### SUCCESSFUL TRIP

## Richard Nixon Returns Home

WASHINGTON (UPI) — President Nixon, his path around the world lighted by America's historic moon landing, says the success of Apollo 11 will bridge geographic and political differ-

ences to help bring peace to the world. There was little doubt, from the morning he left the deck of the USS Hornet and the three intrepid Apollo 11 astronauts, until the moment he arrived back home Sunday night, that the drama of man's first visit to the moon would pave the way for a successful 26,655-mile trip.

## Blasts Shatter 200 Buildings In Resort Town

NOEL, Mo. (UPI)—It was a resort town nestled beside a small lake in the shadow of the Ozark Mountains. Today the only visitors were National Guardsmen.

Besides the unusual quiet brought by the evacuation of nearly all the 1,000 residents, there were 200 damaged buildings, a 20-foot deep gorge and the guardsmen patrolling to prevent looting as mute evidence of two vicious, unexplained explosions Sunday.

Not only was the cause of the blasts unknown, even the exact circumstances surrounding them were the subject of controversy among investigators.

One thing was certain. The explosions left one person dead, 40 injured and Noel practically a ghost town.

A crater 20 feet deep and some 50 feet long marked the spot of the explosions.

Initial reports were that the larger blast was a huge propane tank at a storage depot of the Tri-State Gas Co. near the railroad tracks.

However, a spokesman for the Empire Gas Co., at Lebanon, parent firm of Tri-State, said "It was not our equipment which blew."

The highway and all other roads leading into Noel were sealed off by troopers who turned back thousands of cars of Sunday night sightseers.

Some state troopers at the scene said one or more small propane tanks aboard a truck exploded but that the main blast was on a railroad car, carrying ammonium perchlorate, a chemical used in the manufacture of ammonitions. The cargo was owned by the Defense Department and bound for a plant at either Marshall or Karnak, Tex.

## Kissinger Briefs Pompidou On Nixon's Tour

PARIS (UPI)—Henry A. Kissinger, President Nixon's top foreign policy adviser, was to brief French President Georges Pompidou and American delegates today on Nixon's 12-day world tour.

Kissinger accompanied the President on the journey which included stops in eight countries. When Nixon flew home from England after airport talks with Prime Minister Harold Wilson, Kissinger flew to Paris.

He was greeted at Orly Airport Sunday night by U.S. Ambassador Sargent Shriver and escorted to the ambassador's residence where he was Shriver's guest.

Kissinger was meeting early today with Henry Cabot Lodge, chief of the American negotiating team at the Vietnam talks. Later in the day he was to see Pompidou, their first meeting since the French president took office in June.

## News Names New Managing, City Editors

Mrs. Doris E. Wilson has rejoined The Pampa Daily News staff as managing editor, according to Publisher Al Bassett.

She assumed her new duties today and will be in charge of all editorial personnel and newspaper content other than the editorial page.

For the past six months, Mrs. Wilson has been employed as staff writer on The Odessa-American, a sister publication of The Pampa Daily News.

A former women's page editor and general assignment reporter, Mrs. Wilson has been associated with Freedom Newspapers, Inc. for eight years. Prior to her assignment in Odessa, she was news director for one and one-half years at KPND Radio in Pampa and has worked on newspapers in Illinois, Kansas and Oklahoma.

Bassett also announced the appointment of Gene Schneider as city editor.

Schneider, a graduate of the University of California, Berkeley, has served with the U.S. Army Public Relations and News Department, as a writer, and The Times-News, Twin Falls, Idaho, as an associate editor.

Schneider and his wife Mary make their home at 604 N. Somerville.

## Housing Shortage Studied By PIF

A first step to find some way of relieving Pampa's low-cost housing shortage will be taken tomorrow by the Pampa Industrial Foundation.

Hugh Burdette, representing the foundation, and City Manager Charles Hill, member of the board, will go to Lubbock tomorrow for a conference with Federal Housing Administration officials.

Burdette said today purpose of the trip will be to determine specifications and requirements for obtaining an FHA loan guarantee to assist in financing a mobile home project in Pampa.

If the plan works out, Burdette stated, it would be hoped that private enterprise could be interested in the project.

The proposal would be for mobile homes on foundations and not the type that moves from location to location.

A committee from the Pampa Industrial Foundation recently visited and inspected a mobile home project in Denver, Colo.

"We're just investigating the possibilities of getting such a project started in Pampa," Burdette said.

## Scientists Hope To Get Look At Second Box Of Lunar Rocks

SPACE CENTER, Houston (UPI)—Scientists hoped to get their first look today inside the second box of moon rocks brought back to earth by Apollo 11.

About 39 pounds of the moon was in the aluminum box that resembles a small suitcase.

## News In Brief

WASHINGTON (UPI)—A group of scientists has urged the government to take advantage of a planetary situation that will not exist again for another 100 years by launching an unmanned space craft on a grand tour of Jupiter, Saturn, Uranus, Neptune and Pluto.

VIDOR, Tex. (UPI)—William Marvin Hammock, 20, of Vidor was injured fatally at midnight Sunday when the car in which he was riding left State Highway 82 inside the city limits of this Southeast Texas town and slammed into a pine tree. The driver of the vehicle was not seriously hurt.

WASHINGTON (UPI)—The blue-and-white jet that carried President and Mrs. Nixon on an eight-nation world tour was nearing home as the First Lady leaped back in her seat and declared: "I think American prestige is at an all-time high."

WASHINGTON (UPI)—Hubert H. Humphrey, recently returned from the Soviet Union, says the Russians feel the United States is ahead of them in developing multiple warhead missiles. As a result, he said, they are delaying arms limitation talks until they can catch up.

WASHINGTON (UPI)—The Pentagon says black enrollment in the service academies this fall will number 171, compared with 31 five years ago but still less than 2 per cent of the total. The Pentagon says 87 black freshmen will be admitted this fall, compared with 47 last year.

Geologists expected to find no health through the weekend, according to a routine announcement. The 21-day quarantine was scheduled to end next Monday.

Jesse Leroy Stewart, 49, a cook in the moon lab, Sunday conducted the first worship service held in the quarantine quarters. Stewart, a deacon in the nearby New Hope Baptist Church, read the 23rd Psalm from the Old Testament and preached a brief sermon.

He said he "selected the scripture reading because it begins 'The Lord is my shepherd'."

"I think that was one way we could get it over to our astronauts that they accomplished a great deal, and it was done by God being our shepherd," Stewart said later.

A spokesman said Armstrong represented the Apollo 11 crew at the service, and said "I enjoyed your sermon, deacon. Thank you very much." Aldrin and Collins worked on their moonflight reports instead of attending the service.

## Michigan, California Deaths May Connect

YPSILANTI, Mich. (UPI)—Michigan authorities investigating a series of brutal slayings of coeds in this university area have flown to California to check the possibility "someone in Michigan may have been involved" in a similar series of deaths there.

Other detectives from the crime center coordinating the Michigan killings were seeking possible links between John Norman Collins, charged with the latest of the deaths, and the murder of Joan Schell near Ann Arbor, Mich., last year.

Police in Salinas, Calif., had contacted the center, saying they were "suspicious" that someone in Michigan may have been involved in the deaths of three young women of the West Coast, said Kurtis Stadfeld, director of public relations at Eastern Michigan University and a police spokesman.

Collins, a senior at EMU, was charged Friday with first-degree murder in the strangling death of Karen Sue Beineman, 18, a 96-pound freshman who

## Budget Bill Will Be Passed To Committee

AUSTIN, Tex. (UPI) — The Texas Legislature was expected to meet just long enough today to hustle a \$5.85 billion budget off to conference committee, then adjourn for another day of pondering over who will pay the taxes needed to support the spending plan.

Speaker Gus F. Mutscher said the Budget Bill is the only major item of business facing the House Monday. Senate amendments to the measure will be rejected, and will be sent to the same conference committee which handled the budget during the regular legislative session.

Both the House and Senate last week passed their own versions of the spending bill. The Senate measure, which deals more liberally with higher education and state employees, would require \$357 million in new taxes—\$41 million more than the House version.

The spending bills met only token opposition in each House. But tax legislation, which Mutscher said will be ready for floor debate in the house by Thursday, faces rougher sledding, particularly in the Senate where sentiment is strong against Gov. Preston Smith's proposed boost in the general sales tax rate.

Mutscher said the House Revenue and Taxation Committee will approve a tax bill on Tuesday, and the measure will be ready for House action 48 hours later.

The bill approved by the committee is expected to include a sales tax increase as its primary ingredient, even though sales tax hikes were strongly criticized in tax hearings last week.

Only alternative bill offered that would produce the needed revenue was a corporate income surtax by Rep. Carl Parker, D-Port Arthur, and it is not likely to get serious consideration in the House.

Smith's tax program includes raising the state sales tax rate from 3 to 3½ per cent, raising the sales tax on motor vehicles an equal amount, putting alcoholic beverages under the general sales tax, raising the tax on cigarettes from 11 to 14 cents a package, and temporarily raising corporate franchise tax from \$2.75 to \$3.25 per \$1,000 taxable value.

Rep. Ben Atwell, D-Dallas, head of the tax committee, prefers his own tax bill which raises the sales tax from 3 to 4 per cent, levies a 5 per cent amusement tax, and puts certain services such as barber and beauty work and laundry and dry cleaning under the sales tax. It would not affect taxes on alcoholic beverages or cigarettes.

Mutscher said the budget conference committee will not make its final decisions on the size of the spending bill "until we see what kind of tax bill we are able to pass."

"There are still a lot of unsettled issues in that area," the speaker said.

He predicted the budget conferees will spend most of their time on spending for the second year of the biennium "since a large part of the one-year (passed in the regular session and vetoed by Smith) is carried over into the first year of the present bill."

"They'll have time to comb through it pretty thoroughly," Mutscher said.

## Jet, Small Plane Collide In Air

FORT WORTH (UPI)—An American Airlines 707-1E jetliner and a small private plane collided in the air late Sunday, causing the small plane to crash and killing the pilot.

Tom Harris of the Tarrant County medical examiner's office said the dead man was tentatively identified as Capt. Norman R. Bate, stationed with the Air Force near Abilene, Tex.

Harris said the Air Force would have to positively identify Bate. But an employee of a plane rental service at Abilene said Bate was the man who rented the plane.

Nobody on the 707 was injured. Five men were on board the big plane, which was on a training flight. A spokesman for American Airlines said the collision damaged "about a four foot section" of the jet's tail.

Capt. Frank Smith of Irving, Tex., instructor on the training flight, said he looked south and saw the Cessna 172 Skyhawk coming toward the jet at an angle.

Smith said he turned the 707 to the right and then "there was an impact." The planes collided at about 8,500 feet near Watauga, 10 miles north of Fort Worth.

The other men on the 707 were flight engineer Al Palmer and flight trainees R. D. Daulton, John H. Wright and H. L. Mattia.

# Sewing Book Offers Seamstresses New Techniques

By JOANNE SCHREIBER

Has your sewing machine slowed down for the summer? No matter how much we enjoy our stitching time, there comes a lazy summer slump when the last sunnily finished, when fall and back-to-school are still far off, when the garden and the beach lure us outside. This is the time to catch up with the new sewing books, to plan new sewing strategies, to try new sewing techniques.

Most impressive of the new books is a sewing company's new book. It's a hefty one—over 400 pages—but it covers sewing from applique to zippers, from adjusting patterns to zigzag stitching.

Hundreds of colorful illustrations guide you through the intricacies of dressmaking, from the preliminaries of pattern selection and fitting through seams, linings, fastenings and finishes. The section sewing for children includes

measurement charts for boys and girls, a section on sewing for babies, and a discussion on teaching little girls to sew. Homemakers will cheer the mending section with its many sensible instructions for patching, darning and reinforcing.

If you've been limiting your zigzag stitching to construction techniques, the zigzag chapter will lure you into more decorative work. If you're confused by all the new fabrics, you'll learn how to handle them in a special chapter covering knits, laminated, stretch and bonded fabrics, leather, lace and fiberglass. The tailoring section illustrates details of suit and coat construction.

A well-illustrated home furnishings section gives instructions for making various kinds of curtains and draperies, simple slipcovers, bedspreads and dust ruffles.

The book was written by Gladys Cunningham, assistant

education director, and supervised by Jessie Hutton, director of sewing education. Many talented writers, illustrators, photographers and seamstresses also contributed. There are pages of color photographs showing decorative details, applique, beading, motifs for children's clothing, monogramming, and room settings.

Also new this season is a homemaker special: the "1,001 Decorating Ideas Homeowner's Handbook." I had the great pleasure of working with the editors of 1,001 Decorating Ideas magazine on this hard cover book, and it is designed for the woman who enjoys sewing for her home, decorating it and maintaining it.

An opening decorating section gives advice on selecting the ingredients of a home. The sewing section—by far the longest and most detailed part of the book—covers just about

everything that can be sewed for the home, from easy curtains to convertible-sofa slipcovers. A special section on window hardware gives information on choosing and installing the various hooks, rods, brackets and pulleys which support the curtain, drapery or shade. A handywoman section tells how to paint, wallpaper, lay tiles, and care for the fabric furnishings which you have stitched. A final reference section includes yardage charts, a lighting guide, glossary and room arrangement kit.

There are lots of color pages, plenty of how-to-sketches, and delightful silhouettes by Hilary Knight. It is sold mostly in fabric stores and department stores.

A wonderful gift book for an expectant mother is "Making Baby Clothes," by Barbara Snook. Since the book was published first in England, there are some new words—lillikins or lills for tiny pins, tacking for thread, and zip fasteners.

Sewing basics are covered almost too thoroughly for an experienced sewer, with descriptions of various kinds of seams. But the directions for making and sizing tiny coats, kimonos, aprons, play suits, crawlers, dresses, sleeping bags, pajamas, bunting, snow jackets and bonnets are clear and very simple.

**DEAR ABBY:** Regarding "who should pay on dates?" You said that if the gentleman invites the lady, he should pay. This sounds ducky on the face of it but what other choice has he? She sure as heck is not about to ask him out! She has a good thing going! He's trapped and she knows it.

Now, hear me out. This caste system might have had some validity years ago, but things are different now, and I see no reason why a man should have to shoulder the whole cost when the broad he's out with is earning as much—if not more than he is.

Now, what I want from you, Dear Abby, is one good reason why the man should have to submit to this form of cultural blackmail! Actually, if my fellow men are too stupid to realize that they are being taken, then they deserve to be, and I wish you girls the best of luck. As for me, I am through being used!

**HAD IT**  
**DEAR HAD IT:** No man has to submit to any form of blackmail. He has the right to ask the lady to pick up the tab herself, or for both of them. She may even do it, but it is also her right to refuse.

**DEAR ABBY:** I think I can help that girl who said policemen "turn her on," and she wanted to know how to meet one. Policemen "turn me on," too, and I can give her some tips from my own experience.

1. Get a job as a waitress. Policemen always stop in diners for coffee or a quick bite. This is a perfect place to start a conversation with a policeman, and if he is interested in you, you'll end up dating him.
2. Get a ticket for over-parking or letting the meter run out, not for speeding. A speeding ticket is expensive, counts against your driving record, and besides, you have to go before the judge and you don't end up meeting the cops anyway. A ticket for over-parking is only \$1, and you get to go down to the police station to pay it. Here is where you will meet a lot of cops.
3. Ride around. When a police car passes you, be sure to look intently at the cops in it. If they smile, smile back. Chances

are they will find something to say to you. I do it all the time and I've never been disappointed.

**DEAR ABBY:** I wonder if those people who are all for birth control and abortion have ever stopped to consider that every year thousands of childless couples have been able to adopt babies only because they were illegitimate.

Unwed mothers actually serve a very useful purpose in society, don't they?

**AGAINST BIRTH CONTROL and ABORTION**  
**DEAR AGAINST:** It's true that because of illegitimacy, many couples have been able to become parents through adoption. But to say that "the unwed mother serves a useful purpose in society" is like comparing illegitimacy to a heart transplant. It's wonderful for the recipient, but serves no useful purpose for the donor.

Reds Take First In 19-17 Slugfest Win

By United Press International It wasn't enough for Pete Rose to bang out three hits, including his 11th homer of the season, and drive in four runs against the Philadelphia Phillies Sunday.

The hustling Cincinnati Reds' right fielder had to make a diving catch with two out in the bottom of the ninth inning to end a slugfest in which the two National League teams combined for 36 runs and 46 hits as the Reds managed a 19-17 victory and moved into first place in the Western Division.

In other National League action San Francisco edged Pittsburgh, 3-2. New York defeated Atlanta, 6-5. Chicago downed San Diego, 4-3, and Houston split with Montreal, winning the first game, 7-3.

Lombardi, Unitas Look Great In Pro Grid Openers

By United Press International Vince Lombardi and Johnny Unitas are back-but O. J. Simpson still hasn't arrived in the first-place yet.

The two guys who were there and the one who wasn't received the attention Saturday night when the 1959 exhibition schedule got into full swing with five games after the New York Jets kicked things off Friday night by escaping with a 26-24 victory over the college All-Stars.

Lombardi, who spent last season in the front office at Green Bay before going to Washington to return to the sidelines, made his debut in a downpour at RFK Stadium. The weather was awful but Lombardi's teams usually don't let bad weather bother them. They didn't this time, either, as the Redskins sloshed to a 13-7 victory over the Chicago Bears.

Unitas, who sat out most of last season with a bad elbow, looked like the Unitas of old as he saw a quartet of action in the Baltimore Colts' 26-6 victory over the San Diego Chargers.

Meanwhile, Simpson was still refusing to sign with the Buffalo Bills-but his asking price probably went up a bit after the Bills' pathetic ground showing in a 24-7 loss to Houston. The Bills gained just 23 yards rushing-and had a grand total of minus two yards in the second half. It looks like the Bills are desperate for a running back of Simpson's caliber.

Beard's Back In Business HARRISON, N.Y. (UPI)-Golf is strictly a business with 30-year-old Frank Beard and this year's business is booming to the tune of \$155,187.79-plus a few extras that don't count in the official prize money list.

Now the leading dollar collector of the season, Beard did \$50,000 worth of business on Sunday alone by popping in a birdie putt on the 72nd hole of the Westchester Classic for a five-under-par 267 and one-shot victory over 25-year-old Bert Greene, who started the day with a four-shot lead. "It's the only time I led," said Beard. "But it was the right time, wasn't it?" Beard, winner of the Minnesota Classic three weeks ago, wound-up with 275-13 under par for the distance in the \$250,000 tournament that ranks as the richest in the world.

Greene, son of a veteran Georgia club pro, faded to a par 72 after three straight rounds in the 60s and wound up second at 276, but his \$28,500 prize was nearly as much as he had won previously in three years on the tour.

Dan Sikes, who blew a three-foot putt on the last hole, was third with a 69 for 277 and \$17,750 and South Africa's Harold Henning looped in a long putt at the finish for a 70 and 278 worth \$11,750 in fourth place.

American League Roundup

Home Run Ends McNally's Streak

By United Press International

Dave McNally learned Sunday it's not how you pitch but who you pitch to that can make the difference. "I've pitched worse games this year and won," McNally said after his two-year 17-game winning streak was snapped when the Minnesota Twins beat the Baltimore Orioles, 5-2.

McNally was nursing a 1-0 lead in the seventh when Rich Reese was sent up as a pinch-hitter with the bases loaded and two out. Reese hit a 3-2 pitch to the opposite field in left for the first grand-slam homer of his career to end McNally's string.

Is 15-1 For Year A victory would have enabled McNally to set an American League two-year mark of 18 straight and to tie the one-season loop record of 16 straight. Instead, he's now 15-1 for the year.

In other American League games, Detroit beat Chicago, 6-2, Kansas City edged Cleveland, 3-2, New York topped Seattle, 5-3, California nipped Washington, 3-2, in 11 innings and Oakland beat Boston, 10-7, but lost the second game, 3-2.

Willie Horton's grand slam in the ninth inning snapped a 2-2 tie and carried the Tigers past Chicago. Reliever Dan Osinski

SPORTS

opened the 11th with a triple and reliever Casey Cox intentionally walked the next two batters before Cowan decided it with his first hit in an Angel uniform. Bill Robinson and Gene Michael each drove in two runs during a five-run first inning as New York beat Seattle. Former Yankee Steve Barber was bombed out and took the loss while Stan Bahnsen got the victory with a 7.1-3 inning stint. Rico Petrocelli hit his 28th homer and Boston survived a two-run Oakland rally in the ninth to gain a split with the Washington. Eubba Morton

### BUFFALO RUNS WILD

HONG KONG (UPI)—Hundreds of people ran indoors and shops closed in the downtown section here when a water buffalo ran wild for two hours. Police finally killed the 660-pounder Thursday with nine carbine shots. The buffalo escaped from a slaughterhouse after arrival from Cambodia.

## Langley-Gray Shop Does Quality Work

Langley & Gray Cabinet Shop is a fairly new business, established in 1964, yet, it has a history of experience and quality workmanship.

Vernon Langley and James Gray have been serving Pampans for 25 years in this location, previously known as Wards Cabinet Shop.

Their craftsmanship has a wide range from small repairs to the custom building of cabinets and fixtures. They have a large selection of materials to choose from including plywoods, beautiful hardwoods, accented hardwoods and Formica cabinet topping.

They also have many other home improvement aids, including paneling, decorative moldings, and shutters for interior and exterior use.

They are now the local distributor for Pittsburgh Paints. Offering the public another wide range of home improvement aids, including Sunproof exterior house paints in either oil base or latex; Wallhide interior latex wall paint; and Satinhide trim enamel in either oil base or latex finish. They have over 1000 colors to choose from in each line.

They also handle the regular line which consists of wood stains and clear plastic finishes for interior or exterior. Many of the stains are highly recommended for stained concrete patios.

They also have a good selection of sundries to help you in your painting projects.

Langley and Gray now has revolutionary new interior finish for the person who wants the best in quality and durability in a paint. It is called Manor Hall, Developed by Pittsburgh a combination of rugged durability and excellent coverage of a fine enamel with the ease of application of latex paint.

It is a latex finish so superior in washability that it is recommended for application on kitchen and bathroom walls, wood trim any area in the interior subject to frequent washing.

It's an all-purpose wall and trim coating that makes possible, at last, painting throughout the entire interior of the home with a single type finish.

So next time you have a home improvement in mind, whether it is a complete new item, paint of type or repair, remember Langley & Gray Cabinet Shop, 323 S. Starkweather, MO 4-2971, for quality and years of experience.

## Kirby Cleaner Company Offers Sales, Service

Kirby Vacuum Cleaner Company, 512 S. Cuyler, is the distributor for the world-famous Kirby Vacuum Cleaner.

The versatile, long lasting cleaner in its 55-year history has established a record for long-years of service-free trouble.

Many old Kirby's are still running, but the new models are the best yet. The new Kirby Vacuum Cleaner converts to five different machines; an upright model, tank-type, hand portable, electric broom and power floor polisher.

And even more flexibility is available with the new Rug Renovator, an amazingly easy and quick to use rug shampooer and restorer. The Rug Renovator shampoos a carpet and dries in 30 minutes and is very simple to operate.

Kirby Vacuum Cleaner Company not only sells the fine Kirby Vacuum Cleaner but also services Kirby cleaners and nearly all other brands of vacuum cleaners.

They also sell rebuilt, guaranteed cleaners and have a good selection of late model used cleaners in stock.

Call Kirby Vacuum Cleaner Company for a free home demonstration and perhaps win one free.

Each month Kirby Vacuum Cleaner Company gives away one Kirby cleaner free to a caller who received a demonstration that month.

The demonstration does not obligate the prospective customer in any way. Call the Kirby Vacuum Cleaner Company, MO 4-2990.

VERSATILE CLEANER — Earl Kerr, service manager, Dale Hunt, owner and manager, and Jim Jones, sales manager, proudly display the versatile Kirby Vacuum Cleaner and Rug Renovator sold and serviced by Kirby Vacuum Cleaner Company, 512 S. Cuyler.

## Las Pampas Sells Professional Art

Las Pampas Galleries in Coronado Center grew out of a need in Pampa. It's owner and director, Doris Johnson, felt that Pampa offered a cosmopolitan atmosphere and appreciation by its citizens for the fine paintings and imported gifts shown in the gallery. Now that the gallery is in its third year this conviction has been fulfilled.

The galleries is a composite of many shops. The art gallery offers the best of Southwestern professional art, including Peter Hurd, G. Harvey of Austin, Porfirio Salinas, Woody Gwyn, Dirk van Driest and many others. Only professional art is shown at prices ranging from \$35 to \$3500.

Much has been bought for investment purposes, and investors have seen their purchases double in value since the gallery opened. The art gallery is operated in partnership with Mary Elizabeth Cornette, owner of the Canyon Art Gallery.

The gift side is composed of a bridal section offering a selection of china, glasses, place mats and shower gifts; Another section contains fine antiques and brass; Pampa's most complete candle shop is contained in Las Pampas Galleries, covering one wall. A jewelry case offers costume jewelry as well as music boxes. Snoopy has found a home at Las Pampas and can be found as a plush toy, an astronaut or pennant.

Newest addition is the Mod Shop, occupying one corner and supplying the "in" teens. Everything is offered from posters to Mod stationary, key chains, pop art wastebaskets and big-up plastic pillows.

What's new? is found in the Mod Shop first.

Las Pampas Galleries has made a trade mark of its colorful wrap topped with yarn and daisies. The next time you walk in with a gift, they'll know it's from Las Pampas.
