It may be a rubber stamp congress, but every now and then it looks as if the rubber they were "pied."

Chasing Mr. Insull around the globe is indicative of nothing in particular. The real test of justice will begin when Uncle Sam gets him into court.

Folks used to drink to each other's health, but that was before the era of potable poisons.

Federal control falls when the weather is lashed. And wheat growers say that even the bread crop is getting out of hand. The grain is growing too fast now.

Just when we get ready to shake off some routine and relax a bit, we hear that the gubernatorial candidates will be buzzing around again and offering to "save" the state.

Brevitorials

Musings of the moment: Once in a while one hears of an honest man—one willing to bear his share of the burdens which civilization imposes. A Georgia man sent a check for \$20 to an internal revenue collector, saying he wanted to pay his share of the cost of government. He probably was already, but didn't know it. . . . We detect: the necessity of trying to look animated when a bored expression would be more fitting. People would be more interesting, if all did not try to act according to rule. Today's synonyms for hairy: Hirsute, bristly, erinate, kempy, peline, capillate, villous, pubescent.

We hear much of slums and proposals to remove them. We are not concerned here with the urban problem. We are concerned with the claims of many so-called critics that the only way to get rid of unemployment is to put the surplus population "on the land." We do it, it is true, talk much of the need for getting back nearer the soil in our scheme of things. But to place many millions of persons on little plots of land and expect them to eke out a living is to create slums in the country equally as bad, perhaps worse, than those in the cities.

We have a rural slum population in this country. Rural housing, sanitation, and health are still at a

BENJAMIN FRANKLIN ORGANIZED THE FIRST ACADEMY, 1749

TULAREMIA, FIRST DISTINCTLY AMERICAN DISEASE, APPEARED IN SAN FRANCISCO IN 1906

OBERLIN, FIRST CO-ED COLLEGE, OPENED DEC. 3, 1833

Answers to Previous Questions
BENJAMIN FRANKLIN'S "Academy and College of Philadelphia," of which he was its first president, later became the University of Pennsylvania. Because of the free use of the word "academy" to denote several types of schools, there is some conflict as to which was the first academy, although Franklin's is given most credit. Oberlin, Ohio, was the location of the first co-ed college, with 39 men and 12 women students. The name "tularemia" comes from the county of Tulare, Calif., where the discovery was made that this disease was transmitted through rabbits and squirrels.

WOMAN NAMED DIRECTOR OF STATE RELIEF

ADAM JOHNSON OUSTED AND MISS DRESDEN IS APPOINTED

AUSTIN, April 10. (AP)—Dissension has split the Texas relief commission over the removal of Adam Johnson, former Austin city manager, as state relief director.

Three members of the commission and one who is contesting a place on the board issued a statement last night in which they contended action of the majority, asserting no charge of misconduct was made against Johnson or "any evidence of any kind presented showing or tending to show that there was any valid or sufficient reason to discharge him."

The statement was signed by Commissioners M. N. Chestman of Dallas, Earle P. Adams of Austin and Houston, and R. L. Holliday of El Paso, who removed from the commission Johnson, former speaker of the House, Coke Stevenson.

Holliday is preparing a court suit to test Stevenson's power to remove him. Stevenson, who has three appointments on the commission, ordered Holliday removed and appointed Colonel Julius Dorenfeld, Jr., of Amarillo, to the position.

The commission elected Miss Marie Dresden, who has been with the relief commission as social service consultant, as director.

Johnson had served as director about two months. He succeeded Jack Reed, who later was appointed by Stevenson as a member of the commission. Reed made the motion to discharge Johnson.

C. B. Braun, commission secretary, in a statement authorized by the majority members, said Johnson was dismissed for "inefficiency, lack of sympathy and standing with the relief movement, because he had no back ground, for the good of the service and because it was the choice of the commission."

The dissenting members asserted Johnson did not have opportunity to reply to a definite charge of any kind and that since becoming director had "performed the duties devolving on him with marked efficiency and ability."

Before Johnson was removed, the commission refused to sustain his demand for resignation of all members of the Travis county relief board and gave the board a vote of confidence. Johnson demanded the resignations for the "good of the service." Allegations on which he based his request were not made public.

Miss Dresden has been connected with the commission since August 1, 1933. She came here from Wisconsin, where she had extensive social service experience. She graduated from the University of Wisconsin in 1922.

Appointments to Groups on Child Welfare Made

More appointments to sub-committees of the Gray County Child Welfare board have been announced. C. O. Greene, member at McLean, has named Ralph Caldwell and A. R. Hanes to his social service committee.

At LeFors, Ralph Ogden has appointed Mrs. W. I. Gilliland on the social service committee. Mrs. A. Carpenter of LeFors, chairman of educational publicity and recreation on the board, has appointed Mrs. Ralph Ogden and Mrs. H. Breining on her sub-committee.

Other members of the board are A. G. Post, chairman; Mrs. Clifford Braly, Mrs. W. R. Ewing, and Mrs. F. E. Leech.

ROBINSON DIES

LITTLE FALLS, N. Y., April 10. (AP)—Theodore Douglas Robinson, former assistant secretary of the navy, died of pneumonia this afternoon at the Robinson ancestral estate, Cruger Mansion, in the Mohawk valley town of Warren.

Robinson, who would have been 51 years old on April 28, had been ill only a few days.

TUGWELL SAYS HE DOES NOT KNOW WOMAN

MISS KNEELAND SAYS SHE TOLD WIRT NOTHING

WASHINGTON, April 10. (AP)—Lawrence Todd, representative here for the Soviet news agency, Tass, denied to newspaper men today the quotation attributed to him by Dr. William A. Wirt that President Roosevelt is the "Kerenky" of the impending revolution that will replace him with a "Stalin."

The alleged remark was said by Wirt in the house investigation to have been made at a September dinner also attended by David C. Coyle, of the public works administration. Coyle also told reporters he heard no such statement.

As to assertions attributed indirectly to him by Wirt, Dr. Rexford Guy Tugwell in an interview said they were gathered from a 1931 public speech by him.

Speaker Rainey also denied a remark attributed indirectly to him in Wirt's testimony to the effect that "the government would take over some industries."

Todd acknowledged that he attended a dinner at the Virginia home of Miss Alice Barrows last September at which Wirt was a guest.

"At no time during the dinner conversation," he said, "did anyone present make any mention whatever of anyone who had, or was presumed

Banquet For Oil Men Gala Event As Notables Meet

A gala occasion of the assembling of oil men, attorneys, land and royalty owners, and state officials in Amarillo yesterday was a banquet tendered by the Panhandle Producers & Royalty Owners association, headed by E. J. Dunigan of Pampa.

Honored guests were senators and representatives who are inquiring into gas waste in the Panhandle field. Mr. Dunigan introduced Mayor Ross Rogers of Amarillo as toastmaster, who presented such notable Senators J. W. E. Beck of DeKalb, Walter Woodward of Coleman, Will Martin of Hillsboro, John Redding of Lufkin, W. B. Collier of Eastland, W. R. Poage of Waco, Grady Woodruff of Decatur, and Arthur Duggan of Littlefield. Also present were Rep. Olan Van Zandt of Tiora, Railroad Commissioners Lon A. Smith and Ernest O. Thompson, and about 200 other persons a great many of whom were Panhandleans.

Entertainment was furnished by the Melody Maids orchestra and by a chorus of girls from Amarillo college.

Small fees will be charged in all classes. They amount to one or two dollars monthly in most classes, three dollars in art classes.

The schedule places music appreciation on Tuesdays and Thursdays and art at 5 p. m.; typing, shorthand, and grammar at 6; psychology, grammar, government (Tuesdays and Thursdays), public speaking, seventh grade arithmetic (Mondays, Wednesdays, and Fridays) typing and shorthand at 7.

Hasty Action Is Not Contemplated By Commission

Changes in the official city family will be made today, only after employees are given ample notice. Meanwhile, efficiency and aptitude for the several positions will be noted.

The new commissioners, W. T. Fraser and Marvin Lewis, who as long as they vote together can decide city policies, did not commit themselves on their intentions, if any, of re-organizing the city personnel. They did tell City Manager C. L. Stine to make known to employees that no hasty action was contemplated.

No contract was awarded for purchase of cast iron pipe to extend the water mains south of the Fort Worth & Denver overpass, but the bids will be considered after several factors are investigated by the new commissions. The commission, including Mayor W. A. Bratton, adjourned after a closed session lasting about an hour.

Scenes In Palo Duro Canyon To Be Shown Here

Visitors are invited to high school and junior high school programs at the gymnasium tomorrow morning, when Col. E. R. Cappelock will give illustrated lectures on work of the CCC in Palo Duro canyon. He is commander of the men working there.

Junior high school starts at 9 a. m. and the second program at 10 a. m.

A lecture by Col. Cappelock, sponsored by the Council of Women's clubs and scheduled at the city hall tomorrow afternoon, has been cancelled because of the death of J. H. Blythe, city secretary, and the closing of city hall offices for the funeral. Club women and their prospective guests are invited to hear one of the lectures at school instead.

NIGHT SCHOOL TO OPEN HERE THIS EVENING

Students To Enroll In High School Building

ENROLLMENT in the night school which will succeed the Emergency Education school here is open this evening. Several new classes will start. Approval has been given by the school board to continue the venture in adult education.

Information concerning old and new classes may be secured after 5 o'clock this evening in the hall on the second floor of the high school building. Instructors hope the new classes will interest many adults who have not been enrolled for EES courses.

New World War Is In Prospect, Says Henderson

GENEVA, April 10. (AP)—The spectre of another world war was conjured up today by Arthur Henderson, president of the disarmament conference, as he warned delegates here for the re-convened session of the body that they must do their utmost to prevent an international catastrophe.

He told them there must be a universal treaty of disarmament, describing it as a world problem. He flayed verbally that section of public opinion which declared the military situation hopeless and the conference useless.

"That section, he said, 'contemplates with equanimity the return of conditions that led to the world war; they urge us to go back to international anarchy where every nation is a law unto itself and all arm.'"

Henderson said there was nothing to warrant an opinion that a disarmament agreement was impossible, but he declared:

"A new race for armaments has begun, although it has not yet gathered much momentum."

Call For Liberty Bonds Is Made

The First National bank has received a telegram from Henry Morgenthau Jr., secretary of the treasury, pointing out the federal call for Fourth Liberty Loan bonds.

"Please use your good efforts," the telegram said, "not only in contacting your own customers but as a public service offer your facilities to your community. Get in touch with your local newspapers requesting them to bring facts to attention of the public. Many holders of bonds in small denominations are unaware of advantages of exchange into new issue now selling at substantial premium. Bonds should be in mails not later than midnight, April 12."

Income Tax Hike Defeated

Increases in income and surtax rates over the finance committee scales which would have added an estimated \$40,000,000 in revenue.

The additional 10 per cent rate estimated to yield another \$55,000,000 for recovery needs in the one year it would operate, would have been applied to the amount of normal income tax and surtaxes due in 1935 on 1934 income. For example a person owing \$100 in taxes would have been required to pay \$110.

The vote was 46 to 44 against the Couzens amendment, but Senator Couzens changed from aye to no before the decision was announced in order to move for reconsideration.

Before Couzens changed the vote was a tie and the amendment would have been lost anyway.

MRS. ROOSEVELT LEARNS NAME OF TEXAS ARTIST WHO DREW SKETCH ON RECOVERY PROGRAM OF NRA

Both President And Wife Liked 'White Collar' Version

FORT WORTH, April 10. (AP)—An anonymous artist who penciled a sketch on the recovery program which won the favor of President and Mrs. Roosevelt has been found. He is W. G. Rhodes, former oil company employee, who mailed the sketch to Mrs. Roosevelt without the knowledge of his wife and who was reluctant to make his identity known.

Small of stature, nervous of temperament, Rhodes never had training in art but said he always has drawn to "express my feelings."

The sketch which won the approval of the president was signed merely "White Collar" and was entitled, "Over the Grim Night of Chaos Shone One Lone Brave Star." The title was from Mary Baker Eddy's poem, "Christ and Christmas."

It depicts a group of men on their knees with their arms upraised toward a star which has the form of the blue eagle. It was suggested, said Rhodes, by a remark made once by General Hugh Johnson in a speech in which he said the recovery program is attempting to do something for the white collar class.

Rhodes mailed the sketch to Mrs. Roosevelt. She admired it and

County Stops Expense Incurred On Road Project

Gray county commissioners yesterday discontinued all costs they had incurred for machinery and engineering on the Pampa-LeFors highway.

Because of the changes in and drastic curtailment of work relief, making it impossible to continue the supply of common and skilled labor, the commissioners could not justify the expense of the county's participation. They will meet again to consider a new basis for work as soon as the relief policies are definitely established.

Feeling in the court is strongly leaning toward the belief that the county should sell bonds and contract for completion of the road as soon as the bonds are saleable. In such an event, relief labor would be transferred to some other project. However, the question is an open one at this time.

Skellytown Woman Hurt in Accident

AMARILLO, April 10. (Sp)—Mrs. Virginia McCabe of near Skellytown is in a serious condition at St. Anthony's hospital following an automobile crash near here last night.

Although three vehicles were damaged when produce truck driver allegedly went to sleep and swerved in front of the car in which Mrs. McCabe was riding, she was the only person seriously hurt.

She was a guest of Mr. and Mrs. B. W. Rose of Pampa on the trip to Amarillo.

Prisoner Saw Way Out of Strongest Cell in Ardmore

ARDMORE, Okla., April 10. (AP)—Officers have found no trace of a car thief suspect, identified today as Huber McCreary, wanted in Fort Worth for the theft of a police car and the wounding of two Texas officers, who saw his way from the jail here Sunday night.

Sometime Sunday night he cut his way out of the strongest cell in the jail—the same one used to house Harvey Bailey, Unsubal Kidnaper, when he was caught here—and the severed bar in a window to make his getaway.

Officers, at the time of his escape, had been unable to identify the car found in his possession and he was being held for investigation.

LATE NEWS

WASHINGTON, April 10. (AP)—The Bulwinkle committee voted today to summon all persons who participated in a Virginia dinner last September on which Dr. William A. Wirt said he partially based his "brain trust" revolution sentiments.

WASHINGTON, April 10. (AP)—The senate banking committee today adopted the controversial section of the revised stock market control bill relating to segregation of broker and dealer activities, permitting the regulatory body to lay down rules governing the subject.

WASHINGTON, April 10. (AP)—Denial that he has a network of royalty corporations and "switches" stock and money from one to the other was shouted before the NRA board of review today by J. Edward Jones, former secretary of the federal oil administration.

NEW YORK, April 10. (AP)—M. H. Cahill, president and chairman of the Missouri-Kansas-Texas railroad, has arranged to retire, it was reliably reported in Wall Street today, and a meeting of directors has been slated for tomorrow to consider selection of his successor.

WASHINGTON, April 10. (AP)—Production of 491,753,000 bushels of winter wheat this year was announced today by the department of agriculture as being indicated from April 1 conditions, as compared with 351,030,000 bushels produced last year, 473,700,000 bushels in 1932 and 632,061,000 bushels the 1927-31 average.

Assassination Of de Rivera's Son Attempted

MADRID, April 10. (AP)—Assassins today missed in an attempt to kill Jose Antonio Primo de Rivera, son of the former dictator of Spain, an himself leader of the fascist movement.

Anti-fascist extremists hurled two bombs at de Rivera's automobile and fired a volley of shots at him just after he left the criminal courts building, where he appeared as private prosecutor of a syndicalist accused of the murder of a 15-year-old fascist.

The automobile was damaged but de Rivera was unhurt. He left the car, firing at his fleeing attackers. After a pursuit of several blocks two persons suspected of complicity in the plot were captured.

Relief Board's Commissaries To Be Closed

AUSTIN, April 10. (AP)—Orders closing out of state commissaries, through which food and relief supplies have been distributed to the needy, will be started immediately, C. B. Braun, assistant director of the Texas relief commission said today.

The commission voted yesterday to abolish the state commissary system after repeated urgings by representatives of merchants in the large centers. In the future, direct relief will be administered through retail grocers on orders issued by local relief authorities.

Argument was advanced before the commission that the state commissary system was not cheaper than efficient distribution through retail stores. Merchants agreed to handle relief cases at a small percentage above the fixed costs, Braun said. Details of the plan were being worked out by commission officials and will be ready by the time commissary supplies are exhausted.

WATER WELL PUMPS LOWERED

Freeshik dropping of the water level in one of the city wells will be studied when the tubing is pulled soon and the pump bowl lowered 10 feet.

A peculiar fact is that the levels in the other wells seemingly are not affected. It is possible that a save has occurred, since the well is pumping mud and fine clay.

The water level, already far below normal, drops still more after it is pumped a few minutes.

THREE WOMEN AND TWO MEN ARE INVOLVED

ROOSEVELT CALLED A 'KERENSKY' BY NEWSMAN

BY CLARENCE M. WRIGHT, Associated Press Staff Writer.

WASHINGTON, April 10. (AP)—naming "brain trusters" and their satellites" as his informants, Dr. William A. Wirt indicated today that he traces back to Dr. Rexford Guy Tugwell, assistant secretary of agriculture—his conviction that a plot exists to "overthrow the social order."

For two sensation-studded hours he recounted his fears to the house investigating committee while a massed crowd followed his words.

The story started with an account of a dinner, attended by him, two men and three women associated with the administration, and the representative here of the Soviet news agency Tass. The last name, Lawrence Todd, he quoted as saying President Roosevelt was "in mid-stream" and could not turn back from the "revolution."

It ended with the Indiana educator, unable to complete his testimony today, suggesting that the committee summon W. Douglas, budget director, and W. I. Westervelt, Chicago business man formerly with the farm administration. They, Wirt asserted, could throw more light on the alleged plotting to bring communism.

Speaker Rainey's name figured, too, Wirt quoting Westervelt as having said "he had asked Rainey what congress was going to do, and Rainey replied that congress would assemble, pass certain laws, stay in session until May or June, and withdraw in a moment. Wirt said that Rainey would take over some industries" and then I don't know what will happen."

Those cited as present at the September dinner were:

Robert Bruere, chairman of the textile code advisory committee; David C. Coyle, of the public works administration; William W. Donnell and Mary Taylor, department of agriculture economists; Alice Barrows of the education bureau at

NEWTON D. BAKER TAKES LINDBERGH'S PLACE ON AIR BOARD

CIVILIANS TO AID IN MAKING PLANE INQUIRY

DERN NAMES 5 OTHERS TO HELP ARMY GENERALS

WASHINGTON, April 10 (AP)—Newton D. Baker, wartime secretary of war, today accepted appointment as chairman of the army's air corps investigating committee upon which Colonel Charles A. Lindbergh declined to serve.

Secretary Derr, announcing the acceptance of five other civilians to aid army generals in making the military aviation inquiry, said the first meeting would be held here late this week or early next.

The investigation, planned by the war department itself, stepped into national focus following a list of tragedies suffered by army airmen in flying the mail.

The secretary of war said the following civilians in addition to Baker had accepted places on the committee of eleven:

Dr. Karl Taylor Compton, president of Massachusetts institute of technology;

Dr. George W. Lewis, director of aeronautical research for the National Advisory committee on aeronautics;

Clarence D. Chamberlin, noted trans-atlantic flyer.

Major James H. "Jimmie" Doolittle, widely-known flier and aeronautical engineer;

Edgar S. Gorrell, president, Stutz Motor Car company.

State Closes 34 Oil Refineries In East Texas

KILGORE, April 10. (P)—Operations were suspended today at 34 East Texas oil refineries as a result of injunctions being issued, requiring obedience of the new refinery control law, in the Texas Railroad commission's campaign against "hot oil."

R. D. Parker, chief administrator of the oil and gas division of the railroad commission, announced that this number of refineries had shut down but he declined to list them. Construction work was halted at five refining plants that were being erected.

It was explained that the refineries had closed voluntarily after issuance of the injunctions, which were intended to force compliance with regulations.

Pampa Girl Wins First Place In Latin Tourney

The first and second year Latin teams, accompanied by their teachers, Miss Mary Idelle Cox, went to Amarillo last Saturday to a district Latin tournament.

Helen Marie Jones won first place as an individual, and the second year team, composed of Flora Dean Finley and Helen Marie Jones ranked second as a team. First place was won by the Lubbock team.

The first year Latin team, composed of Tom Eaman and Gwendolyn Underwood did not place.

Winners of the Latin essay contest for this district, which was conducted last March, were announced at the banquet. Helen Marie Jones won second place, writing on "An Explorer-Caesar" for the second year, and Harriett Ann Robb won second place for first year, writing on "Practice of Medicine in Rome." The state results on these essays will not be known until near the end of school.

NOTABLE NOTINGS OF P. H. S.
By The Nimble Nk-Wits

Did you miss poor Snooper last week? He's sorry—it couldn't be helped, but he's giving you a double dose this week to make up.

Snooper saw Mr. Fox riding a bicycle Sunday and apparently enjoying himself.

"Dot" Hawn and her polka dot green tie had quite a time yesterday.

Billie Bratton says he's tired of life. We'd hate to have you end it all, Billie.

Snooper saw Mr. Kelley and Rex Rose distractedly pacing the floor at a tense moment in the checker game last Thursday night.

Holidays are getting to be regular occurrences around school these days—not a bad idea.

Snooper has a bad case of spring fever. Who doesn't?

Martha Jones kept Warren Finley in howl terror of rotten eggs on the senior picnic, but it was only an Easter egg, Snooper hears.

Jean Mann says she has the cutest little dog!

Snooper thinks Miss May should be a gardener. The way she pets her pansies!

The sucker sales in the hall are going to be a great temptation. Why, the teachers won't even let us eat the suckers in class when we've bought them one!

Then seniors on the weiner roast the other evening were sent in quest of wood to start a fire. Presently some boys returned carrying a whole tree. Samuel Stennis explained that Harold Bray blew his nose and a blow a tree down. The power to you, Harold!

Our English teacher says Mae West's favorite expression, "She done him wrong," came from Shakespeare. Wonder where she got "Come up and see me some time."

Snooper saw Mr. Gull and a group of his students carrying a cook stove and utensils down main street last week. Going to set up house keeping?

Snooper didn't know Mr. Smellage could sing "Wagon Wheels" till he went to Palo Duro canyon Sunday. Snooper found out plenty else he didn't know.

Miss Cariker thinks Glen Eldridge acts like a little soldier about his memory work.

Buck: How 'bout a date for the senior picnic?
Miss May: But this is so sudden—
Alton Cox—Yeah! So seldom!
You should have seen Mrs. Alexander helping Travis Lively comb his hair.

Sue Dodson carried the one-act play cup around all day yesterday like a little girl would a new doll.

Snooper saw Dick Dennard minding a baby last Sunday—Thursday we'd have sworn he was a bachelor. Really, this is rather sudden. (Perhaps you'd better not try explaining. It'll sound funny, even if someone is visiting you.)

Howard Lane, an ex-student, was seen pumping Christina Hendrix home on a bicycle the other afternoon.

Snooper heard Mr. Kelley declaring that he flunked as much as anyone when he was in high school.

Odel Walker wants to know who this guy Snooper is anyhow.

TEN COUNTIES WILL COMPETE IN DISTRICT INTERSCHOLASTIC MEET HERE ON FRIDAY AND SATURDAY

The first district interscholastic League meet of District 2 will be held in Pampa Friday and Saturday of this week. Under the new plan of organization, ten counties will compete here in the district meet, which Pampa will enter as an independent city unit. The one-act play contest was held last week-end; all other events, both literary and athletic, will be run off Friday and Saturday. A regional meet for four districts from northwest Texas will be held in Canyon, April 20-21, and will cover a much larger territory than district meets held there in former years under the old plan.

Preliminaries in all literary events will begin Friday afternoon at 1 o'clock. The morning will be spent in registration, and there will be no classes in any of the Pampa schools that day. Finals in declamation and extemporaneous speech will be held that evening. Finals in debate will not be held until Saturday night. Volley ball and tennis will begin Friday afternoon and continue through Saturday. All track and field events will be eligible to compete in the regional meet at Canyon.

P. H. S. will be represented in all events, both literary and athletic. The following people will represent the school in literary contests:

Boys' Debate—Joe Gribbon and Norman Whisenand.
Girls' Debate—Helen Joe Daugherty and Lortia Hogan.
Senior Girls' Declamation—Ella Faye O'Keefe.
Senior Boys' Declamation—J. G. McConnell.
Junior Girls' Declamation—Leona Hurst (Junior High).
Junior Boys' Declamation—Carl Camp.
Boys' Extemporaneous Speech—Samuel Stennis.
Girls' Extemporaneous Speech—Josephine Lane.
Essay Writing—Jim Bob Johnson.
One-Act Play—Vernell Stevens, Imogene Hollenbeck, and Harold Bray. (Already awarded first place).
Girls' Singles in Tennis—Daisy Anne Shields.
Boys' Singles in Tennis—Harold Gregory.

Farrington Box Supper Will Be Held Thursday

A box supper, the proceeds from which are to be applied to the Carlsbad Cavern trip, will be held at the Farrington school house Thursday evening at 8 o'clock. The affair is being given by a group of senior girls under the sponsorship of Mrs. W. D. Benton.

All high school students and citizens are invited to attend. Entertainment will be furnished by high school students under the direction of Ben Gull and Harry Kelley. A limit of one dollar has been set on the price of boxes.

Senior Picnic Is Held at Hoover

About seventy seniors and their sponsors went on a picnic near Hoover last Wednesday evening. Eats consisted of weiners, buns, pickles, mustard, onions, apples, and soda pop. "Board behind," crack-the-whip, flying dutchman, and other running games were the chief diversions.

Class sponsors Fannie May, Louise Durnberger and B. G. Gordon were in charge of the picnic.

Tournament In Commercial Work Also Scheduled

In connection with the district interscholastic League meet to be held here Friday and Saturday, P. H. S. will conduct an invitation commercial tournament. The schools to be represented are Canadian, Berger, Shamrock, White Deer, Pampa, Clarendon, and Elk City, Okla.

Contests in bookkeeping, shorthand, and typing will be held. Those who will represent P. H. S. are as follows:

Typing—Ruth Watson, Mary Ellen Cary, Glenn Earl Davis, and Mary Elizabeth Nees.
Shorthand—Ruth Watson, Rosalie O'Grady, and Katherine Vaughn.
Bookkeeping—Ruth Watson and Bessie Lee Tidwell.

Rooms Needed For Visiting Students During Week-End

This week-end several hundred boys and girls and their coaches from ten surrounding counties will come here to participate in the first district interscholastic league meet to be held in Pampa. These people will be our guests and will be forming opinions of our school and town. They will appreciate friendliness on the part of P. H. S. students.

Many of them will find it necessary to spend Friday night in Pampa. If you have room for one or more of these visitors, be sure to report the fact to the high school office. But whether or not you are able to entertain anyone in your home, remember that the sportsmanship and hospitality of P. H. S. are on trial and that you can have a part in making this, our first district meet, a success.

Col. Cappelock To Speak Wednesday At Assembly Event

Col. E. R. Cappelock, who is head of the CCC camp at Palo Duro canyon, will talk on State Parks in assembly tomorrow morning at 10 o'clock. A girls' quartet, composed of Erdine Benton, Hester Lester, Marjorie Enloe, and Maurine Pearce, will sing a new song "Harvesters," which was written by Mr. Castleberry. Winners in declamation, who will represent P. H. S. in the district meet this week-end, will give their declamations. They are Ella Faye O'Keefe, J. G. McConnell, Carl Camp, and Leona Hurst. The public is cordially invited.

Harvesters

When the smiling sun sets in the West,
Let us have room for one or more of these visitors, be sure to report the fact to the high school office. But whether or not you are able to entertain anyone in your home, remember that the sportsmanship and hospitality of P. H. S. are on trial and that you can have a part in making this, our first district meet, a success.

Our colors bright of gold and green
Add delight to the scene;
Happy Harvesters, a moment stay,
Bere the hours fly away.

Chorus—
Tho the years may come and go,
Oh so swiftly, so swiftly,
Harken Harvesters! Let us sing
gayly,
Sing a song of gladness, of many
happy days!
Oh, to be Harvesters always,
Harvesters always.

The above song, written by R. W. Castleberry, has been proposed as a school song—not to supplant "Dear Old Pampa High School," but to supplement it. The music to which the words have been set is said to be very stirring. The song will be sung in assembly next week, and students can form their own opinions as to whether or not they would like to use it. Mr. Castleberry would like some student to compose another stanza.

"A MOTORIST NEEDS TO WATCH HIS NERVES, TOO, MR. TILDEN"

W. E. Richards, Jr. of Lansford, Pa., who rode nearly 20,000 miles in his car last year, says:

"I'm a real tennis fan, Mr Tilden, and I know it takes healthy nerves to play championship tennis year after year. But don't forget, it takes healthy nerves to drive a car, too. Trying to see your way in blinding fog or rain...skids...other drivers taking quick, unexpected turns—all are enough to give any man 'traffic jitters!' And yet driving never bothers me a bit. Smoke? I'll say I do. Morning, noon, and night. But I stick to Camels because then I know I can forget all about nerves. And Camels sure taste great!"

William T. Tilden, II, seven times world tennis champion and winner of countless other titles, says:

"As a steady smoker, I find that cigarettes vary a lot in their effect upon the nerves. I have tried all the other popular brands, but for years I have smoked Camels. Because of their extraordinary mildness I know that I can smoke Camels as freely as I wish and still have healthy nerves."

How Are YOUR Nerves?

Jittery nerves are everywhere in modern life. You know them by such signs as these—foot-tapping, key-rattling, nail-biting—frowning and worrying.

If your nerves are not all they should be, study your habits that might affect them—your eating, your sleeping, your recreations. And get a fresh slant on your smoking by starting on Camels.

Camels are made from finer, MORE EXPENSIVE TOBACCO than any other popular brand.

Camels never get on your nerves. You can smoke one after another... with increasing enjoyment. Camels are so mild, so delicate—packed with the pleasure of finer, costlier tobaccos! The more you smoke them the more you'll like them.

CIRCLES OF TWO CHURCH SOCIETIES STUDY MISSION LESSONS

DIALOGUES BY MEMBERS ON M. E. PROGRAM

BRAZIL IS THE SUBJECT OF MISSIONARY SURVEY

BRAZIL is a land of missionary opportunity was studied by all four circles of Methodist Missionary society yesterday afternoon. Each group enjoyed a brief social period, with refreshments after the study.

Mrs. B. B. Fisher was hostess to circle one. Mrs. C. R. Price was chosen acting secretary following the resignation of Mrs. R. L. Lane. Sentences prayers comprised the devotional after singing of "Christ for the World." Mrs. G. L. Ott was study leader.

Present were Mmes. Joe Shelton, Neil Bever, W. L. Brummett, S. C. Evans, Mahala Pulling, Gaston Poole, Robert McCoy, J. H. McDonald, G. R. Nelson, A. L. Patrick, Price, Ott, Lloyd Roberts, D. E. Roberts, Jim Sackett, D. E. Whittenberg.

Circle Two
Circle two had Mmes. W. R. Campbell and H. B. Carson as hostesses at the home of Mrs. Campbell. Mrs. J. W. Kiser was program leader, and presented Mrs. Hodge and Mrs. H. L. Wilder in a dialogue discussion of the topic.

Mmes. Fred Cary, E. D. Zimmerman, A. B. McAfee, Jim Saunders, S. A. Hurst, W. R. Ewing, Howard Neath, H. R. Thompson, Sherman Roberts, and George Walstad were others present.

Circle Three
Mmes. J. V. Kidwell and H. P. Beatty gave the dialogue for circle three, and Mrs. Roger McConnell reviewed the history of Brazil and its schools. Mrs. Leslie Land was hostess. Mrs. Purvis opened the hour with prayer and Mrs. W. Purviance conducted the devotional.

THRIFT ROOM WILL BE OPEN TWICE WEEKLY

P-T. A. Units Will Be In Full Charge Of Work

The thrift room which has furnished hundreds of garments for school children this year will be open through the spring months on Tuesdays and Fridays from 2 to 5 p. m., directors decided in a meeting yesterday afternoon.

Parent-Teacher units of the city will be in charge, with Mrs. J. H. Hume, thrift room chairman from the city Parent-Teacher council, as director. The groups will take turns working, with members of Baker association in charge this week.

The thrift room was started by the Parent-Teacher association last fall, but CWA workers have assisted until this month. Many garments have been collected, mended, or made over into usable school clothing to furnish adequate dress for dozens of students.

WEDNESDAY
Women of Pampa are invited to a lecture at city club rooms, sponsored by club council and given by Col. E. R. Cappock.

Executive board and group captains of Methodist Friendship class will meet at the home of Mrs. John Hesse, 2:30.

Treble Clef club will meet in city hall club room, 3:30.

Mrs. Bill Dull will entertain the Hi-Lo bridge club at her home, 609 N. Somerville.

Mmes. Walter Hogue and H. C. Feebles will be hostesses to the S. P. O. C. club at Merten.

Merten Home Demonstration club meets with Mrs. Phillips, 615 S. Summers, in Pampa.

Mrs. J. C. Carroll will be hostess to Le Bon Temps club with a 1 o'clock luncheon at Courthouse cafe.

New Deal club will meet at the home of Mrs. C. L. Thomas with Mrs. E. W. Hagan as hostess, 2:15.

Horace Mann P-T. A. executive board will meet at the school at 3:45.

THURSDAY
Linger Longer club will be entertained by Mrs. Clyde Oswalt.

Parent-Teacher associations of B. M. Baker, Sam Houston, Horace Mann, and Woodrow Wilson schools will meet in their respective buildings at 3 p. m.

Child Study club will entertain husbands of members at the city club room, 8 p. m.

CENTRAL BAPTIST M. S. HAS MEETINGS IN HOMES

REVIEWED by one circle and started by another, the mission text, "Christ in the World," was the subject for women of Central Baptist Missionary union yesterday afternoon. The third circle studied another text.

Mrs. Vernie Pipes was hostess to the Bethany circle, which planned a study of "The Life of Lottie Moon" as its next course. It reviewed "Christ in the World" after a devotional by Mrs. O. H. Gilstrap and a prayer by Mrs. Pipes.

Resignation of Mrs. Owen Johnson as secretary-treasurer necessitated the election of Mrs. D. H. Coffey to fill the place. A social and 6 o'clock dinner honoring new members was planned for April 23.

Gingerbread with whipped cream, and coffee were served to Mmes. Louis Tarpley, H. A. Overall, Coffey, J. W. Smith, Wood Overall, Gilstrap, and the hostess.

Little Moon Circle.
Study of "Christ in the World" was started by the Lottie Moon circle with Mrs. B. M. Mitchell as teacher. She was hostess at her home. Mrs. G. C. Stark gave the opening prayer.

Mrs. G. D. Holmes presided over a business session. Cherry pie and coffee were served to Mmes. E. P. Taylor, Earl Vernon, Holmes, Jerry Lockard, D. M. Scafe, Ben Hilburn, Keith Caldwell, Stark, and a visitor, Mrs. Edna Wilkins.

The first chapter of Personal Service Guide was studied by Anna Bagby circle at the home of Mrs. D. L. Lunsford. Mrs. Cecil Lunsford conducted the devotional and Mrs. P. L. Anderson the prayer.

Sandwiches, cookies, and punch were served to them and to Mmes. Allman, John Busty, and Nat Lunsford.

Missionary To Speak at First Baptist Church

Women of the First Baptist church are inviting the public to hear Miss Blanche Rose Walker, missionary to China, speak on that country at a meeting Friday afternoon at 2:30 o'clock at the church.

Miss Walker will arrive in Pampa Thursday afternoon to be the guest of Mrs. F. Ewing Leech until either Saturday or Monday, when she plans to leave for Oklahoma.

Both she and Mrs. Leech will attend a tea to be given, Friday by the Amarillo First Baptist W. M. S. circle which was named for the missionary. She spoke at the First church in Amarillo Sunday night and was to speak in other churches there this week. Her home is in Abilene and her work is supported by the Baptist church of Nacogdoches.

Easter Egg Hunt Is Given on Birthday

Mr. and Mrs. C. N. Baggerman Jr., honored their daughter, Ruby, with an Easter birthday party recently. In the hunt Fred Neal found the prize goose egg. Antoinette Hanna and Dudie Baggerman found the most eggs, and Billie Pearson the fewest. Each received an award.

A color scheme of pink, green, yellow, and white was stressed.

Lighted candles on the birthday cake were blown out, and it was served with ice cream. Fred Neal, whose birthday was April 1, also had a birthday cake.

Guests were Vinita Mae and Wanda June Prestidge, Antoinette Hanna, Vontell Alexander, Lillie Marie Baggerman, Naomi Jeanne Sheffield, Francis Neal, Billie Pearson, Hiray Eldridge, Artie Jr., and Robert Sallor, J. C. Alexander, Fred

Crowd Attends City PTA Rally

A large crowd of parents and interested friends attended the program at high school gymnasium last evening, when the Parent-Teacher association sponsored a city-wide rally.

Pupils from each school in the system presented a classroom exercise, and a massed band of ward school pupils played. "Ben Gull" of high school faculty directed a stunt to close the program.

All P-T-A. presidents, headed by Mrs. Claude Lard, council chairman, greeted the visitors.

WE DESTROYED SIX NEW MOTORS SO YOU CAN JUDGE MOTOR OILS WISELY

New and Improved Conoco Germ Processed Motor Oil Outdistances 5 rival oils, showing the motor protection and long mileage it will give you in everyday driving!

Here are the Representatives of the Contest Board of the American Automobile Association who supervised every detail of the test and attested to the records made.

CONOCO arranged this unusual test of oil values so that you could fairly weigh and accept these fully supported claims of New and Improved Conoco Germ Processed Motor Oil. The test was held at the Indianapolis Speedway under the supervision of the Contest Board, American Automobile Association. Six brand-new stock cars were broken in and six brands of well-known, advertised oils—among them the New and Improved Conoco Germ Processed Oil—were officially sealed in the motor of each identical car—five quarts in the final fill and no more oil added.

The real test to determine superiority began—the cars were driven until their motors failed! Here was a real fight to a finish, without fear or favor!

Around and around the track they went, driven at an average of 500 miles a day at 50 miles an hour, the AAA Contest Board noting every detail. Read these official results—facts to support every claim that Conoco makes!

Oil No. 4 gave out and the motor crashed at only 1713.2 miles; Oil No. 6 failed at 1764.4 miles; Oil No. 5 quit at 1815.9 miles. Oil No. 1 lasted another full day with 2266.8 miles to its credit; Oil No. 3, with a motor break-up that echoed around the track, went out at 3318.8 miles.

For more than two days after that a lone survivor carried on, lubricated by means of the Hidden Quart abilities of the New and Improved Conoco Germ Processed Motor Oil—finally to give out at 4729 miles—42.5% more miles than its nearest competitor—116.88% better than the average of all five competing oils!

You can no longer say you don't KNOW the best oil value—here is undeniable PROOF! Drive into a Red Triangle Station, fill with New and Improved Conoco Germ Processed Motor Oil, and drive out with full security and satisfaction.

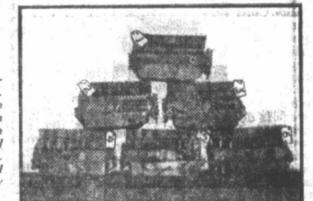

Five quarts of each brand of oil of the same S. A. E. grade from measures checked by the Bureau of Weights and Measures, State of Indiana, were carefully put in the cars by AAA officials.

The official sealing of crankcases after fill of five quarts was put in. No addition of oil was permitted in this "destruction" test.

These were new motors before the test. Close examination will show how each was wrecked when the oil it contained failed to lubricate. They were wrecked to prove to you how to protect yours.

Warning TO NEW CAR OWNERS

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than many straight mineral oils now on the market.

Protect your new car by using the motor oil you can be sure of.

Stamper Called To Georgia By Death of Brother; New Boxers Have Never Met.

The semi-final, six rounds, will also be a return bout. Joe Vernon, Pampa, will tangle with Jim Perry, Fort Sumner, N. M. Vernon and Perry went to a draw last week in a bout that equalled the main event in speed and slugging. Earl Madden will appear on a six round special event but his opponent has not been named. "The big card will start at 8:15 o'clock."

Kid Stamper was called to Georgia yesterday to attend the funeral of a brother who died while in service in the Hawaiian Islands. The body was sent home and will be buried with full military honors. Stamper was scheduled to box Kid Cole here Thursday night in a wider-take-all battle.

TRAINING WITH THE MAJOR LEAGUES

By The Associated Press.

CARDINALS-BROWNS
ST. LOUIS, April 10.—Five weeks of training in the south behind them, the St. Louis major league club, the Cardinals and Browns, were en route home today to open a five-name city series Wednesday. The Cards quit Florida claiming the Grapefruit league championship, their record being ten victories and six defeats against major league teams.

The Browns wound up their stay in Florida with a 6-5 victory over the Brooklyn Dodgers yesterday at Jacksonville.
ATHLETICS-PHILLIES
PHILADELPHIA—The Athletics are hosts at Baker Bowl today for the first time this year, hoping to hand the Athletics another drubbing in the second game of their city series. The A's will arrive with their team out of the limit required for the summer, 23 men. Rookies disposed of yesterday left Connie Mack with nine pitchers, three catchers, six infielders and five outfielders.

REDS
MACON, Ga.—Confident that the Cincinnati Reds are prepared to launch their most powerful attack in years, Manager Ben O'Farrell today outlined his plans for the opening game against the Chicago Cubs. St. Johnson, young right hander, has been selected to hurl against the Braves. O'Farrell will be backstop. Bottomley will be at first base. Piet at second, Koenig at third, and Slade at shortstop. In the outfield will be Comorosky in left, Hafey in center and Shriver in right.

GIANTS
HUNTSVILLE, Ala.—Don't let Bill Terry hear you do any viewing with alarm so far as the world champion New York Giants are concerned. "This time last year we had nothing," Bill points out. "We hadn't developed yet. Now we have not been hitting and at times we have looked lousy, me included. But we'll hit. We have more power than we had a year ago."

WHITE SOX
TUCUMCARI, N. M.—By the time the Chicago White Sox reach home this week-end, Al Simmons' bat should be going full blast. Simmons did not hit up to the Simmons standard in the far west.

DALLAS TEAM HAS VETERAN MOUND STAFF

STEERS' FOUNDATION IS 6 OR 8 GOOD PITCHERS

BY BILL PARKER, Associated Press Sports Writer.

DALLAS, April 10.—Skipper Fred Brainard of the Dallas Steers will rely on a veteran pitching staff, experienced catchers and a combination of youngsters and veterans in the infield and outfield in this year's Texas league pennant marathon.

The foundation of Brainard's team is pitching. Ralph Erickson, south-paw, Sal Glatto, John Whitehead, Edg Vangilder, Fred Sletely, and Charlie Barriere are holdovers who were A-1 regulars last year. Sletely won 5 and lost 2, Vangilder won 9 and lost 4, Glatto won 14 and lost 13, Erickson won 13 and lost 15, and Barriere won 4 and lost 4. These are the six pitchers slated to shoulder the mound burden this season. George Cox, formerly with the Chicago White Sox, has been pitching well in exhibition games and is a stick around. On Texas league records, the Steers boast one of the best balanced pitching staffs in the league.

The catchers have been named. They will be Clarence Johnson and Harold Funk. Johnson, who batted .326 and fielded .992 last year, is a holdover and probably will be first string. He has one of the best throwing arms in the league and promises to be an improved hitter this year. Funk played with Houston and Columbus last year but only in a few games due to an injury.

James Keesey was purchased from Portland to replace the popular Zeke Bonura. Keesey has a very large pair of shoes to fill. He is a big 190-pound husky who bats and throws right-handed. He played 65 games for Kansas City last year and batted .389. He played 83 games for Portland and swatted 296. He has a cinch on the first sack.

Lou Brower, for two years the regular shortstop, has been transferred to second base. Brower is a regular workhorse. He played in 152 games last season, batted .259 and fielded .942. A fast man on double plays with a quick snap throw, Brower is expected to prove just as valuable as the keystone sack as he was at shortstop.

Manager Brainard is undecided about shortstop, John Cortazzo was secured from Memphis of the Southern Association to fill the shortstop gap but was released yesterday. He played 133 games last season, batted .245 and fielded .948 but failed to impress Brainard in spring training. Anthony York, up from Baton Rouge of the Dixie league, is the best looking youngster on the field. He can play shortstop or second. In 125 games last season he batted .291 and fielded .910.

Eddie Hock, last year Houston star, will play third. Dallas traded Ernie Holman, for Hock, who is a seasoned Tex. as teacher. He guarded the hot corner in 145 games last season, batted .244 and finished with a fielding average of .949. With Keesey at first, Brower on second, and Hock at third, the Steers have three infielders who can stand the gaff. Just what will become of the shortstop problem is something Brainard and Bob Tarleton, the vice president, will have to solve.

The outfielders will be Fred Bennett, Willis Norman, and M. G. McCulloch. Bennett is a holdover who swatted 228 last season and fielded .946. He has few peers in the Texas league. McCulloch was with the Steers part of last season before he was sent to Baton Rouge. He is a 22-year-old prospect who appears ready for Class A. He batted .330 last season and fielded .970. Norman, purchased from Louisville, comes touted as a fence wrecker and will have his opportunity. He cracked the pellet for a .292 average last year and fielded .946. Brainard has his lineup picked. The Steers have even played an exhibition doubleheader. They are ready for the pennant chase.

Mr. and Mrs. Jimmie Wheeler are visiting friends in Dallas for a few days.

EXPERTS PICK GIANTS TO WIN PENNANT AGAIN

CHICAGO CUBS CHOSEN AS NEXT BEST IN NATIONAL

BY ALAN GOULD, Associated Press Sports Editor.

NEW YORK, April 10.—Major league baseball experts, who agreed the Giants would finish no higher than sixth in last year's National league race, have done the handsome thing this spring by picking them to repeat their triumph.

It remains to be seen just how Bill Terry's club will react to this startling vote of confidence. Their performances so far along the exhibition route have not been altogether becomming to world champions but it will be time enough to use the yard-stick on the Giants when the games begin to count in the standing of the clubs.

Meanwhile the ballots in the eighth annual Associated Press pennant poll testify that the Chicago Cubs are the team most likely to oust the Giants from the top in another of those dramatic five-horse races for which John Arnold Heydler's circuit is famous.

Of the 87 writers and editors contributing to the poll's consensus, 40 pick the Giants to repeat while 34 name the Cubs to finish on top. The St. Louis Cardinals have 13 backers for their hopes of taking first money and the Pittsburgh Pirates only nine but in the consensus the Cubs land third place. The solitary remaining vote for first place goes to Boston's battling Braves, who face an uphill job unless they can replace Rabbit Maranville at second base successfully.

The Braves finished fourth, a notch ahead of the Cardinals last year but the consensus favors a reversal of this order for 1934. Otherwise the experts see no change in prospect. The Brooklyn Dodgers, Philadelphia Phillies, and Cincinnati Reds are assigned to finish the way they did last year—sixth, seventh, and eighth.

THE WRONG PLACE
OMAHA, Neb.—Sam Dresher, one of Omaha's leading dry cleaners, is pleased. He enjoys a reputation as a practical joker, purchased several acres of land near the city for a picnic grounds for him and his friends. Someone placed "nudist camp" signs all around the property and the resulting confusion gave Dresher a mild case of the jitters as he ruminated, "and me a dry cleaner—nudists, phooey."

MAT SHOW IS WITNESSED BY LARGE CROWD

CLINGMAN BEATS ROD FENTON 2 OUT OF 3 FALLS

The largest wrestling audience ever to witness a match in Pampa last night saw Sailor Otis Clingman, Pampa favorite, defeat Lightning Rod Fenton of Canada, two out of three falls in the main event at the Pla-Mor auditorium.

Dorcy Detton, promoting Utah youngster, stayed the time limit with Don Hill, Hollywood, in the semi-final.

Standing room was at a premium despite the fact that additional seats had been installed for the big event. The main event was wild after a scientific semi-final.

Joe Bauer, German clown, opened the card by defeating Farmer Miller of Lubbock in 12 minutes. Bauer maulled Miller unmercifully for the time on the mat and then pinned him with a lock and smother.

Don Hill and Dorcy Detton gave a speedy exhibition of the wrestling game according to the rules and regulations. They went the full 30 minutes but many times during the match one or the other seemed to give up but refused and finally came out of punishing holds.

The going got a little rough at times as slaps were exchanged and Detton worked on a nerve in Hill's leg. Hill had the experience and strength but Detton showed unusual speed and ability to come out of holds.

The main event, as predicted, was one of the wildest in the history of wrestling in Pampa. The wild Canadian used every trick in the wrestling game but the Pampa favorite appeared to know them all and a few more. He evaded Fenton's famous drop kicks most of the night and administered some of the same medicine on Fenton.

Clingman took the opening fall in 17 minutes with a few well placed Sonnenbergs and a smother. The fall came as a surprise to many. Clingman was hanging on the ropes with Fenton ready to place a drop kick on his chin when something seemed to throw Clingman through the air and he landed with his head in Fenton's mid-section. Clingman then followed his advantage and Fenton went down for the count.

With nothing to lose and everything to gain, Fenton came back like a wild man and had Clingman on the run most of the second fall which he won in five minutes with a well placed drop kick. Clingman tried to wrestle, but unsuccessfully. Fenton tied his head through the ropes and used fists and knees with apparent joy.

The baby-faced Clingman won the deciding fall in 12 minutes with a few Sonnenbergs, a couple of drop kicks and a slam that left Fenton helpless on the mat. The fall was the wildest of the evening. Both maulers worked wildly for a while and things happened with such rapidity that it was impossible to tell who had the advantage.

Referee Swede Larson was master of the situation most of the time but he had to duck several wild swings. Mr. and Mrs. J. S. Matheson of White Deer visited friends here last night.

IT'S TIME TO SUMMER-IZE

AVOID HOT-WEATHER TROUBLE with Magnolia's 7 POINT PROTECTION

- 1 Drain, flush and refill crankcase with correct chart grade of Mobiloil for summer driving.
- 2 Drain, clean and refill transmission with Mobiloil Gear Oil, summer grade.
- 3 Drain, clean and refill differential with Mobiloil Gear Oil, summer grade.
- 4 Mobilize chassis thoroughly, using special Mobilgreases as approved by your car manufacturer.
- 5 Flush and clean radiator thoroughly, using Socony Radiator Cleaner or Socony Radiator Flush, if necessary.
- 6 Check battery and fill with distilled water; remove corrosion and grease terminals.
- 7 Fill gasoline tank with summer Mobilgas or Mobilgas Ethyl.

Ask any Magnolia Station or Dealer for a demonstration of Mobiloil products.

Only Magnolia Stations and Dealers CAN Summer-ize

HOT weather is almost here! Hot weather, with its faster driving and greater strain on automobile motors. Winter-worn oils and greases need to be changed. Your crankcase oil is probably diluted from frequent cold-weather choking. Your differential, transmission and chassis must have sturdier, heat-resisting lubricants. Your battery and radiator ought to be checked.

That is why we have created Magnolia "SUMMER-IZE" Service. In one complete check-up, your car is prepared for the hottest weather and you are ready to go where and when you please without worry or fear.

Check the seven points at the left. Notice how thoroughly we go over your car. Remember that "SUMMER-IZE" Service is distinctly a Magnolia Service. Drive in today!

the interior department, and Lawrence Todd, representative of the Soviet news agency.

The dinner was in the Barrows home in nearby Virginia. Wirt said Miss Kneeland quoted Tugwell as having said he "would have closed the grain and stock exchange if he had the power" and that he termed last summer's business improvement "a speculative spree."

"Miss Kneeland said," he went on, "that Tugwell said: 'If we begin to plan nationally we must change once and for all our statutes and constitution.'"

He also testified Miss Kneeland had quoted the assistant secretary of agriculture to the effect that "it was impossible to have a planned economy and have big business operating industry."

Representative Bulwinkle (D., N. C.) wanted to know who had talked of President Roosevelt as a "Kerensky," later to be replaced by a "Stalin."

"Lawrence Todd," Wirt replied, "As to Westervelt, the schoolmaster testified the Chicagoan had said 'Dr. Frederic C. Howe (head of the AAA consumers council) had told him that if there was a way to stop feeding people on federal relief that quicker progress could be made to what we are after.'"

Westervelt also was quoted as having said Tugwell asserted he could get \$1,000,000 for a special school for "recent college graduates," and that it would be "easy to inoculate them with ideas about the new planned economy."

Wirt also assailed the "substitute haremstead" plan of the administration.

"Do you consider it part of a plan to overthrow the established order?" he was asked, and replied he "certainly did."

Asked by Representative O'Conor (D., N. Y.) if he discriminated between overthrowing the social order and changing the government, Wirt said that he spoke of revolution such as the "Roosevelt revolution" referred to in a book by Ernest K. Lindley. He said some people thought of revolution as throwing out the president and "blowing off the top of the capital."

"The president is not to blame," he said, "but the real friends of the constitution have not come forward."

Asked by Representative Arnold (D., Ill.) who made the statement in his remarks that "we are on the inside and had controlling influence which made the president think he was making decisions," Wirt replied: "Todd, Kneeland, and Taylor."

Convening of the house terminated the hearing soon after noon. It will be resumed tomorrow with Wirt on the stand. What other witnesses will be called, if any, remained to be decided.

NIGHT SCHOOL

physical education for women, grammar, business arithmetic, and shorthand at 8.

A dressmaking class will meet from 4:30 to 6 on Mondays, Wednesdays, and Fridays, with Grace H. Bird as teacher. It will meet for enrollment at 4:30 today in room 206.

The psychology course will be an elementary class, covering such common terms as stimulus, response, habit, I. Q., complexes, and instincts. Experiments will be made in applied psychology of salesmanship, education, and criminology, touching each briefly.

The gym class for women will have two aims, corrective exercise and enjoyment. The shorthand classes can be arranged to condense the matter in the book and cover the entire course in six weeks or slightly more time.

Anyone may enter all courses now, as new material will be introduced in each class, prospective pupils should enroll today, and interview the teacher of each chosen class if possible.

MARKET BRIEFS

NEW YORK, April 10 (AP)—Stocks pointed upward today under the stimulus of the Detroit motor strike settlement, bright industrial news and hopes that the exchange control bill will not be too severe. Many issues rallied 1 to around 2 points in a brief buying rush and held most of their gains. The close was firm. Transfers approximated 1,500,000 shares.

NEW ORLEANS COTTON
NEW ORLEANS, April 10 (AP)—The market became somewhat more active as the morning advanced and prices improved with stocks and wheat. Washington advices were also bullish, particularly reported recommendations for amendments to the market-control bill. May advanced to 12.08, July to 12.15, and October to 12.29, or 9 to 10 points above yesterday's close. Near noon the market was firm and at the highs.

Merten H. D. Club Postpones Supper

A pie supper planned by Merten H. D. Club for Friday evening has been postponed to Friday of next week. It was announced today. The change was made because of the district inter-scholastic league events here this week.

Plans for the supper will be completed at a meeting of the club tomorrow with Mrs. Alva Phillips, 615 S. Summers.

to have an influence over Mr. Roosevelt.

"There was no mention whatever of any 'Kerenski of the revolution,' or Stalin, and there was nothing said concerning any movement to retard the nation's recovery program."

"All through the dinner, Dr. Wirt, himself, did most of the talking and the other guests, including myself, really had very little opportunity of expressing any views we might have had."

"Dr. Wirt has a weird idea of the conversation at a dinner party which was greatly similar to hundreds of others held in Washington every night at which general political and economic questions are discussed."

CHAPEL HILL, N. C., April 10 (AP)—Miss Hildegard Kneeland, mentioned by Dr. William A. Wirt in Washington today as one of his informants regarding "brain trust" recovery attitudes, said here today: "I've never talked to the gentleman on anything connected with all this."

WASHINGTON, April 10 (AP)—Dr. Rexford Guy Tugwell, assistant secretary of agriculture to whom various assertions were attributed in today's "Wirt investigation" by a house committee, told reporters later the quotations were from "a speech I gave before the American Economic Society at Philadelphia during Christmas week, 1931."

Asked about Miss Hildegard Kneeland of the department of agriculture, named by Dr. William A. Wirt as having attributed the remarks in question to him, Tugwell said, "I do not know Miss Kneeland and have never talked to her."

CHICAGO GRAIN
CHICAGO, April 10 (AP)—Big export purchases of Canadian wheat, 2,000,000 bushels, with talk of orders for 2,000,000 additional, helped today to life prices here.

Wheat market upturns were also stimulated by senate agricultural committee approval of a silver purchase bill. For the first time since March 26, May wheat in Chicago advanced above 87 cents.

Wheat closed unsettled, 1/4-1/2 higher than yesterday's finish; May 87 1/2-3/4, corn 1 1/2-3/4 up, oats unchanged to 1/2 advance, and provisions unchanged to a rise of 5 cents.

SO IT WAS
CHICAGO—The bailiff pounded on a gavel in Judge Matthew Hartigan's court yesterday and said: "There is order in the court, your honor, and lipstick on your face." The judge explained before the court: "My wife's good-bye kiss. The evidence is conclusive, and I am flattered by that smudge of red. It shows my wife loves me enough to kiss me and to make her lips attractive for that kiss."

PAMPA

(Continued from Page 1)
low level in many parts of the country. We of the Panhandle know relatively little about it. If families are going to suffer, they had rather suffer in the cities than in the country. You can't get away from that fact. It accounts for the heavy country-to-city movement in 1933. And the Texas Weekly asks:

"If the unemployed of the cities cannot be permanently loaded on the rural districts, what's to be done with them? The economic nationalist has no answer to that question. For the real answer is that international commerce must be restored if these people are ever to be employed in industry again. Indeed, international commerce must be restored if we are ever to have normal agricultural employment again. There is no other way out. Either that, or we must be prepared to maintain permanent relief rolls in the cities."

ECONOMIC nationalism as widely proposed will not solve the problem under our system of government. A self-contained nation will have a small export volume. The problem of basic agricultural industries—wheat, cattle, cotton—is not of domestic consumption but of exports. The soil cannot support millions of additional families until exports pick up. The industrial and industrial employees guide the wage and price scales of the nation, and they keep them so high that one cannot wrest a living from the soil by simply selling to Americans alone. This may be a hard lesson, which only more trials and errors can solve.

showed it to the president. The result was that Mrs. Roosevelt requested Jasper J. Mayer, chief of the correspondence division of the OWFA, to find the artist.

Mayer, in turn, communicated with Dr. A. H. Fleckwir, Tarrant county relief administrator.

Mrs. Rhodes read a newspaper story about the search for the artist. She recalled having seen her husband working on a similar sketch some time ago. Under her questioning he admitted that the sketch was his. He finally was persuaded to call on Dr. Fleckwir today, and to prove his identity, made a rough copy of the sketch.

BURGLARIES SUNDAY NIGHT ARE PROBED

Chief Deputy Sheriff H. C. Cottrill is investigating burglaries at Alanoed and McLean, which took place Sunday night.

The Blakeney Bros. store at Alanoed was robbed of 16 pairs of shoes, novelties, two cases of eggs, and a quantity of miscellaneous groceries.

The City drug store was entered at McLean. The list of loot was not learned.

Ray Carter of LeFors entered Pampa hospital yesterday evening for medical attention.

Jack Campbell is to leave Pampa hospital this afternoon for his home.

Ward Week To Start Thursday

Thursday will mark the start of Ward Week and Pampa welcomes its arrival with the first days of spring.

The last crates and cartons have been emptied of their contents, the sales force has been increased to take care of the vast throngs of eager shoppers, and there is about the store an air of expectant readiness.

Five hundred stores are participating in this nation-wide event, and an army of buyers have sent in merchandise from all the great marketing centers. The fact that Wards are in touch with approximately 15,000 sources of supply indicates the far-reaching effect of Ward Week, in the industrial life of the nation. Purchases for this Ward Week state total hundreds of carloads of feature bargains alone—new goods never shown before, and to be sold under general prices. Furthermore, there are many additional carloads of regular merchandise to be sold at money-saving prices.

COURT HOUSE NOTES

War And Christian Will Be Discussed At Church Meeting

A discussion on the question, can a Christian believe in and advocate war? will be conducted by the Rev. Gaston Foote, pastor, at the weekly "food-faith-and-fun" night at the First Methodist church tomorrow night. Rev. Foote said that the possibility of another major war is being talked about this year more than at any time since 1917.

The weekly gathering will start at 7 o'clock p. m. with a covered dish luncheon. Over 100 attended last Wednesday. The pastor will continue his discussion of stewardship and tithing. Meetings will be held for the young people. The program will be finished by the time the first show at the theaters is over. It was announced at the La Nora theater.

LUCKIES are All-Ways kind to your throat
—so round, so firm, so fully packed
no loose ends

We like to tell about the finer tobaccos in Luckies—the choicest Turkish and domestic, and only the mild, clean center leaves—they taste better—than "It's toasted"—for throat protection. But we're just as proud of the way Luckies are made. They're so round and firm, so free from loose ends. That's why Luckies always "keep in condition"—do not dry out. Luckies are always in all-ways—kind to your throat.

"It's toasted"

✓ Luckies are all-ways kind to your throat

Only the Center Leaves—these are the Mildest Leaves

NOT the top leaves—they're underdeveloped—they are harsh!

They taste better

NOT the bottom leaves—they're inferior in quality—sour and sandy!

WHAT IS THE TRADE-IN VALUE OF YOUR AUTOMATIC REFRIGERATOR?

After having used it for several years what will the dealer that you bought it from offer you as a trade in on a new model? We have many calls for used ELECTROLUXES but due to the fact that our customers are so well pleased with their old models we have received no trade-ins for the past two years. However until further we will allow you \$100 or more on any ELECTROLUX now in our trade territory as down payment on a new model. This applies to any size or model regardless of how long it has been in service, or whether you bought it from us or brought it with you when you came to Pampa.

Don't delay seeing the air cooled ELECTROLUXES that operate for \$3.60 per year.
