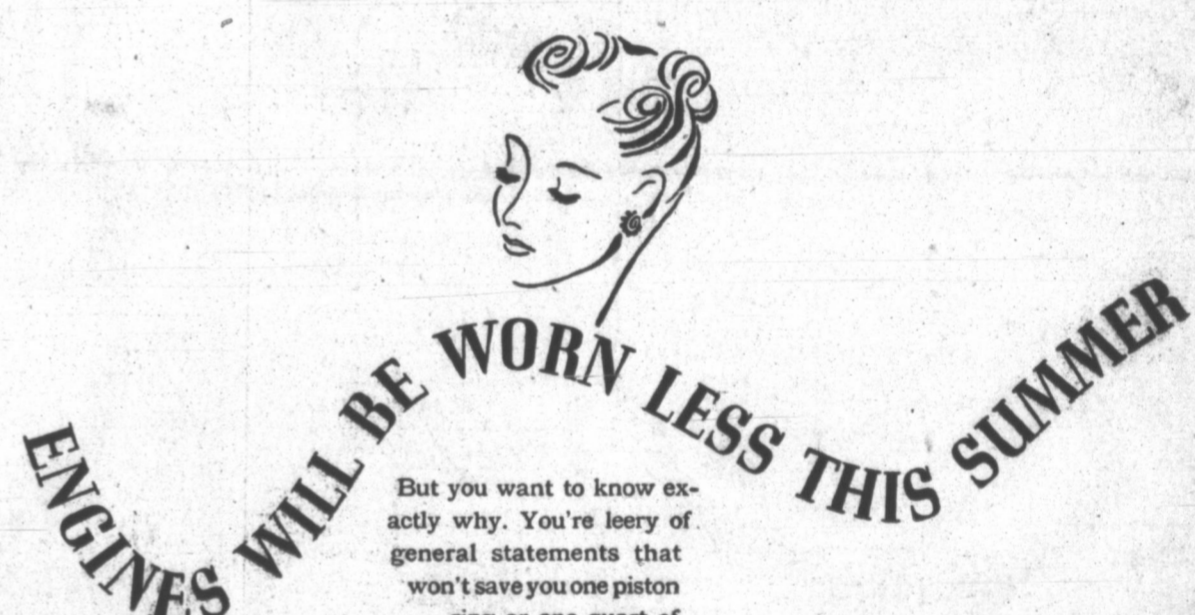

AIR-CONDITIONING GETS THE BUSINESS

"Let's go in here where it's cool." How many times have you heard one shopper say that to another when the sun beat mercilessly down on the street?

Most people are attracted by the comfort which air-conditioning insures.

Air-conditioning more than pays for itself in increased good will, in volume of summer business, an in efficiency of employees. Our engineers are at your disposal for consultation. It is not too late to consider air-conditioning for this summer, but you must act soon if it is to be ready for this summer's business.

Southwestern PUBLIC SERVICE Company

But you want to know exactly why. You're leery of general statements that won't save you one piston ring or one quart of oil. So you want what the doctors call a *specific*. And that's what you get—a definite, substantial, physical protector that actually exists right in your engine as soon as you get it *OIL-PLATED*. Only patented Conoco Germ Processed oil from Your Mileage Merchant's station can give your engine *OIL-PLATING*. Other oils can't. No matter how much refining is claimed for them, they cannot surpass the correct refining of Conoco Germ Processed oil, but refining only takes things out. Going much farther, Germ Processing *adds in* the patented man-made substance that gives your engine *OIL-PLATING*. Only this *addition* by the Germ Process makes oil "join up" with the working parts, to keep them *OIL-PLATED*. All the while Germ Processed oil is used, *OIL-PLATING* is permanent. Like other plating, *OIL-PLATING* keeps wear from getting through. And like other plating, *OIL-PLATING* can't drain down at any time. Actually united to each surface, *OIL-PLATING* gives your engine lubrication that needn't wait for the oil pump. . . . Before other oils could even begin to circulate, *OIL-PLATING* is ready to lubricate! Thus you know why the much-advertised harm of "dry starting" doesn't mean a thing with your engine *OIL-PLATED*. And you wouldn't expect any good plating to go flying off at Summer speeds, or to frizzle away in the Summer heat. Then expect the heat indicator to stay on the safe side, while the gauge-stick keeps saying, "Still full of Conoco Germ Processed oil!" That's why it's smart and thrifty today to have Your Mileage Merchant *OIL PLATE YOUR ENGINE*. Continental Oil Co.
