## Liquor Control Board Delays Decision On Statewide Credit

AUSTIN (UPI)—The Texas Liquor Control Board delayed a decision Thursday on a proposal that could set up a "statewide credit card operation" so a person could join one private club and be served liquor in private clubs all across the state.

"It would create an entirely new system as far as I'm concerned," said board member Joe Burkett of Kerrville, who suggested withholding approval.

The proposal by Harry B. Todd would allow private clubs that belong to an international clubman's organization to honor

members of any other club in the organization.

"I think we ought to write Mr. Todd and tell him that if he wants to file an application for a permit for this sort of thing, he can do so.

Then we would be justified in asking the attorney general to tell us if it is within the law. If it is within the law, I know of no reason why the man should not get his permit," Burkett said.

In other action, the board ordered its administrator to begin an immediate investigation to

determine which package stores and private clubs on military reservations may be subject to state laws.

Burkett said the state has yielded its police power to the federal government on some military posts, but that on some bases no such authority has ever been surrendered by the state.

If the bases are under state jurisdiction, they are subject to state taxes, including taxes on beer and liquor sold in package stores and a 5-cent-per-drink tax on all alcoholic beverages served in private clubs.

Burkett said the governor has the authority to surrender state jurisdiction on military bases to the federal government. When an inventory of which bases are still under state jurisdiction is completed, it will be forwarded to Gov. Preston Smith.

The three-member board ordered administrator O. N. Humphreys Jr. to get tough on private clubs and other liquor and beer permit holders who do not file TLCB reports on time.

## Indian's Place In Society Topic For Knife And Fork Club Speaker

By DORIS E. WILSON  
News Staff Writer

Miss Kahn-Tineta Horn, an attractive 27-year-old Mohawk Indian from Canada pointedly and provocatively gave an in-depth look into the search of the American Indian to find his place in society in a talk at the Knife and Fork Club's dinner meeting Thursday in the Coronado Inn.

"The Indian is trying to figure out what you want us to say to you. You're frustrated and so are we, because we haven't pleased you," Miss Horn explained.

"We can't make the transition into your society and we are sorry."

Miss Horn spoke out against inter-marriage between Indians and white people.

"This has been going on for more than 150 years and our races are almost depleted. We need our handsome young men and our beautiful young women. So the next time you see or hear of any courting a white person. Please tell them to go back to the reservation," she said.

"We would like to keep our Indian lands that we own under old treaties. These are our lands and they are ours forever. And we want some funds so we can develop some of our lands to make up for the intrusion of non-Indians into our lands."

"Indians are not com-

petitive," Miss Horn explained. "Teachers have tried for years to make us competitive and it is frustrating, when they can't."

"You can't housebreak an Indian," the speaker injected humorously. "and they are not good at production-line jobs, nor good with office discipline."

Miss Horn said she was opposed to too much education for the Indian women.

"They need just enough education to become good wives and good mothers and to stay home on the reservation."

"If they have too much education they neglect their children and they don't grow up properly."

"As far as young people today are concerned," she said, "they are misguided. Most causes they are running around screaming about are futile."

Miss Horn said she resented the American Indians being exploited by "do-gooders."

"Leave us alone," she said. "Those do-gooders have lost their identity. And if they do not know who they are, how can they help someone else?"

Miss Horn was guest of honor at a reception, hosted by Mr. and Mrs. Paul Keim in the Crown and Shield Room following her talk.

Leslie Hart, K&F Club president, said the next meeting will be guest night on Jan. 20, when Chester H. Lauck, of "Lum and Abner" will be guest speaker.

Apollonia Mission Has Its Own Betsy Ross

BANGOR, Pa. (UPI)—The Apollo 12 mission has its Betsy Ross.

The needlewoman whose handwork will travel all the way to the moon is Mrs. Arlene Van Atta who does invisible mending for the Blue Ridge Winkler Company, ladies' lingerie manufacturer. About a year and a half ago she was loaned to the Radio Corporation of America (RCA) to mend the astronaut's umbrella-like communications antenna which is made of 38 miles of woven, gold-plated wire thinner than human hair.

"I made about 15 trips to Moorestown, N.J. to reweave tiny tears in the mesh," said Mrs. Van Atta. "I have sewn most of my life, but this was the most challenging job I ever faced."

# U.S. Apollo 12 Team Headed Moonward

## Troops Surround Capitol For 'Safety Reasons'

WASHINGTON (UPI)—About 300 troops were stationed at the Justice Department today and a number of Marines were placed on duty at the Capitol building to guard against possible trouble during antiwar demonstrations.

It was the first time troops had been called on to guard civilian federal buildings since Pearl Harbor.

Richard Capen, a Pentagon spokesman, said troops also were assigned to the Internal Revenue Service building. He said only that the troops were moved to both buildings at the request of the Justice Department "for security reasons."

It was also announced that the White House would be sealed off Saturday, the day of a mass antiwar march, as part of tight security measures in the nation's capital.

The troops at the Justice Department, planned target of demonstration groups both today and Saturday, were kept out of public sight.

Canvas covered Army trucks moved into the inner courtyard of the building this morning. The only other evidence of military presence was stacks of bags at building entrances marked "calcium chloride anhydrous," used to keep ammunition dry and to neutralize tear gas.

The troops were part of a force of 9,000 men moved into the Washington area for

standby duty in event of trouble. About 2,000 District of Columbia policemen and several hundreds of National Guardsmen will be used first in the security effort.

## Conrad Fears Methods Of Protesters

SPACE CENTER, Houston (UPI)—Apollo 12 commander Charles "Pete" Conrad does not fear a flight to the moon but is frightened by protest methods being used by some young Americans.

"I don't think any of us (astronauts) object to any of the issues the young people raise," Conrad said in a taped interview with the National Broadcasting Co.

"The thing I object to—and it makes me scared—is the manner of their criticism. This is the only country in the world where they could do this."

Fellow astronaut Alan L. Bean said "the questioning of values is a good thing. I don't think it hurts for young people to come up and question the values."

## Lions' Roar Loyalty To War Policy

The "silent majority" spoke out in Pampa Thursday at the noon luncheon of the Pampa Lions Club held in the basement of the First Methodist Church.

The board of directors in their regular monthly meeting Monday night in the Chamber of Commerce office voted to present to the full membership a resolution supporting President Nixon's Viet Nam position expressed in his television report to the people a week ago. In his address, President Nixon asked for support from the "silent majority."

After Lions Club president, Max Pressnell, presented the resolution Thursday, he asked that all of the members who were in favor of the club sending a telegram to the White House expressing approval of the President's position to please "stand up and be counted." The resolution passed unanimously as the 103 Lions and their guests rose to their feet. After the vote, members were offered red, white and blue lapel ribbons to wear pinned to their coats.

## Mascot Has Breakfast With Astros

CAPE KENNEDY (UPI)—Apollo 12 astronauts Charles "Pete" Conrad, Alan L. Bean and Richard F. Gordon brought to their prelaunch breakfast a mascot dressed for space.

A space agency spokesman said the mascot was a life sized stuffed gorilla. The spokesman said the gorilla, sent to Conrad by a friend, was dressed in a flight smock and crash helmet.

ALAN L. BEAN ... command pilot

## Rain, Thunderstorm Fails To Stop Flight

CAPE KENNEDY (UPI)—America's three man Apollo 12 crew successfully blasted off on a second moon landing mission today despite a last minute thunderstorm that may have jolted the booster rocket with a lightning bolt.

The thick, fast-moving squall had threatened until the final moments to delay the flight of Navy commanders Charles "Pete" Conrad, 39, Alan L. Bean, 37, and Richard F. Gordon, 40.

The initial seconds of flight went smoothly and Conrad reported:

"This baby is really going." But then Conrad dramatically "Just lost the (guidance) platform. Don't know what happened. Everything dropped out. I'm not sure we weren't hit by lightning."

"I think we need to do a little more all weather testing," Conrad joked.

"Amen," reported ground control.

But then four minutes into the

flight, Conrad reported all the electrical systems going.

"We've had a couple of cardiac arrests down here," mission control to Conrad.

"We didn't have time for that up here," Conrad replied.

Shortly after the rocket disappeared in the heavy overcast, there was a very definite flash in the sky. It looked like two or three quick flashes to observers on the ground.

The Apollo 12 spacecraft shot into earth orbit 12 minutes after launch at 11:34 a.m. It was to circle earth at an

altitude of 115 to 118 miles for an orbit and a half before heading for the moon.

## Key Club To Recognize Community Leadership At Annual Dinner Meet

MELVIN MUNN ... Key speaker

Melvin Munn, founder of the Key Club of Pampa High School and past recipient of the group's Leadership Award, will make the keynote address during the Annual Key Club Leadership Awards Banquet scheduled for 7 p.m. Saturday in the high school cafeteria. Each year Key Club members select an adult who has contributed outstanding work with youth of the community to receive the award.

Past recipients of the award and presidents of Pampa High School Clubs will be featured guests at the banquet.

Jim Burnham, Junior director of the affair is chairman and will be master of ceremonies.

David Irwin, president of Key Club, will present the leadership award to an adult in Pampa

who has contributed outstanding work with youth in the community. The name of the recipient is kept secret until announced at the banquet.

Invocation will be offered by Jim Gallion and David Irwin will introduce Jim Burnham who will extend the welcome. Pledge to the flag will be led by Tom Nesledge. David Carr will lead the group singing of "America". Barry George will acknowledge guests. Mike Edgar will say the benediction.

Background music for the affair will be presented by Lynn Hart at the piano.

Past recipients of the award include Melvin Munn, founder of Pampa Key Club; Cameron Marsh, high school principal; Mrs. Ruby Fatheree, high school counselor; Mrs. Elaine Ledbetter, science and chemistry instructor; the late M.K. Brown, pioneer and philanthropist; Warren Hasse, past Kiwanis advisor; John Warner, attorney and former judge; Joe Fischer, past president of Kiwanis and past regional advisor; and Jack Edmondson, former superintendent of schools.

## Band Sweetheart Will Be Named At Game Tonight

Three Pampa High School coeds are in a state of suspense today awaiting the announcement of whom will be named Band Sweetheart for 1969-70.

The sweetheart will be introduced during half-time activities tonight at the Harvester-Plainview football game. Her identity will remain secret until tonight.

Candidates are Jenny Hardin, daughter of Mr. and Mrs. Warren Hardin, 1824 N. Sumner, Debbie Bennett, daughter of Mr. and Mrs. Troy Bennett, 333 Anne, and Linda Sadler, daughter of Mr. and Mrs. H. S. Sadler, 1936 N. Wells.

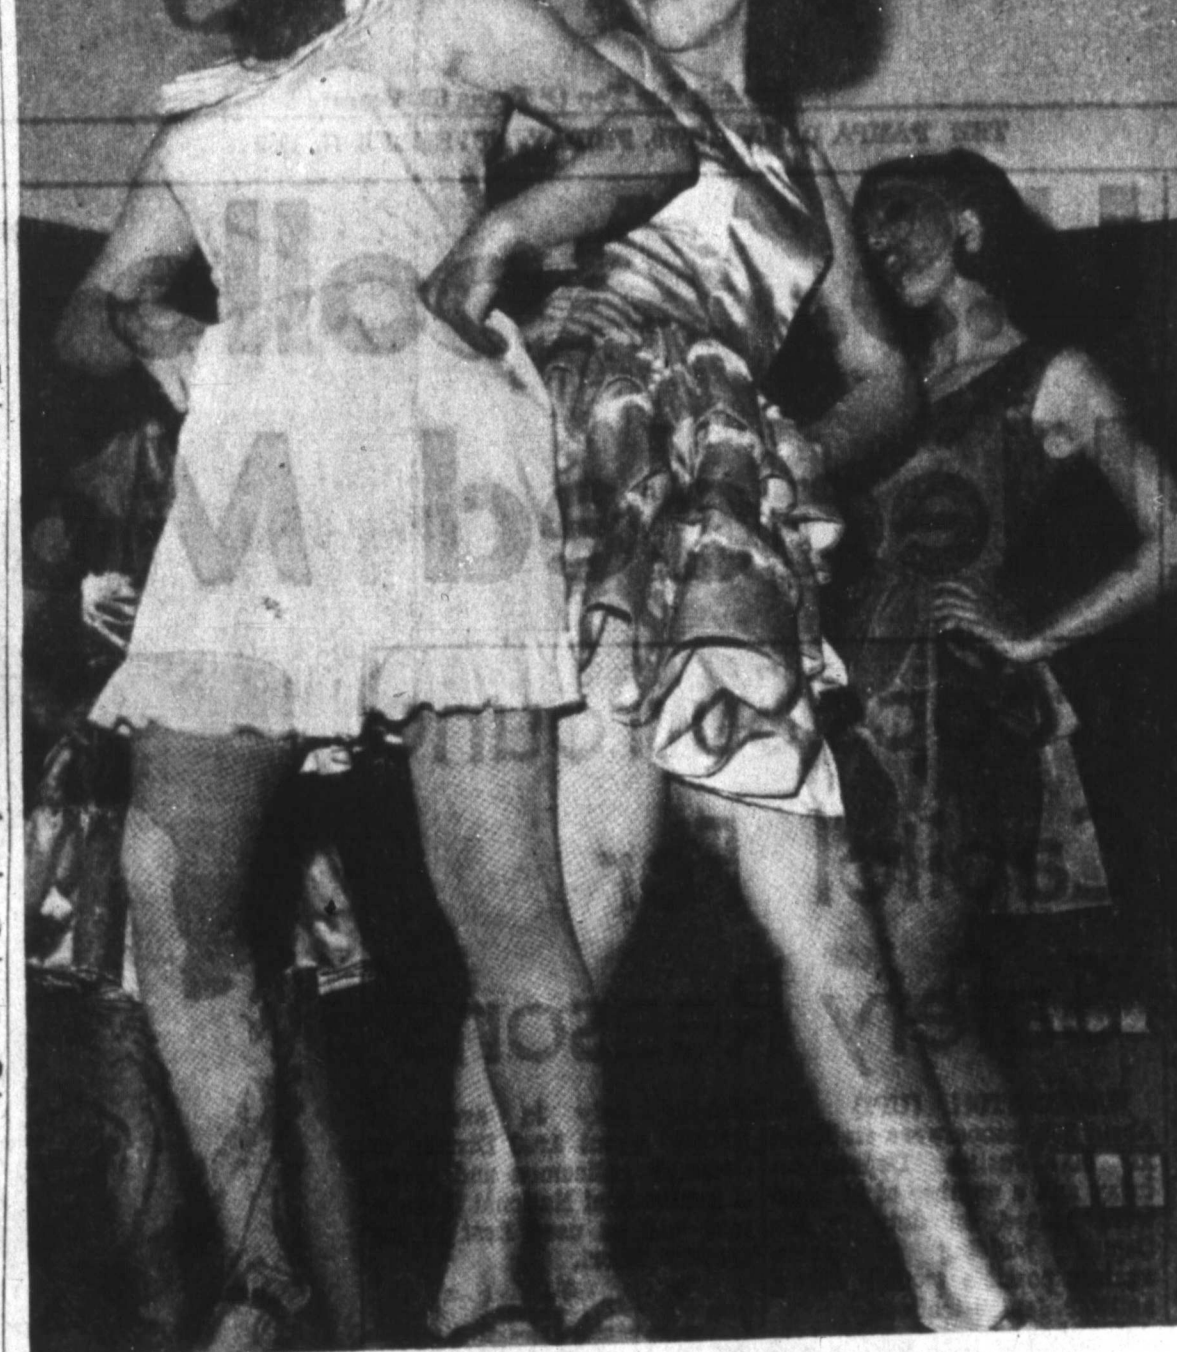

The new sweetheart will be presented a dozen red roses by band president Houston Smith. Each candidate will receive a charm bracelet.

The candidates will be escorted by Smith, Mark Hargus and Dennis Ripplie.

**DWI Charge Levied After Accident**

Bond of \$500 was set by Justice of Peace Nat Lunsford today on James Gordon Crinklaw, 55, 110 Gillespie, on a charge of driving while intoxicated following a two-car accident Thursday evening.

Arresting officer Roy Denman said Crinklaw was driving south on Hobart St. and struck the rear of a car driven by Richard Elmo Thompson, 37, 724 Lefors. Thompson was attempting a left turn off Hobart onto Gwendolyn when the accident occurred.

PART OF the tempestuousness of rivalry that exists between the "girl friends" of The Sharks and The Jets, a New York street gang, in "West Side Story" is depicted in a dance being rehearsed here by Jeree Pitts, left, and Cindy Cambren and, in the background, Berkeley Evans. A matinee performance of the Broadway musical hit will be at 2:30 p.m. Saturday in Travis School, 2300 Primrose. Evening performances will be Nov. 20-22, Nov. 24-26. Miss Pitts is the daughter of Mr. and Mrs. H. L. Pitts, 1701 Chestnut. Miss Cambren is the daughter of Mr. and Mrs. C. D. Cambren, 1536 Coffee, and Miss Evans, is the daughter of Mr. and Mrs. Clinton Evans, 1701 N. Russell. (Staff Photo)

## Schoolmen Nix 'Fed' Money For Headstart

Pampa School Trustees voted three to two Thursday against accepting federal money to help finance a Headstart program for Pampa's pre-school children during the next school semester.

With Dr. R.M. Hampton and Warren Hasse voting for the Headstart program and Jimmy Thompson, John Spearman and John Gikas, voting no, the program may go to another Panhandle area school.

Mrs. Marjorie Galt, director of educational services, presented the Headstart proposal, explaining "the money is available from the federal government, and authorized and controlled by the State Education Agency. Money to finance Headstart programs has already been allocated to the states' regional centers. The Panhandle Educational Services Organization, which is in our area, received authorization for 20 units. Pampa could have two classes."

Mrs. Galt explained the district had equipment available from the kindergarten program started last year, and also had the "children who need this help with dialectic language problems. We could serve a maximum of 40 children with the money designated for us."

She explained that "since the money has already been designated for this area, if we don't take it, it could go to another school in the PESO area."

Trustees voting against the proposal gave several reasons for their action, including Spearman who said, "I'm opposed to government programs because they are more complicated further down the line. We need as much local control as possible. You can't imagine what dealing with the federal government is like until you have done it for 20 years in business. I hate to see them in our schools."

## Rotarians Hear Of Foundation Plan At Meet

Pampa Rotary Club heard a report on the "Rotary Foundation" given by Dr. Floyd Golden of the Amarillo club at their regular Wednesday noon luncheon in the Coronado Inn.

Golden explained the foundation gives a deserving student an opportunity to study abroad for one year. The Pampa Rotary Club has aided eight students in this way thus far.

For the year 1969-70, Sharon Short from Amarillo, is currently studying in Austria. She sent Dr. Golden a short talk to be read for the program. She is a language major and speaks German fluently. On her return to the U.S.A., she intends to teach at West Texas.

Next year, the foundation also plans to sponsor an undergraduate for a one-year trip abroad to study. The student lives in the home of a Rotarian of that country. Dr. Golden said "it's a tremendous foreign relations program as well as a fine opportunity to be given higher learning abroad."

The Pampa Rotary Club belongs to District 573 which comprises of 2487 members in 47 clubs located in 5 counties. The district is all of the Panhandle counties and those directly south down to the town of San Angelo, which it does not include, and Odessa which it does include.

In 1948 William Lyon MacKenzie Kijg retired as prime minister of Canada after serving 21 years, five months and five days, a record for the British Commonwealth.

The office staff making it a happy birthday for Aubrey L. Jones, city tax assessor-collector.

In 1948 William Lyon MacKenzie Kijg retired as prime minister of Canada after serving 21 years, five months and five days, a record for the British Commonwealth.

A thought for the day: Ethel Barrymore said, "That's all there is, there isn't any more."

Gikas and Thompson were against it now, unless the state starts its own Headstart program without federal funds.

## Obituaries

**W.C. WILKERSON**  
Funeral services for William Carroll Wilkerson, 78, will be held at 2 p.m. Saturday in Carmichael-Whatley Colonial Chapel with burial in White Deer Cemetery. The Rev. Derrel D. Lewis, pastor of Barrett Baptist Church, will officiate.

Mr. Wilkerson died Wednesday in the Veterans Administration Hospital in Amarillo.

These converted records are now stored in the Texas Highway Department's computer in Austin. During the last week in December of this year, the Department will mail "License Plate Renewal Applications" to the seven million vehicle owners throughout the State. Since the application is in fact a verification of the latest registration and title information stored in the computer, it will not be necessary for the owner to present his certificate of title and the previous year's license receipt when renewing his registration. Under a new law, enacted by the 61st Texas Legislature, Regular Session, 1969, the owner may, for an extra fee of \$1, during the month of February only, obtain his 1970 license plates by mail.

Under the new system, it will not be necessary for the tax office to type license receipts for those persons having "License Plate Renewal Applications". This will greatly reduce the time required to register an automobile.

It is, therefore, most important for each car owner to keep his "License Plate Renewal Application" where it will be readily available for use during February and March next year. Persons not having the application will, as in the past, be required to present their certificate of title and current license receipt, according to Baek.

### Shark Net Set Around Nixon's Beach

KEY BISCAYNE, Fla. (UPI) — A wire net with a shark repellent has been placed around the swimming beach in front of President Nixon's Key Biscayne vacation retreat.

The shark net apparently was installed recently without Nixon's knowledge for the President's swims in Biscayne Bay.

Dr. William M. Stephens, a local shark expert, said he had never seen a shark around Hurricane Harbor—the site of Nixon's vacation complex on Key Biscayne.

"But that doesn't mean a net isn't a good idea," Stephens said today. "Bay water is usually murky and it doesn't hurt to be careful especially with the President."

### Hope Urges Americans To Turn On Lights

HOLLYWOOD (UPI) — Bob Hope has called on Americans of every political persuasion to leave their lights burning Friday, Saturday and Sunday nights as a symbol of national unity.

As honorary chairman of the Committee for the Week of National Unity, Hope said, "with unity the Vietnam war can be fought to an honorable conclusion. Everybody wants to pull together and bring it to an end."

He said at a news conference at his home Wednesday the astronauts en route to a second lunar landing would be able to see the electrical display across the country.

"On my last Christmas trip to Vietnam and other areas in the vicinity, I told the troops I was tired of that theater of war," Hope added.

In a serious mood, Hope did not joke and somberly asked the citizens of the United States to rally behind national unity.

### Tab Comes High To Belong To Masterpiece-Of-Month Club

HOUSTON (UPI) — First it was the Book-of-the-Month Club, then the Record-of-the-Month Clubs. Now it is the Masterpiece-of-the-Month Club — but only if you have \$1 million.

The club was announced Wednesday by Sakowitz, Inc. one of the largest department stores in Texas. It offers a painting by Picasso or another famous 20th century artist every month for one year.

The masters in the \$1 million category include Picasso, George Brzue, Paul Klee, Wassily Kandinsky, Henri Matisse, Jean Miro, Max Ernst, Jackson Pollock, Giorgio de Chirico, Marc Chagall, Bonnard and Modigliani.

For those of a more practical bent there is a 4-day, 3-night holiday with the duke and duchess of Bedford for \$3,250 a person. Air fare is not included.

### Hollywood In Review

HOLLYWOOD (UPI) — Few measuring sticks so clearly delineate progress or lack of progress as the remake of a motion picture "Goodbye, Mr. Chips" for instance.

As with "Mutiny on The Bounty," "Bea Hur," "Stage Coach" and a dozen others the movie-goer is confronted by improved cinematic techniques.

But almost without exception the critics, and frequently laymen — who are the genuine critics — call on flickering recollection to state that the first, or original, film was superior.

"Chips" currently is being released with Peter O'Toole in the title role and Petula Clark as his wife. Back in 1939, an age of innocence in retrospect, the roles were played superbly by Robert Donat and Greer Garson.

**Wins Academy Award**

Thirty years ago Donat won the Academy Award for his performance, beating out a magnificent performance by Clark Gable as Rhett Butler in "Gone With the Wind."

The O'Toole has triumphed in a virtuoso performance as the mild-mannered, exquisitely sensitive Mr. Chipping, a housemaster at England's Brookfield School who teaches his wards Greek and Latin with warmth and beauty.

It is a sentimental film, the sort that bring tears to the eyes of the most cynical; which is precisely what the original film did.

In this so-called musical version of the MGM classic, one is pressed to recall a single melody. It hardly matters. O'Toole with a lyrical Irish touch gives Mr. Chips dimensions that even Donat failed to bring to the character three decades ago.

Curiously there is a timeless feeling about the picture; a telling it like it is.

**No "Inside" Grabbers**

There is no nudity, suggestiveness nor "inside" grabbers. The audience is called upon to bring something into the theater other than clay tablet minds made blank by overexposure to television.

Through its gentle wit and unyielding loyalty to principle, Mr. Chips instills in his students the respect of one another, a special kind of humanity which transcends fad and shifting values.

"Goodbye, Mr. Chips" is not without flaws. But it says a great deal about men and women and strength of character.

You will seldom see the points made as gently or as beautifully.

### Wall Street Chatter

NEW YORK (UPI)—The market probably will move in a fairly narrow range while waiting for further developments on the economic and Vietnam fronts, Shearson, Hammill & Co. says. Pending the next steps toward easing of the economy and withdrawal of troops, "it appears that some investors, particularly the large and cash-rich institutions, will be putting their money back to work in the market gradually with no special sense of urgency," the firm says.

Only the lagging performance of the rails remains as a blot on the market's technical picture, according to E. F. Hutton & Co., and "this is apparently being at least temporarily overlooked as traders continue to follow the more numerous areas of strength." The market's path of least resistance is still pointed upward, the firm says.

Despite high interest rates and restrained credit, stocks are firm, Spear and Staff, Inc. observes. The market's performance is a "telltale of easier money" because investors already are looking beyond this tight money period, the firm says. Chances are that the Federal Reserve Board will relax its policies in a gradual and timely manner, in contrast to its hasty retreat from tight money following the 1966 credit crunch, the analyst adds.

This is still "a nervous market," James Dines I Co. says, and "some profit-taking by traders to develop some cash reserves could hardly be criticized." Individual issues probably will continue to surge ahead, but on the whole the market is entering a congestion area, with technical indicators "hovering around 50 per cent bullish."

**The present your son wants least...**

He'd rather have a football, or a new bike. He'd never ask for insurance. But it's something he really needs.

Just like a money tree, State Farm's Junior Protector Policy can grow with your son to give him cash for college... for emergencies. Or, it can keep growing when he has a son, too. And, guaranteed insurability allows him to expand coverage in the future. Call me today.

OUR CAPSULE POLICY  
EVER STRIVING FOR THE TEXAS PANHANDLE  
TO BE AN EVEN BETTER PLACE TO LIVE

## Let Peace Begin With Me!

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands freedom and is free to control himself and all he produces can he develop his utmost capabilities.

We believe that all men are equally endowed by their Creator, and not by a government, with the right to take moral action to preserve their life and property and secure more freedom and keep it for themselves and others. To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guide expressed in the Coveting Commandment.

(Permission is hereby granted to reproduce in whole or in part any editorials originated by the News and appearing in these columns, provided proper credit is given.)

## Judge Helps Mockery

It is difficult to decide which is the more disturbing — the Chicago courtroom antics of the eight men charged with conspiring to incite rioting at the time of the 1968 Democratic convention, or the behavior of a judge who seems perfectly cast in the role of straight man in a play that's right out of the Theater of the Absurd.

It is outrageous that a judge should sit on his bench day after day taking insults from a bunch of clowns whose only aim is to ridicule the American judicial system. But it is equally outrageous that he should order a defendant carried into court bound and gagged, as was Black Panther leader Bobby Seale.

Of course, Seale asked for this treatment. What a beautiful way of exposing the true colors of the rotten society, baby.

That is precisely the reason why U.S. District Court Judge Julius J. Hoffman should have cited him for contempt at the second warning long before and

removed him to prison until such time as an orderly trial could be conducted.

Now Seale is in prison, sentenced to four years by Hoffman — an unheard of punishment for contempt which will surely not be allowed to stand. What has it accomplished but abetting Seale's case of obscuring the real purposes of the trial?

The trial of the remaining seven continues, over objections of defense attorneys that testimony already heard against Seale would prejudice the case against them. This is only one of any number of objections and defects which any barroom lawyer can predict will result in his throwing out of the whole mess by an appeals court, if it ever gets that far.

The "Chicago 8" have certainly succeeded in their goal of making a mockery out of their trial. The pity is that Judge Hoffman had to cooperate with them so thoroughly.

## The 'Hole' In History

It doesn't happen just on television. The very newspaper you are holding in your hands will self-destruct — not in five seconds but in about 50 years.

Now the average newspaper reader may consider this to be an admirable thing, depending upon his opinion of the newspaper or of the news it prints. But it is distressing to scholars researching historical documents dating from around World War I and before to have those documents crumble before their eyes.

It seems that the nation had another information explosion about 100 years ago and the demand for more paper for books, magazines and newspapers began outrunning the supply of linen and cotton rags. It wasn't until the 1880s that a new process for making paper from chemically processed wood pulp was introduced on a commercial scale.

Unfortunately the life expectancy of this wood-based paper was and is 50 years. By com-

parison, the rag paper in existing copies of the Gutenberg Bible, printed more than 500 years ago, is in nearly perfect condition.

Microfilming is one solution to the case of the disappearing documents, but this is expensive, time-consuming and, in many cases, too late.

A similar problem has afflicted the cinematography profession, reports American Heritage magazine. Masterpieces of the first 60 years of motion pictures have already disappeared because of the deterioration of the nitrate-based film they were photographed on. The Academy of Motion Picture Arts and Sciences has discovered that it cannot assemble a complete file of Academy Award-winning films.

A "hole" has developed in the continuity of history between the latter part of the 19th century and our own time. A lot of valuable things will be lost through that hole before it is plugged.

## Why Irish Eyes Are Smilin'

Ireland has just instituted a breath-test law that sets a maximum of 125 milligrams of alcohol content per 100 milligrams of blood before a driver is declared intoxicated. This is 56 per cent higher than the 80-milligram level just across the sea in Britain.

Sure and it's said the reason

is the different driving and traffic conditions in the two countries. But faith and bojabbers, any son of Erin can tell you it's merely logical recognition of a fundamental difference in capacity between your average Irishman and those puny Englishmen.

Peashooters To The Left Of Him,  
Peashooters To The Rear Of Him

### CALL IT TREASON

If the Communists and hard-core leftists have their way, the November 14-15 Vietnam Moratorium will be America's Dien Bien Phu.

The battle of Dien Bien Phu, fought in May, 1954, marked the end of the French military effort in Indo-China. The revolutionaries surrounded and captured a considerable French force in the field. As a result, the French government lost its will to win. The French people were demoralized.

Ironically, the United States seems in no danger of suffering a real Dien Bien Phu on the battlefield in Vietnam. In the last year, U.S. and South Vietnamese forces have enjoyed marked success, despite political limitations imposed by Washington. More than a quarter of a million Viet Cong and North Vietnamese regular troops have been killed by the anti-communist defenders of South Vietnam. Nevertheless, the U.S. is in real danger of experiencing a Dien Bien Phu at home this weekend.

For a half century, the communists have specialized in wars from within — campaigns of propaganda and agitation directed at capitalist states. Never in the history of the communist parties has there been so successful an "agit-prop" campaign as has been waged in the United States in the last couple of years and, especially now, in the so-called Vietnam Moratorium.

The organizers of protests have duped many thousands of people into participating in what is fundamentally a communist political operation designed to crack the will of the American government and people. Part of the tragedy is that the American people as a whole seem to have no real conception of the extent of the communist planning and organization in the Vietnam Moratorium effort.

The facts have been clearly set forth, of course. Sen. Paul J. Fannin (R-Ariz.) recently recounted in a Senate speech the organizational planning of the communists and other revolutionary elements.

Last Fourth of July, while good Americans were celebrating Independence Day, communists and other leftists held a planning meeting at Case Western Reserve University in Cleveland, Ohio. Among those present were Arnold Johnson, public relations director of the Communist Party, USA, and David Dellinger, now on trial in U.S. District Court in Chicago on a charge of crossing state lines to incite a riot. The schedule of protests, including the November Vietnam Moratorium, was developed at that meeting and at similar gatherings held in Philadelphia and Washington later in the summer. The New Mobilization Committee was set up to run all the protests.

Unfortunately, the facts of subversion have not been adequately told. The networks and liberal news magazines have been too busy trying to publicize and dignify the "disasters" to give the people the unvarnished facts about the revolutionary planners.

The communists and their allies have had a lot of helping hands in their propaganda effort. Less than one-fourth of one percent of the American people took part in the October Vietnam Moratorium, but they received tremendous publicity.

In Vietnam, combat units were busy fighting the communists October 14-15. Individual fighting men were performing deeds of dedication and heroism. But as one Navy officer recently complained in print, the Saigon-based press corps were busy describing a handful of servicemen who wore black armbands as a protest that day. The press corps was too busy to report what the fighting men were doing in the stretches of river and canal around Saigon.

The Communists' mastery of propaganda is the story of the Vietnam war. Five years ago, the communists made hay with the story of the Buddhist suicides. The minds of the American people were diverted from the real story — the story of communist atrocities against anti-communist Vietnamese.

This month, the leftists are fighting on what they have come to regard as the principal war front — the American home front.

### WASHINGTON

## Fearful Asia Nations Ask Delay In Viet Withdrawal

By RAY CROMLEY  
Washington Correspondent  
WASHINGTON (NEA) — It has not been announced and probably will not be, but the Indonesians have quietly asked the United States to stay three more years in South Vietnam.

They need this temporary shield against infiltration, they say, to give them time to stabilize their government and economy. After 1972, they believe, they will be able to hold their own.

President Suharto's government has made remarkable strides since the abortive Communist try at taking over Indonesia Sept. 30, 1965. But the task has been complicated by ex-President Sukarno's decade and a half of economic and political mismanagement and by the deep penetrations into high officialdom made by the communists before their attempted coup.

The Cambodians recently have secretly sought help from the South Vietnamese (at whom they had been shouting suspiciously for years) to enable them to stand against growing North Vietnamese-Viet Cong encroachment.

The Cambodians have grown so worried over the steady growth of Hanoi and VC

political agents, guerrillas and mainline troops on their soil and over persistent Communist subversion in their villages, that they have pursued old fears of Saigon aside.

It is understood that aides of Prince Norodom Sihanouk have also approached the United States for help.

It is no secret that the liberal nationalist Prince Souvanna Phouma, prime minister of Laos, during his recent trip to Washington made it crystal clear he wants the United States to stay in Vietnam until some settlement is reached which guarantees the integrity of both Laos and South Vietnam.

Last year the liberal prime minister of Singapore, Lee Kuan Yew, much to the surprise of his fellow liberals worldwide, said the United States in South Vietnam was also fighting for the freedom of Singapore.

In March this year, in Seoul, this reporter was assured by a liberal and conservative South Korean student, professor and religious leaders that the safety of South Korea, threatened by North Korea,

## The Doctor Says

By DR. W. G. BRANSTADT

### Faulty Diet Is a Cause Of Portal Cirrhosis

Q — How does portal cirrhosis affect a person? How is the diagnosis made?

A — Portal, alcoholic or Laennec's cirrhosis is the commonest form of this liver ailment. It comes on gradually after many years of faulty diet which in many, but not all, cases is due to heavy drinking. The symptoms, which are varied, include poor appetite, easy fatigability and loss of weight. As the disease progresses there may be jaundice, waterlogging, spider veins and a tendency to hemorrhage from the esophagus.

A history of alcoholism and/or malnutrition, the symptoms above mentioned and a hard, moderately enlarged liver give the doctor a reason to suspect cirrhosis. If there is any doubt, liver function tests will show impairment and a microscopic examination of liver tissue (needle biopsy) will show characteristic changes.

Q — How serious is primary biliary cirrhosis of the liver?

A — Early in the course of this disease a persistent, deep jaundice occurs and the liver becomes greatly enlarged. This is a relatively benign form of cirrhosis. The cause is obstruction of the bile ducts but the underlying cause is unknown. The disease may exist for 10 to 20 years without causing any appreciable decrease in liver function or any loss of weight, but eventually the liver damage becomes severe.

Daily supplements of calcium and vitamins A, D and sometimes K are beneficial. A recent study showed that ammonium and -potassium chloride before operating to relieve the biliary obstruction gave excellent results.

Q — I have heard that certain chemical poisons may cause cirrhosis of the liver. If so, please say which ones?

A — The most likely include carbon tetrachloride, chloroform, chlorinated naphthalenes, trinitrotoluol (TNT), poisonous mushrooms and arsenic.

A — Must one have intimate personal contact to get crab lice? How can I get rid of them?

A — Public lice are transmitted by close personal contact. The best way to get rid of them is to cover the public area with a thick coating of petroleum jelly at night and bathe the area with a strong laundry soap in the morning.

Please send your questions and comments to Wayne G. Branstadt, M.D., in care of this paper. While Dr. Branstadt cannot answer individual letters, he will answer letters of general interest in future columns.

## Question Box

(We invite questions on economics and the proper functions of government which will not injure anyone.)

QUESTION: U.S. Secretary of Commerce Maurice H. Stans said recently, in talking about the 1970 census, "If we are to provide decent housing for all our people, we must know the extent of the need. The answers (to a certain question in the census) will provide an important detail in the local picture of housing conditions."

Has the federal government now taken upon itself the task of supplying housing needs of people? Or is this information for those who are in business of building houses? If the latter, why can't they pay for compiling such information for their own needs instead of having it done at the expense of us tax payers?

The student who is trying to work his way through school, the ill and disabled, the widow who is trying to maintain her family alone, the young people who are trying to work their way out of the so-called ghetto. All these people have to buy food and clothing and shelter in order to survive. Taxes increase the cost of everything they buy at least 50 per cent, and part of those taxes, of course, go to provide the services available through the Bureau of the Census.

This is a very good example of what Freedom Newspapers means when it says that people should pay for the services they use, but they should not have to pay for services they do not want. If businesses want the information the Census Bureau collects and provides them, they should pay for it. And the individual who has no use for such information should not have to pay for it. And the individual who has no use for such information should not have to help pay for it through taxes.

The national government has taken upon itself to supply the housing needs of some people through the public housing programs and it gives assistance to others through the FHA insured mortgage programs. This is another example of all the tax payers having to pay for services provided to a few, who should pay for the services they use themselves.

ANSWER: There is no reason why the business men who build houses should not gather, at their own expense, all the information they wish to have about their own market. But they have become accustomed to getting it at tax payers' expense and in this way they are, of course, accepting a special privilege from the federal, state and the politicians.

We do not believe that data helpful to manufacturers of automobiles or refrigerators or houses or newspapers or anything else should be provided for them and aid for everyone else. "Everyone else" includes the man who is struggling to support his family,

## Inside Washington

JOHN GOLDSMITH

ROBERT ALLEN

WASHINGTON — Some of his Senate colleagues are acidly ridiculing Sen. J. William Fulbright's complaint that Congress was kept in the dark about the increasing U.S. involvement in Laos.

"Ludicrous" is the word used by one Senate Democrat to describe a recent interview in which Fulbright called it "inconceivable that such operations are going on without informing Congress."

On that basis Fulbright began attending the sessions in January 1968, and hearing the round-the-world CIA summaries.

A DOZEN CHANCES — All of the intelligence sessions are not formally announced. (Occasionally the groups meet at the CIA headquarters in nearby Langley, Va.) But seven or eight meetings of the combined Senate intelligence subcommittees were held last year.

This year, with Russell now head of the Senate Appropriations Committee, meetings of the two Senate intelligence subcommittees have not always been combined. However, Fulbright had been invited to three or four of the 1969 sessions when he complained of inadequate information on Laos.

In the interview, the Arkansas Democrat said he knew of certain clandestine operations in Laos but was ignorant of their extent. Other senators are saying that Fulbright knew — or should have known — all about all such operations.

They note that Fulbright has been chairman of the Senate Foreign Relations Committee for 10 years. Beginning in 1963, his committee has authorized many millions of dollars in military aid for Laos, and colleagues say Fulbright could not have been ignorant of that.

Since Fulbright has been increasingly critical of the military aid program over the years, his critics say he certainly obtained detailed data on the Laos "secret war."

They make a more telling point, however. They note that Fulbright, for more than a year, has been invited to sit in on the top secret briefings given by the Central Intelligence Agency to a Senate subcommittee which supervises CIA operations.

INTELLIGENCE WATCH DOGS — In the House and in the Senate two committees, Armed Services and Appropriations, have subcommittees which are given full access to secret CIA information. Periodically, CIA Director Richard Helms briefs the congressional groups.

No record is kept of this super-secret testimony. However, one of the subcommittee chairmen, Sen. Richard B. Russell, D-Ga., has often told newsmen after the sessions that Helms conducted a "round-the-world" run-down of major trouble spots. In recent years, according to other participants, Laos has always figured prominently among the trouble spots.

In 1966 Fulbright failed in the most recent of a series of attempts to broaden congressional oversight of CIA. The Senate shelved a proposal backed by Fulbright to give the Foreign Relations Committee a part of the CIA stewardship.

After a comfortable interval had passed, Russell, then chairman of the Armed Services Committee and of the combined Senate intelligence subcommittees, announced that Fulbright and two others members of the Foreign Relations Committee

would be invited to sit in on meetings of the intelligence subcommittee.

Nevertheless, it is clear that over a period of nearly two years the senator had ten or a dozen opportunities to hear the war in Laos discussed in minute detail by the director of CIA—the agency which has been handling the clandestine operations.

It is no surprise, then, that some of his colleagues think Fulbright had reason to know all there is to know about them.

It is also noted that Sen. Stuart Symington, D-Mo., has twice visited Laos in recent years and was well briefed there on the "secret war." Symington is a member of Fulbright's Foreign Relations Committee and was named months ago by Fulbright to head the subcommittee which has been looking into the Laos involvement.

NOT AGAIN — Fulbright got a grudging respect, if not admiration, when he stated frankly last year that his Foreign Relations Committee was ill informed and acting in the dark when it hastily approved the Tonkin Gulf resolution in 1964 and thus gave congressional sanction to the war in Vietnam.

The reaction is not so benevolent this time. One wag hereabouts suggests that Fulbright is beginning to resemble the musician, arrested in a bordello, who insisted that he had been playing the parlor piano, among the painted ladies, and was ill informed about the uses of the fancy rooms upstairs.

## Blacks Also Disenchanted With School Busing Plan

By PAUL HARVEY

Busing youngsters back and forth across towns for the specific purpose of race-mixing Schools has pleased nobody.

Chicago's assistant school superintendent, David J. Hefernan, says, "Busing has proved effective neither for integration nor for better education."

from busing because it doesn't solve anything."

A Los Angeles school official thinks the black power movement may have something to do with the change because of its emphasis on isolating black people.

U.S. News and World Report recently cited federal government de-emphasis on busing as another factor.

President Nixon has said "It has never been a policy of this administration to impose busing as a way to achieve racial balance."

Congress has forbidden the Department of Health, Education and Welfare to require busing in order to overcome racial imbalance.

Civil rights leader James Farmer, now an HEW official, has changed his mind about the value of busing. "Busing is not relevant to high-quality education. It works severe hardships on the people it affects. In the South, I found blacks complaining of being bused to school."

In some cities there remains a determination by some factions to institute or perpetuate busing.

In New York City, where busing costs taxpayers \$3 million a year, there are now more all-black or nearly all-black schools than before.

## Marine Ends 48-Hour Run "For God"

PHOENIX, Ariz. (UPI)—After 1,776 laps around a quarter-mile track and running in sunshine and rain for 48 hours, Phoenix Christian High School's "run for God and country" ended.

Former Marine Sgt. Carl Cook, a Vietnam veteran, sprinted the last quarter-mile Tuesday night. The runners, most of them high school students, passed a baton containing a bible and copy of the Declaration of Independence.

Harold Buckner, the school's administrative assistant and originator of the idea, said he received messages of support from President Nixon, Vice President Spiro Agnew and Defense Secretary Melvin Laird.

In 1903, Panama and the United States signed a treaty reaching agreement on the proposed Panama Canal.

In 1967, Britain devalued the pound 14.3 per cent, to \$2.40.

In 1968, New York City school teachers agreed to end their third strike of the term.

A thought for the day: George Bernard Shaw said, "My method is to take the utmost trouble to find the right thing to say, and then to say it with the utmost levity."

**SIGNING** A half-million dollar contract are, seated left, Robert Urban, vice president; Dale McLain, secretary; and Vern Conner, treasurer of Perryton Feeders, Inc., while Jim Jacobs, left, Perryton Feeders Inc. general manager and Leo Koetting, president of Plains Building Co. of Amarillo look on.

## Perryton Feeders Let Contract For Feedmill

PERRYTON (Staff)—Feeders' General Manager Jim Jacobs announced the awarding of a contract for design, engineering, and construction of an automated feed mill to Plains Steel Bldg. Co., Inc. of Amarillo. The mill is to be constructed at the feedyard site twelve miles south of Perryton on the Pampa Highway. It will be completed in about five months. Perryton Feeders, Inc. plans to be ready to take cattle when they come off of wheat pasture in early April.

The feedmill is designed to feed 50,000 head of cattle in a normal eight to 10 hour shift. Perryton Feeders proposes to start with an initial working load of 25,000 head, and then expand as needed.

The automatic feedmill batching system is controlled by a computerized Hardymatic weigh console which eliminates human error and maintains ingredient weight accuracy to within one half of one percent. The Hardymatic console reads punch cards which are prepared in advance by the Nutritionist for each feed formula used.

Over one million pounds of feed ingredients are in constant readiness in giant overhead bins which will contain a reserve supply of whole and popped grain amounting to about fifty-five thousand bushels.

Grain for the feedmill will be processed by Cab-O-Matie grain Poppers which will be manufactured by Cabot Corporation, Machinery Div. at Pampa. Six poppers are included in the mill as designed by Plains Steel, and three of them will be installed

initially with the others to be added as needed for expansion. Perryton Feeders also let a contract for construction of pens, roads, feed and water facilities, and other on-site improvements to Empire Construction Co., Stratford. Pens and other facilities will be ready for use by the time the feedmill is completed.

Formation of Perryton Feeders Inc. was announced recently, and is widely supported by a large number of Ochiltree County investors. Officers and Directors are: Grady Yeary, president; Robert Urban, vice president; Dale McLain, secretary; Vern Conner, treasurer; Lawrence Ellzey, asst. secy. and treas.; Frank Buzzard, Kermit Johnson, Tom Slack, Byron Tevis, Cecil Tevis, H.C. Brown Jr., Eilly Conner, Roy L. Johnson, Dean Slaughter, Neal Thompson, and A.B. Holmes. All of the principals are ranchers and farmers in the Perryton area.

Perryton Feeders' general manager Jim Jacobs of Perryton, formerly of Pampa, has many years of cattle

feeding experience, both in California and in Texas. Perryton Feeders Inc. is presently using temporary offices at the Ochiltree County Chamber of Commerce in Perryton until completion of offices at the feedyards site.

**FRICIA TOO BUSY**

## American Party Candidate Prospect For Senate Sets Amarillo Talk Prizes Aren't Always Given

Dan Smoot, conservative radio and television commentator who is the prospective American Party candidate for the U.S. Senate will be the featured speaker at a dinner meeting to be held at the Villa Inn, in Amarillo, Dec. 6, at 6:30 p.m. Smoot will be speaking on "Politics and The Constitution."

Smoot received his B.A. and M.A. degrees from Southern Methodist University. He received a teaching fellowship at Harvard in 1941, and enrolled in the Graduate School to work for a doctorate of Philosophy. He served 9 years of which were devoted exclusively with Communist investigations. Smoot is considered one of the foremost authorities on subversion.

In 1955 he began his own independent, free-enterprise publication, "The Dan Smoot Report" to give only one side — the side that uses old-fashioned American Constitutional principles as a yardstick for measuring political, economic, and social problems. Tickets for this dinner meeting are \$5. The public is invited.

Reservations may be made by forwarding request to P.O. Box 7194. It is requested that reservations be made early, due to anticipated sell-out. Tickets will not be available at the door according to H.L. Clark, Chairman 31st Senatorial District American Party of Texas.

## Prizes Aren't Always Given

WASHINGTON (UPI)—A Federal Trade Commission study shows the top prizes in those "you-may-already-have-won" sweepstakes are seldom awarded.

The small business subcommittee investigating the sweepstakes giveaways was told Wednesday "only a fraction" of the prizes offered — yachts, cars, vacations — ever were awarded, according to the seven-month FTC survey.

The sweepstakes contests are used to sell products by offering millions of dollars in prizes through the mail.

The investigators said the largest companies in America are mailing millions of promotion pieces by third class mail, or pushing the contests through magazines.

The FTC study said the value of prizes actually given away — compared with the value originally announced — ranged from 2.4 per cent for soap companies to 13.5 per cent for magazines.

The investigators said Mrs. Wilma Rodriguez of New Orleans may have summed up the situation perfectly when she wrote: "I got fooled into these phony contests for three years, until I decided nobody could win anything worth value."

## Unmarried Coeds Get Birth Control

STANFORD, Calif. (UPI)—Stanford University President Kenneth Pitzer is considering a proposal that the university provide birth control pills upon request to unmarried girl students, according to the campus newspaper.

The Stanford Daily said in an article Tuesday that Pitzer will make his decision sometime in winter quarter. Pitzer declined comment on the report.

Under present policy, doctors at the university health center cannot prescribe contraceptives for any coed who is not married or planning to marry within 60 days.

## Unmarried Coeds Get Birth Control

LA JUNTA, Colo. (UPI)—Elmer Harry Lucero, 24, walked into the police station here and admitted committing four burglaries since being released from the state reformatory last month, police said.

Officers said Lucero told them he really did not prefer life behind bars, but thought it was better than being unemployed on the outside.

## Water Board Calls Officials In For Talks

AUSTIN (UPI)—The Texas Water Quality Control Board began a statewide crackdown on water pollution Wednesday by calling mayors of nine East Texas cities and officials from seven industrial plant for talks.

The board sent letters to each man based on instances of pollution along the Sabine River. The mayors and industry representatives were told to appear Nov. 20 to report why they did not meet pollution control standards.

The cities named were Carthage, Hallsville, Kilgore, Overton, Lindale, Mineola, Grand Saline, Edgewood and Big Sandy. Sonoco Products of Longview and Morton Salt Co. of Grand Saline, Longview sewage plant, Texas Eastman Co., Atlas Chemical Co., Ambassador College and Jarvis Christian College representatives were called to the meeting.

### Mrs. Kennedy Believes Joys Outnumber Sorrow

NEW YORK (UPI)—Mrs. Rose Kennedy, matriarch of the Kennedy clan, said in a rare television interview Wednesday night that the joys of the members of the Kennedy family have far outweighed the tragedies which have befallen them.

"God has given us a lot of joys as well as sorrows," Mrs. Kennedy said on the Merv Griffin Show broadcast on CBS-TV. She added, "We've had the great ecstatic moments and the we've had tragedies and the ecstasies have been greater."

Most of the interview was spent discussing various Kennedy projects, such as helping mentally retarded children. Of herself, she noted, "I've always had my religion," and of her son, Sen. Edward M. Kennedy, D-Mass., she said he will "always want to devote himself to public service."

Mrs. Kennedy used a paraphrase of Luke in the New Testament to describe the successes and sorrows of the clan: "To those whom much is given, much is required."

### White House Gets Plan For Giving Six Million In Cash To Americans

WASHINGTON (UPI)—A late-arriving great society plan to fight poverty by giving Americans \$6 billion in cash has been delivered to the White House. It was greeted with muted fanfare and no little self-satisfaction.

The massive report was given President Nixon Wednesday by the Commission on Income Maintenance Programs, which was told 22 months ago by President Lyndon B. Johnson to find a solution to the public welfare crisis.

Six months ago its central recommendation — a federally guaranteed annual income for the poor — would have been regarded as a political bombshell. But Nixon already has asked Congress to enact a similar, if somewhat more restrictive, proposal, and the commission's report caused no more than a polite pop.

On the surface the commission proposal's income floor of \$2,400 for a penniless family of four would seem far larger than the \$1,600 in cash offered by Nixon. But when the purchasing power of food stamps is added to Nixon's proposal, its value rises to about \$2,300.

The biggest resemblances are the premises that poverty will not go away by itself; that poor people must have more money; and that it should come from the federal government.

Precise cost comparisons were not immediately available. The commission said its plan would cost \$7 billion, of which \$6 billion would go directly to the poor. The administration has set the cost of its proposal at \$4 billion on top of the current \$4.2 billion welfare outlay.

Both proposals are rooted in the belief poor people would rather earn their living than receive charity.

Nixon has copped this with the work requirement and incentive payments for taking job training. But the commission said those steps were not necessary because no one could support himself better collecting welfare than by working.

### Excessive Exercise Bad For Moms

DALLAS (UPI) — Dr. George C. Emmanouilides of the UCLA School of Medicine said today expectant mothers should refrain from excessive exercise during the later months of pregnancy.

Emmanouilides said tests conducted in lambs showed moderately severe exertion by the expectant ewe caused reduction in oxygen transfer from the mother to the fetus.

The danger was particularly great for the "chronically distressed fetus" which for one reason or another develops with a less than normal supply of oxygen, he said.

Such fetuses became severely malnourished and undergrown, Emmanouilides reported to the annual American Heart Association meeting.

Emmanouilides said mild to moderate exercise may not affect the fetus during early stages of pregnancy, but later in gestation, when the fetus outgrows its "placental reserves," excessive maternal exercises can be hazardous to its health.

### Bingo Leads To Murder

BOLTON, England (UPI)—A passion for bingo led a middle-aged couple so deeply into debt that the man beat his wife to death and then committed suicide by gas.

Police said today after an inquest that John Goodram, 49, and his wife Florence, 50, played bingo five nights a week and decided to give up electricity and food in order to keep on playing. Mrs. Goodram was a member of 15 bingo clubs.

The couple spent about \$95 a week in bingo halls and got themselves "up to their eyes in debts" by persuading relatives and friends to lend them the money they needed for their craze, a police spokesman said.

Police were called to the Goodram house last July 20 and found Mrs. Goodram dead of heart injuries in the kitchen. By her side was a hammer with blood stains. Her husband was lying in the front room near a punctured gas pipe.

It appeared the couple owed more than \$240 for gas, electricity and food and to creditors.

### Gas Shortage May Work Hardship On Homeowners

WASHINGTON (UPI)—Many homeowners may be denied new gas service after 1975 unless action is taken now to head off growing shortages, industry and government witnesses told Congress Wednesday.

They stressed that no shortage is seen in the coming winter and probably none for the winter of 1970-71.

Assistant Interior Secretary Hollis M. Dole testified before a Senate interior subcommittee that "a serious supply problem will be fully upon us by 1975 if current trends persist and immediate corrective action is not taken."

He said prospective new residential customers would be unable to get gas service and would have to turn to oil or electricity to heat their homes.

Former Rep. Walter E. Rogers, D-Tex., now president of the Independent Natural Gas Producers Association, said Congress and federal agencies should encourage more gas production. He said this should include an increase in the well-head price of gas, retention of the 27½ per cent depletion allowance, and greater availability of both offshore and onshore federal leases.

### Wife Buried In Cemetery Of Choice

LUBBOCK (UPI)—Funeral services were scheduled today for Gloria Woods Gaines, whose husband went to court so his wife could be buried in the cemetery lot of his choice.

Autry Gene Gaines filed suit in U. S. district court charging the city would not let him bury his wife in the lot he wanted because he is a Negro.

Judge Halbert O. Woodward continued the case Wednesday and set no date for new action.

# Woman's Page

Wanda Mae Huff, Women's Editor

## Dear Abby

By Abigail Van Buren

DEAR ABBY: Ron (not his real name) and I have been married for five days and we love each other very much. I am 19 and he is 21.

On the first night of our honeymoon—we went sightseeing—and when we got back to the motel Ron locked himself in the bathroom, took a shower and came out in his pajamas and went right to sleep. I know he was tired that first night, but it's been like this ever since we've been married. I am not ugly and I am a very clean person. Please don't get the idea that all I have on my mind is sex, but I am getting very impatient.

Ron has had two years at Reed College in Oregon so I can't believe he's all that shy. What is he waiting for?

UNTOUCHED IN DENVER DEAR UNTOUCHED: I don't know, but I think it's time you asked him. If things don't improve at your house, insist that Ron have a talk with a clergyman, or a doctor. Something is wrong in Denver.

DEAR ABBY: I am a young man who is going to be married soon and a problem has come up. I have an aunt and uncle who were my favorite relatives when I was growing up. They treated me as if I were their own son. They were my godparents when I was confirmed. Well, shortly after that something happened between my parents and this aunt and uncle and they haven't spoken since. I still don't know the complete story of what was behind the quarrel.

I would like to send this aunt and uncle an invitation to my wedding with a little note telling them that I'd like to include them during the happiest time of my life—my wedding. I suppose my parents will be hurt if I do, but I feel if my parents want to hold a grudge, it is their grudge, not mine. I am not sure my aunt and uncle would even come to my wedding if they were invited, but I think they'll appreciate

## Your Horoscope

### JEANE DIXON

SATURDAY, NOV. 15 Your birthday Saturday: You now begin a search for a system of expansion of activities and contacts. Increasing responsibilities and authority are normal for this time. You will need, and accept, help from unexpected sources... SATURDAY'S natives are adaptable, ingenuous. Admiration from members of the opposite sex is almost taken for granted. ARIES (March 21-April 19): Make use of the weekend atmosphere to smooth out any discrepancies in your work program. correct recent mistakes. Keep a sense of humor about friends' ideas. TAURUS (April 20-May 20): Conditions are about to change, probably requiring a reorganization of your working methods. So let well enough alone by doing no more than the immediate situation calls for. GEMINI (May 21-June 20): Meditation is profitable even though it occurs in snatches between chores. Study and self-improvement programs are strongly recommended to bolster new ideas you've been trying to put together. CANCER (June 21-July 22): Fill this calm day with as many odd jobs as your energy permits without fatigue. Turn to a lighter mood in the evening with a good show or fine music. LEO (July 23-Aug. 22): If you will slow down and seek inner peace, life takes on a brighter tone and is more satisfying. Give others a chance to get into step with you. A small party at night may be just the right thing.

Rev. H. M. Hutchinson

## Former Pampa Pastor Will Hold Revival

Rev. H.M. Hutchinson, pastor of Calvary Baptist Church, Clarendon, will conduct revival services at Pampa Baptist Temple, 1425 Alcock Nov. 17-23. Revival services will be held at 7:30 p.m. each day. Rev. Hutchinson was formerly pastor of Bible Baptist Church in Pampa. Sunday services at the church begin with Sunday School at 10 a.m. Other services include morning Worship at 11 a.m., and Bible Classes and prayer meetings at 6:45 p.m. A nursery is provided for all services.

## Phi Epsilon Beta Schedules Dinner For Thanksgiving

Phi Epsilon Beta Chapter of Beta Sigma Phi voted recently to have the annual Thanksgiving dinner Saturday in the Southwestern Public Service Reddy Room. With Mrs. Harold Taylor, president, presiding, the chapter selected Vilma Harris as its sponsor at Gristown. After Mrs. Penny Strawn and Mrs. Marion Johnson presented their program on "The Popular Hostess, the Sought After Guest," Mrs. Mike Clark and Mrs. Dan Briggs served refreshments. Those attending were Mmes. Briggs, Clark, Al Cross, Robert Danford, Eddie Edwards, Gary Epperson, Larry Flippo, Charles Hoskins, Don Hufstetler, Johnson, Jackie Narrell, Carroll Russell, Grady Savage, Strawn, Taylor, Dennis Wyatt, Miss Audrey Mollett, and Mrs. D. E. Jameson, honorary members. Members also attended a "Come As You Are" party in Mrs. Cross' home. Members participating in the program were Mmes. Cross, Clark, Epperson, Flippo, Hoskins, Hufstetler, Narrell, Strawn, Taylor, Wyatt, Miss Mollett and guest, Mrs. Gerald Sikes.

## Church Safety Seminar Set

AUSTIN.—Man's moral obligation in safety and accident prevention will be the theme of a one-day "Religious Seminar on Safety," scheduled Nov. 19, at the Midtown Holiday Inn at 1401 S. University Drive in Fort Worth, according to Mrs. C.L. Mansfield of Fort Worth, vice president for Church Activities for the Texas Safety Association. The workshop is sponsored by TSA in conjunction with the Safety Council of Fort Worth and Tarrant County. The program is designed for church officials and lay leaders. Mrs. Mansfield said, "We want to acquaint them with the Texas traffic accident problem, its solution and how particular emphasis can be placed on the beginning of a year-round program that can result in the conservation of God's greatest gift—human life." Mrs. Mansfield said. Included on the agenda is Gen. Tom Bishop of Austin, the Governor's Assistant Traffic Safety Administrator, speaking on "The Texas Traffic Safety Program."

## Gospel Singer Will Present Song Message

Howard M. Jewell, well known gospel singer, will be singing in all services this Sunday at Pampa Baptist Temple. Jewell has traveled extensively throughout the United States as one of the foremost gospel singers of today. His presentation of the gospel in song is said to be unique. His colorful career began as a boy singing with his preacher-father in a rugged pioneer Salvation Army work and became known as the singing evangelist. He is a talented, experienced musician and the gospel as he presents it in song is spirit-filled and will thrill the hearts of all who hear him. Rev. Cliff McDougal, pastor of Baptist Temple invites the public to attend.

## Swedish Missionary Slated To Speak Here

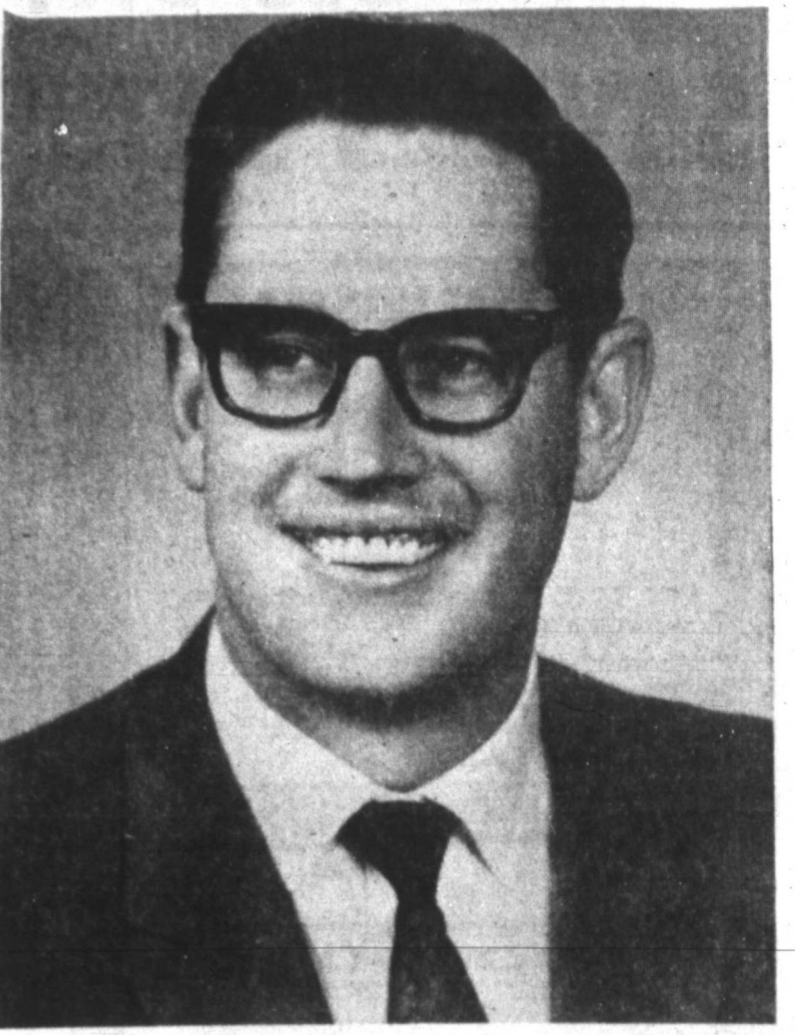

The Rev. Lennart G. Blomquist, Swedish-born missionary of the Methodist Church serving in Rhodesia, Africa, will be the guest-speaker at the monthly Methodist Men's Ladies night, 7 p.m. Nov. 19 in Fellowship Hall of First United Methodist Church, Pampa. Blomquist has supervision of the agricultural training of African youth at the "Woodlands Farm" The young people from the Teacher Training School, the Bible Institute, and the Methodist Secondary School, all at Old Umtali, enroll in agricultural classes under Blomquist. He is also an ordained minister, serving as pastor in Old Umtali, and supervising churches in the district. At the Woodlands Farm attention is given to food production for the schools and hotels; there is a dairy and instruction in animal husbandry. Graduates, either as teachers or preachers, can care for their own gardens and farms scientifically, and carry on most building and household arts. Blomquist was born in Vasteras, Sweden, and makes his permanent home in Stockholm. He was graduated from the Industrial College for trade-teachers at Naas, Gothenburg. He received his B.D. degree from Union Theological Seminary, Gothenburg, and has taken specialized agricultural training at Texas Technical College, Lubbock. He was ordained to the Methodist ministry in Sweden by Bishop Arvidson in 1940, and was a pastor there until 1947 when commissioned a missionary to Africa. He served as schoolmaster and principal at Nyadiri and as agriculturist at Mutamba and Old Umtali, prior to his present assignment. Blomquist is spending a year's furlough visiting and speaking in churches in United States. Other Methodist Churches at which he will be Phillips United Methodist Church, Nov. 18 and Gruber United Methodist Church, Nov. 20.

## Faith Expressed In USSR Despite Government Frown

ZAGORSK, U.S.S.R. (UPI) — God is not dead in the Soviet Union. Instead, he is very much alive in the numbers you see expressing their faiths despite the official government credo of atheism. As a publication on religion in the U.S.S.R. from Novosti Press Agency's publishing house states, "The (Communist) party... does not conceal its views on religion and atheism and deems it necessary to struggle against religion, but the struggle is a matter of persuasion and not compulsion, waged only with ideological weapons. Extreme caution is used so as not to offend the religious convictions and feelings of the believers." To claim that atheists are devoid of moral convictions is to slander the Soviet people and the millions of people the world over who no longer believe in God. So much for the government stand. But how much practice is there of religious beliefs in spite of the party's discouragement? The U.S. State Department estimates that between 50 and 70 million Soviets, in a country of some 239 million, "adhere to some religious faith; most are Russian Orthodox Christians." Certainly, to this observer on a second tour in as many years to the U.S.S.R., practice of Christianity and of Islamism, when you move into Central Asia, are quite open—more obvious this year than last year at about the same time. Last year, guided tours for a group of U.S. women on an unofficial and informal "woman to woman" trip tended to skirt the religious centers. This trip, we have been through cathedrals and mosques, many of them fully restored in recent years, others under restoration. Last year, the tendency was to call the cathedrals "museums." This year, the Museum of Atheism in Leningrad was back to being the Cathedral of Kazan, but it still housed thousands of relics of anti-church artifacts.

## Missionary Family Returns

Missionary Jimmy L. Beggs will be in Pampa at the Bethel Assembly of God Church on Nov. 16, Sunday morning at Hamilton and Worrell for a missionary service. He will be telling of some exciting and stirring experiences they had in Africa as missionaries. Rev. and Mrs. Beggs were pastors in West Texas before they went to Africa where they served four and one-half years. Their work consisted of teaching in a Bible School, literature translation and distribution, women's society, and in general missionary work. Some of the most difficult and trying experiences that they had were in learning Swahili, the language of East Africa, in which they are now fluent. Some of their most rewarding experiences were in training national and seeing them successfully establishing a strong indigenous church. Such as the story of Sefania, an inhabitant of an isolated mountain village who received a gospel tract and as a result has established a Christian work in his village. Or, of Mwakusya who walked ninety miles to learn to know Christ as some of the Bible School students he had heard. You are invited to attend this service.

JIMMY L. BEGGS

## Church Safety Seminar Set

AUSTIN.—Man's moral obligation in safety and accident prevention will be the theme of a one-day "Religious Seminar on Safety," scheduled Nov. 19, at the Midtown Holiday Inn at 1401 S. University Drive in Fort Worth, according to Mrs. C.L. Mansfield of Fort Worth, vice president for Church Activities for the Texas Safety Association. The workshop is sponsored by TSA in conjunction with the Safety Council of Fort Worth and Tarrant County. The program is designed for church officials and lay leaders. Mrs. Mansfield said, "We want to acquaint them with the Texas traffic accident problem, its solution and how particular emphasis can be placed on the beginning of a year-round program that can result in the conservation of God's greatest gift—human life." Mrs. Mansfield said. Included on the agenda is Gen. Tom Bishop of Austin, the Governor's Assistant Traffic Safety Administrator, speaking on "The Texas Traffic Safety Program."

## Baptist Youth Choirs 'Tell It Like It Is'

"Tell It Like It Is" is a contemporary Christian Folk Musical written for the purpose of reaching the "Now" generation of youth. It is the type of music together with appropriate wording that completely communicates with our young people of today. The gospel message of Christ really "gets through" to them in this musical. The youth choirs of First Baptist Church, Perryton and Central Baptist Church, Pampa will present the musical in the church sanctuary at Central Baptist Church at 7:30 p.m. tomorrow. About 80 teenagers will be participating in the musical, giving God their best as they sing and play their instruments. Accompaniment consists of piano, rhythm guitars, bass guitar and drums.

HOWARD M. JEWELL

## Gospel Singer Will Present Song Message

Howard M. Jewell, well known gospel singer, will be singing in all services this Sunday at Pampa Baptist Temple. Jewell has traveled extensively throughout the United States as one of the foremost gospel singers of today. His presentation of the gospel in song is said to be unique. His colorful career began as a boy singing with his preacher-father in a rugged pioneer Salvation Army work and became known as the singing evangelist. He is a talented, experienced musician and the gospel as he presents it in song is spirit-filled and will thrill the hearts of all who hear him. Rev. Cliff McDougal, pastor of Baptist Temple invites the public to attend.

## Religion In America

By LOUIS CASSELS Ten months in the White House has made Richard Nixon a more prayerful man and deepened his sense of dependence on God. That's the word from the President's close friend and spiritual counselor, the Rev. Dr. Billy Graham.

Graham acknowledged in an interview with UPI that Nixon is not the world's most faithful churchgoer. Since becoming President, he has attended worship services—mostly in the East room of the White House—on an irregular schedule which averages out to a little better than one Sunday a month. Although Graham would prefer a higher average, he emphasized that regularity of church attendance is not an inflexible criterion of spiritual health. "I don't think a man necessarily has to go to church every Sunday to be a genuinely religious person," the Baptist evangelist said. "I have known Richard Nixon for more than twenty years. Through many golf games, many visits in his home and in my home, we have discussed many subjects, including religion. "I can say without qualification that he is a person of strong religious convictions. He has a deep faith in God. "But you have to remember that he's a Quaker. And Quakers don't believe in wearing their religion on their shirt sleeves." Graham said, the lonely burden of the presidency is obviously having the same effect on Nixon that it has had on other men, from Abraham Lincoln to Lyndon B. Johnson, who were not conspicuous

## Seven To Model Pampa Fashions

Pam Cel Employees Club will sponsor a ladies program with a dinner beginning at 6:30 p.m. Saturday at Pam Cel Hall, at the Celanese Plant. After a program on wigs and hairpieces by Pampa College of Hairdressing, seven models will present a style show with fashions from several Pampa stores. Models are Mmes. Jerry Thompson, Paul Klemme, Claude Givhan, Bill Cornman, Darrell Ecolas, and Ernie Grady, all of Pampa, and Mrs. Bill Abbott, White Deer. All women attending are asked to bring a covered dish other than a meat dish. Door prizes will be awarded.

religion before entering the White House. "I believe Mr. Nixon has already learned what President Lincoln meant when he said, 'Many times I've been driven to my knees by the realization that I had nowhere else to go,'" Graham said. He said he had talked about religion with five presidents—Nixon, Johnson, John F. Kennedy, Dwight D. Eisenhower and Harry S. Truman. "Every one of them told me that the pressures of the job were so great he found himself forced to pray, whether or not he had been much of a praying man before. "Since Mr. Nixon entered the White House last January, I have observed a definite and steady deepening of his sense of dependence on God."

# Local Church News

## United Methodist Church

Services at the First United Methodist Church will be held Sunday at 8:45 a.m. and 11 a.m. H. DeWitt Seago, pastor, will preach on the topic, "Freedom Is A Dangerous Thing," using as his text Galatians 5:1-15. At the 8:45 a.m. service, which is held in the Patio of the Educational Bldg., special

music will include a piano prelude entitled, "Andante Cantabile" by Hoffmiller and a postlude entitled "Marche Celebre" by Offenbach. The Carol Choir (Kindergarten and first grade boys and girls) will sing a special number entitled, "Jesus, Friend of Little Children" by Martin Shaw. Music at the 11 a.m. service

will include: Organ Prelude: "Arioso on the D String" by J.S. Bach; Anthem: "Alleluia, Sing Praise" by J.S. Bach; Postlude: "Paen Exultante" by Lundquist. Morris B. Kille is Minister of Music and Tracy D. Cary is organist. Evening vespers will be at 6 p.m. followed by Junior High and Senior High UML meetings.

## First Presbyterian Church

"What We Owe Each Other" is the sermon topic for Rev. Martin Hager, First Presbyterian Church pastor, for this Sunday at both the 8:30 and 11 a.m. worship services. Ruling

Elder David Tucker will serve as the pulpit assistant this Sunday. Rev. Hager's text will be taken from Philippians 1:12-18. At the 11 a.m. worship ser-

vice, the Chancel Choir will present the anthem, "Lord Of All Being" by Butler. Mrs. Fidelia Yoder, Church Organist, will present "Prayer" by Asper as the offertory as well as the prelude and postlude selections.

## First Christian Church

The Rev. Carlton S. Downing will deliver the Morning Message for Worship this Sunday beginning at 10:30 a.m. The Sanctuary Choir under the direction of Miss Rosemary Lawlor and accompanied by Mrs. John Gill will present the Anthem.

Snack Supper will start at 5:30 p.m. with Youth Groups meeting at 6 p.m. The classes on "Focus on Using Curriculum Materials" will begin at 7 p.m. This session will be directed toward teacher training. All interested students of Sunday School are also invited to at-

tend. The Pastor's Cabinet will meet at 7 p.m. on Wednesday, Nov. 19th. All Committee Chairmen are urged to attend. The Elders of the Church, W.R. Harden, chairman, will also meet on Wednesday at 8 p.m.

## Zion Lutheran Church

Sunday, Nov. 16, will be observed as "Loyalty Sunday" at Zion Lutheran Church. Following the sermon presentation, "Launch Into The 70's", by the pastor, the Rev. M. G. Herring, members will have the opportunity to come forward to

the altar and place their commitment or pledge card in the Commitment Box. Members will be urged to recommit their time, abilities and possessions to the glory of God and the service of the

Kingdom of Christ. Loyalty Callers will meet at 6:30 p.m. Sunday and will be assigned to make calls on members, who were unable to be in church Sunday morning for the Loyalty Presentation.

## First Baptist Church

The pastor, Dan B. Cameron, will preach for both services of worship Sunday in the First Baptist Church, Pampa. His topic is another in the series, "These Questions We Must Answer" with this message entitled, "What About Evil?" This message will be broadcast over radio KPND at 11 a.m. David Campbell, Minister of Music, will direct the church choir as they sing the anthem, "We're Marching to Zion, arr. Cram. Mrs. David Campbell will sing a solo, "The Haven

of Rest" by Moore. Miss Eloise Lane, organist will play "Thanksgiving to God" an English Hymn. The sermon subject for the seven o'clock evening worship will be "Why Some Homes Succeed". The Youth Choir will occupy the choir loft and sing "Why Should I Care" arranged by Yungston. The organ offertory selection "Mercies Numberless (Saul)" by Handel will be played by Miss Lane. Visitation will begin Tuesday

morning and 9:30 and the luncheon follows. From 12:10 until 12:50 the Pastor will continue teaching the Book of Jude. A cordial invitation is extended to the citizens of Pampa who are interested in Bible study to attend the noon study. The regular Wednesday evening activities will be observed with the Pastor in charge of the prayer meeting service. He will continue teaching the book of Hosea from the fifth chapter.

## Jehovah's Witnesses

Jehovah's Witnesses are eagerly awaiting to receive the information contained in this week's "Watchtower Study" entitled "Acquaint Yourself With God and Keep Peace". The text under consideration is found at Job 22:21, and the lesson is in the November first issue of the "Watchtower" magazine. According to Richard Fetter, Watchtower Study Conductor,

the lesson brings out how this 20th century world fails to recognize that men cannot have peace among themselves and enjoy prosperity until, first, they get acquainted with God and become familiar with His will and come into peaceful relationship with Him in His way. Examples set by faithful men of old such as Moses, Isaiah, and Ezekiel will answer

questions as to how man today can become acquainted with God, stated Fetter. All interested persons are invited to attend. Preceding the "Watchtower" study which is held at 11 a.m., Mike Improte of Canadian will deliver the public talk, "Atonement Day and It's Prophetic Significance" at the local Kingdom Hall, 1701 Coffee.

## Pampa Church of Christ

Sunday morning Family Bible Study will be conducted at 9:30 at the Pampa Church of Christ, 738 McCullough. This study will cover the ninth chapter of Matthew. Bro. Buster Mullin will speak

on the subject, "Opening the Flood Gates of Memory" based on Matt: 26:75 in the 10:30 a.m. Worship Service Sunday. In the 7 p.m. service the subject will be "Passing from

Death Unto Life" based on John 13:13-15. Special services of teaching for the young people will be taught by Bro. Bob Harry beginning Nov. 16. This series will continue for four Sundays.

## Christian Science

"And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou has sent." These words from John are part of the Lesson-Sermon on "Mortals

and Immortals" to be read Sunday in Christian Science churches. Another passage in the Lesson is from "Science and Health with Key to the Scriptures" by

Mary Baker Eddy: "In Science, man's immortality depends upon that of God, good, and follows as a necessary consequence of the immortality of good."

## Dallas Magnate Willing To Spend Money On Thoughts

DALLAS (UPI) — H. Ross Perot, a millionaire Texan, thinks every morning about the war and about the men on patrol in the jungles and rice paddies of Vietnam and about American prisoners. Perot, 39, founded a computer company seven years ago. Today it is worth an estimated \$300 million. He is willing to spend a lot of his money on what he thinks about every morning. "It's not Nixon's war or Kennedy's war or Johnson's war," said the graduate of the U. S. Naval Academy. "It's our war because it's our country." Perot is paying for a national

campaign called "United We Stand" supporting President Nixon's policy toward "a quick and lasting peace in Vietnam." He has run fullpage advertisements in 100 of the nation's largest newspapers—including the New York Times, Washington Post, Dallas Times Herald, Los Angeles Times and San Francisco Chronicle—calling for the "silent majority" to speak out. Perot also plans to run a television program Sunday night on independent stations. He said he could not buy time on the three major networks on such short notice. Each time he runs the 100

fullpage newspaper ads it costs him a quarter of a million dollars. Perot chartered "United We Stand, Inc." Nov. 3 to start the nationwide campaign. He said he will keep it up even if the bill "runs into the millions of dollars." "Each person in this country has the ability to make a unique contribution to society," Perot said in an interview. "As a nation, we're pretty much like a family, but there always comes a time when the family must stand as a unit." That is where Perot and his "United We Stand" campaign comes in.

## The Weekly Message of Inspiration...

### PAMPA BAPTIST TEMPLE

Rev. Cliff A. McDougal

#### THE TRUE FOUNDATION

"For other foundation can no man lay than that is laid, which is JESUS CHRIST." (I Cor. 3:11).

The most important part of a building is the foundation. It

matters not how expensive the material used in the superstructure; it will all come crashing down if it is not built on a proper foundation. We may know very little about building in the material realm, but in the moral and spiritual realm every person is a builder. Consciously or unconsciously, we are constantly building, and we are not just building our own lives, but as adults we are helping shape lives other than our own. Mothers have a greater part in moulding the lives and determining the destiny of their children than anyone else in all the world.

Nero's mother was a murderer, and with her blood-stained hands she shaped her son into a fiend. The mother of Patrick Henry was a strong, eloquent woman, and that's the reason why every school boy and girl knows "Give me liberty or give me death." Susanna Wesley was the mother of 19 children, and they all became outstanding Christians. When asked how she did it, she replied, "By getting hold of their hearts in their youth, and never losing my grip." Seeing then that we are not only erecting the superstructure of our own lives, but also the lives of others, we should be positive that we are building on the right foundation, and are encouraging others to do likewise.

Too many people get so engrossed in building the superstructure of their lives, until they give no thought to the foundation on which they are building. Friend, what kind of a foundation are you building upon? Is it education, is it culture, is it morality? These are all well and good in their proper places, but they are only to be used in the superstructure, and not the foundation.

Building on the true foundation is not an accident. Man is by nature a child of disobedience floundering in the quicksand of sin. The Apostle Peter says that having Christ as the foundation of your life is an act of faith. He says, "To whom coming, as unto a living stone." This is done by relying on, depending on, or trusting Christ as your Lord and Saviour.

This business of erecting the superstructure of our lives and the lives of others is far too serious to not give heed to the foundation on which we are building.

Friend, if you are not building on the right foundation, will you believe God's word and begin now building on the right foundation. "Look unto me, and be ye saved all the ends of the earth; for I am God, and there is none other."

# Harvesters Host Plainview In Playoff

Pampa plays host to Plainview at 7:30 tonight in a District 4-AAAA zone playoff game that will mean either fifth or sixth place for the Harvesters and Bulldogs.

Season records will mean little tonight and Plainview's 26-6, victory over Pampa earlier in the season should mean little also by virtue of Pampa's stirring, 25-7 victory over Borger last week and the "new look" both offensively and defensively for the Harvesters.

The Harvester backfield will have John Jenkins and Scotty King at halfbacks, Ray Tindall

or Randy Cantrell at fullback and sophomore Dale Ammons at quarterback and doing the Pampa kicking.

Plainview's previous 26 points is not apt to be met tonight with the ever-improving Harvester defense straightened out and ready to meet the thrusts of such speedsters as Albert Hill, Larry McCutcheon and David Wooley, all of whom played a big part in the first Bulldog victory.

But if Jenkins, King and Tindall perform as they did a week ago and the Pampa offensive line open those wide-

gaping holes then the Bulldog defense is in for a rough night. The Pampa passing game isn't dead either and Ammons will have Tommy Hawkins and Steve Scott to throw to.

A Pampa victory would be the first at home this season in six outings and would bring the Harvesters to 4-6 for the season, not bad for a team that lost five of its first six outings. Plainview will bring a 6-2-1 season record into the contest, the fourth best among district teams. The Bulldogs also had the third best offensive and defensive teams in the south zone.

The Bulldog offense rolled up 213 points with Wooley being the prime runner. The fast halfback has gained nearly 700 yards in nine outings and has scored five times.

But Pampa, with Jenkins and King delivering a fatal one-two punch to Borger last week, is capable of exploding on any play with King the Harvester's top scorer with five markers and Jenkins has three.

Defensively Pampa will probably start with Jenkins, King, Jay Roth, Chuck Lanehart, Dan Hood, Micky

Sims, Randy Cantrell, Larry Kotara, Ricky Harris, DeWayne Glover, Mike Brister and Mark Watkins.

The offensive lineup will see Scott and Hawkins as pass receivers; Kotara, Lanehart or Watkins at tackles, Sims and Roth at guards and Moss Hampton at center.

A total of 18 seniors will be putting on the pads for the Harvesters for the last time.

Ross Holman, Jenkins, King, Cantrell, Hawkins, Roddy Porter, Hampton, Roth, Lanehart, Kotara, Mike Albus, Steve Sloan, Tindall, Paul

Johnson, Watkins, Wyatt Earp, Gary Gattis and Scott will all be making their final appearances for the Green and Gold on the football field.

In other district playoff games Lubbock High edged Caprock, 21-20, for ninth place and tonight Tascosa is at Borger for seventh place and Monterey and Coronado meet for third place. Saturday Amarillo and Palo Duro meet at 2 p.m. for the district championship.

## Cougars Face NC State In Tough Game

By *Walter Jones International*

Thirteenth-ranked Houston's Cougars, making a late run for some post-season bowl recognition, will be a 13-point favorite Saturday to make North Carolina State their sixth straight victim in one of the feature games of the dying Texas college football campaign.

The Cougars, who include Mississippi among their string of five in a row since losing their first two starts, will be a solid choice to hand the Wolfpack its fourth setback against three wins and a tie.

Houston is a possible host team for the Bluebonnet Bowl and has also been mentioned for the Sun Bowl in El Paso.

West Texas A&I

North Texas is a two-touchdown choice to turn back Tulsa and boost the Eagles' record to 7-2 in a home game at Denton, while West Texas State is a heavy favorite to run its record to 6-3 against Bowling Green at Canyon. All are day games.

However, Texas-El Paso's two-game winning streak is in serious jeopardy at home Saturday night against Arizona State.

In the smaller college ranks, Texas-Arlington will be challenging Arkansas State's untarnished record atop the Southland Conference in an afternoon game at Jonesboro, Ark., while Abilene Christian will host Trinity in another day game in the league. Arkansas State is 2-0, ACC 2-1 and Texas-Arlington and Trinity 1-1 in league action. Lamar Tech (0-3) plays at Louisiana Tech at night.

Leaders Should Win

In the Lone Star Conference, where Texas A&I, S.F. Austin and East Texas share the lead with 4-1 marks all three are expected to win and stay on top. A&I plays at Sam Houston (2-3), S.F. Austin hosts McMurry (0-5) and East Texas is at Southwest Texas (3-2). Sul Ross (2-3), the only team to beat A&I this season, is at Howard Payne (1-4). All are night games.

# Lee Ninth Edges Reapers, 9-6

By **RON CROSS**  
Sports Editor

Lee and Pampa Junior high ninth grades could have had a better night to finish their season on but neither could have pleased a crowd of their coaches more than they did Thursday night at Harvester Stadium.

The two home teams hooked up in a rock-'em-sock-'em defensive battle that saw Lee score all its points in the second quarter then hold Pampa ninth twice inside the 10-yard line and

make off with a narrow, 9-6 victory.

The Rebels finish the season at 5-4 while Pampa ninth closed out at 2-6-1. Lee also won the first game of the season played between the two schools, again by a slim edge, 24-20.

The game was a matter of breaks and mistakes with the Rebels fumbling the ball away at a very inopportune time and not being able to take advantage of a couple of breaks.

Both defensive units rose to the occasion with Lee giving up only 79 yards on the ground, all of it in the second half, while the Reapers held Lee to 84 ground yards. Both teams lost the ball three times on fumbles.

They battled to a scoreless first quarter with the Reapers holding Lee on downs at the 38 and at the 34 while fumbling the ball away at the Rebel 36.

But Lee drove from their own 37 after the fumble to the Reaper 11 yard line where David Richardson split the uprights with a 28-yard field goal with 8:28 left before intermission.

A pass interference call at the 19-yard line on third down gave the Rebels new life in the drive.

The teams exchanged fumbles but Lee came up with the last one at the Reaper 44-yard line and two plays later quarterback Ricky Musgrave tossed 35 yards to end Richard Gaines who chugged into the end zone. The conversion try failed but at 2:41 before halftime it was, 9-0.

The Reapers wasted no time getting on the scoreboard in the third quarter with quarterback Richard McCampbell dashing 45 yards on the fourth play to score. The run for the conversion failed and with less than two minutes gone the Lee lead was cut to, 9-6.

But Lee's defense was not to

be denied. They held the Reapers on downs at the 29 when a pass went incomplete and after Pampa had driven to the 30 McCampbell was set back on losses of 13 and eight yards.

In the fourth period the Reapers drove to the Rebel 10 but fumbled and Ken Gableman recovered for Lee, who turned right around and lost the ball back at the same spot.

The Reapers drove to the three but on second down and a yard needed lost one, then McCampbell was held for no gain.

Lee was forced to punt but the Reapers fumbled it and the Rebels recovered on the 45 and it was all over.

**SCORE BY QUARTERS**  
Lee ..... 0 9 0 0-9  
PJH ..... 0 0 6 0-6

Scoring:  
L-Richardson, 28 field goal.  
L-Gattis, 35 pass from Musgrave. (Run fail).  
PJH-McCampbell, 45 run. (Run fail).

## Wheeler Host To Claude In 2-A Conference

There will be no holds barred tonight when the 1969 football season comes to a close for several of the Pampa area grid teams.

Wheeler, Canadian and McLean will go all out for victory, as they do every week, but with no scouts around there are liable to be some things going on that haven't been in previous weeks.

The Mustangs, Wildcats and Tigers all windup the season but White Deer, Lefors and Groom all have important battles next Friday.

Wheeler, who will finish second in District 2-A, has an important conference battle with fast rising Claude in the Fighting Irish in a bowl game. He said a group of lay members on the board of trustees may approve a bid this year.

Hesburgh, president of the university for 17 years, adamantly opposed bowl games for the Irish in the past, on grounds it would over-emphasize football at the expense of academics.

But now, he said, he might not even participate in a vote on whether to go, or stay home. "The final decision—if there ever is a need for one—will be made by the board of trustees," he said. A majority of the trustees are laymen.

Hesburgh's statement could be interpreted as an invitation for the bowls to go after the Irish. Though ranked No. 11 in the nation this week, Coach Ara Parseghian's team has lost one game tied one and won six.

Should a bid be offered, Hesburgh said, "First it is up to the faculty board of control of Athletics, then a decision would have to be made by the board of trustees. So far the question has not come up. If there is a change in the (no-bowl) policy, the change will be announced when and if a decision is made."

## Lee Eighth Nabs Title, Rips PJH 8th

Lee eighth grade Rebels marched long, short and medium and pleased a wildly cheering student body at Harvester Field Thursday afternoon by whipping Pampa Reaper eighth and winning the junior high conference title in the process.

The Rebels rang up a 32-0 halftime lead and then sailed to their sixth straight victory, 38-0, and picked up its eighth victory in nine outings this season. In two previous battles earlier in the season Lee had downed the Reapers, 20-0 and 12-6.

The Rebel offense had so much go power that besides the touchdowns that counted three others were called back, including two by speedster Jody Johnson.

But Jack King, Johnson and Chuck Reeves kept things going for the Rebels with King scoring three times, Reeves twice and Johnson picking up a counting touchdown and extra point.

Lee raced to a 20-0 first period lead when King scrambled in from 20 yards and Reeves then scored on runs of 30 and 15 yards and Johnson ran over a conversion.

The Rebels added two more in the second period when King rambled 25 yards and Johnson 15. King added the last score in the third period, going 13 yards for this one.

Johnson picked off a third quarter pass and ran it back for a score but it was called back. In the same period Wayne Bruce picked up a fumble and raced across the goal only to have it nullified and Terry Denner also had a touchdown run whistled back by officials.

## CLOSE SEASON AT 6-4

Amarillo — Mistakes cost the Pampa Shockers a victory in their final game of the season, here Thursday, with Palo Duro's junior varsity taking advantage of two fumbles and a blocked punt and turned all three into touchdowns.

Palo Duro scored with just under a minute to play to edge the Shockers, 30-28. Pampa finishes the season at 6-4, the first winning season for a Pampa Shocker team in four years.

After a scoreless first quarter Pampa jumped in front 7-0 with Greg Wilson going 36 yards on the first play in the quarter. Tommy Montgomery kicked the conversion for the seventh point.

But Palo Duro came back to score twice, the first coming

after a Pampa fumble at the 13-yard line and the second touchdown was another gift with the Pickadors blocking a Shocker punt inside the 10 yard line good for a 16-7 halftime lead.

Pampa came right back in the third quarter, marching 80 yards in 11 plays with Wilson, McCarrell and Roth picking up good gains. Wilson ran in from the two but a two-point conversion try failed and it was 16-13.

Palo Duro scored, after a Pampa fumble set it up, to run

their last nine games and finished at 9-1, scored with just under a minute to go on a 30-yard pass play, then ran across the extra points for the victory.

Pampa coaches praised the work of David Caruth, defensive rover, who also set up McCarrell's touchdown with a pass reception on third down. Wilson led his team in tackles and he, Roth and McCarrell were the leading rushers.

For the season the Shockers downed Perryton, 24-6; Borger, 18-14; Lubbock Coronado, 32-6; lost to Amarillo, 38-6; beat Lubbock High, 22-16; lost to Plainview, 14-7 and Hereford, 20-8, beat Caprock, 13-6 and Tascosa, 20-8 before losing to Palo Duro.

**POINTS BY QUARTERS**

The Pampa Daily News

## Hull Rejoins Black Hawks

CHICAGO (UPI)—Bobby Hull abandoned his "legal" retirement today, apologized to the Chicago Black Hawks for his holdout, and his request to rejoin the team was granted.

The star left wing, who set a National Hockey League record of 58 goals last year, was to show up for practice with the club Friday morning, but General Manager Tommy Ivan said there was no chance he would play against Oakland Saturday and only a slight chance he would appear against Montreal Sunday.

Hull read a 210 word statement, which he said was written by the Black Hawks, the club attorney and his own attorney, in which he said he had abandoned his desire to retire and wanted to rejoin the team.

"My request to return to play has been granted, subject to my playing condition being approved by the club general manager and coach," he said.

## Players Honor Coaches At Lee Jr. High

Even though they knew nothing about today being proclaimed "Coaches Day" in Texas by Governor Preston Smith, Lee eighth and ninth grade football players decided to honor their coaches.

Leon VanAlstine, James Poor in a.m., Dennis Pasley, Harold Hooker, Gary Newcomb and Bob Nieburger were all honored by their players, not only with two victories Thursday, but with gift certificates. The coaches, not knowing about the presents had already planned a cake and soft-drink party for their players.

It was really a "day" for the Lee coaches.

## Penn State's Paterno Optimistic On Losing

NEW YORK (UPI)—Sports of all sorts: Yeah, how about that? Bob Blackman of Dartmouth says he has a nifty quarterback in Jim Chasey, a junior. "You don't hear much about him because sometimes he throws only five or six passes a game," says Blackman. "But some of those nationally noted hot shots who throw 40 or 50 times a game are losing games."

Walter Blum, new president of the Jockeys Guild and a long-time riding star on the New Jersey circuit, has a tough allergy for a guy in his business. "Twice a month he has to have injections to keep him in shape. He's allergic to horse hair and dust, two commodities in large supply around a race track."

Some of the New York Jets who played the Giants a pre-season game in the Yale Bowl this season called the field a "cow pasture". They'll be happy to learn Yale is considering an artificial turf field sometime in the future.

Bowling continues to boom. Professional Bowlers Association says its aces will shoot for almost \$900,000 this winter with

## Billie Jean King Upset In Tennis

BUENOS AIRES (UPI)—Top-seeded Billie Jean King of Long Beach, Calif., failed to make the finals of the South American Open tennis championships.

Mrs. King was upset in the semifinals by fourth-seeded Helga Niessen of West Germany, 7-5, 6-3.

But another American, Rosemary Casals of San Francisco, the third-seeded gal in the tournament, scored an upset by beating second-seeded Francoise Durr of France, 6-4, 3-6, 6-2.

The Big 10 has sent four non-champs into previous Rose Bowl games and won all four times.

## Figur To Fight

NEW YORK (UPI)—Dick Tiger, an old soldier in the Blair army who started an investigation by the district attorney this year with an upset over middleweight champion Nino Benvenuti, goes in as the favorite tonight against Andy Kendall at Madison Square Garden.

# Picture This: A Career As A Photo Technician

BY ERNIE HOOD

The rising popularity of amateur photography and increasing demand for professional photographic services are creating many job opportunities for photographic laboratory workers, people who develop film, make prints and slides and perform related tasks such as enlarging photographs.

More than 30,000 are now employed in photo lab occupations, and almost half of them are darkroom technicians and the remainder are semiskilled and engage in photofinishing occupations. Most darkroom technicians are men, but women predominate in many of the semiskilled categories such as printer operators, slide

mounters and photocheckers and assemblers.

Retirement and deaths alone are expected to create about 1,000 jobs annually, but even more important will be new opportunities related to film purchases by greatly increased numbers of amateur photographers in times of rising population and personal income. There is also a growing demand for photography in business and government resulting from an increasing variety of printed matter such as sales brochures, catalogues, public relations literature, etc.

Most darkroom technicians learn their skills through informal, on-the-job training. Beginners start as helpers and gradually learn to develop and

print film by assisting experienced technicians.

Training requirements for workers in semiskilled occupations range from a few weeks to several months of on-the-job training, but the development of skills needed for darkroom technicians extends over a longer period and eventually leads, in many cases, to operation as a professional photographer.

Completion of high school is not generally a requirement for semiskilled jobs, but is frequently needed for advancement to supervisory jobs.

Employers prefer to hire darkroom technicians' helpers who have at least a high school education. Courses in

chemistry, physics and mathematics are helpful to young people who are interested in this trade. Some high schools and trade schools offer courses in photography which include training in film processing. Some darkroom technicians also have received training in the armed forces. Two-year curriculums leading to an associate degree are offered by a few colleges and completion of such courses is especially helpful to those aspiring to supervisory and managerial jobs in photographic laboratories.

Information on income is now being brought up to date by the Labor Department's Bureau of Labor Statistics, but in 1966 beginning pay for inexperienced technician helpers was around \$2.25 an hour, varying greatly depending upon such factors as skill level, geographic location, etc. Workers in semiskilled occupations earned up to about \$2.50 an hour, and printer operators and chemical mixers generally had the highest earnings.

Factors to be considered in this employment include the fact that some of the work in the semiskilled occupations is oftentimes repetitious and the pace rapid. Too, some workers are subject to eye fatigue.

Information about employment opportunities and schools can be obtained from the Master Photo Dealers' and Finishers' Association, 603 Lansing Ave., Jackson, Mich. 49202.

Conferences with high school and State Employment Service counselors are suggested.

## The Lighter Side

WASHINGTON (UPI) — In the year 1492, as Christopher Columbus was in the final stages of the countdown for his second voyage to America, there was much unrest in the kingdom of Spain.

While everyone agreed that Columbus' first voyage had been a spectacular triumph, many people were beginning to have second thoughts about continuing the New World exploration program.

Some raised the question of whether King Ferdinand and Queen Isabella should pour huge sums into such missions when there was so much poverty and crime in Madrid

and other cities. Typical of the feelings being expressed at the time was the comment of Don Carlos McGovern nde McCarthy y Kennedy. "I was as thrilled as anyone when Columbus finally set foot on San Salvador," Don Carlos said. "As Columbus remarked, it was a small step forward for Ferdinand but a giant leap for Isabella."

"I remind you, however, that the first voyage to America cost more than a million maravedis, which was more than the crown spent on anti-poverty programs during all of fiscal 1492. "It seems to me paradoxical

that a kingdom capable of landing a man in America should be unable to wipe out hunger at home.

"This is a matter of priorities and I, for one, have grave misgivings about spending more money to explore the New World when so many domestic problems are being neglected. "Thus far, all we have to show for it are a few tobacco plants."

This view, however, was sharply challenged by Don Carlos Goldwater de Thurmond y Tower.

## Foreign News Commentary

Nearly 23 years under a tricolor banner bearing Gandhi's spinning wheel and a pair of yoked bullocks, symbol at the ballot box, the Congress party has ruled India.

Today the party is split, many think beyond repair, threatening not only the party but the future of parliamentary rule in India as well.

The fight is between Prime Minister Mrs. Indira Gandhi who has not distinguished herself as a prime minister but has proved adept at political survival, and the "syndicate," the old party bosses struggling to protect their freedoms in cities and in India's 17 separate states.

The Congress party is an inheritance from Mohandas K. Gandhi who based his campaign for independence from Britain on non-violence. The late Jawaharlal Nehru, father of the prime minister, held it together by the force of his personality.

Only National Party It is India's only national party. And, in the absence of another Nehru, its disintegration could leave a vacuum no other political party could fill.

The party leaders, for the most part aging and conservative, brought Mrs. Gandhi into the prime minister's job three and a half years ago on the theory she would be tractable to their dictates and would help them at the polls in 1967. Neither came to pass.

The power struggle came into the open last summer. In July, the party bosses put up a candidate for the Indian presidency whom she bitterly opposed. She retaliated by firing her finance minister, Morarji Desai, a member of the syndicate.

In a sudden move she

nationalized India's 14 largest private banks, an action she said would take money out of the hands of the industrial tycoons and make credit more readily available to small businessmen and farmers.

Proposes Land Reform She further proposed land reform and sharing of industrial profits with workers.

She described her proposals as "democratic socialism" in the manner of her father. She then went ahead and won the national presidency for her own candidate, V. V. Giri.

This week the syndicate fired her from the party and moved to oust her from the prime ministership, but she won a parliamentary vote of confidence to keep her in power—at least for the time being.

Her opposition says her moves toward socialism will mean the rape of democracy. She says it will be India's salvation.

## Cattle Thieves Still Plague Central Texas

WACO (UPI) — Cattle rustling, a crime second only to horse theft in the Old West, still plagues Central Texas today.

An inspector for the Texas Southwestern Cattle Raisers Association said a gang in operation now is the largest ring in the state in years, but hoped today for a crack in the organization.

Ronald Jack Morton of Seagoville is in McLennan County jail on five separate complaints of cattle theft filed on behalf of the cattle raisers association.

Three sets of charges were filed Tuesday against Roy Lee Duncan, also of Seagoville, but he was still loose.

Ronnie Steen, a Waco-based inspector for the cattle association, said Morton, held in lieu of three \$10,000 bonds, was charged Sunday on three counts of stealing 16 head of cattle from the McGregor Mill and Grain Feedlot at McGregor. He was arrested in Fort Worth Sunday.

The two other charges were filed at Brownwood and Seguin.
