Astros Aim For Pinpoint Target

APOLLO 12 moonwalkers Charles Conrad and Alan Bean will leave on the lunar surface a \$25-million collection of sensitive instruments to tell scientists on earth more about the forces influencing the moon and also the earth and sun. Power supplied by a nuclear-fueled power plant developed by the Atomic Energy Commission is expected to keep the devices operating for at least one year and possibly as long as 10. Major instruments are: (1) Central Collecting Station, in effect a remote-operation computer taking orders from earth and collecting and collating data from lunar instruments for transmis-

sion back to earth (2) Lunar Surface Magnetometer, to measure the moon's slight magnetic field and determine if it has a solid core similar to earth's or is hollow. (3) Solar Wind Spectrometer, to study particles pulsing from the sun, a prime factor in earth's weather. (4) Suprathermal Ion Detector, to measure what atmosphere and ionosphere the moon may possess. (5) Passive Seismometer, to detect moonquakes and meteorite impacts. (6) Radioisotopic Thermal Electric Generator, the nuclear power plant.

Quarter Of Million Marchers Stage Antiwar Demonstrations

MRS. THELMA BRAY

KEY CLUB NAMES

Pampa Woman For Leadership Award

By DORIS E. WILSON
News Staff Writer

A Pampa housewife, mother, and civic worker received the Key Club Leadership Award for 1969 at the high school boys' service club's annual banquet Saturday night.

Mrs. Thelma Bray, 1305 Hamilton, was the recipient and joins the impressive roster, which includes the names of nine other civic leaders so honored in other years by the club.

Mrs. Bray, the mother of twin sons, Rod and Ron, and a teenage daughter, Debbie, has long been active in the civic and cultural aspects of Pampa's community life. As a member and past president of the Pampa Garden Club, she is responsible for a great many of the civic beautification projects in Pampa.

She is adult sponsor for the Truteens, a high school girls' service club; serves on the boards of the Salvation Army, the Pampa Youth and Community Center, Traffic Safety; was named Woman of the Year in 1963 by the Beta Sigma Phi Sorority and is active in the First Methodist Church, where she teaches a Sunday School Class.

Key Club president David Irwin made the presentation to Mrs. Bray.

Key Club founder Melvin Munn of Dallas, commentator for the radio Life Line broadcasts, as guest speaker discussed "Leadership in A Changing World."

"Leadership," Munn said, "must recognize the basic nature of man. His nature is pre-set. He may change the way he does things, but his basic nature is not subject to change. He's linked with the infinite."

"Leadership means recognizing people as individuals. Today, we tend to label people; to pigeon-hole them. But individuals are the only kind of people there are."

And in a third definition of

WASHINGTON (UPI)—With President Nixon secluded in a sealed-off White House, more than 250,000 young people flying the Stars and Stripes and chanting "peace now!" marched down Pennsylvania Avenue Saturday in the biggest antiwar demonstration in U.S. history.

"We are all prisoners of war and we long to be free," shouted Sen. George S. McGovern, D-S.D., at the foot of the Washington Monument, and the vast throng before him at a climactic peace rally roared its agreement.

Refused access to the immediate White House area, the marchers deposited 12 symbolic coffins on the edge of the Ellipse, the circular park facing the heavily guarded South Lawn of the executive mansion.

The flower-decked coffins contained placards with the names of nearly 40,000 Americans killed in the Vietnam War which the protesters—mostly young, and nearly all white—had carried from Arlington Cemetery to Capitol Hill in an earlier 40-hour death march.

By the time the monument grounds rally began shortly before 1 p.m., EST only one arrest was reported—a sailor charged with disorderly conduct. Federal troops stood by in government buildings for possible trouble and 3,000 police were on the streets, but the marchers were kept in line primarily by their own volunteer marshals.

Protesters from all parts of the country, and heavily representative of the East coast, still were swarming into the capital as the massive, orderly march came to a close on the monument grounds three hours after it began at the foot of the Capitol.

District of Columbia Police Chief Jerv V. Wilson, surveying the scene from a helicopter, said his "modest estimate" of the crowd was 250,000. That made it the largest protest ever held in Washington, surpassing the record 210,000 persons who took part in the civil rights march on Washington in August, 1963.

Thousands more took part in a seven-mile march through San Francisco for a peace rally in Golden Gate Park, but the focus of the climax of three days of nationwide antiwar demonstration was in Washington.

The procession began at midmorning, shortly after the end of the "march against death," and it was Sen. Eugene J. McCarthy, D-Minn., the hero of countless youngsters in last year's presidential campaign, who sent them on their way.

"We will not give to the President the right to say which citizens of this country are to be called citizens and which are not," he said.

At the Dallas march and rally two speakers criticized the Nixon Administration's Vietnam policy.

Gordon Graham, an aid to Dr. Ralph David Abernathy of the Southern Christian Leadership Conference, said the U.S. was dropping bombs in Asia "while reforms in this country are being delayed."

Dr. John Fleming of Dallas' St. Andrews Methodist Church termed the war "a contrived execution of men."

Coffins Representing War Dead Carried Through Texas Cities

By United Press International
Weekend moratorium marchers in Dallas and San Antonio carried makeshift coffins representing U. S. war casualties through downtown areas Saturday, the final day of the three-day protest.

Police said turnouts were much lower than predicted. The only minor incident happened in downtown Dallas where two members of the American Nazi Party harassed 350 marchers with a single placard, "Death to the Red Scum."

About 400 black-clad persons of all ages and all walks of life marched to the induction center in downtown San Antonio as part of an all-day march that culminated with a mock funeral outside of Ft. Sam Houston National Cemetery. Newsmen learned several GIs dressed in their civilian clothes marched with the group, sponsored by the American Friend's Service Committee.

Safety Factor Sacrificed, Astros Face Being Stranded In Space

SPACE CENTER, Houston (UPI) — Apollo 12's space fliers sped toward man's first pin-point landing on the moon, a feat that requires them to give up a key safety factor Saturday against being stranded in space.

The flight of Navy Commanders Charles "Pete" Conrad, 39, Alan L. Bean 37, and Richard F. Gordon, 40, has gone like clockwork since the first frightening minutes following launch when their spacecraft lost its electrical power supply while climbing through a rainstorm.

There was some fear the power loss may have damaged some of Apollo 12's delicate electrical systems, but after a thorough check of the Yankee Clipper command ship and the Intrepid lunar lander, the astronauts reported everything was "tidy" and in working order.

The astronauts had a long first day in space—22 hours—before retiring for a well-earned 11 hour rest. Their first duties Saturday were a color television show and a crucial rocket firing to lift them out of their present "free return trajectory." Both events were scheduled late in the day.

At 1:30 p.m. EST the Apollo 12 moon ship was 120,175 miles from earth and traveling at 3,264 miles per hour.

It will disappear behind the moon at 10:36 p.m. EST Monday and is scheduled to rocket into lunar orbit 11 minutes later.

Leaving the "free return trajectory" route robs the astronauts of the guarantee their spaceship would loop around the moon and return to earth, even if something should

Earth Beans Keep Same Hours As Son

FORT WORTH, Tex. (UPI)—Mr. and Mrs. Arnold Bean formerly of Wheeler are trying on earth to keep the same hours of sleeping and wakefulness their son, moonbound astronaut, Alan Bean, keeps in space.

"Alan told us when he called from Cape Kennedy to sleep when he does and that's what I'm going to try to do," Mrs. Bean said.

Mr. and Mrs. Bean are following their son's flight on three television sets in their home. Bean said he was scared when Apollo 12 left Florida in a rainstorm.

"For a few seconds we were concerned when astronaut Charles Conrad said he thought they were hit by lightning," Bean said. "But I think it was just one of those 'glitches' as he later called it."

"The next most exciting thing is the moon walk," Mrs. Bean said. "We'll stay up most of Tuesday night and Thursday to watch him."

Goldwater Warns Some Are Out To 'Get Nixon'

HOUSTON (UPI)—Sen. Barry Goldwater, R-Ariz., said Saturday he thinks there is a group of persons and major newspapers which are out to break President Nixon.

"When the President doesn't do exactly as they think he should, they start telling the people what the President should do," Goldwater said at a news conference before he spoke at a Houston Republican rally.

"I think there is a move to break the President," Goldwater said. "I think there is a group of elite slob in the East trying to run this country."

SCHOOL TRUSTEES DISCUSS

Perplexing Problem Of High School Dress Code

By WANDA MAE HUFF
News Staff Writer

The nation-wide sign of the times—mini skirts on young lasses and long, curling tresses on young lads—are catching up with Pampa school administrators and school trustees.

Court rulings nationwide, according to Cameron Marsh, Pampa High School principal, are causing school officials, high school and college, to "lose the battle with strict dress codes."

In a report to school trustees, Marsh explained he had received an ultimatum from a parent of a long-haired Pampa youth.

"I told him to have it cut or we would have to suspend

him for a period. His parents said we couldn't make a ruling for length of hair styles for boys. We don't have a real strict code of dress for high school students, but there are certain standards of neatness and decency which they should respect."

Explaining this was the first "ultimatum" from a parent opposing any restrictions on dress or hair style, Marsh said he "realized we can and should manage our problems, but I thought you should know what's happening."

"Personally, I prefer strict codes, but I think we have lost the battle on them. I don't mean I have or want to give up, but the Supreme Court has

overruled school systems on these matters. I don't think our students or our town are the radical type to cause serious trouble, but we are faced with problems of this type," Marsh said.

Board president John Spearman, interjected with "I'm not so concerned about hair as I am skirts. Sometimes I think it would be better if the girls could wear slacks or pedal pushers. That might be better than some of those short skirts they wear."

Board member Jimmy Thompson, not in favor of strict codes, said "If we have hard and fast rules for a list of 'thou shalt nots', the kids will try to (See DRESS CODE, Page 2)

Saturday Matinee Of 'West Side Story' Impresses One Impressionable Reviewer

By ALETHA DAVIS
News Staff Writer

(For Pictures of 'West Side Story' See Page 11)

With professional aplomb, "West Side Story" was presented in Saturday matinee. The performance exceeds all expectations of a musical presented by high school students and leaves nothing to be desired in staging or production! The emotional story depicting the "new" generation in the slums of New York City takes the audience into phases

of suspense, laughter and tears. The theater in - the - round setting moves the action into and around the audience with unique phases of staging. The fast-moving story of gang rivalry and love, mixed with the Puerto Rican versus Slavik background grip the emotions.

Music provided by the Pampa High School stage band under the direction of Harris Brinson follows a modern trend of sound. The minor key undertones add to the spellbinding scenes.

The "Jets" "Sharks" gangs

"rumble" with such convincing portrayals of violence, members of the audience shudder and on occasion when blood is "drawn", actually scream.

The closing scenes are so violently emotional viewers find themselves a part of the onstage tragedy and are moved to tears.

Randy Cantrell as Tony and Jan Elder as Maria present exciting convincing leading roles. The solo performances of the two are excellent. Jerre Pitts as Anita portrays a fiery Puerto Rican.

Mark Watkins is a convincing gang leader in the role of Bernardo; Wyatt Earp portrays Action; John Duggan is Chino and Ricky Harris, Riff. The well coordinated and interwoven roles make each role a most important part, leaving little room for decision and comment on any one outstanding role.

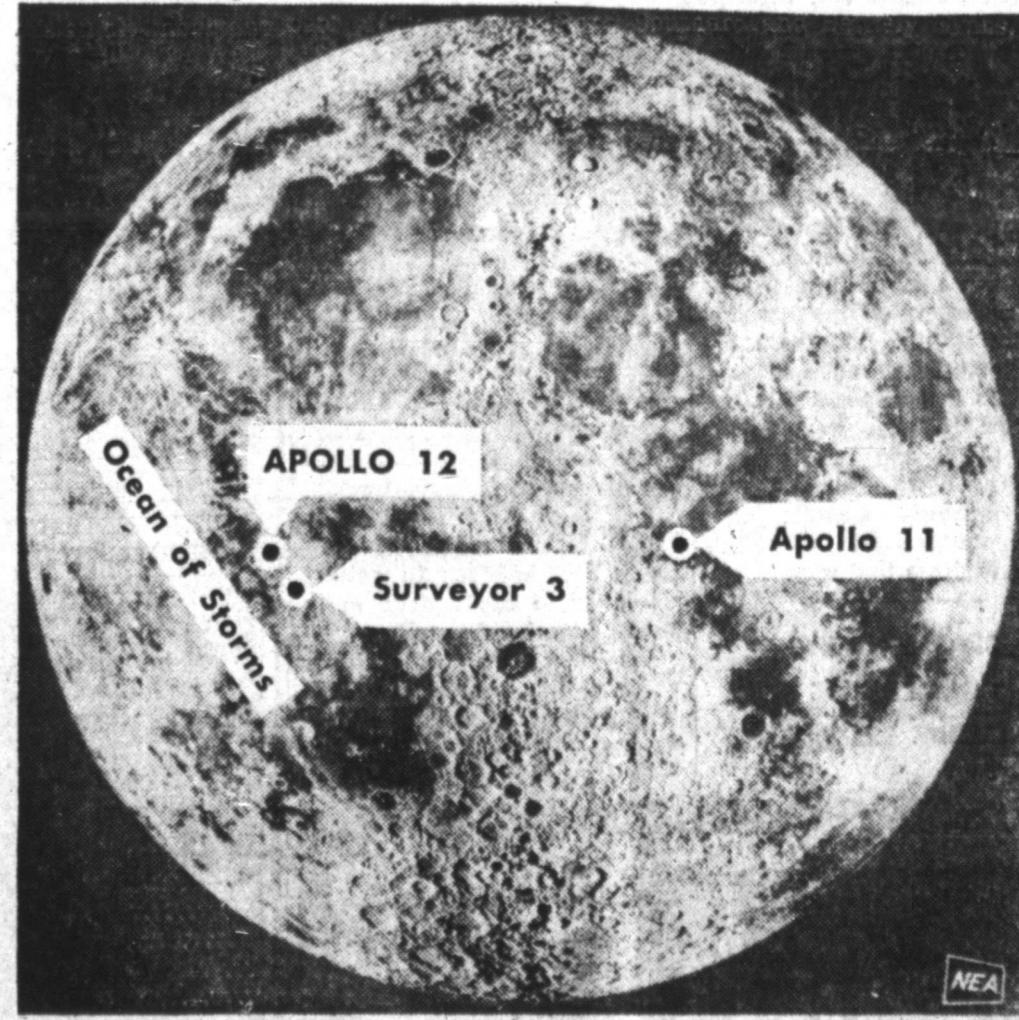

The orchestra is on stage, the pit being located just behind the onstage performer, another first for the Pampa group.

Set changes are made with lights lowered and the fast- (See WEST SIDE, Page 2)

LITTLE GEMS: What Would You Say If You Saw A Bear?

Kimberly Ann Coffee, 9 1/2-month-old daughter of Mr. and Mrs. Bennie Coffee, 1232 E. Foster.

"I'd just smile at him like I'm doing now!"

Christine Sue Davis, 4-month-old daughter of Mr. and Mrs. Larry E. Davis of Tucson, Ariz.; granddaughter of Mr. and Mrs. T. M. Winegeart, 1116 Darby.

"I'd say... do you want a bear-hug, Mr. Bear!"

Scott Evans, 11-month-old son of Mrs. Pat Evans and grandson of Mrs. Gladys Smith, 509 W. Foster.

"I'd just look him straight in the eyes and say 'bang! bang!'"

Leigh Harnly, 19-month-old daughter of Mr. and Mrs. Henry Harnly, east of city.

"Well, I'd say... I'm little Goldilocks. How do you like your porridge?"

Wall Street Chatter

NEW YORK (UPI)—Spreading weakness in the economy probably will cause the Federal Reserve Board to initiate some relaxation of the money squeeze within a month or so, Argus Research Corp. said. Until monetary policy is definitely eased, the firm said, investors should buy selectively but cautiously. The longer the money squeeze is continued, the larger will be the subsequent adjustments in the economy and in corporate profits, it adds.

"A cloud of confusion seems to have enveloped the economic picture as one statistic or forecast seems to be at variance with the next one," E. F. Hutton & Co. observes. Vietnam has been temporarily overshadowed by economic news as a market factor, but there is no consistency to the news, and the resulting confusion seems to induce some nervous selling from time to time.

The 1969 bear market has tended to discount "the uneven slowdown" that is becoming apparent in the U.S. economy and has already accommodated a 5 per cent to 10 per cent drop in corporate profits in the first half of 1970, Bache & Co. says. The market is now proceeding on the assumption that the Federal Reserve Board "will not go so far as to bring on a recession in order to bring the price structure down to a satisfactory level," the firm adds.

Red Cross News

By LIBBY SHOTWELL
The Red Cross board met Tuesday morning. 19 persons were present and the reports of the standing committees were given. Mrs. Gerald Marl, WS Chairman reported she and her husband had attended the safety meeting in Amarillo two weeks before, and they were impressed by the number attending.

She reported that G.S. Gribble, safety trainer for the Panhandle area will be in Pampa after the first of the year. Ray Fisher, FA Instructor told of the meeting of FAI and their wives and that a Christmas party was planned. A class for teaching Standard First Aid to the bus drivers for our public schools is being planned.

Mrs. Augusta Yealys, chairman of Volunteers who work in the hospitals told of 250 hours given by her Hospital volunteers during October.

John S. Skelly gave the program on Red Cross Funds needed by the chapter and by National Red Cross. Mr. Skelly divided the group in four sections headed by Mrs. Don George, Ted Gikas, Hale Lilla, and Ray Thompson. Each group discussed questions regarding the financial question. The board decided to meet again in December on the second Tuesday of the month.

The executive secretary visited the Lefors school and was impressed by the high school Veterans Day program. Lou Ann Sims was master of ceremonies. After the presentation of the flag and the pledge

to the flag by the school, the choir sang, "The Marine Hymn," and the Army song. Virginia Danley gave the tribute to Veterans Day. Mary Jane Adams read "I Am An American." Jackie Cotham presented scrolls to Mr. Bates, high school principal, and to Jess Baker.

"In Flanders Field" was read by Connie Eudy. The speaker for the occasion was Rev. Jessie Seawright who spoke on patriotism. The choir concluded the program with "A Land I Love."

The last session of the updating class will be held Nov. 18 in the Pampa Youth Center with Mrs. Marilyn Williams from Amarillo in charge of the session. Mrs. Gerald Marl, chairman of Water Safety, has been at each session assisting Mrs. Williams.

There has been excitement in the schools this week with enrollment in Red Cross Youth being taken in each school room. Lamar enrolled with \$27.52; Horace Mann enrolled with \$15.40; St. Matthews Day School enrolled with \$9.48. Junior Red Cross News, a school magazine will be purchased from the funds. Also service projects will be sponsored by the school enrollments next week.

Female 'Quints' Born In London

LONDON (UPI)—A previously childless woman who had been taking a fertility drug rested in excellent condition today, the mother of a healthy set of female quintuplets.

"The babies are satisfactory and the mother is excellent," said Barry Davis, chief press officer of the Department of Health and Society Security.

Dr. George Wynn-Williams, the consulting obstetric surgeon who headed a team of doctors and nurses that delivered the babies, said one has slight respiratory trouble.

The five girls were born nine weeks prematurely and delivered from Mrs. Irene Mary Hanson by Caesarean section in

the space of four minutes Thursday.

The girls were named today by their father, 35-year-old engineer John Hanson. The names are Joanne Lesley, Nicola Jane, Julie Anne, Sarah Louise and Jacqueline Mary. Hanson saw the girls in their incubator shortly after they were born and pronounced them beautiful.

A hospital spokesman said the girls weighed between two pounds, six ounces and three pounds, seven ounces. According to hospital records, the girls were the seventh case of quintuplets born to women who had taken fertility drugs.

Panhandle Water

By FELIX W. RYALS

From time to time this column has carried essays, written on the conservation of water, by area high school seniors. These young minds are still in the formative stage and it is with these young minds that rest all our hopes for the future. We have a revival of "hate the nazis" in the movies and on television periodically to remind us of the evils of nazism. We must never forget that there is another ism on the loose in the world that is known as communism. Let us all remember that it was one Joseph Stalin who said at the end of World War II, "the next will be a battle for the minds of men". This battle for the "minds of men", starts with our young.

This columnist believes that the youth of West Texas are the best informed youth in America on the problems of water. Essays written on water and water conservation by the youth of West Texas gives us the assurance that the problem of water will be solved.

Today we are carrying a portion of an essay written by Barbara Sellers in May of 1969.

WATER CONSERVATION

The United States of America, the richest and, to my thinking, the most powerful nation in the world is running out of water — an indispensable commodity, water! Water is said to be 20th-century man's servant. Man uses this water in such vast amounts that the mind can't readily grasp the meaning of having no available water.

In the United States today, it takes 300 gallons of water to produce a single load of bread. To grow a pound of beef and get it to the table, it requires at least 1,000 gallons of water. About 100,000 gallons go into the making of every automobile on the roads and in the showrooms. 100 gallons of water make one 5-lb. newspaper. Irrigation uses 141 gallons of water each day. Industry's need for water has been estimated to jump up to 204 billion gallons of water daily. Can we understand what no water would mean? The United States' economy would be ruined, and the citizens

living here would die within a week.

We have the same amount of water on Earth today as we did thousands of years ago when the earliest civilizations were beginning to take root. Where, then, will the water come? The water we will be needing in the future? From our present three billion world population, the future will bring a total of seven billion inhabitants. Without industrial and agrarian affairs considered, where will the drinking water come?

In 1900, water consumption in the United States was around 40 billion gallons daily. In 1965, 360 billion gallons were used every day. If present trends continue, the figure of 360 billion will double by 1980 — eleven years from 1969.

We read in the newspapers where drinking fountains in the Connecticut public schools are avoided because at certain times of the day, detergents work up and into the city's sewage system. As a result, the water is not usable and the children can't drink from the fountains.

An outstanding professor from the University of the City of Los Angeles warns his colleagues and the nation that the West is only 15 years away from a disastrous drought. The UCLA professor called the drought a water famine.

A West Texas town hauls water 50 miles in tank trucks for its inhabitants while the citizens of an East Texas town fight a disastrous flood.

Salesmen of distilled water celebrate a fantastic boom in the sale of their product.

An international crisis looms ahead as an official Mexican delegation report to the United States Congress that our Colorado River irrigation system is dumping crop-destructive salt on their best farming lands located in the Mexican Valley.

All of these examples represent but a fraction of the rapidly growing "problem in the United States. We are all and everyone running out of our usable water supply."

Agriculturally Speaking

By FOSTER WHALEY

Recently representatives of the College of Veterinary Medicine, Texas A&M University met with representatives from the Texas Cattle Feeders Association to discuss a proposed plan for the establishment of University Veterinary Medicine facility on the Plains. The overall objective of the proposed plan is to increase the efficiency of livestock production through improved health and disease prevention.

Although this announcement had very little publicity, it is of real importance to the entire Panhandle economy which is based so solidly on a livestock economy.

The long range objective of this proposed facility is to develop plans for an ideal system of management of beef cattle from the ranch of origin through conditioning to the packer.

This objective would be accomplished by establishing on the Plains a veterinary medicine diagnostic laboratory, a veterinary medicine research center and a veterinary medicine teaching facility for advanced and graduate students. Cost of buildings and equipment for the three facilities is estimated at two million dollars. Estimated operational cost for the first year is estimated at over one-half million. Sixteen professional and twenty seven sub-professional people would be employed to operate the facilities.

In my opinion the Panhandle of Texas is the ideal spot to locate such a facility where cattle are congregated in feed lots holding from twenty to sixty thousand head of cattle.

FINANCE SEMINAR

We now have pre-registration forms for the finance seminar sponsored by the Panhandle Economic Program. Gene Hanks, vice president of the local Pampa loan office of the Canadian Production - Credit Association served on the committee that planned the one day program. The meeting will be held at Holiday Inn West, Amarillo, Texas on Thursday, Dec. 4, 1969.

Speakers include some of the

top bankers and economists across the State. Some of them include Dr. Tyrus Timm, Head of Department Agriculture Economics, Texas A&M; Arthur Smith, Economist, First National Bank, Dallas, Texas; Jack Barton, Executive Assistant, Federal Intermediate Credit Bank, Houston, Texas; and Pat Wooten, Professor Land Economist, Department of Agriculture Economist, Texas A&M.

Several have called to say they would like to attend this program. Cost is three dollars and fifty cents per person. A meal is included in the registration fee.

I will be glad to assist you in registration. Let's do this the first of this week.

4-H Corner

A very worthwhile Leaders Forum was recently held in Amarillo. Mrs. V. C. Webb of Lefors and Don Morison of Pampa participated in the forum. Many ideas were exchanged and plans were made to improve and advance 4-H activities. Some topics discussed were the needs of our youth and how to get everyone involved in a program that is so essential for the future development. An example of the good that 4-H does for the youth was when a representative from the FBI came to recruit potential agents from the 4-H membership. The FBI recognizes the fact that 4-H builds outstanding citizens. Why don't we all go out and tell everyone what kind of program we have to offer?

The District I Gold Star Banquet was held yesterday in Amarillo. Rev. Dan Cameron of Pampa was speaker. Cindy Youngblood and Ted Reeves were named as Gray County Boy and Girl. Jim Pepper also had a part in the program.

Mississippi Stuns Tennessee, 38-0

SPORTS

The Pampa Daily News

JACKSON, Miss. (UPI)—Quarterback Archie Manning, proving that lightning can strike three times in the same place, guided Mississippi to a stunning 38-0 upset of previously unbeaten Tennessee Saturday—the third-ranked Volunteers' worst defeat in 46 years. Tennessee was the third Southeastern Conference powerhouse to venture into Jackson as a favorite against the hot-and-cold Rebels. Like Georgia and LSU, the Vols found Manning's talents too much to overcome in his home territory. The junior from Drew, Miss., passed for one touchdown, scored another, and kept the usually potent Tennessee defense off balance throughout the game.

The big Ole Miss line shut off Tennessee's ground game and the fleet Rebel secondary smothered the Vol passing attack. Tennessee, which went into the game touted as possibly the strongest team in SEC history, emerged with its most lopsided defeat since a 51-7 loss to Vanderbilt in 1923. However, the Vols remained on the inside track for the SEC title. A crowd of 47,220—biggest ever in Jackson—watched Johnny Vaught's Rebels explode for three touchdowns in the opening

quarter, add a field goal in the second period and coast through the second half with two more TD's. Mississippi took the opening kickoff and drove 82 yards in 11 plays for the initial score. Manning set it up with a 38-yard pass to Floyd Franks and then scored it on a dive.

A bad punt gave the Rebels the ball at the Volunteer 38 moments later and Mississippi quickly was down to the one. Manning, trying to go over for a score, fumbled at the goal line and sophomore tailback Randy Reed recovered it for a second Rebel touchdown. A 49-yard punt return by

Mississippi halfback Bob Knight put the Rebels in excellent position for a third time in the first period, and Manning capitalized by hitting Riley Myers with a five-yard touchdown pass. A 42-yard field goal by Clayce Hinton sent Ole Miss into intermission with a 24-0 lead. Ole Miss kept the rout going in the third period when linebacker Fred Brister recovered a fumble by Tennessee reserve quarterback Phil Pierce, subbing for starter Bobby Scott, who was injured

early in the quarter. Reed took it over from the one seven plays later. In the fourth quarter Manning directed a 74-yard drive capped by a one-yard touchdown smash by fullback Bo Bowen. The Vols threatened three times. Two drives ended on the Rebel one and a third was halted by a pass interception on the Mississippi 5. The victory was Mississippi's sixth against three losses. The Rebels, who had been the pre-

season SEC favorite, suffered a pair of one-point losses to Kentucky and Alabama and a two-touchdown defeat to Houston.

Auburn Hits Late To Rip Georgia, 16-3

ATHENS, Ga. (UPI)—The Auburn Tigers exploited Pat Sullivan's passing, Mickey Zofko's running and a sticky defense Saturday to out-muscle the Georgia Bulldogs 16-3. Stymied most of the cold afternoon by penalties and long punts by Georgia's Spike Jones, the Tigers simply had too much power for the lighter Bulldogs and had little trouble enhancing their bowl chances by raising their record to 7-2.

Auburn scored with six minutes gone in the first period on a 24-yard pass from sophomore quarterback Sullivan to split end Connie Frederick but weren't to score again until two periods later. Army upset WEST POINT, N.Y. (UPI)—quarterback Jim Friedl rifled an 18-yard touchdown pass to end George Medich with 6:24 remaining Saturday to give Pittsburgh the go-ahead score in a 15-6 comeback conquest of Army that guaranteed the onerous Panthers their best season since 1963. Medich's scoring catch capped a 91-yard march that started with 10 minutes left in the game.

Badgers Win

MADISON, Wis. (UPI)—Wisconsin's Badgers, whose play in the last two games of the season could save their coach's job, socked Illinois 55-14 Saturday on the running of Alan Thompson and Danny Crooks and the passing of relief quarterback Gary Losse who threw for two touchdowns.

Lions Roar Past Maryland In 48-0 Rout

UNIVERSITY PARK, Pa. (UPI)—Penn State's Charlie Pittman scored three times in the opening 10 minutes Saturday as the Nittany Lions buried Maryland under a seven-touchdown avalanche 48-0 for their 19th straight victory. Pittman's three touchdowns gave him 26 for his Penn State career and shattered the total touchdown record for the school of 25 set by Lennie Moore of Baltimore Colts and All-Pro fame.

The Lions scored the first three times they had the ball and, as usual, their defense played a major role in running up the quick early lead. The defensive eleven chalked up one touchdown on tackle Mike Reid's 26-yard run with an interception of a pass batted in the air. It also set up two of the other five first half scores on a blocked punt and another interception. Pittman's markers came on short bursts of four, three and two yards while Don Abbey went over from the one yard line as the Lions rolled to a 35-0 first half lead.

After Penn State scored twice again in the first five minutes of the third period, the Lions reserves took over and played the remainder of the game. Maryland threatened twice in the first half and again in the final minute of the contest. But Penn State's defense killed the Terps first two opportunities and a 15-yard penalty shut them off in the dying moments.

Army upset WEST POINT, N.Y. (UPI)—quarterback Jim Friedl rifled an 18-yard touchdown pass to end George Medich with 6:24 remaining Saturday to give Pittsburgh the go-ahead score in a 15-6 comeback conquest of Army that guaranteed the onerous Panthers their best season since 1963. Medich's scoring catch capped a 91-yard march that started with 10 minutes left in the game.

To Succeed Iba

STILLWATER, Okla. (UPI)—Neill Armstrong announced Saturday he is resigning as coach of the Edmonton Eskimos. Canadian professional football team, increasing speculation he would be named to succeed Henry Iba as athletic director at Oklahoma State University.

Upsets Scarce Among Top Prep Teams

By United Press International. The kirgins of Texas high school football ignored the chill that swept across the state Friday night. They breezed along in generally predictable fashion on the last big evening of the regular season. Thirty seven district or zone titles were captured Friday night, leaving only a few up for grabs. None of the state's top-rated teams which played Friday night — Abilene Cooper of Class AAAA, Houston Elmore of AAA and White Oak of A—had any trouble picking up wins.

Elmore downed Aldine Carver 30-0 to win its zone of District 10-AAA. White Oak, which had already won its district crown, blasted Huskins 42-0 for its ninth shutout in ten games this season. Abilene Cooper, which also won its district title last week, closed out an undefeated regular season with a 31-11 decision over Abilene high.

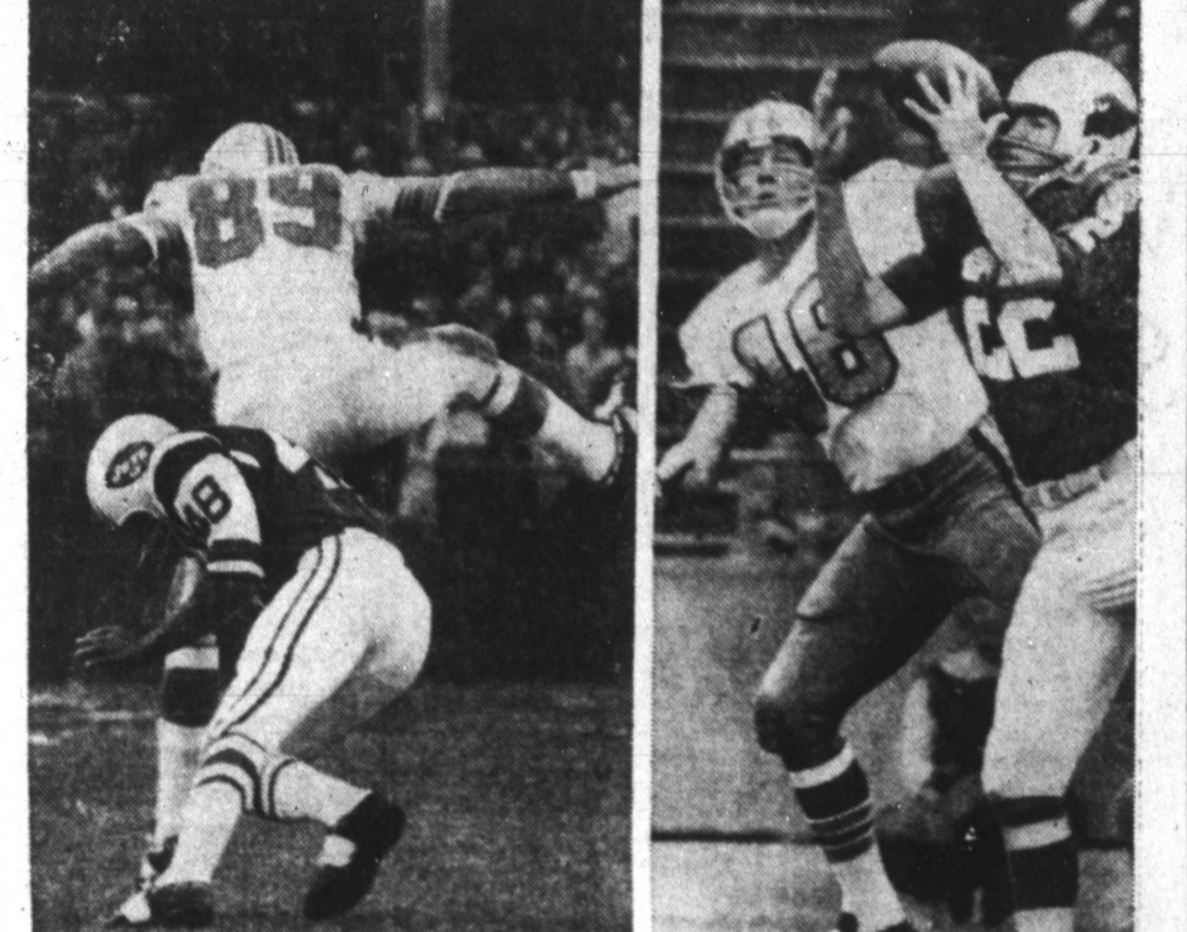

With the stage playoffs set to get underway in three of the four classes next week, three of last year's champions are back for a shot at another title. Lubbock Estacado, reigning king of Class AAA, will be in the zone playoffs of District 3-AAA after thrashing Colorado City 38-7. Daingerfield, which won the Class AA crown last year before moving up to Class AAA, also will be in a zone playoff.

Sonora of Class A has a real comeback story. Sonora clinched its district title Friday night with a 20-13 victory over Junction. The district crown came after Sonora dropped two games early in the year. Junction, which had been ranked sixth in Class A, was by one of three teams ranked among the top 10 to fall Friday night.

Cleburne, which was No. 9 in Class AAA, lost to Corsicana 13-7 and tenth-ranked San Marcos of AAAA fell to Seguin 15-13 and thus gave up the district title to Seguin. Those wrapping up district crowns in Class AAAA Friday night included Ysleta, Wichita Falls, Garland, Fort Worth Wyatt, Houston Yates, Galveston, Brownsville, Seguin and San Antonio Wheatley.

"One of district titles in Class AAA went to Wichita Falls Hirsch, Mea, Brenham, Houston Elmore, Beville and Westaco. In Class AA, the new district champs included Dalhart, Iowa Park, Marfa, Seagoville, Gladewater, Chapel Hill and San Antonio Randolph.

The new Class A district title-holders include Farwell, Roscoe, Sonora, Bangs, DeLeon, Boyd, Crowley, Farmersville, Paul Pewitt, Rains, Mart, Friendswood, Blanco and Agua Dulce. Defense Still Best Offense. Defense really isn't gone from basketball, at least not at Kelton. The Kelton junior high girls team defeated Wheeler's junior high, 57-7 Thursday night, limiting Wheeler to only two points in the final half, those coming in the third quarter. Kelton, now 4-1, got a 30 point effort from eighth grader Meland Krug, who is averaging 13 points a game and 10 points from Jan Matthews. The boys game saw Kelton winning, 32-13, with J.C. Brooks pouring through 14 points for Kelton.

DEFENSIVE pass defense is demonstrated in two ways: Getting the receiver, as New York Jets' Cornell Gordon does (above), or getting the ball, like St. Louis Cardinals' Roger Wherill almost did (right).

Colorado Ends OSU Hopes In 17-14 Win

BOULDER, Colo. (UPI)—Tailback Bob Anderson scored his 16th touchdown of the year with less than two minutes to go Saturday to pull out a 17-14 Big Eight Conference victory for Colorado over Oklahoma State.

Anderson, who tied a school touchdown record with the score, was held in check most of the afternoon by the Cowboy defense. But he slammed across from the one yard line with 1:23 left to make the difference in the game. Colorado linebacker Phil Irwin preserved the Buffalo win when he intercepted a Bob Cut-

birth pass in the Colorado end zone with 20 seconds left. Oklahoma State, aided by three penalties against CU, had driven to the Colorado five before the interception. The victory gave Colorado a 4-2 conference mark and 6-3 overall to keep alive their slim hopes for a share of the conference title. Oklahoma State was left with a 2-3 conference mark and 4-4 overall.

The Cowboys had taken the lead as the second half opened on a 45-yard touchdown pass from Bob Cutbirth to tailback Wayne Hallmark. The score gave Oklahoma State a 14-10 edge. Cutbirth also found end Tom Dearing on an 8-yard touchdown pass in the second quarter. The two scoring tosses gave Cutbirth 12 touchdown passes for the season. Colorado took a quick 7-0 lead

in the first 15 seconds when Anderson took the opening kickoff at the goal and handed off to Steve Engle on the CU 12-yard line. Engle looped around behind Anderson and went down the sideline all the way for the score. Dave Haney kicked a 26-yard field goal in the second period that gave Colorado a 10-7 intermission edge. Anderson continued his drive to establish a Big Eight total offense record. He picked up 69 yards Saturday and now needs only 46 in one more game against Kansas State to surpass the record of 4,713 yards set by Oklahoma quarterback Bob Warkamp in 1966-68.

Anderson, a quarterback-turned-tailback this season, tied a season record Saturday for touchdowns set by Byron "Whizzer" White, now a U. S. Supreme Court justice, in 1937. The Vikings have won seven in a row, including a 51-3 humiliation of the Browns last week, and have become the NFL's most devastating team.

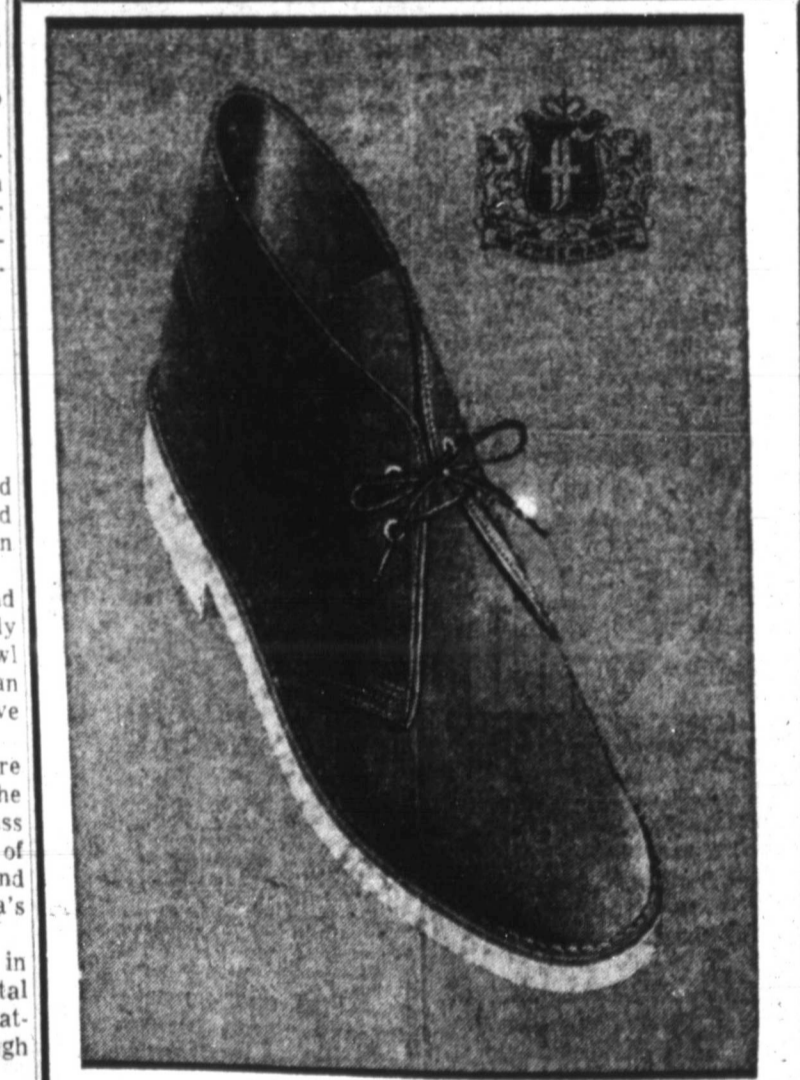

Florida Nears Bowl Bid With 31-6 Win Saturday

GAINESVILLE, Fla. (UPI)—Florida's Harvin Clark raced 96 yards with the opening kickoff Saturday and sensational sophomore quarterback John Reaves eclipsed two more Southeastern Conference passing records in a 31-6 rout of Kentucky. It was Florida's seventh victory of the season against a loss and a tie and was expected to net the surprising Gators at least a Gator Bowl bid. Punchless Kentucky managed its only score when safety Joe Cephan picked off a Reaves pass and went 89 yards in the third period. A two-point pass conversion failed.

Florida scored all of its points in the first half on runs of one and 13 yards by halfback Tommy Durrance, a one-yard plunge by Reaves and a 19-yard field goal by Richard Franco in addition to Clark's run. Scouts from the Gator and Liberty bowls were in the chilly press box and the Gator Bowl is expected to issue an invitation to the explosive Gators early next week. Reaves, who threw for more than 200 yards, broke the season records of 319 pass attempts by Tommy Pharr of Mississippi State last year and 179 completions by Florida's Steve Spurrier in 1966. Reaves had 26 completions in 42 attempts giving him a total 192 completions for 353 attempts and 2,550 yards through the air this year.

Florida scored all of its points in the first half on runs of one and 13 yards by halfback Tommy Durrance, a one-yard plunge by Reaves and a 19-yard field goal by Richard Franco in addition to Clark's run. Scouts from the Gator and Liberty bowls were in the chilly press box and the Gator Bowl is expected to issue an invitation to the explosive Gators early next week. Dog Comeback Bites Pampa, 24-14

By RON CROSS Sports Editor When it looked like Pampa had fifth place in District 4-AAAA all but nailed down Plainview unleashed a devastating second half offensive thrust, took advantage of a pair of stray Harvester aerials and sent Pampa reeling to a 3-7 football season.

Pampa jumped to a 14-0 lead finish 7-3 for the season. and had things well in command midway through the second period but after the Bulldogs scored with 11 seconds before intermission the game took a complete turnaround.

The Bulldogs took the second half kickoff and marched 75 yards in 21 plays, eating up nearly nine minutes off the clock. Too, the Bulldogs overcame two five yard penalties, took a gamble with a fourth and one at the Pampa 34 and made it.

David Wooley carried the last yard for the touchdown and Randy Warrick kicked the conversion with 3:48 left in the period to notch the game at 14-14.

his second touchdown of the night, going in from the three with 3:22 left to wrap it up at 24-14.

The Bulldogs, who got a taste of a fired up Pampa defense in the first half finally got McCutcheon, Wooley and quarterback Rennie Fudge untracked in the second half.

Wheeler Nips Claude, 21-16, In Grid Finale

WHEELER — Ever improving Claude saw a pleasant dream turn into a nightmare as Wheeler, behind the running of Dave Britt and Roy Don Chick brought the Mustangs from behind and to its seventh victory of the season against three losses, in the final game of the 1969 football season for both teams.

Broncs Still Unbeaten

McLEAN — Clarendon found the going a bit rough for just a little while but poured on the coals to win its 10th game and finish regular season football play with a spotless season and District 2-A record.

White Deer Tumbles S-F, Awaits Playoff

WHITE DEER — Sanford-Fritch got the jump on White Deer but couldn't contain the Bucks when they got rolling and saw White Deer roll to its eighth victory in 10 games this season.

Groom Wins Ninth By, 21-7

FOLLETT — Groom wasn't at its best but still had enough offensive and defensive power to win its ninth game of the season without defeat and boil the 1969 season to one game, at home Friday against Booker.

Sunray Edges Canadian On Shutout, 17-0

SUNRAY — Canadian beat Sunray everywhere except where it counted, on the scoreboard, and the Bobcats rolled to their best season ever, with a 9-1 final season reading and 4-1 and second place finish in District 1-A.

BARBED WIRE, BOOTS AND BRANDING IRONS — John McCarty, Amarillo, examines the business end of a branding iron while visiting with members of Twentieth Century Club after the club's annual Guest Day Tea recently. McCarty, speaker for the tea held in Lovett Memorial Library, talks with Mrs. Bill Easley, hostesses and Mrs. Fred Neslage, Jr., president, right. Hostesses arranged a display of western boots, branding irons, stetson, barbed wire strands, and homes to focus on the day's topic, "Our West, The Ever-Expanding Frontier." (Staff Photo)

Amarillo Author Addresses Group On Frontier West

Twentieth Century Club held its annual "Guest Day Tea" recently in Lovett Memorial Library. Hostesses were Mmes. Steve Odom, V.J. Jamieson, Paul Harbaugh, and Bill Roots. Mrs. Fred Neslage, Twentieth Century president, welcomed members and their guests. Mrs. William Easley introduced John L. McCarty, owner of the High Plains Galleries of Amarillo, author and formerly nationally recognized editor, publisher and businessman. Mrs. Easley said, "Most of his paintings are lyrical and poetic. He is author of 'Prairie Nights and Yucca,' 'Winds in the Cottonwoods,' 'The Enchanted West,' 'Maveric Town,' 'The Story of Old Tascosa,' and 'Adobe Walls Bride.' 'Our West, The Ever-Expanding Frontier' was the subject of McCarty's talk. He opened his speech by reading a few paragraphs from his book 'The Enchanted West. The West is always new and ever expanding,' said McCarty. He viewed the West from the time Coronado came through in 1541, searching for the 'Seven Cities of Gold,' to the present.

Area Teachers Compare U.S., Austrian Education

The Teachers Honorary Society, Delta Kappa Gamma, met in the home of George E. Simms, Panhandle, recently, with 23 members and two guests attending from Pampa, White Deer and Panhandle. Hostesses were Mmes. George E. Simms, Marjorie Ewing, Vera Copeland, Bette Gill and Thelma Holman. Speaker for the meeting, Sister M. Valentina of the Catholic Childrens' Home, discussed "A Look in Austria" or "Einen Blick Auf Osterreich." "There is something to be learned from comparing education in the United States of America to education in other countries," said Sister Valentina. She noted stricter requirements in academic work in Austria, but social training perhaps better; here. Promotions are stricter in the schools of Austria with four grades in the elementary school, four grades in junior high school type of education and a branching of education into either a liberal arts education or academic education to prepare for the colleges and universities. Nine years of schooling is required in Austria before going into either Liberal Arts or Academic schooling. "TV programs are weekly in the schools of Austria. There is no driver education in the Austrian schools. A driver's license can't be obtained until a young person is 18 years of age. "The children study at least two languages. Religious education is taught twice weekly. Gym is three times each week. The study of the alphabet precedes reading," she said. Field trips in science similar to two weeks summer camp in the U.S. are conducted under the supervision of two teachers at a time. This is the first hand study of native plant and animal life. Preceding the speech, Exile Vantine and Mildred Sullivan of Pampa led the group in songs from Austria including a hymn by Hayden and music from the "Sound of Music".

Sorority Chapter Names Sweetheart

The Pledge Ritual was presented recently to eight of the new members of Rho Eta Chapter, Beta Sigma Phi in the Hospitality Room of the Citizens Bank.

Mrs. Ronald Beard, president, presided over the ritual assisted by Mrs. Jim Brashears and Mrs. Jesse Hoermann. Pledges were presented their pledge pins by Mrs. Woody Crawshaw and Mrs. Warren Chisum.

Pledges receiving the ritual were Mmes. Jack Eddins, Max Hogan, Edward Dicken, James P. O'Rman, Gary Anderson, Richard Gordon, and Randall Cross. Pledge Jeni D. Finch was unable to attend.

Mrs. Woody Crawshaw

Mrs. Crawshaw was elected Valentine Sweetheart for Rho Eta Chapter and will serve until October, 1970.

The ritual was followed by the chapter business meeting. Mrs. Richard Serrurier and Mrs. Gary Clark presented the program on the "History of Dress. Various dresses over the ages were shown on dolls from several periods.

Following the meeting refreshments were served by hostesses Mrs. Tommy Hill and Mrs. Jim Simpson. Theme for refreshments was "Veterans Day." A large American flag hung over the table which was decorated with small flags anchored in marshmallows set on patriotic napkins. Door prize was won by Mrs. Jim Cunningham.

Two new members transferred into the chapter from out of town were Miss Evelyn Hatcher and Mrs. Gary Sikes. Other members present were Mmes. Robert Benyshek, Dwayne Blakemore, Jim Brashears, Warren Chisum, Gary Clark, Woody Crawshaw, Jim Cunningham, Sonny Golden, Tommy Hill, Jesse Hoermann, Buddy Lamberson, James Lee, John Lyle, Calvin McConnell, Carlos Nunez, Richard Serrurier, Charles Snider, Benny Stout and Henry Harnly.

PLEDGE RITUAL RECIPIENTS — Six of the eight pledges received into Rho Eta Chapter, Beta Sigma Phi, recently were seated, from left, Mrs. Randall Cross, Mrs. Max Hogan and Mrs. Gary Anderson, and standing, from left, Mrs. Cecil E. Sherman, Mrs. Jack Eddin and Mrs. James Poorman. Pledges not pictured are Mrs. Richard Gordon and Miss Jeni D. Finch. Mrs. Ronald Beard, chapter president, presided for the ritual held in Citizens Bank Hospitality Room. (Staff Photos)

Librarian Reports To PTA Council

Parent Teacher Association City Council meeting recently in Carver Educational Services Center, heard reports on saving stamp programs and activities of Pampa school libraries.

Don Nelson, secondary schools' coordinator, suggested the council start a saving stamp program in the elementary schools. Mrs. Alvie French, president, appointed a committee of Mrs. Ray Laycock, Mrs. James Malone and Mrs. Shirley Stafford to investigate the program and report to the council in December.

Mrs. Paul Mitchell introduced Mrs. Frances Walls, Pampa schools' library coordinator who discussed the library program and presented examples of better books for children's use.

Others on the program were Mrs. Steve Odom, Parent and Family Life chairman, reporting on the study course on drugs; Mrs. Paul Howard, Fall workshop report from Waka; Sam Begert, state convention report; and Floyd Sackett, legislation report.

Skellytown TOPS Crowns Queen

SKELLYTOWN (SPL)—TOPS Skellytown Slimmer Club attended an early meeting recently so mothers could attend open house at the school building.

Mrs. Gladys Simmons, leader, presided at the business meeting as members were weighed in by the weight recorder, Mrs. Sadie Lane.

A loss of nine lbs. was reported. Mrs. Mary McKissick was crowned weekly queen and received the fruit basket.

A contest which was in effect for the past 10 weeks was won by Mrs. Irene McCoy, who held the lucky number. Mrs. Gloria Frank won the gift for losing the most weight, 19½ lbs. for the 10-weeks contest.

Mrs. Margaret Simmons was presented a TOPS Crown charm for being three months' queen. Club members will attend a luncheon at the Public Service Room in Borger at 7 p.m. Dec. 2, with Mrs. Peaches Stevens preparing the dinner.

To keep flour sifter sanitary, soak it in cold water, wash in warm suds, and rinse under hot running water.

Guests attending were C.J. McAnich, Volle Guthrie, John Pritchard, Mr. and Mrs. Ben Diehl, Fred Blackwell, Mrs. R.C. Ogden, Bessie Michael, Mrs. W.R. Combs, Clarence Robertson, Mrs. Helen Cobb, Mrs. R.L. King and Mrs. Fannie Merideth.

Lions attending were Jerrel Julian, Joe Clark, Ray Chastain and G.B. Seright.

T symboli satisfact tensions SAGITTA 21): Jo teresting of chan conditio delays—

Your Horoscope

JEANE DIXON

SUNDAY, NOV. 16

Your birthday today: There will be plenty of competition, both new and old, all through the year. In the long run it is good for your welfare, but for the time it is a challenge. You should seek a philosophic view of the whole situation rather than take it as a series of petty conflicts. Vocational activity tends to limit your chances for casual fun. Today's natives enjoy power.

ARIES (March 21-April 19): You have an advantage in that you probably know what you want to do while others are not sure. The evening is the most confusing time of the day—stay with your earlier decisions.

TAURUS (April 20-May 20): Be serene and take pleasure in the orderly community group life this Sunday morning. There will be changes of plans, with better results; go along, without delay.

GEMINI (May 21-June 20): There are so many interesting but subtle possibilities available that you may have difficulty deciding where to begin. It is best to join the people who start first.

CANCER (June 21-July 22): The pursuit of new skills, better knowledge should take up at least a part of this day of personal opportunity. The temptation toward mere pleasure-seeking could cost you the chance to make an interesting new contact.

LEO (July 23-Aug. 22): If you can accept a bit of contradiction in this Sunday's complex program, you can enjoy life more fluently. The evening is great for your special sort of entertainment.

VIRGO (Aug. 23-Sept. 22): Do what is expected of you in your regular Sunday customs. When you've answered letters and cleared off the loose ends of home chores, get out and go for as long a journey as the time permits.

LIBRA (Sept. 23-Oct. 22): Promises are too easy to make or accept this Sunday—keep the situation fluid and moving rather than fixed and specific. Travels and visits are rather important to you and the people you care about.

SCORPIO (Oct. 23-Nov. 21): You have more emotional stress deep within you than you have found ways to express. Today may offer some symbolic channel and a satisfactory release from old tensions.

SAGITTARIUS (Nov. 22-Dec. 21): Journeys are more interesting this Sunday because of changes in the routes and conditions. Expect momentary delays—there is not great

urgency, so enjoy the diversions.

CAPRICORN (Dec. 22-Jan. 19): The day's activities may seem impractical to you, but social aspects of the situation can be amusing if you will just relax and appreciate them.

AQUARIUS (Jan. 20-Feb. 18): Take some simple line of action and follow it closely rather than letting other people distract and annoy you. You can find a great deal of satisfaction in such a quiet mood.

PISCES (Feb. 19-March 20): As long as you remember that wishful thinking may color your understanding of the situation, you can really enjoy this complex day.

Veterans' Auxiliary Reports On Meeting

Kerley Crossman Unit 334, Department of Texas met recently with Mrs. L. K. Stout, as members discussed plans for placing flags on veterans' graves in Pampa, and reported on the district meeting.

Auxiliary delegates to the district meeting held in Dumas this month were Mrs. Ruth Sewell, president; Mrs. Mollie Butts, and Mrs. J. M. Turner.

Mrs. Butts volunteered to make tray favors for Nov. 11 for Worley Hospital. She was also presented with a past president's pin for her auxiliary work.

A letter was read from the Amarillo Veterans Administration Hospital thanking the group for a contribution to the patients' Problem Fund.

Others participating in the meeting were Mrs. Estelle Wheeler, unit secretary; and Mrs. J. T. Turner, treasurer, who also gave the Council of Clubs report.

Three members appointed to place flags on veterans' graves for Memorial Day, Nov. 11, were Mrs. Frank Shotwell, Mrs. Bessie Foster and Mrs. Turner.

Members' next meeting will be with Mrs. Lee Harrah, 2101 Duncan, Nov. 20.

When storing laundered linens, include unwrapped bars of scented soap scattered through the stack. The effect: a refreshing hint of perfume.

Extremely hot soap or detergent suds will help to keep silver as shiny as a jewelry store window. Little if any polishing is necessary for silver that's used every day, and washed regular in hot suds. A scalding hot rinse makes silver dry faster, and speeds up the final buffing with a soft dry cloth.

Ryals Stresses Water Conservation During Program For DAR Groups

Members of Josiah Bartlett Chapter Daughters of the American Revolution of Borger, were guests of Las Pampas DAR for a luncheon recently in Furr's Cafeteria. Mrs. Henry Merrick, regent, presided and reported on the division meeting held in Odessa. She discussed DAR interest in the American Indian's welfare and said the Texas Society aids

in preparing Indians on the Alabama-Coushatta Reservation near Livingston for living off the reservation. After Mrs. John Skelly reported for the Defense Committee, Mrs. Don Gassaway gave the president general's message. Felix Ryals, White Deer, general manager of Panhandle Ground Water Conservation

KOEHLER-GRAHAM

Teresa Joan Koehler

Mr. and Mrs. Roy E. Koehler, Dalhart, announce the engagement and approaching marriage of their daughter, Teresa Joan Koehler, to B. Charles Graham, Amarillo, son of Mr. and Mrs. Ben E. Graham, Pampa. The marriage will be solemnized Dec. 20 at St. Anthony's Catholic Church in Dalhart. Miss Koehler attend West Texas State University and is employed at the American Quarterhorse Association. Her fiancé is a senior at WTSU and is a member of the Sigma Nu Fraternity. He is employed by the Data Processing Department at Bell Helicopter.

Varietas Members Study Americanism

Mrs. Lee Harrah and Mrs. W.E. Abernathy presented the program for Varietas Study Club recently in the home of Mrs. Sherman White. Mrs. H. Price Dosier Sr., club president, presided at the business meeting as members brought gifts for the Christmas box to hospital. Mrs. F.A. Cary reported on the Texas Club-woman.

The program topic was, "Americanism" and was opened with Montesquieu's statement, "The love of country produces good manners; and good manners, love of country." Mrs. Luther Pierson, program chairman, introduced speakers.

Mrs. Harrah speaking on the topic, "American Influence Abroad," discussed America's greatness — in wealth, in power, in standard of living, in production, and in progress.

"One person on an American farm can raise enough material to feed and clothe 25 to 50 other people, while one person in Russia can support only one other person. Mrs. Harrah also discussed current problems of the country, quoting various authorities who believe solutions are possible.

Mrs. Harrah explained the country's far-flung world interests, the foreign aid given to 104 countries and territories and cultural exportations that are made to needy localities worldwide.

"Isolationism is no longer possible in today's shrinking world. While this country cannot afford to bankrupt itself by attempting to feed or police the world, it must find a compromise between the give-away practice and complete solution," she said.

Mrs. Abernathy, the second speaker, presented a paper prepared by Mrs. R.W. Lane, who was out of town. The title of the paper, "All On A Dollar Bill," was a discussion of the many faceted items on the green side of the U.S. dollar bill. Mrs. Abernathy asked each member of her audience to study a dollar bill while she spoke.

She called attention to the Great Seal of the U.S., with the pyramid of material strength topped by the spiritual strength of the eye of God, or one side — and on the other side the

La Cultura Club Tastes Recipes

La Cultura Study Club met at the home of Mrs. Ray Dozier as Mrs. Phillip Rapstib presided over the business meeting. Members voted to join other Federated Womens Clubs throughout the nation in survey of morality in media entertainment.

Mrs. W. W. Hampton was in charge of the program, tasting and featuring favorite holiday recipes prepared and brought by each member.

Mrs. Ricardo Ramirez and Mrs. Richard Evans were welcomed as guests. Members attending were Mrs. C. A. Adcock, Charles Arledge, Walter Colwell, John R. Elliott, Scott Nisbet, Hampton, Raystine and Dozier.

Dear Abby

By Abigail Van Buren

DEAR ABBY: I am 16 and have a problem I can't solve. I asked my mother and she said to ask you.

About a month ago my best girl friend (I'll call her Pam) introduced me to her steady, Tom. I liked him, but considered him unavailable, so I did nothing to encourage him. Tom must have liked me, too, because he started calling me. Since then we've been seeing a lot of each other. He never told Pam that he was seeing me, but Pam started telling me that she is "worried" about losing Tom because he hasn't been calling her lately. Naturally I didn't think it was my place to tell Pam why.

I asked Tom to tell Pam that he's been dating me but he says he just can't hurt her that way. I don't feel guilty because I didn't try to get him away from Pam. It's just one of those things that happens. A boy gets tired of a girl and finds another one.

I don't want to lose Pam's friendship as we've been close friends for years. And I really like Tom and don't want to lose him either. What should I do?

IN THE MIDDLE
DEAR IN: You'd better make up your mind whether you want Pam's friendship or Tom, because as I size it up, you can't keep both. When Tom first called you, knowing he was Pam's "steady," you should have refused to date him until he leveled with Pam. As far as his reluctance to "hurt her" by telling her the truth — horseradish! He'll hurt her more by not telling her. And you'll have been a party to it. Shame.

DEAR ABBY: I am 21 and my fiance is 22. I am living at home for the first time in three years, am going to school and hope to be a teacher. My fiance is presently working on his master's degree.

My problem is my parents who refuse to leave my fiance and me alone together for more than ten minutes. After three years we have accepted that fact although we are made to feel like a couple of juvenile delinquents. My parents are planning to

go away on a two-week vacation, but they insist that I go, too. They won't let my 17-year-old brother stay home either. They won't let me stay with my girl friend, even though I promised I would not let my boyfriend in the house. This puts me in an awkward position since I know how much they want to visit the relatives, and how much I don't.

My fiance and I have never given my parents any reason to doubt our moral standards. We don't even hold hands in the presence of others. They say they "trust" us. Their cry is, "What will the neighbors think?" What do you think Abby?

NAMELESS, PLEASE

DEAR NAMELESS: I think the neighbors could not care less, and if that's the reason for your parents' unrealistic attitude, shame on them.

DEAR ABBY: Please do not think I'm the biggest ninny in the world, but I have a problem I am ashamed to ask anyone else about.

I live in a small apartment with my husband and our little 22-month-old son, and every time I run the vacuum cleaner my baby gets hysterical. Aaa I mean hysterical! I've quit vacuuming altogether so as not to upset him.

DUMB MOTHER
DEAR MOTHER: Your baby becomes hysterical because he is afraid of that curious looking "monster" that makes such a frightening noise. Show him how "harmless" it is by letting him turn it off and on, and by guiding it. When he realizes that it will not harm him, and it can be controlled, he'll get over his fear.

DEAR ABBY: This is for "No Granny" who didn't know what to say when strangers asked her if her child was her grandchild. The answer that always stops them cold is, "Oh, no. Mother isn't feeling well and I'm taking care of my little sister."
"NO GRANNY EITHER!"
in NATICK, MASS.

State President To Visit Kappa Kappa Iota Units

Pampa Conclaves, Gammanational levels and is serving as and Alpha Iota, of Kappa Kappa Iota, will honor their state president, Mrs. Kenneth B. Cable, Odessa, at a luncheon at noon Saturday in Lovett Memorial Library.

Mrs. Cable, a former Pampa teacher, was a charter member of Gamma Conclave which was organized in Pampa March 4, 1950. She has served the organization at local, state and

Delta state president and national recording secretary.

She is an active member in several professional teachers' organizations. She is listed in Who's Who in American Education, Who's Who of American Women, in the Directory of International Biographies, 1969 edition, and has been elected for listing in the National Register of Prominent Americans for 1969.

Mrs. Cable will be accompanied to Pampa by Mrs. Marie Whately, Odessa, Delta state treasurer.

Mrs. Wendell Watson, Gamma president, and Mrs. Richard Serrurier, Alpha Iota president, and members of their conclaves are co-hostesses for the luncheon.

Mrs. Kenneth B. Cable

BETROTHED

Constance Simpson

Mr. and Mrs. Lloyd M. Simpson, 1344 Hamilton, announce the engagement and approaching marriage of their daughter, Constance, to Larry W. Largin, son of Mr. and Mrs. W.S. Largin, Canton. A December wedding is planned. Miss Simpson completed two years of pre-nursing education at Frank Phillips Junior College. Her fiance plans to finish Quarter Master School at Ft. Lee, Va., by Dec. 5. He attended West Texas State University.

DOWNTOWN PAMPA

Pampa Twirler Wins 8 Awards

Rhonda Dennis, 13-year-old daughter of Mr. and Mrs. J.L. Dennis, 2119 N. Beech, won honors in eight events of a recent area twirling festival in Amarillo and will compete in the open Miss Majorette contest in Hollis, N.M., Nov. 30.

Miss Dennis placed first in both basic strut and two baton solo events and won four second place medals in Miss Majorette, intermediate solo, parade majorette, and military strut. Her third place medal was for flag solo and fourth place for T-strut.

Mrs. Hills Gives Children's Report

The Council of Clubs met in the City Club Room with Genevieve Henderson presiding as Jean Tatum gave the meditation.

Geneva Tidwell introduced the speaker, Mrs. Forrest Hills, who spoke on a new community project "Twenty-Four Hour Service to Handicapped Children". Twenty four representatives and officers were present.

Entertain the toddlers at bathtime. Drop a handful of colored corks into the tub. Children love to watch them bob.

Pampans Named To Baptist Boards

SAN ANTONIO — Two residents of Pampa have been elected to the boards of trustees of colleges operated by the Baptist General Convention of Texas at the convention's annual meeting here.

Dan B. Cameron, pastor of First Baptist Church, will serve as a trustee of Hardin-Simmons University in Abilene, and Calvin T. Whatley, employment manager of the Cabon Corporation, will serve as a trustee of Wayland Baptist College in Plainview.

Now is the time to get bird feeders ready for their winter visitors. Wash the removable parts in a pail of hot soap or detergent suds, using an old toothbrush to work thick lather into crevices. Then rinse, drain dry, and reassemble.

Hurry! Come In For Your 6th Week Gift Idea Sticker
"MATCH SANTA'S GIFTS"
1000 EXTRA S&H GREEN STAMPS

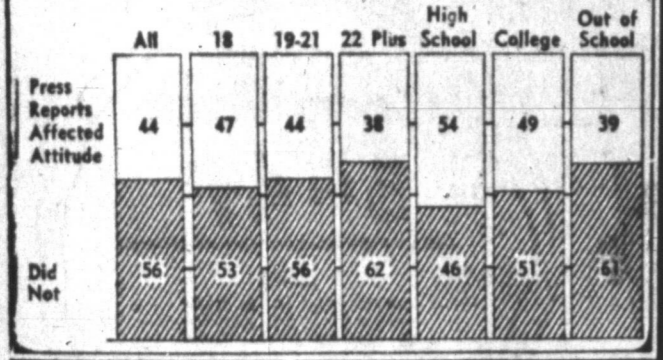

It's simple. Each week when you shop with us, you will receive a new gift idea sticker with \$5. or more purchase. There will be no repeats. You need all different stickers to get your 1000 extra S&H Green Stamps (300 extra S&H Green Stamps with only 6 or 7 different stickers.) Remember, These Stamps are in addition to your everyday stamps. (See "Watch Santa's Gifts" card for full details.)

There's still time to get this week's sticker — SO HURRY on down to CASHWAY — today. (Next week's sticker available Sunday, Nov. 23)

Young Women And The Pill

NATIONAL GILBERT YOUTH POLL PUBLICITY AND THE PILL

Percentage of Women 18 and Older Interviewed:

"You don't have to say 'birth control pill' any more," said a 19-year-old girl from Des Moines. "The pill is enough to get the idea across without anybody thinking you mean aspirin."

"Recent stories dealing with the effects of the pill are causing some people to re-evaluate their opinions of its benefits. The National Gilbert Youth Poll questioned girls between the ages of 18 and 25 across the country about their attitudes toward the pill, and 55 per cent answered that the publicity has not changed their minds about it.

"I have had no bad effects from the pill," said a 23-year-old from Minneapolis, "and I intend to continue taking it."

"I take it with my vitamins every morning," said a 24-year-old from San Francisco. "My husband and I can't afford to have children yet, and I've depended on the pill for years."

Sixty-two per cent of the respondents in the 22-25 age group stated that the stories have not affected them. The younger age groups, however, seem less convinced, with only 54 per cent of 19-21 year-olds and 51 per cent of the 18-year-olds regarding the adverse publicity.

College women are just about evenly divided on the question of its usage, with 48 per cent saying the publicity has changed their minds and 51 per cent stating it has made no

probably the most effective method of birth control we have ever had."

Out-of-school girls felt more strongly than high school or college students that the pill would cause the population to decrease (22 per cent as compared to only 12 per cent of the women in school.)

Gilbert Youth Research's National Gilbert Youth Poll is based on a National Probability Sample of 3,000 young people aged 14-25, which is projectable to the entire youth population of the nation.

Wall Street Chatter

NEW YORK (UPI)—The stock market signalled Oct. 14 that the tide had turned, and it is now preparing for a rally which will carry it to somewhat higher levels by year-end, Wright Investors' Service says. The firm expects a strong price upsurge in January and a new all-time high for the Dow Jones industrial average in 1970.

while net capital losses exceeding \$1,000 can be carried forward indefinitely, the firm says.

Despite an encouraging technical background, the overall market list does not seem to be in any particular hurry to go anywhere, Goodbody & Co. says. This is a good opportunity for investors to realize capital losses and reinvest proceeds in more promising issues, emphasizing equities of companies with favorable earnings prospects and those which will capitalize on the expanding number of people now coming into the high-consuming 20-to-30 age bracket, the firm adds.

The investor who has taken capital gains this year without taking offsetting losses can still remedy the situation, Eastman Dillon, Union Securities & Co. says. To establish a loss, sales may be made in the regular way through the last business day of the year, Wednesday Dec. 31, the firm says. Net capital losses, or losses less gains, may be used to offset up to \$1,000 of ordinary income.

Formal Opening Speaker Named

Caprock Industries, headquartered in Gruver, Texas, is having an open house from 1:00 — 5:00 p.m., November 17, at its Caprock No. 1 Feedlot, four miles south of Gruver on Borger highway, then eight miles west on Sunray highway, and then two miles south.

Texas Governor Preston Smith will be the featured guest at the brief, formal ceremonies at 3:00 p.m.

Caprock No. 1 is the first of a complex of feedlots to be built by Caprock Industries. In fact, Caprock No. 2, located north of Spearman, will be finished just after the first of the year. The two lots will have a total capacity of 68,000 head.

Caprock No. 1 is an exciting feedlot, with some innovations that take it out of the common mold. The horseshoe-shaped trench silo, for example, and our mile-long alley with an underpass for moving cattle without having to stop the flow of feed trucks from the mill. Those are just a couple of the new ideas at the lot.

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

HEALTH FACILITIES:

The membership drive for the new health addition is about two-thirds completed and it looks like it will be a matter of days before final tabulation. If you are interested in losing weight, toning up your muscles, losing inches off your waist, thighs, legs and arms, you had better come on in and take out that unlimited membership. There is specific times for men to come and women to come at separate hours. The women come on M-S. from 8 until 11:45 a.m. and on Tues. and Thurs. nights from 7-9:30 p.m. The men come on M-W-F from 11:45 to 9:30; Tues. and Thurs. from 11:45 until 7 p.m. and on Sat. from 12 until 6. There is no time when men and women come together. Memberships for the health facility are very economical and are about one-third of what you

would pay anywhere else. Individual memberships are \$65 for six months and \$118 a year. You may pay this out on an obligation basis with a \$15.50 down payment and \$10.50 each month for 5 months. There is no pay out for a year's membership. For a man-wife combination the cost is \$90 for six months and \$166 a year. Paid out this would be \$23.87 down and \$13.87 each month for 5 months. Persons who are already members of the Center may receive a discount.

TEEN DANCES:
The Center sponsors teen dances on each Friday night and on other special times during the year. Each dance is well chaperoned by Center employees, parents and two off-duty policemen. The young people are not allowed to come and go, but must stay in the dance or leave permanently.

The schedule is: Nov. 21 the Beaver Express; Nov. 26 Tyme; Nov. 28 the Hysterical Society; Dec. 5 Euphoria; Dec. 12 Seattle; Dec. 19 Shucks; Dec. 23 Tyme; Dec. 26 Blues Society.

SWIM LESSONS:
The final swim lessons of the 1963 season are now being offered. New lessons after the Jan. 4 holidays will be announced around Dec. 1. All classes meet on Monday, Wednesday, Thursday and Fridays from 4-5 or 5-6 p.m. Instructions are given by Mrs. Jackie Marlar, noted Red Cross Water Safety Ins.

If you are interested in your children taking lessons, you should come by now and enroll. Enrollment is free to Center member or \$4 for non-members. Dec. 1-17: 4-5 p.m. beginners; 5-6 p.m. Swimmers.
