Rusk in Germany to Quiet Fear Of Large-Scale Troop Cutbacks

Secretary Explains U.S. Meeting Commitments

By WELLINGTON LONG
United Press International

BONN, Germany (UPI) — Secretary of State Dean Rusk arrived today for a series of talks with West German officials expected to center on their concern that U.S. troop strength here will be cut because of the success of a division-size air-lift.

Rusk appeared exasperated when asked about the possibility that troop withdrawals would follow Operation Big Lift, which Thursday completed the movement of more than 15,000 troops from Texas to bases in Germany.

"With Big Lift, there is more military power in Germany today than Germany has ever had in history," he said. "Let it go at that until Sunday."

Aides said Rusk would devote about a third of a speech in Frankfurt Sunday to the question of the U.S. troop commitment in Europe and the matching defense commitment by other members of the North Atlantic Treaty Organization (NATO).

Today, Rusk unexpectedly added Defense Minister Kai-Uwe Von Hassel to the list of German government leaders he will see.

West German officials have expressed concern that the United States plans to rely more on such large-scale air-lifts for its defense plans in Europe and less on troops permanently stationed here. They fear some of the six U.S. divisions in Germany will be sent back to the United States.

To Give Explanation
Rusk said before leaving Washington Thursday that he will explain to new Chancellor Ludwig Erhard and other officials that "we are fully meeting our NATO commitments and intend to do so" in the future.

Asked whether he would give specific reassurance that no early cutback of U. S. forces was planned, Rusk said "I don't think any reassurance is necessary. Look at what we've got here."

Rusk has a busy schedule here and in Frankfurt before

flying back to Washington late Sunday. He plans talks with Erhard, retired Chancellor Konrad Adenauer and Foreign Minister Gerhard Schroeder.

He will take part in a meeting of 31 U.S. ambassadors from Eastern and Western Europe now in progress in Bonn, and on Sunday will participate in ceremonies in Frankfurt honoring the late Secretary of State Gen. George C. Marshall. He is expected to stress U.S. determination to maintain its defensive strength in Europe in a speech at the Marshall ceremonies.

400,000 Troops in Europe
The United States has about 400,000 combat troops, Air Force personnel, and supply and communications men in Europe. About 240,000 of them, including all the combat personnel, are in Germany.

The German concern was based on a speech last Saturday by Roswell Gilpatric, deputy defense secretary, to United Press International editor in Chicago.

Gilpatric indicated that troop reductions were in prospect when he said the United States "should be able to make useful reductions in its overseas military expenditures."

German fears were strengthened when Big Lift brought the entire U.S. 2nd Armored Division to its imaginary war front here in less than 64 hours, spanning the 5,600 mile distance without accident or incident.

NAB Chief Charges Free Enterprise Hit

MIAMI BEACH (UPI)—The President of the National Association of Broadcasters (NAB) snapped at the federal government Thursday for "serious infringements on the domain of self regulation."

"The Federal Communications Commission (FCC) is challenging all free enterprise and all free communications," LeRoy Collins told an NAB regional conference here.

Collins, former governor of Florida, gave the president's report at a morning session of the NAB conference, fourth in

broadcasting problems. Collins said the federal government's relationship to the broadcasting industry is the uppermost problem facing the NAB.

"Neither the FCC nor Congress has any business telling us what 'fairness' is," Collins said, "and their efforts in these areas will create a jumble of difficulty for the broadcasting industry."

He mentioned specifically, in a press conference following his report, that the NAB had recommended certain commercial codes to its own members and that the FCC now wants to adopt these as formal regulations.

There is no pressing need for such regulations, Collins said, and the public interests would not be served if the FCC did this.

U.S. Plans New Troop Airlifts

FRANKFURT, Germany (UPI)—U.S. Army Secretary Cyrus R. Vance, hailing the success of exercise Big Lift, said today America plans to stage similar giant aerial troop movements to the Pacific and probably also to the Middle East next year.

Shortly after arriving here to inspect troop units in the Big Lift exercise, Vance told newsmen the United States has no intention of reducing its combat strength in Europe.

He said the Army will keep its present force of five divisions and four tank regiments here indefinitely.

CUTBACK FRIGHTENING—

Mme. Ngo Nhu, "first lady" of South Viet Nam, declares that the U.S. cutback of aid to her country has "frightened" her government and will raise "great suspicion" in many countries. The U.S. has cut \$3,000,000 from her country's allowance. (NEA Telephoto)

Mme. Nhu Claims U.S. Aids Tito, Rejects Viet Nam

AUSTIN, Tex. (UPI)—Mme. Ngo Dinh Nhu said Thursday night the United States had extended more aid to Communist Yugoslavia than had been given to her Southeast Asia country, which was fighting communism.

"We have paid back with 14,000 casualties a year...with our blood," she said, while Yugoslavia "has paid back nothing."

The First Lady of South Viet Nam said her country wanted to become more independent but did not want to lose all U. S. aid. Some aid to her country recently was withheld.

"We are not beggars," Mme. Nhu said, "your gift is not just a one-way gift. We paid back with blood."

She said aid to her country was closely controlled while Communist Yugoslavia received help without limitation.

Mme. Nhu addressed 5,000 University of Texas students who whooped wildly when she said "I hear you have the No. 1 football team in the United States."

The Nhu party was to fly from Dallas to Phoenix, Ariz., at 4 p.m. EDT today, where she was to continue her revelation of the "other side of the coin" concerning the regime of Premier Ngo Dinh Diem of South Viet Nam, her brother-in-law.

She referred to criticism about beatings suffered by three newsmen who witnessed a burning suicide in her country by a Buddhist monk. Mme. Nhu said more about that incident made the news than about a French reporter who was shot in the back and killed during race riots last year in Oxford, Miss.

Defense officials said the purpose of the change would be to increase voluntary enlistments in the armed services.

They said they believed that more youths would enlist if they knew they were physically and mentally qualified and probably would be drafted five years later anyway.

More than half of the potential draftees now are rejected by physical and mental tests, but it is believed the rate of rejections would be far smaller if they were given to all youths.

Enlistments already provide by far the greater proportion of the recruits for the Army, Navy, Air Force and Marines. Only the Army is using draftees. In 1962 there were 324,000 enlistments against 81,000 draft inductions.

Conceivably, officials said, enlistments could rise with further encouragement to a point where inductions would be rare or unnecessary.

Hurricane Ginny Headed For Carolina Coastline

CHARLESTON, S. C. (UPI) — Hurricane Ginny aimed its 100 mile an hour winds at the Carolina coastline today, forcing thousands to flee to higher grounds.

A noon EDT advisory located Ginny 65 miles southeast of Charleston and the weather bureau said the center of the storm likely would move inland tonight between Myrtle Beach, S. C. and Wilmington, N. C.

Police with loudspeakers toured the low-lying ocean-front areas around Charleston, urging residents to get out and by noon. Thousands heeded the warning, packed a few belongings; and headed for inland shelters.

A siren screamed steadily at Folly Beach, jutting out into the Atlantic just south of Charleston.

"This means get the hell out," a Civil Defense spokesman said.

Gale force winds and pounding surf hit all along the coastline.

Extensive flooding with tides up 8 feet above normal was forecast for portions of the South Carolina coast.

Ginny, the season's seventh hurricane, sprang up off the North Carolina coast Sunday night, backtracked slowly to the south and menaced the Florida mainland before turning again to threaten the Carolinas.

The noon EDT advisory said the storm was moving on a north-northeast course at 8 miles per hour and would continue on this course for the next 18 hours.

Civil Defense officials at Charleston said that evacuation of about 10,000 persons on islands and beach fronts in the path of Ginny was nearly completed shortly before noon.

The refugees headed for 27 high school building shelters in the greater Charleston area manned by Red Cross personnel. About 8,000 of the persons are residents of beach homes and others lived in homes they feared would not stand up to the stiff winds.

All counties within 100 miles of Charleston were advised to close schools by noon and get school buses off the highways as soon as possible.

Residents of resort islands and other low-lying areas around this historic seaport city boarded up their homes and headed for inland shelters.

Police and firemen moved up and down Folly Beach, Isle of Palms and Sullivan's Island in loudspeaker trucks urging about 10,000 winter residents of the islands to move to higher ground.

Supreme Court Stay Asked on Districting

AUSTIN (UPI)—Atty. Gen. Waggoner Carr has asked Supreme Court Justice Hugo Black to set a hearing Oct. 28 to consider an appeal of a Houston federal court decision outlawing the state's Congressional districting.

Carr asked Black in an air mail, special delivery certified letter to schedule a hearing Oct. 28 "or as soon thereafter as possible" to consider a stay of the Houston court decision.

A stay should be granted, he said, because "the citizens, voters and taxpayers of the state of Texas will suffer substantial and irreparable damage."

Carr said he and his first assistant, Albert Jones, will personally appear before Black to plead for the stay.

Under the ruling of the special federal court at Houston, Texas would be forced either to nominate and elect all 23 congressmen on an at-large basis or to redistrict the state in a special legislative session.

Plan Considered to Start Drafts Tests at Age 18

WASHINGTON (UPI)—The Defense Department is considering a plan under which all youths would be given physical and mental tests for the draft at the age of 18, it was learned today.

At present, the physical and mental tests are given at the time of induction, which averages 23 years.

Defense officials said the purpose of the change would be to increase voluntary enlistments in the armed services.

They said they believed that more youths would enlist if they knew they were physically and mentally qualified and probably would be drafted five years later anyway.

More than half of the potential draftees now are rejected by physical and mental tests, but it is believed the rate of rejections would be far smaller if they were given to all youths.

Enlistments already provide by far the greater proportion of the recruits for the Army, Navy, Air Force and Marines. Only the Army is using draftees. In 1962 there were 324,000 enlistments against 81,000 draft inductions.

Conceivably, officials said, enlistments could rise with further encouragement to a point where inductions would be rare or unnecessary.

Police and firemen moved up and down Folly Beach, Isle of Palms and Sullivan's Island in loudspeaker trucks urging about 10,000 winter residents of the islands to move to higher ground.

Youth Injured in Fall Off Stadium

Harold Hurst, 12-year-old son of Mr. and Mrs. W. L. Hurst, 1904 N. Banks, is in good condition in Highland General Hospital today as a result of a 35-foot fall from the top bleacher of Harvester stadium about 5 p.m. yesterday.

According to the boy's mother, he was watching the Robert E. Lee-Borger Junior High football game when he lost his balance and fell 35 feet backwards off the top bleacher of the stadium.

The boy was taken to the hospital by Coach Weldon T. Rice, Bob Parks, teacher and Jack Nichols, principal of Robert E. Lee Junior High. He is being treated for injuries to his foot and lower back, according to Mrs. Hurst.

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

SUSPECT — George David Carlsen II of Manhattan Beach, Calif., has been arrested in San Diego by the FBI on charges of conspiracy and theft of government property. Carlsen is one of five suspects accused of operating a \$500,000 theft ring at White Sands, N.M., Missile Range. (NEA Telephoto)

Anti-UN Crowd Gives Stevenson 'Bad Time'

DALLAS (UPI) — Adlai Stevenson, U.S. ambassador to the United Nations, gave an optimistic view of the U.N.'s record of preserving peace Thursday night, then had to fight his way through a militant crowd that cursed, booed, beat and spat on him.

Outnumbered police tried to escort him to a waiting limousine. But a woman rushed up and rapped Stevenson on the head with an anti-U.N. placard. Two young men spat in his face.

Police arrested a 22-year-old North Texas State University student. They said he would be charged with inciting to riot and aggravated assault on Stevenson.

About 70 demonstrators shoved and jostled Stevenson, who spoke to commemorate the U.N. Day in Texas.

"It was a concerted action by members of (former Maj. Gen.) Edwin Walker's following and the John Birchers,"

Jack Goren, president of the sponsoring Dallas U.N. Association, said.

"All they've done is disgrace Dallas and the good manners of Texans and Americans."

Stevenson said he did not understand why persons of different points of view showed such "bad manners."

Frank B. McGehee, leader of a conservative movement known as the National Indignation Convention, rose from the second row of Dallas Memorial Auditorium as Stevenson prepared to start speaking.

"Mr. Ambassador," McGehee said, "I have a question."

"I will be glad to give you equal time when I am through," Stevenson said.

Again McGehee rose and started to address Stevenson.

"Throw him out," cried persons throughout the crowd of 5,000.

"I don't have to come from Illinois to teach Texans manners, do I?" Stevenson asked.

Police escorted McGehee out of the hall.

Woman Says She Did Not Deliberately Strike Adlai

DALLAS (UPI) — Mrs. Cora Fredrickson said today she did not deliberately strike U.S. ambassador to the United Nations Adlai Stevenson with an anti-U.N. sign. She said someone in the crowd pushed the sign.

Stevenson was struck with a sign stating "Get the U.N. out of the U.S." after he made a speech Thursday night celebrating United Nations Day in Dallas.

Police led Mrs. Fredrickson out of the crowd after the incident. She was not arrested.

"Someone must have pushed the sign down on him (Stevenson)," Mrs. Fredrickson said. "There were a bunch of colored people standing around in back of me, but I couldn't say who pushed the sign. I just know I didn't do it."

She said that the near-riot was started by the pro-U.N. people. "Some of the things they said were awful, they called us Reds and Communist and unchristian."

"You know how things happen all of a sudden?" Mrs. Fredrickson, 47, wife of an insurance man, said. "Somebody told me that a group of colored people wanted to start something."

Mrs. Fredrickson said she was not a "joiner" and did not

belong to the John Birch Society or any other groups.

She said she was a first cousin-in-law of U. S. Rep. Lindley B. Beckworth, D-Tex., but that she was not a member of a political party.

"I voted Democratic all my life and worked for Lyndon Johnson (Vice President Johnson) in 1948. In 1952 I voted for Stevenson, but since then things have changed so much," Mrs. Fredrickson said.

"I just don't understand. They rolled out the red carpet for Ben Bella and Tito when they were here. There are a lot of people like me who just don't understand that. They call us radical rights, and we just don't understand that. We are patriots."

Mrs. Fredrickson said she had read about the Birch Society and that from what she understood, it had some good points, "but I don't know enough about it to comment."

MONOCLES FOR "BINKY"
LONDON (UPI)—The Foreign Office flew two new monocles to Indonesia Monday to replace the one broken by Col. "Binky" Beck during the riots around the British Embassy in Jakarta recently. The monocles were sent in the embassy's diplomatic pouch.

WHO'S WHO IN QUACKERY:

AMA and NHF Exchange Blows

By JACK VANDENBERG
United Press International
WASHINGTON (UPI) — The government and the American Medical Association (AMA) double teamed the National Health Federation today about who's who in quackery.

Commissioner George P. Larrick of the Food and Drug Administration (FDA) called the signals for the government and the AMA at the second National Congress on Medical Quackery. Dr. Miles Robinson responded

for the federation at the first "National Congress on Health Monopoly."

Larrick derided the claimed purpose of the federation, to promote freedom of choice in the health field.

"In practice," he said, "this means to promote eccentric, unproved medicines and treatments. The National Health Federation is one of a number of so-called health and nutrition organizations which are not all that they claim to be."

Robinson concentrated his attack largely on the AMA, which is co-sponsoring the quackery congress with the FDA.

"Never before in the history of the world has there been such quackery on such a wholesale and respectable-appearing scale," Robinson said. "But what can you expect from the AMA, since it gets about half its income from drug advertisements in its many journals."

Robinson, a former instructor at Vanderbilt Medical School

and the University of Pennsylvania, accused the AMA of "star chamber actions" to force its members to conform and of dominating the health field with no public control.

"Generally speaking," Robinson said, "the AMA and its friends want to sell the public on the preposterous idea that everything wrong with it can be fixed up with a pill."

Larrick said several officials of the federation have been (See AMA, Page 3)

Dear Abby.... Don't Worry, I'm Not THAT Great!

By ABIGAIL VAN BUREN

DEAR ABBY: When I read your column every day, it reminds me of a biography of a young man once wrote:

"Socrates was a great man. He gave people advice. They poisoned him."

Please, Dear Abby, be careful. COOKIE

DEAR COOKIE: Thank you, don't worry. I am not that great.

DEAR ABBY: We moved to a new neighborhood ten months ago and my wife still drives our 13-year-old son back to the old neighborhood to play with his friends. There are plenty of nice kids his age in our neighborhood, but he refuses to make friends with any of them. He's asked for three months after we moved, trying to punish his mother and me. Then she gave in and started driving him back there five and six times a week. I don't mind the gas or even the time my wife spends hauling the boy back and forth (16 miles round trip). I just think it's wrong, but I can't convince her. She says she doesn't mind the drive and, besides, he is our only child and she wants him to have a "happy" childhood. Will you please try to get through to her?

DEAR DAD: It's my guess that Mamma decided it was easier to drive Billy back to his pals than to put up with his whining, nagging and sulking. It's the boy's loss, because one day he will have to face the challenge of meeting a new situation head-on, and adjusting to it. Mamma would be smart to worry less about Billy's "happy" childhood, and concentrate more on his "happy" manhood, which is just around the corner.

CONFIDENTIAL TO KEITH IN EMERSON: I don't object to offering treats to small children who dress in costumes and ring my bell at Hallowe'en. But when hordes of sack-carrying young people, ranging in ages from 10 to 26, come pounding at my door demanding that I either contribute to their loot or suffer the consequences in property dam-

age, the picture changes. Tricks or treats are based on the principle of demand and threat. It is organized racketeering. I disapprove of paying a bribe to keep mischief-makers from turning over my garbage can or soaping my windows. Every thinking citizen and every police force in the nation is fed up to here with the menace of Hallowe'en.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365 Beverly Hills, Calif.

TEL Class Holds Meeting

CANADIAN (Spl) — The TEL Class of the First Baptist Church met Monday evening with Mrs. Paul Evans. Mrs. Marie Smith, president, opened the meeting. The opening prayer was given by Mrs. Darrell Wiggins.

Mrs. Charlie Evans gave the devotional, "Jesus' Teachings." Mrs. Paul Evans spoke on the subject, "Our Lives Reflect on Others."

The president urged the class members to read and study the church covenant during the year. Mrs. Earl Kelly read a prayer poem and the closing prayer was given by Mrs. Bill Mathews.

Refreshments of vanilla wafer cake with whipped cream and coffee and tea were served to the above and to Mmes. Jack Graham, Hank Mathis, R. N. Matthews, W. F. Salten, George Ayers, W. P. Varnell, Aaron Rose, Everett South, J. C. Cain and Aubra Bentley.

OES Past Matrons Gavel Club Meets

The OES Past Matrons Gavel Club met recently in Citizens Bank Hospitality Room with 21 members and one guest present to enjoy a covered dish dinner. The invocation was given by Mrs. Katie Vincent.

Mrs. O. A. Davis, president was in charge of the business meeting. Secret Pal gifts were exchanged and games played during the evening. The serving table and quartet tables were decorated with a Halloween motif, and Halloween flutes were given as favors.

Present were Mmes. W. M. Voyles, Wood Osborne, Katie Vincent, Wilson Thatcher, W. R. Morrison, Guy Andis, R. A. Hankhouse, W. A. Rankin, Dennis Stilwell, I. E. Byars, Bill Flewelling, J. S. Fuqua, G. C. Crocker, Oscar Shearer, Ethel Alexander, Rosalea Wedge, Emma Lee Gray and Mrs. Linda Cain, a guest.

The next meeting will be held Nov. 14 at 6:30 p.m. in the home of Mrs. Bill Flewelling, 502 N. Russell, with Mrs. Ethel Alexander as co-hostess.

Hostesses were Mmes. O. A. Davis, Clem Davis and O. A. Wagner.

Buffet Supper Held by ABWA

The October meeting of the American Business Women's Association met recently in the I.O.O.F. Hall for a buffet dinner.

Mrs. Elbert Walker, local dance instructor and kindergarten teacher was guest speaker, giving interpretations of children's actions, and impersonations of comic telephone conversations.

An installation was held for eight new members, including Mmes. Delane McHone, Mildred Sweet, Aletha Davis, Helen Graham, Frankie Charlton, Sophia Vance, Kathryn Savage, and Madeline Hood.

The next meeting will be held in the Court House Cafe Dining Room.

Those present other than mentioned were: Mmes. Rex Barton, Francis Bradley, C. A. Herd, Lloyd Laramore, Ted Mastin, James M. Quarry, Glen Ritter, O. G. Smith, Tony Smith, Boyd Stephens, Loyd Summers, Billy Wright, Ed Wylie, Kenneth Butler, Velma Sutton, Maxine Bennett, Lillie Walton and Misses Maxine Nabors and Novis Parker. Guests were Mrs. Bernice Watson and Mrs. Marjorie Redd.

Plainview States Beta Sigma Phi Convention for Sunday

"Chopsticks and Rice" will be the theme of the Northwest Texas Area Convention of Beta Sigma Phi to be held in the Plainview High School Auditorium Sunday.

Walter W. Ross, founder of the international organization, will be a special guest.

A hospitality hour will be held Saturday from 9 p.m. until 1 p.m. at the Reddy Room of the Southwestern Public Service Building. Members wishing to register early may do so at the Congress Inn.

Activities scheduled for Sunday include registrations and coffee from 8 a.m. until 9 a.m. with Forums beginning at 9 a.m. and a general assembly at 10 a.m.

Transportation will be provided at 10:30 a.m. for those who wish to attend church services. A luncheon will be served at 12:30 with door prizes.

Party Marks Third Birthday

CANADIAN (Spl) — Melinda Mathers, daughter of the Ben Mathers, celebrated her third birthday recently with a party in the Mathers Ranch home.

Birthday guests were Lisa Reid and Mrs. J. B. Reid Jr., Tracy Waterfield and Mrs. Jim Waterfield, Robin Mitchell and Mrs. Tom Mitchell, Bruce Waterfield and Mrs. Dick Waterfield, Becky Chambers and Mrs. John Chambers, Jeffrey Rogers and Mrs. Billy Rogers and Brad McQuiddy and Mrs. F. H. McQuiddy.

Birthday cake and ice cream were served. Helium filled balloons were presented as favors.

Women's Club Hears Soil Conservationist

CANADIAN (Spl) — Don Powell, work unit Soil Conservationist for Hemphill County, was a guest speaker for the Women's Club at their meeting recently in the home of Mrs. C. W. Allen. Co-hostess for the evening was Mrs. Ben Ezzell.

Powell spoke on "Our Area's Solution to a National Problem," and showed color slides illustrating soil conservation needs and solutions. Powell was assisted by his wife.

Mrs. Erbin Crowell conducted the business meeting during which the group voted to make a contribution of \$10 to the Student Council for the Foreign Exchange Student Program.

Mrs. Morris Bennett gave the Federation Counselor's report. The hostesses served a refreshment plate with applesauce cake, maple sugar candies, nuts and hot fruit tea to Mr. and Mrs. Powell, Mmes. Crowell, Bennett, J. L. Cleveland, Vernon Flowers, W. R. Hext, R. M. Hobdy, G. F. Hoover, Bill Jackson, John H. Jones, Ben Jordan, William Karr, C. H. Lansdown, J. B. Lindley, H. H. Marks, George E. Tubb, Charles Vignal, Emery Vignal, John Waters; H. S. Wilbur, Hugh Wilson and J. L. Yokley.

Program on Greece Heard By PEO Group

CANADIAN (Spl) — Chapter 1 of the PEO met recently with Mrs. Jack King. A program on Greece was given by Mrs. William Karr.

Following the program, a brief memorial service for the late Mrs. W. J. Todd, a long-time member of the group, was held, with Mrs. John Isaacs, Mrs. Morris Bennett, Mrs. Ar-

Pampa B and PW Members Take Part in District Nine Conference

"Progress Through Participation" was the theme of the District Nine Conference of Texas Federation of Business and Professional Women's Clubs which was held in Shamrock Oct. 19 and Oct. 20.

Some 150 delegates from 14 clubs in 32 Texas Panhandle Counties attended the 35th two-day meeting, headquartered at the Shamrock High School Building.

Presiding during the business meetings was Mrs. Jewel Dean Lewis of Pampa, District Director. Mrs. Chester Payne of Shamrock was general chairman and Mrs. John Glasscock, president of the Shamrock club was host to the group.

A fellowship tea was held, following registration Saturday, honoring state officers and district club presidents.

Films of St. Patrick's Day Parades were shown the guests during the early evening entertainment with Mrs. Elsie Mae Hood, assisted by Mrs. Esther Connolly, in charge.

Mrs. Hope Conroe of Lubbock, state president of the Texas Federation of Business and Professional Women's Clubs, Inc. was guest speaker at the banquet held Saturday night in honor of Webb and Mrs. King taking part.

The hostess served refreshments of tomato aspic, chocolate cake, wafers and beverages to those present, Mmes. Karr, Isaacs, Bennett, Webb, Willis Ayers, John D. Glenn, Preston Hutton, John H. Jones, Cap Kelley, G. B. Mathers, Frank McMordie, Dale Nix, Charles Teas, F. D. Teas, Wiley Wright and J. L. Yokley.

or of State officers and presidents of District Nine clubs. Workshops were held Sunday with all clubs taking part in the various fields of development and participation. Assisting Mrs. Payne with arrangements for the week end session was Mrs. Gene Byars, conference co-chairman.

Pampans attending the conference were Mmes. Jewel Dean Lewis, District Director, Allie Morgan, Elsie Gee, Dovie Breeze, Hattie Harmon, Fay Eaton, Helen Knox, Nell Tinnin, Jimmie Jordan, Dora Thompson, Laura Belle Cornelius, Ruby Crocker, Mabel Ford and Jessie Rance, who provided the conference music.

Girl Scouts Attend Camp

CANADIAN (Spl) — Ten Canadian Girl Scouts were among the 150 girls and leaders attending a Field Day Saturday at Camp Mel Davis near Lefors.

Troops from Pampa, Borger, Lefors, Canadian, Shamrock, Phillips and Miami were represented.

Girls from Canadian attending the camp were Joann Beasley, Cathy Ezzell, Kay Morris, Margaret Miller, Wanda Goodman, Sandy Thomas, Janet Faulkner, Gay Ann Tulgetzke, Teresa Reeves and Marilyn Wood. Mrs. H. L. Thomas and Mrs. J. L. Whitley accompanied the girls.

Four of the Canadian girls, Kay Morris, Sandy Thomas, Teresa Reeves and Wanda Goodman, formed the winning team in a flag-folding contest, and each received a pocket knife.

Rho Eta Chapter Honors Rushees

Rho Eta Chapter of Beta Sigma Phi entertained rushees with a three-act play, "Three Voices From Out of the Night" recently in the Hospitality Room of Citizens Bank with Mrs. John Langford narrating the street scene of Highway 4689. Mrs. Bob Bruner was "The Voice of Life," Mrs. Harold Lewis was "The Voice of Friendship," and Mrs. David Jones, "The Voice of Learning."

Mrs. Dick Smith presided at the register, and Mrs. Bob Bruner welcomed guests and introduced the officers of the chapter.

Refreshments of cake and coffee were served from a table covered with lace, centered with a world globe and a black and gold torch surrounded by yellow chrysanthemums.

Panhandle Bridge was played with Mrs. LeRoy England winning the table centerpiece as high scorer. Mrs. Marcia Hoover won the doorprize.

Those present for the meeting were Mmes. David Jones, John Langford, C. L. Farmer, Jay Brooks, Jack Chisum, Travis Taylor, Julian Key, Ken Peoples, Jerry Davis, Doyle Beckham, Dick Smith, Bob Bruner, LeRoy England, Harold Lewis, Joe Pafford, James Trusty, Sam Anderson, Doug McBride, T. L. Garner, Richie Gardner, Cletus Mitchell, Bobby Turnbo and Dick Wilson.

Guests attending were Mmes. Jerry Clark, Earlene Crow, Joy Whitley and Marcia Hoover.

But Can You Stop? Calorie counters can treat themselves to a nut snack if they know when to stop. The following have 100 calories: 4 cashews; 18 salted peanuts; 6 pecans; 12 pistachios or 5 walnuts.

Soviet Consumers Get First Canadian Wheat

MOSCOW (UPI) — The first shipment of Canadian wheat to reach the Soviet Union was on its way to consumers today. There were reports that cattle were being slaughtered in farm areas short of fodder.

The government newspaper Izvestia reported the arrival of the first 21,000 tons of Canadian wheat Thursday and said it had been unloaded in 71 hours instead of the 21 days it normally takes to unload such a shipment.

The wheat is part of the 6.8 million tons bought from Canada for \$500 million because of large-scale crop failures in the Soviet Union. Talks are being held for sales of \$250 million more from the United States, and Australia already has sold \$100 million worth to Russia.

Another 30,000 tons of Canadian wheat was expected in the Black Sea port of Odessa in the next few days.

The effects of the grain shortage were being felt on many farms, according to reports in the Soviet press.

The newspaper Soviet Russia said Thursday that in the Kursk area, about 400 miles south of Moscow, "trucks are lined up at the entrances to the slaughter centers."

"These are from collective farms trying to get rid of cattle," it added. "We have no fodder for the cattle," they complain.

The newspaper quoted a collective farmer as having said "we do not have a single potato to feed the pigs."

Junior Democrats To Pick Officers

The Junior Democrats will meet at 7 p.m. today in the District Court room of Gray County Court House to elect officers and plan projects, conventions and parties.

Articles and by-laws, and the Junior Democrat newspaper will be discussed and plans will be made for wider circulation of the paper. Kennedy '64 bumper stickers will be available.

Expect Big Crowd At Prison Rodeo

HUNTSVILLE, Tex. (UPI) — Texas prison officials have announced plans to install more seats for an expected overflow crowd at the final performance of the annual rodeo Sunday.

Dizzy Dean, former baseball star and television sportscaster, will appear.

Russians Stall Resolution Ban On Nuclear Tests

UNITED NATIONS, N. Y. (UPI) — A new small-power draft resolution to ban all nuclear tests was stalled today by Soviet foot dragging.

Informed sources said the eight non-aligned countries sponsoring the resolution were withholding submission of the measure in hopes of achieving an advance consensus of the nuclear powers.

These sources said the Soviet Union had not yet agreed to accept the resolution as prepared. The United States, they said, agreed to the measure in principle but was holding off a definite commitment until the Soviet position is declared.

Action in the General Assembly today was confined to an afternoon speech by Bolivia's President Victor Paz Estenssoro.

South Africa and Yemen also occupied the attention of diplomats.

The 56-nation Afro-Asian group pressed for an early Security Council meeting to consider further action against South Africa because of its refusal to change its apartheid policy of racial segregation.

No date was set for the meeting requested Thursday by 27 African and Asian countries, but Tuesday was considered a likely time.

Signatories of the request said South Africa's reaction to earlier U.N. resolutions on apartheid had been "completely negative," and that the situation in South Africa "has been further exacerbated by recent developments."

Court News

CORPORATION COURT

Margaret Ruth Gerik, 317 Rider, loud and excessive noise, guilty plea, fined \$5 and exceeding safe speed, found guilty, fined \$20.

Three Thefts Are Listed by Police

Three thefts, of a tachometer, a tire and wheel and some peanuts were investigated by police yesterday.

John McPhillips, 104 S. Faulkner, reported to police someone stole a tachometer off his car while it was parked at the high school between 12:30 p.m. and 3:45 p.m. yesterday.

Mrs. Jackie Collins, 1216 Alcock, told police someone stole a tire and wheel valued at \$10 from a pickup while it was parked at the A&W Drive-In between 11 p.m. Wednesday and 7 a.m. yesterday.

According to Police Chief Jim Conner, four teenage boys one 13, one 14 and two 15 year-olds, were released in the custody of their parents yesterday after they were caught with peanuts stolen from a fruit and vegetable truck parked in the 1200 block of N. Hobart.

Grenier Speaks Here Tonight

John E. Grenier, Republican state chairman from Alabama, will address a G.O.P. fund-raising dinner at 7:30 p.m. today in the Starlight Room of the Coronado Inn.

Clayton Husted, G.O.P. executive committee chairman for Gray County, will introduce the speaker. Master of ceremonies will be James P. Brown.

Grenier, a lawyer with degrees from Tulane University and New York University, has been president of the Jefferson County, Alabama, Young Republicans and was elected state chairman of the executive committee of the Alabama Republican Party last year.

IT'S THE LAW in Texas

WHO OWNS WOUNDED GAME?

Suppose you are hunting and shoot a deer or a duck, which falls mortally wounded. Before you can get to it, another hunter beats you there and claims the fallen game as his own. What are your rights?

Jim had been hunting all day without success, and had headed for home when he finally saw a deer. He took careful aim and hit the deer with his first shot. Although mortally wounded, the deer managed to run a short distance, with Jim in hot pursuit.

Roy was also deer hunting. He heard Jim's shot and saw a deer running toward him. However, before it reached the spot where he was standing, the deer fell to the ground.

Although it was obvious that the deer was about to die, Roy walked to within three feet of it, delivered the finishing shot, and quickly put his tag on it. When Jim ran up and claimed the deer, Roy said that such deer were wild animals, and belonged to no one until killed. Since he was the one that killed the deer, Roy claimed that it belonged to him.

Which hunter has legal title to the deer?

In this case the deer belongs to Jim. Jim was the first to wound it, and did so before Roy appeared on the scene. He had mortally wounded the deer, and had it in such a situation that its escape was improbable, if not impossible. The prevailing rule is that the instant a wild animal is brought under the control of a person so that actual possession is practically inevitable, a vested property interest in it accrues which cannot be divested by another's intervening and killing it, or reaching it first.

Jim had delivered the shot which so crippled the animal as to cause him to cease trying to escape, thus permitting Roy to walk up to the animal and deliver the finishing shot. Jim had effectively brought the deer under his control before Roy took a hand in the matter. The deer legally belonged to Jim, and he can enforce his claim in court.

Housing Industry Faces Economic Question Marks

By JOSEPH D. HUTNYAN
WASHINGTON (UPI) — The housing industry is entering the season of the crystal ball. It's that time of the year when the court watchers try to fill in the blank spaces and predict what's going to happen in the coming months.

The latest entry comes from the National Association of Home Builders NAHB and the forecast is slightly out of step with some of the others. The NAHB is cautiously pessimistic.

The builders seem to think that housing starts in 1964 will not be as good as this year. The reason: Too many economic question marks.

The NAHB bases some of its reservations on the fact that it will be a presidential election year "with all of the consequent unsettling effect on our nation's political and economic structure."

Another Factor
The forecast also says that the administration's \$11.1 billion dollar cut bill is another variable factor that could figure in the picture.

President Kennedy claims that passage of the tax reduction would shoot new life into the economy.

The NAHB said that until we know whether the tax bill will be passed, it will be difficult to predict how the economy will fare. And the general feeling seemed to be, as goes the economy — so goes the housing industry.

The sum total of all this — according to the NAHB — is

that as of now, it looks like housing starts will drop to about 1.5 million during 1964 which would be slightly less than the estimate for this year.

The NAHB pre-season forecast was slightly off the beam last year. Originally, the builders had predicted a good 1963 but when President Kennedy came out with his executive order on desegregated housing, the association quickly reached for the eraser.

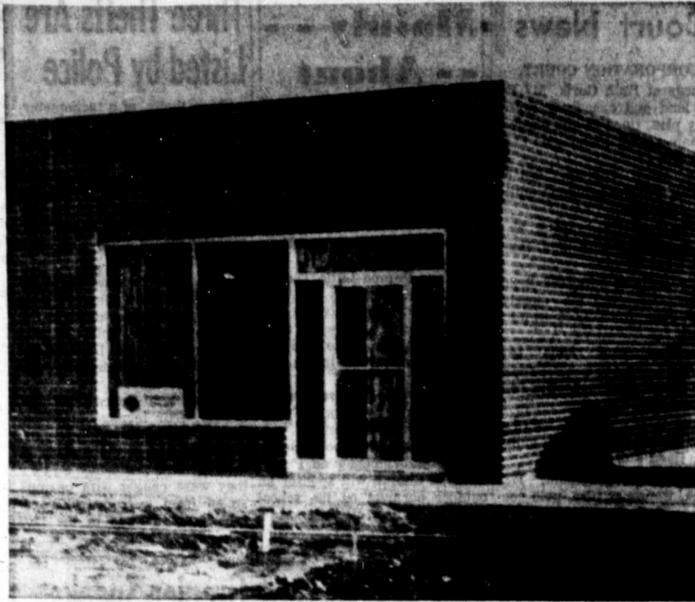

'Switch' Mistake Proves Undoing Of Bank Teller

DETROIT (UPI) — John G. Adams, a bank teller, made one mistake in his switching scheme which netted him more than \$2,000 in the last 15 months.

Adams, 29, switched pennies for dimes and nickels for quarters in money bags kept in the vault of a branch of the National Bank of Detroit.

He told Federal Bureau of Investigation agents that he had been pulling his switching act since August, 1962 and his mistake was made when he forgot which bags he was switching.

His mistake was compounded when he handed another teller a bag which was supposed to contain \$500 in dimes but which had only \$45 in pennies.

NEW OFFICE FOR CREDIT ASSOCIATION — Shown is the new office of the Canadian Production Credit Association, located at 724 W. Kingsmill. The association will hold its grand opening Sunday from 1 to 5 p.m. The representative for the local office is Lynn Futch. (Daily News Photo)

Canadian Production Credit Group Opens Pampa Office Sunday

Lynn Futch, representative for the Canadian Production Credit Association announced the opening of the Pampa office of the Canadian Production Credit Association located at 724 W. Kingsmill.

The grand opening will be held from 1 to 5 p.m. Sunday. Futch was formerly asst. manager of the general office in Canada.

Thelma Webb, secretary-clerk, will assist Futch in the operation of the Pampa office. The Canadian Production Credit Association works in affiliation with the Texas Production Credit Association, which is divided into 36 districts in Texas, one of which is the Canadian district.

The Canadian district serves a six-county area, including: Gray, Wheeler, Roberts, Hemphill, Lipscomb and Ochiltree counties.

H. H. Keahey of White Deer is president of the Canadian Production Credit Association and general manager for the district office is Erbin Crowell.

The association has offices in

ADD TO "LIST"
WASHINGTON (UPI) — Two British ships, a Moroccan vessel and two Lebanese ships have been added to the maritime administration's "blacklist" of vessels barred from carrying U.S. government-financed cargoes because they participated in trade with Cuba.

The new listings, announced Thursday, brought the blacklist total to 187. The additions were identified as: Newgate and Newlane, British; Letfic and Vergolivada, Lebanese; and Badora, Morocco.

Wheeler, Canadian, Pampa and a part-time office in Perryton. The vice-president of the association is Wallace N. Hamker of Booker, and the directors are M. Lawrence Ellzey of Perryton, C. B. Henderson of Wheeler, Dale Nix of Canadian, Hugh F. Parsell of Canadian and John R. Ball, assistant manager.

Pampa Insurance Men to Attend Sales Meeting

Eight Pampa Life Underwriters plan to attend the 12th annual West Texas Sales Congress sponsored by the South Plains and Amarillo Life Underwriters Associations in Amarillo tomorrow.

Pampa representatives among the 200 expected to attend, are John McCausland, president of the Top O' Texas Association of Life Underwriters; E. L. Henderson, Myron Marks, Jeff Beardon, Fred Thompson, E. E. Shelhamer, Vernon Hall and Preston Cox.

Million Dollar Roundtable speakers will be Grant Taggart of Cowley, Wyo., representative of the California-Western States Life Insurance Co.; K. T. Anderson, of Sterling, Colo.; Kai H. R. Soderman, of Princeton, N. J., New York Life Insurance Co. representative and Hap Rogers of Tulsa, representative of Southwestern Life.

Taggart will address the group on "48 Years With Dotted Lines." He has made 200 speaking appearances in the United States and Canada, has been president of the National Life Underwriters Association.

A graduate of Denver University, Anderson will speak on "Opportunities in a Small Town." He is a former director of the Chamber of Commerce and Country Club in Sterling and has been awarded the Distinguished Life Underwriter Award of the Denver U.S. National Bank.

Soderman is a native of Sweden, came to the United States as a teenager and served in the U.S. Army during the Korean War. His annual production has averaged \$2,000,000 since 1957.

Rogers became a life underwriter in 1959 and in his first six months, sold \$1,800,690 worth of life insurance. According to Henderson, the Million Dollar Round Table includes only those life underwriters who have sold over a million dollars worth of insurance in a year.

Norris Ewing of Amarillo will be master of ceremonies. The congress will convene in Holiday Inn West at 9:30 a.m. and close at 3:30 p.m.

TO BUY PLANES
WASHINGTON (UPI) — Australia will buy 24 of the United States' controversial TFX jet fighter planes when they become available in 1967 and later.

The Defense Department announced the sales agreement Thursday. The price was not disclosed but the sale was said to include spare parts for a year and arrangements for training Australian crews in the United States.

Senior Citizens Urged to Check Social Security

Pampans who are 65 or older and have worked in employment covered by social security at any time may be losing money regularly by not finding out what their rights are, according to Hal Geldon, district manager of Social Security in Amarillo.

"With the amendments of 1961, many people who were previously ineligible, became eligible under the reduced work requirement," he said. "And since benefits can be paid retroactively for only 12 months, each month's delay may cost one monthly benefit check."

According to Geldon, even those who are earning more than \$1,200 should inquire at age 65, because under the more flexible "retirement test," some benefits may be payable even if earnings are greater than \$1,200.

Geldon also reminded all persons receiving social security benefits to notify the social security administration if their benefits will be affected by one of five events.

According to Geldon, these five events to be reported are all types of work if the beneficiary is under 72 and expects to earn more than \$1,200 during the year; death of a beneficiary; changes in address, marital status and custody of children or other persons for whom benefits are received.

Other persons for whom benefits are received.

"Social security beneficiaries

Climatic Influence
Climate has a strange influence on vegetation in Africa's Ruwenzori Mountains. Parsley plants grow as tall as 9 feet and heather trees soar to heights of 80 feet in the unusual climate on the mountain slopes.

REMAINS ON DUTY
WASHINGTON (UPI) — The State Department said Wednesday that Otto F. Otepka would remain on active duty as its chief security-risk evaluator pending final department review of charges against him. Otepka was charged by the department Sept. 23 with violating State Department procedures in giving information on loyalty matters to the Senate Internal security subcommittee. He has denied the charges.

received a list of these and other events that must be reported with their check," Geldon said. Anyone who does not have this list may get another at the social security office at 1006 Adams St., Amarillo, he stated.

Stevenson Says Another Peace Corps in Making

NEW YORK (UPI) — A privately sponsored peace corps to work on the race relations problems in the United States was announced Wednesday by the Eleanor Roosevelt Memorial Foundation.

Adlai E. Stevenson, U. S. ambassador to the United Nations and chairman of the foundation, said that initially, most of the people in the program would come from the Peace Corps because of their experience in human relations, but that other qualified persons would be sought for the job.

Hyman H. Bookbinder, director of the foundation, said 19 veterans of two years with the Peace Corps already have volunteered for training in the pilot program, which will pay them considerably higher than the Peace Corps.

Salary for the workers, who will be called "interns," said Bookbinder, will be \$5,000 a year with the Peace Corps paying half and the agency with which the interns work paying the other half. All other expenses, such as travel and training, which he estimated at another \$3,500 to \$4,000 per man, will be paid by the Peace Corps Bookbinder said.

Stevenson, who announced the program at a news conference at the headquarters of the U.S. Mission to the United Nations at 2nd Ave. and 45th St., said that the program would go into effect Jan. 1, with 25 interns. Another 25 per month are to go into training so long as funds permit, he added.

The ambassador said he could "not predict" just how many persons eventually would be involved in the project, because of fund considerations.

Case Histories Show Husbands Get Restless In Seventh Year of Marriage

By HARRY FERGUSON
WASHINGTON (UPI) — One contribution Marilyn Monroe made to dramatic art was a movie called "The Seven Year Itch," in which she explored the theory that a man whose wife has gone away for the summer probably is vulnerable to a blonde babe, champagne and sweet talk at sundown.

To most people it was a funny show. But not to hundreds of thousands of American wives who found it hit too close to home, and not to psychiatrists and marriage counselors, who recognize it as a problem that is always grim and sometimes tragic.

Experts now accept as a fact that somewhere between the sixth and eighth year of marriage most American husbands become restless. The home is well furnished and the mortgage payments are being met satisfactorily. Promotions and raises have been arriving on schedule. The two children have survived the perils of infancy, the wife has become an expert on scrambled eggs, the family car is two years old but still has plenty of life.

But suddenly the world seems slightly out of joint. If he lives in the suburbs, he has spent 1,680 hours in seven years on commuting trains and there is a tendency to have a couple of drinks in the station before boarding the iron monster for home in the evening. His secretary's ankle seems trimmer this year than last, and what about that new girl in the typing pool.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
In the light of nearly two centuries of close relations between the United States and France, it seems sad now that Paris feels it must explain that it is not anti-American.

That there are frictions between the two, and that these frictions have been increasing for nearly a year there can be no denying. But from the French point of view they can be explained by saying they arise from policies which are not anti-American but instead are pro-French.

And so any study of the differences between the two first must settle on a definition of terms.

Thus President De Gaulle can say that France is determined to be independent of both the United States and the Soviet Union.

And his spokesmen at the same time can deny that De Gaulle aspires to leadership of a third force.

Reaffirm Alliance
At any rate, in the last few days prominent Frenchmen have gone out of their way to deny that De Gaulle's policies either are anti-American or are leading France into isolation from its allies.

One such spokesman was French Ambassador to the United States Herve Alphand who in a speech in San Francisco pointed out that France retains her firm commitment to defense of the West.

Another was French Foreign Minister Couve de Murville in an interview with the French publication, Notre Republique.

He also declared that in defending the interests of the West, including those of Germany, there likewise were no differences between the United States and France.

Seeks Meeting
The French foreign minister is reported anxious for a meeting between De Gaulle and President Kennedy, perhaps as early as February.

But regardless of whether the French position is anti-American or simply pro-French, there are in the approach to world affairs important differences and in the opinion of many the gap between the two is widening.

He was attempting secret atonement for his extra-marital affair.

Some authorities blame unfavorable home atmosphere for the straying of a husband, and one of them, Dr. Virgil G. Damon, puts it this way: "It comes back to this — When a man feels comfortable at home, whether it is clutter and dogs on the furniture or the impersonal chill of a hotel suite, he won't stray very far."

He ponders these matters seriously and sometimes forgets them. Sometimes not. Case history related by Dr. Benjamin Morse in "The Sexually Promiscuous Male":

Howard O., married eight years to Rita, his high school sweetheart. Junior executive in a big Chicago corporation. Two children, a home in the suburbs. One night a business conference was cancelled and Howard invited a girl in the typing pool for drinks and dinner.

A week later he invited her again. After dinner she invited him in for a nightcap in her apartment. "I wasn't thinking of her in terms of attraction," Howard said. "I thought she was pretty, but I just wanted company for dinner." The affair continued. Howard invented a business trip to Indiana and spent three days in a hotel with the girl. His wife found out about it, began preparations for a divorce, but agreed to consult Morse in company with her husband. The marriage was saved.

More often than not the wandering husband still loves his wife. "Howard seemed to grow more in love with his wife than ever while the affair with the typist was going on. Previously he and his wife had been having frequent small fights. These fights stopped Howard became a model husband and father, bringing gifts home for the children more often than he had done in the past and being increasingly solicitous of his

Problem Develops For Missionaries

Religion In America
By ROBERT M. ANDREWS
United Press International

Missionaries in Africa once found to lead natives out of the jungle of superstition and paganism. Now, it seems, the notion of the "white man's magic" has backfired and the missionaries are fighting new African gods of money and power.

So reports Dr. L. Harold DeWolf, professor of systematic theology at Boston University. He recently returned from a 13,000-mile tour of central Africa for the World Council of Churches.

Since his last previous trip to Africa in 1955, Dr. DeWolf reports, there has been an alarming shift toward selfishness and materialism among Africans. This threatens not only the missionary effort but responsi-

ble government in newly independent nations, he says. The theologian attributes this new feeling to increasing industrialization and urbanization.

First Reaction Astonishment
"More and more Africans, many of whom had never seen so much as a wheel before, were suddenly exposed to the miracles of an industrial economy, such as skyscrapers, planes, trains and automobiles," Dr. DeWolf explained in a report.

Their first reaction was a sort of Alice-in-wonderland astonishment and a belief in the powers of the white man. This belief certainly did not stunt the growth of missions, Dr. DeWolf notes.

"At first, the Africans associated all these wonders with adherence to Christianity," he

said. "They thought that conversion to the white man's religion would bring an instant shower of material wealth."

Inevitably, disillusionment set in.

"Many of the Africans began to see that not only did not Christianity guarantee instant affluence and power, but that many who believed in no god at all made out quite well, by good luck or hard work," said Dr. DeWolf.

Community leaders are more often now to be better educated and better paid teachers instead of ministers, he reported.

The frequent lack of responsible leadership has left the people more vulnerable to demagogic appeals by "reckless adventurers" among African politicians, he said.

One of the churches' solutions, Dr. DeWolf suggested, would be to improve the education of future ministers, including social studies and philosophy courses to help them understand "what, in addition to brains and money, goes into making a strong society."

6 THE PAMPA DAILY NEWS FRIDAY, OCTOBER 25, 1963 56TH YEAR

Charles Tingle Elected To Serve As Deacon For Central Baptist

Charles Tingle was elected to serve as an active deacon by secret ballot of the members of the Central Baptist Church.

Tingle resides at 1812 N. Nelson. He is manager of the furniture division of Montgomery Ward's in the Coronado Shopping Center.

The Tingle's are very active in church work. Tingle teaches a boys class in Junior 12 department. Mrs. Tingle is a teacher in Primary 6A Department. They are both active in Training Union and the other organizations of the church.

With the election of Tingle the active deacon list was brought to the maximum strength of 25. The deacons perform a vital ministry to the church membership. Each deacon is given a group of the families of the church and visits regularly in the homes to bring them in closer contact with their church.

The pastor, T. O. Upshaw, will be bringing the messages at all worship services Sunday. His subject for the 8:45 and 11 a.m. worship service will be "Strange Things". For the worship service at 7 p.m. his subject will be "The Unknown God." The Sunday School meets at 9:45 a.m.

Central Baptist Church is large enough to serve you, yet small enough to know you. The Bible is preached and taught in simplicity, but in power. Meet with the finest people in the world on Sunday for study and worship. There is always a welcome for you at Central Baptist Church.

16,500 U.S. Air, Ground Forces Now in Viet Nam

WASHINGTON (UPI) — Authoritative sources said today that 16,500 U.S. air and ground troops are now in South Viet Nam to aid the struggle against the Communist Viet Cong.

The estimate was 1,500 men higher than the highest previous assessment to come from informed government sources. It also was above the highest unofficial estimate which had placed the force at possibly 16,000 men.

Sources cautioned, however, against any conclusion that additional troops have been committed since Defense Secretary Robert S. McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, toured South Viet Nam last month.

Instead, they said, the higher figure was an attempt to "straighten out the arithmetic" in preparation for the scheduled reduction of U.S. troop strength there starting about the first of the year.

McNamara and Taylor reported to President Kennedy on their return Oct. 2 that "by the end of the year the U.S. program for training Vietnamese should have progressed to a point where 1,000 U.S. military personnel can be withdrawn."

They said the bulk of the force should be out of Viet Nam by the end of 1965.

As to whether the reduction would be carried out if the Diem government suffers a series of military reverses between now and Jan. 1, informed officials were uncertain. There was general agreement that this would call for a new decision by the President.

Scientists Hoping To Prolong Youth And Curb Cancer

WASHINGTON (UPI)—Scientists working with molecules which boss the work of living cells may some day learn how to prolong youth and curb cancer.

This hope was held out today by Dr. T.M. Sonneborn of Indiana University in an address to scientists celebrating the centennial of the National Academy of Sciences.

Already researchers have managed to make one kind of cell stop the sort of work it has been doing and turn to other projects. They have set tumbling cells, for example, to manufacturing products normally produced only by liver cells.

They have intervened so deeply in the makeup of paramecia, microscopic one-celled animals, as to create monostratals with two mouths and three vents for waste.

Science has long been puzzled by what makes one cell function differently from another possessing generally the same equipment. The human being begins as an invisible fertilized egg which proceeds by cell division to produce more than a million billion other cells, the building blocks of the body.

The first cells, Sonneborn said, seem to be identical. Then differences appear. Finally, the body is possessed of scores of differently functioning cells which manufacture everything from toenails to teeth.

Services Continue At Hobart Church

Revival services continue at Hobart Baptist Church through Sunday. Rev. Jack Jeter, Southern Baptist Evangelist from Happy, Tex., is doing the preaching and Fred McDowell of Amarillo is directing the music.

For all the people of Pampa, especially for all school students and people who have had to work during the day this week, a special service will be conducted at 10 a.m. Saturday in the main auditorium. We invite and urge all the school students and people of Pampa who have not been able to attend to come to this service. A special service has been planned just for you.

We are planning to break all attendance records Sunday. We will begin Sunday School at 9:45 a.m. with departments and classes for every age group. A beautiful, modern nursery is provided to care for your children — birth thru three years of age. The evangelistic service will begin at 11 a.m. in the main auditorium. Training Union will begin at 6 p.m. with Unions for every age group and nursery. The evangelistic service will begin at 7 p.m. A baptismal service will be conducted closing the revival services Sunday night. "Come thou with us, we will do you good."

Pampa Ministerial Alliance Plans Halloween CROP Fund Drive

The Pampa Ministerial Alliance in cooperation with the Pampa Key Club will conduct a "trick-or-treat" visitation on Halloween evening, Thursday, Halloween, Thursday, Oct. 31. This program will Junior High from the various cooperating Sunday Schools, and all the young people from the Senior High School. The work among the high school students will be directed by the Pampa Key Club, with Joe Fischer Jr., the President, and his committee of helpers in charge.

The committee representing the Ministerial Alliance is composed of Rev. John Dyer of the Lamar Baptist Church, Rev.

Earl Pruitt of Immanuel Temple, and Jack Parker, Minister of Education at the First Baptist Church. Each church has been assigned a section of the City in which to work. The area surrounding Pampa Senior High School has been assigned to the students.

The word CROP means Christian Rural Overseas Program. It is an interdenominational program promoted largely in rural areas by Church World Service. It collects food, a fiber and other basic necessities for the destitute peoples of the world. Christian leaders over the world have charge of the distribution of all relief supplies. Distribution is made according to need without regard to race, or nationality or creed. Much of the grain used is

donated by the Federal Government from our surplus stocks. Therefore the funds raised by CROP go a long way in meeting the world's needs. For instance five cents given to CROP will give eight hungry children a cup of milk a day for a month. Twenty-five cents will give three children bread and milk every day for a month. One dollar will give 13 children a cup of milk every day for a year—will provide 400 pounds of food. All the overhead expenses in the CROP program are very small.

Last Halloween our CROP drive was a great success. The children and young people brought in around \$900.00. Then, too, the children and young people found the visitation in our city to be very interesting

and challenging. They found the people of Pampa to be friendly and generous as they made their calls from home to home.

The Pampa Milk Company has furnished small milk cartons for making this collection.

In making these calls from door to door these children and young people will be working in groups of two, three, or four. Each group will be identified by a special CROP badge. Collection will be made on Thursday evening, October 31st only. People are urged to not give CROP funds to a group unless they are wearing the printed CROP sign.

Will you be prepared to receive these young callers graciously and give to their cause generously?

Revival Is In Progress At The Skellytown Community Church

SKELLYTOWN (Sp) — Dr. Clifford Lewis is the featured speaker at the Revival Meetings being held at the Skellytown Community Church, Oct. 23, Nov. 1, according to Rev. Arthur Dresbach, pastor. The meetings begin at 7:30 p.m. each day with special children's meetings starting at 7 p.m.

Dr. Lewis, a native of Alabama, now living in Overland Park, Kansas, a suburb of Kansas City, has been in evangelistic work for 30 years. He has traveled in all 50 states, every province of Canada, except Newfoundland, and in 60 countries.

A few years ago he visited every country in Central America and Columbia and Ecuador in South America. He broadcast for two weeks on HCJB, Quito, Ecuador, where the message was heard in many lands.

The evangelist has made several trips to Europe and one trip around the world. A more recent trip took him to Great Britain and Europe, including one week in Russia. He spent over three months visiting 22 countries.

He has conducted services in many outstanding churches in America and Canada, including the famous Moody Memorial Church in Chicago, and the People's Church in Toronto, Canada. He is a frequent speaker at Bible Conferences, at one of the world's largest conferences at Winona Lake, Indiana. His three weeks campaign in Jerusalem, Palestine was attended by Jews, Arabs and several other nationalities.

Dr. Lewis is the author of several books and poems. About 15 million copies of his tracts have been distributed in several languages. As former editor of a monthly magazine, Living Faith, he has had much experience in Christian journalism and a number of magazines carry his articles. Thousands hear him each week on a chain of radio programs—Christ For Everyone.

Special music will be featured each night during the meetings and a cordial invitation is extended to the public to hear this outstanding speaker.

Polish Sausage Event Is Slated For Nov. 3 At White Deer

One of the most popular annual public events in Carson County will take place Sunday, November 3, when all the parishioners of the predominately Polish families of the Sacred Heart Catholic Church of White Deer put on their Polish sausage event.

Plans this year for the annual event are even greater than usual due to the combined celebration of the Parish's Golden Jubilee in Carson County.

In anticipation of the huge usual turn-out, plans this year call for a dinner and supper to accommodate more people without any delay in serving.

The sausage will be barbecued or steamed in a large open pit by the men of the parish, while the women bake homemade pies and prepare the other dishes. In addition to the games to be played there will be a "Country Store" this year where the public may purchase from a large variety of items such as homemade aprons, pot holders etc., pot plants, vases and bake-goods.

Serving will begin for the noon serving at 12:00 until 2 p.m., and the evening serving will start at 4:30 until 8 p.m.

Over 800 pounds of meat was barbecued for last year's event in the outside barbecue pit, with two inches of snow on the ground and the temperature near freezing. This year over 1200 pounds of sausage is being prepared in the unique Polish recipe. The people of Polish nationality in the White Deer area are preserving many of the Polish traditions.

According to Father Jerome Hancox, pastor, the proceeds from this event will go on the new church indebtedness.

The Sunday worship service at 7:15 p.m. will be conducted by the pastor, Hubert Bratcher, who will present a brief meditation followed by an altar fire.

The W.S.C.S. week of prayer and self denial will be held from Oct. 25 until Oct. 31 beginning with a quiet time held Friday, Oct. 25 at 10 p.m. to 11 p.m. in the Chapel.

Rev. Williams Will Speak At Lamar Church Sunday

Sunday School will be held at 9:45 a.m. followed by the worship at 10:45 a.m. The Rev. Loren E. Williams, minister, will speak on the subject "What It Means To Be a Protestant." Sunday services will be at 7 p.m.

The Mary Martha Group of CWF will meet at the church Monday at 9:30 a.m. Mrs. Casey Brown will be hostess and Mrs. Delbert Daniels will be study leader.

Monday at 7:30 p.m. the fidelity group will meet in the home of Mrs. G. B. Hogan. Mrs. Loren E. Williams will be the study leader.

The young people of the church will be soliciting funds for CROP on Halloween night. Those planning to join this group are urged to let it be known by Sunday morning at Sunday School.

The all church dinner for the building fund campaign has been postponed until Nov. 15. Dr. Newton Robison, minister of First Church in Amarillo will be the guest speaker. The victory day will be Nov. 17.

THE REVIVAL At The FIRST ASSEMBLY OF GOD 500 S. Cuyler

is coming to the close of the second week. Night after night, many have received of God, and had their needs met as they came forward for Salvation, for the Holy Spirit, for healing, for strength to stand against the wilds of the devils.

This evening at 7:00 the Subject, "The Thousand Year Reign with Christ". Sunday Morning at 11:00 the Subject, "The White Throne Judgement". Sunday evening the 26th at 7:00 Subject, "The New Heaven and New Earth".

New tablet helps prevent INDIGESTION, GAS, UPSET STOMACH

Because of today's fast, hectic living pace, eating too much too fast, we often suffer indigestion, gas and other uncomfortable forms of stomach upset. But now, a new digestant enzyme tablet called MIAZYME, can help prevent these conditions before they begin.

If you properly digest the food you eat, chances are you will not suffer stomach distress. This is due to the action of enzymes, manufactured in your body. MIAZYME supplements your own enzymes to help prevent stomach distress.

MIAZYME tablets a day may help prevent the discomforts of indigestion, gas and may open the door to new vistas in food enjoyment.

MIAZYME contains no narcotics! No habit forming drugs! Only digestant enzymes! No side effects to cause other problems. So safe, no prescription is needed! Get MIAZYME today at your favorite drug store. Try it on our money-back guarantee of satisfaction. Regular size, only 98¢. Economy size \$2.25.

miazyme Aids digestion before distress begins!

The Weekly Message Of Inspiration

Attend The Church Of Your Choice

REV. HUBERT BRATCHER
FIRST METHODIST CHURCH

DANGER AHEAD — MARRIAGE

Dr. Halford Luccock points out in his book, "unfinished business" that rushing from one service to another, a minister is likely, on occasion, to confuse one part of the ritual with another . . . weddings, funerals, church membership. One may start out on the marriage service by quoting the opening of the burial service!

The more I counsel with married people the more I can see something worth thinking about in this ritualistic mistake. For it may picture a common sort of tragedy. Marriage may be a sort of burial, in which parties may be laid away, as far as any deep, vital interest in life is concerned or the personality of one may be "swallowed-up" by the personality of the other. "Forasmuch as John and Mary have consented together in holy wedlock we consign their bodies to selfish concern, without windows on the world." For what starts out a "honeymoon cottage" may become a prison for the spirit.

Another danger of marriage is that it may fall into the grave of believing that the whole of life consists in THINGS. There are so many things that a home needs . . . and the list grows daily! Nothing down and no payments until February!!! Thus their world can become a world of "thing-full emptiness." Then we may ask, "what shall it profit a man and a woman to get a house full of gadgets and lose their own lives?"

A third danger ahead in marriage is that the children in the home, instead of increasing the interest of parents in ALL children, will lead them to believe that they are the only children in the world.

In view of these dangers it would do us good to go over the marriage vows once in awhile, especially the charge to the couple: "I require and charge you both, as you stand in the presence of God, to remember that love and loyalty alone will avail as the foundation of a happy home. No other human ties are more tender, no other vows more sacred than those we now assume. If these solemn vows be kept inviolate, and if steadfastly you endeavor to do the will of your Heavenly Father, your life will be full of joy and the home which you are establishing will abide in peace."

But it is a three way deal — MAN-WOMAN-GOD!

Groom Tigers Take On Undeclared Mustangs

GROOM (Spl) — With a clutch game with undefeated Claude coming up tonight, Groom football coach Sobbin' Jack York reports that he has finally quit experimenting, and will go with the same starting lineup that swamped Miami, 42-6, in the district 5-B opener last week.

York started the season by switching quarterback Dan Craig to halfback, and Jerry Roberts to quarterback, and end Big Jerry Quirk to fullback. One game later, Quirk went back to end and tackle Bob Garmon went to fullback. Two games later, Roberts returned to end and Craig to quarterback, only to have Roberts shuttling between the two positions as Craig was injured.

Last week the Sobbin' One made what he claims is his final change by returning the tall Quirk to fullback and Garmon back to tackle. The experiment paid off in spades as Big Jerry smashed for 153 yards in 16 carries and Garmon was a defensive wall as well as opening the holes offensively.

"We can't win without Quirk here," explained York, "that's lone a fine job, but... we just don't have anyone to replace him as tackle. With Terry Cornett, our best pass receiver, back off the injured list a n d

Craig recovered, we have two good ends in Cornett and Roberts, so we can afford to move Quirk and we can't afford to move Garmon.

"Miami is a fine little club," said the effusive York, "But they just couldn't match our size and depth. They were a real good football team, don't get me wrong... I like the way their kids hit and I'd love to have that number 19 of theirs (Roy Bean), but we could have beat them 'worse.' I didn't want to pile up the score, although I admit I wanted to win by more than Claude did, but I was going to pull the starters with a 20-0 lead. Then that 19 went 90 yards for a touchdown and made a ball game of it and we had to keep the regulars in until the third quarter."

Upon mention of tonight's host, Claude, York pulled out his well-saturated crying towel. "We can't even stay on the field with 'em! They'll be too tough for us... six straight wins... 166 points scored to the opponents' 28... how can we beat their speed?" moaned York.

After several minutes of maudlin sniffing, York admitted that the Tigers would be in there. "We've got more horses and we hit harder. They've got the speed. They should be favored, but it's gonna be a ball game."

TERRY CORNETT... back at end

SWC Round-up

By United Press International — The high riding Texas Longhorns kicked and blocked Thursday in preparation for their Saturday clash with the Rice Owls at Austin before their third straight sellout crowd.

Coach Darrell Royal said his squad was in good shape except for two players who were out for the season.

The Longhorns worked out 90 minutes.

Hogs Clash Also Sold Out — The Arkansas Razorbacks also prepared for a sold out game — their non-conference battle with Tulsa.

Coach Frank Broyles said his star guard gainer Jim Lindsey, kicked in the thigh Wednesday, will miss the game. Bobby Reynolds will fill in at fullback.

The Hogs had their final drill of the week.

Rice Coach Jess Neely praised the practice play of reserve linebacker Stan McDonald and reserve guard Dave Odom. Both of the players have seen only limited action so far. Neely said they would play more in the future.

Neely reported that tailback Gene Fleming, out for a few days with a hip bruise, was running with the first team again and only tackle John Mims was expected to miss the Texas game.

Bears Have Last Session — The Baylor Bears had their last hard workout in preparation for their clash with the Texas Aggies at College Station Saturday. Coach John Bridgers stressed running, passing and timing.

Thunderstorms interrupted a Texas Aggie practice session at College Station as they readied for Baylor in Dad's day game before an expected crowd of 25,000.

ADD TWO SCOUTS — KANSAS CITY (UPI)—Dick Keely and Donald Pries were added to the scouting staff of the Kansas City Athletics today.

Keely, 47, of St. Louis, will scout the Midwest for the A's and Pries, of Alameda, Calif., will cover the Pacific Northwest and northern California.

Lee, Houston 8th In Tie

BORGER (Spl) — The Lee eighth grade and the Houston 8th grade piled all the scoring in the first half as they battled to a 14-14 tie here yesterday.

Houston took the lead in the first quarter, scoring on a 33-yard pass play and running the conversion. Pampa came back two plays after the kickoff when Dickie Henley fled 72 yards behind good blocking as Jim Cornutt and Bobby Wilson opened a gaping hole on the right side.

Borger made it 14-6 in the second quarter when they recovered a fumbled punt on the Lee 30 and scored on a pass from the 25. The conversion pass was incomplete.

With four minutes left in the half, Lee drove 50 yards in eight plays to score, right halfback Mike Burnett going over from two yards out. Quarterback Mike Brown made the tying conversion on an end sweep.

Lee consistently outgained Borger throughout the game, rolling up 204 yards running and 22 passing to Houston's 48 and 83, but the Borger school held time and again in the second half. In the waning moments, Johnny Meeks, a defensive standout all day, intercepted a pass on the Lee 30 and ran it

SPORTS

FRIDAY, OCTOBER 25, 1963 56TH YEAR

Wichita Falls Whips Richland In Opener

By United Press International — Dallas South Oak Cliff, Fort Worth Paschal and Houston Lee maintained undefeated district records Thursday night to help open a Texas schoolboy football weekend dotted with critical games.

South Oak Cliff remained among the state's undefeated-untied with a 54-0 walloping of Dallas Sunset; Paschal was almost as effective as the Panthers whipped Fort Worth Tech 42-0 and Houston Lee defeated Houston Sam Houston 28-7.

Wichita Falls, a perennial state threat which had fallen on sparse times this fall with a loss and a tie marring its record, opened district play with a 25-13 victory over Richland Hills.

In other games Thursday night, Houston Waltrip and Dallas Hillcrest built their district records to 1-1 with 32-0 and 19-14 victories over Houston Davis and Dallas Wilson, respectively.

Other Major Games — Three of the four No. 1 teams in the state — AAAA's San Angelo, AAA's Dumas and A's Albany — will be in action and favored to improve their claims to top rating. Top-ranked Dalhart of AA will be idle.

San Angelo visits tough but twice-beaten Abilene High; Dumas hosts twice-beaten Levelland and Albany entertains twice-beaten Eastland in important district encounters.

Several other Top 10 teams also face rugged opponents in title play.

In AAAA, second-ranked Pasadena hosts Texas City, third-rated Spring Branch High plays Spring Branch Memorial, fourth-rated Galena Park is at Baytown, fifth-ranked Borger is at Amarillo Palo Duro, sixth-

rated San Antonio Brackenridge is at Laredo, seventh-rated Amarillo Tascosa plays Amarillo High, eighth-ranked Port Arthur is at Port Neches, ninth-ranked San Antonio Highlands meets San Antonio MacArthur and 10th ranked Garland is at Denton.

Titles At Stake? — The games involving Spring Branch, Brackenridge and Port Arthur figure to determine eventual district champs.

None of AAA's rated teams figure to be pushed, but in AA, second-ranked Sinton must get by Goliad; fourth-rated Rockdale plays Navasota and 10th ranked Lake Highlands is at Duncanville in contests which could be close. Class A's ranking teams all appear safe.

Other "showdown" games include Corpus Christi Miller vs. Corpus Christi Carroll and Kingsville vs. Brownsville in AAAA; Hurst Bell at Fort Worth Castleberry and Palestine at Jacksonville.

In Class AA, there are no actual showdown games, but Iowa Park - Wichita Falls Hirsch, Mansfield-Burleson, Lake Highlands - Duncanville, Livingston - Cleveland and Freer-San Diego match teams unbeaten in district competition.

In Class A, such pairings as Wellington-Lefors, Ferris-Midlothian and Frisco - Pilot Point may determine eventual champions. Sunray - Stratford, Seagraves - Sundown, Maria-Canutillo, Weimar-Smithville and Medina Valley - Dilley match unbeaten district contenders.

The only game in the state matching unbeaten teams is in 32-AA where once-tied Edcouch - Elsa is at unbeaten-untied La Feria. The winner figures to contest Donna for the championship.

Pistol Still Missing, Mundy Back For WT

CANYON (Spl) — Position changes and hopes for returning squad members from the injury list held the center of interest in the West Texas State University football camp for the first two drills this week.

The Buffaloes are preparing for the Saturday invasion of the University of Arizona. The contest with the Wildcats is the West Texas Homecoming game.

David Sims, a sophomore from San Antonio, has been moved up to the starting left guard slot replacing junior Eugene Baldwin. Sims has played outstanding ball in the last three Buffalo outings and earned the promotion by playing hard nosed football. Dave stands 5-11 and weighs 195. End Quinton Eppinette has won back his starting role at the right end position. Eppinette was moved out of his starting role by sophomore Butch Walterscheid the past two weeks. However, the Dumas senior's play last Saturday against Memphis State proved he was ready to join his buddies on the starting eleven.

Tackle John Varnell and fullback Russell Mundy are the only members of the injury crew who have a chance to return to action this week. Varnell, a senior tackle from Plainview, injured his knee against Arizona State two weeks ago and did not suit up last Saturday. Mundy sprained his left elbow in the Sun Devil contest and also missed the Tiger go. It is hoped that both these boys will be able to see some duty against the Wildcats Saturday night.

Pistol Pete Pedro and Jerry King will still be out of action this week. Pedro, with an injured knee, and King, with a broken shoulder, will be out for more than this week end if it is feared.

There will not be much weight difference in the starting elevens this week when the Wildcats and the Buffs face off. This is a pleasure the Buffs have not been accustomed to once this fall. The West Texas team has been outweighed up to 28 pounds per man by opposing teams. West Texas will go into the game with a starting line average of 199 while the Wildcat line will come in at 203. The backfields are nearly even — WT 191 and Arizona 188. But the difference will be in the speed and depth of the Wildcat backfield. Coach LaRue alternates almost four men at each backfield spot without losing much value at any position. Without Pedro, and with Mundy a doubtful starter, the Wildcats will definitely have the speed advantage over the Buffs. If the Buffs can contain the Arizona speed, West Texas could have the advantage with the bull-like rushes of fullback Ollie Ross and Bill Loranace.

The Wildcats come into this contest with a 2-3 record against the 3-2 mark of the Buffs. Arizona started slowly by losing to Utah State's "I" formation 42-0. Arizona has alternated wins and losses the past four weeks against Brigham Young (33-7), Washington State (2-7), Texas Western (13-7), and Oregon (12-28).

NOTICE

Effective immediately there will be No agent on duty at Clarendon, Texas, to meet our Texas Zephyr, Train No. 1 at 12:44 A.M. — for Ft. Worth, Dallas and Houston.

It will be necessary for you to purchase your tickets in advance from Mr. Monzingo, at our local office and let him know when you plan to board train so arrangements can be made to stop the train for you.

By purchasing your tickets in advance and making arrangements to stop the train at Clarendon will eliminate the possibility of your not being able to board train at Clarendon. The above change will effect our Train No. 1 ONLY.

B. C. Monzingo, Agent
Burlington Lines, MO 4-4731
201 West Brown St.

McLean Healthy, Ready For Clarendon Bronchos

McLEAN (Spl)—McLean football coach Derral Davis started in horror when asked if he expected tonight's game at Memphis to be an easy one for the Tigers.

"Don't say that," he pleaded, "our kids have been thinking that all week and unless they stop looking ahead and get ready for this one, anything could happen!"

"True," admitted Davis, "Memphis isn't very strong this year, but if you aren't ready for a club, they don't have to be. Our kids are looking to the next three games, but to win them, you've got to play them one at a time."

"Regardless of Memphis' 1-5 record, they have some real fast boys in the backfield and a good

passing attack. They're young, only two seniors and 19 juniors on the team, but they're learning more each week and coming along. They've played a great first half in almost every game. . . . Wellington had them only 8-0 in the first half and it should have been 8-8. . . . Memphis gave them all they wanted the first half. . . . gave Shamrock a battle for the first half too. They're constantly improving and getting better, and if we're not ready, they can jump all over us.

"Looking ahead to next year, I'd pick Memphis as the top team in the district with Canadian right behind them, but I'd rather they wait til next year to jump on us, not now."

The Cyclones have only a 36-28 victory over weak Price College to their credit, having been blown over by Crowell, 22-0; Shamrock, 24-6; Friona, 33-14; Sanford-Fritch, 56-14; and Wellington, 32-0. They have a good passing attack in Jim Sturdivant to Jim Odom, and a good bread 'n butter runner in fullback Mike Crow.

Davis joyfully reported a healthy starting team for the first time in weeks. "Some of our reserves are still out and we'll be lacking in depth, but we'll have the first team whole. We did a real good job against Clarendon. The boys got up for it Thursday and really had the spirit. . . . I was looking forward to the game. . . . you could tell we wanted it. They played real well, except for a slight letdown in the second quarter. We could have won by a bigger margin, but we were a little erratic and missed several more scoring changes. That's good enough though, we won, and that's the main thing."

"Eddie Windom was definitely the outstanding player on the field. He tackled anything that came near him. Bob Patton didn't have as much work as usual at linebacker, very little got past Eddie for Bob to take care of."

"If we can get up like that again and play a game like that again, I'll be well-pleased."

Fletcher Scores For Papposes

CANYON (Spl) — The West Texas Stompers overcame a 72-yard touchdown run by Curtis Fletcher of Pampa to roar from behind with a second-half surge to defeat the McMurry Papposes, 26-13, in a freshman game here last night.

Fletcher opened things up in a hurry as he broke over left tackle on the second play from scrimmage to score with 1:17 gone. Bucho Gomez added the conversion. In the second quarter, quarterback Stanley Austin passed 33 yards to John Caskey to make it 13-0.

Led by the running of James Cowell, the Stompers came back to score before the first half ended, and then took a 14-13 lead in the third quarter on a 37-yard run by Lamar Payne.

Cowell set up another TD in the same period, and clinched the win with a 17-yard jaunt in the fourth quarter for his second TD.

Fletcher was the leading ground gainer for the Papposes with 82 yards in 12 carries, in addition to his touchdown run. Leading a savage McMurry defense was tackle Carl Clark, also of Pampa.

THE WORLD'S FINEST BOURBON SINCE 1795

Monterey Stops Shockers, 14-8

LUBBOCK (Sp) — The Monterey Lancers won the battle of the B team unbeaten here yesterday when they sent the Pampa Shockers down to a 35-8 defeat.

A 72-yard pass interception return broke the Shockers' backs, and four lost fumbles killed their chances of a comeback in the second half.

An exchange of kicks and the Shockers started a drive, making three first downs before losing the ball on a fumble. Monterey recovered at midfield and moved down on short passes from quarterback Rodney McLeod, with fullback Jerry Walker going over from five yards out. Teddy Bird broke up the conversion pass attempt.

Pampa drove to the 40 and again fumbled, and Monterey recovered. McLeod moved the Lancers deep with the long bomb and Jack Buffington scored from eight yards out. McLeod rolled out and ran the conversion.

Joey Roden ran the kickoff back to the 40 as the first quarter ended, and the Shockers proceeded to get back in the ball game as Lolan Ellis and Roden moved the ball to a first down on the Lancer 32. Larry Daniels then hit Roden with a pass on the two-yard line and Joey stepped over for the score. Little Butch Crossland made the conversion on sweep right and it was 14-8.

Pampa kicked short and recovered the ball on the Monterey 45 and Daniels moved it down to the 32. With fourth and six on the 28 and 1:51 left in the half, Larry went to the air. Monterey put on the rush, the pass was long, and Craig Hughes intercepted the pass and went all the way to paydirt. Hoss Lawler, 230-pound reserve fullback, rammed the conversion across.

Pampa took the second-half kickoff and marched to the Lancer 20, with Roden, Jimmy Williams and Larry Cotten doing the leather-lugging, but the Shockers fumbled away their last offensive threat there.

Monterey dominated the second half on the short passes of McLeod and the running of Buffington, and Lawler made two fourth-quarter scores.

GO HARVESTERS, ALL THE WAY! — Cheerleader Betty Brown leads Pampa gridders San Williams, Billy Quarles and big Phil Klearner out onto the field, while Jerry and Terry Jo Edmondson (left) and Paula Sealey and Linda Cox cheer the Harvesters on to victory at Plainview tomorrow night. (Daily News Photo)

Pampa Will Use 'Lonesome End'

The promotion of San Williams to starting fullback and the admission that the Pampa Harvesters plan to use the "lonesome end" formation against Plainview tomorrow night are the major changes in Pampa's starting lineup, according to head coach Otis Holladay.

Holladay, who has been reserved and "mum" each week as to whether or not quarterback Hebert would move to split end, came out today and admitted that, although the Harvesters would start in their regular T formation, the Hebert to end and Phil Smith to quarterback change would be used during the game. Last week, Holladay pulled an apparently inexhaustible variety of switches out of the formation, with Hebert running on "Sally Rands" and end-arounds, throwing passes to Rick Stewart out of the quarterback slot, and then going back to end to haul in aerial bombs from Smith.

Williams, who moved from defense to a second-string fullback's berth after the loss of Shotgun Gregory, has impressed in workouts and is expected to get the starting nod at fullback with the halfback unit of Bandit Madrid and Stewart, with Red Griffith heading the other unit of Jerry Garrison and Ronnie Oler.

A switch in the line will have Big Phil Klearner, heaviest man on the Harvesters team at 235, taking over right guard in place of 185-pound Donnie Rexroad. The only other lineup changes will be on defense. Carl Johnson will remain at defensive tackle, but Hank Henry has been

switched over to Jerry Garrison's spot. Henry was playing in Jim Arthur's linebacker position but moved to halfback when Garrison came up with a sore arm. Garrison is recovered and will see plenty of action, but it is expected that Henry will start in his place and Arthur move back to linebacker.

Probable starting lineups:

Ironmonger Wins Optimist Fight

Johnny Ironmonger romped to his first win of the year in the headline bout before a packed house at the Pampa Optimist Boys Club last night.

The Iron Man was never headed as he staggered Danny Clements of Dees' Boxing Club of Amarillo with straight lefts and hooks in the first round; staggered him again with an overhand right in the second frame; and knocked him down for a count of six with a left hook just before the third-round bell sounded.

The other open bout on the

Lee
(Continued From Page 8)
back to the Houston 30, but the Little Rebs fumbled away the last scoring chance.
Burnett did his best running of the year for Lee. Cornutt and Rod Hale were line standouts.

amateur boxing card, between Mike Slattery of Canyon and Cody West of Berger, also in the 135-pound class, was a mixup. Both boys came to fight and gave it all they had for three furious rounds, with Slattery copping a close decision.

In high school class bouts, veteran Robert Cameron of Canyon, 115, used a straight right to take the duke over Kenny Davis of White Deer, fighting for the Skellytown Boys Club. Another 115-pounder, probably the best bout of the evening, saw H. D. LaRue of Pampa take his win as he gave a boxing lesson to Jerry Criddle of Dees with left hooks and jabs his main weapons.

In a 135-pound slugfest, Edgar Lester of Berger copped a close win over Tommy Warr of Dees as he threw a little more leather.

Another 135-pounder had Larry Austin of Dees taking Ricky Cox of Pampa on the strength of a knockdown in the first round, a right cross decking Cox for a three-count.

In a good boxing match, Ronnie Fitzgerald, 130, of Dees, took the nod over Bob Thomas of Pampa as he landed several jarring rights.

Jesse Velasquez of Pampa, 130, engaged in another blood bath, with Harold Austin of Dees, Austin confused the Optimist boxer with his southpaw stance, landing several hard straight lefts for the win.

Bennie Bennett, 110, of Pampa, boxed his way to his second straight win, over Joe Smith of Skellytown.

John Garcia, 100, of Pampa, showed promise in his first fight, an aggressive battle with Buddy Tucker of Dees, but the more experienced Tucker won the decision with accurate jabs. Dean LaRue of Pampa was

never headed as he gave 90-pound Howard Clements of Dees a pounding with left jabs and right uppercuts.

Another fight card will be held next Thursday night.

Peewee bout results:
Glen Davis, Berger dec. David Seelye, Booker; Mike Tietz, Skellytown dec. Keith Penn, Pampa; Ronnie Moier, Pampa

dec. Steven Garrison, Skellytown; Charlie Davis, Berger dec. Kenneth Fannee, Skellytown; Andy Grim, Pampa dec. Mike Clements, Dees; Danny Vanmeter, Skellytown dec. Melvin Vick, Pampa; Jesse Vick, Pampa dec. Larry Jones, Pampa; Raymond Moore, Berger dec. Jerry Ledford, Skellytown.

MASCULINE FASHIONS FOR FALL

All Weather Top Coat **16.99**

Suits of Imported Wool **48.00**

Good Looks on the Fall fashion scene... American made suits of luxuriously soft imported wools. They're superbly tailored, distinctively detailed in the best masculine colors. 37-44, regulars and longs. Top your suit with a handsome water-repellent all-weather coat. 3/4 length cotton-acetate shell of tightly woven twill with zip-out pile lining. Traditional plaids of black or olive. 36-44, regulars and longs.

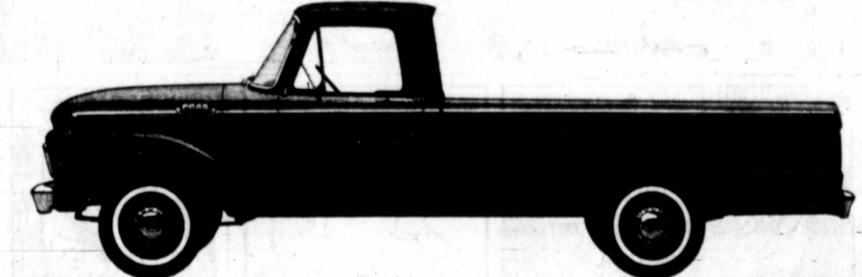

Houston Tops Rebels, 20-6

Borger Sam Houston scored twice in the first quarter and then held off the Lee Rebels the rest of the game to pull out a 20-6 win in a ninth grade game here yesterday.

The visitors dominated the statistics with 11 first downs and 216 yards offensively to the Rebs' six and 141 as they played a tremendous game of ball control, allowing Lee the pig only for three plays in the second quarter. Pampa threatened throughout the second half, but fumbled six times, losing three fumbles in the last quarter.

Houston tallied twice on sustained drives in the first frame. Lee took advantage of their three plays in the second frame with Gary McCarrell continuing his touchdown streak as he sped 56 yards on one of them behind good blocking, especially by Schnoz Foster and David Smith. Outstanding Rebels were Monk McDonald and little John "Mousey" Kuhn, who again was all over the field defensively.

Why Education Is Weakening

We are reproducing below an article "Signs of Weakness in U. S. Education" written by Oscar Cooley associate professor of economics at Ohio Northern University at Ada, Ohio.

From here on Professor Oscar Cooley is speaking:

The increasing incidence of delinquency and crime in Washington, D. C. — home city of the greatest agency on earth for preserving peace and order— described not long ago in "Look" magazine.

We learn, too, of a growing army of young people throughout the United States who are unemployed, lacking the knowledge needed to take the jobs that are available.

These are signs of weakness in American education. Youth are not learning what they should know to fit them to cope with the modern environment.

For the most part, education, unlike groceries, is not bought by customers at so much per unit, each customer inspecting the quality of the goods and deciding for or against it at the price.

What happens when goods offered in a market are rejected? They fall back upon the seller, who must now make them more attractive by lowering their price or improving their quality.

Thus, the free market is an institution which moves both buyer and seller to put forth their utmost efforts to create quality.

Investment

Your life depends on how you invest your time. Your fortune depends on how you invest your money.

Polysaturated Polysyllable

Here's yet another word that will be seen more and more within the next few years: "Biodegradable."

Foam from detergents that pile up the suds is not the most serious of the nation's water pollution problems, but it's one of the most conspicuous.

Non-biodegradable detergents were recently banned in West

Pull Up A Chair By Frank J. Markey

Uncle Sam, the national symbol, was really a Troy, N. Y. merchant named Samuel Wilson, who was affectionately known throughout that region as "Uncle Sam."

Memory Lane: "Remember when we enjoyed those "Road" movies of Bing Crosby, Bob Hope, and Dorothy Lamour?"

The world's most unusual horticultural nursery is at the Western Electric plant at North Andover, Mass., where scientists after long experiments perfected a method of "growing" inexpensive and plentiful quartz chip crystals.

Allen Scott Report Patman Calls Treasury Dept. 'Arrogantly Ignorant' In Enforcing Laws on Tax-Exempt Foundations

WASHINGTON — The Treasury Department and Internal Revenue Service are indifferent in making a mockery of enforcing the laws regulating the hundreds of tax-exempt foundations with assets running into billions of dollars.

As a result of this shocking "nonfeasance" the government is annually losing tens of millions in taxes.

That's the scathing accusation in the latest report by Representative Wright Patman, D-Tex., chairman of the Banking and Currency Committee, who has been probing these foundations and their complex financial and business operations and manipulations for several years.

Foremost among them were that many foundations are engaged in monopolistic enterprises and disregarding the laws requiring them to file regular reports.

Patman's latest report excoriates the Treasury Department and Revenue Service for "indefensible apathy" and "archaic procedures," which he contends "have encouraged certain owners of foundations to exploit their tax-exempt status for personal gain and for the benefit of others with whom they are affiliated."

Revenue Commissioner Mortimer Caplin is singled out for scorching criticism. He is bluntly assailed for doing a lot of talking but little law enforcing.

"Our findings show," says a Patman report, "that the Internal Revenue Service record, in terms of supervision of foundations, is a dud, a dismal failure. Commissioner Caplin's performance has been no better than that of his predecessors."

"While the Commissioner deplores the lack of such supervision prior to 1961 and has released torrents of words during the past two years, assuring the Congress and the public that the Internal Revenue Service is engaged in intensive examination of tax-exempt foundations, there is no recognizable sign of progress in this area."

"Signs are multiplying that (1) the Internal Revenue Service cannot meet its responsibilities through ringing statements by Commissioner Caplin, press agency, and public relations gimmickery, and (2) fewer speeches by the Commissioner could conceivably enable him to answer his congressional mail in under 30-60 days."

THE SORRY RECORD—Representative Patman's slashing report charges flatly that Treasury and Revenue officials lack the zeal and know-how "for thorough supervision of tax-exempt foundations."

ROBERT ALLEN

PAUL SCOTT

The Almanac

By United Press International Today is Friday, Oct. 25, the 298th day of 1963 with 66 to follow.

The moon is at first quarter. The morning star is Jupiter. The evening stars are Jupiter and Saturn.

On this day in history: In 1854, the "Charge of the Light Brigade" was made. Some 670 men of an English light cavalry brigade fighting in the Crimean War charged a heavily protected Russian artillery post.

In 1923, the Teapot Dome scandals began to unfold as Sen. Thomas Walsh of Montana demanded a public hearing on the Department of Interior's leasing of two naval oil reserves to private corporations.

ranged from \$131.2 million to \$2.1 billion, with a combined value of no less than \$4.6 billion.

"One hundred fifteen foundations (combined asset value \$7.8 billion) each having assets of \$10 million or more — had no field audit. These 115 foundations represent approximately 72 per cent of the 160 foundations having assets of at least \$10 million each with a combined asset value of \$9.2 billion.

"Eleven Rockefeller-controlled foundations — out of 14 Rockefeller-controlled foundations (combined asset value \$1,089,322,230) — had no field audit. The 11 foundations had assets ranging from \$11,863 to \$536 million, with a combined value of \$1,016,440,732.

"Eight Ford-controlled foundations — out of nine Ford-controlled foundations (combined asset value \$2,240,289,227) — had no field audit. The eight foundations had assets ranging from \$455,851 to \$2.1 billion, with a combined value of no less than \$2.2 billion.

"None of the five Carnegie foundations had field audits. The five foundations had assets ranging from \$10 million to \$258 million, with a combined value of no less than \$413 million.

"Four Mellon-controlled foundations — out of six Mellon-controlled foundations (combined asset value \$241 million) — had no field audit. The four foundations had assets ranging from \$5.6 million to \$78.7 million, with a combined value of no less than \$160 million.

"Six DuPont-controlled foundations — out of nine DuPont-controlled foundations (combined asset value \$175.6 million) — had no field audit. The six foundations had assets ranging from \$13,221 to \$7.5 million, with a combined value of no less than \$118.8 million."

Representative Patman plans to summon Treasury Secretary Dillon and Commissioner Caplin before his committee for questioning on these blistering charges. The Texas has long been a militant critic of Treasury and Federal Reserve officials, and his latest explosive report is another round in his protracted encounters with them.

TRUTH FORUM W. German Prosperity Demonstrated By Show

By ED DELANEY

FRANKFURT AM MAIN: Prof. Ludwig Erhard, soon to be chancellor of the German Federal Republic, was the feature attraction at the opening of the International Automotive Show here. It so happened that press photographers, newsreel cameramen, TV film makers and hundreds of individual picture-takers pressed him into arm's length of me a couple times during the hour or so that we chanced to be in the same buildings.

In brief remarks at the official opening of the exposition the president of the automotive association said that it was Economic Minister Erhard's advocacy of the free enterprise system, with occasional government subsidy, that pointed the way to prosperity and progress for West Germany's industries.

Perhaps the next greatest attraction at the show was the new Mercedes-Benz passenger automobile with a price tag of \$6,000. German marks (roughly \$12.50). Very few of the viewers had any thought of buying such an expensive piece of transportation. But it is an indication of the increasingly high standard of living toward which Europe is climbing, that of such a car has been built.

What's the use of getting a new car, there's no place to park it. The parking problem in the United States is relatively trivial compared to what the drivers must face here. In the older parts of the cities — as in New York, Boston and some other New England settlements, the narrow streets were designed for pedestrians and horse cars. In Frankfurt several very large underground garages and tall buildings have been erected for car parking. One near the center of the city has space for 1,300 cars. This is a private enterprise, costing approximately \$3 million to construct. But the City of Frankfurt contributed part of the capital for the structure. However it is in no way under control or management of the city authorities. The minority political party, as in Britain, advocates the socialist program of government ownership for practically everything which concerns

the general public. Fortunately the Adenauer administration, which is drawing to an end, stood firmly against the socialist demands. The free enterprise system, private capital for development of industries and expansion of trade, has been the policy of Adenauer and his associates. It will continue under the leadership of Erhard, is the general opinion here.

In this connection it is well to note that the International convention of world socialists is in Amsterdam, as this is being written. Harold Wilson, the British socialist leader, Mayor Willy Brandt of West Berlin, some socialists from the new African states and a galaxy of kindred folk have adopted a resolution at their convention endorsing and proclaiming continued support for the policies of President Kennedy. There is no doubt in the minds of the world socialists that the New Frontier toward which the Kennedy brothers would lead the United States, and the goal of world socialism, is one and the same. While this seems to not cause undue concern for many in America, especially those thousands who are enjoying the favors of the New Frontiersmen, it does alarm those in Europe who have regarded the United States as an oasis of free enterprise in a world threatened with communism or socialism. The latter is first cousin to the former.

Question Box

(We invite questions on economic and proper functions of government, which will not injure anyone.)

Question: "If it were possible to take the right to vote from those who receive income, in any form, from government, at any level, would this enable the rest of us to get and keep a reasonable control over government activities and expenditures?"

Answer: We believe it would have the effect of severely limiting governmental doles and subsidies. It certainly would restrict the number of voters. Harry Byrd of Virginia a couple of years ago estimated that 10 million persons are receiving checks from government at all levels, including those on payrolls, those getting pensions, subsidies and various other payments. No doubt a large portion of these are voters, though not all.

The idea of restricting the vote to those who pay the bills and who do not receive "benefits" has been advocated from time to time, but is not popular with the politicians. Their playing Santa Claus with others' money would be severely restricted under such a system.

IT'S THE SEASON — Law student undignified enough to cycle to class at Dalhousie University, Halifax, Nova Scotia, had his bike draped from a lamp fixture by fellow classmates. The Halloween spirit knows no boundaries, apparently.

Bishops Appeal For Action on Racial Problem

WASHINGTON (UPI)—A Republican congressman wants the FBI to investigate more thoroughly the part played by former Navy Secretary Fred Korth in the controversial award of the multi-billion-dollar TFX fighter plane contract.

Rep. Bill Stinson, R - Wash., said yesterday that correspondence between Korth and the Fort Worth bank he once headed may be evidence that Korth broke the law. Stinson called on Atty. Gen. Robert F. Kennedy to pursue the matter.

The TFX contract went to General Dynamics Corp. in Fort Worth. The major competitor, Boeing Co., is located in Stinson's hometown of Seattle.

Korth has said that he was not asked to resign. Several sources have said this probably was literally true. But they said it was made clear to Korth that his use of Pentagon stationery for personal business was embarrassing to the administration. According to these sources, this point was made so clear to Korth that he had no recourse but to step down.

During its investigation of the TFX contract the Senate investigations subcommittee received a \$400,000 loan from Continental National Bank of Fort Worth when Korth was the bank's president.

After becoming Navy secretary Korth joined Defense Secretary Robert S. McNamara and Air Force Secretary Eugene M. Zuckert in favoring the award of the TFX contract to General Dynamics.

Last weekend Korth released a file of more than 200 letters or documents which had been received or sent by him.

In the light of the "new evidence," Korth's correspondence, Stinson said that Kennedy should review his previous assertion that Korth was not guilty of violating the conflict of interest law.

Word's Origin

The word "invest" started in 13th century Italy, where it was the practice of fitting out the young man in smart clothes before he went out to seek his fortune. The word itself is derived from the Italian "investire," which means "to dress."

FHA Home Loans Cut Off Because Of Repossessions

ALBUQUERQUE (UPI)—The Federal Housing Administration has cut off FHA home loans on lower-priced houses in four New Mexico communities because of an increased rate of repossession.

Roy S. Walker of the Albuquerque FHA office said no more loans will be approved on homes below the \$17,500 level in Farmington, Alamogordo, Lovington and Artesia until current repossessions are sold.

Only a restricted number of loans can be authorized in Roswell at this time, Walker added.

Homes repossessed in New Mexico by both the FHA and the Veterans Administration are most plentiful in the Farmington and Alamogordo areas, officials said.

Repossessions in the state at the present time number 223 for FHA and 104 for VA, said the spokesman.

SIGNS EXTENSION

WASHINGTON (UPI)—President Kennedy signed into law Thursday legislation which would extend the federal billboard control program until July 1, 1965. The law provides a financial "bonus" to states controlling outdoor advertising on interstate highways.

Legal Publication

NOTICE TO THE OWNERS OF PROPERTY ABUTTING UPON THE HEREIN-BELOW MENTIONED PORTIONS OF STREETS, AVENUES AND OR ALLEYS AND TO ALL OTHERS AFFECTED:

The Governing Body of the City of Pampa has heretofore ordered that the following portions of streets, avenues and/or alleys in said City of Pampa be improved by raising, grading and filling and paving and by installing concrete curbs and gutters and storm sewers and drains where necessary on the streets, avenues and alleys designated below:

UNIT NO. 61-4: 1706 North Sumner Street—NPL Decatur Avenue to SFL 15th Avenue. It is estimated the cost per front foot will be as follows:

6" Curb	\$1.57
Paving	2.38
Total	\$3.95

which will be assessed against the owners of abutting property. The total cost of this Unit will be \$14,706.82 of which the property owner's share is \$12,153.84.

UNIT NO. 61-5: South Side of West 1/2 of 1200 & East 1/2 of 1300 West Decatur Avenue. It is estimated the cost per front foot will be as follows:

6" Curb	\$1.57
Paving	2.38
Total	\$3.95

which will be assessed against the owners of abutting property. The total cost of this Unit will be \$1,794.70 of which the property owner's share is \$1,529.88.

UNIT NO. 61-6: North Side of West 1/2 of 1200 & East 1/2 of 1300 West Decatur Avenue. It is estimated the cost per front foot will be as follows:

6" Curb	\$1.57
Paving	2.38
Total	\$3.95

which will be assessed against the owners of abutting property. The total cost of this Unit will be \$2,972.76 of which the property owner's share is \$1,908.88.

Said paving to be a penetration type asphalt or hot-mix concrete asphalt wearing surface on a six-inch (6) caliche base together with necessary incidentals and rolls or statements showing the proposed amounts to be assessed abutting property and the owners thereof have been filed with the City, such rolls or statements showing other matters and things and have been approved, and the City Commission of the said City of Pampa has fixed a time and place for hearing to the owners of property abutting upon said portions of streets, avenues and/or alleys, and to all other affected parties, and to all other interested parties, and to the respective parcels of abutting property and the owners thereof for improvements in the units upon which the particular parcels of property abut, the amounts of benefits to the respective parcels of property by means of improvements in the unit upon which the particular property abut, and the regularity of the proceedings with reference to such improvements, the appointment of the cost of such improvements, and other matters and things will be determined, and after such period assessment will be made and levied and held by and before the City Commission of the City of Pampa, Texas, in the regular Commission meeting room in the City Hall in the City of Pampa, Texas, on the 12th day of November, 1963, at 3:30 A.M. The roll of statements showing the proposed amounts of such assessments is on file in the office of the City Secretary and copies thereof are in the office of the City Engineer of the City of Pampa and open to inspection of any interested parties at any time and of all said matters and things and all such owners of property as well as any other in anywise interested or interested will take due notice.

By order of the City Commission of the City of Pampa, Texas, this 15th day of October, 1963.

No notice other than that hereinabove provided for shall be necessary, but publication of such notice shall be due and sufficient notice to any and all persons, firms, corporations and other parties.

It appearing to the City Commission of the City of Pampa that the immediate passage of this ordinance is necessary for the proper conduct of the affairs of the said City of Pampa and for a proper compliance with the laws of the State of Texas providing for the improvement of streets and to preserve the welfare of the City of Pampa, Texas, and proper dispatch of its business, that an emergency exists, and the rule requiring ordinance to be read at more than one meeting of the City Commission is suspended, and this ordinance shall be in full force and effect from and after its passage and approval, and shall take effect as an emergency ordinance.

PASSED AND APPROVED on three readings this 15th day of October, 1963.

FBI Is Asked to Check Deeper on Korth Activities

By LOUIS CASSELS
VATICAN CITY (UPI)—U.S. bishops have appealed to the Ecumenical Council to issue a strong condemnation of racial discrimination.

Bishop Robert Emmett Tracy of Baton Rouge, La., speaking on behalf of 147 U.S. bishops, asked the council to include in a pending document on the laity the statement that the Church recognizes no inequality among human beings on grounds of race.

Bishop Tracy said the church should make it clear that racial discrimination "cannot be reconciled" with the Christian teaching that all men are equally the children of God.

He said such a declaration by the Ecumenical Council would make it easier for bishops to "give their people proper instruction" regarding the sinfulness of racial prejudice.

He said he also would "reassure those who have been humiliated and deprived of their natural rights because of discrimination."

Also at today's session the council father approved the overall text of Chapter IV of a liturgical reform document. The chapter provides for simplifying and shortening the breviary, or divine office, which priests and members of some religious orders are required to say daily. The most significant provision authorizes bishops to grant dispensations in individual cases to read the office in modern language rather than in Latin.

The council moderators then announced that a vote will be taken early next week on whether to treat the Virgin Mary's role in the church in a separate document, or whether to include it as a chapter of the basic draft on the nature of the church currently under debate.

This has become a major bone of contention between liberal and conservative council fathers.

Another point in dispute between the liberal and conservative cardinals may have to be settled by Pope Paul VI, Vatican sources said today.

Original draft of Lincoln's Emancipation Proclamation is owned by the State of New York.

Group Quits England for Return to Lonely Island

SOUTHAMPTON, England (UPI)—A party of 198 men, women and children turned their backs yesterday on the comforts of modern England to return to the rugged, simple life of Tristan de Cunha island in the South Atlantic.

They were scheduled to start the long voyage to "the loneliest island in the world" aboard the chartered Danish ship Bornholm.

The group was the main body of the island's total population, which was removed two years ago when a volcano eruption forced them to leave their tiny British-administered island.

Two advance parties totaling 64 men have gone ahead to prepare the island to be lived on again, now that the volcano has subsided.

Eleven Tristaners chose to remain in England. Five others died here, mainly of pneumonia and related ailments attributed to the harsh winter weather. Eight babies were born during the islanders' stay in England.

Victor Rogers, 50, his wife and their three children are among the islanders who chose to face the cold weather and complexities of modern life in Britain.

"We are happy to stay," Rogers said. "My younger children will get a better education. Life is much harder on Tristan."

The rocky island was inhabited in the early 1800's by fishermen, shipwrecked seamen and other persons who arrived by chance at the isolated spot of the normal shipping lanes and lacking a harbor.

Tristaners learned to eke out a living by fishing, raising sheep and growing potatoes. The modern developments of 160 years passed them by and until they arrived in England they had never seen such things.

as television, automobiles, trains, neon lights, cement sidewalks, movies or nylon stockings.

When experts declared Tristan de Cunha once again safe for occupancy, the islanders voted overwhelmingly to return and the British government started making the necessary arrangements.

"Figureheads"

Reference to a person holding an important position but possessing little authority or power is an allusion to the carved figures on the bows of sailing boats. Mainly decorative, they performed no useful function.
