Twinkles

We hereby call upon Uncle Sam to start predicting sandstorms. We don't know any other way to get rid of the things.

Yesterday's dust, instead of blowing sideways, simply "snowed" down from above. New Mexico had assigned the dirt for worn-out Nebraska farms, but the wind changed suddenly, as our winds will.

Don't forget the animated checker game at the gymnasium Thursday evening. Many an old game is being pepped up these days.

"Pampa day" at the Palo Duro canyons next Sunday is a good idea, but not an original one—the Indians started it a few thousand years ago.

Shamrock is boasting of an oil boom. Boasting so much in fact, that the TEXAN has gone daily to prove that Shamrock is no longer a town, but a city, with a daily newspaper. We know of no better proof.

Brevitorials

Musings of the moment: A private, intimate mirror is very necessary, but we've always had a horror of strange full-length mirrors, especially poorly lighted ones. . . . Much as we dislike figuring, we take the time nearly every month to total the amount of gasoline taxes we pay. Try it some time. . . . Old Dobbin may have been over-worked, but he at least wasn't over-taxed. . . . An oldtimer is one who knows how to lean into these winds at just the right angle, without at the same time risking a fall when the wind blows in gusts. . . . Today's synonyms for appointment: Ordination, prescription, predetermination, disposition, determination.

THE question of the moment is how to provide bleachers for the Knot-Hole Gang at the new (See COLUMN, Page 6)

Answers to Previous Questions ALABAMA'S law required dentists to pass a test given by a dental board consisting of at least one recognized dentist. Hackett made his appearance at Covent Garden, London, April 5, 1837. What is now the Institute of Accountants was, at the time of organization, the Institute of Accountants and Bookkeepers.

Firsts in Pampa

Q—When was the first chamber of commerce organized in Pampa?

A—The first organization was in 1908 and was called the Pampa Commercial club. W. B. Jackson was the first president and C. P. Buckner the first secretary. The organization was completed at a meeting in the White Deer land building.

COMMITTEES FOR HISTORY EVENT NAMED

GROUPS DEVISE PLANS TO SPONSOR FIRST PRE-CENTENNIAL

Attractions of the Pre-Centennial celebration and Pioneers Roundup to be held here during the latter part of May were decided upon last night at a meeting of committee chairmen. Members of the committees were also named.

The Pre-Centennial will include the following: A parade of floats depicting some phase of Texas history between 1540 and 1835; a pageant which will give a clear and comprehensive story of Texas history during that period; a baseball game, probably between two Texas league teams; a prize fight between two top-notchers; the coronation of a Pre-Centennial king and queen, selected from among entrants from Panhandle towns; an old-time dance and modern dance; a roundup of pioneers in one place where they will be addressed by a nationally known figure; an amusement concession which will be a duplicate of frontier and mining towns of the old west; prizes for the best floats, decorated windows; for the Pre-Centennial attendant whose ancestry reaches farthest back into Texas history; for the best exhibits.

The entire business district will be draped and decorated with Texas flags for the occasion. Every old timer of the Panhandle who attended the Frontier Days event here in 1932 will receive several letters inviting him to attend the Pre-Centennial before it is staged.

Route to CCC Camps Is Thru City of Canyon

Pampans wishing to attend the "Pampa day" concert in the Palo Duro canyon Sunday will find it advisable to drive to Canyon and turn eastward.

This advice was given yesterday by Prof. J. L. Dufflot, who is teaching an extension course here.

Dr. Dufflot said the route was called from the Teachers college eastward to the CCC camps and was easily followed.

The Pampa high school band and other entertainers will be heard by the 800 men of the CCC camps. The concert will begin at 4 p. m.

School Election Is Next Saturday

L. C. McMurry will be judge at the polls in the school board election of next Saturday.

Mr. McMurry has served as judge or clerk in so many local elections that it would seem queer to have one without him, voters often remark.

The polls will open at the high school building at 8 a. m. and close at 6 p. m. April 17.

The candidates are C. T. Hunka-peller and J. M. Daugherty, incumbents, and Frank M. Foster and Paul Hill.

Community Visit Is Coming Event

Frank Foster and Charlie Duenkel, chairman of the B. C. D. and Jaycee intercommunity relations committees, are appealing to Pampans to go to the Bell community Friday to a box supper.

The local party will meet at the city hall at 7:15 p. m. Transportation will be furnished anyone who will telephone the B. C. D.

Under new rulings for the trips, expenditures will be limited to \$1 per box. However, anyone wishing to buy more than one box may do so.

CITY OFFICIALS OF PLAINVIEW, LUBBOCK LOSE

Incumbents Lose In Numerous Plains Elections

By The Associated Press
MANY CITY officials returned to their offices today but others found themselves ousted as the result of municipal elections in Texas yesterday. The voting was quiet but in several instances the issues stirred up abnormal interest.

Mayor R. M. Miller was re-elected at Commerce in the largest vote ever cast in a city election there.

J. T. Anzures and L. W. Little were named commissioners. Mayors re-elected included: Brown F. Lee at San Angelo, P. D. Renfro at Beaumont, B. A. Toliver at Pecos, Mayor Bratton at Pampa, J. S. Hoffman at Cleburne, Willam R. Block at Gainesville, H. D. Hockersmith at Vernon, Archie Wood at Gladewater, Henry G. Stein at Luling, N. M. Akeson at Hale Center.

Among the administrations defeated were: Temple, W. W. Sellers, defeated R. P. Smyth; Lamesa, W. L. Marr, commissioner, named mayor; Paris, J. Morgan Crook elected mayor over T. J. Record; Lubbock, Ross Edwards chosen mayor in record voting; Wichita Falls, John T. Young won as mayor, the incumbent not seeking re-election.

Punishment Will Be Discussed at Church Gathering

Can a Christian believe in capital punishment? That question which has been debated for centuries will be discussed in the open forum period of the Wednesday evening gathering at the First Methodist church tonight. The program will begin promptly at 6:45 o'clock with a covered dish luncheon. Friends and members of the church are invited to attend the "food-faith-and-fun" night.

The Rev. Gaston Poote, pastor, will begin a new course of study. He will give his first discussion tonight on stewardship. He recently finished a course on Paul, "Unattached" persons are especially invited to attend the gatherings.

NATIONS WILL CONSIDER WORLD WHEAT PACT AT ROME THURSDAY

LONDON, April 4. (AP)—The first international efforts in history to jack up wheat prices and then stabilize them will reach a climax Thursday.

Gathering in Rome, world wheat experts will ponder new measures to save from failure the wheat pact drawn at London in August, 1933.

On the eve of the conference, authoritative opinion is that a united front by the "big four" wheat nations—Australia, Argentina, the United States and Canada—will be essential if the meeting is to be a success.

Minimum prices for wheat and wheat flour, strict control of shipment from all countries and legislative measures to increase con-

REFINERY CONTROL IS CONTEMPLATED BY GOVERNMENT

WASHINGTON, April 4. (AP)—Nathan R. Margold, chairman of the petroleum administrative board, at the conclusion of today's hearing by the board on a refinery control plan, said an emergency measure to meet the problem of excessive gasoline inventories would be submitted immediately to Secretary Ickes, the oil administrator.

Margold's statement was made after the board had heard a group of oil men appeal for a refinery control plan to meet what they termed "a desperate situation in the refinery end of the industry."

It was indicated in oil circles some system of refinery control later would supplant the emergency measure.

The board had before it at the hearing two plans, one offered by the planning and coordinating committee representing the industry under the oil code and another proposed by the major oil companies. The planning committee proposed a strict quota system while the major ones proposed voluntary control.

One of the chief advocates of the planning and coordinating committee's control proposal was E. F. Ashland, Ky., who told the board that some method of immediate refinery control was "very necessary."

"We have been losing money for many months," Wells asserted, "and don't know whether there are many companies large or small which can survive under the present basis."

He contended the major companies' plan would mean "merely a continuation of the situation which has prevailed for the past 6 months. Questioned as to the reasons for the refinery situation, Wells replied: "It is a breakdown of the present method of control under the code" which has failed by far to accomplish its purpose.

Legion Chief To Stop Friday on Canadian Trip

Plans are going forward for the special Legion meeting Friday evening, called to welcome Commander Van Perkins of Cameron and other high officials of Legion and Auxiliary. The session will be held at the Legion home at 8 p. m.

In calling the local gathering, Commander Floyd McConnell of the Kerley-Crossman post here invited local veterans of all wars and their wives to attend. The meeting will be on April 6, anniversary of the declaration of war with Germany. A national broadcast will be heard in addition to other talks.

Commander Perkins is visiting many Panhandle posts en route to the 18th district convention at Canadian April 7 and 8. He sent the following message to local veterans:

"Do you belong to the Legion? Are you an active member or do you 'just belong'? Are you merely contented with the badge on your lapel? Do you attend the 'big four' stay at home and knock? Do you ever go and visit that good buddy who is sick, or leave the work to just a few, then talk about the clique? Don't be just a member—take an active part. Think this over, Buddy—be an active member and don't 'just belong'."

These Men Given Reins of City for 2 Years

Mayor W. A. Bratton, Without An Opponent, Fells 1,213 Votes in City Election.

Fraser, unopposed for his second term as mayor. In the center is W. T. Fraser, elected commissioner No. 1, and at the right is Marvin Lewis, elected commissioner No. 2.

FRASER, LEWIS ELECTED

Mayor W. A. Bratton, Without An Opponent, Fells 1,213 Votes in City Election.

HOW ELECTION WENT
For mayor—W. A. Bratton, unopposed, 1,213 votes.

For commissioner No. 1—W. T. Fraser 706, Clyde F. Fatheree 496.

For commissioner No. 2—Marvin Lewis 712, R. Earl O'Keefe 487.

PAMPA municipal affairs for the next two years will be in the hands of Mayor W. A. Bratton, who was unopposed for a second term, and two new commissioners, W. T. Fraser and Marvin Lewis.

Mr. Fraser will be commissioner No. 1 and Mr. Lewis commissioner No. 2.

Mayor Bratton received 1,213 votes. Of the other candidates, Mr. Lewis was high man with 712 votes and his running mate, Mr. Fraser, received 706. The incumbents, Clyde F. Fatheree and R. Earl O'Keefe, respectively, were given 490 and 487 votes, respectively.

The city charter provides that the present commission "shall on the next regular meeting day and in any event not less than five days after each regular and special election canvass the returns and declare the result of such election." The canvass will begin at 5 p. m. Friday.

The charter also fixes Monday at 10 a. m. following a regular election for the new commission to take office. Thereafter the commission must meet at least once each week, for which the members receive \$10 per week when they are present at the sessions. Any two members of the commission constitute a quorum, but if all three are present, the mayor is required to vote on matters which reach a vote, and his decision must be entered in the minutes. Failure to vote when present is automatically entered on the minutes as affirmative.

Mr. Fraser is a longtime Gray county resident and has an insurance agency here. Mr. Lewis is an automobile dealer. Both are members of the Junior chamber of commerce. Mr. Fraser has been the more active in civic affairs.

Commander Perkins will terminate his service to the city after having served two terms. He has been keenly interested in city affairs during his tenure and is regarded as an authority on municipal taxes and management. Mr. O'Keefe, although commissioner only one term, quickly became a valued member of the commission.

Voting picked up rapidly in late afternoon after a slow start.

Night Phone of Sheriff's Office Must Be Used

The night telephone of the sheriff's department is 362, listed in the name of Pipes. The day phone is 245, listed as the sheriff's department under "Gray county."

In calling attention to these phone numbers, Mrs. C. E. Pipes, Gray county sheriff, said they should be used by anyone needing the service of a deputy. Merchants and night-watchmen are especially requested to note the night phone.

Mrs. Pipes will be glad, she said, to send a deputy to investigate night burglaries.

The jailer is on night duty and answers the calls at 362.

HUEY LONG CALLED A BLANKETY BLANK BLANK BY LOUISIANAN IN SENATE CONFIRMATION HEARING

Owner of Race Track Tells Senator His Opinion of Him

WASHINGTON, April 4. (AP)—Senator Huey P. Long of Louisiana was cursed today at a senate hearing, and said "let it go into the record."

Before a crowd that jammed the hearing on the confirmation of D. D. Moore as internal revenue collector in Louisiana—a Roosevelt nominee opposed by Long—the senator so aroused Col. John P. Sullivan of New Orleans that the latter muttered "you know you can't prove that, you rotten . . ."

Sullivan's face was livid as he cursed Long under his breath but loud enough for Long to hear. Attorney Edward R. Rightor—counsel for Moore—Grabbed Sullivan's arm as the tall heavy set sportsman stood up and scowled across the table.

"That's all right," Long said. "Let him say it. Let it go into the record."

Senator Harrison (D. La.) asked for order and Sullivan sat down.

Earlier, Col. E. R. Bradley—Kentucky breeder of race horses—had told the committee he was "a gambler on anything."

This led up to the exchange in which the profanity occurred.

Long declared he would show that Bradley and Sullivan—who he says dominate Moore—"own their own betting kiddy, in which they bet and have their system of adding, multiplying and subtracting the bets at the expense of the suckers of the United States."

"You can't prove that in a thousand years," Sullivan said across the table.

"You know you can't prove that, you rotten . . ."

Bradley said his bets were placed with the regular pari-mutuel system at the track. He said Ernest & Ernst, accountants, supervised the daily betting system at the track.

Long then attempted to question

AUSTIN, April 4 (AP)—Conviction of S. J. Waghalter in Upshur county on a charge of swindling in connection with the alleged sale of state jobs was reversed and dismissed today by the court of criminal appeals.

HAVANA, April 4 (AP)—Col. Roberto Mendez Penate, secretary of justice in the Mendia cabinet, died today of a bullet wound which authorities said was self-inflicted. The 62-year-old veteran of Cuba's war for independence and bitter foe of former President Machado died shortly after he was taken to a hospital.

BRADENTON, Fla., April 4 (AP)—James Franklin, middle-aged negro accused of criminally assaulting a small white girl, was fatally shot by the father of the alleged victim today on a downtown corner. Officers at the time were returning him to jail from a doctor's office where he had undergone a mental and physical examination.

WASHINGTON, April 4 (AP)—The revised Jones-Costigan sugar control bill was passed today by the house and sent to the senate.

Oil Field Union Initiates 51 Men

Fifty-one new members were initiated by the Oil Field union last night in what was described as one of the best meetings of the year.

More than 600 persons were present in the hall over the State theater. The union now has a membership list of more than 1,000.

The office is open all day from 9 a. m. to 5 p. m., with G. E. Kinney as fulltime secretary.

BELIEVE 6 ARE KILLED IN ELK CITY SECTION

BETWEEN 25 AND 40 HOMES WASHED AWAY

ELK CITY, Okla., April 4 (AP)—A "disastrous flood of the Washita river today was believed to have taken at least six lives, hiding the fate of eight other persons, and washing away between 25 and 40 homes.

At least 23 white persons, in addition to 14 Indians in a lowland camp and seven other Indian families from the Red Moon reservation, were missing today and grave fears were held for their safety as a result of the disastrous flood of the Washita river north of here.

Houses in the vicinity of the little town of Hammon and on both sides of the raging river were torn from their foundations and families were literally washed from their beds as the unusually quiet Washita spread suddenly to a width of nearly 20 miles.

AMARILLO, April 4 (AP)—The division office of the Santa Fe railroad reported here today that the track of the C. O. & W. between Cheyenne and Clinton, Okla., literally had been washed into the Washita river.

The amount of the damage had not been estimated.

"We have been getting reports all day from first one section foreman and then another that they have lost from one-fourth mile to a mile of track," the dispatcher's office reported. "In most places it simply was picked up by the flood waters and dumped into the river."

"We are sending out trains with construction materials today, and hope to resume service as soon as possible, but it likely will be three or four days before we can get a train through."

The dispatcher said all communications were out beyond the Oklahoma line. The first damage to the track, however, was in the vicinity of Cheyenne. The C. O. & W. runs east from Pampa.

Local freight is being handled over C. O. W. out of Pampa, but long hauls are being re-routed. It was stated here this morning. The washouts, caused by high water in three or four tributaries of the Washita, are about 75 miles east of here. Work trains have been sent to repair the damage as soon as the water subsides.

Hope virtually was abandoned for the wife and five daughters of A. M. Atkins, a farmer, who rescued two other children before his little home was washed against a bridge. Be-

New Ordinance Will Give City Dogs a 'Break'

A new deal for Fido is in the offing.

Under the terms of a new city ordinance which has passed the first reading, dogs impounded must be advertised on bulletin boards so that the owners may call for their pets.

The ordinance places dogs in the same class with cows and horses, except that dogs will be killed instead of sold if the owners do not claim them. Pound fees will be made possible. Licensing is not affected.

And this is not all—Fido cannot be put to death in a cruel manner. A humane execution is called for in the ordinance. City Manager C. L. Stine thinks a gas chamber will be the most humane device. It will be arranged so that carbon monoxide from an auto exhaust can be used as the lethal weapon. A glass partition will make Fido's last moments visible to the executioner.

And if Fido visibly suffers, some other execution will be devised.

ABOUT ADVERTISING

Large manufacturers are increasing their advertising budgets for this year and small merchants can take a tip from this and cash in on advertised brands by letting their prospective customers know they are carrying goods at fair prices—McLean News.

Large manufacturing interests set aside a certain portion of their income to use in telling the world what they have to offer. They realize that the more their goods are read about by the public, the more they will sell and the more they sell, the greater the profit earned on the investment.

The worth while manufacturer knows that his brand carries weight. He knows that his goods are reliable. He has put the very best in the product he has for sale. Therefore he tells the public what he has and stands back of his ads.

Certain brands have become household words. They are so well known that there is no question about quality.

But, by the same token, there are shoddies on the market. Shoddies may be bought for less money and sold at a stiff price.

Then the public invests in some article that is not worth the price.

In the good old days of yore the fly-by-night fire sale vendors used to make a big thing from dealing in shoddies of all kinds and descriptions, but today the merchant who wants to hold his trade, must specialize in standard brands that carry weight with the buying public.

The small merchant must appeal to his customers and call attention to the line of goods carried.

People become accustomed to using certain brands of goods and that means sales.

To illustrate: A stranger comes to town. The stranger does not know the brands carried by the merchants of the town. He looks over the town's newspaper. If he sees what he wants listed in the paper, he becomes a customer and does his buying from the town merchants. But if he does not see the old reliable brands he has been using, he will patronize the firms handling the goods and thus become a mail order customer.

When times were good and money was plentiful, people did not pay much attention to the price of an article. They usually bought what they wanted and did not quibble over the price tag. But today the price of an article is carefully considered.

"Good goods at fair prices" is a slogan that the shopper puts in her purse.

She knows that a shoddy bargain is expensive.—Higgins News.

Michigan Co-ed Commits Suicide

OUT OUR WAY By WILLIAMS

The PEOPLES COLUMN

Editor, The NEWS: If it is a good pre-Centennial stunt to teach Oklahomans some Texas history, as you suggest in your column of Friday's issue, it might also be a wise idea to teach Texas map-makers that the boundary line between the Longhorn state and the empire of the Sooners is the Red river and not the North fork of that stream. Long ago this "Greer Country" was awarded to Oklahoma, but map-makers are continually making the North Fork the boundary. In view of the fact that Texas is so huge, it is to be expected that some day the map-makers will indicate the Longhorn state as including New Mexico, Arizona, and a nice slice of Colorado. As a native son of the Indian Territory, permit me to call your attention to the fact that Oklahoma and Indian Territory were separate and distinct designations until Nov. 16, 1907, when the two were united, and the state of Oklahoma came into being. Now it may be a difficult matter to naturalize Oklahomans, but not so with the natives of Indian Territory. Texas boasts of having been under six flags. The natives of the Indian Territory have lived under more different forms of government, if not, than Texans ever knew existed. So naturalization should come easy for I. T. people, for it was not their land composed of the Chickisaws, Choctaws, Cherokeees, Creeks, Quapaws, Osages, and a score of other tribes, each under its own tribal government. Echoes of the ancient feud between I. T. and Oklahoma are found in the present day rivalry of Tulsa and Oklahoma City. Will Rogers is an Oklahoman, but his native land was Indian Territory. Time was when Indian Territory looked upon Oklahoma almost in the same light as Texans do Jayhawkers. But it's all one state, now, not so big as Texas, true, but what would Pampa be without Oklahomans? It might be interesting to learn just what percentage of Pampanians are from Oklahoma.

No one can ever doubt that Texas was once a sovereign republic. Texans never allow Oklahomans to forget it, either! Did you ever drive an Oklahoma-licensed truck in Harris county? It's like flustering a scardier on a bull! Or like a highlander of Caledonia pointing a St. Patrick's day parade, or passport inspection in Soviet Russia! No one would live in the Panhandle, if Oklahoma with its many rivers, hills, woods, and green fields, were not so near. So, when you are weary of Ok-

Sports Writers Of 3 States To Attend Pow-Wow

PORT WORTH, April 4.—Sports writer from fifty Texas, Oklahoma, and Louisiana newspapers are expected in Fort Worth April 20-21. They will be guests of the city at the general sports scribes pow-wow of that week-end.

In honor of the occasion, the first of its kind ever held in Texas, Cowtown, with its two big sporting events, will be turned over to them lock, key, stock, and barrel. Local writers, hotels, chamber of commerce, business men, sheriff's office, the Texas Jockey club and Dick Griffin have cooperated in planning for them an elaborate entertainment.

Fifty press seats will be arranged at the ringside for the Barney Ross-Tony Herrens 140-pound championship fight of Friday night. Following the scrape, visitors will be entertained at a stag supper. The supper, described by the arrangements committee as "stunpudiously scintillating" will feature a floor show, free beer, pretzels, and sandwiches.

The committee, composed of Pop Boone, Fort Worth Press, Flem Hall, Star-Telegram, D. W. Carlton, of the Texas hotel, and C. C. Paterson, of the chamber of commerce, is conducting its collective brain for further means of showing the boys a good time.

Snow Covers Rocky Mountain States

DENVER, April 4. (P)—Winter continued to hold sway in the Rocky mountain section today with snow blanketing the ground in Colorado, Western Nebraska and large portions of Wyoming, Montana and Arizona.

Snow-still was falling here early today. Army air mail pilots here and at Cheyenne scanned the skies wondering if they would remain grounded for the third day in a row. Highway traffic was delayed. Showers fell in Kansas where many sections are in need of moisture.

Deposits of iron ore lie beneath lakes in the northern part of Minnesota, and the state wants to determine its right to them.

More than 501,000 fish were planted in streams in northern California by members of the Mt. Ralston fish planting club.

Roby Youth And Girl Killed In Highway Mishap

STAMFORD, April 4 (AP)—Stella May Waddell, 17, and Penny Mayberry, 18, senior students in the Roby high school, were dead today of injuries suffered last night when the automobile in which they were riding overturned on the Roby-Road highway.

Genevieve Waddell, 16, sister of the girl killed, suffered a broken leg in the accident. The cause of the accident was not learned.

Parents of the girls are Mr. and Mrs. R. G. Waddell, who live on a farm near Roby. Mayberry is survived by her parents, Mr. and Mrs. Pink Mayberry, who live on a farm near Sylvester, and six brothers and two sisters.

Glen B. Young of White Deer is receiving medical treatment at Pampa hospital.

Mrs. W. F. Shouse underwent a major operation this morning at Pampa hospital.

Sam Green of Skellytown transacted business in the city Tuesday.

Car Theft Racket Slowly Declining

CHICAGO, April 4 (AP)—The auto thief is finding his racket a rocky road to doubloons.

A concentration of the efforts of law enforcement officers, criminologists and judges, against this type of criminal activity, is producing results in many of America's largest cities.

In Chicago, where boy automobile thieves have furnished a major problem, the number of thefts in the first quarter of 1934 has been cut 43 per cent, with a 66 per cent reduction in auto strippings, compared with the same period in 1933.

Two factors were credited for the success of the anti-theft drive in Chicago—the creation of a court designed to handle auto theft cases exclusively, and a concentration of law enforcing agencies on their rings, including "fences."

Nor has the improvement been confined to Chicago, where boys as young as 11, 12, and 13 have recently been arrested. Detroit, the nation's principal automobile production center, has noted a sharp decrease for the first quarter, with 820 thefts compared with 1,186 for 1933.

Uncensored Ship Crashes, 2 Die

SAN ANTONIO, April 4 (AP)—John E. Lytle, 31, pilot, and Jeffrey Lee Donald, 16, Karnes City high school student, his passenger, were dead today as a result of a 50-cent air taxi ride in a small plane which crashed from an altitude of 200 feet yesterday as it circled for a landing here.

The investigation of Justice of the Peace R. W. Stappenback revealed that the plane, a small cabin ship, was uncensored.

Donald was one of several Karnes county vocational agriculture students who had come here to exhibit in the spring baby beef show. They sold their beebes and stopped at the airport, en route home. Virgil Stewart, a friend of Donald, said they went to the airport when they heard they could take a seven-minute ride for 50 cents.

Donald is survived by his parents and three sisters.

Mrs. W. R. Riseden of White Deer was a Pampa shopper yesterday afternoon.

J. C. Culbertson of White Deer transacted business in Pampa yesterday.

UNITED STATES ENTERED WORLD WAR JUST 17 YEARS AGO TODAY

BY FRANK B. HARPER.

WASHINGTON, April 4 (AP)—A corporal's guard of seven men who shouted "no" when a tide-rip of "ayes" put America into the world war just 17 years ago would vote the same way if the fateful roll were called today.

The seven are all that remain in congress of the little band of 56 who voted for peace and saw war roll up a thundering total of 455 votes. The senate voted 82 to 6 for war on April 4, 1917, and the next day the house made a similar decision, 373 to 50.

Here's what the seven said today on the seventeenth anniversary of that roll call:

Senator Norris, independent republican of Nebraska, "Not only our nation but every civilized country in the world is now suffering from the misery brought about mainly by the great world war."

Senator Dill, Washington democrat who was a representative 17 years ago, "If I had it to do over a hundred times I would vote the same way. I am unalterably opposed to sending men across the ocean to fight anybody."

Representative Britten (R., Ill.): "When the Woodrow Wilson administration declared war on Germany some 17 years ago, it permitted the most colossal blunder not only in the history of America but for all time to come."

Representative Church (D., Calif.): "I voted against the world war. Would do it again. I surely would."

Representative Frear (R., Wis.): "Wars again threaten to engulf the world. I have urged a constitutional amendment for plebiscite on war before congress again declares war and a further provision that no American citizens shall be conscripted to fight in Europe or Asia."

Rep. Knutson (R., Minn.): "Time has more than vindicated the position taken by the peace-loving members of America's entrance into the world war."

Rep. Lundeen (F-L, Minn.): "In April, 1917, America departed from the old landmarks of Washington, Jefferson, Jackson, and Lincoln—real statesmen—who warned us to keep out of European wars and foreign entanglements."

"It is now universally agreed that we did blunder when we entered the war and it is universally agreed—never again!"

A desire to change the constitution is now alive among this group of men who voted "no." The proposed amendment would require a popular vote before soldiers could be sent outside the United States to wage a war.

TRAINING WITH THE MAJOR LEAGUES

By The Associated Press.

GIANTS
JACKSON, Miss., April 4.—Ousted from the shortstop berth by Travis Jackson, Blondy Ryan may push his way back into the New York Giants' lineup as a second baseman. The youngster played there while Hughy Critz was nursing an injured ankle.

DODGERS
ORLANDO, Fla.—The opening of the National League season is less than two weeks away but Bob Quinn, business manager of the Brooklyn Dodgers, still is trying to find another winning pitcher.

Captious critics insist the Dodger pitching staff consists of "Mungo, Mungo, and Mungo."

YANKEEES
ATLANTA.—In his capacity of president of the Atlanta baseball club, Bobby Jones is sorry Babe Ruth is not manager of the New Yankees.

The Atlanta club needs mound strength and Bobby says: "I'd trade a pretty fair golfing backswing for a winning pitcher. To be bad, Ruth's got to be the Yankees' manager; a golf bug like the Babe would make the deal gladly."

BRVES
ST. PETERSBURG, Fla.—Hal Leg will hold down the second base assignment for the Boston Braves.

Bill McKechnie has reached the conclusion that Dick Gyselman is a third baseman and nothing else and so the Californian is expected to be replaced by the crippled Rabbit Maraville at the keystone sack.

SENATORS
BILOXI, Miss.—Impressive batting by Outfielder Gus Dugas has just about brought Clark Griffith, owner of the Washington Senators, to a decision to suspend Cliff Bolton, holdout catcher and pinch hitter.

Dugas hit four safeties in yesterday's 14 to 2 drubbing of the Pensacola Aviators. One was a homer.

WHITE SOX
PHOENIX, Ariz.—Henry (Zeke) Bonura, the Chicago White Sox' new first baseman, is busily engaged in keeping alive a hitting streak. The youngster from Dallas has hit safely in every one of the club's 14 exhibition games.

CUBS
SAN ANTONIO, Tex.—Anxious to spread the work around for his pitchers, Manager Charlie Grimm of the Chicago Cubs named two hurlers to throw against San Antonio today, and another pair for tomorrow.

Today's assignees were Pat Malone and Bill Lee, and tomorrow two youngsters Roy Holder, the lone southpaw on the staff, and Dick Ward, will hurl.

CARDINALS
BRADENTON, Fla.—Manager Frank Frisch has not yet rounded out his starting mound staff, although Dizzy Dean, Bill Hallahan, and Tex Carleton are assured of regular duty assignments with the St. Louis Cardinals.

Frisch wants more time for naming his other starters. However, it appears that Bill Walker, Papi Dean, and Jess Haines are being groomed as alternates with the other three who did most of last season's pitching. The Cards have 12 pitchers on tap, three of whom will be cut off. The six fighting for positions are Burleigh Grimes, Flint Rhem, Jim Winford, Jim Mooney, Clarence Chase, and Bob Klingler.

Dallas Defeats Kansas City's Blues 7 to 5

By The Associated Press

To prove they are getting into condition the Dallas Steers invaded Franklin, La., Tuesday and beat the Kansas City Blues, 7 to 5. The Steers clicked with four runs in the first inning and the handicap was too much for the Blues.

Fred Bennett, hard-hitting outfielder, accounted for Dallas' first four runs when he looped one out of the park with the bases loaded. The Galveston buccaners did not fare well. They dropped a 6 to 4 game to the Toledo Mudhens. It gave the Mudhens their fourth victory in five starts against the Buccaneers. Claude Linton, catcher, and Joe Malay, first baseman, joined the Buccaneers.

The San Antonio Missions evidently need more practice, the Texas league champions dropped an 8 to 5 game to the University of Texas as when the Longhorns rallied in the ninth. Behind 3 to 5, the Longhorns batted around in the ninth with a bombardment that included three triples.

Manager Carey Selph staged a squeak game at Houston where the regulars defeated the Yammigans in a five-inning contest, 4 to 2. Selph beamed as he watched Henry Popen, gangling righthander from the Nebraska State League, hold the Yammigans helpless.

Manager "Red" Harvel staged an intra-squad game at Oklahoma City that terminated 3 to 3. The Fort Worth Cats and Tulsa Oilers continued to bear down in preparation for opening day April 17.

Major Generals In Oregon Seek Governor's Chair

PORTLAND, Ore., April 4 (AP)—Two retired major generals, who won their spurs at West Point, are seeking the governorship of Oregon at the ballot box.

Announcement of Major Ulysses Grant McAlexander, retired, that he will seek the republican nomination as governor of Oregon, placed him in the field with Major General Charles Henry Martin, who has filed for the democratic nomination.

Both were members of the same class at the United States Military Academy in 1887. They are close friends, and both are noted for their war-time exploits.

Martin is retiring as congressman from the third Oregon district, to make room for the governorship. Each is opposed by other candidates within his own party.

McAlexander, who broke the last German offensive on the Marne, and thus won international recognition as the "Rock of the Marne," declared "it will be my purpose to conduct a clean campaign on the issues of the day, free from personalities."

Martin, assistant chief of staff during the war, and later commander of the Panama canal division and department, said "let my record be my platform."

Claim of Nudism Shown in Movie By Its Founder

What makes a nudist?

Hubert Glassey, founder and leader of Camp Elysia, the nudist colony that forms the background for "Elysia," the startling talkie which will be shown for a special preview Thursday night at 11:15 at the LaNora theater, gives the answer to that question.

One of the pioneers of the nudist movement in the United States, Glassey is a noted authority on analytical psychology, specializing in neurotic diseases, and retarded children.

It has long been his idea that most morbid and erotic sex ideas and fixations can be corrected by nudism.

Nine years ago, before nudism had begun to spread so rapidly throughout the world, Glassey and his wife bought a mountain cabin in the Adirondacks. Together with a fellow teacher and his wife, they spent their summers in the healthful mountain climate.

Visitors to the mountain cabin, after their first startled surprise, soon were initiated into the nudist habits of their hosts, and before the summer was over, it was quite an accepted custom to spend the days in a state of complete nudity.

Later they heard of the rise of nudism in various European countries, and followed the movement with close interest. Glassey and his wife founded one of the first nudist colonies in this country, coming recently to California where they established Camp Elysia.

"Elysia" is the first authentic picture of a modern nudist colony, and must be confused with other films on this subject. It was made with the full cooperation and authorization of Glassey and all the active members of Camp Elysia. The management of the LaNora theater reserves the fact that, although "Elysia" is sensational in its subject, it is handled in such a fashion as not to offend.

DRAMAS WILL BE PRESENTED AT CITY HALL

MATCHES WILL START FRIDAY, OPEN TO PUBLIC

WINNING one-act plays from high schools of seven counties will be presented here in the interscholastic league tournament of district two this week-end. Dramatic classes of the high school will be hosts for the meet.

The tournament will start at 1:30 Friday afternoon, with White Deer and Miami competing. Immediately following their plays, Canadian and Chamberlain will enter the first round.

Pampa's play, Smokescreen, will be given Friday at 8 p. m. in competition with Perryton students, who will present 'The Lord's Prayer.' Berger drew a bye in the first round.

Finals Saturday Night Semi-Finals will start at 9 a. m. Saturday. Winners of the Pampa-Perryton round will compete with the White Deer-Miami winners, and Berger will meet the winner of the Canadian-Chamberlain match. The finals will be on Saturday evening.

All plays will be presented in city hall auditorium. Time for starting each group will be posted outside the door, and no spectators will be admitted during a play, the arrangements committee has announced.

Tickets are now on sale by dramatics students. A season ticket at 50 cents will admit any member of the holder's family to any of the plays, including the finals. Separate admissions will be 10 cents for each group of plays. All proceeds will go to the general expense fund for the district interscholastic league meet of next week.

Judges from outside the district will officiate, Ben Gull, dramatics teacher, has announced. Two will come from Amarillo and one from Panhandle.

Pointers on Poise

VII. SITTING AND TALKING By Laura Townsend Davies

If you are sitting and talking with a friend, you naturally will turn slightly toward that person. It is not necessary to place yourself in an awkward position. You can be comfortable, polite and correct.

Place a chair sideways to a mirror so that you sit with your right side parallel with it. Place the left foot flat on the floor, in line with the center of your body. Draw the right foot back on the left foot, and allow the right limb to relax. Your entire right side is now relaxed.

Now turn your head and shoulders to the mirror, as though to talk to a person on your right. You will see how easy and right this position looks. If the chair has arms, rest your left arm on the chair arm.

By way of contrast, put your right foot forward, relax the left, and then turn toward the mirror. The picture will be wrong. Your will feel and look awkward.

VIII. BALANCE IN SITTING

If you had two heavy pieces of furniture in a room, say a large bookcase and a piano, and all of the other pieces were comparatively small, such as chairs, tables, lamps, etc., would you place the bookcase and piano on the same side of the room? No, you would be more apt to place the bookcase on one side of the room and the piano on the other to have a balanced room.

The same principle applies to the person. If you were to sit, say, with the right foot in front of the left, would the picture be balanced if you placed your right arm on the arm of the chair? No, the graceful pose would be with the left arm on the chair, right hand and arm relaxed in your lap. Then the picture would balance.

SPATS GONE, SPRING IS HERE WASHINGTON—The first robin has arrived, the White House Easter egg rolling is over for a year, and the cherry trees hint of fragile blossoms soon to appear.

But the capital has an even surer sign of spring.

Senator J. Hamilton Lewis of Illinois, equally renowned for his ruddy whiskers and perfection of attire, has appeared on the senate floor devoid of spats.

Senator's Bride

Plans to keep their wedding a secret until after the ceremony went glimmering for United States Senator Robert J. Bulkeley, of Cleveland, O., and Mrs. Helen Graham Robbins, above, of Chicago and Windsor, Ont., when news of the issuance of their marriage license in New York leaked out. Senator Bulkeley, a widower, is 53; Mrs. Robbins 32.

Mrs. Roberts Is Hostess For Two Parties Recently

Mrs. Skeet Roberts was hostess to Tuesday Afternoon club yesterday, when she entertained for the second time in recent days. She was co-hostess with Mrs. Jim White at an Easter bridge party Saturday.

Players yesterday afternoon were Mmes. S. T. Beauchamp, Carl Boston, F. M. Culbertson, Roger McConnell, Sherman White, Felix Stalls, Roy Bourland, and Jim White, club members, and Mmes. Ralph Dunbar, Lloyd Bennett, and George Taylor, guests.

Pastel shades of yellow, green, and pink decorated the rooms. Mrs. Bourland scored high in the games, and cut awards went to Mmes. Boston, Bennett, and Taylor.

Easter Party

Easter decorations appeared in game appointments and favors of the party Saturday, when four tables of players enjoyed the games.

Mmes. H. Eidenborough, Roy Eury, Floyd Pipes, and Ted White were guests from White Deer. Other players were Mmes. Charles Thomas, Jess Wynne, DeLoza Vickers, Roger McConnell, Sherman White, Harvey Todd, P. C. Ledrick, Bob McCoy, Billy Green, Paul Caylor, Monte Montgomery, Billy Taylor.

Mrs. Eury made high score and received one of the table cuts. Mmes. Eidenborough, Ledrick, and Thomas cut for the other favors.

REVIVAL TOPIC TO BE EARTH'S DEAREST SPOT

VISITING MISSIONARY IS SPEAKER LAST EVENING

"THE Dearest Spot on Earth—The Christian Home," will be the subject of tonight's sermon at First Baptist church, where a revival is being conducted by the Rev. J. D. Brannon.

Last evening about 300 persons heard the message on Revivals That Ought to Be, and seven additions were made to the church through baptism.

Miss Blanche Groves Walker, Pampa visitor who is on furlough from missionary duties in China, also spoke. Her subject was The Revival Now in Progress in China.

Daily services at 10 a. m. and 7:45 p. m. will continue in the revival this week and next. A special service for young people is being planned for Saturday morning.

B.Y.P.U. Officers Named at Party

CIVIC CULTURE MEMBERS WILL ATTEND MEET

Next Meeting Gives Way to District Convention

Attendance at the district federated club convention in Amarillo this month was planned by Civic Culture club members in a meeting at the home of Mrs. E. A. Shackleton yesterday. Almost every member will attend a part of the sessions.

Since the next regular club meeting falls on April 17, during the convention, it will be postponed and a double program presented on May 1, it was decided. Mrs. Shackleton has already been elected the club's delegate to Amarillo.

Mrs. A. L. Patrick was leader of the program, which continued a study of Canada. She discussed religion and schools in Canada, Mrs. Katie Vincent spoke of amusements, and Mrs. W. O. Workman of modes of travel. Roll call was answered with current events.

Refreshments were served to Mmes. Cyril Hamilton, Pat Crawford, Joe Berry, Hugh Isbell, Patrick, Vincent, Workman, and the hostess.

Students Thank Club For Trees

Thanks for the seedling trees presented to school children recently by the Garden club were expressed for the low sixth grade of Woodrow Wilson school in a letter written by Daisie Anne Ivey.

Addressed to Mrs. V. E. Fatheree, who made the presentation at Woodrow Wilson, the letter reads:

"In behalf of the low sixth grade I want to thank you for the trees which the Garden club so kindly gave us and the other children in Woodrow Wilson.

"I am going to take the best care possible for my tree so in years to come, I may be proud of my beautiful Chinese elm.

LeFors Baptist Revival Starts Easter Morning

Next Meeting Gives Way to District Convention

LEFORS, April 4.—Interest is mounting in the Baptist revival which began here Sunday morning. The Rev. M. S. Leach, pastor, filled the pulpit Sunday and Monday morning.

The Rev. Neal Greer of Quitaque, evangelist, arrived for the Monday evening service.

Billie Wall was entertained with a birthday party in the home of Mrs. Jack Newman last week.

An Easter dance was held in Carter hall Saturday evening, with music by Hippis orchestra.

Mrs. R. L. Collins and son of Waco visited in the home of Mr. and Mrs. Frazier Pierce last week.

Students Visit On Easter. Lowell Echeard, LeFors high school graduate, visited friends here over the week-end. He is a student at McMurry college, Abilene, and was recently awarded a sweater for work on the freshman football team.

Miss Faye Williams, valedictorian of the senior class of '33, visited friends and relatives here during the Easter holidays. She is attending college at Denton.

Grid Material Promising. Around 35 candidates for next year's Pirate football team are working out regularly at Pirate field.

With eight letterman back, and capable substitutes to fill gaps left by graduation, prospects for a winning team are bright.

Mr. and Mrs. Guy Paxton and daughter of Canadian visited with Mrs. Mattie Paxton over the week-end.

The Rev. M. S. Leach and family visited in Silveston recently.

Demp Willis and W. E. Wilson transacted business in Dallas last week.

R. H. Dennis of Shamrock visited friends here Sunday evening.

ONE OF DILLINGER'S GUNMEN CRITICALLY WOUNDED IN RAID

Eskimos Cut And Chew Frock For Anne Lindbergh

(Copyright, 1934, by the Associated Press.)

ANGMAGSALIK, Greenland, April 4 (AP)—Mrs. Charles A. Lindbergh will have an exclusively designed eskimo costume next fall, it was revealed here today.

Eskimo women who were thrilled with the flying wife of the famous aviator when Mr. and Mrs. Lindbergh were here last year on their flight to Europe are working with their hands and teeth on a special native festival outfit for her.

It may not fit exactly, because the women have judged her size from her photograph and their recollection of what measurements she probably uses in her dresses.

Two-Pound Collar
The costumes will take a considerable period to make and then it will be shipped, late in August, by the Danish supply boat when it makes its annual trip here.

The boat is the only regular contact with the outside world which the people here count on.

A bead collar will have an intricate pattern on which two pounds of tiny glass beads will be used.

An anorak or blouse will have a broad band of pearl embroideries on the sleeves. There will be seal-skin shorts which will be put together with seal sinews split and rolled into tiny threads, and embroidered in front with white dog skin and tiny strips of colored skins.

Long red seal-skin boots (kamiks) reaching nearly to the hips will have an inner sock with the hair inside and a top of seal-skin reaching above the outer boot.

The eskimo women have processed the skins with their teeth.

The white skins then are dyed red.

Homemade skin knives and bone needles are used by the native women who work in the tiny sod huts.

GIRL FRIEND OF DESPERADO IS ARRESTED

WITNESSES SAY GREEN WAS SHOT WHEN HE LEFT CAR

ST. PAUL, Minn., April 4 (AP)—Federal guns, blazing leaden re- tort to gang defiance, cut close today to the trail of the arch-fugitive, John Dillinger, and reddened it with blood of one of his gun-toting pals.

In a swift descent last night upon a hideout place, officers wounded and captured Eugene Green, a veteran of midwestern crime, and a woman who was his partner.

Green, critically wounded, admitted he was one of three persons who shot their way out of a police trap Saturday. Dillinger himself was under- stood to have been one of the others.

The third, a woman, is presumed to have been the Frechetti woman.

W. A. Rorer heading federal forces in charge of solution of the Edward G. Bremer kidnaping case, announced that Green had admitted being one of the trio involved in Saturday's gun battle with officers.

Rorer said that the butt of a machine gun left in an automobile abandoned by the trio Saturday was found in Green's apartment in front of which last night's shooting occurred. The place is owned by a negro.

A "plant" was established at the apartment by federal agents awaiting the return of Green to obtain possession of the butt, as well as other baggage, including automatic gun clips and a supply of ammunition.

Reports of the shooting conflicted. Rorer said Green was shot when he assumed a "threatening attitude" which was accompanied by a menacing gesture as he was endeavoring to get away with his equipment.

Other witnesses describing the shooting said Green and his woman partner drove up to the apartment and that the federal agent planted in the house opened fire from a window as Green stepped from the car. To prevent possibility of a getaway a car containing federal agents armed with machine guns drove up behind Green's auto and shot at the rear tires.

Jumping from the car the woman screamed "please don't shoot any more; we're alone." She was immediately hurried away by the federal agents.

Rorer said Green has a long criminal record and has gone under the aliases of Edward Green, Fred Rogge, Charles Ryan, and George Graham.

Judith Lane

by JEANNE BOWMAN

SYNOPSIS: Morton Lampere has obtained an injunction against Judith Dale's plan to finish Big Tom Bevin's Rio Diablo dam, as he directed in his will. She is ready to fight Lampere and the Bevin heirs, but her husband, Norman, has told her that if she persists in going to the dam, and in spending Big Tom's money for the project instead of turning it over to Mrs. Bevin and her daughter, it may mean a parting of the ways in the Dale family.

Chapter 25
PREPARATION

"We won that point," said Cunard. "No man at the present time has the heart to throw three hundred men out of work if the money used to pay them isn't in jeopardy."

"I have the money, Big Tom gave it to me months ago for this emergency. But Mr. Cunard, if you will place it in your name, it will save me a lot of embarrassment. It would be difficult to explain why a man gave his stenographer a hundred thousand dollars as a gift, wouldn't it?"

"It would indeed. I'll be glad to handle it for you. Anything else?"

"Yes, do you happen to know if the Bevin Construction Company incorporated is hiring any stenographers?"

"We really do need one at the dam. I'd like to keep Miss Kelly here to work with me; have you someone in mind?"

"Yes," she answered earnestly, "myself."

"Is this wise?" inquired Cunard. Judith smiled wistfully. "It's necessary. I haven't any income, and it's going to be imperative that I work from now on."

"You haven't any income?" inquired Cunard and looked at Judge Morgan.

"Even after the injunction is raised Mrs. Dale is not using any of the interest or dividends accruing from Bevin's business. She's turning it all back to the trust; fund it's a bit quixotic, but I can understand her reasons for so doing and under the circumstances can't insist she do otherwise."

Cunard studied a moment then nodded his head. "I guess you're right, but it does seem a bit unusual for a girl worth as many millions as you are worth, Mrs. Dale, to be working for a comparatively small salary."

"At least it will seem more natural to me," she said brightening. "And now about the injunction and the will contest."

"Under normal circumstances there would be no question of our winning the will contest, but with Lampere acting the way he is acting, I'm expecting some sort of trickery."

"There was so much business to handle that Judith found she would not have time to return to Hillen-

Bills Sought In Acre of Ground For Court Case

NEW YORK, April 4 (AP)—A CWA project that wasn't on the original schedule got under way today when 25 men started digging up an acre of ground at Riverhead, L. I.

The workers are looking for plates and \$45,000 in bills printed on one side only as evidence in the government's case against nine men and a woman held charged with planning to flood the country with \$2,000,000 in counterfeit \$5 bills.

The arrests were announced yesterday by federal authorities in Brooklyn who said that seven of the are held in Binghamton, N. Y., where the gang's plant was discovered.

The scheme had already gone awry when the government broke in on it. Federal men said this was due to the gang's alleged failure to pay Frank Volkman the agreed sum of \$3,000 in good money for every \$5,000,000 he printed. The agents said Volkman put the plates, some finished notes and the half finished ones in a valise and fled from Binghamton on a bus for New York.

On the way he accidentally spilled some of the notes. Alarmed, he left the bus at the next stop, and started to walk. He finally became so frightened, the agents declared, that he buried the money, drew a map of its location and mailed it to William Wintermuth, another of those held at Binghamton.

me and I'm trusting it will take him an equal length of time to make up his mind to divorce me."

"If I can help him see Lampere as I'm beginning to know him," said Judge Morgan, "he'll be ready to apologize to you a lot sooner."

only, Miss Judy, are you going to be able to go back to Mr. Dale without holding a feeling of resentment towards him for not standing by you?"

"Inconsistent and thoroughly feminine," conceded the Judge, "and now let's have dinner. Mrs. Morgan is coming down, and Mrs. Cunard. We'll all have dinner together at the most prominent restaurant in town."

They had also invited Cia, and in the verbal witticisms of her friend, and the quiet understanding of the two wives, Judith found real solace.

At the depot, Judith tried to find a moment to speak to Cia, alone, and explain her decision—"Oh forget it," said Cia, "Build your dam, then come back and if Norman won't have you, move in with me and we'll show this town what a couple of grass widows can do to it."

"Of course you understand that by leaving Mr. Dale's bed and board you are giving him grounds for divorce."

"Yes," and then a smile flashed across her face. "However, it took Norman two years to propose to

CATHOLIC PRESS IN GERMANY IS CALLED SUPERFLUOUS BY GOERING

By W. E. BROCKMANN Associated Press Foreign Staff BERLIN, April 4 (AP)—The Duisburg district court, in refusing today to grant an injunction against the Essen National Zeitung at the request of Catholic complainants who charged unfair competitive practices, declared "the so-called Catholic press is superfluous."

Coming as it did on the heels of an Easter message from Pope Pius promising aid to Germany's sorely beset Catholic youth organization, the decision was considered by many as a blow at German Catholicism.

The National Zeitung is owned by Hermann Wilhelm Goering, premier of Prussia. The complainants were the publishers of the Catholic daily, Neuer Tag, and the united publishers of Oberhausen, a Catholic firm.

Specifically, it was charged that the agents of Goering's newspaper threatened the public in soliciting subscriptions.

German Catholic youth groups, spurred on by the message from the Vatican, stiffened determinedly in their opposition to consolidation with the Nazi youth organization.

ENGAGEMENT DENIED STOCKHOLM, April 4 (AP)—A statement was issued by the royal family today denying reports of an engagement between Princess Ingrid, daughter of Crown Prince Gustaf Adolf of Sweden, and Crown Prince Frederick of Denmark.

ROGERS' SISTER ILL CHELSEA, Okla., April 4 (AP)—Mrs. Tom McSpadden, only sister of Will Rogers, the humorist, apparently was holding her own against an attack of double pneumonia, members of the family said here today. Her condition was considered serious, however. Mrs. Rogers arrived from the west coast during the night but Rogers still is in California.

IT IS TO LAUGH MEXICO, D. F., April 4 (AP)—The American colony was still chuckling today over the case of Miss Doris Duke, heiress to the Duke tobacco millions. The arrived here last night on a visit and, as provided by law, was gravely questioned by immigration officials as to whether she had sufficient money so that there was no danger she might become a charge on the hands of the republic of Mexico.

Ex-Kaiser Still Chopping Wood

NEW YORK, April 4 (AP)—After a wood-chopping round with his old friend, ex-Kaiser Wilhelm of Germany, Poultney Bigelow, author and former newspaper correspondent, re- friend, ex-Kaiser Wilhelm of Ger- The two have been friends since they were children in 1870. Bigelow visited the former emperor at Doorn.

He reported that the ex-kaiser's health is good, and that he "chopped wood as usual." He sent his regards to President Roosevelt, Bigelow said.

"I approached modern Germany from the viewpoint of my old profession—journalism," Bigelow continued, "and I could find no break in the armor of Hitler."

"Hitler has everything under control. I am confident the former kaiser appreciates the work which Hitler is doing in creating a new Germany."

Asked if he saw a chance that the former kaiser would return to power Bigelow said, "he cannot go back unless he is invited."

Bigelow lives at Malden-on-Hudson, N. Y. His father was ambassador to France under President Lincoln.

MEMPHIS, Tenn.—Jackie Menn Williams, two years old, saw an electric milk truck parked in front of his house yesterday. He climbed aboard, pulled a lever and was off. The truck struck a car—one dented fender. It passed safely over an intersection and struck another car—another dented fender. It crashed into a telephone pole. Jackie, slightly cut, crawled from beneath a pile of milk bottles. "Wanna go ridin'?" he asked a passerby.

—what it means

—to keep on hand 350,000 bales of Turkish tobacco to add something to the taste

So important is Turkish tobacco in the Chesterfield blend that we maintain a modern up-to-date tobacco factory in the far-off city of Smyrna. Turkish tobacco adds something to the taste and aroma of a cigarette that no other tobacco can give. It means something that Chesterfield always has in store upwards of 350,000 bales of this aromatic Turkish leaf. This Turkish tobacco is blended and cross-blended with ripe mild home-grown tobaccos to give Chesterfields a taste and aroma that is not like other cigarettes. Everything that money can buy is used to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

baseball park. The kids will not be charged admission, but they will have no place to sit unless friends of boydom come to the rescue. There will be 800 or more of the children, in all probability. The only way we know to provide funds for the kids' benches is... to provide them. So, we start a fund with a \$1 contribution. That ought to seat two or three kids. With the proper cooperation, we'll raise our bid. Who'll join us by helping Earl Roff build seats for the kids?

ONE is neither affected nor bookish if he tries to use good English, accurately and with a certain vibrancy which results from freshness and aptness. It should be regarded as nothing short of patriotic to wish to speak well the language to which one is born heir. But affectedness is always to be condemned. As the Pathfinder says, use simple words.

Aspirants for literary advancement should religiously eschew polysyllabic orthography. The philosophical and philological substructure of this principle is ineluctable. Excessively attenuated verbal symbols inevitably induce unnecessary complexity and consequently tend to exaggerate the obtuseness of the mentality of the casual peruser. Conversely, expressions which are reduced to the furthestmost minimum of simplification and compactness, besides contributing a factor of realistic verisimilitude, constitute a much less onerous handicap to the reader's perspicacity. Observe, for instance, the unmistakable and inescapable expressiveness of onomatopoeic, interjectional, monosyllabic utterances, especially when motivated under strenuous emotional circumstances. How much more appealing is their euphonic plasticity than the prosopopoeic and pretentious pomposity of elongated verbiage and rhetorical rhodomontade.

CLYDE BARROW and his cigar-puffing "moll", Bonnie Parker, are more than outlaws. They are symbols of the inefficiency of the law-enforcement machinery of this state. That they can continue to run about, buy gasoline and food, rob banks, slay peace officers, and embarrass the state is proof enough that the county unit basis of law enforcement is antiquated and all but impotent. Our bandit chasing is comparable to that of a bunch of farmers hunting coyotes. If every farmer remained on his own farm and stopped the chase at his property line, often not having quick communication with his neighbor, there would be no coyotes caught. But when farmers hunt coyotes, they "gang up" and range as far and wide as they like.

THERE is no "ret your man" tradition among Texas county officers. The law stands in their way. It provides no remuneration for relentlessly pursuing an offender. The Texas rangers are not organized for the new conditions under which they operate, and they are too localized in operations. Inter-county communications are inadequate. Few peace officers are properly armed. Bullet-proof vests would save many lives. One cannot be swift enough "on the draw" to answer bursts of gunfire from modern automatic pistols and machine guns from parked cars. The law must be made so effective that offenders will not dare try such offenses. Every resource of modern organized society must be used to punish with death the criminals who ruthlessly mow down arresting officers. Such a certainty would be more protection to officers than machine guns.

Joe Leeper of Grandview transacted business in Pampa this morning.

Markets

NEW YORK, April 4. (AP)—Specialties held the center of the stock market stage today as most of the old line leaders did little more than stand by and watch the performance. Gains of fractions to a point or more were held by the more active issues. The close was steady. Transfers approximated 1,450,000 shares.

fore he could get the others out, the house was swept downstream again.
Also west of Hammon, the home of Robert Seabey, an Indian, and the Seabey family of four could not be found. East of the town, the E. L. Seeger home was washed away and four more persons were missing.

An army of rescuers, several hundred strong, patrolled the river by boat, on horseback, and afoot, while two airplanes from here and Oklahoma City roared low over the stream. Because of the shortage of boats, the work was slow to start. Adj. Gen. Charles F. Barrett, of the national guard, was asked to send a company of militia to the scene. An emergency hospital, under the direction of Mayor Houston Turner and Billy Hibbler, a deputy sheriff, was set up in a Hammon garage to care for refugees.

Along a seven-mile front virtually every lowland home was reported washed away, frightened families perching on roofs and in tree-tops to escape the boiling flood. Others were marooned on small hillocks that became islands.

AMARILLO, April 4. (AP)—The rain storm which swept down through western Oklahoma last night extended into the eastern Panhandle in the vicinity of Shamrock and brought showers to the many points on the south plains.
Shamrock received an estimated 4 inches, according to the Rock Island railroad. The fall was heavy on west to Moscow, and the Rock Island trucks were covered with water for a time. Wheeler and Magic City also were in the path of the storm. The Santa Fe reported considerable damage to its tracks on the C. & O. east of Pampa toward Clinton, Okla., but all the washouts were beyond the Oklahoma line. Pampa had one-half inch, and the rain grew heavier toward the east, Cheyenne, Okla., reporting 10 inches. Showers fell at scattered points throughout the Panhandle. Amarillo

CHICAGO GRAIN

CHICAGO, April 4. (AP)—Sudden late upturns of wheat values today much more than offset early declines.
The rise of wheat, more than 2 cents from an early low point, was associated with the Thomas amendment to the Dies silver bill now before a senate committee at Washington. The amendment was regarded by grain traders as highly inflationary, as it would provide for government purchases of silver \$1.20 an ounce.

Wheat closed 1/4-1/2 above yesterday's finish. May 86 1/2, corn 1 1/2 up, oats 1/2 advanced, and provisions unchanged to 20 cents higher.

NEW ORLEANS COTTON

NEW ORLEANS, April 4. (AP)—Cotton was a little more active as the morning advanced owing to firmer stocks, a good advance in wheat, and more inflation talk. There was an improved trade demand and buying in the ring. After having eased to levels 2 to 4 points below yesterday's close in the second hour, prices moved up to 6 or 7 points to 12.01 for May, 12.11 for July, and 12.26 for October, or 2 to 4 points net higher.
Near noon the market was steady and at the highs.

Officers Arrest Seventy-Three In Last Month

Officers of the police department made 73 arrests in March.
Of these 17 were for vagrancy, 30 for intoxication, 2 for affray, 3 for speeding, 14 for other traffic violations, 3 for investigation, 1 for peddling illegally, 3 for gambling, 2 for the four for the county in felony complaints.
The city water department pumped 1,926,000 gallons in March, for a daily average of 62,193 gallons.

Rainfall Totals Half Inch Here

Slightly more than half an inch of rain fell in the Pampa area last night, accompanied by lightning. The precipitation was heavier north and northwest, south, and southeast. In a northeasterly direction, however, the fall was only about half an inch.

Remember this About a CHILD'S LAXATIVE

Above all, a child's laxative should be safe and the child should like to take it. That is why Feena-mint, the delicious tasting chewing gum laxative, widely prescribed by physicians, has universal approval by mothers. Delicious Feena-mint is safe for little digestive organs. It is prompt, thorough and complete-acting because, by chewing, this laxative is slowly and uniformly distributed throughout the intestines to give "full" but gentle and more natural action. Feena-mint contains no richness which might upset a delicate stomach, steal appetite or get stale. Children like Feena-mint. "Delay" is dangerous—give them Feena-mint for constipation. 15c and 25c at druggets.

SIX THREE-YEAR-OLDS RATED AS DARK HORSES FOR DERBY

Red Wagon, Hadagal, Sgt. Byrne, Bonanza, Bartle Have Splendid Records.

NEW YORK, April 4 (AP)—On the basis of news that has seeped out of winter quarters and on their two-year-old performances, at least six three-year-olds rate consideration as dark horses for the Kentucky Derby May 5.

As a two-year-old, the Chestnut Discovery ran some good races, finishing second to Mata Hari in the Kentucky Jockey club stakes and behind Chicawagon in the Walden handicap at Falmouth, but he went slightly amiss before the end of the season.

The weather man stepped in and caused a postponement of the track and field trials set for this afternoon at Harvester field. Coach Odus Mitchell announced this morning that the trials would be held at 3:30 o'clock tomorrow afternoon, weather permitting.

There were about 40 prospects out for practice yesterday afternoon, but at first glance the talent was disappointing. The boys appeared willing and many showed promise, but it would take a long time to develop a team that would be dangerous in competition.

Ryan has one of the most impressive records of any boxer that has been in these parts in some time. The New Mexico boxer has had 25 fights. His record shows 14 wins by knockouts, six by technical knockouts, and five losses.

Douglas Fairbanks, Sr., left for London today after two or three transatlantic telephone conversations with his wife, Mary Pickford, in Detroit.

SAND AND DUST

Why let them make your life miserable?

You can't stop dust storms and no matter how well your house is sealed, the sand seems to get in somehow. You can, however, provide yourself with means to remove the dirt blown in with a minimum of effort. Dusting the furniture with a dust cloth removes only the dirt which is easily seen. The electric cleaner with its attachments will remove every particle of dust from upholstery, curtains, drapes and rugs and put it in a bag which you can empty outside.

Your hardware, furniture and electrical dealers will be glad to demonstrate to you just how efficiently the new electric cleaners work. Buy one NOW when you need it most. Convenient terms are offered.

The SAFETY of Mobiloil is now protected by REFINERY SEALED CANS!

THERE is a good reason why Mobiloil has been the "World's Largest Selling Motor Oil" for years. Mobiloil is a tough, heat-resisting motor oil, made by the special Gargyle Process from the pick of all crudes. It lasts longer... lubricates better... preserves power and keeps motors purring smoothly under all conditions.

Station or Dealer, you may have your choice of Mobiloil in REFINERY SEALED CANS... or, in bulk from the familiar driveway dispensing unit. Either way, you can always be sure of receiving a full measure of genuine Mobiloil, as fresh, clean and reliable as the day it left the refinery.

Your car deserves the safety that Mobiloil provides. Remember to ask for world-famous Mobiloil by name.

STUDENTS DO ALL WHOOPING IN CAMPAIGN

RACE DID NOT PROVE HIS THEORY TO CLASSES

TULSA, Okla., April 4. (AP)—Professor O. W. Hoop won the post of police commissioner—hands down—but the victory shattered one of his political theories.

The professor, a retired army colonel, told his political economy classes at the University of Tulsa that "no one but a politician, with an organized machine, could expect to be elected to office." To prove his theory he entered the race for police commissioner against two veteran democratic politicians.

Without kissing a single baby or shaking a single hand, as he had promised, he won the primary election easily. Yesterday he won the run-off against his republican opponent with a 3 to 1 majority.

While the professor took little part in the campaign, his students "whooped it up for Hoop." They had taken his statement as a challenge.

And now that he has won, Professor Hoop plans to use a firm hand in dealings with criminals.

"Use less bed bug exterminator in the jail and keep bringing in the rogues and rascals," he advocated. "They'll go straight or leave town in a week."

Year of Prayer Decreed by Pope

ROME, April 4. (AP)—A year of world-wide prayer to bring all Christians into one faith and to atone for injuries done to God's majesty by militant atheistic associations was decreed by Pope Pius today in a papal bull extending the holy year to all the world.

The holy year, strictly speaking, closed yesterday, but the pontiff made it possible for persons in any nation up to the Sunday after Easter in 1935 to gain the jubilee indulgence by visiting four churches to be designated by the bishops.

The papal bull says the faithful making visits must pray "for the return of all dissidents to the unity of the fold of Christ and make solemn, pious and devout reparation for the injury done his divine majesty by associations with the militant atheists and the godless who seek to snatch from the hearts of men the supreme comforts of religion and deprive them of the benefits of the true civilization which in fact, the Christian civilization."

Pope Pius then announced he would celebrate a solemn expiatory function for visitants at St. Peter's at a date to be announced in the future.

Wickman Given Death Sentence

ALBUQUERQUE, N. M., April 4. (AP)—Carl Wickman, rotund Denver drugstore man, was sentenced today to death with a life term on the highway near here the night of November 25, 1933. His execution was set for June 8.

Wickman, who at first reported his wife's death as the result of a hit-and-run accident and later made a statement which officers called a confession, again denied his guilt after the verdict was read.

Would Bar Boys From Delivering Wire Messages

WASHINGTON, April 4. (AP)—A request that boys under 16 be barred from employment as telegraph messengers was made to NIRA today by Miss Grace Abbott, head of the children's bureau of the labor department.

Miss Abbott's testimony continued the public hearing on a proposed telegraph code, which yesterday developed a split between officials of the Western Union and Postal Telegraph companies. Western Union declined to propose a code while Postal pressed demands for stringent control of competitive practices in telegraph, cable and radio communication.

Miss Abbott said a survey by her bureau showed that of 11,000 Western Union messengers and 5,000 postal boys in the country one-fourth were under 16, one half between 16 and 18, and the remainder over 18. She said the depression had brought about a marked trend toward employment of older boys and she commended this, saying the need of the younger ones for earnings was seldom so great as that of boys above 16.

The hazards of the messenger trade, Miss Abbott added, were such that nine out of every hundred boys each year suffered injuries sufficiently severe to keep them from work, while a few were killed.

John Kaminski entered the United States from Poland during the Civil war, but just received citizenship papers at Houghton, Mich.

Insull Spends Time in Prison Eating Peanuts

ISTANBUL, April 4. (AP)—Reduced to munching peanuts in a Turkish house of detention—unable even to obtain his personal baggage from the vessel upon which he was seized—Samuel Insull awaited trial efforts by newly acquired British lawyers to delay his extradition to the United States.

The aged fugitive sent one of his warders out for a bag of peanuts. Then, while hundreds of curious pedestrians gazed up at his little room, he walked up and down before the window eating.

Insull was in good health and appeared less depressed after talking with the lawyers trying to find some loophole in the Turkish government's ruling that he must be handed over to the United States for trial on larceny and fraud charges.

His immediate interest was centered on obtaining a small valise from his chartered Greek freighter, the Malotis, lying in Istanbul harbor. The valise was reported to contain important documents.

NUDIST CAMPS ARE SITUATED IN 17 STATES

Adherents to Nudism Increase by 400 Per Cent

NEW YORK, April 4. (AP)—Within a month nudist camps will be flourishing in at least seventeen states.

Four of the states will be new to nudism—Massachusetts, Nebraska, Rhode Island and Colorado.

"We are definitely past the experimental stage," Dr. Halsey Boone, executive secretary of the international nudist conference, said today. Dr. Boone estimated the increase of adherents to nudism this year at 400 per cent. The states in which camps will be operated, in addition to the four already mentioned, are Virginia, New York, New Jersey, Connecticut, Pennsylvania, Ohio, Michigan, Indiana, Illinois, California, Maryland, South Carolina and Florida.

There also will be a camp near Louisville, Ky., Dr. Boone said, as soon as the recent act of the legislature has been legally interpreted. Reports from Kentucky were that a \$1,000 annual fee and a 20-foot wall of brick, stone or cement would be required for a nudist colony.

There are a dozen nudist groups in New York City and at least six of them will operate camps in New York and New Jersey. The largest will be again near Highland, N. Y. Several camps will operate in

Three Negroes Die In Electric Chair

NASHVILLE, Tenn., April 4. (AP)—Three Shelby county (Memphis) negroes died in the electric chair at the state penitentiary early today.

They were Percy Smith, 20, who last night signed a confession to attacking a white woman, and Jasper Graham, 29, and Frank Hays, 30, who were convicted of attacking a young woman in north Memphis in September, 1932, after robbing and shooting her escort.

Graham and Hays repeatedly insisted they were innocent as they awaited electrocution last night.

Hollis Archibald, whom the negroes allegedly wounded, and the young woman, whom they were convicted of attacking, confronted the two in their death cell a few minutes before their execution, but the negroes reiterated earlier denials of guilt.

Asked by a minister if he "confessed to his sin," Hays said "Yes," but did not specifically admit the crime of which he was convicted.

Buick Payrolls at 4-Year Average

FLINT, Mich., April 4.—The Buick Motor company enters April with employment and payrolls at the four-year peak maintained during the past two months, Harlow H. Curtice, president, announced today.

A total of 14,316 men are at work in the Buick factories, approximately the same number that were employed during February, while the payroll for March totaled approximately \$1,725,000, Mr. Curtice said.

The company ended March with a total production of 6,943 cars, with 8,746 scheduled for April, an increase of 26 per cent. Retail sales during March have approximately doubled those of the corresponding month of last year, Mr. Curtice said.

Mrs. Lee Atwood and daughter, Olive Louise of McLean, were guests of Mrs. J. G. Stroop over Easter.
