41 Americans Killed, 170 Injured In Battle

SAIGON (UPI) — North Vietnamese and Viet Cong troops are massing for an offensive between Saigon and the Cambodian border, informed U.S. military sources said today. Communists attacks shattered a lull in ground fighting and brought the highest U.S. casualties in two months.

New fighting killed 41 Americans and wounded 170 others in battles that included a North Vietnamese assault on two Marine camps near the Demilitarized Zone (DMZ) Sun-

ALTERNATING PANELS of mirror and teakwood enrich and enlarge an entry hall designed by Albert Hebert, A.I.D., who used wall paneling with its own movable shelves' and cabinets to display his collection of pre-Columbian scuipture. The floor-toceiling paneling is easily installed on existing walls and was devised in Denmark by Poul Cadovius with a unique system of angled holes and matching dowels which support the shelves and cabinets almost visibly. The mirror panels between the teak give a floating effect to the wall and widen the narrow area.

Foreign News Commentary

By MURRAY J. BROWN Mirror on the World: Paris Predicament:

U.S. Ambassador Henry Cabot Lodge is weighing the pros and cons of formally proposing a cease-fire in South Vietnam. sources in Paris say Although allied and Communist negotiators have been meeting in Paris for sixth months, neither side has made such a proposal yet. Lodge is known to believe that the Communists wan, the war to continue until a political agreement is reached, since a cease-fire would take pressures off Washington to make concessions. But despite indications 30 the Communists will, denounce 100 a cease-fire proposal as a propaganda gimmick aimed at damaging their image, Lodge 69 may recommend Washington make the move. The reason: Lodge feels the atmosphere at the Paris talks can't be worse.

AN EXCEPTIONAL NEIGHBOR-HOOD. You'll love to live in this fine area. And the large 2500 square feet home on a 110 frontage lot is exceptional, too; nearby to Austin, Lee, and High schools. Owner occupied and cared for in perfect condition. There are 3 large bedrooms, 2 full baths, dining poom and den in additional to the other functional rooms and many closeis — 2 cedar finished. Top quality wool carpeting, custom drapes, mahogany trim, central heating and refrigerated zir conditioned, plus several other features you will need to see to fully appreciate. Yes, it costs more to produce a quality custom built home than it does small mass produced houses. But, if you can justify paying for such a home, I would like to show it to you by appointment. Financing is no problem after a substantial down payment, should you need assistance. This home is clear but the owner will carry some himself. WANT DOWN OFF. NO-ROACH IS A LONG lasting, effective roach and ant killer that lasts for months after one simple application. The potent destroyer is also odorless and harmless. It will not only take care of reaches and ants, but also all other crawling insects.

No-Roach Is Easy To Use And Harmless

"No roaches" is a promise made by the manufacturers of Johnston's No-Roach. It's a promise they can make because their product is laboratory tested and scientifically proved to be the most effective roach and ant killer on the market today.

Johnston's No-Roach (Come in a amber bottle with a brush attached) is different, and it's different for many reasons. No-Roach eliminates the need

for frequent applications of messy, unsafe sprays and powders. No-Roach is clean and easy to use and harmless to pets.

No need to move dishes or food when you use Johnston's No-Roach - simply brush this odorless, colorless liquid around baseboards, sinks, tablelegs, behind cabinets and appliances, on shelves and inside cabinet

Use Johnston's No-Roach in bathrooms and anywhere else cockroaches may breed.
