# Skipper Tells of Plane Attack Off Cuban Coast Hurricane Heading for Georgia Shore

## Freighter Strafed by Aircraft

CORPUS CHRISTI, Tex. (UPI) — The captain of an unarmed American freighter that was strafed and set fire by planes off the Cuban coast said today all the men could have done to repel the attack "was throw potatoes."

"We didn't have anything to defend ourselves with," said Capt. Gerhard Krause of the ship J. Louis, a U.S. owned freighter that sails under Liberian registration.

There were no casualties. Krause said the planes illuminated the ship with flares and then made 16 passes before "I stopped counting." Bullets rained down on the ship for an hour, the captain said.

Krause said he and two other men were pinned on the bridge. He ordered the rest of the 51 men aboard to remain below decks.

13 Miles Off Coast  
He said the ship was at least 13 miles off the Cuban coast when the attack occurred Tuesday. The J. Louis was en route from Jamaica to Corpus Christi with 31,500 tons of bauxite (aluminum ore).

It docked early today at the Reynolds Metal Co. docks at nearby Gregory, Tex.

The only American crew member was W. Fred Thompson, 35, of Portland, Tex. Thirty-seven crewmembers were Okinawans.

Krause, 54, of Hamburg, Germany, estimated there were three or four planes involved in the attack. He said he never saw them because they were moving too fast. He said he could not hear any engines to tell whether they were jets or propeller driven.

Flares lit the sky 30 minutes before the attack, he said.

"I thought it was a U.S. (See AIRCRAFT, Page 3)

## Fierce Pussy Cat Captured

SAN DIEGO, Calif. (UPI) — An excited report from a woman Wednesday that a black panther was prowling around sent police into immediate action.

Several vehicles and an officer armed with a rifle were sent to the scene. The hunters froze when a black animal was sighted in the brush. They braced for an attack when it moved.

Out of the brush strolled a nonchalant black house cat.

## 8 Die in Crash Of U.S. Plane In S. Viet Nam

By RAY HERNDON  
United Press International

SAIGON, South Viet Nam (UPI) — A U.S. Air Force plane on a flare-dropping mission crashed in Communist territory 65 miles south of Saigon today, apparently killing four Americans and four Vietnamese on board.

A U.S. military spokesman said this afternoon that the C-123 transport plane crashed and burned about 2 a.m.

"There was no evidence of survivors," he said.

The spokesman said the plane was on a mission over Communist-ruled Vinh Binh Province when it went down.

He said the Americans on board included two officers and two enlisted crewmen. The four Vietnamese were enlisted crewmen.

No Survivors  
The spokesman said "there was no evidence of survivors."

He said the wreckage of the craft was "scattered over a wide area" and that military authorities did not know as yet the reason for the crash.

If the Americans were killed, it would bring the total of U.S. dead in Viet Nam since January, 1961, to 129.

TEXAS GOVERNOR DEDICATES TREE—Congressman Walter Rogers of Pampa and State Senator Grady Hazelwood of Amarillo, left to right, look on as Texas Governor John B. Connally talks with Karen De Hart of Panhandle, who portrayed Thomas Cree's wife in the Tree Planting Tableau presented by the Panhandle Junior Chamber of Commerce in Panhandle yesterday afternoon. Governor Connally spoke from the steps of the Carson County Courthouse before dedicating the 85-year-old Bois d'arc.

## Four Killed In Palm Springs Fire

PALM SPRINGS, Calif. (UPI) — Four members of the late comedienne Joan Davis family — her mother, daughter and two grandsons — were killed today when fire swept their home.

The victims were Nina Davis, 72, Mrs. Beverly Colbert, 29, and Mrs. Colbert's two sons by a former marriage, Guy Grossman, 7, and Larry, 4.

Neighbors were awakened shortly after midnight when windows in the modest home began "popping" under pressure built up by the interior fire.

## Junior College Speech Series Scheduled Here

The junior college committee of the Chamber of Commerce met yesterday to schedule a series of talks on the requirements, procedures, facilities needed and estimated cost of establishing a junior college system in Pampa.

The talks will be given to civic groups in Pampa, Lefors and McLean, according to E. L. Henderson, committee chairman.

The first address will be presented to the Altrusa Club at noon Monday in the Starlight Room of the Coronado Inn. Other talks scheduled for October are Lefors Lions Club, Monday night and the Pampa Rotary Club Wednesday.

The PTA City Council, the Pampa Jaycees and the Lions Club of McLean are scheduled for Nov. 5. The information will be presented to the Pampa Kiwanis Club Nov. 8; Top O' Texas Kiwanis Club, Nov. 11; Business and Professional Women's Club Nov. 12; Evening Lions Club, Nov. 14 and Evening Optimist Club Nov. 18.

The four-junior-college-committee members who will be in charge of the presentations are Clinton Evans, Burt Nuckols, Gene Holler and E. L. Henderson.

According to Henderson, the committee is only a fact-finding group and will be presenting its information to the civic groups to find out if they would be interested in creating a junior college district.

## U.S. Calls for End of Conflict

ALGIERS (UPI) — The United States has appealed to Algerian President Ahmed Ben Bella to negotiate a settlement of his border conflict with Morocco, reliable diplomatic sources said today.

The appeal was delivered personally by U.S. Ambassador William Porter, the sources said, during a conference with Ben Bella Wednesday night.

## Governor Dedicates Tree At Panhandle

By PHIL DUNCAN  
Daily News Staff Writer

PANHANDLE — Gov. John B. Connally spoke to more than 4,000 persons in the Texas Panhandle yesterday including an afternoon stop here where he dedicated an 85-year-old Bois d'arc tree five miles southwest of Panhandle on U.S. 60.

Gov. Connally, after dedicating the tree, journeyed to Amarillo where he spoke last night at a dinner commemorating "Gov. John Connally Day."

The governor spoke to some 2,000 persons in Panhandle from the steps of the Carson County Courthouse after arriving on horseback with the Carson County Sheriff's Posse.

Connally related the history of the tree, which was planted in 1888 by Thomas Cree, a pioneer, and was the first tree planted on the high plains of Texas.

## Connally Delivers Strong Pitch for State's Rights

AMARILLO, Tex. (UPI) — Gov. John Connally made a strong pitch Wednesday night for states' rights and vowed he would not "stand by while Texas' authority is taken away by a federal court or any other agency."

Connally's statements before 1,000 persons attending an appreciation dinner also reflected his bitter opposition to a federal court decision Saturday in Houston which said congressional districting in Texas was unconstitutional. The court said the state legislature must redraw the boundaries or congressmen must be elected on a statewide basis.

The governor added to his prepared text where he said the current drought "should be enough to shock us into the realization that water development in Texas has not kept pace" with the expanding economy.

"Drought is already afflicting Texas again," Connally said, "only six short years after we emerged from the devastating dryness of the early 1950s."

## Cape Canaveral Out of Danger

By CHARLES E. TAYLOR  
United Press International

MIAMI (UPI) — Hurricane Ginny aimed 85 miles an hour winds today at the southeast Georgia coast and the weather bureau said the center probably will hit the mainland late tonight or early Friday.

"Hurricane warnings will likely be hoisted in the area from St. Augustine, Fla., to Savannah, Ga., later today," the Miami Weather Bureau said in a noon EDT advisory.

The advisory extended gale warnings from Daytona Beach, Fla., to Myrtle Beach, S. C. Small craft warnings were posted elsewhere along the coast of the Carolinas and the Florida coast southward to the Keys.

Clear At Canaveral  
An "all clear" was sounded for the nation's space center at Cape Canaveral.

Further to the north, nearly 100 military planes were flown inland from bases in north Florida and south Georgia.

Thirty aircraft were evacuated from the Jacksonville naval air station. Fifty planes from the Jacksonville naval air station near Brunswick, Ga., also were flown inland.

The hurricane was increasing slightly in intensity, the weather bureau said.

At noon EDT the center was located about 80 miles east-northeast of Daytona Beach, near latitude 29.5 north, longitude 79.9 west.

It was moving toward the west-northwest at 8 miles per hour. Forecasters said the hurricane should continue toward the west-northwest or northwest the next 24 hours.

Forecasters said winds above the storm would provide the main force tugging Ginny out of its stall toward the north for a second time, making the hurricane a threat to Georgia and the Carolinas unless it swung northeastward out to sea.

The season's seventh twister, which grew into a hurricane while moving northward off the North Carolina coast last Sunday and then did an about-face and headed in reverse fashion toward Florida, flung gale winds 200 miles to the north and 100 miles to the south.

At Portsmouth, Va., the Coast Guard widened a search today for the commercial tug Meitowax, missing with four men aboard since Sunday on a voyage from New York to Charleston, S. C. Also being sought was the 42-foot ketch Saruga, with three Canadians aboard, overdue on a trip from Bermuda to New York.

The decommissioned Navy destroyer escort Fogg, which was rescued by the Coast Guard after drifting with its 10-man crew in hurricane tossed seas for two days, was expected to be towed into Norfolk this afternoon.

At Cape Canaveral, a triangular sand pit jutting into the Atlantic, the billion-dollar U. S. rocket testing center was tightly battened down and two rockets were removed from firing pads Wednesday when Ginny threatened the area on a backtracking southwestward course.

DISTRESS SIGNAL — Upside down flags were flying in front of at least three Pampa homes today, designating distress-over-President Kennedy's proclaiming today as "United Nations Day." The flag in the picture was at the home of Jerry Lunsford, 517 Hazel. Two others were flying upside down at the homes of Michael Wilson, 2214 Aspen, and James Goodwin, 2005 N. Duncan. The three men said it was their way of saying "the United Nations is one of the gravest threats to the U.S." (Daily News Photo)

## California Escapee Nabbed Near Pampa Admits Hereford Robbery

Clinton R. Wright, 24, an escapee from the Los Angeles County Prison Farm near Los Angeles, Calif., was returned to Hereford yesterday afternoon by Sheriff Lowell Sharp of Deaf Smith County. Wright, accused of committing a burglary in Hereford Tuesday, was apprehended yesterday 14 miles east of Pampa on U.S. Highway 60.

According to Gray County Sheriff Rufe Jordan, Wright was brought to Pampa by Highway Patrolman Billy Ray Dickey of Amarillo.

Patrolman Dickey reported he saw a car parked at the side of the road with a man sleeping inside. When he stopped for a

routine check and saw several cartons of cigarettes in the back seat of the car, he became suspicious and brought Wright to Pampa for investigation.

During the investigation and questioning, Wright admitted he had escaped from the Los Angeles county prison farm in California last week.

In the six days between his escape last Thursday and his arrest yesterday, Wright had stolen three cars, a set of license plates and robbed a cafe, a Dairy Mart and a service station.

According to Sheriff Jordan, Wright was living with his father in Torrance, Calif. He was

arrested by the Los Angeles County Sheriff March 7 and pleaded guilty in a district court to a burglary charge. He was sentenced April 8 to serve a year at the county farm.

When Wright and Robert Ingram, another inmate, escaped from the farm last Thursday they stole a 1958 model Chevrolet, went to Long Beach, Calif., where they argued and separated. Wright stole another car, abandoned it and walked to San Bernardino, Calif., where he caught a train for Tucson, Ariz.

In Tucson he stole a 1960 Chevrolet Corvair and drove to Roswell, N.M., and stole two New Mexico license plates. He headed for Amarillo, he robbed a cafe in Elida, N.M., Monday night and drove to Clovis, N.M.

Tuesday night in Hereford, he robbed a Dairy Mart cigarette machine of \$30 in cash. On his way out of town, he robbed a service station of 27 cartons of cigarettes, a new tire and cokes.

According to Sheriff Jordan, New Mexico, Arizona and California authorities have been notified. If Wright is found guilty after trial in Hereford he will be sent to the state penitentiary in Huntsville.

Detainers from California, Arizona and New Mexico will accompany him to Huntsville, Sheriff Jordan said.

## Yogi Berra Named Yankee Manager; Quits as Player

By GEORGE LANGFORD  
NEW YORK (UPI) — Yogi Berra, who rose from the slotted of St. Louis to become one of the greatest catchers in baseball history, was named officially today as the new manager of the New York Yankees and immediately announced his retirement as a player.

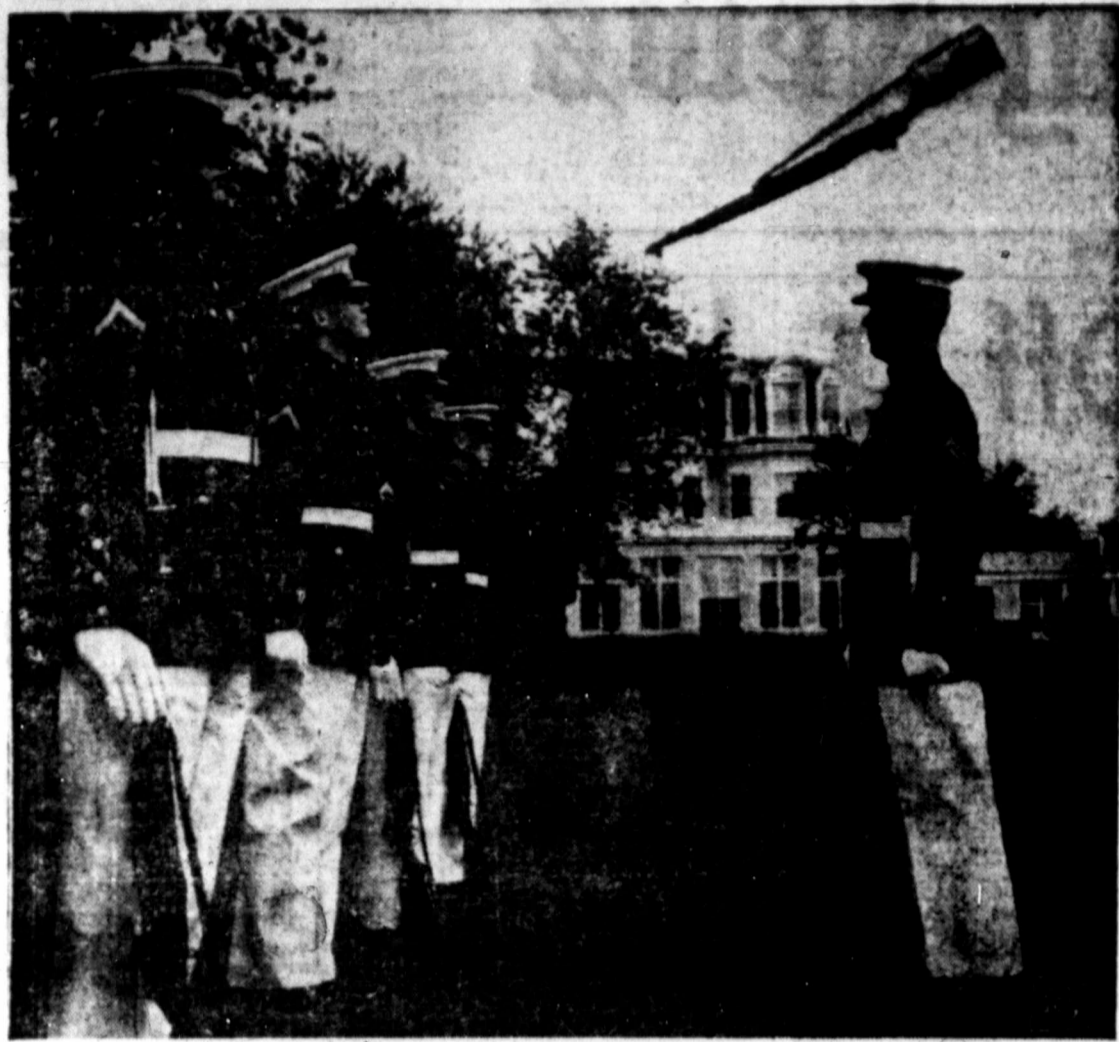

The squat, 38-year-old Berra succeeded Ralph Houk, who was appointed general manager of the Yankees on Tuesday after leading the team to three

American League championships and two world titles in three years.

The official announcement of Berra's appointment was made by club President Dan Topping at a press conference in the Savoy-Hilton Hotel.

Topping announced that Berra's contract was for one year "at his own request."

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

**GYRENE GIRATIONS**—Each of these shaven-headed Marines would rather suffer a fractured skull than give the slightest indication that he was aware of the rifle spinning in the air at the Marine Barracks in Washington, D.C. Corp. Gary F. Collins, right, known as "the rifle tosser," has just inspected the weapon and thrown it backhand over his head to the man facing him, who must remain rigidly indifferent until the last second and then grab the rifle in a military manner. Fortunately for him, the bayonet has been removed.

### New Federal Building Has Oodles of Clocks

MEMPHIS, Tenn. (UPI)—Everyone agreed the new federal building was a clockwatcher's paradise. Inadvertently so. Employees of 30 federal agencies, moving into the \$13.5 million structure Monday, found nothing but clocks on several of the building's 11 floors.

Some of the 365 clocks were strewn about various rooms. Others were stacked wall to wall, defying admission to offices.

"This is a little extravagant," admitted a spokesman for the General Services Administration (GSA), which manages the

building. GSA building manager Mervyn Anderson-Smith said the clock-log resulted from a slip-up in the contract for the building. He said the contract provided for installation of the clocks over office doors, but it failed to specify the locations.

The contractor decided to let the government put up the clocks and placed them indiscriminately on the floors of offices throughout the building. This created a problem for furniture movers who had to shove clocks aside to make way for desks.

### Youth Center Calendar

**FRIDAY**  
4:00 — Swimmers Class; Gym Open Activity  
5:00 — Ladies Swim and Aid Course  
6:00 — Swim Team  
7:00 — All Ages Swim

**SATURDAY**  
9:00 — Basketball Clinic for boys grade school thru Jr. Hi; Swim Team

Anderson-Smith said the "excess" clocks were being stored until it can be learned where they go.

## WIN CASH! in FURR'S TV BINGO

SEE IT ON  
KGNC-TV  
CHANNEL 4  
12:30 PM  
MONDAY THRU  
FRIDAY

Play this exciting game! There's fun for all! First person completely covering the card will win \$50 (first day). If no winner, \$20 will be added each day until a winner is named. Person must be 18 years of age to participate. No purchase necessary to pick up cards. Consolation winners (those filling cards after first person, the winner, has called) will receive 1200 Frontier Stamps.

# Pampa Girl Will Vie For State Sweetheart Title

Paula Sealey, 16, Sweetheart of the Pampa High School Vocational-Industrial Club and winner of the District I Sweetheart title, will represent Pampa in state competition in Abilene in April.

Paula, selected as the Pampa High Sweetheart Oct. 8, won the District I Sweetheart title last Saturday in Midland.

Competing against 23 girls, Paula was judged on the basis of poise, personality and personal interviews with judges.

In the state contest, she will model street wear and a formal gown and will be judged on the same basis as in district competition. Four districts will be represented in state competition.

Paula is a cheerleader and secretary of the junior class. She is the daughter of Mr. and Mrs. Murray Sealey, 412 N. Hill.

Paula was crowned during the District I fall organizational meeting. Five Pampa club members attending the workshop session were Dean Deetes, president; Kenneth Waters, vice president; Curtis Stapleton, treasurer; Barton Selmen, sergeant at arms and David Jacques, member. J. M. Thompson is sponsor of the Pampa club. Two officers unable to attend were Charles Tyler, secretary and Tommy Seales, reporter.

**THEFT REPORTED**

Harold F. Thomas, 515 S. Somerville, reported to police his .22 automatic rifle and a pair of engineer boots were stolen out of his brother's car while it was parked at his home, 515 S. Somerville Sunday night.

A play, "Teachers Pet" will be presented at the L. A. M. School Fun Nite at 7 and 8 tonight. Mrs. Dale Walker, member of the Pampa Little Theater, will direct the production.

A thought for the day—The British playwright, George Bernard Shaw, said: "There is only one religion, though there are a hundred versions of it."

# GOP Fund Dinner Tomorrow Night

John E. Grenier, Republican state chairman from Alabama, will be the featured speaker at the Gray County Republican fund-raising dinner at 7:30 p.m. tomorrow in the Starlight Room of Coronado Inn.

He will be introduced by Clayton Husted, G.O.P. executive chairman for Gray County. James P. Brown will be master of ceremonies.

Grenier has a bachelor of law degree from Tulane University and a master of law from New York University. He has been president of the Jefferson County, Alabama, Young Republicans and was elected state chairman of the executive committee of the Alabama Republican Party in 1962.

The dinner will be open to the public. Reservations can be made by contacting County Chairman Husted.

# 'Big Lift' Nears End of Operation

FRANKFURT, Germany (UPI) — American Air Force planes neared the end of their massive troop-carrying "Operation Big Lift" from Texas to Germany today hours ahead of schedule.

The historic air test of U.S. global striking power was expected to be completed at 10:40 p.m. (5:40 p.m. EDT), 8 hours and 20 minutes under the 72 hours that had been allotted for the airlift of the entire 14,500-men of the 2nd Armored Division.

Dr. Royce Laycock, president of the Gray County Cancer Association, and Mrs. Jack Foster will be delegates to the state Cancer Association convention in Houston Nov. 13, 14 and 15. The announcement was made during the monthly meeting yesterday of the county association in the Coronado Inn.

Mrs. Kermit Lawson, vice president, and a delegate to the district conference in Dumas Oct. 3, reported on the program.

Mrs. Homer Johnson, educational chairman, stated six civic clubs have been provided with speakers and films for October.

The report of the service chairman, Mrs. Roy McKernan, included the announcement that the November project of the Missionary Union of the First Baptist Church will be construction of Cancer bandages.

Don Lane, campaign chairman, introduced E. E. Shellhamer as the advance-gifts chairman for the 1964 crusade. The next meeting is scheduled for Jan. 22, 1964.

# Dallas Surgeon Will Address Kiwanis Friday

Dr. Milton V. Davis of Dallas, candidate for U. S. senator in the Texas Republican primary, and a specialist in open heart surgery will address the Downtown Kiwanis Club luncheon at noon tomorrow in the First Methodist Church. His topic will be "Conservatism, the Sign of Our Times."

Dr. J. Foster Elder will introduce the speaker, who is a member of the Dallas County Republican Party Speakers Bureau.

Dr. Davis heads the committee on military and veterans affairs for the Texas Medical Association. This year the TMA sent him to testify before the U. S. House of Representatives sub-committee of Veterans Affairs.

Until 1962 he was secretary-treasurer of the American Medical Political Action committee and was selected by the Texas Medical Association to testify before the House Ways and Means committee concerning the King-Anderson Bill in 1962.

A specialist in thoracic and cardiovascular surgery, he is chief of Thoracic Surgery Service at Children's Medical Center and is on the staff of Dallas hospitals.

# Rotarians See Film of Safety

Lonnie Richardson, of the Celanese Corp., showed a film on Safety at the Pampa Rotary Club's luncheon meeting yesterday in the Coronado Inn.

The film stressed that safety in the home, in play, in travel and in work is a family affair.

Richardson said the local Celanese plant devotes an hour each week to a safety education program for its employees. The plant has not had a lost time accident since June 1957 and their continuous safety record now stands at more than 3,600,000 hours.

# Greek Poet Wins Literature Prize

STOCKHOLM, Sweden (UPI) — Greek poet and diplomat Giorgos Seferiades won the 1963 Nobel Prize for literature today.

Seferiades is the first Greek ever to win the Nobel literature prize which this year carries a cash value of \$51,158.

The Swedish Academy of Letters gave the 63-year-old poet-diplomat the award for the "unique thought and style and beauty of his language, which has become a lasting symbol of all that is indestructible in the Hellenic acceptance of life."

# Pampa Exchange Student Writes From Sweden

Gordon Bayless, son of Mr. and Mrs. Gordon D. Bayless, 2114 N. Nelson, has adopted Helsingborg, Sweden, as his home for a year. He is Pampa's foreign exchange student and is studying for a year in the boy's school at Helsingborg.

He is making his home with the family of Christer Jonsson, who was the American Field Service student in Pampa for the 1961-62 school year.

"My purpose in being here is to learn Swedish, get an idea of the way another country's people live, and to try in some way to give the people of this country an idea of the way we live. Because I hope to enter some field of international work, this is valuable pre-experience," Bayless said in a letter to The News.

Bayless is a 1963 graduate of Pampa High School and will return home next summer to attend a university.

As well as attending school, Bayless has visited Copenhagen, Denmark, and Stockholm, Gothenburg, and other Swedish cities. En route to Helsingborg, Bayless toured parts of France, Holland, Germany and Denmark before arriving in Helsingborg.

The town is located in the southern part of Sweden, three miles across the Oresund from Denmark.

**Carnival Queen To Be Selected**

**CANADIAN (Spl)** — The Canadian High School Wildcat Band won a coveted First Division rating Tuesday morning in the Region XI Interscholastic League band marching contests at Buffalo Stadium at Canyon. Only four "firsts" were awarded by judges to Class A bands. Receiving top ratings, along with Canadian, were Panhandle, McLean and Memphis bands. Second division ratings went to Farwell, Sunray, Stratford, Gruver and Wellington; and third division to Sanford-Fritch and Lefors among the Class A entries. A "first division" rating in the band marching contests at Canyon was awarded to one of the Canadian high school band twirlers, sophomore Janice Selby. Other twirlers with the Wildcat Band received second division ratings for their individual performances.

**Canadian Band Takes a 'First'**

**CANADIAN (Spl)** — Four Canadian high school senior girls have been nominated for Carnival Queen at the 1963 all-school Halloween Carnival which will be staged Saturday night at City Auditorium. Competing for the honor will be Carolyn Harrington, Kay Abraham, Mary Rivers and Karen Norris. Receiving special honors at the Carnival as "visiting royalty" will be Margaret van der Goes of Bussum, Holland, who is spending this year as a senior in Canadian high school under the Foreign Student Exchange program of the American Field Service.

**Alumni Dance Set for Friday**

The first all-alumni dance will be held at the Holiday Inn West in Amarillo Friday night during the West Texas State University's homecoming celebration. The Jan Garber orchestra will perform. The dance is open to all ex-students and classes of 1952 through 1956 will be featured as reunion classes. Admission to the dance will be \$5 per couple.

**PRESENTS CREDENTIALS** — LISBON, Portugal (UPI) — New U.S. Ambassador Adm. George W. Anderson presented his credentials to Portuguese President Adm. America Thomaz Tuesday. Anderson succeeds Burke C. Elbrick.

**Cattle Feeders, County Agents To Form Group**

Cattle feeders and county agents from the Panhandle area will meet Nov. 5 in Amarillo to form an organization to give feeders a chance to meet regularly and discuss mutual problems, according to Foster Whaley, Gray County agent. Rex McAnelly and Jack Osborne will attend from Pampa and John Haynes from McLean. The announcement of the organizational meeting was made by Sam Thomas and Jack Thompkins, co-chairmen of the Livestock Feeders Club subcommittee of the Farm and Ranch Council of the Amarillo Chamber of Commerce. The social hour will begin at 7 p.m. in the Herring-Hotel and dinner at 8 p.m. According to Whaley, the speaker will be a member of the T-Bone Club in Colorado. The pilot meeting is being sponsored jointly by the Farm and Ranch Council, the Cattle Feeders Division of the West Texas Chamber of Commerce and the Livestock committee of the West Texas Chamber of Commerce.

**Foundation Grant to Help Gray County 4-H Clubbers**

Gray County 4-H Club members will benefit from the recent \$25,000 grant made by the Board of Directors of the Moody Foundation to the Texas 4-H Youth Development Foundation. The foundation also supports 14 leadership training camps for 4-H adult leaders. Gray County leaders attended a leader training workshop in Cleta Canyon in 1961. According to Foster Whaley, Gray County agent, the foundation is a major supporter of the all-state 4-H Club roundup held every June at College Station. This roundup is the climax of about 30 different state contests. This year, Pampa sent two teams to the roundup. The farm management team was instructed by Whaley and the rifle team was directed by Robert McCann, adult leader. Calvin T. Johnson of Dallas, chairman of the Texas 4-H Youth Development Foundation, stated on receipt of the grant: "We believe this investment in 4-H, approved by the directors of the Moody Foundation, is representative of the growing awareness and appreciation by individuals, firms, and foundations to the 4-H club movement. "No other youth organization, in my opinion, provides boys and girls a greater opportunity to experience first-hand principles of our agri-business economic system and to gain an understanding of individual citizen rights inherent in our U.S. Constitution." The foundation was organized in 1962 by Texas leaders of agriculture, business and the professions to seek and distribute funds from private sources to support 4-H Club activities that had no other support. Local area 4-H club programs are directed by Whaley, assisted by Jerry Harland, assistant county agent and Miss Lou Ella Patterson, county home demonstration agent and Mrs. Juanita Channell, assistant home demonstration agent.

**CITES HIGHWAY SYSTEM**

WASHINGTON (UPI) — The Bureau of Public Roads today credits the nation's interstate highway system with saving 5,000 lives a year, largely because of its limited intersections.

When the 41,000-mile system of super-highways is finished it should prevent the deaths of 2,000 more motorists a year, according to the same survey cited Tuesday by federal highway administrator Rex M. Whitton.

**NEW WALKIE-TALKIE**

WASHINGTON (UPI) — The Army demonstrated Tuesday a tiny receiver and transmitter designed to replace the old seven-pound walkie-talkie radio. The receiver is worn on a helmet, and the transmitter is held in the hand, or kept in a pocket when the soldier is only listening. Both weigh less than two pounds. A 12-inch antenna of steel tape also can be fixed to the helmet.

**BIG PAINT JOB**

SAN DIEGO (UPI) — Painting of the 80,000-ton aircraft carrier Kitty Hawk requires a total of 300,000 gallons of paint. That's enough to paint 30,000 average homes.

### Foreign News Commentary

By PHIL NEWSOM  
UPI Foreign News Analyst

As Britain step by step has gone about the business of dismantling its empire and giving independence to former colonies, among the most persistent of its headaches has been the crown colony of British Guiana. Although on the way for more than 10 years, independence still is a goal to be realized by British Guiana which is situated on the north coast of South America and is about the size of Kansas.

Now the British are making another try at setting a date. British Guiana has been described as a small country with big problems, poor, racially divided and isolated by mountains and jungle.

As well as being a problem to itself and to Britain, it also is a problem for the United States.

At the center of the problem is Guiana's prime minister, Dr. Cheddi Jagan, an American-trained dentist of East Indian descent, and his wife, Janet, who once called Chicago home and who doubles as minister for home affairs with responsibility for internal security.

Jagan is an admitted Marxist and an admirer of the Soviet Union and Castro Cuba.

Jagan Predicts Trouble  
In London, Jagan has been making dire predictions of an "explosion" if British Guiana does not achieve its independence now. The country, he said, could be the signpost, whether the whole of Latin America is to proceed through peaceful evolution or bloody revolt.

Jagan derives his strength from the East Indians who make up nearly half of British Guiana's population, living mostly in rural areas and working on the big sugar plantations.

His chief opposition comes from the predominantly Negro Peoples National Congress led by Forbes Burnham representing a voting bloc nearly as large as Jagan's.

And, while Jagan talks of an "explosion," Burnham talks of civil war.

Last April the two forces locked in a bloody struggle which began with a general strike and lasted 11 weeks. Fourteen persons were killed in ensuing Negro-Indian race riots and about 40 buildings were bombed or burned. Before British troops restored order, losses in property and wages ran to millions of dollars.

Strengthened Red Ties  
Jagan used the period to strengthen his ties both with the Soviet Union and Cuba. He sized Shell Oil storage facilities and used them to store Russian gasoline. Cuba shipped in oil and flour and the Soviet Union offered long-term loans and cheap prices for fertilizers and agricultural machinery.

Jagan also offered landing rights to Cuban planes next door to both Venezuela and Brazil.

The United States sees an independent Guiana under Jagan as another Cuba and its suspicions are confirmed by Jagan's own words.

It has brought pressure upon Britain to see that such does not occur. On the other hand, there have been British complaints that the U.S. position destroys any chance of racial peace or national unity.

### Curry's Father Dies Suddenly Of Heart Attack

EASTLAND, Tex. (UPI)—F. P. Curry, 58, father of Nathan Curry who was acquitted of murder charges Saturday, died yesterday at Eastland Memorial Hospital of a heart attack.

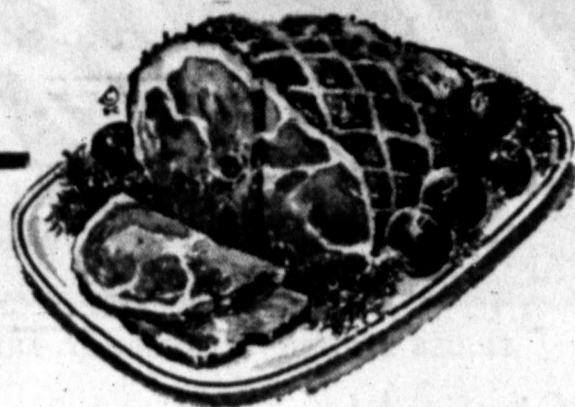

Curry, a grocer until his son was accused of the 1961 slaying of Mrs. Florence Hussey, 53, a Cisco, Tex., church secretary, entered the hospital Sunday in critical condition with a heart ailment.

He told reporters at the Palo Pinto trial of his son, "The scars will never heal from all this."

The younger Curry was acquitted Saturday. Curry senior was not permitted to be in the courtroom at the time the verdict was announced because of his heart ailment.

FINE THE SAME  
HENDON, England (UPI)—Magistrate E. Hudson-Davies, who recalled that he was fined \$1.40 48 years ago for having a faulty silencer on his car, levied the same fine for the same offense on a defendant Monday "to show that the cost of living

Burglar Caught After Hiding in House Six Days

LUGO, Spain (UPI)—Enrique Castedo Gomez crept quietly into a home here last Wednesday and set about burglarizing it. But while he was upstairs Manuel Trigo Pol and his family came home.

For the next six days, police said today, the hapless Gomez, 56, hid in the attic of the house, waiting for the Trigo Pol family to go away so he could get out.

At night, the police said, Gomez went down to the kitchen to steal food. By day he sat hunched up in the tiny attic and thought dark thoughts about the wages of sin.

Tuesday the house finally fell quiet and Gomez, thinking the family had left, climbed down from his attic. But as he passed the main bedroom the temptation became too great and he delayed a moment to rob it.

CLASSIFIED ADS GET RESULTS

Advertisement FAT OVERWEIGHT

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose up to 7 days or your money back. No strenuous exercise, inactive, massage or taking of so-called reducing candies, crackers or cookies or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions, because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs \$3.00 and is sold on this GUARANTEE: if not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by:

MISTRESS OF BLAIN-VIEW FARM—No rocking-chair farmer, Mary Rice lends an active hand in the running of her 245-acre Blain-View Farm nested in the Tuscarora Mountains in Pennsylvania's Perry County.

Texas Traffic Death Rate up 10 Per Cent

By CARLTON WILSON AUSTIN (UPI)—Two months ago drivers stepped a little harder on the gas pedal when speed limits were increased on most major highways from 60 to 70 miles per hour.

It's still too early for an accurate statistical comparison, but the latest figures from the Department of Public Safety show a slight increase in the number of fatalities this year over September and October of 1962, when there was the slower maximum speed.

is 10 per cent higher than for the same 1962 period. When the speed limit was increased on Aug. 23, the fatalities on state roads were running 7 per cent higher than in 1962—a 3 per cent hike.

Upward Trend A spokesman for the DPS said there is no doubt of "a continuation of an upward trend in the number of persons killed."

The State Highway Department put the new 70 mile speed limit signs on 41,500 miles of a total of 60,140 miles of major highway. Mostly, the faster driving is allowed on divided highways.

Speed checks are being made by the department staff to see if the higher limit is being abused. The old maximum of 60 miles an hour was not strictly obeyed. It will be two months before highway department reports are ready.

Weekly Figures Each week the DPS issues a report of the number of persons killed in traffic and the number of fatal accidents. Those figures are compared to the running total for the same period the week before.

On the week of Aug. 23 of this year, the report said, 1,514 persons were killed in 1,251 fatal accidents; compared with 1,418 deaths in 1,158 fatal accidents the year before—an increase of 96 deaths and 93 accidents, or 7 per cent more deaths.

Last week, the figures had grown to 1,958 deaths this year in 1,619 accidents, compared with 1,788 fatalities in 1,481 fatal accidents for the same 1962 period—an increase of 170 deaths and 138 accidents, or 10 per cent more deaths.

Canadian River Foliage Tour To Open Sunday

CANADIAN (Sp) — The Canadian Chamber of Commerce foliage tour committee has set Sunday and Monday as the dates for the 1963 Canadian River foliage and wildlife tour.

The Canadian C of C will operate an information booth both tour days on the road to Lake Marvin. The pioneer log cabin will be open to the public and exhibits of Indian artifacts and antique guns will be on display at the lake.

**FASTEST GUN IN THE NAVY**—In only four seconds, all the shells (887 of 'em) shown being loaded, left, could be fired from this Navy A-4 Skyhawk jet. The three pods under the plane are not fuel tanks but a new serial weapon system developed by Hughes Aircraft. It consists of three 20-mm cannon capable of firing armor-piercing shells at a rate of 12,600 rounds a minute, making it the

Navy's "fastest gun." Right, a tank is blasted during a test on the Mojave Desert ranges of the Naval Ordnance Test Station at China Lake, Calif. A burst as short as one second against a target equals the destructive force of a 4,000-pound object dropped from 1,000 feet. Black specks are expended shell casings, falling from the jet's cannon by the hundreds.

## Private Schools Hold Important Place in the Educational Picture

By DAVID NYDICK  
UPI Education Specialist

Private schools have an important place in the American educational picture. They vary in purpose and approach ranging from the non-profit religious school to the profit making secretarial school.

Why do private schools flourish when a free education is available through high school and in some places even through college? The answer is that they serve specific needs not always available in public schools.

Parochial schools combine the normal educational program with religious instruction. Parents have sent their children to these schools for many years. The tuition costs are on a non-profit basis. These schools probably account for the largest number of private school students through the high school level.

**Problem Students**  
At the elementary level, there are a variety of private schools which specialize in working with students who have problems. These schools might concentrate on physical, emotional or educational difficulties. They may be organized on either a profit or non-profit basis. In either case they usually charge a tuition fee.

**Diplomas For Adults**  
There are schools which offer adults an opportunity to obtain high school diplomas. Through "Y's, churches, synagogues, clubs, etc. many types of courses are offered. These vary from recreational topics such as art and bridge to auto repairing and bookkeeping.

At the college level, the private institutions are most important. The majority of well-known universities and colleges are private non-profit organizations.

Private schools at all levels are certainly necessary. They serve to satisfy the special need of many individuals. In addition there are the private schools which cater to the individuals who wish to pay for the privilege of small classes and special attention. This includes the boarding as well as the military school.

The quality of private schools varies as do public schools. If you feel the need to send your child to a private school, investigate very carefully before making a choice.

**Evaluate Public Schools**  
Your first step should be to evaluate the local public schools. Find out what special

services they offer to satisfy your needs. You will then have some standard with which to compare the private school.

Check to see if the school is licensed by the state Department of Education. Look into their program. See if it is designed to meet your special needs. A carefully planned curriculum is important. You might discuss it with the local public school principal, your doctor, and your clergyman.

Evaluate the facilities and staff of the school. Small classes are always advantageous. A library, reference books, special equipment, and proper safety and health facilities are needed. The staff should be properly trained, experienced and licensed.

Look at all aspects of the private school in relation to the public schools. Compare the offerings. Make sure to evaluate and balance the total picture.

## Now In Pampa

**FOR TODAY'S BUSY ADULTS-**

**TODAY'S MILK PRODUCT!**

**LESS FAT! MORE PROTEIN!  
ADDED VITAMINS AND MINERALS!  
DELICIOUS FRESH TASTE!**

Because adult milk needs differ from those of growing youngsters, Sealtest created Vita-Lure. Developed by Sealtest nutritionists and perfected in Sealtest laboratories, Vita-Lure is the balanced milk product for today's adults. So good! So refreshing! Drink Vita-Lure today!

## Washington Window

By LYLE C. WILSON  
United Press International

The American Citizen with the biggest stake in the administration's tax reduction proposal is President John F. Kennedy. His job probably depends on enactment of the bill.

Secretary of Treasury C. Douglas Dillon was telling the Senate Finance Committee last week that the business outlook is not good. Dillon is fearful of an economic recession late next year. That is what puts JFK's job in jeopardy. A recession would have mighty impact on the presidential election in which Kennedy will seek a second term.

He and the Democrats licked the Republicans in 1960 and maybe they can lick 'em again. But they cannot lick a depression. Thus it is that the administration's pleading for the \$11.1 billion tax cut has the urgency of "man overboard," uttered at sea.

JFK butchered Richard M. Nixon in the 1960 presidential campaign. The young man from Massachusetts seemed to have everything going for him. Best of all going for Kennedy was his role of attacker. Nixon was stuck with the defensive because he ran as the entry of the ins.

**Stuck With Defense**  
Next year Kennedy will be stuck with the defense. The offensive will have passed to the Republicans and to their candidate for President, Nixon in 1960 had to defend a substantial unemployment as well as a missile gap that wasn't there and he was pretty well clobbered in the process.

How is it with unemployment now? Well, the Labor Department calculates that as of September of this year there were 3.5 million persons unemployed, comprising 5.6 per cent of the labor force. The figure for 1960 during which JFK was campaigning against the Republicans on the issue of unemployment, was 3.9 million jobless. That, also, was 5.6 per cent of the labor force. Not much improvement!

Campaigning on Sept. 5, 1960, in Pontiac, Mich., candidate Kennedy drew applause when he said: "We are not going to be satisfied until every American who desires a job can find one at decent pay."

Moving on to Flint, Mich., he told a Labor Day audience: "Same as Roosevelt  
"Economic growth, automation, full employment — those are the issues of the 1960s, a decent life for all Americans. And what Franklin Roosevelt attempted to do in the 1930s, in a different scale, facing differ-

**MEDIAN INCOME UP**  
WASHINGTON (UPI) — The median family income in the United States rose 100 per cent in 15 years to reach \$6,000 in 1962, but rising prices during this same period allowed only a 45 per cent increase in purchasing power.

The Commerce Department said Monday that from 1961 to 1962 the average family income went up about 4 per cent.

The department's study also found that the median income of families with both the husband and wife working was \$7,500 compared to \$5,800 where only the man of the house held down a job.

ent problems, we are going to do in the 1960s."

Kennedy was precisely accurate in saying that FDR merely attempted to cope with those problems. FDR couldn't bring it off until World War II boomed industrial production, created jobs for all, and a mass prosperity.

What FDR merely attempted in the 1930s, JFK said he would accomplish in the 1960s. If self-confidence could have done it, Kennedy would have brought it off. There probably has not been a more self-confident candidate for public office in our times than JFK in his 1960 campaign.

It was that self-confidence that prompted retiring President Dwight D. Eisenhower to remark to some visitors over a friendly glass shortly before Kennedy's inauguration: "I don't believe that young man knows what he is up against."

Annual Family Dinner Tonight

Plans were approved in a recent executive board meeting of the Stephen F. Austin PTA to schedule the Annual Family Night Dinner to be held tonight.

Reports Given At C.W.F. Meeting

A coffee was held for the women of the First Christian Church during the October meeting of C.W.F. Mrs. D. V. Burton presided at the business meeting.

Senior Center Corner

By MRS. O. A. WAGNER Senior Citizens Center

Nice crowd out Thursday to enjoy the games and the nice fall weather. Time to buy that new fall hat.

Guests of Mr. and Mrs. Lewis Henderson recently were Mr. and Mrs. Andy True of Tonkawa, Okla. Mrs. True was a childhood playmate of Mrs. Henderson, and Mrs. Bill Sims.

Was nice to have Mrs. Ida Faulconer and grandson, Glen Hyler with us from Lonewolf, Okla. Mrs. Faulconer was one of the original Nokomis, and a regular attendant of the Center.

Mrs. Verda Adair spent last week end with her granddaughters in the Hereford area. Mrs. John Zuerker conducted an installation service for the officers of the coming year.

Mrs. Paul Reimer presented the devotional. The meeting closed with the C.W.F. benediction.

ter, Mrs. Norma Burgess, in Oklahoma City. Mrs. Adair had a nice surprise Monday noon when a bunch of old friends and Skelly employees came in with well filled baskets to help her celebrate her birthday.

Was nice to see J. M. Patton, one of the colorful old timers, out. He does not always make it. Mrs. Mary Harris has her sister Mrs. Jack Antich of Lincoln, Neb. as a house guest and brought her to the Center this week.

Roy Bell was over from Peryton one day this week and visited his aunt, Mrs. Mollie Hethcock.

Frank C. Campbell, who visited the Center several months ago, was very favorably impressed with Pampa, so has moved over from Bartlesville, Okla. to make his home here, and is a new member of the center.

Mrs. Mollie Hethcock had a nice surprise last week when some old friends dropped in: Opal and Lola McVickers from Washington state and the McVickers twins from Logan, Oklahoma. They were on their way back to Oklahoma from a sight seeing trip thru New Mexico.

Mrs. Maggie Deal was missed from her usual place; staying close to the telephone; as her daughter Miss Glenna Deal was to undergo a major operation at the John Hopkins Hospital in Washington, D.C. Mrs. Deal had a nice surprise Sunday when her cousin Mrs. Lora Weaf of Mission Hills, Calif., and her sister Mrs. Mittie Comersol of Amarillo came in to spend the day.

The Civic Culture Club was hostess; serving were Mmes. Irvin Cole, Floyd Pennington; W. Scott, H. S. Alexander, R. E. Douer, J. B. Townsend, A. D. Hills, Harvey Waters, K. A. Sorenson, Louise Sewell, Ophelia Morris, Emmitt Osborne, George Neef. Delicious home made pies and coffee was served during the refreshment hour. Door prizes went to Mrs. Mollie Hethcock and Mr. Butler. Baskets of apples. The centerpiece for the serving table was lovely home grown chrysanthemums. Altruists serving; Mmes. Emily Coston, Louise Sewell, Jay Flannigan, Charlene Yeager. Gray Ladies; Mmes. Jess Hatcher, George Benham, A. D. Hills, O. F. Kreimeyer. May God Bless and keep you. Bye until next week. Mrs. Wagner.

ASK THE EXPERTS In all major rebuilding and remodeling projects about the home, consult the experts. For example, if you plan to install ceramic tile on walls and floors, see your contractor for help in selecting the type, color and design. Extensive alterations should not be undertaken without first getting the advice of your architect. For a decorating job with a flair, your interior decorator is the specialist to see.

Dear Abby... Report It... Or You Share the Guilt

By ABIGAIL VAN BUREN

DEAR ABBY: This isn't the type of letter you usually get, but maybe you can do something about it. Every night a gang of neighborhood teen-age punks search for, and find, poor stray kittens and cats. They torment these poor animals by sticking needles into them, breaking their legs and burning them alive. They even give kittens to large dogs to chew and maul. I have seen them, and so have others. Everybody complains, but nobody does anything about it. I am willing to do anything I can to stop them. Where do I start?

MRS. B. DEAR MRS. B.: You start by calling the police — and you don't stop there. You also call the Society for the Prevention of Cruelty to Animals (S.P.C.A.). Anyone who has knowledge of such cruelty and neglects to report it, shares the guilt with the tormentors.

DEAR ABBY: I have been divorced for nine years. I met a man at work (also divorced) and we have been seeing each other for six months. As I am writing this, I am in the hospital recuperating from my second cancer operation. This man really worships me and insists on getting married right away. I have explained the whole thing about my operations, but he says it makes no difference. All he wants is to marry me and take care of me. I love him very much. We are both in our early fifties. Do you think I would be doing wrong in marrying him? I want an honest answer.

BORROWED TIME DEAR BORROWED TIME: Marry him. And enjoy as much time together as the Lord allows.

DEAR ABBY: Half the time I don't get a chance to read the newspapers, but I always save them to wrap potato and onion peels in. I want you to know that I never throw garbage on a paper until I make sure I've read your column. I wish I could talk to the mother of the little boy who bit the dentist. Remember? Then the dentist sent his nurse out to tell that mother to take her kid to another dentist next time. My mother raised six

of us kids by what she called the "Three B's" system: "Bust their behinds with a board!" That's the way I'm raising mine, and I must admit — it works.

CONFIDENTIAL TO CONFUSED IN NORFOLK, VA.: Don't expect your friends to give you any helpful advice with that problem. They will only tell you what they think you want to hear. Talk it over with your clergyman.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Calvary Baptist Officers Elected

Mrs. Jack Roberson was installed as president during a recent service held by the W.M.U. of the Calvary Baptist Church. Mickey White acted as installation officer, using different types of musical instruments to signify the positions.

Other officers are: Mrs. Bert Mitchell, vice-president; Mrs. R. R. Hawkins, secretary and treasurer; Mrs. Chick Humphries, stewardship; Mrs. Charles McGahen, community missions; Mrs. Orval See, mission study; Mrs. Carl Hoffizer, prayer chairman; Mrs. C. W. McGahen, Mrs. Viola Matthews, A. Sharp and Mrs. J. B. Crocker, circle chairman; Miss Wanda Huff, Y.W.A. counselor; Mrs. Tony Cob, intermediate counselor; Mrs. Gene Curtis and Mrs. Floyd Haught, beginner Sunbeams; Mrs. Maxine Bennett and Mrs. Jimmie Davis, social chairman; and Mrs. Myrel Lopper, publicity chairman.

Jade-Look The jade-look will be important in jewelry this winter. You'll find it in earrings, bracelets and necklace clasps.

A new aerosol Spare Tire, over the valve of the deflated tire. It fills tire in 60 seconds and after driving only a few hundred feet, it is claimed, the damaged tire will be completely inflated, sealed and as good as ever.

Flatter Color What could be prettier for holiday wear than a basket-weave wool in emerald green? It's a color that's flattering to many women.

# Plainview Coach Unsure of Spirit

PLAINVIEW (Sp) — Coach Don Williams admitted that he wasn't sure whether or not his Plainview Bulldogs would be "up" for Saturday night's visit from the Pampa Harvesters, but said "I hope they are."

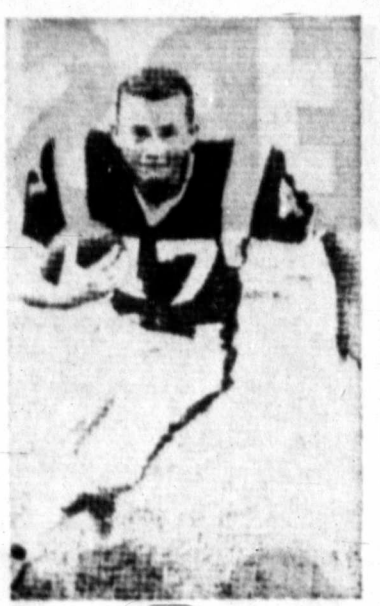

"It's hard to say," reported the Bulldog coach. "We weren't ready last week for Palo Duro."

Asked if playing the Dons off their feet for a half wasn't ready, Williams said "we played good ball for three quarters, not just a half. We had good fight and spirit, but we were making mistakes... mistakes we shouldn't be making at this time of year. We made a lot of errors on defense, especially our secondary."

"The main trouble was, I believe—that the boys were still living up that Littlefield win and didn't get ready for Palo Duro until just before the ball game. After all, it's time to be happy after you've broken a 24-game losing streak."

"As far as I am concerned, Pampa is potentially one of the four best teams in the district. They haven't fully lived up to that potential and you can't ever tell when they will... it could happen here. That Kenny Hebert is one of the best backs in the country, bar none, and that includes Greg Lott or anybody else."

Williams disagreed with the general opinion that Tom Sawyer is the leading back for the Dogs. "Sawyer is improving as a passer, but he has been disappointing at times as a runner... he didn't do too well last week. It may be because we are playing him at three different positions, quarterback and both halfbacks, but he can't handle the ball or fake like Harold Scroggins and we do need his running too."

JERRY WRIGHT

"In my opinion, Jerry Wright is our leading threat. He's averaging better than seven yards a carry. Joe Don Ford does a good job, and Robert Barnett will see a lot of backfield action."

The Plainview coach reported one change in his offensive line-up. Jerry Don Smith, 185, beating Vance Bradford, 165, out of the starting left guard spot on the basis of a better performance in the last two games.

Defensively, Williams made several shifts, but only one definite change and one possible. Eddie Piercy, 165, will take over Stan Tedford's middle line-backer spot. The right corner is up for grabs between Wright and Lloyd Hodges, 165.

Other defensive linemen are Jerry DeCordova, 190; Trent Jordan, 190; Smith and Robert Ferguson, 205. Cornermen are Scroggins and Wright or Hodges, linebackers are Ford, 180; Piercy and Rusty Etheridge, 185.

# Sporting Sidelines

by JEFF COHANE

WITH CANNY Otis (Out-of-the-hat) Hoffaday five games ahead, it behooves the Otis Swami to look deep into the crystal ball and try to pick some upsets to catch up (or perhaps go deeper into the hole like Chalk-eater Ray Howard, Weakeyes Brown and Texas Tech Ramsey). So here goes, with the week's picks, predictions and prognostications:

**BORGER 33, PALO DURO 7** . . . Otis, Gene Mayfield and the Bulldogs themselves have everybody convinced!  
**MONTEREY 28, CAPROCK 0** . . . The Longhorns keep coming, but can't quite reach.  
**AMARILLO 13, TASCOSA 7** . . . The Swami's upset special of the week, Tascosa is unbeaten, but hasn't played the district powers yet and have barely escaped with their lives against several foes, including Pampa. The Putt-Putts are surprisingly strong this year and have looked good even in defeat, especially to Borger. Caprock held them to 6-0 last week, but that was a grudge game, and statistically the Sandies whipped 'em all over the field. Gotta gain on Otis with this one.  
**STINETT 20, WHITE DEER 7** . . . Even Colie Huffman can't keep pulling rabbits out of a hat every week, he's literally run out of replacements, and without Big Eddie Kleibrink and Wes Schultz, the Bucks don't have the power to match the unbeaten Rattlers.  
**WHEELER 28, MIAMI 7** . . . This hurts! I wanted to give Bill Hines a report on how to stop the Mustangs, but found that there just wasn't no way, no how! I'll be settin' on the Warrior bench, but will have to see that Bill doesn't try to put me in the game. Porter and company are murder!

**CANADIAN 24, CLARENDON 12** . . . Another chance to pick up on Otis: Jack James is a fine guy... but he just doesn't have the manpower to stop this up-and-coming Wildcat team.  
**LEFORS 28, WELLINGTON 24** . . . Definitely the area game of the week. Two high-scoring outfits clash to take the lead in District 2-A. Got to go with the powerhouse Pirates, but it won't be an easy one.  
**McLEAN 21, MEMPHIS 0** . . . Tigers stay unbeaten in the 2-A race over Phil Duncan's boys.  
**CLAUDE 18, GROOM 14** . . . Claude is still unbeaten, although the Tigers could upset, warns Grady Burnett.  
**PORT ARTHUR 21, PORT NECHES 8** . . . Tried to pull a sneak with one of my old area teams, but nobody bit. Rex Wilson of Port Arthur is the finest high school fullback these blood-shot eyes ever saw.  
**BAYLOR 21, TEXAS A&M 14** . . . Trull's throwing too much.  
**TEXAS 28, RICE 14** . . . I wish I were wrong.  
**SMU 27, TEXAS TECH 17** . . . Mustangs gallop, even Ray and Eural are off the pie-eyed Pirates.  
**WISCONSIN 15, OHIO STATE 7** . . . Stick with a winner and get one on Otis.  
**PITT 14, NAVY 10** . . . The oddsmakers make the Middies, but we'll stick with the national rankings. Staubach stopped.  
**ALABAMA 21, HOUSTON 0** . . . Finally learned a lesson... ouch!

**WEST TEXAS 21, ARIZONA 0** . . . Even without the Pistol, Buffs have too much ammo for the West Wildcats.  
**GEORGIA TECH 21, TULANE 0** . . . How did this one creep in?  
**OKLAHOMA 28, KANSAS STATE 7** . . . Sooners show they can do it without Joe Don.  
**NORTHWESTERN 7, MICHIGAN STATE 6** . . . Tossup.

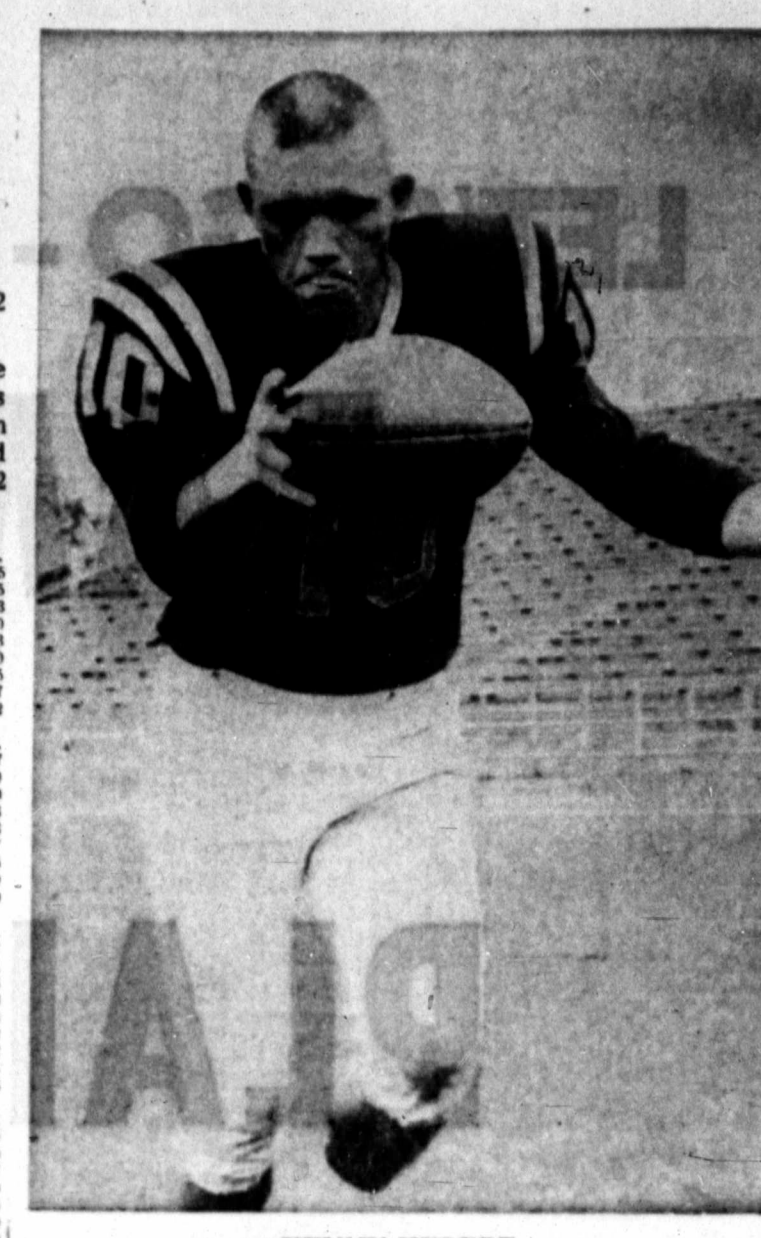

**ALL YOU** football fans who aren't going to Lubbock with the Shockers today are invited to come see a real wing-ding at 7:30 tonight at Canyon as the West Texas Frosh meet the McMurry Frosh. In the McMurry lineup will be a pair of very familiar faces... Curtis Fletcher and Carl Clark. West-Tex sports publicity director Tom Greenhoe reports both are very highly rated in advance reports and will start the game. Fletcher on offense and Carl on defense.

# Hebert Leads Receivers, Rated Second in Punting

The Pampa Harvesters dropped to sixth in team offense and remained sixth in team defense in this week's compilation of District 3-A AAA statistics.

Kenny Hebert, Pampa's one-man gang, dropped to sixth in total offense despite his 82 yards rushing against Monterey last week, was also rated sixth in passing, and was ranked second in punting. The Flying Frenchman, however, took over the lead in a relatively new department, as he led the district in pass receiving with 168 yards in catches.

The quadruple-threat trails Mike Turner of Tascosa in punting, a 36.1 average to Turner's 38.6, but the big Tascosa end has booted the ball only five times, with one of his punts traveling 82 yards to give him his average, while Hebert has

KENNY HERBERT

... punter, runner, passer, pass-receiver

# Pro Basketball

**DETROIT (UPI)**—The Los Angeles Lakers overcame a 19-point first period deficit Wednesday night and went on to record a 124-116 National Basketball Association victory over the Detroit Pistons.

**ST. LOUIS (UPI)**—Al Attles, a patch over his left eye, joined Wilt Chamberlain in high scoring Wednesday night in San Francisco's 99-95 victory over the St. Louis Hawks in a National Basketball Association game.

**BALTIMORE (UPI)**—The Baltimore Bullets opened an early lead Wednesday night and went on to hand the New York Knicks their fourth straight setback, 115-106.

# Borger Fifth, Tascosa Seventh in HS Ranking

DALLAS (UPI) — Dalhart's High-scoring Wolves replaced Denver City as Class AA's No. 1 team, but San Angelo, Dumas and Albany held firm to their top rungs in this week's United Press International Texas schoolboy football ratings.

Dalhart, knocking at Denver City's heels for weeks with its nearly 40-point scoring average, moved to the top with a 31-0 blanking of White Deer while Denver City absorbed its second setback of the year, 28-16 to previously winless Sweetwater.

Several clubs fought their way into the Top 10, including 10th-ranked Garland in AAAA; 10th-rated Lampasas in AAA; Ballinger, Mason, Caldwell and Lake Highlands—ranked 7, 8, 9 and 10 in AA, while Orange returned to the AAA roll in 8th place and Petersburg was back in A at No. 10.

**Midland Drops out** . . . The rankings lost Midland from AAAA, Nederland and Bay City from AAA, Plano, Stamford, Hearne and Karnes City from AA and New London from A after their defeats last week.

Denver City dropped from first to fifth in AA with Dalhart, Sinton, Katy and Rockdale each moving up one place to fill the top four spots. Nocona held onto the No. 6 berth.

The only change from last week's AAAA rankings saw San Antonio Highlands move up one spot to 9th and Garland replaced

# Canadian Cats Visit Clarendon Bronchos

The Canadian Wildcats travel to Clarendon tomorrow night in pursuit of their first district 2-A victory after losing a free-scoring opener to Lefors, 52-30.

Canadian coach Dwain Currie, despite the Cats' startlingly good performance against the district favorites, was worried about Clarendon, 25-12 losers to McLean in their district kickoff tilt.

"The question is whether we can get these kids up again," explained Currie. "They have been up game after game after game... they've played some darn good ones and lost some heartbreakers. Just about every game they've been underdogs and they've gone in there fighting. Now, they're not, and whether they can get up to that mental peak again, especially after Lefors' second-half comeback, is a question."

"I'll tell you one thing, Clarendon will be high as a kite for this one. If we can get the kids up, it'll be a pretty equal game, we'll stay on the field with them anyway."

"Everyone says 'watch Ted Graham, if you can stop him, you can stop Clarendon'... that may be true, but they have a pretty good passing attack to go with him too and I'm just as worried about that."

"We came out in pretty good shape from Lefors... guess everyone was so busy scoring they didn't have time for anything else. The kids were ready to play and our sweeps and passing looked real good. Keith Yarnold, who played a great game all-around, and Joe Schaeff and Cook were carrying the meat, and Benny Eckles was dead on target. The Pirate pass defense concentrated on watching a end Rattlesnake Petree, so Bennie switched to Schaeff and connected for four in a row."

"Don Crozier did a fine job both ways and Don Henderson was great on defense, but the real standout of the game was Schaeff. He was in on so many tackles I wouldn't even give you the figure, it sounds unbelievable. Bill Grist is back and is playing a little defense, but we won't use him full-time for a while."

"We got two-three real good breaks the first half, jumped out

## Wheeler Mustangs Clash With Miami Warriors

### SWC Roundup

By United Press International  
Southwest Conference football teams held mid-week workouts Wednesday in preparation for weekend games that have all teams except one on the field.  
The Arkansas Razorbacks had a strenuous workout in full pads as they readied for their non-conference clash with Tulsa.

Hog coaches awaited word on the status of starting fullback Jim Lindsey, who was sidelined in practice Wednesday with a bruised thigh.

#### Buddy Rawls Will Miss Tilt

ABILENE (UPI) — Abilene Christian College Coach Les Wheeler is a hard man to satisfy. The Wildcats have won their last three games, but Wheeler will have eight new faces in his starting lineup Saturday against Trinity University.

Injuries knocked two of the old starters out of the lineup, but the other six first team spots were earned by players who came off the bench to lead ACC to a victory over Northwestern Louisiana State two weeks ago. The Wildcats were idle last week.

Guard Larry Curtis, center Robert Kennedy and tackle Marvin Burgess saved their starting spots. Injuries have sidelined guard Ron Anders and wingback Buddy Rawls.

Moving up to the first team are quarterback Charles Reynolds, tailback Dennis Hagaman, fullback Mike Love, wingback Bobby Brown, ends Dewitt Jones and Mike Hubbard, guard Wade McLeod and tackle Mike Capshaw.

Texas coach Darrell Royal said his squad was ready for Rice this weekend but reported an injury on the coaching side. Charlie Shirs, a defensive coach, suffered a slipped disc and had to supervise training from a powered golf cart.

Rice trainer Eddie Wojcik used psychology on the Owls when he played "The Eyes of Texas" to the squad in the dressing room. Coach Jess Neely said it worked, because the team appeared in the "proper spirit."

Tailback Gene Fleming, who suffered a bruised hip in scrimmage Tuesday, suited up but stayed out of contact work.

The Baylor Bears held a general game review and stressed defense against Texas A&M plays. The Bears meet the Aggies this Saturday.

Coach John Bridgers said end Dwain Heath and quarterback Roger Mike Marshall were back in action on the third unit. Both had been out with knee injuries since the season began.

SMU Polishes Offense  
The Southern Methodist Mustangs polished up on offense and defense in a two hour workout in preparation for their upcoming game with Texas Tech in the Cotton Bowl.

End Dave Corder, out with an attack of the flu, was expected to be back in shape for Saturday's game.

The undefeated Wheeler Mustangs will be heavy favorites to defeat host Miami tomorrow night, but Mustang mentor Grady Burnett feels that the score will be a lot closer than the oddsmakers figure it.

"Miami would rather beat difference in the secondary. McLean wasn't physically well, either, they can beat a lot of people when they're right."

"As far as Miami, frankly, I worry more about a club like that than I do the top ones. . . they try anything to beat you . . . they come up with stuff you aren't prepared for. . . and sometimes it works. Besides, Miami never quits. . . if we get the least bit overconfident, they can cram that ball down our throats. Never mind those big odds, I'll feel lucky if we just beat 'em."

Over in the tepees of the Miami tribe, gloom was thick on the face of Head Warrior Bill Hines. Discussing last week's lopsided loss to Groom, Hines said flatly "We just weren't up for the game. I don't know what it was, but they have to get going in a hurry if they want to play ball on the same field as Wheeler."

"Roy Bean was the whole team for us last week. He wasn't getting much blocking, but he still ran for better than nine yards a carry. . . 132 yards in 14 carries. He also had 174 yards in punt and kickoff returns. He was just as good defensively, making eight unassisted tackles. He became the first player this season to make both offensive and defensive Warrior of the Week."

Jody Holland was real tough defensively, but he just couldn't get to running offensively. Ray Guerrero did a fine defensive job in the second half.

"We lost Charles Byrum for the season. His cracked ribs were separated again and he pulled a muscle also."

"On paper, they should win it. They have speed, size. . . everything. We're slow, we're small and the only thing we should have is spirit. . . I hope they can get up to the peak they were against Claude again."

GENE WATSON  
. . . line stalwart

**PALMER FAVORED** — PARIS (UPI) — A healthy but tired Arnold Palmer went out today in quest of one of the two major golf titles he never has won — the individual championship in the Canada Cup and International Golf Association matches.

Now...  
new name, new size, new style, new spirit,  
new car!

## New CHEVELLE! by Chevrolet

New Chevelle Malibu Sport Coupe (foreground) with Malibu Super Sport Convertible

Only this could come between Chevrolet and Chevy II.  
The Chevelle is a highly polished car on a trim 115-inch wheelbase. With its weight down in the 3,000-pound range. All of which makes it a sweet-handling, easy-to-manuever automobile.  
But it's roomy and relaxing inside, with the kind of ride you'd expect in a bigger car. And it's styled with a lively grace and refinements (note the curved side windows and pillars, for example) that make its modest price all the more remarkable.  
A neat trick? We agree. But not so difficult really when you have the skills of seasoned Body by Fisher craftsmen to draw upon.  
And the advantage of Full Coil suspension developed by the

same engineering talent that came up with the Jet-smooth Chevrolet's ride.  
And that irreplaceable Chevrolet spirit in a choice of four engines—V8 or 6—including optional-at-extra-cost versions all the way up to 220 hp. Small wonder this one turned out the way it did.  
Did we say one? Actually there are 11 models—wagons, sedans, sport coupes, convertibles—in three series.  
Even some cars that have been around for quite a long time don't give you a choice like that.  
Sound like something you ought to check into further? Consider this your invitation for a real hood-raising, door-slammng, seat-bouncing, wheel-turning time of it at your Chevrolet dealer's.

See five entirely different lines of cars at your Chevrolet Showroom — CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

Nixon's Chances

Few seasoned political observers doubt that the presidential bug still is biting Richard M. Nixon, despite his most ardent protests of disinterest in the 1964 Republican nomination.

Both Sen. Barry Goldwater of Arizona, the present front runner, and New York's Gov. Nelson Rockefeller are political realists — and they say they think Nixon is a candidate.

There can be no question that certain aspects of Nixon's situation "position" him for such consideration. He is the middle-road man always acceptable, on paper at least, to both conservative and liberal wings of his party.

Not having gained it, he moved to New York. He could not have hoped thereby to find a new power footing.

This he has managed. The public prints are currently alive with accounts of Nixon's views and doings. He is getting talked about. He is trying to cast his influence over public discussion of the great issues and to affect the tone of his own party's efforts.

Yet it is one thing to say Nixon is interesting and available, quite another to argue that the Republican party might nominate him in 1964.

Nothing in politics is so fixed or so scientific that one could fairly rule him out altogether. Convention deadlocks are extremely rare. But if the 1964 GOP convention at San Francisco got into some kind of stalemate, it might in its extremity turn to Nixon as a man palatable to all wings. This is questionable.

Nevertheless, the likelihood of this happening is not great. The basic reason is that a high proportion of GOP professionals are quite disenchanted with him. Their recriminations against him for alleged political judgments in the 1960 campaign linger on and on.

On top of all this lies wide conviction that, since he lost to President Kennedy in a year when maximum advantage appeared to rest with Nixon, the former vice president would only be beaten more easily another time. They have little taste for a Kennedy-Nixon return.

Surely Nixon's name will continue to be high in public notice in the big political months to come. But there is no evidence that it is high in either the hearts or the minds of Republican president-makers.

Pull Up A Chair

By Frank J. Markey

The next time you are in Philadelphia we suggest you visit the new American Wax Museum, the only one of its kind in the country to add the extra dimensions of action, sound, light and music to its exhibits.

Country Editor speaking: "Years ago, when our fathers finished a hard day's work they needed a rest. After the same this generation needs exercise."

Good news for teen agers: A Maryland educator says a half-hour's homework should be the nightly limit for high school students. That would give them more time for telephoning a TV.

Memory Lane: Remember when Fred Astaire first danced across the movie screens into the hearts of his countrymen and gave the hinterlands a look at the toe tapping he had been showing Broadway for years. A class performer always.

We believe it. The government says there are 90 million auto drivers in the country. And of them are on the same roads we use. Alcohol and tobacco teamed up as battery mates in broadcasting a mad televising baseball games this past season.

Biological watchdog: Air Force scientists are testing a bio-telescope which relays to a central laboratory early warning of disease outbreak anywhere in the world by electronic analysis of blood cell changes in the population samplings.

Today's smile: A little girl listened to the family cat purr and said to her mother: "Kitty's motor's running."

"I am certain of that," said Eisenhower. "My sole intent," explained Goldwater, "was to hammer home the thought that our country cannot stand a Kennedy dynasty. I consider that a very real danger, and I was trying hard to make that point. In this effort, I unhappily expressed myself very ineptly in this particular comment."

On this day in history: In 1861, the first telegram was sent across the United States when California's chief justice, Stephen Field, sent a message to President Lincoln in Washington.

"The Trouble Is, Doc, I Can't Tell Whether It's A Nightmare or a Premonition"

Allen-Scott Report

Goldwater's Visit to Ike Smooths Waters After Widely Quoted Comment 'Disturbed' the General

WASHINGTON — Senator Barry Goldwater and former President Eisenhower now have a good understanding of what the plain-talking, front-running Arizona had in mind when he said in effect, "One Eisenhower in a decade is enough."

They reached this frank clarification in a talk at Eisenhower's home near Gettysburg. Goldwater asked for the meeting when he learned the General was "disturbed" by the seemingly critical observation.

Showing Eisenhower a copy of the full speech containing the prickly comment, Goldwater stressed it had been publicized out of context. He pointed out that in its original form, it did not imply what had been widely attributed to it.

In the full address, the real import of the statement was a blast at the Kennedys. The President, his powerful and ambitious younger brother, the Attorney General, and the numerous other members of his family were the actual targets of Goldwater's characteristically pungent discussion.

Despite former Vice President Nixon's continued disclaimers of aspiring for the presidential nomination, close partisans are approaching big campaign contributors for funds to boost him. There is no indication this is being done with Nixon's knowledge or approval.

Edson In Washington Warns Africa is Drifting Into National Socialism

By PETER EDSON

WASHINGTON (NEA)—A six-foot, 280-pound ex-prize fighter and school dropout who became prime minister of his native Federation of Rhodesia and Nyasaland was received by President Kennedy the other day.

He had a little-known story about what he says is going on in Africa. And he said there's a moral in it for the United States on what is now going on in Latin America.

The caller was Sir Roy Welensky, a white man whose family has been African for seven generations. His father was a Jew, his mother a Christian. He is about to hang up his gloves now at age 57, having taken the worst beating of his life, not in the ring, but in African politics.

Before he retires to go fishing and write a book which he thinks future historians may be interested in, he wanted to come to America to meet Jack Dempsey, now 58 and 215.

"I am leaving politics," he said at the National Press Club on the day before he went to the White House. "I was kicked out. But I want to say three or four things."

He describes this as the process: "First the Africans are given the vote. One man, one vote—which is supposed to be democracy. Then the national leaders elected to office start to destroy their opposition. It becomes a one-party state. A dictatorship is developed. And the rest of the world accepts it because it is the best thing for the Africans."

"The West has no right to condemn Africa to one form of government," says Sir Roy. "You will lose Latin America the same way. It is a threat to the peace of the world—more power in the hands of fewer people. If democracy is right for the United States and the United Kingdom, it should be right for Africa, too."

But the only way the African type of dictatorship can be changed, says Sir Roy, is by coup d'etat or assassination of the leaders. Already one African prime minister has been assassinated and another has been attacked twice.

The new prime minister of Nyasaland also has come to Washington. He is Dr. Hastings Kamuzu Banda, a black African who receives official honors as the head of a state. It is a state of three million people with no industry and a per capita income of \$70 to \$80 a year. It has been supported by a \$20 million subsidy from the British.

Now that Nyasaland is independent, presumably the United States will be asked to take over this privilege with development loans. Ten years ago the British Parliament was persuaded to create a federation of the three colonies of Northern and Southern Rhodesia and Nyasaland. But the constitution forced on the federation by the British made the Africans think it was a creature representing only its 200,000 whites. The eight million Africans were opposed to it.

The Almanac

By United Press International Today is Thursday, Oct. 24, the 297th day of 1963 with 68 to follow. The moon is approaching its first quarter. The morning star is Jupiter. The evening stars are Jupiter and Saturn.

Question Box

QUESTION: "What is civilization?" ANSWER: It is rather hard to define something that never existed. The dictionary gives a lot of different meanings for it, including culture, progress and etc., but it doesn't reduce it to mathematical language.
